PART II
HUMAN SERVICES

NEW SECTION. Sec. 201. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the
2 payment rates.

3 (4) The department shall to the maximum extent practicable use
4 the same system for delivery of spoken-language interpreter services
5 for social services appointments as the one established for medical
6 appointments in the health care authority. When contracting directly
7 with an individual to deliver spoken language interpreter services,
8 the department shall only contract with language access providers who
9 are working at a location in the state and who are state-certified or
10 state-authorized, except that when such a provider is not available,
11 the department may use a language access provider who meets other
12 certifications or standards deemed to meet state standards, including
13 interpreters in other states.

14 (5) Information technology projects or investments and proposed
15 projects or investments impacting time capture, payroll and payment
16 processes and systems, eligibility, case management, and
17 authorization systems within the department of social and health
18 services are subject to technical oversight by the office of the
19 chief information officer.

20 (6)(a) The department shall facilitate enrollment under the
21 medicaid expansion for clients applying for or receiving state funded
22 services from the department and its contractors. Prior to open
23 enrollment, the department shall coordinate with the health care
24 authority to provide referrals to the Washington health benefit
25 exchange for clients that will be ineligible for medicaid.

26 (b) To facilitate a single point of entry across public and
27 medical assistance programs, and to maximize the use of federal
28 funding, the health care authority, the department of social and
29 health services, and the health benefit exchange will coordinate
30 efforts to expand HealthPlanfinder access to public assistance and
31 medical eligibility staff. The department shall complete medicaid
32 applications in the HealthPlanfinder for households receiving or
33 applying for public assistance benefits.

34 (7) In accordance with RCW 71.24.380, the health care authority
35 and the department are authorized to purchase medical and behavioral
36 health services through integrated contracts upon request of all of
37 the county authorities in a regional service area to become an early
38 adopter of fully integrated purchasing of medical and behavioral
39 health services. The department may combine and transfer such amounts
40 appropriated under sections 204, 208, and 213 of this act as may be

1 necessary to fund early adopter contracts. The amount of medicaid
2 funding transferred from each program may not exceed the average per
3 capita cost assumed in this act for individuals covered by that
4 program, actuarially adjusted for the health condition of persons
5 enrolled, times the number of clients enrolled. The amount of non-
6 medicaid funding transferred from sections 204 and 208 may not exceed
7 the amount that would have been contracted with a behavioral health
8 organization if the county authorities had not requested to become an
9 early adopter of fully integrated purchasing. These limits do not
10 apply to the amounts provided in section 204(1)(s) of this act. If
11 any funding that this act provides solely for a specific purpose is
12 transferred under this subsection, that funding must be used
13 consistently with the provisions and conditions for which it was
14 provided.

15 (8) In accordance with RCW 71.24.380, the department is
16 authorized to purchase mental health and substance use disorder
17 services through integrated contracts with behavioral health
18 organizations. The department may combine and transfer such amounts
19 appropriated under sections 204 and 208 of this act as may be
20 necessary to finance these behavioral health organization contracts.
21 If any funding that this act provides solely for a specific purpose
22 is transferred under this subsection, that funding must be used
23 consistently with the provisions and conditions for which it was
24 provided.

25 **SERVICES—JUVENILE REHABILITATION PROGRAM**

26	General Fund—State Appropriation (FY 2018).	\$95,885,000
27	General Fund—State Appropriation (FY 2019).	\$97,123,000
28	General Fund—Federal Appropriation.	\$3,464,000
29	General Fund—Private/Local Appropriation.	\$1,985,000
30	Washington Auto Theft Prevention Authority Account—	
31	State Appropriation.	\$196,000

33 The appropriations in this section are subject to the following
34 conditions and limitations:

35 (1) \$331,000 of the general fund—state appropriation for fiscal
36 year 2018 and \$331,000 of the general fund—state appropriation for
37 fiscal year 2019 are provided solely for deposit in the county
38 criminal justice assistance account for costs to the criminal justice

1 system associated with the implementation of chapter 338, Laws of
2 1997 (juvenile code revisions). The amounts provided in this
3 subsection are intended to provide funding for county adult court
4 costs associated with the implementation of chapter 338, Laws of 1997
5 and shall be distributed in accordance with RCW 82.14.310.

6 (2) \$2,841,000 of the general fund—state appropriation for fiscal
7 year 2018 and \$2,841,000 of the general fund—state appropriation for
8 fiscal year 2019 are provided solely for grants to county juvenile
9 courts for the following juvenile justice programs identified by the
10 Washington state institute for public policy (institute) in its
11 report: "Inventory of Evidence-based, Research-based, and Promising
12 Practices for Prevention and Intervention Services for Children and
13 Juveniles in the Child Welfare, Juvenile Justice, and Mental Health
14 Systems." Additional funding for this purpose is provided through an
15 interagency agreement with the health care authority. County juvenile
16 courts shall apply to the juvenile rehabilitation administration for
17 funding for program-specific participation and the administration
18 shall provide grants to the courts consistent with the per-
19 participant treatment costs identified by the institute.

20 (3) \$1,537,000 of the general fund—state appropriation for fiscal
21 year 2018 and \$1,537,000 of the general fund—state appropriation for
22 fiscal year 2019 are provided solely for expansion of the following
23 juvenile justice treatments and therapies in juvenile rehabilitation
24 administration programs identified by the Washington state institute
25 for public policy in its report: "Inventory of Evidence-based,
26 Research-based, and Promising Practices for Prevention and
27 Intervention Services for Children and Juveniles in the Child
28 Welfare, Juvenile Justice, and Mental Health Systems." The
29 administration may concentrate delivery of these treatments and
30 therapies at a limited number of programs to deliver the treatments
31 in a cost-effective manner.

32 (4)(a) \$6,198,000 of the general fund—state appropriation for
33 fiscal year 2018 and \$6,198,000 of the general fund—state
34 appropriation for fiscal year 2019 are provided solely to implement
35 evidence- and research-based programs through community juvenile
36 accountability grants, administration of the grants, and evaluations
37 of programs funded by the grants. In addition to funding provided in
38 this subsection, funding to implement alcohol and substance abuse

1 treatment programs for locally committed offenders is provided
2 through an interagency agreement with the health care authority.

3 (b) The juvenile rehabilitation administration shall administer a
4 block grant to county juvenile courts for the purpose of serving
5 youth as defined in RCW 13.40.510(4)(a) in the county juvenile
6 justice system. Funds dedicated to the block grant include:
7 Consolidated juvenile service (CJS) funds, community juvenile
8 accountability act (CJAA) grants, chemical dependency/mental health
9 disposition alternative (CDDA), and suspended disposition alternative
10 (SDA). The juvenile rehabilitation administration shall follow the
11 following formula and must prioritize evidence-based programs and
12 disposition alternatives and take into account juvenile courts
13 program-eligible youth in conjunction with the number of youth served
14 in each approved evidence-based program or disposition alternative:
15 (i) Thirty-seven and one-half percent for the at-risk population of
16 youth ten to seventeen years old; (ii) fifteen percent for the
17 assessment of low, moderate, and high-risk youth; (iii) twenty-five
18 percent for evidence-based program participation; (iv) seventeen and
19 one-half percent for minority populations; (v) three percent for the
20 chemical dependency and mental health disposition alternative; and
21 (vi) two percent for the suspended dispositional alternatives.
22 Funding for the special sex offender disposition alternative (SSODA)
23 shall not be included in the block grant, but allocated on the
24 average daily population in juvenile courts. Funding for the
25 evidence-based expansion grants shall be excluded from the block
26 grant formula. Funds may be used for promising practices when
27 approved by the juvenile rehabilitation administration and juvenile
28 courts, through the community juvenile accountability act committee,
29 based on the criteria established in consultation with Washington
30 state institute for public policy and the juvenile courts.

31 (c) If Second Substitute House Bill No. 1280 (referred and
32 diverted youth) is enacted, then the administration must implement a
33 stop-loss policy when allocating funding under (b) of this subsection
34 in the 2017-2019 fiscal biennium. Under the stop-loss policy, funding
35 formula changes may not result in a funding loss for any juvenile
36 court of more than two percent from one year to the next. The
37 committee in (d) of this subsection must establish a minimum base
38 level of funding for juvenile courts with lower numbers of at-risk
39 youth age 10 - 17. The administration must report to the legislature
40 by December 1, 2018, about how funding is used for referred youth and

1 the impact of that use on overall use of funding. If the bill is not
2 enacted by July 31, 2017, this subsection is null and void.

3 (d) The juvenile rehabilitation administration and the juvenile
4 courts shall establish a block grant funding formula oversight
5 committee with equal representation from the juvenile rehabilitation
6 administration and the juvenile courts. The purpose of this committee
7 is to assess the ongoing implementation of the block grant funding
8 formula, utilizing data-driven decision making and the most current
9 available information. The committee will be co-chaired by the
10 juvenile rehabilitation administration and the juvenile courts, who
11 will also have the ability to change members of the committee as
12 needed to achieve its purpose. The committee may make changes to the
13 formula categories in (b) of this subsection if it determines the
14 changes will increase statewide service delivery or effectiveness of
15 evidence-based program or disposition alternative resulting in
16 increased cost/benefit savings to the state, including long-term
17 cost/benefit savings. The committee must also consider these outcomes
18 in determining when evidence-based expansion or special sex offender
19 disposition alternative funds should be included in the block grant
20 or left separate.

21 (e) The juvenile courts and administrative office of the courts
22 must collect and distribute information and provide access to the
23 data systems to the juvenile rehabilitation administration and the
24 Washington state institute for public policy related to program and
25 outcome data. The juvenile rehabilitation administration and the
26 juvenile courts must work collaboratively to develop program outcomes
27 that reinforce the greatest cost/benefit to the state in the
28 implementation of evidence-based practices and disposition
29 alternatives.

30 (5) \$98,000 of the general fund—state appropriation for fiscal
31 year 2018 and \$98,000 of the general fund—state appropriation for
32 fiscal year 2019 are provided solely to the juvenile block grant
33 funding formula oversight committee described in subsection (4)(d) of
34 this section to contract with research entities to: (a) Assist
35 juvenile justice programs identified as promising practices or
36 research-based in undergoing the research necessary to demonstrate
37 that the program is evidence-based; and (b) establish an annual,
38 county-level evaluation of existing evidence-based juvenile justice
39 programs.

1 (6) \$557,000 of the general fund—state appropriation for fiscal
2 year 2018 and \$557,000 of the general fund—state appropriation for
3 fiscal year 2019 are provided solely for funding of the teamchild
4 project.

5 (7) \$283,000 of the general fund—state appropriation for fiscal
6 year 2018 and \$283,000 of the general fund—state appropriation for
7 fiscal year 2019 are provided solely for the juvenile detention
8 alternatives initiative.

9 (8) \$500,000 of the general fund—state appropriation for fiscal
10 year 2018 and \$500,000 of the general fund—state appropriation for
11 fiscal year 2019 are provided solely for a grant program focused on
12 criminal street gang prevention and intervention. The juvenile
13 rehabilitation administration may award grants under this subsection.
14 The juvenile rehabilitation administration shall give priority to
15 applicants who have demonstrated the greatest problems with criminal
16 street gangs. Applicants composed of, at a minimum, one or more local
17 governmental entities and one or more nonprofit, nongovernmental
18 organizations that have a documented history of creating and
19 administering effective criminal street gang prevention and
20 intervention programs may apply for funding under this subsection.
21 Each entity receiving funds must report to the juvenile
22 rehabilitation administration on the number and types of youth
23 served, the services provided, and the impact of those services on
24 the youth and the community.

25 (9) The juvenile rehabilitation institutions may use funding
26 appropriated in this subsection to purchase goods and supplies
27 through hospital group purchasing organizations when it is cost-
28 effective to do so.

29 (10) \$75,000 of the general fund—state appropriation for fiscal
30 year 2018 is provided solely for the department to coordinate the
31 examination of data associated with juvenile gang and firearm
32 offenses. The review of data must include information from the
33 administrative office of the courts, the office of the superintendent
34 of public instruction, the office of financial management—education
35 research data center, the Washington association of sheriffs and
36 police chiefs, the caseload forecast council, and the department of
37 corrections. For the purpose of carrying out the data review, named
38 organizations are authorized to share data to include details of
39 criminal arrest and conviction data. The department shall report to

1 the governor and the appropriate legislative committees by February
2 1, 2018, with any recommendations for public policy that increases
3 public safety.

4 NEW SECTION. **Sec. 204. FOR THE DEPARTMENT OF SOCIAL AND HEALTH**
5 **SERVICES—MENTAL HEALTH PROGRAM**

6 (1) COMMUNITY SERVICES/BEHAVIORAL HEALTH ORGANIZATIONS

7 General Fund—State Appropriation (FY 2018).	\$391,457,000
8 General Fund—State Appropriation (FY 2019).	\$409,108,000
9 General Fund—Federal Appropriation.	\$1,021,705,000
10 General Fund—Private/Local Appropriation.	\$17,864,000
11 Dedicated Marijuana Account—State Appropriation	
12 (FY 2018).	\$3,684,000
13 Dedicated Marijuana Account—State Appropriation	
14 (FY 2019).	\$3,684,000
15 TOTAL APPROPRIATION.	\$1,847,502,000

16 The appropriations in this subsection are subject to the
17 following conditions and limitations:

18 (a) For the purposes of this subsection, amounts provided for
19 behavioral health organizations shall also be available for the
20 health care authority to contract with entities that assume the
21 responsibilities of behavioral health organizations in regions in
22 which the health care authority is purchasing medical and behavioral
23 health services through fully integrated contracts pursuant to RCW
24 71.24.380.

25 (b) \$6,590,000 of the general fund—state appropriation for fiscal
26 year 2018, \$6,590,000 of the general fund—state appropriation for
27 fiscal year 2019, and \$7,620,000 of the general fund—federal
28 appropriation are provided solely for the department and behavioral
29 health organizations to continue to contract for implementation of
30 high-intensity programs for assertive community treatment (PACT)
31 teams. In determining the proportion of medicaid and nonmedicaid
32 funding provided to behavioral health organizations with PACT teams,
33 the department shall consider the differences between behavioral
34 health organizations in the percentages of services and other costs
35 associated with the teams that are not reimbursable under medicaid.
36 The department may allow behavioral health organizations which have
37 nonmedicaid reimbursable costs that are higher than the nonmedicaid
38 allocation they receive under this section to supplement these funds

1 with local dollars or funds received under (g) of this subsection.
2 The department and behavioral health organizations shall maintain
3 consistency with all essential elements of the PACT evidence-based
4 practice model in programs funded under this section.

5 (c) From the general fund—state appropriations in this
6 subsection, the department shall assure that behavioral health
7 organizations reimburse the department of social and health services
8 aging and long term support administration for the general fund—state
9 cost of medicaid personal care services that enrolled behavioral
10 health organization consumers use because of their psychiatric
11 disability.

12 (d) \$3,520,000 of the general fund—federal appropriation is
13 provided solely for the department to maintain a pilot project to put
14 peer bridging staff into each behavioral health organization as part
15 of the state psychiatric liaison teams to promote continuity of
16 service as individuals return to their communities. The department
17 must collect data and submit a report to the office of financial
18 management and the appropriate committees of the legislature on the
19 impact of peer staff on state hospital discharges and community
20 placements by December 1, 2017.

21 (e) \$6,858,000 of the general fund—state appropriation for fiscal
22 year 2019 and \$4,023,000 of the general fund—federal appropriation
23 are provided solely for new crisis triage or stabilization centers.
24 The department must seek proposals from behavioral health
25 organizations for the use of these funds based on regional
26 priorities. Services in these facilities may include crisis
27 stabilization and intervention, individual counseling, peer support,
28 medication management, education, and referral assistance. The
29 department shall monitor each center's effectiveness at lowering the
30 rate of state psychiatric hospital admissions.

31 (f) \$15,862,000 of the general fund—state appropriation for
32 fiscal year 2018 is provided solely to assist behavioral health
33 organizations with the costs of providing services to medicaid
34 clients receiving services in psychiatric facilities classified as
35 institutions of mental diseases. The department must distribute these
36 amounts proportionate to the number of bed days for medicaid clients
37 in institutions for mental diseases that were excluded from
38 behavioral health organization fiscal year 2018 capitation rates
39 because they exceeded the amounts allowed under federal regulations.

1 The department must also use these amounts to directly pay for costs
2 that are ineligible for medicaid reimbursement in institutions of
3 mental disease facilities for American Indian and Alaska Natives who
4 opt to receive behavioral health services on a fee for service basis.
5 The amounts used for these individuals must be reduced from the
6 allocation of the behavioral health organization where the individual
7 resides. If a behavioral health organization receives more funding
8 through this subsection than is needed to pay for the cost of their
9 medicaid clients in institutions for mental diseases, they must use
10 the remainder of the amounts to provide other services not covered
11 under the medicaid program. The department must apply for a waiver
12 from the center for medicaid and medicare services to allow for the
13 full cost of stays in institutions of mental diseases to be included
14 in fiscal year 2019 behavioral health organization capitation rates.
15 The department must submit a report on the status of the waiver to
16 the office of financial management and the appropriate committees of
17 the legislature by December 1, 2017.

18 (g) \$81,930,000 of the general fund—state appropriation for
19 fiscal year 2018 and \$81,930,000 of the general fund—state
20 appropriation for fiscal year 2019 are provided solely for persons
21 and services not covered by the medicaid program. To the extent
22 possible, levels of behavioral health organization spending shall be
23 maintained in the following priority order: Crisis and commitment
24 services; community inpatient services; and residential care
25 services, including personal care and emergency housing assistance.
26 These amounts must be distributed to behavioral health organizations
27 proportionate to the fiscal year 2017 allocation of flexible
28 nonmedicaid funds. The department must include the following language
29 in medicaid contracts with behavioral health organizations unless
30 they are provided formal notification from the center for medicaid
31 and medicare services that the language will result in the loss of
32 federal medicaid participation: "The contractor may voluntarily
33 provide services that are in addition to those covered under the
34 state plan, although the cost of these services cannot be included
35 when determining payment rates unless including these costs are
36 specifically allowed under federal law or an approved waiver."

37 (h) The department is authorized to continue to contract
38 directly, rather than through contracts with behavioral health
39 organizations for children's long-term inpatient facility services.

1 (i) \$1,125,000 of the general fund—state appropriation for fiscal
2 year 2018 and \$1,125,000 of the general fund—state appropriation for
3 fiscal year 2019 are provided solely for the Spokane county
4 behavioral health organization to implement services to reduce
5 utilization and the census at eastern state hospital. Such services
6 shall include:

7 (A) High intensity treatment team for persons who are high
8 utilizers of psychiatric inpatient services, including those with co-
9 occurring disorders and other special needs;

10 (B) Crisis outreach and diversion services to stabilize in the
11 community individuals in crisis who are at risk of requiring
12 inpatient care or jail services;

13 (C) Mental health services provided in nursing facilities to
14 individuals with dementia, and consultation to facility staff
15 treating those individuals; and

16 (D) Services at the sixteen-bed evaluation and treatment
17 facility.

18 At least annually, the Spokane county behavioral health
19 organization shall assess the effectiveness of these services in
20 reducing utilization at eastern state hospital, identify services
21 that are not optimally effective, and modify those services to
22 improve their effectiveness.

23 (j) \$1,204,000 of the general fund—state appropriation for fiscal
24 year 2018 and \$1,204,000 of the general fund—state appropriation for
25 fiscal year 2019 are provided solely to reimburse Pierce and Spokane
26 counties for the cost of conducting 180-day commitment hearings at
27 the state psychiatric hospitals.

28 (k) Behavioral health organizations may use local funds to earn
29 additional federal medicaid match, provided the locally matched rate
30 does not exceed the upper-bound of their federally allowable rate
31 range, and provided that the enhanced funding is used only to provide
32 medicaid state plan or waiver services to medicaid clients.
33 Additionally, behavioral health organizations may use a portion of
34 the state funds allocated in accordance with (g) of this subsection
35 to earn additional medicaid match, but only to the extent that the
36 application of such funds to medicaid services does not diminish the
37 level of crisis and commitment, community inpatient, residential
38 care, and outpatient services presently available to persons not
39 eligible for medicaid.

1 (l) \$2,291,000 of the general fund—state appropriation for fiscal
2 year 2018 and \$2,291,000 of the general fund—state appropriation for
3 fiscal year 2019 are provided solely for mental health services for
4 mentally ill offenders while confined in a county or city jail and
5 for facilitating access to programs that offer mental health services
6 upon release from confinement. The department must collect
7 information from the behavioral health organizations on their plan
8 for using these funds, the numbers of individuals served, and the
9 types of services provided and submit a report to the office of
10 financial management and the appropriate fiscal committees of the
11 legislature by December 1st of each year of the biennium.

12 (m) Within the amounts appropriated in this section, funding is
13 provided for the department to develop and phase in intensive mental
14 health services for high needs youth consistent with the settlement
15 agreement in *T.R. v. Dreyfus and Porter*.

16 (n) The department must establish minimum and maximum funding
17 levels for all reserves allowed under behavioral health organization
18 contracts and insert contract language that clearly states the
19 requirements and limitations. The department must monitor and ensure
20 that behavioral health organization reserves do not exceed maximum
21 levels. The department must monitor behavioral health organization
22 revenue and expenditure reports and must require a behavioral health
23 organization to submit a corrective action plan on how it will spend
24 its excess reserves within a reasonable period of time, when its
25 reported reserves exceed maximum levels established under the
26 contract. The department must review and approve such plans and
27 monitor to ensure compliance. If the department determines that a
28 behavioral health organization has failed to provide an adequate
29 excess reserve corrective action plan or is not complying with an
30 approved plan, the department must reduce payments to the behavioral
31 health organization in accordance with remedial actions provisions
32 included in the contract. These reductions in payments must continue
33 until the department determines that the behavioral health
34 organization has come into substantial compliance with an approved
35 excess reserve corrective action plan.

36 (o) \$2,309,000 of the general fund—state appropriation for fiscal
37 year 2018, \$3,079,000 of the general fund—state appropriation for
38 fiscal year 2019, and \$5,061,000 of the general fund—federal
39 appropriation are provided solely for the department to increase

1 rates for community hospitals that provide a minimum of 200 medicaid
2 psychiatric inpatient days. The department must increase both
3 medicaid and nonmedicaid psychiatric per-diem reimbursement rates for
4 these providers within these amounts. The amounts in this subsection
5 include funding for additional hold harmless payments resulting from
6 the rate increase. The department shall prioritize increases for
7 hospitals not currently paid based on provider specific costs using a
8 similar methodology used to set rate for existing inpatient
9 facilities and the latest available cost report information. Rate
10 increases for providers must be set so as not to exceed the amounts
11 provided within this subsection. The rate increase related to
12 nonmedicaid clients must be done to maintain the provider at the same
13 percentage as currently required under WAC 182-550-4800.

14 (p) \$100,000 of the general fund—state appropriation for fiscal
15 year 2018 and \$100,000 of the general fund—state appropriation for
16 fiscal year 2019 are provided solely for the department to
17 collaborate with tribal governments and develop a plan for
18 establishing an evaluation and treatment facility that will
19 specialize in providing care specifically to the American Indian and
20 Alaska Native population. The plan must include options for
21 maximizing federal participation and ensuring that utilization will
22 be based on medical necessity.

23 (q) \$1,466,000 of the general fund—state appropriation for fiscal
24 year 2018, \$7,103,000 of the general fund—state appropriation for
25 fiscal year 2019, and \$9,715,000 of the general fund—federal
26 appropriation are provided solely for the department to contract with
27 community hospitals or freestanding evaluation and treatment centers
28 to provide up to forty-eight long-term inpatient care beds as defined
29 in RCW 71.24.025. The department must seek proposals and contract
30 directly for these services rather than contracting through
31 behavioral health organizations. The department must coordinate with
32 the department of social and health services in developing the
33 contract requirements, selecting contractors, and establishing
34 processes for identifying patients that will be admitted to these
35 facilities. The department must not use any of the amounts provided
36 under this subsection for contracts with facilities that are subject
37 to federal funding restrictions that apply to institutions of mental
38 diseases, unless they have received a waiver that allows for full
39 federal participation in these facilities.

1 (r) \$1,133,000 of the general fund—state appropriation for fiscal
2 year 2019 and \$1,297,000 of the general fund—federal appropriation
3 are provided solely to increase the number of psychiatric residential
4 treatment beds for individuals transitioning from psychiatric
5 inpatient settings. The department must seek proposals from
6 behavioral health organizations for the use of these amounts and
7 coordinate with the department of social and health services in
8 awarding these funds. The department must not allow for any of the
9 amounts provided under this subsection to be used for services in
10 facilities that are subject to federal funding restrictions that
11 apply to institutions of mental diseases, unless they have received a
12 waiver that allows for full federal participation in these
13 facilities.

14 (s) \$4,983,000 of the general fund—state appropriation for fiscal
15 year 2018, \$6,744,000 of the general fund—state appropriation for
16 fiscal year 2019, and \$25,365,000 of the general fund—federal
17 appropriation are provided solely for the department to increase
18 medicaid capitation payments for behavioral health organizations. The
19 department must work with the actuaries responsible for certifying
20 behavioral health capitation rates to adjust average salary
21 assumptions in order to implement this increase. In developing
22 further updates for medicaid managed care rates for behavioral health
23 services, the department must include and make available all
24 applicable documents and analysis to legislative staff from the
25 fiscal committees throughout the process. The department must require
26 the actuaries to develop and submit rate ranges for each behavioral
27 health organization prior to certification of specific rates.

28 (t) The number of beds allocated for use by behavioral health
29 organizations at eastern state hospital shall be 192 per day. The
30 number of nonforensic beds allocated for use by behavioral health
31 organizations at western state hospital shall be 557 per day. In
32 fiscal year 2019, the department must reduce the number of beds
33 allocated for use by behavioral health organizations at western state
34 hospital by 30 beds to allow for the repurposing of a civil ward at
35 western state hospital to provide forensic services. The contracted
36 beds provided under (q) of this subsection shall be allocated to the
37 behavioral health organizations in lieu of beds at the state
38 hospitals and be incorporated in their allocation of state hospital
39 patient days of care for the purposes of calculating reimbursements

1 pursuant to RCW 71.24.310. It is the intent of the legislature to
2 continue the policy of expanding community based alternatives for
3 long term civil commitment services that allow for state hospital
4 beds to be prioritized for forensic patients.

5 (u) \$11,405,000 of the general fund—state appropriation for
6 fiscal year 2018, \$11,405,000 of the general fund—state appropriation
7 for fiscal year 2019, and \$17,680,000 of the general fund—federal
8 appropriation are provided solely to maintain enhancements of
9 community mental health services. The department must contract these
10 funds for the operation of community programs in which the department
11 determines there is a need for capacity that allows individuals to be
12 diverted or transitioned from the state hospitals including but not
13 limited to: (i) Community hospital or free standing evaluation and
14 treatment services providing short-term detention and commitment
15 services under the involuntary treatment act to be located in the
16 geographic areas of the King behavioral health organization, the
17 Spokane behavioral health organization outside of Spokane county, and
18 the Thurston Mason behavioral health organization; (ii) one new full
19 program of an assertive community treatment team in the King
20 behavioral health organization and two new half programs of assertive
21 community treatment teams in the Spokane behavioral health
22 organization and the Pierce behavioral health organization; and (iii)
23 three new recovery support services programs in the Great Rivers
24 behavioral health organization, the greater Columbia behavioral
25 health organization, and the north sound behavioral health
26 organization. In contracting for community evaluation and treatment
27 services, the department may not use these resources in facilities
28 that meet the criteria to be classified under federal law as
29 institutions for mental diseases. If the department is unable to come
30 to a contract agreement with a designated behavioral health
31 organization for any of the services identified above, it may
32 consider contracting for that service in another region that has the
33 need for such service.

34 (v) \$200,000 of the general fund—state appropriation for fiscal
35 year 2018 and \$1,296,000 of the general fund—state appropriation for
36 fiscal year 2019 are provided solely for clubhouse programs. Of this
37 amount, \$400,000 must be used for support of the Spokane clubhouse
38 program and the remaining funds must be used for support of new
39 clubhouse programs. The department must develop options and cost

1 estimates for implementation of clubhouse programs statewide through
2 a medicaid state plan amendment or a medicaid waiver and submit a
3 report to the office of financial management and the appropriate
4 committees of the legislature by December 1, 2018.

5 (w) \$212,000 of the general fund—state appropriation for fiscal
6 year 2018 and \$213,000 of the general fund—state appropriation for
7 fiscal year 2019 are provided solely to fund one pilot project in
8 Pierce county and one in Yakima county to promote increased
9 utilization of assisted outpatient treatment programs. The department
10 shall require two behavioral health organizations to contract with
11 local government to establish the necessary infrastructure for the
12 programs. The department shall provide a report by October 15, 2018,
13 to the office of financial management and the appropriate fiscal and
14 policy committees of the legislature to include the number of
15 individuals served, outcomes to include reduced use of inpatient
16 treatment and state hospital stays, and recommendations for further
17 implementation based on lessons learned and best practices identified
18 by the pilot projects.

19 (x) The department, in collaboration with the health care
20 authority, shall work to ensure that a single platform provider
21 credentialing system is implemented. The authority and department
22 shall ensure that appropriate cost offsets and cost avoidance are
23 assumed for reduced staff time required for provider credentialing
24 activity and reductions in improper billing activity when
25 implementing provider credentialing systems.

18 for medicare and medicaid services as outlined in seven conditions of
19 participation and to maintain federal funding. The department shall
20 specifically account for all spending related to the agreement and
21 reconcile it back to the original funding plan. Changes of more than
22 ten percent in any area of the spending plan must be submitted to the
23 office of financial management for approval. The department must
24 submit a financial analysis to the office of financial management and

3 council on accreditation. To reflect the reduced costs associated
4 with regulation of accredited programs, the department's fees for
5 organizations with such proof of accreditation must reflect the lower
6 costs of licensing for these programs than for other organizations
7 which are not accredited.

8 NEW SECTION. **Sec. 205. FOR THE DEPARTMENT OF SOCIAL AND HEALTH**
9 **SERVICES—DEVELOPMENTAL DISABILITIES PROGRAM**

17 following conditions and limitations:

18 (a) Individuals receiving services as supplemental security
19 income (SSI) state supplemental payments shall not become eligible
20 for medical assistance under RCW 74.09.510 due solely to the receipt
21 of SSI state supplemental payments.

22 (b) In accordance with RCW 18.51.050, 18.20.050, 70.128.060, and
23 43.135.055, the department is authorized to increase nursing
24 facility, assisted living facility, and adult family home fees as
25 necessary to fully support the actual costs of conducting the
26 licensure, inspection, and regulatory programs. The license fees may
27 not exceed the department's annual licensing and oversight activity
28 costs and shall include the department's cost of paying providers for
29 the amount of the license fee attributed to medicaid clients.

30 (i) The current annual renewal license fee for adult family homes
31 shall be \$225 per bed beginning in fiscal year 2018 and \$225 per bed
32 beginning in fiscal year 2019. A processing fee of \$2,750 shall be

7 (c) \$7,142,000 of the general fund—state appropriation for fiscal
8 year 2018, \$18,249,000 of the general fund—state appropriation for
9 fiscal year 2019, and \$27,336,000 of the general fund—federal
10 appropriation are provided solely for the implementation of the
11 agreement reached between the governor and the service employees
12 international union healthcare 775nw under the provisions of chapters
13 74.39A and 41.56 RCW for the 2017-2019 fiscal biennium. Funding is
14 contingent upon the enactment of Senate Bill No. 5969 (transparency
15 in public employee collective bargaining). If the bill is not enacted
16 by July 31, 2017, the appropriation in this subsection shall lapse.

17 (d) \$787,000 of the general fund—state appropriation for fiscal
18 year 2018, \$2,183,000 of the general fund—state appropriation for
19 fiscal year 2019, and \$3,714,000 of the general fund—federal
20 appropriation are provided solely for the homecare agency parity
21 impacts of the agreement between the governor and the service
22 employees international union healthcare 775nw. Funding is contingent
23 upon the enactment of Senate Bill No. 5969 (transparency in public
24 employee collective bargaining). If the bill is not enacted by July
25 31, 2017, the appropriation in this subsection shall lapse.

26 (e) The department may authorize a one-time waiver of all or any
27 portion of the licensing and processing fees required under RCW
28 70.128.060 in any case in which the department determines that an
29 adult family home is being relicensed because of exceptional
30 circumstances, such as death or incapacity of a provider, and that to
31 require the full payment of the licensing and processing fees would
32 present a hardship to the applicant. In these situations the
33 department is also granted the authority to waive the required
34 residential administrator training for a period of 120 days if
35 necessary to ensure continuity of care during the relicensing
36 process.

37 (f) Community residential cost reports that are submitted by or
38 on behalf of contracted agency providers are required to include

1 information about agency staffing including health insurance, wages,
2 number of positions, and turnover.

3 (g) \$650,000 of the general fund—state appropriation for fiscal
4 year 2018, \$650,000 of the general fund—state appropriation for
5 fiscal year 2019, and \$800,000 of the general fund—federal
6 appropriation are provided solely for the development and
7 implementation of eight enhanced respite beds across the state for
8 children. These services are intended to provide families and
9 caregivers with a break in caregiving, the opportunity for behavioral
10 stabilization of the child, and the ability to partner with the state
11 in the development of an individualized service plan that allows the
12 child to remain in his or her family home. The department must
13 provide the legislature with a respite utilization report in January
14 of each year that provides information about the number of children
15 who have used enhanced respite in the preceding year, as well as the
16 location and number of days per month that each respite bed was
17 occupied.

18 (h) \$900,000 of the general fund—state appropriation for fiscal
19 year 2018 and \$900,000 of the general fund—state appropriation for
20 fiscal year 2019 are provided solely for the development and
21 implementation of eight community respite beds across the state for
22 adults. These services are intended to provide families and
23 caregivers with a break in caregiving and the opportunity for
24 stabilization of the individual in a community-based setting as an
25 alternative to using a residential habilitation center to provide
26 planned or emergent respite. The department must provide the
27 legislature with a respite utilization report by January of each year
28 that provides information about the number of individuals who have
29 used community respite in the preceding year, as well as the location
30 and number of days per month that each respite bed was occupied.

31 (i) \$100,000 of the general fund—state appropriation for fiscal
32 year 2018, \$95,000 of the general fund—state appropriation for fiscal
33 year 2019, and \$195,000 of the general fund—federal appropriation are
34 provided solely for discharge case managers stationed at the state
35 psychiatric hospitals. Discharge case managers will transition
36 clients ready for hospital discharge into less restrictive
37 alternative community placements. The transition of clients ready for
38 discharge will free up bed capacity at the state psychiatric
39 hospitals.

1 (j) \$1,239,000 of the general fund—state appropriation for fiscal
2 year 2018, \$2,055,000 of the general fund—state appropriation for
3 fiscal year 2019, and \$3,218,000 of the general fund—federal
4 appropriation are provided solely to create new community alternative
5 placement beds that prioritize the transition of clients who are
6 ready for discharge from the state psychiatric hospitals, but who
7 have additional long-term care or developmental disability needs.

8 (i) Community alternative placement beds include enhanced service
9 facility beds, adult family home beds, skilled nursing facility beds,
10 shared supportive housing beds, state operated living alternative
11 beds, and assisted living facility beds.

12 (ii) Each client must receive an individualized assessment prior
13 to leaving one of the state psychiatric hospitals. The individualized
14 assessment must identify and authorize personal care, nursing care,
15 behavioral health stabilization, physical therapy, or other necessary
16 services to meet the unique needs of each client. It is the
17 expectation that, in most cases, staffing ratios in all community
18 alternative placement options described in (j)(i) of this subsection
19 will need to increase to meet the needs of clients leaving the state
20 psychiatric hospitals. If specialized training is necessary to meet
21 the needs of a client before he or she enters a community placement,

30 (ii) Create a standardized methodology that supports a reasonable
31 medicaid payment that promotes access, choice, and quality;

32 (iii) Incorporate metrics such as medians, lids, floors, and

5 and 43.135.055, the department is authorized to adopt fees for the
6 review and approval of mental health and substance use disorder
7 treatment programs in fiscal years 2018 and 2019 as necessary to
8 support the costs of the regulatory program. The department's fee
9 schedule shall have differential rates for providers with proof of
10 accreditation from organizations that the department has determined
11 to have substantially equivalent standards to those of the
12 department, including but not limited to the joint commission on
13 accreditation of health care organizations, the commission on
14 accreditation of rehabilitation facilities, and the council on
15 accreditation. To reflect the reduced costs associated with
16 regulation of accredited programs, the department's fees for
17 organizations with such proof of accreditation must reflect the lower
18 cost of licensing for these programs than for other organizations
19 which are not accredited. To the extent that the fees charged in
20 fiscal year 2018 are not expected to fully cover the cost of the
21 program, the department must submit a report to the office of

3 to the authority by the manufacturer pursuant to this provision shall
4 only be used for the purposes of developing and implementing a
5 single, standard state preferred drug list in accordance with this
6 provision. The authority, medicaid managed care organizations, and
7 all other parties shall maintain the confidentiality of drug-specific
8 financial and other proprietary information and such information
9 shall not be subject to the Washington public records act. The
10 authority shall provide a report to the governor and appropriate
11 committees of the legislature by November 15, 2018, and by November

15 five drugs. The data provided to the authority shall be aggregated in
16 any report by the authority, the legislature, or the office of
17 financial management so as not to disclose the proprietary or
18 confidential drug-specific information, or the proprietary or
19 confidential information that directly or indirectly identifies
20 financial information linked to a single manufacturer. It is the
21 intent of the legislature to revisit this policy in subsequent
22 biennia to determine whether it is in the best interest of the state.

23 (b) \$118,813,000 of the general fund—state appropriation for
24 fiscal year 2018 and \$120,265,000 of the general fund—state
25 appropriation for fiscal year 2019 are provided solely for holding

29 fiscal year 2018 and \$116,038,000 of the general fund—state
30 appropriation for fiscal year 2019 are provided solely for the
31 authority through the competitive procurement process, to contract
32 with licensed dental health plans or managed health care plans on a
33 prepaid or fixed-sum risk basis to provide carved-out managed dental
34 care services on a statewide basis that will result in greater
35 efficiency and will facilitate better access and oral health outcomes
36 for medicaid enrollees. Except in areas where only a single plan is
37 available, the authority must contract with at least two plans. The
38 authority shall include in the contracts: (i) Quarterly reporting
39 requirements to include medicaid utilization and encounter data by

1 current dental technology (CDT) code; (ii) a direction to increase
2 the dental provider network; (iii) a commitment to retain innovative
3 programs that improve access and care such as the access to baby and
4 child dentistry program; (iv) a program to reduce emergency room use
5 for dental purposes; (v) a requirement to ensure that dental care is
6 being coordinated with the primary care provider of the patient to
7 ensure integrated care; (vi) a provision that no less than eighty-
8 five percent of the contracting fee be used to directly offset the
9 cost of providing direct patient care as opposed to administrative
10 costs; and (vii) a provision to ensure the contracting fee shall be
11 sufficient to compensate county health departments and federally
12 qualified health centers for dental patient care. The plan(s) awarded
13 this contract must absorb all start-up costs associated with moving
14 the program from fee-for-service to managed care and shall commit to
15 achieving an overall savings to the program based on 2016 fee-for-
16 service experience. In order to comply with state insurance
17 underwriting standards, the authority shall ensure that savings
18 offered by dental plans are actuarially sound. Starting January 31,
19 2019, and every year thereafter through December 2024, the authority
20 shall submit an annual report to the governor and the appropriate
21 committees of the legislature detailing how the contracted entities
22 have met the requirements of the contract. The report shall include
23 specific information to include utilization, how the contracted
24 entities have increased their dental provider networks, how the
25 emergency room use for dental purposes has been reduced, and how
26 dental care has been integrated with patients' primary care
27 providers. If after the end of five years the data reported does not
28 demonstrate sufficient progress to address the stated contracted
29 goals, the legislature will reevaluate whether carved-out dental
30 managed care needs to be replaced with a different delivery model.
31 The authority is authorized to seek any necessary state plan
32 amendments or federal waivers to implement this subsection.
33 Additional dental program savings achieved by the plans beyond those
34 assumed in the 2017-2019 omnibus appropriations act will be used to
35 increase dental provider reimbursement rates.

36 (d) \$1,540,849,000 of the general fund—state appropriation for
37 fiscal year 2018 and \$1,585,513,000 of the general fund—state
38 appropriation for fiscal year 2019 are provided solely for medicaid
39 services and the medicaid program. However, the authority shall not
40 accept or expend any federal funds received under a medicaid

1 transformation waiver under healthier Washington except as described
2 in (e) and (f) of this subsection until specifically approved and
3 appropriated by the legislature. To ensure compliance with
4 legislative directive budget requirements and terms and conditions of
5 the waiver, the authority shall implement the waiver and reporting
6 requirements with oversight from the office of financial management.
7 The legislature finds that appropriate management of the innovation
8 waiver requires better analytic capability, transparency,
9 consistency, timeliness, accuracy, and lack of redundancy with other
10 established measures and that the patient must be considered first
11 and foremost in the implementation and execution of the demonstration
12 waiver. In order to effectuate these goals, the authority shall: (i)
13 Require the Dr. Robert Bree collaborative and the health technology
14 assessment program to reduce the administrative burden upon providers
15 by only requiring performance measures that are nonduplicative of
16 other nationally established measures. The joint select committee on
17 health care oversight will evaluate the measures chosen by the
18 collaborative and the health technology assessment program for
19 effectiveness and appropriateness; (ii) develop a patient
20 satisfaction survey with the goal to gather information about whether
21 it was beneficial for the patient to use the center of excellence
22 location in exchange for additional out-of-pocket savings; (iii)
23 ensure patients and health care providers have significant input into
24 the implementation of the demonstration waiver, in order to ensure
25 improved patient health outcomes; and (iv) in cooperation with the
26 department of social and health services, consult with and provide
27 notification of work on applications for federal waivers, including
28 details on waiver duration, financial implications, and potential
29 future impacts on the state budget, to the joint select committee on
30 health care oversight prior to submitting waivers for federal
31 approval. By federal standard, the medicaid transformation
32 demonstration waiver shall not exceed the duration originally granted
33 by the centers for medicare and medicaid services and any programs
34 created or funded by this waiver do not create an entitlement.

35 (e) No more than \$479,600,000 of the general fund—federal
36 appropriation and no more than \$154,289,000 of the general fund—local
37 appropriation may be expended for transformation through accountable
38 communities of health described in initiative 1 of the medicaid
39 transformation demonstration wavier under healthier Washington,
40 including preventing youth drug use, opioid prevention and treatment,

1 and physical and behavioral health integration. Under this
2 initiative, the authority shall take into account local input
3 regarding community needs. In order to ensure transparency to the
4 appropriate fiscal committees of the legislature, the authority shall
5 provide fiscal staff of the legislature query ability into any
6 database of the fiscal intermediary that authority staff would be
7 authorized to access. The authority shall not increase general fund—
8 state expenditures under this initiative. The director shall report
9 to the joint select committee on health care oversight no less than
10 quarterly, and include details for each accountable community of
11 health, on the financial status and measurable health outcomes. The
12 director shall also report to the fiscal committees of the
13 legislature all of the expenditures under this subsection and shall
14 provide such fiscal data in the time, manner, and form requested by
15 the legislative fiscal committees. By December 15, 2019, the
16 authority in collaboration with each accountable community of health
17 shall demonstrate how it will be self-sustaining by the end of the
18 demonstration waiver period, including sources of outside funding,
19 and provide this reporting to the joint select committee on health
20 care oversight. If by the third year of the demonstration waiver
21 there are not measurable, improved patient outcomes and financial
22 returns, the Washington state institute for public policy will
23 conduct an audit of the accountable communities of health, in
24 addition to the process set in place through the independent
25 evaluation required by the agreement with centers for medicare and
26 medicaid services. Prior to the 2018 legislative session, the human
27 services, health care, and judiciary committees of the legislature
28 will convene a joint work session to review models in the delivery
29 system and the impacts on medical liability. The work sessions should
30 include integrated delivery models with multiple health care
31 providers and medical malpractice insurance carriers.

32 (f) No more than \$42,584,000 of the general fund—federal
33 appropriation may be expended for supported housing and employment
34 services described in initiative 3a and 3b of the medicaid
35 transformation demonstration waiver under healthier Washington. Under
36 this initiative, the authority and the department of social and
37 health services shall ensure that allowable and necessary services
38 are provided to eligible clients as identified by the department or
39 its third party administrator. The authority and the department in
40 consultation with the medicaid forecast work group, shall ensure that

1 reasonable reimbursements are established for services deemed
2 necessary within an identified limit per individual. The authority
3 shall not increase general fund—state expenditures under this
4 initiative. The director shall report to the joint select committee
5 on health care oversight no less than quarterly on financial and
6 health outcomes. The director shall also report to the fiscal
7 committees of the legislature all of the expenditures of this
8 subsection and shall provide such fiscal data in the time, manner,
9 and form requested by the legislative fiscal committees.

10 (g) Sufficient amounts are appropriated in this subsection to
11 implement the medicaid expansion as defined in the social security
12 act, section 1902(a)(10)(A)(i)(VIII).

13 (h) The legislature finds that medicaid payment rates, as
14 calculated by the health care authority pursuant to the
15 appropriations in this act, bear a reasonable relationship to the
16 costs incurred by efficiently and economically operated facilities
17 for providing quality services and will be sufficient to enlist
18 enough providers so that care and services are available to the
19 extent that such care and services are available to the general
20 population in the geographic area. The legislature finds that the
21 cost reports, payment data from the federal government, historical
22 utilization, economic data, and clinical input constitute reliable
23 data upon which to determine the payment rates.

24 (i) Based on quarterly expenditure reports and caseload
25 forecasts, if the health care authority estimates that expenditures
26 for the medical assistance program will exceed the appropriations,
27 the health care authority shall take steps including but not limited
28 to reduction of rates or elimination of optional services to reduce
29 expenditures so that total program costs do not exceed the annual
30 appropriation authority.

31 (j) In determining financial eligibility for medicaid-funded
32 services, the health care authority is authorized to disregard
33 recoveries by Holocaust survivors of insurance proceeds or other
34 assets, as defined in RCW 48.104.030.

35 (k) The legislature affirms that it is in the state's interest
36 for Harborview medical center to remain an economically viable
37 component of the state's health care system.

38 (l) When a person is ineligible for medicaid solely by reason of
39 residence in an institution for mental diseases, the health care
40 authority shall provide the person with the same benefits as he or

1 she would receive if eligible for medicaid, using state-only funds to
2 the extent necessary.

3 (m) \$4,261,000 of the general fund—state appropriation for fiscal
4 year 2018, \$4,261,000 of the general fund—state appropriation for
5 fiscal year 2019, and \$8,522,000 of the general fund—federal
6 appropriation are provided solely for low-income disproportionate
7 share hospital payments.

8 (n) Within the amounts appropriated in this section, the health
9 care authority shall provide disproportionate share hospital payments
10 to hospitals that provide services to children in the children's
11 health program who are not eligible for services under Title XIX or
12 XXI of the federal social security act due to their citizenship
13 status.

14 (o) \$6,000,000 of the general fund—federal appropriation is
15 provided solely for supplemental payments to nursing homes operated
16 by public hospital districts. The public hospital district shall be
17 responsible for providing the required nonfederal match for the
18 supplemental payment, and the payments shall not exceed the maximum
19 allowable under federal rules. It is the legislature's intent that
20 the payments shall be supplemental to and shall not in any way offset
21 or reduce the payments calculated and provided in accordance with
22 part E of chapter 74.46 RCW. It is the legislature's further intent
23 that costs otherwise allowable for rate-setting and settlement
24 against payments under chapter 74.46 RCW shall not be disallowed
25 solely because such costs have been paid by revenues retained by the
26 nursing home from these supplemental payments. The supplemental
27 payments are subject to retrospective interim and final cost
28 settlements based on the nursing homes' as-filed and final medicare
29 cost reports. The timing of the interim and final cost settlements
30 shall be at the health care authority's discretion. During either the
31 interim cost settlement or the final cost settlement, the health care
32 authority shall recoup from the public hospital districts the
33 supplemental payments that exceed the medicaid cost limit and/or the
34 medicare upper payment limit. The health care authority shall apply
35 federal rules for identifying the eligible incurred medicaid costs
36 and the medicare upper payment limit.

37 (p) The health care authority shall continue the inpatient
38 hospital certified public expenditures program for the 2017-2019
39 fiscal biennium. The program shall apply to all public hospitals,

1 including those owned or operated by the state, except those
2 classified as critical access hospitals or state psychiatric
3 institutions. The health care authority shall submit reports to the
4 governor and legislature by November 1, 2017, and by November 1,
5 2018, that evaluate whether savings continue to exceed costs for this
6 program. If the certified public expenditures (CPE) program in its
7 current form is no longer cost-effective to maintain, the health care
8 authority shall submit a report to the governor and legislature
9 detailing cost-effective alternative uses of local, state, and
10 federal resources as a replacement for this program. During fiscal
11 year 2018 and fiscal year 2019, hospitals in the program shall be
12 paid and shall retain one hundred percent of the federal portion of
13 the allowable hospital cost for each medicaid inpatient fee-for-
14 service claim payable by medical assistance and one hundred percent
15 of the federal portion of the maximum disproportionate share hospital
16 payment allowable under federal regulations. Inpatient medicaid
17 payments shall be established using an allowable methodology that
18 approximates the cost of claims submitted by the hospitals. Payments
19 made to each hospital in the program in each fiscal year of the
20 biennium shall be compared to a baseline amount. The baseline amount
21 will be determined by the total of (i) the inpatient claim payment
22 amounts that would have been paid during the fiscal year had the
23 hospital not been in the CPE program based on the reimbursement rates
24 developed, implemented, and consistent with policies approved in the
25 2017-2019 biennial operating appropriations act and in effect on July
26 1, 2015, (ii) one-half of the indigent assistance disproportionate
27 share hospital payment amounts paid to and retained by each hospital
28 during fiscal year 2005, and (iii) all of the other disproportionate
29 share hospital payment amounts paid to and retained by each hospital
30 during fiscal year 2005 to the extent the same disproportionate share
31 hospital programs exist in the 2017-2019 fiscal biennium. If payments
32 during the fiscal year exceed the hospital's baseline amount, no
33 additional payments will be made to the hospital except the federal
34 portion of allowable disproportionate share hospital payments for
35 which the hospital can certify allowable match. If payments during
36 the fiscal year are less than the baseline amount, the hospital will
37 be paid a state grant equal to the difference between payments during
38 the fiscal year and the applicable baseline amount. Payment of the
39 state grant shall be made in the applicable fiscal year and
40 distributed in monthly payments. The grants will be recalculated and

1 redistributed as the baseline is updated during the fiscal year. The
2 grant payments are subject to an interim settlement within eleven
3 months after the end of the fiscal year. A final settlement shall be
4 performed. To the extent that either settlement determines that a
5 hospital has received funds in excess of what it would have received
6 as described in this subsection, the hospital must repay the excess
7 amounts to the state when requested. \$10,575,000 of the general fund—
8 state appropriation for fiscal year 2018 and \$13,185,000 of the
9 general fund—state appropriation for fiscal year 2019 are provided
10 solely for state grants for the participating hospitals.

11 (q) The health care authority shall seek public-private
12 partnerships and federal funds that are or may become available to
13 provide on-going support for outreach and education efforts under the
14 federal children's health insurance program reauthorization act of
15 2009.

16 (r) The health care authority shall target funding for maternity
17 support services towards pregnant women with factors that lead to
18 higher rates of poor birth outcomes, including hypertension, a
19 preterm or low birth weight birth in the most recent previous birth,
20 a cognitive deficit or developmental disability, substance abuse,
21 severe mental illness, unhealthy weight or failure to gain weight,
22 tobacco use, or African American or Native American race. The health
23 care authority shall prioritize evidence-based practices for delivery
24 of maternity support services. To the extent practicable, the health
25 care authority shall develop a mechanism to increase federal funding
26 for maternity support services by leveraging local public funding for
27 those services.

28 (s) The authority shall submit reports to the governor and the
29 legislature by September 15, 2018, and no later than September 15,
30 2019, that delineate the number of individuals in medicaid managed
31 care, by carrier, age, gender, and eligibility category, receiving
32 preventative services and vaccinations. The reports should include
33 baseline and benchmark information from the previous two fiscal years
34 and should be inclusive of, but not limited to, services recommended
35 under the United States preventative services task force, advisory
36 committee on immunization practices, early and periodic screening,
37 diagnostic, and treatment (EPSDT) guidelines, and other relevant
38 preventative and vaccination medicaid guidelines and requirements.

39 (t) Managed care contracts must incorporate accountability

6 (v) The health care authority shall coordinate with the
7 department of social and health services to provide referrals to the

9 ineligible for medicaid.

10 (w) To facilitate a single point of entry across public and
11 medical assistance programs, and to maximize the use of federal
12 funding, the health care authority, the department of social and
13 health services, and the health benefit exchange will coordinate
14 efforts to expand HealthPlanfinder access to public assistance and
15 medical eligibility staff. The health care authority shall complete
16 medicaid applications in the HealthPlanfinder for households
17 receiving or applying for medical assistance benefits.

21 provided solely to continue operation by a nonprofit organization of
22 a toll-free hotline that assists families to learn about and enroll
23 in the apple health for kids program.

25 efficiencies by transferring children receiving medical care provided
26 through fee-for-service to medical care provided through managed
27 care.

28 (z) Within the amounts appropriated in this section, the
29 authority shall reimburse for primary care services provided by
30 naturopathic physicians.

31 (aa) Within the amounts appropriated in this section, the
32 authority shall continue to provide coverage for pregnant teens that
33 qualify under existing pregnancy medical programs, but whose

5 under RCW 69.50.540 in lieu of general fund—state payments to
6 community health centers for services provided to medical assistance

8 biennium, the legislature may transfer funds from the liquor
9 revolving account [fund] to the state general fund and may direct an
10 additional amount of liquor profits to be distributed to local

12 distribution of liquor profits to local governments during the
13 2009-2011 fiscal biennium may reduce the excess fund distributions
14 that otherwise would occur under RCW 66.08.190. During the 2011-2013
15 fiscal biennium, the state treasurer shall transfer from the liquor
16 revolving fund to the state general fund forty-two million five

20 distributions that otherwise would occur under RCW 66.08.190. Sales
21 to licensees are exempt from any liquor price increases that may
22 result from the transfer of funds from the liquor revolving fund to
23 the state general fund during the 2011-2013 fiscal biennium.
24 Disbursements from the revolving fund shall be on authorization of
25 the board or a duly authorized representative thereof. During the

27 the account for local government studies. In order to maintain an
28 effective expenditure and revenue control the liquor revolving fund
29 shall be subject in all respects to chapter 43.88 RCW but no
30 appropriation shall be required to permit expenditures and payment of
31 obligations from such fund. During the 2013-2015 and 2015-2017 fiscal
32 biennia, the legislature may transfer from the liquor revolving fund
33 to the state general fund such amounts as reflect the excess fund
34 balance of the account.

9 (I) A marijuana use public health hotline that provides referrals
10 to substance abuse treatment providers, utilizes evidence-based or
11 research-based public health approaches to minimizing the harms
12 associated with marijuana use, and does not solely advocate an
13 abstinence-only approach;

14 (II) A grants program for local health departments or other local
15 community agencies that supports development and implementation of
16 coordinated intervention strategies for the prevention and reduction
17 of marijuana use by youth; and

18 (III) Media-based education campaigns across television,
19 internet, radio, print, and out-of-home advertising, separately
20 targeting youth and adults, that provide medically and scientifically
21 accurate information about the health and safety risks posed by
22 marijuana use;

23 (B) The Washington poison control center; and

24 (C) During the 2015-2017 fiscal biennium, the funds appropriated
25 under this subsection (2)(b) may be used for prevention activities
26 that target youth and populations with a high incidence of tobacco
27 use.

28 (ii) For the fiscal year beginning July 1, 2016, the legislature
29 must appropriate a minimum of seven million five hundred thousand
30 dollars and for each subsequent fiscal year thereafter, the
31 legislature must appropriate a minimum of nine million seven hundred
32 fifty thousand dollars under this subsection (2)(b);

33 (c)(i) Up to six-tenths of one percent to the University of
34 Washington and four-tenths of one percent to Washington State
35 University for research on the short and long-term effects of
36 marijuana use, to include but not be limited to formal and informal
37 methods for estimating and measuring intoxication and impairment, and
38 for the dissemination of such research.

39 (ii) For the fiscal year beginning July 1, 2016, the legislature
40 must appropriate a minimum of two hundred seven thousand dollars and

1 for each subsequent fiscal year, except for the 2017-2019 fiscal
2 biennium, the legislature must appropriate a minimum of one million
3 twenty-one thousand dollars to the University of Washington. For the
4 fiscal year beginning July 1, 2016, the legislature must appropriate
5 a minimum of one hundred thirty-eight thousand dollars and for each
6 subsequent fiscal year thereafter, except for the 2017-2019 fiscal
7 biennium, a minimum of six hundred eighty-one thousand dollars to
8 Washington State University under this subsection (2)(c). It is the
9 intent of the legislature that this policy will be continued in the
10 2019-2021 fiscal biennium;

11 (d) Fifty percent to the state basic health plan trust account to
12 be administered by the Washington basic health plan administrator and
13 used as provided under chapter 70.47 RCW;

14 (e) Five percent to the Washington state health care authority to
15 be expended exclusively through contracts with community health
16 centers to provide primary health and dental care services, migrant
17 health services, and maternity health care services as provided under
18 RCW 41.05.220;

19 (f)(i) Up to three-tenths of one percent to the office of the
20 superintendent of public instruction to fund grants to building
21 bridges programs under chapter 28A.175 RCW.

22 (ii) For the fiscal year beginning July 1, 2016, and each
23 subsequent fiscal year, the legislature must appropriate a minimum of
24 five hundred eleven thousand dollars to the office of the
25 superintendent of public instruction under this subsection (2)(f);
26 and

27 (g) At the end of each fiscal year, the treasurer must transfer
28 any amounts in the dedicated marijuana account that are not
29 appropriated pursuant to subsection (1) of this section and this
30 subsection (2) into the general fund, except as provided in (g)(i) of
31 this subsection (2).

32 (i) Beginning in fiscal year 2018, if marijuana excise tax
33 collections deposited into the general fund in the prior fiscal year
34 exceed twenty-five million dollars, then each fiscal year the
35 legislature must appropriate an amount equal to thirty percent of all
36 marijuana excise taxes deposited into the general fund the prior
37 fiscal year to the treasurer for distribution to counties, cities,
38 and towns as follows:

39 (A) Thirty percent must be distributed to counties, cities, and
40 towns where licensed marijuana retailers are physically located. Each

1 jurisdiction must receive a share of the revenue distribution under
2 this subsection (2)(g)(i)(A) based on the proportional share of the
3 total revenues generated in the individual jurisdiction from the
4 taxes collected under RCW 69.50.535, from licensed marijuana
5 retailers physically located in each jurisdiction. For purposes of
6 this subsection (2)(g)(i)(A), one hundred percent of the proportional
7 amount attributed to a retailer physically located in a city or town
8 must be distributed to the city or town.

9 (B) Seventy percent must be distributed to counties, cities, and
10 towns ratably on a per capita basis. Counties must receive sixty
11 percent of the distribution, which must be disbursed based on each
12 county's total proportional population. Funds may only be distributed
13 to jurisdictions that do not prohibit the siting of any state
14 licensed marijuana producer, processor, or retailer.

15 (ii) Distribution amounts allocated to each county, city, and
16 town must be distributed in four installments by the last day of each
17 fiscal quarter.

18 (iii) By September 15th of each year, the state liquor and
19 cannabis board must provide the state treasurer the annual
20 distribution amount, if any, for each county and city as determined
21 in (g)(i) of this subsection (2).

22 (iv) The total share of marijuana excise tax revenues distributed
23 to counties and cities in (g)(i) of this subsection (2) may not
24 exceed (~~fifteen~~) six million dollars in fiscal years 2018 and 2019
25 and twenty million dollars per fiscal year thereafter. However, if
26 the February 2018 forecast of state revenues for the general fund in
27 the 2017-2019 fiscal biennium exceeds the amount estimated in the
28 June 2017 revenue forecast by over eighteen million dollars after
29 adjusting for changes directly related to legislation adopted in the
30 2017 legislative session, the total share of marijuana excise tax
31 revenue distributed to counties and cities in (g)(i) of this
32 subsection (2) may not exceed fifteen million dollars in fiscal years
33 2018 and 2019. It is the intent of the legislature that the policy
34 for the maximum distributions in the subsequent fiscal biennia will
35 be no more than \$6 million per fiscal year.

36 For the purposes of this section, "marijuana products" means
37 "useable marijuana," "marijuana concentrates," and "marijuana-infused
38 products" as those terms are defined in RCW 69.50.101.

1 **Sec. 980.** RCW 70.105D.070 and 2016 sp.s. c 36 s 943 are each
2 amended to read as follows:

3 (1) The state toxics control account and the local toxics control
4 account are hereby created in the state treasury.

5 (2)(a) Moneys collected under RCW 82.21.030 must be deposited as
6 follows: Fifty-six percent to the state toxics control account under
7 subsection (3) of this section and forty-four percent to the local
8 toxics control account under subsection (4) of this section. When the
9 cumulative amount of deposits made to the state and local toxics
10 control accounts under this section reaches the limit during a fiscal
11 year as established in (b) of this subsection, the remainder of the
12 moneys collected under RCW 82.21.030 during that fiscal year must be
13 deposited into the environmental legacy stewardship account created
14 in RCW 70.105D.170.

15 (b) The limit on distributions of moneys collected under RCW

13 terms of such funding are established under a settlement agreement
14 under RCW 70.105D.040(4) and when the director has found that the
15 funding will achieve both: (i) A substantially more expeditious or
16 enhanced cleanup than would otherwise occur; and (ii) the prevention
17 or mitigation of unfair economic hardship;

18 (l) Development and demonstration of alternative management
19 technologies designed to carry out the hazardous waste management
20 priorities of RCW 70.105.150;

21 (m) State agriculture and health programs for the safe use,

34 (i) The facility is located within a redevelopment opportunity
35 zone designated under RCW 70.105D.150;

36 (ii) The amount and terms of the funding are established under a
37 settlement agreement under RCW 70.105D.040(5); and

38 (iii) The director has found the funding meets any additional
39 criteria established in rule by the department, will achieve a
40 substantially more expeditious or enhanced cleanup than would

1 otherwise occur, and will provide a public benefit in addition to
2 cleanup commensurate with the scope of the public funding;

3 (r) Petroleum-based plastic or expanded polystyrene foam debris
4 cleanup activities in fresh or marine waters;

5 (s) Appropriations to the local toxics control account or the
6 environmental legacy stewardship account created in RCW 70.105D.170,
7 if the legislature determines that priorities for spending exceed
8 available funds in those accounts;

9 (t) During the (~~2013-2015 and~~) 2015-2017 and 2017-2019 fiscal
10 biennia, the department of ecology's water quality, shorelands,
11 environmental assessment, administration, and air quality programs;

12 (u) During the 2013-2015 fiscal biennium, actions at the state
13 conservation commission to improve water quality for shellfish;

14 (v) During the 2013-2015 and 2015-2017 fiscal biennia, actions at
15 the University of Washington for reducing ocean acidification;

16 (w) During the 2015-2017 and 2017-2019 fiscal (~~biennium~~)
17 biennia, for the University of Washington Tacoma soil remediation
18 project;

19 (x) For the 2013-2015 fiscal biennium, moneys in the state toxics
20 control account may be spent on projects in section 3160, chapter 19,
21 Laws of 2013 2nd sp. sess. and for transfer to the local toxics
22 control account;

23 (y) For the 2013-2015 fiscal biennium, moneys in the state toxics
24 control account may be transferred to the radioactive mixed waste
25 account; and

26 (z) For the 2015-2017 and 2017-2019 fiscal (~~biennium~~) biennia,
27 forest practices regulation at the department of natural resources.

28 (4)(a) The department shall use moneys deposited in the local
29 toxics control account for grants or loans to local governments for
30 the following purposes in descending order of priority:

31 (i) Extended grant agreements entered into under (e)(i) of this
32 subsection;

33 (ii) Remedial actions, including planning for adaptive reuse of
34 properties as provided for under (e)(iv) of this subsection. The
35 department must prioritize funding of remedial actions at:

36 (A) Facilities on the department's hazardous sites list with a
37 high hazard ranking for which there is an approved remedial action
38 work plan or an equivalent document under federal cleanup law;

39 (B) Brownfield properties within a redevelopment opportunity zone
40 if the local government is a prospective purchaser of the property

1 and there is a department-approved remedial action work plan or
2 equivalent document under the federal cleanup law;

3 (iii) Storm water pollution source projects that: (A) Work in
4 conjunction with a remedial action; (B) protect completed remedial
5 actions against recontamination; or (C) prevent hazardous clean-up
6 sites;

7 (iv) Hazardous waste plans and programs under chapter 70.105 RCW;

8 (v) Solid waste plans and programs under chapters 70.95, 70.95C,
9 70.95I, and 70.105 RCW;

10 (vi) Petroleum-based plastic or expanded polystyrene foam debris
11 cleanup activities in fresh or marine waters; and

12 (vii) Appropriations to the state toxics control account or the
13 environmental legacy stewardship account created in RCW 70.105D.170,
14 if the legislature determines that priorities for spending exceed
15 available funds in those accounts.

16 (b) Funds for plans and programs must be allocated consistent
17 with the priorities and matching requirements established in chapters
18 70.105, 70.95C, 70.95I, and 70.95 RCW.

19 (c) During the 2013-2015 fiscal biennium, the local toxics
20 control account may also be used for local government storm water
21 planning and implementation activities.

22 (d) During the 2013-2015 fiscal biennium, the legislature may
23 transfer from the local toxics control account to the state general
24 fund, such amounts as reflect the excess fund balance in the account.

25 (e) To expedite cleanups throughout the state, the department may
26 use the following strategies when providing grants to local
27 governments under this subsection:

28 (i) Enter into an extended grant agreement with a local
29 government conducting remedial actions at a facility where those
30 actions extend over multiple biennia and the total eligible cost of
31 those actions exceeds twenty million dollars. The agreement is
32 subject to the following limitations:

33 (A) The initial duration of such an agreement may not exceed ten
34 years. The department may extend the duration of such an agreement
35 upon finding substantial progress has been made on remedial actions
36 at the facility;

37 (B) Extended grant agreements may not exceed fifty percent of the
38 total eligible remedial action costs at the facility; and

39 (C) The department may not allocate future funding to an extended
40 grant agreement unless the local government has demonstrated to the

1 department that funds awarded under the agreement during the previous
2 biennium have been substantially expended or contracts have been
3 entered into to substantially expend the funds;

4 (ii) Enter into a grant agreement with a local government
5 conducting a remedial action that provides for periodic reimbursement
6 of remedial action costs as they are incurred as established in the
7 agreement;

8 (iii) Enter into a grant agreement with a local government prior
9 to it acquiring a property or obtaining necessary access to conduct
10 remedial actions, provided the agreement is conditioned upon the
11 local government acquiring the property or obtaining the access in
12 accordance with a schedule specified in the agreement;

13 (iv) Provide integrated planning grants to local governments to
14 fund studies necessary to facilitate remedial actions at brownfield
15 properties and adaptive reuse of properties following remediation.
16 Eligible activities include, but are not limited to: Environmental
17 site assessments; remedial investigations; health assessments;
18 feasibility studies; site planning; community involvement; land use
19 and regulatory analyses; building and infrastructure assessments;
20 economic and fiscal analyses; and any environmental analyses under
21 chapter 43.21C RCW;

22 (v) Provide grants to local governments for remedial actions
23 related to area-wide groundwater contamination. To receive the
24 funding, the local government does not need to be a potentially
25 liable person or be required to seek reimbursement of grant funds
26 from a potentially liable person;

27 (vi) The director may alter grant matching requirements to create
28 incentives for local governments to expedite cleanups when one of the
29 following conditions exists:

30 (A) Funding would prevent or mitigate unfair economic hardship
31 imposed by the clean-up liability;

32 (B) Funding would create new substantial economic development,
33 public recreational opportunities, or habitat restoration
34 opportunities that would not otherwise occur; or

35 (C) Funding would create an opportunity for acquisition and
36 redevelopment of brownfield property under RCW 70.105D.040(5) that
37 would not otherwise occur;

38 (vii) When pending grant applications under (e)(iv) and (v) of
39 this subsection (4) exceed the amount of funds available, designated

1 redevelopment opportunity zones must receive priority for
2 distribution of available funds.

3 (f) To expedite multiparty clean-up efforts, the department may
4 purchase remedial action cost-cap insurance. For the 2013-2015 fiscal
5 biennium, moneys in the local toxics control account may be spent on
6 projects in sections 3024, 3035, 3036, and 3059, chapter 19, Laws of
7 2013 2nd sp. sess.

8 (5) Except for unanticipated receipts under RCW 43.79.260 through
9 43.79.282, moneys in the state and local toxics control accounts may
10 be spent only after appropriation by statute.

11 (6) No moneys deposited into either the state or local toxics
12 control account may be used for: Natural disasters where there is no
13 hazardous substance contamination; high performance buildings; solid
14 waste incinerator facility feasibility studies, construction,
15 maintenance, or operation; or after January 1, 2010, for projects
16 designed to address the restoration of Puget Sound, funded in a
17 competitive grant process, that are in conflict with the action
18 agenda developed by the Puget Sound partnership under RCW 90.71.310.
19 However, this subsection does not prevent an appropriation from the
20 state toxics control account to the department of revenue to enforce
21 compliance with the hazardous substance tax imposed in chapter 82.21
22 RCW.

23 (7) Except during the 2011-2013 and the 2015-2017 fiscal biennia,
24 one percent of the moneys collected under RCW 82.21.030 shall be
25 allocated only for public participation grants to persons who may be
26 adversely affected by a release or threatened release of a hazardous
27 substance and to not-for-profit public interest organizations. The
28 primary purpose of these grants is to facilitate the participation by
29 persons and organizations in the investigation and remedying of
30 releases or threatened releases of hazardous substances and to
31 implement the state's solid and hazardous waste management
32 priorities. No grant may exceed sixty thousand dollars. Grants may be
33 renewed annually. Moneys appropriated for public participation that
34 are not expended at the close of any biennium revert to the state
35 toxics control account.

36 (8) The department shall adopt rules for grant or loan issuance
37 and performance. To accelerate both remedial action and economic
38 recovery, the department may expedite the adoption of rules necessary
39 to implement chapter 1, Laws of 2013 2nd sp. sess. using the
40 expedited procedures in RCW 34.05.353. The department shall initiate

1 the award of financial assistance by August 1, 2013. To ensure the
2 adoption of rules will not delay financial assistance, the department
3 may administer the award of financial assistance through interpretive
4 guidance pending the adoption of rules through July 1, 2014.

5 (9) Except as provided under subsection (3)(k) and (q) of this
6 section, nothing in chapter 1, Laws of 2013 2nd sp. sess. affects the
7 ability of a potentially liable person to receive public funding.

8 (10) During the 2015-2017 fiscal biennium the local toxics
9 control account may also be used for the centennial clean water
10 program and for the storm water financial assistance program
11 administered by the department of ecology.

12 (11) During the 2017-2019 biennium the state toxics control
13 account, the local toxics control account, and the environmental
14 legacy stewardship account may be used for interchangeable purposes
15 and funds may be transferred between accounts to accomplish those
16 purposes.

17 **Sec. 981.** RCW 71.24.580 and 2016 sp.s. c 29 s 511 are each
18 amended to read as follows:

19 (1) The criminal justice treatment account is created in the
20 state treasury. Moneys in the account may be expended solely for: (a)
21 Substance use disorder treatment and treatment support services for
22 offenders with a substance use disorder that, if not treated, would
23 result in addiction, against whom charges are filed by a prosecuting
24 attorney in Washington state; (b) the provision of substance use
25 disorder treatment services and treatment support services for
26 nonviolent offenders within a drug court program; and (c) the
27 administrative and overhead costs associated with the operation of a
28 drug court. During the 2015-2017 fiscal biennium, the legislature may
29 transfer from the criminal justice treatment account to the state
30 general fund amounts as reflect the state savings associated with the
31 implementation of the medicaid expansion of the federal affordable
32 care act and the excess fund balance of the account. During the
33 2017-2019 fiscal biennium, the legislature may direct the state
34 treasurer to make transfers of moneys in the criminal justice
35 treatment account to the state general fund. It is the intent of the
36 legislature to continue, in future biennia, the policy of
37 transferring to the state general fund such amounts as reflect the
38 excess fund balance of the account. Moneys in the account may be
39 spent only after appropriation.

1 (2) For purposes of this section:

2 (a) "Treatment" means services that are critical to a
3 participant's successful completion of his or her substance use
4 disorder treatment program, but does not include the following
5 services: Housing other than that provided as part of an inpatient
6 substance use disorder treatment program, vocational training, and
7 mental health counseling; and

8 (b) "Treatment support" means transportation to or from inpatient
9 or outpatient treatment services when no viable alternative exists,
10 and child care services that are necessary to ensure a participant's
11 ability to attend outpatient treatment sessions.

12 (3) Revenues to the criminal justice treatment account consist
13 of: (a) Funds transferred to the account pursuant to this section;
14 and (b) any other revenues appropriated to or deposited in the
15 account.

16 (4)(a) For the fiscal year beginning July 1, 2006, and each
17 subsequent fiscal year, the amount transferred shall be increased on
18 an annual basis by the implicit price deflator as published by the
19 federal bureau of labor statistics.

20 (b) In each odd-numbered year, the legislature shall appropriate
21 the amount transferred to the criminal justice treatment account in
22 (a) of this subsection to the department for the purposes of
23 subsection (5) of this section.

24 (5) Moneys appropriated to the department from the criminal
25 justice treatment account shall be distributed as specified in this
26 subsection. The department may retain up to three percent of the
27 amount appropriated under subsection (4)(b) of this section for its
28 administrative costs.

29 (a) Seventy percent of amounts appropriated to the department
30 from the account shall be distributed to counties pursuant to the
31 distribution formula adopted under this section. The division of
32 alcohol and substance abuse, in consultation with the department of
33 corrections, the Washington state association of counties, the
34 Washington state association of drug court professionals, the
35 superior court judges' association, the Washington association of
36 prosecuting attorneys, representatives of the criminal defense bar,
37 representatives of substance use disorder treatment providers, and
38 any other person deemed by the department to be necessary, shall
39 establish a fair and reasonable methodology for distribution to
40 counties of moneys in the criminal justice treatment account. County

1 or regional plans submitted for the expenditure of formula funds must
2 be approved by the panel established in (b) of this subsection.

3 (b) Thirty percent of the amounts appropriated to the department
4 from the account shall be distributed as grants for purposes of
5 treating offenders against whom charges are filed by a county
6 prosecuting attorney. The department shall appoint a panel of
7 representatives from the Washington association of prosecuting
8 attorneys, the Washington association of sheriffs and police chiefs,
9 the superior court judges' association, the Washington state
10 association of counties, the Washington defender's association or the
11 Washington association of criminal defense lawyers, the department of
12 corrections, the Washington state association of drug court
13 professionals, substance use disorder treatment providers, and the
14 division. The panel shall review county or regional plans for funding
15 under (a) of this subsection and grants approved under this
16 subsection. The panel shall attempt to ensure that treatment as
17 funded by the grants is available to offenders statewide.

18 (6) The county alcohol and drug coordinator, county prosecutor,
19 county sheriff, county superior court, a substance abuse treatment
20 provider appointed by the county legislative authority, a member of
21 the criminal defense bar appointed by the county legislative
22 authority, and, in counties with a drug court, a representative of
23 the drug court shall jointly submit a plan, approved by the county
24 legislative authority or authorities, to the panel established in
25 subsection (5)(b) of this section, for disposition of all the funds
26 provided from the criminal justice treatment account within that
27 county. The funds shall be used solely to provide approved alcohol
28 and substance abuse treatment pursuant to RCW 71.24.560, treatment
29 support services, and for the administrative and overhead costs
30 associated with the operation of a drug court.

31 (a) No more than ten percent of the total moneys received under
32 subsections (4) and (5) of this section by a county or group of
33 counties participating in a regional agreement shall be spent on the
34 administrative and overhead costs associated with the operation of a
35 drug court.

36 (b) No more than ten percent of the total moneys received under
37 subsections (4) and (5) of this section by a county or group of
38 counties participating in a regional agreement shall be spent for
39 treatment support services.

1 (7) Counties are encouraged to consider regional agreements and
2 submit regional plans for the efficient delivery of treatment under
3 this section.

4 (8) Moneys allocated under this section shall be used to
5 supplement, not supplant, other federal, state, and local funds used
6 for substance abuse treatment.

7 (9) Counties must meet the criteria established in RCW
8 2.30.030(3).

9 (10) The authority under this section to use funds from the

PART XII
HUMAN SERVICES

Sec. 1201. 2016 sp.s. c 36 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the

1 federal government, historical utilization, economic data, and
2 clinical input constitute reliable data upon which to determine the
3 payment rates.

4 (4) The department shall to the maximum extent practicable use
5 the same system for delivery of spoken-language interpreter services
6 for social services appointments as the one established for medical
7 appointments in the health care authority. When contracting directly
8 with an individual to deliver spoken language interpreter services,
9 the department shall only contract with language access providers who
10 are working at a location in the state and who are state-certified or
11 state-authorized, except that when such a provider is not available,
12 the department may use a language access provider who meets other
13 certifications or standards deemed to meet state standards, including
14 interpreters in other states.

15 (5) Information technology projects or investments and proposed
16 projects or investments impacting time capture, payroll and payment
17 processes and systems, eligibility, case management, and
18 authorization systems within the department of social and health
19 services are subject to technical oversight by the office of the
20 chief information officer.

21 (6)(a) The department shall facilitate enrollment under the
22 medicaid expansion for clients applying for or receiving state funded
23 services from the department and its contractors. Prior to open
24 enrollment, the department shall coordinate with the health care
25 authority to provide referrals to the Washington health benefit
26 exchange for clients that will be ineligible for medicaid.

27 (b) To facilitate a single point of entry across public and
28 medical assistance programs, and to maximize the use of federal
29 funding, the health care authority, the department of social and
30 health services, and the health benefit exchange will coordinate
31 efforts to expand HealthPlanfinder access to public assistance and
32 medical eligibility staff. No later than October 1, 2015, the
33 department shall complete medicaid applications in the
34 HealthPlanfinder for households receiving or applying for public
35 assistance benefits.

36 (c) The department, in coordination with the health care
37 authority, shall pursue a federal waiver to use supplemental
38 nutrition assistance program eligibility, aged, blind, or disabled
39 program eligibility, or temporary assistance for needy families
40 eligibility, to enroll eligible persons into medicaid.

1 (7) In accordance with RCW 71.24.380, the health care authority
2 and the department are authorized to purchase medical and behavioral
3 health services through integrated contracts upon request of all of
4 the county authorities in a regional service area to become an early
5 adopter of fully integrated purchasing of medical and behavioral
6 health services. The department may combine and transfer such amounts
7 appropriated under sections 204, 208, and 213 of this act as may be
8 necessary to fund early adopter contracts. The amount of medicaid
9 funding transferred from each program may not exceed the average per
10 capita cost assumed in this act for individuals covered by that
11 program, actuarially adjusted for the health condition of persons
12 enrolled, times the number of clients enrolled. The amount of non-
13 medicaid funding transferred from sections 204 and 208 may not exceed
14 the amount that would have been contracted with a behavioral health
15 organization if the county authorities had not requested to become an
16 early adopter of fully integrated purchasing. These limits do not
17 apply to the amounts provided in section 204(1)(s) of this act. If
18 any funding that this act provides solely for a specific purpose is
19 transferred under this subsection, that funding must be used
20 consistently with the provisions and conditions for which it was
21 provided.

22 (8) In accordance with RCW 71.24.380, the department is
23 authorized to purchase mental health and substance use disorder
24 services through integrated contracts with behavioral health
25 organizations. The department may combine and transfer such amounts
26 appropriated under sections 204 and 208 of this act as may be
27 necessary to finance these behavioral health organization contracts.
28 If any funding that this act provides solely for a specific purpose
29 is transferred under this subsection, that funding must be used
30 consistently with the provisions and conditions for which it was
31 provided.

32 (9)(a) The appropriations to the department of social and health
33 services in this act shall be expended for the programs and in the
34 amounts specified in this act. However, after May 1, (~~2016~~) 2017,
35 unless prohibited by this act, the department may transfer up to
36 \$40,000,000 in general fund—state appropriations for fiscal year
37 (~~2016~~) 2017 among programs after approval by the director of
38 financial management solely for costs incurred at the state
39 psychiatric hospitals.

1 (b) Except for within its mental health programs, after May 1,
2 2017, the department may transfer appropriations as necessary between
3 budget categories or subprograms within individual department
4 programs as needed to fund actual expenditures through the end of
5 fiscal year 2017.

6 (c) Within the mental health programs, the department may
7 transfer appropriations as necessary between budget categories or
8 subprograms and provisos.

9 (d) The department shall not transfer appropriations, and the
10 director of financial management shall not approve the transfer,
11 unless the transfer is consistent with the objective of conserving,
12 to the maximum extent possible, the expenditure of state moneys. The
13 director of financial management shall notify the appropriate fiscal
14 committees of the senate and house of representatives in writing
15 seven days prior to approving any allotment modifications or
16 transfers under this subsection. The written notification shall
17 include a narrative explanation and justification of the changes,
18 along with expenditures and allotments by budget unit and
19 appropriation, both before and after any allotment modifications or
20 transfers.

21 (10) To facilitate the authority provided in subsection (7) and
22 (8) of this section, and to ensure a new accounting structure is in
23 place as of July 1, 2017, the department is authorized to create a
24 new program for accounting purposes only that combines the mental
25 health program and alcohol and substance abuse program allotments and
26 expenditures.

26 counties that submitted a plan for the provision of services approved
27 by the division of alcohol and substance abuse. The juvenile
28 rehabilitation administration shall develop criteria for evaluation
29 of plans submitted and a timeline for awarding funding and shall
30 assist counties in creating and submitting plans for evaluation.

31 (4) \$3,123,000 of the general fund—state appropriation for fiscal
32 year 2016 and \$2,841,000 of the general fund—state appropriation for
33 fiscal year 2017 are provided solely for grants to county juvenile

14 Intervention Services for Children and Juveniles in the Child
15 Welfare, Juvenile Justice, and Mental Health Systems." The
16 administration may concentrate delivery of these treatments and
17 therapies at a limited number of programs to deliver the treatments
18 in a cost-effective manner.

19 (6)(a) The juvenile rehabilitation administration shall
20 administer a block grant to county juvenile courts for the purpose of
21 serving youth adjudicated in the county juvenile justice system.
22 Funds dedicated to the block grant include: Consolidated juvenile
23 service (CJS) funds, community juvenile accountability act (CJAA)
24 grants, chemical dependency/mental health disposition alternative
25 (CDDA), and suspended disposition alternative (SDA). The juvenile
26 rehabilitation administration shall follow the following formula and
27 will prioritize evidence-based programs and disposition alternatives
28 and take into account juvenile courts program-eligible youth in
29 conjunction with the number of youth served in each approved
30 evidence-based program or disposition alternative: (i) Thirty-seven
31 and one-half percent for the at-risk population of youth ten to
32 seventeen years old; (ii) fifteen percent for moderate and high-risk
33 youth; (iii) twenty-five percent for evidence-based program
34 participation; (iv) seventeen and one-half percent for minority
35 populations; (v) three percent for the chemical dependency
36 disposition alternative; and (vi) two percent for the mental health
37 and sentencing dispositional alternatives. Funding for the special
38 sex offender disposition alternative (SSODA) shall not be included in
39 the block grant, but allocated on the average daily population in
40 juvenile courts. Funding for the evidence-based expansion grants

1 shall be excluded from the block grant formula. Funds may be used for
2 promising practices when approved by the juvenile rehabilitation
3 administration and juvenile courts, through the community juvenile
4 accountability act committee, based on the criteria established in
5 consultation with Washington state institute for public policy and
6 the juvenile courts.

7 (b) The juvenile rehabilitation administration and the juvenile
8 courts shall establish a block grant funding formula oversight
9 committee with equal representation from the juvenile rehabilitation
10 administration and the juvenile courts. The purpose of this committee
11 is to assess the ongoing implementation of the block grant funding
12 formula, utilizing data-driven decision making and the most current
13 available information. The committee will be cochaired by the
14 juvenile rehabilitation administration and the juvenile courts, who
15 will also have the ability to change members of the committee as
16 needed to achieve its purpose. Initial members will include one
17 juvenile court representative from the finance committee, the
18 community juvenile accountability act committee, the risk assessment
19 quality assurance committee, the executive board of the Washington
20 association of juvenile court administrators, the Washington state
21 center for court research, and a representative of the superior court
22 judges association; two representatives from the juvenile
23 rehabilitation administration headquarters program oversight staff,
24 two representatives of the juvenile rehabilitation administration
25 regional office staff, one representative of the juvenile
26 rehabilitation administration fiscal staff and a juvenile
27 rehabilitation administration division director. The committee may
28 make changes to the formula categories other than the evidence-based
29 program and disposition alternative categories if it is determined
30 the changes will increase statewide service delivery or effectiveness
31 of evidence-based program or disposition alternative resulting in
32 increased cost benefit savings to the state. Long-term cost benefit
33 must be considered. Percentage changes may occur in the evidence-
34 based program or disposition alternative categories of the formula
35 should it be determined the changes will increase evidence-based
36 program or disposition alternative delivery and increase the cost
37 benefit to the state. These outcomes will also be considered in
38 determining when evidence-based expansion or special sex offender
39 disposition alternative funds should be included in the block grant
40 or left separate.

1 (c) The juvenile courts and administrative office of the courts
2 shall be responsible for collecting and distributing information and
3 providing access to the data systems to the juvenile rehabilitation
4 administration and the Washington state institute for public policy
5 related to program and outcome data. The juvenile rehabilitation
6 administration and the juvenile courts will work collaboratively to
7 develop program outcomes that reinforce the greatest cost benefit to
8 the state in the implementation of evidence-based practices and
9 disposition alternatives.

10 (7) The juvenile courts and administrative office of the courts
11 shall collect and distribute information related to program outcome
12 and provide access to these data systems to the juvenile
13 rehabilitation administration and Washington state institute for
14 public policy. The agreements between administrative office of the
15 courts, the juvenile courts, and the juvenile rehabilitation
16 administration shall be executed to ensure that the juvenile
17 rehabilitation administration receives the data that the juvenile
18 rehabilitation administration identifies as needed to comply with
19 this subsection. This includes, but is not limited to, information by
20 program at the statewide aggregate level, individual court level, and
21 individual client level for the purpose of the juvenile
22 rehabilitation administration providing quality assurance and
23 oversight for the locally committed youth block grant and associated
24 funds and at times as specified by the juvenile rehabilitation
25 administration as necessary to carry out these functions. The data
26 shall be provided in a manner that reflects the collaborative work
27 the juvenile rehabilitation administration and juvenile courts have
28 developed regarding program outcomes that reinforce the greatest cost
29 benefit to the state in the implementation of evidence-based
30 practices and disposition alternatives.

31 (8) \$445,000 of the general fund—state appropriation for fiscal
32 year 2016 and \$445,000 of the general fund—state appropriation for
33 fiscal year 2017 are provided solely for funding of the teamchild
34 project.

35 (9) \$178,000 of the general fund—state appropriation for fiscal
36 year 2016 and \$178,000 of the general fund—state appropriation for
37 fiscal year 2017 are provided solely for the juvenile detention
38 alternatives initiative.

1 (10) \$500,000 of the general fund—state appropriation for fiscal
2 year 2016 and \$500,000 of the general fund—state appropriation for
3 fiscal year 2017 are provided solely for a grant program focused on
4 criminal street gang prevention and intervention. The juvenile
5 rehabilitation administration may award grants under this subsection.
6 The juvenile rehabilitation administration shall give priority to
7 applicants who have demonstrated the greatest problems with criminal
8 street gangs. Applicants composed of, at a minimum, one or more local
9 governmental entities and one or more nonprofit, nongovernmental
10 organizations that have a documented history of creating and
11 administering effective criminal street gang prevention and
12 intervention programs may apply for funding under this subsection.
13 Each entity receiving funds must report to the juvenile
14 rehabilitation administration on the number and types of youth
15 served, the services provided, and the impact of those services on
16 the youth and the community.

17 (11) The juvenile rehabilitation institutions may use funds
18 appropriated in this subsection to purchase goods and supplies
19 through hospital group purchasing organizations when it is cost-
20 effective to do so.

21 (12) \$250,000 of the general fund—state appropriation for fiscal
22 year 2017 is provided solely for implementation of Engrossed
23 Substitute House Bill No. 2746 (juvenile offender treatment). (~~If~~
24 ~~the bill is not enacted by June 30, 2016, the amount provided in this~~

26 **Sec. 1204.** 2016 sp.s. c 36 s 204 (uncodified) is amended to read

3	TOTAL APPROPRIATION.	((\$1,701,835,000))
4		<u>\$1,664,677,000</u>

5 The appropriations in this subsection are subject to the
6 following conditions and limitations:

7 (a) For the purposes of this subsection, the term "regional
8 support networks," includes, effective April 1, 2016, behavioral
9 health organizations which assume the duties of regional support
10 networks pursuant to chapter 225, Laws of 2014 (2SSB 6312).

11 (b) \$12,204,000 of the general fund—state appropriation for
12 fiscal year 2016, ((~~\$13,761,000~~)) \$8,921,000 of the general fund—
13 state appropriation for fiscal year 2017, and ((~~\$17,918,000~~))
14 \$15,312,000 of the general fund—federal appropriation are provided
15 solely to reimburse regional support networks for increased
16 utilization costs, as compared to utilization costs in fiscal year
17 2014, that are incurred in order to meet statutory obligations to
18 provide individualized mental health treatment in appropriate
19 settings to individuals who are detained or committed under the
20 involuntary treatment act. Prior to distributing funds to a regional
21 support network requesting reimbursement for costs relative to
22 increased utilization, the department must receive adequate
23 documentation of such increased utilization and costs. Regional
24 support networks receiving funds for community hospitals or
25 evaluation and treatment center beds under (p) of this subsection are
26 only eligible for reimbursement that exceeds the total of their
27 utilization costs in fiscal year 2014 and the costs of services
28 provided with additional funds received under (p) of this subsection.

29 (c) \$2,452,000 of the general fund—state appropriation for fiscal
30 year 2016, \$2,264,000 of the general fund—state appropriation for
31 fiscal year 2017, and \$2,653,000 of the general fund—federal
32 appropriation are provided solely for implementation of chapter 258,
33 Laws of 2015 (E2SSB 5269) (involuntary treatment act). Regional
34 support networks must use these amounts for involuntary treatment
35 costs associated with implementation of this bill.

36 (d) \$3,776,000 of the general fund—state appropriation for fiscal
37 year 2016, \$5,780,000 of the general fund—state appropriation for
38 fiscal year 2017, and \$6,054,000 of the general fund—federal
39 appropriation are provided solely for implementation of chapter 250,

1 Laws of 2015 (E2SHB 1450) (involuntary outpatient treatment).
2 Regional support networks must use these amounts for increases in
3 community mental health treatment associated with implementation of
4 this bill.

5 (e) \$81,180,000 of the general fund—state appropriation for
6 fiscal year 2016 and \$81,180,000 of the general fund—state
7 appropriation for fiscal year 2017 are provided solely for persons
8 and services not covered by the medicaid program. To the extent
9 possible, levels of regional support network spending shall be
10 maintained in the following priority order: Crisis and commitment
11 services; community inpatient services; and residential care
12 services, including personal care and emergency housing assistance.
13 These amounts includes a reduction of \$4,715,000 for fiscal year 2016
14 and \$4,715,000 for fiscal year 2017 associated with a funding shift
15 that allows for increased federal participation for community
16 inpatient stays that were previously ineligible for federal matching
17 funds. This reduction will be distributed to regional support
18 networks based on the same proportions that were added to regional
19 support network capitation ranges specific to the waiver that allowed
20 for federal funds to be used for community inpatient stays that were
21 previously ineligible for federal matching funds. The department must
22 allow regional support networks to use medicaid capitation payments
23 to provide services to medicaid enrollees that are in addition to
24 those covered under the state plan in accordance with the conditions
25 established under federal regulations governing medicaid managed care
26 contracts and subject to federal approval by the center for medicaid
27 and medicare services.

28 (f) \$6,590,000 of the general fund—state appropriation for fiscal
29 year 2016, \$6,590,000 of the general fund—state appropriation for
30 fiscal year 2017, and \$7,620,000 of the general fund—federal
31 appropriation are provided solely for the department and regional
32 support networks to continue to contract for implementation of high-
33 intensity programs for assertive community treatment (PACT) teams. In
34 determining the proportion of medicaid and nonmedicaid funding
35 provided to regional support networks with PACT teams, the department
36 shall consider the differences between regional support networks in
37 the percentages of services and other costs associated with the teams
38 that are not reimbursable under medicaid. The department may allow
39 regional support networks which have nonmedicaid reimbursable costs

1 that are higher than the nonmedicaid allocation they receive under
2 this section to supplement these funds with local dollars or funds
3 received under section 204(1)(e) of this act. The department and
4 regional support networks shall maintain consistency with all
5 essential elements of the PACT evidence-based practice model in
6 programs funded under this section.

7 (g) The number of nonforensic beds allocated for use by regional
8 support networks at eastern state hospital shall be 192 per day. The
9 number of nonforensic beds allocated for use by regional support
10 networks at western state hospital shall be 587 per day in fiscal
11 year 2016. Pursuant to Engrossed Second Substitute House Bill No.
12 2453 (state hospital oversight) or Substitute Senate Bill No. 6656
13 (state hospital practices), the department must transition and divert
14 enough patients with long term care needs from western state hospital
15 by January 1, 2017, to reduce the capacity needed for this population
16 by 30 beds and the department must reduce the number of nonforensic
17 beds allocated for use by regional support networks at western state
18 hospital to 557. The department may contract through a regional
19 support network for up to 30 local community hospital beds to provide
20 treatment to individuals on a 90 day involuntary commitment order and
21 must lower that regional support network's allocation of beds by the
22 number of contracted beds.

23 (h) From the general fund—state appropriations in this
24 subsection, the secretary of social and health services shall assure
25 that regional support networks reimburse the aging and disability
26 services administration for the general fund—state cost of medicaid
27 personal care services that enrolled regional support network
28 consumers use because of their psychiatric disability.

29 (i) The department is authorized to continue to contract
30 directly, rather than through contracts with regional support
31 networks, for children's long-term inpatient facility services.

32 (j) \$750,000 of the general fund—state appropriation for fiscal
33 year 2016 and \$750,000 of the general fund—state appropriation for
34 fiscal year 2017 are provided solely to continue performance-based
35 incentive contracts to provide appropriate community support services
36 for individuals with severe mental illness who were discharged from
37 the state hospitals as part of the expanding community services
38 initiative. These funds will be used to enhance community residential

1 and support services provided by regional support networks through
2 other state and federal funding.

3 (k) \$1,125,000 of the general fund—state appropriation for fiscal
4 year 2016 and \$1,125,000 of the general fund—state appropriation for
5 fiscal year 2017 are provided solely for the Spokane regional support
6 network to implement services to reduce utilization and the census at
7 eastern state hospital. Such services shall include:

8 (i) High intensity treatment team for persons who are high
9 utilizers of psychiatric inpatient services, including those with co-
10 occurring disorders and other special needs;

11 (ii) Crisis outreach and diversion services to stabilize in the
12 community individuals in crisis who are at risk of requiring
13 inpatient care or jail services;

14 (iii) Mental health services provided in nursing facilities to
15 individuals with dementia, and consultation to facility staff
16 treating those individuals; and

17 (iv) Services at the sixteen-bed evaluation and treatment
18 facility.

19 At least annually, the Spokane regional support network shall
20 assess the effectiveness of these services in reducing utilization at
21 eastern state hospital, identify services that are not optimally
22 effective, and modify those services to improve their effectiveness.

23 (l) \$1,204,000 of the general fund—state appropriation for fiscal
24 year 2016 and \$1,204,000 of the general fund—state appropriation for
25 fiscal year 2017 are provided solely to reimburse Pierce and Spokane
26 counties for the cost of conducting 180-day commitment hearings at
27 the state psychiatric hospitals.

28 (m) Regional support networks may use local funds to earn
29 additional federal medicaid match, provided the locally matched rate
30 does not exceed the upper-bound of their federally allowable rate
31 range, and provided that the enhanced funding is used only to provide
32 medicaid state plan or waiver services to medicaid clients.
33 Additionally, regional support networks may use a portion of the
34 state funds allocated in accordance with (e) of this subsection to
35 earn additional medicaid match, but only to the extent that the
36 application of such funds to medicaid services does not diminish the
37 level of crisis and commitment, community inpatient, residential
38 care, and outpatient services presently available to persons not
39 eligible for medicaid.

1 (n) \$2,291,000 of the general fund—state appropriation for fiscal
2 year 2016 and \$2,291,000 of the general fund—state appropriation for
3 fiscal year 2017 are provided solely for mental health services for
4 mentally ill offenders while confined in a county or city jail and
5 for facilitating access to programs that offer mental health services
6 upon release from confinement.

7 (o) Within the amounts appropriated in this section, funding is
8 provided for the department to develop and phase in intensive mental
9 health services for high needs youth consistent with the settlement
10 agreement in *T.R. v. Dreyfus and Porter*.

11 (p) \$9,184,000 of the general fund—state appropriation for fiscal
12 year 2016, \$11,405,000 of the general fund—state appropriation for
13 fiscal year 2017, and \$17,680,000 of the general fund—federal
14 appropriation are provided solely for enhancement of community mental
15 health services. The department must contract these funds for the
16 operation of community programs in which the department determines
17 there is a need for capacity that allows individuals to be diverted
18 or transitioned from the state hospitals including but not limited
19 to: (i) Community hospital or free standing evaluation and treatment
20 services providing short-term detention and commitment services under
21 the involuntary treatment act to be located in the geographic areas
22 of the King regional support network, the Spokane regional support
23 network outside of Spokane county, and the Thurston Mason regional
24 support network; (ii) one new full program of an assertive community
25 treatment team in the King regional support network and two new half
26 programs of assertive community treatment teams in the Spokane
27 regional support network and the Pierce regional support network; and
28 (iii) three new recovery support services programs in the Grays
29 Harbor regional support network, the greater Columbia regional
30 support network, and the north sound regional support network. In
31 contracting for community evaluation and treatment services, the
32 department may not use these resources in facilities that meet the
33 criteria to be classified under federal law as institutions for
34 mental diseases. If the department is unable to come to a contract
35 agreement with a designated regional support network for any of the
36 services identified above, it may consider contracting for that
37 service in another regional support network that has the need for
38 such service.

1 (q) The appropriations in this section include a reduction of
2 \$16,462,000 in general fund—state and \$16,468,000 of general fund—
3 federal expenditure authority. This reduction must be achieved by
4 reducing regional support network medicaid rates for disabled adults,
5 nondisabled adults, disabled children, and nondisabled children. No
6 regional support network rate may be lowered below the low end of the
7 rate range that is certified as actuarially sound. The department
8 must work to develop updated minimum and maximum reserve levels that
9 reflect the changes in the number of medicaid eligible individuals
10 since reserve levels were originally set as well as the integration
11 of substance use disorder services into managed care contracts funded
12 within the amounts appropriated in this section. The department must
13 submit a report to the office of financial management and the
14 appropriate fiscal committees of the legislature by December 1, 2015,

33 (t) By April 1, 2016, the department must establish minimum and
34 maximum funding levels for all reserves allowed under behavioral
35 health organization contracts and insert contract language that
36 clearly states the requirements and limitations. The department must
37 monitor and ensure that behavioral health organization reserves do
38 not exceed maximum levels. The department must monitor behavioral
39 health organization revenue and expenditure reports and must require

1 a behavioral health organization to submit a corrective action plan
 2 on how it will spend its excess reserves within a reasonable period
 3 of time, when its reported reserves exceed maximum levels established
 4 under the contract. The department must review and approve such plans
 5 and monitor to ensure compliance. If the department determines that a
 6 behavioral health organization has failed to provide an adequate
 7 excess reserve corrective action plan or is not complying with an
 8 approved plan, the department must reduce payments to the behavioral
 9 health organization in accordance with remedial actions provisions
 10 included in the contract. These reductions in payments must continue

28 70.128.060 in any case in which the department determines that an
29 adult family home is being relicensed because of exceptional
30 circumstances, such as death or incapacity of a provider, and that to

14 (1) For purposes of implementing chapter 74.46 RCW, the weighted
15 average nursing facility payment rate shall not exceed \$178.87 for

34 housekeepers, laundry aides, or any other category of worker whose
35 statewide average dollars-per-hour wage was less than \$15 in calendar
36 year 2008, according to cost report data. The add-on may also be used

23 (c) During the comparative analysis performed in subsection (b)
24 of this section, for fiscal year 2016, if it is found that the direct
25 care rate for any facility calculated using the payment methodology
26 defined in chapter 74.46 RCW and as funded in the omnibus
27 appropriations act, excluding the low wage worker add-on found in (a)
28 of this subsection, the rate add-ons for direct care, support
29 services, and therapy care found in (g) of this subsection, the
30 comparative add-on, acuity add-on, and safety net reimbursement, is
31 greater than the direct care rate in effect on June 30, 2010, then

34 have in the past.

35 (d) The department shall provide a medicaid rate add-on to

1 (e) The rate add-on provided in (c) of this subsection is subject
2 to the reconciliation and settlement process provided in RCW
3 74.46.022(6).

19 provider is below the minimum staffing standard established in RCW
20 74.42.360(2).

21 (2) In accordance with chapter 74.46 RCW, the department shall
22 issue no additional certificates of capital authorization for fiscal
23 year 2016 and no new certificates of capital authorization for fiscal
24 year 2017 and shall grant no rate add-ons to payment rates for
25 capital improvements not requiring a certificate of need and a

29 The appropriations in this section are subject to the following
30 conditions and limitations:

11 (b) (~~(\$121,599,000)~~) \$134,286,000 of the general fund—state
12 appropriation for fiscal year 2017 is provided solely for holding
13 medicaid managed care capitation rates flat at calendar year (~~(2016)~~)
14 2017 levels in state fiscal year and calendar year 2017. To achieve
15 this target, the authority shall engage with a group composed of the
16 office of financial management, the medicaid forecast work group, and
17 the managed care plans on a range of strategies developed both by the
18 authority and the group. The authority shall obtain actuarial
19 analysis, support, and recommendations during this process, and the
20 state actuary shall obtain independent actuarial analysis. By August
21 1, 2016, the authority shall present the progress made on the
22 initiative to the joint select committee on health care, identifying

35 appropriated by the legislature.

36 (d) No more than (~~(\$127,336,000)~~) \$121,050,000 of the general
37 fund—federal appropriation and \$12,226,000 of the general fund—local
38 appropriation may be expended for transformation through accountable
39 communities of health described in initiative 1 of the medicaid

1 transformation demonstration waiver currently being sought under
2 healthier Washington, including preventing youth drug use. The
3 authority shall not increase general fund—state expenditures on this
4 initiative. The authority shall report to the fiscal committees of
5 the legislature all expenditures under this subsection and shall
6 provide such fiscal data in the manner, form, and time requested by
7 the legislative fiscal committees.

8 ~~(e) ((No more than \$5,223,000 of the general fund—federal~~

23 general fund—state expenditures on this initiative. The authority
24 shall report to the fiscal committees of the legislature all
25 expenditures under this subsection and shall provide such fiscal data
26 in the manner, form, and time requested by the legislative fiscal
27 committees.

28 ~~((g) No more than \$5,567,000 of the general fund—federal~~
29 ~~appropriation may be expended for supportive employment services~~
30 ~~described in initiative 3(b) of the medicaid transformation~~
31 ~~demonstration waiver currently being sought under healthier~~
32 ~~Washington. The authority shall not increase general fund—state~~
33 ~~expenditures on this initiative. The authority shall report to the~~
34 ~~fiscal committees of the legislature all expenditures under this~~
35 ~~subsection and shall provide such fiscal data in the manner, form,~~
36 ~~and time requested by the legislative fiscal committees.~~

37 ~~(h))~~ (f) Sufficient amounts are appropriated in this subsection
38 to implement the medicaid expansion as defined in the social security
39 act, section 1902(a)(10)(A)(i)(VIII).

1 ~~((+i))~~ (g) The legislature finds that medicaid payment rates, as
2 calculated by the health care authority pursuant to the
3 appropriations in this act, bear a reasonable relationship to the
4 costs incurred by efficiently and economically operated facilities
5 for providing quality services and will be sufficient to enlist
6 enough providers so that care and services are available to the
7 extent that such care and services are available to the general
8 population in the geographic area. The legislature finds that the
9 cost reports, payment data from the federal government, historical
10 utilization, economic data, and clinical input constitute reliable
11 data upon which to determine the payment rates.

12 ~~((+j))~~ (h) Based on quarterly expenditure reports and caseload
13 forecasts, if the health care authority estimates that expenditures
14 for the medical assistance program will exceed the appropriations,
15 the health care authority shall take steps including but not limited
16 to reduction of rates or elimination of optional services to reduce
17 expenditures so that total program costs do not exceed the annual
18 appropriation authority.

19 ~~((+k))~~ (i) In determining financial eligibility for medicaid-
20 funded services, the health care authority is authorized to disregard
21 recoveries by Holocaust survivors of insurance proceeds or other
22 assets, as defined in RCW 48.104.030.

23 ~~((+l))~~ (j) The legislature affirms that it is in the state's
24 interest for Harborview medical center to remain an economically
25 viable component of the state's health care system.

26 ~~((+m))~~ (k) When a person is ineligible for medicaid solely by
27 reason of residence in an institution for mental diseases, the health
28 care authority shall provide the person with the same benefits as he
29 or she would receive if eligible for medicaid, using state-only funds
30 to the extent necessary.

31 ~~((+n))~~ (l) \$4,261,000 of the general fund—state appropriation
32 for fiscal year 2016, \$4,261,000 of the general fund—state
33 appropriation for fiscal year 2017, and \$8,522,000 of the general
34 fund—federal appropriation are provided solely for low-income
35 disproportionate share hospital payments.

36 ~~((+o))~~ (m) Within the amounts appropriated in this section, the
37 health care authority shall provide disproportionate share hospital
38 payments to hospitals that provide services to children in the
39 children's health program who are not eligible for services under

1 Title XIX or XXI of the federal social security act due to their
2 citizenship status.

3 ~~((p))~~ (n) \$6,000,000 of the general fund—federal appropriation
4 is provided solely for supplemental payments to nursing homes
5 operated by public hospital districts. The public hospital district
6 shall be responsible for providing the required nonfederal match for
7 the supplemental payment, and the payments shall not exceed the
8 maximum allowable under federal rules. It is the legislature's intent
9 that the payments shall be supplemental to and shall not in any way
10 offset or reduce the payments calculated and provided in accordance
11 with part E of chapter 74.46 RCW. It is the legislature's further
12 intent that costs otherwise allowable for rate-setting and settlement
13 against payments under chapter 74.46 RCW shall not be disallowed
14 solely because such costs have been paid by revenues retained by the
15 nursing home from these supplemental payments. The supplemental
16 payments are subject to retrospective interim and final cost
17 settlements based on the nursing homes' as-filed and final medicare
18 cost reports. The timing of the interim and final cost settlements
19 shall be at the health care authority's discretion. During either the
20 interim cost settlement or the final cost settlement, the health care
21 authority shall recoup from the public hospital districts the
22 supplemental payments that exceed the medicaid cost limit and/or the
23 medicare upper payment limit. The health care authority shall apply
24 federal rules for identifying the eligible incurred medicaid costs
25 and the medicare upper payment limit.

26 ~~((q))~~ (o) The health care authority shall continue the
27 inpatient hospital certified public expenditures program for the
28 2015-2017 fiscal biennium. The program shall apply to all public

30 those classified as critical access hospitals or state psychiatric
31 institutions. The health care authority shall submit reports to the
32 governor and legislature by November 1, 2015, and by November 1,
33 2016, that evaluate whether savings continue to exceed costs for this
34 program. If the certified public expenditures (CPE) program in its
35 current form is no longer cost-effective to maintain, the health care
36 authority shall submit a report to the governor and legislature
37 detailing cost-effective alternative uses of local, state, and
38 federal resources as a replacement for this program. During fiscal
39 year 2016 and fiscal year 2017, hospitals in the program shall be
40 paid and shall retain one hundred percent of the federal portion of

1 the allowable hospital cost for each medicaid inpatient fee-for-
2 service claim payable by medical assistance and one hundred percent
3 of the federal portion of the maximum disproportionate share hospital
4 payment allowable under federal regulations. Inpatient medicaid
5 payments shall be established using an allowable methodology that
6 approximates the cost of claims submitted by the hospitals. Payments
7 made to each hospital in the program in each fiscal year of the
8 biennium shall be compared to a baseline amount. The baseline amount
9 will be determined by the total of (a) the inpatient claim payment
10 amounts that would have been paid during the fiscal year had the
11 hospital not been in the CPE program based on the reimbursement rates
12 developed, implemented, and consistent with policies approved in the
13 2015-2017 biennial operating appropriations act and in effect on July
14 1, 2015, (b) one-half of the indigent assistance disproportionate
15 share hospital payment amounts paid to and retained by each hospital
16 during fiscal year 2005, and (c) all of the other disproportionate
17 share hospital payment amounts paid to and retained by each hospital
18 during fiscal year 2005 to the extent the same disproportionate share
19 hospital programs exist in the 2015-2017 fiscal biennium. If payments
20 during the fiscal year exceed the hospital's baseline amount, no
21 additional payments will be made to the hospital except the federal
22 portion of allowable disproportionate share hospital payments for
23 which the hospital can certify allowable match. If payments during
24 the fiscal year are less than the baseline amount, the hospital will
25 be paid a state grant equal to the difference between payments during
26 the fiscal year and the applicable baseline amount. Payment of the
27 state grant shall be made in the applicable fiscal year and
28 distributed in monthly payments. The grants will be recalculated and
29 redistributed as the baseline is updated during the fiscal year. The
30 grant payments are subject to an interim settlement within eleven
31 months after the end of the fiscal year. A final settlement shall be
32 performed. To the extent that either settlement determines that a
33 hospital has received funds in excess of what it would have received
34 as described in this subsection, the hospital must repay the excess
35 amounts to the state when requested. \$14,014,000 of the general fund—
36 state appropriation for fiscal year 2016 and (~~(\$9,700,000)~~)
37 \$4,901,000 of the general fund—state appropriation for fiscal year
38 2017 are provided solely for state grants for the participating
39 hospitals.

1 ~~((r))~~ (p) The health care authority shall seek public-private
2 partnerships and federal funds that are or may become available to
3 provide on-going support for outreach and education efforts under the
4 federal children's health insurance program reauthorization act of
5 2009.

6 ~~((s))~~ (q) The health care authority shall target funding for
7 maternity support services towards pregnant women with factors that
8 lead to higher rates of poor birth outcomes, including hypertension,
9 a preterm or low birth weight birth in the most recent previous
10 birth, a cognitive deficit or developmental disability, substance
11 abuse, severe mental illness, unhealthy weight or failure to gain
12 weight, tobacco use, or African American or Native American race. The
13 health care authority shall prioritize evidence-based practices for
14 delivery of maternity support services. To the extent practicable,
15 the health care authority shall develop a mechanism to increase
16 federal funding for maternity support services by leveraging local
17 public funding for those services.

18 ~~((t))~~ (r) Within the amounts appropriated in this section, the
19 authority shall identify strategies to improve patient adherence to
20 treatment plans for diabetes and implement these strategies as a
21 pilot through one health home program to be identified by the
22 authority. The authority shall report to the governor and legislature
23 in December 2015 on patient outcomes and cost savings derived from
24 new adherence strategies in the health home model and make
25 recommendations for improving the strategies.

26 ~~((u))~~ (s) Managed care contracts must incorporate
27 accountability measures that monitor patient health and improved
28 health outcomes, and shall include an expectation that each patient
29 receive a wellness examination that documents the baseline health
30 status and allows for monitoring of health improvements and outcome
31 measures.

40 department of social and health services to provide referrals to the

1 Washington health benefit exchange for clients that will be
2 ineligible for medicaid.

3 ~~((y))~~ (w) To facilitate a single point of entry across public
4 and medical assistance programs, and to maximize the use of federal
5 funding, the health care authority, the department of social and
6 health services, and the health benefit exchange will coordinate
7 efforts to expand HealthPlanfinder access to public assistance and
8 medical eligibility staff. No later than October 1, 2015, the health
9 care authority shall complete medicaid applications in the
10 HealthPlanfinder for households receiving or applying for medical
11 assistance benefits.

12 ~~((z))~~ (x) \$90,000 of the general fund—state appropriation for
13 fiscal year 2016, \$90,000 of the general fund—state appropriation for
14 fiscal year 2017, and \$180,000 of the general fund—federal
15 appropriation are provided solely to continue operation by a
16 nonprofit organization of a toll-free hotline that assists families
17 to learn about and enroll in the apple health for kids program.

18 ~~((aa))~~ (y) The appropriations in this section reflect savings
19 and efficiencies by transferring children receiving medical care
20 provided through fee-for-service to medical care provided through
21 managed care.

22 ~~((bb))~~ (z) Within the amounts appropriated in this section, the

20 shall be offset by decreases in inpatient hospitalization. The
21 authority is directed to work in collaboration with the home health
22 association and the Washington state hospital association to develop
23 a plan to show how improved access to home health nursing reduces
24 potentially preventable readmissions, increases access to care,
25 reduces hospital length of stay, and prevents overall hospital
26 admissions for clients receiving private-duty nursing, medically
27 intensive care, or home health benefits. The authority shall submit a
28 report to the governor and appropriate committees of the legislature
29 by December 15, 2016, with details of this plan.

17 (i) The PAL plus service is targeted to help children and

36 receive additional services. The PAL team shall promote the
37 appropriate use of cognitive behavioral therapies and other
38 treatments which are empirically supported or evidence-based and
39 encourage providers to use psychotropic medications as a last resort.

2 including, but not limited to:

20 as follows:

21 **FOR THE DEPARTMENT OF CORRECTIONS**

22 The appropriations to the department of corrections in this act
23 shall be expended for the programs and in the amounts specified in
24 this act. However, after May 1, ~~((2016))~~ 2017, after approval by the
25 director of financial management and unless specifically prohibited
26 by this act, the department may transfer general fund—state
27 appropriations for fiscal year ~~((2016))~~ 2017 between programs. The
28 department may not transfer funds, and the director of financial
29 management may not approve the transfer, unless the transfer is
30 consistent with the objective of conserving, to the maximum extent
31 possible, the expenditure of state funds. The director of financial
32 management shall notify the appropriate fiscal committees of the
33 senate and house of representatives in writing seven days prior to
34 approving any deviations from appropriation levels. The written
35 notification must include a narrative explanation and justification
36 of the changes, along with expenditures and allotments by budget unit

10 fund—state appropriation for fiscal year 2017 are provided solely for
11 the support of a statewide council on mentally ill offenders that
12 includes as its members representatives of community-based mental
13 health treatment programs, current or former judicial officers, and
14 directors and commanders of city and county jails and state prison
15 facilities. The council will investigate and promote cost-effective
16 approaches to meeting the long-term needs of adults and juveniles
17 with mental disorders who have a history of offending or who are at-
18 risk of offending, including their mental health, physiological,
19 housing, employment, and job training needs.

20	(2) CORRECTIONAL OPERATIONS	
21	General Fund—State Appropriation (FY 2016).	\$607,084,000
22	General Fund—State Appropriation (FY 2017).	(\$630,422,000)
23		<u>\$630,061,000</u>
24	General Fund—Federal Appropriation.	\$1,892,000
25	Washington Auto Theft Prevention Authority Account—	
26	State Appropriation.	(\$6,812,000)
27		<u>\$4,612,000</u>
28	State Toxics Control Account—State Appropriation.	\$400,000
29	TOTAL APPROPRIATION.	(\$1,246,610,000)
30		<u>\$1,244,049,000</u>

31 The appropriations in this subsection are subject to the
32 following conditions and limitations:

- 33 (a) During the 2015-2017 fiscal biennium, when contracts are
34 established or renewed for offender pay phone and other telephone
35 services provided to inmates, the department shall select the
36 contractor or contractors primarily based on the following factors:
37 (i) The lowest rate charged to both the inmate and the person paying
38 for the telephone call; and (ii) the lowest commission rates paid to

1 the department, while providing reasonable compensation to cover the
2 costs of the department to provide the telephone services to inmates
3 and provide sufficient revenues for the activities funded from the
4 institutional welfare betterment account.

5 (b) The department may contract for up to 300 beds statewide to
6 the extent that it is at no net cost to the department. The
7 department shall calculate and report the average cost per offender
8 per day, inclusive of all services, on an annual basis for a facility
9 that is representative of average medium or lower offender costs. The
10 duration of the contracts may be for up to four years. The department
11 shall not pay a rate greater than \$65 per day per offender for all
12 costs associated with the offender while in the local correctional
13 facility to include programming and health care costs, or the
14 equivalent of \$65 per day per bed including programming and health
15 care costs for full units. The capacity provided at local
16 correctional facilities must be for offenders whom the department of
17 corrections defines as medium or lower security offenders.
18 Programming provided for inmates held in local jurisdictions is
19 included in the rate, and details regarding the type and amount of
20 programming, and any conditions regarding transferring offenders must
21 be negotiated with the department as part of any contract. Local
22 jurisdictions must provide health care to offenders that meet
23 standards set by the department. The local jail must provide all
24 medical care including unexpected emergent care. The department must
25 utilize a screening process to ensure that offenders with existing
26 extraordinary medical/mental health needs are not transferred to
27 local jail facilities. If extraordinary medical conditions develop
28 for an inmate while at a jail facility, the jail may transfer the
29 offender back to the department, subject to terms of the negotiated
30 agreement. Health care costs incurred prior to transfer are the
31 responsibility of the jail.

32 (c) \$501,000 of the general fund—state appropriation for fiscal
33 year 2016 and \$501,000 of the general fund—state appropriation for
34 fiscal year 2017 are provided solely for the department to maintain
35 the facility, property, and assets at the institution formerly known
36 as the maple lane school in Rochester. (~~The department may not house
37 incarcerated offenders at the maple lane site until specifically
38 directed to do so by the legislature.~~)

1 (d) \$479,000 of the general fund—state appropriation for fiscal
2 year 2016, and (~~(\$1,379,000)~~) \$758,000 of the general fund—state
3 appropriation for fiscal year 2017 are provided solely for the
4 department to contract (~~(with Yakima county)~~) for the use of inmate
5 bed capacity in lieu of prison beds operated by the state to meet
6 prison capacity needs.

7 (e) The department shall review its policies and procedures for
8 overtime usage throughout its prison custody system to identify
9 efficiencies and best practices that will control costs. The
10 department shall provide to the appropriate committees of the
11 legislature by November 15, 2015, a report that makes recommendations
12 to reduce the department's overtime usage and reduces overall costs
13 for prison personnel.

14 (f) In an effort to reduce its need for medium security beds, the
15 department shall review options to meet capacity needs in the most
16 cost-efficient manner without compromising safety. The department
17 shall at a minimum review its policies that determine custody levels,
18 including examining other states' policies and determine costs to
19 convert any empty prison beds to medium security and possibilities to
20 utilize local jail beds for this purpose. The department must
21 evaluate the options on both a short-term and long-term basis against
22 the cost and timing of any proposal to build a new prison facility.
23 The department shall report its findings and recommendations to the
24 appropriate committees of the legislature by December 1, 2015.

25 (g) Within the amounts provided in this section, the department
26 of corrections shall explore entering into an interagency agreement
27 with the University of Washington. The interagency agreement would
28 allow the department to receive drug pricing under 340B of the public
29 health services act for drug purchases associated with treating
30 patients with hepatitis C or other diseases, whereby the university
31 is acting as the covered entity or safety-net provider. In
32 cooperation with the University of Washington, the department must
33 provide an estimate of the fiscal impact of a successful agreement of
34 this nature, to be included in the report provided to the legislature
35 under section 606 of this act.

36 (~~(+i)~~) (h) \$454,000 of the general fund—state appropriation for
37 fiscal year 2017 is provided solely for nonrepresented state
38 employees in targeted state employee job classifications

1 psychiatrist, psychiatric social worker, and psychologist as set
2 forth in section 906 of this act.

3 ((+j)) (i) \$736,000 of the general fund—state appropriation for
4 fiscal year 2017 is provided solely for the implementation of a
5 memorandum of understanding between the governor and the teamsters
6 union local 117, amending the collective bargaining agreement under
7 chapter 41.80 RCW for the 2015-2017 fiscal biennium as set forth in
8 section 904 of this act, effective July 1, 2017. The legislature
9 recognizes that the memorandum of understanding was necessitated by
10 an emergency and an imminent jeopardy determination by the center for
11 medicare and medicaid services that relates to the safety and health
12 of clients and employees, which impacts the state employee job
13 classifications of psychiatrist, psychiatric social worker, and
14 psychologist at prison facilities.

6 Middle School	1.353
7 High School	1.880

8 (b) Students in approved career and technical education and skill
9 center programs generate certificated school building-level
10 administrator staff units at per student rates that are a multiple of
11 the general education rate in (a) of this subsection by the following
12 factors: Career and Technical Education students 1.025
13 Skill Center students 1.198

14 (4) CLASSIFIED STAFF ALLOCATIONS

15 Allocations for classified staff units providing school building-
16 level and district-wide support services for the 2015-16 and 2016-17
17 school years are determined using the formula-generated staff units
18 provided in RCW 28A.150.260, and adjusted based on each district's
19 annual average full-time equivalent student enrollment in each grade,
20 except that the allocation for parent involvement coordinators in an
21 elementary school shall be 0.0825 for the 2015-16 and 2016-17 school
22 years, which enhancement is within the program of basic education.

23 (5) CENTRAL OFFICE ALLOCATIONS

24 In addition to classified and administrative staff units
25 allocated in subsections (3) and (4) of this section, classified and
26 administrative staff units are provided for the 2015-16 and 2016-17
27 school year for the central office administrative costs of operating
28 a school district, at the following rates:

29 (a) The total central office staff units provided in this
30 subsection (5) are calculated by first multiplying the total number
31 of eligible certificated instructional, certificated administrative,
32 and classified staff units providing school-based or district-wide
33 support services, as identified in RCW 28A.150.260(6)(b), by 5.3
34 percent.

35 (b) Of the central office staff units calculated in (a) of this
36 subsection, 74.53 percent are allocated as classified staff units, as
37 generated in subsection (4) of this section, and 25.47 percent shall

1 be allocated as administrative staff units, as generated in
2 subsection (3) of this section.

3 (c) Staff units generated as enhancements outside the program of
4 basic education to the minimum requirements of RCW 28A.150.260, and
5 staff units generated by skill center and career-technical students,
6 are excluded from the total central office staff units calculation in
7 (a) of this subsection.

8 (d) For students in approved career-technical and skill center
9 programs, central office classified units are allocated at the same
10 staff unit per student rate as those generated for general education
11 students of the same grade in this subsection (5), and central office
12 administrative staff units are allocated at staff unit per student
13 rates that exceed the general education rate established for students
14 in the same grade in this subsection (5) by 1.46 percent in the
15 2015-16 school year and 1.45 percent in the 2016-17 school year for
16 career and technical education students, and 17.33 percent in the
17 2015-16 school year and 17.31 percent in the 2016-17 school year for
18 skill center students.

19 (6) FRINGE BENEFIT ALLOCATIONS

20 Fringe benefit allocations shall be calculated at a rate of 21.42
21 percent in the 2015-16 school year and 21.42 percent in the 2016-17
22 school year for certificated salary allocations provided under
23 subsections (2), (3), and (5) of this section, and a rate of 22.72
24 percent in the 2015-16 school year and 22.72 percent in the 2016-17
25 school year for classified salary allocations provided under
26 subsections (4) and (5) of this section.

27 (7) INSURANCE BENEFIT ALLOCATIONS

28 Insurance benefit allocations shall be calculated at the
29 maintenance rate specified in section 504 of this act, based on the
30 number of benefit units determined as follows:

31 (a) The number of certificated staff units determined in
32 subsections (2), (3), and (5) of this section; and

33 (b) The number of classified staff units determined in
34 subsections (4) and (5) of this section multiplied by 1.152. This
35 factor is intended to adjust allocations so that, for the purpose of
36 distributing insurance benefits, full-time equivalent classified
37 employees may be calculated on the basis of 1,440 hours of work per
38 year, with no individual employee counted as more than one full-time
39 equivalent.

(8) MATERIALS, SUPPLIES, AND OPERATING COSTS (MSOC) ALLOCATIONS
 Funding is allocated per annual average full-time equivalent student for the materials, supplies, and operating costs (MSOC) incurred by school districts, consistent with the requirements of RCW 28A.150.260.

16 costs for classroom teachers is based on four (4) funded substitute
17 days per classroom teacher unit generated under subsection (2) of
18 this section, at a daily substitute rate of \$151.86.

19 (10) ALTERNATIVE LEARNING EXPERIENCE PROGRAM FUNDING

20 (a) Amounts provided in this section from July 1, 2015, to August
21 31, 2015, are adjusted to reflect provisions of chapter 4, Laws of

24 (b) The superintendent of public instruction shall require all
25 districts receiving general apportionment funding for alternative
26 learning experience (ALE) programs as defined in WAC 392-121-182 to
27 provide separate financial accounting of expenditures for the ALE

17 enrollment in the 2015-16 school year and full funding in the 2016-17
18 school year, which enhancement is within the program of basic
19 education.

20 (13) ADDITIONAL FUNDING FOR SMALL SCHOOL DISTRICTS AND REMOTE AND
21 NECESSARY PLANTS

22 For small school districts and remote and necessary school plants
23 within any district which have been judged to be remote and necessary
24 by the superintendent of public instruction, additional staff units
25 are provided to ensure a minimum level of staffing support.
26 Additional administrative and certificated instructional staff units
27 provided to districts in this subsection shall be reduced by the
28 general education staff units, excluding career and technical

35 enroll not more than twenty-five average annual full-time equivalent
36 students in grades K-8:

37 (i) For those enrolling no students in grades 7 and 8, 1.76

19 one hundred eighty students, an additional one-half of a classified
20 staff unit; and

21 (g) School districts receiving additional staff units to support
22 small student enrollments and remote and necessary plants under this
23 subsection (12) shall generate additional MSOC allocations consistent
24 with the nonemployee related costs (NERC) allocation formula in place
25 for the 2010-11 school year as provided section 502, chapter 37, Laws
26 of 2010 1st sp. sess. (2010 supplemental budget), adjusted annually
27 for inflation.

28 (14) Any school district board of directors may petition the
29 superintendent of public instruction by submission of a resolution
30 adopted in a public meeting to reduce or delay any portion of its
31 basic education allocation for any school year. The superintendent of

33 not impair the district's financial condition. Any delay shall not be
34 for more than two school years. Any reduction or delay shall have no
35 impact on levy authority pursuant to RCW 84.52.0531 and local effort
36 assistance pursuant to chapter 28A.500 RCW.

37 (15) The superintendent may distribute funding for the following
38 programs outside the basic education formula during fiscal years 2016
39 and 2017 as follows:

1 (a) \$620,000 of the general fund—state appropriation for fiscal
2 year 2016 and \$627,000 of the general fund—state appropriation for
3 fiscal year 2017 are provided solely for fire protection for school
4 districts located in a fire protection district as now or hereafter
5 established pursuant to chapter 52.04 RCW.

6 (b) \$436,000 of the general fund—state appropriation for fiscal
7 year 2016 and \$436,000 of the general fund—state appropriation for
8 fiscal year 2017 are provided solely for programs providing skills
9 training for secondary students who are enrolled in extended day
10 school-to-work programs, as approved by the superintendent of public
11 instruction. The funds shall be allocated at a rate not to exceed
12 \$500 per full-time equivalent student enrolled in those programs.

17 provided must be conditioned upon the written commitment and plan of
18 the school district board of directors to repay the grant with any
19 insurance payments or other judgments that may be awarded, if
20 applicable. At the close of the fiscal year the superintendent of
21 public instruction shall report to the office of financial management
22 and the appropriate fiscal committees of the legislature on the
23 allocations provided to districts and the nature of the emergency.

29 school district and institution of higher education enrollment
30 consistent with the running start course requirements provided in
31 Engrossed Second Substitute House Bill No. 1546 (dual credit
32 education opportunities). In calculating the combined 1.2 FTE, the
33 office of the superintendent of public instruction may average the
34 participating student's September through June enrollment to account
35 for differences in the start and end dates for courses provided by
36 the high school and higher education institution. Additionally, the
37 office of the superintendent of public instruction, in consultation
38 with the state board for community and technical colleges, the
39 student achievement council, and the education data center, shall

1 annually track and report to the fiscal committees of the legislature
2 on the combined FTE experience of students participating in the
3 running start program, including course load analyses at both the
4 high school and community and technical college system.

9 basic education formula staff units shall not be less than the number
10 of basic education formula staff units received by the districts in
11 the school year prior to the consolidation; and

12 (b) For the fourth through eighth school years following
13 consolidation, the difference between the basic education formula
14 staff units received by the districts for the school year prior to
15 consolidation and the basic education formula staff units after
16 consolidation pursuant to subsection (12) of this section shall be
17 reduced in increments of twenty percent per year.

18 (20)(a) Indirect cost charges by a school district to approved

23 considered separate programs for funding and financial reporting
24 purposes under this section.

25 (b) Career and technical education program full-time equivalent
26 enrollment shall be reported on the same monthly basis as the
27 enrollment for students eligible for basic support, and payments
28 shall be adjusted for reported career and technical education program
29 enrollments on the same monthly basis as those adjustments for
30 enrollment for students eligible for basic support.

31 (21) Funding in this section is sufficient to provide full
32 general apportionment payments to school districts eligible for
33 federal forest revenues as provided in RCW 28A.520.020. School

9 increase of 3.0 percent effective September 1, 2015, and 1.8 percent
10 effective September 1, 2016. Of the salary increases provided in this
11 section, the increases of 1.8 percent effective September 1, 2015,
12 and of 1.2 percent effective September 1, 2016, are provided as

35 2016-17 school year for classified staff.

36 (e) The appropriations in this section include the increased or
37 decreased portion of salaries and incremental fringe benefits for all
38 relevant state-funded school programs in part V of this act. Changes
39 for general apportionment (basic education) are based on the salary

1 allocation schedules and methodology in sections 502 and 503 of this
2 act. Changes for special education result from changes in each
3 district's basic education allocation per student. Changes for

22	<u>\$492,503,000</u>
23 TOTAL APPROPRIATION.	(\$985,080,000)

31 superintendent shall allocate funding to school district programs for
32 the transportation of eligible students as provided in RCW
33 28A.160.192. Funding in this section constitutes full implementation

7 (c) From July 1, 2015 to August 31, 2015, the superintendent
8 shall allocate funding to school districts programs for the
9 transportation of students as provided in section 505, chapter 4,
10 Laws of 2013 2nd sp. sess., as amended.

16 to the greatest extent practical, reflect the actual transportation
17 activity of each district.

18 (4) The office of the superintendent of public instruction shall
19 provide reimbursement funding to a school district for school bus

21 determines that the school bus was purchased from the list
22 established pursuant to RCW 28A.160.195(2) or a comparable
23 competitive bid process based on the lowest price quote based on
24 similar bus categories to those used to establish the list pursuant

29 In the final year on the depreciation schedule, the depreciation
30 payment shall be based on the lowest bid in the appropriate bus
31 category for that school year.

33 state board of education for four-day school weeks as allowed under
34 RCW 28A.305.141.

35 (7) The office of the superintendent of public instruction shall
