Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. 33 The appropriations in this subsection are subject to the following
34 conditions and limitations:

35 (a) \$118,220,000 of the general fund--state appropriation for
36 fiscal year 2010 and \$118,220,000 of the general fund--state
37 appropriation for fiscal year 2011 are provided solely for persons and

1 services not covered by the medicaid program. This is a reduction of
2 \$11,606,000 each fiscal year from the nonmedicaid funding that was
3 allocated for expenditure by regional support networks during fiscal
4 year 2009 prior to supplemental budget reductions. The reductions
5 shall be distributed proportionally to each regional support network's
6 percentage of the total state population. Remaining appropriations
7 shall be distributed in proportion to the fiscal year 2009 distribution
8 levels. To the extent possible, levels of regional support network
9 spending shall be maintained in the following priority order: (i)
10 Crisis and commitment services; (ii) community inpatient services; and
11 (iii) residential care services, including personal care and emergency
12 housing assistance.

13 (b) \$16,900,000 of the general fund--state appropriation for fiscal
14 year 2010 and \$16,900,000 of the general fund--state appropriation for
15 fiscal year 2011 are provided solely for the department and regional
16 support networks to contract for development and initial implementation
17 of high-intensity program for active community treatment (PACT) teams,
18 and other proven program approaches that the department concurs will
19 enable the regional support network to achieve significant reductions
20 during fiscal year 2008 and thereafter in the number of beds the
21 regional support network would otherwise need to use at the state
22 hospitals.

23 (c) The number of nonforensic beds allocated for use by regional
24 support networks at eastern state hospital shall be 192 per day. The
25 number of nonforensic beds allocated for use by regional support
26 networks at western state hospital shall be 617 per day during the
27 first quarter of fiscal year 2010, and 587 per day from October 2010
28 through June 2011. Beds in the program for adaptive living skills
29 (PALS) are not included in the preceding bed allocations. The
30 department shall separately charge regional support networks for
31 persons served in the PALS program.

32 (d) From the general fund--state appropriations in this subsection,
33 the secretary of social and health services shall assure that regional
34 support networks reimburse the aging and disability services
35 administration for the general fund--state cost of medicaid personal
36 care services that enrolled regional support network consumers use
37 because of their psychiatric disability.

1 (e) \$4,582,000 of the general fund--state appropriation for fiscal
2 year 2010 and \$4,582,000 of the general fund--state appropriation for
3 fiscal year 2011 are provided solely for mental health services for
4 mentally ill offenders while confined in a county or city jail and for
5 facilitating access to programs that offer mental health services upon
6 release from confinement.

7 (f) The department is authorized to continue to expend federal
8 block grant funds and special purpose federal grants through direct
9 contracts, rather than through contracts with regional support
10 networks, and to allocate such funds through such formulas as it shall
11 adopt.

12 (g) The department is authorized to continue to contract directly,
13 rather than through contracts with regional support networks, for
14 children's long-term inpatient facility services.

15 (h) \$750,000 of the general fund--state appropriation for fiscal
16 year 2010 and \$750,000 of the general fund--state appropriation for
17 fiscal year 2011 are provided solely to continue performance-based
18 incentive contracts to provide appropriate community support services
19 for individuals with severe mental illness who were discharged from the
20 state hospitals as part of the expanding community services initiative.
21 These funds will be used to enhance community residential and support
22 services provided by regional support networks through other state and
23 federal funding.

24 (i) \$1,529,000 of the general fund--state appropriation for fiscal
25 year 2010 and \$1,529,000 of the general fund--state appropriation for
26 fiscal year 2011 are provided solely to reimburse Pierce and Spokane
27 counties for the cost of conducting 180-day commitment hearings at the
28 state psychiatric hospitals.

29 (j) \$1,500,000 of the general fund--state appropriation for fiscal
30 year 2010 and \$1,500,000 of the general fund--state appropriation for
31 fiscal year 2011 are provided solely for the Spokane regional support
32 network to implement a comprehensive plan for reducing its utilization
33 of eastern state hospital. Key elements of the plan, which shall be
34 developed and implemented in consultation with and with the assistance
35 of the department, may include but shall not be limited to development
36 of additional crisis triage, crisis stabilization, and evaluation and
37 treatment beds; provision of housing assistance for high-utilizers of
38 hospital and jail services who are at risk of homelessness;

1 implementation of an intensive outpatient treatment team for persons
 2 with co-occurring disorders and other special needs; and delivery of
 3 respite care to assist elderly individuals avoid or return home after
 4 hospitalization. Spokane regional support network shall receive a
 5 proportional share of the nonmedicaid rate reduction out of its base
 6 funding distribution.

7 (k) The department is directed to identify and implement program
 8 efficiencies and benefit changes in its delivery of medicaid managed
 9 care services that are sufficient to operate within the state and
 10 federal appropriations in this section. Such actions may include but
 11 are not limited to adjusting care access standards; improved
 12 utilization management of ongoing, excessively recurring, and high-
 13 intensity services; and increased uniformity in provider payment rates.
 14 The department shall ensure that the capitation rate adjustments
 15 necessary to accomplish these efficiencies and reductions are
 16 distributed uniformly and equitably across all regional support
 17 networks statewide. The department is directed to report to the
 18 relevant legislative fiscal and policy committees at least thirty days
 19 prior to implementing rate adjustments reflecting these changes.

20 (l) In developing the new medicaid managed care rates under which
 21 the public mental health managed care system will operate during the
 22 five years beginning in fiscal year 2011, the department should seek to
 23 estimate the reasonable and necessary cost of efficiently and
 24 effectively providing a comparable set of medically necessary mental
 25 health benefits to persons of different acuity levels regardless of
 26 where in the state they live. Actual prior period spending in a
 27 regional administrative area shall not be a key determinant of future
 28 payment rates. The department shall report to the office of financial
 29 management and to the relevant fiscal and policy committees of the
 30 legislature on its proposed new waiver and mental health managed care
 31 rate-setting approach by October 1, 2009, and again at least sixty days
 32 prior to implementation of new capitation rates.

15 NEW SECTION. **Sec. 205. FOR THE DEPARTMENT OF SOCIAL AND HEALTH**
16 **SERVICES--DEVELOPMENTAL DISABILITIES PROGRAM**

17 (1) COMMUNITY SERVICES

18	General Fund--State Appropriation (FY 2010)	\$313,498,000
19	General Fund--State Appropriation (FY 2011)	\$362,761,000
20	General Fund--Federal Appropriation	\$842,816,000
21	TOTAL APPROPRIATION	\$1,519,075,000

22 The appropriations in this subsection are subject to the following
23 conditions and limitations:

24 (a) The state contribution to the cost of health care benefits for
25 agency home care workers who are employed through state contracts shall
26 be no greater than \$585 in fiscal year 2010 and \$585 per months in
27 fiscal year 2011 per eligible participating worker per month.

28 (b) Individuals receiving family support or high school transition
29 payments as supplemental security income (SSI) state supplemental
30 payments shall not become eligible for medical assistance under RCW
31 74.09.510 due solely to the receipt of SSI state supplemental payments.

32 (c) \$726,000 of the general fund--state appropriation for fiscal
33 year 2010, \$1,924,000 of the general fund--state appropriation for
34 fiscal year 2011, and \$3,865,000 of the general fund--federal
35 appropriation are provided solely for community residential and support
36 services. Funding in this subsection shall be prioritized for (i)

1 residents of residential habilitation centers who are able to be
2 adequately cared for in community settings and who choose to live in
3 those community settings; (ii) clients without residential services who
4 are at immediate risk of institutionalization or in crisis; (iii)
5 children who are at risk of institutionalization or who are aging out
6 of other state services; and (iv) current home and community-based
7 waiver program clients who have been assessed as having an immediate
8 need for increased services. First priority shall be given to children
9 who are at risk of institutionalization. The department shall ensure
10 that the average cost per day for all program services other than
11 start-up costs shall not exceed \$300. In order to maximize the number
12 of clients served and ensure the cost-effectiveness of the waiver
13 programs, the department will strive to limit new client placement
14 expenditures to 90 percent of the budgeted daily rate. If this can be
15 accomplished, additional clients may be served with excess funds,
16 provided the total projected carry-forward expenditures do not exceed
17 the amounts estimated. The department shall electronically report to
18 the appropriate committees of the legislature, within 45 days following
19 each fiscal year quarter, the number of persons served with these
20 additional community services, where they were residing, what kinds of
21 services they were receiving prior to placement, and the actual
22 expenditures for all community services to support these clients.

23 (d) \$556,000 of the general fund--state appropriation for fiscal
24 year 2010, \$1,489,000 of the general fund--state appropriation for
25 fiscal year 2011, and \$2,578,000 of the general fund--federal
26 appropriation are provided solely for expanded community services for
27 persons with developmental disabilities who also have community
28 protection issues. Funding in this subsection shall be prioritized for
29 (i) clients being diverted or discharged from the state psychiatric
30 hospitals; (ii) clients participating in the dangerous mentally ill
31 offender program; (iii) clients participating in the community
32 protection program; and (iv) mental health crisis diversion

34 day for all program services other than start-up costs shall not exceed
35 \$349 in fiscal year 2010 and \$356 in fiscal year 2011. In order to
36 maximize the number of clients served and ensure the cost-effectiveness
37 of the waiver programs, the department will strive to limit new client
38 placement expenditures to 90 percent of the budgeted daily rate. If

1 this can be accomplished, additional clients may be served with excess
2 funds if the total projected carry-forward expenditures do not exceed
3 the amounts estimated.

4 (e) The department shall manage its four waiver programs such that
5 decisions about enrollment levels and the amount, duration, and scope
6 of services maintain expenditures within appropriations. The
7 department shall electronically report to the appropriate committees of
8 the legislature, within 45 days following each fiscal year quarter, the
9 number of persons served with these additional community services,
10 where they were residing, what kinds of services they were receiving
11 prior to placement, and the actual expenditures for all community
12 services to support these clients.

13 (f) The department shall report by December 1 of each year to the
14 relevant policy committees of the legislature, on the following
15 statistics regarding clients of the individual and family service
16 program: The number of families served, the number of new applicants,
17 the total number of new awards, the number and amount of both annual
18 and one-time awards and the purpose of these awards. All of these
19 statistics must be categorized by household income levels.

20 (g) Within the amounts appropriated in this section, waiver clients
21 must receive employment and day services as authorized by their waiver,
22 such as pathway to employment, while waiting for paid employment to be
23 developed. The department shall establish and maintain a consistent
24 proposed policy for minimum direct service hours for clients, minimum
25 hours of support, time frames for seeking paid employment, and services
26 provided under pathway to employment while paid employment is sought.
27 In order to maximize the number of clients served, the department may
28 serve additional nonwaiver clients with unspent funds for waiver
29 clients, provided the total projected carry-forward expenditures do not
30 exceed the amounts estimated.

31 (h) \$1,217,000 of the general fund--state appropriation for fiscal
32 year 2010, \$2,445,000 of the general fund--state appropriation for
33 fiscal year 2011, and \$4,558,000 of the general fund--federal
34 appropriation are provided solely for the development and
35 implementation of a federal home and community-based care waiver to
36 provide intensive behavior support services to up to one hundred
37 children with developmental disabilities who have intense behaviors,
38 and their families.

1 (i) To receive services under the waiver, the child must have a
2 developmental disability and: (A) Meet an acuity measure, as

4 of needing an out-of-home placement; (B) be eligible for developmental
5 disabilities services and a home and community-based care waiver
6 program; (C) reside in his or her family home or temporarily in an
7 out-of-home placement with a plan to return home; and (D) have family
8 that demonstrates the willingness to participate in the services
9 offered through the waiver, and is not subject to a pending child
10 protective services referral.

11 (ii) The department shall authorize, contract for, and evaluate the
12 provision of intensive in-home services that support the ability of the
13 child to remain at home with their parents or relatives. Intensive
14 behavior support services under the waiver shall be provided directly
15 or by contract, and may include, but are not limited to: (A) Behavior
16 consultation and management, therapies and respite care; (B) minor home
17 or motor vehicle modifications and transportation; (C) specialized
18 nutrition and clothing; (D) training of families and other individuals
19 working with the child; and (E) inclusion in community activities.

20 (i) The department shall consolidate the administration of
21 employment and day services within the division of developmental
22 disabilities. Amounts provided are also sufficient for the department
23 to develop and administer an outcome-based contract for employment and
24 day services. The contract shall be consistent statewide. All
25 contracts are to be transitioned to the division of developmental
26 disabilities no later than July 1, 2010. All contracts must be
27 transitioned to outcome-based contracts no later than April 1, 2011.
28 Employment and day service levels are to remain consistent with 2007-09
29 fiscal biennium levels. Child development services service levels are
30 to remain consistent with 2007-09 fiscal biennium levels. Counties
31 providing funds for the coordination and provision of community
32 services under RCW 71.20.110 shall not revise their proportional
33 allocations of services. The department shall adopt rules to implement
34 this subsection.

35 (j) Within the amounts appropriated in this subsection (1), the
36 department shall implement all necessary rules to facilitate the
37 transfer to a department home and community-based services (HCBS)
38 waiver of all eligible individuals who (i) currently receive services

1 under the existing state-only employment and day program, and (ii)
2 otherwise meet the waiver eligibility requirements. The amounts
3 appropriated are sufficient to ensure that all individuals currently
4 receiving services under the state-only employment and day program who
5 are not transferred to a department HCBS waiver will continue to
6 receive employment and day services.

7 (k) Within the amounts appropriated in this subsection, the
8 department shall implement all necessary rules to facilitate the
9 transfer to a department home and community-based services (HCBS)
10 waiver of all eligible individuals who currently receive services under
11 the existing state-only residential programs, and otherwise meet the
12 waiver eligibility requirements. The amounts appropriated are
13 sufficient to ensure that all individuals currently receiving services
14 under state-only residential programs who are not transferred to a
15 department HCBS waiver will continue to receive residential services.

16 (l) The department shall not pay a home care agency licensed under
17 chapter 70.127 RCW for:

- 18 (i) Personal care services provided by a family member; or
- 19 (ii) Personal care services provided by an agency employee who
20 resides with the client receiving the care.

21 If a home care agency is found to have charged the state for hours
22 which the department is not authorized to pay for under this
23 subsection, the department shall require the agency to pay back the
24 state for those hours. The department shall establish criteria for
25 termination of contracts of home care agencies that violate this
26 requirement. The department shall adopt rules to implement this
27 subsection.

28 (m) Amounts appropriated in this subsection reflect a reduction to
29 administrative funds. The department shall, to the extent possible,
30 ensure that these reduction impact only administrative functions of the
31 agency and do not impact service levels.

32 (n) The elimination of adult day health services does not change
33 eligibility for personal care services; personal care services will
34 continue to be available to clients who are otherwise eligible. Adult
35 day health clients who are not receiving any other service will be
36 referred for a personal care services eligibility determination upon
37 their request.

1 (o) By December 1, 2009, the department shall report to the
2 appropriate committees of the legislature on the number of applications
3 for residential placements that were denied, the number of applications
4 for residential placements that were accepted and the savings achieved.
5 Additionally, the department shall report on what, if any, alternatives
6 were provided to the individuals whose applications were not accepted.

7 (p) Within the appropriation of this section, the department shall
8 reduce all seventeen payment levels of the seventeen-level payment
9 system from the fiscal year 2009 levels for boarding homes, boarding
10 homes contracted as assisted living, and adult family homes. Excluded
11 from the reductions are exceptional care rate add-ons. The long-term
12 care program may develop add-ons to pay exceptional care rates to adult
13 family homes and boarding homes with specialty contracts to provide
14 support for the following specifically eligible clients:

15 (i) Persons with AIDS or HIV-related diseases who might otherwise
16 require nursing home or hospital care;

17 (ii) Persons with Alzheimer's disease and related dementia who
18 might otherwise require nursing home care; and

19 (iii) Persons with co-occurring mental illness and long-term care
20 needs who are eligible for expanded community services and who might
21 otherwise require state and local psychiatric hospital care.

22 Within amounts appropriated, exceptional add-on rates for AIDS/HIV,
23 dementia specialty care, and expanded community services may be
24 standardized within each program.

25 (q) Amounts appropriated in this subsection reflect a reduction to
26 funds appropriated for in-home care. The department shall reduce the
27 number of in-home hours authorized. The reduction shall be scaled
28 based on the acuity level of care recipients. The largest hour
29 reductions shall be to lower acuity patients and the smallest hour
30 reductions shall be to higher acuity patients. In doing so, the
31 department shall comply with all maintenance of effort requirements
32 contained in the American reinvestment and recovery act of 2009.

33 (r) Within the appropriations in this subsection, the department
34 shall implement the federal background check and develop the training
35 infrastructure required by chapter 2, Laws of 2009 (Initiative No.
36 1029).

37 (s) Within the appropriations in this subsection, the department

1 shall prioritize fiscal year 2010 funding for training to provide the
2 basic training required by chapter 2, Laws of 2009 (Initiative No.
3 1029) for new employees who are hired on or after January 1, 2010.

29 The appropriations in this section are subject to the following
30 conditions and limitations:

31 (1) For purposes of implementing chapter 74.46 RCW, the weighted
32 average nursing facility payment rate shall not exceed \$155.56 for
33 fiscal year 2010 and shall not exceed \$157.91 for fiscal year 2011,
34 including the rate add-on described in subsection (2) of this section.
35 The economic trends and conditions factor or factors defined in the
36 biennial appropriations act shall not be compounded with the economic

1 trends and conditions factor or factors defined in any other biennial
2 appropriations acts before applying it to the component rate
3 allocations established in accordance with chapter 74.46 RCW. When no
4 economic trends and conditions factor for either fiscal year is defined
5 in a biennial appropriations act, the economic trends and conditions
6 factor or factors defined in any earlier biennial appropriations act
7 shall not be applied solely or compounded to the component rate
8 allocations established in accordance with chapter 74.46 RCW.

9 (2) Within the funds provided, the department shall continue to
10 provide an add-on per medicaid resident day per facility, not to exceed
11 \$1.57. The add-on shall be used to increase wages, benefits, and/or
12 staffing levels for certified nurse aides; or to increase wages and/or
13 benefits for dietary aides, housekeepers, laundry aides, or any other
14 category of worker whose statewide average dollars-per-hour wage was
15 less than \$15 in calendar year 2008, according to cost report data.
16 The add-on may also be used to address resulting wage compression for
17 related job classes immediately affected by wage increases to low-wage
18 workers. The department shall continue reporting requirements and a
19 settlement process to ensure that the funds are spent according to this
20 subsection. The department shall adopt rules to implement the terms of
21 this subsection.

22 (3) In accordance with chapter 74.46 RCW, the department shall
23 issue no additional certificates of capital authorization for fiscal
24 year 2010 and no new certificates of capital authorization for fiscal
25 year 2011.

26 (4) The long-term care program may develop and pay enhanced rates
27 for exceptional care to nursing homes for persons with traumatic brain
28 injuries who are transitioning from hospital care. The cost per
29 patient day for caring for these clients in a nursing home setting must
30 be equal to or less than the cost of caring for these clients in a
31 hospital setting.

32 (5) In accordance with chapter 74.39 RCW, the department may
33 implement two medicaid waiver programs for persons who do not qualify
34 for such services as categorically needy, subject to federal approval
35 and the following conditions and limitations:

36 (a) One waiver program shall include coverage of care in community
37 residential facilities. Enrollment in the waiver shall not exceed 600
38 persons at any time.

1 (b) The second waiver program shall include coverage of in-home
2 care. Enrollment in this second waiver shall not exceed 200 persons at
3 any time.

4 (c) The department shall identify the number of medically needy
5 nursing home residents, and enrollment and expenditures on each of the
6 two medically needy waivers, on monthly management reports.

7 (d) If it is necessary to establish a waiting list for either
8 waiver because the budgeted number of enrollment opportunities has been
9 reached, the department shall track how the long-term care needs of
10 applicants assigned to the waiting list are met.

11 (6) \$224,000 of the general fund--state appropriation for fiscal
12 year 2010 and \$224,000 of the general fund--state appropriation for
13 fiscal year 2011 are provided solely for operation of the volunteer
14 chore services program.

15 (7) The department shall establish waiting lists to the extent
16 necessary to assure that annual expenditures on the community options
17 program entry systems (COPES) program do not exceed appropriated
18 levels. In establishing and managing any such waiting list, the
19 department shall assure priority access to persons with the greatest
20 unmet needs, as determined by department assessment processes.

21 (8) Within the appropriation of this section, the department shall
22 reduce all seventeen payment levels of the seventeen-level payment
23 system from the fiscal year 2009 levels for boarding homes, boarding
24 homes contracted as assisted living, and adult family homes. Excluded
25 from the reductions are exceptional care rate add-ons. The long-term
26 care program may develop add-ons to pay exceptional care rates to adult
27 family homes and boarding homes with specialty contracts to provide
28 support for the following specifically eligible clients:

29 (i) Persons with AIDS or HIV-related diseases who might otherwise
30 require nursing home or hospital care;

31 (ii) Persons with Alzheimer's disease and related dementia who
32 might otherwise require nursing home care; and

33 (iii) Persons with co-occurring mental illness and long-term care
34 needs who are eligible for expanded community services and who might
35 otherwise require state and local psychiatric hospital care.

36 Within amounts appropriated, exceptional add-on rates for AIDS/HIV,
37 dementia specialty care, and expanded community services may be
38 standardized within each program.

1 (9) The department may contract for housing with service models,
2 such as cluster care, to create efficiencies in service delivery and
3 responsiveness to unscheduled personal care needs by clustering hours
4 for clients that live in close proximity to each other.

5 (10) Amounts appropriated in this section reflect a reduction to
6 funds appropriated for in-home care. The department shall reduce the
7 number of in-home hours authorized. The reduction shall be scaled
8 based on the acuity level of care recipients. The largest hour
9 reductions shall be to lower acuity patients and the smallest hour
10 reductions shall be to higher acuity patients. In doing so, the
11 department shall comply with all maintenance of effort requirements
12 contained in the American reinvestment and recovery act of 2009.

13 (11) The state contribution to the cost of health care benefits for
14 agency home care workers who are employed through state contracts shall
15 be no greater than \$585.00 in fiscal year 2010 and \$585.00 per month in
16 fiscal year 2011 per eligible participating worker per month.

17 (12) The department shall not pay a home care agency licensed under
18 chapter 70.127 RCW for:

19 (a) Personal care services provided by a family member; or

20 (b) Personal care services provided by an agency employee who
21 resides with the client receiving the care.

22 If a home care agency is found to have charged the state for hours
23 which the department is not authorized to pay for under this
24 subsection, the department shall require the agency to pay back the
25 state for those hours. The department shall establish criteria for
26 termination of contracts of home care agencies that violate this
27 requirement. The department shall adopt rules to implement this
28 subsection.

29 (13) Within the appropriations in this section, the department
30 shall implement the federal background check and develop the training
31 infrastructure required by chapter 2, Laws of 2009 (Initiative No.
32 1029).

33 (14) Within the appropriations in this section, the department
34 shall prioritize fiscal year 2010 funding for training to provide the
35 basic training required by chapter 2, Laws of 2009 (Initiative No.
36 1029) for new employees who are hired on or after January 1, 2010.

37 (15) \$660,000 of the general fund--state appropriation for fiscal
38 year 2010, \$715,000 of the general fund--state appropriation for fiscal

1 year 2011, and \$1,025,000 of the general fund--federal appropriation
2 are provided solely for transfer to the training partnership for the
3 development of the training infrastructure for homecare workers. The
4 federal portion of the appropriation in this subsection is contingent
5 upon federal approval of participation in contributions to the trust
6 and shall remain unallotted and placed in reserve status until the
7 office of financial management and the department of social and health
8 services receive federal approval.

9 (16) \$3,955,000 of the general fund--state appropriation for fiscal
10 year 2010, \$4,239,000 of the general fund--state appropriation for
11 fiscal year 2011, and \$10,190,000 of the general fund--federal
12 appropriation are provided solely for the continued operation of
13 community residential and support services for persons who have been
14 discharged or diverted from a state psychiatric hospital and are either
15 older adults or who have co-occurring functional and behavioral
16 impairments. These funds shall be used to serve individuals whose
17 treatment needs constitute substantial barriers to community placement,
18 who no longer require active psychiatric treatment at an inpatient
19 hospital level of care, and who no longer meet the criteria for
20 inpatient involuntary commitment. Coordination of these services will
21 be done in partnership between the mental health program and the aging
22 and disability services administration.

23 (17) Sufficient funding is provided in this section for the
24 department to implement Engrossed Second Substitute House Bill No. 1935
25 (adult family homes). The initial licensing fee for an adult family
26 home shall be set at \$900.00. The annual licensing renewal fee shall
27 be set at \$100.00.

28 (18) \$204,000 of the general fund--state appropriation for fiscal
29 year 2010, \$1,099,000 of the general fund--state appropriation for
30 fiscal year 2011, and \$1,697,000 for the general fund--federal
31 appropriation are provided solely to implement House Bill No. 2194
32 (extraordinary medical placement for offenders). The department shall
33 work in partnership with the department of corrections to identify
34 services and find placements for offenders who are released through the
35 extraordinary medical placement program. The department shall
36 collaborate with the department of corrections to identify and track
37 cost savings to the department of corrections, including medical cost
38 savings and to identify and track expenditures incurred by the aging

1 and disability services program for community services and by the
2 medical assistance program for medical expenses. A joint report
3 regarding the identified savings and expenditures shall be provided to
4 the office of financial management and the appropriate fiscal
5 committees of the legislature by November 30, 2010. If this bill is
6 not enacted by June 30, 2009, the amounts provided in this subsection
7 shall lapse.

8 (19) The elimination of adult day health services does not change
9 eligibility for personal care services; personal care services will
10 continue to be available to clients who are otherwise eligible. Adult
11 day health clients who are not receiving any other service will be
12 referred for a personal care services eligibility determination upon
13 their request.

22 conditions and limitations:

23 (1) \$306,694,000 of the general fund--state appropriation for
24 fiscal year 2010, \$324,843,000 of the general fund--state appropriation
25 for fiscal year 2011, and \$889,604,000 of the general fund--federal
26 appropriation are provided solely for all components of the WorkFirst
27 program. Within the amounts provided for the WorkFirst program, the
28 department may provide assistance using state-only funds for families
29 eligible for temporary assistance for needy families. Within the
30 amounts provided for the WorkFirst program, the department shall:

- 31 (a) Establish a career services work transition program;
- 32 (b) Continue to implement WorkFirst program improvements that are
33 designed to achieve progress against outcome measures specified in RCW
34 74.08A.410. Outcome data regarding job retention and wage progression
35 shall be reported quarterly to appropriate fiscal and policy committees
36 of the legislature for families who leave assistance, measured after 12

1 months, 24 months, and 36 months. The department shall also report the
2 percentage of families who have returned to temporary assistance for

18 (3) \$1,500,000 of the general fund--state appropriation for fiscal
19 year 2010 and \$1,500,000 of the general fund--state appropriation for
20 fiscal year 2011 are provided solely for limited English proficiency
21 pathway services.

22 (4) The department shall administer the refugee employment services
23 program in such a way as to maintain funding for the limited English

25 2007-09 biennium.

26 (5) \$79,000 of the general fund--state appropriation for fiscal
27 year 2010 is provided solely for implementation of Substitute House
28 Bill No. 1845 (medical support obligations). If the bill is not
29 enacted by June 30, 2009, the amount provided in this subsection shall
30 lapse.

35	General Fund--Federal Appropriation	\$146,383,000

5 The appropriations in this section are subject to the following
6 conditions and limitations: \$2,087,000 of the general fund--federal
7 appropriation is provided solely to supplement funding for drug courts.
8 The general fund--federal funding represents moneys from the American
9 recovery and reinvestment act of 2009 (Byrne/JAG funds).

10 NEW SECTION. **Sec. 209. FOR THE DEPARTMENT OF SOCIAL AND HEALTH**
11 **SERVICES--MEDICAL ASSISTANCE PROGRAM**

12 General Fund--State Appropriation (FY 2010) \$1,607,263,000
13 General Fund--State Appropriation (FY 2011) \$1,974,010,000
14 General Fund--Federal Appropriation \$5,247,150,000

16 Emergency Medical Services and Trauma Care Systems
17 Trust Account--State Appropriation \$15,076,000
18 Tobacco Prevention and Control Account--State
19 Appropriation \$3,766,000
20 TOTAL APPROPRIATION \$8,860,182,000

21 The appropriations in this section are subject to the following
22 conditions and limitations:

23 (1) In determining financial eligibility for medicaid-funded
24 services, the department is authorized to disregard recoveries by
25 Holocaust survivors of insurance proceeds or other assets, as defined
26 in RCW 48.104.030.

27 (2) In accordance with RCW 74.46.625, \$6,000,000 of the general
28 fund--federal appropriation is provided solely for supplemental
29 payments to nursing homes operated by public hospital districts. The
30 public hospital district shall be responsible for providing the
31 required nonfederal match for the supplemental payment, and the
32 payments shall not exceed the maximum allowable under federal rules.
33 It is the legislature's intent that the payments shall be supplemental
34 to and shall not in any way offset or reduce the payments calculated
35 and provided in accordance with part E of chapter 74.46 RCW. It is the
36 legislature's further intent that costs otherwise allowable for rate-
37 setting and settlement against payments under chapter 74.46 RCW shall

1 not be disallowed solely because such costs have been paid by revenues
2 retained by the nursing home from these supplemental payments. The
3 supplemental payments are subject to retrospective interim and final
4 cost settlements based on the nursing homes' as-filed and final
5 medicare cost reports. The timing of the interim and final cost
6 settlements shall be at the department's discretion. During either the
7 interim cost settlement or the final cost settlement, the department
8 shall recoup from the public hospital districts the supplemental
9 payments that exceed the medicaid cost limit and/or the medicare upper
10 payment limit. The department shall apply federal rules for
11 identifying the eligible incurred medicaid costs and the medicare upper
12 payment limit.

13 (3) The department shall continue the inpatient hospital certified
14 public expenditures program for the 2009-11 biennium. The program
15 shall apply to all public hospitals, including those owned or operated
16 by the state, except those classified as critical access hospitals or
17 state psychiatric institutions. The department shall submit reports to
18 the governor and legislature by November 1, 2009, and by November 1,
19 2010, that evaluate whether savings continue to exceed costs for this
20 program. If the certified public expenditures (CPE) program in its
21 current form is no longer cost-effective to maintain, the department
22 shall submit a report to the governor and legislature detailing cost-
23 effective alternative uses of local, state, and federal resources as a
24 replacement for this program. During fiscal years 2010 and 2011,
25 hospitals in the program shall be paid and shall retain (a) one hundred
26 percent of the federal portion of the allowable hospital cost for each
27 medicaid inpatient fee-for-service claim payable by medical assistance;
28 and (b) one hundred percent of the federal portion of the maximum
29 disproportionate share hospital (DSH) payment allowable under federal
30 regulations. Inpatient medicaid payments shall be established using an
31 allowable methodology that approximates the cost of claims submitted by
32 hospitals. Payments made to each hospital in the program in each
33 fiscal year of the biennium shall be compared to a baseline amount.
34 The baseline amount will be determined by the total of (a) the
35 inpatient claim payment amounts that would have been paid during the
36 fiscal year had the hospital not been in the CPE program, and (b) DSH
37 payment amounts paid to and retained by each hospital during fiscal
38 year 2005, to the extent the same DSH programs exist in the 2009-11

1 biennium. If payments during the fiscal year exceed the hospital's
2 baseline amount, no additional payments will be made to the hospital
3 except the federal portion of allowable DSH payments for which the
4 hospital can certify allowable match. If payments during the fiscal
5 year are less than the baseline amount, the hospital will be paid a
6 state grant equal to the difference between payments during the fiscal
7 year and the applicable baseline amount. Payments of the state grant
8 shall be made in the applicable fiscal year and distributed in monthly
9 payments. The grants will be recalculated and redistributed as the
10 baseline is updated during the fiscal year. The grant payments are
11 subject to an interim settlement within eleven months after the end of
12 the fiscal year. A final settlement shall be performed. To the extent
13 that either settlement determines that a hospital has received funds in
14 excess of what it would have received as described in this subsection,
15 the hospital must repay the excess amounts to the state when requested.
16 Sufficient amounts are appropriated in this section for state grants
17 for the participating hospitals.

18 (4) \$10,259,000 of the general fund--state appropriation for fiscal
19 year 2010, \$8,313,000 of the general fund--state appropriation for
20 fiscal year 2011, and \$25,601,000 of the general fund--federal
21 appropriation are provided solely for development and implementation of
22 a replacement system for the existing medicaid management information
23 system. The amounts are conditioned on the department satisfying the
24 requirements of section 902 of this act.

25 (5) When a person is ineligible for medicaid solely by reason of
26 residence in an institution for mental diseases, the department shall
27 provide the person with the same benefits as he or she would receive if
28 eligible for medicaid, using state-only funds to the extent necessary.

29 (6) The department is authorized to use amounts appropriated in
30 this section to purchase goods and supplies through direct contracting
31 with vendors when the department determines it is cost-effective to do
32 so.

33 (7) The legislature finds that medical assistance payment rates, as
34 calculated by the department pursuant to the appropriations in this
35 act, bear a reasonable relationship to the costs incurred by
36 efficiently and economically operated facilities for providing quality
37 services and will be sufficient to enlist enough providers so that care
38 and services are available to the extent that such care and services

1 are available to the general population in the geographic area. The
2 legislature finds that hospital medicare cost reports, payment data
3 from the federal government, historical utilization, economic data, and
4 clinical input constitute reliable data upon which to determine the
5 payment rates.

6 (8) Psychiatric hospitals, critical access hospitals, and hospitals
7 with level one trauma centers shall be excluded from hospital inpatient
8 and outpatient rate reductions.

9 (9) The legislature affirms that it is in the state's interest for
10 Harborview medical center to remain an economically viable component of
11 the state's health care system.

12 (10) \$300,000 of the general fund--state appropriation for fiscal
13 year 2011 and \$300,000 of the general fund--federal appropriation are
14 provided solely to continue providing up to 20 mental health visits for
15 children under Second Substitute House Bill No. 1373 (children's mental
16 health). If the bill is not enacted by June 30, 2009, the amounts
17 provided in this subsection shall lapse.

18 (11) \$276,000 of the general fund--state appropriation for fiscal
19 year 2010, \$174,000 of the general fund--state appropriation for fiscal
20 year 2011, and \$514,000 of the general fund--federal appropriation are
21 provided solely for an apple health for kids executive position and
22 identification cards for all children enrolled in the apple health for
23 kids program under Engrossed Substitute House Bill No. 2128 (children's
24 health coverage). If the bill is not enacted by June 30, 2009, the
25 amounts provided in this subsection shall lapse.

26 (12) \$63,000 of the general fund--state appropriation for fiscal
27 year 2010, \$583,000 of the general fund--state appropriation for fiscal
28 year 2011, and \$864,000 of the general fund--federal appropriation are
29 provided solely to implement House Bill No. 2194 (extraordinary medical
30 placement for offenders). The department shall work in partnership
31 with the department of corrections to identify services and find
32 placements for offenders who are released through the extraordinary
33 medical placement program. The department shall collaborate with the
34 department of corrections to identify and track cost savings to the
35 department of corrections, including medical cost savings, and to
36 identify and track expenditures incurred by the aging and disability
37 services program for community services and by the medical assistance
38 program for medical expenses. A joint report regarding the identified

1 savings and expenditures shall be provided to the office of financial
2 management and the appropriate fiscal committees of the legislature by
3 November 30, 2010. If this bill is not enacted by June 30, 2009, the
4 amounts provided in this subsection shall lapse.

5 (13) The department shall not reduce and shall continue to provide
6 family planning nurses and supplies at community services offices.

7 (14) The department shall target funding for maternity support
8 services towards pregnant women with factors that lead to higher rates
9 of poor birth outcomes, including hypertension, a preterm or low birth
10 weight birth in the most recent previous birth, a cognitive deficit or
11 developmental disability, substance abuse, severe mental illness,
12 unhealthy weight or failure to gain weight, tobacco use, or African
13 American or Native American race.

14 (15) The department shall reduce reimbursement for brand-name
15 single-source drugs to sixteen percent less than the average wholesale
16 price.

17 (16) The department shall direct graduate medical education funds
18 to programs that focus on primary care training.

19 (17) \$750,000 of the general fund--state appropriation for fiscal
20 year 2010, \$750,000 of the general fund--state appropriation for fiscal
21 year 2011, and \$2,786,000 of the general fund--federal appropriation
22 are provided solely to continue children's health coverage outreach and
23 education efforts under RCW 74.09.470. These efforts shall rely on
24 existing relationships and systems developed with local public health
25 agencies, health care providers, public schools, the women, infants,
26 and children program, the early childhood education and assistance
27 program, child care providers, newborn visiting nurses, and other
28 community-based organizations. The department shall seek public-
29 private partnerships and federal funds that are or may become available
30 to provide on-going support for outreach and education efforts under
31 the federal children's health insurance program reauthorization act of
32 2009.

33 (18) The department may, on a case-by-case basis and in the best
34 interests of the child, set payment rates for medically intensive home
35 care services to promote access to home care as an alternative to
36 hospitalization. Expenditures related to these increased payments
37 shall not exceed the amount the department would otherwise pay for

1 hospitalization for the child receiving medically intensive home care
2 services.

3 (19) The department shall reduce reimbursement for over-the-counter
4 medications while maintaining reimbursement for those over-the-counter
5 medications that can replace more costly prescription medications.

6 (20) The department shall require managed health care systems that
7 have contracts with the department to serve medical assistance clients
8 to limit any reimbursements or payments the systems make to providers
9 not employed by or under contract with the systems to the medical
10 assistance rates paid by the department to providers for comparable
11 services rendered to clients in the fee-for-service delivery system.

12 (21) The department shall seek public-private partnerships and
13 federal funds that are or may become available to implement health
14 information technology projects under the federal American recovery and
15 reinvestment act of 2009.

28 school years shall be calculated using formula-generated classified
29 staff units determined as follows:

30 (a) For enrollments generating certificated staff unit allocations
31 under subsection (2)(e) through (h) of this section, one classified
32 staff unit for each 2.94 certificated staff units allocated under such
33 subsections;

34 (b) For all other enrollment in grades K-12, including vocational
35 full-time equivalent enrollments, one classified staff unit for each
36 58.75 average annual full-time equivalent students; and

1 than fifty annual average full-time equivalent students and less than
2 one hundred eighty students, an additional one-half of a classified
3 staff unit.

4 (4) Fringe benefit allocations shall be calculated at a rate of
5 15.13 percent in the 2009-10 school year and 15.13 percent in the 2010-
6 11 school year for certificated salary allocations provided under
7 subsection (2) of this section, and a rate of 17.01 percent in the
8 2009-10 school year and 17.01 percent in the 2010-11 school year for
9 classified salary allocations provided under subsection (3) of this

15 (2) of this section; and

16 (b) The number of classified staff units determined in subsection
17 (3) of this section multiplied by 1.152. This factor is intended to
18 adjust allocations so that, for the purposes of distributing insurance
19 benefits, full-time equivalent classified employees may be calculated
20 on the basis of 1440 hours of work per year, with no individual
21 employee counted as more than one full-time equivalent.

22 (6)(a) For nonemployee-related costs associated with each
23 certificated staff unit allocated under subsection (2)(a), (b), and (d)
24 through (g) of this section, there shall be provided a maximum of

1 (7) Allocations for substitute costs for classroom teachers shall
2 be distributed at a maintenance rate of \$607.44 for the 2009-10 and
3 2010-11 school years per allocated classroom teachers exclusive of
4 salary increase amounts provided in section 504 of this act. Solely
5 for the purposes of this subsection, allocated classroom teachers shall
6 be equal to the number of certificated instructional staff units
7 allocated under subsection (2) of this section, multiplied by the ratio
8 between the number of actual basic education certificated teachers and
9 the number of actual basic education certificated instructional staff
10 reported statewide for the prior school year.

11 (8) Any school district board of directors may petition the
12 superintendent of public instruction by submission of a resolution
13 adopted in a public meeting to reduce or delay any portion of its basic
14 education allocation for any school year. The superintendent of public
15 instruction shall approve such reduction or delay if it does not impair
16 the district's financial condition. Any delay shall not be for more
17 than two school years. Any reduction or delay shall have no impact on
18 levy authority pursuant to RCW 84.52.0531 and local effort assistance
19 pursuant to chapter 28A.500 RCW.

20 (9) Funding in this section is sufficient to provide additional
21 service year credits to educational staff associates pursuant to
22 chapter 403, Laws of 2007.

23 (10)(a) The superintendent may distribute a maximum of \$11,367,000
24 outside the basic education formula during fiscal years 2010 and 2011
25 as follows:

26 (i) For fire protection for school districts located in a fire
27 protection district as now or hereafter established pursuant to chapter
28 52.04 RCW, a maximum of \$567,000 may be expended in fiscal year 2010
29 and a maximum of \$578,000 may be expended in fiscal year 2011;

30 (ii) For summer vocational programs at skills centers, a maximum of
31 \$2,385,000 may be expended for the 2010 fiscal year and a maximum of
32 \$2,385,000 for the 2011 fiscal year. 20 percent of each fiscal year
33 amount may carry over from one year to the next;

34 (iii) A maximum of \$404,000 may be expended for school district
35 emergencies; and

36 (iv) A maximum of \$485,000 each fiscal year may be expended for
37 programs providing skills training for secondary students who are
38 enrolled in extended day school-to-work programs, as approved by the

1 superintendent of public instruction. The funds shall be allocated at
2 a rate not to exceed \$500 per full-time equivalent student enrolled in
3 those programs.

4 (b) Funding in this section is sufficient to fund a maximum of 1.6
5 FTE enrollment for skills center students pursuant to chapter 463, Laws
6 of 2007.

7 (11) For purposes of RCW 84.52.0531, the increase per full-time
8 equivalent student is 4.0 percent from the 2008-09 school year to the
9 2009-10 school year and 4.0 percent from the 2009-10 school year to the
10 2010-11 school year.

11 (12) If two or more school districts consolidate and each district
12 was receiving additional basic education formula staff units pursuant
13 to subsection (2)(b) through (g) of this section, the following shall
14 apply:

15 (a) For three school years following consolidation, the number of
16 basic education formula staff units shall not be less than the number
17 of basic education formula staff units received by the districts in the
18 school year prior to the consolidation; and

19 (b) For the fourth through eighth school years following
20 consolidation, the difference between the basic education formula staff
21 units received by the districts for the school year prior to
22 consolidation and the basic education formula staff units after
23 consolidation pursuant to subsection (2)(a) through (h) of this section
24 shall be reduced in increments of twenty percent per year.

25 (13) Funding in this section is sufficient to implement Substitute
26 House Bill No. 1418 (establishing a statewide dropout reengagement
27 system). The funding levels reflect an assumption that 500 high school
28 drop-outs will be reengaged in the school system by the end of the
29 2011-12 school year.

 16 total base salaries for certificated instructional staff as developed
 17 by the legislative evaluation and accountability program committee on
 18 March 26, 2009, at 15:33 hours.

19 (3) Incremental fringe benefit factors shall be applied to salary
 20 adjustments at a rate of 15.13 percent for school year 2009-10 and

27 act include the increased or decreased portion of salaries and

29 programs in part V of this act. Changes for general apportionment
30 (basic education) are based on the salary allocation schedules and
31 methodology in sections 502 and 503 of this act. Changes for special
32 education result from changes in each district's basic education
33 allocation per student. Changes for educational service districts and
34 institutional education programs are determined by the superintendent
35 of public instruction using the methodology for general apportionment
36 salaries and benefits in sections 502 and 503 of this act.

37 (f) The office of the superintendent of public instruction and the

7 adjustments for substitute teachers.

8 (2) \$79,060,000 is provided in section 519(2) of this act for

17 **INSTRUCTION--FOR PUPIL TRANSPORTATION**

18	General Fund--State Appropriation (FY 2010)	\$310,172,000
19	General Fund--State Appropriation (FY 2011)	\$310,727,000
20	TOTAL APPROPRIATION	\$620,899,000

21 The appropriations in this section are subject to the following
22 conditions and limitations:

23 (1) Each general fund fiscal year appropriation includes such funds
24 as are necessary to complete the school year ending in the fiscal year
25 and for prior fiscal year adjustments.

26 (2) A maximum of \$878,000 of this fiscal year 2010 appropriation
27 and a maximum of \$896,000 of the fiscal year 2011 appropriation may be
28 expended for regional transportation coordinators and related
29 activities. The transportation coordinators shall ensure that data
30 submitted by school districts for state transportation funding shall,
31 to the greatest extent practical, reflect the actual transportation
32 activity of each district.

33 (3) Allocations for transportation of students shall be based on
34 reimbursement rates of \$48.25 per weighted mile in the 2009-10 school
35 year and \$48.53 per weighted mile in the 2010-11 school year exclusive

37 Allocations for transportation of students transported more than one

1 radius mile shall be based on weighted miles as determined by
2 superintendent of public instruction multiplied by the per mile
3 reimbursement rates for the school year pursuant to the formulas
4 adopted by the superintendent of public instruction. Allocations for
5 transportation of students living within one radius mile shall be based
6 on the number of enrolled students in grades kindergarten through five
7 living within one radius mile of their assigned school multiplied by
8 the per mile reimbursement rate for the school year multiplied by 1.29.

9 (4) The office of the superintendent of public instruction shall
10 provide reimbursement funding to a school district only after the
11 superintendent of public instruction determines that the school bus was

13 a comparable competitive bid process based on the lowest price quote
14 based on similar bus categories to those used to establish the list

20 be based on the lowest bid in the appropriate bus category for that
21 school year.

22 (6) Funding levels in this section reflect reductions from the
23 implementation of Substitute House Bill No. 1292 (authorizing waivers
24 from the one hundred eighty-day school year requirement in order to
25 allow four-day school weeks).

26 NEW SECTION. **Sec. 506. FOR THE SUPERINTENDENT OF PUBLIC**

10 NEW SECTION. **Sec. 507. FOR THE SUPERINTENDENT OF PUBLIC**
11 **INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS**

12	General Fund--State Appropriation (FY 2010)	\$655,432,000
13	General Fund--State Appropriation (FY 2011)	\$670,774,000
14	General Fund--Federal Appropriation	\$611,781,000
15	Education Legacy Trust Account--State	
16	Appropriation	\$756,000
17	TOTAL APPROPRIATION	\$1,938,743,000

18 The appropriations in this section are subject to the following
19 conditions and limitations:

20 (1) Funding for special education programs is provided on an excess
21 cost basis, pursuant to RCW 28A.150.390. School districts shall ensure
22 that special education students as a class receive their full share of
23 the general apportionment allocation accruing through sections 502 and
24 504 of this act. To the extent a school district cannot provide an
25 appropriate education for special education students under chapter
26 28A.155 RCW through the general apportionment allocation, it shall
27 provide services through the special education excess cost allocation
28 funded in this section.

29 (2)(a) The superintendent of public instruction shall ensure that:

30 (i) Special education students are basic education students first;

31 (ii) As a class, special education students are entitled to the
32 full basic education allocation; and

33 (iii) Special education students are basic education students for
34 the entire school day.

35 (b) The superintendent of public instruction shall adopt the full
36 cost method of excess cost accounting, as designed by the committee and

1 recommended by the superintendent, pursuant to section 501(1)(k),
2 chapter 372, Laws of 2006.

3 (3) Each fiscal year appropriation includes such funds as are
4 necessary to complete the school year ending in the fiscal year and for
5 prior fiscal year adjustments.

6 (4) The superintendent of public instruction shall distribute state
7 funds to school districts based on two categories: (a) The first
8 category includes (i) children birth through age two who are eligible
9 for the optional program for special education eligible developmentally
10 delayed infants and toddlers, and (ii) students eligible for the
11 mandatory special education program and who are age three or four, or
12 five and not yet enrolled in kindergarten; and (b) the second category
13 includes students who are eligible for the mandatory special education
14 program and who are age five and enrolled in kindergarten and students
15 age six through 21.

16 (5)(a) For the 2009-10 and 2010-11 school years, the superintendent
17 shall make allocations to each district based on the sum of:

18 (i) A district's annual average headcount enrollment of students
19 ages birth through four and those five year olds not yet enrolled in
20 kindergarten, as defined in subsection (4) of this section, multiplied
21 by the district's average basic education allocation per full-time
22 equivalent student, multiplied by 1.15; and

23 (ii) A district's annual average full-time equivalent basic
24 education enrollment multiplied by the funded enrollment percent
25 determined pursuant to subsection (6)(b) of this section, multiplied by
26 the district's average basic education allocation per full-time
27 equivalent student multiplied by 0.9309.

28 (b) For purposes of this subsection, "average basic education
29 allocation per full-time equivalent student" for a district shall be
30 based on the staffing ratios required by RCW 28A.150.260 and shall not
31 include enhancements, secondary vocational education, or small schools.

32 (6) The definitions in this subsection apply throughout this
33 section.

34 (a) "Annual average full-time equivalent basic education
35 enrollment" means the resident enrollment including students enrolled
36 through choice (RCW 28A.225.225) and students from nonhigh districts
37 (RCW 28A.225.210) and excluding students residing in another district

1 enrolled as part of an interdistrict cooperative program (RCW
2 28A.225.250).

3 (b) "Enrollment percent" means the district's resident special
4 education annual average enrollment, excluding the birth through age
5 four enrollment and those five year olds not yet enrolled in
6 kindergarten, as a percent of the district's annual average full-time
7 equivalent basic education enrollment.

8 Each district's general fund--state funded special education
9 enrollment shall be the lesser of the district's actual enrollment
10 percent or 12.7 percent.

11 (7) At the request of any interdistrict cooperative of at least 15
12 districts in which all excess cost services for special education
13 students of the districts are provided by the cooperative, the maximum
14 enrollment percent shall be calculated in accordance with subsection
15 (6)(b) of this section, and shall be calculated in the aggregate rather
16 than individual district units. For purposes of this subsection, the
17 average basic education allocation per full-time equivalent student
18 shall be calculated in the aggregate rather than individual district
19 units.

20 (8) To the extent necessary, \$73,668,000 of the general fund--state
21 appropriation and \$29,574,000 of the general fund--federal
22 appropriation are provided for safety net awards for districts with
23 demonstrated needs for special education funding beyond the amounts
24 provided in subsection (5) of this section. If the federal safety net
25 awards based on the federal eligibility threshold exceed the federal
26 appropriation in this subsection (8) in any fiscal year, the
27 superintendent shall expend all available federal discretionary funds
28 necessary to meet this need. Safety net funds shall be awarded by the
29 state safety net oversight committee subject to the following
30 conditions and limitations:

31 (a) The committee shall consider unmet needs for districts that can
32 convincingly demonstrate that all legitimate expenditures for special
33 education exceed all available revenues from state funding formulas.
34 In the determination of need, the committee shall also consider
35 additional available revenues from federal sources. Differences in
36 program costs attributable to district philosophy, service delivery
37 choice, or accounting practices are not a legitimate basis for safety
38 net awards. In the determination of need, the committee shall require

1 that districts demonstrate that they are maximizing their eligibility
2 for all state and federal revenues related to services for special
3 education-eligible students. Awards associated with (b) and (c) of
4 this subsection shall not exceed the total of a district's specific
5 determination of need.

6 (b) The committee shall then consider the extraordinary high cost
7 needs of one or more individual special education students.
8 Differences in costs attributable to district philosophy, service
9 delivery choice, or accounting practices are not a legitimate basis for
10 safety net awards.

11 (c) Using criteria developed by the committee, the committee shall
12 then consider extraordinary costs associated with communities that draw
13 a larger number of families with children in need of special education
14 services. The safety net awards to school districts shall be adjusted
15 to reflect amounts awarded under (b) of this subsection.

16 (d) The maximum allowable indirect cost for calculating safety net
17 eligibility may not exceed the federal restricted indirect cost rate
18 for the district plus one percent.

19 (e) Safety net awards must be adjusted for any audit findings or
20 exceptions related to special education funding.

21 (f) Safety net awards shall be adjusted based on the percent of
22 potential medicaid eligible students billed as calculated by the
23 superintendent in accordance with chapter 318, Laws of 1999. The state
24 safety net oversight committee shall ensure that safety net
25 documentation and awards are based on current medicaid revenue amounts.

26 (9) The superintendent of public instruction may adopt such rules
27 and procedures as are necessary to administer the special education
28 funding and safety net award process. Prior to revising any standards,
29 procedures, or rules, the superintendent shall consult with the office
30 of financial management and the fiscal committees of the legislature.

31 (10) The safety net oversight committee appointed by the
32 superintendent of public instruction shall consist of:

33 (a) One staff from the office of superintendent of public
34 instruction;

35 (b) Staff of the office of the state auditor who shall be nonvoting
36 members of the committee; and

37 (c) One or more representatives from school districts or

1 educational service districts knowledgeable of special education
2 programs and funding.

3 (11) The office of the superintendent of public instruction shall
4 review and streamline the application process to access safety net
5 funds, provide technical assistance to school districts, and annually
6 survey school districts regarding improvement to the process.

7 (12) A maximum of \$678,000 may be expended from the general fund--
8 state appropriations to fund 5.43 full-time equivalent teachers and 2.1
9 full-time equivalent aides at children's orthopedic hospital and
10 medical center. This amount is in lieu of money provided through the
11 home and hospital allocation and the special education program.

12 (13) A maximum of \$1,000,000 of the general fund--federal
13 appropriation is provided for projects to provide special education
14 students with appropriate job and independent living skills, including
15 work experience where possible, to facilitate their successful
16 transition out of the public school system. The funds provided by this
17 subsection shall be from federal discretionary grants.

18 (14) The superintendent shall maintain the percentage of federal
19 flow-through to school districts at 85 percent. In addition to other
20 purposes, school districts may use increased federal funds for high-
21 cost students, for purchasing regional special education services from
22 educational service districts, and for staff development activities
23 particularly relating to inclusion issues.

24 (15) A maximum of \$1,200,000 of the general fund--federal
25 appropriation may be expended by the superintendent for projects
26 related to use of inclusion strategies by school districts for
27 provision of special education services.

28 (16) A school district may carry over from one year to the next
29 year up to 10 percent of the general fund--state funds allocated under
30 this program; however, carryover funds shall be expended in the special
31 education program.

32 (17) \$262,000 of the general fund--state appropriation for fiscal
33 year 2010 and \$251,000 of the general fund--state appropriation for
34 fiscal year 2011 are provided solely for two additional full-time
35 equivalent staff to support the work of the safety net committee and to
36 provide training and support to districts applying for safety net
37 awards.

2 **MISCELLANEOUS**

3 NEW SECTION. **Sec. 901. EXPENDITURE AUTHORIZATIONS.** The
4 appropriations contained in this act are maximum expenditure
5 authorizations. Pursuant to RCW 43.88.037, moneys disbursed from the
6 treasury on the basis of a formal loan agreement shall be recorded as
7 loans receivable and not as expenditures for accounting purposes. To
8 the extent that moneys are disbursed on a loan basis, the corresponding
9 appropriation shall be reduced by the amount of loan moneys disbursed
10 from the treasury during the 2007-2009 biennium.

11 NEW SECTION. **Sec. 902. INFORMATION SYSTEMS PROJECTS.** Agencies
12 shall comply with the following requirements regarding information
13 systems projects when specifically directed to do so by this act.

14 (1) Agency planning and decisions concerning information technology
15 shall be made in the context of its information technology portfolio.
16 "Information technology portfolio" means a strategic management
17 approach in which the relationships between agency missions and
18 information technology investments can be seen and understood, such
19 that: Technology efforts are linked to agency objectives and business
20 plans; the impact of new investments on existing infrastructure and
21 business functions are assessed and understood before implementation;
22 and agency activities are consistent with the development of an
23 integrated, nonduplicative statewide infrastructure.

24 (2) Agencies shall use their information technology portfolios in
25 making decisions on matters related to the following:

26 (a) System refurbishment, acquisitions, and development efforts;

27 (b) Setting goals and objectives for using information technology
28 in meeting legislatively-mandated missions and business needs;

29 (c) Assessment of overall information processing performance,
30 resources, and capabilities;

31 (d) Ensuring appropriate transfer of technological expertise for
32 the operation of any new systems developed using external resources;
33 and

34 (e) Progress toward enabling electronic access to public
35 information.

1 (3) Each project will be planned and designed to take optimal
2 advantage of Internet technologies and protocols. Agencies shall
3 ensure that the project is in compliance with the architecture,
4 infrastructure, principles, policies, and standards of digital
5 government as maintained by the information services board.

6 (4) The agency shall produce a feasibility study for information
7 technology projects at the direction of the information services board
8 and in accordance with published department of information services
9 policies and guidelines. At a minimum, such studies shall include a
10 statement of: (a) The purpose or impetus for change; (b) the business
11 value to the agency, including an examination and evaluation of
12 benefits, advantages, and cost; (c) a comprehensive risk assessment
13 based on the proposed project's impact on both citizens and state
14 operations, its visibility, and the consequences of doing nothing; (d)
15 the impact on agency and statewide information infrastructure; and (e)
16 the impact of the proposed enhancements to an agency's information
17 technology capabilities on meeting service delivery demands.

18 (5) The agency shall produce a comprehensive management plan for
19 each project. The plan or plans shall address all factors critical to
20 successful completion of each project. The plan(s) shall include, but
21 is not limited to, the following elements: A description of the
22 problem or opportunity that the information technology project is
23 intended to address; a statement of project objectives and assumptions;
24 a definition and schedule of phases, tasks, and activities to be
25 accomplished; and the estimated cost of each phase. The planning for
26 the phased approach shall be such that the business case justification
27 for a project needs to demonstrate how the project recovers cost or
28 adds measurable value or positive cost benefit to the agency's business
29 functions within each development cycle.

30 (6) The agency shall produce quality assurance plans for
31 information technology projects. Consistent with the direction of the
32 information services board and the published policies and guidelines of
33 the department of information services, the quality assurance plan
34 shall address all factors critical to successful completion of the
35 project and successful integration with the agency and state
36 information technology infrastructure. At a minimum, quality assurance
37 plans shall provide time and budget benchmarks against which project
38 progress can be measured, a specification of quality assurance

1 responsibilities, and a statement of reporting requirements. The
2 quality assurance plans shall set out the functionality requirements
3 for each phase of a project.

4 (7) A copy of each feasibility study, project management plan, and
5 quality assurance plan shall be provided to the department of
6 information services, the office of financial management, and
7 legislative fiscal committees. The plans and studies shall demonstrate
8 a sound business case that justifies the investment of taxpayer funds
9 on any new project, an assessment of the impact of the proposed system
10 on the existing information technology infrastructure, the disciplined
11 use of preventative measures to mitigate risk, and the leveraging of
12 private-sector expertise as needed. Authority to expend any funds for
13 individual information systems projects is conditioned on the approval
14 of the relevant feasibility study, project management plan, and quality
15 assurance plan by the department of information services and the office
16 of financial management.

17 (8) Quality assurance status reports shall be submitted to the
18 department of information services, the office of financial management,

2 this requirement only if there is a substantial connection between the
3 lack of good character of the applicant and the professional and
4 ethical responsibilities of a licensee and if the finding by the board
5 of lack of good character is supported by a preponderance of evidence.
6 When an applicant is found to be unqualified for a license because of
7 a lack of good character, the board shall furnish the applicant a
8 statement containing the findings of the board and a notice of the
9 applicant's right of appeal;

10 (b) Who has met the educational standards established by rule as

24 shall test the applicant's knowledge of the subjects of accounting and
25 auditing, and other related fields the board may specify by rule. The
26 time for holding the examination is fixed by the board and may be
27 changed from time to time. The board shall prescribe by rule the
28 methods of applying for and taking the examination, including methods
29 for grading examinations and determining a passing grade required of an
30 applicant for a license. The board shall to the extent possible see to

36 perform administrative services with respect to the examination as the
37 board deems appropriate to assist it in performing its duties under

1 this chapter. The board shall establish by rule provisions for
2 transitioning to a new examination structure or to a new media for
3 administering the examination.

4 (3) The board shall charge each applicant an examination fee for
5 the initial examination or for reexamination. The applicable fee shall

16 general fund such amounts as reflect the excess fund balance of the
17 account.

14 previously issued under this chapter are deemed to hold inactive
15 certificates, subject to renewal as inactive certificates, until they
16 have petitioned the board to become licensees and have met the
17 requirements of subsection (4) of this section. No individual who did

27 are subject to the requirements of subsection (8) of this section.

28 (8) Persons holding an inactive certificate:

29 (a) Must use or attach the term "inactive" whenever using the title
30 CPA or certified public accountant or referring to the certificate, and
31 print the word "inactive" immediately following the title, whenever the

33 including documents published or transmitted through electronic media,
34 in the same font and font size as the title; and

35 (b) Are prohibited from practicing public accounting.

9 combating motor vehicle theft.

10 (4) Prior to awarding any moneys from the Washington auto theft

1 account to the state general fund (~~(such amounts as reflect the excess~~
2 ~~fund balance of the fund and reductions made by the 2002 supplemental~~
3 ~~appropriations act for administrative efficiencies and savings)) and
4 may direct an additional amount of liquor profits to be distributed to
5 local governments. Neither the transfer of funds nor the additional
6 distribution of liquor profits to local governments during the 2009-
7 2011 fiscal biennium may reduce the excess fund distributions that
8 otherwise would occur under RCW 66.08.190. Disbursements from the
9 revolving fund shall be on authorization of the board or a duly
10 authorized representative thereof. In order to maintain an effective
11 expenditure and revenue control the liquor revolving fund shall be

19 account". Moneys in the account may be spent only after appropriation.
20 Expenditures from the waste reduction, recycling, and litter control
21 account shall be used as follows:

22 (a) Fifty percent to the department of ecology, for use by the
23 departments of ecology, natural resources, revenue, transportation, and
24 corrections, and the parks and recreation commission, for use in litter
25 collection programs, to be distributed under RCW 70.93.220. The amount
26 to the department of ecology shall also be used for a central
27 coordination function for litter control efforts statewide, for the
28 biennial litter survey under RCW 70.93.200(8), and for statewide public
29 awareness programs under RCW 70.93.200(7). The amount to the
30 department shall also be used to defray the costs of administering the
31 funding, coordination, and oversight of local government programs for
32 waste reduction, litter control, and recycling, so that local
33 governments can apply one hundred percent of their funding to achieving
34 program goals. The amount to the department of revenue shall be used
35 to enforce compliance with the litter tax imposed in chapter 82.19 RCW;

36 (b) Twenty percent to the department for local government funding

2 by cities and counties under RCW 70.93.250, to be administered by the

11 amount appropriated into the waste reduction, recycling, and litter
12 control account every biennium shall be reserved for capital needs,
13 including the purchase of vehicles for transporting crews and for
14 collecting litter and solid waste. Capital funds shall be distributed
15 among state agencies and local governments according to the same
16 criteria provided in RCW 70.93.220 for the remainder of the funds, so
17 that the most effective waste reduction, litter control, and recycling
18 programs receive the most funding. The intent of this subsection is to
19 provide funds for the purchase of equipment that will enable the
20 department to account for the greatest return on investment in terms of
21 reaching a zero litter goal.

22 (4) During the ((2005-2007)) 2009-2011 fiscal biennium, the
23 legislature may transfer from the waste reduction, recycling, and
24 litter control account to the state general fund such amounts as
25 reflect the excess fund balance of the account. For purposes of

18 department is authorized to use the following additional strategies in

21 incentives for local governments to expedite cleanups when one of the
22 following conditions exists:

23 (A) Funding would prevent or mitigate unfair economic hardship
24 imposed by the clean-up liability;

26 public recreational, or habitat restoration opportunities that would
27 not otherwise occur; or

28 (C) Funding would create an opportunity for acquisition and
29 redevelopment of vacant, orphaned, or abandoned property under RCW
30 70.105D.040(5) that would not otherwise occur;

38 toxics control accounts shall be allocated only for public

1 participation grants to persons who may be adversely affected by a
2 release or threatened release of a hazardous substance and to not-for-

4 grants is to facilitate the participation by persons and organizations
5 in the investigation and remedying of releases or threatened releases
6 of hazardous substances and to implement the state's solid and
7 hazardous waste management priorities. However, during the 1999-2001
8 fiscal biennium, funding may not be granted to entities engaged in
9 lobbying activities, and applicants may not be awarded grants if their
10 cumulative grant awards under this section exceed two hundred thousand

30 toxics control account may also be used for a standby rescue tug at

26 not enacted by June 30, 2007, the amounts provided in this subsection
27 shall lapse.

28 (6) \$190,000 of the general fund--state appropriation for fiscal
29 year 2008 and \$90,000 of the general fund--state appropriation for

32 options for a new K-12 pupil transportation funding formula.

33 (7) \$175,000 of the general fund--state appropriation for fiscal
34 year 2008 is provided solely for financial assistance to local
35 government agencies in counties representing populations of fewer than
36 350,000 residents for the acquisition and development of streamlined

1 government agency per fiscal year. The funding must be used to acquire
2 and implement permit tracking systems that can support and are
3 compatible with a multijurisdictional, integrated approach. Prior to
4 granting funds, the office of regulatory assistance shall ensure that
5 the proposed systems and technology are based on open-industry
6 standards, allow for future integration of processes and sharing of
7 data, and are extendable.

8 (8) \$474,000 of the general fund--state appropriation for fiscal
9 year 2008 and \$331,000 of the general fund--state appropriation for

22 (10) The education data center within the office of financial
23 management may convene a work group to assess the feasibility, costs,
24 and benefits of a higher education data system that uses privacy-
25 protected student-level data.

26 (11) \$250,000 of the general fund--state appropriation for fiscal
27 year 2008 is provided solely for the office of financial management to
28 establish and provide staff support for the Washington citizens' work
29 group on health care reform, pursuant to Engrossed Substitute Senate
30 Bill No. 6333.

31 (12) \$11,372,000 of the general fund--state appropriation for
32 fiscal year 2009 is provided solely for the development and
33 implementation of the Washington assessment of student learning (WASL)
34 and related activities and is in addition to the funding amounts
35 provided in section 511 of this act. The funding provided in this
36 subsection is subject to the following conditions and limitations: The
37 office of financial management shall develop an interagency agreement
38 with the office of the superintendent of public instruction for the

1 expenditure of these funds based on a quarterly allotment schedule.
2 Before releasing funds to the office of the superintendent of public
3 instruction each quarter, the office of financial management shall
4 ensure compliance with this subsection. Effective with the 2009
5 administration of the Washington assessment of student learning, while
6 maintaining the reliability and validity of the assessment, the office
7 of the superintendent of public instruction shall redesign the
8 assessment in the content areas of reading, mathematics, and science in
9 all grades except high school by shortening test administration,
10 reducing the number of short answer and extended response questions,
11 and potentially decreasing the number of items utilized in the
12 assessment, particularly in grades tested under the requirements of the
13 federal no child left behind act. In selecting and developing the new
14 contractual obligations for the assessment contractor beginning in
15 fiscal year 2009, the office of the superintendent of public
16 instruction shall preserve legislative authority to set the student
17 learning assessment policy and potentially make minor or significant
18 changes to that policy in the future with the least amount of adverse
19 fiscal and other impacts to the state as possible. In doing this, the
20 office of the superintendent of public instruction shall advise and
21 consult with the appropriate policy and fiscal committees of the
22 legislature and the Washington assessment of student learning work
23 group created in this subsection. Within the amounts appropriated in
24 this subsection, a legislative work group on the Washington assessment
25 of student learning is established. The work group will consist of a
26 maximum of nine members. Legislative members shall be appointed by the
27 president of the senate and the speaker of the house of representatives
28 and shall represent the two largest caucuses of both the senate and the
29 house of representatives. The purpose of this work group is to review
30 and evaluate the current assessment system by January 1, 2009, and
31 potentially make recommendations to improve it. Of the amount provided
32 in this section, \$150,000 is provided solely for costs associated with
33 hiring independent technical experts to advise the Washington
34 assessment of student learning work group created in this subsection.

35 (13) Through prior legislation, many state activities that protect
36 the general public by safeguarding health, safety, employees, and
37 consumers are supported by fees assessed on items such as licensing,
38 registration, certification, and inspections. Moreover, higher

1 education, workforce training, and a number of other government
2 services are supported at least in part by fees assessed on those who
3 participate in these programs. Therefore, the office of financial
4 management shall conduct a review and analysis of all fees for which
5 the legislature has delegated to state agencies and institutions of
6 higher education the ability to establish and determine the amount,
7 either upon initial establishment or subsequent increases. Fees, as
8 used in this subsection, has the same meaning as used in RCW
9 43.135.055. The objective of the review and analysis is to document
10 the level of fees paid over the past five years, the cost of those
11 programs over that same time period, and, to the extent available, the
12 effectiveness of the activity in meeting its performance targets. The
13 review and analysis shall include the following information:

14 (a) Information about the program, including the statutory
15 authority for the program, date enacted, and the parties that benefit
16 from the program; and

17 (b) Information about the program fees, including name and
18 description of the fees, the parties that bear the cost of the fees,
19 the methodology for determining the fees, and whether the fees directly
20 fund the program; and

21 (c) Financial related information, including an assessment of the
22 program's fee amount assessed over the past five years, the scope of
23 the program and related costs over the past 5 years, and whether the
24 program's expenditures are subject to appropriation or allotment
25 procedures under chapter 43.88 RCW; and

26 (d) To the extent available, information on the program activities
27 and related performance measures that may assist in assessing the
28 effectiveness of the program in achieving its goals.

29 The office of financial management shall report its findings to the
30 governor and the fiscal committees of the legislature by October 1,
31 2008.

32 (14) In addition to other reductions, the reduced appropriations in
33 this section reflect an additional \$305,000 reduction in administrative
34 costs required by Engrossed Substitute Senate Bill No. 5460 (reducing
35 state government administrative costs). These administrative
36 reductions shall be achieved, to the greatest extent possible, by
37 reducing those administrative costs that do not affect direct client
38 services or direct service delivery or programs.

26 The appropriations in this section are subject to the following
27 conditions and limitations:

28 (1) \$95,000 of the general fund--state appropriation for fiscal
29 year 2008 and \$71,000 of the general fund--state appropriation for
30 fiscal year 2009 are for the implementation of Substitute House Bill
31 No. 1002 (taxation of vessels). If the bill is not enacted by June 30,

35 (prescription drugs). If the bill is not enacted by June 30, 2007, the
36 amount in this subsection shall lapse.

1 (3)(a) \$50,000 of the general fund--state appropriation for fiscal
2 year 2008 and \$25,000 of the general fund--state appropriation for
3 fiscal year 2009 are provided solely to conduct a study of the taxation
4 of electronically delivered products. The legislature recognizes that
5 chapter . . . (Engrossed Substitute House Bill No. 1981), Laws of 2007,
6 relates to specific types of electronically delivered products and does
7 not address the taxation of numerous other types of electronically
8 delivered products. Therefore, a policy question remains concerning
9 the sales and use taxation of other electronically delivered products.

10 (b)(i) To perform the study, the department of revenue shall be
11 assisted by a committee. The committee shall include four legislative
12 members appointed as follows:

13 (A) The president of the senate shall appoint one member from each
14 of the two largest caucuses of the senate; and

15 (B) The speaker of the house of representatives shall appoint one

23 persons with expertise in tax law in an academic or private sector
24 setting; and persons experienced in working with computers and
25 electronically delivered products. The department of revenue shall
26 appoint additional members from the department with expertise in the
27 excise taxation of electronically delivered products.

28 (iii) The committee shall choose its chair from among its
29 membership.

30 (iv) The department and committee shall review the following
31 issues: The provision of explicit statutory definitions for
32 electronically delivered products; the current excise tax treatment of
33 electronically delivered products in the state of Washington and other
34 states as well as the tax treatment of these products under the
35 streamlined sales and use tax agreement; the administration, costs, and
36 potential recipients of the tax exemptions provided in chapter . . .
37 (Engrossed Substitute House Bill No. 1981), Laws of 2007; and

1 alternatives to the excise taxation of electronically delivered
2 products.

3 (v) Legislative members of the committee are reimbursed for travel
4 expenses in accordance with RCW 44.04.120. Nonlegislative members of
5 the committee, except those representing an employer or organization,
6 are entitled to be reimbursed for travel expenses in accordance with
7 RCW 43.03.050 and 43.03.060.

8 (c) The department shall report its preliminary findings and
9 recommendations to the appropriate fiscal committees of the legislature
10 by November 30, 2007. The department shall provide the final report of
11 its findings and recommendations to the appropriate fiscal committees
12 of the legislature by September 1, 2008.

13 (4) \$250,000 of the general fund--state appropriation for fiscal
14 year 2009 is for the implementation of Engrossed Substitute Senate Bill
15 No. 6809 (working families tax exemption). If the bill is not enacted
16 by June 30, 2008, the amounts in this subsection shall lapse. This
17 subsection does not constitute approval of the exemption under section
18 2, chapter . . . (ESSB 6809), Laws of 2008 or authorize payments of
19 remittances.

20 (5) \$22,000 of the general fund--state appropriation for fiscal
21 year 2009 is for the implementation of Second Substitute House Bill No.
22 3104 (domestic partnerships). If the bill is not enacted by June 30,
23 2008, the amounts in this subsection shall lapse.

24 (6) In addition to other reductions, the reduced appropriations in
25 this section reflect an additional \$214,000 reduction in administrative
26 costs required by Engrossed Substitute Senate Bill No. 5460 (reducing
27 state government administrative costs). These administrative
28 reductions shall be achieved, to the greatest extent possible, by
29 reducing those administrative costs that do not affect direct client
30 services or direct service delivery or programs.

PART XI
HUMAN SERVICES

Sec. 1101. 2008 c 329 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES. (1)

Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act.

(4) The department is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under this Washington medicaid integration partnership (WMIP), the department may combine and transfer such medicaid funds

1 appropriated under sections 204, 206, 208, and 209 of this act as may
2 be necessary to finance a unified health care plan for the WMIP program
3 enrollment. The WMIP pilot projects shall not exceed a daily
4 enrollment of 6,000 persons, nor expand beyond one county, during the
5 2007-2009 biennium. The amount of funding assigned to the pilot
6 projects from each program may not exceed the average per capita cost
7 assumed in this act for individuals covered by that program,
8 actuarially adjusted for the health condition of persons enrolled in
9 the pilot project, times the number of clients enrolled in the pilot
10 project. In implementing the WMIP pilot projects, the department may:
11 (a) Withhold from calculations of "available resources" as set forth in
12 RCW 71.24.025 a sum equal to the capitated rate for individuals
13 enrolled in the pilots; and (b) employ capitation financing and risk-
14 sharing arrangements in collaboration with health care service
15 contractors licensed by the office of the insurance commissioner and
16 qualified to participate in both the medicaid and medicare programs.
17 The department shall conduct an evaluation of the WMIP, measuring
18 changes in participant health outcomes, changes in patterns of service
19 utilization, participant satisfaction, participant access to services,
20 and the state fiscal impact.

21 (5)(a) The appropriations to the department of social and health
22 services in this act shall be expended for the programs and in the
23 amounts specified in this act. However, after May 1, (~~2008~~) 2009,
24 unless specifically prohibited by this act, the department may transfer
25 general fund--state appropriations for fiscal year (~~2008~~) 2009 among
26 programs after approval by the director of financial management.
27 However, the department shall not transfer state moneys that are
28 provided solely for a specified purpose except as expressly provided in
29 (b) of this subsection.

30 (b) To the extent that transfers under (a) of this subsection are
31 insufficient to fund actual expenditures in excess of fiscal year
32 (~~2008~~) 2009 caseload forecasts and utilization assumptions in the
33 medical assistance, long-term care, foster care, adoption support, and
34 child support programs, the department may transfer state moneys that
35 are provided solely for a specified purpose. The department shall not
36 transfer funds, and the director of financial management shall not
37 approve the transfer, unless the transfer is consistent with the
38 objective of conserving, to the maximum extent possible, the

1 expenditure of state funds. The director of financial management shall
2 notify the appropriate fiscal committees of the senate and house of
3 representatives in writing seven days prior to approving any allotment
4 modifications or transfers under this subsection. The written
5 notification shall include a narrative explanation and justification of
6 the changes, along with expenditures and allotments by budget unit and
7 appropriation, both before and after any allotment modifications or
8 transfers.

20 order to maximize the number of clients served and ensure the cost-

31 report to the office of financial management and the appropriate
32 committees of the legislature on this proposal by November 1, 2008,
33 including estimated fiscal impacts and an option for making the policy
34 budget neutral for the current level of clients served. In order to
35 maximize the number of clients served, the department may serve
36 additional nonwaiver clients with unspent funds for waiver clients,
37 provided the total projected carry-forward expenditures do not exceed
38 the amounts estimated.

4 provider payment rate allocation for boarding homes contracted as
5 assisted living shall be the provider's June 30, 2008, payment rate
6 allocation, and the provider payment rate for boarding homes contracted
7 as ARCs and EARCs shall be adjusted to reflect phase one of a seventeen
8 CARE level payment system. This will be in effect until such time as
9 the rates are consistent between adult family homes and boarding homes
10 for delivery of the same patient care levels.

11 (c) Amounts provided in this section and in section 205 of this act
12 are sufficient to assist adult family home providers with the cost of
13 paying liability insurance.

14 (13) The department shall contract for housing with service models,
15 such as cluster care, to create efficiencies in service delivery and

30 lapse.

31 (16) Within the funds appropriated in the section, the department
32 shall establish one statewide hourly rate to reimburse home care

13 which the department is not authorized to pay for under this
14 subsection, the department shall require the agency to pay back the
15 state for those hours. The department shall establish criteria for
16 termination of contracts of home care agencies that violate this
17 requirement. The department shall adopt rules to implement this
18 subsection.

21 administrative costs required by Engrossed Substitute Senate Bill No.
22 5460 (reducing state government administrative costs). These
23 administrative reductions shall be achieved, to the greatest extent
24 possible, by reducing those administrative costs that do not affect
25 direct client services or direct service delivery or programs.

34 (16) The department shall not increase the child care copayment for
35 families above 82 percent of the federal poverty level.

36 (17) In addition to other reductions, the reduced appropriations in

19	TOTAL APPROPRIATION	((\$8,376,726,000))
20		<u>\$8,471,579,000</u>

21 The appropriations in this section are subject to the following
22 conditions and limitations:

23 (1) Based on quarterly expenditure reports and caseload forecasts,
24 if the department estimates that expenditures for the medical
25 assistance program will exceed the appropriations, the department shall
26 take steps including but not limited to reduction of rates or
27 elimination of optional services to reduce expenditures so that total
28 program costs do not exceed the annual appropriation authority.

29 (2) In determining financial eligibility for medicaid-funded
30 services, the department is authorized to disregard recoveries by
31 Holocaust survivors of insurance proceeds or other assets, as defined
32 in RCW 48.104.030.

33 (3) Sufficient amounts are appropriated in this section for the
34 department to continue podiatry services for medicaid-eligible adults.

35 (4) Sufficient amounts are appropriated in this section for the
36 department to provide an adult dental benefit that is at least
37 equivalent to the benefit provided in the 2003-05 biennium.

1 (5) In accordance with RCW 74.46.625, \$6,000,000 of the general
2 fund--federal appropriation is provided solely for supplemental
3 payments to nursing homes operated by public hospital districts. The
4 public hospital district shall be responsible for providing the
5 required nonfederal match for the supplemental payment, and the
6 payments shall not exceed the maximum allowable under federal rules.
7 It is the legislature's intent that the payments shall be supplemental
8 to and shall not in any way offset or reduce the payments calculated
9 and provided in accordance with part E of chapter 74.46 RCW. It is the
10 legislature's further intent that costs otherwise allowable for rate-
11 setting and settlement against payments under chapter 74.46 RCW shall
12 not be disallowed solely because such costs have been paid by revenues
13 retained by the nursing home from these supplemental payments. The
14 supplemental payments are subject to retrospective interim and final
15 cost settlements based on the nursing homes' as-filed and final
16 medicare cost reports. The timing of the interim and final cost
17 settlements shall be at the department's discretion. During either the
18 interim cost settlement or the final cost settlement, the department
19 shall recoup from the public hospital districts the supplemental
20 payments that exceed the medicaid cost limit and/or the medicare upper
21 payment limit. The department shall apply federal rules for
22 identifying the eligible incurred medicaid costs and the medicare upper
23 payment limit.

24 (6) \$1,111,000 of the health services account appropriation for
25 fiscal year 2008, \$1,110,000 of the health services account
26 appropriation for fiscal year 2009, \$5,402,000 of the general fund--
27 federal appropriation, \$1,590,000 of the general fund--state
28 appropriation for fiscal year 2008, and \$1,591,000 of the general
29 fund--state appropriation for fiscal year 2009 are provided solely for
30 grants to rural hospitals. The department shall distribute the funds
31 under a formula that provides a relatively larger share of the
32 available funding to hospitals that (a) serve a disproportionate share
33 of low-income and medically indigent patients and (b) have relatively
34 smaller net financial margins, to the extent allowed by the federal
35 medicaid program.

36 (7) \$10,546,000 of the health services account appropriation for
37 fiscal year 2008, \$10,546,000 of the health services account--state
38 appropriation for fiscal year 2009, and \$19,725,000 of the general

1 fund--federal appropriation are provided solely for grants to nonrural
2 hospitals. The department shall distribute the funds under a formula
3 that provides a relatively larger share of the available funding to
4 hospitals that (a) serve a disproportionate share of low-income and
5 medically indigent patients and (b) have relatively smaller net
6 financial margins, to the extent allowed by the federal medicaid
7 program.

8 (8) The department shall continue the inpatient hospital certified
9 public expenditures program for the 2007-2009 biennium. The program
10 shall apply to all public hospitals, including those owned or operated
11 by the state, except those classified as critical access hospitals or
12 state psychiatric institutions. The department shall submit reports to
13 the governor and legislature by November 1, 2007, and by November 1,
14 2008, that evaluate whether savings continue to exceed costs for this
15 program. If the certified public expenditures (CPE) program in its
16 current form is no longer cost-effective to maintain, the department
17 shall submit a report to the governor and legislature detailing
18 cost-effective alternative uses of local, state, and federal resources
19 as a replacement for this program. During fiscal year 2008 and fiscal
20 year 2009, hospitals in the program shall be paid and shall retain (a)
21 one hundred percent of the federal portion of the allowable hospital
22 cost for each medicaid inpatient fee-for-service claim payable by
23 medical assistance; and (b) one hundred percent of the federal portion
24 of the maximum disproportionate share hospital payment allowable under
25 federal regulations. Inpatient medicaid payments shall be established
26 using an allowable methodology that approximates the cost of claims
27 submitted by the hospitals. Payments made to each hospital in the
28 program in each fiscal year of the biennium shall be compared to a
29 baseline amount. The baseline amount will be determined by the total
30 of (a) the inpatient claim payment amounts that would have been paid
31 during the fiscal year had the hospital not been in the CPE program,
32 and (b) disproportionate share hospital payment amounts paid to and
33 retained by each hospital during fiscal year 2005 that pertain to
34 fiscal year 2005. If payments during the fiscal year exceed the
35 hospital's baseline amount, no additional payments will be made to the
36 hospital except the federal portion of allowable disproportionate share
37 hospital payments for which the hospital can certify allowable match.
38 If payments during the fiscal year are less than the baseline amount,

1 the hospital will be paid a state grant equal to the difference between
2 payments during the fiscal year and the applicable baseline amount.
3 Payment of the state grant shall be made in the applicable fiscal year
4 and distributed in monthly payments. The grants will be recalculated
5 and redistributed as the baseline is updated during the fiscal year.
6 The grant payments are subject to an interim settlement within eleven
7 months after the end of the fiscal year. A final settlement shall be
8 performed within two years after the end of the related fiscal year.
9 To the extent that either settlement determines that a hospital has
10 received funds in excess of what it would have received as described in
11 this subsection, the hospital must repay the excess amounts to the
12 state when requested. \$61,728,000 of the general fund--state
13 appropriation for fiscal year 2008, of which \$6,570,000 is appropriated
14 in section 204(1) of this act and the balance in this section, and
15 (~~(\$47,745,000)~~) \$46,490,000 of the general fund--state appropriation
16 for fiscal year 2009, of which \$6,570,000 is appropriated in section
17 204(1) of this act and the balance in this section, are provided solely
18 for state grants for the participating hospitals.

19 (9) \$4,399,000 of the general fund--state appropriation for fiscal
20 year 2008, (~~(\$6,391,000)~~) \$6,094,000 of the general fund--state
21 appropriation for fiscal year 2009, and (~~(\$55,384,000)~~) \$53,470,000 of
22 the general fund--federal appropriation are provided solely for
23 development and implementation of a replacement system for the existing
24 medicaid management information system. The amounts are conditioned on
25 the department satisfying the requirements of section 902 of this act.

26 (10) When a person is ineligible for medicaid solely by reason of
27 residence in an institution for mental diseases, the department shall
28 provide the person with the same benefits as he or she would receive if
29 eligible for medicaid, using state-only funds to the extent necessary.

30 (11) The department is authorized to use funds appropriated in this
31 section to purchase goods and supplies through direct contracting with
32 vendors when the department determines it is cost-effective to do so.

33 (12) The legislature affirms that it is in the state's interest for
34 Harborview medical center to remain an economically viable component of
35 the state's health care system.

36 (13) The department shall, within available resources, continue
37 operation of the medical care services care management pilot project

1 for clients receiving general assistance benefits in King and Pierce
2 counties. The project may use a full or partial capitation model that
3 includes a mechanism for shared savings.

4 (14) \$1,688,000 of the general fund--state appropriation for fiscal
5 year 2008 and \$1,689,000 of the general fund--state appropriation for
6 fiscal year 2009 are provided solely to incorporate a mental health
7 service component to the pilot project established pursuant to
8 subsection (13) of this section. Addition of the mental health service
9 component authorized in this subsection is contingent upon the managed
10 care contractor or the participating counties providing, alone or in
11 combination, matching funds in cash or in kind, in an amount equal to
12 one-ninth of the amounts appropriated in this subsection. The mental
13 health service component may include care coordination, mental health
14 services, and integrated medical and mental health service delivery for
15 general assistance clients with mental health disorders, as well as
16 primary care provider training and education. The department shall
17 provide a report to the appropriate committees of the legislature by
18 January 1, 2009, on costs, savings, and any outcomes or quality
19 measures associated with the pilot projects during calendar year 2007
20 and 2008. To the extent possible, the report shall address any impact
21 that the mental health services component has had upon clients' use of
22 medical services, including but not limited to primary care physician's
23 visits, emergency room utilization, and prescription drug utilization.

24 (15) \$341,000 of the health services account appropriation for
25 fiscal year 2008, \$1,054,000 of the health services account
26 appropriation for fiscal year 2009, and \$1,461,000 of the general
27 fund--federal appropriation are provided solely to implement Second
28 Substitute House Bill No. 1201 (foster care youth medical). If the
29 bill is not enacted by June 30, 2007, the amounts provided in this
30 subsection shall lapse.

31 (16) \$6,728,000 of the general fund--state appropriation for fiscal
32 year 2008 and \$8,563,000 of the general fund--state appropriation for
33 fiscal year 2009 are provided solely to provide full benefit dual
34 eligible beneficiaries with medicare part D prescription drug copayment
35 coverage in accordance with chapter 3, Laws of 2007 (part D copayment
36 drug program).

37 (17) The department shall conduct a study to determine the
38 financial impact associated with continuing to cover brand name

1 medications versus the same medication in its generic form. The study
2 shall account for all rebates paid to the state on each product studied
3 up until the point where the generic form is less expensive, net of
4 federally required rebates. The department shall submit its report to
5 the legislative fiscal committees by December 1, 2007.

6 (18) \$198,000 of the general fund--state appropriation for fiscal
7 year 2008 and \$134,000 of the general fund--state appropriation for
8 fiscal year 2009 are provided solely for the first two years of a four-
9 year project by the Seattle-King county health department to improve
10 management of symptoms and reduce complications related to asthma among
11 medicaid eligible children. The department shall contract with the
12 Seattle-King county health department to have trained community health
13 workers visit medicaid eligible children in their homes to identify and
14 reduce exposure to asthma triggers, improve clients' self-management
15 skills, and coordinate clients' care with their primary care and
16 specialty providers. The contract shall include an evaluation of the
17 impact of the services provided under the contract on urgent
18 physician's visits, emergency room utilization, and inpatient
19 hospitalization.

20 (19) \$1,529,000 of the general fund--state appropriation for fiscal
21 year 2008 and \$1,624,000 of the general fund--state appropriation for
22 fiscal year 2009 are provided solely for development and implementation
23 of an outreach program as provided in chapter 5, Laws of 2007 (Second
24 Substitute Senate Bill No. 5093, health services for children).

25 (a) By December 15, 2007, the department shall provide a report to
26 the appropriate committees of the legislature on the progress of
27 implementing the following activities:

28 (i) Feasibility study and implementation plan to develop online
29 application capability that is integrated with the department's
30 automated client eligibility system;

31 (ii) Development of data linkages with the office of superintendent
32 of public instruction for free and reduced-price lunch enrollment
33 information and the department of early learning for child care subsidy
34 program enrollment information;

35 (iii) Informing insurers and providers when their enrollees'
36 eligibility is going to expire so insurers and providers can help
37 families reenroll;

1 (iv) Outreach contracts with local governmental entities, community
2 based organizations, and tribes;

3 (v) Results of data sharing with outreach contractors, and other
4 contracted entities such as local governments, community-based
5 organizations, tribes, health care providers, and insurers to engage,
6 enroll, and reenroll identified children;

7 (vi) Results of efforts to maximize federal matching funds,
8 wherever possible; and

9 (vii) Plans for sustaining outreach programs proven to be
10 successful.

11 (b)(i) Within the amounts provided under this subsection (19),
12 sufficient funding is provided to the department to develop and
13 implement in conjunction with the employment security department a plan
14 that would:

15 (A) Allow applicants and recipients of unemployment insurance to
16 request assistance with obtaining health coverage for household
17 members; and

18 (B) Authorize the exchange of information between the employment
19 security department and the department of social and health services to
20 more efficiently determine eligibility for health coverage under
21 chapter 74.09 RCW.

22 (ii) The plan developed in (b)(i) of this subsection should address
23 permissible uses of federal employment security funding and
24 infrastructure, identification of any necessary statutory changes, and
25 cost information. The department shall submit the plan in a report to
26 the governor and the appropriate committees of the legislature by
27 November 15, 2008.

7 represent various regions of the state and reflect differences in
8 school district size and enrollment characteristics.

9 (50) Within the amounts appropriated in this section, funding is
10 for the enhancement of civics education. Of this amount, \$25,000 each
11 year is provided solely for competitive grants to school districts for
12 curriculum alignment, development of innovative civics projects, and
13 other activities that support the civics assessment established in
14 chapter 113, Laws of 2006.

15 (51) Within the amounts appropriated in this section, funding is
16 for the implementation of Second Substitute House Bill No. 1573

18 intervention, and retrieval).

19 (52) Within the amounts appropriated in this section, funding is
20 for the communities in school program in Pierce county.

21 (53) Within the amounts appropriated in this section, funding is
22 for support and expansion of the mentoring advanced placement program

31 office of the superintendent of public instruction by June 30, 2009,
32 regarding impact of the programs on addressing the academic achievement
33 gap, including high school drop-out rates and college readiness rates,
34 for Latino students.

35 (55) Within the amounts appropriated in this section, funding is
36 for implementation of Second Substitute House Bill No. 2870

11 Students shall be mentored by bilingual teachers and complete a
12 curriculum developed and approved by the participating districts.

13 (57) In addition to other reductions, the reduced appropriations in

15 administrative costs required by Engrossed Substitute Senate Bill No.
16 5460 (reducing state government administrative costs). These
17 administrative reductions shall be achieved, to the greatest extent
18 possible, by reducing those administrative costs that do not affect
19 direct client services or direct service delivery or programs.

31	TOTAL APPROPRIATION	((\$9,265,714,000))
32		<u>\$9,298,149,000</u>

33 The appropriations in this section are subject to the following
34 conditions and limitations:

35 (1) Each general fund fiscal year appropriation includes such funds
36 as are necessary to complete the school year ending in the fiscal year
37 and for prior fiscal year adjustments.

1 (2) Allocations for certificated staff salaries for the 2007-08 and
2 2008-09 school years shall be determined using formula-generated staff
3 units calculated pursuant to this subsection. Staff allocations for

5 reduced for vocational full-time equivalent enrollments. Staff
6 allocations for small school enrollments in grades K-6 shall be the
7 greater of that generated under (a) of this subsection, or under (d)
8 and (e) of this subsection. Certificated staffing allocations shall be
9 as follows:

10 (a) On the basis of each 1,000 average annual full-time equivalent

16 (ii) Forty-nine certificated instructional staff units per thousand
17 full-time equivalent students in grades K-3;

18 (iii) Forty-six certificated instructional staff units per thousand

25 (A) Funds provided under this subsection (2)(a)(iv) in excess of
26 the amount required to maintain the statutory minimum ratio established
27 under RCW 28A.150.260(2)(b) shall be allocated only if the district
28 documents an actual ratio in grades K-4 equal to or greater than 53.2
29 certificated instructional staff per thousand full-time equivalent
30 students. For any school district documenting a lower certificated
31 instructional staff ratio, the allocation shall be based on the
32 district's actual grades K-4 certificated instructional staff ratio
33 achieved in that school year, or the statutory minimum ratio
34 established under RCW 28A.150.260(2)(b), if greater;

35 (B) Districts at or above 51.0 certificated instructional staff per
36 one thousand full-time equivalent students in grades K-4 may dedicate
37 up to 1.3 of the 53.2 funding ratio to employ additional classified
38 instructional assistants assigned to basic education classrooms in

1 grades K-4. For purposes of documenting a district's staff ratio under
2 this section, funds used by the district to employ additional
3 classified instructional assistants shall be converted to a
4 certificated staff equivalent and added to the district's actual
5 certificated instructional staff ratio. Additional classified
6 instructional assistants, for the purposes of this subsection, shall be

12 minimum ratio established under RCW 28A.150.260(2)(b) to employ
13 additional basic education certificated instructional staff or
14 classified instructional assistants in grades 5-6. Funds allocated
15 under this subsection (2)(a)(iv) shall only be expended to reduce class
16 size in grades K-6. No more than 1.3 of the certificated instructional
17 funding ratio amount may be expended for provision of classified
18 instructional assistants;

19 (b) For school districts with a minimum enrollment of 250 full-time
20 equivalent students whose full-time equivalent student enrollment count
21 in a given month exceeds the first of the month full-time equivalent
22 enrollment count by 5 percent, an additional state allocation of 110
23 percent of the share that such increased enrollment would have
24 generated had such additional full-time equivalent students been
25 included in the normal enrollment count for that particular month;

26 (c)(i) On the basis of full-time equivalent enrollment in:

27 (A) Vocational education programs approved by the superintendent of
28 public instruction, a maximum of 0.92 certificated instructional staff

36 administrative units for each 16.67 full-time equivalent vocational
37 students;

1 (ii) Vocational full-time equivalent enrollment shall be reported
2 on the same monthly basis as the enrollment for students eligible for
3 basic support, and payments shall be adjusted for reported vocational
4 enrollments on the same monthly basis as those adjustments for
5 enrollment for students eligible for basic support; and

6 (iii) Indirect cost charges by a school district to vocational-
7 secondary programs shall not exceed 15 percent of the combined basic
8 education and vocational enhancement allocations of state funds;

9 (d) For districts enrolling not more than twenty-five average
10 annual full-time equivalent students in grades K-8, and for small
11 school plants within any school district which have been judged to be
12 remote and necessary by the state board of education and enroll not
13 more than twenty-five average annual full-time equivalent students in
14 grades K-8:

15 (i) For those enrolling no students in grades 7 and 8, 1.76
16 certificated instructional staff units and 0.24 certificated
17 administrative staff units for enrollment of not more than five
18 students, plus one-twentieth of a certificated instructional staff unit
19 for each additional student enrolled; and

21 certificated instructional staff units and 0.32 certificated
22 administrative staff units for enrollment of not more than five
23 students, plus one-tenth of a certificated instructional staff unit for
24 each additional student enrolled;

25 (e) For specified enrollments in districts enrolling more than

27 equivalent students in grades K-8, and for small school plants within
28 any school district which enroll more than twenty-five average annual
29 full-time equivalent students in grades K-8 and have been judged to be
30 remote and necessary by the state board of education:

32 equivalent students in grades K-6, 2.76 certificated instructional
33 staff units and 0.24 certificated administrative staff units; and

34 (ii) For enrollment of up to twenty annual average full-time
35 equivalent students in grades 7 and 8, 0.92 certificated instructional
36 staff units and 0.08 certificated administrative staff units;

37 (f) For districts operating no more than two high schools with

1 enrollments of less than three hundred average annual full-time
2 equivalent students, for enrollment in grades 9-12 in each such school,
3 other than alternative schools:

4 (i) For remote and necessary schools enrolling students in any
5 grades 9-12 but no more than twenty-five average annual full-time
6 equivalent students in grades K-12, four and one-half certificated

9 (ii) For all other small high schools under this subsection, nine
10 certificated instructional staff units and one-half of a certificated
11 administrative staff unit for the first sixty average annual full time
12 equivalent students, and additional staff units based on a ratio of
13 0.8732 certificated instructional staff units and 0.1268 certificated
14 administrative staff units per each additional forty-three and one-half
15 average annual full time equivalent students.

16 Units calculated under (g)(ii) of this subsection shall be reduced
17 by certificated staff units at the rate of forty-six certificated
18 instructional staff units and four certificated administrative staff
19 units per thousand vocational full-time equivalent students;

20 (g) For each nonhigh school district having an enrollment of more
21 than seventy annual average full-time equivalent students and less than
22 one hundred eighty students, operating a grades K-8 program or a grades
23 1-8 program, an additional one-half of a certificated instructional
24 staff unit; and

25 (i) For each nonhigh school district having an enrollment of more
26 than fifty annual average full-time equivalent students and less than
27 one hundred eighty students, operating a grades K-6 program or a grades
28 1-6 program, an additional one-half of a certificated instructional
29 staff unit.

30 (3) Allocations for classified salaries for the 2007-08 and 2008-09
31 school years shall be calculated using formula-generated classified
32 staff units determined as follows:

33 (a) For enrollments generating certificated staff unit allocations
34 under subsection (2)(e) through (i) of this section, one classified
35 staff unit for each 2.94 certificated staff units allocated under such
36 subsections;

37 (b) For all other enrollment in grades K-12, including vocational

1 full-time equivalent enrollments, one classified staff unit for each
2 58.75 average annual full-time equivalent students; and

3 (c) For each nonhigh school district with an enrollment of more
4 than fifty annual average full-time equivalent students and less than

10 subsection (2) of this section, and a rate of 17.04 percent in the
11 2007-08 school year and 18.72 percent in the 2008-09 school year for
12 classified salary allocations provided under subsection (3) of this
13 section.

14 (5) Insurance benefit allocations shall be calculated at the
15 maintenance rate specified in section 504(2) of this act, based on the
16 number of benefit units determined as follows:

17 (a) The number of certificated staff units determined in subsection
18 (2) of this section; and

19 (b) The number of classified staff units determined in subsection
20 (3) of this section multiplied by 1.152. This factor is intended to
21 adjust allocations so that, for the purposes of distributing insurance
22 benefits, full-time equivalent classified employees may be calculated
23 on the basis of 1440 hours of work per year, with no individual
24 employee counted as more than one full-time equivalent.

25 (6)(a) For nonemployee-related costs associated with each

1 section, there shall be provided a maximum of \$18,489 per certificated
2 staff unit in the 2007-08 school year and a maximum of \$19,395 per
3 certificated staff unit in the 2008-09 school year.

4 (7) Allocations for substitute costs for classroom teachers shall
5 be distributed at a maintenance rate of \$555.20 for the 2007-08 and
6 2008-09 school years per allocated classroom teachers exclusive of
7 salary increase amounts provided in section 504 of this act. Solely
8 for the purposes of this subsection, allocated classroom teachers shall
9 be equal to the number of certificated instructional staff units
10 allocated under subsection (2) of this section, multiplied by the ratio
11 between the number of actual basic education certificated teachers and
12 the number of actual basic education certificated instructional staff
13 reported statewide for the prior school year.

14 (8) Any school district board of directors may petition the
15 superintendent of public instruction by submission of a resolution
16 adopted in a public meeting to reduce or delay any portion of its basic
17 education allocation for any school year. The superintendent of public
18 instruction shall approve such reduction or delay if it does not impair

27 staff associates for nonschool employment).

28 (10) The superintendent may distribute a maximum of (~~(\$16,620,000)~~)
29 \$16,634,000 outside the basic education formula during fiscal years
30 2008 and 2009 as follows:

31 (a) For fire protection for school districts located in a fire
32 protection district as now or hereafter established pursuant to chapter

34 and a maximum of \$567,000 may be expended in fiscal year 2009;

12 the biennium, the funding shall be allocated based on \$75 per full-time
13 equivalent vocational student and \$125 per full-time equivalent skills
14 center student.

15 (f) Within the amounts appropriated in this section, funding is for
16 the implementation of Second Substitute Senate Bill No. 5790 (regarding
17 skills centers).

18 (11) For purposes of RCW 84.52.0531, the increase per full-time
19 equivalent student is 5.7 percent from the 2006-07 school year to the
20 2007-08 school year and 6.0 percent from the 2007-08 school year to the

24 to subsection (2)(b) through (h) of this section, the following shall
25 apply:

26 (a) For three school years following consolidation, the number of
27 basic education formula staff units shall not be less than the number
28 of basic education formula staff units received by the districts in the
29 school year prior to the consolidation; and

30 (b) For the fourth through eighth school years following
31 consolidation, the difference between the basic education formula staff
32 units received by the districts for the school year prior to
33 consolidation and the basic education formula staff units after
34 consolidation pursuant to subsection (2)(a) through (h) of this section
35 shall be reduced in increments of twenty percent per year.

36 (13) The appropriation levels in part V of this act assume
37 implementation of the reimbursement provisions of Senate Bill No. 6450
38 (school district reimbursement of performance audits).

1 **Sec. 1403.** 2008 c 329 s 504 (uncodified) is amended to read as
2 follows:

3 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL EMPLOYEE**
4 **COMPENSATION ADJUSTMENTS**

5	General Fund--State Appropriation (FY 2008)	\$161,280,000
6	General Fund--State Appropriation (FY 2009)	(((\$405,228,000))
7		<u>\$407,478,000</u>
8	General Fund--Federal Appropriation	(((\$275,000))
9		<u>\$276,000</u>
10	TOTAL APPROPRIATION	(((\$566,783,000))
11		<u>\$569,034,000</u>

12 The appropriations in this section are subject to the following
13 conditions and limitations:

14 (1) ~~(((\$500,195,000))~~ \$502,039,000 is provided solely for the
15 following:

16 (a) A cost of living adjustment of 3.7 percent effective September
17 1, 2007, and another 3.9 percent effective September 1, 2008, pursuant
18 to Initiative Measure No. 732.

19 (b) An additional .5 percent cost of living adjustment is provided

23 salaries for certificated instructional staff as listed for each
24 district in LEAP Document 2, defined in section 503(2)(b) of this act.
25 Allocations for these salary increases shall be provided to all 262
26 districts that are not grandfathered to receive salary allocations
27 above the statewide salary allocation schedule, and to certain
28 grandfathered districts to the extent necessary to ensure that salary
29 allocations for districts that are currently grandfathered do not fall
30 below the statewide salary allocation schedule. These additional
31 salary increases will result in a decrease in the number of
32 grandfathered districts from the current thirty-four to twenty-four in
33 the 2007-08 school year and to twelve in the 2008-09 school year.

34 (d) Additional salary increases to certain districts as necessary
35 to fund the per full-time-equivalent salary allocations for
36 certificated administrative staff as listed for each district in LEAP
37 Document 2, defined in section 503(2)(b) of this act. These additional

1 salary increases shall ensure a minimum salary allocation for
2 certificated administrative staff of \$54,405 in the 2007-08 school year
3 and \$57,986 in the 2008-09 school year.

4 (e) Additional salary increases to certain districts as necessary
5 to fund the per full-time-equivalent salary allocations for classified
6 staff as listed for each district in LEAP Document 2, defined in
7 section 503(2)(b) of this act. These additional salary increases
8 ensure a minimum salary allocation for classified staff of \$30,111 in
9 the 2007-08 school year and \$31,865 in the 2008-09 school year.

10 (f) The appropriations in this subsection (1) include associated
11 incremental fringe benefit allocations at rates 13.47 percent for the
12 2007-08 school year and 16.11 percent for the 2008-09 school year for
13 certificated staff and 13.54 percent for the 2007-08 school year and
14 15.22 percent for the 2008-09 school year for classified staff.

15 (g) The appropriations in this section include the increased
16 portion of salaries and incremental fringe benefits for all relevant
17 state-funded school programs in part V of this act. Increases for
18 general apportionment (basic education) are based on the salary
19 allocation schedules and methodology in sections 502 and 503 of this
20 act. Increases for special education result from increases in each
21 district's basic education allocation per student. Increases for
22 educational service districts and institutional education programs are
23 determined by the superintendent of public instruction using the
24 methodology for general apportionment salaries and benefits in sections
25 502 and 503 of this act.

26 (h) The appropriations in this section provide cost of living and
27 incremental fringe benefit allocations based on formula adjustments as
28 follows:

(2) (~~(\$66,591,000)~~) \$66,719,000 is provided for adjustments to insurance benefit allocations. The maintenance rate for insurance benefit allocations is \$682.54 per month for the 2007-08 and 2008-09 school years. 	<u>\$589,908,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Each general fund fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

1 (2) A maximum of \$848,000 of this fiscal year 2008 appropriation
2 and a maximum of \$878,000 of the fiscal year 2009 appropriation may be
3 expended for regional transportation coordinators and related
4 activities. The transportation coordinators shall ensure that data
5 submitted by school districts for state transportation funding shall,
6 to the greatest extent practical, reflect the actual transportation
7 activity of each district.

8 (3) \$5,000 of the fiscal year 2008 appropriation and \$5,000 of the
9 fiscal year 2009 appropriation are provided solely for the
10 transportation of students enrolled in "choice" programs.
11 Transportation shall be limited to low-income students who are
12 transferring to "choice" programs solely for educational reasons.

13 (4) Allocations for transportation of students shall be based on
14 reimbursement rates of \$44.84 per weighted mile in the 2007-08 school
15 year and \$45.68 per weighted mile in the 2008-09 school year exclusive
16 of salary and benefit adjustments provided in section 504 of this act.
17 Allocations for transportation of students transported more than one
18 radius mile shall be based on weighted miles as determined by
19 superintendent of public instruction multiplied by the per mile
20 reimbursement rates for the school year pursuant to the formulas
21 adopted by the superintendent of public instruction. Allocations for
22 transportation of students living within one radius mile shall be based
23 on the number of enrolled students in grades kindergarten through five
24 living within one radius mile of their assigned school multiplied by
25 the per mile reimbursement rate for the school year multiplied by 1.29.

26 (5) \$25,000,000 of the education legacy trust account--state
27 appropriation is provided solely for temporary assistance to school
28 districts for pupil transportation programs. The office of the
29 superintendent of public instruction, in consultation with the joint
30 legislative audit and review committee, will develop a method of
31 allocating these funds to school districts. The allocation method
32 shall be based primarily on the findings and analysis from the joint
33 legislative and audit review committee's K-12 pupil transportation
34 study completed in December 2006.

35 (6) The office of the superintendent of public instruction shall
36 provide reimbursement funding to a school district only after the
37 superintendent of public instruction determines that the school bus was
38 purchased from the list established pursuant to RCW 28A.160.195(2) or

1 a comparable competitive bid process based on the lowest price quote
2 based on similar bus categories to those used to establish the list
3 pursuant to RCW 28A.160.195.

4 (7) The superintendent of public instruction shall base
5 depreciation payments for school district buses on the five-year
6 average of lowest bids in the appropriate category of bus. In the
7 final year on the depreciation schedule, the depreciation payment shall
8 be based on the lowest bid in the appropriate bus category for that
9 school year.

10 **Sec. 1405.** 2008 c 329 s 506 (uncodified) is amended to read as

21	TOTAL APPROPRIATION	((\$1,575,647,000))
22		<u>\$1,621,465,000</u>

23 The appropriations in this section are subject to the following
24 conditions and limitations:

25 (1) Funding for special education programs is provided on an excess
26 cost basis, pursuant to RCW 28A.150.390. School districts shall ensure
27 that special education students as a class receive their full share of
28 the general apportionment allocation accruing through sections 502 and
29 504 of this act. To the extent a school district cannot provide an
30 appropriate education for special education students under chapter
31 28A.155 RCW through the general apportionment allocation, it shall
32 provide services through the special education excess cost allocation
33 funded in this section.

34 (2)(a) The superintendent of public instruction shall ensure that:
35 (i) Special education students are basic education students first;
36 (ii) As a class, special education students are entitled to the
37 full basic education allocation; and

1 (iii) Special education students are basic education students for
2 the entire school day.

3 (b) The superintendent of public instruction shall adopt the full
4 cost method of excess cost accounting, as designed by the committee and
5 recommended by the superintendent, pursuant to section 501(1)(k),
6 chapter 372, Laws of 2006, and ensure that all school districts adopt
7 the method beginning in the 2007-08 school year.

8 (3) Each fiscal year appropriation includes such funds as are
9 necessary to complete the school year ending in the fiscal year and for
10 prior fiscal year adjustments.

11 (4) The superintendent of public instruction shall distribute state
12 funds to school districts based on two categories: (a) The first
13 category includes (i) children birth through age two who are eligible
14 for the optional program for special education eligible developmentally
15 delayed infants and toddlers, and (ii) students eligible for the
16 mandatory special education program and who are age three or four, or
17 five and not yet enrolled in kindergarten; and (b) the second category
18 includes students who are eligible for the mandatory special education
19 program and who are age five and enrolled in kindergarten and students
20 age six through 21.

21 (5)(a) For the 2007-08 and 2008-09 school years, the superintendent
22 shall make allocations to each district based on the sum of:

23 (i) A district's annual average headcount enrollment of students
24 ages birth through four and those five year olds not yet enrolled in
25 kindergarten, as defined in subsection (4) of this section, multiplied
26 by the district's average basic education allocation per full-time
27 equivalent student, multiplied by 1.15; and

28 (ii) A district's annual average full-time equivalent basic
29 education enrollment multiplied by the funded enrollment percent
30 determined pursuant to subsection (6)(b) of this section, multiplied by
31 the district's average basic education allocation per full-time
32 equivalent student multiplied by 0.9309.

33 (b) For purposes of this subsection, "average basic education
34 allocation per full-time equivalent student" for a district shall be
35 based on the staffing ratios required by RCW 28A.150.260 and shall not
36 include enhancements, secondary vocational education, or small schools.

37 (6) The definitions in this subsection apply throughout this
38 section.

1 (a) "Annual average full-time equivalent basic education
2 enrollment" means the resident enrollment including students enrolled
3 through choice (RCW 28A.225.225) and students from nonhigh districts
4 (RCW 28A.225.210) and excluding students residing in another district
5 enrolled as part of an interdistrict cooperative program (RCW
6 28A.225.250).

7 (b) "Enrollment percent" means the district's resident special
8 education annual average enrollment, excluding the birth through age
9 four enrollment and those five year olds not yet enrolled in
10 kindergarten, as a percent of the district's annual average full-time
11 equivalent basic education enrollment.

12 Each district's general fund--state funded special education
13 enrollment shall be the lesser of the district's actual enrollment
14 percent or 12.7 percent.

15 (7) At the request of any interdistrict cooperative of at least 15
16 districts in which all excess cost services for special education
17 students of the districts are provided by the cooperative, the maximum
18 enrollment percent shall be calculated in accordance with subsection
19 (6)(b) of this section, and shall be calculated in the aggregate rather
20 than individual district units. For purposes of this subsection, the
21 average basic education allocation per full-time equivalent student
22 shall be calculated in the aggregate rather than individual district
23 units.

24 (8) To the extent necessary, (~~(\$53,926,000)~~) \$56,553,000 of the
25 general fund--state appropriation and \$29,574,000 of the general fund--
26 federal appropriation are provided for safety net awards for districts
27 with demonstrated needs for special education funding beyond the
28 amounts provided in subsection (5) of this section. If the federal
29 safety net awards based on the federal eligibility threshold exceed the
30 federal appropriation in this subsection (8) in any fiscal year, the
31 superintendent shall expend all available federal discretionary funds
32 necessary to meet this need. Safety net funds shall be awarded by the
33 state safety net oversight committee subject to the following
34 conditions and limitations:

35 (a) The committee shall consider unmet needs for districts that can
36 convincingly demonstrate that all legitimate expenditures for special
37 education exceed all available revenues from state funding formulas.
38 In the determination of need, the committee shall also consider

1 additional available revenues from federal sources. Differences in
2 program costs attributable to district philosophy, service delivery
3 choice, or accounting practices are not a legitimate basis for safety
4 net awards. In the determination of need, the committee shall require
5 that districts demonstrate that they are maximizing their eligibility
6 for all state and federal revenues related to services for special
7 education-eligible students. Awards associated with (b) and (c) of
8 this subsection shall not exceed the total of a district's specific
9 determination of need.

10 (b) The committee shall then consider the extraordinary high cost
11 needs of one or more individual special education students.
12 Differences in costs attributable to district philosophy, service
13 delivery choice, or accounting practices are not a legitimate basis for
14 safety net awards.

15 (c) Using criteria developed by the committee, the committee shall
16 then consider extraordinary costs associated with communities that draw
17 a larger number of families with children in need of special education
18 services. The safety net awards to school districts shall be adjusted
19 to reflect amounts awarded under (b) of this subsection.

20 (d) The maximum allowable indirect cost for calculating safety net
21 eligibility may not exceed the federal restricted indirect cost rate
22 for the district plus one percent.

23 (e) Safety net awards must be adjusted for any audit findings or
24 exceptions related to special education funding.

25 (f) Safety net awards shall be adjusted based on the percent of
26 potential medicaid eligible students billed as calculated by the
27 superintendent in accordance with chapter 318, Laws of 1999. The state
28 safety net oversight committee shall ensure that safety net
29 documentation and awards are based on current medicaid revenue amounts.

30 (9) The superintendent of public instruction may adopt such rules
31 and procedures as are necessary to administer the special education
32 funding and safety net award process. Prior to revising any standards,
33 procedures, or rules, the superintendent shall consult with the office
34 of financial management and the fiscal committees of the legislature.

35 (10) The safety net oversight committee appointed by the
36 superintendent of public instruction shall consist of:

37 (a) One staff from the office of superintendent of public
38 instruction;

1 (b) Staff of the office of the state auditor who shall be nonvoting
2 members of the committee; and

3 (c) One or more representatives from school districts or
4 educational service districts knowledgeable of special education
5 programs and funding.

6 (11) The office of the superintendent of public instruction shall
7 review and streamline the application process to access safety net
8 funds, provide technical assistance to school districts, and annually
9 survey school districts regarding improvement to the process.

10 (12) A maximum of \$678,000 may be expended from the general fund--
11 state appropriations to fund 5.43 full-time equivalent teachers and 2.1
12 full-time equivalent aides at children's orthopedic hospital and
13 medical center. This amount is in lieu of money provided through the
14 home and hospital allocation and the special education program.

15 (13) A maximum of \$1,000,000 of the general fund--federal
16 appropriation is provided for projects to provide special education
17 students with appropriate job and independent living skills, including
18 work experience where possible, to facilitate their successful
19 transition out of the public school system. The funds provided by this
20 subsection shall be from federal discretionary grants.

21 (14) \$50,000 of the general fund--state appropriation for fiscal
22 year 2008, \$50,000 of the general fund--state appropriation for fiscal
23 2009, and \$100,000 of the general fund--federal appropriation shall be
24 expended to support a special education ombudsman program within the
25 office of superintendent of public instruction. The purpose of the
26 program is to provide support to parents, guardians, educators, and
27 students with disabilities. The program will provide information to
28 help families and educators understand state laws, rules, and
29 regulations, and access training and support, technical information
30 services, and mediation services. The ombudsman program will provide
31 data, information, and appropriate recommendations to the office of
32 superintendent of public instruction, school districts, educational
33 service districts, state need projects, and the parent and teacher
34 information center. Within the appropriations in this section there is
35 sufficient funding provided to also provide at least a half-time
36 support staff position for the special education ombudsman program.

37 (15) The superintendent shall maintain the percentage of federal
38 flow-through to school districts at 85 percent. In addition to other

1 purposes, school districts may use increased federal funds for high-
2 cost students, for purchasing regional special education services from
3 educational service districts, and for staff development activities
4 particularly relating to inclusion issues.

5 (16) A maximum of \$1,200,000 of the general fund--federal
6 appropriation may be expended by the superintendent for projects
7 related to use of inclusion strategies by school districts for
8 provision of special education services.

9 (17) The superintendent, consistent with the new federal IDEA
10 reauthorization, shall continue to educate school districts on how to
11 implement a birth-to-three program and review the cost effectiveness
12 and learning benefits of early intervention.

13 (18) A school district may carry over from one year to the next
14 year up to 10 percent of the general fund--state funds allocated under
15 this program; however, carryover funds shall be expended in the special
16 education program.

17 (19) \$262,000 of the general fund--state appropriation for fiscal
18 year 2008 and \$251,000 of the general fund--state appropriation for
19 fiscal year 2009 are provided solely for two additional full-time
20 equivalent staff to support the work of the safety net committee and to
21 provide training and support to districts applying for safety net
22 awards.

35 conditions and limitations:

36 (1) The general fund--state appropriations in this section are
37 subject to the following conditions and limitations:

1 (a) The appropriations include such funds as are necessary to
2 complete the school year ending in the fiscal year and for prior fiscal
3 year adjustments.

4 (b) Funding for school district learning assistance programs shall
5 be allocated at maximum rates of \$220.34 per funded student for the
6 2007-08 school year and \$265.08 per funded student for the 2008-09

15 (ii) If, in the prior school year, the district's percentage of
16 October headcount enrollment in grades K-12 eligible for free or

20 year.

21 (d) In addition to amounts allocated in (b) and (c) of this
22 subsection, an additional amount shall be allocated to a school
23 district for each school year in which the district's allocation is
24 less than the amount the district received for the general fund--state

7 section. The number of additional funded student units shall be
8 calculated by subtracting twenty percent from the district's percent
9 transitional bilingual instruction program enrollment as defined in
10 (e)(i) of this subsection, and the resulting percent shall be
11 multiplied by the district's kindergarten through twelve annual average
12 full-time equivalent enrollment for the prior school year.

13 (2) The general fund--federal appropriation in this section is
14 provided for Title I Part A allocations of the no child left behind act

29 meeting the needs of students with the greatest academic deficits.

30 (6) Within the amounts appropriated in this section, funding is for

1 **PART XVIII**
2 **MISCELLANEOUS**

3 **Sec. 1801.** RCW 41.45.230 and 2008 c 329 s 910 are each amended to
4 read as follows:

5 The pension funding stabilization account is created in the state
6 treasury. Moneys in the account may be spent only after appropriation.
7 Expenditures from the account may be used only for payment of state
8 government employer contributions for members of the public employees'
9 retirement system, the teachers' retirement system, the school
10 employees' retirement system, and the public safety employees'
11 retirement system. During the 2007-09 fiscal biennium, expenditures
12 from the account may also be used for payment of the retirement and
13 annuity plans for higher education employees and for transfer into the
14 general fund. The account may not be used to pay for any new benefit
15 or for any benefit increase that takes effect after July 1, 2005. An
16 increase that is provided in accordance with a formula that is in
17 existence on July 1, 2005, is not considered a benefit increase for
18 this purpose. Moneys in the account shall be for the exclusive use of
19 the specified retirement systems and invested by the state investment
20 board pursuant to RCW 43.33A.030 and 43.33A.170. For purposes of RCW
21 43.135.035, expenditures from the pension funding stabilization account
22 shall not be considered a state program cost shift from the state
23 general fund to another account. During the 2007-2009 fiscal biennium,
24 the legislature may transfer from the pension funding stabilization
25 account to the state general fund such amounts as reflect the excess
26 fund balance of the account.

27 **Sec. 1802.** RCW 43.09.475 and 2006 c 1 s 5 are each amended to read
28 as follows:

29 The performance audits of government account is hereby created in
30 the custody of the state treasurer. Revenue identified in RCW
31 82.08.020(5) and 82.12.0201 shall be deposited in the account. Money
32 in the account shall be used to fund the performance audits and follow-
33 up performance audits under RCW 43.09.470 and shall be expended by the
34 state auditor in accordance with chapter 1, Laws of 2006. Only the
35 state auditor or the state auditor's designee may authorize

1 expenditures from the account. The account is subject to allotment
2 procedures under chapter 43.88 RCW, but an appropriation is not
3 required for expenditures. During the 2007-2009 fiscal biennium, the
4 legislature may transfer from the performance audits of government
5 account to the state general fund such amounts as to reflect the excess
6 fund balance of the account.

7 NEW SECTION. **Sec. 1803.** If any provision of this act or its
8 application to any person or circumstance is held invalid, the
9 remainder of the act or the application of the provision to other
10 persons or circumstances is not affected.

11 NEW SECTION. **Sec. 1804.** This act is necessary for the immediate
12 preservation of the public peace, health, or safety, or support of the
13 state government and its existing public institutions, and takes effect
14 immediately.
