15 supplant existing staff or services. The department shall also
16 contract with community-based organizations for the provision of
17 services for WorkFirst clients who have been terminated after six
18 months of sanction. Contracts established pursuant to this subsection
19 shall have a performance-based component and shall include both
20 presanction termination and postsanction termination services. Clients
21 shall be able to choose whether or not to accept the services. The
22 department shall develop outcome measures for the program related to
23 outreach and reengagement, reduction of barriers to employment, and
24 client feedback and satisfaction. Nothing in this subsection is
25 intended to modify a collective bargaining agreement under chapter
26 41.80 RCW or to change the state's responsibility under chapter 41.80
27 RCW. The department shall report to the appropriate policy and fiscal
28 committees of the legislature by December 1, 2007, on program
29 implementation and outcomes. The department also shall report on
30 implementation of specialized caseloads for clients in sanction status,

28	Appropriation	\$646,000
29	TOTAL APPROPRIATION	\$8,305,031,000

30 The appropriations in this section are subject to the following
31 conditions and limitations:

32 (1) Based on quarterly expenditure reports and caseload forecasts,
33 if the department estimates that expenditures for the medical
34 assistance program will exceed the appropriations, the department shall
35 take steps including but not limited to reduction of rates or
36 elimination of optional services to reduce expenditures so that total
37 program costs do not exceed the annual appropriation authority.

1 (2) In determining financial eligibility for medicaid-funded
2 services, the department is authorized to disregard recoveries by
3 Holocaust survivors of insurance proceeds or other assets, as defined
4 in RCW 48.104.030.

5 (3) Sufficient amounts are appropriated in this section for the
6 department to continue podiatry services for medicaid-eligible adults.

7 (4) Sufficient amounts are appropriated in this section for the
8 department to provide an adult dental benefit that is equivalent to the
9 benefit provided in the 2003-05 biennium.

10 (5) In accordance with RCW 74.46.625, \$6,000,000 of the general
11 fund--federal appropriation is provided solely for supplemental
12 payments to nursing homes operated by public hospital districts. The
13 public hospital district shall be responsible for providing the
14 required nonfederal match for the supplemental payment, and the
15 payments shall not exceed the maximum allowable under federal rules.
16 It is the legislature's intent that the payments shall be supplemental
17 to and shall not in any way offset or reduce the payments calculated
18 and provided in accordance with part E of chapter 74.46 RCW. It is the
19 legislature's further intent that costs otherwise allowable for rate-
20 setting and settlement against payments under chapter 74.46 RCW shall
21 not be disallowed solely because such costs have been paid by revenues
22 retained by the nursing home from these supplemental payments.

23 (6) \$1,111,000 of the health services account appropriation for
24 fiscal year 2008, \$1,110,000 of the health services account
25 appropriation for fiscal year 2009, \$5,402,000 of the general fund--
26 federal appropriation, \$1,590,000 of the general fund--state
27 appropriation for fiscal year 2008, and \$1,591,000 of the general
28 fund--state appropriation for fiscal year 2009 are provided solely for
29 grants to rural hospitals. The department shall distribute the funds
30 under a formula that provides a relatively larger share of the
31 available funding to hospitals that (a) serve a disproportionate share
32 of low-income and medically indigent patients and (b) have relatively
33 smaller net financial margins, to the extent allowed by the federal
34 medicaid program.

35 (7) \$10,546,000 of the health services account appropriation for
36 fiscal year 2008, \$10,546,000 of the health services account--state
37 appropriation for fiscal year 2009, and \$19,725,000 of the general
38 fund--federal appropriation are provided solely for grants to nonrural

1 hospitals. The department shall distribute the funds under a formula
2 that provides a relatively larger share of the available funding to
3 hospitals that (a) serve a disproportionate share of low-income and
4 medically indigent patients and (b) have relatively smaller net
5 financial margins, to the extent allowed by the federal medicaid
6 program.

7 (8) The department shall continue the inpatient hospital certified
8 public expenditures program for the 2007-2009 biennium. The department
9 shall periodically evaluate the extent to which savings continue to
10 exceed costs for this program. The program shall apply to all public
11 hospitals, including those owned or operated by the state, except those
12 classified as critical access hospitals or state psychiatric
13 institutions. During fiscal year 2008 and fiscal year 2009, hospitals
14 in the program shall be paid and shall retain (a) one hundred percent
15 of the federal portion of the allowable hospital cost for each medicaid
16 inpatient fee-for-service claim payable by medical assistance; and (b)
17 one hundred percent of the federal portion of the maximum
18 disproportionate share hospital payment allowable under federal
19 regulations. Inpatient medicaid payments shall be established using an
20 allowable methodology that approximates the cost of claims submitted by
21 the hospitals. Payments made to each hospital in the program in each
22 fiscal year of the biennium shall be compared to a baseline amount that
23 is the total of (c) the total payment for claims for services rendered
24 during the fiscal year calculated according to the methodology employed
25 by the legislature in the omnibus appropriations act for implementation
26 in fiscal year 2008 and (d) disproportionate share hospital payment
27 amounts paid to and retained by each hospital during fiscal year 2005
28 that pertain to fiscal year 2005. If payments during the fiscal year
29 exceed the hospital's baseline amount, no additional payments will be
30 made to the hospital except the federal portion of allowable
31 disproportionate share hospital payments for which the hospital can
32 certify allowable match. If payments during the fiscal year are less
33 than the baseline amount, the hospital will be paid a state grant equal
34 to the difference between payments during the fiscal year and the
35 applicable baseline amount. Payment of the state grant shall be made
36 in the applicable fiscal year and is subject to an interim cost
37 settlement within eleven months after the end of the fiscal year. A
38 final cost settlement shall be performed within two years after the end

1 of the related fiscal year. To the extent that a final cost settlement
2 determines that a hospital has received funds in excess of what it
3 would have received under the methodology in place in fiscal year 2008
4 as described in this subsection, the hospital must repay these amounts
5 to the state when requested. \$67,998,000 of the general fund--state
6 appropriation for fiscal year 2008, of which \$6,570,000 is appropriated
7 in section 204(1) of this act and the balance in this section, and
8 \$63,949,000 of the general fund--state appropriation for fiscal year
9 2009, of which \$6,570,000 is appropriated in section 204(1) of this act
10 and the balance in this section, are provided solely for state grants
11 for the participating hospitals.

12 (9) \$7,314,000 of the general fund--state appropriation for fiscal
13 year 2008, \$7,800,000 of the general fund--state appropriation for
14 fiscal year 2009, and \$48,995,000 of the general fund--federal
15 appropriation are provided solely for development and implementation of
16 a replacement system for the existing medicaid management information
17 system. The amounts are conditioned on the department satisfying the
18 requirements of section 902 of this act.

19 (10) When a person is ineligible for medicaid solely by reason of
20 residence in an institution for mental diseases, the department shall
21 provide the person with the same benefits as he or she would receive if
22 eligible for medicaid, using state-only funds to the extent necessary.

23 (11) The medical assistance administration is authorized to use
24 funds appropriated in this section to purchase goods and supplies
25 through direct contracting with vendors when the administration
26 determines it is cost-effective to do so.

27 (12) The legislature affirms that it is in the state's interest for
28 Harborview medical center to remain an economically viable component of
29 the state's health care system.

30 (13) The department shall, within available resources, continue
31 operation of the medical care services care management pilot project
32 for clients receiving general assistance benefits in King and Pierce
33 counties. The project may use a full or partial capitation model that
34 includes a mechanism for shared savings.

35 (14) \$1,688,000 of the general fund--state appropriation for fiscal
36 year 2008, \$1,689,000 of the general fund--state appropriation for
37 fiscal year 2009, and \$3,377,000 of the general fund--federal
38 appropriation are provided solely to incorporate a mental health

1 service component to the pilot project established pursuant to
2 subsection (13) of this section. Addition of the mental health service
3 component authorized in this subsection is contingent upon the managed
4 care contractor or the participating counties providing, alone or in
5 combination, matching funds in cash or in kind, in an amount equal to
6 one-ninth of the amounts appropriated in this subsection. The mental
7 health service component may include care coordination, mental health
8 services, and integrated medical and mental health service delivery for
9 general assistance clients with mental health disorders, as well as
10 primary care provider training and education. The department shall
11 provide a report to the appropriate committees of the legislature by
12 January 1, 2009, on costs, savings, and any outcomes or quality
13 measures associated with the pilot projects during calendar year 2007
14 and 2008. To the extent possible, the report shall address any impact
15 that the mental health services component has had upon clients' use of
16 medical services, including but not limited to primary care physician's
17 visits, emergency room utilization, and prescription drug utilization.

18 (15) \$424,000 of the general fund--state appropriation for fiscal
19 year 2008, \$1,152,000 of the general fund--state appropriation for
20 fiscal year 2009, and \$1,649,000 of the general fund--federal
21 appropriation are provided solely to implement Second Substitute House
22 Bill No. 1201 (foster care youth medical). If the bill is not enacted
23 by June 30, 2007, the amounts provided in this subsection shall lapse.

24 (16) \$288,000 of the general fund--state appropriation for fiscal
25 year 2008, \$277,000 of the general fund--state appropriation for fiscal
26 year 2009, and \$566,000 of the general fund--federal appropriation are
27 provided solely for the implementation of Second Substitute House Bill
28 No. 2098 (blue ribbon comm/health care). If the bill is not enacted by
29 June 30, 2007, the amounts provided in this subsection shall lapse.

30 (17) \$22,000 of the general fund--state appropriation for fiscal
31 year 2008, \$19,000 of the general fund--state appropriation for fiscal
32 year 2009, \$260,000 of the health services account--state appropriation
33 for fiscal year 2008, \$1,570,000 of the health services account--state
34 appropriation for fiscal year 2009, and \$1,916,000 of the general
35 fund--federal appropriation are provided solely to implement sections
36 5 and 8 of Second Substitute House Bill No. 1088 (children's mental
37 health). If the bill is not enacted by June 30, 2007, the amounts

4	Pension Funding Stabilization Account Appropriation . . .	\$226,624,000
5	TOTAL APPROPRIATION	\$9,316,578,000

6 The appropriations in this section are subject to the following
7 conditions and limitations:

8 (1) Each general fund fiscal year appropriation includes such funds
9 as are necessary to complete the school year ending in the fiscal year
10 and for prior fiscal year adjustments.

11 (2) Allocations for certificated staff salaries for the 2007-08 and
12 2008-09 school years shall be determined using formula-generated staff
13 units calculated pursuant to this subsection. Staff allocations for

15 reduced for vocational full-time equivalent enrollments. Staff
16 allocations for small school enrollments in grades K-6 shall be the
17 greater of that generated under (a) of this subsection, or under (c)
18 and (d) of this subsection. Certificated staffing allocations shall be
19 as follows:

20 (a) On the basis of each 1,000 average annual full-time equivalent
21 enrollments, excluding full-time equivalent enrollment otherwise
22 recognized for certificated staff unit allocations under (c) through

24 (i) Four certificated administrative staff units per thousand full-
25 time equivalent students in grades K-12;

26 (ii) Forty-nine certificated instructional staff units per thousand

38 documents an actual ratio in grades K-4 equal to or greater than 53.2

1 certificated instructional staff per thousand full-time equivalent
2 students. For any school district documenting a lower certificated
3 instructional staff ratio, the allocation shall be based on the
4 district's actual grades K-4 certificated instructional staff ratio
5 achieved in that school year, or the statutory minimum ratio
6 established under RCW 28A.150.260(2)(b), if greater;

7 (B) Districts at or above 51.0 certificated instructional staff per
8 one thousand full-time equivalent students in grades K-4 may dedicate
9 up to 1.3 of the 53.2 funding ratio to employ additional classified
10 instructional assistants assigned to basic education classrooms in
11 grades K-4. For purposes of documenting a district's staff ratio under
12 this section, funds used by the district to employ additional
13 classified instructional assistants shall be converted to a
14 certificated staff equivalent and added to the district's actual

22 minimum ratio established under RCW 28A.150.260(2)(b) to employ
23 additional basic education certificated instructional staff or
24 classified instructional assistants in grades 5-6. Funds allocated
25 under this subsection (2)(a)(iv) shall only be expended to reduce class
26 size in grades K-6. No more than 1.3 of the certificated instructional
27 funding ratio amount may be expended for provision of classified
28 instructional assistants;

29 (b) For school districts with a minimum enrollment of 250 full-time
30 equivalent students whose full-time equivalent student enrollment count
31 in a given month exceeds the first of the month full-time equivalent
32 enrollment count by 5 percent, an additional state allocation of 110
33 percent of the share that such increased enrollment would have
34 generated had such additional full-time equivalent students been
35 included in the normal enrollment count for that particular month;

36 (c)(i) On the basis of full-time equivalent enrollment in:

37 (A) Vocational education programs approved by the superintendent of

12 on the same monthly basis as the enrollment for students eligible for
13 basic support, and payments shall be adjusted for reported vocational
14 enrollments on the same monthly basis as those adjustments for
15 enrollment for students eligible for basic support; and

16 (iii) Indirect cost charges by a school district to vocational-
17 secondary programs shall not exceed 15 percent of the combined basic
18 education and vocational enhancement allocations of state funds;

19 (d) For districts enrolling not more than twenty-five average
20 annual full-time equivalent students in grades K-8, and for small
21 school plants within any school district which have been judged to be
22 remote and necessary by the state board of education and enroll not
23 more than twenty-five average annual full-time equivalent students in
24 grades K-8:

25 (i) For those enrolling no students in grades 7 and 8, 1.76
26 certificated instructional staff units and 0.24 certificated
27 administrative staff units for enrollment of not more than five
28 students, plus one-twentieth of a certificated instructional staff unit
29 for each additional student enrolled; and

37 equivalent students in grades K-8, and for small school plants within

1 any school district which enroll more than twenty-five average annual
2 full-time equivalent students in grades K-8 and have been judged to be

6 staff units and 0.24 certificated administrative staff units; and

7 (ii) For enrollment of up to twenty annual average full-time
8 equivalent students in grades 7 and 8, 0.92 certificated instructional
9 staff units and 0.08 certificated administrative staff units;

10 (f) For districts operating no more than two high schools with
11 enrollments of less than three hundred average annual full-time
12 equivalent students, for enrollment in grades 9-12 in each such school,
13 other than alternative schools:

14 (i) For remote and necessary schools enrolling students in any
15 grades 9-12 but no more than twenty-five average annual full-time
16 equivalent students in grades K-12, four and one-half certificated
17 instructional staff units and one-quarter of a certificated
18 administrative staff unit;

19 (ii) For all other small high schools under this subsection, nine
20 certificated instructional staff units and one-half of a certificated
21 administrative staff unit for the first sixty average annual full time
22 equivalent students, and additional staff units based on a ratio of
23 0.8732 certificated instructional staff units and 0.1268 certificated
24 administrative staff units per each additional forty-three and one-half
25 average annual full time equivalent students.

26 Units calculated under (f)(ii) of this subsection shall be reduced
27 by certificated staff units at the rate of forty-six certificated
28 instructional staff units and four certificated administrative staff
29 units per thousand vocational full-time equivalent students;

30 (g) For each nonhigh school district having an enrollment of more
31 than seventy annual average full-time equivalent students and less than
32 one hundred eighty students, operating a grades K-8 program or a grades
33 1-8 program, an additional one-half of a certificated instructional
34 staff unit; and

35 (h) For each nonhigh school district having an enrollment of more
36 than fifty annual average full-time equivalent students and less than
37 one hundred eighty students, operating a grades K-6 program or a grades

2 staff unit.

3 (3) Allocations for classified salaries for the 2007-08 and 2008-09
4 school years shall be calculated using formula-generated classified
5 staff units determined as follows:

6 (a) For enrollments generating certificated staff unit allocations
7 under subsection (2)(d) through (h) of this section, one classified
8 staff unit for each three certificated staff units allocated under such
9 subsections;

10 (b) For all other enrollment in grades K-12, including vocational
11 full-time equivalent enrollments, one classified staff unit for each
12 fifty-nine average annual full-time equivalent students; and

13 (c) For each nonhigh school district with an enrollment of more
14 than fifty annual average full-time equivalent students and less than
15 one hundred eighty students, an additional one-half of a classified
16 staff unit.

17 (4) Fringe benefit allocations shall be calculated at a rate of
18 14.63 percent in the 2007-08 school year and 16.40 percent in the 2008-
19 09 school year for certificated salary allocations provided under
20 subsection (2) of this section, and a rate of 19.04 percent in the
21 2007-08 school year and 20.35 percent in the 2008-09 school year for
22 classified salary allocations provided under subsection (3) of this
23 section.

24 (5) Insurance benefit allocations shall be calculated at the
25 maintenance rate specified in section 504(2) of this act, based on the
26 number of benefit units determined as follows:

27 (a) The number of certificated staff units determined in subsection
28 (2) of this section; and

29 (b) The number of classified staff units determined in subsection
30 (3) of this section multiplied by 1.152. This factor is intended to
31 adjust allocations so that, for the purposes of distributing insurance
32 benefits, full-time equivalent classified employees may be calculated
33 on the basis of 1440 hours of work per year, with no individual
34 employee counted as more than one full-time equivalent.

35 (6)(a) For nonemployee-related costs associated with each
36 certificated staff unit allocated under subsection (2)(a) and (c)

14 (7) Allocations for substitute costs for classroom teachers shall

16 2008-09 school years per allocated classroom teachers exclusive of
17 salary increase amounts provided in section 504 of this act. Solely
18 for the purposes of this subsection, allocated classroom teachers shall
19 be equal to the number of certificated instructional staff units
20 allocated under subsection (2) of this section, multiplied by the ratio
21 between the number of actual basic education certificated teachers and
22 the number of actual basic education certificated instructional staff
23 reported statewide for the prior school year.

24 (8) Any school district board of directors may petition the
25 superintendent of public instruction by submission of a resolution
26 adopted in a public meeting to reduce or delay any portion of its basic
27 education allocation for any school year. The superintendent of public
28 instruction shall approve such reduction or delay if it does not impair

30 than two school years. Any reduction or delay shall have no impact on
31 levy authority pursuant to RCW 84.52.0531 and local effort assistance
32 pursuant to chapter 28A.500 RCW.

33 (9) \$5,744,000 of the general fund--state appropriation for fiscal

36 (granting service credit to educational staff associates for nonschool
37 employment). If the bill is not enacted by June 30, 2007, the amount
38 provided in this subsection shall lapse.

1 (10) The superintendent may distribute a maximum of \$7,235,000
2 outside the basic education formula during fiscal years 2008 and 2009
3 as follows:

17 superintendent of public instruction. The funds shall be allocated at
18 a rate not to exceed \$500 per full-time equivalent student enrolled in
19 those programs.

20 (11) For purposes of RCW 84.52.0531, the increase per full-time
21 equivalent student is 5.7 percent from the 2006-07 school year to the
22 2007-08 school year and 5.1 percent from the 2007-08 school year to the
23 2008-09 school year.

24 (12) If two or more school districts consolidate and each district
25 was receiving additional basic education formula staff units pursuant
26 to subsection (2)(b) through (g) of this section, the following shall
27 apply:

28 (a) For three school years following consolidation, the number of
29 basic education formula staff units shall not be less than the number
30 of basic education formula staff units received by the districts in the

37 shall be reduced in increments of twenty percent per year.

21 district's certificated administrative and classified salary allocation
22 amounts shown on LEAP Document 2.

13 (b) As used in this subsection, the column headings "BA+(N)" refer
14 to the number of credits earned since receiving the baccalaureate
15 degree.

16 (c) For credits earned after the baccalaureate degree but before
17 the masters degree, any credits in excess of forty-five credits may be
18 counted after the masters degree. Thus, as used in this subsection,
19 the column headings "MA+(N)" refer to the total of:

- 20 (i) Credits earned since receiving the masters degree; and
- 21 (ii) Any credits in excess of forty-five credits that were earned
22 after the baccalaureate degree but before the masters degree.

23 (5) For the purposes of this section:

24 (a) "BA" means a baccalaureate degree.

25 (b) "MA" means a masters degree.

26 (c) "PHD" means a doctorate degree.

27 (d) "Years of service" shall be calculated under the same rules
28 adopted by the superintendent of public instruction.

29 (e) "Credits" means college quarter hour credits and equivalent in-
30 service credits computed in accordance with RCW 28A.415.020 and
31 28A.415.023.

32 (6) No more than ninety college quarter-hour credits received by
33 any employee after the baccalaureate degree may be used to determine
34 compensation allocations under the state salary allocation schedule and
35 LEAP documents referenced in this act, or any replacement schedules and
36 documents, unless:

- 37 (a) The employee has a masters degree; or

1 (b) The credits were used in generating state salary allocations
2 before January 1, 1992.

3 (7) The certificated instructional staff base salary specified for
4 each district in LEAP Document 2 and the salary schedules in subsection
5 (4)(a) of this section include two learning improvement days. A school
6 district is eligible for the learning improvement day funds only if the
7 learning improvement days have been added to the 180- day contract
8 year. If fewer days are added, the additional learning improvement
9 allocation shall be adjusted accordingly. The additional days shall be
10 limited to specific activities identified in the state required school
11 improvement plan related to improving student learning that are
12 consistent with education reform implementation, and shall not be
13 considered part of basic education. The principal in each school shall
14 assure that the days are used to provide the necessary school- wide,
15 all staff professional development that is tied directly to the school
16 improvement plan. The school principal and the district superintendent
17 shall maintain documentation as to their approval of these activities.
18 The length of a learning improvement day shall not be less than the
19 length of a full day under the base contract. The superintendent of
20 public instruction shall ensure that school districts adhere to the
21 intent and purposes of this subsection.

22 (8) The salary allocation schedules established in this section are
23 for allocation purposes only except as provided in RCW 28A.400.200(2)
24 and subsection (7) of this section.

25 NEW SECTION. **Sec. 504. FOR THE SUPERINTENDENT OF PUBLIC**
26 **INSTRUCTION--FOR SCHOOL EMPLOYEE COMPENSATION ADJUSTMENTS**

27	General Fund--State Appropriation (FY 2008)	\$161,031,000
28	General Fund--State Appropriation (FY 2009)	\$345,307,000
29	General Fund--Federal Appropriation	\$965,000
30	TOTAL APPROPRIATION	\$507,303,000

31 The appropriations in this section are subject to the following
32 conditions and limitations:

33 (1) \$401,047,000 is provided solely for the following:

34 (a) A cost of living adjustment of 3.7 percent effective September
35 1, 2007, and another 2.8 percent effective September 1, 2008, pursuant
36 to Initiative Measure No. 732.

1 (b) Additional salary increases as necessary to fund the base
2 salaries for certificated instructional staff as listed for each
3 district in LEAP Document 2. Allocations for these salary increases
4 shall be provided to all 262 districts that are not grandfathered to
5 receive salary allocations above the statewide salary allocation
6 schedule, and to certain grandfathered districts to the extent
7 necessary to ensure that salary allocations for districts that are
8 currently grandfathered do not fall below the statewide salary
9 allocation schedule. These additional salary increases will result in
10 a decrease in the number of grandfathered districts from the current 34
11 to 27 in the 2007-08 school year and to 29 in the 2008-09 school year.

12 (c) Additional salary increases to certain districts as necessary
13 to fund the per full-time-equivalent salary allocations for
14 certificated administrative staff as listed for each district in LEAP
15 Document 2. These additional salary increases shall ensure a minimum
16 salary allocation for certificated administrative staff of \$54,405.00
17 in the 2007-08 school year and \$57,097.00 in the 2008-09 school year.

18 (d) Additional salary increases to certain districts as necessary
19 to fund the per full-time-equivalent salary allocations for classified
20 staff as listed for each district in LEAP Document 2. These additional
21 salary increases ensure a minimum salary allocation for classified
22 staff of \$29,993.00 in the 2007-08 school year and \$31,218.00 in the
23 2008-09 school year.

24 (e) The appropriations in this subsection (1) include associated
25 incremental fringe benefit allocations at rates of 13.99 percent for
26 the 2007-08 school year and 15.76 percent for the 2008-09 school year
27 for certificated staff and 13.74 percent for the 2007-08 school year
28 and 15.04 percent for the 2008-09 school year for classified staff.

29 (f) The appropriations in this section include the increased
30 portion of salaries and incremental fringe benefits for all relevant
31 state-funded school programs in part V of this act. Increases for
32 general apportionment (basic education) are based on the salary
33 allocation schedules and methodology in sections 502 and 503 of this
34 act. Increases for special education result from increases in each
35 district's basic education allocation per student. Increases for
36 educational service districts and institutional education programs are
37 determined by the superintendent of public instruction using the

1 methodology for general apportionment salaries and benefits in sections
2 502 and 503 of this act.

3 (g) The appropriations in this section provide cost of living and
4 incremental fringe benefit allocations based on formula adjustments as
5 follows:

	School Year	
	2007-08	2008-09
8 Pupil Transportation (per weighted pupil mile)	\$1.04	\$1.95
9 Highly Capable (per formula student)	\$11.18	\$20.93
10 Transitional Bilingual Education (per eligible bilingual student)	\$29.94	\$56.05
11 Learning Assistance (per formula student)	\$6.38	\$11.94

12 (h) The appropriations in this section include \$927,000 for fiscal
13 year 2008 and \$1,944,000 for fiscal year 2009 for salary increase
14 adjustments for substitute teachers.

15 (2) \$66,380,000 is provided for adjustments to insurance benefit
16 allocations. The maintenance rate for insurance benefit allocations is
17 \$682.54 per month for the 2007-08 and 2008-09 school years. The
18 appropriations in this section provide for a rate increase to \$707.00
19 per month for the 2007-08 school year and \$732.00 per month for the
20 2008-09 school year. The adjustments to health insurance benefit
21 allocations are at the following rates:

	School Year	
	2007-08	2008-09
24 Pupil Transportation (per weighted pupil mile)	\$0.22	\$0.45
25 Highly Capable (per formula student)	\$1.49	\$3.05
26 Transitional Bilingual Education (per eligible bilingual student)	\$3.97	\$8.01

30 NEW SECTION. **Sec. 505. FOR THE SUPERINTENDENT OF PUBLIC**
31 **INSTRUCTION--FOR PUPIL TRANSPORTATION**

32 General Fund--State Appropriation (FY 2008)	\$275,382,000
33 General Fund--State Appropriation (FY 2009)	\$277,073,000

1 TOTAL APPROPRIATION \$552,455,000

2 The appropriations in this section are subject to the following
3 conditions and limitations:

4 (1) Each general fund fiscal year appropriation includes such
5 amounts as are necessary to complete the school year ending in the
6 fiscal year and for prior fiscal year adjustments.

7 (2) A maximum of \$848,000 of this fiscal year 2008 appropriation
8 and a maximum of \$866,000 of the fiscal year 2009 appropriation may be
9 expended for regional transportation coordinators and related
10 activities. The transportation coordinators shall ensure that data
11 submitted by school districts for state transportation funding shall,
12 to the greatest extent practical, reflect the actual transportation
13 activity of each district.

14 (3) \$5,000 of the fiscal year 2008 appropriation and \$5,000 of the
15 fiscal year 2009 appropriation are provided solely for the
16 transportation of students enrolled in "choice" programs.
17 Transportation shall be limited to low-income students who are
18 transferring to "choice" programs solely for educational reasons.

19 (4) Allocations for transportation of students shall be based on
20 reimbursement rates of \$44.88 per weighted mile in the 2007-08 school
21 year and \$45.44 per weighted mile in the 2008-09 school year exclusive
22 of salary and benefit adjustments provided in section 504 of this act.
23 Allocations for transportation of students transported more than one
24 radius mile shall be based on weighted miles as determined by
25 superintendent of public instruction multiplied by the per mile
26 reimbursement rates for the school year pursuant to the formulas
27 adopted by the superintendent of public instruction. Allocations for
28 transportation of students living within one radius mile shall be based
29 on the number of enrolled students in grades kindergarten through five
30 living within one radius mile of their assigned school multiplied by
31 the per mile reimbursement rate for the school year multiplied by 1.29.

32 (5) The office of the superintendent of public instruction shall
33 provide reimbursement funding to a school district only after the
34 superintendent of public instruction determines that the school bus was
35 purchased from the list established pursuant to RCW 28A.160.195(2) or
36 a comparable competitive bid process based on the lowest price quote
37 based on similar bus categories to those used to establish the list
38 pursuant to RCW 28A.160.195.

1 (6) The superintendent of public instruction shall base
2 depreciation payments for school district buses on the five-year
3 average of lowest bids in the appropriate category of bus. In the
4 final year on the depreciation schedule, the depreciation payment shall
5 be based on the lowest bid in the appropriate bus category for that
6 school year.

7 (7) \$12,500,000 of the general fund--state appropriation for fiscal
8 year 2008 and \$12,500,000 of the general fund--state appropriation for
9 fiscal year 2009 is provided to support the implementation of House
10 Bill No. 1165 (student transportation funding). If the bill is not
11 enacted by June 30, 2007, the amounts provided in this subsection shall
12 lapse.

13 NEW SECTION. **Sec. 506. FOR THE SUPERINTENDENT OF PUBLIC**
14 **INSTRUCTION--FOR SCHOOL FOOD SERVICE PROGRAMS**

15	General Fund--State Appropriation (FY 2008)	\$3,159,000
16	General Fund--State Appropriation (FY 2009)	\$3,159,000
17	General Fund--Federal Appropriation	\$280,398,000
18	TOTAL APPROPRIATION	\$286,716,000

19 The appropriations in this section are subject to the following
20 conditions and limitations:

21 (1) \$3,000,000 of the general fund--state appropriation for fiscal
22 year 2008 and \$3,000,000 of the general fund--state appropriation for
23 fiscal year 2009 are provided for state matching money for federal
24 child nutrition programs.

25 (2) \$100,000 of the general fund--state appropriation for fiscal
26 year 2008 and \$100,000 of the 2009 fiscal year appropriation are
27 provided for summer food programs for children in low-income areas.

28 (3) \$59,000 of the general fund--state appropriation for fiscal
29 year 2008 and \$59,000 of the general fund--state appropriation for
30 fiscal year 2009 are provided solely to reimburse school districts for
31 school breakfasts served to students enrolled in the free or reduced
32 price meal program pursuant to chapter 287, Laws of 2005 (requiring
33 school breakfast programs in certain schools).

34 NEW SECTION. **Sec. 507. FOR THE SUPERINTENDENT OF PUBLIC**
35 **INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS**

36	General Fund--State Appropriation (FY 2008)	\$541,813,000
----	---	---------------

1	General Fund--State Appropriation (FY 2009)	\$558,483,000
2	General Fund--Federal Appropriation	\$434,528,000
3	TOTAL APPROPRIATION	\$1,534,824,000

4 The appropriations in this section are subject to the following
5 conditions and limitations:

6 (1) Funding for special education programs is provided on an excess
7 cost basis, pursuant to RCW 28A.150.390. School districts shall ensure
8 that special education students as a class receive their full share of
9 the general apportionment allocation accruing through sections 502 and
10 504 of this act. To the extent a school district cannot provide an
11 appropriate education for special education students under chapter
12 28A.155 RCW through the general apportionment allocation, it shall
13 provide services through the special education excess cost allocation
14 funded in this section.

15 (2)(a) The superintendent of public instruction shall ensure that:

16 (i) Special education students are basic education students first;

17 (ii) As a class, special education students are entitled to the
18 full basic education allocation; and

19 (iii) Special education students are basic education students for
20 the entire school day.

21 (b) The superintendent of public instruction shall adopt the full
22 cost method of excess cost accounting, as designed by the committee and
23 recommended by the superintendent, pursuant to section 501(1)(k),
24 chapter 372, Laws of 2006, and ensure that all school districts adopt
25 the method beginning in the 2007-08 school year.

26 (3) Each fiscal year appropriation includes such funds as are
27 necessary to complete the school year ending in the fiscal year and for
28 prior fiscal year adjustments.

29 (4) The superintendent of public instruction shall distribute state
30 funds to school districts based on two categories: (a) The first
31 category includes (i) children birth through age two who are eligible
32 for the optional program for special education eligible developmentally
33 delayed infants and toddlers, and (ii) students eligible for the
34 mandatory special education program and who are age three or four, or
35 five and not yet enrolled in kindergarten; and (b) the second category
36 includes students who are eligible for the mandatory special education
37 program and who are age five and enrolled in kindergarten and students
38 age six through 21.

1 (5)(a) For the 2007-08 and 2008-09 school years, the superintendent
2 shall make allocations to each district based on the sum of:

3 (i) A district's annual average headcount enrollment of students
4 ages birth through four and those five year olds not yet enrolled in
5 kindergarten, as defined in subsection (4) of this section, multiplied
6 by the district's average basic education allocation per full-time
7 equivalent student, multiplied by 1.15; and

8 (ii) A district's annual average full-time equivalent basic
9 education enrollment multiplied by the funded enrollment percent
10 determined pursuant to subsection (6)(b) of this section, multiplied by
11 the district's average basic education allocation per full-time
12 equivalent student multiplied by 0.9309.

13 (b) For purposes of this subsection, "average basic education
14 allocation per full-time equivalent student" for a district shall be
15 based on the staffing ratios required by RCW 28A.150.260 and shall not
16 include enhancements, secondary vocational education, or small schools.

17 (6) The definitions in this subsection apply throughout this
18 section.

19 (a) "Annual average full-time equivalent basic education
20 enrollment" means the resident enrollment including students enrolled
21 through choice (RCW 28A.225.225) and students from nonhigh districts
22 (RCW 28A.225.210) and excluding students residing in another district
23 enrolled as part of an interdistrict cooperative program (RCW
24 28A.225.250).

25 (b) "Enrollment percent" means the district's resident special
26 education annual average enrollment, excluding the birth through age
27 four enrollment and those five year olds not yet enrolled in
28 kindergarten, as a percent of the district's annual average full-time
29 equivalent basic education enrollment.

30 Each district's general fund--state funded special education
31 enrollment shall be the lesser of the district's actual enrollment
32 percent or 12.7 percent.

33 (7) At the request of any interdistrict cooperative of at least 15
34 districts in which all excess cost services for special education
35 students of the districts are provided by the cooperative, the maximum
36 enrollment percent shall be calculated in accordance with subsection
37 (6)(b) of this section, and shall be calculated in the aggregate rather
38 than individual district units. For purposes of this subsection, the

1 average basic education allocation per full-time equivalent student
2 shall be calculated in the aggregate rather than individual district
3 units.

4 (8) To the extent necessary, \$30,690,000 of the general fund--state
5 appropriation and \$29,574,000 of the general fund--federal
6 appropriation are provided for safety net awards for districts with
7 demonstrated needs for special education funding beyond the amounts
8 provided in subsection (5) of this section. If safety net awards
9 exceed the amount appropriated in this subsection (8), the
10 superintendent shall expend all available federal discretionary funds
11 necessary to meet this need. Safety net funds shall be awarded by the
12 state safety net oversight committee subject to the following
13 conditions and limitations:

14 (a) The committee shall consider unmet needs for districts that can
15 convincingly demonstrate that all legitimate expenditures for special
16 education exceed all available revenues from state funding formulas.
17 In the determination of need, the committee shall also consider
18 additional available revenues from federal sources. Differences in
19 program costs attributable to district philosophy, service delivery
20 choice, or accounting practices are not a legitimate basis for safety
21 net awards.

22 (b) The committee shall then consider the extraordinary high cost
23 needs of one or more individual special education students.
24 Differences in costs attributable to district philosophy, service
25 delivery choice, or accounting practices are not a legitimate basis for
26 safety net awards.

27 (c) The committee shall then consider extraordinary costs
28 associated with communities that draw a larger number of families with
29 children in need of special education services. The committee shall
30 first distribute funds where state-placed students cause the district
31 to exceed the 12.7 percent index, and then prioritize funding for other
32 factors, such as community services, program quality, and/or employment
33 patterns, that drive higher concentrations of children in need of
34 special education services.

35 (d) The maximum allowable indirect cost for calculating safety net
36 eligibility may not exceed the federal restricted indirect cost rate
37 for the district plus one percent.

1 (e) Safety net awards must be adjusted for any audit findings or
2 exceptions related to special education funding.

3 (9) The superintendent of public instruction may adopt such rules
4 and procedures as are necessary to administer the special education
5 funding and safety net award process. Prior to revising any standards,
6 procedures, or rules, the superintendent shall consult with the office
7 of financial management and the fiscal committees of the legislature.

8 (10) The safety net oversight committee appointed by the
9 superintendent of public instruction shall consist of:

10 (a) One staff from the office of superintendent of public
11 instruction;

12 (b) Staff of the office of the state auditor who shall be nonvoting
13 members of the committee; and

14 (c) One or more representatives from school districts or
15 educational service districts knowledgeable of special education
16 programs and funding.

17 (11) A maximum of \$678,000 may be expended from the general fund--
18 state appropriations to fund 5.43 full-time equivalent teachers and 2.1
19 full-time equivalent aides at children's orthopedic hospital and
20 medical center. This amount is in lieu of money provided through the
21 home and hospital allocation and the special education program.

22 (12) A maximum of \$1,000,000 of the general fund--federal
23 appropriation is provided for projects to provide special education
24 students with appropriate job and independent living skills, including
25 work experience where possible, to facilitate their successful
26 transition out of the public school system. The funds provided by this
27 subsection shall be from federal discretionary grants.

28 (13) A maximum of \$100,000 of the general fund--federal
29 appropriation shall be expended to support a special education
30 ombudsman program within the office of superintendent of public
31 instruction. The purpose of the program is to provide support to
32 parents, guardians, educators, and students with disabilities. The
33 program will provide information to help families and educators
34 understand state laws, rules, and regulations, and access training and
35 support, technical information services, and mediation services. The
36 ombudsman program will provide data, information, and appropriate
37 recommendations to the office of superintendent of public instruction,

1 school districts, educational service districts, state need projects,
2 and the parent and teacher information center.

3 (14) The superintendent shall maintain the percentage of federal
4 flow-through to school districts at 85 percent. In addition to other
5 purposes, school districts may use increased federal funds for high-
6 cost students, for purchasing regional special education services from
7 educational service districts, and for staff development activities
8 particularly relating to inclusion issues.

9 (15) A maximum of \$1,200,000 of the general fund--federal
10 appropriation may be expended by the superintendent for projects
11 related to use of inclusion strategies by school districts for
12 provision of special education services.

13 (16) The superintendent, consistent with the new federal IDEA
14 reauthorization, shall continue to educate school districts on how to
15 implement a birth-to-three program and review the cost effectiveness
16 and learning benefits of early intervention.

17 (17) A school district may carry over from one year to the next
18 year up to 10 percent of the general fund--state funds allocated under
19 this program; however, carryover funds shall be expended in the special
20 education program.

21 (18) \$262,000 of the general fund--state appropriation for fiscal
22 year 2008 and \$251,000 of the general fund--state appropriation for
23 fiscal year 2009 are provided solely for two additional full-time
24 equivalent staff to support the work of the safety net committee and to
25 provide training and support to districts applying for safety net
26 awards.

27 **NEW SECTION. Sec. 508. FOR THE SUPERINTENDENT OF PUBLIC**
28 **INSTRUCTION--FOR EDUCATIONAL SERVICE DISTRICTS**

29	General Fund--State Appropriation (FY 2008)	\$7,538,000
30	General Fund--State Appropriation (FY 2009)	\$8,515,000
31	TOTAL APPROPRIATION	\$16,053,000

32 The appropriations in this section are subject to the following
33 conditions and limitations:

34 (1) The educational service districts shall continue to furnish
35 financial services required by the superintendent of public instruction
36 and RCW 28A.310.190 (3) and (4).

1 (2) \$1,872,000 of the general fund--state appropriation in fiscal
 2 year 2008 and \$3,618,000 of the general fund--state appropriation in
 3 fiscal year 2009 are provided solely for regional professional
 4 development related to mathematics and science curriculum and
 5 instructional strategies. For each educational service district,
 6 \$183,892 is provided in fiscal year 2008 for professional development
 7 activities related to mathematics curriculum and instruction and
 8 \$372,156 is provided in fiscal year 2009 for professional development
 9 activities related to mathematics and science curriculum and
 10 instruction. Each educational service district shall use this funding
 11 solely for salary and benefits for a certificated instructional staff
 12 with expertise in the appropriate subject matter and in professional

PART XI
HUMAN SERVICES

3 **Sec. 1101.** 2006 c 372 s 201 (uncodified) is amended to read as
4 follows:

5 **FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES. (1)**

6 Appropriations made in this act to the department of social and health
7 services shall initially be allotted as required by this act.
8 Subsequent allotment modifications shall not include transfers of
9 moneys between sections of this act except as expressly provided in
10 this act, nor shall allotment modifications permit moneys that are
11 provided solely for a specified purpose to be used for other than that
12 purpose.

13 (2) The department of social and health services shall not initiate
14 any services that require expenditure of state general fund moneys
15 unless expressly authorized in this act or other law. The department
16 may seek, receive, and spend, under RCW 43.79.260 through 43.79.282,
17 federal moneys not anticipated in this act as long as the federal
18 funding does not require expenditure of state moneys for the program in
19 excess of amounts anticipated in this act. If the department receives
20 unanticipated unrestricted federal moneys, those moneys shall be spent
21 for services authorized in this act or in any other legislation
22 providing appropriation authority, and an equal amount of appropriated
23 state general fund moneys shall lapse. Upon the lapsing of any moneys
24 under this subsection, the office of financial management shall notify
25 the legislative fiscal committees. As used in this subsection,
26 "unrestricted federal moneys" includes block grants and other funds
27 that federal law does not require to be spent on specifically defined
28 projects or matched on a formula basis by state funds.

29 (3)(a) The appropriations to the department of social and health
30 services in this act shall be expended for the programs and in the
31 amounts specified in this act. However, after May 1, (~~(2006)~~) 2007,
32 unless specifically prohibited by this act, the department may transfer
33 general fund--state appropriations for fiscal year (~~(2006)~~) 2007 among
34 programs after approval by the director of financial management.
35 However, the department shall not transfer state moneys that are

1 provided solely for a specified purpose except as expressly provided in
2 (b) of this subsection.

3 (b) To the extent that transfers under (a) of this subsection are
4 insufficient to fund actual expenditures in excess of fiscal year
5 (~~2006~~) 2007 caseload forecasts and utilization assumptions in the
6 medical assistance, long-term care, foster care, adoption support, and
7 child support programs, the department may transfer state moneys that
8 are provided solely for a specified purpose, other than family support
9 appropriations for the developmental disabilities program in section
10 205(1)(e) of this act and family reconciliation services appropriations
11 for the children and family services program in section 202(20) of this
12 act, after approval by the director of financial management.

13 (c) The department shall not transfer funds, (~~and the director of~~
14 ~~financial management shall not approve the transfer,~~) unless the
15 transfer is consistent with the objective of conserving, to the maximum
16 extent possible, the expenditure of state funds (~~and not federal~~
17 ~~funds~~). The director of financial management shall notify the
18 appropriate fiscal committees of the senate and house of
19 representatives in writing seven days prior to approving any allotment
20 modifications or transfers under this subsection. The written
21 notification shall include a narrative explanation and justification of
22 the changes, along with expenditures and allotments by budget unit and
23 appropriation, both before and after any allotment modifications or
24 transfers.

25 (4) The department is authorized to expend up to \$4,700,000 of its
26 general fund--state appropriation for fiscal year 2007 for any
27 reductions in federal funding in fiscal year 2006 for targeted case
28 management services for children who are in the care of the state. The
29 director of financial management shall notify the appropriate fiscal
30 committees of the senate and house of representatives in writing seven
31 days prior to approving any allotment modifications under this
32 subsection.

33 (5) The department is authorized to develop an integrated health
34 care program designed to slow the progression of illness and disability
35 and better manage Medicaid expenditures for the aged and disabled
36 population. Under this Washington medicaid integration partnership
37 (WMIP) the department may combine and transfer such Medicaid funds
38 appropriated under sections 204, 206, 208, and 209 of this act as may

1 be necessary to finance a unified health care plan for the WMIP program
 2 enrollment. The WMIP pilot projects shall not exceed a daily
 3 enrollment of 6,000 persons during the 2005-2007 biennium. The amount
 4 of funding assigned to the pilot projects from each program may not
 5 exceed the average per capita cost assumed in this act for individuals
 6 covered by that program, actuarially adjusted for the health condition
 7 of persons enrolled in the pilot, times the number of clients enrolled
 8 in the pilot. In implementing the WMIP pilot projects, the department
 9 may: (a) Withhold from calculations of "available resources" as set
 10 forth in RCW 71.24.025 a sum equal to the capitated rate for
 11 individuals enrolled in the pilots; and (b) employ capitation financing
 12 and risk-sharing arrangements in collaboration with health care service
 13 contractors licensed by the office of the insurance commissioner and
 14 qualified to participate in both the medicaid and medicare programs.
 15 The department shall conduct an evaluation of the WMIP, measuring
 16 changes in participant health outcomes, changes in patterns of service
 17 utilization, participant satisfaction, participant access to services,
 18 and the state fiscal impact.

19 (6) In accordance with RCW 74.39A.300, the appropriations to the
 20 department of social and health services in this act are sufficient to
 21 implement the compensation and fringe benefits of the collective
 22 bargaining agreement reached between the governor and the exclusive
 23 bargaining representative of individual providers of home care
 24 services.

23 fiscal year 2006 is provided solely for persons and services not
24 covered by the medicaid program. The department shall distribute this
25 amount among the regional support networks according to a formula that,
26 consistent with RCW 71.24.035(13), assures continuation of fiscal year
27 2003 levels of nonmedicaid service in each regional support network
28 area for the following service categories in the following priority
29 order: (i) Crisis and commitment services; (ii) community inpatient
30 services; and (iii) residential care services, including personal care
31 and emergency housing assistance. The formula shall also ensure that
32 each regional support network's combined state and federal allocation
33 is no less than the amount it was due under the fiscal year 2005
34 allocation methodology. The remaining amounts shall be distributed
35 based upon a formula that incorporates each regional support network's
36 percentage of the state's population.

1 (b) \$100,959,000 of the general fund--state appropriation for
2 fiscal year 2007 is provided solely for persons and services not
3 covered by the medicaid program. Consistent with RCW 71.24.035(13),
4 these funds shall be distributed proportional to each regional support
5 network's percentage of the total state population.

6 (c) (~~(\$10,882,000)~~) \$10,466,000 of the general fund--state
7 appropriation for fiscal year 2007 and (~~(\$10,922,000)~~) \$10,504,000 of
8 the general fund--federal appropriation are provided solely to increase
9 medicaid capitation rates (i) by three and one-half percent, for
10 regional support networks whose fiscal year 2006 capitation rates are
11 above the statewide population-weighted average; and (ii) to the
12 statewide population-weighted average, for regional support networks
13 whose fiscal year 2006 capitation rates are below that level. Regional
14 support networks may elect to receive all or a portion of the general
15 fund--state share of the funding for which they qualify under this
16 subsection (1)(c) as an increase in nonmedicaid rather than medicaid
17 funding. Regional support networks choosing to obtain funding in this
18 way must notify the department of their decision no later than June 1,
19 2006.

20 (d) \$359,000 of the general fund--state appropriation for fiscal
21 year 2007 is provided solely to ensure that no regional support
22 network's combined state and federal allocation is less than the amount
23 it was due under the fiscal year 2006 allocation methodology.

24 (e) \$750,000 of the general fund--state appropriation for fiscal
25 year 2007 is provided solely for grants to hospitals that are unable to
26 receive disproportionate share hospital funding due to the federal
27 funding restrictions on "institutions for mental disease." These funds
28 shall be allocated among eligible hospitals proportional to the amount
29 the hospital would have received from the disproportionate share
30 hospital grants funded under section 209 of this 2006 act if the
31 federal funding restriction were not in effect.

32 (f) \$85,000 of the general fund--state appropriation for fiscal
33 year 2007 is provided solely for a contract with the national alliance
34 for the mentally ill of greater Seattle to assist people who are
35 recovering from a major mental illness to participate in development of
36 a group residence for women.

37 (g) \$2,825,000 of the general fund--state appropriation for fiscal
38 year 2007 is provided solely to refund to regional support networks

1 fifty percent of the "liquidated damages" amount that was withheld from
2 payments to the regional support network during fiscal years 2002
3 through 2005 because the regional support network used more than its
4 allocated number of state hospital days of care. The payments directed
5 in this subsection (1)(g) are contingent upon agreement by the regional
6 support network that the funds shall be used only for mental health
7 services. The payments directed in this subsection do not apply to
8 regional support networks to which such refunds have been directed by
9 court order prior to the effective date of this 2006 act.

10 (h) The department shall refund to the regional support networks
11 100 percent of the "liquidated damages" that have been withheld from
12 payments to the regional support network during fiscal year 2006 for
13 periods prior to the effective date of this act. The payments directed
14 in this subsection (1)(h) do not apply to regional support networks to
15 which such refunds have been directed by court order prior to the
16 effective date of this act.

17 (i) \$3,238,000 of the general fund--state appropriation for fiscal
18 year 2007 is provided solely for the department and regional support
19 networks to contract for development and initial implementation of
20 high-intensity program for active community treatment (PACT) teams, and
21 other proven program approaches which the department concurs will
22 enable the regional support network to achieve significant reductions
23 during fiscal year 2008 and thereafter in the number of beds the
24 regional support network would otherwise need to use at the state
25 hospitals.

26 (j) The number of nonforensic beds allocated for use by regional
27 support networks at eastern state hospital shall average 222 per day
28 throughout fiscal year 2007. The number of nonforensic beds allocated
29 for use by regional support networks at western state hospital shall
30 average 727 during the first quarter of fiscal year 2007, 757 during
31 the second quarter of fiscal year 2007, and 777 during the third and
32 fourth quarters of fiscal year 2007. During fiscal year 2007, the
33 department shall not separately charge regional support networks for
34 use of state hospital beds for short-term commitments, or for persons
35 served in the program for adaptive living skills (PALS), but the days
36 of care provided for such commitments and in the PALS program shall
37 count against the regional support network's state hospital allocation.

1 The legislature intends to authorize separate charges for the PALS
2 program beginning in January 2008.

3 (k) From the general fund--state appropriations in this subsection,
4 the secretary of social and health services shall assure that regional
5 support networks reimburse the aging and disability services
6 administration for the general fund--state cost of medicaid personal
7 care services that enrolled regional support network consumers use
8 because of their psychiatric disability.

9 (l) Within amounts appropriated in this subsection, the department
10 shall contract with the Clark county regional support network for
11 development and operation of a project demonstrating collaborative
12 methods for providing intensive mental health services in the school
13 setting for severely emotionally disturbed children who are medicaid
14 eligible. Project services shall be delivered by teachers and teaching
15 assistants who qualify as, or who are under the supervision of, mental
16 health professionals meeting the requirements of chapter 275-57 WAC.
17 The department shall increase medicaid payments to the regional support
18 network by the amount necessary to cover the necessary and allowable
19 costs of the demonstration, not to exceed the upper payment limit
20 specified for the regional support network in the department's medicaid
21 waiver agreement with the federal government after meeting all other
22 medicaid spending requirements assumed in this subsection. The
23 regional support network shall provide the required nonfederal share of
24 the increased medicaid payment provided for operation of this project.

25 (m) \$3,100,000 of the general fund--state appropriation for fiscal
26 year 2006 and \$3,375,000 of the general fund--state appropriation for
27 fiscal year 2007 are provided solely to establish a base community
28 psychiatric hospitalization payment rate. The base payment rate shall
29 be \$400 per indigent patient day at hospitals that accept commitments
30 under the involuntary treatment act, and \$550 per medicaid patient day
31 at free-standing psychiatric hospitals that accept commitments under
32 the involuntary treatment act. The department shall allocate these
33 funds among the regional support networks to reflect projected
34 expenditures at the enhanced payment level by hospital and region.

35 (n) At least \$902,000 of the federal block grant funding
36 appropriated in this subsection shall be used for the continued
37 operation of the mentally ill offender pilot program.

1 (o) \$5,000,000 of the general fund--state appropriation for fiscal
2 year 2006 and \$5,000,000 of the general fund--state appropriation for
3 fiscal year 2007 are provided solely for mental health services for
4 mentally ill offenders while confined in a county or city jail and for
5 facilitating access to programs that offer mental health services upon
6 mentally ill offenders' release from confinement. These amounts shall
7 supplement, and not supplant, local or other funding or in-kind
8 resources currently being used for these purposes. The department is
9 authorized to transfer such amounts as are necessary, which are not to
10 exceed \$418,000 of the general fund--state appropriation for fiscal
11 year 2006 and \$418,000 of the general fund--state appropriation for
12 fiscal year 2007, to the economic services program for the purposes of
13 implementing section 12 of Engrossed Second Substitute House Bill No.
14 1290 (community mental health) related to reinstating and facilitating
15 access to mental health services upon mentally ill offenders' release
16 from confinement.

17 (p) \$1,500,000 of the general fund--state appropriation for fiscal
18 year 2006 and \$1,500,000 of the general fund--state appropriation for
19 fiscal year 2007 are provided solely for grants for innovative mental
20 health service delivery projects. Such projects may include, but are
21 not limited to, clubhouse programs and projects for integrated health
22 care and behavioral health services for general assistance recipients.
23 These amounts shall supplement, and not supplant, local or other
24 funding currently being used for activities funded under the projects
25 authorized in this subsection.

26 (q) The department is authorized to continue to expend federal
27 block grant funds, and special purpose federal grants, through direct
28 contracts, rather than through contracts with regional support
29 networks; and to distribute such funds through a formula other than the
30 one established pursuant to RCW 71.24.035(13).

31 (r) The department is authorized to continue to contract directly,
32 rather than through contracts with regional support networks, for
33 children's long-term inpatient facility services.

34 (s) \$2,250,000 of the general fund--state appropriation for fiscal
35 year 2006, \$2,250,000 of the general fund--state appropriation for
36 fiscal year 2007, and \$4,500,000 of the general fund--federal
37 appropriation are provided solely for the continued operation of
38 community residential and support services for persons who are older

1 adults or who have co-occurring medical and behavioral disorders and
2 who have been discharged or diverted from a state psychiatric hospital.
3 These funds shall be used to serve individuals whose treatment needs
4 constitute substantial barriers to community placement, who no longer
5 require active psychiatric treatment at an inpatient hospital level of
6 care, and who no longer meet the criteria for inpatient involuntary
7 commitment. Coordination of these services will be done in partnership
8 between the mental health program and the aging and disability services
9 administration. The funds are not subject to the standard allocation
10 formula applied in accordance with RCW 71.24.035(13)(a).

11 (t) \$750,000 of the general fund--state appropriation for fiscal
12 year 2006 and \$750,000 of the general fund--state appropriation for
13 fiscal year 2007 are provided to continue performance-based incentive
14 contracts to provide appropriate community support services for
15 individuals with severe mental illness who have been discharged from
16 the state hospitals. These funds will be used to enhance community
17 residential and support services provided by regional support networks
18 through other state and federal funding.

19 (u) \$539,000 of the general fund--state appropriation for fiscal
20 year 2007 is provided solely to assist with the one-time start-up costs
21 of two evaluation and treatment facilities. Funding for ongoing
22 program operations shall be from existing funds that would otherwise be
23 expended upon short-term treatment in state or community hospitals.

24 (v) \$550,000 of the general fund--state appropriation for fiscal
25 year 2006 and \$150,000 of the general fund--state appropriation for
26 fiscal year 2007 are provided solely for enhancing rates to a facility
27 that (i) is a licensed nursing home; (ii) is considered to be an
28 "Institution for Mental Diseases" under centers for medicare and
29 medicaid services criteria; (iii) specializes in long-term
30 rehabilitation services for people with chronic mental illness who are
31 chronically medically-compromised; and (iv) provides services to a
32 minimum of 48 consumers funded by a regional support network. These
33 amounts shall be provided in coordination with and under the auspices
34 of a regional support network and shall enhance, and not supplant,
35 other funding or in-kind resources currently being used for these
36 purposes. These funds shall be used to cover costs incurred throughout
37 fiscal year 2006 and fiscal year 2007 and ensure adequate compensation

1 for extra medical care services, personal care services, and other
2 incidental costs that are not fully covered in the current rate paid to
3 the facility.

4 (w) \$450,000 of the general fund--state appropriation for fiscal
5 year 2007 is provided solely for the mental health division, in
6 collaboration with the children's administration and the juvenile
7 rehabilitation services administration, to establish a pilot program to
8 provide evidence-based mental health services to children. The mental
9 health service or services to be provided under the pilot program must
10 be selected from a list of evidence-based service options developed by
11 the department, in consultation with a broadly representative group of
12 individuals with expertise in children's mental health.

13 (i) The program site shall be selected through a request for
14 proposal (RFP) process, open to counties or groups of counties, and
15 shall be operational by December 2006.

16 (ii) Pilot site proposals shall be required to include: A
17 designated lead agency and a commitment to work with community
18 partners, including consumer/family representatives and representatives
19 of the local mental health, juvenile justice, and child welfare systems
20 and, at the applicant's discretion, may also include representatives of
21 other child-serving systems such as health care and education;
22 identification of areas of potential need based upon input from
23 community partners; identification of the service or services that the
24 pilot site would implement based upon community needs and resources;
25 and demonstration of a commitment to participate in efforts that will
26 ensure adherence to the chosen evidence-based practices and evaluate
27 outcomes of implementation of the evidence-based practices.

28 (iii) The department shall contract with the University of
29 Washington school of medicine's department of psychiatry and behavioral
30 sciences division of public behavioral health and justice to provide
31 support and assistance in all phases of the pilot program, including

13 the budgeted daily rate. If this can be accomplished, additional
14 clients may be served with excess funds provided the total projected
15 carry-forward expenditures do not exceed the amounts estimated. The

35 served and ensure the cost-effectiveness of the waiver programs, the
36 department will strive to limit new client placement expenditures to 90
37 percent of the budgeted daily rate. If this can be accomplished,
38 additional clients may be served with excess funds if the total

1 projected carry-forward expenditures do not exceed the amounts
2 estimated. The department shall implement the four new waiver programs
3 such that decisions about enrollment levels and the amount, duration,

5 department shall electronically report to the appropriate committees of
6 the legislature, within 45 days following each fiscal year quarter, the
7 number of persons served with these additional community services,

2 with developmental disabilities; (C) gross annual household income; and
3 (D) availability of state funds.

5 basis. Renewable awards shall be for a period of twelve months for the
6 biennium. Awards shall be based upon the criteria provided in this
7 subsection, but shall be within the following limits: Maximum of

10 per year for an individual whose gross annual household income is up to
11 200 percent of the federal poverty level; maximum of \$2,000 per year
12 for an individual whose gross annual household income is up to 300
13 percent of the federal poverty level; and maximum of \$1,000 per year
14 for an individual whose gross annual household income is up to 400
15 percent of the federal poverty level. Of the amounts provided in this
16 subsection, \$150,000 of the general fund--state appropriation for
17 fiscal year 2006 and \$300,000 of the general fund--state appropriation
18 for fiscal year 2007 are provided solely for one-time awards.

19 (iii) Eligibility for, and the amount of, renewable awards and one-
20 time awards shall be redetermined annually and shall correspond with
21 the application of the department's mini-assessment tool. At the end
22 of each award period, the department must redetermine eligibility for
23 funding, including increases or reductions in the level of funding, as
24 appropriate.

25 (iv) By November 1, 2006, the department shall provide
26 recommendations to the appropriate policy and fiscal committees of the
27 legislature on strategies for integrating state-funded family support
28 programs, including, if appropriate, the flexible family support pilot
29 program, into a single program. The department shall also provide
30 ((a)) an additional status report by November 1, 2007, on the flexible
31 family support pilot program, which shall include the following
32 information: The number of applicants for funding; the total number of
33 awards; the number and amount of both annual and one-time awards,
34 broken down by household income levels; and the purpose of the awards.

35 (v) The department shall manage enrollment and award levels so as
36 to not exceed the amounts appropriated for this purpose.

37 (f) \$840,000 of the general fund--state appropriation for fiscal
38 year 2006, \$3,060,000 of the general fund--state appropriation for

1 fiscal year 2007, and \$1,500,000 of the general fund--federal
2 appropriation are provided solely for employment and day services.
3 Priority consideration for this new funding shall be young adults with
4 developmental disabilities living with their family who need employment
5 opportunities and assistance after high school graduation. Services
6 shall be provided for both waiver and nonwaiver clients.

38 allowed by the federal medicaid program.

1 (8) \$21,092,000 of the health services account appropriation and
2 \$19,725,000 of the general fund--federal appropriation are provided
3 solely for grants to nonrural hospitals. The department shall
4 distribute the funds under a formula that provides a relatively larger
5 share of the available funding to hospitals that (a) serve a
6 disproportionate share of low-income and medically indigent patients
7 and (b) have relatively smaller net financial margins, to the extent
8 allowed by the federal medicaid program.

9 (9) In response to the federal directive to eliminate
10 intergovernmental transfer transactions effective June 30, 2005, the
11 department is directed to implement the inpatient hospital certified
12 public expenditures program for the 2005-07 biennium. The program
13 shall apply to all public hospitals, including those owned or operated
14 by the state, except those classified as critical access hospitals or
15 state psychiatric institutions. Hospitals in the program shall be paid
16 and shall retain (a) one hundred percent of the federal portion of each
17 medicaid inpatient fee-for-service claim payable by the medical
18 assistance administration; and (b) one hundred percent of the federal
19 portion of the maximum disproportionate share hospital payment
20 allowable under federal regulations. Medicaid fee-for-service claim
21 amounts shall be established by applying the department's ratio of
22 costs to charges payment methodology. The department shall provide
23 participating hospitals with the information and instructions needed by
24 the hospital to certify the public expenditures required to qualify for
25 the federal portions of both the medicaid inpatient fee-for-service
26 payments and the disproportionate share hospital payments. In the
27 event that any part of the program including, but not limited to,
28 allowable certified public expenditures, is disallowed by the federal
29 government, the department shall not seek recoupment of payments from
30 the hospitals, provided the hospitals have complied with the directions
31 of the department for participation in the program. The legislature
32 intends that hospitals in the program receive no less in combined state
33 and federal payments than they would have received under the
34 methodology that was in place during fiscal year 2005. The department
35 shall therefore make additional grant payments, not to exceed the
36 amounts specified in this subsection, to hospitals whose total payments
37 under the program would otherwise be less than the total state and
38 federal payments they would have received under the methodology in

1 effect during fiscal year 2005. Payments under these new state grant
2 and upper payment limit programs shall not exceed \$54,054,000 from
3 general fund--state appropriations in fiscal year 2006, of which
4 \$5,600,000 is appropriated in section 204(1) of this 2006 act and the
5 balance in this section; (~~(\$47,474,000)~~) \$76,527,000 from general
6 fund--state appropriations in fiscal year 2007, of which \$5,600,000 is
7 appropriated in section 204(1) of this 2006 act and the balance in this
8 section; and \$11,328,000 from the general fund--federal appropriations
9 in this section.

10 (10) \$4,077,000 of the general fund--state appropriation for fiscal
11 year 2006, (~~(\$4,847,000)~~) \$3,294,000 of the general fund--state
12 appropriation for fiscal year 2007, and (~~(\$70,100,000)~~) \$57,565,000 of
13 the general fund--federal appropriation are provided solely for
14 development and implementation of a replacement system for the existing
15 medicaid management information system.

16 (11) \$188,000 of the general fund--state appropriation for fiscal
17 year 2006, \$37,000 of the general fund--state appropriation for fiscal
18 year 2007, and \$225,000 of the general fund--federal appropriation are
19 provided solely for the department to contract for an independent
20 analysis of the medical assistance administration's current system for
21 establishing hospital inpatient payment rates, and for recommendations
22 on a new or updated system. The department shall submit an interim
23 report of study findings by December 1, 2005, and a final report by
24 November 15, 2006. The interim report shall include a comparison of
25 the strengths and weaknesses of the current rate-setting system
26 relative to those used by other state, federal, and private payers.
27 The final report shall include recommendations on the design and
28 implementation of a new or updated system that will promote equity
29 among hospitals, access to quality care and improved health outcomes
30 for patients, and cost-control and efficiency for taxpayers. The study
31 should make use of complete and current cost data from a wide variety
32 of hospitals, recognize unique aspects of hospital service delivery
33 structures and medicaid payment systems in Washington, recognize
34 impacts on productivity and quality of care that may result from
35 hospital compensation, recruitment, and retention policies, and provide
36 opportunities for comment and participation by key interest groups in
37 the identification and assessment of alternatives.

1 (12) Payment rates for hospital inpatient and outpatient services
2 shall be increased by an average of 1.3 percent effective July 1, 2005,
3 and by an average of an additional 1.3 percent effective July 1, 2006.
4 The inpatient increases shall be provided only on the portion of a
5 hospital's rate that excludes medical education and outlier costs, and
6 shall be allocated so that hospitals with lower costs of care
7 (excluding medical education and outlier costs) receive larger
8 percentage increases than those with higher costs of care. The
9 inpatient increases shall be allocated in three percentage increments,
10 with the lowest-cost hospitals receiving the largest percentage rate
11 increase, highest-cost hospitals receiving the smallest percentage
12 increase, and medium-cost hospitals receiving the average of the
13 highest and the lowest percentage rate increase. Increases shall not
14 be provided to those hospitals that are certified as critical access.
15 Sufficient funds are appropriated in this section for Healthy Options
16 contractors to increase hospital payment rates commensurate with the
17 increases in fee-for-service payment rates.

18 (13) When a person is ineligible for medicaid solely by reason of
19 residence in an institution for mental diseases, the department shall
20 provide the person with the same benefits as he or she would receive if
21 eligible for medicaid, using state-only funds to the extent necessary.

22 (14) The medical assistance administration is authorized to use
23 funds appropriated in this section to purchase goods and supplies
24 through direct contracting with vendors when the administration
25 determines it is cost-effective to do so.

26 (15) The legislature affirms that it is in the state's interest for
27 Harborview medical center to remain an economically viable component of
28 the state's health care system.

29 (16) By October 1, 2005, the department shall recommend to the
30 governor and legislature at least two pilot project designs which seem
31 likely to reduce avoidable emergency room utilization at no net cost to
32 the state within the projects' first eighteen months of operation.

33 (17) Within funds appropriated in this section, the department
34 shall participate in the health technology assessment program required
35 in section 213(6) of this act.

36 (18) The department is also required to participate in the joint
37 health purchasing project described in section 213(7) of this act.

2 operation of the medical care services care management pilot project
3 for clients receiving general assistance benefits in King and Pierce

5 includes a mechanism for shared savings. The department shall provide
6 a report to the appropriate committees of the legislature by January 1,
7 2006, on costs, savings, and any outcomes or quality measures
8 associated with the pilot programs during the first year of operation.

9 (20) By October 1, 2005, the department shall report to the
10 appropriate committees of the legislature on the potential fiscal and
11 programmatic costs and benefits associated with an expansion of managed
12 care pilot programs to SSI and other eligible medicaid elderly and
13 disabled persons.

14 (21) By November 15, 2006, the department of social and health
15 services, in consultation with the department of revenue and the health
16 care authority, shall report to the health care and fiscal committees
17 of the legislature on options for providing financial incentives for
18 private practice physicians to serve uninsured, medicare, and medicaid
19 patients. The report shall include an assessment of the relative costs
20 and effectiveness of strategies including, but not limited to, tax
21 credits and payment rate increases. The report shall further suggest
22 alternative mechanisms and thresholds for varying tax credits and
23 payment enhancements according to the extent to which a provider serves
24 uninsured, medicare, and medicaid patients.

25 (22) The department is directed to pursue all available
26 administrative remedies to dispute and reverse recent large retroactive
27 charges by the federal medicare program for payment of medicare part B
28 premiums on behalf of medicaid recipients, to the extent that such
29 premiums are for periods when medicare coverage was in fact never
30 provided the beneficiaries, and their care was instead fully covered by
31 the state medicaid program. The department shall report to the fiscal
32 committees of the legislature by December 1, 2006, on the actions it
33 has taken to dispute and reverse these charges.

35 forestry resources. The college shall consult with the University of
36 Washington economics department for the section on investment returns
37 from granted lands. The report shall contain the following parts:

1 (a) An update of the 1992 timber supply study for Washington state
2 that was conducted by the University of Washington. The update may be
3 accomplished by reviewing the most recent similar data available in
4 existing reports, examining a sample of the original 1992 study sample
5 of lands, and through other existing data sources that may reveal
6 relevant trends and changes since 1992.

7 (b) An independent assessment of the economic contribution of the
8 forest products industry, and secondary manufacturing sectors, to the
9 state. This assessment will also examine some of the macroeconomic
10 trends likely to affect the industry in the future.

11 (c) A comparison of the competitive position of Washington's forest
12 products industry globally, and with other leading forest products
13 states, or regions, of the United States. This evaluation should
14 compare the relative tax burden for growing and harvesting timber
15 between the states or regions and the relative cost of adhering to
16 regulations, and identify the competitive advantages of each state or
17 region.

18 (d) An assessment of the trends and dynamics that commercial and
19 residential development play in the conversion of the state's forests
20 to nonforestry uses. The assessment will involve gathering relevant
21 data, reviewing that data, and analyzing the relationship between
22 development and the conversion of forest land uses.

23 (e) Recommendations on: (i) Policy changes that would enhance the
24 competitive position of Washington's forest products industry in
25 Washington state; (ii) policy changes that would, to the extent
26 possible, ensure that a productive forest land base continues to be
27 managed for forest products, recreation, and environmental and other
28 public benefits into the future; and (iii) policy changes that would
29 enhance the recreational opportunities on working forest lands in the
30 state.

31 (f) Based on the information derived from (a) through (d) of this
32 subsection, an assessment of the expected rate of return from state
33 granted lands. This section of the reports shall also review reports
34 prepared by the department over the past ten years that describe the
35 investment returns from granted lands. The review of these previous
36 reports shall compare and critique the methodology and indicators used
37 to report investment returns. The review shall recommend appropriate
38 measures of investment returns from granted lands.

1 (g) Analyze and recommend policies and programs to assist Cascade
2 foothills area landowners and communities in developing and
3 implementing innovative approaches to retaining traditional forestry
4 while at the same time accommodating new uses that strengthen the
5 economic and natural benefits from forest lands. For the purposes of
6 this section, the Cascade foothills area generally encompasses the
7 nonurbanized lands within the Cascade mountain range and drainages
8 lying between three hundred and three thousand feet above mean sea
9 level, and located within Whatcom, Skagit, Snohomish, King, Pierce,
10 Thurston, and Lewis counties.

11 (12) \$4,000 of the general fund--state appropriation for fiscal

14 trust for a portion of the lease to the Crescent television improvement
15 district consistent with RCW 79.13.520.

16 (13) The department shall develop a multiyear work plan and
17 schedule for mapping all applicable areas of the state for landslide
18 hazards and earthquake hazards. The work plan and schedule shall be
19 based on a carryforward funding level, and shall be submitted to the
20 office of financial management and to the fiscal committees of the
21 legislature by June 30, 2006.

22 (14) \$654,000 of the general fund--state appropriation for fiscal

25 (15) \$397,000 of the general fund--state appropriation for fiscal
26 year 2007 is provided solely for the department to work with
27 appropriate stakeholders and state agencies in determining how
28 privately owned lands, in combination with other land ownership such as
29 public and tribal lands, contribute to wildlife habitat. The
30 assessment will also determine how commercial forest, forest lands on
31 the urban fringe, and small privately-owned forest lands that are

19 (E) For those students (~~residing in staffed residential homes~~)
20 for whom a school district receives a pilot grant application and who
21 are special education eligible, school districts are eligible to pursue
22 safety net funding beyond the pilot grant program amounts so that the
23 combined basic education allocation, special education excess cost
24 allocation, pilot grant amount, and safety net grants recognize the
25 costs associated with serving staffed residential home students
26 potentially concentrated in a few school districts.

27 (F) For purposes of this subsection (c)(xviii), "staffed
28 residential home" means a home licensed by the department of social and

4 The appropriations in this section are subject to the following
 5 conditions and limitations:

6 (1) Each general fund fiscal year appropriation includes such funds
 7 as are necessary to complete the school year ending in the fiscal year
 8 and for prior fiscal year adjustments.

9 (2) Allocations for certificated staff salaries for the 2005-06 and

 38 students. For any school district documenting a lower certificated

1 instructional staff ratio, the allocation shall be based on the
2 district's actual grades K-4 certificated instructional staff ratio
3 achieved in that school year, or the statutory minimum ratio
4 established under RCW 28A.150.260(2)(b), if greater;

5 (B) Districts at or above 51.0 certificated instructional staff per
6 one thousand full-time equivalent students in grades K-4 may dedicate

20 minimum ratio established under RCW 28A.150.260(2)(b) to employ
21 additional basic education certificated instructional staff or
22 classified instructional assistants in grades 5-6. Funds allocated
23 under this subsection (2)(a)(iv) shall only be expended to reduce class
24 size in grades K-6. No more than 1.3 of the certificated instructional
25 funding ratio amount may be expended for provision of classified
26 instructional assistants;

27 (b) For school districts with a minimum enrollment of 250 full-time
28 equivalent students whose full-time equivalent student enrollment count
29 in a given month exceeds the first of the month full-time equivalent
30 enrollment count by 5 percent, an additional state allocation of 110
31 percent of the share that such increased enrollment would have

12 enrollment for students eligible for basic support; and

13 (iii) Indirect cost charges by a school district to vocational-
14 secondary programs shall not exceed 15 percent of the combined basic
15 education and vocational enhancement allocations of state funds;

19 remote and necessary by the state board of education and enroll not
20 more than twenty-five average annual full-time equivalent students in
21 grades K-8:

22 (i) For those enrolling no students in grades 7 and 8, 1.76

20 reported statewide for the prior school year.

21 (8) Any school district board of directors may petition the
22 superintendent of public instruction by submission of a resolution
23 adopted in a public meeting to reduce or delay any portion of its basic

21 The total amount allocated pursuant to this subsection shall be limited
22 to \$1,244,000 for the 2005-07 biennium. Funds provided in this

Pension Funding Stabilization Account Appropriation		\$755,000
TOTAL APPROPRIATION		(\$500,903,000)
		<u>\$501,879,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Each general fund fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(2) A maximum of \$796,000 of this fiscal year 2006 appropriation and a maximum of \$828,000 of the fiscal year 2007 appropriation may be expended for regional transportation coordinators and related activities. The transportation coordinators shall ensure that data submitted by school districts for state transportation funding shall, to the greatest extent practical, reflect the actual transportation activity of each district.

(3) \$5,000 of the fiscal year 2006 appropriation and \$5,000 of the fiscal year 2007 appropriation are provided solely for the transportation of students enrolled in "choice" programs. Transportation shall be limited to low-income students who are transferring to "choice" programs solely for educational reasons.

1 (4) Allocations for transportation of students shall be based on
2 reimbursement rates of \$42.52 per weighted mile in the 2005-06 school
3 year and (~~(\$42.30)~~) \$43.57 per weighted mile in the 2006-07 school year
4 exclusive of salary and benefit adjustments provided in section 504 of
5 this act. Included in the 2005-06 school year rate is (~~(a one-time)~~)

9 more than one radius mile shall be based on weighted miles as
10 determined by superintendent of public instruction multiplied by the
11 per mile reimbursement rates for the school year pursuant to the
12 formulas adopted by the superintendent of public instruction.
13 Allocations for transportation of students living within one radius
14 mile shall be based on the number of enrolled students in grades
15 kindergarten through five living within one radius mile of their
16 assigned school multiplied by the per mile reimbursement rate for the
17 school year multiplied by 1.29.

18 (5) For busses purchased between July 1, 2005, and June 30, 2007,
19 the office of superintendent of public instruction shall provide
20 reimbursement funding to a school district only after the
21 superintendent of public instruction determines that the school bus was
22 purchased from the list established pursuant to RCW 28A.160.195(2) or
23 a comparable competitive bid process based on the lowest price quote
24 based on similar bus categories to those used to establish the list
25 pursuant to RCW 28A.160.195. The competitive specifications shall meet
26 federal motor vehicle safety standards, minimum state specifications as
27 established by rule by the superintendent, and supported options as
28 determined by the superintendent in consultation with the regional
29 transportation coordinators of the educational service districts.

30 (6) Beginning with the 2005-06 school year, the superintendent of
31 public instruction shall base depreciation payments for school district
32 buses on the five-year average of lowest bids in the appropriate
33 category of bus. In the final year on the depreciation schedule, the
34 depreciation payment shall be based on the current state price. The
35 superintendent may include a weighting or other adjustment factor in
36 the averaging formula to ease the transition from the current-price
37 depreciation system to the average depreciation system. Prior to
38 making any depreciation payment in the 2005-06 school year, the

1 superintendent shall notify the office of financial management and the
2 fiscal committees of the legislature of the specific depreciation
3 formula to be used. The replacement cost shall be based on the lowest
4 bid in the appropriate bus category for that school year. A maximum of
5 \$50,000 of the fiscal year 2006 appropriation may be expended for
6 software programming costs associated with the implementation of this
7 subsection.

35 **Sec. 1406.** 2006 c 372 s 507 (uncodified) is amended to read as
36 follows:

1 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION**
2 **PROGRAMS**

3	General Fund--State Appropriation (FY 2006)	\$464,812,000
4	General Fund--State Appropriation (FY 2007)	(\$478,191,000)

9	TOTAL APPROPRIATION	(\$1,381,901,000)
10		<u>\$1,374,850,000</u>

11 The appropriations in this section are subject to the following
12 conditions and limitations:

13 (1) Funding for special education programs is provided on an excess
14 cost basis, pursuant to RCW 28A.150.390. School districts shall ensure
15 that special education students as a class receive their full share of
16 the general apportionment allocation accruing through sections 502 and
17 504 of this act. To the extent a school district cannot provide an
18 appropriate education for special education students under chapter
19 28A.155 RCW through the general apportionment allocation, it shall
20 provide services through the special education excess cost allocation
21 funded in this section.

22 (2)(a) The superintendent of public instruction shall use the
23 excess cost methodology developed and implemented for the 2001-02
24 school year using the S-275 personnel reporting system and all related
25 accounting requirements to ensure that:

- 26 (i) Special education students are basic education students first;
- 27 (ii) As a class, special education students are entitled to the
28 full basic education allocation; and
- 29 (iii) Special education students are basic education students for
30 the entire school day.

31 (b) The S-275 and accounting changes in effect since the 2001-02
32 school year shall supercede any prior excess cost methodologies and
33 shall be required of all school districts.

34 (3) Each fiscal year appropriation includes such funds as are
35 necessary to complete the school year ending in the fiscal year and for
36 prior fiscal year adjustments.

37 (4) The superintendent of public instruction shall distribute state
38 and federal funds to school districts based on two categories: The

1 optional birth through age two program for special education eligible
2 developmentally delayed infants and toddlers, and the mandatory special
3 education program for special education eligible students ages three to
4 twenty-one. A "special education eligible student" means a student
5 receiving specially designed instruction in accordance with a properly
6 formulated individualized education program.

7 (5)(a) For the 2005-06 and 2006-07 school years, the superintendent
8 shall make allocations to each district based on the sum of:

9 (i) A district's annual average headcount enrollment of
10 developmentally delayed infants and toddlers ages birth through two,
11 multiplied by the district's average basic education allocation per
12 full-time equivalent student, multiplied by 1.15; and

13 (ii) A district's annual average full-time equivalent basic
14 education enrollment multiplied by the funded enrollment percent
15 determined pursuant to subsection (6)(b) of this section, multiplied by
16 the district's average basic education allocation per full-time
17 equivalent student multiplied by 0.9309.

18 (b) For purposes of this subsection, "average basic education
19 allocation per full-time equivalent student" for a district shall be
20 based on the staffing ratios required by RCW 28A.150.260 and shall not
21 include enhancements, secondary vocational education, or small schools.

22 (6) The definitions in this subsection apply throughout this
23 section.

24 (a) "Annual average full-time equivalent basic education
25 enrollment" means the resident enrollment including students enrolled
26 through choice (RCW 28A.225.225) and students from nonhigh districts
27 (RCW 28A.225.210) and excluding students residing in another district
28 enrolled as part of an interdistrict cooperative program (RCW
29 28A.225.250).

30 (b) "Enrollment percent" means the district's resident special
31 education annual average enrollment, excluding the birth through age
32 two enrollment, as a percent of the district's annual average full-time
33 equivalent basic education enrollment.

34 Each district's general fund--state funded special education
35 enrollment shall be the lesser of the district's actual enrollment
36 percent or 12.7 percent.

37 (7) At the request of any interdistrict cooperative of at least 15
38 districts in which all excess cost services for special education

1 students of the districts are provided by the cooperative, the maximum
2 enrollment percent shall be calculated in accordance with subsection
3 (6)(b) of this section, and shall be calculated in the aggregate rather
4 than individual district units. For purposes of this subsection, the
5 average basic education allocation per full-time equivalent student
6 shall be calculated in the aggregate rather than individual district
7 units.

8 (8) To the extent necessary, \$18,940,000 of the general fund--state
9 appropriation and \$28,698,000 of the general fund--federal
10 appropriation are provided for safety net awards for districts with
11 demonstrated needs for special education funding beyond the amounts
12 provided in subsection (5) of this section. If safety net awards
13 exceed the amount appropriated in this subsection (8), the
14 superintendent shall expend all available federal discretionary funds
15 necessary to meet this need. Safety net funds shall be awarded by the
16 state safety net oversight committee subject to the following
17 conditions and limitations:

18 (a) The committee shall consider unmet needs for districts that can
19 convincingly demonstrate that all legitimate expenditures for special
20 education exceed all available revenues from state funding formulas.
21 In the determination of need, the committee shall also consider
22 additional available revenues from federal sources. Differences in
23 program costs attributable to district philosophy, service delivery
24 choice, or accounting practices are not a legitimate basis for safety
25 net awards.

26 (b) The committee shall then consider the extraordinary high cost
27 needs of one or more individual special education students.
28 Differences in costs attributable to district philosophy, service
29 delivery choice, or accounting practices are not a legitimate basis for
30 safety net awards.

31 (c) The maximum allowable indirect cost for calculating safety net
32 eligibility may not exceed the federal restricted indirect cost rate
33 for the district plus one percent.

34 (d) Safety net awards shall be adjusted based on the percent of
35 potential medicaid eligible students billed as calculated by the
36 superintendent in accordance with chapter 318, Laws of 1999.

37 (e) Safety net awards must be adjusted for any audit findings or
38 exceptions related to special education funding.

1 (9) The superintendent of public instruction may adopt such rules
2 and procedures as are necessary to administer the special education
3 funding and safety net award process. Prior to revising any standards,
4 procedures, or rules, the superintendent shall consult with the office
5 of financial management and the fiscal committees of the legislature.

6 (10) The safety net oversight committee appointed by the
7 superintendent of public instruction shall consist of:

8 (a) One staff from the office of superintendent of public
9 instruction;

10 (b) Staff of the office of the state auditor who shall be nonvoting
11 members of the committee; and

12 (c) One or more representatives from school districts or
13 educational service districts knowledgeable of special education
14 programs and funding.

15 (11) A maximum of \$678,000 may be expended from the general fund--
16 state appropriations to fund 5.43 full-time equivalent teachers and 2.1
17 full-time equivalent aides at children's orthopedic hospital and
18 medical center. This amount is in lieu of money provided through the
19 home and hospital allocation and the special education program.

20 (12) A maximum of \$1,000,000 of the general fund--federal
21 appropriation is provided for projects to provide special education
22 students with appropriate job and independent living skills, including
23 work experience where possible, to facilitate their successful
24 transition out of the public school system. The funds provided by this
25 subsection shall be from federal discretionary grants.

26 (13) A maximum of \$100,000 of the general fund--federal
27 appropriation shall be expended to create a special education ombudsman
28 program within the office of superintendent of public instruction. The
29 purpose of the program is to provide support to parents, guardians,
30 educators, and students with disabilities. The program will provide
31 information to help families and educators understand state laws,
32 rules, and regulations, and access training and support, technical
33 information services, and mediation services. The ombudsman program
34 will provide data, information, and appropriate recommendations to the
35 office of superintendent of public instruction, school districts,
36 educational service districts, state need projects, and the parent and
37 teacher information center.

1 (14) The superintendent shall maintain the percentage of federal
2 flow-through to school districts at 85 percent. In addition to other
3 purposes, school districts may use increased federal funds for high-
4 cost students, for purchasing regional special education services from
5 educational service districts, and for staff development activities
6 particularly relating to inclusion issues.

7 (15) A maximum of \$1,200,000 of the general fund--federal
8 appropriation may be expended by the superintendent for projects
9 related to use of inclusion strategies by school districts for
10 provision of special education services.

11 (16) \$1,400,000 of the general fund--federal appropriation shall be
12 expended for one-time grants to school districts for the start-up costs
13 of implementing web-based programs that assist schools in meeting state
14 and federal requirements regarding individualized education plans.

15 (17) The superintendent, consistent with the new federal IDEA
16 reauthorization, shall continue to educate school districts on how to
17 implement a birth-to-three program and review the cost effectiveness
18 and learning benefits of early intervention.

19 (18) A school district may carry over from one year to the next
20 year up to 10 percent of the general fund--state funds allocated under
21 this program; however, carryover funds shall be expended in the special
22 education program.
