**1. Hospital Safety Net - Maintain** - The Hospital Safety Net Assessment program (HSNA) allows the Health Care Authority to collect assessments from Washington State hospitals and use the proceeds for payments to hospitals. Under current law, the HSNA would phase out over the next two biennia resulting in reduced payments. The HSNA is no longer phased out and assessments are continued, resulting in increased federal funding for hospitals and decreased General Fund-State expenditures. (General Fund-State, Hospital Safety Net Assessment Fund-State, General Fund-Federal)

## 2015-17 Omnibus Operating Budget WA State Health Care Authority

**2. ACA CHIP Match** - The federal Affordable Care Act (ACA) provides a 23 percent increase to the federal match rate for the Children's Health Insurance Program starting October 1, 2016, and lasting through September 30, 2019. This will increase Washington's match rate from 65 percent to 88 percent. (General Fund-State, General Fund-Federal)

**3. All Payer Claims Database** - Funding is provided for procurement and ongoing contract management for an All Payer Claims Database under Chapter 246, Laws of 2015 (all payer claims database).

**4. Autism Screening/Bright Futures** - Funding is provided to implement the developmental and autism screening guidelines recommended by the national Bright Futures initiative pursuant to Substitute Senate Bill 5317 (autism & developmental delays) starting January 1, 2016. In addition to the current developmental screening covered at 18 months of age, the Health Care Authority will provide coverage for developmental screenings at 9 and 24 months of age. The Health Care Authority will also provide autism screenings at 18 and 24 months of age. (General Fund-State, General Fund-Federal)

**5. Community Health Centers/I-502** - Initiative 502, passed by voters in 2012, authorizes the regulation, sale, and taxation of marijuana for adults over the age of 21. The initiative directed a portion of the tax revenue to fund primary, dental, migrant, and maternity health care services through contracts with community health centers. The Health Care Authority will use the tax revenue in lieu of state general fund payments to community health centers for services provided to medical assistance clients. (General Fund-State, Dedicated Marijuana Account-State)

**6. Customer Service Staff** - Funding is provided to address increasing call volumes due to the Medicaid expansion and restoration of adult dental benefits. This increase will cover costs related to the higher volume of incoming calls to the toll-free line and necessary translation fees. (General Fund-State, General Fund-Federal)

**7. Eligibility Staff** - Implementation of the ACA resulted in the enrollment of new Medicaid and Children's Health Insurance Program (CHIP) clients. The accelerated enrollment rate has increased eligibility staff workloads. Funding is provided to support timely resolution of eligibility-related client issues. (General Fund-State, General Fund-Federal)

**8. Bolster PEBB Svc/Outreach/Training** - The Health Care Authority is provided funding for an additional employee in the 2015-17 biennium to address the increase in call volumes, correspondence, and document processing. (State Health Care Authority Administrative Account-State)

**15. Minimize ACA Penalties** - Employers participating in the Public Employees' Benefits Board programs (PEBB) can incur financial penalties under the federal Affordable Care Act (ACA) if anyone who is a full-time employee (as defined under the ACA) receives a premium tax credit to purchase coverage on a health benefit exchange. Funding is provided for PEBB to coordinate reporting to minimize potential financial penalties. (State Health Care Authority Administrative Account -State)

**16. Emergency Transportation** - The Health Care Authority will create a certified public expenditure program to fund supplemental payments to public ground emergency medical transportation (EMT) providers and an intergovernmental transfer (IGT) program to fund increased payments to managed care plans for public EMT providers pursuant to Chapter 147, Laws of 2015 (emergency medical transportation). These programs will allow public EMT providers to use local dollars to draw federal matching funds to increase reimbursements for their services. The providers will reimburse the Health Care Authority for the costs of administering the program, along with an additional administrative fee based on the non-federal share of the IGT payments. (General Fund-Private/Local, General Fund-Federal)

**17. HBE Shared Costs** - The Health Benefit Exchange operates and maintains the Healthplanfinder (HPF) website and supporting systems that determine eligibility and enrollment for applicants of subsidized health care coverage. With implementation of the Modified Adjusted Gross Income rules for Medicaid eligibility determinations, eligibility for a majority of medical assistance clients is now processed through the HPF website and other related systems. Funding is provided for anticipated Medicaid-related costs for operations and system maintenance. (General Fund-State, General Fund-Federal, Health Benefit Exchange Account-State)

**18. Family Planning Coverage** - Savings will be achieved by providing stand-alone family planning coverage to clients regardless of citizenship status. The Take Charge program provides coverage for family planning services to citizens with incomes below 250 percent of the federal poverty level. Removing the requirement that clients must be legally residing in the state is projected to increase enrollment by approximately 12,000 clients. The federal government will not provide matching dollars for these clients. Savings will be achieved by preventing unwanted pregnancies that generate state costs for prenatal, birth, and postpartum services and for medical coverage for newborns. These women are eligible for state medical assistance upon pregnancy and their children are eligible for continued coverage. (General Fund-State, General Fund-Federal)

(General Fund-State, General Fund-Federal)

**1. Fractional Billing for Violators** - Funding is provided to backfill unrealized savings from contract changes to move away from county-level fractional billing for violator bed days.

**2. Federal Funding Adjustment** - Federal funding authority is increased to account for two federal grants received by the department to be paid in fiscal years 2016 and 2017 (PREA Grant and Second Chance Act- Reentry Grant).

**3. Safety and Security Electronics** - One-time funding is provided to repair, update and maintain safety and security systems. These systems include fence alarm and intrusion systems, touch screen door and gate operator systems, video camera and recording systems, and fire alarm notification systems.

**4. Regulatory Compliance** - One-time funding is provided to complete groundwater cleanup at the Washington State Penitentiary to meet Washington State Department of Ecology regulatory requirements. GF-S

**5. Prison Swift & Certain Sanctioning** - Savings is assumed through a reduction to the prison population by decreasing the use of loss of good conduct time as a sanction for certain prison infractions. Currently, offenders can receive a loss of good conduct time for behaviors defined as an infraction. This policy would replace reliance on that kind of punishment in favor of more immediate loss of privileges such as visitation, the use of a television, or the ability to order from the commissary.

**6. Auto Theft Prevention Fund Shift** - \$1.033 million of expenditures in FY 2017 is shifted from the Auto Theft Prevention Account to General Fund-State to reflect projected reduced revenue to the Auto Theft Prevention Account.

**7. Justice Reinvestment/Supervision** - Funding is provided for SHB 2270 (sentencing/property crimes), which implements recommendations of the Justice Reinvestment Taskforce by reducing sentences for property crimes and requiring supervision for property crime offenders. In addition, the bill allows the Department to reduce offenders' time spent on supervision based on good behavior and compliance with supervision terms.

**8. Medicaid Funding For CD services** - Savings is assumed by requiring that any offender on community supervision who is also eligible for medicaid receive chemical dependency treatment services billed through medicaid.

**1. Reduce SSIF Staffing** - Two Supplemental Security Income Facilitator FTEs are eliminated to reflect a reduction in backlogged cases and changes in the foster care caseload and client mix. (General Fund-State, General Fund-Federal)

**2. FPAWS Litigation** - A mediated agreement has been achieved with the Foster Parents Association of Washington State (FPAWS). Under the agreement, the Children's Administration (CA) will increase basic foster care maintenance rates from a monthly average of \$500 per child to a monthly average of \$649 per child. **5. Child Care Center Providers** - Funding is provided for center-based child care providers to receive a 2 percent increase to base payment rates effective July 1, 2017, and to participate in a tiered reimbursement pilot in FY 2016. Funding provided to CA covers payment increases for providers serving children in child welfare-involved families and in the care of employed foster parents.

**6. Prior to distributing funds to RSNs requesting reimbursement for costs relative to increased utilization, the Department must receive adequate documentation of such increased utilization and costs. Funding is also provided for staff to provide oversight to ensure that RSNs are meeting the statutory obligations. (General Fund-State, General Fund-Federal)

**3. Nonfelony Diversion** - Funding is provided pursuant to ESSB 5177 (forensic mental health services) to provide outpatient mental health treatment for clients diverted from prosecution in non-violent cases where competency to stand trial is raised by the court or defendant. The direct care component will continue to be subject to the settlement process. **1. Family Child Care Providers** - Funding is provided for the collective bargaining agreement (CBA) with family home child care providers which will increase base payment rates by 2 percent July 1, 2017, and increase the non-standard hours bonus to \$75 with a cap. Funding provided to the Economic Services Administration covers payment increases for the Working Connections Child Care program. This also includes funding for health benefits for child care providers covered by the CBA.

**2. Child Care Center Providers** - Funding is provided in FY 2017 for a 2 percent base rate increase for center-based child care providers.

**Dept of Social and Health Services**  
**Economic Services Administration**

**3. Behavioral Intervention Grants** - One-time federal expenditure authority is increased to allow the agency to draw down a federal grant award to complete a demonstration and evaluation project. The pilot project uses behavioral economics focusing on engagement, intervention, enforcement, and evaluation. (General Fund-Federal)

**4. Medicaid Cost Allocation Changes** - As a result of the medical eligibility change, DSHS receives less Medicaid funds to support its administrative costs. Clients currently access Modified Adjusted Gross Income (MAGI) Medicaid through the Health Benefit Exchange. Prior to the Affordable Care Act (ACA), clients accessed medical benefits, in addition to food and cash benefits, through the Department of Social and Health Services (DSHS). By October 2015, DSHS staff will assist clients at Community Service Offices (CSOs), or clients who call DSHS for services, in accessing medical coverage through the Healthplanfinder. Increased federal expenditure authority is provided to cover DSHS administrative costs that will shift from Medicaid to the Supplemental Nutrition Assistance program, the Temporary Assistance for Needy Families program, and the Refugee Cash Assistance program. Additionally, Medicaid expenditure authority is retained as a result of anticipated increases in Medicaid funds associated with DSHS assisting clients with accessing medical through the Healthplanfinder. (General Fund-Federal)

**5. Data Center & Mainframe costs** - Funding is provided for ongoing costs related to the State Data Center and lease of a new mainframe used in the State Data Center. (General Fund-State, General Fund-Federal)

**6. FTE Technical Correction** - An increase is made in FTE authority to reflect current funding within Economic Services Administration for FTEs. An FTE reduction in the 2012 supplemental budget reduced ESA FTE authority by 267 FTEs per year. However, many of the vacant FTEs at that time were associated with temporary reduction in staffing rather than ongoing savings, therefore FTE authority is restored.

**7. Building Access Control System** - Funding is provided to update building access controls at DSHS locations. (General Fund-State, General Fund-Federal)

**8. Expenditure Authority Adjustment** - Expenditure authority is reduced for Diversion Cash Assistance (\$2.7 million per year) and for incapacity exams (\$1.1 million per year) to reflect projected under-expenditures within the programs. (General Fund-State)

**9. One-Time Relocation** - One-time funding is provided for relocation expenses for statewide office expansions and consolidations. (General Fund-State, General Fund-Federal)

**10. Ongoing Lease Adjustments** - Funding is adjusted to reflect changes in lease costs within Economic Services Administration. (General Fund-State, General Fund-Federal)

**11. SNAP Federal Grant** - Federal authority is provided for a three-year federal Supplemental Nutrition Assistance Program (SNAP) grant that focuses on assisting SNAP recipients return to work. (General Fund-Federal)

**12. TANF Grant** - Funding is provided for a TANF grant increase of 9 percent beginning in fiscal year 2016.

**13. WorkFirst Underspend** - Funding for Workfirst job activities is reduced to reflect underexpenditures in the program resulting from declining caseloads and fewer participants in paid jobs programs.

**14. WA Telephone Assistance Program** - Funding is eliminated for the state-funded Washington Telephone Assistance Program (WTAP). WTAP services include subsidized land-line telephone assistance and community voicemail for eligible recipients of many Medicaid and public assistance programs. (General Fund-State)

**15. TANF - Participation Incentive** - Funding is eliminated for an additional \$55 incentive payment to Temporary Assistance for Needy Families (TANF) parents who participate in mandatory WorkFirst activities at least 20 hours per week and meet the requirements of their Individual Responsibility Plans (IRP). Payments were to begin in the last quarter of FY 2015, however IT changes have not occurred to enable the payment during FY 2015. The incentive payment was to be provided in addition to the regular monthly cash assistance.

**Economic Services Administration**

**16. Most Wanted Website** - The Most Wanted website for child support enforcement is eliminated. This website displays photos of noncustodial parents who are delinquent in the payment of child support. (General Fund-State, General Fund-Federal)

**17. Staffing Reduction** - Full-time equivalent (FTE) staff and associated funding are eliminated for 40 financial service specialist positions statewide. (General Fund-State, General Fund-Federal)

**18. Early Start Act** - Funding is adjusted to reflect staffing changes associated with Engrossed Second Substitute House Bill 1491 (Early care and education system). The funding reflects adjustments in staffing.

**19. WCCC 12 Month Eligibility** - Funding is provided for additional Working Connections Child Care subsidies in fiscal year 2017 to implement 12-month eligibility consistent with Engrossed Second Substitute House Bill 1491 (Early care and education system).

**20. State Food Program** - Funding is provided to increase the state Food Assistance Program (FAP) benefit from 75 percent of the federal food benefit level to 100 percent of the federal food benefit level beginning July 1, 2015.

**21. Early Achievers Level 2** - Funding for Level 2 payments for providers taking children through the Working Connections Child Care program and participating in the Early Achievers program is transferred from the DSHS ESA to the Department of Early Learning.

**1. Staff - Secure Community Transition** - Funding is provided for five staff at the secure community transition facilities (SCTF) to support the increased number of residents being approved for community transition. Funding is provided for one WMS manager and four Rehabilitation Counselors. Chapter 71.09 RCW requires that all SCTF residents must have a trained staff escort or court-approved chaperone with them at all times.

**2. Forensic Psychologists** - The Department of Social and Health Services is required to produce annual reviews of sexually violent predators in a timely manner, as directed by Chapter 71.09 RCW. Without timely annual reviews, there is a potential risk of residents being released, because they cannot be legally placed at the Special Commitment Center (SCC). The SCC is currently incurring costs for reviews completed by contracted psychologists, and these costs range from \$3,500-\$4,500 per review. Funding is provided for additional contracted capacity to prevent a backlog of annual reviews.

**3. Community Placement Staff** - This item eliminates two community placement staff positions responsible for placement services and connecting the Special Commitment Center residents to community resources.

**4. SCC Administrative Services** - Savings related to cost containment and efficiencies for administrative functions in the Special Commitment Center are achieved primarily through the elimination of two administrative support staff.

**5. Enhanced Sexual Predator Reviews** - Funding is provided to implement House Bill 1059 (sexually violent predators). The Department of Social and Health Services will conduct additional annual reviews of residents in the Special Commitment Center. The Attorney General anticipates lower expenditures for post-commitment litigation.

**6. SCC Health Services** - Funding is reduced based on changing access to health services for residents during time after regular business hours from a 24/7 access model beginning January 1, 2016.

**7. Medicaid Match Savings** - There has been a reduction in the cost of health care expenses for residents of the Special Commitment Center, Secure Community Transition Facilities, and less restrictive alternative placements. These savings were achieved through increased efforts to maximize eligibility and enrollment in efficient health care payment systems, such as Medicaid, Medicare, Veterans Health, and Affordable Care Act provisions.

**8. Meal Cost efficiencies** - Funding is reduced to assume a 20% efficiency in the cost of meals for the residents of the Special Commitment Center.

**1. Juvenile Welfare in Ferry County** - Ongoing funding is provided for Attorney General's Office (AGO) representation of the Department of Social and Health Services (DSHS) in juvenile welfare cases in Ferry County. (General Fund-State, General Fund-Federal)

**2. AG Interagency Agreements** - Funding is adjusted to reflect an interagency agreement with the AGO for increased legal services. Billing authority for the AGO is not impacted by this item. (General Fund-State, General Fund-Federal)

**3. Child Permanency** - The DSHS, Office of Public Defense, and the AGO received one-time funding in the 2014 supplemental budget for legal services to support the child welfare permanency initiative. One-time funding is provided for continued workload impacts in the 2015-17 biennium. Funding in DSHS will cover AGO billings for representation in cases involving termination of parental rights. (General Fund-State, General Fund-Federal)

**4. Extended Foster Care - Medical** - Funding is provided for AGO services associated with expanding Extended Foster Care (EFC) to youth who would not otherwise qualify for EFC due to a documented medical condition, pursuant to Chapter 240, Laws of 2015 (SSB 5740). **1. Red. Lkg. Tank Cleanup Expenditures** - State Toxics Control Account-Private/Local expenditure authority is reduced on an ongoing basis to align with projected cost recovery revenue collected from potentially liable parties at cleanup sites initially funded with Ecology's federal grant for leaking underground storage tanks. (State Toxics Control Account-Private/Local)

**2. Litter Control and Waste Reduction** - Funding is reduced on a one-time basis to reflect lower revenue in the Waste Reduction, Recycling and Litter Control Account. (Waste Reduction, Recycling and Litter Control Account-State)

**3. Completed Rulemaking Reduction** - Funding and FTE staff are reduced on an ongoing basis to reflect completion of the Water Quality program's participation in a forest practices rulemaking process required by Section 203, Chapter 1, Laws of 2012, 1st sp.s. (2ESSB 6406), relating to natural resources management.

## 2015-17 Omnibus Operating Budget Department of Ecology

**4. Reduce Flood Plan Grants** - The Flood Control Assistance Account program provides grants and technical assistance to local governments for flood damage reduction projects and flood hazard management plans. The Flood Control Assistance Account that funds this work receives its revenue from transfers from the state general fund. Continuing a temporary reduction that began during the 2009-11 biennium, funding is reduced on a one-time basis for competitive grants to local governments for flood hazard reduction projects. (Flood Control Assistance Account-State)

**5. Elim. Watershed Planning Program** - The Department of Ecology's Watershed Planning Technical and Financial Assistance Program provides assistance to local watershed groups to develop plans and address watershed issues. Over 30 watersheds have adopted plans since the program's inception in 1997. State general funds provided for this work are permanently eliminated. The four remaining planning units eligible for implementation grants during the 2015-17 biennium will not receive funding (located in the Wind, Chelan, Lower Lake Roosevelt and Lower Spokane watersheds), and implementation projects will no longer be funded through this program.

**6. Shoreline Master Program** - General Fund-State funding and FTE staff are permanently eliminated from the Shoreline Master program. This will result in less grant funding available to local governments responsible for updating their development regulations under the state Shoreline Management Act (Chapter 90.58 RCW), and fewer staff at the Department of Ecology to provide technical assistance to local governments planning.

**7. Safe Transportation of Oil** - Pursuant to Chapter 274, Laws of 2015 (ESHB 1449), a combination of one-time and ongoing funding and FTE staff are provided for 1) oil spill contingency planning by railroads transporting oil in bulk and 2) rulemaking and modification of technology systems to accommodate advance notice of oil transfer data from railroads and pipelines. (Oil Spill Prevention Account-State)

**8. Oil Spill Risk Assessments** - Vessel traffic risk assessments (VTRAs) measure changes in oil spill risk and help decision makers to ensure that prevention, preparedness and response measures are in place. Ongoing funding is provided to (1) conduct VTRAs in areas of the state where they presently do not exist (Grays Harbor, Columbia River and the outer coast) and to periodically update VTRAs in future years, beginning with the Puget Sound assessment completed in March 2014, and (2) develop and periodically update a rail traffic risk assessment model to analyze changes in the rail transportation system. (Oil Spill Prevention Account-State)

**9. Hazardous Material Response Study** - One-time funding is provided to conduct a gap analysis of hazardous materials response capability in Washington by March 2016. The analysis will update previous studies and program descriptions, propose potential funding mechanisms, and may include legislative recommendations. Study scope will include assessing the current need for state-supported regional hazardous materials response teams, team composition and requirements for equipment and training, where teams should be located, and how they will provide mutual aid response to neighboring jurisdictions. (State Toxics Control Account-State)

**10. Red. Water Res. Exp. to Match Rev.** - Expenditure authority is reduced on an ongoing basis to match expected revenues in the Basic Data Account and the Water Rights Processing Account. These accounts fund streamflow data collection and water rights processing activity in the Water Resources program. (Basic Data Account-Nonappropriated, Water Rights Processing Account-State)

**11. Red. Woodstove Exp. to Balance Acct** - Expenditure authority is reduced permanently in the Wood Stove Education and Enforcement Account to reflect lower revenues. (Wood Stove Education and Enforcement Account-State)

**12. Ultrafine Particulate Study** - One-time pass-through funding is provided for a study to evaluate ultrafine particulate air pollutants generated by biomass co-generation facilities near Port Townsend and Port Angeles. The study is designed to determine whether or not the planned facilities will have an impact on air quality and the health of nearby residents. (State Toxics Control Account-State)

**13. Expedited SEPA Permitting** - Pursuant to Chapter 144, Laws of 2015 (SHB 1851), one-time funding is provided for rulemaking to exempt the repair or replacement of a city, town, or county bridge deemed structurally deficient from State Environmental Policy Act (SEPA) compliance.

**14. WA Conservation Corps Minimum Wage** - The Department of Ecology's Washington Conservation Corps (WCC) employs young adult AmeriCorps members to work on a variety of natural resource and emergency projects, including habitat restoration, trail construction, and wildland fire response. Ongoing funding is provided to support a corpsmember minimum wage increase to \$9.47 per hour in 2015.

## 2015-17 Omnibus Operating Budget Department of Ecology

**15. Oil Spill Response Equipment Grants** - To better prepare local communities for rapid response to potential oil spills from rail incidents, ongoing funding and FTE staff are provided to strategically place oil spill response equipment caches where needed through an ongoing local government grant program. (State Toxics Control Account-State)

**16. Reduce Oil Spill Risk** - The Department of Ecology received one-time funding in the 2014 supplemental budget for additional resources to (1) develop preparedness and response tools for mitigating oil spills to rivers and streams; and (2) analyze the changing risks associated with crude oil moved by rail and vessels. Ongoing funding and FTE staff are provided to complete and maintain the response tools along rail corridors and marine waterways, and retain staff expertise on spill risk assessment, mitigation, and rapid oil spill response. (Oil Spill Prevention Account-State)

**17. Implement Chemical Action Plans** - Chemical Action Plans (CAPs) identify chemical sources and releases and recommend steps to reduce impacts or phase out chemical uses. Pursuant to Engrossed Second Substitute House Bill 1472 (Chemical Action Plans), a combination of one-time and ongoing funding and FTE staff are provided to develop and implement CAPs, conduct environmental monitoring studies, require manufacturers to conduct alternatives assessments and then review those assessments, make determinations of whether safer alternatives exist, and write rules describing the process for obtaining chemical information from manufacturers and for ordering additional information when needed. (State Toxics Control Account-State)

**18. Lower Duwamish River Source Control** - The U.S. Environmental Protection Agency announced a \$342 million Superfund cleanup of the Lower Duwamish Waterway (LDW) in late 2014. The Department of Ecology's role in this work is to control sources of pollution so cleanup can begin and protect the investment in sediment cleanup. Ongoing funding and FTE staff are provided to improve water quality permit implementation; strengthen strategic collaboration between water quality, cleanup, and toxics reduction efforts; and develop a watershed pollutant loading assessment modeling tool to help determine progress on cleanup and clean water goals. (Environmental Legacy Stewardship Account-State)

**19. Regional Stormwater Monitoring Prgm** - Ongoing funding and FTE staff are provided to administer a program of regional monitoring, effectiveness studies, and analysis of stormwater pollution reduction efforts paid for by local governments participating in the Regional Stormwater Monitoring Program (RSMP). This monitoring is required under the new general municipal stormwater National Pollution Discharge Elimination System Phase 1 and Phase 2 Western Washington permits. The western Washington permittees worked with the Department of Ecology to develop a regional program to perform the required monitoring, studies and analyses administered through the RSMP, rather than conducting the work individually. (General Fund-Private/Local)

**20. Preventing Nonattainment** - Ongoing funding and FTE staff are provided to conduct community-level air quality assessments and work closely with elected officials, citizens, local agencies, businesses and civic leaders in the state's highest-risk areas to help design preventive air pollution solutions. (Environmental Legacy Stewardship Account-State)

**21. Hanford Tank Permit and Compliance** - In March 2014, the Department of Ecology (Ecology) issued an administrative order to require the U.S. Department of Energy (USDOE) to remove waste from a leaking double shell tank. The USDOE is not meeting milestones set in a federal consent decree for tank waste treatment, resulting in increased compliance and permitting work for Ecology. In response to these tank waste problems and to address safe storage of cesium/strontium capsules, the USDOE has proposed three new facilities that will require permitting and oversight by Ecology. Ongoing funding and FTE staff are provided to carry out this federally-funded work so that radioactive waste is appropriately managed. Costs will be paid for by the USDOE through regulatory oversight fees. (Radioactive Mixed Waste Account-State)

**22. Complying With Air Quality Lawsuits** - Ongoing funding and FTE staff are provided to update state implementation plans and regulations to better align the state's regulatory framework with federal regulatory requirements. (Environmental Legacy Stewardship Account-State)

**23. Spokane R. Innovative Collaboration** - The Spokane River Regional Toxics Task Force's innovative collaborative partnership works toward achieving water quality standards for toxics, specifically polychlorinated biphenyls (PCBs) in the Spokane River. The Task Force received one-time funding from the Department of Ecology during the 2013-15 biennium to identify, implement, and measure the reduction of toxic chemical inputs to the river. One-time funding is provided to continue the work of the Task Force for two more years. (State Toxics Control Account-State)

**2015-17 Omnibus Operating Budget  
Department of Ecology**

**24. Meeting Air Operating Permit Needs** - Industrial facilities that emit large amounts of air pollution are regulated by the Department of Ecology under the federally-mandated Air Operating Permit program. Under both federal and state law, the costs of the program must be fully supported with fees paid by these air pollution sources. Based on fee criteria and formulas specified in statute, Ecology intends to increase fees during the 2015-17 biennium to cover the cost of serving new sources entering the program, including writing permits, conducting inspections, and updating emission inventories. Ongoing funding and FTE staff are provided to carry out this work. (Air Operating Permit Account-State)

**25. Biosolids Permitting** - The Biosolids program provides oversight, permitting, and technical assistance for sewage treatment plants, facilities that manage wastewater from septic systems, and other facilities that generate, treat and use biosolids. Biosolids are a product of wastewater treatment and septic tanks, comprised primarily of organic material that can be used to condition soil and enhance plant growth, after meeting requirements under Ecology's biosolids management rule. Ongoing funding and FTE staff are provided to increase technical assistance, enforcement, and compliance inspections of permit applicants. (Biosolids Permit Account-State)

**1. Reduce Growth Board to Six Members** - The Growth Management Hearings Board (Board) provides quasi-judicial review of challenges to city and county plans and development regulations under the state Growth Management Act. Current law allows the Board to be composed of either six or seven members, based on caseload. Since 2011 the Board has functioned with six members while meeting statutory deadlines for issuing decisions. Projected caseload indicates that this practice can continue into the future. Funding and FTE staff are reduced on an ongoing basis to maintain the Board at six members.

**2. Reduce Agency Support Costs** - Funding is reduced on an ongoing basis to capture anticipated savings in travel, goods and services, and capital outlays.

A total of 28 counties opted into this program, and funding for two counties was provided in the 2013-15 operating budget. The remaining 26 counties will be funded in the 2015-17 budget. **1. Maintaining Puget Sound Rec Fishing** - The Puget Sound Recreational Fisheries Enhancement (PSRFE) Account funds programs that enhance recreational fishing opportunities in the Puget Sound and Lake Washington. In response to a performance audit, the Washington Department of Fish and Wildlife (WDFW) and the PSRF citizen oversight committee adopted an outcome-based action plan in February 2013. This funding will allow the Department to implement the action plan by improving marketing and removing obstacles to participation in the fishery, distributing outreach materials and gear, and gathering data regarding success rates of existing Chinook and coho production runs to target production increases. (Recreational Fisheries Enhancement Account-State)

**2. Reduce PILT Payments** - The Department is required to make payments in lieu of taxes (PILT) to counties to compensate them for property taxes lost on land owned by WDFW. These payments fluctuate according to the changing value of the land. The PILT payments are reduced to the amount paid to each county in 2009. (General Fund-State, General Fund-Federal)

**3. Fund Shift PS Shellfish Fisheries** - The Department of Fish and Wildlife manages commercial sea urchin, sea cucumber, clam, and oyster harvest in the Puget Sound by setting quotas and seasons. Funding is shifted from General Fund-State to the Aquatic Lands Enhancement Account for this activity. (General Fund-State, Aquatic Lands Enhancement Account-State)

**4. Balance to Available Revenue** - Expenditure authority is lowered in various funds to balance to available revenue. (State Wildlife Account-State, Columbia River Recreational Salmon and Steelhead Pilot Stamp Program Account-Nonappropriated, various other accounts)

**5. Increased Discover Pass Revenue** - Expenditure authority is increased to reflect higher projected revenue from the Discover Pass. (State Wildlife Account-State)

**6. Wildlife Rehabilitation Grants** - Ongoing funding is provided to increase competitive grants to wildlife rehabilitation centers. (Wildlife Rehabilitation Account-State)

## 2015-17 Omnibus Operating Budget Dept of Fish and Wildlife

**7. Oil Transportation Safety** - Pursuant to Chapter 274, Laws of 2015 (ESHB 1449), ongoing funding is provided for increased review of oil transfer facility contingency plans for cleanup of oil spills. (Oil Spill Prevention Account-State)

**8. Wolf Conservation and Management** - One-time funding of \$850,000 is provided to contract with an organization specializing in human-wildlife conflict resolution. This work will include managing a comprehensive conflict resolution process for the Department of Fish and Wildlife's Wolf Advisory Group.

**9. Recover Puget Sound Steelhead** - Funding received in the 2013-15 biennium supported the development of a research plan and one year of data collection on Puget Sound Steelhead decline. One-time funding is provided to allow the Department of Fish and Wildlife to complete the next stage of research by leveraging existing study results, testing hypotheses, and developing a range of management actions. (Aquatic Lands Enhancement Account-State)

**10. Manage Elk Hoof Disease** - Over the past decade, elk herds in southwest Washington have suffered from a disease that causes missing or misshapen hooves. The Department of Fish and Wildlife has deployed an intensive research effort to identify the cause of the disease and suspects that bacteria are responsible. Ongoing funding is provided to document the distribution of the disease, the proportion of the herd showing symptoms, and the disease's effects on elk population dynamics. This will help the Department of Fish and Wildlife to explore available management options to limit the spread of the disease. (State Wildlife Account-State)

**11. Managing Aquatic Invasive Species** - One-time funding is provided to further reduce the greatest risks from invasive species, and for an interagency agreement with the Recreation and Conservation Office Invasive Species Council for development of recommendations for long-term funding of the program. (Aquatic Lands Enhancement Account-State)

**12. Tracking Puget Sound Fish Health** - Ongoing funding is provided for the Department of Fish and Wildlife to implement its fish contaminant assessment and monitoring efforts as part of the Puget Sound Ecosystem Monitoring Program, a scientific effort to track Puget Sound fish toxicity and ecosystem health. This will help document the impact of contaminants on fish survival, whether Puget Sound seafood is safe to eat, and whether current efforts to prevent pollution and clean up the Puget Sound are effective. One-time funding is provided in FY 2016 for equipment and a personal service contract. (Environmental Legacy Stewardship Account-State)

**13. Enhance Recreation Licensing System** - The Department of Fish and Wildlife automated licensing system, the Washington Interactive Licensing Database (WILD), processes over one million hunting licenses, fishing licenses and Discover Passes each year. One-time funding of \$1 million and ongoing funding of \$300,000 are provided for updates that improve the customer experience, improve system performance, and meet vendor payment obligations. (State Wildlife Account-State)

**1. Realign Organizational Staffing** - The Puget Sound Partnership has reassessed staffing needs and determined that three business units can operate more efficiently with fewer staff. Cost savings will be achieved by better alignment of job functions within the administrative support team and reduced reliance on part-time positions performing information technology, finance, and science work.

**2. Reduce Public Awareness Funding** - Funding is reduced permanently for the 'Puget Sound Starts Here' program, a 12-county public awareness campaign aimed at improving water quality and aquatic habitat in Puget Sound. This reduction will result in less funding for promotional media content on radio, television and the Internet.

**3. Red. Local Government Consultation** - The Puget Sound Partnership (Partnership) contracts with the Washington State Association of Counties to facilitate collaboration and communication between the Partnership and city and county governments in support of Puget Sound restoration. Funding for this contract is reduced permanently by 50 percent.

**4. Assessing Recovery** - State law requires the Puget Sound Partnership (Partnership) to assess and monitor the Puget Sound ecosystem and to set measurable outcomes for Puget Sound recovery. The Partnership has designated 21 vital signs as indicators of the Sound's health. Several indicators are currently unmonitored or monitored at a low level. A combination of one-time and ongoing funding and FTE staff is provided to enhance the amount and usability of data for the following vital signs: birds, estuaries, Pacific herring, land use and cover, shoreline armoring, and quality of life. The Partnership will also coordinate and support monitoring and analyses that assess the effectiveness of shellfish, stormwater, and habitat recovery actions. (Aquatic Lands Enhancement Account-State)

**5. Puget Sound Salmon Recovery** - One-time funding is provided to begin updating Chinook salmon recovery plans, developed in 2005, to fill information gaps, complete prioritized monitoring plans and implement adaptive management processes. (Aquatic Lands Enhancement Account-State)

**1. Staff Mix** - The continued implementation of state-funded all-day kindergarten and K-3 class size reductions increases state-funded certificated instructional staff (CIS) by 1,901 FTEs in the 2015-16 school year and an additional 3,141 FTEs in the 2016-17 school year. The budget assumes that, for school year 2015-16, approximately one-third of the new state-funded teachers will have zero years of experience, and approximately one-half of the new certificated instructional staff will have a master's degree. For the 2016-17 school year, it is assumed that the new teachers added in the 2015-16 school year will have gained one year of experience and that approximately one-third of the newly added teachers for the 2016-17 school year will be new to teaching. Staff mix, the state's term for average years of experience and educational credits, is reduced to reflect these new hires in the K-12 system.

**2. Reduce Early Elementary Class Size** - Chapter 236, Laws of 2010 (SHB 2776) established new funding formulas for basic education programs, requiring class sizes of 17 students for grades Kindergarten through three (K-3) by the 2017-18 school year. Funding is provided to phase in reduced class sizes with the largest class size reductions occurring in early grades in the first year and then following the cohort of students who have already received the benefit of state-funded class size reduction in the second year. Additionally priority is given to high poverty elementary schools, measured by those with the highest percentage of students eligible for the federal Free and Reduced-Price Lunch program. Funding is provided to fully implement a class size of 17 for K-1 students in high-poverty schools in the 2016-17 school year. Allocations to school districts is provided in proportion to each school buildings' demonstrated actual average class size, averaged across all four grades.

**3. Expand Full-Day Kindergarten** - Chapter 236, Laws of 2010 (SHB 2776) requires statewide basic education funding of all-day kindergarten by the 2017-18 school year. State-funded all-day kindergarten is increased from 43.75 percent of kindergarten enrollment to 71.88 percent in school year 2015-16 and is fully implemented at 100 percent of kindergarten enrollment, one year ahead of the statutorily required deadline.

**4. Initiative 1351 Class Size** - Initiative 1351 (I-1351) changed the state's funding requirements for class size and staffing formulas, with a phase-in schedule estimated at \$2 billion for the 2015-17 biennium and full implementation effective September 1, 2018. Legislation integrates the 2015-17 phase-in requirements for I-1351 with the funding provided in the budget for K-3 class sizes, family engagement coordinators, and guidance counselors. The class size and staffing provisions of I-1351 scheduled to go into effect on September 1, 2018 are also amended.

**5. Dual Credit** - Funding is provided for implementation of Chapter 202, Laws of 2015 (E2SHB 1546 - dual credit educational opportunities), eliminating the use of running start for courses offered in the high school, and creating subsidies and per credit fee limits for college in the high school classes for eligible 11th and 12th grade students.

**7. Guidance Counselor** - The prototypical school funding formula for middle and high school guidance counselors is increased. Middle school guidance counselors are increased from 1.216 full-time equivalent staff (FTEs) to 1.3 FTEs in school year 2015-16 and 1.45 FTEs in the 2016-17 school year. High school guidance counselors are increased from 2.539 FTEs to 2.64 FTEs in school year 2015-16 and 2.75 FTEs in the 2016-17 school year. These increases are within the program of basic education.

**1. Staff Mix** - The continued implementation of state-funded all-day kindergarten and K-3 class size reductions increases state-funded certificated instructional staff (CIS) by 1,901 FTEs in the 2015-16 school year and an additional 3,141 FTEs in the 2016-17 school year. The budget assumes that, for school year 2015-16, approximately one-third of the new state-funded teachers will have zero years of experience, and approximately one-half of the new certificated instructional staff will have a master's degree. For the 2016-17 school year, it is assumed that the new teachers added in the 2015-16 school year will have gained one year of experience and that approximately one-third of the newly added teachers for the 2016-17 school year will be new to teaching. Staff mix, the state's term for average years of experience and educational credits, is reduced to reflect these new hires in the K-12 system.

**1. Local Effort Assistance** - The calculated local effort assistance cost depends on several variables including variables that affect the school districts' levy base. Policies that increase the cost of the state's program of basic education are assumed to increase the levy base. Additionally, the per pupil inflator (PPI) is adjusted so that the school districts will be permitted to collect the same amount of local maintenance and operation levies in calendar year 2016 as they are currently collecting in calendar year 2015. The PPI is set at a rate of 4.27 percent for calendar years 2016 and is reduced to 3.50 percent for calendar year 2017.

**1. Institutional Education MSOC** - The funding rate for materials, supplies, and operating costs (MSOC) for institutional education programs is increased for curriculum and textbooks, technology, professional development, and other supplies and library materials. The remaining formula components are not increased, as facility operational costs for institutional programs are funded through the Department of Social and Health Services (DSHS) rather than the school districts. This step approximately aligns institutional MSOC rates with the rates provided to general education students, with the exception of formula costs provided through DSHS.

**1. Staff Mix** - The continued implementation of state-funded all-day kindergarten and K-3 class size reductions increases state-funded certificated instructional staff (CIS) by 1,901 FTEs in the 2015-16 school year and an additional 3,141 FTEs in the 2016-17 school year. The budget assumes that, for school year 2015-16, approximately one-third of the new state-funded teachers will have zero years of experience, and approximately one-half of the new certificated instructional staff will have a master's degree. For the 2016-17 school year, it is assumed that the new teachers added in the 2015-16 school year will have gained one year of experience and that approximately one-third of the newly added teachers for the 2016-17 school year will be new to teaching. Staff mix, the state's term for average years of experience and educational credits, is reduced to reflect these new hires in the K-12 system.

**2. Reduce Early Elementary Class Size** - Chapter 236, Laws of 2010 (SHB 2776) established new funding formulas for basic education programs, requiring class sizes of 17 students for grades Kindergarten through three (K-3) by the 2017-18 school year. Funding is provided to phase in reduced class sizes with the largest class size reductions occurring in early grades in the first year and then following the cohort of students who have already received the benefit of state-funded class size reduction in the second year. Additionally priority is given to high poverty elementary schools, measured by those with the highest percentage of students eligible for the federal Free and Reduced-Price Lunch program. Funding is provided to fully implement a class size of 17 for K-1 students in high poverty schools in the 2016-17 school year. Allocations to school districts is provided in proportion to each school buildings' demonstrated actual average class size, averaged across all four grades.

**3. Expand Full-Day Kindergarten** - Chapter 236, Laws of 2010 (SHB 2776) requires statewide basic education funding of all-day kindergarten by the 2017-18 school year. State-funded all-day kindergarten is increased from 43.75 percent of kindergarten enrollment to 71.88 percent in school year 2015-16 and is fully implemented at 100 percent of kindergarten enrollment, one year ahead of the statutorily required deadline.

**4. Dual Credit** - Funding is provided for implementation of Chapter 202, Laws of 2015 (E2SHB 1546), eliminating the use of running start for courses offered in the high school, and creating subsidies and per credit fee limits for college in the high school classes for eligible 11th and 12th grade students.

**5. Guidance Counselor** - The prototypical school funding formula for middle and high school guidance counselors is increased. Middle school guidance counselors are increased from 1.216 full-time equivalent staff (FTEs) to 1.3 FTEs in school year 2015-16 and 1.45 FTEs in the 2016-17 school year. High school guidance counselors are increased from 2.539 FTEs to 2.64 FTEs in school year 2015-16 and 2.75 FTEs in the 2016-17 school year. These increases are within the program of basic education.

**6. Guidance Counselor CTE Tech Correct** - Funding is provided to adjust prototypical formula staffing allocations in Career & Technical Education and Skills Centers programs for state-funded education staff associates, correcting a formula error.

**7. Technical Correction** - Adjustment to correct to correct a maintenance level appropriation. (General Fund-Federal)

**1. Opportunity Scholarship** - Funding is provided for state match requirements in FY 2016 and expected state match requirements in FY 2017.

**2. Surplus Aerospace Loan Funds** - The Aerospace Loan Program provides low-interest loans to students who are enrolled in authorized aerospace training or education programs. The program was designed to be self-sustaining after initial funding as loan recipients finished training and began repayment. The annual appropriation for aerospace loans increased from \$250,000 to \$1.25 million beginning in FY 2013. Appropriations for the 2015-17 biennium are reduced to \$250,000 per fiscal year. This funding, combined with repayments from earlier loan recipients, provide sufficient support for the program.

**1. Community Health Centers/I-502** - Initiative 502, passed by voters in 2012, authorizes the regulation, sale and taxation of marijuana for adults over the age of 21. The initiative directed a portion of the tax revenue to fund primary, dental, migrant, and maternity health care services through contracts with community health centers. The Health Care Authority will use the tax revenue in lieu of state general fund payments to community health centers for services provided to medical assistance clients. (General Fund-State, Dedicated Marijuana Account-State)

**2. HBE Staff** - Funding is provided to maintain Exchange staffing at the level it was at prior to becoming self-sustaining in 2015. (Health Benefit Exchange Account-State)

**3. HBE Call Center** - Funding is provided for the Exchange's customer support call center to achieve a target average wait time of 20 minutes per call. (General Fund-State, General Fund-Federal, Health Benefit Exchange Account-State)

**4. HBE Information Technology** - Funding is provided to support ongoing design, development, implementation, operation, and maintenance of the information technology systems that support the Washington Healthplanfinder. (General Fund-State, General Fund-Federal, Health Benefit Exchange Account-State)

**2013-15 Revised Omnibus Operating Budget (2015 Supp)**  
**Washington State Health Care Authority**

**5. HBE Federal Grants** - The federal government allowed the Exchange to use a portion of the grant dollars that expired at the end of 2014 to support system design, development, and implementation and operational activities in 2015. Funding is provided for the Medicaid-related portion of this work. (General Fund-State, General Fund-Federal, Health Benefit Exchange Account-State)

**6. HBE Bank Fees** - Funding is provided for the bank fees associated with collecting premium payments from Exchange clients. The Exchange board voted to stop collecting payments, and removal of that process will be completed in FY 2016. (Health Benefit Exchange Account-State)

**7. Healthier Washington** - The Health Care Authority received more grant funding than anticipated to implement the State Health Care Innovation Plan, now called the Healthier Washington program. (General Fund-Federal)

**8. ICD-10 Compliance** - ICD-10 is the tenth revision of the International Statistical Classification of Diseases (ICD), a medical classification list that standardizes codes for diseases, symptoms, injuries, and medical procedures. Providers use these codes to document diagnoses, symptoms, and procedures performed. Funding is adjusted due to a delay in ProviderOne system modifications for ICD-10 compliance. (General Fund-Federal, Medicaid Fraud Penalty Account-State)

**9. HBE Shared Costs** - The Health Benefit Exchange operates and maintains the Healthplanfinder (HPF) website and supporting systems that determine eligibility and enrollment for applicants of subsidized health care coverage. With implementation of the Modified Adjusted Gross Income rules for Medicaid eligibility determinations, eligibility for a majority of medical assistance clients is now processed through the HPF website and other related systems. Funding is provided for anticipated Medicaid-related costs for operations and system maintenance. (General Fund-State, General Fund-Federal, Health Benefit Exchange Account-State)

**10. HBE Operations** - Funding is provided to support the Exchange's operations including consulting and auditing work and marketing. (Health Benefit Exchange Account-State)

- 1. Increase Teacher Assistance Support** - An additional three classroom aides are funded at the elementary level to support instruction and provide safety measures during transition and unstructured learning times. The additional aides offer flexibility for the Washington State Center for Childhood Deafness and Hearing Loss (CDHL) to serve multi-grade level classrooms that are a result of varying enrollment populations.
  
- 2. Increase Interpreter Services** - One American Sign Language interpreter position is added at CDHL to meet the educational needs of deaf and hearing loss students. Adding a full-time interpreter to the school provides flexibility for students to take courses at Vancouver public schools along with the capability to offer intensive language skills to new students. The position is also responsible for scheduling and coordinating all interpreting requests both on and off campus.
