STRIKING AMENDMENT TO SUBSTITUTE HOUSE BILL 1075 (H-2962.1)

DEBT LIMIT, BOND CAPACITY, AND TOTAL APPROPRIATIONS

Debt Limit

Washington State has a constitutional debt limit. The State Treasurer may not issue any bonds that would cause the debt service (principal and interest payments) on any new and existing bonds to exceed this limit. Under a constitutional amendment approved by the voters in 2012, the state debt limit is currently 8.25 percent of the average of the prior six years' general state revenues, defined as all unrestricted state tax revenues. This limit is reduced to 8.0 percent beginning on July 1, 2034.

Bond Capacity

A model administered by the State Treasurer's Office is used to calculate the available bond capacity for the current budgeting period and for future biennial planning purposes. The model calculates the actual debt service on outstanding bonds and estimates future debt service based on certain assumptions including revenue growth, interest rates, rate of repayment, rate of bond issuance and other factors.

For the 2017-19 biennium, projected bond capacity is \$2.76 billion. This bond capacity includes changes in estimated general state revenues as a result of House Bill No. 2163, House Bill No. 2242, and Senate Bill No. 5977. In addition, there is capacity remaining from bonds previously authorized for the Columbia River Basin Water Supply programs and School Construction and Skills Center Building Account.

Appropriations for 2017-19 and 2017 Supplemental Budget

The 2017-19 the striking amendment Substitute House Bill (SHB) 1075 appropriates a total of \$4.17 billion. Of this amount, \$2.71 billion in general obligation bonds is appropriated for the 2017-19 fiscal biennium. \$2.7 billion requires passage of a new bond authorization bill (House Bill No. 1080) and \$16.8 million is from existing bond authority. A total of \$1.45 billion is appropriated from other funding.

Approximately \$47.4 million in bond capacity is reserved for a 2018 Supplemental Capital Budget.

The striking amendment to SHB 1075 also adjusts the 2015-17 Capital Budget by increasing \$8.9 million bonds in new appropriations. While reducing \$8.9 in bond re-appropriations and reducing \$103.7 million in other funds.

K-12 EDUCATION

Public School Construction (\$1.027 billion)

A total of \$937 million is appropriated for K-12 School Construction Assistance grants from the following sources: \$664 million from state general obligation bonds and \$273 million mostly from the Common School Construction Account (CSCA) with other minor fund sources. The CSCA receives revenue from timber sales, leases and other earnings from state trust lands, as well as the timber value of lands funded in the Trust Land Transfer Program.

A total of \$26 million is invested in career and technical education facilities including grants for science, technology, engineering and math (STEM) grants for classroom and lab renovations or additions; funds for renovation for the Everett Pathways to Medical Education; and funds for construction of core growth at the Tri-Tech Skill Center.

\$24 million is appropriated for modernization grants for small, rural school districts with full-time equivalent student enrollments fewer than 1,000. \$21 million is appropriated for school districts to address challenges related to extraordinary growth and to maintain and repair existing buildings.

Total funding of \$15 million is provided for equipment or small repair and minor works grants to support career and technical education programs, agricultural science in schools, ADA compliance, skill centers, and healthy kids and healthy schools. \$2 million of this amount is to provide funding to school districts for emergency repair grants to address unexpected and imminent health and safety hazards.

MISCELLANEOUS PROVISIONS

Legislative Task Force: Columbia Basin Project

A legislative task force is established regarding projecting the cost to complete the Columbia Basin project. The task force will review the costs to complete the project, timeline, stages, and stakeholders needed to complete the project, and feasibility of completing the project. The findings and recommendations are due by September 30, 2018.

Legislative Task Force: Improving State Funding for School Construction

A legislative task force is established regarding K-12 school construction. The task force will review improvements to the School Construction Assistance Program; school design and construction that are innovative, sustainable, cost-effective, and enduring; utilization of school spaces for multiple uses; and existing reports and recommendations of school construction costs, school facilities inventory and condition, and K-3 class size reduction efforts, as well as others. The findings and recommendations for an improved state school construction financial assistance program are initially due by December 1, 2017 and finally due by October 1, 2018.
