PART II  
HUMAN SERVICES

NEW SECTION.    **Sec. 201.    FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under the Washington medicaid integration partnership (WMIP) and the medicare integrated care project (MICP), the health care authority and the

1 department may combine and transfer such medicaid funds appropriated  
2 under sections 204, 206, 208, and 213 of this act as may be necessary  
3 to finance a unified health care plan for the WMIP and the MICP program  
4 enrollment. The WMIP pilot projects shall not exceed a daily  
5 enrollment of 6,000 persons, nor expand beyond one county during the  
6 2013-2015 fiscal biennium. The amount of funding assigned from each  
7 program may not exceed the average per capita cost assumed in this act  
8 for individuals covered by that program, actuarially adjusted for the  
9 health condition of persons enrolled, times the number of clients  
10 enrolled. In implementing the WMIP and the MICP, the health care  
11 authority and the department may: (i) Withhold from calculations of  
12 "available resources" as set forth in RCW 71.24.025 a sum equal to the  
13 capitated rate for enrolled individuals; and (ii) employ capitation  
14 financing and risk-sharing arrangements in collaboration with health  
15 care service contractors licensed by the office of the insurance  
16 commissioner and qualified to participate in both the medicaid and  
17 medicare programs.

18 (b) If Washington has been selected to participate in phase two of  
19 the federal demonstration project for persons dually-eligible for both  
20 medicare and medicaid, the department and the authority may initiate  
21 the MICP. Participation in the project shall be limited to persons who  
22 are eligible for both medicare and medicaid and to counties in which  
23 the county legislative authority has agreed to the terms and conditions  
24 under which it will operate. The purpose of the project shall be to  
25 demonstrate and evaluate ways to improve care while reducing state  
26 expenditures for persons enrolled both in medicare and medicaid. To  
27 that end, prior to initiating the project, the department and the  
28 authority shall assure that state expenditures shall be no greater on  
29 either a per person or total basis than the state would otherwise  
30 incur. Individuals who are solely eligible for medicaid may also  
31 participate if their participation is agreed to by the health care  
32 authority, the department, and the county legislative authority.

33 (4) The legislature finds that medicaid payment rates, as  
34 calculated by the department pursuant to the appropriations in this  
35 act, bear a reasonable relationship to the costs incurred by  
36 efficiently and economically operated facilities for providing quality  
37 services and will be sufficient to enlist enough providers so that care  
38 and services are available to the extent that such care and services

1 are available to the general population in the geographic area. The  
2 legislature finds that cost reports, payment data from the federal  
3 government, historical utilization, economic data, and clinical input  
4 constitute reliable data upon which to determine the payment rates.

5 (5) The department shall to the maximum extent practicable use the  
6 same system for delivery of spoken-language interpreter services for  
7 social services appointments as the one established for medical  
8 appointments in section 213 of this act. When contracting directly  
9 with an individual to deliver spoken language interpreter services, the  
10 department shall only contract with language access providers who are  
11 working at a location in the state and who are state-certified or  
12 state-authorized, except that when such a provider is not available,  
13 the department may use a language access provider who meets other  
14 certifications or standards deemed to meet state standards, including  
15 interpreters in other states.

16 (6) The department shall facilitate enrollment under the medicaid  
17 expansion for clients applying for or receiving state funded services  
18 from the department and its contractors. Prior to open enrollment, the  
19 department shall coordinate with the health care authority to provide  
20 referrals to the Washington health benefit exchange for clients that  
21 will be ineligible for the medicaid expansion but are enrolled in  
22 coverage that will be eliminated in the transition to the medicaid  
23 expansion.

36 The appropriations in this section are subject to the following  
37 conditions and limitations:

1 (1) Within amounts provided for the foster care and adoption  
2 support programs, the department shall control reimbursement decisions  
3 for foster care and adoption support cases such that the aggregate  
4 average cost per case for foster care and for adoption support does not  
5 exceed the amounts assumed in the projected caseload expenditures.

6 (2) \$668,000 of the general fund--state appropriation for fiscal  
7 year 2014 and \$668,000 of the general fund--state appropriation for  
8 fiscal year 2015 are provided solely to contract for the operation of  
9 one pediatric interim care center. The center shall provide  
10 residential care for up to thirteen children through two years of age.  
11 Seventy-five percent of the children served by the center must be in  
12 need of special care as a result of substance abuse by their mothers.  
13 The center shall also provide on-site training to biological, adoptive,  
14 or foster parents. The center shall provide at least three months of

16 from the center. The center may recruit new and current foster and  
17 adoptive parents for infants served by the center. The department  
18 shall not require case management as a condition of the contract.

19 (3) \$538,500 of the general fund--state appropriation for fiscal

22 and \$253,000 of the general fund--federal appropriation are provided  
23 solely for children's administration to contract with an educational  
24 advocacy provider with expertise in foster care educational outreach.  
25 The amounts in this subsection are provided solely for contracted  
26 education coordinators to assist foster children in succeeding in K-12  
27 and higher education systems and to assure a focus on education during  
28 the transition to performance based contracts. Funding shall be  
29 prioritized to regions with high numbers of foster care youth and/or  
30 regions where backlogs of youth that have formerly requested  
31 educational outreach services exist. The department shall utilize  
32 private matching funds to maintain educational advocacy services.

33 (4) \$10,741,000 of the home security fund--state appropriation is  
34 provided solely for the department to contract for services pursuant to  
35 RCW 13.32A.030 and 74.15.220. The department shall contract and  
36 collaborate with service providers in a manner that maintains the  
37 availability and geographic representation of secure and semi-secure  
38 crisis residential centers and HOPE centers. To achieve efficiencies

1 and increase utilization, the department shall allow the co-location of  
2 these centers, except that a youth may not be placed in a secure  
3 facility or the secure portion of a co-located facility except as  
4 specifically authorized by chapter 13.32A RCW. The reductions to  
5 appropriations in this subsection related to semi-secure crisis  
6 residential centers reflect a reduction to the number of beds for semi-  
7 secure crisis residential centers and not a reduction in rates. Any  
8 secure crisis residential center or semi-secure crisis residential  
9 center bed reduction shall not be based solely upon bed utilization.  
10 The department is to exercise its discretion in reducing the number of  
11 beds but to do so in a manner that maintains availability and  
12 geographic representation of semi-secure and secure crisis residential  
13 centers.

14 (5) \$125,000 of the general fund--state appropriation for fiscal  
15 year 2014 and \$125,000 of the general fund--state appropriation for  
16 fiscal year 2015 are provided solely for a community-based organization  
17 that has innovated, developed, and replicated a foster care delivery  
18 model that includes a licensed hub home. The community-based  
19 organization will provide training and technical assistance to the  
20 children's administration to develop five hub home models in region 2  
21 that will improve child outcomes, support foster parents, and encourage  
22 the least restrictive community placements for children.

23 (6) \$73,000 of the general fund--state appropriation for fiscal  
24 year 2014, \$20,000 of the general fund--state appropriation for fiscal

19 year 2014 and \$331,000 of the general fund--state appropriation for  
20 fiscal year 2015 are provided solely for deposit in the county criminal

6 year 2014 and \$1,130,000 of the general fund--state appropriation for  
7 fiscal year 2015 are provided solely to implement alcohol and substance

10 basis to counties that submitted a plan for the provision of services  
11 approved by the division of alcohol and substance abuse. The juvenile  
12 rehabilitation administration shall develop criteria for evaluation of

21 Construction, Criminal Justice Costs and Crime Rates": Functional  
22 family therapy, multi-systemic therapy, aggression replacement training  
23 and interagency coordination programs, or other programs with a  
24 positive benefit-cost finding in the institute's report. County  
25 juvenile courts shall apply to the juvenile rehabilitation

35 Reduce Future Prison Construction, Criminal Justice Costs and Crime  
36 Rates": Multidimensional treatment foster care, family integrated  
37 transitions, and aggression replacement training, or other programs  
38 with a positive benefit-cost finding in the institute's report. The

1 administration may concentrate delivery of these treatments and  
2 therapies at a limited number of programs to deliver the treatments in  
3 a cost-effective manner.

4 (7)(a) The juvenile rehabilitation administration shall administer  
5 a block grant, rather than categorical funding, of consolidated  
6 juvenile service funds, community juvenile accountability act grants,  
7 the chemical dependency disposition alternative funds, the mental  
8 health disposition alternative, and the sentencing disposition  
9 alternative for the purpose of serving youth adjudicated in the  
10 juvenile justice system. In making the block grant, the juvenile  
11 rehabilitation administration shall follow the following formula and  
12 will prioritize evidence-based programs and disposition alternatives  
13 and take into account juvenile courts program-eligible youth in  
14 conjunction with the number of youth served in each approved evidence-  
15 based program or disposition alternative: (i) Thirty-seven and one-  
16 half percent for the at-risk population of youth ten to seventeen years  
17 old; (ii) fifteen percent for moderate and high-risk youth; (iii)  
18 twenty-five percent for evidence-based program participation; (iv)  
19 seventeen and one-half percent for minority populations; (v) three  
20 percent for the chemical dependency disposition alternative; and (vi)  
21 two percent for the mental health and sentencing dispositional  
22 alternatives. Funding for the special sex offender disposition  
23 alternative (SSODA) shall not be included in the block grant, but  
24 allocated on the average daily population in juvenile courts. Funding  
25 for the evidence-based expansion grants shall be excluded from the  
26 block grant formula. Funds may be used for promising practices when  
27 approved by the juvenile rehabilitation administration and juvenile  
28 courts, through the community juvenile accountability act committee,  
29 based on the criteria established in consultation with Washington state  
30 institute for public policy and the juvenile courts.

31 (b) The juvenile rehabilitation administration and the juvenile  
32 courts shall establish a block grant funding formula oversight  
33 committee with equal representation from the juvenile rehabilitation  
34 administration and the juvenile courts. The purpose of this committee  
35 is to assess the ongoing implementation of the block grant funding  
36 formula, utilizing data-driven decision making and the most current  
37 available information. The committee will be cochaired by the juvenile  
38 rehabilitation administration and the juvenile courts, who will also

1 have the ability to change members of the committee as needed to  
2 achieve its purpose. Initial members will include one juvenile court  
3 representative from the finance committee, the community juvenile  
4 accountability act committee, the risk assessment quality assurance  
5 committee, the executive board of the Washington association of  
6 juvenile court administrators, the Washington state center for court  
7 research, and a representative of the superior court judges  
8 association; two representatives from the juvenile rehabilitation  
9 administration headquarters program oversight staff, two  
10 representatives of the juvenile rehabilitation administration regional  
11 office staff, one representative of the juvenile rehabilitation  
12 administration fiscal staff and a juvenile rehabilitation  
13 administration division director. The committee may make changes to  
14 the formula categories other than the evidence-based program and  
15 disposition alternative categories if it is determined the changes will  
16 increase statewide service delivery or effectiveness of evidence-based  
17 program or disposition alternative resulting in increased cost benefit  
18 savings to the state. Long-term cost benefit must be considered.  
19 Percentage changes may occur in the evidence-based program or  
20 disposition alternative categories of the formula should it be  
21 determined the changes will increase evidence-based program or  
22 disposition alternative delivery and increase the cost benefit to the  
23 state. These outcomes will also be considered in determining when  
24 evidence-based expansion or special sex offender disposition  
25 alternative funds should be included in the block grant or left  
26 separate.

27 (c) The juvenile courts and administrative office of the courts  
28 shall be responsible for collecting and distributing information and  
29 providing access to the data systems to the juvenile rehabilitation  
30 administration and the Washington state institute for public policy  
31 related to program and outcome data. The juvenile rehabilitation  
32 administration and the juvenile courts will work collaboratively to  
33 develop program outcomes that reinforce the greatest cost benefit to  
34 the state in the implementation of evidence-based practices and  
35 disposition alternatives.

36 (8) The juvenile courts and administrative office of the courts  
37 shall collect and distribute information related to program outcome and  
38 provide access to these data systems to the juvenile rehabilitation

1 administration and Washington state institute for public policy.  
2 Consistent with chapter 13.50 RCW, all confidentiality agreements  
3 necessary to implement this information-sharing shall be approved  
4 within 30 days of the effective date of this section. The agreements  
5 between administrative office of the courts, the juvenile courts, and  
6 the juvenile rehabilitation administration shall be executed to ensure  
7 that the juvenile rehabilitation administration receives the data that  
8 the juvenile rehabilitation administration identifies as needed to  
9 comply with this subsection. This includes, but is not limited to,  
10 information by program at the statewide aggregate level, individual  
11 court level, and individual client level for the purpose of the  
12 juvenile rehabilitation administration providing quality assurance and  
13 oversight for the locally committed youth block grant and associated  
14 funds and at times as specified by the juvenile rehabilitation  
15 administration as necessary to carry out these functions. The data  
16 shall be provided in a manner that reflects the collaborative work the  
17 juvenile rehabilitation administration and juvenile courts have  
18 developed regarding program outcomes that reinforce the greatest cost  
19 benefit to the state in the implementation of evidence-based practices  
20 and disposition alternatives.

21 (9) \$445,000 of the general fund--state appropriation for fiscal  
22 year 2014 and \$445,000 of the general fund--state appropriation for  
23 fiscal year 2015 are provided solely for funding of the teamchild  
24 project.

25 (10) \$178,000 of the general fund--state appropriation for fiscal  
26 year 2014 and \$178,000 of the general fund--state appropriation for  
27 fiscal year 2015 are provided solely for the juvenile detention  
28 alternatives initiative.

29 (11) \$300,000 of the general fund--state appropriation for fiscal  
30 year 2014 and \$300,000 of the general fund--state appropriation for  
31 fiscal year 2015 are provided solely for a grant program focused on  
32 criminal street gang prevention and intervention. The Washington state  
33 partnership council on juvenile justice may award grants under this  
34 subsection. The council shall give priority to applicants who have  
35 demonstrated the greatest problems with criminal street gangs.  
36 Applicants composed of, at a minimum, one or more local governmental  
37 entities and one or more nonprofit, nongovernmental organizations that

1 have a documented history of creating and administering effective  
2 criminal street gang prevention and intervention programs may apply for  
3 funding under this subsection.

4 NEW SECTION. **Sec. 204. FOR THE DEPARTMENT OF SOCIAL AND HEALTH**  
5 **SERVICES--MENTAL HEALTH PROGRAM**

6 (1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS

7 General Fund--State Appropriation (FY 2014) . . . . .	\$330,048,000
8 General Fund--State Appropriation (FY 2015) . . . . .	\$317,360,000
9 General Fund--Federal Appropriation . . . . .	\$554,535,000
10 General Fund--Private/Local Appropriation . . . . .	\$17,864,000
11 TOTAL APPROPRIATION . . . . .	\$1,219,807,000

12 The appropriations in this subsection are subject to the following  
13 conditions and limitations:

14 (a) \$105,265,000 of the general fund--state appropriation for  
15 fiscal year 2014 and \$85,895,000 of the general fund--state  
16 appropriation for fiscal year 2015 are provided solely for persons and  
17 services not covered by the medicaid program. To the extent possible,  
18 levels of regional support network spending shall be maintained in the  
19 following priority order: Crisis and commitment services; community  
20 inpatient services; and residential care services, including personal  
21 care and emergency housing assistance. This is a reduction in flexible  
22 nonmedicaid funding of \$4,077,000 for fiscal year 2014 and \$23,446,000  
23 for fiscal year 2015. This reduction reflects offsets in state funding  
24 related to services that will now be funded with federal dollars  
25 through the affordable care act medicaid expansion. This reduction  
26 shall be distributed as follows:

27 (i) The \$4,077,000 reduction in fiscal year 2014 and \$11,723,000 of  
28 the reduction in fiscal year 2015 must be distributed among regional  
29 support networks based on a formula that equally weights each regional  
30 support networks proportion of individuals who become newly eligible  
31 and enroll in medicaid under the expansion provisions of the affordable  
32 care act in fiscal year 2014 and each regional support network's

12 medicaid.

13 (k) \$3,436,000 of the general fund--state appropriation for fiscal

7 sixty-five percent of the federal poverty level.

8 (b) The health care authority shall require organizations and  
9 individuals that are paid to deliver basic health plan services and  
10 that choose to sponsor enrollment in the subsidized basic health plan  
11 to pay 133 percent of the premium amount which would otherwise be due  
12 from the sponsored enrollees.

13 (c) The administrator shall take at least the following actions to  
14 assure that persons participating in the basic health plan are eligible  
15 for the level of assistance they receive: (a) Require submission of  
16 (i) income tax returns, and recent pay history, from all applicants, or  
17 (ii) other verifiable evidence of earned and unearned income from those  
18 persons not required to file income tax returns; (b) check employment  
19 security payroll records at least once every twelve months on all  
20 enrollees; (c) require enrollees whose income as indicated by payroll  
21 records exceeds that upon which their subsidy is based to document  
22 their current income as a condition of continued eligibility; (d)  
23 require enrollees for whom employment security payroll records cannot  
24 be obtained to document their current income at least once every six  
25 months; (e) not reduce gross family income for self-employed persons by  
26 noncash-flow expenses such as, but not limited to, depreciation,  
27 amortization, and home office deductions, as defined by the United  
28 States internal revenue service; and (f) pursue repayment and civil  
29 penalties from persons who have received excessive subsidies, as  
30 provided in RCW 70.47.060(9).

31 (d) Enrollment in the subsidized basic health plan shall be limited  
32 to only include persons who qualify as subsidized enrollees as defined  
33 in RCW 70.47.020 and who (a) qualify for services under 1115 medicaid  
34 demonstration project number 11-W-00254/10; or (b) are foster parents  
35 licensed under chapter 74.15 RCW.

36 (3) The legislature finds that medicaid payment rates, as  
37 calculated by the health care authority pursuant to the appropriations  
38 in this act, bear a reasonable relationship to the costs incurred by

1 efficiently and economically operated facilities for providing quality  
2 services and will be sufficient to enlist enough providers so that care  
3 and services are available to the extent that such care and services  
4 are available to the general population in the geographic area. The  
5 legislature finds that the cost reports, payment data from the federal  
6 government, historical utilization, economic data, and clinical input  
7 constitute reliable data upon which to determine the payment rates.

8 (4) Based on quarterly expenditure reports and caseload forecasts,  
9 if the health care authority estimates that expenditures for the  
10 medical assistance program will exceed the appropriations, the health  
11 care authority shall take steps including but not limited to reduction  
12 of rates or elimination of optional services to reduce expenditures so  
13 that total program costs do not exceed the annual appropriation  
14 authority.

15 (5) In determining financial eligibility for medicaid-funded  
16 services, the health care authority is authorized to disregard  
17 recoveries by Holocaust survivors of insurance proceeds or other  
18 assets, as defined in RCW 48.104.030.

19 (6) The legislature affirms that it is in the state's interest for  
20 Harborview medical center to remain an economically viable component of  
21 the state's health care system.

22 (7) When a person is ineligible for medicaid solely by reason of  
23 residence in an institution for mental diseases, the health care  
24 authority shall provide the person with the same benefits as he or she  
25 would receive if eligible for medicaid, using state-only funds to the  
26 extent necessary.

27 (8) \$4,261,000 of the general fund--state appropriation for fiscal  
28 year 2014, \$4,261,000 of the general fund--state appropriation for  
29 fiscal year 2015, and \$8,522,000 of the general fund--federal  
30 appropriation are provided solely for low-income disproportionate share  
31 hospital payments.

32 (9) \$6,000,000 of the general fund--federal appropriation is  
33 provided solely for supplemental payments to nursing homes operated by  
34 public hospital districts. The public hospital district shall be  
35 responsible for providing the required nonfederal match for the  
36 supplemental payment, and the payments shall not exceed the maximum  
37 allowable under federal rules. It is the legislature's intent that the  
38 payments shall be supplemental to and shall not in any way offset or

1 reduce the payments calculated and provided in accordance with part E  
2 of chapter 74.46 RCW. It is the legislature's further intent that  
3 costs otherwise allowable for rate-setting and settlement against  
4 payments under chapter 74.46 RCW shall not be disallowed solely because  
5 such costs have been paid by revenues retained by the nursing home from  
6 these supplemental payments. The supplemental payments are subject to  
7 retrospective interim and final cost settlements based on the nursing  
8 homes' as-filed and final medicare cost reports. The timing of the  
9 interim and final cost settlements shall be at the health care  
10 authority's discretion. During either the interim cost settlement or  
11 the final cost settlement, the health care authority shall recoup from  
12 the public hospital districts the supplemental payments that exceed the  
13 medicaid cost limit and/or the medicare upper payment limit. The  
14 health care authority shall apply federal rules for identifying the  
15 eligible incurred medicaid costs and the medicare upper payment limit.

16 (10) The health care authority shall continue the inpatient  
17 hospital certified public expenditures program for the 2013-2015 fiscal  
18 biennium. The program shall apply to all public hospitals, including  
19 those owned or operated by the state, except those classified as  
20 critical access hospitals or state psychiatric institutions. The  
21 health care authority shall submit reports to the governor and  
22 legislature by November 1, 2013, and by November 1, 2014, that evaluate  
23 whether savings continue to exceed costs for this program. If the  
24 certified public expenditures (CPE) program in its current form is no  
25 longer cost-effective to maintain, the health care authority shall  
26 submit a report to the governor and legislature detailing  
27 cost-effective alternative uses of local, state, and federal resources  
28 as a replacement for this program. During fiscal year 2014 and fiscal  
29 year 2015, hospitals in the program shall be paid and shall retain one  
30 hundred percent of the federal portion of the allowable hospital cost  
31 for each medicaid inpatient fee-for-service claim payable by medical  
32 assistance and one hundred percent of the federal portion of the  
33 maximum disproportionate share hospital payment allowable under federal  
34 regulations. Inpatient medicaid payments shall be established using an  
35 allowable methodology that approximates the cost of claims submitted by  
36 the hospitals. Payments made to each hospital in the program in each  
37 fiscal year of the biennium shall be compared to a baseline amount.  
38 The baseline amount will be determined by the total of (a) the

1 inpatient claim payment amounts that would have been paid during the  
2 fiscal year had the hospital not been in the CPE program based on the  
3 reimbursement rates developed, implemented, and consistent with  
4 policies approved in the 2013-2015 biennial operating appropriations  
5 act and in effect on July 1, 2013, (b) one-half of the indigent  
6 assistance disproportionate share hospital payment amounts paid to and  
7 retained by each hospital during fiscal year 2005, and (c) all of the  
8 other disproportionate share hospital payment amounts paid to and  
9 retained by each hospital during fiscal year 2005 to the extent the  
10 same disproportionate share hospital programs exist in the 2013-2015  
11 fiscal biennium. If payments during the fiscal year exceed the  
12 hospital's baseline amount, no additional payments will be made to the  
13 hospital except the federal portion of allowable disproportionate share  
14 hospital payments for which the hospital can certify allowable match.  
15 If payments during the fiscal year are less than the baseline amount,  
16 the hospital will be paid a state grant equal to the difference between  
17 payments during the fiscal year and the applicable baseline amount.  
18 Payment of the state grant shall be made in the applicable fiscal year  
19 and distributed in monthly payments. The grants will be recalculated  
20 and redistributed as the baseline is updated during the fiscal year.  
21 The grant payments are subject to an interim settlement within eleven  
22 months after the end of the fiscal year. A final settlement shall be  
23 performed. To the extent that either settlement determines that a  
24 hospital has received funds in excess of what it would have received as  
25 described in this subsection, the hospital must repay the excess  
26 amounts to the state when requested. \$12,803,000 of the general  
27 fund--state appropriation for fiscal year 2014, of which \$6,570,000 is  
28 appropriated in section 204(1) of this act, and \$6,934,000 of the  
29 general fund--state appropriation for fiscal year 2015, of which  
30 \$6,570,000 is appropriated in section 204(1) of this act, are provided  
31 solely for state grants for the participating hospitals.

32 (11) The health care authority shall seek public-private  
33 partnerships and federal funds that are or may become available to  
34 provide on-going support for outreach and education efforts under the  
35 federal children's health insurance program reauthorization act of  
36 2009.

37 (12) The health care authority shall target funding for maternity  
38 support services towards pregnant women with factors that lead to

1 higher rates of poor birth outcomes, including hypertension, a preterm  
2 or low birth weight birth in the most recent previous birth, a  
3 cognitive deficit or developmental disability, substance abuse, severe  
4 mental illness, unhealthy weight or failure to gain weight, tobacco  
5 use, or African American or Native American race. The health care  
6 authority shall prioritize evidence-based practices for delivery of  
7 maternity support services. To the extent practicable, the health care  
8 authority shall develop a mechanism to increase federal funding for  
9 maternity support services by leveraging local public funding for those  
10 services.

11 (13) Within the amounts appropriated in this section, the health  
12 care authority shall provide disproportionate share hospital payments  
13 to hospitals that provide services to children in the children's health  
14 program who are not eligible for services under Title XIX or XXI of the  
15 federal social security act due to their citizenship status.

16 (14) \$170,000 of the general fund--state appropriation for fiscal  
17 year 2014, \$121,000 of the general fund--state appropriation for fiscal  
18 year 2015, and \$292,000 of the general fund--federal appropriation are  
19 provided solely to implement Engrossed Substitute House Bill No. 1519  
20 (service coordination organizations) and Engrossed Second Substitute  
21 House Bill No. 1522 (behavioral health services). If neither of the  
22 bills is enacted by June 30, 2013, the amounts provided in this  
23 subsection shall lapse.

24 (15) \$57,000 of the general fund--state appropriation for fiscal  
25 year 2014, \$40,000 of the general fund--state appropriation for fiscal  
26 year 2015, and \$55,000 of the general fund--federal appropriation are  
27 provided solely to implement House Bill No. 1715 (diabetes epidemic).  
28 If the bill is not enacted by June 30, 2013, the amounts provided in  
29 this subsection shall lapse.

30 (16) \$25,000 of the general fund--state appropriation for fiscal  
31 year 2014 and \$25,000 of the general fund--federal appropriation are  
32 provided solely for the development of recommendations for funding  
33 integrated school nursing and outreach services. The authority shall  
34 collaborate with the office of the superintendent of public instruction  
35 to develop recommendations for increasing federal financial  
36 participation for providing nursing services in schools with the goals  
37 of integrating nursing and outreach services and supporting one nurse  
38 for every four hundred fifty students in elementary schools and one

1 nurse for every seven hundred fifty students in secondary schools. In  
2 developing these recommendations, the authority shall inquire with the  
3 federal centers for medicare and medicaid services about state plan  
4 amendment or waiver options for receiving additional federal matching  
5 funds for school nursing services provided to children enrolled in  
6 apple health for kids. The recommendations shall include proposals for  
7 funding training and reimbursement for nurses that provide outreach  
8 services to help eligible students enroll in apple health for kids and  
9 other social services programs. The authority and the office of the  
10 superintendent of public instruction shall provide these  
11 recommendations to the governor and the legislature by December 1,  
12 2013.

13 (17) \$430,000 of the general fund--state appropriation for fiscal  
14 year 2014 and \$500,000 of the general fund--federal appropriation are  
15 provided solely to complete grant requirements for the health  
16 information exchange.

17 (18) \$143,000 of the general fund--state appropriation for fiscal  
18 year 2014 and \$423,000 of the general fund--federal appropriation are  
19 provided solely for the rebasing of outpatient and inpatient payment  
20 methods.

21 (19) \$822,000 of the general fund--state appropriation for fiscal  
22 year 2014, \$341,000 of the general fund--state appropriation for fiscal  
23 year 2015, and \$9,710,000 of the general fund--federal appropriation  
24 are provided solely to implement the conversion to the tenth version of  
25 the world health organization's international classification of  
26 diseases.

27 (20) \$111,000 of the general fund--state appropriation for fiscal  
28 year 2014, \$35,000 of the general fund--state appropriation for fiscal  
29 year 2015, and \$359,000 of the general fund--federal appropriation are  
30 provided solely to update the medicaid information technology  
31 architecture state self-assessment and to develop the five year road  
32 map for the medicaid information technology architecture architect.

33 (21) \$62,000 of the general fund--state appropriation for fiscal  
34 year 2014, \$62,000 of the general fund--state appropriation for fiscal  
35 year 2015, and \$126,000 of the general fund--federal appropriation are  
36 provided solely to support the Robert Bree collaborative's efforts to  
37 disseminate evidence-based best practices for preventing and treating  
38 health problems.

1 (22) Within the amounts appropriated in this section, the authority  
2 shall increase reimbursement rates for primary care services provided  
3 by independent nurse practitioners to medicare levels for the period  
4 from July 1, 2013, to December 31, 2014.

5 (23) The authority shall seek a medicaid state plan amendment to  
6 create a professional services supplemental payment managed care  
7 program for professional services delivered to managed care recipients  
8 by University of Washington medicine and other public professional  
9 providers. This program shall be effective as soon as administratively  
10 possible and shall operate concurrently with the existing professional  
11 services supplemental payment program. The authority shall apply  
12 federal rules for identifying the difference between average commercial  
13 rates and fee-for-service medicaid payments. This difference will be  
14 multiplied by the number of managed care encounters and incorporated  
15 into the managed care plan capitation rates by a certified actuary.  
16 The managed care plans will pay the providers the difference  
17 attributable to the increased capitation rate. Participating providers  
18 shall be solely responsible for providing the local funds required to  
19 obtain federal matching funds. Any incremental costs incurred by the  
20 authority in the development, implementation, and maintenance of this  
21 program shall be the responsibility of the participating providers.  
22 Participating providers shall retain the full amount of supplemental  
23 payments provided under this program, net of any costs related to the  
24 program that are disallowed due to audits or litigation against the  
25 state.

26 (24) Sufficient amounts are appropriated in this section for the  
27 authority to provide an adult dental benefit beginning January 1, 2014.

28 (25) Sufficient amounts are appropriated in this section to provide  
29 the same benefits for clients enrolled in an eligibility category under  
30 the current medicaid program as the benefits provided under the  
31 alternative benefit plan provided to clients enrolling in the medicaid  
32 expansion under subsection (1) of this section. This includes removing  
33 the mental health visit limit and coverage of the shingles vaccine,  
34 habilitative services, and screening, brief intervention, and referral  
35 to treatment services.

36 (26) To the extent allowed under federal law, the authority shall  
37 require an adult client to enroll in full medicaid coverage instead of

1 family planning-only coverage unless the client is at risk of domestic  
2 violence.

3 (27) \$600,000 of the general fund--state appropriation for fiscal  
4 year 2014, \$600,000 of the general fund--state appropriation for fiscal  
5 year 2015, and \$1,200,000 of the general fund--federal appropriation  
6 are provided solely to develop and implement a comprehensive  
7 communication plan for the medicaid expansion under subsection (1) of  
8 this section.

9 (28) The authority shall facilitate enrollment under the medicaid  
10 expansion for clients applying for or receiving state funded services  
11 from the authority and its contractors. Prior to open enrollment, the  
12 authority shall coordinate with the department of social and health  
13 services to provide referrals to the Washington health benefit exchange  
14 for clients that will be ineligible for the medicaid expansion but are  
15 enrolled in coverage that will be eliminated in the transition to the  
16 medicaid expansion.

17 (29) \$90,000 of the general fund--state appropriation for fiscal  
18 year 2014, \$90,000 of the general fund--state appropriation for fiscal  
19 year 2015, and \$180,000 of the general fund--federal appropriation are  
20 provided solely to continue operation by a nonprofit organization of a  
21 toll-free hotline that assists families to learn about and enroll in  
22 the apple health for kids program.

23 (30) The appropriations in this section reflect savings and  
24 efficiencies by transferring children receiving medical care provided  
25 through fee-for-service to medical care provided through managed care.

26 (31) \$150,000 of the general fund--state appropriation for fiscal  
27 year 2014, \$436,000 of the general fund--state appropriation for fiscal  
28 year 2015, and \$170,561,000 of the general fund--federal appropriation  
29 are provided solely for the provider incentive program and other  
30 initiatives related to the health information technology medicaid plan.

31 (32) The authority shall purchase a brand name drug when it  
32 determines that the cost of the brand name drug after rebates is less  
33 than the cost of generic alternatives and that purchase of the brand  
34 rather than generic version can save at least \$250,000. The authority  
35 may purchase generic alternatives when changes in market prices make  
36 the price of the brand name drug after rebates more expensive than the  
37 generic alternatives.

1 (33) The authority shall exclude antiretroviral drugs used to treat  
2 HIV/AIDS, anticancer medication that is used to kill or slow the growth  
3 of cancerous cells, antihemophilic drugs, insulin and other drugs to  
4 lower blood glucose, and immunosuppressive drugs from any formulary  
5 limitations implemented to operate within the appropriations provided  
6 in this section.

7 (34) \$1,531,000 of the general fund--state appropriation for fiscal  
8 year 2014, \$280,000 of the general fund--state appropriation for fiscal  
9 year 2015, and \$10,803,000 of the general fund--federal appropriation  
10 are provided solely to implement phase two of the project to create a  
11 single provider payment system that consolidates medicaid medical and  
12 social services payments and replaces the social service payment  
13 system. The amounts provided in this subsection are conditioned on the  
14 authority satisfying the requirements of the project management  
15 oversight standards and policies established by the office of the chief  
16 information officer and the provisions of section 944 of this act,  
17 information system projects.

18 (35) Within the amounts appropriated in this section, the health  
19 care authority and the department of social and health services shall  
20 implement the state option to provide health homes for enrollees with  
21 chronic conditions under section 2703 of the federal affordable care  
22 act. The total state match for enrollees who are dually-eligible for  
23 both medicare and medicaid and not enrolled in managed care shall be no  
24 more than the net savings to the state from the enhanced match rate for  
25 its medicaid-only managed care enrollees under section 2703.

26 (36) The health care authority shall not initiate any services that  
27 require expenditure of state general fund moneys unless expressly  
28 authorized in this act or other law. The health care authority may  
29 seek, receive, and spend, under RCW 43.79.260 through 43.79.282,  
30 federal moneys not anticipated in this act as long as the federal  
31 funding does not require expenditure of state moneys for the program in  
32 excess of amounts anticipated in this act. If the health care  
33 authority receives unanticipated unrestricted federal moneys, those  
34 moneys shall be spent for services authorized in this act or in any  
35 other legislation providing appropriation authority, and an equal  
36 amount of appropriated state general fund moneys shall lapse. Upon the  
37 lapsing of any moneys under this subsection, the office of financial  
38 management shall notify the legislative fiscal committees. As used in

1 this subsection, "unrestricted federal moneys" includes block grants  
2 and other funds that federal law does not require to be spent on  
3 specifically defined projects or matched on a formula basis by state  
4 funds.

5 (37) \$250,000 of the general fund--state appropriation for fiscal  
6 year 2014 and \$250,000 of the general fund--state appropriation for  
7 fiscal year 2015 are provided solely to establish a hospital residency  
8 program in Clark county. This one-time funding will support hiring one  
9 doctor for the design and implementation of the residency program.

10 (38) Within the amounts appropriated in this section, the authority  
11 shall reimburse for primary care services provided by naturopathic  
12 physicians.

13 (39) Within amounts appropriated, the health care authority shall  
14 conduct a review of its management and staffing structure to identify  
15 efficiencies and opportunities to reduce full time equivalent employees  
16 and other administrative costs. A report summarizing the review and  
17 the authority's recommendations to reduce costs and full time  
18 equivalent employees must be submitted to the governor and legislature  
19 by November 1, 2013.

14        (1) \$5,000,000 of the general fund--state appropriation for fiscal  
15 year 2014 and \$5,000,000 of the general fund--state appropriation for

27 law enforcement academy class of fewer than 30 students.

32 for the 2010-11 school year as provided section 502, chapter 37, Laws  
33 of 2010 1st sp. sess. (2010 supplemental budget), adjusted annually for  
34 inflation.

35 (14) Any school district board of directors may petition the  
36 superintendent of public instruction by submission of a resolution  
37 adopted in a public meeting to reduce or delay any portion of its basic  
38 education allocation for any school year. The superintendent of public

1 instruction shall approve such reduction or delay if it does not impair  
2 the district's financial condition. Any delay shall not be for more  
3 than two school years. Any reduction or delay shall have no impact on  
4 levy authority pursuant to RCW 84.52.0531 and local effort assistance  
5 pursuant to chapter 28A.500 RCW.

6 (15) The superintendent may distribute funding for the following  
7 programs outside the basic education formula during fiscal years 2014  
8 and 2015 as follows:

9 (a) \$607,000 of the general fund--state appropriation for fiscal

12 districts located in a fire protection district as now or hereafter  
13 established pursuant to chapter 52.04 RCW.

14 (b) \$436,000 of the general fund--state appropriation for fiscal  
15 year 2014 and \$436,000 of the general fund--state appropriation for  
16 fiscal year 2015 are provided solely for programs providing skills  
17 training for secondary students who are enrolled in extended day  
18 school-to-work programs, as approved by the superintendent of public  
19 instruction. The funds shall be allocated at a rate not to exceed \$500  
20 per full-time equivalent student enrolled in those programs.

21 (16) \$214,000 of the general fund--state appropriation for fiscal  
22 year 2014 and \$218,000 of the general fund--state appropriation for

32 (18) Students participating in running start programs may be funded  
33 up to a combined maximum enrollment of 1.2 FTE including school  
34 district and institution of higher education enrollment. In  
35 calculating the combined 1.2 FTE, the office of the superintendent of  
36 public instruction may average the participating student's September  
37 through June enrollment to account for differences in the start and end  
38 dates for courses provided by the high school and higher education

1 institution. Additionally, the office of the superintendent of public  
2 instruction, in consultation with the state board for community and  
3 technical colleges, the higher education coordinating board, and the

5 committees of the legislature on the combined FTE experience of  
6 students participating in the running start program, including course  
7 load analyses at both the high school and community and technical  
8 college system.

9 (19) If two or more school districts consolidate and each district  
10 was receiving additional basic education formula staff units pursuant  
11 to subsection (13) of this section, the following apply:

12 (a) For three school years following consolidation, the number of  
13 basic education formula staff units shall not be less than the number  
14 of basic education formula staff units received by the districts in the  
15 school year prior to the consolidation; and

16 (b) For the fourth through eighth school years following  
17 consolidation, the difference between the basic education formula staff  
18 units received by the districts for the school year prior to  
19 consolidation and the basic education formula staff units after  
20 consolidation pursuant to subsection (13) of this section shall be  
21 reduced in increments of twenty percent per year.

22 (20)(a) Indirect cost charges by a school district to approved

26 Middle and secondary career and technical education programs are  
27 considered separate programs for funding and financial reporting  
28 purposes under this section.

29 (b) Career and technical education program full-time equivalent  
30 enrollment shall be reported on the same monthly basis as the  
31 enrollment for students eligible for basic support, and payments shall  
32 be adjusted for reported career and technical education program  
33 enrollments on the same monthly basis as those adjustments for

35 NEW SECTION. **Sec. 503. FOR THE SUPERINTENDENT OF PUBLIC**  
36 **INSTRUCTION--BASIC EDUCATION EMPLOYEE COMPENSATION**

1 (1) The following calculations determine the salaries used in the  
2 state allocations for certificated instructional, certificated  
3 administrative, and classified staff units as provided in RCW  
4 28A.150.280 and under section 502 of this act:

5 (a) Salary allocations for certificated instructional staff units  
6 are determined for each district by multiplying the district's  
7 certificated instructional total base salary shown on LEAP Document 2  
8 by the district's average staff mix factor for certificated  
9 instructional staff in that school year, computed using LEAP document  
10 1; and

11 (b) Salary allocations for certificated administrative staff units  
12 and classified staff units for each district are determined based on  
13 the district's certificated administrative and classified salary  
14 allocation amounts shown on LEAP Document 2.

15 (2) For the purposes of this section:

16 (a) "LEAP Document 1" means the staff mix factors for certificated  
17 instructional staff according to education and years of experience, as

19 committee on March 31, 2013 at 15:31 hours; and

20 (b) "LEAP Document 2" means the school year salary allocations for  
21 certificated administrative staff and classified staff and derived and  
22 total base salaries for certificated instructional staff as developed  
23 by the legislative evaluation and accountability program committee on  
24 March 31, 2013 at 15:31 hours.

25 (3) Incremental fringe benefit factors are applied to salary  
26 adjustments at a rate of 18.04 percent for school year 2013-14 and  
27 18.04 percent for school year 2014-15 for certificated instructional  
28 and certificated administrative staff and 17.45 percent for school year  
29 2013-14 and 17.45 percent for the 2014-15 school year for classified  
30 staff.

31 (4)(a) Pursuant to RCW 28A.150.410, the following state-wide salary  
32 allocation schedules for certificated instructional staff are  
33 established for basic education salary allocations:

11 (b) As used in this subsection, the column headings "BA+(N)" refer  
12 to the number of credits earned since receiving the baccalaureate  
13 degree.

14 (c) For credits earned after the baccalaureate degree but before

16 counted after the masters degree. Thus, as used in this subsection,  
17 the column headings "MA+(N)" refer to the total of:

- 18 (i) Credits earned since receiving the masters degree; and
- 19 (ii) Any credits in excess of forty-five credits that were earned  
20 after the baccalaureate degree but before the masters degree.

21 (5) For the purposes of this section:

- 22 (a) "BA" means a baccalaureate degree.
- 23 (b) "MA" means a masters degree.
- 24 (c) "PHD" means a doctorate degree.
- 25 (d) "Years of service" shall be calculated under the same rules  
26 adopted by the superintendent of public instruction.

30 (6) No more than ninety college quarter-hour credits received by  
31 any employee after the baccalaureate degree may be used to determine  
32 compensation allocations under the state salary allocation schedule and  
33 LEAP documents referenced in this part V, or any replacement schedules  
34 and documents, unless:

- 35 (a) The employee has a masters degree; or
- 36 (b) The credits were used in generating state salary allocations  
37 before January 1, 1992.

1 (7) The salary allocation schedules established in this section are  
2 for allocation purposes only except as provided in RCW 28A.400.200(2).

3 NEW SECTION. **Sec. 504. FOR THE SUPERINTENDENT OF PUBLIC**  
4 **INSTRUCTION--FOR SCHOOL EMPLOYEE COMPENSATION ADJUSTMENTS**

5 The appropriation in this section is subject to the following  
6 conditions and limitations:

7 (1)(a) Additional salary adjustments as necessary to fund the base  
8 salaries for certificated instructional staff as listed for each  
9 district in LEAP Document 2, defined in section 503(2)(b) of this act.  
10 Allocations for these salary adjustments shall be provided to all  
11 districts that are not grandfathered to receive salary allocations  
12 above the statewide salary allocation schedule, and to certain  
13 grandfathered districts to the extent necessary to ensure that salary  
14 allocations for districts that are currently grandfathered do not fall  
15 below the statewide salary allocation schedule.

16 (b) Additional salary adjustments to certain districts as necessary  
17 to fund the per full-time-equivalent salary allocations for  
18 certificated administrative staff as listed for each district in LEAP  
19 Document 2, defined in section 503(2)(b) of this act.

20 (c) Additional salary adjustments to certain districts as necessary  
21 to fund the per full-time-equivalent salary allocations for classified

23 section 503(2)(b) of this act.

24 (d) The appropriations in this subsection (1) include associated  
25 incremental fringe benefit allocations at 18.04 percent for the 2013-14

33 for general apportionment (basic education) are based on the salary  
34 allocation schedules and methodology in sections 502 and 503 of this  
35 act. Changes for special education result from changes in each  
36 district's basic education allocation per student. Changes for  
37 educational service districts and institutional education programs are

1 determined by the superintendent of public instruction using the  
2 methodology for general apportionment salaries and benefits in sections  
3 502 and 503 of this act.

4 (f) The appropriations in this section include no salary  
5 adjustments for substitute teachers.

6 (2) The maintenance rate for insurance benefit allocations is

32 that: Technology efforts are linked to agency objectives and business  
33 plans; the impact of new investments on existing infrastructure and  
34 business functions are assessed and understood before implementation;  
35 and agency activities are consistent with the development of an  
36 integrated, nonduplicative statewide infrastructure.

1 (2) Agencies shall use their information technology portfolios in  
2 making decisions on matters related to the following: (a) System  
3 refurbishment, acquisitions, and development efforts; (b) setting goals  
4 and objectives for using information technology in meeting  
5 legislatively-mandated missions and business needs; (c) assessment of

7 capabilities; (d) ensuring appropriate transfer of technological  
8 expertise for the operation of any new systems developed using external  
9 resources; and (e) progress toward enabling electronic access to public  
10 information.

11 (3) Each project will be planned and designed to take optimal  
12 advantage of Internet technologies and protocols. Agencies shall  
13 ensure that the project is in compliance with the architecture,  
14 infrastructure, principles, policies, and standards of digital  
15 government as maintained by the office of the chief information  
16 officer.

17 (4) The agency shall produce a feasibility study for information  
18 technology projects at the direction of the technology services board  
19 and in accordance with published office of the chief information  
20 officer policies and guidelines. At a minimum, such studies shall  
21 include a statement of: (a) The purpose or impetus for change; (b) the  
22 business value to the agency, including an examination and evaluation  
23 of benefits, advantages, and cost; (c) a comprehensive risk assessment  
24 based on the proposed project's impact on both citizens and state  
25 operations, its visibility, and the consequences of doing nothing; (d)  
26 the impact on agency and statewide information infrastructure; and (e)  
27 the impact of the proposed enhancements to an agency's information  
28 technology capabilities on meeting service delivery demands.

33 problem or opportunity that the information technology project is  
34 intended to address; a statement of project objectives and assumptions;

2 adds measurable value or positive cost benefit to the agency's business  
3 functions within each development cycle.

4 (6) The agency shall produce quality assurance plans for  
5 information technology projects. Consistent with the direction of the  
6 technology services board and the published policies and guidelines of  
7 the office of the chief information officer, the quality assurance plan  
8 shall address all factors critical to successful completion of the  
9 project and successful integration with the agency and state  
10 information technology infrastructure. At a minimum, quality assurance  
11 plans shall provide time and budget benchmarks against which project  
12 progress can be measured, a specification of quality assurance  
13 responsibilities, and a statement of reporting requirements. The  
14 quality assurance plans shall set out the functionality requirements  
15 for each phase of a project.

16 (7) A copy of each feasibility study, project management plan, and  
17 quality assurance plan shall be provided to the office of the chief

21 impact of the proposed system on the existing information technology  
22 infrastructure, the disciplined use of preventative measures to  
23 mitigate risk, and the leveraging of private-sector expertise as  
24 needed. Authority to expend any funds for individual information  
25 systems projects is conditioned on the approval of the relevant  
26 feasibility study, project management plan, and quality assurance plan  
27 by the office of the chief information officer.

28 (8) Quality assurance status reports shall be submitted to the  
29 office of the chief information officer and legislative fiscal

6 preferred equipment configurations. Financing methods examined in  
7 developing the policy must include leasing, lease purchasing,  
8 purchasing using certificates of participation and cash purchase. In  
9 determining total life cycle costs, the office of the chief information  
10 officer must consider the cost of acquisition, deployment, financing,  
11 maintenance, and decommissioning of personal computers including any  
12 residual software licensing costs. The office of the chief information  
13 officer may include any other criteria deemed appropriate in developing  
14 the policy.

15 (3) The office of the attorney general shall participate in a pilot  
16 acquisition program. Key elements of the pilot will include a regular  
17 replacement cycle that ensures reliable equipment and is acquired by  
18 lease. Deployment of the replacement computer and decommissioning of  
19 the old computer must also be part of the acquisition contract. The  
20 office of the attorney general must work with the office of the chief  
21 information officer to determine the costs and benefits of this  
22 approach relative to cash procurement and agency deployment and  
23 decommissioning. The office of the chief information officer shall  
24 report on the findings of the pilot not later than January 1, 2015.

25 (4) While judicial, legislative, and higher education agencies are  
26 exempt from this policy, they are encouraged to adhere to the policy to

34 agency may expend amounts appropriated in this act on information  
35 technology equipment, the agency must adopt the information technology  
36 security guidelines or the state chief information officer must approve  
37 an agency's information technology security program.

1 (2) Before any agency expends appropriations provided in this act  
2 for information technology equipment purchases, employees of that  
3 agency that use information technology resources must be scheduled for  
4 training on information technology security.

5 (3) The office of the chief information officer, the department of  
6 enterprise services, and the consolidated technology services agency  
7 must facilitate the training of newly hired employees in information

26 **Sec. 953.** RCW 41.80.010 and 2011 1st sp.s. c 50 s 938 and 2011 c  
27 344 s 1 are each reenacted and amended to read as follows:

28 (1) For the purpose of negotiating collective bargaining agreements  
29 under this chapter, the employer shall be represented by the governor  
30 or governor's designee, except as provided for institutions of higher  
31 education in subsection (4) of this section.

32 (2)(a) If an exclusive bargaining representative represents more  
33 than one bargaining unit, the exclusive bargaining representative shall  
34 negotiate with each employer representative as designated in subsection  
35 (1) of this section one master collective bargaining agreement on  
36 behalf of all the employees in bargaining units that the exclusive

1 bargaining representative represents. For those exclusive bargaining  
2 representatives who represent fewer than a total of five hundred  
3 employees each, negotiation shall be by a coalition of all those  
4 exclusive bargaining representatives. The coalition shall bargain for  
5 a master collective bargaining agreement covering all of the employees  
6 represented by the coalition. The governor's designee and the  
7 exclusive bargaining representative or representatives are authorized  
8 to enter into supplemental bargaining of agency-specific issues for  
9 inclusion in or as an addendum to the master collective bargaining  
10 agreement, subject to the parties' agreement regarding the issues and  
11 procedures for supplemental bargaining. This section does not prohibit  
12 cooperation and coordination of bargaining between two or more  
13 exclusive bargaining representatives.

14 (b) This subsection (2) does not apply to exclusive bargaining  
15 representatives who represent employees of institutions of higher  
16 education, except when the institution of higher education has elected  
17 to exercise its option under subsection (4) of this section to have its  
18 negotiations conducted by the governor or governor's designee under the  
19 procedures provided for general government agencies in subsections (1)  
20 through (3) of this section.

21 (c) If five hundred or more employees of an independent state  
22 elected official listed in RCW 43.01.010 are organized in a bargaining  
23 unit or bargaining units under RCW 41.80.070, the official shall be  
24 consulted by the governor or the governor's designee before any  
25 agreement is reached under (a) of this subsection concerning  
26 supplemental bargaining of agency specific issues affecting the  
27 employees in such bargaining unit.

28 (3) The governor shall submit a request for funds necessary to  
29 implement the compensation and fringe benefit provisions in the master  
30 collective bargaining agreement or for legislation necessary to  
31 implement the agreement. Requests for funds necessary to implement the  
32 provisions of bargaining agreements shall not be submitted to the  
33 legislature by the governor unless such requests:

35 management by October 1 prior to the legislative session at which the  
36 requests are to be considered; and

37 (b) Have been certified by the director of the office of financial  
38 management as being feasible financially for the state.

1 The legislature shall approve or reject the submission of the  
2 request for funds as a whole. The legislature shall not consider a  
3 request for funds to implement a collective bargaining agreement unless  
4 the request is transmitted to the legislature as part of the governor's  
5 budget document submitted under RCW 43.88.030 and 43.88.060. If the  
6 legislature rejects or fails to act on the submission, either party may  
7 reopen all or part of the agreement or the exclusive bargaining  
8 representative may seek to implement the procedures provided for in RCW  
9 41.80.090.

10 (4)(a)(i) For the purpose of negotiating agreements for  
11 institutions of higher education, the employer shall be the respective  
12 governing board of each of the universities, colleges, or community  
13 colleges or a designee chosen by the board to negotiate on its behalf.

14 (ii) A governing board of a university or college may elect to have  
15 its negotiations conducted by the governor or governor's designee under  
16 the procedures provided for general government agencies in subsections  
17 (1) through (3) of this section, except that:

18 (A) The governor or the governor's designee and an exclusive  
19 bargaining representative shall negotiate one master collective  
20 bargaining agreement for all of the bargaining units of employees of a  
21 university or college that the representative represents; or

22 (B) If the parties mutually agree, the governor or the governor's  
23 designee and an exclusive bargaining representative shall negotiate one  
24 master collective bargaining agreement for all of the bargaining units  
25 of employees of more than one university or college that the  
26 representative represents.

27 (iii) A governing board of a community college may elect to have  
28 its negotiations conducted by the governor or governor's designee under  
29 the procedures provided for general government agencies in subsections  
30 (1) through (3) of this section.

31 (b) Prior to entering into negotiations under this chapter, the  
32 institutions of higher education or their designees shall consult with  
33 the director of the office of financial management regarding financial  
34 and budgetary issues that are likely to arise in the impending  
35 negotiations.

36 (c)(i) In the case of bargaining agreements reached between  
37 institutions of higher education other than the University of  
38 Washington and exclusive bargaining representatives agreed to under the

1 provisions of this chapter, if appropriations are necessary to  
2 implement the compensation and fringe benefit provisions of the  
3 bargaining agreements, the governor shall submit a request for such  
4 funds to the legislature according to the provisions of subsection (3)  
5 of this section, except as provided in (c)(iii) of this subsection.

6 (ii) In the case of bargaining agreements reached between the  
7 University of Washington and exclusive bargaining representatives  
8 agreed to under the provisions of this chapter, if appropriations are  
9 necessary to implement the compensation and fringe benefit provisions  
10 of a bargaining agreement, the governor shall submit a request for such  
11 funds to the legislature according to the provisions of subsection (3)  
12 of this section, except as provided in this subsection (4)(c)(ii) and  
13 as provided in (c)(iii) of this subsection.

14 (A) If appropriations of less than ten thousand dollars are  
15 necessary to implement the provisions of a bargaining agreement, a  
16 request for such funds shall not be submitted to the legislature by the  
17 governor unless the request has been submitted to the director of the  
18 office of financial management by October 1 prior to the legislative  
19 session at which the request is to be considered.

20 (B) If appropriations of ten thousand dollars or more are necessary  
21 to implement the provisions of a bargaining agreement, a request for  
22 such funds shall not be submitted to the legislature by the governor  
23 unless the request:

24 (I) Has been submitted to the director of the office of financial  
25 management by October 1 prior to the legislative session at which the  
26 request is to be considered; and

27 (II) Has been certified by the director of the office of financial  
28 management as being feasible financially for the state.

29 (C) If the director of the office of financial management does not  
30 certify a request under (c)(ii)(B) of this subsection as being feasible  
31 financially for the state, the parties shall enter into collective  
32 bargaining solely for the purpose of reaching a mutually agreed upon  
33 modification of the agreement necessary to address the absence of those  
34 requested funds. The legislature may act upon the compensation and  
35 fringe benefit provisions of the modified collective bargaining  
36 agreement if those provisions are agreed upon and submitted to the  
37 office of financial management and legislative budget committees before

1 final legislative action on the biennial or supplemental operating  
2 budget by the sitting legislature.

3 (iii) In the case of a bargaining unit of employees of institutions  
4 of higher education in which the exclusive bargaining representative is  
5 certified during or after the conclusion of a legislative session, the  
6 legislature may act upon the compensation and fringe benefit provisions  
7 of the unit's initial collective bargaining agreement if those  
8 provisions are agreed upon and submitted to the office of financial  
9 management and legislative budget committees before final legislative  
10 action on the biennial or supplemental operating budget by the sitting  
11 legislature.

12 (5) There is hereby created a joint committee on employment  
13 relations, which consists of two members with leadership positions in  
14 the house of representatives, representing each of the two largest  
15 caucuses; the chair and ranking minority member of the house  
16 appropriations committee, or its successor, representing each of the  
17 two largest caucuses; two members with leadership positions in the  
18 senate, representing each of the two largest caucuses; and the chair  
19 and ranking minority member of the senate ways and means committee, or  
20 its successor, representing each of the two largest caucuses. The  
21 governor shall periodically consult with the committee regarding  
22 appropriations necessary to implement the compensation and fringe  
23 benefit provisions in the master collective bargaining agreements, and  
24 upon completion of negotiations, advise the committee on the elements  
25 of the agreements and on any legislation necessary to implement the  
26 agreements.

27 (6) If, after the compensation and fringe benefit provisions of an  
28 agreement are approved by the legislature, a significant revenue  
29 shortfall occurs resulting in reduced appropriations, as declared by  
30 proclamation of the governor or by resolution of the legislature, both  
31 parties shall immediately enter into collective bargaining for a  
32 mutually agreed upon modification of the agreement.

33 (7) After the expiration date of a collective bargaining agreement  
34 negotiated under this chapter, all of the terms and conditions  
35 specified in the collective bargaining agreement remain in effect until  
36 the effective date of a subsequently negotiated agreement, not to  
37 exceed one year from the expiration date stated in the agreement.  
38 Thereafter, the employer may unilaterally implement according to law.

1 (8) For the ((2011-2013)) 2013-2015 fiscal biennium, a collective  
2 bargaining agreement related to employee health care benefits  
3 negotiated between the employer and coalition pursuant to RCW  
4 41.80.020(3) regarding the dollar amount expended on behalf of each  
5 employee shall be a separate agreement for which the governor may  
6 request funds necessary to implement the agreement. ((If such an  
7 agreement is negotiated and funded by the legislature, this agreement  
8 will supersede any terms and conditions of an expired 2009-2011  
9 biennial master collective bargaining agreement under this chapter  
10 regarding health care benefits.)) The legislature may act upon a  
11 2013-2015 collective bargaining agreement related to employee health  
12 care benefits if an agreement is reached and submitted to the office of  
13 financial management and legislative budget committees before final  
14 legislative action on the biennial or supplemental operating  
15 appropriations act by the sitting legislature.

16 **Sec. 954.** RCW 41.80.020 and 2011 1st sp.s. c 50 s 939 and 2011 1st  
17 sp.s. c 43 s 445 are each reenacted and amended to read as follows:

18 (1) Except as otherwise provided in this chapter, the matters  
19 subject to bargaining include wages, hours, and other terms and  
20 conditions of employment, and the negotiation of any question arising  
21 under a collective bargaining agreement.

22 (2) The employer is not required to bargain over matters pertaining  
23 to:

24 (a) Health care benefits or other employee insurance benefits,  
25 except as required in subsection (3) of this section;

26 (b) Any retirement system or retirement benefit; or

27 (c) Rules of the human resources director, the director of  
28 enterprise services, or the Washington personnel resources board  
29 adopted under RCW 41.06.157.

30 (3) Matters subject to bargaining include the number of names to be  
31 certified for vacancies, promotional preferences, and the dollar amount  
32 expended on behalf of each employee for health care benefits. However,  
33 except as provided otherwise in this subsection for institutions of  
34 higher education, negotiations regarding the number of names to be  
35 certified for vacancies, promotional preferences, and the dollar amount  
36 expended on behalf of each employee for health care benefits shall be  
37 conducted between the employer and one coalition of all the exclusive

1 bargaining representatives subject to this chapter. The exclusive  
2 bargaining representatives for employees that are subject to chapter  
3 47.64 RCW shall bargain the dollar amount expended on behalf of each  
4 employee for health care benefits with the employer as part of the  
5 coalition under this subsection. Any such provision agreed to by the  
6 employer and the coalition shall be included in all master collective  
7 bargaining agreements negotiated by the parties. For institutions of  
8 higher education, promotional preferences and the number of names to be  
9 certified for vacancies shall be bargained under the provisions of RCW  
10 41.80.010(4). For agreements covering the ((2011-2013)) 2013-2015  
11 fiscal biennium, any agreement between the employer and the coalition  
12 regarding the dollar amount expended on behalf of each employee for  
13 health care benefits is a separate agreement and shall not be included  
14 in the master collective bargaining agreements negotiated by the  
15 parties.

16 (4) The employer and the exclusive bargaining representative shall  
17 not agree to any proposal that would prevent the implementation of  
18 approved affirmative action plans or that would be inconsistent with  
19 the comparable worth agreement that provided the basis for the salary  
20 changes implemented beginning with the 1983-1985 biennium to achieve  
21 comparable worth.

22 (5) The employer and the exclusive bargaining representative shall  
23 not bargain over matters pertaining to management rights established in  
24 RCW 41.80.040.

25 (6) Except as otherwise provided in this chapter, if a conflict  
26 exists between an executive order, administrative rule, or agency  
27 policy relating to wages, hours, and terms and conditions of employment  
28 and a collective bargaining agreement negotiated under this chapter,  
29 the collective bargaining agreement shall prevail. A provision of a  
30 collective bargaining agreement that conflicts with the terms of a  
31 statute is invalid and unenforceable.

32 (7) This section does not prohibit bargaining that affects  
33 contracts authorized by RCW 41.06.142.

34 **Sec. 955.** RCW 43.08.190 and 2011 1st sp.s. c 50 s 941 are each  
35 amended to read as follows:

36 There is hereby created a fund within the state treasury to be

2 solely for the payment of costs and expenses incurred in the operation  
3 and administration of the state treasurer's office.

4 Moneys shall be allocated monthly and placed in the state  
5 treasurer's service fund equivalent to a maximum of one percent of the  
6 trust and treasury average daily cash balances from the earnings  
7 generated under the authority of RCW 43.79A.040 and 43.84.080 other  
8 than earnings generated from investment of balances in funds and  
9 accounts specified in RCW 43.79A.040(4)(c). The allocation shall  
10 precede the distribution of the remaining earnings as prescribed under  
11 RCW 43.79A.040 and 43.84.092. The state treasurer shall establish a  
12 uniform allocation rate for all funds and accounts; except that the  
13 state treasurer may negotiate a different allocation rate with any  
14 state agency that has independent authority over funds not statutorily  
15 required to be held in the state treasury or in the custody of the  
16 state treasurer. In no event shall the rate be less than the actual  
17 costs incurred by the state treasurer's office. If no rate is  
18 separately negotiated, the default rate for any funds held shall be the  
19 rate set for funds held pursuant to statute.

20 During the 2009-2011 fiscal biennium and the 2011-2013 and 2013-  
21 2015 fiscal (~~(biennium))~~ biennia, the legislature may transfer from the  
22 state treasurer's service fund to the state general fund such amounts  
23 as reflect the excess fund balance of the fund.

24 **Sec. 956.** RCW 43.79.445 and 2005 c 166 s 3 are each amended to  
25 read as follows:

26 There is established an account in the state treasury referred to  
27 as the "death investigations account" which shall exist for the purpose  
28 of receiving, holding, investing, and disbursing funds appropriated or  
29 provided in RCW 70.58.107 and any moneys appropriated or otherwise  
30 provided thereafter.

31 Moneys in the death investigations account shall be disbursed by  
32 the state treasurer once every year on December 31 and at any other  
33 time determined by the treasurer. The treasurer shall make  
34 disbursements to: The state toxicology laboratory, counties for the  
35 cost of autopsies, the state patrol for providing partial funding for  
36 the state dental identification system, the criminal justice training  
37 commission for training county coroners, medical examiners and their

1 staff, and the state forensic investigations council. (~~Funds from the~~

11 the settlement of the state's legal action against tobacco product  
12 manufacturers, exclusive of costs and attorneys' fees, shall be

14 except as these moneys are sold or assigned under chapter 43.340 RCW.

15 (2) The tobacco settlement account is created in the state  
16 treasury. Moneys in the tobacco settlement account may only be

18 and control account for purposes set forth in this section. The  
19 legislature shall transfer amounts received as strategic contribution  
20 payments as defined in RCW 43.350.010 to the life sciences discovery  
21 fund created in RCW 43.350.070. During the 2009-2011 and 2011-2013  
22 fiscal biennia, the legislature may transfer less than the entire  
23 strategic contribution payments, and may transfer amounts attributable  
24 to strategic contribution payments into the basic health plan  
25 stabilization account. During the 2013-2015 fiscal biennium, the  
26 legislature may transfer less than the entire strategic contribution  
27 payments, and may transfer amounts attributable to strategic  
28 contribution payments into the state general fund.

30 state treasury. The source of revenue for this account is moneys  
31 transferred to the account from the tobacco settlement account,  
32 investment earnings, donations to the account, and other revenues as  
33 directed by law. Expenditures from the account are subject to  
34 appropriation. During the 2009-2011 fiscal biennium, the legislature

36 state general fund such amounts as represent the excess fund balance of  
37 the account.

9 employment of such personnel unless otherwise extended or waived by the  
10 commission and shall be requisite to the continuation of such  
11 employment. Personnel initially employed on or after January 1, 1990,  
12 shall commence basic training during the first six months of employment  
13 unless the basic training requirement is otherwise waived or extended  
14 by the commission. Successful completion of basic training is

32           **Sec. 959.** RCW 43.155.050 and 2012 2nd sp.s. c 2 s 6004 are each  
33 amended to read as follows:

34           The public works assistance account is hereby established in the  
35 state treasury. Money may be placed in the public works assistance  
36 account from the proceeds of bonds when authorized by the legislature  
37 or from any other lawful source. Money in the public works assistance

1 account shall be used to make loans and to give financial guarantees to  
2 local governments for public works projects. Moneys in the account may  
3 also be appropriated to provide for state match requirements under  
4 federal law for projects and activities conducted and financed by the  
5 board under the drinking water assistance account. Not more than

8 Expenditures from the waste reduction, recycling, and litter control  
9 account shall be used as follows:

18 department shall also be used to defray the costs of administering the  
19 funding, coordination, and oversight of local government programs for

6 provide funds for the purchase of equipment that will enable the  
7 department to account for the greatest return on investment in terms of  
8 reaching a zero litter goal.

9 ~~(4) ((During the 2009-2011 fiscal biennium, the legislature may

3 fiscal biennium, the legislature may transfer from the criminal justice

**PART XII**  
**HUMAN SERVICES**

**Sec. 1201.** 2012 2nd sp.s. c 7 s 201 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under the Washington medicaid integration partnership (WMIP) and the medicare

1 integrated care project (MICP), the health care authority and the  
2 department may combine and transfer such medicaid funds appropriated  
3 under sections 204, 206, 208, and 213 of this act as may be necessary  
4 to finance a unified health care plan for the WMIP and the MICP program  
5 enrollment. The WMIP pilot projects shall not exceed a daily  
6 enrollment of 6,000 persons, nor expand beyond one county during the  
7 2011-2013 fiscal biennium. The amount of funding assigned from each  
8 program may not exceed the average per capita cost assumed in this act  
9 for individuals covered by that program, actuarially adjusted for the  
10 health condition of persons enrolled, times the number of clients  
11 enrolled. In implementing the WMIP and the MICP, the health care  
12 authority and the department may: (i) Withhold from calculations of  
13 "available resources" as set forth in RCW 71.24.025 a sum equal to the  
14 capitated rate for enrolled individuals; and (ii) employ capitation  
15 financing and risk-sharing arrangements in collaboration with health  
16 care service contractors licensed by the office of the insurance  
17 commissioner and qualified to participate in both the medicaid and  
18 medicare programs. The health care authority and the department shall  
19 conduct an evaluation of the WMIP by October 15, 2012, and of the MICP  
20 measuring changes in participant health outcomes, changes in patterns  
21 of service utilization, participant satisfaction, participant access to  
22 services, and the state fiscal impact.

23 (b) Effective January 1, 2013, if Washington has been selected to  
24 participate in phase two of the federal demonstration project for  
25 persons dually-eligible for both medicare and medicaid, the department  
26 and the authority may initiate the MICP. Participation in the project  
27 shall be limited to persons who are eligible for both medicare and  
28 medicaid and to counties in which the county legislative authority has  
29 agreed to the terms and conditions under which it will operate. The  
30 purpose of the project shall be to demonstrate and evaluate ways to  
31 improve care while reducing state expenditures for persons enrolled  
32 both in medicare and medicaid. To that end, prior to initiating the  
33 project, the department and the authority shall assure that state  
34 expenditures shall be no greater on either a per person or total basis  
35 than the state would otherwise incur. Individuals who are solely  
36 eligible for medicaid may also participate if their participation is  
37 agreed to by the health care authority, the department, and the county  
38 legislative authority.

1 (4) The legislature finds that medicaid payment rates, as  
2 calculated by the department pursuant to the appropriations in this  
3 act, bear a reasonable relationship to the costs incurred by  
4 efficiently and economically operated facilities for providing quality  
5 services and will be sufficient to enlist enough providers so that care  
6 and services are available to the extent that such care and services  
7 are available to the general population in the geographic area. The  
8 legislature finds that cost reports, payment data from the federal  
9 government, historical utilization, economic data, and clinical input  
10 constitute reliable data upon which to determine the payment rates.

11 (5) The department shall to the maximum extent practicable use the  
12 same system for delivery of spoken-language interpreter services for  
13 social services appointments as the one established for medical  
14 appointments in section 213 of this act. When contracting directly  
15 with an individual to deliver spoken language interpreter services, the  
16 department shall only contract with language access providers who are  
17 working at a location in the state and who are state-certified or  
18 state-authorized, except that when such a provider is not available,  
19 the department may use a language access provider who meets other  
20 certifications or standards deemed to meet state standards, including  
21 interpreters in other states.

22 (6)(a) The appropriations to the department of social and health  
23 services in this act shall be expended for the programs and in the  
24 amounts specified in this act. However, after May 1, (~~(2012)~~) 2013,  
25 unless specifically prohibited by this act, the department may transfer  
26 general fund--state appropriations for fiscal year (~~(2012)~~) 2013 among  
27 programs after approval by the director of financial management.  
28 However, the department shall not transfer state moneys that are  
29 provided solely for a specified purpose except as expressly provided in  
30 (b) of this subsection.

31 (b) To the extent that transfers under (a) of this subsection are  
32 insufficient to fund actual expenditures in excess of fiscal year  
33 (~~(2012)~~) 2013 caseload forecasts and utilization assumptions in the  
34 long-term care, foster care, adoptions support, medicaid personal care,  
35 and child support programs, the department may transfer state moneys  
36 that are provided solely for a specified purpose. The department shall  
37 not transfer funds, and the director of financial management shall not  
38 approve the transfer, unless the transfer is consistent with the

1 objective of conserving, to the maximum extent possible, the  
2 expenditure of state funds. The director of financial management shall  
3 notify the appropriate fiscal committees of the senate and house of  
4 representatives in writing seven days prior to approving any allotment  
5 modifications or transfers under this subsection. The written  
6 notification shall include a narrative explanation and justification of  
7 the changes, along with expenditures and allotments by budget unit and  
8 appropriation, both before and after any allotment modifications or  
9 transfers.

25 out-of-home care prior to achieving permanency, and safely reduce the  
26 number of children returning to out-of-home care following permanency.  
27 The department shall provide an initial report to the legislature and  
28 the governor by January 15, 2012, regarding the start-up costs  
29 associated with performance-based contracts under RCW 74.13.360 .

30 (c) Of the amounts provided in (a) of this subsection, \$579,000 of

3 The amounts in this subsection are provided solely for contracted  
4 education coordinators to assist foster children in succeeding in K-12  
5 and higher education systems and to assure a focus on education during  
6 the transition to performance based contracts. Funding shall be  
7 prioritized to regions with high numbers of foster care youth and/or  
8 regions where backlogs of youth that have formerly requested  
9 educational outreach services exist. The department shall utilize  
10 private matching funds to maintain educational advocacy services.

11 (5) \$670,000 of the general fund--state appropriation for fiscal  
12 year 2012 and \$670,000 of the general fund--state appropriation for  
13 fiscal year 2013 are provided solely for services provided through  
14 children's advocacy centers.

15 (6) To ensure expenditures remain within available funds  
16 appropriated in this section as required by RCW 74.13A.005 and

28 availability and geographic representation of secure and semi-secure  
29 crisis residential centers and HOPE centers. To achieve efficiencies  
30 and increase utilization, the department shall allow the co-location of  
31 these centers, except that a youth may not be placed in a secure  
32 facility or the secure portion of a co-located facility except as  
33 specifically authorized by chapter 13.32A RCW. The reductions to  
34 appropriations in this subsection related to semi-secure crisis  
35 residential centers reflect a reduction to the number of beds for semi-  
36 secure crisis residential centers and not a reduction in rates. Any  
37 secure crisis residential center or semi-secure crisis residential  
38 center bed reduction shall not be based solely upon bed utilization.

1 The department is to exercise its discretion in reducing the number of  
2 beds but to do so in a manner that maintains availability and

8 (5) \$3,123,000 of the general fund--state appropriation for fiscal  
9 year 2012 and \$3,123,000 of the general fund--state appropriation for

15 family therapy, multi-systemic therapy, aggression replacement training  
16 and interagency coordination programs, or other programs with a  
17 positive benefit-cost finding in the institute's report. County  
18 juvenile courts shall apply to the juvenile rehabilitation  
19 administration for funding for program-specific participation and the  
20 administration shall provide grants to the courts consistent with the  
21 per-participant treatment costs identified by the institute.

22 (6) \$1,537,000 of the general fund--state appropriation for fiscal  
23 year 2012 and \$1,537,000 of the general fund--state appropriation for

35 (7)(a) The juvenile rehabilitation administration shall administer  
36 a block grant, rather than categorical funding, of consolidated  
37 juvenile service funds, community juvenile accountability act grants,  
38 the chemical dependency disposition alternative funds, the mental

2 alternative for the purpose of serving youth adjudicated in the  
3 juvenile justice system. In making the block grant, the juvenile  
4 rehabilitation administration shall follow the following formula and  
5 will prioritize evidence-based programs and disposition alternatives  
6 and take into account juvenile courts program-eligible youth in  
7 conjunction with the number of youth served in each approved evidence-  
8 based program or disposition alternative: (i) Thirty-seven and one-  
9 half percent for the at-risk population of youth ten to seventeen years  
10 old; (ii) fifteen percent for moderate and high-risk youth; (iii)  
11 twenty-five percent for evidence-based program participation; (iv)  
12 seventeen and one-half percent for minority populations; (v) three  
13 percent for the chemical dependency disposition alternative; and (vi)  
14 two percent for the mental health and sentencing dispositional  
15 alternatives. Funding for the special sex offender disposition  
16 alternative (SSODA) shall not be included in the block grant, but  
17 allocated on the average daily population in juvenile courts. Funding  
18 for the evidence-based expansion grants shall be excluded from the  
19 block grant formula. Funds may be used for promising practices when  
20 approved by the juvenile rehabilitation administration and juvenile  
21 courts, through the community juvenile accountability act committee,  
22 based on the criteria established in consultation with Washington state  
23 institute for public policy and the juvenile courts.

24 (b) The juvenile rehabilitation administration shall phase the  
25 implementation of the formula provided in subsection (1) of this  
26 section by including a stop-loss formula of five percent in fiscal year  
27 2012 and five percent in fiscal year 2013.

28 (c) The juvenile rehabilitation administration and the juvenile  
29 courts shall establish a block grant funding formula oversight  
30 committee with equal representation from the juvenile rehabilitation  
31 administration and the juvenile courts. The purpose of this committee  
32 is to assess the ongoing implementation of the block grant funding  
33 formula, utilizing data-driven decision making and the most current  
34 available information. The committee will be cochaired by the juvenile  
35 rehabilitation administration and the juvenile courts, who will also  
36 have the ability to change members of the committee as needed to  
37 achieve its purpose. Initial members will include one juvenile court  
38 representative from the finance committee, the community juvenile

1 accountability act committee, the risk assessment quality assurance  
2 committee, the executive board of the Washington association of  
3 juvenile court administrators, the Washington state center for court  
4 research, and a representative of the superior court judges  
5 association; two representatives from the juvenile rehabilitation  
6 administration headquarters program oversight staff, two  
7 representatives of the juvenile rehabilitation administration regional  
8 office staff, one representative of the juvenile rehabilitation  
9 administration fiscal staff and a juvenile rehabilitation  
10 administration division director. The committee may make changes to  
11 the formula categories other than the evidence-based program and  
12 disposition alternative categories if it is determined the changes will  
13 increase statewide service delivery or effectiveness of evidence-based  
14 program or disposition alternative resulting in increased cost benefit  
15 savings to the state. Long-term cost benefit must be considered.  
16 Percentage changes may occur in the evidence-based program or  
17 disposition alternative categories of the formula should it be  
18 determined the changes will increase evidence-based program or  
19 disposition alternative delivery and increase the cost benefit to the  
20 state. These outcomes will also be considered in determining when  
21 evidence-based expansion or special sex offender disposition  
22 alternative funds should be included in the block grant or left  
23 separate.

24 (d) The juvenile courts and administrative office of the courts  
25 shall be responsible for collecting and distributing information and  
26 providing access to the data systems to the juvenile rehabilitation  
27 administration and the Washington state institute for public policy  
28 related to program and outcome data. The juvenile rehabilitation  
29 administration and the juvenile courts will work collaboratively to  
30 develop program outcomes that reinforce the greatest cost benefit to  
31 the state in the implementation of evidence-based practices and  
32 disposition alternatives.

33 (8) The juvenile courts and administrative office of the courts  
34 shall collect and distribute information related to program outcome and  
35 provide access to these data systems to the juvenile rehabilitation  
36 administration and Washington state institute for public policy.  
37 Consistent with chapter 13.50 RCW, all confidentiality agreements  
38 necessary to implement this information-sharing shall be approved

1 within 30 days of the effective date of this section. The agreements  
2 between administrative office of the courts, the juvenile courts, and  
3 the juvenile rehabilitation administration shall be executed to ensure  
4 that the juvenile rehabilitation administration receives the data that  
5 the juvenile rehabilitation administration identifies as needed to  
6 comply with this subsection. This includes, but is not limited to,  
7 information by program at the statewide aggregate level, individual  
8 court level, and individual client level for the purpose of the  
9 juvenile rehabilitation administration providing quality assurance and  
10 oversight for the locally committed youth block grant and associated  
11 funds and at times as specified by the juvenile rehabilitation  
12 administration as necessary to carry out these functions. The data  
13 shall be provided in a manner that reflects the collaborative work the  
14 juvenile rehabilitation administration and juvenile courts have  
15 developed regarding program outcomes that reinforce the greatest cost  
16 benefit to the state in the implementation of evidence-based practices  
17 and disposition alternatives.

18 (9) The Washington association of juvenile court administrators and  
19 the juvenile rehabilitation administration, in consultation with the  
20 community juvenile accountability act advisory committee and the  
21 Washington state institute for public policy, shall analyze and review  
22 data elements available from the administrative office of the courts  
23 for possible integration into the evidence-based program quality  
24 assurance plans and processes. The administrative office of the  
25 courts, the Washington association of juvenile court administrators,  
26 and the juvenile rehabilitation administration shall provide  
27 information necessary to complete the review and analysis. The  
28 Washington association of juvenile court administrators and the  
29 juvenile rehabilitation administration shall report the findings of  
30 their review and analysis, as well as any recommendations, to the  
31 legislature by December 1, 2012.

32 **Sec. 1204.** 2012 2nd sp.s. c 7 s 204 (uncodified) is amended to  
33 read as follows:

34 **FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--MENTAL HEALTH**

4		<u>\$446,619,000</u>
5	General Fund--Private/Local Appropriation . . . . .	\$17,864,000
6	Hospital Safety Net Assessment Fund--State	
7	Appropriation . . . . .	\$5,251,000
8	TOTAL APPROPRIATION . . . . .	(( <del>\$1,114,761,000</del> ))
9		<u>\$1,109,077,000</u>

10       The appropriations in this subsection are subject to the following  
11 conditions and limitations:

12       (a) \$109,342,000 of the general fund--state appropriation for  
13 fiscal year 2012 and \$109,341,000 of the general fund--state  
14 appropriation for fiscal year 2013 are provided solely for persons and  
15 services not covered by the medicaid program. This is a reduction of  
16 \$4,348,000 each fiscal year from the nonmedicaid funding that was  
17 allocated for expenditure by regional support networks during fiscal  
18 year 2011 prior to supplemental budget reductions. This \$4,348,000  
19 reduction shall be distributed among regional support networks  
20 proportional to each network's share of the total state population. To  
21 the extent possible, levels of regional support network spending shall  
22 be maintained in the following priority order: (i) Crisis and  
23 commitment services; (ii) community inpatient services; and (iii)  
24 residential care services, including personal care and emergency  
25 housing assistance.

26       (b) \$6,590,000 of the general fund--state appropriation for fiscal  
27 year 2012, \$6,590,000 of the general fund--state appropriation for  
28 fiscal year 2013, and \$7,620,000 of the general fund--federal  
29 appropriation are provided solely for the department and regional  
30 support networks to continue to contract for implementation of high-  
31 intensity programs for assertive community treatment (PACT) teams. In  
32 determining the proportion of medicaid and nonmedicaid funding provided  
33 to regional support networks with PACT teams, the department shall  
34 consider the differences between regional support networks in the  
35 percentages of services and other costs associated with the teams that  
36 are not reimbursable under medicaid. The department may allow regional  
37 support networks which have nonmedicaid reimbursable costs that are  
38 higher than the nonmedicaid allocation they receive under this section

1 to supplement these funds with local dollars or funds received under  
2 section 204(1)(a) of this act. The department and regional support  
3 networks shall maintain consistency with all essential elements of the  
4 PACT evidence-based practice model in programs funded under this  
5 section.

6 (c) \$5,850,000 of the general fund--state appropriation for fiscal  
7 year 2012, \$5,850,000 of the general fund--state appropriation for  
8 fiscal year 2013, and \$1,300,000 of the general fund--federal  
9 appropriation are provided solely for the western Washington regional  
10 support networks to provide either community- or hospital campus-based  
11 services for persons who require the level of care previously provided  
12 by the program for adaptive living skills (PALS) at western state  
13 hospital.

14 (d) The number of nonforensic beds allocated for use by regional  
15 support networks at eastern state hospital shall be 192 per day. The  
16 number of nonforensic beds allocated for use by regional support  
17 networks at western state hospital shall be 557 per day.

18 (e) From the general fund--state appropriations in this subsection,  
19 the secretary of social and health services shall assure that regional  
20 support networks reimburse the aging and disability services  
21 administration for the general fund--state cost of medicaid personal  
22 care services that enrolled regional support network consumers use  
23 because of their psychiatric disability.

24 ~~((g))~~ (f) The department is authorized to continue to contract  
25 directly, rather than through contracts with regional support networks,  
26 for children's long-term inpatient facility services.

27 ~~((h))~~ (g) \$750,000 of the general fund--state appropriation for  
28 fiscal year 2012 and \$750,000 of the general fund--state appropriation  
29 for fiscal year 2013 are provided solely to continue performance-based  
30 incentive contracts to provide appropriate community support services  
31 for individuals with severe mental illness who were discharged from the  
32 state hospitals as part of the expanding community services initiative.  
33 These funds will be used to enhance community residential and support  
34 services provided by regional support networks through other state and  
35 federal funding.

36 ~~((i))~~ (h) \$1,125,000 of the general fund--state appropriation for  
37 fiscal year 2012 and \$1,125,000 of the general fund--state

1 appropriation for fiscal year 2013 are provided solely for the Spokane  
2 regional support network to implement services to reduce utilization  
3 and the census at eastern state hospital. Such services shall include:

4 (i) High intensity treatment team for persons who are high  
5 utilizers of psychiatric inpatient services, including those with co-  
6 occurring disorders and other special needs;

7 (ii) Crisis outreach and diversion services to stabilize in the  
8 community individuals in crisis who are at risk of requiring inpatient  
9 care or jail services;

10 (iii) Mental health services provided in nursing facilities to  
11 individuals with dementia, and consultation to facility staff treating  
12 those individuals; and

13 (iv) Services at the sixteen-bed evaluation and treatment facility.

14 At least annually, the Spokane regional support network shall  
15 assess the effectiveness of these services in reducing utilization at  
16 eastern state hospital, identify services that are not optimally  
17 effective, and modify those services to improve their effectiveness.

18 ~~((+j))~~ (i) \$1,529,000 of the general fund--state appropriation for  
19 fiscal year 2012 and \$1,529,000 of the general fund--state  
20 appropriation for fiscal year 2013 are provided solely to reimburse  
21 Pierce and Spokane counties for the cost of conducting 180-day  
22 commitment hearings at the state psychiatric hospitals.

23 ~~((+k))~~ (j) Regional support networks may use local funds to earn  
24 additional federal medicaid match, provided the locally matched rate  
25 does not exceed the upper-bound of their federally allowable rate  
26 range, and provided that the enhanced funding is used only to provide  
27 medicaid state plan or waiver services to medicaid clients.  
28 Additionally, regional support networks may use a portion of the state  
29 funds allocated in accordance with (a) of this subsection to earn  
30 additional medicaid match, but only to the extent that the application  
31 of such funds to medicaid services does not diminish the level of  
32 crisis and commitment, community inpatient, residential care, and  
33 outpatient services presently available to persons not eligible for  
34 medicaid.

35 ~~((+l))~~ (k) Given the recent approval of federal medicaid matching  
36 funds for the disability lifeline and the alcohol and drug abuse  
37 treatment support act programs, the department shall charge regional

1 support networks for only the state share rather than the total cost of  
2 community psychiatric hospitalization for persons enrolled in those  
3 programs.

4 ~~((m))~~ (1) \$750,000 of the general fund--state appropriation for  
5 fiscal year 2012, \$750,000 of the general fund--state appropriation for  
6 fiscal year 2013, and \$1,500,000 of the general fund--federal

9 psychiatric care provided at hospitals participating in the certified  
10 public expenditure program operated pursuant to section 213 of this  
11 act.

12 ~~((n))~~ (m) The appropriations in this section reflect efficiencies  
13 to be achieved through voluntary consolidation of regional support  
14 networks in accordance with Substitute House Bill No. 2139 (regional  
15 support networks). Voluntary consolidation of regional support  
16 networks is expected to result in administrative efficiencies and  
17 maximize dollars available for direct services to individuals with  
18 mental illnesses without corresponding increases in state  
19 appropriations.

 34 following conditions and limitations: In accordance with RCW  
 35 43.20B.110, 43.135.055, and 71.24.035, the department is authorized to  
 36 increase license and certification fees in fiscal years 2012 and 2013  
 37 to support the costs of the regulatory program. The fee schedule  
 38 increases must be developed so that the maximum amount of additional

1 fees paid by providers statewide in the 2011-2013 fiscal biennium is  
 2 \$446,000. The department's fee schedule shall have differential rates  
 3 for providers with proof of accreditation from organizations that the

 8 council on accreditation. To reflect the reduced costs associated with  
 9 regulation of accredited programs, the department's fees for  
 10 organizations with such proof of accreditation must reflect the lower

35		<u>\$1,561,711,000</u>

36 The appropriations in this subsection are subject to the following  
 37 conditions and limitations:

1 (a) Individuals receiving services as supplemental security income  
2 (SSI) state supplemental payments shall not become eligible for medical  
3 assistance under RCW 74.09.510 due solely to the receipt of SSI state  
4 supplemental payments.

5 (b) Amounts appropriated in this subsection reflect a reduction to  
6 funds appropriated for in-home care. The department shall reduce the  
7 number of in-home hours authorized. The reduction shall be scaled  
8 based on the acuity level of care recipients. The largest hour  
9 reductions shall be to lower acuity patients and the smallest hour  
10 reductions shall be to higher acuity patients.

11 (c) Amounts appropriated in this subsection are sufficient to  
12 develop and implement the use of a consistent, statewide outcome-based  
13 vendor contract for employment and day services by July 1, 2012. The  
14 rates paid to vendors under this contract shall also be made  
15 consistent. In its description of activities the agency shall include  
16 activity listings and dollars appropriated for: Employment services,  
17 day services, child development services and county administration of  
18 services to the developmentally disabled. The department shall begin  
19 reporting to the office of financial management on these activities  
20 beginning in fiscal year 2010.

21 (d) \$944,000 of the general fund--state appropriation for fiscal  
22 year 2012, \$944,000 of the general fund--state appropriation for fiscal  
23 year 2013, and \$1,888,000 of the general fund--federal appropriation  
24 are provided solely for state contributions for individual provider  
25 health care benefits. Pursuant to the collective bargaining agreement  
26 negotiated with the exclusive bargaining representative of individual  
27 providers established under RCW 74.39A.270, the state shall contribute  
28 to the multiemployer health benefits trust fund \$2.21 per paid hour  
29 worked by individual providers.

30 (e) \$1,329,000 of the general fund--state appropriation for fiscal  
31 year 2012, \$1,622,000 of the general fund--state appropriation for  
32 fiscal year 2013, and \$2,947,000 of the general fund--federal  
33 appropriation are provided solely for the state's contribution to the  
34 training partnership, as provided in RCW 74.39A.360, for instructional  
35 costs associated with the training of individual providers.  
36 Contributions are funded at \$0.22 per benefit-eligible paid hour worked  
37 by all home care workers. Expenditures for the purposes specified in  
38 this subsection shall not exceed the amounts provided in this

1 subsection. However, if the governor and the service employees  
2 international union healthcare 775nw can reach agreement on repurposing  
3 funding that is currently provided in the individual provider  
4 collective bargaining agreement for new individual provider wages paid  
5 during training or other training related items, then expenditures for  
6 training trust contributions for individual providers may include the  
7 amounts provided in this subsection and the agreed upon repurposed  
8 funding. Funding in this section for purposes other than the  
9 individual provider collective bargaining agreement cannot be used for  
10 the purposes of this subsection (1)(e). It is the intent of the  
11 legislature that the funding provided in this subsection, including any  
12 repurposed funding, is sufficient to cover the costs of individual  
13 provider training and therefore tuition or other entrance fees are not  
14 necessary.

15 (f) (~~(\$104,669,000)~~) \$107,538,000 of the general fund--state  
16 appropriation for fiscal year 2013 and (~~(\$104,669,000)~~) \$107,535,000 of  
17 the general fund--federal appropriation are provided solely for the  
18 department to provide personal care services to waiver and nonwaiver  
19 in-home clients. The department shall provide the legislature with a  
20 report by December 5, 2012, on the feasibility of converting the  
21 medicaid personal care program for in-home adults to a medicaid program  
22 as found in section 1915(i) of the federal social security act that  
23 utilizes the option for self-direction of individualized budgets. The  
24 department shall operate the personal care program within the amounts  
25 specifically provided.

26 (g)(i) Within the amounts appropriated in this subsection, the  
27 department shall revise the current working age adult policy to allow  
28 clients to choose between employment and community access activities.  
29 Clients age 21 and older who are receiving services through a home- and  
30 community-based medicaid waiver shall be offered the choice to  
31 transition to a community access program after nine months of  
32 enrollment in an employment program, and the option to transition from  
33 a community access program to an employment program at any time. The  
34 department shall inform clients and their legal representatives of all  
35 available options for employment and day services. Information  
36 provided to the client and the client's legal representative shall  
37 include the types of activities each service option provides, and the  
38 amount, scope, and duration of service for which the client would be

1 eligible under each service option. An individual client may be  
2 authorized for only one service option, either employment services or  
3 community access services. Clients may not participate in more than  
4 one of these services at any given time.

5 (ii) The department shall work with counties and stakeholders to  
6 strengthen and expand the existing community access program. The  
7 program must emphasize support for the client so they are able to  
8 participate in activities that integrate them into their community and  
9 support independent living and skills.

10 (iii) The appropriation in this subsection includes funding to  
11 provide employment or community access services to 168 medicaid  
12 eligible young adults with developmental disabilities living with their  
13 families who need employment opportunities and assistance after high  
14 school graduation.

15 (h) \$75,000 of the general fund--state appropriation for fiscal  
16 year 2012 and \$75,000 of the general fund--state appropriation for  
17 fiscal year 2013 are provided solely for the restoration of direct  
18 support to local organizations that utilize parent-to-parent networks  
19 and communication to promote access and quality of care for individuals  
20 with developmental disabilities and their families.

21 (i) In accordance with Engrossed Substitute House Bill No. 1277  
22 (licensed settings for vulnerable adults), adult family home license  
23 fees are increased in fiscal years 2012 and 2013 to support the costs  
24 of conducting licensure, inspection, and regulatory programs.

25 (i) The current annual renewal license fee for adult family homes  
26 shall be increased to \$100 per bed beginning in fiscal year 2012 and  
27 \$175 per bed beginning in fiscal year 2013. Adult family homes shall  
28 receive a corresponding vendor rate increase per medicaid patient day  
29 of \$0.22 in fiscal year 2012 and \$0.43 in fiscal year 2013, or the  
30 amount necessary to fully fund the license fee increase for publicly  
31 funded beds, pursuant to the most recent bed estimates maintained by  
32 the department.

33 (ii) Beginning in fiscal year 2012, a processing fee of \$2,750  
34 shall be charged to each adult family home when the home is initially  
35 licensed. This fee is nonrefundable.

36 (j) Clients with developmental disabilities have demonstrated a  
37 need and a desire for a day services program as verified by over 900  
38 clients currently accessing day programs through a long- term care

1 service model. In addition, every individual, to include those with a  
2 developmental disability, should have the opportunity for meaningful  
3 employment which allows them to contribute to their communities and to  
4 become as self-sufficient as possible. Providing choice empowers  
5 recipients of publicly funded services and their families by expanding  
6 their degree of control over the services and supports they need.

7 The department shall work with legislators and stakeholders to  
8 develop a new approach to employment and day services. The objective  
9 of this plan is to ensure that adults with developmental disabilities  
10 have optimum choices, and that employment and day offerings are  
11 comprehensive enough to meet the needs of all clients currently served  
12 on a home and community based waiver. The proposal shall be submitted  
13 to the 2012 legislature for consideration and shall be constructed such  
14 that a client ultimately receives employment, community access, or the  
15 community day option but not more than one service at a time. The  
16 proposal shall include options for program efficiencies within the  
17 current employment and day structure and shall provide details on the  
18 plan to implement a consistent, statewide outcome-based vendor contract  
19 for employment and day services as specified in (c) of this subsection.

17 settlement process to ensure that the funds are spent according to this  
18 subsection.

19 (b) The department shall do a comparative analysis of the facility-  
20 based payment rates calculated on July 1, 2012, using the payment  
21 methodology defined in chapter 74.46 RCW and as funded in the omnibus  
22 appropriations act, excluding the comparative add-on, acuity add-on,  
23 and safety net reimbursement, to the facility-based payment rates in  
24 effect June 30, 2010. If the facility-based payment rate calculated on  
25 July 1, 2012, is smaller than the facility-based payment rate on June  
26 30, 2010, then the difference shall be provided to the individual  
27 nursing facilities as an add-on payment per medicaid resident day.

28 (c) During the comparative analysis performed in subsection (b) of  
29 this section, if it is found that the direct care rate for any facility  
30 calculated using the payment methodology defined in chapter 74.46 RCW  
31 and as funded in the omnibus appropriations act, excluding the  
32 comparative add-on, acuity add-on, and safety net reimbursement, is  
33 greater than the direct care rate in effect on June 30, 2010, then the  
34 facility shall receive a ten percent direct care rate add-on to  
35 compensate that facility for taking on more acute clients than they  
36 have in the past.

37 (d) The department shall provide a medicaid rate add-on to  
38 reimburse the medicaid share of the skilled nursing facility safety net

1 assessment as a medicaid allowable cost. The nursing facility safety  
2 net rate add-on may not be included in the calculation of the annual  
3 statewide weighted average nursing facility payment rate.

4 (e) If the waiver requested from the federal centers for medicare  
5 and medicaid services in relation to the safety net assessment created  
6 by Engrossed Substitute Senate Bill No. 5581 (nursing home payments) is  
7 for any reason not approved and implemented, (b), (c), and (d) of this  
8 subsection do not apply.

9 (2) After examining actual nursing facility cost information, the  
10 legislature finds that the medicaid nursing facility rates calculated  
11 pursuant to Engrossed Substitute Senate Bill No. 5581 (nursing home  
12 payments) provide sufficient reimbursement to efficiently and  
13 economically operating nursing facilities and bear a reasonable  
14 relationship to costs.

15 (3) In accordance with chapter 74.46 RCW, the department shall  
16 issue no additional certificates of capital authorization for fiscal  
17 year 2012 and no new certificates of capital authorization for fiscal  
18 year 2013 and shall grant no rate add-ons to payment rates for capital  
19 improvements not requiring a certificate of need and a certificate of  
20 capital authorization for fiscal years 2012 and 2013.

21 (4) The long-term care program may develop and pay enhanced rates  
22 for exceptional care to nursing homes for persons with traumatic brain  
23 injuries who are transitioning from hospital care. The cost per  
24 patient day for caring for these clients in a nursing home setting may  
25 be equal to or less than the cost of caring for these clients in a  
26 hospital setting.

27 (5) Amounts appropriated in this section reflect a reduction to  
28 funds appropriated for in-home care. The department shall reduce the  
29 number of in-home hours authorized. The reduction shall be scaled  
30 based on the acuity level of care recipients. The largest hour  
31 reductions shall be to lower acuity patients and the smallest hour  
32 reductions shall be to higher acuity patients.

33 (6) \$1,883,000 of the general fund--state appropriation for fiscal  
34 year 2012, \$1,883,000 of the general fund--state appropriation for  
35 fiscal year 2013, and \$3,766,000 of the general fund--federal  
36 appropriation are provided solely for state contributions for  
37 individual provider health care benefits. Pursuant to the collective  
38 bargaining agreement negotiated with the exclusive bargaining

1 representative of individual providers established under RCW  
2 74.39A.270, the state shall contribute to the multiemployer health  
3 benefits trust fund \$2.21 per paid hour worked by individual providers.

4 (7) \$2,449,000 of the general fund--state appropriation for fiscal  
5 year 2012, \$3,012,000 of the general fund--state appropriation for  
6 fiscal year 2013, and \$5,463,000 of the general fund--federal  
7 appropriation are provided solely for the state's contribution to the  
8 training partnership, as provided in RCW 74.39A.360, for instructional  
9 costs associated with the training of individual providers.  
10 Contributions are funded at \$0.22 per benefit-eligible paid hour worked  
11 by all home care workers. Expenditures for the purposes specified in  
12 this subsection shall not exceed the amounts provided in this  
13 subsection. However, if the governor and the service employees  
14 international union healthcare 775nw can reach agreement on repurposing  
15 funding that is currently provided in the individual provider  
16 collective bargaining agreement for new individual provider wages paid  
17 during training or other training related items, then expenditures for  
18 training trust contributions for individual providers may include the  
19 amounts provided in this subsection and the agreed upon repurposed  
20 funding. Funding in this section for purposes other than the  
21 individual provider collective bargaining agreement cannot be used for  
22 the purposes of this subsection (7). It is the intent of the  
23 legislature that the funding provided in this subsection, including any  
24 repurposed funding, is sufficient to cover the costs of individual  
25 provider training and therefore tuition or other entrance fees are not  
26 necessary.

27 (8) (~~(\$338,550,000)~~) \$325,203,000 of the general fund--state  
28 appropriation for fiscal year 2013 and (~~(\$338,550,000)~~) \$324,653,000 of  
29 the general fund--federal appropriation are provided solely for the  
30 department to provide personal care services to waiver and nonwaiver  
31 in-home clients. The department shall provide the legislature with a  
32 report by December 5, 2012, on the feasibility of converting the  
33 medicaid personal care program for in-home adults to a medicaid program  
34 as found in section 1915(i) of the federal social security act that  
35 utilizes the option for self-direction of individualized budgets. The  
36 department shall operate the personal care program within the amounts  
37 specifically provided.

1 (9) Individuals receiving services as supplemental security income  
2 (SSI) state supplemental payments shall not become eligible for medical  
3 assistance under RCW 74.09.510 due solely to the receipt of SSI state  
4 supplemental payments.

5 (10) The department shall eliminate the adult day health program  
6 under the state plan 1915(i) option and shall reestablish it under the  
7 long-term care home and community-based waiver.

8 (11) \$4,588,000 of the general fund--state appropriation for fiscal  
9 year 2012, \$4,559,000 of the general fund--state appropriation for  
10 fiscal year 2013, and \$9,237,000 of the general fund--federal  
11 appropriation are provided solely for the continued operation of  
12 community residential and support services for persons who are older  
13 adults or who have co-occurring medical and behavioral disorders and  
14 who have been discharged or diverted from a state psychiatric hospital.  
15 These funds shall be used to serve individuals whose treatment needs  
16 constitute substantial barriers to community placement, who no longer  
17 require active psychiatric treatment at an inpatient hospital level of  
18 care, and who no longer meet the criteria for inpatient involuntary  
19 commitment.

20 (12) \$1,840,000 of the general fund--state appropriation for fiscal  
21 year 2012 and \$1,877,000 of the general fund--state appropriation for  
22 fiscal year 2013 are provided solely for operation of the volunteer  
23 services program. Funding shall be prioritized towards serving  
24 populations traditionally served by long-term care services to include  
25 senior citizens and persons with disabilities.

26 (13) In accordance with Engrossed Substitute House Bill No. 1277  
27 (licensed settings for vulnerable adults), nursing facility fees are  
28 increased in fiscal year 2012 and adult family home fees are increased  
29 in fiscal year 2012 and fiscal year 2013 to support the costs of  
30 conducting licensure, inspection, and regulatory programs.

31 (a) The current annual renewal license fee for nursing facilities  
32 shall be increased to \$359 per bed beginning in fiscal year 2012 and  
33 assumes \$517,000 of the general fund--private/local appropriation.  
34 Nursing facilities shall receive a vendor rate increase of \$0.08 per  
35 medicaid patient day to cover the license fee increase for publicly  
36 funded beds.

37 (b) The current annual renewal license fee for adult family homes  
38 shall be increased to \$100 per bed beginning in fiscal year 2012 and

1 assumes \$1,449,000 of the general fund--private/local appropriation;  
2 and \$175 per bed beginning in fiscal year 2013 and assumes \$2,463,000  
3 of the general fund--private/local appropriation. Adult family homes  
4 shall receive a corresponding vendor rate increase per medicaid patient  
5 day of \$0.22 in fiscal year 2012 and \$0.43 in fiscal year 2013, or the  
6 amount necessary to fully fund the license fee increase for publicly  
7 funded beds, pursuant to the most recent bed estimates maintained by  
8 the department.

9 (c) Beginning in fiscal year 2012, a processing fee of \$2,750 shall  
10 be charged to each adult family home when the home is initially  
11 licensed. This fee is nonrefundable.

12 (d) \$72,000 of the general fund--state appropriation for fiscal  
13 year 2012, \$708,000 of the general fund--private/local appropriation  
14 and \$708,000 of the general fund--federal appropriation are provided  
15 solely to implement sections 501 through 503 of Engrossed Substitute  
16 House Bill No. 1277 (licensed settings for vulnerable adults). The  
17 department shall use additional investigative resources to address  
18 complaints about provider practices as well as alleged abuse, neglect,  
19 abandonment, and exploitation of residents in adult family homes. The  
20 department shall develop a statewide internal quality review and  
21 accountability program to improve the accountability of staff and the  
22 consistent application of investigative activities, and shall convene  
23 a quality assurance panel to review problems in the quality of care in  
24 adult family homes.

25 (14) \$3,316,000 of the traumatic brain injury account--state  
26 appropriation is provided solely to continue services for persons with  
27 traumatic brain injury (TBI) as defined in chapter 143, Laws of 2011

32 client's care needs.

33 (16) The department shall participate in the work group established  
34 by the department of corrections in section 220(2) of this act to  
35 review release options for elderly and infirm offenders.

20 temporary assistance for needy families where their participation is  
21 suspended and does not volunteer to participate in WorkFirst services  
22 or unsubsidized employment does not receive child care subsidies or  
23 WorkFirst subsidies as a condition of the suspension. Within the  
24 amounts provided for the WorkFirst program, the department may provide

31 child care) and RCW 74.08A.410.

32 (b) The department may establish a career services work transition  
33 program.

34 (c) Within amounts appropriated in this section, the legislature  
35 expressly mandates that the department exercise its authority, granted  
36 in 1997 under RCW 74.08A.290, to contract for work activities services  
37 pursuant to that statutory authority and RCW 41.06.142(3).

1 (d) The department shall create a temporary assistance for needy  
2 families budget structure that allows for more transparent tracking of  
3 budget units and subunits of expenditures where these units and  
4 subunits are mutually exclusive from other department budget units.  
5 The budget structure shall include budget units for the following:  
6 Grants, child care, WorkFirst activities, and administration of the  
7 program.

8 (2) \$23,679,000 of the general fund--state appropriation for fiscal

18 and assistance program) beginning November 1, 2011.

19 (b) The department shall review clients receiving services through  
20 the aged, blind, or disabled assistance program, to determine whether  
21 they would benefit from assistance in becoming naturalized citizens,  
22 and thus be eligible to receive federal supplemental security income  
23 benefits. Those cases shall be given high priority for naturalization  
24 funding through the department.

25 (c) The department shall continue the interagency agreement with  
26 the department of veterans' affairs to establish a process for referral  
27 of veterans who may be eligible for veterans' services. This agreement  
28 must include out-stationing department of veterans' affairs staff in  
29 selected community service office locations in King and Pierce counties

 15 under the state food assistance program, pursuant to RCW 74.08A.120, to  
 16 be fifty percent of the federal supplemental nutrition assistance

33		<u>\$371,184,000</u>

34 The appropriations in this section are subject to the following  
 35 conditions and limitations:

36 (1) Within the amounts appropriated in this section, the department  
 37 may contract with the University of Washington and community-based

1 providers for the provision of the parent-child assistance program.  
2 For all contractors, indirect charges for administering the program

14 accreditation from organizations that the department has determined to  
15 have substantially equivalent standards to those of the department,  
16 including but not limited to the joint commission on accreditation of  
17 health care organizations, the commission on accreditation of  
18 rehabilitation facilities, and the council on accreditation. To  
19 reflect the reduced costs associated with regulation of accredited

34 or individuals covered under the department's section 1115 medicaid  
35 waiver. The department is authorized to conduct a request for proposal  
36 process to fulfill this requirement. By December 1, 2012, the  
37 department shall provide a plan to the office of financial management  
38 and to the relevant fiscal and policy committees of the legislature for

1 transitioning all remaining intensive inpatient beds currently provided  
 2 in settings that are considered institutions for mental diseases into  
 3 facilities with no more than 16 beds by June 2017. The plan shall  
 4 identify the maximum number of additional beds that can be transitioned  
 5 into facilities with no more than 16 beds during the 2013-2015 fiscal  
 6 biennium and the remaining number that will be transitioned during the  
 7 2015-2017 fiscal biennium, a timeline and process for accomplishing  
 8 this, and a projection of the related general fund--state savings for  
 9 each biennium.

10 (6) The amounts appropriated in this section include reductions of  
 11 \$303,000 in the general fund--state appropriation for fiscal year 2012

9       The appropriations in this section are subject to the following  
10 conditions and limitations:

11       (1) The appropriations to the authority in this act shall be  
12 expended for the purposes and in the amounts specified in this act. To  
13 the extent that appropriations in this section are insufficient to fund  
14 actual expenditures in excess of caseload forecasts and utilization  
15 assumptions, the authority, after May 1, ((2012)) 2013, may transfer  
16 general fund--state appropriations for fiscal year ((2012)) 2013 that  
17 are provided solely for a specified purpose. The authority shall not  
18 transfer funds, and the director of financial management shall not  
19 approve the transfer, unless the transfer is consistent with the  
20 objective of conserving, to the maximum extent possible, the  
21 expenditure of state funds. The director of financial management shall  
22 notify the appropriate fiscal committees of the senate and house of  
23 representatives in writing seven days prior to approving any allotment  
24 modifications or transfers under this subsection. The written  
25 notification shall include a narrative explanation and justification of  
26 the changes, along with expenditures and allotments by budget unit and  
27 appropriation, both before and after any allotment modifications or  
28 transfers.

29       (2) Within amounts appropriated in this section and sections 205  
30 and 206 of this act, the health care authority shall continue to  
31 provide an enhanced basic health plan subsidy for foster parents  
32 licensed under chapter 74.15 RCW and workers in state-funded home care  
33 programs. Under this enhanced subsidy option, foster parents eligible  
34 to participate in the basic health plan as subsidized enrollees and  
35 home care workers with family incomes below 200 percent of the federal  
36 poverty level shall be allowed to enroll in the basic health plan at  
37 the minimum premium amount charged to enrollees with incomes below  
38 sixty-five percent of the federal poverty level.

1 (3) The health care authority shall require organizations and  
2 individuals that are paid to deliver basic health plan services and  
3 that choose to sponsor enrollment in the subsidized basic health plan  
4 to pay 133 percent of the premium amount which would otherwise be due  
5 from the sponsored enrollees.

6 (4)(a) \$1,200,000 of the general fund--state appropriation for  
7 fiscal year 2012 is provided solely to plan the implementation of a  
8 system of consolidated public school employee health benefits  
9 purchasing.

10 It is the intent of the legislature to improve the administration,  
11 transparency, and equity in delivering a K-12 employees' health  
12 benefits system. In addition, the legislature intends that any cost  
13 savings that result from changes to K-12 health benefits be dedicated  
14 to public schools.

15 To further this legislative intent, the state health care authority  
16 shall develop a plan to implement a consolidated health benefits'  
17 system for K-12 employees for the 2013-14 school year. The health care  
18 authority shall deliver a report to the legislature by December 15,  
19 2011, that sets forth the implementation plan to the ways and means  
20 committees of the house of representatives and the senate.

21 (b) The report prepared by the health care authority shall compare  
22 and contrast the costs and benefits, both long and short term, of:

- 23 (i) The current K-12 health benefits system;
- 24 (ii) A new K-12 employee benefits pool; and
- 25 (iii) Enrolling K-12 employees into the health benefits pool for  
26 state employees.

27 (c) In addition to the implementation plan, the report shall  
28 include the following information:

- 29 (i) The costs and benefits of the current K-12 health benefits  
30 system;
- 31 (ii) The costs and benefits of providing a new statewide K-12  
32 employees' health benefits pool to school districts and school  
33 employees;
- 34 (iii) The costs and benefits of enrolling K-12 employees into the  
35 existing health benefits pool for state employees;
- 36 (iv) Recommendations of ways to limit administrative duplication  
37 and costs, improve transparency to employees, the legislature, and the

1 public and assure equity among beneficiaries of publicly provided  
2 employee health benefits;

3 (v) Recommendations for standardizing benefit packages and  
4 purchasing efforts in a manner that seeks to maximize funding and  
5 equity for all school employees;

6 (vi) Recommendations regarding the use of incentives, including how  
7 changes to state health benefit allocations could provide employees  
8 with benefits that would encourage participation;

9 (vii) Recommendations regarding the implementation of a new K-12  
10 employee benefit plan, with separate options for voluntary  
11 participation and mandatory statewide participation;

12 (viii) Recommendations regarding methods to reduce inequities  
13 between individual and family coverage;

14 (ix) Consolidation of the purchasing and budget accountability for  
15 school employee benefits to maximize administrative efficiency and  
16 leverage existing skills and resources; and

17 (x) Other details the health care authority deems necessary,  
18 including but not limited to recommendations on the following:

19 (A) Approaches for implementing the transition to a statewide pool,  
20 including administrative and statutory changes necessary to ensure a  
21 successful transition, and whether the pool should be separate from, or  
22 combined with, the public employees' benefits pool;

23 (B) The structure of a permanent governing group to provide ongoing  
24 oversight to the consolidated pool, in a manner similar to the public  
25 employees benefits board functions for employee health benefits,  
26 including statutory duties and authorities of the board; and

27 (C) Options for including potential changes to: Eligibility  
28 standardization, the public employees benefits risk pools, the movement  
29 of school employee retirees into the new K-12 pool or pools, and the  
30 movement of educational service district employees into the new K-12  
31 pool or pools.

32 (d) In determining its costs and benefits of a new statewide K-12  
33 employees' health benefits pool for school districts and school  
34 employees, the health care authority shall assume the following:

35 (i) School district enrollees must constitute an entire bargaining  
36 unit, or an entire group of nonrepresented employees;

37 (ii) Staffing and administration for benefits purchasing shall be  
38 provided by the health care authority; and

1 (iii) The new K-12 pool would operate on a schedule that  
2 coordinates with the financing and enrollment schedule used for school  
3 districts.

4 (e) The office of the superintendent of public instruction and the  
5 office of the insurance commissioner shall provide information and  
6 technical assistance to the health care authority as requested by the  
7 health care authority. The health care authority shall not implement  
8 the new school employee benefits pool until authorized to do so by the  
9 legislature.

10 (5) The administrator shall take at least the following actions to  
11 assure that persons participating in the basic health plan are eligible  
12 for the level of assistance they receive: (a) Require submission of  
13 (i) income tax returns, and recent pay history, from all applicants, or  
14 (ii) other verifiable evidence of earned and unearned income from those  
15 persons not required to file income tax returns; (b) check employment  
16 security payroll records at least once every twelve months on all  
17 enrollees; (c) require enrollees whose income as indicated by payroll  
18 records exceeds that upon which their subsidy is based to document  
19 their current income as a condition of continued eligibility; (d)  
20 require enrollees for whom employment security payroll records cannot  
21 be obtained to document their current income at least once every six  
22 months; (e) not reduce gross family income for self-employed persons by  
23 noncash-flow expenses such as, but not limited to, depreciation,  
24 amortization, and home office deductions, as defined by the United  
25 States internal revenue service; and (f) pursue repayment and civil  
26 penalties from persons who have received excessive subsidies, as  
27 provided in RCW 70.47.060(9).

28 (6) Enrollment in the subsidized basic health plan shall be limited  
29 to only include persons who qualify as subsidized enrollees as defined  
30 in RCW 70.47.020 and who (a) qualify for services under 1115 medicaid  
31 demonstration project number 11-W-00254/10; or (b) are foster parents  
32 licensed under chapter 74.15 RCW.

33 (7) \$23,700,000 of the general fund--federal appropriation is  
34 provided solely for planning and implementation of a health benefit  
35 exchange under the federal patient protection and affordable care act.  
36 Within the amounts provided in this subsection, funds used by the  
37 authority for information technology projects are conditioned on the

1 authority satisfying the requirements of Engrossed Second Substitute  
2 Senate Bill No. 5931 (central service agencies).

3 (8) Based on quarterly expenditure reports and caseload forecasts,  
4 if the health care authority estimates that expenditures for the  
5 medical assistance program will exceed the appropriations, the health  
6 care authority shall take steps including but not limited to reduction  
7 of rates or elimination of optional services to reduce expenditures so  
8 that total program costs do not exceed the annual appropriation  
9 authority.

10 (9) In determining financial eligibility for medicaid-funded  
11 services, the health care authority is authorized to disregard  
12 recoveries by Holocaust survivors of insurance proceeds or other  
13 assets, as defined in RCW 48.104.030.

14 (10) The legislature affirms that it is in the state's interest for  
15 Harborview medical center to remain an economically viable component of  
16 the state's health care system.

17 (11) When a person is ineligible for medicaid solely by reason of  
18 residence in an institution for mental diseases, the health care  
19 authority shall provide the person with the same benefits as he or she  
20 would receive if eligible for medicaid, using state-only funds to the  
21 extent necessary.

22 (12) \$4,261,000 of the general fund--state appropriation for fiscal  
23 year 2012, \$4,261,000 of the general fund--state appropriation for  
24 fiscal year 2013, and \$8,522,000 of the general fund--federal  
25 appropriation are provided solely for low-income disproportionate share  
26 hospital payments (~~(under RCW 74.09.730(1)(a))~~).

27 (13) \$6,000,000 of the general fund--federal appropriation is  
28 provided solely for supplemental payments to nursing homes operated by  
29 public hospital districts. The public hospital district shall be  
30 responsible for providing the required nonfederal match for the  
31 supplemental payment, and the payments shall not exceed the maximum  
32 allowable under federal rules. It is the legislature's intent that the  
33 payments shall be supplemental to and shall not in any way offset or  
34 reduce the payments calculated and provided in accordance with part E  
35 of chapter 74.46 RCW. It is the legislature's further intent that  
36 costs otherwise allowable for rate-setting and settlement against  
37 payments under chapter 74.46 RCW shall not be disallowed solely because  
38 such costs have been paid by revenues retained by the nursing home from

1 these supplemental payments. The supplemental payments are subject to  
2 retrospective interim and final cost settlements based on the nursing  
3 homes' as-filed and final medicare cost reports. The timing of the  
4 interim and final cost settlements shall be at the health care  
5 authority's discretion. During either the interim cost settlement or  
6 the final cost settlement, the health care authority shall recoup from  
7 the public hospital districts the supplemental payments that exceed the  
8 medicaid cost limit and/or the medicare upper payment limit. The  
9 health care authority shall apply federal rules for identifying the  
10 eligible incurred medicaid costs and the medicare upper payment limit.

11 (14) The health care authority shall continue the inpatient  
12 hospital certified public expenditures program for the 2011-2013 fiscal  
13 biennium. The program shall apply to all public hospitals, including  
14 those owned or operated by the state, except those classified as  
15 critical access hospitals or state psychiatric institutions. The  
16 health care authority shall submit reports to the governor and  
17 legislature by November 1, 2011, and by November 1, 2012, that evaluate  
18 whether savings continue to exceed costs for this program. If the  
19 certified public expenditures (CPE) program in its current form is no  
20 longer cost-effective to maintain, the health care authority shall  
21 submit a report to the governor and legislature detailing  
22 cost-effective alternative uses of local, state, and federal resources  
23 as a replacement for this program. During fiscal year 2012 and fiscal  
24 year 2013, hospitals in the program shall be paid and shall retain one  
25 hundred percent of the federal portion of the allowable hospital cost  
26 for each medicaid inpatient fee-for-service claim payable by medical  
27 assistance and one hundred percent of the federal portion of the  
28 maximum disproportionate share hospital payment allowable under federal  
29 regulations. Inpatient medicaid payments shall be established using an  
30 allowable methodology that approximates the cost of claims submitted by  
31 the hospitals. Payments made to each hospital in the program in each  
32 fiscal year of the biennium shall be compared to a baseline amount.  
33 The baseline amount will be determined by the total of (a) the  
34 inpatient claim payment amounts that would have been paid during the  
35 fiscal year had the hospital not been in the CPE program based on the  
36 reimbursement rates developed, implemented, and consistent with  
37 policies approved in the 2011-13 biennial operating appropriations act  
38 and in effect on July 1, 2011, (b) one half of the indigent assistance

1 disproportionate share hospital payment amounts paid to and retained by  
2 each hospital during fiscal year 2005, and (c) all of the other  
3 disproportionate share hospital payment amounts paid to and retained by  
4 each hospital during fiscal year 2005 to the extent the same  
5 disproportionate share hospital programs exist in the 2011-13 biennium.  
6 If payments during the fiscal year exceed the hospital's baseline  
7 amount, no additional payments will be made to the hospital except the  
8 federal portion of allowable disproportionate share hospital payments  
9 for which the hospital can certify allowable match. If payments during  
10 the fiscal year are less than the baseline amount, the hospital will be  
11 paid a state grant equal to the difference between payments during the  
12 fiscal year and the applicable baseline amount. Payment of the state  
13 grant shall be made in the applicable fiscal year and distributed in  
14 monthly payments. The grants will be recalculated and redistributed as  
15 the baseline is updated during the fiscal year. The grant payments are  
16 subject to an interim settlement within eleven months after the end of  
17 the fiscal year. A final settlement shall be performed. To the extent  
18 that either settlement determines that a hospital has received funds in  
19 excess of what it would have received as described in this subsection,  
20 the hospital must repay the excess amounts to the state when requested.  
21 \$8,102,000 of the general fund--state appropriation for fiscal year  
22 2012, of which \$6,570,000 is appropriated in section 204(1) of this  
23 act, and (~~(\$3,162,000)~~) \$10,722,000 of the general fund--state  
24 appropriation for fiscal year 2013, of which \$6,570,000 is appropriated  
25 in section 204(1) of this act, are provided solely for state grants for  
26 the participating hospitals. CPE hospitals will receive the inpatient  
27 and outpatient reimbursement rate restorations in RCW 74.60.080 and  
28 rate increases in RCW 74.60.090 funded through the hospital safety net  
29 assessment fund rather than through the baseline mechanism specified in  
30 this subsection.

31 (15) The health care authority shall seek public-private  
32 partnerships and federal funds that are or may become available to  
33 provide on-going support for outreach and education efforts under the  
34 federal children's health insurance program reauthorization act of  
35 2009.

36 (16) The health care authority shall target funding for maternity  
37 support services towards pregnant women with factors that lead to  
38 higher rates of poor birth outcomes, including hypertension, a preterm

1 or low birth weight birth in the most recent previous birth, a  
2 cognitive deficit or developmental disability, substance abuse, severe  
3 mental illness, unhealthy weight or failure to gain weight, tobacco  
4 use, or African American or Native American race. The health care  
5 authority shall prioritize evidence-based practices for delivery of  
6 maternity support services. To the extent practicable, the health care  
7 authority shall develop a mechanism to increase federal funding for  
8 maternity support services by leveraging local public funding for those  
9 services.

10 ~~(17) ((For children with family incomes above 200 percent of the~~  
11 ~~federal poverty level in the state funded children's health program for~~  
12 ~~children who are not eligible for coverage under the federally funded~~  
13 ~~children's health insurance program, premiums shall be set every two~~  
14 ~~years in an amount equal to the average state only share of the per~~  
15 ~~capita cost of coverage in the state funded children's health program~~  
16 ~~for children in families with incomes at or less than two hundred~~  
17 ~~percent of the federal poverty level.~~

18 ~~(18))~~ Within the amounts appropriated in this section, the health  
19 care authority shall provide disproportionate share hospital payments  
20 to hospitals that provide services to children in the children's health  
21 program who are not eligible for services under Title XIX or XXI of the  
22 federal social security act due to their citizenship status.

23 ~~((19))~~ (18) \$859,000 of the general fund--state appropriation for  
24 fiscal year 2012, \$979,000 of the general fund--state appropriation for  
25 fiscal year 2013, and \$1,841,000 of the general fund--federal  
26 appropriation are provided solely to increase prior authorization  
27 activities for advanced imaging procedures.

28 ~~((20))~~ (19) \$196,000 of the general fund--state appropriation for  
29 fiscal year 2012, \$246,000 of the general fund--state appropriation for  
30 fiscal year 2013, and \$442,000 of the general fund--federal  
31 appropriation are provided solely to increase prior authorization  
32 activities for surgical procedures, which may include orthopedic  
33 procedures, spinal procedures and interventions, and nerve procedures.

34 ~~((21))~~ (20) \$300,000 of the general fund--private/local  
35 appropriation and \$300,000 of the general fund--federal appropriation  
36 are provided solely for a prescriptive practices improvement  
37 collaborative focusing upon atypical antipsychotics and other  
38 medications commonly used in the treatment of severe and persistent

1 mental illnesses among adults. The project shall promote collaboration  
2 among community mental health centers, other major prescribers of  
3 atypical antipsychotic medications to adults enrolled in state medical  
4 assistance programs, and psychiatrists, pharmacists, and other  
5 specialists at the University of Washington department of psychiatry  
6 and/or other research universities. The collaboration shall include  
7 patient-specific prescriber consultations by psychiatrists and  
8 pharmacists specializing in treatment of severe and persistent mental  
9 illnesses among adults; production of profiles to assist prescribers  
10 and clinics in tracking their prescriptive practices and their  
11 patients' medication use and adherence relative to evidence-based  
12 practices guidelines, other prescribers, and patients at other clinics;  
13 and in-service seminars at which participants can share and increase  
14 their knowledge of evidence-based and other effective prescriptive  
15 practices. The health care authority shall enter into an interagency  
16 agreement with the office of the attorney general for expenditure of  
17 \$300,000 of the state's proceeds of the *cy pres* settlement in *State of*

26 ~~((+23))~~ (22) \$80,000 of the general fund--state appropriation for  
27 fiscal year 2012, \$80,000 of the general fund--state appropriation for

18 federally-designated rural health clinics their standard encounter rate  
19 for prenatal and well-child visits, whether delivered under a managed  
20 care contract or fee-for-service. In reconciling managed care  
21 enhancement payments for calendar years 2009 and 2010, the department  
22 shall treat well-child and prenatal care visits as encounters subject  
23 to the clinic's encounter rate.

24 ~~((+30+))~~ (29) \$280,000 of the general fund--state appropriation for

5 health care authority shall continue to provide dental services to  
6 pregnant women. Services shall include preventive, routine, and  
7 emergent dental care.

20 subsection shall be funded with proceeds from settlements in the case  
21 of *State of Washington vs. GlaxoSmithKline*. The authority and the  
22 office of the attorney general shall enter an interagency agreement

25 and \$2,928,000 of the general fund--federal appropriation are provided  
26 solely to support medical airlift services.

27 ~~((+37+))~~ (36) The authority shall collect data on enrollment and  
28 utilization to study whether the expansion of family planning coverage  
29 under Substitute Senate Bill No. 5912 is reducing state medical  
30 expenditures by reducing unwanted pregnancies. The authority shall  
31 report its findings to the legislature by December 1, 2012.

32 ~~((+38+))~~ (37) \$480,000 of the general fund--state appropriation for  
33 fiscal year 2012, \$480,000 of the general fund--state appropriation for

35 appropriation are provided solely for customer services staff. The  
36 authority will attempt to improve the phone answer rate to 40 percent  
37 and reduce the response times to written questions to ten days for  
38 clients and 25 days for providers. The authority will report to the

1 legislature on its progress toward achieving these goals by January 1,  
2 2012. If the authority has not achieved these goals by July 1, 2012,  
3 then the authority shall reduce expenditures on management staff in  
4 order to increase expenditures on customer service staff until the  
5 goals are achieved.

6 ~~((+39+))~~ (38) The department shall purchase a brand name drug when  
7 it determines that the cost of the brand name drug after rebates is  
8 less than the cost of generic alternatives and that purchase of the  
9 brand rather than generic version can save at least \$250,000. The  
10 department may purchase generic alternatives when changes in market  
11 prices make the price of the brand name drug after rebates more  
12 expensive than the generic alternatives.

13 ~~((+41+))~~ (39) \$150,000 of the general fund--state appropriation for  
14 fiscal year 2012 and \$1,964,000 of the general fund--state  
15 appropriation for fiscal year 2013 are provided solely to implement  
16 Engrossed Second Substitute House Bill No. 2319 (affordable care act).  
17 If the bill is not enacted by June 30, 2012, the amounts provided in  
18 this subsection shall lapse.

19 ~~((+42+))~~ (40) \$1,109,000 of the general fund--state appropriation  
20 for fiscal year 2012, \$1,471,000 of the general fund--state  
21 appropriation for fiscal year 2013, and \$21,890,000 of the general  
22 fund--federal appropriation are provided solely to implement phase two  
23 of the project to create a single provider payment system that  
24 consolidates medicaid medical and social services payments and replaces  
25 the social service payment system.

26 ~~((+43+))~~ (41) In order to achieve the twelve percent reduction in  
27 emergency room expenditures in the fiscal year 2013 appropriations  
28 provided in this section, the authority, in consultation with the  
29 Washington state hospital association, the Washington state medical  
30 association, and the Washington chapter of the American college of  
31 emergency physicians shall designate best practices and performance  
32 measures to reduce medically unnecessary emergency room visits of  
33 medicaid clients. The Washington state hospital association, the  
34 Washington state medical association, and the Washington chapter of the  
35 American college of emergency physicians will work with the authority  
36 to promote these best practices. The best practices and performance  
37 measures shall consist of the following items:

1 (a) Adoption of a system to exchange patient information among  
2 emergency room departments on a regional or statewide basis;

3 (b) Active dissemination of patient educational materials produced  
4 by the Washington state hospital association, Washington state medical  
5 association, and the Washington chapter of the American college of  
6 emergency physicians that instruct patients on appropriate facilities  
7 for nonemergent health care needs;

8 (c) Designation of hospital personnel and emergency room physician  
9 personnel to receive and appropriately disseminate information on  
10 clients participating in the medicaid patient review and coordination  
11 program and to review monthly utilization reports on those clients  
12 provided by the authority;

13 (d) A process to assist the authority's patient review and  
14 coordination program clients with their care plans. The process must  
15 include substantial efforts by hospitals to schedule an appointment  
16 with the client's assigned primary care provider within seventy-two  
17 hours of the client's medically unnecessary emergency room visit when  
18 appropriate under the client's care plan;

19 (e) Implementation of narcotic guidelines that incorporate the  
20 Washington chapter of the American college of emergency physician  
21 guidelines;

22 (f) Physician enrollment in the state's prescription monitoring  
23 program, as long as the program is funded; and

24 (g) Designation of a hospital emergency department physician  
25 responsible for reviewing the state's medicaid utilization management  
26 feedback reports, which will include defined performance measures. The  
27 emergency department physician and hospital will have a process to take  
28 appropriate action in response to the information in the feedback  
29 reports if performance measures are not met. The authority must  
30 develop feedback reports that include timely emergency room utilization  
31 data such as visit rates, medically unnecessary visit rates (by  
32 hospital and by client), emergency department imaging utilization  
33 rates, and other measures as needed. The authority may utilize the  
34 Robert Bree collaborative for assistance related to this best practice.

35 The requirements for best practices for a critical access hospital  
36 should not include adoption of a system to exchange patient information  
37 if doing so would pose a financial burden, and should not include

1 requirements related to the authority's patient review and coordination  
2 program if the volume of those patients seen at the critical access  
3 hospital are small.

4 Hospitals participating in this medicaid best practices program  
5 shall submit to the authority a declaration from executive level  
6 leadership indicating hospital adoption of and compliance with the best  
7 practices enumerated above. In the declaration, hospitals will affirm  
8 that they have in place written policies, procedures, or guidelines to  
9 implement these best practices and are willing to share them upon  
10 request. The declaration must also give consent for the authority to  
11 disclose feedback reports and performance measures on its web site.  
12 The authority shall submit a list of declaring hospitals to the  
13 relevant policy and fiscal committees of the legislature by July 15,  
14 2012.

15 If the authority does not receive by July 1, 2012, declarations  
16 from hospitals representing at least seventy-five percent of emergency  
17 room visits by medicaid clients in fiscal year 2010, the authority may  
18 implement a policy of nonpayment of medically unnecessary emergency  
19 room visits, with appropriate client and clinical safeguards such as  
20 exemptions and expedited prior authorization. The authority shall by  
21 January 15, 2013, perform a preliminary fiscal analysis of trends in  
22 implementing the best practices in this subsection, focusing on outlier  
23 hospitals with high rates of unnecessary visits by medicaid clients,  
24 high emergency room visit rates for patient review and coordination  
25 clients, low rates of completion of treatment plans for patient review  
26 and coordination clients assigned to the hospital, and high rates of  
27 prescribed long-acting opiates. In cooperation with the leadership of  
28 the hospital, medical, and emergency physician associations, additional  
29 efforts shall be focused on assisting those outlier hospitals and  
30 providers to achieve more substantial savings. The authority by  
31 January 15, 2013, will report to the legislature about whether assumed  
32 savings based on preliminary trend and forecasted data are on target  
33 and if additional best practices or other actions need to be  
34 implemented.

35 If necessary, pursuant to RCW 34.05.350(1)(c), the authority may  
36 employ emergency rulemaking to achieve the reductions assumed in the  
37 appropriations under this section.

1 Nothing in this subsection shall in any way impact the authority's  
2 ability to adopt and implement policies pertaining to the patient  
3 review and coordination program.

4 ~~((+46+))~~ (42) The ~~((department))~~ authority shall seek a medicaid  
5 state plan amendment to create a ~~((graduate medical education))~~  
6 professional services supplemental payment managed care program for  
7 professional services delivered to managed care recipients by  
8 University of Washington medicine and other public professional  
9 providers. This program shall be effective as soon as administratively  
10 possible and shall operate concurrently with the existing professional  
11 services supplemental payment program. ~~((Providers that participate in  
12 the graduate medical education supplemental payment program are not  
13 eligible to participate in the professional services supplemental  
14 payment program.))~~ The ~~((department))~~ authority shall apply federal  
15 rules for identifying the difference between ~~((current physician  
16 encounter))~~ average commercial rates and fee-for-service medicaid  
17 payments ~~((to participating providers and the applicable federal upper  
18 payment limit))~~. This difference will be multiplied by the number of  
19 managed care encounters and incorporated into the managed care plan  
20 capitation rates by a certified actuary. The managed care plans will  
21 pay the providers the difference attributable to the increased  
22 capitation rate. Participating providers shall be solely responsible  
23 for providing the local funds required to obtain federal matching  
24 funds. Any incremental costs incurred by the ~~((department))~~ authority  
25 in the development, implementation, and maintenance of this program  
26 shall be the responsibility of the participating providers.  
27 Participating providers shall retain the full amount of supplemental  
28 payments provided under this program, net of any costs related to the  
29 program that are disallowed due to audits or litigation against the  
30 state.

31 ~~((+47+))~~ (43) The authority shall exclude antiretroviral drugs used  
32 to treat HIV/AIDS, anticancer medication that is used to kill or slow  
33 the growth of cancerous cells, antihemophilic drugs, insulin and other  
34 drugs to lower blood glucose, and immunosuppressive drugs from any  
35 formulary limitations implemented to operate within the appropriations  
36 provided in this section.

37 ~~((+48+))~~ (44) If Engrossed Substitute Senate Bill No. 5978  
38 (medicaid fraud) is not enacted by June 30, 2012, the amounts

1 appropriated in this section from the medicaid fraud penalty account--  
2 state appropriation shall lapse and an additional \$3,608,000 shall be  
3 appropriated from the general fund--state for fiscal year 2013 for  
4 medicaid services, fraud detection and prevention activities, recovery  
5 of improper payments, and for other medicaid fraud enforcement  
6 activities.

7 ~~((+50+))~~ (45) Within the amounts appropriated in this section, the  
8 health care authority and the department of social and health services  
9 shall implement the state option to provide health homes for enrollees  
10 with chronic conditions under section 2703 of the federal affordable  
11 care act. The total state match for enrollees who are dually-eligible  
12 for both medicare and medicaid and not enrolled in managed care shall  
13 be no more than the net savings to the state from the enhanced match  
14 rate for its medicaid-only managed care enrollees under section 2703.

15 ~~((+51+))~~ (46) The health care authority shall not initiate any  
16 services that require expenditure of state general fund moneys unless  
17 expressly authorized in this act or other law. The health care  
18 authority may seek, receive, and spend, under RCW 43.79.260 through  
19 43.79.282, federal moneys not anticipated in this act as long as the  
20 federal funding does not require expenditure of state moneys for the  
21 program in excess of amounts anticipated in this act. If the health  
22 care authority receives unanticipated unrestricted federal moneys,  
23 those moneys shall be spent for services authorized in this act or in  
24 any other legislation providing appropriation authority, and an equal  
25 amount of appropriated state general fund moneys shall lapse. Upon the  
26 lapsing of any moneys under this subsection, the office of financial  
27 management shall notify the legislative fiscal committees. As used in  
28 this subsection, "unrestricted federal moneys" includes block grants  
29 and other funds that federal law does not require to be spent on  
30 specifically defined projects or matched on a formula basis by state  
31 funds.

32 ~~((+52+))~~ (47) \$66,000 of the general fund--state appropriation for  
33 fiscal year 2013 and \$66,000 of the general fund--federal appropriation  
34 are provided solely to implement Engrossed Second Substitute House Bill  
35 No. 2536 (children services/delivery). The department of social and  
36 health services' programs responsible for administration of mental  
37 health, child welfare, and juvenile justice programs will coordinate  
38 with the health care authority on the development of contract terms

1 which facilitate efforts to meet requirements of the bill. If the bill  
2 is not enacted by June 30, 2012, the amounts provided in this  
3 subsection shall lapse.

4 ~~((+53+))~~ (48) The health care authority shall participate in the  
5 work group established by the department of corrections in section  
6 220(2) of this act to review release options for elderly and infirm  
7 offenders.

8 (49) \$208,000 of the general fund--state appropriation for fiscal  
9 year 2013 and \$728,000 of the general fund--federal appropriation are  
10 provided solely for the rebasing of outpatient and inpatient payment  
11 methods.

25 (ii) For each level of prototypical school at which more than fifty  
26 percent of the students were eligible for free and reduced-price meals  
27 in the prior school year, the superintendent shall allocate funding  
28 based on the following average class size of full-time equivalent

(iii) Pursuant to RCW 28A.150.260(4)(a), the assumed teacher planning period, expressed as a percentage of a teacher work day, is 13.42 percent in grades K-6, and 16.67 percent in grades 7-12; and

(iv) Laboratory science, advanced placement, and international baccalaureate courses are funded at the same class size assumptions as general education schools in the same grade; and

4 school years are determined using the formula-generated staff units  
5 provided in RCW 28A.150.260, and adjusted based on each district's  
6 annual average full-time equivalent student enrollment in each grade.

7  
8 (5) CENTRAL OFFICE ALLOCATIONS

9 In addition to classified and administrative staff units allocated  
10 in subsections (3) and (4) of this section, classified and  
11 administrative staff units are provided for the 2011-12 and 2012-13  
12 school year for the central office administrative costs of operating a  
13 school district, at the following rates:

14 (a) The total central office staff units provided in this  
15 subsection (5) are calculated by first multiplying the total number of  
16 eligible certificated instructional, certificated administrative, and  
17 classified staff units providing school-based or district-wide support  
18 services, as identified in RCW 28A.150.260(6)(b), by 5.3 percent.

20 subsection, 74.53 percent are allocated as classified staff units, as  
21 generated in subsection (4) of this section, and 25.47 percent shall be  
22 allocated as administrative staff units, as generated in subsection (3)  
23 of this section.

24 (c) Staff units generated as enhancements outside the program of  
25 basic education to the minimum requirements of RCW 28A.150.260, and  
26 staff units generated by skill center and career-technical students,  
27 are excluded from the total central office staff units calculation in  
28 (a) of this subsection.

29 (d) For students in approved career-technical and skill center  
30 programs, central office classified units are allocated at the same  
31 staff unit per student rate as those generated for general education  
32 students of the same grade in this subsection (5), and central office  
33 administrative staff units are allocated at staff unit per student  
34 rates that exceed the general education rate established for students  
35 in the same grade in this subsection (5) by 3.69 percent for career and  
36 technical education students, and 21.92 percent for skill center  
37 students.

 3 school year for certificated salary allocations provided under  
 4 subsections (2), (3), and (5) of this section, and a rate of 18.73  
 5 percent in the 2011-12 school year and 18.73 percent in the 2012-13  
 6 school year for classified salary allocations provided under  
 7 subsections (4) and (5) of this section.

8  
 9 (7) INSURANCE BENEFIT ALLOCATIONS

10 Insurance benefit allocations shall be calculated at the  
 11 maintenance rate specified in section 504 of this act, based on the  
 12 number of benefit units determined as follows:

13 (a) The number of certificated staff units determined in  
 14 subsections (2), (3), and (5) of this section; and

15 (b) The number of classified staff units determined in subsections  
 16 (4) and (5) of this section multiplied by 1.152. This factor is  
 17 intended to adjust allocations so that, for the purposes of  
 18 distributing insurance benefits, full-time equivalent classified  
 19 employees may be calculated on the basis of 1440 hours of work per  
 20 year, with no individual employee counted as more than one full-time  
 21 equivalent.

22 (8) MATERIALS, SUPPLIES, AND OPERATING COSTS (MSOC) ALLOCATIONS

23 Funding is allocated per annual average full-time equivalent  
 24 student for the materials, supplies, and operating costs (MSOC)  
 25 incurred by school districts, consistent with the requirements of RCW  
 26 28A.150.260.

8 (b) Students in approved skill center programs generate per student  
9 FTE MSOC allocations which equal the rate for general education  
10 students calculated in (a) of this subsection, multiplied by a factor  
11 of 2.171.

12 (c) Students in approved exploratory and preparatory career and  
13 technical education programs generate a per student MSOC allocation

23 section, at a daily substitute rate of \$151.86.

24 (10) ALTERNATIVE LEARNING EXPERIENCE PROGRAM FUNDING

25 (a) Amounts provided in this section are adjusted to reflect  
26 provisions of House Bill No. 2065 (allocation of funding for funding

29 districts receiving general apportionment funding for alternative  
30 learning experience (ALE) programs as defined in WAC 392-121-182 to  
31 provide separate financial accounting of expenditures for the ALE  
32 programs offered in district or with a provider, including but not  
33 limited to private companies and multidistrict cooperatives, as well as  
34 accurate, monthly headcount and FTE enrollment claimed for basic  
35 education, including separate counts of resident and nonresident  
36 students.

1 (11) VOLUNTARY FULL DAY KINDERGARTEN PROGRAMS

2 Funding in this section is sufficient to fund voluntary full day  
3 kindergarten programs in qualifying high poverty schools, pursuant to  
4 RCW 28A.150.220 and 28A.150.315. Each kindergarten student who enrolls  
5 for the voluntary full-day program in a qualifying school shall count  
6 as one-half of one full-time equivalent student for purpose of making  
7 allocations under this section. Funding in this section provides full-  
8 day kindergarten programs for 21 percent of kindergarten enrollment in  
9 the 2011-12 school year, and 22 percent in the 2012-13 school year.  
10 Funding priority shall be given to schools with the highest poverty  
11 levels, as measured by prior year free and reduced price lunch  
12 eligibility rates in each school. Funding in this section is  
13 sufficient to fund voluntary full day kindergarten programs for July  
14 and August of the 2010-11 school year.

15 (12) ADDITIONAL FUNDING FOR SMALL SCHOOL DISTRICTS AND REMOTE AND  
16 NECESSARY PLANTS

17 For small school districts and remote and necessary school plants  
18 within any district which have been judged to be remote and necessary  
19 by the superintendent of public instruction, additional staff units are  
20 provided to ensure a minimum level of staffing support. Additional  
21 administrative and certificated instructional staff units provided to  
22 districts in this subsection shall be reduced by the general education  
23 staff units, excluding career and technical education and skills center  
24 enhancement units, otherwise provided in subsections (2) through (5) of  
25 this section on a per district basis.

6 equivalent students in grades K-8, and for small school plants within  
7 any school district which enroll more than twenty-five average annual  
8 full-time equivalent students in grades K-8 and have been judged to be  
9 remote and necessary by the superintendent of public instruction:

10 (i) For enrollment of up to sixty annual average full-time  
11 equivalent students in grades K-6, 2.76 certificated instructional  
12 staff units and 0.24 certificated administrative staff units; and

19 other than alternative schools, except as noted in this subsection:

20 (i) For remote and necessary schools enrolling students in any  
21 grades 9-12 but no more than twenty-five average annual full-time

29 0.8732 certificated instructional staff units and 0.1268 certificated  
30 administrative staff units per each additional forty-three and one-half  
31 average annual full-time equivalent students;

32 (iii) Districts receiving staff units under this subsection shall  
33 add students enrolled in a district alternative high school and any  
34 grades nine through twelve alternative learning experience programs  
35 with the small high school enrollment for calculations under this  
36 subsection;

37 (d) For each nonhigh school district having an enrollment of more  
38 than seventy annual average full-time equivalent students and less than

12 subsections;

13 (ii) For each nonhigh school district with an enrollment of more  
14 than fifty annual average full-time equivalent students and less than

21 allocation formula in place for the 2010-11 school year as provided  
22 section 502, chapter 37, Laws of 2010 1st sp. sess. (2010 supplemental  
23 budget), adjusted annually for inflation.

24 (13) Any school district board of directors may petition the  
25 superintendent of public instruction by submission of a resolution  
26 adopted in a public meeting to reduce or delay any portion of its basic  
27 education allocation for any school year. The superintendent of public  
28 instruction shall approve such reduction or delay if it does not impair  
29 the district's financial condition. Any delay shall not be for more  
30 than two school years. Any reduction or delay shall have no impact on  
31 levy authority pursuant to RCW 84.52.0531 and local effort assistance  
32 pursuant to chapter 28A.500 RCW.

33 (14) The superintendent may distribute funding for the following  
34 programs outside the basic education formula during fiscal years 2012  
35 and 2013 as follows:

36 (a) \$589,000 of the general fund--state appropriation for fiscal

2 districts located in a fire protection district as now or hereafter  
3 established pursuant to chapter 52.04 RCW.

4 (b) \$436,000 of the general fund--state appropriation for fiscal  
5 year 2012 and \$436,000 of the general fund--state appropriation for  
6 fiscal year 2013 are provided solely for programs providing skills  
7 training for secondary students who are enrolled in extended day  
8 school-to-work programs, as approved by the superintendent of public  
9 instruction. The funds shall be allocated at a rate not to exceed \$500  
10 per full-time equivalent student enrolled in those programs.

11 (c) Funding in this section is sufficient to fund adjustments to  
12 school districts' allocations resulting from the implementation of the  
13 prototypical school funding formula, pursuant to chapter 236, Laws of  
14 2010 (K-12 education funding). The funding in this section is intended  
15 to hold school districts harmless in total for funding changes  
16 resulting from conversion to the prototypical school formula in the  
17 general apportionment program, the learning assistance program, the  
18 transitional bilingual program, and the highly capable program, after  
19 adjustment for changes in enrollment and other caseload adjustments.

20 (15) \$208,000 of the general fund--state appropriation for fiscal  
21 year 2012 and \$211,000 of the general fund--state appropriation for

23 certified by the superintendent of public instruction. At the close of  
24 the fiscal year the superintendent of public instruction shall report  
25 to the office of financial management and the appropriate fiscal  
26 committees of the legislature on the allocations provided to districts  
27 and the nature of the emergency.

28 (16) Funding in this section is sufficient to fund a maximum of  
29 1.6 FTE enrollment for skills center students pursuant to chapter 463,  
30 Laws of 2007.

31 (17) Beginning in the 2011-12 school year, students participating  
32 in running start programs may be funded up to a combined maximum  
33 enrollment of 1.2 FTE including school district and institution of  
34 higher education enrollment. In calculating the combined 1.2 FTE, the  
35 office of the superintendent of public instruction may average the  
36 participating student's September through June enrollment to account  
37 for differences in the start and end dates for courses provided by the  
38 high school and higher education institution. Additionally, the office

1 of the superintendent of public instruction, in consultation with the  
2 state board for community and technical colleges, the higher education  
3 coordinating board, and the education data center, shall annually track  
4 and report to the fiscal committees of the legislature on the combined  
5 FTE experience of students participating in the running start program,  
6 including course load analyses at both the high school and community  
7 and technical college system.

8 (18) If two or more school districts consolidate and each district  
9 was receiving additional basic education formula staff units pursuant  
10 to subsection (12) of this section, the following apply:

11 (a) For three school years following consolidation, the number of  
12 basic education formula staff units shall not be less than the number  
13 of basic education formula staff units received by the districts in the  
14 school year prior to the consolidation; and

15 (b) For the fourth through eighth school years following  
16 consolidation, the difference between the basic education formula staff  
17 units received by the districts for the school year prior to  
18 consolidation and the basic education formula staff units after  
19 consolidation pursuant to subsection (12) of this section shall be  
20 reduced in increments of twenty percent per year.

21 (19)(a) Indirect cost charges by a school district to approved  
22 career and technical education middle and secondary programs shall not  
23 exceed 15 percent of the combined basic education and career and  
24 technical education program enhancement allocations of state funds.  
25 Middle and secondary career and technical education programs are  
26 considered separate programs for funding and financial reporting  
27 purposes under this section.

28 (b) Career and technical education program full-time equivalent  
29 enrollment shall be reported on the same monthly basis as the  
30 enrollment for students eligible for basic support, and payments shall  
31 be adjusted for reported career and technical education program  
32 enrollments on the same monthly basis as those adjustments for  
33 enrollment for students eligible for basic support.

9 instructional staff in that school year, computed using LEAP document  
10 1; and

11 (b) Salary allocations for certificated administrative staff units

19 committee on May 23, 2011, at 16:10 hours; and

20 (b) "LEAP Document 2" means the school year salary allocations for  
21 certificated administrative staff and classified staff and derived and  
22 total base salaries for certificated instructional staff as developed  
23 by the legislative evaluation and accountability program committee on  
24 May 23, 2011, at 16:10 hours.

25 (3) Incremental fringe benefit factors are applied to salary  
26 adjustments at a rate of 15.69 percent for school year 2011-12 and  
27 15.70 percent for school year 2012-13 for certificated instructional  
28 and certificated administrative staff and 15.23 percent for school year  
29 2011-12 and 15.23 percent for the 2012-13 school year for classified  
30 staff.
