38 relative to funding increases since 2007. The study will include the

34 provide minimum staffing unit funding to small school districts and
35 districts with school plants that have been judged by the state board
36 of education to be remote and necessary. The committee will make an
37 assessment of the current formulas and report any recommended
38 adjustments to the legislative fiscal committees of the senate and the

 15 The analysis shall be conducted in coordination with the health care
 16 authority and shall include a review of how the exchange, federal
 17 health premium tax credits and subsidies for out-of-pocket expenses
 18 administered through the exchange, and Medicaid expansion have
 19 impacted, or could impact, health care costs for individuals, school
 20 districts, and the state. The analysis shall also include a review of
 21 the cost of stand-alone dental plans.

22 (11) Within the appropriations in this section, the joint

3 **Sec. 201.** 2013 2nd sp.s. c 4 s 201 (uncodified) is amended to read
4 as follows:

5 **FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

6 (1) The appropriations to the department of social and health
7 services in this act shall be expended for the programs and in the
8 amounts specified in this act. Appropriations made in this act to the
9 department of social and health services shall initially be allotted as
10 required by this act. Subsequent allotment modifications shall not
11 include transfers of moneys between sections of this act except as
12 expressly provided in this act, nor shall allotment modifications
13 permit moneys that are provided solely for a specified purpose to be
14 used for other than that purpose.

15 (2) The department of social and health services shall not initiate
16 any services that require expenditure of state general fund moneys
17 unless expressly authorized in this act or other law. The department
18 may seek, receive, and spend, under RCW 43.79.260 through 43.79.282,
19 federal moneys not anticipated in this act as long as the federal
20 funding does not require expenditure of state moneys for the program in
21 excess of amounts anticipated in this act. If the department receives
22 unanticipated unrestricted federal moneys, those moneys shall be spent
23 for services authorized in this act or in any other legislation
24 providing appropriation authority, and an equal amount of appropriated
25 state general fund moneys shall lapse. Upon the lapsing of any moneys
26 under this subsection, the office of financial management shall notify
27 the legislative fiscal committees. As used in this subsection,
28 "unrestricted federal moneys" includes block grants and other funds
29 that federal law does not require to be spent on specifically defined
30 projects or matched on a formula basis by state funds.

31 (3)(a) The health care authority and the department are authorized
32 to develop an integrated health care program designed to slow the
33 progression of illness and disability and better manage medicaid
34 expenditures for the aged and disabled population. Under the
35 Washington medicaid integration partnership (WMIP) and the medicare

1 integrated care project (MICP), the health care authority and the
2 department may combine and transfer such medicaid funds appropriated
3 under sections 204, 206, 208, and 213 of this act as may be necessary
4 to finance a unified health care plan for the WMIP and the MICP program
5 enrollment. The WMIP pilot projects shall not exceed a daily
6 enrollment of 6,000 persons, nor expand beyond one county during the
7 2013-2015 fiscal biennium. The amount of funding assigned from each
8 program may not exceed the average per capita cost assumed in this act
9 for individuals covered by that program, actuarially adjusted for the
10 health condition of persons enrolled, times the number of clients
11 enrolled. In implementing the WMIP and the MICP, the health care
12 authority and the department may: (i) Withhold from calculations of
13 "available resources" as set forth in RCW 71.24.025 a sum equal to the
14 capitated rate for enrolled individuals; and (ii) employ capitation
15 financing and risk-sharing arrangements in collaboration with health
16 care service contractors licensed by the office of the insurance
17 commissioner and qualified to participate in both the medicaid and
18 medicare programs.

19 (b) If Washington has been selected to participate in phase two of
20 the federal demonstration project for persons dually-eligible for both
21 medicare and medicaid, the department and the authority may initiate
22 the MICP. Participation in the project shall be limited to persons who
23 are eligible for both medicare and medicaid and to counties in which
24 the county legislative authority has agreed to the terms and conditions
25 under which it will operate. The purpose of the project shall be to
26 demonstrate and evaluate ways to improve care while reducing state
27 expenditures for persons enrolled both in medicare and medicaid. To
28 that end, prior to initiating the project, the department and the
29 authority shall assure that state expenditures shall be no greater on
30 either a per person or total basis than the state would otherwise
31 incur. Individuals who are solely eligible for medicaid may also
32 participate if their participation is agreed to by the health care
33 authority, the department, and the county legislative authority.

34 (4) The legislature finds that medicaid payment rates, as
35 calculated by the department pursuant to the appropriations in this
36 act, bear a reasonable relationship to the costs incurred by
37 efficiently and economically operated facilities for providing quality
38 services and will be sufficient to enlist enough providers so that care

1 and services are available to the extent that such care and services
2 are available to the general population in the geographic area. The
3 legislature finds that cost reports, payment data from the federal
4 government, historical utilization, economic data, and clinical input
5 constitute reliable data upon which to determine the payment rates.

6 (5) The department shall to the maximum extent practicable use the
7 same system for delivery of spoken-language interpreter services for
8 social services appointments as the one established for medical
9 appointments in section 213 of this act. When contracting directly
10 with an individual to deliver spoken language interpreter services, the
11 department shall only contract with language access providers who are
12 working at a location in the state and who are state-certified or
13 state-authorized, except that when such a provider is not available,
14 the department may use a language access provider who meets other
15 certifications or standards deemed to meet state standards, including
16 interpreters in other states.

17 (6) The department shall facilitate enrollment under the medicaid
18 expansion for clients applying for or receiving state funded services
19 from the department and its contractors. Prior to open enrollment, the
20 department shall coordinate with the health care authority to provide
21 referrals to the Washington health benefit exchange for clients that
22 will be ineligible for the medicaid expansion but are enrolled in
23 coverage that will be eliminated in the transition to the medicaid
24 expansion.

25 (7)(a) The appropriations to the department of social and health
26 services in this act shall be expended for the programs and in the
27 amounts specified in this act. However, after May 1, 2014, unless
28 specifically prohibited by this act, the department may transfer
29 general fund--state appropriations for fiscal year 2014 among programs
30 after approval by the director of financial management. However, the
31 department shall not transfer state moneys that are provided solely for
32 a specified purpose except as expressly provided in (b) of this
33 subsection.

34 (b) To the extent that transfers under (a) of this subsection are
35 insufficient to fund actual expenditures in excess of fiscal year 2014
36 caseload forecasts and utilization assumptions in the long-term care,
37 foster care, adoptions support, medicaid personal care, and child
38 support programs, the department may transfer state moneys that are

1 provided solely for a specified purpose. The department shall not
 2 transfer funds, and the director of financial management shall not
 3 approve the transfer, unless the transfer is consistent with the
 4 objective of conserving, to the maximum extent possible, the
 5 expenditure of state funds. The director of financial management shall
 6 notify the appropriate fiscal committees of the senate and house of
 7 representatives in writing seven days prior to approving any allotment
 8 modifications or transfers under this subsection. The written
 9 notification shall include a narrative explanation and justification of
 10 the changes, along with expenditures and allotments by budget unit and
 11 appropriation, both before and after any allotment modifications or
 12 transfers.

13 **Sec. 202.** 2013 2nd sp.s. c 4 s 202 (uncodified) is amended to read

30	TOTAL APPROPRIATION	((\$1,104,082,000))
31		<u>\$1,105,952,000</u>

32 The appropriations in this section are subject to the following
 33 conditions and limitations:

- 34 (1) Within amounts provided for the foster care and adoption
 35 support programs, the department shall control reimbursement decisions
 36 for foster care and adoption support cases such that the aggregate

1 average cost per case for foster care and for adoption support does not
2 exceed the amounts assumed in the projected caseload expenditures.

3 (2) \$668,000 of the general fund--state appropriation for fiscal
4 year 2014 and \$668,000 of the general fund--state appropriation for
5 fiscal year 2015 are provided solely to contract for the operation of
6 one pediatric interim care center. The center shall provide
7 residential care for up to thirteen children through two years of age.
8 Seventy-five percent of the children served by the center must be in
9 need of special care as a result of substance abuse by their mothers.
10 The center shall also provide on-site training to biological, adoptive,
11 or foster parents. The center shall provide at least three months of
12 consultation and support to the parents accepting placement of children
13 from the center. The center may recruit new and current foster and
14 adoptive parents for infants served by the center. The department
15 shall not require case management as a condition of the contract.

16 (3) \$538,500 of the general fund--state appropriation for fiscal
17 year 2014, \$539,500 of the general fund--state appropriation for fiscal
18 year 2015, \$656,000 of the general fund--private/local appropriation,
19 and \$253,000 of the general fund--federal appropriation are provided
20 solely for children's administration to contract with an educational
21 advocacy provider with expertise in foster care educational outreach.
22 The amounts in this subsection are provided solely for contracted
23 education coordinators to assist foster children in succeeding in K-12
24 and higher education systems and to assure a focus on education during
25 the transition to performance based contracts. Funding shall be
26 prioritized to regions with high numbers of foster care youth and/or
27 regions where backlogs of youth that have formerly requested
28 educational outreach services exist. The department shall utilize
29 private matching funds to maintain educational advocacy services.

30 (4) \$10,741,000 of the home security fund--state appropriation is
31 provided solely for the department to contract for services pursuant to
32 RCW 13.32A.030 and 74.15.220. The department shall contract and
33 collaborate with service providers in a manner that maintains the
34 availability and geographic representation of secure and semi-secure
35 crisis residential centers and HOPE centers. To achieve efficiencies
36 and increase utilization, the department shall allow the co-location of
37 these centers, except that a youth may not be placed in a secure
38 facility or the secure portion of a co-located facility except as

1 specifically authorized by chapter 13.32A RCW. The reductions to
2 appropriations in this subsection related to semi-secure crisis
3 residential centers reflect a reduction to the number of beds for semi-
4 secure crisis residential centers and not a reduction in rates. Any
5 secure crisis residential center or semi-secure crisis residential
6 center bed reduction shall not be based solely upon bed utilization.
7 The department is to exercise its discretion in reducing the number of
8 beds but to do so in a manner that maintains availability and
9 geographic representation of semi-secure and secure crisis residential
10 centers.

11 (5) \$125,000 of the general fund--state appropriation for fiscal
12 year 2014 and \$125,000 of the general fund--state appropriation for

25 year 2015 is provided solely for training, technical assistance, and
26 fidelity oversight for an open source parenting program developed by a

30 source parenting curriculum. The children's administration must make
31 the open source parenting program available to parents with an open
32 child welfare case beginning in the last six months of fiscal year

5 (6) \$1,537,000 of the general fund--state appropriation for fiscal
6 year 2014 and \$1,537,000 of the general fund--state appropriation for
7 fiscal year 2015 are provided solely for expansion of the following
8 treatments and therapies in juvenile rehabilitation administration
9 programs identified by the Washington state institute for public policy
10 in its October 2006 report: "Evidence-Based Public Policy Options to
11 Reduce Future Prison Construction, Criminal Justice Costs and Crime
12 Rates": Multidimensional treatment foster care, family integrated
13 transitions, and aggression replacement training, or other programs
14 with a positive benefit-cost finding in the institute's report. The
15 administration may concentrate delivery of these treatments and
16 therapies at a limited number of programs to deliver the treatments in
17 a cost-effective manner.

18 (7)(a) The juvenile rehabilitation administration shall administer
19 a block grant, rather than categorical funding, of consolidated
20 juvenile service funds, community juvenile accountability act grants,
21 the chemical dependency disposition alternative funds, the mental
22 health disposition alternative, and the sentencing disposition
23 alternative for the purpose of serving youth adjudicated in the
24 juvenile justice system. In making the block grant, the juvenile
25 rehabilitation administration shall follow the following formula and
26 will prioritize evidence-based programs and disposition alternatives
27 and take into account juvenile courts program-eligible youth in
28 conjunction with the number of youth served in each approved evidence-
29 based program or disposition alternative: (i) Thirty-seven and one-
30 half percent for the at-risk population of youth ten to seventeen years
31 old; (ii) fifteen percent for moderate and high-risk youth; (iii)
32 twenty-five percent for evidence-based program participation; (iv)
33 seventeen and one-half percent for minority populations; (v) three
34 percent for the chemical dependency disposition alternative; and (vi)
35 two percent for the mental health and sentencing dispositional
36 alternatives. Funding for the special sex offender disposition
37 alternative (SSODA) shall not be included in the block grant, but
38 allocated on the average daily population in juvenile courts. Funding

1 for the evidence-based expansion grants shall be excluded from the
2 block grant formula. Funds may be used for promising practices when
3 approved by the juvenile rehabilitation administration and juvenile
4 courts, through the community juvenile accountability act committee,
5 based on the criteria established in consultation with Washington state
6 institute for public policy and the juvenile courts.

7 (b) The juvenile rehabilitation administration and the juvenile
8 courts shall establish a block grant funding formula oversight
9 committee with equal representation from the juvenile rehabilitation
10 administration and the juvenile courts. The purpose of this committee
11 is to assess the ongoing implementation of the block grant funding
12 formula, utilizing data-driven decision making and the most current
13 available information. The committee will be cochaired by the juvenile
14 rehabilitation administration and the juvenile courts, who will also
15 have the ability to change members of the committee as needed to
16 achieve its purpose. Initial members will include one juvenile court
17 representative from the finance committee, the community juvenile
18 accountability act committee, the risk assessment quality assurance
19 committee, the executive board of the Washington association of
20 juvenile court administrators, the Washington state center for court
21 research, and a representative of the superior court judges
22 association; two representatives from the juvenile rehabilitation
23 administration headquarters program oversight staff, two
24 representatives of the juvenile rehabilitation administration regional
25 office staff, one representative of the juvenile rehabilitation
26 administration fiscal staff and a juvenile rehabilitation
27 administration division director. The committee may make changes to
28 the formula categories other than the evidence-based program and
29 disposition alternative categories if it is determined the changes will
30 increase statewide service delivery or effectiveness of evidence-based
31 program or disposition alternative resulting in increased cost benefit
32 savings to the state. Long-term cost benefit must be considered.
33 Percentage changes may occur in the evidence-based program or
34 disposition alternative categories of the formula should it be
35 determined the changes will increase evidence-based program or
36 disposition alternative delivery and increase the cost benefit to the
37 state. These outcomes will also be considered in determining when

1 evidence-based expansion or special sex offender disposition
2 alternative funds should be included in the block grant or left
3 separate.

4 (c) The juvenile courts and administrative office of the courts
5 shall be responsible for collecting and distributing information and
6 providing access to the data systems to the juvenile rehabilitation
7 administration and the Washington state institute for public policy
8 related to program and outcome data. The juvenile rehabilitation
9 administration and the juvenile courts will work collaboratively to
10 develop program outcomes that reinforce the greatest cost benefit to
11 the state in the implementation of evidence-based practices and
12 disposition alternatives.

13 (8) The juvenile courts and administrative office of the courts
14 shall collect and distribute information related to program outcome and
15 provide access to these data systems to the juvenile rehabilitation
16 administration and Washington state institute for public policy. The
17 agreements between administrative office of the courts, the juvenile
18 courts, and the juvenile rehabilitation administration shall be
19 executed to ensure that the juvenile rehabilitation administration
20 receives the data that the juvenile rehabilitation administration
21 identifies as needed to comply with this subsection. This includes,
22 but is not limited to, information by program at the statewide
23 aggregate level, individual court level, and individual client level
24 for the purpose of the juvenile rehabilitation administration providing
25 quality assurance and oversight for the locally committed youth block
26 grant and associated funds and at times as specified by the juvenile
27 rehabilitation administration as necessary to carry out these
28 functions. The data shall be provided in a manner that reflects the
29 collaborative work the juvenile rehabilitation administration and
30 juvenile courts have developed regarding program outcomes that
31 reinforce the greatest cost benefit to the state in the implementation
32 of evidence-based practices and disposition alternatives.

33 (9) \$445,000 of the general fund--state appropriation for fiscal
34 year 2014 and \$445,000 of the general fund--state appropriation for
35 fiscal year 2015 are provided solely for funding of the teamchild
36 project.

37 (10) \$178,000 of the general fund--state appropriation for fiscal

1 year 2014 and \$178,000 of the general fund--state appropriation for
2 fiscal year 2015 are provided solely for the juvenile detention
3 alternatives initiative.

4 (11) \$250,000 of the general fund--state appropriation for fiscal
5 year 2014 and \$250,000 of the general fund--state appropriation for
6 fiscal year 2015 are provided solely for a grant program focused on
7 criminal street gang prevention and intervention. The Washington state
8 partnership council on juvenile justice may award grants under this
9 subsection. The council shall give priority to applicants who have
10 demonstrated the greatest problems with criminal street gangs.
11 Applicants composed of, at a minimum, one or more local governmental
12 entities and one or more nonprofit, nongovernmental organizations that
13 have a documented history of creating and administering effective
14 criminal street gang prevention and intervention programs may apply for
15 funding under this subsection.

16 (12) \$100,000 of the general fund--state appropriation for fiscal
17 year 2015 is provided solely to implement Engrossed Substitute House
18 Bill No. 2164 (juvenile firearms offenders). If the bill is not
19 enacted by June 30, 2014, the amount provided in this subsection shall
20 lapse.

21 (13) \$500,000 of the general fund--state appropriation for fiscal
22 year 2015 is provided solely for competitive grants to community-based
23 organizations to provide at-risk youth intervention services, including
24 but not limited to, case management, employment services, educational
25 services, and street outreach intervention programs. Projects funded
26 should focus on preventing, intervening, and suppressing behavioral
27 problems and violence while linking at-risk youth to pro-social
28 activities. The costs of administration may not exceed four percent of
29 appropriated funding for each grant recipient. Each entity receiving
30 funds must report to the juvenile rehabilitation administration on the
31 number and types of youth served, the services provided, and the impact
32 of those services upon the youth and the community.

33 **Sec. 204.** 2013 2nd sp.s. c 4 s 204 (uncodified) is amended to read
34 as follows:

35 **FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--MENTAL HEALTH**
36 **PROGRAM**

37 (1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS

1	General Fund--State Appropriation (FY 2014)	((\$327,467,000))
2		<u>\$328,527,000</u>
3	General Fund--State Appropriation (FY 2015)	((\$308,723,000))
4		<u>\$329,211,000</u>
5	General Fund--Federal Appropriation	((\$561,394,000))
6		<u>\$666,113,000</u>
7	General Fund--Private/Local Appropriation	\$17,864,000
8	TOTAL APPROPRIATION	((\$1,215,448,000))
9		<u>\$1,341,715,000</u>

10 The appropriations in this subsection are subject to the following
11 conditions and limitations:

12 (a) \$104,999,000 of the general fund--state appropriation for
13 fiscal year 2014 and ((~~\$85,895,000~~)) \$88,895,000 of the general fund--
14 state appropriation for fiscal year 2015 are provided solely for
15 persons and services not covered by the medicaid program. To the
16 extent possible, levels of regional support network spending shall be
17 maintained in the following priority order: Crisis and commitment
18 services; community inpatient services; and residential care services,
19 including personal care and emergency housing assistance. This is a
20 reduction in flexible nonmedicaid funding of \$4,343,000 for fiscal year
21 2014 and ((~~\$23,446,000~~)) \$20,446,000 for fiscal year 2015. This
22 reduction reflects offsets in state funding related to services that
23 will now be funded with federal dollars through the affordable care act
24 medicaid expansion. This reduction shall be distributed ((~~as follows:~~

25 ~~(i) The \$4,343,000 reduction in fiscal year 2014 and \$11,723,000 of~~
26 ~~the reduction in fiscal year 2015 must be distributed))~~ among regional
27 support networks based on a formula that equally weights each regional
28 support networks proportion of individuals who become newly eligible
29 and enroll in medicaid under the expansion provisions of the affordable
30 care act ((~~in fiscal year 2014~~)) and each regional support network's
31 spending of flexible nonmedicaid funding on services that would be
32 reimbursable for federal medicaid matching funds if provided to
33 medicaid enrollees in the 2011-2013 fiscal biennium.

34 ((~~(ii) The remaining \$11,723,000 reduction in fiscal year 2015 must~~
35 ~~be distributed among regional support networks based on each regional~~
36 ~~support network's proportion of individuals who become newly eligible~~
37 ~~and enroll in medicaid under the expansion provisions of the affordable~~
38 ~~care act through fiscal year 2015.~~))

1 (b) \$6,590,000 of the general fund--state appropriation for fiscal
2 year 2014, \$6,590,000 of the general fund--state appropriation for
3 fiscal year 2015, and \$7,620,000 of the general fund--federal
4 appropriation are provided solely for the department and regional
5 support networks to continue to contract for implementation of high-
6 intensity programs for assertive community treatment (PACT) teams. In
7 determining the proportion of medicaid and nonmedicaid funding provided
8 to regional support networks with PACT teams, the department shall
9 consider the differences between regional support networks in the
10 percentages of services and other costs associated with the teams that
11 are not reimbursable under medicaid. The department may allow regional
12 support networks which have nonmedicaid reimbursable costs that are
13 higher than the nonmedicaid allocation they receive under this section
14 to supplement these funds with local dollars or funds received under
15 section 204(1)(a) of this act. The department and regional support
16 networks shall maintain consistency with all essential elements of the
17 PACT evidence-based practice model in programs funded under this
18 section.

19 (c) \$5,850,000 of the general fund--state appropriation for fiscal
20 year 2014, \$5,850,000 of the general fund--state appropriation for
21 fiscal year 2015, and \$1,300,000 of the general fund--federal
22 appropriation are provided solely for the western Washington regional
23 support networks to provide either community- or hospital campus-based
24 services for persons who require the level of care previously provided
25 by the program for adaptive living skills (PALS) at western state
26 hospital.

27 (d) The number of nonforensic beds allocated for use by regional
28 support networks at eastern state hospital shall be 192 per day. The
29 number of nonforensic beds allocated for use by regional support
30 networks at western state hospital shall be 557 per day.

31 (e) From the general fund--state appropriations in this subsection,
32 the secretary of social and health services shall assure that regional
33 support networks reimburse the aging and disability services
34 administration for the general fund--state cost of medicaid personal
35 care services that enrolled regional support network consumers use
36 because of their psychiatric disability.

37 (f) The department is authorized to continue to contract directly,

1 rather than through contracts with regional support networks, for
2 children's long-term inpatient facility services.

3 (g) \$750,000 of the general fund--state appropriation for fiscal
4 year 2014 and \$750,000 of the general fund--state appropriation for
5 fiscal year 2015 are provided solely to continue performance-based
6 incentive contracts to provide appropriate community support services
7 for individuals with severe mental illness who were discharged from the
8 state hospitals as part of the expanding community services initiative.
9 These funds will be used to enhance community residential and support
10 services provided by regional support networks through other state and
11 federal funding.

12 (h) \$1,125,000 of the general fund--state appropriation for fiscal
13 year 2014 and \$1,125,000 of the general fund--state appropriation for
14 fiscal year 2015 are provided solely for the Spokane regional support
15 network to implement services to reduce utilization and the census at
16 eastern state hospital. Such services shall include:

17 (i) High intensity treatment team for persons who are high
18 utilizers of psychiatric inpatient services, including those with co-
19 occurring disorders and other special needs;

20 (ii) Crisis outreach and diversion services to stabilize in the
21 community individuals in crisis who are at risk of requiring inpatient
22 care or jail services;

23 (iii) Mental health services provided in nursing facilities to
24 individuals with dementia, and consultation to facility staff treating
25 those individuals; and

26 (iv) Services at the sixteen-bed evaluation and treatment facility.

27 At least annually, the Spokane regional support network shall
28 assess the effectiveness of these services in reducing utilization at
29 eastern state hospital, identify services that are not optimally
30 effective, and modify those services to improve their effectiveness.

31 (i) \$1,529,000 of the general fund--state appropriation for fiscal
32 year 2014 and \$1,529,000 of the general fund--state appropriation for
33 fiscal year 2015 are provided solely to reimburse Pierce and Spokane
34 counties for the cost of conducting 180-day commitment hearings at the
35 state psychiatric hospitals.

36 (j) Regional support networks may use local funds to earn
37 additional federal medicaid match, provided the locally matched rate
38 does not exceed the upper-bound of their federally allowable rate

1 range, and provided that the enhanced funding is used only to provide
2 medicaid state plan or waiver services to medicaid clients.
3 Additionally, regional support networks may use a portion of the state
4 funds allocated in accordance with (a) of this subsection to earn
5 additional medicaid match, but only to the extent that the application
6 of such funds to medicaid services does not diminish the level of
7 crisis and commitment, community inpatient, residential care, and
8 outpatient services presently available to persons not eligible for
9 medicaid.

10 (k) \$3,436,000 of the general fund--state appropriation for fiscal
11 year 2014 and \$2,291,000 of the general fund--state appropriation for
12 fiscal year 2015 are provided solely for mental health services for
13 mentally ill offenders while confined in a county or city jail and for
14 facilitating access to programs that offer mental health services upon
15 release from confinement.

16 (l) \$523,000 of the general fund--state appropriation for fiscal
17 year 2014, \$775,000 of the general fund--state appropriation for fiscal
18 year 2015, and \$854,000 of the general fund--federal appropriation are
19 provided solely for implementation of sections 3 through 5 of chapter
20 289, Laws of 2013 (E2SHB 1114). Regional support networks must use
21 this funding for the development of intensive community programs that
22 allow individuals to be diverted or transitioned from the state
23 hospitals in accordance with plans approved by the department.

24 (m) \$5,986,000 of the general fund--state appropriation for fiscal
25 year 2014, \$11,592,000 of the general fund--state appropriation for
26 fiscal year 2015, and \$10,160,000 of the general fund--federal
27 appropriation are provided solely for implementation of chapter 335,
28 Laws of 2013 (ESSB 5480). Regional support networks must use this
29 funding for the development of intensive community programs that allow
30 individuals to be diverted or transitioned from the state hospitals in
31 accordance with plans approved by the department.

32 (n) Due to recent approval of federal medicaid matching funds for
33 the disability lifeline and the alcohol and drug abuse treatment
34 support act programs, the department shall charge regional support
35 networks for only the state share rather than the total cost of
36 community psychiatric hospitalization for persons enrolled in those
37 programs.

1 (o) The legislature finds that the circumstances of the Chelan-
2 Douglas regional support network (CD-RSN) make it necessary for CD-RSN
3 to undergo restructuring in order to provide mental health services
4 essential to the health and wellness of the citizens within its service
5 area. The legislature intends to provide additional temporary
6 financial relief to the CD-RSN while it undergoes internal
7 restructuring or negotiates a merger with another regional support
8 network.

9 The department shall negotiate relief for outstanding fiscal year
10 2013 reimbursements owed by CD-RSN to the state provided that the CD-
11 RSN has a plan in place that is approved by the department by August 1,
12 2013, that demonstrates how CD-RSN will maintain financial viability
13 and stability or will merge with another regional support network.

14 For the period of July 1, 2013, through December 31, 2013, the
15 department may alter collection of reimbursement from CD-RSN for
16 overuse of state hospital beds. To receive a reduction to the required
17 reimbursement for overuse of state hospital beds, CD-RSN must continue
18 to prioritize services that reduce its utilization and census at
19 eastern state hospital and be actively implementing an approved plan to
20 maintain financial viability or pursuing a future merger with another
21 regional support network. Up to \$298,000 of the general fund--state
22 appropriation for fiscal year 2014 is for the department to provide
23 payments to regional support networks in eastern Washington which have
24 used less than their allocated or contracted patient days of care at
25 the state hospital to replace the share of the reimbursements from CD-
26 RSN that the regional support networks would have received under RCW
27 71.24.320.

28 (p) \$266,000 of the general fund--state appropriation for fiscal
29 year 2014 (~~is~~) and \$1,500,000 of the general fund--state
30 appropriation for fiscal year 2015 are provided solely to maintain
31 services for the King county regional support network as it works to
32 transition services to settings that are eligible for federal
33 participation for individuals covered under the medicaid program.

34 (q) Within the amounts appropriated in this section, funding is
35 provided for the department to develop and phase in intensive mental
36 health services for high needs youth consistent with the settlement
37 agreement in T.R. v. Dreyfus and Porter.

1 (r) \$7,281,000 of the general fund--state appropriation for fiscal
 2 year 2015 and \$4,589,000 of the general fund--federal appropriation are
 3 provided solely for implementation of Substitute House Bill No. 2725
 4 (involuntary commitment) and enhancement of community mental health
 5 services. The department must contract these funds for the operation
 6 of the following community programs that allow individuals to be
 7 diverted or transitioned from the state hospitals: (i) Community
 8 hospital or free standing evaluation and treatment services providing
 9 short-term detention and commitment services under the involuntary
 10 treatment act to be located in the geographic areas of the King
 11 regional support network, the Spokane regional support network outside
 12 of Spokane county, and the Thurston Mason regional support network;
 13 (ii) one new full program of an assertive community treatment team in
 14 the King regional support network and two new half programs of
 15 assertive community treatment teams in the Spokane regional support
 16 network and the Pierce regional support network; and (iii) three new
 17 recovery support services programs in the Grays Harbor regional support
 18 network, the Greater Columbia regional support network, and the North
 19 Sound regional support network. In contracting for community
 20 evaluation and treatment services, the department may not use these
 21 resources in facilities that meet the criteria to be classified under
 22 federal law as institutions for mental diseases. If the department is
 23 unable to come to a contract agreement with a designated regional
 24 support network for any of the services identified above, it may
 25 consider contracting for that service in another regional support
 26 network that has the need for such service.

33 that meets federal criteria for electronic sharing of patient
34 information and clinical care summaries with doctors' offices,
35 hospitals, and health systems which use federally certified electronic

37 conducted to allow for these services to be expanded to the department

The department must report to the office of financial management and to the relevant fiscal and policy committees of the legislature on its proposed new mental health managed care rate-setting approach by August 1, 2013, and again at least sixty days prior to implementation of new capitation rates.

30 conditions and limitations:

31 (1) For purposes of implementing chapter 74.46 RCW, the weighted
32 average nursing facility payment rate shall not exceed \$171.35 for
33 fiscal year 2014 and shall not exceed ((~~\$171.58~~)) \$178.82 for fiscal

37 assessment is for any reason disapproved, the weighted average nursing

1 facility payment rate shall not exceed \$162.43 for fiscal year 2014 and
2 shall not exceed \$163.58 for fiscal year 2015. There will be no
3 adjustments for economic trends and conditions in fiscal years 2014 and

8 allocations established in accordance with chapter 74.46 RCW. When no
9 economic trends and conditions factor for either fiscal year is defined
10 in a biennial appropriations act, no economic trends and conditions
11 factor or factors defined in any earlier biennial appropriations act
12 shall be applied solely or compounded to the component rate allocations
13 established in accordance with chapter 74.46 RCW.

14 (a) For fiscal year 2014 within the funds provided, the department
15 shall continue to provide an add-on per medicaid resident day per
16 facility not to exceed \$1.57. The add-on shall be used to increase
17 wages, benefits, and/or staffing levels for certified nurse aides; or
18 to increase wages and/or benefits for dietary aides, housekeepers,
19 laundry aides, or any other category of worker whose statewide average
20 dollars-per-hour wage was less than \$15 in calendar year 2008,
21 according to cost report data. The add-on may also be used to address
22 resulting wage compression for related job classes immediately affected
23 by wage increases to low-wage workers. For fiscal year 2015 within
24 funds provided, the department shall continue to provide an add-on per
25 medicaid resident day per facility not to exceed \$3.15. The add-on
26 shall be used to increase wages, benefits, and/or staffing levels for
27 certified nurse aides; or to increase wages and/or benefits for dietary
28 aides, housekeepers, laundry aides, or any other category of worker
29 whose statewide average dollars-per-hour wage was less than \$17 in

36 appropriations act, excluding the low wage worker add-on, the direct
37 care add-on found in subsection (1)(g) of this section, the comparative
38 add-on, acuity add-on, and safety net reimbursement, to the facility-

1 based payment rates in effect June 30, 2010. If the facility-based
2 payment rate calculated on July 1, 2013, is smaller than the facility-
3 based payment rate on June 30, 2010, then the difference shall be
4 provided to the individual nursing facilities as an add-on payment per
5 medicaid resident day.

6 (c) During the comparative analysis performed in subsection (b) of
7 this section, if it is found that the direct care rate for any facility
8 calculated using the payment methodology defined in chapter 74.46 RCW
9 and as funded in the omnibus appropriations act, excluding the low wage
10 worker add-on, the direct care add-on found in subsection (1)(g) of
11 this section, the comparative add-on, acuity add-on, and safety net
12 reimbursement, is greater than the direct care rate in effect on June
13 30, 2010, then the facility shall receive a ten percent direct care
14 rate add-on to compensate that facility for taking on more acute
15 clients than they have in the past.

16 (d) The department shall provide a medicaid rate add-on to
17 reimburse the medicaid share of the skilled nursing facility safety net
18 assessment as a medicaid allowable cost. The nursing facility safety
19 net rate add-on may not be included in the calculation of the annual
20 statewide weighted average nursing facility payment rate.

21 (e) The rate add-on provided in (c) of this subsection is subject
22 to the reconciliation and settlement process provided in RCW
23 74.46.022(6).

24 (f) If the waiver requested from the federal centers for medicare
25 and medicaid services in relation to the safety net assessment is for
26 any reason disapproved, (b), (c), ~~((and))~~ (d), and (g) of this
27 subsection do not apply.

28 (g) For fiscal year 2015, the department shall provide a direct
29 care rate add-on applied evenly across all nursing facilities of no
30 more than six percent of the direct care payment rate calculated
31 according to chapter 74.46 RCW. This subsection (g) is subject to the
32 reconciliation and settlement process provided in RCW 74.46.022(6).

33 (2) In accordance with chapter 74.46 RCW, the department shall
34 issue no additional certificates of capital authorization for fiscal
35 year 2014 and no new certificates of capital authorization for fiscal
36 year 2015 and shall grant no rate add-ons to payment rates for capital
37 improvements not requiring a certificate of need and a certificate of
38 capital authorization for fiscal years 2014 and 2015.

1 (3) In accordance with RCW 18.51.050, 18.20.050, 70.128.060, and
2 43.135.055, the department is authorized to increase nursing facility,
3 assisted living facility, and adult family home fees as necessary to
4 fully support the actual costs of conducting the licensure, inspection,

6 department's annual licensing and oversight activity costs and shall
7 include the department's cost of paying providers for the amount of the
8 license fee attributed to medicaid clients.

9 (a) The current annual renewal license fee for adult family homes
10 shall be increased to \$225 per bed beginning in fiscal year 2014 and

14 (b) The current annual renewal license fee for assisted living
15 facilities shall be increased to \$106 per bed beginning in fiscal year
16 2014 and \$106 per bed beginning in fiscal year 2015.

12 (c) The purpose of the committee is to identify key strategic

14 including state budget and policy options, by conducting at least, but
15 not limited to, the following tasks:

20 available to older people and people with disabilities from the health
21 care and long-term services and support systems and other community
22 resources such as housing, transportation, income support, and
23 protection for vulnerable adults;

24 (iii) Identify state budget and policy options to more effectively
25 use state, federal and private resources to, over time, reduce the
26 growth rate in state expenditures that would otherwise occur by
27 continuing current policy in light of significant population growth;

28 (iv) Identify strategies to better serve the health care needs of
29 an aging population and people with disabilities, and promote healthy
30 living;

31 (v) Identify policy options to create financing mechanisms for
32 long-term services and supports that will promote additional private
33 responsibility for individuals and families to meet their needs for
34 service;

35 (vi) Identify policies to promote financial security in retirement,
36 support people who wish to stay in the workplace longer, and expand the
37 availability of workplace retirement savings plans; and

1 (vii) Identify policy options to help communities adapt to the
2 aging demographic in planning for housing, land use and transportation.

3 (d) The committee shall consult with the office of the insurance
4 commissioner, the caseload forecast council, health care authority, and
5 other appropriate entities with specialized knowledge of the needs and
6 growth trends of the aging population and people with disabilities.

7 (e) Staff support for the committee shall be provided by the office
8 of program research, senate committee services, the office of financial
9 management, and the department of social and health services.

10 (f) Within existing appropriations, the cost of meetings must be

16 expenses as authorized under RCW 43.03.050 and 43.03.060, and chapter
17 44.04 RCW as appropriate. Advisory committee members may not receive
18 compensation or reimbursement for travel and expenses.

19 (g) The committee shall issue an interim report to the legislature
20 by December 10, 2013, and issue final recommendations to the governor
21 and relevant standing committees of the legislature by December 10,

28 (13) The department shall review the capital add-on rate
29 established by RCW 74.39A.320 for effectiveness in incentivizing
30 assisted living facilities to serve Medicaid eligible clients. Upon
31 completing its review, the department shall submit its findings along
32 with recommendations for alternatives to the office of financial
33 management and the fiscal committees of the legislature by December 1,
34 2013. The department is encouraged to engage stakeholders in
35 developing alternatives.

36 (14) \$239,000 of the general fund--state appropriation for fiscal
37 year 2014, \$160,000 of the general fund--state appropriation for fiscal

1 year 2015, and \$398,000 of the general fund--federal appropriation are

5 to implement Second Substitute House Bill No. 1574 (residential

8 with Second Substitute House Bill No. 1574, the department is
9 authorized to increase supported living fees as necessary to support
10 the actual costs of conducting the certification, inspection, and
11 regulatory programs. The certification fees may not exceed the
12 department's annual licensing and oversight activity costs and shall
13 include the department's cost of paying providers for the amount of the
14 certification fee attributed to medicaid clients. The annual
15 certification fee for supported living shall be \$128 per client
16 beginning in fiscal year 2015.

26 (18) \$500,000 of the general fund--state appropriation for fiscal
27 year 2015 is provided solely for the department to contract for an
28 independent feasibility study and actuarial modeling of public and
29 private options for leveraging private resources to help individuals
30 prepare for long-term services and supports needs. The study should
31 model at least three options, including a public long-term care
32 insurance benefit funded through a payroll deduction that would provide
33 a time-limited long-term care insurance benefit, regulatory changes
34 necessary to encourage the development and growth of new products on
35 the market that combine features of life insurance, long-term care
36 insurance and annuities or medicaid life settlements, and a public-
37 private option such as facilitating a new marketplace through the
38 Washington health plan finder for private long-term care insurance

1 policies that would provide a time-limited benefit, an age defined
2 individual mandate for purchasing these policies and subsidies to
3 ensure affordability for lower-income individuals. The report should
4 include an evaluation of each option based on (a) the expected costs
5 and benefits for participants, (b) the total anticipated number of
6 participants, and (c) the projected savings to the state medicaid
7 program. The aging and disability joint legislative executive
8 committee shall provide oversight and direction for this analysis and
9 will convene interested stakeholders to provide input on the study

21 (21) The department may authorize a one-time waiver of all or any
22 portion of the licensing and processing fees required under RCW
23 70.128.060 in any case in which the department determines that an adult
24 family home is being relicensed because of exceptional circumstances,
25 such as death or incapacity of a provider, and that to require the full
26 payment of the licensing and processing fees would present a hardship
27 to the applicant.

28 (22) It is the intent of the legislature to use savings from the
29 community first choice option to make needed investments in home and
30 community-based services for seniors and people with disabilities,
31 including potential investments recommended by the joint legislative
32 executive committee on aging and disability and the development and
33 implementation council that the department of social and health
34 services must convene prior to submitting the proposed community first
35 choice option to the centers for medicare and medicaid services. At a
36 minimum, the final report to the legislature from the joint legislative
37 executive committee on aging and disability must explore the cost and
38 benefit of rate enhancements for providers of long-term services and

1 supports, restoration of hours for in-home clients, additional
2 investment in the family caregiver support program, and additional
3 investment in the individual and family services program or other
4 medicaid services to support individuals with developmental
5 disabilities.

10 The appropriations in this section are subject to the following
11 conditions and limitations:

12 (1) ((~~\$1,143,994,000~~)) \$1,900,484,000 of the general fund--federal
13 appropriation is provided solely to implement the medicaid expansion as
14 defined in the social security act, section 1902(a)(10)(A)(i)(VIII),
15 subject to the conditions and limitations in this subsection. If the
16 federal medical assistance percentage for the medicaid expansion falls
17 below the percentages in section 1905(y) of the social security act as
18 of July 1, 2013, the authority shall ensure that the state does not
19 incur any additional state costs above what would have been incurred
20 had the federal medical assistance percentages remained at the
21 percentages in section 1905(y) as of July 1, 2013. The director is
22 authorized to make any necessary program adjustments to comply with
23 this requirement, including adding or adjusting premiums, modifying
24 benefits, or reducing optional programs. To the extent a waiver is
25 needed to accomplish this, the director shall promptly apply for such
26 waiver. If a necessary waiver is not approved, the medicaid expansion
27 program shall be terminated upon appropriate notification to the
28 legislature and enrollees.

29 (2) The requirements of this subsection apply to the basic health
30 plan. This subsection is null and void and has no further effect upon
31 implementation of the medicaid expansion under subsection (1) of this
32 section.

33 (a) Within amounts appropriated in this section and sections 205
34 and 206 of this act, the health care authority shall continue to
35 provide an enhanced basic health plan subsidy for foster parents
36 licensed under chapter 74.15 RCW and workers in state-funded home care
37 programs. Under this enhanced subsidy option, foster parents eligible
38 to participate in the basic health plan as subsidized enrollees and

1 home care workers with family incomes below 200 percent of the federal
2 poverty level shall be allowed to enroll in the basic health plan at
3 the minimum premium amount charged to enrollees with incomes below
4 sixty-five percent of the federal poverty level.

5 (b) The health care authority shall require organizations and
6 individuals that are paid to deliver basic health plan services and
7 that choose to sponsor enrollment in the subsidized basic health plan
8 to pay 133 percent of the premium amount which would otherwise be due
9 from the sponsored enrollees.

10 (c) The administrator shall take at least the following actions to
11 assure that persons participating in the basic health plan are eligible
12 for the level of assistance they receive: (a) Require submission of
13 (i) income tax returns, and recent pay history, from all applicants, or
14 (ii) other verifiable evidence of earned and unearned income from those
15 persons not required to file income tax returns; (b) check employment
16 security payroll records at least once every twelve months on all
17 enrollees; (c) require enrollees whose income as indicated by payroll
18 records exceeds that upon which their subsidy is based to document
19 their current income as a condition of continued eligibility; (d)
20 require enrollees for whom employment security payroll records cannot
21 be obtained to document their current income at least once every six
22 months; (e) not reduce gross family income for self-employed persons by
23 noncash-flow expenses such as, but not limited to, depreciation,
24 amortization, and home office deductions, as defined by the United
25 States internal revenue service; and (f) pursue repayment and civil
26 penalties from persons who have received excessive subsidies, as
27 provided in RCW 70.47.060(9).

28 (d) Enrollment in the subsidized basic health plan shall be limited
29 to only include persons who qualify as subsidized enrollees as defined
30 in RCW 70.47.020 and who (a) qualify for services under 1115 medicaid
31 demonstration project number 11-W-00254/10; or (b) are foster parents
32 licensed under chapter 74.15 RCW.

33 (3) The legislature finds that medicaid payment rates, as
34 calculated by the health care authority pursuant to the appropriations
35 in this act, bear a reasonable relationship to the costs incurred by
36 efficiently and economically operated facilities for providing quality
37 services and will be sufficient to enlist enough providers so that care
38 and services are available to the extent that such care and services

1 are available to the general population in the geographic area. The
2 legislature finds that the cost reports, payment data from the federal
3 government, historical utilization, economic data, and clinical input
4 constitute reliable data upon which to determine the payment rates.

5 (4) Based on quarterly expenditure reports and caseload forecasts,
6 if the health care authority estimates that expenditures for the
7 medical assistance program will exceed the appropriations, the health
8 care authority shall take steps including but not limited to reduction
9 of rates or elimination of optional services to reduce expenditures so
10 that total program costs do not exceed the annual appropriation
11 authority.

12 (5) In determining financial eligibility for medicaid-funded
13 services, the health care authority is authorized to disregard
14 recoveries by Holocaust survivors of insurance proceeds or other
15 assets, as defined in RCW 48.104.030.

16 (6) The legislature affirms that it is in the state's interest for
17 Harborview medical center to remain an economically viable component of
18 the state's health care system.

19 (7) When a person is ineligible for medicaid solely by reason of
20 residence in an institution for mental diseases, the health care
21 authority shall provide the person with the same benefits as he or she
22 would receive if eligible for medicaid, using state-only funds to the
23 extent necessary.

24 (8) \$4,261,000 of the general fund--state appropriation for fiscal
25 year 2014, \$4,261,000 of the general fund--state appropriation for
26 fiscal year 2015, and \$8,522,000 of the general fund--federal
27 appropriation are provided solely for low-income disproportionate share
28 hospital payments.

29 (9) \$400,000 of the general fund--state appropriation for fiscal
30 year 2014, (~~(\$400,000)~~) \$200,000 of the general fund--state
31 appropriation for fiscal year 2015, and (~~(\$800,000)~~) \$600,000 of the
32 general fund--federal appropriation are provided solely for
33 disproportionate share hospital payments to rural hospitals certified
34 by the centers for medicare and medicaid services as sole community
35 hospitals as of January 1, 2013, with less than one hundred fifty acute
36 care licensed beds in fiscal year 2011 that do not participate in the
37 certified public expenditures program. The authority shall discontinue
38 these payments on January 1, 2015.

1 (10) \$100,000 of the general fund--state appropriation for fiscal
2 year 2014 and (~~(\$100,000)~~) \$50,000 of the general fund--state
3 appropriation for fiscal year 2015 are provided solely for grants to
4 rural hospitals in Clallam county that were certified by the centers
5 for medicare and medicaid services as sole community hospitals as of
6 January 1, 2013, with less than one hundred fifty acute care licensed
7 beds in fiscal year 2011. The authority shall discontinue these
8 payments on January 1, 2015.

9 (11) Within the amounts appropriated in this section, the health
10 care authority shall provide disproportionate share hospital payments
11 to hospitals that provide services to children in the children's health
12 program who are not eligible for services under Title XIX or XXI of the
13 federal social security act due to their citizenship status.

14 (12) \$6,000,000 of the general fund--federal appropriation is
15 provided solely for supplemental payments to nursing homes operated by
16 public hospital districts. The public hospital district shall be
17 responsible for providing the required nonfederal match for the
18 supplemental payment, and the payments shall not exceed the maximum
19 allowable under federal rules. It is the legislature's intent that the
20 payments shall be supplemental to and shall not in any way offset or
21 reduce the payments calculated and provided in accordance with part E
22 of chapter 74.46 RCW. It is the legislature's further intent that
23 costs otherwise allowable for rate-setting and settlement against
24 payments under chapter 74.46 RCW shall not be disallowed solely because
25 such costs have been paid by revenues retained by the nursing home from
26 these supplemental payments. The supplemental payments are subject to
27 retrospective interim and final cost settlements based on the nursing
28 homes' as-filed and final medicare cost reports. The timing of the
29 interim and final cost settlements shall be at the health care
30 authority's discretion. During either the interim cost settlement or
31 the final cost settlement, the health care authority shall recoup from
32 the public hospital districts the supplemental payments that exceed the
33 medicaid cost limit and/or the medicare upper payment limit. The
34 health care authority shall apply federal rules for identifying the
35 eligible incurred medicaid costs and the medicare upper payment limit.

36 (13) The health care authority shall continue the inpatient
37 hospital certified public expenditures program for the 2013-2015 fiscal
38 biennium. The program shall apply to all public hospitals, including

1 those owned or operated by the state, except those classified as
2 critical access hospitals or state psychiatric institutions. The
3 health care authority shall submit reports to the governor and
4 legislature by November 1, 2013, and by November 1, 2014, that evaluate
5 whether savings continue to exceed costs for this program. If the
6 certified public expenditures (CPE) program in its current form is no
7 longer cost-effective to maintain, the health care authority shall
8 submit a report to the governor and legislature detailing
9 cost-effective alternative uses of local, state, and federal resources
10 as a replacement for this program. During fiscal year 2014 and fiscal
11 year 2015, hospitals in the program shall be paid and shall retain one
12 hundred percent of the federal portion of the allowable hospital cost
13 for each medicaid inpatient fee-for-service claim payable by medical
14 assistance and one hundred percent of the federal portion of the
15 maximum disproportionate share hospital payment allowable under federal
16 regulations. Inpatient medicaid payments shall be established using an
17 allowable methodology that approximates the cost of claims submitted by
18 the hospitals. Payments made to each hospital in the program in each
19 fiscal year of the biennium shall be compared to a baseline amount.
20 The baseline amount will be determined by the total of (a) the
21 inpatient claim payment amounts that would have been paid during the
22 fiscal year had the hospital not been in the CPE program based on the
23 reimbursement rates developed, implemented, and consistent with
24 policies approved in the 2013-2015 biennial operating appropriations
25 act and in effect on July 1, 2013, (b) one-half of the indigent
26 assistance disproportionate share hospital payment amounts paid to and
27 retained by each hospital during fiscal year 2005, and (c) all of the
28 other disproportionate share hospital payment amounts paid to and
29 retained by each hospital during fiscal year 2005 to the extent the
30 same disproportionate share hospital programs exist in the 2013-2015
31 fiscal biennium. If payments during the fiscal year exceed the
32 hospital's baseline amount, no additional payments will be made to the
33 hospital except the federal portion of allowable disproportionate share
34 hospital payments for which the hospital can certify allowable match.
35 If payments during the fiscal year are less than the baseline amount,
36 the hospital will be paid a state grant equal to the difference between
37 payments during the fiscal year and the applicable baseline amount.
38 Payment of the state grant shall be made in the applicable fiscal year

1 and distributed in monthly payments. The grants will be recalculated
2 and redistributed as the baseline is updated during the fiscal year.
3 The grant payments are subject to an interim settlement within eleven
4 months after the end of the fiscal year. A final settlement shall be
5 performed. To the extent that either settlement determines that a
6 hospital has received funds in excess of what it would have received as
7 described in this subsection, the hospital must repay the excess
8 amounts to the state when requested. (~~(\$3,860,000)~~) \$11,928,000 of the
9 general fund--state appropriation for fiscal year 2014 and
10 (~~(\$1,137,000)~~) \$14,821,000 of the general fund--state appropriation for
11 fiscal year 2015 are provided solely for state grants for the
12 participating hospitals.

13 (14) The health care authority shall seek public-private
14 partnerships and federal funds that are or may become available to
15 provide on-going support for outreach and education efforts under the
16 federal children's health insurance program reauthorization act of
17 2009.

18 (15) The health care authority shall target funding for maternity
19 support services towards pregnant women with factors that lead to
20 higher rates of poor birth outcomes, including hypertension, a preterm
21 or low birth weight birth in the most recent previous birth, a
22 cognitive deficit or developmental disability, substance abuse, severe
23 mental illness, unhealthy weight or failure to gain weight, tobacco
24 use, or African American or Native American race. The health care
25 authority shall prioritize evidence-based practices for delivery of
26 maternity support services. To the extent practicable, the health care
27 authority shall develop a mechanism to increase federal funding for
28 maternity support services by leveraging local public funding for those
29 services.

30 (16) \$170,000 of the general fund--state appropriation for fiscal
31 year 2014, \$121,000 of the general fund--state appropriation for fiscal
32 year 2015, and \$292,000 of the general fund--federal appropriation are
33 provided solely to implement Engrossed Substitute House Bill No. 1519
34 (service coordination organizations) and Second Substitute Senate Bill
35 No. 5732 (behavioral health services). If neither of the bills is
36 enacted by June 30, 2013, the amounts provided in this subsection shall
37 lapse.

1 (17) \$57,000 of the general fund--state appropriation for fiscal
2 year 2014, \$40,000 of the general fund--state appropriation for fiscal
3 year 2015, and \$55,000 of the general fund--federal appropriation are
4 provided solely to develop a report on state efforts to prevent and
5 control diabetes. The authority, the department of social and health
6 services, and the department of health shall submit a coordinated
7 report to the governor and the appropriate committees of the
8 legislature by December 31, 2014, on the following:

9 (a) The financial impacts and reach that diabetes of all types and
10 undiagnosed gestational diabetes are having on the programs
11 administered by each agency and individuals, including children with
12 mothers with undiagnosed gestational diabetes, enrolled in those
13 programs. Items in this assessment must include: (i) The number of
14 lives with diabetes and undiagnosed gestational diabetes impacted or
15 covered by the programs administered by each agency; (ii) the number of
16 lives with diabetes, or at risk for diabetes, and family members
17 impacted by prevention and diabetes control programs implemented by
18 each agency; (iii) the financial toll or impact diabetes and its
19 complications, and undiagnosed gestational diabetes and the
20 complications experienced during labor to children of mothers with
21 gestational diabetes places on these programs in comparison to other
22 chronic diseases and conditions; and (iv) the financial toll or impact
23 diabetes and its complications, and diagnosed gestational diabetes and
24 the complications experienced during labor to children of mothers with
25 gestational diabetes places on these programs;

26 (b) An assessment of the benefits of implemented and existing
27 programs and activities aimed at controlling all types of diabetes and
28 preventing the disease. This assessment must also document the amount
29 and source for any funding directed to each agency for the programs and
30 activities aimed at reaching those with diabetes of all types;

32 agencies on activities, programmatic activities, and messaging on
33 managing, treating, or preventing all types of diabetes and its
34 complications;

35 (d) The development or revision of detailed policy-related action
36 plans and budget recommendations for battling diabetes and undiagnosed
37 gestational diabetes that includes a range of actionable items for
38 consideration by the legislature. The plans and budget recommendations

1 must identify proposed action steps to reduce the impact of diabetes,
2 prediabetes, related diabetes complications, and undiagnosed
3 gestational diabetes. The plans and budget recommendations must also
4 identify expected outcomes of the action steps proposed in the
5 following biennium while also establishing benchmarks for controlling
6 and preventing all types of diabetes; and

7 (e) An estimate of savings, efficiencies, costs, and budgetary
8 savings and resources required to implement the plans and budget
9 recommendations identified in (d) of this subsection (17).

10 (18) Within the amounts appropriated in this section, the authority
11 shall identify strategies to improve patient adherence to treatment
12 plans for diabetes and implement these strategies as a pilot through
13 one health home program to be identified by the authority. The
14 authority shall report to the governor and the legislature in December
15 2014 on the progress of strategy implementation. The authority shall
16 report to the governor and legislature in December 2015 on patient
17 outcomes and cost savings derived from new adherence strategies in the
18 health home model and make recommendations for improving the
19 strategies.

20 (19) Effective January 1, 2014, managed care contracts must
21 incorporate accountability measures that monitor patient health and
22 improved health outcomes, and shall include an expectation that each
23 patient receive a wellness examination that documents the baseline

25 outcome measures.

26 (20) \$25,000 of the general fund--state appropriation for fiscal
27 year 2014 and \$25,000 of the general fund--federal appropriation are
28 provided solely for the development of recommendations for funding
29 integrated school nursing and outreach services. The authority shall
30 collaborate with the office of the superintendent of public instruction

32 participation for providing nursing services in schools with the goals
33 of integrating nursing and outreach services and supporting one nurse
34 for every four hundred fifty students in elementary schools and one
35 nurse for every seven hundred fifty students in secondary schools. In
36 developing these recommendations, the authority shall inquire with the
37 federal centers for medicare and medicaid services about state plan
38 amendment or waiver options for receiving additional federal matching

1 funds for school nursing services provided to children enrolled in
2 apple health for kids. The recommendations shall include proposals for
3 funding training and reimbursement for nurses that provide outreach
4 services to help eligible students enroll in apple health for kids and
5 other social services programs. The authority and the office of the
6 superintendent of public instruction shall provide these
7 recommendations to the governor and the legislature by December 1,
8 2013.

9 (21) \$430,000 of the general fund--state appropriation for fiscal

22 (24) \$111,000 of the general fund--state appropriation for fiscal
23 year 2014, \$35,000 of the general fund--state appropriation for fiscal
24 year 2015, and \$359,000 of the general fund--federal appropriation are
25 provided solely to update the medicaid information technology
26 architecture state self-assessment and to develop the five year road
27 map for the medicaid information technology architecture architect.

28 (25) \$62,000 of the general fund--state appropriation for fiscal
29 year 2014, \$62,000 of the general fund--state appropriation for fiscal
30 year 2015, and \$126,000 of the general fund--federal appropriation are
31 provided solely to support the Robert Bree collaborative's efforts to
32 disseminate evidence-based best practices for preventing and treating
33 health problems.

34 (26) Within the amounts appropriated in this section, the authority
35 shall increase reimbursement rates for primary care services provided
36 by independent nurse practitioners to medicare levels for the period
37 from July 1, 2013, to December 31, 2014.

1 (27) The authority shall seek a medicaid state plan amendment to
2 create a professional services supplemental payment managed care
3 program for professional services delivered to managed care recipients
4 by University of Washington medicine and other public professional
5 providers. This program shall be effective as soon as administratively
6 possible and shall operate concurrently with the existing professional
7 services supplemental payment program. The authority shall apply
8 federal rules for identifying the difference between average commercial
9 rates and fee-for-service medicaid payments. This difference will be
10 multiplied by the number of managed care encounters and incorporated
11 into the managed care plan capitation rates by a certified actuary.
12 The managed care plans will pay the providers the difference
13 attributable to the increased capitation rate. Participating providers
14 shall be solely responsible for providing the local funds required to
15 obtain federal matching funds. Any incremental costs incurred by the
16 authority in the development, implementation, and maintenance of this
17 program shall be the responsibility of the participating providers.
18 Participating providers shall retain the full amount of supplemental
19 payments provided under this program, net of any costs related to the
20 program that are disallowed due to audits or litigation against the
21 state.

22 (28) Sufficient amounts are appropriated in this section for the
23 authority to provide an adult dental benefit beginning January 1, 2014.

24 (29) To the extent allowed under federal law, the authority shall
25 require an adult client to enroll in full medicaid coverage instead of
26 family planning-only coverage unless the client is at risk of domestic
27 violence.

28 (30) The authority shall facilitate enrollment under the medicaid
29 expansion for clients applying for or receiving state funded services
30 from the authority and its contractors. Prior to open enrollment, the
31 authority shall coordinate with the department of social and health
32 services to provide referrals to the Washington health benefit exchange
33 for clients that will be ineligible for the medicaid expansion but are
34 enrolled in coverage that will be eliminated in the transition to the
35 medicaid expansion.

36 (31) \$90,000 of the general fund--state appropriation for fiscal
37 year 2014, \$90,000 of the general fund--state appropriation for fiscal
38 year 2015, and \$180,000 of the general fund--federal appropriation are

1 provided solely to continue operation by a nonprofit organization of a
2 toll-free hotline that assists families to learn about and enroll in
3 the apple health for kids program.

4 (32) Within the amounts appropriated in this section, the authority
5 shall reduce premiums for children with family incomes above 200
6 percent of the federal poverty level in the state-funded children's
7 health program who are not eligible for coverage under the federal
8 children's health insurance program. Premiums in the state and federal
9 children's health insurance program shall be equal.

10 (33) The appropriations in this section reflect savings and
11 efficiencies by transferring children receiving medical care provided
12 through fee-for-service to medical care provided through managed care.

13 (34) \$150,000 of the general fund--state appropriation for fiscal
14 year 2014, \$436,000 of the general fund--state appropriation for fiscal
15 year 2015, and \$170,561,000 of the general fund--federal appropriation
16 are provided solely for the provider incentive program and other
17 initiatives related to the health information technology medicaid plan.

18 (~~(37) \$1,531,000~~) (35) \$1,528,000 of the general fund--state
19 appropriation for fiscal year 2014, (~~(\$280,000)~~) \$2,206,000 of the
20 general fund--state appropriation for fiscal year 2015, and
21 (~~(\$10,803,000)~~) \$17,912,000 of the general fund--federal appropriation
22 are provided solely to implement phase two of the project to create a
23 single provider payment system that consolidates medicaid medical and
24 social services payments and replaces the social service payment
25 system. The amounts provided in this subsection are conditioned on the
26 authority satisfying the requirements of the project management
27 oversight standards and policies established by the office of the chief
28 information officer.

29 (~~(38)~~) (36) Within the amounts appropriated in this section, the
30 health care authority and the department of social and health services
31 shall implement the state option to provide health homes for enrollees
32 with chronic conditions under section 2703 of the federal affordable
33 care act. The total state match for enrollees who are dually-eligible
34 for both medicare and medicaid and not enrolled in managed care shall
35 be no more than the net savings to the state from the enhanced match
36 rate for its medicaid-only managed care enrollees under section 2703.

37 (~~(39)~~) (37) The health care authority shall not initiate any
38 services that require expenditure of state general fund moneys unless

1 expressly authorized in this act or other law. The health care
2 authority may seek, receive, and spend, under RCW 43.79.260 through
3 43.79.282, federal moneys not anticipated in this act as long as the
4 federal funding does not require expenditure of state moneys for the
5 program in excess of amounts anticipated in this act. If the health
6 care authority receives unanticipated unrestricted federal moneys,
7 those moneys shall be spent for services authorized in this act or in
8 any other legislation providing appropriation authority, and an equal
9 amount of appropriated state general fund moneys shall lapse. Upon the
10 lapsing of any moneys under this subsection, the office of financial
11 management shall notify the legislative fiscal committees. As used in
12 this subsection, "unrestricted federal moneys" includes block grants
13 and other funds that federal law does not require to be spent on
14 specifically defined projects or matched on a formula basis by state
15 funds.

16 ~~((40))~~ (38) Within the amounts appropriated in this section, the
17 authority shall reimburse for primary care services provided by
18 naturopathic physicians.

19 ~~((41))~~ (39) Within amounts appropriated, the health care
20 authority shall conduct a review of its management and staffing
21 structure to identify efficiencies and opportunities to reduce full
22 time equivalent employees and other administrative costs. A report
23 summarizing the review and the authority's recommendations to reduce
24 costs and full time equivalent employees must be submitted to the
25 governor and legislature by November 1, 2013.

26 ~~((42) \$17,279,000))~~ (40) \$16,209,000 of the health benefit
27 exchange account--state appropriation and ~~((2,721,000))~~ \$3,791,000 of
28 the general fund--federal appropriation are provided solely to support
29 the operations of the Washington health benefit exchange from January
30 1, 2015, to June 30, 2015. The Washington state health insurance pool
31 administrator shall transfer \$20,838,000 of pool contributions to the
32 treasurer for deposit into the health benefit exchange account in
33 calendar year 2014. The receipt and use of medicaid funds provided to
34 the health benefit exchange from the health care authority are subject
35 to compliance with state and federal regulations and policies governing
36 the Washington apple health programs, including timely and proper
37 application, eligibility, and enrollment procedures.

1 ~~((+43+))~~ (41) Within the amounts appropriated in this section, the
2 authority shall continue to provide coverage after December 31, 2013,
3 for pregnant teens that qualify under existing pregnancy medical
4 programs, but whose eligibility for pregnancy related services would
5 otherwise end due to the application of the new modified adjusted gross
6 income eligibility standard.

7 ~~((+44+))~~ (42) ~~((Upon implementation of the medicaid expansion under
8 subsection (1) of this section, the breast and cervical cancer
9 treatment program is eliminated. To maintain continuity of coverage,
10 the authority shall offer the option to stay in a fee for service
11 program to clients that are already enrolled in the breast and cervical
12 cancer treatment program and will be transitioned into the new adult
13 group upon implementation of the medicaid expansion. The authority
14 will continue to provide coverage to clients that are already enrolled
15 in the breast and cervical cancer treatment program at the time of
16 program elimination until their courses of treatment are completed))~~
17 Sufficient amounts are appropriated in this section to restore medicaid
18 coverage under the breast and cervical cancer treatment program.

19 ~~((+45+))~~ (43) \$40,000 of the general fund--state appropriation for
20 fiscal year 2014 and \$40,000 of the general fund--federal appropriation
21 are provided solely for the authority to create a new position to
22 provide adequate oversight and assistance to managed care
23 organizations, rural health clinics, and federally qualified health
24 centers under a new administratively streamlined payment methodology.
25 Effective July 1, 2013, or upon obtaining any necessary federal
26 approval, but in no case during the first quarter of a calendar year,
27 the authority shall implement an administratively streamlined payment
28 methodology for federally qualified health centers and rural health
29 clinics. The authority's payments to managed care organizations shall
30 include the full encounter payment comprised of both the standard and
31 enhancement payments for federally qualified health centers and rural
32 health clinics as defined in the medicaid state plan and in accordance
33 with section 1902(bb) of the social security act (42 U.S.C. 1396a(bb)).
34 At no time will a managed care organization be at risk for or have any
35 claim to the supplemental payment portion of the rate which will be
36 reconciled to ensure accurate payment and full pass through of the
37 obligated funds. For any services eligible for encounter payments, as
38 defined in the medicaid state plan, managed care organizations shall be

1 required to pay at least the full published encounter rates directly to
2 each clinic or center, and payments will be reconciled on at least an
3 annual basis between the managed care organization and the authority,
4 with final review and approval by the authority. At the option of any
5 clinic, the enhancement payment can be received from the managed care
6 organization on a per member per month basis for all assigned managed
7 care enrollees in an amount prescribed by the authority. Nothing in
8 this section is intended to disrupt mutually agreeable contractual
9 arrangements between managed care organizations and clinics that impact
10 how the standard payment for services is paid. The authority will
11 require participating managed care organizations to reimburse federally
12 qualified health centers and rural health clinics for clean claims in
13 strict adherence to the timeliness of payment standards established
14 under contract and specified for the medicaid fee-for-service program
15 in section 1902(a)(37) of the social security act (42 U.S.C.
16 1396a(a)(37)), 42 C.F.R. Sec. 447.46, and specified for health carriers
17 in WAC 284-43-321. The authority shall exercise all necessary options
18 under its existing sanctions policy to enforce timely payment of
19 claims. The authority shall ensure necessary staff and resources are
20 identified to actively monitor and enforce the timeliness and accuracy
21 of payments to federally qualified health centers and rural health
22 clinics. By January 1, 2014, and after collaboration with federally
23 qualified health centers, rural health clinics, managed care plans, and
24 the centers for medicare and medicaid services, the authority will
25 produce a report that provides options for a new payment methodology
26 that rewards innovation and outcomes over volume of services delivered,
27 and which maintains the integrity of the rural health clinic and
28 federally qualified health center programs as outlined under federal
29 law. The report will detail necessary federal authority for
30 implementation and provide the benefits and drawbacks of each option.

31 ~~((46))~~ (44) \$3,605,000 of the general fund--state appropriation
32 for fiscal year 2014 is provided solely to proportionally reduce the
33 amounts that rural health clinics owe the state under the calendar year
34 2009 recoupment.

35 ~~((47))~~ (45) Sufficient amounts are appropriated in this section
36 to remove the mental health visit limit and to provide the shingles
37 vaccine and screening, brief intervention, and referral to treatment
38 benefits that are available in the medicaid alternative benefit plan in

1 the current medicaid benefit plan beginning January 1, 2014. ((The
2 authority shall monitor the costs of the habilitative benefit as part
3 of the forecasting process but shall not provide this benefit in the
4 current medicaid benefit plan without a direct appropriation in the
5 omnibus appropriations act.

6 ~~(48))~~ (46) The appropriations in this section reflect savings and
7 efficiencies achieved by modifying dispensing methods of contraceptive
8 drugs. The authority must make arrangements for all medicaid programs
9 offered through managed care plans or fee-for-service programs to
10 require dispensing of contraceptive drugs with a one-year supply
11 provided at one time unless a patient requests a smaller supply or the
12 prescribing physician instructs that the patient must receive a smaller
13 supply. Contracts with managed care plans must allow on-site
14 dispensing of the prescribed contraceptive drugs at family planning
15 clinics. Dispensing practices must follow clinical guidelines for
16 appropriate prescribing and dispensing to ensure the health of the
17 patient while maximizing access to effective contraceptive drugs.

18 ~~((49))~~ (47)(a) \$75,000 of the general fund--state appropriation
19 for fiscal year 2014 and \$75,000 of the general fund--federal
20 appropriation are provided solely for preparing options with an expert
21 consultant for possible implementation of a targeted premium assistance
22 program and possible implementation of the federal basic health option.
23 \$75,000 of the amounts appropriated in this subsection is provided
24 solely for the development of options related to the targeted premium
25 assistance program. The authority shall develop options for a waiver
26 request to the federal centers for medicare and medicaid services to
27 implement a targeted premium assistance program for the expansion
28 adults, identified in section 1902(a)(10)(A)(i)(VIII) of the social
29 security act, with incomes above one hundred percent of the federal
30 poverty level, and for children covered in the children's health
31 insurance program with incomes above two hundred percent of the federal
32 poverty level, with a goal of providing seamless coverage through the
33 health benefit exchange and improving opportunities for families to be
34 covered in the same health plans. The options must include the
35 possibility of applying premiums for individuals and cost-sharing that
36 may exceed the five percent of family income cap under federal law, and
37 the options must include recommendations to make the targeted premium
38 assistance program cost neutral. The authority shall submit a report

1 on the options to the legislature and the governor by January 1, 2014.
2 The authority is encouraged to be creative, use subject matter experts,
3 and exhaust all possible options to achieve cost neutrality. The
4 report shall also include a detailed plan and timeline. \$75,000 of the
5 amounts appropriated in this subsection is provided solely for the
6 development of options related to the federal basic health option. The
7 authority shall prepare options for implementing the federal basic
8 health option as federal guidance becomes available. The authority
9 shall submit a report on the options to the legislature and the
10 governor by January 1, 2014, or ninety days following the release of
11 federal guidance. The report must include a comparison of the premiums
12 and cost-sharing under the federal basic health option with the premium
13 assistance options described in this subsection, options for
14 implementing the federal basic health option in combination with a
15 premium assistance program, a detailed fiscal analysis for each
16 coverage approach, including the estimated costs for system design and
17 implementation, and information about impacted populations.

18 (b) Where possible, the authority shall leverage the same expert
19 consultants to review each proposal and compare and contrast the
20 approaches to ensure seamless coordination with the health benefit
21 exchange.

22 (c) The authority shall collaborate with the joint select committee
23 on health care oversight in the development of these options.

24 (48) \$229,000 of the general fund--state appropriation for fiscal
25 year 2015 and \$195,000 of the general fund--federal appropriation are
26 provided solely to implement Engrossed Second Substitute House Bill No.
27 2639 (mental health, chemical dependency) and Engrossed Second
28 Substitute House Bill No. 2315 (suicide prevention). If Engrossed
29 Second Substitute House Bill No. 2639 (mental health, chemical
30 dependency) is not enacted by June 30, 2014, the amounts provided in
31 this subsection shall lapse.

32 (49) \$500,000 of the general fund--state appropriation for fiscal
33 year 2015 is provided solely to implement Engrossed Substitute House
34 Bill No. 2594 (federal basic health program). If the bill is not
35 enacted by June 30, 2014, the amount provided in this subsection shall
36 lapse.

37 (50) \$604,000 of the general fund--state appropriation for fiscal
38 year 2014, \$597,000 of the general fund--state appropriation for fiscal

1 year 2015, and \$18,320,000 of the general fund--federal appropriation
2 are provided solely to implement Engrossed Second Substitute House Bill
3 No. 2572 (health care purchasing, delivery). If the bill is not
4 enacted by June 30, 2014, the amounts provided in this subsection shall
5 lapse.

6 (51) \$306,000 of the general fund--state appropriation for fiscal
7 year 2015 and \$306,000 of the general fund--federal appropriation are
8 provided solely to implement Substitute House Bill No. 2310 (provider
9 safety equipment). If the bill is not enacted by June 30, 2014, the
10 amounts provided in this subsection shall lapse.

11 (52) The health care authority may contract with any managed health
12 care system to provide medicaid services to the extent that minimum
13 contracting requirements defined by the authority are met for a given
14 region. The authority shall respond to any request to contract from a
15 managed health care system with a written explanation of the
16 preliminary decision within ninety days, with a final decision
17 contingent on successful completion of an onsite readiness review
18 process conducted by the authority. New managed health care systems
19 will only be considered for inclusion during annual contract renewal
20 periods, and requests must be submitted no later than June 1 to be
21 considered for the next contract year. The authority must heavily
22 weigh the benefit of medicaid-exchange alignment in reaching its
23 decision.

24 (53) The appropriations to the authority in this act shall be
25 expended for the purposes and in the amounts specified in this act. To
26 the extent that appropriations in this section are insufficient to fund
27 actual expenditures in excess of caseload forecasts and utilization
28 assumptions, the authority, after May 1, 2014, may transfer general
29 fund--state appropriations for fiscal year 2014 that are provided
30 solely for a specified purpose. The authority shall not transfer
31 funds, and the director of financial management shall not approve the
32 transfer, unless the transfer is consistent with the objective of
33 conserving, to the maximum extent possible, the expenditure of state
34 funds. The director of financial management shall notify the
35 appropriate fiscal committees of the senate and house of
36 representatives in writing seven days prior to approving any allotment
37 modifications or transfers under this subsection. The written
38 notification shall include a narrative explanation and justification of

1 changes, along with expenditures and allotments by budget unit and
2 appropriation, both before and after any allotment modifications or
3 transfers.

4 (54) Moneys appropriated in this section shall not be used to pay
5 hospital owned physician practices or clinics a higher payment rate
6 than the maximum resource based relative value scale fee rate received
7 by nonhospital owned physician practices or clinics for the same
8 procedure.

9 (55) By January 1, 2015, the authority shall increase the fee-for-
10 service reimbursement rates for private duty nursing services for
11 medically fragile children, increase fee-for-service rates for home
12 health care services, and add licensed clinical medical social services
13 as covered home health services only to the extent that the authority
14 determines that the provider rate increases and the additional covered
15 services will not increase payment rates under healthy options managed
16 care contracts.

2 mitigate the demand for prison capacity including funding evidence-
3 based programming for offenders which is proven to reduce recidivism,
4 funding evidence-based treatment alternatives to incarceration for
5 drug-addicted offenders, standardizing inconsistencies in the drug

8 transfer the offender back to the department, subject to terms of the
9 negotiated agreement. Health care costs incurred prior to transfer

27 subsections (2), (3), and (5) of this section; and

28 (b) The number of classified staff units determined in subsections
29 (4) and (5) of this section multiplied by 1.152. This factor is
30 intended to adjust allocations so that, for the purposes of
31 distributing insurance benefits, full-time equivalent classified
32 employees may be calculated on the basis of 1440 hours of work per
33 year, with no individual employee counted as more than one full-time
34 equivalent.

6 (2) Changes made to the state need grant program in the 2011-2013
7 fiscal biennium are continued in the 2013-2015 fiscal biennium
8 including aligning increases in awards given to private institutions
9 with the annual tuition increases for public research institutions or
10 the private institution's average annual tuition increase experience of
11 3.5 percent per year, whichever is less, and reducing the awards for
12 students who first enrolled as a new student in for-profit institutions
13 as of the 2011-2012 academic year or thereafter by fifty percent,
14 except that one-half of the fifty percent reduction shall be restored

24 need.

25 (4) Within the funds appropriated in this section, eligibility for
26 the state need grant shall include students with family incomes at or
27 below 70 percent of the state median family income (MFI), adjusted for
28 family size, and shall include students enrolled in three to five
29 credit-bearing quarter credits, or the equivalent semester credits.
30 Awards for all students shall be adjusted by the estimated amount by
31 which Pell grant increases exceed projected increases in the
32 noninstructional costs of attendance. Awards for students with incomes
33 between 51 and 70 percent of the state median shall be prorated at the

19 account--state appropriation is provided solely for the college bound
20 scholarship program and may support scholarships for summer session.
21 This amount assumes that college bound scholarship recipients will
22 receive priority for state need grant awards in fiscal year 2014 and
23 fiscal year 2015. If this policy of prioritization is not fully
24 achieved, it is the intent of this legislation to provide supplemental
25 appropriations in the 2014 supplemental operating budget.

26 (7) \$2,236,000 of the general fund--state appropriation for fiscal

2 occupations, in addition to any other method the council may choose to
3 use, to assess the number and type of higher education and training
4 credentials required to match employer demand for a skilled and

3 to meet its anticipated expenditures during the allotment period,
4 including the training requirements in RCW 41.06.500 and 41.06.530.
5 All revenues, net of expenditures, previously derived from services
6 provided by the department of enterprise services under RCW 41.06.080
7 must be transferred to the enterprise services account.

8 The director shall fix the terms and charges for services rendered
9 by the office of financial management pursuant to RCW 41.06.080, which
10 amounts shall be credited to the personnel service fund and charged
11 against the proper fund or appropriation of the recipient of such

14 and deposited in the personnel service fund.

28 Moneys shall be allocated monthly and placed in the state
29 treasurer's service fund equivalent to a maximum of one percent of the
30 trust and treasury average daily cash balances from the earnings
31 generated under the authority of RCW 43.79A.040 and 43.84.080 other
32 than earnings generated from investment of balances in funds and
33 accounts specified in RCW 43.79A.040(4)(c). The allocation shall
34 precede the distribution of the remaining earnings as prescribed under
35 RCW 43.79A.040 and 43.84.092. The state treasurer shall establish a
36 uniform allocation rate for all funds and accounts; except that the
37 state treasurer may negotiate a different allocation rate with any

1 state agency that has independent authority over funds not statutorily
2 required to be held in the state treasury or in the custody of the
3 state treasurer. In no event shall the rate be less than the actual
4 costs incurred by the state treasurer's office. If no rate is
5 separately negotiated, the default rate for any funds held shall be the
6 rate set for funds held pursuant to statute.

7 During the 2009-2011 fiscal biennium and the 2011-2013 and 2013-
8 2015 fiscal biennia, the legislature may transfer from the state

20 2013-2015 fiscal biennium, the legislature may transfer from the legal
21 services revolving account to the state general fund and the education
22 legacy trust account such amounts as reflect the excess fund balance of
23 the account.

10 appropriation. Disbursements for the strategic planning and policy
11 component of the department are subject to appropriation. All
12 disbursements from the fund are subject to the allotment procedures
13 provided under chapter 43.88 RCW. The department shall establish and
14 implement a billing structure to assure all agencies pay an equitable
15 share of the costs.

16 During the 2011-2013 and the 2013-2015 fiscal biennia, the
17 legislature may transfer from the data processing revolving account to
18 the state general fund such amounts as reflect the excess fund balance
19 and may use the data processing revolving account for information

30 to assistance awarded for projects under RCW 43.325.020(3).

31 (4) Any state agency receiving funding from the energy freedom
32 account is prohibited from retaining greater than three percent of any
33 funding provided from the energy freedom account for administrative
34 overhead or other deductions not directly associated with conducting
35 the research, projects, or other end products that the funding is
36 designed to produce unless this provision is waived in writing by the
37 director.

2 agency receiving funding from the energy freedom account is prohibited
3 from retaining greater than fifteen percent of any funding provided
4 from the energy freedom account for administrative overhead or other
