PART II
HUMAN SERVICES

NEW SECTION. **Sec. 201. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the
2 payment rates.

3 (4) The department shall to the maximum extent practicable use
4 the same system for delivery of spoken-language interpreter services
5 for social services appointments as the one established for medical
6 appointments in section 213 of this act. When contracting directly
7 with an individual to deliver spoken language interpreter services,
8 the department shall only contract with language access providers who
9 are working at a location in the state and who are state-certified or
10 state-authorized, except that when such a provider is not available,
11 the department may use a language access provider who meets other
12 certifications or standards deemed to meet state standards, including
13 interpreters in other states.

14 (5)(a) The department shall facilitate enrollment under the
15 medicaid expansion for clients applying for or receiving state-funded
16 services from the department and its contractors. Prior to open
17 enrollment, the department shall coordinate with the health care
18 authority to provide referrals to the Washington health benefit
19 exchange for clients that will be ineligible for medicaid.

20 (b) To facilitate a single point of entry across public and
21 medical assistance programs, and to maximize the use of federal
22 funding, the health care authority, the department of social and
23 health services, and the health benefit exchange will coordinate
24 efforts to expand HealthPlanfinder access to public assistance and
25 medical eligibility staff. No later than October 1, 2015, the
26 department shall complete medicaid applications in the
27 HealthPlanfinder for households receiving or applying for public
28 assistance benefits.

29 (c) The department in coordination with the health care authority
30 shall pursue a federal waiver to use supplemental nutrition
31 assistance program eligibility to enroll eligible persons into
32 medicaid.

19 (5) \$1,537,000 of the general fund—state appropriation for fiscal
20 year 2016 and \$1,537,000 of the general fund—state appropriation for

26 and Crime Rates": Multidimensional treatment foster care, family

28 programs with a positive benefit-cost finding in the institute's

31 the treatments in a cost-effective manner.

32 (6)(a) The juvenile rehabilitation administration shall
33 administer a block grant, rather than categorical funding, of

39 grant, the juvenile rehabilitation administration shall follow the

1 following formula and will prioritize evidence-based programs and
2 disposition alternatives and take into account juvenile courts
3 program-eligible youth in conjunction with the number of youth served

5 (i) Thirty-seven and one-half percent for the at-risk population of
6 youth ten to seventeen years old; (ii) fifteen percent for moderate
7 and high-risk youth; (iii) twenty-five percent for evidence-based
8 program participation; (iv) seventeen and one-half percent for

20 the juvenile courts.

21 (b) The juvenile rehabilitation administration and the juvenile
22 courts shall establish a block grant funding formula oversight
23 committee with equal representation from the juvenile rehabilitation
24 administration and the juvenile courts. The purpose of this committee
25 is to assess the ongoing implementation of the block grant funding
26 formula, utilizing data-driven decision making and the most current

28 juvenile rehabilitation administration and the juvenile courts, who
29 will also have the ability to change members of the committee as
30 needed to achieve its purpose. Initial members will include one
31 juvenile court representative from the finance committee, the
32 community juvenile accountability act committee, the risk assessment
33 quality assurance committee, the executive board of the Washington
34 association of juvenile court administrators, the Washington state
35 center for court research, and a representative of the superior court
36 judges association; two representatives from the juvenile
37 rehabilitation administration headquarters program oversight staff,
38 two representatives of the juvenile rehabilitation administration
39 regional office staff, one representative of the juvenile
40 rehabilitation administration fiscal staff and a juvenile

1 rehabilitation administration division director. The committee may
2 make changes to the formula categories other than the evidence-based
3 program and disposition alternative categories if it is determined
4 the changes will increase statewide service delivery or effectiveness
5 of evidence-based program or disposition alternative resulting in
6 increased cost benefit savings to the state. Long-term cost benefit
7 must be considered. Percentage changes may occur in the evidence-
8 based program or disposition alternative categories of the formula
9 should it be determined the changes will increase evidence-based
10 program or disposition alternative delivery and increase the cost
11 benefit to the state. These outcomes will also be considered in
12 determining when evidence-based expansion or special sex offender
13 disposition alternative funds should be included in the block grant
14 or left separate.

15 (c) The juvenile courts and administrative office of the courts
16 shall be responsible for collecting and distributing information and
17 providing access to the data systems to the juvenile rehabilitation
18 administration and the Washington state institute for public policy
19 related to program and outcome data. The juvenile rehabilitation
20 administration and the juvenile courts will work collaboratively to
21 develop program outcomes that reinforce the greatest cost benefit to
22 the state in the implementation of evidence-based practices and
23 disposition alternatives.

24 (7) The juvenile courts and administrative office of the courts
25 shall collect and distribute information related to program outcome
26 and provide access to these data systems to the juvenile
27 rehabilitation administration and Washington state institute for
28 public policy. The agreements between administrative office of the
29 courts, the juvenile courts, and the juvenile rehabilitation
30 administration shall be executed to ensure that the juvenile
31 rehabilitation administration receives the data that the juvenile
32 rehabilitation administration identifies as needed to comply with
33 this subsection. This includes, but is not limited to, information by
34 program at the statewide aggregate level, individual court level, and
35 individual client level for the purpose of the juvenile
36 rehabilitation administration providing quality assurance and
37 oversight for the locally committed youth block grant and associated
38 funds and at times as specified by the juvenile rehabilitation
39 administration as necessary to carry out these functions. The data
40 shall be provided in a manner that reflects the collaborative work

1 the juvenile rehabilitation administration and juvenile courts have
2 developed regarding program outcomes that reinforce the greatest cost
3 benefit to the state in the implementation of evidence-based
4 practices and disposition alternatives.

5 (8) \$445,000 of the general fund—state appropriation for fiscal
6 year 2016 and \$445,000 of the general fund—state appropriation for
7 fiscal year 2017 are provided solely for funding of the teamchild
8 project.

9 (9) \$178,000 of the general fund—state appropriation for fiscal
10 year 2016 and \$178,000 of the general fund—state appropriation for
11 fiscal year 2017 are provided solely for the juvenile detention
12 alternatives initiative.

13 (10) \$500,000 of the general fund—state appropriation for fiscal
14 year 2016 and \$500,000 of the general fund—state appropriation for
15 fiscal year 2017 are provided solely for a grant program focused on
16 criminal street gang prevention and intervention. The Washington
17 state partnership council on juvenile justice may award grants under
18 this subsection. The council shall give priority to applicants who
19 have demonstrated the greatest problems with criminal street gangs.
20 Applicants composed of, at a minimum, one or more local governmental
21 entities and one or more nonprofit, nongovernmental organizations
22 that have a documented history of creating and administering
23 effective criminal street gang prevention and intervention programs
24 may apply for funding under this subsection.

25 (11) The department shall review its current food services at its
26 institutions for opportunities to consolidate and centralize,
27 emphasizing opportunities for increased efficiency. The department
28 shall consider consolidating and centralizing the department's
29 institutional food service by examining: (a) Consistent daily meals
30 across institutions; (b) off-site meal preparation and cook-chill
31 meals; and (c) increased use of the department of correction's
32 correctional industries institutional food service. Any food service
33 improvements must account for special diets and consistency with
34 established dietary intakes of the food and nutrition board of the
35 national research council.

36 NEW SECTION. **Sec. 204. FOR THE DEPARTMENT OF SOCIAL AND HEALTH**
37 **SERVICES—MENTAL HEALTH PROGRAM**

38 (1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS

1	General Fund—State Appropriation (FY 2016).	\$335,611,000
2	General Fund—State Appropriation (FY 2017).	\$350,062,000
3	General Fund—Federal Appropriation.	\$959,417,000
4	General Fund—Private/Local Appropriation.	\$17,864,000
5	TOTAL APPROPRIATION.	\$1,662,954,000

6 The appropriations in this subsection are subject to the
7 following conditions and limitations:

8 (a) For the purposes of this subsection, the term "regional
9 support networks," includes, effective April 1, 2016, behavioral
10 health organizations which assume the duties of regional support
11 networks pursuant to chapter 225, Laws of 2014 (2SSB 6312).

12 (b) \$16,631,000 of the general fund—state appropriation for
13 fiscal year 2016, \$13,761,000 of the general fund—state appropriation
14 for fiscal year 2017, and \$17,918,000 of the general fund—federal
15 appropriation are provided solely to reimburse regional support
16 networks for increased utilization costs, as compared to utilization
17 costs in fiscal year 2014, that are incurred in order to meet
18 statutory obligations to provide individualized mental health
19 treatment in appropriate settings to individuals who are detained or
20 committed under the involuntary treatment act. Prior to distributing
21 funds to a regional support network requesting reimbursement for
22 costs relative to increased utilization, the department must receive
23 adequate documentation of such increased utilization and costs.

24 (c) \$76,532,000 of the general fund—state appropriation for
25 fiscal year 2016 and \$76,398,000 of the general fund—state
26 appropriation for fiscal year 2017 are provided solely for persons
27 and services not covered by the medicaid program. To the extent
28 possible, levels of regional support network spending shall be
29 maintained in the following priority order: Crisis and commitment
30 services; community inpatient services; and residential care
31 services, including personal care and emergency housing assistance.
32 This funding reflects a reduction of \$9,363,000 for fiscal year 2016
33 and \$9,497,000 for fiscal year 2017 and reflects a funding shift from
34 general fund—state appropriation to general fund—federal
35 appropriation based on a waiver received from the centers for
36 medicare and medicaid services allowing for federal funds to be used
37 for community inpatient stays that were previously ineligible for
38 federal matching funds. These amounts must be distributed to regional
39 support networks based on the proportion of funds distributed in

1 fiscal year 2015 under section 204(1)(a), chapter 221, Laws of 2014
2 (ESSB 6002).

3 (d) \$6,590,000 of the general fund—state appropriation for fiscal
4 year 2016, \$6,590,000 of the general fund—state appropriation for
5 fiscal year 2017, and \$7,620,000 of the general fund—federal
6 appropriation are provided solely for the department and regional
7 support networks to continue to contract for implementation of high-
8 intensity programs for assertive community treatment (PACT) teams. In
9 determining the proportion of medicaid and nonmedicaid funding
10 provided to regional support networks with PACT teams, the department
11 shall consider the differences between regional support networks in
12 the percentages of services and other costs associated with the teams
13 that are not reimbursable under medicaid. The department may allow
14 regional support networks which have nonmedicaid reimbursable costs
15 that are higher than the nonmedicaid allocation they receive under
16 this section to supplement these funds with local dollars or funds
17 received under section 204(1)(c) of this act. The department and
18 regional support networks shall maintain consistency with all
19 essential elements of the PACT evidence-based practice model in
20 programs funded under this section.

21 (e) \$650,000 of the general fund—state appropriation for fiscal
22 year 2016, \$650,000 of the general fund—state appropriation for
23 fiscal year 2017, and \$1,300,000 of the general fund—federal
24 appropriation are provided solely for the western Washington regional

13 The appropriations in this section are subject to the following
 14 conditions and limitations:

15 (1) For purposes of implementing chapter 74.46 RCW, the weighted
 16 average nursing facility payment rate shall not exceed \$178.87 for
 17 fiscal year 2016 and shall not exceed \$191.87 for fiscal year 2017,
 18 including the rate add-ons described in (a), (b), and (g) of this
 19 subsection. There will be no adjustments for economic trends and
 20 conditions in fiscal years 2016 and 2017. The economic trends and
 21 conditions factor or factors defined in the biennial appropriations
 22 act shall not be compounded with the economic trends and conditions
 23 factor or factors defined in any other biennial appropriations acts
 24 before applying it to the component rate allocations established in
 25 accordance with chapter 74.46 RCW. When no economic trends and
 26 conditions factor for either fiscal year is defined in a biennial
 27 appropriations act, no economic trends and conditions factor or
 28 factors defined in any earlier biennial appropriations act shall be
 29 applied solely or compounded to the component rate allocations
 30 established in accordance with chapter 74.46 RCW.

31 (a) For fiscal year 2016 within the funds provided, the
 32 department shall continue to provide an add-on per medicaid resident
 33 day per facility not to exceed \$1.57. The add-on shall be used to

 35 aides; or to increase wages and/or benefits for dietary aides,
 36 housekeepers, laundry aides, or any other category of worker whose
 37 statewide average dollars-per-hour wage was less than \$15 in calendar
 38 year 2008, according to cost report data. The add-on may also be used

1 to address resulting wage compression for related job classes
2 immediately affected by wage increases to low-wage workers. For
3 fiscal year 2016 within funds provided, the department shall provide
4 an additional add-on per medicaid resident day per facility not to
5 exceed the industry weighted average rate of \$2.44. The add-on shall
6 be used to increase wages, benefits, and/or staffing levels for
7 certified nurse aides; or to increase wages and/or benefits for
8 dietary aides, housekeepers, laundry aides, or any other category of
9 worker whose statewide average dollars-per-hour wage was less than
10 \$17 in calendar year 2012, according to cost report data. The
11 department shall continue reporting requirements and a settlement
12 process to ensure that the funds are spent according to this
13 subsection.

14 (b) The department shall do a comparative analysis of the
15 facility-based payment rates calculated on July 1, 2015, using the
16 payment methodology defined in chapter 74.46 RCW and as funded in the
17 omnibus appropriations act, excluding the low wage worker add-on
18 found in (a) of this subsection, the rate add-ons for direct care,
19 support services, and therapy care found in (g) of this subsection,
20 the comparative add-on, acuity add-on, and safety net reimbursement,
21 to the facility-based payment rates in effect June 30, 2010. For
22 fiscal year 2016, if the facility-based payment rate calculated on
23 July 1, 2015, is smaller than the facility-based payment rate on June
24 30, 2010, then the difference shall be provided to the individual
25 nursing facilities as an add-on payment per medicaid resident day.

26 (c) During the comparative analysis performed in subsection (b)
27 of this section, for fiscal year 2016, if it is found that the direct
28 care rate for any facility calculated using the payment methodology
29 defined in chapter 74.46 RCW and as funded in the omnibus
30 appropriations act, excluding the low wage worker add-on found in (a)
31 of this subsection, the rate add-ons for direct care, support
32 services, and therapy care found in (g) of this subsection, the
33 comparative add-on, acuity add-on, and safety net reimbursement, is
34 greater than the direct care rate in effect on June 30, 2010, then
35 the facility shall receive a ten percent direct care rate add-on to
36 compensate that facility for taking on more acute clients than they
37 have in the past.

38 (d) The department shall provide a medicaid rate add-on to
39 reimburse the medicaid share of the skilled nursing facility safety
40 net assessment as a medicaid allowable cost. The nursing facility

1 safety net rate add-on may not be included in the calculation of the
2 annual statewide weighted average nursing facility payment rate.

3 (e) The rate add-on provided in (c) of this subsection is subject
4 to the reconciliation and settlement process provided in RCW
5 74.46.022(6).

6 (f) If the waiver requested from the federal centers for medicare
7 and medicaid services in relation to the safety net assessment is for
8 any reason disapproved, (b), (c), (d), (g), and the fiscal year 2016
9 additional add-on in (a) of this subsection do not apply.

10 (g) For fiscal year 2016, the department shall provide the
11 following rate add-ons per medicaid resident day:

12 (i) A direct care rate add-on of \$3.63 per medicaid resident day;

13 (ii) A support services rate add-on of \$1.12 per medicaid
14 resident day; and

15 (iii) A therapy care rate add-on of \$0.05 per patient day.

16 This subsection (1)(g) is subject to the reconciliation and
17 settlement process provided in RCW 74.46.022(6).

18 (2) In accordance with chapter 74.46 RCW, the department shall
19 issue no additional certificates of capital authorization for fiscal
20 year 2016 and no new certificates of capital authorization for fiscal
21 year 2017 and shall grant no rate add-ons to payment rates for
22 capital improvements not requiring a certificate of need and a
23 certificate of capital authorization for fiscal years 2016 and 2017.

24 (3) In accordance with RCW 18.51.050, 18.20.050, 70.128.060, and
25 43.135.055, the department is authorized to increase nursing
26 facility, assisted living facility, and adult family home fees as
27 necessary to fully support the actual costs of conducting the
28 licensure, inspection, and regulatory programs. The license fees may
29 not exceed the department's annual licensing and oversight activity
30 costs and shall include the department's cost of paying providers for
31 the amount of the license fee attributed to medicaid clients.

32 (a) The current annual renewal license fee for adult family homes
33 shall be \$225 per bed beginning in fiscal year 2016 and \$225 per bed
34 beginning in fiscal year 2017. A processing fee of \$2,750 shall be
35 charged to each adult family home when the home is initially
36 licensed. This fee is nonrefundable.

37 (b) The current annual renewal license fee for assisted living
38 facilities shall be \$106 per bed beginning in fiscal year 2016 and
39 \$106 per bed beginning in fiscal year 2017.

1 (c) The current annual renewal license fee for nursing facilities
2 shall be \$359 per bed beginning in fiscal year 2016 and \$359 per bed
3 beginning in fiscal year 2017.

4 (d) The department may authorize a one-time waiver of all or any
5 portion of the licensing and processing fees required under RCW
6 70.128.060 in any case in which the department determines that an
7 adult family home is being relicensed because of exceptional
8 circumstances, such as death or incapacity of a provider, and that to
9 require the full payment of the licensing and processing fees would
10 present a hardship to the applicant. In these situations, the
11 department is also granted the authority to waive the required
12 residential administrator training for a period of one hundred twenty
13 days if necessary to ensure continuity of care during the relicensing
14 process.

15 (4) The department is authorized to place long-term care clients
16 residing in nursing homes and paid for with state only funds into
17 less restrictive community care settings while continuing to meet the
18 client's care needs.

19 (5) \$20,241,000 of the general fund—state appropriation for
20 fiscal year 2016, \$40,988,000 of the general fund—state appropriation
21 for fiscal year 2017, and \$76,956,000 of the general fund—federal

23 agreement negotiated with the exclusive bargaining representative of
24 individual providers established under RCW 74.39A.270 for the
25 2015-2017 fiscal biennium. If Senate Bill No. 6126 (collective
26 bargaining) is not enacted by June 30, 2015, or the parties are
27 unable to reach agreement by June 30, 2015, that provides that any

38 sections 205, 206, and 919 of this act. If an agreement is not

1 reached by June 30, 2015, the amounts provided in this subsection
2 shall lapse.

9 individuals prepare for long-term services and supports needs. The
10 study must model two options: (a) A long-term care benefit paid for
11 and open to workers and funded through a payroll deduction that would
12 provide a one-to-three year long-term care insurance benefit; and (b)
13 a public-private reinsurance or risk-sharing model to provide a
14 stable and ongoing source of reimbursement to insurers for a portion
15 of their catastrophic long-term services and supports losses in order
16 to provide additional insurance capacity in the state. The two
17 options must be evaluated based on expected costs and benefits to
18 participants, anticipated number of participants, savings to the
19 medicaid program, and legal and financial risks to the state. The
20 department must provide oversight and direction for this evaluation
21 and must convene interested stakeholders to provide input on study
22 design. The study must be submitted to the department by March 31,
23 2016. The department must then submit an interim report to include

33 authority receives unanticipated unrestricted federal moneys, those
34 moneys shall be spent for services authorized in this act or in any

19	TOTAL APPROPRIATION.	\$16,226,106,000

20 The appropriations in this section are subject to the following
21 conditions and limitations:

22 (a) Sufficient amounts are appropriated in this subsection to
23 implement the medicaid expansion as defined in the social security
24 act, section 1902(a)(10)(A)(i)(VIII).

25 (b) The legislature finds that medicaid payment rates, as
26 calculated by the health care authority pursuant to the
27 appropriations in this act, bear a reasonable relationship to the
28 costs incurred by efficiently and economically operated facilities
29 for providing quality services and will be sufficient to enlist
30 enough providers so that care and services are available to the
31 extent that such care and services are available to the general
32 population in the geographic area. The legislature finds that the
33 cost reports, payment data from the federal government, historical
34 utilization, economic data, and clinical input constitute reliable
35 data upon which to determine the payment rates.

36 (c) Based on quarterly expenditure reports and caseload
37 forecasts, if the health care authority estimates that expenditures
38 for the medical assistance program will exceed the appropriations,

1 the health care authority shall take steps including but not limited
2 to reduction of rates or elimination of optional services to reduce
3 expenditures so that total program costs do not exceed the annual
4 appropriation authority.

5 (d) In determining financial eligibility for medicaid-funded
6 services, the health care authority is authorized to disregard
7 recoveries by Holocaust survivors of insurance proceeds or other
8 assets, as defined in RCW 48.104.030.

9 (e) The legislature affirms that it is in the state's interest
10 for Harborview medical center to remain an economically viable
11 component of the state's health care system.

12 (f) When a person is ineligible for medicaid solely by reason of
13 residence in an institution for mental diseases, the health care
14 authority shall provide the person with the same benefits as he or
15 she would receive if eligible for medicaid, using state-only funds to
16 the extent necessary.

17 (g) \$4,261,000 of the general fund—state appropriation for fiscal
18 year 2016, \$4,261,000 of the general fund—state appropriation for
19 fiscal year 2017, and \$8,522,000 of the general fund—federal
20 appropriation are provided solely for low-income disproportionate
21 share hospital payments.

22 (h) Within the amounts appropriated in this section, the health
23 care authority shall provide disproportionate share hospital payments
24 to hospitals that provide services to children in the children's
25 health program who are not eligible for services under Title XIX or
26 XXI of the federal social security act due to their citizenship
27 status.

28 (i) \$6,000,000 of the general fund—federal appropriation is
29 provided solely for supplemental payments to nursing homes operated
30 by public hospital districts. The public hospital district shall be
31 responsible for providing the required nonfederal match for the
32 supplemental payment, and the payments shall not exceed the maximum
33 allowable under federal rules. It is the legislature's intent that
34 the payments shall be supplemental to and shall not in any way offset
35 or reduce the payments calculated and provided in accordance with
36 part E of chapter 74.46 RCW. It is the legislature's further intent
37 that costs otherwise allowable for rate-setting and settlement
38 against payments under chapter 74.46 RCW shall not be disallowed
39 solely because such costs have been paid by revenues retained by the

1 nursing home from these supplemental payments. The supplemental
2 payments are subject to retrospective interim and final cost
3 settlements based on the nursing homes' as-filed and final medicare
4 cost reports. The timing of the interim and final cost settlements
5 shall be at the health care authority's discretion. During either the
6 interim cost settlement or the final cost settlement, the health care
7 authority shall recoup from the public hospital districts the
8 supplemental payments that exceed the medicaid cost limit and/or the
9 medicare upper payment limit. The health care authority shall apply
10 federal rules for identifying the eligible incurred medicaid costs
11 and the medicare upper payment limit.

12 (j) The health care authority shall continue the inpatient
13 hospital certified public expenditures program for the 2015-2017
14 fiscal biennium. The program shall apply to all public hospitals,
15 including those owned or operated by the state, except those
16 classified as critical access hospitals or state psychiatric
17 institutions. The health care authority shall submit reports to the
18 governor and legislature by November 1, 2015, and by November 1,
19 2016, that evaluate whether savings continue to exceed costs for this
20 program. If the certified public expenditures (CPE) program in its
21 current form is no longer cost-effective to maintain, the health care
22 authority shall submit a report to the governor and legislature
23 detailing cost-effective alternative uses of local, state, and
24 federal resources as a replacement for this program. During fiscal
25 year 2016 and fiscal year 2017, hospitals in the program shall be
26 paid and shall retain one hundred percent of the federal portion of
27 the allowable hospital cost for each medicaid inpatient fee-for-
28 service claim payable by medical assistance and one hundred percent
29 of the federal portion of the maximum disproportionate share hospital
30 payment allowable under federal regulations. Inpatient medicaid
31 payments shall be established using an allowable methodology that
32 approximates the cost of claims submitted by the hospitals. Payments
33 made to each hospital in the program in each fiscal year of the
34 biennium shall be compared to a baseline amount. The baseline amount
35 will be determined by the total of (a) the inpatient claim payment
36 amounts that would have been paid during the fiscal year had the
37 hospital not been in the CPE program based on the reimbursement rates
38 developed, implemented, and consistent with policies approved in the
39 2015-2017 biennial operating appropriations act and in effect on July
40 1, 2015, (b) one-half of the indigent assistance disproportionate

1 share hospital payment amounts paid to and retained by each hospital
2 during fiscal year 2005, and (c) all of the other disproportionate
3 share hospital payment amounts paid to and retained by each hospital
4 during fiscal year 2005 to the extent the same disproportionate share
5 hospital programs exist in the 2015-2017 fiscal biennium. If payments
6 during the fiscal year exceed the hospital's baseline amount, no
7 additional payments will be made to the hospital except the federal
8 portion of allowable disproportionate share hospital payments for
9 which the hospital can certify allowable match. If payments during
10 the fiscal year are less than the baseline amount, the hospital will
11 be paid a state grant equal to the difference between payments during
12 the fiscal year and the applicable baseline amount. Payment of the
13 state grant shall be made in the applicable fiscal year and
14 distributed in monthly payments. The grants will be recalculated and
15 redistributed as the baseline is updated during the fiscal year. The
16 grant payments are subject to an interim settlement within eleven
17 months after the end of the fiscal year. A final settlement shall be
18 performed. To the extent that either settlement determines that a
19 hospital has received funds in excess of what it would have received
20 as described in this subsection, the hospital must repay the excess
21 amounts to the state when requested. \$16,664,000 of the general fund—
22 state appropriation for fiscal year 2016 and \$8,170,000 of the
23 general fund—state appropriation for fiscal year 2017 are provided
24 solely for state grants for the participating hospitals.

25 (k) The health care authority shall seek public-private
26 partnerships and federal funds that are or may become available to
27 provide on-going support for outreach and education efforts under the
28 federal children's health insurance program reauthorization act of
29 2009.

30 (l) The health care authority shall target funding for maternity
31 support services towards pregnant women with factors that lead to
32 higher rates of poor birth outcomes, including hypertension, a
33 preterm or low birth weight birth in the most recent previous birth,
34 a cognitive deficit or developmental disability, substance abuse,
35 severe mental illness, unhealthy weight or failure to gain weight,
36 tobacco use, or African American or Native American race. The health
37 care authority shall prioritize evidence-based practices for delivery
38 of maternity support services. To the extent practicable, the health
39 care authority shall develop a mechanism to increase federal funding

1 for maternity support services by leveraging local public funding for
2 those services.

3 (m) Within the amounts appropriated in this section, the
4 authority shall identify strategies to improve patient adherence to
5 treatment plans for diabetes and implement these strategies as a
6 pilot through one health home program to be identified by the
7 authority. The authority shall report to the governor and legislature
8 in December 2015 on patient outcomes and cost savings derived from
9 new adherence strategies in the health home model and make
10 recommendations for improving the strategies.

11 (n) Managed care contracts must incorporate accountability
12 measures that monitor patient health and improved health outcomes,
13 and shall include an expectation that each patient receive a wellness
14 examination that documents the baseline health status and allows for
15 monitoring of health improvements and outcome measures.

25 Washington health benefit exchange for clients that will be
26 ineligible for medicaid.

27 (r) To facilitate a single point of entry across public and
28 medical assistance programs, and to maximize the use of federal
29 funding, the health care authority, the department of social and
30 health services, and the health benefit exchange will coordinate
31 efforts to expand HealthPlanfinder access to public assistance and
32 medical eligibility staff. No later than October 1, 2015, the health
33 care authority shall complete medicaid applications in the
34 HealthPlanfinder for households receiving or applying for medical
35 assistance benefits.

37 year 2016, \$90,000 of the general fund—state appropriation for fiscal
38 year 2017, and \$180,000 of the general fund—federal appropriation are
39 provided solely to continue operation by a nonprofit organization of

1 a toll-free hotline that assists families to learn about and enroll

8 authority shall reimburse for primary care services provided by
9 naturopathic physicians.

17 the mental health visit limit and to provide the shingles vaccine and
18 screening, brief intervention, and referral to treatment benefits

22 year 2016, \$461,000 of the general fund—state appropriation for

2 exceed uniform medical rates, the amount by which the rates are

28 instruction required under RCW 28A.150.220.

29 (2) CERTIFICATED INSTRUCTIONAL STAFF ALLOCATIONS

30 Allocations for certificated instructional staff salaries for the
31 2015-16 and 2016-17 school years are determined using formula-
32 generated staff units calculated pursuant to this subsection.

33 (a) Certificated instructional staff units, as defined in RCW
34 28A.150.410, shall be allocated to reflect the minimum class size
35 allocations, requirements, and school prototypes assumptions as
36 provided in RCW 28A.150.260, except that the allocation for guidance
37 counselors in a middle school shall be 1.216 for the 2015-16 and
38 2016-17 school years, which enhancement is within the program of
39 basic education. The superintendent shall make allocations to school

1 districts based on the district's annual average full-time equivalent
2 student enrollment in each grade.

3 (b) Additional certificated instructional staff units provided in
4 this subsection (2) that exceed the minimum requirements in RCW
5 28A.150.260 are enhancements outside the program of basic education,
6 except as otherwise provided in this section.

7 (c)(i) The superintendent shall base allocations for each level
8 of prototypical school on the following regular education average
9 class size of full-time equivalent students per teacher, except as
10 provided in (c)(i) and (ii) of this subsection:

11 (A)

12 General education class size:

13 Grade	RCW 28A.150.260	2015-16	2016-17

26 (B) The superintendent shall allocate funding for average class
27 sizes for grades K-3 in (c)(i)(A) of this subsection only to the
28 extent of, and proportional to, the school district's demonstrated
29 actual average class size, up to the funded class sizes.

30 (C) The enhancement in (c)(i) of this subsection is within the
31 program of basic education.

32 (ii) For each level of prototypical school at which more than
33 fifty percent of the students were eligible for free and reduced-
34 price meals in the prior school year, the superintendent shall
35 allocate funding based on the following average class size of full-
36 time equivalent students per teacher:

1 (A) General education class size in high poverty schools:

2	Grade	RCW 28A.150.260	2015-16	2016-17
3			School Year	School Year

12 (B) The superintendent shall provide enhanced funding for class
13 size reduction in grades K through 3 to the extent of, and
14 proportionate to, the school's demonstrated actual average class size
15 up to the funded high-poverty class size. The superintendent shall
16 adopt rules requiring school districts to report full-time equivalent
17 student enrollment to carry out this requirement and as provided in
18 RCW 28A.655.210.

19 (iii) Pursuant to RCW 28A.150.260(4)(a), the assumed teacher
20 planning period, expressed as a percentage of a teacher work day, is
21 13.42 percent in grades K-6, and 16.67 percent in grades 7-12; and

22 (iv) Advanced placement and international baccalaureate courses
23 are funded at the same class size assumptions as general education
24 schools in the same grade; and

25 (d)(i) Funding for teacher librarians, school nurses, social
26 workers, school psychologists, and guidance counselors is allocated
27 based on the school prototypes as provided in RCW 28A.150.260 and (a)
28 of this subsection and is considered certificated instructional
29 staff, except as provided in (d)(ii) of this subsection.

30 (ii) Students in approved career and technical education and
31 skill center programs generate certificated instructional staff units
32 to provide for the services of teacher librarians, school nurses,
33 social workers, school psychologists, and guidance counselors at the
34 following combined rate per 1000 student full-time equivalent
35 enrollment:

(e) School nurses providing visual screenings as required in RCW 28A.210.020 shall include both distance and near vision screening. Funding is provided in this section for this purpose.

(3) ADMINISTRATIVE STAFF ALLOCATIONS

(a) Allocations for school building-level certificated administrative staff salaries for the 2015-16 and 2016-17 school years for general education students are determined using the formula generated staff units calculated pursuant to this subsection. The superintendent shall make allocations to school districts based on the district's annual average full-time equivalent enrollment in each grade. The following prototypical school values shall determine the allocation for principals, assistance principals, and other certificated building level administrators:

Prototypical School Building:

Elementary School	1.253
Middle School	1.353
High School	1.880

(b) Students in approved career and technical education and skill center programs generate certificated school building-level administrator staff units at per student rates that are a multiple of the general education rate in (a) of this subsection by the following factors: Career and Technical Education students. 1.025
Skill Center students. 1.198

(4) CLASSIFIED STAFF ALLOCATIONS

Allocations for classified staff units providing school building-level and district-wide support services for the 2015-16 and 2016-17 school years are determined using the formula-generated staff units provided in RCW 28A.150.260, and adjusted based on each district's annual average full-time equivalent student enrollment in each grade, except that the allocation for parent involvement coordinators in an

1 elementary school shall be 0.0825, which enhancement is within the
2 program of basic education.

3 (5) CENTRAL OFFICE ALLOCATIONS

4 In addition to classified and administrative staff units
5 allocated in subsections (3) and (4) of this section, classified and
6 administrative staff units are provided for the 2015-16 and 2016-17
7 school year for the central office administrative costs of operating
8 a school district, at the following rates:

9 (a) The total central office staff units provided in this
10 subsection (5) are calculated by first multiplying the total number
11 of eligible certificated instructional, certificated administrative,
12 and classified staff units providing school-based or district-wide
13 support services, as identified in RCW 28A.150.260(6)(b), by 5.3
14 percent.

15 (b) Of the central office staff units calculated in (a) of this
16 subsection, 74.53 percent are allocated as classified staff units, as
17 generated in subsection (4) of this section, and 25.47 percent shall
18 be allocated as administrative staff units, as generated in
19 subsection (3) of this section.

20 (c) Staff units generated as enhancements outside the program of
21 basic education to the minimum requirements of RCW 28A.150.260, and
22 staff units generated by skill center and career-technical students,
23 are excluded from the total central office staff units calculation in
24 (a) of this subsection.

25 (d) For students in approved career-technical and skill center
26 programs, central office classified units are allocated at the same
27 staff unit per student rate as those generated for general education
28 students of the same grade in this subsection (5), and central office
29 administrative staff units are allocated at staff unit per student
30 rates that exceed the general education rate established for students
31 in the same grade in this subsection (5) by 0.94 percent in the
32 2015-16 school year and 0.94 percent in the 2016-17 school year for
33 career and technical education students, and 17.34 percent in the
34 2015-16 school year and 17.33 percent in the 2016-17 school year for
35 skill center students.

36 (6) FRINGE BENEFIT ALLOCATIONS

37 Fringe benefit allocations shall be calculated at a rate of 21.42
38 percent in the 2015-16 school year and 21.42 percent in the 2016-17
39 school year for certificated salary allocations provided under

1 subsections (2), (3), and (5) of this section, and a rate of 22.72
2 percent in the 2015-16 school year and 22.72 percent in the 2016-17
3 school year for classified salary allocations provided under
4 subsections (4) and (5) of this section.

5 (7) INSURANCE BENEFIT ALLOCATIONS

6 Insurance benefit allocations shall be calculated at the
7 maintenance rate specified in section 504 of this act, based on the
8 number of benefit units determined as follows:

9 (a) The number of certificated staff units determined in
10 subsections (2), (3), and (5) of this section; and

11 (b) The number of classified staff units determined in
12 subsections (4) and (5) of this section multiplied by 1.152. This
13 factor is intended to adjust allocations so that, for the purposes of
14 distributing insurance benefits, full-time equivalent classified
15 employees may be calculated on the basis of 1440 hours of work per
16 year, with no individual employee counted as more than one full-time
17 equivalent.

18 (8) MATERIALS, SUPPLIES, AND OPERATING COSTS (MSOC) ALLOCATIONS

19 Funding is allocated per annual average full-time equivalent
20 student for the materials, supplies, and operating costs (MSOC)
21 incurred by school districts, consistent with the requirements of RCW
22 28A.150.260.

23 (a)(i) MSOC funding for general education students are allocated
24 at the following per student rates:

3 (ii) School districts accepting enhanced MSOC funding above the
4 rate provided in school year 2014-15 shall consider these funds as
5 levy reduction funds and reduce their calendar year 2016 and 2017
6 levy base respectively used for calculating local levy authority and
7 local effort assistance by the amount of the enhancement when
8 calculating the school district's levy base under RCW 84.52.0531.
9 School districts may continue to receive the school year 2014-15 MSOC
10 rate so that the school district's levy base is not reduced.

11 (b) Students in approved skill center programs generate per
12 student FTE MSOC allocations of \$1,272.99 for the 2015-16 school year
13 and \$1,294.63 for the 2016-17 school year.

14 (c) Students in approved exploratory and preparatory career and
15 technical education programs generate a per student MSOC allocation
16 of \$1,431.65 for the 2015-16 school year and \$1,455.99 for the

29 (9) SUBSTITUTE TEACHER ALLOCATIONS

30 For the 2015-16 and 2016-17 school years, funding for substitute
31 costs for classroom teachers is based on four (4) funded substitute
32 days per classroom teacher unit generated under subsection (2) of
33 this section, at a daily substitute rate of \$151.86.

34 (10) ALTERNATIVE LEARNING EXPERIENCE PROGRAM FUNDING

35 (a) Amounts provided in this section from July 1, 2015, to August
36 31, 2015, are adjusted to reflect provisions of chapter 4, Laws of

1 2013 2nd sp. sess., as amended (allocation of funding for funding for
2 students enrolled in alternative learning experiences).

3 (b) The superintendent of public instruction shall require all
4 districts receiving general apportionment funding for alternative
5 learning experience (ALE) programs as defined in WAC 392-121-182 to
6 provide separate financial accounting of expenditures for the ALE
7 programs offered in district or with a provider, including but not
8 limited to private companies and multidistrict cooperatives, as well
9 as accurate, monthly headcount and FTE enrollment claimed for basic
10 education, including separate counts of resident and nonresident
11 students.

12 (11) DROPOUT REENGAGEMENT PROGRAM

13 The superintendent shall adopt rules to require students claimed
14 for general apportionment funding based on enrollment in dropout
15 reengagement programs authorized under RCW 28A.175.100 through
16 28A.175.115 to meet requirements for at least weekly minimum
17 instructional contact, academic counseling, career counseling, or
18 case management contact. Districts must also provide separate
19 financial accounting of expenditures for the programs offered by the
20 district or under contract with a provider, as well as accurate
21 monthly headcount and full-time equivalent enrollment claimed for
22 basic education, including separate enrollment counts of resident and
23 nonresident students.

26 kindergarten programs in qualifying schools in the 2015-16 school
27 year and all schools in the 2016-17 school year, pursuant to RCW
28 28A.150.220 and 28A.150.315. Each kindergarten student who enrolls
29 for the voluntary all-day program in a qualifying school shall count
30 as one-half of one full-time equivalent student for purpose of making
31 allocations under this section. Funding in this section provides all-
32 day kindergarten programs for 75 percent of kindergarten enrollment
33 in the 2015-16 school year and full funding in the 2016-17 school
34 year, which enhancement is within the program of basic education.

35 (13) ADDITIONAL FUNDING FOR SMALL SCHOOL DISTRICTS AND REMOTE AND
36 NECESSARY PLANTS

37 For small school districts and remote and necessary school plants
38 within any district which have been judged to be remote and necessary
39 by the superintendent of public instruction, additional staff units

1 are provided to ensure a minimum level of staffing support.
2 Additional administrative and certificated instructional staff units
3 provided to districts in this subsection shall be reduced by the
4 general education staff units, excluding career and technical
5 education and skills center enhancement units, otherwise provided in
6 subsections (2) through (5) of this section on a per district basis.

7 (a) For districts enrolling not more than twenty-five average
8 annual full-time equivalent students in grades K-8, and for small
9 school plants within any school district which have been judged to be
10 remote and necessary by the superintendent of public instruction and
11 enroll not more than twenty-five average annual full-time equivalent
12 students in grades K-8:

13 (i) For those enrolling no students in grades 7 and 8, 1.76
14 certificated instructional staff units and 0.24 certificated

40 subsection:

1 (i) For remote and necessary schools enrolling students in any
2 grades 9-12 but no more than twenty-five average annual full-time
3 equivalent students in grades K-12, four and one-half certificated

34 one hundred eighty students, an additional one-half of a classified
35 staff unit; and

36 (g) School districts receiving additional staff units to support
37 small student enrollments and remote and necessary plants under this
38 subsection (12) shall generate additional MSOC allocations consistent
39 with the nonemployee related costs (NERC) allocation formula in place
40 for the 2010-11 school year as provided section 502, chapter 37, Laws

1 of 2010 1st sp. sess. (2010 supplemental budget), adjusted annually
2 for inflation.

3 (14) Any school district board of directors may petition the
4 superintendent of public instruction by submission of a resolution
5 adopted in a public meeting to reduce or delay any portion of its
6 basic education allocation for any school year. The superintendent of
7 public instruction shall approve such reduction or delay if it does
8 not impair the district's financial condition. Any delay shall not be
9 for more than two school years. Any reduction or delay shall have no
10 impact on levy authority pursuant to RCW 84.52.0531 and local effort
11 assistance pursuant to chapter 28A.500 RCW.

12 (15) The superintendent may distribute funding for the following
13 programs outside the basic education formula during fiscal years 2016
14 and 2017 as follows:

15 (a) \$621,000 of the general fund—state appropriation for fiscal
16 year 2016 and \$631,000 of the general fund—state appropriation for
17 fiscal year 2017 are provided solely for fire protection for school
18 districts located in a fire protection district as now or hereafter
19 established pursuant to chapter 52.04 RCW.

20 (b) \$436,000 of the general fund—state appropriation for fiscal
21 year 2016 and \$436,000 of the general fund—state appropriation for
22 fiscal year 2017 are provided solely for programs providing skills
23 training for secondary students who are enrolled in extended day
24 school-to-work programs, as approved by the superintendent of public
25 instruction. The funds shall be allocated at a rate not to exceed
26 \$500 per full-time equivalent student enrolled in those programs.

27 (16) \$219,000 of the general fund—state appropriation for fiscal

31 provided must be conditioned upon the written commitment and plan of
32 the school district board of directors to repay the grant with any
33 insurance payments or other judgments that may be awarded, if
34 applicable. At the close of the fiscal year the superintendent of
35 public instruction shall report to the office of financial management
36 and the appropriate fiscal committees of the legislature on the
37 allocations provided to districts and the nature of the emergency.

4 (18) Students participating in running start programs may be
5 funded up to a combined maximum enrollment of 1.2 FTE including
6 school district and institution of higher education enrollment
7 consistent with the running start course requirements provided in
8 Engrossed Second Substitute House Bill No. 1546 (dual credit
9 education opportunities). In calculating the combined 1.2 FTE, the
10 office of the superintendent of public instruction may average the
11 participating student's September through June enrollment to account
12 for differences in the start and end dates for courses provided by
13 the high school and higher education institution. Additionally, the
14 office of the superintendent of public instruction, in consultation
15 with the state board for community and technical colleges, the
16 student achievement council, and the education data center, shall
17 annually track and report to the fiscal committees of the legislature
18 on the combined FTE experience of students participating in the
19 running start program, including course load analyses at both the
20 high school and community and technical college system.

21 (19) If two or more school districts consolidate and each
22 district was receiving additional basic education formula staff units
23 pursuant to subsection (12) of this section, the following apply:

24 (a) For three school years following consolidation, the number of
25 basic education formula staff units shall not be less than the number
26 of basic education formula staff units received by the districts in
27 the school year prior to the consolidation; and

28 (b) For the fourth through eighth school years following
29 consolidation, the difference between the basic education formula
30 staff units received by the districts for the school year prior to
31 consolidation and the basic education formula staff units after
32 consolidation pursuant to subsection (12) of this section shall be
33 reduced in increments of twenty percent per year.

34 (20)(a) Indirect cost charges by a school district to approved

39 considered separate programs for funding and financial reporting
40 purposes under this section.

1 (b) Career and technical education program full-time equivalent
2 enrollment shall be reported on the same monthly basis as the
3 enrollment for students eligible for basic support, and payments
4 shall be adjusted for reported career and technical education program
5 enrollments on the same monthly basis as those adjustments for
6 enrollment for students eligible for basic support.

7 (21) Funding in this section is sufficient to provide full
8 general apportionment payments to school districts eligible for
9 federal forest revenues as provided in RCW 28A.520.020. School
10 districts receiving federal forest revenues shall not have their
11 general apportionment reduced.

12 NEW SECTION. **Sec. 503. FOR THE SUPERINTENDENT OF PUBLIC**
13 **INSTRUCTION—BASIC EDUCATION EMPLOYEE COMPENSATION**

14 (1) The following calculations determine the salaries used in the
15 state allocations for certificated instructional, certificated
16 administrative, and classified staff units as provided in RCW
17 28A.150.280 and under section 502 of this act:

18 (a) Salary allocations for certificated instructional staff units
19 are determined for each district by multiplying the district's
20 certificated instructional total base salary shown on LEAP Document 2
21 by the district's average staff mix factor for certificated
22 instructional staff in that school year, computed using LEAP document
23 1; and

24 (b) Salary allocations for certificated administrative staff
25 units and classified staff units for each district are determined
26 based on the district's certificated administrative and classified
27 salary allocation amounts shown on LEAP Document 2.

28 (2) For the purposes of this section:

29 (a) "LEAP Document 1" means the staff mix factors for
30 certificated instructional staff according to education and years of
31 experience, as developed by the legislative evaluation and
32 accountability program committee on March 24, 2015 at 06:11 hours;
33 and

34 (b) "LEAP Document 2" means the school year salary allocations
35 for certificated administrative staff and classified staff and
36 derived and total base salaries for certificated instructional staff

12 the department of commerce, may authorize expenditures from the
13 account.

14 (3) During the 2009-2011 and 2011-2013 fiscal biennia, moneys in
15 the account may also be transferred into the state general fund.

16 (4) Expenditures from the account may be made to prevent closure
17 of a business or facility, to prevent relocation of a business or
18 facility in the state to a location outside the state, or to recruit
19 a business or facility to the state. Expenditures may be authorized
20 for:

21 (a) Workforce development;

22 (b) Public infrastructure needed to support or sustain the
23 operations of the business or facility;

24 (c) Other lawfully provided assistance, including, but not
25 limited to, technical assistance, environmental analysis, relocation
26 assistance, and planning assistance. Funding may be provided for such
27 assistance only when it is in the public interest and may only be
28 provided under a contractual arrangement ensuring that the state will
29 receive appropriate consideration, such as an assurance of job
30 creation or retention; and

31 (d) The joint center for aerospace technology innovation.

32 (5) The funds shall not be expended from the account unless:

33 (a) The circumstances are such that time does not permit the
34 director of the department of commerce or the business or facility to
35 secure funding from other state sources;

36 (b) The business or facility produces or will produce significant
37 long-term economic benefits to the state, a region of the state, or a
38 particular community in the state;

1 (c) The business or facility does not require continuing state
2 support;

3 (d) The expenditure will result in new jobs, job retention, or
4 higher incomes for citizens of the state;

5 (e) The expenditure will not supplant private investment; and

6 (f) The expenditure is accompanied by private investment.

7 (6) No more than three million dollars per year may be expended
8 from the account for the purpose of assisting an individual business
9 or facility pursuant to the authority specified in this section.

10 (7) If the account balance in the strategic reserve account
11 exceeds fifteen million dollars at any time, the amount in excess of
12 fifteen million dollars shall be transferred to the education
13 construction account.

14 (8) During the 2015-2017 fiscal biennium, the legislature may
15 appropriate moneys from the account to fund economic development
16 programs at the department of commerce.

17 **Sec. 968.** RCW 43.334.077 and 2008 c 275 s 7 are each amended to
18 read as follows:

19 The skeletal human remains assistance account is created in the
20 custody of the state treasurer. All appropriations provided by the
21 legislature for this purpose as well as any reimbursement for
22 services provided pursuant to chapter 275, Laws of 2008 must be
23 deposited in the account. Expenditures from the account may be used
24 only for archaeological determinations and excavations of
25 inadvertently discovered skeletal human remains, and removal and
26 reinterment of such remains when necessary. Only the director or the
27 director's designee may authorize expenditures from the account. The
28 account is subject to the allotment procedures under chapter 43.88
29 RCW, but an appropriation is not required for expenditures. During
30 the 2015-2017 fiscal biennium, the legislature may appropriate moneys
31 from the account to the operations of the department of archaeology
32 and historic preservation.

33 **Sec. 969.** RCW 43.350.070 and 2011 c 5 s 916 are each amended to
34 read as follows:

35 The life sciences discovery fund is created in the custody of the
36 state treasurer. Only the board or the board's designee may authorize
37 expenditures from the fund. Expenditures from the fund may be made
38 only for purposes of this chapter. Administrative expenses of the

1 authority, including staff support, may be paid only from the fund.
2 Revenues to the fund consist of transfers made by the legislature
3 from strategic contribution payments deposited in the tobacco
4 settlement account under RCW 43.79.480, moneys received pursuant to
5 contribution agreements entered into pursuant to RCW 43.350.030,
6 moneys received from gifts, grants, and bequests, and interest earned
7 on the fund. During the ((2009-2011)) 2015-2017 fiscal biennium, the
8 legislature may transfer to other state funds or accounts such
9 amounts as represent the excess balance of the life sciences
10 discovery fund. Any moneys remaining in the life sciences discovery
11 fund as of July 1, 2015, must be transferred to the state general
12 fund.

13 **Sec. 970.** RCW 61.24.172 and 2014 c 164 s 5 are each amended to
14 read as follows:

15 The foreclosure fairness account is created in the custody of the
16 state treasurer. All receipts received under RCW 61.24.174 must be
17 deposited into the account. Only the director of the department of
18 commerce or the director's designee may authorize expenditures from
19 the account. Funding to agencies and organizations under this section
20 must be provided by the department through an interagency agreement
21 or other applicable contract instrument. The account is subject to
22 allotment procedures under chapter 43.88 RCW, but an appropriation is
23 not required for expenditures. Expenditures from the account must be
24 used as follows: (1) No less than seventy-one percent must be used
25 for the purposes of providing housing counseling activities to
26 benefit borrowers, except that this amount may be less than seventy-
27 one percent only if necessary to meet the funding level specified for
28 the office of the attorney general under subsection (2) of this
29 section and the department under subsection (4) of this section; (2)
30 up to six percent, or six hundred fifty-five thousand dollars per
31 biennium, whichever amount is greater, to the office of the attorney
32 general to be used by the consumer protection division to enforce
33 this chapter; (3) up to two percent to the office of civil legal aid
34 to be used for the purpose of contracting with qualified legal aid
35 programs for legal representation of homeowners in matters relating
36 to foreclosure. Funds provided under this subsection (3) must be used
37 to supplement, not supplant, other federal, state, and local funds;
38 (4) up to eighteen percent, or one million four hundred thousand
39 dollars per biennium, whichever amount is greater, to the department

1 to be used for implementation and operation of the foreclosure
2 fairness act; and (5) up to three percent to the department of
3 financial institutions to conduct homeowner prepurchase and
4 postpurchase outreach and education programs as defined in RCW
5 43.320.150.

6 The department shall enter into interagency agreements to
7 contract with the Washington state housing finance commission and
8 other appropriate entities to implement the foreclosure fairness act.

9 During fiscal year 2016, the department of commerce may expend
10 funds from the account to review deed of trust and foreclosure laws.

11 **Sec. 971.** RCW 66.08.170 and 2011 1st sp.s. c 50 s 959 are each
12 amended to read as follows:

13 There shall be a fund, known as the "liquor revolving fund",
14 which shall consist of all license fees, permit fees, penalties,
15 forfeitures, and all other moneys, income, or revenue received by the
16 board. The state treasurer shall be custodian of the fund. All moneys
17 received by the board or any employee thereof, except for change
18 funds and an amount of petty cash as fixed by the board within the
19 authority of law shall be deposited each day in a depository approved
20 by the state treasurer and transferred to the state treasurer to be
21 credited to the liquor revolving fund. During the 2009-2011 fiscal
22 biennium, the legislature may transfer funds from the liquor
23 revolving account [fund] to the state general fund and may direct an
24 additional amount of liquor profits to be distributed to local
25 governments. Neither the transfer of funds nor the additional
26 distribution of liquor profits to local governments during the
27 2009-2011 fiscal biennium may reduce the excess fund distributions
28 that otherwise would occur under RCW 66.08.190. During the 2011-2013
29 fiscal biennium, the state treasurer shall transfer from the liquor
30 revolving fund to the state general fund forty-two million five
31 hundred thousand dollars for fiscal year 2012 and forty-two million
32 five hundred thousand dollars for fiscal year 2013. The transfer
33 during the 2011-2013 fiscal biennium may not reduce the excess fund
34 distributions that otherwise would occur under RCW 66.08.190. Sales
35 to licensees are exempt from any liquor price increases that may
36 result from the transfer of funds from the liquor revolving fund to
37 the state general fund during the 2011-2013 fiscal biennium.
38 Disbursements from the revolving fund shall be on authorization of
39 the board or a duly authorized representative thereof. In order to

1 maintain an effective expenditure and revenue control the liquor
2 revolving fund shall be subject in all respects to chapter 43.88 RCW
3 but no appropriation shall be required to permit expenditures and
4 payment of obligations from such fund. During the 2013-2015 and
5 2015-2017 fiscal biennia, the legislature may transfer from the
6 liquor revolving fund to the state general fund such amounts as
7 reflect the excess fund balance of the account.

8 **Sec. 972.** RCW 70.96A.350 and 2013 2nd sp.s. c 4 s 990 are each
9 amended to read as follows:

10 (1) The criminal justice treatment account is created in the
11 state treasury. Moneys in the account may be expended solely for: (a)
12 Substance abuse treatment and treatment support services for
13 offenders with an addiction or a substance abuse problem that, if not
14 treated, would result in addiction, against whom charges are filed by
15 a prosecuting attorney in Washington state; (b) the provision of drug
16 and alcohol treatment services and treatment support services for
17 nonviolent offenders within a drug court program; (c) the
18 administrative and overhead costs associated with the operation of a
19 drug court; and (d) during the 2011-2013 biennium, the legislature
20 may appropriate up to three million dollars from the account in order
21 to offset reductions in the state general fund for treatment services
22 provided by counties. This amount is not subject to the requirements
23 of subsections (5) through (9) of this section. During the 2013-2015
24 and 2015-2017 fiscal ((biennium)) biennia, the legislature may
25 transfer from the criminal justice treatment account to the state
26 general fund amounts as reflect the state savings associated with the
27 implementation of the medicaid expansion of the federal affordable
28 care act and the excess fund balance of the account. Moneys in the
29 account may be spent only after appropriation.

30 (2) For purposes of this section:

31 (a) "Treatment" means services that are critical to a
32 participant's successful completion of his or her substance abuse
33 treatment program, but does not include the following services:
34 Housing other than that provided as part of an inpatient substance
35 abuse treatment program, vocational training, and mental health
36 counseling; and

37 (b) "Treatment support" means transportation to or from inpatient
38 or outpatient treatment services when no viable alternative exists,

1 and child care services that are necessary to ensure a participant's
2 ability to attend outpatient treatment sessions.

3 (3) Revenues to the criminal justice treatment account consist
4 of: (a) Funds transferred to the account pursuant to this section;
5 and (b) any other revenues appropriated to or deposited in the
6 account.

7 (4)(a) For the fiscal biennium beginning July 1, 2003, the state
8 treasurer shall transfer eight million nine hundred fifty thousand
9 dollars from the general fund into the criminal justice treatment
10 account, divided into eight equal quarterly payments. For the fiscal
11 year beginning July 1, 2005, and each subsequent fiscal year, the
12 state treasurer shall transfer eight million two hundred fifty
13 thousand dollars from the general fund to the criminal justice
14 treatment account, divided into four equal quarterly payments. For
15 the fiscal year beginning July 1, 2006, and each subsequent fiscal
16 year, the amount transferred shall be increased on an annual basis by
17 the implicit price deflator as published by the federal bureau of
18 labor statistics.

19 (b) In each odd-numbered year, the legislature shall appropriate
20 the amount transferred to the criminal justice treatment account in
21 (a) of this subsection to the division of alcohol and substance abuse
22 for the purposes of subsection (5) of this section.

23 (5) Moneys appropriated to the division of alcohol and substance
24 abuse from the criminal justice treatment account shall be
25 distributed as specified in this subsection. The department shall
26 serve as the fiscal agent for purposes of distribution. Until July 1,
27 2004, the department may not use moneys appropriated from the
28 criminal justice treatment account for administrative expenses and
29 shall distribute all amounts appropriated under subsection (4)(b) of
30 this section in accordance with this subsection. Beginning in July 1,
31 2004, the department may retain up to three percent of the amount
32 appropriated under subsection (4)(b) of this section for its
33 administrative costs.

34 (a) Seventy percent of amounts appropriated to the division from
35 the account shall be distributed to counties pursuant to the
36 distribution formula adopted under this section. The division of
37 alcohol and substance abuse, in consultation with the department of
38 corrections, the Washington state association of counties, the
39 Washington state association of drug court professionals, the
40 superior court judges' association, the Washington association of

1 prosecuting attorneys, representatives of the criminal defense bar,
2 representatives of substance abuse treatment providers, and any other
3 person deemed by the division to be necessary, shall establish a fair
4 and reasonable methodology for distribution to counties of moneys in
5 the criminal justice treatment account. County or regional plans
6 submitted for the expenditure of formula funds must be approved by
7 the panel established in (b) of this subsection.

8 (b) Thirty percent of the amounts appropriated to the division
9 from the account shall be distributed as grants for purposes of
10 treating offenders against whom charges are filed by a county
11 prosecuting attorney. The division shall appoint a panel of
12 representatives from the Washington association of prosecuting
13 attorneys, the Washington association of sheriffs and police chiefs,
14 the superior court judges' association, the Washington state
15 association of counties, the Washington defender's association or the
16 Washington association of criminal defense lawyers, the department of
17 corrections, the Washington state association of drug court
18 professionals, substance abuse treatment providers, and the division.
19 The panel shall review county or regional plans for funding under (a)
20 of this subsection and grants approved under this subsection. The
21 panel shall attempt to ensure that treatment as funded by the grants
22 is available to offenders statewide.

23 (6) The county alcohol and drug coordinator, county prosecutor,
24 county sheriff, county superior court, a substance abuse treatment
25 provider appointed by the county legislative authority, a member of
26 the criminal defense bar appointed by the county legislative
27 authority, and, in counties with a drug court, a representative of
28 the drug court shall jointly submit a plan, approved by the county
29 legislative authority or authorities, to the panel established in
30 subsection (5)(b) of this section, for disposition of all the funds
31 provided from the criminal justice treatment account within that
32 county. The funds shall be used solely to provide approved alcohol
33 and substance abuse treatment pursuant to RCW 70.96A.090, treatment
34 support services, and for the administrative and overhead costs
35 associated with the operation of a drug court.

36 (a) No more than ten percent of the total moneys received under
37 subsections (4) and (5) of this section by a county or group of
38 counties participating in a regional agreement shall be spent on the
39 administrative and overhead costs associated with the operation of a
40 drug court.

1 (b) No more than ten percent of the total moneys received under
2 subsections (4) and (5) of this section by a county or group of
3 counties participating in a regional agreement shall be spent for
4 treatment support services.

5 (7) Counties are encouraged to consider regional agreements and
6 submit regional plans for the efficient delivery of treatment under
7 this section.

8 (8) Moneys allocated under this section shall be used to
9 supplement, not supplant, other federal, state, and local funds used
10 for substance abuse treatment.

11 (9) Counties must meet the criteria established in RCW
12 2.28.170(3)(b).

13 (10) The authority under this section to use funds from the
14 criminal justice treatment account for the administrative and
15 overhead costs associated with the operation of a drug court expires
16 June 30, ((2015)) 2017.

32 if the legislature determines that priorities for spending exceed
33 available funds in those accounts.

2 transfer from the local toxics control account to the state general
3 fund, such amounts as reflect the excess fund balance in the account.

4 (e) To expedite cleanups throughout the state, the department may
5 use the following strategies when providing grants to local
6 governments under this subsection:

7 (i) Enter into an extended grant agreement with a local
8 government conducting remedial actions at a facility where those
9 actions extend over multiple biennia and the total eligible cost of
10 those actions exceeds twenty million dollars. The agreement is
11 subject to the following limitations:

12 (A) The initial duration of such an agreement may not exceed ten
13 years. The department may extend the duration of such an agreement
14 upon finding substantial progress has been made on remedial actions
15 at the facility;

16 (B) Extended grant agreements may not exceed fifty percent of the
17 total eligible remedial action costs at the facility; and

18 (C) The department may not allocate future funding to an extended
19 grant agreement unless the local government has demonstrated to the
20 department that funds awarded under the agreement during the previous
21 biennium have been substantially expended or contracts have been
22 entered into to substantially expend the funds;

23 (ii) Enter into a grant agreement with a local government
24 conducting a remedial action that provides for periodic reimbursement
25 of remedial action costs as they are incurred as established in the
26 agreement;

27 (iii) Enter into a grant agreement with a local government prior
28 to it acquiring a property or obtaining necessary access to conduct
29 remedial actions, provided the agreement is conditioned upon the
30 local government acquiring the property or obtaining the access in
31 accordance with a schedule specified in the agreement;

32 (iv) Provide integrated planning grants to local governments to
33 fund studies necessary to facilitate remedial actions at brownfield
34 properties and adaptive reuse of properties following remediation.
35 Eligible activities include, but are not limited to: Environmental
36 site assessments; remedial investigations; health assessments;
37 feasibility studies; site planning; community involvement; land use
38 and regulatory analyses; building and infrastructure assessments;
39 economic and fiscal analyses; and any environmental analyses under
40 chapter 43.21C RCW;

1 (v) Provide grants to local governments for remedial actions
2 related to area-wide groundwater contamination. To receive the
3 funding, the local government does not need to be a potentially
4 liable person or be required to seek reimbursement of grant funds
5 from a potentially liable person;

6 (vi) The director may alter grant matching requirements to create
7 incentives for local governments to expedite cleanups when one of the
8 following conditions exists:

9 (A) Funding would prevent or mitigate unfair economic hardship
10 imposed by the clean-up liability;

11 (B) Funding would create new substantial economic development,
12 public recreational opportunities, or habitat restoration
13 opportunities that would not otherwise occur; or

14 (C) Funding would create an opportunity for acquisition and
15 redevelopment of brownfield property under RCW 70.105D.040(5) that
16 would not otherwise occur;

17 (vii) When pending grant applications under (c)[(e)](iv) and (v)
18 of this subsection (4) exceed the amount of funds available,
19 designated redevelopment opportunity zones must receive priority for
20 distribution of available funds.

21 (d) [(f)] To expedite multiparty clean-up efforts, the department
22 may purchase remedial action cost-cap insurance. For the 2013-2015
23 fiscal biennium, moneys in the local toxics control account may be
24 spent on projects in sections 3024, 3035, 3036, and 3059, chapter 19,
25 Laws of 2013 2nd sp. sess.

26 (5) Except for unanticipated receipts under RCW 43.79.260 through
27 43.79.282, moneys in the state and local toxics control accounts may
28 be spent only after appropriation by statute.

29 (6) No moneys deposited into either the state or local toxics
30 control account may be used for: Natural disasters where there is no
31 hazardous substance contamination; high performance buildings; solid
32 waste incinerator facility feasibility studies, construction,
33 maintenance, or operation; or after January 1, 2010, for projects
34 designed to address the restoration of Puget Sound, funded in a
35 competitive grant process, that are in conflict with the action
36 agenda developed by the Puget Sound partnership under RCW 90.71.310.
37 However, this subsection does not prevent an appropriation from the
38 state toxics control account to the department of revenue to enforce
39 compliance with the hazardous substance tax imposed in chapter 82.21
40 RCW.

1 (7) Except during the 2011-2013 fiscal biennium, one percent of
2 the moneys collected under RCW 82.21.030 shall be allocated only for
3 public participation grants to persons who may be adversely affected
4 by a release or threatened release of a hazardous substance and to
5 not-for-profit public interest organizations. The primary purpose of
6 these grants is to facilitate the participation by persons and
7 organizations in the investigation and remedying of releases or
8 threatened releases of hazardous substances and to implement the
9 state's solid and hazardous waste management priorities. No grant may
10 exceed sixty thousand dollars. Grants may be renewed annually. Moneys
11 appropriated for public participation that are not expended at the
12 close of any biennium revert to the state toxics control account.

13 (8) The department shall adopt rules for grant or loan issuance
14 and performance. To accelerate both remedial action and economic
15 recovery, the department may expedite the adoption of rules necessary
16 to implement chapter 1, Laws of 2013 2nd sp. sess. using the
17 expedited procedures in RCW 34.05.353. The department shall initiate
18 the award of financial assistance by August 1, 2013. To ensure the
19 adoption of rules will not delay financial assistance, the department
20 may administer the award of financial assistance through interpretive
21 guidance pending the adoption of rules through July 1, 2014.

22 (9) Except as provided under subsection (3)(k) and (q) of this
23 section, nothing in chapter 1, Laws of 2013 2nd sp. sess. effects
24 [affects] the ability of a potentially liable person to receive
25 public funding.

26 (10) During the 2013-2015 fiscal biennium the local toxics
27 control account may also be used for the centennial clean water
28 program and for storm water grants.

PART XII
HUMAN SERVICES

Sec. 1201. 2014 c 221 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under the Washington medicaid integration partnership (WMIP) and the medicare integrated care project (MICP), the health care authority and the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 213 of this act as may be necessary

1 to finance a unified health care plan for the WMIP and the MICP
2 program enrollment. The WMIP pilot projects shall not exceed a daily
3 enrollment of 6,000 persons, nor expand beyond one county during the
4 2013-2015 fiscal biennium. The amount of funding assigned from each
5 program may not exceed the average per capita cost assumed in this
6 act for individuals covered by that program, actuarially adjusted for
7 the health condition of persons enrolled, times the number of clients
8 enrolled. In implementing the WMIP and the MICP, the health care
9 authority and the department may: (i) Withhold from calculations of
10 "available resources" as set forth in RCW 71.24.025 a sum equal to
11 the capitated rate for enrolled individuals; and (ii) employ
12 capitation financing and risk-sharing arrangements in collaboration
13 with health care service contractors licensed by the office of the
14 insurance commissioner and qualified to participate in both the
15 medicaid and medicare programs.

16 (b) If Washington has been selected to participate in phase two
17 of the federal demonstration project for persons dually-eligible for
18 both medicare and medicaid, the department and the authority may
19 initiate the MICP. Participation in the project shall be limited to
20 persons who are eligible for both medicare and medicaid and to
21 counties in which the county legislative authority has agreed to the
22 terms and conditions under which it will operate. The purpose of the
23 project shall be to demonstrate and evaluate ways to improve care
24 while reducing state expenditures for persons enrolled both in
25 medicare and medicaid. To that end, prior to initiating the project,
26 the department and the authority shall assure that state expenditures
27 shall be no greater on either a per person or total basis than the
28 state would otherwise incur. Individuals who are solely eligible for
29 medicaid may also participate if their participation is agreed to by
30 the health care authority, the department, and the county legislative
31 authority.

32 (4) The legislature finds that medicaid payment rates, as
33 calculated by the department pursuant to the appropriations in this
34 act, bear a reasonable relationship to the costs incurred by
35 efficiently and economically operated facilities for providing
36 quality services and will be sufficient to enlist enough providers so
37 that care and services are available to the extent that such care and
38 services are available to the general population in the geographic
39 area. The legislature finds that cost reports, payment data from the
40 federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the
2 payment rates.

3 (5) The department shall to the maximum extent practicable use
4 the same system for delivery of spoken-language interpreter services
5 for social services appointments as the one established for medical
6 appointments in section 213 of this act. When contracting directly
7 with an individual to deliver spoken language interpreter services,
8 the department shall only contract with language access providers who
9 are working at a location in the state and who are state-certified or
10 state-authorized, except that when such a provider is not available,
11 the department may use a language access provider who meets other
12 certifications or standards deemed to meet state standards, including
13 interpreters in other states.

14 (6) The department shall facilitate enrollment under the medicaid
15 expansion for clients applying for or receiving state funded services
16 from the department and its contractors. Prior to open enrollment,
17 the department shall coordinate with the health care authority to
18 provide referrals to the Washington health benefit exchange for
19 clients that will be ineligible for the medicaid expansion but are
20 enrolled in coverage that will be eliminated in the transition to the
21 medicaid expansion.

22 (7)(a) The appropriations to the department of social and health
23 services in this act shall be expended for the programs and in the
24 amounts specified in this act. However, after May 1, ((2014)) 2015,
25 unless specifically prohibited by this act, the department may
26 transfer general fund—state appropriations for fiscal year ((2014))
27 2015 among programs after approval by the director of financial
28 management. However, the department shall not transfer state moneys
29 that are provided solely for a specified purpose except as expressly
30 provided in (b) of this subsection.

31 (b) To the extent that transfers under (a) of this subsection are
32 insufficient to fund actual expenditures in excess of fiscal year
33 ((2014)) 2015 caseload forecasts and utilization assumptions in the
34 long-term care, foster care, adoptions support, medicaid personal
35 care, and child support programs, the department may transfer state
36 moneys that are provided solely for a specified purpose. The
37 department shall not transfer funds, and the director of financial
38 management shall not approve the transfer, unless the transfer is
39 consistent with the objective of conserving, to the maximum extent
40 possible, the expenditure of state funds. The director of financial

1 management shall notify the appropriate fiscal committees of the
2 senate and house of representatives in writing seven days prior to
3 approving any allotment modifications or transfers under this
4 subsection. The written notification shall include a narrative
5 explanation and justification of the changes, along with expenditures
6 and allotments by budget unit and appropriation, both before and
7 after any allotment modifications or transfers.

28 conditions and limitations:

29 (1) Within amounts provided for the foster care and adoption
30 support programs, the department shall control reimbursement
31 decisions for foster care and adoption support cases such that the
32 aggregate average cost per case for foster care and for adoption
33 support does not exceed the amounts assumed in the projected caseload
34 expenditures.

35 (2) \$668,000 of the general fund—state appropriation for fiscal
36 year 2014 and \$668,000 of the general fund—state appropriation for
37 fiscal year 2015 are provided solely to contract for the operation of

19 children in succeeding in K-12 and higher education systems and to
20 assure a focus on education during the transition to performance
21 based contracts. Funding shall be prioritized to regions with high
22 numbers of foster care youth and/or regions where backlogs of youth
23 that have formerly requested educational outreach services exist. The
24 department shall utilize private matching funds to maintain
25 educational advocacy services.

26 (4) \$10,741,000 of the home security fund—state appropriation is
27 provided solely for the department to contract for services pursuant
28 to RCW 13.32A.030 and 74.15.220. The department shall contract and
29 collaborate with service providers in a manner that maintains the
30 availability and geographic representation of secure and semi-secure
31 crisis residential centers and HOPE centers. To achieve efficiencies
32 and increase utilization, the department shall allow the co-location
33 of these centers, except that a youth may not be placed in a secure
34 facility or the secure portion of a co-located facility except as
35 specifically authorized by chapter 13.32A RCW. The reductions to
36 appropriations in this subsection related to semi-secure crisis
37 residential centers reflect a reduction to the number of beds for
38 semi-secure crisis residential centers and not a reduction in rates.
39 Any secure crisis residential center or semi-secure crisis

1 residential center bed reduction shall not be based solely upon bed
2 utilization. The department is to exercise its discretion in reducing
3 the number of beds but to do so in a manner that maintains
4 availability and geographic representation of semi-secure and secure
5 crisis residential centers.

6 (5) \$125,000 of the general fund—state appropriation for fiscal

22 (6) \$1,537,000 of the general fund—state appropriation for fiscal
23 year 2014 and \$1,537,000 of the general fund—state appropriation for
24 fiscal year 2015 are provided solely for expansion of the following
25 treatments and therapies in juvenile rehabilitation administration

28 Options to Reduce Future Prison Construction, Criminal Justice Costs
29 and Crime Rates": Multidimensional treatment foster care, family
30 integrated transitions, and aggression replacement training, or other
31 programs with a positive benefit-cost finding in the institute's
32 report. The administration may concentrate delivery of these
33 treatments and therapies at a limited number of programs to deliver
34 the treatments in a cost-effective manner.

35 (7)(a) The juvenile rehabilitation administration shall
36 administer a block grant, rather than categorical funding, of
37 consolidated juvenile service funds, community juvenile
38 accountability act grants, the chemical dependency disposition
39 alternative funds, the mental health disposition alternative, and the

2 adjudicated in the juvenile justice system. In making the block
3 grant, the juvenile rehabilitation administration shall follow the
4 following formula and will prioritize evidence-based programs and
5 disposition alternatives and take into account juvenile courts
6 program-eligible youth in conjunction with the number of youth served
7 in each approved evidence-based program or disposition alternative:
8 (i) Thirty-seven and one-half percent for the at-risk population of
9 youth ten to seventeen years old; (ii) fifteen percent for moderate
10 and high-risk youth; (iii) twenty-five percent for evidence-based
11 program participation; (iv) seventeen and one-half percent for
12 minority populations; (v) three percent for the chemical dependency
13 disposition alternative; and (vi) two percent for the mental health
14 and sentencing dispositional alternatives. Funding for the special

16 the block grant, but allocated on the average daily population in
17 juvenile courts. Funding for the evidence-based expansion grants
18 shall be excluded from the block grant formula. Funds may be used for
19 promising practices when approved by the juvenile rehabilitation
20 administration and juvenile courts, through the community juvenile
21 accountability act committee, based on the criteria established in
22 consultation with Washington state institute for public policy and
23 the juvenile courts.

24 (b) The juvenile rehabilitation administration and the juvenile
25 courts shall establish a block grant funding formula oversight
26 committee with equal representation from the juvenile rehabilitation
27 administration and the juvenile courts. The purpose of this committee
28 is to assess the ongoing implementation of the block grant funding
29 formula, utilizing data-driven decision making and the most current
30 available information. The committee will be cochaired by the
31 juvenile rehabilitation administration and the juvenile courts, who
32 will also have the ability to change members of the committee as
33 needed to achieve its purpose. Initial members will include one
34 juvenile court representative from the finance committee, the
35 community juvenile accountability act committee, the risk assessment
36 quality assurance committee, the executive board of the Washington

2 regional office staff, one representative of the juvenile
3 rehabilitation administration fiscal staff and a juvenile
4 rehabilitation administration division director. The committee may
5 make changes to the formula categories other than the evidence-based
6 program and disposition alternative categories if it is determined
7 the changes will increase statewide service delivery or effectiveness
8 of evidence-based program or disposition alternative resulting in
9 increased cost benefit savings to the state. Long-term cost benefit
10 must be considered. Percentage changes may occur in the evidence-
11 based program or disposition alternative categories of the formula
12 should it be determined the changes will increase evidence-based
13 program or disposition alternative delivery and increase the cost
14 benefit to the state. These outcomes will also be considered in
15 determining when evidence-based expansion or special sex offender
16 disposition alternative funds should be included in the block grant
17 or left separate.

18 (c) The juvenile courts and administrative office of the courts
19 shall be responsible for collecting and distributing information and
20 providing access to the data systems to the juvenile rehabilitation
21 administration and the Washington state institute for public policy
22 related to program and outcome data. The juvenile rehabilitation
23 administration and the juvenile courts will work collaboratively to
24 develop program outcomes that reinforce the greatest cost benefit to
25 the state in the implementation of evidence-based practices and
26 disposition alternatives.

27 (8) The juvenile courts and administrative office of the courts
28 shall collect and distribute information related to program outcome
29 and provide access to these data systems to the juvenile
30 rehabilitation administration and Washington state institute for
31 public policy. The agreements between administrative office of the
32 courts, the juvenile courts, and the juvenile rehabilitation
33 administration shall be executed to ensure that the juvenile
34 rehabilitation administration receives the data that the juvenile
35 rehabilitation administration identifies as needed to comply with
36 this subsection. This includes, but is not limited to, information by
37 program at the statewide aggregate level, individual court level, and
38 individual client level for the purpose of the juvenile
39 rehabilitation administration providing quality assurance and
40 oversight for the locally committed youth block grant and associated

1 funds and at times as specified by the juvenile rehabilitation
2 administration as necessary to carry out these functions. The data
3 shall be provided in a manner that reflects the collaborative work
4 the juvenile rehabilitation administration and juvenile courts have
5 developed regarding program outcomes that reinforce the greatest cost
6 benefit to the state in the implementation of evidence-based
7 practices and disposition alternatives.

8 (9) \$445,000 of the general fund—state appropriation for fiscal
9 year 2014 and \$445,000 of the general fund—state appropriation for
10 fiscal year 2015 are provided solely for funding of the teamchild
11 project.

12 (10) \$178,000 of the general fund—state appropriation for fiscal
13 year 2014 and \$178,000 of the general fund—state appropriation for
14 fiscal year 2015 are provided solely for the juvenile detention
15 alternatives initiative.

16 (11) \$250,000 of the general fund—state appropriation for fiscal
17 year 2014 and \$250,000 of the general fund—state appropriation for
18 fiscal year 2015 are provided solely for a grant program focused on
19 criminal street gang prevention and intervention. The Washington
20 state partnership council on juvenile justice may award grants under
21 this subsection. The council shall give priority to applicants who
22 have demonstrated the greatest problems with criminal street gangs.
23 Applicants composed of, at a minimum, one or more local governmental
24 entities and one or more nonprofit, nongovernmental organizations
25 that have a documented history of creating and administering
26 effective criminal street gang prevention and intervention programs
27 may apply for funding under this subsection.

28 (12) \$400,000 of the general fund—state appropriation for fiscal
29 year 2015 is provided solely for competitive grants to community-
30 based organizations to provide at-risk youth intervention services,
31 including but not limited to, case management, employment services,
32 educational services, and street outreach intervention programs.
33 Projects funded should focus on preventing, intervening, and
34 suppressing behavioral problems and violence while linking at-risk
35 youth to pro-social activities. The costs of administration may not
36 exceed four percent of appropriated funding for each grant recipient.
37 Each entity receiving funds must report to the juvenile
38 rehabilitation administration on the number and types of youth

1 served, the services provided, and the impact of those services upon
2 the youth and the community.

7 (1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS

8	General Fund—State Appropriation (FY 2014).	\$328,527,000
9	General Fund—State Appropriation (FY 2015).	((329,208,000))
10		<u>\$323,005,000</u>
11	General Fund—Federal Appropriation.	((666,113,000))
12		<u>\$770,476,000</u>
13	General Fund—Private/Local Appropriation.	\$17,864,000
14	TOTAL APPROPRIATION.	((1,341,712,000))
15		<u>\$1,439,872,000</u>

16 The appropriations in this subsection are subject to the
17 following conditions and limitations:

18 (a) \$104,999,000 of the general fund—state appropriation for
19 fiscal year 2014 and \$88,895,000 of the general fund—state
20 appropriation for fiscal year 2015 are provided solely for persons
21 and services not covered by the medicaid program. To the extent
22 possible, levels of regional support network spending shall be
23 maintained in the following priority order: Crisis and commitment
24 services; community inpatient services; and residential care
25 services, including personal care and emergency housing assistance.
26 This is a reduction in flexible nonmedicaid funding of \$4,343,000 for
27 fiscal year 2014 and \$20,446,000 for fiscal year 2015. This reduction
28 reflects offsets in state funding related to services that will now
29 be funded with federal dollars through the affordable care act
30 medicaid expansion. This reduction shall be distributed as follows:

31 (i) The \$4,343,000 reduction in fiscal year 2014 and \$10,223,000
32 of the reduction in fiscal year 2015 must be distributed among
33 regional support networks based on a formula that equally weights
34 each regional support networks proportion of individuals who become
35 newly eligible and enroll in medicaid under the expansion provisions
36 of the affordable care act in fiscal year 2014 and each regional
37 support network's spending of flexible nonmedicaid funding on
38 services that would be reimbursable for federal medicaid matching

1 funds if provided to medicaid enrollees in the 2011-2013 fiscal
2 biennium.

3 (ii) The remaining \$10,223,000 reduction in fiscal year 2015 must
4 be distributed among regional support networks based on each regional
5 support network's proportion of individuals who become newly eligible
6 and enroll in medicaid under the expansion provisions of the
7 affordable care act through fiscal year 2015.

8 (b) \$6,590,000 of the general fund—state appropriation for fiscal
9 year 2014, \$6,590,000 of the general fund—state appropriation for
10 fiscal year 2015, and \$7,620,000 of the general fund—federal
11 appropriation are provided solely for the department and regional
12 support networks to continue to contract for implementation of high-
13 intensity programs for assertive community treatment (PACT) teams. In
14 determining the proportion of medicaid and nonmedicaid funding
15 provided to regional support networks with PACT teams, the department
16 shall consider the differences between regional support networks in
17 the percentages of services and other costs associated with the teams
18 that are not reimbursable under medicaid. The department may allow
19 regional support networks which have nonmedicaid reimbursable costs
20 that are higher than the nonmedicaid allocation they receive under
21 this section to supplement these funds with local dollars or funds
22 received under section 204(1)(a) of this act. The department and
23 regional support networks shall maintain consistency with all
24 essential elements of the PACT evidence-based practice model in
25 programs funded under this section.

26 (c) \$5,850,000 of the general fund—state appropriation for fiscal
27 year 2014, \$5,850,000 of the general fund—state appropriation for
28 fiscal year 2015, and \$1,300,000 of the general fund—federal
29 appropriation are provided solely for the western Washington regional
30 support networks to provide either community- or hospital campus-
31 based services for persons who require the level of care previously
32 provided by the program for adaptive living skills (PALS) at western
33 state hospital.

34 (d) The number of nonforensic beds allocated for use by regional
35 support networks at eastern state hospital shall be 192 per day. The
36 number of nonforensic beds allocated for use by regional support
37 networks at western state hospital shall be 557 per day.

38 (e) From the general fund—state appropriations in this
39 subsection, the secretary of social and health services shall assure

1 that regional support networks reimburse the aging and disability
2 services administration for the general fund—state cost of medicaid
3 personal care services that enrolled regional support network
4 consumers use because of their psychiatric disability.

5 (f) The department is authorized to continue to contract
6 directly, rather than through contracts with regional support
7 networks, for children's long-term inpatient facility services.

8 (g) \$750,000 of the general fund—state appropriation for fiscal
9 year 2014 and \$750,000 of the general fund—state appropriation for
10 fiscal year 2015 are provided solely to continue performance-based
11 incentive contracts to provide appropriate community support services
12 for individuals with severe mental illness who were discharged from
13 the state hospitals as part of the expanding community services
14 initiative. These funds will be used to enhance community residential
15 and support services provided by regional support networks through
16 other state and federal funding.

17 (h) \$1,125,000 of the general fund—state appropriation for fiscal
18 year 2014 and \$1,125,000 of the general fund—state appropriation for
19 fiscal year 2015 are provided solely for the Spokane regional support
20 network to implement services to reduce utilization and the census at
21 eastern state hospital. Such services shall include:

22 (i) High intensity treatment team for persons who are high
23 utilizers of psychiatric inpatient services, including those with co-
24 occurring disorders and other special needs;

25 (ii) Crisis outreach and diversion services to stabilize in the
26 community individuals in crisis who are at risk of requiring
27 inpatient care or jail services;

28 (iii) Mental health services provided in nursing facilities to
29 individuals with dementia, and consultation to facility staff
30 treating those individuals; and

31 (iv) Services at the sixteen-bed evaluation and treatment
32 facility.

33 At least annually, the Spokane regional support network shall
34 assess the effectiveness of these services in reducing utilization at
35 eastern state hospital, identify services that are not optimally
36 effective, and modify those services to improve their effectiveness.

37 (i) \$1,529,000 of the general fund—state appropriation for fiscal
38 year 2014 and \$1,529,000 of the general fund—state appropriation for
39 fiscal year 2015 are provided solely to reimburse Pierce and Spokane

1 counties for the cost of conducting 180-day commitment hearings at
2 the state psychiatric hospitals.

3 (j) Regional support networks may use local funds to earn
4 additional federal medicaid match, provided the locally matched rate
5 does not exceed the upper-bound of their federally allowable rate
6 range, and provided that the enhanced funding is used only to provide
7 medicaid state plan or waiver services to medicaid clients.
8 Additionally, regional support networks may use a portion of the
9 state funds allocated in accordance with (a) of this subsection to
10 earn additional medicaid match, but only to the extent that the
11 application of such funds to medicaid services does not diminish the
12 level of crisis and commitment, community inpatient, residential
13 care, and outpatient services presently available to persons not
14 eligible for medicaid.

15 (k) \$3,436,000 of the general fund—state appropriation for fiscal
16 year 2014 and \$2,291,000 of the general fund—state appropriation for
17 fiscal year 2015 are provided solely for mental health services for
18 mentally ill offenders while confined in a county or city jail and
19 for facilitating access to programs that offer mental health services
20 upon release from confinement.

21 (l) \$523,000 of the general fund—state appropriation for fiscal
22 year 2014, \$775,000 of the general fund—state appropriation for
23 fiscal year 2015, and \$854,000 of the general fund—federal
24 appropriation are provided solely for implementation of sections 3
25 through 5 of chapter 289, Laws of 2013 (E2SHB 1114). Regional support
26 networks must use this funding for the development of intensive
27 community programs that allow individuals to be diverted or
28 transitioned from the state hospitals in accordance with plans
29 approved by the department.

30 (m) \$5,986,000 of the general fund—state appropriation for fiscal
31 year 2014, \$11,592,000 of the general fund—state appropriation for
32 fiscal year 2015, and \$10,160,000 of the general fund—federal
33 appropriation are provided solely for implementation of chapter 335,
34 Laws of 2013 (ESSB 5480). Regional support networks must use this
35 funding for the development of intensive community programs that
36 allow individuals to be diverted or transitioned from the state
37 hospitals in accordance with plans approved by the department.

38 (n) Due to recent approval of federal medicaid matching funds for
39 the disability lifeline and the alcohol and drug abuse treatment

1 support act programs, the department shall charge regional support
2 networks for only the state share rather than the total cost of
3 community psychiatric hospitalization for persons enrolled in those
4 programs.

5 (o) The legislature finds that the circumstances of the Chelan-
6 Douglas regional support network (CD-RSN) make it necessary for CD-
7 RSN to undergo restructuring in order to provide mental health
8 services essential to the health and wellness of the citizens within
9 its service area. The legislature intends to provide additional
10 temporary financial relief to the CD-RSN while it undergoes internal
11 restructuring or negotiates a merger with another regional support
12 network.

13 The department shall negotiate relief for outstanding fiscal year
14 2013 reimbursements owed by CD-RSN to the state provided that the CD-
15 RSN has a plan in place that is approved by the department by August
16 1, 2013, that demonstrates how CD-RSN will maintain financial
17 viability and stability or will merge with another regional support
18 network.

19 For the period of July 1, 2013, through December 31, 2013, the
20 department may alter collection of reimbursement from CD-RSN for
21 overuse of state hospital beds. To receive a reduction to the
22 required reimbursement for overuse of state hospital beds, CD-RSN
23 must continue to prioritize services that reduce its utilization and
24 census at eastern state hospital and be actively implementing an
25 approved plan to maintain financial viability or pursuing a future
26 merger with another regional support network. Up to \$298,000 of the
27 general fund—state appropriation for fiscal year 2014 is for the
28 department to provide payments to regional support networks in
29 eastern Washington which have used less than their allocated or
30 contracted patient days of care at the state hospital to replace the
31 share of the reimbursements from CD-RSN that the regional support
32 networks would have received under RCW 71.24.320.

33 (p) \$266,000 of the general fund—state appropriation for fiscal
34 year 2014 and \$1,500,000 of the general fund—state appropriation for
35 fiscal year 2015 are provided solely to maintain services for the
36 King county regional support network as it works to transition
37 services to settings that are eligible for federal participation for
38 individuals covered under the medicaid program.

1 (q) Within the amounts appropriated in this section, funding is
2 provided for the department to develop and phase in intensive mental
3 health services for high needs youth consistent with the settlement
4 agreement in *T.R. v. Dreyfus and Porter*.

5 (r) \$7,281,000 of the general fund—state appropriation for fiscal
6 year 2015 and \$4,589,000 of the general fund—federal appropriation
7 are provided solely for enhancement of community mental health
8 services. The department must contract these funds for the operation
9 of community programs in which the department determines there is a
10 need for capacity that allows individuals to be diverted or
11 transitioned from the state hospitals including but not limited to:
12 (i) Community hospital or free standing evaluation and treatment
13 services providing short-term detention and commitment services under
14 the involuntary treatment act to be located in the geographic areas
15 of the King regional support network, the Spokane regional support
16 network outside of Spokane county, and the Thurston Mason regional
17 support network; (ii) one new full program of an assertive community
18 treatment team in the King regional support network and two new half
19 programs of assertive community treatment teams in the Spokane
20 regional support network and the Pierce regional support network; and
21 (iii) three new recovery support services programs in the Grays
22 Harbor regional support network, the greater Columbia regional
23 support network, and the north sound regional support network. In
24 contracting for community evaluation and treatment services, the
25 department may not use these resources in facilities that meet the
26 criteria to be classified under federal law as institutions for
27 mental diseases. If the department is unable to come to a contract
28 agreement with a designated regional support network for any of the
29 services identified above, it may consider contracting for that
30 service in another regional support network that has the need for
31 such service.

23 reimburse the medicaid share of the skilled nursing facility safety
24 net assessment as a medicaid allowable cost. The nursing facility
25 safety net rate add-on may not be included in the calculation of the

27 (e) The rate add-on provided in (c) of this subsection is subject
28 to the reconciliation and settlement process provided in RCW
29 74.46.022(6).

30 (f) If the waiver requested from the federal centers for medicare
31 and medicaid services in relation to the safety net assessment is for

33 additional add-on in (a) of this subsection do not apply.

35 following rate add-ons per medicaid resident day:

14 not exceed the department's annual licensing and oversight activity
15 costs and shall include the department's cost of paying providers for
16 the amount of the license fee attributed to medicaid clients.

17 (a) The current annual renewal license fee for adult family homes
18 shall be increased to \$225 per bed beginning in fiscal year 2014 and

30 For all contractors: (a) Service and other outcome data must be
31 provided to the department by request; (b) program modifications

29 waiver. The department may conduct a request for proposal process to
30 fulfill this requirement and adopt rates that are comparable to the
31 pilot projects implemented in the 2011-13 fiscal biennium. The

33 in setting up or converting to 16-bed facilities. This funding may
34 also be used for providers that are developing new capacity for
35 clients who will become eligible for services under the affordable
36 care act medicaid expansion. The number of beds available for

1 including adding or adjusting premiums, modifying benefits, or
2 reducing optional programs. To the extent a waiver is needed to
3 accomplish this, the director shall promptly apply for such waiver.
4 If a necessary waiver is not approved, the medicaid expansion program
5 shall be terminated upon appropriate notification to the legislature
6 and enrollees.

7 (2) The requirements of this subsection apply to the basic health
8 plan. This subsection is null and void and has no further effect upon
9 implementation of the medicaid expansion under subsection (1) of this
10 section.

11 (a) Within amounts appropriated in this section and sections 205
12 and 206 of this act, the health care authority shall continue to
13 provide an enhanced basic health plan subsidy for foster parents
14 licensed under chapter 74.15 RCW and workers in state-funded home
15 care programs. Under this enhanced subsidy option, foster parents
16 eligible to participate in the basic health plan as subsidized
17 enrollees and home care workers with family incomes below 200 percent
18 of the federal poverty level shall be allowed to enroll in the basic
19 health plan at the minimum premium amount charged to enrollees with
20 incomes below sixty-five percent of the federal poverty level.

21 (b) The health care authority shall require organizations and
22 individuals that are paid to deliver basic health plan services and
23 that choose to sponsor enrollment in the subsidized basic health plan
24 to pay 133 percent of the premium amount which would otherwise be due
25 from the sponsored enrollees.

26 (c) The administrator shall take at least the following actions
27 to assure that persons participating in the basic health plan are
28 eligible for the level of assistance they receive: (a) Require
29 submission of (i) income tax returns, and recent pay history, from
30 all applicants, or (ii) other verifiable evidence of earned and

8 foster parents licensed under chapter 74.15 RCW.

9 (3) The legislature finds that medicaid payment rates, as
10 calculated by the health care authority pursuant to the
11 appropriations in this act, bear a reasonable relationship to the
12 costs incurred by efficiently and economically operated facilities
13 for providing quality services and will be sufficient to enlist
14 enough providers so that care and services are available to the
15 extent that such care and services are available to the general
16 population in the geographic area. The legislature finds that the
17 cost reports, payment data from the federal government, historical
18 utilization, economic data, and clinical input constitute reliable
19 data upon which to determine the payment rates.

20 (4) Based on quarterly expenditure reports and caseload
21 forecasts, if the health care authority estimates that expenditures
22 for the medical assistance program will exceed the appropriations,
23 the health care authority shall take steps including but not limited
24 to reduction of rates or elimination of optional services to reduce
25 expenditures so that total program costs do not exceed the annual
26 appropriation authority.

27 (5) In determining financial eligibility for medicaid-funded
28 services, the health care authority is authorized to disregard
29 recoveries by Holocaust survivors of insurance proceeds or other
30 assets, as defined in RCW 48.104.030.

31 (6) The legislature affirms that it is in the state's interest
32 for Harborview medical center to remain an economically viable
33 component of the state's health care system.

34 (7) When a person is ineligible for medicaid solely by reason of
35 residence in an institution for mental diseases, the health care
36 authority shall provide the person with the same benefits as he or
37 she would receive if eligible for medicaid, using state-only funds to
38 the extent necessary.

39 (8) \$4,261,000 of the general fund—state appropriation for fiscal
40 year 2014, \$4,261,000 of the general fund—state appropriation for

1 fiscal year 2015, and \$8,522,000 of the general fund—federal

4 (9) \$400,000 of the general fund—state appropriation for fiscal
5 year 2014, \$200,000 of the general fund—state appropriation for
6 fiscal year 2015, and \$600,000 of the general fund—federal
7 appropriation are provided solely for disproportionate share hospital
8 payments to rural hospitals certified by the centers for medicare and
9 medicaid services as sole community hospitals as of January 1, 2013,
10 with less than one hundred fifty acute care licensed beds in fiscal
11 year 2011 that do not participate in the certified public
12 expenditures program. The authority shall discontinue these payments
13 on January 1, 2015.

14 (10) \$100,000 of the general fund—state appropriation for fiscal
15 year 2014 and \$50,000 of the general fund—state appropriation for
16 fiscal year 2015 are provided solely for grants to rural hospitals in
17 Clallam county that were certified by the centers for medicare and
18 medicaid services as sole community hospitals as of January 1, 2013,
19 with less than one hundred fifty acute care licensed beds in fiscal
20 year 2011. The authority shall discontinue these payments on January
21 1, 2015.

22 (11) \$100,000 of the general fund—state appropriation for fiscal
23 year 2015 and \$100,000 of the general fund—federal appropriation are
24 provided solely for disproportionate share hospital payments
25 beginning on January 1, 2015, to rural hospitals in Lewis county that
26 were certified by the centers for medicare and medicaid services as
27 sole community hospitals as of January 1, 2013, with less than one
28 hundred fifty acute care licensed beds in fiscal year 2011. The
29 authority shall discontinue these payments after June 30, 2015.

30 (12) \$150,000 of the general fund—state appropriation for fiscal
31 year 2015 is provided solely for grants to rural public hospitals in
32 Grant county that were certified by the centers for medicare and
33 medicaid services as sole community hospitals as of January 1, 2013,

35 year 2011. The authority shall discontinue these payments after June
36 30, 2015.

37 (13) Within the amounts appropriated in this section, the health
38 care authority shall provide disproportionate share hospital payments
39 to hospitals that provide services to children in the children's

1 health program who are not eligible for services under Title XIX or
2 XXI of the federal social security act due to their citizenship
3 status.

4 (14) \$6,000,000 of the general fund—federal appropriation is
5 provided solely for supplemental payments to nursing homes operated
6 by public hospital districts. The public hospital district shall be
7 responsible for providing the required nonfederal match for the
8 supplemental payment, and the payments shall not exceed the maximum
9 allowable under federal rules. It is the legislature's intent that
10 the payments shall be supplemental to and shall not in any way offset
11 or reduce the payments calculated and provided in accordance with
12 part E of chapter 74.46 RCW. It is the legislature's further intent
13 that costs otherwise allowable for rate-setting and settlement
14 against payments under chapter 74.46 RCW shall not be disallowed
15 solely because such costs have been paid by revenues retained by the
16 nursing home from these supplemental payments. The supplemental
17 payments are subject to retrospective interim and final cost
18 settlements based on the nursing homes' as-filed and final medicare
19 cost reports. The timing of the interim and final cost settlements
20 shall be at the health care authority's discretion. During either the
21 interim cost settlement or the final cost settlement, the health care
22 authority shall recoup from the public hospital districts the
23 supplemental payments that exceed the medicaid cost limit and/or the
24 medicare upper payment limit. The health care authority shall apply
25 federal rules for identifying the eligible incurred medicaid costs
26 and the medicare upper payment limit.

27 (15) The health care authority shall continue the inpatient
28 hospital certified public expenditures program for the 2013-2015
29 fiscal biennium. The program shall apply to all public hospitals,
30 including those owned or operated by the state, except those
31 classified as critical access hospitals or state psychiatric
32 institutions. The health care authority shall submit reports to the
33 governor and legislature by November 1, 2013, and by November 1,
34 2014, that evaluate whether savings continue to exceed costs for this
35 program. If the certified public expenditures (CPE) program in its
36 current form is no longer cost-effective to maintain, the health care
37 authority shall submit a report to the governor and legislature
38 detailing cost-effective alternative uses of local, state, and
39 federal resources as a replacement for this program. During fiscal
40 year 2014 and fiscal year 2015, hospitals in the program shall be

1 paid and shall retain one hundred percent of the federal portion of
2 the allowable hospital cost for each medicaid inpatient fee-for-
3 service claim payable by medical assistance and one hundred percent
4 of the federal portion of the maximum disproportionate share hospital
5 payment allowable under federal regulations. Inpatient medicaid
6 payments shall be established using an allowable methodology that
7 approximates the cost of claims submitted by the hospitals. Payments
8 made to each hospital in the program in each fiscal year of the
9 biennium shall be compared to a baseline amount. The baseline amount
10 will be determined by the total of (a) the inpatient claim payment
11 amounts that would have been paid during the fiscal year had the
12 hospital not been in the CPE program based on the reimbursement rates
13 developed, implemented, and consistent with policies approved in the
14 2013-2015 biennial operating appropriations act and in effect on July
15 1, 2013, (b) one-half of the indigent assistance disproportionate
16 share hospital payment amounts paid to and retained by each hospital
17 during fiscal year 2005, and (c) all of the other disproportionate
18 share hospital payment amounts paid to and retained by each hospital
19 during fiscal year 2005 to the extent the same disproportionate share
20 hospital programs exist in the 2013-2015 fiscal biennium. If payments
21 during the fiscal year exceed the hospital's baseline amount, no
22 additional payments will be made to the hospital except the federal
23 portion of allowable disproportionate share hospital payments for
24 which the hospital can certify allowable match. If payments during
25 the fiscal year are less than the baseline amount, the hospital will
26 be paid a state grant equal to the difference between payments during
27 the fiscal year and the applicable baseline amount. Payment of the
28 state grant shall be made in the applicable fiscal year and
29 distributed in monthly payments. The grants will be recalculated and
30 redistributed as the baseline is updated during the fiscal year. The
31 grant payments are subject to an interim settlement within eleven

20 rate for its medicaid-only managed care enrollees under section 2703.

21 (39) The health care authority shall not initiate any services
22 that require expenditure of state general fund moneys unless
23 expressly authorized in this act or other law. The health care
24 authority may seek, receive, and spend, under RCW 43.79.260 through
25 43.79.282, federal moneys not anticipated in this act as long as the
26 federal funding does not require expenditure of state moneys for the
27 program in excess of amounts anticipated in this act. If the health
28 care authority receives unanticipated unrestricted federal moneys,
29 those moneys shall be spent for services authorized in this act or in
30 any other legislation providing appropriation authority, and an equal
31 amount of appropriated state general fund moneys shall lapse. Upon
32 the lapsing of any moneys under this subsection, the office of

2 authority shall reimburse for primary care services provided by
3 naturopathic physicians.

4 (41) Within amounts appropriated, the health care authority shall

28 (43) Within the amounts appropriated in this section, the
29 authority shall continue to provide coverage after December 31, 2013,
30 for pregnant teens that qualify under existing pregnancy medical
31 programs, but whose eligibility for pregnancy related services would
32 otherwise end due to the application of the new modified adjusted
33 gross income eligibility standard.

34 (44) Sufficient amounts are appropriated in this section to
35 restore medicaid coverage under the breast and cervical cancer
36 treatment program.

37 (45) \$40,000 of the general fund—state appropriation for fiscal

39 provided solely for the authority to create a new position to provide

1 adequate oversight and assistance to managed care organizations,
2 rural health clinics, and federally qualified health centers under a
3 new administratively streamlined payment methodology. Effective July
4 1, 2013, or upon obtaining any necessary federal approval, but in no
5 case during the first quarter of a calendar year, the authority shall
6 implement an administratively streamlined payment methodology for
7 federally qualified health centers and rural health clinics. The
8 authority's payments to managed care organizations shall include the
9 full encounter payment comprised of both the standard and enhancement
10 payments for federally qualified health centers and rural health
11 clinics as defined in the medicaid state plan and in accordance with
12 section 1902(bb) of the social security act (42 U.S.C. 1396a(bb)). At
13 no time will a managed care organization be at risk for or have any
14 claim to the supplemental payment portion of the rate which will be
15 reconciled to ensure accurate payment and full pass through of the
16 obligated funds. For any services eligible for encounter payments, as
17 defined in the medicaid state plan, managed care organizations shall
18 be required to pay at least the full published encounter rates
19 directly to each clinic or center, and payments will be reconciled on
20 at least an annual basis between the managed care organization and
21 the authority, with final review and approval by the authority. At
22 the option of any clinic, the enhancement payment can be received
23 from the managed care organization on a per member per month basis
24 for all assigned managed care enrollees in an amount prescribed by
25 the authority. Nothing in this section is intended to disrupt
26 mutually agreeable contractual arrangements between managed care
27 organizations and clinics that impact how the standard payment for
28 services is paid. The authority will require participating managed
29 care organizations to reimburse federally qualified health centers
30 and rural health clinics for clean claims in strict adherence to the
31 timeliness of payment standards established under contract and
32 specified for the medicaid fee-for-service program in section
33 1902(a)(37) of the social security act (42 U.S.C. 1396a(a)(37)), 42
34 C.F.R. Sec. 447.46, and specified for health carriers in WAC
35 284-43-321. The authority shall exercise all necessary options under
36 its existing sanctions policy to enforce timely payment of claims.
37 The authority shall ensure necessary staff and resources are
38 identified to actively monitor and enforce the timeliness and
39 accuracy of payments to federally qualified health centers and rural
40 health clinics. By January 1, 2014, and after collaboration with

1 federally qualified health centers, rural health clinics, managed
2 care plans, and the centers for medicare and medicaid services, the
3 authority will produce a report that provides options for a new
4 payment methodology that rewards innovation and outcomes over volume
5 of services delivered, and which maintains the integrity of the rural
6 health clinic and federally qualified health center programs as
7 outlined under federal law. The report will detail necessary federal
8 authority for implementation and provide the benefits and drawbacks
9 of each option.

10 (46) \$3,605,000 of the general fund—state appropriation for
11 fiscal year 2014 is provided solely to proportionally reduce the
12 amounts that rural health clinics owe the state under the calendar
13 year 2009 recoupment.

14 (47) Sufficient amounts are appropriated in this section to
15 remove the mental health visit limit and to provide the shingles
16 vaccine and screening, brief intervention, and referral to treatment
17 benefits that are available in the medicaid alternative benefit plan
18 in the current medicaid benefit plan beginning January 1, 2014.

19 (48) The appropriations in this section reflect savings and
20 efficiencies achieved by modifying dispensing methods of
21 contraceptive drugs. The authority must make arrangements for all
22 medicaid programs offered through managed care plans or fee-for-
23 service programs to require dispensing of contraceptive drugs with a
24 one-year supply provided at one time unless a patient requests a
25 smaller supply or the prescribing physician instructs that the
26 patient must receive a smaller supply. Contracts with managed care
27 plans must allow on-site dispensing of the prescribed contraceptive
28 drugs at family planning clinics. Dispensing practices must follow
29 clinical guidelines for appropriate prescribing and dispensing to
30 ensure the health of the patient while maximizing access to effective
31 contraceptive drugs.

32 (49)(a) \$75,000 of the general fund—state appropriation for
33 fiscal year 2014 and \$75,000 of the general fund—federal

38 is provided solely for the development of options related to the
39 targeted premium assistance program. The authority shall develop

3 for the expansion adults, identified in section
4 1902(a)(10)(A)(i)(VIII) of the social security act, with incomes
5 above one hundred percent of the federal poverty level, and for
6 children covered in the children's health insurance program with
7 incomes above two hundred percent of the federal poverty level, with
8 a goal of providing seamless coverage through the health benefit
9 exchange and improving opportunities for families to be covered in
10 the same health plans. The options must include the possibility of
11 applying premiums for individuals and cost-sharing that may exceed
12 the five percent of family income cap under federal law, and the
13 options must include recommendations to make the targeted premium
14 assistance program cost neutral. The authority shall submit a report
15 on the options to the legislature and the governor by January 1,
16 2014. The authority is encouraged to be creative, use subject matter
17 experts, and exhaust all possible options to achieve cost neutrality.
18 The report shall also include a detailed plan and timeline. \$75,000
19 of the amounts appropriated in this subsection is provided solely for
20 the development of options related to the federal basic health
21 option. The authority shall prepare options for implementing the
22 federal basic health option as federal guidance becomes available.
23 The authority shall submit a report on the options to the legislature
24 and the governor by January 1, 2014, or ninety days following the
25 release of federal guidance. The report must include a comparison of
26 the premiums and cost-sharing under the federal basic health option
27 with the premium assistance options described in this subsection,
28 options for implementing the federal basic health option in
29 combination with a premium assistance program, a detailed fiscal
30 analysis for each coverage approach, including the estimated costs
31 for system design and implementation, and information about impacted
32 populations.

33 (b) Where possible, the authority shall leverage the same expert
34 consultants to review each proposal and compare and contrast the
35 approaches to ensure seamless coordination with the health benefit
36 exchange.

37 (c) The authority shall collaborate with the joint select
38 committee on health care oversight in the development of these
39 options.

1 (50) \$171,000 of the general fund—state appropriation for fiscal
2 year 2015 and \$145,000 of the general fund—federal appropriation are
3 provided solely to implement Second Substitute Senate Bill No. 6312
4 (mental health, chemical dependency) and Engrossed Second Substitute
5 House Bill No. 2315 (suicide prevention). If Second Substitute Senate
6 Bill No. 6312 (mental health, chemical dependency) is not enacted by
7 June 30, 2014, the amounts provided in this subsection shall lapse.

8 (51) \$604,000 of the general fund—state appropriation for fiscal
9 year 2014, \$597,000 of the general fund—state appropriation for

15 (52) \$306,000 of the general fund—state appropriation for fiscal
16 year 2015 and \$306,000 of the general fund—federal appropriation are
17 provided solely to implement Substitute House Bill No. 2310 (provider
18 safety equipment). If the bill is not enacted by June 30, 2014, the
19 amounts provided in this subsection shall lapse.

20 (53) \$390,000 of the general fund—state appropriation for fiscal
21 year 2015 and \$3,510,000 of the general fund—federal appropriation
22 are provided solely for medicaid clients to select the medicaid

24 healthplanfinder online marketplace.

25 (54) \$561,000 of the general fund—state appropriation for fiscal
26 year 2015, \$2,000 of the general fund—local appropriation, and
27 \$693,000 of the general fund—federal appropriation are provided
28 solely for the authority to add autism screenings for children age
29 eighteen months beginning July 1, 2014.

30 (55) By December 1, 2014, the authority shall report to the
31 legislative fiscal committees with options for reducing payments to
32 hospital owned physician practices or clinics that are higher than
33 the maximum resource based relative value scale fee rates received by
34 nonhospital owned physician practices or clinics for the same
35 procedures. The authority shall include options for exempting certain
36 hospital owned clinics from the reductions and the fiscal impacts of
37 those options. The authority shall not enter into or renew any
38 contracts under RCW 74.60.160 that would restrict the authority's

1 ability to implement any of these options in the 2015-2017 fiscal
2 biennium.

3 (56) The appropriations to the authority in this act shall be
4 expended for the purposes and in the amounts specified in this act.
5 To the extent that appropriations in this section are insufficient to
6 fund actual expenditures in excess of caseload forecasts and
7 utilization assumptions, the authority, after May 1, (~~2014~~) 2015,
8 may transfer general fund—state appropriations for fiscal year
9 (~~2014~~) 2015 that are provided solely for a specified purpose. The
10 authority shall not transfer funds, and the director of financial
11 management shall not approve the transfer, unless the transfer is
12 consistent with the objective of conserving, to the maximum extent
13 possible, the expenditure of state funds. The director of financial
14 management shall notify the appropriate fiscal committees of the
15 senate and house of representatives in writing seven days prior to
16 approving any allotment modifications or transfers under this
17 subsection. The written notification shall include a narrative
18 explanation and justification of changes, along with expenditures and
19 allotments by budget unit and appropriation, both before and after
20 any allotment modifications or transfers.

34 subsection (5) are calculated by first multiplying the total number
35 of eligible certificated instructional, certificated administrative,
36 and classified staff units providing school-based or district-wide

1 support services, as identified in RCW 28A.150.260(6)(b), by 5.3

12 (a) of this subsection.

13 (d) For students in approved career-technical and skill center
14 programs, central office classified units are allocated at the same
15 staff unit per student rate as those generated for general education

37 subsections (2), (3), and (5) of this section; and

38 (b) The number of classified staff units determined in
39 subsections (4) and (5) of this section multiplied by 1.152. This

1 factor is intended to adjust allocations so that, for the purposes of
2 distributing insurance benefits, full-time equivalent classified
3 employees may be calculated on the basis of 1440 hours of work per
4 year, with no individual employee counted as more than one full-time
5 equivalent.
