PART II
HUMAN SERVICES

NEW SECTION. **Sec. 201. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the
2 payment rates.

3 (4) The department shall to the maximum extent practicable use
4 the same system for delivery of spoken-language interpreter services
5 for social services appointments as the one established for medical
6 appointments in section 213 of this act. When contracting directly
7 with an individual to deliver spoken language interpreter services,
8 the department shall only contract with language access providers who
9 are working at a location in the state and who are state-certified or
10 state-authorized, except that when such a provider is not available,
11 the department may use a language access provider who meets other
12 certifications or standards deemed to meet state standards, including
13 interpreters in other states.

14 (5)(a) The department shall facilitate enrollment under the
15 medicaid expansion for clients applying for or receiving state-funded
16 services from the department and its contractors. Prior to open
17 enrollment, the department shall coordinate with the health care
18 authority to provide referrals to the Washington health benefit
19 exchange for clients that will be ineligible for medicaid.

20 (b) To facilitate a single point of entry across public and
21 medical assistance programs, and to maximize the use of federal
22 funding, the health care authority, the department of social and
23 health services, and the health benefit exchange will coordinate
24 efforts to expand HealthPlanfinder access to public assistance and
25 medical eligibility staff. No later than October 1, 2015, the
26 department shall complete medicaid applications in the
27 HealthPlanfinder for households receiving or applying for public
28 assistance benefits.

29 (c) The department in coordination with the health care authority
30 shall pursue a federal waiver to use supplemental nutrition
31 assistance program eligibility to enroll eligible persons into
32 medicaid.

7 program and disposition alternative categories if it is determined
8 the changes will increase statewide service delivery or effectiveness
9 of evidence-based program or disposition alternative resulting in
10 increased cost benefit savings to the state. Long-term cost benefit
11 must be considered. Percentage changes may occur in the evidence-
12 based program or disposition alternative categories of the formula
13 should it be determined the changes will increase evidence-based
14 program or disposition alternative delivery and increase the cost
15 benefit to the state. These outcomes will also be considered in
16 determining when evidence-based expansion or special sex offender
17 disposition alternative funds should be included in the block grant
18 or left separate.

19 (c) The juvenile courts and administrative office of the courts
20 shall be responsible for collecting and distributing information and

22 administration and the Washington state institute for public policy
23 related to program and outcome data. The juvenile rehabilitation
24 administration and the juvenile courts will work collaboratively to

26 the state in the implementation of evidence-based practices and
27 disposition alternatives.

28 (7) The juvenile courts and administrative office of the courts
29 shall collect and distribute information related to program outcome
30 and provide access to these data systems to the juvenile
31 rehabilitation administration and Washington state institute for
32 public policy. The agreements between administrative office of the
33 courts, the juvenile courts, and the juvenile rehabilitation
34 administration shall be executed to ensure that the juvenile
35 rehabilitation administration receives the data that the juvenile
36 rehabilitation administration identifies as needed to comply with
37 this subsection. This includes, but is not limited to, information by
38 program at the statewide aggregate level, individual court level, and
39 individual client level for the purpose of the juvenile
40 rehabilitation administration providing quality assurance and

1 oversight for the locally committed youth block grant and associated
2 funds and at times as specified by the juvenile rehabilitation
3 administration as necessary to carry out these functions. The data
4 shall be provided in a manner that reflects the collaborative work
5 the juvenile rehabilitation administration and juvenile courts have
6 developed regarding program outcomes that reinforce the greatest cost
7 benefit to the state in the implementation of evidence-based
8 practices and disposition alternatives.

9 (8) \$445,000 of the general fund—state appropriation for fiscal
10 year 2016 and \$445,000 of the general fund—state appropriation for
11 fiscal year 2017 are provided solely for funding of the teamchild

23 have demonstrated the greatest problems with criminal street gangs.
24 Applicants composed of, at a minimum, one or more local governmental
25 entities and one or more nonprofit, nongovernmental organizations
26 that have a documented history of creating and administering
27 effective criminal street gang prevention and intervention programs
28 may apply for funding under this subsection.

29 (11) The department shall review its current food services at its
30 institutions for opportunities to consolidate and centralize,
31 emphasizing opportunities for increased efficiency. The department
32 shall consider consolidating and centralizing the department's
33 institutional food service by examining: (a) Consistent daily meals
34 across institutions; (b) off-site meal preparation and cook-chill
35 meals; and (c) increased use of the department of correction's
36 correctional industries institutional food service. Any food service
37 improvements must account for special diets and consistency with

1 NEW SECTION. **Sec. 204. FOR THE DEPARTMENT OF SOCIAL AND HEALTH**
2 **SERVICES—MENTAL HEALTH PROGRAM**

3 (1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS

4	General Fund—State Appropriation (FY 2016).	\$332,826,000
5	General Fund—State Appropriation (FY 2017).	\$343,182,000
6	General Fund—Federal Appropriation.	\$978,277,000
7	General Fund—Private/Local Appropriation.	\$17,864,000
8	TOTAL APPROPRIATION.	\$1,672,149,000

9 The appropriations in this subsection are subject to the
10 following conditions and limitations:

11 (a) For the purposes of this subsection, the term "regional
12 support networks," includes, effective April 1, 2016, behavioral
13 health organizations which assume the duties of regional support
14 networks pursuant to chapter 225, Laws of 2014 (2SSB 6312).

15 (b) \$20,300,000 of the general fund—state appropriation for
16 fiscal year 2016, \$13,761,000 of the general fund—state appropriation
17 for fiscal year 2017, and \$17,918,000 of the general fund—federal
18 appropriation are provided solely to reimburse regional support
19 networks for increased utilization costs, as compared to utilization
20 costs in fiscal year 2014, that are incurred in order to meet
21 statutory obligations to provide individualized mental health
22 treatment in appropriate settings to individuals who are detained or
23 committed under the involuntary treatment act. Prior to distributing
24 funds to a regional support network requesting reimbursement for
25 costs relative to increased utilization, the department must receive

35 This is a reduction in flexible nonmedicaid funding of \$6,879,000 for
36 fiscal year 2016 and \$6,880,000 for fiscal year 2017. This reduction
37 reflects the regional support network's operating reserve balance as
38 of December 31, 2014. These amounts must be distributed to regional
39 support networks based on the proportion of funds distributed in

11 shall consider the differences between regional support networks in
12 the percentages of services and other costs associated with the teams
13 that are not reimbursable under medicaid. The department may allow
14 regional support networks which have nonmedicaid reimbursable costs
15 that are higher than the nonmedicaid allocation they receive under
16 this section to supplement these funds with local dollars or funds

30 assess the effectiveness of these services in reducing utilization at

39 criteria to be classified under federal law as institutions for

1 mental diseases. If the department is unable to come to a contract
2 agreement with a designated regional support network for any of the
3 services identified above, it may consider contracting for that
4 service in another regional support network that has the need for
5 such service.

34 The appropriations in this section are subject to the following
35 conditions and limitations:

36 (1) For purposes of implementing chapter 74.46 RCW, the weighted
37 average nursing facility payment rate shall not exceed \$178.87 for

1 fiscal year 2016 and shall not exceed \$191.87 for fiscal year 2017,
2 including the rate add-ons described in (a), (b), and (g) of this
3 subsection. There will be no adjustments for economic trends and
4 conditions in fiscal years 2016 and 2017. The economic trends and
5 conditions factor or factors defined in the biennial appropriations
6 act shall not be compounded with the economic trends and conditions
7 factor or factors defined in any other biennial appropriations acts
8 before applying it to the component rate allocations established in
9 accordance with chapter 74.46 RCW. When no economic trends and
10 conditions factor for either fiscal year is defined in a biennial
11 appropriations act, no economic trends and conditions factor or
12 factors defined in any earlier biennial appropriations act shall be
13 applied solely or compounded to the component rate allocations
14 established in accordance with chapter 74.46 RCW.

15 (a) For fiscal year 2016 within the funds provided, the
16 department shall continue to provide an add-on per medicaid resident
17 day per facility not to exceed \$1.57. The add-on shall be used to
18 increase wages, benefits, and/or staffing levels for certified nurse
19 aides; or to increase wages and/or benefits for dietary aides,
20 housekeepers, laundry aides, or any other category of worker whose
21 statewide average dollars-per-hour wage was less than \$15 in calendar
22 year 2008, according to cost report data. The add-on may also be used
23 to address resulting wage compression for related job classes
24 immediately affected by wage increases to low-wage workers. For
25 fiscal year 2016 within funds provided, the department shall provide
26 an additional add-on per medicaid resident day per facility not to
27 exceed the industry weighted average rate of \$2.44. The add-on shall
28 be used to increase wages, benefits, and/or staffing levels for
29 certified nurse aides; or to increase wages and/or benefits for
30 dietary aides, housekeepers, laundry aides, or any other category of
31 worker whose statewide average dollars-per-hour wage was less than
32 \$17 in calendar year 2012, according to cost report data. The
33 department shall continue reporting requirements and a settlement
34 process to ensure that the funds are spent according to this
35 subsection.

36 (b) The department shall do a comparative analysis of the
37 facility-based payment rates calculated on July 1, 2015, using the
38 payment methodology defined in chapter 74.46 RCW and as funded in the
39 omnibus appropriations act, excluding the low wage worker add-on
40 found in (a) of this subsection, the rate add-ons for direct care,

1 support services, and therapy care found in (g) of this subsection,
2 the comparative add-on, acuity add-on, and safety net reimbursement,
3 to the facility-based payment rates in effect June 30, 2010. For
4 fiscal year 2016, if the facility-based payment rate calculated on
5 July 1, 2015, is smaller than the facility-based payment rate on June
6 30, 2010, then the difference shall be provided to the individual
7 nursing facilities as an add-on payment per medicaid resident day.

8 (c) During the comparative analysis performed in subsection (b)
9 of this section, for fiscal year 2016, if it is found that the direct
10 care rate for any facility calculated using the payment methodology
11 defined in chapter 74.46 RCW and as funded in the omnibus
12 appropriations act, excluding the low wage worker add-on found in (a)
13 of this subsection, the rate add-ons for direct care, support
14 services, and therapy care found in (g) of this subsection, the
15 comparative add-on, acuity add-on, and safety net reimbursement, is
16 greater than the direct care rate in effect on June 30, 2010, then
17 the facility shall receive a ten percent direct care rate add-on to
18 compensate that facility for taking on more acute clients than they
19 have in the past.

20 (d) The department shall provide a medicaid rate add-on to
21 reimburse the medicaid share of the skilled nursing facility safety
22 net assessment as a medicaid allowable cost. The nursing facility
23 safety net rate add-on may not be included in the calculation of the
24 annual statewide weighted average nursing facility payment rate.

25 (e) The rate add-on provided in (c) of this subsection is subject
26 to the reconciliation and settlement process provided in RCW
27 74.46.022(6).

28 (f) If the waiver requested from the federal centers for medicare
29 and medicaid services in relation to the safety net assessment is for
30 any reason disapproved, (b), (c), (d), (g), and the fiscal year 2016
31 additional add-on in (a) of this subsection do not apply.

32 (g) For fiscal year 2016, the department shall provide the
33 following rate add-ons per medicaid resident day:

34 (i) A direct care rate add-on of \$3.63 per medicaid resident day;

35 (ii) A support services rate add-on of \$1.12 per medicaid
36 resident day; and

37 (iii) A therapy care rate add-on of \$0.05 per patient day.

38 This subsection (1)(g) is subject to the reconciliation and
39 settlement process provided in RCW 74.46.022(6).

1 (2) In accordance with chapter 74.46 RCW, the department shall
2 issue no additional certificates of capital authorization for fiscal
3 year 2016 and no new certificates of capital authorization for fiscal
4 year 2017 and shall grant no rate add-ons to payment rates for
5 capital improvements not requiring a certificate of need and a
6 certificate of capital authorization for fiscal years 2016 and 2017.

7 (3) In accordance with RCW 18.51.050, 18.20.050, 70.128.060, and
8 43.135.055, the department is authorized to increase nursing
9 facility, assisted living facility, and adult family home fees as
10 necessary to fully support the actual costs of conducting the
11 licensure, inspection, and regulatory programs. The license fees may
12 not exceed the department's annual licensing and oversight activity
13 costs and shall include the department's cost of paying providers for
14 the amount of the license fee attributed to medicaid clients.

15 (a) The current annual renewal license fee for adult family homes
16 shall be \$225 per bed beginning in fiscal year 2016 and \$225 per bed
17 beginning in fiscal year 2017. A processing fee of \$2,750 shall be
18 charged to each adult family home when the home is initially
19 licensed. This fee is nonrefundable.

20 (b) The current annual renewal license fee for assisted living
21 facilities shall be \$106 per bed beginning in fiscal year 2016 and

26 (d) The department may authorize a one-time waiver of all or any
27 portion of the licensing and processing fees required under RCW
28 70.128.060 in any case in which the department determines that an
29 adult family home is being relicensed because of exceptional
30 circumstances, such as death or incapacity of a provider, and that to
31 require the full payment of the licensing and processing fees would
32 present a hardship to the applicant. In these situations, the
33 department is also granted the authority to waive the required
34 residential administrator training for a period of one hundred twenty
35 days if necessary to ensure continuity of care during the relicensing
36 process.

37 (4) The department is authorized to place long-term care clients
38 residing in nursing homes and paid for with state only funds into
39 less restrictive community care settings while continuing to meet the
40 client's care needs.

1 (5) \$20,241,000 of the general fund—state appropriation for

15 (d) does not create any future fiscal liability on the part of the
16 state in excess of the future fiscal liability created by this
17 section and section 205 of this act. If an agreement is not reached
18 by June 30, 2015, the amounts provided in this subsection shall
19 lapse.

20 (6) \$7,552,000 of the general fund—state appropriation for fiscal

3 social and health services for fiscal year 2016. This reduction in
4 expenditure authority for the administration and supporting services

7 result of lean management strategies and other administrative
8 efficiencies that do not result from caseload or service delivery
9 reductions. The savings obtained in other programs and divisions of
10 the department shall be transferred to the administration and

29 determine if a private vendor should perform real estate services for
30 state agencies, the department of social and health services shall
31 suspend all payments to the department of enterprise services for
32 real estate services. The department of social and health services
33 may perform real estate services on its own behalf or may contract
34 for these services from a private vendor for the remainder of the
35 2015-2017 fiscal biennium. If acquired by contract, the contracting
36 is not subject to the processes set forth in RCW 41.06.142 (1), (4),
37 and (5), as authorized in RCW 41.06.142(3).

1 NEW SECTION. **Sec. 213. FOR THE STATE HEALTH CARE AUTHORITY**

2 During the 2015-2017 fiscal biennium, the health care authority
3 shall provide support and data as required by the office of the state
4 actuary in providing the legislature with health care actuarial
5 analysis, including providing any information in the possession of
6 the health care authority or available to the health care authority

12 technical oversight by the office of the chief information officer.

13 The health care authority shall not initiate any services that
14 require expenditure of state general fund moneys unless expressly
15 authorized in this act or other law. The health care authority may
16 seek, receive, and spend, under RCW 43.79.260 through 43.79.282,
17 federal moneys not anticipated in this act as long as the federal
18 funding does not require expenditure of state moneys for the program
19 in excess of amounts anticipated in this act. If the health care
20 authority receives unanticipated unrestricted federal moneys, those
21 moneys shall be spent for services authorized in this act or in any
22 other legislation providing appropriation authority, and an equal
23 amount of appropriated state general fund moneys shall lapse. Upon
24 the lapsing of any moneys under this subsection, the office of
25 financial management shall notify the legislative fiscal committees.
26 As used in this subsection, "unrestricted federal moneys" includes

2	State Appropriation.	\$474,000
3	Medical Aid Account—State Appropriation.	\$528,000
4	TOTAL APPROPRIATION.	\$16,421,426,000

5 The appropriations in this section are subject to the following
6 conditions and limitations:

7 (a) Sufficient amounts are appropriated in this subsection to
8 implement the medicaid expansion as defined in the social security
9 act, section 1902(a)(10)(A)(i)(VIII).

10 (b) The legislature finds that medicaid payment rates, as
11 calculated by the health care authority pursuant to the
12 appropriations in this act, bear a reasonable relationship to the
13 costs incurred by efficiently and economically operated facilities
14 for providing quality services and will be sufficient to enlist
15 enough providers so that care and services are available to the
16 extent that such care and services are available to the general
17 population in the geographic area. The legislature finds that the
18 cost reports, payment data from the federal government, historical
19 utilization, economic data, and clinical input constitute reliable
20 data upon which to determine the payment rates.

21 (c) Based on quarterly expenditure reports and caseload
22 forecasts, if the health care authority estimates that expenditures
23 for the medical assistance program will exceed the appropriations,
24 the health care authority shall take steps including but not limited
25 to reduction of rates or elimination of optional services to reduce
26 expenditures so that total program costs do not exceed the annual
27 appropriation authority.

28 (d) In determining financial eligibility for medicaid-funded
29 services, the health care authority is authorized to disregard
30 recoveries by Holocaust survivors of insurance proceeds or other
31 assets, as defined in RCW 48.104.030.

32 (e) The legislature affirms that it is in the state's interest
33 for Harborview medical center to remain an economically viable
34 component of the state's health care system.

35 (f) When a person is ineligible for medicaid solely by reason of
36 residence in an institution for mental diseases, the health care
37 authority shall provide the person with the same benefits as he or
38 she would receive if eligible for medicaid, using state-only funds to
39 the extent necessary.

1 (g) \$4,261,000 of the general fund—state appropriation for fiscal
2 year 2016, \$4,261,000 of the general fund—state appropriation for
3 fiscal year 2017, and \$8,522,000 of the general fund—federal
4 appropriation are provided solely for low-income disproportionate
5 share hospital payments.

6 (h) Within the amounts appropriated in this section, the health
7 care authority shall provide disproportionate share hospital payments
8 to hospitals that provide services to children in the children's
9 health program who are not eligible for services under Title XIX or
10 XXI of the federal social security act due to their citizenship
11 status.

12 (i) \$6,000,000 of the general fund—federal appropriation is
13 provided solely for supplemental payments to nursing homes operated
14 by public hospital districts. The public hospital district shall be
15 responsible for providing the required nonfederal match for the
16 supplemental payment, and the payments shall not exceed the maximum
17 allowable under federal rules. It is the legislature's intent that
18 the payments shall be supplemental to and shall not in any way offset
19 or reduce the payments calculated and provided in accordance with
20 part E of chapter 74.46 RCW. It is the legislature's further intent
21 that costs otherwise allowable for rate-setting and settlement
22 against payments under chapter 74.46 RCW shall not be disallowed
23 solely because such costs have been paid by revenues retained by the
24 nursing home from these supplemental payments. The supplemental
25 payments are subject to retrospective interim and final cost
26 settlements based on the nursing homes' as-filed and final medicare
27 cost reports. The timing of the interim and final cost settlements
28 shall be at the health care authority's discretion. During either the
29 interim cost settlement or the final cost settlement, the health care
30 authority shall recoup from the public hospital districts the
31 supplemental payments that exceed the medicaid cost limit and/or the
32 medicare upper payment limit. The health care authority shall apply
33 federal rules for identifying the eligible incurred medicaid costs
34 and the medicare upper payment limit.

35 (j) The health care authority shall continue the inpatient
36 hospital certified public expenditures program for the 2015-2017
37 fiscal biennium. The program shall apply to all public hospitals,
38 including those owned or operated by the state, except those
39 classified as critical access hospitals or state psychiatric

1 institutions. The health care authority shall submit reports to the
2 governor and legislature by November 1, 2015, and by November 1,
3 2016, that evaluate whether savings continue to exceed costs for this
4 program. If the certified public expenditures (CPE) program in its
5 current form is no longer cost-effective to maintain, the health care
6 authority shall submit a report to the governor and legislature
7 detailing cost-effective alternative uses of local, state, and
8 federal resources as a replacement for this program. During fiscal
9 year 2016 and fiscal year 2017, hospitals in the program shall be
10 paid and shall retain one hundred percent of the federal portion of
11 the allowable hospital cost for each medicaid inpatient fee-for-
12 service claim payable by medical assistance and one hundred percent
13 of the federal portion of the maximum disproportionate share hospital
14 payment allowable under federal regulations. Inpatient medicaid
15 payments shall be established using an allowable methodology that
16 approximates the cost of claims submitted by the hospitals. Payments
17 made to each hospital in the program in each fiscal year of the
18 biennium shall be compared to a baseline amount. The baseline amount
19 will be determined by the total of (a) the inpatient claim payment
20 amounts that would have been paid during the fiscal year had the
21 hospital not been in the CPE program based on the reimbursement rates
22 developed, implemented, and consistent with policies approved in the
23 2015-2017 biennial operating appropriations act and in effect on July
24 1, 2015, (b) one-half of the indigent assistance disproportionate
25 share hospital payment amounts paid to and retained by each hospital
26 during fiscal year 2005, and (c) all of the other disproportionate
27 share hospital payment amounts paid to and retained by each hospital
28 during fiscal year 2005 to the extent the same disproportionate share
29 hospital programs exist in the 2015-2017 fiscal biennium. If payments
30 during the fiscal year exceed the hospital's baseline amount, no
31 additional payments will be made to the hospital except the federal
32 portion of allowable disproportionate share hospital payments for
33 which the hospital can certify allowable match. If payments during
34 the fiscal year are less than the baseline amount, the hospital will
35 be paid a state grant equal to the difference between payments during
36 the fiscal year and the applicable baseline amount. Payment of the
37 state grant shall be made in the applicable fiscal year and
38 distributed in monthly payments. The grants will be recalculated and
39 redistributed as the baseline is updated during the fiscal year. The
40 grant payments are subject to an interim settlement within eleven

1 months after the end of the fiscal year. A final settlement shall be
2 performed. To the extent that either settlement determines that a
3 hospital has received funds in excess of what it would have received
4 as described in this subsection, the hospital must repay the excess
5 amounts to the state when requested. \$16,664,000 of the general fund—
6 state appropriation for fiscal year 2016 and \$8,170,000 of the
7 general fund—state appropriation for fiscal year 2017 are provided
8 solely for state grants for the participating hospitals.

9 (k) The health care authority shall seek public-private
10 partnerships and federal funds that are or may become available to
11 provide on-going support for outreach and education efforts under the
12 federal children's health insurance program reauthorization act of
13 2009.

14 (l) The health care authority shall target funding for maternity
15 support services towards pregnant women with factors that lead to
16 higher rates of poor birth outcomes, including hypertension, a
17 preterm or low birth weight birth in the most recent previous birth,
18 a cognitive deficit or developmental disability, substance abuse,
19 severe mental illness, unhealthy weight or failure to gain weight,
20 tobacco use, or African American or Native American race. The health
21 care authority shall prioritize evidence-based practices for delivery
22 of maternity support services. To the extent practicable, the health
23 care authority shall develop a mechanism to increase federal funding
24 for maternity support services by leveraging local public funding for
25 those services.

26 (m) Within the amounts appropriated in this section, the
27 authority shall identify strategies to improve patient adherence to
28 treatment plans for diabetes and implement these strategies as a
29 pilot through one health home program to be identified by the
30 authority. The authority shall report to the governor and legislature
31 in December 2015 on patient outcomes and cost savings derived from
32 new adherence strategies in the health home model and make
33 recommendations for improving the strategies.

34 (n) Managed care contracts must incorporate accountability
35 measures that monitor patient health and improved health outcomes,
36 and shall include an expectation that each patient receive a wellness
37 examination that documents the baseline health status and allows for
38 monitoring of health improvements and outcome measures.

1 (o) \$88,000 of the medicaid fraud penalty account—state

10 Washington health benefit exchange for clients that will be
11 ineligible for medicaid.

12 (r) To facilitate a single point of entry across public and
13 medical assistance programs, and to maximize the use of federal
14 funding, the health care authority, the department of social and
15 health services, and the health benefit exchange will coordinate
16 efforts to expand HealthPlanfinder access to public assistance and
17 medical eligibility staff. No later than October 1, 2015, the health
18 care authority shall complete medicaid applications in the
19 HealthPlanfinder for households receiving or applying for medical
20 assistance benefits.

22 year 2016, \$90,000 of the general fund—state appropriation for fiscal
23 year 2017, and \$180,000 of the general fund—federal appropriation are
24 provided solely to continue operation by a nonprofit organization of
25 a toll-free hotline that assists families to learn about and enroll
26 in the apple health for kids program.

27 (t) The appropriations in this section reflect savings and
28 efficiencies by transferring children receiving medical care provided
29 through fee-for-service to medical care provided through managed
30 care.

32 authority shall reimburse for primary care services provided by
33 naturopathic physicians.

34 (v) Within the amounts appropriated in this section, the
35 authority shall continue to provide coverage for pregnant teens that
36 qualify under existing pregnancy medical programs, but whose
37 eligibility for pregnancy related services would otherwise end due to

2 the mental health visit limit and to provide the shingles vaccine and
3 screening, brief intervention, and referral to treatment benefits

28 size reduction in grades K through 3 to the extent of, and
29 proportionate to, the school's demonstrated actual average class size
30 up to the funded high-poverty class size. The superintendent shall
31 adopt rules requiring school districts to report full-time equivalent
32 student enrollment to carry out this requirement and as provided in
33 RCW 28A.655.210.

34 (iii) Pursuant to RCW 28A.150.260(4)(a), the assumed teacher
35 planning period, expressed as a percentage of a teacher work day, is
36 13.42 percent in grades K-6, and 16.67 percent in grades 7-12; and

1 (iv) Advanced placement and international baccalaureate courses
 2 are funded at the same class size assumptions as general education
 3 schools in the same grade; and

4 (d)(i) Funding for teacher librarians, school nurses, social
 5 workers, school psychologists, and guidance counselors is allocated
 6 based on the school prototypes as provided in RCW 28A.150.260 and (a)
 7 of this subsection and is considered certificated instructional
 8 staff, except as provided in (d)(ii) of this subsection.

9 (ii) Students in approved career and technical education and
 10 skill center programs generate certificated instructional staff units
 11 to provide for the services of teacher librarians, school nurses,
 12 social workers, school psychologists, and guidance counselors at the
 13 following combined rate per 1000 student full-time equivalent
 14 enrollment:

	2015-16 School	2016-17 School
	Year	Year
Career and	2.72	2.72
Technical		
Education		
Skill Center	3.06	3.06

21 (3) ADMINISTRATIVE STAFF ALLOCATIONS

22 (a) Allocations for school building-level certificated
 23 administrative staff salaries for the 2015-16 and 2016-17 school
 24 years for general education students are determined using the formula
 25 generated staff units calculated pursuant to this subsection. The
 26 superintendent shall make allocations to school districts based on
 27 the district's annual average full-time equivalent enrollment in each
 28 grade. The following prototypical school values shall determine the
 29 allocation for principals, assistance principals, and other
 30 certificated building level administrators:

31 Prototypical School Building:

32 Elementary School	1.253
33 Middle School	1.353
34 High School	1.880

35 (b) Students in approved career and technical education and skill
 36 center programs generate certificated school building-level

1 administrator staff units at per student rates that are a multiple of
2 the general education rate in (a) of this subsection by the following
3 factors: Career and Technical Education students. 1.025
4 Skill Center students. 1.198

5 (4) CLASSIFIED STAFF ALLOCATIONS

6 Allocations for classified staff units providing school building-
7 level and district-wide support services for the 2015-16 and 2016-17
8 school years are determined using the formula-generated staff units
9 provided in RCW 28A.150.260, and adjusted based on each district's
10 annual average full-time equivalent student enrollment in each grade,
11 except that the allocation for parent involvement coordinators in an
12 elementary school shall be 0.0825, which enhancement is within the
13 program of basic education.

14 (5) CENTRAL OFFICE ALLOCATIONS

15 In addition to classified and administrative staff units
16 allocated in subsections (3) and (4) of this section, classified and
17 administrative staff units are provided for the 2015-16 and 2016-17
18 school year for the central office administrative costs of operating
19 a school district, at the following rates:

20 (a) The total central office staff units provided in this
21 subsection (5) are calculated by first multiplying the total number
22 of eligible certificated instructional, certificated administrative,
23 and classified staff units providing school-based or district-wide
24 support services, as identified in RCW 28A.150.260(6)(b), by 5.3
25 percent.

26 (b) Of the central office staff units calculated in (a) of this
27 subsection, 74.53 percent are allocated as classified staff units, as
28 generated in subsection (4) of this section, and 25.47 percent shall
29 be allocated as administrative staff units, as generated in
30 subsection (3) of this section.

31 (c) Staff units generated as enhancements outside the program of
32 basic education to the minimum requirements of RCW 28A.150.260, and
33 staff units generated by skill center and career-technical students,
34 are excluded from the total central office staff units calculation in
35 (a) of this subsection.

36 (d) For students in approved career-technical and skill center
37 programs, central office classified units are allocated at the same
38 staff unit per student rate as those generated for general education
39 students of the same grade in this subsection (5), and central office

1 administrative staff units are allocated at staff unit per student
2 rates that exceed the general education rate established for students
3 in the same grade in this subsection (5) by 0.94 percent in the
4 2015-16 school year and 0.94 percent in the 2016-17 school year for
5 career and technical education students, and 17.34 percent in the
6 2015-16 school year and 17.33 percent in the 2016-17 school year for
7 skill center students.

8 (6) FRINGE BENEFIT ALLOCATIONS

9 Fringe benefit allocations shall be calculated at a rate of 21.42
10 percent in the 2015-16 school year and 21.42 percent in the 2016-17
11 school year for certificated salary allocations provided under
12 subsections (2), (3), and (5) of this section, and a rate of 22.72
13 percent in the 2015-16 school year and 22.72 percent in the 2016-17
14 school year for classified salary allocations provided under
15 subsections (4) and (5) of this section.

16 (7) INSURANCE BENEFIT ALLOCATIONS

17 Insurance benefit allocations shall be calculated at the
18 maintenance rate specified in section 504 of this act, based on the
19 number of benefit units determined as follows:

20 (a) The number of certificated staff units determined in
21 subsections (2), (3), and (5) of this section; and

22 (b) The number of classified staff units determined in
23 subsections (4) and (5) of this section multiplied by 1.152. This
24 factor is intended to adjust allocations so that, for the purposes of
25 distributing insurance benefits, full-time equivalent classified
26 employees may be calculated on the basis of 1440 hours of work per
27 year, with no individual employee counted as more than one full-time
28 equivalent.

29 (8) MATERIALS, SUPPLIES, AND OPERATING COSTS (MSOC) ALLOCATIONS

30 Funding is allocated per annual average full-time equivalent
31 student for the materials, supplies, and operating costs (MSOC)
32 incurred by school districts, consistent with the requirements of RCW
33 28A.150.260.

34 (a)(i) MSOC funding for general education students are allocated
35 at the following per student rates:

13 (ii) School districts accepting enhanced MSOC funding above the
14 rate provided in school year 2014-15 shall consider these funds as
15 levy reduction funds and reduce their calendar year 2016 and 2017
16 levy base respectively used for calculating local levy authority and
17 local effort assistance by the amount of the enhancement when
18 calculating the school district's levy base under RCW 84.52.0531.
19 School districts may continue to receive the school year 2014-15 MSOC
20 rate so that the school district's levy base is not reduced.

21 (b) Students in approved skill center programs generate per
22 student FTE MSOC allocations of \$1,272.99 for the 2015-16 school year
23 and \$1,294.63 for the 2016-17 school year.

24 (c) Students in approved exploratory and preparatory career and
25 technical education programs generate a per student MSOC allocation

4 (9) SUBSTITUTE TEACHER ALLOCATIONS

5 For the 2015-16 and 2016-17 school years, funding for substitute
6 costs for classroom teachers is based on four (4) funded substitute
7 days per classroom teacher unit generated under subsection (2) of
8 this section, at a daily substitute rate of \$151.86.

9 (10) ALTERNATIVE LEARNING EXPERIENCE PROGRAM FUNDING

10 (a) Amounts provided in this section from July 1, 2015, to August
11 31, 2015, are adjusted to reflect provisions of chapter 4, Laws of
12 2013 2nd sp. sess., as amended (allocation of funding for funding for
13 students enrolled in alternative learning experiences).

14 (b) The superintendent of public instruction shall require all
15 districts receiving general apportionment funding for alternative
16 learning experience (ALE) programs as defined in WAC 392-121-182 to
17 provide separate financial accounting of expenditures for the ALE
18 programs offered in district or with a provider, including but not
19 limited to private companies and multidistrict cooperatives, as well
20 as accurate, monthly headcount and FTE enrollment claimed for basic
21 education, including separate counts of resident and nonresident
22 students.

23 (11) DROPOUT REENGAGEMENT PROGRAM

24 The superintendent shall adopt rules to require students claimed
25 for general apportionment funding based on enrollment in dropout
26 reengagement programs authorized under RCW 28A.175.100 through
27 28A.175.115 to meet requirements for at least weekly minimum
28 instructional contact, academic counseling, career counseling, or
29 case management contact. Districts must also provide separate
30 financial accounting of expenditures for the programs offered by the
31 district or under contract with a provider, as well as accurate
32 monthly headcount and full-time equivalent enrollment claimed for
33 basic education, including separate enrollment counts of resident and
34 nonresident students.

35 (12) VOLUNTARY ALL DAY KINDERGARTEN PROGRAMS

36 Funding in this section is sufficient to fund voluntary all day
37 kindergarten programs in qualifying schools in the 2015-16 school
38 year and all schools in the 2016-17 school year, pursuant to RCW

1 28A.150.220 and 28A.150.315. Each kindergarten student who enrolls
2 for the voluntary all-day program in a qualifying school shall count
3 as one-half of one full-time equivalent student for purpose of making
4 allocations under this section. Funding in this section provides all-
5 day kindergarten programs for 75 percent of kindergarten enrollment
6 in the 2015-16 school year and full funding in the 2016-17 school
7 year, which enhancement is within the program of basic education.

8 (13) ADDITIONAL FUNDING FOR SMALL SCHOOL DISTRICTS AND REMOTE AND
9 NECESSARY PLANTS

10 For small school districts and remote and necessary school plants
11 within any district which have been judged to be remote and necessary
12 by the superintendent of public instruction, additional staff units
13 are provided to ensure a minimum level of staffing support.
14 Additional administrative and certificated instructional staff units
15 provided to districts in this subsection shall be reduced by the
16 general education staff units, excluding career and technical
17 education and skills center enhancement units, otherwise provided in
18 subsections (2) through (5) of this section on a per district basis.

19 (a) For districts enrolling not more than twenty-five average
20 annual full-time equivalent students in grades K-8, and for small
21 school plants within any school district which have been judged to be
22 remote and necessary by the superintendent of public instruction and
23 enroll not more than twenty-five average annual full-time equivalent
24 students in grades K-8:

25 (i) For those enrolling no students in grades 7 and 8, 1.76
26 certificated instructional staff units and 0.24 certificated

32 administrative staff units for enrollment of not more than five
33 students, plus one-tenth of a certificated instructional staff unit
34 for each additional student enrolled;

35 (b) For specified enrollments in districts enrolling more than
36 twenty-five but not more than one hundred average annual full-time
37 equivalent students in grades K-8, and for small school plants within

11 enrollments of less than three hundred average annual full-time
12 equivalent students, for enrollment in grades 9-12 in each such
13 school, other than alternative schools, except as noted in this
14 subsection:

15 (i) For remote and necessary schools enrolling students in any
16 grades 9-12 but no more than twenty-five average annual full-time
17 equivalent students in grades K-12, four and one-half certificated
18 instructional staff units and one-quarter of a certificated
19 administrative staff unit;

20 (ii) For all other small high schools under this subsection, nine
21 certificated instructional staff units and one-half of a certificated
22 administrative staff unit for the first sixty average annual full-
23 time equivalent students, and additional staff units based on a ratio
24 of 0.8732 certificated instructional staff units and 0.1268
25 certificated administrative staff units per each additional forty-
26 three and one-half average annual full-time equivalent students;

27 (iii) Districts receiving staff units under this subsection shall
28 add students enrolled in a district alternative high school and any
29 grades nine through twelve alternative learning experience programs
30 with the small high school enrollment for calculations under this
31 subsection;

32 (d) For each nonhigh school district having an enrollment of more
33 than seventy annual average full-time equivalent students and less
34 than one hundred eighty students, operating a grades K-8 program or a
35 grades 1-8 program, an additional one-half of a certificated
36 instructional staff unit;

37 (e) For each nonhigh school district having an enrollment of more

2 instructional staff unit;

3 (f)(i) For enrollments generating certificated staff unit
4 allocations under (a) through (e) of this subsection, one classified
5 staff unit for each 2.94 certificated staff units allocated under
6 such subsections;

7 (ii) For each nonhigh school district with an enrollment of more
8 than fifty annual average full-time equivalent students and less than
9 one hundred eighty students, an additional one-half of a classified
10 staff unit; and

11 (g) School districts receiving additional staff units to support
12 small student enrollments and remote and necessary plants under this
13 subsection (12) shall generate additional MSOC allocations consistent
14 with the nonemployee related costs (NERC) allocation formula in place
15 for the 2010-11 school year as provided section 502, chapter 37, Laws
16 of 2010 1st sp. sess. (2010 supplemental budget), adjusted annually
17 for inflation.

18 (14) Any school district board of directors may petition the
19 superintendent of public instruction by submission of a resolution
20 adopted in a public meeting to reduce or delay any portion of its
21 basic education allocation for any school year. The superintendent of
22 public instruction shall approve such reduction or delay if it does
23 not impair the district's financial condition. Any delay shall not be
24 for more than two school years. Any reduction or delay shall have no
25 impact on levy authority pursuant to RCW 84.52.0531 and local effort
26 assistance pursuant to chapter 28A.500 RCW.

27 (15) The superintendent may distribute funding for the following
28 programs outside the basic education formula during fiscal years 2016
29 and 2017 as follows:

30 (a) \$621,000 of the general fund—state appropriation for fiscal
31 year 2016 and \$631,000 of the general fund—state appropriation for
32 fiscal year 2017 are provided solely for fire protection for school
33 districts located in a fire protection district as now or hereafter
34 established pursuant to chapter 52.04 RCW.

35 (b) \$436,000 of the general fund—state appropriation for fiscal
36 year 2016 and \$436,000 of the general fund—state appropriation for
37 fiscal year 2017 are provided solely for programs providing skills
38 training for secondary students who are enrolled in extended day
39 school-to-work programs, as approved by the superintendent of public

1 instruction. The funds shall be allocated at a rate not to exceed
2 \$500 per full-time equivalent student enrolled in those programs.

3 (16) \$219,000 of the general fund—state appropriation for fiscal
4 year 2016 and \$223,000 of the general fund—state appropriation for
5 fiscal year 2017 are provided solely for school district emergencies
6 as certified by the superintendent of public instruction. Funding
7 provided must be conditioned upon the written commitment and plan of
8 the school district board of directors to repay the grant with any
9 insurance payments or other judgments that may be awarded, if
10 applicable. At the close of the fiscal year the superintendent of
11 public instruction shall report to the office of financial management
12 and the appropriate fiscal committees of the legislature on the
13 allocations provided to districts and the nature of the emergency.

14 (17) Funding in this section is sufficient to fund a maximum of
15 1.6 FTE enrollment for skills center students pursuant to chapter
16 463, Laws of 2007.

17 (18) Students participating in running start programs may be
18 funded up to a combined maximum enrollment of 1.2 FTE including
19 school district and institution of higher education enrollment. In
20 calculating the combined 1.2 FTE, the office of the superintendent of
21 public instruction may average the participating student's September
22 through June enrollment to account for differences in the start and
23 end dates for courses provided by the high school and higher
24 education institution. Additionally, the office of the superintendent
25 of public instruction, in consultation with the state board for
26 community and technical colleges, the student achievement council,
27 and the education data center, shall annually track and report to the
28 fiscal committees of the legislature on the combined FTE experience
29 of students participating in the running start program, including
30 course load analyses at both the high school and community and
31 technical college system.

32 (19) If two or more school districts consolidate and each
33 district was receiving additional basic education formula staff units
34 pursuant to subsection (12) of this section, the following apply:

35 (a) For three school years following consolidation, the number of
36 basic education formula staff units shall not be less than the number
37 of basic education formula staff units received by the districts in
38 the school year prior to the consolidation; and

39 (b) For the fourth through eighth school years following
40 consolidation, the difference between the basic education formula

1 staff units received by the districts for the school year prior to
2 consolidation and the basic education formula staff units after
3 consolidation pursuant to subsection (12) of this section shall be
4 reduced in increments of twenty percent per year.

5 (20)(a) Indirect cost charges by a school district to approved
6 career and technical education middle and secondary programs shall
7 not exceed 15 percent of the combined basic education and career and
8 technical education program enhancement allocations of state funds.
9 Middle and secondary career and technical education programs are
10 considered separate programs for funding and financial reporting
11 purposes under this section.

12 (b) Career and technical education program full-time equivalent
13 enrollment shall be reported on the same monthly basis as the
14 enrollment for students eligible for basic support, and payments
15 shall be adjusted for reported career and technical education program
16 enrollments on the same monthly basis as those adjustments for
17 enrollment for students eligible for basic support.

18 (21) Funding in this section is sufficient to provide full
19 general apportionment payments to school districts eligible for
20 federal forest revenues as provided in RCW 28A.520.020. School
21 districts receiving federal forest revenues shall not have their
22 general apportionment reduced.

23 NEW SECTION. **Sec. 503. FOR THE SUPERINTENDENT OF PUBLIC**
24 **INSTRUCTION—BASIC EDUCATION EMPLOYEE COMPENSATION**

25 (1) The following calculations determine the salaries used in the
26 state allocations for certificated instructional, certificated
27 administrative, and classified staff units as provided in RCW
28 28A.150.280 and under section 502 of this act:

29 (a) Salary allocations for certificated instructional staff units
30 are determined for each district by multiplying the district's
31 certificated instructional total base salary shown on LEAP Document 2
32 by the district's average staff mix factor for certificated
33 instructional staff in that school year, computed using LEAP document
34 1; and

35 (b) Salary allocations for certificated administrative staff
36 units and classified staff units for each district are determined
37 based on the district's certificated administrative and classified
38 salary allocation amounts shown on LEAP Document 2.

39 (2) For the purposes of this section:

(a) "LEAP Document 1" means the staff mix factors for certificated instructional staff according to education and years of experience, as developed by the legislative evaluation and accountability program committee on March 24, 2015 at 06:11 hours; and

(b) "LEAP Document 2" means the school year salary allocations for certificated administrative staff and classified staff and derived and total base salaries for certificated instructional staff as developed by the legislative evaluation and accountability program committee on March 24, 2015 at 06:11 hours.

(3) Incremental fringe benefit factors are applied to salary adjustments at a rate of 20.78 percent for school year 2015-16 and 20.78 percent for school year 2016-17 for certificated instructional and certificated administrative staff and 19.22 percent for school year 2015-16 and 19.22 percent for the 2016-17 school year for classified staff.

(4)(a) Pursuant to RCW 28A.150.410, the following state-wide salary allocation schedules for certificated instructional staff are established for basic education salary allocations:

4 biennia, the operations of the productivity board shall be suspended.

5 **Sec. 936.** RCW 41.80.010 and 2013 2nd sp.s. c 4 s 971 are each
6 amended to read as follows:

7 (1) For the purpose of negotiating collective bargaining
8 agreements under this chapter, the employer shall be represented by
9 the governor or governor's designee, except as provided for
10 institutions of higher education in subsection (4) of this section.

11 (2)(a) If an exclusive bargaining representative represents more
12 than one bargaining unit, the exclusive bargaining representative
13 shall negotiate with each employer representative as designated in
14 subsection (1) of this section one master collective bargaining
15 agreement on behalf of all the employees in bargaining units that the
16 exclusive bargaining representative represents. For those exclusive
17 bargaining representatives who represent fewer than a total of five
18 hundred employees each, negotiation shall be by a coalition of all
19 those exclusive bargaining representatives. The coalition shall
20 bargain for a master collective bargaining agreement covering all of
21 the employees represented by the coalition. The governor's designee
22 and the exclusive bargaining representative or representatives are
23 authorized to enter into supplemental bargaining of agency-specific
24 issues for inclusion in or as an addendum to the master collective
25 bargaining agreement, subject to the parties' agreement regarding the
26 issues and procedures for supplemental bargaining. This section does
27 not prohibit cooperation and coordination of bargaining between two
28 or more exclusive bargaining representatives.

29 (b) This subsection (2) does not apply to exclusive bargaining
30 representatives who represent employees of institutions of higher
31 education, except when the institution of higher education has
32 elected to exercise its option under subsection (4) of this section
33 to have its negotiations conducted by the governor or governor's
34 designee under the procedures provided for general government
35 agencies in subsections (1) through (3) of this section.

36 (c) If five hundred or more employees of an independent state
37 elected official listed in RCW 43.01.010 are organized in a
38 bargaining unit or bargaining units under RCW 41.80.070, the official
39 shall be consulted by the governor or the governor's designee before

1 any agreement is reached under (a) of this subsection concerning
2 supplemental bargaining of agency specific issues affecting the
3 employees in such bargaining unit.

4 (3) The governor shall submit a request for funds necessary to
5 implement the compensation and fringe benefit provisions in the
6 master collective bargaining agreement or for legislation necessary
7 to implement the agreement. Requests for funds necessary to implement
8 the provisions of bargaining agreements shall not be submitted to the
9 legislature by the governor unless such requests:

10 (a) Have been submitted to the director of the office of
11 financial management by October 1 prior to the legislative session at
12 which the requests are to be considered; and

13 (b) Have been certified by the director of the office of
14 financial management as being feasible financially for the state.

15 The legislature shall approve or reject the submission of the
16 request for funds as a whole. The legislature shall not consider a
17 request for funds to implement a collective bargaining agreement
18 unless the request is transmitted to the legislature as part of the
19 governor's budget document submitted under RCW 43.88.030 and
20 43.88.060. If the legislature rejects or fails to act on the
21 submission, either party may reopen all or part of the agreement or
22 the exclusive bargaining representative may seek to implement the
23 procedures provided for in RCW 41.80.090.

24 (4)(a)(i) For the purpose of negotiating agreements for
25 institutions of higher education, the employer shall be the
26 respective governing board of each of the universities, colleges, or
27 community colleges or a designee chosen by the board to negotiate on
28 its behalf.

29 (ii) A governing board of a university or college may elect to
30 have its negotiations conducted by the governor or governor's
31 designee under the procedures provided for general government
32 agencies in subsections (1) through (3) of this section, except that:

33 (A) The governor or the governor's designee and an exclusive
34 bargaining representative shall negotiate one master collective
35 bargaining agreement for all of the bargaining units of employees of
36 a university or college that the representative represents; or

37 (B) If the parties mutually agree, the governor or the governor's
38 designee and an exclusive bargaining representative shall negotiate
39 one master collective bargaining agreement for all of the bargaining

1 units of employees of more than one university or college that the
2 representative represents.

3 (iii) A governing board of a community college may elect to have
4 its negotiations conducted by the governor or governor's designee
5 under the procedures provided for general government agencies in
6 subsections (1) through (3) of this section.

7 (b) Prior to entering into negotiations under this chapter, the
8 institutions of higher education or their designees shall consult
9 with the director of the office of financial management regarding
10 financial and budgetary issues that are likely to arise in the
11 impending negotiations.

12 (c)(i) In the case of bargaining agreements reached between
13 institutions of higher education other than the University of
14 Washington and exclusive bargaining representatives agreed to under
15 the provisions of this chapter, if appropriations are necessary to
16 implement the compensation and fringe benefit provisions of the
17 bargaining agreements, the governor shall submit a request for such
18 funds to the legislature according to the provisions of subsection
19 (3) of this section, except as provided in (c)(iii) of this
20 subsection.

21 (ii) In the case of bargaining agreements reached between the
22 University of Washington and exclusive bargaining representatives
23 agreed to under the provisions of this chapter, if appropriations are
24 necessary to implement the compensation and fringe benefit provisions
25 of a bargaining agreement, the governor shall submit a request for
26 such funds to the legislature according to the provisions of
27 subsection (3) of this section, except as provided in this subsection
28 (4)(c)(ii) and as provided in (c)(iii) of this subsection.

29 (A) If appropriations of less than ten thousand dollars are
30 necessary to implement the provisions of a bargaining agreement, a
31 request for such funds shall not be submitted to the legislature by
32 the governor unless the request has been submitted to the director of
33 the office of financial management by October 1 prior to the
34 legislative session at which the request is to be considered.

35 (B) If appropriations of ten thousand dollars or more are
36 necessary to implement the provisions of a bargaining agreement, a
37 request for such funds shall not be submitted to the legislature by
38 the governor unless the request:

1 (I) Has been submitted to the director of the office of financial
2 management by October 1 prior to the legislative session at which the
3 request is to be considered; and

4 (II) Has been certified by the director of the office of
5 financial management as being feasible financially for the state.

6 (C) If the director of the office of financial management does
7 not certify a request under (c)(ii)(B) of this subsection as being
8 feasible financially for the state, the parties shall enter into
9 collective bargaining solely for the purpose of reaching a mutually
10 agreed upon modification of the agreement necessary to address the
11 absence of those requested funds. The legislature may act upon the
12 compensation and fringe benefit provisions of the modified collective
13 bargaining agreement if those provisions are agreed upon and
14 submitted to the office of financial management and legislative
15 budget committees before final legislative action on the biennial or
16 supplemental operating budget by the sitting legislature.

17 (iii) In the case of a bargaining unit of employees of
18 institutions of higher education in which the exclusive bargaining
19 representative is certified during or after the conclusion of a
20 legislative session, the legislature may act upon the compensation
21 and fringe benefit provisions of the unit's initial collective
22 bargaining agreement if those provisions are agreed upon and
23 submitted to the office of financial management and legislative
24 budget committees before final legislative action on the biennial or
25 supplemental operating budget by the sitting legislature.

26 (5) There is hereby created a joint committee on employment
27 relations, which consists of two members with leadership positions in
28 the house of representatives, representing each of the two largest
29 caucuses; the chair and ranking minority member of the house
30 appropriations committee, or its successor, representing each of the
31 two largest caucuses; two members with leadership positions in the
32 senate, representing each of the two largest caucuses; and the chair
33 and ranking minority member of the senate ways and means committee,
34 or its successor, representing each of the two largest caucuses. The
35 governor shall periodically consult with the committee regarding
36 appropriations necessary to implement the compensation and fringe
37 benefit provisions in the master collective bargaining agreements,
38 and upon completion of negotiations, advise the committee on the
39 elements of the agreements and on any legislation necessary to
40 implement the agreements.

1 (6) If, after the compensation and fringe benefit provisions of
2 an agreement are approved by the legislature, a significant revenue
3 shortfall occurs resulting in reduced appropriations, as declared by
4 proclamation of the governor or by resolution of the legislature,
5 both parties shall immediately enter into collective bargaining for a
6 mutually agreed upon modification of the agreement.

7 (7) After the expiration date of a collective bargaining
8 agreement negotiated under this chapter, all of the terms and
9 conditions specified in the collective bargaining agreement remain in
10 effect until the effective date of a subsequently negotiated
11 agreement, not to exceed one year from the expiration date stated in
12 the agreement. Thereafter, the employer may unilaterally implement
13 according to law.

14 (8) For the 2013-2015 and 2015-2017 fiscal (~~(biennium)~~) biennia,
15 a collective bargaining agreement related to employee health care
16 benefits negotiated between the employer and coalition pursuant to
17 RCW 41.80.020(3) regarding the dollar amount expended on behalf of
18 each employee shall be a separate agreement for which the governor
19 may request funds necessary to implement the agreement. (~~The~~
20 ~~legislature may act upon a 2013-2015 collective bargaining agreement~~
21 ~~related to employee health care benefits if an agreement is reached~~
22 ~~and submitted to the office of financial management and legislative~~
23 ~~budget committees before final legislative action on the biennial or~~
24 ~~supplemental operating appropriations act by the sitting~~
25 ~~legislature.~~)

26 **Sec. 937.** RCW 41.80.020 and 2013 2nd sp.s. c 4 s 972 are each
27 amended to read as follows:

28 (1) Except as otherwise provided in this chapter, the matters
29 subject to bargaining include wages, hours, and other terms and
30 conditions of employment, and the negotiation of any question arising
31 under a collective bargaining agreement.

32 (2) The employer is not required to bargain over matters
33 pertaining to:

34 (a) Health care benefits or other employee insurance benefits,
35 except as required in subsection (3) of this section;

36 (b) Any retirement system or retirement benefit; or

37 (c) Rules of the human resources director, the director of
38 enterprise services, or the Washington personnel resources board
39 adopted under RCW 41.06.157.

1 (3) Matters subject to bargaining include the number of names to
2 be certified for vacancies, promotional preferences, and the dollar
3 amount expended on behalf of each employee for health care benefits.
4 However, except as provided otherwise in this subsection for
5 institutions of higher education, negotiations regarding the number
6 of names to be certified for vacancies, promotional preferences, and
7 the dollar amount expended on behalf of each employee for health care
8 benefits shall be conducted between the employer and one coalition of
9 all the exclusive bargaining representatives subject to this chapter.
10 The exclusive bargaining representatives for employees that are
11 subject to chapter 47.64 RCW shall bargain the dollar amount expended
12 on behalf of each employee for health care benefits with the employer
13 as part of the coalition under this subsection. Any such provision
14 agreed to by the employer and the coalition shall be included in all
15 master collective bargaining agreements negotiated by the parties.
16 For institutions of higher education, promotional preferences and the
17 number of names to be certified for vacancies shall be bargained
18 under the provisions of RCW 41.80.010(4). For agreements covering the
19 2013-2015 and 2015-2017 fiscal (~~(biennium)~~) biennia, any agreement
20 between the employer and the coalition regarding the dollar amount
21 expended on behalf of each employee for health care benefits is a
22 separate agreement and shall not be included in the master collective
23 bargaining agreements negotiated by the parties.

24 (4) The employer and the exclusive bargaining representative
25 shall not agree to any proposal that would prevent the implementation
26 of approved affirmative action plans or that would be inconsistent
27 with the comparable worth agreement that provided the basis for the
28 salary changes implemented beginning with the 1983-1985 biennium to
29 achieve comparable worth.

30 (5) The employer and the exclusive bargaining representative
31 shall not bargain over matters pertaining to management rights
32 established in RCW 41.80.040.

33 (6) Except as otherwise provided in this chapter, if a conflict
34 exists between an executive order, administrative rule, or agency
35 policy relating to wages, hours, and terms and conditions of
36 employment and a collective bargaining agreement negotiated under
37 this chapter, the collective bargaining agreement shall prevail. A
38 provision of a collective bargaining agreement that conflicts with
39 the terms of a statute is invalid and unenforceable.

1 (7) This section does not prohibit bargaining that affects
2 contracts authorized by RCW 41.06.142.

3 **Sec. 938.** RCW 43.08.190 and 2013 2nd sp.s. c 4 s 973 are each
4 amended to read as follows:

6 known as the "state treasurer's service fund." Such fund shall be
7 used solely for the payment of costs and expenses incurred in the
8 operation and administration of the state treasurer's office.

9 Moneys shall be allocated monthly and placed in the state
10 treasurer's service fund equivalent to a maximum of one percent of
11 the trust and treasury average daily cash balances from the earnings
12 generated under the authority of RCW 43.79A.040 and 43.84.080 other
13 than earnings generated from investment of balances in funds and
14 accounts specified in RCW 43.79A.040(4)(c). The allocation shall
15 precede the distribution of the remaining earnings as prescribed
16 under RCW 43.79A.040 and 43.84.092. The state treasurer shall
17 establish a uniform allocation rate for all funds and accounts;
18 except that the state treasurer may negotiate a different allocation
19 rate with any state agency that has independent authority over funds
20 not statutorily required to be held in the state treasury or in the
21 custody of the state treasurer. In no event shall the rate be less
22 than the actual costs incurred by the state treasurer's office. If no
23 rate is separately negotiated, the default rate for any funds held
24 shall be the rate set for funds held pursuant to statute.

25 During the (~~(2009-2011 fiscal biennium and the 2011-2013 and)~~)
26 2013-2015 and 2015-2017 fiscal biennia, the legislature may transfer
27 from the state treasurer's service fund to the state general fund

33 biennium, the legislature may transfer funds from the liquor
34 revolving account [fund] to the state general fund and may direct an
35 additional amount of liquor profits to be distributed to local

1 fiscal biennium, the state treasurer shall transfer from the liquor
2 revolving fund to the state general fund forty-two million five
3 hundred thousand dollars for fiscal year 2012 and forty-two million

6 distributions that otherwise would occur under RCW 66.08.190. Sales
7 to licensees are exempt from any liquor price increases that may
8 result from the transfer of funds from the liquor revolving fund to
9 the state general fund during the 2011-2013 fiscal biennium.
10 Disbursements from the revolving fund shall be on authorization of
11 the board or a duly authorized representative thereof. In order to

26 a prosecuting attorney in Washington state; (b) the provision of drug
27 and alcohol treatment services and treatment support services for
28 nonviolent offenders within a drug court program; (c) the
29 administrative and overhead costs associated with the operation of a

31 may appropriate up to three million dollars from the account in order
32 to offset reductions in the state general fund for treatment services
33 provided by counties. This amount is not subject to the requirements
34 of subsections (5) through (9) of this section. During the 2013-2015
35 and 2015-2017 fiscal ((biennium)) biennia, the legislature may
36 transfer from the criminal justice treatment account to the state
37 general fund amounts as reflect the state savings associated with the
38 implementation of the medicaid expansion of the federal affordable

27 year, the amount transferred shall be increased on an annual basis by
28 the implicit price deflator as published by the federal bureau of

30 (b) In each odd-numbered year, the legislature shall appropriate
31 the amount transferred to the criminal justice treatment account in
32 (a) of this subsection to the division of alcohol and substance abuse
33 for the purposes of subsection (5) of this section.

34 (5) Moneys appropriated to the division of alcohol and substance
35 abuse from the criminal justice treatment account shall be
36 distributed as specified in this subsection. The department shall
37 serve as the fiscal agent for purposes of distribution. Until July 1,
38 2004, the department may not use moneys appropriated from the
39 criminal justice treatment account for administrative expenses and
40 shall distribute all amounts appropriated under subsection (4)(b) of

1 this section in accordance with this subsection. Beginning in July 1,
2 2004, the department may retain up to three percent of the amount
3 appropriated under subsection (4)(b) of this section for its
4 administrative costs.

5 (a) Seventy percent of amounts appropriated to the division from

11 superior court judges' association, the Washington association of
12 prosecuting attorneys, representatives of the criminal defense bar,
13 representatives of substance abuse treatment providers, and any other
14 person deemed by the division to be necessary, shall establish a fair
15 and reasonable methodology for distribution to counties of moneys in
16 the criminal justice treatment account. County or regional plans
17 submitted for the expenditure of formula funds must be approved by
18 the panel established in (b) of this subsection.

19 (b) Thirty percent of the amounts appropriated to the division
20 from the account shall be distributed as grants for purposes of
21 treating offenders against whom charges are filed by a county
22 prosecuting attorney. The division shall appoint a panel of

29 professionals, substance abuse treatment providers, and the division.
30 The panel shall review county or regional plans for funding under (a)
31 of this subsection and grants approved under this subsection. The
32 panel shall attempt to ensure that treatment as funded by the grants
33 is available to offenders statewide.

34 (6) The county alcohol and drug coordinator, county prosecutor,
35 county sheriff, county superior court, a substance abuse treatment
36 provider appointed by the county legislative authority, a member of
37 the criminal defense bar appointed by the county legislative
38 authority, and, in counties with a drug court, a representative of
39 the drug court shall jointly submit a plan, approved by the county
40 legislative authority or authorities, to the panel established in

1 subsection (5)(b) of this section, for disposition of all the funds
2 provided from the criminal justice treatment account within that
3 county. The funds shall be used solely to provide approved alcohol
4 and substance abuse treatment pursuant to RCW 70.96A.090, treatment
5 support services, and for the administrative and overhead costs
6 associated with the operation of a drug court.

7 (a) No more than ten percent of the total moneys received under
8 subsections (4) and (5) of this section by a county or group of
9 counties participating in a regional agreement shall be spent on the
10 administrative and overhead costs associated with the operation of a
11 drug court.

12 (b) No more than ten percent of the total moneys received under
13 subsections (4) and (5) of this section by a county or group of
14 counties participating in a regional agreement shall be spent for
15 treatment support services.

16 (7) Counties are encouraged to consider regional agreements and
17 submit regional plans for the efficient delivery of treatment under
18 this section.

19 (8) Moneys allocated under this section shall be used to
20 supplement, not supplant, other federal, state, and local funds used
21 for substance abuse treatment.

22 (9) Counties must meet the criteria established in RCW
23 2.28.170(3)(b).

24 (10) The authority under this section to use funds from the
25 criminal justice treatment account for the administrative and
26 overhead costs associated with the operation of a drug court expires
27 June 30, ((2015)) 2017.

28 **Sec. 956.** RCW 70.105D.070 and 2013 2nd sp.s. c 19 s 7033 and
29 2013 2nd sp.s. c 4 s 992 are each reenacted and amended to read as
30 follows:

31 (1) The state toxics control account and the local toxics control

33 (2)(a) Moneys collected under RCW 82.21.030 must be deposited as
34 follows: Fifty-six percent to the state toxics control account under
35 subsection (3) of this section and forty-four percent to the local
36 toxics control account under subsection (4) of this section. When the
37 cumulative amount of deposits made to the state and local toxics
38 control accounts under this section reaches the limit during a fiscal
39 year as established in (b) of this subsection, the remainder of the

1 moneys collected under RCW 82.21.030 during that fiscal year must be
2 deposited into the environmental legacy stewardship account created
3 in RCW 70.105D.170.

4 (b) The limit on distributions of moneys collected under RCW
5 82.21.030 to the state and local toxics control accounts for the

40 terms of such funding are established under a settlement agreement

1 under RCW 70.105D.040(4) and when the director has found that the
2 funding will achieve both: (i) A substantially more expeditious or
3 enhanced cleanup than would otherwise occur; and (ii) the prevention
4 or mitigation of unfair economic hardship;

5 (l) Development and demonstration of alternative management
6 technologies designed to carry out the hazardous waste management
7 priorities of RCW 70.105.150;

8 (m) State agriculture and health programs for the safe use,

22 zone designated under RCW 70.105D.150;

23 (ii) The amount and terms of the funding are established under a
24 settlement agreement under RCW 70.105D.040(5); and

25 (iii) The director has found the funding meets any additional
26 criteria established in rule by the department, will achieve a
27 substantially more expeditious or enhanced cleanup than would
28 otherwise occur, and will provide a public benefit in addition to
29 cleanup commensurate with the scope of the public funding;

30 (r) Petroleum-based plastic or expanded polystyrene foam debris
31 cleanup activities in fresh or marine waters;

32 (s) Appropriations to the local toxics control account or the
33 environmental legacy stewardship account created in RCW 70.105D.170,
34 if the legislature determines that priorities for spending exceed
35 available funds in those accounts;

36 (t) During the 2013-2015 fiscal biennium, the department of
37 ecology's water quality, shorelands, environmental assessment,
38 administration, and air quality programs;

1 (u) During the 2013-2015 fiscal biennium, actions at the state
2 conservation commission to improve water quality for shellfish;
3 ((and))

4 (v) During the 2013-2015 and 2015-2017 fiscal ((biennium))
5 biennia, actions at the University of Washington for reducing ocean
6 acidification;

7 (w) For the 2013-2015 fiscal biennium, moneys in the state toxics
8 control account may be spent on projects in section 3159, chapter 19,
9 Laws of 2013 2nd sp. sess. and for transfer to the local toxics
10 control account; ((and))

11 (x) For the 2013-2015 fiscal biennium, moneys in the state toxics
12 control account may be transferred to the radioactive mixed waste
13 account; and

14 (y) For the 2015-2017 fiscal biennium, forest practices
15 regulation at the department of natural resources.

16 (4)(a) The department shall use moneys deposited in the local
17 toxics control account for grants or loans to local governments for
18 the following purposes in descending order of priority:

19 (i) Extended grant agreements entered into under (c)[(e)](i) of
20 this subsection;

21 (ii) Remedial actions, including planning for adaptive reuse of
22 properties as provided for under (c)[(e)](iv) of this subsection. The
23 department must prioritize funding of remedial actions at:

24 (A) Facilities on the department's hazardous sites list with a
25 high hazard ranking for which there is an approved remedial action
26 work plan or an equivalent document under federal cleanup law;

27 (B) Brownfield properties within a redevelopment opportunity zone
28 if the local government is a prospective purchaser of the property
29 and there is a department-approved remedial action work plan or
30 equivalent document under the federal cleanup law;

31 (iii) Storm water pollution source projects that: (A) Work in
32 conjunction with a remedial action; (B) protect completed remedial
33 actions against recontamination; or (C) prevent hazardous clean-up
34 sites;

35 (iv) Hazardous waste plans and programs under chapter 70.105 RCW;

36 (v) Solid waste plans and programs under chapters 70.95, 70.95C,
37 70.95I, and 70.105 RCW;

38 (vi) Petroleum-based plastic or expanded polystyrene foam debris
39 cleanup activities in fresh or marine waters; and

1 (vii) Appropriations to the state toxics control account or the
2 environmental legacy stewardship account created in RCW 70.105D.170,
3 if the legislature determines that priorities for spending exceed
4 available funds in those accounts.

5 (b) Funds for plans and programs must be allocated consistent
6 with the priorities and matching requirements established in chapters
7 70.105, 70.95C, 70.95I, and 70.95 RCW.

8 (c) During the 2013-2015 fiscal biennium, the local toxics
9 control account may also be used for local government storm water
10 planning and implementation activities.

11 (d) During the 2013-2015 fiscal biennium, the legislature may
12 transfer from the local toxics control account to the state general
13 fund, such amounts as reflect the excess fund balance in the account.

14 (e) To expedite cleanups throughout the state, the department may
15 use the following strategies when providing grants to local
16 governments under this subsection:

17 (i) Enter into an extended grant agreement with a local
18 government conducting remedial actions at a facility where those
19 actions extend over multiple biennia and the total eligible cost of
20 those actions exceeds twenty million dollars. The agreement is
21 subject to the following limitations:

22 (A) The initial duration of such an agreement may not exceed ten
23 years. The department may extend the duration of such an agreement
24 upon finding substantial progress has been made on remedial actions
25 at the facility;

26 (B) Extended grant agreements may not exceed fifty percent of the
27 total eligible remedial action costs at the facility; and

28 (C) The department may not allocate future funding to an extended
29 grant agreement unless the local government has demonstrated to the
30 department that funds awarded under the agreement during the previous
31 biennium have been substantially expended or contracts have been
32 entered into to substantially expend the funds;

33 (ii) Enter into a grant agreement with a local government
34 conducting a remedial action that provides for periodic reimbursement
35 of remedial action costs as they are incurred as established in the
36 agreement;

37 (iii) Enter into a grant agreement with a local government prior
38 to it acquiring a property or obtaining necessary access to conduct
39 remedial actions, provided the agreement is conditioned upon the

1 local government acquiring the property or obtaining the access in
2 accordance with a schedule specified in the agreement;

3 (iv) Provide integrated planning grants to local governments to
4 fund studies necessary to facilitate remedial actions at brownfield
5 properties and adaptive reuse of properties following remediation.
6 Eligible activities include, but are not limited to: Environmental
7 site assessments; remedial investigations; health assessments;
8 feasibility studies; site planning; community involvement; land use
9 and regulatory analyses; building and infrastructure assessments;
10 economic and fiscal analyses; and any environmental analyses under
11 chapter 43.21C RCW;

12 (v) Provide grants to local governments for remedial actions
13 related to area-wide groundwater contamination. To receive the
14 funding, the local government does not need to be a potentially
15 liable person or be required to seek reimbursement of grant funds
16 from a potentially liable person;

17 (vi) The director may alter grant matching requirements to create
18 incentives for local governments to expedite cleanups when one of the
19 following conditions exists:

20 (A) Funding would prevent or mitigate unfair economic hardship
21 imposed by the clean-up liability;

22 (B) Funding would create new substantial economic development,
23 public recreational opportunities, or habitat restoration
24 opportunities that would not otherwise occur; or

25 (C) Funding would create an opportunity for acquisition and
26 redevelopment of brownfield property under RCW 70.105D.040(5) that
27 would not otherwise occur;

28 (vii) When pending grant applications under (c)[(e)](iv) and (v)
29 of this subsection (4) exceed the amount of funds available,
30 designated redevelopment opportunity zones must receive priority for
31 distribution of available funds.

32 (d) [(f)] To expedite multiparty clean-up efforts, the department
33 may purchase remedial action cost-cap insurance. For the 2013-2015
34 fiscal biennium, moneys in the local toxics control account may be
35 spent on projects in sections 3024, 3035, 3036, and 3059, chapter 19,
36 Laws of 2013 2nd sp. sess.

37 (5) Except for unanticipated receipts under RCW 43.79.260 through
38 43.79.282, moneys in the state and local toxics control accounts may
39 be spent only after appropriation by statute.

1 (6) No moneys deposited into either the state or local toxics
2 control account may be used for: Natural disasters where there is no
3 hazardous substance contamination; high performance buildings; solid
4 waste incinerator facility feasibility studies, construction,
5 maintenance, or operation; or after January 1, 2010, for projects
6 designed to address the restoration of Puget Sound, funded in a
7 competitive grant process, that are in conflict with the action
8 agenda developed by the Puget Sound partnership under RCW 90.71.310.
9 However, this subsection does not prevent an appropriation from the
10 state toxics control account to the department of revenue to enforce
11 compliance with the hazardous substance tax imposed in chapter 82.21
12 RCW.

13 (7) Except during the 2011-2013 fiscal biennium, one percent of
14 the moneys collected under RCW 82.21.030 shall be allocated only for
15 public participation grants to persons who may be adversely affected
16 by a release or threatened release of a hazardous substance and to
17 not-for-profit public interest organizations. The primary purpose of
18 these grants is to facilitate the participation by persons and
19 organizations in the investigation and remedying of releases or
20 threatened releases of hazardous substances and to implement the
21 state's solid and hazardous waste management priorities. No grant may
22 exceed sixty thousand dollars. Grants may be renewed annually. Moneys
23 appropriated for public participation that are not expended at the
24 close of any biennium revert to the state toxics control account.

25 (8) The department shall adopt rules for grant or loan issuance
26 and performance. To accelerate both remedial action and economic
27 recovery, the department may expedite the adoption of rules necessary
28 to implement chapter 1, Laws of 2013 2nd sp. sess. using the
29 expedited procedures in RCW 34.05.353. The department shall initiate
30 the award of financial assistance by August 1, 2013. To ensure the
31 adoption of rules will not delay financial assistance, the department
32 may administer the award of financial assistance through interpretive
33 guidance pending the adoption of rules through July 1, 2014.

34 (9) Except as provided under subsection (3)(k) and (q) of this
35 section, nothing in chapter 1, Laws of 2013 2nd sp. sess. effects
36 [affects] the ability of a potentially liable person to receive
37 public funding.

38 (10) During the 2013-2015 fiscal biennium the local toxics
39 control account may also be used for the centennial clean water
40 program and for storm water grants.

1 **Sec. 957.** RCW 77.12.203 and 2014 c 55 s 1 are each amended to
2 read as follows:

3 (1) Except as provided in subsection (5) of this section and
4 notwithstanding RCW 84.36.010 or other statutes to the contrary, the
5 director must pay by April 30th of each year on game lands,
6 regardless of acreage, in each county, if requested by an election
7 under RCW 77.12.201, an amount in lieu of real property taxes equal
8 to that amount paid on similar parcels of open space land taxable
9 under chapter 84.34 RCW or the greater of seventy cents per acre per
10 year or the amount paid in 1984 plus an additional amount for control
11 of noxious weeds equal to that which would be paid if such lands were
12 privately owned. This amount may not be assessed or paid on
13 department buildings, structures, facilities, game farms, fish
14 hatcheries, water access sites, tidelands, or public fishing areas.

15 (2) "Game lands," as used in this section and RCW 77.12.201,
16 means those tracts, regardless of acreage, owned in fee by the
17 department and used for wildlife habitat and public recreational
18 purposes. All lands purchased for wildlife habitat, public access, or
19 recreation purposes with federal funds in the Snake River drainage
20 basin are considered game lands regardless of acreage.

21 (3) This section does not apply to lands transferred after April
22 23, 1990, to the department from other state agencies.

23 (4) The county must distribute the amount received under this
24 section in lieu of real property taxes to all property taxing
25 districts except the state in appropriate tax code areas the same way
26 it would distribute local property taxes from private property. The
27 county must distribute the amount received under this section for
28 weed control to the appropriate weed district.

29 (5) For the (~~2011-2013 and~~) 2013-2015 and 2015-2017 fiscal
30 biennia, the director must pay by April 30th of each year on game
31 lands in each county, if requested by an election under RCW

11 These amounts may not be assessed or paid on department buildings,
12 structures, facilities, game farms, fish hatcheries, water access
13 sites, tidelands, or public fishing areas.

14 **Sec. 958.** RCW 79.64.040 and 2014 c 32 s 4 are each amended to
15 read as follows:

16 (1) The board shall determine the amount deemed necessary in
17 order to achieve the purposes of this chapter and shall provide by
18 rule for the deduction of this amount from the moneys received from
19 all leases, sales, contracts, licenses, permits, easements, and
20 rights-of-way issued by the department and affecting state lands and
21 aquatic lands, provided that no deduction shall be made from the
22 proceeds from agricultural college lands.

23 (2) Moneys received as deposits from successful bidders, advance
24 payments, and security under RCW 79.15.100, 79.15.080, and 79.11.150
25 prior to December 1, 1981, which have not been subjected to deduction
26 under this section are not subject to deduction under this section.

27 (3) Except as otherwise provided in subsection (5) of this
28 section, the deductions authorized under this section shall not
29 exceed twenty-five percent of the moneys received by the department
30 in connection with any one transaction pertaining to state lands and
31 aquatic lands other than second-class tide and shore lands and the
32 beds of navigable waters, and fifty percent of the moneys received by
33 the department pertaining to second-class tide and shore lands and
34 the beds of navigable waters.

35 (4) In the event that the department sells logs using the
36 contract harvesting process described in RCW 79.15.500 through

1 79.15.530, the moneys received subject to this section are the net
2 proceeds from the contract harvesting sale.

3 (5) During the (~~2011-2013 and~~) 2013-2015 and 2015-2017 fiscal
4 biennia, the twenty-five percent limitation on deductions set in
5 subsection (3) of this section may be increased up to thirty percent
6 by the board.

7 **Sec. 959.** RCW 79.105.150 and 2013 2nd sp.s. c 4 s 1002 are each
8 amended to read as follows:

9 (1) After deduction for management costs as provided in RCW
10 79.64.040 and payments to towns under RCW 79.115.150(2), all moneys
11 received by the state from the sale or lease of state-owned aquatic
12 lands and from the sale of valuable material from state-owned aquatic
13 lands shall be deposited in the aquatic lands enhancement account
14 which is hereby created in the state treasury. After appropriation,
15 these funds shall be used solely for aquatic lands enhancement
16 projects; for the purchase, improvement, or protection of aquatic
17 lands for public purposes; for providing and improving access to the
18 lands; and for volunteer cooperative fish and game projects. During
19 the 2013-2015 and 2015-2017 fiscal (~~(biennium)~~) biennia, the aquatic
20 lands enhancement account may be used to support the shellfish
21 program, the ballast water program, hatcheries, the Puget Sound toxic
22 sampling program and steelhead mortality research at the department
23 of fish and wildlife, the knotweed program at the department of
24 agriculture, actions at the University of Washington for reducing
25 ocean acidification, which may include the creation of a center on
26 ocean acidification, and the Puget SoundCorps program. During the
27 2013-2015 fiscal biennium, the legislature may transfer from the
28 aquatic lands enhancement account to the geoduck aquaculture research
29 account for research related to shellfish aquaculture.

30 (2) In providing grants for aquatic lands enhancement projects,
31 the recreation and conservation funding board shall:

32 (a) Require grant recipients to incorporate the environmental
33 benefits of the project into their grant applications;

34 (b) Utilize the statement of environmental benefits,
35 consideration, except as provided in RCW 79.105.610, of whether the
36 applicant is a Puget Sound partner, as defined in RCW 90.71.010,
37 whether a project is referenced in the action agenda developed by the
38 Puget Sound partnership under RCW 90.71.310, and except as otherwise
39 provided in RCW 79.105.630, and effective one calendar year following

1 the development and statewide availability of model evergreen
2 community management plans and ordinances under RCW 35.105.050,
3 whether the applicant is an entity that has been recognized, and what
4 gradation of recognition was received, in the evergreen community
5 recognition program created in RCW 35.105.030 in its prioritization
6 and selection process; and

7 (c) Develop appropriate outcome-focused performance measures to
8 be used both for management and performance assessment of the grants.

9 (3) To the extent possible, the department should coordinate its
10 performance measure system with other natural resource-related
11 agencies as defined in RCW 43.41.270.

12 (4) The department shall consult with affected interest groups in
13 implementing this section.

14 (5) After January 1, 2010, any project designed to address the
15 restoration of Puget Sound may be funded under this chapter only if
16 the project is not in conflict with the action agenda developed by
17 the Puget Sound partnership under RCW 90.71.310.

18 **Sec. 960.** RCW 82.08.160 and 2014 c 221 s 923 are each amended to
19 read as follows:

20 (1) On or before the twenty-fifth day of each month, all taxes
21 collected under RCW 82.08.150 during the preceding month must be
22 remitted to the state department of revenue, to be deposited with the
23 state treasurer. Except as provided in subsections (2), (3), ~~((and))~~
24 (4), and (5) of this section, upon receipt of such moneys the state
25 treasurer must credit sixty-five percent of the sums collected and
26 remitted under RCW 82.08.150 (1) and (2) and one hundred percent of
27 the sums collected and remitted under RCW 82.08.150 (3) and (4) to
28 the state general fund and thirty-five percent of the sums collected
29 and remitted under RCW 82.08.150 (1) and (2) to a fund which is
30 hereby created to be known as the "liquor excise tax fund."

31 (2) During the 2012 fiscal year, 66.19 percent of the sums
32 collected and remitted under RCW 82.08.150 (1) and (2) must be
33 deposited in the state general fund and the remainder collected and
34 remitted under RCW 82.08.150 (1) and (2) must be deposited in the
35 liquor excise tax fund.

36 (3) During fiscal year 2013, all funds collected under RCW
37 82.08.150 (1), (2), (3), and (4) must be deposited into the state
38 general fund.

1 (4) During the 2013-2015 fiscal biennium, seventy-seven and
2 one-half percent of the sums collected and remitted under RCW
3 82.08.150 (1) and (2) must be deposited in the state general fund,
4 and the remainder collected and remitted under RCW 82.08.150 (1) and
5 (2) must be deposited in the liquor excise tax fund. The amendments
6 in this section are curative, clarifying, and remedial and apply
7 retroactively to July 1, 2013.

8 (5) During the 2015-2017 fiscal biennium, seventy-seven and
9 one-half percent of the sums collected and remitted under RCW

Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under the Washington medicaid integration partnership (WMIP) and the medicare integrated care project (MICP), the health care authority and the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 213 of this act as may be necessary

1 to finance a unified health care plan for the WMIP and the MICP
2 program enrollment. The WMIP pilot projects shall not exceed a daily
3 enrollment of 6,000 persons, nor expand beyond one county during the
4 2013-2015 fiscal biennium. The amount of funding assigned from each
5 program may not exceed the average per capita cost assumed in this
6 act for individuals covered by that program, actuarially adjusted for
7 the health condition of persons enrolled, times the number of clients
8 enrolled. In implementing the WMIP and the MICP, the health care
9 authority and the department may: (i) Withhold from calculations of
10 "available resources" as set forth in RCW 71.24.025 a sum equal to
11 the capitated rate for enrolled individuals; and (ii) employ
12 capitation financing and risk-sharing arrangements in collaboration
13 with health care service contractors licensed by the office of the
14 insurance commissioner and qualified to participate in both the
15 medicaid and medicare programs.

16 (b) If Washington has been selected to participate in phase two
17 of the federal demonstration project for persons dually-eligible for
18 both medicare and medicaid, the department and the authority may
19 initiate the MICP. Participation in the project shall be limited to
20 persons who are eligible for both medicare and medicaid and to
21 counties in which the county legislative authority has agreed to the
22 terms and conditions under which it will operate. The purpose of the
23 project shall be to demonstrate and evaluate ways to improve care
24 while reducing state expenditures for persons enrolled both in
25 medicare and medicaid. To that end, prior to initiating the project,
26 the department and the authority shall assure that state expenditures
27 shall be no greater on either a per person or total basis than the
28 state would otherwise incur. Individuals who are solely eligible for
29 medicaid may also participate if their participation is agreed to by
30 the health care authority, the department, and the county legislative
31 authority.

32 (4) The legislature finds that medicaid payment rates, as
33 calculated by the department pursuant to the appropriations in this
34 act, bear a reasonable relationship to the costs incurred by
35 efficiently and economically operated facilities for providing
36 quality services and will be sufficient to enlist enough providers so
37 that care and services are available to the extent that such care and
38 services are available to the general population in the geographic
39 area. The legislature finds that cost reports, payment data from the
40 federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the
2 payment rates.

3 (5) The department shall to the maximum extent practicable use
4 the same system for delivery of spoken-language interpreter services
5 for social services appointments as the one established for medical
6 appointments in section 213 of this act. When contracting directly
7 with an individual to deliver spoken language interpreter services,
8 the department shall only contract with language access providers who
9 are working at a location in the state and who are state-certified or
10 state-authorized, except that when such a provider is not available,
11 the department may use a language access provider who meets other
12 certifications or standards deemed to meet state standards, including
13 interpreters in other states.

14 (6) The department shall facilitate enrollment under the medicaid
15 expansion for clients applying for or receiving state funded services
16 from the department and its contractors. Prior to open enrollment,
17 the department shall coordinate with the health care authority to
18 provide referrals to the Washington health benefit exchange for
19 clients that will be ineligible for the medicaid expansion but are
20 enrolled in coverage that will be eliminated in the transition to the
21 medicaid expansion.

22 (7)(a) The appropriations to the department of social and health
23 services in this act shall be expended for the programs and in the
24 amounts specified in this act. However, after May 1, ((2014)) 2015,
25 unless specifically prohibited by this act, the department may
26 transfer general fund—state appropriations for fiscal year ((2014))
27 2015 among programs after approval by the director of financial
28 management. However, the department shall not transfer state moneys
29 that are provided solely for a specified purpose except as expressly
30 provided in (b) of this subsection.

31 (b) To the extent that transfers under (a) of this subsection are
32 insufficient to fund actual expenditures in excess of fiscal year
33 ((2014)) 2015 caseload forecasts and utilization assumptions in the
34 long-term care, foster care, adoptions support, medicaid personal
35 care, and child support programs, the department may transfer state
36 moneys that are provided solely for a specified purpose. The
37 department shall not transfer funds, and the director of financial
38 management shall not approve the transfer, unless the transfer is
39 consistent with the objective of conserving, to the maximum extent
40 possible, the expenditure of state funds. The director of financial

1 management shall notify the appropriate fiscal committees of the
2 senate and house of representatives in writing seven days prior to
3 approving any allotment modifications or transfers under this
4 subsection. The written notification shall include a narrative
5 explanation and justification of the changes, along with expenditures
6 and allotments by budget unit and appropriation, both before and
7 after any allotment modifications or transfers.

27 The appropriations in this section are subject to the following
28 conditions and limitations:

29 (1) Within amounts provided for the foster care and adoption
30 support programs, the department shall control reimbursement
31 decisions for foster care and adoption support cases such that the
32 aggregate average cost per case for foster care and for adoption
33 support does not exceed the amounts assumed in the projected caseload
34 expenditures.

35 (2) \$668,000 of the general fund—state appropriation for fiscal
36 year 2014 and \$668,000 of the general fund—state appropriation for
37 fiscal year 2015 are provided solely to contract for the operation of

7 accepting placement of children from the center. The center may

17 educational outreach. The amounts in this subsection are provided
18 solely for contracted education coordinators to assist foster
19 children in succeeding in K-12 and higher education systems and to
20 assure a focus on education during the transition to performance
21 based contracts. Funding shall be prioritized to regions with high

24 department shall utilize private matching funds to maintain
25 educational advocacy services.

26 (4) \$10,741,000 of the home security fund—state appropriation is

29 collaborate with service providers in a manner that maintains the
30 availability and geographic representation of secure and semi-secure
31 crisis residential centers and HOPE centers. To achieve efficiencies
32 and increase utilization, the department shall allow the co-location
33 of these centers, except that a youth may not be placed in a secure
34 facility or the secure portion of a co-located facility except as
35 specifically authorized by chapter 13.32A RCW. The reductions to
36 appropriations in this subsection related to semi-secure crisis
37 residential centers reflect a reduction to the number of beds for
38 semi-secure crisis residential centers and not a reduction in rates.
39 Any secure crisis residential center or semi-secure crisis

1 residential center bed reduction shall not be based solely upon bed
2 utilization. The department is to exercise its discretion in reducing
3 the number of beds but to do so in a manner that maintains
4 availability and geographic representation of semi-secure and secure
5 crisis residential centers.

6 (5) \$125,000 of the general fund—state appropriation for fiscal

14 fiscal year 2015 are provided solely for deposit in the county

28 the current consolidated juvenile services (CJS) formula.

29 (3) \$3,482,000 of the general fund—state appropriation for fiscal
30 year 2014 and \$3,482,000 of the general fund—state appropriation for
31 fiscal year 2015 are provided solely to implement community juvenile
32 accountability grants pursuant to chapter 338, Laws of 1997 (juvenile

34 for community juvenile accountability grants, administration of the
35 grants, and evaluations of programs funded by the grants.

36 (4) \$1,130,000 of the general fund—state appropriation for fiscal
37 year 2014 and \$1,130,000 of the general fund—state appropriation for
38 fiscal year 2015 are provided solely to implement alcohol and
39 substance abuse treatment programs for locally committed offenders.

1 The juvenile rehabilitation administration shall award these moneys
2 on a competitive basis to counties that submitted a plan for the
3 provision of services approved by the division of alcohol and
4 substance abuse. The juvenile rehabilitation administration shall
5 develop criteria for evaluation of plans submitted and a timeline for
6 awarding funding and shall assist counties in creating and submitting
7 plans for evaluation.

8 (5) \$3,123,000 of the general fund—state appropriation for fiscal
9 year 2014 and \$3,123,000 of the general fund—state appropriation for
10 fiscal year 2015 are provided solely for grants to county juvenile
11 courts for the following programs identified by the Washington state
12 institute for public policy (institute) in its October 2006 report:
13 "Evidence-Based Public Policy Options to Reduce Future Prison
14 Construction, Criminal Justice Costs and Crime Rates": Functional
15 family therapy, multi-systemic therapy, aggression replacement
16 training and interagency coordination programs, or other programs
17 with a positive benefit-cost finding in the institute's report.
18 County juvenile courts shall apply to the juvenile rehabilitation
19 administration for funding for program-specific participation and the
20 administration shall provide grants to the courts consistent with the
21 per-participant treatment costs identified by the institute.

22 (6) \$1,537,000 of the general fund—state appropriation for fiscal
23 year 2014 and \$1,537,000 of the general fund—state appropriation for
24 fiscal year 2015 are provided solely for expansion of the following
25 treatments and therapies in juvenile rehabilitation administration
26 programs identified by the Washington state institute for public
27 policy in its October 2006 report: "Evidence-Based Public Policy
28 Options to Reduce Future Prison Construction, Criminal Justice Costs
29 and Crime Rates": Multidimensional treatment foster care, family
30 integrated transitions, and aggression replacement training, or other
31 programs with a positive benefit-cost finding in the institute's
32 report. The administration may concentrate delivery of these
33 treatments and therapies at a limited number of programs to deliver
34 the treatments in a cost-effective manner.

35 (7)(a) The juvenile rehabilitation administration shall
36 administer a block grant, rather than categorical funding, of
37 consolidated juvenile service funds, community juvenile
38 accountability act grants, the chemical dependency disposition
39 alternative funds, the mental health disposition alternative, and the

1 sentencing disposition alternative for the purpose of serving youth
2 adjudicated in the juvenile justice system. In making the block
3 grant, the juvenile rehabilitation administration shall follow the
4 following formula and will prioritize evidence-based programs and
5 disposition alternatives and take into account juvenile courts
6 program-eligible youth in conjunction with the number of youth served
7 in each approved evidence-based program or disposition alternative:
8 (i) Thirty-seven and one-half percent for the at-risk population of
9 youth ten to seventeen years old; (ii) fifteen percent for moderate
10 and high-risk youth; (iii) twenty-five percent for evidence-based
11 program participation; (iv) seventeen and one-half percent for
12 minority populations; (v) three percent for the chemical dependency
13 disposition alternative; and (vi) two percent for the mental health
14 and sentencing dispositional alternatives. Funding for the special
15 sex offender disposition alternative (SSODA) shall not be included in
16 the block grant, but allocated on the average daily population in
17 juvenile courts. Funding for the evidence-based expansion grants
18 shall be excluded from the block grant formula. Funds may be used for
19 promising practices when approved by the juvenile rehabilitation
20 administration and juvenile courts, through the community juvenile
21 accountability act committee, based on the criteria established in
22 consultation with Washington state institute for public policy and
23 the juvenile courts.

24 (b) The juvenile rehabilitation administration and the juvenile
25 courts shall establish a block grant funding formula oversight
26 committee with equal representation from the juvenile rehabilitation
27 administration and the juvenile courts. The purpose of this committee
28 is to assess the ongoing implementation of the block grant funding
29 formula, utilizing data-driven decision making and the most current
30 available information. The committee will be cochaired by the
31 juvenile rehabilitation administration and the juvenile courts, who
32 will also have the ability to change members of the committee as
33 needed to achieve its purpose. Initial members will include one
34 juvenile court representative from the finance committee, the
35 community juvenile accountability act committee, the risk assessment
36 quality assurance committee, the executive board of the Washington
37 association of juvenile court administrators, the Washington state
38 center for court research, and a representative of the superior court
39 judges association; two representatives from the juvenile
40 rehabilitation administration headquarters program oversight staff,

1 two representatives of the juvenile rehabilitation administration
2 regional office staff, one representative of the juvenile
3 rehabilitation administration fiscal staff and a juvenile
4 rehabilitation administration division director. The committee may
5 make changes to the formula categories other than the evidence-based
6 program and disposition alternative categories if it is determined
7 the changes will increase statewide service delivery or effectiveness
8 of evidence-based program or disposition alternative resulting in
9 increased cost benefit savings to the state. Long-term cost benefit
10 must be considered. Percentage changes may occur in the evidence-
11 based program or disposition alternative categories of the formula
12 should it be determined the changes will increase evidence-based
13 program or disposition alternative delivery and increase the cost
14 benefit to the state. These outcomes will also be considered in
15 determining when evidence-based expansion or special sex offender
16 disposition alternative funds should be included in the block grant
17 or left separate.

18 (c) The juvenile courts and administrative office of the courts
19 shall be responsible for collecting and distributing information and
20 providing access to the data systems to the juvenile rehabilitation
21 administration and the Washington state institute for public policy
22 related to program and outcome data. The juvenile rehabilitation
23 administration and the juvenile courts will work collaboratively to
24 develop program outcomes that reinforce the greatest cost benefit to
25 the state in the implementation of evidence-based practices and
26 disposition alternatives.

27 (8) The juvenile courts and administrative office of the courts
28 shall collect and distribute information related to program outcome
29 and provide access to these data systems to the juvenile
30 rehabilitation administration and Washington state institute for
31 public policy. The agreements between administrative office of the
32 courts, the juvenile courts, and the juvenile rehabilitation
33 administration shall be executed to ensure that the juvenile
34 rehabilitation administration receives the data that the juvenile
35 rehabilitation administration identifies as needed to comply with
36 this subsection. This includes, but is not limited to, information by
37 program at the statewide aggregate level, individual court level, and
38 individual client level for the purpose of the juvenile
39 rehabilitation administration providing quality assurance and
40 oversight for the locally committed youth block grant and associated

1 funds and at times as specified by the juvenile rehabilitation
2 administration as necessary to carry out these functions. The data
3 shall be provided in a manner that reflects the collaborative work
4 the juvenile rehabilitation administration and juvenile courts have
5 developed regarding program outcomes that reinforce the greatest cost
6 benefit to the state in the implementation of evidence-based
7 practices and disposition alternatives.

8 (9) \$445,000 of the general fund—state appropriation for fiscal
9 year 2014 and \$445,000 of the general fund—state appropriation for
10 fiscal year 2015 are provided solely for funding of the teamchild
11 project.

12 (10) \$178,000 of the general fund—state appropriation for fiscal

15 alternatives initiative.

16 (11) \$250,000 of the general fund—state appropriation for fiscal
17 year 2014 and \$250,000 of the general fund—state appropriation for
18 fiscal year 2015 are provided solely for a grant program focused on
19 criminal street gang prevention and intervention. The Washington
20 state partnership council on juvenile justice may award grants under
21 this subsection. The council shall give priority to applicants who
22 have demonstrated the greatest problems with criminal street gangs.
23 Applicants composed of, at a minimum, one or more local governmental
24 entities and one or more nonprofit, nongovernmental organizations
25 that have a documented history of creating and administering

27 may apply for funding under this subsection.

28 (12) \$400,000 of the general fund—state appropriation for fiscal
29 year 2015 is provided solely for competitive grants to community-
30 based organizations to provide at-risk youth intervention services,
31 including but not limited to, case management, employment services,
32 educational services, and street outreach intervention programs.
33 Projects funded should focus on preventing, intervening, and
34 suppressing behavioral problems and violence while linking at-risk
35 youth to pro-social activities. The costs of administration may not
36 exceed four percent of appropriated funding for each grant recipient.
37 Each entity receiving funds must report to the juvenile
38 rehabilitation administration on the number and types of youth

1 served, the services provided, and the impact of those services upon
2 the youth and the community.

3 **Sec. 1204.** 2014 c 221 s 204 (uncodified) is amended to read as
4 follows:

5 **FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES—MENTAL HEALTH**
6 **PROGRAM**

7 (1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS

8	General Fund—State Appropriation (FY 2014).	\$328,527,000
9	General Fund—State Appropriation (FY 2015).	((329,208,000))
10		<u>\$323,005,000</u>
11	General Fund—Federal Appropriation.	((666,113,000))
12		<u>\$770,476,000</u>
13	General Fund—Private/Local Appropriation.	\$17,864,000
14	TOTAL APPROPRIATION.	((1,341,712,000))
15		<u>\$1,439,872,000</u>

16 The appropriations in this subsection are subject to the
17 following conditions and limitations:

18 (a) \$104,999,000 of the general fund—state appropriation for
19 fiscal year 2014 and \$88,895,000 of the general fund—state
20 appropriation for fiscal year 2015 are provided solely for persons
21 and services not covered by the medicaid program. To the extent
22 possible, levels of regional support network spending shall be
23 maintained in the following priority order: Crisis and commitment
24 services; community inpatient services; and residential care
25 services, including personal care and emergency housing assistance.
26 This is a reduction in flexible nonmedicaid funding of \$4,343,000 for
27 fiscal year 2014 and \$20,446,000 for fiscal year 2015. This reduction
28 reflects offsets in state funding related to services that will now
29 be funded with federal dollars through the affordable care act
30 medicaid expansion. This reduction shall be distributed as follows:

31 (i) The \$4,343,000 reduction in fiscal year 2014 and \$10,223,000
32 of the reduction in fiscal year 2015 must be distributed among
33 regional support networks based on a formula that equally weights
34 each regional support networks proportion of individuals who become
35 newly eligible and enroll in medicaid under the expansion provisions
36 of the affordable care act in fiscal year 2014 and each regional
37 support network's spending of flexible nonmedicaid funding on
38 services that would be reimbursable for federal medicaid matching

1 funds if provided to medicaid enrollees in the 2011-2013 fiscal
2 biennium.

3 (ii) The remaining \$10,223,000 reduction in fiscal year 2015 must
4 be distributed among regional support networks based on each regional
5 support network's proportion of individuals who become newly eligible
6 and enroll in medicaid under the expansion provisions of the
7 affordable care act through fiscal year 2015.

8 (b) \$6,590,000 of the general fund—state appropriation for fiscal
9 year 2014, \$6,590,000 of the general fund—state appropriation for
10 fiscal year 2015, and \$7,620,000 of the general fund—federal
11 appropriation are provided solely for the department and regional
12 support networks to continue to contract for implementation of high-
13 intensity programs for assertive community treatment (PACT) teams. In
14 determining the proportion of medicaid and nonmedicaid funding
15 provided to regional support networks with PACT teams, the department
16 shall consider the differences between regional support networks in
17 the percentages of services and other costs associated with the teams
18 that are not reimbursable under medicaid. The department may allow
19 regional support networks which have nonmedicaid reimbursable costs
20 that are higher than the nonmedicaid allocation they receive under
21 this section to supplement these funds with local dollars or funds
22 received under section 204(1)(a) of this act. The department and
23 regional support networks shall maintain consistency with all
24 essential elements of the PACT evidence-based practice model in
25 programs funded under this section.

26 (c) \$5,850,000 of the general fund—state appropriation for fiscal
27 year 2014, \$5,850,000 of the general fund—state appropriation for
28 fiscal year 2015, and \$1,300,000 of the general fund—federal
29 appropriation are provided solely for the western Washington regional
30 support networks to provide either community- or hospital campus-
31 based services for persons who require the level of care previously
32 provided by the program for adaptive living skills (PALS) at western
33 state hospital.

34 (d) The number of nonforensic beds allocated for use by regional
35 support networks at eastern state hospital shall be 192 per day. The
36 number of nonforensic beds allocated for use by regional support
37 networks at western state hospital shall be 557 per day.

38 (e) From the general fund—state appropriations in this
39 subsection, the secretary of social and health services shall assure

1 that regional support networks reimburse the aging and disability
2 services administration for the general fund—state cost of medicaid
3 personal care services that enrolled regional support network
4 consumers use because of their psychiatric disability.

5 (f) The department is authorized to continue to contract
6 directly, rather than through contracts with regional support
7 networks, for children's long-term inpatient facility services.

8 (g) \$750,000 of the general fund—state appropriation for fiscal
9 year 2014 and \$750,000 of the general fund—state appropriation for
10 fiscal year 2015 are provided solely to continue performance-based
11 incentive contracts to provide appropriate community support services
12 for individuals with severe mental illness who were discharged from
13 the state hospitals as part of the expanding community services
14 initiative. These funds will be used to enhance community residential
15 and support services provided by regional support networks through
16 other state and federal funding.

17 (h) \$1,125,000 of the general fund—state appropriation for fiscal
18 year 2014 and \$1,125,000 of the general fund—state appropriation for
19 fiscal year 2015 are provided solely for the Spokane regional support
20 network to implement services to reduce utilization and the census at
21 eastern state hospital. Such services shall include:

22 (i) High intensity treatment team for persons who are high
23 utilizers of psychiatric inpatient services, including those with co-
24 occurring disorders and other special needs;

25 (ii) Crisis outreach and diversion services to stabilize in the
26 community individuals in crisis who are at risk of requiring
27 inpatient care or jail services;

28 (iii) Mental health services provided in nursing facilities to
29 individuals with dementia, and consultation to facility staff
30 treating those individuals; and

31 (iv) Services at the sixteen-bed evaluation and treatment
32 facility.

33 At least annually, the Spokane regional support network shall
34 assess the effectiveness of these services in reducing utilization at
35 eastern state hospital, identify services that are not optimally
36 effective, and modify those services to improve their effectiveness.

37 (i) \$1,529,000 of the general fund—state appropriation for fiscal
38 year 2014 and \$1,529,000 of the general fund—state appropriation for
39 fiscal year 2015 are provided solely to reimburse Pierce and Spokane

1 counties for the cost of conducting 180-day commitment hearings at
2 the state psychiatric hospitals.

3 (j) Regional support networks may use local funds to earn
4 additional federal medicaid match, provided the locally matched rate
5 does not exceed the upper-bound of their federally allowable rate
6 range, and provided that the enhanced funding is used only to provide
7 medicaid state plan or waiver services to medicaid clients.
8 Additionally, regional support networks may use a portion of the
9 state funds allocated in accordance with (a) of this subsection to
10 earn additional medicaid match, but only to the extent that the
11 application of such funds to medicaid services does not diminish the
12 level of crisis and commitment, community inpatient, residential
13 care, and outpatient services presently available to persons not
14 eligible for medicaid.

15 (k) \$3,436,000 of the general fund—state appropriation for fiscal
16 year 2014 and \$2,291,000 of the general fund—state appropriation for
17 fiscal year 2015 are provided solely for mental health services for
18 mentally ill offenders while confined in a county or city jail and
19 for facilitating access to programs that offer mental health services
20 upon release from confinement.

21 (l) \$523,000 of the general fund—state appropriation for fiscal
22 year 2014, \$775,000 of the general fund—state appropriation for
23 fiscal year 2015, and \$854,000 of the general fund—federal
24 appropriation are provided solely for implementation of sections 3
25 through 5 of chapter 289, Laws of 2013 (E2SHB 1114). Regional support
26 networks must use this funding for the development of intensive
27 community programs that allow individuals to be diverted or
28 transitioned from the state hospitals in accordance with plans
29 approved by the department.

30 (m) \$5,986,000 of the general fund—state appropriation for fiscal
31 year 2014, \$11,592,000 of the general fund—state appropriation for
32 fiscal year 2015, and \$10,160,000 of the general fund—federal
33 appropriation are provided solely for implementation of chapter 335,
34 Laws of 2013 (ESSB 5480). Regional support networks must use this
35 funding for the development of intensive community programs that
36 allow individuals to be diverted or transitioned from the state
37 hospitals in accordance with plans approved by the department.

38 (n) Due to recent approval of federal medicaid matching funds for
39 the disability lifeline and the alcohol and drug abuse treatment

1 support act programs, the department shall charge regional support
2 networks for only the state share rather than the total cost of
3 community psychiatric hospitalization for persons enrolled in those
4 programs.

5 (o) The legislature finds that the circumstances of the Chelan-
6 Douglas regional support network (CD-RSN) make it necessary for CD-
7 RSN to undergo restructuring in order to provide mental health
8 services essential to the health and wellness of the citizens within
9 its service area. The legislature intends to provide additional
10 temporary financial relief to the CD-RSN while it undergoes internal
11 restructuring or negotiates a merger with another regional support
12 network.

13 The department shall negotiate relief for outstanding fiscal year
14 2013 reimbursements owed by CD-RSN to the state provided that the CD-
15 RSN has a plan in place that is approved by the department by August
16 1, 2013, that demonstrates how CD-RSN will maintain financial
17 viability and stability or will merge with another regional support
18 network.

19 For the period of July 1, 2013, through December 31, 2013, the
20 department may alter collection of reimbursement from CD-RSN for
21 overuse of state hospital beds. To receive a reduction to the
22 required reimbursement for overuse of state hospital beds, CD-RSN
23 must continue to prioritize services that reduce its utilization and
24 census at eastern state hospital and be actively implementing an
25 approved plan to maintain financial viability or pursuing a future
26 merger with another regional support network. Up to \$298,000 of the
27 general fund—state appropriation for fiscal year 2014 is for the
28 department to provide payments to regional support networks in
29 eastern Washington which have used less than their allocated or
30 contracted patient days of care at the state hospital to replace the
31 share of the reimbursements from CD-RSN that the regional support
32 networks would have received under RCW 71.24.320.

33 (p) \$266,000 of the general fund—state appropriation for fiscal
34 year 2014 and \$1,500,000 of the general fund—state appropriation for
35 fiscal year 2015 are provided solely to maintain services for the
36 King county regional support network as it works to transition
37 services to settings that are eligible for federal participation for
38 individuals covered under the medicaid program.

1 (q) Within the amounts appropriated in this section, funding is
2 provided for the department to develop and phase in intensive mental
3 health services for high needs youth consistent with the settlement
4 agreement in *T.R. v. Dreyfus and Porter*.

5 (r) \$7,281,000 of the general fund—state appropriation for fiscal
6 year 2015 and \$4,589,000 of the general fund—federal appropriation
7 are provided solely for enhancement of community mental health
8 services. The department must contract these funds for the operation
9 of community programs in which the department determines there is a
10 need for capacity that allows individuals to be diverted or
11 transitioned from the state hospitals including but not limited to:
12 (i) Community hospital or free standing evaluation and treatment
13 services providing short-term detention and commitment services under
14 the involuntary treatment act to be located in the geographic areas
15 of the King regional support network, the Spokane regional support
16 network outside of Spokane county, and the Thurston Mason regional
17 support network; (ii) one new full program of an assertive community
18 treatment team in the King regional support network and two new half
19 programs of assertive community treatment teams in the Spokane
20 regional support network and the Pierce regional support network; and
21 (iii) three new recovery support services programs in the Grays
22 Harbor regional support network, the greater Columbia regional
23 support network, and the north sound regional support network. In
24 contracting for community evaluation and treatment services, the
25 department may not use these resources in facilities that meet the
26 criteria to be classified under federal law as institutions for
27 mental diseases. If the department is unable to come to a contract
28 agreement with a designated regional support network for any of the
29 services identified above, it may consider contracting for that
30 service in another regional support network that has the need for
31 such service.

34 must only be used for an electronic medical record system that meets
35 federal criteria for electronic sharing of patient information and
36 clinical care summaries with doctors' offices, hospitals, and health
37 systems which use federally certified electronic health record
38 systems. The procurement and implementation shall be conducted to
39 allow for these services to be expanded to the department of

1 corrections. The amounts provided in this subsection are conditioned
2 on the department satisfying the requirements of the project

4 program. The department's fee schedule shall have differential rates
5 for providers with proof of accreditation from organizations that the
6 department has determined to have substantially equivalent standards
7 to those of the department, including but not limited to the joint
8 commission on accreditation of health care organizations, the
9 commission on accreditation of rehabilitation facilities, and the
10 council on accreditation. To reflect the reduced costs associated
11 with regulation of accredited programs, the department's fees for
12 organizations with such proof of accreditation must reflect the lower
13 costs of licensing for these programs than for other organizations
14 which are not accredited.

15 (b) \$74,000 of the general fund—state appropriation for fiscal

24 (d) In developing the new medicaid managed care rates under which

29 levels regardless of where in the state they live. The department
30 must report to the office of financial management and to the relevant
31 fiscal and policy committees of the legislature on its proposed new

16 (h) Within the amounts appropriated in this section, funding is
17 provided for the department to continue to develop the child
18 adolescent needs and strengths assessment tool and build workforce
19 capacity to provide evidence based wraparound services for children,
20 consistent with the settlement agreement in *T.R. v. Dreyfus and*
21 *Porter*.

22 (i) \$144,000 of the general fund—state appropriation for fiscal
23 year 2014, \$466,000 of the general fund—state appropriation for
24 fiscal year 2015, and \$687,000 of the general fund—federal

23 benchmarks for controlling and preventing all types of diabetes; and

26 The appropriations in this section are subject to the following
27 conditions and limitations:

28 (1) ~~((\$1,900,484,000 of the general fund federal appropriation is
29 provided solely))~~ Sufficient amounts are appropriated in this section
30 to implement the medicaid expansion as defined in the social security
31 act, section 1902(a)(10)(A)(i)(VIII), subject to the conditions and
32 limitations in this subsection. If the federal medical assistance
33 percentage for the medicaid expansion falls below the percentages in
34 section 1905(y) of the social security act as of July 1, 2013, the
35 authority shall ensure that the state does not incur any additional
36 state costs above what would have been incurred had the federal
37 medical assistance percentages remained at the percentages in section
38 1905(y) as of July 1, 2013. The director is authorized to make any
39 necessary program adjustments to comply with this requirement,

1 including adding or adjusting premiums, modifying benefits, or
2 reducing optional programs. To the extent a waiver is needed to
3 accomplish this, the director shall promptly apply for such waiver.
4 If a necessary waiver is not approved, the medicaid expansion program
5 shall be terminated upon appropriate notification to the legislature
6 and enrollees.

7 (2) The requirements of this subsection apply to the basic health
8 plan. This subsection is null and void and has no further effect upon
9 implementation of the medicaid expansion under subsection (1) of this
10 section.

11 (a) Within amounts appropriated in this section and sections 205
12 and 206 of this act, the health care authority shall continue to
13 provide an enhanced basic health plan subsidy for foster parents
14 licensed under chapter 74.15 RCW and workers in state-funded home
15 care programs. Under this enhanced subsidy option, foster parents
16 eligible to participate in the basic health plan as subsidized
17 enrollees and home care workers with family incomes below 200 percent
18 of the federal poverty level shall be allowed to enroll in the basic
19 health plan at the minimum premium amount charged to enrollees with
20 incomes below sixty-five percent of the federal poverty level.

21 (b) The health care authority shall require organizations and
22 individuals that are paid to deliver basic health plan services and
23 that choose to sponsor enrollment in the subsidized basic health plan
24 to pay 133 percent of the premium amount which would otherwise be due
25 from the sponsored enrollees.

26 (c) The administrator shall take at least the following actions
27 to assure that persons participating in the basic health plan are
28 eligible for the level of assistance they receive: (a) Require
29 submission of (i) income tax returns, and recent pay history, from
30 all applicants, or (ii) other verifiable evidence of earned and
31 unearned income from those persons not required to file income tax
32 returns; (b) check employment security payroll records at least once
33 every twelve months on all enrollees; (c) require enrollees whose
34 income as indicated by payroll records exceeds that upon which their
35 subsidy is based to document their current income as a condition of
36 continued eligibility; (d) require enrollees for whom employment
37 security payroll records cannot be obtained to document their current
38 income at least once every six months; (e) not reduce gross family
39 income for self-employed persons by noncash-flow expenses such as,
40 but not limited to, depreciation, amortization, and home office

1 deductions, as defined by the United States internal revenue service;
2 and (f) pursue repayment and civil penalties from persons who have
3 received excessive subsidies, as provided in RCW 70.47.060(9).

4 (d) Enrollment in the subsidized basic health plan shall be
5 limited to only include persons who qualify as subsidized enrollees
6 as defined in RCW 70.47.020 and who (a) qualify for services under
7 1115 medicaid demonstration project number 11-W-00254/10; or (b) are
8 foster parents licensed under chapter 74.15 RCW.

9 (3) The legislature finds that medicaid payment rates, as
10 calculated by the health care authority pursuant to the
11 appropriations in this act, bear a reasonable relationship to the
12 costs incurred by efficiently and economically operated facilities
13 for providing quality services and will be sufficient to enlist
14 enough providers so that care and services are available to the
15 extent that such care and services are available to the general
16 population in the geographic area. The legislature finds that the
17 cost reports, payment data from the federal government, historical
18 utilization, economic data, and clinical input constitute reliable
19 data upon which to determine the payment rates.

20 (4) Based on quarterly expenditure reports and caseload
21 forecasts, if the health care authority estimates that expenditures
22 for the medical assistance program will exceed the appropriations,
23 the health care authority shall take steps including but not limited
24 to reduction of rates or elimination of optional services to reduce
25 expenditures so that total program costs do not exceed the annual
26 appropriation authority.

27 (5) In determining financial eligibility for medicaid-funded
28 services, the health care authority is authorized to disregard
29 recoveries by Holocaust survivors of insurance proceeds or other
30 assets, as defined in RCW 48.104.030.

31 (6) The legislature affirms that it is in the state's interest
32 for Harborview medical center to remain an economically viable
33 component of the state's health care system.

34 (7) When a person is ineligible for medicaid solely by reason of
35 residence in an institution for mental diseases, the health care
36 authority shall provide the person with the same benefits as he or
37 she would receive if eligible for medicaid, using state-only funds to
38 the extent necessary.

39 (8) \$4,261,000 of the general fund—state appropriation for fiscal
40 year 2014, \$4,261,000 of the general fund—state appropriation for

1 fiscal year 2015, and \$8,522,000 of the general fund—federal
2 appropriation are provided solely for low-income disproportionate
3 share hospital payments.

4 (9) \$400,000 of the general fund—state appropriation for fiscal
5 year 2014, \$200,000 of the general fund—state appropriation for
6 fiscal year 2015, and \$600,000 of the general fund—federal
7 appropriation are provided solely for disproportionate share hospital
8 payments to rural hospitals certified by the centers for medicare and
9 medicaid services as sole community hospitals as of January 1, 2013,
10 with less than one hundred fifty acute care licensed beds in fiscal
11 year 2011 that do not participate in the certified public
12 expenditures program. The authority shall discontinue these payments
13 on January 1, 2015.

14 (10) \$100,000 of the general fund—state appropriation for fiscal
15 year 2014 and \$50,000 of the general fund—state appropriation for
16 fiscal year 2015 are provided solely for grants to rural hospitals in
17 Clallam county that were certified by the centers for medicare and
18 medicaid services as sole community hospitals as of January 1, 2013,
19 with less than one hundred fifty acute care licensed beds in fiscal
20 year 2011. The authority shall discontinue these payments on January
21 1, 2015.

22 (11) \$100,000 of the general fund—state appropriation for fiscal
23 year 2015 and \$100,000 of the general fund—federal appropriation are
24 provided solely for disproportionate share hospital payments
25 beginning on January 1, 2015, to rural hospitals in Lewis county that
26 were certified by the centers for medicare and medicaid services as
27 sole community hospitals as of January 1, 2013, with less than one
28 hundred fifty acute care licensed beds in fiscal year 2011. The
29 authority shall discontinue these payments after June 30, 2015.

30 (12) \$150,000 of the general fund—state appropriation for fiscal
31 year 2015 is provided solely for grants to rural public hospitals in
32 Grant county that were certified by the centers for medicare and
33 medicaid services as sole community hospitals as of January 1, 2013,
34 with less than one hundred fifty acute care licensed beds in fiscal
35 year 2011. The authority shall discontinue these payments after June
36 30, 2015.

37 (13) Within the amounts appropriated in this section, the health
38 care authority shall provide disproportionate share hospital payments
39 to hospitals that provide services to children in the children's

1 health program who are not eligible for services under Title XIX or
2 XXI of the federal social security act due to their citizenship
3 status.

4 (14) \$6,000,000 of the general fund—federal appropriation is
5 provided solely for supplemental payments to nursing homes operated
6 by public hospital districts. The public hospital district shall be
7 responsible for providing the required nonfederal match for the
8 supplemental payment, and the payments shall not exceed the maximum
9 allowable under federal rules. It is the legislature's intent that
10 the payments shall be supplemental to and shall not in any way offset
11 or reduce the payments calculated and provided in accordance with
12 part E of chapter 74.46 RCW. It is the legislature's further intent
13 that costs otherwise allowable for rate-setting and settlement
14 against payments under chapter 74.46 RCW shall not be disallowed
15 solely because such costs have been paid by revenues retained by the
16 nursing home from these supplemental payments. The supplemental
17 payments are subject to retrospective interim and final cost
18 settlements based on the nursing homes' as-filed and final medicare
19 cost reports. The timing of the interim and final cost settlements
20 shall be at the health care authority's discretion. During either the
21 interim cost settlement or the final cost settlement, the health care
22 authority shall recoup from the public hospital districts the
23 supplemental payments that exceed the medicaid cost limit and/or the
24 medicare upper payment limit. The health care authority shall apply
25 federal rules for identifying the eligible incurred medicaid costs
26 and the medicare upper payment limit.

27 (15) The health care authority shall continue the inpatient
28 hospital certified public expenditures program for the 2013-2015
29 fiscal biennium. The program shall apply to all public hospitals,
30 including those owned or operated by the state, except those
31 classified as critical access hospitals or state psychiatric
32 institutions. The health care authority shall submit reports to the
33 governor and legislature by November 1, 2013, and by November 1,
34 2014, that evaluate whether savings continue to exceed costs for this
35 program. If the certified public expenditures (CPE) program in its
36 current form is no longer cost-effective to maintain, the health care
37 authority shall submit a report to the governor and legislature
38 detailing cost-effective alternative uses of local, state, and
39 federal resources as a replacement for this program. During fiscal
40 year 2014 and fiscal year 2015, hospitals in the program shall be

1 paid and shall retain one hundred percent of the federal portion of
2 the allowable hospital cost for each medicaid inpatient fee-for-
3 service claim payable by medical assistance and one hundred percent
4 of the federal portion of the maximum disproportionate share hospital
5 payment allowable under federal regulations. Inpatient medicaid
6 payments shall be established using an allowable methodology that
7 approximates the cost of claims submitted by the hospitals. Payments
8 made to each hospital in the program in each fiscal year of the
9 biennium shall be compared to a baseline amount. The baseline amount
10 will be determined by the total of (a) the inpatient claim payment
11 amounts that would have been paid during the fiscal year had the
12 hospital not been in the CPE program based on the reimbursement rates
13 developed, implemented, and consistent with policies approved in the
14 2013-2015 biennial operating appropriations act and in effect on July
15 1, 2013, (b) one-half of the indigent assistance disproportionate
16 share hospital payment amounts paid to and retained by each hospital
17 during fiscal year 2005, and (c) all of the other disproportionate
18 share hospital payment amounts paid to and retained by each hospital
19 during fiscal year 2005 to the extent the same disproportionate share
20 hospital programs exist in the 2013-2015 fiscal biennium. If payments
21 during the fiscal year exceed the hospital's baseline amount, no
22 additional payments will be made to the hospital except the federal
23 portion of allowable disproportionate share hospital payments for
24 which the hospital can certify allowable match. If payments during
25 the fiscal year are less than the baseline amount, the hospital will
26 be paid a state grant equal to the difference between payments during
27 the fiscal year and the applicable baseline amount. Payment of the
28 state grant shall be made in the applicable fiscal year and
29 distributed in monthly payments. The grants will be recalculated and
30 redistributed as the baseline is updated during the fiscal year. The
31 grant payments are subject to an interim settlement within eleven
32 months after the end of the fiscal year. A final settlement shall be
33 performed. To the extent that either settlement determines that a
34 hospital has received funds in excess of what it would have received
35 as described in this subsection, the hospital must repay the excess
36 amounts to the state when requested. \$11,928,000 of the general fund—
37 state appropriation for fiscal year 2014 and (~~(\$14,821,000)~~)
38 \$21,666,000 of the general fund—state appropriation for fiscal year
39 2015 are provided solely for state grants for the participating
40 hospitals.

1 (16) The health care authority shall seek public-private
2 partnerships and federal funds that are or may become available to
3 provide on-going support for outreach and education efforts under the
4 federal children's health insurance program reauthorization act of
5 2009.

6 (17) The health care authority shall target funding for maternity
7 support services towards pregnant women with factors that lead to
8 higher rates of poor birth outcomes, including hypertension, a
9 preterm or low birth weight birth in the most recent previous birth,
10 a cognitive deficit or developmental disability, substance abuse,
11 severe mental illness, unhealthy weight or failure to gain weight,
12 tobacco use, or African American or Native American race. The health
13 care authority shall prioritize evidence-based practices for delivery
14 of maternity support services. To the extent practicable, the health
15 care authority shall develop a mechanism to increase federal funding
16 for maternity support services by leveraging local public funding for
17 those services.

18 (18) \$170,000 of the general fund—state appropriation for fiscal
19 year 2014, \$121,000 of the general fund—state appropriation for
20 fiscal year 2015, and \$292,000 of the general fund—federal
21 appropriation are provided solely to implement Engrossed Substitute
22 House Bill No. 1519 (service coordination organizations) and Second
23 Substitute Senate Bill No. 5732 (behavioral health services). (~~If~~
24 ~~neither of the bills is enacted by June 30, 2013, the amounts~~
25 ~~provided in this subsection shall lapse.))~~

26 (19) \$57,000 of the general fund—state appropriation for fiscal
27 year 2014, \$40,000 of the general fund—state appropriation for fiscal
28 year 2015, and \$55,000 of the general fund—federal appropriation are
29 provided solely to develop a report on state efforts to prevent and
30 control diabetes. The authority, the department of social and health
31 services, and the department of health shall submit a coordinated
32 report to the governor and the appropriate committees of the
33 legislature by December 31, 2014, on the following:

34 (a) The financial impacts and reach that diabetes of all types
35 and undiagnosed gestational diabetes are having on the programs
36 administered by each agency and individuals, including children with
37 mothers with undiagnosed gestational diabetes, enrolled in those
38 programs. Items in this assessment must include: (i) The number of
39 lives with diabetes and undiagnosed gestational diabetes impacted or

1 covered by the programs administered by each agency; (ii) the number
2 of lives with diabetes, or at risk for diabetes, and family members
3 impacted by prevention and diabetes control programs implemented by
4 each agency; (iii) the financial toll or impact diabetes and its
5 complications, and undiagnosed gestational diabetes and the
6 complications experienced during labor to children of mothers with
7 gestational diabetes places on these programs in comparison to other

23 plans and budget recommendations for battling diabetes and
24 undiagnosed gestational diabetes that includes a range of actionable
25 items for consideration by the legislature. The plans and budget
26 recommendations must identify proposed action steps to reduce the
27 impact of diabetes, prediabetes, related diabetes complications, and
28 undiagnosed gestational diabetes. The plans and budget
29 recommendations must also identify expected outcomes of the action
30 steps proposed in the following biennium while also establishing
31 benchmarks for controlling and preventing all types of diabetes; and

32 (e) An estimate of savings, efficiencies, costs, and budgetary
33 savings and resources required to implement the plans and budget
34 recommendations identified in (d) of this subsection (17).

16 instruction to develop recommendations for increasing federal
17 financial participation for providing nursing services in schools
18 with the goals of integrating nursing and outreach services and
19 supporting one nurse for every four hundred fifty students in
20 elementary schools and one nurse for every seven hundred fifty
21 students in secondary schools. In developing these recommendations,
22 the authority shall inquire with the federal centers for medicare and
23 medicaid services about state plan amendment or waiver options for
24 receiving additional federal matching funds for school nursing
25 services provided to children enrolled in apple health for kids. The
26 recommendations shall include proposals for funding training and
27 reimbursement for nurses that provide outreach services to help
28 eligible students enroll in apple health for kids and other social
29 services programs. The authority and the office of the superintendent
30 of public instruction shall provide these recommendations to the
31 governor and the legislature by December 1, 2013.

23 a toll-free hotline that assists families to learn about and enroll
24 in the apple health for kids program.

25 (34) Within the amounts appropriated in this section, the
26 authority shall reduce premiums for children with family incomes
27 above 200 percent of the federal poverty level in the state-funded
28 children's health program who are not eligible for coverage under the
29 federal children's health insurance program. Premiums in the state
30 and federal children's health insurance program shall be equal.

31 (35) The appropriations in this section reflect savings and
32 efficiencies by transferring children receiving medical care provided
33 through fee-for-service to medical care provided through managed
34 care.

35 (36) \$150,000 of the general fund—state appropriation for fiscal
36 year 2014, \$436,000 of the general fund—state appropriation for
37 fiscal year 2015, and \$170,561,000 of the general fund—federal
38 appropriation are provided solely for the provider incentive program

5 for fiscal year 2015, and \$17,912,000 of the general fund—federal
6 appropriation are provided solely to implement phase two of the
7 project to create a single provider payment system that consolidates
8 medicaid medical and social services payments and replaces the social
9 service payment system. The amounts provided in this subsection are
10 conditioned on the authority satisfying the requirements of the
11 project management oversight standards and policies established by
12 the office of the chief information officer.

13 (38) Within the amounts appropriated in this section, the health
14 care authority and the department of social and health services shall
15 implement the state option to provide health homes for enrollees with
16 chronic conditions under section 2703 of the federal affordable care
17 act. The total state match for enrollees who are dually-eligible for
18 both medicare and medicaid and not enrolled in managed care shall be
19 no more than the net savings to the state from the enhanced match
20 rate for its medicaid-only managed care enrollees under section 2703.

21 (39) The health care authority shall not initiate any services
22 that require expenditure of state general fund moneys unless
23 expressly authorized in this act or other law. The health care
24 authority may seek, receive, and spend, under RCW 43.79.260 through
25 43.79.282, federal moneys not anticipated in this act as long as the
26 federal funding does not require expenditure of state moneys for the
27 program in excess of amounts anticipated in this act. If the health
28 care authority receives unanticipated unrestricted federal moneys,
29 those moneys shall be spent for services authorized in this act or in
30 any other legislation providing appropriation authority, and an equal
31 amount of appropriated state general fund moneys shall lapse. Upon
32 the lapsing of any moneys under this subsection, the office of
33 financial management shall notify the legislative fiscal committees.
34 As used in this subsection, "unrestricted federal moneys" includes
35 block grants and other funds that federal law does not require to be
36 spent on specifically defined projects or matched on a formula basis
37 by state funds.

1 (40) Within the amounts appropriated in this section, the
2 authority shall reimburse for primary care services provided by
3 naturopathic physicians.

4 (41) Within amounts appropriated, the health care authority shall
5 conduct a review of its management and staffing structure to identify
6 efficiencies and opportunities to reduce full time equivalent
7 employees and other administrative costs. A report summarizing the
8 review and the authority's recommendations to reduce costs and full
9 time equivalent employees must be submitted to the governor and
10 legislature by November 1, 2013.

11 (42) (~~(\$16,580,000)~~) \$8,003,000 of the health benefit exchange
12 account—state appropriation and (~~(\$3,409,000)~~) \$11,997,000 of the
13 general fund—federal appropriation are provided solely to support the
14 operations of the Washington health benefit exchange from January 1,
15 2015, to June 30, 2015. The Washington state health insurance pool
16 administrator shall transfer \$20,838,000 of pool contributions to the
17 treasurer for deposit into the health benefit exchange account in
18 calendar year 2014. The receipt and use of medicaid funds provided to
19 the health benefit exchange from the health care authority are
20 subject to compliance with state and federal regulations and policies
21 governing the Washington apple health programs, including timely and
22 proper application, eligibility, and enrollment procedures. Within
23 the amounts provided in this subsection, \$321,000 of the health
24 benefit exchange account—state appropriation and \$688,000 of the
25 general fund—federal appropriation are provided solely for print
26 services and postage for modified adjusted gross income medicaid
27 eligibility correspondence sent from the health benefit exchange.

28 (43) Within the amounts appropriated in this section, the
29 authority shall continue to provide coverage after December 31, 2013,
30 for pregnant teens that qualify under existing pregnancy medical
31 programs, but whose eligibility for pregnancy related services would
32 otherwise end due to the application of the new modified adjusted
33 gross income eligibility standard.

34 (44) Sufficient amounts are appropriated in this section to
35 restore medicaid coverage under the breast and cervical cancer
36 treatment program.

37 (45) \$40,000 of the general fund—state appropriation for fiscal
38 year 2014 and \$40,000 of the general fund—federal appropriation are
39 provided solely for the authority to create a new position to provide

1 adequate oversight and assistance to managed care organizations,
2 rural health clinics, and federally qualified health centers under a
3 new administratively streamlined payment methodology. Effective July
4 1, 2013, or upon obtaining any necessary federal approval, but in no
5 case during the first quarter of a calendar year, the authority shall
6 implement an administratively streamlined payment methodology for
7 federally qualified health centers and rural health clinics. The
8 authority's payments to managed care organizations shall include the
9 full encounter payment comprised of both the standard and enhancement
10 payments for federally qualified health centers and rural health
11 clinics as defined in the medicaid state plan and in accordance with
12 section 1902(bb) of the social security act (42 U.S.C. 1396a(bb)). At
13 no time will a managed care organization be at risk for or have any
14 claim to the supplemental payment portion of the rate which will be
15 reconciled to ensure accurate payment and full pass through of the
16 obligated funds. For any services eligible for encounter payments, as
17 defined in the medicaid state plan, managed care organizations shall
18 be required to pay at least the full published encounter rates
19 directly to each clinic or center, and payments will be reconciled on
20 at least an annual basis between the managed care organization and
21 the authority, with final review and approval by the authority. At
22 the option of any clinic, the enhancement payment can be received
23 from the managed care organization on a per member per month basis
24 for all assigned managed care enrollees in an amount prescribed by
25 the authority. Nothing in this section is intended to disrupt
26 mutually agreeable contractual arrangements between managed care
27 organizations and clinics that impact how the standard payment for
28 services is paid. The authority will require participating managed
29 care organizations to reimburse federally qualified health centers
30 and rural health clinics for clean claims in strict adherence to the
31 timeliness of payment standards established under contract and
32 specified for the medicaid fee-for-service program in section
33 1902(a)(37) of the social security act (42 U.S.C. 1396a(a)(37)), 42
34 C.F.R. Sec. 447.46, and specified for health carriers in WAC
35 284-43-321. The authority shall exercise all necessary options under
36 its existing sanctions policy to enforce timely payment of claims.
37 The authority shall ensure necessary staff and resources are
38 identified to actively monitor and enforce the timeliness and
39 accuracy of payments to federally qualified health centers and rural
40 health clinics. By January 1, 2014, and after collaboration with

1 federally qualified health centers, rural health clinics, managed
2 care plans, and the centers for medicare and medicaid services, the
3 authority will produce a report that provides options for a new
4 payment methodology that rewards innovation and outcomes over volume
5 of services delivered, and which maintains the integrity of the rural
6 health clinic and federally qualified health center programs as
7 outlined under federal law. The report will detail necessary federal
8 authority for implementation and provide the benefits and drawbacks
9 of each option.

10 (46) \$3,605,000 of the general fund—state appropriation for
11 fiscal year 2014 is provided solely to proportionally reduce the
12 amounts that rural health clinics owe the state under the calendar
13 year 2009 recoupment.

14 (47) Sufficient amounts are appropriated in this section to
15 remove the mental health visit limit and to provide the shingles
16 vaccine and screening, brief intervention, and referral to treatment
17 benefits that are available in the medicaid alternative benefit plan
18 in the current medicaid benefit plan beginning January 1, 2014.

19 (48) The appropriations in this section reflect savings and
20 efficiencies achieved by modifying dispensing methods of
21 contraceptive drugs. The authority must make arrangements for all
22 medicaid programs offered through managed care plans or fee-for-
23 service programs to require dispensing of contraceptive drugs with a
24 one-year supply provided at one time unless a patient requests a
25 smaller supply or the prescribing physician instructs that the
26 patient must receive a smaller supply. Contracts with managed care
27 plans must allow on-site dispensing of the prescribed contraceptive
28 drugs at family planning clinics. Dispensing practices must follow
29 clinical guidelines for appropriate prescribing and dispensing to
30 ensure the health of the patient while maximizing access to effective
31 contraceptive drugs.

32 (49)(a) \$75,000 of the general fund—state appropriation for
33 fiscal year 2014 and \$75,000 of the general fund—federal
34 appropriation are provided solely for preparing options with an
35 expert consultant for possible implementation of a targeted premium
36 assistance program and possible implementation of the federal basic
37 health option. \$75,000 of the amounts appropriated in this subsection
38 is provided solely for the development of options related to the
39 targeted premium assistance program. The authority shall develop

1 options for a waiver request to the federal centers for medicare and
2 medicaid services to implement a targeted premium assistance program
3 for the expansion adults, identified in section
4 1902(a)(10)(A)(i)(VIII) of the social security act, with incomes
5 above one hundred percent of the federal poverty level, and for
6 children covered in the children's health insurance program with
7 incomes above two hundred percent of the federal poverty level, with
8 a goal of providing seamless coverage through the health benefit
9 exchange and improving opportunities for families to be covered in
10 the same health plans. The options must include the possibility of
11 applying premiums for individuals and cost-sharing that may exceed
12 the five percent of family income cap under federal law, and the
13 options must include recommendations to make the targeted premium
14 assistance program cost neutral. The authority shall submit a report
15 on the options to the legislature and the governor by January 1,
16 2014. The authority is encouraged to be creative, use subject matter
17 experts, and exhaust all possible options to achieve cost neutrality.
18 The report shall also include a detailed plan and timeline. \$75,000
19 of the amounts appropriated in this subsection is provided solely for
20 the development of options related to the federal basic health
21 option. The authority shall prepare options for implementing the
22 federal basic health option as federal guidance becomes available.
23 The authority shall submit a report on the options to the legislature
24 and the governor by January 1, 2014, or ninety days following the
25 release of federal guidance. The report must include a comparison of
26 the premiums and cost-sharing under the federal basic health option
27 with the premium assistance options described in this subsection,
28 options for implementing the federal basic health option in
29 combination with a premium assistance program, a detailed fiscal
30 analysis for each coverage approach, including the estimated costs
31 for system design and implementation, and information about impacted
32 populations.

33 (b) Where possible, the authority shall leverage the same expert
34 consultants to review each proposal and compare and contrast the
35 approaches to ensure seamless coordination with the health benefit
36 exchange.

37 (c) The authority shall collaborate with the joint select
38 committee on health care oversight in the development of these
39 options.

19 safety equipment). (~~(If the bill is not enacted by June 30, 2014, the~~
20 ~~amounts provided in this subsection shall lapse.))~~)

21 (53) \$390,000 of the general fund—state appropriation for fiscal
22 year 2015 and \$3,510,000 of the general fund—federal appropriation

36 procedures. The authority shall include options for exempting certain
37 hospital owned clinics from the reductions and the fiscal impacts of
38 those options. The authority shall not enter into or renew any
39 contracts under RCW 74.60.160 that would restrict the authority's

1 ability to implement any of these options in the 2015-2017 fiscal

3 (56) The appropriations to the authority in this act shall be
4 expended for the purposes and in the amounts specified in this act.

7 utilization assumptions, the authority, after May 1, (~~2014~~) 2015,
8 may transfer general fund—state appropriations for fiscal year
9 (~~2014~~) 2015 that are provided solely for a specified purpose. The
10 authority shall not transfer funds, and the director of financial
11 management shall not approve the transfer, unless the transfer is
12 consistent with the objective of conserving, to the maximum extent
13 possible, the expenditure of state funds. The director of financial

15 senate and house of representatives in writing seven days prior to
16 approving any allotment modifications or transfers under this

2 generated staff units calculated pursuant to this subsection. The
3 superintendent shall make allocations to school districts based on
4 the district's annual average full-time equivalent enrollment in each
5 grade. The following prototypical school values shall determine the
6 allocation for principals, assistance principals, and other

22 provided in RCW 28A.150.260, and adjusted based on each district's
23 annual average full-time equivalent student enrollment in each grade,
24 except that the allocation for parent involvement coordinators in an
25 elementary school shall be 0.0825, which enhancement is within the
26 program of basic education.

27 (5) CENTRAL OFFICE ALLOCATIONS

28 In addition to classified and administrative staff units

30 administrative staff units are provided for the 2013-14 and 2014-15
31 school year for the central office administrative costs of operating
32 a school district, at the following rates:

33 (a) The total central office staff units provided in this
34 subsection (5) are calculated by first multiplying the total number
35 of eligible certificated instructional, certificated administrative,
36 and classified staff units providing school-based or district-wide

1 support services, as identified in RCW 28A.150.260(6)(b), by 5.3
2 percent.

3 (b) Of the central office staff units calculated in (a) of this

9 basic education to the minimum requirements of RCW 28A.150.260, and
10 staff units generated by skill center and career-technical students,
11 are excluded from the total central office staff units calculation in
12 (a) of this subsection.

13 (d) For students in approved career-technical and skill center
14 programs, central office classified units are allocated at the same
15 staff unit per student rate as those generated for general education
16 students of the same grade in this subsection (5), and central office
17 administrative staff units are allocated at staff unit per student
18 rates that exceed the general education rate established for students
19 in the same grade in this subsection (5) by 1.71 percent in the
20 2013-14 school year and 0.90 percent in the 2014-15 school year for
21 career and technical education students, and 21.57 percent in the

37 subsections (2), (3), and (5) of this section; and

38 (b) The number of classified staff units determined in
39 subsections (4) and (5) of this section multiplied by 1.152. This

1 factor is intended to adjust allocations so that, for the purposes of
 2 distributing insurance benefits, full-time equivalent classified
 3 employees may be calculated on the basis of 1440 hours of work per
 4 year, with no individual employee counted as more than one full-time
 5 equivalent.

6 (8) MATERIALS, SUPPLIES, AND OPERATING COSTS (MSOC) ALLOCATIONS
 7 Funding is allocated per annual average full-time equivalent
 8 student for the materials, supplies, and operating costs (MSOC)

30 addressed in the expected cost model. Differences in costs related to
31 district philosophy, service delivery choice, or accounting practices

14 (6) The superintendent of public instruction shall base
15 depreciation payments for school district buses on the pre-sales tax
