**1. Wheeler Site Tenant Relocation Cost** - Funding is provided for the increased lease costs and one-time moving and infrastructure costs associated with relocation to facilitate the development of the Wheeler Lot development project. (General Fund-State)

**2. Info Tech Workgroup Support** - Funding is provided for an Information Technology (IT) consultant to review the recommendations of the Joint Legislative Information Technology Work Group conducted during the 2007 interim. Funding is contingent on the continuation on the IT work group. (General Fund-State)

**3. Health Care Workgroup Support** - Funding is provided to implement Second Substitute House Bill 2536 (health care work group). The work group will consist of nine citizen members and one member from each party of the House of Representatives and Senate. The work group will examine health care options, hire a consultant to provide an economic analysis of the options, and conduct public meetings in each congressional district of the state to gather public input. Staff support is provided by the House of Representatives and Senate. The funding allocated includes expenses for health care cost oversight. The work group shall report its findings to the Legislature by December 1, 2008. (General Fund-State)

**4. Oral History** - Funding is provided for Third Substitute House Bill 1741 (oral history program). This bill transfers the Oral History Program to the Secretary of the Senate and the Chief Clerk of the House of Representatives for the purpose of conducting oral histories of current and former members and staff of the Legislature. The bill also allows the Secretary of State to conduct oral histories of current and former government officials and employees of government officials. (General Fund-State)

**2. Federal Expenditure Authority Adjus** - Federal expenditure authority is reduced to match the amounts allotted for the 2007-09 biennium. (Election Account-Federal)

**3. Archives Grants to Local Government** - The Office of the Secretary of State administers a local records competitive grant program to improve local governments' ability to manage, protect, and provide access to public records. A one-time fund balance is available to fund the 50 additional grant applications that have already been received, scored, and approved, and to increase funding for another 45 existing grants. Local governments will use this grant funding for projects such as preparing disaster preparedness plans, implementing records management programs, and developing essential records protection plans. (Local Government Archives Account-State)

**4. Preserve Local Government Records** - One-time funding is provided to image approximately 600,000 pages of family history records kept at the southwest and northwest regional branch archives. Imaging will improve public access to these records by making them digitally accessible and searchable, and make more efficient use of available storage by allowing hard copies to be stored wherever capacity exists in the regional archives system. (Local Government Archives Account-State)

**5. Oral History Program** - Pursuant to Third Substitute House Bill 1741 (Oral history), funding is reduced for the Oral History Program in the Office of the Secretary of State so that the Legislature may operate the Legislative Oral History Program created in this bill as it relates to subjects and history important to the Legislature. These funds are transferred to the House and Senate budgets.

**6. Presidential Election Year Costs** - Funding is provided for increased costs related to the 2008 presidential election year for the printing, storage, and distribution of materials, the need for temporary staff, and increased travel associated with testing county-based voter tabulation equipment. One-time funding is provided to meet these additional requirements.

**7. Appellate Legal Costs** - One-time funding is provided for appellate legal services costs related to the *Washington State Republican Party v. State* lawsuit.

*Comments:*

**1. Increased Legal Services Workload** - This funding will match the appropriation level of four client agencies receiving increases in their budgets to pay for their growing legal service needs. The affected client agencies are the Department of Social and Health Services, the Department of Archeology and Historic Preservation, the Criminal Justice Training Commission, and the School for the Blind. One-time funding (\$50,000) is also made to the School for the Blind for specific litigation costs (Delyria and Koch). (Legal Services Revolving Account-State)

**2. Child Care Center Bargaining** - Funding is provided for personnel and administrative costs related to implementing Engrossed Second Substitute House Bill 2449 (Child care center employees). The bill creates a new type of collective bargaining for child care center directors and workers whereby they can come together and bargain with the state over matters within the state's purview and provide support for improving the quality of child care for the state's families. (Legal Services Revolving Account-State)

**3. Budget Alignment of Legal Services** - Ongoing legal expenses that were previously managed through interagency agreements will be incorporated into the regular expenditure and recovery process of the Legal Services Revolving Account. This will eliminate six interagency agreements and incorporate these regular and ongoing legal expenditures into the budgets approved by the Legislature for both the client agencies and the Office of the Attorney General. (Legal Services Revolving Account-State)

**4. Moore Case Litigation** - One-time funding is provided for the legal expenses and staff associated with Moore v. Health Care Authority. (Legal Services Revolving Account-State)

**5. Civil Commitment Workload** - Additional resources are provided to support the Office of the Attorney General in the prosecution of sexually violent predators (SVP). Casework associated with the SVP population includes annual review hearings, release trials, and conditional release placements. These matters are proportional to the total number of civil commitments and require additional resources with the growth of the civilly committed resident population in the Special Commitment Center on McNeil Island. (Legal Services Revolving Account-State)

\* Near General Fund-State = GF-S + EJA + ELT + HSA + PFSA + PSEA + SAF + VRDE + WQA

**6. Public Records Committee Workload** - Funding is provided for costs associated with staffing the Public Records Exemptions Accountability Committee. While the Agency is able to absorb the staff costs in accordance with its fiscal note estimates, more frequent meetings result in additional travel and associated expenses.

**7. Child Long-Term Well-Being** - Additional expenditure authority is provided for legal services in the Department of Social and Health Services' Children's Administration related to Engrossed Second Substitute House Bill 3205 (Child long-term well-being). The bill requires that when a child has been in out-of-home care for 15 of the most recent 22 months, the court shall require the filing of a petition seeking termination of parental rights. (Legal Services Revolving Fund-State)

**8. Construction Industry** - Funding is provided for legal services related to Second Substitute House Bill 3121 (Construction industry). The bill requires the Department of Labor and Industries to deny an application for registration for contractors and suspend an active registration if the Department determines that the applicant has falsified information on the application, or the applicant does not have an active and valid certificate of registration with the Department of Revenue. The bill requires that a contractor shall not be allowed to bid on any public works contract for one year from the date of a final determination that the contractor has committed certain violations or infractions within a five-year period. (Legal Services Revolving Fund-State)

**9. Industrial Insurance Orders** - Funding is provided for legal services related to Engrossed Second Substitute House Bill 3139 (Industrial insurance orders). The legislation provides that an order awarding industrial insurance benefits becomes due on the date issued unless the Board of Industrial Insurance Appeals orders a stay. (Legal Services Revolving Fund-State)

**10. Port District Contracting** - Funding is provided for legal services related to Second Substitute House Bill 3274 (Port district contracting). The bill clarifies the applicability of public works competitive contracting provisions to public port districts, and requires that a port district commission establish conditions under which competitive bid requirements may be waived. Additionally, the bill creates a personal services competitive solicitation chapter for public port districts to cover consultant services and other personal services that must be procured by port districts. The bill also provides accountability requirements for public port district contracting. (Legal Services Revolving Fund-State)

**11. Wireless Number Disclosure** - Funding is provided for consumer protection legal services related to Second Substitute House Bill 2479 (Wireless number disclosure). The bill extends the wireless phone directory restrictions in current law that apply to wireless phone companies to cover any person in the business of marketing, selling, and sharing wireless phone numbers for commercial purposes.

**1. Homeownership Security** - Funding is provided to implement Substitute House Bill 2770 (homeownership security). The bill prohibits prepayment penalties that extend beyond 60 days prior to the initial reset of an adjustable rate mortgage in residential loans. The bill also prohibits negative amortization for a borrower in residential loans and the steering of consumers into higher cost loans. A framework and penalties for crimes related to mortgage fraud is established. (Financial Services-Non-appropriated Account)

**2. Residential Mortgage Loans** - Funding is provided to implement Substitute House Bill 3319 (residential mortgage loans). The bill requires a mortgage broker to act in the utmost good faith toward a borrower. The bill states that a mortgage broker is prohibited from receiving undisclosed compensation. The bill requires lenders making a residential mortgage loan shall use sound underwriting principles. The bill also limits prepayment penalties to 60 days prior to the initial reset period of an adjustable rate mortgage. The bill also establishes that in no case may a penalty exceed three years after the date of the closing of the loan. (Financial Services-Non-appropriated Account)

**1. Court Crime Victims Advocates** - Crime victim advocates work to assist people who have been victimized and to connect them with available services. Ongoing funding is provided for more sexual assault victim advocates in county superior courts. These funds shall be contracted with the 39 county prosecuting attorneys offices to support victim-witness services. The funds must be prioritized to ensure a full-time victim-witness coordinator in each county. (Public Safety and Education Account-State)

**2. Update Sexual Assault Protocols** - One-time funding is provided to update the statewide sexual assault victim assistance protocols through a coordinated effort led by the Washington Coalition of Sexual Assault Programs. (Public Safety and Education Account-State)

**3. Transitional Housing Assistance** - The Department of Community, Trade, and Economic Development (Department) is granted authority to spend additional revenues from the Home Security Fund Account to enable local housing authorities to provide additional services such as transitional housing programs. In addition, the Department is given authority to spend available fund balance in the Lead-Based Paint Account. The Lead-Based Paint Program prevents lead poisoning by providing the public with information to increase knowledge about lead-based paint hazards and the use of professional remediation. (Home Security Fund Account-State, Lead-Based Paint Account-State)

**4. Financial Fraud Year Shift** - A proviso in the 2007-09 budget provided \$500,000 in FY 2008 to initiate a financial fraud and identity theft pilot program to support the prosecution of financial fraud and identity theft cases. State funds must match grants from the private sector. To allow time for collaboration with prosecutors, law enforcement, financial institutions, and the private sector \$250,000 of the appropriation is shifted to FY 2009.

**5. Crime Victims Service Centers** - Funding is provided for Crime Victims Service Centers to continue services previously provided through the use of federal funds. (Public Safety and Education Account-State)

**6. Wave and Tidal Development** - Funding is provided for Engrossed Second Substitute House Bill 3216 (Wave/tidal energy technology). The bill requires the Department and the Energy Facility Site Evaluation Council to convene and co-chair a work group on hydrokinetic energy. The work group is responsible for developing recommendations on the creation of the Washington State Center for Excellence in Hydrokinetic Energy which is directed to support a sustainable approach to hydrokinetic energy development aimed at economic development, environmental protection and community stability.

**7. Affordable Housing for All** - Funding is provided for Second Substitute House Bill 2683 (Affordable housing for all). The bill requires the Department in consultation with the Affordable Housing Advisory Board to prepare and annually update a state Affordable Housing For All Plan, which must incorporate the strategies, objectives, goals, and performance measures of all other housing-related state plans, including the state homeless housing strategic plan and state housing programs. The bill directs all counties to prepare similar county plans, however they are given the option to decline to participate.

**8. Climate Change Impacts** - Funding is provided for Second Substitute House Bill 2797 (Climate change impacts). The bill provides that for certain counties and cities planning under the Growth Management Act the following goal is adopted: Reduce climate change impacts by lessening emissions of greenhouse gases and adapt to the effects of climate change through sustainable energy, transportation planning, and land use management practices. The Department will provide advisory climate change response methodologies and estimates to counties and cities. The goal is effective December 31, 2010.

**9. Community Land Trust FY Adjustment** - Funds are shifted from FY 2008 to FY 2009 because the competitive grant program start up took longer than anticipated.

**10. CASASTART** - Striving Together to Achieve Rewarding Tomorrows, (CASASTART) is a community-based, school-centered substance abuse and violence prevention program developed by The National Center on Addiction and Substance Abuse (CASA) at Columbia University. Funding is provided to The Neighborhood House for gang youth violence and substance abuse education and prevention through CASASTART. This program will bring together stakeholders in community schools, law enforcement agencies, social service and health agencies, and use intensive case management to work with the youth.

**11. Ind. Development Account Transfer** - The state general fund dollars appropriated during the 2007 legislative session for the Individual Development Account (IDA) Program are transferred to the Individual Development Account Program Account. This adjustment makes a technical correction as the IDA Program Account allows for a longer timeline to manage the legislature's investment in this program than do appropriations from the state general fund.

**12. Energy Efficiency** - Funding is provided for Engrossed Second Substitute House Bill 2703 (Energy efficiency). The bill directs the Department to incorporate by reference minimum energy efficiency standards for all general service incandescent lamps. Additionally, the Department of Ecology, in consultation with the solid waste advisory committee will convene a work group with representatives of the lighting industry, environmental organizations, fluorescent lamp retailers, waste haulers, lamp recyclers, and local governments to consider and make recommendations on certain general purpose light issues related to recycling and reduction of exposure to hazardous materials.

**13. Ending Homelessness** - Funding is provided for Engrossed Second Substitute House Bill 1115 (Homelessness). The bill amends the Ending Homelessness Program which was created to develop, implement, and annually update a statewide Ending Homelessness Strategic Plan and to coordinate and monitor local government Ending Homelessness plans and programs. The Ending Homelessness Program has a goal of reducing the homeless population statewide and in each county by 70 percent by July 1, 2015, and by 100 percent by 2018.

**14. Entrepreneurial Stars Program** - Funding is reduced for the Entrepreneurial Stars Program within the Economic Development Commission's budget. This program will continue to develop a plan for recruitment of entrepreneurial researchers to lead innovation research teams, and develop comprehensive entrepreneurial programs at research institutions to accelerate the commercialization process.

**15. Fire Sprinkler Systems** - Funding is provided for Substitute House Bill 2575 (Fire sprinkler systems). Requires the State Building Code Council to convene a technical advisory board group to examine issues, barriers, and incentives pertaining to private residential fire sprinkler systems. (Building Code Council Account-State)

**16. Criminal Street Gangs** - Funding is provided for Engrossed Second Substitute House Bill 2712 (Criminal street gangs). The bill establishes a temporary witness assistance program, administered by the Department's Office of Crime Victims Advocacy (OCVA). The OCVA shall work in collaboration with local prosecuting attorney's offices to determine how grant funding and assistance shall be distributed. The program is also directed to include temporary relocation and shelter services for witnesses.

**17. Growth Management Planning** - Funding is provided for Engrossed Substitute House Bill 1727 (Growth management planning). New requirements are established for the land use and housing elements of comprehensive plans adopted under the Growth Management Act. The bill expands the statutory list of innovative land use management techniques that should be provided for in comprehensive plans to include zoning for mixed-use development and accessory dwelling units.

**18. Green Collar Jobs** - Funding is provided for Second Substitute House Bill 2815 (Green collar jobs). Ongoing funding for a climate policy and technical analyst is provided in support of the state's commitments on climate change, and will work to coordinate the Department's efforts related to the energy aspects of greenhouse gas emissions and reduction strategies. Activities include participating in the Western Climate Initiative, a multi-state process to develop market-based systems for limiting greenhouse gas emissions and building climate change technical expertise. Funding is also included for the analysis under Section 8 (1) in the amount of \$50,000.

**19. Green Tax Incentives** - Funding is provided for Substitute House Bill 3120 (Construction tax exemption). The bill requires a study of the effectiveness of tax incentives to encourage green building of residential and commercial structures. By December 1, 2008 the Department of Community, Trade and Economic Development shall report to the Legislature. The Department of Revenue is directed to provide tax-related data in support of the study. The study shall identify tax incentives to encourage the construction of energy-efficient buildings; propose new sales/use tax exemptions for construction activities and B&O tax incentives for contractors and architects; provide an estimate of the fiscal cost of any proposed incentives; and provide an estimate of the potential reduction in emission reductions and cost savings for green-built structures.

**20. Offender Reentry** - Funding is reduced in FY 2008 for Chapter 483, Laws of 2007 (ESSB 6157). The bill directed the Department to conduct a pilot program of transitional housing assistance for offenders who are re-entering the community. The Department experienced a slower program startup than anticipated. Funding is reduced in the first fiscal year to reflect the amount of unspent General Fund State dollars.

**21. Housing Investments** - Funding is provided for Engrossed Second Substitute House Bill 3180 (Housing investments). The bill requires the Department to work in consultation with the Affordable Housing Advisory Board to make recommendations for strategies to reduce costs and fees for projects financed through the Housing Trust Fund. Additionally, the Department is directed to work with the Office of the Insurance Commissioner to make recommendations to reduce the cost of insurance for affordable housing units. The Housing Communities Program is created to assist non-profit organizations develop housing programs. Funding is provided in the capital budget for the Housing Trust Fund Float Loan Program to provide short-term, zero-interest or low-interest loans to eligible organizations; the Non-Profit Equity Fund Account Program to help non-profits access tax exempt bonds from the Housing Finance Commission, and the Housing Infrastructure Program.

**22. Pacific Science Center Lucy Exhibit** - Funding is provided for an exhibit called "Lucy's Legacy: The Hidden Treasures of Ethiopia". The exhibit features the 3.18 million-year-old hominid skeleton, "Lucy". The exhibit will also feature over 100 Ethiopian artifacts.

**23. Local Farms & Healthy Kids** - Funding is provided for Engrossed Second Substitute House Bill 2798 (Local food production). The bill directs the Department to create the Farmers to Food Banks Pilot Program by selecting pilot sites statewide. The funds shall be used in pilot communities for the food bank system to contract with local farmers to provide fruits, vegetables, dairy, and meat products for distribution to low-income people at locally designated food banks.

**24. Poulsbo Marine Science Center** - Funding is provided to the Poulsbo Marine Science Center for the Floating Learning Lab on Puget Sound.

**25. Small Business Incubators** - Funding is provided for Engrossed Second Substitute House Bill 3115 (Small business incubators). Requires the Department to develop a certification program for small business incubators, and that qualified small business incubators are required to collect data for each client business assisted and report back to the Department annually.

**26. Transitional Housing Assistance** - Funding is provided for the Transitional Housing, Operating and Rent (THOR) program. This program assists homeless families with case management services to help them successfully transition to permanent housing. Within the amount provided, grants must be used for: rental assistance and eligible moving expenses, case management, operating expenses of housing facilities, and administrative costs of organizations. Thirty non-profit agencies, local governments, and housing authorities provide THOR assistance to homeless families with children in 34 counties.

**27. Vancouver Arts and Parks** - Funding is provided to the City of Vancouver for the Parks and Arts Program.

**28. KCTS V-me** - Funding is provided to KCTS Public Television Seattle for its V-me Spanish language television and internet programming. This funding is in addition to an investment of \$350,000 during the 2007 legislative session and is intended to expand the service from Western and Central Washington to the Tri-Cities, Walla Walla, Pullman and Spokane areas.

**29. Justice Assistance Grants** - Additional expenditure authority is provided for the Justice Assistance and Project Safe Neighborhoods programs. These programs support activities such as multi-jurisdictional drug interdiction initiatives, regional drug task forces, and public outreach efforts to reduce gun violence. (General Fund-Federal)

**1. Monument and Artwork** - Funding is provided for annual maintenance for the World War II Memorial, Prisoner of War/Missing in Action Memorial, Medal of Honor Obelisk, Winged Victory World War I Memorial, and Korean War Memorial. (General Administration Services Account-State)

**2. Project Review Committee Admin** - Chapter 494, Laws of 2007 (2SHB 1506), modified the alternative public works statutes, adding more members to the Capital Project Advisory Review Board (CPARB) and established a new project review committee within CPARB. Ongoing funding will pay for costs to reimburse committee members for travel expenses.

**3. Balance Appropriated Business Costs** - The Department is provided additional appropriation authority for the General Administration Services Account to cover its operating expenses. The Department will work with the Office of Financial Management to conduct an analysis in order to properly balance appropriated and non-appropriated activities, and to end the cross-subsidization of business lines. (General Administration Services Account-State)

**4. High Efficiency Lighting** - Funding is provided for Second Substitute House Bill 2426 (High-efficiency lighting). The bill states that the goal of state agencies for the percentage of purchased indoor lamps that are high-efficiency lighting shall be 100 percent by January 1, 2009. The Department will prepare an annual report to the Legislature on the state's progress in meeting the goals for the purchase of high efficiency lighting.

**5. General Administration Moving Plan** - Funding is provided to plan the move of state agencies out of the General Administration Building prior to the demolition of the building to make space for the Heritage Center. All state agencies will need to be out of the building by the fall of 2009. (General Administration Services Account-State)

**1. Increased Rental Costs** - The Department of Archaeology and Historic Preservation (DAHP) staffing has grown by more than 50 percent over the last few years. To accommodate this growth, the DAHP has increased its square footage at its downtown Olympia office. Funding is provided for the increase in rental costs.

**2. Maritime National Heritage** - One-time funding is provided to begin the application process for a Maritime Heritage Area Designation from the federal government. The proposed Maritime Heritage Area would include Puget Sound, the Strait of Juan de Fuca and the outer coast. With this designation, the area will become eligible for up to \$900,000 annually in federal grants to develop and promote the region as a tourist destination.

**3. Human Remains** - Funding is provided for Engrossed Second Substitute House Bill 2624 (Human remains). The bill establishes statutory guidelines and procedures for the inadvertent discovery of skeletal human remains, and requires the DAHP to develop and maintain a centralized database of all known cemeteries and known sites of burials of human remains in Washington. Additionally, the position of the State Physical Anthropologist is created in the DAHP to assist local governments in making determinations on the status of skeletal human remains; and to provide excavation services to private landowners, as well as removal and reinterment when necessary. **1. Dependent Care Assistance Trnf #** - Beginning July 1, 2008, the Dependent Care Assistance Program, a pre-tax spending account for dependent care expenses, will be transferred from the Department of Retirement Systems to the Health Care Authority (HCA). The HCA will serve as the single state agency responsible for pre-tax benefit plans. (Medical Flexible Spending Account-Nonappropriated)

**2. Health Insurance Partnership** - Funding is provided to continue implementation of the Health Insurance Partnership (HIP), a program for employees of small business to purchase affordable health insurance. The funding level assumes the enactment of Second Substitute House Bill 2537 (Health Insurance Partnership), which provides some modifications to the program, including a delay in employee coverage by two months to March 1, 2009. A savings is realized in FY 2008 from the program delay, and the administrative infrastructure is enhanced in FY 2009. In addition, FY 2009 contains funding for a third party administrator and \$1 million for premium subsidies for low-income employees. (Health Services Account-State)

**1. Federal Funding Adjustment** - Several adjustments are made to the Human Rights Commission's (HRC) federal appropriations. The 2007-09 budget contains more federal expenditure authority for HRC than was anticipated. Funds are shifted to FY 2009 to cover decreased federal revenues. (General Fund-State, General Fund-Federal)

**2. Whistleblower Protections** - Funding is provided to implement Substitute House Bill 3193 (whistleblower protections). This bill expands existing protections for state employee whistleblowers. In cases where the file has been certified to the Human Rights Commission, if a determination is made that retaliatory action has been taken against a whistleblower, the administrative law judge may now require the agency to transfer the whistleblower at his or her request and consent to any other available position for which the whistleblower is qualified. **1. Sex Offender Address Verification** - Funds are provided to local law enforcement for in-person verification of the addresses and residency of registered sex offenders and kidnapping offenders. The funding is provided to help ensure that Level III offenders are visited every three months, Level II offenders are visited twice per year, and Level I offenders are visited annually. (Public Safety and Education Account-State)

**2. Offender Watch System** - Funding is provided for a new unified sex offender registry program. With this program, all local registration websites will be linked with the statewide notification web site. (Public Safety and Education Account-State)

**3. Sex Offender Crackdown** - Funds are provided for Operation Crackdown, which sends law enforcement units out across the state to apprehend offenders who are violating the terms of their release. (Public Safety and Education Account-State)

**4. Additional Academies** - Funds are provided for an additional five Basic Law Enforcement Academy classes with 34 cadets per class in order to meet the increased demand for basic peace officer training. (Public Safety and Education Account-State)

**5. Criminal Street Gangs** - Funding is provided to implement Second Substitute House Bill 2712 (criminal street gangs). **1. Independent Medical Exams** - Funding is provided to implement a one-year project to improve the quality and oversight of independent medical examinations. The project will focus on improvements to credentialing, appropriate use of independent medical exams, training for examiners, and recommendations for further improvements. (Medical Aid Account-State)

**2. Centers of Occupational Health** - The Legislature appropriated funds in the 2007 supplemental budget and directed the Department to open two new Centers of Occupational Health and Education. The Department has contracted with the Everett Clinic and Harborview Medical Center for this purpose. This item funds the Harborview and Everett Clinic sites through the end of the 2007-09 biennium. (Medical Aid Account-State)

**3. Electrical Prog Workload Increase** - The Department will hire additional electrical inspectors to meet rising inspection and plan review demands in central Washington. (Electrical License Account-State)

**4. Elevator Workload Increase** - The Department will hire additional elevator inspectors to conduct both initial and annual operational safety inspections. The number of new conveyances entering service outpaces the number of conveyances retired from service, creating an expanding workload that will be addressed through a staffing increase.

**5. Bill Payers - Fiscal Controls FTEs** - Funding is provided so that the Department can hire two new employees to support the Workers' Compensation Program. One will be assigned to respond to federal collection claims against the Department. The other employee will be assigned to the accounts receivable team within the Billpayers Unit to ensure proper segregation of duties in a cash-handling environment. This is a financial control to prevent fraud and reduce risk and has been recommended by the State Auditor as well as the Department's independent auditor. (Medical Aid Account-State)

**6. Construction Industry** - Funding is provided for Second Substitute House Bill 3121 (Construction industry). The bill provides a civil penalty for persons who falsify information on a contractor registration application. Additionally, it creates a public works contracting "strike" for certain contractor registration and industrial insurance violations and provides for a one-year bar from bidding on public works contracts for repeat violations. The Department is provided resources for additional contractor compliance staff and auditors, and for a social marketing campaign aimed at consumers regarding the hiring of unregistered contractors. (Accident Account-State, Medical Aid Account-State, General Fund State)

**7. Explosive License Fees** - Funding is provided for House Bill 2941 (Explosives act). This legislation directs explosive license applicants to pay the full cost of criminal fingerprint and background checks required for licensing. The legislation also increases the five different explosive license fees, and directs the fee revenue to be deposited in the Accident Account and Medical Aid Account rather than the State General Fund. Under this legislation, explosive license revenue collected by the Department will be used to fund the program's operating costs currently paid from workers compensation premiums. (Accident Account-State, Medical Aid Account-State)

**8. Industrial Insurance Orders** - Funding is provided for Engrossed Second Substitute House Bill 3139 (Industrial insurance orders). The bill provides that an order awarding industrial insurance benefits becomes due on the date issued unless the Board of Industrial Insurance Appeals orders a stay. (Accident Account-State, Medical Aid Account-State)

**9. Plumbing and Electrical Licensing** - Funding is provided for Engrossed Substitute House Bill 1597 (Plumbing and electrical lic). The bill requires persons conducting electrical, plumbing, and conveyance work to have their licenses and certificates in their possession, as well as to produce their licenses and certificates upon request. Additionally, the bill requires that licenses and certificates be wallet size, made of durable material, and include photo identification. (Electrical License Account-State, Plumbers Certificate Account-State, General Fund State)

**10. Residential Contractors Sunrise** - Funding is provided for Second Substitute House Bill 3349 (Residential contractors). The bill requires the Department of Licensing (DOL) to conduct a sunrise review of the need for regulation of contractors involved in the repair, alteration, or construction of single-family homes. The Department of Labor and Industries is required to provide any residential construction defects and related consumer complaints information to DOL.

**11. HVAC and Refrigeration** - Funding is provided for Second Substitute House Bill 2966 (HVAC and refrigeration). The bill establishes requirements for registration of Heating, Ventilation, Air Conditioning, and Refrigeration (HVAC/R) contractors, and for certification of HVAC/R mechanics and various specialty mechanics, and directs the Department to administer and enforce HVAC/R-related registration and certification requirements. **1. Investigation and Case Backlog** - For FY 2008, the Health Professions Quality Assurance Program received funding to address the backlog of complaints against regulated health care professionals. As a result, the Department of Health has reduced the open case time by 10 percent and the oldest cases by 72 percent. However, due to a 30 percent increase in investigations, the backlog continues to grow. Funding is provided to extend the FY 2008 appropriation an additional year, allowing the program to focus resources on cases that have the most effective impact to patient safety while continuing to resolve the oldest cases. (Health Professions Account-State)

**2. Family Planning Support** - Washington State's Take Charge program expands Medicaid coverage for family planning services. Program goals are to reduce unintended pregnancies and to reduce state and federal Medicaid expenditures for births from unintended pregnancies and their associated costs. More than 20,000 people lost eligibility for certain family planning and sexually transmitted disease (STD) related services from this program as a result of the Federal Center for Medicaid Services tightening eligibility rules. Additional state funding for family planning restores services to clients.

\* Near General Fund-State = GF-S + EJA + ELT + HSA + PFSA + PSEA + SAF + VRDE + WQA

**3. Drinking Water State Revolving Fund** - The Drinking Water State Revolving Fund Program primarily provides loans to public water systems for capital improvements to increase public health protection and compliance with drinking water regulations. The Department had a late program start-up and is receiving grant awards a year behind what is appropriated at the federal level. At the request of the Environmental Protection Agency, DOH will catch up to the federal cycle by applying for and receiving two awards in one federal fiscal year. These awards have both operating and capital budget components. (Drinking Water Assistance Account-Federal)

**4. Early Hearing Loss Program** - Funding is provided to replace the loss of federal funding for the Early Hearing Loss Detection Diagnosis and Intervention Program. This funding will enable the program to continue support for hearing screening surveillance and tracking to ensure all infants receive hearing screening, and those with hearing loss are referred to appropriate services. It will also provide technical assistance to hospitals, audiologists and early intervention providers who serve these infants. Contracts for tracking and surveillance system maintenance and data entry will also be funded. (General Fund-State, General Fund-Federal)

**5. Counselors Credentialing Standard** - Funding is provided for Second Substitute House Bill 2674 (Counselor credentialing). Effective July 1, 2009, all registered counselors must obtain a new health profession credential. Seven new credentials are created: Mental Health Counselor Associate, Social Work Associate, Advanced Social Work Associate, Marriage and Family Therapy Associate, Chemical Dependency Professional Trainee, Agency Affiliated Counselor, and Certified Counselor (the latter is for private practice counseling). The existing registered counselor credential, and new initial credentials for certified counselors are terminated, July 2010. The DOH must establish continuing education requirements for all renewals and is required to educate the public on the new responsibilities of therapeutic counselors. (Health Professions Account-State)

**6. Adverse Events** - Funding is provided for an adverse events notification and reporting system. Adverse events are serious reportable events that have negative consequences for patient care as defined by the National Quality Forum and adopted by the Department of Health through rulemaking. There are two types of incidents: (1) acts that result in unanticipated injury to the patient that are not included in the definition of an adverse event; and (2) acts that could have caused unanticipated injury or required additional health services. The DOH must contract with an independent entity to develop a secure internet-based system for the reporting of adverse events and incidents.

**7. Cord blood collection** - Funding is provided for Second Substitute House Bill 2805 (Cord blood collection). The bill requires the Department of Health to identify and fund a work group on expanding cord blood collection practices, and to identify an institution conducting prematurity research to participate in a pilot project with three hospitals in eastern Washington to increase the ethnic and racial diversity of umbilical cord blood units that are collected for research and transplantation.

**8. Children's Safe Products** - Funding is provided for Engrossed Second Substitute House Bill 2647 (Children's safe products). The bill prohibits all persons from manufacturing, selling, offering for sale, distributing for sale, or distributing for use, a children's product or product component that contains a certain concentration of lead, cadmium, or phthalates. The bill authorizes the Secretary of Health to establish and maintain an education campaign regarding chemicals of high concern for children. (Toxics Account-State, General Fund State)

**9. Colon Cancer Screening** - Funding is provided for colorectal cancer screening and diagnostic follow-up services that include case management and referrals for medical treatment of screened individuals. These funds will be primarily directed to low-income, uninsured, and underinsured individuals between 50 and 64 year of age, or those less than 50 with a high risk of such cancer.

**10. Genetic Counselors** - Funding is provided for Substitute House Bill 2015 (Genetic counselors). The bill establishes genetic counselors as a new health profession to be licensed by the DOH.

**11. Health Professions** - Funding is provided for Fourth Substitute House Bill 1103 (Health professions). The bill authorizes the Secretary of Health to conduct all phases of disciplinary actions regarding cases involving sexual misconduct. The Secretary of Health will conduct background checks on all applicants for an initial health care credential. The bill establishes additional reporting requirements for entities that have information about actions taken against health care providers that relate to unprofessional conduct. Additionally, four pilot projects that provide independent authority to health professions commissions are established to manage employees and carry out each commission's administrative and budgetary duties. (Health Professions Account-State, General Fund State)

**12. Medical Homes** - Funding is provided to implement a pilot project for primary care medical homes, based on the DOH's current Collaborative to Improve Health, an approach to address chronic disease management in a comprehensive and coordinated way. The project for primary care medical homes will utilize the collaborative approach to implement a medical home delivery of primary care in at least 20 practices.

**13. Rare Blood and Marrow Outreach** - Funding is provided for additional outreach efforts to help provide a more ethnically diverse blood and bone marrow supply.

**14. IT Pool Project Funding-Tech. Adj.** - A technical correction is needed to properly fund projects contained in the Information Technology Pool funded in the 2007-09 budget. (General Fund-Private/Local)

**15. Core Public Health Functions** - Federal budget cuts have resulted in reduced funding for core public health programs. Funding is provided to support functions such as coordinated care for children with maxillofacial birth defects and other anomalies, monitoring of children and adults with phenylketonuria (PKU), and early intervention for young children with delays. (General Fund-State, General Fund-Federal)

**16. Federal Cuts to Title XIX Match** - Effective December 1, 2007, federal changes in the interpretation of Title XIX Medicaid Administrative Match reduces the amount of qualified expenditures eligible for Medicaid reimbursement. The Department of Health uses Title XIX to deliver programs that serve vulnerable populations including infants, children, women, HIV/AIDS clients, and rural and underserved populations who are Medicaid eligible. These programs support prevention and early intervention. General Fund-State funds are provided to replace the lost federal funding.

**1. Services for Returning Veterans** - A growing number of soldiers are returning from conflicts in Afghanistan and Iraq. The Department of Veterans Affairs will work on-site at Fort Lewis and Madigan Hospital to link an estimated 3,360 soldiers with benefits. In addition, a county-funded Incarcerated Veterans Program will work with approximately 1,500 more veterans in King County and Pierce County jails to decrease recidivism for non-violent offenders. Funding from increased federal grants is included to expand programs helping homeless veterans return to employment and stable residences. Additional counselors will be recruited to provide therapy for veterans dealing with post-traumatic stress as they return to civilian life. (General Fund-State, General Fund-Private/Local, General Fund-Federal)

**2. Veteran's Conservation Corps** - Funding is provided to the Veteran's Conservation Corps for a 25 slot expansion. The Veterans' Conservation Corps provides veterans with volunteer opportunities on projects that help protect and restore Washington's wildlife habitat and foster opportunities for specialized education and employment.

**1. Neighborhood Partnerships** - Funding is provided for four additional community corrections officers (CCO) working in partnership with local law enforcement officers in Tacoma, Yakima, the Tri-Cities, and Clark County to hold offenders on community supervision accountable.

**2. Sex Offender Assessment Pilot** - The Department currently has five units dedicated to supervision of sex offenders (Seattle, Spokane, west Vancouver, and two in Pierce County). Funding is provided to implement the Dynamic Supervision Pilots which will add one additional CCO to each unit to specialize in intake and risk assessment, allowing existing CCOs to focus more on field visits. The additional risk assessment tool is expected to improve performance and help ensure offenders receive the appropriate services.

**3. Institutional Safety** - Funding is provided for additional staffing and electronic surveillance equipment to help increase the safety and security of Department of Corrections (DOC) facilities. (General Fund-State, Public Safety and Education Account-State)

**4. Custody Overtime Expenditures** - One-time funding is provided for additional custody overtime expenditures due to high vacancy rates.

**5. Correctional Supervisor Compression** - Implementation of the 2007-09 salary survey created salary compression and salary inversion within the custody series at DOC. Funding is provided for correctional supervisors to alleviate salary compression and inversion issues.

- 6. Correctional Worker Training** - Funding is provided for additional training space in three locations across the state.
- 7. Vehicular Homicide** - Funding is provided to implement Substitute House Bill 2621 (vehicular homicide/assault) which requires that consecutive sentences be imposed for more than one conviction of DUI vehicular assault, DUI vehicular homicide, or a combination of these convictions that arise from the same criminal conduct.
- 8. Criminal Street Gangs** - Funding is provided to implement Second Substitute House Bill 2712 (criminal street gangs). The DOC shall conduct a study and establish best practices to reduce gang involvement and recruitment among incarcerated offenders and report findings to the Legislature by January 2009.
- 9. Comm Corrections Vacancy Savings** - Through December 2007, the department has under spent in the Community Corrections program by \$2.1 million, primarily due to vacant positions. The budget for the Community Corrections program is reduced by this amount.
- 10. Treatment Beds for Violators** - Continued funding is provided for 130 chemical dependency treatment beds for offenders who have violated the terms of their community supervision.
- 11. Sex Offender Electronic Monitoring** - Funding is provided for additional sex offender electronic monitoring. Certain Level III offenders who are released from total confinement, and whose release plan indicates they may be susceptible to certain risk factors, will be monitored for up to six months. Funding is provided for 75 offenders to participate in electronic monitoring by the end of FY 2008 and 200 offenders by the end of FY 2009.
- 12. Recruit Corrections Workforce** - Funding is provided for three dedicated human resource recruitment teams (two in Eastern Washington and one in Western Washington) to improve the Department's ability to attract and retain qualified employees.
- 13. Teamsters' Collective Bargaining** - Funding is provided to implement the economic provisions of the collective bargaining agreement negotiated with the Teamsters. Select employees covered under this agreement receive targeted increases effective July 1, 2008 to address recruitment and retention issues.

**1. Family Medical Leave Implementation** - Chapter 357, Laws of 2007 (E2SSB 5659), established a family leave insurance program that allows parents to bond with a newborn or newly adopted child by providing temporary income for up to five weeks. The Employment Security Department (ESD) will administer claims and pay benefits from the premiums collected and deposited into the Family Leave Insurance Account. Funding is provided to develop and implement a computer system to process and accept claims and administer the family leave insurance program.

**2. Field of Dreams Program** - Funding is provided for Engrossed Substitute House Bill 2082 (Field of dreams). The ESD will administer the Field of Dreams Program. In addition to this funding, the Higher Education Coordinating Board receives \$375,000 in FY 2009 to support purchase of Guaranteed Education Tuition units for program participants.

**3. Align FTEs and Revenue** - Federal revenue received by the ESD has declined. This item adjusts federal expenditure authority and FTE staff to align with expected revenue. (Unemployment Compensation Account-Federal)

**4. Continuity of Services to Clients** - One-time Reed Act funding is provided to bridge the gap between expected federal funds and the operating costs to maintain services to clients. The ESD's federal allocations for FY 2008 were lower than anticipated, and federal fund balances from previous grant years are exhausted. (Unemployment Compensation Administration Account-Federal, Employment Services Administrative Account-State)

**5. Move from Lakewood Facility** - One-time Reed Act funding is provided for relocation of the WorkSource office in Lakewood. The current WorkSource facility does not meet Americans with Disabilities Act requirements, safety standards, or the ESD's service delivery needs. (Unemployment Compensation Account-Federal)

**6. Call Center Upgrades** - One-time Reed Act funding is provided to purchase hardware and software to ensure the ongoing, reliable operation of the telecenters. Hardware and software upgrades include the replacement of the interactive voice response system (IVR), new servers, private branch exchange upgrade (forwards call to the IVR), on-hold messaging replacement, and new terminals for call center staff. - 1. Supervised Visitation** - The number of court-ordered supervised visits between parents and children involved in dependency hearings has increased. Funding is provided to pay for the increased service hours being provided by contractors. (General Fund-State, General Fund-Federal)
- 2. Expedite 30-Day Visit Phase-in** - One-time funding is provided to expedite the phase-in of staff by May 2008 to achieve the goal of face-to-face contact with children, parents, and/or caregivers every 30 days, for both in-home dependencies and out-of-home placements. (General Fund-State, General Fund-Federal)
- 3. Safety Assessments** - Funding is provided to conduct comprehensive safety assessments of high-risk families receiving in-home child protective services or family voluntary services. These safety assessments will use validated assessment tools to guide intervention decisions through the identification of additional safety and risk factors. (General Fund-State, General Fund-Federal)
- 4. Build in Federal Grant Authority** - The Children's Administration received additional federal funding authority from the U.S. Department of Health and Human Services to support the infrastructure of monthly caseworker visits as well as one-time local funding from the Casey Family Foundation to expedite implementation of the practice model. (General Fund-Federal, General Fund-Private/Local)
- 5. Additional Licensing Staff** - Funding is provided to the Division of Licensed Resources to hire 15 additional licensors to address licensing backlog and allow for smaller licensing caseloads. (General Fund-State, General Fund-Federal)

- 7. Specialized Foster Parent Class** - Funding is provided for Engrossed Second Substitute House Bill 3145 (foster parent licensing), which implements a specialized licensed foster parent program in two geographical areas with high concentrations of high-needs children in foster care. The specialized foster parent class will receive a monthly stipend, training, and professional consultation. The bill also grants collective bargaining rights to specialized foster parents. (General Fund-State, General Fund-Federal)
- 8. One-time FTE Savings** - The Children's Administration has not hired staff as quickly as was budgeted for FY 2008; therefore, they have one-time under expenditures in this category. (General Fund-State, General Fund-Federal)
- 9. Foster Youth Education** - Funding is provided to implement Section 4 of Substitute House Bill 2679 (students in foster care), which authorizes two school district-based foster care recruitment pilots in one or more school districts with a high number of Child Protective Services removals and out-of-home placements. Funding is also provided for contracted educational advocates to assist foster children in succeeding in school. (General Fund-State, General Fund-Federal)
- 10. Child Long-term Well-being** - Engrossed Second Substitute House Bill 3205 (child long-term well-being) requires the court to direct the filing of a petition to terminate parental rights when a child has been in foster care for 15 of the past 22 months. Funding is provided to the Children's Administration to reimburse the Office of the Attorney General for the increased workload due to the requirements of E2SHB 3205. (General Fund-State, General Fund-Federal)
- 11. Additional CHET Screeners** - The Children's Administration undertakes a screening of all children who are in out-of-home care for 30 days or longer called the Child Health Education and Tracking (CHET) screen. Funding is provided for 12 additional staff to perform CHET screens. (General Fund-State, General Fund-Federal)
- 12. Multi-Dimensional Treatment Care** - Funding is provided for a multi-dimensional treatment foster care program to recruit foster homes that have the tools to serve children with high behavioral and emotional needs. (General Fund-State, General Fund-Federal)
- 13. Sibling Visits** - Funding is provided for the Children's Administration to contract with non-profit organizations to facilitate twice-monthly visits between siblings living apart from each other in out-of-home care. (General Fund-State, General Fund-Federal)

**1. System Transformation Initiative** - Funding is provided for a facilitator to assist the Mental Health Division in conducting a review and developing recommendations on ward sizes and ward patient case mix at Eastern and Western State Hospitals. In addition, the review and recommendations shall include discharge practices for all three state psychiatric hospitals and community placements for adults and children. Representation from regional support networks (RSN) shall be included in the development of recommendations for discharge practices and community placements. Recommendations shall be provided to the Legislature by October 15, 2008.

**2. Laundry Fire Increased Costs** - Laundry services are being performed at Rainier School as a result of a fire in the laundry at Western State Hospital (WSH). WSH is incurring additional costs in labor, rental equipment to transport laundry, and fuel to maintain laundry services. One-time funding is provided to cover the increased operating costs.

**3. Utter Request Legislation \*** - This legislation would amend RCW 10.01.160 to clarify that not all evaluation or treatment services a criminal defendant receives while committed to a state hospital under RCW 10.77 are directly related to prosecuting the individual. It will clarify that only the direct costs related to court-ordered competency evaluation and reporting are not subject to payment by the committed individual. Clarifying language will allow DSHS to resume collecting from criminal defendant patients for the costs associated with evaluating and treating their mental illness. (General Fund-State, General Fund-Federal, General Fund-Private/Local)

**4. Pierce Transition Fee for Service** - Funding is provided to enable the DSHS to contract with the Pierce County Human Services for the provision of community mental health services to include crisis triage, evaluation and treatment, and mobile outreach crisis services. This item is the state-only component of the transition to fee-for-service caused by Pierce County opting out of renewing its RSN contract.

**6. RSN Rate Adjustment** - Funding is provided to increase the Regional Support Network (RSN) capitation rates to the bottom of the actuarially sound rate ranges. The Mental Health Division administers mental health services under the federal 1915B waiver which requires it to maintain compliance with the federal Balanced Budget Act (BBA). The BBA requires that managed care capitation rates are actuarially sound. (General Fund-State, General Fund-Federal)

**7. 2690 Mental Health First Aid** - One-time funding is provided pursuant to Substitute House Bill 2690 (mental health first aid), for a mental health first aid train-the-trainer program. The course will teach participants how to train others to recognize the symptoms of mental disorders; to determine possible causes or risk factors; to give appropriate initial help and support to a person suffering from a mental health disorder; and to recognize a mental health crisis and take appropriate action.

**8. Non Medicaid Cost Study** - Funding is provided solely for a mental health non Medicaid cost study and the development of a budgeting tool in partnership with the Washington State Institute for Public Policy. Washington State Institute for Public Policy and the Mental Health Division shall work in consultation to establish methodology and parameters for the study. The cost analysis shall include Regional Support Network cost differentials according to urban and rural settings. A review of the prevalence of mental illness and the effects of involuntary inpatient treatment on outpatient care shall also be considered. A final report is due to the legislature by December 1, 2008.

**9. Study on Residential Drift** - Funding is provided for a review of residential drift in partnership with Washington Institute for Mental Illness Research and Training. A statewide analysis shall be conducted of the county of origin for patients placed in Eastern and Western State Psychiatric Hospitals and the concentration of people with severe and persistent mental illness in communities proximate to these hospitals.

**10. State Hospital Staffing** - Funding is provided to pilot a direct care nurse staffing plan to improve patient and staff safety. (General Fund-State, General Fund-Federal, General Fund-Local)

**11. Behavioral Intervention Training** - Funding is provided for the implementation of behavior intervention training that teaches direct care hospital staff to identify precursors that lead to behavioral disruptions. De-escalation techniques are used in an effort to reduce the use of seclusion and restraint and the resulting number of staff and patient injuries associated with these types of aggression management.

**1. Keep Children Out of Institutions** - The Division of Developmental Disabilities' new comprehensive assessment tool will identify families who are eligible for Home and Community Based Services and who are most likely to request an out-of-home placement for their children. Those families will receive coordinated in-home support services, such as minor home or vehicle adaptations, respite, therapies, and intensive behavior management training for the family, other caregivers, or school staff. (General Fund-State, General Fund-Federal)

**2. Adult Family Home FY09 Vendor Rate** - Chapter 184, Laws of 2007 (ESHB 2111), gave adult family home owners the ability to collectively bargain their rates. Since the owners did not elect a representative by October 1, 2007, bargaining did not take place. The rate for adult family homes is increased by 5.8 percent, rather than 2.0 percent in FY 2009. As recommended by the Joint Legislative Task Force on Long Term Care Residential Facility Payment Systems, a portion of this funding is to help address increasing liability insurance costs. This makes a 9.0 percent overall rate increase in the 2007-09 fiscal period. (General Fund-State, General Fund-Federal)

**3. LTC Taskforc- AFH 17 levels of care** - Funding is provided to update the cost base for the community residential long term care payment systems. As recommended by the Joint Legislative Task Force on Long Term Care Residential Facility Payment Systems, funding is also provided to begin a phase-in implementation of a payment system for 17 CARE levels that will more closely reflect the acuity of the client regardless of the care setting. Total vendor rate increases for the 2007-09 biennium for assisted living/boarding homes are between 3.0 - 6.0 percent depending on whether they are boarding homes, adult residential centers, or enhanced adult residential centers. In-home providers who live with their clients and contract with the Department of Social and Health Services to provide direct care services to the disabled and elderly are now paid for services that were previously denied including laundry, meal preparation, and shopping. (General Fund-State, General Fund-Federal)

**5. One-time Savings in Community Serv** - The Division of Developmental Disabilities has not filled the home and community-based waiver slots as quickly as was budgeted for FY 2008. In addition, the average daily cost for clients with community protection issues is lower than anticipated. Therefore, there is one-time savings in this category. (General Fund-State, General Fund-Federal)

**6. Education for Children** - Funding is provided to the Department of Social and Health Services (DSHS) to fulfill its contracts with the school districts under chapter 28A.190 to provide transportation, building space, and other support services as are reasonably necessary to support the educational programs of students living in Residential Habilitation Centers. (General Fund-State)

**7. **1. Nursing Home Vendor Rate Increase** - Funding is provided to nursing homes for a vendor rate increase for FY 2009. The vendor rate increases are funded at 5.0 percent for direct care, a 3.5 percent for support services, a 1.4 percent for therapy care, and a 0.6 percent for operations. The overall vendor rate increase for nursing facilities is 7.3 percent for the 2007-09 biennium and includes cost rebasing and inflationary adjustments to the estimated state-wide weighted average for fiscal year 2009.

**2. Adult Family Home FY09 Vendor Rate** - Chapter 184, Laws of 2007 (ESHB 2111), gave adult family home owners the ability to collectively bargain their rates. Since the owners did not elect a representative by October 1, 2007, bargaining did not take place. The rate for adult family homes is increased by 5.8 percent, rather than 2.0 percent in FY 2009. **3. LTC Task Force Initiatives** - The Governor's Long Term Care Task Force recommended support for long-term care services that allow care to be given in the least restrictive environment whenever possible. Engrossed Second Substitute House Bill 2668 (long-term care programs) concurs with this. An additional 400 unpaid caregivers will receive services such as respite and training to help them to continue providing care for elderly, vulnerable, and developmentally disabled relatives in their own homes. In addition, funding is provided for adult protective services teams to conduct fatality reviews of deaths under suspicious circumstances to improve the safety of vulnerable senior citizens. These reviews will be conducted when the death of a vulnerable adult appears to be related to abuse, abandonment, exploitation, neglect, or self-neglect. (General Fund-State, General Fund-Federal)

(General Fund-State, General Fund-Federal)

**5. LTC Taskforce- NH payment system** - Funding is provided for the Aging and Disability Services Administration to develop a proposal for a simplified nursing facility payment system that will be submitted to the Joint Legislative Task Force on Long Term Care Residential Facility Payment Systems. Funding is provided for 1.0 Project Manager and 1.0 Aging and Disability Services Administrator to coordinate with stakeholders, facilitate proposal development, oversee a cost benefit analysis, and to develop proposed rules. Funding is also provided for the DSHS to contract for a study on the costs and benefits of moving to a fair rental system. The study will be due to the task force by July 1, 2009.

**6. State-wide Weighted Ave Adjustment** - The 2007-09 budget appropriated \$8.8m GF-S and \$9.3m GF-F for nursing facilities in FY 2009. Due primarily to increased acuity levels among clients, the state-wide weighted average for FY 2008 was overrun. Funding is moved from FY 2009 to FY 2008 to cover the over expenditures.

**7. Shared Living Lawsuit** - Authorized service hours for in-home care providers who live with their clients are increased to comply with a Washington State Supreme Court decision that invalidated WAC 388-106-0130(3)(b), informally referred to as the Shared Living Rule. In-home providers who live with their clients and contract with the Department of Social and Health Services to provide direct care services to the disabled and elderly are now paid for services that were previously denied, including laundry, meal preparation, and shopping. (General Fund-State, General Fund-Federal)

**8. Traumatic Brain Injury** - Funding is provided to implement Chapter 356, Laws of 2007 (2SHB 2055), which created the Washington Traumatic Brain Injury Strategic Partnership Advisory Council (Council). The DSHS is required to provide staff support to the Council and, in collaboration with the Council, a public awareness campaign to promote awareness of traumatic brain injuries (TBIs) through all forms of media, including television, radio, and print. Additionally, the Department is required to provide funding to programs that facilitate support groups to individuals with TBIs and their families. Activities are funded by a dedicated account established under the legislation, which is supported by an additional \$2 fee on traffic infractions. (Traumatic Brain Injury Account-State)

**9. Long Term Care Worker Training** - Engrossed Substitute House Bill 2693 (long-term care workers) establishes, beginning January 1, 2010, a new program of training and a registry for long term care workers.

**10. Kinship Navigation and Support** - Funding is provided for Area Agencies on Aging (AAA), or entities with which AAAs contract, for two additional Kinship Navigators. Services are provided to grandparents and other kinship caregivers and include connecting families with community resources and assisting them in navigating the system of services for children in out-of-home care, thus diverting children from entering foster care. Funding is also provided for a one-time evaluation of the Kinship Navigator program.

**1. Transfer Program Funding to DEL** - Funding is transferred from the Department of Social and Health Services (DSHS) to the Department of Early Learning (DEL) for services now delivered by DEL.

**2. IRS Collections Distribution Change** - The Deficit Reduction Act (DRA) changed the provisions regarding the distribution of child support. This summer the Office of Child Support Enforcement clarified that beginning October 1, 2008, Internal Revenue Service tax refunds intercepted by the Division of Child Support (DCS) must first be distributed to any debts owed to families. This change affects DCS retained support collections. Funds are provided to maintain DCS at current operating levels. (General Fund-State, General Fund-Federal)

**3. Federal Audit Requirements** - The Center for Medicaid and Medicare Services (CMS) is currently engaged in audits authorized by federal legislation to combat fraud, abuse and waste within the Medicaid program. DSHS is required to review a sample of cases to determine eligibility accuracy, as well as accommodate additional billing and payment audits. It is anticipated the audits will eventually improve payment error rates and lower forecasted expenditure growth. While reductions in the forecast are not anticipated to be large, beginning in FY 2008, they will offset the anticipated expenditures required to comply with federal audits. These audits, when combined with existing efforts from CMS, the Office of the Inspector General, and the State Auditor's Office, require additional coordination and vendor relations management. Funding is provided to improve audit coordination within the Medicaid portfolio. (General Fund-State, General Fund-Federal)

**4. Add 5 SSI Facilitators** - Funding is provided for 5 supplemental security income facilitators to reduce length of stay for clients on general assistance. (General Fund-State)

**5. Immigration and Naturalization** - Funding is provided for increased costs and requirements associated with immigration and naturalization. (General Fund-State)

**6. Food Stamp Gross Income Limits** - Funding is provided to increase gross income limits for food stamp eligibility to 200 percent of the federal poverty limit. (General Fund-State, General Fund-Federal)

*Comments:*

**1. Fund Adjustment** - Program costs are shifted between the state general fund, the Violence Reduction and Drug Enforcement Account (VRDE) and the Public Safety and Education Account (PSEA).

**2. Youth Residential Treatment** - Funding is provided to the the Division of Alcohol and Substance Abuse (DASA) to reach its targeted goal of 111 additional youth receiving intensive inpatient treatment. The 2007-09 budget assumed an average cost of \$4,224 per youth served. This assumption is adjusted to \$7,493 based upon the estimated cost of available treatment beds. (General Fund-State)

**3. Prometa Treatment Services** - Funding is removed from the Division of Alcohol and Substance Abuse (DASA) to contract with Pierce County for a pilot program of family therapeutic court services using the Prometa treatment protocol. (General Fund-State)

**4. CWCMH Youth Inpatient Treatment** - Funding is provided for Central Washington Comprehensive Mental Health's Children's Co-Occurring Disorders Inpatient Program. The facility is scheduled to open in January 2009. Funds will provide availability of Level 3 treatment beds to youths with co-occurring disorders. (General Fund-State)

**5. Federal Funding Authority** - Federal funding authority is adjusted to reflect anticipated grant receipts for the Access to Recovery (ATR) grant and the Strategic Prevention Framework-State Incentive Grant (SPF-SIG). Both grants have been awarded to the state in previous years. (General Fund-Federal)

**1. Nurse Hotline for Foster Parents** - A 24-hour nurse hotline is established to provide access to foster parents for medical consultation and advice to assist them with emerging medical issues for children in their care. (General Fund-State, General Fund-Federal)

**2. Healthy Options Premium Growth** - A savings results from an adjustment in the forecast to reduce calendar year 2009 Healthy Option premium increases from 5.0 percent to 2.35 percent. This level of growth is consistent with anticipated trends in Healthy Options premiums. (General Fund-State, Health Services Account-State, General Fund-Federal)

**3. Federal Audit Requirements** - Funding is provided for additional staff to improve audit coordination within the Medicaid portfolio, necessary to accommodate new audit initiatives by the Centers for Medicaid and Medicare Services (CMS). A net savings results from the new federal audits. (General Fund-State, General Fund-Federal)

**4. Continuity of Medical Asst - Study** - Funding is provided to study mechanisms to establish or re-establish medical assistance eligibility most expeditiously for persons who have been incarcerated in a correction facility or an institute for mental diseases and who may be eligible for medical benefits once leaving confinement. (General Fund-State)

**5. Lead Blood Level Testing** - Funding is provided to address federal guidelines that all Medicaid-eligible children under 21, depending on age and risk factors, should receive a lead blood level assessment. (General Fund-State, General Fund-Federal, Health Services Account-State)

**6. Cover All Kids Outreach Adjustment** - Funding is shifted from FY 2008 to FY 2009 to accommodate a delay in the development and use of "high value" lists used for outreach, including lists of households receiving food and childcare assistance for which the children are not already enrolled in Medicare. (General Fund-State)

Prior to September 1, 2007, these services were reimbursed using solely the federal Medicaid appropriation. Funding was transferred to the Office of the Superintendent of Public Instruction (OSPI), which served as the reimbursing agent. In 2007, CMS required that as a condition of receiving federal funding for these services, the DSHS must serve as the reimbursing agent and that providers submit claims directly to the DSHS. Claims must be reimbursed using the appropriate state matching funds participation rate. (General Fund-State, General Fund-Federal, Health Services Account-State)

**1. Braam Oversight Panel** - The resolution of the Braam lawsuit regarding foster children requires an oversight panel to monitor Department of Social and Health Services compliance with the terms of the settlement agreement. Previously this panel was funded by grants from the Casey Foundation. However, as of January 1, 2008, that funding has ended, and DSHS will have to pay for the panel's operating expenses

**2. Local Grant Authority** - A number of Annie E. Casey and Braam Panel grants have been renewed over the course of several years. The increased local expenditure authority is now anticipated and included in the Department's budget rather than treated as unanticipated receipts when the grants are received. (General Fund-Private/Local)

**3. IT Pool Project Funding-Tech. Adj.** - A technical correction is made to properly fund projects assumed in the Information Technology pool that are included in the 2007-09 biennial budget. (General Fund-Federal)

**4. Payment System for Providers** - The Department contracted for a feasibility study on the implementation of a more flexible payment system for independent home care providers and others who collectively bargain for wages and benefits. Funding was requested to purchase services from a commercial payroll service vendor to include hosted payroll applications and additional payroll services. The system would continue to rely on the current Social Service Payment System until it is replaced by ProviderOne. The current projected timeline assumes that the system will not be implemented until fiscal year 2010. It is anticipated in the feasibility study that once the ProviderOne system is implemented, an additional interface will be required. Funding is provided for a project management team and one information technology FTE to develop a project plan, timeline, and budget plan. Strong consideration should be given to the current progress on the ProviderOne payment system. (General Fund-State, General Fund-Federal)

**1. Civil Commitment Workload** - Successful prosecution of sexually violent predators (SVP) is fundamental to creating safer communities. Additional resources are provided to support the Office of the Attorney General in this critical endeavor. Although workload related to new prosecutions is expected to eventually decline, the number of new SVP civil commitment cases in the near term is expected to remain high. Casework associated with the SVP population includes annual review hearings, release trials, and conditional release placements. These matters are proportional to the total number of civil commitments and require additional resources with the growth of the civilly committed resident population.

**2. Attorney General Funding** - Additional legal staff are needed to support the increase in provider overpayment appeals within the Health and Recovery Services and Aging and Disability Services administrations. **1. Make Lake Roosevelt Water Available** - Funding is provided to implement Second Substitute House Bill 3309 (Columbia river water). \$2.0 million is provided on a one-time basis for distribution to selected Northeast Washington local governments to mitigate possible adverse impacts from the loss of available water from a drawdown of Lake Roosevelt water levels. An additional \$150,000 is provided on a one-time basis for the Department of Ecology to retain a contractor to study associated water rights impacts. (Columbia River Water Delivery Account-State)

**2. Kittitas County Groundwater Study** - Senior water right holders in the upper Kittitas region of Central Washington are concerned that new drinking-water wells drilled each year could put their own water rights at risk during times of drought. A groundwater study will be conducted by the Department and Kittitas County to determine the impacts of new well construction on the aquifer and nearby surface waters. Ongoing funding is provided for Kittitas County's participation in the study. The Department shall develop a statewide approach and action plan to conduct ground water studies.

**3. Pulp and Paper Mill Energy Study** - One-time funding is provided to coordinate with the University of Washington to assess the current energy profile of Washington state pulp and paper mills. The energy consumption and energy generation capability will be determined for both steam and electrical power. In addition, the sources and types of fuels used in various boilers will be assessed.

**4. Children's safe products** - Funding is provided to implement Second Substitute House Bill 2647 (Children's safe products). The bill prohibits all persons from manufacturing, selling, offering for sale, distributing for sale, or distributing for use, a child's product or product component that contains a certain concentration of lead, cadmium, or phthalates. The bill requires the Department to identify high priority chemicals and, of those, chemicals that are of high concern for children. In addition, the bill requires manufacturers to file an annual notice with the DOE regarding chemicals of high concern found in their children's products and to notify retailers of recalls of their children's products. The Secretary of Health is also authorized to establish and maintain an education campaign regarding chemicals of high concern for children. (State Toxics Control Account-State)

**5. Green Collar Jobs** - Ongoing funding is provided to implement Second Substitute House Bill 2815 (green collar jobs). The Department is directed to develop and implement a program to limit statewide greenhouse gas emissions and to adopt rules requiring a reporting system to monitor greenhouse gas emissions. The Department is authorized to develop a design for a regional multisector market-based system to limit and reduce greenhouse gas emissions. The bill creates a green collar job training account to train and transition workers to clean energy jobs. In addition, the Department of Transportation is directed to provide recommendations to reduce annual per capita vehicle miles traveled.

**6. Lead-containing products** - Funding is provided to implement Second Substitute House Bill 2882 (lead-containing products). The bill prohibits manufacturers and wholesalers from selling a lead-containing product at retail in this state, to a retailer in this state, or for use in this state, unless the product is labeled to show the percent content of lead. The Department is authorized to adopt rules to implement the bill. A fine of up to \$1,000 for each violation in the case of a first violation and up to \$5,000 for each repeat violation is authorized. (State Toxics Control Account-State)

**7. Beach Management Districts** - Funding is provided to implement House Bill 3186 (beach management districts). The bill creates a statutory scheme for beach management districts by emulating requirements for lake management districts. The Department is authorized to provide technical assistance to community groups and county and city legislative authorities requesting assistance with the development of beach management programs. The Department is required to select two districts located in a county with a population of one million or more to control and remove aquatic plants or vegetation.

**8. Walla Walla Environmental Center** - Funding is provided for a grant to Walla Walla Community College's Water and Environmental Center.

**9. Assess/Clean Up Hanford Groundwater** - The U.S. Department of Energy has reprioritized cleanup work at the Hanford Nuclear Reservation, with a new emphasis on risk assessment and groundwater cleanup. Ongoing funding is provided for risk assessments and hydrogeological investigations in support of integrated cleanup and closure of the 18 Hanford tank farms and 30 surrounding contaminated areas consisting of over 1,000 individual waste disposal sites. These efforts, which are fully covered by new federal funding and fee-generated revenue, will enhance the state's ability to assess the risks to, and its ability to protect, human health and the environment. (General Fund-Federal; State Toxics Control Account-State)

**10. Standby Rescue Tug** - Funding is provided for the standby rescue tug stationed at Neah Bay for 235 days during the winter months to reduce the risk of a catastrophic oil spill. Since 1999, the tug has responded 34 times to ships losing power or steering, or experiencing other problems. Chapter 346, Laws of 2007 (2SHB 1488) provided funding for a standby rescue tug for FY 2008, in anticipation of federal legislation establishing a permanent, industry-funded tug at the entrance of the Strait of Juan de Fuca, but no state funding was appropriated for FY 2009. Federal funding has not been provided. One-time funding of dedicated accounts is provided for the remainder of the biennium. (Oil Spill Response Account-State, Coastal Protection Account-State)

**11. Covenants for Cleanup Sites** - Chapter 104, Laws of 2007 (environmental covenants), establishes new requirements in situations where environmental covenants (a form of deed restriction) are used to control the future use of toxic cleanup sites. Ongoing funding is provided to implement this bill, which includes the bill's requirements for the Department to inspect toxic cleanup sites. (State Toxics Control Account-State)

**12. Maintain Well Construction Services** - The Department and local health departments regulate well construction and decommissioning to protect public health and groundwater resources. The Department has experienced an increase in the volume of well drilling over the past four years and has begun the process of merging its well construction and licensing data systems to improve data accessibility and system reliability. A combination of one-time and ongoing funding is provided to improve customer service and license processing. (Reclamation Account-State)

- 1. Conservation Resource Management** - One-time funding is provided to support conservation resource management.
- 2. Move Livestock Projects to Capital** - The current appropriation authority from the Water Quality Account and the timing and duration of construction projects are not always concurrent. To address this incongruity, funding for these projects is shifted from the 2007-09 operating budget to the 2007-09 capital budget (Project Number 2008-4-001). (Water Quality Account-State)
- 3. Livestock Nutrient Cost Share** - One-time funding is provided for livestock nutrient program cost share for the poultry industry. (Water Quality Account-State)

**1. PS Steelhead ESA listing** - The Puget Sound steelhead was listed under the federal Endangered Species Act (ESA) in May 2007. One-time funding is provided for the Department to jointly develop a harvest and hatchery Resource Management Plan (RMP) with tribal co-managers by the spring of 2008. Once the RMP is developed and implemented in Puget Sound, both recreational steelhead fishing and hatchery production can continue.

**2. Selective Fisheries - Chinook** - State fishery managers' first obligation is to meet the conservation goals of fish stocks, especially those listed under the federal Endangered Species Act. Selective recreational salmon fisheries in the Puget Sound area help protect naturally spawning wild listed fish, while providing harvest opportunity for hatchery stocks. Ongoing state funding for additional selective fisheries is provided contingent upon receipt of federal match funding.

**3. Colville Partnership Initiative** - The Department is provided one-time funding to implement a pilot project with the Confederated Tribes of the Colville Reservation to develop expanded recreational fishing opportunities on Lake Rufus Woods and its northern shoreline. The Department will also conduct joint enforcement of lake fisheries on Lake Rufus Woods and adjoining waters, pursuant to state and tribal intergovernmental agreements developed under the Columbia River Water Supply Development Program.

**4. Skagit Tidegates** - The Skagit Drainage and Fish Initiative provides an opportunity for the agricultural community, federal agencies, the Department, and tribes to work collaboratively toward meeting the needs of all participating parties. These agreements directly support the Puget Sound Chinook Salmon Restoration Plan. A combination of one-time and ongoing funding will provide resources to link estuarine and delta watercourse habitat restoration with tidegate and drainage infrastructure maintenance.

**5. Derelict Fishing Gear** - Contingent upon match funding from Canada, one-time funding of \$50,000 is provided for the Department to work with the Northwest Straits Commission to provide training to the British Columbia Ministry of Environment and other Canadian partners on methods used to remove derelict gear in marine waters along the United States and Canada border. Upon completion of the training, ongoing funding of \$100,000 is provided for the Department to work with the Northwest Straits Commission to remove derelict fishing gear in Washington waters.

**6. Beebe Springs** - Expenditure authority is provided to expend the proceeds from the sale of the upper 20-acre parcel of the Beebe Springs property. This one-time expenditure will be spent to develop the Beebe Springs natural interpretive site.

**7. Damage to Livestock from Wildlife** - Ongoing funding is provided to implement Second Substitute House Bill 1147 (damage to livestock from wildlife). The bill expands the wildlife damage crop compensation program to include damage done to livestock by cougars, wolves and bears. In addition, the bill creates the Commercial Livestock Valuation and Appeals Committee to determine the fair market value of killed or damaged livestock.

**8. Restoration of Wiley Slew** - One-time funding is provided for stream channel restoration of Wiley Slough to enhance fish passage.

**9. Orca Whale Protection** - One-time funding is provided to implement Second Substitute House Bill 2514 (orca whale protection). The bill prohibits people and their vessels from being within 300 feet of any southern Orca whale, or feeding any southern Orca whale without an express exemption. In addition, the bill requires the Washington State Parks and Recreation Commission and the Washington Department of Fish and Wildlife to disseminate information about the prohibitions, exemptions, and other regulations regarding southern Orca whales.

**10. Hydraulic Project Approval Review** - One-time funding is provided for a review of the effectiveness of the Department's existing hydraulic project approval process and outcomes.

**11. Beach Management Districts** - One-time funding is provided to implement House Bill 3186 (beach management districts). The bill creates a statutory scheme for beach management districts by emulating requirements for lake management districts. The Department is authorized to provide technical assistance to community groups and county and city legislative authorities requesting assistance with the development of beach management programs. The Department is required to select two districts located in a county with a population of one million or more to control and remove aquatic plants or vegetation.

**12. Ebey Island** - Ongoing funding is provided for Ebey Island property management costs, including local drainage district fees and noxious weed control.

**1. Action Agenda Development** - Chapter 341, Laws of 2007 (Puget Sound Partnership) established the Puget Sound Partnership to lead efforts to protect and restore the Puget Sound. Statute directs the Partnership to create a long-term action agenda by September 1, 2008, that identifies and prioritizes actions for restoring Puget Sound by 2020. One-time funding is also provided for the Partnership to engage in consultation with government, public and stakeholder involvement, and scientific review of proposed actions. To the extent funding allows, the Partnership shall also pursue increased levels of stakeholder and public engagement. (Water Quality Account-State, State Toxics Account-State)

**2. Puget Sound Toxic Pollution Sources** - Toxic contaminants continue to be discharged into Puget Sound. Funding is provided to analyze contaminated sources to develop mitigation priorities. One contamination source is air-pollution fallout into marine waters. One-time funding is provided to estimate the contribution of priority toxic chemicals deposited in Puget Sound and nearby watersheds from fuel-related air emissions. (State Toxics Account-State)

**3. Puget Sound/Coastal Monitoring** - Funding is provided for an outcome-monitoring program to establish a baseline and determine progress toward salmon recovery, and restoration of the health of Puget Sound by 2020. The Partnership, in consultation with the Department of Ecology, shall use a standard monitoring and sample collection process and utilize information from other entities, such as volunteer groups, other state agencies, and local governments. A combination of one-time and ongoing funding is provided to plan, establish, and begin a statistically valid sampling program in Puget Sound and on Washington's coastline. **1. Aquatic Endangered Species Act** - One-time funding is provided for the Department to coordinate with the Puget Sound Partnership to complete a final Habitat Conservation Plan (HCP) for state-owned aquatic lands and an Environmental Impact Statement by June 2009. Two FTEs will provide additional scientific and data/information analysis support. A HCP will create a framework for protecting endangered species, which provides certainty to the Department regarding its aquatic land activities, such as leases, reserves, geoduck harvest, and marina operations. Implementation of the HCP will begin in June 2009. (Aquatic Lands Enhancement Account-State)

**2. Community and Urban Forestry** - Ongoing funding is provided to implement Substitute House Bill 2468 (community and urban forestry). The bill changes the authority for the Department to conduct a community and urban forestry program from discretionary to mandatory. In addition, the bill requires the Department to develop and conduct inventories and assessments of community and urban forests.

**3. WA Geological Survey** - Ongoing funding is provided to implement Substitute House Bill 2471 (Washington geological survey). The bill expands the duties of the Department of Natural Resource's state geological survey and renames it the Washington Geological Survey.

**4. Beach Management Districts** - Funding is provided to implement the provisions of Second Substitute House Bill 3186 (Beach Management Districts). The bill creates a statutory scheme for beach management districts similar to those for lake management districts.

**5. Emergency Fire Suppression** - One-time funding is provided for fire suppression activity for incurred and \$1.0 million of anticipated costs during FY 2008, in excess of the Department's existing fire suppression appropriation of approximately \$18.0 million per year. (General Fund-State, General Fund-Federal)

**6. Forest Practices Federal Backfill** - To address declining federal dollars, funding is provided from the newly created Forest and Fish Support Account to allow tribes to continue their implementation activities, such as forest practice reviews, scientific studies, and interagency coordination. These funds will also enable the Department to implement additional Forest and Fish Report projects. (Forest and Fish Support Account-State)

Washington State University will also assist the Washington State School Directors' Association in developing a statewide model policy for integrated pest management. (General Fund-State)

**10. LEAP Bilingual Educator Prg** - Funding is provided for a bilingual educator pilot program designed to mentor talented bilingual high school students to become public school teachers and work with English language learner populations. The Latino/a Educational Achievement Project (LEAP) will work with school districts to mentor no fewer than 50 bilingual students in their junior year of high school. Students will be mentored by bilingual teachers and complete a curriculum developed and approved by the participating districts. (General Fund-State)

**11. Nonviolence Training** - Additional funding is provided for the nonviolence and leadership training programs delivered by the Institute For Community Leadership. The program provides nonviolence leadership workshops in elementary, middle, and high schools throughout Washington state. (General Fund-State)

**12. PSAT Funding** - Funding is provided to reimburse school districts for costs associated with offering the Preliminary Scholastic Aptitude Test (PSAT) to ninth grade public high school students. Within the amounts provided, the Office of the Superintendent of Public Instruction will reimburse school districts for the number of tests taken based on a statewide per test rate. (General Fund-State)

**13. World Languages Supervisor** - Funding is provided for the implementation of Second Substitute House Bill No. 2523 (world language supervisor). The Office of the Superintendent of Public Instruction will create a world languages supervisor position. (General Fund-State)

**1. NERC Enhancement** - Funding is provided to increase the non-employee related cost (NERC) allocation rate. This funding pays for items such as textbooks, computers, educational supplies and other school costs not related to employee compensation. The NERC rate will increase by approximately \$98 per certificated staff person in general apportionment. Special NERC rates for vocational education and skill centers go up about \$241 and \$187 per certificated staff person, respectively. The average increase per student is about \$5. (General Fund-State)

**2. Vocational Equipment Replacement** - The one-time funding provided for vocational equipment replacement in the 2007-2009 base budget is reduced by \$4,673,000. (Education Legacy Trust Account-State)

**1. Integrate ELL and Skills Training** - Funding is provided for programs integrating English language instruction with workforce training at the community and technical colleges. One-time grants are provided to support five skills centers implementing Integrated Basic Education and Skills Training programs (IBEST). (General Fund-State)

**2. Translated & Accommodated WASL** - The Washington Assessment of Student Learning (WASL) for math and science will be translated into six languages. In addition, enhanced accommodations for students in special education will be developed, such as improved Braille forms of the tests and read aloud CDs for dyslexic students. (General Fund-State)

**3. Achievement Gap Project** - Funding is reduced for the achievement gap pilot projects funded in the 2007-09 base budget. (General Fund-State)

**4. Chinese Exchange Program** - Funding is provided to support the Chinese Exchange Program at the Peninsula School District. The funding shall support scholarships, educational programs, and travel costs for students facing financial obstacles to participation in the program. (General Fund-State)

**5. Full Day Kindergarten Adjustment** - Funding is reduced for the full-day kindergarten (FDK) program phase-in. Grants supporting FDK programs for the highest poverty schools (top 10 percent of poverty rates) in school year 2007-08 will be maintained in school year 2008-09. The scheduled phase-in to the top 20 percent high poverty schools for school year 2008-09 is suspended. (Educational Legacy Trust Account-State)

**6. Healthy Student Grant Program** - Funding is provided for the implementation of Substitute House Bill 2811 (Creating the healthy student grant program). The office of the superintendent of public instruction shall make grants available for school districts and community-based organizations to offer instruction and activities in health, fitness, and nutrition. (General Fund-State)

**7. National Board Enhancement** - Funding is provided to implement Substitute House Bill 2775 (national board bonuses). National board certified teachers who teach in high poverty schools (defined as having free/reduced price lunch eligibility rates exceeding 70 percent) receive bonuses of \$5,000 under current law. The definition of high poverty school will change for middle schools and high schools, making more teachers eligible for the bonus. The middle school high poverty threshold is reduced to 60 percent, and the high school threshold is reduced to 50 percent. This change is anticipated to make an additional 70 teachers eligible for the bonus in 2008, and an additional 105 teachers eligible in 2009. (General Fund-State)

**8. National Board Adjustment** - Funding is provided for the implementation of Substitute House Bill No. 2869 (Extending the national board to certificated principals). Teachers receiving the National Board for Professional Teaching Standards (NBPTS) bonus who later become principals will be able to continue receiving their bonus for as long as they remain certified with the NBPTS. This legislation does not change the rules for the high-poverty school bonus for NBPTS certified teachers as detailed in RCW 28A.405.415 (2). (General Fund-State)

**9. Robotics Programs** - Funding is provided to support For Inspiration and Recognition of Science and Technology (FIRST) robotics programs in public high schools throughout the state. Grants not exceeding \$10,000 per school will be available to schools to enhance participation in current robotics programs, as well as start up new programs. (General Fund-State)

**10. Career and Technical Education** - A lump sum amount is provided to support the activities generally described in Engrossed Second Substitute House Bill No. 2826 (career and technical education). (General Fund-State)

**11. Local Farms & Healthy Kids** - Funding is provided for the implementation of Engrossed Second Substitute House Bill No. 2798 (local farms-healthy kids act). The Office of the Superintendent of Public Instruction (OSPI) will offer grants to local school districts for the purpose of making fresh fruits and vegetables available to students as a snack during the school day. This bill is funded at \$1 million spread over four different agencies. In addition to the \$400,000 in OSPI, \$150,000 is provided in the Department of Agriculture to support a Farm to School program, \$350,000 is provided in Department of Community, Trade, and Economic Development to support the Farmers to Food Banks Pilot Program, and \$100,000 is provided in the Department of Social and Health Services to fund the Farmers Market Technology Improvement Pilot Program. (General Fund-State)

**12. WASL changes** - The \$11.45 million savings associated with policy changes to the Washington Assessment of Student Learning are comprised of three parts. A savings in FY2009 of \$12.4 million is assumed from reducing the number of open-ended response items on the WASL test in grades 3-8. Furthermore, a savings of \$2.25 million in FY2009 on WASL-related costs is assumed from reallocation within existing OSPI resources and efficiencies in the WASL contractor procurement process. Finally, \$3.25 million is provided to implement the end-of-course assessment provisions in Engrossed Substitute House Bill 3166 (state assessment system). (General Fund-State)

**1. Learning Assistance Program** - Funding is provided in FY2009 to support enhancements to the Learning Assistance Program (LAP) as detailed in Substitute House Bill 2810 (English language learners). The enhancement would provide additional LAP units for school districts with free/reduced lunch eligible populations exceeding 40 percent, and bilingual student populations exceeding 20 percent of total enrollment. Eligible district allocation amounts would vary depending on the degree to which a district's bilingual population exceeds 20 percent. It is estimated that about 23 districts would receive additional funding under this formula. (General Fund-State)

**2. NERC Enhancement** - The Learning Assistance Program (LAP) generates funding based on the calculated costs of certificated instructional staff provided for the program. Because certificated instructional staff generate non-employee related costs (NERC), the NERC enhancements in general apportionment increase costs for the Learning Assistance Program. **1. Child Care Institutional Grants** - Funding is provided to increase support to the existing Child Care Grant Program managed by the HECB under Chapter 28B.135.RCW. Funding for this item increases the total state funding amount available in the grant program from \$75,000 a year to \$400,000 a year at the HECB (to serve 4-year institutions) and from \$50,000 a year to \$375,000 at the SBCTC (to serve 2-year institutions). (General Fund-State)

**2. Field of Dreams** - Funding is provided to implement Engrossed Second Substitute House Bill 2082 (field of dreams program). The HECB will administer the financial aid portion of the program by purchasing and holding Guaranteed Education Tuition (GET) units in trust for certified students, distributing awards to the institutions on behalf of the certified students, and working with the Employment Security Department (ESD) on procedures, and reporting. An additional \$125,000 is provided to the ESD for program administration. (General Fund-State)

**3. Higher Ed Data** - Pursuant to House Bill 2591 (higher education data), funding is provided for the HECB to work jointly with the Office of Financial Management's Education Data Center to develop a web-based dashboard. The dashboard will feature easily accessible higher education data for each institution of higher education and the State Board for Community and Technical Colleges. (General Fund-State)

**4. Transfer and Articulation** - Funding is provided to implement Engrossed Second Substitute House Bill 2783 (transfer and articulation). The HECB will convene workgroups to; (1) create and implement a transfer student bill of rights; (2) develop a system of common course numbering for the baccalaureate institutions; (3) develop a system of identification for college courses that transfer; (4) monitor and report on the progress and success of transfer students; and (5) conduct an analysis of the development options and costs for a statewide Web-based advising system. (General Fund-State)

**5. Prior Learning Workgroup** - Funding is provided to implement Substitute House Bill 2933 (prior learning work group ) which requires the HECB to convene a workgroup to assess current institutional practices in accepting prior learning credits; and make recommendations on implementation of the workgroup's findings.(General Fund-State)

**1. Fire Contingency** - The fire contingency pool was created in 1999 to address fire mobilization costs and fire suppression costs in excess of the amounts appropriated directly to agencies. Funds are appropriated from the General Fund to the Disaster Response Account to replenish the contingency pool. The pool provides allocations to the Washington State Patrol for Washington State Fire Service Resource Mobilization costs incurred in response to an emergency or disaster. (General Fund-State, Disaster Response Account-State)

**2. Federal Audit Determination** - The United States Department of Health and Human Services has determined that a portion of funds transferred from the Public Employees' and Retirees' Insurance Account to the General Fund in FY 2006 and FY 2007 pursuant to Chapter 372, Laws of 2006, (ESSB 6386) Section 805 and Section 806, contained federal funds that were not authorized to be included in the transfer. This one-time repayment of funds includes the amount of the transfer that is attributable to federal participation in the funding of benefits by employer agencies plus interest from the date of the transfer.

**3. County Controlled Substance Funds** - Chapter 339, Laws of 2006 (E2SSB 6239) expressed the Legislature's intent to provide \$100,000 per year to counties that imposed the one-tenth of 1 percent sales tax for chemical dependency or substance abuse treatment, starting in FY 2008 and ending in FY 2010. In addition to Clallam, Jefferson, Spokane, Okanogan, Clark, and Skagit counties funded in the enacted 2007-09 budget, Island County and King County have imposed the tax and are now eligible for funding.

**4. Insurance Accounting System** - In a September 13, 2007, letter from the Department of Health and Human Services to all states, the federal government reasserted its prohibition on using federal resources to pay, either directly or indirectly, for enterprise-wide central services information technology systems. The Health Care Authority's insurance accounting system replacement project is currently funded out of an administrative account supported by transfers from the Public Employees' and Retirees' Insurance Account. Because expenditures in the account are supported by federal resources, this financing arrangement is not allowable under federal regulations. As an alternative, funding is provided to the project from state funds that support Public Employees Benefit Board (PEBB)-eligible employees. The level of the transfer is based on head-count data used to determine statewide allocation of PEBB contribution rates. (General Fund-State, Public Safety and Education Account, Water Quality Account, Violence Reduction and Drug Enforcement Account, Health Services Account)

**5. Water Quality Capital Acct Transfer** - The Water Quality Capital Account is used to fund water quality projects and activities. Its sole revenue source is an appropriation from the Water Quality Account. The dollar amount of this appropriation is reduced and \$3 million is shifted from FY 2008 to FY 2009 to coincide with anticipated expenditure levels in the Water Quality Capital Account and expected revenue in the Water Quality Account during the 2007-09 biennium. (Water Quality Account-State)

**6. Online Recruiting Service** - Funding is provided to improve the performance of the state's current online recruitment tool (E-Recruiting). This item represents the revolving fund charges for the online recruitment tool improvements on individual state funds. (General Fund-State, various other funds)

**7. Columbia River Water Delivery Acct.** - Funding is provided to implement Second Substitute House Bill 3309 (Columbia river water). The Department recently concluded negotiations on an agreement with the Colville Reservation to make additional water available for users and streamflows in eastern Washington. Ongoing funding in the amount of \$6.03 million is provided for payments to the Confederated Tribes of the Colville Reservation and the Spokane Tribe of Indians, to facilitate a drawdown from Lake Roosevelt for fisheries enhancement, related cultural resources mitigation, and water resource planning activities. (Columbia River Water Delivery Account-State)

**8. Ind. Development Account Transfer** - General fund state funds are provided for expenditure into the Individual Development Account.

**9. Family Leave Insurance Account** - General fund state funds are provided for expenditure into the Family Medical Leave Insurance Account.

**10. Skeletal Human Remains Account** - General fund state funds are provided for expenditure into the Skeletal Human Remains Assistance Account pursuant to Engrossed Second Substitute House Bill 2624 (Human remains).

**11. Tax Credit Technical Correction** - Funding is provided to correct a funding distribution error in prior budget periods. The amounts provided, when added to amounts previously distributed to Jefferson and Klickitat counties for the rural county economic development sales tax credit, represent funding that these counties were entitled to under the tax credit program. The proper amounts were not provided in their entirety.

**1. PEBB Rate Reduction** - Funding is reduced to reflect a reduction of the state employer contribution rate from \$732 per month to \$561 per month. Projected Public Employees Benefit Board (PEBB) expenditures for the 2007-09 Biennium are anticipated to be lower than budgeted because (1) health plan costs for calendar year 2008 are lower than expected, which will benefit both the state and its employees; and (2) funding was removed from the PEBB administrative cost allocation for an information technology system replacement due to the restrictive nature of federal funding. Funds will be expended from the PEBB reserves, including those reserves accumulated due to lower than budgeted expenditures during the 2005-07 and 2007-09 biennia, to account for the cost of benefits that are in excess of budgeted revenues and maintain the state-paid 88 percent of the total weighted average of the employee health care premium and also pays for the cost of dental, life and long-term disability insurance.
