PART II
HUMAN SERVICES

NEW SECTION. **Sec. 201. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES.** (1) Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

 (2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

 (3) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act.

 (4) The department is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under this Washington medicaid integration partnership (WMIP), the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 209 of this act as may

1 be necessary to finance a unified health care plan for the WMIP program
2 enrollment. The WMIP pilot projects shall not exceed a daily
3 enrollment of 6,000 persons, nor expand beyond one county, during the
4 2009-2011 biennium. The amount of funding assigned to the pilot
5 projects from each program may not exceed the average per capita cost
6 assumed in this act for individuals covered by that program,
7 actuarially adjusted for the health condition of persons enrolled in
8 the pilot project, times the number of clients enrolled in the pilot
9 project. In implementing the WMIP pilot projects, the department may:
10 (a) Withhold from calculations of "available resources" as set forth in
11 RCW 71.24.025 a sum equal to the capitated rate for individuals
12 enrolled in the pilots; and (b) employ capitation financing and risk-
13 sharing arrangements in collaboration with health care service
14 contractors licensed by the office of the insurance commissioner and
15 qualified to participate in both the medicaid and medicare programs.
16 The department shall conduct an evaluation of the WMIP, measuring
17 changes in participant health outcomes, changes in patterns of service
18 utilization, participant satisfaction, participant access to services,
19 and the state fiscal impact.

20 (5) The appropriations to the department of social and health
21 services in this act shall be expended for the programs and in the
22 amounts specified in this act. However, after May 1, 2010, unless
23 specifically prohibited by this act, the department may transfer
24 general fund--state appropriations for fiscal year 2010 among programs
25 after approval by the director of financial management.

26 (6) The legislature finds that medicaid payment rates, as
27 calculated by the department pursuant to the appropriations in this
28 act, bear a reasonable relationship to the costs incurred by
29 efficiently and economically operated facilities for providing quality
30 services and will be sufficient to enlist enough providers so that care
31 and services are available to the extent that such care and services
32 are available to the general population in the geographic area. The
33 legislature finds that cost reports, payment data from the federal
34 government, historical utilization, economic data, and clinical input
35 constitute reliable data upon which to determine the payment rates.

14 year 2010 and \$5,563,000 of the general fund--state appropriation for
15 fiscal year 2011 are provided solely for intensive family preservation
16 services as defined in RCW 74.14C.010 and for evidence-based services

19 (2) \$993,000 of the general fund--state appropriation for fiscal
20 year 2010 and \$993,000 of the general fund--state appropriation for

26 The facility shall also provide on-site training to biological,

28 months of consultation and support to parents accepting placement of
29 children from the facility. The facility may recruit new and current

1 care as a result of substance abuse by their mothers, except that each
2 program may serve up to three medically fragile nonsubstance-abuse-
3 affected children. In selecting nonfacility-based programs, preference
4 shall be given to programs whose federal or private funding sources
5 have expired or that have successfully performed under the existing
6 pediatric interim care program.

7 (4) \$2,500,000 of the general fund--state appropriation for fiscal
8 year 2010 and \$2,500,000 of the general fund--state appropriation for
9 fiscal year 2011 are provided solely for secure crisis residential
10 centers. Within appropriated amounts, the department shall collaborate
11 with providers to maintain no less than forty-five beds that are
12 geographically representative of the state. The department shall
13 examine current secure crisis residential staffing requirements,
14 flexible payment options, center specific waivers, and other
15 appropriate methods to accomplish this outcome.

16 (5) A maximum of \$76,831,000 of the general fund--state
17 appropriations and \$56,901,000 of the general fund--federal
18 appropriations for the 2009-11 biennium shall be expended for
19 behavioral rehabilitative services and these amounts are provided
20 solely for this purpose. The department shall work with behavioral
21 rehabilitative service providers to decrease the length of stay through
22 improved emotional, behavioral, or medical outcomes for children in
23 behavioral rehabilitative services in order to achieve the appropriated
24 levels.

25 (a) Contracted providers shall act in good faith and accept the
26 hardest to place children, to the greatest extent possible, in order to
27 improve their emotional, behavioral, or medical conditions.

28 (b) The department and the contracted provider shall mutually agree
29 and establish an exit date for when the child is to exit the behavioral
30 rehabilitative service provider. The department and the contracted
31 provider should mutually agree, to the greatest extent possible, on a
32 viable placement for the child to go to once the child's treatment
33 process has been completed. The child shall exit only when the
34 emotional, behavioral, or medical condition has improved or if the
35 provider has not shown progress toward the outcomes specified in the
36 signed contract at the time of exit. This subsection (b) does not
37 prevent or eliminate the department's responsibility for removing the

1 child from the provider if the child's emotional, behavioral, or
2 medical condition worsens or is threatened.

3 (c) The department is encouraged to use performance-based contracts
4 with incentives directly tied to outcomes described in this section.
5 The contracts should incentivize contracted providers to accept the
6 hardest to place children and incentivize improvement in children's
7 emotional, mental, and medical well-being within the established exit
8 date. The department is further encouraged to increase the use of
9 behavioral rehabilitative service group homes, wrap around services to
10 facilitate and support placement of youth with relatives, and other
11 means to control expenditures.

12 (d) The total foster care per capita amount shall not increase more

18 average cost per case for foster care and for adoption support does not
19 exceed the amounts assumed in the projected caseload expenditures.

20 (7) Within amounts appropriated in this section, priority shall be
21 given to proven intervention models, including evidence-based
22 prevention and early intervention programs identified by the Washington
23 state institute for public policy and the department. The department
24 shall include information on the number, type, and outcomes of the
25 evidence-based programs being implemented in its reports on child
26 welfare reform efforts.

27 (8) \$37,000 of the general fund--state appropriation for fiscal

7 decisions through the identification of additional safety and risk
8 factors. \$800,000 of this amount is for comprehensive safety
9 assessments for families receiving in-home child protective services or
10 family voluntary services. \$800,000 of this amount is for
11 comprehensive safety assessments of families with an infant age birth
12 to fifteen days where the infant was, at birth, diagnosed as substance
13 exposed and the department received an intake referral related to the

17 fiscal year 2011, and \$5,177,000 of the general fund--federal
18 appropriation are provided solely for court-ordered supervised visits
19 between parents and dependent children and for sibling visits. The
20 department shall work collaboratively with the juvenile dependency
21 courts to stay within appropriations without impeding reunification
22 outcomes between parents and dependent children. The department shall
23 report to the legislative fiscal committees quarterly, the number of
24 children in foster care who receive supervised visits, their frequency,
25 length of time of each visit, and whether reunification is attained.

2 and higher education systems. Funding shall be prioritized to regions
3 with high numbers of foster care youth and/or regions where backlogs of

9 (17) The appropriations in this section reflect reductions in the
10 appropriations for the children's administration administrative
11 expenses. It is the intent of the legislature that these reductions
12 shall be achieved, to the greatest extent possible, by reducing those
13 administrative costs that do not affect direct client services or
14 direct service delivery or programs.

15 (18) Within the amounts appropriated in this section, the
16 department shall contract for a pilot project with family and community
17 networks in Whatcom county and up to four additional counties to

33 November 1 of each year.

23 a child remains in the child welfare system. The department shall
24 establish a measurable goal and report progress toward meeting that
25 goal to the legislature by January 15 of each fiscal year of the 2009-
26 11 fiscal biennium. To the extent that actual caseloads exceed those
27 assumed in this section, it is the intent of the legislature to address
28 those issues in a manner similar to all other caseload programs.

33 sentencing disposition alternative, and evidence-based program
34 expansion grants to juvenile courts for the purpose of serving youth
35 adjudicated in the juvenile justice system. Evidence-based programs,
36 based on the criteria established by the Washington state institute for
37 public policy, and disposition alternatives will be funding priorities.
38 Funds may be used for promising practices when approved by juvenile

1 rehabilitation administration, based on criteria established in
2 consultation with Washington state institute for public policy and the
3 juvenile courts.

4 By September 1, 2009, a committee with four members, in
5 consultation with Washington state institute for public policy, shall
6 develop a funding formula that takes into account the juvenile courts
7 average daily population of program eligible youth in conjunction with
8 the number of youth served in each approved evidence-based program or
9 disposition alternative. The committee shall have one representative
10 from the juvenile rehabilitation administration, one representative
11 from the office of financial management, one representative from the
12 office of the administrator of the courts, and one representative from
13 the juvenile courts. Decision making will be by majority rule.

14 By September 1, 2010, the Washington state institute for public
15 policy shall provide a report to the office of financial management and
16 the legislature on the administration of the block grant authorized in
17 this subsection. The report shall include the criteria used for
18 allocating the funding as a block grant and the participation targets
19 and actual participation in the programs subject to the block grant.

20 (b) By December 1, 2009, the committee established in (a) of this
21 subsection, in consultation with Washington state institute for public
22 policy, shall propose to the office of financial management and the
23 legislature changes in the process of funding and managing, including
24 accountability and information collection and dissemination, grants to
25 juvenile courts for serving youth adjudicated in the juvenile court
26 system use in the fiscal year ending June 30, 2011. The proposal shall
27 include, but is not limited to: A process of making a block grant of
28 funds consistent with (a) of this subsection; a program of data
29 collection and measurement criteria for receiving the funds which will
30 include targets of the number of youth served in identified evidence-
31 based programs and disposition alternatives in which the juvenile
32 courts and office of the administrator of the courts will have
33 responsibility for collecting and distributing information and
34 providing access to the data systems to the juvenile rehabilitation
35 administration and the Washington state institute for public policy
36 related to program and outcome data; and necessary changes to the
37 Washington administrative code.

1 (c) Within the funds provided for criminal justice analysis in
2 section 610(4) of this act, the Washington state institute for public
3 policy shall conduct an analysis of the costs per participant of
4 evidence-based programs by the juvenile courts and by December 1, 2009,
5 shall report the results of this analysis to the juvenile
6 rehabilitation administration, the juvenile courts, office of the
7 administrator of the courts, the office of financial management, and
8 the fiscal committees of the legislature.

9 (8) \$3,700,000 of the Washington auto theft prevention authority
10 account--state appropriation is provided solely for competitive grants
11 to community-based organizations to provide at-risk youth intervention
12 services, including but not limited to, case management, employment
13 services, educational services, and street outreach intervention
14 programs. Projects funded should focus on preventing, intervening, and
15 suppressing behavioral problems and violence while linking at-risk
16 youth to pro-social activities. The department may not expend more
17 than \$1,850,000 per fiscal year. The costs of administration must not
18 exceed four percent of appropriated funding for each grant recipient.
19 Each entity receiving funds must report to the juvenile rehabilitation
20 administration on the number and types of youth served, the services
21 provided, and the impact of those services upon the youth and the
22 community.

23 NEW SECTION. **Sec. 204. FOR THE DEPARTMENT OF SOCIAL AND HEALTH**
24 **SERVICES--MENTAL HEALTH PROGRAM**

25 (1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS

26	General Fund--State Appropriation (FY 2010)	\$266,677,000
27	General Fund--State Appropriation (FY 2011)	\$296,619,000
28	General Fund--Federal Appropriation	\$463,180,000
29	General Fund--Private/Local Appropriation	\$14,868,000
30	TOTAL APPROPRIATION	\$1,041,344,000

31 The appropriations in this subsection are subject to the following
32 conditions and limitations:

33 (a) \$113,689,000 of the general fund--state appropriation for
34 fiscal year 2010 and \$113,689,000 of the general fund--state
35 appropriation for fiscal year 2011 are provided solely for persons and
36 services not covered by the medicaid program. This is a reduction of
37 \$11,606,000 each fiscal year from the nonmedicaid funding that was

1 allocated for expenditure by regional support networks during fiscal
2 year 2009 prior to supplemental budget reductions. This \$11,606,000
3 reduction shall be distributed among regional support networks
4 proportional to each network's share of the total state population. To
5 the extent possible, levels of regional support network spending shall
6 be maintained in the following priority order: (i) Crisis and
7 commitment services; (ii) community inpatient services; and (iii)
8 residential care services, including personal care and emergency
9 housing assistance.

10 (b) \$16,900,000 of the general fund--state appropriation for fiscal
11 year 2010 and \$16,900,000 of the general fund--state appropriation for
12 fiscal year 2011 are provided solely for the department and regional
13 support networks to contract for implementation of high-intensity
14 program for active community treatment (PACT) teams, and other proven
15 program approaches that the department concurs will enable the regional
16 support network to achieve significant reductions in the number of beds
17 the regional support network would otherwise need to use at the state
18 hospitals.

19 (c) The number of nonforensic beds allocated for use by regional
20 support networks at eastern state hospital shall be 192 per day. The
21 number of nonforensic beds allocated for use by regional support
22 networks at western state hospital shall be 617 per day during the
23 first quarter of fiscal year 2010, and 587 per day thereafter. Beds in
24 the program for adaptive living skills (PALS) are not included in the
25 preceding bed allocations. The department shall separately charge
26 regional support networks for persons served in the PALS program.

27 (d) From the general fund--state appropriations in this subsection,
28 the secretary of social and health services shall assure that regional
29 support networks reimburse the aging and disability services
30 administration for the general fund--state cost of medicaid personal
31 care services that enrolled regional support network consumers use
32 because of their psychiatric disability.

33 (e) \$4,582,000 of the general fund--state appropriation for fiscal
34 year 2010 and \$4,582,000 of the general fund--state appropriation for
35 fiscal year 2011 are provided solely for mental health services for
36 mentally ill offenders while confined in a county or city jail and for
37 facilitating access to programs that offer mental health services upon
38 release from confinement.

1 (f) The department is authorized to continue to contract directly,
2 rather than through contracts with regional support networks, for
3 children's long-term inpatient facility services.

4 (g) \$750,000 of the general fund--state appropriation for fiscal
5 year 2010 and \$750,000 of the general fund--state appropriation for
6 fiscal year 2011 are provided solely to continue performance-based
7 incentive contracts to provide appropriate community support services
8 for individuals with severe mental illness who were discharged from the
9 state hospitals as part of the expanding community services initiative.
10 These funds will be used to enhance community residential and support
11 services provided by regional support networks through other state and
12 federal funding.

13 (h) \$1,500,000 of the general fund--state appropriation for fiscal
14 year 2010 and \$1,500,000 of the general fund--state appropriation for
15 fiscal year 2011 are provided solely for the Spokane regional support
16 network to implement services to reduce utilization and the census at
17 eastern state hospital. Such services shall include:

18 (i) High intensity treatment team for persons who are high
19 utilizers of psychiatric inpatient services, including those with co-
20 occurring disorders and other special needs;

21 (ii) Crisis outreach and diversion services to stabilize in the
22 community individuals in crisis who are at risk of requiring inpatient
23 care or jail services;

24 (iii) Mental health services provided in nursing facilities to
25 individuals with dementia, and consultation to facility staff treating
26 those individuals; and

27 (iv) Services at the sixteen-bed evaluation and treatment facility.

28 At least annually, the Spokane regional support network shall
29 assess the effectiveness of these services in reducing utilization at
30 eastern state hospital, identify services that are not optimally
31 effective, and modify those services to improve their effectiveness.

32 (i) The department shall return to the Spokane regional support
33 network fifty percent of the amounts assessed against the network
34 during the last six months of calendar year 2009 for state hospital
35 utilization in excess of its contractual limit. The regional support
36 network shall use these funds for operation during its initial months
37 of a new sixteen-bed evaluation and treatment facility that will enable

1 the network to reduce its use of the state hospital, and for diversion
2 and community support services for persons with dementia who would
3 likely otherwise require care at the state hospital.

4 (j) The department is directed to identify and implement program
5 efficiencies and benefit changes in its delivery of medicaid managed-
6 care services that are sufficient to operate within the state and
7 federal appropriations in this section. Such actions may include but
8 are not limited to methods such as adjusting the care access standards;
9 improved utilization management of ongoing, recurring, and high-
10 intensity services; and increased uniformity in provider payment rates.
11 The department shall ensure that the capitation rate adjustments
12 necessary to accomplish these efficiencies and changes are distributed
13 uniformly and equitably across all regional support networks statewide.
14 The department is directed to report to the relevant legislative fiscal
15 and policy committees at least thirty days prior to implementing rate
16 adjustments reflecting these changes.

17 (k) In developing the new medicaid managed care rates under which
18 the public mental health managed care system will operate during the
19 five years beginning in fiscal year 2011, the department should seek to
20 estimate the reasonable and necessary cost of efficiently and
21 effectively providing a comparable set of medically necessary mental
22 health benefits to persons of different acuity levels regardless of
23 where in the state they live. Actual prior period spending in a
24 regional administrative area shall not be a key determinant of future
25 payment rates. The department shall report to the office of financial
26 management and to the relevant fiscal and policy committees of the
27 legislature on its proposed new waiver and mental health managed care
28 rate-setting approach by October 1, 2009, and again at least sixty days
29 prior to implementation of new capitation rates.

30 (l) \$1,529,000 of the general fund--state appropriation for fiscal
31 year 2010 and \$1,529,000 of the general fund--state appropriation for
32 fiscal year 2011 are provided solely to reimburse Pierce and Spokane
33 counties for the cost of conducting 180-day commitment hearings at the
34 state psychiatric hospitals.

35 (m) The legislature intends and expects that regional support
36 networks and contracted community mental health agencies shall make all
37 possible efforts to, at a minimum, maintain current compensation levels
38 of direct care staff. Such efforts shall include, but not be limited

1 to, identifying local funding that can preserve client services and
2 staff compensation, achieving administrative reductions at the regional
3 support network level, and engaging stakeholders on cost-savings ideas
4 that maintain client services and staff compensation. For purposes of
5 this section, "direct care staff" means persons employed by community
6 mental health agencies whose primary responsibility is providing direct
7 treatment and support to people with mental illness, or whose primary
8 responsibility is providing direct support to such staff in areas such
9 as client scheduling, client intake, client reception, client records-
10 keeping, and facilities maintenance.

30 community service officer at the city of Lakewood.

31 (c) \$45,000 of the general fund--state appropriation for fiscal
32 year 2010 and \$45,000 of the general fund--state appropriation for
33 fiscal year 2011 are provided solely for payment to the city of
34 Lakewood for police services provided by the city at western state
35 hospital and adjacent areas.

36 (3) SPECIAL PROJECTS

37	General Fund--State Appropriation (FY 2010)	\$1,819,000

2	General Fund--Federal Appropriation	\$2,142,000
3	TOTAL APPROPRIATION	\$5,773,000

4 The appropriations in this subsection are subject to the following
5 conditions and limitations: \$1,511,000 of the general fund--state
6 appropriation for fiscal year 2010 and \$1,511,000 of the general fund--
7 state appropriation for fiscal year 2011 are provided solely for
8 children's evidence based mental health services. Funding is
9 sufficient to continue serving children at the same levels as fiscal
10 year 2009.

11 (4) PROGRAM SUPPORT

12	General Fund--State Appropriation (FY 2010)	\$4,123,000
13	General Fund--State Appropriation (FY 2011)	\$4,155,000
14	General Fund--Federal Appropriation	\$7,330,000
15	TOTAL APPROPRIATION	\$15,608,000

16 (a) Within the amounts appropriated in this section, the department
17 shall provide reports to the legislature and governor on May 31, 2010,
18 and January 31, 2011, concerning the waiting periods experienced for
19 competency evaluations and competency restoration treatment during the
20 nine month periods ending on March 31, 2010, and December 31, 2010,
21 respectively.

22 The reports shall state, by county, the average number of days over
23 the reporting period spent by the defendant between the signing of the
24 court order and distribution of report: (i) In jail; (ii) in the state
25 hospital; and (iii) waiting for the order and supporting documents to
26 be received by the department. By state hospital catchment, the report
27 shall also state these averages on a monthly basis. With respect to
28 competency evaluations, the report shall separate evaluations ordered
29 to occur in a jail, evaluations ordered to occur in the community,
30 evaluations ordered to occur in a state hospital, and evaluations
31 transferred to the state hospital which were originally ordered to
32 occur in another setting. The department shall state the percentage of
33 defendants that were found by the department to be competent following
34 each type of evaluation. The department shall also state how many
35 evaluations referrals contained a request for evaluation of insanity
36 and diminished capacity, and what proportion of defendants for whom

1 this evaluation was requested were found by the department to meet the
2 criteria for these defenses.

3 With respect to competency restoration, the report shall separate
4 restoration referrals by stage of competency restoration and state the
5 percentage of defendants found by the department to be competent at the
6 conclusion of each stage.

7 The report shall identify factors which have caused delays in the
8 completion of competency evaluations, and analyze a sample of cases in
9 which evaluation time exceeded the standard deviation. The report
10 shall provide recommendations as to what measures state or local
11 governments may take to improve the speed of competency evaluations,
12 and identify any statutory or regulatory barriers that obstruct the
13 evaluation process.

14 (b) The department is authorized and encouraged to continue its
15 contract with the Washington state institute for public policy to
16 provide a longitudinal analysis of long-term mental health outcomes as
17 directed in chapter 334, Laws of 2001 (mental health performance
18 audit); to build upon the evaluation of the impacts of chapter 214,
19 Laws of 1999 (mentally ill offenders); and to assess program outcomes
20 and cost effectiveness of the children's mental health pilot projects
21 as required by chapter 372, Laws of 2006.

22 NEW SECTION. **Sec. 205. FOR THE DEPARTMENT OF SOCIAL AND HEALTH**
23 **SERVICES--DEVELOPMENTAL DISABILITIES PROGRAM**

24 (1) COMMUNITY SERVICES

25	General Fund--State Appropriation (FY 2010)	\$313,050,000
26	General Fund--State Appropriation (FY 2011)	\$368,549,000
27	General Fund--Federal Appropriation	\$851,610,000
28	TOTAL APPROPRIATION	\$1,533,209,000

29 The appropriations in this subsection are subject to the following
30 conditions and limitations:

31 (a) Individuals receiving services as supplemental security income
32 (SSI) state supplemental payments shall not become eligible for medical
33 assistance under RCW 74.09.510 due solely to the receipt of SSI state
34 supplemental payments.

35 (b) Amounts appropriated in this section reflect a reduction to
36 funds appropriated for in-home care. The department shall reduce the
37 number of in-home hours authorized. The reduction shall be scaled

1 based on the acuity level of care recipients. The largest hour
2 reductions shall be to lower acuity patients and the smallest hour
3 reductions shall be to higher acuity patients. In doing so, the
4 department shall comply with all maintenance of effort requirements
5 contained in the American reinvestment and recovery act.

6 (c) Amounts appropriated in this section are sufficient to develop
7 and implement the use of a consistent, statewide outcome-based vendor
8 contract for employment and day services by April 1, 2011. The rates
9 paid to vendors under this contract shall also be made consistent. In
10 its description of activities the agency shall include activity
11 listings and dollars appropriated for: Employment services, day
12 services, child development services and county administration of
13 services to the developmentally disabled. The department shall begin
14 reporting to the office of financial management on these activities
15 beginning in fiscal year 2010.

16 (d) \$5,593,000 of the general fund--state appropriation for fiscal
17 year 2010, \$4,002,000 of the general fund--state appropriation for
18 fiscal year 2011, and \$14,701,000 of the general fund--federal
19 appropriation are provided solely for community residential and support
20 services. Funding in this subsection shall be prioritized for (i)
21 residents of residential habilitation centers who are able to be
22 adequately cared for in community settings and who choose to live in
23 those community settings; (ii) clients without residential services who
24 are at immediate risk of institutionalization or in crisis; (iii)
25 children who are at risk of institutionalization or who are aging out
26 of other state services; and (iv) current home and community-based
27 waiver program clients who have been assessed as having an immediate
28 need for increased services. First priority shall be given to children
29 who are at risk of institutionalization. The department shall ensure
30 that the average cost per day for all program services other than
31 start-up costs shall not exceed \$300. In order to maximize the number
32 of clients served and ensure the cost-effectiveness of the waiver
33 programs, the department will strive to limit new client placement
34 expenditures to 90 percent of the budgeted daily rate. If this can be
35 accomplished, additional clients may be served with excess funds,
36 provided the total projected carry-forward expenditures do not exceed
37 the amounts estimated. The department shall electronically report to
38 the appropriate committees of the legislature, within 45 days following

1 each fiscal year quarter, the number of persons served with these
2 additional community services, where they were residing, what kinds of
3 services they were receiving prior to placement, and the actual
4 expenditures for all community services to support these clients.

5 (e)(i) \$493,000 of the general fund--state appropriation for fiscal
6 year 2010, \$1,463,000 of the general fund--state appropriation for
7 fiscal year 2011, and \$2,741,000 of the general fund--federal
8 appropriation are provided solely for community services for persons
9 with developmental disabilities who also have community protection
10 issues. Funding in this subsection shall be prioritized for (A)
11 clients being diverted or discharged from the state psychiatric
12 hospitals; (B) clients participating in the dangerous mentally ill
13 offender program; (C) clients participating in the community protection
14 program; and (D) mental health crisis diversion outplacements. The
15 department shall ensure that the average cost per day for all program
16 services other than start-up costs shall not exceed \$349 per day in
17 fiscal year 2010 and \$356 per day in fiscal year 2011. In order to
18 maximize the number of clients served and ensure the cost-effectiveness
19 of the waiver programs, the department will strive to limit new client
20 placement expenditures to 90 percent of the budgeted daily rate. If
21 this can be accomplished, additional clients may be served with excess
22 funds if the total projected carry-forward expenditures do not exceed
23 the amounts estimated.

24 (ii) The department shall electronically report to the appropriate
25 committees of the legislature, within 45 days following each fiscal
26 year quarter, the number of persons served with these additional
27 community services, where they were residing, what kinds of services
28 they were receiving prior to placement, and the actual expenditures for
29 all community services to support these clients.

30 (f) \$302,000 of the general fund--state appropriation for fiscal
31 year 2010, \$831,000 of the general fund--state appropriation for fiscal
32 year 2011, and \$1,592,000 of the general fund--federal appropriation
33 are provided solely for health care benefits pursuant to a collective
34 bargaining agreement negotiated with the exclusive bargaining
35 representative of individual providers established under RCW
36 74.39A.270.

37 (g)(i) \$682,000 of the general fund--state appropriation for fiscal
38 year 2010, \$1,651,000 of the general fund--state appropriation for

1 fiscal year 2011, and \$1,678,000 of the general fund--federal
2 appropriation are provided solely for the state's contribution to the
3 training partnership, as provided in RCW 74.39A.360, pursuant to a
4 collective bargaining agreement negotiated with the exclusive
5 bargaining representative of individual providers established under RCW
6 74.39A.270.

7 (ii) The federal portion of the amounts in this subsection (g) is
8 contingent upon federal approval of participation in contributions to
9 the trust and shall remain unallotted and placed in reserve status
10 until the office of financial management and the department of social
11 and health services receive federal approval.

12 (iii) Expenditures for the purposes specified in this subsection
13 (g) shall not exceed the amounts provided in this subsection.

14 (h) Within the amounts appropriated in this subsection, the
15 department may expand the new freedom waiver program to accommodate new
16 waiver recipients throughout the state. As possible, and in compliance
17 with current state and federal laws, the department shall allow current
18 waiver recipients to transfer to the new freedom waiver.

19 (i) Within the amounts appropriated in this subsection (1), the
20 department shall implement all necessary rules to facilitate the
21 transfer to a department home and community-based services (HCBS)
22 waiver of all eligible individuals who (i) currently receive services
23 under the existing state-only employment and day program or the
24 existing state-only residential program, and (ii) otherwise meet the
25 waiver eligibility requirements. The amounts appropriated are
26 sufficient to ensure that all individuals currently receiving services
27 under the state-only employment and day and state-only residential
28 programs who are not transferred to a department HCBS waiver will
29 continue to receive services.

30 (j) Adult day health services shall only be authorized for in-home
31 clients.

32 (k) In addition to other reductions, the appropriations in this
33 subsection reflect reductions targeted specifically to state government
34 administrative costs. These administrative reductions shall be
35 achieved, to the greatest extent possible, by reducing those
36 administrative costs that do not affect direct client services or
37 direct service delivery or programs.

1 (l) The department shall not pay a home care agency licensed under
2 chapter 70.127 RCW for personal care services provided by a family
3 member, pursuant to Substitute House Bill No. 2361 (modifying state
4 payments for in-home care).

5 (m) Within the appropriations of this section, the department shall
6 reduce all seventeen payment levels of the seventeen-level payment
7 system from the fiscal year 2009 levels for boarding homes, boarding
8 homes contracted as assisted living, and adult family homes. Excluded
9 from the reductions are exceptional care rate add-ons. The long-term
10 care program may develop add-ons to pay exceptional care rates to adult
11 family homes and boarding homes with specialty contracts to provide
12 support for the following specifically eligible clients:

13 (i) Persons with AIDS or HIV-related diseases who might otherwise
14 require nursing home or hospital care;

15 (ii) Persons with Alzheimer's disease and related dementia who
16 might otherwise require nursing home care; and

17 (iii) Persons with co-occurring mental illness and long-term care
18 needs who are eligible for expanded community services and who might
19 otherwise require state and local psychiatric hospital care.

20 Within amounts appropriated, exceptional add-on rates for AIDS/HIV,
21 dementia specialty care, and expanded community services may be
22 standardized within each program.

23 (n) The amounts appropriated in this subsection reflect a reduction
24 in funds available for employment and day services. In administering
25 this reduction the department shall negotiate with counties and their
26 vendors so that this reduction, to the greatest extent possible, is
27 achieved by reducing vendor rates and allowable contract administrative
28 charges (overhead) and not through reductions to direct client services
29 or direct service delivery or programs.

30 (o) Within the amounts allotted for employment and day services in
31 this section, the department shall prioritize the funding of employment
32 services for students graduating from high school during fiscal years
33 2010 and 2011. However, nothing in this subsection is intended to
34 displace services for other recipients of employment services.

35 (p) As part of the needs assessment instrument, the department may
36 collect data on family income for minor children with developmental
37 disabilities and all individuals who are receiving state-only funded

1 services. The department may ensure that this information is collected
2 as part of the client assessment process.

3 (q) Within the amounts appropriated in this section, waiver clients
4 must receive employment and day services as authorized by their waiver,
5 such as pathway to employment, while waiting for paid employment to be
6 developed. The department shall establish and maintain a consistent
7 proposed policy for minimum direct service hours for clients, minimum
8 hours of support, time frames for seeking paid employment, and services
9 provided under pathway to employment while paid employment is sought.
10 In order to maximize the number of clients served, the department may
11 serve additional nonwaiver clients with unspent funds for waiver
12 clients, provided the total projected carry-forward expenditures do not
13 exceed the amounts estimated.

14 (2) INSTITUTIONAL SERVICES

15	General Fund--State Appropriation (FY 2010)	\$61,612,000

27 constitute substantial barriers to community placement, who no longer
28 require active psychiatric treatment at an inpatient hospital level of
29 care, and who no longer meet the criteria for inpatient involuntary
30 commitment. Coordination of these services will be done in partnership
31 between the mental health program and the aging and disability services
32 administration.

38 category of worker whose statewide average dollars-per-hour wage was

1 less than \$15 in calendar year 2008, according to cost report data.
2 The add-on may also be used to address resulting wage compression for
3 related job classes immediately affected by wage increases to low-wage
4 workers. The department shall continue reporting requirements and a
5 settlement process to ensure that the funds are spent according to this
6 subsection. The department shall adopt rules to implement the terms of
7 this subsection.

8 (13) \$1,840,000 of the general fund--state appropriation for fiscal
9 year 2010 and \$1,877,000 of the general fund--state appropriation for

13 implement two medicaid waiver programs for persons who do not qualify
14 for such services as categorically needy, subject to federal approval
15 and the following conditions and limitations:

16 (a) One waiver program shall include coverage of care in community
17 residential facilities. Enrollment in the waiver shall not exceed 600
18 persons at any time.

19 (b) The second waiver program shall include coverage of in-home
20 care. Enrollment in this second waiver shall not exceed 200 persons at
21 any time.

22 (c) The department shall identify the number of medically needy
23 nursing home residents, and enrollment and expenditures on each of the
24 two medically needy waivers, on monthly management reports.

25 (d) If it is necessary to establish a waiting list for either
26 waiver because the budgeted number of enrollment opportunities has been
27 reached, the department shall track how the long-term care needs of
28 applicants assigned to the waiting list are met.

29 (15) The department shall establish waiting lists to the extent
30 necessary to assure that annual expenditures on the community options
31 program entry systems (COPES) program do not exceed appropriated
32 levels. In establishing and managing any such waiting list, the
33 department shall assure priority access to persons with the greatest
34 unmet needs, as determined by department assessment processes.

35 (16) The department shall contract for housing with service models,
36 such as cluster care, to create efficiencies in service delivery and
37 responsiveness to unscheduled personal care needs by clustering hours
38 for clients that live in close proximity to each other.

1 (17) The department shall not pay a home care agency licensed under
2 chapter 70.127 RCW for personal care services provided by a family
3 member, pursuant to Substitute House Bill No. 2361 (modifying state
4 payments for in-home care).

5 (18) \$204,000 of the general fund--state appropriation for fiscal

13 shall collaborate with the department of corrections to identify and
14 track cost savings to the department of corrections, including medical
15 cost savings and to identify and track expenditures incurred by the
16 aging and disability services program for community services and by the

13 quickly as possible in order to maximize the recovery of federal funds;

14 (b) The department shall review the general assistance caseload to

31 conducted, the department shall intensively evaluate those clients who
32 have been receiving general assistance unemployable benefits for twelve
33 months or more as of July 1, 2009, or thereafter, if the available
34 medical and incapacity related evidence indicates that the client is
35 unlikely to meet the disability standard for federal supplemental
36 security income benefits. The evaluation shall identify services
37 necessary to eliminate or minimize barriers to employment, including
38 mental health treatment, substance abuse treatment and vocational

1 rehabilitation services. The department shall expedite referrals to
2 chemical dependency treatment, mental health and vocational
3 rehabilitation services for these clients.

4 (f) The appropriations in this subsection reflect a change in the

8	TOTAL APPROPRIATION	\$8,824,601,000

9 The appropriations in this section are subject to the following
10 conditions and limitations:

11 (1) Based on quarterly expenditure reports and caseload forecasts,
12 if the department estimates that expenditures for the medical
13 assistance program will exceed the appropriations, the department shall
14 take steps including but not limited to reduction of rates or
15 elimination of optional services to reduce expenditures so that total
16 program costs do not exceed the annual appropriation authority.

17 (2) In determining financial eligibility for medicaid-funded
18 services, the department is authorized to disregard recoveries by
19 Holocaust survivors of insurance proceeds or other assets, as defined
20 in RCW 48.104.030.

21 (3) The legislature affirms that it is in the state's interest for

1 not be disallowed solely because such costs have been paid by revenues
2 retained by the nursing home from these supplemental payments. The
3 supplemental payments are subject to retrospective interim and final
4 cost settlements based on the nursing homes' as-filed and final
5 medicare cost reports. The timing of the interim and final cost
6 settlements shall be at the department's discretion. During either the
7 interim cost settlement or the final cost settlement, the department
8 shall recoup from the public hospital districts the supplemental

20 allowed by the federal medicaid program.

21 (7) \$9,818,000 of the general fund--state appropriation for fiscal
22 year 2011, and \$9,865,000 of the general fund--federal appropriation
23 are provided solely for grants to nonrural hospitals. The department
24 shall distribute the funds under a formula that provides a relatively
25 larger share of the available funding to hospitals that (a) serve a
26 disproportionate share of low-income and medically indigent patients,
27 and (b) have relatively smaller net financial margins, to the extent
28 allowed by the federal medicaid program.

29 (8) The department shall continue the inpatient hospital certified
30 public expenditures program for the 2009-11 biennium. The program
31 shall apply to all public hospitals, including those owned or operated
32 by the state, except those classified as critical access hospitals or
33 state psychiatric institutions. The department shall submit reports to
34 the governor and legislature by November 1, 2009, and by November 1,
35 2010, that evaluate whether savings continue to exceed costs for this
36 program. If the certified public expenditures (CPE) program in its
37 current form is no longer cost-effective to maintain, the department
38 shall submit a report to the governor and legislature detailing

1 cost-effective alternative uses of local, state, and federal resources
2 as a replacement for this program. During fiscal year 2010 and fiscal
3 year 2011, hospitals in the program shall be paid and shall retain one
4 hundred percent of the federal portion of the allowable hospital cost
5 for each medicaid inpatient fee-for-service claim payable by medical
6 assistance and one hundred percent of the federal portion of the
7 maximum disproportionate share hospital payment allowable under federal
8 regulations. Inpatient medicaid payments shall be established using an
9 allowable methodology that approximates the cost of claims submitted by
10 the hospitals. Payments made to each hospital in the program in each
11 fiscal year of the biennium shall be compared to a baseline amount.
12 The baseline amount will be determined by the total of (a) the
13 inpatient claim payment amounts that would have been paid during the
14 fiscal year had the hospital not been in the CPE program, (b) one half
15 of the indigent assistance disproportionate share hospital payment
16 amounts paid to and retained by each hospital during fiscal year 2005,
17 and (c) all of the other disproportionate share hospital payment
18 amounts paid to and retained by each hospital during fiscal year 2005
19 to the extent the same disproportionate share hospital programs exist
20 in the 2009-11 biennium. If payments during the fiscal year exceed the
21 hospital's baseline amount, no additional payments will be made to the
22 hospital except the federal portion of allowable disproportionate share
23 hospital payments for which the hospital can certify allowable match.
24 If payments during the fiscal year are less than the baseline amount,
25 the hospital will be paid a state grant equal to the difference between
26 payments during the fiscal year and the applicable baseline amount.
27 Payment of the state grant shall be made in the applicable fiscal year
28 and distributed in monthly payments. The grants will be recalculated
29 and redistributed as the baseline is updated during the fiscal year.
30 The grant payments are subject to an interim settlement within eleven
31 months after the end of the fiscal year. A final settlement shall be
32 performed. To the extent that either settlement determines that a
33 hospital has received funds in excess of what it would have received as
34 described in this subsection, the hospital must repay the excess
35 amounts to the state when requested. \$6,570,000 of the general fund--
36 state appropriation for fiscal year 2010, which is appropriated in
37 section 204(1) of this act, and \$1,500,000 of the general fund--state
38 appropriation for fiscal year 2011, which is appropriated in section

1 204(1) of this act, are provided solely for state grants for the
2 participating hospitals. Sufficient amounts are appropriated in this
3 section for the remaining state grants for the participating hospitals.

4 (9) The department is authorized to use funds appropriated in this
5 section to purchase goods and supplies through direct contracting with
6 vendors when the department determines it is cost-effective to do so.

7 (10) Sufficient amounts are appropriated in this section for the
8 department to continue podiatry services for medicaid-eligible adults.

9 (11) Sufficient amounts are appropriated in this section for the
10 department to provide an adult dental benefit that is at least
11 equivalent to the benefit provided in the 2003-05 biennium.

12 (12) \$93,000 of the general fund--state appropriation for fiscal
13 year 2010 and \$93,000 of the general fund--federal appropriation are
14 provided solely for the department to pursue a federal Medicaid waiver
15 pursuant to Second Substitute Senate Bill No. 5945 (Washington health
16 partnership plan). If the bill is not enacted by June 30, 2009, the
17 amounts provided in this subsection shall lapse.

18 (13) The department shall require managed health care systems that
19 have contracts with the department to serve medical assistance clients
20 to limit any reimbursements or payments the systems make to providers
21 not employed by or under contract with the systems to no more than the
22 medical assistance rates paid by the department to providers for
23 comparable services rendered to clients in the fee-for-service delivery
24 system.

25 (14) Appropriations in this section are sufficient for the
26 department to continue to fund family planning nurses in the community
27 services offices.

28 (15) The department, in coordination with stakeholders, will
29 conduct an analysis of potential savings in utilization of home
30 dialysis. The department shall present its findings to the appropriate
31 house of representatives and senate committees by December 2010.

32 (16) A maximum of \$166,875,000 of the general fund--state
33 appropriation and \$38,389,000 of the general fund--federal
34 appropriation may be expended in the fiscal biennium for the general
35 assistance-unemployable medical program, and these amounts are provided
36 solely for this program. Of these amounts, \$10,749,000 of the general
37 fund--state appropriation for fiscal year 2010 and \$10,892,000 of the
38 general fund--federal appropriation are provided solely for payments to

1 hospitals for providing outpatient services to low income patients who
2 are recipients of general assistance-unemployable. Pursuant to RCW
3 74.09.035, the department shall not expend for the general assistance
4 medical care services program any amounts in excess of the amounts
5 provided in this subsection.

6 (17) If the department determines that it is feasible within the
7 amounts provided in subsection (16) of this section, and without the
8 loss of federal disproportionate share hospital funds, the department
9 shall contract with the carrier currently operating a managed care
10 pilot project for the provision of medical care services to general
11 assistance-unemployable clients. Mental health services shall be
12 included in the services provided through the managed care system. If
13 the department determines that it is feasible, effective October 1,
14 2009, in addition to serving clients in the pilot counties, the carrier
15 shall expand managed care services to clients residing in at least the
16 following counties: Spokane, Yakima, Chelan, Kitsap, and Cowlitz. If
17 the department determines that it is feasible, the carrier shall
18 complete implementation into the remaining counties. Total per person
19 costs to the state, including outpatient and inpatient services and any
20 additional costs due to stop loss agreements, shall not exceed the per
21 capita payments projected for the general assistance-unemployable
22 eligibility category, by fiscal year, in the February 2009 medical
23 assistance expenditures forecast. The department, in collaboration
24 with the carrier, shall seek to improve the transition rate of general
25 assistance clients to the federal supplemental security income program.

26 (18) The department shall evaluate the impact of the use of a
27 managed care delivery and financing system on state costs and outcomes
28 for general assistance medical clients. Outcomes measured shall
29 include state costs, utilization, changes in mental health status and
30 symptoms, and involvement in the criminal justice system.

31 (19) The department shall report to the governor and the fiscal
32 committees of the legislature by June 1, 2010, on its progress toward
33 achieving a twenty percentage point increase in the generic
34 prescription drug utilization rate.

35 (20) State funds shall not be used by hospitals for advertising
36 purposes.

37 (21) The department shall seek a medicaid state plan amendment to
38 create a professional services supplemental payment program for

1 University of Washington medicine professional providers no later than
2 July 1, 2009. The department shall apply federal rules for identifying
3 the shortfall between current fee-for-service medicaid payments to
4 participating providers and the applicable federal upper payment limit.
5 Participating providers shall be solely responsible for providing the
6 local funds required to obtain federal matching funds. Any incremental
7 costs incurred by the department in the development, implementation,
8 and maintenance of this program will be the responsibility of the
9 participating providers. Participating providers will retain the full
10 amount of supplemental payments provided under this program, net of any
11 potential costs for any related audits or litigation brought against
12 the state. The department shall report to the governor and the
13 legislative fiscal committees on the prospects for expansion of the
14 program to other qualifying providers as soon as feasibility is
15 determined but no later than December 31, 2009. The report will
16 outline estimated impacts on the participating providers, the
17 procedures necessary to comply with federal guidelines, and the
18 administrative resource requirements necessary to implement the
19 program. The department will create a process for expansion of the
20 program to other qualifying providers as soon as it is determined
21 feasible by both the department and providers but no later than June
22 30, 2010.

23 (22) \$9,350,000 of the general fund--state appropriation for fiscal
24 year 2010, \$8,313,000 of the general fund--state appropriation for
25 fiscal year 2011, and \$20,371,000 of the general fund--federal
26 appropriation are provided solely for development and implementation of
27 a replacement system for the existing medicaid management information
28 system. The amounts provided in this subsection are conditioned on the
29 department satisfying the requirements of section 902 of this act.

30 (23) \$506,000 of the general fund--state appropriation for fiscal
31 year 2011 and \$657,000 of the general fund--federal appropriation are
32 provided solely for the implementation of Second Substitute House Bill
33 No. 1373 (children's mental health). If the bill is not enacted by
34 June 30, 2009, the amounts provided in this subsection shall lapse.

35 (24) Pursuant to 42 U.S.C. Sec. 1396(a)(25), the department shall
36 pursue insurance claims on behalf of medicaid children served through
37 its in-home medically intensive child program under WAC 388-551-3000.

1 The department shall report to the Legislature by December 31, 2009, on
2 the results of its efforts to recover such claims.

3 (25) The department may, on a case-by-case basis and in the best
4 interests of the child, set payment rates for medically intensive home
5 care services to promote access to home care as an alternative to
6 hospitalization. Expenditures related to these increased payments
7 shall not exceed the amount the department would otherwise pay for
8 hospitalization for the child receiving medically intensive home care
9 services.

10 (26) \$425,000 of the general fund--state appropriation for fiscal
11 year 2010, \$425,000 of the general fund--state appropriation for fiscal
12 year 2011, and \$1,580,000 of the general fund--federal appropriation
13 are provided solely to continue children's health coverage outreach and
14 education efforts under RCW 74.09.470. These efforts shall rely on
15 existing relationships and systems developed with local public health
16 agencies, health care providers, public schools, the women, infants,
17 and children program, the early childhood education and assistance
18 program, child care providers, newborn visiting nurses, and other
19 community-based organizations. The department shall seek public-
20 private partnerships and federal funds that are or may become available
21 to provide on-going support for outreach and education efforts under
22 the federal children's health insurance program reauthorization act of
23 2009.

24 (27) The department, in conjunction with the office of financial
25 management, shall reduce outpatient and inpatient hospital rates and
26 implement a prorated inpatient payment policy. In determining the
27 level of reductions needed, the department shall include in its
28 calculations services paid under fee-for-service, managed care, and
29 certified public expenditure payment methods; but reductions shall not
30 apply to payments for psychiatric inpatient services or payments to
31 critical access hospitals.

32 (28) The department will pursue a competitive procurement process
33 for antihemophilic products, emphasizing evidence-based medicine and
34 protection of patient access without significant disruption in
35 treatment.

36 (29) The department will pursue several strategies towards reducing
37 pharmacy expenditures including but not limited to increasing generic

1 prescription drug utilization by 20 percentage points and promoting
2 increased utilization of the existing mail-order pharmacy program.

3 (30) The department shall reduce reimbursement for over-the-counter
4 medications while maintaining reimbursement for those over-the-counter
5 medications that can replace more costly prescription medications.

6 (31) The department shall seek public-private partnerships and
7 federal funds that are or may become available to implement health
8 information technology projects under the federal American recovery and
9 reinvestment act of 2009.

10 (32) The department shall target funding for maternity support
11 services towards pregnant women with factors that lead to higher rates
12 of poor birth outcomes, including hypertension, a preterm or low birth
13 weight birth in the most recent previous birth, a cognitive deficit or
14 developmental disability, substance abuse, severe mental illness,
15 unhealthy weight or failure to gain weight, tobacco use, or African
16 American or Native American race.

17 (33) The department shall direct graduate medical education funds
18 to programs that focus on primary care training.

19 (34) \$79,000 of the general fund--state appropriation for fiscal
20 year 2010 and \$53,000 of the general fund--federal appropriation are
21 provided solely to implement Substitute House Bill No. 1845 (medical
22 support obligations).

23 (35) \$63,000 of the general fund--state appropriation for fiscal
24 year 2010, \$583,000 of the general fund--state appropriation for fiscal
25 year 2011, and \$864,000 of the general fund--federal appropriation are
26 provided solely to implement Engrossed House Bill No. 2194
27 (extraordinary medical placement for offenders). The department shall
28 work in partnership with the department of corrections to identify
29 services and find placements for offenders who are released through the
30 extraordinary medical placement program. The department shall
31 collaborate with the department of corrections to identify and track
32 cost savings to the department of corrections, including medical cost
33 savings, and to identify and track expenditures incurred by the aging
34 and disability services program for community services and by the
35 medical assistance program for medical expenses. A joint report
36 regarding the identified savings and expenditures shall be provided to
37 the office of financial management and the appropriate fiscal

1 committees of the legislature by November 30, 2010. If this bill is
2 not enacted by June 30, 2009, the amounts provided in this subsection
3 shall lapse.

4 (36) Sufficient amounts are provided in this section to provide
5 full benefit dual eligible beneficiaries with medicare part D
6 prescription drug copayment coverage in accordance with RCW 74.09.520.

19	TOTAL APPROPRIATION	\$9,963,000

20 The appropriations in this section are subject to the following
21 conditions and limitations:

22 (1)(a) Additional salary adjustments as necessary to fund the base
23 salaries for certificated instructional staff as listed for each
24 district in LEAP Document 2, defined in section 503(2)(b) of this act.
25 Allocations for these salary adjustments shall be provided to all
26 districts that are not grandfathered to receive salary allocations

23 implementation of Substitute House Bill No. 1292 (authorizing waivers
24 from the one hundred eighty-day school year requirement in order to

13 prior fiscal year adjustments.

14 (4) The superintendent of public instruction shall distribute state
15 funds to school districts based on two categories: (a) The first
16 category includes (i) children birth through age two who are eligible
17 for the optional program for special education eligible developmentally
18 delayed infants and toddlers, and (ii) students eligible for the
19 mandatory special education program and who are age three or four, or
20 five and not yet enrolled in kindergarten; and (b) the second category
21 includes students who are eligible for the mandatory special education
22 program and who are age five and enrolled in kindergarten and students
23 age six through 21.

24 (5)(a) For the 2009-10 and 2010-11 school years, the superintendent
25 shall make allocations to each district based on the sum of:

26 (i) A district's annual average headcount enrollment of students
27 ages birth through four and those five year olds not yet enrolled in
28 kindergarten, as defined in subsection (4) of this section, multiplied
29 by the district's average basic education allocation per full-time
30 equivalent student, multiplied by 1.15; and

31 (ii) A district's annual average full-time equivalent basic
32 education enrollment multiplied by the funded enrollment percent
33 determined pursuant to subsection (6)(b) of this section, multiplied by
34 the district's average basic education allocation per full-time
35 equivalent student multiplied by 0.9309.

36 (b) For purposes of this subsection, "average basic education
37 allocation per full-time equivalent student" for a district shall be

1 based on the staffing ratios required by RCW 28A.150.260 and shall not
2 include enhancements, secondary vocational education, or small schools.

3 (6) The definitions in this subsection apply throughout this
4 section.

5 (a) "Annual average full-time equivalent basic education
6 enrollment" means the resident enrollment including students enrolled
7 through choice (RCW 28A.225.225) and students from nonhigh districts
8 (RCW 28A.225.210) and excluding students residing in another district
9 enrolled as part of an interdistrict cooperative program (RCW
10 28A.225.250).

11 (b) "Enrollment percent" means the district's resident special
12 education annual average enrollment, excluding the birth through age
13 four enrollment and those five year olds not yet enrolled in
14 kindergarten, as a percent of the district's annual average full-time
15 equivalent basic education enrollment.

16 Each district's general fund--state funded special education
17 enrollment shall be the lesser of the district's actual enrollment
18 percent or 12.7 percent.

19 (7) At the request of any interdistrict cooperative of at least 15
20 districts in which all excess cost services for special education
21 students of the districts are provided by the cooperative, the maximum
22 enrollment percent shall be calculated in accordance with subsection
23 (6)(b) of this section, and shall be calculated in the aggregate rather
24 than individual district units. For purposes of this subsection, the
25 average basic education allocation per full-time equivalent student
26 shall be calculated in the aggregate rather than individual district
27 units.

28 (8) To the extent necessary, \$73,668,000 of the general fund--state
29 appropriation and \$29,574,000 of the general fund--federal
30 appropriation are provided for safety net awards for districts with
31 demonstrated needs for special education funding beyond the amounts
32 provided in subsection (5) of this section. If the federal safety net
33 awards based on the federal eligibility threshold exceed the federal
34 appropriation in this subsection (8) in any fiscal year, the
35 superintendent shall expend all available federal discretionary funds
36 necessary to meet this need. Safety net funds shall be awarded by the
37 state safety net oversight committee subject to the following
38 conditions and limitations:

1 (a) The committee shall consider unmet needs for districts that can
2 convincingly demonstrate that all legitimate expenditures for special
3 education exceed all available revenues from state funding formulas.
4 In the determination of need, the committee shall also consider
5 additional available revenues from federal sources. Differences in
6 program costs attributable to district philosophy, service delivery
7 choice, or accounting practices are not a legitimate basis for safety
8 net awards. In the determination of need, the committee shall require
9 that districts demonstrate that they are maximizing their eligibility
10 for all state and federal revenues related to services for special
11 education-eligible students. Awards associated with (b) and (c) of
12 this subsection shall not exceed the total of a district's specific
13 determination of need.

14 (b) The committee shall then consider the extraordinary high cost
15 needs of one or more individual special education students.
16 Differences in costs attributable to district philosophy, service
17 delivery choice, or accounting practices are not a legitimate basis for
18 safety net awards.

19 (c) Using criteria developed by the committee, the committee shall
20 then consider extraordinary costs associated with communities that draw
21 a larger number of families with children in need of special education
22 services. The safety net awards to school districts shall be adjusted
23 to reflect amounts awarded under (b) of this subsection.

24 (d) The maximum allowable indirect cost for calculating safety net
25 eligibility may not exceed the federal restricted indirect cost rate
26 for the district plus one percent.

27 (e) Safety net awards must be adjusted for any audit findings or
28 exceptions related to special education funding.

29 (f) Safety net awards shall be adjusted based on the percent of
30 potential medicaid eligible students billed as calculated by the
31 superintendent in accordance with chapter 318, Laws of 1999. The state
32 safety net oversight committee shall ensure that safety net
33 documentation and awards are based on current medicaid revenue amounts.

34 (9) The superintendent of public instruction may adopt such rules
35 and procedures as are necessary to administer the special education
36 funding and safety net award process. Prior to revising any standards,
37 procedures, or rules, the superintendent shall consult with the office
38 of financial management and the fiscal committees of the legislature.

1 (10) The safety net oversight committee appointed by the
2 superintendent of public instruction shall consist of:

3 (a) One staff from the office of superintendent of public
4 instruction;

5 (b) Staff of the office of the state auditor who shall be nonvoting
6 members of the committee; and

7 (c) One or more representatives from school districts or
8 educational service districts knowledgeable of special education
9 programs and funding.

10 (11) The office of the superintendent of public instruction shall
11 review and streamline the application process to access safety net
12 funds, provide technical assistance to school districts, and annually
13 survey school districts regarding improvement to the process.

14 (12) A maximum of \$678,000 may be expended from the general fund--
15 state appropriations to fund 5.43 full-time equivalent teachers and 2.1
16 full-time equivalent aides at children's orthopedic hospital and
17 medical center. This amount is in lieu of money provided through the
18 home and hospital allocation and the special education program.

19 (13) The superintendent shall maintain the percentage of federal
20 flow-through to school districts at 85 percent. In addition to other
21 purposes, school districts may use increased federal funds for high-
22 cost students, for purchasing regional special education services from
23 educational service districts, and for staff development activities
24 particularly relating to inclusion issues.

25 (14) A school district may carry over from one year to the next
26 year up to 10 percent of the general fund--state funds allocated under
27 this program; however, carryover funds shall be expended in the special
28 education program.

29 (15) \$262,000 of the general fund--state appropriation for fiscal
30 year 2010 and \$251,000 of the general fund--state appropriation for
31 fiscal year 2011 are provided solely for two additional full-time
32 equivalent staff to support the work of the safety net committee and to
33 provide training and support to districts applying for safety net
34 awards.

37 for the individuals with disabilities education act (IDEA), Part B, for

1 distribution to school districts. The funds' use is to be consistent
2 with the current IDEA, Part B statutory and regulatory requirements.

4 year 2010, \$50,000 of the general fund--state appropriation for fiscal
5 2011, and \$100,000 of the general fund--federal appropriation shall be
6 expended to support a special education ombudsman program within the
7 office of superintendent of public instruction.

24 read as follows:

25 (1) (~~Within existing funds~~) For the 2009-2011 fiscal biennium, to
26 the extent funds are appropriated for this purpose, the department
27 shall develop a proposal for implementing a statewide Washington head
28 start program. To the extent possible while maintaining quality
29 standards, the proposal should align the state early childhood
30 education and assistance program with federal head start program
31 eligibility criteria, guidelines, performance standards, and
32 methods/processes for ensuring continuous improvement in program
33 quality. In this proposal, the department shall make recommendations
34 that:

35 (a) Identify federal head start program guidelines, performance
36 measures and standards, or other requirements for which state
37 flexibility would be recommended. This shall include an analysis of

1 how state flexibility may impact outcomes for children and how that
2 flexibility might deviate from outcomes associated with the federal
3 standards. Areas to be examined must include, but are not limited to,
4 transportation requirements, service hour configurations, delivery
5 methods, and impact on rural programs;

6 (b) Provide comparative data regarding child performance,
7 readiness, and educational outcomes for Washington's existing head
8 start and early childhood education and assistance programs;

9 (c) Determine the alignment between head start standards and the
10 recommendations of Washington learns;

11 (d) Identify any change in the state early childhood education and
12 assistance program laws that would be required to implement the
13 Washington head start proposal;

14 (e) Identify additional resources needed to meet federal guidelines
15 and standards. Areas to be examined must include, but are not limited
16 to: Per-child funding levels, professional development and training
17 needs, facilities needs, and technical assistance;

18 (f) Identify state early childhood education and assistance
19 programs that do and do not offer full-day, full-year services to
20 children, and what transition steps would be needed for these programs
21 to operate in the same manner as federal head start programs;

22 (g) Provide steps for phasing-in the Washington head start
23 proposal;

24 (h) Include a timeline, strategy, and funding needs to implement a
25 statewide, state-supported early head start program as a component of
26 the Washington head start proposal; and

27 (i) Detail the process the department would take with the regional
28 office of federal head start in identifying any exceptions or waivers
29 needed to provide flexibility and maintain high quality standards.

30 (2) In developing its recommendations for this proposal, the
31 department shall seek, where appropriate and available, training or
32 technical assistance from the appropriate regional office of federal
33 head start in order to maximize nonstate resources that might be
34 available for the consultative work and research involved with
35 developing this proposal. The department also shall consult with and
36 solicit input from:

37 (a) State early childhood education and assistance program

1 providers on Indian reservations and across the state, including
2 providers who operate solely state-supported programs;

3 (b) Tribal governments operating head start programs and early head
4 start programs in the state to ensure that the needs of Indian and
5 Alaskan native children and their families are incorporated into the
6 recommendations of the proposal, especially as they pertain to
7 standards or guidelines around language acquisition, school readiness,
8 availability and need for services among Indian and Alaskan native
9 children and their families, and curriculum development; and

10 (c) Providers operating migrant and seasonal head start programs in
11 the state in order to address the needs of the children of migrant and
12 seasonal farmworker families.

13 (3) The department shall make recommendations on how it would
14 periodically review the standards and guidelines within the Washington
15 head start program, including incorporation of the latest research and
16 information on early childhood development as well as any new
17 innovations that may further improve outcomes to low-income children
18 and their families.

19 (4) The department's recommendations on a Washington head start
20 proposal shall include how the proposal aligns with the department's
21 current statutory duties. The recommendations shall also include any
22 other options that may improve the quality of state-supported early
23 learning programs.

24 (5) The department shall deliver its report to the governor and
25 legislature by December 1, 2009.

2 applicable provisions of the Internal Revenue Code of 1986, as amended.

3 (5) Subject to the conditions in subsection (6) of this section,
4 starting in fiscal year 2008, and except for the 2009-2011 fiscal
5 biennium in which no transfers shall be made, the state treasurer shall
6 transfer:

7 (a) The sum of four million dollars, or as much as may be available
8 pursuant to conditions set forth in this section, from the state
9 convention and trade center account to the tourism enterprise account,
10 with the maximum transfer being four million dollars per fiscal year;
11 and

12 (b) The sum of five hundred thousand dollars, or as much as may be
13 available pursuant to conditions set forth in this section, from the
14 state convention and trade center account to the tourism development
15 and promotion account, with the maximum transfer being five hundred
16 thousand dollars per fiscal year.

17 (6)(a) Funds required for debt service payments and reserves for
18 bonds issued under RCW 67.40.030; for debt service authorized under RCW
19 67.40.170; and for the issuance and sale of financial instruments
20 associated with the acquisition, design, construction, and retrofit of
21 the museum of history and industry museum property or for other future
22 expansions of the center, as approved by the legislature, shall be
23 maintained within the state convention and trade center account.

24 (b) Except for during the 2009-2011 fiscal biennium, during which
25 no reserve shall be retained, no less than six million one hundred
26 fifty thousand dollars per year shall be retained in the state
27 convention and trade center account for funding capital maintenance as
28 required by the center's long-term capital plan, facility enhancements,
29 unanticipated replacements, and operating reserves for the convention
30 center operation. This amount shall be escalated annually as follows:

31 (i) Four percent for annual inflation for capital maintenance,
32 repairs, and replacement;

33 (ii) An additional two percent for enhancement to the facility; and

34 (iii) An additional three percent for growth in expenditure due to
35 aging of the facility and the need to maintain an operating reserve.

36 (c) Sufficient funds shall be reserved within the state convention
37 and trade center account to fund operating appropriations for the
38 annual operation of the convention center.

1 **Sec. 949.** RCW 67.70.190 and 2005 c 427 s 2 are each amended to
2 read as follows:

3 Unclaimed prizes shall be retained in the state lottery account for
4 the person entitled thereto for one hundred eighty days after the
5 drawing in which the prize is won, or after the official end of the
6 game for instant prizes. If no claim is made for the prize within this
7 time, all rights to the prize shall be extinguished, and the prize
8 shall be retained in the state lottery fund for further use as prizes,
9 except that one-third of all unclaimed prize money shall be deposited
10 in the economic development strategic reserve account created in RCW
11 43.330.250.

12 On July 1, 2009, June 30, 2010, and June 30, 2011, all unclaimed
13 prize money retained in the state lottery fund in excess of three
14 million dollars, excluding amounts distributed to the economic
15 development strategic reserve account, shall be transferred into the
16 state general fund.

17 **Sec. 950.** RCW 70.93.180 and 2005 c 518 s 939 are each amended to
18 read as follows:

19 (1) There is hereby created an account within the state treasury to
20 be known as the "waste reduction, recycling, and litter control
21 account". Moneys in the account may be spent only after appropriation.
22 Expenditures from the waste reduction, recycling, and litter control
23 account shall be used as follows:

24 (a) Fifty percent to the department of ecology, for use by the
25 departments of ecology, natural resources, revenue, transportation, and
26 corrections, and the parks and recreation commission, for use in litter
27 collection programs, to be distributed under RCW 70.93.220. The amount
28 to the department of ecology shall also be used for a central
29 coordination function for litter control efforts statewide, for the
30 biennial litter survey under RCW 70.93.200(8), and for statewide public
31 awareness programs under RCW 70.93.200(7). The amount to the
32 department shall also be used to defray the costs of administering the
33 funding, coordination, and oversight of local government programs for
34 waste reduction, litter control, and recycling, so that local
35 governments can apply one hundred percent of their funding to achieving
36 program goals. The amount to the department of revenue shall be used
37 to enforce compliance with the litter tax imposed in chapter 82.19 RCW;

1 (b) Twenty percent to the department for local government funding
2 programs for waste reduction, litter control, and recycling activities
3 by cities and counties under RCW 70.93.250, to be administered by the
4 department of ecology; and

5 (c) Thirty percent to the department of ecology for waste reduction
6 and recycling efforts.

7 (2) All taxes imposed in RCW 82.19.010 and fines and bail
8 forfeitures collected or received pursuant to this chapter shall be
9 deposited in the waste reduction, recycling, and litter control account
10 and used for the programs under subsection (1) of this section.

11 (3) Not less than five percent and no more than ten percent of the
12 amount appropriated into the waste reduction, recycling, and litter
13 control account every biennium shall be reserved for capital needs,
14 including the purchase of vehicles for transporting crews and for
15 collecting litter and solid waste. Capital funds shall be distributed
16 among state agencies and local governments according to the same
17 criteria provided in RCW 70.93.220 for the remainder of the funds, so
18 that the most effective waste reduction, litter control, and recycling
19 programs receive the most funding. The intent of this subsection is to
20 provide funds for the purchase of equipment that will enable the
21 department to account for the greatest return on investment in terms of
22 reaching a zero litter goal.

23 (4) During the ((2005-2007)) 2009-2011 fiscal biennium, the
24 legislature may transfer from the waste reduction, recycling, and
25 litter control account to the state general fund such amounts as
26 reflect the excess fund balance of the account. For purposes of
27 subsection (1) of this section, this transfer shall be treated as an
28 expenditure for litter collection.

29 **Sec. 951.** RCW 70.105D.070 and 2008 c 329 s 921, 2008 c 329 s 920,
30 2008 c 329 s 919, and 2008 c 328 s 6009 are each reenacted and amended
31 to read as follows:

33 account are hereby created in the state treasury.

36 imposed under RCW 82.21.030 and which are attributable to that portion
37 of the rate equal to thirty-three one-hundredths of one percent; (b)

1 the costs of remedial actions recovered under this chapter or chapter
2 70.105A RCW; (c) penalties collected or recovered under this chapter;
3 and (d) any other money appropriated or transferred to the account by
4 the legislature. Moneys in the account may be used only to carry out
5 the purposes of this chapter, including but not limited to the
6 following activities:

7 (i) The state's responsibility for hazardous waste planning,
8 management, regulation, enforcement, technical assistance, and public
9 education required under chapter 70.105 RCW;

14 chapter;

15 (iv) State matching funds required under the federal cleanup law;

25 (x) A public participation program, including regional citizen
26 advisory committees;

27 (xi) Public funding to assist potentially liable persons to pay for
28 the costs of remedial action in compliance with cleanup standards under
29 RCW 70.105D.030(2)(e) but only when the amount and terms of such
30 funding are established under a settlement agreement under RCW
31 70.105D.040(4) and when the director has found that the funding will
32 achieve both (A) a substantially more expeditious or enhanced cleanup
33 than would otherwise occur, and (B) the prevention or mitigation of
34 unfair economic hardship; ~~((and))~~

35 (xii) Development and demonstration of alternative management
36 technologies designed to carry out the hazardous waste management
37 priorities of RCW 70.105.150; and

1 (xiii) During the 2009-2011 fiscal biennium, shoreline update
2 technical assistance.

3 (3) The following moneys shall be deposited into the local toxics
4 control account: Those revenues which are raised by the tax imposed

8 used by the department for grants or loans to local governments for the
9 following purposes in descending order of priority:

10 (i) Remedial actions;

11 (ii) Hazardous waste plans and programs under chapter 70.105 RCW;

12 (iii) Solid waste plans and programs under chapters 70.95, 70.95C,
13 70.95I, and 70.105 RCW;

14 (iv) Funds for a program to assist in the assessment and cleanup of
15 sites of methamphetamine production, but not to be used for the initial
16 containment of such sites, consistent with the responsibilities and
17 intent of RCW 69.50.511; and

18 (v) Cleanup and disposal of hazardous substances from abandoned or
19 derelict vessels, defined for the purposes of this section as vessels
20 that have little or no value and either have no identified owner or
21 have an identified owner lacking financial resources to clean up and
22 dispose of the vessel, that pose a threat to human health or the
23 environment.

24 (b) Funds for plans and programs shall be allocated consistent with
25 the priorities and matching requirements established in chapters
26 70.105, 70.95C, 70.95I, and 70.95 RCW, except that any applicant that
27 is a Puget Sound partner, as defined in RCW 90.71.010, along with any
28 project that is referenced in the action agenda developed by the Puget
29 Sound partnership under RCW 90.71.310, shall, except as conditioned by
30 RCW 70.105D.120, receive priority for any available funding for any
31 grant or funding programs or sources that use a competitive bidding
32 process. During the 2007-2009 fiscal biennium, moneys in the account
33 may also be used for grants to local governments to retrofit public
34 sector diesel equipment and for storm water planning and implementation
35 activities.

36 ~~(c) ((Funds may also be appropriated to the department of health to~~
37 ~~implement programs to reduce testing requirements under the federal~~

1 ~~safe drinking water act for public water systems. The department of~~
2 ~~health shall reimburse the account from fees assessed under RCW~~
3 ~~70.119A.115 by June 30, 1995.~~

4 (d)) To expedite cleanups throughout the state, the department
5 shall partner with local communities and liable parties for cleanups.
6 The department is authorized to use the following additional strategies
7 in order to ensure a healthful environment for future generations:

8 (i) The director may alter grant-matching requirements to create
9 incentives for local governments to expedite cleanups when one of the
10 following conditions exists:

11 (A) Funding would prevent or mitigate unfair economic hardship
12 imposed by the clean-up liability;

13 (B) Funding would create new substantial economic development,
14 public recreational, or habitat restoration opportunities that would
15 not otherwise occur; or

16 (C) Funding would create an opportunity for acquisition and
17 redevelopment of vacant, orphaned, or abandoned property under RCW
18 70.105D.040(5) that would not otherwise occur;

19 (ii) The use of outside contracts to conduct necessary studies;

20 (iii) The purchase of remedial action cost-cap insurance, when
21 necessary to expedite multiparty clean-up efforts.

22 (4) Except for unanticipated receipts under RCW 43.79.260 through
23 43.79.282, moneys in the state and local toxics control accounts may be
24 spent only after appropriation by statute.

25 (5) Except during the 2009-2011 fiscal biennium, one percent of the
26 moneys deposited into the state and local toxics control accounts shall
27 be allocated only for public participation grants to persons who may be
28 adversely affected by a release or threatened release of a hazardous
29 substance and to not-for-profit public interest organizations. The
30 primary purpose of these grants is to facilitate the participation by
31 persons and organizations in the investigation and remedying of
32 releases or threatened releases of hazardous substances and to
33 implement the state's solid and hazardous waste management priorities.

34 ~~((However, during the 1999-2001 fiscal biennium, funding may not be~~
35 ~~granted to entities engaged in lobbying activities, and applicants may~~
36 ~~not be awarded grants if their cumulative grant awards under this~~
37 ~~section exceed two hundred thousand dollars.)) No grant may exceed
38 sixty thousand dollars. Grants may be renewed annually. Moneys~~

1 appropriated for public participation from either account which are not
2 expended at the close of any biennium shall revert to the state toxics
3 control account.

4 (6) No moneys deposited into either the state or local toxics
5 control account may be used for solid waste incinerator feasibility
6 studies, construction, maintenance, or operation, or, after January 1,
7 2010, for projects designed to address the restoration of Puget Sound,
8 funded in a competitive grant process, that are in conflict with the
9 action agenda developed by the Puget Sound partnership under RCW
10 90.71.310.

11 (7) The department shall adopt rules for grant or loan issuance and
12 performance.

13 (8) During the 2007-2009 and 2009-2011 fiscal (~~(biennium)~~) biennia,
14 the legislature may transfer from the local toxics control account to
15 (~~(the state toxics control)~~) either the state general fund or the oil
16 spill prevention account, or both such amounts as reflect excess fund
17 balance in the account.

18 (9) During the (~~(2007-2009)~~) 2009-2011 fiscal biennium, the local
19 toxics control account may also be used for a standby rescue tug at
20 Neah Bay, local government shoreline update grants, private and public
21 sector diesel equipment retrofit, and oil spill prevention,
22 preparedness, and response activities.

23 (10) During the 2009-2011 fiscal biennium, the legislature may
24 transfer from the state toxics control account to the state general
25 fund such amounts as reflect the excess fund balance in the account.

26 **Sec. 952.** RCW 71.24.310 and 2006 c 333 s 107 are each amended to
27 read as follows:

28 The legislature finds that administration of chapter 71.05 RCW and
29 this chapter can be most efficiently and effectively implemented as
30 part of the regional support network defined in RCW 71.24.025. For
31 this reason, the legislature intends that the department and the
32 regional support networks shall work together to implement chapter
33 71.05 RCW as follows:

34 (1) By June 1, 2006, regional support networks shall recommend to
35 the department the number of state hospital beds that should be
36 allocated for use by each regional support network. The statewide

1 total allocation shall not exceed the number of state hospital beds
2 offering long-term inpatient care, as defined in this chapter, for
3 which funding is provided in the biennial appropriations act.

4 (2) If there is consensus among the regional support networks
5 regarding the number of state hospital beds that should be allocated
6 for use by each regional support network, the department shall contract
7 with each regional support network accordingly.

8 (3) If there is not consensus among the regional support networks
9 regarding the number of beds that should be allocated for use by each
10 regional support network, the department shall establish by emergency
11 rule the number of state hospital beds that are available for use by
12 each regional support network. The emergency rule shall be effective
13 September 1, 2006. The primary factor used in the allocation shall be
14 the estimated number of (~~acutely and chronically mentally ill~~) adults
15 with acute and chronic mental illness in each regional support network
16 area, based upon population-adjusted incidence and utilization.

17 (4) The allocation formula shall be updated at least every three
18 years to reflect demographic changes, and new evidence regarding the
19 incidence of acute and chronic mental illness and the need for long-
20 term inpatient care. In the updates, the statewide total allocation
21 shall include (a) all state hospital beds offering long-term inpatient
22 care for which funding is provided in the biennial appropriations act;
23 plus (b) the estimated equivalent number of beds or comparable
24 diversion services contracted in accordance with subsection (5) of this
25 section.

26 (5) The department is encouraged to enter performance-based
27 contracts with regional support networks to provide some or all of the
28 regional support network's allocated long-term inpatient treatment
29 capacity in the community, rather than in the state hospital. The
30 performance contracts shall specify the number of patient days of care
31 available for use by the regional support network in the state
32 hospital.

33 (6) If a regional support network uses more state hospital patient
34 days of care than it has been allocated under subsection (3) or (4) of
35 this section, or than it has contracted to use under subsection (5) of
36 this section, whichever is less, it shall reimburse the department for
37 that care. The reimbursement rate per day shall be the hospital's

1 total annual budget for long-term inpatient care, divided by the total
2 patient days of care assumed in development of that budget.

3 (7) One-half of any reimbursements received pursuant to subsection
4 (6) of this section shall be used to support the cost of operating the
5 state hospital and, during calendar year 2009, implementing new
6 services that will enable a regional support network to reduce its
7 utilization of the state hospital. The department shall distribute the
8 remaining half of such reimbursements among regional support networks
9 that have used less than their allocated or contracted patient days of
10 care at that hospital, proportional to the number of patient days of
11 care not used.

12 **Sec. 953.** RCW 74.08A.340 and 2008 c 329 s 922 are each amended to
13 read as follows:

14 The department of social and health services shall operate the
15 Washington WorkFirst program authorized under RCW 74.08A.200 through
16 74.08A.330, 43.330.145, 43.215.545, and 74.25.040, and chapter 74.12
17 RCW within the following constraints:

18 (1) The full amount of the temporary assistance for needy families
19 block grant, plus qualifying state expenditures as appropriated in the
20 biennial operating budget, shall be appropriated to the department each
21 year in the biennial appropriations act to carry out the provisions of
22 the program authorized in RCW 74.08A.200 through 74.08A.330,
23 43.330.145, 43.215.545, and 74.25.040, and chapter 74.12 RCW.

24 (2)(a) The department may expend funds defined in subsection (1) of
25 this section in any manner that will effectively accomplish the outcome
26 measures defined in RCW 74.08A.410 with the following exception:
27 Beginning with the 2007-2009 biennium, funds that constitute the
28 working connections child care program, child care quality programs,
29 and child care licensing functions.

30 (b) Beginning in the 2007-2009 fiscal biennium, the legislature
31 shall appropriate and the departments of early learning and social and
32 health services shall expend funds defined in subsection (1) of this
33 section that constitute the working connections child care program,
34 child care quality programs, and child care licensing functions in a
35 manner that is consistent with the outcome measures defined in RCW
36 74.08A.410.

1 (c) No more than fifteen percent of the amount provided in
2 subsection (1) of this section may be spent for administrative
3 purposes. For the purpose of this subsection, "administrative
4 purposes" does not include expenditures for information technology and
5 computerization needed for tracking and monitoring required by P.L.
6 104-193. The department shall not increase grant levels to recipients
7 of the program authorized in RCW 74.08A.200 through 74.08A.330 and
8 43.330.145 and chapter 74.12 RCW, except as authorized in the omnibus
9 appropriations act for the ((2007-2009)) 2009-2011 biennium.

10 (3) The department shall implement strategies that accomplish the
11 outcome measures identified in RCW 74.08A.410 that are within the
12 funding constraints in this section. Specifically, the department
13 shall implement strategies that will cause the number of cases in the
14 program authorized in RCW 74.08A.200 through 74.08A.330 and 43.330.145
15 and chapter 74.12 RCW to decrease by at least fifteen percent during
16 the 1997-99 biennium and by at least five percent in the subsequent
17 biennium. The department may transfer appropriation authority between
18 funding categories within the economic services program in order to
19 carry out the requirements of this subsection.

20 (4) The department shall monitor expenditures against the
21 appropriation levels provided for in subsection (1) of this section.
22 The department shall quarterly make a determination as to whether
23 expenditure levels will exceed available funding and communicate its
24 finding to the legislature. If the determination indicates that
25 expenditures will exceed funding at the end of the fiscal year, the
26 department shall take all necessary actions to ensure that all services
27 provided under this chapter shall be made available only to the extent
28 of the availability and level of appropriation made by the legislature.

29 **Sec. 954.** RCW 74.13.621 and 2005 c 439 s 1 are each amended to
30 read as follows:

31 (1) Within existing resources, the department shall establish an
32 oversight committee to monitor, guide, and report on kinship care
33 recommendations and implementation activities. The committee shall:

34 (a) Draft a kinship care definition that is restricted to persons
35 related by blood, marriage, or adoption, including marriages that have
36 been dissolved, or for a minor defined as an "Indian child" under the
37 federal Indian child welfare act (25 U.S.C. Sec. 1901 et seq.), the

1 definition of "extended family member" under the federal Indian child
2 welfare act, and a set of principles. If the committee concludes that
3 one or more programs or services would be more efficiently and
4 effectively delivered under a different definition of kin, it shall
5 state what definition is needed, and identify the program or service in
6 the report. It shall also provide evidence of how the program or
7 service will be more efficiently and effectively delivered under the
8 different definition. The department shall not adopt rules or policies
9 changing the definition of kin without authorizing legislation;

10 (b) Monitor and provide consultation on the implementation of
11 recommendations contained in the 2002 kinship care report, including
12 but not limited to the recommendations relating to legal and respite
13 care services and resources;

14 (c) Partner with nonprofit organizations and private sector
15 businesses to guide a public education awareness campaign; and

16 (d) Assist with developing future recommendations on kinship care
17 issues.

18 (2) The department shall consult with the oversight committee on
19 its efforts to better collaborate and coordinate services to benefit
20 kinship care families.

21 (3) The oversight committee must consist of a minimum of thirty
22 percent kinship caregivers, who shall represent a diversity of kinship
23 families. Statewide representation with geographic, ethnic, and gender
24 diversity is required. Other members shall include representatives of
25 the department, representatives of relevant state agencies,
26 representatives of the private nonprofit and business sectors, child
27 advocates, representatives of Washington state Indian tribes as defined
28 under the federal Indian welfare act (25 U.S.C. Sec. 1901 et seq.), and
29 representatives of the legal or judicial field. Birth parents, foster
30 parents, and others who have an interest in these issues may also be
31 included.

32 (4) To the extent funding is available, the department may
33 reimburse nondepartmental members of the oversight committee for costs
34 incurred in participating in the meetings of the oversight committee.

35 (5) The kinship care oversight committee shall update the
36 legislature and governor annually on committee activities, with the
37 first update due by January 1, 2006.

38 (6) This section expires (~~January 1, 2010~~) June 30, 2011.

1 **Sec. 955.** RCW 77.12.820 and 1997 c 422 s 5 are each amended to
2 read as follows:

3 The eastern Washington pheasant enhancement account is created in
4 the custody of the state treasurer. All receipts under RCW 77.12.810
5 must be deposited in the account. Moneys in the account are subject to
6 legislative appropriation and shall be used for the purpose of funding
7 the eastern Washington pheasant enhancement program. The department
8 may use moneys from the account to improve pheasant habitat or to
9 purchase or produce pheasants. Except as otherwise provided in the
10 omnibus appropriations act for the 2009-2011 fiscal biennium, not less
11 than eighty percent of expenditures from the account must be used to
12 purchase or produce pheasants. The eastern Washington pheasant
13 enhancement account funds must not be used for the purchase of land.
14 The account may be used to offer grants to improve pheasant habitat on
15 public or private lands that are open to public hunting. The
16 department may enter partnerships with private landowners, nonprofit
17 corporations, cooperative groups, and federal or state agencies for the
18 purposes of pheasant habitat enhancement in areas that will be
19 available for public hunting.

20 **Sec. 956.** RCW 77.32.010 and 2008 c 329 s 923 are each amended to
21 read as follows:

22 (1) Except as otherwise provided in this chapter, a recreational
23 license issued by the director is required to hunt for or take wild
24 animals or wild birds, fish for, take, or harvest fish, shellfish, and
25 seaweed. A recreational fishing or shellfish license is not required
26 for carp, smelt, and crawfish, and a hunting license is not required
27 for bullfrogs.

28 (2) A permit issued by the department is required to park a motor
29 vehicle upon improved department access facilities.

30 (3) During the ((2007-09)) 2009-2011 fiscal biennium to enable the

32 fiscal year 2009 is provided solely for the development and
33 implementation of the Washington assessment of student learning (WASL)

1 expenditure of these funds based on a quarterly allotment schedule.
2 Before releasing funds to the office of the superintendent of public
3 instruction each quarter, the office of financial management shall
4 ensure compliance with this subsection. Effective with the 2009
5 administration of the Washington assessment of student learning, while
6 maintaining the reliability and validity of the assessment, the office
7 of the superintendent of public instruction shall redesign the
8 assessment in the content areas of reading, mathematics, and science in
9 all grades except high school by shortening test administration,
10 reducing the number of short answer and extended response questions,
11 and potentially decreasing the number of items utilized in the
12 assessment, particularly in grades tested under the requirements of the
13 federal no child left behind act. In selecting and developing the new
14 contractual obligations for the assessment contractor beginning in
15 fiscal year 2009, the office of the superintendent of public
16 instruction shall preserve legislative authority to set the student
17 learning assessment policy and potentially make minor or significant
18 changes to that policy in the future with the least amount of adverse
19 fiscal and other impacts to the state as possible. In doing this, the
20 office of the superintendent of public instruction shall advise and
21 consult with the appropriate policy and fiscal committees of the
22 legislature and the Washington assessment of student learning work
23 group created in this subsection. Within the amounts appropriated in
24 this subsection, a legislative work group on the Washington assessment
25 of student learning is established. The work group will consist of a
26 maximum of nine members. Legislative members shall be appointed by the
27 president of the senate and the speaker of the house of representatives
28 and shall represent the two largest caucuses of both the senate and the
29 house of representatives. The purpose of this work group is to review
30 and evaluate the current assessment system by January 1, 2009, and
31 potentially make recommendations to improve it. Of the amount provided
32 in this section, \$150,000 is provided solely for costs associated with
33 hiring independent technical experts to advise the Washington
34 assessment of student learning work group created in this subsection.

35 (13) Through prior legislation, many state activities that protect
36 the general public by safeguarding health, safety, employees, and
37 consumers are supported by fees assessed on items such as licensing,
38 registration, certification, and inspections. Moreover, higher

1 education, workforce training, and a number of other government
2 services are supported at least in part by fees assessed on those who
3 participate in these programs. Therefore, the office of financial
4 management shall conduct a review and analysis of all fees for which
5 the legislature has delegated to state agencies and institutions of
6 higher education the ability to establish and determine the amount,
7 either upon initial establishment or subsequent increases. Fees, as
8 used in this subsection, has the same meaning as used in RCW
9 43.135.055. The objective of the review and analysis is to document
10 the level of fees paid over the past five years, the cost of those
11 programs over that same time period, and, to the extent available, the
12 effectiveness of the activity in meeting its performance targets. The
13 review and analysis shall include the following information:

14 (a) Information about the program, including the statutory
15 authority for the program, date enacted, and the parties that benefit
16 from the program; and

17 (b) Information about the program fees, including name and
18 description of the fees, the parties that bear the cost of the fees,
19 the methodology for determining the fees, and whether the fees directly
20 fund the program; and

21 (c) Financial related information, including an assessment of the
22 program's fee amount assessed over the past five years, the scope of
23 the program and related costs over the past 5 years, and whether the
24 program's expenditures are subject to appropriation or allotment
25 procedures under chapter 43.88 RCW; and

26 (d) To the extent available, information on the program activities
27 and related performance measures that may assist in assessing the
28 effectiveness of the program in achieving its goals.

29 The office of financial management shall report its findings to the
30 governor and the fiscal committees of the legislature by October 1,
31 2008.

32 (14) In addition to other reductions, the reduced appropriations in
33 this section reflect an additional \$305,000 reduction in administrative
34 costs required by Engrossed Substitute Senate Bill No. 5460 (reducing
35 state government administrative costs). These administrative
36 reductions shall be achieved, to the greatest extent possible, by
37 reducing those administrative costs that do not affect direct client
38 services or direct service delivery or programs.

1 (3)(a) \$50,000 of the general fund--state appropriation for fiscal
2 year 2008 and \$25,000 of the general fund--state appropriation for
3 fiscal year 2009 are provided solely to conduct a study of the taxation
4 of electronically delivered products. The legislature recognizes that
5 chapter . . . (Engrossed Substitute House Bill No. 1981), Laws of 2007,
6 relates to specific types of electronically delivered products and does
7 not address the taxation of numerous other types of electronically
8 delivered products. Therefore, a policy question remains concerning
9 the sales and use taxation of other electronically delivered products.

10 (b)(i) To perform the study, the department of revenue shall be
11 assisted by a committee. The committee shall include four legislative
12 members appointed as follows:

13 (A) The president of the senate shall appoint one member from each
14 of the two largest caucuses of the senate; and

15 (B) The speaker of the house of representatives shall appoint one
16 member from each of the two largest caucuses of the house of
17 representatives.

18 (ii) The department of revenue shall appoint additional members
19 with balanced representation from different segments of government and
20 industry, and shall consider representation from the following areas:
21 Small and large businesses that generate, deliver, or use
22 electronically delivered products; financial institutions; insurers;
23 persons with expertise in tax law in an academic or private sector
24 setting; and persons experienced in working with computers and
25 electronically delivered products. The department of revenue shall
26 appoint additional members from the department with expertise in the
27 excise taxation of electronically delivered products.

28 (iii) The committee shall choose its chair from among its
29 membership.

30 (iv) The department and committee shall review the following
31 issues: The provision of explicit statutory definitions for
32 electronically delivered products; the current excise tax treatment of
33 electronically delivered products in the state of Washington and other
34 states as well as the tax treatment of these products under the
35 streamlined sales and use tax agreement; the administration, costs, and
36 potential recipients of the tax exemptions provided in chapter . . .
37 (Engrossed Substitute House Bill No. 1981), Laws of 2007; and

1 alternatives to the excise taxation of electronically delivered
2 products.

3 (v) Legislative members of the committee are reimbursed for travel
4 expenses in accordance with RCW 44.04.120. Nonlegislative members of
5 the committee, except those representing an employer or organization,
6 are entitled to be reimbursed for travel expenses in accordance with
7 RCW 43.03.050 and 43.03.060.

8 (c) The department shall report its preliminary findings and
9 recommendations to the appropriate fiscal committees of the legislature
10 by November 30, 2007. The department shall provide the final report of
11 its findings and recommendations to the appropriate fiscal committees
12 of the legislature by September 1, 2008.

13 (4) \$250,000 of the general fund--state appropriation for fiscal
14 year 2009 is for the implementation of Engrossed Substitute Senate Bill
15 No. 6809 (working families tax exemption). If the bill is not enacted
16 by June 30, 2008, the amounts in this subsection shall lapse. This
17 subsection does not constitute approval of the exemption under section
18 2, chapter . . . (ESSB 6809), Laws of 2008 or authorize payments of
19 remittances.

20 (5) \$22,000 of the general fund--state appropriation for fiscal
21 year 2009 is for the implementation of Second Substitute House Bill No.
22 3104 (domestic partnerships). If the bill is not enacted by June 30,
23 2008, the amounts in this subsection shall lapse.

24 (6) In addition to other reductions, the reduced appropriations in
25 this section reflect an additional \$214,000 reduction in administrative
26 costs required by Engrossed Substitute Senate Bill No. 5460 (reducing
27 state government administrative costs). These administrative
28 reductions shall be achieved, to the greatest extent possible, by
29 reducing those administrative costs that do not affect direct client
30 services or direct service delivery or programs.

PART XI
HUMAN SERVICES

Sec. 1101. 2008 c 329 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES. (1)
Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act.

(4) The department is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under this Washington medicaid integration partnership

1 (WMIP), the department may combine and transfer such medicaid funds
2 appropriated under sections 204, 206, 208, and 209 of this act as may
3 be necessary to finance a unified health care plan for the WMIP program
4 enrollment. The WMIP pilot projects shall not exceed a daily
5 enrollment of 6,000 persons, nor expand beyond one county, during the
6 2007-2009 biennium. The amount of funding assigned to the pilot
7 projects from each program may not exceed the average per capita cost
8 assumed in this act for individuals covered by that program,
9 actuarially adjusted for the health condition of persons enrolled in
10 the pilot project, times the number of clients enrolled in the pilot
11 project. In implementing the WMIP pilot projects, the department may:
12 (a) Withhold from calculations of "available resources" as set forth in
13 RCW 71.24.025 a sum equal to the capitated rate for individuals
14 enrolled in the pilots; and (b) employ capitation financing and risk-
15 sharing arrangements in collaboration with health care service
16 contractors licensed by the office of the insurance commissioner and
17 qualified to participate in both the medicaid and medicare programs.
18 The department shall conduct an evaluation of the WMIP, measuring
19 changes in participant health outcomes, changes in patterns of service
20 utilization, participant satisfaction, participant access to services,
21 and the state fiscal impact.

22 (5)(a) The appropriations to the department of social and health
23 services in this act shall be expended for the programs and in the
24 amounts specified in this act. However, after May 1, (~~(2008)~~) 2009,
25 unless specifically prohibited by this act, the department may transfer
26 general fund--state appropriations for fiscal year (~~(2008)~~) 2009 among
27 programs after approval by the director of financial management.
28 However, the department shall not transfer state moneys that are
29 provided solely for a specified purpose except as expressly provided in
30 (b) of this subsection.

31 (b) To the extent that transfers under (a) of this subsection are
32 insufficient to fund actual expenditures in excess of fiscal year
33 (~~(2008)~~) 2009 caseload forecasts and utilization assumptions in the
34 medical assistance, long-term care, foster care, adoption support, and
35 child support programs, the department may transfer state moneys that
36 are provided solely for a specified purpose. The department shall not
37 transfer funds, and the director of financial management shall not
38 approve the transfer, unless the transfer is consistent with the

1 objective of conserving, to the maximum extent possible, the
2 expenditure of state funds. The director of financial management shall
3 notify the appropriate fiscal committees of the senate and house of
4 representatives in writing seven days prior to approving any allotment
5 modifications or transfers under this subsection. The written
6 notification shall include a narrative explanation and justification of
7 the changes, along with expenditures and allotments by budget unit and
8 appropriation, both before and after any allotment modifications or
9 transfers.

11	TOTAL APPROPRIATION	(\$1,365,440,000)
12		<u>\$1,386,136,000</u>

13 The appropriations in this subsection are subject to the following
14 conditions and limitations:

15 (a) The entire health services account appropriation, \$615,000 of
16 the general fund--state appropriation for fiscal year 2008, \$892,000 of
17 the general fund--state appropriation for fiscal year 2009, and
18 \$2,546,011 of the general fund--federal appropriation are provided
19 solely for health care benefits for agency home care workers who are
20 employed through state contracts for at least twenty hours a week. The
21 state contribution to the cost of health care benefits per
22 participating worker per month shall be no greater than \$532.00 in
23 fiscal year 2008 and \$585.00 in fiscal year 2009.

30 fiscal year 2009, and \$15,016,000 of the general fund--federal
31 appropriation are provided solely for community residential and support

33 residents of residential habilitation centers who are able to be
34 adequately cared for in community settings and who choose to live in
35 those community settings; (ii) clients without residential services who
36 are at immediate risk of institutionalization or in crisis; (iii)
37 children who are at risk of institutionalization or who are aging out
38 of other state services; and (iv) current home and community-based

1 waiver program clients who have been assessed as having an immediate
2 need for increased services. First priority shall be given to children
3 who are at risk of institutionalization. The department shall ensure
4 that the average cost per day for all program services other than
5 start-up costs shall not exceed \$300. In order to maximize the number
6 of clients served and ensure the cost-effectiveness of the waiver
7 programs, the department will strive to limit new client placement
8 expenditures to 90 percent of the budgeted daily rate. If this can be
9 accomplished, additional clients may be served with excess funds,
10 provided the total projected carry-forward expenditures do not exceed
11 the amounts estimated. The department shall electronically report to
12 the appropriate committees of the legislature, within 45 days following
13 each fiscal year quarter, the number of persons served with these
14 additional community services, where they were residing, what kinds of
15 services they were receiving prior to placement, and the actual

17 (d) \$2,399,000 of the general fund--state appropriation for fiscal

24 hospitals; (ii) clients participating in the dangerous mentally ill
25 offender program; (iii) clients participating in the community
26 protection program; and (iv) mental health crisis diversion
27 outplacements. The department shall ensure that the average cost per
28 day for all program services other than start-up costs shall not exceed
29 \$349 in fiscal year 2008 and \$356 in fiscal year 2009. In order to
30 maximize the number of clients served and ensure the cost-
31 effectiveness of the waiver programs, the department will strive to
32 limit new client placement expenditures to 90 percent of the budgeted
33 daily rate. If this can be accomplished, additional clients may be
34 served with excess funds if the total projected carry-forward
35 expenditures do not exceed the amounts estimated. The department shall
36 implement the four new waiver programs such that decisions about
37 enrollment levels and the amount, duration, and scope of services
38 maintain expenditures within appropriations. The department shall

1 electronically report to the appropriate committees of the legislature,
2 within 45 days following each fiscal year quarter, the number of
3 persons served with these additional community services, where they
4 were residing, what kinds of services they were receiving prior to
5 placement, and the actual expenditures for all community services to
6 support these clients.

7 (e) \$13,198,000 of the general fund--state appropriation for fiscal
8 year 2008, \$16,354,000 of the general fund--state appropriation for

18 a status report to the appropriate policy and fiscal committees of the
19 legislature on the individual and family services program for people
20 with developmental disabilities, which shall include the following
21 information: The number of applicants for funding; the total number of
22 awards; the number and amount of both annual and one-time awards,

28 Priority consideration for this new funding shall be young adults with

32 legislature finds that some waiver clients are not receiving employment
33 services that are authorized under their waivers. Within the amounts
34 appropriated in this section, waiver clients must receive services as
35 authorized by their waiver, such as pathway to employment, while
36 waiting for paid employment to be developed. The department shall work
37 with the counties to establish a consistent proposed policy for minimum
38 direct service hours for clients, minimum hours of support, time frames

1 for seeking paid employment, and services provided under pathway to
2 employment while paid employment is sought. The department shall
3 report to the office of financial management and the appropriate
4 committees of the legislature on this proposal by November 1, 2008,
5 including estimated fiscal impacts and an option for making the policy
6 budget neutral for the current level of clients served. In order to
7 maximize the number of clients served, the department may serve
8 additional nonwaiver clients with unspent funds for waiver clients,
9 provided the total projected carry-forward expenditures do not exceed
10 the amounts estimated.

11 (g) \$160,000 of the general fund--state appropriation for fiscal
12 year 2008 and \$140,000 of the general fund--state appropriation for

26		<u>\$8,498,862,000</u>

27 The appropriations in this section are subject to the following
28 conditions and limitations:

29 (1) Based on quarterly expenditure reports and caseload forecasts,
30 if the department estimates that expenditures for the medical
31 assistance program will exceed the appropriations, the department shall

11 public hospital district shall be responsible for providing the
12 required nonfederal match for the supplemental payment, and the
13 payments shall not exceed the maximum allowable under federal rules.
14 It is the legislature's intent that the payments shall be supplemental
15 to and shall not in any way offset or reduce the payments calculated
16 and provided in accordance with part E of chapter 74.46 RCW. It is the
17 legislature's further intent that costs otherwise allowable for rate-
18 setting and settlement against payments under chapter 74.46 RCW shall
19 not be disallowed solely because such costs have been paid by revenues
20 retained by the nursing home from these supplemental payments. The
21 supplemental payments are subject to retrospective interim and final
22 cost settlements based on the nursing homes' as-filed and final
23 medicare cost reports. The timing of the interim and final cost
24 settlements shall be at the department's discretion. During either the

36 fund--state appropriation for fiscal year 2009 are provided solely for
37 grants to rural hospitals. The department shall distribute the funds
38 under a formula that provides a relatively larger share of the

1 available funding to hospitals that (a) serve a disproportionate share
2 of low-income and medically indigent patients and (b) have relatively
3 smaller net financial margins, to the extent allowed by the federal
4 medicaid program.

5 (7) \$10,546,000 of the health services account appropriation for
6 fiscal year 2008, \$10,546,000 of the health services account--state

12 medically indigent patients and (b) have relatively smaller net
13 financial margins, to the extent allowed by the federal medicaid
14 program.

15 (8) The department shall continue the inpatient hospital certified

31 of the maximum disproportionate share hospital payment allowable under
32 federal regulations. Inpatient medicaid payments shall be established
33 using an allowable methodology that approximates the cost of claims
34 submitted by the hospitals. Payments made to each hospital in the
35 program in each fiscal year of the biennium shall be compared to a
36 baseline amount. The baseline amount will be determined by the total
37 of (a) the inpatient claim payment amounts that would have been paid
38 during the fiscal year had the hospital not been in the CPE program,

1 and (b) disproportionate share hospital payment amounts paid to and
2 retained by each hospital during fiscal year 2005 that pertain to
3 fiscal year 2005. If payments during the fiscal year exceed the
4 hospital's baseline amount, no additional payments will be made to the
5 hospital except the federal portion of allowable disproportionate share
6 hospital payments for which the hospital can certify allowable match.
7 If payments during the fiscal year are less than the baseline amount,
8 the hospital will be paid a state grant equal to the difference between
9 payments during the fiscal year and the applicable baseline amount.
10 Payment of the state grant shall be made in the applicable fiscal year
11 and distributed in monthly payments. The grants will be recalculated
12 and redistributed as the baseline is updated during the fiscal year.
13 The grant payments are subject to an interim settlement within eleven
14 months after the end of the fiscal year. A final settlement shall be
15 performed within two years after the end of the related fiscal year.
16 To the extent that either settlement determines that a hospital has
17 received funds in excess of what it would have received as described in
18 this subsection, the hospital must repay the excess amounts to the
19 state when requested. \$61,728,000 of the general fund--state
20 appropriation for fiscal year 2008, of which \$6,570,000 is appropriated
21 in section 204(1) of this act and the balance in this section, and
22 (~~(\$47,745,000)~~) \$46,490,000 of the general fund--state appropriation
23 for fiscal year 2009, of which \$6,570,000 is appropriated in section
24 204(1) of this act and the balance in this section, are provided solely
25 for state grants for the participating hospitals.

28 appropriation for fiscal year 2009, and (~~(\$55,384,000)~~) \$53,470,000 of
29 the general fund--federal appropriation are provided solely for
30 development and implementation of a replacement system for the existing
31 medicaid management information system. The amounts are conditioned on
32 the department satisfying the requirements of section 902 of this act.

33 (10) When a person is ineligible for medicaid solely by reason of
34 residence in an institution for mental diseases, the department shall
35 provide the person with the same benefits as he or she would receive if
36 eligible for medicaid, using state-only funds to the extent necessary.

37 (11) The department is authorized to use funds appropriated in this

1 section to purchase goods and supplies through direct contracting with
2 vendors when the department determines it is cost-effective to do so.

3 (12) The legislature affirms that it is in the state's interest for
4 Harborview medical center to remain an economically viable component of
5 the state's health care system.

6 (13) The department shall, within available resources, continue
7 operation of the medical care services care management pilot project
8 for clients receiving general assistance benefits in King and Pierce
9 counties. The project may use a full or partial capitation model that
10 includes a mechanism for shared savings.

11 (14) \$1,688,000 of the general fund--state appropriation for fiscal
12 year 2008 and \$1,689,000 of the general fund--state appropriation for
13 fiscal year 2009 are provided solely to incorporate a mental health
14 service component to the pilot project established pursuant to
15 subsection (13) of this section. Addition of the mental health service
16 component authorized in this subsection is contingent upon the managed
17 care contractor or the participating counties providing, alone or in
18 combination, matching funds in cash or in kind, in an amount equal to
19 one-ninth of the amounts appropriated in this subsection. The mental
20 health service component may include care coordination, mental health
21 services, and integrated medical and mental health service delivery for
22 general assistance clients with mental health disorders, as well as
23 primary care provider training and education. The department shall
24 provide a report to the appropriate committees of the legislature by
25 January 1, 2009, on costs, savings, and any outcomes or quality
26 measures associated with the pilot projects during calendar year 2007
27 and 2008. To the extent possible, the report shall address any impact
28 that the mental health services component has had upon clients' use of
29 medical services, including but not limited to primary care physician's
30 visits, emergency room utilization, and prescription drug utilization.

31 (15) \$341,000 of the health services account appropriation for

1 (16) \$6,728,000 of the general fund--state appropriation for fiscal
2 year 2008 and \$8,563,000 of the general fund--state appropriation for
3 fiscal year 2009 are provided solely to provide full benefit dual
4 eligible beneficiaries with medicare part D prescription drug copayment
5 coverage in accordance with chapter 3, Laws of 2007 (part D copayment
6 drug program).

7 (17) The department shall conduct a study to determine the
8 financial impact associated with continuing to cover brand name
9 medications versus the same medication in its generic form. The study
10 shall account for all rebates paid to the state on each product studied
11 up until the point where the generic form is less expensive, net of
12 federally required rebates. The department shall submit its report to
13 the legislative fiscal committees by December 1, 2007.

14 (18) \$198,000 of the general fund--state appropriation for fiscal
15 year 2008 and \$134,000 of the general fund--state appropriation for
16 fiscal year 2009 are provided solely for the first two years of a four-
17 year project by the Seattle-King county health department to improve
18 management of symptoms and reduce complications related to asthma among
19 medicaid eligible children. The department shall contract with the
20 Seattle-King county health department to have trained community health
21 workers visit medicaid eligible children in their homes to identify and
22 reduce exposure to asthma triggers, improve clients' self-management
23 skills, and coordinate clients' care with their primary care and
24 specialty providers. The contract shall include an evaluation of the
25 impact of the services provided under the contract on urgent
26 physician's visits, emergency room utilization, and inpatient
27 hospitalization.

28 (19) \$1,529,000 of the general fund--state appropriation for fiscal
29 year 2008 and \$1,624,000 of the general fund--state appropriation for
30 fiscal year 2009 are provided solely for development and implementation
31 of an outreach program as provided in chapter 5, Laws of 2007 (Second
32 Substitute Senate Bill No. 5093, health services for children).

33 (a) By December 15, 2007, the department shall provide a report to
34 the appropriate committees of the legislature on the progress of
35 implementing the following activities:

36 (i) Feasibility study and implementation plan to develop online
37 application capability that is integrated with the department's
38 automated client eligibility system;

1 (ii) Development of data linkages with the office of superintendent
2 of public instruction for free and reduced-price lunch enrollment
3 information and the department of early learning for child care subsidy
4 program enrollment information;

5 (iii) Informing insurers and providers when their enrollees'
6 eligibility is going to expire so insurers and providers can help
7 families reenroll;

8 (iv) Outreach contracts with local governmental entities, community
9 based organizations, and tribes;

10 (v) Results of data sharing with outreach contractors, and other
11 contracted entities such as local governments, community-based
12 organizations, tribes, health care providers, and insurers to engage,
13 enroll, and reenroll identified children;

14 (vi) Results of efforts to maximize federal matching funds,
15 wherever possible; and

16 (vii) Plans for sustaining outreach programs proven to be
17 successful.

18 (b)(i) Within the amounts provided under this subsection (19),
19 sufficient funding is provided to the department to develop and
20 implement in conjunction with the employment security department a plan
21 that would:

22 (A) Allow applicants and recipients of unemployment insurance to
23 request assistance with obtaining health coverage for household
24 members; and

25 (B) Authorize the exchange of information between the employment
26 security department and the department of social and health services to
27 more efficiently determine eligibility for health coverage under
28 chapter 74.09 RCW.

29 (ii) The plan developed in (b)(i) of this subsection should address
30 permissible uses of federal employment security funding and
31 infrastructure, identification of any necessary statutory changes, and
32 cost information. The department shall submit the plan in a report to
33 the governor and the appropriate committees of the legislature by
34 November 15, 2008.

35 (20) \$640,000 of the general fund--state appropriation for fiscal

37 fiscal year 2009 are provided solely for a medicare advantage program.
38 The department shall:

4 2006 in a medicare advantage plan sponsored by an entity accredited by
5 the national committee for quality assurance and for whom the
6 department had been paying Part C premium as of November 2006; and

7 (b) Undertake, directly or by contract, a study to determine the
8 cost-effectiveness of paying premiums for enrollment of full benefit
9 dual eligible beneficiaries in medicare advantage plans in lieu of
10 paying full benefit dual eligible beneficiaries' medicare cost-sharing.
11 The study shall compare the cost and health outcomes experience,
12 including rates of nursing home placement and costs for groups of full
13 benefit dual eligible beneficiaries who are enrolled in medicare
14 advantage plans, in medicare special needs plan or in medicare fee-for-
15 service. The study shall compare the health status and utilization of
16 health and long-term care services for the three groups, and the impact
17 of access to a medical home and specialty care, over a period of two
18 years to determine any differences in health status, health outcomes,
19 and state expenditures that result. The department shall submit the
20 results of the study to the governor and the legislature by June 30,
21 2009. The department is authorized to accept private cash and in-kind
22 donations and grants to support the study and evaluation.

23 (c) Track enrollment and expenditures for this population on
24 department monthly management reports.

25 (21) The department may not transition to managed care delivery any
26 population that has been primarily served under fee-for-service
27 delivery unless the department first conducts a cost-effectiveness
28 evaluation of the transition, including an evaluation of historical
29 data on utilization patterns, and finds that the transition would
30 result in a more effective and cost-efficient form of service delivery,
31 pursuant to RCW 74.09.470. Any such finding must be provided to the
32 governor and the legislature no less than ninety days before the
33 transition begins.

14 employment security department, to prepare and submit a report and
15 recommendations to the governor and the legislature related to coverage
16 of low-wage workers enrolled on state plans who are employed by
17 employers with more than fifty employees. The report shall address
18 multiple approaches, including but not limited to the proposal included
19 in House Bill No. 2094 (taxpayer health care fairness act). The
20 discussion of each approach included in the report should identify how
21 the approach would further the goal of shared responsibility for
22 coverage of low-wage workers, obstacles to implementation and options
23 to address them, and estimated implementation costs. The report shall
24 be submitted on or before November 15, 2007. The agencies shall
25 establish a workgroup, which shall be closely involved and consulted in
26 the development of the report and recommendations under this
27 subsection. The workgroup shall include the following participants:

8 health care quality under chapter 259, Laws of 2007, the department, in
9 collaboration with the department of health, shall provide a report to
10 the appropriate committees of the legislature outlining a strategy to

18 pharmacies implemented under the federal deficit reduction act, and
19 report its findings to the legislature by December 1, 2008.

20 (28)(a) \$100,000 of the general fund--state appropriation for
21 fiscal year 2009 is provided solely for a feasibility study to examine
22 processes and systems that would expeditiously link persons released

25 which they qualify. The study shall present an analysis of the costs
26 and benefits associated with:

27 (i) Suspending eligibility for persons who were receiving medical
28 assistance at the time their confinement began, such that upon the
29 person's release from confinement, medical assistance benefits would
30 immediately resume without the filing of a new application. In the
31 evaluation of eligibility suspension, the department shall examine
32 process modifications that would allow confined persons to recertify
33 eligibility before or immediately after release from confinement;

34 (ii) Improving the efficiency and expanding the scope of the
35 expedited medical assistance reinstatement and eligibility
36 determination process established under RCW 74.09.555, including

5 disability for purposes of the medical assistance program before the
6 person's release from confinement; and

7 (iv) Notifying the department in a timely manner when a person who

9 correctional institution or institution for mental diseases or is
10 released from confinement.

8 pharmaceuticals and durable medical equipment.

9 ~~((+37))~~ (36) The department shall not reduce hospital rates.

12 reduction in administrative costs required by Engrossed Substitute
13 Senate Bill No. 5460 (reducing state government administrative costs).
14 These administrative reductions shall be achieved, to the greatest
15 extent possible, by reducing those administrative costs that do not

1 (c) For nonemployee-related costs associated with each vocational
2 certificated staff unit allocated under subsection (2)(c)(i)(B) of this
3 section, there shall be provided a maximum of \$18,489 per certificated
4 staff unit in the 2007-08 school year and a maximum of \$19,395 per
5 certificated staff unit in the 2008-09 school year.

6 (7) Allocations for substitute costs for classroom teachers shall
7 be distributed at a maintenance rate of \$555.20 for the 2007-08 and
8 2008-09 school years per allocated classroom teachers exclusive of
9 salary increase amounts provided in section 504 of this act. Solely
10 for the purposes of this subsection, allocated classroom teachers shall
11 be equal to the number of certificated instructional staff units
12 allocated under subsection (2) of this section, multiplied by the ratio
13 between the number of actual basic education certificated teachers and
14 the number of actual basic education certificated instructional staff
15 reported statewide for the prior school year.

16 (8) Any school district board of directors may petition the
17 superintendent of public instruction by submission of a resolution
18 adopted in a public meeting to reduce or delay any portion of its basic
19 education allocation for any school year. The superintendent of public
20 instruction shall approve such reduction or delay if it does not impair
21 the district's financial condition. Any delay shall not be for more
22 than two school years. Any reduction or delay shall have no impact on
23 levy authority pursuant to RCW 84.52.0531 and local effort assistance
24 pursuant to chapter 28A.500 RCW.

25 (9) \$1,870,000 of the general fund--state appropriation for fiscal
26 year 2008 and \$2,421,000 of the general fund--state appropriation for
27 fiscal year 2009 are provided solely to implement Engrossed Second
28 Substitute House Bill No. 1432 (granting service credit to educational
29 staff associates for nonschool employment).

30 (10) The superintendent may distribute a maximum of (~~(\$16,620,000)~~)
31 \$16,634,000 outside the basic education formula during fiscal years
32 2008 and 2009 as follows:

33 (a) For fire protection for school districts located in a fire
34 protection district as now or hereafter established pursuant to chapter
35 52.04 RCW, a maximum of \$547,000 may be expended in fiscal year 2008
36 and a maximum of \$567,000 may be expended in fiscal year 2009;

37 (b) For summer vocational programs at skills centers, a maximum of

1 \$2,385,000 may be expended for the 2008 fiscal year and a maximum of
2 \$2,385,000 for the 2009 fiscal year. 20 percent of each fiscal year
3 amount may carry over from one year to the next;

4 (c) A maximum of \$393,000 may be expended for school district
5 emergencies;

6 (d) A maximum of \$485,000 each fiscal year may be expended for
7 programs providing skills training for secondary students who are
8 enrolled in extended day school-to-work programs, as approved by the
9 superintendent of public instruction. The funds shall be allocated at
10 a rate not to exceed \$500 per full-time equivalent student enrolled in
11 those programs; and

12 (e) (~~(\$9,373,000)~~) \$9,387,000 of the education legacy trust account
13 appropriation is provided solely for allocations for equipment
14 replacement in vocational programs and skills centers. Each year of
15 the biennium, the funding shall be allocated based on \$75 per full-time
16 equivalent vocational student and \$125 per full-time equivalent skills
17 center student.

18 (f) Within the amounts appropriated in this section, funding is for
19 the implementation of Second Substitute Senate Bill No. 5790 (regarding
20 skills centers).

21 (11) For purposes of RCW 84.52.0531, the increase per full-time
22 equivalent student is 5.7 percent from the 2006-07 school year to the
23 2007-08 school year and 6.0 percent from the 2007-08 school year to the
24 2008-09 school year.

25 (12) If two or more school districts consolidate and each district
26 was receiving additional basic education formula staff units pursuant
27 to subsection (2)(b) through (h) of this section, the following shall
28 apply:

29 (a) For three school years following consolidation, the number of
30 basic education formula staff units shall not be less than the number
31 of basic education formula staff units received by the districts in the
32 school year prior to the consolidation; and

33 (b) For the fourth through eighth school years following
34 consolidation, the difference between the basic education formula staff
35 units received by the districts for the school year prior to
36 consolidation and the basic education formula staff units after
37 consolidation pursuant to subsection (2)(a) through (h) of this section
38 shall be reduced in increments of twenty percent per year.

1 (13) The appropriation levels in part V of this act assume
2 implementation of the reimbursement provisions of Senate Bill No. 6450
3 (school district reimbursement of performance audits).

4 **Sec. 1403.** 2008 c 329 s 504 (uncodified) is amended to read as
5 follows:

6 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL EMPLOYEE**
7 **COMPENSATION ADJUSTMENTS**

8	General Fund--State Appropriation (FY 2008)	\$161,280,000
9	General Fund--State Appropriation (FY 2009)	(\$405,228,000)
10		<u>\$407,478,000</u>
11	General Fund--Federal Appropriation	(\$275,000)
12		<u>\$276,000</u>
13	TOTAL APPROPRIATION	(\$566,783,000)
14		<u>\$569,034,000</u>

15 The appropriations in this section are subject to the following
16 conditions and limitations:

17 (1) ~~(\$500,195,000)~~ \$502,039,000 is provided solely for the
18 following:

19 (a) A cost of living adjustment of 3.7 percent effective September
20 1, 2007, and another 3.9 percent effective September 1, 2008, pursuant
21 to Initiative Measure No. 732.

22 (b) An additional .5 percent cost of living adjustment is provided
23 above the amount required by Initiative Measure No. 732, effective
24 September 1, 2008.

25 (c) Additional salary increases as necessary to fund the base
26 salaries for certificated instructional staff as listed for each
27 district in LEAP Document 2, defined in section 503(2)(b) of this act.
28 Allocations for these salary increases shall be provided to all 262
29 districts that are not grandfathered to receive salary allocations
30 above the statewide salary allocation schedule, and to certain
31 grandfathered districts to the extent necessary to ensure that salary
32 allocations for districts that are currently grandfathered do not fall
33 below the statewide salary allocation schedule. These additional
34 salary increases will result in a decrease in the number of
35 grandfathered districts from the current thirty-four to twenty-four in
36 the 2007-08 school year and to twelve in the 2008-09 school year.

1 (d) Additional salary increases to certain districts as necessary
2 to fund the per full-time-equivalent salary allocations for
3 certificated administrative staff as listed for each district in LEAP
4 Document 2, defined in section 503(2)(b) of this act. These additional
5 salary increases shall ensure a minimum salary allocation for
6 certificated administrative staff of \$54,405 in the 2007-08 school year
7 and \$57,986 in the 2008-09 school year.

8 (e) Additional salary increases to certain districts as necessary
9 to fund the per full-time-equivalent salary allocations for classified
10 staff as listed for each district in LEAP Document 2, defined in
11 section 503(2)(b) of this act. These additional salary increases
12 ensure a minimum salary allocation for classified staff of \$30,111 in
13 the 2007-08 school year and \$31,865 in the 2008-09 school year.

14 (f) The appropriations in this subsection (1) include associated
15 incremental fringe benefit allocations at rates 13.47 percent for the
16 2007-08 school year and 16.11 percent for the 2008-09 school year for
17 certificated staff and 13.54 percent for the 2007-08 school year and
18 15.22 percent for the 2008-09 school year for classified staff.

19 (g) The appropriations in this section include the increased
20 portion of salaries and incremental fringe benefits for all relevant
21 state-funded school programs in part V of this act. Increases for
22 general apportionment (basic education) are based on the salary
23 allocation schedules and methodology in sections 502 and 503 of this
24 act. Increases for special education result from increases in each
25 district's basic education allocation per student. Increases for
26 educational service districts and institutional education programs are
27 determined by the superintendent of public instruction using the
28 methodology for general apportionment salaries and benefits in sections
29 502 and 503 of this act.

30 (h) The appropriations in this section provide cost of living and
31 incremental fringe benefit allocations based on formula adjustments as
32 follows:

	School Year	
	2007-08	2008-09
Pupil Transportation (per weighted pupil mile)	\$1.08	\$2.46
Highly Capable (per formula student)	\$11.13	\$25.51

1	Transitional Bilingual Education (per eligible bilingual student)	\$29.80	\$68.33
2	Learning Assistance (per formula student)	\$7.00	\$18.86

3 (i) The appropriations in this section include \$925,000 for fiscal
4 year 2008 and (~~(\$2,314,000)~~) \$2,322,000 for fiscal year 2009 for salary
5 increase adjustments for substitute teachers.

6 (2) (~~(\$66,591,000)~~) \$66,719,000 is provided for adjustments to
7 insurance benefit allocations. The maintenance rate for insurance
8 benefit allocations is \$682.54 per month for the 2007-08 and 2008-09
9 school years. The appropriations in this section provide for a rate
10 increase to \$707.00 per month for the 2007-08 school year and \$732.00
11 per month for the 2008-09 school year. The adjustments to health
12 insurance benefit allocations are at the following rates:

	School Year	
	2007-08	2008-09
13 Pupil Transportation (per weighted pupil mile)	\$0.22	\$0.45
14 Highly Capable (per formula student)	\$1.50	\$3.05
15 Transitional Bilingual Education (per eligible bilingual student)	\$3.96	\$8.01

17 (3) The rates specified in this section are subject to revision
18 each year by the legislature.

19 **Sec. 1404.** 2008 c 329 s 505 (uncodified) is amended to read as
20 follows:

21	FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR PUPIL TRANSPORTATION	
22	General Fund--State Appropriation (FY 2008)	\$273,409,000
23	General Fund--State Appropriation (FY 2009)	((\$276,510,000))
24		<u>\$291,499,000</u>
25	Education Legacy Trust Account--State	
26	Appropriation	\$25,000,000
27	TOTAL APPROPRIATION	((\$574,919,000))
28		<u>\$589,908,000</u>

29 The appropriations in this section are subject to the following
30 conditions and limitations:

1 (1) Each general fund fiscal year appropriation includes such funds
2 as are necessary to complete the school year ending in the fiscal year
3 and for prior fiscal year adjustments.

4 (2) A maximum of \$848,000 of this fiscal year 2008 appropriation
5 and a maximum of \$878,000 of the fiscal year 2009 appropriation may be
6 expended for regional transportation coordinators and related
7 activities. The transportation coordinators shall ensure that data
8 submitted by school districts for state transportation funding shall,
9 to the greatest extent practical, reflect the actual transportation
10 activity of each district.

11 (3) \$5,000 of the fiscal year 2008 appropriation and \$5,000 of the
12 fiscal year 2009 appropriation are provided solely for the
13 transportation of students enrolled in "choice" programs.
14 Transportation shall be limited to low-income students who are
15 transferring to "choice" programs solely for educational reasons.

16 (4) Allocations for transportation of students shall be based on
17 reimbursement rates of \$44.84 per weighted mile in the 2007-08 school
18 year and \$45.68 per weighted mile in the 2008-09 school year exclusive
19 of salary and benefit adjustments provided in section 504 of this act.
20 Allocations for transportation of students transported more than one
21 radius mile shall be based on weighted miles as determined by
22 superintendent of public instruction multiplied by the per mile
23 reimbursement rates for the school year pursuant to the formulas
24 adopted by the superintendent of public instruction. Allocations for
25 transportation of students living within one radius mile shall be based
26 on the number of enrolled students in grades kindergarten through five
27 living within one radius mile of their assigned school multiplied by
28 the per mile reimbursement rate for the school year multiplied by 1.29.

29 (5) \$25,000,000 of the education legacy trust account--state
30 appropriation is provided solely for temporary assistance to school
31 districts for pupil transportation programs. The office of the
32 superintendent of public instruction, in consultation with the joint
33 legislative audit and review committee, will develop a method of
34 allocating these funds to school districts. The allocation method
35 shall be based primarily on the findings and analysis from the joint
36 legislative and audit review committee's K-12 pupil transportation
37 study completed in December 2006.

1 (6) The office of the superintendent of public instruction shall
2 provide reimbursement funding to a school district only after the
3 superintendent of public instruction determines that the school bus was
4 purchased from the list established pursuant to RCW 28A.160.195(2) or
5 a comparable competitive bid process based on the lowest price quote
6 based on similar bus categories to those used to establish the list
7 pursuant to RCW 28A.160.195.

8 (7) The superintendent of public instruction shall base
9 depreciation payments for school district buses on the five-year
10 average of lowest bids in the appropriate category of bus. In the
11 final year on the depreciation schedule, the depreciation payment shall
12 be based on the lowest bid in the appropriate bus category for that
13 school year.

14 **Sec. 1405.** 2008 c 329 s 506 (uncodified) is amended to read as
15 follows:

16 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION**
17 **PROGRAMS**

18	General Fund--State Appropriation (FY 2008)	\$543,469,000
19	General Fund--State Appropriation (FY 2009)	((\$581,925,000))
20		<u>\$580,312,000</u>

22		<u>\$438,852,000</u>
23	Education Legacy Trust Account--State	
24	Appropriation	\$14,561,000
25	TOTAL APPROPRIATION	((\$1,575,647,000))
26		<u>\$1,577,194,000</u>

27 The appropriations in this section are subject to the following
28 conditions and limitations:

29 (1) Funding for special education programs is provided on an excess
30 cost basis, pursuant to RCW 28A.150.390. School districts shall ensure
31 that special education students as a class receive their full share of
32 the general apportionment allocation accruing through sections 502 and
33 504 of this act. To the extent a school district cannot provide an
34 appropriate education for special education students under chapter
35 28A.155 RCW through the general apportionment allocation, it shall
36 provide services through the special education excess cost allocation
37 funded in this section.

1 (2)(a) The superintendent of public instruction shall ensure that:
2 (i) Special education students are basic education students first;
3 (ii) As a class, special education students are entitled to the
4 full basic education allocation; and

5 (iii) Special education students are basic education students for
6 the entire school day.

7 (b) The superintendent of public instruction shall adopt the full
8 cost method of excess cost accounting, as designed by the committee and
9 recommended by the superintendent, pursuant to section 501(1)(k),
10 chapter 372, Laws of 2006, and ensure that all school districts adopt
11 the method beginning in the 2007-08 school year.

12 (3) Each fiscal year appropriation includes such funds as are
13 necessary to complete the school year ending in the fiscal year and for
14 prior fiscal year adjustments.

15 (4) The superintendent of public instruction shall distribute state
16 funds to school districts based on two categories: (a) The first
17 category includes (i) children birth through age two who are eligible
18 for the optional program for special education eligible developmentally
19 delayed infants and toddlers, and (ii) students eligible for the
20 mandatory special education program and who are age three or four, or
21 five and not yet enrolled in kindergarten; and (b) the second category
22 includes students who are eligible for the mandatory special education
23 program and who are age five and enrolled in kindergarten and students
24 age six through 21.

25 (5)(a) For the 2007-08 and 2008-09 school years, the superintendent
26 shall make allocations to each district based on the sum of:

27 (i) A district's annual average headcount enrollment of students
28 ages birth through four and those five year olds not yet enrolled in
29 kindergarten, as defined in subsection (4) of this section, multiplied
30 by the district's average basic education allocation per full-time
31 equivalent student, multiplied by 1.15; and

32 (ii) A district's annual average full-time equivalent basic
33 education enrollment multiplied by the funded enrollment percent
34 determined pursuant to subsection (6)(b) of this section, multiplied by
35 the district's average basic education allocation per full-time
36 equivalent student multiplied by 0.9309.

37 (b) For purposes of this subsection, "average basic education

1 allocation per full-time equivalent student" for a district shall be
2 based on the staffing ratios required by RCW 28A.150.260 and shall not
3 include enhancements, secondary vocational education, or small schools.

4 (6) The definitions in this subsection apply throughout this
5 section.

6 (a) "Annual average full-time equivalent basic education
7 enrollment" means the resident enrollment including students enrolled
8 through choice (RCW 28A.225.225) and students from nonhigh districts
9 (RCW 28A.225.210) and excluding students residing in another district
10 enrolled as part of an interdistrict cooperative program (RCW
11 28A.225.250).

12 (b) "Enrollment percent" means the district's resident special
13 education annual average enrollment, excluding the birth through age
14 four enrollment and those five year olds not yet enrolled in
15 kindergarten, as a percent of the district's annual average full-time
16 equivalent basic education enrollment.

17 Each district's general fund--state funded special education
18 enrollment shall be the lesser of the district's actual enrollment
19 percent or 12.7 percent.

20 (7) At the request of any interdistrict cooperative of at least 15
21 districts in which all excess cost services for special education
22 students of the districts are provided by the cooperative, the maximum
23 enrollment percent shall be calculated in accordance with subsection
24 (6)(b) of this section, and shall be calculated in the aggregate rather
25 than individual district units. For purposes of this subsection, the
26 average basic education allocation per full-time equivalent student
27 shall be calculated in the aggregate rather than individual district
28 units.

29 (8) To the extent necessary, (~~(\$53,926,000)~~) \$56,553,000 of the
30 general fund--state appropriation and \$29,574,000 of the general fund--
31 federal appropriation are provided for safety net awards for districts
32 with demonstrated needs for special education funding beyond the
33 amounts provided in subsection (5) of this section. If the federal
34 safety net awards based on the federal eligibility threshold exceed the
35 federal appropriation in this subsection (8) in any fiscal year, the
36 superintendent shall expend all available federal discretionary funds
37 necessary to meet this need. Safety net funds shall be awarded by the

1 state safety net oversight committee subject to the following
2 conditions and limitations:

3 (a) The committee shall consider unmet needs for districts that can
4 convincingly demonstrate that all legitimate expenditures for special
5 education exceed all available revenues from state funding formulas.
6 In the determination of need, the committee shall also consider
7 additional available revenues from federal sources. Differences in
8 program costs attributable to district philosophy, service delivery
9 choice, or accounting practices are not a legitimate basis for safety
10 net awards. In the determination of need, the committee shall require
11 that districts demonstrate that they are maximizing their eligibility
12 for all state and federal revenues related to services for special
13 education-eligible students. Awards associated with (b) and (c) of
14 this subsection shall not exceed the total of a district's specific
15 determination of need.

16 (b) The committee shall then consider the extraordinary high cost
17 needs of one or more individual special education students.
18 Differences in costs attributable to district philosophy, service
19 delivery choice, or accounting practices are not a legitimate basis for
20 safety net awards.

21 (c) Using criteria developed by the committee, the committee shall
22 then consider extraordinary costs associated with communities that draw
23 a larger number of families with children in need of special education
24 services. The safety net awards to school districts shall be adjusted
25 to reflect amounts awarded under (b) of this subsection.

26 (d) The maximum allowable indirect cost for calculating safety net
27 eligibility may not exceed the federal restricted indirect cost rate
28 for the district plus one percent.

29 (e) Safety net awards must be adjusted for any audit findings or
30 exceptions related to special education funding.

31 (f) Safety net awards shall be adjusted based on the percent of
32 potential medicaid eligible students billed as calculated by the
33 superintendent in accordance with chapter 318, Laws of 1999. The state
34 safety net oversight committee shall ensure that safety net
35 documentation and awards are based on current medicaid revenue amounts.

36 (9) The superintendent of public instruction may adopt such rules
37 and procedures as are necessary to administer the special education

1 funding and safety net award process. Prior to revising any standards,
2 procedures, or rules, the superintendent shall consult with the office
3 of financial management and the fiscal committees of the legislature.

4 (10) The safety net oversight committee appointed by the
5 superintendent of public instruction shall consist of:

6 (a) One staff from the office of superintendent of public
7 instruction;

8 (b) Staff of the office of the state auditor who shall be nonvoting
9 members of the committee; and

10 (c) One or more representatives from school districts or
11 educational service districts knowledgeable of special education
12 programs and funding.

13 (11) The office of the superintendent of public instruction shall
14 review and streamline the application process to access safety net
15 funds, provide technical assistance to school districts, and annually
16 survey school districts regarding improvement to the process.

17 (12) A maximum of \$678,000 may be expended from the general fund--
18 state appropriations to fund 5.43 full-time equivalent teachers and 2.1
19 full-time equivalent aides at children's orthopedic hospital and
20 medical center. This amount is in lieu of money provided through the
21 home and hospital allocation and the special education program.

22 (13) A maximum of \$1,000,000 of the general fund--federal
23 appropriation is provided for projects to provide special education
24 students with appropriate job and independent living skills, including
25 work experience where possible, to facilitate their successful
26 transition out of the public school system. The funds provided by this
27 subsection shall be from federal discretionary grants.

28 (14) \$50,000 of the general fund--state appropriation for fiscal
29 year 2008, \$50,000 of the general fund--state appropriation for fiscal
30 2009, and \$100,000 of the general fund--federal appropriation shall be
31 expended to support a special education ombudsman program within the
32 office of superintendent of public instruction. The purpose of the
33 program is to provide support to parents, guardians, educators, and
34 students with disabilities. The program will provide information to
35 help families and educators understand state laws, rules, and
36 regulations, and access training and support, technical information
37 services, and mediation services. The ombudsman program will provide
38 data, information, and appropriate recommendations to the office of

1 superintendent of public instruction, school districts, educational
2 service districts, state need projects, and the parent and teacher
3 information center. Within the appropriations in this section there is
4 sufficient funding provided to also provide at least a half-time
5 support staff position for the special education ombudsman program.

6 (15) The superintendent shall maintain the percentage of federal
7 flow-through to school districts at 85 percent. In addition to other
8 purposes, school districts may use increased federal funds for high-
9 cost students, for purchasing regional special education services from
10 educational service districts, and for staff development activities
11 particularly relating to inclusion issues.

12 (16) A maximum of \$1,200,000 of the general fund--federal
13 appropriation may be expended by the superintendent for projects
14 related to use of inclusion strategies by school districts for
15 provision of special education services.

16 (17) The superintendent, consistent with the new federal IDEA
17 reauthorization, shall continue to educate school districts on how to
18 implement a birth-to-three program and review the cost effectiveness
19 and learning benefits of early intervention.

20 (18) A school district may carry over from one year to the next
21 year up to 10 percent of the general fund--state funds allocated under
22 this program; however, carryover funds shall be expended in the special
23 education program.

24 (19) \$262,000 of the general fund--state appropriation for fiscal
25 year 2008 and \$251,000 of the general fund--state appropriation for
26 fiscal year 2009 are provided solely for two additional full-time
27 equivalent staff to support the work of the safety net committee and to
28 provide training and support to districts applying for safety net
29 awards.

23 the department the number of state hospital beds that should be
24 allocated for use by each regional support network. The statewide
25 total allocation shall not exceed the number of state hospital beds
26 offering long-term inpatient care, as defined in this chapter, for
27 which funding is provided in the biennial appropriations act.

28 (2) If there is consensus among the regional support networks
29 regarding the number of state hospital beds that should be allocated
30 for use by each regional support network, the department shall contract
31 with each regional support network accordingly.

32 (3) If there is not consensus among the regional support networks
33 regarding the number of beds that should be allocated for use by each
34 regional support network, the department shall establish by emergency
35 rule the number of state hospital beds that are available for use by
36 each regional support network. The emergency rule shall be effective

1 September 1, 2006. The primary factor used in the allocation shall be
2 the estimated number of (~~acutely and chronically mentally ill~~) adults
3 with acute and chronic mental illness in each regional support network
4 area, based upon population-adjusted incidence and utilization.

5 (4) The allocation formula shall be updated at least every three
6 years to reflect demographic changes, and new evidence regarding the
7 incidence of acute and chronic mental illness and the need for long-
8 term inpatient care. In the updates, the statewide total allocation
9 shall include (a) all state hospital beds offering long-term inpatient
10 care for which funding is provided in the biennial appropriations act;
11 plus (b) the estimated equivalent number of beds or comparable
12 diversion services contracted in accordance with subsection (5) of this
13 section.

14 (5) The department is encouraged to enter performance-based
15 contracts with regional support networks to provide some or all of the
16 regional support network's allocated long-term inpatient treatment
17 capacity in the community, rather than in the state hospital. The
18 performance contracts shall specify the number of patient days of care
19 available for use by the regional support network in the state
20 hospital.

21 (6) If a regional support network uses more state hospital patient
22 days of care than it has been allocated under subsection (3) or (4) of
23 this section, or than it has contracted to use under subsection (5) of
24 this section, whichever is less, it shall reimburse the department for
25 that care. The reimbursement rate per day shall be the hospital's
26 total annual budget for long-term inpatient care, divided by the total
27 patient days of care assumed in development of that budget.

28 (7) One-half of any reimbursements received pursuant to subsection
29 (6) of this section shall be used to support the cost of operating the
30 state hospital and, during the 2007-2009 fiscal biennium, implementing
31 new services that will enable a regional support network to reduce its
32 utilization of the state hospital. The department shall distribute the
33 remaining half of such reimbursements among regional support networks
34 that have used less than their allocated or contracted patient days of
35 care at that hospital, proportional to the number of patient days of
36 care not used.

1 NEW SECTION. **Sec. 1811.** If any provision of this act or its
2 application to any person or circumstance is held invalid, the
3 remainder of the act or the application of the provision to other
4 persons or circumstances is not affected.

5 NEW SECTION. **Sec. 1812.** This act is necessary for the immediate
6 preservation of the public peace, health, or safety, or support of the
7 state government and its existing public institutions, and takes effect
8 immediately.
