21 specified for the regional support network in the department's medicaid
22 waiver agreement with the federal government after meeting all other
23 medicaid spending requirements assumed in this subsection. The
24 regional support network shall provide the required nonfederal share of
25 the increased medicaid payment provided for operation of this project.

26 (f) At least \$902,000 of the federal block grant funding
27 appropriated in this subsection shall be used for the continued
28 operation of the mentally ill offender pilot program.

29 (g) \$5,147,000 of the general fund--state appropriation for fiscal
30 year 2008 and \$5,242,000 of the general fund--state appropriation for
31 fiscal year 2009 are provided solely for mental health services for
32 mentally ill offenders while confined in a county or city jail and for
33 facilitating access to programs that offer mental health services upon
34 mentally ill offenders' release from confinement. The department is
35 authorized to transfer up to \$418,000 of these amounts each fiscal year
36 to the economic services program for purposes of facilitating prompt
37 access after their release from confinement to medical and income
38 assistance services for which defendants and offenders may be eligible.

1 (h) \$1,548,000 of the general fund--state appropriation for fiscal
2 year 2008 and \$1,579,000 of the general fund--state appropriation for
3 fiscal year 2009 are provided solely for grants for innovative mental

10 (i) The department is authorized to continue to expend federal

12 contracts, rather than through contracts with regional support
13 networks, and to allocate such funds through such formulas as it shall
14 adopt.

15 (j) The department is authorized to continue to contract directly,
16 rather than through contracts with regional support networks, for
17 children's long-term inpatient facility services.

18 (k) \$2,250,000 of the general fund--state appropriation for fiscal
19 year 2008, \$2,250,000 of the general fund--state appropriation for

21 appropriation are provided solely for the continued operation of
22 community residential and support services for persons who are older
23 adults or who have co-occurring medical and behavioral disorders and
24 who have been discharged or diverted from a state psychiatric hospital.
25 These funds shall be used to serve individuals whose treatment needs
26 constitute substantial barriers to community placement, who no longer
27 require active psychiatric treatment at an inpatient hospital level of
28 care, and who no longer meet the criteria for inpatient involuntary
29 commitment. Coordination of these services will be done in partnership
30 between the mental health program and the aging and disability services
31 administration.

32 (l) \$774,000 of the general fund--state appropriation for fiscal
33 year 2008 and \$789,000 of the general fund--state appropriation for
34 fiscal year 2009 are provided to continue performance-based incentive
35 contracts to provide appropriate community support services for
36 individuals with severe mental illness who were discharged from the
37 state hospitals as part of the expanding community services initiative

1 during the 2003-05 biennium. These funds will be used to enhance
2 community residential and support services provided by regional support
3 networks through other state and federal funding.

4 (m) \$796,000 of the general fund--state appropriation for fiscal
5 year 2008, \$1,422,000 of the general fund--state appropriation for
6 fiscal year 2009, and \$908,000 of the general fund--federal
7 appropriation are provided solely to phase-in new payment rates for
8 medicaid psychiatric inpatient services. Under the new system,
9 consistent with the way rates are set for the treatment of physical
10 illnesses, payment rates for psychiatric inpatient care are to be set
11 at the statewide industry average per diem cost, adjusted for regional
12 wage differences and for differences in capital costs. To facilitate
13 the transition to this new system, for hospitals that are expected to
14 provide over 200 patient days of inpatient psychiatric care per year,
15 rates shall not increase by more than an additional 10 percent each
16 year, nor decrease by more than an additional 5 percent each year,
17 until all hospitals are paid at the adjusted statewide average rate.

18 (n) \$5,077,000 of the general fund--state appropriation for fiscal
19 year 2008 and \$5,077,000 of the general fund--state appropriation for
20 fiscal year 2009 are provided solely to increase payment rates for
21 nonmedicaid psychiatric inpatient services above fiscal year 2005
22 levels. The department shall pay a standard statewide per diem rate
23 for nonmedicaid psychiatric inpatient services, adjusted for regional
24 wage differences, and hospital-specific capital and medical education
25 costs, with no provision for phase-in.

26 (o) \$3,093,000 of the general fund--state appropriation and
27 \$1,902,000 of the general fund--federal appropriation for fiscal year
28 2008 are provided solely to increase compensation for community mental
29 health direct care staff effective January 2008. \$9,454,000 of the
30 general fund--state appropriation and \$5,905,000 of the general fund--
31 federal appropriation for fiscal year 2009 are provided solely to
32 continue the January 2008 increase, and to provide an additional
33 compensation increase for direct care staff effective January 2009. As
34 used in this subsection, "direct care staff" means persons employed by
35 community mental health agencies whose primary responsibility is
36 providing direct treatment and support to people with mental illness.
37 The term excludes employees whose duties are primarily administrative,
38 and contractors. In order to obtain compensation pass-through funding,

1 a community mental health agency must first provide a plan and budget
2 to its regional support network demonstrating how the full amount of
3 the pass-through, except for the appropriate employer share of
4 applicable payroll taxes, will be used to increase wages or benefits
5 for direct care staff. Upon approval of the plan, in order to access
6 the funds, the agency must submit to the regional support network and
7 to the department of social and health services a legally binding
8 written certification that it will increase compensation for its direct
9 care staff as provided in the plan and budget. An agency's plan shall
10 be approved and it shall be deemed to have met the certification
11 requirement by submitting an executed collective bargaining agreement
12 that increases compensation for direct care staff by an amount
13 commensurate with the additional funding provided. If judged
14 appropriate by the regional support network or the department,
15 participating agencies shall be audited to determine whether their
16 certification has been fulfilled.

17 (p) Within funds provided in this subsection (1), medicaid
18 capitation rates shall be increased by 1.6 percent effective July 2007,
19 and by an additional 1.0 percent effective July 2008.

20 (q) \$2,071,000 of the general fund--state appropriation for fiscal
21 year 2008 and \$1,733,000 of the general fund--state appropriation for
22 fiscal year 2009 are provided solely for the implementation of
23 Substitute House Bill No. 1456 (mental health professionals). If the
24 bill is not enacted by June 30, 2007, the amounts provided in this
25 subsection shall lapse. For purposes of organizing and delivering
26 training as required by the bill, the department may retain up to
27 fifteen percent of the amount appropriated for fiscal year 2008, and up
28 to ten percent of the amount appropriated for fiscal year 2009. The
29 remainders shall be distributed to regional support networks
30 proportional to each network's percentage of the total state
31 population.

32 appropriation and \$15,145,000 of the general fund--federal
33 appropriation are provided solely to increase nursing facility payment
34 rates.

35 (b) \$250,000 of the general fund--state appropriation for fiscal
36 year 2008 is provided solely for the department to contract with an
37 outside entity to review the current payment methodologies for nursing
38 homes, boarding homes, and adult family homes and make recommendations

1 for revisions to, restructuring of, or replacement of existing payment
2 methodologies no later than October 1, 2007, to the governor and the
3 appropriate fiscal and policy committees of the legislature.

4 A joint legislative task force on long-term care residential
5 facility payment systems is established to review the report and make
6 recommendations to the legislature no later than December 31, 2007.
7 The task force shall consist of eight legislators. The president of
8 the senate shall appoint two members of the majority caucus and two
9 members of the minority caucus. The speaker of the house of
10 representatives shall appoint two members of the majority caucus and
11 two members of the minority caucus. Each body shall select members of
12 committees with jurisdiction over health and long-term care and fiscal
13 matters. The task force shall give strong consideration to the report
14 of the outside entity, as well as the following principles in the
15 course of its deliberation:

16 (i) A continuum of residential care settings should be available to
17 medicaid-eligible adults so as to honor consumer choice;

18 (ii) Payment methodologies for care provided in adult family homes,
19 boarding homes, and nursing homes should be based upon resident acuity,
20 with payment rates that recognize the impact of differing state and
21 federal regulatory requirements upon facility costs, but also address
22 current disparities in payments to facilities serving residents with
23 similar nursing or personal care needs;

24 (iii) Payment methodologies should be designed to support retention
25 of qualified direct care staff through training, wages, and benefits
26 offered to direct care staff, with special consideration given to
27 nursing homes, boarding homes, and adult family homes that care for a
28 disproportionate number of medicaid-eligible residents relative to
29 their peer facilities;

30 (iv) Performance measures related to critical issues such as staff
31 retention and resident outcomes should be developed, with payment
32 linked to facility performance on the measures; and

33 (v) Payment methodologies should be simplified, with greater ease
34 of administration for the department and providers, and greater
35 predictability and stability in payments.

36 The task force expires December 31, 2007.

37 (10) \$7,998,000 of the general fund--state appropriation for fiscal
38 year 2008, \$10,736,000 of the general fund--state appropriation for

6 year 2008, \$223,000 of the general fund--state appropriation for fiscal
7 year 2009, and \$462,000 of the general fund--federal appropriation are
8 provided solely for an annual increase in the personal needs allowance
9 as required by Substitute Senate Bill No. 5517 (personal needs
10 allowance). If the bill is not enacted by June 30, 2007, the amounts
11 provided in this subsection shall lapse.

12 (12) \$52,000 of the general fund--state appropriation for fiscal
13 year 2008, \$44,000 of the general fund--state appropriation for fiscal
14 year 2009, and \$95,000 of the general fund--federal appropriation are
15 provided solely to implement Substitute Senate Bill No. 5285 or
16 Substitute House Bill No. 1246 (residential services). If neither bill
17 is enacted by June 30, 2007, the amounts provided in this subsection
18 shall lapse.

19 (13) Within amounts appropriated in this section, the department is
20 authorized to expand the number of boarding homes and adult family
21 homes that receive exceptional care rates for persons with Alzheimer's
22 disease and related dementias who might otherwise require nursing home
23 care. The department may expand the number of licensed boarding home
24 facilities and adult family homes that specialize in caring for such
25 conditions by up to 50 beds each, for a total of 100 beds. The
26 department will develop standards for adult family homes to qualify for
27 such exceptional care rates in order to enhance consumer choice.

6	Pension Funding Stabilization Account--State	
7	Appropriation	\$646,000
8	TOTAL APPROPRIATION	\$8,306,800,000

9 The appropriations in this section are subject to the following
10 conditions and limitations:

11 (1) Based on quarterly expenditure reports and caseload forecasts,
12 if the department estimates that expenditures for the medical
13 assistance program will exceed the appropriations, the department shall
14 take steps including but not limited to reduction of rates or
15 elimination of optional services to reduce expenditures so that total
16 program costs do not exceed the annual appropriation authority.

17 (2) In determining financial eligibility for medicaid-funded
18 services, the department is authorized to disregard recoveries by
19 Holocaust survivors of insurance proceeds or other assets, as defined
20 in RCW 48.104.030.

21 (3) Sufficient amounts are appropriated in this section for the
22 department to continue podiatry services for medicaid-eligible adults.

23 (4) Sufficient amounts are appropriated in this section for the
24 department to provide an adult dental benefit that is equivalent to the
25 benefit provided in the 2003-05 biennium.

26 (5) In accordance with RCW 74.46.625, \$6,000,000 of the general
27 fund--federal appropriation is provided solely for supplemental
28 payments to nursing homes operated by public hospital districts. The
29 public hospital district shall be responsible for providing the
30 required nonfederal match for the supplemental payment, and the
31 payments shall not exceed the maximum allowable under federal rules.
32 It is the legislature's intent that the payments shall be supplemental
33 to and shall not in any way offset or reduce the payments calculated
34 and provided in accordance with part E of chapter 74.46 RCW. It is the
35 legislature's further intent that costs otherwise allowable for rate-
36 setting and settlement against payments under chapter 74.46 RCW shall
37 not be disallowed solely because such costs have been paid by revenues
38 retained by the nursing home from these supplemental payments.

1 (6) \$1,111,000 of the health services account appropriation for
2 fiscal year 2008, \$1,110,000 of the health services account
3 appropriation for fiscal year 2009, \$5,402,000 of the general fund--
4 federal appropriation, \$1,590,000 of the general fund--state
5 appropriation for fiscal year 2008, and \$1,591,000 of the general
6 fund--state appropriation for fiscal year 2009 are provided solely for
7 grants to rural hospitals. The department shall distribute the funds
8 under a formula that provides a relatively larger share of the
9 available funding to hospitals that (a) serve a disproportionate share
10 of low-income and medically indigent patients and (b) have relatively
11 smaller net financial margins, to the extent allowed by the federal
12 medicaid program.

13 (7) \$10,546,000 of the health services account appropriation for
14 fiscal year 2008, \$10,546,000 of the health services account--state
15 appropriation for fiscal year 2009, and \$19,725,000 of the general
16 fund--federal appropriation are provided solely for grants to nonrural
17 hospitals. The department shall distribute the funds under a formula
18 that provides a relatively larger share of the available funding to
19 hospitals that (a) serve a disproportionate share of low-income and
20 medically indigent patients and (b) have relatively smaller net
21 financial margins, to the extent allowed by the federal medicaid
22 program.

23 (8) The department shall continue the inpatient hospital certified
24 public expenditures program for the 2007-2009 biennium. The program
25 shall apply to all public hospitals, including those owned or operated
26 by the state, except those classified as critical access hospitals or
27 state psychiatric institutions. The department shall submit a report
28 to the governor and legislature by November 1, 2007, which evaluates
29 whether savings continue to exceed costs for this program. If the
30 certified public expenditures program in its current form is no longer
31 cost-effective to maintain, the department shall submit a report to the
32 governor and legislature detailing cost-effective alternative uses of
33 local, state, and federal resources as a replacement for this program.
34 During fiscal year 2008 and fiscal year 2009, hospitals in the program
35 shall be paid and shall retain (a) one hundred percent of the federal
36 portion of the allowable hospital cost for each medicaid inpatient fee-
37 for-service claim payable by medical assistance; and (b) one hundred
38 percent of the federal portion of the maximum disproportionate share

1 hospital payment allowable under federal regulations. Inpatient
2 medicaid payments shall be established using an allowable methodology
3 that approximates the cost of claims submitted by the hospitals.
4 Payments made to each hospital in the program in each fiscal year of
5 the biennium shall be compared to a baseline amount that is the total
6 of (a) the total payment for claims for services rendered during the
7 fiscal year calculated according to the methodology employed by the
8 legislature in the omnibus appropriations act for implementation in
9 fiscal year 2008 and (b) disproportionate share hospital payment
10 amounts paid to and retained by each hospital during fiscal year 2005
11 that pertain to fiscal year 2005. If payments during the fiscal year
12 exceed the hospital's baseline amount, no additional payments will be
13 made to the hospital except the federal portion of allowable
14 disproportionate share hospital payments for which the hospital can
15 certify allowable match. If payments during the fiscal year are less
16 than the baseline amount, the hospital will be paid a state grant equal
17 to the difference between payments during the fiscal year and the
18 applicable baseline amount. Payment of the state grant shall be made
19 in the applicable fiscal year and is subject to an interim cost
20 settlement within eleven months after the end of the fiscal year. A
21 final cost settlement shall be performed within two years after the end
22 of the related fiscal year. To the extent that a final cost settlement
23 determines that a hospital has received funds in excess of what it
24 would have received under the methodology in place in fiscal year 2008
25 as described in this subsection, the hospital must repay these amounts
26 to the state when requested. \$74,477,000 of the general fund--state
27 appropriation for fiscal year 2008, of which \$6,570,000 is appropriated
28 in section 204(1) of this act and the balance in this section, and
29 \$70,668,000 of the general fund--state appropriation for fiscal year
30 2009, of which \$6,570,000 is appropriated in section 204(1) of this act
31 and the balance in this section, are provided solely for state grants
32 for the participating hospitals.

33 (9) \$7,314,000 of the general fund--state appropriation for fiscal
34 year 2008, \$7,800,000 of the general fund--state appropriation for
35 fiscal year 2009, and \$48,995,000 of the general fund--federal
36 appropriation are provided solely for development and implementation of
37 a replacement system for the existing medicaid management information

1 system. The amounts are conditioned on the department satisfying the
2 requirements of section 902 of this act.

3 (10) When a person is ineligible for medicaid solely by reason of
4 residence in an institution for mental diseases, the department shall
5 provide the person with the same benefits as he or she would receive if
6 eligible for medicaid, using state-only funds to the extent necessary.

7 (11) The medical assistance administration is authorized to use
8 funds appropriated in this section to purchase goods and supplies
9 through direct contracting with vendors when the administration
10 determines it is cost-effective to do so.

11 (12) The legislature affirms that it is in the state's interest for
12 Harborview medical center to remain an economically viable component of
13 the state's health care system.

14 (13) The department shall, within available resources, continue
15 operation of the medical care services care management pilot project
16 for clients receiving general assistance benefits in King and Pierce
17 counties. The project may use a full or partial capitation model that
18 includes a mechanism for shared savings.

19 (14) \$341,000 of the health services account appropriation for
20 fiscal year 2008, \$1,054,000 of the health services account
21 appropriation for fiscal year 2009, and \$1,461,000 of the general
22 fund--federal appropriation are provided solely to implement Substitute
23 Senate Bill No. 5305 (foster care youth medical). If the bill is not
24 enacted by June 30, 2007, the amounts provided in this subsection shall
25 lapse.

26 (15) \$6,529,000 of the general fund--state appropriation for fiscal
27 year 2008 and \$6,651,000 of the general fund--state appropriation for
28 fiscal year 2009 are provided solely to provide full benefit dual
29 eligible beneficiaries with medicare part D prescription drug copayment
30 coverage in accordance with chapter 3, Laws of 2007 (part D copayment
31 drug program).

32 (16) The department shall conduct a study to determine the
33 financial impact associated with continuing to cover brand name
34 medications versus the same medication in its generic form. The study
35 shall account for all rebates paid to the state on each product studied
36 up until the point where the generic form is less expensive, net of
37 federally required rebates. A report is due to the legislative fiscal
38 committees by December 1, 2007.

1 (17) \$198,000 of the general fund--state appropriation for fiscal
2 year 2008 and \$268,000 of the general fund--state appropriation for
3 fiscal year 2009 are provided solely for the first two years of a four-
4 year project by the Seattle-King county health department to improve
5 management of symptoms and reduce complications related to asthma among
6 medicaid eligible children. The department shall contract with the
7 Seattle-King county health department to have trained community health
8 workers visit medicaid eligible children in their homes to identify and
9 reduce exposure to asthma triggers, improve clients' self-management
10 skills, and coordinate clients' care with their primary care and
11 specialty providers. The contract shall include an evaluation of the
12 impact of the services provided under the contract on urgent
13 physician's visits, emergency room utilization, and inpatient
14 hospitalization.

15 (18) \$750,000 of the general fund--state appropriation for fiscal
16 year 2008 and \$250,000 of the general fund--state appropriation for
17 fiscal year 2009 are provided solely for development and implementation
18 of an outreach program as provided in accordance with chapter 5, Laws
19 of 2007 (Second Substitute Senate Bill No. 5093). By December 15,
20 2007, the department shall provide a report to the appropriate
21 committees of the legislature on the progress of implementing the
22 following activities:

23 (a) Feasibility study and implementation plan to develop online
24 application capability that is integrated with the department's
25 automated client eligibility system;

26 (b) Development of data linkages with the office of superintendent
27 of public instruction for free and reduced price lunch enrollment
28 information and the department of early learning for child care subsidy
29 program enrollment information;

30 (c) Informing insurers and providers when their enrollees'
31 eligibility is going to expire so insurers and providers can help
32 families reenroll;

33 (d) Outreach contracts with local governmental entities, community
34 based organizations, and tribes;

35 (e) Results of data sharing with outreach contractors, and other
36 contracted entities such as local governments, community-based
37 organizations, tribes, health care providers, and insurers to engage,
38 enroll, and reenroll identified children;

1 (f) Results of efforts to maximize federal matching funds, wherever
2 possible; and

3 (g) Plans for sustaining outreach programs proven to be successful.

4 (19) \$640,000 of the general fund--state appropriation for fiscal
5 year 2008 and \$616,000 of the general fund--state appropriation for
6 fiscal year 2009 are provided solely to:

7 (a) Pay the premiums associated with enrollment in a medicare
8 advantage plan for those full benefit dual eligible beneficiaries, as
9 defined in RCW 74.09.010, who were enrolled on or before November 14,
10 2006 in a medicare advantage plan sponsored by an entity accredited by
11 the national committee for quality assurance and for whom the
12 department had been paying Part C premium as of November 2006, as well
13 as any persons who age in or otherwise qualify for continuous
14 enrollment in such a plan on or after November 2006; and

15 (b) Undertake, directly or by contract, a study to determine the
16 cost-effectiveness of paying premiums for enrollment of full benefit
17 dual eligible beneficiaries in medicare advantage plans in lieu of
18 paying full benefit dual eligible beneficiaries' medicare cost-sharing.
19 The study shall compare the cost and health outcomes experience,
20 including rates of nursing home placement and costs for groups of full
21 benefit dual eligible beneficiaries who are enrolled in medicare
22 advantage plans, in medicare special needs plan or in medicare fee-for-
23 service. The study shall compare the health status and utilization of
24 health and long-term care services for the three groups, and the impact
25 of access to a medical home and specialty care, over a period of two
26 years to determine any differences in health status, health outcomes,
27 and state expenditures that result. The department shall submit the
28 results of the study to the governor and the legislature on or before
29 December 1, 2009. The department is authorized to accept private cash
30 and in-kind donations and grants to support the study and evaluation.

31 (20) Within existing funds, the department shall evaluate the
32 fiscal impact of the federal upper limits on medicaid reimbursement to
33 pharmacies implemented under the federal deficit reduction act, and
34 report its findings to the legislature by December 1, 2007.

14 than fifty annual average full-time equivalent students and less than
15 one hundred eighty students, an additional one-half of a classified

19 09 school year for certificated salary allocations provided under
20 subsection (2) of this section, and a rate of 17.24 percent in the

27 (a) The number of certificated staff units determined in subsection
28 (2) of this section; and

29 (b) The number of classified staff units determined in subsection
30 (3) of this section multiplied by 1.152. This factor is intended to
31 adjust allocations so that, for the purposes of distributing insurance

33 on the basis of 1440 hours of work per year, with no individual
34 employee counted as more than one full-time equivalent.

35 (6)(a) For nonemployee-related costs associated with each

17 salary increase amounts provided in section 504 of this act. Solely
18 for the purposes of this subsection, allocated classroom teachers shall
19 be equal to the number of certificated instructional staff units
20 allocated under subsection (2) of this section, multiplied by the ratio
21 between the number of actual basic education certificated teachers and
22 the number of actual basic education certificated instructional staff
23 reported statewide for the prior school year.

24 (8) Any school district board of directors may petition the
25 superintendent of public instruction by submission of a resolution
26 adopted in a public meeting to reduce or delay any portion of its basic
27 education allocation for any school year. The superintendent of public

2 and a maximum of \$558,000 may be expended in fiscal year 2009;

3 (b) For summer vocational programs at skills centers, a maximum of
4 \$2,385,000 may be expended for the 2008 fiscal year and a maximum of

6 amount may carry over from one year to the next;

7 (c) A maximum of \$390,000 may be expended for school district
8 emergencies;

9 (d) A maximum of \$485,000 each fiscal year may be expended for

23 year 2008 and \$4,403,000 of the general fund--state appropriation for
24 fiscal year 2009 are provided solely for the implementation of Second
25 Substitute Senate Bill No. 5790 (regarding skills centers). If the
26 bill is not enacted by June 30, 2007, the amounts provided in this
27 subsection shall lapse.

28 (10) For purposes of RCW 84.52.0531, the increase per full-time

35 service credits computed in accordance with RCW 28A.415.020 and
36 28A.415.023.

37 (6) No more than ninety college quarter-hour credits received by
38 any employee after the baccalaureate degree may be used to determine

1 compensation allocations under the state salary allocation schedule and
2 LEAP documents referenced in this act, or any replacement schedules and
3 documents, unless:

- 4 (a) The employee has a masters degree; or
- 5 (b) The credits were used in generating state salary allocations

7 (7) The certificated instructional staff base salary specified for
8 each district in LEAP Document 2 and the salary schedules in subsection
9 (4)(a) of this section include two learning improvement days. A school
10 district is eligible for the learning improvement day funds only if the
11 learning improvement days have been added to the 180- day contract
12 year. If fewer days are added, the additional learning improvement
13 allocation shall be adjusted accordingly. The additional days shall be
14 limited to specific activities identified in the state required school
15 improvement plan related to improving student learning that are
16 consistent with education reform implementation, and shall not be
17 considered part of basic education. The principal in each school shall
18 assure that the days are used to provide the necessary school- wide,
19 all staff professional development that is tied directly to the school
20 improvement plan. The school principal and the district superintendent
21 shall maintain documentation as to their approval of these activities.
22 The length of a learning improvement day shall not be less than the
23 length of a full day under the base contract. The superintendent of
24 public instruction shall ensure that school districts adhere to the
25 intent and purposes of this subsection.

6 district in LEAP Document 2, defined in section 503(2)(b) of this act.
7 Allocations for these salary increases shall be provided to all 262
8 districts that are not grandfathered to receive salary allocations
9 above the statewide salary allocation schedule, and to certain
10 grandfathered districts to the extent necessary to ensure that salary
11 allocations for districts that are currently grandfathered do not fall
12 below the statewide salary allocation schedule. These additional
13 salary increases will result in a decrease in the number of
14 grandfathered districts from the current thirty-four to twenty-four in
15 the 2007-08 school year and to thirteen in the 2008-09 school year.

16 (c) Additional salary increases to certain districts as necessary

20 salary increases shall ensure a minimum salary allocation for
21 certificated administrative staff of \$54,405 in the 2007-08 school year
22 and \$57,097 in the 2008-09 school year.

34 (f) The appropriations in this section include the increased
35 portion of salaries and incremental fringe benefits for all relevant
36 state-funded school programs in part V of this act. Increases for
37 general apportionment (basic education) are based on the salary
38 allocation schedules and methodology in sections 502 and 503 of this

1 act. Increases for special education result from increases in each
 2 district's basic education allocation per student. Increases for
 3 educational service districts and institutional education programs are
 4 determined by the superintendent of public instruction using the
 5 methodology for general apportionment salaries and benefits in sections
 6 502 and 503 of this act.

7 (g) The appropriations in this section provide cost of living and
 8 incremental fringe benefit allocations based on formula adjustments as
 9 follows:

 21 allocations. The maintenance rate for insurance benefit allocations is
 22 \$682.54 per month for the 2007-08 and 2008-09 school years. The
 23 appropriations in this section provide for a rate increase to \$707.00
 24 per month for the 2007-08 school year and \$732.00 per month for the
 25 2008-09 school year. The adjustments to health insurance benefit

3 (5) \$12,500,000 of the education legacy trust account--state
4 appropriation for fiscal year 2008 and \$12,500,000 of the education
5 legacy trust account--state appropriation for fiscal year 2009 are
6 provided solely for the office of superintendent of public instruction,
7 in consultation with the joint legislative audit and review committee,
8 to develop an equitable funding methodology to provide additional
9 assistance to school districts for their pupil transportation costs
10 beyond the levels otherwise provided in this section. The allocation
11 methodology for the amounts provided in this subsection shall be based
12 primarily on the findings and analysis from the joint legislative and
13 audit review committee's K-12 pupil transportation study completed in
14 December 2006.

15 (6) The office of the superintendent of public instruction shall
16 provide reimbursement funding to a school district only after the
17 superintendent of public instruction determines that the school bus was
18 purchased from the list established pursuant to RCW 28A.160.195(2) or
19 a comparable competitive bid process based on the lowest price quote
20 based on similar bus categories to those used to establish the list
21 pursuant to RCW 28A.160.195.

22 (7) The superintendent of public instruction shall base
23 depreciation payments for school district buses on the five-year
24 average of lowest bids in the appropriate category of bus. In the
25 final year on the depreciation schedule, the depreciation payment shall
26 be based on the lowest bid in the appropriate bus category for that

11 price meal program pursuant to chapter 287, Laws of 2005 (requiring
12 school breakfast programs in certain schools).

13 NEW SECTION. **Sec. 507. FOR THE SUPERINTENDENT OF PUBLIC**
14 **INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS**

15	General Fund--State Appropriation (FY 2008)	\$548,413,000
16	General Fund--State Appropriation (FY 2009)	\$566,972,000
17	General Fund--Federal Appropriation	\$435,735,000
18	TOTAL APPROPRIATION	\$1,551,120,000

19 The appropriations in this section are subject to the following
20 conditions and limitations:

21 (1) Funding for special education programs is provided on an excess
22 cost basis, pursuant to RCW 28A.150.390. School districts shall ensure
23 that special education students as a class receive their full share of
24 the general apportionment allocation accruing through sections 502 and
25 504 of this act. To the extent a school district cannot provide an
26 appropriate education for special education students under chapter
27 28A.155 RCW through the general apportionment allocation, it shall
28 provide services through the special education excess cost allocation
29 funded in this section.

30 (2)(a) The superintendent of public instruction shall ensure that:
31 (i) Special education students are basic education students first;
32 (ii) As a class, special education students are entitled to the
33 full basic education allocation; and
34 (iii) Special education students are basic education students for
35 the entire school day.

36 (b) All districts shall use the excess cost methodology first

1 developed and implemented for the 2001-02 school year using the S-275
2 personnel reporting system and all related accounting requirements.

3 (3) Each fiscal year appropriation includes such funds as are
4 necessary to complete the school year ending in the fiscal year and for
5 prior fiscal year adjustments.

6 (4) The superintendent of public instruction shall distribute state
7 funds to school districts based on two categories: (a) The first
8 category includes (i) children birth through age two who are eligible
9 for the optional program for special education eligible developmentally
10 delayed infants and toddlers, and (ii) students eligible for the
11 mandatory special education program and who are age three or four, or
12 five and not yet enrolled in kindergarten; and (b) the second category
13 includes students who are eligible for the mandatory special education
14 program and who are age five and enrolled in kindergarten and students
15 age six through 21.

16 (5)(a) For the 2007-08 and 2008-09 school years, the superintendent
17 shall make allocations to each district based on the sum of:

18 (i) A district's annual average headcount enrollment of students
19 ages birth through four and those five year olds not yet enrolled in
20 kindergarten, as defined in subsection (4) of this section, multiplied
21 by the district's average basic education allocation per full-time
22 equivalent student, multiplied by 1.15; and

23 (ii) A district's annual average full-time equivalent basic
24 education enrollment multiplied by the funded enrollment percent
25 determined pursuant to subsection (6)(b) of this section, multiplied by
26 the district's average basic education allocation per full-time
27 equivalent student multiplied by 0.9309.

28 (b) For purposes of this subsection, "average basic education
29 allocation per full-time equivalent student" for a district shall be
30 based on the staffing ratios required by RCW 28A.150.260 and shall not
31 include enhancements, secondary vocational education, or small schools.

32 (6) The definitions in this subsection apply throughout this
33 section.

34 (a) "Annual average full-time equivalent basic education
35 enrollment" means the resident enrollment including students enrolled
36 through choice (RCW 28A.225.225) and students from nonhigh districts
37 (RCW 28A.225.210) and excluding students residing in another district

1 enrolled as part of an interdistrict cooperative program (RCW
2 28A.225.250).

3 (b) "Enrollment percent" means the district's resident special
4 education annual average enrollment, excluding the birth through age
5 four enrollment and those five year olds not yet enrolled in
6 kindergarten, as a percent of the district's annual average full-time
7 equivalent basic education enrollment.

8 Each district's general fund--state funded special education
9 enrollment shall be the lesser of the district's actual enrollment
10 percent or 12.7 percent.

11 (7) At the request of any interdistrict cooperative of at least 15
12 districts in which all excess cost services for special education
13 students of the districts are provided by the cooperative, the maximum
14 enrollment percent shall be calculated in accordance with subsection
15 (6)(b) of this section, and shall be calculated in the aggregate rather
16 than individual district units. For purposes of this subsection, the
17 average basic education allocation per full-time equivalent student
18 shall be calculated in the aggregate rather than individual district
19 units.

20 (8) To the extent necessary, \$30,690,000 of the general fund--state
21 appropriation and \$29,574,000 of the general fund--federal
22 appropriation are provided for safety net awards for districts with
23 demonstrated needs for special education funding beyond the amounts
24 provided in subsection (5) of this section. If safety net awards
25 exceed the amount appropriated in this subsection (8), the
26 superintendent shall expend all available federal discretionary funds
27 necessary to meet this need. Safety net funds shall be awarded by the
28 state safety net oversight committee subject to the following
29 conditions and limitations:

30 (a) The committee shall consider unmet needs for districts that can
31 convincingly demonstrate that all legitimate expenditures for special
32 education exceed all available revenues from state funding formulas.
33 In the determination of need, the committee shall also consider
34 additional available revenues from federal sources. Differences in
35 program costs attributable to district philosophy, service delivery
36 choice, or accounting practices are not a legitimate basis for safety
37 net awards.

1 (b) The committee shall then consider the extraordinary high cost
2 needs of one or more individual special education students.
3 Differences in costs attributable to district philosophy, service
4 delivery choice, or accounting practices are not a legitimate basis for
5 safety net awards.

6 (c) Using criteria developed by the committee, the committee shall
7 then consider extraordinary costs associated with communities that draw
8 a larger number of families with children in need of special education
9 services.

10 (d) The maximum allowable indirect cost for calculating safety net
11 eligibility may not exceed the federal restricted indirect cost rate
12 for the district plus one percent.

13 (e) Safety net awards must be adjusted for any audit findings or
14 exceptions related to special education funding.

15 (9) The superintendent of public instruction may adopt such rules
16 and procedures as are necessary to administer the special education
17 funding and safety net award process. Prior to revising any standards,
18 procedures, or rules, the superintendent shall consult with the office
19 of financial management and the fiscal committees of the legislature.

20 (10) The safety net oversight committee appointed by the
21 superintendent of public instruction shall consist of:

22 (a) One staff from the office of superintendent of public
23 instruction;

24 (b) Staff of the office of the state auditor who shall be nonvoting
25 members of the committee; and

26 (c) One or more representatives from school districts or
27 educational service districts knowledgeable of special education
28 programs and funding.

29 (11) Pursuant to Engrossed Second Substitute Senate Bill No. 5841
30 (enhancing student learning opportunities), the office of
31 superintendent of public instruction shall review and streamline the
32 application process to access safety net funds, provide technical
33 assistance to school districts, and annually survey school districts
34 regarding improvement to the process. The safety net oversight
35 committee shall study the excess cost accounting method and explore
36 options for a possible replacement, including an option that reflects
37 the full amount of special education funding and the legislative

1 direction to ensure that as a class, special education students are
2 entitled to the full basic education allocation.

3 (12) A maximum of \$678,000 may be expended from the general fund--
4 state appropriations to fund 5.43 full-time equivalent teachers and 2.1
5 full-time equivalent aides at children's orthopedic hospital and
6 medical center. This amount is in lieu of money provided through the
7 home and hospital allocation and the special education program.

8 (13) A maximum of \$1,000,000 of the general fund--federal
9 appropriation is provided for projects to provide special education
10 students with appropriate job and independent living skills, including
11 work experience where possible, to facilitate their successful
12 transition out of the public school system. The funds provided by this
13 subsection shall be from federal discretionary grants.

14 (14) \$50,000 of the general fund--state appropriation for fiscal
15 year 2008, \$50,000 of the general fund--state appropriation for fiscal
16 2009, and \$100,000 of the general fund--federal appropriation shall be
17 expended to support a special education ombudsman program within the
18 office of superintendent of public instruction. The purpose of the
19 program is to provide support to parents, guardians, educators, and
20 students with disabilities. The program will provide information to
21 help families and educators understand state laws, rules, and
22 regulations, and access training and support, technical information
23 services, and mediation services. The ombudsman program will provide
24 data, information, and appropriate recommendations to the office of
25 superintendent of public instruction, school districts, educational
26 service districts, state need projects, and the parent and teacher
27 information center.

28 (15) The superintendent shall maintain the percentage of federal
29 flow-through to school districts at 85 percent. In addition to other
30 purposes, school districts may use increased federal funds for high-
31 cost students, for purchasing regional special education services from
32 educational service districts, and for staff development activities
33 particularly relating to inclusion issues.

34 (16) A maximum of \$1,200,000 of the general fund--federal
35 appropriation may be expended by the superintendent for projects
36 related to use of inclusion strategies by school districts for
37 provision of special education services.

1 (17) The superintendent, consistent with the new federal IDEA
2 reauthorization, shall continue to educate school districts on how to
3 implement a birth-to-three program and review the cost effectiveness
4 and learning benefits of early intervention.

5 (18) A school district may carry over from one year to the next
6 year up to 10 percent of the general fund--state funds allocated under
7 this program; however, carryover funds shall be expended in the special
8 education program.

9 (19) \$262,000 of the general fund--state appropriation for fiscal
10 year 2008 and \$251,000 of the general fund--state appropriation for
11 fiscal year 2009 are provided solely for two additional full-time
12 equivalent staff to support the work of the safety net committee and to
13 provide training and support to districts applying for safety net
14 awards.

8 (4) The agency shall produce a feasibility study for information
9 technology projects at the direction of the information services board

1 However, the department shall not transfer state moneys that are
2 provided solely for a specified purpose except as expressly provided in
3 (b) of this subsection.

4 (b) To the extent that transfers under (a) of this subsection are
5 insufficient to fund actual expenditures in excess of fiscal year
6 ~~((2006))~~ 2007 caseload forecasts and utilization assumptions in the
7 medical assistance, long-term care, foster care, adoption support, and
8 child support programs, the department may transfer state moneys that
9 are provided solely for a specified purpose, other than family support
10 appropriations for the developmental disabilities program in section
11 205(1)(e) of this act and family reconciliation services appropriations
12 for the children and family services program in section 202(20) of this
13 act, after approval by the director of financial management.

14 (c) The department shall not transfer funds, ~~((and the director of
15 financial management shall not approve the transfer,))~~ unless the
16 transfer is consistent with the objective of conserving, to the maximum
17 extent possible, the expenditure of state funds ~~((and not federal
18 funds))~~. The director of financial management shall notify the
19 appropriate fiscal committees of the senate and house of
20 representatives in writing seven days prior to approving any allotment
21 modifications or transfers under this subsection. The written
22 notification shall include a narrative explanation and justification of
23 the changes, along with expenditures and allotments by budget unit and

1 appropriated under sections 204, 206, 208, and 209 of this act as may
 2 be necessary to finance a unified health care plan for the WMIP program

29 year 2007 is provided solely for grants to hospitals that are unable to
30 receive disproportionate share hospital funding due to the federal

8 through 2005 because the regional support network used more than its
9 allocated number of state hospital days of care. The payments directed
10 in this subsection (1)(g) are contingent upon agreement by the regional
11 support network that the funds shall be used only for mental health
12 services. The payments directed in this subsection do not apply to
13 regional support networks to which such refunds have been directed by
14 court order prior to the effective date of this 2006 act.

15 (h) The department shall refund to the regional support networks
16 100 percent of the "liquidated damages" that have been withheld from
17 payments to the regional support network during fiscal year 2006 for

23 year 2007 is provided solely for the department and regional support
24 networks to contract for development and initial implementation of
25 high-intensity program for active community treatment (PACT) teams, and
26 other proven program approaches which the department concurs will
27 enable the regional support network to achieve significant reductions
28 during fiscal year 2008 and thereafter in the number of beds the
29 regional support network would otherwise need to use at the state
30 hospitals.

31 (j) The number of nonforensic beds allocated for use by regional

3 of care provided for such commitments and in the PALS program shall
4 count against the regional support network's state hospital allocation.
5 The legislature intends to authorize separate charges for the PALS
6 program beginning in January 2008.

7 (k) From the general fund--state appropriations in this subsection,
8 the secretary of social and health services shall assure that regional

19 assistants who qualify as, or who are under the supervision of, mental
20 health professionals meeting the requirements of chapter 275-57 WAC.
21 The department shall increase medicaid payments to the regional support
22 network by the amount necessary to cover the necessary and allowable
23 costs of the demonstration, not to exceed the upper payment limit
24 specified for the regional support network in the department's medicaid
25 waiver agreement with the federal government after meeting all other
26 medicaid spending requirements assumed in this subsection. The
27 regional support network shall provide the required nonfederal share of
28 the increased medicaid payment provided for operation of this project.

29 (m) \$3,100,000 of the general fund--state appropriation for fiscal
30 year 2006 and \$3,375,000 of the general fund--state appropriation for
31 fiscal year 2007 are provided solely to establish a base community

34 under the involuntary treatment act, and \$550 per medicaid patient day
35 at free-standing psychiatric hospitals that accept commitments under

37 funds among the regional support networks to reflect projected
38 expenditures at the enhanced payment level by hospital and region.

1 (n) At least \$902,000 of the federal block grant funding
2 appropriated in this subsection shall be used for the continued
3 operation of the mentally ill offender pilot program.

15 this can be accomplished, additional clients may be served with excess
16 funds provided the total projected carry-forward expenditures do not

7 provided in this subsection are sufficient to fund section 303 of
8 Senate Bill No. 5763 (mental disorders treatment).

9 (3) \$2,000,000 of the general fund--state appropriation for fiscal

9 appropriation for fiscal year 2007, and (~~(\$10,669,000)~~) \$6,997,000 of

18 general fund--federal appropriation are provided solely to increase
19 capacity of chemical dependency treatment services for minors who are

15		<u>\$124,000</u>
16	TOTAL APPROPRIATION	((\$7,709,386,000))
17		<u>\$7,578,897,000</u>

18 The appropriations in this section are subject to the following
19 conditions and limitations:

20 (1) Based on quarterly expenditure reports and caseload forecasts,
21 if the department estimates that expenditures for the medical
22 assistance program will exceed the appropriations, the department shall
23 take steps including but not limited to reduction of rates or
24 elimination of optional services to reduce expenditures so that total
25 program costs do not exceed the annual appropriation authority.

26 (2) The department shall continue to extend medicaid eligibility to
27 children through age 18 residing in households with incomes below 200
28 percent of the federal poverty level.

29 (3) In determining financial eligibility for medicaid-funded
30 services, the department is authorized to disregard recoveries by
31 Holocaust survivors of insurance proceeds or other assets, as defined
32 in RCW 48.104.030.

33 (4) Sufficient amounts are appropriated in this section for the
34 department to continue podiatry services for medicaid-eligible adults.

35 (5) Sufficient amounts are appropriated in this section for the
36 department to provide an adult dental benefit that is equivalent to the
37 benefit provided in the 2003-05 biennium.

1 (6) In accordance with RCW 74.46.625, \$6,000,000 of the general
2 fund--federal appropriation is provided solely for supplemental
3 payments to nursing homes operated by public hospital districts. The
4 public hospital district shall be responsible for providing the
5 required nonfederal match for the supplemental payment, and the
6 payments shall not exceed the maximum allowable under federal rules.
7 It is the legislature's intent that the payments shall be supplemental
8 to and shall not in any way offset or reduce the payments calculated
9 and provided in accordance with part E of chapter 74.46 RCW. It is the
10 legislature's further intent that costs otherwise allowable for rate-
11 setting and settlement against payments under chapter 74.46 RCW shall
12 not be disallowed solely because such costs have been paid by revenues
13 retained by the nursing home from these supplemental payments.

14 (7) \$2,221,000 of the health services account appropriation,
15 \$5,402,000 of the general fund--federal appropriation, \$1,590,000 of
16 the general fund--state appropriation for fiscal year 2006, and
17 \$1,591,000 of the general fund--state appropriation for fiscal year
18 2007 are provided solely for grants to rural hospitals. The department
19 shall distribute the funds under a formula that provides a relatively
20 larger share of the available funding to hospitals that (a) serve a
21 disproportionate share of low-income and medically indigent patients
22 and (b) have relatively smaller net financial margins, to the extent
23 allowed by the federal medicaid program.

24 (8) \$21,092,000 of the health services account appropriation and
25 \$19,725,000 of the general fund--federal appropriation are provided
26 solely for grants to nonrural hospitals. The department shall
27 distribute the funds under a formula that provides a relatively larger
28 share of the available funding to hospitals that (a) serve a
29 disproportionate share of low-income and medically indigent patients
30 and (b) have relatively smaller net financial margins, to the extent
31 allowed by the federal medicaid program.

32 (9) In response to the federal directive to eliminate
33 intergovernmental transfer transactions effective June 30, 2005, the
34 department is directed to implement the inpatient hospital certified
35 public expenditures program for the 2005-07 biennium. The program
36 shall apply to all public hospitals, including those owned or operated
37 by the state, except those classified as critical access hospitals or
38 state psychiatric institutions. Hospitals in the program shall be paid

1 and shall retain (a) one hundred percent of the federal portion of each
2 medicaid inpatient fee-for-service claim payable by the medical
3 assistance administration; and (b) one hundred percent of the federal
4 portion of the maximum disproportionate share hospital payment
5 allowable under federal regulations. Medicaid fee-for-service claim
6 amounts shall be established by applying the department's ratio of
7 costs to charges payment methodology. The department shall provide
8 participating hospitals with the information and instructions needed by
9 the hospital to certify the public expenditures required to qualify for
10 the federal portions of both the medicaid inpatient fee-for-service
11 payments and the disproportionate share hospital payments. In the
12 event that any part of the program including, but not limited to,
13 allowable certified public expenditures, is disallowed by the federal
14 government, the department shall not seek recoupment of payments from
15 the hospitals, provided the hospitals have complied with the directions
16 of the department for participation in the program. The legislature
17 intends that hospitals in the program receive no less in combined state
18 and federal payments than they would have received under the
19 methodology that was in place during fiscal year 2005. The department
20 shall therefore make additional grant payments, not to exceed the
21 amounts specified in this subsection, to hospitals whose total payments
22 under the program would otherwise be less than the total state and
23 federal payments they would have received under the methodology in
24 effect during fiscal year 2005. Payments under these new state grant
25 and upper payment limit programs shall not exceed \$54,054,000 from
26 general fund--state appropriations in fiscal year 2006, of which

20 between the states or regions and the relative cost of adhering to
21 regulations, and identify the competitive advantages of each state or
22 region.

23 (d) An assessment of the trends and dynamics that commercial and
24 residential development play in the conversion of the state's forests

34 enhance the recreational opportunities on working forest lands in the
35 state.

4 to report investment returns. The review shall recommend appropriate
5 measures of investment returns from granted lands.

6 (g) Analyze and recommend policies and programs to assist Cascade
7 foothills area landowners and communities in developing and
8 implementing innovative approaches to retaining traditional forestry
9 while at the same time accommodating new uses that strengthen the
10 economic and natural benefits from forest lands. For the purposes of
11 this section, the Cascade foothills area generally encompasses the
12 nonurbanized lands within the Cascade mountain range and drainages
13 lying between three hundred and three thousand feet above mean sea

36 the urban fringe, and small privately-owned forest lands that are
37 managed according to Washington's forest and fish prescriptions, in

1 combination with other forest management activities, function as
2 wildlife habitat now and in the future.

31 required for the study detailed in (D) of this subsection (c)(xviii).

32 (C) \$40,000 of the general fund--state appropriation for fiscal
33 year 2007 is provided solely for the office of the superintendent of
34 public instruction, with the assistance of the department of social and
35 health services, to prepare a report to the appropriate policy and
36 fiscal committees of the legislature and the office of financial
37 management on: (I) The number of students residing at each staffed
38 residential home by school district; (II) the specific types of needs

1 of students residing at each staffed residential home; and (III) an
2 overview of the differences in the programs being offered at staffed
3 residential homes and the ranges of costs associated with these
4 programs; and (IV) a summary of the current types of collaboration
5 between school districts and staffed residential homes. This report
6 shall be submitted by November 30, 2006.

7 (D) \$15,000 of the general fund--state appropriation for fiscal
8 year 2007 is provided solely for the office of the superintendent of
9 public instruction to report to the appropriate policy and fiscal
10 committees of the legislature and the office of financial management on
11 the results of the pilot grant program established in this subsection
12 (c)(xviii), including a description of the impact on the educational
13 services delivered to the students residing at each staffed residential
14 home. Based on the results of the pilot grant program, the office of
15 the superintendent of public instruction may make recommendations
16 regarding best practices for meeting the needs of students residing in
17 staffed residential homes, and fostering collaboration with staffed
18 residential homes. This report shall be submitted by June 30, 2007.

19 (E) For those students (~~residing in staffed residential homes~~)
20 for whom a school district receives a pilot grant application and who
21 are special education eligible, school districts are eligible to pursue
22 safety net funding beyond the pilot grant program amounts so that the
23 combined basic education allocation, special education excess cost
24 allocation, pilot grant amount, and safety net grants recognize the
25 costs associated with serving staffed residential home students
26 potentially concentrated in a few school districts.

27 (F) For purposes of this subsection (c)(xviii), "staffed
28 residential home" means a home licensed by the department of social and

4 The appropriations in this section are subject to the following
5 conditions and limitations:

6 (1) Each general fund fiscal year appropriation includes such funds
7 as are necessary to complete the school year ending in the fiscal year
8 and for prior fiscal year adjustments.

9 (2) Allocations for certificated staff salaries for the 2005-06 and
10 2006-07 school years shall be determined using formula-generated staff
11 units calculated pursuant to this subsection. Staff allocations for
12 small school enrollments in (d) through (f) of this subsection shall be
13 reduced for vocational full-time equivalent enrollments. Staff
14 allocations for small school enrollments in grades K-6 shall be the
15 greater of that generated under (a) of this subsection, or under (d)
16 and (e) of this subsection. Certificated staffing allocations shall be
17 as follows:

18 (a) On the basis of each 1,000 average annual full-time equivalent
19 enrollments, excluding full-time equivalent enrollment otherwise
20 recognized for certificated staff unit allocations under (c) through
21 (f) of this subsection:

22 (i) Four certificated administrative staff units per thousand full-
23 time equivalent students in grades K-12;

24 (ii) 49 certificated instructional staff units per thousand full-
25 time equivalent students in grades K-3;

32 education funding;

33 (A) Funds provided under this subsection (2)(a)(iv) in excess of
34 the amount required to maintain the statutory minimum ratio established
35 under RCW 28A.150.260(2)(b) shall be allocated only if the district
36 documents an actual ratio in grades K-4 equal to or greater than 53.2
37 certificated instructional staff per thousand full-time equivalent
38 students. For any school district documenting a lower certificated

1 instructional staff ratio, the allocation shall be based on the
2 district's actual grades K-4 certificated instructional staff ratio
3 achieved in that school year, or the statutory minimum ratio
4 established under RCW 28A.150.260(2)(b), if greater;

5 (B) Districts at or above 51.0 certificated instructional staff per
6 one thousand full-time equivalent students in grades K-4 may dedicate
7 up to 1.3 of the 53.2 funding ratio to employ additional classified
8 instructional assistants assigned to basic education classrooms in
9 grades K-4. For purposes of documenting a district's staff ratio under
10 this section, funds used by the district to employ additional
11 classified instructional assistants shall be converted to a
12 certificated staff equivalent and added to the district's actual

20 minimum ratio established under RCW 28A.150.260(2)(b) to employ
21 additional basic education certificated instructional staff or
22 classified instructional assistants in grades 5-6. Funds allocated
23 under this subsection (2)(a)(iv) shall only be expended to reduce class
24 size in grades K-6. No more than 1.3 of the certificated instructional
25 funding ratio amount may be expended for provision of classified
26 instructional assistants;

27 (b) For school districts with a minimum enrollment of 250 full-time
28 equivalent students whose full-time equivalent student enrollment count
29 in a given month exceeds the first of the month full-time equivalent
30 enrollment count by 5 percent, an additional state allocation of 110
31 percent of the share that such increased enrollment would have
32 generated had such additional full-time equivalent students been
33 included in the normal enrollment count for that particular month;

34 (c)(i) On the basis of full-time equivalent enrollment in:

35 (A) Vocational education programs approved by the superintendent of

5 year, 0.92 certificated instructional staff units and 0.08 certificated
6 administrative units for each 16.67 full-time equivalent vocational
7 students;

8 (ii) Vocational full-time equivalent enrollment shall be reported
9 on the same monthly basis as the enrollment for students eligible for
10 basic support, and payments shall be adjusted for reported vocational
11 enrollments on the same monthly basis as those adjustments for
12 enrollment for students eligible for basic support; and

13 (iii) Indirect cost charges by a school district to vocational-
14 secondary programs shall not exceed 15 percent of the combined basic
15 education and vocational enhancement allocations of state funds;

16 (d) For districts enrolling not more than twenty-five average
17 annual full-time equivalent students in grades K-8, and for small
18 school plants within any school district which have been judged to be
19 remote and necessary by the state board of education and enroll not
20 more than twenty-five average annual full-time equivalent students in
21 grades K-8:

22 (i) For those enrolling no students in grades 7 and 8, 1.76
23 certificated instructional staff units and 0.24 certificated
24 administrative staff units for enrollment of not more than five
25 students, plus one-twentieth of a certificated instructional staff unit
26 for each additional student enrolled; and

28 certificated instructional staff units and 0.32 certificated
29 administrative staff units for enrollment of not more than five
30 students, plus one-tenth of a certificated instructional staff unit for
31 each additional student enrolled;

32 (e) For specified enrollments in districts enrolling more than

34 equivalent students in grades K-8, and for small school plants within
35 any school district which enroll more than twenty-five average annual
36 full-time equivalent students in grades K-8 and have been judged to be
37 remote and necessary by the state board of education:

7 (f) For districts operating no more than two high schools with
8 enrollments of less than three hundred average annual full-time
9 equivalent students, for enrollment in grades 9-12 in each such school,
10 other than alternative schools:

11 (i) For remote and necessary schools enrolling students in any
12 grades 9-12 but no more than twenty-five average annual full-time
13 equivalent students in grades K-12, four and one-half certificated

16 (ii) For all other small high schools under this subsection, nine
17 certificated instructional staff units and one-half of a certificated
18 administrative staff unit for the first sixty average annual full time
19 equivalent students, and additional staff units based on a ratio of
20 0.8732 certificated instructional staff units and 0.1268 certificated
21 administrative staff units per each additional forty-three and one-half
22 average annual full time equivalent students.

23 Units calculated under (f)(ii) of this subsection shall be reduced
24 by certificated staff units at the rate of forty-six certificated
25 instructional staff units and four certificated administrative staff
26 units per thousand vocational full-time equivalent students;

28 than seventy annual average full-time equivalent students and less than
29 one hundred eighty students, operating a grades K-8 program or a grades
30 1-8 program, an additional one-half of a certificated instructional
31 staff unit; and

32 (h) For each nonhigh school district having an enrollment of more
33 than fifty annual average full-time equivalent students and less than
34 one hundred eighty students, operating a grades K-6 program or a grades
35 1-6 program, an additional one-half of a certificated instructional
36 staff unit.

37 (3) Allocations for classified salaries for the 2005-06 and 2006-07

1 school years shall be calculated using formula-generated classified
2 staff units determined as follows:

3 (a) For enrollments generating certificated staff unit allocations
4 under subsection (2)(d) through (h) of this section, one classified
5 staff unit for each three certificated staff units allocated under such
6 subsections;

7 (b) For all other enrollment in grades K-12, including vocational
8 full-time equivalent enrollments, one classified staff unit for each
9 sixty average annual full-time equivalent students; and

10 (c) For each nonhigh school district with an enrollment of more
11 than fifty annual average full-time equivalent students and less than
12 one hundred eighty students, an additional one-half of a classified
13 staff unit.

14 (4) Fringe benefit allocations shall be calculated at a rate of

16 07 school year for certificated salary allocations provided under
17 subsection (2) of this section, and a rate of 14.07 percent in the
18 2005-06 school year and 15.99 percent in the 2006-07 school year for
19 classified salary allocations provided under subsection (3) of this
20 section.

21 (5) Insurance benefit allocations shall be calculated at the
22 maintenance rate specified in section 504(2) of this act, based on the
23 number of benefit units determined as follows:

24 (a) The number of certificated staff units determined in subsection
25 (2) of this section; and

26 (b) The number of classified staff units determined in subsection
27 (3) of this section multiplied by 1.152. This factor is intended to
28 adjust allocations so that, for the purposes of distributing insurance
29 benefits, full-time equivalent classified employees may be calculated
30 on the basis of 1440 hours of work per year, with no individual
31 employee counted as more than one full-time equivalent.

32 (6)(a) For nonemployee-related costs associated with each
33 certificated staff unit allocated under subsection (2)(a), (b), and (d)

11 (7) Allocations for substitute costs for classroom teachers shall
12 be distributed at a maintenance rate of \$531.09 for the 2005-06 and
13 2006-07 school years per allocated classroom teachers exclusive of
14 salary increase amounts provided in section 504 of this act. Solely
15 for the purposes of this subsection, allocated classroom teachers shall
16 be equal to the number of certificated instructional staff units
17 allocated under subsection (2) of this section, multiplied by the ratio
18 between the number of actual basic education certificated teachers and
19 the number of actual basic education certificated instructional staff
20 reported statewide for the prior school year.

21 (8) Any school district board of directors may petition the
22 superintendent of public instruction by submission of a resolution
23 adopted in a public meeting to reduce or delay any portion of its basic
24 education allocation for any school year. The superintendent of public
25 instruction shall approve such reduction or delay if it does not impair
26 the district's financial condition. Any delay shall not be for more
27 than two school years. Any reduction or delay shall have no impact on
28 levy authority pursuant to RCW 84.52.0531 and local effort assistance

20 criteria for awarding incentive grants pursuant to this subsection.
21 The total amount allocated pursuant to this subsection shall be limited
22 to \$1,244,000 for the 2005-07 biennium. Funds provided in this
23 subsection shall first be expended to provide incentive grants to
24 school districts increasing skills center enrollment during the school
25 year. If funds are available after making these allocations, funds may
26 be distributed for: (i) Increasing enrollment including allowing up to
27 an additional .2 full time equivalent student enrollment at skills

35 center student.

36 (10) For purposes of RCW 84.52.0531, the increase per full-time
37 equivalent student is 5.2 percent from the 2004-05 school year to the

1 2005-06 school year and 5.2 percent from the 2005-06 school year to the
2 2006-07 school year.

5 to subsection (2)(b) through (h) of this section, the following shall
6 apply:

7 (a) For three school years following consolidation, the number of
8 basic education formula staff units shall not be less than the number

10 school year prior to the consolidation; and

11 (b) For the fourth through eighth school years following
12 consolidation, the difference between the basic education formula staff
13 units received by the districts for the school year prior to
14 consolidation and the basic education formula staff units after
15 consolidation pursuant to subsection (2)(a) through (h) of this section
16 shall be reduced in increments of twenty percent per year.

34 depreciation payment shall be based on the current state price. The
35 superintendent may include a weighting or other adjustment factor in
36 the averaging formula to ease the transition from the current-price
37 depreciation system to the average depreciation system. Prior to
38 making any depreciation payment in the 2005-06 school year, the

1 superintendent shall notify the office of financial management and the
2 fiscal committees of the legislature of the specific depreciation
3 formula to be used. The replacement cost shall be based on the lowest

10		<u>\$1,374,850,000</u>

11 The appropriations in this section are subject to the following
12 conditions and limitations:

13 (1) Funding for special education programs is provided on an excess
14 cost basis, pursuant to RCW 28A.150.390. School districts shall ensure
15 that special education students as a class receive their full share of
16 the general apportionment allocation accruing through sections 502 and
17 504 of this act. To the extent a school district cannot provide an
18 appropriate education for special education students under chapter
19 28A.155 RCW through the general apportionment allocation, it shall
20 provide services through the special education excess cost allocation
21 funded in this section.

22 (2)(a) The superintendent of public instruction shall use the
23 excess cost methodology developed and implemented for the 2001-02
24 school year using the S-275 personnel reporting system and all related
25 accounting requirements to ensure that:

- 26 (i) Special education students are basic education students first;
- 27 (ii) As a class, special education students are entitled to the
28 full basic education allocation; and
- 29 (iii) Special education students are basic education students for
30 the entire school day.

31 (b) The S-275 and accounting changes in effect since the 2001-02
32 school year shall supercede any prior excess cost methodologies and
33 shall be required of all school districts.

34 (3) Each fiscal year appropriation includes such funds as are
35 necessary to complete the school year ending in the fiscal year and for
36 prior fiscal year adjustments.

37 (4) The superintendent of public instruction shall distribute state
38 and federal funds to school districts based on two categories: The

1 optional birth through age two program for special education eligible
2 developmentally delayed infants and toddlers, and the mandatory special
3 education program for special education eligible students ages three to
4 twenty-one. A "special education eligible student" means a student
5 receiving specially designed instruction in accordance with a properly
6 formulated individualized education program.

7 (5)(a) For the 2005-06 and 2006-07 school years, the superintendent
8 shall make allocations to each district based on the sum of:

9 (i) A district's annual average headcount enrollment of
10 developmentally delayed infants and toddlers ages birth through two,
11 multiplied by the district's average basic education allocation per
12 full-time equivalent student, multiplied by 1.15; and

13 (ii) A district's annual average full-time equivalent basic
14 education enrollment multiplied by the funded enrollment percent
15 determined pursuant to subsection (6)(b) of this section, multiplied by
16 the district's average basic education allocation per full-time
17 equivalent student multiplied by 0.9309.

18 (b) For purposes of this subsection, "average basic education
19 allocation per full-time equivalent student" for a district shall be
20 based on the staffing ratios required by RCW 28A.150.260 and shall not
21 include enhancements, secondary vocational education, or small schools.

22 (6) The definitions in this subsection apply throughout this
23 section.

24 (a) "Annual average full-time equivalent basic education
25 enrollment" means the resident enrollment including students enrolled
26 through choice (RCW 28A.225.225) and students from nonhigh districts
27 (RCW 28A.225.210) and excluding students residing in another district
28 enrolled as part of an interdistrict cooperative program (RCW
29 28A.225.250).

30 (b) "Enrollment percent" means the district's resident special
31 education annual average enrollment, excluding the birth through age
32 two enrollment, as a percent of the district's annual average full-time
33 equivalent basic education enrollment.

34 Each district's general fund--state funded special education
35 enrollment shall be the lesser of the district's actual enrollment
36 percent or 12.7 percent.

37 (7) At the request of any interdistrict cooperative of at least 15
38 districts in which all excess cost services for special education

1 students of the districts are provided by the cooperative, the maximum
2 enrollment percent shall be calculated in accordance with subsection
3 (6)(b) of this section, and shall be calculated in the aggregate rather
4 than individual district units. For purposes of this subsection, the
5 average basic education allocation per full-time equivalent student
6 shall be calculated in the aggregate rather than individual district
7 units.

8 (8) To the extent necessary, \$18,940,000 of the general fund--state
9 appropriation and \$28,698,000 of the general fund--federal
10 appropriation are provided for safety net awards for districts with
11 demonstrated needs for special education funding beyond the amounts
12 provided in subsection (5) of this section. If safety net awards
13 exceed the amount appropriated in this subsection (8), the
14 superintendent shall expend all available federal discretionary funds
15 necessary to meet this need. Safety net funds shall be awarded by the
16 state safety net oversight committee subject to the following
17 conditions and limitations:

18 (a) The committee shall consider unmet needs for districts that can
19 convincingly demonstrate that all legitimate expenditures for special
20 education exceed all available revenues from state funding formulas.
21 In the determination of need, the committee shall also consider
22 additional available revenues from federal sources. Differences in
23 program costs attributable to district philosophy, service delivery
24 choice, or accounting practices are not a legitimate basis for safety
25 net awards.

26 (b) The committee shall then consider the extraordinary high cost
27 needs of one or more individual special education students.
28 Differences in costs attributable to district philosophy, service
29 delivery choice, or accounting practices are not a legitimate basis for
30 safety net awards.

31 (c) The maximum allowable indirect cost for calculating safety net
32 eligibility may not exceed the federal restricted indirect cost rate
33 for the district plus one percent.

34 (d) Safety net awards shall be adjusted based on the percent of
35 potential medicaid eligible students billed as calculated by the
36 superintendent in accordance with chapter 318, Laws of 1999.

37 (e) Safety net awards must be adjusted for any audit findings or
38 exceptions related to special education funding.

1 (9) The superintendent of public instruction may adopt such rules
2 and procedures as are necessary to administer the special education
3 funding and safety net award process. Prior to revising any standards,
4 procedures, or rules, the superintendent shall consult with the office
5 of financial management and the fiscal committees of the legislature.

6 (10) The safety net oversight committee appointed by the
7 superintendent of public instruction shall consist of:

8 (a) One staff from the office of superintendent of public
9 instruction;

10 (b) Staff of the office of the state auditor who shall be nonvoting
11 members of the committee; and

12 (c) One or more representatives from school districts or
13 educational service districts knowledgeable of special education
14 programs and funding.

15 (11) A maximum of \$678,000 may be expended from the general fund--
16 state appropriations to fund 5.43 full-time equivalent teachers and 2.1
17 full-time equivalent aides at children's orthopedic hospital and
18 medical center. This amount is in lieu of money provided through the
19 home and hospital allocation and the special education program.

20 (12) A maximum of \$1,000,000 of the general fund--federal
21 appropriation is provided for projects to provide special education
22 students with appropriate job and independent living skills, including
23 work experience where possible, to facilitate their successful
24 transition out of the public school system. The funds provided by this
25 subsection shall be from federal discretionary grants.

26 (13) A maximum of \$100,000 of the general fund--federal
27 appropriation shall be expended to create a special education ombudsman
28 program within the office of superintendent of public instruction. The
29 purpose of the program is to provide support to parents, guardians,
30 educators, and students with disabilities. The program will provide
31 information to help families and educators understand state laws,
32 rules, and regulations, and access training and support, technical
33 information services, and mediation services. The ombudsman program
34 will provide data, information, and appropriate recommendations to the
35 office of superintendent of public instruction, school districts,
36 educational service districts, state need projects, and the parent and
37 teacher information center.

1 (14) The superintendent shall maintain the percentage of federal
2 flow-through to school districts at 85 percent. In addition to other
3 purposes, school districts may use increased federal funds for high-
4 cost students, for purchasing regional special education services from
5 educational service districts, and for staff development activities
6 particularly relating to inclusion issues.

7 (15) A maximum of \$1,200,000 of the general fund--federal
8 appropriation may be expended by the superintendent for projects
9 related to use of inclusion strategies by school districts for
10 provision of special education services.

11 (16) \$1,400,000 of the general fund--federal appropriation shall be
12 expended for one-time grants to school districts for the start-up costs
13 of implementing web-based programs that assist schools in meeting state
14 and federal requirements regarding individualized education plans.

15 (17) The superintendent, consistent with the new federal IDEA
16 reauthorization, shall continue to educate school districts on how to
17 implement a birth-to-three program and review the cost effectiveness
18 and learning benefits of early intervention.

19 (18) A school district may carry over from one year to the next
20 year up to 10 percent of the general fund--state funds allocated under
21 this program; however, carryover funds shall be expended in the special
22 education program.
