2013-15 Omnibus Operating Budget Department of Commerce

Comments:

1. Growth Management Grants Increase - Funding is provided for financial assistance to local governments to update their comprehensive plans under the Growth Management Act (GMA) from the Public Works Assistance account during the 2013-15 biennium. The first group of counties and cities that must plan under the GMA must submit their comprehensive plans by June 30, 2015. Per RCW 36.70A.130, there are four groups of counties with different due dates. The due dates for the other three groups are June 30 in 2016, 2017, and 2018. (Public Works Assistance Account-State)

2. Re-Establish Foreign Sales Offices - Funding is increased for foreign sales office contracts to market Washington products abroad and attract inbound investment.

3. Expand Business Recruitment Efforts - Funding is increased to expand business recruitment by either targeting aerospace or other sector companies in states looking to expand or by developing a database of site selectors and directly marketing to them.

4. Eliminate Global Health Grant - General Fund-State funding that is passed-through for the Washington Global Health Alliance is eliminated. However, funding is provided through the Life Sciences Discovery Fund to continue this work. This funding supports Washington State's global health community as a nexus for research, education, training, commercialization, and delivery worldwide.

5. Eliminate Microenterprise Grant - Pass-through funding for the Washington State Microenterprise Association is eliminated. The association serves as the intermediary to assist microenterprises (businesses with five or fewer employees) in job creation by increasing training, technical assistance, and financial resources to the microenterprise development community.

6. Eliminate Community Mobilization Gr - Funding for Community Mobilization grants, used by counties to help prevent and reduce substance abuse and violence, is eliminated.

7. Eliminate Innovation Research Grant - The Strategically Targeted Academic Research team (STARS) program for researchers at the University of Washington, Washington State University, and an entrepreneur-in-residence located externally to a research university is eliminated.

8. Eliminate Economic Development Comm - Funding for the Washington Economic Development Commission (EDC) is eliminated. The EDC is an independent state commission responsible for evaluating the state's economic development systems and developing long-term comprehensive strategic planning.

9. Economic Development Working Group - One-time funding is provided in FY 2014 for the Department to convene a working group made up of former members of the Economic Development Commission. The working group will advise the director of the Department, Governor, and Legislature on economic development strategies, and recommend how to provide economic development initiatives in the future from within available departmental resources.

10. Expand Trade Sector Support - Trade sector support is expanded to increase exports from small and medium-sized firms who may have barriers to beginning or expanding their export opportunities.

11. Attorney General Legal Services - Agency budgets are adjusted to align with expected billing levels for agency legal services in the 2013-15 biennium. (General Fund-State, Other Funds)

12. CTS Central Services - Funding is provided for each agency's share of enterprise information technology security services provided by Consolidated Technology Services. This allocation is distributed based upon each agency's percentage share of actual statewide information technology full-time equivalent employees. (General Fund-State, Other Funds)

13. DES Central Services - Agency budgets are adjusted to align with expected billing levels for the Department of Enterprise Services in the 2013-15 biennium. (General Fund-State, Other Funds)

14. CERB Support - The Community Economic Revitalization Board anticipates an increase of available loans and grants for the 2013-15 biennium. Funding is increased to provide an additional FTE staff to help prioritize funding awards that provide low-cost financing for local public facilities designed to recruit, retain, and expand industrial businesses and jobs in Washington State. (Public Facilities Construction Loan Revolving-State)

2013-15 Omnibus Operating Budget Department of Commerce

15. Pacific Hospital - Funding is provided for the Department of Commerce (Commerce) to establish and operate a community health care, education, and innovation center at the Pacific Hospital in Seattle. Funds must be used for lease, maintenance, operations, and other related expenses for Seattle community colleges allied health programs and other uses identified by Commerce.

16. Sex Trade Victims - Funding is provided for implementation of Chapter 121, Laws of 2013 (ESHB 1291). The Department of Commerce will coordinate a statewide committee on sex trafficking. The committee will meet twice in the 2013-15 biennium, and provide a report and statewide plan to end sex trafficking in Washington. The report is due to the Legislature and Governor in December 2014 and the committee shall expire December 31, 2014. (Prostitution Prevention and Intervention Account-Nonappropriated)

17. Business/Government Streamlining - Funding is provided for implementation of Chapter 324, Laws of 2013 (HB 1818). The Department of Commerce (Commerce) is authorized, in collaboration with the Office of Regulatory Assistance and the Office of Accountability and Performance, to conduct one or more multi-jurisdictional regulatory streamlining projects each year through FY 2019. Commerce must establish and implement a competitive application process to select projects. Commerce must brief the economic development committees of the Legislature by January 15, 2014, on the initial pilot project, and must submit a report on outcomes of the projects to the economic development committees of the Legislature by January 15 of each year thereafter.

18. Tourism Contract - Funding is provided to the Department of Commerce to contract with the Washington Tourism Alliance for services to expand and promote the tourism industry in Washington. Expenditure of state moneys is contingent upon the contractor providing a dollar-for-dollar cash or in-kind match.

19. Innovation Contract - Funding is provided for the Department of Commerce to contract with the Innovate Washington Foundation for services that facilitate technology transfer and commercialization activities, and support business growth in technology sectors.

20. Maritime Trade and Tourism - Funding is provided for the Department of Commerce to develop a strategy around the state's maritime sector by working with industry representatives to understand workforce needs, parity considerations with Oregon and British Columbia, tax structures, and regulatory barriers. The Department will report its finding to the appropriate committees of the Legislature by December 1, 2014.

21. Washington Families Fund - Funding is provided for services to homeless families through the Washington Families Fund (WFF). (Housing Trust Account-State)

22. Financial Services - Funding is provided for the Department of Commerce to conduct an economic cluster analysis of the policies impacting the financial services sector in Washington. The Department shall examine regulatory, workforce, tax, and infrastructure issues. A report is due to the Legislature by December 1, 2013.

23. Emergency Assistance - Funding is provided for emergency assistance to homeless families in the Temporary Assistance for Needy Families program. This program will be coordinated through an interagency agreement between the Department of Social and Health Services and the Department of Commerce. (Home Security Fund-State)

24. Unanticipated Receipt - Funding is increased for the following unanticipated receipts: Protecting Inmates and Safeguarding Communities, Washington Homeless and Poverty Policy Alignment, State Trade and Export Promotion Grant, 2012 State Energy Program Competitive Grants, and Energy Efficiency Resource Standard. (General Fund-State, General Fund-Private Local)

25. HEN Underspending - Funding for the Housing and Essential Needs (HEN) program is reduced due to an anticipated under expenditure in the 2013-15 biennium. The HEN program provides non-cash housing and other assistance (personal hygiene items, cleaning supplies) to eligible individuals

26. Water and Environmental Center - Funding is provided to Walla Walla Community College for the William Grant Water and Environmental Center (Center). This funding replaces existing funding provided by the Department to the Center through .

27. Reduce Northwest Ag Center - Pass-through funding for the Northwest Agriculture Business Center in Whatcom County is reduced.

**2013-15 Omnibus Operating Budget
Department of Commerce**

28. New Step M for Classified-Yr 1 Impl - Funding is provided in agency budgets for classified employees who have been at their top step for at least six years to move to a new top step during FY 2014. A new top step was included as part of several 2011-13 collective bargaining agreements. (General Fund-State, Other Funds)

29. New Step M for Classified-Yr 2 Impl - A new top step is included in several 2013-15 collective bargaining agreements. Funding is provided for additional classified employees to move to the new top step during FY 2015. The increase would affect those who reach six years at the current top step during FY 2015 and were not yet eligible for the increase during FY 2014. (General Fund-State, Other Funds)

30. State Employee Health Insurance - Funding for state employee health insurance is reduced from \$800/month per employee to \$782/month in the first fiscal year and \$791/month in the second fiscal year. (General Fund-State, Other Funds)

Comments:

1. Charter Schools (Initiative 1240) - Voters approved Initiative 1240 in the 2012 General Election, which authorized up to 40 publicly-funded charter schools in Washington State over a period of five years. The initiative established a State Charter Schools Commission to be housed within the Office of the Governor. It creates additional workload requirements for the State Board of Education, Office of the Superintendent of Public Instruction, Public Employment Relations Commission, and Department of Retirement Systems. Funding is provided for an Executive Director and part-time Administrative Assistant to provide staff support for the Commission.

2. Washington Aerospace Partnership - Funding is provided for the Governor's Office of Aerospace. Funds will be used to conduct analysis and to develop and implement strategies to retain and grow aerospace-related jobs, including future commercial airplane assembly lines and components.

3. Director of Military Affairs - Funding is provided to create a Director of Military Affairs position to serve as the policy lead for military affairs for the Governor's Office and to coordinate with state agencies and local communities on military issues.

4. BRAC Grants - Funding is provided for competitive grants to local communities in FY 2015 to prepare for the 2015 Base Closure and Realignment Commission process.

5. Attorney General Legal Services - Agency budgets are adjusted to align with expected billing levels for agency legal services in the 2013-15 biennium. (General Fund-State, Other Funds)

**2013-15 Omnibus Operating Budget
Office of Financial Management**

6. CTS Central Services - Funding is provided for each agency's share of enterprise information technology security services provided by Consolidated Technology Services. This allocation is distributed based upon each agency's percentage share of actual statewide information technology full-time equivalent employees. (General Fund-State, Other Funds)

7. DES Central Services - Agency budgets are adjusted to align with expected billing levels for the Department of Enterprise Services in the 2013-15 biennium. (General Fund-State, Other Funds)

8. Transfer Geospatial Portal to DES - The existing Geospatial Portal that is managed and used by multiple agencies is transferred to the Department of Enterprise Services to be centrally managed and offered as a shared service. (Data Processing Revolving Account-Nonappropriated)

9. Aging Population Services - Funding is provided for member reimbursement, staff support, or other expenses associated with the work of the Joint Legislative Executive Committee on planning for Aging and Disability. The committee shall issue an interim report to the legislature by December 10, 2013 and issue final recommendations to the Governor and relevant standing committees of the Legislature by December 10, 2014.

10. Greenhouse Gas Emissions SB 5802 - Funding is provided for implementation of Chapter 6, Laws of 2013 (E2SSB 5802). The Office of Financial Management shall contract with an independent consultant, selected by the Climate Legislative and Executive Work Group established in E2SSB 5802, for an evaluation of approaches to reducing greenhouse gas emissions. The consultant's evaluation is due to the Governor by October 15, 2013. The Climate Legislative and Executive Work Group will recommend a state program of actions and policies to reduce greenhouse gas emissions. The work group must provide a report to the appropriate policy and fiscal committees of the Senate and House of Representatives by December 31, 2013.

11. OFM Eligibility Study - Funding is provided for a study of the state's medical and public assistance eligibility systems and infrastructure with the goal of simplifying procedures, improving customer service, and reducing state expenditures. A report on findings and recommendations shall be provided to the relevant policy and fiscal committees of the Legislature by January 1, 2014.

12. Audit & Financial Management - Funding for a portion of agency operations is shifted to the Performance Audits of Government Account from the General Fund-State. Funding will be utilized for audit functions and related financial management during the 2013-15 biennium. (General Fund-State, Performance Audits of Government Account-State)

13. New Step M for Classified-Yr 1 Impl - Funding is provided in agency budgets for classified employees who have been at their top step for at least six years to move to a new top step during FY 2014. A new top step was included as part of several 2011-13 collective bargaining agreements. (General Fund-State, Other Funds)

14. State Employee Health Insurance - Funding for state employee health insurance is reduced from \$800/month per employee to \$782/month in the first fiscal year and \$791/month in the second fiscal year. (General Fund-State, Other Funds)

Funding is provided for additional classified employees to move to the new top step during FY 2015. The increase would affect those who reach six years at the current top step during FY 2015 and were not yet eligible for the increase during FY 2014. (General Fund-State, Other Funds)

10. State Employee Health Insurance - Funding for state employee health insurance is reduced from \$800/month per employee to \$782/month in the first fiscal year and \$791/month in the second fiscal year. (General Fund-State, Other Funds)

11. Public Counsel - Expenditure authority is transferred from the Utilities and Transportation Commission (UTC) to the Office of the Attorney General for Public Counsel work directly related to cases filed before the UTC. Transferred funding authority is set at the previous biennium's carryforward level. (Public Service Revolving Account-State)

Comments:

1. HealthPath Washington - HealthPath Washington is a demonstration project that allows the Health Care Authority and the Department of Social and Health Services to establish a care management program for high-cost and high-risk Medicare and Medicaid enrollees. Coordination of services across Medicare and Medicaid is expected to result in savings in the Health Care Authority. The demonstration project is scheduled to begin April 1, 2013, and will continue until December 31, 2016. (General Fund-State, General Fund-Federal)

2. Restore Hospital Safety Net - The Hospital Safety Net Assessment (HSNA) program is set to expire on July 1, 2013. This program generates additional state and federal funding to support payments to hospitals for Medicaid services. Pursuant to Engrossed Substitute House Bill 2016 (hospital safety net assessment) the HSNA program will continue in the 2013-15 biennium. Instead of increased inpatient and outpatient payment rates, hospital assessment funds will be used to provide supplemental payments and increased managed care premiums for hospital services. (General Fund-State, General Fund-Federal, Hospital Safety Net Assessment Account-State)

3. Federal Medicaid Expansion - The state will exercise its option under the federal Affordable Care Act to expand Medicaid eligibility to individuals between the ages of 19 and 64 with incomes at or below 138 percent of the federal poverty level (FPL) who are not otherwise categorically eligible for Medicaid. During the first three years of the expansion, the federal government will provide a 100 percent match for the newly eligible group's medical costs. The federal match will decrease gradually until 2020, when the federal government will continue to pay 90 percent for the newly eligible group. In the transition to the expansion, the Health Care Authority will phase out various programs described below. In most cases, clients in these programs with incomes below 138 percent of the FPL will enroll under the Medicaid expansion with a 100 percent federal match. Clients with incomes above 138 percent of the FPL will be able to purchase subsidized coverage through the Washington Health Benefit Exchange (Exchange). The Presumptive Supplemental Security Income program will be eliminated. This program provides Medicaid coverage for approximately 20,000 clients with long-term medical conditions that make them likely to meet federal disability criteria, but their federal disability determinations are pending. The federal government provides a 50 percent match for this program. Washington will receive an enhanced 75 percent federal match for currently enrolled clients because Washington is an "expansion state" under the Affordable Care Act. The Medical Care Services program provides medical benefits for approximately 9,000 persons who are physically or mentally disabled and cannot work for 90 days from the date of application. The Alcoholism and Drug Addiction Treatment and Support Act (ADATSA) provides coverage to approximately 4,400 individuals participating in drug or alcohol treatment. The Breast and Cervical Cancer Treatment (BCCT) program covers treatment for approximately 1,000 women diagnosed with breast or cervical cancer with incomes under 300 percent of the FPL. Clients with incomes over 138 percent of the FPL that are already enrolled in the BCCT program as of January 1, 2014, will retain state-only coverage throughout the course of their treatments. Enrollment in the Take Charge Family Planning program is expected to decrease as a result of the Medicaid expansion. Take Charge provides family planning services for approximately 43,000 clients with incomes under 250 percent of the FPL. Under the Medicaid expansion, clients with incomes under 138 percent of the FPL can receive these services by enrolling in Medicaid, and those with incomes between 138 and 250 percent of the FPL can receive these services through subsidized coverage in the Exchange. The state-subsidized Basic Health Plan (BHP) will be eliminated upon implementation of the Medicaid expansion. The BHP provides subsidized health care coverage through private health plans to Washington residents with incomes below 200 percent of the FPL. If coverage through the BHP continued, it would cover an average of 25,500 individuals in the 2013-15 biennium. The unsubsidized Washington Health Program, which provides benefits similar to the BHP without state subsidies, will also be eliminated. The federal Health Coverage Tax Credit (HCTC) program, which is a federal tax credit that pays 72.5 percent of the health plan premium for eligible people enrolled in qualified health plans, will be eliminated. In Washington, the BHP is a "qualified health plan" designated to offer HCTC coverage. Federally subsidized health plans offered through the Exchange will replace the Washington Health and HCTC programs. (General Fund-State, General Fund-Federal, Basic Health Plan Trust Account-Nonappropriated, Basic Health Plan Subscription Account-Nonappropriated)

2013-15 Omnibus Operating Budget WA State Health Care Authority

4. Language Access Provider Agreement - Pursuant to the 2013-15 collective bargaining agreement for language access providers, funding is provided for a change to no-show payment rules and rate increases of 50 cents per hour on July 1, 2013, and 50 cents per hour on July 1, 2014. (General Fund-State, General Fund-Federal)

5. Prescription Monitoring Program - The Prescription Monitoring Program (PMP) helps practitioners identify and prevent abuse, misuse, duplication and forgery of prescriptions, as well as dangerous drug interactions. Federal grant funding was used to develop the program within the Department of Health (DOH). These federal grants are not ongoing and will be fully depleted by June 2013. Funding is provided to the DOH for the continuation of the PMP and local appropriation authority is provided to the Health Care Authority to claim eligible federal funding. (General Fund-Private/Local).

6. Attorney General Legal Services - Agency budgets are adjusted to align with expected billing levels for agency legal services in the 2013-15 biennium. (General Fund - State, Other Funds)

7. Administrative Hearings - Agency budgets are adjusted to align with expected billing levels for the Office of Administrative Hearings in the 2013-15 biennium. (General Fund - State, Other Funds)

8. CTS Central Services - Funding is provided for each agency's share of enterprise information technology security services provided by Consolidated Technology Services. This allocation is distributed based upon each agency's percentage share of actual statewide information technology full-time equivalent employees. (General Fund - State, Other Funds)

9. DES Central Services - Agency budgets are adjusted to align with expected billing levels for the Department of Enterprise Services in the 2013-15 biennium. (General Fund - State, Other Funds)

10. Health Benefit Exchange Operations - Funding is provided to support the operations of the Washington Health Benefit Exchange pursuant to Engrossed Substitute House Bill 1947 (Washington health benefit exchange). (Health Benefit Exchange Account-State)

11. Medicaid Eligibility Determination - Staff and funding are provided to implement new eligibility requirements, including the modified adjusted gross income standard, under the federal Affordable Care Act. (General Fund-State, General Fund-Federal)

12. Health Information Technology - Funding is provided to issue federally-funded incentive payments, manage the provider incentive program, and plan and launch other initiatives related to the State Health Information Technology Medicaid Plan in the 2013-2015 biennium. Funding continues for the current Electronic Health Record Incentive Program. (General Fund-State, General Fund-Federal)

13. Health Information Exchange Grant - Funding is provided to complete grant requirements for the Health Information Exchange, which was implemented using funds awarded through the American Recovery and Reinvestment Act Health Information Technology for Economic and Clinical Health Act of 2009. (General Fund-State, General Fund-Federal)

14. HBE Cost Allocation - Funding is provided to the Health Care Authority for the Medicaid and Children's Health Insurance Program (CHIP) share of costs allocated from the Washington Health Benefits Exchange. (General Fund-State, General Fund-Federal)

15. Inpatient and Outpatient Rebase - Funding is provided for an expert contractor to rebase outpatient and inpatient payment methods. Rebasing will change payment methods and ensure compliance with upcoming International Classification of Diseases technology requirements. (Medicaid Fraud Penalty Account-State, General Fund-Federal)

16. International Class. of Diseases - Funding is provided to implement the federally-mandated conversion to the tenth version of the World Health Organization's International Classification of Diseases (ICD-10). ICD-10 is a method of coding a patient's state of health and institutional procedures for efficient handling in data systems. This version will provide greater granularity in the definition of disease severity and associated health risk. (Medicaid Fraud Penalty Account-State, General Fund-Federal)

17. Medicaid IT Architecture Assessment - Funding is provided to update the federally-mandated Medicaid Information Technology Architecture (MITA) State Self-Assessment and to develop and implement the five-year road map for the MITA architect. The HCA will have ongoing responsibility to oversee implementation of the roadmap, maintain business process models, and prepare annual updates as required by the federal Centers for Medicare and Medicaid Services. (General Fund-State, General Fund-Federal)

**2013-15 Omnibus Operating Budget
WA State Health Care Authority**

18. Autism Services - Funding is provided to add Applied Behavioral Analysis therapy as a covered mental health service for children 20 years of age and younger who are members of the Apple Health for Kids program. These services are provided in response to the negotiated settlement agreement from legal action taken against the Health Care Authority in W.A.A.A. vs. Porter. The services are intended to ameliorate the core symptoms of conditions classified as autism spectrum disorders, improve functioning in communication, and enhance behavior and social skills. This item includes interpreter services and transportation costs associated with delivering these services. (General Fund-State, General Fund-Federal)

19. ProviderOne Phase 2 Project - Funding is provided to complete phase two of the ProviderOne project and to support ongoing operations and maintenance costs once the project has been completed. Phase two consolidates Medicaid expenditures to include approximately \$2 billion in Medicaid payments for home and community-based services. (General Fund-State, General Fund-Federal)

20. Bree Collaborative - The Robert Bree Collaborative is a consortium of public and private health care purchasers, health carriers, and providers working together to identify concerns with quality and variation in health care and recommend evidence-based strategies for improvement. Funding is provided for the Health Care Authority and the Collaborative to subcontract for dissemination of evidence-based best practices for preventing and treating health problems. (General Fund-State, General Fund-Federal)

21. Improving Service Delivery - Staff and funding are provided to implement Engrossed Substitute House Bill 1519 (health care coordination) and Second Substitute Senate Bill 5732 (behavioral health services). These bills require the use of evidence-based practices and the creation of performance measures for service coordination organizations. (General Fund-State, General Fund-Federal)

22. Managed Care Rates - The current Medicaid managed care contract rates are expiring in December 2013 and will be renegotiated by the state. The Health Care Authority will reduce capitation rates for the Healthy Options Blind and Disabled population by half of the difference between the current average rate and the weighted average of the four least expensive plans. (General Fund-State, General Fund-Federal)

23. Newborn Screening - The Department of Health will add a screening for Severe Combined Immunodeficiency Disease (SCID) to the state newborn screening program. Fees paid by the facilities of birth to fund these screenings will increase from \$60.90 to \$69 per child. The additional fees will be included in rebased inpatient hospital rates effective January 2014. (General Fund-State, General Fund-Federal)

24. Nurse Practitioners - Funding is provided to increase reimbursement rates for primary care services provided by independent nurse practitioners to Medicare levels from July 1, 2013, to December 31, 2014. (General Fund-State, General Fund-Federal)

25. Professional Services Supp. Payment - Funding is provided to expand the current Professional Services Supplemental Payment (PSSP) program to include services provided to managed care enrollees. The PSSP program provides supplemental payments for professional services delivered by providers that are employed or affiliated with the University of Washington or employed by a public hospital that has elected to participate. Payments to participating providers are processed through an intergovernmental transfer program in which the providers are invoiced for the state share of the payments and the Health Care Authority returns the state share with federal matching funds to the providers. (General Fund-Private/Local, General Fund-Federal)

26. Rural Health Clinics - Staff and funding are provided to support Medicaid services provided by Rural Health Clinics (RHC). The Health Care Authority (HCA) will use the funds to proportionally reduce the amounts that RHCs owe under the calendar year 2009 recoupment. The HCA will also implement a new administratively streamlined payment method for managed care payments to Federally Qualified Health Centers and RHCs. (General Fund-State, General Fund-Federal)

27. Foster Care and Adoption - Approximately 87 percent of foster children and adopted children receive medical care through the Health Care Authority on a fee-for-service basis. Starting January 1, 2014, the Health Care Authority will achieve savings by transitioning foster children and adoptive children to coverage provided by managed care organizations. (General Fund-State, General Fund-Federal)

28. Adult Dental - Funding is provided to restore dental services for currently eligible and newly eligible Medicaid adults. (General Fund-State, General Fund-Federal)

**2013-15 Omnibus Operating Budget
WA State Health Care Authority**

29. 12 Month Dispensing - Savings and efficiencies are achieved by modifying the dispensing methods of contraceptive drugs. The Health Care Authority will make arrangements for all Medicaid programs offered through managed care plans or on a fee-for-service basis to require dispensing of contraceptive drugs with up to a one-year supply provided at one time. Contracts with managed care plans will allow on-site dispensing of the prescribed contraceptive drugs at family planning clinics. Dispensing practices will follow clinical guidelines for appropriate prescribing and dispensing to ensure the health of the patient while maximizing access to effective contraceptive drugs. (General Fund-State, General Fund-Federal)

30. Medicaid Benefit Alignment - Funding is provided to increase benefits for current medical assistance enrollees to partially match the additional benefits that will be provided under the Alternative Benefit Plan for newly eligible clients under the Medicaid expansion. The Health Care Authority will remove the mental health visit limit and provide coverage for the shingles vaccine and screening, brief intervention, and referral to treatment services. (General Fund-State, General Fund-Federal)

31. Medicaid Fraud Penalty - Funding is provided on a one-time basis from the Medicaid Fraud Penalty Account for Medicaid services. (General Fund-State, Medicaid Fraud Penalty Account-State)

32. Apple Health Hotline - Funds are provided to enhance and continue operation by a nonprofit organization of a toll-free phone line that helps families learn about and enroll in Apple Health for Kids, which provides publicly-funded medical and dental care for children in families with incomes below 300 percent of the federal poverty level. (General Fund-State, General Fund-Federal)

33. Sole Community Hospitals - Funding is provided for disproportionate share hospital payments to support Medicaid services provided by private hospitals that are federally designated as "sole community hospitals" (SCH). The Health Care Authority will also provide grants to public SCHs in Clallam County. (General Fund-State, General Fund-Federal)

34. Child Premiums - The requirement that children in families with incomes above 200 percent of the federal poverty level (FPL) that are not eligible for the federal Children's Health Insurance Program must pay monthly premiums equal to the average state share of the cost of coverage is eliminated. These children will pay the standard Apple Health for Kids premiums. Children between 200 and 250 percent of the FPL will pay \$20, and children between 250 and 300 percent of the FPL will pay \$30. (General Fund-State, General Fund-Private/Local)

35. School Nurses - Funding is provided to the Health Care Authority and the Office of the Superintendent of Public Instruction to develop recommendations for funding integrated school nursing and outreach services. (General Fund-State, General Fund-Federal)

36. Diabetes Prevention - Staff and funding are provided for the Health Care Authority, the Department of Social and Health Services, and the Department of Health to collaborate to identify goals, benchmarks, and plans for preventing and controlling diabetes. (General Fund-State, State Health Care Authority Administrative Account-State, General Fund-Federal)

37. New Step M for Classified-Yr 1 Impl - Funding is provided in agency budgets for classified employees who have been at their top step for at least six years to move to a new top step during FY 2014. A new top step was included as part of several 2011-13 collective bargaining agreements. (General Fund - State, Other Funds)

38. New Step M for Classified-Yr 2 Impl - A new top step is included in several 2013-15 collective bargaining agreements. Funding is provided for additional classified employees to move to the new top step during FY 2015. The increase would affect those who reach six years at the current top step during FY 2015 and were not yet eligible for the increase during FY 2014. (General Fund - State, Other Funds)

39. State Employee Health Insurance - Funding for state employee health insurance is reduced from \$800/month per employee to \$782/month in the first fiscal year and \$791/month in the second fiscal year. (General Fund - State, Other Funds)

8. DES Central Services - Agency budgets are adjusted to align with expected billing levels for the Department of Enterprise Services in the 2013-15 biennium. (General Fund-State, Other Funds)

9. Electronic Benefit Payments - Expenditure authority is provided for L&I to implement direct deposit and prepaid debit cards as benefit payment methods for injured workers and crime victims. Agency staff estimate that 34,300 injured workers will utilize these payment options by FY 2018. Funding will provide information technology (IT) project staff to reconfigure internal agency systems, build and test a customer interface, and for outreach to clients and agency staff. Legislative changes are required to allow benefit payment methods other than checks. (Accident Account-State, Medical Aid Account-State)

10. Elevator Program Staff - The state elevator program is a fee-for-service program in which building owners pay fees for the safety inspections and reviews of conveyances. Expenditure authority and 6.0 FTEs are provided to help ensure that statutorily required annual inspections and other reviews are completed on schedule. The L&I is authorized to increase elevator program fees by up to 13.1 percent to fund the additional staff. (General Fund-State)

11. Knowledge Management - Expenditure authority is provided for a knowledge management system that will replace the current online reference system used by claims managers and the third party administrators who manage claims for self-insured employers. The purpose of the new system is to provide expedited electronic access to policies and procedures, guidelines, medical management, technical reference material, and other information used to make claims decisions. Funding will be used to purchase a commercial off-the-shelf system and for IT staff to manage the project and provide ongoing support. (Accident Account-State, Medical Aid Account-State)

12. Medical Management Best Practices - Expenditure authority is provided for 11.0 Occupational Nurse Consultants (ONCs) and one Occupational Medicine Physician. The addition of clinical staff will bring the ratio of ONCs to claim managers from 1:23 to 1:10, and is intended to provide medical expertise and intervention to help claimants return to work. (Accident Account-State, Medical Aid Account-State)

13. Federal Medicaid Expansion - The Crime Victims Compensation (CVC) Program provides medical and other benefits to eligible crime victims who are not covered by other forms of insurance. A portion of current and future CVC claimants will become eligible for expanded Medicaid and subsidized insurance through the Health Benefit Exchange (HBE) beginning in January 2014. Funding is reduced to reflect the anticipated decrease in claims for CVC medical benefits. (General Fund-State)

14. Transportation improvement projects - Expenditure authority is provided for L&I to implement the provisions of Substitute House Bill 1420 (transportation improvement projects), which exempts public improvement contracts that are funded in whole or in part by federal transportation funds from the contract retainage requirement. Comments:

1. Federal Medicaid Expansion - Under the federal Affordable Care Act, individuals and families with incomes up to 405 percent of the federal poverty level will be eligible for coverage under the Medicaid expansion or for subsidized private coverage through the Washington Health Benefit Exchange. Funding for HIV Client Services and the Breast, Cervical, and Colon Health Program (BCCHP) are reduced to reflect the anticipated shift of clients to Medicaid or subsidized coverage in the Exchange when those options become available. HIV Client Services provides assistance to eligible HIV-positive clients, and the BCCHP provides breast, cervical, and colon cancer screenings and other supportive and preventive health services to low-income clients. (General Fund-State, General Fund-Federal, General Fund-Private/Local)

2. Attorney General Legal Services - Agency budgets are adjusted to align with expected billing levels for agency legal services in the 2013-15 biennium. (General Fund-State, Other Funds)

This allocation is distributed based upon each agency's percentage share of actual statewide information technology full-time equivalent employees. (General Fund-State, Other Funds)

4. DES Central Services - Agency budgets are adjusted to align with expected billing levels for the Department of Enterprise Services in the 2013-15 biennium. (General Fund-State, Other Funds)

5. Health professions licensees - Expenditure authority is provided for the DOH to implement the provisions of House Bill 1003 (health professions licensees). The DOH will respond to complaints regarding licensed healthcare providers disqualified by the Department of Social & Health Services (DSHS) from having unsupervised access to vulnerable adults. (Health Professions Account-State)

6. Board of denturists - Expenditure authority is provided for the DOH to implement Substitute House Bill 1270 (board of denturists). The DOH will adopt rules to change licensing and disciplinary authorities from the DOH Secretary to the Board of Denturists. (Health Professions Account-State)

7. Denturism - Expenditure authority is provided for the DOH to implement Substitute House Bill 1271 (denturism). The DOH will adopt rules to expand the types of services a licensed dentist may provide. (Health Professions Account-State)

8. Dental hygienists and assistants - Expenditure authority is provided to implement House Bill 1330 (dental hygienists, assistants), which allows licensed dental hygienists or dental assistants to provide certain services under the supervision of a dentist. (Health Professions Account-State)

9. Nurses surcharge - Expenditure authority is provided for the DOH to implement the provisions of Substitute House Bill 1343 (nurses surcharge). The June 30, 2013, expiration date for a \$5 surcharge paid by registered nurses and licensed practical nurses on license applications and renewals is removed. Surcharge revenue is used to support a central nursing resource center. (Nursing Resource Center Account- Non-appropriated)

10. Suicide assessment training - Expenditure authority is provided for the DOH to implement the provisions of Substitute House Bill 1376 (suicide assessment training). The DOH will adopt rules to change requirements regarding mandatory training of licensed healthcare professionals in suicide assessment, treatment, and management. (Health Professions Account-State)

11. Medical assistants - Expenditure authority is provided for the DOH to implement the provisions of Engrossed Substitute House Bill 1515 (medical assistants). The DOH will update rules regarding certified and registered medical assistants. (Health Professions Account-State)

2013-15 Omnibus Operating Budget Department of Health

12. Disciplining authorities - Expenditure authority is provided for the DOH to implement the provisions of Second Substitute House Bill 1518 (disciplining authorities). The expiration date on pilot projects granting independent authority to the Nursing Care Quality Assurance Commission and Medical Care Quality Assurance Commission over matters such as staffing and budgeting is removed. A five-year pilot project granting independent authority to the Chiropractic Quality Assurance Commission is established. (Health Professions Account-State)

13. Impaired dentist program - Expenditure authority is provided for the DOH to implement the provisions of House Bill 1534 (impaired dentist program). The DOH is authorized to increase the maximum surcharge on licensed dentists used to fund the impaired dentist program from \$25 to \$50. The impaired dentist program serves licensed dentists who voluntarily seek or agree to substance abuse treatment. (Health Professions Account-State)

14. Board of pharmacy - Expenditure authority is provided for the DOH to implement House Bill 1609 (board of pharmacy). The DOH will update rules to change the name of the Board to the Pharmacy Quality Assurance Commission, and will provide for the travel and member pay of eight additional commission members. (Health Professions Account-State)

15. Home care continuing education - Expenditure authority is provided for the DOH to implement Substitute House Bill 1629 (home care continuing education). The DOH will adopt rules regarding continuing education and credentialing requirements for long-term care workers. (Health Professions Account-State)

16. Physician assistants - Expenditure authority is provided for the DOH to implement the provisions of Substitute House Bill 1737 (physician assistants). The Medical Quality Assurance Commission and Board of Osteopathic Medicine and Surgery will adopt rules to modernize the regulation of physician assistants and will report to the Legislature by December 31, 2014. (Health Professions Account-State)

17. Clinical affiliation agreements - Funding is provided for a work group convened by DOH to study and recommend language to standardize clinical affiliation agreements for licensed physicians, licensed osteopathic physicians and surgeons, and licensed nurses. The work group will report its findings to the Governor and appropriate committees of the legislature by November 15, 2014. (General Fund-State)

18. Emergency Medicine Best Practices - Funding is provided for DOH to integrate Prescription Monitoring Program (PMP) data with the coordinated care electronic tracking program. The integration will provide data from the PMP to emergency department personnel when a patient registers in the emergency department. The DOH shall request that insurers and third-party health care coverage administrators provide information to the coordinate care electronic tracking program. (Medicaid Fraud Penalty Account-State)

19. Technical Corrections - Funding is adjusted to reflect appropriated levels. (General Fund-State)

20. Online Licensing - Funding is provided beginning in FY 2015 for DOH to implement online access and credit card payment functionality for new license applications for all health care professions, as well as new license applications and renewals for at least five regulated facility types. (General Fund-State, General Fund-Private/Local, Health Professions Account-State, Medical Test Site Licensure Account-State)

21. MD Licensure Requirements - The Medical Quality Assurance Commission (MQAC) will update the training standards for licensed allopathic physicians in Washington state. One-time expenditure authority is provided to cover the costs of rulemaking to update these licensure requirements. (Health Professions Account-State)

22. MQAC Communication Plan - Expenditure authority is provided for the MQAC to continue a quarterly newsletter, direct mailings, and educational events for stakeholders. (Health Professions Account-State)

23. Newborn Screening - The DOH will add a screening for Severe Combined Immunodeficiency Disease (SCID) to the state newborn screening program. Fees paid by the facility of birth to fund these screenings will increase from \$60.90 to \$69 per child. (Health Professions Account-State)

2013-15 Omnibus Operating Budget Department of Health

24. Prescription Monitoring Program - The Prescription Monitoring Program (PMP) helps practitioners and dispensers identify and prevent abuse, misuse, duplication and forgery of prescriptions, as well as prevent harmful drug interactions. Federal grant funding was used to develop the PMP, but is not available for ongoing operations and maintenance. House Bill 1565 (prescription monitoring program) authorizes the use of the Medicaid Fraud Penalty Account for the operations and maintenance of the PMP. The DOH will continue to seek outside grant funding to support PMP enhancements. (Medicaid Fraud Penalty Account-State)

25. HIV Drug Rebates - The DOH receives drug rebate revenue from pharmaceutical companies on medications purchased through the HIV Client Services program for eligible clients. The DOH anticipates deferring enough rebate revenue to the 2013-15 biennium to cover a one-time fund shift from the state general fund. The rebate revenue will help cover the cost of insurance premiums and HIV drug assistance for clients. (General Fund-State, General Fund-Private/Local)

26. Public Health Block Grant - The state provides non-categorical financial support to Local Health Jurisdictions (LHJs) through the Local Capacity Development Fund, the Motor Vehicle Excise Tax (MVET) replacement funds, and the Blue Ribbon Commission funds. The MVET is paid from the Treasurer's Office directly to LHJs through a directed formula. The other two sources are paid by the DOH to LHJs. DOH charges an indirect rate to manage these funds and for technical support and services. These three disparate funding streams are collapsed into a single block grant dispersed through the Treasurer's Office per the current MVET formula. Savings are achieved by eliminating the DOH indirect charge on pass-through funds, and by eliminating DOH support activities beginning in FY 2015. The LHJs will be required to report spending information by category and outcome-oriented performance measures to the Legislature each November.

27. Midwives - Additional funding is provided solely to subsidize fee revenue in the midwifery licensure and regulatory program. In 2013-15, midwifery licensing fees may increase by no more than the rate of inflation as measured by the consumer price index. (General Fund-State)

28. WA Autism Alliance - One-time funding is provided for the Washington Autism Alliance to help autistic individuals and families with autistic children navigate and enroll in health insurance coverage during implementation of the ACA. (General Fund-State)

29. Public Health Laboratories - A portion of state general fund support for Public Health Laboratories is shifted to the Medical Test Site Licensure Account on a one-time basis. (General Fund-State, Medical Test Site Licensure Account-State)

30. Birth Certificates - Expenditure authority is provided for the DOH to implement the provisions of Substitute House Bill 1525 (birth certificates and information). The DOH is authorized to charge a fee of up to \$20 to produce the noncertified copy of an original birth certificate at the request of an adult adoptee. (General Fund-Private/Local)

31. Diarrhetic Shellfish Poisoning - Expenditure authority is provided for DOH to begin testing and analyzing diarrhetic shellfish poisoning samples at the Washington State Public Health Laboratory. (Biotoxin Account-State)

32. Diabetes Prevention - Staff and funding are provided for the Health Care Authority, the Department of Social and Health Services, and DOH to collaborate to identify goals, benchmarks, and plans for preventing and controlling diabetes. (General Fund-State)

33. New Step M for Classified-Yr 1 Impl - Funding is provided in agency budgets for classified employees who have been at their top step for at least six years to move to a new top step during FY 2014. A new top step was included as part of several 2011-13 collective bargaining agreements. (General Fund-State, Other Funds)

34. New Step M for Classified-Yr 2 Impl - A new top step is included in several 2013-15 collective bargaining agreements. Funding is provided for additional classified employees to move to the new top step during FY 2015. The increase would affect those who reach six years at the current top step during FY 2015 and were not yet eligible for the increase during FY 2014. (General Fund-State, Other Funds)

35. State Employee Health Insurance - Funding for state employee health insurance is reduced from \$800/month per employee to \$782/month in the first fiscal year and \$791/month in the second fiscal year. (General Fund-State, Other Funds)

2013-15 Omnibus Operating Budget
Department of Health

36. Public Health Funding Transfer - Local Capacity Development Funds and Blue Ribbon Commission funds for LHJs are collapsed into a single block grant with MVET funds to be dispersed through the Treasurer's Office. The block grant distribution is equivalent to current levels of public health funding provided to LHJs. The LHJs are required to report spending information by category and outcome-oriented performance measures to the Legislature each November. (General Fund-State)

Comments:

1. Attorney General Legal Services - Agency budgets are adjusted to align with expected billing levels for agency legal services in the 2013-15 biennium. (General Fund-State, Other Funds)

2. CTS Central Services - Funding is provided for each agency's share of enterprise information technology security services provided by Consolidated Technology Services. This allocation is distributed based upon each agency's percentage share of actual statewide information technology full-time equivalent employees. (General Fund-State, Other Funds)

3. DES Central Services - Agency budgets are adjusted to align with expected billing levels for the Department of Enterprise Services in the 2013-15 biennium. (General Fund-State, Other Funds)

4. Veterans Innovation Program - Funding is provided for crisis and emergency relief, education, training, and employment assistance to veterans and their families in their communities through the Veterans Innovation Program during the 2013-15 Biennium. (General Fund-State)

5. Lottery Games - Funding is adjusted to implement House Bill 1982 (lottery games), which eliminates the veteran lottery raffle, a lottery game that generates insufficient net revenue. (Veterans Innovation Account)

6. Walla Walla State Veterans Home - Federal and local expenditure authority is provided for the first year of operation of the Walla Walla State Veterans Home. The Department of Veterans Affairs expects to break ground in May 2013 and open the facility in July 2014. (General Fund-Federal, General Fund-Private/Local)

Comments:

1. Move OMNI off Mainframe - The Offender Management Network Information (OMNI) system is currently running on an expensive mainframe architecture with limited disaster recovery capabilities. Funding is provided for DOC to use a phased strategy to move OMNI off of the mainframe into DOC's virtual server environment and build out an enterprise-class disaster recovery capability. Savings are net of investments in equipment and licenses.

2013-15 Omnibus Operating Budget Department of Corrections

- 2. Federal Medicaid Expansion** - Implementation of the Affordable Care Act (ACA) expands Medicaid eligibility for individuals between the ages of 19 and 64 with income at or below 138 percent of the Federal Poverty Level. Savings will be realized by expanding the number of offenders who are eligible for hospital in-patient Medicaid reimbursement. The federal funds which are generated to offset these costs are reflected in the Health Care Authority budget. (General Fund-State, General Fund-Federal)
- 3. Attorney General Legal Services** - Agency budgets are adjusted to align with expected billing levels for agency legal services in the 2013-15 biennium. (General Fund-State, Other Funds)
- 4. CTS Central Services** - Funding is provided for each agency's share of enterprise information technology security services provided by Consolidated Technology Services. This allocation is distributed based upon each agency's percentage share of actual statewide information technology full-time equivalent employees. (General Fund-State, Other Funds)
- 5. DES Central Services** - Agency budgets are adjusted to align with expected billing levels for the Department of Enterprise Services in the 2013-15 biennium. (General Fund-State, Other Funds)
- 6. New Hepatitis C Protocol** - Funding is provided to implement a new treatment protocol for offenders screened as suitable candidates with Hepatitis C genotype 1.
- 7. Assault Near Court Proceedings** - Funding is provided for three additional prison beds to accommodate anticipated increases in the adult daily population (ADP). Pursuant to Chapter 256, Laws of 2013 (ESB 5484), a person is guilty of assault in the third degree when that person assaults another individual in any area of a building that is used in connection with court proceedings. Assault in the third degree is a Class C felony offense ranked at Seriousness Level III on the adult felony sentencing grid. An offender convicted of assault in the third degree may receive a prison sentence of between 51-68 months.
- 8. Radio Infrastructure Upgrades** - Funding is provided for certificate of participation debt service payments to replace critical radio systems essential to staff safety at Larch Corrections Center, Cedar Creek Corrections Center, Clallam Bay Corrections Center, Stafford Creek Corrections Center, and Airway Heights Corrections Center. Debt service payments are scheduled for 10 years.
- 9. Scherf Litigation Costs** - One-time funding is provided for the costs of the Byron Scherf trial in FY 2014. Scherf is the offender accused in the January 29, 2011, murder of Monroe Correctional Complex Correctional Officer Jayme Biendl.
- 10. Maple Lane Ongoing Costs** - Savings are assumed from no longer maintaining the Maple Lane School facility.
- 11. Prison Rape Elimination Act (PREA)** - New standards are implemented to comply with the federal Prison Rape Elimination Act (PREA). Released in June 2012, these standards require DOC to have one-third of its facilities audited by an outside source by August 2013. Funding is provided to comply with the PREA requirements.
- 12. Special Needs Population** - Funding for six psychiatric associates is provided to deliver additional support for offenders with developmental disabilities or traumatic brain injuries. The DOC will create special housing units to provide offenders with special needs specialized programming and treatment at the Monroe Correctional Complex and Washington State Penitentiary as recommended by the Vera Institute of Justice. Funding is also provided for an additional four custody staff and a mental health counselor to convert 18 mental health administrative segregation beds to Intensive Treatment Unit (ITU) beds at the Monroe Correctional Complex.
- 13. Improving Safety** - Funding is provided to increase correctional officer staffing levels in medium security housing units on the day shift, consistent with staffing model changes recommended by the Statewide Security Advisory Committee.
- 14. Residential DOSA** - Net savings are assumed from contracting for an additional 75 residential Drug Offender Sentencing Alternative (DOSA) beds, bringing the contracted residential beds for the program to 220. This program is provided as a community alternative by the courts for otherwise prison-bound offenders who are in need of chemical dependency treatment and supervision. In FY 2013 the program was funded for 145 beds, but the number of offenders sentenced to this option by the courts has increased. This expansion will reduce the forecasted average daily population for prison beds by 197 in FY 2014 and by 272 in FY 2015, thereby reducing the need for the DOC to open the second new Washington State Penitentiary (WSP) unit until beyond FY 2015.

**2013-15 Omnibus Operating Budget
Department of Corrections**

15. Drug Treatment Fund Shift - Excess funds from the Ignition Interlock Device Revolving Account and the County Criminal Justice Assistance Account will be used one-time to support drug treatment provided through the Drug Offender Sentencing Alternative (DOSA) residential program for offenders on community supervision. In 2012, there were 4,975 offenders who were admitted to this 95-day evidence-based residential program. Use of these excess funds does not impact or alter amounts distributed to the counties by the State Treasurer or Washington State Patrol appropriated levels in the County Criminal Justice Assistance account. (County Criminal Justice Assistance Account-State, Ignition Interlock Device Revolving Account-State)

16. Centralized Pharmacy - Funding is reduced to reflect savings from consolidation of the Department's five pharmacies down to two pharmacies. One-time funding of \$600,000 in the capital budget for tenant improvements to leased space is related to this reduction.

17. Program Delivery Positions - Position authority is provided for offender program delivery in DOC institutions. The DOC has shifted some offender programming from contract funding to staff delivering the services. No new funding is provided.

18. Program Savings - One-time savings is achieved by aligning funding levels for offender programming to more closely reflect expected 2013-15 biennial spending levels. The 2012 Supplemental Appropriations Act required the Department of Corrections (DOC) to implement an evidence-based Risk Needs Responsivity (RNR) model. In conjunction with this effort, the DOC is revamping the way programming is provided to offenders in prisons and in community supervision. This includes phasing-out several programs and replacing them with programs considered to be more effective and that follow the RNR model. The RNR model requires programming interventions to be dynamic and directly linked to criminal behavior. Upon full implementation, programming will be targeted so that offenders that are at a higher risk to reoffend are provided with more intensive and extensive services.

19. New Step M for Classified-Yr 1 Impl - Funding is provided in agency budgets for classified employees who have been at their top step for at least six years to move to a new top step during FY 2014. A new top step was included as part of several 2011-13 collective bargaining agreements. (General Fund-State, Other Funds)

20. New Step M for Classified-Yr 2 Impl - A new top step is included in several 2013-15 collective bargaining agreements. Funding is provided for additional classified employees to move to the new top step during FY 2015. The increase would affect those who reach six years at the current top step during FY 2015 and were not yet eligible for the increase during FY 2014. (General Fund-State, Other Funds)

21. State Employee Health Insurance - Funding for state employee health insurance is reduced from \$800/month per employee to \$782/month in the first fiscal year and \$791/month in the second fiscal year. (General Fund-State, Other Funds)

22. Coll. Bargained Personal Leave Day - Some collective bargaining agreements include a personal leave day for some employees in positions that require uninterrupted, full-time coverage. This provides funding, at regular pay rates, for other employees to fill in during personal leave days. (General Fund-State, General Fund-Federal, General Fund-Private/Local)

23. McNeil Island Stewardship - Funding is provided for Correctional Industries (CI) to manage stewardship of McNeil Island. Prior to the April 2011 closure of the McNeil Island prison, marine operations, waste water treatment, water treatment, road maintenance, and general island maintenance were the responsibility of the DOC. These tasks will revert to DOC as part of correctional industries, utilizing and providing job skills to offenders who are on community supervision or nearing the end of their sentence and preparing to enter local communities. In addition, the DOC shall utilize the CI workforce to provide the minimum maintenance and preservation necessary to remain in compliance with the federal deed for McNeil Island. Fire department and security functions will remain with the Special Commitment Center.

1. Family Leave Insurance Pgm - The Family Leave Insurance Program, Chapter 25, Laws of 2011, 1st Special Session (ESSB 5091), would provide eligible employees with leave time and a weekly benefit while caring for a newborn or newly adopted child. Beginning on October 1, 2015, family leave insurance benefits are payable to individuals on family leave. The Department is prohibited from expending funds in the 2013-15 biennium to prepare for implementation of family leave insurance. (General Fund-State)

6. Complete Next Generation Tax System - Federal expenditure authority is provided for the Employment Security Department (ESD) to complete the final phase of the Next Generation Tax System. This system will replace the current employer tax and payment system, the Tax Information System. Project completion is scheduled for December 2013, with the warranty period and final payment occurring in June 2014. (Unemployment Compensation Administration Account-Federal)

7. Modernize Benefits System - Expenditure authority is provided in FY 2015 for ESD to begin a project to replace its unemployment insurance benefits system. The replacement project will be financed through a certificate of purchase. (Employment Service Administrative Account-State)

8. Modernize Call Center Technology - Federal expenditure authority is provided for ESD to purchase a commercial off-the-shelf system that will replace the telephone and computing systems used in claim centers. (Unemployment Compensation Administration Account-Federal)

9. Evaluation of Training Benefits - Funding is provided for costs associated with the second stage of the review and evaluation of the training benefits program as directed in section 15(2), Chapter 4, Laws of 2011 (EHB 1091). The second stage will be conducted by the Joint Legislative Audit and Review Committee, and will consist of further work on the process study and net-impact/cost-benefit analysis components of the evaluation. (Employment Service Administrative Account-State).

10. State Data Center - Funding from dedicated accounts is provided for ESD's share of costs associated with debt service on the State Data Center. (General Fund-State, Administrative Contingency Account-State, Employment Service Administrative Account-State)

11. Services for Workers - Funding is provided for ESD to contract with a center for workers in King County. The purpose of the contract is to support initiatives that generate high-skill and high-wage jobs, improve workforce training systems and service delivery to dislocated workers, and build alliances between community and environmental organizations. (Administrative Contingency Account-State)

12. New Step M for Classified-Yr 1 Impl - Funding is provided in agency budgets for classified employees who have been at their top step for at least six years to move to a new top step during FY 2014. A new top step was included as part of several 2011-13 collective bargaining agreements. (General Fund-State, Other Funds)

13. New Step M for Classified-Yr 2 Impl - A new top step is included in several 2013-15 collective bargaining agreements. Funding is provided for additional classified employees to move to the new top step during FY 2015. The increase would affect those who reach six years at the current top step during FY 2015 and were not yet eligible for the increase during FY 2014. (General Fund-State, Other Funds)

14. State Employee Health Insurance - Funding for state employee health insurance is reduced from \$800/month per employee to \$782/month in the first fiscal year and \$791/month in the second fiscal year. (General Fund-State, Other Funds)

1. Replace Staff Personal Computers - Funding is provided for the Children's Administration (CA) to replace staff personal computers that are more than four years old. Financing is provided through a Department of Enterprise Services operational lease with repayment spanning over four years beginning in FY 2015. (General Fund-State, General Fund-Federal)

2. Access Data/Documents in FamLink - Funding is provided for CA to purchase a software application that will enable staff to access Famlink data through ad hoc reports. Funding is also provided to implement an interface between FamLink and the Management Document Imaging System (MODIS) that will create a single point of access for child welfare documents. (General Fund-State, General Fund-Federal)

2013-15 Omnibus Operating Budget
Dept of Social and Health Services
Children and Family Services

3. Implement Family Assmnt Rspnse Svcs - Funding is provided for goods and services, staff, and staff training for the implementation of Family Assessment Response (FAR). FAR is an alternative to CPS investigation for families screened in for low to moderate risk of child maltreatment, and aims to safely avoid out-of-home foster care placements by engaging and providing basic needs to families. FAR is the demonstration project for Washington's Title IV-E waiver. (General Fund-Federal, Child and Family Reinvestment Account-State)

4. Educational outcomes - Funding is provided for Second Substitute House Bill 1566 (youth in out-of-home care), which requires that certain youth in foster care receive an educational liaison and outlines the responsibilities of state agencies and school districts regarding the education of foster youth. The CA will modify Famlink to track educational liaisons for foster youth in grades six through 12, and will conduct background checks of educational liaisons. (General Fund-State, General Fund-Federal)

5. Child welfare system performance - Funding is provided for CA to implement the provisions of Engrossed Substitute House Bill 1774 (child welfare system). The CA will set up and maintain a data-sharing agreement with Partners for our Children, an entity within the University of Washington School of Social Work, for the purpose of measuring the performance of the child welfare system. (General Fund-State, General Fund-Federal)

6. Child Protective Services Workload - Child Protective Services (CPS) case workers and support staff are provided for CA field offices in which the average monthly CPS caseload per worker exceeds 18:1. The purpose of the additional staff is to reduce the response and investigation times of potential child abuse or neglect cases. (General Fund-State, General Fund-Federal)

7. Improving Graduation Rates - Funding is provided for CA to contract with a nonprofit entity that will establish a demonstration site in one or more school districts in Western Washington. The goal of the contract is to improve the graduation rates of dependent youth by two percent per year over five school year periods beginning in 2014-15. The contracted nonprofit entity and CA will report to the Legislature on demonstration site participation and outcomes for dependent youth. (General Fund-State)

9. Earn Adoption Incentive Grant - The CA has earned a federal Adoption Incentive Grant for completed adoptions. Grant funds will be used as a one-time replacement for state general funds. (General Fund-State, General Fund-Federal)

10. WSP Fingerprint Fee Increase - The Department of Social and Health Services (DSHS) contracts with the Washington State Patrol (WSP) to provide electronic fingerprinting and background check services. The WSP fee for electronic fingerprinting is anticipated to increase from \$16 to \$26 per exam in the 2013-15 biennium. Funding is provided for the Department to cover this cost. (General Fund-State, General Fund-Federal)

11. Discontinued Contract - Funding is reduced to reflect the discontinuation of a training contract. (General Fund-State)

12. Hub Home Model - Funding is provided for a community-based organization to provide training and technical assistance to CA in developing five Hub Home models in DSHS Region 2. The Hub Home model of foster care delivery is designed to improve child outcomes, support foster children and families, and ensure that children are placed in the least restrictive placement feasible. (General Fund-State)

13. Improving Child Care Quality - Funding is provided to improve the quality of subsidized child care. The Department of Social and Health Services (DSHS) shall provide a 2.0 percent base rate increases to all subsidized child care providers. In addition, DSHS shall provide an additional 2.0 percent increase to all providers who achieve level 2 or above in the Early Achievers quality rating and improvement system. These rate increases take effect September 1, 2013. (General Fund-State, General Fund-Federal)

14. Performance-Based Contracting - Funding is provided for CA to plan the implementation of performance-based contracts for family support and related services. (General Fund-State)

15. FAR Caseload Savings - A 30 percent decline in foster care placements is anticipated for cases referred to the FAR pathway in the final six months of FY 2015. The resulting General Fund-State caseload savings are transferred to the Child & Family Reinvestment Account in Section 8 of the budget and are used to serve additional FAR families. (General Fund-State, General Fund-Federal)

16. Extended Foster Care - Staff and funding are provided for Engrossed Second Substitute Senate Bill 5405 (extended foster care). Extended foster care services will be available to eligible youth who have an open dependency case at age 18 and are participating in a program or activity designed to promote employment or reduce barriers to employment. (General Fund-State, General Fund-Federal)

17. Powell Fatality Team - Funding is provided for Substitute Senate Bill 5315 (Powell Fatality Team), which implements recommendations made in the Child Fatality Review of the Powell case. This includes funding for initial and ongoing domestic violence training for social workers.

18. New Step M for Classified-Yr 1 Impl - Funding is provided in agency budgets for classified employees who have been at their top step for at least six years to move to a new top step during FY 2014. A new top step was included as part of several 2011-13 collective bargaining agreements. (General Fund-State, Other Funds)

19. New Step M for Classified-Yr 2 Impl - A new top step is included in several 2013-15 collective bargaining agreements. Funding is provided for additional classified employees to move to the new top step during FY 2015. The increase would affect those who reach six years at the current top step during FY 2015 and were not yet eligible for the increase during FY 2014. (General Fund-State, Other Funds)

20. State Employee Health Insurance - Funding for state employee health insurance is reduced from \$800/month per employee to \$782/month in the first fiscal year and \$791/month in the second fiscal year. (General Fund-State, Other Funds)

1. PC and Server Replacement - Funding is provided to replace servers and staff personal computers that are more than four years old. Financing is provided through a Department of Enterprise Services operational lease with repayment spanning over four years beginning in FY 2015. (General Fund-State)

2. Mental Health Services Need - Regular and on-call staff are provided for Juvenile Rehabilitation Administration (JRA) mental health living units at the Echo Glen Children's Center and Green Hill School. This item utilizes an existing fund balance in the Reinvesting in Youth Account as a one-time offset to state general funds. (General Fund-State, Reinvesting in Youth Account)

3. Prison Rape Elimination Act (PREA) - The federal Prison Rape Elimination Act (PREA) sets standards intended to prevent, detect, and respond to sexual abuse in juvenile institutions. Funding and FTEs are providing for a temporary program administrator, on-call staff to backfill while regular staff attend PREA training, and for the cost of federally-mandated audits. (General Fund-State)

Comments:

1. Federal Medicaid Expansion - Implementation of the Affordable Care Act expands Medicaid eligibility for individuals between the ages of 19 and 64 with income at or below 138 percent of the federal poverty level who are not otherwise categorically eligible for Medicaid. It is expected that this newly eligible group will be comprised primarily of adult populations, some of whom are currently served with state only funding. During the first three years of the expansion, the federal government will provide 100 percent Federal Financial Participation (FFP) for the newly eligible group's medical costs. The FFP will ramp down and after 10 years the federal government will continue to pay 90 percent of the FFP for the newly eligible group. In addition, current medicaid enrollees in the Presumptive Supplemental Security Income program will receive an enhanced 75 percent federal match because Washington is an "expansion state" under the Affordable Care Act. Individuals who would have become new enrollees will become newly eligible for Medicaid at 100% federal match. State and federal funding for RSNs is adjusted to reflect these changes and to reflect offsets in non-Medicaid funding for services to those who will now be eligible for Medicaid. (General Fund-State, General Fund-Federal)

2. Autism Licensing - As a result of a negotiated settlement agreement in W.A.A.A. vs. Porter, applied behavioral analysis therapy is now a covered mental health service for children 20 years of age and younger who are members of the Apple Health program. Local expenditure authority is provided for licensing agencies to provide these new services. It is estimated that 15 new certified mental health agencies will be licensed. (General Fund-Private/Local)

2013-15 Omnibus Operating Budget
Dept of Social and Health Services
Mental Health

3. PC Replacement - Funding is provided to replace Information Technology equipment that is beyond its useful life at the state hospitals.

4. Involuntary Commitment - Staff and funding are provided to implement Chapter 335, Laws of 2013 (ESSB 5480). This bill accelerates the date for changes which broaden the criteria for involuntary commitment under the state's involuntary treatment act from July 1, 2015 to July 1, 2014. This funding is provided for RSNs to provide a variety of community services including increases in evaluation and treatment center beds, program of assertive community treatment teams, mobile outreach crisis teams, crisis triage or stabilization beds, peer support services, and other services approved by the Department of Social and Health Services that will serve as alternatives to the need for additional state hospital capacity. (General Fund-State, General Fund-Federal)

5. De-certified Bed Days - The state hospitals are required to de-certify patients who remain after they no longer require active treatment for their mental disorder. This results in a loss of federal and local revenue for patients who have Medicare or private insurance. The state hospitals shall reduce the number of de-certified bed days in the 2013-15 biennium. (General Fund-State, General Fund-Federal, General Fund-Local)

6. Mental Health Security Enhancements - Funding is provided to implement security enhancements at the state hospitals. These enhancements include additional psychiatric security attendants and nurses, registered nurses, and staff training. (General Fund-State, General Fund-Federal, General Fund-Private/Local)

7. Criminal Incompetency - Chapter 289, Laws of 2013 (E2SHB 1114) modifies procedures and standards for involuntary treatment of persons who have been deemed incompetent to stand trial for violent felonies. This is expected to increase the number of individuals committed to state hospitals by approximately 20 persons per day. RSNs are provided funding to create alternative community programs which are expected to decrease the utilization of state hospital beds and allow for these beds to be used for increased commitments expected under the bill. These funds can be used to increase the number of program of assertive community treatment teams, mobile outreach crisis teams, crisis triage centers, or other alternatives approved by the Department of Social and Health Services that will result in decreased utilization of state hospital beds. Individuals who meet criteria for additional periods of commitment under the bill may be served through these programs if it is determined that a less restrictive alternative can meet their needs. (General Fund-State, General Fund-Federal)

8. Competency Evaluations - Funding is provided to implement Chapter 284, Laws of 2013 (ESSB 5551). Subject to specific funding appropriated for this purpose, the bill requires the Department of Social and Health Services to reimburse counties for competency evaluations conducted by non state hospital employees in certain circumstances.

9. RSN Viability - Funding is provided to maintain financial viability and provide stability for services in the Chelan-Douglas Regional Support Network (RSN). In order to qualify for this funding, the Chelan-Douglas RSN must submit by August 1, 2013, for approval by the department, either proof of a formal agreement to merge with another RSN or a plan that demonstrates how the Chelan-Douglas RSN will maintain financial viability and stability.

10. Evidence Based Practice Institute - The University of Washington's Evidence Based Practice Institute (EBPI) supports the identification, evaluation, and implementation of evidence-based or promising practices for serving children and youth with mental health disorders. Funding for this program is eliminated effective July 1, 2013. (General Fund-State, General Fund-Federal)

11. Improving Service Delivery - Staff and funding are provided to implement Chapter 320, Laws of 2013 (ESHB 1519) and Chapter 338, Laws of 2013 (2SSB 5732). These bills require the use of evidence based practices and the creation of performance measures for service coordination organizations. (General Fund-State, General Fund-Federal)

12. Mental Health First Aid - In accordance with Chapter 197, Laws of 2013, the Department of Social and Health Services shall provide mental health first aid training targeted at teachers and educational staff. The training model will follow the model developed by the department of psychology in Melbourne, Australia. (General Fund-State, General Fund-Federal)

13. New Step M for Classified-Yr 1 Impl - Funding is provided in agency budgets for classified employees who have been at their top step for at least six years to move to a new top step during FY 2014. A new top step was included as part of several 2011-13 collective bargaining agreements. (General Fund-State, Other Funds)

Comments:

1. Federal Medicaid Expansion - Staffing and funding adjustments are made due to the expansion of Medicaid eligibility to include people whose incomes are at 138 percent of the federal poverty level or less, as allowed by the Patient Protection and Affordable Care Act. Enrollment in the Presumptive Supplemental Security Income (SSI) program will close on January 1, 2014. The Presumptive Supplemental Security Income program provides Medicaid coverage for approximately 20,000 clients with long-term medical conditions that make them likely to meet federal disability criteria, but their federal disability determinations are pending. The federal government provides a 50 percent match for this program. Washington will receive an enhanced 75 percent federal match for currently enrolled clients because Washington is an "expansion state" under the Affordable Care Act (ACA). New clients can enroll under the expansion with a 100 percent federal match. Under the ACA, the federal government will match Medicaid work that is application and maintenance related at 75 percent, instead of the current 50 percent. (General Fund-State, General Fund-Federal)

2013-15 Omnibus Operating Budget
Dept of Social and Health Services
Developmental Disabilities

2. Agency Provider Parity - RCW 74.39A.310 requires that home care agency providers shall receive wage and benefit parity with individual home care providers. As a result, additional funding is provided for new or increased: wages; pay differentials; mileage reimbursements; comprehensive health benefits; training contributions; initial certification and testing fee subsidies; union presentations and paid holidays. These provisions are pursuant to the interest arbitration award between the Service Employees International Union Healthcare 775NW and the State of Washington. (General Fund State, General Fund Federal)

3. Critical Community Placements - Funding is provided for out-of-home community residential placements for 51 individuals with developmental disabilities. These clients will need placement as they move from other state residential settings, including foster care, juvenile rehabilitation, mental health institutions, and the Department of Corrections. (General Fund-State, General Fund-Federal)

4. Community Crisis Stabilization - The Department of Social and Health Services will create and operate a community crisis stabilization home for children, and a mobile treatment team that will operate statewide. These services will provide time-limited supports to preserve, maintain, and strengthen an individual's ability to remain in the community with his or her family rather than move to a residential or institutional placement. (General Fund-State, General Fund-Federal)

5. SOLA Needs - The Department of Social and Health Services will create two new State Operated Living Alternative (SOLA) homes for people with developmental disabilities, one in the Spokane area and another in the Yakima area. SOLA homes provide an additional zero-reject alternative for children who are not eligible for a Residential Habilitation Center placement. (General Fund-State, General Fund-Federal)

6. Basic Plus Waiver - The Department of Social and Health Services will increase Medicaid waiver slots for 734 individuals with developmental disabilities. This additional capacity is intended for high school graduates who are not already on a Medicaid waiver but are currently eligible for Medicaid Personal Care services. (General Fund-State, General Fund-Federal)

7. Provider Fiscal Agent - The federal Office of the Inspector General has issued a finding for three consecutive years regarding time reporting for individual providers. The Department of Social and Health Services (DSHS) will contract with a fiscal employer agent to pay all W-2 paid providers. Implementing this change will result in compliance with Medicaid rules regarding time reporting for W-2 providers, federal financial participation requirements for federal matching funds, and meet collective bargaining agreement requirements. (General Fund-State, General Fund-Federal)

8. Resident and Client Protection - The Department of Social and Health Services will complete additional investigations to determine if specifically named individuals have abused or neglected a resident in any of the state's long-term care programs, including adult family homes, assisted living facilities, and nursing homes. Investigation costs will be entirely supported by additional fee revenue. (General Fund-Federal, General Fund-Private/Local)

9. Recover Cost of AFH Quality Assuran - Adult family home license fees will be increased \$50 per bed in fiscal year 2014. (General Fund-State, General Fund-Federal, General Fund-Private/Local)

10. Protect Residential Adults - Funding is provided for Residential Care Services to improve the response to allegations of abuse, neglect, self-neglect, abandonment and financial exploitation of vulnerable adults who reside in residential settings. (General Fund-State, General Fund-Federal)

11. In-Home Provider Arbitration - Pursuant to the interest arbitration award between the Service Employees International Union Healthcare 775NW and the State of Washington for the 2013-15 biennium, additional funding is provided for new or increased: wages; pay differentials; mileage reimbursements; comprehensive health benefits; training contributions; initial certification and testing fee subsidies; union presentations and paid holidays. Additional administrative funding is also provided to implement the arbitration award. (General Fund-State, General Fund-Federal)

12. WSP Fingerprint Fee Increase - The Department of Social and Health Services (DSHS) contracts with the Washington State Patrol (WSP) to provide electronic fingerprinting and background check services. The WSP fee for electronic fingerprinting will increase from \$16 to \$26 per exam in the 2013-15 biennium. Funding is provided for DSHS to cover this cost. (General Fund-State, General Fund-Federal)

2013-15 Omnibus Operating Budget
Dept of Social and Health Services
Developmental Disabilities

13. IFS Expansion - In order to increase the number of clients served by the Individual and Family Services (IFS) program, the Developmental Disabilities Administration (DDA) must utilize past experience about award utilization to guide the number of authorized awards, and must change the maximum annual dollar amount awarded to each service priority level. Clients who are not receiving paid services from DDA may be added to the IFS program during the 2013-15 biennium. Corresponding changes must be made to the State Supplementary Payment (SSP) program to ensure that award levels are consistent for clients in the IFS program and clients receiving SSP in lieu of IFS. (General Fund-State)

14. MR v Dreyfus Exception to Rule - Funding is provided for the workload impact, as well as the per capita cost impact, from an anticipated increase in exception-to-rule (ETR) requests due to the M.R. lawsuit. An ETR refers to additional paid service granted when a client presents a situation that differs from the majority, and is in the interest of both the overall economy and the client's welfare. The exception may not contradict a specific provision of federal law or state statute. (General Fund-State, General Fund-Federal)

15. New Step M for Classified-Yr 1 Impl - Funding is provided in agency budgets for classified employees who have been at their top step for at least six years to move to a new top step during FY 2014. A new top step was included as part of several 2011-13 collective bargaining agreements. (General Fund-State, Other Funds)

16. New Step M for Classified-Yr 2 Impl - A new top step is included in several 2013-15 collective bargaining agreements. Funding is provided for additional classified employees to move to the new top step during FY 2015. The increase would affect those who reach six years at the current top step during FY 2015 and were not yet eligible for the increase during FY 2014. (General Fund-State, Other Funds)

17. State Employee Health Insurance - Funding for state employee health insurance is reduced from \$800/month per employee to \$782/month in the first fiscal year and \$791/month in the second fiscal year. (General Fund-State, Other Funds)

18. Coll. Bargained Personal Leave Day - Some collective bargaining agreements include a personal leave day for some employees in positions that require uninterrupted, full time coverage. This provides funding, at regular pay rates, for other employees to fill in during personal leave days. (General Fund-State, General Fund-Federal, General Fund-Private/Local)

Long-Term Care

Comments:

1. Federal Medicaid Expansion - Staffing and funding adjustments are made due to the expansion of Medicaid eligibility to include people whose incomes are at 138 percent of the federal poverty level or less, as allowed by the Patient Protection and Affordable Care Act. Enrollment in the Presumptive Supplemental Security Income (SSI) program will close on January 1, 2014. The Presumptive Supplemental Security Income program provides Medicaid coverage for approximately 20,000 clients with long-term medical conditions that make them likely to meet federal disability criteria, but their federal disability determinations are pending. The federal government provides a 50 percent match for this program. Washington will receive an enhanced 75 percent federal match for currently enrolled clients because Washington is an "expansion state" under the Affordable Care Act (ACA). New clients can enroll under the expansion with a 100 percent federal match. Under the ACA, the federal government will match Medicaid work that is application and maintenance related at 75 percent, instead of the current 50 percent. (General Fund-State, General Fund-Federal)

2. Agency Provider Parity - RCW 74.39A.310 requires that home care agency providers shall receive wage and benefit parity with individual home care providers. As a result, additional funding is provided for new or increased: wages; pay differentials; mileage reimbursements; comprehensive health benefits; training contributions; initial certification and testing fee subsidies; union presentations and paid holidays. These provisions are pursuant to the interest arbitration award between the Service Employees International Union Healthcare 775NW and the State of Washington. (General Fund State, General Fund Federal)

3. Provider Fiscal Agent - The federal Office of the Inspector General has issued a finding for three consecutive years regarding time reporting for individual providers. The Department of Social and Health Services (DSHS) will contract with a fiscal employer agent to pay all W-2 paid providers. Implementing this change will result in compliance with Medicaid rules regarding time reporting for W-2 providers, federal financial participation requirements for federal matching funds, and meet collective bargaining agreement requirements. (General Fund-State, General Fund-Federal)

4. Resident and Client Protection - The Department of Social and Health Services will complete additional investigations to determine if specifically named individuals have abused or neglected a resident in any of the state's long-term care programs, including adult family homes, assisted living facilities, and nursing homes. Investigation costs will be entirely supported by additional fee revenue. (General Fund-Federal, General Fund-Private/Local)

5. Community LTC Behavior Support - The Department of Social and Health Services will create enhanced services facilities as a community alternative for individuals with dementia, traumatic brain injury, and other cognitive disorders that are deemed nonresponsive to active treatment in the state mental health hospitals. (General Fund-State, General Fund-Federal)

6. Recover Cost of AFH Quality Assuran - Adult family home license fees will be increased \$50 per bed in fiscal year 2014. (General Fund-State, General Fund-Federal, General Fund-Private/Local)

7. Delay Nursing Home Rebase - The Department of Social and Health Services will delay rebasing non-capital nursing home rate components until July 1, 2015. The Comparison add-on and Acuity add-on to the nursing home rate will be extended to June 30, 2015. (General Fund-State, General Fund-Federal)

8. Health Path Washington - Washington was awarded a developmental grant to design improved coordination of services and manage costs for clients dually eligible for both Medicaid and Medicare. The design grant does not require a state match in the first year of development; however, there is a 25% state match in the second year and 50% match in subsequent years. (General Fund-State, General Fund-Federal)

9. Protect Vulnerable In-Home Adults - Funding is provided for Adult Protective Services to improve the response to allegations of abuse, neglect, self-neglect, abandonment and financial exploitation of vulnerable adults living in their own homes. (General Fund-State, General Fund-Federal)

10. Protect Residential Adults - Funding is provided for Residential Care Services to improve the response to allegations of abuse, neglect, self-neglect, abandonment and financial exploitation of vulnerable adults who reside in residential settings. (General Fund-State, General Fund-Federal)

2013-15 Omnibus Operating Budget
Dept of Social and Health Services
Long-Term Care

11. Adult Family Home Agreement - Pursuant to an agreement between the Washington State Residential Care Council and the State of Washington, additional funding is provided for a specialty adult family home contract for community placement of clients currently in Western State Hospital and for an increase in the bed hold rate for days eight through 20. (General Fund-State, General Fund-Federal)

12. In-Home Provider Arbitration - Pursuant to the interest arbitration award between the Service Employees International Union Healthcare 775NW and the State of Washington for the 2013-15 biennium, additional funding is provided for new or increased: wages; pay differentials; mileage reimbursements; comprehensive health benefits; training contributions; initial certification and testing fee subsidies; union presentations and paid holidays. Additional administrative funding is also provided to implement the arbitration award. (General Fund-State, General Fund-Federal)

13. WSP Fingerprint Fee Increase - The Department of Social and Health Services (DSHS) contracts with the Washington State Patrol (WSP) to provide electronic fingerprinting and background check services. The WSP fee for electronic fingerprinting will increase from \$16 to \$26 per exam in the 2013-15 biennium. Funding is provided for DSHS to cover this cost. (General Fund-State, General Fund-Federal)

14. Walla Walla Veterans Home - The Walla Walla veterans home will open its doors in July 2014. Medicaid clients who reside in the new veterans home will be part of the long-term care nursing facility forecast. The Department of Social and Health Services appropriation is increased to reflect the cost reimbursement for Medicaid clients anticipated in this new facility. (General Fund-State, General Fund-Federal)

15. Community Connections Grant - The Department of Social and Health Services (DSHS) will work with the Aging and Disability Resource Centers to strengthen and expand the person-centered access programs to help citizens learn about the long-term services and supports that best meet their needs. The funding for this effort has been awarded to DSHS by the United States Department of Health and Human Services' Administration of Community Living and requires no state funds. (General Fund-Federal)

16. Empowering Adults Grant - The Department of Social and Health Services (DSHS) will provide assistance on evidence-based practices to help older adults and adults with disabilities to better manage chronic conditions, such as hypertension, arthritis, diabetes, depression and obesity. Funding for this effort has been awarded to DSHS by the United States Department of Health and Human Services' Administration of Community Living and requires no state funds. (General Fund-Federal)

17. Improving Service Delivery - Staff and funding are provided to implement chapter 320, Laws of 2013 (ESHB 1519) and chapter 338, Laws of 2013 (2SSB 5732). These bills require the use of evidence based practices and the creation of performance measures for service coordination organizations. (General Fund-State, General Fund-Federal)

18. Dual Eligibles Grant - The Department of Social and Health Services (DSHS) will work with community partners to provide options counseling to Medicare-Medicaid individuals (dual eligibles) to ensure that these individuals have access to an unbiased and consumer friendly source of information. The funding for this effort has been awarded to DSHS by the Centers for Medicare and Medicaid Services and requires no state funds. (General Fund-Federal)

19. Quality Measures Grant - The Department of Social and Health Services (DSHS) will develop staff capacity to collect, report, and analyze data on the initial core set of health care quality measures for adults enrolled in Medicaid. The funding for this effort has been awarded to DSHS by the Centers for Medicare and Medicaid Services and requires no state funds. (General Fund-Federal)

20. AFH Quality-SSB 5630 - Funding is provided for the provisions of Substitute Senate Bill 5630 (adult family home quality). (General Fund-State, General Fund-Federal)

21. LTC Planning Task Force - Funding is provided for member reimbursement, staff support, or other expenses associated with the work of the Joint Legislative Executive Committee on planning for Aging and Disability. The committee shall issue an interim report to the legislature by December 10, 2013 and issue final recommendations to the Governor and relevant standing committees of the Legislature by December 10, 2014. (General Fund-State, General Fund-Federal)

22. MR v Dreyfus Exception to Rule - Funding is provided for the workload impact, as well as the per capita cost impact, from an anticipated increase in exception-to-rule (ETR) requests due to the M.R. lawsuit. An ETR refers to additional paid service granted when a client presents a situation that differs from the majority, and is in the interest of both the overall economy and the client's welfare. The exception may not contradict a specific provision of federal law or state statute. (General Fund-State, General Fund-Federal)

23. Managed Care Rates - Rates for the managed care plan options administered by the department are reduced five percent. (General Fund-State, General Fund-Federal)

24. New Step M for Classified-Yr 1 Impl - Funding is provided in agency budgets for classified employees who have been at their top step for at least six years to move to a new top step during FY 2014. A new top step was included as part of several 2011-13 collective bargaining agreements. (General Fund-State, Other Funds)

25. New Step M for Classified-Yr 2 Impl - A new top step is included in several 2013-15 collective bargaining agreements. Funding is provided for additional classified employees to move to the new top step during FY 2015. The increase would affect those who reach six years at the current top step during FY 2015 and were not yet eligible for the increase during FY 2014. (General Fund-State, Other Funds)

26. State Employee Health Insurance - Funding for state employee health insurance is reduced from \$800/month per employee to \$782/month in the first fiscal year and \$791/month in the second fiscal year. (General Fund-State, Other Funds)

Comments:

1. Eligibility Simplification - Implementation of the Affordable Care Act simplifies the eligibility rules for the Medicaid program. The Economic Services Administration will require fewer staff to process applications for children, families, and pregnant women which will be determined by the health benefits exchange. (General Fund-State, General Fund-Federal)

2. Information System Changes - Funding and 4.5 FTEs are provided to support the first phase in modifying the Automated Client Eligibility System to support the new modified gross income rules implemented as part of the Affordable Care Act medicaid expansion. (General Fund-State, General Fund-Federal)

3. Reform Telecommunication Svcs - The state telephone assistance program and a statewide information and referral network are currently supported through a portion of taxes that are deposited into the non-appropriated Telephone Assistance Account. This account is eliminated and the programs are shifted to the state general fund in accordance with Substitute House Bill 1971 (communication services).

4. Disability Standard Change - The disability standard applied by the department in making disability determinations for the Aged, Blind, and Disabled program is broadened. Funding is provided for the estimated caseload impact.

2013-15 Omnibus Operating Budget
Dept of Social and Health Services
Economic Services Administration

5. Child Care Reform - Funding is provided for implementation of section 1, chapter 337, Laws of 2013 (2SSB 5595). The act requires the Department of Social and Health Services to provide training on professionalism to employees who provide services to parents applying for or receiving subsidized child care services. The funding is provided for curriculum development and online training to meet the requirements of the bill.

6. Improving Child Care Quality - Funding is provided to improve the quality of subsidized child care. The Department of Social and Health Services shall provide a 2 percent base rate increases to all subsidized child care providers. In addition, DSHS shall provide an additional 2 percent increase to all providers who achieve level 2 or above in the Early Achievers quality rating and improvement system. These rate increases take effect September 1, 2013.

7. Work Participation Rates - Funding is provided to increase participation rates in the Workfirst program in order to meet minimum federal requirements and avoid financial penalties.

8. LEP Pilots - Funding is provided for expansion of pilots which assist refugees with limited-english proficiency (LEP) to obtain and maintain employment.

9. TANF WCCC Caseload Savings - Funding for the Workfirst program is adjusted to reflect reductions in the cash assistance and child care caseloads.

10. TANF PRISM - Funding is provided to pilot a predictive risk information system (PRISM) application for individuals served by the Temporary Assistance for Needy Families (TANF) program. The PRISM application will be used to identify individuals served by the program at risk of adverse outcomes and develop interventions to improve outcomes for these individuals.

11. New Step M for Classified-Yr 1 Impl - Funding is provided in agency budgets for classified employees who have been at their top step for at least six years to move to a new top step during FY 2014. A new top step was included as part of several 2011-13 collective bargaining agreements. (General Fund-State, Other Funds)

12. New Step M for Classified-Yr 2 Impl - A new top step is included in several 2013-15 collective bargaining agreements. Funding is provided for additional classified employees to move to the new top step during FY 2015. The increase would affect those who reach six years at the current top step during FY 2015 and were not yet eligible for the increase during FY 2014. (General Fund-State, Other Funds)

13. Family Childcare Provider CBA - Pursuant to an agreement between the Service Employees International Union Local 925 and the state of Washington, additional funding is provided to maintain health care benefits, increase training scholarship funds, and to enhance non-standard hours bonus pay.

14. State Employee Health Insurance - Funding for state employee health insurance is reduced from \$800/month per employee to \$782/month in the first fiscal year and \$791/month in the second fiscal year. (General Fund-State, Other Funds)

Comments:

1. Federal Medicaid Expansion - Implementation of the Affordable Care Act expands Medicaid eligibility for individuals, between the ages of 19 and 64 with income at or below 138 percent of the federal poverty level, who are not otherwise categorically eligible for Medicaid. It is expected that this newly eligible group will be comprised primarily of adult populations. During the first three years of the expansion, the federal government will provide 100 percent Federal Financial Participation (FFP) for the newly eligible group's medical costs. The FFP will ramp down and after 10 years the federal government will continue to pay 90 percent of the FFP for the newly eligible group. In addition, current medicaid enrollees in the Presumptive Supplemental Security Income program will receive an enhanced 75 percent federal match because Washington is an "expansion state" under the Affordable Care Act. Individuals who would have become new enrollees will become newly eligible for Medicaid at 100% federal match. State and federal funding for counties is adjusted to reflect these changes and to reflect offsets in non-Medicaid funding for services to those who will now be eligible for Medicaid. (General Fund-State, General Fund-Federal, Criminal Justice Treatment Account)

2. Family Drug Court - Pierce County has lost federal funding that supports the family drug court. One time state funding is provided for the county to transition these services to other funds.

3. PCAP Expansion - Federal appropriation authority is increased to allow the Department to expand the Parent Child Assistance Program with federal funds.

4. IMD Conversions - By July of 2014, the Department of Social and Health Services (DSHS) shall move or convert a minimum of 128 residential beds in Institutions of Mental Diseases (IMDs) to eight settings which have 16 or fewer beds and are eligible for federal Medicaid funding. One-time start-up funding of \$2.6 million in General Fund-State is provided in FY 2014. These settings shall be prioritized for individuals who are eligible for Medicaid including those newly eligible under the Affordable Care Act. DSHS may pay the same rate in these settings which it is paying in the two pilot sites authorized by the Legislature in the 2012 legislative session. The General Fund-State savings for the 2015-17 biennium associated with this step is estimated at \$5.5 million. (General Fund-State, General Fund-Federal)

Comments:

1. Improving Service Delivery - Staff and funding are provided to implement Engrossed Substitute House Bill 1519 (health care coordination) or Second Substitute Senate Bill 5732 (adult behavioral health). These bills require the use of evidence-based practices and the creation of performance measures for service coordination organizations. (General Fund-State, General Fund-Federal)

2. Diabetes Prevention - Staff and funding are provided for the Health Care Authority, DSHS, and the Department of Health to collaborate to identify goals, benchmarks, and plans for preventing and controlling diabetes. (General Fund-State, General Fund-Federal)

3. New Step M for Classified-Yr 1 Impl - Funding is provided in agency budgets for classified employees who have been at their top step for at least six years to move to a new top step during FY 2014. A new top step was included as part of several 2011-13 collective bargaining agreements. (General Fund-State, Other Funds)

4. New Step M for Classified-Yr 2 Impl - A new top step is included in several 2013-15 collective bargaining agreements. Funding is provided for additional classified employees to move to the new top step during FY 2015. The increase would affect those who reach six years at the current top step during FY 2015 and were not yet eligible for the increase during FY 2014. (General Fund-State, Other Funds)

5. State Employee Health Insurance - Funding for state employee health insurance is reduced from \$800/month per employee to \$782/month in the first fiscal year and \$791/month in the second fiscal year. (General Fund-State, Other Funds)

6. Transfer Office of Juvenile Justice - Staff and funding for the Office of Juvenile Justice are transferred from the DSHS Administration and Supporting Services Division to the Juvenile Rehabilitation Administration to reflect internal agency restructuring. (General Fund-State, General Fund-Federal, General Fund-Local)

5. Coll. Bargained Personal Leave Day - Some collective bargaining agreements include a personal leave day for some employees in positions that require uninterrupted, full-time coverage. This provides funding, at regular pay rates, for other employees to fill in during personal leave days. (General Fund-State, General Fund-Federal, General Fund-Private/Local)

6. McNeil Island Stewardship - The stewardship of McNeil Island and associated funding are transferred to the Correctional Industries program within the Department of Corrections. Facility maintenance within the perimeter of the Special Commitment Center and the Pierce County Secure Community Transition Facility will remain the responsibility of the Department of Social and Health Services.

Comments:

1. Reduce Watershed Planning Asst. - The Watershed Planning Technical and Financial Assistance Program provides assistance to local watershed groups to develop plans and to address watershed issues. State general fund provided for this work is reduced on an ongoing basis. Over 30 watersheds have adopted plans and remaining funds during the 2013-15 biennium will shift to support specific projects in three high-priority basins (Dungeness, Walla Walla, and Wenatchee) and fund implementation activities in the Chelan, Dungeness, Methow, Lower Lake Roosevelt, and Lower Spokane basins.

2013-15 Omnibus Operating Budget Department of Ecology

2. Air Quality Fund Shift - Work within the Air Quality Program related to preventing unhealthy air and violations of federal air quality standards is shifted on an ongoing basis from the state general fund to the State Toxics Control Account (STCA). (General Fund-State, State Toxics Control Account-State)

3. Reduce Air Pollution Control Acct. - Expenditure authority and staff are reduced on an ongoing basis in the Air Pollution Control Account to reflect lower-than-anticipated revenues. (Air Pollution Control Account-State)

4. Fund Shift to Toxics - State general fund expenditures are shifted on an ongoing basis to STCA for activities in the Air Quality, Water Quality, Environmental Assessment, Shorelands and Environmental Assistance, and Administration Programs. (General Fund-State, State Toxics Control Account-State)

5. Reduce Product Stewardship Exp. - Expenditure authority is reduced on an ongoing basis in the Product Stewardship Programs Account to reflect lower-than-anticipated revenues into the account. (Product Stewardship Programs Account-Nonappropriated)

6. Reduce Flood Control Grants - The Flood Control Assistance Program provides grants and technical assistance to local governments for flood damage reduction projects and comprehensive flood hazard management plans. Competitive grants to local governments for flood hazard reduction projects are suspended on a one-time basis to achieve \$2 million in savings. (Flood Control Assistance Account-State)

7. Reduce Freshwater Aquatic Weed Exp. - Expenditure authority is reduced on an ongoing basis in the Freshwater Aquatic Weeds Account to reflect lower available revenues from the boat trailer registration fee. (Freshwater Aquatic Weeds Account-State)

8. Reduce Emergency Water Account Exp. - Expenditure authority is reduced on an ongoing basis in the State Emergency Water Projects Revolving Account to reflect actual available funds. (State Emergency Water Projects Revolving Account-State)

9. Litter Account Reduction - Funding is reduced on a one-time basis in the Waste Reduction, Recycling and Litter Control Account for litter pickup, prevention and marketing, and for other work related to waste reduction and recycling. (Waste Reduction, Recycling and Litter Control Account-State)

10. Attorney General Legal Services - Agency budgets are adjusted to align with expected billing levels for agency legal services in the 2013-15 biennium. (General Fund-State, Other Funds)

11. CTS Central Services - Funding is provided for each agency's share of enterprise information technology security services provided by Consolidated Technology Services. This allocation is distributed based upon each agency's percentage share of actual statewide information technology full-time equivalent employees. (General Fund-State, Other Funds)

12. DES Central Services - Agency budgets are adjusted to align with expected billing levels for the Department of Enterprise Services in the 2013-15 biennium. (General Fund-State, Other Funds)

13. Reducing Toxic Gasoline Vapors - Gasoline vapors contain toxic and carcinogenic chemicals, in addition to volatile organic compounds that contribute to smog formation. Federal and state laws require gas stations to manage emissions of those vapors with vapor-recovery and spill-prevention technologies. The 2012 Legislature restored a gasoline vapor inspection program in areas not under the jurisdiction of a local clean air agency. Expenditure authority and FTE staff are provided to reflect increased fee revenues to carry out the program and ensure compliance with those laws. (Air Pollution Control Account-State)

14. Pollution Source Regist Fund Shift - Facilities that produce air contaminants are required to register their pollutant emissions and are inspected periodically to ensure compliance with laws and permit conditions. During the 2011-13 biennium, fees were increased to more fully recover the costs of operating the program. Expenditure authority is shifted on an ongoing basis from the state general fund to the Air Pollution Control Account, which receives the increased fee revenue. (General Fund-State, Air Pollution Control Account-State)

15. Implementing Better Brakes Law - Brake pads contain friction material such as copper, asbestiform fibers, cadmium, lead, mercury and their compounds, that are released from pads and may then be carried into streams, rivers, the Puget Sound, and other Washington waters where it can be toxic to many aquatic organisms, including salmon. The 2010 Better Brakes Law bans certain brake friction materials, effective January 2014. A combination of one-time and ongoing funding and FTE staff are provided to continue implementation of this program, including publicizing and enforcing the ban, certifying manufacturer compliance, tracking friction materials, and assessing safer alternatives. (State Toxics Control Account-State)

2013-15 Omnibus Operating Budget Department of Ecology

16. Meeting Air Operating Permit Needs - Major sources of air pollution are regulated by the Department of Ecology (DOE) under the federally-mandated Air Operating Permit Program. Under both federal and state law, the costs of the program must be fully supported with fees paid by the sources. Expenditure authority and FTE staff are increased on an ongoing basis to reflect increased fee revenues to cover the cost of serving new sources entering the program, provide technical assistance to regulated entities, and on a one-time basis to conduct rulemaking to address industry concerns and ensure alignment with state and federal law. (Air Operating Permit Account-State)

17. State Revolving Fund Admin Charge - DOE manages a water pollution facility loan program that provides low-interest financing to local governments for infrastructure projects designed to protect and restore water quality in local communities. Administrative oversight of the loan program has historically been funded through federal grants that are at risk of being eliminated within the next few years. DOE faces a projected deficit in the 2013-15 biennium in federal funds used to manage the loan program. Chapter 96, Laws of 2013 (SHB 1141), establishes a new loan administration charge for the loan program and funding is shifted permanently from the Water Pollution Control Revolving Account to the new Water Pollution Control Revolving Administration Account. Bridge funding from the State Toxics Control Account is provided to close the anticipated 2013-15 shortfall in funding for program oversight and administration. (Water Pollution Control Revolving Account-State, Water Pollution Control Revolving Account-Federal, Water Pollution Control Revolving Administration Account-State, State Toxics Control Account-State)

18. Stormwater Training Program - To address pollution resulting from stormwater runoff, DOE updated municipal stormwater permits to require stormwater-reducing low-impact development (LID) practices, where feasible, for new development and redeveloped properties. LID is a suite of construction technologies that use vegetation, healthy soils, porous pavement, and other tools to keep stormwater from running off-site and carrying pollution downstream. Funding and FTE staff are provided through FY 2017 for DOE to implement a comprehensive training plan for a wide range of audiences and stakeholders with a role in implementing LID techniques. (State Toxics Control Account-State)

19. Spokane Rivr Toxic Source Abatement - Sampling in the Spokane River has consistently found elevated levels of polychlorinated biphenyls (PCBs). In 2011, DOE issued wastewater discharge permits requiring municipal and industrial dischargers to serve, along with community stakeholders and the Spokane Tribe, on a Regional Toxics Task Force (Task Force) to develop a comprehensive plan to bring the Spokane River into compliance with applicable water quality standards for PCBs, the highest priority toxic pollutant for this water body. One-time funding is provided for implementing the Task Force's highest-priority recommendations, due in April 2013. (State Toxics Control Account-State)

20. Protecting Washington Shorelines - DOE provides financial and technical assistance to local governments to update their local shoreline master programs, many of which have not been updated in over 25 years. Base operating funding is insufficient to complete shoreline updates in time to meet statutory deadlines resulting from a 2003 negotiated legal settlement. One-time funding and FTE staff are provided for grants to local governments to complete their updates and for DOE staff to provide technical assistance, financial accountability, and final review of shoreline updates. (State Toxics Control Account-State, Local Toxics Control Account-State)

21. Ultrafine Particulate Study - One-time funding is provided for a study to evaluate ultrafine particle air pollutants generated by the biomass co-generation facilities in Port Townsend and Port Angeles. The study is designed to determine whether or not the planned facilities will have an impact on air quality and the health of nearby residents. (State Toxics Control Account-State)

22. Derelict and Abandoned Vessels - Chapter 291, Laws of 2013 (ESHB 1245), authorizes several state agencies to continue existing and begin new activities aimed at reducing the number of instances of derelict vessels in waters of the state, and to reduce the complexity and severity of environmental degradation associated with derelict vessels. Ongoing funding and FTE staff are provided for DOE to revise current or establish new general permits specific to hazardous material associated with the deconstruction, removal, and disposal of a derelict vessel, and for technical assistance and site inspections for facilities that would be regulated under the permit. (Water Quality Permit Account-State)

23. Wastewater Discharge Fees - DOE manages about 6,000 wastewater and stormwater discharge permits held by governmental, commercial, and industrial entities. The state Water Pollution Control Act authorizes DOE to collect permit fees to fully recover program costs, however, current fees do not cover some permit categories. Funding and FTE staff are increased on an ongoing basis to reflect increased fees on underpaying categories and will focus new resources on such priorities as source-control inspections and monitoring in Seattle's Duwamish waterway, and inspections in the Spokane area and other currently underserved permit categories. (Water Quality Permit Account-State)

1. Funding Northwest Avalanche Center - The State Parks and Recreation Commission (State Parks) is one of several state, federal, and local partners that cooperatively fund the Northwest Weather and Avalanche Center (NWAC), which collects and continuously updates mountain snow conditions, and provides avalanche and weather forecasts online. Ongoing grant funding is provided to State Parks for grants to NWAC.

2. Funding Essential Parks Activities - Due to lower-than-originally anticipated public participation in and resulting revenue from the Discover Pass, State Parks is provided state general fund on an ongoing basis to ensure the continued operation and maintenance of the state parks system.

State Parks is provided one-time funding to implement the provisions of the bill which include marine law enforcement training and training manual updates. (General Fund-Federal)

1. CTS Central Services - Funding is provided for each agency's share of enterprise information technology security services provided by Consolidated Technology Services. This allocation is distributed based upon each agency's percentage share of actual statewide information technology full-time equivalent employees. (General Fund-State, Other Funds)

2. DES Central Services - Agency budgets are adjusted to align with expected billing levels for the Department of Enterprise Services in the 2013-15 biennium. (General Fund-State, Other Funds)

3. Invasive Species Council Funding - The Washington Invasive Species Council (Council) coordinates response, prevention, and education actions by federal, state, tribal, local, and non-governmental partners on invasive species. Ongoing funding to support the Council is shifted from the Vessel Response Account to the Aquatic Lands Enhancement Account to reflect lower-than-anticipated revenues in the Vessel Response Account. (Vessel Response Account-State, Aquatic Lands Enhancement Account-State)

4. New Step M for Classified-Yr 1 Impl - Funding is provided in agency budgets for classified employees who have been at their top step for at least six years to move to a new top step during FY 2014. A new top step was included as part of several 2011-13 collective bargaining agreements. (General Fund-State, Other Funds)

5. New Step M for Classified-Yr 2 Impl - A new top step is included in several 2013-15 collective bargaining agreements. Funding is provided for additional classified employees to move to the new top step during FY 2015. The increase would affect those who reach six years at the current top step during FY 2015 and were not yet eligible for the increase during FY 2014. (General Fund-State, Other Funds)

6. State Employee Health Insurance - Funding for state employee health insurance is reduced from \$800/month per employee to \$782/month in the first fiscal year and \$791/month in the second fiscal year. (General Fund-State, Other Funds)

Comments:

1. Voluntary Stewardship-State Support - In 2011 the Legislature established the Voluntary Stewardship Program (VSP) at the State Conservation Commission (SCC) as a new approach for counties to protect critical areas while maintaining agricultural production through watershed-based incentives. Funding is provided on an ongoing basis to initiate the program in Thurston County and Chelan County, and other participating jurisdictions in future biennia. Federal expenditure authority is increased in anticipation of SCC successfully obtaining federal funds, in which case VSP would expand to additional counties during the 2013-15 biennium. 1. PILT Adjustment - The Department of Fish and Wildlife (WDFW) is statutorily obligated to make payments in-lieu of taxes (PILT) to counties in the state if they opt to collect PILT rather than keep revenue from fines assessed for violations of hunting regulations. During the 2013-15 biennium, PILT to counties is rolled back to their 2009 levels. (General Fund-State, General Fund-Federal)

2013-15 Omnibus Operating Budget Dept of Fish and Wildlife

- 2. Shift HPA Pgm Exp to ALEA** - The Hydraulic Project Approval (HPA) program permits projects that occur in state waters at or below the ordinary high water mark. To achieve state general fund savings during the 2013-15 biennium, 49 percent of the HPA program's state general fund expenditures are transferred to the Aquatic Lands Enhancement Account (ALEA) on a one-time basis. (General Fund-State, Aquatic Lands Enhancement Account-State)
- 3. Suspend Winter Elk Feeding** - WDFW maintains two primary elk feeding stations in order to reduce conflicts with agricultural operations. During the 2013-15 biennium, the elk feeding budget is reduced by 50 percent to achieve state general fund savings.
- 4. Shift PS Toxic Sampling to STCA** - WDFW samples two key indicator fish species to inform policy and decision makers regarding the presence of toxic contaminants in the Puget Sound food web and the general health of Puget Sound. Funding for this work is shifted on an ongoing basis from ALEA and the state general fund, to the State Toxics Control Account (STCA). (General Fund-State, Aquatic Lands Enhancement Account-State, State Toxics Control Account-State)
- 5. Shift AIS and Ballast Wtr to ALEA** - WDFW monitors commercial vessels entering Washington ports that have the highest risk of transporting aquatic invasive species in their ballast water. WDFW also monitors the spread of aquatic invasive species in the state and provides for cleaning and containment of infested areas. Funding for this work is shifted on an ongoing basis from the state general fund to ALEA. (General Fund-State, Aquatic Lands Enhancement Account-State)
- 6. Shift Comm. Shellfish Mgmt to ALEA** - WDFW manages recreational and commercial shellfish fisheries and is responsible for protecting species and their habitat. Funding for this work is shifted on an ongoing basis from the state general fund to ALEA. (General Fund-State, Aquatic Lands Enhancement Account-State)
- 7. Shift Water Quality Lab to STCA** - WDFW analyzes water samples from its hatchery water intakes and outfalls for fish waste and chemical content under the pollution discharge permit issued by the Department of Ecology (DOE). These analyses are compiled into a mandatory compliance report. Funding for the water quality laboratory is shifted on an ongoing basis from the state general fund to STCA. (General Fund-State, State Toxics Control Account-State)
- 8. Shift Hatchery NPDES to STCA** - Hatchery facilities operated by WDFW are required to obtain National Pollution Discharge Elimination System (NPDES) permits administered by DOE. Funding to pay the permit fees is shifted on an ongoing basis from the state general fund to STCA. (General Fund-State, State Toxics Control Account-State)
- 9. Shift GMA/SMA to STCA** - WDFW supports local governments in implementing the Shoreline Management Act which leads to the protection of aquatic lands and identifies restoration of degrading shoreline functions. Funding for this work is shifted on an ongoing basis from the state general fund to STCA. (General Fund-State, State Toxics Control Account-State)
- 10. Shift Hatchery Expenses to ALEA** - WDFW produces fish at state-operated hatcheries for recreational and commercial fisheries and to recover threatened and endangered fish populations. During the 2013-15 biennium, a portion of hatchery expenditures funded through the state general fund are shifted to ALEA. (General Fund-State, Aquatic Lands Enhancement Account-State)
- 11. Attorney General Legal Services** - Agency budgets are adjusted to align with expected billing levels for agency legal services in the 2013-15 biennium. (General Fund-State, Other Funds)
- 12. CTS Central Services** - Funding is provided for each agency's share of enterprise information technology security services provided by Consolidated Technology Services. This allocation is distributed based upon each agency's percentage share of actual statewide information technology full-time equivalent employees. (General Fund-State, Other Funds)
- 13. DES Central Services** - Agency budgets are adjusted to align with expected billing levels for the Department of Enterprise Services in the 2013-15 biennium. (General Fund-State, Other Funds)
- 14. Wildlife Area Operations & Maint** - WDFW generates revenue through timber thinning, agriculture agreements, easements, and other activities on wildlife area lands operated with a federal Pittman-Robertson grant and state funds. Federal expenditure authority is increased, in addition to the expenditure authority from the State Wildlife Account (SWA) that is required as matching funds, on an ongoing basis to address operation and maintenance needs on WDFW wildlife area lands. (General Fund-Federal, State Wildlife Account-State)

2013-15 Omnibus Operating Budget Dept of Fish and Wildlife

15. New WILD System - WDFW's automated licensing system, the Washington Interactive Licensing Database (WILD), is the system through which hunting and fishing licenses and Discover Passes are sold. The WILD contract with the current vendor expires in FY 2014. A new licensing vendor was contracted to build a new WILD system and is allowed to request up to \$1 million in payment for services rendered and equipment purchased and installed. This payment would be a loan paid back to WDFW in the form of the contractor taking a lower percentage of the transaction fee revenue. There is available fund balance within the restricted sub-account of SWA where transaction fee revenue is deposited, and expenditure authority is increased to cover the costs of the new system. (State Wildlife Account-State)

16. Pt. Whitney Staff Relocation - WDFW shares office space with a private commercial fish grower at WDFW's Point Whitney shellfish facility in Brinnon. The commercial grower wishes to expand operations and expenditure authority is increased in SWA to reflect an increase in revenue expected with the expanded lease. Funds are provided for WDFW staff stationed at Point Whitney to be relocated to a more urban location closer to the majority of WDFW's work stations in this region. (State Wildlife Account-State)

17. Vancouver Region Office Relocation - During the 2013-15 biennium, WDFW will relocate its southwest regional office to a facility located in a more secure area that will improve accessibility and public safety, reduce travel costs for field operations, and provide adequate space and protection of WDFW equipment. Funding is provided on a one-time basis for moving and associated relocation costs. (State Wildlife Account-State)

18. Reduce Deer & Elk Property Damage - A Wildlife Conflict Management Program is established to quickly and efficiently address the increasing number of interactions between wildlife and humans. This program will provide resources to landowners and take measures to support sustainable wildlife populations. Ongoing funding from increased sales of multi-season deer and elk hunting permits will focus on conflicts creating chronic property damage in the most vulnerable areas of the state. (State Wildlife Account-State)

19. Science and Public Policy - Chapter 68, Laws of 2013 (HB 1112), requires WDFW to identify peer-reviewed science, scientific literature, and other sources of information reviewed by WDFW before taking a significant agency action, and to make that information available on the WDFW website. Funding is provided on an ongoing basis for WDFW staff time to implement the provisions of the bill.

20. Cowlitz River Chinook Production - Funding is provided for the department to increase fall Chinook salmon production on the Cowlitz River and to secure local matching funds for the same purpose. (General Fund-State, State Wildlife Account-State, Columbia River Recreational Salmon and Steelhead Pilot Stamp Program Account-Nonappropriated)

21. Clark Creek and Lakewood Hatchery - Funding is provided for the transfer of trout production from the Clarks Creek hatchery to the Lakewood hatchery and funding for increased production of Steelhead, Coho and Chinook at the Clarks Creek hatchery.

22. Wolf Conflict Management - Chapter 329, Laws of 2013 (E2SSB 5193), increases the initial registration and renewal fees for personalized license plates by \$10 beginning in FY 2014 for deposit into the unrestricted portion of SWA for the protection and management of nongame species as described in RCW 46.68.435. Expenditure authority is increased to reflect the additional ongoing revenue. (State Wildlife Account-State)

23. New Step M for Classified-Yr 1 Impl - Funding is provided in agency budgets for classified employees who have been at their top step for at least six years to move to a new top step during FY 2014. A new top step was included as part of several 2011-13 collective bargaining agreements. (General Fund-State, Other Funds)

24. New Step M for Classified-Yr 2 Impl - A new top step is included in several 2013-15 collective bargaining agreements. Funding is provided for additional classified employees to move to the new top step during FY 2015. The increase would affect those who reach six years at the current top step during FY 2015 and were not yet eligible for the increase during FY 2014. (General Fund-State, Other Funds)

25. State Employee Health Insurance - Funding for state employee health insurance is reduced from \$800/month per employee to \$782/month in the first fiscal year and \$791/month in the second fiscal year. (General Fund-State, Other Funds)

2. Shift Forest Practices Expenditures - The Forest Practices Program processes forest practices permits and enforces the state Forest and Fish Rules. During the 2013-15 biennium, 20 percent of the program's state general fund expenditures are shifted to dedicated accounts. (General Fund-State, State Toxics Control Account-State, Resources Management Cost Account-State)

3. Marine Spatial Planning - Marine spatial planning is a process that brings together multiple stakeholders to make decisions about how to use marine resources. The work is funded through the Marine Resources Stewardship Trust Account which receives funding during the 2013-15 biennium by a transfer from ALEA. Funding is provided for marine spatial planning activities and efforts including mapping, ecological assessment, data tools, and stakeholder engagement. (Marine Resources Stewardship Trust Account-State)

2013-15 Omnibus Operating Budget Department of Natural Resources

- 4. Remove Derelict Vessel** - Ongoing funding from ALEA is provided to increase DNR's ability to remove and dispose of derelict vessels that pose risks related to hazardous materials and navigation. (Aquatic Lands Enhancement Account-State)
- 5. Adaptive Mgmt for PS Recovery** - Adaptive management is the process of verifying that DNR rules are achieving their policy objectives. Ongoing funding from the aquatics portion of RMCA is provided to establish an adaptive management program for Puget Sound and DNR's aquatic lands. Scientific information will be collected and integrated into decisions to avoid impacts on species and habitats and to enhance or restore habitat quality on state-owned aquatic lands, with a focus on Puget Sound recovery. (Resources Management Cost Account-State)
- 6. Restore Aquatic Lands** - Ongoing funding from the aquatics portion of RMCA is provided for long-term planning and to enable DNR to provide funding to partners for large restoration projects on state-owned aquatic lands in support of the Puget Sound Action Agenda. (Resources Management Cost Account-State)
- 7. Remove Creosote Piling** - One-time funding from the aquatics portion of RMCA is provided for DNR to remove pilings and creosote wood structures from Puget Sound, Hood Canal and other areas of the state. (Resources Management Cost Account-State)
- 8. Remove Large Debris** - Ongoing funding from the aquatics portion of RMCA is provided for DNR to contract for the removal of large debris from state-owned aquatic lands. (Resources Management Cost Account-State)
- 9. Manage Aquatic Reserves** - Ongoing funding from the aquatics portion of RMCA is provided for DNR to implement the management plans drawn up for each of the state's seven aquatic reserves. These plans outline baseline monitoring goals as well as education and outreach initiatives. (Resources Management Cost Account-State)
- 10. Eradicate Invasive Species** - One-time funding from the aquatics portion of RMCA is provided for the completion of cooperative weed management agreements in the remaining areas of the state and implementation of the highest priority noxious weed eradication work. (Resources Management Cost Account-State)
- 11. Investigate Outfalls on Aquatic Lds** - Ongoing funding is provided from the aquatics portion of RMCA for DNR to contract with other governmental entities or contractors to identify and recommend alternatives to existing outfalls, with the intention of decreasing the total volume of storm water deposited into the state's waters. (Resources Management Cost Account-State)
- 12. Attorney General Legal Services** - Agency budgets are adjusted to align with expected billing levels for agency legal services in the 2013-15 biennium. (General Fund-State, Other Funds)
- 13. CTS Central Services** - Funding is provided for each agency's share of enterprise information technology security services provided by Consolidated Technology Services. This allocation is distributed based upon each agency's percentage share of actual statewide information technology full-time equivalent employees. (General Fund-State, Other Funds)
- 14. DES Central Services** - Agency budgets are adjusted to align with expected billing levels for the Department of Enterprise Services in the 2013-15 biennium. (General Fund-State, Other Funds)
- 15. Aquatic Lands Business Management** - DNR manages 2.6 million acres of state-owned aquatic lands and more than 5,000 leases and contracts on those lands. Ongoing funding is provided from the aquatics portion of RMCA to address a growing backlog of expired leases and new applications. Additional staff will focus on processing new or reauthorized uses. Additionally, aquatic lease compliance data will be collected, stored, and analyzed to assess and ensure minimal impact to aquatic environments resulting from DNR-authorized uses. (Resources Management Cost Account-State)
- 16. Aquatic Land Investigation/Cleanup** - DNR has been identified as a potential liable party by the Department of Ecology (DOE) under the Model Toxics Control Act on three Puget Sound basin cleanup efforts. Under DOE order, DNR is required to pay for a portion of the costs to complete remedial investigation work at Whitmarsh Landfill (Fidalgo Bay) and Mill Site A (Everett). In addition, DNR is required by an existing hydraulic project approval permit to perform final-year maintenance of the Olympic View Triangle site in Commencement Bay. One-time funding is provided from the State Toxics Control Account to cover these costs. (State Toxics Control Account-State)

2013-15 Omnibus Operating Budget
Department of Natural Resources

17. Protect Clean Water, Forests & Fish - Expenditure authority is increased from the Forest and Fish Support Account to allow DNR to complete high priority Clean Water Act assurance milestones and Adaptive Management Program research/monitoring projects necessary to support the Forest Practices Habitat Conservation Plan. Funding from the Forest Practices Application Account is provided to DNR to continue integrating hydraulic project approvals with the Forest Practices application as directed by state law. (Forest Practices Application Account-State, Forest and Fish Support Account-State)

18. Geoduck Diver Safety Program - Chapter 204, Laws of 2013 (2SHB 1764), creates the Geoduck Harvest Safety Committee which will submit recommendations regarding the establishment of a geoduck diver safety program. Funding is provided from the aquatics portion of RMCA for DNR to establish the safety criteria and the safety program, and to implement the remaining provisions of the bill. (Resources Management Cost Account-State)

19. Derelict and Abandoned Vessels - Chapter 291, Laws of 2013 (ESHB 1245), authorizes several state agencies to continue existing and begin new activities aimed at reducing the number of instances of derelict vessels in waters of the state, and to reduce the complexity and severity of environmental degradation associated with derelict vessels. Ongoing funding and FTE staff are provided for DNR to establish and administer a vessel turn-in program, and to continue the removal and disposal of derelict vessels. (Derelict Vessel Removal Account-State)

20. Map Aggregate Resources - Aggregate resources (sand, gravel, and crushed stone) are used in road construction and in commercial and residential development. Aggregate resource maps are recognized as best available science under the Growth Management Act and local governments use them to reduce permit costs and make long-term land use plans and decisions. Expenditure authority is increased in the Surface Mining Reclamation Account using available fund balance to conduct a three-year project that will result in one completed aggregate resource map each year for Pierce, Lewis, and Thurston counties. (Surface Mining Reclamation Account-State)

21. Trust Land Productivity and Revenue - Lands managed by DNR generate about \$205 million a year in non-tax revenues. The economic downturn that began in 2008 resulted in reduced revenues into the trust land management accounts and trust and forest land management activities were suspended or reduced. Timber prices and revenues have since increased and expenditure authority is thereby increased in the uplands portion of RMCA and the Forest Development Account to resume trust land management activities deferred during the recession such as silviculture vegetation management, land surveying, and research and monitoring. (Forest Development Account-State, Resources Management Cost Account-State)

22. New Step M for Classified-Yr 1 Impl - Funding is provided in agency budgets for classified employees who have been at their top step for at least six years to move to a new top step during FY 2014. A new top step was included as part of several 2011-13 collective bargaining agreements. (General Fund-State, Other Funds)

23. New Step M for Classified-Yr 2 Impl - A new top step is included in several 2013-15 collective bargaining agreements. Funding is provided for additional classified employees to move to the new top step during FY 2015. The increase would affect those who reach six years at the current top step during FY 2015 and were not yet eligible for the increase during FY 2014. (General Fund-State, Other Funds)

24. State Employee Health Insurance - Funding for state employee health insurance is reduced from \$800/month per employee to \$782/month in the first fiscal year and \$791/month in the second fiscal year. (General Fund-State, Other Funds)

Comments:

1. Reduce Fair Fund Expenditures - The Fair Account is reduced to balance actual available funds with spending authority. (Fair Fund-Nonappropriated)

2. Attorney General Legal Services - Agency budgets are adjusted to align with expected billing levels for agency legal services in the 2013-15 biennium. (General Fund-State, Other Funds)

3. CTS Central Services - Funding is provided for each agency's share of enterprise information technology security services provided by Consolidated Technology Services. This allocation is distributed based upon each agency's percentage share of actual statewide information technology full-time equivalent employees. (General Fund-State, Other Funds)

4. DES Central Services - Agency budgets are adjusted to align with expected billing levels for the Department of Enterprise Services in the 2013-15 biennium. (General Fund-State, Other Funds)

5. Fund Small Farm & Marketing Assist - In 2001, the Small Farm and Direct Marketing Assistance Program was created to assist farmers selling directly to consumers. In 2008, the Farm to School Program was created to invest in new markets for Washington farms while increasing access to healthy foods. Funding is provided to partially restore the Small Farm & Direct Marketing Assistance and Farm to School Programs within the Department of Agriculture that were eliminated in 2011.

6. Animal Traceability Program - Expenditure authority is increased to reflect the anticipated revenue generated from the fee created in Chapter 204, Laws of 2011, Partial Veto (SHB 1538). Fee revenue will support establishing and operating a database and the related software needed for the animal disease traceability program, in addition to conducting the activities associated with the program. (Agricultural Local Fund-Non-Appropriated)

2013-15 Omnibus Operating Budget Washington State Patrol

5. Criminal History System Upgrade - The Washington State Patrol operates the Washington State Identification System (WASIS) and Washington Crime Information Center (WACIC), collectively known as W2. These systems store and share criminal justice information within Washington State and with other states, federal agencies, and other countries. The W2 is written in obsolete programming languages which are no longer supported by most vendors nor adaptable with current computer operating systems. This funding will begin a phased upgrade of W2 to current technology capable of interfacing with modern web-based systems. Upgrades may not begin until the Washington State Patrol has begun to relocate its servers to the Washington State Data Center at 1500 Jefferson Street. (Fingerprint Identification Account-State)

6. Sergeant Mobile Laptop Computers - The Mobile Office Platform Program is expanded to include sergeant vehicles. This program impacts both the omnibus appropriations act and the transportation budget. This funding represents only the General Fund-State portion of the total program costs.

7. Crim. History Microfilm Conversion - Funding is provided in FY 2015 to begin conversion of the microfilm library of approximately 17 million source documents to electronic images. (Fingerprint Identification Account-State)

8. Firearm Offenders - Funding is provided for implementation of Chapter 183, Laws of 2013 (SHB 1612). The Washington State Patrol must build a new database within the state's existing criminal records system.

9. Aviation Rent and Utilities - Costs are shared between the omnibus appropriations budget and the transportation budget for aviation hangar rental and utility costs based on flight hours. Under this policy the transportation budget is responsible for 93 percent of the hangar rental and utility costs. The policy is changed to reflect a fifty-fifty cost split based on space utilized by the Washington State Patrol's two King Air jets and the Cessna program planes.

10. Fire Fighter Apprenticeship - Funding to support the Fire Fighter Apprenticeship program is increased. (Fire Services Account-State)

11. Crime Lab GF-S/Death Investigations - Funding from the state general fund for the state crime lab is reduced and appropriation authority is increased from the Death Investigations Account for the 2013-15 biennium. (General Fund-State, Death Investigations Account-State)

12. WSP Lieutenants' Association - Funding is provided for the arbitration award for the Washington State Patrol Lieutenants' Association that includes a pay increase of 3 percent effective July 1, 2014, and paid parking for assigned agency vehicles for non-reserved parking on the Capital campus. (General Fund-State, State Highway Account-State, State Patrol Highway Account-Federal)

13. WSP Troopers' Association - Funding is provided for the arbitration award for the Washington State Patrol Troopers' Association that includes a pay increase of 3 percent effective July 1, 2013, and a longevity pay increase of 1 percent for troopers in their 5th-9th years, effective July 1, 2014. (General Fund-State, General Fund-Federal, State Patrol Highway Account-State, Various Other Accounts)

14. (Business and Professions Account-State).

6. Master Esthetician License - Chapter 187, Laws of 2013 (SHB 1779) provides expenditure authority for one-time costs associated with the creation and regulation of an endorsement for master estheticians including a definition of scope of practice and an increase in required school hours for this endorsement. (Business and Professions Account-State).

7. Scrap Metal Theft - Chapter 322, Laws of 2013 p.v. (ESHB 1552) provides expenditure authority to expand metal theft prevention and establish a licensing and regulatory program within the Department of Licensing. It requires a person engaging in the business of a scrap metal processor, scrap metal recycler, or scrap metal supplier to obtain a scrap metal license. (Business and Professions Account).

Comments:

1. Attorney General Legal Services - Agency budgets are adjusted to align with expected billing levels for agency legal services in the 2013-15 biennium. (General Fund-State, Other Funds)

2. Administrative Hearings - Agency budgets are adjusted to align with expected billing levels for the Office of Administrative Hearings in the 2013-15 biennium. (General Fund-State, Other Funds)

3. CTS Central Services - Funding is provided for each agency's share of enterprise information technology security services provided by Consolidated Technology Services. This allocation is distributed based upon each agency's percentage share of actual statewide information technology full-time equivalent employees. (General Fund-State, Other Funds)

4. DES Central Services - Agency budgets are adjusted to align with expected billing levels for the Department of Enterprise Services in the 2013-15 biennium. (General Fund-State, Other Funds)

5. Charter Schools (Initiative 1240) - Voters approved Initiative 1240 in the 2012 General Election, which authorizes up to 40 publicly-funded charter schools in Washington State over a period of five years. The initiative creates additional workload requirements for the State Board of Education and the Office of the Superintendent of Public Instruction.

6. Audit Workload Increase - One-time funding is provided to the Office of the Superintendent of Public Instruction to accommodate an increase in audits of school districts' Alternative Learning Experience (ALE) programs. Because Chapter 34, Laws of 2011 (ESHB 2065) reformed ALE programs, OSPI and the State Auditor's Office anticipate an increase in audit findings for the 2012-13 school year. A one-time workload increase is funded for the 2013-15 biennium to address additional audit resolutions and appeals in the ALE program area.

7. Longitudinal Data System - Funding is provided to maintain and operate the K-12 Statewide Longitudinal Data System. In 2009, the Office of the Superintendent of Public Instruction was awarded a \$5.9 million, four-year federal grant to build a statewide longitudinal data system (SLDS). The federal grant ends in June 2013 and all technical systems and business processes are scheduled to be completed at that time. State funding is provided for maintenance and operation of the technical systems and business processes developed under the federal grant, including the K-12 SLDS and the Student Record Exchange system.

8. Affordable Care Act Education - One-time funding is provided for the Office of the Superintendent of Public Instruction to develop and implement an outreach and education program to inform school districts and employee representative organizations of the health insurance plans, premium tax credits, and out-of-pocket cost subsidies available to individuals who purchase health plans offered through the Washington health benefit exchange.

9. Kindergarten Readiness WaKIDS - Funding is provided for implementation of the Washington Kindergarten Inventory and Developing Skills (WaKIDS) program, related to the increase in state-funded full-day kindergarten classes.

10. Troubled Youth in Schools - Funds are provided to implement Engrossed Substitute House Bill 1336 (troubled youth in schools). The bill adds educator training requirements and school planning requirements regarding youth emotional and behavioral distress, including suicide screening and referral. The bill also establishes a temporary task force to identify best practices for school districts to develop partnerships with community agencies to support youth in need.

11. State-Tribal Ed Compact - Funds are provided to implement Engrossed Substitute House Bill 1134 (state-tribal education compacts). One-time funding in the amount of \$103,000 is provided for reprogramming of the apportionment system. Additional funds are provided for the Office of the Superintendent of Public Instruction to adopt rules for the state-tribal education compacts and to administer the compact school application process. Funding for Local Effort Assistance (LEA) is reduced as a result of certain districts no longer being able to include tribal compact school revenue in LEA calculations. The change reduces LEA by \$338,000 in fiscal year 2015.

12. Computer Science Education - Funding is provided for the implementation of House Bill 1472 (computer science education), an initiative to improve and expand access to computer science education. The bill requires school districts to approve Advanced Placement (AP) Computer Science as equivalent to high school mathematics or science, and creates a grant program to support computer science professionals service as co-instructors for AP Computer Science and upgrades in technology, curriculum, and teacher training.

2013-15 Omnibus Operating Budget
Public Schools
OSPI & Statewide Programs

13. Cardiac Arrest - Funding is provided for the implementation of House Bill 1556 (cardiac arrest/high school), creating initiatives in high schools to save lives in the event of cardiac arrest. The bill requires the Office of the Superintendent of Public Instruction, in consultation with others, to develop guidelines for medical emergency response and automated external defibrillator program for high schools. School districts that include high schools are required to offer instruction in cardiopulmonary resuscitation (CPR). CPR is added to the instructional requirements in health classes necessary for graduation.

14. School Pilot Program Data & Study - Funds are provided to support the collection of data that will be used in measuring the outcomes of several pilot projects funded by the Legislature in recent years.

15. Navigation 101 - Navigation 101 is part of a comprehensive school guidance and counseling program in Washington state. The purpose of Navigation 101 is to help students make choices for college and career readiness in the areas of course selection, goal setting, career planning, and postsecondary options, including financial aid. Funding for the Navigation 101 grants is eliminated. Funding for 2.5 FTEs is maintained.

16. Washington Innovation Schools - The Washington Innovation Schools program, created in 2011 under Chapter 202, Laws of 2011 (HB 1521), directed the Office of the Superintendent of Public Instruction (OSPI) to identify and designate Washington Innovation Schools utilizing selection criteria developed by OSPI. Funding is provided for OSPI to convene a committee in FY 2014 and FY 2015 to select and recognize Washington Innovation schools using the existing selection criteria to identify additional innovative schools.

17. Non-violence Leadership Training - Funding is provided to expand the nonviolence and leadership training program, provided by the institute for community leadership, to a statewide program.

18. Technical Correction - Funding is adjusted to reflect amounts provided in the bill.

19. Funding Adjustment - Funding allocations for the Office of the Superintendent of Public Instruction are increased on a one-time basis to support the Washington's Teach of the Year.

20. Washington Achievers Scholars - Washington Achievers Scholars program is expanded to increase the number of school districts in which the program is provided.

21. School Nurses - Funding is provided to the Health Care Authority and the Office of the Superintendent of Public Instruction to develop recommendations for funding integrated school nursing and outreach services.

22. New Step M for Classified-Yr 1 Impl - Funding is provided in agency budgets for classified employees who have been at their top step for at least six years to move to a new top step during FY 2014. A new top step was included as part of several 2011-13 collective bargaining agreements. (General Fund-State, Other Funds)

23. New Step M for Classified-Yr 2 Impl - A new top step is included in several 2013-15 collective bargaining agreements. Funding is provided for additional classified employees to move to the new top step during FY 2015. The increase would affect those who reach six years at the current top step during FY 2015 and were not yet eligible for the increase during FY 2014. (General Fund-State, Other Funds)

24. State Employee Health Insurance - Funding for state employee health insurance is reduced from \$800/month per employee to \$782/month in the first fiscal year and \$791/month in the second fiscal year. (General Fund-State, Other Funds)

25. Alt Routes Conditional Loan Trans - Alternative certification routes are teacher training programs that serve as different options to traditional teacher preparation programs. The conditional loan component of the program is transferred to the Washington Student Achievement Council (WSAC), as specified by RCW 28A.660.050. The Professional Educator Standards Board (PESB) retains policy control over the program and selection of individuals receiving the conditional loans, consistent with Chapter 28A.660 RCW. Previously, the PESB and the WSAC did an annual interagency transfer to administer the conditional loan component.

Comments:

1. Reduce Early Elementary Class Size - Chapter 236, Laws of 2010 (SHB 2776) established new formulas for allocating funding for a number of programs, including General Apportionment, Learning Assistance Program, Highly Capable Program, and Transitional Bilingual Program. Included in the new formulas was a reduction in class sizes for grades kindergarten through three. Allocations provided in School Years 2013-14 and 2014-15 reduce class size for grades kindergarten through three from 25.23 full-time equivalent students (FTEs) to 23.50 FTEs. Schools with high poverty students, those schools with more than 50 percent of students qualifying for free and reduced price lunch, are reduced from 24.10 FTEs to 21.76 FTEs.

2. Expand Full Day Kindergarten - Allocations for statewide voluntary full-day kindergarten programs is expanded, increasing from 22 percent of kindergarten enrollment in School Year 2012-13 to 48 percent of kindergarten enrollment in School Years 2013-14 and 2014-15. Chapter 236, Laws of 2010 (SHB 2776) requires full implementation of statewide funding for voluntary full day kindergarten by 2018.

3. Remove Hold Harmless - Chapter 236, Laws of 2010 (SHB 2776) established new formulas for allocating funding for a number of programs, including General Apportionment, Learning Assistance Program, Highly Capable Program, and Transitional Bilingual Program. The 2011-13 biennial budget provided funding to hold districts harmless to per-student funding amounts that existed prior to the formula conversion. The 2013-15 biennial budget eliminates the need for hold harmless amounts by the following basic education funding changes: (1) increasing the funding allocations for implementing the targets provided in statute, (2) providing additional allocations in the Learning Assistance Program and the Transitional Bilingual Program, and (3) providing additional allocations to fund an increase in 7th through 12th grade instructional hours. (Education Legacy Trust Account)

4. Materials, Supplies, & Op. Costs - Allocations for Materials, Supplies, & Operating Costs (MSOC) are increased from \$562.88 per full-time equivalent student in School Year 2013-14 to \$784.31 per full-time equivalent student. In School Year 2014-15 MSOC allocations are increased to \$797.64. The MSOC allocation required by RCW 28A.150.260(8)(b) is revised to reflect actual audited expenditures by school districts, as reported by the Office of the Superintendent of Public Instruction. The allocations in the 2013-14 and 2014-15 school years achieve 45 percent of the additional MSOC funding necessary to meet full funding requirements under the revised MSOC values.

5. ALE Audit Recoveries - The State Auditor's Office (SAO) recently completed 2010-11 school year audits of the Alternative Learning Experience (ALE) Program. A one-time adjustment for audit recoveries is assumed based on the scope and size of the audit findings, adjusted by the historical ratio of SAO audit findings to the Office of the Superintendent of Public Instruction audit resolution recoveries for the ALE programs.

6. District Payment Schedule - The schedule by which the Superintendent apportionments allocations to the school districts is revised, reducing the total number of payments from one per month to one every other month. Currently the apportionment payments that occur in separate state fiscal years but occur in the same school fiscal year total 20 percent of the total payments. Under the new schedule, this difference increases to 22 percent. The change in the apportionment schedule of payments to school districts is phased in with monthly payments of 8 percent on last business day of September and October and 7.5 percent on the last business day of November and December. The new apportionment schedule, which is fully implemented beginning with the first district payment in calendar year 2014, is as follows: 16.0 percent each on September 1, January 1, and May 1; 15.0 percent each on November 1 and March 1; and 22.0 percent on July 1. During the 2013-14 school year, school districts will receive a total of eight payments with 78% of occurring prior to June 30 and 22% of payments occurring on or after July 1. The number of payments is reduced to 6 in school year 2014-15.

7. Alternative Learning Experience - In response to recent state audit findings, the state will establish new parameters for funding Alternative Learning Experience (ALE) programs. School districts may claim funding for students who reside in district. School districts may only claim nonresidents if s/he meets one the following conditions: (1) the course identified in the student's written student learning plan are all online courses; (2) the student has in-person, face-to-face instructional contact for at least twenty percent of the total weekly time for the course; or (3) at least ninety percent of the district's total ALE headcount consists of students residing in district.

8. Career & Tech. Ed. MSOC - Enhanced funding for the Career & Technical Education Materials, Supplies, & Operating Costs (CTE MSOC) is adjusted to equal the MSOC allocations for the Skill Center program. The CTE MSOC is reduced from \$1,404.84 to \$1,249.17 in SY 2013-14. In SY 2014-15 the CTE MSOC is reduced from \$1,428.72 to \$1,270.41.

Districts will receive state allocations as calculated under the Student Transportation Allocating Reporting system (STARS). The STARS uses statistical analysis of the 295 school districts to determine each district's expected cost of operations.

2. Comments:

1. Levy Equalization - The 2013-15 biennial budget: increases state funding allocations for materials, supplies, and operating costs, early elementary class size reductions, full-day kindergarten, and the Learning Assistance Program; and implements the expected cost transportation funding formula. Increased funding expands the levy base, which results in increased Local Effort Assistance (LEA) distributions. Amounts appropriated for LEA include funding sufficient for LEA distributions from the levy base as defined in RCW 84.52.0531 (3) -(5).

2. State-Tribal Ed Compact - Funds are provided to implement Chapter 242, Laws of 2013 (E2SHB 1134). One-time funding in the amount of \$103,000 is provided for reprogramming of the apportionment system. Additional funds are provided for the Office of the Superintendent of Public Instruction to adopt rules for the state-tribal education compacts and to administer the compact school application process. Funding for Local Effort Assistance (LEA) is reduced as a result of certain districts no longer being able to include tribal compact school revenue in LEA calculations. The change reduces LEA by \$338,000 in FY 2015.

3. PPI Adjustment - The per pupil inflator for FY 2014 is reduced from 6.8 percent at maintenance level to 5 percent, and increased from 1.7 percent to 5 percent in FY 2015. This results in a net funding increase of \$623,000 in the biennium.

Comments:

1. Suspend National Board Inflation - The National Board Bonus program provides annual bonuses to teachers and counselors who have earned rigorous National Board certification in one or more of 25 subject areas. RCW 28A.405.415 requires the regular bonus to be adjusted for inflation, increasing the bonus from \$5,090 to \$5,510. This requirement is suspended for the 2013-15 biennium and the bonus will remain at \$5,090.

2. Assessment Reforms - Savings are assumed from changes to the statewide required student assessments. The changes to assessments include: replacement of high school reading and writing exams with a single English language arts exam; and, utilization of the Smarter Balance test bank. Collection of Evidence grading is maintained at the Education Service Districts.

3. Financial Education Partnership - Funding is provided for the financial literacy public-private partnership for fiscal years 2014 and 2015 to promote the financial literacy of students. Funding for the partnership was previously funded by a private grant. The grant is set to expire at the end of the 2013 fiscal year. The general fund-state appropriation is provided to replace the grant funds previously used to support the partnership.

4. Teacher & Principal Eval Training - Funding for training in the new teacher evaluation program and district student growth training is provided. A one-time allocation totaling \$10 million is provided in FY 2014 and again in FY 2015 for the Office of the Superintendent of Public Instruction to begin implementation of eight hours of training for every teacher in the state for the purpose of understanding the instructional framework, state evaluation criteria, evaluation tool, and evidence required to determine effectiveness under the new teacher principal evaluation program. On-going allocations totaling \$5 million per year is provided for small team "train the trainer" series for select staff from each of the 295 school districts on the use of student growth measures. The trained teams will provide three hours of training at their respective districts for one-third of teachers each year until full training implementation is achieved.

5. Career & Technical Education Grants - Funding is increased for secondary career and technical education grants.

6. Persistently Lowest-Achieving Sch. - Funding is provided for Engrossed Second Substitute Senate Bill 5329. Funding is sufficient to provide grants to school districts identified as persistently lowest-achieving, and having been listed by the Office of the Superintendent of Public Instruction (OSPI) as a Required Action District (RAD). Grant size provide to the RAD is determined by the OSPI. Funds are also provided for staffing at OSPI for the implementation and continued administration of the program.

7. New Step M for Classified-Yr 1 Impl - Funding is provided in agency budgets for classified employees who have been at their top step for at least six years to move to a new top step during FY 2014. A new top step was included as part of several 2011-13 collective bargaining agreements. (General Fund-State, Other Funds)

1. District Payment Schedule - The schedule by which the Superintendent apportionments allocations to the school districts is revised, reducing the total number of payments from one per month to one every other month. Currently the apportionment payments that occur in separate state fiscal years but occur in the same school fiscal year total 20 percent of the total payments. Under the new schedule, this difference increases to 22 percent. The change in the apportionment schedule of payments to school districts is phased in with monthly payments of 8 percent on last business day of September and October and 7.5 percent on the last business day of November and December. The new apportionment schedule, which is fully implemented beginning with the first district payment in calendar year 2014, is as follows: 16.0 percent each on September 1, January 1, and May 1; 15.0 percent each on November 1 and March 1; and 22.0 percent on July 1. During the 2013-14 school year, school districts will receive a total of eight payments with 78% of occurring prior to June 30 and 22% of payments occurring on or after July 1. The number of payments is reduced to 6 in school year 2014-15.

2. New Step M for Classified-Yr 1 Impl - Funding is provided in agency budgets for classified employees who have been at their top step for at least six years to move to a new top step during FY 2014. A new top step was included as part of several 2011-13 collective bargaining agreements. (General Fund-State, Other Funds)

3. State Employee Health Insurance - Funding for state employee health insurance is reduced from \$800/month per employee to \$782/month in the first fiscal year and \$791/month in the second fiscal year. (General Fund-State, Other Funds)

Comments:

1. Expand Full Day Kindergarten - Allocations for statewide voluntary full-day kindergarten programs is expanded, increasing from 22 percent of kindergarten enrollment in School Year 2012-13 to 48 percent of kindergarten enrollment in School Years 2013-14 and 2014-15. Chapter 236, Laws of 2010 (SHB 2776) requires full implementation of statewide funding for voluntary full day kindergarten by 2018.

2. District Payment Schedule - The schedule by which the Superintendent apportions allocations to the school districts is revised, reducing the total number of payments from one per month to one every other month. Currently the apportionment payments that occur in separate state fiscal years but occur in the same school fiscal year total 20 percent of the total payments. 1. Suspend I-732 COLA - The Initiative 732 cost-of-living adjustments are suspended for the 2013-15 biennium. Initiative 732, approved by voters in 2000, requires an annual cost-of-living increase for school employees based on the Seattle Consumer Price Index for the prior calendar year. These cost-of-living increases are estimate at 2.5 percent for the 2013-14 school year and 1.8 percent for the 2014-15 school year.

Comments:

1. DES Central Services - Agency budgets are adjusted to align with expected billing levels for the Department of Enterprise Services in the 2013-15 biennium. (General Fund-State, Other Funds)

2. College Bound Admin Funding - In August 2008, Washington was awarded a federal College Access Challenge Grant (CACG). Some of those funds have been used for the College Bound Scholarship (CBS) program administration as the program has grown. Washington is no longer receiving CACG funding. Funding is provided to cover that portion of administrative costs no longer funded by the federal CACG grant. (General Fund-State)

3. College Bound Scholarship Funding - In 2007 the Legislature appropriated \$7.4 million to fund scholarships for eligible students in the College Bound Scholarship (CBS) program. The funds were used to purchase Guaranteed Education Tuition program units that are now worth over \$12.1 million as of July 2012. The first CBS cohort will begin receiving these funds in fall 2012. The initial \$7.4 million investment was designed to pay for initial CBS payouts. This item provides additional funding to cover CBS payouts for the 2013-15 biennium. (Education Legacy Trust Account-State)

4. DREAM Act. - Funds are provided to Washington Student Achievement Council to develop an alternative financial aid application to allow students without a nine digit federal identification number to apply for financial aid. (General Fund-State)

2013-15 Omnibus Operating Budget Student Achievement Council

5. State Need Grant - Additional funds are provided to offset the cost to State Need Grant of a 3 percent tuition increase at the University of Washington, Washington State University, Western Washington University, Central Washington University, Eastern Washington University, The Evergreen State College, and the Community and Technical Colleges. (General Fund-State)

7. Re-suspend Future Teachers Schol - Savings are achieved as a result of continuing the suspension of the Future Teachers Conditional Scholarship Program that was implemented in the 2011-13 biennium for the 2013-15 biennium. Those students who received awards in previous years will maintain those awards until they complete their programs.

8. Re-suspend Health Prof Scholarship - Savings are achieved as a result of continuing the suspension of the Health Professionals Conditional Scholarship Program that was implemented in the 2011-13 biennium for the 2013-15 biennium. Those students who received awards in previous years will maintain those awards until they complete their programs.

9. Re-suspend Small Grant Program - Savings are achieved as a result of continuing the suspension of small grant programs that was implemented in the 2011-13 biennium for the 2013-15 biennium, including the Community Scholarship Matching Grant program, Western Interstate Commission for Higher Education student exchange, and state contributions to the Foster Care Endowed Scholarship Trust Fund.

10. Re-suspend WA Scholars and WAVE - Savings are achieved as a result of continuing the suspension of the Washington Scholars and Washington Award for Vocational Excellence Programs that was implemented in the 2011-13 biennium for the 2013-15 biennium. Those students who received awards in previous years will maintain those awards until they complete their programs. Awards for current students are adjusted for the tuition rate assumed in the operating budget.

11. New Step M for Classified-Yr 2 Impl - A new top step is included in several 2013-15 collective bargaining agreements. Funding is provided for additional classified employees to move to the new top step during FY 2015. The increase would affect those who reach six years at the current top step during FY 2015 and were not yet eligible for the increase during FY 2014. (General Fund-State, Other Funds)

12. State Employee Health Insurance - Funding for state employee health insurance is reduced from \$800/month per employee to \$782/month in the first fiscal year and \$791/month in the second fiscal year. (General Fund-State, Other Funds)

13. Alt Route Conditional Loan Trans. - Alternative certification routes are teacher training programs that serve as different options to traditional teacher preparation programs. The conditional loan component of the program is transferred to the Washington Student Achievement Council (WSAC), as specified by RCW 28A.660.050. The Professional Educator Standards Board (PESB) retains policy control over the program and selection of individuals receiving the conditional loans, consistent with Chapter 28A.660 RCW. Previously, the PESB and the WSAC did an annual interagency transfer to administer the conditional loan component.

Comments:

Funding is increased in FY 2015 to align with appropriations in SHB 1057.

1. Enhance Audit and QRIS Teams - Ongoing FTE authority is provided to the Department of Early Learning to increase the number of Quality Control Specialists for child care payment audits by five FTE. Funding for the child care payment audits will come from the federal Child Care and Development Fund (CCDF). Two FTEs are provided on a one-time basis, also funded from CCDF resources, for staff for the Early Achievers program, the state's voluntary Quality Rating and Improvement System (QRIS) for child care providers.

2. Attorney General Legal Services - Agency budgets are adjusted to align with expected billing levels for agency legal services in the 2013-15 biennium. (General Fund-State, Other Funds)

3. Administrative Hearings - Agency budgets are adjusted to align with expected billing levels for the Office of Administrative Hearings in the 2013-15 biennium. (General Fund-State, Other Funds)

4. CTS Central Services - Funding is provided for each agency's share of enterprise information technology security services provided by Consolidated Technology Services. This allocation is distributed based upon each agency's percentage share of actual statewide information technology full-time equivalent employees. (General Fund-State, Other Funds)

5. DES Central Services - Agency budgets are adjusted to align with expected billing levels for the Department of Enterprise Services in the 2013-15 biennium. (General Fund-State, Other Funds)

6. Continue EBT System Implementation - Funding is provided for certificate of participation debt service payments for the Department of Early Learning (DEL) to proceed with the development and implementation of an electronic benefit transfer system for child care subsidy payments. This new system updates the current child care subsidy payment model. Debt service payments for this item are scheduled for seven years.

7. Continue EBT Development - Funding is provided on a one-time basis in FY 2014 for the Department to continue development of the electronic benefits system that was begun in FY 2013 but not completed.

8. Maintain ECEAP Slots - For the 2011-13 biennium, the Legislature provided \$2.256 million from the Department of Early Learning's federal Child Care Development Fund (CCDF) appropriation on a one-time basis to add 165 Early Childhood Education and Assistance Program (ECEAP) slots. General Fund-State funding is provided to maintain these slots.

9. FTE authority - The Department is given ongoing FTE authority for five additional Quality Control Specialists for child care payment audits. Additionally, FTE authority is provided on a one-time basis for one FTE as a Special Assistant to the Director for work on the Race to the Top grant; two FTE for Home Visiting Services; one FTE for Strengthening Families Washington; and one FTE for a Grants Management Specialist. These FTEs will be funded out of federal grants received by the Department, except for \$10,000 of the General Fund-State appropriation that is provided for the Special Assistant and \$10,000 of the General Fund-State appropriation that is provided for the Grants Management Specialist.

10. Child Care Reform - Funding is provided for implementation of Chapter 337, Laws of 2013 (2SSB 5595). Funding is provided for staff support for the legislative task force established in the legislation.

11. Technical Correction - Funding is adjusted to reflect amounts provided in the bill.

12. Home Visiting Expansion - Increased funding is provided on an ongoing basis to expand home visiting activities. This funding shall be deposited into the Home Visiting Services Account. (General Fund-State, Home Visiting Services Account)

13. Therapeutic Child Care - An appropriation from the state general fund of \$1.6 million is provided for the Medicaid Treatment Child Care Program in FY 2014, in the event that federal funding is lost.

14. Home Visiting Appropriation - Pursuant to Chapter 165, Laws of 2013 (SB 5809), the Home Visiting Services Account now requires an appropriation. (General Fund-Federal, Home Visiting Services Account)

15. Expand Preschool - Funding is provided to expand access to the Early Childhood Education and Assistance Program (ECEAP), pursuant to RCW 43.215.142. Funding is provided for an additional 625 slots in the 2013-14 school year at \$6,812 per slot. Funding is provided for an additional 1,600 slots in the 2014-15 school year at \$7,500 per slot. Funding is also provided to increase the slot rate to \$7,500 for existing slots in the 2014-15 school year. Total ECEAP slot expansion for the 2013-15 biennium is 2,225, for a total of 10,616 slots by the end of the 2013-15 biennium. Funding is also increased for additional oversight by the Department.

16. New Step M for Classified-Yr 1 Impl - Funding is provided in agency budgets for classified employees who have been at their top step for at least six years to move to a new top step during FY 2014. A new top step was included as part of several 2011-13 collective bargaining agreements. (General Fund-State, Other Funds)

17. New Step M for Classified-Yr 2 Impl - A new top step is included in several 2013-15 collective bargaining agreements. Funding is provided for additional classified employees to move to the new top step during FY 2015. The increase would affect those who reach six years at the current top step during FY 2015 and were not yet eligible for the increase during FY 2014. (General Fund-State, Other Funds)

18. State Employee Health Insurance - Funding for state employee health insurance is reduced from \$800/month per employee to \$782/month in the first fiscal year and \$791/month in the second fiscal year. (General Fund-State, Other Funds)

2. CTS Central Services - Funding is provided for each agency's share of enterprise information technology security services provided by Consolidated Technology Services. This allocation is distributed based upon each agency's percentage share of actual statewide information technology full-time equivalent employees. (General Fund-State, Other Funds)

3. Restore Museum Hours - During the 2013-15 biennium, the Washington State History Museum plans to open Mondays and Tuesdays during the summer months to serve summer tourists visiting the Tacoma Museum District. This action is expected to increase museum admission income, membership dues income, donation income for the exhibits, and public programs for the summer months. (Local Museum Account-Washington State Historical Society-Non-appropriated)

4. New Step M for Classified-Yr 1 Impl - Funding is provided in agency budgets for classified employees who have been at their top step for at least six years to move to a new top step during FY 2014. A new top step was included as part of several 2011-13 collective bargaining agreements. (General Fund-State, Other Funds)

5. New Step M for Classified-Yr 2 Impl - A new top step is included in several 2013-15 collective bargaining agreements. Funding is provided for additional classified employees to move to the new top step during FY 2015. The increase would affect those who reach six years at the current top step during FY 2015 and were not yet eligible for the increase during FY 2014. (General Fund-State, Other Funds)

6. State Employee Health Insurance - Funding for state employee health insurance is reduced from \$800/month per employee to \$782/month in the first fiscal year and \$791/month in the second fiscal year. (General Fund-State, Other Funds)

Comments:

1. Disaster Response Account - Additional funds are provided in the Disaster Response Account for fire costs incurred by the Department of Natural Resources and for the state's portion of costs related to prior storms.

2. Susp Loc Publ Safety Acct Transfer - The transfer into the Local Public Safety Enhancement Account is suspended for the 2013-15 biennium.

3. Communication Services Reform - Funding is provided from the state general fund to the Universal Communications Services Account to establish a temporary state universal communications service program pursuant to Engrossed Second Substitute House Bill 1971 (communications services).

4. Health Benefit Exchange Account - Funding is provided into the Health Benefit Exchange Account as a loan to be repaid from the account by July 30, 2015.

5. Electronic Medical Record System - Funding is provided to plan, procure, and implement the core elements of an electronic medical record system that is compliant with the tenth revision of the International Classification of Diseases (ICD-10) and will facilitate timely sharing of medical information between the state hospitals and other medical providers. This funding will support the Department's efforts to implement a billing system that meets new federal requirements that take effect on October 1, 2014. (General Fund-State, General Fund-Federal)

6. Lean Management - Savings will be achieved by implementing lean management practices. The Office of Financial Management (OFM) will develop a strategic lean management action plan to drive efficiencies in state spending and increase productivity of state employees while improving and increasing state services for taxpayers. The OFM will also develop a lean practitioner fellowship program to train state agency staff.

7. Information Technology Savings - General Fund-State appropriations are reduced in each fiscal year of the biennium to reflect efficiencies in information technology expenditures statewide.

**2013-15 Omnibus Operating Budget
Special Approps to the Governor**

8. Public Health Funding Transfer - Local public health funding previously in the Department of Health is consolidated for distribution to local public health districts. The amounts distributed to the districts will be proportional to the amounts that the Department provided in the 2013-15 biennium.

1. Greenhouse Gas Emissions SB 5802 - Funding is provided for implementation of Chapter 6, Laws of 2013 (E2SSB 5802). The Office of Financial Management shall contract with an independent consultant, selected by the Climate Legislative and Executive Work Group established in E2SSB 5802, for an evaluation of approaches to reducing greenhouse gas emissions. The consultant's evaluation is due to the Governor by October 15, 2013. The Climate Legislative and Executive Work Group will recommend a state program of actions and policies to reduce greenhouse gas emissions. The work group must provide a report to the appropriate policy and fiscal committees of the Senate and House of Representatives by December 31, 2013.

Comments:

1. Charter Schools (Initiative 1240) - Voters approved Initiative 1240 in the 2012 General Election, which authorized up to 40 publicly-funded charter schools in Washington State over a period of five years. The initiative established a State Charter Schools Commission to be housed within the Office of the Governor. It creates additional workload requirements for the State Board of Education, Office of the Superintendent of Public Instruction, Public Employment Relations Commission, and Department of Retirement Systems. Funding is provided for an Executive Director and part-time Administrative Assistant who will provide operational and staff support for the commission.

2. Greenhouse Gas Emissions SB 5802 - Funding is provided for implementation of Chapter 6, Laws of 2013 (E2SSB 5802). The Office of Financial Management shall contract with an independent consultant, selected by the Climate Legislative and Executive Work Group established in E2SSB 5802, for an evaluation of approaches to reducing greenhouse gas emissions. Comments:

1. Inpatient and Outpatient Rebase - Funding is provided to contract with an expert to rebase outpatient and inpatient payment methodologies. Rebasings will change payment methods and ensure compliance with upcoming International Classification of Diseases technology. (General Fund-State, General Fund-Federal)

2. Autism Services - Funding is provided to add Applied Behavioral Analysis therapy as a covered mental health service for children 20 years of age and younger who are members of the Apple Health for Kids program. These services are provided in response to the negotiated settlement agreement from legal action taken against the Health Care Authority in W.A.A.A .vs. Porter. The services are intended to ameliorate the core symptoms of conditions classified as autism spectrum disorders and improve functionality in communication, behavior, and social skills. Funding is also provided for interpreter services and transportation costs associated with delivering these services. (General Fund-State, General Fund-Federal)

3. ACA HBE Shared Costs - Funding is provided to the Health Care Authority for the Medicaid and Children's Health Insurance Program shares of costs allocated from the development of the Washington Health Benefits Exchange. (General Fund-State, General Fund-Federal)

4. Align Expenditures to Revenue - The Emergency Medical Services and Trauma Care Systems Trust Account has been reduced to reflect a reduction in available revenue. (Emergency Medical Services and Trauma Care Systems Trust Account-State)

5. Professional Services Supp. Payment - Funding is provided to expand the current Professional Services Supplemental Payment (PSSP) program to include services provided to managed care enrollees. The PSSP program provides supplemental payments for professional services delivered by providers that are employed or affiliated with the University of Washington or employed by a public hospital that has elected to participate. Payments to participating providers are processed through an intergovernmental transfer program in which the providers are invoiced for the state share of the payments and the Health Care Authority returns the state share with federal matching funds to the providers. Comments:

1. Current Year Variance - Current year underexpenditures are removed from the Developmental Disabilities Services Administration. These underexpenditures otherwise would revert at the end of the 2013 fiscal year. (General Fund-State, General Fund-Federal)

2. MR Exception to Rule - Funding is provided for the workload impact, as well as the per capita cost impact, from an anticipated increase in exception-to-rule (ETR) requests. An ETR refers to additional paid service granted when a client presents a situation that differs from the majority, and is in the interest of both the overall economy and the client's welfare. The exception may not contradict a specific provision of federal law or state statute. (General Fund-State, General Fund-Federal)

3. SOLA Needs - The Department of Social and Health Services will create two new State Operated Living Alternative (SOLA) homes for people with developmental disabilities, one in the Spokane area and another in the Yakima area. SOLA homes provide an additional zero reject option for children who are not eligible for a Residential Habilitation Center placement. (General Fund-State, General Fund-Federal)

4. Community Crisis Stabilization - The Department of Social and Health Services will create and operate a community crisis stabilization home for children and a mobile treatment team that will operate statewide. These services will provide time-limited supports to preserve, maintain, and strengthen an individual's ability to remain in the community with his or her family, rather than move to a residential or institutional placement. Comments:

1. HealthPath Washington - Washington was awarded a developmental grant to design improved coordination of services and manage costs for clients dually eligible for both Medicaid and Medicare. The final plan includes two strategies. The first will focus on incorporating high-risk dual eligibles into chronic care management Health Homes. The second, which is being negotiated with federal officials, county government and labor partners, will offer dual eligibles a combined Medicare and Medicaid managed care benefit package in selected counties. The design grants do not require a state match in the first year of development; however, there is a 25% state match in the second year and 50% match in subsequent years. (General Fund-Federal)

2. In-Home Provider Arbitration - Pursuant to the interest arbitration award between the Service Employees International Union Healthcare 775NW and the state of Washington for the 2013-15 biennium, additional funding is provided for new or increased wages; pay differentials; mileage reimbursements; comprehensive health benefits; training contributions; initial certification and testing fee subsidies; union presentations; and paid holidays. The Department of Social and Health Services will incur administrative costs in Fiscal Year 2013 to comply with the arbitration award. (General Fund-State, General Fund-Federal)

3. Dual Eligibles Grant - The Department of Social and Health Services (DSHS) will work with community partners to provide options counseling to Medicare-Medicaid individuals (dual eligibles) to ensure that these individuals have access to an unbiased and consumer friendly source of information. The funding for this effort has been awarded to DSHS by the Centers for Medicare and Medicaid Services and requires no state funds. (General Fund-Federal)

4. Quality Measures Grant - The Department of Social and Health Services (DSHS) will develop staff capacity to collect, report, and analyze data on the initial core set of health care quality measures for adults enrolled in Medicaid. The funding for this effort has been awarded to DSHS by the Centers for Medicare and Medicaid Services and requires no state funds. (General Fund-Federal)

5. MR Exception to Rule - Funding is provided for the workload impact, as well as the per capita cost impact, from an anticipated increase in exception-to-rule (ETR) requests. 1. Earn Federal TANF Contingency Funds - Washington State currently meets the criteria to earn federal contingency funds to support its Temporary Assistance to Needy Families (TANF) program. These one-time funds can be used to replace General Fund-State funding currently supporting the TANF program. (General Fund-State, General Fund-Federal)

2. Workfirst Funding - Funding for the Workfirst program is reduced to reflect changes in cash assistance and child-care forecasts and federal funding is adjusted.

3. Information System Changes - Implementation of the Affordable Care Act simplifies eligibility rules for the Medicaid program. Funding and FTE staff are provided to support the first phase in modifying the Automated Client Eligibility System to support the new modified gross income rules. Comments:

1. Winter Recreation Program - Revenue for the Winter Recreation Program comes from parking permit fees at special winter recreational areas and is deposited into the Winter Recreation Program Account. Spending authority is increased on an ongoing basis to reflect an increase in revenue from recent fee increases and will enable snow plowing, trail grooming, and equipment replacement at the level recommended by the Winter Recreation Advisory Committee. (Winter Recreation Program Account-State)

Comments:

1. Wildfire Season Costs - The Washington Department of Fish and Wildlife (WDFW) is required to pay fire suppression costs to local fire districts and the Department of Natural Resources for their support in fighting wildfires on WDFW lands. Funding is provided for wildfire suppression costs during FY 2012 and FY 2013.

2. Wolf Management - Funding is provided to WDFW for the costs incurred and related to increased interaction between wolves and livestock. This includes the removal of the Wedge Wolf Pack, winter captures and monitoring, landowner agreements, and investigations of wolf predation reports.

Comments:

1. Emergency Fire Suppression - At the beginning of each biennium, the Department of Natural Resources (DNR) is appropriated a baseline amount of state general fund for emergency fire suppression costs. For FY 2013, this baseline amount was just over \$10 million. Any actual costs incurred by DNR in fighting fires that exceed the baseline are requested as additional appropriations in supplemental budgets. Over 700 fires during FY 2013 impacted nearly 54,000 acres of DNR protected lands and totaled \$43m in expenditures. Funding is provided to cover fire fighting costs incurred by DNR above the agency's baseline appropriation.

Comments:

1. Executive Protection Adjustment - Funding is provided to cover additional costs for the Executive Protection Unit in the current biennium.

2. Fire Mobilization Costs - The Washington State Patrol (WSP) has a statutory requirement to reimburse local jurisdictions, other state and federal agencies, and volunteer firefighters for work done to combat large wildfires in Washington. The WSP has incurred costs in excess of the current biennial appropriation of \$8 million for state fire mobilizations from the Disaster Response Account, and additional funds are provided to cover the mandated reimbursements.

Comments:

1. Charter Schools (Initiative 1240) - Voters approved Initiative 1240 in the 2012 General Election, which authorizes up to 40 publicly-funded charter schools in Washington state. The initiative established a State Charter Schools Commission to be housed within the Office of the Governor, and creates additional workload requirements for the State Board of Education and the Office of the Superintendent of Public Instruction.

2. Financially Struggling Schools - Funding is provided for the Office of the Superintendent of Public Instruction (OSPI) to provide one-time financial assistance to struggling nonhigh school districts located in educational service district 113. In order to receive the funds, the school district(s) must be experiencing budgetary shortfalls due to one or more of the following conditions: declining total enrollment; increased enrollment of students with special education needs; and, debts owed to school districts serving the nonhigh school districts' high school aged students. Funds provided through this one-time assistance must be repaid to the state. Additionally, as a condition of the loan, school districts receiving the funds must agree to budgetary oversight and supervision by the OSPI through the 2014-15 school year.
