Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the
2 payment rates.

3 (4) The department shall to the maximum extent practicable use
4 the same system for delivery of spoken-language interpreter services
5 for social services appointments as the one established for medical
6 appointments in the health care authority. When contracting directly
7 with an individual to deliver spoken language interpreter services,
8 the department shall only contract with language access providers who
9 are working at a location in the state and who are state-certified or
10 state-authorized, except that when such a provider is not available,
11 the department may use a language access provider who meets other
12 certifications or standards deemed to meet state standards, including
13 interpreters in other states.

14 (5) Information technology projects and proposed projects for
15 time capture, payroll and payment processes, and eligibility and
16 authorization systems within the department of social and health
17 services are subject to technical oversight by the office of the
18 chief information officer.

19 (6)(a) The department shall facilitate enrollment under the
20 medicaid expansion for clients applying for or receiving state funded
21 services from the department and its contractors. Prior to open
22 enrollment, the department shall coordinate with the health care
23 authority to provide referrals to the Washington health benefit
24 exchange for clients that will be ineligible for medicaid.

25 (b) To facilitate a single point of entry across public and
26 medical assistance programs, and to maximize the use of federal
27 funding, the health care authority, the department of social and
28 health services, and the health benefit exchange will coordinate
29 efforts to expand HealthPlanfinder access to public assistance and
30 medical eligibility staff. No later than October 1, 2015, the
31 department shall complete medicaid applications in the
32 HealthPlanfinder for households receiving or applying for public
33 assistance benefits.

34 (c) The department, in coordination with the health care
35 authority, shall pursue a federal waiver to use supplemental
36 nutrition assistance program eligibility, aged, blind, or disabled
37 program eligibility, or temporary assistance for needy families
38 eligibility, to enroll eligible persons into medicaid.

39 (7) In accordance with RCW 71.24.380, the health care authority
40 and the department are authorized to purchase medical and behavioral

1 health services through integrated contracts upon request of all of
 2 the county authorities in a regional service area to become an early
 3 adopter of fully integrated purchasing of medical and behavioral
 4 health services. The department may combine and transfer such amounts
 5 appropriated under sections 204, 208, and 213 of this act as may be
 6 necessary to fund early adopter contracts. The amount of medicaid
 7 funding transferred from each program may not exceed the average per
 8 capita cost assumed in this act for individuals covered by that
 9 program, actuarially adjusted for the health condition of persons
 10 enrolled, times the number of clients enrolled. The amount of non-
 11 medicaid funding transferred from sections 204 and 208 may not exceed
 12 the amount that would have been contracted with a behavioral health
 13 organization if the county authorities had not requested to become an
 14 early adopter of fully integrated purchasing. If any funding that
 15 this act provides solely for a specific purpose is transferred under
 16 this subsection, that funding must be used consistently with the
 17 provisions and conditions for which it was provided.

18 (8) In accordance with RCW 71.24.380, the department is
 19 authorized to purchase mental health and substance use disorder
 20 services through integrated contracts with behavioral health
 21 organizations. The department may combine and transfer such amounts
 22 appropriated under sections 204 and 208 of this act as may be
 23 necessary to finance these behavioral health organization contracts.
 24 If any funding that this act provides solely for a specific purpose
 25 is transferred under this subsection, that funding must be used
 26 consistently with the provisions and conditions for which it was
 27 provided.

12 disposition alternatives and take into account juvenile courts
13 program-eligible youth in conjunction with the number of youth served
14 in each approved evidence-based program or disposition alternative:
15 (i) Thirty-seven and one-half percent for the at-risk population of
16 youth ten to seventeen years old; (ii) fifteen percent for moderate
17 and high-risk youth; (iii) twenty-five percent for evidence-based

6 judges association; two representatives from the juvenile
7 rehabilitation administration headquarters program oversight staff,
8 two representatives of the juvenile rehabilitation administration
9 regional office staff, one representative of the juvenile
10 rehabilitation administration fiscal staff and a juvenile
11 rehabilitation administration division director. The committee may
12 make changes to the formula categories other than the evidence-based
13 program and disposition alternative categories if it is determined
14 the changes will increase statewide service delivery or effectiveness
15 of evidence-based program or disposition alternative resulting in
16 increased cost benefit savings to the state. Long-term cost benefit
17 must be considered. Percentage changes may occur in the evidence-
18 based program or disposition alternative categories of the formula
19 should it be determined the changes will increase evidence-based
20 program or disposition alternative delivery and increase the cost
21 benefit to the state. These outcomes will also be considered in
22 determining when evidence-based expansion or special sex offender
23 disposition alternative funds should be included in the block grant
24 or left separate.

25 (c) The juvenile courts and administrative office of the courts
26 shall be responsible for collecting and distributing information and
27 providing access to the data systems to the juvenile rehabilitation
28 administration and the Washington state institute for public policy
29 related to program and outcome data. The juvenile rehabilitation
30 administration and the juvenile courts will work collaboratively to
31 develop program outcomes that reinforce the greatest cost benefit to
32 the state in the implementation of evidence-based practices and
33 disposition alternatives.

34 (8) The juvenile courts and administrative office of the courts
35 shall collect and distribute information related to program outcome
36 and provide access to these data systems to the juvenile
37 rehabilitation administration and Washington state institute for
38 public policy. The agreements between administrative office of the
39 courts, the juvenile courts, and the juvenile rehabilitation
40 administration shall be executed to ensure that the juvenile

1 rehabilitation administration receives the data that the juvenile
2 rehabilitation administration identifies as needed to comply with
3 this subsection. This includes, but is not limited to, information by
4 program at the statewide aggregate level, individual court level, and
5 individual client level for the purpose of the juvenile
6 rehabilitation administration providing quality assurance and
7 oversight for the locally committed youth block grant and associated
8 funds and at times as specified by the juvenile rehabilitation
9 administration as necessary to carry out these functions. The data
10 shall be provided in a manner that reflects the collaborative work
11 the juvenile rehabilitation administration and juvenile courts have
12 developed regarding program outcomes that reinforce the greatest cost
13 benefit to the state in the implementation of evidence-based
14 practices and disposition alternatives.

15 (9) \$445,000 of the general fund—state appropriation for fiscal
16 year 2016 and \$445,000 of the general fund—state appropriation for
17 fiscal year 2017 are provided solely for funding of the teamchild

19 (10) \$178,000 of the general fund—state appropriation for fiscal
20 year 2016 and \$178,000 of the general fund—state appropriation for

27 rehabilitation administration may award grants under this subsection.
28 The juvenile rehabilitation administration shall give priority to
29 applicants who have demonstrated the greatest problems with criminal
30 street gangs. Applicants composed of, at a minimum, one or more local
31 governmental entities and one or more nonprofit, nongovernmental

12	TOTAL APPROPRIATION.	\$1,678,948,000

13 The appropriations in this subsection are subject to the
14 following conditions and limitations:

15 (a) For the purposes of this subsection, the term "regional
16 support networks," includes, effective April 1, 2016, behavioral
17 health organizations which assume the duties of regional support
18 networks pursuant to chapter 225, Laws of 2014 (2SSB 6312).

19 (b) \$16,631,000 of the general fund—state appropriation for
20 fiscal year 2016, \$13,761,000 of the general fund—state appropriation
21 for fiscal year 2017, and \$17,918,000 of the general fund—federal
22 appropriation are provided solely to reimburse regional support
23 networks for increased utilization costs, as compared to utilization
24 costs in fiscal year 2014, that are incurred in order to meet
25 statutory obligations to provide individualized mental health
26 treatment in appropriate settings to individuals who are detained or
27 committed under the involuntary treatment act. Prior to distributing
28 funds to a regional support network requesting reimbursement for
29 costs relative to increased utilization, the department must receive
30 adequate documentation of such increased utilization and costs.
31 Regional support networks receiving funds for community hospitals or
32 evaluation and treatment center beds under subsection (q) of this
33 section are only eligible for reimbursement that exceeds the total of
34 their utilization costs in fiscal year 2014 and the costs of services
35 provided with additional funds received under (q) of this subsection.

36 (c) \$2,452,000 of the general fund—state appropriation for fiscal
37 year 2016, \$2,264,000 of the general fund—state appropriation for
38 fiscal year 2017, and \$2,653,000 of the general fund—federal
39 appropriation are provided solely for implementation of chapter 258,

1 Laws of 2015 (E2SSB 5269). Regional support networks must use these
2 amounts for involuntary treatment costs associated with
3 implementation of this bill.

4 (d) \$3,776,000 of the general fund—state appropriation for fiscal
5 year 2016, \$5,780,000 of the general fund—state appropriation for
6 fiscal year 2017, and \$6,054,000 of the general fund—federal
7 appropriation are provided solely for implementation of chapter 250,
8 Laws of 2015 (E2SHB 1450). Regional support networks must use these
9 amounts for increases in community mental health treatment associated
10 with implementation of this bill.

11 (e) \$81,180,000 of the general fund—state appropriation for
12 fiscal year 2016 and \$81,180,000 of the general fund—state
13 appropriation for fiscal year 2017 are provided solely for persons
14 and services not covered by the medicaid program. To the extent
15 possible, levels of regional support network spending shall be
16 maintained in the following priority order: Crisis and commitment
17 services; community inpatient services; and residential care
18 services, including personal care and emergency housing assistance.
19 These amounts includes a reduction of \$4,715,000 for fiscal year 2016
20 and \$4,715,000 for fiscal year 2017 associated with a funding shift
21 that allows for increased federal participation for community
22 inpatient stays that were previously ineligible for federal matching
23 funds. This reduction will be distributed to regional support
24 networks based on the same proportions that were added to regional
25 support network capitation ranges specific to the waiver that allowed
26 for federal funds to be used for community inpatient stays that were
27 previously ineligible for federal matching funds. The department must
28 allow regional support networks to use medicaid capitation payments
29 to provide services to medicaid enrollees that are in addition to
30 those covered under the state plan in accordance with the conditions
31 established under federal regulations governing medicaid managed care
32 contracts and subject to federal approval by the center for medicaid
33 and medicare services.

34 (f) \$6,590,000 of the general fund—state appropriation for fiscal
35 year 2016, \$6,590,000 of the general fund—state appropriation for
36 fiscal year 2017, and \$7,620,000 of the general fund—federal
37 appropriation are provided solely for the department and regional
38 support networks to continue to contract for implementation of high-
39 intensity programs for assertive community treatment (PACT) teams. In

1 determining the proportion of medicaid and nonmedicaid funding
2 provided to regional support networks with PACT teams, the department
3 shall consider the differences between regional support networks in
4 the percentages of services and other costs associated with the teams
5 that are not reimbursable under medicaid. The department may allow
6 regional support networks which have nonmedicaid reimbursable costs
7 that are higher than the nonmedicaid allocation they receive under
8 this section to supplement these funds with local dollars or funds
9 received under section 204(1)(f) of this act. The department and
10 regional support networks shall maintain consistency with all
11 essential elements of the PACT evidence-based practice model in
12 programs funded under this section.

13 (g) The number of nonforensic beds allocated for use by regional
14 support networks at eastern state hospital shall be 192 per day. The
15 number of nonforensic beds allocated for use by regional support
16 networks at western state hospital shall be 587 per day.

17 (h) From the general fund—state appropriations in this
18 subsection, the secretary of social and health services shall assure
19 that regional support networks reimburse the aging and disability
20 services administration for the general fund—state cost of medicaid
21 personal care services that enrolled regional support network
22 consumers use because of their psychiatric disability.

23 (i) The department is authorized to continue to contract
24 directly, rather than through contracts with regional support
25 networks, for children's long-term inpatient facility services.

26 (j) \$750,000 of the general fund—state appropriation for fiscal
27 year 2016 and \$750,000 of the general fund—state appropriation for
28 fiscal year 2017 are provided solely to continue performance-based
29 incentive contracts to provide appropriate community support services
30 for individuals with severe mental illness who were discharged from
31 the state hospitals as part of the expanding community services
32 initiative. These funds will be used to enhance community residential
33 and support services provided by regional support networks through
34 other state and federal funding.

35 (k) \$1,125,000 of the general fund—state appropriation for fiscal
36 year 2016 and \$1,125,000 of the general fund—state appropriation for
37 fiscal year 2017 are provided solely for the Spokane regional support
38 network to implement services to reduce utilization and the census at
39 eastern state hospital. Such services shall include:

1 (i) High intensity treatment team for persons who are high
2 utilizers of psychiatric inpatient services, including those with co-
3 occurring disorders and other special needs;

4 (ii) Crisis outreach and diversion services to stabilize in the
5 community individuals in crisis who are at risk of requiring
6 inpatient care or jail services;

7 (iii) Mental health services provided in nursing facilities to
8 individuals with dementia, and consultation to facility staff
9 treating those individuals; and

10 (iv) Services at the sixteen-bed evaluation and treatment
11 facility.

12 At least annually, the Spokane regional support network shall
13 assess the effectiveness of these services in reducing utilization at
14 eastern state hospital, identify services that are not optimally
15 effective, and modify those services to improve their effectiveness.

16 (l) \$1,204,000 of the general fund—state appropriation for fiscal
17 year 2016 and \$1,204,000 of the general fund—state appropriation for
18 fiscal year 2017 are provided solely to reimburse Pierce and Spokane
19 counties for the cost of conducting 180-day commitment hearings at
20 the state psychiatric hospitals.

21 (m) Regional support networks may use local funds to earn
22 additional federal medicaid match, provided the locally matched rate
23 does not exceed the upper-bound of their federally allowable rate
24 range, and provided that the enhanced funding is used only to provide
25 medicaid state plan or waiver services to medicaid clients.
26 Additionally, regional support networks may use a portion of the
27 state funds allocated in accordance with (f) of this subsection to
28 earn additional medicaid match, but only to the extent that the
29 application of such funds to medicaid services does not diminish the
30 level of crisis and commitment, community inpatient, residential
31 care, and outpatient services presently available to persons not
32 eligible for medicaid.

33 (n) \$2,291,000 of the general fund—state appropriation for fiscal
34 year 2016 and \$2,291,000 of the general fund—state appropriation for
35 fiscal year 2017 are provided solely for mental health services for
36 mentally ill offenders while confined in a county or city jail and
37 for facilitating access to programs that offer mental health services
38 upon release from confinement.

1 (o) Within the amounts appropriated in this section, funding is
2 provided for the department to develop and phase in intensive mental
3 health services for high needs youth consistent with the settlement
4 agreement in *T.R. v. Dreyfus and Porter*.

5 (p) \$11,405,000 of the general fund—state appropriation for
6 fiscal year 2016, \$11,405,000 of the general fund—state appropriation
7 for fiscal year 2017, and \$17,680,000 of the general fund—federal
8 appropriation are provided solely for enhancement of community mental
9 health services. The department must contract these funds for the
10 operation of community programs in which the department determines
11 there is a need for capacity that allows individuals to be diverted
12 or transitioned from the state hospitals including but not limited
13 to: (i) Community hospital or free standing evaluation and treatment
14 services providing short-term detention and commitment services under
15 the involuntary treatment act to be located in the geographic areas
16 of the King regional support network, the Spokane regional support
17 network outside of Spokane county, and the Thurston Mason regional
18 support network; (ii) one new full program of an assertive community
19 treatment team in the King regional support network and two new half
20 programs of assertive community treatment teams in the Spokane
21 regional support network and the Pierce regional support network; and
22 (iii) three new recovery support services programs in the Grays
23 Harbor regional support network, the greater Columbia regional
24 support network, and the north sound regional support network. In
25 contracting for community evaluation and treatment services, the
26 department may not use these resources in facilities that meet the
27 criteria to be classified under federal law as institutions for
28 mental diseases. If the department is unable to come to a contract
29 agreement with a designated regional support network for any of the
30 services identified above, it may consider contracting for that
31 service in another regional support network that has the need for
32 such service.

33 (q) The appropriations in this section include a reduction of
34 \$16,462,000 in general fund—state and \$16,468,000 of general fund—
35 federal expenditure authority. This reduction must be achieved by
36 reducing regional support network medicaid rates for disabled adults,
37 nondisabled adults, disabled children, and nondisabled children. No
38 regional support network rate may be lowered below the low end of the
39 rate range that is certified as actuarially sound. The department

1 must work to develop updated minimum and maximum reserve levels that
2 reflect the changes in the number of medicaid eligible individuals
3 since reserve levels were originally set as well as the integration
4 of substance use disorder services into managed care contracts funded
5 within the amounts appropriated in this section. The department must
6 submit a report to the office of financial management and the
7 appropriate fiscal committees of the legislature by December 1, 2015,
8 that includes the revised minimum and maximum reserve levels for
9 medicaid and nonmedicaid behavioral health organization contracts.

10 (r) \$1,394,000 of the general fund—state appropriation for fiscal
11 year 2016, \$1,394,000 of the general fund—state appropriation for
12 fiscal year 2017, and \$2,020,000 of the general fund—federal
13 appropriation are provided solely for implementation of chapter 7,
14 Laws of 2015, 1st. sp. sess. (2E2SSB 5177). Regional support networks
15 must use the amounts for outpatient mental health treatment costs
16 associated with implementation of the bill.

23 provided for the department of social and health services to contract
24 with an academic or other independent consultant to conduct a
25 workload study in accordance with the following:

26 (i) The study must examine the current clinical role of
27 psychiatrists at the state psychiatric hospitals with respect to
28 patients who are the subject of both forensic and civil commitment.
29 The study must assess and analyze how psychiatrists at the hospitals
30 provide clinical services to patients, including use of their time
31 and the nature of the clinical activities they perform. The analyses
32 are intended to result in the development of a system for determining
33 staffing needs so that psychiatrists are able to provide quality
34 services while meeting appropriate national and state hospital
35 accreditation standards.

36 (ii) The study must examine the applicability of alternative
37 clinical care models, including the use of interdisciplinary health
38 care teams comprising clinical and nonclinical staff to provide

1 comprehensive psychiatric treatment and management for state
2 psychiatric hospital patients.

20 adult family home is being relicensed because of exceptional
21 circumstances, such as death or incapacity of a provider, and that to
22 require the full payment of the licensing and processing fees would
23 present a hardship to the applicant. In these situations the
24 department is also granted the authority to waive the required
25 residential administrator training for a period of 120 days if
26 necessary to ensure continuity of care during the relicensing
27 process.

13	Medical Aid Account—State Appropriation.	\$528,000
14	TOTAL APPROPRIATION.	\$16,239,581,000

15 The appropriations in this section are subject to the following
16 conditions and limitations:

17 (a) Sufficient amounts are appropriated in this subsection to
18 implement the medicaid expansion as defined in the social security
19 act, section 1902(a)(10)(A)(i)(VIII).

20 (b) The legislature finds that medicaid payment rates, as
21 calculated by the health care authority pursuant to the
22 appropriations in this act, bear a reasonable relationship to the
23 costs incurred by efficiently and economically operated facilities
24 for providing quality services and will be sufficient to enlist
25 enough providers so that care and services are available to the
26 extent that such care and services are available to the general
27 population in the geographic area. The legislature finds that the
28 cost reports, payment data from the federal government, historical
29 utilization, economic data, and clinical input constitute reliable
30 data upon which to determine the payment rates.

31 (c) Based on quarterly expenditure reports and caseload
32 forecasts, if the health care authority estimates that expenditures
33 for the medical assistance program will exceed the appropriations,
34 the health care authority shall take steps including but not limited
35 to reduction of rates or elimination of optional services to reduce
36 expenditures so that total program costs do not exceed the annual
37 appropriation authority.

38 (d) In determining financial eligibility for medicaid-funded
39 services, the health care authority is authorized to disregard

1 recoveries by Holocaust survivors of insurance proceeds or other
2 assets, as defined in RCW 48.104.030.

3 (e) The legislature affirms that it is in the state's interest
4 for Harborview medical center to remain an economically viable
5 component of the state's health care system.

6 (f) When a person is ineligible for medicaid solely by reason of
7 residence in an institution for mental diseases, the health care
8 authority shall provide the person with the same benefits as he or
9 she would receive if eligible for medicaid, using state-only funds to
10 the extent necessary.

11 (g) \$4,261,000 of the general fund—state appropriation for fiscal
12 year 2016, \$4,261,000 of the general fund—state appropriation for
13 fiscal year 2017, and \$8,522,000 of the general fund—federal
14 appropriation are provided solely for low-income disproportionate
15 share hospital payments.

16 (h) Within the amounts appropriated in this section, the health
17 care authority shall provide disproportionate share hospital payments
18 to hospitals that provide services to children in the children's
19 health program who are not eligible for services under Title XIX or
20 XXI of the federal social security act due to their citizenship
21 status.

22 (i) \$6,000,000 of the general fund—federal appropriation is
23 provided solely for supplemental payments to nursing homes operated
24 by public hospital districts. The public hospital district shall be
25 responsible for providing the required nonfederal match for the
26 supplemental payment, and the payments shall not exceed the maximum
27 allowable under federal rules. It is the legislature's intent that
28 the payments shall be supplemental to and shall not in any way offset
29 or reduce the payments calculated and provided in accordance with
30 part E of chapter 74.46 RCW. It is the legislature's further intent
31 that costs otherwise allowable for rate-setting and settlement
32 against payments under chapter 74.46 RCW shall not be disallowed
33 solely because such costs have been paid by revenues retained by the
34 nursing home from these supplemental payments. The supplemental
35 payments are subject to retrospective interim and final cost
36 settlements based on the nursing homes' as-filed and final medicare
37 cost reports. The timing of the interim and final cost settlements
38 shall be at the health care authority's discretion. During either the
39 interim cost settlement or the final cost settlement, the health care

1 authority shall recoup from the public hospital districts the
2 supplemental payments that exceed the medicaid cost limit and/or the
3 medicare upper payment limit. The health care authority shall apply
4 federal rules for identifying the eligible incurred medicaid costs
5 and the medicare upper payment limit.

6 (j) The health care authority shall continue the inpatient
7 hospital certified public expenditures program for the 2015-2017
8 fiscal biennium. The program shall apply to all public hospitals,
9 including those owned or operated by the state, except those
10 classified as critical access hospitals or state psychiatric
11 institutions. The health care authority shall submit reports to the
12 governor and legislature by November 1, 2015, and by November 1,
13 2016, that evaluate whether savings continue to exceed costs for this
14 program. If the certified public expenditures (CPE) program in its
15 current form is no longer cost-effective to maintain, the health care
16 authority shall submit a report to the governor and legislature
17 detailing cost-effective alternative uses of local, state, and
18 federal resources as a replacement for this program. During fiscal
19 year 2016 and fiscal year 2017, hospitals in the program shall be
20 paid and shall retain one hundred percent of the federal portion of
21 the allowable hospital cost for each medicaid inpatient fee-for-
22 service claim payable by medical assistance and one hundred percent
23 of the federal portion of the maximum disproportionate share hospital
24 payment allowable under federal regulations. Inpatient medicaid
25 payments shall be established using an allowable methodology that
26 approximates the cost of claims submitted by the hospitals. Payments
27 made to each hospital in the program in each fiscal year of the
28 biennium shall be compared to a baseline amount. The baseline amount
29 will be determined by the total of (a) the inpatient claim payment
30 amounts that would have been paid during the fiscal year had the
31 hospital not been in the CPE program based on the reimbursement rates
32 developed, implemented, and consistent with policies approved in the
33 2015-2017 biennial operating appropriations act and in effect on July
34 1, 2015, (b) one-half of the indigent assistance disproportionate
35 share hospital payment amounts paid to and retained by each hospital
36 during fiscal year 2005, and (c) all of the other disproportionate
37 share hospital payment amounts paid to and retained by each hospital
38 during fiscal year 2005 to the extent the same disproportionate share
39 hospital programs exist in the 2015-2017 fiscal biennium. If payments
40 during the fiscal year exceed the hospital's baseline amount, no

1 additional payments will be made to the hospital except the federal
2 portion of allowable disproportionate share hospital payments for
3 which the hospital can certify allowable match. If payments during
4 the fiscal year are less than the baseline amount, the hospital will
5 be paid a state grant equal to the difference between payments during
6 the fiscal year and the applicable baseline amount. Payment of the
7 state grant shall be made in the applicable fiscal year and
8 distributed in monthly payments. The grants will be recalculated and
9 redistributed as the baseline is updated during the fiscal year. The
10 grant payments are subject to an interim settlement within eleven
11 months after the end of the fiscal year. A final settlement shall be
12 performed. To the extent that either settlement determines that a
13 hospital has received funds in excess of what it would have received
14 as described in this subsection, the hospital must repay the excess
15 amounts to the state when requested. \$16,664,000 of the general fund—
16 state appropriation for fiscal year 2016 and \$8,170,000 of the
17 general fund—state appropriation for fiscal year 2017 are provided
18 solely for state grants for the participating hospitals.

19 (k) The health care authority shall seek public-private
20 partnerships and federal funds that are or may become available to
21 provide on-going support for outreach and education efforts under the
22 federal children's health insurance program reauthorization act of
23 2009.

24 (l) The health care authority shall target funding for maternity
25 support services towards pregnant women with factors that lead to
26 higher rates of poor birth outcomes, including hypertension, a
27 preterm or low birth weight birth in the most recent previous birth,
28 a cognitive deficit or developmental disability, substance abuse,
29 severe mental illness, unhealthy weight or failure to gain weight,
30 tobacco use, or African American or Native American race. The health
31 care authority shall prioritize evidence-based practices for delivery
32 of maternity support services. To the extent practicable, the health
33 care authority shall develop a mechanism to increase federal funding
34 for maternity support services by leveraging local public funding for
35 those services.

36 (m) Within the amounts appropriated in this section, the
37 authority shall identify strategies to improve patient adherence to
38 treatment plans for diabetes and implement these strategies as a
39 pilot through one health home program to be identified by the
40 authority. The authority shall report to the governor and legislature

1 in December 2015 on patient outcomes and cost savings derived from
2 new adherence strategies in the health home model and make
3 recommendations for improving the strategies.

4 (n) Managed care contracts must incorporate accountability
5 measures that monitor patient health and improved health outcomes,
6 and shall include an expectation that each patient receive a wellness
7 examination that documents the baseline health status and allows for
8 monitoring of health improvements and outcome measures.

9 (o) \$88,000 of the medicaid fraud penalty account—state
10 appropriation and \$567,000 of the general fund—federal appropriation
11 are provided solely to implement the conversion to the tenth version
12 of the world health organization's international classification of
13 diseases.

14 (p) Sufficient amounts are appropriated in this section for the
15 authority to provide an adult dental benefit.

16 (q) The health care authority shall coordinate with the
17 department of social and health services to provide referrals to the
18 Washington health benefit exchange for clients that will be
19 ineligible for medicaid.

20 (r) To facilitate a single point of entry across public and
21 medical assistance programs, and to maximize the use of federal
22 funding, the health care authority, the department of social and

5 annual average full-time equivalent student enrollment in each grade,
6 except that the allocation for parent involvement coordinators in an
7 elementary school shall be 0.0825 for the 2015-16 and 2016-17 school
8 years, which enhancement is within the program of basic education.

9 (5) CENTRAL OFFICE ALLOCATIONS

10 In addition to classified and administrative staff units
11 allocated in subsections (3) and (4) of this section, classified and
12 administrative staff units are provided for the 2015-16 and 2016-17
13 school year for the central office administrative costs of operating
14 a school district, at the following rates:

15 (a) The total central office staff units provided in this
16 subsection (5) are calculated by first multiplying the total number
17 of eligible certificated instructional, certificated administrative,
18 and classified staff units providing school-based or district-wide
19 support services, as identified in RCW 28A.150.260(6)(b), by 5.3
20 percent.

21 (b) Of the central office staff units calculated in (a) of this
22 subsection, 74.53 percent are allocated as classified staff units, as
23 generated in subsection (4) of this section, and 25.47 percent shall
24 be allocated as administrative staff units, as generated in
25 subsection (3) of this section.

26 (c) Staff units generated as enhancements outside the program of
27 basic education to the minimum requirements of RCW 28A.150.260, and
28 staff units generated by skill center and career-technical students,
29 are excluded from the total central office staff units calculation in
30 (a) of this subsection.

31 (d) For students in approved career-technical and skill center
32 programs, central office classified units are allocated at the same
33 staff unit per student rate as those generated for general education
34 students of the same grade in this subsection (5), and central office
35 administrative staff units are allocated at staff unit per student
36 rates that exceed the general education rate established for students
37 in the same grade in this subsection (5) by 1.46 percent in the
38 2015-16 school year and 1.45 percent in the 2016-17 school year for
39 career and technical education students, and 17.33 percent in the

1 2015-16 school year and 17.33 percent in the 2016-17 school year for
2 skill center students.

3 (6) FRINGE BENEFIT ALLOCATIONS

4 Fringe benefit allocations shall be calculated at a rate of 21.42
5 percent in the 2015-16 school year and 21.42 percent in the 2016-17
6 school year for certificated salary allocations provided under
7 subsections (2), (3), and (5) of this section, and a rate of 22.72
8 percent in the 2015-16 school year and 22.72 percent in the 2016-17
9 school year for classified salary allocations provided under
10 subsections (4) and (5) of this section.

11 (7) INSURANCE BENEFIT ALLOCATIONS

12 Insurance benefit allocations shall be calculated at the
13 maintenance rate specified in section 504 of this act, based on the
14 number of benefit units determined as follows:

15 (a) The number of certificated staff units determined in
16 subsections (2), (3), and (5) of this section; and

17 (b) The number of classified staff units determined in
18 subsections (4) and (5) of this section multiplied by 1.152. This
19 factor is intended to adjust allocations so that, for the purpose of
20 distributing insurance benefits, full-time equivalent classified
21 employees may be calculated on the basis of 1,440 hours of work per
22 year, with no individual employee counted as more than one full-time
23 equivalent.

24 (8) MATERIALS, SUPPLIES, AND OPERATING COSTS (MSOC) ALLOCATIONS

25 Funding is allocated per annual average full-time equivalent
26 student for the materials, supplies, and operating costs (MSOC)
27 incurred by school districts, consistent with the requirements of RCW
28 28A.150.260.

29 (a)(i) MSOC funding for general education students are allocated
30 at the following per student rates:

35 this section, at a daily substitute rate of \$151.86.

1 (10) ALTERNATIVE LEARNING EXPERIENCE PROGRAM FUNDING

2 (a) Amounts provided in this section from July 1, 2015, to August
3 31, 2015, are adjusted to reflect provisions of chapter 4, Laws of
4 2013 2nd sp. sess., as amended (allocation of funding for students
5 enrolled in alternative learning experiences).

6 (b) The superintendent of public instruction shall require all
7 districts receiving general apportionment funding for alternative
8 learning experience (ALE) programs as defined in WAC 392-121-182 to
9 provide separate financial accounting of expenditures for the ALE
10 programs offered in district or with a provider, including but not
11 limited to private companies and multidistrict cooperatives, as well

13 education, including separate counts of resident and nonresident
14 students.

15 (11) DROPOUT REENGAGEMENT PROGRAM

16 The superintendent shall adopt rules to require students claimed
17 for general apportionment funding based on enrollment in dropout
18 reengagement programs authorized under RCW 28A.175.100 through
19 28A.175.115 to meet requirements for at least weekly minimum
20 instructional contact, academic counseling, career counseling, or
21 case management contact. Districts must also provide separate
22 financial accounting of expenditures for the programs offered by the
23 district or under contract with a provider, as well as accurate
24 monthly headcount and full-time equivalent enrollment claimed for
25 basic education, including separate enrollment counts of resident and
26 nonresident students.

27 (12) VOLUNTARY ALL DAY KINDERGARTEN PROGRAMS

29 kindergarten programs in qualifying schools in the 2015-16 school
30 year and all schools in the 2016-17 school year, pursuant to RCW
31 28A.150.220 and 28A.150.315. Each kindergarten student who enrolls
32 for the voluntary all-day program in a qualifying school shall count
33 as one-half of one full-time equivalent student for purpose of making
34 allocations under this section. Funding in this section provides all-
35 day kindergarten programs for 71.88 percent of kindergarten
36 enrollment in the 2015-16 school year and 100 percent of kindergarten
37 enrollment in the 2016-17 school year, which enhancement is within
38 the program of basic education.

1 (13) ADDITIONAL FUNDING FOR SMALL SCHOOL DISTRICTS AND REMOTE AND
2 NECESSARY PLANTS

3 For small school districts and remote and necessary school plants
4 within any district which have been judged to be remote and necessary
5 by the superintendent of public instruction, additional staff units
6 are provided to ensure a minimum level of staffing support.
7 Additional administrative and certificated instructional staff units
8 provided to districts in this subsection shall be reduced by the
9 general education staff units, excluding career and technical
10 education and skills center enhancement units, otherwise provided in
11 subsections (2) through (5) of this section on a per district basis.

12 (a) For districts enrolling not more than twenty-five average
13 annual full-time equivalent students in grades K-8, and for small
14 school plants within any school district which have been judged to be
15 remote and necessary by the superintendent of public instruction and
16 enroll not more than twenty-five average annual full-time equivalent
17 students in grades K-8:

18 (i) For those enrolling no students in grades 7 and 8, 1.76
19 certificated instructional staff units and 0.24 certificated
20 administrative staff units for enrollment of not more than five
21 students, plus one-twentieth of a certificated instructional staff
22 unit for each additional student enrolled; and

32 full-time equivalent students in grades K-8 and have been judged to
33 be remote and necessary by the superintendent of public instruction:

34 (i) For enrollment of up to sixty annual average full-time
35 equivalent students in grades K-6, 2.76 certificated instructional
36 staff units and 0.24 certificated administrative staff units; and

3 (c) For districts operating no more than two high schools with
4 enrollments of less than three hundred average annual full-time
5 equivalent students, for enrollment in grades 9-12 in each such
6 school, other than alternative schools, except as noted in this
7 subsection:

8 (i) For remote and necessary schools enrolling students in any
9 grades 9-12 but no more than twenty-five average annual full-time
10 equivalent students in grades K-12, four and one-half certificated
11 instructional staff units and one-quarter of a certificated
12 administrative staff unit;

13 (ii) For all other small high schools under this subsection, nine
14 certificated instructional staff units and one-half of a certificated
15 administrative staff unit for the first sixty average annual full-
16 time equivalent students, and additional staff units based on a ratio
17 of 0.8732 certificated instructional staff units and 0.1268
18 certificated administrative staff units per each additional forty-
19 three and one-half average annual full-time equivalent students;

20 (iii) Districts receiving staff units under this subsection shall
21 add students enrolled in a district alternative high school and any
22 grades nine through twelve alternative learning experience programs
23 with the small high school enrollment for calculations under this
24 subsection;

25 (d) For each nonhigh school district having an enrollment of more
26 than seventy annual average full-time equivalent students and less
27 than one hundred eighty students, operating a grades K-8 program or a
28 grades 1-8 program, an additional one-half of a certificated
29 instructional staff unit;

30 (e) For each nonhigh school district having an enrollment of more
31 than fifty annual average full-time equivalent students and less than
32 one hundred eighty students, operating a grades K-6 program or a
33 grades 1-6 program, an additional one-half of a certificated
34 instructional staff unit;

35 (f)(i) For enrollments generating certificated staff unit
36 allocations under (a) through (e) of this subsection, one classified
37 staff unit for each 2.94 certificated staff units allocated under
38 such subsections;

39 (ii) For each nonhigh school district with an enrollment of more
40 than fifty annual average full-time equivalent students and less than

1 one hundred eighty students, an additional one-half of a classified
2 staff unit; and

3 (g) School districts receiving additional staff units to support
4 small student enrollments and remote and necessary plants under this
5 subsection (12) shall generate additional MSOC allocations consistent
6 with the nonemployee related costs (NERC) allocation formula in place
7 for the 2010-11 school year as provided section 502, chapter 37, Laws
8 of 2010 1st sp. sess. (2010 supplemental budget), adjusted annually
9 for inflation.

10 (14) Any school district board of directors may petition the
11 superintendent of public instruction by submission of a resolution
12 adopted in a public meeting to reduce or delay any portion of its
13 basic education allocation for any school year. The superintendent of
14 public instruction shall approve such reduction or delay if it does
15 not impair the district's financial condition. Any delay shall not be
16 for more than two school years. Any reduction or delay shall have no
17 impact on levy authority pursuant to RCW 84.52.0531 and local effort
18 assistance pursuant to chapter 28A.500 RCW.

19 (15) The superintendent may distribute funding for the following
20 programs outside the basic education formula during fiscal years 2016
21 and 2017 as follows:

22 (a) \$620,000 of the general fund—state appropriation for fiscal
23 year 2016 and \$631,000 of the general fund—state appropriation for
24 fiscal year 2017 are provided solely for fire protection for school
25 districts located in a fire protection district as now or hereafter
26 established pursuant to chapter 52.04 RCW.

27 (b) \$436,000 of the general fund—state appropriation for fiscal
28 year 2016 and \$436,000 of the general fund—state appropriation for
29 fiscal year 2017 are provided solely for programs providing skills
30 training for secondary students who are enrolled in extended day
31 school-to-work programs, as approved by the superintendent of public
32 instruction. The funds shall be allocated at a rate not to exceed
33 \$500 per full-time equivalent student enrolled in those programs.

34 (16) \$219,000 of the general fund—state appropriation for fiscal
35 year 2016 and \$223,000 of the general fund—state appropriation for
36 fiscal year 2017 are provided solely for school district emergencies
37 as certified by the superintendent of public instruction. At the
38 close of the fiscal year the superintendent of public instruction
39 shall report to the office of financial management and the

1 appropriate fiscal committees of the legislature on the allocations
2 provided to districts and the nature of the emergency.

3 (17) Funding in this section is sufficient to fund a maximum of
4 1.6 FTE enrollment for skills center students pursuant to chapter
5 463, Laws of 2007.

6 (18) Students participating in running start programs may be
7 funded up to a combined maximum enrollment of 1.2 FTE including
8 school district and institution of higher education enrollment
9 consistent with the running start course requirements provided in
10 Engrossed Second Substitute House Bill No. 1546 (dual credit
11 education opportunities). In calculating the combined 1.2 FTE, the
12 office of the superintendent of public instruction may average the
13 participating student's September through June enrollment to account
14 for differences in the start and end dates for courses provided by
15 the high school and higher education institution. Additionally, the
16 office of the superintendent of public instruction, in consultation
17 with the state board for community and technical colleges, the
18 student achievement council, and the education data center, shall
19 annually track and report to the fiscal committees of the legislature
20 on the combined FTE experience of students participating in the
21 running start program, including course load analyses at both the
22 high school and community and technical college system.

23 (19) If two or more school districts consolidate and each
24 district was receiving additional basic education formula staff units
25 pursuant to subsection (12) of this section, the following apply:

26 (a) For three school years following consolidation, the number of
27 basic education formula staff units shall not be less than the number
28 of basic education formula staff units received by the districts in
29 the school year prior to the consolidation; and

30 (b) For the fourth through eighth school years following
31 consolidation, the difference between the basic education formula
32 staff units received by the districts for the school year prior to
33 consolidation and the basic education formula staff units after
34 consolidation pursuant to subsection (12) of this section shall be
35 reduced in increments of twenty percent per year.

36 (20)(a) Indirect cost charges by a school district to approved
37 career and technical education middle and secondary programs shall
38 not exceed 15 percent of the combined basic education and career and
39 technical education program enhancement allocations of state funds.
40 Middle and secondary career and technical education programs are

1 considered separate programs for funding and financial reporting
2 purposes under this section.

3 (b) Career and technical education program full-time equivalent
4 enrollment shall be reported on the same monthly basis as the
5 enrollment for students eligible for basic support, and payments
6 shall be adjusted for reported career and technical education program
7 enrollments on the same monthly basis as those adjustments for
8 enrollment for students eligible for basic support.

9 NEW SECTION. **Sec. 503. FOR THE SUPERINTENDENT OF PUBLIC**
10 **INSTRUCTION—BASIC EDUCATION EMPLOYEE COMPENSATION**

11 (1) The following calculations determine the salaries used in the
12 state allocations for certificated instructional, certificated
13 administrative, and classified staff units as provided in RCW
14 28A.150.280 and under section 502 of this act:

15 (a) Salary allocations for certificated instructional staff units
16 are determined for each district by multiplying the district's
17 certificated instructional total base salary shown on LEAP Document 2
18 by the district's average staff mix factor for certificated
19 instructional staff in that school year, computed using LEAP document
20 1; and

21 (b) Salary allocations for certificated administrative staff
22 units and classified staff units for each district are determined
23 based on the district's certificated administrative and classified
24 salary allocation amounts shown on LEAP Document 2.

25 (2) For the purposes of this section:

26 (a) "LEAP Document 1" means the staff mix factors for
27 certificated instructional staff according to education and years of
28 experience, as developed by the legislative evaluation and
29 accountability program committee on June 19, 2015, at 12:29 hours;
30 and

31 (b) "LEAP Document 2" means the school year salary allocations
32 for certificated administrative staff and classified staff and
33 derived and total base salaries for certificated instructional staff
34 as developed by the legislative evaluation and accountability program
35 committee on June 19, 2015, at 12:29 hours.

36 (c) The documents specified in subsection (2) of this section are
37 subject to further adjustment in other legislation that makes K-12
38 salary appropriations for the 2015-2017 fiscal biennium.

(3) Incremental fringe benefit factors are applied to salary adjustments at a rate of 20.78 percent for school year 2015-16 and 20.78 percent for school year 2016-17 for certificated instructional and certificated administrative staff and 19.22 percent for school year 2015-16 and 19.22 percent for the 2016-17 school year for classified staff.

(4)(a) Pursuant to RCW 28A.150.410, the following state-wide salary allocation schedules for certificated instructional staff are established for basic education salary allocations:

11 There shall be a fund, known as the "liquor revolving fund",

20 biennium, the legislature may transfer funds from the liquor
21 revolving account [fund] to the state general fund and may direct an
22 additional amount of liquor profits to be distributed to local
23 governments. Neither the transfer of funds nor the additional
24 distribution of liquor profits to local governments during the
25 2009-2011 fiscal biennium may reduce the excess fund distributions
26 that otherwise would occur under RCW 66.08.190. During the 2011-2013
27 fiscal biennium, the state treasurer shall transfer from the liquor
28 revolving fund to the state general fund forty-two million five
29 hundred thousand dollars for fiscal year 2012 and forty-two million
30 five hundred thousand dollars for fiscal year 2013. The transfer
31 during the 2011-2013 fiscal biennium may not reduce the excess fund
32 distributions that otherwise would occur under RCW 66.08.190. Sales
33 to licensees are exempt from any liquor price increases that may
34 result from the transfer of funds from the liquor revolving fund to
35 the state general fund during the 2011-2013 fiscal biennium.
36 Disbursements from the revolving fund shall be on authorization of
37 the board or a duly authorized representative thereof. In order to
38 maintain an effective expenditure and revenue control the liquor
39 revolving fund shall be subject in all respects to chapter 43.88 RCW

1 but no appropriation shall be required to permit expenditures and
2 payment of obligations from such fund. During the 2013-2015 and
3 2015-2017 fiscal biennia, the legislature may transfer from the
4 liquor revolving fund to the state general fund such amounts as
5 reflect the excess fund balance of the account.

13 prize shall be retained in the state lottery fund for further use as
14 prizes, except that one-third of all unclaimed prize money shall be
15 deposited in the economic development strategic reserve account
16 created in RCW 43.330.250.

PART XII
HUMAN SERVICES

Sec. 1201. 2014 c 221 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under the Washington medicaid integration partnership (WMIP) and the medicare integrated care project (MICP), the health care authority and the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 213 of this act as may be necessary

1 to finance a unified health care plan for the WMIP and the MICP
2 program enrollment. The WMIP pilot projects shall not exceed a daily
3 enrollment of 6,000 persons, nor expand beyond one county during the
4 2013-2015 fiscal biennium. The amount of funding assigned from each
5 program may not exceed the average per capita cost assumed in this
6 act for individuals covered by that program, actuarially adjusted for
7 the health condition of persons enrolled, times the number of clients
8 enrolled. In implementing the WMIP and the MICP, the health care
9 authority and the department may: (i) Withhold from calculations of
10 "available resources" as set forth in RCW 71.24.025 a sum equal to
11 the capitated rate for enrolled individuals; and (ii) employ
12 capitation financing and risk-sharing arrangements in collaboration
13 with health care service contractors licensed by the office of the
14 insurance commissioner and qualified to participate in both the
15 medicaid and medicare programs.

16 (b) If Washington has been selected to participate in phase two
17 of the federal demonstration project for persons dually-eligible for
18 both medicare and medicaid, the department and the authority may
19 initiate the MICP. Participation in the project shall be limited to
20 persons who are eligible for both medicare and medicaid and to
21 counties in which the county legislative authority has agreed to the
22 terms and conditions under which it will operate. The purpose of the
23 project shall be to demonstrate and evaluate ways to improve care
24 while reducing state expenditures for persons enrolled both in
25 medicare and medicaid. To that end, prior to initiating the project,
26 the department and the authority shall assure that state expenditures
27 shall be no greater on either a per person or total basis than the
28 state would otherwise incur. Individuals who are solely eligible for
29 medicaid may also participate if their participation is agreed to by
30 the health care authority, the department, and the county legislative
31 authority.

32 (4) The legislature finds that medicaid payment rates, as
33 calculated by the department pursuant to the appropriations in this
34 act, bear a reasonable relationship to the costs incurred by
35 efficiently and economically operated facilities for providing
36 quality services and will be sufficient to enlist enough providers so
37 that care and services are available to the extent that such care and
38 services are available to the general population in the geographic
39 area. The legislature finds that cost reports, payment data from the
40 federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the
2 payment rates.

3 (5) The department shall to the maximum extent practicable use
4 the same system for delivery of spoken-language interpreter services
5 for social services appointments as the one established for medical
6 appointments in section 213 of this act. When contracting directly
7 with an individual to deliver spoken language interpreter services,
8 the department shall only contract with language access providers who
9 are working at a location in the state and who are state-certified or
10 state-authorized, except that when such a provider is not available,
11 the department may use a language access provider who meets other
12 certifications or standards deemed to meet state standards, including
13 interpreters in other states.

14 (6) The department shall facilitate enrollment under the medicaid
15 expansion for clients applying for or receiving state funded services
16 from the department and its contractors. Prior to open enrollment,
17 the department shall coordinate with the health care authority to
18 provide referrals to the Washington health benefit exchange for
19 clients that will be ineligible for the medicaid expansion but are
20 enrolled in coverage that will be eliminated in the transition to the
21 medicaid expansion.

22 (7)(a) The appropriations to the department of social and health
23 services in this act shall be expended for the programs and in the
24 amounts specified in this act. However, after May 1, (~~2014~~) 2015,
25 unless specifically prohibited by this act, the department may
26 transfer general fund—state appropriations for fiscal year (~~2014~~)
27 2015 among programs after approval by the director of financial
28 management. However, the department shall not transfer state moneys
29 that are provided solely for a specified purpose except as expressly
30 provided in (b) of this subsection.

31 (b) To the extent that transfers under (a) of this subsection are
32 insufficient to fund actual expenditures in excess of fiscal year
33 (~~2014~~) 2015 caseload forecasts and utilization assumptions in the
34 long-term care, foster care, adoptions support, medicaid personal
35 care, and child support programs, the department may transfer state
36 moneys that are provided solely for a specified purpose. The
37 department shall not transfer funds, and the director of financial
38 management shall not approve the transfer, unless the transfer is
39 consistent with the objective of conserving, to the maximum extent
40 possible, the expenditure of state funds. The director of financial

1 management shall notify the appropriate fiscal committees of the
2 senate and house of representatives in writing seven days prior to
3 approving any allotment modifications or transfers under this
4 subsection. The written notification shall include a narrative
5 explanation and justification of the changes, along with expenditures
6 and allotments by budget unit and appropriation, both before and
7 after any allotment modifications or transfers.

19 children in succeeding in K-12 and higher education systems and to
20 assure a focus on education during the transition to performance
21 based contracts. Funding shall be prioritized to regions with high

29 shall contract and collaborate with service providers in a manner
30 that maintains the availability and geographic representation of
31 secure and semi-secure crisis residential centers and HOPE centers.
32 To achieve efficiencies and increase utilization, the department
33 shall allow the co-location of these centers, except that a youth may
34 not be placed in a secure facility or the secure portion of a co-
35 located facility except as specifically authorized by chapter 13.32A
36 RCW. The reductions to appropriations in this subsection related to
37 semi-secure crisis residential centers reflect a reduction to the
38 number of beds for semi-secure crisis residential centers and not a
39 reduction in rates. Any secure crisis residential center or semi-

1 secure crisis residential center bed reduction shall not be based
2 solely upon bed utilization. The department is to exercise its
3 discretion in reducing the number of beds but to do so in a manner
4 that maintains availability and geographic representation of semi-
5 secure and secure crisis residential centers.

33 (6) \$1,537,000 of the general fund—state appropriation for fiscal
34 year 2014 and \$1,537,000 of the general fund—state appropriation for
35 fiscal year 2015 are provided solely for expansion of the following
36 treatments and therapies in juvenile rehabilitation administration
37 programs identified by the Washington state institute for public
38 policy in its October 2006 report: "Evidence-Based Public Policy
39 Options to Reduce Future Prison Construction, Criminal Justice Costs

1 and Crime Rates": Multidimensional treatment foster care, family
2 integrated transitions, and aggression replacement training, or other
3 programs with a positive benefit-cost finding in the institute's
4 report. The administration may concentrate delivery of these
5 treatments and therapies at a limited number of programs to deliver
6 the treatments in a cost-effective manner.

7 (7)(a) The juvenile rehabilitation administration shall
8 administer a block grant, rather than categorical funding, of
9 consolidated juvenile service funds, community juvenile
10 accountability act grants, the chemical dependency disposition
11 alternative funds, the mental health disposition alternative, and the
12 sentencing disposition alternative for the purpose of serving youth
13 adjudicated in the juvenile justice system. In making the block
14 grant, the juvenile rehabilitation administration shall follow the
15 following formula and will prioritize evidence-based programs and
16 disposition alternatives and take into account juvenile courts
17 program-eligible youth in conjunction with the number of youth served
18 in each approved evidence-based program or disposition alternative:
19 (i) Thirty-seven and one-half percent for the at-risk population of
20 youth ten to seventeen years old; (ii) fifteen percent for moderate
21 and high-risk youth; (iii) twenty-five percent for evidence-based
22 program participation; (iv) seventeen and one-half percent for
23 minority populations; (v) three percent for the chemical dependency
24 disposition alternative; and (vi) two percent for the mental health
25 and sentencing dispositional alternatives. Funding for the special
26 sex offender disposition alternative (SSODA) shall not be included in
27 the block grant, but allocated on the average daily population in
28 juvenile courts. Funding for the evidence-based expansion grants
29 shall be excluded from the block grant formula. Funds may be used for
30 promising practices when approved by the juvenile rehabilitation
31 administration and juvenile courts, through the community juvenile
32 accountability act committee, based on the criteria established in
33 consultation with Washington state institute for public policy and
34 the juvenile courts.

35 (b) The juvenile rehabilitation administration and the juvenile
36 courts shall establish a block grant funding formula oversight
37 committee with equal representation from the juvenile rehabilitation
38 administration and the juvenile courts. The purpose of this committee
39 is to assess the ongoing implementation of the block grant funding
40 formula, utilizing data-driven decision making and the most current

1 available information. The committee will be cochaired by the
2 juvenile rehabilitation administration and the juvenile courts, who
3 will also have the ability to change members of the committee as
4 needed to achieve its purpose. Initial members will include one
5 juvenile court representative from the finance committee, the
6 community juvenile accountability act committee, the risk assessment
7 quality assurance committee, the executive board of the Washington
8 association of juvenile court administrators, the Washington state
9 center for court research, and a representative of the superior court
10 judges association; two representatives from the juvenile
11 rehabilitation administration headquarters program oversight staff,
12 two representatives of the juvenile rehabilitation administration
13 regional office staff, one representative of the juvenile
14 rehabilitation administration fiscal staff and a juvenile
15 rehabilitation administration division director. The committee may
16 make changes to the formula categories other than the evidence-based
17 program and disposition alternative categories if it is determined
18 the changes will increase statewide service delivery or effectiveness
19 of evidence-based program or disposition alternative resulting in
20 increased cost benefit savings to the state. Long-term cost benefit
21 must be considered. Percentage changes may occur in the evidence-
22 based program or disposition alternative categories of the formula
23 should it be determined the changes will increase evidence-based
24 program or disposition alternative delivery and increase the cost
25 benefit to the state. These outcomes will also be considered in
26 determining when evidence-based expansion or special sex offender
27 disposition alternative funds should be included in the block grant
28 or left separate.

29 (c) The juvenile courts and administrative office of the courts
30 shall be responsible for collecting and distributing information and
31 providing access to the data systems to the juvenile rehabilitation
32 administration and the Washington state institute for public policy
33 related to program and outcome data. The juvenile rehabilitation
34 administration and the juvenile courts will work collaboratively to
35 develop program outcomes that reinforce the greatest cost benefit to
36 the state in the implementation of evidence-based practices and
37 disposition alternatives.

38 (8) The juvenile courts and administrative office of the courts
39 shall collect and distribute information related to program outcome
40 and provide access to these data systems to the juvenile

1 rehabilitation administration and Washington state institute for
2 public policy. The agreements between administrative office of the
3 courts, the juvenile courts, and the juvenile rehabilitation
4 administration shall be executed to ensure that the juvenile
5 rehabilitation administration receives the data that the juvenile
6 rehabilitation administration identifies as needed to comply with
7 this subsection. This includes, but is not limited to, information by
8 program at the statewide aggregate level, individual court level, and
9 individual client level for the purpose of the juvenile
10 rehabilitation administration providing quality assurance and
11 oversight for the locally committed youth block grant and associated
12 funds and at times as specified by the juvenile rehabilitation
13 administration as necessary to carry out these functions. The data
14 shall be provided in a manner that reflects the collaborative work
15 the juvenile rehabilitation administration and juvenile courts have
16 developed regarding program outcomes that reinforce the greatest cost
17 benefit to the state in the implementation of evidence-based
18 practices and disposition alternatives.

19 (9) \$445,000 of the general fund—state appropriation for fiscal
20 year 2014 and \$445,000 of the general fund—state appropriation for
21 fiscal year 2015 are provided solely for funding of the teamchild
22 project.

23 (10) \$178,000 of the general fund—state appropriation for fiscal
24 year 2014 and \$178,000 of the general fund—state appropriation for
25 fiscal year 2015 are provided solely for the juvenile detention
26 alternatives initiative.

27 (11) \$250,000 of the general fund—state appropriation for fiscal
28 year 2014 and \$250,000 of the general fund—state appropriation for
29 fiscal year 2015 are provided solely for a grant program focused on
30 criminal street gang prevention and intervention. The Washington
31 state partnership council on juvenile justice may award grants under
32 this subsection. The council shall give priority to applicants who
33 have demonstrated the greatest problems with criminal street gangs.
34 Applicants composed of, at a minimum, one or more local governmental
35 entities and one or more nonprofit, nongovernmental organizations
36 that have a documented history of creating and administering
37 effective criminal street gang prevention and intervention programs
38 may apply for funding under this subsection.

1 (12) \$400,000 of the general fund—state appropriation for fiscal
 2 year 2015 is provided solely for competitive grants to community-
 3 based organizations to provide at-risk youth intervention services,
 4 including but not limited to, case management, employment services,
 5 educational services, and street outreach intervention programs.
 6 Projects funded should focus on preventing, intervening, and
 7 suppressing behavioral problems and violence while linking at-risk
 8 youth to pro-social activities. The costs of administration may not
 9 exceed four percent of appropriated funding for each grant recipient.
 10 Each entity receiving funds must report to the juvenile
 11 rehabilitation administration on the number and types of youth
 12 served, the services provided, and the impact of those services upon
 13 the youth and the community.

14 **Sec. 1204.** 2014 c 221 s 204 (uncodified) is amended to read as
 15 follows:

16 **FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES—MENTAL HEALTH**
 17 **PROGRAM**

18 (1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS

19	General Fund—State Appropriation (FY 2014).	\$328,527,000
20	General Fund—State Appropriation (FY 2015).	((329,208,000))
21		<u>\$323,005,000</u>
22	General Fund—Federal Appropriation.	((666,113,000))
23		<u>\$770,476,000</u>
24	General Fund—Private/Local Appropriation.	\$17,864,000
25	TOTAL APPROPRIATION.	((1,341,712,000))
26		<u>\$1,439,872,000</u>

27 The appropriations in this subsection are subject to the
 28 following conditions and limitations:

29 (a) \$104,999,000 of the general fund—state appropriation for
 30 fiscal year 2014 and \$88,895,000 of the general fund—state
 31 appropriation for fiscal year 2015 are provided solely for persons
 32 and services not covered by the medicaid program. To the extent
 33 possible, levels of regional support network spending shall be
 34 maintained in the following priority order: Crisis and commitment
 35 services; community inpatient services; and residential care
 36 services, including personal care and emergency housing assistance.
 37 This is a reduction in flexible nonmedicaid funding of \$4,343,000 for
 38 fiscal year 2014 and \$20,446,000 for fiscal year 2015. This reduction

1 reflects offsets in state funding related to services that will now
2 be funded with federal dollars through the affordable care act
3 medicaid expansion. This reduction shall be distributed as follows:

4 (i) The \$4,343,000 reduction in fiscal year 2014 and \$10,223,000
5 of the reduction in fiscal year 2015 must be distributed among
6 regional support networks based on a formula that equally weights
7 each regional support networks proportion of individuals who become
8 newly eligible and enroll in medicaid under the expansion provisions
9 of the affordable care act in fiscal year 2014 and each regional
10 support network's spending of flexible nonmedicaid funding on
11 services that would be reimbursable for federal medicaid matching
12 funds if provided to medicaid enrollees in the 2011-2013 fiscal
13 biennium.

14 (ii) The remaining \$10,223,000 reduction in fiscal year 2015 must
15 be distributed among regional support networks based on each regional
16 support network's proportion of individuals who become newly eligible
17 and enroll in medicaid under the expansion provisions of the
18 affordable care act through fiscal year 2015.

19 (b) \$6,590,000 of the general fund—state appropriation for fiscal
20 year 2014, \$6,590,000 of the general fund—state appropriation for
21 fiscal year 2015, and \$7,620,000 of the general fund—federal
22 appropriation are provided solely for the department and regional
23 support networks to continue to contract for implementation of high-
24 intensity programs for assertive community treatment (PACT) teams. In
25 determining the proportion of medicaid and nonmedicaid funding
26 provided to regional support networks with PACT teams, the department
27 shall consider the differences between regional support networks in
28 the percentages of services and other costs associated with the teams
29 that are not reimbursable under medicaid. The department may allow
30 regional support networks which have nonmedicaid reimbursable costs
31 that are higher than the nonmedicaid allocation they receive under
32 this section to supplement these funds with local dollars or funds
33 received under section 204(1)(a) of this act. The department and
34 regional support networks shall maintain consistency with all
35 essential elements of the PACT evidence-based practice model in
36 programs funded under this section.

37 (c) \$5,850,000 of the general fund—state appropriation for fiscal
38 year 2014, \$5,850,000 of the general fund—state appropriation for
39 fiscal year 2015, and \$1,300,000 of the general fund—federal

1 appropriation are provided solely for the western Washington regional
2 support networks to provide either community- or hospital campus-
3 based services for persons who require the level of care previously
4 provided by the program for adaptive living skills (PALS) at western
5 state hospital.

6 (d) The number of nonforensic beds allocated for use by regional
7 support networks at eastern state hospital shall be 192 per day. The
8 number of nonforensic beds allocated for use by regional support
9 networks at western state hospital shall be 557 per day.

10 (e) From the general fund—state appropriations in this
11 subsection, the secretary of social and health services shall assure
12 that regional support networks reimburse the aging and disability
13 services administration for the general fund—state cost of medicaid
14 personal care services that enrolled regional support network
15 consumers use because of their psychiatric disability.

16 (f) The department is authorized to continue to contract
17 directly, rather than through contracts with regional support
18 networks, for children's long-term inpatient facility services.

19 (g) \$750,000 of the general fund—state appropriation for fiscal
20 year 2014 and \$750,000 of the general fund—state appropriation for
21 fiscal year 2015 are provided solely to continue performance-based
22 incentive contracts to provide appropriate community support services
23 for individuals with severe mental illness who were discharged from
24 the state hospitals as part of the expanding community services
25 initiative. These funds will be used to enhance community residential
26 and support services provided by regional support networks through
27 other state and federal funding.

28 (h) \$1,125,000 of the general fund—state appropriation for fiscal
29 year 2014 and \$1,125,000 of the general fund—state appropriation for
30 fiscal year 2015 are provided solely for the Spokane regional support
31 network to implement services to reduce utilization and the census at
32 eastern state hospital. Such services shall include:

33 (i) High intensity treatment team for persons who are high
34 utilizers of psychiatric inpatient services, including those with co-
35 occurring disorders and other special needs;

36 (ii) Crisis outreach and diversion services to stabilize in the
37 community individuals in crisis who are at risk of requiring
38 inpatient care or jail services;

1 (iii) Mental health services provided in nursing facilities to
2 individuals with dementia, and consultation to facility staff
3 treating those individuals; and

4 (iv) Services at the sixteen-bed evaluation and treatment
5 facility.

6 At least annually, the Spokane regional support network shall
7 assess the effectiveness of these services in reducing utilization at
8 eastern state hospital, identify services that are not optimally
9 effective, and modify those services to improve their effectiveness.

10 (i) \$1,529,000 of the general fund—state appropriation for fiscal
11 year 2014 and \$1,529,000 of the general fund—state appropriation for
12 fiscal year 2015 are provided solely to reimburse Pierce and Spokane
13 counties for the cost of conducting 180-day commitment hearings at
14 the state psychiatric hospitals.

15 (j) Regional support networks may use local funds to earn
16 additional federal medicaid match, provided the locally matched rate
17 does not exceed the upper-bound of their federally allowable rate
18 range, and provided that the enhanced funding is used only to provide
19 medicaid state plan or waiver services to medicaid clients.
20 Additionally, regional support networks may use a portion of the
21 state funds allocated in accordance with (a) of this subsection to
22 earn additional medicaid match, but only to the extent that the
23 application of such funds to medicaid services does not diminish the
24 level of crisis and commitment, community inpatient, residential
25 care, and outpatient services presently available to persons not
26 eligible for medicaid.

27 (k) \$3,436,000 of the general fund—state appropriation for fiscal
28 year 2014 and \$2,291,000 of the general fund—state appropriation for
29 fiscal year 2015 are provided solely for mental health services for
30 mentally ill offenders while confined in a county or city jail and
31 for facilitating access to programs that offer mental health services
32 upon release from confinement.

33 (l) \$523,000 of the general fund—state appropriation for fiscal
34 year 2014, \$775,000 of the general fund—state appropriation for
35 fiscal year 2015, and \$854,000 of the general fund—federal
36 appropriation are provided solely for implementation of sections 3
37 through 5 of chapter 289, Laws of 2013 (E2SHB 1114). Regional support
38 networks must use this funding for the development of intensive
39 community programs that allow individuals to be diverted or

1 transitioned from the state hospitals in accordance with plans
2 approved by the department.

3 (m) \$5,986,000 of the general fund—state appropriation for fiscal
4 year 2014, \$11,592,000 of the general fund—state appropriation for
5 fiscal year 2015, and \$10,160,000 of the general fund—federal
6 appropriation are provided solely for implementation of chapter 335,
7 Laws of 2013 (ESSB 5480). Regional support networks must use this
8 funding for the development of intensive community programs that
9 allow individuals to be diverted or transitioned from the state
10 hospitals in accordance with plans approved by the department.

11 (n) Due to recent approval of federal medicaid matching funds for
12 the disability lifeline and the alcohol and drug abuse treatment
13 support act programs, the department shall charge regional support
14 networks for only the state share rather than the total cost of
15 community psychiatric hospitalization for persons enrolled in those
16 programs.

17 (o) The legislature finds that the circumstances of the Chelan-
18 Douglas regional support network (CD-RSN) make it necessary for CD-
19 RSN to undergo restructuring in order to provide mental health
20 services essential to the health and wellness of the citizens within
21 its service area. The legislature intends to provide additional
22 temporary financial relief to the CD-RSN while it undergoes internal
23 restructuring or negotiates a merger with another regional support
24 network.

25 The department shall negotiate relief for outstanding fiscal year
26 2013 reimbursements owed by CD-RSN to the state provided that the CD-
27 RSN has a plan in place that is approved by the department by August
28 1, 2013, that demonstrates how CD-RSN will maintain financial
29 viability and stability or will merge with another regional support
30 network.

31 For the period of July 1, 2013, through December 31, 2013, the
32 department may alter collection of reimbursement from CD-RSN for
33 overuse of state hospital beds. To receive a reduction to the
34 required reimbursement for overuse of state hospital beds, CD-RSN
35 must continue to prioritize services that reduce its utilization and
36 census at eastern state hospital and be actively implementing an
37 approved plan to maintain financial viability or pursuing a future
38 merger with another regional support network. Up to \$298,000 of the
39 general fund—state appropriation for fiscal year 2014 is for the

1 department to provide payments to regional support networks in
2 eastern Washington which have used less than their allocated or
3 contracted patient days of care at the state hospital to replace the
4 share of the reimbursements from CD-RSN that the regional support
5 networks would have received under RCW 71.24.320.

6 (p) \$266,000 of the general fund—state appropriation for fiscal
7 year 2014 and \$1,500,000 of the general fund—state appropriation for
8 fiscal year 2015 are provided solely to maintain services for the
9 King county regional support network as it works to transition
10 services to settings that are eligible for federal participation for
11 individuals covered under the medicaid program.

12 (q) Within the amounts appropriated in this section, funding is
13 provided for the department to develop and phase in intensive mental
14 health services for high needs youth consistent with the settlement
15 agreement in *T.R. v. Dreyfus and Porter*.

16 (r) \$7,281,000 of the general fund—state appropriation for fiscal
17 year 2015 and \$4,589,000 of the general fund—federal appropriation
18 are provided solely for enhancement of community mental health
19 services. The department must contract these funds for the operation
20 of community programs in which the department determines there is a
21 need for capacity that allows individuals to be diverted or
22 transitioned from the state hospitals including but not limited to:
23 (i) Community hospital or free standing evaluation and treatment
24 services providing short-term detention and commitment services under
25 the involuntary treatment act to be located in the geographic areas
26 of the King regional support network, the Spokane regional support
27 network outside of Spokane county, and the Thurston Mason regional
28 support network; (ii) one new full program of an assertive community
29 treatment team in the King regional support network and two new half
30 programs of assertive community treatment teams in the Spokane
31 regional support network and the Pierce regional support network; and
32 (iii) three new recovery support services programs in the Grays
33 Harbor regional support network, the greater Columbia regional
34 support network, and the north sound regional support network. In
35 contracting for community evaluation and treatment services, the
36 department may not use these resources in facilities that meet the
37 criteria to be classified under federal law as institutions for
38 mental diseases. If the department is unable to come to a contract
39 agreement with a designated regional support network for any of the

1 services identified above, it may consider contracting for that
2 service in another regional support network that has the need for
3 such service.

8 must only be used for an electronic medical record system that meets
9 federal criteria for electronic sharing of patient information and
10 clinical care summaries with doctors' offices, hospitals, and health
11 systems which use federally certified electronic health record
12 systems. The procurement and implementation shall be conducted to
13 allow for these services to be expanded to the department of
14 corrections. The amounts provided in this subsection are conditioned
15 on the department satisfying the requirements of the project

36 reduce the need for state general funds. The institute and the
37 department must submit this plan to the office of financial

1 management and the fiscal committees of the legislature by December

16 in fiscal years 2014 and 2015 to support the costs of the regulatory
17 program. The department's fee schedule shall have differential rates
18 for providers with proof of accreditation from organizations that the
19 department has determined to have substantially equivalent standards
20 to those of the department, including but not limited to the joint
21 commission on accreditation of health care organizations, the
22 commission on accreditation of rehabilitation facilities, and the
23 council on accreditation. To reflect the reduced costs associated
24 with regulation of accredited programs, the department's fees for
25 organizations with such proof of accreditation must reflect the lower

27 which are not accredited.

28 (b) \$74,000 of the general fund—state appropriation for fiscal

29 the low wage worker add-on found in (a) of this subsection, the rate

31 (g) of this subsection, the comparative add-on, acuity add-on, and
32 safety net reimbursement, is greater than the direct care rate in
33 effect on June 30, 2010, then the facility shall receive a ten
34 percent direct care rate add-on to compensate that facility for

1 (e) The rate add-on provided in (c) of this subsection is subject
2 to the reconciliation and settlement process provided in RCW
3 74.46.022(6).

19 year 2015 and shall grant no rate add-ons to payment rates for
20 capital improvements not requiring a certificate of need and a
21 certificate of capital authorization for fiscal years 2014 and 2015.

29 the amount of the license fee attributed to medicaid clients.

30 (a) The current annual renewal license fee for adult family homes
31 shall be increased to \$225 per bed beginning in fiscal year 2014 and

35 The appropriations in this section are subject to the following
36 conditions and limitations:

- 37 (1) ((~~\$1,900,484,000 of the general fund—federal appropriation is~~
38 ~~provided solely~~)) Sufficient amounts are appropriated in this section

1 to implement the medicaid expansion as defined in the social security
2 act, section 1902(a)(10)(A)(i)(VIII), subject to the conditions and
3 limitations in this subsection. If the federal medical assistance
4 percentage for the medicaid expansion falls below the percentages in
5 section 1905(y) of the social security act as of July 1, 2013, the
6 authority shall ensure that the state does not incur any additional
7 state costs above what would have been incurred had the federal
8 medical assistance percentages remained at the percentages in section
9 1905(y) as of July 1, 2013. The director is authorized to make any
10 necessary program adjustments to comply with this requirement,
11 including adding or adjusting premiums, modifying benefits, or
12 reducing optional programs. To the extent a waiver is needed to
13 accomplish this, the director shall promptly apply for such waiver.
14 If a necessary waiver is not approved, the medicaid expansion program
15 shall be terminated upon appropriate notification to the legislature
16 and enrollees.

17 (2) The requirements of this subsection apply to the basic health
18 plan. This subsection is null and void and has no further effect upon
19 implementation of the medicaid expansion under subsection (1) of this
20 section.

21 (a) Within amounts appropriated in this section and sections 205
22 and 206 of this act, the health care authority shall continue to
23 provide an enhanced basic health plan subsidy for foster parents
24 licensed under chapter 74.15 RCW and workers in state-funded home
25 care programs. Under this enhanced subsidy option, foster parents
26 eligible to participate in the basic health plan as subsidized
27 enrollees and home care workers with family incomes below 200 percent
28 of the federal poverty level shall be allowed to enroll in the basic
29 health plan at the minimum premium amount charged to enrollees with
30 incomes below sixty-five percent of the federal poverty level.

31 (b) The health care authority shall require organizations and
32 individuals that are paid to deliver basic health plan services and
33 that choose to sponsor enrollment in the subsidized basic health plan
34 to pay 133 percent of the premium amount which would otherwise be due
35 from the sponsored enrollees.

36 (c) The administrator shall take at least the following actions
37 to assure that persons participating in the basic health plan are
38 eligible for the level of assistance they receive: (a) Require
39 submission of (i) income tax returns, and recent pay history, from
40 all applicants, or (ii) other verifiable evidence of earned and

1 unearned income from those persons not required to file income tax
2 returns; (b) check employment security payroll records at least once
3 every twelve months on all enrollees; (c) require enrollees whose
4 income as indicated by payroll records exceeds that upon which their
5 subsidy is based to document their current income as a condition of
6 continued eligibility; (d) require enrollees for whom employment
7 security payroll records cannot be obtained to document their current
8 income at least once every six months; (e) not reduce gross family
9 income for self-employed persons by noncash-flow expenses such as,
10 but not limited to, depreciation, amortization, and home office
11 deductions, as defined by the United States internal revenue service;
12 and (f) pursue repayment and civil penalties from persons who have
13 received excessive subsidies, as provided in RCW 70.47.060(9).

14 (d) Enrollment in the subsidized basic health plan shall be
15 limited to only include persons who qualify as subsidized enrollees
16 as defined in RCW 70.47.020 and who (a) qualify for services under
17 1115 medicaid demonstration project number 11-W-00254/10; or (b) are
18 foster parents licensed under chapter 74.15 RCW.

19 (3) The legislature finds that medicaid payment rates, as
20 calculated by the health care authority pursuant to the
21 appropriations in this act, bear a reasonable relationship to the
22 costs incurred by efficiently and economically operated facilities
23 for providing quality services and will be sufficient to enlist
24 enough providers so that care and services are available to the
25 extent that such care and services are available to the general
26 population in the geographic area. The legislature finds that the
27 cost reports, payment data from the federal government, historical
28 utilization, economic data, and clinical input constitute reliable
29 data upon which to determine the payment rates.

30 (4) Based on quarterly expenditure reports and caseload
31 forecasts, if the health care authority estimates that expenditures
32 for the medical assistance program will exceed the appropriations,
33 the health care authority shall take steps including but not limited
34 to reduction of rates or elimination of optional services to reduce
35 expenditures so that total program costs do not exceed the annual
36 appropriation authority.

37 (5) In determining financial eligibility for medicaid-funded
38 services, the health care authority is authorized to disregard
39 recoveries by Holocaust survivors of insurance proceeds or other
40 assets, as defined in RCW 48.104.030.

1 (6) The legislature affirms that it is in the state's interest
2 for Harborview medical center to remain an economically viable
3 component of the state's health care system.

4 (7) When a person is ineligible for medicaid solely by reason of
5 residence in an institution for mental diseases, the health care
6 authority shall provide the person with the same benefits as he or
7 she would receive if eligible for medicaid, using state-only funds to
8 the extent necessary.

9 (8) \$4,261,000 of the general fund—state appropriation for fiscal
10 year 2014, \$4,261,000 of the general fund—state appropriation for
11 fiscal year 2015, and \$8,522,000 of the general fund—federal
12 appropriation are provided solely for low-income disproportionate
13 share hospital payments.

14 (9) \$400,000 of the general fund—state appropriation for fiscal
15 year 2014, \$200,000 of the general fund—state appropriation for
16 fiscal year 2015, and \$600,000 of the general fund—federal
17 appropriation are provided solely for disproportionate share hospital
18 payments to rural hospitals certified by the centers for medicare and
19 medicaid services as sole community hospitals as of January 1, 2013,
20 with less than one hundred fifty acute care licensed beds in fiscal
21 year 2011 that do not participate in the certified public
22 expenditures program. The authority shall discontinue these payments
23 on January 1, 2015.

24 (10) \$100,000 of the general fund—state appropriation for fiscal
25 year 2014 and \$50,000 of the general fund—state appropriation for
26 fiscal year 2015 are provided solely for grants to rural hospitals in
27 Clallam county that were certified by the centers for medicare and
28 medicaid services as sole community hospitals as of January 1, 2013,
29 with less than one hundred fifty acute care licensed beds in fiscal
30 year 2011. The authority shall discontinue these payments on January
31 1, 2015.

32 (11) \$100,000 of the general fund—state appropriation for fiscal
33 year 2015 and \$100,000 of the general fund—federal appropriation are
34 provided solely for disproportionate share hospital payments
35 beginning on January 1, 2015, to rural hospitals in Lewis county that
36 were certified by the centers for medicare and medicaid services as
37 sole community hospitals as of January 1, 2013, with less than one
38 hundred fifty acute care licensed beds in fiscal year 2011. The
39 authority shall discontinue these payments after June 30, 2015.

1 (12) \$150,000 of the general fund—state appropriation for fiscal
2 year 2015 is provided solely for grants to rural public hospitals in
3 Grant county that were certified by the centers for medicare and
4 medicaid services as sole community hospitals as of January 1, 2013,
5 with less than one hundred fifty acute care licensed beds in fiscal
6 year 2011. The authority shall discontinue these payments after June
7 30, 2015.

8 (13) Within the amounts appropriated in this section, the health
9 care authority shall provide disproportionate share hospital payments
10 to hospitals that provide services to children in the children's
11 health program who are not eligible for services under Title XIX or
12 XXI of the federal social security act due to their citizenship
13 status.

14 (14) \$6,000,000 of the general fund—federal appropriation is
15 provided solely for supplemental payments to nursing homes operated
16 by public hospital districts. The public hospital district shall be
17 responsible for providing the required nonfederal match for the
18 supplemental payment, and the payments shall not exceed the maximum
19 allowable under federal rules. It is the legislature's intent that
20 the payments shall be supplemental to and shall not in any way offset
21 or reduce the payments calculated and provided in accordance with
22 part E of chapter 74.46 RCW. It is the legislature's further intent
23 that costs otherwise allowable for rate-setting and settlement
24 against payments under chapter 74.46 RCW shall not be disallowed
25 solely because such costs have been paid by revenues retained by the
26 nursing home from these supplemental payments. The supplemental
27 payments are subject to retrospective interim and final cost
28 settlements based on the nursing homes' as-filed and final medicare
29 cost reports. The timing of the interim and final cost settlements
30 shall be at the health care authority's discretion. During either the
31 interim cost settlement or the final cost settlement, the health care
32 authority shall recoup from the public hospital districts the
33 supplemental payments that exceed the medicaid cost limit and/or the
34 medicare upper payment limit. The health care authority shall apply
35 federal rules for identifying the eligible incurred medicaid costs
36 and the medicare upper payment limit.

37 (15) The health care authority shall continue the inpatient
38 hospital certified public expenditures program for the 2013-2015
39 fiscal biennium. The program shall apply to all public hospitals,
40 including those owned or operated by the state, except those

1 classified as critical access hospitals or state psychiatric
2 institutions. The health care authority shall submit reports to the
3 governor and legislature by November 1, 2013, and by November 1,
4 2014, that evaluate whether savings continue to exceed costs for this
5 program. If the certified public expenditures (CPE) program in its
6 current form is no longer cost-effective to maintain, the health care
7 authority shall submit a report to the governor and legislature
8 detailing cost-effective alternative uses of local, state, and
9 federal resources as a replacement for this program. During fiscal
10 year 2014 and fiscal year 2015, hospitals in the program shall be
11 paid and shall retain one hundred percent of the federal portion of
12 the allowable hospital cost for each medicaid inpatient fee-for-
13 service claim payable by medical assistance and one hundred percent
14 of the federal portion of the maximum disproportionate share hospital
15 payment allowable under federal regulations. Inpatient medicaid
16 payments shall be established using an allowable methodology that
17 approximates the cost of claims submitted by the hospitals. Payments
18 made to each hospital in the program in each fiscal year of the
19 biennium shall be compared to a baseline amount. The baseline amount
20 will be determined by the total of (a) the inpatient claim payment
21 amounts that would have been paid during the fiscal year had the
22 hospital not been in the CPE program based on the reimbursement rates
23 developed, implemented, and consistent with policies approved in the
24 2013-2015 biennial operating appropriations act and in effect on July
25 1, 2013, (b) one-half of the indigent assistance disproportionate
26 share hospital payment amounts paid to and retained by each hospital
27 during fiscal year 2005, and (c) all of the other disproportionate
28 share hospital payment amounts paid to and retained by each hospital
29 during fiscal year 2005 to the extent the same disproportionate share
30 hospital programs exist in the 2013-2015 fiscal biennium. If payments
31 during the fiscal year exceed the hospital's baseline amount, no
32 additional payments will be made to the hospital except the federal
33 portion of allowable disproportionate share hospital payments for
34 which the hospital can certify allowable match. If payments during
35 the fiscal year are less than the baseline amount, the hospital will
36 be paid a state grant equal to the difference between payments during
37 the fiscal year and the applicable baseline amount. Payment of the
38 state grant shall be made in the applicable fiscal year and
39 distributed in monthly payments. The grants will be recalculated and
40 redistributed as the baseline is updated during the fiscal year. The

1 grant payments are subject to an interim settlement within eleven
2 months after the end of the fiscal year. A final settlement shall be
3 performed. To the extent that either settlement determines that a
4 hospital has received funds in excess of what it would have received
5 as described in this subsection, the hospital must repay the excess
6 amounts to the state when requested. \$11,928,000 of the general fund—
7 state appropriation for fiscal year 2014 and (~~(\$14,821,000)~~)
8 \$21,666,000 of the general fund—state appropriation for fiscal year
9 2015 are provided solely for state grants for the participating
10 hospitals.

11 (16) The health care authority shall seek public-private
12 partnerships and federal funds that are or may become available to
13 provide on-going support for outreach and education efforts under the
14 federal children's health insurance program reauthorization act of
15 2009.

16 (17) The health care authority shall target funding for maternity
17 support services towards pregnant women with factors that lead to
18 higher rates of poor birth outcomes, including hypertension, a
19 preterm or low birth weight birth in the most recent previous birth,
20 a cognitive deficit or developmental disability, substance abuse,
21 severe mental illness, unhealthy weight or failure to gain weight,
22 tobacco use, or African American or Native American race. The health
23 care authority shall prioritize evidence-based practices for delivery
24 of maternity support services. To the extent practicable, the health
25 care authority shall develop a mechanism to increase federal funding
26 for maternity support services by leveraging local public funding for
27 those services.

28 (18) \$170,000 of the general fund—state appropriation for fiscal
29 year 2014, \$121,000 of the general fund—state appropriation for
30 fiscal year 2015, and \$292,000 of the general fund—federal
31 appropriation are provided solely to implement Engrossed Substitute
32 House Bill No. 1519 (service coordination organizations) and Second
33 Substitute Senate Bill No. 5732 (behavioral health services). If
34 neither of the bills is enacted by June 30, 2013, the amounts
35 provided in this subsection shall lapse.

36 (19) \$57,000 of the general fund—state appropriation for fiscal
37 year 2014, \$40,000 of the general fund—state appropriation for fiscal
38 year 2015, and \$55,000 of the general fund—federal appropriation are
39 provided solely to develop a report on state efforts to prevent and

1 control diabetes. The authority, the department of social and health
2 services, and the department of health shall submit a coordinated
3 report to the governor and the appropriate committees of the
4 legislature by December 31, 2014, on the following:

5 (a) The financial impacts and reach that diabetes of all types
6 and undiagnosed gestational diabetes are having on the programs
7 administered by each agency and individuals, including children with
8 mothers with undiagnosed gestational diabetes, enrolled in those
9 programs. Items in this assessment must include: (i) The number of
10 lives with diabetes and undiagnosed gestational diabetes impacted or
11 covered by the programs administered by each agency; (ii) the number
12 of lives with diabetes, or at risk for diabetes, and family members
13 impacted by prevention and diabetes control programs implemented by
14 each agency; (iii) the financial toll or impact diabetes and its
15 complications, and undiagnosed gestational diabetes and the
16 complications experienced during labor to children of mothers with
17 gestational diabetes places on these programs in comparison to other
18 chronic diseases and conditions; and (iv) the financial toll or
19 impact diabetes and its complications, and diagnosed gestational
20 diabetes and the complications experienced during labor to children
21 of mothers with gestational diabetes places on these programs;

31 complications;

32 (d) The development or revision of detailed policy-related action
33 plans and budget recommendations for battling diabetes and
34 undiagnosed gestational diabetes that includes a range of actionable
35 items for consideration by the legislature. The plans and budget
36 recommendations must identify proposed action steps to reduce the
37 impact of diabetes, prediabetes, related diabetes complications, and
38 undiagnosed gestational diabetes. The plans and budget
39 recommendations must also identify expected outcomes of the action

1 steps proposed in the following biennium while also establishing
2 benchmarks for controlling and preventing all types of diabetes; and

3 (e) An estimate of savings, efficiencies, costs, and budgetary
4 savings and resources required to implement the plans and budget
5 recommendations identified in (d) of this subsection (17).

6 (20) Within the amounts appropriated in this section, the
7 authority shall identify strategies to improve patient adherence to
8 treatment plans for diabetes and implement these strategies as a
9 pilot through one health home program to be identified by the
10 authority. The authority shall report to the governor and the
11 legislature in December 2014 on the progress of strategy
12 implementation. The authority shall report to the governor and
13 legislature in December 2015 on patient outcomes and cost savings
14 derived from new adherence strategies in the health home model and
15 make recommendations for improving the strategies.

24 provided solely for the development of recommendations for funding
25 integrated school nursing and outreach services. The authority shall

27 instruction to develop recommendations for increasing federal
28 financial participation for providing nursing services in schools
29 with the goals of integrating nursing and outreach services and
30 supporting one nurse for every four hundred fifty students in
31 elementary schools and one nurse for every seven hundred fifty
32 students in secondary schools. In developing these recommendations,
33 the authority shall inquire with the federal centers for medicare and
34 medicaid services about state plan amendment or waiver options for
35 receiving additional federal matching funds for school nursing
36 services provided to children enrolled in apple health for kids. The
37 recommendations shall include proposals for funding training and
38 reimbursement for nurses that provide outreach services to help
39 eligible students enroll in apple health for kids and other social
40 services programs. The authority and the office of the superintendent

1 of public instruction shall provide these recommendations to the
2 governor and the legislature by December 1, 2013.

3 (23) \$430,000 of the general fund—state appropriation for fiscal
4 year 2014 and \$500,000 of the general fund—federal appropriation are
5 provided solely to complete grant requirements for the health

12 provided under this program, net of any costs related to the program
13 that are disallowed due to audits or litigation against the state.

14 (30) Sufficient amounts are appropriated in this section for the
15 authority to provide an adult dental benefit beginning January 1,
16 2014.

17 (31) To the extent allowed under federal law, the authority shall
18 require an adult client to enroll in full medicaid coverage instead
19 of family planning-only coverage unless the client is at risk of
20 domestic violence.

21 (32) The authority shall facilitate enrollment under the medicaid
22 expansion for clients applying for or receiving state funded services
23 from the authority and its contractors. Prior to open enrollment, the
24 authority shall coordinate with the department of social and health
25 services to provide referrals to the Washington health benefit
26 exchange for clients that will be ineligible for the medicaid
27 expansion but are enrolled in coverage that will be eliminated in the
28 transition to the medicaid expansion.

29 (33) \$90,000 of the general fund—state appropriation for fiscal
30 year 2014, \$90,000 of the general fund—state appropriation for fiscal
31 year 2015, and \$180,000 of the general fund—federal appropriation are
32 provided solely to continue operation by a nonprofit organization of
33 a toll-free hotline that assists families to learn about and enroll
34 in the apple health for kids program.

35 (34) Within the amounts appropriated in this section, the
36 authority shall reduce premiums for children with family incomes
37 above 200 percent of the federal poverty level in the state-funded
38 children's health program who are not eligible for coverage under the

1 federal children's health insurance program. Premiums in the state
2 and federal children's health insurance program shall be equal.

3 (35) The appropriations in this section reflect savings and
4 efficiencies by transferring children receiving medical care provided
5 through fee-for-service to medical care provided through managed
6 care.

7 (36) \$150,000 of the general fund—state appropriation for fiscal
8 year 2014, \$436,000 of the general fund—state appropriation for
9 fiscal year 2015, and \$170,561,000 of the general fund—federal
10 appropriation are provided solely for the provider incentive program
11 and other initiatives related to the health information technology
12 medicaid plan.

13 (37) \$1,528,000 of the general fund—state appropriation for
14 fiscal year 2014, \$2,206,000 of the general fund—state appropriation
15 for fiscal year 2015, and \$17,912,000 of the general fund—federal
16 appropriation are provided solely to implement phase two of the
17 project to create a single provider payment system that consolidates
18 medicaid medical and social services payments and replaces the social
19 service payment system. The amounts provided in this subsection are
20 conditioned on the authority satisfying the requirements of the
21 project management oversight standards and policies established by
22 the office of the chief information officer.

23 (38) Within the amounts appropriated in this section, the health
24 care authority and the department of social and health services shall
25 implement the state option to provide health homes for enrollees with
26 chronic conditions under section 2703 of the federal affordable care
27 act. The total state match for enrollees who are dually-eligible for
28 both medicare and medicaid and not enrolled in managed care shall be
29 no more than the net savings to the state from the enhanced match
30 rate for its medicaid-only managed care enrollees under section 2703.

31 (39) The health care authority shall not initiate any services
32 that require expenditure of state general fund moneys unless
33 expressly authorized in this act or other law. The health care
34 authority may seek, receive, and spend, under RCW 43.79.260 through
35 43.79.282, federal moneys not anticipated in this act as long as the
36 federal funding does not require expenditure of state moneys for the
37 program in excess of amounts anticipated in this act. If the health
38 care authority receives unanticipated unrestricted federal moneys,
39 those moneys shall be spent for services authorized in this act or in

1 any other legislation providing appropriation authority, and an equal
2 amount of appropriated state general fund moneys shall lapse. Upon
3 the lapsing of any moneys under this subsection, the office of
4 financial management shall notify the legislative fiscal committees.
5 As used in this subsection, "unrestricted federal moneys" includes
6 block grants and other funds that federal law does not require to be
7 spent on specifically defined projects or matched on a formula basis
8 by state funds.

9 (40) Within the amounts appropriated in this section, the
10 authority shall reimburse for primary care services provided by
11 naturopathic physicians.

12 (41) Within amounts appropriated, the health care authority shall
13 conduct a review of its management and staffing structure to identify
14 efficiencies and opportunities to reduce full time equivalent
15 employees and other administrative costs. A report summarizing the
16 review and the authority's recommendations to reduce costs and full
17 time equivalent employees must be submitted to the governor and
18 legislature by November 1, 2013.

19 (42) (~~(\$16,580,000)~~) \$4,521,000 of the general fund—state
20 appropriation for fiscal year 2015, \$12,189,000 of the health benefit
21 exchange account—state appropriation, and (~~(\$3,409,000)~~) \$12,350,000
22 of the general fund—federal appropriation are provided solely to
23 support the operations of the Washington health benefit exchange from
24 January 1, 2015, to June 30, 2015. The Washington state health
25 insurance pool administrator shall transfer \$20,838,000 of pool
26 contributions to the treasurer for deposit into the health benefit
27 exchange account in calendar year 2014. The receipt and use of
28 medicaid funds provided to the health benefit exchange from the
29 health care authority are subject to compliance with state and
30 federal regulations and policies governing the Washington apple
31 health programs, including timely and proper application,
32 eligibility, and enrollment procedures. Within the amounts provided
33 in this subsection, \$321,000 of the (~~health benefit exchange~~
34 ~~account~~) general fund—state appropriation for fiscal year 2015 and
35 \$688,000 of the general fund—federal appropriation are provided
36 solely for print services and postage for modified adjusted gross
37 income medicaid eligibility correspondence sent from the health
38 benefit exchange.

1 (43) Within the amounts appropriated in this section, the
2 authority shall continue to provide coverage after December 31, 2013,
3 for pregnant teens that qualify under existing pregnancy medical
4 programs, but whose eligibility for pregnancy related services would
5 otherwise end due to the application of the new modified adjusted
6 gross income eligibility standard.

7 (44) Sufficient amounts are appropriated in this section to
8 restore medicaid coverage under the breast and cervical cancer
9 treatment program.

10 (45) \$40,000 of the general fund—state appropriation for fiscal
11 year 2014 and \$40,000 of the general fund—federal appropriation are
12 provided solely for the authority to create a new position to provide
13 adequate oversight and assistance to managed care organizations,
14 rural health clinics, and federally qualified health centers under a
15 new administratively streamlined payment methodology. Effective July
16 1, 2013, or upon obtaining any necessary federal approval, but in no
17 case during the first quarter of a calendar year, the authority shall
18 implement an administratively streamlined payment methodology for
19 federally qualified health centers and rural health clinics. The
20 authority's payments to managed care organizations shall include the
21 full encounter payment comprised of both the standard and enhancement
22 payments for federally qualified health centers and rural health
23 clinics as defined in the medicaid state plan and in accordance with
24 section 1902(bb) of the social security act (42 U.S.C. 1396a(bb)). At
25 no time will a managed care organization be at risk for or have any
26 claim to the supplemental payment portion of the rate which will be
27 reconciled to ensure accurate payment and full pass through of the
28 obligated funds. For any services eligible for encounter payments, as
29 defined in the medicaid state plan, managed care organizations shall
30 be required to pay at least the full published encounter rates
31 directly to each clinic or center, and payments will be reconciled on
32 at least an annual basis between the managed care organization and
33 the authority, with final review and approval by the authority. At
34 the option of any clinic, the enhancement payment can be received
35 from the managed care organization on a per member per month basis
36 for all assigned managed care enrollees in an amount prescribed by
37 the authority. Nothing in this section is intended to disrupt
38 mutually agreeable contractual arrangements between managed care
39 organizations and clinics that impact how the standard payment for
40 services is paid. The authority will require participating managed

1 care organizations to reimburse federally qualified health centers
2 and rural health clinics for clean claims in strict adherence to the
3 timeliness of payment standards established under contract and
4 specified for the medicaid fee-for-service program in section
5 1902(a)(37) of the social security act (42 U.S.C. 1396a(a)(37)), 42
6 C.F.R. Sec. 447.46, and specified for health carriers in WAC
7 284-43-321. The authority shall exercise all necessary options under
8 its existing sanctions policy to enforce timely payment of claims.
9 The authority shall ensure necessary staff and resources are
10 identified to actively monitor and enforce the timeliness and
11 accuracy of payments to federally qualified health centers and rural
12 health clinics. By January 1, 2014, and after collaboration with
13 federally qualified health centers, rural health clinics, managed
14 care plans, and the centers for medicare and medicaid services, the
15 authority will produce a report that provides options for a new
16 payment methodology that rewards innovation and outcomes over volume
17 of services delivered, and which maintains the integrity of the rural
18 health clinic and federally qualified health center programs as
19 outlined under federal law. The report will detail necessary federal
20 authority for implementation and provide the benefits and drawbacks
21 of each option.

22 (46) \$3,605,000 of the general fund—state appropriation for
23 fiscal year 2014 is provided solely to proportionally reduce the
24 amounts that rural health clinics owe the state under the calendar
25 year 2009 recoupment.

26 (47) Sufficient amounts are appropriated in this section to
27 remove the mental health visit limit and to provide the shingles
28 vaccine and screening, brief intervention, and referral to treatment
29 benefits that are available in the medicaid alternative benefit plan
30 in the current medicaid benefit plan beginning January 1, 2014.

31 (48) The appropriations in this section reflect savings and
32 efficiencies achieved by modifying dispensing methods of
33 contraceptive drugs. The authority must make arrangements for all
34 medicaid programs offered through managed care plans or fee-for-
35 service programs to require dispensing of contraceptive drugs with a
36 one-year supply provided at one time unless a patient requests a
37 smaller supply or the prescribing physician instructs that the
38 patient must receive a smaller supply. Contracts with managed care
39 plans must allow on-site dispensing of the prescribed contraceptive
40 drugs at family planning clinics. Dispensing practices must follow

1 clinical guidelines for appropriate prescribing and dispensing to
2 ensure the health of the patient while maximizing access to effective
3 contraceptive drugs.

4 (49)(a) \$75,000 of the general fund—state appropriation for
5 fiscal year 2014 and \$75,000 of the general fund—federal
6 appropriation are provided solely for preparing options with an
7 expert consultant for possible implementation of a targeted premium
8 assistance program and possible implementation of the federal basic
9 health option. \$75,000 of the amounts appropriated in this subsection
10 is provided solely for the development of options related to the
11 targeted premium assistance program. The authority shall develop
12 options for a waiver request to the federal centers for medicare and
13 medicaid services to implement a targeted premium assistance program
14 for the expansion adults, identified in section
15 1902(a)(10)(A)(i)(VIII) of the social security act, with incomes
16 above one hundred percent of the federal poverty level, and for
17 children covered in the children's health insurance program with
18 incomes above two hundred percent of the federal poverty level, with
19 a goal of providing seamless coverage through the health benefit
20 exchange and improving opportunities for families to be covered in
21 the same health plans. The options must include the possibility of
22 applying premiums for individuals and cost-sharing that may exceed
23 the five percent of family income cap under federal law, and the
24 options must include recommendations to make the targeted premium
25 assistance program cost neutral. The authority shall submit a report
26 on the options to the legislature and the governor by January 1,
27 2014. The authority is encouraged to be creative, use subject matter
28 experts, and exhaust all possible options to achieve cost neutrality.
29 The report shall also include a detailed plan and timeline. \$75,000
30 of the amounts appropriated in this subsection is provided solely for
31 the development of options related to the federal basic health
32 option. The authority shall prepare options for implementing the
33 federal basic health option as federal guidance becomes available.
34 The authority shall submit a report on the options to the legislature
35 and the governor by January 1, 2014, or ninety days following the
36 release of federal guidance. The report must include a comparison of
37 the premiums and cost-sharing under the federal basic health option
38 with the premium assistance options described in this subsection,
39 options for implementing the federal basic health option in
40 combination with a premium assistance program, a detailed fiscal

1 analysis for each coverage approach, including the estimated costs
2 for system design and implementation, and information about impacted
3 populations.

4 (b) Where possible, the authority shall leverage the same expert
5 consultants to review each proposal and compare and contrast the
6 approaches to ensure seamless coordination with the health benefit
7 exchange.

8 (c) The authority shall collaborate with the joint select
9 committee on health care oversight in the development of these
10 options.

11 (50) \$171,000 of the general fund—state appropriation for fiscal
12 year 2015 and \$145,000 of the general fund—federal appropriation are
13 provided solely to implement Second Substitute Senate Bill No. 6312
14 (mental health, chemical dependency) and Engrossed Second Substitute
15 House Bill No. 2315 (suicide prevention). If Second Substitute Senate
16 Bill No. 6312 (mental health, chemical dependency) is not enacted by
17 June 30, 2014, the amounts provided in this subsection shall lapse.

18 (51) \$604,000 of the general fund—state appropriation for fiscal
19 year 2014, \$597,000 of the general fund—state appropriation for
20 fiscal year 2015, and \$18,320,000 of the general fund—federal
21 appropriation are provided solely to implement Engrossed Second
22 Substitute House Bill No. 2572 (health care purchasing, delivery). If
23 the bill is not enacted by June 30, 2014, the amounts provided in
24 this subsection shall lapse.

25 (52) \$306,000 of the general fund—state appropriation for fiscal
26 year 2015 and \$306,000 of the general fund—federal appropriation are
27 provided solely to implement Substitute House Bill No. 2310 (provider
28 safety equipment). If the bill is not enacted by June 30, 2014, the
29 amounts provided in this subsection shall lapse.

30 (53) \$390,000 of the general fund—state appropriation for fiscal
31 year 2015 and \$3,510,000 of the general fund—federal appropriation
32 are provided solely for medicaid clients to select the medicaid
33 managed care organization of their choice within the Washington
34 healthplanfinder online marketplace.

35 (54) \$561,000 of the general fund—state appropriation for fiscal
36 year 2015, \$2,000 of the general fund—local appropriation, and
37 \$693,000 of the general fund—federal appropriation are provided
38 solely for the authority to add autism screenings for children age
39 eighteen months beginning July 1, 2014.

1 (55) By December 1, 2014, the authority shall report to the
2 legislative fiscal committees with options for reducing payments to
3 hospital owned physician practices or clinics that are higher than
4 the maximum resource based relative value scale fee rates received by
5 nonhospital owned physician practices or clinics for the same
6 procedures. The authority shall include options for exempting certain
7 hospital owned clinics from the reductions and the fiscal impacts of
8 those options. The authority shall not enter into or renew any
9 contracts under RCW 74.60.160 that would restrict the authority's
10 ability to implement any of these options in the 2015-2017 fiscal
11 biennium.

12 (56) The appropriations to the authority in this act shall be
13 expended for the purposes and in the amounts specified in this act.
14 To the extent that appropriations in this section are insufficient to
15 fund actual expenditures in excess of caseload forecasts and
16 utilization assumptions, the authority, after May 1, ((2014)) 2015,
17 may transfer general fund—state appropriations for fiscal year
18 ((2014)) 2015 that are provided solely for a specified purpose. The
19 authority shall not transfer funds, and the director of financial
20 management shall not approve the transfer, unless the transfer is
21 consistent with the objective of conserving, to the maximum extent
22 possible, the expenditure of state funds. The director of financial
23 management shall notify the appropriate fiscal committees of the
24 senate and house of representatives in writing seven days prior to
25 approving any allotment modifications or transfers under this
26 subsection. The written notification shall include a narrative
27 explanation and justification of changes, along with expenditures and
28 allotments by budget unit and appropriation, both before and after
29 any allotment modifications or transfers.

30 (57) The authority shall use revenue appropriated from the
31 dedicated marijuana fund for contracts with community health centers
32 under RCW 69.50.540 in lieu of general fund—state payments to
33 community health centers for services provided to medical assistance
34 clients, and it is the intent of the legislature that this policy
35 will be continued in subsequent fiscal biennia.

36 and classified staff units providing school-based or district-wide

1 support services, as identified in RCW 28A.150.260(6)(b), by 5.3

38 (b) The number of classified staff units determined in
39 subsections (4) and (5) of this section multiplied by 1.152. This

1 factor is intended to adjust allocations so that, for the purposes of
2 distributing insurance benefits, full-time equivalent classified
3 employees may be calculated on the basis of 1440 hours of work per
4 year, with no individual employee counted as more than one full-time
5 equivalent.
