17 The appropriations in this section are subject to the following
 18 conditions and limitations:

19 (1) The department is authorized to require an applicant to pay
 20 an application fee to cover the cost of reviewing the project and
 21 preparing an advisory opinion on whether a proposed electric
 22 generation project or conservation resource qualifies to meet
 23 mandatory conservation targets.

24 (2)(a) \$95,000,000 of the electric vehicle incentive account—
 25 state appropriation is provided solely for the department to
 26 implement programs and incentives that promote the purchase of or
 27 conversion to alternative fuel vehicles. The department must work
 28 with the interagency electric vehicle coordinating council to develop
 29 and implement alternative fuel vehicle programs and incentives.

30 (b) In developing and implementing programs and incentives under
 31 this subsection, the department must prioritize programs and
 32 incentives that:

33 (i) Will serve individuals living in an overburdened community,
 34 as defined in RCW 70A.02.010;

35 (ii) Will serve individuals who are in greatest need of this
 36 assistance in order to reduce the carbon emissions and other
 37 environmental impacts of their current mode of transportation in the
 38 overburdened community in which they live; and

1 (iii) Will serve low-income communities, communities with the
2 greatest health disparities, and communities of color that are most
3 likely to receive the greatest health benefits from the programs
4 through a reduction in greenhouse gas emissions and other pollutants
5 that will result in improved groundwater and stormwater quality,
6 improved air quality, and reductions in noise pollution.

7 (3) \$69,000,000 of the general fund—state appropriation for
8 fiscal year 2024 and \$69,000,000 of the general fund—state
9 appropriation for fiscal year 2025 are provided solely for the
10 development of community electric vehicle charging infrastructure.

11 (a) Funding provided in this section must be used for projects
12 that provide a benefit to the public through development,
13 demonstration, and deployment of clean energy technologies that save
14 energy and reduce energy costs, reduce harmful air emissions, or
15 increase energy independence for the state.

16 (b) Projects that receive funding under this section must be
17 implemented by, or include partners from, one or more of the
18 following: Local governments, federally recognized tribal
19 governments, or public and private electrical utilities that serve
20 retail customers in the state.

21 (c) Grant funding must be used for level 2 or higher charging
22 infrastructure and related costs including but not limited to
23 construction and site improvements. Projects may include a robust
24 public and private outreach plan that includes engaging with affected
25 parties in conjunction with the new electric vehicle infrastructure.

26 (d) The department must prioritize funding for projects in the
27 following order:

28 (i) Multifamily housing;

29 (ii) Publicly available charging at any location;

30 (iii) Schools and school districts;

31 (iv) State and local government buildings and office buildings;

32 (v) All other eligible projects.

33 (e) The department must coordinate with other electrification
34 programs, including projects developed by the department of
35 transportation, to determine the most effective distribution of the
36 systems. The department must also collaborate with the interagency
37 electric vehicle coordinating council established in RCW 43.392.030
38 to implement this subsection and must work to meet benchmarks
39 established in chapter 182, Laws of 2022.

1 (4) \$37,000,000 of the general fund—state appropriation for
2 fiscal year 2024 and \$37,000,000 of the general fund—state
3 appropriation for fiscal year 2025 are provided solely for grants to
4 increase solar deployment and installation of battery storage in
5 community buildings to enhance grid resiliency and provide backup
6 power for critical needs, such as plug load and refrigeration for
7 medication, during outages or to provide incentives to support
8 electric utility demand response programs that include customer-sited
9 solar and battery storage systems. Eligible uses of the amounts
10 provided in this subsection include, but are not limited to, planning
11 and predevelopment work with vulnerable, highly impacted, and rural
12 communities. For the purposes of this subsection "community
13 buildings" means K-12 schools, community colleges, community centers,
14 recreation centers, libraries, tribal buildings, state and local
15 government buildings, and other publicly owned infrastructure.

17 fiscal year 2024 and \$20,000,000 of the general fund—state
18 appropriation for fiscal year 2025 are provided solely for a grant
19 program to provide solar and battery storage community solar projects
20 for public assistance organizations serving low-income communities.
21 Eligible uses of the amounts provided in this subsection include, but
22 are not limited to, planning and predevelopment work with vulnerable,
23 highly impacted, and rural communities.

24 (a) Grants are not to exceed 100 percent of the cost of the
25 project, taking into account any federal tax credits or other federal
26 or nonfederal grants or incentives that the project is benefiting
27 from.

28 (b) Priority must be given to projects sited on "preferred sites"
29 such as rooftops, structures, existing impervious surfaces,
30 landfills, brownfields, previously developed sites, irrigation canals
31 and ponds, storm water collection ponds, industrial areas, dual-use
32 solar projects that ensure ongoing agricultural operations, and other
33 sites that do not displace critical habitat or productive farmland.

34 (c) For the purposes of this subsection "low-income" has the same
35 meaning as provided in RCW 19.405.020 and "community solar project"
36 means a solar energy system that: Has a direct current nameplate
37 capacity that is greater than 12 kilowatts but no greater than 1,000
38 kilowatts; and has, at minimum, either two subscribers or one low-
39 income service provider subscriber.

1 (6) \$10,000,000 of the climate commitment account—state
2 appropriation is provided solely for grants to support port
3 districts, counties, cities, towns, special purpose districts, and
4 any other municipal corporations or quasi-municipal corporations to
5 support siting and permitting of clean energy projects in the state.
6 Eligible uses of grant funding provided in this section include
7 supporting predevelopment work for sites intended for clean energy
8 projects, land use studies, conducting or engaging in planning
9 efforts such as planned actions and programmatic environmental impact
10 statements, and staff to improve permit timeliness and certainty.

11 (7) (a) \$1,000,000 of the general fund—state appropriation for
12 fiscal year 2024 and \$1,000,000 of the general fund—state
13 appropriation for fiscal year 2025 are provided solely for the
14 department to contract with the national academy of sciences or other
15 similar independent research organization to conduct an analysis of
16 new electricity generation, transmission, ancillary services,
17 efficiency and storage sufficient to offset those presently provided
18 by the lower Snake river dams, as well as identifying any impacts to
19 grid reliability, consumer pricing, and carbon pollution resulting
20 from proposed dam removal. The analysis should identify a detailed
21 plan for a replacement portfolio that maintains the reliability and
22 adequacy of the electric power system, is consistent with the state's
23 statutory and regulatory requirements for clean electricity
24 generation, and is supplementary to the resources that will be
25 required to replace fossil fuels in the transportation, industry, and
26 buildings sectors. The assessment will include quantitative analysis
27 based on available data as well as qualitative input gathered from
28 tribal and other governments, the Northwest power and conservation
29 council, utilities, and other key stakeholders. The analysis must
30 include the following:

31 (i) Expected trends for demand, generation, and cost through
32 2050, as well as the most recent analysis of future resource
33 adequacy;

34 (ii) A resource portfolio approach in which a combination of
35 generating resources, energy efficiency and demand response programs,
36 transmission resources, and other programs and resources would be
37 developed to replace the services otherwise provided by the lower
38 Snake river dams;

1 (iii) Identification of generation and transmission siting
2 options consistent with the overall replacement resource portfolio,
3 in coordination with other state processes and requirements
4 supporting the planning of clean energy and transmission siting;

5 (iv) An evaluation of alternatives for the ownership and
6 operation of the replacement resource portfolio;

7 (v) Incorporation of any impacts and opportunities that might
8 result from the renewal of the Columbia river treaty, revisions of
9 the Bonneville power administration preference contracts,
10 implementation of the western resource adequacy program (WRAP), and
11 other changes in operation and governance of the regional electric
12 power system;

13 (vi) Identification of revenue and payment structures sufficient
14 to maintain reliable and affordable electricity supplies for
15 ratepayers; and

16 (vii) Cost estimates for development and implementation of
17 identified generation and transmission needs and options including
18 planning, permitting, design, and construction, including relevant
19 federal authorities.

20 (b) The department shall, to the extent determined practicable,
21 support related analyses undertaken by the federal government as part
22 of the Columbia river system operation stay of litigation agreed to
23 in *National Wildlife Federation et al. v. National Marine Fisheries*
24 *Service et al.* in October 2021.

25 (c) The department shall provide a status update to the energy
26 and environment committees of the legislature and governor's office
27 by December 31, 2024.

28 (8) \$600,000 of the climate commitment account—state
29 appropriation is provided solely for implementation of Engrossed
30 Substitute Senate Bill No. 5447 (alternative jet fuel). If the bill

37 grant program. Funds shall be used to provide incentives to
38 transition to zero-emissions medium and heavy duty vehicles, as well
39 as funding for charging or fueling infrastructure to reduce emissions
40 in overburdened communities, including communities surrounding ports,

1 which are disproportionately impacted by air pollution. Eligible
2 recipients include independent medium and heavy duty vehicle
3 operators, ports, cities, counties, state agencies, or public
4 transportation providers operating medium and heavy duty vehicles in
5 overburdened communities.

6 (b) The department shall engage stakeholders and consult with the
7 environmental justice council when developing the program. The
8 program must include a requirement for greenhouse gas emissions
9 reduction outcome measurements and must be consistent with the
10 interagency electric vehicle coordinating council transportation
11 electrification strategy recommendations on medium and heavy duty
12 vehicles to the extent such recommendations are available. The
13 department may use up to 10 percent of the amount provided to
14 develop, implement, administer, and conduct public outreach and
15 program evaluation.

16 (c) When funding for specific technologies, the department must
17 enter into appropriate agreements to support the state's interest in
18 advancing innovation solution to decarbonize while ensuring
19 compliance with Article VIII, section 5 and Article XII, section 9 of
20 the state Constitution.

NEW SECTION. **Sec. 201. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the
2 payment rates.

3 (4) The department shall to the maximum extent practicable use
4 the same system for delivery of spoken-language interpreter services
5 for social services appointments as the one established for medical
6 appointments in the health care authority. When contracting directly
7 with an individual to deliver spoken language interpreter services,
8 the department shall only contract with language access providers who
9 are working at a location in the state and who are state-certified or
10 state-authorized, except that when such a provider is not available,
11 the department may use a language access provider who meets other
12 certifications or standards deemed to meet state standards, including
13 interpreters in other states.

14 (5) Information technology projects or investments and proposed
15 projects or investments impacting time capture, payroll and payment
16 processes and systems, eligibility, case management, and
17 authorization systems within the department of social and health
18 services are subject to technical oversight by the office of the
19 chief information officer.

20 (6) (a) The department shall facilitate enrollment under the
21 medicaid expansion for clients applying for or receiving state funded
22 services from the department and its contractors. Prior to open
23 enrollment, the department shall coordinate with the health care
24 authority to provide referrals to the Washington health benefit
25 exchange for clients that will be ineligible for medicaid.

26 (b) To facilitate a single point of entry across public and
27 medical assistance programs, and to maximize the use of federal
28 funding, the health care authority, the department of social and
29 health services, and the health benefit exchange will coordinate
30 efforts to expand HealthPlanfinder access to public assistance and
31 medical eligibility staff. The department shall complete medicaid
32 applications in the HealthPlanfinder for households receiving or
33 applying for public assistance benefits.

34 (7) The health care authority, the health benefit exchange, the
35 department of social and health services, the department of health,
36 the department of corrections, and the department of children, youth,
37 and families shall work together within existing resources to
38 establish the health and human services enterprise coalition (the
39 coalition). The coalition, led by the health care authority, must be
40 a multi-organization collaborative that provides strategic direction

1 and federal funding guidance for projects that have cross-
2 organizational or enterprise impact, including information technology
3 projects that affect organizations within the coalition. The office
4 of the chief information officer shall maintain a statewide
5 perspective when collaborating with the coalition to ensure that
6 projects are planned for in a manner that ensures the efficient use
7 of state resources, support the adoption of a cohesive technology and
8 data architecture, and maximize federal financial participation. The
9 work of the coalition is subject to the conditions, limitations, and
10 review provided in section 701 of this act.

38 (h) The department may authorize a one-time waiver of all or any
39 portion of the licensing and processing fees required under RCW

1 70.128.060 in any case in which the department determines that an
2 adult family home is being relicensed because of exceptional
3 circumstances, such as death or incapacity of a provider, and that to
4 require the full payment of the licensing and processing fees would
5 present a hardship to the applicant. In these situations the
6 department is also granted the authority to waive the required
7 residential administrator training for a period of 120 days if
8 necessary to ensure continuity of care during the relicensing
9 process.

10 (i) Community residential cost reports that are submitted by or
11 on behalf of contracted agency providers are required to include
12 information about agency staffing including health insurance, wages,

23 to leaving one of the state psychiatric hospitals. The individualized
24 assessment must identify and authorize personal care, nursing care,
25 behavioral health stabilization, physical therapy, or other necessary
26 services to meet the unique needs of each client. It is the
27 expectation that, in most cases, staffing ratios in all community
28 alternative placement options described in (h)(i) of this subsection
29 will need to increase to meet the needs of clients leaving the state
30 psychiatric hospitals. If specialized training is necessary to meet
31 the needs of a client before he or she enters a community placement,
32 then the person centered service plan must also identify and
33 authorize this training.

34 (iii) When reviewing placement options, the department must
35 consider the safety of other residents, as well as the safety of
36 staff, in a facility. An initial evaluation of each placement,
37 including any documented safety concerns, must occur within thirty
38 days of a client leaving one of the state psychiatric hospitals and
39 entering one of the community placement options described in (h)(i)
40 of this subsection. At a minimum, the department must perform two

1 additional evaluations of each placement during the first year that a
2 client has lived in the facility.

3 (iv) In developing bed capacity, the department shall consider
4 the complex needs of individuals waiting for discharge from the state
5 psychiatric hospitals.

6 (k) Sufficient appropriations are provided for discharge case
7 managers stationed at the state psychiatric hospitals. Discharge case
8 managers will transition clients ready for hospital discharge into
9 less restrictive alternative community placements. The transition of

18 residential service businesses is \$859 per client in fiscal year 2024

23 year 2024, \$2,631,000 of the general fund—state appropriation for
24 fiscal year 2025, and \$2,293,000 of the general fund—federal
25 appropriation are provided solely for enhanced respite beds across
26 the state for children. These services are intended to provide
27 families and caregivers with a break in caregiving, the opportunity
28 for behavioral stabilization of the child, and the ability to partner
29 with the state in the development of an individualized service plan
30 that allows the child to remain in his or her home. The department
31 must provide the legislature with a respite utilization report in

37 year 2024 and \$2,154,000 of the general fund—state appropriation for
38 fiscal year 2025 are provided solely for 13 community respite beds
39 across the state for adults. These services are intended to provide

1 families and caregivers with a break in caregiving and the
2 opportunity for stabilization of the individual in a community-based
3 setting as an alternative to using a residential habilitation center
4 to provide planned or emergent respite. The department must provide
5 the legislature with a respite utilization report by January of each
6 year that provides information about the number of individuals who
7 have used community respite in the preceding year, as well as the
8 location and number of days per month that each respite bed was

26 (s) The appropriations in this section include sufficient funding
27 to provide access to the individual and family services waiver and
28 the basic plus waiver to those individuals on the service request
29 list as forecasted by the caseload forecast council. For subsequent
30 policy level budgets, the department shall submit a request for
31 funding associated with individuals requesting to receive the

TOTAL APPROPRIATION	\$21,221,227,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The authority shall submit an application to the centers for medicare and medicaid services to renew the 1115 demonstration waiver for an additional five years as described in subsections (2), (3), and (4) of this section. The authority may not accept or expend any

1 federal funds received under an 1115 demonstration waiver except as
2 described in this section unless the legislature has appropriated the
3 federal funding. To ensure compliance with legislative requirements
4 and terms and conditions of the waiver, the authority shall implement
5 the renewal of the 1115 demonstration waiver and reporting
6 requirements with oversight from the office of financial management.
7 The legislature finds that appropriate management of the renewal of
8 the 1115 demonstration waiver as set forth in subsections (2), (3),
9 and (4) of this section requires sound, consistent, timely, and
10 transparent oversight and analytic review in addition to lack of
11 redundancy with other established measures. The patient must be
12 considered first and foremost in the implementation and execution of
13 the demonstration waiver. To accomplish these goals, the authority
14 shall develop consistent performance measures that focus on
15 population health and health outcomes. The authority shall limit the
16 number of projects that accountable communities of health may
17 participate in under initiative 1 to a maximum of six and shall seek
18 to develop common performance measures when possible. The joint
19 select committee on health care oversight will evaluate the measures
20 chosen: (a) For effectiveness and appropriateness; and (b) to provide
21 patients and health care providers with significant input into the
22 implementation of the demonstration waiver to promote improved
23 population health and patient health outcomes. In cooperation with
24 the department of social and health services, the authority shall
25 consult with and provide notification of work on applications for
26 federal waivers, including details on waiver duration, financial
27 implications, and potential future impacts on the state budget to the
28 joint select committee on health care oversight prior to submitting
29 these waivers for federal approval. Prior to final approval or
30 acceptance of funds by the authority, the authority shall submit the
31 special terms and conditions as submitted to the centers for medicare
32 and medicaid services and the anticipated budget for the duration of
33 the renewed waiver to the governor, the joint select committee on
34 health care, and the fiscal committees of the legislature. By federal
35 standard any programs created or funded by this waiver do not create
36 an entitlement. The demonstration period for the waiver as described
37 in subsections (2), (3), and (4) of this section begins July 1, 2023.

38 (2) (a) \$150,219,000 of the general fund—federal appropriation and
39 \$150,219,000 of the general fund—local appropriation are provided
40 solely for accountable communities of health described in initiative

1 1 of the 1115 demonstration waiver and this is the maximum amount
2 that may be expended for this purpose. In renewing this initiative,
3 the authority shall consider local input regarding community needs
4 and shall limit total local projects to no more than six. To provide
5 transparency to the appropriate fiscal committees of the legislature,
6 the authority shall provide fiscal staff of the legislature query
7 ability into any database of the fiscal intermediary that authority
8 staff would be authorized to access. The authority shall not
9 supplement the amounts provided in this subsection with any general
10 fund—state moneys appropriated in this section or any moneys that may
11 be transferred pursuant to subsection (1) of this section. The
12 director shall report to the fiscal committees of the legislature all
13 expenditures under this subsection and provide such fiscal data in
14 the time, manner, and form requested by the legislative fiscal
15 committees.

16 (b) \$438,515,000 of the general fund—federal appropriation and
17 \$179,111,000 of the general fund—private/local appropriation are
18 provided solely for the medicaid quality improvement program and this
19 is the maximum amount that may be expended for this purpose. Medicaid
20 quality improvement program payments do not count against the 1115
21 demonstration waiver spending limits and are excluded from the
22 waiver's budget neutrality calculation. The authority may provide
23 medicaid quality improvement program payments to apple health managed
24 care organizations and their partnering providers as they meet
25 designated milestones. Partnering providers and apple health managed
26 care organizations must work together to achieve medicaid quality
27 improvement program goals according to the performance period
28 timelines and reporting deadlines as set forth by the authority. The
29 authority may only use the medicaid quality improvement program to
30 support initiatives 1, 2, and 3 as described in the 1115
31 demonstration waiver and may not pursue its use for other purposes.
32 Any programs created or funded by the medicaid quality improvement
33 program do not constitute an entitlement for clients or providers.
34 The authority shall not supplement the amounts provided in this
35 subsection with any general fund—state, general fund—federal, or
36 general fund—local moneys appropriated in this section or any moneys
37 that may be transferred pursuant to subsection (1) of this section.
38 The director shall report to the joint select committee on health
39 care oversight not less than quarterly on financial and health

1 outcomes. The director shall report to the fiscal committees of the
2 legislature all expenditures under this subsection and shall provide
3 such fiscal data in the time, manner, and form requested by the
4 legislative fiscal committees.

5 (c) In collaboration with the accountable communities of health,
6 the authority will submit a report to the governor and the joint
7 select committee on health care oversight describing how each of the
8 accountable community of health's work aligns with the community
9 needs assessment no later than December 1, 2023.

10 (d) Performance measures and payments for accountable communities
11 of health shall reflect accountability measures that demonstrate
12 progress toward transparent, measurable, and meaningful goals that
13 have an impact on improved population health and improved health
14 outcomes, including a path to financial sustainability. While these
15 goals may have variation to account for unique community
16 demographics, measures should be standardized when possible.

17 (3) \$115,713,000 of the general fund—federal appropriation and
18 \$115,725,000 of the general fund—local appropriation are provided
19 solely for long-term support services as described in initiative 2 of
20 the 1115 demonstration waiver as well as administrative expenses for
21 initiative 3 and this is the maximum amount that may be expended for
22 this purpose. The authority shall contract with and provide funding
23 to the department of social and health services to administer
24 initiative 2. The director in cooperation with the secretary of the
25 department of social and health services shall report to the office
26 of financial management all of the expenditures of this section and
27 shall provide such fiscal data in the time, manner, and form
28 requested. The authority shall not supplement the amounts provided in
29 this subsection with any general fund—state moneys appropriated in
30 this section or any moneys that may be transferred pursuant to
31 subsection (1) of this section.

32 (4) (a) \$54,912,000 of the general fund—federal appropriation and
33 \$30,162,000 of the general fund—local appropriation are provided
34 solely for supported housing and employment services described in
35 initiative 3a and 3b of the 1115 demonstration waiver and this is the
36 maximum amount that may be expended for this purpose. Under this
37 initiative, the authority and the department of social and health
38 services shall ensure that allowable and necessary services are
39 provided to eligible clients as identified by the department or its

1 third-party administrator. The authority and the department, in
2 consultation with the medical assistance expenditure forecast work
3 group, shall ensure that reasonable reimbursements are established
4 for services deemed necessary within an identified limit per
5 individual. The authority shall not supplement the amounts provided
6 in this subsection with any general fund—state moneys appropriated in
7 this section or any moneys that may be transferred pursuant to
8 subsection (1) of this section. The director shall report to the
9 joint select committee on health care oversight no less than
10 quarterly on financial and health outcomes. The director shall also
11 report to the fiscal committees of the legislature all of the
12 expenditures of this subsection and shall provide such fiscal data in
13 the time, manner, and form requested by the legislative fiscal
14 committees.

15 (b) The authority and the department shall seek additional
16 flexibilities for housing supports through the centers for medicare
17 and medicaid services and shall coordinate with the office of
18 financial management and the department of commerce to ensure that
19 services are not duplicated.

20 (c) The director shall report to the joint select committee on
21 health care oversight no less than quarterly on utilization and
22 caseload statistics for both supportive housing and employment
23 services and its progress toward increasing uptake and availability
24 for these services.

25 (5) \$1,432,000 of the general fund—state appropriation for fiscal
26 year 2024 and \$3,008,000 of the general fund—state appropriation for
27 fiscal year 2025 are provided solely for supported employment
28 services and \$1,478,000 of the general fund—state appropriation for
29 fiscal year 2024 and \$3,162,000 of the general fund—state
30 appropriation for fiscal year 2025 are provided solely for supported
31 housing services, similar to the services described in initiatives 3a
32 and 3b of the 1115 demonstration waiver to individuals who are
33 ineligible for medicaid. Under these initiatives, the authority and
34 the department of social and health services shall ensure that
35 allowable and necessary services are provided to eligible clients as
36 identified by the authority or its third-party administrator. Before
37 authorizing services, eligibility for initiative 3a or 3b of the 1115
38 demonstration waiver must first be determined.

1 (6) Sufficient amounts are appropriated in this subsection to
2 implement the medicaid expansion as defined in the social security
3 act, section 1902(a)(10)(A)(i)(VIII).

4 (7) The legislature finds that medicaid payment rates, as
5 calculated by the health care authority pursuant to the
6 appropriations in this act, bear a reasonable relationship to the
7 costs incurred by efficiently and economically operated facilities
8 for providing quality services and will be sufficient to enlist
9 enough providers so that care and services are available to the
10 extent that such care and services are available to the general
11 population in the geographic area. The legislature finds that the
12 cost reports, payment data from the federal government, historical
13 utilization, economic data, and clinical input constitute reliable
14 data upon which to determine the payment rates.

15 (8) Based on quarterly expenditure reports and caseload
16 forecasts, if the health care authority estimates that expenditures
17 for the medical assistance program will exceed the appropriations,
18 the health care authority shall take steps including but not limited
19 to reduction of rates or elimination of optional services to reduce
20 expenditures so that total program costs do not exceed the annual
21 appropriation authority.

22 (9) In determining financial eligibility for medicaid-funded
23 services, the health care authority is authorized to disregard
24 recoveries by Holocaust survivors of insurance proceeds or other
25 assets, as defined in RCW 48.104.030.

26 (10) The legislature affirms that it is in the state's interest
27 for Harborview medical center to remain an economically viable
28 component of the state's health care system.

29 (11) When a person is ineligible for medicaid solely by reason of
30 residence in an institution for mental diseases, the health care
31 authority shall provide the person with the same benefits as he or
32 she would receive if eligible for medicaid, using state-only funds to
33 the extent necessary.

34 (12) \$4,176,000 of the general fund—state appropriation for
35 fiscal year 2024, \$4,261,000 of the general fund—state appropriation
36 for fiscal year 2025, and \$8,607,000 of the general fund—federal
37 appropriation are provided solely for low-income disproportionate
38 share hospital payments.

1 (13) Within the amounts appropriated in this section, the health
2 care authority shall provide disproportionate share hospital payments
3 to hospitals that provide services to children in the children's
4 health program who are not eligible for services under Title XIX or
5 XXI of the federal social security act due to their citizenship
6 status.

7 (14) \$7,000,000 of the general fund—federal appropriation is
8 provided solely for supplemental payments to nursing homes operated
9 by public hospital districts. The public hospital district shall be
10 responsible for providing the required nonfederal match for the
11 supplemental payment, and the payments shall not exceed the maximum
12 allowable under federal rules. It is the legislature's intent that
13 the payments shall be supplemental to and shall not in any way offset
14 or reduce the payments calculated and provided in accordance with
15 part E of chapter 74.46 RCW. It is the legislature's further intent
16 that costs otherwise allowable for rate-setting and settlement
17 against payments under chapter 74.46 RCW shall not be disallowed
18 solely because such costs have been paid by revenues retained by the
19 nursing home from these supplemental payments. The supplemental
20 payments are subject to retrospective interim and final cost
21 settlements based on the nursing homes' as-filed and final medicare
22 cost reports. The timing of the interim and final cost settlements
23 shall be at the health care authority's discretion. During either the
24 interim cost settlement or the final cost settlement, the health care
25 authority shall recoup from the public hospital districts the
26 supplemental payments that exceed the medicaid cost limit and/or the
27 medicare upper payment limit. The health care authority shall apply
28 federal rules for identifying the eligible incurred medicaid costs
29 and the medicare upper payment limit.

30 (15) The health care authority shall continue the inpatient
31 hospital certified public expenditures program for the 2023-2025
32 fiscal biennium. The program shall apply to all public hospitals,
33 including those owned or operated by the state, except those
34 classified as critical access hospitals or state psychiatric
35 institutions. The health care authority shall submit reports to the
36 governor and legislature by November 1, 2023, and by November 1,
37 2024, that evaluate whether savings continue to exceed costs for this
38 program. If the certified public expenditures (CPE) program in its
39 current form is no longer cost-effective to maintain, the health care
40 authority shall submit a report to the governor and legislature

1 detailing cost-effective alternative uses of local, state, and
2 federal resources as a replacement for this program. During fiscal
3 year 2024 and fiscal year 2025, hospitals in the program shall be
4 paid and shall retain one hundred percent of the federal portion of
5 the allowable hospital cost for each medicaid inpatient fee-for-
6 service claim payable by medical assistance and one hundred percent
7 of the federal portion of the maximum disproportionate share hospital
8 payment allowable under federal regulations. For the purpose of
9 determining the amount of any state grant under this subsection,
10 payments will include the federal portion of medicaid program
11 supplemental payments received by the hospitals. Inpatient medicaid
12 payments shall be established using an allowable methodology that
13 approximates the cost of claims submitted by the hospitals. Payments
14 made to each hospital in the program in each fiscal year of the
15 biennium shall be compared to a baseline amount. The baseline amount
16 will be determined by the total of (a) the inpatient claim payment
17 amounts that would have been paid during the fiscal year had the
18 hospital not been in the CPE program based on the reimbursement rates
19 developed, implemented, and consistent with policies approved in the
20 2023-2025 biennial operating appropriations act and in effect on July
21 1, 2015, (b) one-half of the indigent assistance disproportionate
22 share hospital payment amounts paid to and retained by each hospital
23 during fiscal year 2005, and (c) all of the other disproportionate
24 share hospital payment amounts paid to and retained by each hospital
25 during fiscal year 2005 to the extent the same disproportionate share
26 hospital programs exist in the 2019-2021 fiscal biennium. If payments
27 during the fiscal year exceed the hospital's baseline amount, no
28 additional payments will be made to the hospital except the federal
29 portion of allowable disproportionate share hospital payments for
30 which the hospital can certify allowable match. If payments during
31 the fiscal year are less than the baseline amount, the hospital will
32 be paid a state grant equal to the difference between payments during
33 the fiscal year and the applicable baseline amount. Payment of the
34 state grant shall be made in the applicable fiscal year and
35 distributed in monthly payments. The grants will be recalculated and
36 redistributed as the baseline is updated during the fiscal year. The
37 grant payments are subject to an interim settlement within eleven
38 months after the end of the fiscal year. A final settlement shall be
39 performed. To the extent that either settlement determines that a
40 hospital has received funds in excess of what it would have received

1 as described in this subsection, the hospital must repay the excess
2 amounts to the state when requested. \$237,000 of the general fund—
3 state appropriation for fiscal year 2024 and \$218,000 of the general
4 fund—state appropriation for fiscal year 2025 are provided solely for
5 state grants for the participating hospitals.

6 (16) The health care authority shall seek public-private
7 partnerships and federal funds that are or may become available to
8 provide ongoing support for outreach and education efforts under the
9 federal children's health insurance program reauthorization act of
10 2009.

11 (17) The health care authority shall target funding for maternity
12 support services towards pregnant women with factors that lead to
13 higher rates of poor birth outcomes, including hypertension, a
14 preterm or low birth weight birth in the most recent previous birth,
15 a cognitive deficit or developmental disability, substance abuse,
16 severe mental illness, unhealthy weight or failure to gain weight,
17 tobacco use, or African American or Native American race. The health
18 care authority shall prioritize evidence-based practices for delivery
19 of maternity support services. To the extent practicable, the health
20 care authority shall develop a mechanism to increase federal funding
21 for maternity support services by leveraging local public funding for
22 those services.

23 (18) The authority shall submit reports to the governor and the
24 legislature by September 15, 2023, and no later than September 15,
25 2024, that delineate the number of individuals in medicaid managed
26 care, by carrier, age, gender, and eligibility category, receiving
27 preventative services and vaccinations. The reports should include
28 baseline and benchmark information from the previous two fiscal years
29 and should be inclusive of, but not limited to, services recommended
30 under the United States preventative services task force, advisory
31 committee on immunization practices, early and periodic screening,
32 diagnostic, and treatment (EPSDT) guidelines, and other relevant
33 preventative and vaccination medicaid guidelines and requirements.

34 (19) Managed care contracts must incorporate accountability
35 measures that monitor patient health and improved health outcomes,
36 and shall include an expectation that each patient receive a wellness
37 examination that documents the baseline health status and allows for
38 monitoring of health improvements and outcome measures.

39 (20) Sufficient amounts are appropriated in this section for the
40 authority to provide an adult dental benefit.

1 (21) The health care authority shall coordinate with the
2 department of social and health services to provide referrals to the
3 Washington health benefit exchange for clients that will be
4 ineligible for medicaid.

5 (22) To facilitate a single point of entry across public and
6 medical assistance programs, and to maximize the use of federal
7 funding, the health care authority, the department of social and
8 health services, and the health benefit exchange will coordinate
9 efforts to expand HealthPlanfinder access to public assistance and
10 medical eligibility staff. The health care authority shall complete
11 medicaid applications in the HealthPlanfinder for households
12 receiving or applying for medical assistance benefits.

13 (23) \$90,000 of the general fund—state appropriation for fiscal
14 year 2024, \$90,000 of the general fund—state appropriation for fiscal
15 year 2025, and \$180,000 of the general fund—federal appropriation are
16 provided solely to continue operation by a nonprofit organization of
17 a toll-free hotline that assists families to learn about and enroll
18 in the apple health for kids program.

19 (24) Within the amounts appropriated in this section, the
20 authority shall reimburse for primary care services provided by
21 naturopathic physicians.

22 (25) Within the amounts appropriated in this section, the
23 authority shall continue to provide coverage for pregnant teens that
24 qualify under existing pregnancy medical programs, but whose
25 eligibility for pregnancy related services would otherwise end due to
26 the application of the new modified adjusted gross income eligibility
27 standard.

28 (26) Sufficient amounts are appropriated in this section to
29 remove the mental health visit limit and to provide the shingles
30 vaccine and screening, brief intervention, and referral to treatment
31 benefits that are available in the medicaid alternative benefit plan
32 in the classic medicaid benefit plan.

33 (27) The authority shall use revenue appropriated from the
34 dedicated cannabis account for contracts with community health
35 centers under RCW 69.50.540 in lieu of general fund—state payments to
36 community health centers for services provided to medical assistance
37 clients, and it is the intent of the legislature that this policy
38 will be continued in subsequent fiscal biennia.

1 (28) Beginning no later than July 1, 2018, for any service
2 eligible under the medicaid state plan for encounter payments,
3 managed care organizations at the request of a rural health clinic
4 shall pay the full published encounter rate directly to the clinic.
5 At no time will a managed care organization be at risk for or have
6 any right to the supplemental portion of the claim. Payments will be
7 reconciled on at least an annual basis between the managed care
8 organization and the authority, with final review and approval by the
9 authority.

10 (29) Sufficient amounts are appropriated in this section for the
11 authority to provide a medicaid equivalent adult dental benefit to
12 clients enrolled in the medical care service program.

13 (30) During the 2023-2025 fiscal biennium, sufficient amounts are
14 provided in this section for the authority to provide services
15 identical to those services covered by the Washington state family
16 planning waiver program as of August 2018 to individuals who:

17 (a) Are over nineteen years of age;

18 (b) Are at or below two hundred and sixty percent of the federal
19 poverty level as established in WAC 182-505-0100;

20 (c) Are not covered by other public or private insurance; and

21 (d) Need family planning services and are not currently covered
22 by or eligible for another medical assistance program for family
23 planning.

24 (31) Sufficient amounts are appropriated within this section for
25 the authority to incorporate the expected outcomes and criteria to
26 measure the performance of managed care organizations that provide
27 services to clients under chapter 74.09 RCW. The authority must:

28 (a) Contract with an external quality improvement organization to
29 annually analyze the performance of managed care organizations
30 providing services to clients under this chapter based on seven
31 performance measures. The analysis required under this subsection
32 must:

33 (i) Measure managed care performance in four common measures
34 across each managed care organization, including:

35 (A) At least one common measure that must be weighted towards
36 having the potential to impact managed care costs; and

37 (B) At least one common measure that must be weighted towards
38 population health management, as defined by the measure; and

39 (ii) Measurement of managed care performance in an additional
40 three quality focus performance measures specific to a managed care

1 organization. Quality focus performance measures chosen by the
2 authority must:

3 (A) Be chosen from the statewide common measure set;

4 (B) Reflect specific measures where a managed care organization
5 has poor performance; and

6 (C) Be substantive and clinically meaningful in promoting health
7 status.

8 (b) The authority shall set the four common measures to be
9 analyzed across all managed care organizations.

10 (c) The authority shall set three quality focus performance
11 measures specific to each managed care organization. The authority
12 must determine performance measures for each managed care
13 organization based on the criteria established in (a)(ii) of this
14 subsection.

15 (d) By September 15, 2023, and annually thereafter, the authority
16 shall notify each managed care organization of the performance
17 measures for the organization for the subsequent plan year.

18 (e) Two percent of the total plan year funding appropriated to
19 each managed care organization that provides services to clients
20 under chapter 70.320 RCW shall be withheld. At least 75 percent of
21 the withhold shall be held contingent on each managed care
22 organization's performance on the seven performance measures
23 identified in this subsection. Each managed care organization may
24 earn back the annual withhold if the external quality improvement
25 organization finds that the managed care organization:

26 (i) Made statistically significant improvement in the seven
27 performance measures as compared to the preceding plan year; or

28 (ii) Scored in the top national medicaid quartile of the
29 performance measures.

30 (f) The amount of withhold annually paid to each managed care
31 organization shall be proportional to findings of statistically
32 significant improvement or top national medicaid quartile scoring by
33 a managed care organization.

34 (g) For no more than two of the four quality focus performance
35 measures, the authority may use an alternate methodology to
36 approximate top national medicaid quartile performance where top
37 quartile performance data is unavailable.

38 (h) For the purposes of this subsection, "external quality
39 improvement organization" means an organization that meets the

1 competence and independence requirements under 42 C.F.R. Sec.
2 438.354, as it existed on the effective date of this section.

3 (i) By September 15, 2023, the authority, in collaboration with
4 the medical assistance expenditure forecast work group, shall develop
5 new performance measures for the 2025 plan year. Quality focus

7 (A) Be chosen from the statewide common measure set;

8 (B) Reflect specific measures where a managed care organization
9 has poor performance;

10 (C) Be substantive and clinically meaningful in promoting health
11 status;

12 (D) Include ways to improve behavioral health reporting;

13 (E) Be selected with consideration to health equity;

14 (F) Ensure that measures that have an impact on funding have a
15 direct relationship to the funding plans receive; and

16 (G) Include participation from the authority's actuary to ensure
17 that the measures and methods chosen meet required tests for
18 actuarial soundness.

19 (j) By October 15, 2023, the authority shall provide a report to
20 the governor and fiscal committees of the legislature outlining the
21 measures it has chosen for the 2025 plan year, including the

37 efficient manner, including performing program integrity activities
38 that ensure high value in the medical assistance program in general

6 group to ensure the results of program integrity activity are
7 incorporated into the rate setting process in a transparent, timely,
8 measurable, quantifiable manner.

9 (b) The authority shall consider, as part of its program
10 integrity activities, whether it is providing economical and
11 efficient prescription drug services through its administrative
12 services model and the quantifiable cost and benefit of this service
13 delivery method. In making this determination, the authority shall
14 provide at an aggregate level, the following minimum information to
15 the governor and fiscal committees of the legislature no later than
16 October 15, 2023:

9 service beginning with state fiscal year 2020 to include all program
10 integrity recoveries attributable to the authority, including how
11 these recoveries are categorized, to which year they are reported,
12 how these recoveries are applied against legislative savings
13 requirements, and what recoveries are attributable to the office of
14 the attorney general's medicaid fraud control division and how these
15 recoveries are considered when reporting program integrity activity
16 and determining managed care rates; and

17 (v) Information detailing when the agency acquired a new fraud

34 thereafter, the authority shall reconcile on an annual basis with
35 federally qualified health centers.

36 (e) Beginning with fiscal year 2021 and for each subsequent year

3 requires regional behavioral health entities to develop and implement
4 plans for improving access to timely and appropriate treatment for
5 individuals with behavioral health needs and current or prior
6 criminal justice involvement who are eligible for services under
7 these contracts.

8 (3) \$39,748,000 of the general fund—state appropriation for
9 fiscal year 2024, \$43,307,000 of the general fund—state appropriation
10 for fiscal year 2025, and \$17,488,000 of the general fund—federal
11 appropriation are provided solely to continue the phase-in of the
12 settlement agreement under *Trueblood, et al. v. Department of Social
13 and Health Services, et al.*, United States District Court for the
14 Western District of Washington, Cause No. 14-cv-01178-MJP. The
15 authority, in collaboration with the department of social and health
16 services and the criminal justice training commission, must implement
17 the provisions of the settlement agreement pursuant to the timeline
18 and implementation plan provided for under the settlement agreement.
19 This includes implementing provisions related to competency
20 evaluations, competency restoration, crisis diversion and supports,
21 education and training, and workforce development.

22 (4) \$5,108,000 of the general fund—state appropriation for fiscal
23 year 2024 and \$6,341,000 of the general fund—state appropriation for
24 fiscal year 2025 are provided solely for the implementation of
25 Engrossed Second Substitute Senate Bill No. 5440 (competency
26 evaluations). If the bill is not enacted by June 30, 2023, the
27 amounts provided in this subsection shall lapse.

28 (5) \$12,359,000 of the general fund—state appropriation for
29 fiscal year 2024, \$12,359,000 of the general fund—state appropriation
30 for fiscal year 2025, and \$23,444,000 of the general fund—federal
31 appropriation are provided solely for the authority and behavioral
32 health entities to continue to contract for implementation of high-
33 intensity programs for assertive community treatment (PACT) teams. In
34 determining the proportion of medicaid and nonmedicaid funding
35 provided to behavioral health entities with PACT teams, the authority
36 shall consider the differences between behavioral health entities in
37 the percentages of services and other costs associated with the teams
38 that are not reimbursable under medicaid. The authority may allow
39 behavioral health entities which have nonmedicaid reimbursable costs

1 that are higher than the nonmedicaid allocation they receive under
2 this section to supplement these funds with local dollars or funds
3 received under subsection (7) of this section. The authority and
4 behavioral health entities shall maintain consistency with all
5 essential elements of the PACT evidence-based practice model in
6 programs funded under this section.

7 (6) \$3,520,000 of the general fund—federal appropriation is
8 provided solely for the authority to maintain a pilot project to
9 incorporate peer bridging staff into behavioral health regional teams
10 that provide transitional services to individuals returning to their
11 communities.

12 (7) \$129,998,000 of the general fund—state appropriation for
13 fiscal year 2024 and \$138,663,000 of the general fund—state
14 appropriation for fiscal year 2025 are provided solely for persons
15 and services not covered by the medicaid program. To the extent
16 possible, levels of behavioral health entity spending must be
17 maintained in the following priority order: Crisis and commitment
18 services; community inpatient services; and residential care
19 services, including personal care and emergency housing assistance.
20 These amounts must be distributed to behavioral health entities as
21 follows:

22 (a) \$95,700,000 of the general fund—state appropriation for
23 fiscal year 2024 and \$103,124,000 of the general fund—state
24 appropriation for fiscal year 2025 are provided solely for the
25 authority to contract with behavioral health administrative service
26 organizations for behavioral health treatment services not covered
27 under the medicaid program.

28 (b) \$34,299,000 of the general fund—state appropriation for
29 fiscal year 2024 and \$35,539,000 of the general fund—state
30 appropriation for fiscal year 2025 are provided solely for the
31 authority to contract with medicaid managed care organizations for
32 wraparound services to medicaid enrolled individuals that are not
33 covered under the medicaid program and for the state share of costs
34 for exceptional medicaid behavioral health personal care services.
35 Within the amounts provided in this subsection, the authority shall
36 assure that managed care organizations reimburse the department of
37 social and health services aging and long term support administration
38 for the general fund—state cost of exceptional behavioral health
39 personal care services for medicaid enrolled individuals who require

1 these because of a psychiatric disability. Funding for the federal
2 share of these services is separately appropriated to the department
3 of social and health services.

4 (c) Pursuant to RCW 41.56.029, during fiscal year 2024, the
5 authority may work with the office of financial management to
6 negotiate a tiered rate structure for behavioral health personal care
7 services for adult family home providers serving medicaid enrollees.
8 An agreement reached with the adult family home council must be
9 submitted to the director of financial management by October 1, 2023,
10 and certified as financially feasible in order to be considered for
11 funding during the 2024 legislative session. Upon completion of
12 bargaining, the authority shall coordinate with the department of
13 social and health services to develop and submit to the centers for
14 medicare and medicaid services an application to provide a 1915(i)
15 state plan home and community-based services benefit. The application
16 shall be developed to allow for the delivery of wraparound supportive
17 behavioral health services for individuals with mental illnesses who
18 also have a personal care need. The waiver shall be developed to
19 standardize coverage and administration, improve the current benefit
20 design, and clarify roles in administration of the behavioral health
21 personal care services benefit.

22 (8) The authority is authorized to continue to contract directly,
23 rather than through contracts with behavioral health entities for
24 children's long-term inpatient facility services.

25 (9) \$1,204,000 of the general fund—state appropriation for fiscal
26 year 2024 and \$1,204,000 of the general fund—state appropriation for
27 fiscal year 2025 are provided solely to reimburse Pierce and Spokane
28 counties for the cost of conducting 180-day commitment hearings at
29 the state psychiatric hospitals.

30 (10) Behavioral health entities may use local funds to earn
31 additional federal medicaid match, provided the locally matched rate
32 does not exceed the upper-bound of their federally allowable rate
33 range, and provided that the enhanced funding is used only to provide
34 medicaid state plan or waiver services to medicaid clients.
35 Additionally, behavioral health entities may use a portion of the
36 state funds allocated in accordance with subsection (7) of this
37 section to earn additional medicaid match, but only to the extent
38 that the application of such funds to medicaid services does not
39 diminish the level of crisis and commitment, community inpatient,

1 residential care, and outpatient services presently available to
2 persons not eligible for medicaid.

3 (11) \$2,291,000 of the general fund—state appropriation for
4 fiscal year 2024 and \$2,291,000 of the general fund—state
5 appropriation for fiscal year 2025 are provided solely for mental
6 health services for mentally ill offenders while confined in a county
7 or city jail and for facilitating access to programs that offer
8 mental health services upon release from confinement. The authority
9 must collect information from the behavioral health entities on their
10 plan for using these funds, the numbers of individuals served, and
11 the types of services provided and submit a report to the office of
12 financial management and the appropriate fiscal committees of the
13 legislature by December 1st of each year of the fiscal biennium.

14 (12) Within the amounts appropriated in this section, funding is
15 provided for the authority to develop and phase in intensive mental
16 health services for high needs youth consistent with the settlement
17 agreement in *T.R. v. Dreyfus and Porter*.

18 (13) The authority must work with actuaries responsible for
19 setting medicaid managed care rates to establish minimum and maximum
20 reserve levels allowed under behavioral health administrative
21 services organization contracts informed by the amount of risk
22 carried by behavioral health administrative service organizations for
23 mandatory and nondiscretionary services funded by these
24 organizations. The authority must include contract language that
25 clearly states the requirements and limitations of such reserves. The
26 authority must monitor and ensure that behavioral health
27 administrative service organization reserves do not exceed maximum
28 levels. The authority must monitor revenue and expenditure reports
29 and must require a behavioral health administrative service
30 organization to submit a corrective action plan on how it will spend
31 its excess reserves within a reasonable period of time, when its
32 reported reserves exceed maximum levels established under the
33 contract. The authority must review and approve such plans and
34 monitor to ensure compliance. If the authority determines that a
35 behavioral health administrative service organization has failed to
36 provide an adequate excess reserve corrective action plan or is not
37 complying with an approved plan, the authority must reduce payments
38 to the entity in accordance with remedial actions provisions included
39 in the contract. These reductions in payments must continue until the

1 authority determines that the entity has come into substantial
2 compliance with an approved excess reserve corrective action plan.

3 (14) During the 2023-2025 fiscal biennium, any amounts provided
4 in this section that are used for case management services for
5 pregnant and parenting women must be contracted directly between the
6 authority and pregnant and parenting women case management providers.

7 (15) Within the amounts appropriated in this section, the
8 authority may contract with the University of Washington and
9 community-based providers for the provision of the parent-child
10 assistance program or other specialized chemical dependency case
11 management providers for pregnant, post-partum, and parenting women.
12 For all contractors: (a) Service and other outcome data must be
13 provided to the authority by request; and (b) indirect charges for
14 administering the program must not exceed 10 percent of the total
15 contract amount.

16 (16) \$3,500,000 of the general fund—federal appropriation is
17 provided solely for the continued funding of existing county drug and
18 alcohol use prevention programs.

19 (17) Within the amounts provided in this section, behavioral
20 health entities must provide outpatient chemical dependency treatment
21 for offenders enrolled in the medicaid program who are supervised by
22 the department of corrections pursuant to a term of community
23 supervision. Contracts with behavioral health entities must require
24 that behavioral health entities include in their provider network
25 specialized expertise in the provision of manualized, evidence-based
26 chemical dependency treatment services for offenders. The department
27 of corrections and the authority must develop a memorandum of
28 understanding for department of corrections offenders on active
29 supervision who are medicaid eligible and meet medical necessity for
30 outpatient substance use disorder treatment. The agreement will
31 ensure that treatment services provided are coordinated, do not
32 result in duplication of services, and maintain access and quality of
33 care for the individuals being served. The authority must provide all
34 necessary data, access, and reports to the department of corrections
35 for all department of corrections offenders that receive medicaid
36 paid services.

37 (18) The criminal justice treatment account—state appropriation
38 is provided solely for treatment and treatment support services for
39 offenders with a substance use disorder pursuant to RCW 71.24.580.
40 The authority must offer counties the option to administer their

1 share of the distributions provided for under RCW 71.24.580(5)(a). If
2 a county is not interested in administering the funds, the authority
3 shall contract with behavioral health entities to administer these
4 funds consistent with the plans approved by local panels pursuant to
5 RCW 71.24.580(5)(b). Funding from the criminal justice treatment
6 account may be used to provide treatment and support services through
7 the conclusion of an individual's treatment plan to individuals
8 participating in a drug court program as of February 24, 2021, if
9 that individual wishes to continue treatment following dismissal of
10 charges they were facing under RCW 69.50.4013(1). Such participation
11 is voluntary and contingent upon substantial compliance with drug
12 court program requirements. The authority must provide a report to
13 the office of financial management and the appropriate committees of
14 the legislature which identifies the distribution of criminal justice
15 treatment account funds by September 30, 2023.

16 (19)(a) \$11,426,000 of the general fund—state appropriation for
17 fiscal year 2024, \$15,501,000 of the general fund—state appropriation
18 for fiscal year 2025, and \$21,544,000 of the general fund—federal
19 appropriation are provided solely for crisis triage facilities,
20 crisis relief centers, or crisis stabilization units. Services in
21 these facilities may include crisis stabilization and intervention,
22 individual counseling, peer support, medication management,
23 education, and referral assistance. The authority shall monitor each
24 center's effectiveness at lowering the rate of state psychiatric
25 hospital admissions.

26 (b) Sufficient funding is provided in this subsection to
27 implement Second Substitute Senate Bill No. 5120 (crisis relief
28 centers).

29 (20) \$9,795,000 of the general fund—state appropriation for
30 fiscal year 2024, \$10,015,000 of the general fund—state appropriation
31 for fiscal year 2025, and \$15,025,000 of the general fund—federal
32 appropriation are provided solely for the operation of secure
33 withdrawal management and stabilization facilities. The authority may
34 not use any of these amounts for services in facilities that are
35 subject to federal funding restrictions that apply to institutions
36 for mental diseases, unless they have received a waiver that allows
37 for full federal participation in these facilities. Within these
38 amounts, funding is provided to increase the fee-for-service rate for
39 these facilities up to \$650 per day. The authority must require in

1 contracts with behavioral health entities that, beginning in calendar
2 year 2020, they pay no lower than the fee-for-service rate. The
3 authority must coordinate with regional behavioral health entities to
4 identify and implement purchasing strategies or regulatory changes
5 that increase access to services for individuals with complex
6 behavioral health needs at secure withdrawal management and
7 stabilization facilities.

8 (21) \$23,090,000 of the general fund—state appropriation for
9 fiscal year 2024, \$23,090,000 of the general fund—state appropriation
10 for fiscal year 2025, and \$92,444,000 of the general fund—federal

12 community-based behavioral health services that was initially funded
13 in fiscal year 2019. Twenty percent of the general fund—state
14 appropriation amounts for each regional service area must be
15 contracted to the behavioral health administrative services
16 organizations and used to increase their nonmedicaid funding
17 allocations and the remainder must be provided to the medicaid
18 managed care organizations providing apple health integrated managed
19 care. The medicaid funding is intended to maintain increased rates
20 for behavioral health services provided by licensed and certified
21 community behavioral health agencies as defined by the department of
22 health. For the behavioral health administrative services
23 organizations, this funding must be allocated to each region based
24 upon the population of the region. For managed care organizations,
25 this funding must be provided through the behavioral health portion
26 of the medicaid integrated managed care capitation rates. The
27 authority must require the managed care organizations to provide a
28 report that details the methodology the managed care organization
29 used to distribute this funding to their contracted behavioral health
30 providers. The report submitted by behavioral health administrative
31 service organizations and managed care organizations must identify
32 mechanisms employed to disperse the funding as well as estimated
33 impacts to behavioral health providers in the community. The
34 authority must submit a report to the legislature by December 1st of
35 each year of the fiscal biennium, summarizing the information
36 regarding the distribution of the funding provided under this
37 subsection.

38 (22) \$1,401,000 of the general fund—state appropriation for

3 the biennium.

5 and reporting, the authority shall direct managed care organizations
6 to make all reasonable efforts to develop or maintain contracts with
7 provider networks that leverage local, federal, or philanthropic
8 funding to enhance effectiveness of medicaid-funded integrated care

14 (33) \$9,000,000 of the criminal justice treatment account—state

29 data and feedback on proposed rate changes within their region or
30 regions of service operation. The authority and contracted actuaries
31 shall transparently incorporate the information gained from this
32 process and make adjustments allowable under federal law when
33 appropriate.

34 (35) The authority shall seek input from representatives of the

24 methodologies for the pilot programs in contract.

25 (b) Eligibility for the pilot sites is limited pursuant to the
26 following:

27 (i) Children and adolescents discharged from an inpatient

35 needs of an individual referred to the program.

36 (c) The authority must collect data on the pilot sites and work
37 with the actuaries responsible for establishing managed care rates
38 for medicaid enrollees to develop and submit a report to the office
39 of financial management and the appropriate committees of the

1 legislature. A report must be submitted annually by December 1 of
2 each year. The reports must include the following information:

3 (i) A narrative description of the services provided at each
4 pilot site and identification of any specific gaps the sites were
5 able to fill in the current continuum of care;

6 (ii) Clinical outcomes and estimated reductions in psychiatric
7 inpatient costs associated with each of the pilot sites;

8 (iii) Recommendations for whether the pilot models should be
9 expanded statewide; whether modifications should be made to the
10 models to better address gaps in the continuum identified through the
11 pilot sites, whether the models could be expanded to community
12 behavioral health providers, and whether statewide implementation
13 should be achieved through a state plan amendment or some other

27 (29)(a) \$80,000,000 of the natural climate solutions account—
28 state appropriation is provided solely for the department to conserve
29 carbon dense, structurally complex forests that provide exemplary
30 ecological and carbon storage and sequestration benefits consistent
31 with the state's goals under RCW 70A.45.100 and that are otherwise
32 not in conservation status or proposed for conservation status as of
33 January 1, 2023.

34 (b) The department must, at a minimum, identify current state
35 trust land that is in a mature or near-mature forest stage that is
36 considered significant for natural heritage resources as defined in
37 chapter 79.70 RCW. Further criteria that may be used are forests in
38 later successional stages of development, displaying structural
39 complexity and high carbon storage potential and with low

1 vulnerability of risk of loss to catastrophic fire or insect and
2 disease disturbance.

3 (c) Amounts provided by this subsection for carbon sequestration
4 on identified state trust lands must be used to compensate trust
5 beneficiaries and purchase replacement forestland, and may be used
6 for administrative costs, including the cost of additional staff to
7 conduct land transactions pursuant to the intent of this subsection.

15 materials, and improvements owned by the state.

16 (d) The department must report annually on its progress to the
17 appropriate committees of the legislature by December 1st of each
18 year. The report must provide detail of avoided carbon emissions,
19 estimated carbon sequestration and storage resulting from protection
20 status, expected and delivered revenue for beneficiaries, the acreage
21 and status of any replacement lands or timber rights purchased, and
22 anticipated benefits for critical species, water quality, and climate
23 resilience.

25 appropriation is provided solely for the department to prepare
26 commercial thinning timber sales for the purposes of restoring
27 spotted owl and riparian habitat as specified in the 1997 state lands

29 than is possible under normal operating funding and increasing carbon
30 sequestration. Thinning operations in designated spotted owl
31 management areas must be conducted in stands that do not yet meet
32 spotted owl habitat conditions. Thinning in riparian areas must
33 comply with department procedures for restoring riparian habitat
34 under the 1997 state lands habitat conservation plan.

(1) "Institutions" means the institutions of higher education receiving appropriations under sections 604 through 610 of this act.

(2) The legislature, the office of financial management, and other state agencies need consistent and accurate personnel data from institutions of higher education for policy planning purposes. Institutions of higher education shall report personnel data to the office of financial management for inclusion in the agency's data warehouse. SPECIAL APPROPRIATIONS

NEW SECTION. Sec. 701. FOR THE OFFICE OF FINANCIAL MANAGEMENT—
INFORMATION TECHNOLOGY INVESTMENT POOL

General Fund—State Appropriation (FY 2024)	\$29,774,000
General Fund—State Appropriation (FY 2025)	\$14,392,000
Other Appropriated Funds	\$6,438,000
TOTAL APPROPRIATION	\$50,604,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations are provided solely for expenditure into the information technology investment revolving account created in RCW 43.41.433. Amounts in the account are provided solely for the information technology projects shown in LEAP omnibus document IT-2023, dated March 23, 2023, which is hereby incorporated by reference. To facilitate the transfer of moneys from other funds and accounts that are associated with projects contained in LEAP omnibus document IT-2023, dated March 23, 2023, the state treasurer is directed to transfer moneys from other funds and accounts to the information technology investment revolving account in accordance with schedules provided by the office of financial management. Restricted federal funds may be transferred only to the extent permitted by law, and will otherwise remain outside the information technology investment account. The projects affected remain subject to the other provisions of this section.

(2) Agencies must apply to the office of the chief information officer for certification and release of funding for each gate of the project. When the office of the chief information officer certifies the key deliverables of the gate have been met, a current technology budget is approved, and that the project is putting functioning software into production that addresses user needs, if applicable at the stage of the project, is in compliance with the quality assurance plan, and meets a defined set of industry best practices for code quality that the office of the chief information officer will post to their website by July 1, 2023, it must notify the office of financial management and the fiscal committees of the legislature. The office of financial management may not approve funding for the certified

1 project gate any earlier than ten business days from the date of
2 notification to the fiscal committees of the legislature.

3 (3) (a) Allocations and allotments of information technology
4 investment revolving account must be made for discrete stages of
5 projects as determined by the technology budget approved by the
6 office of the chief information officer and office of financial
7 management.

8 (b) Fifteen percent of total funding allocated by the office of
9 financial management, or another amount as defined jointly by the
10 office of financial management and the office of the chief
11 information officer, will be retained in the account, but remain
12 allocated to that project. The retained funding will be released to
13 the agency only after successful completion of that stage of the
14 project and only after the office of the chief information officer
15 certifies the stage as required in subsection (2) of this section.
16 For the one Washington project, the amount retained is increased to
17 at least twenty percent of total funding allocated for any stage of
18 that project.

19 (4) (a) Each project must have a technology budget. The technology
20 budget must have the detail by fiscal month for the 2023-2025 fiscal
21 biennium. The technology budget must use a method similar to the
22 state capital budget, identifying project costs, each fund source,
23 and anticipated deliverables through each stage of the entire project
24 investment and across fiscal periods and biennia from project onset
25 through implementation and close out, as well as at least five years
26 of maintenance and operations costs.

27 (b) As part of the development of a technology budget and at each
28 request for funding, the agency shall submit an updated technology
29 budget, if changes occurred, to include detailed financial
30 information to the office of financial management and the office of
31 the chief information officer. The technology budget must describe
32 the total cost of the project, as well as maintenance and operations
33 costs, to include and identify at least:

34 (i) Fund sources:

35 (A) If the project is funded from the information technology
36 revolving account, the technology budget must include a worksheet
37 that provides the fund sources that were transferred into the account
38 by fiscal year;

39 (B) If the project is by a central service agency, and funds are
40 driven out by the central service model, the technology budget must

1 provide a statewide impact by agency by fund as a worksheet in the
2 technology budget file;

3 (ii) Full time equivalent staffing level to include job
4 classification assumptions. This is to assure that the project has
5 adequate state staffing and agency support to ensure success, ensure
6 user acceptance, and adequately test the functionality being
7 delivered in each sprint before it is accepted by the agency's
8 contracting officer or their representative. Key project functions
9 that are deemed "critical" must be retained by state personnel and
10 not outsourced, to ensure that knowledge is retained within state
11 government and that the state can self-sufficiently support the
12 system and make improvements without long-term dependence on a
13 vendor;

14 (iii) Discrete financial budget codes to include at least the
15 appropriation index and program index;

16 (iv) Object and subobject codes of expenditures;

17 (v) Anticipated deliverables to include software demonstration
18 dates;

19 (vi) Historical budget and expenditure detail by fiscal year; and

20 (vii) Maintenance and operations costs by fiscal year for at
21 least five years as a separate worksheet.

22 (c) If a project technology budget changes and a revised
23 technology budget is completed, a comparison of the revised
24 technology budget to the last approved technology budget must be
25 posted to the dashboard, to include a narrative rationale on what
26 changed, why, and how that impacts the project in scope, budget, and
27 schedule.

28 (5) (a) Each project must have a project charter. The charter must
29 include:

30 (i) An organizational chart of the project management team that
31 identifies team members and their roles and responsibilities, and
32 shows that the project is adequately staffed by state personnel in
33 key functions to ensure success;

34 (ii) The office of the chief information officer staff assigned
35 to the project;

36 (iii) A project roadmap that includes the problems the team is
37 solving and the sequence in which the team intends to take on those
38 problems, updated periodically to reflect what has been learned;

39 (iv) Metrics to support the project strategy and vision, to
40 determine that the project is incrementally meeting user needs;

1 (v) An implementation schedule covering activities, critical
2 milestones, and deliverables at each stage of the project for the
3 life of the project at each agency affected by the project;

4 (vi) Performance measures used to determine that the project is
5 on time, within budget, and meeting expectations for quality of work
6 product;

7 (vii) Ongoing maintenance and operations cost of the project post
8 implementation and close out delineated by agency staffing,
9 contracted staffing, and service level agreements; and

10 (viii) Financial budget coding to include at least discrete
11 financial coding for the project.

12 (b) If required by the office of the chief information officer, a
13 project may also need to have an investment plan. The office of the
14 chief information officer must:

15 (i) Base the requirement of an agency to have an investment plan
16 on the complexity and risk of the project;

17 (ii) Establish requirements by project risk level in statewide
18 technology policy, and publish the requirements by September 30,
19 2023; and

20 (iii) In collaboration with the department of enterprise
21 services, define the circumstances under which the vendor will be
22 terminated or replaced and establish the process by which the agency
23 will transition to a new vendor with a minimal reduction in project
24 productivity.

25 (6) (a) Projects with estimated costs greater than \$100,000,000
26 from initiation to completion and implementation may be divided into
27 discrete subprojects as determined by the office of the chief
28 information officer, except for the one Washington project which must
29 be divided into the following discrete subprojects: Core financials,
30 expanding financials and procurement, budget, and human resources.
31 Each subproject must have a technology budget as provided in this
32 section.

33 (b) If the project affects more than one agency:

34 (i) A separate technology budget and investment plan must be
35 prepared by each agency; and

36 (ii) There must be a budget roll up that includes each affected
37 agency at the subproject level.

38 (7) The office of the chief information officer shall maintain a
39 statewide information technology project dashboard that provides
40 updated information each fiscal month on projects subject to this

1 section. The statewide dashboard must meet the requirements in
2 section 155 of this act.

3 (8) For any project that exceeds \$2,000,000 in total funds to
4 complete, requires more than one biennium to complete, or is financed
5 through financial contracts, bonds, or other indebtedness:

6 (a) Independent quality assurance services for the project must
7 report independently to the office of the chief information officer;

8 (b) The office of the chief information officer, based on project
9 risk assessments, may require additional quality assurance services
10 and independent verification and validation services;

11 (c) The office of the chief information officer must review, and,
12 if necessary, revise the proposed project to ensure it is flexible
13 and adaptable to advances in technology;

14 (d) The technology budget must specifically identify the uses of
15 any financing proceeds. No more than thirty percent of the financing
16 proceeds may be used for payroll-related costs for state employees
17 assigned to project management, installation, testing, or training;

18 (e) The agency must consult with the office of the state
19 treasurer during the competitive procurement process to evaluate
20 early in the process whether products and services to be solicited
21 and the responsive bids from a solicitation may be financed;

22 (f) The agency must consult with the contracting division of the
23 department of enterprise services for a review of all contracts and
24 agreements related to the project's information technology
25 procurements;

26 (g) The agency and project must use an agile development model
27 holding live demonstrations of functioning software, developed using
28 incremental user research, held at the end of every two-week sprint;

29 (h) The project solution must be capable of being continually
30 updated, as necessary; and

31 (i) The agency and project must deploy usable functionality into
32 production for users within 180 days from the date of an executed
33 procurement contract in response to a competitive request for
34 proposal.

35 (9) The office of the chief information officer must evaluate the
36 project at each stage and certify whether the project is putting
37 functioning software into production that addresses user needs, is
38 projected to be completed within budget, is in compliance with the
39 quality assurance plan, and meets a defined set of industry best
40 practices for code quality, and whether the project is planned,

1 managed, and meeting deliverable targets as defined in the project's
2 approved technology budget and investment plan.

3 (10) The office of the chief information officer may suspend or
4 terminate a project at any time if it determines that the project is
5 not meeting or not expected to meet anticipated performance and
6 technology outcomes. Once suspension or termination occurs, the
7 agency shall unallot any unused funding and shall not make any
8 expenditure for the project without the approval of the office of
9 financial management. The office of the chief information officer
10 must report on December 1 each calendar year any suspension or
11 termination of a project in the previous 12-month period to the
12 legislative fiscal committees.

13 (11) The office of the chief information officer, in consultation
14 with the office of financial management, may identify additional
15 projects to be subject to this section, including projects that are
16 not separately identified within an agency budget. The office of the
17 chief information officer must report on December 1 each calendar
18 year any additional projects to be subjected to this section that
19 were identified in the previous 12-month period to the legislative
20 fiscal committees.

21 (12) Any cost to administer or implement this section for
22 projects listed in subsection (1) of this section, must be paid from
23 the information technology investment revolving account. For any
24 other information technology project made subject to the conditions,
25 limitations, and review of this section, the cost to implement this
26 section must be paid from the funds for that project.

27 (13) The following information technology projects are subject to
28 the conditions, limitations, and review of this section:

- 29 (a) The state network firewall replacement of the consolidated
30 technology services agency; and

An appropriation is not necessary to effect such repayment.

21 than 35 percent and a goal of 40 percent of total investments that
22 provide direct and meaningful benefits to vulnerable populations
23 within the boundaries of overburdened communities through: (a) The
24 direct reduction of environmental burdens in overburdened
25 communities; (b) the reduction of disproportionate, cumulative risk
26 from environmental burdens, including those associated with climate
27 change; (c) the support of community led project development,
28 planning, and participation costs; or (d) meeting a community need
29 identified by the community that is consistent with the intent of
30 this chapter or RCW 70A.02.010.

31 (2) The allocation of funding under subsection (1) of this
32 section must adhere to the following principles, additional to the
33 requirements of RCW 70A.02.080: (a) Benefits and programs should be
34 directed to areas and targeted to vulnerable populations and
35 overburdened communities to reduce statewide disparities; (b)
36 investments and benefits should be made roughly proportional to the
37 health disparities that a specific community experiences, with a goal
38 of eliminating the disparities; (c) investments and programs should
39 focus on creating environmental benefits, including eliminating

1 health burdens, creating community and population resilience, and
2 raising the quality of life of those in the community; and (d)
3 efforts should be made to balance investments and benefits across the
4 state and within counties, local jurisdictions, and unincorporated
5 areas as appropriate to reduce disparities by location and to ensure
6 efforts contribute to a reduction in disparities that exist based on
7 race or ethnicity, socioeconomic status, or other factors.

8 (3) State agencies allocating funds or administering grants or
9 programs from the carbon emissions reduction account created in RCW
10 70A.65.240, the climate commitment account created in RCW 70A.65.260,
11 the natural climate solutions account created in RCW 70A.65.270, the
12 climate investment account created in RCW 70A.65.250, the air quality
13 and health disparities improvement account created in RCW 70A.65.280,
14 the climate transit programs account created in RCW 46.68.500, or the
15 climate active transportation account created in RCW 46.68.490, must:

16 (a) Report annually to the environmental justice council created
17 in RCW 70A.02.110 regarding progress toward meeting environmental
18 justice and environmental health goals;

19 (b) Consider recommendations by the environmental justice
20 council; and

21 (c) (i) If the agency is not a covered agency subject to the
22 requirements of chapter 70A.02 RCW, create and adopt a community
23 engagement plan to describe how it will engage with overburdened
24 communities and vulnerable populations in allocating funds or
25 administering grants or programs from the climate investment account.

26 For the 2023-2025 fiscal biennium, the following agencies and
27 institutions of higher education are exempted from the requirement to
28 create and adopt a community engagement plan: The governor's office
29 of Indian affairs, the office of financial management, the utilities
30 and transportation commission, the military department, the
31 department of archaeology and historical preservation, the department
32 of labor and industries, the employment security department, the
33 workforce training and education coordinating board, the energy
34 facility site evaluation council, the state parks and recreation
35 commission, the environmental and land use hearings office, the
36 department of fish and wildlife, University of Washington, Washington
37 State University, Western Washington University, and the state board

1 (ii) The plan must include methods for outreach and communication
2 with those who face barriers, language or otherwise, to
3 participation.

4 **Sec. 933.** RCW 70A.65.100 and 2022 c 181 s 3 are each amended to
5 read as follows:

6 (1) Except as provided in RCW 70A.65.110, 70A.65.120, and
7 70A.65.130, the department shall distribute allowances through
8 auctions as provided in this section and in rules adopted by the
9 department to implement these sections. An allowance is not a
10 property right.

11 (2)(a) The department shall hold a maximum of four auctions
12 annually, plus any necessary reserve auctions. An auction may include
13 allowances from the annual allowance budget of the current year and
14 allowances from the annual allowance budgets from prior years that
15 remain to be distributed. The department must transmit to the
16 environmental justice council an auction notice at least 60 days
17 prior to each auction, as well as a summary results report and a
18 postauction public proceeds report within 60 days after each auction.
19 The department must communicate the results of the previous calendar
20 year's auctions to the environmental justice council on an annual
21 basis beginning in 2024.

22 (b) The department must make future vintage allowances available
23 through parallel auctions at least twice annually in addition to the
24 auctions through which current vintage allowances are exclusively
25 offered under (a) of this subsection.

26 (3) The department shall engage a qualified, independent
27 contractor to run the auctions. The department shall also engage a
28 qualified financial services administrator to hold the bid
29 guarantees, evaluate bid guarantees, and inform the department of the
30 value of bid guarantees once the bids are accepted.

31 (4) Auctions are open to covered entities, opt-in entities, and
32 general market participants that are registered entities in good
33 standing. The department shall adopt by rule the requirements for a
34 registered entity to register and participate in a given auction.

35 (a) Registered entities intending to participate in an auction
36 must submit an application to participate at least 30 days prior to
37 the auction. The application must include the documentation required
38 for review and approval by the department. A registered entity is

1 eligible to participate only after receiving a notice of approval by
2 the department.

3 (b) Each registered entity that elects to participate in the
4 auction must have a different representative. Only a representative
5 with an approved auction account is authorized to access the auction
6 platform to submit an application or confirm the intent to bid for
7 the registered entity, submit bids on behalf of the registered entity
8 during the bidding window, or to download reports specific to the
9 auction.

10 (5) The department may require a bid guarantee, payable to the
11 financial services administrator, in an amount greater than or equal
12 to the sum of the maximum value of the bids to be submitted by the
13 registered entity.

14 (6) To protect the integrity of the auctions, a registered entity
15 or group of registered entities with a direct corporate association
16 are subject to auction purchase and holding limits. The department
17 may impose additional limits if it deems necessary to protect the
18 integrity and functioning of the auctions:

19 (a) A covered entity or an opt-in entity may not buy more than 10
20 percent of the allowances offered during a single auction;

21 (b) A general market participant may not buy more than four
22 percent of the allowances offered during a single auction and may not
23 in aggregate own more than 10 percent of total allowances to be
24 issued in a calendar year;

25 (c) No registered entity may buy more than the entity's bid
26 guarantee; and

27 (d) No registered entity may buy allowances that would exceed the
28 entity's holding limit at the time of the auction.

29 (7)(a) For fiscal year 2023, upon completion and verification of
30 the auction results, the financial services administrator shall
31 notify winning bidders and transfer the auction proceeds to the state
32 treasurer for deposit as follows: (i) \$127,341,000 must first be
33 deposited into the carbon emissions reduction account created in RCW
34 70A.65.240; and (ii) the remaining auction proceeds to the climate
35 investment account created in RCW 70A.65.250 and the air quality and
36 health disparities improvement account created in RCW 70A.65.280.

37 (b) For fiscal year 2024, upon completion and verification of the
38 auction results, the financial services administrator shall notify
39 winning bidders and transfer the auction proceeds to the state
40 treasurer for deposit as follows: (i) \$356,697,000 must first be

1 deposited into the carbon emissions reduction account created in RCW
2 70A.65.240, except during fiscal year 2024, the deposit as provided
3 in this subsection (7)(b)(i) may be prorated equally across each of
4 the auctions occurring in fiscal year 2024; and (ii) the remaining
5 auction proceeds to the climate investment account created in RCW
6 70A.65.250 and the air quality and health disparities improvement
7 account created in RCW 70A.65.280, which may be prorated equally
8 across each of the auctions occurring in fiscal year 2024.

9 (c) For fiscal year 2025, upon completion and verification of the
10 auction results, the financial services administrator shall notify
11 winning bidders and transfer the auction proceeds to the state
12 treasurer for deposit as follows: (i) \$366,558,000 must first be
13 deposited into the carbon emissions reduction account created in RCW
14 70A.65.240, except that during fiscal year 2025, the deposit as
15 provided in this subsection (7)(c)(i) may be prorated equally across
16 each of the auctions occurring in fiscal year 2025; and (ii) the
17 remaining auction proceeds to the climate investment account created
18 in RCW 70A.65.250 and the air quality and health disparities
19 improvement account created in RCW 70A.65.280, which may be prorated
20 equally across each of the auctions occurring in fiscal year 2025.

21 (d) For fiscal years 2026 through 2037, upon completion and
22 verification of the auction results, the financial services
23 administrator shall notify winning bidders and transfer the auction
24 proceeds to the state treasurer for deposit as follows: (i)
25 \$359,117,000 per year must first be deposited into the carbon
26 emissions reduction account created in RCW 70A.65.240; and (ii) the
27 remaining auction proceeds to the climate investment account created
28 in RCW 70A.65.250 and the air quality and health disparities
29 improvement account created in RCW 70A.65.280.

30 (e) The deposits into the carbon emissions reduction account
31 pursuant to (a) through (d) of this subsection must not exceed
32 \$5,200,000,000 over the first 16 fiscal years and any remaining
33 auction proceeds must be deposited into the climate investment
34 account created in RCW 70A.65.250 and the air quality and health
35 disparities improvement account created in RCW 70A.65.280.

36 (f) For fiscal year 2038 and each year thereafter, upon
37 completion and verification of the auction results, the financial
38 services administrator shall notify winning bidders and transfer the
39 auction proceeds to the state treasurer for deposit as follows: (i)
40 50 percent of the auction proceeds to the carbon emissions reduction

1 account created in RCW 70A.65.240; and (ii) the remaining auction
2 proceeds to the climate investment account created in RCW 70A.65.250
3 and the air quality and health disparities improvement account
4 created in RCW 70A.65.280.

5 (8) The department shall adopt by rule provisions to guard
6 against bidder collusion and minimize the potential for market
7 manipulation. A registered entity may not release or disclose any
8 bidding information including: Intent to participate or refrain from
9 participation; auction approval status; intent to bid; bidding
10 strategy; bid price or bid quantity; or information on the bid
11 guarantee provided to the financial services administrator. The
12 department may cancel or restrict a previously approved auction
13 participation application or reject a new application if the
14 department determines that a registered entity has:

15 (a) Provided false or misleading facts;

16 (b) Withheld material information that could influence a decision
17 by the department;

18 (c) Violated any part of the auction rules;

19 (d) Violated registration requirements; or

20 (e) Violated any of the rules regarding the conduct of the
21 auction.

22 (9) Records containing the following information are confidential
23 and are exempt from public disclosure in their entirety:

24 (a) Bidding information as identified in subsection (8) of this
25 section;

26 (b) Information contained in the secure, online electronic
27 tracking system established by the department pursuant to RCW
28 70A.65.090(6);

29 (c) Financial, proprietary, and other market sensitive
30 information as determined by the department that is submitted to the
31 department pursuant to this chapter;

32 (d) Financial, proprietary, and other market sensitive
33 information as determined by the department that is submitted to the
34 independent contractor or the financial services administrator
35 engaged by the department pursuant to subsection (3) of this section;
36 and

37 (e) Financial, proprietary, and other market sensitive
38 information as determined by the department that is submitted to a
39 jurisdiction with which the department has entered into a linkage
40 agreement pursuant to RCW 70A.65.210, and which is shared with the

1 department, the independent contractor, or the financial services
2 administrator pursuant to a linkage agreement.

3 (10) Any cancellation or restriction approved by the department
4 under subsection (8) of this section may be permanent or for a
5 specified number of auctions and the cancellation or restriction
6 imposed is not exclusive and is in addition to the remedies that may
7 be available pursuant to chapter 19.86 RCW or other state or federal
8 laws, if applicable.

9 (11) The department shall design allowance auctions so as to
10 allow, to the maximum extent practicable, linking with external
11 greenhouse gas emissions trading programs in other jurisdictions and
12 to facilitate the transfer of allowances when the state's program has
13 entered into a linkage agreement with other external greenhouse gas
14 emissions trading programs. The department may conduct auctions
15 jointly with linked jurisdictions.

16 (12) In setting the number of allowances offered at each auction,
17 the department shall consider the allowances in the marketplace due
18 to the marketing of allowances issued as required under RCW
19 70A.65.110, 70A.65.120, and 70A.65.130 in the department's
20 determination of the number of allowances to be offered at auction.
21 The department shall offer only such number of allowances at each
22 auction as will enhance the likelihood of achieving the goals of RCW
23 70A.45.020.

24 **Sec. 934.** RCW 70A.65.250 and 2022 c 253 s 2 are each amended to
25 read as follows:

26 (1)(a) The climate investment account is created in the state
27 treasury. Except as otherwise provided in chapter 316, Laws of 2021,
28 all receipts from the auction of allowances authorized in this
29 chapter must be deposited into the account. Moneys in the account may
30 be spent only after appropriation.

31 (b) Projects or activities funded from the account must meet high
32 labor standards, including family sustaining wages, providing
33 benefits including health care and employer-contributed retirement
34 plans, career development opportunities, and maximize access to
35 economic benefits from such projects for local workers and diverse
36 businesses. Each contracting entity's proposal must be reviewed for
37 equity and opportunity improvement efforts, including: (i) Employer
38 paid sick leave programs; (ii) pay practices in relation to living
39 wage indicators such as the federal poverty level; (iii) efforts to

1 evaluate pay equity based on gender identity, race, and other
2 protected status under Washington law; (iv) facilitating career

6 individuals.

7 (2) Moneys in the account may be used only for projects and
8 programs that achieve the purposes of the greenhouse gas emissions
9 cap and invest program established under this chapter and for tribal
10 capacity grants under RCW 70A.65.305. Moneys in the account as
11 described in this subsection must first be appropriated for the
12 administration of the requirements of this chapter, in an amount not
13 to exceed five percent of the total receipt of funds from allowance
14 auction proceeds under this chapter. Beginning July 1, (~~2024~~) 2023,
15 and annually thereafter, the state treasurer shall distribute funds
16 in the account that exceed the amounts appropriated for the purposes
17 of this subsection (2) as follows:

19 account created in RCW 70A.65.260; and

20 (b) Twenty-five percent of the moneys to the natural climate
21 solutions account created in RCW 70A.65.270.

22 (3) The allocations specified in subsection (2)(a) and (b) of
23 this section must be reviewed by the legislature on a biennial basis
24 based on the changing needs of the state in meeting its clean economy
25 and greenhouse gas reduction goals in a timely, economically
26 advantageous, and equitable manner.

27 **Sec. 935.** RCW 70A.305.180 and 2021 c 334 s 988 are each amended

40 organizations. The primary purpose of these grants is to facilitate

1 the participation by persons and organizations in the investigation
2 and remedying of releases or threatened releases of hazardous
3 substances and to implement the state's solid and hazardous waste
4 management priorities. No grant may exceed sixty thousand dollars.
5 Grants may be renewed annually. Moneys appropriated for public

10 **Sec. 936.** RCW 71.24.580 and 2022 c 297 s 964 and 2022 c 157 s 18
11 are each reenacted and amended to read as follows:

12 (1) The criminal justice treatment account is created in the
13 state treasury. Moneys in the account may be expended solely for: (a)
14 Substance use disorder treatment and treatment support services for
15 offenders with a substance use disorder that, if not treated, would
16 result in addiction, against whom charges are filed by a prosecuting
17 attorney in Washington state; (b) the provision of substance use
18 disorder treatment services and treatment support services for
19 nonviolent offenders within a drug court program and, during the
20 2021-2023 and 2023-2025 fiscal (~~biennium~~) biennia, for 180 days
21 following graduation from the drug court program; and (c) the
22 administrative and overhead costs associated with the operation of a
23 drug court. Amounts provided in this subsection must be used for
24 treatment and recovery support services for criminally involved
25 offenders and authorization of these services shall not be subject to
26 determinations of medical necessity. During the 2019-2021 and
27 2021-2023 fiscal biennia, funding from the criminal justice treatment
28 account may be used to provide treatment and support services through
29 the conclusion of an individual's treatment plan to individuals
30 participating in a drug court program as of February 24, 2021, if
31 that individual wishes to continue treatment following dismissal of
32 charges they were facing under RCW 69.50.4013(1). Such participation
33 is voluntary and contingent upon substantial compliance with drug
34 court program requirements. The legislature may appropriate from the
35 account for municipal drug courts and increased treatment options.
36 During the 2019-2021 fiscal biennium, the legislature may direct the
37 state treasurer to make transfers of moneys in the criminal justice
38 treatment account to the home security fund account created in RCW

1 43.185C.060. Moneys in the account may be spent only after
2 appropriation.

3 (2) For purposes of this section:

4 (a) "Treatment" means services that are critical to a
5 participant's successful completion of his or her substance use
6 disorder treatment program, including but not limited to the recovery
7 support and other programmatic elements outlined in RCW 2.30.030
8 authorizing therapeutic courts; and

9 (b) "Treatment support" includes transportation to or from
10 inpatient or outpatient treatment services when no viable alternative
11 exists, and child care services that are necessary to ensure a
12 participant's ability to attend outpatient treatment sessions.

13 (3) Revenues to the criminal justice treatment account consist
14 of: (a) Funds transferred to the account pursuant to this section;
15 and (b) any other revenues appropriated to or deposited in the
16 account.

17 (4) (a) For the fiscal year beginning July 1, 2005, and each
18 subsequent fiscal year, the state treasurer shall transfer eight
19 million two hundred fifty thousand dollars from the general fund to
20 the criminal justice treatment account, divided into four equal
21 quarterly payments. For the fiscal year beginning July 1, 2006, and
22 each subsequent fiscal year, the amount transferred shall be
23 increased on an annual basis by the implicit price deflator as
24 published by the federal bureau of labor statistics.

25 (b) In each odd-numbered year, the legislature shall appropriate
26 the amount transferred to the criminal justice treatment account in
27 (a) of this subsection to the department for the purposes of
28 subsection (5) of this section.

29 (5) Moneys appropriated to the authority from the criminal
30 justice treatment account shall be distributed as specified in this
31 subsection. The authority may retain up to three percent of the
32 amount appropriated under subsection (4) (b) of this section for its
33 administrative costs.

34 (a) Seventy percent of amounts appropriated to the authority from
35 the account shall be distributed to counties pursuant to the
36 distribution formula adopted under this section. The authority, in
37 consultation with the department of corrections, the Washington state
38 association of counties, the Washington state association of drug
39 court professionals, the superior court judges' association, the
40 Washington association of prosecuting attorneys, representatives of

1 the criminal defense bar, representatives of substance use disorder
2 treatment providers, and any other person deemed by the authority to
3 be necessary, shall establish a fair and reasonable methodology for
4 distribution to counties of moneys in the criminal justice treatment
5 account. County or regional plans submitted for the expenditure of
6 formula funds must be approved by the panel established in (b) of
7 this subsection.

8 (b) Thirty percent of the amounts appropriated to the authority
9 from the account shall be distributed as grants for purposes of
10 treating offenders against whom charges are filed by a county
11 prosecuting attorney. The authority shall appoint a panel of
12 representatives from the Washington association of prosecuting
13 attorneys, the Washington association of sheriffs and police chiefs,
14 the superior court judges' association, the Washington state
15 association of counties, the Washington defender's association or the
16 Washington association of criminal defense lawyers, the department of
17 corrections, the Washington state association of drug court
18 professionals, and substance use disorder treatment providers. The
19 panel shall review county or regional plans for funding under (a) of
20 this subsection and grants approved under this subsection. The panel
21 shall attempt to ensure that treatment as funded by the grants is
22 available to offenders statewide.

23 (6) The county alcohol and drug coordinator, county prosecutor,
24 county sheriff, county superior court, a substance abuse treatment
25 provider appointed by the county legislative authority, a member of
26 the criminal defense bar appointed by the county legislative
27 authority, and, in counties with a drug court, a representative of
28 the drug court shall jointly submit a plan, approved by the county
29 legislative authority or authorities, to the panel established in
30 subsection (5)(b) of this section, for disposition of all the funds
31 provided from the criminal justice treatment account within that
32 county. The submitted plan should incorporate current evidence-based
33 practices in substance use disorder treatment. The funds shall be
34 used solely to provide approved alcohol and substance use disorder
35 treatment pursuant to RCW 71.24.560 and treatment support services.
36 No more than ten percent of the total moneys received under
37 subsections (4) and (5) of this section by a county or group of
38 counties participating in a regional agreement shall be spent for
39 treatment support services.

1 (7) Counties are encouraged to consider regional agreements and
2 submit regional plans for the efficient delivery of treatment under
3 this section.

4 (8) Moneys allocated under this section shall be used to
5 supplement, not supplant, other federal, state, and local funds used
6 for substance abuse treatment.

7 (9) If a region or county uses criminal justice treatment account
8 funds to support a therapeutic court, the therapeutic court must
9 allow the use of all medications approved by the federal food and
10 drug administration for the treatment of opioid use disorder as
11 deemed medically appropriate for a participant by a medical
12 professional. If appropriate medication-assisted treatment resources
13 are not available or accessible within the jurisdiction, the health
14 care authority's designee for assistance must assist the court with
15 acquiring the resource.

16 (10) Counties must meet the criteria established in RCW
17 2.30.030(3).

18 (11) The authority shall annually review and monitor the
19 expenditures made by any county or group of counties that receives
20 appropriated funds distributed under this section. Counties shall
21 repay any funds that are not spent in accordance with the
22 requirements of its contract with the authority.

23 **Sec. 937.** RCW 74.46.561 and 2023 c ... s 1903 (section 1903 of
24 this act) are each amended to read as follows:

25 (1) The legislature adopts a new system for establishing nursing
26 home payment rates beginning July 1, 2016. Any payments to nursing
27 homes for services provided after June 30, 2016, must be based on the
28 new system. The new system must be designed in such a manner as to
29 decrease administrative complexity associated with the payment
30 methodology, reward nursing homes providing care for high acuity
31 residents, incentivize quality care for residents of nursing homes,
32 and establish minimum staffing standards for direct care.

33 (2) The new system must be based primarily on industry-wide
34 costs, and have three main components: Direct care, indirect care,
35 and capital.

36 (3) (a) The direct care component must include the direct care and
37 therapy care components of the previous system, along with food,
38 laundry, and dietary services. Except as provided in (b) of this
39 subsection, direct care must be paid at a fixed rate, based on one

1 hundred percent or greater of statewide case mix neutral median
2 costs, but shall be capped so that a nursing home provider's direct
3 care rate does not exceed 118 percent of its base year's direct care
4 allowable costs except if the provider is below the minimum staffing
5 standard established in RCW 74.42.360(2). (~~The legislature intends~~
6 ~~to remove the cap on direct care rates by June 30, 2027.~~) Direct
7 care must be performance-adjusted for acuity every six months, using
8 case mix principles. Direct care must be regionally adjusted using
9 countywide wage index information available through the United States
10 department of labor's bureau of labor statistics. There is no minimum
11 occupancy for direct care. The direct care component rate allocations
12 calculated in accordance with this section must be adjusted to the
13 extent necessary to comply with RCW 74.46.421.

14 (b) Unless a nursing home provider is below the minimum staffing
15 standard established in RCW 74.42.360(2), a provider's direct care
16 rate relative to its base year's direct care allowable costs must be
17 capped as follows:

- 18 (i) For fiscal year 2023, the cap must not exceed 165 percent;
19 (ii) For fiscal year 2024, the cap must not exceed 153 percent;
20 and
21 (iii) For fiscal year 2025, the cap must not exceed 142 percent.

22 (4) (a) The indirect care component must include the elements of
23 administrative expenses, maintenance costs, and housekeeping services
24 from the previous system. Except as provided in (b) of this
25 subsection, a minimum occupancy assumption of ninety percent must be
26 applied to indirect care. Indirect care must be paid at a fixed rate,
27 based on ninety percent or greater of statewide median costs. The
28 indirect care component rate allocations calculated in accordance
29 with this section must be adjusted to the extent necessary to comply
30 with RCW 74.46.421.

31 (b) A minimum occupancy assumption must be applied to indirect
32 care as follows:

- 33 (i) For fiscal year 2023, the assumption must be 75 percent;
34 (ii) For fiscal year 2024, the assumption must be 75 percent; and
35 (iii) For fiscal year 2025, the assumption must be 85 percent.

36 (5) The capital component must use a fair market rental system to
37 set a price per bed. The capital component must be adjusted for the
38 age of the facility, and must use a minimum occupancy assumption of
39 ninety percent.

1 (a) Beginning July 1, 2016, the fair rental rate allocation for
2 each facility must be determined by multiplying the allowable nursing
3 home square footage in (c) of this subsection by the RSMeans rental
4 rate in (d) of this subsection and by the number of licensed beds
5 yielding the gross unadjusted building value. An equipment allowance
6 of ten percent must be added to the unadjusted building value. The
7 sum of the unadjusted building value and equipment allowance must
8 then be reduced by the average age of the facility as determined by
9 (e) of this subsection using a depreciation rate of one and one-half
10 percent. The depreciated building and equipment plus land valued at
11 ten percent of the gross unadjusted building value before
12 depreciation must then be multiplied by the rental rate at seven and
13 one-half percent to yield an allowable fair rental value for the
14 land, building, and equipment.

15 (b) The fair rental value determined in (a) of this subsection
16 must be divided by the greater of the actual total facility census
17 from the prior full calendar year or imputed census based on the
18 number of licensed beds at ninety percent occupancy.

19 (c) For the rate year beginning July 1, 2016, all facilities must
20 be reimbursed using four hundred square feet. For the rate year
21 beginning July 1, 2017, allowable nursing facility square footage
22 must be determined using the total nursing facility square footage as
23 reported on the medicaid cost reports submitted to the department in
24 compliance with this chapter. The maximum allowable square feet per
25 bed may not exceed four hundred fifty.

26 (d) Each facility must be paid at eighty-three percent or greater
27 of the median nursing facility RSMeans construction index value per
28 square foot. The department may use updated RSMeans construction
29 index information when more recent square footage data becomes
30 available. The statewide value per square foot must be indexed based
31 on facility zip code by multiplying the statewide value per square
32 foot times the appropriate zip code based index. For the purpose of
33 implementing this section, the value per square foot effective July
34 1, 2016, must be set so that the weighted average fair rental value
35 rate is not less than ten dollars and eighty cents per patient day.
36 The capital component rate allocations calculated in accordance with
37 this section must be adjusted to the extent necessary to comply with
38 RCW 74.46.421.

39 (e) The average age is the actual facility age reduced for
40 significant renovations. Significant renovations are defined as those

1 renovations that exceed two thousand dollars per bed in a calendar
2 year as reported on the annual cost report submitted in accordance
3 with this chapter. For the rate beginning July 1, 2016, the
4 department shall use renovation data back to 1994 as submitted on
5 facility cost reports. Beginning July 1, 2016, facility ages must be
6 reduced in future years if the value of the renovation completed in
7 any year exceeds two thousand dollars times the number of licensed
8 beds. The cost of the renovation must be divided by the accumulated
9 depreciation per bed in the year of the renovation to determine the
10 equivalent number of new replacement beds. The new age for the
11 facility is a weighted average with the replacement bed equivalents
12 reflecting an age of zero and the existing licensed beds, minus the
13 new bed equivalents, reflecting their age in the year of the
14 renovation. At no time may the depreciated age be less than zero or
15 greater than forty-four years.

16 (f) A nursing facility's capital component rate allocation must
17 be rebased annually, effective July 1, 2016, in accordance with this
18 section and this chapter.

19 (g) For the purposes of this subsection (5), "RSMeans" means
20 building construction costs data as published by Gordian.

21 (6) A quality incentive must be offered as a rate enhancement
22 beginning July 1, 2016.

23 (a) An enhancement no larger than five percent and no less than
24 one percent of the statewide average daily rate must be paid to
25 facilities that meet or exceed the standard established for the
26 quality incentive. All providers must have the opportunity to earn
27 the full quality incentive payment.

28 (b) The quality incentive component must be determined by
29 calculating an overall facility quality score composed of four to six
30 quality measures. For fiscal year 2017 there shall be four quality
31 measures, and for fiscal year 2018 there shall be six quality
32 measures. Initially, the quality incentive component must be based on
33 minimum data set quality measures for the percentage of long-stay
34 residents who self-report moderate to severe pain, the percentage of
35 high-risk long-stay residents with pressure ulcers, the percentage of
36 long-stay residents experiencing one or more falls with major injury,
37 and the percentage of long-stay residents with a urinary tract
38 infection. Quality measures must be reviewed on an annual basis by a
39 stakeholder work group established by the department. Upon review,

1 quality measures may be added or changed. The department may risk
2 adjust individual quality measures as it deems appropriate.

3 (c) The facility quality score must be point based, using at a
4 minimum the facility's most recent available three-quarter average
5 centers for medicare and medicaid services quality data. Point
6 thresholds for each quality measure must be established using the
7 corresponding statistical values for the quality measure point
8 determinants of eighty quality measure points, sixty quality measure
9 points, forty quality measure points, and twenty quality measure
10 points, identified in the most recent available five-star quality
11 rating system technical user's guide published by the centers for
12 medicare and medicaid services.

13 (d) Facilities meeting or exceeding the highest performance
14 threshold (top level) for a quality measure receive twenty-five
15 points. Facilities meeting the second highest performance threshold
16 receive twenty points. Facilities meeting the third level of
17 performance threshold receive fifteen points. Facilities in the
18 bottom performance threshold level receive no points. Points from all
19 quality measures must then be summed into a single aggregate quality
20 score for each facility.

21 (e) Facilities receiving an aggregate quality score of eighty
22 percent of the overall available total score or higher must be placed
23 in the highest tier (tier V), facilities receiving an aggregate score
24 of between seventy and seventy-nine percent of the overall available
25 total score must be placed in the second highest tier (tier IV),
26 facilities receiving an aggregate score of between sixty and sixty-
27 nine percent of the overall available total score must be placed in
28 the third highest tier (tier III), facilities receiving an aggregate
29 score of between fifty and fifty-nine percent of the overall
30 available total score must be placed in the fourth highest tier (tier
31 II), and facilities receiving less than fifty percent of the overall
32 available total score must be placed in the lowest tier (tier I).

33 (f) The tier system must be used to determine the amount of each
34 facility's per patient day quality incentive component. The per
35 patient day quality incentive component for tier IV is seventy-five
36 percent of the per patient day quality incentive component for tier
37 V, the per patient day quality incentive component for tier III is
38 fifty percent of the per patient day quality incentive component for
39 tier V, and the per patient day quality incentive component for tier
40 II is twenty-five percent of the per patient day quality incentive

1 component for tier V. Facilities in tier I receive no quality
2 incentive component.

3 (g) Tier system payments must be set in a manner that ensures
4 that the entire biennial appropriation for the quality incentive
5 program is allocated.

6 (h) Facilities with insufficient three-quarter average centers
7 for medicare and medicaid services quality data must be assigned to
8 the tier corresponding to their five-star quality rating. Facilities
9 with a five-star quality rating must be assigned to the highest tier
10 (tier V) and facilities with a one-star quality rating must be
11 assigned to the lowest tier (tier I). The use of a facility's five-
12 star quality rating shall only occur in the case of insufficient
13 centers for medicare and medicaid services minimum data set
14 information.

15 (i) The quality incentive rates must be adjusted semiannually on
16 July 1 and January 1 of each year using, at a minimum, the most
17 recent available three-quarter average centers for medicare and
18 medicaid services quality data.

19 (j) Beginning July 1, 2017, the percentage of short-stay
20 residents who newly received an antipsychotic medication must be
21 added as a quality measure. The department must determine the quality
22 incentive thresholds for this quality measure in a manner consistent
23 with those outlined in (b) through (h) of this subsection using the
24 centers for medicare and medicaid services quality data.

25 (k) Beginning July 1, 2017, the percentage of direct care staff
26 turnover must be added as a quality measure using the centers for
27 medicare and medicaid services' payroll-based journal and nursing
28 home facility payroll data. Turnover is defined as an employee
29 departure. The department must determine the quality incentive
30 thresholds for this quality measure using data from the centers for
31 medicare and medicaid services' payroll-based journal, unless such
32 data is not available, in which case the department shall use direct
33 care staffing turnover data from the most recent medicaid cost
34 report.

35 (7) Reimbursement of the safety net assessment imposed by chapter
36 74.48 RCW and paid in relation to medicaid residents must be
37 continued.

38 (8) (a) The direct care and indirect care components must be
39 rebased in even-numbered years, beginning with rates paid on July 1,
40 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar

1 year cost report. On a percentage basis, after rebasing, the
2 department must confirm that the statewide average daily rate has
3 increased at least as much as the average rate of inflation, as
4 determined by the skilled nursing facility market basket index
5 published by the centers for medicare and medicaid services, or a
6 comparable index. If after rebasing, the percentage increase to the
7 statewide average daily rate is less than the average rate of
8 inflation for the same time period, the department is authorized to
9 increase rates by the difference between the percentage increase
10 after rebasing and the average rate of inflation.

11 (b) It is the intention of the legislature that direct and
12 indirect care rates paid in fiscal year 2022 will be rebased using
13 the calendar year 2019 cost reports. For fiscal year 2021, in
14 addition to the rates generated by (a) of this subsection, an
15 additional adjustment is provided as established in this subsection
16 (8)(b). Beginning May 1, 2020, and through June 30, 2021, the
17 calendar year costs must be adjusted for inflation by a twenty-four
18 month consumer price index, based on the most recently available
19 monthly index for all urban consumers, as published by the bureau of
20 labor statistics. It is also the intent of the legislature that,
21 starting in fiscal year 2022, a facility-specific rate add-on equal
22 to the inflation adjustment that facilities received solely in fiscal
23 year 2021, must be added to the rate. For fiscal year 2024, the
24 direct care and indirect care components shall be rebased to the 2021
25 calendar year cost report plus a six percent adjustment for
26 inflation. For fiscal year 2025, the direct and indirect care
27 components shall be rebased to the 2022 calendar year cost report
28 plus a five percent adjustment for inflation.

29 (c) To determine the necessity of regular inflationary
30 adjustments to the nursing facility rates, by December 1, 2020, the
31 department shall provide the appropriate policy and fiscal committees
32 of the legislature with a report that provides a review of rates paid
33 in 2017, 2018, and 2019 in comparison to costs incurred by nursing
34 facilities.

35 (9) The direct care component provided in subsection (3) of this
36 section is subject to the reconciliation and settlement process
37 provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to
38 rules established by the department, funds that are received through
39 the reconciliation and settlement process provided in RCW
40 74.46.022(6) must be used for technical assistance, specialized

1 training, or an increase to the quality enhancement established in
2 subsection (6) of this section. The legislature intends to review the
3 utility of maintaining the reconciliation and settlement process
4 under a price-based payment methodology, and may discontinue the
5 reconciliation and settlement process after the 2017-2019 fiscal
6 biennium.

7 (10) Compared to the rate in effect June 30, 2016, including all
8 cost components and rate add-ons, no facility may receive a rate
9 reduction of more than one percent on July 1, 2016, more than two
10 percent on July 1, 2017, or more than five percent on July 1, 2018.
11 To ensure that the appropriation for nursing homes remains cost
12 neutral, the department is authorized to cap the rate increase for
13 facilities in fiscal years 2017, 2018, and 2019.

14 (11) It is the intent of the legislature that a rate add-on be
15 applied to the weighted average nursing facility payment rate
16 referenced in the omnibus operating appropriations act in an amount
17 necessary to ensure that the weighted average nursing facility
18 payment rate for fiscal year 2026 is equal to the weighted average
19 nursing facility payment rate for fiscal year 2025.

20 **Sec. 938.** RCW 79.64.040 and 2021 c 334 s 994 are each amended to
21 read as follows:

22 (1) The board shall determine the amount deemed necessary in
23 order to achieve the purposes of this chapter and shall provide by
24 rule for the deduction of this amount from the moneys received from
25 all leases, sales, contracts, licenses, permits, easements, and
26 rights-of-way issued by the department and affecting state lands and
27 aquatic lands, except as provided in RCW 79.64.130, provided that no
28 deduction shall be made from the proceeds from agricultural college
29 lands.

30 (2) Moneys received as deposits from successful bidders, advance
31 payments, and security under RCW 79.15.100, 79.15.080, and 79.11.150
32 prior to December 1, 1981, which have not been subjected to deduction
33 under this section are not subject to deduction under this section.

34 (3) Except as otherwise provided in subsection (5) of this
35 section, the deductions authorized under this section shall not
36 exceed twenty-five percent of the moneys received by the department
37 in connection with any one transaction pertaining to state lands and
38 aquatic lands other than second-class tide and shore lands and the
39 beds of navigable waters, and fifty percent of the moneys received by

1 the department pertaining to second-class tide and shore lands and
2 the beds of navigable waters.

3 (4) In the event that the department sells logs using the
4 contract harvesting process described in RCW 79.15.500 through
5 79.15.530, the moneys received subject to this section are the net
6 proceeds from the contract harvesting sale.

7 (5) During the 2015-2017, 2017-2019, 2019-2021, ~~((and))~~
8 2021-2023, and 2023-2025 fiscal biennia, the board may increase the
9 twenty-five percent limitation up to thirty-two percent.

10 **Sec. 939.** RCW 79.64.110 and 2021 c 334 s 995 and 2021 c 145 s 3
11 are each reenacted and amended to read as follows:

12 (1) Any moneys derived from the lease of state forestlands or
13 from the sale of valuable materials, oils, gases, coal, minerals, or
14 fossils from those lands, except as provided in RCW 79.64.130, or the
15 appraised value of these resources when transferred to a public
16 agency under RCW 79.22.060, except as provided in RCW 79.22.060(4),
17 must be distributed as follows:

18 (a) For state forestlands acquired through RCW 79.22.040 or by
19 exchange for lands acquired through RCW 79.22.040:

20 (i) The expense incurred by the state for administration,
21 reforestation, and protection, not to exceed twenty-five percent,
22 which rate of percentage shall be determined by the board, must be
23 returned to the forest development account created in RCW 79.64.100.
24 During the 2017-2019, 2019-2021, ~~((and))~~ 2021-2023, and 2023-2025
25 fiscal biennia, the board may increase the twenty-five percent
26 limitation up to twenty-seven percent.

27 (ii) Any balance remaining must be paid to the county in which
28 the land is located or, for counties participating in a land pool
29 created under RCW 79.22.140, to each participating county
30 proportionate to its contribution of asset value to the land pool as
31 determined by the board. Payments made under this subsection are to
32 be paid, distributed, and prorated, except as otherwise provided in
33 this section, to the various funds in the same manner as general
34 taxes are paid and distributed during the year of payment. However,
35 in order to test county flexibility in distributing state forestland
36 revenue, a county may in its discretion pay, distribute, and prorate
37 payments made under this subsection of moneys derived from state
38 forestlands acquired by exchange between July 28, 2019, and June 30,
39 2020, for lands acquired through RCW 79.22.040, within the same

1 county, in the same manner as general taxes are paid and distributed
2 during the year of payment for the former state forestlands that were
3 subject to the exchange.

4 (iii) Any balance remaining, paid to a county with a population
5 of less than sixteen thousand, must first be applied to the reduction
6 of any indebtedness existing in the current expense fund of the
7 county during the year of payment.

8 (iv) With regard to moneys remaining under this subsection
9 (1)(a), within seven working days of receipt of these moneys, the
10 department shall certify to the state treasurer the amounts to be
11 distributed to the counties. The state treasurer shall distribute
12 funds to the counties four times per month, with no more than ten
13 days between each payment date.

14 (b) For state forestlands acquired through RCW 79.22.010 or by
15 exchange for lands acquired through RCW 79.22.010, except as provided
16 in RCW 79.64.120:

17 (i) Fifty percent shall be placed in the forest development
18 account.

19 (ii) Fifty percent shall be prorated and distributed to the state
20 general fund, to be dedicated for the benefit of the public schools,
21 to the county in which the land is located or, for counties
22 participating in a land pool created under RCW 79.22.140, to each
23 participating county proportionate to its contribution of asset value
24 to the land pool as determined by the board, and according to the
25 relative proportions of tax levies of all taxing districts in the
26 county. The portion to be distributed to the state general fund shall
27 be based on the regular school levy rate under RCW 84.52.065 (1) and
28 (2) and the levy rate for any school district enrichment levies. With
29 regard to the portion to be distributed to the counties, the
30 department shall certify to the state treasurer the amounts to be
31 distributed within seven working days of receipt of the money. The
32 state treasurer shall distribute funds to the counties four times per
33 month, with no more than ten days between each payment date. The
34 money distributed to the county must be paid, distributed, and
35 prorated to the various other funds in the same manner as general
36 taxes are paid and distributed during the year of payment.

37 (2) A school district may transfer amounts deposited in its debt
38 service fund pursuant to this section into its capital projects fund
39 as authorized in RCW 28A.320.330.

1 **Sec. 940.** RCW 79A.25.210 and 2021 c 334 s 997 are each amended
2 to read as follows:

3 The firearms range account is hereby created in the state general
4 fund. Moneys in the account shall be subject to legislative
5 appropriation and shall be used for purchase and development of land,
6 construction or improvement of range facilities, including fixed
7 structure construction or remodeling, equipment purchase, safety or
8 environmental improvements, noise abatement, and liability protection
9 for public and nonprofit firearm range training and practice
10 facilities.

11 Grant funds shall not be used for expendable shooting supplies,
12 or normal operating expenses. In making grants, the board shall give
13 priority to projects for noise abatement or safety improvement. Grant
14 funds shall not supplant funds for other organization programs.

15 The funds will be available to nonprofit shooting organizations,
16 school districts, and state, county, or local governments on a match
17 basis. All entities receiving matching funds must be open on a
18 regular basis and usable by law enforcement personnel or the general
19 public who possess Washington concealed pistol licenses or Washington
20 hunting licenses or who are enrolled in a firearm safety class.

21 Applicants for a grant from the firearms range account shall
22 provide matching funds in either cash or in-kind contributions. The
23 match must represent one dollar in value for each one dollar of the
24 grant except that in the case of a grant for noise abatement or
25 safety improvements the match must represent one dollar in value for
26 each two dollars of the grant. In-kind contributions include but are
27 not limited to labor, materials, and new property. Existing assets
28 and existing development may not apply to the match.

29 Applicants other than school districts or local or state
30 government must be registered as a nonprofit or not-for-profit
31 organization with the Washington secretary of state. The
32 organization's articles of incorporation must contain provisions for
33 the organization's structure, officers, legal address, and registered
34 agent.

35 Organizations requesting grants must provide the hours of range
36 availability for public and law enforcement use. The fee structure
37 will be submitted with the grant application.

38 Any nonprofit organization or agency accepting a grant under this
39 program will be required to pay back the entire grant amount to the

1 firearms range account if the use of the range facility is
2 discontinued less than ten years after the grant is accepted.

3 Entities receiving grants must make the facilities for which
4 grant funding is received open for hunter safety education classes
5 and firearm safety classes on a regular basis for no fee.

6 Government units or school districts applying for grants must
7 open their range facility on a regular basis for hunter safety
8 education classes and firearm safety classes.

9 The board shall adopt rules to implement chapter 195, Laws of
10 1990, pursuant to chapter 34.05 RCW. During the 2017-2019 and
11 2019-2021 fiscal biennia, expenditures from the firearms range
12 account may be used to implement chapter 74, Laws of 2017 (SHB 1100)
13 (concealed pistol licenses) and chapter 282, Laws of 2017 (SB 5268)
14 (concealed pistol license notices). During the 2021-2023 and
15 2023-2025 fiscal (~~biennium~~) biennia, expenditures from the firearms
16 range account may be used to implement chapter 74, Laws of 2017 (SHB
17 1100) (concealed pistol licenses).

(End of part)

PART XI
GENERAL GOVERNMENT
SUPPLEMENTAL

Sec. 1101. 2022 c 297 s 101 (uncodified) is amended to read as follows:

FOR THE HOUSE OF REPRESENTATIVES

General Fund—State Appropriation (FY 2022)	\$46,838,000
General Fund—State Appropriation (FY 2023)	((\$53,280,000))
	<u>\$53,080,000</u>
TOTAL APPROPRIATION	((\$100,118,000))
	<u>\$99,918,000</u>

The appropriations in this section are subject to the following conditions and limitations: \$200,000 of the general fund—state appropriation for fiscal year 2023 is provided solely for a work group to continue the house of representatives' examination of employment practices and policies and to develop options and recommendations for the house of representatives.

(a) The work group is composed of the following members:

2 nature or amount of governmental interaction with that individual
3 including, without limitation, benefits, protections, required
4 payments, penalties, regulations, timing, application, or process
5 requirements.

PART XII
HUMAN SERVICES
SUPPLEMENTAL

Sec. 1201. 2022 c 297 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic

1 area. The legislature finds that cost reports, payment data from the
2 federal government, historical utilization, economic data, and
3 clinical input constitute reliable data upon which to determine the
4 payment rates.

5 (4) The department shall to the maximum extent practicable use
6 the same system for delivery of spoken-language interpreter services
7 for social services appointments as the one established for medical
8 appointments in the health care authority. When contracting directly
9 with an individual to deliver spoken language interpreter services,
10 the department shall only contract with language access providers who
11 are working at a location in the state and who are state-certified or
12 state-authorized, except that when such a provider is not available,
13 the department may use a language access provider who meets other
14 certifications or standards deemed to meet state standards, including
15 interpreters in other states.

16 (5) Information technology projects or investments and proposed
17 projects or investments impacting time capture, payroll and payment
18 processes and systems, eligibility, case management, and
19 authorization systems within the department of social and health
20 services are subject to technical oversight by the office of the
21 chief information officer.

22 (6) (a) The department shall facilitate enrollment under the
23 medicaid expansion for clients applying for or receiving state funded
24 services from the department and its contractors. Prior to open
25 enrollment, the department shall coordinate with the health care
26 authority to provide referrals to the Washington health benefit
27 exchange for clients that will be ineligible for medicaid.

28 (b) To facilitate a single point of entry across public and
29 medical assistance programs, and to maximize the use of federal
30 funding, the health care authority, the department of social and
31 health services, and the health benefit exchange will coordinate
32 efforts to expand HealthPlanfinder access to public assistance and
33 medical eligibility staff. The department shall complete medicaid
34 applications in the HealthPlanfinder for households receiving or
35 applying for public assistance benefits.

36 (7) The health care authority, the health benefit exchange, the
37 department of social and health services, the department of health,
38 the department of corrections, and the department of children, youth,
39 and families shall work together within existing resources to
40 establish the health and human services enterprise coalition (the

1 coalition). The coalition, led by the health care authority, must be
2 a multi-organization collaborative that provides strategic direction
3 and federal funding guidance for projects that have cross-
4 organizational or enterprise impact, including information technology
5 projects that affect organizations within the coalition. The office
6 of the chief information officer shall maintain a statewide
7 perspective when collaborating with the coalition to ensure that
8 projects are planned for in a manner that ensures the efficient use
9 of state resources, support the adoption of a cohesive technology and
10 data architecture, and maximize federal financial participation. The
11 work of the coalition is subject to the conditions, limitations, and
12 review provided in section 701 of this act.

13 (8) (a) The appropriations to the department of social and health
14 services in this act must be expended for the programs and in the
15 amounts specified in this act. However, after May 1, (~~2022~~) 2023,
16 unless prohibited by this act, the department may transfer general
17 fund—state appropriations for fiscal year (~~2022~~) 2023 among
18 programs and subprograms after approval by the director of the office
19 of financial management. However, the department may not transfer
20 state appropriations that are provided solely for a specified purpose
21 except as expressly provided in (b) of this subsection.

22 (b) To the extent that transfers under (a) of this subsection are
23 insufficient to fund actual expenditures in excess of fiscal year
24 (~~2022~~) 2023 in response to the COVID-19 pandemic or caseload
25 forecasts and utilization assumptions in the long-term care,
26 developmental disabilities, and public assistance programs, the
27 department may transfer state appropriations that are provided solely
28 for a specified purpose. The department may not transfer funds, and
29 the director of the office of financial management may not approve
30 the transfer, unless the transfer is consistent with the objective of
31 conserving, to the maximum extent possible, the expenditure of state
32 funds. The director of the office of financial management shall
33 notify the appropriate fiscal committees of the legislature in
34 writing seven days prior to approving any allotment modifications or
35 transfers under this subsection. The written notification shall
36 include a narrative explanation and justification of the changes,
37 along with expenditures and allotments by budget unit and
38 appropriation, both before and after any allotment modifications or
39 transfers.

1 (9) The department may not transfer appropriations for the
2 developmental disabilities program to any other program or
3 subprograms of the department of social and health services.

27 these funds to track the following elements related to this
28 requirement: (i) The date on which an individual is determined to no
29 longer require active psychiatric treatment at an inpatient level of

39 demand for civil and forensic state hospital services. Factors should
40 include identification of need for the services and analysis of the

1 effect of community investments in behavioral health services and
2 other types of beds that may reduce the need for long-term civil
3 commitment needs. The forecast must be updated each February, June,

32 (f) The department may authorize a one-time waiver of all or any

3 process.

4 (g) Community residential cost reports that are submitted by or

25 the needs of a client before he or she enters a community placement,
26 then the person centered service plan must also identify and
27 authorize this training.

28 (iii) When reviewing placement options, the department must
29 consider the safety of other residents, as well as the safety of
30 staff, in a facility. An initial evaluation of each placement,

11 allowance pursuant to RCW 74.09.340.

12 (k) The department will work with the health care authority and
13 Washington state's managed care organizations to establish
14 recommendations for clients who live in the community to access the
15 developmental disabilities administration's facility-based
16 professionals to receive care covered under the state plan. If

11 have cross-organizational or enterprise impact, including information
12 technology projects that affect organizations within the coalition.
13 The office of the chief information officer shall maintain a
14 statewide perspective when collaborating with the coalition to ensure
15 that projects are planned for in a manner that ensures the efficient
16 use of state resources, supports the adoption of a cohesive
17 technology and data architecture, and maximizes federal financial
18 participation. The work of the coalition and any project identified
19 as a coalition project is subject to the conditions, limitations, and
20 review provided in section 701 of this act.

21 (b) The health care authority must submit a report on November 1,
22 2021, and annually thereafter, to the fiscal committees of the
23 legislature. The report must include, at a minimum:

24 (i) A list of active coalition projects as of July 1st of the
25 fiscal year. This must include all current and ongoing coalition
26 projects, which coalition agencies are involved in these projects,
27 and the funding being expended on each project, including in-kind
28 funding. For each project, the report must include which federal
29 requirements each coalition project is working to satisfy, and when
30 each project is anticipated to satisfy those requirements; and

31 (ii) A list of coalition projects that are planned in the current
32 and following fiscal year. This must include which coalition agencies
33 are involved in these projects, including the anticipated in-kind
34 funding by agency, and if a budget request will be submitted for
35 funding. This must reflect all funding required by fiscal year and by
36 fund source and include the budget outlook period.

37 (4) The appropriations to the health care authority in this act
38 shall be expended for the programs and in the amounts specified in
39 this act. However, after May 1, (~~2022~~) 2023, unless prohibited by
40 this act, the authority may transfer general fund—state

1 appropriations for fiscal year 2022 among programs after approval by
 2 the director of the office of financial management. The authority
 3 must notify the fiscal committees of the legislature prior to
 4 receiving approval from the director of the office of financial
 5 management. To the extent that appropriations in sections 211 through
 6 215 of this act are insufficient to fund actual expenditures in
 7 excess of caseload forecast and utilization assumptions or for
 8 expenses in response to the COVID-19 pandemic, the authority may
 9 transfer general fund—state appropriations for fiscal year ((2022))
 10 2023 that are provided solely for a specified purpose. The authority
 11 may not transfer funds, including for expenses in response to the
 12 COVID-19 pandemic in fiscal year ((2022)) 2023, and the director of
 13 the office of financial management shall not approve the transfer,
 14 unless the transfer is consistent with the objective of conserving,
 15 to the maximum extent possible, the expenditure of state funds. The
 16 director of the office of financial management shall notify the
 17 appropriate fiscal committees of the legislature in writing seven
 18 days prior to approving any allotment modifications or transfers
 19 under this section. The written notification must include a narrative
 20 explanation and justification of changes, along with expenditures and
 21 allotments by budget unit and appropriation, both before and after
 22 any allotment modifications and transfers.

13 The appropriations in this section are subject to the following
14 conditions and limitations:

15 (1) The authority shall not accept or expend any federal funds
16 received under a medicaid transformation waiver under healthier
17 Washington except as described in subsections (2), (3), and (4) of
18 this section until specifically approved and appropriated by the
19 legislature. To ensure compliance with legislative directive budget
20 requirements and terms and conditions of the waiver, the authority
21 shall implement the waiver and reporting requirements with oversight
22 from the office of financial management. The legislature finds that
23 appropriate management of the innovation waiver requires better
24 analytic capability, transparency, consistency, timeliness, accuracy,
25 and lack of redundancy with other established measures and that the
26 patient must be considered first and foremost in the implementation
27 and execution of the demonstration waiver. In order to effectuate
28 these goals, the authority shall: (a) Require the Dr. Robert Bree
29 collaborative and the health technology assessment program to reduce
30 the administrative burden upon providers by only requiring
31 performance measures that are nonduplicative of other nationally
32 established measures. The joint select committee on health care
33 oversight will evaluate the measures chosen by the collaborative and
34 the health technology assessment program for effectiveness and
35 appropriateness; (b) develop a patient satisfaction survey with the
36 goal to gather information about whether it was beneficial for the
37 patient to use the center of excellence location in exchange for
38 additional out-of-pocket savings; (c) ensure patients and health care
39 providers have significant input into the implementation of the

1 demonstration waiver, in order to ensure improved patient health
2 outcomes; and (d) in cooperation with the department of social and
3 health services, consult with and provide notification of work on
4 applications for federal waivers, including details on waiver
5 duration, financial implications, and potential future impacts on the
6 state budget, to the joint select committee on health care oversight
7 prior to submitting waivers for federal approval. The authority shall
8 submit an application to the centers for medicaid and medicare
9 services to extend the duration of the medicaid transformation waiver
10 under healthier Washington as described in subsections (2), (3), and
11 (4) of this section by one year. If not extended, by federal
12 standard, the medicaid transformation demonstration waiver shall not
13 exceed the duration originally granted by the centers for medicare
14 and medicaid services and any programs created or funded by this
15 waiver do not create an entitlement. The demonstration period for the
16 waiver as described in subsections (2), (3), and (4) of this section
17 concludes (~~December 31, 2022~~) June 30, 2023.

18 (2) (a) No more than (~~(\$78,409,000)~~) \$93,107,000 of the general
19 fund—federal appropriation and no more than (~~(\$66,264,000)~~)
20 \$88,826,000 of the general fund—local appropriation may be expended
21 for transformation through accountable communities of health
22 described in initiative 1 of the medicaid transformation
23 demonstration wavier under healthier Washington, including preventing
24 youth drug use, opioid prevention and treatment, and physical and
25 behavioral health integration. Under this initiative, the authority
26 shall take into account local input regarding community needs. In
27 order to ensure transparency to the appropriate fiscal committees of
28 the legislature, the authority shall provide fiscal staff of the
29 legislature query ability into any database of the fiscal
30 intermediary that authority staff would be authorized to access. The
31 authority shall not increase general fund—state expenditures under
32 this initiative. The director shall also report to the fiscal
33 committees of the legislature all of the expenditures under this
34 subsection and shall provide such fiscal data in the time, manner,
35 and form requested by the legislative fiscal committees.

36 (b) No more than (~~(\$198,909,000)~~) \$315,678,000 of the general
37 fund—federal appropriation and no more than (~~(\$81,245,000)~~)
38 \$128,939,000 of the general fund—private/local appropriation may be
39 expended for the medicaid quality improvement program. Under federal

1 regulations, the medicaid quality improvement program is authorized
2 and allows states to design quality improvement programs for the
3 medicaid population in ways that support the state's quality goals.
4 Medicaid quality improvement program payments will not count against
5 the medicaid transformation demonstration waiver spending limits and
6 are excluded from the waiver's budget neutrality calculation. Apple
7 health managed care organizations and their partnering providers will
8 receive medicaid quality improvement program payments as they meet
9 designated milestones. Partnering providers and apple health managed
10 care organizations will work together to achieve medicaid quality
11 improvement program goals according to the performance period
12 timelines and reporting deadlines as set forth by the authority. The
13 authority shall only utilize the medicaid quality improvement program
14 to support the transformation waiver and shall not pursue its use for
15 other purposes. Any programs created or funded by the medicaid
16 quality improvement program does not create an entitlement. The
17 authority shall not increase general fund—state, federal, or private/
18 local expenditures under this program. The director shall report to
19 the joint select committee on health care oversight not less than
20 quarterly on financial and health outcomes. The director shall report
21 to the fiscal committees of the legislature all of the expenditures
22 under this subsection and shall provide such fiscal data in the time,
23 manner, and form requested by the legislative fiscal committees.

24 (3) No more than (~~(\$26,837,000)~~) \$46,739,000 of the general fund—
25 federal appropriation and (~~(\$26,839,000)~~) \$46,742,000 of the general
26 fund—local appropriation may be expended for tailored support for
27 older adults and medicaid alternative care described in initiative 2
28 of the medicaid transformation demonstration waiver under healthier
29 Washington as well as administrative expenses for initiative 3. The
30 authority shall contract and provide funding to the department of
31 social and health services to administer initiative 2. The director
32 in cooperation with the secretary of the department of social and
33 health services shall report to the office of financial management
34 all of the expenditures of this section and shall provide such fiscal
35 data in the time, manner, and form requested. The authority shall not
36 increase general fund—state expenditures on this initiative.

37 (4) No more than (~~(\$28,680,000)~~) \$41,915,000 of the general fund—
38 federal appropriation and no more than (~~(\$12,992,000)~~) \$20,310,000 of
39 the general fund—local appropriation may be expended for supported

1 housing and employment services described in initiative 3a and 3b of
2 the medicaid transformation demonstration waiver under healthier
3 Washington. Under this initiative, the authority and the department
4 of social and health services shall ensure that allowable and
5 necessary services are provided to eligible clients as identified by
6 the department or its third party administrator. The authority shall
7 not increase general fund—state expenditures under this initiative.
8 The director shall report to the joint select committee on health
9 care oversight no less than quarterly on financial and health
10 outcomes. The director shall also report to the fiscal committees of
11 the legislature all of the expenditures of this subsection and shall
12 provide such fiscal data in the time, manner, and form requested by
13 the legislative fiscal committees.

14 (5) The authority shall submit an application to the centers for
15 medicare and medicaid services to renew the 1115 demonstration waiver
16 for an additional five years as described in subsections (2), (3),
17 and (4) of this section. The authority may not accept or expend any
18 federal funds received under an 1115 demonstration waiver except as
19 described in this section unless the legislature has appropriated the
20 federal funding. To ensure compliance with legislative requirements
21 and terms and conditions of the waiver, the authority shall implement
22 the renewal of the 1115 demonstration waiver and reporting
23 requirements with oversight from the office of financial management.
24 The legislature finds that appropriate management of the renewal of
25 the 1115 demonstration waiver (~~(as set forth in subsections (6), (7),~~
26 ~~and (8) of this section)) requires sound, consistent, timely, and
27 transparent oversight and analytic review in addition to lack of
28 redundancy with other established measures. The patient must be
29 considered first and foremost in the implementation and execution of
30 the demonstration waiver. To accomplish these goals, the authority
31 shall develop consistent performance measures that focus on
32 population health and health outcomes. The authority shall limit the
33 number of projects that accountable communities of health may
34 participate in under initiative 1 to a maximum of six and shall seek
35 to develop common performance measures when possible. The joint
36 select committee on health care oversight will evaluate the measures
37 chosen: (a) For effectiveness and appropriateness; and (b) to provide
38 patients and health care providers with significant input into the
39 implementation of the demonstration waiver to promote improved
40 population health and patient health outcomes. In cooperation with~~

1 the department of social and health services, the authority shall
2 consult with and provide notification of work on applications for
3 federal waivers, including details on waiver duration, financial
4 implications, and potential future impacts on the state budget to the
5 joint select committee on health care oversight prior to submitting
6 these waivers for federal approval. Prior to final approval or
7 acceptance of funds by the authority, the authority shall submit the
8 special terms and conditions as submitted to the centers for medicare
9 and medicaid services and the anticipated budget for the duration of
10 the renewed waiver to the governor, the joint select committee on
11 health care, and the fiscal committees of the legislature. By federal
12 standard any programs created or funded by this waiver do not create
13 an entitlement. The demonstration period for the waiver (~~as~~
14 ~~described in subsections (6), (7), and (8) of this section~~) renewal
15 begins ((January)) July 1, 2023.

16 (6) (~~(a) \$32,432,000 of the general fund federal appropriation~~
17 ~~and \$40,296,000 of the general fund local appropriation are provided~~
18 ~~solely for accountable communities of health described in initiative~~
19 ~~1 of the 1115 demonstration waiver and this is the maximum amount~~
20 ~~that may be expended for this purpose. In renewing this initiative,~~
21 ~~the authority shall consider local input regarding community needs~~
22 ~~and shall limit total local projects to no more than six. To provide~~
23 ~~transparency to the appropriate fiscal committees of the legislature,~~
24 ~~the authority shall provide fiscal staff of the legislature query~~
25 ~~ability into any database of the fiscal intermediary that authority~~
26 ~~staff would be authorized to access. The authority shall not~~
27 ~~supplement the amounts provided in this subsection with any general~~
28 ~~fund state moneys appropriated in this section or any moneys that may~~
29 ~~be transferred pursuant to subsection (1) of this section. The~~
30 ~~director shall report to the fiscal committees of the legislature all~~
31 ~~expenditures under this subsection and provide such fiscal data in~~
32 ~~the time, manner, and form requested by the legislative fiscal~~
33 ~~committees.~~

34 (b) ~~\$110,778,000 of the general fund federal appropriation and~~
35 ~~\$45,248,000 of the general fund private/local appropriation are~~
36 ~~provided solely for the medicaid quality improvement program and this~~
37 ~~is the maximum amount that may be expended for this purpose. Medicaid~~
38 ~~quality improvement program payments do not count against the 1115~~
39 ~~demonstration waiver spending limits and are excluded from the~~

1 waiver's budget neutrality calculation. The authority may provide
2 medicaid quality improvement program payments to apple health managed
3 care organizations and their partnering providers as they meet
4 designated milestones. Partnering providers and apple health managed
5 care organizations must work together to achieve medicaid quality
6 improvement program goals according to the performance period
7 timelines and reporting deadlines as set forth by the authority. The
8 authority may only use the medicaid quality improvement program to
9 support initiatives 1, 2, and 3 as described in the 1115
10 demonstration waiver and may not pursue its use for other purposes.
11 Any programs created or funded by the medicaid quality improvement
12 program do not constitute an entitlement for clients or providers.
13 The authority shall not supplement the amounts provided in this
14 subsection with any general fund state, general fund federal, or
15 general fund local moneys appropriated in this section or any moneys
16 that may be transferred pursuant to subsection (1) of this section.
17 The director shall report to the joint select committee on health
18 care oversight not less than quarterly on financial and health
19 outcomes. The director shall report to the fiscal committees of the
20 legislature all expenditures under this subsection and shall provide
21 such fiscal data in the time, manner, and form requested by the
22 legislative fiscal committees.

23 (c) In collaboration with the accountable communities of health,
24 the authority will submit a report to the governor and the joint
25 select committee on health care oversight describing how each of the
26 accountable community of health's work aligns with the community
27 needs assessment no later than December 1, 2022.

28 (d) Performance measures and payments for accountable communities
29 of health shall reflect accountability measures that demonstrate
30 progress toward transparent, measurable, and meaningful goals that
31 have an impact on improved population health and improved health
32 outcomes, including a path to financial sustainability. While these
33 goals may have variation to account for unique community
34 demographics, measures should be standardized when possible.

35 (7) \$19,902,000 of the general fund federal appropriation and
36 \$19,903,000 of the general fund local appropriation are provided
37 solely for long-term support services as described in initiative 2 of
38 the 1115 demonstration waiver as well as administrative expenses for
39 initiative 3 and this is the maximum amount that may be expended for

1 ~~this purpose. The authority shall contract with and provide funding~~
2 ~~to the department of social and health services to administer~~
3 ~~initiative 2. The director in cooperation with the secretary of the~~
4 ~~department of social and health services shall report to the office~~
5 ~~of financial management all of the expenditures of this section and~~
6 ~~shall provide such fiscal data in the time, manner, and form~~
7 ~~requested. The authority shall not supplement the amounts provided in~~
8 ~~this subsection with any general fund state moneys appropriated in~~
9 ~~this section or any moneys that may be transferred pursuant to~~
10 ~~subsection (1) of this section.~~

11 ~~(8) (a) \$13,235,000 of the general fund federal appropriation and~~
12 ~~\$7,318,000 of the general fund local appropriation are provided~~
13 ~~solely for supported housing and employment services described in~~
14 ~~initiative 3a and 3b of the 1115 demonstration waiver and this is the~~
15 ~~maximum amount that may be expended for this purpose. Under this~~
16 ~~initiative, the authority and the department of social and health~~
17 ~~services shall ensure that allowable and necessary services are~~
18 ~~provided to eligible clients as identified by the department or its~~
19 ~~third-party administrator. The authority and the department, in~~
20 ~~consultation with the medicaid forecast work group, shall ensure that~~
21 ~~reasonable reimbursements are established for services deemed~~
22 ~~necessary within an identified limit per individual. The authority~~
23 ~~shall not supplement the amounts provided in this subsection with any~~
24 ~~general fund state moneys appropriated in this section or any moneys~~
25 ~~that may be transferred pursuant to subsection (1) of this section.~~
26 ~~The director shall report to the joint select committee on health~~
27 ~~care oversight no less than quarterly on financial and health~~
28 ~~outcomes. The director shall also report to the fiscal committees of~~
29 ~~the legislature all of the expenditures of this subsection and shall~~
30 ~~provide such fiscal data in the time, manner, and form requested by~~
31 ~~the legislative fiscal committees.~~

32 ~~(b) The authority and the department shall seek additional~~
33 ~~flexibilities for housing supports through the centers for medicare~~
34 ~~and medicaid services and shall coordinate with the office of~~
35 ~~financial management and the department of commerce to ensure that~~
36 ~~services are not duplicated.~~

37 ~~(c) The director shall report to the joint select committee on~~
38 ~~health care oversight no less than quarterly on utilization and~~
39 ~~caseload statistics for both supportive housing and employment~~

1 ~~services and its progress toward increasing uptake and availability~~
2 ~~for these services.~~

3 ~~(9))~~ \$202,000 of the general fund—state appropriation for fiscal
4 year 2023 is provided solely for supported employment services and
5 \$208,000 of the general fund—state appropriation for fiscal year 2023
6 is provided solely for supported housing services, similar to the
7 services described in initiatives 3a and 3b of the 1115 demonstration
8 waiver to individuals who are ineligible for medicaid. Under these
9 initiatives, the authority and the department of social and health
10 services shall ensure that allowable and necessary services are
11 provided to eligible clients as identified by the authority or its
12 third-party administrator. Before authorizing services, eligibility
13 for initiative 3a or 3b of the 1115 demonstration waiver must first
14 be determined.

15 ~~((10))~~ (7) The authority shall submit a plan to preserve the
16 waiver that allows for the full cost of stays in institutions for
17 mental diseases to be included in managed care rates by November 1,
18 2021, to the appropriate committees of the legislature.

19 ~~((11))~~ (8) The authority shall submit a plan to preserve the
20 waiver allowing for full federal financial participation for medical
21 clients in mental health facilities classified as institutions for
22 mental diseases by November 1, 2021, to the appropriate committees of
23 the legislature.

24 ~~((12))~~ (9) Sufficient amounts are appropriated in this
25 subsection to implement the medicaid expansion as defined in the
26 social security act, section 1902(a)(10)(A)(i)(VIII).

27 ~~((13))~~ (10) The legislature finds that medicaid payment rates,
28 as calculated by the health care authority pursuant to the
29 appropriations in this act, bear a reasonable relationship to the
30 costs incurred by efficiently and economically operated facilities
31 for providing quality services and will be sufficient to enlist
32 enough providers so that care and services are available to the
33 extent that such care and services are available to the general
34 population in the geographic area. The legislature finds that the
35 cost reports, payment data from the federal government, historical
36 utilization, economic data, and clinical input constitute reliable
37 data upon which to determine the payment rates.

38 ~~((14))~~ (11) Based on quarterly expenditure reports and caseload
39 forecasts, if the health care authority estimates that expenditures
40 for the medical assistance program will exceed the appropriations,

1 the health care authority shall take steps including but not limited
2 to reduction of rates or elimination of optional services to reduce
3 expenditures so that total program costs do not exceed the annual
4 appropriation authority.

5 ~~((15))~~ (12) In determining financial eligibility for medicaid-
6 funded services, the health care authority is authorized to disregard
7 recoveries by Holocaust survivors of insurance proceeds or other
8 assets, as defined in RCW 48.104.030.

9 ~~((16))~~ (13) The legislature affirms that it is in the state's
10 interest for Harborview medical center to remain an economically
11 viable component of the state's health care system.

12 ~~((17))~~ (14) When a person is ineligible for medicaid solely by
13 reason of residence in an institution for mental diseases, the health
14 care authority shall provide the person with the same benefits as he
15 or she would receive if eligible for medicaid, using state-only funds
16 to the extent necessary.

17 ~~((18))~~ (15) \$3,733,000 of the general fund—state appropriation
18 for fiscal year 2022, ~~((\$4,261,000))~~ \$3,785,000 of the general fund—
19 state appropriation for fiscal year 2023, and ~~((\$9,050,000))~~
20 \$9,553,000 of the general fund—federal appropriation are provided
21 solely for low-income disproportionate share hospital payments.

22 ~~((19))~~ (16) Within the amounts appropriated in this section,
23 the health care authority shall provide disproportionate share
24 hospital payments to hospitals that provide services to children in
25 the children's health program who are not eligible for services under
26 Title XIX or XXI of the federal social security act due to their
27 citizenship status.

28 ~~((20))~~ (17) \$7,000,000 of the general fund—federal
29 appropriation is provided solely for supplemental payments to nursing
30 homes operated by public hospital districts. The public hospital
31 district shall be responsible for providing the required nonfederal
32 match for the supplemental payment, and the payments shall not exceed
33 the maximum allowable under federal rules. It is the legislature's
34 intent that the payments shall be supplemental to and shall not in
35 any way offset or reduce the payments calculated and provided in
36 accordance with part E of chapter 74.46 RCW. It is the legislature's
37 further intent that costs otherwise allowable for rate-setting and
38 settlement against payments under chapter 74.46 RCW shall not be
39 disallowed solely because such costs have been paid by revenues

1 retained by the nursing home from these supplemental payments. The
2 supplemental payments are subject to retrospective interim and final
3 cost settlements based on the nursing homes' as-filed and final
4 medicare cost reports. The timing of the interim and final cost
5 settlements shall be at the health care authority's discretion.
6 During either the interim cost settlement or the final cost
7 settlement, the health care authority shall recoup from the public
8 hospital districts the supplemental payments that exceed the medicaid
9 cost limit and/or the medicare upper payment limit. The health care
10 authority shall apply federal rules for identifying the eligible
11 incurred medicaid costs and the medicare upper payment limit.

12 ~~((21))~~ (18) The health care authority shall continue the
13 inpatient hospital certified public expenditures program for the
14 2021-2023 fiscal biennium. The program shall apply to all public
15 hospitals, including those owned or operated by the state, except
16 those classified as critical access hospitals or state psychiatric
17 institutions. The health care authority shall submit reports to the
18 governor and legislature by November 1, 2021, and by November 1,
19 2022, that evaluate whether savings continue to exceed costs for this
20 program. If the certified public expenditures (CPE) program in its
21 current form is no longer cost-effective to maintain, the health care
22 authority shall submit a report to the governor and legislature
23 detailing cost-effective alternative uses of local, state, and
24 federal resources as a replacement for this program. During fiscal
25 year 2022 and fiscal year 2023, hospitals in the program shall be
26 paid and shall retain one hundred percent of the federal portion of
27 the allowable hospital cost for each medicaid inpatient fee-for-
28 service claim payable by medical assistance and one hundred percent
29 of the federal portion of the maximum disproportionate share hospital
30 payment allowable under federal regulations. For the purpose of
31 determining the amount of any state grant under this subsection,
32 payments will include the federal portion of medicaid program
33 supplemental payments received by the hospitals. Inpatient medicaid
34 payments shall be established using an allowable methodology that
35 approximates the cost of claims submitted by the hospitals. Payments
36 made to each hospital in the program in each fiscal year of the
37 biennium shall be compared to a baseline amount. The baseline amount
38 will be determined by the total of (a) the inpatient claim payment
39 amounts that would have been paid during the fiscal year had the
40 hospital not been in the CPE program based on the reimbursement rates

1 developed, implemented, and consistent with policies approved in the
2 2021-2023 biennial operating appropriations act and in effect on July
3 1, 2015, (b) one-half of the indigent assistance disproportionate

8 hospital programs exist in the 2019-2021 fiscal biennium. If payments
9 during the fiscal year exceed the hospital's baseline amount, no
10 additional payments will be made to the hospital except the federal
11 portion of allowable disproportionate share hospital payments for
12 which the hospital can certify allowable match. If payments during

14 be paid a state grant equal to the difference between payments during
15 the fiscal year and the applicable baseline amount. Payment of the
16 state grant shall be made in the applicable fiscal year and
17 distributed in monthly payments. The grants will be recalculated and
18 redistributed as the baseline is updated during the fiscal year. The
19 grant payments are subject to an interim settlement within eleven
20 months after the end of the fiscal year. A final settlement shall be
21 performed. To the extent that either settlement determines that a
22 hospital has received funds in excess of what it would have received
23 as described in this subsection, the hospital must repay the excess
24 amounts to the state when requested. \$425,000 of the general fund—
25 state appropriation for fiscal year 2022 and (~~(\$391,000)~~) \$273,000 of
26 the general fund—state appropriation for fiscal year 2023 are

7 September 15, 2022, that delineate the number of individuals in
8 medicaid managed care, by carrier, age, gender, and eligibility
9 category, receiving preventative services and vaccinations. The
10 reports should include baseline and benchmark information from the
11 previous two fiscal years and should be inclusive of, but not limited
12 to, services recommended under the United States preventative
13 services task force, advisory committee on immunization practices,
14 early and periodic screening, diagnostic, and treatment (EPSDT)
15 guidelines, and other relevant preventative and vaccination medicaid
16 guidelines and requirements.

30 and medical assistance programs, and to maximize the use of federal
31 funding, the health care authority, the department of social and
32 health services, and the health benefit exchange will coordinate
33 efforts to expand HealthPlanfinder access to public assistance and
34 medical eligibility staff. The health care authority shall complete
35 medicaid applications in the HealthPlanfinder for households
36 receiving or applying for medical assistance benefits.

3 to learn about and enroll in the apple health for kids program. By
4 November 15, 2022, the authority shall submit a report to the
5 appropriate committees to the legislature that provides, at a
6 minimum, information about the number of calls received by the

12 naturopathic physicians.

13 ~~((31))~~ (28) Within the amounts appropriated in this section,
14 the authority shall continue to provide coverage for pregnant teens
15 that qualify under existing pregnancy medical programs, but whose
16 eligibility for pregnancy related services would otherwise end due to
17 the application of the new modified adjusted gross income eligibility
18 standard.

19 ~~((32))~~ (29) Sufficient amounts are appropriated in this section
20 to remove the mental health visit limit and to provide the shingles
21 vaccine and screening, brief intervention, and referral to treatment
22 benefits that are available in the medicaid alternative benefit plan
23 in the classic medicaid benefit plan.

24 ~~((33))~~ (30) The authority shall use revenue appropriated from
25 the dedicated ~~((marijuana fund))~~ cannabis account for contracts with
26 community health centers under RCW 69.50.540 in lieu of general fund—
27 state payments to community health centers for services provided to
28 medical assistance clients, and it is the intent of the legislature
29 that this policy will be continued in subsequent fiscal biennia.

30 ~~((34))~~ (31) Beginning no later than January 1, 2018, for any
31 service eligible under the medicaid state plan for encounter
32 payments, managed care organizations at the request of a rural health
33 clinic shall pay the full published encounter rate directly to the
34 clinic. At no time will a managed care organization be at risk for or
35 have any right to the supplemental portion of the claim. Payments
36 will be reconciled on at least an annual basis between the managed
37 care organization and the authority, with final review and approval
38 by the authority.

1 (~~(35)~~) (32) Sufficient amounts are appropriated in this section
2 for the authority to provide a medicaid equivalent adult dental
3 benefit to clients enrolled in the medical care service program.

5 amounts are provided in this section for the authority to provide
6 services identical to those services covered by the Washington state
7 family planning waiver program as of August 2018 to individuals who:

13 by or eligible for another medical assistance program for family
14 planning.

15 (~~(37)~~) (34) Sufficient amounts are appropriated within this
16 section for the authority to incorporate the expected outcomes and
17 criteria to measure the performance of service coordination
18 organizations as provided in chapter 70.320 RCW into contracts with
19 managed care organizations that provide services to clients. The
20 authority is directed to:

21 (a) Contract with an external quality improvement organization to
22 annually analyze the performance of managed care organizations
23 providing services to clients under this chapter based on seven
24 performance measures. The analysis required under this subsection
25 must:

26 (i) Measure managed care performance in four common measures
27 across each managed care organization, including:

28 (A) At least one common measure must be weighted towards having
29 the potential to impact managed care costs; and

30 (B) At least one common measure must be weighted towards
31 population health management, as defined by the measure; and

32 (ii) Measure managed care performance in an additional three
33 quality focus performance measures specific to a managed care
34 organization. Quality focus performance measures chosen by the
35 authority must:

36 (A) Be chosen from the statewide common measure set;

40 status.

1 (b) The authority shall set the four common measures to be
2 analyzed across all managed care organizations.

3 (c) The authority shall set three quality focus performance
4 measures specific to each managed care organization. The authority

11 (e) Two percent of the total plan year funding appropriated to
12 each managed care organization that provides services to clients
13 under chapter 70.320 RCW shall be withheld. At least seventy-five
14 percent of the withhold shall be held contingent on each managed care
15 organization's performance on the seven performance measures
16 identified in this section. Each managed care organization may earn
17 back the annual withhold if the external quality improvement
18 organization finds that the managed care organization:

19 (i) Made statistically significant improvement in the seven
20 performance measures as compared to the preceding plan year; or

21 (ii) Scored in the top national medicaid quartile of the
22 performance measures.

23 (f) The amount of withhold annually paid to each managed care
24 organization shall be proportional to findings of statistically
25 significant improvement or top national medicaid quartile scoring by
26 a managed care organization.

27 (g) For no more than two of the four quality focus performance
28 measures, the authority may use an alternate methodology to
29 approximate top national medicaid quartile performance where top
30 quartile performance data is unavailable.

31 (h) For the purposes of this subsection, "external quality
32 improvement organization" means an organization that meets the
33 competence and independence requirements under 42 C.F.R. Sec.
34 438.354, as it existed on the effective date of this section.

36 resources are dedicated to implementing the recommendations of the
37 centers for medicare and medicaid services center for program

39 focused program integrity review final report. Additionally, the
40 authority shall:

2 plans, including but not limited to, a deconflicting process for
3 audits with and among the managed care plans and the medicaid fraud
4 division at the attorney general's office, to ensure the authority
5 staff perform central audits of cases that appear across multiple
6 managed care plans, versus the audits performed by the individual
7 managed care plans or the fraud division; and

8 (ii) Remain accountable for operating in an effective and
9 efficient manner, including performing program integrity activities
10 that ensure high value in the medical assistance program in general
11 and in medicaid managed care specifically;

12 (A) Work with its contracted actuary and the medicaid forecast
13 work group to develop methods and metrics related to managed care
14 program integrity activity that shall be incorporated into annual
15 rate setting; and

16 (B) Work with the medicaid forecast work group to ensure the

21 appropriate committees of the legislature by October 1, 2021, that

28 (ii) Specific, quantified information regarding the steps taken
29 toward (a) (i), (iii), and (iv) of this subsection.

33 waiver request to the federal department of health and human services
34 to authorize presumptive medicaid eligibility determinations for
35 clients preparing for acute care hospital discharge who may need
36 long-term services and supports. The department and the authority
37 shall hold stakeholder discussions, including opportunities for
38 public review and comment, during development of the waiver request.
39 Upon submission of the waiver request, the department and the
40 authority shall submit a report to the governor and the appropriate

1 shall consider the differences between behavioral health entities in
2 the percentages of services and other costs associated with the teams
3 that are not reimbursable under medicaid. The authority may allow
4 behavioral health entities which have nonmedicaid reimbursable costs
5 that are higher than the nonmedicaid allocation they receive under
6 this section to supplement these funds with local dollars or funds

24 These amounts must be distributed to behavioral health entities as

29 authority to contract with behavioral health administrative service
30 organizations for behavioral health treatment services not covered
31 under the medicaid program. Within these amounts, behavioral health

33 increase to providers receiving state funds for nonmedicaid services
34 under this section effective July 1, 2021, and a seven percent rate
35 increase effective January 1, 2023.

36 (b) \$23,547,000 of the general fund—state appropriation for

15 separately appropriated to the department of social and health
16 services.

17 (c) The authority shall coordinate with the department of social
18 and health services to develop and submit to the centers for medicare
19 and medicaid services an application to provide a 1915(i) state plan
20 home and community-based services benefit. The application shall be
21 developed to allow for the delivery of wraparound supportive
22 behavioral health services for individuals with mental illnesses who
23 also have a personal care need. The waiver shall be developed to
24 standardize coverage and administration, improve the current benefit
25 design, and clarify roles in administration of the behavioral health
26 personal care services benefit. By December 1, 2021, the authority,

9 submit a report to the office of financial management and the
10 appropriate committees of the legislature with complete fiscal year
11 2022 reimbursements by December 1, 2022.

22 does not exceed the upper-bound of their federally allowable rate
23 range, and provided that the enhanced funding is used only to provide
24 medicaid state plan or waiver services to medicaid clients.
25 Additionally, behavioral health entities may use a portion of the
26 state funds allocated in accordance with subsection (7) of this
27 section to earn additional medicaid match, but only to the extent
28 that the application of such funds to medicaid services does not
29 diminish the level of crisis and commitment, community inpatient,

31 persons not eligible for medicaid.

32 (11) \$2,291,000 of the general fund—state appropriation for

36 or city jail and for facilitating access to programs that offer
37 mental health services upon release from confinement. The authority
38 must collect information from the behavioral health entities on their
39 plan for using these funds, the numbers of individuals served, and

1 the types of services provided and submit a report to the office of
2 financial management and the appropriate fiscal committees of the
3 legislature by December 1st of each year of the biennium.

4 (12) Within the amounts appropriated in this section, funding is
5 provided for the authority to develop and phase in intensive mental
6 health services for high needs youth consistent with the settlement
7 agreement in *T.R. v. Dreyfus and Porter*.

8 (13) The authority must establish minimum and maximum funding
9 levels for all reserves allowed under behavioral health
10 administrative service organization contracts and include contract
11 language that clearly states the requirements and limitations. The
12 authority must monitor and ensure that behavioral health
13 administrative service organization reserves do not exceed maximum
14 levels. The authority must monitor revenue and expenditure reports
15 and must require a behavioral health administrative service
16 organization to submit a corrective action plan on how it will spend
17 its excess reserves within a reasonable period of time, when its
18 reported reserves exceed maximum levels established under the
19 contract. The authority must review and approve such plans and
20 monitor to ensure compliance. If the authority determines that a
21 behavioral health administrative service organization has failed to
22 provide an adequate excess reserve corrective action plan or is not
23 complying with an approved plan, the authority must reduce payments
24 to the entity in accordance with remedial actions provisions included
25 in the contract. These reductions in payments must continue until the
26 authority determines that the entity has come into substantial
27 compliance with an approved excess reserve corrective action plan.

4 (17) Within the amounts provided in this section, behavioral
5 health entities must provide outpatient chemical dependency treatment
6 for offenders enrolled in the medicaid program who are supervised by
7 the department of corrections pursuant to a term of community
8 supervision. Contracts with behavioral health entities must require
9 that behavioral health entities include in their provider network
10 specialized expertise in the provision of manualized, evidence-based
11 chemical dependency treatment services for offenders. The department
12 of corrections and the authority must develop a memorandum of
13 understanding for department of corrections offenders on active
14 supervision who are medicaid eligible and meet medical necessity for
15 outpatient substance use disorder treatment. The agreement will
16 ensure that treatment services provided are coordinated, do not
17 result in duplication of services, and maintain access and quality of
18 care for the individuals being served. The authority must provide all
19 necessary data, access, and reports to the department of corrections
20 for all department of corrections offenders that receive medicaid
21 paid services.

22 (18) The criminal justice treatment account—state appropriation
23 is provided solely for treatment and treatment support services for
24 offenders with a substance use disorder pursuant to RCW 71.24.580.
25 The authority must offer counties the option to administer their

29 funds consistent with the plans approved by local panels pursuant to
30 RCW 71.24.580(5)(b). Funding from the criminal justice treatment
31 account may be used to provide treatment and support services through
32 the conclusion of an individual's treatment plan to individuals
33 participating in a drug court program as of February 24, 2021, if
34 that individual wishes to continue treatment following dismissal of
35 charges they were facing under RCW 69.50.4013(1). Such participation
36 is voluntary and contingent upon substantial compliance with drug
37 court program requirements. The authority must provide a report to

18 for mental diseases, unless they have received a waiver that allows
19 for full federal participation in these facilities. Within these
20 amounts, funding is provided to increase the fee for service rate for
21 these facilities up to \$650 per day. The authority must require in
22 contracts with behavioral health entities that, beginning in calendar
23 year 2020, they pay no lower than the fee for service rate. The
24 authority must coordinate with regional behavioral health entities to
25 identify and implement purchasing strategies or regulatory changes
26 that increase access to services for individuals with complex

16 authority must submit a report to the legislature by December 1st of
17 each year of the biennium, summarizing the information regarding the

2 committee as needed to achieve its purpose. The committee may make
3 changes to the formula categories in (d)(ii) of this subsection if it
4 determines the changes will increase statewide service delivery or
5 effectiveness of evidence-based program or disposition alternative
6 resulting in increased cost/benefit savings to the state, including
7 long-term cost/benefit savings. The committee must also consider
8 these outcomes in determining when evidence-based expansion or
9 special sex offender disposition alternative funds should be included
10 in the block grant or left separate.

11 (d) The juvenile courts and administrative office of the courts
12 must collect and distribute information and provide access to the

32 more local governmental entities and one or more nonprofit,
33 nongovernmental organizations that have a documented history of
34 creating and administering effective criminal street gang prevention
35 and intervention programs may apply for funding under this

33 at juvenile rehabilitation facilities independent from fluctuating
34 caseloads.

35 (20) The department of children, youth, and families—juvenile
36 rehabilitation must cease new placements at the Naselle youth camp,
37 with the goal of closing the camp by June 30, 2023. It is the
38 intention of the legislature after the closure to transfer management
39 of the Naselle youth camp land and facilities to the department of

1 natural resources in the 2023-2025 fiscal biennium and develop the
2 facilities into an outdoor school. The department must assist the

28		<u>\$2,006,178,000</u>

29 The appropriations in this section are subject to the following
30 conditions and limitations:

31 (1)(a) \$82,040,000 of the general fund—state appropriation for
32 fiscal year 2022, \$132,776,000 of the general fund—state
33 appropriation for fiscal year 2023, \$24,070,000 of the education
34 legacy trust account—state appropriation, \$80,000,000 of the
35 opportunity pathways account—state appropriation, and \$25,452,000 of
36 the general fund—federal appropriation (CRRSA/GEER) are provided
37 solely for the early childhood education and assistance program.
38 These amounts shall support at least 15,162 slots in fiscal year 2022

1 and 16,278 slots in fiscal year 2023. Of the total slots in each
2 fiscal year, 100 slots must be reserved for foster children to
3 receive school-year-round enrollment.

4 (b) Of the amounts provided in this subsection, \$14,930,000 of
5 the general fund—state appropriation for fiscal year 2023 and
6 \$14,889,000 of the general fund—federal appropriation (CRRSA/GEER)
7 are for a slot rate increase of ten percent beginning July 1, 2021.
8 The funding provided in this subsection is sufficient for the
9 department to increase rates according to inflation, pursuant to
10 Engrossed Second Substitute Senate Bill No. 5237 (child care & early
11 dev. exp.), beginning in fiscal year 2023 and annually thereafter.

12 (c) Of the amounts provided in this subsection, \$2,664,000 of the
13 general fund—state appropriation for fiscal year 2023 is provided to
14 convert 777 part day slots to full day slots in fiscal year 2023.

15 (d) Of the amounts provided in this subsection, \$409,000 of the
16 general fund—state appropriation for fiscal year 2022 and \$859,000 of
17 the general fund—state appropriation for fiscal year 2023 are
18 provided solely for a \$54 per slot quality support rate, which will
19 increase by 1.5 percent annually beginning in fiscal year 2024.

20 (e) Of the amounts provided in this subsection, \$1,358,000 of the
21 general fund—state appropriation for fiscal year 2022 and \$4,612,000
22 of the general fund—state appropriation for fiscal year 2023 are
23 provided solely for the department to provide early childhood
24 education and assistance program services during summer 2022 to 2,212
25 (~~part~~) school day program slots, including 2,011 slots in an in-
26 person learning program and 201 slots provided other additional
27 services.

28 (f) The department of children, youth, and families must develop
29 a methodology to identify, at the school district level, the
30 geographic locations of where early childhood education and
31 assistance program slots are needed to meet the entitlement specified
32 in RCW 43.216.556. This methodology must be linked to the caseload
33 forecast produced by the caseload forecast council and must include
34 estimates of the number of slots needed at each school district and
35 the corresponding facility needs required to meet the entitlement in
36 accordance with RCW 43.216.556. This methodology must be included as
37 part of the budget submittal documentation required by RCW 43.88.030.

38 (2) \$200,000 of the general fund—state appropriation for fiscal
39 year 2022 and \$200,000 of the general fund—state appropriation for

1 fiscal year 2023 are provided solely to develop and provide

4 (3) The department is the lead agency for and recipient of the
5 federal child care and development fund grant. Amounts within this
6 grant shall be used to fund child care licensing, quality
7 initiatives, agency administration, and other costs associated with
8 child care subsidies.

9 (4) The legislature recognizes that the federal government has
10 provided substantial additional funding through the coronavirus
11 response and relief supplemental appropriations act, P.L. 116-260,
12 division M. and the American rescue plan act of 2021, P.L. 117-2. The
13 purpose of the additional federal funding is to ensure access to
14 affordable child care and to stabilize and support child care
15 providers from the effects of the COVID-19 pandemic. The legislature
16 intends with the passage of Engrossed Second Substitute Senate Bill
17 No. 5237 (child care & early dev. exp.) to implement these federal
18 purposes by expanding eligibility for subsidized child care, reducing
19 parent copayments, increasing provider base rates to recognize
20 increased costs, and providing other financial support to stabilize
21 the child care sector to remain open or to reopen. The legislature
22 finds that the state lacked the fiscal capacity to make these
23 investments and the additional federal funding has provided the
24 opportunity to supplement state funding to expand and accelerate
25 child care access, affordability, and provider support as the state
26 navigates the COVID-19 pandemic and its aftermath.

27 (5) \$39,723,000 of the general fund—state appropriation in fiscal
28 year 2022, (~~(\$54,505,000)~~) \$34,062,000 of the general fund—state
29 appropriation in fiscal year 2023, \$8,482,000 of the workforce
30 education investment account—state appropriation, (~~(\$283,375,000)~~)
31 \$242,980,000 of the general fund—federal appropriation, \$59,893,000
32 of the general fund—federal appropriation (CARES), \$98,723,000 of the
33 general fund—federal appropriation (CRRSA), and \$153,814,000 of the
34 general fund—federal appropriation (ARPA) are provided solely for the
35 working connections child care program under RCW 43.216.135. Of the
36 amounts provided in this subsection:

37 (a) The department of children, youth, and families shall work in
38 collaboration with the department of social and health services to
39 determine the appropriate amount of state expenditures for the

1 working connections child care program to claim towards the state's
2 maintenance of effort for the temporary assistance for needy families
3 program. The departments will also collaborate to track the average
4 monthly child care subsidy caseload and expenditures by fund type,
5 including child care development fund, general fund—state
6 appropriation, and temporary assistance for needy families for the
7 purpose of estimating the annual temporary assistance for needy
8 families reimbursement from the department of social and health
9 services to the department of children, youth, and families.
10 Effective December 1, 2022, and annually thereafter, the department
11 of children, youth, and families must report to the governor and the
12 appropriate fiscal and policy committees of the legislature the total

36 Allocations for certificated instructional staff salaries for the
37 2021-22 and 2022-23 school years are determined using formula-
38 generated staff units calculated pursuant to this subsection.

(a) Certificated instructional staff units, as defined in RCW 28A.150.410, shall be allocated to reflect the minimum class size allocations, requirements, and school prototypes assumptions as provided in RCW 28A.150.260. The superintendent shall make allocations to school districts based on the district's annual average full-time equivalent student enrollment in each grade.

(b) Additional certificated instructional staff units provided in this subsection (2) that exceed the minimum requirements in RCW 28A.150.260 are enhancements outside the program of basic education, except as otherwise provided in this section.

(c)(i) The superintendent shall base allocations for each level of prototypical school, including those at which more than fifty percent of the students were eligible for free and reduced-price meals in the prior school year, on the following regular education average class size of full-time equivalent students per teacher, except as provided in (c)(ii) of this subsection:

General education class size:

Grade	RCW 28A.150.260	2021-22 School Year	2022-23 School Year
Grade K		17.00	17.00
Grade 1		17.00	17.00
Grade 2		17.00	17.00
Grade 3		17.00	17.00
Grade 4		27.00	27.00
Grades 5-6		27.00	27.00
Grades 7-8		28.53	28.53
Grades 9-12		28.74	28.74

The superintendent shall base allocations for: Laboratory science average class size as provided in RCW 28A.150.260; career and technical education (CTE) class size of 23.0; and skill center program class size of 19. Certificated instructional staff units provided for skills centers that exceed the minimum requirements of RCW 28A.150.260 achieve class size reductions under RCW 28A.400.007 and are part of the state's program of basic education.

(ii) Pursuant to RCW 28A.150.260(4)(a), the assumed teacher planning period, expressed as a percentage of a teacher work day, is 13.42 percent in grades K-6, and 16.67 percent in grades 7-12; and

1 (iii) Advanced placement and international baccalaureate courses
2 are funded at the same class size assumptions as general education
3 schools in the same grade; and

4 (d)(i) Funding for teacher librarians, school nurses, social
5 workers, school psychologists, and guidance counselors is allocated
6 based on the school prototypes as provided in RCW 28A.150.260, as
7 amended by Second Substitute House Bill No. 1664 (schools/support
8 funding), and is considered certificated instructional staff, except
9 as provided in (d)(ii) of this subsection.

11 score for all students in the 2018-19 school year, as determined by
12 the Washington school improvement framework among elementary schools,
13 middle schools, and other schools not serving students up to twelfth
14 grade, having enrollments greater than one hundred fifty students, in
15 addition to the allocation under (d)(i) of this subsection the
16 superintendent shall allocate additional funding for guidance

18 school year as follows:

19			
20	Guidance	0.307	0.512
21	counselors		

22 To receive additional allocations under this subsection
23 (2)(d)(ii)(A), a school eligible to receive the allocation must have
24 demonstrated actual staffing for guidance counselors for its
25 prototypical school level that meets or exceeds the staffing for
26 guidance counselors in (d)(i) of this subsection and this subsection
27 (2)(d)(ii)(A) for its prototypical school level. School districts
28 must distribute the additional guidance counselors allocation in this
29 subsection to the schools that generate the allocation. The
30 enhancement within this subsection is not part of the state's program
31 of basic education.

32 (B) For qualifying high-poverty schools in the 2022-23 school
33 year, at which more than 50 percent of the students were eligible for
34 free and reduced-price meals in the prior school year, in addition to
35 the allocation under (d)(i) of this subsection, the superintendent
36 shall allocate additional funding for guidance counselors for each
37 level of prototypical school as follows:

------------	--------	------

1 Allocations for classified staff units providing school building-
2 level and district-wide support services for the 2021-22 and 2022-23
3 school years are determined using the formula-generated staff units
4 provided in RCW 28A.150.260 and pursuant to this subsection, and
5 adjusted based on each district's annual average full-time equivalent
6 student enrollment in each grade.

7 (5) CENTRAL OFFICE ALLOCATIONS

8 In addition to classified and administrative staff units
9 allocated in subsections (3) and (4) of this section, classified and
10 administrative staff units are provided for the 2021-22 and 2022-23
11 school years for the central office administrative costs of operating
12 a school district, at the following rates:

13 (a) The total central office staff units provided in this
14 subsection (5) are calculated by first multiplying the total number
15 of eligible certificated instructional, certificated administrative,
16 and classified staff units providing school-based or district-wide
17 support services, as identified in RCW 28A.150.260(6)(b) and the
18 increased allocations provided pursuant to subsections (2) and (4) of
19 this section, by 5.3 percent.

20 (b) Of the central office staff units calculated in (a) of this
21 subsection, 74.53 percent are allocated as classified staff units, as

23 be allocated as administrative staff units, as generated in
24 subsection (3) of this section.

25 (c) Staff units generated as enhancements outside the program of
26 basic education to the minimum requirements of RCW 28A.150.260, and
27 staff units generated by skill center and career-technical students,
28 are excluded from the total central office staff units calculation in
29 (a) of this subsection.

30 (d) For students in approved career-technical and skill center
31 programs, central office classified units are allocated at the same
32 staff unit per student rate as those generated for general education
33 students of the same grade in this subsection (5), and central office
34 administrative staff units are allocated at staff unit per student
35 rates that exceed the general education rate established for students
36 in the same grade in this subsection (5) by 12.58 percent in the
37 2021-22 school year and 12.11 percent in the 2022-23 school year for
38 career and technical education students, and 17.92 percent in the

1 2021-22 school year and 17.42 percent in the 2022-23 school year for
2 skill center students.

7 subsections (2), (3), and (5) of this section, and a rate of 22.75

13 specified in section 506 of this act, based on the number of benefit
14 units determined as follows: Except for nonrepresented employees of
15 educational service districts, the number of calculated benefit units
16 determined below. Calculated benefit units are staff units multiplied
17 by the benefit allocation factors established in the collective
18 bargaining agreement referenced in section 934 of this act. These
19 factors are intended to adjust allocations so that, for the purpose
20 of distributing insurance benefits, full-time equivalent employees
21 may be calculated on the basis of 630 hours of work per year, with no
22 individual employee counted as more than one full-time equivalent.
23 The number of benefit units is determined as follows:

- 24 (a) The number of certificated staff units determined in
25 subsections (2), (3), and (5) of this section multiplied by 1.02; and
26 (b) The number of classified staff units determined in
27 subsections (4) and (5) of this section multiplied by 1.43.

28 (8) MATERIALS, SUPPLIES, AND OPERATING COSTS (MSOC) ALLOCATIONS

12 are provided to ensure a minimum level of staffing support.
13 Additional administrative and certificated instructional staff units
14 provided to districts in this subsection shall be reduced by the
15 general education staff units, excluding career and technical
16 education and skills center enhancement units, otherwise provided in
17 subsections (2) through (5) of this section on a per district basis.

18 adopted in a public meeting to reduce or delay any portion of its
19 basic education allocation for any school year. The superintendent of
20 public instruction shall approve such reduction or delay if it does
21 not impair the district's financial condition. Any delay shall not be

24 assistance pursuant to chapter 28A.500 RCW.

25 (15) The superintendent may distribute funding for the following
26 programs outside the basic education formula during fiscal years 2022
27 and 2023 as follows:

28 (a) \$650,000 of the general fund—state appropriation for fiscal
29 year 2022 and \$650,000 of the general fund—state appropriation for

32 established pursuant to chapter 52.04 RCW.

33 (b) \$436,000 of the general fund—state appropriation for fiscal
34 year 2022 and \$436,000 of the general fund—state appropriation for
35 fiscal year 2023 are provided solely for programs providing skills
36 training for secondary students who are enrolled in extended day
37 school-to-work programs, as approved by the superintendent of public
38 instruction. The funds shall be allocated at a rate not to exceed
39 \$500 per full-time equivalent student enrolled in those programs.

7 appropriations provided in section 501(5) of this act; funding for
8 career launch enrollment exceeding those appropriations is provided
9 in this section. The office of the superintendent of public
10 instruction shall provide a summary report to the office of the
11 governor and the appropriate committees of the legislature by January
12 1, 2022. The report must include the total FTE enrollment for career

18 school district and institution of higher education enrollment
19 consistent with the running start course requirements provided in
20 chapter 202, Laws of 2015 (dual credit education opportunities). In
21 calculating the combined 1.2 FTE, the office of the superintendent of
22 public instruction may average the participating student's September
23 through June enrollment to account for differences in the start and
24 end dates for courses provided by the high school and higher
25 education institution. Additionally, the office of the superintendent
26 of public instruction, in consultation with the state board for
27 community and technical colleges, the student achievement council,
28 and the education data center, shall annually track and report to the
29 fiscal committees of the legislature on the combined FTE experience
30 of students participating in the running start program, including
31 course load analyses at both the high school and community and
32 technical college system. The office of the superintendent of public
33 instruction must adopt rules to fund the participating student's
34 enrollment in running start courses during the summer term.

35 (19) If two or more school districts consolidate and each
36 district was receiving additional basic education formula staff units
37 pursuant to subsection (13) of this section, the following apply:

38 (a) For three school years following consolidation, the number of
39 basic education formula staff units shall not be less than the number

1 of basic education formula staff units received by the districts in
2 the school year prior to the consolidation; and

3 (b) For the fourth through eighth school years following
4 consolidation, the difference between the basic education formula
5 staff units received by the districts for the school year prior to
6 consolidation and the basic education formula staff units after
7 consolidation pursuant to subsection (13) of this section shall be
8 reduced in increments of twenty percent per year.

14 secondary career and technical education programs are considered
15 separate programs for funding and financial reporting purposes under
16 this section.

17 (b) Career and technical education program full-time equivalent
18 enrollment shall be reported on the same monthly basis as the
19 enrollment for students eligible for basic support, and payments
20 shall be adjusted for reported career and technical education program
21 enrollments on the same monthly basis as those adjustments for
22 enrollment for students eligible for basic support.

23 (21) Funding in this section is sufficient to provide full
24 general apportionment payments to school districts eligible for
25 federal forest revenues as provided in RCW 28A.520.020. For the
26 2021-2023 biennium, general apportionment payments are not reduced
27 for school districts receiving federal forest revenues.

28 (22) \$16,211,000 of the general fund—state appropriation for
29 fiscal year 2022 is provided solely to ensure that school districts

32 allocations to school districts and may be used according to the
33 allowable uses defined in section 2001(2)(e) of the American rescue
34 plan act of 2021, P.L. 117-2. Prior to receiving funds, a school
35 district must submit an academic and student well-being recovery plan
36 to the office of the superintendent of public instruction as required
37 in section 12(3), chapter 3, Laws of 2021, and must also report
38 progress on implementing the plan in a manner identified by the
39 superintendent.

1 (a) The office of the superintendent of public instruction must
2 calculate a relief per pupil amount for each district defined as: The
3 quotient from dividing the total funding allocated to each district
4 from the federal relief funds, as defined in (b) of this subsection,
5 by a school district's total enrollment as defined in (c) of this
6 subsection. A school district with a relief per pupil amount less
7 than \$500 shall receive the difference between \$500 and the relief
8 per pupil amount, multiplied by the school district's total
9 enrollment.

10 (b) For the purposes of this subsection, federal relief funds
11 allocated to school districts include:

12 (i) Subgrants authorized under section 18003, the coronavirus
13 aid, relief, and economic security act, P.L. 116-136;

14 (ii) Subgrants authorized under section 313, the coronavirus
15 response and relief supplemental appropriations act, P.L. 116-260;
16 and

17 (iii) Subgrants authorized under section 2001, the American
18 rescue plan act of 2021, P.L. 117-2.

19 (c) For the purposes of this subsection, a school district's
20 total enrollment means the district's 2019-20 school year annual
21 average full-time equivalent student enrollment, excluding full-time
22 equivalent student enrollments for which funds are separately
23 calculated and allocated under RCW 28A.232.020, 28A.600.310(4),
24 28A.245.020, and 28A.175.110.

25 (d) For the purposes of this subsection, this subsection applies
26 to state-tribal compact schools established under chapter 28A.715
27 RCW.

28 (23) \$14,859,000 of the general fund—state appropriation for

38 after July 1, 2021, as determined by the student's individualized
39 education plan team. The extension of these services does not reduce

1 or supplant any other services for which the individual would be
2 eligible. Allocations for this purpose may not exceed the amounts
3 provided in this subsection. The office of the superintendent of
4 public instruction may adopt formulas and procedures to define a per-
5 student amount to be provided to students that meet the criteria, so

1 The appropriations in this section are subject to the following
2 conditions and limitations:

3 (1) In response to the COVID-19 pandemic, Washington state
4 agencies rapidly implemented telework for employees whose job duties
5 did not require on-site presence. This shift in state government
6 operations has led to agencies' reevaluation of the amount of
7 physical office space they will require as they implement hybrid work
8 environments and adopt expanded telework opportunities. The
9 appropriations in this section reflect adjustments in agency
10 appropriations related to office space reductions to be achieved from
11 hybrid work, telework, and the strategy provided in this section. The
12 office of financial management shall adjust allotments in the amounts
13 specified, and to the state agencies specified, in LEAP omnibus
14 document LSSV-2023, dated March 23, 2023, and adjust appropriation
15 schedules accordingly.

16 (2) To meet the goal of efficient use of state funds and office
17 space, state agencies, institutions of higher education, and
18 separately elected officials must adhere to the office of financial
19 management's statewide space use policy, data integrity and system
20 access policy, inventory policy, and the human resource management
21 system data validation guide to ensure space use data is complete,
22 accurate, and consistent for reporting and analysis.

23 (3) State agencies, institutions of higher education, and
24 separately elected officials with leases expiring in fiscal years
25 2024 and 2025 must work toward reducing leased office space a minimum
26 of 20 percent upon lease renewal or when requesting office
27 relocation. Reductions in lease costs will be reflected in subsequent
28 budgets.

29 (4) It is the intent of the legislature that state agencies,
30 institutions of higher education, and separately elected officials
31 with leases expiring in fiscal years 2026 and 2027 work to reduce
32 their office space portfolio a minimum of 30 percent upon lease
33 renewal or when requesting office relocation. The reductions in costs
34 will be reflected in subsequent budgets.

35 (5) State agencies must:

36 (a) Work with the office of financial management's facilities
37 oversight and planning program and the department of enterprise
38 services to backfill office space and reduce full leases;

1 (b) Update monthly the office of financial management's
2 facilities portfolio management tool to maximize collocation
3 opportunities and better inform decision making;

4 (c) Update telework and employee location data monthly in the
5 human resource management system to reflect office space use and
6 needs; and

7 (d) Maintain a telework policy in accordance with executive order
8 16-07, building a modern work environment.

25 and health disparities improvement account created in RCW 70A.65.280,
26 the climate transit programs account created in RCW 46.68.500, or the
27 climate active transportation account created in RCW 46.68.490, must:

28 (a) Report annually to the environmental justice council created
29 in RCW 70A.02.110 regarding progress toward meeting environmental
30 justice and environmental health goals;

31 (b) Consider recommendations by the environmental justice
32 council; and

33 (c) (i) If the agency is not a covered agency subject to the
34 requirements of chapter 70A.02 RCW, create and adopt a community
35 engagement plan to describe how it will engage with overburdened
36 communities and vulnerable populations in allocating funds or
37 administering grants or programs from the climate investment account.
38 During the 2021-2023 fiscal biennium, the office of financial
39 management and the environmental and land use hearings office are

1 exempted from the requirement to create and adopt a community
2 engagement plan.

3 (ii) The plan must include methods for outreach and communication
4 with those who face barriers, language or otherwise, to
5 participation.

6 **Sec. 1903.** RCW 74.46.561 and 2022 c 297 s 966 are each amended
7 to read as follows:

8 (1) The legislature adopts a new system for establishing nursing
9 home payment rates beginning July 1, 2016. Any payments to nursing
10 homes for services provided after June 30, 2016, must be based on the
11 new system. The new system must be designed in such a manner as to
12 decrease administrative complexity associated with the payment
13 methodology, reward nursing homes providing care for high acuity
14 residents, incentivize quality care for residents of nursing homes,
15 and establish minimum staffing standards for direct care.

16 (2) The new system must be based primarily on industry-wide
17 costs, and have three main components: Direct care, indirect care,
18 and capital.

19 (3) (a) The direct care component must include the direct care and
20 therapy care components of the previous system, along with food,
21 laundry, and dietary services. ~~((Direct))~~ Except as provided in (b)
22 of this subsection, direct care must be paid at a fixed rate, based
23 on one hundred percent or greater of statewide case mix neutral
24 median costs, but ~~((for fiscal year 2023))~~ shall be capped so that a
25 nursing home provider's direct care rate does not exceed ~~((165))~~ 118
26 percent of its base year's direct care allowable costs except if the
27 provider is below the minimum staffing standard established in RCW
28 74.42.360(2). The legislature intends to remove the cap on direct
29 care rates by June 30, 2027. Direct care must be performance-adjusted
30 for acuity every six months, using case mix principles. Direct care
31 must be regionally adjusted using countywide wage index information
32 available through the United States department of labor's bureau of
33 labor statistics. There is no minimum occupancy for direct care. The
34 direct care component rate allocations calculated in accordance with
35 this section must be adjusted to the extent necessary to comply with
36 RCW 74.46.421.

37 (b) Unless a nursing home provider is below the minimum staffing
38 standard established in RCW 74.42.360(2), a provider's direct care
39 rate relative to its base year's direct care allowable costs must be

1 capped as follows: For fiscal year 2023, the cap must not exceed 165
2 percent.

3 (4) (a) The indirect care component must include the elements of
4 administrative expenses, maintenance costs, and housekeeping services
5 from the previous system. ((A)) Except as provided in (b) of this
6 subsection, a minimum occupancy assumption of ninety percent must be
7 applied to indirect care(, ~~except during fiscal year 2023 when the~~
8 ~~minimum occupancy assumption must be 75 percent~~)). Indirect care must
9 be paid at a fixed rate, based on ninety percent or greater of
10 statewide median costs. The indirect care component rate allocations
11 calculated in accordance with this section must be adjusted to the
12 extent necessary to comply with RCW 74.46.421.

13 (b) A minimum occupancy assumption must be applied to indirect
14 care as follows: For fiscal year 2023, the assumption must be 75
15 percent.

16 (5) The capital component must use a fair market rental system to
17 set a price per bed. The capital component must be adjusted for the
18 age of the facility, and must use a minimum occupancy assumption of
19 ninety percent.

20 (a) Beginning July 1, 2016, the fair rental rate allocation for
21 each facility must be determined by multiplying the allowable nursing
22 home square footage in (c) of this subsection by the RSMMeans rental
23 rate in (d) of this subsection and by the number of licensed beds
24 yielding the gross unadjusted building value. An equipment allowance
25 of ten percent must be added to the unadjusted building value. The
26 sum of the unadjusted building value and equipment allowance must
27 then be reduced by the average age of the facility as determined by
28 (e) of this subsection using a depreciation rate of one and one-half
29 percent. The depreciated building and equipment plus land valued at
30 ten percent of the gross unadjusted building value before
31 depreciation must then be multiplied by the rental rate at seven and
32 one-half percent to yield an allowable fair rental value for the
33 land, building, and equipment.

34 (b) The fair rental value determined in (a) of this subsection
35 must be divided by the greater of the actual total facility census
36 from the prior full calendar year or imputed census based on the
37 number of licensed beds at ninety percent occupancy.

38 (c) For the rate year beginning July 1, 2016, all facilities must
39 be reimbursed using four hundred square feet. For the rate year
40 beginning July 1, 2017, allowable nursing facility square footage

1 must be determined using the total nursing facility square footage as
2 reported on the medicaid cost reports submitted to the department in
3 compliance with this chapter. The maximum allowable square feet per
4 bed may not exceed four hundred fifty.

5 (d) Each facility must be paid at eighty-three percent or greater
6 of the median nursing facility RSMeans construction index value per
7 square foot. The department may use updated RSMeans construction
8 index information when more recent square footage data becomes
9 available. The statewide value per square foot must be indexed based
10 on facility zip code by multiplying the statewide value per square
11 foot times the appropriate zip code based index. For the purpose of
12 implementing this section, the value per square foot effective July
13 1, 2016, must be set so that the weighted average fair rental value
14 rate is not less than ten dollars and eighty cents per patient day.
15 The capital component rate allocations calculated in accordance with
16 this section must be adjusted to the extent necessary to comply with
17 RCW 74.46.421.

18 (e) The average age is the actual facility age reduced for
19 significant renovations. Significant renovations are defined as those
20 renovations that exceed two thousand dollars per bed in a calendar
21 year as reported on the annual cost report submitted in accordance
22 with this chapter. For the rate beginning July 1, 2016, the
23 department shall use renovation data back to 1994 as submitted on
24 facility cost reports. Beginning July 1, 2016, facility ages must be
25 reduced in future years if the value of the renovation completed in
26 any year exceeds two thousand dollars times the number of licensed
27 beds. The cost of the renovation must be divided by the accumulated
28 depreciation per bed in the year of the renovation to determine the
29 equivalent number of new replacement beds. The new age for the
30 facility is a weighted average with the replacement bed equivalents
31 reflecting an age of zero and the existing licensed beds, minus the
32 new bed equivalents, reflecting their age in the year of the
33 renovation. At no time may the depreciated age be less than zero or
34 greater than forty-four years.

35 (f) A nursing facility's capital component rate allocation must
36 be rebased annually, effective July 1, 2016, in accordance with this
37 section and this chapter.

38 (g) For the purposes of this subsection (5), "RSMeans" means
39 building construction costs data as published by Gordian.

1 (6) A quality incentive must be offered as a rate enhancement
2 beginning July 1, 2016.

3 (a) An enhancement no larger than five percent and no less than
4 one percent of the statewide average daily rate must be paid to
5 facilities that meet or exceed the standard established for the
6 quality incentive. All providers must have the opportunity to earn
7 the full quality incentive payment.

8 (b) The quality incentive component must be determined by
9 calculating an overall facility quality score composed of four to six
10 quality measures. For fiscal year 2017 there shall be four quality
11 measures, and for fiscal year 2018 there shall be six quality
12 measures. Initially, the quality incentive component must be based on
13 minimum data set quality measures for the percentage of long-stay
14 residents who self-report moderate to severe pain, the percentage of
15 high-risk long-stay residents with pressure ulcers, the percentage of
16 long-stay residents experiencing one or more falls with major injury,
17 and the percentage of long-stay residents with a urinary tract
18 infection. Quality measures must be reviewed on an annual basis by a
19 stakeholder work group established by the department. Upon review,
20 quality measures may be added or changed. The department may risk
21 adjust individual quality measures as it deems appropriate.

22 (c) The facility quality score must be point based, using at a
23 minimum the facility's most recent available three-quarter average
24 centers for medicare and medicaid services quality data. Point
25 thresholds for each quality measure must be established using the
26 corresponding statistical values for the quality measure point
27 determinants of eighty quality measure points, sixty quality measure
28 points, forty quality measure points, and twenty quality measure
29 points, identified in the most recent available five-star quality
30 rating system technical user's guide published by the centers for
31 medicare and medicaid services.

32 (d) Facilities meeting or exceeding the highest performance
33 threshold (top level) for a quality measure receive twenty-five
34 points. Facilities meeting the second highest performance threshold
35 receive twenty points. Facilities meeting the third level of
36 performance threshold receive fifteen points. Facilities in the
37 bottom performance threshold level receive no points. Points from all
38 quality measures must then be summed into a single aggregate quality
39 score for each facility.

1 (e) Facilities receiving an aggregate quality score of eighty
2 percent of the overall available total score or higher must be placed
3 in the highest tier (tier V), facilities receiving an aggregate score
4 of between seventy and seventy-nine percent of the overall available
5 total score must be placed in the second highest tier (tier IV),
6 facilities receiving an aggregate score of between sixty and sixty-
7 nine percent of the overall available total score must be placed in
8 the third highest tier (tier III), facilities receiving an aggregate
9 score of between fifty and fifty-nine percent of the overall
10 available total score must be placed in the fourth highest tier (tier
11 II), and facilities receiving less than fifty percent of the overall
12 available total score must be placed in the lowest tier (tier I).

13 (f) The tier system must be used to determine the amount of each
14 facility's per patient day quality incentive component. The per
15 patient day quality incentive component for tier IV is seventy-five
16 percent of the per patient day quality incentive component for tier
17 V, the per patient day quality incentive component for tier III is
18 fifty percent of the per patient day quality incentive component for
19 tier V, and the per patient day quality incentive component for tier
20 II is twenty-five percent of the per patient day quality incentive
21 component for tier V. Facilities in tier I receive no quality
22 incentive component.

23 (g) Tier system payments must be set in a manner that ensures
24 that the entire biennial appropriation for the quality incentive
25 program is allocated.

26 (h) Facilities with insufficient three-quarter average centers
27 for medicare and medicaid services quality data must be assigned to
28 the tier corresponding to their five-star quality rating. Facilities
29 with a five-star quality rating must be assigned to the highest tier
30 (tier V) and facilities with a one-star quality rating must be
31 assigned to the lowest tier (tier I). The use of a facility's five-
32 star quality rating shall only occur in the case of insufficient
33 centers for medicare and medicaid services minimum data set
34 information.

35 (i) The quality incentive rates must be adjusted semiannually on
36 July 1 and January 1 of each year using, at a minimum, the most
37 recent available three-quarter average centers for medicare and
38 medicaid services quality data.

39 (j) Beginning July 1, 2017, the percentage of short-stay
40 residents who newly received an antipsychotic medication must be

1 added as a quality measure. The department must determine the quality
2 incentive thresholds for this quality measure in a manner consistent
3 with those outlined in (b) through (h) of this subsection using the
4 centers for medicare and medicaid services quality data.

5 (k) Beginning July 1, 2017, the percentage of direct care staff
6 turnover must be added as a quality measure using the centers for
7 medicare and medicaid services' payroll-based journal and nursing
8 home facility payroll data. Turnover is defined as an employee
9 departure. The department must determine the quality incentive
10 thresholds for this quality measure using data from the centers for
11 medicare and medicaid services' payroll-based journal, unless such
12 data is not available, in which case the department shall use direct
13 care staffing turnover data from the most recent medicaid cost
14 report.

15 (7) Reimbursement of the safety net assessment imposed by chapter
16 74.48 RCW and paid in relation to medicaid residents must be
17 continued.

18 (8)(a) The direct care and indirect care components must be
19 rebased in even-numbered years, beginning with rates paid on July 1,
20 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar
21 year cost report. On a percentage basis, after rebasing, the
22 department must confirm that the statewide average daily rate has
23 increased at least as much as the average rate of inflation, as
24 determined by the skilled nursing facility market basket index
25 published by the centers for medicare and medicaid services, or a
26 comparable index. If after rebasing, the percentage increase to the
27 statewide average daily rate is less than the average rate of
28 inflation for the same time period, the department is authorized to
29 increase rates by the difference between the percentage increase
30 after rebasing and the average rate of inflation.

31 (b) It is the intention of the legislature that direct and
32 indirect care rates paid in fiscal year 2022 will be rebased using
33 the calendar year 2019 cost reports. For fiscal year 2021, in
34 addition to the rates generated by (a) of this subsection, an
35 additional adjustment is provided as established in this subsection
36 (8)(b). Beginning May 1, 2020, and through June 30, 2021, the
37 calendar year costs must be adjusted for inflation by a twenty-four
38 month consumer price index, based on the most recently available
39 monthly index for all urban consumers, as published by the bureau of
40 labor statistics. It is also the intent of the legislature that,

1 starting in fiscal year 2022, a facility-specific rate add-on equal
2 to the inflation adjustment that facilities received solely in fiscal
3 year 2021, must be added to the rate.

4 (c) To determine the necessity of regular inflationary
5 adjustments to the nursing facility rates, by December 1, 2020, the
6 department shall provide the appropriate policy and fiscal committees
7 of the legislature with a report that provides a review of rates paid
8 in 2017, 2018, and 2019 in comparison to costs incurred by nursing
9 facilities.

10 (9) The direct care component provided in subsection (3) of this
11 section is subject to the reconciliation and settlement process
12 provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to
13 rules established by the department, funds that are received through
14 the reconciliation and settlement process provided in RCW
15 74.46.022(6) must be used for technical assistance, specialized
16 training, or an increase to the quality enhancement established in
17 subsection (6) of this section. The legislature intends to review the
18 utility of maintaining the reconciliation and settlement process
19 under a price-based payment methodology, and may discontinue the
20 reconciliation and settlement process after the 2017-2019 fiscal
21 biennium.

22 (10) Compared to the rate in effect June 30, 2016, including all
23 cost components and rate add-ons, no facility may receive a rate
24 reduction of more than one percent on July 1, 2016, more than two
25 percent on July 1, 2017, or more than five percent on July 1, 2018.
26 To ensure that the appropriation for nursing homes remains cost
27 neutral, the department is authorized to cap the rate increase for
28 facilities in fiscal years 2017, 2018, and 2019.

29 **Sec. 1904.** 2021 c 334 s 747 (uncodified) is amended to read as
30 follows:

31 **FOR THE STATE TREASURER—TEACHERS' RETIREMENT SYSTEM PLAN 1 FUND**

32 General Fund—State Appropriation (FY 2023)	((\$800,000,000))
	<u>\$250,000,000</u>
34 TOTAL APPROPRIATION.	((\$800,000,000))
	<u>\$250,000,000</u>

35

36 The appropriation in this section is subject to the following
37 conditions and limitations: The entire general fund—state
38 appropriation is provided solely for expenditure on June 30, 2023,

1 into the teachers' retirement system plan 1 fund, to be applied to
2 the unfunded actuarial accrued liability.

3 NEW SECTION. **Sec. 1905.** If any provision of this act or its
4 application to any person or circumstance is held invalid, the
5 remainder of the act or the application of the provision to other
6 persons or circumstances is not affected.

7 NEW SECTION. **Sec. 1906.** This act is necessary for the immediate
8 preservation of the public peace, health, or safety, or support of
9 the state government and its existing public institutions, and takes
10 effect immediately.
