35 current use of those sites;

36 (vi) The competitive position of Washington refineries to produce
37 alternative fuels consistent with Washington's emissions reductions
38 defined in RCW 70A.45.020, the anticipated regional, national, and
39 global demand for these fuels between 2023 and 2050; and the likely

1 employment, tax, environmental, cultural, and treaty impacts of

PART II
HUMAN SERVICES

NEW SECTION. **Sec. 201. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the
2 payment rates.

3 (4) The department shall to the maximum extent practicable use
4 the same system for delivery of spoken-language interpreter services
5 for social services appointments as the one established for medical
6 appointments in the health care authority. When contracting directly
7 with an individual to deliver spoken language interpreter services,
8 the department shall only contract with language access providers who
9 are working at a location in the state and who are state-certified or
10 state-authorized, except that when such a provider is not available,
11 the department may use a language access provider who meets other
12 certifications or standards deemed to meet state standards, including
13 interpreters in other states.

14 (5) Information technology projects or investments and proposed
15 projects or investments impacting time capture, payroll and payment
16 processes and systems, eligibility, case management, and
17 authorization systems within the department of social and health
18 services are subject to technical oversight by the office of the
19 chief information officer.

20 (6) (a) The department shall facilitate enrollment under the
21 medicaid expansion for clients applying for or receiving state funded
22 services from the department and its contractors. Prior to open
23 enrollment, the department shall coordinate with the health care
24 authority to provide referrals to the Washington health benefit
25 exchange for clients that will be ineligible for medicaid.

26 (b) To facilitate a single point of entry across public and
27 medical assistance programs, and to maximize the use of federal
28 funding, the health care authority, the department of social and
29 health services, and the health benefit exchange will coordinate
30 efforts to expand HealthPlanfinder access to public assistance and
31 medical eligibility staff. The department shall complete medicaid
32 applications in the HealthPlanfinder for households receiving or
33 applying for public assistance benefits.

34 (7) The health care authority, the health benefit exchange, the
35 department of social and health services, the department of health,
36 the department of corrections, and the department of children, youth,
37 and families shall work together within existing resources to
38 establish the health and human services enterprise coalition (the
39 coalition). The coalition, led by the health care authority, must be
40 a multi-organization collaborative that provides strategic direction

1 and federal funding guidance for projects that have cross-
2 organizational or enterprise impact, including information technology
3 projects that affect organizations within the coalition. The office
4 of the chief information officer shall maintain a statewide
5 perspective when collaborating with the coalition to ensure that

1 fiscal year 2025, and \$25,267,000 of the general fund—federal

6 (h) The department may authorize a one-time waiver of all or any
7 portion of the licensing and processing fees required under RCW
8 70.128.060 in any case in which the department determines that an
9 adult family home is being relicensed because of exceptional
10 circumstances, such as death or incapacity of a provider, and that to
11 require the full payment of the licensing and processing fees would
12 present a hardship to the applicant. In these situations the
13 department is also granted the authority to waive the required
14 residential administrator training for a period of 120 days if
15 necessary to ensure continuity of care during the relicensing
16 process.

17 (i) Community residential cost reports that are submitted by or
18 on behalf of contracted agency providers are required to include
19 information about agency staffing including health insurance, wages,
20 number of positions, and turnover.

27 shared supportive housing beds, state operated living alternative
28 beds, and assisted living facility beds.

30 to leaving one of the state psychiatric hospitals. The individualized
31 assessment must identify and authorize personal care, nursing care,
32 behavioral health stabilization, physical therapy, or other necessary
33 services to meet the unique needs of each client. It is the
34 expectation that, in most cases, staffing ratios in all community
35 alternative placement options described in (j)(i) of this subsection
36 will need to increase to meet the needs of clients leaving the state
37 psychiatric hospitals. If specialized training is necessary to meet
38 the needs of a client before he or she enters a community placement,
39 then the person centered service plan must also identify and
40 authorize this training.

1 (iii) When reviewing placement options, the department must
2 consider the safety of other residents, as well as the safety of
3 staff, in a facility. An initial evaluation of each placement,
4 including any documented safety concerns, must occur within thirty
5 days of a client leaving one of the state psychiatric hospitals and
6 entering one of the community placement options described in (j)(i)
7 of this subsection. At a minimum, the department must perform two
8 additional evaluations of each placement during the first year that a
9 client has lived in the facility.

10 (iv) In developing bed capacity, the department shall consider
11 the complex needs of individuals waiting for discharge from the state

13 (k) Sufficient appropriations are provided for discharge case
14 managers stationed at the state psychiatric hospitals. Discharge case
15 managers will transition clients ready for hospital discharge into

18 psychiatric hospitals.

24 (m) The annual certification renewal fee for community
25 residential service businesses is \$859 per client in fiscal year 2024
26 and \$859 per client in fiscal year 2025. The annual certification

28 oversight activity costs.

32 appropriation are provided solely for enhanced respite beds across
33 the state for children. These services are intended to provide

35 for behavioral stabilization of the child, and the ability to partner

37 that allows the child to remain in his or her home. The department
38 must provide the legislature with a respite utilization report in

5 year 2024 and \$2,154,000 of the general fund—state appropriation for
6 fiscal year 2025 are provided solely for 13 community respite beds
7 across the state for adults. These services are intended to provide
8 families and caregivers with a break in caregiving and the
9 opportunity for stabilization of the individual in a community-based
10 setting as an alternative to using a residential habilitation center
11 to provide planned or emergent respite. The department must provide
12 the legislature with a respite utilization report by January of each
13 year that provides information about the number of individuals who
14 have used community respite in the preceding year, as well as the
15 location and number of days per month that each respite bed was

34 increase bed capacity at an adult family home to seven or eight beds.

35 (s) The appropriations in this section include sufficient funding
36 to provide access to the individual and family services waiver and

35 and following fiscal year. This must include which coalition agencies
36 are involved in these projects, including the anticipated in-kind
37 funding by agency, and if a budget request will be submitted for
38 funding. This must reflect all funding required by fiscal year and by
39 fund source and include the budget outlook period.

22 The appropriations in this section are subject to the following
23 conditions and limitations:

24 (1) The authority shall submit an application to the centers for
25 medicare and medicaid services to renew the 1115 demonstration waiver
26 for an additional five years as described in subsections (2), (3),
27 and (4) of this section. The authority may not accept or expend any
28 federal funds received under an 1115 demonstration waiver except as
29 described in this section unless the legislature has appropriated the
30 federal funding. To ensure compliance with legislative requirements
31 and terms and conditions of the waiver, the authority shall implement
32 the renewal of the 1115 demonstration waiver and reporting
33 requirements with oversight from the office of financial management.
34 The legislature finds that appropriate management of the renewal of
35 the 1115 demonstration waiver as set forth in subsections (2), (3),
36 and (4) of this section requires sound, consistent, timely, and
37 transparent oversight and analytic review in addition to lack of
38 redundancy with other established measures. The patient must be
39 considered first and foremost in the implementation and execution of

1 the demonstration waiver. To accomplish these goals, the authority
2 shall develop consistent performance measures that focus on
3 population health and health outcomes. The authority shall limit the
4 number of projects that accountable communities of health may
5 participate in under initiative 1 to a maximum of six and shall seek
6 to develop common performance measures when possible. The joint
7 select committee on health care oversight will evaluate the measures
8 chosen: (a) For effectiveness and appropriateness; and (b) to provide
9 patients and health care providers with significant input into the
10 implementation of the demonstration waiver to promote improved
11 population health and patient health outcomes. In cooperation with
12 the department of social and health services, the authority shall
13 consult with and provide notification of work on applications for
14 federal waivers, including details on waiver duration, financial
15 implications, and potential future impacts on the state budget to the
16 joint select committee on health care oversight prior to submitting
17 these waivers for federal approval. Prior to final approval or
18 acceptance of funds by the authority, the authority shall submit the
19 special terms and conditions as submitted to the centers for medicare
20 and medicaid services and the anticipated budget for the duration of
21 the renewed waiver to the governor, the joint select committee on
22 health care, and the fiscal committees of the legislature. By federal
23 standard any programs created or funded by this waiver do not create
24 an entitlement. The demonstration period for the waiver as described
25 in subsections (2), (3), and (4) of this section begins July 1, 2023.

26 (2) (a) \$150,219,000 of the general fund—federal appropriation and
27 \$150,219,000 of the general fund—local appropriation are provided
28 solely for accountable communities of health described in initiative
29 1 of the 1115 demonstration waiver and this is the maximum amount
30 that may be expended for this purpose. In renewing this initiative,
31 the authority shall consider local input regarding community needs
32 and shall limit total local projects to no more than six. To provide
33 transparency to the appropriate fiscal committees of the legislature,
34 the authority shall provide fiscal staff of the legislature query
35 ability into any database of the fiscal intermediary that authority
36 staff would be authorized to access. The authority shall not
37 supplement the amounts provided in this subsection with any general
38 fund—state moneys appropriated in this section or any moneys that may
39 be transferred pursuant to subsection (1) of this section. The

1 director shall report to the fiscal committees of the legislature all
2 expenditures under this subsection and provide such fiscal data in
3 the time, manner, and form requested by the legislative fiscal
4 committees.

5 (b) \$438,515,000 of the general fund—federal appropriation and
6 \$179,111,000 of the general fund—private/local appropriation are
7 provided solely for the medicaid quality improvement program and this
8 is the maximum amount that may be expended for this purpose. Medicaid
9 quality improvement program payments do not count against the 1115
10 demonstration waiver spending limits and are excluded from the
11 waiver's budget neutrality calculation. The authority may provide
12 medicaid quality improvement program payments to apple health managed
13 care organizations and their partnering providers as they meet
14 designated milestones. Partnering providers and apple health managed
15 care organizations must work together to achieve medicaid quality
16 improvement program goals according to the performance period
17 timelines and reporting deadlines as set forth by the authority. The
18 authority may only use the medicaid quality improvement program to
19 support initiatives 1, 2, and 3 as described in the 1115
20 demonstration waiver and may not pursue its use for other purposes.
21 Any programs created or funded by the medicaid quality improvement
22 program do not constitute an entitlement for clients or providers.
23 The authority shall not supplement the amounts provided in this
24 subsection with any general fund—state, general fund—federal, or
25 general fund—local moneys appropriated in this section or any moneys
26 that may be transferred pursuant to subsection (1) of this section.
27 The director shall report to the joint select committee on health
28 care oversight not less than quarterly on financial and health
29 outcomes. The director shall report to the fiscal committees of the
30 legislature all expenditures under this subsection and shall provide
31 such fiscal data in the time, manner, and form requested by the
32 legislative fiscal committees.

33 (c) In collaboration with the accountable communities of health,
34 the authority will submit a report to the governor and the joint
35 select committee on health care oversight describing how each of the
36 accountable community of health's work aligns with the community
37 needs assessment no later than December 1, 2023.

38 (d) Performance measures and payments for accountable communities
39 of health shall reflect accountability measures that demonstrate

1 progress toward transparent, measurable, and meaningful goals that
2 have an impact on improved population health and improved health
3 outcomes, including a path to financial sustainability. While these
4 goals may have variation to account for unique community
5 demographics, measures should be standardized when possible.

6 (3) \$115,713,000 of the general fund—federal appropriation and
7 \$115,725,000 of the general fund—local appropriation are provided
8 solely for long-term support services as described in initiative 2 of
9 the 1115 demonstration waiver as well as administrative expenses for
10 initiative 3 and this is the maximum amount that may be expended for
11 this purpose. The authority shall contract with and provide funding
12 to the department of social and health services to administer
13 initiative 2. The director in cooperation with the secretary of the
14 department of social and health services shall report to the office
15 of financial management all of the expenditures of this section and
16 shall provide such fiscal data in the time, manner, and form
17 requested. The authority shall not supplement the amounts provided in
18 this subsection with any general fund—state moneys appropriated in
19 this section or any moneys that may be transferred pursuant to
20 subsection (1) of this section.

21 (4) (a) \$54,912,000 of the general fund—federal appropriation and
22 \$30,162,000 of the general fund—local appropriation are provided
23 solely for supported housing and employment services described in
24 initiative 3a and 3b of the 1115 demonstration waiver and this is the
25 maximum amount that may be expended for this purpose. Under this
26 initiative, the authority and the department of social and health
27 services shall ensure that allowable and necessary services are
28 provided to eligible clients as identified by the department or its
29 third-party administrator. The authority and the department, in
30 consultation with the medical assistance expenditure forecast work
31 group, shall ensure that reasonable reimbursements are established
32 for services deemed necessary within an identified limit per
33 individual. The authority shall not supplement the amounts provided
34 in this subsection with any general fund—state moneys appropriated in
35 this section or any moneys that may be transferred pursuant to
36 subsection (1) of this section. The director shall report to the
37 joint select committee on health care oversight no less than
38 quarterly on financial and health outcomes. The director shall also
39 report to the fiscal committees of the legislature all of the

1 expenditures of this subsection and shall provide such fiscal data in
2 the time, manner, and form requested by the legislative fiscal
3 committees.

4 (b) The authority and the department shall seek additional
5 flexibilities for housing supports through the centers for medicare
6 and medicaid services and shall coordinate with the office of
7 financial management and the department of commerce to ensure that
8 services are not duplicated.

9 (c) The director shall report to the joint select committee on
10 health care oversight no less than quarterly on utilization and
11 caseload statistics for both supportive housing and employment
12 services and its progress toward increasing uptake and availability
13 for these services.

14 (5) \$1,432,000 of the general fund—state appropriation for fiscal
15 year 2024 and \$3,008,000 of the general fund—state appropriation for
16 fiscal year 2025 are provided solely for supported employment
17 services and \$1,478,000 of the general fund—state appropriation for
18 fiscal year 2024 and \$3,162,000 of the general fund—state
19 appropriation for fiscal year 2025 are provided solely for supported
20 housing services, similar to the services described in initiatives 3a
21 and 3b of the 1115 demonstration waiver to individuals who are
22 ineligible for medicaid. Under these initiatives, the authority and
23 the department of social and health services shall ensure that
24 allowable and necessary services are provided to eligible clients as
25 identified by the authority or its third-party administrator. Before
26 authorizing services, eligibility for initiative 3a or 3b of the 1115
27 demonstration waiver must first be determined.

28 (6) Sufficient amounts are appropriated in this subsection to
29 implement the medicaid expansion as defined in the social security
30 act, section 1902(a)(10)(A)(i)(VIII).

31 (7) The legislature finds that medicaid payment rates, as
32 calculated by the health care authority pursuant to the
33 appropriations in this act, bear a reasonable relationship to the
34 costs incurred by efficiently and economically operated facilities
35 for providing quality services and will be sufficient to enlist
36 enough providers so that care and services are available to the
37 extent that such care and services are available to the general
38 population in the geographic area. The legislature finds that the
39 cost reports, payment data from the federal government, historical

1 utilization, economic data, and clinical input constitute reliable
2 data upon which to determine the payment rates.

3 (8) Based on quarterly expenditure reports and caseload
4 forecasts, if the health care authority estimates that expenditures
5 for the medical assistance program will exceed the appropriations,
6 the health care authority shall take steps including but not limited
7 to reduction of rates or elimination of optional services to reduce
8 expenditures so that total program costs do not exceed the annual
9 appropriation authority.

10 (9) In determining financial eligibility for medicaid-funded
11 services, the health care authority is authorized to disregard
12 recoveries by Holocaust survivors of insurance proceeds or other
13 assets, as defined in RCW 48.104.030.

14 (10) The legislature affirms that it is in the state's interest
15 for Harborview medical center to remain an economically viable
16 component of the state's health care system.

17 (11) When a person is ineligible for medicaid solely by reason of
18 residence in an institution for mental diseases, the health care
19 authority shall provide the person with the same benefits as he or
20 she would receive if eligible for medicaid, using state-only funds to
21 the extent necessary.

22 (12) \$4,176,000 of the general fund—state appropriation for
23 fiscal year 2024, \$4,261,000 of the general fund—state appropriation
24 for fiscal year 2025, and \$8,607,000 of the general fund—federal
25 appropriation are provided solely for low-income disproportionate
26 share hospital payments.

27 (13) Within the amounts appropriated in this section, the health
28 care authority shall provide disproportionate share hospital payments
29 to hospitals that provide services to children in the children's
30 health program who are not eligible for services under Title XIX or
31 XXI of the federal social security act due to their citizenship
32 status.

33 (14) \$7,000,000 of the general fund—federal appropriation is
34 provided solely for supplemental payments to nursing homes operated
35 by public hospital districts. The public hospital district shall be
36 responsible for providing the required nonfederal match for the
37 supplemental payment, and the payments shall not exceed the maximum
38 allowable under federal rules. It is the legislature's intent that
39 the payments shall be supplemental to and shall not in any way offset

1 or reduce the payments calculated and provided in accordance with
2 part E of chapter 74.46 RCW. It is the legislature's further intent
3 that costs otherwise allowable for rate-setting and settlement
4 against payments under chapter 74.46 RCW shall not be disallowed
5 solely because such costs have been paid by revenues retained by the
6 nursing home from these supplemental payments. The supplemental
7 payments are subject to retrospective interim and final cost
8 settlements based on the nursing homes' as-filed and final medicare
9 cost reports. The timing of the interim and final cost settlements
10 shall be at the health care authority's discretion. During either the
11 interim cost settlement or the final cost settlement, the health care
12 authority shall recoup from the public hospital districts the
13 supplemental payments that exceed the medicaid cost limit and/or the
14 medicare upper payment limit. The health care authority shall apply
15 federal rules for identifying the eligible incurred medicaid costs
16 and the medicare upper payment limit.

17 (15) The health care authority shall continue the inpatient
18 hospital certified public expenditures program for the 2023-2025
19 fiscal biennium. The program shall apply to all public hospitals,
20 including those owned or operated by the state, except those
21 classified as critical access hospitals or state psychiatric
22 institutions. The health care authority shall submit reports to the
23 governor and legislature by November 1, 2023, and by November 1,
24 2024, that evaluate whether savings continue to exceed costs for this
25 program. If the certified public expenditures (CPE) program in its
26 current form is no longer cost-effective to maintain, the health care
27 authority shall submit a report to the governor and legislature
28 detailing cost-effective alternative uses of local, state, and
29 federal resources as a replacement for this program. During fiscal
30 year 2024 and fiscal year 2025, hospitals in the program shall be
31 paid and shall retain 100 percent of the federal portion of the
32 allowable hospital cost for each medicaid inpatient fee-for-service
33 claim payable by medical assistance and 100 percent of the federal
34 portion of the maximum disproportionate share hospital payment
35 allowable under federal regulations. For the purpose of determining
36 the amount of any state grant under this subsection, payments will
37 include the federal portion of medicaid program supplemental payments
38 received by the hospitals. Inpatient medicaid payments shall be
39 established using an allowable methodology that approximates the cost
40 of claims submitted by the hospitals. Payments made to each hospital

1 in the program in each fiscal year of the biennium shall be compared
2 to a baseline amount. The baseline amount will be determined by the
3 total of (a) the inpatient claim payment amounts that would have been
4 paid during the fiscal year had the hospital not been in the CPE
5 program based on the reimbursement rates developed, implemented, and
6 consistent with policies approved in the 2023-2025 biennial operating
7 appropriations act and in effect on July 1, 2015, (b) one-half of the
8 indigent assistance disproportionate share hospital payment amounts
9 paid to and retained by each hospital during fiscal year 2005, and
10 (c) all of the other disproportionate share hospital payment amounts
11 paid to and retained by each hospital during fiscal year 2005 to the
12 extent the same disproportionate share hospital programs exist in the
13 2019-2021 fiscal biennium. If payments during the fiscal year exceed
14 the hospital's baseline amount, no additional payments will be made
15 to the hospital except the federal portion of allowable
16 disproportionate share hospital payments for which the hospital can
17 certify allowable match. If payments during the fiscal year are less
18 than the baseline amount, the hospital will be paid a state grant
19 equal to the difference between payments during the fiscal year and
20 the applicable baseline amount. Payment of the state grant shall be
21 made in the applicable fiscal year and distributed in monthly
22 payments. The grants will be recalculated and redistributed as the
23 baseline is updated during the fiscal year. The grant payments are
24 subject to an interim settlement within 11 months after the end of
25 the fiscal year. A final settlement shall be performed. To the extent
26 that either settlement determines that a hospital has received funds
27 in excess of what it would have received as described in this
28 subsection, the hospital must repay the excess amounts to the state
29 when requested. \$237,000 of the general fund—state appropriation for
30 fiscal year 2024 and \$218,000 of the general fund—state appropriation
31 for fiscal year 2025 are provided solely for state grants for the
32 participating hospitals.

33 (16) The health care authority shall seek public-private
34 partnerships and federal funds that are or may become available to
35 provide ongoing support for outreach and education efforts under the
36 federal children's health insurance program reauthorization act of
37 2009.

38 (17) The health care authority shall target funding for maternity
39 support services towards pregnant women with factors that lead to
40 higher rates of poor birth outcomes, including hypertension, a

1 preterm or low birth weight birth in the most recent previous birth,
2 a cognitive deficit or developmental disability, substance abuse,
3 severe mental illness, unhealthy weight or failure to gain weight,
4 tobacco use, or African American or Native American race. The health
5 care authority shall prioritize evidence-based practices for delivery
6 of maternity support services. To the extent practicable, the health
7 care authority shall develop a mechanism to increase federal funding
8 for maternity support services by leveraging local public funding for
9 those services.

10 (18) The authority shall submit reports to the governor and the
11 legislature by September 15, 2023, and no later than September 15,
12 2024, that delineate the number of individuals in medicaid managed
13 care, by carrier, age, gender, and eligibility category, receiving
14 preventative services and vaccinations. The reports should include
15 baseline and benchmark information from the previous two fiscal years
16 and should be inclusive of, but not limited to, services recommended
17 under the United States preventative services task force, advisory
18 committee on immunization practices, early and periodic screening,
19 diagnostic, and treatment (EPSDT) guidelines, and other relevant
20 preventative and vaccination medicaid guidelines and requirements.

21 (19) Managed care contracts must incorporate accountability
22 measures that monitor patient health and improved health outcomes,
23 and shall include an expectation that each patient receive a wellness
24 examination that documents the baseline health status and allows for
25 monitoring of health improvements and outcome measures.

26 (20) Sufficient amounts are appropriated in this section for the
27 authority to provide an adult dental benefit.

28 (21) The health care authority shall coordinate with the
29 department of social and health services to provide referrals to the
30 Washington health benefit exchange for clients that will be
31 ineligible for medicaid.

32 (22) To facilitate a single point of entry across public and
33 medical assistance programs, and to maximize the use of federal
34 funding, the health care authority, the department of social and
35 health services, and the health benefit exchange will coordinate
36 efforts to expand HealthPlanfinder access to public assistance and
37 medical eligibility staff. The health care authority shall complete
38 medicaid applications in the HealthPlanfinder for households
39 receiving or applying for medical assistance benefits.

1 (23) \$90,000 of the general fund—state appropriation for fiscal
2 year 2024, \$90,000 of the general fund—state appropriation for fiscal
3 year 2025, and \$180,000 of the general fund—federal appropriation are
4 provided solely to continue operation by a nonprofit organization of
5 a toll-free hotline that assists families to learn about and enroll
6 in the apple health for kids program.

7 (24) Within the amounts appropriated in this section, the
8 authority shall reimburse for primary care services provided by
9 naturopathic physicians.

10 (25) Within the amounts appropriated in this section, the
11 authority shall continue to provide coverage for pregnant teens that
12 qualify under existing pregnancy medical programs, but whose
13 eligibility for pregnancy related services would otherwise end due to
14 the application of the new modified adjusted gross income eligibility
15 standard.

16 (26) Sufficient amounts are appropriated in this section to
17 remove the mental health visit limit and to provide the shingles
18 vaccine and screening, brief intervention, and referral to treatment
19 benefits that are available in the medicaid alternative benefit plan
20 in the classic medicaid benefit plan.

21 (27) The authority shall use revenue appropriated from the
22 dedicated cannabis account for contracts with community health
23 centers under RCW 69.50.540 in lieu of general fund—state payments to
24 community health centers for services provided to medical assistance
25 clients, and it is the intent of the legislature that this policy
26 will be continued in subsequent fiscal biennia.

27 (28) Beginning no later than July 1, 2018, for any service
28 eligible under the medicaid state plan for encounter payments,
29 managed care organizations at the request of a rural health clinic
30 shall pay the full published encounter rate directly to the clinic.
31 At no time will a managed care organization be at risk for or have
32 any right to the supplemental portion of the claim. Payments will be
33 reconciled on at least an annual basis between the managed care
34 organization and the authority, with final review and approval by the
35 authority.

36 (29) Sufficient amounts are appropriated in this section for the
37 authority to provide a medicaid equivalent adult dental benefit to
38 clients enrolled in the medical care service program.

1 (30) During the 2023-2025 fiscal biennium, sufficient amounts are
2 provided in this section for the authority to provide services
3 identical to those services covered by the Washington state family
4 planning waiver program as of August 2018 to individuals who:

5 (a) Are 19 years of age;

6 (b) Are at or below 260 percent of the federal poverty level as
7 established in WAC 182-505-0100;

8 (c) Are not covered by other public or private insurance; and

9 (d) Need family planning services and are not currently covered
10 by or eligible for another medical assistance program for family
11 planning.

12 (31) Sufficient amounts are appropriated within this section for
13 the authority to incorporate the expected outcomes and criteria to
14 measure the performance of managed care organizations that provide
15 services to clients under chapter 74.09 RCW. The authority must:

16 (a) Contract with an external quality improvement organization to
17 annually analyze the performance of managed care organizations
18 providing services to clients under chapter 74.09 RCW based on seven
19 performance measures. The analysis required under this subsection
20 must:

21 (i) Measure managed care performance in four common measures
22 across each managed care organization, including:

23 (A) At least one common measure that must be weighted towards
24 having the potential to impact managed care costs; and

25 (B) At least one common measure that must be weighted towards
26 population health management, as defined by the measure; and

27 (ii) Measure managed care performance in an additional three
28 quality focus performance measures specific to a managed care
29 organization. Quality focus performance measures chosen by the
30 authority must:

31 (A) Be chosen from the statewide common measure set;

32 (B) Reflect specific measures where a managed care organization
33 has poor performance; and

34 (C) Be substantive and clinically meaningful in promoting health
35 status.

36 (b) The authority shall set the four common measures to be
37 analyzed across all managed care organizations.

38 (c) The authority shall set three quality focus performance
39 measures specific to each managed care organization. The authority
40 must determine performance measures for each managed care

1 organization based on the criteria established in (a)(ii) of this
2 subsection.

3 (d) By September 15, 2023, and annually thereafter, the authority
4 shall notify each managed care organization of the performance
5 measures for the organization for the subsequent plan year.

6 (e) Two percent of the total plan year funding provided to each
7 managed care organization that provides services to clients under
8 chapter 70.320 RCW shall be withheld. At least 75 percent of the
9 withhold shall be held contingent on each managed care organization's
10 performance on the seven performance measures identified in this
11 subsection. Each managed care organization may earn back the annual
12 withhold if the external quality improvement organization finds that
13 the managed care organization:

14 (i) Made statistically significant improvement in the seven
15 performance measures as compared to the preceding plan year; or

16 (ii) Scored in the top national medicaid quartile of the
17 performance measures.

18 (f) The amount of withhold annually paid to each managed care
19 organization shall be proportional to findings of statistically
20 significant improvement or top national medicaid quartile scoring by
21 a managed care organization.

22 (g) For no more than two of the four quality focus performance
23 measures, the authority may use an alternate methodology to
24 approximate top national medicaid quartile performance where top
25 quartile performance data is unavailable.

26 (h) For the purposes of this subsection, "external quality
27 improvement organization" means an organization that meets the
28 competence and independence requirements under 42 C.F.R. Sec.
29 438.354, as it existed on the effective date of this section.

30 (i) By September 15, 2023, the authority, in collaboration with
31 the medical assistance expenditure forecast work group, shall develop
32 new performance measures for the 2025 plan year. Quality focus
33 performance measures chosen by the authority must, at a minimum:

34 (A) Be chosen from the statewide common measure set;

35 (B) Reflect specific measures where a managed care organization
36 has poor performance;

37 (C) Be substantive and clinically meaningful in promoting health
38 status;

39 (D) Include ways to improve behavioral health reporting;

40 (E) Be selected with consideration to health equity;

1 (F) Ensure that measures that have an impact on funding have a
2 direct relationship to the funding plans receive; and

3 (G) Include participation from the authority's actuary to ensure
4 that the measures and methods chosen meet required tests for
5 actuarial soundness.

6 (j) By October 15, 2023, the authority shall provide a report to
7 the governor and fiscal committees of the legislature outlining the
8 measures it has chosen for the 2025 plan year, including the
9 information outlined in (i) of this subsection.

10 (32)(a) The authority shall ensure that appropriate resources are
11 dedicated to implementing the recommendations of the centers for

14 (4) \$8,000,000 of the general fund—state appropriation for fiscal
15 year 2024 is provided solely to continue diversion grant programs
16 funded through contempt fines pursuant to *Trueblood, et al. v.*
17 *Department of Social and Health Services, et al.*, United States
18 District Court for the Western District of Washington, Cause No. 14-
19 cv-01178-MJP. The authority must consult with the plaintiffs and
20 court monitor to determine, within the amounts provided, which of the
21 programs will continue to receive funding through this appropriation.
22 The programs shall use this funding to provide assessments, mental
23 health treatment, substance use disorder treatment, case management,
24 employment, and other social services. By December 1, 2023, the
25 authority, in consultation with the plaintiffs and the court monitor,
26 must submit a report to the office of financial management and the
27 appropriate fiscal committees of the legislature which includes:
28 Identification of the programs that receive funding through this
29 subsection; a narrative description of each program model; the number
30 of individuals being served by each program on a monthly basis;
31 metrics or outcomes reported as part of the contracts; and
32 recommendations related to further support of these programs in the
33 2023-2025 fiscal biennium.

34 (5) \$12,359,000 of the general fund—state appropriation for
35 fiscal year 2024, \$12,359,000 of the general fund—state appropriation
36 for fiscal year 2025, and \$23,444,000 of the general fund—federal
37 appropriation are provided solely for the authority and behavioral
38 health entities to continue to contract for implementation of high-
39 intensity programs for assertive community treatment (PACT) teams. In

1 determining the proportion of medicaid and nonmedicaid funding
2 provided to behavioral health entities with PACT teams, the authority
3 shall consider the differences between behavioral health entities in
4 the percentages of services and other costs associated with the teams
5 that are not reimbursable under medicaid. The authority may allow
6 behavioral health entities which have nonmedicaid reimbursable costs
7 that are higher than the nonmedicaid allocation they receive under
8 this section to supplement these funds with local dollars or funds
9 received under subsection (7) of this section. The authority and
10 behavioral health entities shall maintain consistency with all
11 essential elements of the PACT evidence-based practice model in
12 programs funded under this section.

13 (6) \$3,520,000 of the general fund—federal appropriation is
14 provided solely for the authority to maintain a pilot project to
15 incorporate peer bridging staff into behavioral health regional teams
16 that provide transitional services to individuals returning to their
17 communities.

18 (7) \$144,519,000 of the general fund—state appropriation for
19 fiscal year 2024 and \$163,088,000 of the general fund—state
20 appropriation for fiscal year 2025 are provided solely for persons
21 and services not covered by the medicaid program. To the extent
22 possible, levels of behavioral health entity spending must be
23 maintained in the following priority order: Crisis and commitment
24 services; community inpatient services; and residential care
25 services, including personal care and emergency housing assistance.
26 These amounts must be distributed to behavioral health entities as
27 follows:

28 (a) \$108,803,000 of the general fund—state appropriation for
29 fiscal year 2024 and \$124,713,000 of the general fund—state
30 appropriation for fiscal year 2025 are provided solely for the
31 authority to contract with behavioral health administrative service
32 organizations for behavioral health treatment services not covered
33 under the medicaid program. Within these amounts, behavioral health
34 administrative service organizations must provide a 15 percent rate
35 increase to providers receiving state funds for nonmedicaid services
36 under this section effective January 1, 2024.

37 (b) \$35,716,000 of the general fund—state appropriation for
38 fiscal year 2024 and \$38,375,000 of the general fund—state
39 appropriation for fiscal year 2025 are provided solely for the

1 authority to contract with medicaid managed care organizations for
2 wraparound services to medicaid enrolled individuals that are not
3 covered under the medicaid program. Within the amounts provided in
4 this subsection:

5 (i) Medicaid managed care organizations must provide a 15 percent
6 rate increase to providers receiving state funding for nonmedicaid
7 services under this section effective January 1, 2024.

8 (ii) The authority shall assure that managed care organizations
9 reimburse the department of social and health services, aging and
10 long-term support administration for the general fund—state cost of
11 exceptional behavioral health personal care services for medicaid
12 enrolled individuals who require these because of a psychiatric
13 disability. Funding for the federal share of these services is
14 separately appropriated to the department of social and health
15 services.

16 (iii) Pursuant to RCW 41.56.029, during fiscal year 2024, the
17 authority may work with the office of financial management to
18 negotiate a tiered rate structure for behavioral health personal care
19 services for adult family home providers serving medicaid enrollees.
20 An agreement reached with the adult family home council must be
21 submitted to the director of financial management by October 1, 2023,
22 and certified as financially feasible in order to be considered for
23 funding during the 2024 legislative session. Upon completion of
24 bargaining, the authority shall coordinate with the department of
25 social and health services to develop and submit to the centers for
26 medicare and medicaid services an application to provide a 1915(i)
27 state plan home and community-based services benefit. The application
28 shall be developed to allow for the delivery of wraparound supportive
29 behavioral health services for individuals with mental illnesses who
30 also have a personal care need. The 1915(i) state plan shall be
31 developed to standardize coverage and administration, improve the
32 current benefit design, and clarify roles in administration of the
33 behavioral health personal care services benefit.

34 (8) The authority is authorized to continue to contract directly,
35 rather than through contracts with behavioral health entities for
36 children's long-term inpatient facility services.

37 (9) \$1,204,000 of the general fund—state appropriation for fiscal
38 year 2024 and \$1,204,000 of the general fund—state appropriation for
39 fiscal year 2025 are provided solely to reimburse Pierce and Spokane

1 counties for the cost of conducting 180-day commitment hearings at
2 the state psychiatric hospitals.

3 (10) Behavioral health entities may use local funds to earn
4 additional federal medicaid match, provided the locally matched rate
5 does not exceed the upper-bound of their federally allowable rate
6 range, and provided that the enhanced funding is used only to provide
7 medicaid state plan or waiver services to medicaid clients.
8 Additionally, behavioral health entities may use a portion of the
9 state funds allocated in accordance with subsection (7) of this
10 section to earn additional medicaid match, but only to the extent
11 that the application of such funds to medicaid services does not
12 diminish the level of crisis and commitment, community inpatient,
13 residential care, and outpatient services presently available to
14 persons not eligible for medicaid.

15 (11) \$2,291,000 of the general fund—state appropriation for
16 fiscal year 2024 and \$2,291,000 of the general fund—state
17 appropriation for fiscal year 2025 are provided solely for mental
18 health services for mentally ill offenders while confined in a county
19 or city jail and for facilitating access to programs that offer
20 mental health services upon release from confinement. The authority
21 must collect information from the behavioral health entities on their
22 plan for using these funds, the numbers of individuals served, and
23 the types of services provided.

24 (12) Within the amounts appropriated in this section, funding is
25 provided for the authority to develop and phase in intensive mental
26 health services for high needs youth consistent with the settlement
27 agreement in *T.R. v. Dreyfus and Porter*.

28 (13) The authority must establish minimum and maximum funding
29 levels for all reserves allowed under behavioral health
30 administrative service organization contracts and include contract
31 language that clearly states the requirements and limitations. The
32 reserve levels must be informed by the types of risk carried by
33 behavioral health administrative service organizations for mandatory
34 services and also consider reasonable levels of operating reserves.
35 The authority must monitor and ensure that behavioral health
36 administrative service organization reserves do not exceed maximum
37 levels. The authority must monitor revenue and expenditure reports
38 and must require a behavioral health administrative service
39 organization to submit a corrective action plan on how it will spend
40 its excess reserves within a reasonable period of time, when its

1 reported reserves exceed maximum levels established under the
2 contract. The authority must review and approve such plans and
3 monitor to ensure compliance. If the authority determines that a
4 behavioral health administrative service organization has failed to
5 provide an adequate excess reserve corrective action plan or is not
6 complying with an approved plan, the authority must reduce payments
7 to the entity in accordance with remedial actions provisions included
8 in the contract. These reductions in payments must continue until the
9 authority determines that the entity has come into substantial
10 compliance with an approved excess reserve corrective action plan.
11 The authority must submit to the office of financial management and
12 the appropriate committees of the legislature, each December of the
13 biennium, the minimum and maximum reserve levels established in
14 contract for each of the behavioral health administrative service
15 organizations for the prior fiscal year and the actual reserve levels
16 reported at the end of the fiscal year.

17 (14) During the 2023-2025 fiscal biennium, any amounts provided
18 in this section that are used for case management services for
19 pregnant and parenting women must be contracted directly between the
20 authority and pregnant and parenting women case management providers.

21 (15) \$3,500,000 of the general fund—federal appropriation is
22 provided solely for the continued funding of existing county drug and
23 alcohol use prevention programs.

24 (16) Within the amounts appropriated in this section, the
25 authority may contract with the University of Washington and
26 community-based providers for the provision of the parent-child
27 assistance program or other specialized chemical dependency case
28 management providers for pregnant, postpartum, and parenting women.
29 For all contractors: (a) Service and other outcome data must be
30 provided to the authority by request; and (b) indirect charges for
31 administering the program must not exceed 10 percent of the total
32 contract amount.

33 (17) Within the amounts provided in this section, behavioral
34 health entities must provide outpatient chemical dependency treatment
35 for offenders enrolled in the medicaid program who are supervised by
36 the department of corrections pursuant to a term of community
37 supervision. Contracts with behavioral health entities must require
38 that behavioral health entities include in their provider network
39 specialized expertise in the provision of manualized, evidence-based
40 chemical dependency treatment services for offenders. The department

1 of corrections and the authority must develop a memorandum of
2 understanding for department of corrections offenders on active
3 supervision who are medicaid eligible and meet medical necessity for
4 outpatient substance use disorder treatment. The agreement will
5 ensure that treatment services provided are coordinated, do not
6 result in duplication of services, and maintain access and quality of
7 care for the individuals being served. The authority must provide all
8 necessary data, access, and reports to the department of corrections
9 for all department of corrections offenders that receive medicaid
10 paid services.

11 (18) The criminal justice treatment account—state appropriation
12 is provided solely for treatment and treatment support services for
13 offenders with a substance use disorder pursuant to RCW 71.24.580.
14 The authority must offer counties the option to administer their
15 share of the distributions provided for under RCW 71.24.580(5)(a). If
16 a county is not interested in administering the funds, the authority
17 shall contract with behavioral health entities to administer these
18 funds consistent with the plans approved by local panels pursuant to
19 RCW 71.24.580(5)(b). Funding from the criminal justice treatment
20 account may be used to provide treatment and support services through
21 the conclusion of an individual's treatment plan to individuals
22 participating in a drug court program as of February 24, 2021, if
23 that individual wishes to continue treatment following dismissal of
24 charges they were facing under RCW 69.50.4013(1). Such participation
25 is voluntary and contingent upon substantial compliance with drug
26 court program requirements. The authority must provide a report to
27 the office of financial management and the appropriate committees of
28 the legislature that identifies the distribution of criminal justice
29 treatment account funds by September 30, 2023.

30 (19)(a) \$11,426,000 of the general fund—state appropriation for
31 fiscal year 2024, \$15,501,000 of the general fund—state appropriation
32 for fiscal year 2025, and \$21,554,000 of the general fund—federal
33 appropriation are provided solely for crisis triage facilities,
34 crisis relief centers, or crisis stabilization units. Services in
35 these facilities may include crisis stabilization and intervention,
36 individual counseling, peer support, medication management,
37 education, and referral assistance. The authority shall monitor each
38 center's effectiveness at lowering the rate of state psychiatric
39 hospital admissions.

1 (b) Within these amounts, the health care authority shall convene
2 representatives from medicaid managed care organizations, behavioral
3 health administrative organizations, private insurance carriers,
4 self-insured organizations, crisis providers, and the office of the
5 insurance commissioner to assess gaps in the current funding model
6 for crisis services and recommend options for addressing these gaps
7 including, but not limited to, an alternative funding model for
8 crisis services. The assessment must consider available data to
9 determine to what extent the costs of crisis services for clients of
10 private insurance carriers, medicaid managed care organizations, and
11 individuals enrolled in medicaid fee-for-service are being subsidized
12 through state funded behavioral health administrative services
13 organization contracts. The analysis shall examine crisis services
14 provided by mobile crisis teams as well as facility-based services
15 such as crisis triage and crisis stabilization units. In the
16 development of an alternative funding model, the authority and office
17 of the insurance commissioner must explore mechanisms that: (i)
18 Determine the annual cost of operating crisis services and collect a
19 proportional share of the program cost from each health insurance
20 carrier; and (ii) differentiate between crisis services eligible for
21 medicaid funding from other nonmedicaid eligible activities. The
22 authority must submit a preliminary report to the office of financial
23 management and the appropriate committees of the legislature by
24 December 1, 2023, and a final report by December 1, 2024. Up to
25 \$300,000 of the general fund—state appropriation for fiscal year
26 2024, and \$300,000 of the general fund—state appropriation for fiscal
27 year 2025 may be used for the assessment and reporting activities
28 required under this subsection.

29 (c) Sufficient funding is provided in this subsection to
30 implement Second Substitute Senate Bill No. 5120 (crisis relief
31 centers).

32 (20) \$9,795,000 of the general fund—state appropriation for
33 fiscal year 2024, \$10,015,000 of the general fund—state appropriation
34 for fiscal year 2025, and \$15,025,000 of the general fund—federal
35 appropriation are provided solely for the operation of secure
36 withdrawal management and stabilization facilities. The authority may
37 not use any of these amounts for services in facilities that are
38 subject to federal funding restrictions that apply to institutions
39 for mental diseases, unless they have received a waiver that allows

1 for full federal participation in these facilities. Within these
2 amounts, funding is provided to increase the fee for service rate for
3 these facilities up to \$650 per day. The authority must require in
4 contracts with behavioral health entities that they pay no lower than
5 the fee for service rate. The authority must coordinate with regional
6 behavioral health entities to identify and implement purchasing
7 strategies or regulatory changes that increase access to services for
8 individuals with complex behavioral health needs at secure withdrawal
9 management and stabilization facilities.

10 (21) \$1,401,000 of the general fund—state appropriation for
11 fiscal year 2024, \$1,401,000 of the general fund—state appropriation

25 policy to conduct a cost-benefit evaluation of the implementations of
26 chapter 3, Laws of 2013 (Initiative Measure No. 502);

28 youth survey and the Washington state young adult behavioral health
29 survey;

3 prevent or reduce substance use disorder;

4 (ix) Expenditures into the home visiting services account; and

5 (x) Grants to community-based programs that provide prevention
6 services or activities to youth.

7 (b) The authority must allocate the amounts provided in (a) of
8 this subsection amongst the specific activities proportionate to the
9 fiscal year 2021 allocation.

10 (23) (a) \$1,125,000 of the general fund—state appropriation for
11 fiscal year 2024 and \$1,125,000 of the general fund—state
12 appropriation for fiscal year 2025 is provided solely for Spokane
13 behavioral health entities to implement services to reduce
14 utilization and the census at eastern state hospital. Such services

17 utilizers of psychiatric inpatient services, including those with co-
18 occurring disorders and other special needs;

20 community individuals in crisis who are at risk of requiring
21 inpatient care or jail services;

22 (iii) Mental health services provided in nursing facilities to
23 individuals with dementia, and consultation to facility staff
24 treating those individuals; and

25 (iv) Services at the 16-bed evaluation and treatment facility.

26 (b) At least annually, the Spokane county behavioral health
27 entities shall assess the effectiveness of these services in reducing

4 fiscal year 2024, \$1,423,000 of the general fund—state appropriation
5 for fiscal year 2025, and \$5,908,000 of the general fund—federal
6 appropriation are provided solely for the authority to continue to
7 implement discharge wraparound services for individuals with complex
8 behavioral health conditions transitioning or being diverted from
9 admission to psychiatric inpatient programs. The authority must
10 coordinate with the department of social and health services in
11 establishing the standards for these programs.

12 (26) \$500,000 of the general fund—state appropriation for fiscal
13 year 2024, \$500,000 of the general fund—state appropriation for
14 fiscal year 2025, and \$1,000,000 of the general fund—federal

33 maximize federal participation.

34 (29) \$708,000 of the general fund—state appropriation for fiscal

12 evidence-based practice institute which supports the identification,
13 evaluation, and implementation of evidence-based or promising
14 practices. The institute must work with the authority to develop a
15 plan to seek private, federal, or other grant funding in order to
16 reduce the need for state general funds. The authority must collect
17 information from the institute on the use of these funds and submit a
18 report to the office of financial management and the appropriate
19 fiscal committees of the legislature by December 1st of each year of
20 the biennium.

21 (32) As an element of contractual network adequacy requirements
22 and reporting, the authority shall direct managed care organizations
23 to make all reasonable efforts to develop or maintain contracts with
24 provider networks that leverage local, federal, or philanthropic
25 funding to enhance effectiveness of medicaid-funded integrated care
26 services. These networks must promote medicaid clients' access to a
27 system of services that addresses additional social support services
28 and social determinants of health as defined in RCW 43.20.025 in a
29 manner that is integrated with the delivery of behavioral health and

3 contracted actuaries shall use a transparent process that provides an
4 opportunity for medicaid managed care organizations, behavioral
5 health administrative service organizations, and behavioral health
6 provider agencies, and their representatives, to review and provide
7 data and feedback on proposed rate changes within their region or
8 regions of service operation. The authority and contracted actuaries
9 shall transparently incorporate the information gained from this
10 process and make adjustments allowable under federal law when
11 appropriate.

12 (35) The authority shall seek input from representatives of the
13 managed care organizations (MCOs), licensed community behavioral

15 organizations to develop specific metrics related to behavioral

27 time. The authority must submit a report to the office of financial
28 management and the appropriate committees of the legislature, before

2 2024.

3 (a) The authority must establish minimum standards, eligibility
4 criteria, authorization and utilization review processes, and payment
5 methodologies for the programs in contract.

6 (b) Eligibility for the pilot sites is limited pursuant to the

9 hospital treatment program who require the level of services offered
10 by the pilot programs in lieu of continued inpatient treatment;

11 (ii) Children and adolescents who require the level of services
12 offered by the pilot programs in order to avoid inpatient
13 hospitalization; and

14 (iii) Services may not be offered if there are less costly
15 alternative community-based services that can effectively meet the
16 needs of an individual referred to the program.

17 (c) Eligibility for services through the state medicaid program
18 shall be consistent with criteria approved by the centers for
19 medicare and medicaid services pursuant to implementation of chapter
20 94, Laws of 2022 (2SSB 5736).

21 (d) The authority must collect data on the program sites and work
22 with the actuaries responsible for establishing managed care rates

27 (iii) In consultation with the state board for community and
28 technical colleges, the participating institutions of higher
29 education, the student achievement council, and the education data

30 NEW SECTION. **Sec. 505. FOR THE SUPERINTENDENT OF PUBLIC**
31 **INSTRUCTION—BASIC EDUCATION EMPLOYEE COMPENSATION**

32 (1) The following calculations determine the salaries used in the
33 state allocations for certificated instructional, certificated
34 administrative, and classified staff units as provided in RCW
35 28A.150.260, and under section 504 of this act: For the 2023-24
36 school year and the 2024-25 school year salary allocations for
37 certificated instructional staff, certificated administrative staff,
38 and classified staff units are determined for each school district by
39 multiplying the statewide minimum salary allocation for each staff

1 year, the annual inflationary adjustments pursuant to RCW
2 28A.400.205.

3 (2) (a) In addition to salary allocations, the appropriations in
4 this section include funding for professional learning as defined in
5 RCW 28A.415.430, 28A.415.432, and 28A.415.434. Funding for this
6 purpose is calculated as the equivalent of three days of salary and
7 benefits for each of the funded full-time equivalent certificated
8 instructional staff units. Nothing in this section entitles an
9 individual certificated instructional staff to any particular number
10 of professional learning days.

11 (b) Of the funding provided for professional learning in this
12 section, the equivalent of one day of salary and benefits for each of
13 the funded full-time equivalent certificated instructional staff
14 units in the 2023-24 school year must be used to train school
15 district staff on cultural competency, diversity, equity, or
16 inclusion, as required in chapter 197, Laws of 2021.

17 (3) (a) The appropriations in this section include associated

21 18.56 percent for the 2023-24 school year and 18.06 percent for the
22 2024-25 school year for classified staff.

23 (b) The appropriations in this section include the increased or
24 decreased portion of salaries and incremental fringe benefits for all
25 relevant state-funded school programs in part V of this act. Changes
26 for general apportionment (basic education) are based on the salary
27 allocations and methodology in sections 504 and 505 of this act.
28 Changes for special education result from changes in each district's
29 basic education allocation per student. Changes for educational
30 service districts and institutional education programs are determined
31 by the superintendent of public instruction using the methodology for
32 general apportionment salaries and benefits in sections 504 and 505
33 of this act. Changes for pupil transportation are determined by the
34 superintendent of public instruction pursuant to RCW 28A.160.192, and
35 impact compensation factors in sections 504, 505, and 506 of this
36 act.

37 (c) The appropriations in this section include no salary
38 adjustments for substitute teachers.

39 (4) The appropriations in this section are sufficient to fund the
40 collective bargaining agreement referenced in part 9 of this act and

1 reflect the incremental change in cost of allocating rates as
2 follows: For the 2023-24 school year, \$1,100 per month and for the
3 2024-25 school year, \$1,157 per month.

4 (5) The rates specified in this section are subject to revision
5 each year by the legislature.

6 (6) \$46,426,000 of the general fund—state appropriation for
7 fiscal year 2024 and \$211,538,000 of the general fund—state

12 fiscal year 2025 are provided solely for implementation of Engrossed
13 Substitute House Bill No. 1436 (special education funding). If the
14 bill is not enacted by June 30, 2023, the amounts provided in this

4 passengers exceeds the amount allocated under subsection (2)(a) of
5 this section and any excess transportation costs reimbursed by
6 federal, state, tribal, or local child welfare agencies. A
7 transportation safety net award may not exceed a school district's
8 excess expenditures directly attributable to serving special
9 passengers in the pupil transportation program.

10 (b) To be eligible for additional transportation safety net award
11 funding, the school district must report, in accordance with
12 statewide accounting guidance, the amount of the excess costs and the
13 specific activities or services provided to special passengers that

PART VI
HIGHER EDUCATION

NEW SECTION. **Sec. 601.** The appropriations in sections 605 through 611 of this act are subject to the following conditions and limitations:

(1) "Institutions" means the institutions of higher education receiving appropriations under sections 605 through 611 of this act.

(2) The legislature, the office of financial management, and other state agencies need consistent and accurate personnel data from institutions of higher education for policy planning purposes. Institutions of higher education shall report personnel data to the office of financial management for inclusion in the agency's data warehouse. Uniform reporting procedures shall be established by the office of financial management's office of the state human resources director for use by the reporting institutions, including provisions for common job classifications and common definitions of full-time equivalent staff. Annual contract amounts, number of contract months, and funding sources shall be consistently reported for employees under contract.

(3) In addition to waivers granted under the authority of RCW 28B.15.910, the governing boards and the state board may waive all or a portion of operating fees for any student. State general fund appropriations shall not be provided to replace tuition and fee revenue foregone as a result of waivers granted under this subsection.

(4)(a) For employees under the jurisdiction of chapter 41.56 or 41.80 RCW, salary increases will be in accordance with the applicable collective bargaining agreement. However, an increase shall not be provided to any classified employee whose salary is above the approved salary range maximum for the class to which the employee's position is allocated.

(b) For each institution of higher education receiving appropriations under sections 606 through 611 of this act:

(i) The only allowable salary increases are those associated with normally occurring promotions and increases related to faculty and staff retention and as provided in Part IX of this act.

(ii) Institutions may provide salary increases from sources other than general fund appropriations and tuition revenues to instructional and research faculty, exempt professional staff,

1 teaching and research assistants, as classified by the office of
2 financial management, and all other nonclassified staff, but not
3 including employees under chapter 41.80 RCW. It is the intent of the
4 legislature that salary increases provided under this subsection
5 (4)(b)(ii) not increase state general fund support or impact tuition
6 expenditures by an institution unless the legislature so determines.

7 (iii) Funding for salary increases provided under (b)(ii) of this
8 subsection and RCW 41.76.035 and 28B.52.035 on or after July 1, 2019,
9 must be excluded from the general fund and tuition salary base when
10 calculating state funding for future general wage or other salary
11 increases on or after July 1, 2019. In order to facilitate this
12 funding policy, each institution shall report to the office of
13 financial management on the details of locally authorized salary
14 increases granted under (b)(ii) of this subsection and RCW 41.76.035
15 and 28B.52.035 with its 2023-2025 biennium budget submittal. At a
16 minimum, the report must include the total cost of locally authorized
17 increases by fiscal year, a description of the locally authorized
18 provision, and the long-term source of funds that is anticipated to
19 cover the cost.

NEW SECTION. Sec. 701. FOR THE OFFICE OF FINANCIAL MANAGEMENT—
INFORMATION TECHNOLOGY INVESTMENT POOL

General Fund—State Appropriation (FY 2024)	\$26,470,000
General Fund—State Appropriation (FY 2025)	\$9,022,000
Other Appropriated Funds	\$6,559,000
TOTAL APPROPRIATION	\$42,051,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations are provided solely for expenditure into the information technology investment revolving account created in RCW 43.41.433. Amounts in the account are provided solely for the information technology projects shown in LEAP omnibus document IT-2023, dated April 22, 2023, which is hereby incorporated by reference. To facilitate the transfer of moneys from other funds and accounts that are associated with projects contained in LEAP omnibus document IT-2023, dated April 22, 2023, the state treasurer is directed to transfer moneys from other funds and accounts to the information technology investment revolving account in accordance with schedules provided by the office of financial management. Restricted federal funds may be transferred only to the extent permitted by law, and will otherwise remain outside the information technology investment account. The projects affected remain subject to the other provisions of this section.

(2) Agencies must apply to the office of the chief information officer for certification and release of funding for each gate of the project. When the office of the chief information officer certifies the key deliverables of the gate have been met, a current technology budget is approved; and if applicable to the stage or gate of the project, that the project is putting functioning software into production that addresses user needs, is in compliance with the quality assurance plan, and meets a defined set of industry best practices for code quality that the office of the chief information officer will post to their website by July 1, 2023, it must notify the office of financial management and the fiscal committees of the legislature. The office of financial management may not approve funding for the certified project gate any earlier than ten business

1 days from the date of notification to the fiscal committees of the
2 legislature.

3 (3) (a) Allocations and allotments of information technology
4 investment revolving account must be made for discrete stages of
5 projects as determined by the technology budget approved by the
6 office of the chief information officer and the office of financial
7 management.

8 (b) Fifteen percent of total funding allocated by the office of
9 financial management, or another amount as defined jointly by the
10 office of financial management and the office of the chief
11 information officer, will be retained in the account, but remain
12 allocated to that project. The retained funding will be released to
13 the agency only after successful completion of that stage of the
14 project and only after the office of the chief information officer
15 certifies the stage as required in subsection (2) of this section.
16 For the one Washington project, the amount retained is increased to
17 at least twenty percent of total funding allocated for any stage of
18 that project.

19 (4) (a) Each project must have a technology budget. The technology
20 budget must have the detail by fiscal month for the 2023-2025 fiscal
21 biennium. The technology budget must use a method similar to the
22 state capital budget, identifying project costs, each fund source,
23 and anticipated deliverables through each stage of the entire project
24 investment and across fiscal periods and biennia from project onset
25 through implementation and close out, as well as at least five years
26 of maintenance and operations costs.

27 (b) As part of the development of a technology budget and at each
28 request for funding, the agency shall submit an updated technology
29 budget, if changes occurred, to include detailed financial
30 information to the office of financial management and the office of
31 the chief information officer. The technology budget must describe
32 the total cost of the project, as well as maintenance and operations
33 costs, to include and identify at least:

34 (i) Fund sources:

35 (A) If the project is funded from the information technology
36 revolving account, the technology budget must include a worksheet
37 that provides the fund sources that were transferred into the account
38 by fiscal year;

39 (B) If the project is by a central service agency, and funds are
40 driven out by the central service model, the technology budget must

1 provide a statewide impact by agency by fund as a worksheet in the
2 technology budget file;

3 (ii) Full time equivalent staffing level to include job
4 classification assumptions. This is to assure that the project has
5 adequate state staffing and agency support to ensure success, ensure
6 user acceptance, and adequately test the functionality being
7 delivered in each sprint before it is accepted by the agency's
8 contracting officer or their representative. Key project functions
9 that are deemed "critical" must be retained by state personnel and
10 not outsourced, to ensure that knowledge is retained within state
11 government and that the state can self-sufficiently support the
12 system and make improvements without long-term dependence on a
13 vendor;

14 (iii) Discrete financial budget codes to include at least the
15 appropriation index and program index;

16 (iv) Object and subobject codes of expenditures;

17 (v) Anticipated deliverables to include software demonstration
18 dates;

19 (vi) Historical budget and expenditure detail by fiscal year; and

20 (vii) Maintenance and operations costs by fiscal year for at
21 least five years as a separate worksheet.

22 (c) If a project technology budget changes and a revised
23 technology budget is completed, a comparison of the revised
24 technology budget to the last approved technology budget must be
25 posted to the dashboard, to include a narrative rationale on what
26 changed, why, and how that impacts the project in scope, budget, and
27 schedule.

28 (5) (a) Each project must have a project charter. The charter must
29 include:

30 (i) An organizational chart of the project management team that
31 identifies team members and their roles and responsibilities, and
32 shows that the project is adequately staffed by state personnel in
33 key functions to ensure success;

34 (ii) The office of the chief information officer staff assigned
35 to the project;

36 (iii) A project roadmap that includes the problems the team is
37 solving and the sequence in which the team intends to take on those
38 problems, updated periodically to reflect what has been learned;

39 (iv) Metrics to support the project strategy and vision, to
40 determine that the project is incrementally meeting user needs;

1 (v) An implementation schedule covering activities, critical
2 milestones, and deliverables at each stage of the project for the
3 life of the project at each agency affected by the project;

4 (vi) Performance measures used to determine that the project is
5 on time, within budget, and meeting expectations for quality of work
6 product;

7 (vii) Ongoing maintenance and operations cost of the project post
8 implementation and close out delineated by agency staffing,
9 contracted staffing, and service level agreements; and

10 (viii) Financial budget coding to include at least discrete
11 financial coding for the project.

12 (b) If required by the office of the chief information officer, a
13 project may also need to have an investment plan. The office of the
14 chief information officer must:

15 (i) Base the requirement of an agency needing to have an
16 investment plan on the complexity and risk of the project;

17 (ii) Establish requirements by project risk level in statewide
18 technology policy, and publish the requirements by September 30,
19 2023; and

20 (iii) In collaboration with the department of enterprise
21 services, define the circumstances under which the vendor will be
22 terminated or replaced and establish the process by which the agency
23 will transition to a new vendor with a minimal reduction in project
24 productivity.

25 (6) (a) Projects with estimated costs greater than \$100,000,000
26 from initiation to completion and implementation may be divided into
27 discrete subprojects as determined by the office of the chief
28 information officer, except for the one Washington project which must
29 be divided into the following discrete subprojects: Core financials,
30 expanding financials and procurement, budget, and human resources.
31 Each subproject must have a technology budget as provided in this
32 section.

33 (b) If the project affects more than one agency:

34 (i) A separate technology budget and investment plan must be
35 prepared by each agency; and

36 (ii) There must be a budget roll up that includes each affected
37 agency at the subproject level.

38 (7) The office of the chief information officer shall maintain a
39 statewide information technology project dashboard that provides
40 updated information each fiscal month on projects subject to this

1 section. The statewide dashboard must meet the requirements in
2 section 155 of this act.

3 (8) For any project that exceeds \$2,000,000 in total funds to
4 complete, requires more than one biennium to complete, or is financed
5 through financial contracts, bonds, or other indebtedness:

6 (a) Independent quality assurance services for the project must
7 report independently to the office of the chief information officer;

8 (b) The office of the chief information officer, based on project
9 risk assessments, may require additional quality assurance services
10 and independent verification and validation services;

11 (c) The office of the chief information officer must review, and,
12 if necessary, revise the proposed project to ensure it is flexible
13 and adaptable to advances in technology;

14 (d) The technology budget must specifically identify the uses of
15 any financing proceeds. No more than thirty percent of the financing
16 proceeds may be used for payroll-related costs for state employees
17 assigned to project management, installation, testing, or training;

18 (e) The agency must consult with the office of the state
19 treasurer during the competitive procurement process to evaluate
20 early in the process whether products and services to be solicited
21 and the responsive bids from a solicitation may be financed;

22 (f) The agency must consult with the contracting division of the
23 department of enterprise services for a review of all contracts and
24 agreements related to the project's information technology
25 procurements;

26 (g) The agency and project must use an agile development model
27 holding live demonstrations of functioning software, developed using
28 incremental user research, held at the end of every two-week sprint;

29 (h) The project solution must be capable of being continually
30 updated, as necessary; and

31 (i) The agency and project must deploy usable functionality into
32 production for users within 180 days from the date of an executed
33 procurement contract in response to a competitive request for
34 proposal.

35 (9) The office of the chief information officer must evaluate the
36 project at each stage and certify whether the project is putting
37 functioning software into production that addresses user needs, is
38 projected to be completed within budget, is in compliance with the
39 quality assurance plan, and meets a defined set of industry best
40 practices for code quality, and whether the project is planned,

1 managed, and meeting deliverable targets as defined in the project's
2 approved technology budget and investment plan.

3 (10) The office of the chief information officer may suspend or
4 terminate a project at any time if it determines that the project is
5 not meeting or not expected to meet anticipated performance and
6 technology outcomes. Once suspension or termination occurs, the
7 agency shall unallot any unused funding and shall not make any
8 expenditure for the project without the approval of the office of
9 financial management. The office of the chief information officer
10 must report on December 1 each calendar year any suspension or
11 termination of a project in the previous 12-month period to the
12 legislative fiscal committees.

13 (11) The office of the chief information officer, in consultation
14 with the office of financial management, may identify additional
15 projects to be subject to this section, including projects that are
16 not separately identified within an agency budget. The office of the
17 chief information officer must report on December 1 each calendar
18 year any additional projects to be subjected to this section that
19 were identified in the previous 12-month period to the legislative
20 fiscal committees.

21 (12) Any cost to administer or implement this section for
22 projects listed in subsection (1) of this section, must be paid from
23 the information technology investment revolving account. For any
24 other information technology project made subject to the conditions,
25 limitations, and review of this section, the cost to implement this
26 section must be paid from the funds for that project.

27 (13) The following information technology projects are subject to
28 the conditions, limitations, and review of this section:

29 (a) The state network firewall replacement of the consolidated
30 technology services agency;

31 (b) The resident portal of the consolidated technology services

23 **Sec. 936.** RCW 70A.65.030 and 2022 c 182 s 104 and 2022 c 181 s
24 13 are each reenacted and amended to read as follows:

25 (1) (~~Each~~) Except as provided in subsection (4) of this
26 section, each year or biennium, as appropriate, when allocating funds
27 from the carbon emissions reduction account created in RCW
28 70A.65.240, the climate commitment account created in RCW 70A.65.260,
29 the natural climate solutions account created in RCW 70A.65.270, the
30 climate investment account created in RCW 70A.65.250, the air quality
31 and health disparities improvement account created in RCW 70A.65.280,
32 the climate transit programs account created in RCW 46.68.500, or the
33 climate active transportation account created in RCW 46.68.490, or
34 administering grants or programs funded by the accounts, agencies
35 shall conduct an environmental justice assessment consistent with the
36 requirements of RCW 70A.02.060 and establish a minimum of not less
37 than 35 percent and a goal of 40 percent of total investments that
38 provide direct and meaningful benefits to vulnerable populations
39 within the boundaries of overburdened communities through: (a) The

1 direct reduction of environmental burdens in overburdened
2 communities; (b) the reduction of disproportionate, cumulative risk
3 from environmental burdens, including those associated with climate
4 change; (c) the support of community led project development,
5 planning, and participation costs; or (d) meeting a community need
6 identified by the community that is consistent with the intent of
7 this chapter or RCW 70A.02.010.

8 (2) The allocation of funding under subsection (1) of this
9 section must adhere to the following principles, additional to the
10 requirements of RCW 70A.02.080: (a) Benefits and programs should be
11 directed to areas and targeted to vulnerable populations and
12 overburdened communities to reduce statewide disparities; (b)
13 investments and benefits should be made roughly proportional to the
14 health disparities that a specific community experiences, with a goal
15 of eliminating the disparities; (c) investments and programs should
16 focus on creating environmental benefits, including eliminating
17 health burdens, creating community and population resilience, and
18 raising the quality of life of those in the community; and (d)
19 efforts should be made to balance investments and benefits across the
20 state and within counties, local jurisdictions, and unincorporated
21 areas as appropriate to reduce disparities by location and to ensure
22 efforts contribute to a reduction in disparities that exist based on
23 race or ethnicity, socioeconomic status, or other factors.

24 (3) ~~((State))~~ Except as provided in subsection (4) of this
25 section, state agencies allocating funds or administering grants or
26 programs from the carbon emissions reduction account created in RCW

33 (a) Report annually to the environmental justice council created
34 in RCW 70A.02.110 regarding progress toward meeting environmental
35 justice and environmental health goals;

36 (b) Consider recommendations by the environmental justice
37 council; and

38 (c)(i) If the agency is not a covered agency subject to the
39 requirements of chapter 70A.02 RCW, create and adopt a community
40 engagement plan to describe how it will engage with overburdened

1 communities and vulnerable populations in allocating funds or
2 administering grants or programs from the climate investment account.

3 (ii) The plan must include methods for outreach and communication
4 with those who face barriers, language or otherwise, to
5 participation.

6 (4) During the 2023-2025 fiscal biennium:

7 (a) The requirement of subsection (1) of this section to conduct
8 an environmental justice assessment applies only to covered agencies
9 as defined in RCW 70A.02.010 and to significant agency actions as
10 defined in RCW 70A.02.010.

11 (b) Agencies shall coordinate with the department and the office
12 of financial management to achieve total statewide spending from the
13 accounts listed in subsection (1) of this section of not less than 35

18 RCW 70A.65.230.

19 (c) The requirements of subsection (3)(c) of this section for
20 agencies other than covered agencies to create and adopt community
21 engagement plans apply only to executive branch agencies and

23 receiving total appropriations of more than \$2,000,000 for the
24 2023-2025 fiscal biennium from the accounts listed in subsection (1)
25 of this section.

26 **Sec. 937.** RCW 70A.65.100 and 2022 c 181 s 3 are each amended to
27 read as follows:

28 (1) Except as provided in RCW 70A.65.110, 70A.65.120, and
29 70A.65.130, the department shall distribute allowances through
30 auctions as provided in this section and in rules adopted by the
31 department to implement these sections. An allowance is not a
32 property right.

33 (2)(a) The department shall hold a maximum of four auctions
34 annually, plus any necessary reserve auctions. An auction may include
35 allowances from the annual allowance budget of the current year and
36 allowances from the annual allowance budgets from prior years that
37 remain to be distributed. The department must transmit to the
38 environmental justice council an auction notice at least 60 days
39 prior to each auction, as well as a summary results report and a

1 postauction public proceeds report within 60 days after each auction.
2 The department must communicate the results of the previous calendar
3 year's auctions to the environmental justice council on an annual
4 basis beginning in 2024.

5 (b) The department must make future vintage allowances available
6 through parallel auctions at least twice annually in addition to the
7 auctions through which current vintage allowances are exclusively
8 offered under (a) of this subsection.

9 (3) The department shall engage a qualified, independent
10 contractor to run the auctions. The department shall also engage a
11 qualified financial services administrator to hold the bid
12 guarantees, evaluate bid guarantees, and inform the department of the
13 value of bid guarantees once the bids are accepted.

14 (4) Auctions are open to covered entities, opt-in entities, and
15 general market participants that are registered entities in good
16 standing. The department shall adopt by rule the requirements for a
17 registered entity to register and participate in a given auction.

18 (a) Registered entities intending to participate in an auction
19 must submit an application to participate at least 30 days prior to
20 the auction. The application must include the documentation required
21 for review and approval by the department. A registered entity is
22 eligible to participate only after receiving a notice of approval by
23 the department.

24 (b) Each registered entity that elects to participate in the
25 auction must have a different representative. Only a representative
26 with an approved auction account is authorized to access the auction
27 platform to submit an application or confirm the intent to bid for
28 the registered entity, submit bids on behalf of the registered entity
29 during the bidding window, or to download reports specific to the
30 auction.

31 (5) The department may require a bid guarantee, payable to the
32 financial services administrator, in an amount greater than or equal
33 to the sum of the maximum value of the bids to be submitted by the
34 registered entity.

35 (6) To protect the integrity of the auctions, a registered entity
36 or group of registered entities with a direct corporate association
37 are subject to auction purchase and holding limits. The department
38 may impose additional limits if it deems necessary to protect the
39 integrity and functioning of the auctions:

1 (a) A covered entity or an opt-in entity may not buy more than 10
2 percent of the allowances offered during a single auction;

3 (b) A general market participant may not buy more than four
4 percent of the allowances offered during a single auction and may not
5 in aggregate own more than 10 percent of total allowances to be
6 issued in a calendar year;

7 (c) No registered entity may buy more than the entity's bid
8 guarantee; and

9 (d) No registered entity may buy allowances that would exceed the
10 entity's holding limit at the time of the auction.

11 (7)(a) For fiscal year 2023, upon completion and verification of
12 the auction results, the financial services administrator shall
13 notify winning bidders and transfer the auction proceeds to the state
14 treasurer for deposit as follows: (i) \$127,341,000 must first be
15 deposited into the carbon emissions reduction account created in RCW
16 70A.65.240; and (ii) the remaining auction proceeds to the climate
17 investment account created in RCW 70A.65.250 and the air quality and
18 health disparities improvement account created in RCW 70A.65.280.

19 (b) For fiscal year 2024, upon completion and verification of the
20 auction results, the financial services administrator shall notify
21 winning bidders and transfer the auction proceeds to the state
22 treasurer for deposit as follows: (i) \$356,697,000 must first be
23 deposited into the carbon emissions reduction account created in RCW
24 70A.65.240, except during fiscal year 2024, the deposit as provided
25 in this subsection (7)(b)(i) may be prorated equally across each of
26 the auctions occurring in fiscal year 2024; and (ii) the remaining
27 auction proceeds to the climate investment account created in RCW
28 70A.65.250 and the air quality and health disparities improvement
29 account created in RCW 70A.65.280, which may be prorated equally
30 across each of the auctions occurring in fiscal year 2024.

31 (c) For fiscal year 2025, upon completion and verification of the
32 auction results, the financial services administrator shall notify
33 winning bidders and transfer the auction proceeds to the state
34 treasurer for deposit as follows: (i) \$366,558,000 must first be
35 deposited into the carbon emissions reduction account created in RCW
36 70A.65.240, except that during fiscal year 2025, the deposit as
37 provided in this subsection (7)(c)(i) may be prorated equally across
38 each of the auctions occurring in fiscal year 2025; and (ii) the
39 remaining auction proceeds to the climate investment account created
40 in RCW 70A.65.250 and the air quality and health disparities

1 improvement account created in RCW 70A.65.280, which may be prorated
2 equally across each of the auctions occurring in fiscal year 2025.

3 (d) For fiscal years 2026 through 2037, upon completion and
4 verification of the auction results, the financial services
5 administrator shall notify winning bidders and transfer the auction
6 proceeds to the state treasurer for deposit as follows: (i)
7 \$359,117,000 per year must first be deposited into the carbon
8 emissions reduction account created in RCW 70A.65.240; and (ii) the
9 remaining auction proceeds to the climate investment account created
10 in RCW 70A.65.250 and the air quality and health disparities
11 improvement account created in RCW 70A.65.280.

12 (e) The deposits into the carbon emissions reduction account
13 pursuant to (a) through (d) of this subsection must not exceed
14 \$5,200,000,000 over the first 16 fiscal years and any remaining
15 auction proceeds must be deposited into the climate investment
16 account created in RCW 70A.65.250 and the air quality and health
17 disparities improvement account created in RCW 70A.65.280.

18 (f) For fiscal year 2038 and each year thereafter, upon
19 completion and verification of the auction results, the financial
20 services administrator shall notify winning bidders and transfer the
21 auction proceeds to the state treasurer for deposit as follows: (i)
22 50 percent of the auction proceeds to the carbon emissions reduction
23 account created in RCW 70A.65.240; and (ii) the remaining auction
24 proceeds to the climate investment account created in RCW 70A.65.250
25 and the air quality and health disparities improvement account
26 created in RCW 70A.65.280.

27 (8) The department shall adopt by rule provisions to guard
28 against bidder collusion and minimize the potential for market
29 manipulation. A registered entity may not release or disclose any
30 bidding information including: Intent to participate or refrain from
31 participation; auction approval status; intent to bid; bidding
32 strategy; bid price or bid quantity; or information on the bid
33 guarantee provided to the financial services administrator. The
34 department may cancel or restrict a previously approved auction
35 participation application or reject a new application if the
36 department determines that a registered entity has:

37 (a) Provided false or misleading facts;

38 (b) Withheld material information that could influence a decision
39 by the department;

40 (c) Violated any part of the auction rules;

1 (d) Violated registration requirements; or

2 (e) Violated any of the rules regarding the conduct of the
3 auction.

4 (9) Records containing the following information are confidential
5 and are exempt from public disclosure in their entirety:

6 (a) Bidding information as identified in subsection (8) of this
7 section;

8 (b) Information contained in the secure, online electronic
9 tracking system established by the department pursuant to RCW
10 70A.65.090(6);

11 (c) Financial, proprietary, and other market sensitive
12 information as determined by the department that is submitted to the
13 department pursuant to this chapter;

14 (d) Financial, proprietary, and other market sensitive
15 information as determined by the department that is submitted to the
16 independent contractor or the financial services administrator
17 engaged by the department pursuant to subsection (3) of this section;
18 and

19 (e) Financial, proprietary, and other market sensitive
20 information as determined by the department that is submitted to a
21 jurisdiction with which the department has entered into a linkage
22 agreement pursuant to RCW 70A.65.210, and which is shared with the
23 department, the independent contractor, or the financial services
24 administrator pursuant to a linkage agreement.

25 (10) Any cancellation or restriction approved by the department
26 under subsection (8) of this section may be permanent or for a
27 specified number of auctions and the cancellation or restriction
28 imposed is not exclusive and is in addition to the remedies that may
29 be available pursuant to chapter 19.86 RCW or other state or federal
30 laws, if applicable.

31 (11) The department shall design allowance auctions so as to
32 allow, to the maximum extent practicable, linking with external
33 greenhouse gas emissions trading programs in other jurisdictions and
34 to facilitate the transfer of allowances when the state's program has
35 entered into a linkage agreement with other external greenhouse gas
36 emissions trading programs. The department may conduct auctions
37 jointly with linked jurisdictions.

38 (12) In setting the number of allowances offered at each auction,
39 the department shall consider the allowances in the marketplace due
40 to the marketing of allowances issued as required under RCW

1 70A.65.110, 70A.65.120, and 70A.65.130 in the department's
2 determination of the number of allowances to be offered at auction.
3 The department shall offer only such number of allowances at each
4 auction as will enhance the likelihood of achieving the goals of RCW
5 70A.45.020.

6 **Sec. 938.** RCW 70A.65.250 and 2022 c 253 s 2 are each amended to
7 read as follows:

8 (1)(a) The climate investment account is created in the state
9 treasury. Except as otherwise provided in chapter 316, Laws of 2021,

11 chapter must be deposited into the account. Moneys in the account may
12 be spent only after appropriation.

13 (b) Projects or activities funded from the account must meet high
14 labor standards, including family sustaining wages, providing
15 benefits including health care and employer-contributed retirement

17 economic benefits from such projects for local workers and diverse
18 businesses. Each contracting entity's proposal must be reviewed for
19 equity and opportunity improvement efforts, including: (i) Employer
20 paid sick leave programs; (ii) pay practices in relation to living

32 described in this subsection must first be appropriated for the
33 administration of the requirements of this chapter, in an amount not
34 to exceed five percent of the total receipt of funds from allowance
35 auction proceeds under this chapter. Beginning July 1, (~~2024~~) 2023,
36 and annually thereafter, the state treasurer shall distribute funds
37 in the account that exceed the amounts appropriated for the purposes
38 of this subsection (2) as follows:

1 (a) Seventy-five percent of the moneys to the climate commitment
2 account created in RCW 70A.65.260; and

3 (b) Twenty-five percent of the moneys to the natural climate
4 solutions account created in RCW 70A.65.270.

6 this section must be reviewed by the legislature on a biennial basis
7 based on the changing needs of the state in meeting its clean economy
8 and greenhouse gas reduction goals in a timely, economically
9 advantageous, and equitable manner.

10 (4) During the 2023-2025 fiscal biennium, the legislature may
11 direct the state treasurer to make transfers of moneys in the climate
12 investment account to the carbon emissions reduction account, the
13 climate commitment account, and the natural climate solutions
14 account.

2 investments that increase a community's capacity for clean
3 manufacturing, with an emphasis on communities in greatest need of
4 job creation and economic development and potential for commute
5 reduction;

6 (k) Programs, activities, or projects that reduce emissions from
7 landfills and waste-to-energy facilities through diversion of organic
8 materials, methane capture or conversion strategies, installation of
9 gas collection devices and gas control systems, monitoring and
10 reporting of methane emissions, or other means, prioritizing funding
11 needed for any activities by local governments to comply with chapter
12 70A.540 RCW;

13 (l) Carbon dioxide removal projects, programs, and activities;
14 and

15 (m) Activities to support efforts to mitigate and adapt to the
16 effects of climate change affecting Indian tribes, including capital
17 investments in support of the relocation of Indian tribes located in
18 areas at heightened risk due to anticipated sea level rise, flooding,
19 or other disturbances caused by climate change. The legislature
20 intends to dedicate at least \$50,000,000 per biennium from the
21 account for purposes of this subsection.

22 (2) Moneys in the account may not be used for projects or
23 activities that would violate tribal treaty rights or result in
24 significant long-term damage to critical habitat or ecological
25 functions. Investments from this account must result in long-term
26 environmental benefits and increased resilience to the impacts of
27 climate change.

28 (3) During the 2023-2025 fiscal biennium, the legislature may
29 appropriate moneys from the climate commitment account for activities
30 related to environmental justice, including implementation of chapter
31 314, Laws of 2021.

32 **Sec. 940.** RCW 70A.305.180 and 2021 c 334 s 988 are each amended
33 to read as follows:

34 (1) The model toxics control operating account is hereby created
35 in the state treasury.

36 (2) Moneys in the model toxics control operating account must be
37 used only to carry out the purposes of this chapter, including but
38 not limited to the following:

1 (a) The state's responsibility for hazardous waste planning,
2 management, regulation, enforcement, technical assistance, and public
3 education required under chapter 70A.300 RCW;

4 (b) The state's responsibility for solid waste planning,
5 management, regulation, enforcement, technical assistance, and public
6 education required under chapter 70A.205 RCW;

7 (c) The hazardous waste clean-up program required under this
8 chapter;

9 (d) State matching funds required under federal cleanup law;

10 (e) Financial assistance for local programs and plans, including
11 local solid waste financial assistance, in accordance with chapters
12 70A.405, 70A.205, 70A.214, 70A.224, and 70A.300 RCW;

13 (f) State government programs for the safe reduction, recycling,
14 or disposal of paint and hazardous wastes from households, small
15 businesses, and agriculture;

16 (g) Oil and hazardous materials spill prevention, preparedness,
17 training, and response activities;

18 (h) Water and environmental health protection and monitoring
19 programs;

20 (i) Programs authorized under chapter 70A.135 RCW;

21 (j) A public participation program;

22 (k) Development and demonstration of alternative management
23 technologies designed to carry out the hazardous waste management
24 priorities of RCW 70A.300.260;

25 (l) State agriculture and health programs for the safe use,
26 reduction, recycling, or disposal of pesticides;

27 (m) Funding requirements to maintain receipt of federal funds
28 under the federal solid waste disposal act (42 U.S.C. Sec. 6901 et
29 seq.);

30 (n) Air quality programs and actions for reducing public exposure
31 to toxic air pollution;

32 (o) Petroleum-based plastic or expanded polystyrene foam debris
33 clean-up activities in fresh or marine waters; and

34 (p) For the 2021-2023 fiscal biennium, and solely to continue the
35 policy of previous biennia, forest practices at the department of
36 natural resources.

37 (3) Except for unanticipated receipts under RCW 43.79.260 through
38 43.79.282, moneys in model toxics control operating account may be
39 spent only after appropriation by statute.

1 (4) One percent of the moneys collected under RCW 82.21.030 must
2 be allocated only for public participation grants to persons who may
3 be adversely affected by a release or threatened release of a
4 hazardous substance and to not-for-profit public interest
5 organizations. The primary purpose of these grants is to facilitate
6 the participation by persons and organizations in the investigation
7 and remedying of releases or threatened releases of hazardous
8 substances and to implement the state's solid and hazardous waste
9 management priorities. No grant may exceed sixty thousand dollars.
10 Grants may be renewed annually. Moneys appropriated for public
11 participation that are not expended at the close of any biennium
12 revert to the model toxics control operating account.

13 (5) The department must adopt rules for grant or loan issuance
14 and performance.

15 (6) During the 2023-2025 fiscal biennium, the legislature may
16 direct the state treasurer to make transfers of moneys in the model
17 toxics control operating account to the state general fund.

18 **Sec. 941.** RCW 71.24.580 and 2022 c 297 s 964 and 2022 c 157 s 18
19 are each reenacted and amended to read as follows:

20 (1) The criminal justice treatment account is created in the
21 state treasury. Moneys in the account may be expended solely for: (a)
22 Substance use disorder treatment and treatment support services for
23 offenders with a substance use disorder that, if not treated, would
24 result in addiction, against whom charges are filed by a prosecuting
25 attorney in Washington state; (b) the provision of substance use
26 disorder treatment services and treatment support services for
27 nonviolent offenders within a drug court program and, during the
28 2021-2023 and 2023-2025 fiscal (~~biennium~~) biennia, for 180 days
29 following graduation from the drug court program; and (c) the
30 administrative and overhead costs associated with the operation of a
31 drug court. Amounts provided in this subsection must be used for
32 treatment and recovery support services for criminally involved
33 offenders and authorization of these services shall not be subject to
34 determinations of medical necessity. During the 2019-2021 and
35 2021-2023 fiscal biennia, funding from the criminal justice treatment
36 account may be used to provide treatment and support services through
37 the conclusion of an individual's treatment plan to individuals
38 participating in a drug court program as of February 24, 2021, if
39 that individual wishes to continue treatment following dismissal of

1 charges they were facing under RCW 69.50.4013(1). Such participation
2 is voluntary and contingent upon substantial compliance with drug
3 court program requirements. The legislature may appropriate from the
4 account for municipal drug courts and increased treatment options.
5 During the 2019-2021 fiscal biennium, the legislature may direct the
6 state treasurer to make transfers of moneys in the criminal justice
7 treatment account to the home security fund account created in RCW
8 43.185C.060. Moneys in the account may be spent only after
9 appropriation.

10 (2) For purposes of this section:

11 (a) "Treatment" means services that are critical to a
12 participant's successful completion of his or her substance use
13 disorder treatment program, including but not limited to the recovery
14 support and other programmatic elements outlined in RCW 2.30.030
15 authorizing therapeutic courts; and

16 (b) "Treatment support" includes transportation to or from
17 inpatient or outpatient treatment services when no viable alternative
18 exists, and child care services that are necessary to ensure a
19 participant's ability to attend outpatient treatment sessions.

20 (3) Revenues to the criminal justice treatment account consist
21 of: (a) Funds transferred to the account pursuant to this section;
22 and (b) any other revenues appropriated to or deposited in the
23 account.

24 (4) (a) For the fiscal year beginning July 1, 2005, and each
25 subsequent fiscal year, the state treasurer shall transfer eight
26 million two hundred fifty thousand dollars from the general fund to
27 the criminal justice treatment account, divided into four equal
28 quarterly payments. For the fiscal year beginning July 1, 2006, and
29 each subsequent fiscal year, the amount transferred shall be
30 increased on an annual basis by the implicit price deflator as
31 published by the federal bureau of labor statistics.

32 (b) In each odd-numbered year, the legislature shall appropriate
33 the amount transferred to the criminal justice treatment account in
34 (a) of this subsection to the department for the purposes of
35 subsection (5) of this section.

36 (5) Moneys appropriated to the authority from the criminal
37 justice treatment account shall be distributed as specified in this
38 subsection. The authority may retain up to three percent of the
39 amount appropriated under subsection (4) (b) of this section for its
40 administrative costs.

1 (a) Seventy percent of amounts appropriated to the authority from
2 the account shall be distributed to counties pursuant to the
3 distribution formula adopted under this section. The authority, in
4 consultation with the department of corrections, the Washington state
5 association of counties, the Washington state association of drug
6 court professionals, the superior court judges' association, the
7 Washington association of prosecuting attorneys, representatives of
8 the criminal defense bar, representatives of substance use disorder
9 treatment providers, and any other person deemed by the authority to
10 be necessary, shall establish a fair and reasonable methodology for
11 distribution to counties of moneys in the criminal justice treatment
12 account. County or regional plans submitted for the expenditure of
13 formula funds must be approved by the panel established in (b) of
14 this subsection.

15 (b) Thirty percent of the amounts appropriated to the authority
16 from the account shall be distributed as grants for purposes of
17 treating offenders against whom charges are filed by a county
18 prosecuting attorney. The authority shall appoint a panel of
19 representatives from the Washington association of prosecuting
20 attorneys, the Washington association of sheriffs and police chiefs,
21 the superior court judges' association, the Washington state
22 association of counties, the Washington defender's association or the
23 Washington association of criminal defense lawyers, the department of
24 corrections, the Washington state association of drug court
25 professionals, and substance use disorder treatment providers. The
26 panel shall review county or regional plans for funding under (a) of
27 this subsection and grants approved under this subsection. The panel
28 shall attempt to ensure that treatment as funded by the grants is
29 available to offenders statewide.

30 (6) The county alcohol and drug coordinator, county prosecutor,
31 county sheriff, county superior court, a substance abuse treatment
32 provider appointed by the county legislative authority, a member of
33 the criminal defense bar appointed by the county legislative
34 authority, and, in counties with a drug court, a representative of
35 the drug court shall jointly submit a plan, approved by the county
36 legislative authority or authorities, to the panel established in
37 subsection (5)(b) of this section, for disposition of all the funds
38 provided from the criminal justice treatment account within that
39 county. The submitted plan should incorporate current evidence-based
40 practices in substance use disorder treatment. The funds shall be

1 used solely to provide approved alcohol and substance use disorder
2 treatment pursuant to RCW 71.24.560 and treatment support services.
3 No more than ten percent of the total moneys received under
4 subsections (4) and (5) of this section by a county or group of
5 counties participating in a regional agreement shall be spent for
6 treatment support services.

7 (7) Counties are encouraged to consider regional agreements and
8 submit regional plans for the efficient delivery of treatment under
9 this section.

10 (8) Moneys allocated under this section shall be used to
11 supplement, not supplant, other federal, state, and local funds used
12 for substance abuse treatment.

13 (9) If a region or county uses criminal justice treatment account
14 funds to support a therapeutic court, the therapeutic court must
15 allow the use of all medications approved by the federal food and
16 drug administration for the treatment of opioid use disorder as
17 deemed medically appropriate for a participant by a medical
18 professional. If appropriate medication-assisted treatment resources
19 are not available or accessible within the jurisdiction, the health
20 care authority's designee for assistance must assist the court with
21 acquiring the resource.

22 (10) Counties must meet the criteria established in RCW
23 2.30.030(3).

24 (11) The authority shall annually review and monitor the
25 expenditures made by any county or group of counties that receives
26 appropriated funds distributed under this section. Counties shall
27 repay any funds that are not spent in accordance with the
28 requirements of its contract with the authority.

29 **Sec. 942.** RCW 74.46.561 and 2023 c ... s 1903 (section 1903 of
30 this act) are each amended to read as follows:

31 (1) The legislature adopts a new system for establishing nursing
32 home payment rates beginning July 1, 2016. Any payments to nursing
33 homes for services provided after June 30, 2016, must be based on the
34 new system. The new system must be designed in such a manner as to
35 decrease administrative complexity associated with the payment
36 methodology, reward nursing homes providing care for high acuity
37 residents, incentivize quality care for residents of nursing homes,
38 and establish minimum staffing standards for direct care.

1 (2) The new system must be based primarily on industry-wide
2 costs, and have three main components: Direct care, indirect care,
3 and capital.

4 (3) (a) The direct care component must include the direct care and
5 therapy care components of the previous system, along with food,
6 laundry, and dietary services. Except as provided in (b) of this
7 subsection, direct care must be paid at a fixed rate, based on one
8 hundred percent or greater of statewide case mix neutral median
9 costs, but shall be capped so that a nursing home provider's direct
10 care rate does not exceed 118 percent of its base year's direct care
11 allowable costs except if the provider is below the minimum staffing
12 standard established in RCW 74.42.360(2). (~~The legislature intends~~
13 ~~to remove the cap on direct care rates by June 30, 2027.~~) Direct
14 care must be performance-adjusted for acuity every six months, using
15 case mix principles. Direct care must be regionally adjusted using
16 countywide wage index information available through the United States
17 department of labor's bureau of labor statistics. There is no minimum
18 occupancy for direct care. The direct care component rate allocations
19 calculated in accordance with this section must be adjusted to the
20 extent necessary to comply with RCW 74.46.421.

21 (b) Unless a nursing home provider is below the minimum staffing
22 standard established in RCW 74.42.360(2), a provider's direct care
23 rate relative to its base year's direct care allowable costs must be
24 capped as follows:

25 (i) For fiscal year 2023, the cap must not exceed 165 percent;

26 (ii) For fiscal year 2024, the cap must not exceed 153 percent;

27 and

28 (iii) For fiscal year 2025, the cap must not exceed 142 percent.

29 (4) (a) The indirect care component must include the elements of
30 administrative expenses, maintenance costs, and housekeeping services
31 from the previous system. Except as provided in (b) of this
32 subsection, a minimum occupancy assumption of ninety percent must be
33 applied to indirect care. Indirect care must be paid at a fixed rate,
34 based on ninety percent or greater of statewide median costs. The
35 indirect care component rate allocations calculated in accordance
36 with this section must be adjusted to the extent necessary to comply
37 with RCW 74.46.421.

38 (b) A minimum occupancy assumption must be applied to indirect
39 care as follows:

40 (i) For fiscal year 2023, the assumption must be 75 percent;

1 (ii) For fiscal year 2024, the assumption must be 80 percent; and

2 (iii) For fiscal year 2025, the assumption must be 80 percent.

3 (5) The capital component must use a fair market rental system to
4 set a price per bed. The capital component must be adjusted for the
5 age of the facility, and must use a minimum occupancy assumption of
6 ninety percent.

7 (a) Beginning July 1, 2016, the fair rental rate allocation for
8 each facility must be determined by multiplying the allowable nursing
9 home square footage in (c) of this subsection by the RSMeans rental
10 rate in (d) of this subsection and by the number of licensed beds
11 yielding the gross unadjusted building value. An equipment allowance
12 of ten percent must be added to the unadjusted building value. The
13 sum of the unadjusted building value and equipment allowance must
14 then be reduced by the average age of the facility as determined by
15 (e) of this subsection using a depreciation rate of one and one-half
16 percent. The depreciated building and equipment plus land valued at
17 ten percent of the gross unadjusted building value before
18 depreciation must then be multiplied by the rental rate at seven and
19 one-half percent to yield an allowable fair rental value for the
20 land, building, and equipment.

21 (b) The fair rental value determined in (a) of this subsection
22 must be divided by the greater of the actual total facility census
23 from the prior full calendar year or imputed census based on the
24 number of licensed beds at ninety percent occupancy.

25 (c) For the rate year beginning July 1, 2016, all facilities must
26 be reimbursed using four hundred square feet. For the rate year
27 beginning July 1, 2017, allowable nursing facility square footage
28 must be determined using the total nursing facility square footage as
29 reported on the medicaid cost reports submitted to the department in
30 compliance with this chapter. The maximum allowable square feet per
31 bed may not exceed four hundred fifty.

32 (d) Each facility must be paid at eighty-three percent or greater
33 of the median nursing facility RSMeans construction index value per
34 square foot. The department may use updated RSMeans construction
35 index information when more recent square footage data becomes
36 available. The statewide value per square foot must be indexed based
37 on facility zip code by multiplying the statewide value per square
38 foot times the appropriate zip code based index. For the purpose of
39 implementing this section, the value per square foot effective July
40 1, 2016, must be set so that the weighted average fair rental value

1 rate is not less than ten dollars and eighty cents per patient day.
2 The capital component rate allocations calculated in accordance with
3 this section must be adjusted to the extent necessary to comply with
4 RCW 74.46.421.

5 (e) The average age is the actual facility age reduced for
6 significant renovations. Significant renovations are defined as those
7 renovations that exceed two thousand dollars per bed in a calendar
8 year as reported on the annual cost report submitted in accordance
9 with this chapter. For the rate beginning July 1, 2016, the
10 department shall use renovation data back to 1994 as submitted on
11 facility cost reports. Beginning July 1, 2016, facility ages must be
12 reduced in future years if the value of the renovation completed in
13 any year exceeds two thousand dollars times the number of licensed
14 beds. The cost of the renovation must be divided by the accumulated
15 depreciation per bed in the year of the renovation to determine the
16 equivalent number of new replacement beds. The new age for the
17 facility is a weighted average with the replacement bed equivalents
18 reflecting an age of zero and the existing licensed beds, minus the
19 new bed equivalents, reflecting their age in the year of the
20 renovation. At no time may the depreciated age be less than zero or
21 greater than forty-four years.

22 (f) A nursing facility's capital component rate allocation must
23 be rebased annually, effective July 1, 2016, in accordance with this
24 section and this chapter.

25 (g) For the purposes of this subsection (5), "RSMeans" means
26 building construction costs data as published by Gordian.

27 (6) A quality incentive must be offered as a rate enhancement
28 beginning July 1, 2016.

29 (a) An enhancement no larger than five percent and no less than
30 one percent of the statewide average daily rate must be paid to
31 facilities that meet or exceed the standard established for the
32 quality incentive. All providers must have the opportunity to earn
33 the full quality incentive payment.

34 (b) The quality incentive component must be determined by
35 calculating an overall facility quality score composed of four to six
36 quality measures. For fiscal year 2017 there shall be four quality
37 measures, and for fiscal year 2018 there shall be six quality
38 measures. Initially, the quality incentive component must be based on
39 minimum data set quality measures for the percentage of long-stay
40 residents who self-report moderate to severe pain, the percentage of

1 high-risk long-stay residents with pressure ulcers, the percentage of
2 long-stay residents experiencing one or more falls with major injury,
3 and the percentage of long-stay residents with a urinary tract
4 infection. Quality measures must be reviewed on an annual basis by a
5 stakeholder work group established by the department. Upon review,
6 quality measures may be added or changed. The department may risk
7 adjust individual quality measures as it deems appropriate.

8 (c) The facility quality score must be point based, using at a
9 minimum the facility's most recent available three-quarter average
10 centers for medicare and medicaid services quality data. Point
11 thresholds for each quality measure must be established using the
12 corresponding statistical values for the quality measure point
13 determinants of eighty quality measure points, sixty quality measure
14 points, forty quality measure points, and twenty quality measure
15 points, identified in the most recent available five-star quality
16 rating system technical user's guide published by the centers for
17 medicare and medicaid services.

18 (d) Facilities meeting or exceeding the highest performance
19 threshold (top level) for a quality measure receive twenty-five
20 points. Facilities meeting the second highest performance threshold
21 receive twenty points. Facilities meeting the third level of
22 performance threshold receive fifteen points. Facilities in the
23 bottom performance threshold level receive no points. Points from all
24 quality measures must then be summed into a single aggregate quality
25 score for each facility.

26 (e) Facilities receiving an aggregate quality score of eighty
27 percent of the overall available total score or higher must be placed
28 in the highest tier (tier V), facilities receiving an aggregate score
29 of between seventy and seventy-nine percent of the overall available
30 total score must be placed in the second highest tier (tier IV),
31 facilities receiving an aggregate score of between sixty and sixty-
32 nine percent of the overall available total score must be placed in
33 the third highest tier (tier III), facilities receiving an aggregate
34 score of between fifty and fifty-nine percent of the overall
35 available total score must be placed in the fourth highest tier (tier
36 II), and facilities receiving less than fifty percent of the overall
37 available total score must be placed in the lowest tier (tier I).

38 (f) The tier system must be used to determine the amount of each
39 facility's per patient day quality incentive component. The per
40 patient day quality incentive component for tier IV is seventy-five

1 percent of the per patient day quality incentive component for tier
2 V, the per patient day quality incentive component for tier III is
3 fifty percent of the per patient day quality incentive component for
4 tier V, and the per patient day quality incentive component for tier
5 II is twenty-five percent of the per patient day quality incentive
6 component for tier V. Facilities in tier I receive no quality
7 incentive component.

8 (g) Tier system payments must be set in a manner that ensures
9 that the entire biennial appropriation for the quality incentive
10 program is allocated.

11 (h) Facilities with insufficient three-quarter average centers
12 for medicare and medicaid services quality data must be assigned to
13 the tier corresponding to their five-star quality rating. Facilities
14 with a five-star quality rating must be assigned to the highest tier
15 (tier V) and facilities with a one-star quality rating must be
16 assigned to the lowest tier (tier I). The use of a facility's five-
17 star quality rating shall only occur in the case of insufficient
18 centers for medicare and medicaid services minimum data set
19 information.

20 (i) The quality incentive rates must be adjusted semiannually on
21 July 1 and January 1 of each year using, at a minimum, the most
22 recent available three-quarter average centers for medicare and
23 medicaid services quality data.

24 (j) Beginning July 1, 2017, the percentage of short-stay
25 residents who newly received an antipsychotic medication must be
26 added as a quality measure. The department must determine the quality
27 incentive thresholds for this quality measure in a manner consistent
28 with those outlined in (b) through (h) of this subsection using the
29 centers for medicare and medicaid services quality data.

30 (k) Beginning July 1, 2017, the percentage of direct care staff
31 turnover must be added as a quality measure using the centers for
32 medicare and medicaid services' payroll-based journal and nursing
33 home facility payroll data. Turnover is defined as an employee
34 departure. The department must determine the quality incentive
35 thresholds for this quality measure using data from the centers for
36 medicare and medicaid services' payroll-based journal, unless such
37 data is not available, in which case the department shall use direct
38 care staffing turnover data from the most recent medicaid cost
39 report.

1 (7) Reimbursement of the safety net assessment imposed by chapter
2 74.48 RCW and paid in relation to medicaid residents must be
3 continued.

4 (8)(a) The direct care and indirect care components must be
5 rebased in even-numbered years, beginning with rates paid on July 1,
6 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar
7 year cost report. On a percentage basis, after rebasing, the
8 department must confirm that the statewide average daily rate has
9 increased at least as much as the average rate of inflation, as
10 determined by the skilled nursing facility market basket index
11 published by the centers for medicare and medicaid services, or a
12 comparable index. If after rebasing, the percentage increase to the
13 statewide average daily rate is less than the average rate of
14 inflation for the same time period, the department is authorized to
15 increase rates by the difference between the percentage increase
16 after rebasing and the average rate of inflation.

17 (b) It is the intention of the legislature that direct and
18 indirect care rates paid in fiscal year 2022 will be rebased using
19 the calendar year 2019 cost reports. For fiscal year 2021, in
20 addition to the rates generated by (a) of this subsection, an
21 additional adjustment is provided as established in this subsection
22 (8)(b). Beginning May 1, 2020, and through June 30, 2021, the
23 calendar year costs must be adjusted for inflation by a twenty-four
24 month consumer price index, based on the most recently available
25 monthly index for all urban consumers, as published by the bureau of
26 labor statistics. It is also the intent of the legislature that,
27 starting in fiscal year 2022, a facility-specific rate add-on equal
28 to the inflation adjustment that facilities received solely in fiscal
29 year 2021, must be added to the rate. For fiscal year 2024, the
30 direct care and indirect care components shall be rebased to the 2021
31 calendar year cost report plus a 4.7 percent adjustment for
32 inflation. For fiscal year 2025, the direct and indirect care
33 components shall be rebased to the 2022 calendar year cost report
34 plus a five percent adjustment for inflation.

35 (c) To determine the necessity of regular inflationary
36 adjustments to the nursing facility rates, by December 1, 2020, the
37 department shall provide the appropriate policy and fiscal committees
38 of the legislature with a report that provides a review of rates paid
39 in 2017, 2018, and 2019 in comparison to costs incurred by nursing
40 facilities.

1 (9) The direct care component provided in subsection (3) of this
2 section is subject to the reconciliation and settlement process
3 provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to
4 rules established by the department, funds that are received through
5 the reconciliation and settlement process provided in RCW

25 forecasts and utilization assumptions in the long-term care,
26 developmental disabilities, and public assistance programs, the
27 department may transfer state appropriations that are provided solely
28 for a specified purpose. The department may not transfer funds, and
29 the director of the office of financial management may not approve
30 the transfer, unless the transfer is consistent with the objective of
31 conserving, to the maximum extent possible, the expenditure of state
32 funds. The director of the office of financial management shall

34 present a hardship to the applicant. In these situations the

22 the needs of a client before he or she enters a community placement,
23 then the person centered service plan must also identify and
24 authorize this training.

10 recommendations for clients who live in the community to access the

12 professionals to receive care covered under the state plan. If
13 feasible, these recommendations should detail how to enable facility-
14 based professionals to deliver services at mobile or brick-and-mortar
15 clinical settings in the community. The department must submit its
16 recommendations to the appropriate legislative committees no later
17 than December 1, 2022.

15 in print. The toolkit should include educational topics including,
16 but not limited to:

17 (i) The importance of early advance care, legal, and financial
18 planning;

19 (ii) The purpose and application of various advance care, legal,

27 attorney forms and advance health care directives; and

10 to four dollars per hour, and for the department to recover any
11 funding difference between each provider's wage equity funding and
12 the amount of wage equity funding that the provider utilizes to
13 increase low-wage worker wages. The verification process must use
14 wages paid as of December 31, 2021, as the base wage to compare

12 (2) The health care authority shall not initiate any services
13 that require expenditure of state general fund moneys unless
14 expressly authorized in this act or other law. The health care
15 authority may seek, receive, and spend, under RCW 43.79.260 through
16 43.79.282, federal moneys not anticipated in this act as long as the
17 federal funding does not require expenditure of state moneys for the
18 program in excess of amounts anticipated in this act. If the health
19 care authority receives unanticipated unrestricted federal moneys,
20 those moneys shall be spent for services authorized in this act or in
21 any other legislation providing appropriation authority, and an equal
22 amount of appropriated state general fund moneys shall lapse. Upon
23 the lapsing of any moneys under this subsection, the office of
24 financial management shall notify the legislative fiscal committees.
25 As used in this subsection, "unrestricted federal moneys" includes
26 block grants and other funds that federal law does not require to be
27 spent on specifically defined projects or matched on a formula basis
28 by state funds.

29 (3)(a) The health care authority, the health benefit exchange,
30 the department of social and health services, the department of
31 health, the department of corrections, and the department of

34 coalition (the coalition). The coalition, led by the health care
35 authority, must be a multi-organization collaborative that provides
36 strategic direction and federal funding guidance for projects that
37 have cross-organizational or enterprise impact, including information
38 technology projects that affect organizations within the coalition.
39 The office of the chief information officer shall maintain a
40 statewide perspective when collaborating with the coalition to ensure

1 that projects are planned for in a manner that ensures the efficient
2 use of state resources, supports the adoption of a cohesive
3 technology and data architecture, and maximizes federal financial

5 as a coalition project is subject to the conditions, limitations, and
6 review provided in section 701 of this act.

18 and following fiscal year. This must include which coalition agencies
19 are involved in these projects, including the anticipated in-kind
20 funding by agency, and if a budget request will be submitted for
21 funding. This must reflect all funding required by fiscal year and by
22 fund source and include the budget outlook period.

23 (4) The appropriations to the health care authority in this act
24 shall be expended for the programs and in the amounts specified in
25 this act. However, after May 1, (~~2022~~) 2023, unless prohibited by
26 this act, the authority may transfer general fund—state
27 appropriations for fiscal year 2022 among programs after approval by
28 the director of the office of financial management. The authority
29 must notify the fiscal committees of the legislature prior to
30 receiving approval from the director of the office of financial
31 management. To the extent that appropriations in sections 211 through
32 215 of this act are insufficient to fund actual expenditures in
33 excess of caseload forecast and utilization assumptions or for
34 expenses in response to the COVID-19 pandemic, the authority may
35 transfer general fund—state appropriations for fiscal year (~~2022~~)
36 2023 that are provided solely for a specified purpose. The authority
37 may not transfer funds, including for expenses in response to the
38 COVID-19 pandemic in fiscal year (~~2022~~) 2023, and the director of
39 the office of financial management shall not approve the transfer,
40 unless the transfer is consistent with the objective of conserving,

1 to the maximum extent possible, the expenditure of state funds. The
2 director of the office of financial management shall notify the
3 appropriate fiscal committees of the legislature in writing seven
4 days prior to approving any allotment modifications or transfers

37 The appropriations in this section are subject to the following
38 conditions and limitations:

1 (1) The authority shall not accept or expend any federal funds
2 received under a medicaid transformation waiver under healthier
3 Washington except as described in subsections (2), (3), and (4) of
4 this section until specifically approved and appropriated by the
5 legislature. To ensure compliance with legislative directive budget
6 requirements and terms and conditions of the waiver, the authority
7 shall implement the waiver and reporting requirements with oversight
8 from the office of financial management. The legislature finds that
9 appropriate management of the innovation waiver requires better
10 analytic capability, transparency, consistency, timeliness, accuracy,
11 and lack of redundancy with other established measures and that the
12 patient must be considered first and foremost in the implementation
13 and execution of the demonstration waiver. In order to effectuate
14 these goals, the authority shall: (a) Require the Dr. Robert Bree
15 collaborative and the health technology assessment program to reduce
16 the administrative burden upon providers by only requiring
17 performance measures that are nonduplicative of other nationally
18 established measures. The joint select committee on health care
19 oversight will evaluate the measures chosen by the collaborative and
20 the health technology assessment program for effectiveness and
21 appropriateness; (b) develop a patient satisfaction survey with the
22 goal to gather information about whether it was beneficial for the
23 patient to use the center of excellence location in exchange for
24 additional out-of-pocket savings; (c) ensure patients and health care
25 providers have significant input into the implementation of the
26 demonstration waiver, in order to ensure improved patient health
27 outcomes; and (d) in cooperation with the department of social and
28 health services, consult with and provide notification of work on
29 applications for federal waivers, including details on waiver
30 duration, financial implications, and potential future impacts on the
31 state budget, to the joint select committee on health care oversight
32 prior to submitting waivers for federal approval. The authority shall
33 submit an application to the centers for medicaid and medicare
34 services to extend the duration of the medicaid transformation waiver
35 under healthier Washington as described in subsections (2), (3), and
36 (4) of this section by one year. If not extended, by federal
37 standard, the medicaid transformation demonstration waiver shall not
38 exceed the duration originally granted by the centers for medicare
39 and medicaid services and any programs created or funded by this
40 waiver do not create an entitlement. The demonstration period for the

1 waiver as described in subsections (2), (3), and (4) of this section
2 concludes (~~December 31, 2022~~) June 30, 2023.

3 (2) (a) No more than (~~(\$78,409,000)~~) \$93,107,000 of the general
4 fund—federal appropriation and no more than (~~(\$66,264,000)~~)
5 \$88,826,000 of the general fund—local appropriation may be expended
6 for transformation through accountable communities of health
7 described in initiative 1 of the medicaid transformation
8 demonstration wavier under healthier Washington, including preventing
9 youth drug use, opioid prevention and treatment, and physical and
10 behavioral health integration. Under this initiative, the authority
11 shall take into account local input regarding community needs. In
12 order to ensure transparency to the appropriate fiscal committees of
13 the legislature, the authority shall provide fiscal staff of the
14 legislature query ability into any database of the fiscal
15 intermediary that authority staff would be authorized to access. The
16 authority shall not increase general fund—state expenditures under
17 this initiative. The director shall also report to the fiscal
18 committees of the legislature all of the expenditures under this
19 subsection and shall provide such fiscal data in the time, manner,
20 and form requested by the legislative fiscal committees.

21 (b) No more than (~~(\$198,909,000)~~) \$315,678,000 of the general
22 fund—federal appropriation and no more than (~~(\$81,245,000)~~)
23 \$128,939,000 of the general fund—private/local appropriation may be
24 expended for the medicaid quality improvement program. Under federal
25 regulations, the medicaid quality improvement program is authorized
26 and allows states to design quality improvement programs for the
27 medicaid population in ways that support the state's quality goals.
28 Medicaid quality improvement program payments will not count against
29 the medicaid transformation demonstration waiver spending limits and
30 are excluded from the waiver's budget neutrality calculation. Apple
31 health managed care organizations and their partnering providers will
32 receive medicaid quality improvement program payments as they meet
33 designated milestones. Partnering providers and apple health managed
34 care organizations will work together to achieve medicaid quality
35 improvement program goals according to the performance period
36 timelines and reporting deadlines as set forth by the authority. The
37 authority shall only utilize the medicaid quality improvement program
38 to support the transformation waiver and shall not pursue its use for
39 other purposes. Any programs created or funded by the medicaid

1 quality improvement program does not create an entitlement. The
2 authority shall not increase general fund—state, federal, or private/
3 local expenditures under this program. The director shall report to
4 the joint select committee on health care oversight not less than
5 quarterly on financial and health outcomes. The director shall report
6 to the fiscal committees of the legislature all of the expenditures
7 under this subsection and shall provide such fiscal data in the time,
8 manner, and form requested by the legislative fiscal committees.

9 (3) No more than (~~(\$26,837,000)~~) \$46,739,000 of the general fund—
10 federal appropriation and (~~(\$26,839,000)~~) \$46,742,000 of the general
11 fund—local appropriation may be expended for tailored support for
12 older adults and medicaid alternative care described in initiative 2
13 of the medicaid transformation demonstration waiver under healthier
14 Washington as well as administrative expenses for initiative 3. The
15 authority shall contract and provide funding to the department of
16 social and health services to administer initiative 2. The director
17 in cooperation with the secretary of the department of social and
18 health services shall report to the office of financial management
19 all of the expenditures of this section and shall provide such fiscal
20 data in the time, manner, and form requested. The authority shall not
21 increase general fund—state expenditures on this initiative.

22 (4) No more than (~~(\$28,680,000)~~) \$41,915,000 of the general fund—
23 federal appropriation and no more than (~~(\$12,992,000)~~) \$20,310,000 of
24 the general fund—local appropriation may be expended for supported
25 housing and employment services described in initiative 3a and 3b of
26 the medicaid transformation demonstration waiver under healthier
27 Washington. Under this initiative, the authority and the department
28 of social and health services shall ensure that allowable and
29 necessary services are provided to eligible clients as identified by
30 the department or its third party administrator. The authority shall
31 not increase general fund—state expenditures under this initiative.
32 The director shall report to the joint select committee on health
33 care oversight no less than quarterly on financial and health
34 outcomes. The director shall also report to the fiscal committees of
35 the legislature all of the expenditures of this subsection and shall
36 provide such fiscal data in the time, manner, and form requested by
37 the legislative fiscal committees.

38 (5) The authority shall submit an application to the centers for
39 medicare and medicaid services to renew the 1115 demonstration waiver

1 for an additional five years as described in subsections (2), (3),
2 and (4) of this section. The authority may not accept or expend any
3 federal funds received under an 1115 demonstration waiver except as
4 described in this section unless the legislature has appropriated the
5 federal funding. To ensure compliance with legislative requirements
6 and terms and conditions of the waiver, the authority shall implement
7 the renewal of the 1115 demonstration waiver and reporting
8 requirements with oversight from the office of financial management.
9 The legislature finds that appropriate management of the renewal of
10 the 1115 demonstration waiver (~~(as set forth in subsections (6), (7),~~
11 ~~and (8) of this section)) requires sound, consistent, timely, and
12 transparent oversight and analytic review in addition to lack of
13 redundancy with other established measures. The patient must be
14 considered first and foremost in the implementation and execution of
15 the demonstration waiver. To accomplish these goals, the authority
16 shall develop consistent performance measures that focus on
17 population health and health outcomes. The authority shall limit the
18 number of projects that accountable communities of health may
19 participate in under initiative 1 to a maximum of six and shall seek
20 to develop common performance measures when possible. The joint
21 select committee on health care oversight will evaluate the measures
22 chosen: (a) For effectiveness and appropriateness; and (b) to provide
23 patients and health care providers with significant input into the
24 implementation of the demonstration waiver to promote improved
25 population health and patient health outcomes. In cooperation with
26 the department of social and health services, the authority shall
27 consult with and provide notification of work on applications for
28 federal waivers, including details on waiver duration, financial
29 implications, and potential future impacts on the state budget to the
30 joint select committee on health care oversight prior to submitting
31 these waivers for federal approval. Prior to final approval or
32 acceptance of funds by the authority, the authority shall submit the
33 special terms and conditions as submitted to the centers for medicare
34 and medicaid services and the anticipated budget for the duration of
35 the renewed waiver to the governor, the joint select committee on
36 health care, and the fiscal committees of the legislature. By federal
37 standard any programs created or funded by this waiver do not create
38 an entitlement. The demonstration period for the waiver (~~(as~~
39 ~~described in subsections (6), (7), and (8) of this section)) renewal
40 begins (~~(January)) July 1, 2023.~~~~~~

1 ~~(6) ((a) \$32,432,000 of the general fund federal appropriation~~
2 ~~and \$40,296,000 of the general fund local appropriation are provided~~
3 ~~solely for accountable communities of health described in initiative~~
4 ~~1 of the 1115 demonstration waiver and this is the maximum amount~~
5 ~~that may be expended for this purpose. In renewing this initiative,~~
6 ~~the authority shall consider local input regarding community needs~~
7 ~~and shall limit total local projects to no more than six. To provide~~
8 ~~transparency to the appropriate fiscal committees of the legislature,~~
9 ~~the authority shall provide fiscal staff of the legislature query~~
10 ~~ability into any database of the fiscal intermediary that authority~~
11 ~~staff would be authorized to access. The authority shall not~~
12 ~~supplement the amounts provided in this subsection with any general~~
13 ~~fund state moneys appropriated in this section or any moneys that may~~
14 ~~be transferred pursuant to subsection (1) of this section. The~~
15 ~~director shall report to the fiscal committees of the legislature all~~
16 ~~expenditures under this subsection and provide such fiscal data in~~
17 ~~the time, manner, and form requested by the legislative fiscal~~
18 ~~committees.~~

19 ~~(b) \$110,778,000 of the general fund federal appropriation and~~
20 ~~\$45,248,000 of the general fund private/local appropriation are~~
21 ~~provided solely for the medicaid quality improvement program and this~~
22 ~~is the maximum amount that may be expended for this purpose. Medicaid~~
23 ~~quality improvement program payments do not count against the 1115~~
24 ~~demonstration waiver spending limits and are excluded from the~~
25 ~~waiver's budget neutrality calculation. The authority may provide~~
26 ~~medicaid quality improvement program payments to apple health managed~~
27 ~~care organizations and their partnering providers as they meet~~
28 ~~designated milestones. Partnering providers and apple health managed~~
29 ~~care organizations must work together to achieve medicaid quality~~
30 ~~improvement program goals according to the performance period~~
31 ~~timelines and reporting deadlines as set forth by the authority. The~~
32 ~~authority may only use the medicaid quality improvement program to~~
33 ~~support initiatives 1, 2, and 3 as described in the 1115~~
34 ~~demonstration waiver and may not pursue its use for other purposes.~~
35 ~~Any programs created or funded by the medicaid quality improvement~~
36 ~~program do not constitute an entitlement for clients or providers.~~
37 ~~The authority shall not supplement the amounts provided in this~~
38 ~~subsection with any general fund state, general fund federal, or~~
39 ~~general fund local moneys appropriated in this section or any moneys~~

1 ~~that may be transferred pursuant to subsection (1) of this section.~~
2 ~~The director shall report to the joint select committee on health~~
3 ~~care oversight not less than quarterly on financial and health~~
4 ~~outcomes. The director shall report to the fiscal committees of the~~
5 ~~legislature all expenditures under this subsection and shall provide~~
6 ~~such fiscal data in the time, manner, and form requested by the~~
7 ~~legislative fiscal committees.~~

8 ~~(c) In collaboration with the accountable communities of health,~~
9 ~~the authority will submit a report to the governor and the joint~~
10 ~~select committee on health care oversight describing how each of the~~
11 ~~accountable community of health's work aligns with the community~~
12 ~~needs assessment no later than December 1, 2022.~~

13 ~~(d) Performance measures and payments for accountable communities~~
14 ~~of health shall reflect accountability measures that demonstrate~~
15 ~~progress toward transparent, measurable, and meaningful goals that~~
16 ~~have an impact on improved population health and improved health~~
17 ~~outcomes, including a path to financial sustainability. While these~~
18 ~~goals may have variation to account for unique community~~
19 ~~demographics, measures should be standardized when possible.~~

20 ~~(7) \$19,902,000 of the general fund federal appropriation and~~
21 ~~\$19,903,000 of the general fund local appropriation are provided~~
22 ~~solely for long-term support services as described in initiative 2 of~~
23 ~~the 1115 demonstration waiver as well as administrative expenses for~~
24 ~~initiative 3 and this is the maximum amount that may be expended for~~
25 ~~this purpose. The authority shall contract with and provide funding~~
26 ~~to the department of social and health services to administer~~
27 ~~initiative 2. The director in cooperation with the secretary of the~~
28 ~~department of social and health services shall report to the office~~
29 ~~of financial management all of the expenditures of this section and~~
30 ~~shall provide such fiscal data in the time, manner, and form~~
31 ~~requested. The authority shall not supplement the amounts provided in~~
32 ~~this subsection with any general fund state moneys appropriated in~~
33 ~~this section or any moneys that may be transferred pursuant to~~
34 ~~subsection (1) of this section.~~

35 ~~(8) (a) \$13,235,000 of the general fund federal appropriation and~~
36 ~~\$7,318,000 of the general fund local appropriation are provided~~
37 ~~solely for supported housing and employment services described in~~
38 ~~initiative 3a and 3b of the 1115 demonstration waiver and this is the~~
39 ~~maximum amount that may be expended for this purpose. Under this~~

1 initiative, the authority and the department of social and health
2 services shall ensure that allowable and necessary services are
3 provided to eligible clients as identified by the department or its
4 third-party administrator. The authority and the department, in
5 consultation with the medicaid forecast work group, shall ensure that
6 reasonable reimbursements are established for services deemed
7 necessary within an identified limit per individual. The authority
8 shall not supplement the amounts provided in this subsection with any
9 general fund state moneys appropriated in this section or any moneys
10 that may be transferred pursuant to subsection (1) of this section.
11 The director shall report to the joint select committee on health
12 care oversight no less than quarterly on financial and health
13 outcomes. The director shall also report to the fiscal committees of
14 the legislature all of the expenditures of this subsection and shall
15 provide such fiscal data in the time, manner, and form requested by
16 the legislative fiscal committees.

17 (b) The authority and the department shall seek additional
18 flexibilities for housing supports through the centers for medicare
19 and medicaid services and shall coordinate with the office of
20 financial management and the department of commerce to ensure that
21 services are not duplicated.

22 (c) The director shall report to the joint select committee on
23 health care oversight no less than quarterly on utilization and
24 caseload statistics for both supportive housing and employment
25 services and its progress toward increasing uptake and availability
26 for these services.

27 (9)) \$202,000 of the general fund—state appropriation for fiscal
28 year 2023 is provided solely for supported employment services and
29 \$208,000 of the general fund—state appropriation for fiscal year 2023
30 is provided solely for supported housing services, similar to the
31 services described in initiatives 3a and 3b of the 1115 demonstration
32 waiver to individuals who are ineligible for medicaid. Under these
33 initiatives, the authority and the department of social and health
34 services shall ensure that allowable and necessary services are
35 provided to eligible clients as identified by the authority or its
36 third-party administrator. Before authorizing services, eligibility
37 for initiative 3a or 3b of the 1115 demonstration waiver must first
38 be determined.

1 ~~((10))~~ (7) The authority shall submit a plan to preserve the
2 waiver that allows for the full cost of stays in institutions for
3 mental diseases to be included in managed care rates by November 1,
4 2021, to the appropriate committees of the legislature.

5 ~~((11))~~ (8) The authority shall submit a plan to preserve the
6 waiver allowing for full federal financial participation for medical
7 clients in mental health facilities classified as institutions for
8 mental diseases by November 1, 2021, to the appropriate committees of
9 the legislature.

10 ~~((12))~~ (9) Sufficient amounts are appropriated in this
11 subsection to implement the medicaid expansion as defined in the
12 social security act, section 1902(a)(10)(A)(i)(VIII).

13 ~~((13))~~ (10) The legislature finds that medicaid payment rates,
14 as calculated by the health care authority pursuant to the
15 appropriations in this act, bear a reasonable relationship to the
16 costs incurred by efficiently and economically operated facilities
17 for providing quality services and will be sufficient to enlist
18 enough providers so that care and services are available to the
19 extent that such care and services are available to the general
20 population in the geographic area. The legislature finds that the
21 cost reports, payment data from the federal government, historical
22 utilization, economic data, and clinical input constitute reliable
23 data upon which to determine the payment rates.

24 ~~((14))~~ (11) Based on quarterly expenditure reports and caseload
25 forecasts, if the health care authority estimates that expenditures
26 for the medical assistance program will exceed the appropriations,
27 the health care authority shall take steps including but not limited
28 to reduction of rates or elimination of optional services to reduce
29 expenditures so that total program costs do not exceed the annual
30 appropriation authority.

31 ~~((15))~~ (12) In determining financial eligibility for medicaid-
32 funded services, the health care authority is authorized to disregard
33 recoveries by Holocaust survivors of insurance proceeds or other
34 assets, as defined in RCW 48.104.030.

35 ~~((16))~~ (13) The legislature affirms that it is in the state's
36 interest for Harborview medical center to remain an economically
37 viable component of the state's health care system.

38 ~~((17))~~ (14) When a person is ineligible for medicaid solely by
39 reason of residence in an institution for mental diseases, the health
40 care authority shall provide the person with the same benefits as he

1 or she would receive if eligible for medicaid, using state-only funds
2 to the extent necessary.

3 ~~((18))~~ (15) \$3,733,000 of the general fund—state appropriation
4 for fiscal year 2022, ~~((4,261,000))~~ \$3,785,000 of the general fund—
5 state appropriation for fiscal year 2023, and ~~((9,050,000))~~
6 \$9,553,000 of the general fund—federal appropriation are provided
7 solely for low-income disproportionate share hospital payments.

8 ~~((19))~~ (16) Within the amounts appropriated in this section,
9 the health care authority shall provide disproportionate share
10 hospital payments to hospitals that provide services to children in
11 the children's health program who are not eligible for services under
12 Title XIX or XXI of the federal social security act due to their
13 citizenship status.

14 ~~((20))~~ (17) \$7,000,000 of the general fund—federal
15 appropriation is provided solely for supplemental payments to nursing
16 homes operated by public hospital districts. The public hospital
17 district shall be responsible for providing the required nonfederal
18 match for the supplemental payment, and the payments shall not exceed
19 the maximum allowable under federal rules. It is the legislature's
20 intent that the payments shall be supplemental to and shall not in
21 any way offset or reduce the payments calculated and provided in
22 accordance with part E of chapter 74.46 RCW. It is the legislature's
23 further intent that costs otherwise allowable for rate-setting and
24 settlement against payments under chapter 74.46 RCW shall not be
25 disallowed solely because such costs have been paid by revenues
26 retained by the nursing home from these supplemental payments. The
27 supplemental payments are subject to retrospective interim and final
28 cost settlements based on the nursing homes' as-filed and final
29 medicare cost reports. The timing of the interim and final cost
30 settlements shall be at the health care authority's discretion.
31 During either the interim cost settlement or the final cost
32 settlement, the health care authority shall recoup from the public
33 hospital districts the supplemental payments that exceed the medicaid
34 cost limit and/or the medicare upper payment limit. The health care
35 authority shall apply federal rules for identifying the eligible
36 incurred medicaid costs and the medicare upper payment limit.

37 ~~((21))~~ (18) The health care authority shall continue the
38 inpatient hospital certified public expenditures program for the
39 2021-2023 fiscal biennium. The program shall apply to all public

1 hospitals, including those owned or operated by the state, except
2 those classified as critical access hospitals or state psychiatric
3 institutions. The health care authority shall submit reports to the
4 governor and legislature by November 1, 2021, and by November 1,
5 2022, that evaluate whether savings continue to exceed costs for this
6 program. If the certified public expenditures (CPE) program in its
7 current form is no longer cost-effective to maintain, the health care
8 authority shall submit a report to the governor and legislature
9 detailing cost-effective alternative uses of local, state, and
10 federal resources as a replacement for this program. During fiscal
11 year 2022 and fiscal year 2023, hospitals in the program shall be
12 paid and shall retain one hundred percent of the federal portion of
13 the allowable hospital cost for each medicaid inpatient fee-for-
14 service claim payable by medical assistance and one hundred percent
15 of the federal portion of the maximum disproportionate share hospital
16 payment allowable under federal regulations. For the purpose of
17 determining the amount of any state grant under this subsection,
18 payments will include the federal portion of medicaid program
19 supplemental payments received by the hospitals. Inpatient medicaid
20 payments shall be established using an allowable methodology that
21 approximates the cost of claims submitted by the hospitals. Payments
22 made to each hospital in the program in each fiscal year of the
23 biennium shall be compared to a baseline amount. The baseline amount
24 will be determined by the total of (a) the inpatient claim payment
25 amounts that would have been paid during the fiscal year had the
26 hospital not been in the CPE program based on the reimbursement rates
27 developed, implemented, and consistent with policies approved in the
28 2021-2023 biennial operating appropriations act and in effect on July
29 1, 2015, (b) one-half of the indigent assistance disproportionate
30 share hospital payment amounts paid to and retained by each hospital
31 during fiscal year 2005, and (c) all of the other disproportionate
32 share hospital payment amounts paid to and retained by each hospital
33 during fiscal year 2005 to the extent the same disproportionate share
34 hospital programs exist in the 2019-2021 fiscal biennium. If payments
35 during the fiscal year exceed the hospital's baseline amount, no
36 additional payments will be made to the hospital except the federal
37 portion of allowable disproportionate share hospital payments for
38 which the hospital can certify allowable match. If payments during
39 the fiscal year are less than the baseline amount, the hospital will
40 be paid a state grant equal to the difference between payments during

1 the fiscal year and the applicable baseline amount. Payment of the
2 state grant shall be made in the applicable fiscal year and
3 distributed in monthly payments. The grants will be recalculated and
4 redistributed as the baseline is updated during the fiscal year. The
5 grant payments are subject to an interim settlement within eleven
6 months after the end of the fiscal year. A final settlement shall be
7 performed. To the extent that either settlement determines that a
8 hospital has received funds in excess of what it would have received
9 as described in this subsection, the hospital must repay the excess
10 amounts to the state when requested. \$425,000 of the general fund—
11 state appropriation for fiscal year 2022 and (~~(\$391,000)~~) \$273,000 of
12 the general fund—state appropriation for fiscal year 2023 are
13 provided solely for state grants for the participating hospitals.

14 (~~((+22))~~) (19) The health care authority shall seek public-private
15 partnerships and federal funds that are or may become available to
16 provide on-going support for outreach and education efforts under the
17 federal children's health insurance program reauthorization act of
18 2009.

19 (~~((+23))~~) (20) The health care authority shall target funding for
20 maternity support services towards pregnant women with factors that
21 lead to higher rates of poor birth outcomes, including hypertension,
22 a preterm or low birth weight birth in the most recent previous
23 birth, a cognitive deficit or developmental disability, substance
24 abuse, severe mental illness, unhealthy weight or failure to gain
25 weight, tobacco use, or African American or Native American race. The
26 health care authority shall prioritize evidence-based practices for
27 delivery of maternity support services. To the extent practicable,
28 the health care authority shall develop a mechanism to increase
29 federal funding for maternity support services by leveraging local
30 public funding for those services.

31 (~~((+24))~~) (21) The authority shall submit reports to the governor
32 and the legislature by September 15, 2021, and no later than
33 September 15, 2022, that delineate the number of individuals in
34 medicaid managed care, by carrier, age, gender, and eligibility
35 category, receiving preventative services and vaccinations. The
36 reports should include baseline and benchmark information from the
37 previous two fiscal years and should be inclusive of, but not limited
38 to, services recommended under the United States preventative
39 services task force, advisory committee on immunization practices,
40 early and periodic screening, diagnostic, and treatment (EPSDT)

1 guidelines, and other relevant preventative and vaccination medicaid
2 guidelines and requirements.

3 ~~((25))~~ (22) Managed care contracts must incorporate
4 accountability measures that monitor patient health and improved
5 health outcomes, and shall include an expectation that each patient
6 receive a wellness examination that documents the baseline health
7 status and allows for monitoring of health improvements and outcome
8 measures.

9 ~~((26))~~ (23) Sufficient amounts are appropriated in this section
10 for the authority to provide an adult dental benefit.

11 ~~((27))~~ (24) The health care authority shall coordinate with the
12 department of social and health services to provide referrals to the
13 Washington health benefit exchange for clients that will be
14 ineligible for medicaid.

15 ~~((28))~~ (25) To facilitate a single point of entry across public
16 and medical assistance programs, and to maximize the use of federal
17 funding, the health care authority, the department of social and
18 health services, and the health benefit exchange will coordinate
19 efforts to expand HealthPlanfinder access to public assistance and
20 medical eligibility staff. The health care authority shall complete
21 medicaid applications in the HealthPlanfinder for households
22 receiving or applying for medical assistance benefits.

23 ~~((29))~~ (26) \$90,000 of the general fund—state appropriation for
24 fiscal year 2022, \$90,000 of the general fund—state appropriation for
25 fiscal year 2023, and \$180,000 of the general fund—federal
26 appropriation are provided solely to continue operation by a
27 nonprofit organization of a toll-free hotline that assists families
28 to learn about and enroll in the apple health for kids program. By
29 November 15, 2022, the authority shall submit a report to the
30 appropriate committees to the legislature that provides, at a
31 minimum, information about the number of calls received by the
32 nonprofit organization in the previous year, the amount of time spent
33 on each call, comparisons to previous years, where available, and
34 information about what data is collected related to this service.

35 ~~((30))~~ (27) Within the amounts appropriated in this section,
36 the authority shall reimburse for primary care services provided by
37 naturopathic physicians.

38 ~~((31))~~ (28) Within the amounts appropriated in this section,
39 the authority shall continue to provide coverage for pregnant teens

1 that qualify under existing pregnancy medical programs, but whose
2 eligibility for pregnancy related services would otherwise end due to
3 the application of the new modified adjusted gross income eligibility
4 standard.

5 ~~((32))~~ (29) Sufficient amounts are appropriated in this section
6 to remove the mental health visit limit and to provide the shingles
7 vaccine and screening, brief intervention, and referral to treatment
8 benefits that are available in the medicaid alternative benefit plan
9 in the classic medicaid benefit plan.

10 ~~((33))~~ (30) The authority shall use revenue appropriated from
11 the dedicated ~~((marijuana fund))~~ cannabis account for contracts with
12 community health centers under RCW 69.50.540 in lieu of general fund—
13 state payments to community health centers for services provided to
14 medical assistance clients, and it is the intent of the legislature
15 that this policy will be continued in subsequent fiscal biennia.

16 ~~((34))~~ (31) Beginning no later than January 1, 2018, for any
17 service eligible under the medicaid state plan for encounter
18 payments, managed care organizations at the request of a rural health
19 clinic shall pay the full published encounter rate directly to the
20 clinic. At no time will a managed care organization be at risk for or
21 have any right to the supplemental portion of the claim. Payments
22 will be reconciled on at least an annual basis between the managed
23 care organization and the authority, with final review and approval
24 by the authority.

25 ~~((35))~~ (32) Sufficient amounts are appropriated in this section
26 for the authority to provide a medicaid equivalent adult dental
27 benefit to clients enrolled in the medical care service program.

28 ~~((36))~~ (33) During the 2021-2023 fiscal biennium, sufficient
29 amounts are provided in this section for the authority to provide
30 services identical to those services covered by the Washington state
31 family planning waiver program as of August 2018 to individuals who:

- 32 (a) Are over nineteen years of age;
- 33 (b) Are at or below two hundred and sixty percent of the federal
34 poverty level as established in WAC 182-505-0100;
- 35 (c) Are not covered by other public or private insurance; and
- 36 (d) Need family planning services and are not currently covered
37 by or eligible for another medical assistance program for family
38 planning.

39 ~~((37))~~ (34) Sufficient amounts are appropriated within this
40 section for the authority to incorporate the expected outcomes and

1 criteria to measure the performance of service coordination
2 organizations as provided in chapter 70.320 RCW into contracts with
3 managed care organizations that provide services to clients. The
4 authority is directed to:

5 (a) Contract with an external quality improvement organization to
6 annually analyze the performance of managed care organizations
7 providing services to clients under this chapter based on seven
8 performance measures. The analysis required under this subsection
9 must:

10 (i) Measure managed care performance in four common measures
11 across each managed care organization, including:

12 (A) At least one common measure must be weighted towards having
13 the potential to impact managed care costs; and

14 (B) At least one common measure must be weighted towards
15 population health management, as defined by the measure; and

16 (ii) Measure managed care performance in an additional three
17 quality focus performance measures specific to a managed care
18 organization. Quality focus performance measures chosen by the
19 authority must:

20 (A) Be chosen from the statewide common measure set;

21 (B) Reflect specific measures where a managed care organization
22 has poor performance; and

23 (C) Be substantive and clinically meaningful in promoting health
24 status.

25 (b) The authority shall set the four common measures to be
26 analyzed across all managed care organizations.

27 (c) The authority shall set three quality focus performance
28 measures specific to each managed care organization. The authority
29 must determine performance measures for each managed care
30 organization based on the criteria established in (a)(ii) of this
31 subsection.

32 (d) By September 15, 2021, and annually thereafter, the authority
33 shall notify each managed care organization of the performance
34 measures for the organization for the subsequent plan year.

35 (e) Two percent of the total plan year funding appropriated to
36 each managed care organization that provides services to clients
37 under chapter 70.320 RCW shall be withheld. At least seventy-five
38 percent of the withhold shall be held contingent on each managed care
39 organization's performance on the seven performance measures
40 identified in this section. Each managed care organization may earn

1 back the annual withhold if the external quality improvement
2 organization finds that the managed care organization:

3 (i) Made statistically significant improvement in the seven
4 performance measures as compared to the preceding plan year; or

5 (ii) Scored in the top national medicaid quartile of the
6 performance measures.

7 (f) The amount of withhold annually paid to each managed care
8 organization shall be proportional to findings of statistically
9 significant improvement or top national medicaid quartile scoring by
10 a managed care organization.

11 (g) For no more than two of the four quality focus performance
12 measures, the authority may use an alternate methodology to
13 approximate top national medicaid quartile performance where top
14 quartile performance data is unavailable.

15 (h) For the purposes of this subsection, "external quality
16 improvement organization" means an organization that meets the
17 competence and independence requirements under 42 C.F.R. Sec.

4 and health services to develop and submit to the centers for medicare
5 and medicaid services an application to provide a 1915(i) state plan
6 home and community-based services benefit. The application shall be
7 developed to allow for the delivery of wraparound supportive
8 behavioral health services for individuals with mental illnesses who
9 also have a personal care need. The waiver shall be developed to
10 standardize coverage and administration, improve the current benefit

6 (10) Behavioral health entities may use local funds to earn
7 additional federal medicaid match, provided the locally matched rate
8 does not exceed the upper-bound of their federally allowable rate
9 range, and provided that the enhanced funding is used only to provide
10 medicaid state plan or waiver services to medicaid clients.
11 Additionally, behavioral health entities may use a portion of the
12 state funds allocated in accordance with subsection (7) of this
13 section to earn additional medicaid match, but only to the extent
14 that the application of such funds to medicaid services does not
15 diminish the level of crisis and commitment, community inpatient,

33 (13) The authority must establish minimum and maximum funding
34 levels for all reserves allowed under behavioral health
35 administrative service organization contracts and include contract
36 language that clearly states the requirements and limitations. The
37 authority must monitor and ensure that behavioral health
38 administrative service organization reserves do not exceed maximum
39 levels. The authority must monitor revenue and expenditure reports

1 and must require a behavioral health administrative service
2 organization to submit a corrective action plan on how it will spend
3 its excess reserves within a reasonable period of time, when its
4 reported reserves exceed maximum levels established under the
5 contract. The authority must review and approve such plans and
6 monitor to ensure compliance. If the authority determines that a
7 behavioral health administrative service organization has failed to
8 provide an adequate excess reserve corrective action plan or is not
9 complying with an approved plan, the authority must reduce payments
10 to the entity in accordance with remedial actions provisions included
11 in the contract. These reductions in payments must continue until the
12 authority determines that the entity has come into substantial
13 compliance with an approved excess reserve corrective action plan. By

40 that behavioral health entities include in their provider network

1 specialized expertise in the provision of manualized, evidence-based
2 chemical dependency treatment services for offenders. The department
3 of corrections and the authority must develop a memorandum of
4 understanding for department of corrections offenders on active
5 supervision who are medicaid eligible and meet medical necessity for
6 outpatient substance use disorder treatment. The agreement will
7 ensure that treatment services provided are coordinated, do not
8 result in duplication of services, and maintain access and quality of

20 funds consistent with the plans approved by local panels pursuant to
21 RCW 71.24.580(5)(b). Funding from the criminal justice treatment
22 account may be used to provide treatment and support services through
23 the conclusion of an individual's treatment plan to individuals

7 (1) The department of health shall not initiate any services that
8 will require expenditure of state general fund moneys unless
9 expressly authorized in this act or other law. The department of
10 health and the state board of health shall not implement any new or
11 amended rules pertaining to primary and secondary school facilities
12 until the rules and a final cost estimate have been presented to the
13 legislature, and the legislature has formally funded implementation
14 of the rules through the omnibus appropriations act or by statute.
15 The department may seek, receive, and spend, under RCW 43.79.260
16 through 43.79.282, federal moneys not anticipated in this act as long
17 as the federal funding does not require expenditure of state moneys
18 for the program in excess of amounts anticipated in this act. If the
19 department receives unanticipated unrestricted federal moneys, those
20 moneys shall be spent for services authorized in this act or in any
21 other legislation that provides appropriation authority, and an equal
22 amount of appropriated state moneys shall lapse. Upon the lapsing of
23 any moneys under this subsection, the office of financial management
24 shall notify the legislative fiscal committees. As used in this
25 subsection, "unrestricted federal moneys" includes block grants and

27 specifically defined projects or matched on a formula basis by state
28 funds.

29 (2) During the 2021-2023 fiscal biennium, each person subject to
30 RCW 43.70.110(3)(c) is required to pay only one surcharge of up to

38 department has determined to have substantially equivalent standards
39 to those of the department, including but not limited to the joint

17 differential rates for providers with proof of accreditation from
18 organizations that the department has determined to have
19 substantially equivalent standards to those of the department,
20 including but not limited to the joint commission on accreditation of
21 health care organizations, the commission on accreditation of
22 rehabilitation facilities, and the council on accreditation. To
23 reflect the reduced costs associated with regulation of accredited
24 programs, the department's fees for organizations with such proof of
25 accreditation must reflect the lower cost of licensing for these
26 programs than for other organizations which are not accredited.

27 (6) The health care authority, the health benefit exchange, the
28 department of social and health services, the department of health,

36 projects that affect organizations within the coalition. The office

1 The appropriations in this section are subject to the following
2 conditions and limitations:

3 (1) (a) \$82,040,000 of the general fund—state appropriation for
4 fiscal year 2022, \$132,776,000 of the general fund—state
5 appropriation for fiscal year 2023, \$24,070,000 of the education

10 These amounts shall support at least 15,162 slots in fiscal year 2022
11 and 16,278 slots in fiscal year 2023. Of the total slots in each
12 fiscal year, 100 slots must be reserved for foster children to
13 receive school-year-round enrollment.

14 (b) Of the amounts provided in this subsection, \$14,930,000 of
15 the general fund—state appropriation for fiscal year 2023 and
16 \$14,889,000 of the general fund—federal appropriation (CRRSA/GEER)
17 are for a slot rate increase of ten percent beginning July 1, 2021.
18 The funding provided in this subsection is sufficient for the
19 department to increase rates according to inflation, pursuant to
20 Engrossed Second Substitute Senate Bill No. 5237 (child care & early
21 dev. exp.), beginning in fiscal year 2023 and annually thereafter.

22 (c) Of the amounts provided in this subsection, \$2,664,000 of the
23 general fund—state appropriation for fiscal year 2023 is provided to
24 convert 777 part day slots to full day slots in fiscal year 2023.

25 (d) Of the amounts provided in this subsection, \$409,000 of the
26 general fund—state appropriation for fiscal year 2022 and \$859,000 of
27 the general fund—state appropriation for fiscal year 2023 are
28 provided solely for a \$54 per slot quality support rate, which will
29 increase by 1.5 percent annually beginning in fiscal year 2024.

30 (e) Of the amounts provided in this subsection, \$1,358,000 of the
31 general fund—state appropriation for fiscal year 2022 and \$4,612,000
32 of the general fund—state appropriation for fiscal year 2023 are
33 provided solely for the department to provide early childhood
34 education and assistance program services during summer 2022 to 2,212
35 (~~part~~) full day program slots, including 2,011 slots in an in-
36 person learning program and 201 slots provided other additional
37 services.

38 (f) The department of children, youth, and families must develop
39 a methodology to identify, at the school district level, the

1 geographic locations of where early childhood education and
2 assistance program slots are needed to meet the entitlement specified
3 in RCW 43.216.556. This methodology must be linked to the caseload
4 forecast produced by the caseload forecast council and must include
5 estimates of the number of slots needed at each school district and
6 the corresponding facility needs required to meet the entitlement in
7 accordance with RCW 43.216.556. This methodology must be included as
8 part of the budget submittal documentation required by RCW 43.88.030.

9 (2) \$200,000 of the general fund—state appropriation for fiscal

19 (4) The legislature recognizes that the federal government has

21 response and relief supplemental appropriations act, P.L. 116-260,
22 division M. and the American rescue plan act of 2021, P.L. 117-2. The
23 purpose of the additional federal funding is to ensure access to
24 affordable child care and to stabilize and support child care
25 providers from the effects of the COVID-19 pandemic. The legislature
26 intends with the passage of Engrossed Second Substitute Senate Bill
27 No. 5237 (child care & early dev. exp.) to implement these federal
28 purposes by expanding eligibility for subsidized child care, reducing
29 parent copayments, increasing provider base rates to recognize
30 increased costs, and providing other financial support to stabilize
31 the child care sector to remain open or to reopen. The legislature
32 finds that the state lacked the fiscal capacity to make these
33 investments and the additional federal funding has provided the
34 opportunity to supplement state funding to expand and accelerate
35 child care access, affordability, and provider support as the state
36 navigates the COVID-19 pandemic and its aftermath.

37 (5) \$39,723,000 of the general fund—state appropriation in fiscal

6 general fund—federal appropriation (ARPA) are provided solely for the
7 working connections child care program under RCW 43.216.135. Of the
8 amounts provided in this subsection:

9 (a) The department of children, youth, and families shall work in
10 collaboration with the department of social and health services to
11 determine the appropriate amount of state expenditures for the
12 working connections child care program to claim towards the state's
13 maintenance of effort for the temporary assistance for needy families
14 program. The departments will also collaborate to track the average
15 monthly child care subsidy caseload and expenditures by fund type,
16 including child care development fund, general fund—state
17 appropriation, and temporary assistance for needy families for the
18 purpose of estimating the annual temporary assistance for needy
19 families reimbursement from the department of social and health
20 services to the department of children, youth, and families.
21 Effective December 1, 2022, and annually thereafter, the department
22 of children, youth, and families must report to the governor and the
23 appropriate fiscal and policy committees of the legislature the total

15 child care provider subsidy base rates to the 85th percentile of
16 market in subsequent fiscal biennia.

17 (f) (~~(\$59,893,000)~~) \$28,493,000 of the general fund—federal
18 appropriation (CARES), (~~(\$65,925,000)~~) \$99,781,000 of the general
19 fund—federal appropriation (CRRSA), and (~~(\$99,918,000)~~) \$65,465,000
20 of the general fund—federal appropriation (ARPA) are provided solely

4 conditions and limitations:

5 (1) In response to the COVID-19 pandemic, Washington state
6 agencies rapidly implemented telework for employees whose job duties

28 of 20 percent upon lease renewal or when requesting office
29 relocation. Reductions in lease costs will be reflected in subsequent
30 budgets.

31 (4) It is the intent of the legislature that state agencies,
32 institutions of higher education, and separately elected officials
33 with leases expiring in fiscal years 2026 and 2027 work to reduce
34 their office space portfolio a minimum of 30 percent upon lease
35 renewal or when requesting office relocation. The reductions in costs
36 will be reflected in subsequent budgets.

37 (5) State agencies must:

1 (a) Work with the office of financial management's facilities
2 oversight and planning program and the department of enterprise
3 services to backfill office space and reduce full leases;

5 facilities portfolio management tool to maximize collocation
6 opportunities and better inform decision making;

7 (c) Update telework and employee location data monthly in the
8 human resource management system to reflect office space use and

PART XIX
MISCELLANEOUS
SUPPLEMENTAL

Sec. 1901. RCW 28B.76.526 and 2020 c 357 s 911 are each amended to read as follows:

The Washington opportunity pathways account is created in the state treasury. Expenditures from the account may be used only for programs in chapter 28A.710 RCW (charter schools), chapter 28B.12 RCW (state work-study), chapter 28B.50 RCW (opportunity grant), RCW 28B.76.660 (Washington scholars award), RCW 28B.76.670 (Washington award for vocational excellence), chapter 28B.92 RCW (Washington college grant program), chapter 28B.105 RCW (GET ready for math and science scholarship), chapter 28B.117 RCW (passport to careers), chapter 28B.118 RCW (college bound scholarship), and chapter 43.216 RCW (early childhood education and assistance program). During the 2019-2021 and 2021-2023 fiscal (~~biennium~~) biennia, the account may also be appropriated for public schools funded under chapters 28A.150 and 28A.715 RCW.

Sec. 1902. RCW 70A.65.030 and 2022 c 182 s 104 and 2022 c 181 s 13 are each reenacted and amended to read as follows:

(1) Each year or biennium, as appropriate, when allocating funds from the carbon emissions reduction account created in RCW 70A.65.240, the climate commitment account created in RCW 70A.65.260, the natural climate solutions account created in RCW 70A.65.270, the climate investment account created in RCW 70A.65.250, the air quality and health disparities improvement account created in RCW 70A.65.280, the climate transit programs account created in RCW 46.68.500, or the climate active transportation account created in RCW 46.68.490, or administering grants or programs funded by the accounts, agencies shall conduct an environmental justice assessment consistent with the requirements of RCW 70A.02.060 and establish a minimum of not less than 35 percent and a goal of 40 percent of total investments that provide direct and meaningful benefits to vulnerable populations within the boundaries of overburdened communities through: (a) The direct reduction of environmental burdens in overburdened communities; (b) the reduction of disproportionate, cumulative risk from environmental burdens, including those associated with climate change; (c) the support of community led project development,

1 planning, and participation costs; or (d) meeting a community need
2 identified by the community that is consistent with the intent of
3 this chapter or RCW 70A.02.010.

4 (2) The allocation of funding under subsection (1) of this
5 section must adhere to the following principles, additional to the
6 requirements of RCW 70A.02.080: (a) Benefits and programs should be
7 directed to areas and targeted to vulnerable populations and
8 overburdened communities to reduce statewide disparities; (b)
9 investments and benefits should be made roughly proportional to the
10 health disparities that a specific community experiences, with a goal
11 of eliminating the disparities; (c) investments and programs should
12 focus on creating environmental benefits, including eliminating
13 health burdens, creating community and population resilience, and
14 raising the quality of life of those in the community; and (d)
15 efforts should be made to balance investments and benefits across the
16 state and within counties, local jurisdictions, and unincorporated
17 areas as appropriate to reduce disparities by location and to ensure
18 efforts contribute to a reduction in disparities that exist based on
19 race or ethnicity, socioeconomic status, or other factors.

20 (3) ~~((State))~~ Except as provided in subsection (4) of this
21 section, state agencies allocating funds or administering grants or
22 programs from the carbon emissions reduction account created in RCW
23 70A.65.240, the climate commitment account created in RCW 70A.65.260,
24 the natural climate solutions account created in RCW 70A.65.270, the
25 climate investment account created in RCW 70A.65.250, the air quality
26 and health disparities improvement account created in RCW 70A.65.280,
27 the climate transit programs account created in RCW 46.68.500, or the
28 climate active transportation account created in RCW 46.68.490, must:

29 (a) Report annually to the environmental justice council created
30 in RCW 70A.02.110 regarding progress toward meeting environmental
31 justice and environmental health goals;

32 (b) Consider recommendations by the environmental justice
33 council; and

34 (c) (i) If the agency is not a covered agency subject to the
35 requirements of chapter 70A.02 RCW, create and adopt a community
36 engagement plan to describe how it will engage with overburdened
37 communities and vulnerable populations in allocating funds or
38 administering grants or programs from the climate investment account.

1 (ii) The plan must include methods for outreach and communication
2 with those who face barriers, language or otherwise, to
3 participation.

4 (4) During the 2021-2023 fiscal biennium, the requirements of
5 subsection (3)(c) of this section for agencies other than covered
6 agencies to create and adopt community engagement plans apply only to
7 executive branch agencies and institutions of higher education, as
8 defined in RCW 28B.10.016, receiving total appropriations of more
9 than \$2,000,000 for the 2021-2023 fiscal biennium from the accounts
10 listed in subsection (1) of this section.

11 **Sec. 1903.** RCW 74.46.561 and 2022 c 297 s 966 are each amended
12 to read as follows:

13 (1) The legislature adopts a new system for establishing nursing
14 home payment rates beginning July 1, 2016. Any payments to nursing
15 homes for services provided after June 30, 2016, must be based on the
16 new system. The new system must be designed in such a manner as to
17 decrease administrative complexity associated with the payment
18 methodology, reward nursing homes providing care for high acuity
19 residents, incentivize quality care for residents of nursing homes,
20 and establish minimum staffing standards for direct care.

21 (2) The new system must be based primarily on industry-wide
22 costs, and have three main components: Direct care, indirect care,
23 and capital.

24 (3) (a) The direct care component must include the direct care and
25 therapy care components of the previous system, along with food,
26 laundry, and dietary services. ~~((Direct))~~ Except as provided in (b)
27 of this subsection, direct care must be paid at a fixed rate, based
28 on one hundred percent or greater of statewide case mix neutral
29 median costs, but ~~((for fiscal year 2023))~~ shall be capped so that a
30 nursing home provider's direct care rate does not exceed ~~((165))~~ 118
31 percent of its base year's direct care allowable costs except if the
32 provider is below the minimum staffing standard established in RCW
33 74.42.360(2). The legislature intends to remove the cap on direct
34 care rates by June 30, 2027. Direct care must be performance-adjusted
35 for acuity every six months, using case mix principles. Direct care
36 must be regionally adjusted using countywide wage index information
37 available through the United States department of labor's bureau of
38 labor statistics. There is no minimum occupancy for direct care. The
39 direct care component rate allocations calculated in accordance with

1 this section must be adjusted to the extent necessary to comply with
2 RCW 74.46.421.

3 (b) Unless a nursing home provider is below the minimum staffing
4 standard established in RCW 74.42.360(2), a provider's direct care
5 rate relative to its base year's direct care allowable costs must be
6 capped as follows: For fiscal year 2023, the cap must not exceed 165
7 percent.

8 (4)(a) The indirect care component must include the elements of
9 administrative expenses, maintenance costs, and housekeeping services
10 from the previous system. ((A)) Except as provided in (b) of this
11 subsection, a minimum occupancy assumption of ninety percent must be
12 applied to indirect care(, ~~except during fiscal year 2023 when the~~
13 ~~minimum occupancy assumption must be 75 percent~~)). Indirect care must
14 be paid at a fixed rate, based on ninety percent or greater of
15 statewide median costs. The indirect care component rate allocations
16 calculated in accordance with this section must be adjusted to the
17 extent necessary to comply with RCW 74.46.421.

18 (b) A minimum occupancy assumption must be applied to indirect
19 care as follows: For fiscal year 2023, the assumption must be 75
20 percent.

21 (5) The capital component must use a fair market rental system to
22 set a price per bed. The capital component must be adjusted for the
23 age of the facility, and must use a minimum occupancy assumption of
24 ninety percent.

25 (a) Beginning July 1, 2016, the fair rental rate allocation for
26 each facility must be determined by multiplying the allowable nursing
27 home square footage in (c) of this subsection by the RSMMeans rental
28 rate in (d) of this subsection and by the number of licensed beds
29 yielding the gross unadjusted building value. An equipment allowance
30 of ten percent must be added to the unadjusted building value. The
31 sum of the unadjusted building value and equipment allowance must
32 then be reduced by the average age of the facility as determined by
33 (e) of this subsection using a depreciation rate of one and one-half
34 percent. The depreciated building and equipment plus land valued at
35 ten percent of the gross unadjusted building value before
36 depreciation must then be multiplied by the rental rate at seven and
37 one-half percent to yield an allowable fair rental value for the
38 land, building, and equipment.

39 (b) The fair rental value determined in (a) of this subsection
40 must be divided by the greater of the actual total facility census

1 from the prior full calendar year or imputed census based on the
2 number of licensed beds at ninety percent occupancy.

3 (c) For the rate year beginning July 1, 2016, all facilities must
4 be reimbursed using four hundred square feet. For the rate year
5 beginning July 1, 2017, allowable nursing facility square footage
6 must be determined using the total nursing facility square footage as
7 reported on the medicaid cost reports submitted to the department in
8 compliance with this chapter. The maximum allowable square feet per
9 bed may not exceed four hundred fifty.

10 (d) Each facility must be paid at eighty-three percent or greater
11 of the median nursing facility RSMeans construction index value per
12 square foot. The department may use updated RSMeans construction
13 index information when more recent square footage data becomes
14 available. The statewide value per square foot must be indexed based
15 on facility zip code by multiplying the statewide value per square
16 foot times the appropriate zip code based index. For the purpose of
17 implementing this section, the value per square foot effective July
18 1, 2016, must be set so that the weighted average fair rental value
19 rate is not less than ten dollars and eighty cents per patient day.
20 The capital component rate allocations calculated in accordance with
21 this section must be adjusted to the extent necessary to comply with
22 RCW 74.46.421.

23 (e) The average age is the actual facility age reduced for
24 significant renovations. Significant renovations are defined as those
25 renovations that exceed two thousand dollars per bed in a calendar
26 year as reported on the annual cost report submitted in accordance
27 with this chapter. For the rate beginning July 1, 2016, the
28 department shall use renovation data back to 1994 as submitted on
29 facility cost reports. Beginning July 1, 2016, facility ages must be
30 reduced in future years if the value of the renovation completed in
31 any year exceeds two thousand dollars times the number of licensed
32 beds. The cost of the renovation must be divided by the accumulated
33 depreciation per bed in the year of the renovation to determine the
34 equivalent number of new replacement beds. The new age for the
35 facility is a weighted average with the replacement bed equivalents
36 reflecting an age of zero and the existing licensed beds, minus the
37 new bed equivalents, reflecting their age in the year of the
38 renovation. At no time may the depreciated age be less than zero or
39 greater than forty-four years.

1 (f) A nursing facility's capital component rate allocation must
2 be rebased annually, effective July 1, 2016, in accordance with this
3 section and this chapter.

4 (g) For the purposes of this subsection (5), "RSMeans" means
5 building construction costs data as published by Gordian.

6 (6) A quality incentive must be offered as a rate enhancement
7 beginning July 1, 2016.

8 (a) An enhancement no larger than five percent and no less than
9 one percent of the statewide average daily rate must be paid to
10 facilities that meet or exceed the standard established for the
11 quality incentive. All providers must have the opportunity to earn
12 the full quality incentive payment.

13 (b) The quality incentive component must be determined by
14 calculating an overall facility quality score composed of four to six
15 quality measures. For fiscal year 2017 there shall be four quality
16 measures, and for fiscal year 2018 there shall be six quality
17 measures. Initially, the quality incentive component must be based on
18 minimum data set quality measures for the percentage of long-stay
19 residents who self-report moderate to severe pain, the percentage of
20 high-risk long-stay residents with pressure ulcers, the percentage of
21 long-stay residents experiencing one or more falls with major injury,
22 and the percentage of long-stay residents with a urinary tract
23 infection. Quality measures must be reviewed on an annual basis by a
24 stakeholder work group established by the department. Upon review,
25 quality measures may be added or changed. The department may risk
26 adjust individual quality measures as it deems appropriate.

27 (c) The facility quality score must be point based, using at a
28 minimum the facility's most recent available three-quarter average
29 centers for medicare and medicaid services quality data. Point
30 thresholds for each quality measure must be established using the
31 corresponding statistical values for the quality measure point
32 determinants of eighty quality measure points, sixty quality measure
33 points, forty quality measure points, and twenty quality measure
34 points, identified in the most recent available five-star quality
35 rating system technical user's guide published by the centers for
36 medicare and medicaid services.

37 (d) Facilities meeting or exceeding the highest performance
38 threshold (top level) for a quality measure receive twenty-five
39 points. Facilities meeting the second highest performance threshold
40 receive twenty points. Facilities meeting the third level of

1 performance threshold receive fifteen points. Facilities in the
2 bottom performance threshold level receive no points. Points from all
3 quality measures must then be summed into a single aggregate quality
4 score for each facility.

5 (e) Facilities receiving an aggregate quality score of eighty
6 percent of the overall available total score or higher must be placed
7 in the highest tier (tier V), facilities receiving an aggregate score
8 of between seventy and seventy-nine percent of the overall available
9 total score must be placed in the second highest tier (tier IV),
10 facilities receiving an aggregate score of between sixty and sixty-
11 nine percent of the overall available total score must be placed in
12 the third highest tier (tier III), facilities receiving an aggregate
13 score of between fifty and fifty-nine percent of the overall
14 available total score must be placed in the fourth highest tier (tier
15 II), and facilities receiving less than fifty percent of the overall
16 available total score must be placed in the lowest tier (tier I).

17 (f) The tier system must be used to determine the amount of each
18 facility's per patient day quality incentive component. The per
19 patient day quality incentive component for tier IV is seventy-five
20 percent of the per patient day quality incentive component for tier
21 V, the per patient day quality incentive component for tier III is
22 fifty percent of the per patient day quality incentive component for
23 tier V, and the per patient day quality incentive component for tier
24 II is twenty-five percent of the per patient day quality incentive
25 component for tier V. Facilities in tier I receive no quality
26 incentive component.

27 (g) Tier system payments must be set in a manner that ensures
28 that the entire biennial appropriation for the quality incentive
29 program is allocated.

30 (h) Facilities with insufficient three-quarter average centers
31 for medicare and medicaid services quality data must be assigned to
32 the tier corresponding to their five-star quality rating. Facilities
33 with a five-star quality rating must be assigned to the highest tier
34 (tier V) and facilities with a one-star quality rating must be
35 assigned to the lowest tier (tier I). The use of a facility's five-
36 star quality rating shall only occur in the case of insufficient
37 centers for medicare and medicaid services minimum data set
38 information.

39 (i) The quality incentive rates must be adjusted semiannually on
40 July 1 and January 1 of each year using, at a minimum, the most

1 recent available three-quarter average centers for medicare and
2 medicaid services quality data.

3 (j) Beginning July 1, 2017, the percentage of short-stay
4 residents who newly received an antipsychotic medication must be
5 added as a quality measure. The department must determine the quality
6 incentive thresholds for this quality measure in a manner consistent
7 with those outlined in (b) through (h) of this subsection using the
8 centers for medicare and medicaid services quality data.

9 (k) Beginning July 1, 2017, the percentage of direct care staff
10 turnover must be added as a quality measure using the centers for
11 medicare and medicaid services' payroll-based journal and nursing
12 home facility payroll data. Turnover is defined as an employee
13 departure. The department must determine the quality incentive
14 thresholds for this quality measure using data from the centers for
15 medicare and medicaid services' payroll-based journal, unless such
16 data is not available, in which case the department shall use direct
17 care staffing turnover data from the most recent medicaid cost
18 report.

19 (7) Reimbursement of the safety net assessment imposed by chapter
20 74.48 RCW and paid in relation to medicaid residents must be
21 continued.

22 (8)(a) The direct care and indirect care components must be
23 rebased in even-numbered years, beginning with rates paid on July 1,
24 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar
25 year cost report. On a percentage basis, after rebasing, the
26 department must confirm that the statewide average daily rate has
27 increased at least as much as the average rate of inflation, as
28 determined by the skilled nursing facility market basket index
29 published by the centers for medicare and medicaid services, or a
30 comparable index. If after rebasing, the percentage increase to the
31 statewide average daily rate is less than the average rate of
32 inflation for the same time period, the department is authorized to
33 increase rates by the difference between the percentage increase
34 after rebasing and the average rate of inflation.

35 (b) It is the intention of the legislature that direct and
36 indirect care rates paid in fiscal year 2022 will be rebased using
37 the calendar year 2019 cost reports. For fiscal year 2021, in
38 addition to the rates generated by (a) of this subsection, an
39 additional adjustment is provided as established in this subsection
40 (8)(b). Beginning May 1, 2020, and through June 30, 2021, the

1 calendar year costs must be adjusted for inflation by a twenty-four
2 month consumer price index, based on the most recently available
3 monthly index for all urban consumers, as published by the bureau of
4 labor statistics. It is also the intent of the legislature that,
5 starting in fiscal year 2022, a facility-specific rate add-on equal
6 to the inflation adjustment that facilities received solely in fiscal
7 year 2021, must be added to the rate.

8 (c) To determine the necessity of regular inflationary
9 adjustments to the nursing facility rates, by December 1, 2020, the
10 department shall provide the appropriate policy and fiscal committees
11 of the legislature with a report that provides a review of rates paid
12 in 2017, 2018, and 2019 in comparison to costs incurred by nursing
13 facilities.

14 (9) The direct care component provided in subsection (3) of this
15 section is subject to the reconciliation and settlement process
16 provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to
17 rules established by the department, funds that are received through
18 the reconciliation and settlement process provided in RCW
19 74.46.022(6) must be used for technical assistance, specialized
20 training, or an increase to the quality enhancement established in
21 subsection (6) of this section. The legislature intends to review the
22 utility of maintaining the reconciliation and settlement process
23 under a price-based payment methodology, and may discontinue the
24 reconciliation and settlement process after the 2017-2019 fiscal
25 biennium.

26 (10) Compared to the rate in effect June 30, 2016, including all
27 cost components and rate add-ons, no facility may receive a rate
28 reduction of more than one percent on July 1, 2016, more than two
29 percent on July 1, 2017, or more than five percent on July 1, 2018.
30 To ensure that the appropriation for nursing homes remains cost
31 neutral, the department is authorized to cap the rate increase for
32 facilities in fiscal years 2017, 2018, and 2019.

33 NEW SECTION. **Sec. 1904.** 2021 c 334 s 984 is repealed.

34 NEW SECTION. **Sec. 1905.** If any provision of this act or its
35 application to any person or circumstance is held invalid, the
36 remainder of the act or the application of the provision to other
37 persons or circumstances is not affected.

1 NEW SECTION. **Sec. 1906.** This act is necessary for the immediate
2 preservation of the public peace, health, or safety, or support of
3 the state government and its existing public institutions, and takes
4 effect immediately."
