PART II
HUMAN SERVICES

NEW SECTION. Sec. 201. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the
2 payment rates.

3 (4) The department shall to the maximum extent practicable use
4 the same system for delivery of spoken-language interpreter services
5 for social services appointments as the one established for medical
6 appointments in section 213 of this act. When contracting directly
7 with an individual to deliver spoken language interpreter services,
8 the department shall only contract with language access providers who
9 are working at a location in the state and who are state-certified or
10 state-authorized, except that when such a provider is not available,
11 the department may use a language access provider who meets other
12 certifications or standards deemed to meet state standards, including
13 interpreters in other states.

14 (5)(a) The department shall facilitate enrollment under the
15 medicaid expansion for clients applying for or receiving state-funded
16 services from the department and its contractors. Prior to open
17 enrollment, the department shall coordinate with the health care
18 authority to provide referrals to the Washington health benefit
19 exchange for clients that will be ineligible for medicaid.

20 (b) To facilitate a single point of entry across public and
21 medical assistance programs, and to maximize the use of federal
22 funding, the health care authority, the department of social and
23 health services, and the health benefit exchange will coordinate
24 efforts to expand HealthPlanfinder access to public assistance and
25 medical eligibility staff. No later than October 1, 2015, the
26 department shall complete medicaid applications in the
27 HealthPlanfinder for households receiving or applying for public
28 assistance benefits.

29 (c) The department in coordination with the health care authority
30 shall pursue a federal waiver to use supplemental nutrition
31 assistance program eligibility to enroll eligible persons into
32 medicaid.

33 NEW SECTION. **Sec. 202. FOR THE DEPARTMENT OF SOCIAL AND HEALTH**
34 **SERVICES—CHILDREN AND FAMILY SERVICES PROGRAM**

35	General Fund—State Appropriation (FY 2016).	\$25,948,000
36	General Fund—Federal Appropriation.	\$21,183,000
37	General Fund—Private/Local Appropriation.	\$56,000
38	Home Security Fund Account—State Appropriation.	\$448,000

1 (a) To the extent possible, levels of regional support network
2 spending shall be maintained in the following priority order: Crisis
3 and commitment services; community inpatient services; and
4 residential care services, including personal care and emergency
5 housing assistance.

6 (b) The number of nonforensic beds allocated for use by regional
7 support networks at eastern state hospital shall be 192 per day. The
8 number of nonforensic beds allocated for use by regional support
9 networks at western state hospital shall be 587 per day.

10 (c) From the general fund—state appropriations in this
11 subsection, the secretary of social and health services shall assure
12 that regional support networks reimburse the aging and disability
13 services administration for the general fund—state cost of medicaid
14 personal care services that enrolled regional support network
15 consumers use because of their psychiatric disability.

16 (d) The department is authorized to continue to contract
17 directly, rather than through contracts with regional support
18 networks, for children's long-term inpatient facility services.

19 (e) Regional support networks may use local funds to earn
20 additional federal medicaid match, provided the locally matched rate
21 does not exceed the upper-bound of their federally allowable rate
22 range, and provided that the enhanced funding is used only to provide
23 medicaid state plan or waiver services to medicaid clients.
24 Additionally, regional support networks may use a portion of the
25 state funds allocated in accordance with (a) of this subsection to
26 earn additional medicaid match, but only to the extent that the
27 application of such funds to medicaid services does not diminish the
28 level of crisis and commitment, community inpatient, residential
29 care, and outpatient services presently available to persons not
30 eligible for medicaid.

31 (f) Within the amounts appropriated in this section, funding is
32 provided for the department for the purposes of *T.R. v. Dreyfus and*
33 *Porter, Trueblood v. DSHS*, and *D.W. v. DSHS* litigation.

34 (g) Specific funding is provided from the appropriations in this
35 section for the implementation of Engrossed Second Substitute House
36 Bill No. 1450 (involuntary outpatient mental health treatment).

37 (2) INSTITUTIONAL SERVICES

38 General Fund—State Appropriation (FY 2016). \$13,194,000
39 General Fund—Federal Appropriation. \$6,732,000

1 General Fund—Private/Local Appropriation. \$2,361,000
2 TOTAL APPROPRIATION. \$22,287,000

3 The appropriations in this subsection are subject to the
4 following conditions and limitations:

5 (a) The state psychiatric hospitals may use funds appropriated in
6 this subsection to purchase goods and supplies through hospital group
7 purchasing organizations when it is cost-effective to do so.

8 (b) Within the amounts appropriated in this section, funding is
9 provided for the department for the purposes of *Trueblood v. DSHS* and
10 *D.W. v. DSHS* litigation.

11 (3) SPECIAL PROJECTS

12 General Fund—State Appropriation (FY 2016). \$38,000
13 General Fund—Federal Appropriation. \$262,000

17 General Fund—Federal Appropriation. \$477,000
18 General Fund—Private/Local Appropriation. \$21,000
19 TOTAL APPROPRIATION. \$1,237,000

20 The appropriations in this subsection are subject to the
21 following conditions and limitations:

22 (a) In accordance with RCW 43.20B.110, 43.135.055, and 71.24.035,
23 the department is authorized to adopt license and certification fees
24 in fiscal years 2016 and 2017 to support the costs of the regulatory
25 program. The department's fee schedule shall have differential rates
26 for providers with proof of accreditation from organizations that the
27 department has determined to have substantially equivalent standards
28 to those of the department, including but not limited to the joint
29 commission on accreditation of health care organizations, the
30 commission on accreditation of rehabilitation facilities, and the
31 council on accreditation. To reflect the reduced costs associated
32 with regulation of accredited programs, the department's fees for
33 organizations with such proof of accreditation must reflect the lower
34 costs of licensing for these programs than for other organizations
35 which are not accredited.

36 (b) In developing the new medicaid managed care rates under which
37 the public mental health managed care system will operate, the
38 department must seek to estimate the reasonable and necessary cost of

1 efficiently and effectively providing a comparable set of medically
2 necessary mental health benefits to persons of different acuity
3 levels regardless of where in the state they live. The department
4 must report to the office of financial management and to the relevant
5 fiscal and policy committees of the legislature on its proposed new
6 mental health managed care rate-setting approach by August 1, 2015,
7 and again at least sixty days prior to implementation of new
8 capitation rates.

9 (c) Within the amounts appropriated in this section, funding is
10 provided for the department for the purposes of *T.R. v. Dreyfus and*
11 *Porter, Trueblood v. DSHS*, and *D.W. v. DSHS* litigation.

20 following conditions and limitations:

21 (a) Individuals receiving services as supplemental security

24 of SSI state supplemental payments.

25 (b) In accordance with RCW 18.51.050, 18.20.050, 70.128.060, and
26 43.135.055, the department is authorized to increase nursing
27 facility, assisted living facility, and adult family home fees as
28 necessary to fully support the actual costs of conducting the
29 licensure, inspection, and regulatory programs. The license fees may
30 not exceed the department's annual licensing and oversight activity

32 the amount of the license fee attributed to medicaid clients.

33 (i) The current annual renewal license fee for adult family homes
34 shall be \$225 per bed beginning in fiscal year 2016 and \$225 per bed

7 (c) The department may authorize a one-time waiver of all or any
8 portion of the licensing and processing fees required under RCW

19 The appropriations in this section are subject to the following
20 conditions and limitations:

21 (a) Sufficient amounts are appropriated in this subsection to
22 implement the medicaid expansion as defined in the social security
23 act, section 1902(a)(10)(A)(i)(VIII).

24 (b) The legislature finds that medicaid payment rates, as
25 calculated by the health care authority pursuant to the
26 appropriations in this act, bear a reasonable relationship to the
27 costs incurred by efficiently and economically operated facilities
28 for providing quality services and will be sufficient to enlist
29 enough providers so that care and services are available to the
30 extent that such care and services are available to the general
31 population in the geographic area. The legislature finds that the
32 cost reports, payment data from the federal government, historical
33 utilization, economic data, and clinical input constitute reliable
34 data upon which to determine the payment rates.

35 (c) Based on quarterly expenditure reports and caseload
36 forecasts, if the health care authority estimates that expenditures
37 for the medical assistance program will exceed the appropriations,
38 the health care authority shall take steps including but not limited
39 to reduction of rates or elimination of optional services to reduce

1 expenditures so that total program costs do not exceed the annual
2 appropriation authority.

3 (d) In determining financial eligibility for medicaid-funded
4 services, the health care authority is authorized to disregard
5 recoveries by Holocaust survivors of insurance proceeds or other
6 assets, as defined in RCW 48.104.030.

7 (e) When a person is ineligible for medicaid solely by reason of
8 residence in an institution for mental diseases, the health care
9 authority shall provide the person with the same benefits as he or
10 she would receive if eligible for medicaid, using state-only funds to
11 the extent necessary.

12 (f) Within the amounts appropriated in this section, the health
13 care authority shall provide disproportionate share hospital payments
14 to hospitals that provide services to children in the children's
15 health program who are not eligible for services under Title XIX or
16 XXI of the federal social security act due to their citizenship
17 status.

18 (g) The health care authority shall continue the inpatient
19 hospital certified public expenditures program.

20 (h) The health care authority shall seek public-private
21 partnerships and federal funds that are or may become available to
22 provide on-going support for outreach and education efforts under the
23 federal children's health insurance program reauthorization act of
24 2009.

25 (i) The health care authority shall target funding for maternity
26 support services towards pregnant women with factors that lead to
27 higher rates of poor birth outcomes, including hypertension, a
28 preterm or low birth weight birth in the most recent previous birth,
29 a cognitive deficit or developmental disability, substance abuse,
30 severe mental illness, unhealthy weight or failure to gain weight,
31 tobacco use, or African American or Native American race. The health
32 care authority shall prioritize evidence-based practices for delivery
33 of maternity support services. To the extent practicable, the health
34 care authority shall develop a mechanism to increase federal funding
35 for maternity support services by leveraging local public funding for
36 those services.

37 (j) Within the amounts appropriated in this section, the
38 authority shall identify strategies to improve patient adherence to
39 treatment plans for diabetes and implement these strategies as a
40 pilot through one health home program to be identified by the

1 authority. The authority shall report to the governor and legislature
2 in December 2015 on patient outcomes and cost savings derived from
3 new adherence strategies in the health home model and make
4 recommendations for improving the strategies.

5 (k) Managed care contracts must incorporate accountability
6 measures that monitor patient health and improved health outcomes,
7 and shall include an expectation that each patient receive a wellness
8 examination that documents the baseline health status and allows for
9 monitoring of health improvements and outcome measures.

10 (l) Sufficient amounts are appropriated in this section for the
11 authority to provide an adult dental benefit.

12 (m) The health care authority shall coordinate with the
13 department of social and health services to provide referrals to the
14 Washington health benefit exchange for clients that will be
15 ineligible for medicaid.

16 (n) The appropriations in this section reflect savings and
17 efficiencies by transferring children receiving medical care provided
18 through fee-for-service to medical care provided through managed
19 care.

20 (o) Within the amounts appropriated in this section, the
21 authority shall reimburse for primary care services provided by
22 naturopathic physicians.

23 (p) Within the amounts appropriated in this section, the
24 authority shall continue to provide coverage for pregnant teens that
25 qualify under existing pregnancy medical programs, but whose
26 eligibility for pregnancy related services would otherwise end due to
27 the application of the new modified adjusted gross income eligibility
28 standard.

29 (q) Sufficient amounts are appropriated in this section to remove
30 the mental health visit limit and to provide the shingles vaccine and
31 screening, brief intervention, and referral to treatment benefits
32 that are available in the medicaid alternative benefit plan in the
33 classic medicaid benefit plan.

The appropriations contained in this act are maximum expenditure authorizations. Pursuant to RCW 43.88.037, moneys disbursed from the treasury on the basis of a formal loan agreement shall be recorded as loans receivable and not as expenditures for accounting purposes. To the extent that moneys are disbursed on a loan basis, the corresponding appropriation shall be reduced by the amount of loan moneys disbursed from the treasury during the 2013-2015 fiscal biennium.

NEW SECTION. **Sec. 902. EMERGENCY FUND ALLOCATIONS**

Whenever allocations are made from the governor's emergency fund appropriation to an agency that is financed in whole or in part by other than general fund moneys, the director of financial management may direct the repayment of such allocated amount to the general fund from any balance in the fund or funds which finance the agency. An appropriation is not necessary to effect such repayment.

NEW SECTION. **Sec. 903. STATUTORY APPROPRIATIONS**

In addition to the amounts appropriated in this act for revenues for distribution, state contributions to the law enforcement officers' and firefighters' retirement system plan 2 and bond retirement and interest including ongoing bond registration and transfer charges, transfers, interest on registered warrants, and certificates of indebtedness, there is also appropriated such further amounts as may be required or available for these purposes under any statutory formula or under chapters 39.94, 39.96, and 39.98 RCW or any proper bond covenant made under law.

4 program, or both that is cost neutral or results in cost savings
5 (including costs to the state pension systems) over a two-year period
6 following the commencement of the program, provided that such a
7 program is approved by the director of financial management. Agencies
8 participating in this authorization may offer voluntary retirement
9 and/or separation incentives and options according to procedures and
10 guidelines established by the office of financial management, in
11 consultation with the department of retirement systems. The options
12 may include, but are not limited to, financial incentives for
13 voluntary separation or retirement. An employee does not have a
14 contractual right to a financial incentive offered under this
15 section. Offers shall be reviewed and monitored jointly by the office
16 of financial management and the department of retirement systems.
17 Agencies are required to submit a report by the date established by
18 the office of financial management in the guidelines required in this

PART XII
HUMAN SERVICES

Sec. 1201. 2014 c 221 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under the Washington medicaid integration partnership (WMIP) and the medicare integrated care project (MICP), the health care authority and the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 213 of this act as may be necessary

1 to finance a unified health care plan for the WMIP and the MICP
2 program enrollment. The WMIP pilot projects shall not exceed a daily
3 enrollment of 6,000 persons, nor expand beyond one county during the
4 2013-2015 fiscal biennium. The amount of funding assigned from each
5 program may not exceed the average per capita cost assumed in this
6 act for individuals covered by that program, actuarially adjusted for
7 the health condition of persons enrolled, times the number of clients
8 enrolled. In implementing the WMIP and the MICP, the health care
9 authority and the department may: (i) Withhold from calculations of
10 "available resources" as set forth in RCW 71.24.025 a sum equal to
11 the capitated rate for enrolled individuals; and (ii) employ
12 capitation financing and risk-sharing arrangements in collaboration
13 with health care service contractors licensed by the office of the
14 insurance commissioner and qualified to participate in both the
15 medicaid and medicare programs.

16 (b) If Washington has been selected to participate in phase two
17 of the federal demonstration project for persons dually-eligible for
18 both medicare and medicaid, the department and the authority may
19 initiate the MICP. Participation in the project shall be limited to
20 persons who are eligible for both medicare and medicaid and to
21 counties in which the county legislative authority has agreed to the
22 terms and conditions under which it will operate. The purpose of the
23 project shall be to demonstrate and evaluate ways to improve care
24 while reducing state expenditures for persons enrolled both in
25 medicare and medicaid. To that end, prior to initiating the project,
26 the department and the authority shall assure that state expenditures
27 shall be no greater on either a per person or total basis than the
28 state would otherwise incur. Individuals who are solely eligible for
29 medicaid may also participate if their participation is agreed to by
30 the health care authority, the department, and the county legislative
31 authority.

32 (4) The legislature finds that medicaid payment rates, as
33 calculated by the department pursuant to the appropriations in this
34 act, bear a reasonable relationship to the costs incurred by
35 efficiently and economically operated facilities for providing
36 quality services and will be sufficient to enlist enough providers so
37 that care and services are available to the extent that such care and
38 services are available to the general population in the geographic
39 area. The legislature finds that cost reports, payment data from the
40 federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the
2 payment rates.

3 (5) The department shall to the maximum extent practicable use
4 the same system for delivery of spoken-language interpreter services
5 for social services appointments as the one established for medical
6 appointments in section 213 of this act. When contracting directly
7 with an individual to deliver spoken language interpreter services,
8 the department shall only contract with language access providers who
9 are working at a location in the state and who are state-certified or
10 state-authorized, except that when such a provider is not available,
11 the department may use a language access provider who meets other
12 certifications or standards deemed to meet state standards, including
13 interpreters in other states.

14 (6) The department shall facilitate enrollment under the medicaid
15 expansion for clients applying for or receiving state funded services
16 from the department and its contractors. Prior to open enrollment,
17 the department shall coordinate with the health care authority to
18 provide referrals to the Washington health benefit exchange for
19 clients that will be ineligible for the medicaid expansion but are
20 enrolled in coverage that will be eliminated in the transition to the
21 medicaid expansion.

22 (7)(a) The appropriations to the department of social and health
23 services in this act shall be expended for the programs and in the
24 amounts specified in this act. However, after May 1, ((2014)) 2015,
25 unless specifically prohibited by this act, the department may
26 transfer general fund—state appropriations for fiscal year ((2014))
27 2015 among programs after approval by the director of financial
28 management. However, the department shall not transfer state moneys
29 that are provided solely for a specified purpose except as expressly
30 provided in (b) of this subsection.

31 (b) To the extent that transfers under (a) of this subsection are
32 insufficient to fund actual expenditures in excess of fiscal year
33 ((2014)) 2015 caseload forecasts and utilization assumptions in the
34 long-term care, foster care, adoptions support, medicaid personal
35 care, and child support programs, the department may transfer state
36 moneys that are provided solely for a specified purpose. The
37 department shall not transfer funds, and the director of financial
38 management shall not approve the transfer, unless the transfer is
39 consistent with the objective of conserving, to the maximum extent
40 possible, the expenditure of state funds. The director of financial

1 management shall notify the appropriate fiscal committees of the
2 senate and house of representatives in writing seven days prior to
3 approving any allotment modifications or transfers under this
4 subsection. The written notification shall include a narrative
5 explanation and justification of the changes, along with expenditures
6 and allotments by budget unit and appropriation, both before and
7 after any allotment modifications or transfers.

33 of these centers, except that a youth may not be placed in a secure
34 facility or the secure portion of a co-located facility except as
35 specifically authorized by chapter 13.32A RCW. The reductions to
36 appropriations in this subsection related to semi-secure crisis
37 residential centers reflect a reduction to the number of beds for
38 semi-secure crisis residential centers and not a reduction in rates.
39 Any secure crisis residential center or semi-secure crisis

1 residential center bed reduction shall not be based solely upon bed
2 utilization. The department is to exercise its discretion in reducing
3 the number of beds but to do so in a manner that maintains
4 availability and geographic representation of semi-secure and secure
5 crisis residential centers.

14 established by the department of early learning.

16 for fiscal year 2015 is provided solely for training, technical
17 assistance, and fidelity oversight for an open source parenting
18 program developed by a university-based child welfare research
19 entity. Expenditure of the amount provided in this subsection is
20 contingent upon the availability of private or local funds necessary
21 for the research entity to develop the open source parenting
22 curriculum. The children's administration must make the open source
23 parenting program available to parents with an open child welfare
24 case beginning January 1, 2015.

25 (~~(18)~~) (17) Effective January 2015, in addition to the youth

11 conditions and limitations:

12 (1) \$331,000 of the general fund—state appropriation for fiscal
13 year 2014 and \$331,000 of the general fund—state appropriation for
14 fiscal year 2015 are provided solely for deposit in the county

27 Laws of 1997 and shall be distributed to counties as prescribed in
28 the current consolidated juvenile services (CJS) formula.

29 (3) \$3,482,000 of the general fund—state appropriation for fiscal
30 year 2014 and \$3,482,000 of the general fund—state appropriation for
31 fiscal year 2015 are provided solely to implement community juvenile
32 accountability grants pursuant to chapter 338, Laws of 1997 (juvenile
33 code revisions). Funds provided in this subsection may be used solely
34 for community juvenile accountability grants, administration of the
35 grants, and evaluations of programs funded by the grants.

36 (4) \$1,130,000 of the general fund—state appropriation for fiscal
37 year 2014 and \$1,130,000 of the general fund—state appropriation for
38 fiscal year 2015 are provided solely to implement alcohol and
39 substance abuse treatment programs for locally committed offenders.

1 The juvenile rehabilitation administration shall award these moneys
2 on a competitive basis to counties that submitted a plan for the
3 provision of services approved by the division of alcohol and
4 substance abuse. The juvenile rehabilitation administration shall
5 develop criteria for evaluation of plans submitted and a timeline for
6 awarding funding and shall assist counties in creating and submitting
7 plans for evaluation.

8 (5) \$3,123,000 of the general fund—state appropriation for fiscal
9 year 2014 and \$3,123,000 of the general fund—state appropriation for
10 fiscal year 2015 are provided solely for grants to county juvenile

15 family therapy, multi-systemic therapy, aggression replacement
16 training and interagency coordination programs, or other programs
17 with a positive benefit-cost finding in the institute's report.
18 County juvenile courts shall apply to the juvenile rehabilitation
19 administration for funding for program-specific participation and the
20 administration shall provide grants to the courts consistent with the
21 per-participant treatment costs identified by the institute.

22 (6) \$1,537,000 of the general fund—state appropriation for fiscal
23 year 2014 and \$1,537,000 of the general fund—state appropriation for
24 fiscal year 2015 are provided solely for expansion of the following
25 treatments and therapies in juvenile rehabilitation administration
26 programs identified by the Washington state institute for public
27 policy in its October 2006 report: "Evidence-Based Public Policy
28 Options to Reduce Future Prison Construction, Criminal Justice Costs
29 and Crime Rates": Multidimensional treatment foster care, family
30 integrated transitions, and aggression replacement training, or other
31 programs with a positive benefit-cost finding in the institute's
32 report. The administration may concentrate delivery of these
33 treatments and therapies at a limited number of programs to deliver
34 the treatments in a cost-effective manner.

35 (7)(a) The juvenile rehabilitation administration shall
36 administer a block grant, rather than categorical funding, of
37 consolidated juvenile service funds, community juvenile
38 accountability act grants, the chemical dependency disposition
39 alternative funds, the mental health disposition alternative, and the

1 sentencing disposition alternative for the purpose of serving youth
2 adjudicated in the juvenile justice system. In making the block
3 grant, the juvenile rehabilitation administration shall follow the
4 following formula and will prioritize evidence-based programs and
5 disposition alternatives and take into account juvenile courts
6 program-eligible youth in conjunction with the number of youth served
7 in each approved evidence-based program or disposition alternative:
8 (i) Thirty-seven and one-half percent for the at-risk population of
9 youth ten to seventeen years old; (ii) fifteen percent for moderate
10 and high-risk youth; (iii) twenty-five percent for evidence-based
11 program participation; (iv) seventeen and one-half percent for
12 minority populations; (v) three percent for the chemical dependency
13 disposition alternative; and (vi) two percent for the mental health
14 and sentencing dispositional alternatives. Funding for the special
15 sex offender disposition alternative (SSODA) shall not be included in
16 the block grant, but allocated on the average daily population in
17 juvenile courts. Funding for the evidence-based expansion grants
18 shall be excluded from the block grant formula. Funds may be used for
19 promising practices when approved by the juvenile rehabilitation
20 administration and juvenile courts, through the community juvenile
21 accountability act committee, based on the criteria established in
22 consultation with Washington state institute for public policy and
23 the juvenile courts.

24 (b) The juvenile rehabilitation administration and the juvenile
25 courts shall establish a block grant funding formula oversight
26 committee with equal representation from the juvenile rehabilitation
27 administration and the juvenile courts. The purpose of this committee
28 is to assess the ongoing implementation of the block grant funding
29 formula, utilizing data-driven decision making and the most current
30 available information. The committee will be cochaired by the
31 juvenile rehabilitation administration and the juvenile courts, who
32 will also have the ability to change members of the committee as
33 needed to achieve its purpose. Initial members will include one
34 juvenile court representative from the finance committee, the
35 community juvenile accountability act committee, the risk assessment
36 quality assurance committee, the executive board of the Washington
37 association of juvenile court administrators, the Washington state
38 center for court research, and a representative of the superior court
39 judges association; two representatives from the juvenile
40 rehabilitation administration headquarters program oversight staff,

1 two representatives of the juvenile rehabilitation administration
2 regional office staff, one representative of the juvenile
3 rehabilitation administration fiscal staff and a juvenile
4 rehabilitation administration division director. The committee may
5 make changes to the formula categories other than the evidence-based
6 program and disposition alternative categories if it is determined
7 the changes will increase statewide service delivery or effectiveness
8 of evidence-based program or disposition alternative resulting in
9 increased cost benefit savings to the state. Long-term cost benefit
10 must be considered. Percentage changes may occur in the evidence-
11 based program or disposition alternative categories of the formula
12 should it be determined the changes will increase evidence-based
13 program or disposition alternative delivery and increase the cost
14 benefit to the state. These outcomes will also be considered in
15 determining when evidence-based expansion or special sex offender
16 disposition alternative funds should be included in the block grant
17 or left separate.

18 (c) The juvenile courts and administrative office of the courts
19 shall be responsible for collecting and distributing information and
20 providing access to the data systems to the juvenile rehabilitation
21 administration and the Washington state institute for public policy
22 related to program and outcome data. The juvenile rehabilitation
23 administration and the juvenile courts will work collaboratively to
24 develop program outcomes that reinforce the greatest cost benefit to
25 the state in the implementation of evidence-based practices and
26 disposition alternatives.

27 (8) The juvenile courts and administrative office of the courts
28 shall collect and distribute information related to program outcome
29 and provide access to these data systems to the juvenile
30 rehabilitation administration and Washington state institute for
31 public policy. The agreements between administrative office of the
32 courts, the juvenile courts, and the juvenile rehabilitation
33 administration shall be executed to ensure that the juvenile
34 rehabilitation administration receives the data that the juvenile
35 rehabilitation administration identifies as needed to comply with
36 this subsection. This includes, but is not limited to, information by
37 program at the statewide aggregate level, individual court level, and
38 individual client level for the purpose of the juvenile
39 rehabilitation administration providing quality assurance and
40 oversight for the locally committed youth block grant and associated

1 funds and at times as specified by the juvenile rehabilitation
2 administration as necessary to carry out these functions. The data
3 shall be provided in a manner that reflects the collaborative work
4 the juvenile rehabilitation administration and juvenile courts have
5 developed regarding program outcomes that reinforce the greatest cost
6 benefit to the state in the implementation of evidence-based
7 practices and disposition alternatives.

8 (9) \$445,000 of the general fund—state appropriation for fiscal
9 year 2014 and \$445,000 of the general fund—state appropriation for
10 fiscal year 2015 are provided solely for funding of the teamchild
11 project.

12 (10) \$178,000 of the general fund—state appropriation for fiscal
13 year 2014 and \$178,000 of the general fund—state appropriation for
14 fiscal year 2015 are provided solely for the juvenile detention
15 alternatives initiative.

16 (11) \$250,000 of the general fund—state appropriation for fiscal
17 year 2014 and \$250,000 of the general fund—state appropriation for
18 fiscal year 2015 are provided solely for a grant program focused on
19 criminal street gang prevention and intervention. The Washington
20 state partnership council on juvenile justice may award grants under
21 this subsection. The council shall give priority to applicants who
22 have demonstrated the greatest problems with criminal street gangs.
23 Applicants composed of, at a minimum, one or more local governmental
24 entities and one or more nonprofit, nongovernmental organizations
25 that have a documented history of creating and administering
26 effective criminal street gang prevention and intervention programs
27 may apply for funding under this subsection.

28 (12) \$400,000 of the general fund—state appropriation for fiscal
29 year 2015 is provided solely for competitive grants to community-
30 based organizations to provide at-risk youth intervention services,
31 including but not limited to, case management, employment services,
32 educational services, and street outreach intervention programs.
33 Projects funded should focus on preventing, intervening, and
34 suppressing behavioral problems and violence while linking at-risk
35 youth to pro-social activities. The costs of administration may not
36 exceed four percent of appropriated funding for each grant recipient.
37 Each entity receiving funds must report to the juvenile
38 rehabilitation administration on the number and types of youth

1 served, the services provided, and the impact of those services upon
2 the youth and the community.

3 **Sec. 1204.** 2014 c 221 s 204 (uncodified) is amended to read as
4 follows:

5 **FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES—MENTAL HEALTH**
6 **PROGRAM**

7 (1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS

8 General Fund—State Appropriation (FY 2014).	\$328,527,000
9 General Fund—State Appropriation (FY 2015).	((329,208,000))
10	<u>\$323,005,000</u>
11 General Fund—Federal Appropriation.	((666,113,000))
12	<u>\$770,476,000</u>
13 General Fund—Private/Local Appropriation.	\$17,864,000
14 TOTAL APPROPRIATION.	((1,341,712,000))
15	<u>\$1,439,872,000</u>

16 The appropriations in this subsection are subject to the
17 following conditions and limitations:

18 (a) \$104,999,000 of the general fund—state appropriation for
19 fiscal year 2014 and \$88,895,000 of the general fund—state
20 appropriation for fiscal year 2015 are provided solely for persons
21 and services not covered by the medicaid program. To the extent
22 possible, levels of regional support network spending shall be
23 maintained in the following priority order: Crisis and commitment
24 services; community inpatient services; and residential care
25 services, including personal care and emergency housing assistance.
26 This is a reduction in flexible nonmedicaid funding of \$4,343,000 for
27 fiscal year 2014 and \$20,446,000 for fiscal year 2015. This reduction
28 reflects offsets in state funding related to services that will now
29 be funded with federal dollars through the affordable care act
30 medicaid expansion. This reduction shall be distributed as follows:

31 (i) The \$4,343,000 reduction in fiscal year 2014 and \$10,223,000
32 of the reduction in fiscal year 2015 must be distributed among
33 regional support networks based on a formula that equally weights
34 each regional support networks proportion of individuals who become
35 newly eligible and enroll in medicaid under the expansion provisions
36 of the affordable care act in fiscal year 2014 and each regional
37 support network's spending of flexible nonmedicaid funding on
38 services that would be reimbursable for federal medicaid matching

1 funds if provided to medicaid enrollees in the 2011-2013 fiscal
2 biennium.

3 (ii) The remaining \$10,223,000 reduction in fiscal year 2015 must
4 be distributed among regional support networks based on each regional
5 support network's proportion of individuals who become newly eligible
6 and enroll in medicaid under the expansion provisions of the
7 affordable care act through fiscal year 2015.

8 (b) \$6,590,000 of the general fund—state appropriation for fiscal
9 year 2014, \$6,590,000 of the general fund—state appropriation for
10 fiscal year 2015, and \$7,620,000 of the general fund—federal
11 appropriation are provided solely for the department and regional
12 support networks to continue to contract for implementation of high-
13 intensity programs for assertive community treatment (PACT) teams. In
14 determining the proportion of medicaid and nonmedicaid funding
15 provided to regional support networks with PACT teams, the department
16 shall consider the differences between regional support networks in
17 the percentages of services and other costs associated with the teams
18 that are not reimbursable under medicaid. The department may allow
19 regional support networks which have nonmedicaid reimbursable costs
20 that are higher than the nonmedicaid allocation they receive under
21 this section to supplement these funds with local dollars or funds
22 received under section 204(1)(a) of this act. The department and
23 regional support networks shall maintain consistency with all
24 essential elements of the PACT evidence-based practice model in
25 programs funded under this section.

26 (c) \$5,850,000 of the general fund—state appropriation for fiscal
27 year 2014, \$5,850,000 of the general fund—state appropriation for
28 fiscal year 2015, and \$1,300,000 of the general fund—federal
29 appropriation are provided solely for the western Washington regional
30 support networks to provide either community- or hospital campus-
31 based services for persons who require the level of care previously
32 provided by the program for adaptive living skills (PALS) at western
33 state hospital.

34 (d) The number of nonforensic beds allocated for use by regional
35 support networks at eastern state hospital shall be 192 per day. The
36 number of nonforensic beds allocated for use by regional support
37 networks at western state hospital shall be 557 per day.

38 (e) From the general fund—state appropriations in this
39 subsection, the secretary of social and health services shall assure

1 that regional support networks reimburse the aging and disability
2 services administration for the general fund—state cost of medicaid
3 personal care services that enrolled regional support network
4 consumers use because of their psychiatric disability.

5 (f) The department is authorized to continue to contract
6 directly, rather than through contracts with regional support
7 networks, for children's long-term inpatient facility services.

8 (g) \$750,000 of the general fund—state appropriation for fiscal
9 year 2014 and \$750,000 of the general fund—state appropriation for
10 fiscal year 2015 are provided solely to continue performance-based
11 incentive contracts to provide appropriate community support services
12 for individuals with severe mental illness who were discharged from
13 the state hospitals as part of the expanding community services
14 initiative. These funds will be used to enhance community residential
15 and support services provided by regional support networks through
16 other state and federal funding.

17 (h) \$1,125,000 of the general fund—state appropriation for fiscal
18 year 2014 and \$1,125,000 of the general fund—state appropriation for
19 fiscal year 2015 are provided solely for the Spokane regional support
20 network to implement services to reduce utilization and the census at
21 eastern state hospital. Such services shall include:

22 (i) High intensity treatment team for persons who are high
23 utilizers of psychiatric inpatient services, including those with co-
24 occurring disorders and other special needs;

25 (ii) Crisis outreach and diversion services to stabilize in the
26 community individuals in crisis who are at risk of requiring
27 inpatient care or jail services;

28 (iii) Mental health services provided in nursing facilities to
29 individuals with dementia, and consultation to facility staff
30 treating those individuals; and

31 (iv) Services at the sixteen-bed evaluation and treatment
32 facility.

33 At least annually, the Spokane regional support network shall
34 assess the effectiveness of these services in reducing utilization at
35 eastern state hospital, identify services that are not optimally
36 effective, and modify those services to improve their effectiveness.

37 (i) \$1,529,000 of the general fund—state appropriation for fiscal
38 year 2014 and \$1,529,000 of the general fund—state appropriation for
39 fiscal year 2015 are provided solely to reimburse Pierce and Spokane

1 counties for the cost of conducting 180-day commitment hearings at
2 the state psychiatric hospitals.

3 (j) Regional support networks may use local funds to earn
4 additional federal medicaid match, provided the locally matched rate
5 does not exceed the upper-bound of their federally allowable rate
6 range, and provided that the enhanced funding is used only to provide
7 medicaid state plan or waiver services to medicaid clients.
8 Additionally, regional support networks may use a portion of the
9 state funds allocated in accordance with (a) of this subsection to
10 earn additional medicaid match, but only to the extent that the
11 application of such funds to medicaid services does not diminish the
12 level of crisis and commitment, community inpatient, residential
13 care, and outpatient services presently available to persons not
14 eligible for medicaid.

15 (k) \$3,436,000 of the general fund—state appropriation for fiscal
16 year 2014 and \$2,291,000 of the general fund—state appropriation for
17 fiscal year 2015 are provided solely for mental health services for
18 mentally ill offenders while confined in a county or city jail and
19 for facilitating access to programs that offer mental health services
20 upon release from confinement.

21 (l) \$523,000 of the general fund—state appropriation for fiscal
22 year 2014, \$775,000 of the general fund—state appropriation for
23 fiscal year 2015, and \$854,000 of the general fund—federal
24 appropriation are provided solely for implementation of sections 3
25 through 5 of chapter 289, Laws of 2013 (E2SHB 1114). Regional support
26 networks must use this funding for the development of intensive
27 community programs that allow individuals to be diverted or
28 transitioned from the state hospitals in accordance with plans
29 approved by the department.

30 (m) \$5,986,000 of the general fund—state appropriation for fiscal
31 year 2014, \$11,592,000 of the general fund—state appropriation for
32 fiscal year 2015, and \$10,160,000 of the general fund—federal
33 appropriation are provided solely for implementation of chapter 335,
34 Laws of 2013 (ESSB 5480). Regional support networks must use this
35 funding for the development of intensive community programs that
36 allow individuals to be diverted or transitioned from the state
37 hospitals in accordance with plans approved by the department.

38 (n) Due to recent approval of federal medicaid matching funds for
39 the disability lifeline and the alcohol and drug abuse treatment

1 support act programs, the department shall charge regional support
2 networks for only the state share rather than the total cost of
3 community psychiatric hospitalization for persons enrolled in those
4 programs.

5 (o) The legislature finds that the circumstances of the Chelan-
6 Douglas regional support network (CD-RSN) make it necessary for CD-
7 RSN to undergo restructuring in order to provide mental health
8 services essential to the health and wellness of the citizens within
9 its service area. The legislature intends to provide additional
10 temporary financial relief to the CD-RSN while it undergoes internal
11 restructuring or negotiates a merger with another regional support
12 network.

13 The department shall negotiate relief for outstanding fiscal year
14 2013 reimbursements owed by CD-RSN to the state provided that the CD-
15 RSN has a plan in place that is approved by the department by August
16 1, 2013, that demonstrates how CD-RSN will maintain financial
17 viability and stability or will merge with another regional support
18 network.

19 For the period of July 1, 2013, through December 31, 2013, the
20 department may alter collection of reimbursement from CD-RSN for
21 overuse of state hospital beds. To receive a reduction to the
22 required reimbursement for overuse of state hospital beds, CD-RSN
23 must continue to prioritize services that reduce its utilization and
24 census at eastern state hospital and be actively implementing an
25 approved plan to maintain financial viability or pursuing a future
26 merger with another regional support network. Up to \$298,000 of the
27 general fund—state appropriation for fiscal year 2014 is for the
28 department to provide payments to regional support networks in
29 eastern Washington which have used less than their allocated or
30 contracted patient days of care at the state hospital to replace the
31 share of the reimbursements from CD-RSN that the regional support
32 networks would have received under RCW 71.24.320.

33 (p) \$266,000 of the general fund—state appropriation for fiscal
34 year 2014 and \$1,500,000 of the general fund—state appropriation for
35 fiscal year 2015 are provided solely to maintain services for the
36 King county regional support network as it works to transition
37 services to settings that are eligible for federal participation for
38 individuals covered under the medicaid program.

1 (q) Within the amounts appropriated in this section, funding is
2 provided for the department to develop and phase in intensive mental
3 health services for high needs youth consistent with the settlement
4 agreement in *T.R. v. Dreyfus and Porter*.

5 (r) \$7,281,000 of the general fund—state appropriation for fiscal
6 year 2015 and \$4,589,000 of the general fund—federal appropriation
7 are provided solely for enhancement of community mental health
8 services. The department must contract these funds for the operation
9 of community programs in which the department determines there is a
10 need for capacity that allows individuals to be diverted or
11 transitioned from the state hospitals including but not limited to:
12 (i) Community hospital or free standing evaluation and treatment
13 services providing short-term detention and commitment services under
14 the involuntary treatment act to be located in the geographic areas
15 of the King regional support network, the Spokane regional support
16 network outside of Spokane county, and the Thurston Mason regional
17 support network; (ii) one new full program of an assertive community
18 treatment team in the King regional support network and two new half
19 programs of assertive community treatment teams in the Spokane
20 regional support network and the Pierce regional support network; and
21 (iii) three new recovery support services programs in the Grays
22 Harbor regional support network, the greater Columbia regional
23 support network, and the north sound regional support network. In
24 contracting for community evaluation and treatment services, the
25 department may not use these resources in facilities that meet the
26 criteria to be classified under federal law as institutions for
27 mental diseases. If the department is unable to come to a contract
28 agreement with a designated regional support network for any of the
29 services identified above, it may consider contracting for that
30 service in another regional support network that has the need for
31 such service.

29 an additional add-on per medicaid resident day per facility not to

15 the low wage worker add-on found in (a) of this subsection, the rate

4 If a necessary waiver is not approved, the medicaid expansion program
5 shall be terminated upon appropriate notification to the legislature
6 and enrollees.

7 (2) The requirements of this subsection apply to the basic health
8 plan. This subsection is null and void and has no further effect upon
9 implementation of the medicaid expansion under subsection (1) of this
10 section.

12 and 206 of this act, the health care authority shall continue to
13 provide an enhanced basic health plan subsidy for foster parents
14 licensed under chapter 74.15 RCW and workers in state-funded home
15 care programs. Under this enhanced subsidy option, foster parents
16 eligible to participate in the basic health plan as subsidized
17 enrollees and home care workers with family incomes below 200 percent
18 of the federal poverty level shall be allowed to enroll in the basic
19 health plan at the minimum premium amount charged to enrollees with
20 incomes below sixty-five percent of the federal poverty level.

21 (b) The health care authority shall require organizations and
22 individuals that are paid to deliver basic health plan services and
23 that choose to sponsor enrollment in the subsidized basic health plan
24 to pay 133 percent of the premium amount which would otherwise be due
25 from the sponsored enrollees.

26 (c) The administrator shall take at least the following actions
27 to assure that persons participating in the basic health plan are
28 eligible for the level of assistance they receive: (a) Require

8 foster parents licensed under chapter 74.15 RCW.

9 (3) The legislature finds that medicaid payment rates, as
10 calculated by the health care authority pursuant to the
11 appropriations in this act, bear a reasonable relationship to the
12 costs incurred by efficiently and economically operated facilities
13 for providing quality services and will be sufficient to enlist
14 enough providers so that care and services are available to the
15 extent that such care and services are available to the general
16 population in the geographic area. The legislature finds that the
17 cost reports, payment data from the federal government, historical
18 utilization, economic data, and clinical input constitute reliable
19 data upon which to determine the payment rates.

20 (4) Based on quarterly expenditure reports and caseload
21 forecasts, if the health care authority estimates that expenditures
22 for the medical assistance program will exceed the appropriations,
23 the health care authority shall take steps including but not limited
24 to reduction of rates or elimination of optional services to reduce
25 expenditures so that total program costs do not exceed the annual
26 appropriation authority.

27 (5) In determining financial eligibility for medicaid-funded
28 services, the health care authority is authorized to disregard
29 recoveries by Holocaust survivors of insurance proceeds or other
30 assets, as defined in RCW 48.104.030.

32 for Harborview medical center to remain an economically viable
33 component of the state's health care system.

34 (7) When a person is ineligible for medicaid solely by reason of
35 residence in an institution for mental diseases, the health care
36 authority shall provide the person with the same benefits as he or
37 she would receive if eligible for medicaid, using state-only funds to
38 the extent necessary.

39 (8) \$4,261,000 of the general fund—state appropriation for fiscal
40 year 2014, \$4,261,000 of the general fund—state appropriation for

1 fiscal year 2015, and \$8,522,000 of the general fund—federal

5 year 2014, \$200,000 of the general fund—state appropriation for
6 fiscal year 2015, and \$600,000 of the general fund—federal
7 appropriation are provided solely for disproportionate share hospital
8 payments to rural hospitals certified by the centers for medicare and

20 year 2011. The authority shall discontinue these payments on January
21 1, 2015.

22 (11) \$100,000 of the general fund—state appropriation for fiscal
23 year 2015 and \$100,000 of the general fund—federal appropriation are
24 provided solely for disproportionate share hospital payments
25 beginning on January 1, 2015, to rural hospitals in Lewis county that
26 were certified by the centers for medicare and medicaid services as
27 sole community hospitals as of January 1, 2013, with less than one

36 30, 2015.

37 (13) Within the amounts appropriated in this section, the health
38 care authority shall provide disproportionate share hospital payments
39 to hospitals that provide services to children in the children's

3 status.

4 (14) \$6,000,000 of the general fund—federal appropriation is
5 provided solely for supplemental payments to nursing homes operated
6 by public hospital districts. The public hospital district shall be
7 responsible for providing the required nonfederal match for the
8 supplemental payment, and the payments shall not exceed the maximum
9 allowable under federal rules. It is the legislature's intent that
10 the payments shall be supplemental to and shall not in any way offset
11 or reduce the payments calculated and provided in accordance with
12 part E of chapter 74.46 RCW. It is the legislature's further intent
13 that costs otherwise allowable for rate-setting and settlement
14 against payments under chapter 74.46 RCW shall not be disallowed
15 solely because such costs have been paid by revenues retained by the
16 nursing home from these supplemental payments. The supplemental
17 payments are subject to retrospective interim and final cost
18 settlements based on the nursing homes' as-filed and final medicare
19 cost reports. The timing of the interim and final cost settlements
20 shall be at the health care authority's discretion. During either the
21 interim cost settlement or the final cost settlement, the health care
22 authority shall recoup from the public hospital districts the
23 supplemental payments that exceed the medicaid cost limit and/or the
24 medicare upper payment limit. The health care authority shall apply
25 federal rules for identifying the eligible incurred medicaid costs
26 and the medicare upper payment limit.

27 (15) The health care authority shall continue the inpatient

29 fiscal biennium. The program shall apply to all public hospitals,
30 including those owned or operated by the state, except those
31 classified as critical access hospitals or state psychiatric
32 institutions. The health care authority shall submit reports to the
33 governor and legislature by November 1, 2013, and by November 1,
34 2014, that evaluate whether savings continue to exceed costs for this
35 program. If the certified public expenditures (CPE) program in its
36 current form is no longer cost-effective to maintain, the health care
37 authority shall submit a report to the governor and legislature
38 detailing cost-effective alternative uses of local, state, and
39 federal resources as a replacement for this program. During fiscal
40 year 2014 and fiscal year 2015, hospitals in the program shall be

1 paid and shall retain one hundred percent of the federal portion of
2 the allowable hospital cost for each medicaid inpatient fee-for-
3 service claim payable by medical assistance and one hundred percent
4 of the federal portion of the maximum disproportionate share hospital
5 payment allowable under federal regulations. Inpatient medicaid
6 payments shall be established using an allowable methodology that
7 approximates the cost of claims submitted by the hospitals. Payments
8 made to each hospital in the program in each fiscal year of the
9 biennium shall be compared to a baseline amount. The baseline amount
10 will be determined by the total of (a) the inpatient claim payment
11 amounts that would have been paid during the fiscal year had the
12 hospital not been in the CPE program based on the reimbursement rates
13 developed, implemented, and consistent with policies approved in the
14 2013-2015 biennial operating appropriations act and in effect on July
15 1, 2013, (b) one-half of the indigent assistance disproportionate
16 share hospital payment amounts paid to and retained by each hospital
17 during fiscal year 2005, and (c) all of the other disproportionate
18 share hospital payment amounts paid to and retained by each hospital
19 during fiscal year 2005 to the extent the same disproportionate share
20 hospital programs exist in the 2013-2015 fiscal biennium. If payments
21 during the fiscal year exceed the hospital's baseline amount, no
22 additional payments will be made to the hospital except the federal
23 portion of allowable disproportionate share hospital payments for
24 which the hospital can certify allowable match. If payments during
25 the fiscal year are less than the baseline amount, the hospital will
26 be paid a state grant equal to the difference between payments during
27 the fiscal year and the applicable baseline amount. Payment of the
28 state grant shall be made in the applicable fiscal year and
29 distributed in monthly payments. The grants will be recalculated and
30 redistributed as the baseline is updated during the fiscal year. The
31 grant payments are subject to an interim settlement within eleven
32 months after the end of the fiscal year. A final settlement shall be
33 performed. To the extent that either settlement determines that a
34 hospital has received funds in excess of what it would have received
35 as described in this subsection, the hospital must repay the excess
36 amounts to the state when requested. \$11,928,000 of the general fund—
37 state appropriation for fiscal year 2014 and (~~(\$14,821,000)~~)

4 federal children's health insurance program reauthorization act of
5 2009.

6 (17) The health care authority shall target funding for maternity
7 support services towards pregnant women with factors that lead to
8 higher rates of poor birth outcomes, including hypertension, a
9 preterm or low birth weight birth in the most recent previous birth,
10 a cognitive deficit or developmental disability, substance abuse,
11 severe mental illness, unhealthy weight or failure to gain weight,
12 tobacco use, or African American or Native American race. The health
13 care authority shall prioritize evidence-based practices for delivery
14 of maternity support services. To the extent practicable, the health
15 care authority shall develop a mechanism to increase federal funding
16 for maternity support services by leveraging local public funding for
17 those services.

18 (18) \$170,000 of the general fund—state appropriation for fiscal
19 year 2014, \$121,000 of the general fund—state appropriation for
20 fiscal year 2015, and \$292,000 of the general fund—federal
21 appropriation are provided solely to implement Engrossed Substitute
22 House Bill No. 1519 (service coordination organizations) and Second
23 Substitute Senate Bill No. 5732 (behavioral health services). If
24 neither of the bills is enacted by June 30, 2013, the amounts
25 provided in this subsection shall lapse.

26 (19) \$57,000 of the general fund—state appropriation for fiscal
27 year 2014, \$40,000 of the general fund—state appropriation for fiscal
28 year 2015, and \$55,000 of the general fund—federal appropriation are

33 legislature by December 31, 2014, on the following:

35 and undiagnosed gestational diabetes are having on the programs
36 administered by each agency and individuals, including children with
37 mothers with undiagnosed gestational diabetes, enrolled in those
38 programs. Items in this assessment must include: (i) The number of
39 lives with diabetes and undiagnosed gestational diabetes impacted or

1 covered by the programs administered by each agency; (ii) the number
2 of lives with diabetes, or at risk for diabetes, and family members

4 each agency; (iii) the financial toll or impact diabetes and its

18 with the goals of integrating nursing and outreach services and
19 supporting one nurse for every four hundred fifty students in
20 elementary schools and one nurse for every seven hundred fifty
21 students in secondary schools. In developing these recommendations,
22 the authority shall inquire with the federal centers for medicare and
23 medicaid services about state plan amendment or waiver options for
24 receiving additional federal matching funds for school nursing
25 services provided to children enrolled in apple health for kids. The
26 recommendations shall include proposals for funding training and

34 pay the providers the difference attributable to the increased
35 capitation rate. Participating providers shall be solely responsible
36 for providing the local funds required to obtain federal matching
37 funds. Any incremental costs incurred by the authority in the
38 development, implementation, and maintenance of this program shall be
39 the responsibility of the participating providers. Participating

1 providers shall retain the full amount of supplemental payments
2 provided under this program, net of any costs related to the program
3 that are disallowed due to audits or litigation against the state.

24 in the apple health for kids program.

25 (34) Within the amounts appropriated in this section, the
26 authority shall reduce premiums for children with family incomes
27 above 200 percent of the federal poverty level in the state-funded
28 children's health program who are not eligible for coverage under the
29 federal children's health insurance program. Premiums in the state
30 and federal children's health insurance program shall be equal.

5 for fiscal year 2015, and \$17,912,000 of the general fund—federal
6 appropriation are provided solely to implement phase two of the
7 project to create a single provider payment system that consolidates
8 medicaid medical and social services payments and replaces the social
9 service payment system. The amounts provided in this subsection are
10 conditioned on the authority satisfying the requirements of the
11 project management oversight standards and policies established by
12 the office of the chief information officer.

13 (38) Within the amounts appropriated in this section, the health
14 care authority and the department of social and health services shall
15 implement the state option to provide health homes for enrollees with
16 chronic conditions under section 2703 of the federal affordable care
17 act. The total state match for enrollees who are dually-eligible for
18 both medicare and medicaid and not enrolled in managed care shall be
19 no more than the net savings to the state from the enhanced match
20 rate for its medicaid-only managed care enrollees under section 2703.

21 (39) The health care authority shall not initiate any services
22 that require expenditure of state general fund moneys unless
23 expressly authorized in this act or other law. The health care
24 authority may seek, receive, and spend, under RCW 43.79.260 through
25 43.79.282, federal moneys not anticipated in this act as long as the
26 federal funding does not require expenditure of state moneys for the
27 program in excess of amounts anticipated in this act. If the health
28 care authority receives unanticipated unrestricted federal moneys,
29 those moneys shall be spent for services authorized in this act or in
30 any other legislation providing appropriation authority, and an equal
31 amount of appropriated state general fund moneys shall lapse. Upon
32 the lapsing of any moneys under this subsection, the office of
33 financial management shall notify the legislative fiscal committees.
34 As used in this subsection, "unrestricted federal moneys" includes
35 block grants and other funds that federal law does not require to be
36 spent on specifically defined projects or matched on a formula basis
37 by state funds.

1 (40) Within the amounts appropriated in this section, the
2 authority shall reimburse for primary care services provided by
3 naturopathic physicians.

4 (41) Within amounts appropriated, the health care authority shall
5 conduct a review of its management and staffing structure to identify
6 efficiencies and opportunities to reduce full time equivalent
7 employees and other administrative costs. A report summarizing the
8 review and the authority's recommendations to reduce costs and full
9 time equivalent employees must be submitted to the governor and
10 legislature by November 1, 2013.

11 (42) (~~(\$16,580,000)~~) \$15,681,000 of the health benefit exchange
12 account—state appropriation and (~~(\$3,409,000)~~) \$6,515,000 of the
13 general fund—federal appropriation are provided solely to support the
14 operations of the Washington health benefit exchange from January 1,
15 2015, to June 30, 2015. The Washington state health insurance pool
16 administrator shall transfer \$20,838,000 of pool contributions to the
17 treasurer for deposit into the health benefit exchange account in
18 calendar year 2014. The receipt and use of medicaid funds provided to
19 the health benefit exchange from the health care authority are
20 subject to compliance with state and federal regulations and policies
21 governing the Washington apple health programs, including timely and
22 proper application, eligibility, and enrollment procedures. Within
23 the amounts provided in this subsection, \$321,000 of the health
24 benefit exchange account—state appropriation and \$688,000 of the
25 general fund—federal appropriation are provided solely for print
26 services and postage for modified adjusted gross income medicaid
27 eligibility correspondence sent from the health benefit exchange.

28 (43) Within the amounts appropriated in this section, the
29 authority shall continue to provide coverage after December 31, 2013,
30 for pregnant teens that qualify under existing pregnancy medical
31 programs, but whose eligibility for pregnancy related services would
32 otherwise end due to the application of the new modified adjusted
33 gross income eligibility standard.

34 (44) Sufficient amounts are appropriated in this section to
35 restore medicaid coverage under the breast and cervical cancer
36 treatment program.

37 (45) \$40,000 of the general fund—state appropriation for fiscal
38 year 2014 and \$40,000 of the general fund—federal appropriation are
39 provided solely for the authority to create a new position to provide

1 adequate oversight and assistance to managed care organizations,
2 rural health clinics, and federally qualified health centers under a
3 new administratively streamlined payment methodology. Effective July
4 1, 2013, or upon obtaining any necessary federal approval, but in no
5 case during the first quarter of a calendar year, the authority shall
6 implement an administratively streamlined payment methodology for
7 federally qualified health centers and rural health clinics. The
8 authority's payments to managed care organizations shall include the
9 full encounter payment comprised of both the standard and enhancement
10 payments for federally qualified health centers and rural health
11 clinics as defined in the medicaid state plan and in accordance with
12 section 1902(bb) of the social security act (42 U.S.C. 1396a(bb)). At
13 no time will a managed care organization be at risk for or have any
14 claim to the supplemental payment portion of the rate which will be
15 reconciled to ensure accurate payment and full pass through of the
16 obligated funds. For any services eligible for encounter payments, as
17 defined in the medicaid state plan, managed care organizations shall
18 be required to pay at least the full published encounter rates
19 directly to each clinic or center, and payments will be reconciled on
20 at least an annual basis between the managed care organization and
21 the authority, with final review and approval by the authority. At
22 the option of any clinic, the enhancement payment can be received
23 from the managed care organization on a per member per month basis
24 for all assigned managed care enrollees in an amount prescribed by
25 the authority. Nothing in this section is intended to disrupt
26 mutually agreeable contractual arrangements between managed care
27 organizations and clinics that impact how the standard payment for
28 services is paid. The authority will require participating managed
29 care organizations to reimburse federally qualified health centers
30 and rural health clinics for clean claims in strict adherence to the
31 timeliness of payment standards established under contract and
32 specified for the medicaid fee-for-service program in section
33 1902(a)(37) of the social security act (42 U.S.C. 1396a(a)(37)), 42
34 C.F.R. Sec. 447.46, and specified for health carriers in WAC
35 284-43-321. The authority shall exercise all necessary options under
36 its existing sanctions policy to enforce timely payment of claims.
37 The authority shall ensure necessary staff and resources are
38 identified to actively monitor and enforce the timeliness and
39 accuracy of payments to federally qualified health centers and rural
40 health clinics. By January 1, 2014, and after collaboration with

1 federally qualified health centers, rural health clinics, managed
2 care plans, and the centers for medicare and medicaid services, the
3 authority will produce a report that provides options for a new
4 payment methodology that rewards innovation and outcomes over volume
5 of services delivered, and which maintains the integrity of the rural
6 health clinic and federally qualified health center programs as
7 outlined under federal law. The report will detail necessary federal
8 authority for implementation and provide the benefits and drawbacks
9 of each option.

10 (46) \$3,605,000 of the general fund—state appropriation for
11 fiscal year 2014 is provided solely to proportionally reduce the
12 amounts that rural health clinics owe the state under the calendar
13 year 2009 recoupment.

14 (47) Sufficient amounts are appropriated in this section to
15 remove the mental health visit limit and to provide the shingles
16 vaccine and screening, brief intervention, and referral to treatment
17 benefits that are available in the medicaid alternative benefit plan
18 in the current medicaid benefit plan beginning January 1, 2014.

19 (48) The appropriations in this section reflect savings and
20 efficiencies achieved by modifying dispensing methods of
21 contraceptive drugs. The authority must make arrangements for all
22 medicaid programs offered through managed care plans or fee-for-
23 service programs to require dispensing of contraceptive drugs with a
24 one-year supply provided at one time unless a patient requests a
25 smaller supply or the prescribing physician instructs that the
26 patient must receive a smaller supply. Contracts with managed care
27 plans must allow on-site dispensing of the prescribed contraceptive
28 drugs at family planning clinics. Dispensing practices must follow
29 clinical guidelines for appropriate prescribing and dispensing to
30 ensure the health of the patient while maximizing access to effective
31 contraceptive drugs.

32 (49)(a) \$75,000 of the general fund—state appropriation for
33 fiscal year 2014 and \$75,000 of the general fund—federal

37 health option. \$75,000 of the amounts appropriated in this subsection
38 is provided solely for the development of options related to the
39 targeted premium assistance program. The authority shall develop

1 options for a waiver request to the federal centers for medicare and
2 medicaid services to implement a targeted premium assistance program
3 for the expansion adults, identified in section
4 1902(a)(10)(A)(i)(VIII) of the social security act, with incomes
5 above one hundred percent of the federal poverty level, and for
6 children covered in the children's health insurance program with
7 incomes above two hundred percent of the federal poverty level, with
8 a goal of providing seamless coverage through the health benefit
9 exchange and improving opportunities for families to be covered in
10 the same health plans. The options must include the possibility of
11 applying premiums for individuals and cost-sharing that may exceed
12 the five percent of family income cap under federal law, and the
13 options must include recommendations to make the targeted premium
14 assistance program cost neutral. The authority shall submit a report
15 on the options to the legislature and the governor by January 1,
16 2014. The authority is encouraged to be creative, use subject matter
17 experts, and exhaust all possible options to achieve cost neutrality.
18 The report shall also include a detailed plan and timeline. \$75,000
19 of the amounts appropriated in this subsection is provided solely for
20 the development of options related to the federal basic health
21 option. The authority shall prepare options for implementing the
22 federal basic health option as federal guidance becomes available.
23 The authority shall submit a report on the options to the legislature
24 and the governor by January 1, 2014, or ninety days following the
25 release of federal guidance. The report must include a comparison of
26 the premiums and cost-sharing under the federal basic health option
27 with the premium assistance options described in this subsection,
28 options for implementing the federal basic health option in
29 combination with a premium assistance program, a detailed fiscal
30 analysis for each coverage approach, including the estimated costs
31 for system design and implementation, and information about impacted
32 populations.

33 (b) Where possible, the authority shall leverage the same expert
34 consultants to review each proposal and compare and contrast the
35 approaches to ensure seamless coordination with the health benefit
36 exchange.

37 (c) The authority shall collaborate with the joint select
38 committee on health care oversight in the development of these
39 options.

1 (50) \$171,000 of the general fund—state appropriation for fiscal
2 year 2015 and \$145,000 of the general fund—federal appropriation are
3 provided solely to implement Second Substitute Senate Bill No. 6312
4 (mental health, chemical dependency) and Engrossed Second Substitute
5 House Bill No. 2315 (suicide prevention). If Second Substitute Senate
6 Bill No. 6312 (mental health, chemical dependency) is not enacted by

21 year 2015 and \$3,510,000 of the general fund—federal appropriation

26 year 2015, \$2,000 of the general fund—local appropriation, and
27 \$693,000 of the general fund—federal appropriation are provided
28 solely for the authority to add autism screenings for children age
29 eighteen months beginning July 1, 2014.

30 (55) By December 1, 2014, the authority shall report to the
31 legislative fiscal committees with options for reducing payments to
32 hospital owned physician practices or clinics that are higher than
33 the maximum resource based relative value scale fee rates received by
34 nonhospital owned physician practices or clinics for the same
35 procedures. The authority shall include options for exempting certain
36 hospital owned clinics from the reductions and the fiscal impacts of
37 those options. The authority shall not enter into or renew any
38 contracts under RCW 74.60.160 that would restrict the authority's

1 ability to implement any of these options in the 2015-2017 fiscal
2 biennium.

3 (56) The appropriations to the authority in this act shall be
4 expended for the purposes and in the amounts specified in this act.

6 fund actual expenditures in excess of caseload forecasts and
7 utilization assumptions, the authority, after May 1, (~~2014~~) 2015,
8 may transfer general fund—state appropriations for fiscal year
9 (~~2014~~) 2015 that are provided solely for a specified purpose. The
10 authority shall not transfer funds, and the director of financial
11 management shall not approve the transfer, unless the transfer is
12 consistent with the objective of conserving, to the maximum extent
13 possible, the expenditure of state funds. The director of financial
14 management shall notify the appropriate fiscal committees of the
15 senate and house of representatives in writing seven days prior to
16 approving any allotment modifications or transfers under this
17 subsection. The written notification shall include a narrative

19 allotments by budget unit and appropriation, both before and after
20 any allotment modifications or transfers.

2 generated staff units calculated pursuant to this subsection. The
3 superintendent shall make allocations to school districts based on

22 provided in RCW 28A.150.260, and adjusted based on each district's
23 annual average full-time equivalent student enrollment in each grade,
24 except that the allocation for parent involvement coordinators in an
25 elementary school shall be 0.0825, which enhancement is within the
26 program of basic education.

34 subsection (5) are calculated by first multiplying the total number
35 of eligible certificated instructional, certificated administrative,
36 and classified staff units providing school-based or district-wide

1 support services, as identified in RCW 28A.150.260(6)(b), by 5.3
2 percent.

9 basic education to the minimum requirements of RCW 28A.150.260, and
10 staff units generated by skill center and career-technical students,
11 are excluded from the total central office staff units calculation in
12 (a) of this subsection.

13 (d) For students in approved career-technical and skill center
14 programs, central office classified units are allocated at the same
15 staff unit per student rate as those generated for general education
16 students of the same grade in this subsection (5), and central office
17 administrative staff units are allocated at staff unit per student
18 rates that exceed the general education rate established for students
19 in the same grade in this subsection (5) by 1.71 percent in the
20 2013-14 school year and 0.90 percent in the 2014-15 school year for
21 career and technical education students, and 21.57 percent in the

37 subsections (2), (3), and (5) of this section; and

38 (b) The number of classified staff units determined in
39 subsections (4) and (5) of this section multiplied by 1.152. This

1 factor is intended to adjust allocations so that, for the purposes of
 2 distributing insurance benefits, full-time equivalent classified
 3 employees may be calculated on the basis of 1440 hours of work per
 4 year, with no individual employee counted as more than one full-time
 5 equivalent.

6 (8) MATERIALS, SUPPLIES, AND OPERATING COSTS (MSOC) ALLOCATIONS
 7 Funding is allocated per annual average full-time equivalent

34	<u>\$445,371,000</u>
35 TOTAL APPROPRIATION.	((\$794,360,000))
36	<u>\$810,419,000</u>

37 The appropriations in this section are subject to the following
38 conditions and limitations:

1 (1) Each general fund fiscal year appropriation includes such
2 funds as are necessary to complete the school year ending in the
3 fiscal year and for prior fiscal year adjustments.

4 (2)(a) For the 2013-14 and 2014-15 school years, the
5 superintendent shall allocate funding to school district programs for
6 the transportation of eligible students as provided in RCW
7 28A.160.192. Funding in this section for school year 2014-15

23 (3) \$558,000 of the general fund—state appropriation for fiscal
24 year 2015 is provided solely for pupil transportation expected cost
25 funding formula adjustments as provided under this subsection. School
26 districts whose efficiency rating is at least ninety-five percent and

28 provided through the pupil transportation funding formula due to
29 exceptional circumstances may apply to the superintendent of public
30 instruction to receive a supplemental funding adjustments for a one-
31 year period to offset the excess costs in whole or in part. The
32 superintendent shall adopt criteria for review of applications, which
33 may include exceptional issues related to geography, student
34 demographics, or other one-time circumstances that are not otherwise
35 addressed in the expected cost model. Differences in costs related to
36 district philosophy, service delivery choice, or accounting practices
37 are not a legitimate basis for transportation adjustments. School

16 competitive bid process based on the lowest price quote based on
17 similar bus categories to those used to establish the list pursuant
18 to RCW 28A.160.195.

17 2015 Drought Emergency (92000146)

18 The appropriations in this section are subject to the following
19 conditions and limitations:

20 (1) The appropriation in this section is provided solely for
21 response to a statewide drought declared pursuant to chapter 43.83B
22 RCW. The department of ecology may provide funding or compensation
23 for purchase or lease of water rights and to public bodies as defined
24 in RCW 43.83B.050 in connection with projects and measures designed
25 to alleviate drought conditions that may affect: Public health and
26 safety; drinking water supplies; agricultural activities; or fish and
27 wildlife survival.

28 (2) Projects or measures for which funding or compensation will
29 be provided must be connected with a water system, water source, or
30 water body that is receiving, or has been projected to receive, less
31 than seventy-five percent of normal water supply, as the result of
32 natural drought conditions. This reduction in water supply must be
33 such that it is causing, or will cause, undue hardship for the
34 entities or fish or wildlife depending on the water supply. General
35 criteria for guidelines to be established by the department of
36 ecology for distribution of funds must include: A balanced and

1 equitable distribution of the funds among the different sectors
2 affected by drought; a funding process that ensures funds are
3 available for drought impacts that arise both early and later during
4 the course of the drought; a preference for projects that leverage
5 other federal and local funds; or alleviates immediate hardship.

33 expenditures must be used for projects that develop and acquire
34 assets that have a useful life of at least thirteen years. These
35 requirements must be specified in funding agreements issued by the
36 department.

1 (2) For any project funded from the state taxable building
2 construction account—state appropriation in this section, state funds

4 projects for grant awards, to include scoring conducted by a group of
5 qualified experts with application of criteria specified by the
6 department. Applications for grants must disclose all sources of
7 public funding to be provided for a project. The grant funds must be
8 used to fund projects that demonstrate how to: Integrate intermittent
9 renewables through energy storage and information technology,
10 dispatch energy storage resources from utility control rooms, use the
11 thermal properties and electric load of commercial buildings and
12 district energy systems to store energy, or otherwise improve the
13 reliability and reduce the costs of intermittent or distributed
14 renewable energy.

15 (5) \$6,000,000 of the state taxable building construction account
16 —state appropriation in this section is provided solely for grants to
