7 unique mission by measuring each institution's performance in these
8 metrics against its past performance;

10 to the state need grant program created in chapter 28B.92 RCW to expand
11 access to low-income and underserved student populations; and

PART II
HUMAN SERVICES

NEW SECTION. **Sec. 201. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under the Washington medicaid integration partnership (WMIP) and the medicare integrated care project (MICP), the health care authority and the

1 department may combine and transfer such medicaid funds appropriated
2 under sections 204, 206, 208, and 213 of this act as may be necessary
3 to finance a unified health care plan for the WMIP and the MICP program
4 enrollment. The WMIP pilot projects shall not exceed a daily
5 enrollment of 6,000 persons, nor expand beyond one county during the
6 2013-2015 fiscal biennium. The amount of funding assigned from each
7 program may not exceed the average per capita cost assumed in this act
8 for individuals covered by that program, actuarially adjusted for the
9 health condition of persons enrolled, times the number of clients
10 enrolled. In implementing the WMIP and the MICP, the health care
11 authority and the department may: (i) Withhold from calculations of
12 "available resources" as set forth in RCW 71.24.025 a sum equal to the
13 capitated rate for enrolled individuals; and (ii) employ capitation
14 financing and risk-sharing arrangements in collaboration with health
15 care service contractors licensed by the office of the insurance
16 commissioner and qualified to participate in both the medicaid and
17 medicare programs.

18 (b) If Washington has been selected to participate in phase two of
19 the federal demonstration project for persons dually-eligible for both
20 medicare and medicaid, the department and the authority may initiate
21 the MICP. Participation in the project shall be limited to persons who
22 are eligible for both medicare and medicaid and to counties in which
23 the county legislative authority has agreed to the terms and conditions
24 under which it will operate. The purpose of the project shall be to
25 demonstrate and evaluate ways to improve care while reducing state
26 expenditures for persons enrolled both in medicare and medicaid. To
27 that end, prior to initiating the project, the department and the
28 authority shall assure that state expenditures shall be no greater on
29 either a per person or total basis than the state would otherwise
30 incur. Individuals who are solely eligible for medicaid may also
31 participate if their participation is agreed to by the health care
32 authority, the department, and the county legislative authority.

33 (4) The legislature finds that medicaid payment rates, as
34 calculated by the department pursuant to the appropriations in this
35 act, bear a reasonable relationship to the costs incurred by
36 efficiently and economically operated facilities for providing quality
37 services and will be sufficient to enlist enough providers so that care
38 and services are available to the extent that such care and services

1 are available to the general population in the geographic area. The
2 legislature finds that cost reports, payment data from the federal
3 government, historical utilization, economic data, and clinical input
4 constitute reliable data upon which to determine the payment rates.

5 (5) The department shall to the maximum extent practicable use the
6 same system for delivery of spoken-language interpreter services for
7 social services appointments as the one established for medical
8 appointments in section 213 of this act. When contracting directly
9 with an individual to deliver spoken language interpreter services, the
10 department shall only contract with language access providers who are

20 association; two representatives from the juvenile rehabilitation
21 administration headquarters program oversight staff, two
22 representatives of the juvenile rehabilitation administration regional
23 office staff, one representative of the juvenile rehabilitation

31 Percentage changes may occur in the evidence-based program or
32 disposition alternative categories of the formula should it be
33 determined the changes will increase evidence-based program or

37 alternative funds should be included in the block grant or left
38 separate.

1 (c) The juvenile courts and administrative office of the courts
2 shall be responsible for collecting and distributing information and

4 administration and the Washington state institute for public policy
5 related to program and outcome data. The juvenile rehabilitation
6 administration and the juvenile courts will work collaboratively to

8 the state in the implementation of evidence-based practices and
9 disposition alternatives.

10 (8) The juvenile courts and administrative office of the courts
11 shall collect and distribute information related to program outcome and
12 provide access to these data systems to the juvenile rehabilitation
13 administration and Washington state institute for public policy. The
14 agreements between administrative office of the courts, the juvenile
15 courts, and the juvenile rehabilitation administration shall be
16 executed to ensure that the juvenile rehabilitation administration
17 receives the data that the juvenile rehabilitation administration
18 identifies as needed to comply with this subsection. This includes,
19 but is not limited to, information by program at the statewide
20 aggregate level, individual court level, and individual client level
21 for the purpose of the juvenile rehabilitation administration providing
22 quality assurance and oversight for the locally committed youth block
23 grant and associated funds and at times as specified by the juvenile
24 rehabilitation administration as necessary to carry out these
25 functions. The data shall be provided in a manner that reflects the
26 collaborative work the juvenile rehabilitation administration and
27 juvenile courts have developed regarding program outcomes that
28 reinforce the greatest cost benefit to the state in the implementation
29 of evidence-based practices and disposition alternatives.

30 (9) \$445,000 of the general fund--state appropriation for fiscal
31 year 2014 and \$445,000 of the general fund--state appropriation for

 11 criminal street gang prevention and intervention programs may apply for
 12 funding under this subsection.

13 NEW SECTION. **Sec. 204. FOR THE DEPARTMENT OF SOCIAL AND HEALTH**
 14 **SERVICES--MENTAL HEALTH PROGRAM**

17	General Fund--State Appropriation (FY 2015)	\$308,723,000
18	General Fund--Federal Appropriation	\$561,394,000
19	General Fund--Private/Local Appropriation	\$17,864,000
20	TOTAL APPROPRIATION	\$1,215,448,000

21 The appropriations in this subsection are subject to the following
 22 conditions and limitations:

23 (a) \$104,999,000 of the general fund--state appropriation for
 24 fiscal year 2014 and \$85,895,000 of the general fund--state
 25 appropriation for fiscal year 2015 are provided solely for persons and
 26 services not covered by the medicaid program. To the extent possible,
 27 levels of regional support network spending shall be maintained in the
 28 following priority order: Crisis and commitment services; community
 29 inpatient services; and residential care services, including personal
 30 care and emergency housing assistance. This is a reduction in flexible
 31 nonmedicaid funding of \$4,343,000 for fiscal year 2014 and \$23,446,000
 32 for fiscal year 2015. This reduction reflects offsets in state funding
 33 related to services that will now be funded with federal dollars
 34 through the affordable care act medicaid expansion. This reduction
 35 shall be distributed as follows:

36 (i) The \$4,343,000 reduction in fiscal year 2014 and \$11,723,000 of
 37 the reduction in fiscal year 2015 must be distributed among regional

1 support networks based on a formula that equally weights each regional
2 support networks proportion of individuals who become newly eligible
3 and enroll in medicaid under the expansion provisions of the affordable
4 care act in fiscal year 2014 and each regional support network's
5 spending of flexible nonmedicaid funding on services that would be
6 reimbursable for federal medicaid matching funds if provided to
7 medicaid enrollees in the 2011-2013 fiscal biennium.

8 (ii) The remaining \$11,723,000 reduction in fiscal year 2015 must
9 be distributed among regional support networks based on each regional
10 support network's proportion of individuals who become newly eligible
11 and enroll in medicaid under the expansion provisions of the affordable
12 care act through fiscal year 2015.

13 (b) \$6,590,000 of the general fund--state appropriation for fiscal
14 year 2014, \$6,590,000 of the general fund--state appropriation for
15 fiscal year 2015, and \$7,620,000 of the general fund--federal
16 appropriation are provided solely for the department and regional
17 support networks to continue to contract for implementation of high-
18 intensity programs for assertive community treatment (PACT) teams. In
19 determining the proportion of medicaid and nonmedicaid funding provided
20 to regional support networks with PACT teams, the department shall
21 consider the differences between regional support networks in the
22 percentages of services and other costs associated with the teams that
23 are not reimbursable under medicaid. The department may allow regional
24 support networks which have nonmedicaid reimbursable costs that are
25 higher than the nonmedicaid allocation they receive under this section
26 to supplement these funds with local dollars or funds received under
27 section 204(1)(a) of this act. The department and regional support
28 networks shall maintain consistency with all essential elements of the
29 PACT evidence-based practice model in programs funded under this
30 section.

31 (c) \$5,850,000 of the general fund--state appropriation for fiscal
32 year 2014, \$5,850,000 of the general fund--state appropriation for
33 fiscal year 2015, and \$1,300,000 of the general fund--federal

35 support networks to provide either community- or hospital campus-based
36 services for persons who require the level of care previously provided
37 by the program for adaptive living skills (PALS) at western state
38 hospital.

1 (d) The number of nonforensic beds allocated for use by regional
2 support networks at eastern state hospital shall be 192 per day. The
3 number of nonforensic beds allocated for use by regional support
4 networks at western state hospital shall be 557 per day.

5 (e) From the general fund--state appropriations in this subsection,
6 the secretary of social and health services shall assure that regional
7 support networks reimburse the aging and disability services
8 administration for the general fund--state cost of medicaid personal
9 care services that enrolled regional support network consumers use
10 because of their psychiatric disability.

11 (f) The department is authorized to continue to contract directly,
12 rather than through contracts with regional support networks, for
13 children's long-term inpatient facility services.

14 (g) \$750,000 of the general fund--state appropriation for fiscal
15 year 2014 and \$750,000 of the general fund--state appropriation for
16 fiscal year 2015 are provided solely to continue performance-based
17 incentive contracts to provide appropriate community support services
18 for individuals with severe mental illness who were discharged from the
19 state hospitals as part of the expanding community services initiative.
20 These funds will be used to enhance community residential and support
21 services provided by regional support networks through other state and
22 federal funding.

23 (h) \$1,125,000 of the general fund--state appropriation for fiscal
24 year 2014 and \$1,125,000 of the general fund--state appropriation for
25 fiscal year 2015 are provided solely for the Spokane regional support
26 network to implement services to reduce utilization and the census at
27 eastern state hospital. Such services shall include:

29 utilizers of psychiatric inpatient services, including those with co-

32 community individuals in crisis who are at risk of requiring inpatient
33 care or jail services;

34 (iii) Mental health services provided in nursing facilities to
35 individuals with dementia, and consultation to facility staff treating
36 those individuals; and

37 (iv) Services at the sixteen-bed evaluation and treatment facility.

1 At least annually, the Spokane regional support network shall
2 assess the effectiveness of these services in reducing utilization at
3 eastern state hospital, identify services that are not optimally
4 effective, and modify those services to improve their effectiveness.

5 (i) \$1,529,000 of the general fund--state appropriation for fiscal
6 year 2014 and \$1,529,000 of the general fund--state appropriation for
7 fiscal year 2015 are provided solely to reimburse Pierce and Spokane
8 counties for the cost of conducting 180-day commitment hearings at the
9 state psychiatric hospitals.

10 (j) Regional support networks may use local funds to earn
11 additional federal medicaid match, provided the locally matched rate
12 does not exceed the upper-bound of their federally allowable rate
13 range, and provided that the enhanced funding is used only to provide
14 medicaid state plan or waiver services to medicaid clients.
15 Additionally, regional support networks may use a portion of the state
16 funds allocated in accordance with (a) of this subsection to earn
17 additional medicaid match, but only to the extent that the application
18 of such funds to medicaid services does not diminish the level of
19 crisis and commitment, community inpatient, residential care, and
20 outpatient services presently available to persons not eligible for
21 medicaid.

22 (k) \$3,436,000 of the general fund--state appropriation for fiscal
23 year 2014 and \$2,291,000 of the general fund--state appropriation for
24 fiscal year 2015 are provided solely for mental health services for
25 mentally ill offenders while confined in a county or city jail and for
26 facilitating access to programs that offer mental health services upon
27 release from confinement.

28 (l) \$523,000 of the general fund--state appropriation for fiscal
29 year 2014, \$775,000 of the general fund--state appropriation for fiscal
30 year 2015, and \$854,000 of the general fund--federal appropriation are
31 provided solely for implementation of sections 3 through 5 of chapter
32 289, Laws of 2013 (E2SHB 1114). Regional support networks must use
33 this funding for the development of intensive community programs that
34 allow individuals to be diverted or transitioned from the state
35 hospitals in accordance with plans approved by the department.

36 (m) \$5,986,000 of the general fund--state appropriation for fiscal
37 year 2014, \$11,592,000 of the general fund--state appropriation for
38 fiscal year 2015, and \$10,160,000 of the general fund--federal

1 appropriation are provided solely for implementation of chapter 335,
2 Laws of 2013 (ESSB 5480). Regional support networks must use this
3 funding for the development of intensive community programs that allow
4 individuals to be diverted or transitioned from the state hospitals in
5 accordance with plans approved by the department.

6 (n) Due to recent approval of federal medicaid matching funds for
7 the disability lifeline and the alcohol and drug abuse treatment
8 support act programs, the department shall charge regional support
9 networks for only the state share rather than the total cost of
10 community psychiatric hospitalization for persons enrolled in those
11 programs.

12 (o) The legislature finds that the circumstances of the Chelan-
13 Douglas regional support network (CD-RSN) make it necessary for CD-RSN
14 to undergo restructuring in order to provide mental health services
15 essential to the health and wellness of the citizens within its service
16 area. The legislature intends to provide additional temporary
17 financial relief to the CD-RSN while it undergoes internal
18 restructuring or negotiates a merger with another regional support
19 network.

20 The department shall negotiate relief for outstanding fiscal year
21 2013 reimbursements owed by CD-RSN to the state provided that the CD-
22 RSN has a plan in place that is approved by the department by August 1,
23 2013, that demonstrates how CD-RSN will maintain financial viability
24 and stability or will merge with another regional support network.

25 For the period of July 1, 2013, through December 31, 2013, the
26 department may alter collection of reimbursement from CD-RSN for
27 overuse of state hospital beds. To receive a reduction to the required
28 reimbursement for overuse of state hospital beds, CD-RSN must continue
29 to prioritize services that reduce its utilization and census at
30 eastern state hospital and be actively implementing an approved plan to
31 maintain financial viability or pursuing a future merger with another
32 regional support network. Up to \$298,000 of the general fund--state
33 appropriation for fiscal year 2014 is for the department to provide
34 payments to regional support networks in eastern Washington which have
35 used less than their allocated or contracted patient days of care at
36 the state hospital to replace the share of the reimbursements from CD-
37 RSN that the regional support networks would have received under RCW
38 71.24.320.

1 (p) \$266,000 of the general fund--state appropriation for fiscal
2 year 2014 is provided solely to maintain services for the King county
3 regional support network as it works to transition services to settings
4 that are eligible for federal participation for individuals covered
5 under the medicaid program.

30	TOTAL APPROPRIATION	\$3,848,450,000

31 The appropriations in this section are subject to the following
32 conditions and limitations:

33 (1) For purposes of implementing chapter 74.46 RCW, the weighted
34 average nursing facility payment rate shall not exceed \$171.35 for
35 fiscal year 2014 and shall not exceed \$171.58 for fiscal year 2015,
36 including the rate add-ons described in (a) and (b) of this subsection.

1 However, if the waiver requested from the federal centers for medicare
2 and medicaid services in relation to the safety net assessment is for
3 any reason disapproved, the weighted average nursing facility payment
4 rate shall not exceed \$162.43 for fiscal year 2014 and shall not exceed

6 economic trends and conditions in fiscal years 2014 and 2015. The
7 economic trends and conditions factor or factors defined in the
8 biennial appropriations act shall not be compounded with the economic
9 trends and conditions factor or factors defined in any other biennial
10 appropriations acts before applying it to the component rate
11 allocations established in accordance with chapter 74.46 RCW. When no
12 economic trends and conditions factor for either fiscal year is defined
13 in a biennial appropriations act, no economic trends and conditions
14 factor or factors defined in any earlier biennial appropriations act
15 shall be applied solely or compounded to the component rate allocations
16 established in accordance with chapter 74.46 RCW.

17 (a) Within the funds provided, the department shall continue to
18 provide an add-on per medicaid resident day per facility not to exceed
19 \$1.57. The add-on shall be used to increase wages, benefits, and/or
20 staffing levels for certified nurse aides; or to increase wages and/or
21 benefits for dietary aides, housekeepers, laundry aides, or any other
22 category of worker whose statewide average dollars-per-hour wage was
23 less than \$15 in calendar year 2008, according to cost report data.
24 The add-on may also be used to address resulting wage compression for
25 related job classes immediately affected by wage increases to low-wage
26 workers. The department shall continue reporting requirements and a
27 settlement process to ensure that the funds are spent according to this
28 subsection.

29 (b) The department shall do a comparative analysis of the facility-
30 based payment rates calculated on July 1, 2013, using the payment
31 methodology defined in chapter 74.46 RCW and as funded in the omnibus
32 appropriations act, excluding the comparative add-on, acuity add-on,
33 and safety net reimbursement, to the facility-based payment rates in
34 effect June 30, 2010. If the facility-based payment rate calculated on
35 July 1, 2013, is smaller than the facility-based payment rate on June
36 30, 2010, then the difference shall be provided to the individual
37 nursing facilities as an add-on payment per medicaid resident day.

1 (c) During the comparative analysis performed in subsection (b) of
2 this section, if it is found that the direct care rate for any facility
3 calculated using the payment methodology defined in chapter 74.46 RCW
4 and as funded in the omnibus appropriations act, excluding the
5 comparative add-on, acuity add-on, and safety net reimbursement, is
6 greater than the direct care rate in effect on June 30, 2010, then the
7 facility shall receive a ten percent direct care rate add-on to
8 compensate that facility for taking on more acute clients than they
9 have in the past.

10 (d) The department shall provide a medicaid rate add-on to
11 reimburse the medicaid share of the skilled nursing facility safety net
12 assessment as a medicaid allowable cost. The nursing facility safety
13 net rate add-on may not be included in the calculation of the annual
14 statewide weighted average nursing facility payment rate.

15 (e) The rate add-on provided in (c) of this subsection is subject
16 to the reconciliation and settlement process provided in RCW
17 74.46.022(6).

18 (f) If the waiver requested from the federal centers for medicare
19 and medicaid services in relation to the safety net assessment is for

21 apply.

22 (2) In accordance with chapter 74.46 RCW, the department shall
23 issue no additional certificates of capital authorization for fiscal
24 year 2014 and no new certificates of capital authorization for fiscal
25 year 2015 and shall grant no rate add-ons to payment rates for capital

33 The appropriations in this section are subject to the following
34 conditions and limitations:

35 (1) \$1,143,994,000 of the general fund--federal appropriation is
36 provided solely to implement the medicaid expansion as defined in the

1 social security act, section 1902(a)(10)(A)(i)(VIII), subject to the
2 conditions and limitations in this subsection. If the federal medical
3 assistance percentage for the medicaid expansion falls below the
4 percentages in section 1905(y) of the social security act as of July 1,
5 2013, the authority shall ensure that the state does not incur any
6 additional state costs above what would have been incurred had the
7 federal medical assistance percentages remained at the percentages in
8 section 1905(y) as of July 1, 2013. The director is authorized to make
9 any necessary program adjustments to comply with this requirement,
10 including adding or adjusting premiums, modifying benefits, or reducing
11 optional programs. To the extent a waiver is needed to accomplish
12 this, the director shall promptly apply for such waiver. If a
13 necessary waiver is not approved, the medicaid expansion program shall
14 be terminated upon appropriate notification to the legislature and
15 enrollees.

16 (2) The requirements of this subsection apply to the basic health
17 plan. This subsection is null and void and has no further effect upon
18 implementation of the medicaid expansion under subsection (1) of this
19 section.

20 (a) Within amounts appropriated in this section and sections 205
21 and 206 of this act, the health care authority shall continue to
22 provide an enhanced basic health plan subsidy for foster parents
23 licensed under chapter 74.15 RCW and workers in state-funded home care
24 programs. Under this enhanced subsidy option, foster parents eligible
25 to participate in the basic health plan as subsidized enrollees and
26 home care workers with family incomes below 200 percent of the federal
27 poverty level shall be allowed to enroll in the basic health plan at
28 the minimum premium amount charged to enrollees with incomes below
29 sixty-five percent of the federal poverty level.

30 (b) The health care authority shall require organizations and
31 individuals that are paid to deliver basic health plan services and
32 that choose to sponsor enrollment in the subsidized basic health plan
33 to pay 133 percent of the premium amount which would otherwise be due
34 from the sponsored enrollees.

35 (c) The administrator shall take at least the following actions to
36 assure that persons participating in the basic health plan are eligible
37 for the level of assistance they receive: (a) Require submission of
38 (i) income tax returns, and recent pay history, from all applicants, or

1 (ii) other verifiable evidence of earned and unearned income from those
2 persons not required to file income tax returns; (b) check employment
3 security payroll records at least once every twelve months on all
4 enrollees; (c) require enrollees whose income as indicated by payroll
5 records exceeds that upon which their subsidy is based to document
6 their current income as a condition of continued eligibility; (d)
7 require enrollees for whom employment security payroll records cannot
8 be obtained to document their current income at least once every six
9 months; (e) not reduce gross family income for self-employed persons by
10 noncash-flow expenses such as, but not limited to, depreciation,
11 amortization, and home office deductions, as defined by the United
12 States internal revenue service; and (f) pursue repayment and civil
13 penalties from persons who have received excessive subsidies, as
14 provided in RCW 70.47.060(9).

15 (d) Enrollment in the subsidized basic health plan shall be limited
16 to only include persons who qualify as subsidized enrollees as defined
17 in RCW 70.47.020 and who (a) qualify for services under 1115 medicaid
18 demonstration project number 11-W-00254/10; or (b) are foster parents
19 licensed under chapter 74.15 RCW.

20 (3) The legislature finds that medicaid payment rates, as
21 calculated by the health care authority pursuant to the appropriations
22 in this act, bear a reasonable relationship to the costs incurred by
23 efficiently and economically operated facilities for providing quality
24 services and will be sufficient to enlist enough providers so that care
25 and services are available to the extent that such care and services
26 are available to the general population in the geographic area. The
27 legislature finds that the cost reports, payment data from the federal
28 government, historical utilization, economic data, and clinical input
29 constitute reliable data upon which to determine the payment rates.

30 (4) Based on quarterly expenditure reports and caseload forecasts,
31 if the health care authority estimates that expenditures for the
32 medical assistance program will exceed the appropriations, the health
33 care authority shall take steps including but not limited to reduction
34 of rates or elimination of optional services to reduce expenditures so
35 that total program costs do not exceed the annual appropriation
36 authority.

37 (5) In determining financial eligibility for medicaid-funded

1 services, the health care authority is authorized to disregard
2 recoveries by Holocaust survivors of insurance proceeds or other
3 assets, as defined in RCW 48.104.030.

4 (6) The legislature affirms that it is in the state's interest for
5 Harborview medical center to remain an economically viable component of
6 the state's health care system.

7 (7) When a person is ineligible for medicaid solely by reason of
8 residence in an institution for mental diseases, the health care
9 authority shall provide the person with the same benefits as he or she
10 would receive if eligible for medicaid, using state-only funds to the
11 extent necessary.

12 (8) \$4,261,000 of the general fund--state appropriation for fiscal
13 year 2014, \$4,261,000 of the general fund--state appropriation for
14 fiscal year 2015, and \$8,522,000 of the general fund--federal
15 appropriation are provided solely for low-income disproportionate share
16 hospital payments.

17 (9) \$400,000 of the general fund--state appropriation for fiscal
18 year 2014, \$400,000 of the general fund--state appropriation for fiscal
19 year 2015, and \$800,000 of the general fund--federal appropriation are
20 provided solely for disproportionate share hospital payments to rural
21 hospitals certified by the centers for medicare and medicaid services
22 as sole community hospitals as of January 1, 2013, with less than one
23 hundred fifty acute care licensed beds in fiscal year 2011 that do not
24 participate in the certified public expenditures program.

25 (10) \$100,000 of the general fund--state appropriation for fiscal
26 year 2014 and \$100,000 of the general fund--state appropriation for
27 fiscal year 2015 are provided solely for grants to rural hospitals in
28 Clallam county that were certified by the centers for medicare and
29 medicaid services as sole community hospitals as of January 1, 2013,
30 with less than one hundred fifty acute care licensed beds in fiscal
31 year 2011.

32 (11) Within the amounts appropriated in this section, the health
33 care authority shall provide disproportionate share hospital payments
34 to hospitals that provide services to children in the children's health
35 program who are not eligible for services under Title XIX or XXI of the
36 federal social security act due to their citizenship status.

37 (12) \$6,000,000 of the general fund--federal appropriation is
38 provided solely for supplemental payments to nursing homes operated by

1 public hospital districts. The public hospital district shall be
2 responsible for providing the required nonfederal match for the
3 supplemental payment, and the payments shall not exceed the maximum
4 allowable under federal rules. It is the legislature's intent that the
5 payments shall be supplemental to and shall not in any way offset or
6 reduce the payments calculated and provided in accordance with part E
7 of chapter 74.46 RCW. It is the legislature's further intent that
8 costs otherwise allowable for rate-setting and settlement against
9 payments under chapter 74.46 RCW shall not be disallowed solely because
10 such costs have been paid by revenues retained by the nursing home from
11 these supplemental payments. The supplemental payments are subject to
12 retrospective interim and final cost settlements based on the nursing
13 homes' as-filed and final medicare cost reports. The timing of the
14 interim and final cost settlements shall be at the health care
15 authority's discretion. During either the interim cost settlement or
16 the final cost settlement, the health care authority shall recoup from
17 the public hospital districts the supplemental payments that exceed the
18 medicaid cost limit and/or the medicare upper payment limit. The
19 health care authority shall apply federal rules for identifying the
20 eligible incurred medicaid costs and the medicare upper payment limit.

21 (13) The health care authority shall continue the inpatient
22 hospital certified public expenditures program for the 2013-2015 fiscal
23 biennium. The program shall apply to all public hospitals, including
24 those owned or operated by the state, except those classified as
25 critical access hospitals or state psychiatric institutions. The
26 health care authority shall submit reports to the governor and
27 legislature by November 1, 2013, and by November 1, 2014, that evaluate
28 whether savings continue to exceed costs for this program. If the
29 certified public expenditures (CPE) program in its current form is no
30 longer cost-effective to maintain, the health care authority shall
31 submit a report to the governor and legislature detailing
32 cost-effective alternative uses of local, state, and federal resources
33 as a replacement for this program. During fiscal year 2014 and fiscal
34 year 2015, hospitals in the program shall be paid and shall retain one
35 hundred percent of the federal portion of the allowable hospital cost
36 for each medicaid inpatient fee-for-service claim payable by medical
37 assistance and one hundred percent of the federal portion of the
38 maximum disproportionate share hospital payment allowable under federal

1 regulations. Inpatient medicaid payments shall be established using an
2 allowable methodology that approximates the cost of claims submitted by
3 the hospitals. Payments made to each hospital in the program in each
4 fiscal year of the biennium shall be compared to a baseline amount.
5 The baseline amount will be determined by the total of (a) the
6 inpatient claim payment amounts that would have been paid during the
7 fiscal year had the hospital not been in the CPE program based on the
8 reimbursement rates developed, implemented, and consistent with
9 policies approved in the 2013-2015 biennial operating appropriations
10 act and in effect on July 1, 2013, (b) one-half of the indigent
11 assistance disproportionate share hospital payment amounts paid to and
12 retained by each hospital during fiscal year 2005, and (c) all of the
13 other disproportionate share hospital payment amounts paid to and
14 retained by each hospital during fiscal year 2005 to the extent the
15 same disproportionate share hospital programs exist in the 2013-2015
16 fiscal biennium. If payments during the fiscal year exceed the
17 hospital's baseline amount, no additional payments will be made to the
18 hospital except the federal portion of allowable disproportionate share
19 hospital payments for which the hospital can certify allowable match.
20 If payments during the fiscal year are less than the baseline amount,
21 the hospital will be paid a state grant equal to the difference between
22 payments during the fiscal year and the applicable baseline amount.
23 Payment of the state grant shall be made in the applicable fiscal year
24 and distributed in monthly payments. The grants will be recalculated
25 and redistributed as the baseline is updated during the fiscal year.
26 The grant payments are subject to an interim settlement within eleven
27 months after the end of the fiscal year. A final settlement shall be
28 performed. To the extent that either settlement determines that a
29 hospital has received funds in excess of what it would have received as
30 described in this subsection, the hospital must repay the excess
31 amounts to the state when requested. \$3,860,000 of the general
32 fund--state appropriation for fiscal year 2014 and \$1,137,000 of the
33 general fund--state appropriation for fiscal year 2015 are provided
34 solely for state grants for the participating hospitals.

35 (14) The health care authority shall seek public-private
36 partnerships and federal funds that are or may become available to
37 provide on-going support for outreach and education efforts under the

1 federal children's health insurance program reauthorization act of
2 2009.

3 (15) The health care authority shall target funding for maternity
4 support services towards pregnant women with factors that lead to
5 higher rates of poor birth outcomes, including hypertension, a preterm
6 or low birth weight birth in the most recent previous birth, a
7 cognitive deficit or developmental disability, substance abuse, severe
8 mental illness, unhealthy weight or failure to gain weight, tobacco
9 use, or African American or Native American race. The health care
10 authority shall prioritize evidence-based practices for delivery of
11 maternity support services. To the extent practicable, the health care
12 authority shall develop a mechanism to increase federal funding for
13 maternity support services by leveraging local public funding for those
14 services.

15 (16) \$170,000 of the general fund--state appropriation for fiscal
16 year 2014, \$121,000 of the general fund--state appropriation for fiscal
17 year 2015, and \$292,000 of the general fund--federal appropriation are
18 provided solely to implement Engrossed Substitute House Bill No. 1519
19 (service coordination organizations) and Second Substitute Senate Bill
20 No. 5732 (behavioral health services). If neither of the bills is
21 enacted by June 30, 2013, the amounts provided in this subsection shall
22 lapse.

23 (17) \$57,000 of the general fund--state appropriation for fiscal
24 year 2014, \$40,000 of the general fund--state appropriation for fiscal
25 year 2015, and \$55,000 of the general fund--federal appropriation are
26 provided solely to develop a report on state efforts to prevent and
27 control diabetes. The authority, the department of social and health
28 services, and the department of health shall submit a coordinated
29 report to the governor and the appropriate committees of the
30 legislature by December 31, 2014, on the following:

31 (a) The financial impacts and reach that diabetes of all types and
32 undiagnosed gestational diabetes are having on the programs
33 administered by each agency and individuals, including children with
34 mothers with undiagnosed gestational diabetes, enrolled in those
35 programs. Items in this assessment must include: (i) The number of
36 lives with diabetes and undiagnosed gestational diabetes impacted or
37 covered by the programs administered by each agency; (ii) the number of
38 lives with diabetes, or at risk for diabetes, and family members

1 impacted by prevention and diabetes control programs implemented by
2 each agency; (iii) the financial toll or impact diabetes and its
3 complications, and undiagnosed gestational diabetes and the
4 complications experienced during labor to children of mothers with
5 gestational diabetes places on these programs in comparison to other
6 chronic diseases and conditions; and (iv) the financial toll or impact
7 diabetes and its complications, and diagnosed gestational diabetes and
8 the complications experienced during labor to children of mothers with
9 gestational diabetes places on these programs;

10 (b) An assessment of the benefits of implemented and existing
11 programs and activities aimed at controlling all types of diabetes and
12 preventing the disease. This assessment must also document the amount
13 and source for any funding directed to each agency for the programs and
14 activities aimed at reaching those with diabetes of all types;

15 (c) A description of the level of coordination existing between the
16 agencies on activities, programmatic activities, and messaging on
17 managing, treating, or preventing all types of diabetes and its
18 complications;

19 (d) The development or revision of detailed policy-related action
20 plans and budget recommendations for battling diabetes and undiagnosed
21 gestational diabetes that includes a range of actionable items for
22 consideration by the legislature. The plans and budget recommendations
23 must identify proposed action steps to reduce the impact of diabetes,
24 prediabetes, related diabetes complications, and undiagnosed
25 gestational diabetes. The plans and budget recommendations must also
26 identify expected outcomes of the action steps proposed in the
27 following biennium while also establishing benchmarks for controlling
28 and preventing all types of diabetes; and

29 (e) An estimate of savings, efficiencies, costs, and budgetary
30 savings and resources required to implement the plans and budget
31 recommendations identified in (d) of this subsection (17).

32 (18) Within the amounts appropriated in this section, the authority
33 shall identify strategies to improve patient adherence to treatment
34 plans for diabetes and implement these strategies as a pilot through
35 one health home program to be identified by the authority. The
36 authority shall report to the governor and the legislature in December
37 2014 on the progress of strategy implementation. The authority shall
38 report to the governor and legislature in December 2015 on patient

1 outcomes and cost savings derived from new adherence strategies in the
2 health home model and make recommendations for improving the
3 strategies.

4 (19) Effective January 1, 2014, managed care contracts must
5 incorporate accountability measures that monitor patient health and
6 improved health outcomes, and shall include an expectation that each
7 patient receive a wellness examination that documents the baseline
8 health status and allows for monitoring of health improvements and
9 outcome measures.

10 (20) \$25,000 of the general fund--state appropriation for fiscal
11 year 2014 and \$25,000 of the general fund--federal appropriation are
12 provided solely for the development of recommendations for funding
13 integrated school nursing and outreach services. The authority shall
14 collaborate with the office of the superintendent of public instruction
15 to develop recommendations for increasing federal financial
16 participation for providing nursing services in schools with the goals
17 of integrating nursing and outreach services and supporting one nurse
18 for every four hundred fifty students in elementary schools and one
19 nurse for every seven hundred fifty students in secondary schools. In
20 developing these recommendations, the authority shall inquire with the
21 federal centers for medicare and medicaid services about state plan
22 amendment or waiver options for receiving additional federal matching
23 funds for school nursing services provided to children enrolled in
24 apple health for kids. The recommendations shall include proposals for
25 funding training and reimbursement for nurses that provide outreach
26 services to help eligible students enroll in apple health for kids and
27 other social services programs. The authority and the office of the
28 superintendent of public instruction shall provide these
29 recommendations to the governor and the legislature by December 1,
30 2013.

31 (21) \$430,000 of the general fund--state appropriation for fiscal
32 year 2014 and \$500,000 of the general fund--federal appropriation are
33 provided solely to complete grant requirements for the health
34 information exchange.

35 (22) \$143,000 of the medicaid fraud penalty account--state
36 appropriation and \$423,000 of the general fund--federal appropriation

8 year 2015, and \$359,000 of the general fund--federal appropriation are
9 provided solely to update the medicaid information technology
10 architecture state self-assessment and to develop the five year road
11 map for the medicaid information technology architecture architect.

16 disseminate evidence-based best practices for preventing and treating
17 health problems.

18 (26) Within the amounts appropriated in this section, the authority

20 by independent nurse practitioners to medicare levels for the period
21 from July 1, 2013, to December 31, 2014.

22 (27) The authority shall seek a medicaid state plan amendment to
23 create a professional services supplemental payment managed care
24 program for professional services delivered to managed care recipients
25 by University of Washington medicine and other public professional
26 providers. This program shall be effective as soon as administratively
27 possible and shall operate concurrently with the existing professional
28 services supplemental payment program. The authority shall apply
29 federal rules for identifying the difference between average commercial
30 rates and fee-for-service medicaid payments. This difference will be
31 multiplied by the number of managed care encounters and incorporated
32 into the managed care plan capitation rates by a certified actuary.
33 The managed care plans will pay the providers the difference
34 attributable to the increased capitation rate. Participating providers
35 shall be solely responsible for providing the local funds required to
36 obtain federal matching funds. Any incremental costs incurred by the
37 authority in the development, implementation, and maintenance of this
38 program shall be the responsibility of the participating providers.

1 Participating providers shall retain the full amount of supplemental
2 payments provided under this program, net of any costs related to the
3 program that are disallowed due to audits or litigation against the
4 state.

5 (28) Sufficient amounts are appropriated in this section for the
6 authority to provide an adult dental benefit beginning January 1, 2014.

7 (29) To the extent allowed under federal law, the authority shall
8 require an adult client to enroll in full medicaid coverage instead of
9 family planning-only coverage unless the client is at risk of domestic
10 violence.

11 (30) The authority shall facilitate enrollment under the medicaid
12 expansion for clients applying for or receiving state funded services
13 from the authority and its contractors. Prior to open enrollment, the
14 authority shall coordinate with the department of social and health
15 services to provide referrals to the Washington health benefit exchange
16 for clients that will be ineligible for the medicaid expansion but are
17 enrolled in coverage that will be eliminated in the transition to the
18 medicaid expansion.

19 (31) \$90,000 of the general fund--state appropriation for fiscal
20 year 2014, \$90,000 of the general fund--state appropriation for fiscal
21 year 2015, and \$180,000 of the general fund--federal appropriation are
22 provided solely to continue operation by a nonprofit organization of a
23 toll-free hotline that assists families to learn about and enroll in
24 the apple health for kids program.

25 (32) Within the amounts appropriated in this section, the authority
26 shall reduce premiums for children with family incomes above 200
27 percent of the federal poverty level in the state-funded children's
28 health program who are not eligible for coverage under the federal
29 children's health insurance program. Premiums in the state and federal
30 children's health insurance program shall be equal.

31 (33) The appropriations in this section reflect savings and
32 efficiencies by transferring children receiving medical care provided
33 through fee-for-service to medical care provided through managed care.

34 (34) \$150,000 of the general fund--state appropriation for fiscal
35 year 2014, \$436,000 of the general fund--state appropriation for fiscal

38 initiatives related to the health information technology medicaid plan.

1 (35) The authority shall purchase a brand name drug when it
2 determines that the cost of the brand name drug after rebates is less
3 than the cost of generic alternatives and that purchase of the brand
4 rather than generic version can save at least \$250,000. The authority
5 may purchase generic alternatives when changes in market prices make
6 the price of the brand name drug after rebates more expensive than the
7 generic alternatives.

8 (36) The authority shall not subject antiretroviral drugs used to
9 treat HIV/AIDS, anticancer medications used to kill or slow the growth
10 of cancerous cells, antihemophilic drugs, or transplant drugs to any
11 medicaid preferred drug list or formulary for the fee-for-service
12 population.

13 (37) \$1,531,000 of the general fund--state appropriation for fiscal
14 year 2014, \$280,000 of the general fund--state appropriation for fiscal
15 year 2015, and \$10,803,000 of the general fund--federal appropriation
16 are provided solely to implement phase two of the project to create a
17 single provider payment system that consolidates medicaid medical and
18 social services payments and replaces the social service payment
19 system. The amounts provided in this subsection are conditioned on the
20 authority satisfying the requirements of the project management
21 oversight standards and policies established by the office of the chief
22 information officer.

23 (38) Within the amounts appropriated in this section, the health
24 care authority and the department of social and health services shall
25 implement the state option to provide health homes for enrollees with
26 chronic conditions under section 2703 of the federal affordable care
27 act. The total state match for enrollees who are dually-eligible for
28 both medicare and medicaid and not enrolled in managed care shall be no
29 more than the net savings to the state from the enhanced match rate for
30 its medicaid-only managed care enrollees under section 2703.

31 (39) The health care authority shall not initiate any services that
32 require expenditure of state general fund moneys unless expressly
33 authorized in this act or other law. The health care authority may
34 seek, receive, and spend, under RCW 43.79.260 through 43.79.282,
35 federal moneys not anticipated in this act as long as the federal
36 funding does not require expenditure of state moneys for the program in
37 excess of amounts anticipated in this act. If the health care
38 authority receives unanticipated unrestricted federal moneys, those

1 moneys shall be spent for services authorized in this act or in any
2 other legislation providing appropriation authority, and an equal
3 amount of appropriated state general fund moneys shall lapse. Upon the
4 lapsing of any moneys under this subsection, the office of financial
5 management shall notify the legislative fiscal committees. As used in
6 this subsection, "unrestricted federal moneys" includes block grants
7 and other funds that federal law does not require to be spent on
8 specifically defined projects or matched on a formula basis by state
9 funds.

10 (40) Within the amounts appropriated in this section, the authority
11 shall reimburse for primary care services provided by naturopathic
12 physicians.

13 (41) Within amounts appropriated, the health care authority shall
14 conduct a review of its management and staffing structure to identify
15 efficiencies and opportunities to reduce full time equivalent employees
16 and other administrative costs. A report summarizing the review and
17 the authority's recommendations to reduce costs and full time
18 equivalent employees must be submitted to the governor and legislature
19 by November 1, 2013.

20 (42) \$17,279,000 of the health benefit exchange account--state
21 appropriation and \$2,721,000 of the general fund--federal appropriation
22 are provided solely to support the operations of the Washington health
23 benefit exchange from January 1, 2015, to June 30, 2015. The
24 Washington state health insurance pool administrator shall transfer
25 \$20,838,000 of pool contributions to the treasurer for deposit into the
26 health benefit exchange account in calendar year 2014.

27 (43) Within the amounts appropriated in this section, the authority
28 shall continue to provide coverage after December 31, 2013, for
29 pregnant teens that qualify under existing pregnancy medical programs,
30 but whose eligibility for pregnancy related services would otherwise
31 end due to the application of the new modified adjusted gross income
32 eligibility standard.

33 (44) Upon implementation of the medicaid expansion under subsection
34 (1) of this section, the breast and cervical cancer treatment program
35 is eliminated. To maintain continuity of coverage, the authority shall
36 offer the option to stay in a fee-for-service program to clients that
37 are already enrolled in the breast and cervical cancer treatment
38 program and will be transitioned into the new adult group upon

1 implementation of the medicaid expansion. The authority will continue
2 to provide coverage to clients that are already enrolled in the breast
3 and cervical cancer treatment program at the time of program
4 elimination until their courses of treatment are completed.

5 (45) \$40,000 of the general fund--state appropriation for fiscal
6 year 2014 and \$40,000 of the general fund--federal appropriation are
7 provided solely for the authority to create a new position to provide
8 adequate oversight and assistance to managed care organizations, rural
9 health clinics, and federally qualified health centers under a new
10 administratively streamlined payment methodology. Effective July 1,
11 2013, or upon obtaining any necessary federal approval, but in no case
12 during the first quarter of a calendar year, the authority shall
13 implement an administratively streamlined payment methodology for
14 federally qualified health centers and rural health clinics. The
15 authority's payments to managed care organizations shall include the
16 full encounter payment comprised of both the standard and enhancement
17 payments for federally qualified health centers and rural health
18 clinics as defined in the medicaid state plan and in accordance with
19 section 1902(bb) of the social security act (42 U.S.C. 1396a(bb)). At
20 no time will a managed care organization be at risk for or have any
21 claim to the supplemental payment portion of the rate which will be
22 reconciled to ensure accurate payment and full pass through of the
23 obligated funds. For any services eligible for encounter payments, as
24 defined in the medicaid state plan, managed care organizations shall be
25 required to pay at least the full published encounter rates directly to
26 each clinic or center, and payments will be reconciled on at least an
27 annual basis between the managed care organization and the authority,
28 with final review and approval by the authority. At the option of any
29 clinic, the enhancement payment can be received from the managed care
30 organization on a per member per month basis for all assigned managed
31 care enrollees in an amount prescribed by the authority. Nothing in
32 this section is intended to disrupt mutually agreeable contractual
33 arrangements between managed care organizations and clinics that impact
34 how the standard payment for services is paid. The authority will
35 require participating managed care organizations to reimburse federally
36 qualified health centers and rural health clinics for clean claims in
37 strict adherence to the timeliness of payment standards established
38 under contract and specified for the medicaid fee-for-service program

1 in section 1902(a)(37) of the social security act (42 U.S.C.
2 1396a(a)(37)), 42 C.F.R. Sec. 447.46, and specified for health carriers
3 in WAC 284-43-321. The authority shall exercise all necessary options
4 under its existing sanctions policy to enforce timely payment of
5 claims. The authority shall ensure necessary staff and resources are
6 identified to actively monitor and enforce the timeliness and accuracy
7 of payments to federally qualified health centers and rural health
8 clinics. By January 1, 2014, and after collaboration with federally
9 qualified health centers, rural health clinics, managed care plans, and
10 the centers for medicare and medicaid services, the authority will
11 produce a report that provides options for a new payment methodology
12 that rewards innovation and outcomes over volume of services delivered,
13 and which maintains the integrity of the rural health clinic and
14 federally qualified health center programs as outlined under federal
15 law. The report will detail necessary federal authority for
16 implementation and provide the benefits and drawbacks of each option.

17 (46) \$3,605,000 of the general fund--state appropriation for fiscal
18 year 2014 is provided solely to proportionally reduce the amounts that
19 rural health clinics owe the state under the calendar year 2009
20 recoupment.

21 (47) Sufficient amounts are appropriated in this section to remove
22 the mental health visit limit and to provide the shingles vaccine and
23 screening, brief intervention, and referral to treatment benefits that
24 are available in the medicaid alternative benefit plan in the current
25 medicaid benefit plan beginning January 1, 2014. The authority shall
26 monitor the costs of the habilitative benefit as part of the
27 forecasting process but shall not provide this benefit in the current
28 medicaid benefit plan without a direct appropriation in the omnibus
29 appropriations act.

30 (48) The appropriations in this section reflect savings and
31 efficiencies achieved by modifying dispensing methods of contraceptive
32 drugs. The authority must make arrangements for all medicaid programs
33 offered through managed care plans or fee-for-service programs to
34 require dispensing of contraceptive drugs with a one-year supply
35 provided at one time unless a patient requests a smaller supply or the
36 prescribing physician instructs that the patient must receive a smaller
37 supply. Contracts with managed care plans must allow on-site
38 dispensing of the prescribed contraceptive drugs at family planning

1 clinics. Dispensing practices must follow clinical guidelines for
2 appropriate prescribing and dispensing to ensure the health of the
3 patient while maximizing access to effective contraceptive drugs.

4 (49)(a) \$75,000 of the general fund--state appropriation for fiscal
5 year 2014 and \$75,000 of the general fund--federal appropriation are
6 provided solely for preparing options with an expert consultant for
7 possible implementation of a targeted premium assistance program and
8 possible implementation of the federal basic health option. \$75,000 of
9 the amounts appropriated in this subsection is provided solely for the
10 development of options related to the targeted premium assistance
11 program. The authority shall develop options for a waiver request to
12 the federal centers for medicare and medicaid services to implement a
13 targeted premium assistance program for the expansion adults,
14 identified in section 1902(a)(10)(A)(i)(VIII) of the social security
15 act, with incomes above one hundred percent of the federal poverty
16 level, and for children covered in the children's health insurance
17 program with incomes above two hundred percent of the federal poverty
18 level, with a goal of providing seamless coverage through the health
19 benefit exchange and improving opportunities for families to be covered
20 in the same health plans. The options must include the possibility of
21 applying premiums for individuals and cost-sharing that may exceed the
22 five percent of family income cap under federal law, and the options
23 must include recommendations to make the targeted premium assistance
24 program cost neutral. The authority shall submit a report on the
25 options to the legislature and the governor by January 1, 2014. The
26 authority is encouraged to be creative, use subject matter experts, and
27 exhaust all possible options to achieve cost neutrality. The report
28 shall also include a detailed plan and timeline. \$75,000 of the
29 amounts appropriated in this subsection is provided solely for the
30 development of options related to the federal basic health option. The
31 authority shall prepare options for implementing the federal basic
32 health option as federal guidance becomes available. The authority
33 shall submit a report on the options to the legislature and the
34 governor by January 1, 2014, or ninety days following the release of
35 federal guidance. The report must include a comparison of the premiums
36 and cost-sharing under the federal basic health option with the premium
37 assistance options described in this subsection, options for
38 implementing the federal basic health option in combination with a

1 premium assistance program, a detailed fiscal analysis for each
2 coverage approach, including the estimated costs for system design and
3 implementation, and information about impacted populations.

4 (b) Where possible, the authority shall leverage the same expert
5 consultants to review each proposal and compare and contrast the
6 approaches to ensure seamless coordination with the health benefit
7 exchange.

8 (c) The authority shall collaborate with the joint select committee
9 on health care oversight in the development of these options.

7 amended rules pertaining to primary and secondary school facilities

16 moneys shall be spent for services authorized in this act or in any
17 other legislation that provides appropriation authority, and an equal

32 statement in place of a rule. The rules review committee shall report
33 to the appropriate policy and fiscal committees of the legislature the
34 results of committee's review and any recommendations that the
35 committee deems advisable.

36 (2) In accordance with RCW 43.70.250 and 43.135.055, the department
37 is authorized to establish and raise fees in fiscal year 2014 as
38 necessary to meet the actual costs of conducting business and the

2 fees required for newborn screening, and fees associated with the
3 following professions: Agency affiliated counselors; certified
4 counselors; and certified advisors.

5 (3) \$150,000 of the state toxics control account--state

14 practices in emergency medicine.

15 (b) The integration must provide prescription monitoring program

19 exchange.

20 (c) As part of the integration, the department shall request
21 insurers and third-party administrators that provide coverage to

3 learning experience (ALE) programs as defined in WAC 392-121-182 to
4 provide separate financial accounting of expenditures for the ALE
5 programs offered in district or with a provider, including but not
6 limited to private companies and multidistrict cooperatives, as well as
7 accurate, monthly headcount and FTE enrollment claimed for basic
8 education, including separate counts of resident and nonresident
9 students.

10 (11) VOLUNTARY FULL DAY KINDERGARTEN PROGRAMS

11 Funding in this section is sufficient to fund voluntary full day
12 kindergarten programs in qualifying high poverty schools, pursuant to
13 RCW 28A.150.220 and 28A.150.315. Each kindergarten student who enrolls
14 for the voluntary full-day program in a qualifying school shall count
15 as one-half of one full-time equivalent student for purpose of making
16 allocations under this section. Funding in this section provides full-
17 day kindergarten programs for 43.75 percent of kindergarten enrollment
18 in the 2013-14 school year and 43.75 percent in the 2014-15 school
19 year, which enhancement is within the program of basic education.

20 (12) INCREASED INSTRUCTIONAL HOURS FOR GRADES SEVEN THROUGH TWELVE

21 (a) School districts shall implement the increased instructional
22 hours for the instructional program of basic education required under
23 the provisions of RCW 28A.150.220(2)(a) beginning with the 2014-15
24 school year, which enhancement is within the program of basic
25 education.

27 increased instructional hours in grades seven through twelve. For the
28 2014-15 school year, the superintendent shall allocate funding to
29 school districts for increased instructional hours. In calculating the
30 allocations, the superintendent shall assume the following averages:

31 (a) Additional instruction of 2.2222 hours per week per full-time
32 equivalent student in grades seven through twelve in school year 2014-
33 15; (b) the general education average class sizes specified in section
34 502(2)(c); (c) 36 instructional weeks per year; (d) 900 instructional
35 hours per teacher; and (e) the district's average staff mix and
36 compensation rates as provided in sections 503 and 504 of this act.

1 (13) ADDITIONAL FUNDING FOR SMALL SCHOOL DISTRICTS AND REMOTE AND
2 NECESSARY PLANTS

3 For small school districts and remote and necessary school plants
4 within any district which have been judged to be remote and necessary
5 by the superintendent of public instruction, additional staff units are
6 provided to ensure a minimum level of staffing support. Additional
7 administrative and certificated instructional staff units provided to
8 districts in this subsection shall be reduced by the general education
9 staff units, excluding career and technical education and skills center
10 enhancement units, otherwise provided in subsections (2) through (5) of
11 this section on a per district basis.

12 (a) For districts enrolling not more than twenty-five average
13 annual full-time equivalent students in grades K-8, and for small

15 remote and necessary by the superintendent of public instruction and
16 enroll not more than twenty-five average annual full-time equivalent
17 students in grades K-8:

18 (i) For those enrolling no students in grades 7 and 8, 1.76

27 each additional student enrolled;

28 (b) For specified enrollments in districts enrolling more than
29 twenty-five but not more than one hundred average annual full-time
30 equivalent students in grades K-8, and for small school plants within
31 any school district which enroll more than twenty-five average annual
32 full-time equivalent students in grades K-8 and have been judged to be

3 (c) For districts operating no more than two high schools with
4 enrollments of less than three hundred average annual full-time
5 equivalent students, for enrollment in grades 9-12 in each such school,
6 other than alternative schools, except as noted in this subsection:

7 (i) For remote and necessary schools enrolling students in any
8 grades 9-12 but no more than twenty-five average annual full-time
9 equivalent students in grades K-12, four and one-half certificated
10 instructional staff units and one-quarter of a certificated
11 administrative staff unit;

12 (ii) For all other small high schools under this subsection, nine
13 certificated instructional staff units and one-half of a certificated
14 administrative staff unit for the first sixty average annual full-time

17 administrative staff units per each additional forty-three and one-half
18 average annual full-time equivalent students;

19 (iii) Districts receiving staff units under this subsection shall
20 add students enrolled in a district alternative high school and any
21 grades nine through twelve alternative learning experience programs
22 with the small high school enrollment for calculations under this
23 subsection;

24 (d) For each nonhigh school district having an enrollment of more
25 than seventy annual average full-time equivalent students and less than
26 one hundred eighty students, operating a grades K-8 program or a grades
27 1-8 program, an additional one-half of a certificated instructional
28 staff unit;

29 (e) For each nonhigh school district having an enrollment of more
30 than fifty annual average full-time equivalent students and less than
31 one hundred eighty students, operating a grades K-6 program or a grades

33 staff unit;

34 (f)(i) For enrollments generating certificated staff unit
35 allocations under (a) through (e) of this subsection, one classified
36 staff unit for each 2.94 certificated staff units allocated under such
37 subsections;

1 (ii) For each nonhigh school district with an enrollment of more
2 than fifty annual average full-time equivalent students and less than
3 one hundred eighty students, an additional one-half of a classified
4 staff unit; and

5 (g) School districts receiving additional staff units to support
6 small student enrollments and remote and necessary plants under this
7 subsection (12) shall generate additional MSOC allocations consistent
8 with the nonemployee related costs (NERC) allocation formula in place
9 for the 2010-11 school year as provided section 502, chapter 37, Laws
10 of 2010 1st sp. sess. (2010 supplemental budget), adjusted annually for
11 inflation.

12 (14) Any school district board of directors may petition the
13 superintendent of public instruction by submission of a resolution
14 adopted in a public meeting to reduce or delay any portion of its basic
15 education allocation for any school year. The superintendent of public
16 instruction shall approve such reduction or delay if it does not impair
17 the district's financial condition. Any delay shall not be for more
18 than two school years. Any reduction or delay shall have no impact on
19 levy authority pursuant to RCW 84.52.0531 and local effort assistance
20 pursuant to chapter 28A.500 RCW.

21 (15) The superintendent may distribute funding for the following
22 programs outside the basic education formula during fiscal years 2014
23 and 2015 as follows:

24 (a) \$605,000 of the general fund--state appropriation for fiscal
25 year 2014 and \$614,000 of the general fund--state appropriation for
26 fiscal year 2015 are provided solely for fire protection for school
27 districts located in a fire protection district as now or hereafter
28 established pursuant to chapter 52.04 RCW.

29 (b) \$436,000 of the general fund--state appropriation for fiscal
30 year 2014 and \$436,000 of the general fund--state appropriation for
31 fiscal year 2015 are provided solely for programs providing skills
32 training for secondary students who are enrolled in extended day
33 school-to-work programs, as approved by the superintendent of public
34 instruction. The funds shall be allocated at a rate not to exceed \$500
35 per full-time equivalent student enrolled in those programs.

36 (16) \$214,000 of the general fund--state appropriation for fiscal
37 year 2014 and \$217,000 of the general fund--state appropriation for
38 fiscal year 2015 are provided solely for school district emergencies as

1 certified by the superintendent of public instruction. At the close of
2 the fiscal year the superintendent of public instruction shall report
3 to the office of financial management and the appropriate fiscal
4 committees of the legislature on the allocations provided to districts
5 and the nature of the emergency.

6 (17) Funding in this section is sufficient to fund a maximum of 1.6
7 FTE enrollment for skills center students pursuant to chapter 463, Laws
8 of 2007.

9 (18) Students participating in running start programs may be funded
10 up to a combined maximum enrollment of 1.2 FTE including school
11 district and institution of higher education enrollment. In
12 calculating the combined 1.2 FTE, the office of the superintendent of
13 public instruction may average the participating student's September
14 through June enrollment to account for differences in the start and end
15 dates for courses provided by the high school and higher education
16 institution. Additionally, the office of the superintendent of public
17 instruction, in consultation with the state board for community and
18 technical colleges, the student achievement council, and the education
19 data center, shall annually track and report to the fiscal committees
20 of the legislature on the combined FTE experience of students
21 participating in the running start program, including course load
22 analyses at both the high school and community and technical college
23 system.

24 (19) If two or more school districts consolidate and each district
25 was receiving additional basic education formula staff units pursuant
26 to subsection (12) of this section, the following apply:

27 (a) For three school years following consolidation, the number of
28 basic education formula staff units shall not be less than the number
29 of basic education formula staff units received by the districts in the
30 school year prior to the consolidation; and

31 (b) For the fourth through eighth school years following
32 consolidation, the difference between the basic education formula staff
33 units received by the districts for the school year prior to
34 consolidation and the basic education formula staff units after
35 consolidation pursuant to subsection (12) of this section shall be
36 reduced in increments of twenty percent per year.

37 (20)(a) Indirect cost charges by a school district to approved
38 career and technical education middle and secondary programs shall not

1 exceed 15 percent of the combined basic education and career and
2 technical education program enhancement allocations of state funds.
3 Middle and secondary career and technical education programs are
4 considered separate programs for funding and financial reporting
5 purposes under this section.

6 (b) Career and technical education program full-time equivalent
7 enrollment shall be reported on the same monthly basis as the
8 enrollment for students eligible for basic support, and payments shall
9 be adjusted for reported career and technical education program
10 enrollments on the same monthly basis as those adjustments for
11 enrollment for students eligible for basic support.

12 NEW SECTION. **Sec. 503. FOR THE SUPERINTENDENT OF PUBLIC**
13 **INSTRUCTION--BASIC EDUCATION EMPLOYEE COMPENSATION**

14 (1) The following calculations determine the salaries used in the
15 state allocations for certificated instructional, certificated
16 administrative, and classified staff units as provided in RCW
17 28A.150.280 and under section 502 of this act:

18 (a) Salary allocations for certificated instructional staff units
19 are determined for each district by multiplying the district's
20 certificated instructional total base salary shown on LEAP Document 2
21 by the district's average staff mix factor for certificated
22 instructional staff in that school year, computed using LEAP document
23 1; and

24 (b) Salary allocations for certificated administrative staff units
25 and classified staff units for each district are determined based on
26 the district's certificated administrative and classified salary
27 allocation amounts shown on LEAP Document 2.

28 (2) For the purposes of this section:

29 (a) "LEAP Document 1" means the staff mix factors for certificated
30 instructional staff according to education and years of experience, as
31 developed by the legislative evaluation and accountability program
32 committee on June 1, 2013 at 08:06 hours; and

33 (b) "LEAP Document 2" means the school year salary allocations for
34 certificated administrative staff and classified staff and derived and
35 total base salaries for certificated instructional staff as developed
36 by the legislative evaluation and accountability program committee on
37 June 1, 2013 at 01:29 hours.

1 (3) Incremental fringe benefit factors are applied to salary
 2 adjustments at a rate of 18.04 percent for school year 2013-14 and
 3 18.04 percent for school year 2014-15 for certificated instructional
 4 and certificated administrative staff and 17.45 percent for school year
 5 2013-14 and 17.45 percent for the 2014-15 school year for classified
 6 staff.

7 (4)(a) Pursuant to RCW 28A.150.410, the following state-wide salary
 8 allocation schedules for certificated instructional staff are
 9 established for basic education salary allocations:

(c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree. Thus, as used in this subsection, the column headings "MA+(N)" refer to the total of:

- (i) Credits earned since receiving the masters degree; and
- (ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

(5) For the purposes of this section:

1 (a) "BA" means a baccalaureate degree.

2 (b) "MA" means a masters degree.

3 (c) "PHD" means a doctorate degree.

4 (d) "Years of service" shall be calculated under the same rules
5 adopted by the superintendent of public instruction.

6 (e) "Credits" means college quarter hour credits and equivalent in-
7 service credits computed in accordance with RCW 28A.415.020 and
8 28A.415.023.

9 (6) No more than ninety college quarter-hour credits received by
10 any employee after the baccalaureate degree may be used to determine
11 compensation allocations under the state salary allocation schedule and
12 LEAP documents referenced in this part V, or any replacement schedules
13 and documents, unless:

14 (a) The employee has a masters degree; or

15 (b) The credits were used in generating state salary allocations
16 before January 1, 1992.

17 (7) The salary allocation schedules established in this section are
18 for allocation purposes only except as provided in RCW 28A.400.200(2).

19 NEW SECTION. **Sec. 504. FOR THE SUPERINTENDENT OF PUBLIC**
20 **INSTRUCTION--FOR SCHOOL EMPLOYEE COMPENSATION ADJUSTMENTS**

21 The appropriation in this section is subject to the following
22 conditions and limitations:

23 (1)(a) Additional salary adjustments as necessary to fund the base
24 salaries for certificated instructional staff as listed for each
25 district in LEAP Document 2, defined in section 503(2)(b) of this act.
26 Allocations for these salary adjustments shall be provided to all
27 districts that are not grandfathered to receive salary allocations
28 above the statewide salary allocation schedule, and to certain
29 grandfathered districts to the extent necessary to ensure that salary
30 allocations for districts that are currently grandfathered do not fall
31 below the statewide salary allocation schedule.

32 (b) Additional salary adjustments to certain districts as necessary
33 to fund the per full-time-equivalent salary allocations for
34 certificated administrative staff as listed for each district in LEAP
35 Document 2, defined in section 503(2)(b) of this act.

36 (c) Additional salary adjustments to certain districts as necessary

2 staff as listed for each district in LEAP Document 2, defined in
3 section 503(2)(b) of this act.

4 (d) The appropriations in this subsection (1) include associated
5 incremental fringe benefit allocations at 18.04 percent for the 2013-14
6 school year and 18.04 percent for the 2014-15 school year for
7 certificated instructional and certificated administrative staff and
8 17.45 percent for the 2013-14 school year and 17.45 percent for the
9 2014-15 school year for classified staff.

10 (e) The appropriations in this section include the increased or
11 decreased portion of salaries and incremental fringe benefits for all
12 relevant state-funded school programs in part V of this act. Changes
13 for general apportionment (basic education) are based on the salary
14 allocation schedules and methodology in sections 502 and 503 of this
15 act. Changes for special education result from changes in each
16 district's basic education allocation per student. Changes for
17 educational service districts and institutional education programs are
18 determined by the superintendent of public instruction using the
19 methodology for general apportionment salaries and benefits in sections
20 502 and 503 of this act.

11 and technical equivalence often appears subsumed by an emphasis on

27 (b) The task force shall be cochaired by one house and one senate
28 member, selected by the members of the task force.

29 (3) The purpose of the task force is to identify strategies for how
30 education that supports career readiness, including but not limited to
31 career and technical education, may be better integrated into secondary
32 education opportunities for all students. The strategies to be
33 considered by the task force include state laws and policies,
34 graduation requirements, and state funding for instructional programs.
35 The task force must examine the barriers, incentives and disincentives,
36 costs, and cost-effectiveness of current policies and practices.

1 (4) The office of the superintendent of public instruction shall
2 identify a recommended list of course equivalencies for career and
3 technical education courses and submit the list to the task force under
4 this section by October 1, 2013.

6 (a) An analysis of the career and college ready graduation
7 requirements proposed by the state board of education and any
8 recommendations regarding graduation requirements;

9 (b) Options for expanding career education and career exploration
10 and planning into middle school;

11 (c) Options for increasing student and parent awareness of the
12 multiple education and career pathways available for students;

13 (d) Strategies for enhancing and supporting work-integrated
14 learning opportunities for students;

15 (e) Recommended policies that both support and provide appropriate
16 state oversight and strategic planning for career and technical

11 consulted by the governor or the governor's designee before any
12 agreement is reached under (a) of this subsection concerning
13 supplemental bargaining of agency specific issues affecting the
14 employees in such bargaining unit.

15 (3) The governor shall submit a request for funds necessary to
16 implement the compensation and fringe benefit provisions in the master
17 collective bargaining agreement or for legislation necessary to

20 legislature by the governor unless such requests:

21 (a) Have been submitted to the director of the office of financial
22 management by October 1 prior to the legislative session at which the

24 (b) Have been certified by the director of the office of financial
25 management as being feasible financially for the state.

26 The legislature shall approve or reject the submission of the

35 (4)(a)(i) For the purpose of negotiating agreements for
36 institutions of higher education, the employer shall be the respective

1 (ii) A governing board of a university or college may elect to have
2 its negotiations conducted by the governor or governor's designee under
3 the procedures provided for general government agencies in subsections
4 (1) through (3) of this section, except that:

5 (A) The governor or the governor's designee and an exclusive
6 bargaining representative shall negotiate one master collective
7 bargaining agreement for all of the bargaining units of employees of a
8 university or college that the representative represents; or

9 (B) If the parties mutually agree, the governor or the governor's
10 designee and an exclusive bargaining representative shall negotiate one
11 master collective bargaining agreement for all of the bargaining units
12 of employees of more than one university or college that the
13 representative represents.

14 (iii) A governing board of a community college may elect to have

22 negotiations.

23 (c)(i) In the case of bargaining agreements reached between
24 institutions of higher education other than the University of
25 Washington and exclusive bargaining representatives agreed to under the
26 provisions of this chapter, if appropriations are necessary to
27 implement the compensation and fringe benefit provisions of the
28 bargaining agreements, the governor shall submit a request for such
29 funds to the legislature according to the provisions of subsection (3)
30 of this section, except as provided in (c)(iii) of this subsection.

31 (ii) In the case of bargaining agreements reached between the
32 University of Washington and exclusive bargaining representatives
33 agreed to under the provisions of this chapter, if appropriations are
34 necessary to implement the compensation and fringe benefit provisions
35 of a bargaining agreement, the governor shall submit a request for such
36 funds to the legislature according to the provisions of subsection (3)
37 of this section, except as provided in this subsection (4)(c)(ii) and
38 as provided in (c)(iii) of this subsection.

1 (A) If appropriations of less than ten thousand dollars are
2 necessary to implement the provisions of a bargaining agreement, a
3 request for such funds shall not be submitted to the legislature by the
4 governor unless the request has been submitted to the director of the
5 office of financial management by October 1 prior to the legislative
6 session at which the request is to be considered.

7 (B) If appropriations of ten thousand dollars or more are necessary
8 to implement the provisions of a bargaining agreement, a request for
9 such funds shall not be submitted to the legislature by the governor
10 unless the request:

11 (I) Has been submitted to the director of the office of financial
12 management by October 1 prior to the legislative session at which the
13 request is to be considered; and

14 (II) Has been certified by the director of the office of financial
15 management as being feasible financially for the state.

16 (C) If the director of the office of financial management does not
17 certify a request under (c)(ii)(B) of this subsection as being feasible
18 financially for the state, the parties shall enter into collective
19 bargaining solely for the purpose of reaching a mutually agreed upon
20 modification of the agreement necessary to address the absence of those
21 requested funds. The legislature may act upon the compensation and
22 fringe benefit provisions of the modified collective bargaining
23 agreement if those provisions are agreed upon and submitted to the
24 office of financial management and legislative budget committees before
25 final legislative action on the biennial or supplemental operating
26 budget by the sitting legislature.

27 (iii) In the case of a bargaining unit of employees of institutions
28 of higher education in which the exclusive bargaining representative is
29 certified during or after the conclusion of a legislative session, the
30 legislature may act upon the compensation and fringe benefit provisions
31 of the unit's initial collective bargaining agreement if those
32 provisions are agreed upon and submitted to the office of financial
33 management and legislative budget committees before final legislative
34 action on the biennial or supplemental operating budget by the sitting
35 legislature.

36 (5) There is hereby created a joint committee on employment
37 relations, which consists of two members with leadership positions in
38 the house of representatives, representing each of the two largest

1 caucuses; the chair and ranking minority member of the house
2 appropriations committee, or its successor, representing each of the
3 two largest caucuses; two members with leadership positions in the
4 senate, representing each of the two largest caucuses; and the chair
5 and ranking minority member of the senate ways and means committee, or
6 its successor, representing each of the two largest caucuses. The
7 governor shall periodically consult with the committee regarding
8 appropriations necessary to implement the compensation and fringe
9 benefit provisions in the master collective bargaining agreements, and
10 upon completion of negotiations, advise the committee on the elements
11 of the agreements and on any legislation necessary to implement the
12 agreements.

13 (6) If, after the compensation and fringe benefit provisions of an
14 agreement are approved by the legislature, a significant revenue
15 shortfall occurs resulting in reduced appropriations, as declared by
16 proclamation of the governor or by resolution of the legislature, both
17 parties shall immediately enter into collective bargaining for a
18 mutually agreed upon modification of the agreement.

19 (7) After the expiration date of a collective bargaining agreement
20 negotiated under this chapter, all of the terms and conditions
21 specified in the collective bargaining agreement remain in effect until
22 the effective date of a subsequently negotiated agreement, not to
23 exceed one year from the expiration date stated in the agreement.
24 Thereafter, the employer may unilaterally implement according to law.

25 (8) For the ((2011-2013)) 2013-2015 fiscal biennium, a collective
26 bargaining agreement related to employee health care benefits
27 negotiated between the employer and coalition pursuant to RCW
28 41.80.020(3) regarding the dollar amount expended on behalf of each
29 employee shall be a separate agreement for which the governor may
30 request funds necessary to implement the agreement. ((If such an
31 agreement is negotiated and funded by the legislature, this agreement
32 will supersede any terms and conditions of an expired 2009-2011
33 biennial master collective bargaining agreement under this chapter
34 regarding health care benefits.)) The legislature may act upon a
35 2013-2015 collective bargaining agreement related to employee health
36 care benefits if an agreement is reached and submitted to the office of
37 financial management and legislative budget committees before final

1 legislative action on the biennial or supplemental operating
2 appropriations act by the sitting legislature.

3 **Sec. 972.** RCW 41.80.020 and 2011 1st sp.s. c 50 s 939 and 2011 1st
4 sp.s. c 43 s 445 are each reenacted and amended to read as follows:

5 (1) Except as otherwise provided in this chapter, the matters
6 subject to bargaining include wages, hours, and other terms and
7 conditions of employment, and the negotiation of any question arising
8 under a collective bargaining agreement.

9 (2) The employer is not required to bargain over matters pertaining
10 to:

11 (a) Health care benefits or other employee insurance benefits,
12 except as required in subsection (3) of this section;

13 (b) Any retirement system or retirement benefit; or

14 (c) Rules of the human resources director, the director of
15 enterprise services, or the Washington personnel resources board
16 adopted under RCW 41.06.157.

17 (3) Matters subject to bargaining include the number of names to be
18 certified for vacancies, promotional preferences, and the dollar amount
19 expended on behalf of each employee for health care benefits. However,
20 except as provided otherwise in this subsection for institutions of
21 higher education, negotiations regarding the number of names to be
22 certified for vacancies, promotional preferences, and the dollar amount
23 expended on behalf of each employee for health care benefits shall be
24 conducted between the employer and one coalition of all the exclusive
25 bargaining representatives subject to this chapter. The exclusive
26 bargaining representatives for employees that are subject to chapter
27 47.64 RCW shall bargain the dollar amount expended on behalf of each
28 employee for health care benefits with the employer as part of the
29 coalition under this subsection. Any such provision agreed to by the
30 employer and the coalition shall be included in all master collective
31 bargaining agreements negotiated by the parties. For institutions of
32 higher education, promotional preferences and the number of names to be
33 certified for vacancies shall be bargained under the provisions of RCW
34 41.80.010(4). For agreements covering the ((2011-2013)) 2013-2015
35 fiscal biennium, any agreement between the employer and the coalition
36 regarding the dollar amount expended on behalf of each employee for

1 health care benefits is a separate agreement and shall not be included
2 in the master collective bargaining agreements negotiated by the
3 parties.

4 (4) The employer and the exclusive bargaining representative shall
5 not agree to any proposal that would prevent the implementation of
6 approved affirmative action plans or that would be inconsistent with
7 the comparable worth agreement that provided the basis for the salary
8 changes implemented beginning with the 1983-1985 biennium to achieve
9 comparable worth.

10 (5) The employer and the exclusive bargaining representative shall
11 not bargain over matters pertaining to management rights established in
12 RCW 41.80.040.

13 (6) Except as otherwise provided in this chapter, if a conflict
14 exists between an executive order, administrative rule, or agency
15 policy relating to wages, hours, and terms and conditions of employment
16 and a collective bargaining agreement negotiated under this chapter,
17 the collective bargaining agreement shall prevail. A provision of a
18 collective bargaining agreement that conflicts with the terms of a
19 statute is invalid and unenforceable.

20 (7) This section does not prohibit bargaining that affects
21 contracts authorized by RCW 41.06.142.

22 **Sec. 973.** RCW 43.08.190 and 2011 1st sp.s. c 50 s 941 are each

28 Moneys shall be allocated monthly and placed in the state
29 treasurer's service fund equivalent to a maximum of one percent of the
30 trust and treasury average daily cash balances from the earnings
31 generated under the authority of RCW 43.79A.040 and 43.84.080 other
32 than earnings generated from investment of balances in funds and
33 accounts specified in RCW 43.79A.040(4)(c). The allocation shall
34 precede the distribution of the remaining earnings as prescribed under
35 RCW 43.79A.040 and 43.84.092. The state treasurer shall establish a
36 uniform allocation rate for all funds and accounts; except that the
37 state treasurer may negotiate a different allocation rate with any

1 state agency that has independent authority over funds not statutorily
2 required to be held in the state treasury or in the custody of the
3 state treasurer. In no event shall the rate be less than the actual
4 costs incurred by the state treasurer's office. If no rate is
5 separately negotiated, the default rate for any funds held shall be the
6 rate set for funds held pursuant to statute.

7 During the 2009-2011 fiscal biennium and the 2011-2013 and 2013-
8 2015 fiscal ((~~biennium~~)) biennia, the legislature may transfer from the

20 expenditures from the account. The account is subject to allotment
21 procedures under chapter 43.88 RCW, but an appropriation is not
22 required for expenditures. (~~During the 2009-2011 fiscal biennium, the~~
23 ~~legislature may transfer from the performance audits of government~~
24 ~~account to the state general fund such amounts as deemed to be~~
25 ~~appropriate or necessary.)) During (~~{the}~~) the 2011-2013 and the

32 appropriation. Disbursements for the strategic planning and policy
33 component of the department are subject to appropriation. All
34 disbursements from the fund are subject to the allotment procedures
35 provided under chapter 43.88 RCW. The department shall establish and

2 the legislature may transfer from the data processing revolving account
3 to the state general fund such amounts as reflect the excess fund
4 balance and may use the data processing revolving account for

30 biennium for the activities of the state crime laboratory within the
31 Washington state patrol.~~

32 **Sec. 980.** RCW 43.79.480 and 2011 1st sp.s. c 50 s 947 are each
33 amended to read as follows:

34 (1) Moneys received by the state of Washington in accordance with
35 the settlement of the state's legal action against tobacco product

1 manufacturers, exclusive of costs and attorneys' fees, shall be
2 deposited in the tobacco settlement account created in this section
3 except as these moneys are sold or assigned under chapter 43.340 RCW.

4 (2) The tobacco settlement account is created in the state
5 treasury. Moneys in the tobacco settlement account may only be
6 transferred to the state general fund, and to the tobacco prevention
7 and control account for purposes set forth in this section. The
8 legislature shall transfer amounts received as strategic contribution
9 payments as defined in RCW 43.350.010 to the life sciences discovery
10 fund created in RCW 43.350.070. During the 2009-2011 and 2011-2013
11 fiscal biennia, the legislature may transfer less than the entire
12 strategic contribution payments, and may transfer amounts attributable
13 to strategic contribution payments into the basic health plan
14 stabilization account. During the 2013-2015 fiscal biennium, the
15 legislature may transfer less than the entire strategic contribution
16 payments, and may transfer amounts attributable to strategic
17 contribution payments into the state general fund.

18 (3) The tobacco prevention and control account is created in the
19 state treasury. The source of revenue for this account is moneys
20 transferred to the account from the tobacco settlement account,
21 investment earnings, donations to the account, and other revenues as
22 directed by law. Expenditures from the account are subject to
23 appropriation. During the 2009-2011 fiscal biennium, the legislature
24 may transfer from the tobacco prevention and control account to the
25 state general fund such amounts as represent the excess fund balance of
26 the account.

27 **Sec. 981.** RCW 43.82.010 and 2007 c 506 s 8 are each amended to
28 read as follows:

29 (1) The director of (~~(general administration)~~) enterprise services,
30 on behalf of the agency involved and after consultation with the office
31 of financial management, shall purchase, lease, lease purchase, rent,
32 or otherwise acquire all real estate, improved or unimproved, as may be
33 required by elected state officials, institutions, departments,
34 commissions, boards, and other state agencies, or federal agencies
35 where joint state and federal activities are undertaken and may grant
36 easements and transfer, exchange, sell, lease, or sublease all or part
37 of any surplus real estate for those state agencies which do not

1 otherwise have the specific authority to dispose of real estate. This
2 section does not transfer financial liability for the acquired property
3 to the department of (~~general administration~~) enterprise services.

4 (2) Except for real estate occupied by federal agencies, the
5 director shall determine the location, size, and design of any real
6 estate or improvements thereon acquired or held pursuant to subsection
7 (1) of this section. Facilities acquired or held pursuant to this
8 chapter, and any improvements thereon, shall conform to standards
9 adopted by the director and approved by the office of financial
10 management governing facility efficiency unless a specific exemption
11 from such standards is provided by the director of (~~general
12 administration~~) enterprise services. The director of (~~general
13 administration~~) enterprise services shall report to the office of
14 financial management and the appropriate committees of the legislature
15 annually on any exemptions granted pursuant to this subsection.

16 (3) The director of (~~general administration~~) enterprise services
17 may fix the terms and conditions of each lease entered into under this
18 chapter, except that no lease shall extend greater than twenty years in
19 duration. The director of (~~general administration~~) enterprise
20 services may enter into a long-term lease greater than ten years in
21 duration upon a determination by the director of the office of
22 financial management that the long-term lease provides a more favorable
23 rate than would otherwise be available, it appears to a substantial
24 certainty that the facility is necessary for use by the state for the
25 full length of the lease term, and the facility meets the standards
26 adopted pursuant to subsection (2) of this section. The director of
27 (~~general administration~~) enterprise services may enter into a long-
28 term lease greater than ten years in duration if an analysis shows that
29 the life-cycle cost of leasing the facility is less than the life-cycle
30 cost of purchasing or constructing a facility in lieu of leasing the
31 facility.

32 (4) Except as permitted under chapter 39.94 RCW, no lease for or on
33 behalf of any state agency may be used or referred to as collateral or
34 security for the payment of securities offered for sale through a
35 public offering. Except as permitted under chapter 39.94 RCW, no lease
36 for or on behalf of any state agency may be used or referred to as
37 collateral or security for the payment of securities offered for sale
38 through a private placement without the prior written approval of the

1 state treasurer. However, this limitation shall not prevent a lessor
2 from assigning or encumbering its interest in a lease as security for
3 the repayment of a promissory note provided that the transaction would
4 otherwise be an exempt transaction under RCW 21.20.320. The state
5 treasurer shall adopt rules that establish the criteria under which any
6 such approval may be granted. In establishing such criteria the state
7 treasurer shall give primary consideration to the protection of the
8 state's credit rating and the integrity of the state's debt management
9 program. If it appears to the state treasurer that any lease has been
10 used or referred to in violation of this subsection or rules adopted
11 under this subsection, then he or she may recommend that the governor
12 cause such lease to be terminated. The department of (~~general
13 administration~~) enterprise services shall promptly notify the state
14 treasurer whenever it may appear to the department that any lease has
15 been used or referred to in violation of this subsection or rules
16 adopted under this subsection.

17 (5) It is the policy of the state to encourage the collocation and
18 consolidation of state services into single or adjacent facilities,
19 whenever appropriate, to improve public service delivery, minimize
20 duplication of facilities, increase efficiency of operations, and
21 promote sound growth management planning.

22 (6) The director of (~~general administration~~) enterprise services
23 shall provide coordinated long-range planning services to identify and
24 evaluate opportunities for collocating and consolidating state
25 facilities. Upon the renewal of any lease, the inception of a new
26 lease, or the purchase of a facility, the director of (~~general
27 administration~~) enterprise services shall determine whether an
28 opportunity exists for collocating the agency or agencies in a single
29 facility with other agencies located in the same geographic area. If
30 a collocation opportunity exists, the director of (~~general
31 administration~~) enterprise services shall consult with the affected
32 state agencies and the office of financial management to evaluate the
33 impact collocation would have on the cost and delivery of agency
34 programs, including whether program delivery would be enhanced due to
35 the centralization of services. The director of (~~general
36 administration~~) enterprise services, in consultation with the office
37 of financial management, shall develop procedures for implementing
38 collocation and consolidation of state facilities.

1 (7) The director of ((~~general administration~~)) enterprise services
2 is authorized to purchase, lease, rent, or otherwise acquire improved
3 or unimproved real estate as owner or lessee and to lease or sublet all
4 or a part of such real estate to state or federal agencies. The
5 director of ((~~general administration~~)) enterprise services shall charge
6 each using agency its proportionate rental which shall include an
7 amount sufficient to pay all costs, including, but not limited to,
8 those for utilities, janitorial and accounting services, and sufficient
9 to provide for contingencies; which shall not exceed five percent of
10 the average annual rental, to meet unforeseen expenses incident to
11 management of the real estate.

12 (8) If the director of ((~~general administration~~)) enterprise
13 services determines that it is necessary or advisable to undertake any
14 work, construction, alteration, repair, or improvement on any real
15 estate acquired pursuant to subsection (1) or (7) of this section, the
16 director shall cause plans and specifications thereof and an estimate
17 of the cost of such work to be made and filed in his or her office and
18 the state agency benefiting thereby is hereby authorized to pay for
19 such work out of any available funds: PROVIDED, That the cost of
20 executing such work shall not exceed the sum of twenty-five thousand
21 dollars. Work, construction, alteration, repair, or improvement in
22 excess of twenty-five thousand dollars, other than that done by the
23 owner of the property if other than the state, shall be performed in
24 accordance with the public works law of this state.

25 (9) In order to obtain maximum utilization of space, the director
26 of ((~~general administration~~)) enterprise services shall make space
27 utilization studies, and shall establish standards for use of space by
28 state agencies. Such studies shall include the identification of
29 opportunities for colocation and consolidation of state agency office
30 and support facilities.

31 (10) The director of ((~~general administration~~)) enterprise services
32 may construct new buildings on, or improve existing facilities, and
33 furnish and equip, all real estate under his or her management. Prior
34 to the construction of new buildings or major improvements to existing
35 facilities or acquisition of facilities using a lease purchase
36 contract, the director of ((~~general administration~~)) enterprise
37 services shall conduct an evaluation of the facility design and budget

1 using life-cycle cost analysis, value-engineering, and other techniques
2 to maximize the long-term effectiveness and efficiency of the facility
3 or improvement.

4 (11) All conveyances and contracts to purchase, lease, rent,
5 transfer, exchange, or sell real estate and to grant and accept
6 easements shall be approved as to form by the attorney general, signed
7 by the director of (~~general administration~~) enterprise services or
8 the director's designee, and recorded with the county auditor of the
9 county in which the property is located.

10 (12) The director of (~~general administration~~) enterprise services
11 may delegate any or all of the functions specified in this section to
12 any agency upon such terms and conditions as the director deems
13 advisable. By January 1st of each year, beginning January 1, 2008, the
14 department shall submit an annual report to the office of financial
15 management and the appropriate committees of the legislature on all
16 delegated leases.

17 (13) This section does not apply to the acquisition of real estate
18 by:

19 (a) The state college and universities for research or experimental
20 purposes;

21 (b) The state liquor control board for liquor stores and
22 warehouses; (~~and~~)

23 (c) The department of natural resources, the department of fish and
24 wildlife, the department of transportation, and the state parks and
25 recreation commission for purposes other than the leasing of offices,
26 warehouses, and real estate for similar purposes; and

27 (d) The department of commerce for community college health career
28 training programs, offices for the department of commerce or other
29 appropriate state agencies, and other nonprofit community uses,
30 including community meeting and training facilities, where the real
31 estate is acquired during the 2013-2015 fiscal biennium.

32 (14) Notwithstanding any provision in this chapter to the contrary,
33 the department of (~~general administration~~) enterprise services may
34 negotiate ground leases for public lands on which property is to be
35 acquired under a financing contract pursuant to chapter 39.94 RCW under
36 terms approved by the state finance committee.

8 management and oversight that result in significant reductions in the
9 time to complete compared to baseline averages for:

10 (a) Purposes authorized under RCW 70.105D.070 (3) and (4);

11 (b) Storm water low-impact retrofit projects and other projects
12 with significant environmental benefits that reduce storm water
13 pollution from existing infrastructure and development;

14 (c) Cleanup and disposal of hazardous substances from abandoned or
15 derelict vessels, defined for the purposes of this section as vessels
16 that have little or no value and either have no identified owner or
17 have an identified owner lacking financial resources to clean up and
18 dispose of the vessel, that pose a threat to human health or the
19 environment; and

20 (d) Appropriations to the state and local toxics control accounts
21 created in RCW 70.105D.070 if the legislature determines that
22 priorities for spending exceed available funds in those accounts.

23 (3) Except as provided under RCW 70.105D.070(3) (k) and (q),
24 nothing in chapter 1, Laws of 2013 2nd sp. sess. expands the ability of
25 a potentially liable person to receive public funding.

26 (4) Moneys in the environmental legacy stewardship account may also
27 be used as follows:

28 (a) During the 2013-2015 fiscal biennia, shoreline update technical
29 assistance and for local government shoreline master program update
30 grants;

31 (b) During the 2013-2015 fiscal biennium, solid and hazardous waste
32 compliance at the department of corrections;

33 (c) During the 2013-2015 fiscal biennium, activities at the
34 department of fish and wildlife concerning water quality monitoring,
35 hatchery water quality regulatory compliance, and technical assistance
36 to local governments on growth management and shoreline management;

37 (d) During the 2013-2015 fiscal biennium, forest practices

1 regulation and aquatic land investigation and cleanup activities at the
2 department of natural resources.

3 **Sec. 992.** RCW 70.105D.070 and 2013 2nd sp.s. c 1 s 9 are each
4 amended to read as follows:

5 (1) The state toxics control account and the local toxics control
6 account are hereby created in the state treasury.

7 (2)(a) Moneys collected under RCW 82.21.030 must be deposited as
8 follows: Fifty-six percent to the state toxics control account under
9 subsection (3) of this section and forty-four percent to the local
10 toxics control account under subsection (4) of this section. When the
11 cumulative amount of deposits made to the state and local toxics
12 control accounts under this section reaches the limit during a fiscal
13 year as established in (b) of this subsection, the remainder of the
14 moneys collected under RCW 82.21.030 during that fiscal year must be
15 deposited into the environmental legacy stewardship account created in
16 RCW 70.105D.--- (section 10, chapter 1, Laws of 2013 2nd sp. sess.).

17 (b) The limit on distributions of moneys collected under RCW

19 year beginning July 1, 2013, is one hundred forty million dollars.

20 (c) In addition to the funds required under (a) of this subsection,

- 12 (k) Public funding to assist potentially liable persons to pay for
13 the costs of remedial action in compliance with clean-up standards
14 under RCW 70.105D.030(2)(e) but only when the amount and terms of such
15 funding are established under a settlement agreement under RCW
16 70.105D.040(4) and when the director has found that the funding will
17 achieve both: (i) A substantially more expeditious or enhanced cleanup
18 than would otherwise occur; and (ii) the prevention or mitigation of
19 unfair economic hardship;
- 20 (l) Development and demonstration of alternative management
21 technologies designed to carry out the hazardous waste management
22 priorities of RCW 70.105.150;
- 23 (m) State agriculture and health programs for the safe use,

36 designated under RCW 70.105D.--- (section 4, chapter 1, Laws of 2013
37 2nd sp. sess.);

1 (ii) The amount and terms of the funding are established under a
2 settlement agreement under RCW 70.105D.040(5); and

3 (iii) The director has found the funding meets any additional
4 criteria established in rule by the department, will achieve a
5 substantially more expeditious or enhanced cleanup than would otherwise
6 occur, and will provide a public benefit in addition to cleanup
7 commensurate with the scope of the public funding;

8 (r) Petroleum-based plastic or expanded polystyrene foam debris
9 cleanup activities in fresh or marine waters; (~~and~~)

10 (s) Appropriations to the local toxics control account or the
11 environmental legacy stewardship account created in RCW 70.105D.---
12 (section 10, chapter 1, Laws of 2013 2nd sp. sess.), if the legislature
13 determines that priorities for spending exceed available funds in those
14 accounts(~~(-)~~);

15 (t) During the 2013-2015 fiscal biennium, the department of
16 ecology's water quality, shorelands, environmental assessment,
17 administration, and air quality programs;

18 (u) During the 2013-2015 fiscal biennium, actions at the state
19 conservation commission to improve water quality for shellfish; and

20 (v) During the 2013-2015 fiscal biennium, actions at the University
21 of Washington for reducing ocean acidification.

22 (4)(a) The department shall use moneys deposited in the local
23 toxics control account for grants or loans to local governments for the
24 following purposes in descending order of priority:

25 (i) Extended grant agreements entered into under (c)(i) of this
26 subsection;

27 (ii) Remedial actions, including planning for adaptive reuse of
28 properties as provided for under (c)(iv) of this subsection. The
29 department must prioritize funding of remedial actions at:

30 (A) Facilities on the department's hazardous sites list with a high
31 hazard ranking for which there is an approved remedial action work plan
32 or an equivalent document under federal cleanup law;

33 (B) Brownfield properties within a redevelopment opportunity zone
34 if the local government is a prospective purchaser of the property and
35 there is a department-approved remedial action work plan or equivalent
36 document under the federal cleanup law;

37 (iii) Storm water pollution source projects that: (A) Work in

1 conjunction with a remedial action; (B) protect completed remedial
2 actions against recontamination; or (C) prevent hazardous clean-up
3 sites;

4 (iv) Hazardous waste plans and programs under chapter 70.105 RCW;

5 (v) Solid waste plans and programs under chapters 70.95, 70.95C,
6 70.95I, and 70.105 RCW;

7 (vi) Petroleum-based plastic or expanded polystyrene foam debris
8 cleanup activities in fresh or marine waters; and

9 (vii) Appropriations to the state toxics control account or the
10 environmental legacy stewardship account created in RCW 70.105D.---
11 (section 10, chapter 1, Laws of 2013 2nd sp. sess.), if the legislature
12 determines that priorities for spending exceed available funds in those
13 accounts.

14 (b) Funds for plans and programs must be allocated consistent with
15 the priorities and matching requirements established in chapters
16 70.105, 70.95C, 70.95I, and 70.95 RCW.

17 (c) During the 2013-2015 fiscal biennium, the local toxics control
18 account may also be used for local government storm water planning and
19 implementation activities.

20 (d) During the 2013-2015 fiscal biennium, the legislature may
21 transfer from the local toxics control account to the state general
22 fund, such amounts as reflect the excess fund balance in the account.

23 (e) To expedite cleanups throughout the state, the department may
24 use the following strategies when providing grants to local governments
25 under this subsection:

26 (i) Enter into an extended grant agreement with a local government
27 conducting remedial actions at a facility where those actions extend
28 over multiple biennia and the total eligible cost of those actions
29 exceeds twenty million dollars. The agreement is subject to the
30 following limitations:

31 (A) The initial duration of such an agreement may not exceed ten
32 years. The department may extend the duration of such an agreement
33 upon finding substantial progress has been made on remedial actions at
34 the facility;

35 (B) Extended grant agreements may not exceed fifty percent of the
36 total eligible remedial action costs at the facility; and

37 (C) The department may not allocate future funding to an extended
38 grant agreement unless the local government has demonstrated to the

1 department that funds awarded under the agreement during the previous
2 biennium have been substantially expended or contracts have been
3 entered into to substantially expend the funds;

4 (ii) Enter into a grant agreement with a local government
5 conducting a remedial action that provides for periodic reimbursement
6 of remedial action costs as they are incurred as established in the
7 agreement;

8 (iii) Enter into a grant agreement with a local government prior to
9 it acquiring a property or obtaining necessary access to conduct
10 remedial actions, provided the agreement is conditioned upon the local
11 government acquiring the property or obtaining the access in accordance
12 with a schedule specified in the agreement;

13 (iv) Provide integrated planning grants to local governments to
14 fund studies necessary to facilitate remedial actions at brownfield
15 properties and adaptive reuse of properties following remediation.
16 Eligible activities include, but are not limited to: Environmental
17 site assessments; remedial investigations; health assessments;
18 feasibility studies; site planning; community involvement; land use and
19 regulatory analyses; building and infrastructure assessments; economic
20 and fiscal analyses; and any environmental analyses under chapter
21 43.21C RCW;

22 (v) Provide grants to local governments for remedial actions
23 related to areawide groundwater contamination. To receive the funding,
24 the local government does not need to be a potentially liable person or
25 be required to seek reimbursement of grant funds from a potentially
26 liable person;

27 (vi) The director may alter grant matching requirements to create
28 incentives for local governments to expedite cleanups when one of the
29 following conditions exists:

30 (A) Funding would prevent or mitigate unfair economic hardship
31 imposed by the clean-up liability;

32 (B) Funding would create new substantial economic development,
33 public recreational opportunities, or habitat restoration opportunities
34 that would not otherwise occur; or

35 (C) Funding would create an opportunity for acquisition and
36 redevelopment of brownfield property under RCW 70.105D.040(5) that
37 would not otherwise occur;

1 (vii) When pending grant applications under (c)(iv) and (v) of this
2 subsection (4) exceed the amount of funds available, designated
3 redevelopment opportunity zones must receive priority for distribution
4 of available funds.

5 (d) To expedite multiparty clean-up efforts, the department may
6 purchase remedial action cost-cap insurance.

7 (5) Except for unanticipated receipts under RCW 43.79.260 through
8 43.79.282, moneys in the state and local toxics control accounts may be
9 spent only after appropriation by statute.

10 (6) No moneys deposited into either the state or local toxics
11 control account may be used for: Natural disasters where there is no
12 hazardous substance contamination; high performance buildings; solid
13 waste incinerator facility feasibility studies, construction,
14 maintenance, or operation; or after January 1, 2010, for projects
15 designed to address the restoration of Puget Sound, funded in a
16 competitive grant process, that are in conflict with the action agenda
17 developed by the Puget Sound partnership under RCW 90.71.310. However,
18 this subsection does not prevent an appropriation from the state toxics
19 control account to the department of revenue to enforce compliance with
20 the hazardous substance tax imposed in chapter 82.21 RCW.

21 (7) Except during the 2011-2013 fiscal biennium, one percent of the
22 moneys collected under RCW 82.21.030 shall be allocated only for public
23 participation grants to persons who may be adversely affected by a
24 release or threatened release of a hazardous substance and to not-for-
25 profit public interest organizations. The primary purpose of these
26 grants is to facilitate the participation by persons and organizations
27 in the investigation and remedying of releases or threatened releases
28 of hazardous substances and to implement the state's solid and
29 hazardous waste management priorities. No grant may exceed sixty
30 thousand dollars. Grants may be renewed annually. Moneys appropriated
31 for public participation that are not expended at the close of any
32 biennium revert to the state toxics control account.

33 (8) The department shall adopt rules for grant or loan issuance and
34 performance. To accelerate both remedial action and economic recovery,
35 the department may expedite the adoption of rules necessary to
36 implement chapter 1, Laws of 2013 2nd sp. sess. using the expedited
37 procedures in RCW 34.05.353. The department shall initiate the award
38 of financial assistance by August 1, 2013. To ensure the adoption of

1 rules will not delay financial assistance, the department may
2 administer the award of financial assistance through interpretive
3 guidance pending the adoption of rules through July 1, 2014.

4 (9) Except as provided under subsection (3)(k) and (q) of this
5 section, nothing in chapter 1, Laws of 2013 2nd sp. sess. effects the
6 ability of a potentially liable person to receive public funding.

7 **Sec. 993.** RCW 70.148.020 and 2012 1st sp.s. c 3 s 1 are each
8 amended to read as follows:

9 (1) The pollution liability insurance program trust account is
10 established in the custody of the state treasurer. All funds
11 appropriated for this chapter and all premiums collected for
12 reinsurance shall be deposited in the account. Expenditures from the
13 account shall be used exclusively for the purposes of this chapter
14 including payment of costs of administering the pollution liability
15 insurance and underground storage tank community assistance programs.
16 Expenditures for payment of administrative and operating costs of the
17 agency are subject to the allotment procedures under chapter 43.88 RCW
18 and may be made only after appropriation by statute. No appropriation
19 is required for other expenditures from the account.

20 (2) Each calendar quarter, the director shall report to the
21 insurance commissioner the loss and surplus reserves required for the
22 calendar quarter. The director shall notify the department of revenue
23 of this amount by the fifteenth day of each calendar quarter.

24 (3) Each calendar quarter the director shall determine the amount
25 of reserves necessary to fund commitments made to provide financial
26 assistance under RCW 70.148.130 to the extent that the financial
27 assistance reserves do not jeopardize the operations and liabilities of
28 the pollution liability insurance program. The director shall notify
29 the department of revenue of this amount by the fifteenth day of each
30 calendar quarter. The director may immediately establish an initial
31 financial assistance reserve of five million dollars from available
32 revenues. The director may not expend more than fifteen million
33 dollars for the financial assistance program.

34 ~~((4))~~ (4) During the 2013-2015 fiscal biennium, the legislature
35 may transfer from the pollution liability insurance program trust
36 account to the state general fund such amounts as reflect the excess
37 fund balance of the account.

1 (5) This section expires July 1, 2020.

2 **Sec. 994.** RCW 71.24.310 and 2009 c 564 s 1810 and 2009 c 564 s 952
3 are each reenacted and amended to read as follows:

4 The legislature finds that administration of chapter 71.05 RCW and
5 this chapter can be most efficiently and effectively implemented as
6 part of the regional support network defined in RCW 71.24.025. For
7 this reason, the legislature intends that the department and the
8 regional support networks shall work together to implement chapter
9 71.05 RCW as follows:

10 (1) By June 1, 2006, regional support networks shall recommend to
11 the department the number of state hospital beds that should be
12 allocated for use by each regional support network. The statewide
13 total allocation shall not exceed the number of state hospital beds
14 offering long-term inpatient care, as defined in this chapter, for
15 which funding is provided in the biennial appropriations act.

16 (2) If there is consensus among the regional support networks
17 regarding the number of state hospital beds that should be allocated
18 for use by each regional support network, the department shall contract
19 with each regional support network accordingly.

20 (3) If there is not consensus among the regional support networks
21 regarding the number of beds that should be allocated for use by each
22 regional support network, the department shall establish by emergency
23 rule the number of state hospital beds that are available for use by
24 each regional support network. The emergency rule shall be effective
25 September 1, 2006. The primary factor used in the allocation shall be
26 the estimated number of adults with acute and chronic mental illness in
27 each regional support network area, based upon population-adjusted
28 incidence and utilization.

29 (4) The allocation formula shall be updated at least every three
30 years to reflect demographic changes, and new evidence regarding the
31 incidence of acute and chronic mental illness and the need for long-
32 term inpatient care. In the updates, the statewide total allocation
33 shall include (a) all state hospital beds offering long-term inpatient
34 care for which funding is provided in the biennial appropriations act;
35 plus (b) the estimated equivalent number of beds or comparable
36 diversion services contracted in accordance with subsection (5) of this
37 section.

1 (5) The department is encouraged to enter performance-based
2 contracts with regional support networks to provide some or all of the
3 regional support network's allocated long-term inpatient treatment
4 capacity in the community, rather than in the state hospital. The
5 performance contracts shall specify the number of patient days of care
6 available for use by the regional support network in the state
7 hospital.

8 (6) If a regional support network uses more state hospital patient
9 days of care than it has been allocated under subsection (3) or (4) of
10 this section, or than it has contracted to use under subsection (5) of
11 this section, whichever is less, it shall reimburse the department for
12 that care, except during the period of July 1, 2012, through December
13 31, 2013, where reimbursements may be temporarily altered per section
14 204 of this act. The reimbursement rate per day shall be the
15 hospital's total annual budget for long-term inpatient care, divided by
16 the total patient days of care assumed in development of that budget.

17 (7) One-half of any reimbursements received pursuant to subsection
18 (6) of this section shall be used to support the cost of operating the
19 state hospital and, during the 2007-2009 fiscal biennium, implementing
20 new services that will enable a regional support network to reduce its
21 utilization of the state hospital. The department shall distribute the
22 remaining half of such reimbursements among regional support networks
23 that have used less than their allocated or contracted patient days of
24 care at that hospital, proportional to the number of patient days of
25 care not used.

26 **Sec. 995.** RCW 74.09.215 and 2012 c 241 s 103 are each amended to
27 read as follows:

28 The medicaid fraud penalty account is created in the state
29 treasury. All receipts from civil penalties collected under RCW
30 74.09.210, all receipts received under judgments or settlements that
31 originated under a filing under the federal false claims act, and all
32 receipts received under judgments or settlements that originated under
33 the state medicaid fraud false claims act, chapter 74.66 RCW must be
34 deposited into the account. Moneys in the account may be spent only
35 after appropriation and must be used only for medicaid services, fraud
36 detection and prevention activities, recovery of improper payments, and
37 for other medicaid fraud enforcement activities. For the 2013-2015

1 fiscal biennium, moneys in the account may be spent on inpatient and
2 outpatient rebasing and conversion to the tenth version of the
3 international classification of diseases.

4 **Sec. 996.** RCW 74.13.621 and 2009 c 564 s 954 are each amended to
5 read as follows:

6 (1) Within existing resources, the department shall establish an
7 oversight committee to monitor, guide, and report on kinship care
8 recommendations and implementation activities. The committee shall:

9 (a) Draft a kinship care definition that is restricted to persons
10 related by blood, marriage, or adoption, including marriages that have
11 been dissolved, or for a minor defined as an "Indian child" under the
12 federal Indian child welfare act (25 U.S.C. Sec. 1901 et seq.), the
13 definition of "extended family member" under the federal Indian child
14 welfare act, and a set of principles. If the committee concludes that
15 one or more programs or services would be more efficiently and
16 effectively delivered under a different definition of kin, it shall
17 state what definition is needed, and identify the program or service in
18 the report. It shall also provide evidence of how the program or
19 service will be more efficiently and effectively delivered under the
20 different definition. The department shall not adopt rules or policies
21 changing the definition of kin without authorizing legislation;

22 (b) Monitor and provide consultation on the implementation of
23 recommendations contained in the 2002 kinship care report, including
24 but not limited to the recommendations relating to legal and respite
25 care services and resources;

26 (c) Partner with nonprofit organizations and private sector
27 businesses to guide a public education awareness campaign; and

28 (d) Assist with developing future recommendations on kinship care
29 issues.

30 (2) The department shall consult with the oversight committee on
31 its efforts to better collaborate and coordinate services to benefit
32 kinship care families.

33 (3) The oversight committee must consist of a minimum of thirty
34 percent kinship caregivers, who shall represent a diversity of kinship
35 families. Statewide representation with geographic, ethnic, and gender
36 diversity is required. Other members shall include representatives of
37 the department, representatives of relevant state agencies,

1 representatives of the private nonprofit and business sectors, child
2 advocates, representatives of Washington state Indian tribes as defined
3 under the federal Indian welfare act (25 U.S.C. Sec. 1901 et seq.), and
4 representatives of the legal or judicial field. Birth parents, foster
5 parents, and others who have an interest in these issues may also be
6 included.

7 (4) To the extent funding is available, the department may
8 reimburse nondepartmental members of the oversight committee for costs
9 incurred in participating in the meetings of the oversight committee.

10 (5) The kinship care oversight committee shall update the
11 legislature and governor annually on committee activities, with the
12 first update due by January 1, 2006.

13 (6) This section expires June 30, (~~2011~~) 2015.

14 **Sec. 997.** RCW 74.09.215 and 2013 c 36 s 3 are each amended to read
15 as follows:

16 The medicaid fraud penalty account is created in the state
17 treasury. All receipts from civil penalties collected under RCW
18 74.09.210, all receipts received under judgments or settlements that
19 originated under a filing under the federal false claims act, and all
20 receipts received under judgments or settlements that originated under
21 the state medicaid fraud false claims act, chapter 74.66 RCW, must be
22 deposited into the account. Moneys in the account may be spent only
23 after appropriation and must be used only for medicaid services, fraud
24 detection and prevention activities, recovery of improper payments, for
25 other medicaid fraud enforcement activities, and the prescription
26 monitoring program established in chapter 70.225 RCW. For the 2013-
27 2015 fiscal biennium, moneys in the account may be spent on inpatient
28 and outpatient rebasing and conversion to the tenth version of the
29 international classification of diseases.

30 **Sec. 998.** RCW 77.12.201 and 2012 2nd sp.s. c 7 s 923 are each
31 amended to read as follows:

32 The legislative authority of a county may elect, by giving written
33 notice to the director and the treasurer prior to January 1st of any
34 year, to obtain for the following year an amount in lieu of real
35 property taxes on game lands as provided in RCW 77.12.203. Upon the
36 election, the county shall keep a record of all fines, forfeitures,

1 reimbursements, and costs assessed and collected, in whole or in part,
2 under this title for violations of law or rules adopted pursuant to
3 this title, with the exception of the 2011-2013 and 2013-2015 fiscal
4 (~~biennium~~) biennia, and shall monthly remit an amount equal to the
5 amount collected to the state treasurer for deposit in the state
6 general fund. The election shall continue until the department is
7 notified differently prior to January 1st of any year.

8 **Sec. 999.** RCW 77.12.203 and 2012 2nd sp.s. c 7 s 924 are each
9 amended to read as follows:

10 (1) Except as provided in subsection (5) of this section and
11 notwithstanding RCW 84.36.010 or other statutes to the contrary, the
12 director shall pay by April 30th of each year on game lands in each
13 county, if requested by an election under RCW 77.12.201, an amount in
14 lieu of real property taxes equal to that amount paid on similar
15 parcels of open space land taxable under chapter 84.34 RCW or the
16 greater of seventy cents per acre per year or the amount paid in 1984
17 plus an additional amount for control of noxious weeds equal to that
18 which would be paid if such lands were privately owned. This amount

22 dollars divided into four equal deposits occurring on July 1, October
23 1, January 1, and April 1. For each fiscal year thereafter, the state
24 treasurer must increase the total transfer by the fiscal growth factor,
25 as defined in RCW 43.135.025, forecast for that fiscal year by the
26 office of financial management in November of the preceding year.

27 (2) The moneys deposited in the county criminal justice assistance
28 account for distribution under this section, less any moneys
29 appropriated for purposes under subsection (4) of this section, must be
30 distributed at such times as distributions are made under RCW 82.44.150
31 and on the relative basis of each county's funding factor as determined
32 under this subsection.

14 the courts of Washington, as published by the administrative office of
15 the courts;

16 (iv) Distributions and eligibility for distributions in the 1989-
17 1991 biennium must be based on 1988 figures for both the crime rate as
18 described under (ii) of this subsection and the annual number of
19 criminal cases that are filed as described under (iii) of this
20 subsection. Future distributions must be based on the most recent
21 figures for both the crime rate as described under (ii) of this
22 subsection and the annual number of criminal cases that are filed as
23 described under (iii) of this subsection.

8 from this account for such enhancements may not supplant existing funds
9 from the state general fund.

11 otherwise be transferred into the county criminal justice assistance
12 account from the general fund under subsection (1) of this section must
13 be reduced by 3.4 percent.

14 (6) During the 2013-2015 fiscal biennium, for the purposes of

32 be spent only after appropriation for purposes specified under this
33 chapter. During the 2013-2015 fiscal biennium, the legislature may
34 transfer from the flood control assistance account to the state general
35 fund such amounts as reflect the excess fund balance of the account.

14 The appropriations in this section are subject to the following
15 conditions and limitations:

16 (1) The appropriations in this section are for the operations and
17 expenses of the department of enterprise services as established by
18 Engrossed Substitute Senate Bill No. 5931 (central service functions of
19 state government), effective October 1, 2011. Prior to October 1,
20 2011, the appropriations in this section may be expended for the
21 continued operations and expenses of the office of financial
22 management, the department of general administration, the department of
23 information services, and the department of personnel, pursuant to the
24 expenditure authority schedules produced by the office of financial
25 management, in accordance with chapter 43.88 RCW.

26 (2) \$3,028,000 of the general fund--state appropriation for fiscal
27 year 2012 and \$2,967,000 of the general fund--state appropriation for
28 fiscal year 2013 are provided solely for the payment of facilities and
29 services charges, utilities and contracts charges, public and historic
30 facilities charges, and capital projects surcharges allocable to the
31 senate, house of representatives, statute law committee, and joint
32 legislative systems committee. The department shall allocate charges
33 attributable to these agencies among the affected revolving funds. The
34 department shall maintain an interagency agreement with these agencies
35 to establish performance standards, prioritization of preservation and
36 capital improvement projects, and quality assurance provisions for the
37 delivery of services under this subsection. The legislative agencies

1 named in this subsection shall continue to enjoy all of the same rights
2 of occupancy and space use on the capitol campus as historically
3 established.

4 (3) In accordance with RCW 46.08.172 and 43.135.055, the department
5 is authorized to increase parking fees in fiscal years 2012 and 2013 as
6 necessary to meet the actual costs of conducting business.

7 (4) The building code council account appropriation is provided
8 solely for the operation of the state building code council as required
9 by statute and modified by the standards established by executive order
10 10-06. The council shall not consider any proposed code amendment or

12 the standards established in executive order 10-06. No member of the
13 council may receive compensation, per diem, or reimbursement for
14 activities other than physical attendance at those meetings of the
15 state building code council or the council's designated committees, at
16 which the opportunity for public comment is provided generally and on
17 all agenda items upon which the council proposes to take action.

18 (5) Specific funding is provided for the purposes of section 3 of

26 (8) Before any agency may purchase a passenger motor vehicle as
27 defined in RCW 43.19.560, the agency must have written approval from
28 the director of the department of enterprise services.

29 (9) The department shall adjust billings for self-insurance
30 premiums to transportation agencies to reflect rate reductions assumed
31 in this act.

(End of part)

1 integrated care project (MICP), the health care authority and the
2 department may combine and transfer such medicaid funds appropriated
3 under sections 204, 206, 208, and 213 of this act as may be necessary
4 to finance a unified health care plan for the WMIP and the MICP program
5 enrollment. The WMIP pilot projects shall not exceed a daily
6 enrollment of 6,000 persons, nor expand beyond one county during the
7 2011-2013 fiscal biennium. The amount of funding assigned from each
8 program may not exceed the average per capita cost assumed in this act
9 for individuals covered by that program, actuarially adjusted for the
10 health condition of persons enrolled, times the number of clients
11 enrolled. In implementing the WMIP and the MICP, the health care
12 authority and the department may: (i) Withhold from calculations of
13 "available resources" as set forth in RCW 71.24.025 a sum equal to the
14 capitated rate for enrolled individuals; and (ii) employ capitation
15 financing and risk-sharing arrangements in collaboration with health
16 care service contractors licensed by the office of the insurance
17 commissioner and qualified to participate in both the medicaid and
18 medicare programs. The health care authority and the department shall
19 conduct an evaluation of the WMIP by October 15, 2012, and of the MICP
20 measuring changes in participant health outcomes, changes in patterns
21 of service utilization, participant satisfaction, participant access to
22 services, and the state fiscal impact.

23 (b) Effective January 1, 2013, if Washington has been selected to
24 participate in phase two of the federal demonstration project for
25 persons dually-eligible for both medicare and medicaid, the department
26 and the authority may initiate the MICP. Participation in the project
27 shall be limited to persons who are eligible for both medicare and
28 medicaid and to counties in which the county legislative authority has
29 agreed to the terms and conditions under which it will operate. The
30 purpose of the project shall be to demonstrate and evaluate ways to
31 improve care while reducing state expenditures for persons enrolled
32 both in medicare and medicaid. To that end, prior to initiating the
33 project, the department and the authority shall assure that state
34 expenditures shall be no greater on either a per person or total basis
35 than the state would otherwise incur. Individuals who are solely
36 eligible for medicaid may also participate if their participation is
37 agreed to by the health care authority, the department, and the county
38 legislative authority.

1 (4) The legislature finds that medicaid payment rates, as
2 calculated by the department pursuant to the appropriations in this
3 act, bear a reasonable relationship to the costs incurred by
4 efficiently and economically operated facilities for providing quality
5 services and will be sufficient to enlist enough providers so that care
6 and services are available to the extent that such care and services
7 are available to the general population in the geographic area. The
8 legislature finds that cost reports, payment data from the federal
9 government, historical utilization, economic data, and clinical input
10 constitute reliable data upon which to determine the payment rates.

11 (5) The department shall to the maximum extent practicable use the
12 same system for delivery of spoken-language interpreter services for
13 social services appointments as the one established for medical
14 appointments in section 213 of this act. When contracting directly
15 with an individual to deliver spoken language interpreter services, the
16 department shall only contract with language access providers who are
17 working at a location in the state and who are state-certified or
18 state-authorized, except that when such a provider is not available,
19 the department may use a language access provider who meets other
20 certifications or standards deemed to meet state standards, including
21 interpreters in other states.

22 (6)(a) The appropriations to the department of social and health
23 services in this act shall be expended for the programs and in the
24 amounts specified in this act. However, after May 1, (~~(2012)~~) 2013,
25 unless specifically prohibited by this act, the department may transfer
26 general fund--state appropriations for fiscal year (~~(2012)~~) 2013 among
27 programs after approval by the director of financial management.
28 However, the department shall not transfer state moneys that are
29 provided solely for a specified purpose except as expressly provided in
30 (b) of this subsection.

31 (b) To the extent that transfers under (a) of this subsection are
32 insufficient to fund actual expenditures in excess of fiscal year
33 (~~(2012)~~) 2013 caseload forecasts and utilization assumptions in the
34 long-term care, foster care, adoptions support, medicaid personal care,
35 and child support programs, the department may transfer state moneys
36 that are provided solely for a specified purpose. The department shall
37 not transfer funds, and the director of financial management shall not
38 approve the transfer, unless the transfer is consistent with the

1 objective of conserving, to the maximum extent possible, the
2 expenditure of state funds. The director of financial management shall
3 notify the appropriate fiscal committees of the senate and house of
4 representatives in writing seven days prior to approving any allotment
5 modifications or transfers under this subsection. The written
6 notification shall include a narrative explanation and justification of
7 the changes, along with expenditures and allotments by budget unit and
8 appropriation, both before and after any allotment modifications or
9 transfers.

34 (2) \$668,000 of the general fund--state appropriation for fiscal

21 without approval of the office of financial management following
22 notification to the legislative fiscal committees.

23 (b) The department shall use these services to safely reduce the
24 number of children in out-of-home care, safely reduce the time spent in
25 out-of-home care prior to achieving permanency, and safely reduce the
26 number of children returning to out-of-home care following permanency.
27 The department shall provide an initial report to the legislature and
28 the governor by January 15, 2012, regarding the start-up costs
29 associated with performance-based contracts under RCW 74.13.360 .

30 (c) Of the amounts provided in (a) of this subsection, \$579,000 of
31 the general fund--state appropriation for fiscal year 2013 and \$109,000
32 of the general fund--federal appropriation are provided solely for a
33 receiving care center east of the Cascade mountains.

3 The amounts in this subsection are provided solely for contracted
4 education coordinators to assist foster children in succeeding in K-12
5 and higher education systems and to assure a focus on education during
6 the transition to performance based contracts. Funding shall be
7 prioritized to regions with high numbers of foster care youth and/or
8 regions where backlogs of youth that have formerly requested
9 educational outreach services exist. The department shall utilize
10 private matching funds to maintain educational advocacy services.

11 (5) \$670,000 of the general fund--state appropriation for fiscal
12 year 2012 and \$670,000 of the general fund--state appropriation for
13 fiscal year 2013 are provided solely for services provided through

15 (6) To ensure expenditures remain within available funds
16 appropriated in this section as required by RCW 74.13A.005 and

27 collaborate with service providers in a manner that maintains the
28 availability and geographic representation of secure and semi-secure
29 crisis residential centers and HOPE centers. To achieve efficiencies
30 and increase utilization, the department shall allow the co-location of
31 these centers, except that a youth may not be placed in a secure
32 facility or the secure portion of a co-located facility except as
33 specifically authorized by chapter 13.32A RCW. The reductions to
34 appropriations in this subsection related to semi-secure crisis
35 residential centers reflect a reduction to the number of beds for semi-
36 secure crisis residential centers and not a reduction in rates. Any
37 secure crisis residential center or semi-secure crisis residential
38 center bed reduction shall not be based solely upon bed utilization.

1 The department is to exercise its discretion in reducing the number of
2 beds but to do so in a manner that maintains availability and
3 geographic representation of semi-secure and secure crisis residential
4 centers.

5 (8) \$47,000 of the general fund--state appropriation for fiscal

4 approved by the division of alcohol and substance abuse. The juvenile
5 rehabilitation administration shall develop criteria for evaluation of
6 plans submitted and a timeline for awarding funding and shall assist

8 (5) \$3,123,000 of the general fund--state appropriation for fiscal

31 with a positive benefit-cost finding in the institute's report. The
32 administration may concentrate delivery of these treatments and
33 therapies at a limited number of programs to deliver the treatments in
34 a cost-effective manner.

35 (7)(a) The juvenile rehabilitation administration shall administer
36 a block grant, rather than categorical funding, of consolidated
37 juvenile service funds, community juvenile accountability act grants,
38 the chemical dependency disposition alternative funds, the mental

1 health disposition alternative, and the sentencing disposition
2 alternative for the purpose of serving youth adjudicated in the
3 juvenile justice system. In making the block grant, the juvenile
4 rehabilitation administration shall follow the following formula and
5 will prioritize evidence-based programs and disposition alternatives
6 and take into account juvenile courts program-eligible youth in
7 conjunction with the number of youth served in each approved evidence-
8 based program or disposition alternative: (i) Thirty-seven and one-
9 half percent for the at-risk population of youth ten to seventeen years
10 old; (ii) fifteen percent for moderate and high-risk youth; (iii)
11 twenty-five percent for evidence-based program participation; (iv)
12 seventeen and one-half percent for minority populations; (v) three
13 percent for the chemical dependency disposition alternative; and (vi)
14 two percent for the mental health and sentencing dispositional
15 alternatives. Funding for the special sex offender disposition
16 alternative (SSODA) shall not be included in the block grant, but
17 allocated on the average daily population in juvenile courts. Funding
18 for the evidence-based expansion grants shall be excluded from the
19 block grant formula. Funds may be used for promising practices when
20 approved by the juvenile rehabilitation administration and juvenile
21 courts, through the community juvenile accountability act committee,
22 based on the criteria established in consultation with Washington state
23 institute for public policy and the juvenile courts.

24 (b) The juvenile rehabilitation administration shall phase the
25 implementation of the formula provided in subsection (1) of this
26 section by including a stop-loss formula of five percent in fiscal year
27 2012 and five percent in fiscal year 2013.

28 (c) The juvenile rehabilitation administration and the juvenile
29 courts shall establish a block grant funding formula oversight
30 committee with equal representation from the juvenile rehabilitation
31 administration and the juvenile courts. The purpose of this committee
32 is to assess the ongoing implementation of the block grant funding
33 formula, utilizing data-driven decision making and the most current
34 available information. The committee will be cochaired by the juvenile
35 rehabilitation administration and the juvenile courts, who will also
36 have the ability to change members of the committee as needed to
37 achieve its purpose. Initial members will include one juvenile court
38 representative from the finance committee, the community juvenile

1 accountability act committee, the risk assessment quality assurance
2 committee, the executive board of the Washington association of
3 juvenile court administrators, the Washington state center for court
4 research, and a representative of the superior court judges
5 association; two representatives from the juvenile rehabilitation
6 administration headquarters program oversight staff, two
7 representatives of the juvenile rehabilitation administration regional
8 office staff, one representative of the juvenile rehabilitation
9 administration fiscal staff and a juvenile rehabilitation
10 administration division director. The committee may make changes to
11 the formula categories other than the evidence-based program and
12 disposition alternative categories if it is determined the changes will
13 increase statewide service delivery or effectiveness of evidence-based
14 program or disposition alternative resulting in increased cost benefit
15 savings to the state. Long-term cost benefit must be considered.
16 Percentage changes may occur in the evidence-based program or
17 disposition alternative categories of the formula should it be
18 determined the changes will increase evidence-based program or
19 disposition alternative delivery and increase the cost benefit to the
20 state. These outcomes will also be considered in determining when
21 evidence-based expansion or special sex offender disposition
22 alternative funds should be included in the block grant or left
23 separate.

24 (d) The juvenile courts and administrative office of the courts
25 shall be responsible for collecting and distributing information and
26 providing access to the data systems to the juvenile rehabilitation
27 administration and the Washington state institute for public policy
28 related to program and outcome data. The juvenile rehabilitation
29 administration and the juvenile courts will work collaboratively to
30 develop program outcomes that reinforce the greatest cost benefit to
31 the state in the implementation of evidence-based practices and
32 disposition alternatives.

33 (8) The juvenile courts and administrative office of the courts
34 shall collect and distribute information related to program outcome and
35 provide access to these data systems to the juvenile rehabilitation
36 administration and Washington state institute for public policy.
37 Consistent with chapter 13.50 RCW, all confidentiality agreements
38 necessary to implement this information-sharing shall be approved

1 within 30 days of the effective date of this section. The agreements
2 between administrative office of the courts, the juvenile courts, and
3 the juvenile rehabilitation administration shall be executed to ensure
4 that the juvenile rehabilitation administration receives the data that
5 the juvenile rehabilitation administration identifies as needed to
6 comply with this subsection. This includes, but is not limited to,
7 information by program at the statewide aggregate level, individual
8 court level, and individual client level for the purpose of the
9 juvenile rehabilitation administration providing quality assurance and
10 oversight for the locally committed youth block grant and associated
11 funds and at times as specified by the juvenile rehabilitation
12 administration as necessary to carry out these functions. The data
13 shall be provided in a manner that reflects the collaborative work the
14 juvenile rehabilitation administration and juvenile courts have
15 developed regarding program outcomes that reinforce the greatest cost
16 benefit to the state in the implementation of evidence-based practices
17 and disposition alternatives.

18 (9) The Washington association of juvenile court administrators and
19 the juvenile rehabilitation administration, in consultation with the
20 community juvenile accountability act advisory committee and the
21 Washington state institute for public policy, shall analyze and review
22 data elements available from the administrative office of the courts
23 for possible integration into the evidence-based program quality
24 assurance plans and processes. The administrative office of the
25 courts, the Washington association of juvenile court administrators,
26 and the juvenile rehabilitation administration shall provide
27 information necessary to complete the review and analysis. The
28 Washington association of juvenile court administrators and the
29 juvenile rehabilitation administration shall report the findings of
30 their review and analysis, as well as any recommendations, to the
31 legislature by December 1, 2012.

32 **Sec. 1204.** 2012 2nd sp.s. c 7 s 204 (uncodified) is amended to
33 read as follows:

34 **FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--MENTAL HEALTH**
35 **PROGRAM**

36 (1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS
37 General Fund--State Appropriation (FY 2012) \$317,734,000

1	General Fund--State Appropriation (FY 2013)	((\$324,319,000))
2		<u>\$321,411,000</u>
3	General Fund--Federal Appropriation	((\$449,593,000))
4		<u>\$446,421,000</u>
5	General Fund--Private/Local Appropriation	\$17,864,000
6	Hospital Safety Net Assessment Fund--State	
7	Appropriation	\$5,251,000
8	TOTAL APPROPRIATION	((\$1,114,761,000))
9		<u>\$1,108,681,000</u>

10 The appropriations in this subsection are subject to the following
11 conditions and limitations:

12 (a) \$109,342,000 of the general fund--state appropriation for
13 fiscal year 2012 and \$109,341,000 of the general fund--state
14 appropriation for fiscal year 2013 are provided solely for persons and
15 services not covered by the medicaid program. This is a reduction of
16 \$4,348,000 each fiscal year from the nonmedicaid funding that was
17 allocated for expenditure by regional support networks during fiscal
18 year 2011 prior to supplemental budget reductions. This \$4,348,000
19 reduction shall be distributed among regional support networks
20 proportional to each network's share of the total state population. To
21 the extent possible, levels of regional support network spending shall
22 be maintained in the following priority order: (i) Crisis and
23 commitment services; (ii) community inpatient services; and (iii)
24 residential care services, including personal care and emergency
25 housing assistance.

26 (b) \$6,590,000 of the general fund--state appropriation for fiscal
27 year 2012, \$6,590,000 of the general fund--state appropriation for
28 fiscal year 2013, and \$7,620,000 of the general fund--federal
29 appropriation are provided solely for the department and regional
30 support networks to continue to contract for implementation of high-
31 intensity programs for assertive community treatment (PACT) teams. In
32 determining the proportion of medicaid and nonmedicaid funding provided
33 to regional support networks with PACT teams, the department shall
34 consider the differences between regional support networks in the
35 percentages of services and other costs associated with the teams that
36 are not reimbursable under medicaid. The department may allow regional
37 support networks which have nonmedicaid reimbursable costs that are
38 higher than the nonmedicaid allocation they receive under this section

1 to supplement these funds with local dollars or funds received under
2 section 204(1)(a) of this act. The department and regional support
3 networks shall maintain consistency with all essential elements of the
4 PACT evidence-based practice model in programs funded under this
5 section.

6 (c) \$5,850,000 of the general fund--state appropriation for fiscal
7 year 2012, \$5,850,000 of the general fund--state appropriation for
8 fiscal year 2013, and \$1,300,000 of the general fund--federal
9 appropriation are provided solely for the western Washington regional
10 support networks to provide either community- or hospital campus-based
11 services for persons who require the level of care previously provided
12 by the program for adaptive living skills (PALS) at western state
13 hospital.

14 (d) The number of nonforensic beds allocated for use by regional
15 support networks at eastern state hospital shall be 192 per day. The
16 number of nonforensic beds allocated for use by regional support
17 networks at western state hospital shall be 557 per day.

18 (e) From the general fund--state appropriations in this subsection,
19 the secretary of social and health services shall assure that regional
20 support networks reimburse the aging and disability services
21 administration for the general fund--state cost of medicaid personal
22 care services that enrolled regional support network consumers use
23 because of their psychiatric disability.

24 (f) \$4,582,000 of the general fund--state appropriation for fiscal
25 year 2012 and \$4,582,000 of the general fund--state appropriation for
26 fiscal year 2013 are provided solely for mental health services for
27 mentally ill offenders while confined in a county or city jail and for
28 facilitating access to programs that offer mental health services upon
29 release from confinement.

30 (g) The department is authorized to continue to contract directly,
31 rather than through contracts with regional support networks, for
32 children's long-term inpatient facility services.

33 (h) \$750,000 of the general fund--state appropriation for fiscal
34 year 2012 and \$750,000 of the general fund--state appropriation for
35 fiscal year 2013 are provided solely to continue performance-based
36 incentive contracts to provide appropriate community support services
37 for individuals with severe mental illness who were discharged from the
38 state hospitals as part of the expanding community services initiative.

1 These funds will be used to enhance community residential and support
2 services provided by regional support networks through other state and
3 federal funding.

4 (i) \$1,125,000 of the general fund--state appropriation for fiscal
5 year 2012 and \$1,125,000 of the general fund--state appropriation for
6 fiscal year 2013 are provided solely for the Spokane regional support
7 network to implement services to reduce utilization and the census at
8 eastern state hospital. Such services shall include:

9 (i) High intensity treatment team for persons who are high
10 utilizers of psychiatric inpatient services, including those with co-
11 occurring disorders and other special needs;

12 (ii) Crisis outreach and diversion services to stabilize in the
13 community individuals in crisis who are at risk of requiring inpatient
14 care or jail services;

15 (iii) Mental health services provided in nursing facilities to
16 individuals with dementia, and consultation to facility staff treating
17 those individuals; and

18 (iv) Services at the sixteen-bed evaluation and treatment facility.

19 At least annually, the Spokane regional support network shall
20 assess the effectiveness of these services in reducing utilization at
21 eastern state hospital, identify services that are not optimally
22 effective, and modify those services to improve their effectiveness.

23 (j) \$1,529,000 of the general fund--state appropriation for fiscal
24 year 2012 and \$1,529,000 of the general fund--state appropriation for
25 fiscal year 2013 are provided solely to reimburse Pierce and Spokane
26 counties for the cost of conducting 180-day commitment hearings at the
27 state psychiatric hospitals.

28 (k) Regional support networks may use local funds to earn
29 additional federal medicaid match, provided the locally matched rate
30 does not exceed the upper-bound of their federally allowable rate
31 range, and provided that the enhanced funding is used only to provide
32 medicaid state plan or waiver services to medicaid clients.
33 Additionally, regional support networks may use a portion of the state
34 funds allocated in accordance with (a) of this subsection to earn
35 additional medicaid match, but only to the extent that the application
36 of such funds to medicaid services does not diminish the level of
37 crisis and commitment, community inpatient, residential care, and

1 outpatient services presently available to persons not eligible for
2 medicaid.

3 (l) Given the recent approval of federal medicaid matching funds
4 for the disability lifeline and the alcohol and drug abuse treatment
5 support act programs, the department shall charge regional support
6 networks for only the state share rather than the total cost of
7 community psychiatric hospitalization for persons enrolled in those
8 programs.

9 (m) \$750,000 of the general fund--state appropriation for fiscal
10 year 2012, \$750,000 of the general fund--state appropriation for fiscal
11 year 2013, and \$1,500,000 of the general fund--federal appropriation
12 are provided solely to adjust regional support network capitation rates
13 to account for the per diem rates actually paid for psychiatric care
14 provided at hospitals participating in the certified public expenditure
15 program operated pursuant to section 213 of this act.

16 (n) The appropriations in this section reflect efficiencies to be
17 achieved through voluntary consolidation of regional support networks
18 in accordance with Substitute House Bill No. 2139 (regional support
19 networks). Voluntary consolidation of regional support networks is
20 expected to result in administrative efficiencies and maximize dollars
21 available for direct services to individuals with mental illnesses
22 without corresponding increases in state appropriations.

23 (2) INSTITUTIONAL SERVICES

24	General Fund--State Appropriation (FY 2012)	\$115,017,000

31	TOTAL APPROPRIATION	(\$448,563,000)
32		<u>\$451,372,000</u>

33 The appropriations in this subsection are subject to the following

 4 between western state hospital and the city of Lakewood to support
 5 community policing efforts in the Lakewood community surrounding
 6 western state hospital. The amounts provided in this subsection (2)(b)
 7 are for the salaries, benefits, supplies, and equipment for one full-
 8 time investigator, one full-time police officer, and one full-time
 9 community service officer at the city of Lakewood.

 17 fiscal year 2013 are provided solely to maintain staffed capacity to
 18 serve an average daily census in forensic wards at western state
 19 hospital of 270 patients per day.

20 (e) The appropriations in this section reflect efficiencies to be
 21 achieved through enactment of Substitute Senate Bill No. 6492
 22 (competency to stand trial). These efficiencies are expected to enable
 23 the hospitals to substantially increase the timeliness with which
 24 evaluations of defendant competency to stand trial are completed, and
 25 treatment to restore competency is initiated, without corresponding
 26 increases in state appropriations.

27 (3) SPECIAL PROJECTS

28	General Fund--State Appropriation (FY 2012)	\$1,148,000
29	General Fund--State Appropriation (FY 2013)	\$1,276,000

33	TOTAL APPROPRIATION	(\$7,322,000)
34		<u>\$8,322,000</u>

35 The appropriations in this subsection are subject to the following
 36 conditions and limitations:

37 (a) \$1,161,000 of the general fund--state appropriation for fiscal
 38 year 2012 and \$1,161,000 of the general fund--state appropriation for

1 fiscal year 2013 are provided solely for children's evidence-based

36 (a) The appropriations in this subsection are subject to the
37 following conditions and limitations: In accordance with RCW
38 43.20B.110, 43.135.055, and 71.24.035, the department is authorized to

1 increase license and certification fees in fiscal years 2012 and 2013
 2 to support the costs of the regulatory program. The fee schedule
 3 increases must be developed so that the maximum amount of additional
 4 fees paid by providers statewide in the 2011-2013 fiscal biennium is
 5 \$446,000. The department's fee schedule shall have differential rates
 6 for providers with proof of accreditation from organizations that the
 7 department has determined to have substantially equivalent standards to
 8 those of the department, including but not limited to the joint
 9 commission on accreditation of health care organizations, the
 10 commission on accreditation of rehabilitation facilities, and the
 11 council on accreditation. To reflect the reduced costs associated with
 12 regulation of accredited programs, the department's fees for
 13 organizations with such proof of accreditation must reflect the lower
 14 costs of licensing for these programs than for other organizations
 15 which are not accredited.

16 (b) \$19,000 of the general fund--state appropriation for fiscal
 17 year 2012, \$17,000 of the general fund--state appropriation for fiscal
 18 year 2013, and \$34,000 of the general fund--federal appropriation are
 19 provided solely to support a partnership among the department of social
 20 and health services, the department of health, and agencies that
 21 deliver medical care and behavioral health services in Cowlitz county.
 22 The partnership shall identify and recommend strategies for resolving
 23 regulatory, licensing, data management, reporting, and funding barriers
 24 to more effective integration of primary medical and behavioral health
 25 care services in the county.

26 **Sec. 1205.** 2012 2nd sp.s. c 7 s 205 (uncodified) is amended to
 27 read as follows:

28 **FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--DEVELOPMENTAL**
 29 **DISABILITIES PROGRAM**

30 (1) COMMUNITY SERVICES

31	General Fund--State Appropriation (FY 2012)	\$405,412,000
32	General Fund--State Appropriation (FY 2013)	(\$420,327,000)
33		<u>\$409,868,000</u>
34	General Fund--Federal Appropriation	(\$752,059,000)
35		<u>\$743,824,000</u>
36	General Fund--Private/Local Appropriation	\$184,000
37	TOTAL APPROPRIATION	(\$1,577,982,000)

The appropriations in this subsection are subject to the following conditions and limitations:

(a) Individuals receiving services as supplemental security income (SSI) state supplemental payments shall not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

(b) Amounts appropriated in this subsection reflect a reduction to funds appropriated for in-home care. The department shall reduce the number of in-home hours authorized. The reduction shall be scaled based on the acuity level of care recipients. The largest hour reductions shall be to lower acuity patients and the smallest hour reductions shall be to higher acuity patients.

(c) Amounts appropriated in this subsection are sufficient to develop and implement the use of a consistent, statewide outcome-based vendor contract for employment and day services by July 1, 2012. The rates paid to vendors under this contract shall also be made consistent. In its description of activities the agency shall include activity listings and dollars appropriated for: Employment services, day services, child development services and county administration of services to the developmentally disabled. The department shall begin reporting to the office of financial management on these activities beginning in fiscal year 2010.

(d) \$944,000 of the general fund--state appropriation for fiscal year 2012, \$944,000 of the general fund--state appropriation for fiscal year 2013, and \$1,888,000 of the general fund--federal appropriation are provided solely for state contributions for individual provider health care benefits. Pursuant to the collective bargaining agreement negotiated with the exclusive bargaining representative of individual providers established under RCW 74.39A.270, the state shall contribute to the multiemployer health benefits trust fund \$2.21 per paid hour worked by individual providers.

(e) \$1,329,000 of the general fund--state appropriation for fiscal year 2012, \$1,622,000 of the general fund--state appropriation for fiscal year 2013, and \$2,947,000 of the general fund--federal appropriation are provided solely for the state's contribution to the training partnership, as provided in RCW 74.39A.360, for instructional costs associated with the training of individual providers.

1 Contributions are funded at \$0.22 per benefit-eligible paid hour worked
2 by all home care workers. Expenditures for the purposes specified in
3 this subsection shall not exceed the amounts provided in this
4 subsection. However, if the governor and the service employees
5 international union healthcare 775nw can reach agreement on repurposing
6 funding that is currently provided in the individual provider
7 collective bargaining agreement for new individual provider wages paid
8 during training or other training related items, then expenditures for
9 training trust contributions for individual providers may include the
10 amounts provided in this subsection and the agreed upon repurposed
11 funding. Funding in this section for purposes other than the
12 individual provider collective bargaining agreement cannot be used for
13 the purposes of this subsection (1)(e). It is the intent of the
14 legislature that the funding provided in this subsection, including any
15 repurposed funding, is sufficient to cover the costs of individual
16 provider training and therefore tuition or other entrance fees are not
17 necessary.

18 (f) (~~(\$104,669,000)~~) \$107,538,000 of the general fund--state
19 appropriation for fiscal year 2013 and (~~(\$104,669,000)~~) \$107,535,000 of
20 the general fund--federal appropriation are provided solely for the
21 department to provide personal care services to waiver and nonwaiver
22 in-home clients. The department shall provide the legislature with a
23 report by December 5, 2012, on the feasibility of converting the
24 medicaid personal care program for in-home adults to a medicaid program
25 as found in section 1915(i) of the federal social security act that
26 utilizes the option for self-direction of individualized budgets. The
27 department shall operate the personal care program within the amounts
28 specifically provided.

29 (g)(i) Within the amounts appropriated in this subsection, the
30 department shall revise the current working age adult policy to allow
31 clients to choose between employment and community access activities.
32 Clients age 21 and older who are receiving services through a home- and
33 community-based medicaid waiver shall be offered the choice to
34 transition to a community access program after nine months of
35 enrollment in an employment program, and the option to transition from
36 a community access program to an employment program at any time. The
37 department shall inform clients and their legal representatives of all
38 available options for employment and day services. Information

1 provided to the client and the client's legal representative shall
2 include the types of activities each service option provides, and the
3 amount, scope, and duration of service for which the client would be
4 eligible under each service option. An individual client may be
5 authorized for only one service option, either employment services or
6 community access services. Clients may not participate in more than
7 one of these services at any given time.

8 (ii) The department shall work with counties and stakeholders to
9 strengthen and expand the existing community access program. The
10 program must emphasize support for the client so they are able to
11 participate in activities that integrate them into their community and
12 support independent living and skills.

13 (iii) The appropriation in this subsection includes funding to
14 provide employment or community access services to 168 medicaid
15 eligible young adults with developmental disabilities living with their
16 families who need employment opportunities and assistance after high
17 school graduation.

18 (h) \$75,000 of the general fund--state appropriation for fiscal
19 year 2012 and \$75,000 of the general fund--state appropriation for
20 fiscal year 2013 are provided solely for the restoration of direct
21 support to local organizations that utilize parent-to-parent networks
22 and communication to promote access and quality of care for individuals
23 with developmental disabilities and their families.

24 (i) In accordance with Engrossed Substitute House Bill No. 1277
25 (licensed settings for vulnerable adults), adult family home license
26 fees are increased in fiscal years 2012 and 2013 to support the costs
27 of conducting licensure, inspection, and regulatory programs.

28 (i) The current annual renewal license fee for adult family homes
29 shall be increased to \$100 per bed beginning in fiscal year 2012 and
30 \$175 per bed beginning in fiscal year 2013. Adult family homes shall
31 receive a corresponding vendor rate increase per medicaid patient day
32 of \$0.22 in fiscal year 2012 and \$0.43 in fiscal year 2013, or the
33 amount necessary to fully fund the license fee increase for publicly
34 funded beds, pursuant to the most recent bed estimates maintained by
35 the department.

36 (ii) Beginning in fiscal year 2012, a processing fee of \$2,750
37 shall be charged to each adult family home when the home is initially
38 licensed. This fee is nonrefundable.

1 (j) Clients with developmental disabilities have demonstrated a
 2 need and a desire for a day services program as verified by over 900
 3 clients currently accessing day programs through a long-term care
 4 service model. In addition, every individual, to include those with a
 5 developmental disability, should have the opportunity for meaningful
 6 employment which allows them to contribute to their communities and to
 7 become as self-sufficient as possible. Providing choice empowers
 8 recipients of publicly funded services and their families by expanding
 9 their degree of control over the services and supports they need.

10 The department shall work with legislators and stakeholders to
 11 develop a new approach to employment and day services. The objective
 12 of this plan is to ensure that adults with developmental disabilities
 13 have optimum choices, and that employment and day offerings are
 14 comprehensive enough to meet the needs of all clients currently served
 15 on a home and community based waiver. The proposal shall be submitted
 16 to the 2012 legislature for consideration and shall be constructed such
 17 that a client ultimately receives employment, community access, or the
 18 community day option but not more than one service at a time. The
 19 proposal shall include options for program efficiencies within the
 20 current employment and day structure and shall provide details on the
 21 plan to implement a consistent, statewide outcome-based vendor contract
 22 for employment and day services as specified in (c) of this subsection.

26 The appropriations in this subsection are subject to the following
 27 conditions and limitations:

28 Amounts appropriated in this subsection are for the purposes of
 29 transitioning clients with developmental disabilities into community
 30 settings. The department is authorized as needed to use these funds to
 31 either pay for clients residing within a residential habilitation
 32 center or for placements in the community. Pursuant to Second
 33 Substitute Senate Bill No. 5459 (services for people with developmental
 34 disabilities), funding in this subsection must be prioritized for the
 35 purpose of facilitating the consolidation and closure of Frances Haddon
 36 Morgan Center. The department shall use a person-centered approach in
 37 developing the discharge plan to assess each resident's needs and
 38 identify services the resident requires to successfully transition to

1 the community or another residential habilitation center. The
2 department is authorized to use any savings from this effort for the
3 purpose of developing community resources to address the needs of
4 clients with developmental disabilities who are in crisis or in need of
5 respite. The department shall track the costs and savings of closing

8 progress report to the legislature by December 5, 2011.

9 **Sec. 1206.** 2012 2nd sp.s. c 7 s 206 (uncodified) is amended to
10 read as follows:

11 **FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--AGING AND ADULT**
12 **SERVICES PROGRAM**

13	General Fund--State Appropriation (FY 2012)	\$791,493,000
14	General Fund--State Appropriation (FY 2013)	((\$809,338,000))
15		<u>\$800,181,000</u>
16	General Fund--Federal Appropriation	((\$1,690,993,000))
17		<u>\$1,685,120,000</u>
18	General Fund--Private/Local Appropriation	\$27,517,000
19	Traumatic Brain Injury Account--State Appropriation	\$3,388,000
20	Nursing Facility Quality Assurance Account--State	
21	Appropriation	\$88,000,000
22	TOTAL APPROPRIATION	((\$3,410,729,000))
23		<u>\$3,395,699,000</u>

24 The appropriations in this section are subject to the following
25 conditions and limitations:

26 (1) For purposes of implementing chapter 74.46 RCW, the weighted
27 average nursing facility payment rate shall not exceed \$170.37 for
28 fiscal year 2012 and shall not exceed ((~~\$171.43~~)) \$171.09 for fiscal
29 year 2013, including the rate add-ons described in (a) and (b) of this
30 subsection. However, if the waiver requested from the federal centers
31 for medicare and medicaid services in relation to the safety net
32 assessment created by Engrossed Substitute Senate Bill No. 5581
33 (nursing home payments) is for any reason not approved and implemented,
34 the weighted average nursing facility payment rate shall not exceed
35 \$159.87 for fiscal year 2012 and shall not exceed ((~~\$160.93~~)) \$161.29
36 for fiscal year 2013. There will be no adjustments for economic trends
37 and conditions in fiscal years 2012 and 2013. The economic trends and

1 conditions factor or factors defined in the biennial appropriations act
2 shall not be compounded with the economic trends and conditions factor
3 or factors defined in any other biennial appropriations acts before
4 applying it to the component rate allocations established in accordance
5 with chapter 74.46 RCW. When no economic trends and conditions factor
6 for either fiscal year is defined in a biennial appropriations act, no
7 economic trends and conditions factor or factors defined in any earlier
8 biennial appropriations act shall be applied solely or compounded to
9 the component rate allocations established in accordance with chapter
10 74.46 RCW.

11 (a) Within the funds provided, the department shall continue to
12 provide an add-on per medicaid resident day per facility not to exceed
13 \$1.57. The add-on shall be used to increase wages, benefits, and/or
14 staffing levels for certified nurse aides; or to increase wages and/or
15 benefits for dietary aides, housekeepers, laundry aides, or any other
16 category of worker whose statewide average dollars-per-hour wage was
17 less than \$15 in calendar year 2008, according to cost report data.
18 The add-on may also be used to address resulting wage compression for
19 related job classes immediately affected by wage increases to low-wage
20 workers. The department shall continue reporting requirements and a
21 settlement process to ensure that the funds are spent according to this
22 subsection.

23 (b) The department shall do a comparative analysis of the facility-
24 based payment rates calculated on July 1, 2012, using the payment
25 methodology defined in chapter 74.46 RCW and as funded in the omnibus
26 appropriations act, excluding the comparative add-on, acuity add-on,
27 and safety net reimbursement, to the facility-based payment rates in
28 effect June 30, 2010. If the facility-based payment rate calculated on
29 July 1, 2012, is smaller than the facility-based payment rate on June
30 30, 2010, then the difference shall be provided to the individual
31 nursing facilities as an add-on payment per medicaid resident day.

32 (c) During the comparative analysis performed in subsection (b) of
33 this section, if it is found that the direct care rate for any facility
34 calculated using the payment methodology defined in chapter 74.46 RCW
35 and as funded in the omnibus appropriations act, excluding the
36 comparative add-on, acuity add-on, and safety net reimbursement, is
37 greater than the direct care rate in effect on June 30, 2010, then the

1 facility shall receive a ten percent direct care rate add-on to
2 compensate that facility for taking on more acute clients than they
3 have in the past.

4 (d) The department shall provide a medicaid rate add-on to
5 reimburse the medicaid share of the skilled nursing facility safety net
6 assessment as a medicaid allowable cost. The nursing facility safety
7 net rate add-on may not be included in the calculation of the annual
8 statewide weighted average nursing facility payment rate.

9 (e) If the waiver requested from the federal centers for medicare
10 and medicaid services in relation to the safety net assessment created
11 by Engrossed Substitute Senate Bill No. 5581 (nursing home payments) is
12 for any reason not approved and implemented, (b), (c), and (d) of this
13 subsection do not apply.

14 (2) After examining actual nursing facility cost information, the
15 legislature finds that the medicaid nursing facility rates calculated
16 pursuant to Engrossed Substitute Senate Bill No. 5581 (nursing home
17 payments) provide sufficient reimbursement to efficiently and
18 economically operating nursing facilities and bear a reasonable
19 relationship to costs.

20 (3) In accordance with chapter 74.46 RCW, the department shall
21 issue no additional certificates of capital authorization for fiscal
22 year 2012 and no new certificates of capital authorization for fiscal
23 year 2013 and shall grant no rate add-ons to payment rates for capital
24 improvements not requiring a certificate of need and a certificate of
25 capital authorization for fiscal years 2012 and 2013.

26 (4) The long-term care program may develop and pay enhanced rates
27 for exceptional care to nursing homes for persons with traumatic brain
28 injuries who are transitioning from hospital care. The cost per
29 patient day for caring for these clients in a nursing home setting may
30 be equal to or less than the cost of caring for these clients in a
31 hospital setting.

32 (5) Amounts appropriated in this section reflect a reduction to
33 funds appropriated for in-home care. The department shall reduce the
34 number of in-home hours authorized. The reduction shall be scaled
35 based on the acuity level of care recipients. The largest hour
36 reductions shall be to lower acuity patients and the smallest hour
37 reductions shall be to higher acuity patients.

1 (6) \$1,883,000 of the general fund--state appropriation for fiscal
2 year 2012, \$1,883,000 of the general fund--state appropriation for
3 fiscal year 2013, and \$3,766,000 of the general fund--federal
4 appropriation are provided solely for state contributions for
5 individual provider health care benefits. Pursuant to the collective
6 bargaining agreement negotiated with the exclusive bargaining
7 representative of individual providers established under RCW
8 74.39A.270, the state shall contribute to the multiemployer health
9 benefits trust fund \$2.21 per paid hour worked by individual providers.

10 (7) \$2,449,000 of the general fund--state appropriation for fiscal
11 year 2012, \$3,012,000 of the general fund--state appropriation for
12 fiscal year 2013, and \$5,463,000 of the general fund--federal
13 appropriation are provided solely for the state's contribution to the
14 training partnership, as provided in RCW 74.39A.360, for instructional
15 costs associated with the training of individual providers.
16 Contributions are funded at \$0.22 per benefit-eligible paid hour worked
17 by all home care workers. Expenditures for the purposes specified in
18 this subsection shall not exceed the amounts provided in this
19 subsection. However, if the governor and the service employees
20 international union healthcare 775nw can reach agreement on repurposing
21 funding that is currently provided in the individual provider
22 collective bargaining agreement for new individual provider wages paid
23 during training or other training related items, then expenditures for
24 training trust contributions for individual providers may include the
25 amounts provided in this subsection and the agreed upon repurposed
26 funding. Funding in this section for purposes other than the
27 individual provider collective bargaining agreement cannot be used for
28 the purposes of this subsection (7). It is the intent of the
29 legislature that the funding provided in this subsection, including any
30 repurposed funding, is sufficient to cover the costs of individual
31 provider training and therefore tuition or other entrance fees are not
32 necessary.

33 (8) (~~(\$338,550,000)~~) \$325,203,000 of the general fund--state
34 appropriation for fiscal year 2013 and (~~(\$338,550,000)~~) \$324,653,000 of
35 the general fund--federal appropriation are provided solely for the
36 department to provide personal care services to waiver and nonwaiver
37 in-home clients. The department shall provide the legislature with a
38 report by December 5, 2012, on the feasibility of converting the

1 medicaid personal care program for in-home adults to a medicaid program
2 as found in section 1915(i) of the federal social security act that
3 utilizes the option for self-direction of individualized budgets. The
4 department shall operate the personal care program within the amounts
5 specifically provided.

6 (9) Individuals receiving services as supplemental security income
7 (SSI) state supplemental payments shall not become eligible for medical
8 assistance under RCW 74.09.510 due solely to the receipt of SSI state
9 supplemental payments.

10 (10) The department shall eliminate the adult day health program
11 under the state plan 1915(i) option and shall reestablish it under the
12 long-term care home and community-based waiver.

13 (11) \$4,588,000 of the general fund--state appropriation for fiscal
14 year 2012, \$4,559,000 of the general fund--state appropriation for
15 fiscal year 2013, and \$9,237,000 of the general fund--federal
16 appropriation are provided solely for the continued operation of
17 community residential and support services for persons who are older
18 adults or who have co-occurring medical and behavioral disorders and
19 who have been discharged or diverted from a state psychiatric hospital.
20 These funds shall be used to serve individuals whose treatment needs
21 constitute substantial barriers to community placement, who no longer
22 require active psychiatric treatment at an inpatient hospital level of
23 care, and who no longer meet the criteria for inpatient involuntary
24 commitment.

25 (12) \$1,840,000 of the general fund--state appropriation for fiscal
26 year 2012 and \$1,877,000 of the general fund--state appropriation for
27 fiscal year 2013 are provided solely for operation of the volunteer
28 services program. Funding shall be prioritized towards serving
29 populations traditionally served by long-term care services to include
30 senior citizens and persons with disabilities.

31 (13) In accordance with Engrossed Substitute House Bill No. 1277
32 (licensed settings for vulnerable adults), nursing facility fees are
33 increased in fiscal year 2012 and adult family home fees are increased
34 in fiscal year 2012 and fiscal year 2013 to support the costs of
35 conducting licensure, inspection, and regulatory programs.

36 (a) The current annual renewal license fee for nursing facilities
37 shall be increased to \$359 per bed beginning in fiscal year 2012 and
38 assumes \$517,000 of the general fund--private/local appropriation.

1 Nursing facilities shall receive a vendor rate increase of \$0.08 per
2 medicaid patient day to cover the license fee increase for publicly
3 funded beds.

4 (b) The current annual renewal license fee for adult family homes
5 shall be increased to \$100 per bed beginning in fiscal year 2012 and
6 assumes \$1,449,000 of the general fund--private/local appropriation;
7 and \$175 per bed beginning in fiscal year 2013 and assumes \$2,463,000
8 of the general fund--private/local appropriation. Adult family homes
9 shall receive a corresponding vendor rate increase per medicaid patient
10 day of \$0.22 in fiscal year 2012 and \$0.43 in fiscal year 2013, or the
11 amount necessary to fully fund the license fee increase for publicly
12 funded beds, pursuant to the most recent bed estimates maintained by
13 the department.

14 (c) Beginning in fiscal year 2012, a processing fee of \$2,750 shall
15 be charged to each adult family home when the home is initially
16 licensed. This fee is nonrefundable.

17 (d) \$72,000 of the general fund--state appropriation for fiscal
18 year 2012, \$708,000 of the general fund--private/local appropriation
19 and \$708,000 of the general fund--federal appropriation are provided
20 solely to implement sections 501 through 503 of Engrossed Substitute
21 House Bill No. 1277 (licensed settings for vulnerable adults). The
22 department shall use additional investigative resources to address
23 complaints about provider practices as well as alleged abuse, neglect,
24 abandonment, and exploitation of residents in adult family homes. The
25 department shall develop a statewide internal quality review and
26 accountability program to improve the accountability of staff and the
27 consistent application of investigative activities, and shall convene
28 a quality assurance panel to review problems in the quality of care in
29 adult family homes.

30 (14) \$3,316,000 of the traumatic brain injury account--state
31 appropriation is provided solely to continue services for persons with
32 traumatic brain injury (TBI) as defined in chapter 143, Laws of 2011
33 (traumatic brain injury strategic partnership).

34 (15) The department is authorized to place long-term care clients
35 residing in nursing homes and paid for with state only funds into less
36 restrictive community care settings while continuing to meet the
37 client's care needs.

1 (16) The department shall participate in the work group established
2 by the department of corrections in section 220(2) of this act to
3 review release options for elderly and infirm offenders.

18 (1) The appropriations to the authority in this act shall be
19 expended for the purposes and in the amounts specified in this act. To

17 It is the intent of the legislature to improve the administration,
18 transparency, and equity in delivering a K-12 employees' health

21 to public schools.

22 To further this legislative intent, the state health care authority
23 shall develop a plan to implement a consolidated health benefits'
24 system for K-12 employees for the 2013-14 school year. The health care

15 with benefits that would encourage participation;

16 (vii) Recommendations regarding the implementation of a new K-12
17 employee benefit plan, with separate options for voluntary
18 participation and mandatory statewide participation;

19 (viii) Recommendations regarding methods to reduce inequities
20 between individual and family coverage;

29 combined with, the public employees' benefits pool;

30 (B) The structure of a permanent governing group to provide ongoing
31 oversight to the consolidated pool, in a manner similar to the public
32 employees benefits board functions for employee health benefits,

3 employees, the health care authority shall assume the following:

4 (i) School district enrollees must constitute an entire bargaining
5 unit, or an entire group of nonrepresented employees;

6 (ii) Staffing and administration for benefits purchasing shall be
7 provided by the health care authority; and

5 exchange under the federal patient protection and affordable care act.
6 Within the amounts provided in this subsection, funds used by the
7 authority for information technology projects are conditioned on the
8 authority satisfying the requirements of Engrossed Second Substitute
9 Senate Bill No. 5931 (central service agencies).

10 (8) Based on quarterly expenditure reports and caseload forecasts,
11 if the health care authority estimates that expenditures for the
12 medical assistance program will exceed the appropriations, the health
13 care authority shall take steps including but not limited to reduction
14 of rates or elimination of optional services to reduce expenditures so
15 that total program costs do not exceed the annual appropriation
16 authority.

17 (9) In determining financial eligibility for medicaid-funded
18 services, the health care authority is authorized to disregard
19 recoveries by Holocaust survivors of insurance proceeds or other
20 assets, as defined in RCW 48.104.030.

21 (10) The legislature affirms that it is in the state's interest for
22 Harborview medical center to remain an economically viable component of
23 the state's health care system.

24 (11) When a person is ineligible for medicaid solely by reason of
25 residence in an institution for mental diseases, the health care
26 authority shall provide the person with the same benefits as he or she
27 would receive if eligible for medicaid, using state-only funds to the
28 extent necessary.

29 (12) \$4,261,000 of the general fund--state appropriation for fiscal
30 year 2012, \$4,261,000 of the general fund--state appropriation for
31 fiscal year 2013, and \$8,522,000 of the general fund--federal
32 appropriation are provided solely for low-income disproportionate share
33 hospital payments (~~(under RCW 74.09.730(1)(a))~~).

34 (13) \$6,000,000 of the general fund--federal appropriation is
35 provided solely for supplemental payments to nursing homes operated by
36 public hospital districts. The public hospital district shall be
37 responsible for providing the required nonfederal match for the
38 supplemental payment, and the payments shall not exceed the maximum

1 allowable under federal rules. It is the legislature's intent that the
2 payments shall be supplemental to and shall not in any way offset or
3 reduce the payments calculated and provided in accordance with part E
4 of chapter 74.46 RCW. It is the legislature's further intent that
5 costs otherwise allowable for rate-setting and settlement against
6 payments under chapter 74.46 RCW shall not be disallowed solely because
7 such costs have been paid by revenues retained by the nursing home from
8 these supplemental payments. The supplemental payments are subject to
9 retrospective interim and final cost settlements based on the nursing
10 homes' as-filed and final medicare cost reports. The timing of the
11 interim and final cost settlements shall be at the health care
12 authority's discretion. During either the interim cost settlement or
13 the final cost settlement, the health care authority shall recoup from
14 the public hospital districts the supplemental payments that exceed the
15 medicaid cost limit and/or the medicare upper payment limit. The
16 health care authority shall apply federal rules for identifying the
17 eligible incurred medicaid costs and the medicare upper payment limit.

18 (14) The health care authority shall continue the inpatient
19 hospital certified public expenditures program for the 2011-2013 fiscal
20 biennium. The program shall apply to all public hospitals, including
21 those owned or operated by the state, except those classified as
22 critical access hospitals or state psychiatric institutions. The
23 health care authority shall submit reports to the governor and
24 legislature by November 1, 2011, and by November 1, 2012, that evaluate
25 whether savings continue to exceed costs for this program. If the
26 certified public expenditures (CPE) program in its current form is no
27 longer cost-effective to maintain, the health care authority shall
28 submit a report to the governor and legislature detailing
29 cost-effective alternative uses of local, state, and federal resources
30 as a replacement for this program. During fiscal year 2012 and fiscal
31 year 2013, hospitals in the program shall be paid and shall retain one
32 hundred percent of the federal portion of the allowable hospital cost
33 for each medicaid inpatient fee-for-service claim payable by medical
34 assistance and one hundred percent of the federal portion of the
35 maximum disproportionate share hospital payment allowable under federal
36 regulations. Inpatient medicaid payments shall be established using an
37 allowable methodology that approximates the cost of claims submitted by
38 the hospitals. Payments made to each hospital in the program in each

1 fiscal year of the biennium shall be compared to a baseline amount.
2 The baseline amount will be determined by the total of (a) the
3 inpatient claim payment amounts that would have been paid during the
4 fiscal year had the hospital not been in the CPE program based on the
5 reimbursement rates developed, implemented, and consistent with
6 policies approved in the 2011-13 biennial operating appropriations act
7 and in effect on July 1, 2011, (b) one half of the indigent assistance
8 disproportionate share hospital payment amounts paid to and retained by
9 each hospital during fiscal year 2005, and (c) all of the other
10 disproportionate share hospital payment amounts paid to and retained by
11 each hospital during fiscal year 2005 to the extent the same
12 disproportionate share hospital programs exist in the 2011-13 biennium.
13 If payments during the fiscal year exceed the hospital's baseline
14 amount, no additional payments will be made to the hospital except the
15 federal portion of allowable disproportionate share hospital payments
16 for which the hospital can certify allowable match. If payments during
17 the fiscal year are less than the baseline amount, the hospital will be
18 paid a state grant equal to the difference between payments during the
19 fiscal year and the applicable baseline amount. Payment of the state
20 grant shall be made in the applicable fiscal year and distributed in
21 monthly payments. The grants will be recalculated and redistributed as
22 the baseline is updated during the fiscal year. The grant payments are
23 subject to an interim settlement within eleven months after the end of
24 the fiscal year. A final settlement shall be performed. To the extent
25 that either settlement determines that a hospital has received funds in
26 excess of what it would have received as described in this subsection,
27 the hospital must repay the excess amounts to the state when requested.
28 \$8,102,000 of the general fund--state appropriation for fiscal year
29 2012, of which \$6,570,000 is appropriated in section 204(1) of this
30 act, and (~~(\$3,162,000)~~) \$10,498,000 of the general fund--state
31 appropriation for fiscal year 2013, of which \$6,570,000 is appropriated
32 in section 204(1) of this act, are provided solely for state grants for
33 the participating hospitals. CPE hospitals will receive the inpatient
34 and outpatient reimbursement rate restorations in RCW 74.60.080 and
35 rate increases in RCW 74.60.090 funded through the hospital safety net
36 assessment fund rather than through the baseline mechanism specified in
37 this subsection.

1 (15) The health care authority shall seek public-private
2 partnerships and federal funds that are or may become available to
3 provide on-going support for outreach and education efforts under the
4 federal children's health insurance program reauthorization act of
5 2009.

6 (16) The health care authority shall target funding for maternity
7 support services towards pregnant women with factors that lead to
8 higher rates of poor birth outcomes, including hypertension, a preterm
9 or low birth weight birth in the most recent previous birth, a
10 cognitive deficit or developmental disability, substance abuse, severe
11 mental illness, unhealthy weight or failure to gain weight, tobacco
12 use, or African American or Native American race. The health care
13 authority shall prioritize evidence-based practices for delivery of
14 maternity support services. To the extent practicable, the health care
15 authority shall develop a mechanism to increase federal funding for
16 maternity support services by leveraging local public funding for those
17 services.

18 ~~(17) ((For children with family incomes above 200 percent of the
19 federal poverty level in the state funded children's health program for
20 children who are not eligible for coverage under the federally funded
21 children's health insurance program, premiums shall be set every two
22 years in an amount equal to the average state only share of the per
23 capita cost of coverage in the state funded children's health program
24 for children in families with incomes at or less than two hundred
25 percent of the federal poverty level.~~

26 ~~(+18))~~ Within the amounts appropriated in this section, the health
27 care authority shall provide disproportionate share hospital payments
28 to hospitals that provide services to children in the children's health
29 program who are not eligible for services under Title XIX or XXI of the
30 federal social security act due to their citizenship status.

31 ~~((+19))~~ (18) \$859,000 of the general fund--state appropriation for
32 fiscal year 2012, \$979,000 of the general fund--state appropriation for
33 fiscal year 2013, and \$1,841,000 of the general fund--federal
34 appropriation are provided solely to increase prior authorization
35 activities for advanced imaging procedures.

36 ~~((+20))~~ (19) \$196,000 of the general fund--state appropriation for
37 fiscal year 2012, \$246,000 of the general fund--state appropriation for
38 fiscal year 2013, and \$442,000 of the general fund--federal

1 appropriation are provided solely to increase prior authorization
2 activities for surgical procedures, which may include orthopedic
3 procedures, spinal procedures and interventions, and nerve procedures.

4 ~~((+21))~~ (20) \$300,000 of the general fund--private/local
5 appropriation and \$300,000 of the general fund--federal appropriation

7 collaborative focusing upon atypical antipsychotics and other
8 medications commonly used in the treatment of severe and persistent
9 mental illnesses among adults. The project shall promote collaboration
10 among community mental health centers, other major prescribers of
11 atypical antipsychotic medications to adults enrolled in state medical
12 assistance programs, and psychiatrists, pharmacists, and other
13 specialists at the University of Washington department of psychiatry
14 and/or other research universities. The collaboration shall include
15 patient-specific prescriber consultations by psychiatrists and
16 pharmacists specializing in treatment of severe and persistent mental
17 illnesses among adults; production of profiles to assist prescribers
18 and clinics in tracking their prescriptive practices and their
19 patients' medication use and adherence relative to evidence-based
20 practices guidelines, other prescribers, and patients at other clinics;
21 and in-service seminars at which participants can share and increase
22 their knowledge of evidence-based and other effective prescriptive
23 practices. The health care authority shall enter into an interagency
24 agreement with the office of the attorney general for expenditure of
25 \$300,000 of the state's proceeds of the *cy pres* settlement in *State of*
26 *Washington v. AstraZeneca* (Seroquel) for this purpose.

27 ~~((+22))~~ (21) \$570,000 of the general fund--private/local
28 appropriation is provided solely for continued operation of the
29 partnership access line for child mental health consultations. The
30 health care authority shall enter into an interagency agreement with
31 the office of the attorney general for expenditure of \$570,000 of the
32 state's proceeds of the *cy pres* settlement in *State of Washington v.*
33 *AstraZeneca* (Seroquel) for this purpose.

34 ~~((+23))~~ (22) \$80,000 of the general fund--state appropriation for
35 fiscal year 2012, \$80,000 of the general fund--state appropriation for
36 fiscal year 2013, and \$160,000 of the general fund--federal
37 appropriation are provided solely to fund the Tacoma-Pierce county

4 fiscal year 2012, \$75,000 of the general fund--state appropriation for
5 fiscal year 2013, and \$150,000 of the general fund--federal
6 appropriation are provided solely to assist with development and
7 implementation of evidence-based strategies regarding the appropriate,
8 safe, and effective role of C-section surgeries and early induced labor
9 in births and neonatal care. The strategies shall be identified and
10 implemented in consultation with clinical research specialists,
11 physicians, hospitals, advanced registered nurse practitioners, and
12 organizations concerned with maternal and child health.

13 ~~((+25))~~ (24) Within the amounts appropriated in this section, the
14 health care authority shall continue to provide school-based medical
15 services by means of an intergovernmental transfer arrangement. Under
16 the arrangement, the state shall provide forty percent and school
17 districts sixty percent of the nonfederal matching funds required for
18 receipt of federal medicaid funding for the service.

19 ~~((+26))~~ (25) \$263,000 of the general fund--state appropriation for
20 fiscal year 2012, \$88,000 of the general fund--state appropriation for
21 fiscal year 2013, and \$351,000 of the general fund--federal
22 appropriation are provided solely for development and submission to the
23 federal government by October 1, 2011, of a demonstration project
24 proposal as provided in Substitute Senate Bill No. 5596 (medicaid
25 demonstration waiver).

26 ~~((+27))~~ (26) Within the amounts appropriated in this section, the
27 health care authority shall provide spoken-language interpreter
28 services. The authority shall develop and implement a new model for
29 delivery of such services no later than July 1, 2012. The model shall
30 include:

32 experts of guidelines to assist medical practitioners identify the
33 circumstances under which it is appropriate to use telephonic or video-

35 (b) The requirement that the state contract with delivery
36 organizations, including foreign language agencies, who employ or
37 subcontract only with language access providers or interpreters working
38 in the state who are certified or authorized by the state. When a

1 state-certified or state-authorized in-state language access provider
2 or interpreter is not available, the delivery organization, including
3 foreign language agencies, may use a provider with other certifications
4 or qualifications deemed to meet state standards, including
5 interpreters in other states; and

6 (c) Provision of a secure, web-based tool that medical
7 practitioners will use to schedule appointments for interpreter
8 services and to identify the most appropriate, cost-effective method of
9 service delivery in accordance with the state guidelines.

10 Nothing in this subsection affects the ability of health care
11 providers to provide interpretive services through employed staff or
12 through telephone and video remote technologies when not reimbursed
13 directly by the department. The amounts in this subsection do not
14 include federal administrative funds provided to match nonstate
15 expenditures by local health jurisdictions and governmental hospitals.

16 ~~((+28))~~ (27) In its procurement of contractors for delivery of
17 medical managed care services for nondisabled, nonelderly persons, the
18 medical assistance program shall (a) place substantial emphasis upon
19 price competition in the selection of successful bidders; and (b) not
20 require delivery of any services that would increase the actuarial cost
21 of service beyond the levels included in current healthy options
22 contracts.

23 ~~((+29))~~ (28) \$1,430,000 of the general fund--state appropriation
24 for fiscal year 2012, \$1,430,000 of the general fund--state
25 appropriation for fiscal year 2013, and \$2,860,000 of the general
26 fund--federal appropriation are provided solely to pay
27 federally-designated rural health clinics their standard encounter rate
28 for prenatal and well-child visits, whether delivered under a managed
29 care contract or fee-for-service. In reconciling managed care
30 enhancement payments for calendar years 2009 and 2010, the department
31 shall treat well-child and prenatal care visits as encounters subject
32 to the clinic's encounter rate.

33 ~~((+30))~~ (29) \$280,000 of the general fund--state appropriation for
34 fiscal year 2012 and \$282,000 of the general fund--federal
35 appropriation are provided solely to increase utilization management of

37 off-label use, excessive dosing, duplicative therapy, or opportunities
38 to shift utilization to less expensive, equally effective formulations.

1 ~~((31))~~ (30) \$70,000 of the general fund--state appropriation for
2 fiscal year 2012, \$70,000 of the general fund--state appropriation for
3 fiscal year 2013, and \$140,000 of the general fund--federal
4 appropriation are provided solely to continue operation by a nonprofit
5 organization of a toll-free hotline that assists families to learn
6 about and enroll in the apple health for kids program.

7 ~~((32))~~ (31) \$400,000 of the general fund--state appropriation for
8 fiscal year 2012 and \$400,000 of the general fund--state appropriation
9 for fiscal year 2013 is provided solely for the local outreach, case
10 management, and coordination with dental providers needed to execute
11 the access to baby and child dentistry program, which provides dental
12 care to Medicaid eligible children up to age six.

13 ~~((33))~~ (32) Within the amounts appropriated in this section, the
14 health care authority shall continue to provide dental services to
15 pregnant women. Services shall include preventive, routine, and
16 emergent dental care.

17 ~~((34))~~ (33) \$395,000 of the general fund--state appropriation for
18 fiscal year 2012, \$395,000 of the general fund--state appropriation for
19 fiscal year 2013, and \$790,000 of the general fund--federal
20 appropriation are provided solely for continued operation of the
21 dental education in care of persons with disabilities (DECOD) program
22 at the University of Washington.

24 fiscal year 2012, \$302,000 of the general fund--private/local
25 appropriation, and \$146,072,000 of the general fund--federal
26 appropriation are provided solely for the provider incentive program
27 and other initiatives related to the health information technology
28 Medicaid plan. The general fund--private/local appropriation in this
29 subsection shall be funded with proceeds from settlements in the case
30 of *State of Washington vs. GlaxoSmithKline*. The authority and the
31 office of the attorney general shall enter an interagency agreement
32 regarding use of these funds.

33 ~~((36))~~ (35) \$2,926,000 of the general fund--local appropriation
34 and \$2,928,000 of the general fund--federal appropriation are provided
35 solely to support medical airlift services.

36 ~~((37))~~ (36) The authority shall collect data on enrollment and
37 utilization to study whether the expansion of family planning coverage

1 under Substitute Senate Bill No. 5912 is reducing state medical
2 expenditures by reducing unwanted pregnancies. The authority shall
3 report its findings to the legislature by December 1, 2012.

4 ~~((+38+))~~ (37) \$480,000 of the general fund--state appropriation for
5 fiscal year 2012, \$480,000 of the general fund--state appropriation for
6 fiscal year 2013, and \$824,000 of the general fund--federal
7 appropriation are provided solely for customer services staff. The
8 authority will attempt to improve the phone answer rate to 40 percent
9 and reduce the response times to written questions to ten days for
10 clients and 25 days for providers. The authority will report to the
11 legislature on its progress toward achieving these goals by January 1,
12 2012. If the authority has not achieved these goals by July 1, 2012,
13 then the authority shall reduce expenditures on management staff in
14 order to increase expenditures on customer service staff until the
15 goals are achieved.

16 ~~((+39+))~~ (38) The department shall purchase a brand name drug when
17 it determines that the cost of the brand name drug after rebates is
18 less than the cost of generic alternatives and that purchase of the
19 brand rather than generic version can save at least \$250,000. The
20 department may purchase generic alternatives when changes in market
21 prices make the price of the brand name drug after rebates more
22 expensive than the generic alternatives.

23 ~~((+41+))~~ (39) \$150,000 of the general fund--state appropriation for
24 fiscal year 2012 and \$1,964,000 of the general fund--state
25 appropriation for fiscal year 2013 are provided solely to implement
26 Engrossed Second Substitute House Bill No. 2319 (affordable care act).
27 If the bill is not enacted by June 30, 2012, the amounts provided in
28 this subsection shall lapse.

29 ~~((+42+))~~ (40) \$1,109,000 of the general fund--state appropriation
30 for fiscal year 2012, \$1,471,000 of the general fund--state
31 appropriation for fiscal year 2013, and \$21,890,000 of the general
32 fund--federal appropriation are provided solely to implement phase two
33 of the project to create a single provider payment system that
34 consolidates medicaid medical and social services payments and replaces
35 the social service payment system.

36 ~~((+43+))~~ (41) In order to achieve the twelve percent reduction in
37 emergency room expenditures in the fiscal year 2013 appropriations
38 provided in this section, the authority, in consultation with the

1 Washington state hospital association, the Washington state medical
2 association, and the Washington chapter of the American college of
3 emergency physicians shall designate best practices and performance
4 measures to reduce medically unnecessary emergency room visits of
5 medicaid clients. The Washington state hospital association, the
6 Washington state medical association, and the Washington chapter of the
7 American college of emergency physicians will work with the authority
8 to promote these best practices. The best practices and performance
9 measures shall consist of the following items:

10 (a) Adoption of a system to exchange patient information among
11 emergency room departments on a regional or statewide basis;

12 (b) Active dissemination of patient educational materials produced
13 by the Washington state hospital association, Washington state medical
14 association, and the Washington chapter of the American college of
15 emergency physicians that instruct patients on appropriate facilities
16 for nonemergent health care needs;

17 (c) Designation of hospital personnel and emergency room physician
18 personnel to receive and appropriately disseminate information on
19 clients participating in the medicaid patient review and coordination
20 program and to review monthly utilization reports on those clients
21 provided by the authority;

22 (d) A process to assist the authority's patient review and
23 coordination program clients with their care plans. The process must
24 include substantial efforts by hospitals to schedule an appointment
25 with the client's assigned primary care provider within seventy-two
26 hours of the client's medically unnecessary emergency room visit when
27 appropriate under the client's care plan;

28 (e) Implementation of narcotic guidelines that incorporate the
29 Washington chapter of the American college of emergency physician
30 guidelines;

31 (f) Physician enrollment in the state's prescription monitoring
32 program, as long as the program is funded; and

33 (g) Designation of a hospital emergency department physician
34 responsible for reviewing the state's medicaid utilization management
35 feedback reports, which will include defined performance measures. The
36 emergency department physician and hospital will have a process to take
37 appropriate action in response to the information in the feedback
38 reports if performance measures are not met. The authority must

1 develop feedback reports that include timely emergency room utilization
2 data such as visit rates, medically unnecessary visit rates (by
3 hospital and by client), emergency department imaging utilization
4 rates, and other measures as needed. The authority may utilize the
5 Robert Bree collaborative for assistance related to this best practice.

6 The requirements for best practices for a critical access hospital
7 should not include adoption of a system to exchange patient information
8 if doing so would pose a financial burden, and should not include
9 requirements related to the authority's patient review and coordination
10 program if the volume of those patients seen at the critical access
11 hospital are small.

12 Hospitals participating in this medicaid best practices program
13 shall submit to the authority a declaration from executive level
14 leadership indicating hospital adoption of and compliance with the best
15 practices enumerated above. In the declaration, hospitals will affirm
16 that they have in place written policies, procedures, or guidelines to
17 implement these best practices and are willing to share them upon
18 request. The declaration must also give consent for the authority to
19 disclose feedback reports and performance measures on its web site.
20 The authority shall submit a list of declaring hospitals to the
21 relevant policy and fiscal committees of the legislature by July 15,
22 2012.

23 If the authority does not receive by July 1, 2012, declarations
24 from hospitals representing at least seventy-five percent of emergency
25 room visits by medicaid clients in fiscal year 2010, the authority may
26 implement a policy of nonpayment of medically unnecessary emergency
27 room visits, with appropriate client and clinical safeguards such as
28 exemptions and expedited prior authorization. The authority shall by
29 January 15, 2013, perform a preliminary fiscal analysis of trends in
30 implementing the best practices in this subsection, focusing on outlier
31 hospitals with high rates of unnecessary visits by medicaid clients,
32 high emergency room visit rates for patient review and coordination
33 clients, low rates of completion of treatment plans for patient review
34 and coordination clients assigned to the hospital, and high rates of
35 prescribed long-acting opiates. In cooperation with the leadership of
36 the hospital, medical, and emergency physician associations, additional
37 efforts shall be focused on assisting those outlier hospitals and
38 providers to achieve more substantial savings. The authority by

1 January 15, 2013, will report to the legislature about whether assumed
2 savings based on preliminary trend and forecasted data are on target
3 and if additional best practices or other actions need to be
4 implemented.

5 If necessary, pursuant to RCW 34.05.350(1)(c), the authority may
6 employ emergency rulemaking to achieve the reductions assumed in the
7 appropriations under this section.

8 Nothing in this subsection shall in any way impact the authority's
9 ability to adopt and implement policies pertaining to the patient
10 review and coordination program.

11 ~~((46))~~ (42) The ~~((department))~~ authority shall seek a medicaid
12 state plan amendment to create a ~~((graduate medical education))~~
13 professional services supplemental payment managed care program for
14 professional services delivered to managed care recipients by
15 University of Washington medicine and other public professional
16 providers. This program shall be effective as soon as administratively
17 possible and shall operate concurrently with the existing professional
18 services supplemental payment program. ~~((Providers that participate in
19 the graduate medical education supplemental payment program are not
20 eligible to participate in the professional services supplemental
21 payment program.))~~ The ~~((department))~~ authority shall apply federal
22 rules for identifying the difference between ~~((current physician
23 encounter))~~ average commercial rates and fee-for-service medicaid
24 payments ~~((to participating providers and the applicable federal upper
25 payment limit))~~. This difference will be multiplied by the number of
26 managed care encounters and incorporated into the managed care plan
27 capitation rates by a certified actuary. The managed care plans will
28 pay the providers the difference attributable to the increased
29 capitation rate. Participating providers shall be solely responsible
30 for providing the local funds required to obtain federal matching
31 funds. Any incremental costs incurred by the ~~((department))~~ authority
32 in the development, implementation, and maintenance of this program
33 shall be the responsibility of the participating providers.
34 Participating providers shall retain the full amount of supplemental
35 payments provided under this program, net of any costs related to the
36 program that are disallowed due to audits or litigation against the
37 state.

1 ~~((47))~~ (43) The authority shall exclude antiretroviral drugs used
2 to treat HIV/AIDS, anticancer medication that is used to kill or slow
3 the growth of cancerous cells, antihemophilic drugs, insulin and other
4 drugs to lower blood glucose, and immunosuppressive drugs from any
5 formulary limitations implemented to operate within the appropriations
6 provided in this section.

7 ~~((48))~~ (44) If Engrossed Substitute Senate Bill No. 5978
8 (medicaid fraud) is not enacted by June 30, 2012, the amounts
9 appropriated in this section from the medicaid fraud penalty account--

23 staff unit per student rate as those generated for general education
24 students of the same grade in this subsection (5), and central office
25 administrative staff units are allocated at staff unit per student
26 rates that exceed the general education rate established for students

6 (b) The number of classified staff units determined in subsections
 7 (4) and (5) of this section multiplied by 1.152. This factor is
 8 intended to adjust allocations so that, for the purposes of

 10 employees may be calculated on the basis of 1440 hours of work per
 11 year, with no individual employee counted as more than one full-time
 12 equivalent.

13 (8) MATERIALS, SUPPLIES, AND OPERATING COSTS (MSOC) ALLOCATIONS

14 Funding is allocated per annual average full-time equivalent

18 (13) Any school district board of directors may petition the
19 superintendent of public instruction by submission of a resolution
20 adopted in a public meeting to reduce or delay any portion of its basic
21 education allocation for any school year. The superintendent of public

24 than two school years. Any reduction or delay shall have no impact on
25 levy authority pursuant to RCW 84.52.0531 and local effort assistance

11 transitional bilingual program, and the highly capable program, after
12 adjustment for changes in enrollment and other caseload adjustments.

13 (15) \$208,000 of the general fund--state appropriation for fiscal
14 year 2012 and \$211,000 of the general fund--state appropriation for

30 for differences in the start and end dates for courses provided by the
31 high school and higher education institution. Additionally, the office

33 state board for community and technical colleges, the (~~higher~~
34 ~~education coordinating board~~) student achievement council, and the
35 education data center, shall annually track and report to the fiscal
