HUMAN SERVICES

NEW SECTION. **Sec. 201. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the
2 payment rates.

3 (4) The department shall to the maximum extent practicable use
4 the same system for delivery of spoken-language interpreter services
5 for social services appointments as the one established for medical
6 appointments in the health care authority. When contracting directly
7 with an individual to deliver spoken language interpreter services,
8 the department shall only contract with language access providers who
9 are working at a location in the state and who are state-certified or
10 state-authorized, except that when such a provider is not available,
11 the department may use a language access provider who meets other
12 certifications or standards deemed to meet state standards, including
13 interpreters in other states.

14 (5) Information technology projects or investments and proposed
15 projects or investments impacting time capture, payroll and payment
16 processes and systems, eligibility, case management, and
17 authorization systems within the department of social and health
18 services are subject to technical oversight by the office of the
19 chief information officer.

20 (6) (a) The department shall facilitate enrollment under the
21 medicaid expansion for clients applying for or receiving state funded
22 services from the department and its contractors. Prior to open
23 enrollment, the department shall coordinate with the health care
24 authority to provide referrals to the Washington health benefit
25 exchange for clients that will be ineligible for medicaid.

26 (b) To facilitate a single point of entry across public and
27 medical assistance programs, and to maximize the use of federal
28 funding, the health care authority, the department of social and
29 health services, and the health benefit exchange will coordinate
30 efforts to expand HealthPlanfinder access to public assistance and
31 medical eligibility staff. The department shall complete medicaid
32 applications in the HealthPlanfinder for households receiving or
33 applying for public assistance benefits.

34 (7) The health care authority, the health benefit exchange, the
35 department of social and health services, the department of health,
36 and the department of children, youth, and families shall work
37 together within existing resources to establish the health and human
38 services enterprise coalition (the coalition). The coalition, led by
39 the health care authority, must be a multi-organization collaborative
40 that provides strategic direction and federal funding guidance for

1 projects that have cross-organizational or enterprise impact,
2 including information technology projects that affect organizations
3 within the coalition. The office of the chief information officer
4 shall maintain a statewide perspective when collaborating with the
5 coalition to ensure that projects are planned for in a manner that
6 ensures the efficient use of state resources and maximizes federal
7 financial participation. The work of the coalition is subject to the
8 conditions, limitations, and review provided in section 701 of this
9 act.

38 charged to each adult family home when the home is initially

1 licensed. This fee is nonrefundable. A processing fee of \$700 must be
2 charged when adult family home providers file a change of ownership
3 application.

4 (ii) The current annual renewal license fee for assisted living
5 facilities is \$116 per bed beginning in fiscal year 2022 and \$116 per
6 bed beginning in fiscal year 2023.

8 facilities is \$359 per bed beginning in fiscal year 2022 and \$359 per
9 bed beginning in fiscal year 2023.

10 (c) \$2,648,000 of the general fund—state appropriation for fiscal
11 year 2022, \$8,946,000 of the general fund—state appropriation for
12 fiscal year 2023, and \$16,665,000 of the general fund—federal
13 appropriation are provided solely for the implementation of the
14 agreement reached between the governor and the service employees
15 international union healthcare 775nw under the provisions of chapters
16 74.39A and 41.56 RCW for the 2021-2023 fiscal biennium, as provided
17 in section 946 of this act.

18 (d) \$291,000 of the general fund—state appropriation for fiscal
19 year 2022, \$992,000 of the general fund—state appropriation for
20 fiscal year 2023, and \$1,844,000 of the general fund—federal
21 appropriation are provided solely for the homecare agency parity
22 impacts of the agreement between the governor and the service
23 employees international union healthcare 775nw.

24 (e) \$540,000 of the general fund—state appropriation for fiscal

31 (f) The department may authorize a one-time waiver of all or any
32 portion of the licensing and processing fees required under RCW
33 70.128.060 in any case in which the department determines that an
34 adult family home is being relicensed because of exceptional
35 circumstances, such as death or incapacity of a provider, and that to
36 require the full payment of the licensing and processing fees would
37 present a hardship to the applicant. In these situations the
38 department is also granted the authority to waive the required
39 residential administrator training for a period of 120 days if

1 necessary to ensure continuity of care during the relicensing
2 process.

3 (g) Community residential cost reports that are submitted by or
4 on behalf of contracted agency providers are required to include

12 facility beds, adult family home beds, skilled nursing facility beds,
13 shared supportive housing beds, state operated living alternative
14 beds, and assisted living facility beds.

16 to leaving one of the state psychiatric hospitals. The individualized
17 assessment must identify and authorize personal care, nursing care,
18 behavioral health stabilization, physical therapy, or other necessary
19 services to meet the unique needs of each client. It is the
20 expectation that, in most cases, staffing ratios in all community
21 alternative placement options described in (h)(i) of this subsection
22 will need to increase to meet the needs of clients leaving the state
23 psychiatric hospitals. If specialized training is necessary to meet
24 the needs of a client before he or she enters a community placement,
25 then the person centered service plan must also identify and
26 authorize this training.

27 (iii) When reviewing placement options, the department must
28 consider the safety of other residents, as well as the safety of
29 staff, in a facility. An initial evaluation of each placement,
30 including any documented safety concerns, must occur within thirty
31 days of a client leaving one of the state psychiatric hospitals and
32 entering one of the community placement options described in (h)(i)
33 of this subsection. At a minimum, the department must perform two
34 additional evaluations of each placement during the first year that a
35 client has lived in the facility.

36 (iv) In developing bed capacity, the department shall consider
37 the complex needs of individuals waiting for discharge from the state
38 psychiatric hospitals.

39 (i) Sufficient appropriations are provided for discharge case
40 managers stationed at the state psychiatric hospitals. Discharge case

1 managers will transition clients ready for hospital discharge into
2 less restrictive alternative community placements. The transition of
3 clients ready for discharge will free up bed capacity at the state
4 psychiatric hospitals.

5 (j) \$4,000 of the general fund—state appropriation for fiscal
6 year 2022, \$17,000 of the general fund—state appropriation for fiscal
7 year 2023, and \$23,000 of the general fund—federal appropriation are
8 provided solely for a cost of living adjustment to the personal needs
9 allowance pursuant to RCW 74.09.340.

10 (k) The department will work with the health care authority and
11 Washington state's managed care organizations to establish
12 recommendations for clients who live in the community to access the
13 developmental disabilities administration's facility-based
14 professionals to receive care covered under the state plan. If
15 feasible, these recommendations should detail how to enable facility-
16 based professionals to deliver services at mobile or brick-and-mortar
17 clinical settings in the community. The department must submit its
18 recommendations to the appropriate legislative committees no later
19 than December 1, 2021.

20 (l) The department of social and health services must claim the
21 enhanced federal medical assistance participation rate for home and
22 community-based services offered under section 9817 of the American
23 rescue plan act of 2021 (ARPA). Appropriations made that constitute
24 supplementation of home and community-based services as defined in
25 section 9817 of ARPA are listed in LEAP omnibus document HCBS-2021.

26 (m) \$300,000 of the general fund—state appropriation for fiscal
27 year 2023 and \$226,000 of the general fund—federal appropriation are
28 provided solely to implement Engrossed Second Substitute House Bill
29 No. 1086 (behavioral health consumers). If the bill is not enacted by
30 June 30, 2021, the amounts provided in this subsection shall lapse.

31 (n) \$408,000 of the general fund—state appropriation for fiscal
32 year 2022, \$416,000 of the general fund—state appropriation for
33 fiscal year 2023, and \$474,000 of the general fund—federal
34 appropriation are provided solely to implement Second Substitute
35 House Bill No. 1061 (child welfare/developmental disability). If the
36 bill is not enacted by June 30, 2021, the amounts provided in this
37 subsection shall lapse.

38 (o) \$3,474,000 of the general fund—state appropriation for fiscal
39 year 2022, \$11,423,000 of the general fund—state appropriation for

1 fiscal year 2023, and \$15,262,000 of the general fund—federal
2 appropriation are provided solely to increase rates for community
3 residential service providers offering supported living, group home,
4 group training home, and licensed staff residential services to
5 individuals with developmental disabilities. The amounts provided in
6 this subsection (o) include funding to increase the provider rate by
7 2.0 percent effective January 1, 2022, and by an additional 2.0
8 percent effective January 1, 2023. Both 2.0 percent rate increases
9 must be used to support providers' ability to maintain direct care
10 staff wages above the statewide minimum wage.

11 (p) The annual certification renewal fee for community
12 residential service businesses is \$859 per client in fiscal year 2022
13 and \$859 per client in fiscal year 2023. The annual certification
14 renewal fee may not exceed the department's annual licensing and
15 oversight activity costs.

16 (q) The appropriations in this section include sufficient funding
17 to implement chapter 220, Laws of 2020 (adult family homes/8 beds). A
18 nonrefundable fee of \$485 shall be charged for each application to
19 increase bed capacity at an adult family home to seven or eight beds.

20 (r) \$39,000 of the general fund—state appropriation for fiscal
21 year 2022, \$49,000 of the general fund—state appropriation for fiscal
22 year 2023, and \$131,000 of the general fund—federal appropriation are
23 provided solely to increase the administrative rate for home care

26 year 2022, \$1,688,000 of the general fund—state appropriation for
27 fiscal year 2023, and \$1,465,000 of the general fund—federal
28 appropriation are provided solely for the development and
29 implementation of 13 enhanced respite beds across the state for
30 children. These services are intended to provide families and
31 caregivers with a break in caregiving, the opportunity for behavioral
32 stabilization of the child, and the ability to partner with the state
33 in the development of an individualized service plan that allows the
34 child to remain in his or her family home. The department must
35 provide the legislature with a respite utilization report in January
36 of each year that provides information about the number of children
37 who have used enhanced respite in the preceding year, as well as the
38 location and number of days per month that each respite bed was
39 occupied.

1 (t) \$2,025,000 of the general fund—state appropriation for fiscal
2 year 2022 and \$2,006,000 of the general fund—state appropriation for
3 fiscal year 2023 are provided solely for the development and
4 implementation of 13 community respite beds across the state for
5 adults. These services are intended to provide families and
6 caregivers with a break in caregiving and the opportunity for
7 stabilization of the individual in a community-based setting as an
8 alternative to using a residential habilitation center to provide
9 planned or emergent respite. The department must provide the
10 legislature with a respite utilization report by January of each year
11 that provides information about the number of individuals who have
12 used community respite in the preceding year, as well as the location
13 and number of days per month that each respite bed was occupied.

2 including state budget and policy options, and may conduct, but are
3 not limited to, the following tasks:

4 (i) Identify strategies to better serve the health care needs of
5 an aging population and people with disabilities to promote healthy
6 living and palliative care planning;

7 (ii) Identify strategies and policy options to create financing
8 mechanisms for long-term service and supports that allow individuals

3 reimbursement for travel and expenses.

4 (9) Appropriations in this section are sufficient to fund
5 discharge case managers stationed at the state psychiatric hospitals.
6 Discharge case managers will transition clients ready for hospital
7 discharge into less restrictive alternative community placements. The
8 transition of clients ready for discharge will free up bed capacity
9 at the state psychiatric hospitals.

10 (10) Appropriations in this section are sufficient to fund
11 financial service specialists stationed at the state psychiatric
12 hospitals. Financial service specialists will help to transition
13 clients ready for hospital discharge into alternative community
14 placements. The transition of clients ready for discharge will free
15 up bed capacity at the state hospitals.

16 (11) The department shall continue to administer initiative 2 of
17 the medicaid transformation waiver that provides tailored support for
18 older adults and medicaid alternative care described in initiative 2
19 of the medicaid transformation demonstration waiver under healthier
20 Washington. This initiative will be funded by the health care
21 authority with the medicaid quality improvement program. The
22 secretary in collaboration with the director of the health care
23 authority shall report to the office of financial management all of
24 the expenditures of this subsection and shall provide such fiscal
25 data in the time, manner, and form requested. The department shall
26 not increase general fund—state expenditures on this initiative.

27 (12) \$3,378,000 of the general fund—state appropriation for
28 fiscal year 2022, \$5,561,000 of the general fund—state appropriation
29 for fiscal year 2023, and \$11,980,000 of the general fund—federal
30 appropriation are provided solely for the implementation of an
31 agreement reached between the governor and the adult family home
32 council under the provisions of chapter 41.56 RCW for the 2021-2023
33 fiscal biennium, as provided in section 948 of this act.

34 (13) \$1,761,000 of the general fund—state appropriation for
35 fiscal year 2022, \$1,761,000 of the general fund—state appropriation
36 for fiscal year 2023, and \$4,162,000 of the general fund—federal
37 appropriation are provided solely for case managers at the area
38 agencies on aging to coordinate care for medicaid clients with mental
39 illness who are living in their own homes. Work shall be accomplished

1 within existing standards for case management and no requirements
2 will be added or modified unless by mutual agreement between the
3 department of social and health services and area agencies on aging.

4 (14) Appropriations provided in this section are sufficient for
5 the department to contract with an organization to provide
6 educational materials, legal services, and attorney training to
7 support persons with dementia. The funding provided in this
8 subsection must be used for:

9 (a) An advance care and legal planning toolkit for persons and
10 families living with dementia, designed and made available online and
11 in print. The toolkit should include educational topics including,
12 but not limited to:

13 (i) The importance of early advance care, legal, and financial
14 planning;

15 (ii) The purpose and application of various advance care, legal,
16 and financial documents;

17 (iii) Dementia and capacity;

18 (iv) Long-term care financing considerations;

19 (v) Elder and vulnerable adult abuse and exploitation;

20 (vi) Checklists such as "legal tips for caregivers," "meeting
21 with an attorney," and "life and death planning;"

22 (vii) Standardized forms such as general durable power of
23 attorney forms and advance health care directives; and

24 (viii) A selected list of additional resources.

25 (b) Webinars about the dementia legal and advance care planning
26 toolkit and related issues and topics with subject area experts. The
27 subject area expert presenters must provide their services in-kind,
28 on a volunteer basis.

29 (c) Continuing legal education programs for attorneys to advise
30 and assist persons with dementia. The continuing education programs
31 must be offered at no cost to attorneys who make a commitment to
32 participate in the pro bono program.

33 (d) Administrative support costs to develop intake forms and
34 protocols, perform client intake, match participating attorneys with
35 eligible clients statewide, maintain records and data, and produce
36 reports as needed.

37 (15) Appropriations provided in this section are sufficient to

9 to leaving one of the state psychiatric hospitals. The individualized
10 assessment must identify and authorize personal care, nursing care,
11 behavioral health stabilization, physical therapy, or other necessary
12 services to meet the unique needs of each client. It is the
13 expectation that, in most cases, staffing ratios in all community
14 alternative placement options described in (a) of this subsection
15 will need to increase to meet the needs of clients leaving the state
16 psychiatric hospitals. If specialized training is necessary to meet
17 the needs of a client before he or she enters a community placement,
18 then the person centered service plan must also identify and
19 authorize this training.

20 (c) When reviewing placement options, the department must
21 consider the safety of other residents, as well as the safety of
22 staff, in a facility. An initial evaluation of each placement,
23 including any documented safety concerns, must occur within thirty

18	General Fund—State Appropriation (FY 2023).	\$47,720,000
19	General Fund—Federal Appropriation.	\$46,673,000
20	TOTAL APPROPRIATION.	\$140,219,000

21 The appropriations in this section are subject to the following
 22 conditions and limitations: Within the amounts appropriated in this
 23 section, the department must extend master property insurance to all
 24 buildings owned by the department valued over \$250,000 and to all
 25 locations leased by the department with contents valued over
 26 \$250,000.

27 NEW SECTION. **Sec. 210. FOR THE STATE HEALTH CARE AUTHORITY**

28 During the 2021-2023 fiscal biennium, the health care authority
 29 shall provide support and data as required by the office of the state
 30 actuary in providing the legislature with health care actuarial
 31 analysis, including providing any information in the possession of
 32 the health care authority or available to the health care authority
 33 through contracts with providers, plans, insurers, consultants, or
 34 any other entities contracting with the health care authority.

35 Information technology projects or investments and proposed
 36 projects or investments impacting time capture, payroll and payment
 37 processes and systems, eligibility, case management, and

1 authorization systems within the health care authority are subject to
2 technical oversight by the office of the chief information officer.

3 The health care authority shall not initiate any services that
4 require expenditure of state general fund moneys unless expressly
5 authorized in this act or other law. The health care authority may
6 seek, receive, and spend, under RCW 43.79.260 through 43.79.282,
7 federal moneys not anticipated in this act as long as the federal
8 funding does not require expenditure of state moneys for the program
9 in excess of amounts anticipated in this act. If the health care
10 authority receives unanticipated unrestricted federal moneys, those
11 moneys shall be spent for services authorized in this act or in any
12 other legislation providing appropriation authority, and an equal
13 amount of appropriated state general fund moneys shall lapse. Upon
14 the lapsing of any moneys under this subsection, the office of
15 financial management shall notify the legislative fiscal committees.
16 As used in this subsection, "unrestricted federal moneys" includes
17 block grants and other funds that federal law does not require to be
18 spent on specifically defined projects or matched on a formula basis
19 by state funds.

20 The health care authority, the health benefit exchange, the
21 department of social and health services, the department of health,
22 and the department of children, youth, and families shall work
23 together within existing resources to establish the health and human
24 services enterprise coalition (the coalition). The coalition, led by
25 the health care authority, must be a multi-organization collaborative
26 that provides strategic direction and federal funding guidance for
27 projects that have cross-organizational or enterprise impact,
28 including information technology projects that affect organizations
29 within the coalition. The office of the chief information officer
30 shall maintain a statewide perspective when collaborating with the
31 coalition to ensure that projects are planned for in a manner that
32 ensures the efficient use of state resources and maximizes federal
33 financial participation. The work of the coalition is subject to the
34 conditions, limitations, and review provided in section 701 of this
35 act.

21 The appropriations in this section are subject to the following
22 conditions and limitations:

23 (1) The authority shall not accept or expend any federal funds
24 received under a medicaid transformation waiver under healthier
25 Washington except as described in subsections (2) through (5) of this
26 section until specifically approved and appropriated by the
27 legislature. To ensure compliance with legislative directive budget
28 requirements and terms and conditions of the waiver, the authority
29 shall implement the waiver and reporting requirements with oversight
30 from the office of financial management. The legislature finds that
31 appropriate management of the innovation waiver requires better
32 analytic capability, transparency, consistency, timeliness, accuracy,
33 and lack of redundancy with other established measures and that the
34 patient must be considered first and foremost in the implementation
35 and execution of the demonstration waiver. In order to effectuate
36 these goals, the authority shall: (a) Require the Dr. Robert Bree
37 collaborative and the health technology assessment program to reduce
38 the administrative burden upon providers by only requiring
39 performance measures that are nonduplicative of other nationally

1 established measures. The joint select committee on health care
2 oversight will evaluate the measures chosen by the collaborative and
3 the health technology assessment program for effectiveness and
4 appropriateness; (b) develop a patient satisfaction survey with the
5 goal to gather information about whether it was beneficial for the
6 patient to use the center of excellence location in exchange for
7 additional out-of-pocket savings; (c) ensure patients and health care
8 providers have significant input into the implementation of the
9 demonstration waiver, in order to ensure improved patient health
10 outcomes; and (d) in cooperation with the department of social and
11 health services, consult with and provide notification of work on
12 applications for federal waivers, including details on waiver
13 duration, financial implications, and potential future impacts on the
14 state budget, to the joint select committee on health care oversight
15 prior to submitting waivers for federal approval. The authority shall
16 submit an application to the centers for medicaid and medicare
17 services to extend the duration of the medicaid transformation waiver
18 under healthier Washington as described in subsections (3) through
19 (5) of this section by one year. If not extended, by federal
20 standard, the medicaid transformation demonstration waiver shall not
21 exceed the duration originally granted by the centers for medicare
22 and medicaid services and any programs created or funded by this
23 waiver do not create an entitlement.

24 (2) No more than \$243,047,000 of the general fund—federal
25 appropriation and no more than \$99,274,000 of the general fund—local
26 appropriation may be expended for the medicaid quality improvement
27 program. Under federal regulations, the medicaid quality improvement
28 program is authorized and allows states to design quality improvement
29 programs for the medicaid population in ways that support the state's
30 quality goals. Medicaid quality improvement program payments will not
31 count against initiative 1 of the medicaid transformation
32 demonstration waiver spending limit and are excluded from the
33 waiver's budget neutrality calculation. Apple health managed care
34 organizations and their partnering providers will receive medicaid
35 quality improvement program payments as they meet designated
36 milestones. Partnering providers and apple health managed care
37 organizations will work together to achieve medicaid quality
38 improvement program goals according to the performance period
39 timelines and reporting deadlines as set forth by the authority. The
40 authority shall only utilize the medicaid quality improvement program

1 to support the transformation waiver and shall not pursue its use for
2 other purposes. Any programs created or funded by the medicaid
3 quality improvement program do not create an entitlement. The
4 authority shall not increase general fund—state, federal, or local
5 expenditures under this program. The director shall report to the
6 joint select committee on health care oversight not less than
7 quarterly on financial and health outcomes. The director shall report
8 to the fiscal committees of the legislature all of the expenditures
9 under this subsection and shall provide such fiscal data in the time,
10 manner, and form requested by the legislative fiscal committees.

11 (3) No more than \$63,052,000 of the general fund—federal
12 appropriation and no more than \$50,840,000 of the general fund—local
13 appropriation may be expended for transformation through accountable
14 communities of health described in initiative 1 of the medicaid
15 transformation demonstration wavier under healthier Washington,
16 including preventing youth drug use, opioid prevention and treatment,
17 and physical and behavioral health integration. Under this
18 initiative, the authority shall take into account local input
19 regarding community needs. In order to ensure transparency to the
20 appropriate fiscal committees of the legislature, the authority shall
21 provide fiscal staff of the legislature query ability into any
22 database of the fiscal intermediary that authority staff would be
23 authorized to access. The authority shall not increase general fund—
24 state expenditures under this initiative. The director shall also
25 report to the fiscal committees of the legislature all of the
26 expenditures under this subsection and shall provide such fiscal data
27 in the time, manner, and form requested by the legislative fiscal
28 committees.

29 (4) No more than \$26,837,000 of the general fund—federal
30 appropriation and \$26,839,000 of the general fund—local appropriation
31 may be expended for the medicaid quality improvement program for
32 tailored support for older adults and medicaid alternative care
33 described in initiative 2 of the medicaid transformation
34 demonstration waiver under healthier Washington. The authority shall
35 contract and provide funding to the department of social and health
36 services to administer initiative 2. The director in cooperation with
37 the secretary of the department of social and health services shall
38 report to the office of financial management all of the expenditures
39 of this section and shall provide such fiscal data in the time,

1 manner, and form requested. The authority shall not increase general
2 fund—state expenditures on this initiative.

3 (5) No more than \$50,389,000 of the general fund—federal
4 appropriation and no more than \$22,862,000 of the general fund—local
5 appropriation may be expended for the medicaid quality improvement
6 program for supported housing and employment services described in
7 initiative 3a and 3b of the medicaid transformation demonstration
8 waiver under healthier Washington. Under this initiative, the
9 authority and the department of social and health services shall
10 ensure that allowable and necessary services are provided to eligible
11 clients as identified by the department or its third party
12 administrator. The authority shall not increase general fund—state
13 expenditures under this initiative. The director shall report to the
14 joint select committee on health care oversight no less than
15 quarterly on financial and health outcomes. The director shall also
16 report to the fiscal committees of the legislature all of the
17 expenditures of this subsection and shall provide such fiscal data in
18 the time, manner, and form requested by the legislative fiscal
19 committees.

20 (6) Annually, no later than November 1st, the authority shall
21 report to the governor and appropriate committees of the legislature
22 savings attributed to behavioral and physical health integration and
23 the level of savings achieved in areas that have integrated
24 behavioral and physical health.

25 (7) Sufficient amounts are appropriated in this subsection to
26 implement the medicaid expansion as defined in the social security
27 act, section 1902(a)(10)(A)(i)(VIII).

28 (8) The legislature finds that medicaid payment rates, as
29 calculated by the health care authority pursuant to the
30 appropriations in this act, bear a reasonable relationship to the
31 costs incurred by efficiently and economically operated facilities
32 for providing quality services and will be sufficient to enlist
33 enough providers so that care and services are available to the
34 extent that such care and services are available to the general
35 population in the geographic area. The legislature finds that the
36 cost reports, payment data from the federal government, historical
37 utilization, economic data, and clinical input constitute reliable
38 data upon which to determine the payment rates.

1 (9) Based on quarterly expenditure reports and caseload
2 forecasts, if the health care authority estimates that expenditures
3 for the medical assistance program will exceed the appropriations,
4 the health care authority shall take steps including but not limited
5 to reduction of rates or elimination of optional services to reduce
6 expenditures so that total program costs do not exceed the annual
7 appropriation authority.

8 (10) In determining financial eligibility for medicaid-funded
9 services, the health care authority is authorized to disregard
10 recoveries by Holocaust survivors of insurance proceeds or other
11 assets, as defined in RCW 48.104.030.

12 (11) The legislature affirms that it is in the state's interest
13 for Harborview medical center to remain an economically viable
14 component of the state's health care system.

15 (12) When a person is ineligible for medicaid solely by reason of
16 residence in an institution for mental diseases, the health care
17 authority shall provide the person with the same benefits as he or
18 she would receive if eligible for medicaid, using state-only funds to
19 the extent necessary.

20 (13) \$3,997,000 of the general fund—state appropriation for
21 fiscal year 2022, \$4,261,000 of the general fund—state appropriation
22 for fiscal year 2023, and \$8,786,000 of the general fund—federal
23 appropriation are provided solely for low-income disproportionate
24 share hospital payments.

25 (14) Within the amounts appropriated in this section, the health
26 care authority shall provide disproportionate share hospital payments
27 to hospitals that provide services to children in the children's
28 health program who are not eligible for services under Title XIX or
29 XXI of the federal social security act due to their citizenship
30 status.

31 (15) \$7,000,000 of the general fund—federal appropriation is
32 provided solely for supplemental payments to nursing homes operated
33 by public hospital districts. The public hospital district shall be
34 responsible for providing the required nonfederal match for the
35 supplemental payment, and the payments shall not exceed the maximum
36 allowable under federal rules. It is the legislature's intent that
37 the payments shall be supplemental to and shall not in any way offset
38 or reduce the payments calculated and provided in accordance with
39 part E of chapter 74.46 RCW. It is the legislature's further intent

1 that costs otherwise allowable for rate-setting and settlement
2 against payments under chapter 74.46 RCW shall not be disallowed
3 solely because such costs have been paid by revenues retained by the
4 nursing home from these supplemental payments. The supplemental
5 payments are subject to retrospective interim and final cost
6 settlements based on the nursing homes' as-filed and final medicare
7 cost reports. The timing of the interim and final cost settlements
8 shall be at the health care authority's discretion. During either the
9 interim cost settlement or the final cost settlement, the health care
10 authority shall recoup from the public hospital districts the
11 supplemental payments that exceed the medicaid cost limit and/or the
12 medicare upper payment limit. The health care authority shall apply
13 federal rules for identifying the eligible incurred medicaid costs
14 and the medicare upper payment limit.

15 (16) The health care authority shall continue the inpatient
16 hospital certified public expenditures program for the 2021-2023
17 fiscal biennium. The program shall apply to all public hospitals,
18 including those owned or operated by the state, except those
19 classified as critical access hospitals or state psychiatric
20 institutions. The health care authority shall submit reports to the
21 governor and legislature by November 1, 2021, and by November 1,
22 2022, that evaluate whether savings continue to exceed costs for this
23 program. If the certified public expenditures (CPE) program in its
24 current form is no longer cost-effective to maintain, the health care
25 authority shall submit a report to the governor and legislature
26 detailing cost-effective alternative uses of local, state, and
27 federal resources as a replacement for this program. During fiscal
28 year 2022 and fiscal year 2023, hospitals in the program shall be
29 paid and shall retain one hundred percent of the federal portion of
30 the allowable hospital cost for each medicaid inpatient fee-for-
31 service claim payable by medical assistance and one hundred percent
32 of the federal portion of the maximum disproportionate share hospital
33 payment allowable under federal regulations. Inpatient medicaid
34 payments shall be established using an allowable methodology that
35 approximates the cost of claims submitted by the hospitals. Payments
36 made to each hospital in the program in each fiscal year of the
37 biennium shall be compared to a baseline amount. The baseline amount
38 will be determined by the total of (a) the inpatient claim payment
39 amounts that would have been paid during the fiscal year had the
40 hospital not been in the CPE program based on the reimbursement rates

1 developed, implemented, and consistent with policies approved in the
2 2021-2023 biennial operating appropriations act and in effect on July
3 1, 2015, (b) one-half of the indigent assistance disproportionate
4 share hospital payment amounts paid to and retained by each hospital
5 during fiscal year 2005, and (c) all of the other disproportionate
6 share hospital payment amounts paid to and retained by each hospital
7 during fiscal year 2005 to the extent the same disproportionate share
8 hospital programs exist in the 2019-2021 fiscal biennium. If payments
9 during the fiscal year exceed the hospital's baseline amount, no
10 additional payments will be made to the hospital except the federal
11 portion of allowable disproportionate share hospital payments for
12 which the hospital can certify allowable match. If payments during
13 the fiscal year are less than the baseline amount, the hospital will
14 be paid a state grant equal to the difference between payments during
15 the fiscal year and the applicable baseline amount. Payment of the
16 state grant shall be made in the applicable fiscal year and
17 distributed in monthly payments. The grants will be recalculated and
18 redistributed as the baseline is updated during the fiscal year. The
19 grant payments are subject to an interim settlement within eleven
20 months after the end of the fiscal year. A final settlement shall be
21 performed. To the extent that either settlement determines that a
22 hospital has received funds in excess of what it would have received
23 as described in this subsection, the hospital must repay the excess
24 amounts to the state when requested. \$702,000 of the general fund—
25 state appropriation for fiscal year 2022 and \$649,000 of the general
26 fund—state appropriation for fiscal year 2023 are provided solely for
27 state grants for the participating hospitals.

28 (17) The health care authority shall seek public-private
29 partnerships and federal funds that are or may become available to
30 provide on-going support for outreach and education efforts under the
31 federal children's health insurance program reauthorization act of
32 2009.

33 (18) The health care authority shall target funding for maternity
34 support services towards pregnant women with factors that lead to
35 higher rates of poor birth outcomes, including hypertension, a
36 preterm or low birth weight birth in the most recent previous birth,
37 a cognitive deficit or developmental disability, substance abuse,
38 severe mental illness, unhealthy weight or failure to gain weight,
39 tobacco use, or African American or Native American race. The health
40 care authority shall prioritize evidence-based practices for delivery

1 of maternity support services. To the extent practicable, the health
2 care authority shall develop a mechanism to increase federal funding
3 for maternity support services by leveraging local public funding for
4 those services.

5 (19) The authority shall submit reports to the governor and the
6 legislature by September 15, 2021, and no later than September 15,
7 2022, that delineate the number of individuals in medicaid managed
8 care, by carrier, age, gender, and eligibility category, receiving
9 preventative services and vaccinations. The reports should include
10 baseline and benchmark information from the previous two fiscal years
11 and should be inclusive of, but not limited to, services recommended
12 under the United States preventative services task force, advisory
13 committee on immunization practices, early and periodic screening,
14 diagnostic, and treatment (EPSDT) guidelines, and other relevant
15 preventative and vaccination medicaid guidelines and requirements.

16 (20) Managed care contracts must incorporate accountability
17 measures that monitor patient health and improved health outcomes,
18 and shall include an expectation that each patient receive a wellness
19 examination that documents the baseline health status and allows for
20 monitoring of health improvements and outcome measures.

21 (21) Sufficient amounts are appropriated in this section for the
22 authority to provide an adult dental benefit.

23 (22) The health care authority shall coordinate with the
24 department of social and health services to provide referrals to the
25 Washington health benefit exchange for clients that will be
26 ineligible for medicaid.

27 (23) To facilitate a single point of entry across public and
28 medical assistance programs, and to maximize the use of federal
29 funding, the health care authority, the department of social and
30 health services, and the health benefit exchange will coordinate
31 efforts to expand HealthPlanfinder access to public assistance and
32 medical eligibility staff. The health care authority shall complete
33 medicaid applications in the HealthPlanfinder for households
34 receiving or applying for medical assistance benefits.

35 (24) \$90,000 of the general fund—state appropriation for fiscal
36 year 2022, \$90,000 of the general fund—state appropriation for fiscal
37 year 2023, and \$180,000 of the general fund—federal appropriation are
38 provided solely to continue operation by a nonprofit organization of

1 a toll-free hotline that assists families to learn about and enroll
2 in the apple health for kids program.

3 (25) Within the amounts appropriated in this section, the
4 authority shall reimburse for primary care services provided by
5 naturopathic physicians.

6 (26) Within the amounts appropriated in this section, the
7 authority shall continue to provide coverage for pregnant teens that
8 qualify under existing pregnancy medical programs, but whose
9 eligibility for pregnancy related services would otherwise end due to
10 the application of the new modified adjusted gross income eligibility
11 standard.

12 (27) Sufficient amounts are appropriated in this section to
13 remove the mental health visit limit and to provide the shingles
14 vaccine and screening, brief intervention, and referral to treatment
15 benefits that are available in the medicaid alternative benefit plan
16 in the classic medicaid benefit plan.

17 (28) The authority shall use revenue appropriated from the
18 dedicated marijuana fund for contracts with community health centers
19 under RCW 69.50.540 in lieu of general fund—state payments to
20 community health centers for services provided to medical assistance
21 clients, and it is the intent of the legislature that this policy
22 will be continued in subsequent fiscal biennia.

23 (29) Beginning no later than January 1, 2018, for any service
24 eligible under the medicaid state plan for encounter payments,
25 managed care organizations at the request of a rural health clinic
26 shall pay the full published encounter rate directly to the clinic.
27 At no time will a managed care organization be at risk for or have
28 any right to the supplemental portion of the claim. Payments will be
29 reconciled on at least an annual basis between the managed care
30 organization and the authority, with final review and approval by the
31 authority.

32 (30) Sufficient amounts are appropriated in this section for the
33 authority to provide a medicaid equivalent adult dental benefit to
34 clients enrolled in the medical care service program.

35 (31) Within the amounts appropriated in this section, the
36 authority shall reimburse for maternity services provided by doulas.

37 (32) Within the amounts appropriated in this section, the
38 authority shall include allergen control bed and pillow covers as
39 part of the durable medical equipment benefit for children with an
40 asthma diagnosis enrolled in medical assistance programs.

1 (33) The authority must claim the enhanced federal medical
2 assistance participation rate for home and community-based services
3 offered under section 9817 of the American rescue plan act of 2021
4 (ARPA). Appropriations made that constitute supplementation of home
5 and community-based services as defined in section 9817 of ARPA are
6 listed in the LEAP omnibus document HCBS-2021.

7 (34) During the 2021-2023 fiscal biennium, sufficient amounts are
8 provided in this section for the authority to provide services
9 identical to those services covered by the Washington state family
10 planning waiver program as of August 2018 to individuals who:

11 (a) Are over nineteen years of age;

12 (b) Are at or below two hundred and sixty percent of the federal
13 poverty level as established in WAC 182-505-0100;

14 (c) Are not covered by other public or private insurance; and

15 (d) Need family planning services and are not currently covered
16 by or eligible for another medical assistance program for family
17 planning.

18 (35) Sufficient amounts are appropriated within this section for
19 the authority to incorporate the expected outcomes and criteria to
20 measure the performance of service coordination organizations as
21 provided in chapter 70.320 RCW into contracts with managed care
22 organizations that provide services to clients. The authority is
23 directed to:

24 (a) Contract with an external quality improvement organization to
25 annually analyze the performance of managed care organizations
26 providing services to clients under this chapter based on seven
27 performance measures. The analysis required under this subsection
28 must:

29 (i) Measure managed care performance in four common measures
30 across each managed care organization, including:

31 (A) At least one common measure must be weighted towards having
32 the potential to impact managed care costs; and

33 (B) At least one common measure must be weighted towards
34 population health management, as defined by the measure; and

35 (ii) Measure managed care performance in an additional three
36 quality focus performance measures specific to a managed care
37 organization. Quality focus performance measures chosen by the
38 authority must:

39 (A) Be chosen from the statewide common measure set;

1 (B) Reflect specific measures where a managed care organization
2 has poor performance; and

3 (C) Be substantive and clinically meaningful in promoting health
4 status.

5 (b) The authority shall set the four common measures to be
6 analyzed across all managed care organizations.

7 (c) The authority shall set three quality focus performance
8 measures specific to each managed care organization. The authority
9 must determine performance measures for each managed care
10 organization based on the criteria established in (a)(ii) of this
11 subsection.

12 (d) By September 15, 2021, and annually thereafter, the authority
13 shall notify each managed care organization of the performance
14 measures for the organization for the subsequent plan year.

15 (e) Two percent of the total plan year funding appropriated to
16 each managed care organization that provides services to clients
17 under chapter 70.320 RCW shall be withheld. At least seventy-five
18 percent of the withhold shall be held contingent on each managed care
19 organization's performance on the seven performance measures
20 identified in this section. Each managed care organization may earn
21 back the annual withhold if the external quality improvement
22 organization finds that the managed care organization:

23 (i) Made statistically significant improvement in the seven
24 performance measures as compared to the preceding plan year; or

25 (ii) Scored in the top national medicaid quartile of the
26 performance measures.

27 (f) The amount of withhold annually paid to each managed care
28 organization shall be proportional to findings of statistically
29 significant improvement or top national medicaid quartile scoring by
30 a managed care organization.

31 (g) For no more than two of the four quality focus performance

38 administrative services organizations.

1 (2) Within the amounts appropriated in this section, funding is
2 provided for implementation of the settlement agreement under
3 *Trueblood, et al. v. Department of Social and Health Services, et*
4 *al.*, United States District Court for the Western District of

37 shall consider the differences between behavioral health entities in
38 the percentages of services and other costs associated with the teams
39 that are not reimbursable under medicaid. The authority may allow

1 behavioral health entities which have nonmedicaid reimbursable costs
2 that are higher than the nonmedicaid allocation they receive under
3 this section to supplement these funds with local dollars or funds
4 received under subsection (6) of this section. The authority and
5 behavioral health entities shall maintain consistency with all
6 essential elements of the PACT evidence-based practice model in
7 programs funded under this section.

26 authority to contract with behavioral health administrative service
27 organizations for behavioral health treatment services not covered
28 under the medicaid program. Within these amounts, behavioral health
29 administrative service organizations must provide a two percent rate
30 increase to providers receiving state funds for nonmedicaid services
31 under this section effective July 1, 2021.

32 (b) \$22,791,000 of the general fund—state appropriation for
33 fiscal year 2022 and \$22,791,000 of the general fund—state
34 appropriation for fiscal year 2023 are provided solely for the
35 authority to contract with medicaid managed care organizations for
36 wraparound services to medicaid enrolled individuals that are not
37 covered under the medicaid program and for the state share of costs
38 for exceptional medicaid behavioral health personal care services.
39 Within the amounts provided in this subsection:

7 exceptional behavioral health personal care services for medicaid
8 enrolled individuals who require these because of a psychiatric
9 disability. Funding for the federal share of these services is
10 separately appropriated to the department of social and health
11 services.

12 (c) The authority shall coordinate with the department of social
13 and health services to develop and submit to the centers for medicare
14 and medicaid services an application to provide a 1915(i) state plan
15 home and community-based services benefit. The application shall be
16 developed to allow for the delivery of wraparound supportive
17 behavioral health services for individuals with mental illnesses who
18 also have a personal care need. The waiver shall be developed to
19 standardize coverage and administration, improve the current benefit
20 design, and clarify roles in administration of the behavioral health
21 personal care services benefit. By December 1, 2021, the authority,
22 in coordination with the department of social and health services,
23 must submit a report to the office of financial management and the

34 receive behavioral health personal care services annually under the
35 current benefit structure and the estimated state and federal fiscal
36 costs for the managed care organizations and the department of social
37 and health services; and

38 (iv) A status update on the development and submission of the
39 waiver with an estimated timeline for approval and implementation of
40 the new wraparound services benefit.

1 (7) The authority is authorized to continue to contract directly,
2 rather than through contracts with behavioral health entities for
3 children's long-term inpatient facility services.

4 (8) \$1,204,000 of the general fund—state appropriation for fiscal
5 year 2022 and \$1,204,000 of the general fund—state appropriation for
6 fiscal year 2023 are provided solely to reimburse Pierce and Spokane
7 counties for the cost of conducting one hundred eighty-day commitment
8 hearings at the state psychiatric hospitals.

9 (9) Behavioral health entities may use local funds to earn
10 additional federal medicaid match, provided the locally matched rate
11 does not exceed the upper-bound of their federally allowable rate
12 range, and provided that the enhanced funding is used only to provide
13 medicaid state plan or waiver services to medicaid clients.
14 Additionally, behavioral health entities may use a portion of the
15 state funds allocated in accordance with subsection (6) of this
16 section to earn additional medicaid match, but only to the extent
17 that the application of such funds to medicaid services does not
18 diminish the level of crisis and commitment, community inpatient,
19 residential care, and outpatient services presently available to
20 persons not eligible for medicaid.

21 (10) \$2,291,000 of the general fund—state appropriation for
22 fiscal year 2022 and \$2,291,000 of the general fund—state
23 appropriation for fiscal year 2023 are provided solely for mental
24 health services for mentally ill offenders while confined in a county
25 or city jail and for facilitating access to programs that offer
26 mental health services upon release from confinement. The authority
27 must collect information from the behavioral health entities on their
28 plan for using these funds, the numbers of individuals served, and
29 the types of services provided and submit a report to the office of
30 financial management and the appropriate fiscal committees of the
31 legislature by December 1st of each year of the biennium.

32 (11) Within the amounts appropriated in this section, funding is
33 provided for the authority to develop and phase in intensive mental
34 health services for high needs youth consistent with the settlement
35 agreement in *T.R. v. Dreyfus and Porter*.

36 (12) The authority must establish minimum and maximum funding
37 levels for all reserves allowed under behavioral health
38 administrative service organization contracts and include contract
39 language that clearly states the requirements and limitations. The

1 authority must monitor and ensure that behavioral health
2 administrative service organization reserves do not exceed maximum
3 levels. The authority must monitor revenue and expenditure reports
4 and must require a behavioral health administrative service
5 organization to submit a corrective action plan on how it will spend
6 its excess reserves within a reasonable period of time, when its
7 reported reserves exceed maximum levels established under the
8 contract. The authority must review and approve such plans and
9 monitor to ensure compliance. If the authority determines that a
10 behavioral health administrative service organization has failed to
11 provide an adequate excess reserve corrective action plan or is not
12 complying with an approved plan, the authority must reduce payments
13 to the entity in accordance with remedial actions provisions included
14 in the contract. These reductions in payments must continue until the
15 authority determines that the entity has come into substantial
16 compliance with an approved excess reserve corrective action plan.

17 (13) During the 2021-2023 fiscal biennium, any amounts provided
18 in this section that are used for case management services for
19 pregnant and parenting women must be contracted directly between the
20 authority and pregnant and parenting women case management providers.

21 (14) Within the amounts appropriated in this section, the
22 authority may contract with the University of Washington and
23 community-based providers for the provision of the parent-child
24 assistance program or other specialized chemical dependency case
25 management providers for pregnant, post-partum, and parenting women.
26 For all contractors: (a) Service and other outcome data must be
27 provided to the authority by request; and (b) indirect charges for
28 administering the program must not exceed ten percent of the total
29 contract amount.

30 (15) \$3,500,000 of the general fund—federal appropriation is
31 provided solely for the continued funding of existing county drug and
32 alcohol use prevention programs.

33 (16) Within the amounts provided in this section, behavioral
34 health entities must provide outpatient chemical dependency treatment
35 for offenders enrolled in the medicaid program who are supervised by
36 the department of corrections pursuant to a term of community
37 supervision. Contracts with behavioral health entities must require
38 that behavioral health entities include in their provider network
39 specialized expertise in the provision of manualized, evidence-based
40 chemical dependency treatment services for offenders. The department

1 of corrections and the authority must develop a memorandum of
2 understanding for department of corrections offenders on active
3 supervision who are medicaid eligible and meet medical necessity for
4 outpatient substance use disorder treatment. The agreement will
5 ensure that treatment services provided are coordinated, do not
6 result in duplication of services, and maintain access and quality of
7 care for the individuals being served. The authority must provide all
8 necessary data, access, and reports to the department of corrections
9 for all department of corrections offenders that receive medicaid
10 paid services.

11 (17) The criminal justice treatment account—state appropriation
12 is provided solely for treatment and treatment support services for
13 offenders with a substance use disorder pursuant to RCW 71.24.580.
14 The authority must offer counties the option to administer their
15 share of the distributions provided for under RCW 71.24.580(5)(a). If
16 a county is not interested in administering the funds, the authority
17 shall contract with behavioral health entities to administer these
18 funds consistent with the plans approved by local panels pursuant to
19 RCW 71.24.580(5)(b).

20 (18) \$6,858,000 of the general fund—state appropriation for
21 fiscal year 2022, \$6,858,000 of the general fund—state appropriation
22 for fiscal year 2023, and \$8,046,000 of the general fund—federal
23 appropriation are provided solely to maintain crisis triage or
24 stabilization centers that were originally funded in the 2017-2019
25 fiscal biennium. Services in these facilities may include crisis
26 stabilization and intervention, individual counseling, peer support,

34 withdrawal management and stabilization facilities. The authority may
35 not use any of these amounts for services in facilities that are
36 subject to federal funding restrictions that apply to institutions
37 for mental diseases, unless they have received a waiver that allows
38 for full federal participation in these facilities. Within these
39 amounts, funding is provided to increase the fee for service rate for

1 these facilities up to \$650 per day. The authority must require in
2 contracts with behavioral health entities that, beginning in calendar
3 year 2020, they pay no lower than the fee for service rate. The
4 authority must coordinate with regional behavioral health entities to
5 identify and implement purchasing strategies or regulatory changes
6 that increase access to services for individuals with complex
7 behavioral health needs at secure withdrawal management and
8 stabilization facilities.

10 fiscal year 2022, \$23,090,000 of the general fund—state appropriation
11 for fiscal year 2023, and \$92,444,000 of the general fund—federal
12 appropriation are provided solely to maintain the enhancement of
13 community-based behavioral health services that was initially funded
14 in fiscal year 2019. Twenty percent of the general fund—state
15 appropriation amounts for each regional service area must be
16 contracted to the behavioral health administrative services
17 organizations and used to increase their nonmedicaid funding
18 allocations and the remainder must be provided to the medicaid
19 managed care organizations providing apple health integrated managed
20 care. The medicaid funding is intended to maintain increased rates
21 for behavioral health services provided by licensed and certified
22 community behavioral health agencies as defined by the department of
23 health. For the behavioral health administrative services
24 organizations, this funding must be allocated to each region based
25 upon the population of the region. For managed care organizations,
26 this funding must be provided through the behavioral health portion
27 of the medicaid integrated managed care capitation rates. The
28 authority must require the managed care organizations to provide a
29 report that details the methodology the managed care organization
30 used to distribute this funding to their contracted behavioral health
31 providers. The report submitted by behavioral health administrative
32 service organizations and managed care organizations must identify
33 mechanisms employed to disperse the funding as well as estimated
34 impacts to behavioral health providers in the community. The
35 authority must submit a report to the legislature by December 1st of
36 each year of the biennium, summarizing the information regarding the
37 distribution of the funding provided under this subsection.

38 (21) \$1,401,000 of the general fund—state appropriation for
39 fiscal year 2022, \$1,401,000 of the general fund—state appropriation

12 substantially equivalent standards to those of the department,
13 including but not limited to the joint commission on accreditation of
14 health care organizations, the commission on accreditation of

37 Welfare, Juvenile Justice, and Mental Health Systems." The department
38 may concentrate delivery of these treatments and therapies at a

29 chemical dependency and mental health disposition alternative; and
30 (vi) two percent for the suspended dispositional alternatives.
31 Funding for the special sex offender disposition alternative (SSODA)
32 shall not be included in the block grant, but allocated on the
33 average daily population in juvenile courts. Funding for the
34 evidence-based expansion grants shall be excluded from the block

37 juvenile courts, through the community juvenile accountability act
38 committee, based on the criteria established in consultation with
39 Washington state institute for public policy and the juvenile courts.

1 (c) The department of children, youth, and families and the

10 committee as needed to achieve its purpose. The committee may make
11 changes to the formula categories in (d)(ii) of this subsection if it
12 determines the changes will increase statewide service delivery or
13 effectiveness of evidence-based program or disposition alternative
14 resulting in increased cost/benefit savings to the state, including
15 long-term cost/benefit savings. The committee must also consider
16 these outcomes in determining when evidence-based expansion or
17 special sex offender disposition alternative funds should be included
18 in the block grant or left separate.

19 (d) The juvenile courts and administrative office of the courts
20 must collect and distribute information and provide access to the

24 the juvenile courts must work collaboratively to develop program
25 outcomes that reinforce the greatest cost/benefit to the state in the
26 implementation of evidence-based practices and disposition
27 alternatives.

28 (5) \$1,352,000 of the general fund—state appropriation for fiscal
29 year 2022 and \$1,352,000 of the general fund—state appropriation for

5 more local governmental entities and one or more nonprofit,
6 nongovernmental organizations that have a documented history of
7 creating and administering effective criminal street gang prevention
8 and intervention programs may apply for funding under this
9 subsection. Each entity receiving funds must report to the department
10 of children, youth, and families on the number and types of youth
11 served, the services provided, and the impact of those services on
12 the youth and the community.

13 (8) The juvenile rehabilitation institutions may use funding
14 appropriated in this subsection to purchase goods, supplies, and
15 services through hospital group purchasing organizations when it is
16 cost-effective to do so.

17 (9) \$50,000 of the general fund—state appropriation for fiscal
18 year 2022 and \$50,000 of the general fund—state appropriation for
19 fiscal year 2023 are provided solely for grants to county juvenile
20 courts to establish alternative detention facilities similar to the
21 proctor house model in Jefferson county, Washington, that will
22 provide less restrictive confinement alternatives to youth in their
23 local communities. County juvenile courts shall apply to the
24 department of children, youth, and families for funding and each
25 entity receiving funds must report to the department on the number
26 and types of youth serviced, the services provided, and the impact of
27 those services on the youth and the community.

28 (10) \$432,000 of the general fund—state appropriation for fiscal
29 year 2022 and \$432,000 of the general fund—state appropriation for

32 community.

33 (11) \$100,000 of the general fund—state appropriation for fiscal

35 tool. The juvenile rehabilitation program shall contract with the
36 Washington state institute for public policy to review the
37 standardized juvenile court assessment tool to access whether it
38 accurately determines eligibility criteria and properly assigns youth

1 to programs that meet their needs. The institute must work in
2 collaboration with the juvenile block grant proviso committee.

4 year 2022 and \$986,000 of the general fund—state appropriation for

30	TOTAL APPROPRIATION.	\$1,861,512,000

31 The appropriations in this section are subject to the following
32 conditions and limitations:

33 (1) (a) \$80,273,000 of the general fund—state appropriation for
34 fiscal year 2022, \$97,767,000 of the general fund—state appropriation
35 for fiscal year 2023, \$24,070,000 of the education legacy trust
36 account—state appropriation, \$80,000,000 of the opportunity pathways
37 account appropriation, and \$23,300,000 of the general fund—federal

1 appropriation (GEER) are provided solely for the early childhood
2 education and assistance program. These amounts shall support at
3 least 16,762 slots in fiscal year 2022 and 17,412 slots in fiscal
4 year 2023. Of the total slots in each fiscal year, 100 slots must be
5 reserved for foster children to receive school-year-round enrollment.

6 (b) Of the amounts provided in this subsection, \$7,100,000 of the
7 general fund—state appropriation for fiscal year 2022 and \$12,938,000
8 of the general fund—federal appropriation (GEER) are for a slot rate
9 increase of seven percent beginning July 1, 2021, pursuant to
10 Engrossed Second Substitute House Bill No. 1213 (child care & early
11 dev. exp.).

12 (c) The department of children, youth, and families must develop
13 a methodology to identify, at the school district level, the
14 geographic locations of where early childhood education and
15 assistance program slots are needed to meet the entitlement specified
16 in RCW 43.216.556. This methodology must be linked to the caseload
17 forecast produced by the caseload forecast council and must include
18 estimates of the number of slots needed at each school district and
19 the corresponding facility needs required to meet the entitlement in
20 accordance with RCW 43.216.556. This methodology must be included as
21 part of the budget submittal documentation required by RCW 43.88.030.

22 (2) \$200,000 of the general fund—state appropriation for fiscal
23 year 2022 and \$200,000 of the general fund—state appropriation for
24 fiscal year 2023 are provided solely to develop and provide
25 culturally relevant supports for parents, family, and other
26 caregivers.

27 (3) The department is the lead agency for and recipient of the
28 federal child care and development fund grant. Amounts within this
29 grant shall be used to fund child care licensing, quality
30 initiatives, agency administration, and other costs associated with
31 child care subsidies.

32 (4) \$8,482,000 of the workforce education investment account—
33 state appropriation, \$4,609,000 of the general fund—federal
34 appropriation (CRRSA), and \$2,765,000 of the general fund—federal
35 appropriation (ARPA) are provided solely for eliminating the work

37 single parents who are pursuing a vocational education full-time at a
38 community, technical, or tribal college as provided in RCW
39 43.216.136.

1 (5) The legislature recognizes that the federal government has
2 provided substantial additional funding through the coronavirus
3 response and relief supplemental appropriations act, P.L. 116-260,
4 division M., and the American rescue plan act of 2021. The purpose of
5 the additional federal funding was to ensure access to affordable
6 child care and to stabilize and support child care providers from the
7 effects of the COVID-19 pandemic. The legislature intends with the
8 passage of Engrossed Second Substitute House Bill No. 1213 to
9 implement these federal purposes by expanding eligibility for
10 subsidized child care, reducing parent copayments, increasing
11 provider base rates to recognize increased costs, and to provide
12 other financial support to stabilize the child care sector to remain
13 open or to reopen. The legislature finds that the state lacked the
14 fiscal capacity to make these investments and the additional federal
15 funding has provided the opportunity to supplement state funding to
16 expand and accelerate child care access, affordability, and provider
17 support as the state navigates the COVID-19 pandemic and its
18 aftermath.

19 (6) \$20,110,000 of the general fund—state appropriation in fiscal
20 year 2022, \$45,748,000 of the general fund—state appropriation in

23 (CARES), \$63,835,000 of the general fund—federal appropriation
24 (CRRSA), and \$103,321,000 of the general fund—federal appropriation
25 (ARPA) are provided solely for the working connections child care
26 program under RCW 43.216.135. Of the amounts provided in this
27 subsection:

28 (a) The department of children, youth, and families shall work in

30 determine the appropriate amount of state expenditures for the
31 working connections child care program to claim towards the state's
32 maintenance of effort for the temporary assistance for needy families
33 program. The departments will also collaborate to track the average
34 monthly child care subsidy caseload and expenditures by fund type,
35 including child care development fund, general fund—state
36 appropriation, and temporary assistance for needy families for the
37 purpose of estimating the annual temporary assistance for needy
38 families reimbursement from the department of social and health
39 services to the department of children, youth, and families.

1 Effective December 1, 2022, and annually thereafter, the department
2 of children, youth, and families must report to the governor and the
3 appropriate fiscal and policy committees of the legislature the total
4 state contribution for the working connections child care program
5 claimed the previous fiscal year towards the state's maintenance of
6 effort for the temporary assistance for needy families program and
7 the total temporary assistance for needy families reimbursement from
8 the department of social and health services for the previous fiscal
9 year.

10 (b) \$6,390,000 is for the compensation components of the
11 2021-2023 collective bargaining agreement covering family child care
12 providers as provided in section 945 of this act. Of the amounts

15 for family, friends, and neighbor providers (FFNs) beginning July 1,
16 2022;

17 (ii) \$854,000 is to increase the rate paid to providers who reach
18 level 3.5 of the state's early achievers quality rating system by two
19 percent beginning July 1, 2021; and

20 (iii) \$1,126,000 is to increase the nonstandard hour care rate by
21 \$10.00 per child per month beginning July 1, 2021.

22 (c) \$36,501,000 of the general fund—federal appropriation
23 (CARES), \$12,013,000 of the general fund—federal appropriation
24 (CRRSA), and \$42,278,000 of the general fund—federal appropriation
25 (ARPA) are provided solely for the implementation of reduced
26 copayments, pursuant to Engrossed Second Substitute House Bill No.
27 1213 (child care & early dev. exp.). Copayments are capped at \$115
28 through fiscal year 2023.

29 (d) \$38,789,000 of the general fund—federal appropriation (CRRSA)
30 and \$23,274,000 of the general fund—federal appropriation (ARPA) are
31 provided solely to increase subsidy base rates to the 75th percentile
32 of market for child care providers. The state and the representative
33 for family child care providers must enter into bargaining over the
34 implementation of subsidy rate increases, and apply those increases
35 consistent with the terms of this proviso and the agreement reached
36 between the parties.

37 (e) \$6,879,000 of the general fund—federal appropriation (CRRSA)
38 and \$13,978,000 of the general fund—federal appropriation (ARPA) are
39 provided solely to expand eligibility for the working connections

1 child care program to households at or below 60 percent of state
2 median income.

3 (f) \$5,055,000 of the general fund—federal appropriation (CRRSA)
4 and \$7,583,000 of the general fund—federal appropriation (ARPA) are
5 provided solely to waive work requirements for student parents.

6 (g) \$2,920,000 of the general fund—federal appropriation (ARPA)
7 is provided solely for the department to implement an infant rate
8 enhancement for child care providers.

9 (h) In order to not exceed the appropriated amount, the
10 department shall manage the program so that the average monthly
11 caseload does not exceed 33,000 households and the department shall
12 give prioritized access into the program according to the following
13 order:

14 (i) Families applying for or receiving temporary assistance for
15 needy families (TANF);

16 (ii) TANF families curing sanctions;

17 (iii) Foster children;

18 (iv) Families that include a child with special needs;

23 (vi) Families with a child residing with a biological parent or
24 guardian who have received child protective services, child welfare
25 services, or a family assessment response from the department in the
26 past six months, and have received a referral for child care as part
27 of the family's case management;

28 (vii) Families that received subsidies within the last thirty
29 days and:

30 (A) Have reapplied for subsidies; and

31 (B) Have household income of two hundred percent of the federal
32 poverty level or below; and

33 (viii) All other eligible families.

34 (i) On July 1, 2021, and July 1, 2022, the department, in
35 collaboration with the department of social and health services, must
36 report to the governor and the appropriate fiscal and policy
37 committees of the legislature on the status of overpayments in the
38 working connections child care program. The report must include the
39 following information for the previous fiscal year:

- 1 (i) A summary of the number of overpayments that occurred;
2 (ii) The reason for each overpayment;
3 (iii) The total cost of overpayments;
4 (iv) A comparison to overpayments that occurred in the past two
5 preceding fiscal years; and
6 (v) Any planned modifications to internal processes that will
7 take place in the coming fiscal year to further reduce the occurrence
8 of overpayments.

9 (7) Within amounts provided in this section, the department in
10 consultation with the office of financial management shall report
11 enrollments and active caseload for the working connections child
12 care program to the governor and the legislative fiscal committees

27 youth, and families to contract with a countywide nonprofit
28 organization with early childhood expertise in Pierce county for a
29 pilot project to prevent child abuse and neglect using nationally
30 recognized models.

31 (a) The nonprofit organization must continue to implement a
32 countywide resource and referral linkage system for families of
33 children who are prenatal through age five.

34 (b) The nonprofit organization must offer a voluntary brief
35 newborn home visiting program. The program must meet the diverse
36 needs of Pierce county residents and, therefore, it must be flexible,
37 culturally appropriate, and culturally responsive. The department, in
38 collaboration with the nonprofit organization, must examine the
39 feasibility of leveraging federal and other fund sources, including

1 federal Title IV-E and medicaid funds, for home visiting provided

36 Any revenues derived from the taxes authorized by RCW
37 36.38.010(5) and 36.38.040 or other amounts that if used as provided

14 the individual with whom the child is placed.

15 (2) The external organization or organizations contracted to
16 implement and operate the family connections program shall implement
17 and operate the family connections program in one location west of
18 the crest of the Cascade mountains, and one location east of the

26 child found to be dependent pursuant to chapter 13.34 RCW and in out-
27 of-home care and the individual with whom the child is placed is
28 appropriate. If the family connections program determines that such a
29 meeting is appropriate, the family connections program shall then

9 (c) Convene an in-person meeting between the parent and
10 caregiver; and

11 (d) Provide ongoing support to the parent and caregiver following
12 the in-person meeting.

13 (6) If the family connections program determines that an in-
14 person meeting should not occur following the analysis required under
15 subsection (4) of this section, the family connections program team
16 shall facilitate the exchange of information between the parent and
17 caregiver in an appropriate manner that does not include an in-person
18 meeting. The format of this exchange of information may include
19 written messages, phone calls, or videoconferencing. The family
20 connections program shall routinely reevaluate whether an in-person
21 meeting should occur using the analysis required under subsection (4)
22 of this section.

23 (7) The department shall collect data and measure outcomes for
24 families engaging in the family connections program. By September 1,
25 2021, and in compliance with RCW 43.01.036, the department shall

6 (9) This section expires June 30, (~~(2022)~~) 2023.

7 **Sec. 972.** RCW 74.46.485 and 2017 c 286 s 1 are each amended to
8 read as follows:

9 (1) The legislature recognizes that staff and resources needed to
10 adequately care for individuals with cognitive or behavioral
11 impairments is not limited to support for activities of daily living.
12 Therefore, the department shall:

13 (a) Employ the resource utilization group IV case mix
14 classification methodology. The department shall use the fifty-seven
15 group index maximizing model for the resource utilization group IV
16 grouper version MDS 3.05, but in the 2021-2023 biennium the
17 department may revise or update the (~~(classification)~~) methodology
18 used to establish case mix classifications to reflect advances or
19 refinements in resident assessment or classification, (~~(subject to~~
20 ~~federal requirements)~~) as made available by the federal government.
21 The department may adjust by no more than thirteen percent the case
22 mix index for resource utilization group categories beginning with
23 PA1 through PB2 to any case mix index that aids in achieving the
24 purpose and intent of RCW 74.39A.007 and cost-efficient care,
25 excluding behaviors, and allowing for exceptions for limited
26 placement options; and

27 (b) Implement minimum data set 3.0 under the authority of this
28 section. The department must notify nursing home contractors twenty-
29 eight days in advance the date of implementation of the minimum data
30 set 3.0. In the notification, the department must identify for all
31 semiannual rate settings following the date of minimum data set 3.0
32 implementation a previously established semiannual case mix
33 adjustment established for the semiannual rate settings that will be
34 used for semiannual case mix calculations in direct care until
35 minimum data set 3.0 is fully implemented.

36 (2) The department is authorized to adjust upward the weights for
37 resource utilization groups BA1-BB2 related to cognitive or
38 behavioral health to ensure adequate access to appropriate levels of
39 care.

1 (3) A default case mix group shall be established for cases in
2 which the resident dies or is discharged for any purpose prior to
3 completion of the resident's initial assessment. The default case mix
4 group and case mix weight for these cases shall be designated by the
5 department.

6 (4) A default case mix group may also be established for cases in
7 which there is an untimely assessment for the resident. The default
8 case mix group and case mix weight for these cases shall be
9 designated by the department.

10 **Sec. 973.** RCW 74.46.501 and 2016 c 131 s 5 are each amended to
11 read as follows:

12 (1) From individual case mix weights for the applicable quarter,
13 the department shall determine two average case mix indexes for each
14 medicaid nursing facility, one for all residents in the facility,
15 known as the facility average case mix index, and one for medicaid
16 residents, known as the medicaid average case mix index.

17 (2)(a) In calculating a facility's two average case mix indexes
18 for each quarter, the department shall include all residents or
19 medicaid residents, as applicable, who were physically in the
20 facility during the quarter in question based on the resident
21 assessment instrument completed by the facility and the requirements
22 and limitations for the instrument's completion and transmission
23 (January 1st through March 31st, April 1st through June 30th, July
24 1st through September 30th, or October 1st through December 31st).

25 (b) The facility average case mix index shall exclude all default
26 cases as defined in this chapter. However, the medicaid average case
27 mix index shall include all default cases.

28 (3) Both the facility average and the medicaid average case mix
29 indexes shall be determined by multiplying the case mix weight of
30 each resident, or each medicaid resident, as applicable, by the
31 number of days, as defined in this section and as applicable, the
32 resident was at each particular case mix classification or group, and
33 then averaging.

34 (4) In determining the number of days a resident is classified
35 into a particular case mix group, the department shall determine a
36 start date for calculating case mix grouping periods as specified by
37 rule.

38 (5) The cutoff date for the department to use resident assessment
39 data, for the purposes of calculating both the facility average and

1 the medicaid average case mix indexes, and for establishing and
2 updating a facility's direct care component rate, shall be one month
3 and one day after the end of the quarter for which the resident
4 assessment data applies.

5 (6) (a) Although the facility average and the medicaid average
6 case mix indexes shall both be calculated quarterly, the cost-
7 rebasing period facility average case mix index will be used
8 throughout the applicable cost-rebasing period in combination with
9 cost report data as specified by RCW 74.46.561, to establish a
10 facility's allowable cost per case mix unit. To allow for the
11 transition to minimum data set 3.0 and implementation of resource
12 utilization group IV for July 1, 2015, through June 30, 2016, the
13 department shall calculate rates using the medicaid average case mix
14 scores effective for January 1, 2015, rates adjusted under RCW
15 74.46.485(1) (a), and the scores shall be increased each six months
16 during the transition period by one-half of one percent. The July 1,
17 2016, direct care cost per case mix unit shall be calculated by

14 to read as follows:

15 (1) The water pollution control revolving administration account
16 is created in the state treasury. All receipts from charges
17 authorized in this section must be deposited in the account. Moneys
18 in the account may be spent only after appropriation. Expenditures
19 from the account may be used only in a manner consistent with this
20 section.

21 (2) The department is authorized to assess administration charges
22 as a portion of the debt service for loans issued under the water
23 pollution control revolving fund created in RCW 90.50A.020. The sole
24 purpose of assessing administration charges is to predictably and
25 adequately fund the department's costs of administering the water
26 pollution control revolving fund loan program, as identified in
27 subsection (5) of this section. The department must assess
28 administration charges on each water pollution control revolving fund
29 loan at the point the loan enters repayment status, after July 28,
30 2013, and rule changes are adopted to implement the administration
31 charge. Loans that are at an interest rate below the established
32 administration charge rate are exempt from the administration charge.

33 (3) The water pollution control revolving administration account
34 consists of:

35 (a) Any administration charge levied by the department in
36 conjunction with administration of the water pollution control
37 revolving fund; and

1 (b) Any other revenues derived from gifts, grants, or bequests
2 pledged to the state for the purpose of administering the water
3 pollution control revolving fund.

4 (4) The state treasurer may invest and reinvest moneys in the
5 water pollution control revolving administration account in the
6 manner provided by law. All earnings from such investment and
7 reinvestment must be credited to the water pollution control
8 revolving administration account.

9 (5) Moneys in the water pollution control revolving
10 administration account are to be used for the following water
11 pollution control revolving fund loan program costs:

12 (a) Administration costs associated with conducting application
13 processes, managing contracts, collecting loan repayments, managing
14 the revolving fund, providing technical assistance, and meeting state
15 and federal reporting requirements; and

16 (b) Information and data system costs associated with loan
17 tracking and fund management.

18 (6) Each biennium, the department may spend from the water
19 pollution control revolving administration account an amount no
20 greater than four percent of the water pollution control revolving
21 fund new capital appropriation.

22 (7) For its 2017-2019 biennial operating budget submittal, and
23 every biennium thereafter, the department must compare the projected
24 water pollution control revolving administration account balance and
25 the projected administration charge income with projected program
26 costs, including an adequate working capital reserve as defined by
27 the office of financial management. In its submittal to the office of
28 financial management, the department may:

29 (a) Find that the projected administration charge income is
30 inadequate to fund the cost of administering the program, and that
31 the rate of the charge must be increased. However, the administration
32 charge may never exceed one percent on the declining principal loan
33 balance;

34 (b) Find that the projected administration charge income exceeds
35 what is needed to fund the cost of administering the program, and
36 that the rate of the charge must be decreased;

37 (c) Find that there is an excess balance in the revolving
38 administration account, and that the excess must be transferred to
39 the water pollution control revolving fund to be used for loans; or

1 (d) Find that there is no need for any rate adjustments or
2 balance transfers.

3 (8) At the point where the water pollution control revolving
4 administration account adequately covers the program administration
5 costs, the department may no longer use the federal administration
6 allowance. If a federal capitalization grant is awarded after that
7 point, all federal capitalization dollars must be used for making
8 loans.

9 (9) By December 1, 2018, the department must submit to the
10 appropriate legislative fiscal committees a report on implementation
11 of the administration charge, including information on: The amount of
12 income the administration charge has produced since its inception;
13 the uses and adequacy of the income for administrative costs; any
14 excess balances that have been transferred to the water pollution
15 control revolving fund; and any additional sources that the
16 department is using for program administration.

17 (10) During the 2019-2021 and 2021-2023 fiscal (~~(biennium))~~
18 biennia, the legislature may direct the state treasurer to make
19 transfers of moneys in the water pollution control revolving
20 administration account to the water pollution control revolving
21 account (~~(fund))~~ fund.

36 **Sec. 982.** RCW 43.70.--- and 2021 c 3 s 19 are each amended to
37 read as follows:

1 (1) The COVID-19 public health response account is created in the
2 custody of the state treasurer. The account shall consist of funds
3 appropriated by the legislature and grants received by the department
4 of health for activities in response to the coronavirus pandemic
5 (COVID-19). Only the secretary, or the secretary's designee, may
6 authorize expenditures from the account for costs related to the
7 public health response to COVID-19, subject to any limitations
8 imposed by grant funding deposited into the account. The COVID-19
9 public health response account is subject to allotment procedures
10 under chapter 43.88 RCW, but an appropriation is not required for
11 expenditures.

12 (2)(a) The legislature finds that a safe, efficient, and
13 effective delivery of vaccinations is of the utmost importance for
14 restoring societal and economic functions. As we learn more about the
15 virus, the vaccine, and challenges to vaccine allocation and
16 distribution, it is anticipated that the state's COVID-19 vaccination
17 distribution plan will evolve. To that end, the legislature has
18 provided flexibility by funding (~~(vaccine expenditure)~~) expenditures
19 for testing, contact tracing, mitigation activities, vaccine
20 administration and distribution, and other allowable uses for the
21 state, local health jurisdictions, and tribes at the discretion of
22 the secretary and without an appropriation. However, to maintain
23 fiscal control and to ensure spending priorities align, the
24 department is required to collaborate and communicate with the chairs
25 and ranking members of the health care and fiscal committees of the
26 legislature and local health jurisdictions in advance of any
27 significant revision of the state's COVID-19 vaccination plan and to
28 provide regular updates on its implementation and spending.

29 (b) As part of the public health response to COVID-19, the
30 expenditures from the account must be used to effectively administer
31 the vaccine for COVID-19 and conduct testing and contact tracing. The
32 department must ensure that COVID-19 outreach is accessible,
33 culturally and linguistically appropriate, and that it includes
34 community-driven partnerships and strategies.

35 (c) When making expenditures for administering the vaccine for
36 COVID-19, the department must focus on identifying persons for
37 vaccination, prioritizing underserved, underrepresented, and hard-to-
38 reach communities, making the vaccine accessible, and providing
39 support to schools for safe reopening. Strategies for vaccine
40 distribution shall include the establishment and expansion of

1 community vaccination centers, mobile vaccination units, reporting
2 enhancements, and transportation of individuals to vaccination sites.

3 (d) When making expenditures regarding testing and contact
4 tracing, the department must provide equitable access, prioritize
5 underserved, underrepresented, and hard-to-reach communities, and
6 provide support and resources to facilitate the safe reopening of
7 schools while minimizing community spread of the virus.

8 (3) When making expenditures from the account, the department
9 must include an emphasis on public communication regarding the
10 availability and accessibility of the vaccine and testing, and the
11 importance of vaccine and testing availability to the safe reopening
12 of the state.

13 (4) (a) The department must report to the fiscal and health care
14 committees of the legislature on a monthly basis regarding its
15 COVID-19 response.

16 (b) To the extent that it is available, the report must include
17 data regarding vaccine distribution, testing, and contact tracing, as
18 follows:

19 (i) The number of vaccines administered per day, including
20 regional data regarding the location and age groups of persons
21 receiving the vaccine, specifically identifying hard-to-reach
22 communities in which vaccines were administered; and

23 (ii) The number of tests conducted per week, including data
24 specifically addressing testing conducted in hard-to-reach
25 communities.

26 (c) The first monthly report is due no later than one month from
27 the effective date of this section. Monthly reports are no longer
28 required upon the department's determination that the remaining
29 balance of the COVID-19 response account is less than \$100,000.

30 NEW SECTION. **Sec. 983.** (1) The office of financial management
31 shall conduct a feasibility study and make recommendations regarding
32 the establishment of a system for streamlining the vacation of
33 criminal conviction records. The office of financial management may
34 contract with an independent expert to assist with the feasibility
35 study. The study must consider and make recommendations regarding,
36 but not limited to, the following:

37 (a) Requiring the Washington state patrol to conduct state and

23 (f) Determining what information technology and support would be
24 needed to be developed and maintained to administer a streamlining
25 process most effectively and efficiently for the vacation of criminal
26 conviction records in Washington; and

27 (g) The approximate cost to establish a system for streamlining
28 the vacation of criminal conviction records with an online portal in
29 Washington, and the approximate annual cost to operate such a system.

30 (2) The office of financial management shall submit a preliminary

4 **Sec. 1101.** 2020 c 357 s 201 (uncodified) is amended to read as
5 follows:

6 **FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

7 (1) The appropriations to the department of social and health
8 services in this act shall be expended for the programs and in the
9 amounts specified in this act. Appropriations made in this act to the
10 department of social and health services shall initially be allotted
11 as required by this act. Subsequent allotment modifications shall not
12 include transfers of moneys between sections of this act except as
13 expressly provided in this act, nor shall allotment modifications
14 permit moneys that are provided solely for a specified purpose to be
15 used for other than that purpose.

16 (2) The department of social and health services shall not
17 initiate any services that require expenditure of state general fund
18 moneys unless expressly authorized in this act or other law. The
19 department may seek, receive, and spend, under RCW 43.79.260 through
20 43.79.282, federal moneys not anticipated in this act as long as the
21 federal funding does not require expenditure of state moneys for the
22 program in excess of amounts anticipated in this act. If the
23 department receives unanticipated unrestricted federal moneys, those
24 moneys shall be spent for services authorized in this act or in any
25 other legislation providing appropriation authority, and an equal
26 amount of appropriated state general fund moneys shall lapse. Upon
27 the lapsing of any moneys under this subsection, the office of
28 financial management shall notify the legislative fiscal committees.
29 As used in this subsection, "unrestricted federal moneys" includes
30 block grants and other funds that federal law does not require to be
31 spent on specifically defined projects or matched on a formula basis
32 by state funds.

33 (3) The legislature finds that medicaid payment rates, as
34 calculated by the department pursuant to the appropriations in this
35 act, bear a reasonable relationship to the costs incurred by
36 efficiently and economically operated facilities for providing
37 quality services and will be sufficient to enlist enough providers so
38 that care and services are available to the extent that such care and
39 services are available to the general population in the geographic

1 area. The legislature finds that cost reports, payment data from the
2 federal government, historical utilization, economic data, and
3 clinical input constitute reliable data upon which to determine the
4 payment rates.

5 (4) The department shall to the maximum extent practicable use
6 the same system for delivery of spoken-language interpreter services
7 for social services appointments as the one established for medical
8 appointments in the health care authority. When contracting directly
9 with an individual to deliver spoken language interpreter services,
10 the department shall only contract with language access providers who
11 are working at a location in the state and who are state-certified or
12 state-authorized, except that when such a provider is not available,
13 the department may use a language access provider who meets other
14 certifications or standards deemed to meet state standards, including
15 interpreters in other states.

16 (5) Information technology projects or investments and proposed
17 projects or investments impacting time capture, payroll and payment
18 processes and systems, eligibility, case management, and
19 authorization systems within the department of social and health
20 services are subject to technical oversight by the office of the
21 chief information officer.

22 (6) (a) The department shall facilitate enrollment under the
23 medicaid expansion for clients applying for or receiving state funded
24 services from the department and its contractors. Prior to open
25 enrollment, the department shall coordinate with the health care
26 authority to provide referrals to the Washington health benefit
27 exchange for clients that will be ineligible for medicaid.

28 (b) To facilitate a single point of entry across public and
29 medical assistance programs, and to maximize the use of federal
30 funding, the health care authority, the department of social and
31 health services, and the health benefit exchange will coordinate
32 efforts to expand HealthPlanfinder access to public assistance and
33 medical eligibility staff. The department shall complete medicaid
34 applications in the HealthPlanfinder for households receiving or
35 applying for public assistance benefits.

36 (7) The health care authority, the health benefit exchange, the
37 department of social and health services, the department of health,
38 and the department of children, youth, and families shall work
39 together within existing resources to establish the health and human
40 services enterprise coalition (the coalition). The coalition, led by

1 the health care authority, must be a multi-organization collaborative
2 that provides strategic direction and federal funding guidance for
3 projects that have cross-organizational or enterprise impact,
4 including information technology projects that affect organizations
5 within the coalition. By October 31, 2019, the coalition must submit
6 a report to the governor and the legislature that describes the
7 coalition's plan for projects affecting the coalition organizations.
8 The report must include any information technology projects impacting
9 coalition organizations and, in collaboration with the office of the
10 chief information officer, provide: (a) The status of any information
11 technology projects currently being developed or implemented that
12 affect the coalition; (b) funding needs of these current and future
13 information technology projects; and (c) next steps for the
14 coalition's information technology projects. The office of the chief
15 information officer shall maintain a statewide perspective when
16 collaborating with the coalition to ensure that the development of
17 projects identified in this report are planned for in a manner that
18 ensures the efficient use of state resources and maximizes federal
19 financial participation. The work of the coalition is subject to the
20 conditions, limitations, and review provided in section 701 of this
21 act.

22 (8) (a) The appropriations to the department of social and health
23 services in this act must be expended for the programs and in the
24 amounts specified in this act. However, after May 1, (~~2020~~) 2021,
25 unless prohibited by this act, the department may transfer general
26 fund—state appropriations for fiscal year (~~2020~~) 2021 among
27 programs and subprograms after approval by the director of the office
28 of financial management. However, the department may not transfer
29 state appropriations that are provided solely for a specified purpose
30 except as expressly provided in (b) of this subsection.

31 (b) To the extent that transfers under (a) of this subsection are
32 insufficient to fund actual expenditures in excess of fiscal year
33 (~~2020~~) 2021 in response to the COVID-19 pandemic or caseload
34 forecasts and utilization assumptions in the long-term care,
35 developmental disabilities, and public assistance programs, the
36 department may transfer state appropriations that are provided solely
37 for a specified purpose. The department may not transfer funds, and
38 the director of the office of financial management may not approve
39 the transfer, unless the transfer is consistent with the objective of
40 conserving, to the maximum extent possible, the expenditure of state

1 funds. The director of the office of financial management shall
2 notify the appropriate fiscal committees of the legislature in
3 writing seven days prior to approving any allotment modifications or
4 transfers under this subsection. The written notification shall
5 include a narrative explanation and justification of the changes,
6 along with expenditures and allotments by budget unit and
7 appropriation, both before and after any allotment modifications or
8 transfers.

9 (c) The department may not transfer appropriations from any other
10 program or subprogram to the mental health program. Within the mental
11 health program, the department may transfer appropriations that are
12 provided solely for a specified purpose as needed to fund actual
13 expenditures through the end of fiscal year (~~(2020)~~) 2021.

14 (d) The department may not transfer appropriations for the
15 developmental disabilities program to any other program or
16 subprograms of the department of social and health services.

34 (f) \$100,000 of the general fund—state appropriation for fiscal
35 year 2020 and \$100,000 of the general fund—state appropriation for
36 fiscal year 2021 are provided solely for the department to track
37 compliance with RCW 71.05.365 requirements for transition of state
38 hospital patients into community settings within fourteen days of the
39 determination that they no longer require active psychiatric

2 these funds to track the following elements related to this
3 requirement: (i) The date on which an individual is determined to no
4 longer require active psychiatric treatment at an inpatient level of
5 care; (ii) the date on which the behavioral health entities and other
6 organizations responsible for resource management services for the
7 person is notified of this determination; and (iii) the date on which
8 either the individual is transitioned to the community or has been
9 re-evaluated and determined to again require active psychiatric
10 treatment at an inpatient level of care. The department must provide
11 this information in regular intervals to behavioral health entities
12 and other organizations responsible for resource management services.
13 The department must summarize the information and provide a report to
14 the office of financial management and the appropriate committees of
15 the legislature on progress toward meeting the fourteen day standard
16 by December 1, 2019 and December 1, 2020.

17 (g) \$250,000 of the general fund—state appropriation for fiscal
18 year 2020 and \$250,000 of the general fund—state appropriation for
19 fiscal year 2021 are provided solely for the department, in
20 collaboration with the health care authority, to develop and
21 implement a predictive modeling tool which identifies clients who are
22 at high risk of future involvement with the criminal justice system
23 and for developing a model to estimate demand for civil and forensic
24 state hospital bed needs pursuant to the following requirements.

25 (i) The predictive modeling tool must be developed to leverage
26 data from a variety of sources and identify factors that are strongly
27 associated with future criminal justice involvement. The department
28 must submit a report to the office of financial management and the

30 following: (A) The proposed data sources to be used in the predictive
31 model and how privacy issues will be addressed; (B) modeling results
32 including a description of measurable factors most strongly
33 predictive of risk of future criminal justice involvement; (C) an
34 assessment of the accuracy, timeliness, and potential effectiveness
35 of the tool; (D) identification of interventions and strategies that
36 can be effective in reducing future criminal justice involvement of

1 (ii) The model for civil and forensic state hospital bed need
2 must be developed and updated in consultation with staff from the
3 office of financial management and the appropriate fiscal committees
4 of the state legislature. The model shall incorporate factors for
5 capacity in state hospitals as well as contracted facilities, which
6 provide similar levels of care, referral patterns, wait lists,
7 lengths of stay, and other factors identified as appropriate for
8 predicting the number of beds needed to meet the demand for civil and
9 forensic state hospital services. Factors should include
10 identification of need for the services and analysis of the effect of
11 community investments in behavioral health services and other types
12 of beds that may reduce the need for long-term civil commitment
13 needs. The department must submit a report to the legislature by
14 October 1, 2019, with an update of the model and the estimated civil
15 and forensic state hospital bed need by November 1, 2020, and each
16 November 1st thereafter through the end of fiscal year 2027. The
17 department must continue to update the model on a calendar quarterly
18 basis and provide updates to the office of financial management and

32 training, and workforce development.

33 (i) \$6,450,000 of the general fund—state appropriation for fiscal
34 year 2020 and \$7,147,000 of the general fund—state appropriation for
35 fiscal year 2021 are provided solely to maintain and further increase
36 implementation of efforts to improve the timeliness of competency
37 evaluation services for individuals who are in local jails pursuant
38 to chapter 5, Laws of 2015 (SSB 5889) (timeliness of competency
39 treatment and evaluation services). This funding must be used solely

1 to maintain increases in the number of competency evaluators that
2 began in fiscal year 2016 and further increase the number of staff
3 providing competency evaluation services. During the 2019-2021 fiscal
4 biennium, the department must use a portion of these amounts to
5 increase the number of forensic evaluators pursuant to the settlement
6 agreement under *Trueblood, et al. v. Department of Social and Health*
7 *Services, et al.*, United States District Court for the Western
8 District of Washington, Cause No. 14-cv-01178-MJP.

9 (j) \$56,441,000 of the general fund—state appropriation for

11 for fiscal year 2021, and \$2,127,000 of the general fund—federal
12 appropriation are provided solely for implementation of efforts to
13 improve the timeliness of competency restoration services pursuant to
14 chapter 5, Laws of 2015 (SSB 5889) (timeliness of competency
15 treatment and evaluation services). These amounts must be used to
16 maintain increases that began in fiscal year 2016 and further
17 increase the number of forensic beds at western state hospital and
18 eastern state hospital. Pursuant to chapter 7, Laws of 2015 1st sp.
19 sess. (2E2SSB 5177) (timeliness of competency treatment and
20 evaluation services), the department may contract some of these
21 amounts for services at alternative locations if the secretary
22 determines that there is a need. During the 2019-2021 fiscal
23 biennium, the department must use a portion of these amounts to
24 increase forensic bed capacity at the state hospitals pursuant to the
25 settlement agreement under *Trueblood, et al. v. Department of Social*
26 *and Health Services, et al.*, United States District Court for the
27 Western District of Washington, Cause No. 14-cv-01178-MJP.

28 (k) \$86,601,000 of the general fund—state appropriation for
29 fiscal year 2020 and \$86,705,000 of the general fund—state
30 appropriation for fiscal year 2021 are provided solely for the
31 department to continue to implement an acuity based staffing tool at
32 western state hospital and eastern state hospital in collaboration
33 with the hospital staffing committees.

34 (i) The staffing tool must be designed and implemented to
35 identify, on a daily basis, the clinical acuity on each patient ward
36 and determine the minimum level of direct care staff by profession to
37 be deployed to meet the needs of the patients on each ward. The
38 department must also continue to update, in collaboration with the
39 office of financial management's labor relations office, the staffing

1 committees, and state labor unions, an overall state hospital
2 staffing plan that looks at all positions and functions of the
3 facilities and that is informed by a review of the Oregon state
4 hospital staffing model.

5 (ii) Within these amounts, the department must establish,
6 monitor, track, and report monthly staffing and expenditures at the
7 state hospitals, including overtime and use of locums, to the
8 functional categories identified in the recommended staffing plan.
9 The allotments and tracking of staffing and expenditures must include
10 all areas of the state hospitals, must be done at the ward level, and
11 must include contracted facilities providing forensic restoration
12 services as well as the office of forensic mental health services. By
13 December 1, 2019, the department and hospital staffing committees
14 must submit a report to the office of financial management and the
15 appropriate committees of the legislature that includes the
16 following: (A) Progress in implementing the acuity based staffing
17 tool; (B) a comparison of average monthly staffing expenditures to
18 budgeted staffing levels and to the recommended state hospital
19 staffing plan by function and at the ward level; and (C) metrics and
20 facility performance for the use of overtime and extra duty pay,
21 patient length of stay, discharge management, active treatment
22 planning, medication administration, patient and staff aggression,
23 and staff recruitment and retention. The department must use
24 information gathered from implementation of the clinical staffing
25 tool and the hospital-wide staffing model to provide budget oversight
26 and accountability and inform and prioritize future budget requests
27 for staffing at the state hospitals.

28 (iii) The department must submit calendar quarterly reports to
29 the office of financial management and the appropriate committees of
30 the legislature that include monitoring of monthly spending, staffing
31 levels, overtime and use of locums compared to allotments and to the
32 recommended state hospital staffing model. The format for these
33 reports must be developed in consultation with staff from the office
34 of financial management and the appropriate committees of the
35 legislature. The reports must include an update from the hospital
36 staffing committees.

37 (iv) Monthly staffing levels and related expenditures at the
38 state hospitals must not exceed official allotments without prior
39 written approval from the director of the office of financial
40 management. In the event the director of the office of financial

1 management approves an increase in monthly staffing levels and
2 expenditures beyond what is budgeted, notice must be provided to the
3 appropriate committees of the legislature within thirty days of such
4 approval. The notice must identify the reason for the authorization
5 to exceed budgeted staffing levels and the time frame for the
6 authorization. Extensions of authorizations under this subsection
7 must also be submitted to the director of the office of financial
8 management for written approval in advance of the expiration of an
9 authorization. The office of financial management must notify the
10 appropriate committees of the legislature of any extensions of
11 authorizations granted under this subsection within thirty days of
12 granting such authorizations and identify the reason and time frame
13 for the extension.

14 (l) \$11,285,000 of the general fund—state appropriation for
15 fiscal year 2020 and \$10,581,000 of the general fund—state
16 appropriation for fiscal year 2021 are provided solely for the
17 department to implement strategies to improve patient and staff
18 safety at eastern and western state hospitals. These amounts must be
19 used for implementing a new intensive care model program at western
20 state hospital. Remaining amounts may be used for enclosure of
21 nursing stations, increasing the number of security guards, and
22 provision of training on patient and staff safety. The department
23 must provide implementation reports to the office of financial
24 management and the appropriate committees of the legislature as
25 follows:

26 (i) A report must be submitted by December 1, 2019, which
27 includes a description of the intensive care model being implemented,
28 a profile of the types of patients being served at the program, the
29 staffing model being used for the program, and preliminary
30 information on outcomes associated with the program. The outcomes
31 section should include tracking data on facility wide metrics related
32 to patient and staff safety as well as individual outcomes related to
33 the patients served on the unit.

34 (ii) A report must be submitted by December 1, 2020, which
35 provides an update on the implementation of the intensive care model,
36 any changes that have occurred, and updated information on the
37 outcomes associated with implementation of the program.

38 (m) (~~(\$4,262,000)~~) \$2,658,000 of the general fund—state

8 *Ross v. Laswhay* settlement agreement.

9 (~~(p)~~) (o) Within the amounts provided in this subsection, the
10 department must develop and submit an annual state hospital
11 performance report for eastern and western state hospitals. Each
12 measure included in the performance report must include baseline
13 performance data, agency performance targets, and performance for the
14 most recent fiscal year. The performance report must include a one
15 page dashboard as well as charts for each fiscal and quality of care
16 measure broken out by hospital and including but not limited to (i)

7 follows:

8 **FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES—DEVELOPMENTAL**
9 **DISABILITIES PROGRAM**

10 (1)(a) The appropriations to the department of social and health
11 services in this section must be expended for the programs and in the
12 amounts specified in this section. However, after May 1, ((2020))
13 2021, unless prohibited by this act, the department may transfer
14 appropriations for fiscal year ((2020)) 2021 among programs and

20 (b) To the extent that transfers under (a) of this subsection are
21 insufficient to fund actual expenditures in excess of fiscal year
22 ((2020)) 2021 in response to the COVID-19 pandemic or caseload
23 forecasts and utilization assumptions in the developmental

16 70.128.060 in any case in which the department determines that an
17 adult family home is being relicensed because of exceptional
18 circumstances, such as death or incapacity of a provider, and that to
19 require the full payment of the licensing and processing fees would
20 present a hardship to the applicant. In these situations the
21 department is also granted the authority to waive the required
22 residential administrator training for a period of 120 days if
23 necessary to ensure continuity of care during the relicensing
24 process.

25 (f) Community residential cost reports that are submitted by or

37 in the development of an individualized service plan that allows the
38 child to remain in his or her family home. The department must
39 provide the legislature with a respite utilization report in January

1 of each year that provides information about the number of children
2 who have used enhanced respite in the preceding year, as well as the
3 location and number of days per month that each respite bed was
4 occupied.

5 (h) \$2,025,000 of the general fund—state appropriation for fiscal

30 to leaving one of the state psychiatric hospitals. The individualized
31 assessment must identify and authorize personal care, nursing care,
32 behavioral health stabilization, physical therapy, or other necessary
33 services to meet the unique needs of each client. It is the
34 expectation that, in most cases, staffing ratios in all community
35 alternative placement options described in (i)(i) of this subsection
36 will need to increase to meet the needs of clients leaving the state
37 psychiatric hospitals. If specialized training is necessary to meet
38 the needs of a client before he or she enters a community placement,

1 then the person centered service plan must also identify and
2 authorize this training.

3 (iii) When reviewing placement options, the department must
4 consider the safety of other residents, as well as the safety of
5 staff, in a facility. An initial evaluation of each placement,
6 including any documented safety concerns, must occur within thirty
7 days of a client leaving one of the state psychiatric hospitals and
8 entering one of the community placement options described in (i)(i)
9 of this subsection. At a minimum, the department must perform two
10 additional evaluations of each placement during the first year that a

20 goal to gather information about whether it was beneficial for the
21 patient to use the center of excellence location in exchange for
22 additional out-of-pocket savings; (c) ensure patients and health care
23 providers have significant input into the implementation of the
24 demonstration waiver, in order to ensure improved patient health
25 outcomes; and (d) in cooperation with the department of social and
26 health services, consult with and provide notification of work on
27 applications for federal waivers, including details on waiver
28 duration, financial implications, and potential future impacts on the
29 state budget, to the joint select committee on health care oversight
30 prior to submitting waivers for federal approval. By federal
31 standard, the medicaid transformation demonstration waiver shall not
32 exceed the duration originally granted by the centers for medicare
33 and medicaid services and any programs created or funded by this
34 waiver do not create an entitlement. Beginning May 15, 2019, and
35 continuing through December 15, 2019, by the 15th of each month, the
36 director in consultation with the secretary shall report to the
37 fiscal chair of the appropriate committees of the legislature in the
38 manner and form requested the status of the medicaid transformation
39 waiver, including any anticipated or proposed changes to accruals or
40 expenditures.

1 (2) No more than (~~(\$153,357,000)~~) \$165,082,000 of the general
2 fund—federal appropriation and no more than (~~(\$86,190,000)~~)
3 \$112,949,000 of the general fund—local appropriation may be expended
4 for transformation through accountable communities of health
5 described in initiative 1 of the medicaid transformation
6 demonstration wavier under healthier Washington, including preventing
7 youth drug use, opioid prevention and treatment, and physical and
8 behavioral health integration. Under this initiative, the authority
9 shall take into account local input regarding community needs. In
10 order to ensure transparency to the appropriate fiscal committees of
11 the legislature, the authority shall provide fiscal staff of the
12 legislature query ability into any database of the fiscal
13 intermediary that authority staff would be authorized to access. The
14 authority shall not increase general fund—state expenditures under
15 this initiative. The director shall also report to the fiscal
16 committees of the legislature all of the expenditures under this
17 subsection and shall provide such fiscal data in the time, manner,
18 and form requested by the legislative fiscal committees. By December
19 15, 2019, the authority in collaboration with each accountable
20 community of health shall demonstrate how it will be self-sustaining
21 by the end of the demonstration waiver period, including sources of
22 outside funding, and provide this reporting to the joint select
23 committee on health care oversight. If by the third year of the
24 demonstration waiver there are not measurable, improved patient
25 outcomes and financial returns, the Washington state institute for
26 public policy will conduct an audit of the accountable communities of
27 health, in addition to the process set in place through the
28 independent evaluation required by the agreement with centers for
29 medicare and medicaid services.

30 (3) (a) No more than (~~(\$79,829,000)~~) \$67,896,000 of the general
31 fund—federal appropriation may be expended for supported housing and
32 employment services described in initiative 3a and 3b of the medicaid
33 transformation demonstration waiver under healthier Washington. Under
34 this initiative, the authority and the department of social and
35 health services shall ensure that allowable and necessary services
36 are provided to eligible clients as identified by the department or
37 its third party administrator. The authority and the department in
38 consultation with the medicaid forecast work group, shall ensure that
39 reasonable reimbursements are established for services deemed

1 necessary within an identified limit per individual. The authority
2 shall not increase general fund—state expenditures under this
3 initiative. The director shall report to the joint select committee
4 on health care oversight no less than quarterly on financial and
5 health outcomes. The director shall also report to the fiscal
6 committees of the legislature all of the expenditures of this
7 subsection and shall provide such fiscal data in the time, manner,
8 and form requested by the legislative fiscal committees.

9 (b) No more than (~~(\$89,476,000)~~) \$105,283,000 of the general fund
10 —federal appropriation and no more than (~~(\$36,548,000)~~) \$43,004,000
11 of the general fund—local appropriation may be expended for the
12 medicaid quality improvement program. Under federal regulations, the
13 medicaid quality improvement program is authorized and allows states
14 to design quality improvement programs for the medicaid population in
15 ways that support the state's quality goals. Medicaid quality
16 improvement program payments will not count against initiative 1 of
17 the medicaid transformation demonstration waiver spending limit and
18 are excluded from the waiver's budget neutrality calculation. Apple
19 health managed care organizations and their partnering providers will
20 receive medicaid quality improvement program payments as they meet
21 designated milestones. Partnering providers and apple health managed
22 care organizations will work together to achieve medicaid quality
23 improvement program goals according to the performance period
24 timelines and reporting deadlines as set forth by the authority. The
25 authority shall only utilize the medicaid quality improvement program
26 to support the transformation waiver and shall not pursue its use for
27 other purposes. Any programs created or funded by the medicaid
28 quality improvement program do not create an entitlement. The
29 authority shall not increase general fund—state, federal, or local
30 expenditures under this program. The director shall report to the
31 joint select committee on health care oversight not less than
32 quarterly on financial and health outcomes. The director shall report
33 to the fiscal committees of the legislature all of the expenditures
34 under this subsection and shall provide such fiscal data in the time,
35 manner, and form requested by the legislative fiscal committees.

36 (4) Annually, no later than November 1st, the authority shall
37 report to the governor and appropriate committees of the legislature:
38 (a) Savings attributed to behavioral and physical integration in
39 areas that are scheduled to integrate in the following calendar year,

1 and (b) savings attributed to behavioral and physical health
2 integration and the level of savings achieved in areas that have
3 integrated behavioral and physical health.

4 (5) Sufficient amounts are appropriated in this subsection to
5 implement the medicaid expansion as defined in the social security
6 act, section 1902(a)(10)(A)(i)(VIII).

7 (6) The legislature finds that medicaid payment rates, as
8 calculated by the health care authority pursuant to the
9 appropriations in this act, bear a reasonable relationship to the
10 costs incurred by efficiently and economically operated facilities
11 for providing quality services and will be sufficient to enlist
12 enough providers so that care and services are available to the
13 extent that such care and services are available to the general
14 population in the geographic area. The legislature finds that the
15 cost reports, payment data from the federal government, historical
16 utilization, economic data, and clinical input constitute reliable
17 data upon which to determine the payment rates.

18 (7) Based on quarterly expenditure reports and caseload
19 forecasts, if the health care authority estimates that expenditures
20 for the medical assistance program will exceed the appropriations,
21 the health care authority shall take steps including but not limited
22 to reduction of rates or elimination of optional services to reduce
23 expenditures so that total program costs do not exceed the annual
24 appropriation authority.

25 (8) In determining financial eligibility for medicaid-funded
26 services, the health care authority is authorized to disregard
27 recoveries by Holocaust survivors of insurance proceeds or other
28 assets, as defined in RCW 48.104.030.

29 (9) The legislature affirms that it is in the state's interest
30 for Harborview medical center to remain an economically viable
31 component of the state's health care system.

32 (10) When a person is ineligible for medicaid solely by reason of
33 residence in an institution for mental diseases, the health care
34 authority shall provide the person with the same benefits as he or
35 she would receive if eligible for medicaid, using state-only funds to
36 the extent necessary.

37 (11) \$4,261,000 of the general fund—state appropriation for
38 fiscal year 2020, (~~(\$4,261,000)~~) \$3,733,000 of the general fund—state
39 appropriation for fiscal year 2021, and (~~(\$8,522,000)~~) \$9,050,000 of

1 the general fund—federal appropriation are provided solely for low-
2 income disproportionate share hospital payments.

3 (12) Within the amounts appropriated in this section, the health
4 care authority shall provide disproportionate share hospital payments
5 to hospitals that provide services to children in the children's
6 health program who are not eligible for services under Title XIX or
7 XXI of the federal social security act due to their citizenship
8 status.

9 (13)(a) \$7,000,000 of the general fund—federal appropriation is
10 provided solely for supplemental payments to nursing homes operated
11 by public hospital districts. The public hospital district shall be
12 responsible for providing the required nonfederal match for the
13 supplemental payment, and the payments shall not exceed the maximum
14 allowable under federal rules. It is the legislature's intent that
15 the payments shall be supplemental to and shall not in any way offset
16 or reduce the payments calculated and provided in accordance with
17 part E of chapter 74.46 RCW. It is the legislature's further intent
18 that costs otherwise allowable for rate-setting and settlement
19 against payments under chapter 74.46 RCW shall not be disallowed
20 solely because such costs have been paid by revenues retained by the
21 nursing home from these supplemental payments. The supplemental
22 payments are subject to retrospective interim and final cost
23 settlements based on the nursing homes' as-filed and final medicare
24 cost reports. The timing of the interim and final cost settlements
25 shall be at the health care authority's discretion. During either the
26 interim cost settlement or the final cost settlement, the health care
27 authority shall recoup from the public hospital districts the
28 supplemental payments that exceed the medicaid cost limit and/or the
29 medicare upper payment limit. The health care authority shall apply
30 federal rules for identifying the eligible incurred medicaid costs
31 and the medicare upper payment limit.

32 (b) The authority, in consultation with the department of social
33 and health services and the nursing homes operated by public
34 hospitals in (a) of this subsection, must develop a plan with
35 recommendations for an upper payment limit calculation and the
36 supplemental payment model for nursing homes operated by a public
37 hospital district. The group must consider how to restructure
38 payments under (a) of this subsection, taking into consideration
39 alternate upper payment limit calculation. If upon completion of the
40 plan, the authority determines it can implement the recommendations

1 of the group within the amounts provided in (a) of this subsection,
2 the authority must submit a state plan amendment, if necessary, and
3 submit a report to the fiscal committees of the legislature no later
4 than September 30, 2020.

5 (c) \$193,000 of the general fund—state appropriation for fiscal
6 year 2020 is provided solely for the authority to provide a one-time
7 grant to a standalone skilled nursing facility operated by a public
8 hospital district in Grant county. This grant is provided as a one-
9 time offset to address the impact of the recoupment requirements of
10 this subsection (13).

11 (14) The health care authority shall continue the inpatient
12 hospital certified public expenditures program for the 2019-2021
13 fiscal biennium. The program shall apply to all public hospitals,
14 including those owned or operated by the state, except those
15 classified as critical access hospitals or state psychiatric
16 institutions. The health care authority shall submit reports to the
17 governor and legislature by November 1, 2020, and by November 1,
18 2021, that evaluate whether savings continue to exceed costs for this
19 program. If the certified public expenditures (CPE) program in its
20 current form is no longer cost-effective to maintain, the health care
21 authority shall submit a report to the governor and legislature
22 detailing cost-effective alternative uses of local, state, and
23 federal resources as a replacement for this program. During fiscal
24 year 2020 and fiscal year 2021, hospitals in the program shall be
25 paid and shall retain one hundred percent of the federal portion of
26 the allowable hospital cost for each medicaid inpatient fee-for-
27 service claim payable by medical assistance and one hundred percent
28 of the federal portion of the maximum disproportionate share hospital
29 payment allowable under federal regulations. Inpatient medicaid
30 payments shall be established using an allowable methodology that
31 approximates the cost of claims submitted by the hospitals. Payments
32 made to each hospital in the program in each fiscal year of the
33 biennium shall be compared to a baseline amount. The baseline amount
34 will be determined by the total of (a) the inpatient claim payment
35 amounts that would have been paid during the fiscal year had the
36 hospital not been in the CPE program based on the reimbursement rates
37 developed, implemented, and consistent with policies approved in the
38 2019-2021 biennial operating appropriations act and in effect on July
39 1, 2015, (b) one-half of the indigent assistance disproportionate
40 share hospital payment amounts paid to and retained by each hospital

1 during fiscal year 2005, and (c) all of the other disproportionate
2 share hospital payment amounts paid to and retained by each hospital
3 during fiscal year 2005 to the extent the same disproportionate share
4 hospital programs exist in the 2019-2021 fiscal biennium. If payments
5 during the fiscal year exceed the hospital's baseline amount, no
6 additional payments will be made to the hospital except the federal
7 portion of allowable disproportionate share hospital payments for
8 which the hospital can certify allowable match. If payments during
9 the fiscal year are less than the baseline amount, the hospital will
10 be paid a state grant equal to the difference between payments during
11 the fiscal year and the applicable baseline amount. Payment of the
12 state grant shall be made in the applicable fiscal year and
13 distributed in monthly payments. The grants will be recalculated and
14 redistributed as the baseline is updated during the fiscal year. The
15 grant payments are subject to an interim settlement within eleven
16 months after the end of the fiscal year. A final settlement shall be
17 performed. To the extent that either settlement determines that a
18 hospital has received funds in excess of what it would have received
19 as described in this subsection, the hospital must repay the excess
20 amounts to the state when requested. \$759,000 of the general fund—
21 state appropriation for fiscal year 2020 and (~~(\$740,000)~~) \$698,000 of
22 the general fund—state appropriation for fiscal year 2021 are
23 provided solely for state grants for the participating hospitals.

24 (15) The health care authority shall seek public-private
25 partnerships and federal funds that are or may become available to
26 provide on-going support for outreach and education efforts under the
27 federal children's health insurance program reauthorization act of
28 2009.

29 (16) The health care authority shall target funding for maternity
30 support services towards pregnant women with factors that lead to
31 higher rates of poor birth outcomes, including hypertension, a
32 preterm or low birth weight birth in the most recent previous birth,
33 a cognitive deficit or developmental disability, substance abuse,
34 severe mental illness, unhealthy weight or failure to gain weight,
35 tobacco use, or African American or Native American race. The health
36 care authority shall prioritize evidence-based practices for delivery
37 of maternity support services. To the extent practicable, the health
38 care authority shall develop a mechanism to increase federal funding
39 for maternity support services by leveraging local public funding for
40 those services.

1 (17) The authority shall submit reports to the governor and the
2 legislature by September 15, 2020, and no later than September 15,
3 2021, that delineate the number of individuals in medicaid managed
4 care, by carrier, age, gender, and eligibility category, receiving
5 preventative services and vaccinations. The reports should include
6 baseline and benchmark information from the previous two fiscal years
7 and should be inclusive of, but not limited to, services recommended
8 under the United States preventative services task force, advisory
9 committee on immunization practices, early and periodic screening,
10 diagnostic, and treatment (EPSDT) guidelines, and other relevant
11 preventative and vaccination medicaid guidelines and requirements.

12 (18) Managed care contracts must incorporate accountability
13 measures that monitor patient health and improved health outcomes,
14 and shall include an expectation that each patient receive a wellness
15 examination that documents the baseline health status and allows for
16 monitoring of health improvements and outcome measures.

17 (19) Sufficient amounts are appropriated in this section for the
18 authority to provide an adult dental benefit.

19 (20) The health care authority shall coordinate with the
20 department of social and health services to provide referrals to the
21 Washington health benefit exchange for clients that will be
22 ineligible for medicaid.

23 (21) To facilitate a single point of entry across public and
24 medical assistance programs, and to maximize the use of federal
25 funding, the health care authority, the department of social and
26 health services, and the health benefit exchange will coordinate
27 efforts to expand HealthPlanfinder access to public assistance and
28 medical eligibility staff. The health care authority shall complete
29 medicaid applications in the HealthPlanfinder for households
30 receiving or applying for medical assistance benefits.

31 (22) \$90,000 of the general fund—state appropriation for fiscal
32 year 2020, \$90,000 of the general fund—state appropriation for fiscal
33 year 2021, and \$180,000 of the general fund—federal appropriation are
34 provided solely to continue operation by a nonprofit organization of
35 a toll-free hotline that assists families to learn about and enroll
36 in the apple health for kids program.

37 (23) Within the amounts appropriated in this section, the
38 authority shall reimburse for primary care services provided by
39 naturopathic physicians.

1 (24) Within the amounts appropriated in this section, the
2 authority shall continue to provide coverage for pregnant teens that
3 qualify under existing pregnancy medical programs, but whose
4 eligibility for pregnancy related services would otherwise end due to
5 the application of the new modified adjusted gross income eligibility
6 standard.

7 (25) Sufficient amounts are appropriated in this section to
8 remove the mental health visit limit and to provide the shingles
9 vaccine and screening, brief intervention, and referral to treatment
10 benefits that are available in the medicaid alternative benefit plan
11 in the classic medicaid benefit plan.

12 (26) The authority shall use revenue appropriated from the
13 dedicated marijuana fund for contracts with community health centers
14 under RCW 69.50.540 in lieu of general fund—state payments to
15 community health centers for services provided to medical assistance
16 clients, and it is the intent of the legislature that this policy
17 will be continued in subsequent fiscal biennia.

18 (27) Beginning no later than January 1, 2018, for any service
19 eligible under the medicaid state plan for encounter payments,
20 managed care organizations at the request of a rural health clinic
21 shall pay the full published encounter rate directly to the clinic.
22 At no time will a managed care organization be at risk for or have
23 any right to the supplemental portion of the claim. Payments will be
24 reconciled on at least an annual basis between the managed care
25 organization and the authority, with final review and approval by the
26 authority.

27 ~~(28) ((Sufficient funds are provided for the authority to remove
28 payment and billing limitations identified during the review process
29 required for implementation of chapter 226, Laws of 2017 (behavioral
30 health care - primary care integration) for health and behavior
31 codes, psychotherapy codes, and to continue to offer face-to-
32 face tobacco cessation counseling only for pregnant individuals.
33 Additional funding is provided to increase the rates for the health
34 and behavior codes and psychotherapy codes identified through the
35 stakeholder work group process required under chapter 226, Laws of
36 2017 (SSB 5779) by ten percent.~~

37 ~~(29))~~ (a) \$34,145,000 of the general fund—state appropriation for
38 fiscal year 2021 and \$5,898,000 of the general fund—federal
39 appropriation are provided solely for the compromise of claims in the

1 reconciliation process for rural health clinics for the calendar
2 years 2014-2017. The authority may not recover the state portion of
3 rural health clinic reconciliations for calendar years 2014-2017 for
4 which no state accrual was made. If the authority determines there
5 are unliquidated prior period accrual balances available to refund
6 the federal government for these years, these amounts must be used
7 prior to the amounts provided under this subsection.

8 (b) By October 15, 2019, the authority shall report to the
9 governor and relevant committees of the legislature the status of
10 rural health clinic reconciliations for calendar years 2011-2013,
11 including any use of available unliquidated prior period accrual
12 balances to refund the federal government for those calendar years.
13 Additionally, the report shall include the status of rural health
14 clinic reconciliations for calendar years 2014-2017, including
15 anticipated amounts owed to or from rural health clinics from the
16 reconciliation process for those fiscal years. The authority shall
17 not recover the state portion of rural health reconciliations for
18 calendar years 2011-2013 for which no general fund state accrual was
19 made. The authority shall not pursue recoveries for calendar years
20 2014-2017 until after the legislature has an opportunity to take
21 action during the 2020 legislative session. If the legislature does
22 not take any action on rural health clinic reconciliations for
23 calendar years 2014-2017, recoveries shall commence per
24 administrative rule.

25 (c) Beginning with fiscal year 2020, and for each subsequent year
26 thereafter, the authority shall reconcile on an annual basis with
27 rural health centers.

28 (d) Beginning with fiscal year 2020, and for each subsequent year

4 ~~((32))~~ (31) Within the amounts appropriated in this section,

20 organization representing employees of private emergency ambulance
21 providers, shall develop reporting requirements prior to June 30,
22 2021, to account for how funds from the quality assurance fee program
23 and base rate increase are spent. The reporting requirements should
24 include, but not be limited to, the percent of the add-on fee and
25 base rate increase used to increase wages; to which category of
26 workers' wages these increases apply, specifically whether wage
27 increases are being used to increase wages for emergency medical
28 technicians whose statewide average dollars-per-hour wage was less
29 than \$25 per hour in calendar year 2020; and, whether the add-on and
30 base rate increase are being used to address resulting wage

34 department of social and health services to assess a Katie Beckett

9 regardless of the beneficiary's managed care enrollment status, must
10 be increased to one hundred fifty percent of the hospital's fee-for-
11 service rates beginning July 1, 2020. The authority must discontinue
12 this rate increase after June 30, 2021, and return to the payment
13 levels and methodology for these hospitals that were in place as of
14 June 30, 2020. A hospital qualifying for this rate increase must:

15 (a) Have fewer than seventy available acute beds as reported in
16 the hospital's 2018 department of health year-end report;

17 (b) Not be currently designated as a critical access hospital,
18 and not meet the current federal eligibility requirements for
19 designation as a critical access hospital;

20 (c) Not be a certified public expenditure hospital;

21 (d) Have combined medicare and medicaid inpatient days greater

24 year 2021 and \$25,000 of the general fund—federal appropriation are
25 provided solely for the authority to develop an implementation plan
26 to incorporate medical and psychiatric respite care as statewide
27 medicaid benefits. The plan must include an analysis of the cost
28 effectiveness of providing a medical and psychiatric respite care
29 benefit for medicaid enrollees. In developing the plan, the authority
30 shall consult with interested stakeholders, including medicaid
31 managed care organizations, community health centers, organizations
32 providing respite care, and hospitals. The amounts provided in this
33 subsection may be used for staff support and one-time contracting. No
34 later than January 15, 2022, the authority shall report its findings
35 to the relevant committees of the legislature, the office of the

2 and community-based services as defined in section 9817 of ARPA are
3 listed in LEAP omnibus document HCBS-2021.

	<u>\$37,144,000</u>

13 The appropriation in this section is subject to the following
14 conditions and limitations:

16 factors identified after March 1, 2019, must be reserved for funding
17 employee benefits in the 2021-2023 fiscal biennium. The health care
18 authority shall deposit any moneys received on behalf of the uniform
19 medical plan resulting from rebates on prescription drugs, audits of
20 hospitals, subrogation payments, or any other moneys received as a

31 under subsection (3) of this section or offsetting cost reductions
32 from other benefit revisions are sufficient to fund the changes, or
33 unless the funding for the increase or change is specifically
34 provided in this act. However, the funding provided anticipates that
35 the public employees' benefits board may increase the availability of
36 nutritional counseling in the uniform medical plan by allowing a

9 require or make any or all of the following: Employee premium
10 copayments, increases increase in point-of-service cost sharing, the
11 implementation of managed competition, or make other changes to
12 benefits consistent with RCW 41.05.065.

14 twenty-five dollars per month from members who use tobacco products,
15 and a surcharge payment of not less than fifty dollars per month from
16 members who cover a spouse or domestic partner where the spouse or
17 domestic partner has chosen not to enroll in another employer-based
18 group health insurance that has benefits and premiums with an
19 actuarial value of not less than ninety-five percent of the actuarial
20 value of the public employees' benefits board plan with the largest
21 enrollment. The surcharge payments shall be collected in addition to
22 the member premium payment.

(2) \$2,000 of the appropriation in this section is provided solely for implementation of Engrossed Second Substitute Senate Bill No. 5497 (immigrants in the workplace).

(3) The health care authority must study the potential cost savings and improved efficiency in providing insurance benefits to the employers and employees participating in the public employees' and school employees' benefits board systems that could be gained by consolidating the systems. The consolidation options studied must maintain separate risk pools for medicare-eligible and non-medicare eligible employees and retirees, assume a consolidation date of January 1, 2022, and incorporate the experiences gained by health care authority during the initial implementation and operation of the school employees' benefits board program. 11 *al.*, United States District Court for the Western District of

22 (3) \$15,605,000 of the general fund—state appropriation for
23 fiscal year 2020, (~~(\$15,754,000)~~) \$15,861,000 of the general fund—

39 appropriation are provided solely for the authority and behavioral

1 health entities to continue to contract for implementation of high-
2 intensity programs for assertive community treatment (PACT) teams. In
3 determining the proportion of medicaid and nonmedicaid funding
4 provided to behavioral health entities with PACT teams, the authority
5 shall consider the differences between behavioral health entities in
6 the percentages of services and other costs associated with the teams
7 that are not reimbursable under medicaid. The authority may allow
8 behavioral health entities which have nonmedicaid reimbursable costs
9 that are higher than the nonmedicaid allocation they receive under
10 this section to supplement these funds with local dollars or funds
11 received under subsection (7) of this section. The authority and
12 behavioral health entities shall maintain consistency with all
13 essential elements of the PACT evidence-based practice model in
14 programs funded under this section.

15 (5) \$7,071,000 of the general fund—state appropriation for fiscal
16 year 2021 is provided solely for increased state costs for
17 exceptional behavioral health personal care services. From ((the))
18 these amounts and the other general fund—state appropriations in this
19 section, the authority shall assure that behavioral health entities
20 reimburse the department of social and health services aging and long
21 term support administration for the general fund—state cost of
22 exceptional medicaid personal care services that enrolled behavioral
23 health entity consumers use because of their psychiatric disability.

24 (6) \$3,520,000 of the general fund—federal appropriation is
25 provided solely for the authority to maintain a pilot project to
26 incorporate peer bridging staff into behavioral health regional teams
27 that provide transitional services to individuals returning to their
28 communities.

29 (7) \$81,930,000 of the general fund—state appropriation for
30 fiscal year 2020 and \$85,122,000 of the general fund—state
31 appropriation for fiscal year 2021 are provided solely for persons
32 and services not covered by the medicaid program. To the extent
33 possible, levels of behavioral health entity spending must be
34 maintained in the following priority order: Crisis and commitment
35 services; community inpatient services; and residential care
36 services, including personal care and emergency housing assistance.
37 These amounts must be distributed to behavioral health entities as
38 follows:

1 (a) Of the amount provided for fiscal year 2020, seventy percent
2 must be distributed to behavioral health administrative service
3 organizations and thirty percent to managed care organizations. The

5 administrative services organization must be proportionate to the
6 fiscal year 2019 regional allocation of flexible nonmedicaid funds.

7 (b) \$3,939,000 of the fiscal year 2021 amounts must be
8 distributed to behavioral health administrative service
9 organizations. Of the remaining amount for fiscal year 2021, eighty
10 percent must be distributed to behavioral health administrative
11 service organizations and twenty percent to managed care
12 organizations. The percentage of funding provided to each behavioral
13 health administrative services organization must be proportionate to
14 the fiscal year 2020 regional allocation of flexible nonmedicaid
15 funds.

16 (c) The authority must include the following language in medicaid
17 contracts with behavioral health entities unless they are provided
18 formal notification from the center for medicaid and medicare
19 services that the language will result in the loss of federal
20 medicaid participation: "The contractor may voluntarily provide
21 services that are in addition to those covered under the state plan,
22 although the cost of these services cannot be included when
23 determining payment rates unless including these costs are
24 specifically allowed under federal law or an approved waiver."

25 (8) The authority is authorized to continue to contract directly,
26 rather than through contracts with behavioral health entities for
27 children's long-term inpatient facility services.

28 (9) \$1,204,000 of the general fund—state appropriation for fiscal
29 year 2020 and \$1,204,000 of the general fund—state appropriation for
30 fiscal year 2021 are provided solely to reimburse Pierce and Spokane
31 counties for the cost of conducting one hundred eighty-day commitment
32 hearings at the state psychiatric hospitals.

33 (10) Behavioral health entities may use local funds to earn
34 additional federal medicaid match, provided the locally matched rate
35 does not exceed the upper-bound of their federally allowable rate
36 range, and provided that the enhanced funding is used only to provide
37 medicaid state plan or waiver services to medicaid clients.
38 Additionally, behavioral health entities may use a portion of the
39 state funds allocated in accordance with subsection (7) of this
40 section to earn additional medicaid match, but only to the extent

1 that the application of such funds to medicaid services does not
2 diminish the level of crisis and commitment, community inpatient,
3 residential care, and outpatient services presently available to
4 persons not eligible for medicaid.

5 (11) \$2,291,000 of the general fund—state appropriation for
6 fiscal year 2020 and \$2,291,000 of the general fund—state
7 appropriation for fiscal year 2021 are provided solely for mental
8 health services for mentally ill offenders while confined in a county
9 or city jail and for facilitating access to programs that offer
10 mental health services upon release from confinement. The authority
11 must collect information from the behavioral health entities on their
12 plan for using these funds, the numbers of individuals served, and
13 the types of services provided and submit a report to the office of
14 financial management and the appropriate fiscal committees of the
15 legislature by December 1st of each year of the biennium.

16 (12) Within the amounts appropriated in this section, funding is
17 provided for the authority to develop and phase in intensive mental
18 health services for high needs youth consistent with the settlement
19 agreement in *T.R. v. Dreyfus and Porter*.

20 (13) The authority must establish minimum and maximum funding
21 levels for all reserves allowed under behavioral health organization
22 and administrative services organization contracts and include
23 contract language that clearly states the requirements and
24 limitations. The authority must monitor and ensure that behavioral
25 health organization and administrative services organization reserves
26 do not exceed maximum levels. The authority must monitor revenue and
27 expenditure reports and must require a behavioral health organization
28 or administrative services organization to submit a corrective action
29 plan on how it will spend its excess reserves within a reasonable
30 period of time, when its reported reserves exceed maximum levels
31 established under the contract. The authority must review and approve
32 such plans and monitor to ensure compliance. If the authority
33 determines that a behavioral health organization or administrative
34 services organization has failed to provide an adequate excess
35 reserve corrective action plan or is not complying with an approved
36 plan, the authority must reduce payments to the entity in accordance
37 with remedial actions provisions included in the contract. These
38 reductions in payments must continue until the authority determines
39 that the entity has come into substantial compliance with an approved
40 excess reserve corrective action plan.

1 (14) During the 2019-2021 fiscal biennium, any amounts provided
2 in this section that are used for case management services for
3 pregnant and parenting women must be contracted directly between the
4 authority and providers rather than through contracts with behavioral
5 health organizations.

6 (15) Within the amounts appropriated in this section, the
7 authority may contract with the University of Washington and
8 community-based providers for the provision of the parent-child
9 assistance program or other specialized chemical dependency case
10 management providers for pregnant, post-partum, and parenting women.
11 For all contractors: (a) Service and other outcome data must be
12 provided to the authority by request; and (b) indirect charges for
13 administering the program must not exceed ten percent of the total
14 contract amount.

15 (16) \$3,500,000 of the general fund—federal appropriation (from
16 the substance abuse prevention and treatment federal block grant) is
17 provided solely for the continued funding of existing county drug and
18 alcohol use prevention programs.

25 specialized expertise in the provision of manualized, evidence-based
26 chemical dependency treatment services for offenders. The department
27 of corrections and the authority must develop a memorandum of
28 understanding for department of corrections offenders on active
29 supervision who are medicaid eligible and meet medical necessity for
30 outpatient substance use disorder treatment. The agreement will
31 ensure that treatment services provided are coordinated, do not
32 result in duplication of services, and maintain access and quality of
33 care for the individuals being served. The authority must provide all
34 necessary data, access, and reports to the department of corrections
35 for all department of corrections offenders that receive medicaid
36 paid services.

21 under this initiative. The secretary in collaboration with the
22 director of the authority shall report to the joint select committee
23 on health care oversight no less than quarterly on financial and
24 health outcomes. The secretary in cooperation with the director shall

8 \$12,024,000 of the general fund—federal appropriation are provided
9 solely for the operation of secure withdrawal management and
10 stabilization facilities. The authority may not use any of these
11 amounts for services in facilities that are subject to federal
12 funding restrictions that apply to institutions for mental diseases,
13 unless they have received a waiver that allows for full federal
14 participation in these facilities. Within these amounts, funding is
15 provided to increase the fee for service rate for these facilities up

39 implementation of this funding. The authority must submit a report to

1 the legislature by December 1, 2020, summarizing how this funding was
2 used and provide information for future options of increasing
3 behavioral health provider rates through directed payments. The
4 report must identify different mechanisms for implementing directed
5 payment for behavioral health providers including but not limited to
6 minimum fee schedules, across the board percentage increases, and
7 value-based payments. The report must provide a description of each
8 of the mechanisms considered, the timeline that would be required for
9 implementing the mechanism, and whether and how the mechanism is

18 solely for the department to contract with community hospitals or
19 freestanding evaluation and treatment centers to provide long-term
20 inpatient care beds as defined in RCW 71.24.025. Within these
21 amounts, the authority must meet the requirements for reimbursing
22 counties for the judicial services for patients being served in these
23 settings in accordance with RCW 71.05.730. The authority must
24 coordinate with the department of social and health services in
25 developing the contract requirements, selecting contractors, and
26 establishing processes for identifying patients that will be admitted
27 to these facilities.

28 (a) Sufficient amounts are provided in fiscal year 2020 for the
29 authority to reimburse community hospitals serving medicaid clients
30 in long-term inpatient care beds as defined in RCW 71.24.025 at a
31 rate of \$1,171 per day, or the hospital's current psychiatric
32 inpatient per diem rate, whichever is higher. In fiscal year 2020,
33 the rate paid to hospitals in this subsection cannot exceed one-
34 hundred percent of the hospitals eligible costs based on their most

1 their most recently filed medicare cost report at one hundred percent
2 of the hospital's eligible costs documented in the most recently
3 filed medicare cost report; (ii) community hospitals that do not have
4 a filed medicare cost report on file with the authority at the
5 statewide average rate based on the average of provider specific
6 long-term inpatient care rates or the provider's current per diem
7 rate, whichever is higher; (iii) community hospitals whose costs do
8 not exceed their current rates based on their most recently filed
9 medicare cost report at a rate of \$940 per day; and (iv) nonhospital
10 residential treatment centers certified to provide long-term
11 inpatient care beds as defined in RCW 71.24.025 at a rate that
12 reflects a five percent increase from their fiscal year 2020 rate for
13 serving medicaid clients in long-term inpatient care beds as defined
14 in RCW 71.24.025.

15 ~~((e))~~ (c) The authority in collaboration with the Washington
16 state hospital association must convene a work group to further
17 refine the methodology for reimbursing community hospitals serving
18 these clients. The authority must provide a report to the appropriate

20 include options for incorporating additional factors into future rate
21 adjustments and identify where there may be overlap within the
22 different options. The report must include the following areas and
23 provide a description of the option and the methodology and
24 implementation costs associated with each option:

28 total costs for serving clients under this subsection are higher or
29 lower than payments received by the authority and any additional
30 payers.

31 (25) \$1,455,000 of the general fund—state appropriation for
32 fiscal year 2020 ~~((, \$1,401,000 of the general fund—state

25 distribute these amounts proportionate to the number of bed days for
26 medicaid clients in institutions for mental diseases that were
27 excluded from behavioral health entity calendar year 2019 capitation
28 rates because they exceeded the amounts allowed under federal
29 regulations. The authority must also use these amounts to directly
30 pay for costs that are ineligible for medicaid reimbursement in
31 institutions of mental disease facilities for American Indian and
32 Alaska Natives who opt to receive behavioral health services on a

9 federal and state law. Behavioral health organization reserves may
10 not be used to pay for services to be provided beyond the end of a
11 behavioral health organization's contract or for startup costs in
12 full integration regions except as provided in this subsection. The
13 authority must ensure that any increases in expenditures in
14 behavioral health reserve spend-down plans are required for the
15 operation of services during the contract period and do not result in
16 overpayment to providers. If the nonfederal share of reserves
17 returned during fiscal year 2020 exceeds \$35,000,000, the authority
18 shall use some of the amounts in excess of \$35,000,000 to support the
19 final regions transitioning to full integration of physical and
20 behavioral health care. These amounts must be distributed
21 proportionate to the population of each regional area covered. The

4 treatment programs.

5 (33) Within the amounts appropriated in this section, the
6 authority must maintain a rate increase for community hospitals that
7 provide a minimum of 200 medicaid psychiatric inpatient days pursuant

5 gain in the context of each environmental, land use, or development
6 law is likely to achieve substantial additional environmental or
7 social co-benefits; and

8 (v) Assessments of why existing standards of ecological
9 protectiveness, such as no net loss standards, have been sufficient

Funds in the account are provided solely for the information technology projects shown in LEAP omnibus documents IT-2019, dated April 25, 2019, and IT-2020, dated March 9, 2020, which is hereby incorporated by reference. To facilitate the transfer of moneys from other funds and accounts that are associated with projects contained in LEAP omnibus documents IT-2019, dated April 25, 2019, and IT-2020, dated March 9, 2020, the state treasurer is directed to transfer moneys from other funds and accounts to the information technology investment revolving account in accordance with schedules provided by the office of financial management. PART XVIII
MISCELLANEOUS
SUPPLEMENTAL

Sec. 1801. RCW 15.76.115 and 2018 c 280 s 3 are each amended to read as follows:

The fair fund is created in the custody of the state treasury. All moneys received by the department of agriculture for the purposes of this fund and from RCW 67.16.105 shall be deposited into the fund. ~~((Each))~~ Except during fiscal year 2021, each fiscal year, the state treasurer shall transfer into the fair fund from the general fund the sum of two million dollars. During fiscal year 2021, the state treasurer shall transfer into the fair fund from the general fund the sum of \$1,005,000. Expenditures from the fund may be used only for assisting fairs in the manner provided in this chapter. Only the director of agriculture or the director's designee may authorize expenditures from the fund. The fund is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

NEW SECTION. **Sec. 1802.** A new section is added to chapter 28A.300 RCW to read as follows:

The elementary and secondary school emergency relief III account is created in the state treasury. Revenues attributable to section 2001, the American rescue plan act of 2021, P.L. 117-2 must be deposited into the account. Moneys in the account may be spent only after appropriation.

NEW SECTION. **Sec. 1803.** A new section is added to chapter 43.79 RCW to read as follows:

The Washington rescue plan transition account is created in the state treasury. Moneys in the account may be spent only after appropriation. Revenues to the account consist of moneys directed by the legislature to the account. Allowable uses of moneys in the account include responding to the impacts of the COVID-19 pandemic including those related to education, human services, health care, and the economy. In addition, the legislature may appropriate from the account to continue activities begun with, or augmented with, COVID-19 related federal funding.

1 NEW SECTION. **Sec. 1804.** A new section is added to chapter 43.79
2 RCW to read as follows:

3 The coronavirus state fiscal rescue fund is created in the state
4 treasury. Moneys in the account may be spent only after
5 appropriation. All federal moneys received by the state pursuant to
6 the American rescue plan act of 2021, state fiscal recovery fund,
7 P.L. 117-2, subtitle M, section 9901, must be deposited in the
8 account. The legislature may appropriate from the account only for
9 the purposes authorized in that section of the federal act.

10 **Sec. 1805.** RCW 43.88.058 and 2018 c 208 s 5 are each amended to
11 read as follows:

12 For the purposes of this chapter, expenditures for the following
13 foster care, adoption support and related services, and child
14 protective services must be forecasted and budgeted as maintenance
15 level costs:

- 16 (1) Behavioral rehabilitation services placements;
17 (2) Social worker and related staff to receive, refer, and
18 respond to screened-in reports of child abuse or neglect, except in
19 fiscal year 2021;
20 (3) Court-ordered parent-child and sibling visitations delivered
21 by contractors; and
22 (4) Those activities currently being treated as maintenance level
23 costs for budgeting or forecasting purposes on June 7, 2018,
24 including, but not limited to: (a) Adoption support and other
25 adoption-related expenses; (b) foster care maintenance payments; (c)
26 child-placing agency management fees; (d) support goods such as
27 clothing vouchers; (e) child aides; and (f) child care for children
28 in foster or relative placements when the caregiver is at work or in
29 school.

30 NEW SECTION. **Sec. 1806.** The office of financial management must
31 apply for waivers pursuant to section 2004 of the American rescue
32 plan act of 2021, P.L. 117-2 and section 317, the coronavirus
33 response and relief supplemental appropriations act, P.L. 116-260,
34 division M. In the request for the waiver, the office is to, among
35 other things, note the increase in state appropriations in K-12 and
36 higher education programs for fiscal years 2022 and 2023 compared to
37 the combined average of appropriations for 2017, 2018, and 2019 for
38 these programs, demonstrating a growth in state spending in K-12 and

1 higher education in the relevant period. The office of financial
2 management must coordinate with the office of the superintendent of
3 public instruction in applying for the waiver.

4 NEW SECTION. **Sec. 1807.** If any part of this act is found to be
5 in conflict with federal requirements that are a prescribed condition
6 to the allocation of federal funds to the state, the conflicting part
7 of this act is inoperative solely to the extent of the conflict and
8 with respect to the agencies directly affected, and this finding does
9 not affect the operation of the remainder of this act in its
10 application to the agencies concerned. Rules adopted under this act
11 must meet federal requirements that are a necessary condition to the
12 receipt of federal funds by the state.

13 NEW SECTION. **Sec. 1808.** If any provision of this act or its
14 application to any person or circumstance is held invalid, the
15 remainder of the act or the application of the provision to other
16 persons or circumstances is not affected.

17 NEW SECTION. **Sec. 1809.** This act is necessary for the immediate
18 preservation of the public peace, health, or safety, or support of
19 the state government and its existing public institutions, and takes
20 effect immediately.
