Additionally, the reduction reflects aligning receiving care maintenance across fiscal years and eliminating funding for a Family Preservation training contract (\$42,000). Savings are achieved through under expenditures for sexually aggressive youth funding. Additionally, funding is reduced for the following services: child care (3.6 percent effective April 2012); evaluations and treatment (15 percent effective April 2012); and adoption support recruitment (50 percent effective April 2012). The federal government has recently adopted the position that such services must be funded and available in all RSN areas in order for Medicaid to fund them anywhere. Because state funds are not presently available to provide the services statewide, Medicaid funding for them is discontinued effective July 1, 2012. Individual RSNs may continue to provide these services with state-only, local, or federal block grant funds to the extent those are available. (General Fund-State, General Fund-Federal)

- 363. EVIDENCE BASED PRACTICES Funding is provided for increasing the level of evidence-based or research-based prevention and treatment programs in the Department's mental health, juvenile justice, and child welfare programs in accordance with Engrossed Second Substitute House Bill 2536 (children/services delivery). (General Fund-State, General Fund-Federal)
- 367. STATE ONLY EMPLOYMENT Savings are achieved by converting clients currently receiving state-only employment and day services to Medicaid waiver slots where they will continue to receive the same services paid for with 50 percent federal matching funds. About 450 clients have become recipients of this state-only service. The majority of the clients are in this program either because Medicaid waiver slots are capped (although they are receiving State Plan Medicaid Personal Care -- which does not include employment and day services) or they have pending Medicaid applications that are not yet approved. Those clients will receive a Medicaid waiver slot beginning July 1, 2012.

The remaining clients who are in this service have not applied for Medicaid, withdrew their Medicaid application, failed to provide verification for Medicaid eligibility, or are over the allowable resource limit for Medicaid. Until January 30, 2013, these state-only employment clients will be offered an opportunity to apply for Medicaid and, if eligible, they will also receive a Medicaid waiver slot (after which time, the state-only funding for this program will discontinue).

INSTRUCTION AND SUPPORT Instruction and Support (IS) services are provided to about 4,000 individuals with developmental disabilities who receive Medicaid waiver care through either the CORE or Community Protection waivers. Beginning July 2012, an economy of scale methodology will be used to review the "like needs' of clients living in a Supported Living Home. This item increases fees so that less General Fund-State dollars will be used to pay for the licensing activities. In FY 2013, license fees will be \$250 per year per bed instead of \$175 per year per bed. Medicaid rates will be increased by \$0.59 per day to compensate the increase in fees to publicly funded beds. (General Fund-State, General Fund-Federal)

The safety net assessment fee established by the 2011 Legislature is increased to \$19.00 per nursing facility bed and the funds will be used to increase rate add-ons that hold nursing facilities at June 2010 payment levels or better. The direct care add-on to compensate facilities for taking more acute clients than they have in the past will not be reduced from the March 2012 rate and future adjustments to this rate add-on will be frozen at current levels. On average, nursing facilities will see approximately an 2.0 percent per day rate increase in overall rates to include all add-ons.
