

HOUSE PROPOSED 2020 SUPPLEMENTAL CAPITAL BUDGET

OVERVIEW

A total of \$3.2 billion in bond proceeds was authorized for the 2019-21 biennium pursuant to Chapter 414, Laws of 2019 (SHB 1101). The enacted 2019-21 capital budget, Chapter 412, Laws of 2019 (SHB 1102), appropriated \$3.183 billion in state bond proceeds. There was \$70 million in remaining bond capacity from the 2019-21 biennium and prior biennia bond authorizations, after the enacted 2019-21 capital budget. The proposed 2020 supplemental capital budget, PSHB 2324, makes additional adjustments to prior bond capacity of \$19.3 million, which brings the total bond capacity to \$89.3 million. Of the \$89.3 million in remaining bond capacity, PSHB 2324 appropriates \$88.7 million. In addition, PSHB 2324 authorizes \$198.3 million from dedicated accounts and \$13 million in alternatively financed projects.

HOUSING AND HOMELESSNESS

A total of \$100 million in General Fund-State funding is deposited into the Housing Trust Fund in the 2020 supplemental operating budget for the following:

- \$60 million for housing projects serving individuals in need of permanent supportive housing;
- \$15 million for a new competitive grant program to preserve existing shelter capacity or increase low-barrier homeless shelter capacity for unaccompanied youth and young adults, families with children, or adults;
- \$15 million to rapidly preserve multifamily housing that is at risk of losing affordability; and
- \$10 million for competitively awarded housing preservation grants.

\$5 million is provided for a new competitive grant program for the development of community housing and cottage communities to shelter individuals or households experiencing homelessness.

An additional \$1 million is provided for the rapid response manufactured housing community preservation pilot program for the purpose of preserving manufactured and mobile home communities.

EARLY LEARNING

An additional \$4.1 million is provided for grants and loans to match private and other public funding to purchase, construct, or modernize facilities to add capacity for early learning programs, including the Early Childhood Education and Assistance Program. Additionally, \$3 million is provided for specific early learning projects.

BEHAVIORAL HEALTH

\$2 million is provided for facility improvements to Parkside Place, an existing behavioral health treatment facility in Wenatchee.

\$7.3 million in unspent authority from the 2017-19 biennial capital budget is redirected to fund an additional four enhanced service facilities for long-term placement of patients discharged or diverted from the state psychiatric hospitals.

\$20 million for the MultiCare Mixed Use Facility is redirected to grants to community providers to increase behavioral health services for children and minor youth.

OTHER HUMAN SERVICES

Criminal Justice Training Commission - Criminal Justice Training Center

The Criminal Justice Training Commission is provided \$1.4 million for minor works projects to upgrade and replace aging and failing infrastructure at the Criminal Justice Training Center, located in Burien.

Department of Social and Health Services - Eastern State Hospital

The Department of Social and Health Services (DSHS) is provided \$2 million for minor works projects to improve safety and security at Eastern State Hospital, located in Medical Lake.

DSHS - Residential Habilitation Centers

\$6.7 million is provided for the design of a new 120-bed nursing facility at Fircrest School, located in Shoreline.

The Department of Natural Resources, after consultation with DSHS, may enter into long-term, revenue generating opportunities for underutilized portions of the Fircrest School campus for the Charitable, Educational, Penal, and Reformatory Trust.

\$2.0 million is provided to replace the roof of the 2010 Building at Rainier School, located in Buckley.

Department of Children, Youth, and Families - Juvenile Rehabilitation

The Department of Children, Youth, and Families is provided \$1.5 million to increase capacity and improve buildings at juvenile rehabilitation facilities:

- \$1 million is appropriated for the design of a new recreation building at Green Hill School, located in Chehalis.
- \$0.3 million is appropriated for the predesign phase to remodel and renovate living units at three juvenile rehabilitation facilities to create additional capacity.
- \$0.2 million is appropriated for the predesign phase to evaluate options for expanding capacity for the medical, dental, and social services programs at Naselle Youth Camp, located in Naselle.

GENERAL GOVERNMENT

Department of Enterprise Services - Capital Lake Long-Term Management Planning

The Department of Enterprise Services is provided an additional \$1.45 million to complete and issue the draft environmental impact statement.

Economic Development Infrastructure

The Community Economic Revitalization Board is provided \$10 million from the Public Facility Construction Loan Revolving Account for loans and grants to be competitively awarded for projects that

construct, repair, and acquire local public facilities to encourage business development and expansion in areas seeking economic growth.

Local and Community Projects

An additional \$15.6 million is provided to the Department of Commerce for grants to local governments and nonprofit organizations for 58 community-based projects statewide.

Office of Financial Management Predesign Requirements

The proposed 2020 supplemental budget, in conjunction with proposed SHB 2936, increases the threshold for non-higher education capital projects requiring predesign from \$5 million to \$10 million. This establishes the same threshold for all capital project types. The Office of Financial Management (OFM) is provided the authority to waive some or all predesign requirements for capital projects that exceed the \$10 million threshold. OFM must notify the legislative fiscal committees of any predesign waivers granted.

NATURAL RESOURCES

Department of Ecology

\$33.7 million in additional funding from the Model Toxics Control Capital Account is provided for remedial action grants for cleanup projects by local governments.

\$5 million in additional funding from the Model Toxics Control Stormwater Account is provided for competitively awarded grants to local governments to implement stormwater retrofit projects that treat polluted stormwater in priority areas throughout the state.

Department of Fish and Wildlife

\$2.9 million is provided to complete the Soos Creek Hatchery renovation project, located in Auburn.

\$1 million is provided for the design phase and permitting of Wiley Slough Dike levee repairs, located in Mount Vernon.

Department of Natural Resources

The Department of Natural Resources (DNR) is provided funding for habitat conservation, environmental remediation, and facilities that support the Department's operations:

- \$3.2 million for the replacement of three fish barrier culverts on Grouse Ridge Road (near North Bend) that are required to be improved under the road maintenance and abandonment plan;
- \$3.1 million from the Model Toxics Control Capital Account for DNR's share of a settlement agreement to clean up the Whitmarsh landfill site in Skagit County;
- \$1.6 million for heating, air conditioning, and lighting improvements at two DNR administrative facilities in Chehalis and Colville; and
- \$1.0 million for the Forest Riparian Easement Program, which purchases 50-year conservation easements from small forest landowners for trees, required by the Forest Practices Act to be left unharvested, adjacent to streams, wetlands, seeps, and unstable slopes.

Pollution Liability Insurance Agency

Pursuant to legislation, \$4 million from the Underground Storage Tank Revolving Account is provided for the new Heating Oil Capital Financing Assistance Program.

HIGHER EDUCATION

The proposed 2020 supplemental budget adjusts the funding for the following higher education facilities:

- \$37.1 million is provided for construction of Spokane Falls Community College's Fine and Applied Arts facility;
- Funding is removed for the construction of the Allied Health, Science & Manufacturing facility at Shoreline Community College (\$36.6 million);
- \$3.0 million is provided through alternative financing for Eastern Washington University (EWU) to replace the roofs on four academic and administrative buildings. The debt service will come from EWU's building fees;
- \$1.8 million is provided for Central Washington University to install a campus-wide electronic building lock system; and
- \$0.3 million is provided for a predesign of the Everett Community College's Baker Hall replacement facility.

K-12 EDUCATION

Public School Construction

\$52.7 million is appropriated for additional state matching grants to qualifying local school districts for construction, renovation and modernization of K-12 school facilities in 2020-21. This additional funding will bring the state's total 2019-21 commitment to the School Construction Assistance Program to \$1.1 billion.

School Seismic Safety Retrofit Program

\$13.2 million is provided to initiate a grant program to retrofit K-12 school buildings for seismic safety improvements. The funding level is intended to fund the projects designated as very high risk by the Office of the Superintendent of Public Instruction.

OTHER EDUCATION

Washington Center for Deaf and Hard of Hearing Youth

\$4.6 million is provided for the abatement and demolition of four unoccupied, seismically unsafe buildings and the relocation of related campus utility infrastructure. This project will prepare the school grounds for siting a new academic and physical education building.

School for the Blind

\$1.2 million is provided to design a facility for the Living Independently for Today and Tomorrow (LIFTT) Residential Training Program for young adults, ages 18-24 years old.
