PART II  
HUMAN SERVICES

NEW SECTION.    **Sec. 201.    FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the  
2 payment rates.

3 (4) The department shall to the maximum extent practicable use  
4 the same system for delivery of spoken-language interpreter services  
5 for social services appointments as the one established for medical  
6 appointments in the health care authority. When contracting directly  
7 with an individual to deliver spoken language interpreter services,  
8 the department shall only contract with language access providers who  
9 are working at a location in the state and who are state-certified or  
10 state-authorized, except that when such a provider is not available,  
11 the department may use a language access provider who meets other  
12 certifications or standards deemed to meet state standards, including  
13 interpreters in other states.

14 (5) Information technology projects and proposed projects for  
15 time capture, payroll and payment processes, and eligibility and  
16 authorization systems within the department of social and health

22 enrollment, the department shall coordinate with the health care  
23 authority to provide referrals to the Washington health benefit  
24 exchange for clients that will be ineligible for medicaid.

25 (b) To facilitate a single point of entry across public and  
26 medical assistance programs, and to maximize the use of federal  
27 funding, the health care authority, the department of social and  
28 health services, and the health benefit exchange will coordinate  
29 efforts to expand HealthPlanfinder access to public assistance and  
30 medical eligibility staff. No later than October 1, 2015, the  
31 department shall complete medicaid applications in the  
32 HealthPlanfinder for households receiving or applying for public  
33 assistance benefits.

34 (c) The department, in coordination with the health care  
35 authority, shall pursue a federal waiver to use supplemental  
36 nutrition assistance program eligibility, aged, blind, or disabled  
37 program eligibility, or temporary assistance for needy families  
38 eligibility, to enroll eligible persons into medicaid.

6 the juvenile courts.

7 (b) The juvenile rehabilitation administration and the juvenile

26 rehabilitation administration fiscal staff and a juvenile  
27 rehabilitation administration division director. The committee may  
28 make changes to the formula categories other than the evidence-based

30 the changes will increase statewide service delivery or effectiveness  
31 of evidence-based program or disposition alternative resulting in  
32 increased cost benefit savings to the state. Long-term cost benefit  
33 must be considered. Percentage changes may occur in the evidence-  
34 based program or disposition alternative categories of the formula  
35 should it be determined the changes will increase evidence-based

40 or left separate.

2 shall be responsible for collecting and distributing information and  
3 providing access to the data systems to the juvenile rehabilitation  
4 administration and the Washington state institute for public policy  
5 related to program and outcome data. The juvenile rehabilitation  
6 administration and the juvenile courts will work collaboratively to  
7 develop program outcomes that reinforce the greatest cost benefit to  
8 the state in the implementation of evidence-based practices and  
9 disposition alternatives.

10 (8) The juvenile courts and administrative office of the courts  
11 shall collect and distribute information related to program outcome  
12 and provide access to these data systems to the juvenile  
13 rehabilitation administration and Washington state institute for  
14 public policy. The agreements between administrative office of the  
15 courts, the juvenile courts, and the juvenile rehabilitation  
16 administration shall be executed to ensure that the juvenile  
17 rehabilitation administration receives the data that the juvenile  
18 rehabilitation administration identifies as needed to comply with  
19 this subsection. This includes, but is not limited to, information by  
20 program at the statewide aggregate level, individual court level, and  
21 individual client level for the purpose of the juvenile  
22 rehabilitation administration providing quality assurance and  
23 oversight for the locally committed youth block grant and associated  
24 funds and at times as specified by the juvenile rehabilitation  
25 administration as necessary to carry out these functions. The data  
26 shall be provided in a manner that reflects the collaborative work  
27 the juvenile rehabilitation administration and juvenile courts have  
28 developed regarding program outcomes that reinforce the greatest cost  
29 benefit to the state in the implementation of evidence-based

36 year 2016 and \$1,529,000 of the general fund—state appropriation for

32 services providing short-term detention and commitment services under

6 criteria to be classified under federal law as institutions for  
7 mental diseases. If the department is unable to come to a contract  
8 agreement with a designated regional support network for any of the  
9 services identified above, it may consider contracting for that  
10 service in another regional support network that has the need for  
11 such service.

36 are early adopters of fully integrated purchasing of medical and  
37 behavioral health services under RCW 71.24.380(5). The contracts with  
38 the pilot sites must require that fifty percent of the funds come  
39 from within base regional support network funding. The respite

1 services must be provided by individuals qualified to meet the needs  
2 of the person receiving care, as determined by the department. The  
3 respite services may be provided on either a planned or emergent  
4 basis and may be provided in the home of the primary caregiver, the  
5 home of the person receiving care, or in the facility of a licensed  
6 service provider. The department must submit a report on the results

1 (1) During the 2015-2017 fiscal biennium, the health care  
2 authority shall provide support and data as required by the office of  
3 the state actuary in providing the legislature with health care  
4 actuarial analysis, including providing any information in the

21 those moneys shall be spent for services authorized in this act or in

9       The appropriations in this section are subject to the following  
10 conditions and limitations:

11       (a) Sufficient amounts are appropriated in this subsection to  
12 implement the medicaid expansion as defined in the social security  
13 act, section 1902(a)(10)(A)(i)(VIII).

14       (b) The legislature finds that medicaid payment rates, as  
15 calculated by the health care authority pursuant to the  
16 appropriations in this act, bear a reasonable relationship to the  
17 costs incurred by efficiently and economically operated facilities  
18 for providing quality services and will be sufficient to enlist  
19 enough providers so that care and services are available to the  
20 extent that such care and services are available to the general  
21 population in the geographic area. The legislature finds that the  
22 cost reports, payment data from the federal government, historical  
23 utilization, economic data, and clinical input constitute reliable  
24 data upon which to determine the payment rates.

25       (c) Based on quarterly expenditure reports and caseload  
26 forecasts, if the health care authority estimates that expenditures  
27 for the medical assistance program will exceed the appropriations,  
28 the health care authority shall take steps including but not limited  
29 to reduction of rates or elimination of optional services to reduce  
30 expenditures so that total program costs do not exceed the annual  
31 appropriation authority.

32       (d) In determining financial eligibility for medicaid-funded  
33 services, the health care authority is authorized to disregard  
34 recoveries by Holocaust survivors of insurance proceeds or other  
35 assets, as defined in RCW 48.104.030.

36       (e) The legislature affirms that it is in the state's interest  
37 for Harborview medical center to remain an economically viable  
38 component of the state's health care system.

1 (f) When a person is ineligible for medicaid solely by reason of  
2 residence in an institution for mental diseases, the health care  
3 authority shall provide the person with the same benefits as he or  
4 she would receive if eligible for medicaid, using state-only funds to  
5 the extent necessary.

6 (g) \$4,261,000 of the general fund—state appropriation for fiscal  
7 year 2016, \$4,261,000 of the general fund—state appropriation for  
8 fiscal year 2017, and \$8,522,000 of the general fund—federal  
9 appropriation are provided solely for low-income disproportionate  
10 share hospital payments.

11 (h) Within the amounts appropriated in this section, the health  
12 care authority shall provide disproportionate share hospital payments  
13 to hospitals that provide services to children in the children's  
14 health program who are not eligible for services under Title XIX or  
15 XXI of the federal social security act due to their citizenship  
16 status.

17 (i) \$6,000,000 of the general fund—federal appropriation is  
18 provided solely for supplemental payments to nursing homes operated  
19 by public hospital districts. The public hospital district shall be  
20 responsible for providing the required nonfederal match for the  
21 supplemental payment, and the payments shall not exceed the maximum  
22 allowable under federal rules. It is the legislature's intent that  
23 the payments shall be supplemental to and shall not in any way offset  
24 or reduce the payments calculated and provided in accordance with  
25 part E of chapter 74.46 RCW. It is the legislature's further intent  
26 that costs otherwise allowable for rate-setting and settlement  
27 against payments under chapter 74.46 RCW shall not be disallowed  
28 solely because such costs have been paid by revenues retained by the  
29 nursing home from these supplemental payments. The supplemental  
30 payments are subject to retrospective interim and final cost  
31 settlements based on the nursing homes' as-filed and final medicare  
32 cost reports. The timing of the interim and final cost settlements  
33 shall be at the health care authority's discretion. During either the  
34 interim cost settlement or the final cost settlement, the health care  
35 authority shall recoup from the public hospital districts the  
36 supplemental payments that exceed the medicaid cost limit and/or the  
37 medicare upper payment limit. The health care authority shall apply  
38 federal rules for identifying the eligible incurred medicaid costs  
39 and the medicare upper payment limit.

1 (j) The health care authority shall continue the inpatient  
2 hospital certified public expenditures program for the 2015-2017  
3 fiscal biennium. The program shall apply to all public hospitals,  
4 including those owned or operated by the state, except those  
5 classified as critical access hospitals or state psychiatric  
6 institutions. The health care authority shall submit reports to the  
7 governor and legislature by November 1, 2015, and by November 1,  
8 2016, that evaluate whether savings continue to exceed costs for this  
9 program. If the certified public expenditures (CPE) program in its  
10 current form is no longer cost-effective to maintain, the health care  
11 authority shall submit a report to the governor and legislature  
12 detailing cost-effective alternative uses of local, state, and  
13 federal resources as a replacement for this program. During fiscal  
14 year 2016 and fiscal year 2017, hospitals in the program shall be  
15 paid and shall retain one hundred percent of the federal portion of  
16 the allowable hospital cost for each medicaid inpatient fee-for-  
17 service claim payable by medical assistance and one hundred percent  
18 of the federal portion of the maximum disproportionate share hospital  
19 payment allowable under federal regulations. Inpatient medicaid  
20 payments shall be established using an allowable methodology that  
21 approximates the cost of claims submitted by the hospitals. Payments  
22 made to each hospital in the program in each fiscal year of the  
23 biennium shall be compared to a baseline amount. The baseline amount  
24 will be determined by the total of (a) the inpatient claim payment  
25 amounts that would have been paid during the fiscal year had the  
26 hospital not been in the CPE program based on the reimbursement rates  
27 developed, implemented, and consistent with policies approved in the  
28 2015-2017 biennial operating appropriations act and in effect on July  
29 1, 2015, (b) one-half of the indigent assistance disproportionate  
30 share hospital payment amounts paid to and retained by each hospital  
31 during fiscal year 2005, and (c) all of the other disproportionate  
32 share hospital payment amounts paid to and retained by each hospital  
33 during fiscal year 2005 to the extent the same disproportionate share  
34 hospital programs exist in the 2015-2017 fiscal biennium. If payments  
35 during the fiscal year exceed the hospital's baseline amount, no  
36 additional payments will be made to the hospital except the federal  
37 portion of allowable disproportionate share hospital payments for  
38 which the hospital can certify allowable match. If payments during  
39 the fiscal year are less than the baseline amount, the hospital will  
40 be paid a state grant equal to the difference between payments during

1 the fiscal year and the applicable baseline amount. Payment of the  
2 state grant shall be made in the applicable fiscal year and  
3 distributed in monthly payments. The grants will be recalculated and  
4 redistributed as the baseline is updated during the fiscal year. The  
5 grant payments are subject to an interim settlement within eleven  
6 months after the end of the fiscal year. A final settlement shall be  
7 performed. To the extent that either settlement determines that a  
8 hospital has received funds in excess of what it would have received  
9 as described in this subsection, the hospital must repay the excess  
10 amounts to the state when requested. \$16,664,000 of the general fund—  
11 state appropriation for fiscal year 2016 and \$8,170,000 of the

17 federal children's health insurance program reauthorization act of  
18 2009.

19 (l) The health care authority shall target funding for maternity

21 higher rates of poor birth outcomes, including hypertension, a  
22 preterm or low birth weight birth in the most recent previous birth,  
23 a cognitive deficit or developmental disability, substance abuse,  
24 severe mental illness, unhealthy weight or failure to gain weight,  
25 tobacco use, or African American or Native American race. The health  
26 care authority shall prioritize evidence-based practices for delivery  
27 of maternity support services. To the extent practicable, the health  
28 care authority shall develop a mechanism to increase federal funding

30 those services.

31 (m) Within the amounts appropriated in this section, the  
32 authority shall identify strategies to improve patient adherence to  
33 treatment plans for diabetes and implement these strategies as a

35 authority. The authority shall report to the governor and legislature  
36 in December 2015 on patient outcomes and cost savings derived from  
37 new adherence strategies in the health home model and make  
38 recommendations for improving the strategies.

39 (n) Managed care contracts must incorporate accountability  
40 measures that monitor patient health and improved health outcomes,

2 examination that documents the baseline health status and allows for  
3 monitoring of health improvements and outcome measures.

12 department of social and health services to provide referrals to the  
13 Washington health benefit exchange for clients that will be  
14 ineligible for medicaid.

15 (r) To facilitate a single point of entry across public and  
16 medical assistance programs, and to maximize the use of federal  
17 funding, the health care authority, the department of social and  
18 health services, and the health benefit exchange will coordinate  
19 efforts to expand HealthPlanfinder access to public assistance and  
20 medical eligibility staff. No later than October 1, 2015, the health

12 (b) \$436,000 of the general fund—state appropriation for fiscal  
13 year 2016 and \$436,000 of the general fund—state appropriation for  
14 fiscal year 2017 are provided solely for programs providing skills  
15 training for secondary students who are enrolled in extended day  
16 school-to-work programs, as approved by the superintendent of public  
17 instruction. The funds shall be allocated at a rate not to exceed

26 provided to districts and the nature of the emergency.

27 (17) Funding in this section is sufficient to fund a maximum of

39 the high school and higher education institution. Additionally, the

1 office of the superintendent of public instruction, in consultation  
2 with the state board for community and technical colleges, the  
3 student achievement council, and the education data center, shall

12 basic education formula staff units shall not be less than the number  
13 of basic education formula staff units received by the districts in  
14 the school year prior to the consolidation; and

15 (b) For the fourth through eighth school years following  
16 consolidation, the difference between the basic education formula  
17 staff units received by the districts for the school year prior to  
18 consolidation and the basic education formula staff units after  
19 consolidation pursuant to subsection (12) of this section shall be

25 Middle and secondary career and technical education programs are  
26 considered separate programs for funding and financial reporting  
27 purposes under this section.

28 (b) Career and technical education program full-time equivalent  
29 enrollment shall be reported on the same monthly basis as the

37 community building and may transfer funds to the state general fund  
38 such amounts as reflect the excess fund balance of the account.

1 (2) The authority shall allocate moneys appropriated from the  
2 account to public agencies for the purpose of establishing,  
3 maintaining, and supporting programs that are designed to prevent  
4 motor vehicle theft, including:

5 (a) Financial support to prosecution agencies to increase the  
6 effectiveness of motor vehicle theft prosecution;

15 (3) The costs of administration shall not exceed ten percent of  
16 the moneys in the account in any one year so that the greatest  
17 possible portion of the moneys available to the authority is expended  
18 on combating motor vehicle theft.

19 (4) Prior to awarding any moneys from the Washington auto theft  
20 prevention authority account for motor vehicle theft enforcement, the  
21 auto theft prevention authority must verify that the financial award  
22 includes sufficient funding to cover proposed activities, which  
23 include, but are not limited to: (a) State, municipal, and county  
24 offender and juvenile confinement costs; (b) administration costs;  
25 (c) law enforcement costs; (d) prosecutor costs; and (e) court costs,

4 authority of law shall be deposited each day in a depository approved  
5 by the state treasurer and transferred to the state treasurer to be

7 biennium, the legislature may transfer funds from the liquor  
8 revolving account [fund] to the state general fund and may direct an

14 fiscal biennium, the state treasurer shall transfer from the liquor  
15 revolving fund to the state general fund forty-two million five

17 five hundred thousand dollars for fiscal year 2013. The transfer  
18 during the 2011-2013 fiscal biennium may not reduce the excess fund  
19 distributions that otherwise would occur under RCW 66.08.190. Sales  
20 to licensees are exempt from any liquor price increases that may  
21 result from the transfer of funds from the liquor revolving fund to  
22 the state general fund during the 2011-2013 fiscal biennium.  
23 Disbursements from the revolving fund shall be on authorization of  
24 the board or a duly authorized representative thereof. In order to  
25 maintain an effective expenditure and revenue control the liquor  
26 revolving fund shall be subject in all respects to chapter 43.88 RCW  
27 but no appropriation shall be required to permit expenditures and  
28 payment of obligations from such fund. During the 2013-2015 and  
29 2015-2017 fiscal biennia, the legislature may transfer from the  
30 liquor revolving fund to the state general fund such amounts as  
31 reflect the excess fund balance of the account.

38 this time, all rights to the prize shall be extinguished, and the  
39 prize shall be retained in the state lottery fund for further use as

1 prizes, except that one-third of all unclaimed prize money shall be  
2 deposited in the economic development strategic reserve account  
3 created in RCW 43.330.250.

**PART XII**  
**HUMAN SERVICES**

**Sec. 1201.** 2014 c 221 s 201 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under the Washington medicaid integration partnership (WMIP) and the medicare integrated care project (MICP), the health care authority and the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 213 of this act as may be necessary

1 to finance a unified health care plan for the WMIP and the MICP  
2 program enrollment. The WMIP pilot projects shall not exceed a daily  
3 enrollment of 6,000 persons, nor expand beyond one county during the  
4 2013-2015 fiscal biennium. The amount of funding assigned from each  
5 program may not exceed the average per capita cost assumed in this  
6 act for individuals covered by that program, actuarially adjusted for  
7 the health condition of persons enrolled, times the number of clients  
8 enrolled. In implementing the WMIP and the MICP, the health care  
9 authority and the department may: (i) Withhold from calculations of  
10 "available resources" as set forth in RCW 71.24.025 a sum equal to  
11 the capitated rate for enrolled individuals; and (ii) employ  
12 capitation financing and risk-sharing arrangements in collaboration  
13 with health care service contractors licensed by the office of the  
14 insurance commissioner and qualified to participate in both the  
15 medicaid and medicare programs.

16 (b) If Washington has been selected to participate in phase two  
17 of the federal demonstration project for persons dually-eligible for  
18 both medicare and medicaid, the department and the authority may  
19 initiate the MICP. Participation in the project shall be limited to  
20 persons who are eligible for both medicare and medicaid and to  
21 counties in which the county legislative authority has agreed to the  
22 terms and conditions under which it will operate. The purpose of the  
23 project shall be to demonstrate and evaluate ways to improve care  
24 while reducing state expenditures for persons enrolled both in  
25 medicare and medicaid. To that end, prior to initiating the project,  
26 the department and the authority shall assure that state expenditures  
27 shall be no greater on either a per person or total basis than the  
28 state would otherwise incur. Individuals who are solely eligible for  
29 medicaid may also participate if their participation is agreed to by  
30 the health care authority, the department, and the county legislative  
31 authority.

32 (4) The legislature finds that medicaid payment rates, as  
33 calculated by the department pursuant to the appropriations in this  
34 act, bear a reasonable relationship to the costs incurred by  
35 efficiently and economically operated facilities for providing  
36 quality services and will be sufficient to enlist enough providers so  
37 that care and services are available to the extent that such care and  
38 services are available to the general population in the geographic  
39 area. The legislature finds that cost reports, payment data from the  
40 federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the  
2 payment rates.

3 (5) The department shall to the maximum extent practicable use  
4 the same system for delivery of spoken-language interpreter services  
5 for social services appointments as the one established for medical  
6 appointments in section 213 of this act. When contracting directly  
7 with an individual to deliver spoken language interpreter services,  
8 the department shall only contract with language access providers who  
9 are working at a location in the state and who are state-certified or  
10 state-authorized, except that when such a provider is not available,  
11 the department may use a language access provider who meets other  
12 certifications or standards deemed to meet state standards, including  
13 interpreters in other states.

14 (6) The department shall facilitate enrollment under the medicaid  
15 expansion for clients applying for or receiving state funded services  
16 from the department and its contractors. Prior to open enrollment,  
17 the department shall coordinate with the health care authority to  
18 provide referrals to the Washington health benefit exchange for  
19 clients that will be ineligible for the medicaid expansion but are  
20 enrolled in coverage that will be eliminated in the transition to the  
21 medicaid expansion.

22 (7)(a) The appropriations to the department of social and health  
23 services in this act shall be expended for the programs and in the  
24 amounts specified in this act. However, after May 1, ((2014)) 2015,  
25 unless specifically prohibited by this act, the department may  
26 transfer general fund—state appropriations for fiscal year ((2014))  
27 2015 among programs after approval by the director of financial  
28 management. However, the department shall not transfer state moneys  
29 that are provided solely for a specified purpose except as expressly  
30 provided in (b) of this subsection.

31 (b) To the extent that transfers under (a) of this subsection are  
32 insufficient to fund actual expenditures in excess of fiscal year  
33 ((2014)) 2015 caseload forecasts and utilization assumptions in the  
34 long-term care, foster care, adoptions support, medicaid personal  
35 care, and child support programs, the department may transfer state  
36 moneys that are provided solely for a specified purpose. The  
37 department shall not transfer funds, and the director of financial  
38 management shall not approve the transfer, unless the transfer is  
39 consistent with the objective of conserving, to the maximum extent  
40 possible, the expenditure of state funds. The director of financial

1 management shall notify the appropriate fiscal committees of the  
2 senate and house of representatives in writing seven days prior to  
3 approving any allotment modifications or transfers under this  
4 subsection. The written notification shall include a narrative  
5 explanation and justification of the changes, along with expenditures  
6 and allotments by budget unit and appropriation, both before and  
7 after any allotment modifications or transfers.

19 (i) Thirty-seven and one-half percent for the at-risk population of  
20 youth ten to seventeen years old; (ii) fifteen percent for moderate

12 two representatives of the juvenile rehabilitation administration  
13 regional office staff, one representative of the juvenile  
14 rehabilitation administration fiscal staff and a juvenile  
15 rehabilitation administration division director. The committee may  
16 make changes to the formula categories other than the evidence-based  
17 program and disposition alternative categories if it is determined  
18 the changes will increase statewide service delivery or effectiveness  
19 of evidence-based program or disposition alternative resulting in  
20 increased cost benefit savings to the state. Long-term cost benefit  
21 must be considered. Percentage changes may occur in the evidence-  
22 based program or disposition alternative categories of the formula  
23 should it be determined the changes will increase evidence-based  
24 program or disposition alternative delivery and increase the cost  
25 benefit to the state. These outcomes will also be considered in  
26 determining when evidence-based expansion or special sex offender  
27 disposition alternative funds should be included in the block grant  
28 or left separate.

29 (c) The juvenile courts and administrative office of the courts  
30 shall be responsible for collecting and distributing information and  
31 providing access to the data systems to the juvenile rehabilitation  
32 administration and the Washington state institute for public policy  
33 related to program and outcome data. The juvenile rehabilitation  
34 administration and the juvenile courts will work collaboratively to  
35 develop program outcomes that reinforce the greatest cost benefit to  
36 the state in the implementation of evidence-based practices and  
37 disposition alternatives.

38 (8) The juvenile courts and administrative office of the courts  
39 shall collect and distribute information related to program outcome

3 courts, the juvenile courts, and the juvenile rehabilitation  
4 administration shall be executed to ensure that the juvenile  
5 rehabilitation administration receives the data that the juvenile  
6 rehabilitation administration identifies as needed to comply with  
7 this subsection. This includes, but is not limited to, information by  
8 program at the statewide aggregate level, individual court level, and  
9 individual client level for the purpose of the juvenile  
10 rehabilitation administration providing quality assurance and  
11 oversight for the locally committed youth block grant and associated  
12 funds and at times as specified by the juvenile rehabilitation  
13 administration as necessary to carry out these functions. The data  
14 shall be provided in a manner that reflects the collaborative work  
15 the juvenile rehabilitation administration and juvenile courts have  
16 developed regarding program outcomes that reinforce the greatest cost  
17 benefit to the state in the implementation of evidence-based  
18 practices and disposition alternatives.

19 (9) \$445,000 of the general fund—state appropriation for fiscal  
20 year 2014 and \$445,000 of the general fund—state appropriation for

28 year 2014 and \$250,000 of the general fund—state appropriation for  
29 fiscal year 2015 are provided solely for a grant program focused on  
30 criminal street gang prevention and intervention. The Washington  
31 state partnership council on juvenile justice may award grants under  
32 this subsection. The council shall give priority to applicants who  
33 have demonstrated the greatest problems with criminal street gangs.  
34 Applicants composed of, at a minimum, one or more local governmental  
35 entities and one or more nonprofit, nongovernmental organizations  
36 that have a documented history of creating and administering  
37 effective criminal street gang prevention and intervention programs  
38 may apply for funding under this subsection.

1 (12) \$400,000 of the general fund—state appropriation for fiscal  
 2 year 2015 is provided solely for competitive grants to community-  
 3 based organizations to provide at-risk youth intervention services,

 6 Projects funded should focus on preventing, intervening, and  
 7 suppressing behavioral problems and violence while linking at-risk  
 8 youth to pro-social activities. The costs of administration may not  
 9 exceed four percent of appropriated funding for each grant recipient.  
 10 Each entity receiving funds must report to the juvenile

 12 served, the services provided, and the impact of those services upon  
 13 the youth and the community.

12 funds if provided to medicaid enrollees in the 2011-2013 fiscal  
13 biennium.

14 (ii) The remaining \$10,223,000 reduction in fiscal year 2015 must  
15 be distributed among regional support networks based on each regional  
16 support network's proportion of individuals who become newly eligible  
17 and enroll in medicaid under the expansion provisions of the  
18 affordable care act through fiscal year 2015.

19 (b) \$6,590,000 of the general fund—state appropriation for fiscal  
20 year 2014, \$6,590,000 of the general fund—state appropriation for  
21 fiscal year 2015, and \$7,620,000 of the general fund—federal  
22 appropriation are provided solely for the department and regional  
23 support networks to continue to contract for implementation of high-  
24 intensity programs for assertive community treatment (PACT) teams. In  
25 determining the proportion of medicaid and nonmedicaid funding  
26 provided to regional support networks with PACT teams, the department  
27 shall consider the differences between regional support networks in  
28 the percentages of services and other costs associated with the teams  
29 that are not reimbursable under medicaid. The department may allow  
30 regional support networks which have nonmedicaid reimbursable costs  
31 that are higher than the nonmedicaid allocation they receive under  
32 this section to supplement these funds with local dollars or funds  
33 received under section 204(1)(a) of this act. The department and  
34 regional support networks shall maintain consistency with all  
35 essential elements of the PACT evidence-based practice model in  
36 programs funded under this section.

37 (c) \$5,850,000 of the general fund—state appropriation for fiscal  
38 year 2014, \$5,850,000 of the general fund—state appropriation for  
39 fiscal year 2015, and \$1,300,000 of the general fund—federal

1 appropriation are provided solely for the western Washington regional  
2 support networks to provide either community- or hospital campus-  
3 based services for persons who require the level of care previously  
4 provided by the program for adaptive living skills (PALS) at western  
5 state hospital.

6 (d) The number of nonforensic beds allocated for use by regional  
7 support networks at eastern state hospital shall be 192 per day. The  
8 number of nonforensic beds allocated for use by regional support  
9 networks at western state hospital shall be 557 per day.

10 (e) From the general fund—state appropriations in this  
11 subsection, the secretary of social and health services shall assure  
12 that regional support networks reimburse the aging and disability  
13 services administration for the general fund—state cost of medicaid  
14 personal care services that enrolled regional support network  
15 consumers use because of their psychiatric disability.

16 (f) The department is authorized to continue to contract  
17 directly, rather than through contracts with regional support  
18 networks, for children's long-term inpatient facility services.

19 (g) \$750,000 of the general fund—state appropriation for fiscal  
20 year 2014 and \$750,000 of the general fund—state appropriation for  
21 fiscal year 2015 are provided solely to continue performance-based  
22 incentive contracts to provide appropriate community support services  
23 for individuals with severe mental illness who were discharged from  
24 the state hospitals as part of the expanding community services  
25 initiative. These funds will be used to enhance community residential  
26 and support services provided by regional support networks through  
27 other state and federal funding.

28 (h) \$1,125,000 of the general fund—state appropriation for fiscal  
29 year 2014 and \$1,125,000 of the general fund—state appropriation for  
30 fiscal year 2015 are provided solely for the Spokane regional support  
31 network to implement services to reduce utilization and the census at  
32 eastern state hospital. Such services shall include:

33 (i) High intensity treatment team for persons who are high  
34 utilizers of psychiatric inpatient services, including those with co-  
35 occurring disorders and other special needs;

36 (ii) Crisis outreach and diversion services to stabilize in the  
37 community individuals in crisis who are at risk of requiring  
38 inpatient care or jail services;

1 (iii) Mental health services provided in nursing facilities to  
2 individuals with dementia, and consultation to facility staff  
3 treating those individuals; and

4 (iv) Services at the sixteen-bed evaluation and treatment  
5 facility.

6 At least annually, the Spokane regional support network shall  
7 assess the effectiveness of these services in reducing utilization at  
8 eastern state hospital, identify services that are not optimally  
9 effective, and modify those services to improve their effectiveness.

10 (i) \$1,529,000 of the general fund—state appropriation for fiscal  
11 year 2014 and \$1,529,000 of the general fund—state appropriation for  
12 fiscal year 2015 are provided solely to reimburse Pierce and Spokane  
13 counties for the cost of conducting 180-day commitment hearings at  
14 the state psychiatric hospitals.

15 (j) Regional support networks may use local funds to earn  
16 additional federal medicaid match, provided the locally matched rate  
17 does not exceed the upper-bound of their federally allowable rate  
18 range, and provided that the enhanced funding is used only to provide  
19 medicaid state plan or waiver services to medicaid clients.  
20 Additionally, regional support networks may use a portion of the  
21 state funds allocated in accordance with (a) of this subsection to  
22 earn additional medicaid match, but only to the extent that the  
23 application of such funds to medicaid services does not diminish the  
24 level of crisis and commitment, community inpatient, residential  
25 care, and outpatient services presently available to persons not  
26 eligible for medicaid.

27 (k) \$3,436,000 of the general fund—state appropriation for fiscal  
28 year 2014 and \$2,291,000 of the general fund—state appropriation for  
29 fiscal year 2015 are provided solely for mental health services for  
30 mentally ill offenders while confined in a county or city jail and  
31 for facilitating access to programs that offer mental health services  
32 upon release from confinement.

33 (l) \$523,000 of the general fund—state appropriation for fiscal  
34 year 2014, \$775,000 of the general fund—state appropriation for  
35 fiscal year 2015, and \$854,000 of the general fund—federal  
36 appropriation are provided solely for implementation of sections 3  
37 through 5 of chapter 289, Laws of 2013 (E2SHB 1114). Regional support  
38 networks must use this funding for the development of intensive  
39 community programs that allow individuals to be diverted or

1 transitioned from the state hospitals in accordance with plans  
2 approved by the department.

3 (m) \$5,986,000 of the general fund—state appropriation for fiscal  
4 year 2014, \$11,592,000 of the general fund—state appropriation for  
5 fiscal year 2015, and \$10,160,000 of the general fund—federal  
6 appropriation are provided solely for implementation of chapter 335,  
7 Laws of 2013 (ESSB 5480). Regional support networks must use this  
8 funding for the development of intensive community programs that  
9 allow individuals to be diverted or transitioned from the state  
10 hospitals in accordance with plans approved by the department.

11 (n) Due to recent approval of federal medicaid matching funds for  
12 the disability lifeline and the alcohol and drug abuse treatment  
13 support act programs, the department shall charge regional support  
14 networks for only the state share rather than the total cost of  
15 community psychiatric hospitalization for persons enrolled in those  
16 programs.

17 (o) The legislature finds that the circumstances of the Chelan-  
18 Douglas regional support network (CD-RSN) make it necessary for CD-  
19 RSN to undergo restructuring in order to provide mental health  
20 services essential to the health and wellness of the citizens within  
21 its service area. The legislature intends to provide additional  
22 temporary financial relief to the CD-RSN while it undergoes internal  
23 restructuring or negotiates a merger with another regional support  
24 network.

25 The department shall negotiate relief for outstanding fiscal year  
26 2013 reimbursements owed by CD-RSN to the state provided that the CD-  
27 RSN has a plan in place that is approved by the department by August  
28 1, 2013, that demonstrates how CD-RSN will maintain financial  
29 viability and stability or will merge with another regional support  
30 network.

31 For the period of July 1, 2013, through December 31, 2013, the  
32 department may alter collection of reimbursement from CD-RSN for  
33 overuse of state hospital beds. To receive a reduction to the  
34 required reimbursement for overuse of state hospital beds, CD-RSN  
35 must continue to prioritize services that reduce its utilization and  
36 census at eastern state hospital and be actively implementing an  
37 approved plan to maintain financial viability or pursuing a future  
38 merger with another regional support network. Up to \$298,000 of the  
39 general fund—state appropriation for fiscal year 2014 is for the

1 department to provide payments to regional support networks in  
2 eastern Washington which have used less than their allocated or  
3 contracted patient days of care at the state hospital to replace the  
4 share of the reimbursements from CD-RSN that the regional support  
5 networks would have received under RCW 71.24.320.

6 (p) \$266,000 of the general fund—state appropriation for fiscal  
7 year 2014 and \$1,500,000 of the general fund—state appropriation for  
8 fiscal year 2015 are provided solely to maintain services for the  
9 King county regional support network as it works to transition  
10 services to settings that are eligible for federal participation for  
11 individuals covered under the medicaid program.

12 (q) Within the amounts appropriated in this section, funding is  
13 provided for the department to develop and phase in intensive mental  
14 health services for high needs youth consistent with the settlement  
15 agreement in *T.R. v. Dreyfus and Porter*.

16 (r) \$7,281,000 of the general fund—state appropriation for fiscal  
17 year 2015 and \$4,589,000 of the general fund—federal appropriation  
18 are provided solely for enhancement of community mental health  
19 services. The department must contract these funds for the operation  
20 of community programs in which the department determines there is a  
21 need for capacity that allows individuals to be diverted or  
22 transitioned from the state hospitals including but not limited to:  
23 (i) Community hospital or free standing evaluation and treatment  
24 services providing short-term detention and commitment services under  
25 the involuntary treatment act to be located in the geographic areas  
26 of the King regional support network, the Spokane regional support  
27 network outside of Spokane county, and the Thurston Mason regional  
28 support network; (ii) one new full program of an assertive community  
29 treatment team in the King regional support network and two new half  
30 programs of assertive community treatment teams in the Spokane  
31 regional support network and the Pierce regional support network; and  
32 (iii) three new recovery support services programs in the Grays  
33 Harbor regional support network, the greater Columbia regional  
34 support network, and the north sound regional support network. In  
35 contracting for community evaluation and treatment services, the  
36 department may not use these resources in facilities that meet the  
37 criteria to be classified under federal law as institutions for  
38 mental diseases. If the department is unable to come to a contract  
39 agreement with a designated regional support network for any of the

1 services identified above, it may consider contracting for that  
2 service in another regional support network that has the need for  
3 such service.

2 necessary mental health benefits to persons of different acuity  
3 levels regardless of where in the state they live. The department  
4 must report to the office of financial management and to the relevant  
5 fiscal and policy committees of the legislature on its proposed new

26 health first aid training targeted at teachers and educational staff  
27 in accordance with the training model developed by the department of  
28 psychology in Melbourne, Australia.

29 (h) Within the amounts appropriated in this section, funding is  
30 provided for the department to continue to develop the child  
31 adolescent needs and strengths assessment tool and build workforce

10 contracts in accordance with Second Substitute Senate Bill No. 6312

12 of integrated rates for mental health and chemical dependency  
13 services that can be used for contracts with behavioral health and  
14 recovery organizations effective April 1, 2016, and for integrated  
15 physical health and behavioral health contracts with early adopters.  
16 The department shall collaborate with the health care authority, the  
17 office of the state actuary, and legislative staff on the  
18 establishment of these rates. Contracts for these actuarial services  
19 must require the contractors to provide information in response to

2 fiscal year 2015 within funds provided, the department shall provide  
3 an additional add-on per medicaid resident day per facility not to

35       The appropriations in this section are subject to the following  
36 conditions and limitations:

- 37       (1) ((~~\$1,900,484,000 of the general fund—federal appropriation is~~  
38 ~~provided solely~~)) Sufficient amounts are appropriated in this section

1 to implement the medicaid expansion as defined in the social security  
2 act, section 1902(a)(10)(A)(i)(VIII), subject to the conditions and  
3 limitations in this subsection. If the federal medical assistance  
4 percentage for the medicaid expansion falls below the percentages in  
5 section 1905(y) of the social security act as of July 1, 2013, the  
6 authority shall ensure that the state does not incur any additional  
7 state costs above what would have been incurred had the federal  
8 medical assistance percentages remained at the percentages in section  
9 1905(y) as of July 1, 2013. The director is authorized to make any  
10 necessary program adjustments to comply with this requirement,  
11 including adding or adjusting premiums, modifying benefits, or  
12 reducing optional programs. To the extent a waiver is needed to  
13 accomplish this, the director shall promptly apply for such waiver.  
14 If a necessary waiver is not approved, the medicaid expansion program  
15 shall be terminated upon appropriate notification to the legislature  
16 and enrollees.

17 (2) The requirements of this subsection apply to the basic health  
18 plan. This subsection is null and void and has no further effect upon  
19 implementation of the medicaid expansion under subsection (1) of this  
20 section.

21 (a) Within amounts appropriated in this section and sections 205  
22 and 206 of this act, the health care authority shall continue to  
23 provide an enhanced basic health plan subsidy for foster parents  
24 licensed under chapter 74.15 RCW and workers in state-funded home  
25 care programs. Under this enhanced subsidy option, foster parents  
26 eligible to participate in the basic health plan as subsidized  
27 enrollees and home care workers with family incomes below 200 percent  
28 of the federal poverty level shall be allowed to enroll in the basic  
29 health plan at the minimum premium amount charged to enrollees with  
30 incomes below sixty-five percent of the federal poverty level.

31 (b) The health care authority shall require organizations and  
32 individuals that are paid to deliver basic health plan services and  
33 that choose to sponsor enrollment in the subsidized basic health plan  
34 to pay 133 percent of the premium amount which would otherwise be due  
35 from the sponsored enrollees.

36 (c) The administrator shall take at least the following actions  
37 to assure that persons participating in the basic health plan are  
38 eligible for the level of assistance they receive: (a) Require  
39 submission of (i) income tax returns, and recent pay history, from  
40 all applicants, or (ii) other verifiable evidence of earned and

1 unearned income from those persons not required to file income tax  
2 returns; (b) check employment security payroll records at least once  
3 every twelve months on all enrollees; (c) require enrollees whose  
4 income as indicated by payroll records exceeds that upon which their  
5 subsidy is based to document their current income as a condition of  
6 continued eligibility; (d) require enrollees for whom employment  
7 security payroll records cannot be obtained to document their current  
8 income at least once every six months; (e) not reduce gross family  
9 income for self-employed persons by noncash-flow expenses such as,  
10 but not limited to, depreciation, amortization, and home office  
11 deductions, as defined by the United States internal revenue service;  
12 and (f) pursue repayment and civil penalties from persons who have  
13 received excessive subsidies, as provided in RCW 70.47.060(9).

14 (d) Enrollment in the subsidized basic health plan shall be  
15 limited to only include persons who qualify as subsidized enrollees  
16 as defined in RCW 70.47.020 and who (a) qualify for services under  
17 1115 medicaid demonstration project number 11-W-00254/10; or (b) are  
18 foster parents licensed under chapter 74.15 RCW.

19 (3) The legislature finds that medicaid payment rates, as  
20 calculated by the health care authority pursuant to the  
21 appropriations in this act, bear a reasonable relationship to the  
22 costs incurred by efficiently and economically operated facilities  
23 for providing quality services and will be sufficient to enlist  
24 enough providers so that care and services are available to the  
25 extent that such care and services are available to the general  
26 population in the geographic area. The legislature finds that the  
27 cost reports, payment data from the federal government, historical  
28 utilization, economic data, and clinical input constitute reliable  
29 data upon which to determine the payment rates.

30 (4) Based on quarterly expenditure reports and caseload  
31 forecasts, if the health care authority estimates that expenditures  
32 for the medical assistance program will exceed the appropriations,  
33 the health care authority shall take steps including but not limited  
34 to reduction of rates or elimination of optional services to reduce  
35 expenditures so that total program costs do not exceed the annual  
36 appropriation authority.

37 (5) In determining financial eligibility for medicaid-funded  
38 services, the health care authority is authorized to disregard  
39 recoveries by Holocaust survivors of insurance proceeds or other  
40 assets, as defined in RCW 48.104.030.

1 (6) The legislature affirms that it is in the state's interest  
2 for Harborview medical center to remain an economically viable  
3 component of the state's health care system.

4 (7) When a person is ineligible for medicaid solely by reason of  
5 residence in an institution for mental diseases, the health care  
6 authority shall provide the person with the same benefits as he or  
7 she would receive if eligible for medicaid, using state-only funds to  
8 the extent necessary.

9 (8) \$4,261,000 of the general fund—state appropriation for fiscal  
10 year 2014, \$4,261,000 of the general fund—state appropriation for  
11 fiscal year 2015, and \$8,522,000 of the general fund—federal  
12 appropriation are provided solely for low-income disproportionate  
13 share hospital payments.

14 (9) \$400,000 of the general fund—state appropriation for fiscal  
15 year 2014, \$200,000 of the general fund—state appropriation for  
16 fiscal year 2015, and \$600,000 of the general fund—federal  
17 appropriation are provided solely for disproportionate share hospital  
18 payments to rural hospitals certified by the centers for medicare and  
19 medicaid services as sole community hospitals as of January 1, 2013,  
20 with less than one hundred fifty acute care licensed beds in fiscal  
21 year 2011 that do not participate in the certified public  
22 expenditures program. The authority shall discontinue these payments  
23 on January 1, 2015.

24 (10) \$100,000 of the general fund—state appropriation for fiscal  
25 year 2014 and \$50,000 of the general fund—state appropriation for  
26 fiscal year 2015 are provided solely for grants to rural hospitals in  
27 Clallam county that were certified by the centers for medicare and  
28 medicaid services as sole community hospitals as of January 1, 2013,  
29 with less than one hundred fifty acute care licensed beds in fiscal  
30 year 2011. The authority shall discontinue these payments on January  
31 1, 2015.

32 (11) \$100,000 of the general fund—state appropriation for fiscal  
33 year 2015 and \$100,000 of the general fund—federal appropriation are  
34 provided solely for disproportionate share hospital payments  
35 beginning on January 1, 2015, to rural hospitals in Lewis county that  
36 were certified by the centers for medicare and medicaid services as  
37 sole community hospitals as of January 1, 2013, with less than one  
38 hundred fifty acute care licensed beds in fiscal year 2011. The  
39 authority shall discontinue these payments after June 30, 2015.

1 (12) \$150,000 of the general fund—state appropriation for fiscal  
2 year 2015 is provided solely for grants to rural public hospitals in  
3 Grant county that were certified by the centers for medicare and  
4 medicaid services as sole community hospitals as of January 1, 2013,  
5 with less than one hundred fifty acute care licensed beds in fiscal  
6 year 2011. The authority shall discontinue these payments after June  
7 30, 2015.

8 (13) Within the amounts appropriated in this section, the health  
9 care authority shall provide disproportionate share hospital payments  
10 to hospitals that provide services to children in the children's  
11 health program who are not eligible for services under Title XIX or  
12 XXI of the federal social security act due to their citizenship  
13 status.

14 (14) \$6,000,000 of the general fund—federal appropriation is  
15 provided solely for supplemental payments to nursing homes operated  
16 by public hospital districts. The public hospital district shall be  
17 responsible for providing the required nonfederal match for the  
18 supplemental payment, and the payments shall not exceed the maximum  
19 allowable under federal rules. It is the legislature's intent that  
20 the payments shall be supplemental to and shall not in any way offset  
21 or reduce the payments calculated and provided in accordance with  
22 part E of chapter 74.46 RCW. It is the legislature's further intent  
23 that costs otherwise allowable for rate-setting and settlement  
24 against payments under chapter 74.46 RCW shall not be disallowed  
25 solely because such costs have been paid by revenues retained by the  
26 nursing home from these supplemental payments. The supplemental  
27 payments are subject to retrospective interim and final cost  
28 settlements based on the nursing homes' as-filed and final medicare  
29 cost reports. The timing of the interim and final cost settlements  
30 shall be at the health care authority's discretion. During either the  
31 interim cost settlement or the final cost settlement, the health care  
32 authority shall recoup from the public hospital districts the  
33 supplemental payments that exceed the medicaid cost limit and/or the  
34 medicare upper payment limit. The health care authority shall apply  
35 federal rules for identifying the eligible incurred medicaid costs  
36 and the medicare upper payment limit.

37 (15) The health care authority shall continue the inpatient  
38 hospital certified public expenditures program for the 2013-2015  
39 fiscal biennium. The program shall apply to all public hospitals,  
40 including those owned or operated by the state, except those

1 classified as critical access hospitals or state psychiatric  
2 institutions. The health care authority shall submit reports to the  
3 governor and legislature by November 1, 2013, and by November 1,  
4 2014, that evaluate whether savings continue to exceed costs for this  
5 program. If the certified public expenditures (CPE) program in its  
6 current form is no longer cost-effective to maintain, the health care  
7 authority shall submit a report to the governor and legislature  
8 detailing cost-effective alternative uses of local, state, and  
9 federal resources as a replacement for this program. During fiscal  
10 year 2014 and fiscal year 2015, hospitals in the program shall be  
11 paid and shall retain one hundred percent of the federal portion of  
12 the allowable hospital cost for each medicaid inpatient fee-for-  
13 service claim payable by medical assistance and one hundred percent  
14 of the federal portion of the maximum disproportionate share hospital  
15 payment allowable under federal regulations. Inpatient medicaid  
16 payments shall be established using an allowable methodology that  
17 approximates the cost of claims submitted by the hospitals. Payments  
18 made to each hospital in the program in each fiscal year of the  
19 biennium shall be compared to a baseline amount. The baseline amount  
20 will be determined by the total of (a) the inpatient claim payment  
21 amounts that would have been paid during the fiscal year had the  
22 hospital not been in the CPE program based on the reimbursement rates  
23 developed, implemented, and consistent with policies approved in the  
24 2013-2015 biennial operating appropriations act and in effect on July  
25 1, 2013, (b) one-half of the indigent assistance disproportionate  
26 share hospital payment amounts paid to and retained by each hospital  
27 during fiscal year 2005, and (c) all of the other disproportionate  
28 share hospital payment amounts paid to and retained by each hospital  
29 during fiscal year 2005 to the extent the same disproportionate share  
30 hospital programs exist in the 2013-2015 fiscal biennium. If payments  
31 during the fiscal year exceed the hospital's baseline amount, no  
32 additional payments will be made to the hospital except the federal  
33 portion of allowable disproportionate share hospital payments for  
34 which the hospital can certify allowable match. If payments during  
35 the fiscal year are less than the baseline amount, the hospital will  
36 be paid a state grant equal to the difference between payments during  
37 the fiscal year and the applicable baseline amount. Payment of the  
38 state grant shall be made in the applicable fiscal year and  
39 distributed in monthly payments. The grants will be recalculated and  
40 redistributed as the baseline is updated during the fiscal year. The

1 grant payments are subject to an interim settlement within eleven  
2 months after the end of the fiscal year. A final settlement shall be  
3 performed. To the extent that either settlement determines that a  
4 hospital has received funds in excess of what it would have received  
5 as described in this subsection, the hospital must repay the excess  
6 amounts to the state when requested. \$11,928,000 of the general fund—  
7 state appropriation for fiscal year 2014 and (~~(\$14,821,000)~~)  
8 \$21,666,000 of the general fund—state appropriation for fiscal year  
9 2015 are provided solely for state grants for the participating  
10 hospitals.

11 (16) The health care authority shall seek public-private  
12 partnerships and federal funds that are or may become available to  
13 provide on-going support for outreach and education efforts under the  
14 federal children's health insurance program reauthorization act of  
15 2009.

16 (17) The health care authority shall target funding for maternity  
17 support services towards pregnant women with factors that lead to  
18 higher rates of poor birth outcomes, including hypertension, a  
19 preterm or low birth weight birth in the most recent previous birth,  
20 a cognitive deficit or developmental disability, substance abuse,  
21 severe mental illness, unhealthy weight or failure to gain weight,  
22 tobacco use, or African American or Native American race. The health  
23 care authority shall prioritize evidence-based practices for delivery  
24 of maternity support services. To the extent practicable, the health  
25 care authority shall develop a mechanism to increase federal funding  
26 for maternity support services by leveraging local public funding for  
27 those services.

28 (18) \$170,000 of the general fund—state appropriation for fiscal  
29 year 2014, \$121,000 of the general fund—state appropriation for  
30 fiscal year 2015, and \$292,000 of the general fund—federal  
31 appropriation are provided solely to implement Engrossed Substitute  
32 House Bill No. 1519 (service coordination organizations) and Second  
33 Substitute Senate Bill No. 5732 (behavioral health services). If  
34 neither of the bills is enacted by June 30, 2013, the amounts  
35 provided in this subsection shall lapse.

36 (19) \$57,000 of the general fund—state appropriation for fiscal  
37 year 2014, \$40,000 of the general fund—state appropriation for fiscal  
38 year 2015, and \$55,000 of the general fund—federal appropriation are  
39 provided solely to develop a report on state efforts to prevent and

1 control diabetes. The authority, the department of social and health  
2 services, and the department of health shall submit a coordinated  
3 report to the governor and the appropriate committees of the  
4 legislature by December 31, 2014, on the following:

6 and undiagnosed gestational diabetes are having on the programs  
7 administered by each agency and individuals, including children with  
8 mothers with undiagnosed gestational diabetes, enrolled in those  
9 programs. Items in this assessment must include: (i) The number of  
10 lives with diabetes and undiagnosed gestational diabetes impacted or  
11 covered by the programs administered by each agency; (ii) the number  
12 of lives with diabetes, or at risk for diabetes, and family members  
13 impacted by prevention and diabetes control programs implemented by  
14 each agency; (iii) the financial toll or impact diabetes and its  
15 complications, and undiagnosed gestational diabetes and the  
16 complications experienced during labor to children of mothers with

26 programs and activities aimed at reaching those with diabetes of all  
27 types;

32 (d) The development or revision of detailed policy-related action  
33 plans and budget recommendations for battling diabetes and  
34 undiagnosed gestational diabetes that includes a range of actionable  
35 items for consideration by the legislature. The plans and budget  
36 recommendations must identify proposed action steps to reduce the  
37 impact of diabetes, prediabetes, related diabetes complications, and  
38 undiagnosed gestational diabetes. The plans and budget  
39 recommendations must also identify expected outcomes of the action

1 steps proposed in the following biennium while also establishing  
2 benchmarks for controlling and preventing all types of diabetes; and

3 (e) An estimate of savings, efficiencies, costs, and budgetary  
4 savings and resources required to implement the plans and budget  
5 recommendations identified in (d) of this subsection (17).

6 (20) Within the amounts appropriated in this section, the  
7 authority shall identify strategies to improve patient adherence to  
8 treatment plans for diabetes and implement these strategies as a

10 authority. The authority shall report to the governor and the  
11 legislature in December 2014 on the progress of strategy

22 (22) \$25,000 of the general fund—state appropriation for fiscal  
23 year 2014 and \$25,000 of the general fund—federal appropriation are

31 elementary schools and one nurse for every seven hundred fifty  
32 students in secondary schools. In developing these recommendations,  
33 the authority shall inquire with the federal centers for medicare and  
34 medicaid services about state plan amendment or waiver options for  
35 receiving additional federal matching funds for school nursing  
36 services provided to children enrolled in apple health for kids. The  
37 recommendations shall include proposals for funding training and  
38 reimbursement for nurses that provide outreach services to help  
39 eligible students enroll in apple health for kids and other social  
40 services programs. The authority and the office of the superintendent

1 of public instruction shall provide these recommendations to the  
2 governor and the legislature by December 1, 2013.

8 appropriation and \$423,000 of the general fund—federal appropriation  
9 are provided solely for the rebasing of outpatient and inpatient  
10 payment methods.

23 year 2014, \$62,000 of the general fund—state appropriation for fiscal  
24 year 2015, and \$126,000 of the general fund—federal appropriation are  
25 provided solely to support the Robert Bree collaborative's efforts to  
26 disseminate evidence-based best practices for preventing and treating  
27 health problems.

29 authority shall increase reimbursement rates for primary care  
30 services provided by independent nurse practitioners to medicare  
31 levels for the period from July 1, 2013, to December 31, 2014.

32 (29) The authority shall seek a medicaid state plan amendment to  
33 create a professional services supplemental payment managed care  
34 program for professional services delivered to managed care  
35 recipients by University of Washington medicine and other public  
36 professional providers. This program shall be effective as soon as  
37 administratively possible and shall operate concurrently with the  
38 existing professional services supplemental payment program. The  
39 authority shall apply federal rules for identifying the difference

1 between average commercial rates and fee-for-service medicaid  
2 payments. This difference will be multiplied by the number of managed  
3 care encounters and incorporated into the managed care plan  
4 capitation rates by a certified actuary. The managed care plans will  
5 pay the providers the difference attributable to the increased  
6 capitation rate. Participating providers shall be solely responsible  
7 for providing the local funds required to obtain federal matching  
8 funds. Any incremental costs incurred by the authority in the  
9 development, implementation, and maintenance of this program shall be  
10 the responsibility of the participating providers. Participating  
11 providers shall retain the full amount of supplemental payments  
12 provided under this program, net of any costs related to the program  
13 that are disallowed due to audits or litigation against the state.

15 authority to provide an adult dental benefit beginning January 1,  
16 2014.

17 (31) To the extent allowed under federal law, the authority shall

19 of family planning-only coverage unless the client is at risk of  
20 domestic violence.

21 (32) The authority shall facilitate enrollment under the medicaid  
22 expansion for clients applying for or receiving state funded services  
23 from the authority and its contractors. Prior to open enrollment, the  
24 authority shall coordinate with the department of social and health  
25 services to provide referrals to the Washington health benefit  
26 exchange for clients that will be ineligible for the medicaid  
27 expansion but are enrolled in coverage that will be eliminated in the  
28 transition to the medicaid expansion.

29 (33) \$90,000 of the general fund—state appropriation for fiscal  
30 year 2014, \$90,000 of the general fund—state appropriation for fiscal  
31 year 2015, and \$180,000 of the general fund—federal appropriation are  
32 provided solely to continue operation by a nonprofit organization of  
33 a toll-free hotline that assists families to learn about and enroll  
34 in the apple health for kids program.

35 (34) Within the amounts appropriated in this section, the  
36 authority shall reduce premiums for children with family incomes  
37 above 200 percent of the federal poverty level in the state-funded  
38 children's health program who are not eligible for coverage under the

1 federal children's health insurance program. Premiums in the state  
2 and federal children's health insurance program shall be equal.

3 (35) The appropriations in this section reflect savings and  
4 efficiencies by transferring children receiving medical care provided  
5 through fee-for-service to medical care provided through managed  
6 care.

7 (36) \$150,000 of the general fund—state appropriation for fiscal  
8 year 2014, \$436,000 of the general fund—state appropriation for  
9 fiscal year 2015, and \$170,561,000 of the general fund—federal  
10 appropriation are provided solely for the provider incentive program  
11 and other initiatives related to the health information technology  
12 medicaid plan.

13 (37) \$1,528,000 of the general fund—state appropriation for  
14 fiscal year 2014, \$2,206,000 of the general fund—state appropriation  
15 for fiscal year 2015, and \$17,912,000 of the general fund—federal  
16 appropriation are provided solely to implement phase two of the  
17 project to create a single provider payment system that consolidates  
18 medicaid medical and social services payments and replaces the social  
19 service payment system. The amounts provided in this subsection are  
20 conditioned on the authority satisfying the requirements of the  
21 project management oversight standards and policies established by  
22 the office of the chief information officer.

23 (38) Within the amounts appropriated in this section, the health  
24 care authority and the department of social and health services shall  
25 implement the state option to provide health homes for enrollees with  
26 chronic conditions under section 2703 of the federal affordable care  
27 act. The total state match for enrollees who are dually-eligible for  
28 both medicare and medicaid and not enrolled in managed care shall be  
29 no more than the net savings to the state from the enhanced match  
30 rate for its medicaid-only managed care enrollees under section 2703.

31 (39) The health care authority shall not initiate any services  
32 that require expenditure of state general fund moneys unless  
33 expressly authorized in this act or other law. The health care  
34 authority may seek, receive, and spend, under RCW 43.79.260 through  
35 43.79.282, federal moneys not anticipated in this act as long as the  
36 federal funding does not require expenditure of state moneys for the  
37 program in excess of amounts anticipated in this act. If the health  
38 care authority receives unanticipated unrestricted federal moneys,  
39 those moneys shall be spent for services authorized in this act or in

1 any other legislation providing appropriation authority, and an equal  
2 amount of appropriated state general fund moneys shall lapse. Upon  
3 the lapsing of any moneys under this subsection, the office of  
4 financial management shall notify the legislative fiscal committees.  
5 As used in this subsection, "unrestricted federal moneys" includes  
6 block grants and other funds that federal law does not require to be  
7 spent on specifically defined projects or matched on a formula basis  
8 by state funds.

9 (40) Within the amounts appropriated in this section, the  
10 authority shall reimburse for primary care services provided by  
11 naturopathic physicians.

12 (41) Within amounts appropriated, the health care authority shall  
13 conduct a review of its management and staffing structure to identify  
14 efficiencies and opportunities to reduce full time equivalent  
15 employees and other administrative costs. A report summarizing the  
16 review and the authority's recommendations to reduce costs and full  
17 time equivalent employees must be submitted to the governor and  
18 legislature by November 1, 2013.

19 (42) (~~(\$16,580,000)~~) \$5,634,000 of the general fund—state  
20 appropriation for fiscal year 2015, \$6,718,000 of the health benefit  
21 exchange account—state appropriation, and (~~(\$3,409,000)~~) \$15,103,000  
22 of the general fund—federal appropriation are provided solely to  
23 support the operations of the Washington health benefit exchange from  
24 January 1, 2015, to June 30, 2015. The Washington state health  
25 insurance pool administrator shall transfer \$20,838,000 of pool  
26 contributions to the treasurer for deposit into the health benefit  
27 exchange account in calendar year 2014. The receipt and use of  
28 medicaid funds provided to the health benefit exchange from the  
29 health care authority are subject to compliance with state and  
30 federal regulations and policies governing the Washington apple  
31 health programs, including timely and proper application,  
32 eligibility, and enrollment procedures. Within the amounts provided  
33 in this subsection, \$321,000 of the (~~health benefit exchange~~  
34 ~~account~~) general fund—state appropriation for fiscal year 2015 and  
35 \$688,000 of the general fund—federal appropriation are provided  
36 solely for print services and postage for modified adjusted gross  
37 income medicaid eligibility correspondence sent from the health  
38 benefit exchange.

1 (43) Within the amounts appropriated in this section, the  
2 authority shall continue to provide coverage after December 31, 2013,  
3 for pregnant teens that qualify under existing pregnancy medical  
4 programs, but whose eligibility for pregnancy related services would  
5 otherwise end due to the application of the new modified adjusted  
6 gross income eligibility standard.

7 (44) Sufficient amounts are appropriated in this section to  
8 restore medicaid coverage under the breast and cervical cancer  
9 treatment program.

10 (45) \$40,000 of the general fund—state appropriation for fiscal  
11 year 2014 and \$40,000 of the general fund—federal appropriation are  
12 provided solely for the authority to create a new position to provide  
13 adequate oversight and assistance to managed care organizations,  
14 rural health clinics, and federally qualified health centers under a  
15 new administratively streamlined payment methodology. Effective July  
16 1, 2013, or upon obtaining any necessary federal approval, but in no  
17 case during the first quarter of a calendar year, the authority shall  
18 implement an administratively streamlined payment methodology for  
19 federally qualified health centers and rural health clinics. The  
20 authority's payments to managed care organizations shall include the  
21 full encounter payment comprised of both the standard and enhancement  
22 payments for federally qualified health centers and rural health  
23 clinics as defined in the medicaid state plan and in accordance with  
24 section 1902(bb) of the social security act (42 U.S.C. 1396a(bb)). At  
25 no time will a managed care organization be at risk for or have any  
26 claim to the supplemental payment portion of the rate which will be  
27 reconciled to ensure accurate payment and full pass through of the  
28 obligated funds. For any services eligible for encounter payments, as  
29 defined in the medicaid state plan, managed care organizations shall  
30 be required to pay at least the full published encounter rates  
31 directly to each clinic or center, and payments will be reconciled on  
32 at least an annual basis between the managed care organization and  
33 the authority, with final review and approval by the authority. At  
34 the option of any clinic, the enhancement payment can be received  
35 from the managed care organization on a per member per month basis  
36 for all assigned managed care enrollees in an amount prescribed by  
37 the authority. Nothing in this section is intended to disrupt  
38 mutually agreeable contractual arrangements between managed care  
39 organizations and clinics that impact how the standard payment for  
40 services is paid. The authority will require participating managed

1 care organizations to reimburse federally qualified health centers  
2 and rural health clinics for clean claims in strict adherence to the  
3 timeliness of payment standards established under contract and  
4 specified for the medicaid fee-for-service program in section  
5 1902(a)(37) of the social security act (42 U.S.C. 1396a(a)(37)), 42  
6 C.F.R. Sec. 447.46, and specified for health carriers in WAC  
7 284-43-321. The authority shall exercise all necessary options under  
8 its existing sanctions policy to enforce timely payment of claims.  
9 The authority shall ensure necessary staff and resources are  
10 identified to actively monitor and enforce the timeliness and  
11 accuracy of payments to federally qualified health centers and rural  
12 health clinics. By January 1, 2014, and after collaboration with  
13 federally qualified health centers, rural health clinics, managed  
14 care plans, and the centers for medicare and medicaid services, the  
15 authority will produce a report that provides options for a new  
16 payment methodology that rewards innovation and outcomes over volume  
17 of services delivered, and which maintains the integrity of the rural  
18 health clinic and federally qualified health center programs as  
19 outlined under federal law. The report will detail necessary federal  
20 authority for implementation and provide the benefits and drawbacks  
21 of each option.

22 (46) \$3,605,000 of the general fund—state appropriation for  
23 fiscal year 2014 is provided solely to proportionally reduce the  
24 amounts that rural health clinics owe the state under the calendar  
25 year 2009 recoupment.

26 (47) Sufficient amounts are appropriated in this section to  
27 remove the mental health visit limit and to provide the shingles  
28 vaccine and screening, brief intervention, and referral to treatment  
29 benefits that are available in the medicaid alternative benefit plan  
30 in the current medicaid benefit plan beginning January 1, 2014.

31 (48) The appropriations in this section reflect savings and  
32 efficiencies achieved by modifying dispensing methods of  
33 contraceptive drugs. The authority must make arrangements for all  
34 medicaid programs offered through managed care plans or fee-for-  
35 service programs to require dispensing of contraceptive drugs with a  
36 one-year supply provided at one time unless a patient requests a  
37 smaller supply or the prescribing physician instructs that the  
38 patient must receive a smaller supply. Contracts with managed care  
39 plans must allow on-site dispensing of the prescribed contraceptive  
40 drugs at family planning clinics. Dispensing practices must follow

1 clinical guidelines for appropriate prescribing and dispensing to  
2 ensure the health of the patient while maximizing access to effective  
3 contraceptive drugs.

4 (49)(a) \$75,000 of the general fund—state appropriation for  
5 fiscal year 2014 and \$75,000 of the general fund—federal  
6 appropriation are provided solely for preparing options with an  
7 expert consultant for possible implementation of a targeted premium  
8 assistance program and possible implementation of the federal basic  
9 health option. \$75,000 of the amounts appropriated in this subsection  
10 is provided solely for the development of options related to the  
11 targeted premium assistance program. The authority shall develop  
12 options for a waiver request to the federal centers for medicare and  
13 medicaid services to implement a targeted premium assistance program  
14 for the expansion adults, identified in section  
15 1902(a)(10)(A)(i)(VIII) of the social security act, with incomes  
16 above one hundred percent of the federal poverty level, and for  
17 children covered in the children's health insurance program with  
18 incomes above two hundred percent of the federal poverty level, with  
19 a goal of providing seamless coverage through the health benefit  
20 exchange and improving opportunities for families to be covered in  
21 the same health plans. The options must include the possibility of  
22 applying premiums for individuals and cost-sharing that may exceed  
23 the five percent of family income cap under federal law, and the  
24 options must include recommendations to make the targeted premium  
25 assistance program cost neutral. The authority shall submit a report  
26 on the options to the legislature and the governor by January 1,  
27 2014. The authority is encouraged to be creative, use subject matter  
28 experts, and exhaust all possible options to achieve cost neutrality.  
29 The report shall also include a detailed plan and timeline. \$75,000  
30 of the amounts appropriated in this subsection is provided solely for  
31 the development of options related to the federal basic health  
32 option. The authority shall prepare options for implementing the  
33 federal basic health option as federal guidance becomes available.  
34 The authority shall submit a report on the options to the legislature  
35 and the governor by January 1, 2014, or ninety days following the  
36 release of federal guidance. The report must include a comparison of  
37 the premiums and cost-sharing under the federal basic health option  
38 with the premium assistance options described in this subsection,  
39 options for implementing the federal basic health option in  
40 combination with a premium assistance program, a detailed fiscal

1 analysis for each coverage approach, including the estimated costs  
2 for system design and implementation, and information about impacted  
3 populations.

4 (b) Where possible, the authority shall leverage the same expert  
5 consultants to review each proposal and compare and contrast the  
6 approaches to ensure seamless coordination with the health benefit  
7 exchange.

8 (c) The authority shall collaborate with the joint select  
9 committee on health care oversight in the development of these  
10 options.

11 (50) \$171,000 of the general fund—state appropriation for fiscal  
12 year 2015 and \$145,000 of the general fund—federal appropriation are  
13 provided solely to implement Second Substitute Senate Bill No. 6312  
14 (mental health, chemical dependency) and Engrossed Second Substitute  
15 House Bill No. 2315 (suicide prevention). If Second Substitute Senate  
16 Bill No. 6312 (mental health, chemical dependency) is not enacted by  
17 June 30, 2014, the amounts provided in this subsection shall lapse.

18 (51) \$604,000 of the general fund—state appropriation for fiscal  
19 year 2014, \$597,000 of the general fund—state appropriation for  
20 fiscal year 2015, and \$18,320,000 of the general fund—federal  
21 appropriation are provided solely to implement Engrossed Second  
22 Substitute House Bill No. 2572 (health care purchasing, delivery). If  
23 the bill is not enacted by June 30, 2014, the amounts provided in  
24 this subsection shall lapse.

25 (52) \$306,000 of the general fund—state appropriation for fiscal  
26 year 2015 and \$306,000 of the general fund—federal appropriation are  
27 provided solely to implement Substitute House Bill No. 2310 (provider  
28 safety equipment). If the bill is not enacted by June 30, 2014, the  
29 amounts provided in this subsection shall lapse.

30 (53) \$390,000 of the general fund—state appropriation for fiscal  
31 year 2015 and \$3,510,000 of the general fund—federal appropriation  
32 are provided solely for medicaid clients to select the medicaid  
33 managed care organization of their choice within the Washington  
34 healthplanfinder online marketplace.

35 (54) \$561,000 of the general fund—state appropriation for fiscal  
36 year 2015, \$2,000 of the general fund—local appropriation, and  
37 \$693,000 of the general fund—federal appropriation are provided  
38 solely for the authority to add autism screenings for children age  
39 eighteen months beginning July 1, 2014.

1 (55) By December 1, 2014, the authority shall report to the  
2 legislative fiscal committees with options for reducing payments to  
3 hospital owned physician practices or clinics that are higher than  
4 the maximum resource based relative value scale fee rates received by  
5 nonhospital owned physician practices or clinics for the same  
6 procedures. The authority shall include options for exempting certain  
7 hospital owned clinics from the reductions and the fiscal impacts of  
8 those options. The authority shall not enter into or renew any  
9 contracts under RCW 74.60.160 that would restrict the authority's  
10 ability to implement any of these options in the 2015-2017 fiscal  
11 biennium.

12 (56) The appropriations to the authority in this act shall be  
13 expended for the purposes and in the amounts specified in this act.  
14 To the extent that appropriations in this section are insufficient to  
15 fund actual expenditures in excess of caseload forecasts and  
16 utilization assumptions, the authority, after May 1, ((2014)) 2015,  
17 may transfer general fund—state appropriations for fiscal year  
18 ((2014)) 2015 that are provided solely for a specified purpose. The  
19 authority shall not transfer funds, and the director of financial  
20 management shall not approve the transfer, unless the transfer is  
21 consistent with the objective of conserving, to the maximum extent  
22 possible, the expenditure of state funds. The director of financial  
23 management shall notify the appropriate fiscal committees of the  
24 senate and house of representatives in writing seven days prior to  
25 approving any allotment modifications or transfers under this  
26 subsection. The written notification shall include a narrative  
27 explanation and justification of changes, along with expenditures and  
28 allotments by budget unit and appropriation, both before and after  
29 any allotment modifications or transfers.

30 (57) The authority shall use revenue appropriated from the  
31 dedicated marijuana fund for contracts with community health centers  
32 under RCW 69.50.540 in lieu of general fund—state payments to  
33 community health centers for services provided to medical assistance  
34 clients, and it is the intent of the legislature that this policy  
35 will be continued in subsequent fiscal biennia.

26 offender back to the department, subject to terms of the negotiated  
27 agreement. Health care costs incurred prior to transfer will be the

28 school years are determined using the formula-generated staff units  
29 provided in RCW 28A.150.260, and adjusted based on each district's  
30 annual average full-time equivalent student enrollment in each grade,  
31 except that the allocation for parent involvement coordinators in an  
32 elementary school shall be 0.0825, which enhancement is within the  
33 program of basic education.

34 (5) CENTRAL OFFICE ALLOCATIONS

35 In addition to classified and administrative staff units

1 administrative staff units are provided for the 2013-14 and 2014-15  
2 school year for the central office administrative costs of operating  
3 a school district, at the following rates:

4 (a) The total central office staff units provided in this  
5 subsection (5) are calculated by first multiplying the total number  
6 of eligible certificated instructional, certificated administrative,  
7 and classified staff units providing school-based or district-wide  
8 support services, as identified in RCW 28A.150.260(6)(b), by 5.3

19 (a) of this subsection.

20 (d) For students in approved career-technical and skill center  
21 programs, central office classified units are allocated at the same  
22 staff unit per student rate as those generated for general education  
23 students of the same grade in this subsection (5), and central office  
24 administrative staff units are allocated at staff unit per student  
25 rates that exceed the general education rate established for students  
26 in the same grade in this subsection (5) by 1.71 percent in the  
27 2013-14 school year and 0.90 percent in the 2014-15 school year for  
28 career and technical education students, and 21.57 percent in the

 5 subsections (2), (3), and (5) of this section; and

6 (b) The number of classified staff units determined in  
 7 subsections (4) and (5) of this section multiplied by 1.152. This  
 8 factor is intended to adjust allocations so that, for the purposes of  
 9 distributing insurance benefits, full-time equivalent classified  
 10 employees may be calculated on the basis of 1440 hours of work per  
 11 year, with no individual employee counted as more than one full-time  
 12 equivalent.

37 TOTAL APPROPRIATION. . . . .	<del>(\$794,360,000)</del>
38	<u>\$810,419,000</u>

1 The appropriations in this section are subject to the following  
2 conditions and limitations:

3 (1) Each general fund fiscal year appropriation includes such  
4 funds as are necessary to complete the school year ending in the  
5 fiscal year and for prior fiscal year adjustments.

6 (2)(a) For the 2013-14 and 2014-15 school years, the  
7 superintendent shall allocate funding to school district programs for  
8 the transportation of eligible students as provided in RCW  
9 28A.160.192. Funding in this section for school year 2014-15  
10 constitutes full implementation of RCW 28A.160.192, which enhancement  
11 is within the program of basic education. Students are considered  
12 eligible only if meeting the definitions provided in RCW 28A.160.160.

13 (b) For the 2014-15 school year, the superintendent shall  
14 allocate funding for approved and operating charter schools as

16 transportation must be calculated using the allocation for the  
17 previous school year to the school district in which the charter  
18 school is located and the number of eligible students in the  
19 district, and must be distributed to the charter school based on the  
20 number of eligible students.

21 (c) From July 1, 2013 to August 31, 2013, the superintendent  
22 shall allocate funding to school districts programs for the

34 superintendent shall adopt criteria for review of applications, which  
35 may include exceptional issues related to geography, student  
36 demographics, or other one-time circumstances that are not otherwise

3 may not exceed the total appropriation provided in this subsection  
4 for fiscal year 2015. Adjustments also may not exceed the difference

15 provide reimbursement funding to a school district for school bus  
16 purchases only after the superintendent of public instruction  
17 determines that the school bus was purchased from the list  
18 established pursuant to RCW 28A.160.195(2) or a comparable  
19 competitive bid process based on the lowest price quote based on  
20 similar bus categories to those used to establish the list pursuant  
21 to RCW 28A.160.195.

22 (6) The superintendent of public instruction shall base  
23 depreciation payments for school district buses on the pre-sales tax  
24 five-year average of lowest bids in the appropriate category of bus.  
25 In the final year on the depreciation schedule, the depreciation  
26 payment shall be based on the lowest bid in the appropriate bus  
27 category for that school year.

28 (7) Funding levels in this section reflect waivers granted by the  
29 state board of education for four-day school weeks as allowed under  
30 RCW 28A.305.141.
