Funding is provided to implement Substitute House Bill 1867 (Extended foster care transitions), which allows eligible former foster youth age 18-21 to unenroll and re-enroll in Extended Foster Care (EFC) prior to age 21. It is assumed that EFC will serve an additional 13 youth per month in FY 2018 and an additional 26 youth per month in FY 2019 as a result of the new policy. (General Fund-State; General Fund-Fam Supt)

**3. Lease Adjustments > 20,000 sq ft.**

**5. Family Assessment Response (FAR)**

Family Assessment Response (FAR) is an alternative to CPS investigation for families screened in for potential low to moderate-risk cases of child neglect or abuse. Existing appropriations for FAR are sufficient to maintain a statewide FAR program until more information is known about the future of Title IV-E waiver that allows federal funding for FAR. The agency's state and federal appropriations are adjusted between fiscal years to align with projected FAR costs, resulting in a net-zero impact. (General Fund-State; General Fund-Fam Supt)

**6. Child Welfare Social Workers**

Staff and funding are provided to phase-in 61.7 total FTEs, beginning in September 2017, to lower the average statewide caseload ratio to 18 families per Child and Family Welfare Services (CFWS) worker and make progress towards the Braam settlement caseload outcome of 18 cases per worker. The CFWS staff manage the cases of children in temporary out-of-home placements and children who have reunified with their families following a placement. Funding includes 46.6 case-carrying social worker FTEs, accompanied by supervisors (3.9 FTEs), administrative support staff (7.8 FTEs), and supplemental staff (3.5 FTEs) to support workload during the hiring and training process of new social workers. **7. In-Home Services Travel Time**

The CA may provide in-home services, such as evidence-based programs, to families during a Child Protective Services (CPS) case or after a child has reunified with his or her family after an out-of-home placement. Most contracted in-home service providers are paid for travel time at 50 percent of their service hourly rate; the Parent-Child Interaction Therapy service is not paid for travel time at all. Funding is provided to pay all in-home service providers 100 percent of the service hourly rate for travel time. (General Fund-State; General Fund-Fam Supt)

**8. Visitation Services**

Children in temporary out-of-home care receive court-ordered visits with their biological parents and siblings. Transportation and supervision or monitoring of the visits is often provided by contracted vendors. Funding is provided for the CA to develop, implement, or expand strategies to increase the capacity, reliability, and effectiveness of contracted visitation services. (General Fund-State; General Fund-Fam Supt)

**9. Information Technology Funding**

In 2014, the Legislature provided ongoing funding for information technology (IT) updates related to Family Assessment Response (FAR) implementation. Costs originally thought to be ongoing were carried forward to subsequent biennia, but were actually for one-time activities completed in FY 2015. Funding for one-time costs is removed from the agency's base budget. (General Fund-State; General Fund-Fam Supt)

**10. Emergent Placement Contracts**

The CA has created and begun utilizing new contracts for Emergent Placement Services (EPS) to reduce or avoid the use of hotels as short-term placements for children and youth. There are currently three EPS contracts for a total of 24 beds. Each contractor agrees to accept at least 80 percent of referrals on a 24-hour-a-day, 7 days-per week basis, and provides a 3:1 staffing ratio per child. Contractors receive a per-bed payment regardless of whether the bed is occupied, as well as an additional daily rate for each child. Funding is provided for the EPS contracts. (General Fund-State)

**11. Notification Changes**

Funding is reduced to reflect savings by utilizing first class mail, regular mail, or email to provide notice of unfounded findings on CPS investigations rather than by certified mail. Savings are achieved through implementation of Engrossed Substitute House Bill 1814 (notification changes). (General Fund-State; General Fund-Fam Supt)

**12. DCYF Data Network**

One-time funding is provided for data and network updates to prepare for the Department of Children, Youth and Families (DCYF), the new agency to be established in FY 2019 under the provisions of Engrossed Second Substitute House Bill 1661 (Children, youth, families/dept). With the funding previously used for the contract, CA increased its staffing level by 50 FTEs to support Famlink in place of the contractor. Authority for the FTEs is provided to reflect this change.

**16. DCYF TANF Transfer**

Temporary Assistance for Needy Families (TANF) federal funding is transferred from CA to the Economic Services Administration (ESA). The new Department of Children, Youth, and Families (DCYF), established pursuant to Engrossed Second Substitute House Bill 1661 (Children, youth, families/dept) will access these funds through an inter-agency agreement with ESA. (General Fund-Federal; General Fund-TANF)

**17. Transfer to New Department (DCYF)**

**18. Transfer CC for Vulnerable Children**

Funding is provided for Substitute House Bill 1624 (Working connections child care), which allows families with children who are residing with the parent or legal guardian and have received child welfare services, child protective services, or a family assessment response in the previous six months to qualify for Working Connections Child Care (WCCC). Funding for child care for these children is transferred to the DSHS Economic Services Administration, where funding for WCCC is budgeted. The transfer nets to zero and does not reduce funding for child care. (General Fund-State)

Funding is adjusted to reflect the revised federal match. (General Fund-State; General Fund-Medicaid)

**17. TBI Fund Balance Adjustment**

The Traumatic Brain Injury (TBI) Account derives revenue from a \$2 surcharge on traffic infractions and is used to support activities of the state TBI Council. The MAC is an alternate, voluntary benefit package for individuals who are functionally and financially eligible for Medicaid Long-Term Services and Supports (LTSS) through the Medicaid State Plan or a Home- and Community-Based Services (HCBS) waiver, but choose to receive MAC instead. Services available through MAC are intended to help families avoid or delay the need for more intensive services by supporting unpaid caregivers and families with services like respite, training and education, and adult day health programs. Anticipated savings are recognized for clients who choose to receive MAC instead of Medicaid State Plan or Waiver LTSS. A Washington State Institute of Public Policy (WSIPP) study of the most recent expansion of the state family caregiver support program is used for savings assumptions. (General Fund-State; General Fund-Medicaid)

**21. Transformation Waiver-TSOA Savings**

One of the interventions created under the federal Medicaid Transformation Waiver is Tailored Supports for Older Adults (TSOA). (General Fund-State)

**2. Personal Needs Allowance**

Funding is provided for an annual cost-of-living adjustment (COLA) to the Personal Needs Allowance (PNA) of State Supplemental Payment clients in institutional settings, consistent with House Bill 1772 (personal needs allowance). The PNA is the amount of a client's own income that he or she may keep to spend on small personal items, rather than contributing it to the cost of care. (General Fund-State; General Fund-Federal)

Funding is provided for the incremental cost of new leases that are necessary to support the DSHS Leased Facilities Strategic Plan. (General Fund-State; General Fund-Federal)

**6. TANF/WorkFirst: Reduce DCA**

Diversion Cash Assistance (DCA) provides alternative assistance for families who have a short-term need and do not need to receive longer-term assistance through the Temporary Assistance to Needy Families (TANF) program. This program was under-expended in FY 2016. DCA is reduced by the underexpenditure of \$700,000 per year. The base funding would be \$3.3 million annually after the reduction. (General Fund-State)

Chapter 4, Laws of 2015, 3rd special session (ESSB 6052) directed ESA to assist clients with Medicaid applications through the Healthplanfinder, the online Medicaid application. Funding is provided for the difference between the assumed Medicaid reimbursement rate and more recent cost allocation data. It is assumed DSHS will maintain an average of 7.6 percent Medicaid reimbursement to cover their staffing costs. (General Fund-Federal; General Fund-Medicaid; General Fund-TANF)

**12. Child Support Electronic Payments**

Savings are anticipated by requiring employers with ten or more employees to remit withheld child support through electronic means. (General Fund-State; General Fund-Fam Supt)

**1. DCYF Legal Services**

Funding is provided for legal services for assistance in the implementation and transition of programs from the Department of Social and Health Services (DSHS) to the new Department of Children, Youth and Families (DCYF). (General Fund-State; General Fund-Fam Supt)

**2. Incapacitated Persons/Rights**

Funding is provided for additional legal services pursuant to Second Substitute House Bill 1402 (incapacitated persons/rights). (General Fund-State; General Fund-Federal)

**3. Lease Renewals Reduction**

The Department of Social and Health Services (DSHS) purchases real estate services, including new lease negotiations and lease renewals, from the Department of Enterprise Services (DES). Due to a change in DES's funding structure, the DSHS will no longer need to purchase lease renewal services through this interagency agreement. Lease renewal services will be funded via the central service allocation for real estate services, consistent with all other state agencies. This change will not affect the level of service the DSHS receives from DES Real Estate Services. (General Fund-State; General Fund-Medicaid)

**1. State Revolving Fund Administration**

The Department of Ecology provides low-interest loans to local governments for water quality infrastructure projects. Chapter 96, Laws of 2013 (SHB 1141) created a new fee that allows administration of the loans to be funded by a new account rather than federal grants. To complete this transition, funding is shifted permanently from the Water Pollution Control Revolving Account to the new Water Pollution Control Revolving Administration Account. In addition, funding in the latter account is increased \$540,000 to adjust spending authority to projected expenditures. **2. Increased Operating Permit Activity**

The Department of Ecology's Air Operating Permit (AOP) program sets air pollution limits for large industrial facilities. Regulated entities are required by law to pay the full costs of the program. Each biennium, Ecology prepares a workload model to determine the budget and fees necessary to operate the program. Ongoing funding and full-time equivalent (FTE) staff are provided to match the projected workload for the 2017-19 biennium. (Air Operating Permit Account-State)

**3. Field Office Lease Adjustments**

Ongoing funding is provided for a net increase in lease costs due to the relocation of the Department of Ecology's field office in Vancouver and the closure of the agency's Wenatchee office. (General Fund-State; Waste Reduction/Recycling/Litter Control-State; State Toxics Control Account-State; other accounts)

**4. Low-Impact Development Training**

Since FY 2013, the Department of Ecology has provided a low-impact development (LID) technical training program at no cost to local governments, private businesses, and stormwater permittees. This training prepares these entities to meet future LID requirements in municipal stormwater permits. The funding was provided for five years, from July 1, 2012, through June 30, 2017. Funding and full-time equivalent (FTE) staff are eliminated. (State Toxics Control Account-State)

**5. Hanford Compliance Inspections**

Ongoing funding and FTE staff are provided for an additional compliance inspector for the Hanford facility and three off-Hanford radioactive mixed waste facilities. Costs will be covered by fee payers, including the U.S. Department of Energy. (Radioactive Mixed Waste Account-State)

**6. Hanford Dangerous Waste Permitting**

In 2012, the Department of Ecology (Ecology) issued a draft Hanford Sitewide Dangerous Waste Permit for public comment. Based on comments from the Environmental Protection Agency (EPA), Ecology has developed a revised approach to permit development, implementation, and administration. Ongoing funding and FTE staff are provided for information technology, regulatory, and engineering support to administer the permit electronically, and to develop and issue current and future permits. Costs will be covered by fees paid by the U.S. Department of Energy. (Radioactive Mixed Waste Account-State)

**7. Integrated Revenue Management**

One-time funding and FTE staff are provided to identify a technology solution and begin replacing and integrating Ecology's current revenue management systems. (General Fund-State; Waste Reduction/Recycling/Litter Control-State; State Toxics Control Account-State; other accounts)

**8. Clean Air Rule**

Ongoing funding and FTE staff are provided for implementation of the Department of Ecology's 2016 Clean Air Rule (Rule). The Rule caps and gradually reduces greenhouse gas emissions for regulated entities, who must meet their emission caps or purchase Emission Reduction Units (ERUs, representing carbon reductions achieved through the actions of others). Ecology's responsibilities include an emissions-reduction registry, baseline emissions calculations, compliance, third-party verification, technical assistance, and coordination with other carbon markets and state agencies. Ongoing funding is provided for minimum wage increases under Initiative 1433 through the duration of current contracts with the WCC and through January 2019 for the ECY. (Waste Reduction/Recycling/Litter Control-State; State Toxics Control Account-State)

One-time funding is provided for the Task Force to identify and remove sources of PCBs in the Spokane River. (General Fund-State)

**14. Flood Plan Grant Reduction**

The Flood Control Assistance Account program, funded by transfers from the state general fund, provides grants and technical assistance to local governments for flood damage reduction projects and flood hazard management plans. Extending one-time reductions that began during the 2009-11 biennium, funding is reduced. (Flood Control Assistance Account-State)

**15. Litter Account Reduction**

**16. MTCA Staff Level Reduction**

The 2016 supplemental budget reduced the Department of Ecology's appropriation by \$5.0 million in the Model Toxics Control Act (MTCA) accounts, one-time, to capture savings from continued staff level reductions to MTCA-funded positions to address the decrease in MTCA revenue. Lower levels of MTCA revenue are continuing. The staffing reductions are extended, one-time, through the 2017-19 biennium at roughly the same rate of annual savings achieved in the 2015-17 biennium. (State Toxics Control Account-State; Environmental Legacy Stewardship Account-State)

**17. Stormwater Grant Reduction**

In the 2016 supplemental budget, stormwater capacity grants to local governments were reduced by \$2.9 million due to the decrease in Model Toxics Control Act (MTCA) account revenue. Lower levels of MTCA revenue are continuing past the 2015-17 biennium. Stormwater capacity grant reductions are continued, one-time, through the 2017-19 biennium. (Environmental Legacy Stewardship Account-State)

**18. Shoreline Grant Reduction**

The Department of Ecology provides financial assistance to local governments that are required by statute to periodically update their shoreline master plans. In the 2016 supplemental budget, Ecology's funding for shoreline grants to local governments was reduced to address the decrease in Model Toxics Control Act (MTCA) account revenue. The shoreline grant reduction is biennialized and extended, one-time, through the 2017-19 biennium. (Environmental Legacy Stewardship Account-State)

(General Fund-State)

**4. Fund Shift Hatchery Production**

A portion of WDFW's hatchery production is supported by aquatic lease revenues from the Aquatic Lands Enhancement Account. Revenues to this account are not sufficient to support all existing programs. On a one-time basis, a portion of hatchery production will be funded by the Two-Pole Fishing subaccount of the State Wildlife Account. (Aquatic Lands Enhancement Account-State; State Wildlife Account-State)

Volunteer projects funded by ALEA are reduced on a one-time basis by 35 percent. Affected volunteer projects include habitat, research, education, facility development and artificial production across the state. (Aquatic Lands Enhancement Account-State)

**6. Revenue Shortfall**

The Department of Fish and Wildlife conducts programs to enhance pheasant habitat and to purchase roosters for release on public hunting areas. The agency also receives funding to compensate for habitat losses due to hydropower development in eastern Washington. Revenue for these two programs is lower than forecasted. Expenditure authority is permanently reduced in order to balance the accounts. (Eastern Washington Pheasant Enhancement Account-State; Special Wildlife Account-State)

**7. Reduce Expenditure Authority**

Ongoing funding is provided for WDFW to enhance efforts to enforce I-1401, including additional inspections and related investigations at ports, airports, and international border crossings. (General Fund-State)

**12. Aquatic Invasive Species**

**1. LiDAR Partnerships**

The Department of Natural Resources (DNR) received ongoing funding in the 2015-17 biennium to collect and analyze LiDAR (a high-resolution remote sensing technology) data to identify geologic hazards and to increase geological expertise. In the 2016 supplemental budget, the agency received additional expenditure authority to collect revenue from various partners who want to purchase DNR's LiDAR data. The authority granted in the 2016 supplemental budget is reduced on an ongoing basis to reflect lower-than-expected purchases by local government and private partners. (Surveys and Maps Account-State)

**2. Aquatic Land Investigation/Cleanup**

The Department of Natural Resources (DNR) has obligations under the Model Toxics Control Act (MTCA) as the manager of state-owned aquatic lands to cover the state's share of costs associated with contaminated sediment investigations and cleanups related to leasing activities. DNR has been identified as a potential liable party by the Department of Ecology under MTCA to complete remedial investigation work. This one-time funding will fulfill DNR's current obligations at Whitmarsh Landfill and the East Waterway site. (State Toxics Control Account-State)

**1. Local Public Safety Account**

The transfer into the Local Public Safety Enhancement Account is suspended for the 2017-19 biennium. (General Fund-State)

**2. Contract Service Cost Recovery \***

The state general fund pays part of the cost of pension benefits for local government law enforcement officers and firefighters. Some local governments require payment for certain activities performed by their personnel, such as providing traffic control for construction projects or security for special events. Funding is reduced for the state's pension contribution, requiring local governments to include the state cost of pension contributions for these contracted services and forward it, along with the contributions they make, to the pension fund. The amount of savings is estimated, since no data is currently collected on pension service credit provided based on contracted services. (General Fund-State)

**Comments:**

**1. Community Health Centers/I-502**

Initiative 502, passed by voters in 2012, authorizes the regulation, sale, and taxation of marijuana for adults over the age of 21. The initiative directed a portion of the tax revenue to fund primary, dental, migrant, and maternity health care services through contracts with community health centers. The Health Care Authority (HCA) will use the tax revenue in lieu of state general fund payments to community health centers for services provided to medical assistance clients.

**2. Low Income Health Care/I-502**

Initiative 502 directed a portion of the revenue from taxes on the sale of marijuana into the Basic Health Trust Account. Those dollars will continue to be used in lieu of General Fund-State dollars for capitation payments for Medicaid clients enrolled in managed care plans.

**3. Hepatitis C Treatment**

Funding is provided to expand treatment for Hepatitis C virus (HCV) to Medicaid clients with less severe liver disease whose coverage has been mandated by court order. This will extend HCV treatment to approximately 3,000 additional Medicaid patients with less severe liver disease.

**4. Initiative 1433 Minimum Wage**

Increasing the minimum wage will have an impact on the Medicaid caseload, especially upon those clients who are close to the upper limit of income eligibility. Based upon forecasted caseloads and expenditures from the February 2017 forecast, funding is adjusted to reflect the change in eligibility related to a higher minimum wage.

**5. Healthier WA Savings Restoration**

The 2016 supplemental budget included \$31 million in annual state savings as a result of the Healthier Washington program. The HCA expects to achieve approximately \$1.8 million per year in state savings by integrating physical and behavioral health services in Southwest Washington. The HCA does not expect to achieve additional savings during this biennium. Funding is provided to restore the unmet savings.

**6. Medicaid Transformation Waiver**

Funding is provided to align the budget with projected expenditures under the Medicaid transformation waiver approved by the federal Centers for Medicare and Medicaid Services (CMS). The waiver's three initiatives fund: (1) incentive-based payments for transformation projects designed to improve health care delivery and lower the cost for the state's Medicaid population; (2) new services and supports for family caregivers that help people stay at home and avoid the need for more intensive services; and (3) supportive housing and supportive employment services for targeted individuals.

**1. Auto Theft Prevention Account Align**

In the 2011-13 biennium, Auto Theft Prevention Account (ATPA) funds were used to fund two regional staff counselors and 18 security specialists located at 12 prisons and at headquarters. Due to decreasing revenues to the ATPA, funding for these positions is shifted back to General Fund-State.

**2. Facilities Expansion and Relocation**

One-time funding is provided for facility relocations and one new site occupancy. These facilities will expand programming space and a presence in the areas with anticipated caseload growth.

**3. Longview Work Release**

Effective October 1, the contracted vendor for Longview Work Release (Pioneer Human Services) canceled its contract. As a result, DOC took over full operations of the facility. Authority is provided for 17.3 FTE staff to operate Longview as a state-operated facility. No additional funding is provided; the contract dollars from this and another canceled contract (Madison Inn) were reallocated to continue operations.

**4. Yakima Jail Bed Underspend**

**1. Emergent Placement Contracts**

The Children's Administration has created and begun utilizing new contracts for Emergent Placement Services (EPS). There are currently three EPS contracts for a total of 24 beds. Each contractor agrees to accept at least 80 percent of referrals on a 24-hour-a-day, 7 days-per week basis, and provides a 3:1 staffing ratio per child. Contractors receive a per-bed payment regardless of whether the bed is occupied, as well as an additional daily rate for each child. This item funds the EPS contracts and is intended to reduce or avoid the use of hotels as short-term placements for children and youth.

**2. Fund Settlement Agreement**

**1. Initiative 1433 Minimum Wage**

Funding is adjusted to reflect lower estimated Medicaid caseloads as a result of voter approved increases to the minimum wage.

**2. SBC Underspend**

Savings are assumed from underspending of funds appropriated for increased capacity in community psychiatric inpatient and hospital settings.

**3. State Hospital Compliance**

The Department entered into a Systems Improvement Agreement with the Centers for Medicare and Medicaid Services after they were unsuccessful in responding to a series of findings related to patient safety at Western State Hospital. Funding is provided to implement a plan of corrections that resulted from the agreement.

**4. State Hospital Court Penalties**

Funding is provided for court penalties the Department is required to pay when it is not admitting patients for inpatient forensic services in accordance with court mandated timelines.

**6. Alternate Restoration Treatment**

The Department received funding in the FY 2015-17 operating budget to increase the number of competency restoration beds. Some of these beds were opened at the state facilities and others were contracted out. Appropriations are increased to reflect higher costs in contracted services.

**7. Settlement Agreement Fees**

Funding is provided for attorney fees under a settlement agreement in the Ross v. Inslee lawsuit.

**8. State Hospital Proviso Underspend**

The state hospitals have received funding over the past few years to implement new programs and hire additional staff. One-time savings are achieved as a result of delayed implementation of these initiatives.

**9. Medicaid Transformation Waiver**

A new federal Medicaid Transformation Waiver allows for supportive housing and supported employment services to individuals who are most vulnerable and have complex care needs. Federal funding authority is provided for implementation of these services.

**1. Vendor Rate Increase**

Funding is provided to increase vendor rates effective May 1, 2017, so that vendors' employees receive a minimum hourly wage of \$11.00, consistent with the statewide minimum wage established in Initiative 1433. This item includes funding for the rate increase for adult residential care and enhanced adult residential care providers serving Developmental Disabilities Administration clients.

**2. Informal Supports**

Under U.S. Department of Labor rules regarding the Fair Labor Standards Act (FLSA), the state must pay for personal care hours provided by Individual Providers (IPs) that were previously considered voluntary, unpaid "informal support" hours. Funding is provided to pay for hours previously considered informal supports.

**3. Loss of Federal Match**

Following implementation of the federal Affordable Care Act (ACA), the DSHS budget was adjusted to reflect an anticipated enhanced match for financial eligibility workers. The federal Centers for Medicare and Medicaid Services has indicated that the enhanced match will not be available for 100 percent of financial worker time. Funding is adjusted to reflect the revised expectations for federal match.

Funding is adjusted to reflect the revised expectations for federal match.

**4. Home Care CBA IT**

Funding is provided for Individual Provider One (IPOne) system changes that are necessary to implement the tentative 2017-19 home care collective bargaining agreement. The change would allow for wage payments to home care workers for 15 minutes of administrative time per pay period, as proposed in the agreement. **1. TANF/WorkFirst: Home Visiting Funds**

The Department of Early Learning annually receives \$2.0 million per year via the Temporary Assistance for Needy Families (TANF) program for home visiting services. Due to delays in contracts for TANF home visiting services, one-time savings are realized in fiscal year 2017.

**2. Initiative 1433 Minimum Wage**

Increasing the minimum wage will have an impact on cash and food caseloads, resulting in some terminations and changes in grant amounts. Based upon the February caseload and per capita forecasts, funding is adjusted to reflect the change in eligibility related to a higher minimum wage for the TANF program and the Food Assistance Program.

**3. SNAP Technology Modernization Grant**

Washington is one of seven states to receive a federal grant to modernize the Supplemental Nutrition Assistance Program (SNAP) application process.

**4. Medicaid Cost Allocation Changes**

As a result of changes to medical eligibility services, the Economic Services Administration (ESA) receives less Medicaid funds to support its field staff and administrative costs. Chapter 4, Laws of 2015, 3rd special session (ESSB 6052) directed ESA to assist clients with Medicaid applications through the Healthplanfinder, the online Medicaid application. Funding is provided for the difference between the assumed Medicaid reimbursement rate and more recent cost allocation data.

**2. Balance to Available Revenue**

Funding is reduced in selected accounts to match available revenue during the 2015-17 biennium. **2. Forest Health & Wildlife Management**

The Department of Fish and Wildlife (WDFW) is increasing timber thinning operations on WDFW lands to restore forest habitat and reduce wildfire risk. Due to recent declines in market value for timber, the department plans to change the timber harvest strategy resulting in billing and accounting changes with forestry contractors. Under this change, WDFW will directly hire contractors to conduct thinning at five sites and to sort the timber. Expenditure authority is provided to allow timber harvest revenue to pay for these FY 2017 planned harvests.

In order to balance the Aquatic Lands Enhancement Account and Special Wildlife Account, programs will achieve vacancy savings and other cost-saving measures to reduce spending and to shift to other fund sources where available in FY 2017.

**4. Reduce Expenditure Authority**

Revenue is lower in the Warm Water Game Fish Account than expected. Programs to manage warm water game fish are reduced to balance to available revenue in FY 2017.

**5. Threats to Bats**

White-nose syndrome is a fatal fungal disease in bats that was discovered in Washington in 2016. Funding is provided to monitor and minimize the impacts of white-nose syndrome in bat populations in FY 2017.

**2. Fire Suppression**

One-time funding is provided for the costs of fire suppression activity incurred during FY 2017 that exceed existing appropriations. Additional funding for fire suppression is also provided in separate legislation.

**3. Reduce Silvicultural Burning**

Due to lower-than-expected revenue from burn permits, silvicultural burning (burning of trees, stumps, limbs, etc.) is reduced for FY 2017.

**4. Forest Practices**

The Department of Natural Resources regulates timber harvest on private and state lands. These programs are paid for with a combination of state general fund and forest practice application fees. The current level of activity funded with forest practice fees is reduced to match available revenues in FY 2017.

**5. Fire Suppression Legislation**

One-time funding is provided in separate legislation for the costs of fire suppression activity incurred during FY 2017 that exceeded previously budgeted amounts. These costs are funded out of the Budget Stabilization Account for fires covered by the Governor's August 23, 2016 disaster declaration for wildfires.

**1. TBIP Adjustment**

A percentage of the Transitional Bilingual Instructional Program (TBIP) allocations to school districts is withheld for the central provision of assessments. The cost of the assessments for the 2016-17 school year is higher than projected. A one-time appropriation is made for the TBIP assessment costs so that district allocations remain unchanged with respect to the testing costs.
