PART II
HUMAN SERVICES

NEW SECTION. **Sec. 201. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the
2 payment rates.

3 (4) The department shall to the maximum extent practicable use
4 the same system for delivery of spoken-language interpreter services
5 for social services appointments as the one established for medical
6 appointments in the health care authority. When contracting directly
7 with an individual to deliver spoken language interpreter services,
8 the department shall only contract with language access providers who
9 are working at a location in the state and who are state-certified or
10 state-authorized, except that when such a provider is not available,
11 the department may use a language access provider who meets other
12 certifications or standards deemed to meet state standards, including
13 interpreters in other states.

14 (5) Information technology projects or investments and proposed
15 projects or investments impacting time capture, payroll and payment
16 processes and systems, eligibility, case management, and
17 authorization systems within the department of social and health
18 services are subject to technical oversight by the office of the
19 chief information officer.

20 (6) (a) The department shall facilitate enrollment under the
21 medicaid expansion for clients applying for or receiving state funded
22 services from the department and its contractors. Prior to open
23 enrollment, the department shall coordinate with the health care
24 authority to provide referrals to the Washington health benefit
25 exchange for clients that will be ineligible for medicaid.

26 (b) To facilitate a single point of entry across public and
27 medical assistance programs, and to maximize the use of federal
28 funding, the health care authority, the department of social and
29 health services, and the health benefit exchange will coordinate
30 efforts to expand HealthPlanfinder access to public assistance and
31 medical eligibility staff. The department shall complete medicaid
32 applications in the HealthPlanfinder for households receiving or
33 applying for public assistance benefits.

34 (7) The health care authority, the health benefit exchange, the
35 department of social and health services, the department of health,
36 and the department of children, youth, and families shall work
37 together within existing resources to establish the health and human
38 services enterprise coalition (the coalition). The coalition, led by
39 the health care authority, must be a multi-organization collaborative
40 that provides strategic direction and federal funding guidance for

1 projects that have cross-organizational or enterprise impact,
2 including information technology projects that affect organizations
3 within the coalition. The office of the chief information officer
4 shall maintain a statewide perspective when collaborating with the
5 coalition to ensure that projects are planned for in a manner that
6 ensures the efficient use of state resources and maximizes federal
7 financial participation. The work of the coalition is subject to the
8 conditions, limitations, and review provided in section 701 of this
9 act.

23 (a) Individuals receiving services as supplemental security

25 medical assistance under RCW 74.09.510 due solely to the receipt of
26 SSI state supplemental payments.

27 (b) In accordance with RCW 18.51.050, 18.20.050, 70.128.060, and
28 43.135.055, the department is authorized to increase nursing

10 (c) \$2,648,000 of the general fund—state appropriation for fiscal
11 year 2022, \$8,946,000 of the general fund—state appropriation for
12 fiscal year 2023, and \$16,665,000 of the general fund—federal

31 (f) The department may authorize a one-time waiver of all or any
32 portion of the licensing and processing fees required under RCW
33 70.128.060 in any case in which the department determines that an
34 adult family home is being relicensed because of exceptional
35 circumstances, such as death or incapacity of a provider, and that to
36 require the full payment of the licensing and processing fees would
37 present a hardship to the applicant. In these situations the
38 department is also granted the authority to waive the required
39 residential administrator training for a period of 120 days if

1 necessary to ensure continuity of care during the relicensing
2 process.

3 (g) Community residential cost reports that are submitted by or

20 expectation that, in most cases, staffing ratios in all community
21 alternative placement options described in (h)(i) of this subsection
22 will need to increase to meet the needs of clients leaving the state
23 psychiatric hospitals. If specialized training is necessary to meet
24 the needs of a client before he or she enters a community placement,
25 then the person centered service plan must also identify and
26 authorize this training.

27 (iii) When reviewing placement options, the department must
28 consider the safety of other residents, as well as the safety of
29 staff, in a facility. An initial evaluation of each placement,
30 including any documented safety concerns, must occur within thirty
31 days of a client leaving one of the state psychiatric hospitals and
32 entering one of the community placement options described in (h)(i)
33 of this subsection. At a minimum, the department must perform two
34 additional evaluations of each placement during the first year that a
35 client has lived in the facility.

36 (iv) In developing bed capacity, the department shall consider
37 the complex needs of individuals waiting for discharge from the state

11 Washington state's managed care organizations to establish
12 recommendations for clients who live in the community to access the
13 developmental disabilities administration's facility-based
14 professionals to receive care covered under the state plan. If
15 feasible, these recommendations should detail how to enable facility-
16 based professionals to deliver services at mobile or brick-and-mortar
17 clinical settings in the community. The department must submit its
18 recommendations to the appropriate legislative committees no later
19 than December 1, 2021.

8 The health care authority shall not initiate any services that
9 require expenditure of state general fund moneys unless expressly
10 authorized in this act or other law. The health care authority may
11 seek, receive, and spend, under RCW 43.79.260 through 43.79.282,
12 federal moneys not anticipated in this act as long as the federal
13 funding does not require expenditure of state moneys for the program
14 in excess of amounts anticipated in this act. If the health care
15 authority receives unanticipated unrestricted federal moneys, those
16 moneys shall be spent for services authorized in this act or in any
17 other legislation providing appropriation authority, and an equal
18 amount of appropriated state general fund moneys shall lapse. Upon
19 the lapsing of any moneys under this subsection, the office of

22 The appropriations in this section are subject to the following
23 conditions and limitations:

24 (1) The authority shall not accept or expend any federal funds
25 received under a medicaid transformation waiver under healthier
26 Washington except as described in subsections (2) through (5) of this
27 section until specifically approved and appropriated by the
28 legislature. To ensure compliance with legislative directive budget
29 requirements and terms and conditions of the waiver, the authority
30 shall implement the waiver and reporting requirements with oversight
31 from the office of financial management. The legislature finds that
32 appropriate management of the innovation waiver requires better
33 analytic capability, transparency, consistency, timeliness, accuracy,
34 and lack of redundancy with other established measures and that the
35 patient must be considered first and foremost in the implementation
36 and execution of the demonstration waiver. In order to effectuate
37 these goals, the authority shall: (a) Require the Dr. Robert Bree
38 collaborative and the health technology assessment program to reduce
39 the administrative burden upon providers by only requiring

1 performance measures that are nonduplicative of other nationally
2 established measures. The joint select committee on health care
3 oversight will evaluate the measures chosen by the collaborative and
4 the health technology assessment program for effectiveness and
5 appropriateness; (b) develop a patient satisfaction survey with the
6 goal to gather information about whether it was beneficial for the
7 patient to use the center of excellence location in exchange for
8 additional out-of-pocket savings; (c) ensure patients and health care
9 providers have significant input into the implementation of the
10 demonstration waiver, in order to ensure improved patient health
11 outcomes; and (d) in cooperation with the department of social and
12 health services, consult with and provide notification of work on
13 applications for federal waivers, including details on waiver
14 duration, financial implications, and potential future impacts on the
15 state budget, to the joint select committee on health care oversight
16 prior to submitting waivers for federal approval. The authority shall
17 submit an application to the centers for medicaid and medicare
18 services to extend the duration of the medicaid transformation waiver
19 under healthier Washington as described in subsections (3) through
20 (5) of this section by one year. If not extended, by federal
21 standard, the medicaid transformation demonstration waiver shall not
22 exceed the duration originally granted by the centers for medicare
23 and medicaid services and any programs created or funded by this
24 waiver do not create an entitlement.

25 (2) No more than \$243,047,000 of the general fund—federal
26 appropriation and no more than \$99,274,000 of the general fund—local
27 appropriation may be expended for the medicaid quality improvement
28 program. Under federal regulations, the medicaid quality improvement
29 program is authorized and allows states to design quality improvement
30 programs for the medicaid population in ways that support the state's
31 quality goals. Medicaid quality improvement program payments will not
32 count against initiative 1 of the medicaid transformation
33 demonstration waiver spending limit and are excluded from the
34 waiver's budget neutrality calculation. Apple health managed care
35 organizations and their partnering providers will receive medicaid
36 quality improvement program payments as they meet designated
37 milestones. Partnering providers and apple health managed care
38 organizations will work together to achieve medicaid quality
39 improvement program goals according to the performance period
40 timelines and reporting deadlines as set forth by the authority. The

1 authority shall only utilize the medicaid quality improvement program
2 to support the transformation waiver and shall not pursue its use for
3 other purposes. Any programs created or funded by the medicaid
4 quality improvement program do not create an entitlement. The
5 authority shall not increase general fund—state, federal, or local
6 expenditures under this program. The director shall report to the
7 joint select committee on health care oversight not less than
8 quarterly on financial and health outcomes. The director shall report
9 to the fiscal committees of the legislature all of the expenditures
10 under this subsection and shall provide such fiscal data in the time,
11 manner, and form requested by the legislative fiscal committees.

12 (3) No more than \$63,052,000 of the general fund—federal
13 appropriation and no more than \$50,840,000 of the general fund—local
14 appropriation may be expended for transformation through accountable
15 communities of health described in initiative 1 of the medicaid
16 transformation demonstration wavier under healthier Washington,
17 including preventing youth drug use, opioid prevention and treatment,
18 and physical and behavioral health integration. Under this
19 initiative, the authority shall take into account local input
20 regarding community needs. In order to ensure transparency to the
21 appropriate fiscal committees of the legislature, the authority shall
22 provide fiscal staff of the legislature query ability into any
23 database of the fiscal intermediary that authority staff would be
24 authorized to access. The authority shall not increase general fund—
25 state expenditures under this initiative. The director shall also
26 report to the fiscal committees of the legislature all of the
27 expenditures under this subsection and shall provide such fiscal data
28 in the time, manner, and form requested by the legislative fiscal
29 committees.

30 (4) No more than \$26,837,000 of the general fund—federal
31 appropriation and \$26,839,000 of the general fund—local appropriation
32 may be expended for the medicaid quality improvement program for
33 tailored support for older adults and medicaid alternative care
34 described in initiative 2 of the medicaid transformation
35 demonstration waiver under healthier Washington. The authority shall
36 contract and provide funding to the department of social and health
37 services to administer initiative 2. The director in cooperation with
38 the secretary of the department of social and health services shall
39 report to the office of financial management all of the expenditures

1 of this section and shall provide such fiscal data in the time,
2 manner, and form requested. The authority shall not increase general
3 fund—state expenditures on this initiative.

4 (5) No more than \$50,389,000 of the general fund—federal
5 appropriation and no more than \$22,862,000 of the general fund—local
6 appropriation may be expended for the medicaid quality improvement
7 program for supported housing and employment services described in
8 initiative 3a and 3b of the medicaid transformation demonstration
9 waiver under healthier Washington. Under this initiative, the
10 authority and the department of social and health services shall
11 ensure that allowable and necessary services are provided to eligible
12 clients as identified by the department or its third party
13 administrator. The authority shall not increase general fund—state
14 expenditures under this initiative. The director shall report to the
15 joint select committee on health care oversight no less than
16 quarterly on financial and health outcomes. The director shall also
17 report to the fiscal committees of the legislature all of the
18 expenditures of this subsection and shall provide such fiscal data in
19 the time, manner, and form requested by the legislative fiscal
20 committees.

21 (6) Annually, no later than November 1st, the authority shall
22 report to the governor and appropriate committees of the legislature
23 savings attributed to behavioral and physical health integration and
24 the level of savings achieved in areas that have integrated
25 behavioral and physical health.

26 (7) Sufficient amounts are appropriated in this subsection to
27 implement the medicaid expansion as defined in the social security
28 act, section 1902(a)(10)(A)(i)(VIII).

29 (8) The legislature finds that medicaid payment rates, as
30 calculated by the health care authority pursuant to the
31 appropriations in this act, bear a reasonable relationship to the
32 costs incurred by efficiently and economically operated facilities
33 for providing quality services and will be sufficient to enlist
34 enough providers so that care and services are available to the
35 extent that such care and services are available to the general
36 population in the geographic area. The legislature finds that the
37 cost reports, payment data from the federal government, historical
38 utilization, economic data, and clinical input constitute reliable
39 data upon which to determine the payment rates.

1 (9) Based on quarterly expenditure reports and caseload
2 forecasts, if the health care authority estimates that expenditures
3 for the medical assistance program will exceed the appropriations,
4 the health care authority shall take steps including but not limited
5 to reduction of rates or elimination of optional services to reduce
6 expenditures so that total program costs do not exceed the annual
7 appropriation authority.

8 (10) In determining financial eligibility for medicaid-funded
9 services, the health care authority is authorized to disregard
10 recoveries by Holocaust survivors of insurance proceeds or other
11 assets, as defined in RCW 48.104.030.

12 (11) The legislature affirms that it is in the state's interest
13 for Harborview medical center to remain an economically viable
14 component of the state's health care system.

15 (12) When a person is ineligible for medicaid solely by reason of
16 residence in an institution for mental diseases, the health care
17 authority shall provide the person with the same benefits as he or
18 she would receive if eligible for medicaid, using state-only funds to
19 the extent necessary.

20 (13) \$3,997,000 of the general fund—state appropriation for
21 fiscal year 2022, \$4,261,000 of the general fund—state appropriation
22 for fiscal year 2023, and \$8,786,000 of the general fund—federal
23 appropriation are provided solely for low-income disproportionate
24 share hospital payments.

25 (14) Within the amounts appropriated in this section, the health
26 care authority shall provide disproportionate share hospital payments
27 to hospitals that provide services to children in the children's
28 health program who are not eligible for services under Title XIX or
29 XXI of the federal social security act due to their citizenship
30 status.

31 (15) \$7,000,000 of the general fund—federal appropriation is
32 provided solely for supplemental payments to nursing homes operated
33 by public hospital districts. The public hospital district shall be
34 responsible for providing the required nonfederal match for the
35 supplemental payment, and the payments shall not exceed the maximum
36 allowable under federal rules. It is the legislature's intent that
37 the payments shall be supplemental to and shall not in any way offset
38 or reduce the payments calculated and provided in accordance with
39 part E of chapter 74.46 RCW. It is the legislature's further intent

1 that costs otherwise allowable for rate-setting and settlement
2 against payments under chapter 74.46 RCW shall not be disallowed
3 solely because such costs have been paid by revenues retained by the
4 nursing home from these supplemental payments. The supplemental
5 payments are subject to retrospective interim and final cost
6 settlements based on the nursing homes' as-filed and final medicare
7 cost reports. The timing of the interim and final cost settlements
8 shall be at the health care authority's discretion. During either the
9 interim cost settlement or the final cost settlement, the health care
10 authority shall recoup from the public hospital districts the
11 supplemental payments that exceed the medicaid cost limit and/or the
12 medicare upper payment limit. The health care authority shall apply
13 federal rules for identifying the eligible incurred medicaid costs
14 and the medicare upper payment limit.

15 (16) The health care authority shall continue the inpatient
16 hospital certified public expenditures program for the 2021-2023
17 fiscal biennium. The program shall apply to all public hospitals,
18 including those owned or operated by the state, except those
19 classified as critical access hospitals or state psychiatric
20 institutions. The health care authority shall submit reports to the
21 governor and legislature by November 1, 2021, and by November 1,
22 2022, that evaluate whether savings continue to exceed costs for this
23 program. If the certified public expenditures (CPE) program in its
24 current form is no longer cost-effective to maintain, the health care
25 authority shall submit a report to the governor and legislature
26 detailing cost-effective alternative uses of local, state, and
27 federal resources as a replacement for this program. During fiscal
28 year 2022 and fiscal year 2023, hospitals in the program shall be
29 paid and shall retain one hundred percent of the federal portion of
30 the allowable hospital cost for each medicaid inpatient fee-for-
31 service claim payable by medical assistance and one hundred percent
32 of the federal portion of the maximum disproportionate share hospital
33 payment allowable under federal regulations. Inpatient medicaid
34 payments shall be established using an allowable methodology that
35 approximates the cost of claims submitted by the hospitals. Payments
36 made to each hospital in the program in each fiscal year of the
37 biennium shall be compared to a baseline amount. The baseline amount
38 will be determined by the total of (a) the inpatient claim payment
39 amounts that would have been paid during the fiscal year had the
40 hospital not been in the CPE program based on the reimbursement rates

1 developed, implemented, and consistent with policies approved in the
2 2021-2023 biennial operating appropriations act and in effect on July
3 1, 2015, (b) one-half of the indigent assistance disproportionate
4 share hospital payment amounts paid to and retained by each hospital
5 during fiscal year 2005, and (c) all of the other disproportionate
6 share hospital payment amounts paid to and retained by each hospital
7 during fiscal year 2005 to the extent the same disproportionate share
8 hospital programs exist in the 2019-2021 fiscal biennium. If payments
9 during the fiscal year exceed the hospital's baseline amount, no
10 additional payments will be made to the hospital except the federal
11 portion of allowable disproportionate share hospital payments for
12 which the hospital can certify allowable match. If payments during
13 the fiscal year are less than the baseline amount, the hospital will
14 be paid a state grant equal to the difference between payments during
15 the fiscal year and the applicable baseline amount. Payment of the
16 state grant shall be made in the applicable fiscal year and
17 distributed in monthly payments. The grants will be recalculated and
18 redistributed as the baseline is updated during the fiscal year. The
19 grant payments are subject to an interim settlement within eleven
20 months after the end of the fiscal year. A final settlement shall be
21 performed. To the extent that either settlement determines that a
22 hospital has received funds in excess of what it would have received
23 as described in this subsection, the hospital must repay the excess
24 amounts to the state when requested. \$702,000 of the general fund—
25 state appropriation for fiscal year 2022 and \$649,000 of the general
26 fund—state appropriation for fiscal year 2023 are provided solely for
27 state grants for the participating hospitals.

28 (17) The health care authority shall seek public-private
29 partnerships and federal funds that are or may become available to
30 provide on-going support for outreach and education efforts under the
31 federal children's health insurance program reauthorization act of
32 2009.

33 (18) The health care authority shall target funding for maternity
34 support services towards pregnant women with factors that lead to
35 higher rates of poor birth outcomes, including hypertension, a
36 preterm or low birth weight birth in the most recent previous birth,
37 a cognitive deficit or developmental disability, substance abuse,
38 severe mental illness, unhealthy weight or failure to gain weight,
39 tobacco use, or African American or Native American race. The health
40 care authority shall prioritize evidence-based practices for delivery

1 of maternity support services. To the extent practicable, the health
2 care authority shall develop a mechanism to increase federal funding
3 for maternity support services by leveraging local public funding for
4 those services.

5 (19) The authority shall submit reports to the governor and the
6 legislature by September 15, 2021, and no later than September 15,
7 2022, that delineate the number of individuals in medicaid managed
8 care, by carrier, age, gender, and eligibility category, receiving
9 preventative services and vaccinations. The reports should include
10 baseline and benchmark information from the previous two fiscal years
11 and should be inclusive of, but not limited to, services recommended
12 under the United States preventative services task force, advisory
13 committee on immunization practices, early and periodic screening,
14 diagnostic, and treatment (EPSDT) guidelines, and other relevant
15 preventative and vaccination medicaid guidelines and requirements.

16 (20) Managed care contracts must incorporate accountability
17 measures that monitor patient health and improved health outcomes,
18 and shall include an expectation that each patient receive a wellness
19 examination that documents the baseline health status and allows for
20 monitoring of health improvements and outcome measures.

21 (21) Sufficient amounts are appropriated in this section for the
22 authority to provide an adult dental benefit.

23 (22) The health care authority shall coordinate with the
24 department of social and health services to provide referrals to the
25 Washington health benefit exchange for clients that will be
26 ineligible for medicaid.

27 (23) To facilitate a single point of entry across public and
28 medical assistance programs, and to maximize the use of federal
29 funding, the health care authority, the department of social and
30 health services, and the health benefit exchange will coordinate
31 efforts to expand HealthPlanfinder access to public assistance and
32 medical eligibility staff. The health care authority shall complete
33 medicaid applications in the HealthPlanfinder for households
34 receiving or applying for medical assistance benefits.

35 (24) \$90,000 of the general fund—state appropriation for fiscal
36 year 2022, \$90,000 of the general fund—state appropriation for fiscal
37 year 2023, and \$180,000 of the general fund—federal appropriation are
38 provided solely to continue operation by a nonprofit organization of

1 a toll-free hotline that assists families to learn about and enroll
2 in the apple health for kids program.

3 (25) Within the amounts appropriated in this section, the
4 authority shall reimburse for primary care services provided by
5 naturopathic physicians.

6 (26) Within the amounts appropriated in this section, the
7 authority shall continue to provide coverage for pregnant teens that
8 qualify under existing pregnancy medical programs, but whose
9 eligibility for pregnancy related services would otherwise end due to
10 the application of the new modified adjusted gross income eligibility
11 standard.

12 (27) Sufficient amounts are appropriated in this section to
13 remove the mental health visit limit and to provide the shingles
14 vaccine and screening, brief intervention, and referral to treatment
15 benefits that are available in the medicaid alternative benefit plan
16 in the classic medicaid benefit plan.

17 (28) The authority shall use revenue appropriated from the
18 dedicated marijuana fund for contracts with community health centers
19 under RCW 69.50.540 in lieu of general fund—state payments to
20 community health centers for services provided to medical assistance
21 clients, and it is the intent of the legislature that this policy
22 will be continued in subsequent fiscal biennia.

23 (29) Beginning no later than January 1, 2018, for any service
24 eligible under the medicaid state plan for encounter payments,
25 managed care organizations at the request of a rural health clinic
26 shall pay the full published encounter rate directly to the clinic.
27 At no time will a managed care organization be at risk for or have
28 any right to the supplemental portion of the claim. Payments will be
29 reconciled on at least an annual basis between the managed care
30 organization and the authority, with final review and approval by the
31 authority.

32 (30) Sufficient amounts are appropriated in this section for the
33 authority to provide a medicaid equivalent adult dental benefit to
34 clients enrolled in the medical care service program.

35 (31) Within the amounts appropriated in this section, the
36 authority shall reimburse for maternity services provided by doulas.

37 (32) Within the amounts appropriated in this section, the
38 authority shall include allergen control bed and pillow covers as
39 part of the durable medical equipment benefit for children with an
40 asthma diagnosis enrolled in medical assistance programs.

1 (33) The authority must claim the enhanced federal medical
2 assistance participation rate for home and community-based services
3 offered under section 9817 of the American rescue plan act of 2021
4 (ARPA). Appropriations made that constitute supplementation of home
5 and community-based services as defined in section 9817 of ARPA are
6 listed in the LEAP omnibus document HCBS-2021.

7 (34) During the 2021-2023 fiscal biennium, sufficient amounts are

19 the authority to incorporate the expected outcomes and criteria to
20 measure the performance of service coordination organizations as
21 provided in chapter 70.320 RCW into contracts with managed care
22 organizations that provide services to clients. The authority is
23 directed to:

24 (a) Contract with an external quality improvement organization to
25 annually analyze the performance of managed care organizations
26 providing services to clients under this chapter based on seven
27 performance measures. The analysis required under this subsection
28 must:

29 (i) Measure managed care performance in four common measures
30 across each managed care organization, including:

31 (A) At least one common measure must be weighted towards having
32 the potential to impact managed care costs; and

33 (B) At least one common measure must be weighted towards
34 population health management, as defined by the measure; and

35 (ii) Measure managed care performance in an additional three
36 quality focus performance measures specific to a managed care
37 organization. Quality focus performance measures chosen by the
38 authority must:

39 (A) Be chosen from the statewide common measure set;

1 (B) Reflect specific measures where a managed care organization
2 has poor performance; and

3 (C) Be substantive and clinically meaningful in promoting health
4 status.

5 (b) The authority shall set the four common measures to be
6 analyzed across all managed care organizations.

7 (c) The authority shall set three quality focus performance

18 percent of the withhold shall be held contingent on each managed care
19 organization's performance on the seven performance measures
20 identified in this section. Each managed care organization may earn
21 back the annual withhold if the external quality improvement
22 organization finds that the managed care organization:

23 (i) Made statistically significant improvement in the seven
24 performance measures as compared to the preceding plan year; or

25 (ii) Scored in the top national medicaid quartile of the
26 performance measures.

27 (f) The amount of withhold annually paid to each managed care
28 organization shall be proportional to findings of statistically
29 significant improvement or top national medicaid quartile scoring by
30 a managed care organization.

31 (g) For no more than two of the four quality focus performance
32 measures, the authority may use an alternate methodology to
33 approximate top national medicaid quartile performance where top
34 quartile performance data is unavailable.

35 (h) For the purposes of this subsection, "external quality
36 improvement organization" means an organization that meets the
37 competence and independence requirements under 42 C.F.R. Sec.

6 and abuse detection, investigations, and law enforcement referrals
7 that is more reflective of industry standards;

8 (b) Ensure appropriate resources, including the 10 full-time
9 employees allocated to achieve this end, are dedicated to prevention,
10 detection, investigation, and suspected provider fraud at both the
11 authority and at contracted managed care organizations;

17 waste, and abuse issues with managed care organization providers;

18 (f) Implement proactive data mining and routine audits of
19 validated managed care encounter data;

21 fraud, waste, or abuse with managed care organization providers is

4 behavioral health entities which have nonmedicaid reimbursable costs
5 that are higher than the nonmedicaid allocation they receive under
6 this section to supplement these funds with local dollars or funds
7 received under subsection (6) of this section. The authority and

35 (b) \$22,791,000 of the general fund—state appropriation for
36 fiscal year 2022 and \$22,791,000 of the general fund—state

12 disability. Funding for the federal share of these services is
13 separately appropriated to the department of social and health
14 services.

15 (c) The authority shall coordinate with the department of social
16 and health services to develop and submit to the centers for medicare
17 and medicaid services an application to provide a 1915(i) state plan
18 home and community-based services benefit. The application shall be
19 developed to allow for the delivery of wraparound supportive
20 behavioral health services for individuals with mental illnesses who
21 also have a personal care need. The waiver shall be developed to
22 standardize coverage and administration, improve the current benefit
23 design, and clarify roles in administration of the behavioral health
24 personal care services benefit. By December 1, 2021, the authority,

26 must submit a report to the office of financial management and the

2 waiver with an estimated timeline for approval and implementation of
3 the new wraparound services benefit.

4 (7) The authority is authorized to continue to contract directly,
5 rather than through contracts with behavioral health entities for
6 children's long-term inpatient facility services.

7 (8) \$1,204,000 of the general fund—state appropriation for fiscal
8 year 2022 and \$1,204,000 of the general fund—state appropriation for
9 fiscal year 2023 are provided solely to reimburse Pierce and Spokane
10 counties for the cost of conducting one hundred eighty-day commitment
11 hearings at the state psychiatric hospitals.

12 (9) Behavioral health entities may use local funds to earn
13 additional federal medicaid match, provided the locally matched rate
14 does not exceed the upper-bound of their federally allowable rate
15 range, and provided that the enhanced funding is used only to provide
16 medicaid state plan or waiver services to medicaid clients.
17 Additionally, behavioral health entities may use a portion of the
18 state funds allocated in accordance with subsection (6) of this
19 section to earn additional medicaid match, but only to the extent
20 that the application of such funds to medicaid services does not
21 diminish the level of crisis and commitment, community inpatient,
22 residential care, and outpatient services presently available to
23 persons not eligible for medicaid.

24 (10) \$2,291,000 of the general fund—state appropriation for

31 plan for using these funds, the numbers of individuals served, and
32 the types of services provided and submit a report to the office of
33 financial management and the appropriate fiscal committees of the
34 legislature by December 1st of each year of the biennium.

35 (11) Within the amounts appropriated in this section, funding is
36 provided for the authority to develop and phase in intensive mental
37 health services for high needs youth consistent with the settlement
38 agreement in *T.R. v. Dreyfus and Porter*.

1 (12) The authority must establish minimum and maximum funding
2 levels for all reserves allowed under behavioral health
3 administrative service organization contracts and include contract
4 language that clearly states the requirements and limitations. The
5 authority must monitor and ensure that behavioral health
6 administrative service organization reserves do not exceed maximum
7 levels. The authority must monitor revenue and expenditure reports
8 and must require a behavioral health administrative service
9 organization to submit a corrective action plan on how it will spend
10 its excess reserves within a reasonable period of time, when its
11 reported reserves exceed maximum levels established under the
12 contract. The authority must review and approve such plans and
13 monitor to ensure compliance. If the authority determines that a
14 behavioral health administrative service organization has failed to
15 provide an adequate excess reserve corrective action plan or is not
16 complying with an approved plan, the authority must reduce payments
17 to the entity in accordance with remedial actions provisions included
18 in the contract. These reductions in payments must continue until the
19 authority determines that the entity has come into substantial
20 compliance with an approved excess reserve corrective action plan.

21 (13) During the 2021-2023 fiscal biennium, any amounts provided
22 in this section that are used for case management services for
23 pregnant and parenting women must be contracted directly between the
24 authority and pregnant and parenting women case management providers.

25 (14) Within the amounts appropriated in this section, the
26 authority may contract with the University of Washington and
27 community-based providers for the provision of the parent-child

11 (5) The legislature recognizes that the federal government has
12 provided substantial additional funding through the coronavirus
13 response and relief supplemental appropriations act, P.L. 116-260,
14 division M., and the American rescue plan act of 2021. The purpose of
15 the additional federal funding was to ensure access to affordable
16 child care and to stabilize and support child care providers from the
17 effects of the COVID-19 pandemic. The legislature intends with the
18 passage of Engrossed Second Substitute House Bill No. 1213 to
19 implement these federal purposes by expanding eligibility for
20 subsidized child care, reducing parent copayments, increasing
21 provider base rates to recognize increased costs, and to provide
22 other financial support to stabilize the child care sector to remain
23 open or to reopen. The legislature finds that the state lacked the
24 fiscal capacity to make these investments and the additional federal
25 funding has provided the opportunity to supplement state funding to
26 expand and accelerate child care access, affordability, and provider
27 support as the state navigates the COVID-19 pandemic and its
28 aftermath.

(1) "Institutions" means the institutions of higher education receiving appropriations under sections 605 through 611 of this act.

(2) The legislature, the office of financial management, and other state agencies need consistent and accurate personnel data from institutions of higher education for policy planning purposes. Institutions of higher education shall report personnel data to the office of financial management for inclusion in the agency's data warehouse. Uniform reporting procedures shall be established by the office of financial management's office of the state human resources director for use by the reporting institutions, including provisions for common job classifications and common definitions of full-time equivalent staff. Annual contract amounts, number of contract months, and funding sources shall be consistently reported for employees under contract.

(3) In addition to waivers granted under the authority of RCW 28B.15.910, the governing boards and the state board may waive all or a portion of operating fees for any student. State general fund appropriations shall not be provided to replace tuition and fee revenue foregone as a result of waivers granted under this subsection.

(4) (a) For employees under the jurisdiction of chapter 41.56 or 41.80 RCW, salary increases will be in accordance with the applicable collective bargaining agreement. However, an increase shall not be provided to any classified employee whose salary is above the approved salary range maximum for the class to which the employee's position is allocated.

7 (iii) Funding for salary increases provided under (b)(ii) of this
8 subsection and RCW 41.76.035 and 28B.52.035 on or after July 1, 2019,

29 number of a campus, local, state, or national suicide, crisis, or
30 counseling hotline on the back of newly issued student and faculty
31 identification cards.

22 is limited student or employer demand, or that are not areas of core
23 academic strength for the institution, particularly when such
24 programs duplicate offerings by other in-state institutions.

General Fund—State Appropriation (FY 2023)	\$6,303,000
General Fund—Federal Appropriation	\$6,394,000
General Fund—Private/Local Appropriation	\$92,000
Other Appropriated Funds	\$15,707,000
TOTAL APPROPRIATION	\$39,276,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for expenditure into the information technology investment revolving account created in RCW 43.41.433. Amounts in the account are provided solely for the information technology projects shown in LEAP omnibus document IT-2021, dated March 26, 2021, which is hereby incorporated by reference. To facilitate the transfer of moneys from other funds and accounts that are associated with projects contained in LEAP omnibus document IT-2021, dated March 26, 2021, the state treasurer is directed to transfer moneys from other funds and accounts to the information technology investment revolving account in accordance with schedules provided by the office of financial management. Restricted federal funds may be transferred only to the extent permitted by law, and will otherwise remain outside the information technology investment account. The projects affected remain subject to the other provisions of this section.

(2) Agencies must apply to the office of financial management and the office of the chief information officer to receive funding from the information technology investment revolving account. The office of financial management must notify the fiscal committees of the legislature of the receipt of each application and may not approve a funding request for ten business days from the date of notification.

(3) Allocations and allotments of information technology investment revolving account must be made for discrete stages of projects as determined by the technology budget approved by the office of the chief information officer and office of financial management. Fifteen percent of total funding allocated by the office

1 of financial management, or another amount as defined jointly by the
2 office of financial management and the office of the chief
3 information officer, will be retained in the account, but remain
4 allocated to that project. The retained funding will be released to
5 the agency only after successful completion of that stage of the
6 project. For the one Washington project, the amount retained is
7 increased to at least twenty percent of total funding allocated for
8 any stage of that project.

9 (4) (a) Each project must have a technology budget. The technology
10 budget must use a method similar to the state capital budget,
11 identifying project costs, each fund source, and anticipated
12 deliverables through each stage of the entire project investment and
13 across fiscal periods and biennia from project onset through
14 implementation and close out.

15 (b) As part of the development of a technology budget and at each
16 request for funding, the agency shall submit detailed financial
17 information to the office of financial management and the office of
18 the chief information officer. The technology budget must describe
19 the total cost of the project to include and identify:

20 (i) Fund sources;

21 (ii) Full time equivalent staffing level to include job
22 classification assumptions;

23 (iii) Discrete financial budget codes;

24 (iv) Subobject codes of expenditures; and

25 (v) Anticipated deliverables.

26 (c) If a project technology budget changes and a revised
27 technology budget is completed, a comparison of the revised
28 technology budget to the last approved technology budget must be
29 posted to the dashboard, to include a narrative rationale on what
30 changed, why, and how that impacts the project in scope, budget, and
31 schedule.

32 (5) (a) Each project must have an investment plan that includes:

33 (i) An organizational chart of the project management team that
34 identifies team members and their roles and responsibilities;

35 (ii) The office of the chief information officer staff assigned
36 to the project;

37 (iii) An implementation schedule covering activities, critical
38 milestones, and deliverables at each stage of the project for the
39 life of the project at each agency affected by the project;

1 (iv) Performance measures used to determine that the project is
2 on time, within budget, and meeting expectations for quality of work
3 product; and

4 (v) Ongoing maintenance and operations cost of the project post
5 implementation and close out delineated by agency staffing,
6 contracted staffing, and service level agreements.

7 (6) Projects with estimated costs greater than one hundred
8 million dollars from initiation to completion and implementation may
9 be divided into discrete subprojects as determined by the office of
10 the chief information officer, except for the one Washington project
11 which must be divided into the following discrete subprojects: Core
12 financials, expanding financials and procurement, budget, and human
13 resources. Each subproject must have a technology budget and
14 investment plan as provided in this section.

15 (7) (a) The office of the chief information officer shall maintain
16 an information technology project dashboard that provides updated
17 information each fiscal month on projects subject to this section.
18 This includes, at least:

19 (i) Project changes each fiscal month;

20 (ii) Noting if the project has a completed market requirements
21 document;

22 (iii) Financial status of information technology projects under
23 oversight;

24 (iv) Coordination with agencies;

25 (v) Monthly quality assurance reports, if applicable;

26 (vi) Monthly office of the chief information officer status
27 reports;

28 (vii) Historical project budget and expenditures through fiscal
29 year 2021;

30 (viii) Budget and expenditures each fiscal month; and

31 (ix) Estimated annual maintenance and operations costs by fiscal
32 year.

33 (b) The dashboard must retain a roll up of the entire project
34 cost, including all subprojects, that can display subproject detail.

35 (8) If the project affects more than one agency:

36 (a) A separate technology budget and investment plan must be
37 prepared for each agency; and

38 (b) The dashboard must contain a statewide project technology
39 budget roll up that includes each affected agency at the subproject
40 level.

1 (9) For any project that exceeds two million dollars in total
2 funds to complete, requires more than one biennium to complete, or is
3 financed through financial contracts, bonds, or other indebtedness:

4 (a) Quality assurance for the project must report independently
5 to the office of the chief information officer;

6 (b) The office of the chief information officer must review, and,
7 if necessary, revise the proposed project to ensure it is flexible
8 and adaptable to advances in technology;

9 (c) The technology budget must specifically identify the uses of
10 any financing proceeds. No more than thirty percent of the financing
11 proceeds may be used for payroll-related costs for state employees
12 assigned to project management, installation, testing, or training;

13 (d) The agency must consult with the office of the state
14 treasurer during the competitive procurement process to evaluate
15 early in the process whether products and services to be solicited
16 and the responsive bids from a solicitation may be financed; and

17 (e) The agency must consult with the contracting division of the
18 department of enterprise services for a review of all contracts and
19 agreements related to the project's information technology
20 procurements.

21 (10) The office of the chief information officer must evaluate
22 the project at each stage and certify whether the project is planned,
23 managed, and meeting deliverable targets as defined in the project's
24 approved technology budget and investment plan.

25 (11) The office of the chief information officer may suspend or
26 terminate a project at any time if it determines that the project is
27 not meeting or not expected to meet anticipated performance and
28 technology outcomes. Once suspension or termination occurs, the
29 agency shall unallot any unused funding and shall not make any
30 expenditure for the project without the approval of the office of
31 financial management. The office of the chief information officer
32 must report on July 1 and December 1 each calendar year any
33 suspension or termination of a project in the previous six month
34 period to the legislative fiscal committees.

35 (12) The office of the chief information officer, in consultation
36 with the office of financial management, may identify additional
37 projects to be subject to this section, including projects that are
38 not separately identified within an agency budget. The office of the
39 chief information officer must report on July 1 and December 1 each
40 calendar year any additional projects to be subjected to this section

1 that were identified in the previous six month period to the
2 legislative fiscal committees.

3 (13) Any cost to administer or implement this section for
4 projects listed in subsection (1) of this section, must be paid from
5 the information technology investment revolving account. For any
6 other information technology project made subject to the conditions,
7 limitations, and review of this section, the cost to implement this
8 section must be paid from the funds for that project.

26 bargaining representatives that represent employees exempt under
27 chapter 41.06 RCW shall constitute separate coalitions and must

12 the provisions of bargaining agreements shall not be submitted to the
13 legislature by the governor unless such requests:

14 (a) Have been submitted to the director of the office of
15 financial management by October 1 prior to the legislative session at
16 which the requests are to be considered; and

17 (b) Have been certified by the director of the office of
18 financial management as being feasible financially for the state.

19 The legislature shall approve or reject the submission of the
20 request for funds as a whole. The legislature shall not consider a
21 request for funds to implement a collective bargaining agreement
22 unless the request is transmitted to the legislature as part of the
23 governor's budget document submitted under RCW 43.88.030 and
24 43.88.060. If the legislature rejects or fails to act on the
25 submission, either party may reopen all or part of the agreement or
26 the exclusive bargaining representative may seek to implement the
27 procedures provided for in RCW 41.80.090.

28 (4) (a) (i) For the purpose of negotiating agreements for
29 institutions of higher education, the employer shall be the
30 respective governing board of each of the universities, colleges, or
31 community colleges or a designee chosen by the board to negotiate on
32 its behalf.

33 (ii) A governing board of a university or college may elect to
34 have its negotiations conducted by the governor or governor's
35 designee under the procedures provided for general government
36 agencies in subsections (1) through (3) of this section, except that:

37 (A) The governor or the governor's designee and an exclusive
38 bargaining representative shall negotiate one master collective
39 bargaining agreement for all of the bargaining units of employees of
40 a university or college that the representative represents; or

1 (B) If the parties mutually agree, the governor or the governor's
2 designee and an exclusive bargaining representative shall negotiate
3 one master collective bargaining agreement for all of the bargaining
4 units of employees of more than one university or college that the
5 representative represents.

6 (iii) A governing board of a community college may elect to have
7 its negotiations conducted by the governor or governor's designee
8 under the procedures provided for general government agencies in
9 subsections (1) through (3) of this section.

10 (b) Prior to entering into negotiations under this chapter, the
11 institutions of higher education or their designees shall consult
12 with the director of the office of financial management regarding
13 financial and budgetary issues that are likely to arise in the
14 impending negotiations.

15 (c)(i) In the case of bargaining agreements reached between
16 institutions of higher education other than the University of
17 Washington and exclusive bargaining representatives agreed to under
18 the provisions of this chapter, if appropriations are necessary to
19 implement the compensation and fringe benefit provisions of the
20 bargaining agreements, the governor shall submit a request for such
21 funds to the legislature according to the provisions of subsection
22 (3) of this section, except as provided in (c)(iii) of this
23 subsection.

24 (ii) In the case of bargaining agreements reached between the
25 University of Washington and exclusive bargaining representatives
26 agreed to under the provisions of this chapter, if appropriations are
27 necessary to implement the compensation and fringe benefit provisions
28 of a bargaining agreement, the governor shall submit a request for
29 such funds to the legislature according to the provisions of
30 subsection (3) of this section, except as provided in this subsection
31 (4)(c)(ii) and as provided in (c)(iii) of this subsection.

32 (A) If appropriations of less than ten thousand dollars are
33 necessary to implement the provisions of a bargaining agreement, a
34 request for such funds shall not be submitted to the legislature by
35 the governor unless the request has been submitted to the director of
36 the office of financial management by October 1 prior to the
37 legislative session at which the request is to be considered.

38 (B) If appropriations of ten thousand dollars or more are
39 necessary to implement the provisions of a bargaining agreement, a

1 request for such funds shall not be submitted to the legislature by
2 the governor unless the request:

3 (I) Has been submitted to the director of the office of financial
4 management by October 1 prior to the legislative session at which the
5 request is to be considered; and

6 (II) Has been certified by the director of the office of
7 financial management as being feasible financially for the state.

8 (C) If the director of the office of financial management does
9 not certify a request under (c)(ii)(B) of this subsection as being
10 feasible financially for the state, the parties shall enter into
11 collective bargaining solely for the purpose of reaching a mutually
12 agreed upon modification of the agreement necessary to address the
13 absence of those requested funds. The legislature may act upon the
14 compensation and fringe benefit provisions of the modified collective
15 bargaining agreement if those provisions are agreed upon and
16 submitted to the office of financial management and legislative
17 budget committees before final legislative action on the biennial or
18 supplemental operating budget by the sitting legislature.

19 (iii) In the case of a bargaining unit of employees of
20 institutions of higher education in which the exclusive bargaining
21 representative is certified during or after the conclusion of a
22 legislative session, the legislature may act upon the compensation
23 and fringe benefit provisions of the unit's initial collective
24 bargaining agreement if those provisions are agreed upon and
25 submitted to the office of financial management and legislative
26 budget committees before final legislative action on the biennial or
27 supplemental operating budget by the sitting legislature.

28 (5) If, after the compensation and fringe benefit provisions of
29 an agreement are approved by the legislature, a significant revenue
30 shortfall occurs resulting in reduced appropriations, as declared by
31 proclamation of the governor or by resolution of the legislature,
32 both parties shall immediately enter into collective bargaining for a
33 mutually agreed upon modification of the agreement.

34 (6) After the expiration date of a collective bargaining
35 agreement negotiated under this chapter, all of the terms and
36 conditions specified in the collective bargaining agreement remain in
37 effect until the effective date of a subsequently negotiated
38 agreement, not to exceed one year from the expiration date stated in
39 the agreement. Thereafter, the employer may unilaterally implement
40 according to law.

1 (7) (a) For the ((2019-2021)) 2021-2023 fiscal biennium, the
2 legislature may approve funding for a collective bargaining agreement
3 negotiated ((by a higher education institution and the Washington
4 ~~federation of state employees~~) with the Washington public employees'
5 association—general government and Highline Community College and
6 ratified by the employees' exclusive bargaining representative before
7 final legislative action on the omnibus appropriations act by the
8 sitting legislature.

9 (b) Subsection (3) (a) and (b) of this section do not apply to
10 requests for funding made pursuant to this subsection.

25 establish a uniform allocation rate for all funds and accounts;
26 except that the state treasurer may negotiate a different allocation
27 rate with any state agency that has independent authority over funds
28 not statutorily required to be held in the state treasury or in the
29 custody of the state treasurer. In no event shall the rate be less
30 than the actual costs incurred by the state treasurer's office. If no

33 ((During the 2013-2015 and 2015-2017 fiscal biennia, the

11 office of financial management or the director's designee may
12 authorize expenditures from the account. The account is subject to
13 allotment procedures under chapter 43.88 RCW. An appropriation is not

1 Any revenues derived from the taxes authorized by RCW
2 36.38.010(5) and 36.38.040 or other amounts that if used as provided

6 purposes of the youth athletic facility account and shall not be
7 used, directly or indirectly, as a source of payment of principal of

11 increased on an annual basis by the implicit price deflator as
12 published by the federal bureau of labor statistics.

13 (b) In each odd-numbered year, the legislature shall appropriate
14 the amount transferred to the criminal justice treatment account in
15 (a) of this subsection to the department for the purposes of
16 subsection (5) of this section.

17 (5) Moneys appropriated to the authority from the criminal
18 justice treatment account shall be distributed as specified in this
19 subsection. The authority may retain up to three percent of the
20 amount appropriated under subsection (4)(b) of this section for its
21 administrative costs.

22 (a) Seventy percent of amounts appropriated to the authority from
23 the account shall be distributed to counties pursuant to the
24 distribution formula adopted under this section. The authority, in
25 consultation with the department of corrections, the Washington state
26 association of counties, the Washington state association of drug
27 court professionals, the superior court judges' association, the
28 Washington association of prosecuting attorneys, representatives of
29 the criminal defense bar, representatives of substance use disorder
30 treatment providers, and any other person deemed by the authority to
31 be necessary, shall establish a fair and reasonable methodology for
32 distribution to counties of moneys in the criminal justice treatment
33 account. County or regional plans submitted for the expenditure of
34 formula funds must be approved by the panel established in (b) of
35 this subsection.

36 (b) Thirty percent of the amounts appropriated to the authority
37 from the account shall be distributed as grants for purposes of
38 treating offenders against whom charges are filed by a county
39 prosecuting attorney. The authority shall appoint a panel of
40 representatives from the Washington association of prosecuting

1 attorneys, the Washington association of sheriffs and police chiefs,
2 the superior court judges' association, the Washington state
3 association of counties, the Washington defender's association or the
4 Washington association of criminal defense lawyers, the department of
5 corrections, the Washington state association of drug court
6 professionals, and substance use disorder treatment providers. The
7 panel shall review county or regional plans for funding under (a) of
8 this subsection and grants approved under this subsection. The panel
9 shall attempt to ensure that treatment as funded by the grants is
10 available to offenders statewide.

11 (6) The county alcohol and drug coordinator, county prosecutor,
12 county sheriff, county superior court, a substance abuse treatment
13 provider appointed by the county legislative authority, a member of
14 the criminal defense bar appointed by the county legislative
15 authority, and, in counties with a drug court, a representative of
16 the drug court shall jointly submit a plan, approved by the county
17 legislative authority or authorities, to the panel established in
18 subsection (5)(b) of this section, for disposition of all the funds
19 provided from the criminal justice treatment account within that
20 county. The submitted plan should incorporate current evidence-based
21 practices in substance use disorder treatment. The funds shall be
22 used solely to provide approved alcohol and substance use disorder
23 treatment pursuant to RCW 71.24.560 and treatment support services.
24 No more than ten percent of the total moneys received under
25 subsections (4) and (5) of this section by a county or group of
26 counties participating in a regional agreement shall be spent for
27 treatment support services.

28 (7) Counties are encouraged to consider regional agreements and
29 submit regional plans for the efficient delivery of treatment under
30 this section.

31 (8) Moneys allocated under this section shall be used to
32 supplement, not supplant, other federal, state, and local funds used
33 for substance abuse treatment.

34 (9) If a region or county uses criminal justice treatment account
35 funds to support a therapeutic court, the therapeutic court must
36 allow the use of all medications approved by the federal food and
37 drug administration for the treatment of opioid use disorder as
38 deemed medically appropriate for a participant by a medical
39 professional. If appropriate medication-assisted treatment resources
40 are not available or accessible within the jurisdiction, the health

1 care authority's designee for assistance must assist the court with
2 acquiring the resource.

3 (10) Counties must meet the criteria established in RCW
4 2.30.030(3).

5 (11) The authority shall annually review and monitor the
6 expenditures made by any county or group of counties that receives
7 appropriated funds distributed under this section. Counties shall
8 repay any funds that are not spent in accordance with the
9 requirements of its contract with the authority.

10 **Sec. 971.** RCW 74.13.715 and 2020 c 33 s 2 are each amended to
11 read as follows:

12 (1) Beginning September 1, 2020, the department shall contract
13 with an external organization or organizations with experience
14 serving youth or families receiving out-of-home care services to
15 implement and operate the family connections program, which
16 facilitates interaction between a parent of a child found to be
17 dependent pursuant to chapter 13.34 RCW and in out-of-home care and
18 the individual with whom the child is placed.

19 (2) The external organization or organizations contracted to
20 implement and operate the family connections program shall implement
21 and operate the family connections program in one location west of
22 the crest of the Cascade mountains, and one location east of the
23 crest of the Cascade mountains.

24 (3) Families may be referred to the family connections program by
25 a caseworker, an attorney, a guardian ad litem as defined in RCW
26 13.34.030, a parent ally, an office of public defense social worker,
27 or the court.

28 (4) After receiving a referral, the family connections program
29 shall determine whether an in-person meeting between a parent of a
30 child found to be dependent pursuant to chapter 13.34 RCW and in out-
31 of-home care and the individual with whom the child is placed is
32 appropriate. If the family connections program determines that such a
33 meeting is appropriate, the family connections program shall then
34 determine whether:

35 (a) The parent of a child found to be dependent pursuant to
36 chapter 13.34 RCW and in out-of-home care and the individual with
37 whom the child is placed are willing to participate in an in-person
38 meeting; and

1 (b) Safety concerns exist such that an in-person meeting should
2 not occur.

3 (5) If the family connections program determines that an in-
4 person meeting should occur following the analysis required by
5 subsection (4) of this section, the family connections program shall
6 provide a referral to the family connections program team. The family
7 connections program team shall include a parent ally and an
8 experienced caregiver. After receiving a referral, the family
9 connections program team shall:

10 (a) Ensure that the parent ally contact the parent to prepare for
11 an in-person meeting between the parent and caregiver;

12 (b) Ensure that the experienced caregiver contact the caregiver
13 to prepare for an in-person meeting between the parent and caregiver;

14 (c) Convene an in-person meeting between the parent and
15 caregiver; and

16 (d) Provide ongoing support to the parent and caregiver following
17 the in-person meeting.

18 (6) If the family connections program determines that an in-
19 person meeting should not occur following the analysis required under
20 subsection (4) of this section, the family connections program team
21 shall facilitate the exchange of information between the parent and
22 caregiver in an appropriate manner that does not include an in-person
23 meeting. The format of this exchange of information may include
24 written messages, phone calls, or videoconferencing. The family
25 connections program shall routinely reevaluate whether an in-person
26 meeting should occur using the analysis required under subsection (4)
27 of this section.

28 (7) The department shall collect data and measure outcomes for
29 families engaging in the family connections program. By September 1,
30 2021, and in compliance with RCW 43.01.036, the department shall
31 submit a report to the relevant committees of the legislature that
32 details:

33 (a) Data collected for the family connections program;

34 (b) Outcomes for families engaging in the family connections
35 program; and

36 (c) The department's plan on how to expand the family connections
37 program statewide.

38 (8) The definitions in this subsection apply throughout this
39 section:

40 (a) "Experienced caregiver" means:

1 (i) An individual who is or has received a foster-family home
2 license pursuant to chapter 74.15 RCW or an equivalent license from
3 another state; or

4 (ii) An individual who cared for a child who was removed from his
5 or her parent pursuant to chapter 13.34 RCW and who has a kin
6 relationship to that child pursuant to RCW 74.13.600.

7 (b) "Parent ally" has the same meaning as provided in RCW
8 2.70.060.

9 (9) This section expires June 30, ((2022)) 2023.

10 **Sec. 972.** RCW 74.46.485 and 2017 c 286 s 1 are each amended to
11 read as follows:

12 (1) The legislature recognizes that staff and resources needed to
13 adequately care for individuals with cognitive or behavioral
14 impairments is not limited to support for activities of daily living.
15 Therefore, the department shall:

16 (a) Employ the resource utilization group IV case mix
17 classification methodology. The department shall use the fifty-seven
18 group index maximizing model for the resource utilization group IV
19 grouper version MDS 3.05, but in the 2021-2023 biennium the
20 department may revise or update the ((classification)) methodology
21 used to establish case mix classifications to reflect advances or
22 refinements in resident assessment or classification, ((subject to
23 federal requirements)) as made available by the federal government.
24 The department may adjust by no more than thirteen percent the case
25 mix index for resource utilization group categories beginning with
26 PA1 through PB2 to any case mix index that aids in achieving the
27 purpose and intent of RCW 74.39A.007 and cost-efficient care,
28 excluding behaviors, and allowing for exceptions for limited
29 placement options; and

30 (b) Implement minimum data set 3.0 under the authority of this
31 section. The department must notify nursing home contractors twenty-
32 eight days in advance the date of implementation of the minimum data
33 set 3.0. In the notification, the department must identify for all
34 semiannual rate settings following the date of minimum data set 3.0
35 implementation a previously established semiannual case mix
36 adjustment established for the semiannual rate settings that will be
37 used for semiannual case mix calculations in direct care until
38 minimum data set 3.0 is fully implemented.

1 (2) The department is authorized to adjust upward the weights for
2 resource utilization groups BA1-BB2 related to cognitive or
3 behavioral health to ensure adequate access to appropriate levels of
4 care.

5 (3) A default case mix group shall be established for cases in
6 which the resident dies or is discharged for any purpose prior to
7 completion of the resident's initial assessment. The default case mix
8 group and case mix weight for these cases shall be designated by the
9 department.

10 (4) A default case mix group may also be established for cases in
11 which there is an untimely assessment for the resident. The default
12 case mix group and case mix weight for these cases shall be
13 designated by the department.

14 **Sec. 973.** RCW 74.46.501 and 2016 c 131 s 5 are each amended to
15 read as follows:

16 (1) From individual case mix weights for the applicable quarter,
17 the department shall determine two average case mix indexes for each
18 medicaid nursing facility, one for all residents in the facility,
19 known as the facility average case mix index, and one for medicaid
20 residents, known as the medicaid average case mix index.

21 (2)(a) In calculating a facility's two average case mix indexes
22 for each quarter, the department shall include all residents or
23 medicaid residents, as applicable, who were physically in the
24 facility during the quarter in question based on the resident
25 assessment instrument completed by the facility and the requirements
26 and limitations for the instrument's completion and transmission
27 (January 1st through March 31st, April 1st through June 30th, July
28 1st through September 30th, or October 1st through December 31st).

29 (b) The facility average case mix index shall exclude all default
30 cases as defined in this chapter. However, the medicaid average case
31 mix index shall include all default cases.

32 (3) Both the facility average and the medicaid average case mix
33 indexes shall be determined by multiplying the case mix weight of
34 each resident, or each medicaid resident, as applicable, by the
35 number of days, as defined in this section and as applicable, the
36 resident was at each particular case mix classification or group, and
37 then averaging.

38 (4) In determining the number of days a resident is classified
39 into a particular case mix group, the department shall determine a

1 start date for calculating case mix grouping periods as specified by
2 rule.

3 (5) The cutoff date for the department to use resident assessment
4 data, for the purposes of calculating both the facility average and
5 the medicaid average case mix indexes, and for establishing and
6 updating a facility's direct care component rate, shall be one month
7 and one day after the end of the quarter for which the resident
8 assessment data applies.

9 (6) (a) Although the facility average and the medicaid average
10 case mix indexes shall both be calculated quarterly, the cost-
11 rebasing period facility average case mix index will be used
12 throughout the applicable cost-rebasing period in combination with
13 cost report data as specified by RCW 74.46.561, to establish a
14 facility's allowable cost per case mix unit. To allow for the
15 transition to minimum data set 3.0 and implementation of resource
16 utilization group IV for July 1, 2015, through June 30, 2016, the
17 department shall calculate rates using the medicaid average case mix
18 scores effective for January 1, 2015, rates adjusted under RCW
19 74.46.485(1) (a), and the scores shall be increased each six months
20 during the transition period by one-half of one percent. The July 1,
21 2016, direct care cost per case mix unit shall be calculated by
22 utilizing 2014 direct care costs, patient days, and 2014 facility
23 average case mix indexes based on the minimum data set 3.0 resource
24 utilization group IV grouper 57. Otherwise, a facility's medicaid
25 average case mix index shall be used to update a nursing facility's
26 direct care component rate semiannually.

27 (b) ((The)) Except during the 2021-2023 fiscal biennium, the
28 facility average case mix index used to establish each nursing
29 facility's direct care component rate shall be based on an average of
30 calendar quarters of the facility's average case mix indexes from the
31 four calendar quarters occurring during the cost report period used
32 to rebase the direct care component rate allocations as specified in
33 RCW 74.46.561.

34 (c) ((The)) Except during the 2021-2023 fiscal biennium, the
35 medicaid average case mix index used to update or recalibrate a
36 nursing facility's direct care component rate semiannually shall be
37 from the calendar six-month period commencing nine months prior to
38 the effective date of the semiannual rate. For example, July 1, 2010,
39 through December 31, 2010, direct care component rates shall utilize

1 case mix averages from the October 1, 2009, through March 31, 2010,
2 calendar quarters, and so forth.

3 (d) The department shall establish a methodology to use the case
4 mix to set the direct care component in the 2021-2023 fiscal
5 biennium.

6 **Sec. 974.** RCW 74.46.561 and 2020 c 357 s 918 are each amended to
7 read as follows:

8 (1) The legislature adopts a new system for establishing nursing
9 home payment rates beginning July 1, 2016. Any payments to nursing
10 homes for services provided after June 30, 2016, must be based on the
11 new system. The new system must be designed in such a manner as to
12 decrease administrative complexity associated with the payment
13 methodology, reward nursing homes providing care for high acuity
14 residents, incentivize quality care for residents of nursing homes,
15 and establish minimum staffing standards for direct care.

16 (2) The new system must be based primarily on industry-wide
17 costs, and have three main components: Direct care, indirect care,
18 and capital.

19 (3) The direct care component must include the direct care and
20 therapy care components of the previous system, along with food,
21 laundry, and dietary services. Direct care must be paid at a fixed
22 rate, based on one hundred percent or greater of statewide case mix
23 neutral median costs, but for fiscal year 2023 shall be ~~((set))~~
24 capped so that a nursing home provider's direct care rate does not
25 exceed one hundred ~~((eighteen))~~ thirty percent of its base year's
26 direct care allowable costs except if the provider is below the
27 minimum staffing standard established in RCW 74.42.360(2). The
28 legislature intends to remove the cap on direct care rates by June
29 30, 2027. Direct care must be performance-adjusted for acuity every
30 six months, using case mix principles. Direct care must be regionally
31 adjusted using countywide wage index information available through
32 the United States department of labor's bureau of labor statistics.
33 There is no minimum occupancy for direct care. The direct care
34 component rate allocations calculated in accordance with this section
35 must be adjusted to the extent necessary to comply with RCW
36 74.46.421.

37 (4) The indirect care component must include the elements of
38 administrative expenses, maintenance costs, and housekeeping services
39 from the previous system. A minimum occupancy assumption of ninety

1 percent must be applied to indirect care. Indirect care must be paid
2 at a fixed rate, based on ninety percent or greater of statewide
3 median costs. The indirect care component rate allocations calculated
4 in accordance with this section must be adjusted to the extent
5 necessary to comply with RCW 74.46.421.

6 (5) The capital component must use a fair market rental system to
7 set a price per bed. The capital component must be adjusted for the
8 age of the facility, and must use a minimum occupancy assumption of
9 ninety percent.

10 (a) Beginning July 1, 2016, the fair rental rate allocation for
11 each facility must be determined by multiplying the allowable nursing
12 home square footage in (c) of this subsection by the RSMeans rental
13 rate in (d) of this subsection and by the number of licensed beds
14 yielding the gross unadjusted building value. An equipment allowance
15 of ten percent must be added to the unadjusted building value. The
16 sum of the unadjusted building value and equipment allowance must
17 then be reduced by the average age of the facility as determined by
18 (e) of this subsection using a depreciation rate of one and one-half
19 percent. The depreciated building and equipment plus land valued at
20 ten percent of the gross unadjusted building value before
21 depreciation must then be multiplied by the rental rate at seven and
22 one-half percent to yield an allowable fair rental value for the
23 land, building, and equipment.

24 (b) The fair rental value determined in (a) of this subsection
25 must be divided by the greater of the actual total facility census
26 from the prior full calendar year or imputed census based on the
27 number of licensed beds at ninety percent occupancy.

28 (c) For the rate year beginning July 1, 2016, all facilities must
29 be reimbursed using four hundred square feet. For the rate year
30 beginning July 1, 2017, allowable nursing facility square footage
31 must be determined using the total nursing facility square footage as
32 reported on the medicaid cost reports submitted to the department in
33 compliance with this chapter. The maximum allowable square feet per
34 bed may not exceed four hundred fifty.

35 (d) Each facility must be paid at eighty-three percent or greater
36 of the median nursing facility RSMeans construction index value per
37 square foot. The department may use updated RSMeans construction
38 index information when more recent square footage data becomes
39 available. The statewide value per square foot must be indexed based
40 on facility zip code by multiplying the statewide value per square

1 foot times the appropriate zip code based index. For the purpose of
2 implementing this section, the value per square foot effective July
3 1, 2016, must be set so that the weighted average fair rental value
4 rate is not less than ten dollars and eighty cents per patient day.
5 The capital component rate allocations calculated in accordance with
6 this section must be adjusted to the extent necessary to comply with
7 RCW 74.46.421.

8 (e) The average age is the actual facility age reduced for
9 significant renovations. Significant renovations are defined as those
10 renovations that exceed two thousand dollars per bed in a calendar
11 year as reported on the annual cost report submitted in accordance
12 with this chapter. For the rate beginning July 1, 2016, the
13 department shall use renovation data back to 1994 as submitted on
14 facility cost reports. Beginning July 1, 2016, facility ages must be
15 reduced in future years if the value of the renovation completed in
16 any year exceeds two thousand dollars times the number of licensed
17 beds. The cost of the renovation must be divided by the accumulated
18 depreciation per bed in the year of the renovation to determine the
19 equivalent number of new replacement beds. The new age for the
20 facility is a weighted average with the replacement bed equivalents
21 reflecting an age of zero and the existing licensed beds, minus the
22 new bed equivalents, reflecting their age in the year of the
23 renovation. At no time may the depreciated age be less than zero or
24 greater than forty-four years.

25 (f) A nursing facility's capital component rate allocation must
26 be rebased annually, effective July 1, 2016, in accordance with this
27 section and this chapter.

28 (g) For the purposes of this subsection (5), "RSMeans" means
29 building construction costs data as published by Gordian.

30 (6) A quality incentive must be offered as a rate enhancement
31 beginning July 1, 2016.

32 (a) An enhancement no larger than five percent and no less than
33 one percent of the statewide average daily rate must be paid to
34 facilities that meet or exceed the standard established for the
35 quality incentive. All providers must have the opportunity to earn
36 the full quality incentive payment.

37 (b) The quality incentive component must be determined by
38 calculating an overall facility quality score composed of four to six
39 quality measures. For fiscal year 2017 there shall be four quality
40 measures, and for fiscal year 2018 there shall be six quality

1 measures. Initially, the quality incentive component must be based on
2 minimum data set quality measures for the percentage of long-stay
3 residents who self-report moderate to severe pain, the percentage of
4 high-risk long-stay residents with pressure ulcers, the percentage of
5 long-stay residents experiencing one or more falls with major injury,
6 and the percentage of long-stay residents with a urinary tract
7 infection. Quality measures must be reviewed on an annual basis by a
8 stakeholder work group established by the department. Upon review,
9 quality measures may be added or changed. The department may risk
10 adjust individual quality measures as it deems appropriate.

11 (c) The facility quality score must be point based, using at a
12 minimum the facility's most recent available three-quarter average
13 centers for medicare and medicaid services quality data. Point
14 thresholds for each quality measure must be established using the
15 corresponding statistical values for the quality measure point
16 determinants of eighty quality measure points, sixty quality measure
17 points, forty quality measure points, and twenty quality measure
18 points, identified in the most recent available five-star quality
19 rating system technical user's guide published by the center[s] for
20 medicare and medicaid services.

21 (d) Facilities meeting or exceeding the highest performance
22 threshold (top level) for a quality measure receive twenty-five
23 points. Facilities meeting the second highest performance threshold
24 receive twenty points. Facilities meeting the third level of
25 performance threshold receive fifteen points. Facilities in the
26 bottom performance threshold level receive no points. Points from all
27 quality measures must then be summed into a single aggregate quality
28 score for each facility.

29 (e) Facilities receiving an aggregate quality score of eighty
30 percent of the overall available total score or higher must be placed
31 in the highest tier (tier V), facilities receiving an aggregate score
32 of between seventy and seventy-nine percent of the overall available
33 total score must be placed in the second highest tier (tier IV),
34 facilities receiving an aggregate score of between sixty and sixty-
35 nine percent of the overall available total score must be placed in
36 the third highest tier (tier III), facilities receiving an aggregate
37 score of between fifty and fifty-nine percent of the overall
38 available total score must be placed in the fourth highest tier (tier
39 II), and facilities receiving less than fifty percent of the overall
40 available total score must be placed in the lowest tier (tier I).

1 (f) The tier system must be used to determine the amount of each
2 facility's per patient day quality incentive component. The per
3 patient day quality incentive component for tier IV is seventy-five
4 percent of the per patient day quality incentive component for tier
5 V, the per patient day quality incentive component for tier III is
6 fifty percent of the per patient day quality incentive component for
7 tier V, and the per patient day quality incentive component for tier
8 II is twenty-five percent of the per patient day quality incentive
9 component for tier V. Facilities in tier I receive no quality
10 incentive component.

11 (g) Tier system payments must be set in a manner that ensures
12 that the entire biennial appropriation for the quality incentive
13 program is allocated.

14 (h) Facilities with insufficient three-quarter average centers
15 for medicare and medicaid services quality data must be assigned to
16 the tier corresponding to their five-star quality rating. Facilities
17 with a five-star quality rating must be assigned to the highest tier
18 (tier V) and facilities with a one-star quality rating must be
19 assigned to the lowest tier (tier I). The use of a facility's five-
20 star quality rating shall only occur in the case of insufficient
21 centers for medicare and medicaid services minimum data set
22 information.

23 (i) The quality incentive rates must be adjusted semiannually on
24 July 1 and January 1 of each year using, at a minimum, the most
25 recent available three-quarter average centers for medicare and
26 medicaid services quality data.

27 (j) Beginning July 1, 2017, the percentage of short-stay
28 residents who newly received an antipsychotic medication must be
29 added as a quality measure. The department must determine the quality
30 incentive thresholds for this quality measure in a manner consistent
31 with those outlined in (b) through (h) of this subsection using the
32 centers for medicare and medicaid services quality data.

33 (k) Beginning July 1, 2017, the percentage of direct care staff
34 turnover must be added as a quality measure using the centers for
35 medicare and medicaid services' payroll-based journal and nursing
36 home facility payroll data. Turnover is defined as an employee
37 departure. The department must determine the quality incentive
38 thresholds for this quality measure using data from the centers for
39 medicare and medicaid services' payroll-based journal, unless such
40 data is not available, in which case the department shall use direct

1 care staffing turnover data from the most recent medicaid cost
2 report.

3 (7) Reimbursement of the safety net assessment imposed by chapter
4 74.48 RCW and paid in relation to medicaid residents must be
5 continued.

6 (8)(a) The direct care and indirect care components must be
7 rebased in even-numbered years, beginning with rates paid on July 1,
8 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar
9 year cost report. On a percentage basis, after rebasing, the
10 department must confirm that the statewide average daily rate has
11 increased at least as much as the average rate of inflation, as
12 determined by the skilled nursing facility market basket index
13 published by the centers for medicare and medicaid services, or a
14 comparable index. If after rebasing, the percentage increase to the
15 statewide average daily rate is less than the average rate of
16 inflation for the same time period, the department is authorized to
17 increase rates by the difference between the percentage increase
18 after rebasing and the average rate of inflation.

19 (b) It is the intention of the legislature that direct and
20 indirect care rates paid in fiscal year 2022 will be rebased using
21 the calendar year 2019 cost reports. For fiscal year 2021, in
22 addition to the rates generated by (a) of this subsection, an
23 additional adjustment is provided as established in this subsection
24 (8)(b). Beginning May 1, 2020, and through June 30, 2021, the
25 calendar year costs must be adjusted for inflation by a twenty-four
26 month consumer price index, based on the most recently available
27 monthly index for all urban consumers, as published by the bureau of
28 labor statistics. It is also the intent of the legislature that,
29 starting in fiscal year 2022, a facility-specific rate add-on equal
30 to the inflation adjustment that facilities received solely in fiscal
31 year 2021, must be added to the rate.

32 (c) To determine the necessity of regular inflationary
33 adjustments to the nursing facility rates, by December 1, 2020, the
34 department shall provide the appropriate policy and fiscal committees
35 of the legislature with a report that provides a review of rates paid
36 in 2017, 2018, and 2019 in comparison to costs incurred by nursing
37 facilities.

38 (9) The direct care component provided in subsection (3) of this
39 section is subject to the reconciliation and settlement process
40 provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to

1 rules established by the department, funds that are received through
2 the reconciliation and settlement process provided in RCW
3 74.46.022(6) must be used for technical assistance, specialized
4 training, or an increase to the quality enhancement established in
5 subsection (6) of this section. The legislature intends to review the
6 utility of maintaining the reconciliation and settlement process
7 under a price-based payment methodology, and may discontinue the
8 reconciliation and settlement process after the 2017-2019 fiscal
9 biennium.

10 (10) Compared to the rate in effect June 30, 2016, including all
11 cost components and rate add-ons, no facility may receive a rate
12 reduction of more than one percent on July 1, 2016, more than two
13 percent on July 1, 2017, or more than five percent on July 1, 2018.
14 To ensure that the appropriation for nursing homes remains cost
15 neutral, the department is authorized to cap the rate increase for
16 facilities in fiscal years 2017, 2018, and 2019.

17 **Sec. 975.** RCW 79.64.040 and 2019 c 415 s 984 are each amended to
18 read as follows:

19 (1) The board shall determine the amount deemed necessary in
20 order to achieve the purposes of this chapter and shall provide by
21 rule for the deduction of this amount from the moneys received from
22 all leases, sales, contracts, licenses, permits, easements, and
23 rights-of-way issued by the department and affecting state lands and
24 aquatic lands, except as provided in RCW 79.64.130, provided that no
25 deduction shall be made from the proceeds from agricultural college
26 lands.

27 (2) Moneys received as deposits from successful bidders, advance
28 payments, and security under RCW 79.15.100, 79.15.080, and 79.11.150
29 prior to December 1, 1981, which have not been subjected to deduction
30 under this section are not subject to deduction under this section.

31 (3) Except as otherwise provided in subsection (5) of this
32 section, the deductions authorized under this section shall not
33 exceed twenty-five percent of the moneys received by the department
34 in connection with any one transaction pertaining to state lands and
35 aquatic lands other than second-class tide and shore lands and the
36 beds of navigable waters, and fifty percent of the moneys received by
37 the department pertaining to second-class tide and shore lands and
38 the beds of navigable waters.

1 (4) In the event that the department sells logs using the
2 contract harvesting process described in RCW 79.15.500 through
3 79.15.530, the moneys received subject to this section are the net
4 proceeds from the contract harvesting sale.

5 (5) During the 2015-2017, 2017-2019, (~~and~~) 2019-2021, and
6 2021-2023 fiscal biennia, the board may increase the twenty-five
7 percent limitation up to thirty-two percent.

8 **Sec. 976.** RCW 79.64.110 and 2019 c 415 s 985 and 2019 c 309 s 1
9 are each reenacted and amended to read as follows:

10 (1) Any moneys derived from the lease of state forestlands or
11 from the sale of valuable materials, oils, gases, coal, minerals, or
12 fossils from those lands, except as provided in RCW 79.64.130, or the
13 appraised value of these resources when transferred to a public
14 agency under RCW 79.22.060, except as provided in RCW 79.22.060(4),
15 must be distributed as follows:

16 (a) For state forestlands acquired through RCW 79.22.040 or by
17 exchange for lands acquired through RCW 79.22.040:

18 (i) The expense incurred by the state for administration,
19 reforestation, and protection, not to exceed twenty-five percent,
20 which rate of percentage shall be determined by the board, must be

28 proportionate to its contribution of asset value to the land pool as
29 determined by the board. Payments made under this subsection are to
30 be paid, distributed, and prorated, except as otherwise provided in
31 this section, to the various funds in the same manner as general
32 taxes are paid and distributed during the year of payment. However,
33 in order to test county flexibility in distributing state forestland
34 revenue, a county may in its discretion pay, distribute, and prorate
35 payments made under this subsection of moneys derived from state
36 forestlands acquired by exchange between July 28, 2019, and June 30,
37 2020, for lands acquired through RCW 79.22.040, within the same
38 county, in the same manner as general taxes are paid and distributed

1 during the year of payment for the former state forestlands that were
2 subject to the exchange.

3 (iii) Any balance remaining, paid to a county with a population
4 of less than sixteen thousand, must first be applied to the reduction
5 of any indebtedness existing in the current expense fund of the
6 county during the year of payment.

7 (iv) With regard to moneys remaining under this subsection
8 (1)(a), within seven working days of receipt of these moneys, the
9 department shall certify to the state treasurer the amounts to be
10 distributed to the counties. The state treasurer shall distribute
11 funds to the counties four times per month, with no more than ten
12 days between each payment date.

13 (b) For state forestlands acquired through RCW 79.22.010 or by

17 account.

18 (ii) Fifty percent shall be prorated and distributed to the state
19 general fund, to be dedicated for the benefit of the public schools,
20 to the county in which the land is located or, for counties
21 participating in a land pool created under RCW 79.22.140, to each
22 participating county proportionate to its contribution of asset value
23 to the land pool as determined by the board, and according to the
24 relative proportions of tax levies of all taxing districts in the
25 county. The portion to be distributed to the state general fund shall
26 be based on the regular school levy rate under RCW 84.52.065 (1) and
27 (2) and the levy rate for any maintenance and operation special
28 school levies. With regard to the portion to be distributed to the
29 counties, the department shall certify to the state treasurer the
30 amounts to be distributed within seven working days of receipt of the
31 money. The state treasurer shall distribute funds to the counties
32 four times per month, with no more than ten days between each payment
33 date. The money distributed to the county must be paid, distributed,
34 and prorated to the various other funds in the same manner as general
35 taxes are paid and distributed during the year of payment.

36 (2) A school district may transfer amounts deposited in its debt
37 service fund pursuant to this section into its capital projects fund
38 as authorized in RCW 28A.320.330.

1 **Sec. 977.** RCW 79.105.150 and 2019 c 415 s 986 are each amended
2 to read as follows:

3 (1) After deduction for management costs as provided in RCW
4 79.64.040 and payments to towns under RCW 79.115.150(2), all moneys

6 lands and from the sale of valuable material from state-owned aquatic
7 lands shall be deposited in the aquatic lands enhancement account
8 which is hereby created in the state treasury. After appropriation,
9 these funds shall be used solely for aquatic lands enhancement
10 projects; for the purchase, improvement, or protection of aquatic
11 lands for public purposes; for providing and improving access to the
12 lands; and for volunteer cooperative fish and game projects. During
13 the 2017-2019 (~~and~~), 2019-2021, and 2021-2023 fiscal biennia, the
14 aquatic lands enhancement account may be used to support the
15 shellfish program, the ballast water program, hatcheries, the Puget
16 Sound toxic sampling program and steelhead mortality research at the
17 department of fish and wildlife, the knotweed program at the
18 department of agriculture, actions at the University of Washington
19 for reducing ocean acidification, which may include the creation of a
20 center on ocean acidification, the Puget SoundCorps program, and

35 applicant is a Puget Sound partner, as defined in RCW 90.71.010,
36 whether a project is referenced in the action agenda developed by the
37 Puget Sound partnership under RCW 90.71.310, and except as otherwise
38 provided in RCW 79.105.630, and effective one calendar year following
39 the development and statewide availability of model evergreen
40 community management plans and ordinances under RCW 35.105.050,

1 whether the applicant is an entity that has been recognized, and what

19 fund. Moneys in the account shall be subject to legislative
20 appropriation and shall be used for purchase and development of land,
21 construction or improvement of range facilities, including fixed
22 structure construction or remodeling, equipment purchase, safety or
23 environmental improvements, noise abatement, and liability protection
24 for public and nonprofit firearm range training and practice
25 facilities.

26 Grant funds shall not be used for expendable shooting supplies,
27 or normal operating expenses. In making grants, the board shall give
28 priority to projects for noise abatement or safety improvement. Grant
29 funds shall not supplant funds for other organization programs.

30 The funds will be available to nonprofit shooting organizations,
31 school districts, and state, county, or local governments on a match
32 basis. All entities receiving matching funds must be open on a

36 Applicants for a grant from the firearms range account shall
37 provide matching funds in either cash or in-kind contributions. The
38 match must represent one dollar in value for each one dollar of the
39 grant except that in the case of a grant for noise abatement or

1 safety improvements the match must represent one dollar in value for
2 each two dollars of the grant. In-kind contributions include but are
3 not limited to labor, materials, and new property. Existing assets
4 and existing development may not apply to the match.

5 Applicants other than school districts or local or state

13 will be submitted with the grant application.

16 firearms range account if the use of the range facility is
17 discontinued less than ten years after the grant is accepted.

18 Entities receiving grants must make the facilities for which
19 grant funding is received open for hunter safety education classes
20 and firearm safety classes on a regular basis for no fee.

21 Government units or school districts applying for grants must
22 open their range facility on a regular basis for hunter safety
23 education classes and firearm safety classes.

24 The board shall adopt rules to implement chapter 195, Laws of

26 2019-2021 fiscal biennia, expenditures from the firearms range
27 account may be used to implement chapter 74, Laws of 2017 (SHB 1100)
28 (concealed pistol licenses) and chapter 282, Laws of 2017 (SB 5268)
29 (concealed pistol license notices). During the 2021-2023 fiscal
30 biennium, expenditures from the firearms range account may be used to
31 implement chapter 74, Laws of 2017 (SHB 1100) (concealed pistol

33 **Sec. 979.** RCW 90.50A.090 and 2019 c 415 s 992 are each amended
34 to read as follows:

35 (1) The water pollution control revolving administration account
36 is created in the state treasury. All receipts from charges
37 authorized in this section must be deposited in the account. Moneys
38 in the account may be spent only after appropriation. Expenditures

1 from the account may be used only in a manner consistent with this
2 section.

3 (2) The department is authorized to assess administration charges
4 as a portion of the debt service for loans issued under the water
5 pollution control revolving fund created in RCW 90.50A.020. The sole
6 purpose of assessing administration charges is to predictably and
7 adequately fund the department's costs of administering the water
8 pollution control revolving fund loan program, as identified in
9 subsection (5) of this section. The department must assess
10 administration charges on each water pollution control revolving fund
11 loan at the point the loan enters repayment status, after July 28,
12 2013, and rule changes are adopted to implement the administration
13 charge. Loans that are at an interest rate below the established
14 administration charge rate are exempt from the administration charge.

15 (3) The water pollution control revolving administration account
16 consists of:

17 (a) Any administration charge levied by the department in
18 conjunction with administration of the water pollution control
19 revolving fund; and

20 (b) Any other revenues derived from gifts, grants, or bequests
21 pledged to the state for the purpose of administering the water
22 pollution control revolving fund.

23 (4) The state treasurer may invest and reinvest moneys in the
24 water pollution control revolving administration account in the
25 manner provided by law. All earnings from such investment and
26 reinvestment must be credited to the water pollution control
27 revolving administration account.

28 (5) Moneys in the water pollution control revolving
29 administration account are to be used for the following water
30 pollution control revolving fund loan program costs:

31 (a) Administration costs associated with conducting application
32 processes, managing contracts, collecting loan repayments, managing
33 the revolving fund, providing technical assistance, and meeting state
34 and federal reporting requirements; and

35 (b) Information and data system costs associated with loan
36 tracking and fund management.

37 (6) Each biennium, the department may spend from the water
38 pollution control revolving administration account an amount no
39 greater than four percent of the water pollution control revolving
40 fund new capital appropriation.

1 (7) For its 2017-2019 biennial operating budget submittal, and
2 every biennium thereafter, the department must compare the projected
3 water pollution control revolving administration account balance and
4 the projected administration charge income with projected program
5 costs, including an adequate working capital reserve as defined by
6 the office of financial management. In its submittal to the office of
7 financial management, the department may:

8 (a) Find that the projected administration charge income is
9 inadequate to fund the cost of administering the program, and that
10 the rate of the charge must be increased. However, the administration
11 charge may never exceed one percent on the declining principal loan
12 balance;

13 (b) Find that the projected administration charge income exceeds
14 what is needed to fund the cost of administering the program, and
15 that the rate of the charge must be decreased;

16 (c) Find that there is an excess balance in the revolving
17 administration account, and that the excess must be transferred to
18 the water pollution control revolving fund to be used for loans; or

19 (d) Find that there is no need for any rate adjustments or
20 balance transfers.

21 (8) At the point where the water pollution control revolving
22 administration account adequately covers the program administration
23 costs, the department may no longer use the federal administration
24 allowance. If a federal capitalization grant is awarded after that
25 point, all federal capitalization dollars must be used for making
26 loans.

27 (9) By December 1, 2018, the department must submit to the
28 appropriate legislative fiscal committees a report on implementation
29 of the administration charge, including information on: The amount of
30 income the administration charge has produced since its inception;
31 the uses and adequacy of the income for administrative costs; any
32 excess balances that have been transferred to the water pollution
33 control revolving fund; and any additional sources that the
34 department is using for program administration.

35 (10) During the 2019-2021 and 2021-2023 fiscal (~~(biennium)~~)
36 biennia, the legislature may direct the state treasurer to make
37 transfers of moneys in the water pollution control revolving
38 administration account to the water pollution control revolving
39 account (~~(fund)~~) fund.

13 **Sec. 983.** RCW 43.70.--- and 2021 c 3 s 19 are each amended to
14 read as follows:

15 (1) The COVID-19 public health response account is created in the
16 custody of the state treasurer. The account shall consist of funds
17 appropriated by the legislature and grants received by the department
18 of health for activities in response to the coronavirus pandemic
19 (COVID-19). Only the secretary, or the secretary's designee, may
20 authorize expenditures from the account for costs related to the
21 public health response to COVID-19, subject to any limitations
22 imposed by grant funding deposited into the account. The COVID-19

24 under chapter 43.88 RCW, but an appropriation is not required for
25 expenditures.

26 (2)(a) The legislature finds that a safe, efficient, and
27 effective delivery of vaccinations is of the utmost importance for
28 restoring societal and economic functions. As we learn more about the
29 virus, the vaccine, and challenges to vaccine allocation and
30 distribution, it is anticipated that the state's COVID-19 vaccination
31 distribution plan will evolve. To that end, the legislature has
32 provided flexibility by funding (~~(vaccine expenditure)~~) expenditures
33 for testing, contact tracing, mitigation activities, vaccine
34 administration and distribution, and other allowable uses for the
35 state, local health jurisdictions, and tribes at the discretion of
36 the secretary and without an appropriation. However, to maintain
37 fiscal control and to ensure spending priorities align, the
38 department is required to collaborate and communicate with the chairs
39 and ranking members of the health care and fiscal committees of the

1 legislature and local health jurisdictions in advance of any
2 significant revision of the state's COVID-19 vaccination plan and to
3 provide regular updates on its implementation and spending.

4 (b) As part of the public health response to COVID-19, the
5 expenditures from the account must be used to effectively administer
6 the vaccine for COVID-19 and conduct testing and contact tracing. The
7 department must ensure that COVID-19 outreach is accessible,
8 culturally and linguistically appropriate, and that it includes
9 community-driven partnerships and strategies.

10 (c) When making expenditures for administering the vaccine for
11 COVID-19, the department must focus on identifying persons for
12 vaccination, prioritizing underserved, underrepresented, and hard-to-
13 reach communities, making the vaccine accessible, and providing
14 support to schools for safe reopening. Strategies for vaccine
15 distribution shall include the establishment and expansion of
16 community vaccination centers, mobile vaccination units, reporting
17 enhancements, and transportation of individuals to vaccination sites.

18 (d) When making expenditures regarding testing and contact
19 tracing, the department must provide equitable access, prioritize
20 underserved, underrepresented, and hard-to-reach communities, and
21 provide support and resources to facilitate the safe reopening of
22 schools while minimizing community spread of the virus.

23 (3) When making expenditures from the account, the department
24 must include an emphasis on public communication regarding the
25 availability and accessibility of the vaccine and testing, and the
26 importance of vaccine and testing availability to the safe reopening
27 of the state.

28 (4) (a) The department must report to the fiscal and health care
29 committees of the legislature on a monthly basis regarding its
30 COVID-19 response.

31 (b) To the extent that it is available, the report must include
32 data regarding vaccine distribution, testing, and contact tracing, as
33 follows:

34 (i) The number of vaccines administered per day, including
35 regional data regarding the location and age groups of persons
36 receiving the vaccine, specifically identifying hard-to-reach
37 communities in which vaccines were administered; and

38 (ii) The number of tests conducted per week, including data
39 specifically addressing testing conducted in hard-to-reach
40 communities.

1 (c) The first monthly report is due no later than one month from
2 the effective date of this section. Monthly reports are no longer
3 required upon the department's determination that the remaining
4 balance of the COVID-19 response account is less than \$100,000.

1 technology projects currently being developed or implemented that
2 affect the coalition; (b) funding needs of these current and future
3 information technology projects; and (c) next steps for the
4 coalition's information technology projects. The office of the chief
5 information officer shall maintain a statewide perspective when
6 collaborating with the coalition to ensure that the development of
7 projects identified in this report are planned for in a manner that
8 ensures the efficient use of state resources and maximizes federal
9 financial participation. The work of the coalition is subject to the
10 conditions, limitations, and review provided in section 701 of this
11 act.

PART XI
HUMAN SERVICES
SUPPLEMENTAL

Sec. 1101. 2020 c 357 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic

1 area. The legislature finds that cost reports, payment data from the
2 federal government, historical utilization, economic data, and
3 clinical input constitute reliable data upon which to determine the
4 payment rates.

5 (4) The department shall to the maximum extent practicable use
6 the same system for delivery of spoken-language interpreter services
7 for social services appointments as the one established for medical
8 appointments in the health care authority. When contracting directly
9 with an individual to deliver spoken language interpreter services,
10 the department shall only contract with language access providers who
11 are working at a location in the state and who are state-certified or
12 state-authorized, except that when such a provider is not available,
13 the department may use a language access provider who meets other
14 certifications or standards deemed to meet state standards, including
15 interpreters in other states.

16 (5) Information technology projects or investments and proposed
17 projects or investments impacting time capture, payroll and payment
18 processes and systems, eligibility, case management, and
19 authorization systems within the department of social and health
20 services are subject to technical oversight by the office of the
21 chief information officer.

22 (6) (a) The department shall facilitate enrollment under the
23 medicaid expansion for clients applying for or receiving state funded
24 services from the department and its contractors. Prior to open
25 enrollment, the department shall coordinate with the health care
26 authority to provide referrals to the Washington health benefit
27 exchange for clients that will be ineligible for medicaid.

28 (b) To facilitate a single point of entry across public and
29 medical assistance programs, and to maximize the use of federal
30 funding, the health care authority, the department of social and
31 health services, and the health benefit exchange will coordinate
32 efforts to expand HealthPlanfinder access to public assistance and
33 medical eligibility staff. The department shall complete medicaid
34 applications in the HealthPlanfinder for households receiving or
35 applying for public assistance benefits.

36 (7) The health care authority, the health benefit exchange, the
37 department of social and health services, the department of health,
38 and the department of children, youth, and families shall work
39 together within existing resources to establish the health and human
40 services enterprise coalition (the coalition). The coalition, led by

1 the health care authority, must be a multi-organization collaborative
2 that provides strategic direction and federal funding guidance for
3 projects that have cross-organizational or enterprise impact,
4 including information technology projects that affect organizations
5 within the coalition. By October 31, 2019, the coalition must submit
6 a report to the governor and the legislature that describes the
7 coalition's plan for projects affecting the coalition organizations.
8 The report must include any information technology projects impacting
9 coalition organizations and, in collaboration with the office of the
10 chief information officer, provide: (a) The status of any information
11 technology projects currently being developed or implemented that
12 affect the coalition; (b) funding needs of these current and future
13 information technology projects; and (c) next steps for the
14 coalition's information technology projects. The office of the chief
15 information officer shall maintain a statewide perspective when
16 collaborating with the coalition to ensure that the development of
17 projects identified in this report are planned for in a manner that
18 ensures the efficient use of state resources and maximizes federal
19 financial participation. The work of the coalition is subject to the
20 conditions, limitations, and review provided in section 701 of this
21 act.

22 (8) (a) The appropriations to the department of social and health
23 services in this act must be expended for the programs and in the
24 amounts specified in this act. However, after May 1, (~~2020~~) 2021,
25 unless prohibited by this act, the department may transfer general
26 fund—state appropriations for fiscal year (~~2020~~) 2021 among
27 programs and subprograms after approval by the director of the office
28 of financial management. However, the department may not transfer
29 state appropriations that are provided solely for a specified purpose
30 except as expressly provided in (b) of this subsection.

31 (b) To the extent that transfers under (a) of this subsection are
32 insufficient to fund actual expenditures in excess of fiscal year
33 (~~2020~~) 2021 in response to the COVID-19 pandemic or caseload
34 forecasts and utilization assumptions in the long-term care,
35 developmental disabilities, and public assistance programs, the
36 department may transfer state appropriations that are provided solely
37 for a specified purpose. The department may not transfer funds, and
38 the director of the office of financial management may not approve
39 the transfer, unless the transfer is consistent with the objective of
40 conserving, to the maximum extent possible, the expenditure of state

1 funds. The director of the office of financial management shall
2 notify the appropriate fiscal committees of the legislature in
3 writing seven days prior to approving any allotment modifications or
4 transfers under this subsection. The written notification shall
5 include a narrative explanation and justification of the changes,
6 along with expenditures and allotments by budget unit and
7 appropriation, both before and after any allotment modifications or
8 transfers.

9 (c) The department may not transfer appropriations from any other
10 program or subprogram to the mental health program. Within the mental
11 health program, the department may transfer appropriations that are
12 provided solely for a specified purpose as needed to fund actual
13 expenditures through the end of fiscal year (~~(2020)~~) 2021.

14 (d) The department may not transfer appropriations for the
15 developmental disabilities program to any other program or
16 subprograms of the department of social and health services.

37 compliance with RCW 71.05.365 requirements for transition of state

2 these funds to track the following elements related to this
3 requirement: (i) The date on which an individual is determined to no

5 care; (ii) the date on which the behavioral health entities and other
6 organizations responsible for resource management services for the

12 and other organizations responsible for resource management services.
13 The department must summarize the information and provide a report to
14 the office of financial management and the appropriate committees of
15 the legislature on progress toward meeting the fourteen day standard

19 fiscal year 2021 are provided solely for the department, in
20 collaboration with the health care authority, to develop and

22 at high risk of future involvement with the criminal justice system
23 and for developing a model to estimate demand for civil and forensic
24 state hospital bed needs pursuant to the following requirements.

25 (i) The predictive modeling tool must be developed to leverage
26 data from a variety of sources and identify factors that are strongly
27 associated with future criminal justice involvement. The department

30 following: (A) The proposed data sources to be used in the predictive
31 model and how privacy issues will be addressed; (B) modeling results

33 predictive of risk of future criminal justice involvement; (C) an
34 assessment of the accuracy, timeliness, and potential effectiveness

5 capacity in state hospitals as well as contracted facilities, which
6 provide similar levels of care, referral patterns, wait lists,
7 lengths of stay, and other factors identified as appropriate for
8 predicting the number of beds needed to meet the demand for civil and
9 forensic state hospital services. Factors should include
10 identification of need for the services and analysis of the effect of
11 community investments in behavioral health services and other types
12 of beds that may reduce the need for long-term civil commitment
13 needs. The department must submit a report to the legislature by
14 October 1, 2019, with an update of the model and the estimated civil
15 and forensic state hospital bed need by November 1, 2020, and each
16 November 1st thereafter through the end of fiscal year 2027. The
17 department must continue to update the model on a calendar quarterly

34 year 2020 and \$7,147,000 of the general fund—state appropriation for
35 fiscal year 2021 are provided solely to maintain and further increase
36 implementation of efforts to improve the timeliness of competency
37 evaluation services for individuals who are in local jails pursuant
38 to chapter 5, Laws of 2015 (SSB 5889) (timeliness of competency
39 treatment and evaluation services). This funding must be used solely

1 to maintain increases in the number of competency evaluators that
2 began in fiscal year 2016 and further increase the number of staff
3 providing competency evaluation services. During the 2019-2021 fiscal
4 biennium, the department must use a portion of these amounts to
5 increase the number of forensic evaluators pursuant to the settlement
6 agreement under *Trueblood, et al. v. Department of Social and Health*
7 *Services, et al.*, United States District Court for the Western
8 District of Washington, Cause No. 14-cv-01178-MJP.

12 appropriation are provided solely for implementation of efforts to
13 improve the timeliness of competency restoration services pursuant to
14 chapter 5, Laws of 2015 (SSB 5889) (timeliness of competency
15 treatment and evaluation services). These amounts must be used to
16 maintain increases that began in fiscal year 2016 and further
17 increase the number of forensic beds at western state hospital and
18 eastern state hospital. Pursuant to chapter 7, Laws of 2015 1st sp.
19 sess. (2E2SSB 5177) (timeliness of competency treatment and
20 evaluation services), the department may contract some of these
21 amounts for services at alternative locations if the secretary
22 determines that there is a need. During the 2019-2021 fiscal
23 biennium, the department must use a portion of these amounts to
24 increase forensic bed capacity at the state hospitals pursuant to the
25 settlement agreement under *Trueblood, et al. v. Department of Social*
26 *and Health Services, et al.*, United States District Court for the
27 Western District of Washington, Cause No. 14-cv-01178-MJP.

29 fiscal year 2020 and \$86,705,000 of the general fund—state
30 appropriation for fiscal year 2021 are provided solely for the
31 department to continue to implement an acuity based staffing tool at
32 western state hospital and eastern state hospital in collaboration
33 with the hospital staffing committees.

34 (i) The staffing tool must be designed and implemented to
35 identify, on a daily basis, the clinical acuity on each patient ward
36 and determine the minimum level of direct care staff by profession to
37 be deployed to meet the needs of the patients on each ward. The
38 department must also continue to update, in collaboration with the
39 office of financial management's labor relations office, the staffing

1 committees, and state labor unions, an overall state hospital
2 staffing plan that looks at all positions and functions of the
3 facilities and that is informed by a review of the Oregon state
4 hospital staffing model.

5 (ii) Within these amounts, the department must establish,
6 monitor, track, and report monthly staffing and expenditures at the
7 state hospitals, including overtime and use of locums, to the
8 functional categories identified in the recommended staffing plan.
9 The allotments and tracking of staffing and expenditures must include
10 all areas of the state hospitals, must be done at the ward level, and
11 must include contracted facilities providing forensic restoration
12 services as well as the office of forensic mental health services. By
13 December 1, 2019, the department and hospital staffing committees
14 must submit a report to the office of financial management and the
15 appropriate committees of the legislature that includes the

20 facility performance for the use of overtime and extra duty pay,
21 patient length of stay, discharge management, active treatment
22 planning, medication administration, patient and staff aggression,
23 and staff recruitment and retention. The department must use

25 tool and the hospital-wide staffing model to provide budget oversight
26 and accountability and inform and prioritize future budget requests
27 for staffing at the state hospitals.

28 (iii) The department must submit calendar quarterly reports to
29 the office of financial management and the appropriate committees of
30 the legislature that include monitoring of monthly spending, staffing
31 levels, overtime and use of locums compared to allotments and to the
32 recommended state hospital staffing model. The format for these
33 reports must be developed in consultation with staff from the office
34 of financial management and the appropriate committees of the
35 legislature. The reports must include an update from the hospital
36 staffing committees.

37 (iv) Monthly staffing levels and related expenditures at the
38 state hospitals must not exceed official allotments without prior
39 written approval from the director of the office of financial
40 management. In the event the director of the office of financial

1 management approves an increase in monthly staffing levels and
2 expenditures beyond what is budgeted, notice must be provided to the
3 appropriate committees of the legislature within thirty days of such
4 approval. The notice must identify the reason for the authorization
5 to exceed budgeted staffing levels and the time frame for the
6 authorization. Extensions of authorizations under this subsection
7 must also be submitted to the director of the office of financial
8 management for written approval in advance of the expiration of an
9 authorization. The office of financial management must notify the
10 appropriate committees of the legislature of any extensions of
11 authorizations granted under this subsection within thirty days of
12 granting such authorizations and identify the reason and time frame
13 for the extension.

18 safety at eastern and western state hospitals. These amounts must be
19 used for implementing a new intensive care model program at western
20 state hospital. Remaining amounts may be used for enclosure of
21 nursing stations, increasing the number of security guards, and
22 provision of training on patient and staff safety. The department
23 must provide implementation reports to the office of financial
24 management and the appropriate committees of the legislature as

27 includes a description of the intensive care model being implemented,
28 a profile of the types of patients being served at the program, the
29 staffing model being used for the program, and preliminary
30 information on outcomes associated with the program. The outcomes
31 section should include tracking data on facility wide metrics related
32 to patient and staff safety as well as individual outcomes related to
33 the patients served on the unit.

34 (ii) A report must be submitted by December 1, 2020, which
35 provides an update on the implementation of the intensive care model,
36 any changes that have occurred, and updated information on the

9 (~~(p)~~) (o) Within the amounts provided in this subsection, the
10 department must develop and submit an annual state hospital
11 performance report for eastern and western state hospitals. Each
12 measure included in the performance report must include baseline
13 performance data, agency performance targets, and performance for the
14 most recent fiscal year. The performance report must include a one
15 page dashboard as well as charts for each fiscal and quality of care

14 (a) Individuals receiving services as supplemental security

14 (e) The department may authorize a one-time waiver of all or any
15 portion of the licensing and processing fees required under RCW
16 70.128.060 in any case in which the department determines that an
17 adult family home is being relicensed because of exceptional
18 circumstances, such as death or incapacity of a provider, and that to
19 require the full payment of the licensing and processing fees would
20 present a hardship to the applicant. In these situations the
21 department is also granted the authority to waive the required
22 residential administrator training for a period of 120 days if
23 necessary to ensure continuity of care during the relicensing
24 process.

25 (f) Community residential cost reports that are submitted by or
26 on behalf of contracted agency providers are required to include

35 caregivers with a break in caregiving, the opportunity for behavioral
36 stabilization of the child, and the ability to partner with the state
37 in the development of an individualized service plan that allows the
38 child to remain in his or her family home. The department must
39 provide the legislature with a respite utilization report in January

1 of each year that provides information about the number of children
2 who have used enhanced respite in the preceding year, as well as the
3 location and number of days per month that each respite bed was
4 occupied.

5 (h) \$2,025,000 of the general fund—state appropriation for fiscal

9 for adults. These services are intended to provide families and
10 caregivers with a break in caregiving and the opportunity for
11 stabilization of the individual in a community-based setting as an
12 alternative to using a residential habilitation center to provide
13 planned or emergent respite. The department must provide the
14 legislature with a respite utilization report by January of each year

16 used community respite in the preceding year, as well as the location

30 to leaving one of the state psychiatric hospitals. The individualized
31 assessment must identify and authorize personal care, nursing care,
32 behavioral health stabilization, physical therapy, or other necessary
33 services to meet the unique needs of each client. It is the
34 expectation that, in most cases, staffing ratios in all community
35 alternative placement options described in (i)(i) of this subsection
36 will need to increase to meet the needs of clients leaving the state
37 psychiatric hospitals. If specialized training is necessary to meet
38 the needs of a client before he or she enters a community placement,

1 then the person centered service plan must also identify and
2 authorize this training.

3 (iii) When reviewing placement options, the department must
4 consider the safety of other residents, as well as the safety of
5 staff, in a facility. An initial evaluation of each placement,
6 including any documented safety concerns, must occur within thirty
7 days of a client leaving one of the state psychiatric hospitals and
8 entering one of the community placement options described in (i)(i)
9 of this subsection. At a minimum, the department must perform two
10 additional evaluations of each placement during the first year that a
11 client has lived in the facility.

12 (iv) In developing bed capacity, the department shall consider
13 the complex needs of individuals waiting for discharge from the state
14 psychiatric hospitals.

16 year 2021 is provided solely for state-operated behavioral health

26 As used in this subsection, "unrestricted federal moneys" includes
27 block grants and other funds that federal law does not require to be
28 spent on specifically defined projects or matched on a formula basis
29 by state funds.

30 The health care authority, the health benefit exchange, the
31 department of social and health services, the department of health,
32 and the department of children, youth, and families shall work
33 together within existing resources to establish the health and human
34 services enterprise coalition (the coalition). The coalition, led by
35 the health care authority, must be a multi-organization collaborative
36 that provides strategic direction and federal funding guidance for
37 projects that have cross-organizational or enterprise impact,
38 including information technology projects that affect organizations
39 within the coalition. By October 31, 2019, the coalition must submit
40 a report to the governor and the legislature that describes the

1 coalition's plan for projects affecting the coalition organizations.
2 The report must include any information technology projects impacting
3 coalition organizations and, in collaboration with the office of the
4 chief information officer, provide: (1) The status of any information
5 technology projects currently being developed or implemented that
6 affect the coalition; (2) funding needs of these current and future
7 information technology projects; and (3) next steps for the
8 coalition's information technology projects. The office of the chief
9 information officer shall maintain a statewide perspective when
10 collaborating with the coalition to ensure that the development of
11 projects identified in this report are planned for in a manner that
12 ensures the efficient use of state resources and maximizes federal
13 financial participation. The work of the coalition is subject to the
14 conditions, limitations, and review provided in section 701 of this
15 act.

16 The appropriations to the health care authority in this act shall
17 be expended for the programs and in the amounts specified in this
18 act. However, after May 1, (~~2020~~) 2021, unless prohibited by this
19 act, the authority may transfer general fund—state appropriations for
20 fiscal year (~~2020~~) 2021 among programs after approval by the
21 director of the office of financial management. To the extent that
22 appropriations in sections 211 through 215 are insufficient to fund
23 actual expenditures in excess of caseload forecast and utilization
24 assumptions or for expenses in response to the COVID-19 pandemic, the
25 authority may transfer general fund—state appropriations for fiscal
26 year (~~2020~~) 2021 that are provided solely for a specified purpose.
27 The authority may also transfer general fund—state appropriations for
28 fiscal year 2020 that are provided solely for a specified purpose
29 within section 215 of this act to cover any deficits in section 215
30 of this act resulting from assumptions related to the return of
31 \$35,000,000 in general fund—state behavioral health organization
32 reserves in fiscal year 2020 or for expenses in response to the
33 COVID-19 pandemic in fiscal year 2021. The authority may not transfer
34 funds, and the director of the office of financial management shall
35 not approve the transfer, unless the transfer is consistent with the
36 objective of conserving, to the maximum extent possible, the
37 expenditure of state funds. The director of the office of financial
38 management shall notify the appropriate fiscal committees of the
39 legislature in writing seven days prior to approving any allotment

1 modifications or transfers under this section. The written
2 notification must include a narrative explanation and justification
3 of changes, along with expenditures and allotments by budget unit and
4 appropriation, both before and after any allotment modifications and
5 transfers.

35 The appropriations in this section are subject to the following
36 conditions and limitations:

37 (1) The authority shall not accept or expend any federal funds
38 received under a medicaid transformation waiver under healthier

1 Washington except as described in subsections (2) and (3) of this
2 section until specifically approved and appropriated by the
3 legislature. To ensure compliance with legislative directive budget
4 requirements and terms and conditions of the waiver, the authority
5 shall implement the waiver and reporting requirements with oversight
6 from the office of financial management. The legislature finds that
7 appropriate management of the innovation waiver requires better
8 analytic capability, transparency, consistency, timeliness, accuracy,
9 and lack of redundancy with other established measures and that the
10 patient must be considered first and foremost in the implementation
11 and execution of the demonstration waiver. In order to effectuate
12 these goals, the authority shall: (a) Require the Dr. Robert Bree
13 collaborative and the health technology assessment program to reduce
14 the administrative burden upon providers by only requiring
15 performance measures that are nonduplicative of other nationally
16 established measures. The joint select committee on health care
17 oversight will evaluate the measures chosen by the collaborative and
18 the health technology assessment program for effectiveness and
19 appropriateness; (b) develop a patient satisfaction survey with the
20 goal to gather information about whether it was beneficial for the
21 patient to use the center of excellence location in exchange for
22 additional out-of-pocket savings; (c) ensure patients and health care
23 providers have significant input into the implementation of the
24 demonstration waiver, in order to ensure improved patient health
25 outcomes; and (d) in cooperation with the department of social and
26 health services, consult with and provide notification of work on
27 applications for federal waivers, including details on waiver
28 duration, financial implications, and potential future impacts on the
29 state budget, to the joint select committee on health care oversight
30 prior to submitting waivers for federal approval. By federal
31 standard, the medicaid transformation demonstration waiver shall not
32 exceed the duration originally granted by the centers for medicare
33 and medicaid services and any programs created or funded by this
34 waiver do not create an entitlement. Beginning May 15, 2019, and
35 continuing through December 15, 2019, by the 15th of each month, the
36 director in consultation with the secretary shall report to the
37 fiscal chair of the appropriate committees of the legislature in the
38 manner and form requested the status of the medicaid transformation
39 waiver, including any anticipated or proposed changes to accruals or
40 expenditures.

1 (2) No more than (~~(\$153,357,000)~~) \$165,082,000 of the general
2 fund—federal appropriation and no more than (~~(\$86,190,000)~~)
3 \$112,949,000 of the general fund—local appropriation may be expended
4 for transformation through accountable communities of health
5 described in initiative 1 of the medicaid transformation
6 demonstration wavier under healthier Washington, including preventing
7 youth drug use, opioid prevention and treatment, and physical and
8 behavioral health integration. Under this initiative, the authority
9 shall take into account local input regarding community needs. In
10 order to ensure transparency to the appropriate fiscal committees of
11 the legislature, the authority shall provide fiscal staff of the
12 legislature query ability into any database of the fiscal
13 intermediary that authority staff would be authorized to access. The
14 authority shall not increase general fund—state expenditures under
15 this initiative. The director shall also report to the fiscal
16 committees of the legislature all of the expenditures under this
17 subsection and shall provide such fiscal data in the time, manner,
18 and form requested by the legislative fiscal committees. By December
19 15, 2019, the authority in collaboration with each accountable
20 community of health shall demonstrate how it will be self-sustaining
21 by the end of the demonstration waiver period, including sources of
22 outside funding, and provide this reporting to the joint select
23 committee on health care oversight. If by the third year of the
24 demonstration waiver there are not measurable, improved patient
25 outcomes and financial returns, the Washington state institute for
26 public policy will conduct an audit of the accountable communities of
27 health, in addition to the process set in place through the
28 independent evaluation required by the agreement with centers for
29 medicare and medicaid services.

30 (3) (a) No more than (~~(\$79,829,000)~~) \$67,896,000 of the general
31 fund—federal appropriation may be expended for supported housing and
32 employment services described in initiative 3a and 3b of the medicaid
33 transformation demonstration waiver under healthier Washington. Under
34 this initiative, the authority and the department of social and
35 health services shall ensure that allowable and necessary services
36 are provided to eligible clients as identified by the department or
37 its third party administrator. The authority and the department in
38 consultation with the medicaid forecast work group, shall ensure that
39 reasonable reimbursements are established for services deemed

1 necessary within an identified limit per individual. The authority
2 shall not increase general fund—state expenditures under this
3 initiative. The director shall report to the joint select committee
4 on health care oversight no less than quarterly on financial and
5 health outcomes. The director shall also report to the fiscal
6 committees of the legislature all of the expenditures of this
7 subsection and shall provide such fiscal data in the time, manner,
8 and form requested by the legislative fiscal committees.

9 (b) No more than (~~(\$89,476,000)~~) \$105,283,000 of the general fund
10 —federal appropriation and no more than (~~(\$36,548,000)~~) \$43,004,000
11 of the general fund—local appropriation may be expended for the
12 medicaid quality improvement program. Under federal regulations, the
13 medicaid quality improvement program is authorized and allows states
14 to design quality improvement programs for the medicaid population in
15 ways that support the state's quality goals. Medicaid quality
16 improvement program payments will not count against initiative 1 of
17 the medicaid transformation demonstration waiver spending limit and
18 are excluded from the waiver's budget neutrality calculation. Apple
19 health managed care organizations and their partnering providers will
20 receive medicaid quality improvement program payments as they meet
21 designated milestones. Partnering providers and apple health managed
22 care organizations will work together to achieve medicaid quality
23 improvement program goals according to the performance period
24 timelines and reporting deadlines as set forth by the authority. The
25 authority shall only utilize the medicaid quality improvement program
26 to support the transformation waiver and shall not pursue its use for
27 other purposes. Any programs created or funded by the medicaid
28 quality improvement program do not create an entitlement. The
29 authority shall not increase general fund—state, federal, or local
30 expenditures under this program. The director shall report to the
31 joint select committee on health care oversight not less than
32 quarterly on financial and health outcomes. The director shall report
33 to the fiscal committees of the legislature all of the expenditures
34 under this subsection and shall provide such fiscal data in the time,
35 manner, and form requested by the legislative fiscal committees.

36 (4) Annually, no later than November 1st, the authority shall
37 report to the governor and appropriate committees of the legislature:
38 (a) Savings attributed to behavioral and physical integration in
39 areas that are scheduled to integrate in the following calendar year,

1 and (b) savings attributed to behavioral and physical health
2 integration and the level of savings achieved in areas that have
3 integrated behavioral and physical health.

4 (5) Sufficient amounts are appropriated in this subsection to
5 implement the medicaid expansion as defined in the social security
6 act, section 1902(a)(10)(A)(i)(VIII).

7 (6) The legislature finds that medicaid payment rates, as
8 calculated by the health care authority pursuant to the
9 appropriations in this act, bear a reasonable relationship to the
10 costs incurred by efficiently and economically operated facilities
11 for providing quality services and will be sufficient to enlist
12 enough providers so that care and services are available to the
13 extent that such care and services are available to the general
14 population in the geographic area. The legislature finds that the
15 cost reports, payment data from the federal government, historical
16 utilization, economic data, and clinical input constitute reliable
17 data upon which to determine the payment rates.

18 (7) Based on quarterly expenditure reports and caseload
19 forecasts, if the health care authority estimates that expenditures
20 for the medical assistance program will exceed the appropriations,
21 the health care authority shall take steps including but not limited
22 to reduction of rates or elimination of optional services to reduce
23 expenditures so that total program costs do not exceed the annual
24 appropriation authority.

25 (8) In determining financial eligibility for medicaid-funded
26 services, the health care authority is authorized to disregard
27 recoveries by Holocaust survivors of insurance proceeds or other
28 assets, as defined in RCW 48.104.030.

29 (9) The legislature affirms that it is in the state's interest
30 for Harborview medical center to remain an economically viable
31 component of the state's health care system.

32 (10) When a person is ineligible for medicaid solely by reason of
33 residence in an institution for mental diseases, the health care
34 authority shall provide the person with the same benefits as he or
35 she would receive if eligible for medicaid, using state-only funds to
36 the extent necessary.

37 (11) \$4,261,000 of the general fund—state appropriation for
38 fiscal year 2020, (~~(\$4,261,000)~~) \$3,733,000 of the general fund—state
39 appropriation for fiscal year 2021, and (~~(\$8,522,000)~~) \$9,050,000 of

1 the general fund—federal appropriation are provided solely for low-
2 income disproportionate share hospital payments.

3 (12) Within the amounts appropriated in this section, the health
4 care authority shall provide disproportionate share hospital payments
5 to hospitals that provide services to children in the children's
6 health program who are not eligible for services under Title XIX or
7 XXI of the federal social security act due to their citizenship
8 status.

9 (13)(a) \$7,000,000 of the general fund—federal appropriation is
10 provided solely for supplemental payments to nursing homes operated
11 by public hospital districts. The public hospital district shall be
12 responsible for providing the required nonfederal match for the
13 supplemental payment, and the payments shall not exceed the maximum
14 allowable under federal rules. It is the legislature's intent that
15 the payments shall be supplemental to and shall not in any way offset
16 or reduce the payments calculated and provided in accordance with
17 part E of chapter 74.46 RCW. It is the legislature's further intent
18 that costs otherwise allowable for rate-setting and settlement
19 against payments under chapter 74.46 RCW shall not be disallowed
20 solely because such costs have been paid by revenues retained by the
21 nursing home from these supplemental payments. The supplemental
22 payments are subject to retrospective interim and final cost
23 settlements based on the nursing homes' as-filed and final medicare
24 cost reports. The timing of the interim and final cost settlements
25 shall be at the health care authority's discretion. During either the
26 interim cost settlement or the final cost settlement, the health care
27 authority shall recoup from the public hospital districts the
28 supplemental payments that exceed the medicaid cost limit and/or the
29 medicare upper payment limit. The health care authority shall apply
30 federal rules for identifying the eligible incurred medicaid costs
31 and the medicare upper payment limit.

32 (b) The authority, in consultation with the department of social
33 and health services and the nursing homes operated by public
34 hospitals in (a) of this subsection, must develop a plan with
35 recommendations for an upper payment limit calculation and the
36 supplemental payment model for nursing homes operated by a public
37 hospital district. The group must consider how to restructure
38 payments under (a) of this subsection, taking into consideration
39 alternate upper payment limit calculation. If upon completion of the
40 plan, the authority determines it can implement the recommendations

1 of the group within the amounts provided in (a) of this subsection,
2 the authority must submit a state plan amendment, if necessary, and
3 submit a report to the fiscal committees of the legislature no later
4 than September 30, 2020.

5 (c) \$193,000 of the general fund—state appropriation for fiscal
6 year 2020 is provided solely for the authority to provide a one-time
7 grant to a standalone skilled nursing facility operated by a public
8 hospital district in Grant county. This grant is provided as a one-
9 time offset to address the impact of the recoupment requirements of
10 this subsection (13).

11 (14) The health care authority shall continue the inpatient
12 hospital certified public expenditures program for the 2019-2021
13 fiscal biennium. The program shall apply to all public hospitals,
14 including those owned or operated by the state, except those
15 classified as critical access hospitals or state psychiatric
16 institutions. The health care authority shall submit reports to the
17 governor and legislature by November 1, 2020, and by November 1,
18 2021, that evaluate whether savings continue to exceed costs for this
19 program. If the certified public expenditures (CPE) program in its
20 current form is no longer cost-effective to maintain, the health care
21 authority shall submit a report to the governor and legislature
22 detailing cost-effective alternative uses of local, state, and
23 federal resources as a replacement for this program. During fiscal
24 year 2020 and fiscal year 2021, hospitals in the program shall be
25 paid and shall retain one hundred percent of the federal portion of
26 the allowable hospital cost for each medicaid inpatient fee-for-
27 service claim payable by medical assistance and one hundred percent
28 of the federal portion of the maximum disproportionate share hospital
29 payment allowable under federal regulations. Inpatient medicaid
30 payments shall be established using an allowable methodology that
31 approximates the cost of claims submitted by the hospitals. Payments
32 made to each hospital in the program in each fiscal year of the
33 biennium shall be compared to a baseline amount. The baseline amount
34 will be determined by the total of (a) the inpatient claim payment
35 amounts that would have been paid during the fiscal year had the
36 hospital not been in the CPE program based on the reimbursement rates
37 developed, implemented, and consistent with policies approved in the
38 2019-2021 biennial operating appropriations act and in effect on July
39 1, 2015, (b) one-half of the indigent assistance disproportionate
40 share hospital payment amounts paid to and retained by each hospital

1 during fiscal year 2005, and (c) all of the other disproportionate
2 share hospital payment amounts paid to and retained by each hospital
3 during fiscal year 2005 to the extent the same disproportionate share
4 hospital programs exist in the 2019-2021 fiscal biennium. If payments
5 during the fiscal year exceed the hospital's baseline amount, no
6 additional payments will be made to the hospital except the federal
7 portion of allowable disproportionate share hospital payments for
8 which the hospital can certify allowable match. If payments during
9 the fiscal year are less than the baseline amount, the hospital will
10 be paid a state grant equal to the difference between payments during
11 the fiscal year and the applicable baseline amount. Payment of the
12 state grant shall be made in the applicable fiscal year and
13 distributed in monthly payments. The grants will be recalculated and
14 redistributed as the baseline is updated during the fiscal year. The
15 grant payments are subject to an interim settlement within eleven
16 months after the end of the fiscal year. A final settlement shall be
17 performed. To the extent that either settlement determines that a
18 hospital has received funds in excess of what it would have received
19 as described in this subsection, the hospital must repay the excess
20 amounts to the state when requested. \$759,000 of the general fund—
21 state appropriation for fiscal year 2020 and (~~(\$740,000)~~) \$698,000 of
22 the general fund—state appropriation for fiscal year 2021 are
23 provided solely for state grants for the participating hospitals.

24 (15) The health care authority shall seek public-private
25 partnerships and federal funds that are or may become available to
26 provide on-going support for outreach and education efforts under the
27 federal children's health insurance program reauthorization act of
28 2009.

29 (16) The health care authority shall target funding for maternity
30 support services towards pregnant women with factors that lead to
31 higher rates of poor birth outcomes, including hypertension, a
32 preterm or low birth weight birth in the most recent previous birth,
33 a cognitive deficit or developmental disability, substance abuse,
34 severe mental illness, unhealthy weight or failure to gain weight,
35 tobacco use, or African American or Native American race. The health
36 care authority shall prioritize evidence-based practices for delivery
37 of maternity support services. To the extent practicable, the health
38 care authority shall develop a mechanism to increase federal funding
39 for maternity support services by leveraging local public funding for
40 those services.

1 (17) The authority shall submit reports to the governor and the
2 legislature by September 15, 2020, and no later than September 15,
3 2021, that delineate the number of individuals in medicaid managed
4 care, by carrier, age, gender, and eligibility category, receiving
5 preventative services and vaccinations. The reports should include
6 baseline and benchmark information from the previous two fiscal years
7 and should be inclusive of, but not limited to, services recommended
8 under the United States preventative services task force, advisory
9 committee on immunization practices, early and periodic screening,
10 diagnostic, and treatment (EPSDT) guidelines, and other relevant
11 preventative and vaccination medicaid guidelines and requirements.

12 (18) Managed care contracts must incorporate accountability
13 measures that monitor patient health and improved health outcomes,
14 and shall include an expectation that each patient receive a wellness
15 examination that documents the baseline health status and allows for
16 monitoring of health improvements and outcome measures.

17 (19) Sufficient amounts are appropriated in this section for the
18 authority to provide an adult dental benefit.

19 (20) The health care authority shall coordinate with the
20 department of social and health services to provide referrals to the
21 Washington health benefit exchange for clients that will be
22 ineligible for medicaid.

23 (21) To facilitate a single point of entry across public and
24 medical assistance programs, and to maximize the use of federal
25 funding, the health care authority, the department of social and
26 health services, and the health benefit exchange will coordinate
27 efforts to expand HealthPlanfinder access to public assistance and
28 medical eligibility staff. The health care authority shall complete
29 medicaid applications in the HealthPlanfinder for households
30 receiving or applying for medical assistance benefits.

31 (22) \$90,000 of the general fund—state appropriation for fiscal
32 year 2020, \$90,000 of the general fund—state appropriation for fiscal
33 year 2021, and \$180,000 of the general fund—federal appropriation are
34 provided solely to continue operation by a nonprofit organization of
35 a toll-free hotline that assists families to learn about and enroll
36 in the apple health for kids program.

37 (23) Within the amounts appropriated in this section, the
38 authority shall reimburse for primary care services provided by
39 naturopathic physicians.

1 (24) Within the amounts appropriated in this section, the
2 authority shall continue to provide coverage for pregnant teens that
3 qualify under existing pregnancy medical programs, but whose
4 eligibility for pregnancy related services would otherwise end due to
5 the application of the new modified adjusted gross income eligibility
6 standard.

7 (25) Sufficient amounts are appropriated in this section to
8 remove the mental health visit limit and to provide the shingles
9 vaccine and screening, brief intervention, and referral to treatment
10 benefits that are available in the medicaid alternative benefit plan
11 in the classic medicaid benefit plan.

12 (26) The authority shall use revenue appropriated from the
13 dedicated marijuana fund for contracts with community health centers
14 under RCW 69.50.540 in lieu of general fund—state payments to
15 community health centers for services provided to medical assistance
16 clients, and it is the intent of the legislature that this policy
17 will be continued in subsequent fiscal biennia.

18 (27) Beginning no later than January 1, 2018, for any service
19 eligible under the medicaid state plan for encounter payments,
20 managed care organizations at the request of a rural health clinic
21 shall pay the full published encounter rate directly to the clinic.
22 At no time will a managed care organization be at risk for or have
23 any right to the supplemental portion of the claim. Payments will be
24 reconciled on at least an annual basis between the managed care
25 organization and the authority, with final review and approval by the
26 authority.

27 ~~(28) ((Sufficient funds are provided for the authority to remove
28 payment and billing limitations identified during the review process
29 required for implementation of chapter 226, Laws of 2017 (behavioral
30 health care - primary care integration) for health and behavior
31 codes, psychotherapy codes, and to continue to offer face-to-
32 face tobacco cessation counseling only for pregnant individuals.
33 Additional funding is provided to increase the rates for the health
34 and behavior codes and psychotherapy codes identified through the
35 stakeholder work group process required under chapter 226, Laws of
36 2017 (SSB 5779) by ten percent.~~

37 ~~(29))~~ (a) \$34,145,000 of the general fund—state appropriation for
38 fiscal year 2021 and \$5,898,000 of the general fund—federal
39 appropriation are provided solely for the compromise of claims in the

1 reconciliation process for rural health clinics for the calendar
2 years 2014-2017. The authority may not recover the state portion of
3 rural health clinic reconciliations for calendar years 2014-2017 for
4 which no state accrual was made. If the authority determines there
5 are unliquidated prior period accrual balances available to refund
6 the federal government for these years, these amounts must be used
7 prior to the amounts provided under this subsection.

8 (b) By October 15, 2019, the authority shall report to the
9 governor and relevant committees of the legislature the status of
10 rural health clinic reconciliations for calendar years 2011-2013,
11 including any use of available unliquidated prior period accrual
12 balances to refund the federal government for those calendar years.
13 Additionally, the report shall include the status of rural health
14 clinic reconciliations for calendar years 2014-2017, including
15 anticipated amounts owed to or from rural health clinics from the
16 reconciliation process for those fiscal years. The authority shall
17 not recover the state portion of rural health reconciliations for
18 calendar years 2011-2013 for which no general fund state accrual was
19 made. The authority shall not pursue recoveries for calendar years
20 2014-2017 until after the legislature has an opportunity to take
21 action during the 2020 legislative session. If the legislature does
22 not take any action on rural health clinic reconciliations for
23 calendar years 2014-2017, recoveries shall commence per
24 administrative rule.

12 behavioral health entities shall maintain consistency with all
13 essential elements of the PACT evidence-based practice model in
14 programs funded under this section.

15 (5) \$7,071,000 of the general fund—state appropriation for fiscal
16 year 2021 is provided solely for increased state costs for
17 exceptional behavioral health personal care services. From ((the))
18 these amounts and the other general fund—state appropriations in this
19 section, the authority shall assure that behavioral health entities
20 reimburse the department of social and health services aging and long
21 term support administration for the general fund—state cost of
22 exceptional medicaid personal care services that enrolled behavioral
23 health entity consumers use because of their psychiatric disability.

24 (6) \$3,520,000 of the general fund—federal appropriation is
25 provided solely for the authority to maintain a pilot project to
26 incorporate peer bridging staff into behavioral health regional teams
27 that provide transitional services to individuals returning to their
28 communities.

29 (7) \$81,930,000 of the general fund—state appropriation for
30 fiscal year 2020 and \$85,122,000 of the general fund—state
31 appropriation for fiscal year 2021 are provided solely for persons
32 and services not covered by the medicaid program. To the extent
33 possible, levels of behavioral health entity spending must be
34 maintained in the following priority order: Crisis and commitment
35 services; community inpatient services; and residential care
36 services, including personal care and emergency housing assistance.
37 These amounts must be distributed to behavioral health entities as
38 follows:

1 (a) Of the amount provided for fiscal year 2020, seventy percent
2 must be distributed to behavioral health administrative service
3 organizations and thirty percent to managed care organizations. The
4 percentage of funding provided to each behavioral health
5 administrative services organization must be proportionate to the
6 fiscal year 2019 regional allocation of flexible nonmedicaid funds.

7 (b) \$3,939,000 of the fiscal year 2021 amounts must be
8 distributed to behavioral health administrative service
9 organizations. Of the remaining amount for fiscal year 2021, eighty
10 percent must be distributed to behavioral health administrative
11 service organizations and twenty percent to managed care
12 organizations. The percentage of funding provided to each behavioral
13 health administrative services organization must be proportionate to
14 the fiscal year 2020 regional allocation of flexible nonmedicaid
15 funds.

16 (c) The authority must include the following language in medicaid
17 contracts with behavioral health entities unless they are provided
18 formal notification from the center for medicaid and medicare
19 services that the language will result in the loss of federal
20 medicaid participation: "The contractor may voluntarily provide
21 services that are in addition to those covered under the state plan,
22 although the cost of these services cannot be included when
23 determining payment rates unless including these costs are
24 specifically allowed under federal law or an approved waiver."

25 (8) The authority is authorized to continue to contract directly,
26 rather than through contracts with behavioral health entities for
27 children's long-term inpatient facility services.

28 (9) \$1,204,000 of the general fund—state appropriation for fiscal
29 year 2020 and \$1,204,000 of the general fund—state appropriation for
30 fiscal year 2021 are provided solely to reimburse Pierce and Spokane
31 counties for the cost of conducting one hundred eighty-day commitment
32 hearings at the state psychiatric hospitals.

33 (10) Behavioral health entities may use local funds to earn
34 additional federal medicaid match, provided the locally matched rate
35 does not exceed the upper-bound of their federally allowable rate
36 range, and provided that the enhanced funding is used only to provide
37 medicaid state plan or waiver services to medicaid clients.
38 Additionally, behavioral health entities may use a portion of the
39 state funds allocated in accordance with subsection (7) of this
40 section to earn additional medicaid match, but only to the extent

1 that the application of such funds to medicaid services does not
2 diminish the level of crisis and commitment, community inpatient,
3 residential care, and outpatient services presently available to
4 persons not eligible for medicaid.

5 (11) \$2,291,000 of the general fund—state appropriation for
6 fiscal year 2020 and \$2,291,000 of the general fund—state
7 appropriation for fiscal year 2021 are provided solely for mental
8 health services for mentally ill offenders while confined in a county
9 or city jail and for facilitating access to programs that offer
10 mental health services upon release from confinement. The authority
11 must collect information from the behavioral health entities on their
12 plan for using these funds, the numbers of individuals served, and
13 the types of services provided and submit a report to the office of
14 financial management and the appropriate fiscal committees of the
15 legislature by December 1st of each year of the biennium.

16 (12) Within the amounts appropriated in this section, funding is
17 provided for the authority to develop and phase in intensive mental
18 health services for high needs youth consistent with the settlement
19 agreement in *T.R. v. Dreyfus and Porter*.

20 (13) The authority must establish minimum and maximum funding
21 levels for all reserves allowed under behavioral health organization
22 and administrative services organization contracts and include
23 contract language that clearly states the requirements and
24 limitations. The authority must monitor and ensure that behavioral
25 health organization and administrative services organization reserves
26 do not exceed maximum levels. The authority must monitor revenue and
27 expenditure reports and must require a behavioral health organization
28 or administrative services organization to submit a corrective action
29 plan on how it will spend its excess reserves within a reasonable
30 period of time, when its reported reserves exceed maximum levels
31 established under the contract. The authority must review and approve
32 such plans and monitor to ensure compliance. If the authority
33 determines that a behavioral health organization or administrative
34 services organization has failed to provide an adequate excess
35 reserve corrective action plan or is not complying with an approved
36 plan, the authority must reduce payments to the entity in accordance
37 with remedial actions provisions included in the contract. These
38 reductions in payments must continue until the authority determines
39 that the entity has come into substantial compliance with an approved
40 excess reserve corrective action plan.

1 (14) During the 2019-2021 fiscal biennium, any amounts provided
2 in this section that are used for case management services for
3 pregnant and parenting women must be contracted directly between the
4 authority and providers rather than through contracts with behavioral
5 health organizations.

6 (15) Within the amounts appropriated in this section, the
7 authority may contract with the University of Washington and
8 community-based providers for the provision of the parent-child
9 assistance program or other specialized chemical dependency case
10 management providers for pregnant, post-partum, and parenting women.
11 For all contractors: (a) Service and other outcome data must be
12 provided to the authority by request; and (b) indirect charges for
13 administering the program must not exceed ten percent of the total
14 contract amount.

15 (16) \$3,500,000 of the general fund—federal appropriation (from
16 the substance abuse prevention and treatment federal block grant) is
17 provided solely for the continued funding of existing county drug and
18 alcohol use prevention programs.

19 (17) Within the amounts provided in this section, behavioral
20 health entities must provide outpatient chemical dependency treatment
21 for offenders enrolled in the medicaid program who are supervised by
22 the department of corrections pursuant to a term of community
23 supervision. Contracts with behavioral health entities must require
24 that behavioral health entities include in their provider network
25 specialized expertise in the provision of manualized, evidence-based
26 chemical dependency treatment services for offenders. The department
27 of corrections and the authority must develop a memorandum of
28 understanding for department of corrections offenders on active
29 supervision who are medicaid eligible and meet medical necessity for
30 outpatient substance use disorder treatment. The agreement will
31 ensure that treatment services provided are coordinated, do not
32 result in duplication of services, and maintain access and quality of
33 care for the individuals being served. The authority must provide all
34 necessary data, access, and reports to the department of corrections
35 for all department of corrections offenders that receive medicaid
36 paid services.

37 (18) The criminal justice treatment account—state appropriation
38 is provided solely for treatment and treatment support services for
39 offenders with a substance use disorder pursuant to RCW 71.24.580.
40 The authority must offer counties the option to administer their

1 share of the distributions provided for under RCW 71.24.580(5)(a). If
2 a county is not interested in administering the funds, the authority
3 shall contract with behavioral health entities to administer these
4 funds consistent with the plans approved by local panels pursuant to
5 RCW 71.24.580(5)(b). The authority must provide a report to the
6 office of financial management and the appropriate committees of the
7 legislature which identifies the distribution of criminal justice
8 treatment account funds by September 30, 2019.

9 (19) No more than (~~(\$27,844,000)~~) \$15,358,000 of the general fund
10 —federal appropriation may be expended for supported housing and
11 employment services described in initiative 3a and 3b of the medicaid
12 transformation demonstration waiver under healthier Washington. Under
13 this initiative, the authority and the department of social and
14 health services shall ensure that allowable and necessary services
15 are provided to eligible clients as identified by the authority or
16 its providers or third party administrator. The department and the
17 authority in consultation with the medicaid forecast work group,
18 shall ensure that reasonable reimbursements are established for
19 services deemed necessary within an identified limit per individual.
20 The authority shall not increase general fund—state expenditures
21 under this initiative. The secretary in collaboration with the
22 director of the authority shall report to the joint select committee
23 on health care oversight no less than quarterly on financial and
24 health outcomes. The secretary in cooperation with the director shall
25 also report to the fiscal committees of the legislature all of the
26 expenditures of this subsection and shall provide such fiscal data in
27 the time, manner, and form requested by the legislative fiscal
28 committees.

29 (20) \$6,858,000 of the general fund—state appropriation for
30 fiscal year 2020, \$6,858,000 of the general fund—state appropriation
31 for fiscal year 2021, and \$8,046,000 of the general fund—federal
32 appropriation are provided solely to maintain new crisis triage or
33 stabilization centers. Services in these facilities may include
34 crisis stabilization and intervention, individual counseling, peer
35 support, medication management, education, and referral assistance.
36 The authority shall monitor each center's effectiveness at lowering
37 the rate of state psychiatric hospital admissions.

38 (21) \$1,125,000 of the general fund—federal appropriation is
39 provided solely for the authority to develop a memorandum of

1 understanding with the department of health for implementation of
2 chapter 297, Laws of 2017 (opioid treatment programs). The authority
3 must use these amounts to reimburse the department of health for
4 costs incurred through the implementation of the bill.

5 (22) \$6,655,000 of the general fund—state appropriation for
6 fiscal year 2020, (~~(\$10,015,000)~~) \$9,074,000 of the general fund—
7 state appropriation for fiscal year 2021, and (~~(\$12,965,000)~~)
8 \$12,024,000 of the general fund—federal appropriation are provided
9 solely for the operation of secure withdrawal management and
10 stabilization facilities. The authority may not use any of these
11 amounts for services in facilities that are subject to federal
12 funding restrictions that apply to institutions for mental diseases,
13 unless they have received a waiver that allows for full federal
14 participation in these facilities. Within these amounts, funding is
15 provided to increase the fee for service rate for these facilities up
16 to \$650 per day. The authority must require in contracts with
17 behavioral health entities that, beginning in calendar year 2020,
18 they pay no lower than the fee for service rate. The authority must
19 coordinate with regional behavioral health entities to identify and
20 implement purchasing strategies or regulatory changes that increase
21 access to services for individuals with complex behavioral health
22 needs at secure withdrawal management and stabilization facilities.

23 (23) \$23,090,000 of the general fund—state appropriation for
24 fiscal year 2020, \$23,090,000 of the general fund—state appropriation
25 for fiscal year 2021, and \$92,444,000 of the general fund—federal
26 appropriation are provided solely to maintain the enhancement of
27 community-based behavioral health services that was funded in fiscal
28 year 2019. Twenty percent of the general fund—state appropriation
29 amounts for each regional service area must be contracted to the
30 behavioral health administrative services organizations and used to
31 increase their nonmedicaid funding and the remainder must be used to
32 increase medicaid rates above FY 2018 levels. Effective January 2020,
33 the medicaid funding is intended to increase rates for behavioral
34 health services provided by licensed and certified community
35 behavioral health agencies as defined by the department of health.
36 This funding must be allocated to the managed care organizations
37 proportionate to their medicaid enrollees. The authority must require
38 the managed care organizations to provide a report on their
39 implementation of this funding. The authority must submit a report to

1 the legislature by December 1, 2020, summarizing how this funding was
2 used and provide information for future options of increasing
3 behavioral health provider rates through directed payments. The
4 report must identify different mechanisms for implementing directed
5 payment for behavioral health providers including but not limited to
6 minimum fee schedules, across the board percentage increases, and
7 value-based payments. The report must provide a description of each
8 of the mechanisms considered, the timeline that would be required for
9 implementing the mechanism, and whether and how the mechanism is
10 expected to have a differential impact on different providers. The
11 report must also summarize the information provided by managed care
12 organizations in implementing the funding provided under this
13 section.

14 (24) \$27,917,000 of the general fund—state appropriation for

18 solely for the department to contract with community hospitals or
19 freestanding evaluation and treatment centers to provide long-term
20 inpatient care beds as defined in RCW 71.24.025. Within these
21 amounts, the authority must meet the requirements for reimbursing
22 counties for the judicial services for patients being served in these
23 settings in accordance with RCW 71.05.730. The authority must
24 coordinate with the department of social and health services in
25 developing the contract requirements, selecting contractors, and
26 establishing processes for identifying patients that will be admitted
27 to these facilities.

28 (a) Sufficient amounts are provided in fiscal year 2020 for the
29 authority to reimburse community hospitals serving medicaid clients
30 in long-term inpatient care beds as defined in RCW 71.24.025 at a
31 rate of \$1,171 per day, or the hospital's current psychiatric
32 inpatient per diem rate, whichever is higher. In fiscal year 2020,
33 the rate paid to hospitals in this subsection cannot exceed one-
34 hundred percent of the hospitals eligible costs based on their most
35 recently completed medicare cost report.

36 (b) Sufficient amounts are provided in fiscal year 2021 for the
37 authority to reimburse providers serving medicaid clients in long-
38 term inpatient care beds as defined in RCW 71.24.025 as follows: (i)
39 Community hospitals whose costs exceed their current rates based on

1 their most recently filed medicare cost report at one hundred percent
2 of the hospital's eligible costs documented in the most recently
3 filed medicare cost report; (ii) community hospitals that do not have
4 a filed medicare cost report on file with the authority at the
5 statewide average rate based on the average of provider specific
6 long-term inpatient care rates or the provider's current per diem
7 rate, whichever is higher; (iii) community hospitals whose costs do
8 not exceed their current rates based on their most recently filed
9 medicare cost report at a rate of \$940 per day; and (iv) nonhospital
10 residential treatment centers certified to provide long-term
11 inpatient care beds as defined in RCW 71.24.025 at a rate that
12 reflects a five percent increase from their fiscal year 2020 rate for
13 serving medicaid clients in long-term inpatient care beds as defined
14 in RCW 71.24.025.

15 ~~((e))~~ (c) The authority in collaboration with the Washington
16 state hospital association must convene a work group to further
17 refine the methodology for reimbursing community hospitals serving
18 these clients. The authority must provide a report to the appropriate
19 committees of the legislature by December 1, 2020. The report must
20 include options for incorporating additional factors into future rate
21 adjustments and identify where there may be overlap within the
22 different options. The report must include the following areas and
23 provide a description of the option and the methodology and
24 implementation costs associated with each option:

25 (i) Acuity adjustments for providers serving individuals with
26 higher levels of behavioral health or physical health care needs;

27 (ii) Retroactive reconciliation adjustments for providers whose
28 total costs for serving clients under this subsection are higher or
29 lower than payments received by the authority and any additional
30 payers.

31 (25) \$1,455,000 of the general fund—state appropriation for
32 fiscal year 2020 ~~((, \$1,401,000 of the general fund—state
33 appropriation for fiscal year 2021, and \$3,210,000 of the general
34 fund—federal—appropriation—))~~ is provided solely for the
35 implementation of intensive behavioral health treatment facilities
36 within the community behavioral health service system pursuant to

32 (b) The authority must allocate the amounts provided in (a) of
33 this subsection amongst the specific activities proportionate to the
34 fiscal year 2019 allocation.

35 (28)(a) \$1,125,000 of the general fund—state appropriation for
36 fiscal year 2020 and \$1,125,000 of the general fund—state

20 fiscal year 2020 (~~is~~) and \$12,440,000 of the general fund—state
21 appropriation for fiscal year 2021 are provided solely to assist
22 behavioral health entities with the costs of providing services to
23 medicaid clients receiving services in psychiatric facilities
24 classified as institutions of mental diseases. The authority must
25 distribute these amounts proportionate to the number of bed days for
26 medicaid clients in institutions for mental diseases that were
27 excluded from behavioral health entity calendar year 2019 capitation
28 rates because they exceeded the amounts allowed under federal
29 regulations. The authority must also use these amounts to directly
30 pay for costs that are ineligible for medicaid reimbursement in
31 institutions of mental disease facilities for American Indian and
32 Alaska Natives who opt to receive behavioral health services on a
33 fee-for-service basis. The amounts used for these individuals must be
34 reduced from the allocation of the behavioral health entities where
35 the individual resides. If a behavioral health entity receives more

37 their medicaid clients in institutions for mental diseases, they must
38 use the remainder of the amounts to provide other services not
39 covered under the medicaid program. The authority must submit an
40 application for a waiver to allow, by July 1, 2020, for full federal

5 legislature by December 1, 2019.

6 (30) The authority must require all behavioral health
7 organizations transitioning to full integration to either spend down
8 or return all reserves in accordance with contract requirements and
9 federal and state law. Behavioral health organization reserves may
10 not be used to pay for services to be provided beyond the end of a
11 behavioral health organization's contract or for startup costs in
12 full integration regions except as provided in this subsection. The
13 authority must ensure that any increases in expenditures in
14 behavioral health reserve spend-down plans are required for the
15 operation of services during the contract period and do not result in
16 overpayment to providers. If the nonfederal share of reserves
17 returned during fiscal year 2020 exceeds \$35,000,000, the authority
18 shall use some of the amounts in excess of \$35,000,000 to support the
19 final regions transitioning to full integration of physical and
20 behavioral health care. These amounts must be distributed
21 proportionate to the population of each regional area covered. The
22 maximum amount allowed per region is \$3,175 per 1,000 residents.
23 These amounts must be used to provide a reserve for nonmedicaid
24 services in the region to stabilize the new crisis services system.

25 (31) \$1,850,000 of the general fund—state appropriation for
26 fiscal year 2020, \$1,850,000 of the general fund—state appropriation
27 for fiscal year 2021, and \$13,312,000 of the general fund—federal
28 appropriation are provided solely for the authority to implement a
29 medicaid state plan amendment which provides for substance use
30 disorder peer support services to be included in behavioral health
31 capitation rates beginning in fiscal year 2020 in accordance with
32 section 213(5)(ss), chapter 299, Laws of 2018. The authority shall
33 require managed care organizations to provide access to peer support
34 services for individuals with substance use disorders transitioning
35 from emergency departments, inpatient facilities, or receiving
36 treatment as part of hub and spoke networks.

38 fiscal year 2021 and \$1,686,000 of the general fund—federal
39 appropriation are provided solely for the authority to increase the

1 number of residential beds for pregnant and parenting women. These
2 amounts may be used for startup funds and ongoing costs associated
3 with two new sixteen bed pregnant and parenting women residential
4 treatment programs.

5 (33) Within the amounts appropriated in this section, the
6 authority must maintain a rate increase for community hospitals that
7 provide a minimum of 200 medicaid psychiatric inpatient days pursuant
8 to the methodology adopted to implement section 213(5)(n), chapter
9 299, Laws of 2018 (ESSB 6032) (partial veto).

10 (34) \$1,393,000 of the general fund—state appropriation for
11 fiscal year 2020, \$1,423,000 of the general fund—state appropriation
12 for fiscal year 2021, and \$5,938,000 of the general fund—federal

14 discharge wraparound services for individuals with complex behavioral
15 health conditions transitioning or being diverted from admission to
16 psychiatric inpatient programs. The authority must coordinate with
17 the department of social and health services in establishing the
18 standards for these programs.

19 (35) \$850,000 of the general fund—federal appropriation is
20 provided solely to contract with a nationally recognized recovery
21 residence organization and to create a revolving fund for loans to
22 operators of recovery residences seeking certification in accordance
23 with Second Substitute House Bill No. 1528 (recovery support
24 services).

25 (36) \$212,000 of the general fund—state appropriation for fiscal
26 year 2020, \$212,000 of the general fund—state appropriation for
27 fiscal year 2021, and \$124,000 of the general fund—federal
28 appropriation are provided solely for the implementation of Engrossed
29 Second Substitute House Bill No. 1874 (adolescent behavioral health).
30 Funding is provided specifically for the authority to provide an
31 online training to behavioral health providers related to state law
32 and best practices in family-initiated treatment, adolescent-
33 initiated treatment, and other services and to conduct an annual
34 survey to measure the impacts of implementing policies resulting from
35 the bill.

36 (37) \$500,000 of the general fund—state appropriation for fiscal
37 year 2020, \$500,000 of the general fund—state appropriation for
38 fiscal year 2021, and \$1,000,000 of the general fund—federal

1 memorandum of understanding with the criminal justice training
2 commission to provide funding for community grants pursuant to Second
3 Substitute House Bill No. 1767 (alternatives to arrest).

4 (38) \$500,000 of the general fund—state appropriation for fiscal
5 year 2020 and \$500,000 of the general fund—state appropriation for
6 fiscal year 2021 are provided solely for provision of crisis
7 stabilization services to individuals who are not eligible for
8 medicaid in Whatcom county. The authority must coordinate with crisis
9 stabilization providers, managed care organizations, and behavioral
10 health administrative services organizations throughout the state to
11 identify payment models that reflect the unique needs of crisis
12 stabilization and crisis triage providers. The report must also
13 include an analysis of the estimated gap in nonmedicaid funding for
14 crisis stabilization and triage facilities throughout the state. The

9 protectiveness, such as no net loss standards, have been sufficient

19 Allocations for classified staff units providing school building-

32 subsection (5) are calculated by first multiplying the total number
33 of eligible certificated instructional, certificated administrative,
34 and classified staff units providing school-based or district-wide
35 support services, as identified in RCW 28A.150.260(6)(b) and the
36 increased allocations provided pursuant to subsections (2) and (4) of
37 this section, by 5.3 percent.

1 (b) Of the central office staff units calculated in (a) of this
2 subsection, 74.53 percent are allocated as classified staff units, as

16 rates that exceed the general education rate established for students
17 in the same grade in this subsection (5) by 12.50 percent in the
18 2019-20 school year and (~~(12.52)~~) 12.63 percent in the 2020-21 school
19 year for career and technical education students, and 17.83 percent

 3 year, the number of calculated benefit units determined below.
 4 Calculated benefit units are staff units multiplied by the benefit
 5 allocation factors established in the collective bargaining agreement
 6 referenced in section 907 of this act. These factors are intended to
 7 adjust allocations so that, for the purpose of distributing insurance
 8 benefits, full-time equivalent employees may be calculated on the
 9 basis of 630 hours of work per year, with no individual employee
 10 counted as more than one full-time equivalent. The number of benefit

Funds in the account are provided solely for the information technology projects shown in LEAP omnibus documents IT-2019, dated April 25, 2019, and IT-2020, dated March 9, 2020, which is hereby incorporated by reference. To facilitate the transfer of moneys from other funds and accounts that are associated with projects contained in LEAP omnibus documents IT-2019, dated April 25, 2019, and IT-2020, dated March 9, 2020, the state treasurer is directed to transfer moneys from other funds and accounts to the information technology investment revolving account in accordance with schedules provided by the office of financial management. 1 **PART XVIII**
2 **MISCELLANEOUS**
3 **SUPPLEMENTAL**

4 **Sec. 1801.** RCW 15.76.115 and 2018 c 280 s 3 are each amended to
5 read as follows:

6 The fair fund is created in the custody of the state treasury.
7 All moneys received by the department of agriculture for the purposes
8 of this fund and from RCW 67.16.105 shall be deposited into the fund.
9 ~~((Each))~~ Except during fiscal year 2021, each fiscal year, the state
10 treasurer shall transfer into the fair fund from the general fund the
11 sum of two million dollars. During fiscal year 2021, the state
12 treasurer shall transfer into the fair fund from the general fund the
13 sum of \$1,005,000. Expenditures from the fund may be used only for
14 assisting fairs in the manner provided in this chapter. Only the
15 director of agriculture or the director's designee may authorize
16 expenditures from the fund. The fund is subject to allotment
17 procedures under chapter 43.88 RCW, but no appropriation is required
18 for expenditures.

19 NEW SECTION. **Sec. 1802.** A new section is added to chapter
20 28A.300 RCW to read as follows:

21 The elementary and secondary school emergency relief III account
22 is created in the state treasury. Revenues attributable to section
23 2001, the American rescue plan act of 2021, P.L. 117-2 must be
24 deposited into the account. Moneys in the account may be spent only
25 after appropriation.

26 **Sec. 1803.** RCW 28B.115.070 and 2019 c 415 s 954, 2019 c 406 s
27 72, and 2019 c 302 s 6 are each reenacted and amended to read as
28 follows:

29 (1) After June 1, 1992, the department, in consultation with the
30 office and the department of social and health services, shall:

31 ~~((1))~~ (a) Determine eligible credentialed health care
32 professions for the purposes of the health professional loan
33 repayment and scholarship program and the behavioral health loan
34 repayment program authorized by this chapter. Eligibility shall be
35 based upon an assessment that determines that there is a shortage or
36 insufficient availability of a credentialed profession so as to
37 jeopardize patient care and pose a threat to the public health and

1 safety. The department shall consider the relative degree of
2 shortages among professions when determining eligibility. The
3 department may add or remove professions from eligibility based upon
4 the determination that a profession is no longer in shortage. Should
5 a profession no longer be eligible, participants or eligible students
6 who have received scholarships shall be eligible to continue to
7 receive scholarships or loan repayments until they are no longer
8 eligible or until their service obligation has been completed;

9 ~~((2))~~ (b) Determine health professional shortage areas for each
10 of the eligible credentialed health care professions; and

11 ~~((3))~~ (c) Determine underserved behavioral health areas for
12 each of the eligible credentialed health care professions.

13 (2) For the 2017-2019 and 2019-2021 fiscal biennia, consideration
14 for eligibility shall also be given to registered nursing students
15 who have been accepted into an eligible nursing education program and
16 have declared an intention to teach nursing upon completion of the
17 nursing education program.

18 (3) For the 2019-2021 fiscal biennium, eligibility for loan
19 repayment shall also be given to chiropractors.

20 (4) For the 2019-2021 fiscal biennium, the department must
21 consider pediatric and juvenile rheumatologists for eligibility for
22 loan repayment.

23 NEW SECTION. Sec. 1804. A new section is added to chapter 43.79
24 RCW to read as follows:

25 The Washington rescue plan transition account is created in the
26 state treasury. Moneys in the account may be spent only after
27 appropriation. Revenues to the account consist of moneys directed by
28 the legislature to the account. Allowable uses of moneys in the
29 account include responding to the impacts of the COVID-19 pandemic
30 including those related to education, human services, health care,
31 and the economy. In addition, the legislature may appropriate from
32 the account to continue activities begun with, or augmented with,
33 COVID-19 related federal funding.

34 NEW SECTION. Sec. 1805. A new section is added to chapter 43.79
35 RCW to read as follows:

36 The coronavirus state fiscal rescue fund is created in the state
37 treasury. Moneys in the account may be spent only after
38 appropriation. All federal moneys received by the state pursuant to

1 the American rescue plan act of 2021, state fiscal recovery fund,
2 P.L. 117-2, subtitle M, section 9901, must be deposited in the
3 account. The legislature may appropriate from the account only for
4 the purposes authorized in that section of the federal act.

5 **Sec. 1806.** RCW 43.88.058 and 2018 c 208 s 5 are each amended to
6 read as follows:

7 For the purposes of this chapter, expenditures for the following
8 foster care, adoption support and related services, and child
9 protective services must be forecasted and budgeted as maintenance
10 level costs:

11 (1) Behavioral rehabilitation services placements;

12 (2) Social worker and related staff to receive, refer, and
13 respond to screened-in reports of child abuse or neglect, except in
14 fiscal year 2021;

15 (3) Court-ordered parent-child and sibling visitations delivered
16 by contractors; and

17 (4) Those activities currently being treated as maintenance level
18 costs for budgeting or forecasting purposes on June 7, 2018,
19 including, but not limited to: (a) Adoption support and other
20 adoption-related expenses; (b) foster care maintenance payments; (c)
21 child-placing agency management fees; (d) support goods such as
22 clothing vouchers; (e) child aides; and (f) child care for children
23 in foster or relative placements when the caregiver is at work or in
24 school.

25 NEW SECTION. **Sec. 1807.** The office of financial management must
26 apply for waivers pursuant to section 2004 of the American rescue
27 plan act of 2021, P.L. 117-2 and section 317, the coronavirus
28 response and relief supplemental appropriations act, P.L. 116-260,
29 division M. In the request for the waiver, the office is to, among
30 other things, note the increase in state appropriations in K-12 and
31 higher education programs for fiscal years 2022 and 2023 compared to
32 the combined average of appropriations for 2017, 2018, and 2019 for
33 these programs, demonstrating a growth in state spending in K-12 and
34 higher education in the relevant period. The office of financial
35 management must coordinate with the office of the superintendent of
36 public instruction in applying for the waiver.

1 NEW SECTION. **Sec. 1808.** If any part of this act is found to be
2 in conflict with federal requirements that are a prescribed condition
3 to the allocation of federal funds to the state, the conflicting part
4 of this act is inoperative solely to the extent of the conflict and
5 with respect to the agencies directly affected, and this finding does
6 not affect the operation of the remainder of this act in its
7 application to the agencies concerned. Rules adopted under this act
8 must meet federal requirements that are a necessary condition to the
9 receipt of federal funds by the state.

10 NEW SECTION. **Sec. 1809.** If any provision of this act or its
11 application to any person or circumstance is held invalid, the
12 remainder of the act or the application of the provision to other
13 persons or circumstances is not affected.

14 NEW SECTION. **Sec. 1810.** This act is necessary for the immediate
15 preservation of the public peace, health, or safety, or support of
16 the state government and its existing public institutions, and takes
17 effect immediately.
