Comments:

- 1. Auditor Charges** - Agency funding levels are adjusted to reflect changes in the number of audit hours needed, reductions in billing authority for the Office of the State Auditor's Audit of State Government Account, and use of existing fund balance. The Office of the State Auditor will use a risk-based methodology in selecting agencies to audit.
- 2. Attorney General Reduction** - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Attorney General's Legal Services Revolving Account.
- 3. Sec of State Archive Reduction** - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Secretary of State's Archives and Records Management Account.
- 4. Central Services Savings** - Funding is reduced for Office of Minority & Women's Business Enterprises (OMWBE), Office of Administrative Hearings (OAH), and Labor Relations Office (LRO), with the resulting savings passed along to other state agencies as a central service billing reduction. The funding reduction utilizes an excess fund balance from the OMWBE Enterprises Account, eliminates a vacant administrative position at the OAH, and reduces LRO services.
- 5. Local Government** - Funding is provided to establish a joint committee on junior taxing districts, municipal corporations, and local government finance. The committee will evaluate services provided by junior taxing districts and municipal corporations, and will make recommendations on the appropriateness of consolidating these services. The committee will also review the impact of Initiative 1183 on public safety needs, and will provide a plan for using and disbursing excess liquor revenues. The committee is composed of two members from each caucus from the House and from the Senate. The operating expenses of the committee are provided equally by the House and Senate. (General Fund-State)
- 6. Efficiency Reduction** - Legislative branch agencies will achieve savings by identifying administrative efficiencies that will reduce FTE levels, travel expenses, printing costs, and other operating expenditures. This includes savings from the consolidation of certain support functions pursuant to House Bill 2705 (creating the office of legislative support services). (General Fund-State)
- 7. PEBB Funding Rate Reduction** - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.
- 8. Legislative Support Consolidation** - Pursuant to House Bill 2705 (creating the office of legislative support services), savings are achieved through the consolidation of facility management, production and audio-visual services, information distribution, and other administrative and support functions into the Office of Legislative Support Services. The amount reflected in this item is the amount of funding transferred to the new office. Savings from the consolidation are reflected in other items in legislative agency budgets. Comments:

- 1. Auditor Charges** - Agency funding levels are adjusted to reflect changes in the number of audit hours needed, reductions in billing authority for the Office of the State Auditor's Audit of State Government Account, and use of existing fund balance. The Office of the State Auditor will use a risk-based methodology in selecting agencies to audit.
- 2. Sec of State Archive Reduction** - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Secretary of State's Archives and Records Management Account.
- 3. Central Services Savings** - Funding is reduced for Office of Minority & Women's Business Enterprises (OMWBE), Office of Administrative Hearings (OAH), and Labor Relations Office (LRO), with the resulting savings passed along to other state agencies as a central service billing reduction. The funding reduction utilizes an excess fund balance from the OMWBE Enterprises Account, eliminates an administrative position at the OAH, and reduces LRO services.
- 4. Central Service Reforms** - Funding is reduced to reflect efficiencies related to state agency use of cell phones, mailing, printing, and information technology, pursuant to Engrossed Substitute Senate Bill 6607 (central service costs). (Various Funds)
- 5. Commute Trip Reduction** - Funding is reduced to reflect the elimination of state general funds for the Commute Trip Reduction program.
- 6. Efficiency Reduction** - The Statute Law Committee (SLC) will achieve savings through one or more of the following measures: consolidating staff duties; creating staff vacancy savings; utilizing fund sources other than the state general fund; reducing funding for travel and Uniform Law Commission (ULC) dues; and transferring support functions to the Office of Legislative Support Services pursuant to House Bill 2705 (creating the office of legislative support services). (General Fund-State)
- 7. PEBB Funding Rate Reduction** - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.

Office of Public Defense

Comments:

1. Auditor Charges - Agency funding levels are adjusted to reflect changes in the number of audit hours needed, reductions in billing authority for the Office of the State Auditor's Audit of State Government Account, and use of existing fund balance. The Office of the State Auditor will use a risk-based methodology in selecting agencies to audit.

2. Civil Commitment Legal Costs - Funding and FTE authority is provided to administer the representation of indigent respondents qualified for appointed counsel in sexually violent predator (SVP) civil commitment cases. The Office of Public Defense will contract with law firms and individual attorneys to provide legal services to indigent people and will establish procedures for reimbursement of expert witnesses and other costs. These costs were previously funded through the Special Commitment Center.

3. Central Service Reforms - Funding is reduced to reflect efficiencies related to state agency use of cell phones, mailing, printing, and information technology, pursuant to Engrossed Substitute Senate Bill 6607 (central service costs). (Various Funds)

4. Commute Trip Reduction - Funding is reduced to reflect the elimination of state general funds for the Commute Trip Reduction program.

5. JSTA Support - Funding from the Judicial Stabilization Trust (JST) Account is provided for costs associated with the Office of Public Defense.

6. PEBB Funding Rate Reduction - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.

Comments:

1. Auditor Charges - Agency funding levels are adjusted to reflect changes in the number of audit hours needed, reductions in billing authority for the Office of the State Auditor's Audit of State Government Account, and use of existing fund balance. The Office of the State Auditor will use a risk-based methodology in selecting agencies to audit.

2. PEBB Funding Rate Reduction - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.

2011-13 Revised Omnibus Operating Budget (2012 Supp) Office of the State Treasurer

Comments:

- 1. Excess Authority** - The State Treasurer's appropriation authority is reduced to align with historical spending patterns and anticipated expenditures. A technical adjustment is made to keep the State Treasurer's FTE allotment even in both fiscal years of the 2011-13 biennium. (Treasurer's Service Account-State)
- 2. Auditor Charges** - Agency funding levels are adjusted to reflect changes in the number of audit hours needed, reductions in billing authority for the Office of the State Auditor's Audit of State Government Account, and use of existing fund balance. The Office of the State Auditor will use a risk-based methodology in selecting agencies to audit.
- 3. Attorney General Reduction** - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Attorney General's Legal Services Revolving Account.
- 4. Sec of State Archive Reduction** - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Secretary of State's Archives and Records Management Account.
- 5. Central Services Savings** - Funding is reduced for Office of Minority & Women's Business Enterprises (OMWBE), Office of Administrative Hearings (OAH), and Labor Relations Office (LRO), with the resulting savings passed along to other state agencies as a central service billing reduction. The funding reduction utilizes an excess fund balance from the OMWBE Enterprises Account, eliminates an administrative position at the OAH, and reduces LRO services.
- 6. Central Service Reforms** - Funding is reduced to reflect efficiencies related to state agency use of cell phones, mailing, printing, and information technology, pursuant to Engrossed Substitute Senate Bill 6607 (central service costs). (Various Funds)
- 7. Efficiency Reduction** - The State Treasurer will achieve savings through efficiency measures in FY 2013. (Treasurer's Service Account-State)
- 8. PEBB Funding Rate Reduction** - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.

2011-13 Revised Omnibus Operating Budget (2012 Supp) Office of the State Auditor

Comments:

- 1. Streamline State Agency Audits** - The State Auditor's Office performs several types of audits for the state which are traditionally funded from three separate accounts. This reduction first updates the allocation model to better reflect the audit plan for the remainder of the biennium. In addition to this realignment, funding for all state agency audits is reduced by 10 percent. Using risk-based auditing, the office will perform fewer audits focusing on higher-risk agencies and programs. (Auditing Services Revolving Account-State)
- 2. Attorney General Reduction** - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Attorney General's Legal Services Revolving Account.
- 3. Sec of State Archive Reduction** - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Secretary of State's Archives and Records Management Account.
- 4. Central Services Savings** - Funding is reduced for Office of Minority & Women's Business Enterprises (OMWBE), Office of Administrative Hearings (OAH), and Labor Relations Office (LRO), with the resulting savings passed along to other state agencies as a central service billing reduction. The funding reduction utilizes an excess fund balance from the OMWBE Enterprises Account, eliminates an administrative position at the OAH, and reduces LRO services.

Comments:

1. Travel and Consultation - The Caseload Forecast Council (CFC) will reduce the use of an outside consultant to assess its sentencing guidelines database. Staff training and the use of Attorney General Office services will also be reduced. (General Fund-State)

2. Self Insurance Premium - The CFC will achieve savings by lowering its self-insurance premium. The premium was transferred to the CFC in 2011 when it absorbed responsibilities held by the Sentencing Guidelines Commission (SGC). The lower premium reflects the CFC's lesser history of litigation and its statutory protection for errors in the sentencing guidelines database. (General Fund-State)

3. Auditor Charges - Agency funding levels are adjusted to reflect changes in the number of audit hours needed, reductions in billing authority for the Office of the State Auditor's Audit of State Government Account, and use of existing fund balance. The Office of the State Auditor will use a risk-based methodology in selecting agencies to audit.

4. Attorney General Reduction - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Attorney General's Legal Services Revolving Account.

5. Central Service Reforms - Funding is reduced to reflect efficiencies related to state agency use of cell phones, mailing, printing, and information technology, pursuant to Engrossed Substitute Senate Bill 6607 (central service costs). (Various Funds)

6. Commute Trip Reduction - Funding is reduced to reflect the elimination of state general funds for the Commute Trip Reduction program.

7. PEBB Funding Rate Reduction - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.

2011-13 Revised Omnibus Operating Budget (2012 Supp)
Department of Financial Institutions

Comments:

1. Auditor Charges - Agency funding levels are adjusted to reflect changes in the number of audit hours needed, reductions in billing authority for the Office of the State Auditor's Audit of State Government Account, and use of existing fund balance. The Office of the State Auditor will use a risk-based methodology in selecting agencies to audit.

2. Attorney General Reduction - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Attorney General's Legal Services Revolving Account.

3. Sec of State Archive Reduction - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Secretary of State's Archives and Records Management Account.

4. Central Services Savings - Funding is reduced for Office of Minority & Women's Business Enterprises (OMWBE), Office of Administrative Hearings (OAH), and Labor Relations Office (LRO), with the resulting savings passed along to other state agencies as a central service billing reduction. The funding reduction utilizes an excess fund balance from the OMWBE Enterprises Account, eliminates an administrative position at the OAH, and reduces LRO services.

5. Consumer Protection and Regulation - The Department of Financial Institutions (DFI) will modify its licensing software program in order to participate in the National Multistate Licensing System for certain license types. (Financial Services Regulation Account-Nonappropriated)

6. Central Service Reforms - Funding is reduced to reflect efficiencies related to state agency use of cell phones, mailing, printing, and information technology, pursuant to Engrossed Substitute Senate Bill 6607 (central service costs). (Various Funds)

7. PEBB Funding Rate Reduction - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.

Comments:

- 1. BSD Manufacturing Innovation** - The Washington Manufacturing Innovation and Modernization Extension Service Program was designed to provide small manufacturers with a voucher to pay for innovation and modernization services, such as strategic planning, Six Sigma training, and supply chain management. Funding for this program is eliminated because no manufacturer used these services. (Manufacturing Innovation and Modernization Account-State)
- 2. Auditor Charges** - Agency funding levels are adjusted to reflect changes in the number of audit hours needed, reductions in billing authority for the Office of the State Auditor's Audit of State Government Account, and use of existing fund balance. The Office of the State Auditor will use a risk-based methodology in selecting agencies to audit.
- 3. Attorney General Reduction** - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Attorney General's Legal Services Revolving Account.
- 4. Sec of State Archive Reduction** - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Secretary of State's Archives and Records Management Account.
- 5. Central Services Savings** - Funding is reduced for Office of Minority & Women's Business Enterprises (OMWBE), Office of Administrative Hearings (OAH), and Labor Relations Office (LRO), with the resulting savings passed along to other state agencies as a central service billing reduction. The funding reduction utilizes an excess fund balance from the OMWBE Enterprises Account, eliminates a vacant administrative position at the OAH, and reduces LRO services.
- 6. BSD State Trade Export Program** - The Department is provided authority to expend the State Trade and Export Promotion (STEP) grant for expanding export activities and transactions among small and medium enterprises (SMEs). The funds will support an integrated strategy of new activities for working with SMEs to increase exports, including targeted outreach to socially and economically disadvantaged small businesses. There are general-fund state savings related to existing staff who will be paid under the federal grant. (General Fund-State, General Fund-Federal)

18. HEN Underspending - A one time reduction is taken in fiscal year 2012 funding for the Housing and Essential Needs program created in Chapter 36, Laws of 2011 1st. sp. s (Disability lifeline program). Office of Administrative Hearings

Comments:

- 1. Administrative Reduction** - One administrative position is eliminated. The Office of Administrative Hearings (OAH) will continue to use the Department of Enterprise Services' Small Agency Client Services for agency accounting. Savings will be passed on to client agencies as a central service rate reduction. (Administrative Hearings Revolving Account-State)
- 2. Auditor Charges** - Agency funding levels are adjusted to reflect changes in the number of audit hours needed, reductions in billing authority for the Office of the State Auditor's Audit of State Government Account, and use of existing fund balance. The Office of the State Auditor will use a risk-based methodology in selecting agencies to audit.
- 3. Attorney General Reduction** - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Attorney General's Legal Services Revolving Account.
- 4. Sec of State Archive Reduction** - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Secretary of State's Archives and Records Management Account.
- 5. Central Services Savings** - Funding is reduced for Office of Minority & Women's Business Enterprises (OMWBE), Office of Administrative Hearings (OAH), and Labor Relations Office (LRO), with the resulting savings passed along to other state agencies as a central service billing reduction. The funding reduction utilizes an excess fund balance from the OMWBE Enterprises Account, eliminates an administrative position at the OAH, and reduces LRO services.
- 6. Central Service Reforms** - Funding is reduced to reflect efficiencies related to state agency use of cell phones, mailing, printing, and information technology, pursuant to Engrossed Substitute Senate Bill 6607 (central service costs). (Various Funds)
- 7. DOT Toll Violation Adjudication** - The OAH is given expenditure authority to cover the cost of adjudicating toll violation hearings. The OAH entered into an agreement with the Washington State Department of Transportation (WSDOT), effective September 1, 2011, under which WSDOT is billed for adjudications heard by the OAH. The WSDOT is implementing a new toll collection and enforcement program that allows individuals the opportunity to dispute liability for toll violations through an administrative process. (Administrative Hearings Revolving Account-State)
- 8. PEBB Funding Rate Reduction** - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.

The Office of the State Auditor will use a risk-based methodology in selecting agencies to audit.

2. Attorney General Reduction - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Attorney General's Legal Services Revolving Account.

3. Central Service Reforms - Funding is reduced to reflect efficiencies related to state agency use of cell phones, mailing, printing, and information technology, pursuant to Engrossed Substitute Senate Bill 6607 (central service costs). (Various Funds)

4. Administrative Reduction - A 7 percent administrative reduction is taken.

5. Aerospace Technology - Funding is provided to implement Substitute Senate Bill 5982 (aerospace technology innovation).

6. PEBB Funding Rate Reduction - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. Comments:

- 1. Establish State Drug Formulary** - The state will establish a drug formulary for Medicaid pharmaceutical coverage with an increased emphasis on generic medications. The formulary will only maintain coverage for over-the-counter drugs when cost-effective, while continuing access to vitamins for pregnant women and insulin for diabetics. The formulary limitations will not apply to HIV/AIDS, chemotherapy, hemophilia, diabetes, and immunosuppressant drugs. (General Fund-State, General Fund-Federal)
- 2. Administrative Reductions** - Budgeted administrative staffing and expenditures for the final three quarters of the 2011-13 biennium are reduced by half the level of under-expenditure at which the Health Care Authority actually operated during the first quarter of the biennium. (General Fund-State, General Fund-Private/Local, General Fund-Federal)
- 3. Capture Vacancy Savings** - The Health Care Authority has constrained administrative expenditures by leaving funded positions unfilled; limiting expenditures on goods, services, and contracts; and through other means. Funding is adjusted to reflect actual administrative under-expenditures through the first six months of FY 2012. (General Fund-State, General Fund-Federal)
- 4. Reimbursement Methods Waiver** - Chapter 1, Laws of 2011, 1st sp.s. (E2SSB 5596), directed the Health Care Authority to seek a federal Medicaid waiver to implement reimbursement methods such as bundled, global, and risk-bearing payment arrangements that that were expected to reduce state general fund expenditures by \$8.8 million beginning July 2012. The Health Care Authority reports that it is unable to develop and obtain federal approval for such a system by July, and is directed to continue work for implementation by January 2013. (General Fund-State, General Fund-Federal)
- 5. Auditor Charges** - Agency funding levels are adjusted to reflect changes in the number of audit hours needed, reductions in billing authority for the Office of the State Auditor's Audit of State Government Account, and use of existing fund balance. The Office of the State Auditor will use a risk-based methodology in selecting agencies to audit.
- 6. Attorney General Reduction** - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Attorney General's Legal Services Revolving Account.
- 7. Sec of State Archive Reduction** - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Secretary of State's Archives and Records Management Account.
- 8. Central Services Savings** - Funding is reduced for Office of Minority & Women's Business Enterprises (OMWBE), Office of Administrative Hearings (OAH), and Labor Relations Office (LRO), with the resulting savings passed along to other state agencies as a central service billing reduction. The funding reduction utilizes an excess fund balance from the OMWBE Enterprises Account, eliminates an administrative position at the OAH, and reduces LRO services.

Washington State Health Care Authority

9. Affordable Care Act Implementation - Funding is provided to the Health Care Authority (HCA) and the Office of the Insurance Commissioner to implement Chapter 87, Laws of 2012 (E2SHB 2319). The HCA will submit a report to the Legislature on whether to proceed with implementation of the federal Basic Health Plan Option (BHPO) by December 1, 2012. Funding is also provided to support the design and development work necessary for the BHPO to begin providing coverage January 1, 2014.

10. Evidence Based Practices - Funding is provided for increasing the level of evidence-based or research-based prevention and treatment programs in the mental health, juvenile justice, and child welfare programs in the Department of Social and Health Services and the medical assistance programs in the Health Care Authority in accordance with Engrossed Second Substitute House Bill 2536 (children/services delivery). The Department's programs responsible for administration of mental health, child welfare, and juvenile justice programs will coordinate with the Health Care Authority on the development of contract terms which facilitate efforts to meet requirements of the bill. (General Fund-State, General Fund-Federal)

11. Central Service Reforms - Funding is reduced to reflect efficiencies related to state agency use of cell phones, mailing, printing, and information technology, pursuant to Engrossed Substitute Senate Bill 6607 (central service costs). (Various Funds)

12. Health Information Technology - Funding is provided to issue federally-funded incentive payments, manage the provider incentive program, and plan for other initiatives related to the Medicaid Health Information Technology plan. Under the plan, Medicaid providers are expected to receive approximately \$144 million of fully federally-funded incentive payments to adopt and make effective use of electronic health record systems. The Health Care Authority will enter an interagency agreement to cover most of the state share of this cost with cy pres settlement funds recovered by the Attorney General in the case of Washington vs. GlaxoSmithKline. (General Fund-State, General Fund-Private/Local, General Fund-Federal)

13. Indigent Assistance DSH - Supplemental Disproportionate Share Hospital (DSH) payments under the Non-Rural and Small Rural Indigent Assistance DSH programs are eliminated starting in FY 2012. These grants provide supplemental funding to rural and non-rural hospitals based on their profitability and the level of charity care that they provide. (General Fund-State, General Fund-Federal)

14. Implement Provider One Phase 2 - The Health Care Authority will implement phase two of the ProviderOne project to replace the legacy Medicaid payment system. This phase includes the transition of long-term care payments. (General Fund-State, General Fund-Federal)

15. Emergency Room Services - The Health Care Authority (HCA) will designate best practices to reduce unnecessary emergency room (ER) visits. The HCA will implement a policy of non-payment for non-emergent ER visits if hospitals that comprise at least 75 percent of ER visits by Medicaid fee-for-service clients in FY 2010 do not attest to adoption and compliance with these best practices. The HCA will not implement a non-payment policy that is inconsistent with national prudent layperson standards or uses a discharge diagnosis list for determination of coverage if the hospitals attest to a higher percentage of adoption and compliance. (General Fund-State, Hospital Safety Net Assessment Fund-State, General Fund-Federal)

16. Medicaid False Claims Act - Funds are provided for implementation of Engrossed Substitute Senate Bill 5978 (Medicaid fraud). The bill establishes new tools for detecting and prosecuting Medicaid fraud, and new penalties for engaging in it. Funds recovered from fraudulent activities will be deposited into a new state account that can only be used for payment for Medicaid services and for fraud prevention, detection, and enforcement activities. (General Fund-State, Medicaid Fraud Penalty Account-State, General Fund-Federal)

17. Graduate Medical Payments - The Health Care Authority will amend the state Medicaid plan to provide supplemental payments to public hospital-affiliated medical practices for graduate medical education provided on behalf of low-income medical assistance recipients enrolled in managed care. The non-federal funds required to match the federal portion of this expenditure will be provided through an intergovernmental transfer by the public hospitals. (General Fund-Private/Local, General Fund-Federal)

Washington State Health Care Authority

18. Apple Health Outreach - Funding is provided for efforts to facilitate enrollment of additional eligible children in low-income medical assistance programs. (General Fund-State, General Fund-Federal)

Comments:

1. Auditor Charges - Agency funding levels are adjusted to reflect changes in the number of audit hours needed, reductions in billing authority for the Office of the State Auditor's Audit of State Government Account, and use of existing fund balance. The Office of the State Auditor will use a risk-based methodology in selecting agencies to audit.

2. Attorney General Reduction - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Attorney General's Legal Services Revolving Account.

3. Sec of State Archive Reduction - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Secretary of State's Archives and Records Management Account.

4. Central Services Savings - Funding is reduced for Office of Minority & Women's Business Enterprises (OMWBE), Office of Administrative Hearings (OAH), and Labor Relations Office (LRO), with the resulting savings passed along to other state agencies as a central service billing reduction. The funding reduction utilizes an excess fund balance from the OMWBE Enterprises Account, eliminates an administrative position at the OAH, and reduces LRO services.

5. Central Service Reforms - Funding is reduced to reflect efficiencies related to state agency use of cell phones, mailing, printing, and information technology, pursuant to Engrossed Substitute Senate Bill 6607 (central service costs). (Various Funds)

6. PEBB Funding Rate Reduction - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.

2011-13 Revised Omnibus Operating Budget (2012 Supp)
Department of Social and Health Services
Children and Family Services

Comments:

1. Selected Services - Funding is adjusted to reflect a variety of changes including increased efforts to prevent overpayments, contract eliminations, and utilization of Supplemental Security Income (SSI) for allowable services. Additionally, the reduction reflects aligning receiving care maintenance across fiscal years and eliminating funding for a Family Preservation training contract (\$52,000). Savings are achieved through under expenditures for sexually aggressive youth funding. Additionally, funding is reduced for the following services: child care (3.6 percent effective April 2012); evaluations and treatment (15 percent effective April 2012); and adoption support recruitment (50 percent effective April 2012). (General Fund-State, General Fund-Federal)

2. Contracted Services - Funding for Behavioral Rehabilitation Services (BRS) is reduced to align with FY 2011 expenditure levels. These services are provided to children and youth who are behaviorally or emotionally disordered and whose behaviors cannot be maintained in a less intensive setting. This reduction will be achieved through the current contract rates. (General Fund-State, General Fund-Federal)

3. Family Assessment - Funding is provided to implement Engrossed Substitute Senate Bill 6555 (Child protective services). The bill authorizes the Department to implement Family Assessment Response (FAR) within Child Protective Services. (General Fund-State, General Fund-Federal)

4. Extended Foster Care - Funding is provided to implement Engrossed Substitute House Bill 2592 (Extended Foster Care). The legislation extends foster care services to youth who elect to stay in care to attend a post-secondary academic or vocational educational program. Federal matching funds are available under the federal Fostering Connections act for Title IV-E eligible youth. (General Fund-Federal)

5. Eliminate Unfunded Positions - Unfunded employee positions are eliminated. This action does not affect funding.

6. Performance Based Contracting - Funding is provided to implement Engrossed Second Substitute House Bill 2264 (Child welfare/contracting). The legislation requires the DSHS to enter into performance-based contracts (PBC) for the provision of family support and related services by December 1, 2013. The DSHS is authorized to enter into PBC for additional services, other than case management, in future procurements. (General Fund-State, General Fund-Federal)

7. DV Prevention Funding - Domestic Violence Prevention Account funding is provided for contracted services, rather than state general funds. (Domestic Violence Prevention Fund)

8. PEBB Funding Rate Reduction - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.

2011-13 Revised Omnibus Operating Budget (2012 Supp)
Department of Social and Health Services
Mental Health

Comments:

1. Optional Waiver Services - Under the terms of the state's federal Medicaid waiver, some individual Regional Support Networks (RSNs) have been able to earn federal Medicaid matching funds to provide supported employment, clubhouse, and respite care services that are not typically covered by Medicaid. The federal government has recently adopted the position that such services must be funded and available in all RSN areas in order for Medicaid to fund them anywhere. Because state funds are not presently available to provide the services statewide, Medicaid funding for them is discontinued effective July 1, 2012. Individual RSNs may continue to provide these services with state-only, local, or federal block grant funds to the extent those are available. (General Fund-State, General Fund-Federal)

2. Evidence Based Practices - Funding is provided for increasing the level of evidence-based or research-based prevention and treatment programs in the Department's mental health, juvenile justice, and child welfare programs in accordance with Engrossed Second Substitute House Bill 2536 (children/services delivery). This includes \$218,000 for the Department to hire 2 FTEs and \$224,000 to contract with the University of Washington and the Washington State Institute for Public Policy. The Department's programs responsible for administration of mental health, child welfare, and juvenile justice programs will coordinate with the Health Care Authority on the development of contract terms which facilitate efforts to meet requirements of the bill. (General Fund-State, General Fund-Federal)

3. Close Decertified Wards - Two decertified, state-only funded wards at Western State Hospital that currently serve individuals who suffer from traumatic brain injury and dementia will be closed and FTEs reduced accordingly. The first ward will be closed on July 1, 2012 and the second on October 1, 2012. Patients will be placed in long-term care settings within the community. Long-term care providers will be paid enhanced rates consistent with the existing Expanded Care Services program.

4. PEBB Funding Rate Reduction - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.

Comments:

1. Critical Community Placements - Funding is provided for 35 out-of-home community residential placements for individuals with developmental disabilities in crisis that have been identified as aging out of the Children's Administration or have been released from a state institution such as the Department of Corrections, the Juvenile Rehabilitation Administration, or a psychiatric hospital. (General Fund-State, General Fund-Federal)

2. State Only Employment - Savings are achieved by converting clients currently receiving state-only employment and day services to Medicaid waiver slots where they will continue to receive the same services paid for with 50 percent federal matching funds. About 450 clients have become recipients of this state-only service. The majority of the clients are in this program either because Medicaid waiver slots are capped (although they are receiving State Plan Medicaid Personal Care -- which does not include employment and day services) or they have pending Medicaid applications that are not yet approved. Those clients will receive a Medicaid waiver slot beginning July 1, 2012.

The remaining clients who are in this service have not applied for Medicaid, withdrew their Medicaid application, failed to provide verification for Medicaid eligibility, or are over the allowable resource limit for Medicaid. Until January 30, 2013, these state-only employment clients will be offered an opportunity to apply for Medicaid and, if eligible, they will also receive a Medicaid waiver slot (after which time, the state-only funding for this program will discontinue).

3. Funding for Initiative 1163 - Initiative 1163 was approved by voters in 2011. It requires increased mandatory training, additional background checks, and certification for long-term care workers beginning January 7, 2012. Administrative costs are capped and performance audits with additional fraud investigators are required. (General Fund-State, General Fund-Federal)

4. 1163 Training Trust Contributions - Funding is provided for the training partnership to provide increased training as required by Initiative 1163. Current training partnership contributions are funded at 17 cents per hour of work, this would increase the funding to 22 cents per hour of work. (General Fund-State, General Fund-Federal)

5. RHC Savings - Savings are achieved from under expenditures in Residential Habilitation Centers. Spending is below appropriated levels due to new hiring and equipment purchases taking longer than originally scheduled. This is variance that otherwise will revert at the end of the fiscal year.

6. Correct Program Allotment - Funding is removed from the H55 budget unit within the Division of Developmental Disabilities to align the program allotment with actual and planned expenditures. No client services are impacted by this item.

7. Current Year Variance - Current year program variance (under-expenditure) is removed from the Division of Developmental Disabilities. This is variance that otherwise would revert at the end of the fiscal year.

2011-13 Revised Omnibus Operating Budget (2012 Supp)
Department of Social and Health Services
Developmental Disabilities

8. Transition High School Clients - Funding is provided for Medicaid employment programs for about 160 high school graduates who receive Medicaid waiver services and who will be turning 21 years of age. (General Fund-State, General Fund-Federal)

9. Eliminate Unfunded Positions - One hundred fifty-seven unfunded staff positions are eliminated. This action does not effect funding.

10. Recover Adult Family Home Cost - The 2011 Legislature increased adult family home license fees but not enough to preclude General Fund-State (GF-S) dollars from subsidizing the licensing activity. License fees are increased requiring less GF-S dollars to pay for the licensing activities. In FY 2013, license fees will be \$250 per-year-per-bed instead of \$175 per-year-per-bed. Medicaid rates will be increased by approximately \$0.59 per day to compensate the cost of the fee increase on publicly funded beds. (General Fund-State, General Fund-Local, and General Fund-Federal)

11. Future Use Study-Rainier - Funding is provided for a long-range vision and development plan for Rainier School. The Department of Social and Health Services shall convene a task force to evaluate and make recommendations on the best use of Rainier School as a state facility.

12. Student Transition Funding - Funding is provided for the Department of Social and Health Services to contract with school districts for instructional support of new students with developmental disabilities that are admitted to a Residential Habilitation Center (RHC). The Department will provide \$25,000 for each person under the age of 21 who between July 1, 2011, and June 30, 2013, is newly admitted to the RHC and newly enrolled in the school district in which the RHC is located. The school district will use this funding to provide enhanced supports and to offset increased costs for children who may be experiencing distress while transitioning to a new school environment.

13. AP Parity Trust Contributions - Funding is provided for the training partnership to provide increased training as required by Initiative 1163. Agency parity is provided to increase the funding to 22 cents per hour of work from the current 17 cents per hour. (General Fund-State, General Fund-Federal)

14. Implementation of 2314 - Savings is achieved from the implementation of ESHB 2314 (Long-term Care Workers) which aligns implementation dates for long-term care worker training with actual implementation dates. (General Fund-State, General Fund-Federal)

15. PEBB Funding Rate Reduction - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.

Comments:

- 1. Expand Family Caregiver Support** - General fund-state and federal matching funds are saved from reducing Medicaid caseloads by 180 nursing home placements and 320 community residential placements. Of the general fund-state savings assumed from reducing Medicaid caseloads, \$5 million is used to increase state-only funding for the Family Caregiver Support Program (FCSP), which includes specialized caregiver support for people with Alzheimer's disease. The FCSP is a service available to unpaid caregivers of non-Medicaid adults who need care. Providing these caregivers with information and connecting them to other resources may help clients remain in their homes and may delay entry into more costly long-term care services. (General Fund-State, General Fund-Federal)
- 2. Funding for Initiative 1163** - Initiative 1163 was approved by voters in 2011. It requires increased mandatory training, additional background checks, and certification for long-term care workers beginning January 7, 2012. Administrative costs are capped and performance audits with additional fraud investigators are required. (General Fund-State, General Fund-Federal)
- 3. 1163 Training Trust Contributions** - Funding is provided for the training partnership to provide increased training as required by Initiative 1163. Current training partnership contributions are funded at 17 cents per hour of work, this would increase the funding to 22 cents per hour of work. (General Fund-State, General Fund-Federal)
- 4. Nursing Home Rates** - Beginning July 1, 2012, the reduction in reimbursement to nursing facilities taking the lowest acuity groupings in the hierarchal ranking is increased from 13 percent to 25 percent and the low wage worker rate add-on that was established in 2008 is eliminated. The safety net assessment fee established by the 2011 Legislature is increased to \$19.00 per nursing facility bed and the funds will be used to increase rate add-ons that hold nursing facilities at June 2010 payment levels or better. The direct care add-on to compensate facilities for taking more acute clients than they have in the past is not reduced and future adjustments to this rate add-on are frozen at current levels. On average, nursing facilities will see approximately a 2.0 percent per day rate increase in overall rates to include all add-ons. Approximately all but six facilities will receive more in daily rate add-ons than is paid out in safety net assessment fees. (Nursing Facility Quality Assurance Account-State, General Fund-State, and General Fund-Federal)
- 5. Recover Adult Family Home Cost** - The 2011 Legislature increased adult family home license fees but not enough to preclude General Fund-State (GF-S) dollars from subsidizing the licensing activity. License fees are increased requiring less GF-S dollars to pay for the licensing activities. In FY 2013, license fees will be \$250 per-year-per-bed instead of \$175 per-year-per-bed. Medicaid rates will be increased by approximately \$0.59 per day to compensate the cost of the fee increase on publicly funded beds. (General Fund-State, General Fund-Local, and General Fund-Federal)
- 6. BH Rate Reduction** - Effective July 1, 2012, the Department of Social and Health Services will reduce payment rates for boarding homes and assisted living by 2 percent. (General Fund-State, General Fund-Federal)
- 7. AP Parity Trust Contributions** - Funding is provided for the training partnership to provide increased training as required by Initiative 1163. Agency parity is provided to increase the funding to 22 cents per hour of work from the current 17 cents per hour. (General Fund-State, General Fund-Federal)
- 8. Implementation of 2314** - Savings is achieved from the implementation of ESHB 2314 (Long-term Care Workers) which aligns implementation dates for long-term care worker training with actual implementation dates. (General Fund-State, General Fund-Federal)
- 9. Close Decertified Wards** - The Department of Social and Health Services will close two decertified wards at Western State Hospital and increase services in community long-term care settings. (General Fund-State, General Fund-Federal)

Long-Term Care

10. Improve Vulnerable Safety - The Department of Social and Health Services will utilize federal grant funds to implement a critical incident tracking system. This system will improve the department's ability to investigate and track abuse and neglect of vulnerable adults and children. (General Fund-Federal)

11. PEBB Funding Rate Reduction - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.

2011-13 Revised Omnibus Operating Budget (2012 Supp)
Department of Social and Health Services
Economic Services Administration

Comments:

- 1. Retained Child Support** - Funding is provided for 16 FTEs to increase the amount of child support collected and retained by the state. The additional child support recoveries projected in the 2011-13 biennium will offset the state cost of the the additional resources and will result in savings in the 2013-15 biennium.
- 2. Electronic Benefit System** - State funding is transferred to the Department of Early Learning (DEL) for implementation of an electronic benefit transfer system to electronically track child care attendance, make payments, and interface with the eligibility information technology system. Additionally, a portion of the funding that is transferred to DEL is for an independent consultant to evaluate and recommend the optimum system for the eligibility determination process.
- 3. ESA Staffing Under Expenditures** - Funding is reduced to reflect one-time under expenditures in staffing from July 2011 through February 2012. The savings resulted from attrition and vacancies across all divisions within the Economic Services Administration. (General Fund-State, General Fund-Federal).
- 4. Eliminate Unfunded Positions** - Unfunded employee positions are eliminated. This action does not affect funding.
- 5. Incapacity Exams** - Funding is reduced to reflect the state receiving matching funds for the cost of the incapacity exams. The state has a waiver enabling it to receive federal matching funds for Medical Care Services (MCS). In order to be eligible for MCS, a client has to have an incapacity that lasts 90 days or longer, which is determined through incapacity exams.
- 6. Early SSI Project** - Pursuant to Senate Bill 6223 (early supp. security income), funding is eliminated for the Early Supplemental Security Income Transition Project. The contract for the Early SSI Transition Project expired December 2011 and was not renewed.
- 7. Seasonal Child Care Subsidy** - State funding for Seasonal Child Care subsidies is transferred from the Department of Social and Health Services to the Department of Early Learning, where the federal funding for the program is appropriated. The Seasonal Child Care program provides subsidized child care for eligible seasonally employed agricultural families.
- 8. TANF WCCC Under Expenditures** - Funding for the Temporary Assistance for Needy Families (TANF) and the Working Connections Child Care (WCCC) programs is adjusted to reflect caseload and per capita projected under expenditures. Funding is also adjusted within the TANF and WCCC programs to reflect 12 month WCCC authorizations, repealing the child support enforcement requirement provisions related to subsidized child care, adjusting the WCCC eligibility to 200 percent of the federal poverty level, and adjusting the maximum grant to an eight person household rather than six. Funding is reduced for WorkFirst activities.
- 9. TANF Federal Fund Adjust** - Funding is provided to reflect current federal revenue and make corrections between fiscal years. (General Fund-Federal, General Fund-State)
- 10. PEBB Funding Rate Reduction** - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.

Comments:

1. Medical Services Caseload Adjust - Funding is adjusted to reflect decreases in the medical services caseload effective May 1, 2012. (General Fund-State, General Fund-Federal)

2. Non-IMD Residential Pilots - The Department shall increase federal match by shifting 32 current inpatient or residential beds in settings that are designated as Institutions for Mental Diseases to two 16-bed facilities which are able to bill for Medicaid reimbursable services. (General Fund-Federal)

3. Long-Term Residential - The Department contracts with approximately six providers statewide for long-term residential services for adults and five providers for recovery house beds. These services are funded with a combination of General Fund-State and federal grant funds. All funding for long-term residential and recovery house beds is terminated, and current federal grant funds are shifted to pay for outpatient services.

4. Limit CD Assessments - Chemical dependency assessments are limited to two per year. Funding is eliminated for an estimated 251 assessments per year.

5. PEBB Funding Rate Reduction - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.

Comments:

1. Basic Support Grant - The Division of Vocational Rehabilitation (DVR) will reduce expenditures used to generate federal match dollars for the Basic Support Grant. This level of reduction will not violate federal Maintenance of Effort requirements and will allow services to be maintained so the program does not fall into an order of selection status.

2. PEBB Funding Rate Reduction - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. Comments:

1. Provider One Phase Two - The Department of Social and Health Services (DSHS) is given federal expenditure authority to proceed with the Social Service Payment System (SSPS) data conversion and transition to Provider One. State matching funds are to come from existing information technology resources. (General Fund-Federal)

2. Evidence Based Practices - Funding is provided for increasing the level of evidence-based or research-based prevention and treatment programs in the Department's mental health, juvenile justice, and child welfare programs in accordance with Engrossed Second Substitute House Bill 2536 (children/services delivery). This includes \$218,000 for the Department to hire 2 FTEs and \$224,000 to contract with the University of Washington and the Washington State Institute for Public Policy. The Department's programs responsible for administration of mental health, child welfare, and juvenile justice programs will coordinate with the Health Care Authority on the development of contract terms which facilitate efforts to meet requirements of the bill. (General Fund-State, General Fund-Federal)

3. Gang Prevention - \$250,000 is provided for a grant program focused on criminal street gang prevention and intervention administered by the Washington State Partnership Council on Juvenile Justice. The Council shall give priority to applicants who have demonstrated the greatest problems with criminal street gangs.

4. SCC Ombudsman - The Special Commitment Center (SCC) ombudsman's activities duplicate the SCC resident advocates and residents' legal counsel; the position is eliminated.

5. PEBB Funding Rate Reduction - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium. 1. Fund McNeil Island Operations - Funding is provided to support the cost of sustaining operation on McNeil Island. After the Department of Corrections ceased operation on McNeil Island, SCC took over responsibility for all island operations. These services include marine operations, fire suppression and control, water treatment and wastewater management, and other operations.

2. SCC Legal Costs # - Funding for legal costs related to the defense and prosecution of Sexually Violent Predators (SVP) is reduced and transferred. Funding for legal costs associated with the evaluation, filing, prosecution, response to petitions for release, and appeal of sexually violent predator civil commitment cases, as provided in RCW 71.09, is transferred to the Office of the Attorney General (AGO). Funding for the county prosecution legal costs are also transferred. The AGO may enter into an interagency agreement with a county prosecutor to perform prosecution services pursuant to RCW 71.09. Funding and responsibility for the Joint Forensic Unit are transferred from the Department of Social and Health Services to the AGO. Funding for defense-related legal costs for indigent respondents in civil commitment cases under RCW 71.09 is transferred to the Office of Public Defense.

3. PEBB Funding Rate Reduction - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. Comments:

1. Auditor Charges - Agency funding levels are adjusted to reflect changes in the number of audit hours needed, reductions in billing authority for the Office of the State Auditor's Audit of State Government Account, and use of existing fund balance. The Office of the State Auditor will use a risk-based methodology in selecting agencies to audit.

2. Attorney General Reduction - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Attorney General's Legal Services Revolving Account.

3. Sec of State Archive Reduction - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Secretary of State's Archives and Records Management Account.

4. Central Services Savings - Funding is reduced for Office of Minority & Women's Business Enterprises (OMWBE), Office of Administrative Hearings (OAH), and Labor Relations Office (LRO), with the resulting savings passed along to other state agencies as a central service billing reduction. The funding reduction utilizes an excess fund balance from the OMWBE Enterprises Account, eliminates an administrative position at the OAH, and reduces LRO services.

5. Central Service Reforms - Funding is reduced to reflect efficiencies related to state agency use of cell phones, mailing, printing, and information technology, pursuant to Engrossed Substitute Senate Bill 6607 (central service costs). (Various Funds)

6. SCC Legal Costs # - Funding for legal costs related to the prosecution of sexually violent predators is transferred. State general fund expenditure authority for legal costs associated with the evaluation, filing, prosecution, response to petitions for release, and appeal of sexually violent predator civil commitment cases, as provided in RCW 71.09, is transferred to the Office of the Attorney General pursuant to Substitute Senate Bill 6493 (sexual predator commitment).

Auditor Charges - Agency funding levels are adjusted to reflect changes in the number of audit hours needed, reductions in billing authority for the Office of the State Auditor's Audit of State Government Account, and use of existing fund balance. The Office of the State Auditor will use a risk-based methodology in selecting agencies to audit.

2. Central Service Reforms - Funding is reduced to reflect efficiencies related to state agency use of cell phones, mailing, printing, and information technology, pursuant to Engrossed Substitute Senate Bill 6607 (central service costs). (Various Funds)

3. PEBB Funding Rate Reduction - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.

Comments:

1. Haz Waste Toxics Staff Reduction - Funding and FTE staff are reduced on a one-time basis in the Hazardous Waste and Toxics Reduction Program for staff responsible for communication, education, and outreach functions. (State Toxics Control Account-State)

2. Spills Admin Staff Reduction - Funding and FTE staff are reduced on a one-time basis in the Spills Program for secretarial and administrative support, as well as vehicle maintenance coordination. (State Toxics Control Account-State)

3. Public Participation Grant Reduct - Public Participation Grants provide financial assistance to citizen groups and non-profit, public-interest organizations. Grants are provided for two purposes: To facilitate public involvement in the investigation and remediation of contaminated sites; and to carry out waste management projects. Funding is reduced on a one-time basis for waste management related public participation grants. (State Toxics Control Account-State, Local Toxics Control Account-State)

2011-13 Revised Omnibus Operating Budget (2012 Supp)

Department of Ecology

4. Padilla Bay Program/Facility Reduct - The Padilla Bay National Estuarine Research Reserve in Skagit County is one of 25 national reserves established to protect estuaries for research and education. The Reserve conducts public education programs, technical and professional training, coastal restoration, and scientific research and monitoring. State general fund support for this activity is reduced on a one-time basis.

5. Product Stewardship and Other Red - Spending authority is reduced on an ongoing basis to balance selected dedicated accounts, due to lower-than-projected revenue collections. \$1.5 million of the reduction will result in a smaller program for recycling mercury-containing lights. \$92,000 of the reduction will result in less air quality regulatory work. The remaining \$1,000 reduction will reduce water rights processing. (Product Stewardship Programs Account-Nonappropriated, Air Pollution Control Account-State, Wood Stove Education and Enforcement Account-State, Water Rights Processing Account-State)

6. Expedite Water Discharge Permits - Facilities discharging to the waters of the state are required to obtain a National Pollution Discharge Elimination System (NPDES) permit from the Department of Ecology (Ecology). Ecology works with about 2,000 NPDES permit holders, and currently has approximately 75 percent of its permits up-to-date. Funding and FTE staff are provided to the Water Quality Program to speed processing of permits for new and expanded facilities in order to foster economic development and reduce the existing permit-processing backlog. (Water Quality Permit Account-State)

7. Water Quality Program Fund Shift - Wastewater discharge regulatory costs in the amount of \$600,000 are shifted on a one-time basis from the State Toxics Control Account to the Water Quality Permit Account. (State Toxics Control Account-State, Water Quality Permit Account-State)

8. Johns Creek Hydrogeology Study - A recent Superior Court ruling ordered Ecology to begin rulemaking related to groundwater management in the Johns Creek sub-basin of Mason County where inadequate streamflows threaten fish and wildlife. To evaluate rulemaking options, ongoing funding and FTE staff are provided for a two-year hydrogeologic study of the Johns Creek area. This funding will pay for contracted mapping, generation of water-management options, development of a groundwater model, and training for Ecology employees in using the new model. (General Fund-Private/Local, State Drought Preparedness Account-State)

9. Completed Hanford Tank Litigation - Funding is reduced on an ongoing basis for Hanford tank waste litigation that was concluded in October 2010. A corresponding revenue reduction is taken to reflect the associated reduction in mixed waste fees. (State Toxics Control Account-State)

10. Auditor Charges - Agency funding levels are adjusted to reflect changes in the number of audit hours needed, reductions in billing authority for the Office of the State Auditor's Audit of State Government Account, and use of existing fund balance. The Office of the State Auditor will use a risk-based methodology in selecting agencies to audit.

11. Attorney General Reduction - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Attorney General's Legal Services Revolving Account.

12. Sec of State Archive Reduction - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Secretary of State's Archives and Records Management Account.

13. Central Services Savings - Funding is reduced for Office of Minority & Women's Business Enterprises (OMWBE), Office of Administrative Hearings (OAH), and Labor Relations Office (LRO), with the resulting savings passed along to other state agencies as a central service billing reduction. The funding reduction utilizes an excess fund balance from the OMWBE Enterprises Account, eliminates an administrative position at the OAH, and reduces LRO services.

14. Central Service Reforms - Funding is reduced to reflect efficiencies related to state agency use of cell phones, mailing, printing, and information technology, pursuant to Engrossed Substitute Senate Bill 6607 (central service costs). (Various Funds)

2011-13 Revised Omnibus Operating Budget (2012 Supp)

Department of Ecology

15. Hanford Tank Closure and Cleanup - As a result of the 2010 settlement between Ecology and the U.S. Department of Energy (USDOE) over cleanup delays at the Hanford Nuclear Reservation, USDOE accelerated its cleanup schedule, leading to an increase in revenue from the mixed waste fee. Spending authority is increased to support the additional regulatory oversight for Ecology and for soil and groundwater cleanup actions protecting the Columbia River. (State Toxics Control Account-State)

16. Puget Sound Federal Funding - Ecology is the lead agency in two cooperative agreements tied with a U.S. Environmental Protection Agency grant - toxics and nutrient reduction and prevention, and watershed protection and restoration. Federal expenditure authority and FTE staff are provided on an ongoing basis to implement the agreements. Funding will support direct and competitive awards, interagency agreements and contracts with state, tribal and local entities on projects that help to implement the Puget Sound Action Agenda, e.g. updating a hydrology model for low-impact development, and removing nitrogen from on-site septic systems. (General Fund-Federal)

17. Reduce Management Staff - Savings are achieved through the elimination of six management positions. The reduction assumes that supervisory and policy duties will be allocated to other managers.

18. Close Walla Walla Office - Savings are achieved by closing the Walla Walla water master office. The one FTE associated with that office is assumed to telecommute.

19. Climate Change - The climate change work as originally funded by the legislature is largely completed. Savings are achieved through a reduction to completed activities. Remaining funds will be used for work related to climate adaptation, reporting requirements, and to assist state agencies with greenhouse gas emissions.

20. Reduce Lab Services - General Fund State lab services at the department are reduced by 5 percent. The department may use under expenditures, reduced staffing or reductions of operations to achieve savings. The department may not reduce funding for activities associated with RCW 43.21A.230.

21. Solid Waste Reductions - Ecology is required to fund specific categories of projects within the solid waste program per RCW 74.93.180(1)(c). One-time savings are achieved from eliminating the 30 percent category projects which include the following: Waste to Fuels Technology Research Partnership w/ Universities, Legislative Policy Support, Solid Waste Regulatory Reform Evaluation Process, Solid Waste Financing Study, Technical Assistance for organics reduction as well as recycling and composting programs to local government and the private sector, Work with Business to reduce the use of toxic substances and to reduce solid waste, Evaluation of beneficial use for solid wastes, and Compost Facility Compliance. (Waste Reduction/Recycling/Litter Control Account-State)

22. Stream Flow Data and Assessment - Combines stream flow analysis, data analysis, and assessment funding in the environmental lab and water resources units and reduces funding by 5 percent. Savings are assumed through increased efficiencies and reducing potential duplication.

23. Reduce Motor Vehicle Emissions - Reduces oversight and compliance spending for the motor vehicle emissions program by five percent.

24. Water Quantity Reduction - Reduces water quantity spending. The potential reduction may come from water rights processing, water resource stewardship, water law compliance, dam safety, and clarification of water rights.

25. Reclamation Funds - Due to an excess fund balance, a portion of the state general fund subsidy for certain spending activities is shifted to the Reclamation Account on a one-time basis. The activities include stream gauging, geologic surveys, investigations for hydroelectric as well as a regulatory program for well construction. (General Fund-State, Reclamation Revolving Account-State)

26. Administrative Reduction - Reduces all administrative spending by 5 percent. The savings are achieved from reductions to Ecology's administrative budget unit or through a reduction in the indirect rate. (General Fund-State, Various Funds)

2011-13 Revised Omnibus Operating Budget (2012 Supp)
Department of Ecology

27. Toxics Fund Shift - A portion of funding for Water Quality, Shorelands and Environmental Assessment, Hazardous Waste, Waste to Resources, Nuclear Waste, and Air Quality programs are shifted to the State Toxics Control Account. (General Fund-State, State Toxics Control Account-State)

28. Anaerobic Digester - Funding is provided for the implementation of Second Substitute Senate Bill 5343 (anaerobic digester emissions).

29. Shift Agricultural Burning to Fee - Ecology operates a fee-supported agricultural smoke-management permit program. Ecology will amend a research contract and increase fees in the agricultural burning permit and smoke management program to their cap in order to more closely recover actual costs of administering the program. (General Fund-State, Air Pollution Control Account-State)

30. PEBB Funding Rate Reduction - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.

31. Transfer Site Use Permit to Health# - Pursuant to House Bill 2304 (low-level radioactive waste), funding and FTE staff responsible for commercial low-level radioactive waste site use permitting are permanently transferred from Ecology to Health. The majority of the permitting work involves radioactive waste, which falls under the regulatory purview of DOH, while hazardous or mixed radioactive and hazardous waste is Ecology's focus. (Site Closure Account-State)

Comments:

1. Oil Heat Program Funding - The Pollution Liability Insurance Program offers insurance coverage for the cleanup of contamination from residential heating oil tanks at no cost to program participants. This program is funded from the Heating Oil Pollution Liability Insurance Program Trust Account, an account that receives its revenue from a fee paid by heating oil dealers. Funding is reduced on an ongoing basis to reflect lower-than-anticipated revenue and captures savings from under-expenditures in recent years. (Heating Oil Pollution Liability Trust Account-Nonappropriated)

2. Auditor Charges - Agency funding levels are adjusted to reflect changes in the number of audit hours needed, reductions in billing authority for the Office of the State Auditor's Audit of State Government Account, and use of existing fund balance. The Office of the State Auditor will use a risk-based methodology in selecting agencies to audit.

Comments:

1. Auditor Charges - Agency funding levels are adjusted to reflect changes in the number of audit hours needed, reductions in billing authority for the Office of the State Auditor's Audit of State Government Account, and use of existing fund balance. The Office of the State Auditor will use a risk-based methodology in selecting agencies to audit.

2. Attorney General Reduction - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Attorney General's Legal Services Revolving Account.

3. Sec of State Archive Reduction - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Secretary of State's Archives and Records Management Account.

4. Central Services Savings - Funding is reduced for Office of Minority & Women's Business Enterprises (OMWBE), Office of Administrative Hearings (OAH), and Labor Relations Office (LRO), with the resulting savings passed along to other state agencies as a central service billing reduction. The funding reduction utilizes an excess fund balance from the OMWBE Enterprises Account, eliminates an administrative position at the OAH, and reduces LRO services.

5. Central Service Reforms - Funding is reduced to reflect efficiencies related to state agency use of cell phones, mailing, printing, and information technology, pursuant to Engrossed Substitute Senate Bill 6607 (central service costs). (Various Funds)

6. Recreational Resources - Pursuant to Engrossed Second Substitute House Bill 2373 (recreational resources), Discover Pass legislation will allow for pass transferability between two vehicles and generate additional funding for State Parks operations and maintenance by expanding the opt-out donation to vehicle types that were not previously covered. (Parks Renewal and Stewardship Account-State)

7. Discover Pass Revenue Reduction - Spending authority from the Parks Renewal and Stewardship Account is adjusted to reflect lower-than-anticipated revenue from the Discover Pass. To address the shortfall and avoid park closures, the State Parks and Recreation Commission approved an agency restructuring plan that will achieve efficiencies and reduce expenditures, including reliance on seasonal rangers and flattening the agency structure. (Parks Renewal and Stewardship Account-State)

8. Infractions - Spending authority is provided for the implementation of Substitute Senate Bill 6387 (parks, recreation and natural resources). The legislation requires Discover Pass infractions to be deposited back into the Discover Pass account. (Parks Renewal and Stewardship Account-State)

9. Park Transition Funds - Funds are provided on a one-time basis to assist Parks in transitioning to a fee-based agency. The increased funding will support the operation and maintenance of state parks.

10. PEBB Funding Rate Reduction - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.

2011-13 Revised Omnibus Operating Budget (2012 Supp) Recreation and Conservation Funding Board

Comments:

- 1. Private/Local Funding** - General Fund-Private/Local funding is permanently reduced to match historic spending levels. (General Fund-Private/Local)
- 2. Policy Director Funding Shift** - Funding for the agency policy director is shifted on an ongoing basis from the state general fund to the Recreation Resources Account to better align the funding source with the work completed by the position. (General Fund-State, Recreation Resources Account-State)
- 3. Salmon Recovery Office Funds** - The GSRO coordinates a statewide salmon strategy by assisting with the development of regional recovery plans and working to secure funding for local, regional, and state recovery efforts. One-time savings will be achieved by holding the science coordinator position vacant and reducing production costs for the "State of the Salmon in Watersheds" report.
- 4. Auditor Charges** - Agency funding levels are adjusted to reflect changes in the number of audit hours needed, reductions in billing authority for the Office of the State Auditor's Audit of State Government Account, and use of existing fund balance. The Office of the State Auditor will use a risk-based methodology in selecting agencies to audit.
- 5. Attorney General Reduction** - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Attorney General's Legal Services Revolving Account.
- 6. Sec of State Archive Reduction** - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Secretary of State's Archives and Records Management Account.
- 7. Central Services Savings** - Funding is reduced for Office of Minority & Women's Business Enterprises (OMWBE), Office of Administrative Hearings (OAH), and Labor Relations Office (LRO), with the resulting savings passed along to other state agencies as a central service billing reduction. The funding reduction utilizes an excess fund balance from the OMWBE Enterprises Account, eliminates an administrative position at the OAH, and reduces LRO services.
- 8. Central Service Reforms** - Funding is reduced to reflect efficiencies related to state agency use of cell phones, mailing, printing, and information technology, pursuant to Engrossed Substitute Senate Bill 6607 (central service costs). (Various Funds)
- 9. Administration** - Reduces state general fund administration spending. The board may achieve savings through shifting functions to federal funds, under expenditures, or reductions in operations. The board shall not reduce total spending to lead entities.
- 10. PEBB Funding Rate Reduction** - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.

Comments:

1. Reduce Fish Program Dedicated Accts - The legislature provided authority to the department to increase hunting and fishing license fees. The current revenue collection is lower than anticipated from these increases. Expenditure authority is reduced on an ongoing basis to reflect lower than anticipated revenue. (Recreational Fisheries Enhancement Account-State, Warm Water Game Fish Account-State, Washington Coastal Crab Pot Buoy Tag Account-Nonappropriated, Puget Sound Crab Pot Buoy Tag Account-Nonappropriated)

2. Auditor Charges - Agency funding levels are adjusted to reflect changes in the number of audit hours needed, reductions in billing authority for the Office of the State Auditor's Audit of State Government Account, and use of existing fund balance. The Office of the State Auditor will use a risk-based methodology in selecting agencies to audit.

3. Attorney General Reduction - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Attorney General's Legal Services Revolving Account.

4. Sec of State Archive Reduction - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Secretary of State's Archives and Records Management Account.

5. Central Services Savings - Funding is reduced for Office of Minority & Women's Business Enterprises (OMWBE), Office of Administrative Hearings (OAH), and Labor Relations Office (LRO), with the resulting savings passed along to other state agencies as a central service billing reduction. The funding reduction utilizes an excess fund balance from the OMWBE Enterprises Account, eliminates an administrative position at the OAH, and reduces LRO services.

6. Wolf Population Monitoring - Gray wolves are currently a state-protected species and federally listed as endangered in the western two-thirds of the state. WDFW has the primary responsibility for monitoring these wolves. Ongoing funding is provided from the sale of endangered species license plates for the department to mitigate livestock damage by notifying livestock producers of wolf presence and to implement pro-active, non-lethal management tools to minimize wolf-livestock conflicts. The department will also monitor wolf packs and territories to determine when the species has met its recovery objectives. (General Fund-Private/Local, State Wildlife Account-State)

2011-13 Revised Omnibus Operating Budget (2012 Supp)

Department of Fish and Wildlife

7. Black Bear Monitoring & Management - The current method of estimating black bear populations relies on harvest reports, which reflects delayed information that makes it difficult to determine how environmental factors and human actions affect black bear populations. Ongoing funding is provided from the sale of special bear, deer, and elk license plates for research and implementation of a new black bear population estimate and monitoring method that will enable WDFW to more accurately set harvest rates and more effectively manage human and black bear population conflicts. (State Wildlife Account-State)

8. Mountain Goat & Bighorn Sheep Rcvry - Historic populations of mountain goats have experienced dramatic declines. At the same time, bighorn sheep population levels across the western states have been significantly constrained in recent years due to a disease that is primarily transmitted by the intermingling of domestic and wild sheep. Ongoing funding from special hunting permit auctions is provided to the department to develop and implement a plan to move mountain goats to more favorable areas, to study bighorn sheep populations in order to track their movements near domesticated sheep, and to contract with Washington State University for research on a vaccine against the disease. (State Wildlife Account-State)

9. Central Service Reforms - Funding is reduced to reflect efficiencies related to state agency use of cell phones, mailing, printing, and information technology, pursuant to Engrossed Substitute Senate Bill 6607 (central service costs). (Various Funds)

10. Geoduck Poaching Enforcement - For 30 years, the DNR has auctioned harvest rights for specific quantities of wild geoduck in specific Puget Sound "bedland" tracts. These geoducks are not farmed and regenerate by natural means. However, recent data from closed tracts indicate illegal poaching is threatening the recovery of the species. On-going funding is provided to the WDFW for a detective and two enforcement officers to enforce existing laws related to geoduck harvesting. (Aquatic Lands Enhancement Account-State)

11. Infractions - Spending authority is provided for the implementation of Substitute Senate Bill 6387 (parks, recreation and natural resources). The legislation requires Discover Pass infractions to be deposited back into the Discover Pass account. The department receives eight percent of Discover Pass revenue. (State Wildlife Account-State)

12. Reduce administration - Reduces administrative spending by 5 percent. In Substitute House Bill 2058 (operating supplemental budget 2011-13), WDFW reduced management staff by 6 FTE.

13. Renewable Energy Siting - Reduces spending for renewable energy siting technical assistance by the department. Potential renewable projects may continue to receive department provided assistance or assistance from private sector consultants for siting.

14. Technical Assistance Salmon Recover - Due to excess fund balance, a portion of the state general fund for technical assistance for salmon recovery is shifted to the Aquatic Lands Enhancement Account. (General Fund-State, Aquatics Land Enhancement Account-State)

15. PILT Reduction - Savings are achieved through reducing Payments in Lieu of Taxes (PILT). The new formula provides funding to counties by ensuring that no county will receive lower than their 2009 rates.

16. Hatcheries - Due to an excess fund balance, a portion of the state general fund for hatchery activities is shifted to dedicated natural resource funds. (General Fund-State, Aquatics Land Enhancement Account-State, Regional Fisheries Enhancement Group Account-State)

17. Marine Enforcement - Due to an excess fund balance, a portion of the state general fund for marine enforcement activities is shifted to the Recreational Resources Account. (General Fund-State, Recreational Resources Account-State).

2011-13 Revised Omnibus Operating Budget (2012 Supp)
Department of Fish and Wildlife

18. Grizzly Bear Outreach Program - One-time funding is provided to a community-based organization to disseminate information about grizzly bears in the North Cascades. (State Wildlife Account-State)

19. Livestock - Funding is provided for mitigation, claims, and assessment costs for injury or loss of livestock caused by wolves, black bears, and cougars.

20. AIS Prevention - Additional expenditure authority is provided to match expected revenue to the Aquatic Invasive Species Prevention Account during FY 2013. The funding will be used to maintain agency capacity to control aquatic invasive species. (Aquatic Invasive Species Prevention Account-State)

21. Fish and Wildlife Enforcement - Due to an excess fund balance, a portion of the state general fund for law enforcement activities is shifted on a one-time basis to the Fish and Wildlife Enforcement Account. (General Fund-State, Fish and Wildlife Enforcement-State)

22. PEBB Funding Rate Reduction - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.

Comments:

1. Performance Management System - The Puget Sound Action Agenda is designated by the U.S. Environmental Protection Agency (EPA) National Estuary program as the plan for the recovery of the Puget Sound. As a result the Puget Sound Partnership (PSP) receives federal funding to implement programs in the Action Agenda. Federal expenditure authority is increased on a one-time basis for development of a performance management system to track the status of individual Puget Sound recovery projects and progress toward recovery outcomes. (General Fund-Federal)

2. Auditor Charges - Agency funding levels are adjusted to reflect changes in the number of audit hours needed, reductions in billing authority for the Office of the State Auditor's Audit of State Government Account, and use of existing fund balance. The Office of the State Auditor will use a risk-based methodology in selecting agencies to audit.

3. Attorney General Reduction - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Attorney General's Legal Services Revolving Account.

4. Technology Spending - Funding is reduced on a one-time basis for information technology improvements. This reduction will be achieved by delaying desktop computer replacements and scaling back improvements to the agency's website and social media tools.

5. Training/Tech Asst, Study - Funding is reduced or eliminated for training and technical assistance related to stormwater-reducing land development practices and for vessel traffic studies related to oil spill prevention.

6. Puget Sound Federal Funding - Federal expenditure authority and FTE staff are increased on an ongoing basis to reflect grant funding from the U.S. EPA for updating the Puget Sound Action Agenda, improving the Partnership's coordinated science and monitoring program, and providing financial and technical support to local organizations in Partnership's seven geographic action areas. (General Fund-Federal)

7. NW Straits Commission Support - Federal expenditure authority is increased on a one-time basis for a U.S. Environmental Protection Agency pass-through grant to the Department of Ecology to support dedicated the Northwest Straits Commission for one year. This will allow the Commission to continue to provide marine conservation recommendations to state and local governments and provide scientific, technical, and financial support to local marine resource committees. (General Fund-Federal)

8. Central Service Reforms - Funding is reduced to reflect efficiencies related to state agency use of cell phones, mailing, printing, and information technology, pursuant to Engrossed Substitute Senate Bill 6607 (central service costs). (Various Funds)

9. PEBB Funding Rate Reduction - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.

Comments:

1. Survey & Mapping Activity - Spending authority is reduced on an ongoing basis to reflect lower-than-projected revenue collections in the Survey and Maps Account. (Survey and Maps Account-State)

2. Trust Land Mgmt Activities - In recent years, the Department of Natural Resources (DNR) trust management accounts were substantially reduced due to declines in timber revenues. Revenues have since stabilized. Additional expenditure authority will allow resumption of delayed silvicultural activities and help to ensure the long-term viability of the timber on state lands. (Forest Development Account-State, Resources Management Cost Account-State)

3. Silviculture Burn Permit Pgm - DNR and the Department of Ecology issue permits for silviculture and agriculture burning to maintain air quality. Spending authority is reduced to reflect lower-than-anticipated permit revenue. (Air Pollution Control Account-State)

4. Shift ECY/DFW Grant Funding to FFSA - DNR's Adaptive Management Program distributes participation grants to certain stakeholders and state agencies that perform work as part of the forest practices adaptive management process. When the Forest and Fish Support Account (FFSA) was established in 2007, all participation grant funding was paid from it, but during the previous biennium, the grant funding for the Department of Ecology and the Department of Fish and Wildlife was paid from the state general fund. This ongoing shift moves the funding back to the FFSA. (General Fund-State, Forest and Fish Support Account-State)

5. Increase Adaptive Mgmt Activities - The Forest Practices Act and the Forest and Fish Rules are the basis for the Forest Practices Habitat Conservation Plan (FPHCP) and the Clean Water Act (CWA) assurances which protect fish life and water quality in forested areas. The Forest and Fish Support Account, created in 2007 to support the implementation of the Forest and Fish Rules, has built up excess funds over time due to increased revenue and under-expenditures. These excess funds will be used to increase activities that support the CWA assurances and the FPHCP. (Forest and Fish Support Account-State)

6. Auditor Charges - Agency funding levels are adjusted to reflect changes in the number of audit hours needed, reductions in billing authority for the Office of the State Auditor's Audit of State Government Account, and use of existing fund balance. The Office of the State Auditor will use a risk-based methodology in selecting agencies to audit.

7. Attorney General Reduction - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Attorney General's Legal Services Revolving Account.

2011-13 Revised Omnibus Operating Budget (2012 Supp)

Department of Natural Resources

8. Sec of State Archive Reduction - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Secretary of State's Archives and Records Management Account.

9. Central Services Savings - Funding is reduced for Office of Minority & Women's Business Enterprises (OMWBE), Office of Administrative Hearings (OAH), and Labor Relations Office (LRO), with the resulting savings passed along to other state agencies as a central service billing reduction. The funding reduction utilizes an excess fund balance from the OMWBE Enterprises Account, eliminates an administrative position at the OAH, and reduces LRO services.

10. Land Management Costs - Each biennium, the DNR is provided state general fund for the responsibility of carrying out fire suppression activities on approximately 12.7 million acres of private and state forest lands. During FY 2013, \$2.138 million in additional spending authority is provided to DNR from the Forest Development Account to replace an equal reduction in state general fund for fire suppression activities. (General Fund-State, Forest Development Account-State)

11. Central Service Reforms - Funding is reduced to reflect efficiencies related to state agency use of cell phones, mailing, printing, and information technology, pursuant to Engrossed Substitute Senate Bill 6607 (central service costs). (Various Funds)

12. Natural Heritage Program - The Natural Heritage program tracks about 500 rare species and 300 ecosystems native to Washington State and manages the state's only comprehensive database of information on rare plant species and their locations. Funding for the program is provided for FY 2013.

13. Aquatics Land Mgmt Fund Shift - Due to an excess fund balance, a portion of the Aquatic Lands Enhancement Account funding for department activities is shifted on a one-time basis to the aquatics portion of the Resources Management Cost Account. (Aquatic Lands Enhancement Account-State, Resources Management Cost Account-State)

14. Reduce Administration - Savings are achieved through reducing state general fund administrative expenditures by 5 percent.

15. Reduce Management - Savings are achieved through the elimination of six management positions. The reduction assumes that supervisory and policy duties will be allocated to other managers.

16. Fire Suppression Overtime - Savings are achieved through allocating staffing resources and overtime, to the greatest extent possible, to more seasonal fire fighters to offset overtime payments to department employees. Using fiscal year 2012 as a base year, this allows the state to pay a rate approximately 28 percent lower than the average department employee overtime rates.

17. Geology Services - Savings are achieved through a reduction in department geology services by 7 percent effective May 1.

18. Marine Management - Funding is provided for the implementation of Second Substitute Senate Bill 6263 (marine management planning). The legislation allows for the development of marine management plans for different geographic areas on different schedules. (Marine Resources Stewardship Trust Account-State)

19. Infractions - Spending authority is provided for the implementation of Substitute Senate Bill 6387 (parks, recreation and natural resources). The legislation requires Discover Pass infractions to be deposited back into the Discover Pass account. The department receives eight percent of Discover Pass revenue. (Park Land Trust Revolving Account-State)

20. PEBB Funding Rate Reduction - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.

Comments:

- 1. Auditor Charges** - Agency funding levels are adjusted to reflect changes in the number of audit hours needed, reductions in billing authority for the Office of the State Auditor's Audit of State Government Account, and use of existing fund balance. The Office of the State Auditor will use a risk-based methodology in selecting agencies to audit.
- 2. Attorney General Reduction** - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Attorney General's Legal Services Revolving Account.
- 3. Sec of State Archive Reduction** - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Secretary of State's Archives and Records Management Account.
- 4. Central Service Reforms** - Funding is reduced to reflect efficiencies related to state agency use of cell phones, mailing, printing, and information technology, pursuant to Engrossed Substitute Senate Bill 6607 (central service costs). (Various Funds)
- 5. Commute Trip Reduction** - Funding is reduced to reflect the elimination of state general funds for the Commute Trip Reduction program.
- 6. Open K-12 Education Resources** - Funding is provided to implement Engrossed Second Substitute House Bill 2337 (Open K-12 Ed Resources). The bill requires that the Superintendent of Public Instruction develop and adopt new and existing openly licensed courseware aligned with the common core state standards.
- 7. WaKids** - Funding is provided to implement Engrossed Second Substitute House Bill 2586 (Kindergarten Inventory). The bill changes the implementation schedule for administration of the Washington Kindergarten Inventory of Developing Skills.
- 8. Urban School Turnaround** - A new proviso is created for a new urban school turnaround initiative. The purpose of the turnaround initiative is to promote significant educational achievement gap reductions in the state's lowest performing schools.
- 9. Collaborative Schools** - \$1,500,000 is provided solely the implementation of legislation relating to collaborative schools for innovation, HB 2799.
- 10. AP/IB Exam Fee Backfill** - Included in federal budget reductions was a reduction in the federal contribution to low-income students for Advanced Placement (AP) and International Baccalaureate (IB) fees. Through the 2011-12 school year, federal funding supplements each low income student's total exam fee so that each AP exams is \$5 and each IB exam is \$14.50. Beginning in the 2012-13 school year, the federal contribution to exam fees for low income students is reduced and the number of exams for which a student can receive assistance is limited. Under the new federal contribution levels, AP out-of-pocket costs for low income students will be \$15 for the first three exams and \$53 for each additional AP exam. IB classes and exams will increase to \$169 per class. \$100,000 is provided to backfill the reduction in federal contributions for testing fees in the 2012-13 school year. With respect to AP exams, low-income students will be responsible for the \$15 fee, but will not be limited in the number of AP exams that are funded. With respect to the IB classes and exams, the students will be responsible for the \$14.50 out-of-pocket costs they currently pay.
- 11. Interpreter-Services Standards** - Funds are provided for the professional educator standards board to develop educator interpreter standards and identify interpreter assessments that are available to school districts. The board will establish a performance standard, defining what constitutes a minimum assessment result, for each educational interpreter assessment identified and will publicize the standards and assessments for school district use.

12. Foster Care Outcomes - Funding is provided pursuant to SHB 2254 (foster care outcomes), which directs OSPI to report on the implementation of the state's plan of cross-system collaboration to promote educational stability and improve education outcomes of foster youth. The first report is due December 1, 2012 and annually thereafter through 2015.

13. PEBB Funding Rate Reduction - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.

The center will produce research on new technologies and innovations in aviation, aerospace, and defense. (Economic Development Strategic Reserve Account-State)
- 7. Ruckelshaus Center** - Funding for the Ruckelshaus Center is transferred from the University of Washington to Washington State University.
- 8. Tax Increment Study** - Funds provided for a tax increment study pursuant to Chapter 164, Laws of 2010 (E2SSB 6609) are removed because the study has been completed.
- 9. PEBB Funding Rate Reduction** - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.

2011-13 Revised Omnibus Operating Budget (2012 Supp) The Evergreen State College

Comments:

1. Auditor Charges - Agency funding levels are adjusted to reflect changes in the number of audit hours needed, reductions in billing authority for the Office of the State Auditor's Audit of State Government Account, and use of existing fund balance. The Office of the State Auditor will use a risk-based methodology in selecting agencies to audit.

2. Attorney General Reduction - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Attorney General's Legal Services Revolving Account.

3. Sec of State Archive Reduction - Agency funding levels are reduced to reflect reductions in billing authority for the Office of the Secretary of State's Archives and Records Management Account.

4. Central Services Savings - Funding is reduced for Office of Minority & Women's Business Enterprises (OMWBE), Office of Administrative Hearings (OAH), and Labor Relations Office (LRO), with the resulting savings passed along to other state agencies as a central service billing reduction. The funding reduction utilizes an excess fund balance from the OMWBE Enterprises Account, eliminates a vacant administrative position at the OAH, and reduces LRO services.

5. Central Service Reforms - Funding is reduced to reflect efficiencies related to state agency use of cell phones, mailing, printing, and information technology, pursuant to Engrossed Substitute Senate Bill 6607 (central service costs). (Various Funds)

6. Forest Fire Protection Study - One-time funding is provided for the Washington State Institute for Public Policy (WSIPP) to conduct an analysis of the efficiency and effectiveness of the state's funding mechanisms for fire prevention and suppression activities. WSIPP will report to the appropriate committees of the Legislature by June 30, 2012. (Forest Fire Protection Assessment Account)

7. Child Welfare/Contracting - Pursuant to Engrossed Second Substitute House Bill 2264 (Child welfare/contracting), funding is provided for the Washington Institute for Public Policy to evaluate the implementation of performance-based contracts by DSHS for the purchase of certain services provided to children and families involved in the child welfare system. An initial report on the conversion to performance based contracting is due June 30, 2014. A second report on the effects of performance based contracting on increased use of evidence based practices, and improvements in child safety, child permanency, and child well-being is due June 30, 2016.

8. Domestic Violence - Funding is provided for the implementation of ESHB 2363 (domestic violence). This legislation requires the Washington State Institute for Public Policy to assess recidivism by domestic violence offenders.

9. WSIPP State Need Grant Study - One-time funds are provided for the Washington State Institute for Public Policy to conduct a longitudinal study of the State Need Grant program to determine to what extent this program has increased access and degree attainment for low-income students and to determine whether or not the funding for the program has been utilized in the most efficient way possible to maximize the enrollment and degree attainment of low-income students. A report of the findings and recommendations for more efficient use of the funds are to be submitted to the Governor and the Legislature no later than December 1, 2012.

10. WSIPP Pension Benefits Review - One-time funds are provided for the Washington State Institute for Public Policy to conduct an evaluation of the benefits provided in the pension plans offered by public employers in the state.

11. Competency Restoration Treatment - In accordance with Substitute Senate Bill 6492 (competency to stand trial), one-time funds are provided for the Washington State Institute for Public Policy to study and report on the timeframes within which treatment to restore competency to stand trial is most likely to be effective.

The Evergreen State College

12. PEBB Funding Rate Reduction - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013. This is projected to leave the PEBB reserves (both the self-insured claims reserve and the incurred-but-not-paid reserve) fully funded at the end of the 2011-13 fiscal biennium.

The Superintendent of the School for the Blind, or their designee, may direct funds to be expended. The Account is non-appropriated. Funds from the General Fund-Local account are transferred to the new Account.

6. PEBB Funding Rate Reduction - The Public Employees' Benefits Board (PEBB) funding rate is reduced from \$850 to \$800 per eligible employee per month for FY 2013.
