Central Service Agency Charges** - The Department of Personnel billings to agencies will increase to cover costs, including the Human Resource Management System project delay costs, related to implementing the staggered pay raise. Office of Financial Management billings to agencies for statewide systems will increase to support the completion of the Roadmap Feasibility Study and improvements to the state's capital budgeting systems. Funding is provided to agencies to reflect these costs.
- 4. Affordable Housing Program #** - Appropriation authority and FTEs are provided for the implementation of Engrossed Second Substitute House Bill 2418 (affordable housing). If this legislation is not enacted by June 30, 2006 the funding will lapse. (Housing Trust Fund- State)
- 5. Aerospace Industry Outreach** - Funding is provided for a new position in the Economic Development Division. This position will be responsible for completing the requirements of the Master Site Agreement between the state and Boeing and implementing a statewide aerospace industry strategy.
- 6. CTED Administration Assistance** - Funding is provided to facilitate the transition of CTED's Early Childhood Assistance Program to the newly created Early Learning Department, a cabinet level agency.
- 7. Public Works Board Client Services** - The Drinking Water State Revolving Fund (DWSRF) program makes low-interest loans to improve domestic water systems. Capital funds are provided by an annual grant from the Environmental Protection Agency (EPA) and matching funds from the Public Works Assistance Account (PWAA). Administrative funds are provided in the annual EPA grant, PWAA, and Drinking Water Assistance Administrative Account. The annual grant from the federal Environmental Protection Agency will decrease in FY 2007. Additionally, the number of loans made by the program is increasing as repayment revenues from previous loans are loaned out again. Additional funds from the Drinking Water Assistance Administrative Account and the PWAA will offset the decrease in federal funding. (Drinking Water Assistance Administrative Account-State, Public Works Assistance Account-State)
- 8. Dept of Archaeology Grant** - The Department of Archaeology and Historic Preservation Department (DAHP) was created, and split apart from the Department of Community, Trade, and Economic Development (CTED) during the 2005 legislative session. The federal National Parks Service has two open grants with CTED, and was unwilling to transfer spending authority to DAHP. These amounts represent a one-time budget transfer of the federal grant funds back to CTED.
- 9. ECEAP to Dept of Early Learning** - The Early Childhood Education Assistance Program (ECEAP) is transferred to the newly created Department of Early Learning, a cabinet level agency.
- 10. Employment Resource Center** - Funding is provided for lease costs associated with the Employment Resource Center required by the Master Site Agreement negotiated in 2003. The Center is located close to Paine Field in Everett, and will house the workforce training program for the 787 Dreamliner and its suppliers. An Employment Security WorkSource office will be located in the building to provide employment, training, and business services to job seekers and employers in the aerospace and other industries.
- 11. Buildable Lands** - Funding is provided to the Suburban Cities Association to fully fund a Buildable Lands Program Manager Position.
- 12. Cluster Based Economic Development#** - Funding is provided for Second Substitute House Bill 2498 (cluster based economic development). If this legislation is not enacted by June 30, 2006 the funding will lapse.
- 13. County Prosecutor Victim/Witness** - Funding is allocated to provide each county with an additional 0.5 FTE for prosecutors' victim/witness units.
- 14. Energy Facilities #** - Funding is provided for Substitute House Bill 2402 (energy facilities). If the legislation is not enacted by June 30, 2006 the funding will lapse.
- 15. EFSEC Rule Making** - The Energy Facilities Siting and Evaluation Council is provided funding for rule-making required under RCW 80.70.070, the carbon dioxide mitigation statute.
- 16. Asset Building Pilot** - One-time funding is provided for an asset building pilot program and an earned income tax credit marketing campaign pursuant to House Bill 3156 (low-income persons). If this bill is not enacted by June, 30 2007 the amount provided shall lapse.

- 17. Transfer of Development Rights** - Funding is provided a pilot demonstration project to examine the use of transfer of development rights projects in the state. A minimum of two projects must be established under the direction and administration of the legislative authority of the county hosting the project. Projects may receive no more than \$100,000.
- 18. 2010 Olympic Games** - The 2010 Winter Olympic Games in Vancouver, British Columbia, present an opportunity for business, marketing, and tourism in Washington State. Funding is provided for the Department to coordinate efforts geared towards the 2010 Olympics with the regional effort being conducted by the Pacific Northwest Economic Region, a statutory committee.
- 19. Weed and Seed** - One-time funding is provided to mitigate a Department of Justice (DOJ) lapse in funds due to a federal audit finding on the DOJ. Weed and Seed is a community capacity building program that assists communities in addressing violent crime, gang activity, and drug trafficking in neighborhoods. Three programs (two in Seattle and one in Rochester) that are experiencing the lapse in federal funds will be funded by the state in FY 2007.
- 20. Main Streets Revitalization** - The Main Streets Revitalization program will help implement the new commercial district tax credit incentive program created by Chapter 514, Laws of 2005 (ESHB 2314). Funding is provided to support an advisory committee; a tax incentive program to be developed in cooperation with the Department of Revenue; and for the review of applications for the Business and Occupation tax credit.
- 21. Poulsbo Marine Science Center** - Funding is provided to the City of Poulsbo for the reopening of the Poulsbo Marine Science Center as an educational facility on the Puget Sound marine environment.
- 22. Daybreak Star Cultural Center** - One-time funding is provided to the Daybreak Star Cultural Center in Discovery Park for an upgrade of the Center's electrical system.
- 23. NW Agriculture Incubator** - The funding for the NW Agriculture Incubator is adjusted. The sum of \$60,000 of the general fund-state appropriation is transferred from FY 2006 to FY 2007, and the funding for FY 2007 is increased by an additional \$50,000.
- 24. Sexual Assault Services** - Funding is provided for sexual assault victim advocates' programs. The funding is for core services, such as a 24 hour hotline, crisis intervention advocates, legal, medical and general advocacy; specialized therapy and social work services; services targeted to underserved populations; and prevention and community education.
- 25. State Birding Trail** - One-time funding is provided for the Olympic Loop of the Great Washington State Birding Trail. CTED, in partnership with the Washington Department of Fish and Wildlife, the Washington State Department of Transportation, the State Parks Commission, and Audubon Washington, will create a statewide trail network to attract nature tourists to Washington state. The Olympic Loop is the fourth loop of the planned seven loop trail.
- 26. Court Appointed Special Advocate** - Funding is provided to increase the support provided for Dependency Court Appointed Special Advocate (CASA)/ Guardian ad Litem (GAL) programs serving abused and neglected children throughout the state. Funds will be distributed to local CASA programs in accordance with a formula established by the state's juvenile court administrators.
- 27. Community Services Block Grant** - Funding is provided to enhance federal appropriations to assist community action agencies.
- 28. Small Business Incubator #** - Funding is provided for Third Substitute House Bill No. 1815 (small business incubator). If this legislation is not enacted by June 30, 2006 the funding in this bill will lapse.
- 29. Dead Sea Scrolls** - One-time funding is provided to assist with a variety of components related to the Dead Sea Scrolls exhibition at the Pacific Science Center in September of 2006.
- 30. Domestic Violence Restoration** - Federal reductions in the Justice Assistance Grant has resulted in reduced funding for domestic violence legal advocacy. The grant has been reduced by 40 percent since FY 2004. Additional one-time state funding is provided to mitigate the reductions. A total of \$700,000 is provided for FY 2007, which includes an appropriation of \$170,000 provided in the 2005-2007 enacted operating budget.

Office of Financial Management billings to agencies for statewide systems will increase to support the completion of the Roadmap Feasibility Study and improvements to the state's capital budgeting systems. Funding is provided to agencies to reflect these costs.

**4. Roadmap Feasibility Study** - The roadmap process identifies the business value that can be achieved through the statewide adoption of best business practices in areas such as procurement, budgeting, asset management and accounting. Funding is provided to complete the feasibility study that identifies alternatives, costs, benefits, and risks. The study will recommend options that provide the best value to the state. (Data Processing Revolving Account-Nonappropriated)

**5. WorkFirst Performance Team Funding** - Funding to maintain the WorkFirst Performance Team within the Office of Financial Management is permanently transferred from the Department of Social and Health Services.

**6. Capital Budget System Replacement** - The Office of Financial Management, in support of a Joint Legislative Audit and Review Committee study, has completed a review of the state's capital budgeting process. The review confirmed that current systems do not adequately support the process. This investment will improve capital budgeting and monitoring systems, streamline budget development tasks, and provide more information needed for decision-making. (Data Processing Revolving Account-Nonappropriated)

**7. Fiscal Note Analysis** - One-time funding is provided for contracted technical support to the Sentencing Guidelines Commission to assist in preparing fiscal notes on criminal justice legislation. In addition, funding is provided for a project team comprised of legislative and executive branch fiscal staff to review the estimation process for criminal justice sentencing legislation. The review team will utilize a contractor to assist in making recommendations with regard to the data, tools and responsibilities for best determining the bed impact to prisons and jails of policy proposals.

**8. Washington State Quality Award Prog** - Funding is provided for the Washington State Quality Award program to assist agencies in obtaining the goals of the Washington state quality award for an independent assessment of its quality management, accountability, and performance system.

**9. Child Care Collective Bargaining** - Funding is provided to support the collective bargaining process established under Engrossed Second Substitute House Bill 2353 (family child care providers).

**10. Management&Accountability Proposal#** - Funding is provided for Substitute House Bill No. 3109 (government performance). If this legislation is not enacted by June 30, 2006 the funding will lapse.

**11. Policy and Consensus Center** - Farmers are being asked to improve their environmental stewardship practices while they are also striving to maintain the economic viability of their farming operations. Pilot projects will be identified to demonstrate ways to improve both the economic bottom line for farmers and environmental outcomes. The Washington State University and University of Washington Policy Consensus Center (PCC) will provide project coordination and technical assistance to the Office of Financial Management (OFM) and other state agencies to work with interested parties in this effort.

**12. Capital Predesign Evaluations** - Funding is provided to evaluate five major capital project predesigns in the 2005-07 biennium. Selected projects are estimated to cost \$5 million or more and represent a variety of agencies and project complexity. The goal of these studies is to identify cost savings early in the process on a variety of projects, and to obtain better cost estimates for use in future budget proposals. OFM will contract with a team of experts to perform an in-depth evaluation of statutorily-required elements of a project.

**13. Regulatory Improvements** - The Office of Regulatory Assistance (ORA) provides facilitation, coordination, and education to improve citizen and business interactions related to state regulatory and rulemaking processes. Funding will support the Governor's Regulatory Improvement Program within ORA to improve the state's regulatory climate. ORA, in coordination with the Departments of Ecology, Fish and Wildlife, and key business licensing, taxing, and regulatory agencies, will begin implementing specific actions including expanded integration of state and local government permit teams for combined environmental review (including private development projects); expanded use of programmatic and general permits; deployment of a single portal for businesses to apply for and track permits and licenses, pay taxes, and obtain relevant regulatory information; and implementation of a broader Wetland or Conservation Banking Offsite Mitigation program.

**14. Parks Capital Study** - Washington's state parks system requires capital funding for new parks, preservation of existing parks, deferred maintenance, and other capital improvements. One-time funding is provided for a contracted study of the state parks' capital budget program. The scope of the study will include, but not be limited to, processes for identifying and scoping proposed capital projects, management and administration of funded projects, and implementation of best management practices. Study recommendations will help shape implementation of the agency's 2007-09 capital budget.

**5. High Performance Public Buildings** - Funding and staff are added to support the High Performance Public Buildings legislation enacted in the 2005 legislative session.

**6. Resource Conservation Manager** - Although the Department of General Administration has achieved considerable energy savings on the capitol campus, opportunities for additional savings are not being realized because no single person has the sole responsibility for maximizing utility savings. The community college campuses also have great potential to generate energy savings. In cooperation with private utilities, the department will hire two resource conservation managers to achieve additional electrical and natural gas savings on the capitol campus and on community college campuses across the state.

**2. Federal Funding Adjustment** - During the 2005 session the Department of Archaeology and Historic Preservation (DAHP) was created. The functions of the new Department had previously been in CTED. CTED's current biennium budget federal spending authority was reduced accordingly. The National Park Service currently has two grants open with CTED, and will not re-assign those grants to DAHP. CTED needs additional authority to provide the grant funds to DAHP via interagency agreement. A corresponding, one-time reduction of \$529,000 is made to DAHP. (General Fund - Federal)

**1. Pension Plan 1 Unfunded Liabilities** - A contribution is made for FY 2007 for the unfunded actuarial accrued liabilities of the Public Employees' Retirement System Plan 1 and Teachers' Retirement System Plan 1.

**2. Classification Revisions** - This item reflects changes in the cost of state merit system classifications resulting from implementation of collective bargaining agreements and personnel rules. Revisions appear in various agencies, netting a savings of \$586,000 statewide.

**3. Central Service Agency Charges** - The Department of Personnel billings to agencies will increase to cover costs, including the Human Resource Management System project delay costs, related to implementing the staggered pay raise. Office of Financial Management billings to agencies for statewide systems will increase to support the completion of the Roadmap Feasibility Study and improvements to the state's capital budgeting systems. Funding is provided to agencies to reflect these costs.

**4. Electrical Inspectors** - Since Fiscal Year 2001, the number of electrical inspections requested per day has increased by 36 percent. With this increase, the number of inspections performed within 24 hours of customer request has decreased to a level that is unacceptable to electrical program stakeholders. Given the increase in workload, eight electrical inspector FTEs are provided to meet this goal. (Electrical License Account-State)

**5. New Technology to Combat Fraud** - Funding is provided to implement an additional fraud detecting technology known as the Employer Audit Technology and Referral System by July of 2007. The new system will allow for automation of several auditing tasks currently performed manually. One-time costs are \$662,000. (Accident Account-State, Medical Aid Account-State)

**6. Agricultural Workers #** - Funding is provided for Engrossed House Bill 2623 (agricultural workers). If this legislation is not enacted by June 30, 2006 the amounts provided shall lapse.

**7. Agriculture Cholinesterase Funding** - The sum of \$1.6 million per year is provided from the Medical Aid Fund for growers who are impacted by the cholinesterase monitoring regulation. The funding is to be used to defray the cost of medical monitoring by health care providers and blood testing by the state public health lab. (Medical Aid Fund- State)

**2005-07 Revised Omnibus Operating Budget (2006 Supp)**  
**Department of Labor and Industries**

**8. Electrical Trainees (HB 1841)** - Funding is provided for Substitute House Bill No. 1841 (electrical trainees). If this legislation is not passed by June 30, 2006 the funding lapses.

**9. Crime Victims Compensation Payments** - Additional funding is provided for three items in the Crime Victims Compensation program. First, HB 2612 (Failure to Secure a Load) expands eligibility for crime victims compensation to victims of vehicular crimes resulting from failure to secure a load. Second, by statute, the Crime Victims Compensation Program's rates for inpatient hospitalization cannot be lower than those paid by the Department of Social and Health Services. The rates for the Medicaid program were increased in the 2005-07 Biennium. Third, funding to restore the program's reimbursement rates for mental health care to worker's compensation rates beginning in fiscal year 2007 is included. (Public Safety and Education Account-State)

**10. National Provider Identification** - Funding is provided for the Department to implement the National Provider Identification (NPI) code throughout its medical claims computer systems. The federal Health Insurance Portability and Accountability Act (HIPAA) requires the use of an NPI code for medical providers by May 2007. Implementation costs are one-time, but there will be ongoing costs of \$129,000 for main-frame usage and data storage. (Public Safety and Education Account-State, Medical Aid Account-State)

**11. Crime Victims-Unsecured Loads #** - Funding is provided for House Bill No. 2612 (failure to secure a load). If this legislation is not enacted by June 30, 2006 the funding will lapse. (Public Safety and Education Account-State)

**1. Expansion of Referral Registry** - Chapter 3, Laws of 2002 (Initiative 775) directed the Home Care Quality Authority (HCQA) to establish a referral registry of individual providers and prospective individual providers of home care services. The HCQA has identified general fund savings of \$195,000 in FY 2006 that can be transferred to FY 2007 to establish additional referral registry sites. An additional \$112,000 is provided in FY 2007 to complete all 14 referral registry sites and provide statewide coverage.

**2. Pension Plan 1 Unfunded Liabilities** - A contribution is made for FY 2007 for the unfunded actuarial accrued liabilities of the Public Employees' Retirement System Plan 1 and Teachers' Retirement System Plan 1.

Funding is provided to agencies to reflect these costs.

**4. Federal Grant Technical Correction** - The Centers for Medicare and Medicaid Services (CMS) provided a federal grant for the implementation of four referral registry sites. The total level of available grant funding was higher than originally anticipated and not all of the expenditure authority was used. The unspent portion of the grant is transferred to FY 2007. Office of Financial Management billings to agencies for statewide systems will increase to support the completion of the Roadmap Feasibility Study and improvements to the state's capital budgeting systems. Funding is provided to agencies to reflect these costs.

- 4. Family Planning Services** - Funding is provided to enhance existing non-citizen family planning pilot programs operated through the Department and to expand the program to Okanogan and Skagit counties.
- 5. Reclaimed Water** - Ongoing funding is provided to implement Engrossed Substitute House Bill 2884 (reclaimed water), which requires the Department to adopt new standards for reclaimed water by 2010.
- 6. Health Profession Background Checks** - Funding is provided to implement Substitute House Bill 2431 (background checks/health care), which requires the Department to conduct background checks on all applicants for initial licenses to practice a health profession. In addition, the bill requires the Department to review federal health care provider data banks for any actions taken against health care providers licensed in Washington. (General Fund-State, Health Professions Account-State)
- 7. Brominated Flame Retardants** - Funding is provided to implement Engrossed Second Substitute House Bill 1488 (brominated flame retardants). The bill bans the manufacture, sale, or distribution of most products containing more than 1 percent of Penta-BDE or Octa-BDE after January 1, 2007. In addition, the bill directs the Department of Ecology and the Department of Health to report to the Legislature by December 15, 2007, regarding the use of Deca-BDE in products, human health effects of exposure to Deca-BDE, and the availability of alternatives.
- 8. Hospital Charity Care** - Funding is provided to implement Engrossed Second Substitute House Bill 2574 (hospital charity care), which requires hospitals to provide notice to patients of their charity care policies and increases the thresholds for qualifying for sliding fee schedule discounts to 250 percent of the federal poverty guidelines.
- 9. Health Care Declarations Registry** - Funding is provided to implement the provisions of Second Substitute House Bill 2342 (health care declarations), which requires the Department to establish and maintain a web-based statewide health care declarations registry containing health care declarations from Washington State residents.
- 10. Hospital-Acquired Infections** - Funding is provided to implement Engrossed Second Substitute House Bill 1015 (hospital-acquired infections), which requires the Department to adopt guidelines and rules for the collection, reporting, analysis, and release of information related to health care associated infections at hospitals.
- 11. HIV Insurance Coverage Program** - House Bill 2632 (HIV insurance coverage program) removes the limit on the number of Washington State Health Insurance Pool (WSHIP) policies that can be supported by the Department of Health's Evergreen Health Insurance Program. Savings are achieved because enrolling clients into WSHIP is less expensive than purchasing other insurance or paying for drugs and medical expenses.
- 12. Health Care Liability Reform** - Funding is provided to implement Second Substitute House Bill 2292 (health care liability reform), which requires the Department to implement a number of changes relating to health care practices and discipline, medical malpractice insurance and the health care liability system. (General Fund-State, General Fund-Private/Local, Health Professions Account-State)
- 13. Health Professions Discipline** - Funding is provided to implement Substitute House Bill 2974 (health profession discipline), which enhances discipline efforts for the health professions by: 1) requiring the Department to adopt rules for all licensed health care providers to report unprofessional conduct; 2) prohibiting health care providers who have had their licenses revoked in another state from practicing in Washington until all disciplinary proceedings are complete; and 3) identifying the number of additional investigators and attorneys needed to respond to the health profession's disciplinary workload in biennial budget requests. (Health Professions Account-State)
- 14. Patient Safety Practices** - Funding is provided to implement the provisions of Second Engrossed Second Substitute House Bill 1291 (patient safety practices), which enhances patient safety and medical error reduction efforts by 1) creating the Patient Safety Account from revenues associated with a \$2 surcharge on licenses for various health professions, a \$2 charge per licensed bed for hospitals and psychiatric hospitals, and a surcharge of 1% of attorney fees in actions for injuries resulting from health care; and 2) providing grants, loans, and other arrangements that support efforts to reduce medical errors and enhance patient safety. (Patient Safety Account-State)
- 15. Home Visits for Newborns** - Funding is provided for a grant to the Kitsap County Health District. The funding will be used to increase the number of women who receive professional support after delivery through a home visit or telephone call by the county health district. In order to receive the state funds, the county health district must commit an equal amount of funding for this purpose.
- 16. Midwifery Fees** - Funding is provided to reduce the fees charged to midwives for initial and renewed licenses to \$450.00 per year for the period from July 1, 2006 through June 30, 2007.

**17. Natl Healthcare Pract Databases** - To respond to the increase in the number of health care professionals moving into the state, the department will begin checking the federal Healthcare Integrity and Protection Data Bank to determine if action has been taken against an applicant's license in another state. This will decrease the risk of licensing a practitioner who has a history of complaints or malpractice in another state. (Health Professions Account-State)

**18. Pandemic Flu Monitoring** - Funding is provided to increase the state's ability to monitor and detect pandemic flu activity. These resources will help improve surveillance for unusual types of influenza, perform rapid molecular testing to identify influenza strains, and help develop advanced influenza tracking and reporting systems.

**19. Pandemic Flu Preparedness** - Funds are provided for state and local health departments to develop and implement comprehensive plans for responding to a pandemic flu. (General Fund-Federal)

**20. Health Professions Credentialing** - Funding is provided to increase the department's ability to issue credentials in the high-volume nursing and health care assistant licensing areas. Despite productivity gains and efficiencies, backlogs have developed in both professional areas due to large increases in the number of persons seeking licensure. (Health Professions Account-State)

**21. New Vaccine Purchase** - The State Board of Health has recently added varicella to the required regimen of vaccinations needed for school entry. In addition, the federal Advisory Committee on Immunization Practices has added two other vaccines, meningococcal and tetanus diphtheria acellular pertussis vaccine (Tdap), to the routinely recommended childhood vaccine schedule. To keep Washington's universal vaccination distribution system current, funding is provided to purchase approximately 250,000 additional vaccinations. (Health Services Account-State)

**22. Combination Vaccines** - Funds are provided to add one or more combination vaccines to the state's universal access to childhood immunizations program. The particular combination vaccine or vaccines to be added to the program will be selected after a clinical and cost-effectiveness review by the state vaccine advisory committee. (Health Services Account-State)

**23. Wa Hlth Professional Svcs Staffing** - The Washington Health Professional Services (WHPS) was created in 1990 as a multi-disciplinary monitoring program for health professionals whose ability to practice is impaired by chemical dependencies. Due to steady growth in the number of professionals enrolled in the program, current workloads for case managers are too high resulting in reduced program access and effectiveness. Funding is provided to reduce the average caseload per worker by one-third, from 194 to 127 cases. (Health Professions Account-State)

**24. Breast & Cervical Cancer Screening** - State funds are provided to increase the number of low-income, uninsured women screened through the Washington Breast and Cervical Cancer program.

**25. Other Bills with Fiscal Impacts** - Funds are provided for implementation of Substitute House Bill 2335 (body piercing); Substitute House Bill 2341 (optometry licensing); and Substitute House Bill 2669 (specialty hospitals). **1. Svc to Iraq & Afghanistan Returnees** - The Department of Veterans Affairs has created a community-based network to assist returning Iraq and Afghanistan military personnel in applying for benefits and services. Funding is provided for 28 additional Family Activity Days where local veterans groups educate returning veterans of their benefit rights. Funding is also provided for additional post traumatic stress disorder treatment and education for approximately 130 new returnees.

**2. Extension of Nursing Home Capacity** - In order to serve additional veterans who have skilled nursing needs, the Department will open 40 beds at the Washington Veterans Home in Retsil. (General Fund-Federal, General Fund-Private/Local)

**1. Consolidation of Headquarters** - The Department of Corrections (DOC) consolidated its Olympia-area offices to a new headquarters building in Tumwater. Funding is provided in FY 2006 for lease expenses associated with the now vacated headquarters building in Olympia. The funding level assumes that the Department of General Administration will secure a replacement tenant in FY 2007.

**2. Offender Management Network (OMNI)** - Beginning in the 1999-01 biennium, the Department of Corrections (DOC) initiated a multi-phase project to replace its Offender-Based Tracking System (OBTS), which is the primary information system used by the Department to track and manage roughly 17,500 incarcerated offenders and 26,000 offenders in the community. Funding is provided for the third and final phase of the project to replace OBTS with the new Offender Management Network Information (OMNI) system, which is expected to reduce staff data entry efforts, improve reporting capabilities, and redirect staff time toward offender supervision. In addition, \$6 million in existing funding is shifted from FY 2006 to FY 2007 to account for project delays. The total cost of the OMNI project has now been estimated at \$50 million.

**3. Pension Plan 1 Unfunded Liabilities** - A contribution is made for FY 2007 for the unfunded actuarial accrued liabilities of the Public Employees' Retirement System Plan 1 and Teachers' Retirement System Plan 1.

**4. Classification Revisions** - This item reflects changes in the cost of state merit system classifications resulting from implementation of collective bargaining agreements and personnel rules. Revisions appear in various agencies, netting a savings of \$586,000 statewide.

Office of Financial Management billings to agencies for statewide systems will increase to support the completion of the Roadmap Feasibility Study and improvements to the state's capital budgeting systems. Funding is provided to agencies to reflect these costs.

**6. Community Based DOSA** - Chapter 460, Laws of 2005 (E2SHB 2015), authorized the establishment of a community-based Drug Offender Sentencing Alternative (DOSA). Offenders sentenced under a community-based DOSA receive a term of community custody in lieu of a prison term and must complete a certified residential treatment program for a period of three to six months. The legislation is expected to save the state 36 prison beds in FY 2007. Funding is provided to cover additional expenditures incurred by the Department in implementing the new law, including costs for securing 100 residential treatment beds and for conducting court-ordered chemical dependency examinations.

**7. Electronic Mon for Sex Offenders** - Funding is provided to implement Substitute House Bill 2407 (monitoring sex offenders), which requires courts to impose electronic monitoring as a condition of community custody for sex offenders convicted of a two-strikes sex offense or failure to register as a sex offender, and authorizes DOC and the courts to impose electronic monitoring for all other sex offenders. It is estimated that the Department will electronically monitor 156 sex offenders in FY 2007, and that the number of offenders subject to such supervision requirements will increase to 722 by FY 2010.

**8. Farrakhan Lawsuit** - Funding is provided for expected Attorney General costs associated with *Farrakhan v. Locke*; an inmate class action lawsuit related to voting rights and the election processes administered by the Secretary of State.

**9. Resource Conservation Manager** - In cooperation with private utilities, the Department will hire a resource conservation manager within existing resources to achieve additional electrical and natural gas savings at its facilities.

**2. Classification Revisions** - This item reflects changes in the cost of state merit system classifications resulting from implementation of collective bargaining agreements and personnel rules. Revisions appear in various agencies, netting a savings of \$586,000 statewide.

**3. Central Service Agency Charges** - Funding is provided to pay increased service charges by the Department of Personnel and the Office of Financial Management. The service charges reflect increased costs associated with the development of the new Human Resource Management System, improvements to the state's capital budgeting systems, and the completion of the Office of Financial Management's Roadmap Feasibility Study. (General Fund-Federal, General Fund-Private/Local, Unemployment Account-Federal, Administrative Contingency Account-State, Employment Services Account-State)

**4. Unemployment Fraud Detection \*** - Funding is provided for the Department to enhance fraud detection within the unemployment insurance system. A new fraud detection unit is created that will identify, prosecute, and collect from people who file inaccurate or fraudulent unemployment claims that result in overpayments. The Department will also pursue employers who do not pay their unemployment insurance taxes. It is anticipated that this investment will generate approximately \$14.2 million in revenue to the Administrative Contingency and Unemployment Insurance Trust accounts during FY 2007. **1. Transfers** - Expenditures funded from the Public Safety and Education Account are transferred to the Violence Reduction and Drug Enforcement Account. (Public Safety and Education Account-State, Violence Reduction and Drug Enforcement Account-State)

**2. Pension Plan 1 Unfunded Liabilities** - A contribution is made for FY 2007 for the unfunded actuarial accrued liabilities of the Public Employees' Retirement System Plan 1 and Teachers' Retirement System Plan 1.

**3. Lease Rate Adjustments** - Funding is provided for to bring the Children's Administration's allotments for leases into alignment with actual costs. (General Fund-State, General Fund-Federal)

**4. Placement Evaluations** - Funding is provided for anticipated cost increases associated with placement evaluations for children in the child welfare system.

**5. Supervised Visitation** - Funding is provided for anticipated cost increases associated with supervised visitation. (General Fund-State, General Fund-Federal)

**6. Replace Child Welfare Info System** - Funding is provided for the Department to select a Statewide Automated Child Welfare Information System (SACWIS), hire an implementation vendor, and perform initial implementation work. Successful implementation of a proven SACWIS is expected to support Child Protective Services and Child Welfare Services reform efforts by improving the quality and accessibility of case and contract data, including outcomes tracking. (General Fund-State, General Fund-Federal)

**7. Foster Care to Age 21 Pilot** - Funding is provided to continue foster care and support services to age 21 for up to 50 youths annually who enroll in post-secondary education as provided in Second Substitute House Bill 2002 (foster care support services).

**2005-07 Revised Omnibus Operating Budget (2006 Supp)**  
**Dept of Social and Health Services**  
**Children and Family Services**

**8. Family Planning Services** - Funding is provided to increase access to family planning services in the Department of Social and Health Services' Community Service Offices (CSOs). Funds will be used to: 1) provide family planning information and referral to persons involved with Child Protective Services or Child Welfare Services; 2) increase the availability of family planning nurses and health educators at CSOs to full-time; and 3) increase the hourly rate for CSO-based family planning contracts by up to five percent. Resources will be prioritized to those areas where pregnancy rates are higher than the statewide average. (General Fund-State, General Fund-Federal)

**9. Trauma Mitigation Pilot Program** - Funding is provided for a trauma mitigation pilot program for children who have been found to be dependent pursuant to 13.34 RCW. The pilot program shall be implemented through a contract with the safe harbor crisis nursery located in Kennewick, Washington. The pilot program shall: (a) Implement a regional trauma mitigation early intervention program using evidence-based practice, including trauma-focused cognitive behavioral therapy, to reduce the effects on dependent children of exposure to trauma; and (b) Identify and strengthen local resources for developmentally appropriate services for dependent children who have experienced trauma and their families. Program service components shall include receiving care, child care, periodic interventions, and periodic follow-up assessments. The pilot program shall also provide for the dissemination of information and training for professionals, parents, foster parents, and caregivers regarding the long-term impacts of exposure to trauma and evidence-based practices, strategies, and resources for mitigating the impact of exposure to trauma. The department shall report to the appropriate policy committees of the legislature regarding impact and outcomes of the pilot program by June 30, 2007.

**10. Homecare Agency Parity** - In accordance with Substitute House Bill 2333 (agency home care workers), the Department of Social and Health Services will establish a formula to convert the cost of the compensation increases negotiated and funded by individual providers of home services into an hourly amount that will be added to the statewide agency home care provider vendor rate. The Department's contribution rate for health care benefits, including but not limited to medical, dental, and vision benefits, will be paid to agency providers of home services at the same rate as negotiated and funded for individual providers. In addition, premium payments for FY 2006 are increased from \$380 per eligible worker to \$449 per eligible worker. (General Fund-State, General Fund-Federal)

**11. Child Welfare 30-Day Visits** - Funding is provided to phase in an additional 200 child welfare services staff by the end of FY 2007 to achieve the goal of face-to-face contact with children, parents, and/or caregivers every 30 days, for both in-home services and out-of-home placements. (General Fund-State, General Fund-Federal)

**12. Foster Parent Critical Support** - Funding is provided to implement a foster parent critical support program for children who act out sexually and/or physically as provided in Second Substitute House Bill 3115 (foster parent critical support).

**13. Safe Havens Supervised Visitation** - One-time funding is provided for the Supervised Visitation and Safe Exchange Center in Kent.

**1. Increased Defender Costs** - Funding is provided for increased King County defender costs associated with civil commitment cases. The King County Superior Court ordered the Department of Social and Health Services to increase the rates paid to defenders for special commitment cases by \$20.65 per hour for attorneys and \$16.00 per hour for paralegals and investigators effective January 1, 2006.

**2. Spokane County Lawsuit** - Funding is provided to settle a claim by the Spokane County Regional Support Network regarding costs incurred on behalf of clients who may have been incorrectly denied Medicaid coverage during initial implementation in the late 1990's of the Temporary Assistance for Needy Families program. The Regional Support Network contends that, because these individuals were not on Medicaid, it was incorrectly denied state and federal funding for their care. A related lawsuit by many of the state's hospitals was settled several years ago.

**3. WSH Ward Expansion** - In the case of *Pierce County v. State of Washington*, a Thurston County Superior Court has ruled that the state psychiatric hospitals must immediately accept custody of persons upon their commitment to involuntary treatment of 90 days or longer. In light of this ruling, funding is provided for temporary additional capacity that was added during October through November 2005, and to open new wards in December 2005 and April 2006. A total of at least six additional wards may be needed before the end of the current biennium. (General Fund-State, General Fund-Private/Local).

**4. Pension Plan 1 Unfunded Liabilities** - A contribution is made for FY 2007 for the unfunded actuarial accrued liabilities of the Public Employees' Retirement System Plan 1 and Teachers' Retirement System Plan 1.

**Dept of Social and Health Services**  
**Mental Health**

**6. Pierce County Lawsuit** - Funding is provided for FY 2006 to comply with and satisfy the final court order and judgment in the *Pierce County v. State of Washington* lawsuit.

**7. Allen Lawsuit Settlement** - Funding is provided for additional: (1) staff training; and (2) support for people with developmental disabilities during their treatment in the state psychiatric hospitals. This additional programming is expected to result in resolution of a lawsuit first filed in 1999 that challenged the constitutional adequacy of the care provided such individuals.

**8. Evidence-Based Children's MH Pilots** - Funding is provided for the Mental Health Division, in collaboration with the Children's Administration and the Juvenile Rehabilitation Administration, to establish a two-site pilot program to provide evidence-based mental health services to children. The mental health service or services to be provided under the pilot program must be selected from a list of evidence-based service options developed by the Department, in consultation with a broadly representative group of individuals with expertise in children's mental health. Program sites shall be selected through a request for proposal (RFP) process, open to counties or groups of counties, and shall be operational by December 2006. Pilot site proposals shall be required to include: (a) a designated lead agency and a commitment to work with community partners, including consumer/family representatives and representatives of the local mental health, juvenile justice, and child welfare systems and, at the applicant's discretion, may also include representatives of other child-serving areas such as health care and education; (b) identification of areas of potential need based upon input from community partners; (c) identification of the service or services that the pilot site would input based upon community needs and resources; and (d) demonstration of a commitment to participate in efforts that will ensure adherence to the chosen evidence-based practices and evaluate outcomes of implementation of the evidence-based practice. The Department shall contract with the Division of Public Behavioral Health and Justice within the University of Washington School of Medicine's Department of Psychiatry and Behavioral Sciences to provide support and assistance in all phases of the pilot program, including initiating, implementing, training providers, providing quality assurance, and monitoring implementation and outcomes.

**9. RSN Allocation Increases** - Funding is provided to improve the quality and availability of community mental health services and to assure more equitable access to such services statewide. In FY 2007, non-Medicaid funds are to be distributed proportional to total population in each Regional Support Network (RSN) region. Medicaid payment rates are increased to the statewide average for those RSNs whose rates would otherwise be below that level, and by 3 percent for those RSNs whose rates are above the current average. Additional state funds are provided to assure that no RSN receives less total funding in FY 2007 than in FY 2006. Statewide, total RSN funding is increased by \$33.6 million, or 9 percent, in FY 2007. (General Fund-State, General Fund-Federal)

**10. System Transformation Initiative** - Funds are reserved for implementation of a comprehensive strategy for transforming the delivery of public mental health services for people with severe and persistent mental illness. The strategy will clearly define state hospital and Regional Support Network (RSN) responsibilities with regard to people who require short and long-term care; emphasize the use of evidence-based practices; fund the phased-in development and ongoing support of community-based alternatives to state psychiatric hospitalization; link the receipt of community funding to achievement of negotiated performance objectives, and to not pursuing claims for alleged damages from past practices; hold RSNs accountable for managing state hospital admissions and discharges within established bed allocation targets; and hold the state hospitals accountable for admitting people who need their acute care on a timely basis, and for effectively supporting these individuals' recovery and return to the community. The legal framework and accountability mechanisms within which the initiative will operate shall be defined in policy legislation that will be enacted prior to the end of the 2006 legislative session. Key components of the strategy will be specified and funded in further detail in the enacted 2006 supplemental budget.

**11. Forensic Admission Staff (ESH)** - Funding is provided for increased staffing and operating costs on the forensic admissions ward at Eastern State Hospital (ESH). The forensic admissions wards evaluate criminal defendants for competency to stand trial, and provide short-term treatment aimed at competency restoration. ESH admissions for such services are consistently exceeding budgeted capacity. (General Fund-State, General Fund-Federal, General Fund-Private/Local)

**1. Pension Plan 1 Unfunded Liabilities** - A contribution is made for FY 2007 for the unfunded actuarial accrued liabilities of the Public Employees' Retirement System Plan 1 and Teachers' Retirement System Plan 1.

**2. Classification Revisions** - This item reflects changes in the cost of state merit system classifications resulting from implementation of collective bargaining agreements and personnel rules. Revisions appear in various agencies, netting a savings of \$586,000 statewide.

**3. Community Protection** - Funding is provided for community residential and support services for a minimum of seven clients, which brings the total number of new clients served during the 2005-07 biennium to 42 clients. New placements will serve clients who are: (1) being diverted or discharged from state psychiatric hospitals; (2) participants in the Dangerous Mentally Ill Offender Program; (3) participants in the Community Protection Program; or (4) mental health crisis diversion outplacements. In order to increase the number of clients served and ensure the cost-effectiveness of the waiver programs, the Department will strive to limit new client placement expenditures to 90 percent of the budgeted daily rate. If this can be accomplished, additional clients may be served with excess funds, provided the total projected carryforward expenditures do not exceed those currently projected. (General Fund-State, General Fund-Federal)

**4. Homecare Agency Parity** - In accordance with Substitute House Bill 2333 (agency home care workers), the Department of Social and Health Services will establish a formula to convert the cost of the compensation increases negotiated and funded for individual providers of home services into an hourly amount that will be added to the statewide agency home care provider vendor rate. **5. Additional Case Management Support** - Funding is provided for six additional case resource managers and related support staff in FY 2007 to assist the Division of Developmental Disabilities in areas where additional case worker staff is necessary to speed up referral to existing entitlement programs or distribution of resources to clients waiting for services. This may include expedited assessments to move eligible clients to Medicaid Personal Care, and assisting clients in accessing current family support resources. (General Fund-State, General Fund-Federal)

**6. Licensed Professional Services** - Funding is provided for the Department to continue to offer licensed professional services, including dental services, medical and nursing services, psychology and behavioral services, and rehabilitative services, at the state Residential Habilitation Centers to clients who are served in community settings.

**7. Boarding Home Rate Increase** - Funding is provided for a 1.0 percent vendor rate increase to boarding home payment rates, effective July 1, 2006. (General Fund-State, General Fund-Federal)

**8. Adult Family Home Rate Increase** - Funding is provided for a 1.0 percent vendor rate increase to adult family home payment rates, effective July 1, 2006. (General Fund-State, General Fund-Federal)

**9. Expand Community Services** - Funding is provided for community residential and support services for a minimum of 12 clients, which brings the total number of new clients served during the 2005-07 biennium to 51. Priority consideration for these placements shall be as follows: (1) children who are aging out of other state services; (2) clients without residential services who are in crisis or immediate risk of needing an institutional placement, including individuals who are living with aging parents who are no longer able to care for their children; (3) current waiver clients who have been assessed as having an immediate need for residential support services; and (4) residents of Residential Habilitation Centers who are able to be adequately cared for in community settings and who choose to live in those settings. In order to increase the number of clients served and ensure the cost effectiveness of the waiver programs, the Department will strive to limit new client placement expenditures to 90 percent of the budgeted daily rate. Money not spent on new clients may be used to cover service costs of existing waiver clients, including the costs of employment and day services. In addition, if excess funds are available, additional clients may be served as long as the total projected carryforward expenditures do not exceed those currently projected. (General Fund-State, General Fund-Federal)

**10. Expand Employment and Day Services** - Funding is provided for additional employment and day services to approximately 250 clients with developmental disabilities. Priority consideration for this new ongoing funding will be young adults with developmental disabilities living with their families who need employment opportunities and assistance after high school graduation. Services will be provided for both home- and community-based waiver program clients and non-waiver clients. Federal funds may be used to enhance this funding to the extent that clients are already receiving services from a home- and community-based waiver program. Revisions appear in various agencies, netting a savings of \$586,000 statewide. (General Fund-Federal)

**3. AAA Funding Increase** - Funding is provided for a 2.01 percent inflationary vendor rate increase for Area Agencies on Aging (AAAs), effective July 1, 2006. The initial 2005-07 budget excluded AAAs from receiving 1.0 percent vendor rate increases in FY 2006 and in FY 2007. Funding is also provided in FY 2007 to restore the 3.75 percent reduction made to AAAs in the initial 2005-07 budget. The state contracts with AAAs to provide case management and nurse oversight for persons who receive in-home care services. (General Fund-State, General Fund-Federal)

**4. Informal Dispute Resolution** - Funding is provided for a staff person to manage a centralized informal dispute resolution process for boarding home providers. (General Fund-State, General Fund-Federal)

**5. Assisted Living Facility Payments** - In accordance with Engrossed Substitute House Bill 2925 (assisted living facility), the Department of Social and Health Services (DSHS) will provide capital add-on rates to assisted living facilities that have a minimum Medicaid occupancy percentage of 60 percent or greater. Managed care clients will be included in the calculation of Medicaid occupancy. (General Fund-State, General Fund-Federal)

**6. Supplemental Assisted Living Rates** - One-time funding is provided in FY 2006 for payments to any assisted living facility licensed under chapter 18.20 RCW on January 25, 2002, which serves 20 or more clients participating in the program for all-inclusive care. (General Fund-State, General Fund-Federal)

**7. Kinship Caregiver Support Program** - Funding is provided to the AAAs, or entities with which AAAs contract, to provide support services through the kinship caregiver support program for grandparents and other informal kinship caregivers of children throughout the state.

**8. Homecare Agency Parity** - In accordance with Substitute House Bill 2333 (agency home care workers), the Department will establish a formula to convert the cost of the compensation increases negotiated and funded by individual providers of home services into an hourly amount that will be added to the statewide agency home care provider vendor rate. The Department's contribution rate for health care benefits, including but not limited to medical, dental, and vision benefits, will be paid to agency providers of home services at the same rate as negotiated and funded for individual providers, increasing monthly premium payments from \$413 per eligible worker to \$532 per eligible worker in FY 2007. In addition, monthly premium payments for FY 2006 are increased from \$380 per eligible worker to \$449 per eligible worker. (General Fund-State, General Fund-Federal)

**9. Loss of Eligibility - AEM Prog** - The Department has received clarification from the federal Centers for Medicare and Medicaid Services that non-citizen residents who receive palliative or rehabilitative care under the Alien Emergency Medical (AEM) program are ineligible for nursing facility care services under that program. The Department estimates that 34 clients currently receiving nursing home services through the AEM program will no longer be eligible for services. The 34 affected clients will be held harmless and the state will continue to pay for their nursing facility care, without the benefit of matching federal funds. No additional long-term care clients will receive nursing home services within this program. (General Fund-State, General Fund-Federal)

**10. Nursing Home Rate Increase** - In accordance with Proposed Substitute House Bill 2716 (nursing facility payment), nursing facility payment rates are increased by \$4.81 per patient day in FY 2007 through a number of changes to the reimbursement system. (General Fund-State, General Fund-Federal)

**11. Nursing Home Lawsuit** - Funding is provided to settle the *Regency Pacific et al. v. Department of Social and Health Services* lawsuit, which involved direct care payments for patients dually eligible for both the Medicaid and Medicare programs. Expenditures of \$15 million are contingent upon release of all claims in the case. (General Fund-State, General Fund-Federal)

**12. Adult Day Health Rate Increase** - Funding is provided to increase adult day health services payment rates by 14 percent, effective July 1, 2006. (General Fund-State, General Fund-Federal)

**13. Boarding Home Rate Increase** - Funding is provided for a 1.0 percent vendor rate increase to boarding home payment rates, effective July 1, 2006. (General Fund-State, General Fund-Federal)

**14. Adult Family Home Rate Increase** - Funding is provided for a 1.0 percent vendor rate increase to adult family home payment rates, effective July 1, 2006. (General Fund-State, General Fund-Federal)

**15. Homecare Hours Bargaining** - In accordance with Engrossed Substitute House Bill 2475 (individual providers), the Governor will engage in collective bargaining with the exclusive bargaining representative of individual providers of home care services over how the Department's core responsibility affects hours of work for individual providers. Funding is provided for DSHS to support the Governor's Office with these negotiations. (General Fund-State, General Fund-Federal)

**16. **1. FTE Transfer from DSHS to DEL** - FTEs supporting the Working Connections Child Care (WCCC) program and child care licensing, quality, and research functions are transferred from the Department of Social and Health Services (DSHS) to the Department of Early Learning. Funding will remain at DSHS during the 2005-07 biennium and shall be transferred via interagency agreement once the new department is in place. FTEs associated with WCCC eligibility determinations and payment functions will remain at DSHS.

**2. WorkFirst Funding Shortfall** - Funding is provided to balance the WorkFirst program. The amount provided, in addition to: 1) \$36 million in savings due to various efficiencies, caseload reductions, and full-family sanctions recommended by the WorkFirst Reexamination Workgroup; and 2) \$20 million in federal incentives and other one-time sources, should be sufficient to cover the program's FY 2005-07 \$106 million deficit. No changes are proposed to child care eligibility and benefits.

**3. Pension Plan 1 Unfunded Liabilities** - A contribution is made for FY 2007 for the unfunded actuarial accrued liabilities of the Public Employees' Retirement System Plan 1 and Teachers' Retirement System Plan 1.

**4. Head Start Collaboration Transfer** - Federal funding supporting the Head Start Collaboration Office are transferred from the Department of Social and Health Services (DSHS) to the Department of Early Learning. (General Fund-Federal)

**5. Child Support Schedule** - Funding is provided to implement Second Substitute House Bill 2462 (child support schedule), which establishes a work group to evaluate and recommend changes to the existing child support schedule. (General Fund-State, General Fund-Federal)

**6. LEP Services Enhancement** - Funding is provided to supplement existing state and federal funds dedicated to limited English proficiency (LEP) services in order to prevent reductions to service contracts. LEP services assist public assistance-eligible refugees and others who have a limited ability to speak English by providing specialized job training, English-as-a-second-language classes, and other services.

**1. Employer-Sponsored Insurance Prog.** - Funds are provided to expand a small pilot project under which, when it is cost-effective for the state, the Department of Social and Health Services will cover the cost of employer-sponsored insurance for children and families who would otherwise be covered by state medical assistance programs. Based upon pilot project experience to date, the program is expected to return modest savings after covering administrative costs, while reinforcing enrollment in employer-based coverage, particularly among small employers. (General Fund-State, General Fund-Federal)

**2. Children's Health Program** - The Children's Health Program provides medical and dental care for children who, because of their immigration status, are not eligible for Medicaid. Enrollment in the program is increased to 10,000 children per month in July 2006, and to 11,300 children per month in October 2006. (General Fund-State, General Fund-Federal)

**3. Pension Plan 1 Unfunded Liabilities** - A contribution is made for FY 2007 for the unfunded actuarial accrued liabilities of the Public Employees' Retirement System Plan 1 and Teachers' Retirement System Plan 1.

**4. Foster Care to Age 21 Pilot** - Funding is provided to implement Second Substitute House Bill 2002 (foster care support services) which provides medical coverage to children in foster care until age twenty-one.

**5. Family Planning Services** - Funding is provided to increase access to family planning services in the Department of Social and Health Services' Community Service Offices (CSOs). Funds will be used to: 1) provide family planning information and referral to persons involved with Child Protective Services or Child Welfare Services; 2) increase the availability of family planning nurses and health educators at CSOs to full-time; and 3) increase the hourly rate for CSO-based family planning contracts by up to 5 percent. Resources will be prioritized to those areas where pregnancy rates are higher than the statewide average. (General Fund-State, General Fund-Federal)

**6. Health Care Services Study** - Funding is provided for the Health Care Authority, in cooperation with the Department of Social and Health Services, to report annually to the Legislature on the employment status of enrollees in the Basic Health Plan and state Medical Assistance programs. (General Fund-State, General Fund-Federal)

**2005-07 Revised Omnibus Operating Budget (2006 Supp)**  
**Dept of Social and Health Services**  
**Medical Assistance Payments**

**7. Expand Provider Review & Prior Auth** - Funding for eight additional staff is provided to expand on existing initiatives to ensure appropriate and cost-effective utilization of medical services. Savings will be achieved by preventing inappropriate and off-label use of certain prescription drugs; by reviewing, and potentially terminating, contractual arrangements with providers who have demonstrated unusual practice patterns; and by increasing record reviews to ensure that expensive procedures are being delivered in accordance with clinical guidelines. (General Fund-State, General Fund-Federal)

**8. Medicare Part D Co-Pays** - Approximately 100,000 low-income elderly and disabled individuals whose drug costs were previously covered in full by the state Medicaid program must now pay \$1.00, \$3.00, or \$5.00 per prescription under the new federal Medicare Part D program. State funds are provided to cover this co-pay cost on their behalf.

**9. Federal SCHIP Flexibility** - The 2006 federal budget allows states to use unspent State Children's Health Insurance Program (SCHIP) funds to match Medicaid expenditures for children with family incomes over 150 percent of the federal poverty level. Because the federal matching funds rate is higher for SCHIP expenditures than for the regular Medicaid program, this reduces required state funding. This is a one-time savings, as the federal statutory provision is due to expire in September 2007. (General Fund-Federal, Health Services Account-State)

**1. Accelerate Cleanup** - Funding is provided for the Department to prioritize and accelerate the cleanup of 115 known contaminated sites that lie adjacent to and within one-half mile of Puget Sound. In addition to new staff provided this biennium, the Department will re-prioritize existing cleanup staff and/or contract for services for this activity. (State Toxics Account-State)

**2. Pension Plan 1 Unfunded Liabilities** - A contribution is made for FY 2007 for the unfunded actuarial accrued liabilities of the Public Employees' Retirement System Plan 1 and Teachers' Retirement System Plan 1.

- 3. Classification Revisions** - This item reflects changes in the cost of state merit system classifications resulting from implementation of collective bargaining agreements and personnel rules. Revisions appear in various agencies, netting a savings of \$586,000 statewide.
- 4. Central Service Agency Charges** - The Department of Personnel billings to agencies will increase to cover costs, including the Human Resource Management System project delay costs, related to implementing the staggered pay raise. Office of Financial Management billings to agencies for statewide systems will increase to support the completion of the Roadmap Feasibility Study and improvements to the state's capital budgeting systems. Funding is provided to agencies to reflect these costs.
- 5. Tribal Water Rights Mediation** - One-time funding is provided to develop a pilot water management process that will include three federally recognized Treaty Indian Tribes.
- 6. Everett Asarco Clean up** - One-time funding and temporary staffing are provided to clean up ten residences that have been contaminated in the Everett Asarco area.
- 7. Pesticide Container Recycling** - One-time funding is provided to support current pesticide container recycling activities in Washington, which includes washing and chipping pesticide containers to prevent them from being burned or disposed of in landfills.
- 8. Brominated Flame Retardants #** - Funding is provided to implement Engrossed Second Substitute House Bill 1488 (brominated flame retardants). The bill bans the manufacture, sale, or distribution of most products containing more than 1 percent of Penta-BDE or Octa-BDE after January 1, 2007. In addition, the bill directs the Department of Ecology and the Department of Health to report to the Legislature by December 15, 2007, regarding the use of Deca-BDE in products, human health effects of exposure to Deca-BDE, and the availability of alternatives.
- 9. Reclaimed Water #** - Ongoing funding is provided to implement Engrossed Substitute House Bill 2884 (Reclaimed Water). The bill requires the Department to adopt new standards for reclaimed water by 2010.
- 10. Walla Walla ESA Response** - One-time funding is provided for habitat conservation planning in Walla Walla related to endangered species act assurances for small irrigators and landowners.
- 11. Columbia River Basin #** - Ongoing funding is providing to implement Engrossed Second Substitute House Bill 2860 (Columbia River Basin). The bill creates a new chapter to guide the appropriation of Columbia River mainstem water, creates the Columbia River Basin Water Supply Development Account, and requires studies, data collection, and inventories on water issues in the Columbia River basin.
- 12. Wetlands Classification** - One-time funding is provided for the Department to develop and adopt comprehensive rules, by June 30, 2009, related to the use of prior converted croplands and the filling or other use of small, isolated, or other low-value wetlands under the provisions of Chapter 90.48 RCW.
- 13. Cleanup Priority Act Implementation** - The Cleanup Priority Act (CPA) passed by Washington state voters in 2004 requires the Department to undertake specific actions for the cleanup of Hanford. The CPA was challenged in court by the federal government and a final court ruling is pending. Currently, the state is restrained by a federal court order from implementing the CPA. If the case is resolved this summer, authority is provided for the Department to implement the CPA, which is funded by federal fees related to the Hanford Nuclear Reservation. (State Toxics Control Account)
- 14. Cleanup Priority Act Legal Defense** - The CPA requires the Department to take specific actions for the cleanup of the Hanford Nuclear Reservation. Federal fees will pay for legal defense of this voter-approved initiative. (State Toxics Control Account)
- 15. Hanford Groundwater Modeling** - The Department is responsible for state oversight of the cleanup and management of the Hanford Nuclear Reservation. To review and analyze several complex environmental documents currently being developed or modified by the United States Department of Energy, Ecology will complete specialized groundwater modeling and risk assessments. Federal fees will procure contracted services to support the evaluation of the Hanford Solid Waste Environmental Impact Statement (EIS), Hanford Tank Waste EIS, Hanford Integrated Disposal Facility Permit risk analysis, and Hanford Tank Farms Closure Plan risk analysis. (State Toxics Control Account-State)
- 16. Enhance Puget Sound Cleanups** - The Department will add cleanup staff to implement pollution source control measures in the Lower Duwamish Waterway in support of a multi-party cleanup effort, as well as coordinate source control and cleanup of state-owned aquatic lands and adjacent uplands around Puget Sound. (State Toxics Control Account)

**17. Superfund Cleanup Site Operation** - Under the federal Superfund law, the Environmental Protection Agency cleans up contaminated sites for which there are no responsible parties to pay for the costs. After the cleanup is completed, these sites are transferred to states who are responsible for all costs associated with the continued site maintenance. Within the past year, two sites have been transferred to Washington State which require significant expenditures to fulfill the maintenance responsibilities. Maintenance will be conducted at Well 12A in Tacoma and Frontier Hardchrome in Vancouver. (State Toxics Control Account-State)

**18. Hazardous Material Spill Response** - The Department responds to hazardous materials spills and performs cleanups to ensure that standards for public health and environmental protection are met. Ecology has experienced an increase in reported hazardous materials spills over the past three years with an increase of over 300 reports a year occurring in the northwest counties. One additional spill responder is provided for the northwest region to support early response and address the potential for hazardous materials releases from transportation, oil refining activities, and pipelines in areas in and adjacent to Puget Sound. (State Toxics Control Account-State)

**19. Hazardous Waste Compliance** - The Department inspects businesses that generate hazardous wastes to ensure compliance with state laws. The agency also issues permits to facilities that treat, store and/or dispose of hazardous wastes to ensure that they adequately protect public health and the environment. To respond to increasing environmental threats found at these facilities and to work on other hazardous waste activities, additional staff are provided, which will result in an estimated additional 150 compliance/enforcement and corrective action activities to protect public health and to possibly avoid greater cleanup costs in the future. (State Toxics Control Account-State)

**20. Air Permit Technical Correction** - During the 2005-07 budget process, the Department requested a \$1.3 million reduction in the Air Operating Permit Account appropriation based upon a forecasted reduction in work using a statutorily required workload model. However, the forecast did not anticipate the salary increases, benefit changes, and salary survey upgrades enacted by the 2005 Legislature. To provide a service level consistent with the workload model, additional permit fees will be collected to cover these increased costs from industrial and commercial facilities. (Air Operating Permit Account-State)

**21. Water Quality Loan Capacity** - Currently, the Department administers \$162.8 million in federal-state capital loans for wastewater treatment facilities. The United States Environmental Protection Agency has made an additional \$10.7 million in one-time federal-state revolving capitalization grants available for FY 2007. As a result, additional oversight, and administration and loan tracking services are provided to administer these loans for wastewater treatment facilities. (Water Pollution Control Revolving-State, Water Pollution Control Revolving-Federal)

**22. Stream Gaging Cooperative Program** - The Department works cooperatively with the United States Geological Survey in funding stream gages in Washington state. Stream gages provide data for water management, drought response, flood management, setting and meeting instream flows, and local government land use decisions. To meet the state match, one-time Reclamation Revolving Account funds are provided to maintain these cooperative gages during the current biennium. (Reclamation Account-State)

**23. Construction Stormwater Permits** - The federal Clean Water Act requires certain industries, individuals and municipalities to have water quality discharge permits for their stormwater discharges. In November 2005, the Department of Ecology will re-issue construction permits that will include new permit requirements for construction sites that are between one and five acres. Increased fees accompanying these permits will help to ensure that properly managed stormwater discharges protects water quality, minimizes flooding and protects habitat. (Water Quality Permit Account-State)

**24. Green House Gas Inventory & Econ** - Washington currently does not have a mechanism to provide current, detailed information about sources, volumes, or trends in greenhouse gases (GHG). To better inform future policy choices, ongoing funding is provided to inventory and categorize state GHG emission. The Department will also work with the University of Washington to complete an analysis of the economic impacts of climate change based on the latest scientific information.

**25. Puget Sound Oil Transfer Inspection** - Ongoing funding is provided to implement Second Substitute House Bill 2593 (oil spill prevention). The bill requires the Department to conduct unannounced practice oil spill drills on vessels and to evaluate vessels' contingency plans, clarifies that fuel trucks must comply with ship refueling laws and rules, grants the Department the authority to require prior notice of oil transfers, to inspect oil transfers, and to require additional oil containment safeguards during oil transfers, as appropriate based on risk, and finally grants the Department authority to require marine fuel outlets to give semi-annual reports of the volume of oil they transfer. (Oil Spill Prevention Account--State)

**2005-07 Revised Omnibus Operating Budget (2006 Supp)**  
**Department of Ecology**

**26. Flood Control Emergency Grant Funds** - The Department provides grants and technical assistance to local governments for flood damage reduction projects and comprehensive flood hazard management plans. To make resources available to address local emergency flood control needs that may emerge during this biennium, the remaining fund balance from this account is provided. (Flood Control Assistance Account-State)

**27. Waste to Fuels Technology** - The Department will form a partnership with Washington State University to conduct research on markets, products, and bioenergy potential. Specific activities will include beginning a pilot project to convert solid waste to biogas through anaerobic digestion and to complete a biomass inventory. The project will include economic and technical assessments to help the public sector and private business complete bioenergy projects. (State Toxics Control Account-State)

*Comments:*

**1. Compensation/Retirement** - On-going funding of \$204,000 is provided to correct a newly identified pay-compression issue, and one-time funding of \$100,000 is provided for retirement buyouts anticipated in FY 2006.

**2. Pension Plan 1 Unfunded Liabilities** - A contribution is made for FY 2007 for the unfunded actuarial accrued liabilities of the Public Employees' Retirement System Plan 1 and Teachers' Retirement System Plan 1.

**3. Classification Revisions** - This item reflects changes in the cost of state merit system classifications resulting from implementation of collective bargaining agreements and personnel rules. Revisions appear in various agencies, netting a savings of \$586,000 statewide.

**4. Central Service Agency Charges** - The Department of Personnel billings to agencies will increase to cover costs, including the Human Resource Management System project delay costs, related to implementing the staggered pay raise. Office of Financial Management billings to agencies for statewide systems will increase to support the completion of the Roadmap Feasibility Study and improvements to the state's capital budgeting systems. Funding is provided to agencies to reflect these costs.

**5. Operating Costs/Exist Capital Proj** - State Parks acquired the Sunrise Resort property through the Washington Wildlife and Recreation Program in March 2005. However, Parks included in the contract with the seller a provision allowing current resort users to use the park for three years after the sale free of cost. Parks estimates that 60% of the camp spots will be used by existing resort users that will not generate revenue from public use for the next three years. Funding is provided to operate this property, which includes a developed campground with 81 utility and 10 tent sites, located adjacent to Deception Pass State Park. (General Fund-State, Parks Renewal and Stewardship Account-State)

**6. Centennial Parks (2SHB 2422)** - One-time funding is provided to implement Second Substitute House Bill 2422 (funding state and local parks). Funding is provided conditional to receipt of non-state funds of an equal amount. The bill creates the State Parks Centennial Account, managed by the State Investment Board, with interest from the account to be used for implementation of the State Parks' Centennial. Requires the transfer of at least \$500,000 per year from the Stadium and Exhibition Center Account to the Youth Athletic Facilities Account.

**2005-07 Revised Omnibus Operating Budget (2006 Supp)**  
**State Parks and Recreation Comm**

**7. Parking Fee #** - Funding is provided to implement Substitute House Bill 2416 (state park fees). The bill prohibits the State Parks and Recreation Commission from charging a fee for parking or for general park access. Currently, Parks receives \$3.4 million per year from parking and general park access fees. According to Parks, the cost to collect fees is \$836,000 per year and requires 22 FTEs. Funding is provided to compensate for lost fee revenue, less a portion of the cost to collect fees.

**3. Federal Funding Adjustment** - Federal expenditure authority is provided to reflect the volume of federal grants anticipated during the 2005-07 Biennium. During Fiscal Years 2005 and 2006, the federal Natural Resources Conservation Service (NRCS) awarded a total of \$62,500 to the Commission for professional engineering services related to federally funded conservation projects. The Commission anticipates that it will receive similar grants on a regular basis in the future, and that the grant amounts will increase due to a reduction in NRCS staff in Washington State. **1. Maintain Hatchery Operations** - Funding is provided in both the maintenance and policy level budget for increased fuel, utilities and fish feed costs, as well as the loss of local mitigation funding from Tacoma City Light, so that the Department will continue operating all of its hatcheries in FY 2007. Funding also supports lost local mitigation funding and allows the Department to continue operation and maintain production at the Nemah, Mossyrock, Omak, Colville, Arlington, and Columbia Basin hatcheries to ensure that hatcheries remain open in 2005-07. (General Fund-State, State Wildlife Account-State)

**2. Tunicate Infestation in Puget Sound** - Last year, researchers identified the presence of three invasive species in Puget Sound. Known generally as tunicates, or commonly as sea squirts. These non-native marine animals are known to be established at three Puget Sound marinas and have the potential to spread rapidly throughout the Sound. As tunicates attach themselves to the hulls of boats (and with boating season approaching), they present a risk of spreading throughout Puget Sound. Once established, the tunicate will out-compete native organisms for food and space, cause harm to the ecosystem and potentially impact recreational and commercial activities in the Sound. The Department will coordinate efforts to control tunicates with the Puget Sound Action Team (PSAT) using funds to initiate a boat hull cleaning program prior to the beginning of the 2006 boating season. The Department and PSAT will report back to the Governor and Legislature by January 15, 2006 on the expenditure of these funds.

**3. Pension Plan 1 Unfunded Liabilities** - A contribution is made for FY 2007 for the unfunded actuarial accrued liabilities of the Public Employees' Retirement System Plan 1 and Teachers' Retirement System Plan 1.

Central Service Agency Charges** - The Department of Personnel billings to agencies will increase to cover costs, including the Human Resource Management System project delay costs, related to implementing the staggered pay raise. Office of Financial Management billings to agencies for statewide systems will increase to support the completion of the Roadmap Feasibility Study and improvements to the state's capital budgeting systems. Funding is provided to agencies to reflect these costs.

**6. Co-Management Implementation** - Funding is provided for the Department to coordinate and align state and tribal policies and management activities for emerging fish and wildlife management initiatives. These activities include hatchery reform, selective fisheries, implementation of salmon recovery plans, and renegotiation of the U.S./Canada Salmon Treaty. Funding is provided for the Department to coordinate co-management objectives between the state and tribal partners, to improve fish and wildlife resource management statewide.

**7. Chinook Salmon Marking-Add. Auth.** - Marking hatchery fish is required by the Endangered Species Act and is used to provide selective fishery opportunities to the public. Federal funding is provided to mass mark federally-funded hatchery chinook salmon. The Department will undertake the actual marking of fish, purchase of manual marking trailers, the lease/purchase of an automated marking system, and double index tagging that verifies the accuracy of the Department's estimates of harvest availability. (General Fund-Federal)

**8. PS Nearshore Ecosystem Restoration** - The Puget Sound Nearshore Ecosystem Restoration Project is in the third year of a five-year, \$12 million feasibility study to analyze large-scale restoration actions required to protect and restore the Puget Sound ecosystem. The evaluation of these restoration actions will prioritize a list of projects across Puget Sound for submission to the U.S. Army Corps of Engineers and Congress for funding. A state match is provided for the 50/50 cost-share agreement signed by the Department and the Corps in 2002 to conduct the study. (General Fund-Federal)

**9. Habitat Harvest Data Mgmt & Access** - Federal expenditure authority is provided to the Department for the development of database tools to assist local lead entities, watershed organizations, potential sponsors, and others to access listings of habitat projects supported by approved recovery strategy and implementation plans. Funding will provide additional support for stakeholders to coordinate implementation of specific recovery projects. (General Fund-Federal)

**10. Mitchell Act Fall Chinook Mass Mark** - Federal expenditure authority is provided to continue the mass marking of 16.4 million Mitchell Act funded fall chinook salmon in the lower Columbia River. This marking is required to meet Endangered Species Act requirements. The purpose of mass marking is to distinguish hatchery-raised fish from wild fish in order to provide additional selective fishery opportunities to the public. (General Fund-Federal)

**11. Winter Blackmouth Fishery Research** - Funding for research is provided for the winter blackmouth fishery to determine the impacts that contaminants in Puget Sound may have on resident chinook (blackmouth) and various groundfish. Increased expenditure authority is provided from existing funds in the Puget Sound Recreational Fisheries Enhancement Program Account to begin this research. This item was developed with assistance from the Puget Sound Recreational Fisheries Enhancement Citizen Oversight Committee. (Puget Sound Recreational Fisheries Enhancement Account-State)

**12. Predator Control** - One-time funding is provided as state matching funds for predator control.

**13. Education on Salmon Spawning** - One-time funding is provided for educational materials for the protection of salmon spawning beds. The department shall produce educational materials discouraging activities that harm or disturb the spawning beds of salmon and steelhead.

**14. Habitat Conservation Planning** - The Department has secured federal grants from the Department of Interior under Section 6 of the Endangered Species Act (ESA) to initiate a comprehensive review of the hydraulic project approval permit rules and undergo a public process for adoption of new or revised rules that may be needed. Once the rules are revised or newly adopted, the Department will complete a habitat conservation plan for the entire hydraulic project approval program. Funds will be used to begin implementing recommendations from the 2002 Hydraulic Project Approval Task Force and will provide protection for the Department from ESA lawsuits. (General Fund-Federal)

**2005-07 Revised Omnibus Operating Budget (2006 Supp)**  
**Dept of Fish and Wildlife**

**15. LEOFF2 Catastrophic Disability Ben** - Funding is reduced due to the reduced direct disability benefit costs incurred by the department due to the implementation of House Bill 2932 (Catastrophic Disability Benefits), providing disability benefits for Fish and Wildlife Enforcement Officers who are members of the Law Enforcement Officers' and Fire Fighters' Retirement System Plan 2. (General Fund-State, State Wildlife Account-State)

**16. Habitat Conservation Plan Wildlife** - The Department has secured federal grants from the Department of Interior under Section 6 of the Endangered Species Act (ESA) to develop a Habitat Conservation Plan for department-owned wildlife areas. The purpose of this plan is to review agency land management activities to address those that may adversely impact state and federally-listed species and other species of concern. This plan will provide the Department protection from ESA lawsuits. (General Fund-Federal)

**17. Cross Base Highway Funding** - The Department of Transportation deposited \$1.5 million of federal funds into the special wildlife account for the Department to use for off-site mitigation due to the displacement of oak woodland and native grassland habitats and species by construction of the Cross-Base Highway in Pierce County. Funding is provided to begin mitigation activities. (Special Wildlife Account-State)

**18. PLP Authority** - The Personalized License Plates (PLP) account is dedicated to the management of nongame wildlife and is funded through the sale of personalized license plates. Increased expenditure authority is given to the Department as a state match for federal dollars received through the State Wildlife Grants program for non-game activities. (State Wildlife Account-State)

**1. Reschedule Shellfish Settlement** - One-time funding was provided in the 2005-07 biennial budget to pay the state's share of a grower-tribal settlement of tribal claims for shellfish cultivated on certain Washington tidelands. This funding was appropriated contingent upon federal appropriation of its share of the settlement cost. Negotiations regarding the federal match are continuing, but are not likely to conclude before the end of FY 2006. Therefore, the original appropriation is shifted from FY 2006 to FY 2007 in order to give growers and tribes more time to arrange the federal contribution. (General Fund-State, Aquatic Lands Enhancement Account-State)

**2. Pension Plan 1 Unfunded Liabilities** - A contribution is made for FY 2007 for the unfunded actuarial accrued liabilities of the Public Employees' Retirement System Plan 1 and Teachers' Retirement System Plan 1.

**3. Classification Revisions** - This item reflects changes in the cost of state merit system classifications resulting from implementation of collective bargaining agreements and personnel rules. Revisions appear in various agencies, netting a savings of \$586,000 statewide.

Office of Financial Management billings to agencies for statewide systems will increase to support the completion of the Roadmap Feasibility Study and improvements to the state's capital budgeting systems. Funding is provided to agencies to reflect these costs.

**5. Dredged Material Management Program** - The Department operates 12 dredged-material disposal sites on state-owned aquatic lands located in Puget Sound, Grays Harbor, and Willapa Bay. Site management is funded by a volume-based fee deposited into the Dredged Material Management Account. Expenditure authority is increased in this account to match a higher amount of expected revenue. This funding will provide for environmental monitoring, site management, and other programmatic costs. (Dredged Material Management Account-State)

**2005-07 Revised Omnibus Operating Budget (2006 Supp)**  
**Department of Natural Resources**

**6. Enhance Puget Sound Cleanup** - Funding and staffing are provided to cleanup state-owned aquatic lands. This program, jointly carried out by the Department of Natural Resources and the Department of Ecology, will target contaminated aquatic sites where early cleanup and source-control actions will allow for restoration of state resources, including geoduck, other shellfish, or habitat features. Selected projects will integrate aquatic cleanup with adjacent upland source removal and source control. The work will be carried out through a combination of direct action by the state, contributions from potentially liable parties, and interagency agreements with affected local governments and resource agencies. (Aquatic Lands Enhancement Account-State)

**7. Emergency Fire Suppression** - One-time funding is provided for incurred and anticipated costs during FY 2006, in excess of the Department's existing fire-suppression appropriation. (General Fund-State, Landowner Contingency Forest Fire Suppression Account-Nonappropriated)

**8. Geologic Hazards Program** - Funding is provided for the Department's geological survey to conduct and maintain an assessment of the volcanic, seismic, landslide, and tsunami hazards in Washington. Ongoing funding and staffing are provided to research and map earthquake and landslide hazards throughout Washington State.

**9. Surface Mine Reclamation** - One-time funding is provided to enable the Department to spend unanticipated fund balance in the Surface Mining Reclamation Account, which funds the state's regulatory process for rehabilitating disturbed areas resulting from surface or underground mining. **1. Raw Milk Compliance & Inspection** - The Department incurred unanticipated legal services costs to investigate an E. coli outbreak that sickened 18 people in Washington and Oregon. The cause of the illness was milk from an unlicensed dairy. Funding will allow the Department to monitor the increased number of raw milk processors that contribute to the unexpected and increased workload for the Food Safety Program and the Microbiology Laboratory.

**2. Biodiesel Fuel Markets #** - Ongoing funding is provided to implement Engrossed Substitute House Bill 2738 (renewable fuel). The bill establishes minimum fuel content requirements for biodiesel and ethanol of at least 2 percent by 2008, requires the Department to adopt fuel quality standards for biodiesel quality and rules for ethanol and biodiesel, and creates and defines the responsibilities of the Biofuels Advisory Committee.

**3. Pension Plan 1 Unfunded Liabilities** - A contribution is made for FY 2007 for the unfunded actuarial accrued liabilities of the Public Employees' Retirement System Plan 1 and Teachers' Retirement System Plan 1.

**6. Noxious Weed Board** - Ongoing funding is provided to support noxious weed boards across the state.

**2005-07 Revised Omnibus Operating Budget (2006 Supp)**  
**Department of Agriculture**

**7. Animal Identification #** - One-time funding is provided to implement Substitute House Bill 3033 (animal identification). The bill directs the Department to convene an advisory committee to examine national and state animal identification programs and recommend a plan by December 1, 2006, for implementing the state's component, including funding.

**8. Asparagus Mechanization** - One-time funding is provided to expand the Department's asparagus automation and mechanization program.

**9. Pandemic Flu Monitoring & Outreach** - Domesticated bird populations are potential carriers of various pandemic flu strains including what is commonly known as the bird flu. Because pandemic flu may be transmitted to humans from the avian species, additional resources are provided to increase the state's ability to detect and monitor pandemic flu activity. Funding will provide for surveillance for unusual types of influenza within avian populations and will expand reporting systems.

**10. Spartina Eradication** - Spartina is a noxious aquatic weed. One-time funding is provided for spartina eradication efforts.

**11. Surface Water Monitoring** - Pesticide runoff from agricultural operations may potentially harm salmonids living in rivers and streams. Efforts to monitor pesticide residues in the tree fruit growing area of the Upper Columbia River will provide additional Washington-specific data for federal assessments of a pesticide's potential risk to salmon. (State Toxics Control Account)

**12. Veterinarian Recruitment** - Funding is provided to increase salaries of state veterinarians to attract more candidates and help alleviate workload and public health issues related to ongoing vacant positions.

**13. Weights and Measures Inspections \*** - Funding is provided to implement Substitute Senate Bill 6365 (weighing and measuring devices). Washington currently conducts weight and measure device inspections less frequently than the national average. The current inspection program also produces higher rejection rates for many devices than the national average. Funding will increase the state inspection average for each device to not more than every two years. Increased inspections and lowering of rejection rates will increase consumer protection, promote fair competition among businesses, and help ensure proper payment of business taxes. Previously, these activities were funded through federal Homeland Security and National Criminal History Improvement Program grants, which expire during the 2005-07 biennium.

**6. Missing Persons** - Funding is provided to implement Second Substitute House Bill 2805 (missing persons), which directs the State Patrol to establish an interface with local law enforcement and the Washington Association of Sheriffs and Police Chiefs missing persons web site, the toll-free twenty-four hour hotline, and national and other statewide missing persons systems or clearinghouses.

**7. Registration Enforcement - EHB 1241** - Additional funding is provided in FY 2007 to support increased enforcement activities associated with Chapter 323, Laws of 2005 (EHB 1241), which increased penalties for failure to register a vehicle, created a penalty for registering a vehicle in another state to avoid in-state fees, and is expected to reduce evasion of sales and use taxes.

*Comments:*

**1. Utility Costs Emergency Assistance** - One-time funding is provided for additional assistance to school districts in managing recent increases in natural gas rates during the 2006-07 school year.

**2. Pre-Apprenticeship Program Grants #** - Funding is provided to implement Second Substitute House Bill 2789 (Apprenticeship Opportunities) which expands opportunities for graduating secondary school students to enter apprenticeships. Funding will provide grants of up to \$10,000 per school district to develop pre-apprenticeship programs. Districts will use the grants to support program design, negotiate agreements between schools and businesses, and recruit high school students for pre-apprenticeship programs in the building trades and crafts.

**3. Kindergarten Readiness** - Funding is provided for the Office of the Superintendent of Public Instruction to conduct an inventory of kindergarten readiness assessments. After completing the inventory, OSPI shall recommend to the Legislature, for statewide adoption, an array of comparable, culturally appropriate assessments or instruments that measure children's readiness to learn, and a method for statewide data collection that will allow for analysis and measurement of trends over time.

**4. Central Service Agency Charges** - Funding is provided to pay increased service charges by the Department of Personnel and the Office of Financial Management. The service charges reflect increased costs associated with the development of the new Human Resource Management System, improvements to the state's capital budgeting systems, and the completion of the Office of Financial Management's Roadmap Feasibility Study.

**2005-07 Revised Omnibus Operating Budget (2006 Supp)**  
**Public Schools**  
**OSPI & Statewide Programs**

**5. Civics Education (HB2579)** - Funding is provided to implement Engrossed House Bill 2579 (Educational Assessments). The bill requires that beginning in the 2008-09 school year, students in grades 4, 5, 7 or 8, and 11 or 12 will complete a classroom-based assessment in civics. The funding provided supports staff training and competitive grants to districts for curriculum alignment. If this bill is not enacted by June 30, 2006, the amount provided shall lapse.

**6. Environmental Study (HB2910)** - Funding is provided to implement House Bill 2910 (Environmental Education) requiring the Office of the Superintendent of Public Instruction (OSPI) to conduct an environmental, natural science, wildlife, forestry, and agriculture education study in partnership with public and private entities that promote quality environmental education experiences. If this bill is not enacted by June 30, 2006, the amount provided shall lapse.

**7. Navigation 101** - Funding is provided for Navigation 101 - a guidance counseling and mentoring program that assists high school students with choosing courses and setting goals that advance their career and postsecondary options. Funding will be utilized to make the Navigation 101 curriculum available to all school districts, and will support two-year grants to at least 100 school districts to implement the Navigation 101 program.

**8. Student Data System** - Funding is provided to create a statewide database of longitudinal student information. The database will provide a central repository for student achievement and demographic information; allow teachers to review and track individual student achievement over time on state-standardized and classroom-based assessments by specific content strands; and provide a way to develop, track, and transfer student learning plans.

**9. Special Education Lawsuit** - Twelve school districts have filed a lawsuit in Thurston County Superior Court claiming that the state has underfunded special education based on an unconstitutional funding system. This lawsuit will require additional services from the Attorney General's Office, the costs of which will be billed to the Office of Superintendent of Public Instruction (OSPI). Funding is provided to cover the expected costs for the 2005-07 biennium.

**10. Anti-Bias Training** - Funding is provided for comprehensive cultural competence and anti-bias education programs for educators and students. The Office of Superintendent of Public Instruction will administer grants to school districts with the assistance and input of organizations like the Anti-Defamation League, the Jewish Federation of Seattle, and other interested parties.

**11. Safe Schools Federal Backfill** - The federal government has reduced the amount of funding provided to Washington state for the Safe and Drug-Free Schools and Communities (SDFSC) grants by approximately \$1.5 million or 21 percent in FY 2007. In Washington state, SDFSC grant funding supports prevention and intervention specialists in schools to implement comprehensive student assistance programs that address problems associated with substance use and violence. One-time state funding is provided to help mitigate the impact of this federal budget reduction.

**12. Financial Literacy** - Funding is provided for programs promoting financial literacy for students. The effort will be coordinated through the Financial Literacy Public Private Partnership.

**13. State Board Increased Costs** - Funding is provided to cover increased operational costs of the State Board of Education. Funding will support new staffing needs and cover increased costs associated with changes in membership and the scope of the Board's duties.

**14. Career/Tech Graduation (HB2973)** - Funding is provided to implement Substitute House Bill 2973 (Career & Tech High School), which requires the State Board of Education to establish a career and technical graduation option for high school students. If this bill is not enacted by June 30, 2006, the amount provided shall lapse.

**1. Promoting Academic Success** - Funding is provided to assist students who have been unsuccessful on one or more subjects of the 10th grade Washington Assessment of Student Learning. The funding will support new extended learning programs such as summer school; Saturday or before- or after-school classes; skill seminars; test preparation seminars; and in-school or out-of-school tutoring. The programs are designed to help students who were initially unsuccessful on the WASL prepare for retakes and receive a Certificate of Academic Achievement required for graduation, beginning in the Class of 2008. Additionally, a \$1.5 million grant program to reward districts for innovative and successful extended learning programs is established.

**1. Health Benefit Changes** - The original 2005-07 operating budget provided an 8 percent increase in the health benefit funding rate from the 2005-06 school year to the 2006-07 school year. Funding is provided for a rate increase of 8.5 percent between the two school years. As a result of this change, the increases in the K-12 funding rates correspond to similar increases in the state employer rates.

**2. Promoting Academic Success** - Funding is provided for increased compensation costs associated with the new Promoting Academic Success (PAS) program.

**3. 1% Increase at 25th Step - CIS** - Funding is provided for a 1 percent salary increase for Certificated Instructional Staff (CIS), such as teachers, counselors, librarians, and other staff requiring certification, who have more than 25 years of experience in the public school system.

**1. Early Reading Initiative** - Amounts associated with the Early Reading Initiative are transferred from the Office of the Superintendent of Public Instruction to the Department of Early Learning, beginning in FY 2007. The Early Reading Initiative provides grants for community-based initiatives to develop pre-reading and early reading skills through parental and community involvement, public awareness, coordination of resources, and partnerships with local school districts. Five local and regional proposals were funded through the Office of the Superintendent of Public Instruction (OSPI) in Fiscal Year 2006.

**2. Head Start State Collaboration** - Amounts associated with the Head Start Collaboration Office are transferred from the Department of Social and Health Services to the Department of Early Learning, beginning in FY 2007. This federally-funded office provides a visible state presence for the Head Start program and facilitates multi-agency partnerships at the federal, state, and local levels. (General Fund-Federal)

**3. Early Child Education Assistance** - Amounts associated with the Early Child Education Assistance Program (ECEAP) are transferred from the Department of Community, Trade, and Economic Development to the Department of Early Learning, beginning in FY 2007. ECEAP is a state-funded comprehensive preschool program for three- and four-year-old low-income children and their families. Children receive early learning services in literacy, language, math, science, health, medical linkages, and social and emotional development. ECEAP offers family support services to encourage parental involvement. The program also provides education to parents in child development, health, and nutrition.

**4. New Agency Operations** - One-time funds are provided for transition costs and to establish a headquarters office for the newly created Department of Early Learning. In addition, funds are provided for ongoing costs to staff and operate the agency.

**5. Child Care Collective Bargaining** - Funding is provided to support the collective bargaining process established under Engrossed Second Substitute House Bill 2353 (family child care providers).

**2005-07 Revised Omnibus Operating Budget (2006 Supp)**  
**Department of Early Learning**

**6. Mental Health Consultations** - Funding is provided for a child care mental health consultation pilot program linking child care providers with evidence-based and best practice resources regarding caring for infants and young children who present behavioral concerns. The department shall contract with at least two entities that represent one of the following: a local child-care resource and referral network; a local public health department; or a community-based organization with knowledge or expertise in child development and child care programs. Each contracted entity shall coordinate with its local community to develop a program model that incorporates the use of consultants knowledgeable in infant and early childhood development. At a minimum, these consultants shall: (a) Consult with parents and other caregivers in order to solve problems with individual children and families; (b) Directly observe children in the child-care setting; (c) Provide support and guidance to child-care staff through structured opportunities for training, team building, communication, and problem solving; and (d) Coordinate with specialists in public health, infant and toddler early intervention, infant mental health, and other experts or practitioners involved with the care and well-being of young children. The department shall report to the appropriate policy committees of the legislature by December 1, 2006, on outcomes and evaluation data from the pilot programs

**7. Child Care Career & Wage Ladder** - Funding is provided for the child care career and wage ladder program established by Chapter 507, Laws of 2005 (child care wage ladder). The child care career and wage ladder provides funding for participating, licensed child care centers that base wages on education, experience, and training.

**8. Expand Early Reading Initiative** - Funding is provided to expand the early reading initiative. If Substitute House Bill 2836 (reading achievement account) is enacted by June 30, 2006, this amount shall be deposited in the reading achievement account.

**1. GEAR-UP Stabilization** - Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR-UP) is a federal/state higher education outreach program in which students earn college credits by participating in college preparation coursework and other activities in middle and high school. Due to greater participation than anticipated, funding for this program is expected to fall short of demand in FY 2007. Additional funding is provided to ensure that all qualified students receive the scholarships they have earned.

**2. Transfers** - The budget transfers administration of scholarships and financial aid programs from the board's financial aid and grants section to the board's policy coordination and administration section. The net effect to the agency's budget is zero.

**3. Pension Plan 1 Unfunded Liabilities** - A contribution is made for FY 2007 for the unfunded actuarial accrued liabilities of the Public Employees' Retirement System Plan 1 and Teachers' Retirement System Plan 1.

**4. Central Service Agency Charges** - The Department of Personnel billings to agencies will increase to cover costs, including the Human Resource Management System project delay costs, related to implementing the staggered pay raise. Office of Financial Management billings to agencies for statewide systems will increase to support the completion of the Roadmap Feasibility Study and improvements to the state's capital budgeting systems. Funding is provided to agencies to reflect these costs.

**5. Leadership 1000 Scholarships** - Funding is provided for the Board to contract with the Leadership 1000 Scholarship Program. The program matches private benefactors with selected economically disadvantaged students who have exhausted all other sources of scholarship and financial aid and would otherwise be unable to attend college. The state funding will be leveraged with private donations to implement the program.

**6. WA Teach Math and Science Program** - Funding is provided for up to 70 additional scholarships and staffing as outlined in Substitute House Bill 2989 (teach math-science program). If this bill is not enacted by June 30, 2006, the amount provided shall lapse.

**1. Policy Consensus Center** - Funding is provided for Washington State University and the University of Washington to develop a Policy Consensus Center (PCC) to offer assistance in resolving public policy conflicts. The PCC's mission is to act as a neutral source of expertise in order to improve the availability and quality of voluntary collaborative approaches to policy development and multi-party disputes. The PCC will assist government, tribal, business, agricultural, environmental, and other community leaders.

**2. BioE & Genome Bldgs O&M** - Funding is provided for the 2005-07 biennium to pay for operations and maintenance costs of the Bioengineering and Genome Sciences buildings that will come on line during the 2005-07 biennium.

**3. Global Health Initiative** - Funding is provided to create the Department of Global Health. The Department will focus on identification and evaluation of health problems and health inequities in undeserved populations and development and implementation of innovative interventions that can reduce disease incidence.

**4. Pacific NW Seismic Network** - Funding is provided to the University of Washington to enhance the Pacific Northwest Seismic Network's ability to assist state emergency managers. The additional resources would enable development of network monitoring tools, databases, and communications, and would link the products to the State Emergency Management Division.

**5. Life Sciences Research** - The University of Washington will operate a research facility near Lake Union for its medical school. State funding leverages private and federal investments to make a contribution to the state's medical and research economy.

**6. Pension Plan 1 Unfunded Liabilities** - A contribution is made for FY 2007 for the unfunded actuarial accrued liabilities of the Public Employees' Retirement System Plan 1 and Teachers' Retirement System Plan 1.

**7. Classification Revisions** - This item reflects changes in the cost of state merit system classifications resulting from implementation of collective bargaining agreements and personnel rules. Revisions appear in various agencies, netting a savings of \$586,000 statewide.

**8. Utility Rate Adjustments** - One-time funding is provided for assistance in managing recent increases in natural gas rates during FY 2006. The funding provides the general fund-state share of a 17.5 percent increase in natural gas costs.

**9. Central Service Agency Charges** - The Department of Personnel billings to agencies will increase to cover costs, including the Human Resource Management System project delay costs, related to implementing the staggered pay raise. Office of Financial Management billings to agencies for statewide systems will increase to support the completion of the Roadmap Feasibility Study and improvements to the state's capital budgeting systems. Funding is provided to agencies to reflect these costs.

**10. Math and Science Enrollments** - Funding is provided for 150 additional high demand student enrollments. The university shall make it a priority to expand access to baccalaureate programs in engineering, math, and science. By December 15, 2006, the university shall report to the office of financial management and the legislative fiscal committees the number of new student FTEs enrolled with the funding provided.

**11. People of Color Curriculum Review** - Funding to conduct a review of curriculum offered by public schools in Washington. The purpose of this review is to examine the extent to which the curriculum offered by these institutions fully and accurately include the history, contributions, and contemporary experiences of people of color. The review will include the identification of barriers which may impede school districts from successfully adopting and using these types of curriculum. A report by the university is due to the legislature by December 1st, 2007.

**12. Resource Conservation Manager** - The University of Washington is directed to hire a resource conservation manager to achieve additional electrical and natural gas savings at its campus facilities.

**13. Burke Museum Educational Programs** - Funding is provided for the Burke Museum to develop and present additional traveling educational exhibits and supporting curriculum.

**14. WA Search for Young Scholars** - Funding is provided to expand the Washington Search for Young Scholars program at the Robinson Center at the University of Washington.

**7. Agricultural Weather Network** - Funding is provided for operational support of the AgWeatherNet. The AgWeatherNet provides data on wind for fire services, airborne particulates, and other weather-dependent state and private agricultural, natural resource, and environmental activities in Washington. The 2005 Legislature appropriated \$300,000 to WSU to fund the equipment needed to expand AgWeatherNet from 60 to 135 stations.

**8. Biologically Intensive & Organic Ag** - Funding is provided to the Center for Sustaining Agriculture and Natural Resources to create a Biologically Intensive and Organic Agriculture Program (BIOAg). The mission of the BIOAg program is to enhance the economic and environmental health of Washington agriculture through research, education and outreach on organic and other biologically intensive farming methods.

**9. Biofuels Energy Extension Program** - Funding is provided to establish a Biofuels Consumer Education and Outreach Program at the WSU Extension Energy Program.

**10. Math and Science Enrollments** - Funding is provided for 80 additional high demand student enrollments. **1. Facilities Maintenance** - Funding is provided for the maintenance and operation of state-funded facilities that will be occupied in the 2005-07 biennium. Additional funding is provided for instructional facilities that were financed with Certificates of Participation.

**2. Applied BA and Co-Location Costs** - Funding is provided for implementation of Chapter 258, Laws of 2005 (E2SHB 1794) at the State Board for Community and Technical Colleges. Funding includes one-time start-up costs for developing applied baccalaureate degrees on community and technical college campuses (\$400,000) as well as the ongoing cost of program funding (\$504,000).

Funding is also provided for three community and technical college partnerships with universities (\$156,000) as authorized in RCW 28B.50.820. Funds are in addition to funding provided for 2005-07 general growth enrollments. The community and technical college system shall serve 120 student FTEs in this program within the targeted enrollments established by the budget.

**3. Pension Plan 1 Unfunded Liabilities** - A contribution is made for FY 2007 for the unfunded actuarial accrued liabilities of the Public Employees' Retirement System Plan 1 and Teachers' Retirement System Plan 1.

Office of Financial Management billings to agencies for statewide systems will increase to support the completion of the Roadmap Feasibility Study and improvements to the state's capital budgeting systems. Funding is provided to agencies to reflect these costs.

**7. Opportunity Grants** - Funding is provided for implementation of Engrossed Second Substitute House Bill 2630 (opportunity grant program), which directs the State Board for Community and Technical Colleges (SBCTC) to create the opportunity grant program. Additionally, in consultation with other agencies and groups, the Board is directed to identify high demand occupations using industry groups, and to develop skills-based credentials for high demand sectors.

**8. Consortium University Contracts** - Funding is provided for the North Snohomish Island Skagit Counties Consortium for Higher Education to implement Substitute House Bill 3113 (access to higher education). These funds are in addition to funding provided for 2005-07 general growth enrollments provided in the budget. The Consortium shall serve 250 student FTEs through the university contract model within the targeted enrollments established by the enacted operating budget. If this legislation is not enacted by June 30, 2006, this funding will lapse.

**9. Digital Library Licenses** - Funding is provided to permit system-level license purchasing of full text databases for certain fields of study, including allied health, information technology and engineering. Funding will provide uniform access to these databases across the system.

**10. Firefighter Apprenticeship Program** - Funding is provided for the firefighter apprenticeship program at South Seattle Community College.

**11. Health Care Partnerships** - Matching funds are provided for strategic statewide partnerships with health care providers or facilities to address the health work force shortage. Partnerships may include efforts to increase the capacity of community and technical colleges to educate students enrolled in health professions programs, improve retention of health care workers, improve knowledge of the health industry work force, and increase the number of youth and diverse populations in the health work force.

**12. Part-Time Health Benefits** - Funding is provided to maintain health care benefits for part-time academic employees at community and technical colleges as outlined in Second Substitute House Bill 2583 (comm and tech college employee). If this legislation is not passed by June 30, 2006, this funding will lapse.
