Note: The data in these renderings come from the S-275 Personnel databases at http://k12.wa.us/safs/db.asp (see http://k12.wa.us/safs/INS/PER/1617/S-275-2016-17.pdf for details). The data include full-time and part-time staff, and staff that did not work the entire school year. The data for part-time staff have not been annualized.

This report excludes on-leave staff for both certificated and classified categories (averaging less than 70 FTEs combined since School Year 2010-11). For staff with multiple duty assignments, the assignment categories with the greatest two FTE values were appended. For staff with multiple district assignments, the report displays the total final salary for each district. Click on the employee name to see a summary of the total final salary for an individual that summarizes the district salaries. Use filters to limit the data displayed.
