**HUMAN SERVICES**

**NEW SECTION. Sec. 201. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the  
2 payment rates.

3 (4) The department shall to the maximum extent practicable use  
4 the same system for delivery of spoken-language interpreter services  
5 for social services appointments as the one established for medical  
6 appointments in the health care authority. When contracting directly  
7 with an individual to deliver spoken language interpreter services,  
8 the department shall only contract with language access providers who  
9 are working at a location in the state and who are state-certified or  
10 state-authorized, except that when such a provider is not available,  
11 the department may use a language access provider who meets other  
12 certifications or standards deemed to meet state standards, including  
13 interpreters in other states.

14 (5) Information technology projects or investments and proposed  
15 projects or investments impacting time capture, payroll and payment  
16 processes and systems, eligibility, case management, and  
17 authorization systems within the department of social and health  
18 services are subject to technical oversight by the office of the  
19 chief information officer.

20 (6)(a) The department shall facilitate enrollment under the  
21 medicaid expansion for clients applying for or receiving state funded  
22 services from the department and its contractors. Prior to open  
23 enrollment, the department shall coordinate with the health care  
24 authority to provide referrals to the Washington health benefit  
25 exchange for clients that will be ineligible for medicaid.

26 (b) To facilitate a single point of entry across public and  
27 medical assistance programs, and to maximize the use of federal  
28 funding, the health care authority, the department of social and  
29 health services, and the health benefit exchange will coordinate  
30 efforts to expand HealthPlanfinder access to public assistance and  
31 medical eligibility staff. The department shall complete medicaid  
32 applications in the HealthPlanfinder for households receiving or  
33 applying for public assistance benefits.

18 Intervention Services for Children and Juveniles in the Child  
19 Welfare, Juvenile Justice, and Mental Health Systems." The  
20 administration may concentrate delivery of these treatments and

23 (4)(a) \$6,198,000 of the general fund—state appropriation for

36 Consolidated juvenile service (CJS) funds, community juvenile  
37 accountability act (CJAA) grants, chemical dependency/mental health

39 (SDA). The juvenile rehabilitation administration shall follow the

1 following formula and must prioritize evidence-based programs and  
2 disposition alternatives and take into account juvenile courts  
3 program-eligible youth in conjunction with the number of youth served  
4 in each approved evidence-based program or disposition alternative:  
5 (i) Thirty-seven and one-half percent for the at-risk population of  
6 youth ten to seventeen years old; (ii) fifteen percent for the  
7 assessment of low, moderate, and high-risk youth; (iii) twenty-five  
8 percent for evidence-based program participation; (iv) seventeen and  
9 one-half percent for minority populations; (v) three percent for the

11 (vi) two percent for the suspended dispositional alternatives.  
12 Funding for the special sex offender disposition alternative (SSODA)  
13 shall not be included in the block grant, but allocated on the

20 state institute for public policy and the juvenile courts.

21 (c) If Second Substitute House Bill No. 1280 (referred and  
22 diverted youth) is enacted, then the administration must implement a  
23 stop-loss policy when allocating funding under (b) of this subsection  
24 in the 2017-2019 fiscal biennium. Under the stop-loss policy, funding  
25 formula changes may not result in a funding loss for any juvenile  
26 court of more than two percent from one year to the next. The  
27 committee in (d) of this subsection must establish a minimum base  
28 level of funding for juvenile courts with lower numbers of at-risk  
29 youth age 10 - 17. The administration must report to the legislature  
30 by December 1, 2018, about how funding is used for referred youth and  
31 the impact of that use on overall use of funding. If the bill is not

33 (d) The juvenile rehabilitation administration and the juvenile  
34 courts shall establish a block grant funding formula oversight  
35 committee with equal representation from the juvenile rehabilitation  
36 administration and the juvenile courts. The purpose of this committee  
37 is to assess the ongoing implementation of the block grant funding  
38 formula, utilizing data-driven decision making and the most current  
39 available information. The committee will be co-chaired by the  
40 juvenile rehabilitation administration and the juvenile courts, who

1 will also have the ability to change members of the committee as  
2 needed to achieve its purpose. The committee may make changes to the  
3 formula categories in (b) of this subsection if it determines the  
4 changes will increase statewide service delivery or effectiveness of  
5 evidence-based program or disposition alternative resulting in  
6 increased cost/benefit savings to the state, including long-term  
7 cost/benefit savings. The committee must also consider these outcomes  
8 in determining when evidence-based expansion or special sex offender  
9 disposition alternative funds should be included in the block grant  
10 or left separate.

11 (e) The juvenile courts and administrative office of the courts  
12 must collect and distribute information and provide access to the  
13 data systems to the juvenile rehabilitation administration and the  
14 Washington state institute for public policy related to program and  
15 outcome data. The juvenile rehabilitation administration and the  
16 juvenile courts must work collaboratively to develop program outcomes  
17 that reinforce the greatest cost/benefit to the state in the  
18 implementation of evidence-based practices and disposition  
19 alternatives.

21 year 2018 and \$98,000 of the general fund—state appropriation for

14 the youth and the community.

15 (9) The juvenile rehabilitation institutions may use funds

26 social and health services shall seek guidance from the department of  
27 justice office of juvenile justice and delinquency prevention

1 TOTAL APPROPRIATION. . . . . \$19,830,274,000

2 The appropriations in this section are subject to the following  
3 conditions and limitations:

4 (a) PHYSICAL HEALTH CARE

5 (i) Sufficient amounts are appropriated in this subsection to  
6 implement the medicaid expansion as defined in the social security  
7 act, section 1902(a)(10)(A)(i)(VIII).

8 (ii) Medicaid payment rates, as calculated by the health care  
9 authority pursuant to the appropriations in this act, bear a  
10 reasonable relationship to the costs incurred by efficiently and  
11 economically operated facilities for providing quality services and  
12 will be sufficient to enlist enough providers so that care and  
13 services are available to the extent that such care and services are  
14 available to the general population in the geographic area. The  
15 legislature finds that the cost reports, payment data from the  
16 federal government, historical utilization, economic data, and  
17 clinical input constitute reliable data upon which to determine the  
18 payment rates.

19 (iii) Based on quarterly expenditure reports and caseload  
20 forecasts, if the health care authority estimates that expenditures  
21 for the medical assistance program will exceed the appropriations,  
22 the health care authority shall take steps including but not limited  
23 to reduction of rates or elimination of optional services to reduce  
24 expenditures so that total program costs do not exceed the annual  
25 appropriation authority.

26 (iv) In determining financial eligibility for medicaid-funded  
27 services, the health care authority is authorized to disregard  
28 recoveries by Holocaust survivors of insurance proceeds or other  
29 assets, as defined in RCW 48.104.030.

30 (v) It is in the state's interest for Harborview medical center  
31 to remain an economically viable component of the state's health care  
32 system.

33 (vi) When a person is ineligible for medicaid solely by reason of  
34 residence in an institution for mental diseases, the health care  
35 authority shall provide the person with the same benefits as he or  
36 she would receive if eligible for medicaid, using state-only funds to  
37 the extent necessary.

38 (vii) \$4,261,000 of the general fund—state appropriation for  
39 fiscal year 2018, \$4,261,000 of the general fund—state appropriation

1 for fiscal year 2019, and \$8,522,000 of the general fund—federal  
2 appropriation are provided solely for low-income disproportionate  
3 share hospital payments.

4 (viii) Within the amounts appropriated in this section, the  
5 health care authority shall provide disproportionate share hospital  
6 payments to hospitals that provide services to children in the  
7 children's health program who are not eligible for services under  
8 Title XIX or XXI of the federal social security act due to their  
9 citizenship status.

10 (ix) \$6,000,000 of the general fund—federal appropriation is  
11 provided solely for supplemental payments to nursing homes operated  
12 by public hospital districts. The public hospital district shall be  
13 responsible for providing the required nonfederal match for the  
14 supplemental payment, and the payments shall not exceed the maximum  
15 allowable under federal rules. It is the legislature's intent that  
16 the payments shall be supplemental to and shall not in any way offset  
17 or reduce the payments calculated and provided in accordance with  
18 part E of chapter 74.46 RCW. It is the legislature's further intent  
19 that costs otherwise allowable for rate-setting and settlement  
20 against payments under chapter 74.46 RCW shall not be disallowed  
21 solely because such costs have been paid by revenues retained by the  
22 nursing home from these supplemental payments. The supplemental  
23 payments are subject to retrospective interim and final cost  
24 settlements based on the nursing homes' as-filed and final medicare  
25 cost reports. The timing of the interim and final cost settlements  
26 shall be at the health care authority's discretion. During either the  
27 interim cost settlement or the final cost settlement, the health care  
28 authority shall recoup from the public hospital districts the  
29 supplemental payments that exceed the medicaid cost limit and/or the  
30 medicare upper payment limit. The health care authority shall apply  
31 federal rules for identifying the eligible incurred medicaid costs  
32 and the medicare upper payment limit.

33 (x) The health care authority shall continue the inpatient  
34 hospital certified public expenditures program for the 2017-2019  
35 fiscal biennium. The program shall apply to all public hospitals,  
36 including those owned or operated by the state, except those  
37 classified as critical access hospitals or state psychiatric  
38 institutions. The health care authority shall submit reports to the  
39 governor and legislature by November 1, 2017, and by November 1,  
40 2018, that evaluate whether savings continue to exceed costs for this

1 program. If the certified public expenditures (CPE) program in its  
2 current form is no longer cost-effective to maintain, the health care  
3 authority shall submit a report to the governor and legislature  
4 detailing cost-effective alternative uses of local, state, and  
5 federal resources as a replacement for this program. During fiscal  
6 year 2018 and fiscal year 2019, hospitals in the program shall be  
7 paid and shall retain one hundred percent of the federal portion of  
8 the allowable hospital cost for each medicaid inpatient fee-for-  
9 service claim payable by medical assistance and one hundred percent  
10 of the federal portion of the maximum disproportionate share hospital  
11 payment allowable under federal regulations. Inpatient medicaid  
12 payments shall be established using an allowable methodology that  
13 approximates the cost of claims submitted by the hospitals. Payments  
14 made to each hospital in the program in each fiscal year of the  
15 biennium shall be compared to a baseline amount. The baseline amount  
16 will be determined by the total of: (A) The inpatient claim payment  
17 amounts that would have been paid during the fiscal year had the  
18 hospital not been in the CPE program based on the reimbursement rates  
19 developed, implemented, and consistent with policies approved in the  
20 2017-2019 biennial operating appropriations act and in effect on July  
21 1, 2017; (B) one-half of the indigent assistance disproportionate  
22 share hospital payment amounts paid to and retained by each hospital  
23 during fiscal year 2005; and (C) all of the other disproportionate  
24 share hospital payment amounts paid to and retained by each hospital  
25 during fiscal year 2005 to the extent the same disproportionate share  
26 hospital programs exist in the 2017-2019 fiscal biennium. If payments  
27 during the fiscal year exceed the hospital's baseline amount, no  
28 additional payments will be made to the hospital except the federal  
29 portion of allowable disproportionate share hospital payments for  
30 which the hospital can certify allowable match. If payments during  
31 the fiscal year are less than the baseline amount, the hospital will  
32 be paid a state grant equal to the difference between payments during  
33 the fiscal year and the applicable baseline amount. Payment of the  
34 state grant shall be made in the applicable fiscal year and  
35 distributed in monthly payments. The grants will be recalculated and  
36 redistributed as the baseline is updated during the fiscal year. The  
37 grant payments are subject to an interim settlement within eleven  
38 months after the end of the fiscal year. A final settlement shall be  
39 performed. To the extent that either settlement determines that a  
40 hospital has received funds in excess of what it would have received

1 as described in this subsection, the hospital must repay the excess  
2 amounts to the state when requested. \$10,575,000 of the general fund—  
3 state appropriation for fiscal year 2018 and \$13,185,000 of the  
4 general fund—state appropriation for fiscal year 2019 are provided  
5 solely for state grants for the participating hospitals.

6 (xi) The health care authority shall seek public-private  
7 partnerships and federal funds that are or may become available to  
8 provide on-going support for outreach and education efforts under the  
9 federal children's health insurance program reauthorization act of  
10 2009.

11 (xii) The health care authority shall target funding for  
12 maternity support services towards pregnant women with factors that  
13 lead to higher rates of poor birth outcomes, including hypertension,  
14 a preterm or low birth weight birth in the most recent previous  
15 birth, a cognitive deficit or developmental disability, substance  
16 abuse, severe mental illness, unhealthy weight or failure to gain  
17 weight, tobacco use, or African American or Native American race. The  
18 health care authority shall prioritize evidence-based practices for  
19 delivery of maternity support services. To the extent practicable,  
20 the health care authority shall develop a mechanism to increase  
21 federal funding for maternity support services by leveraging local  
22 public funding for those services.

23 (xiii) Managed care contracts must incorporate accountability  
24 measures that monitor patient health and improved health outcomes,  
25 and shall include an expectation that each patient receive a wellness  
26 examination that documents the baseline health status and allows for  
27 monitoring of health improvements and outcome measures.

28 (xiv) Sufficient amounts are appropriated in this section for the  
29 authority to provide an adult dental benefit.

30 (xv) The health care authority shall coordinate with the  
31 department of social and health services to provide referrals to the  
32 Washington health benefit exchange for clients that will be  
33 ineligible for medicaid.

34 (xvi) To facilitate a single point of entry across public and  
35 medical assistance programs, and to maximize the use of federal  
36 funding, the health care authority, the department of social and  
37 health services, and the health benefit exchange will coordinate  
38 efforts to expand HealthPlanfinder access to public assistance and  
39 medical eligibility staff. The health care authority shall complete

1    medicaid applications in the HealthPlanfinder for households  
2    receiving or applying for medical assistance benefits.

3           (xvii) \$90,000 of the general fund—state appropriation for fiscal  
4    year 2018, \$90,000 of the general fund—state appropriation for fiscal  
5    year 2019, and \$180,000 of the general fund—federal appropriation are  
6    provided solely to continue operation by a nonprofit organization of  
7    a toll-free hotline that assists families to learn about and enroll  
8    in the apple health for kids program.

9           (xviii) The appropriations in this section reflect savings and  
10   efficiencies by transferring children receiving medical care provided  
11   through fee-for-service to medical care provided through managed  
12   care.

13          (xix) Within the amounts appropriated in this section, the  
14   authority shall reimburse for primary care services provided by  
15   naturopathic physicians.

16          (xx) Within the amounts appropriated in this section, the  
17   authority shall continue to provide coverage for pregnant teens that  
18   qualify under existing pregnancy medical programs, but whose  
19   eligibility for pregnancy related services would otherwise end due to  
20   the application of the new modified adjusted gross income eligibility  
21   standard.

22          (xxi) Sufficient amounts are appropriated in this section to  
23   remove the mental health visit limit and to provide the shingles  
24   vaccine and screening, brief intervention, and referral to treatment  
25   benefits that are available in the medicaid alternative benefit plan  
26   in the classic medicaid benefit plan.

27          (xxii) The authority shall use revenue appropriated from the  
28   dedicated marijuana fund for contracts with community health centers  
29   under RCW 69.50.540 in lieu of general fund—state payments to  
30   community health centers for services provided to medical assistance  
31   clients, and it is the intent of the legislature that this policy  
32   will be continued in subsequent fiscal biennia.

33          (xxiii) The authority shall submit reports to the governor and  
34   the legislature by September 15, 2018, and by September 15, 2019,  
35   that delineate the number of individuals in medicaid managed care, by  
36   carrier, age, gender, and eligibility category, receiving  
37   preventative services and vaccinations. The reports should include  
38   baseline and benchmark information from the previous two fiscal years  
39   and should be inclusive of, but not limited to, services recommended

1 under the United States preventative services task force, advisory  
2 committee on immunization practices, early and periodic screening,  
3 diagnostic, and treatment (EPSDT) guidelines, and other relevant  
4 preventative and vaccination medicaid guidelines and requirements.

5 (xxiv) Within the amounts appropriated within this section,  
6 beginning July 1, 2017, the authority must increase facility fees for  
7 birth centers to the amount listed on page 2 of their report to the  
8 legislature dated October 15, 2016, entitled "reimbursement for  
9 births performed at birth centers." This increased rate is applicable  
10 in both fee-for-service settings and is the minimum allowable rate in  
11 a managed care setting. The authority shall report to the governor  
12 and appropriate committees of the legislature by October 15, 2018, on  
13 updated information regarding access to care, improvements to the  
14 Cesarean section rate, and savings outcomes for utilizing birth  
15 centers as an alternative to hospitals.

16 (xxv) Within the amounts appropriated within this section, the  
17 authority shall implement the plan to show how improved access to  
18 home health nursing reduces potentially preventable readmissions,  
19 increases access to care, reduces hospital length of stay, and  
20 prevents overall hospital admissions for clients receiving private  
21 duty nursing, medically intensive care, or home health benefits as  
22 described in their report to the legislature dated December 15, 2016,  
23 entitled "home health nursing." The authority shall report to the  
24 governor and appropriate committees of the legislature by December  
25 31, 2017, information regarding the effect of the ten-dollar rate  
26 increases for skilled nursing care delivered via private duty nursing  
27 or home health nursing, and how the rate changes impacted the  
28 utilization and cost of emergency room visits, reduced the length of  
29 stay for initial hospital admissions, and reduced utilization and  
30 costs of preventable hospital readmissions. The report will quantify  
31 potential cost saving opportunities that may exist through improved  
32 access to private duty and home health nursing statewide.

33 (xxvi) \$165,000 of the general fund—state appropriation for  
34 fiscal year 2018, \$329,000 of the general fund—state appropriation

36 appropriation are provided solely for implementation of Engrossed

38 the bill is not enacted by June 30, 2017, the amounts provided in  
39 this subsection shall lapse.

15 fiscal year 2018, \$839,000 of the general fund—state appropriation  
16 for fiscal year 2019, and \$943,000 of the general fund—federal  
17 appropriation are provided solely for implementation of Substitute  
18 House Bill No. 1520 (hospital payment methodology). If the bill is  
19 not enacted by June 30, 2017, the amounts provided in this subsection  
20 shall lapse.

21 (xxx) Sufficient amounts are appropriated in this section for the  
22 implementation of Substitute House Bill No. 1358 (community  
23 assistance referral programs).

24 (xxxii) Within the amounts appropriated in this section, the  
25 authority shall reimburse for manipulative therapy services provided  
26 by chiropractors to eligible medicaid clients. Nothing in this  
27 subsection shall constitute the expansion of the current manipulative  
28 therapy benefit or its application to nonmedicaid eligible  
29 individuals.

30 (xxxiii) \$450,000 of the general fund—state appropriation for  
31 fiscal year 2018, \$450,000 of the general fund—state appropriation

9 services shall convene a work group consisting of representatives of  
10 skilled nursing facilities, adult family homes, assisted living  
11 facilities, hospitals, and managed health care systems. The work  
12 group shall identify barriers that may prevent skilled nursing  
13 facilities from accepting and admitting clients from acute care  
14 hospitals in a timely and appropriate manner. The work group shall  
15 consider what additional resources are needed to allow for faster  
16 transfers of enrollees, including those with complex needs. By  
17 December 1, 2017, the authority shall report the work group's  
18 findings to the governor and the appropriate committees of the  
19 legislature.

20 (xxxvi) Sufficient amounts are appropriated in this section to

28 December 2016 report to the legislature entitled "contracting out  
29 dental services administration." The RFI should be framed within the  
30 context of whole person care and support the goals of coordinated and  
31 integrated care. It shall include, but is not limited to, questions  
32 necessary to inform:

33 (I) Recommendations for quarterly reporting requirements  
34 including medicaid utilization and encounter data by current dental  
35 technology code;

36 (II) Recommendations for dental provider network requirements;

37 (III) Identification of innovative programs that improve access  
38 and care;

39 (IV) Recommendations to reduce dental emergency room use;

1 (V) Recommendations for requirements to ensure dental and primary  
2 care coordination and integration;

3 (VI) Recommendations to ensure that contracting fees are  
4 sufficient to compensate county health departments and federally  
5 qualified health centers for dental care;

6 (VII) Estimations for managed care dental plan start-up costs and  
7 savings estimations from managed care dental as compared to the 2016  
8 fee-for-service program; and

9 (VIII) Recommendations for evaluating the impact in areas where  
10 only a single plan is available.

11 (B) The authority shall provide an initial report to the  
12 appropriate committees of the legislature on the RFI under (A) of  
13 this subsection (1)(a)(xxxvii) by December 31, 2017, and a final  
14 report by December 31, 2018. By July 1, 2018, the authority shall  
15 issue a request for proposals (RFP) if recommended at the conclusion

19 fiscal year 2019 and \$250,000 of the general fund—federal  
20 appropriation are provided solely for the authority to implement the  
21 oral health connections pilot project in collaboration with  
22 Washington dental service foundation. The purpose of the three-year  
23 pilot is to test the effect that enhanced dental benefits for adult  
24 medicaid clients with diabetes and pregnant women have on access to  
25 dental care, health outcomes, and medical care costs. The authority  
26 must model the pilot on the access to baby and child dentistry  
27 program. The pilot program must include enhanced reimbursement rates  
28 for participating dental providers and an increase in the allowable  
29 number of periodontal treatments to up to four per calendar year.  
30 Diabetic or pregnant adult medicaid clients who are receiving dental  
31 care within the pilot region(s), regardless of location of the  
32 service within the pilot region(s), are eligible for the increased  
33 number of periodontal treatments. The Washington dental service  
34 foundation shall partner with the authority and provide wraparound  
35 services to link patients to care. The authority and Washington  
36 dental service foundation shall jointly develop the program. The  
37 authority and foundation shall provide a joint progress report to the  
38 appropriate committees of the legislature on December 1, 2017, and  
39 December 1, 2018.

1 (xxxix) Beginning no later than January 1, 2018, for any service  
2 eligible under the medicaid state plan for encounter payments,  
3 managed care organizations at the request of a rural health clinic  
4 shall pay the full published encounter rate directly to the clinic.  
5 Managed care organizations do not have any risk for or right to the  
6 supplemental portion of the claim. Payments must be reconciled on at  
7 least an annual basis between the managed care organization and the  
8 authority, with final review and approval by the authority. By  
9 September 31, 2017, the authority shall report to the legislature on  
10 its progress implementing this subsection.

11 (xxxx) Within the amounts appropriated in this section, and in  
12 consultation with appropriate parties, including the rural health  
13 clinic association of Washington and the centers for medicare and  
14 medicaid services, by December 1, 2017, the authority shall submit a  
15 report to the governor and appropriate committees of the legislature  
16 evaluating legislative and administrative options to reduce or  
17 eliminate any amounts owed by a rural health clinic under the payment  
18 reconciliation process established in the medicaid state plan.

19 (xxxxi) \$2,149,267,000 of the general fund—state appropriation  
20 for fiscal year 2018, \$2,249,373,000 of the general fund—state  
21 appropriation for fiscal year 2019, and \$8,830,670,000 of the general  
22 fund—federal appropriation are provided solely for state medical  
23 assistance services and the medical assistance program.

24 (xxxixii) \$259,313,000 of the general fund—state appropriation for  
25 fiscal year 2018 and \$271,550,000 of the general fund—state  
26 appropriation for fiscal year 2019 are provided solely for the  
27 authority to implement a single, standard state preferred drug list  
28 to be used by all contracted medicaid managed health care systems, on  
29 or before January 1, 2018. The preferred drug list shall be developed  
30 in consultation with all contracted managed health care systems and  
31 the state pharmacy and therapeutics committee. The list shall be  
32 designed to maximize federal rebates and supplemental rebates and  
33 ensure access to clinically effective and appropriate drug therapies  
34 under each class. The authority may utilize external consultants with  
35 expertise in evidence based drug class reviews, pharmacy benefit  
36 management, and purchasing to assist with the completion of this  
37 development and implementation. To assist in the implementation of  
38 the single preferred drug list, contracted medicaid managed health  
39 care systems shall provide the authority drug specific financial

1 information in a format and frequency determined by the authority to  
2 include: The actual amounts paid to pharmacies for prescription drugs  
3 dispensed to covered individuals compared to the cost invoiced to the  
4 health plan and individual rebates collected for prescription drugs  
5 dispensed to medicaid members. The administration of the prescription  
6 drug benefit for medicaid managed health care systems shall be  
7 carried out by a single pharmacy benefits manager under the  
8 prescription drug purchasing consortium with full transparency of all  
9 rebates, supplemental rebates, and associated administrative costs.  
10 The authority shall provide a report to the governor and appropriate  
11 committees of the legislature by November 15, 2018, and no later than  
12 November 15, 2019, including a comparison of the amount spent in the  
13 previous two fiscal years to expenditures under the new system by, at  
14 a minimum, fund source, total expenditure, drug class, and top  
15 twenty-five drugs.

16 (b) BEHAVIORAL HEALTH

17 (i) The authority shall evaluate adding a tele-pyschiatry  
18 consultation benefit for medicaid covered individuals. The authority  
19 shall submit a report with the cost associated with adding such a  
20 benefit to the governor and appropriate committees of the legislature  
21 by October 1, 2017.

22 (ii) \$6,590,000 of the general fund—state appropriation for  
23 fiscal year 2018, \$6,590,000 of the general fund—state appropriation  
24 for fiscal year 2019, and \$7,620,000 of the general fund—federal  
25 appropriation are provided solely for the authority and behavioral  
26 health organizations to continue to contract for implementation of  
27 high-intensity programs for assertive community treatment (PACT)  
28 teams. In determining the proportion of medicaid and nonmedicaid  
29 funding provided to behavioral health organizations with PACT teams,  
30 the authority shall consider the differences between behavioral  
31 health organizations in the percentages of services and other costs  
32 associated with the teams that are not reimbursable under medicaid.  
33 The authority may allow behavioral health organizations which have  
34 nonmedicaid reimbursable costs that are higher than the nonmedicaid  
35 allocation they receive under this section to supplement these funds  
36 with local dollars or funds received under section 212(1)(b)(xvi) of  
37 this act. The authority and behavioral health organizations shall  
38 maintain consistency with all essential elements of the PACT  
39 evidence-based practice model in programs funded under this section.

1 (iii) From the general fund—state appropriations in this  
2 subsection, the authority shall assure that behavioral health  
3 organizations reimburse the department of social and health services  
4 aging and long term support administration for the general fund—state  
5 cost of medicaid personal care services that enrolled behavioral  
6 health organization consumers use because of their psychiatric  
7 disability.

8 (iv) \$3,520,000 of the general fund—federal appropriation is  
9 provided solely for the authority to maintain a pilot project to put  
10 peer bridging staff into each behavioral health organization as part  
11 of the state psychiatric liaison teams to promote continuity of  
12 service as individuals return to their communities. The authority  
13 must collect data and submit a report to the office of financial  
14 management and the appropriate committees of the legislature on the  
15 impact of peer staff on state hospital discharges and community  
16 placements by December 1, 2017.

17 (v) \$2,000,000 of the general fund—state appropriation for fiscal  
18 year 2018, \$4,286,000 of the general fund—state appropriation for  
19 fiscal year 2019, and \$1,726,000 of the general fund—federal  
20 appropriation are provided solely for enhancement of community mental  
21 health services. These amounts must be used for new crisis triage  
22 centers, mobile crisis teams, and housing and recovery support  
23 programs. The authority must seek proposals from behavioral health  
24 organizations for the use of these funds based on regional  
25 priorities. The authority must not use any of these amounts for  
26 services in facilities that are subject to federal funding  
27 restrictions that apply to institutions for mental diseases.

28 (vi) \$29,134,000 of the general fund—state appropriation for  
29 fiscal year 2018 and \$29,134,000 of the general fund—state  
30 appropriation for fiscal year 2019 are provided solely to assist  
31 behavioral health organizations with the costs of providing services  
32 to medicaid clients receiving services in psychiatric facilities  
33 classified as institutions of mental diseases. In fiscal year 2018,  
34 the authority must distribute these amounts proportionate to the  
35 number of bed days for medicaid clients in institutions for mental  
36 diseases that were excluded from behavioral health organization  
37 fiscal year 2018 capitation rates because they exceeded the amounts  
38 allowed under federal regulations. In fiscal year 2019, the authority  
39 must distribute these funds based on a formula in which seventy-five

1 percent are distributed proportionate to the number of bed days for  
2 medicaid clients in institutions for mental diseases that were  
3 excluded from behavioral health organization fiscal year 2019  
4 capitation rates because they exceeded the amounts allowed under  
5 federal regulations and twenty-five percent are distributed  
6 proportionate to the estimated medicaid caseload of the behavioral  
7 health organizations. The authority must also use these amounts to  
8 directly pay for costs in institutions of mental disease facilities  
9 for American Indian and Alaska Natives who opt to receive behavioral  
10 health services on a fee for service basis. The amounts used for  
11 these individuals must be reduced from the allocation of the  
12 behavioral health organization where the individual resides. If a  
13 behavioral health organization receives more funding through this  
14 subsection than is needed to pay for the cost of their medicaid  
15 clients in institutions for mental diseases, they must use the  
16 remainder of the amounts to provide other services not covered under  
17 the medicaid program.

18 (vii) \$830,000 of the general fund—state appropriation for fiscal  
19 year 2018 and \$830,000 of the general fund—state appropriation for  
20 fiscal year 2019 are provided solely for behavioral health  
21 organizations to contract with local entities to develop a street  
22 outreach program. This program will utilize peer supports to engage  
23 adults with mental health illness who may have not yet been engaged  
24 in mental health treatment with the goal of reducing jail admissions  
25 and involuntary commitments.

26 (viii) \$3,278,000 of the dedicated marijuana account—state  
27 appropriation for fiscal year 2018 and \$3,278,000 of the dedicated  
28 marijuana account—state appropriation for fiscal year 2019 are  
29 provided solely for a memorandum of understanding with the department  
30 of social and health services juvenile rehabilitation administration  
31 to provide substance abuse treatment programs for juvenile offenders.  
32 Of the amounts provided in this subsection:

33 (A) \$1,130,000 of the dedicated marijuana account—state  
34 appropriation for fiscal year 2018 and \$1,130,000 of the dedicated  
35 marijuana account—state appropriation for fiscal year 2019 are  
36 provided solely for alcohol and substance abuse treatment programs  
37 for locally committed offenders. The juvenile rehabilitation  
38 administration shall award these funds as described in section 203(4)  
39 of this act.

1 (B) \$282,000 of the dedicated marijuana account—state  
2 appropriation for fiscal year 2017 and \$282,000 of the dedicated  
3 marijuana account—state appropriation for fiscal year 2019 are  
4 provided solely for the expansion of evidence-based treatments and  
5 therapies as described in section 203(2) of this act.

6 (ix) During the 2017-19 fiscal biennium, any amounts provided in  
7 this section that are used for case management services for pregnant  
8 and parenting women must be contracted directly between the authority  
9 and providers rather than through contracts with behavioral health  
10 organizations.

11 (x) \$81,930,000 of the general fund—state appropriation for  
12 fiscal year 2018 and \$81,930,000 of the general fund—state  
13 appropriation for fiscal year 2019 are provided solely for persons  
14 and services not covered by the medicaid program. To the extent  
15 possible, levels of behavioral health organization spending shall be  
16 maintained in the following priority order: Crisis and commitment  
17 services; community inpatient services; and residential care  
18 services, including personal care and emergency housing assistance.  
19 These amounts must be distributed to behavioral health organizations  
20 proportionate to the fiscal year 2017 allocation of flexible  
21 nonmedicaid funds. The authority must include the following language  
22 in medicaid contracts with behavioral health organizations unless  
23 they are provided formal notification from the center for medicaid  
24 and medicare services that the language will result in the loss of  
25 federal medicaid participation: "The contractor may voluntarily  
26 provide services that are in addition to those covered under the  
27 state plan, although the cost of these services cannot be included  
28 when determining payment rates unless including these costs are  
29 specifically allowed under federal law or an approved waiver."

30 (xi) The authority is authorized to continue to contract  
31 directly, rather than through contracts with behavioral health  
32 organizations for children's long-term inpatient facility services.

33 (xii) \$1,125,000 of the general fund—state appropriation for  
34 fiscal year 2018 and \$1,125,000 of the general fund—state  
35 appropriation for fiscal year 2019 are provided solely for the  
36 Spokane county behavioral health organization to implement services  
37 to reduce utilization and the census at eastern state hospital. Such  
38 services shall include:

1 (A) High intensity treatment team for persons who are high  
2 utilizers of psychiatric inpatient services, including those with co-  
3 occurring disorders and other special needs;

4 (B) Crisis outreach and diversion services to stabilize in the  
5 community individuals in crisis who are at risk of requiring  
6 inpatient care or jail services;

7 (C) Mental health services provided in nursing facilities to  
8 individuals with dementia, and consultation to facility staff  
9 treating those individuals; and

10 (D) Services at the sixteen-bed evaluation and treatment  
11 facility.

12 At least annually, the Spokane county behavioral health  
13 organization shall assess the effectiveness of these services in  
14 reducing utilization at eastern state hospital, identify services  
15 that are not optimally effective, and modify those services to  
16 improve their effectiveness.

17 (xiii) \$1,204,000 of the general fund—state appropriation for  
18 fiscal year 2018 and \$1,204,000 of the general fund—state  
19 appropriation for fiscal year 2019 are provided solely to reimburse  
20 Pierce and Spokane counties for the cost of conducting 180-day  
21 commitment hearings at the state psychiatric hospitals.

22 (xiv) Behavioral health organizations may use local funds to earn  
23 additional federal medicaid match, provided the locally matched rate  
24 does not exceed the upper-bound of their federally allowable rate  
25 range, and provided that the enhanced funding is used only to provide  
26 medicaid state plan or waiver services to medicaid clients.  
27 Additionally, behavioral health organizations may use a portion of  
28 the state funds allocated in accordance with (b)(x) of this  
29 subsection to earn additional medicaid match, but only to the extent  
30 that the application of such funds to medicaid services does not  
31 diminish the level of crisis and commitment, community inpatient,  
32 residential care, and outpatient services presently available to  
33 persons not eligible for medicaid.

34 (xv) \$2,291,000 of the general fund—state appropriation for  
35 fiscal year 2018 and \$2,291,000 of the general fund—state  
36 appropriation for fiscal year 2019 are provided solely for mental  
37 health services for mentally ill offenders while confined in a county  
38 or city jail and for facilitating access to programs that offer  
39 mental health services upon release from confinement. The authority

1 must collect information from the behavioral health organizations on  
2 their plan for using these funds, the numbers of individuals served,  
3 and the types of services provided and submit a report to the office  
4 of financial management and the appropriate fiscal committees of the  
5 legislature by December 1st of each year of the biennium.

6 (xvi) Within the amounts appropriated in this section, funding is  
7 provided for the authority to develop and phase in intensive mental  
8 health services for high needs youth consistent with the settlement  
9 agreement in *T.R. v. Dreyfus and Porter*.

10 (xvii) The authority must establish minimum and maximum funding  
11 levels for all reserves allowed under behavioral health organization  
12 contracts and insert contract language that clearly states the  
13 requirements and limitations. The authority must monitor and ensure  
14 that behavioral health organization reserves do not exceed maximum  
15 levels. The authority must monitor behavioral health organization  
16 revenue and expenditure reports and must require a behavioral health  
17 organization to submit a corrective action plan on how it will spend  
18 its excess reserves within a reasonable period of time, when its  
19 reported reserves exceed maximum levels established under the  
20 contract. The authority must review and approve such plans and  
21 monitor to ensure compliance. If the authority determines that a  
22 behavioral health organization has failed to provide an adequate  
23 excess reserve corrective action plan or is not complying with an  
24 approved plan, the authority must reduce payments to the behavioral  
25 health organization in accordance with remedial actions provisions  
26 included in the contract. These reductions in payments must continue  
27 until the authority determines that the behavioral health  
28 organization has come into substantial compliance with an approved  
29 excess reserve corrective action plan.

30 (xviii) \$446,000 of the general fund—state appropriation for  
31 fiscal year 2018, \$446,000 of the general fund—state appropriation

33 appropriation are provided solely for the University of Washington's  
34 evidence-based practice institute which supports the identification,  
35 evaluation, and implementation of evidence-based or promising  
36 practices. The institute must work with the authority to develop a  
37 plan to seek private, federal, or other grant funding in order to  
38 reduce the need for state general funds. The authority must collect  
39 information from the institute on the use of these funds and submit a

1 report to the office of financial management and the appropriate  
2 fiscal committees of the legislature by December 1st of each year of  
3 the biennium.

4 (xix) Within the amounts appropriated in this section, the  
5 authority may contract with the University of Washington and  
6 community-based providers for the provision of the parent-child  
7 assistance program or other specialized chemical dependency case  
8 management providers for pregnant, post-partum, and parenting women.  
9 For all contractors: (i) Service and other outcome data must be  
10 provided to the authority by request; and (ii) indirect charges for  
11 administering the program shall not exceed ten percent of the total  
12 contract amount.

13 (xx) \$3,500,000 of the general fund—federal appropriation (from  
14 the substance abuse prevention and treatment federal block grant) is

37 must require that behavioral health organizations include in their  
38 provider network specialized expertise in the provision of  
39 manualized, evidence-based chemical dependency treatment services for

1 offenders. The department of corrections and the authority must  
2 develop a memorandum of understanding for department of corrections  
3 offenders on active supervision who are medicaid eligible and meet  
4 medical necessity for outpatient substance use disorder treatment.  
5 The agreement will ensure that treatment services provided are  
6 coordinated, do not result in duplication of services, and maintain  
7 access and quality of care for the individuals being served. The  
8 authority must provide all necessary data, access, and reports to the  
9 department of corrections for all department of corrections offenders  
10 that receive medicaid paid services.

23 long-term civil inpatient psychiatric hospital commitments beginning  
24 January 2020. The model must address strategies to ensure that the  
25 state is able to maximize the state's allotment of federal  
26 disproportionate share funding.

27 (xxxii) \$4,959,000 of the general fund—state appropriation for  
28 fiscal year 2018, \$4,959,000 of the general fund—state appropriation

7 establishing an evaluation and treatment facility that will  
8 specialize in providing care specifically to the American Indian and  
9 Alaska Native population. The plan must include options for  
10 maximizing federal participation and ensuring that utilization will  
11 be based on medical necessity.

12 (xxxiv) \$1,466,000 of the general fund—state appropriation for  
13 fiscal year 2018, \$7,103,000 of the general fund—state appropriation

15 appropriation are provided solely for the authority to contract with  
16 community hospitals or freestanding evaluation and treatment centers  
17 to provide up to forty-eight long-term inpatient care beds as defined

19 directly for these services rather than contracting through  
20 behavioral health organizations. The authority must coordinate with  
21 the department of social and health services in developing the  
22 contract requirements, selecting contractors, and establishing  
23 processes for identifying patients that will be admitted to these  
24 facilities. The authority must not use any of the amounts provided  
25 under this subsection for contracts with facilities that are subject  
26 to federal funding restrictions that apply to institutions of mental  
27 diseases.

28 (xxxv) \$2,265,000 of the general fund—state appropriation for  
29 fiscal year 2019 and \$2,594,000 of the general fund—federal  
30 appropriation are provided solely to increase the number of  
31 psychiatric residential treatment beds for individuals transitioning  
32 from psychiatric inpatient settings. The authority must seek  
33 proposals from behavioral health organizations for the use of these  
34 amounts and coordinate with the department of social and health  
35 services in awarding these funds. The authority must not allow for  
36 any of the amounts provided under this subsection to be used for  
37 services in facilities that are subject to federal funding

3 for fiscal year 2019, and \$34,778,000 of the general fund—federal  
4 appropriation are provided solely for the authority to increase  
5 medicaid capitation payments for behavioral health organizations. The

7 behavioral health capitation rates to adjust average salary  
8 assumptions in order to implement this increase. In developing  
9 further updates for medicaid managed care rates for behavioral health  
10 services, the authority must include and make available all  
11 applicable documents and analysis to legislative staff from the  
12 fiscal committees throughout the process. The authority must require  
13 the actuaries to develop and submit rate ranges for each behavioral  
14 health organization prior to certification of specific rates.

15 (xxxvii) \$1,125,000 of the general fund—federal appropriation is  
16 provided solely for the authority to develop a memorandum of  
17 understanding with the department of health for implementation of  
18 Engrossed Second Substitute House Bill No. 1426 (prescription

20 reimburse the department of health for costs incurred through the  
21 implementation of the bill.

24 hospital shall be 192 per day and the number of nonforensic beds  
25 allocated for use by behavioral health organizations at western state  
26 hospital shall be 557 per day. In fiscal year 2019, the authority  
27 must reduce the number of beds allocated for use by behavioral health  
28 organizations at western state hospital by 30 beds and repurpose a  
29 civil ward to provide forensic services. The contracted beds provided  
30 under section 212(1)(b)(xxxiv) shall be allocated to the behavioral  
31 health organizations in lieu of beds at the state hospital and be  
32 incorporated in their allocation of state hospital patient days of  
33 care for the purposes of calculating reimbursements pursuant to RCW  
34 71.24.310.

37 available for expenditure for no longer than the period of the

5 substantially equivalent standards to those of the department,

12 programs than for other organizations which are not accredited. To  
13 the extent that the fees charged in fiscal year 2018 are not expected  
14 to fully cover the cost of the program, the department must submit a  
15 report to the office of financial management and the appropriate

7 of public instruction, in consultation with the state board for  
8 community and technical colleges, the student achievement council,

10 fiscal committees of the legislature on the combined FTE experience  
11 of students participating in the running start program, including  
12 course load analyses at both the high school and community and

30 the University of Washington for reducing ocean acidification;

31 (w) During the 2015-2017 fiscal biennium, for the University of  
32 Washington Tacoma soil remediation project;

33 (x) For the 2013-2015 fiscal biennium, moneys in the state toxics  
34 control account may be spent on projects in section 3160, chapter 19,  
35 Laws of 2013 2nd sp. sess. and for transfer to the local toxics  
36 control account;

37 (y) For the 2013-2015 fiscal biennium, moneys in the state toxics  
38 control account may be transferred to the radioactive mixed waste  
39 account; and

1 (z) For the 2015-2017 and 2017-2019 fiscal (~~biennium~~) biennia,  
2 forest practices regulation at the department of natural resources.

3 (4)(a) The department shall use moneys deposited in the local  
4 toxics control account for grants or loans to local governments for  
5 the following purposes in descending order of priority:

6 (i) Extended grant agreements entered into under (e)(i) of this  
7 subsection;

8 (ii) Remedial actions, including planning for adaptive reuse of  
9 properties as provided for under (e)(iv) of this subsection. The  
10 department must prioritize funding of remedial actions at:

11 (A) Facilities on the department's hazardous sites list with a  
12 high hazard ranking for which there is an approved remedial action  
13 work plan or an equivalent document under federal cleanup law;

14 (B) Brownfield properties within a redevelopment opportunity zone  
15 if the local government is a prospective purchaser of the property  
16 and there is a department-approved remedial action work plan or  
17 equivalent document under the federal cleanup law;

18 (iii) Storm water pollution source projects that: (A) Work in  
19 conjunction with a remedial action; (B) protect completed remedial  
20 actions against recontamination; or (C) prevent hazardous clean-up  
21 sites;

22 (iv) Hazardous waste plans and programs under chapter 70.105 RCW;

23 (v) Solid waste plans and programs under chapters 70.95, 70.95C,  
24 70.95I, and 70.105 RCW;

25 (vi) Petroleum-based plastic or expanded polystyrene foam debris  
26 cleanup activities in fresh or marine waters; and

27 (vii) Appropriations to the state toxics control account or the  
28 environmental legacy stewardship account created in RCW 70.105D.170,  
29 if the legislature determines that priorities for spending exceed  
30 available funds in those accounts.

31 (b) Funds for plans and programs must be allocated consistent  
32 with the priorities and matching requirements established in chapters  
33 70.105, 70.95C, 70.95I, and 70.95 RCW.

34 (c) During the 2013-2015 fiscal biennium, the local toxics  
35 control account may also be used for local government storm water  
36 planning and implementation activities.

37 (d) During the 2013-2015 fiscal biennium, the legislature may  
38 transfer from the local toxics control account to the state general  
39 fund, such amounts as reflect the excess fund balance in the account.

1 (e) To expedite cleanups throughout the state, the department may  
2 use the following strategies when providing grants to local  
3 governments under this subsection:

4 (i) Enter into an extended grant agreement with a local  
5 government conducting remedial actions at a facility where those  
6 actions extend over multiple biennia and the total eligible cost of  
7 those actions exceeds twenty million dollars. The agreement is  
8 subject to the following limitations:

9 (A) The initial duration of such an agreement may not exceed ten  
10 years. The department may extend the duration of such an agreement  
11 upon finding substantial progress has been made on remedial actions  
12 at the facility;

13 (B) Extended grant agreements may not exceed fifty percent of the  
14 total eligible remedial action costs at the facility; and

15 (C) The department may not allocate future funding to an extended  
16 grant agreement unless the local government has demonstrated to the  
17 department that funds awarded under the agreement during the previous  
18 biennium have been substantially expended or contracts have been  
19 entered into to substantially expend the funds;

20 (ii) Enter into a grant agreement with a local government  
21 conducting a remedial action that provides for periodic reimbursement  
22 of remedial action costs as they are incurred as established in the  
23 agreement;

24 (iii) Enter into a grant agreement with a local government prior  
25 to it acquiring a property or obtaining necessary access to conduct  
26 remedial actions, provided the agreement is conditioned upon the  
27 local government acquiring the property or obtaining the access in  
28 accordance with a schedule specified in the agreement;

29 (iv) Provide integrated planning grants to local governments to  
30 fund studies necessary to facilitate remedial actions at brownfield  
31 properties and adaptive reuse of properties following remediation.  
32 Eligible activities include, but are not limited to: Environmental  
33 site assessments; remedial investigations; health assessments;  
34 feasibility studies; site planning; community involvement; land use  
35 and regulatory analyses; building and infrastructure assessments;  
36 economic and fiscal analyses; and any environmental analyses under  
37 chapter 43.21C RCW;

38 (v) Provide grants to local governments for remedial actions  
39 related to area-wide groundwater contamination. To receive the  
40 funding, the local government does not need to be a potentially

1 liable person or be required to seek reimbursement of grant funds  
2 from a potentially liable person;

3 (vi) The director may alter grant matching requirements to create  
4 incentives for local governments to expedite cleanups when one of the  
5 following conditions exists:

6 (A) Funding would prevent or mitigate unfair economic hardship  
7 imposed by the clean-up liability;

8 (B) Funding would create new substantial economic development,  
9 public recreational opportunities, or habitat restoration  
10 opportunities that would not otherwise occur; or

11 (C) Funding would create an opportunity for acquisition and  
12 redevelopment of brownfield property under RCW 70.105D.040(5) that  
13 would not otherwise occur;

14 (vii) When pending grant applications under (e)(iv) and (v) of  
15 this subsection (4) exceed the amount of funds available, designated  
16 redevelopment opportunity zones must receive priority for  
17 distribution of available funds.

18 (f) To expedite multiparty clean-up efforts, the department may  
19 purchase remedial action cost-cap insurance. For the 2013-2015 fiscal  
20 biennium, moneys in the local toxics control account may be spent on  
21 projects in sections 3024, 3035, 3036, and 3059, chapter 19, Laws of  
22 2013 2nd sp. sess.

23 (5) Except for unanticipated receipts under RCW 43.79.260 through  
24 43.79.282, moneys in the state and local toxics control accounts may  
25 be spent only after appropriation by statute.

26 (6) No moneys deposited into either the state or local toxics  
27 control account may be used for: Natural disasters where there is no  
28 hazardous substance contamination; high performance buildings; solid  
29 waste incinerator facility feasibility studies, construction,  
30 maintenance, or operation; or after January 1, 2010, for projects  
31 designed to address the restoration of Puget Sound, funded in a  
32 competitive grant process, that are in conflict with the action  
33 agenda developed by the Puget Sound partnership under RCW 90.71.310.  
34 However, this subsection does not prevent an appropriation from the  
35 state toxics control account to the department of revenue to enforce  
36 compliance with the hazardous substance tax imposed in chapter 82.21  
37 RCW.

38 (7) Except during the 2011-2013 and the 2015-2017 fiscal biennia,  
39 one percent of the moneys collected under RCW 82.21.030 shall be  
40 allocated only for public participation grants to persons who may be

1 adversely affected by a release or threatened release of a hazardous  
2 substance and to not-for-profit public interest organizations. The  
3 primary purpose of these grants is to facilitate the participation by  
4 persons and organizations in the investigation and remedying of  
5 releases or threatened releases of hazardous substances and to  
6 implement the state's solid and hazardous waste management  
7 priorities. No grant may exceed sixty thousand dollars. Grants may be  
8 renewed annually. Moneys appropriated for public participation that  
9 are not expended at the close of any biennium revert to the state  
10 toxics control account.

11 (8) The department shall adopt rules for grant or loan issuance  
12 and performance. To accelerate both remedial action and economic  
13 recovery, the department may expedite the adoption of rules necessary  
14 to implement chapter 1, Laws of 2013 2nd sp. sess. using the  
15 expedited procedures in RCW 34.05.353. The department shall initiate  
16 the award of financial assistance by August 1, 2013. To ensure the  
17 adoption of rules will not delay financial assistance, the department  
18 may administer the award of financial assistance through interpretive  
19 guidance pending the adoption of rules through July 1, 2014.

20 (9) Except as provided under subsection (3)(k) and (q) of this  
21 section, nothing in chapter 1, Laws of 2013 2nd sp. sess. affects the  
22 ability of a potentially liable person to receive public funding.

23 (10) During the 2015-2017 fiscal biennium the local toxics  
24 control account may also be used for the centennial clean water  
25 program and for the storm water financial assistance program  
26 administered by the department of ecology.

27 **Sec. 964.** RCW 71.24.580 and 2016 sp.s. c 29 s 511 are each  
28 amended to read as follows:

29 (1) The criminal justice treatment account is created in the  
30 state treasury. Moneys in the account may be expended solely for: (a)  
31 Substance use disorder treatment and treatment support services for  
32 offenders with a substance use disorder that, if not treated, would  
33 result in addiction, against whom charges are filed by a prosecuting  
34 attorney in Washington state; (b) the provision of substance use  
35 disorder treatment services and treatment support services for  
36 nonviolent offenders within a drug court program; and (c) the  
37 administrative and overhead costs associated with the operation of a  
38 drug court. During the 2015-2017 fiscal biennium, the legislature may  
39 transfer from the criminal justice treatment account to the state

1 general fund amounts as reflect the state savings associated with the  
2 implementation of the medicaid expansion of the federal affordable  
3 care act and the excess fund balance of the account. During the  
4 2017-2019 fiscal biennium, the legislature may direct the state  
5 treasurer to make transfers of moneys in the criminal justice  
6 treatment account to the state general fund. It is the intent of the  
7 legislature that this policy be continued in future biennia. Moneys  
8 in the account may be spent only after appropriation.

9 (2) For purposes of this section:

10 (a) "Treatment" means services that are critical to a  
11 participant's successful completion of his or her substance use  
12 disorder treatment program, but does not include the following  
13 services: Housing other than that provided as part of an inpatient  
14 substance use disorder treatment program, vocational training, and  
15 mental health counseling; and

16 (b) "Treatment support" means transportation to or from inpatient  
17 or outpatient treatment services when no viable alternative exists,  
18 and child care services that are necessary to ensure a participant's  
19 ability to attend outpatient treatment sessions.

20 (3) Revenues to the criminal justice treatment account consist  
21 of: (a) Funds transferred to the account pursuant to this section;  
22 and (b) any other revenues appropriated to or deposited in the  
23 account.

24 (4)(a) For the fiscal year beginning July 1, 2006, and each  
25 subsequent fiscal year, the amount transferred shall be increased on  
26 an annual basis by the implicit price deflator as published by the  
27 federal bureau of labor statistics.

28 (b) In each odd-numbered year, the legislature shall appropriate  
29 the amount transferred to the criminal justice treatment account in  
30 (a) of this subsection to the department for the purposes of  
31 subsection (5) of this section.

32 (5) Moneys appropriated to the department from the criminal  
33 justice treatment account shall be distributed as specified in this  
34 subsection. The department may retain up to three percent of the  
35 amount appropriated under subsection (4)(b) of this section for its  
36 administrative costs.

37 (a) Seventy percent of amounts appropriated to the department  
38 from the account shall be distributed to counties pursuant to the  
39 distribution formula adopted under this section. The division of  
40 alcohol and substance abuse, in consultation with the department of

1 corrections, the Washington state association of counties, the  
2 Washington state association of drug court professionals, the  
3 superior court judges' association, the Washington association of  
4 prosecuting attorneys, representatives of the criminal defense bar,  
5 representatives of substance use disorder treatment providers, and  
6 any other person deemed by the department to be necessary, shall  
7 establish a fair and reasonable methodology for distribution to  
8 counties of moneys in the criminal justice treatment account. County  
9 or regional plans submitted for the expenditure of formula funds must  
10 be approved by the panel established in (b) of this subsection.

11 (b) Thirty percent of the amounts appropriated to the department  
12 from the account shall be distributed as grants for purposes of  
13 treating offenders against whom charges are filed by a county  
14 prosecuting attorney. The department shall appoint a panel of  
15 representatives from the Washington association of prosecuting  
16 attorneys, the Washington association of sheriffs and police chiefs,  
17 the superior court judges' association, the Washington state  
18 association of counties, the Washington defender's association or the  
19 Washington association of criminal defense lawyers, the department of  
20 corrections, the Washington state association of drug court  
21 professionals, substance use disorder treatment providers, and the  
22 division. The panel shall review county or regional plans for funding  
23 under (a) of this subsection and grants approved under this  
24 subsection. The panel shall attempt to ensure that treatment as  
25 funded by the grants is available to offenders statewide.

26 (6) The county alcohol and drug coordinator, county prosecutor,  
27 county sheriff, county superior court, a substance abuse treatment  
28 provider appointed by the county legislative authority, a member of  
29 the criminal defense bar appointed by the county legislative  
30 authority, and, in counties with a drug court, a representative of  
31 the drug court shall jointly submit a plan, approved by the county  
32 legislative authority or authorities, to the panel established in  
33 subsection (5)(b) of this section, for disposition of all the funds  
34 provided from the criminal justice treatment account within that  
35 county. The funds shall be used solely to provide approved alcohol  
36 and substance abuse treatment pursuant to RCW 71.24.560, treatment  
37 support services, and for the administrative and overhead costs  
38 associated with the operation of a drug court.

39 (a) No more than ten percent of the total moneys received under  
40 subsections (4) and (5) of this section by a county or group of

1 counties participating in a regional agreement shall be spent on the  
2 administrative and overhead costs associated with the operation of a  
3 drug court.

4 (b) No more than ten percent of the total moneys received under  
5 subsections (4) and (5) of this section by a county or group of  
6 counties participating in a regional agreement shall be spent for  
7 treatment support services.

8 (7) Counties are encouraged to consider regional agreements and  
9 submit regional plans for the efficient delivery of treatment under  
10 this section.

11 (8) Moneys allocated under this section shall be used to  
12 supplement, not supplant, other federal, state, and local funds used  
13 for substance abuse treatment.

14 (9) Counties must meet the criteria established in RCW  
15 2.30.030(3).

16 (10) The authority under this section to use funds from the  
17 criminal justice treatment account for the administrative and  
18 overhead costs associated with the operation of a drug court expires  
19 June 30, 2015.

20 **Sec. 965.** RCW 74.13.621 and 2015 3rd sp.s. c 4 s 970 are each  
21 amended to read as follows:

22 (1) Within existing resources, the department shall establish an  
23 oversight committee to monitor, guide, and report on kinship care  
24 recommendations and implementation activities. The committee shall:

25 (a) Draft a kinship care definition that is restricted to persons  
26 related by blood, marriage, or adoption, including marriages that  
27 have been dissolved, or for a minor defined as an "Indian child"  
28 under the federal Indian child welfare act (25 U.S.C. Sec. 1901 et  
29 seq.), the definition of "extended family member" under the federal  
30 Indian child welfare act, and a set of principles. If the committee  
31 concludes that one or more programs or services would be more  
32 efficiently and effectively delivered under a different definition of  
33 kin, it shall state what definition is needed, and identify the  
34 program or service in the report. It shall also provide evidence of  
35 how the program or service will be more efficiently and effectively  
36 delivered under the different definition. The department shall not  
37 adopt rules or policies changing the definition of kin without  
38 authorizing legislation;

1 (b) Monitor and provide consultation on the implementation of  
2 recommendations contained in the 2002 kinship care report, including  
3 but not limited to the recommendations relating to legal and respite  
4 care services and resources;

5 (c) Partner with nonprofit organizations and private sector  
6 businesses to guide a public education awareness campaign; and

7 (d) Assist with developing future recommendations on kinship care  
8 issues.

9 (2) The department shall consult with the oversight committee on  
10 its efforts to better collaborate and coordinate services to benefit  
11 kinship care families.

12 (3) The oversight committee must consist of a minimum of thirty  
13 percent kinship caregivers, who shall represent a diversity of  
14 kinship families. Statewide representation with geographic, ethnic,  
15 and gender diversity is required. Other members shall include  
16 representatives of the department, representatives of relevant state  
17 agencies, representatives of the private nonprofit and business  
18 sectors, child advocates, representatives of Washington state Indian  
19 tribes as defined under the federal Indian welfare act (25 U.S.C.  
20 Sec. 1901 et seq.), and representatives of the legal or judicial  
21 field. Birth parents, foster parents, and others who have an interest  
22 in these issues may also be included.

23 (4) To the extent funding is available, the department may  
24 reimburse nondepartmental members of the oversight committee for  
25 costs incurred in participating in the meetings of the oversight  
26 committee.

27 (5) The kinship care oversight committee shall update the  
28 legislature and governor annually on committee activities, with the  
29 first update due by January 1, 2006.

30 (6) This section expires June 30, (~~(2017)~~) 2019.

31 **Sec. 966.** RCW 74.39A.270 and 2016 sp.s. c 30 s 1 are each  
32 amended to read as follows:

33 (1) Solely for the purposes of collective bargaining and as  
34 expressly limited under subsections (2) and (3) of this section, the  
35 governor is the public employer, as defined in chapter 41.56 RCW, of  
36 individual providers, who, solely for the purposes of collective  
37 bargaining, are public employees as defined in chapter 41.56 RCW. To  
38 accommodate the role of the state as payor for the community-based  
39 services provided under this chapter and to ensure coordination with

1 state employee collective bargaining under chapter 41.80 RCW and the  
2 coordination necessary to implement RCW 74.39A.300, the public  
3 employer shall be represented for bargaining purposes by the governor  
4 or the governor's designee appointed under chapter 41.80 RCW. The  
5 governor or governor's designee shall periodically consult with the  
6 authority during the collective bargaining process to allow the  
7 authority to communicate issues relating to the long-term in-home  
8 care services received by consumers. The department shall solicit  
9 input from the developmental disabilities council, the governor's  
10 committee on disability issues and employment, the state council on  
11 aging, and other consumer advocacy organizations to obtain informed  
12 input from consumers on their interests, including impacts on  
13 consumer choice, for all issues proposed for collective bargaining  
14 under subsections (5) and (6) of this section.

15 (2) Chapter 41.56 RCW governs the collective bargaining  
16 relationship between the governor and individual providers, except as  
17 otherwise expressly provided in this chapter and except as follows:

18 (a) The only unit appropriate for the purpose of collective  
19 bargaining under RCW 41.56.060 is a statewide unit of all individual  
20 providers;

21 (b) The showing of interest required to request an election under  
22 RCW 41.56.060 is ten percent of the unit, and any intervener seeking  
23 to appear on the ballot must make the same showing of interest;

24 (c) The mediation and interest arbitration provisions of RCW  
25 41.56.430 through 41.56.470 and 41.56.480 apply, except that:

26 (i) With respect to commencement of negotiations between the  
27 governor and the bargaining representative of individual providers,  
28 negotiations shall be commenced by May 1st of any year prior to the  
29 year in which an existing collective bargaining agreement expires;  
30 and

31 (ii) The decision of the arbitration panel is not binding on the  
32 legislature and, if the legislature does not approve the request for  
33 funds necessary to implement the compensation and fringe benefit  
34 provisions of the arbitrated collective bargaining agreement, is not  
35 binding on the authority or the state;

36 (d) Individual providers do not have the right to strike; and

37 (e) Individual providers who are related to, or family members  
38 of, consumers or prospective consumers are not, for that reason,  
39 exempt from this chapter or chapter 41.56 RCW.

1 (3) Individual providers who are public employees solely for the  
2 purposes of collective bargaining under subsection (1) of this  
3 section are not, for that reason, employees of the state, its  
4 political subdivisions, or an area agency on aging for any purpose.  
5 Chapter 41.56 RCW applies only to the governance of the collective  
6 bargaining relationship between the employer and individual providers  
7 as provided in subsections (1) and (2) of this section.

8 (4) Consumers and prospective consumers retain the right to  
9 select, hire, supervise the work of, and terminate any individual  
10 provider providing services to them. Consumers may elect to receive  
11 long-term in-home care services from individual providers who are not  
12 referred to them by the authority.

13 (5) Except as expressly limited in this section and RCW  
14 74.39A.300, the wages, hours, and working conditions of individual  
15 providers are determined solely through collective bargaining as  
16 provided in this chapter. Except as described in subsection (9) of  
17 this section, no agency or department of the state may establish  
18 policies or rules governing the wages or hours of individual  
19 providers. This subsection does not modify:

20 (a) The department's authority to establish a plan of care for  
21 each consumer or its core responsibility to manage long-term in-home  
22 care services under this chapter, including determination of the  
23 level of care that each consumer is eligible to receive. However, at  
24 the request of the exclusive bargaining representative, the governor  
25 or the governor's designee appointed under chapter 41.80 RCW shall  
26 engage in collective bargaining, as defined in RCW 41.56.030(4), with  
27 the exclusive bargaining representative over how the department's  
28 core responsibility affects hours of work for individual providers.  
29 This subsection shall not be interpreted to require collective  
30 bargaining over an individual consumer's plan of care;

31 (b)(i) The requirement that the number of hours the department  
32 may pay any single individual provider is limited to:

33 (A) Sixty hours each workweek if the individual provider was  
34 working an average number of hours in excess of forty hours for the  
35 workweeks during January 2016, except for fiscal years 2016 (~~and~~),  
36 2017, and 2018, the limit is sixty-five hours each workweek; or

37 (B) Forty hours each workweek if the individual provider was not  
38 working an average number of hours in excess of forty hours for the  
39 workweeks during January 2016, or had no reported hours for the month  
40 of January 2016.

1 (ii) Additional hours may be authorized under criteria  
2 established by rules adopted by the department under subsection (9)  
3 of this section.

4 (iii) Additional hours may be authorized for required training  
5 under RCW 74.39A.074, 74.39A.076, and 74.39A.341.

6 (iv) An individual provider may appeal to the department for  
7 qualification for the hour limitation in (b)(i)(A) of this subsection  
8 if the average weekly hours the (~~individual~~) individual provider  
9 was working in January 2016 materially underrepresent the average  
10 weekly hours worked by the individual provider during the first three  
11 months of 2016.

12 (v) No individual provider is subject to the hour limitations in  
13 (b)(i)(A) of this subsection until the department has conducted a  
14 review of the plan of care for the consumers served by the  
15 (~~individual~~) individual provider. The department shall review  
16 plans of care expeditiously, starting with consumers connected with  
17 the most individual provider overtime;

18 (c) The requirement that the total number of additional hours in  
19 excess of forty hours authorized under (b) of this subsection and  
20 subsection (9) of this section are limited by the total hours as  
21 provided in subsection (10) of this section;

22 (d) The department's authority to terminate its contracts with  
23 individual providers who are not adequately meeting the needs of a  
24 particular consumer, or to deny a contract under RCW 74.39A.095(8);

25 (e) The consumer's right to assign hours to one or more  
26 individual providers consistent with the rules adopted under this  
27 chapter and his or her plan of care;

28 (f) The consumer's right to select, hire, terminate, supervise  
29 the work of, and determine the conditions of employment for each  
30 individual provider providing services to the consumer under this  
31 chapter;

32 (g) The department's obligation to comply with the federal  
33 medicaid statute and regulations and the terms of any community-based  
34 waiver granted by the federal department of health and human services  
35 and to ensure federal financial participation in the provision of the  
36 services; and

37 (h) The legislature's right to make programmatic modifications to  
38 the delivery of state services under this title, including standards  
39 of eligibility of consumers and individual providers participating in  
40 the programs under this title, and the nature of services provided.

1 The governor shall not enter into, extend, or renew any agreement  
2 under this chapter that does not expressly reserve the legislative  
3 rights described in this subsection (5)(h).

4 (6) At the request of the exclusive bargaining representative,  
5 the governor or the governor's designee appointed under chapter 41.80  
6 RCW shall engage in collective bargaining, as defined in RCW  
7 41.56.030(4), with the exclusive bargaining representative over  
8 employer contributions to the training partnership for the costs of:  
9 (a) Meeting all training and peer mentoring required under this  
10 chapter; and (b) other training intended to promote the career  
11 development of individual providers.

12 (7) The state, the department, the area agencies on aging, or  
13 their contractors under this chapter may not be held vicariously or  
14 jointly liable for the action or inaction of any individual provider  
15 or prospective individual provider, whether or not that individual  
16 provider or prospective individual provider was included on the  
17 referral registry or referred to a consumer or prospective consumer.  
18 The existence of a collective bargaining agreement, the placement of  
19 an individual provider on the referral registry, or the development  
20 or approval of a plan of care for a consumer who chooses to use the  
21 services of an individual provider and the provision of case  
22 management services to that consumer, by the department or an area  
23 agency on aging, does not constitute a special relationship with the  
24 consumer.

25 (8) Nothing in this section affects the state's responsibility  
26 with respect to unemployment insurance for individual providers.  
27 However, individual providers are not to be considered, as a result  
28 of the state assuming this responsibility, employees of the state.

29 (9) The department may not pay any single individual provider  
30 more than the hours listed in subsection (5)(b) of this section  
31 unless the department authorizes additional hours under criteria  
32 established by rule. The criteria must be limited in scope to reduce  
33 the state's exposure to payment of overtime, address travel time from  
34 worksite to worksite, and address the following needs of consumers:

35 (a) Ensuring that consumers are not at increased risk for  
36 institutionalization;

37 (b) When there is a limited number of (~~individual~~) individual  
38 providers within the geographic region of the consumer;

1 (c) When there is a limited number of (~~individual~~) individual  
2 providers available to support a consumer with complex medical and  
3 behavioral needs or specific language needs;

4 (d) Emergencies that could pose a health and safety risk for  
5 consumers; and

6 (e) Instances where the cost of the allowed hour is less than  
7 other alternatives to provide care to a consumer, distinct from any  
8 increased risk of institutionalization.

9 (10)(a) Each fiscal year, the department shall establish a  
10 spending plan and a system to monitor the authorization and cost of  
11 hours in excess of forty hours each workweek from subsections (5)(b)  
12 and (9) of this section beginning July 1, 2016, and each fiscal year  
13 thereafter. Expenditures for hours in excess of forty hours each  
14 workweek under subsections (5)(b) and (9) of this section shall not  
15 exceed 8.75 percent of the total average authorized personal care  
16 hours for the fiscal year as projected by the caseload forecast  
17 council. The caseload forecast council may adopt a temporary  
18 adjustment to the 8.75 percent of the total average hours projection  
19 for that fiscal year, up to a maximum of 10.0 percent, if it finds a  
20 higher percentage of overtime hours is necessitated by a shortage of  
21 individual providers to provide adequate client care, taking into  
22 consideration factors including the criteria in subsection (9) of  
23 this section. If the council elects to temporarily increase the  
24 limit, it may do so only upon a majority vote of the council.

25 (b) The department also shall provide expenditure reports  
26 beginning September 1, 2016, and on a quarterly basis thereafter. If  
27 the department determines, based upon quarterly expenditure reports,  
28 that the annual expenditures will exceed the limitation established  
29 in (a) of this subsection, the department shall take those actions  
30 necessary to ensure compliance with the limitation.

31 (c) The spending plan and expenditure reports must be submitted  
32 to the legislative fiscal committees and the joint legislative-  
33 executive overtime oversight task force. The joint legislative-  
34 executive overtime oversight task force members are as follows:

35 (i) Two members from each of the two largest caucuses of the  
36 senate, appointed by the respective caucus leaders.

37 (ii) The speaker of the house of representatives shall appoint  
38 two members from each of the two largest caucuses of the house of  
39 representatives.

1 (iii) The governor shall appoint members representing the  
2 department of social and health services and the office of financial  
3 management.

4 (iv) The governor shall appoint two members representing  
5 individual providers and two members representing consumers receiving  
6 personal care or respite care services from an individual provider.

7 (d) The task force shall meet at least annually, but may meet  
8 more frequently as desired by the task force. The task force shall  
9 choose cochairs, one from among the legislative members and one from  
10 among the executive branch members.

11 (e) The department is authorized to adopt rules, including  
12 emergency rules under RCW 34.05.350, to implement this subsection.

13 **Sec. 967.** RCW 77.12.201 and 2016 sp.s. c 36 s 947 are each  
14 amended to read as follows:

15 The legislative authority of a county may elect, by giving  
16 written notice to the director and the treasurer prior to January 1st  
17 of any year, to obtain for the following year an amount in lieu of  
18 real property taxes on game lands as provided in RCW 77.12.203. Upon  
19 the election, the county shall keep a record of all fines,  
20 forfeitures, reimbursements, and costs assessed and collected, in  
21 whole or in part, under this title for violations of law or rules  
22 adopted pursuant to this title, with the exception of the  
23 ((2011-2013, 2013-2015[, ] and)) 2015-2017 and 2017-2019 fiscal  
24 biennia, and shall monthly remit an amount equal to the amount  
25 collected to the state treasurer for deposit in the state general  
26 fund. The election shall continue until the department is notified  
27 differently prior to January 1st of any year.

28 **Sec. 968.** RCW 77.12.203 and 2015 3rd sp.s. c 4 s 971 are each

33 regardless of acreage, in each county, if requested by an election  
34 under RCW 77.12.201, an amount in lieu of real property taxes equal  
35 to that amount paid on similar parcels of open space land taxable  
36 under chapter 84.34 RCW or the greater of seventy cents per acre per  
37 year or the amount paid in 1984 plus an additional amount for control

2 department buildings, structures, facilities, game farms, fish  
3 hatcheries, water access sites, tidelands, or public fishing areas.

4 (2) "Game lands," as used in this section and RCW 77.12.201,

12 (4) The county must distribute the amount received under this

16 county must distribute the amount received under this section for  
17 weed control to the appropriate weed district.

4 **Sec. 969.** RCW 79.64.040 and 2015 3rd sp.s. c 4 s 972 are each  
5 amended to read as follows:

6 (1) The board shall determine the amount deemed necessary in  
7 order to achieve the purposes of this chapter and shall provide by  
8 rule for the deduction of this amount from the moneys received from  
9 all leases, sales, contracts, licenses, permits, easements, and  
10 rights-of-way issued by the department and affecting state lands and  
11 aquatic lands, provided that no deduction shall be made from the

23 (iii) Any balance remaining, paid to a county with a population  
24 of less than sixteen thousand, must first be applied to the reduction  
25 of any indebtedness existing in the current expense fund of the

5 county. The portion to be distributed to the state general fund shall  
6 be based on the regular school levy rate under RCW 84.52.065 and the

**PART XII**  
**HUMAN SERVICES**

**Sec. 1201.** 2016 sp.s. c 36 s 201 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the

1 federal government, historical utilization, economic data, and  
2 clinical input constitute reliable data upon which to determine the  
3 payment rates.

4 (4) The department shall to the maximum extent practicable use  
5 the same system for delivery of spoken-language interpreter services  
6 for social services appointments as the one established for medical  
7 appointments in the health care authority. When contracting directly  
8 with an individual to deliver spoken language interpreter services,  
9 the department shall only contract with language access providers who  
10 are working at a location in the state and who are state-certified or  
11 state-authorized, except that when such a provider is not available,  
12 the department may use a language access provider who meets other  
13 certifications or standards deemed to meet state standards, including  
14 interpreters in other states.

15 (5) Information technology projects or investments and proposed  
16 projects or investments impacting time capture, payroll and payment  
17 processes and systems, eligibility, case management, and  
18 authorization systems within the department of social and health  
19 services are subject to technical oversight by the office of the  
20 chief information officer.

21 (6)(a) The department shall facilitate enrollment under the  
22 medicaid expansion for clients applying for or receiving state funded  
23 services from the department and its contractors. Prior to open  
24 enrollment, the department shall coordinate with the health care  
25 authority to provide referrals to the Washington health benefit  
26 exchange for clients that will be ineligible for medicaid.

27 (b) To facilitate a single point of entry across public and  
28 medical assistance programs, and to maximize the use of federal  
29 funding, the health care authority, the department of social and  
30 health services, and the health benefit exchange will coordinate  
31 efforts to expand HealthPlanfinder access to public assistance and  
32 medical eligibility staff. No later than October 1, 2015, the  
33 department shall complete medicaid applications in the  
34 HealthPlanfinder for households receiving or applying for public  
35 assistance benefits.

36 (c) The department, in coordination with the health care  
37 authority, shall pursue a federal waiver to use supplemental  
38 nutrition assistance program eligibility, aged, blind, or disabled  
39 program eligibility, or temporary assistance for needy families  
40 eligibility, to enroll eligible persons into medicaid.

1 (7) In accordance with RCW 71.24.380, the health care authority  
2 and the department are authorized to purchase medical and behavioral  
3 health services through integrated contracts upon request of all of  
4 the county authorities in a regional service area to become an early  
5 adopter of fully integrated purchasing of medical and behavioral  
6 health services. The department may combine and transfer such amounts  
7 appropriated under sections 204, 208, and 213 of this act as may be  
8 necessary to fund early adopter contracts. The amount of medicaid  
9 funding transferred from each program may not exceed the average per  
10 capita cost assumed in this act for individuals covered by that  
11 program, actuarially adjusted for the health condition of persons  
12 enrolled, times the number of clients enrolled. The amount of non-  
13 medicaid funding transferred from sections 204 and 208 may not exceed  
14 the amount that would have been contracted with a behavioral health  
15 organization if the county authorities had not requested to become an  
16 early adopter of fully integrated purchasing. These limits do not  
17 apply to the amounts provided in section 204(1)(s) of this act. If  
18 any funding that this act provides solely for a specific purpose is  
19 transferred under this subsection, that funding must be used  
20 consistently with the provisions and conditions for which it was  
21 provided.

22 (8) In accordance with RCW 71.24.380, the department is  
23 authorized to purchase mental health and substance use disorder  
24 services through integrated contracts with behavioral health  
25 organizations. The department may combine and transfer such amounts  
26 appropriated under sections 204 and 208 of this act as may be  
27 necessary to finance these behavioral health organization contracts.  
28 If any funding that this act provides solely for a specific purpose  
29 is transferred under this subsection, that funding must be used  
30 consistently with the provisions and conditions for which it was  
31 provided.

32 (9)(a) The appropriations to the department of social and health  
33 services in this act shall be expended for the programs and in the  
34 amounts specified in this act. However, after May 1, (~~2016~~) 2017,  
35 unless prohibited by this act, the department may transfer general  
36 fund—state appropriations for fiscal year (~~2016~~) 2017 among  
37 programs after approval by the director of financial management.  
38 However, the department shall not transfer state moneys that are  
39 provided solely for a specified purpose except as expressly provided  
40 in (b) of this subsection.

1 (b) To the extent that transfers under (a) of this subsection are  
 2 insufficient to fund actual expenditures in excess of fiscal year  
 3 (~~2016~~) 2017 caseload forecasts and utilization assumptions in the  
 4 long-term care, foster care, adoptions support, medical personal  
 5 care, and child support programs, the department may transfer state  
 6 moneys that are provided solely for a specified purpose. The  
 7 department shall not transfer funds, and the director of financial  
 8 management shall not approve the transfer, unless the transfer is  
 9 consistent with the objective of conserving, to the maximum extent  
 10 possible, the expenditure of state funds. The director of financial  
 11 management shall notify the appropriate fiscal committees of the  
 12 senate and house of representatives in writing seven days prior to  
 13 approving any allotment modifications or transfers under this  
 14 subsection. The written notification shall include a narrative  
 15 explanation and justification of the changes, along with expenditures  
 16 and allotments by budget unit and appropriation, both before and  
 17 after any allotment modifications or transfers.

18 (10) To facilitate the authority provided in subsection (7) and  
 19 (8) of this section, and to ensure a new accounting structure is in  
 20 place as of July 1, 2017, the department is authorized to create a  
 21 new program for accounting purposes only that combines the mental  
 22 health program and alcohol and substance abuse program allotments and  
 23 expenditures.

25 rehabilitation administration division director. The committee may  
26 make changes to the formula categories other than the evidence-based  
27 program and disposition alternative categories if it is determined  
28 the changes will increase statewide service delivery or effectiveness  
29 of evidence-based program or disposition alternative resulting in  
30 increased cost benefit savings to the state. Long-term cost benefit  
31 must be considered. Percentage changes may occur in the evidence-

38 or left separate.

9 shall collect and distribute information related to program outcome  
10 and provide access to these data systems to the juvenile  
11 rehabilitation administration and Washington state institute for  
12 public policy. The agreements between administrative office of the  
13 courts, the juvenile courts, and the juvenile rehabilitation  
14 administration shall be executed to ensure that the juvenile  
15 rehabilitation administration receives the data that the juvenile  
16 rehabilitation administration identifies as needed to comply with  
17 this subsection. This includes, but is not limited to, information by  
18 program at the statewide aggregate level, individual court level, and  
19 individual client level for the purpose of the juvenile  
20 rehabilitation administration providing quality assurance and  
21 oversight for the locally committed youth block grant and associated  
22 funds and at times as specified by the juvenile rehabilitation  
23 administration as necessary to carry out these functions. The data  
24 shall be provided in a manner that reflects the collaborative work  
25 the juvenile rehabilitation administration and juvenile courts have  
26 developed regarding program outcomes that reinforce the greatest cost  
27 benefit to the state in the implementation of evidence-based  
28 practices and disposition alternatives.

29 (8) \$445,000 of the general fund—state appropriation for fiscal  
30 year 2016 and \$445,000 of the general fund—state appropriation for

1 criminal street gang prevention and intervention. The juvenile  
2 rehabilitation administration may award grants under this subsection.  
3 The juvenile rehabilitation administration shall give priority to  
4 applicants who have demonstrated the greatest problems with criminal  
5 street gangs. Applicants composed of, at a minimum, one or more local  
6 governmental entities and one or more nonprofit, nongovernmental  
7 organizations that have a documented history of creating and  
8 administering effective criminal street gang prevention and  
9 intervention programs may apply for funding under this subsection.  
10 Each entity receiving funds must report to the juvenile  
11 rehabilitation administration on the number and types of youth  
12 served, the services provided, and the impact of those services on  
13 the youth and the community.

14 (11) The juvenile rehabilitation institutions may use funds

The appropriations in this subsection are subject to the following conditions and limitations:

(a) For the purposes of this subsection, the term "regional support networks," includes, effective April 1, 2016, behavioral health organizations which assume the duties of regional support networks pursuant to chapter 225, Laws of 2014 (2SSB 6312).

(b) \$12,204,000 of the general fund—state appropriation for fiscal year 2016, (~~(\$13,761,000)~~) \$8,921,000 of the general fund—state appropriation for fiscal year 2017, and (~~(\$17,918,000)~~) \$15,312,000 of the general fund—federal appropriation are provided solely to reimburse regional support networks for increased utilization costs, as compared to utilization costs in fiscal year 2014, that are incurred in order to meet statutory obligations to provide individualized mental health treatment in appropriate settings to individuals who are detained or committed under the involuntary treatment act. Prior to distributing funds to a regional support network requesting reimbursement for costs relative to increased utilization, the department must receive adequate documentation of such increased utilization and costs. Regional support networks receiving funds for community hospitals or evaluation and treatment center beds under (p) of this subsection are only eligible for reimbursement that exceeds the total of their utilization costs in fiscal year 2014 and the costs of services provided with additional funds received under (p) of this subsection.

(c) \$2,452,000 of the general fund—state appropriation for fiscal year 2016, \$2,264,000 of the general fund—state appropriation for fiscal year 2017, and \$2,653,000 of the general fund—federal appropriation are provided solely for implementation of chapter 258, Laws of 2015 (E2SSB 5269) (involuntary treatment act). Regional support networks must use these amounts for involuntary treatment costs associated with implementation of this bill.

(d) \$3,776,000 of the general fund—state appropriation for fiscal year 2016, \$5,780,000 of the general fund—state appropriation for fiscal year 2017, and \$6,054,000 of the general fund—federal appropriation are provided solely for implementation of chapter 250, Laws of 2015 (E2SHB 1450) (involuntary outpatient treatment). Regional support networks must use these amounts for increases in

1 community mental health treatment associated with implementation of  
2 this bill.

3 (e) \$81,180,000 of the general fund—state appropriation for  
4 fiscal year 2016 and \$81,180,000 of the general fund—state  
5 appropriation for fiscal year 2017 are provided solely for persons  
6 and services not covered by the medicaid program. To the extent  
7 possible, levels of regional support network spending shall be  
8 maintained in the following priority order: Crisis and commitment

10 services, including personal care and emergency housing assistance.  
11 These amounts includes a reduction of \$4,715,000 for fiscal year 2016  
12 and \$4,715,000 for fiscal year 2017 associated with a funding shift  
13 that allows for increased federal participation for community  
14 inpatient stays that were previously ineligible for federal matching  
15 funds. This reduction will be distributed to regional support  
16 networks based on the same proportions that were added to regional  
17 support network capitation ranges specific to the waiver that allowed  
18 for federal funds to be used for community inpatient stays that were  
19 previously ineligible for federal matching funds. The department must  
20 allow regional support networks to use medicaid capitation payments  
21 to provide services to medicaid enrollees that are in addition to  
22 those covered under the state plan in accordance with the conditions  
23 established under federal regulations governing medicaid managed care

29 appropriation are provided solely for the department and regional  
30 support networks to continue to contract for implementation of high-  
31 intensity programs for assertive community treatment (PACT) teams. In  
32 determining the proportion of medicaid and nonmedicaid funding  
33 provided to regional support networks with PACT teams, the department  
34 shall consider the differences between regional support networks in  
35 the percentages of services and other costs associated with the teams  
36 that are not reimbursable under medicaid. The department may allow  
37 regional support networks which have nonmedicaid reimbursable costs  
38 that are higher than the nonmedicaid allocation they receive under  
39 this section to supplement these funds with local dollars or funds

1 received under section 204(1)(e) of this act. The department and  
2 regional support networks shall maintain consistency with all  
3 essential elements of the PACT evidence-based practice model in  
4 programs funded under this section.

5 (g) The number of nonforensic beds allocated for use by regional  
6 support networks at eastern state hospital shall be 192 per day. The  
7 number of nonforensic beds allocated for use by regional support  
8 networks at western state hospital shall be 587 per day in fiscal  
9 year 2016. Pursuant to Engrossed Second Substitute House Bill No.  
10 2453 (state hospital oversight) or Substitute Senate Bill No. 6656  
11 (state hospital practices), the department must transition and divert  
12 enough patients with long term care needs from western state hospital  
13 by January 1, 2017, to reduce the capacity needed for this population  
14 by 30 beds and the department must reduce the number of nonforensic  
15 beds allocated for use by regional support networks at western state  
16 hospital to 557. The department may contract through a regional  
17 support network for up to 30 local community hospital beds to provide  
18 treatment to individuals on a 90 day involuntary commitment order and  
19 must lower that regional support network's allocation of beds by the  
20 number of contracted beds.

21 (h) From the general fund—state appropriations in this  
22 subsection, the secretary of social and health services shall assure  
23 that regional support networks reimburse the aging and disability  
24 services administration for the general fund—state cost of medicaid  
25 personal care services that enrolled regional support network  
26 consumers use because of their psychiatric disability.

27 (i) The department is authorized to continue to contract  
28 directly, rather than through contracts with regional support  
29 networks, for children's long-term inpatient facility services.

30 (j) \$750,000 of the general fund—state appropriation for fiscal  
31 year 2016 and \$750,000 of the general fund—state appropriation for  
32 fiscal year 2017 are provided solely to continue performance-based  
33 incentive contracts to provide appropriate community support services  
34 for individuals with severe mental illness who were discharged from  
35 the state hospitals as part of the expanding community services  
36 initiative. These funds will be used to enhance community residential  
37 and support services provided by regional support networks through  
38 other state and federal funding.

1 (k) \$1,125,000 of the general fund—state appropriation for fiscal  
2 year 2016 and \$1,125,000 of the general fund—state appropriation for  
3 fiscal year 2017 are provided solely for the Spokane regional support  
4 network to implement services to reduce utilization and the census at  
5 eastern state hospital. Such services shall include:

6 (i) High intensity treatment team for persons who are high  
7 utilizers of psychiatric inpatient services, including those with co-  
8 occurring disorders and other special needs;

9 (ii) Crisis outreach and diversion services to stabilize in the  
10 community individuals in crisis who are at risk of requiring  
11 inpatient care or jail services;

12 (iii) Mental health services provided in nursing facilities to  
13 individuals with dementia, and consultation to facility staff  
14 treating those individuals; and

15 (iv) Services at the sixteen-bed evaluation and treatment  
16 facility.

17 At least annually, the Spokane regional support network shall  
18 assess the effectiveness of these services in reducing utilization at  
19 eastern state hospital, identify services that are not optimally  
20 effective, and modify those services to improve their effectiveness.

21 (l) \$1,204,000 of the general fund—state appropriation for fiscal  
22 year 2016 and \$1,204,000 of the general fund—state appropriation for  
23 fiscal year 2017 are provided solely to reimburse Pierce and Spokane  
24 counties for the cost of conducting 180-day commitment hearings at  
25 the state psychiatric hospitals.

26 (m) Regional support networks may use local funds to earn  
27 additional federal medicaid match, provided the locally matched rate  
28 does not exceed the upper-bound of their federally allowable rate  
29 range, and provided that the enhanced funding is used only to provide  
30 medicaid state plan or waiver services to medicaid clients.  
31 Additionally, regional support networks may use a portion of the  
32 state funds allocated in accordance with (e) of this subsection to  
33 earn additional medicaid match, but only to the extent that the  
34 application of such funds to medicaid services does not diminish the  
35 level of crisis and commitment, community inpatient, residential  
36 care, and outpatient services presently available to persons not  
37 eligible for medicaid.

38 (n) \$2,291,000 of the general fund—state appropriation for fiscal  
39 year 2016 and \$2,291,000 of the general fund—state appropriation for

1 fiscal year 2017 are provided solely for mental health services for  
2 mentally ill offenders while confined in a county or city jail and  
3 for facilitating access to programs that offer mental health services  
4 upon release from confinement.

5 (o) Within the amounts appropriated in this section, funding is  
6 provided for the department to develop and phase in intensive mental  
7 health services for high needs youth consistent with the settlement  
8 agreement in *T.R. v. Dreyfus and Porter*.

9 (p) \$9,184,000 of the general fund—state appropriation for fiscal  
10 year 2016, \$11,405,000 of the general fund—state appropriation for  
11 fiscal year 2017, and \$17,680,000 of the general fund—federal  
12 appropriation are provided solely for enhancement of community mental  
13 health services. The department must contract these funds for the  
14 operation of community programs in which the department determines  
15 there is a need for capacity that allows individuals to be diverted  
16 or transitioned from the state hospitals including but not limited  
17 to: (i) Community hospital or free standing evaluation and treatment  
18 services providing short-term detention and commitment services under  
19 the involuntary treatment act to be located in the geographic areas  
20 of the King regional support network, the Spokane regional support  
21 network outside of Spokane county, and the Thurston Mason regional  
22 support network; (ii) one new full program of an assertive community  
23 treatment team in the King regional support network and two new half  
24 programs of assertive community treatment teams in the Spokane  
25 regional support network and the Pierce regional support network; and  
26 (iii) three new recovery support services programs in the Grays  
27 Harbor regional support network, the greater Columbia regional  
28 support network, and the north sound regional support network. In  
29 contracting for community evaluation and treatment services, the  
30 department may not use these resources in facilities that meet the  
31 criteria to be classified under federal law as institutions for  
32 mental diseases. If the department is unable to come to a contract  
33 agreement with a designated regional support network for any of the  
34 services identified above, it may consider contracting for that  
35 service in another regional support network that has the need for  
36 such service.

37 (q) The appropriations in this section include a reduction of  
38 \$16,462,000 in general fund—state and \$16,468,000 of general fund—  
39 federal expenditure authority. This reduction must be achieved by

1 reducing regional support network medicaid rates for disabled adults,  
2 nondisabled adults, disabled children, and nondisabled children. No  
3 regional support network rate may be lowered below the low end of the  
4 rate range that is certified as actuarially sound. The department  
5 must work to develop updated minimum and maximum reserve levels that  
6 reflect the changes in the number of medicaid eligible individuals  
7 since reserve levels were originally set as well as the integration  
8 of substance use disorder services into managed care contracts funded  
9 within the amounts appropriated in this section. The department must  
10 submit a report to the office of financial management and the  
11 appropriate fiscal committees of the legislature by December 1, 2015,  
12 that includes the revised minimum and maximum reserve levels for  
13 medicaid and nonmedicaid behavioral health organization contracts.

14 (r) \$300,000 of the general fund—state appropriation for fiscal  
15 year 2016, \$1,394,000 of the general fund—state appropriation for  
16 fiscal year 2017, and \$2,020,000 of the general fund—federal  
17 appropriation are provided solely for implementation of chapter 7,  
18 Laws of 2015 1st sp. sess. (2E2SSB 5177) (timeliness of competency  
19 evaluation and restoration services). Regional support networks must  
20 use the amounts for outpatient mental health treatment costs  
21 associated with implementation of the bill.

22 (s) \$1,500,000 of the general fund—state appropriation for fiscal  
23 year 2017 is provided solely to support the southwest Washington  
24 region in transitioning to become an early adopter for full  
25 integration of physical and behavioral health care. These amounts  
26 must be used to provide a reserve for nonmedicaid services in the  
27 region and to stabilize the new crisis services system. The  
28 department and the health care authority must develop a memorandum of  
29 understanding on the use of these funds.

30 (t) By April 1, 2016, the department must establish minimum and  
31 maximum funding levels for all reserves allowed under behavioral  
32 health organization contracts and insert contract language that  
33 clearly states the requirements and limitations. The department must  
34 monitor and ensure that behavioral health organization reserves do  
35 not exceed maximum levels. The department must monitor behavioral  
36 health organization revenue and expenditure reports and must require  
37 a behavioral health organization to submit a corrective action plan  
38 on how it will spend its excess reserves within a reasonable period  
39 of time, when its reported reserves exceed maximum levels established

1 under the contract. The department must review and approve such plans  
 2 and monitor to ensure compliance. If the department determines that a  
 3 behavioral health organization has failed to provide an adequate  
 4 excess reserve corrective action plan or is not complying with an  
 5 approved plan, the department must reduce payments to the behavioral  
 6 health organization in accordance with remedial actions provisions  
 7 included in the contract. These reductions in payments must continue  
 8 until the department determines that the behavioral health  
 9 organization has come into substantial compliance with an approved  
 10 excess reserve corrective action plan.

11 (u) \$2,000,000 of the general fund—state appropriation for fiscal  
 12 year 2017 and \$762,000 of the general fund—federal appropriation for  
 13 fiscal year 2017 are provided solely for four housing support and  
 14 step down services teams.

15 (v) \$1,760,000 of the general fund—federal appropriation is  
 16 provided solely for a pilot project to put peer bridging staff into  
 17 each regional support network as part of the state psychiatric  
 18 liaison teams to promote continuity of service as individuals return  
 19 to their communities. The department must collect and make available  
 20 data on the impact of peer staff on state hospital discharges and  
 21 community placements.

22 (w) \$417,000 of the general fund—state appropriation for fiscal  
 23 year 2017 and \$179,000 of the general fund—federal appropriation are  
 24 provided solely for implementation of Second Substitute House Bill  
 25 No. 1448 (suicide threat response). ((If the bill is not enacted by  
 26 June 30, 2016, the amounts provided in this subsection shall lapse.))

14 appraisal of risks, barriers, and benefits to implementation as well  
15 as an implementation timeline. The University of Washington shall

20 The appropriations in this subsection are subject to the  
21 following conditions and limitations:

22 (a) In accordance with RCW 43.20B.110, 43.135.055, and 71.24.035,  
23 the department is authorized to adopt license and certification fees

35 which are not accredited.

36 (b) In developing the new medicaid managed care rates under which  
37 the public mental health managed care system will operate, the  
38 department must seek to estimate the reasonable and necessary cost of

34 statewide average dollars-per-hour wage was less than \$15 in calendar  
35 year 2008, according to cost report data. The add-on may also be used  
36 to address resulting wage compression for related job classes  
37 immediately affected by wage increases to low-wage workers. For  
38 fiscal year 2016 within funds provided, the department shall provide  
39 an additional add-on per medicaid resident day per facility not to

26 appropriations act, excluding the low wage worker add-on found in (a)  
27 of this subsection, the rate add-ons for direct care, support  
28 services, and therapy care found in (g) of this subsection, the  
29 comparative add-on, acuity add-on, and safety net reimbursement, is  
30 greater than the direct care rate in effect on June 30, 2010, then  
31 the facility shall receive a ten percent direct care rate add-on to  
32 compensate that facility for taking on more acute clients than they  
33 have in the past.

34 (d) The department shall provide a medicaid rate add-on to  
35 reimburse the medicaid share of the skilled nursing facility safety  
36 net assessment as a medicaid allowable cost. The nursing facility  
37 safety net rate add-on may not be included in the calculation of the  
38 annual statewide weighted average nursing facility payment rate.

2 to the reconciliation and settlement process provided in RCW  
3 74.46.022(6).

4 (f) If the waiver requested from the federal centers for medicare

17 rate shall be set so that it does not exceed one hundred and eighteen  
18 percent of its base year's direct care allowable costs except if the  
19 provider is below the minimum staffing standard established in RCW  
20 74.42.360(2).

8 authority consulting with the medical assistance forecast work group  
9 prior to accepting the actuarial contractor's managed care rate  
10 recommendations.

11 (b) \$121,599,000 of the general fund—state appropriation for  
12 fiscal year 2017 is provided solely for holding medicaid managed care  
13 capitation rates flat at calendar year 2016 levels in state fiscal  
14 year and calendar year 2017. To achieve this target, the authority  
15 shall engage with a group composed of the office of financial  
16 management, the medicaid forecast work group, and the managed care  
17 plans on a range of strategies developed both by the authority and  
18 the group. The authority shall obtain actuarial analysis, support,  
19 and recommendations during this process, and the state actuary shall  
20 obtain independent actuarial analysis. By August 1, 2016, the  
21 authority shall present the progress made on the initiative to the  
22 joint select committee on health care, identifying any possible  
23 changes in statute needed to achieve the goal and the possible  
24 impacts on clients. The authority shall complete the plan and report  
25 to the appropriate committees of the legislature by October 1, 2016.

26 (c) \$1,894,672,000 of the general fund—state appropriation for  
27 fiscal year 2016 and \$1,915,233,000 of the general fund—state  
28 appropriation for fiscal year 2017 are provided solely for medicaid  
29 services and the medicaid program. However, the authority shall not  
30 accept or expend any federal funds received under a medicaid  
31 transformation demonstration waiver currently being sought under  
32 healthier Washington, except as described in (d) through (g) of this  
33 subsection, until specifically approved and appropriated by the  
34 legislature.

35 (d) No more than (~~(\$127,336,000)~~) \$121,050,000 of the general  
36 fund—federal appropriation and \$12,226,000 of the general fund—local  
37 appropriation may be expended for transformation through accountable  
38 communities of health described in initiative 1 of the medicaid  
39 transformation demonstration waiver currently being sought under

1 healthier Washington, including preventing youth drug use. The  
2 authority shall not increase general fund—state expenditures on this  
3 initiative. The authority shall report to the fiscal committees of  
4 the legislature all expenditures under this subsection and shall  
5 provide such fiscal data in the manner, form, and time requested by  
6 the legislative fiscal committees.

7 ~~(e) ((No more than \$5,223,000 of the general fund—federal~~

21 sought under healthier Washington. The authority shall not increase  
22 general fund—state expenditures on this initiative. The authority

36 ~~(h))~~ (f) Sufficient amounts are appropriated in this subsection  
37 to implement the medicaid expansion as defined in the social security  
38 act, section 1902(a)(10)(A)(i)(VIII).

1       ~~((+i))~~ (g) The legislature finds that medicaid payment rates, as  
2       calculated by the health care authority pursuant to the  
3       appropriations in this act, bear a reasonable relationship to the  
4       costs incurred by efficiently and economically operated facilities  
5       for providing quality services and will be sufficient to enlist  
6       enough providers so that care and services are available to the  
7       extent that such care and services are available to the general  
8       population in the geographic area. The legislature finds that the  
9       cost reports, payment data from the federal government, historical  
10      utilization, economic data, and clinical input constitute reliable  
11      data upon which to determine the payment rates.

12      ~~((+j))~~ (h) Based on quarterly expenditure reports and caseload  
13      forecasts, if the health care authority estimates that expenditures  
14      for the medical assistance program will exceed the appropriations,  
15      the health care authority shall take steps including but not limited  
16      to reduction of rates or elimination of optional services to reduce  
17      expenditures so that total program costs do not exceed the annual  
18      appropriation authority.

19      ~~((+k))~~ (i) In determining financial eligibility for medicaid-  
20      funded services, the health care authority is authorized to disregard  
21      recoveries by Holocaust survivors of insurance proceeds or other  
22      assets, as defined in RCW 48.104.030.

23      ~~((+l))~~ (j) The legislature affirms that it is in the state's  
24      interest for Harborview medical center to remain an economically  
25      viable component of the state's health care system.

26      ~~((+m))~~ (k) When a person is ineligible for medicaid solely by  
27      reason of residence in an institution for mental diseases, the health  
28      care authority shall provide the person with the same benefits as he  
29      or she would receive if eligible for medicaid, using state-only funds  
30      to the extent necessary.

31      ~~((+n))~~ (l) \$4,261,000 of the general fund—state appropriation  
32      for fiscal year 2016, \$4,261,000 of the general fund—state  
33      appropriation for fiscal year 2017, and \$8,522,000 of the general  
34      fund—federal appropriation are provided solely for low-income  
35      disproportionate share hospital payments.

36      ~~((+o))~~ (m) Within the amounts appropriated in this section, the  
37      health care authority shall provide disproportionate share hospital  
38      payments to hospitals that provide services to children in the  
39      children's health program who are not eligible for services under

1 Title XIX or XXI of the federal social security act due to their  
2 citizenship status.

3 ~~((p))~~ (n) \$6,000,000 of the general fund—federal appropriation  
4 is provided solely for supplemental payments to nursing homes  
5 operated by public hospital districts. The public hospital district  
6 shall be responsible for providing the required nonfederal match for  
7 the supplemental payment, and the payments shall not exceed the  
8 maximum allowable under federal rules. It is the legislature's intent  
9 that the payments shall be supplemental to and shall not in any way  
10 offset or reduce the payments calculated and provided in accordance  
11 with part E of chapter 74.46 RCW. It is the legislature's further  
12 intent that costs otherwise allowable for rate-setting and settlement  
13 against payments under chapter 74.46 RCW shall not be disallowed  
14 solely because such costs have been paid by revenues retained by the  
15 nursing home from these supplemental payments. The supplemental  
16 payments are subject to retrospective interim and final cost  
17 settlements based on the nursing homes' as-filed and final medicare  
18 cost reports. The timing of the interim and final cost settlements  
19 shall be at the health care authority's discretion. During either the  
20 interim cost settlement or the final cost settlement, the health care  
21 authority shall recoup from the public hospital districts the  
22 supplemental payments that exceed the medicaid cost limit and/or the  
23 medicare upper payment limit. The health care authority shall apply  
24 federal rules for identifying the eligible incurred medicaid costs  
25 and the medicare upper payment limit.

26 ~~((q))~~ (o) The health care authority shall continue the  
27 inpatient hospital certified public expenditures program for the  
28 2015-2017 fiscal biennium. The program shall apply to all public  
29 hospitals, including those owned or operated by the state, except  
30 those classified as critical access hospitals or state psychiatric  
31 institutions. The health care authority shall submit reports to the  
32 governor and legislature by November 1, 2015, and by November 1,  
33 2016, that evaluate whether savings continue to exceed costs for this  
34 program. If the certified public expenditures (CPE) program in its  
35 current form is no longer cost-effective to maintain, the health care  
36 authority shall submit a report to the governor and legislature  
37 detailing cost-effective alternative uses of local, state, and  
38 federal resources as a replacement for this program. During fiscal  
39 year 2016 and fiscal year 2017, hospitals in the program shall be  
40 paid and shall retain one hundred percent of the federal portion of

1 the allowable hospital cost for each medicaid inpatient fee-for-  
2 service claim payable by medical assistance and one hundred percent  
3 of the federal portion of the maximum disproportionate share hospital  
4 payment allowable under federal regulations. Inpatient medicaid  
5 payments shall be established using an allowable methodology that  
6 approximates the cost of claims submitted by the hospitals. Payments  
7 made to each hospital in the program in each fiscal year of the  
8 biennium shall be compared to a baseline amount. The baseline amount  
9 will be determined by the total of (a) the inpatient claim payment  
10 amounts that would have been paid during the fiscal year had the  
11 hospital not been in the CPE program based on the reimbursement rates  
12 developed, implemented, and consistent with policies approved in the  
13 2015-2017 biennial operating appropriations act and in effect on July  
14 1, 2015, (b) one-half of the indigent assistance disproportionate  
15 share hospital payment amounts paid to and retained by each hospital  
16 during fiscal year 2005, and (c) all of the other disproportionate  
17 share hospital payment amounts paid to and retained by each hospital  
18 during fiscal year 2005 to the extent the same disproportionate share  
19 hospital programs exist in the 2015-2017 fiscal biennium. If payments  
20 during the fiscal year exceed the hospital's baseline amount, no  
21 additional payments will be made to the hospital except the federal  
22 portion of allowable disproportionate share hospital payments for  
23 which the hospital can certify allowable match. If payments during  
24 the fiscal year are less than the baseline amount, the hospital will  
25 be paid a state grant equal to the difference between payments during  
26 the fiscal year and the applicable baseline amount. Payment of the  
27 state grant shall be made in the applicable fiscal year and  
28 distributed in monthly payments. The grants will be recalculated and  
29 redistributed as the baseline is updated during the fiscal year. The  
30 grant payments are subject to an interim settlement within eleven  
31 months after the end of the fiscal year. A final settlement shall be  
32 performed. To the extent that either settlement determines that a  
33 hospital has received funds in excess of what it would have received  
34 as described in this subsection, the hospital must repay the excess  
35 amounts to the state when requested. \$14,014,000 of the general fund—  
36 state appropriation for fiscal year 2016 and (~~(\$9,700,000)~~)  
37 \$9,855,000 of the general fund—state appropriation for fiscal year  
38 2017 are provided solely for state grants for the participating  
39 hospitals.

1       ~~((r))~~ (p) The health care authority shall seek public-private  
2 partnerships and federal funds that are or may become available to  
3 provide on-going support for outreach and education efforts under the  
4 federal children's health insurance program reauthorization act of  
5 2009.

6       ~~((s))~~ (q) The health care authority shall target funding for  
7 maternity support services towards pregnant women with factors that  
8 lead to higher rates of poor birth outcomes, including hypertension,  
9 a preterm or low birth weight birth in the most recent previous  
10 birth, a cognitive deficit or developmental disability, substance  
11 abuse, severe mental illness, unhealthy weight or failure to gain  
12 weight, tobacco use, or African American or Native American race. The  
13 health care authority shall prioritize evidence-based practices for  
14 delivery of maternity support services. To the extent practicable,  
15 the health care authority shall develop a mechanism to increase  
16 federal funding for maternity support services by leveraging local  
17 public funding for those services.

18       ~~((t))~~ (r) Within the amounts appropriated in this section, the  
19 authority shall identify strategies to improve patient adherence to  
20 treatment plans for diabetes and implement these strategies as a  
21 pilot through one health home program to be identified by the  
22 authority. The authority shall report to the governor and legislature  
23 in December 2015 on patient outcomes and cost savings derived from  
24 new adherence strategies in the health home model and make  
25 recommendations for improving the strategies.

26       ~~((u))~~ (s) Managed care contracts must incorporate  
27 accountability measures that monitor patient health and improved  
28 health outcomes, and shall include an expectation that each patient  
29 receive a wellness examination that documents the baseline health  
30 status and allows for monitoring of health improvements and outcome  
31 measures.

32       ~~((v))~~ (t) \$88,000 of the medicaid fraud penalty account—state  
33 appropriation and \$567,000 of the general fund—federal appropriation  
34 are provided solely to implement the conversion to the tenth version  
35 of the world health organization's international classification of  
36 diseases.

37       ~~((w))~~ (u) Sufficient amounts are appropriated in this section  
38 for the authority to provide an adult dental benefit.

39       ~~((x))~~ (v) The health care authority shall coordinate with the  
40 department of social and health services to provide referrals to the

1 Washington health benefit exchange for clients that will be  
2 ineligible for medicaid.

3 ~~((+y))~~ (w) To facilitate a single point of entry across public  
4 and medical assistance programs, and to maximize the use of federal  
5 funding, the health care authority, the department of social and  
6 health services, and the health benefit exchange will coordinate  
7 efforts to expand HealthPlanfinder access to public assistance and  
8 medical eligibility staff. No later than October 1, 2015, the health

10 HealthPlanfinder for households receiving or applying for medical  
11 assistance benefits.

18 ~~((+aa))~~ (y) The appropriations in this section reflect savings  
19 and efficiencies by transferring children receiving medical care

21 managed care.

22 ~~((+bb))~~ (z) Within the amounts appropriated in this section, the

36 beneficiary system. The pilot program shall examine streamlining  
37 provider enrollment and compliance within the current affordable care  
38 act screening requirements and include a post-enrollment review of  
39 those currently enrolled in medicaid to determine if there have been

1 changes in demographics, including but not limited to becoming

25 the authority is directed to directly consult with the centers for

1       (~~(pp)~~) (mm) The authority shall use revenue appropriated from  
2 the dedicated marijuana fund for contracts with community health  
3 centers under RCW 69.50.540 in lieu of general fund—state payments to

6 will be continued in subsequent fiscal biennia.

7       (~~(pp)~~) (nn) In collaboration with the state hospital

12 defined for existing providers of psychiatric inpatient services. As  
13 a result of this action, the authority shall not incur expenditures  
14 in the current biennium. The authority shall report to the office of  
15 financial management and appropriate committees of the legislature  
16 the following information no later than October 1, 2017:

11 shall not pay a rate greater than \$65 per day per offender for all  
12 costs associated with the offender while in the local correctional  
13 facility to include programming and health care costs, or the  
14 equivalent of \$65 per day per bed including programming and health  
15 care costs for full units. The capacity provided at local  
16 correctional facilities must be for offenders whom the department of  
17 corrections defines as medium or lower security offenders.  
18 Programming provided for inmates held in local jurisdictions is  
19 included in the rate, and details regarding the type and amount of  
20 programming, and any conditions regarding transferring offenders must  
21 be negotiated with the department as part of any contract. Local  
22 jurisdictions must provide health care to offenders that meet  
23 standards set by the department. The local jail must provide all  
24 medical care including unexpected emergent care. The department must  
25 utilize a screening process to ensure that offenders with existing  
26 extraordinary medical/mental health needs are not transferred to  
27 local jail facilities. If extraordinary medical conditions develop  
28 for an inmate while at a jail facility, the jail may transfer the  
29 offender back to the department, subject to terms of the negotiated  
30 agreement. Health care costs incurred prior to transfer are the  
31 responsibility of the jail.

32 (c) \$501,000 of the general fund—state appropriation for fiscal  
33 year 2016 and \$501,000 of the general fund—state appropriation for  
34 fiscal year 2017 are provided solely for the department to maintain  
35 the facility, property, and assets at the institution formerly known  
36 as the maple lane school in Rochester. (~~The department may not house  
37 incarcerated offenders at the maple lane site until specifically  
38 directed to do so by the legislature.~~)

1 (d) \$479,000 of the general fund—state appropriation for fiscal  
2 year 2016, and (~~(\$1,379,000)~~) \$758,000 of the general fund—state  
3 appropriation for fiscal year 2017 are provided solely for the  
4 department to contract (~~(with Yakima county)~~) for the use of inmate  
5 bed capacity in lieu of prison beds operated by the state to meet  
6 prison capacity needs.

7 (e) The department shall review its policies and procedures for  
8 overtime usage throughout its prison custody system to identify  
9 efficiencies and best practices that will control costs. The  
10 department shall provide to the appropriate committees of the  
11 legislature by November 15, 2015, a report that makes recommendations  
12 to reduce the department's overtime usage and reduces overall costs  
13 for prison personnel.

14 (f) In an effort to reduce its need for medium security beds, the  
15 department shall review options to meet capacity needs in the most  
16 cost-efficient manner without compromising safety. The department  
17 shall at a minimum review its policies that determine custody levels,  
18 including examining other states' policies and determine costs to  
19 convert any empty prison beds to medium security and possibilities to  
20 utilize local jail beds for this purpose. The department must  
21 evaluate the options on both a short-term and long-term basis against  
22 the cost and timing of any proposal to build a new prison facility.  
23 The department shall report its findings and recommendations to the  
24 appropriate committees of the legislature by December 1, 2015.

25 (g) Within the amounts provided in this section, the department  
26 of corrections shall explore entering into an interagency agreement  
27 with the University of Washington. The interagency agreement would  
28 allow the department to receive drug pricing under 340B of the public  
29 health services act for drug purchases associated with treating  
30 patients with hepatitis C or other diseases, whereby the university  
31 is acting as the covered entity or safety-net provider. In  
32 cooperation with the University of Washington, the department must  
33 provide an estimate of the fiscal impact of a successful agreement of  
34 this nature, to be included in the report provided to the legislature  
35 under section 606 of this act.

36 (~~(+i)~~) (h) \$454,000 of the general fund—state appropriation for  
37 fiscal year 2017 is provided solely for nonrepresented state  
38 employees in targeted state employee job classifications

1 psychiatrist, psychiatric social worker, and psychologist as set  
2 forth in section 906 of this act.

3       (~~(j)~~) (i) \$736,000 of the general fund—state appropriation for  
4 fiscal year 2017 is provided solely for the implementation of a  
5 memorandum of understanding between the governor and the teamsters  
6 union local 117, amending the collective bargaining agreement under  
7 chapter 41.80 RCW for the 2015-2017 fiscal biennium as set forth in  
8 section 904 of this act, effective July 1, 2017. The legislature  
9 recognizes that the memorandum of understanding was necessitated by  
10 an emergency and an imminent jeopardy determination by the center for  
11 medicare and medicaid services that relates to the safety and health  
12 of clients and employees, which impacts the state employee job  
13 classifications of psychiatrist, psychiatric social worker, and  
14 psychologist at prison facilities.

18 department shall conduct a stakeholder process with the department of  
19 fish and wildlife to develop recommendations to restructure the fees  
20 under RCW 90.16.050 and report to the appropriate committees of the  
21 legislature by December 1, 2015.

22 (5) \$1,044,000 of the oil spill prevention account—state  
23 appropriation is provided solely for the implementation of chapter

7 whether the department and the Washington materials management and  
8 financing authority have utilized existing infrastructure for the  
9 collection of electronics. In its report, the department, in  
10 consultation with the Washington materials management and financing  
11 authority, must report on the location and number of new programs  
12 created and depot systems developed since 2006 for the purpose of  
13 collecting electronics, how many existing collections sites have been  
14 utilized, as well as how many curbside collection companies were  
15 contracted with for collection of electronics. The department must  
16 submit the report to the appropriate committees of the legislature no  
17 later than September 1, 2016.

18 ~~((17))~~ (16) \$22,000 of the general fund—state appropriation for  
19 fiscal year 2016 and \$50,000 of the general fund—state appropriation  
20 for fiscal year 2017 are provided solely for the implementation of  
21 Engrossed Senate Bill No. 6589 (water storage/exempt wells). If the

23 subsection shall lapse.

24 ~~((18))~~ (17) \$300,000 of the state toxics control account—state  
25 appropriation is provided solely for the hazardous waste and toxics  
26 reduction program and is contingent on the implementation of section  
27 3 of Engrossed Substitute House Bill No. 2545 (flame retardant  
28 chemicals). If the bill is not enacted by June 30, 2016, the amount  
29 provided in this subsection shall lapse.

22 Middle and secondary career and technical education programs are  
23 considered separate programs for funding and financial reporting  
24 purposes under this section.

25 (b) Career and technical education program full-time equivalent  
26 enrollment shall be reported on the same monthly basis as the

28	TOTAL APPROPRIATION. . . . .	( <del>(\$16,591,000)</del> )
29		<u>\$16,663,000</u>

30 The appropriations in this section are subject to the following  
31 conditions and limitations:

32 (1) \$182,000 of the general fund—state appropriation for fiscal  
33 year 2017 is provided solely for the student achievement council, the  
34 workforce training and education coordinating board, and the  
35 department of licensing to work together to design and oversee a  
36 study, to be administered by the council, that objectively analyzes  
37 and makes recommendations about systemic overlaps and gaps in  
38 jurisdiction regarding for-profit degree-granting institutions and

1 private vocational schools in the state. The council may contract  
2 with a neutral third-party research organization to conduct the  
3 study. The study must be conducted in two phases, starting with an  
4 assessment of perspectives and relevant studies. A second phase, if  
5 deemed appropriate by the council, the workforce training and  
6 education coordinating board, and other stakeholders, may consist of  
7 facilitated discussions amongst agencies, regulated entities, and  
8 stakeholders to reach agreed-upon recommendations.

9 (a) The study must include recommendations to improve oversight  
10 and accountability of these institutions and schools and a review of  
11 whether, and how, different standards are applied to the institutions  
12 and schools by different agencies. Specifically, the study must:

13 (i) Examine the data collection and reporting practices of for-  
14 profit degree-granting institutions and private vocational schools  
15 compared to the data collection and reporting of the community and  
16 technical colleges. The study must determine if there are  
17 inconsistencies and discrepancies in the practices of the for-profit  
18 degree-granting institutions and private vocational schools. The  
19 study must also make recommendations on the methods of collecting,  
20 analyzing, and reporting data, including what measurements to use, to  
21 ensure that data from for-profit degree-granting institutions and  
22 private vocational schools can be accurately compared to data from  
23 the community and technical colleges;

24 (ii) Study the current regulations governing these institutions  
25 and schools and recommend necessary changes to achieve consistent  
26 regulatory oversight of the entire system;

27 (iii) Recommend ways to implement a cohesive method for guiding  
28 and assisting current and prospective students who have questions and  
29 concerns; and

30 (iv) Review whether an ombuds position serving students of for-  
31 profit degree-granting institutions and private vocational schools  
32 should be created. If the recommendation is to create an ombuds  
33 position, the study must make a recommendation on which state entity  
34 should house the position.

35 (b) The assessment phase of the study may begin July 1, 2016. The  
36 council must issue a final report, including the result of any  
37 facilitated agreed-upon recommendations, to the appropriate  
38 committees of the legislature by January 1, 2017.

39 (2) \$25,000 of the general fund—state appropriation for fiscal  
40 year 2017 is provided solely to implement Second Engrossed Substitute

1 Senate Bill No. 6601 (Washington college savings program). If the  
2 bill is not enacted by June 30, 2016, the amount provided in this  
3 subsection shall lapse.

4 (3) \$250,000 of the general fund—state appropriation for fiscal  
5 year 2017 is provided solely for the council to complete a higher  
6 education needs assessment for southeast King county, and to prepare  
7 a program and operating plan to meet the higher education needs  
8 identified in the assessment. The needs assessment shall consider  
9 population changes, higher education participation rates, economic  
10 demand and work force needs, commute times for study area residents  
11 to existing higher education institutions, and any other items  
12 identified by the council. In completing the needs assessment and  
13 plan, the council shall consider the factors outlined in RCW  
14 28B.77.080, enrollment trends in the study area, employer needs,  
15 existing and needed postsecondary programs, recommended strategies  
16 for promoting program participation, an estimated cost to meet the  
17 assessed need, and potential location sites. In preparing a program  
18 and operating plan, the council shall consider a variety of higher  
19 education options including, but not limited to, a branch campus, a  
20 university center, a private university, and an online learning  
21 center. The needs assessment and plan must be developed in  
22 consultation with an advisory committee of civic, business, and  
23 education leaders from southeast King county. The council shall  
24 provide a preliminary report to the appropriate committees of the  
25 legislature and the governor by November 1, 2016, and a final report
