4 **GENERAL GOVERNMENT**

5 **Sec. 1001.** 2018 c 2 s 1006 (uncodified) is amended to read as
6 follows:

7 **FOR THE DEPARTMENT OF COMMERCE**

8 2017-19 Housing Trust Fund Program (30000872)

9 The appropriations in this section are subject to the following
10 conditions and limitations:

11 (1) \$58,000,000 of the state taxable building construction
12 account—state appropriation, \$43,400,000 of the state building
13 construction account—state appropriation, and \$5,370,000 of the
14 Washington housing trust account—state appropriation are provided
15 solely for affordable housing and preservation of affordable housing.
16 Of the amounts in this subsection:

17 (a) \$24,370,000 is provided solely for housing projects that
18 provide supportive housing and case-management services to persons
19 with chronic mental illness. The department must prioritize low-
20 income supportive housing unit proposals that provide services or
21 include a partner community behavioral health treatment provider;

22 (b) \$10,000,000 is provided solely for housing preservation
23 grants or loans to be awarded competitively. The grants may be
24 provided for major building improvements, preservation, and system
25 replacements, necessary for the existing housing trust fund portfolio
26 to maintain long-term viability. The department must require that a
27 capital needs assessment is performed to estimate the cost of the
28 preservation project at contract execution. Funds may not be used to
29 add or expand the capacity of the property. To receive grants,
30 housing projects must meet the following requirements:

31 (i) The property is more than fifteen years old;

32 (ii) At least 50 percent of the housing units are occupied by
33 families and individuals at or below 30 percent area median income.

34 (iii) The improvements will result in reduction of operating or
35 utilities costs, or both; and

36 (iv) Other criteria that the department considers necessary to
37 achieve the purpose of this program.

1 (c) \$5,000,000 is provided solely for housing projects that
2 benefit people at or below 80 percent of the area median income who
3 have been displaced by a natural disaster declared by the governor,
4 including people who have been displaced within the last two biennia.

5 (d) \$1,000,000 of the Washington housing trust account—state
6 appropriation is provided solely for the department to work with the
7 communities of concern commission to focus on creating capital assets
8 that will help reduce poverty and build stronger and more sustainable
9 communities using the communities' cultural understanding and vision.
10 The funding must be used for predevelopment costs for capital
11 projects identified by the commission and for other activities to
12 assist communities in developing capacity to create community-owned
13 capital assets.

14 (e) \$1,000,000 of the Washington housing trust account—state
15 appropriation is provided solely for a nonprofit, public development
16 authority, local government, or housing authority to purchase the
17 south annex properties located at 1531 Broadway, 1534 Broadway, and
18 909 Pine street owned by the state board of community and technical
19 colleges. The property must be used to provide services and housing
20 for homeless youth.

21 (f) \$21,987,000 is provided solely for the following list of
22 housing projects:

- 23 (i) Cross Laminated Timber Spokane Housing Predesign. . . \$500,000
- 24 (ii) El Centro de la Raza. \$737,000
- 25 (iii) Highland Village Preservation. \$1,500,000
- 26 (iv) King County Modular Housing Project. \$3,000,000
- 27 (v) Nisqually Tribal Housing. \$1,250,000
- 28 (vi) Othello Homesight Community Center. \$3,000,000

29 (vii) \$6,000,000 is provided solely for grants for high quality
30 low-income housing projects that will quickly move people from
31 homelessness into secure housing, and are significantly less
32 expensive to construct than traditional housing. It is the intent of
33 the legislature that these grants serve projects with a total project
34 development cost per housing unit of less than \$125,000, excluding
35 the value of land, and with a commitment by the applicant to maintain
36 the housing units for at least a twenty-five year period. Amounts
37 provided that are subject to this subsection must be used to plan,
38 predesign, design, provide technical assistance and financial
39 services, purchase land for, and build innovative low-income housing
40 units. \$3,000,000 of the appropriation that is subject to this

1 subsection is provided solely for innovative affordable housing in
2 Shelton and \$3,000,000 of the appropriation that is subject to this
3 subsection is provided solely for innovative affordable housing for
4 veterans in Orting. Mental health and substance abuse counseling
5 services must be offered to residents of housing projects supported
6 by appropriations in this subsection. \$500,000 of the appropriation
7 for housing units in Shelton can be released for purchase of land,
8 planning, or predesign services before the project is fully funded.
9 \$500,000 of the appropriation for housing units in Orting can be
10 released for purchase of land, planning, or predesign services before
11 the project is fully funded.

12 (viii) \$6,000,000 is provided solely for grants to the following
13 organizations using innovative methods to address homelessness:
14 \$3,000,000 for THA Arlington drive youth campus in Tacoma ((and
15 ~~\$3,000,000~~)), \$1,500,000 for Valley Cities modular housing project in
16 Auburn, and \$1,500,000 for a King county housing project.

17 (g) Of the amounts appropriated remaining after (a) through (f)
18 of this subsection, the department must allocate the funds as
19 follows:

20 (i) 10 percent is provided solely for housing projects that
21 benefit veterans;

22 (ii) 10 percent is provided solely for housing projects that
23 benefit homeownership;

24 (iii) 5 percent is provided solely for housing projects that
25 benefit people with developmental disabilities;

26 (iv) The remaining amount is provided solely for projects that
27 serve low-income and special needs populations in need of housing,
28 including, but not limited to, homeless families with children,
29 homeless youth, farmworkers, and seniors.

30 (2) In evaluating projects in this section, the department must
31 give preference for applications based on some or all of the criteria
32 in RCW 43.185.070(5).

33 (3) The department must strive to allocate all of the amounts
34 appropriated in this section within the 2017-2019 fiscal biennium in
35 the manner prescribed in subsection (1) of this section. However, if
36 upon review of applications the department determines there are not
37 adequate suitable projects in a category, the department may allocate
38 funds to projects serving other low-income and special needs
39 populations, provided those projects are located in an area with an
40 identified need for the type of housing proposed.

12 follows:

13 **FOR THE DEPARTMENT OF COMMERCE**

14 2018 Local and Community Projects (40000005)

15 The appropriations in this section are subject to the following
16 conditions and limitations:

17 (1) The department shall not expend the appropriations in this
18 section unless and until the nonstate share of project costs have
19 been either expended or firmly committed, or both, in an amount
20 sufficient to complete the project or a distinct phase of the project
21 that is useable to the public for the purpose intended by the
22 legislature. This requirement does not apply to projects where a
23 share of the appropriation is for design costs only.

24 (2) Prior to receiving funds, project recipients must demonstrate
25 that the project site is under control for a minimum of ten years,
26 either through ownership or a long-term lease. This requirement does

2 for the express purpose of the grant. If the grantee is found to be
3 out of compliance with provisions of the contract, the grantee shall
4 repay to the state general fund the principal amount of the grant
5 plus interest calculated at the rate of interest on state of
6 Washington general obligation bonds issued most closely to the date
7 of authorization of the grant.

22 **Sec. 1006.** 2018 c 2 s 1021 (uncodified) is amended to read as
23 follows:

24 **FOR THE DEPARTMENT OF COMMERCE**

25 CERB Administered Broadband Infrastructure (91000943)

26 The appropriation in this section is subject to the following
27 conditions and limitations: During the 2017-2019 fiscal biennium, the
28 community economic revitalization board may make grants and loans to
29 local governments and federally recognized tribes to build
30 infrastructure to provide high-speed, open-access broadband service,
31 with a minimum of 25 megabits per second download speed, to rural and
32 underserved communities, for the purpose of economic development.

33 (1) "Local governments" means cities, towns, counties, municipal
34 corporations, public port districts, quasi-municipal corporations,
35 and special purpose districts.

36 (2) "Broadband" means networks of deployed telecommunications
37 equipment and technologies necessary to provide high-speed Internet
38 access and other advanced telecommunications services.

1 (3) The board is authorized to make rural broadband loans to
2 local governments and to federally recognized Indian tribes for the
3 purposes of financing the cost to build infrastructure to provide
4 high-speed, open-access broadband service, to rural and underserved
5 communities, for the purpose of economic development. Grants may also
6 be authorized for purposes designated in this chapter, but only when,
7 and to the extent that, a loan is not reasonably possible, given the
8 limited resources of the local government or the federally recognized
9 Indian tribe, and subject to a finding by the board that financial
10 circumstances require grant assistance to enable the project to move
11 forward. However, no more than 25 percent of all financial assistance
12 approved by the board in any biennium may consist of grants to local
13 governments and federally recognized Indian tribes.

14 (4) Application for funding must be made in the form and manner
15 as the board may prescribe. In making grants or loans the board must
16 conform to the following requirements:

17 (a) The board may not provide financial assistance:

18 (i) For a project the primary purpose of which is to facilitate
19 or promote a retail shopping development or expansion.

20 (ii) For any project that evidence exists would result in a
21 development or expansion that would displace existing jobs in any
22 other community in the state.

23 (iii) For a project the primary purpose of which is to facilitate
24 or promote gambling.

25 (iv) For a project located outside the jurisdiction of the
26 applicant local government or federally recognized Indian tribe.

27 (v) For equipment or facilities which would enable a public
28 entity to provide retail telecommunications services or services that
29 the entity is not authorized by statute to provide.

30 (vi) For the deployment of publicly-owned telecommunication
31 network infrastructure ("backbone") solely for the sake of creating
32 competitive, publicly-owned telecommunication network infrastructure.

33 (b) The board may provide financial assistance only(÷

34 ~~(i) For projects demonstrating convincing evidence that a~~
35 ~~specific private development or expansion is ready to occur and will~~
36 ~~occur only if the public facility improvement is made that:~~

37 ~~(A) Results in the creation of significant private sector jobs or~~
38 ~~significant private sector capital investment as determined by the~~
39 ~~board;~~

1 ~~(B) Will improve the opportunities for the successful~~
2 ~~maintenance, establishment, or expansion of industrial or commercial~~
3 ~~plants or will otherwise assist in the creation or retention of long-~~
4 ~~term economic opportunities; and~~

5 ~~(C) Is located in a rural community as defined by the board, or a~~
6 ~~rural county; or~~

7 ~~(ii) For a project that does not meet the requirements of (b)(i)~~
8 ~~of this subsection but is a project that:~~

9 ~~(A) Results in the creation of significant private sector jobs or~~
10 ~~significant private sector capital investment as determined by the~~
11 ~~board;~~

12 ~~(B) Is part of a local economic development plan consistent with~~
13 ~~applicable state planning requirements;~~

14 ~~(C) Can demonstrate project feasibility using standard economic~~
15 ~~principles; and~~

16 ~~(D) Is located in a rural community as defined by the board, or a~~
17 ~~rural county;~~

18 ~~(e) The board must develop guidelines for local participation and~~
19 ~~allowable match and activities.~~

20 ~~(d) An application must demonstrate local match and local~~
21 ~~participation, in accordance with guidelines developed by the board.~~

22 (e)) for projects located in a rural community as defined by the
23 board, or located in a rural county, that encourage, foster, develop,
24 and improve broadband within the state in order to:

25 (i) Drive job creation, promote innovation, and expand markets
26 for local businesses; or

27 (ii) Serve the ongoing and growing needs of local education
28 systems, health care system, public safety system, industries and
29 businesses, governmental operations, and citizens; and

30 (iii) Improve accessibility for underserved communities and
31 populations.

32 (c) An application must be approved by the local government and
33 supported by the local associate development organization or local
34 workforce development council or approved by the governing body of
35 the federally recognized Indian tribe.

36 ~~((f))~~ (d) The board may allow de minimis general system
37 improvements to be funded if they are critically linked to the
38 viability of the project.

1 ~~((g) An application must demonstrate convincing evidence that~~
2 ~~the median hourly wage of the private sector jobs created after the~~
3 ~~project is completed will exceed the countywide median hourly wage.~~

4 ~~(h) The board must prioritize each proposed project according to:~~

5 ~~(i) The relative benefits provided to the community by the jobs~~
6 ~~the project would create, not just the total number of jobs it would~~
7 ~~create after the project is completed, but also giving consideration~~
8 ~~to the unemployment rate in the area in which the jobs would be~~
9 ~~located;~~

10 ~~(ii) The rate of return of the state's investment, including, but~~
11 ~~not limited to, the leveraging of private sector investment,~~
12 ~~anticipated job creation and retention, and expected increases in~~
13 ~~state and local tax revenues associated with the project;~~

14 ~~(iii) Whether the proposed project offers a health insurance plan~~
15 ~~for employees that includes an option for dependents of employees;~~

16 ~~(iv) Whether the public facility investment will increase~~
17 ~~existing capacity necessary to accommodate projected population and~~
18 ~~employment growth in a manner that supports infill and redevelopment~~
19 ~~of existing urban or industrial areas that are served by adequate~~
20 ~~public facilities. Projects should maximize the use of existing~~
21 ~~infrastructure and provide for adequate funding of necessary~~
22 ~~transportation improvements;~~

23 ~~(v) Whether the applicant's permitting process has been certified~~
24 ~~as streamlined by the office of regulatory assistance; and~~

25 ~~(vi) Whether the applicant has developed and adhered to~~
26 ~~guidelines regarding its permitting process for those applying for~~
27 ~~development permits consistent with section 1(2), chapter 231, Laws~~
28 ~~of 2007.~~

29 ~~(i))~~ (e) When evaluating and prioritizing projects, the board
30 must give consideration, at a minimum, to the following factors:

31 (i) The project's value to the community, including evidence of
32 support from affected local businesses and government;

33 (ii) The project's feasibility, using standard economic
34 principles;

35 (iii) Commitment of local matching resources and local
36 participation;

37 (iv) The project's inclusion in a capital facilities plan,
38 comprehensive plan, or local economic development plan consistent
39 with applicable state planning requirements; and

40 (v) The project's readiness to proceed.

1 (5) A responsible official of the local government or the
2 federally recognized Indian tribe must be present during board
3 deliberations and provide information that the board requests.

4 ((+5+)) (6) Before any financial assistance application is
5 approved, the local government or the federally recognized Indian
6 tribe seeking the assistance must demonstrate to the community
7 economic revitalization board that no other timely source of funding
8 is available to it at costs reasonably similar to financing available
9 from the community economic revitalization board.

7 for the express purpose of the grant. If the grantee is found to be
8 out of compliance with provisions of the contract, the grantee shall
9 repay to the state general fund the principal amount of the grant
10 plus interest calculated at the rate of interest on state of
11 Washington general obligation bonds issued most closely to the date
12 of authorization of the grant.

11 **Sec. 1008.** 2016 sp.s. c 35 s 1012 (uncodified) is amended to
12 read as follows:

13 **FOR THE DEPARTMENT OF COMMERCE**

14 Local and Community Projects 2016 (92000369)

15 The appropriation in this section is subject to the following
16 conditions and limitations:

17 (1) Except as directed otherwise prior to the effective date of
18 this section, the department may not expend the appropriation in this
19 section unless and until the nonstate share of project costs have
20 been either expended, or firmly committed, or both, in an amount
21 sufficient to complete the project or a distinct phase of the project
22 that is useable to the public for the purpose intended by the
23 legislature. This requirement does not apply to projects where a
24 share of the appropriation is released for design costs only.

25 (2) Prior to receiving funds, project recipients must demonstrate
26 that the project site is under control for a minimum of ten years,
27 either through ownership or a long-term lease. This requirement does
28 not apply to appropriations for preconstruction activities or
29 appropriations whose sole purpose is to purchase real property that
30 does not include a construction or renovation component.

31 (3) Projects funded in this section may be required to comply
32 with Washington's high performance building standards as required by
33 chapter 39.35D RCW.

34 (4) Project funds are available on a reimbursement basis only,
35 and shall not be advanced under any circumstances.

1 (5) Projects funded in this section must be held by the recipient
2 for a minimum of ten years and used for the same purpose or purposes
3 intended by the legislature as required in RCW 43.63A.125(6).

4 (6) Projects funded in this section, including those that are
5 owned and operated by nonprofit organizations, are generally required
6 to pay state prevailing wages.

7 (7) \$2,209,000 of the appropriation in this section is provided
8 solely for the Fairchild air force base protection and community
9 empowerment project, including the purchase of twenty acres of land
10 by Spokane county or the city of Airway Heights for development of
11 affordable housing and the purchase of mobile home parks by Spokane
12 county or the city of Airway Heights in order to reduce the use of
13 the accident potential zone for residential purposes. There shall be
14 no limitations on the sequence of the purchase of mobile home parks.
15 If Spokane county or the city of Airway Heights subsequently rezones,
16 develops, and leases the mobile home park property for commercial or
17 industrial uses contrary to the allowed uses in the accident
18 potential zone, Spokane county or the city of Airway Heights must
19 repay to the state the amount spent on the purchase of mobile home
20 parks in its entirety within ten years. Mobile home parks purchased
21 under the provisions of this subsection may be sold by Spokane county
22 or the city of Airway Heights, provided that the uses of the mobile
23 home park property are not contrary to the allowed uses in the
24 accident potential zone. Any moneys from this sale must be used to
25 purchase other mobile home parks in the Fairchild air force base
26 protection and community empowerment project. The twenty acres of
27 land purchased under this subsection for development as affordable
28 housing may be sold, in whole or in part, by the recipient, provided
29 the property sold is used for affordable housing as required in the
30 Fairchild air force base protection and community empowerment
31 project. Recipients of funds provided under this subsection are not
32 required to demonstrate that the project site is under their control
33 for a minimum of ten years but they must demonstrate that the project
34 site is under their control through ownership or long-term lease.
35 Projects funded under this subsection are not required to meet the
36 provisions of RCW 43.63A.125(6) and subsection (5) of this section.

37 (8) \$850,000 of the appropriation in this section is provided
38 solely for the White River restoration project. Design solutions for
39 flooding reductions in the lower White River must include a
40 floodplain habitat design that both reduces flood risks and restores

1 salmon habitat by reconnecting the river with its floodplain and a
2 sustainable riparian corridor. Project designs and plans must also
3 identify lands for acquisition needed for floodplain reconnection
4 where pending or existing development eliminates the potential for
5 riparian and aquatic habitat restoration. The city shall work
6 cooperatively with the Muckleshoot Indian Tribe and the Puyallup
7 Tribe of Indians, and develop a plan collaboratively to achieve both
8 flood reduction and habitat restoration.

9 (9) Up to (~~(\$150,000)~~) \$250,000 of the appropriation in this
10 section for the veterans helping veterans: Emergency transition
11 shelter project may be spent on preconstruction or preacquisition
12 activities, including, but not limited to, building inspections,

14 activities necessary to identify and select a facility appropriate
15 for the program. The remainder of the appropriation must be used for
16 eventual acquisition and renovations of a facility.

17 (10) \$2,500,000 of the appropriation in this section is provided
18 solely for the mercy housing and health care center at Sand Point.
19 During the 2015-2017 fiscal biennium, the center may not house any

22 general's office for alleged medicaid fraud.

31 VW Settlement Funded Projects (40000018)

32 The appropriation in this section is subject to the following
33 conditions and limitations:

1 ~~((1) The legislature finds that it is appropriate to provide a~~
2 ~~framework for the administration of mitigation funds provided to the~~
3 ~~state as a beneficiary under the terms of the consent decrees entered~~
4 ~~into by the United States, Volkswagen AG, and other participating~~
5 ~~parties that settle emissions related claims for 2.0 and 3.0 liter~~
6 ~~diesel vehicles of certain models and years. The legislature deems~~
7 ~~the department of ecology the responsible agency for the~~
8 ~~administration and expenditure of funds provided by the trustee under~~
9 ~~the terms of the consent decrees, including the development of a~~
10 ~~mitigation plan to guide the use of the funds, whether or not the~~
11 ~~department receives funds directly for projects included in the plan.~~

12 ~~(2)(a) The department of ecology shall develop the mitigation~~
13 ~~plan through an open, transparent public process consistent with~~
14 ~~direction in the consent decrees. The department shall provide ample~~
15 ~~opportunity using a variety of engagement options, as appropriate,~~
16 ~~for stakeholders and the public to shape, review, and comment~~
17 ~~throughout the development of the mitigation plan, including at least~~
18 ~~two meetings of the legislative advisory group as described in (c) of~~
19 ~~this subsection.~~

20 ~~(b) The department of ecology shall work collaboratively with~~
21 ~~other agencies to develop and implement the elements of the~~
22 ~~mitigation plan that address categories of projects for which other~~
23 ~~agencies have already developed programs or expertise. In doing so,~~
24 ~~the department of ecology must consider and utilize, where~~
25 ~~appropriate and to the extent possible, the following existing~~
26 ~~programs for alternative fuels and zero emission vehicles:~~

27 ~~(i) The department of transportation's electric vehicle~~
28 ~~infrastructure bank program;~~

29 ~~(ii) The state alternative fuel commercial vehicle tax credit;~~

30 ~~(iii) The state sales and use tax exemption for clean vehicles;~~
31 ~~and~~

32 ~~(iv) Public transportation grant programs administered by the~~
33 ~~department of transportation.~~

34 ~~(c)(i) For the purposes of providing legislative input and~~
35 ~~gathering public feedback on the development of the mitigation plan,~~
36 ~~a legislative advisory group is established. The advisory group is~~
37 ~~comprised of eight legislators, including the chairs and ranking~~
38 ~~members, or designees of the chairs and ranking members, of the~~
39 ~~transportation and capital budget committees in the House and in the~~

1 ~~Senate; the director of the department of ecology; and the secretary~~
2 ~~of the department of transportation.~~

3 ~~(ii) The advisory group must select a chair from among its~~
4 ~~membership. Meetings of the advisory group must be open to the public~~
5 ~~and allow for public comment.~~

6 ~~(iii) The advisory group must meet at least twice, once~~
7 ~~immediately prior to the date that the draft mitigation plan is~~
8 ~~released publicly, and again after public comment has been~~
9 ~~incorporated but before the department submits the plan to the~~
10 ~~trustee.~~

11 ~~(iv) The office of program research and the senate committee~~
12 ~~services must provide staff support to the advisory group. The~~
13 ~~department of ecology staff must provide technical support, as~~
14 ~~needed. Legislative members of the advisory group are reimbursed for~~
15 ~~travel expenses in accordance with RCW 44.04.120. Nonlegislative~~
16 ~~members are not entitled to be reimbursed for travel expenses if they~~
17 ~~are elected officials or are participating on behalf of an employer,~~
18 ~~government entity, or other organization. Any reimbursement for other~~
19 ~~nonlegislative members is subject to chapter 43.03 RCW. Advisory~~
20 ~~group expenditures are subject to approval by the senate facilities~~
21 ~~and operations committee and the house of representatives executive~~
22 ~~rules committee, or their successor committees.~~

23 ~~(3) The mitigation plan and the stewardship of project~~
24 ~~implementation must adhere to the following principles:~~

25 ~~(a) Maximize air quality and public health benefits relating to~~
26 ~~the reduction of nitrogen oxides emissions;~~

27 ~~(b) Give priority to projects that improve air quality relating~~
28 ~~to the reduction of nitrogen oxides emissions in areas that bear a~~
29 ~~disproportionate share of the burden from nitrogen oxides emissions;~~

30 ~~(c) Achieve substantial additional air quality benefits relating~~
31 ~~to the reduction of nitrogen oxides emissions beyond that which would~~
32 ~~already occur, absent trust funding;~~

33 ~~(d) Investments in clean vehicles or investments in clean engine~~
34 ~~replacements must be shown to be cost-effective. For the purposes of~~
35 ~~leveraging funding, investments in clean vehicles may not exceed the~~
36 ~~incremental cost of the clean vehicle, relative to the cost of a~~
37 ~~similar conventionally fueled vehicle. To incentivize the replacement~~
38 ~~of standard engines, investments may be made up to the full cost of~~
39 ~~the clean engine replacement;~~

1 ~~(e) Consideration must be given to investments across a range of~~
2 ~~fueling technologies and emissions reduction technologies; and~~

3 ~~(f) Priority must be given to projects that have the highest~~
4 ~~benefit-cost ratios, in terms of the amount of nitrogen oxides~~
5 ~~emissions reduced per dollar invested.~~

6 ~~(4) Funding must be allocated to eligible projects under the~~
7 ~~terms of the consent decrees in the following manner:~~

8 ~~(a)(i) No more than thirty percent of funding provided during the~~
9 ~~2017-2019 biennium for commercial vehicle class four through eight~~
10 ~~transit buses, shuttle buses, and school buses;~~

11 ~~(ii) No more than thirty percent of funding provided during the~~
12 ~~2017-2019 biennium for commercial vehicle class eight local freight~~
13 ~~trucks and port drayage trucks;~~

14 ~~(iii) No more than twenty percent of funding provided during the~~
15 ~~2017-2019 biennium for commercial vehicle class four through seven~~
16 ~~local freight trucks;~~

17 ~~(iv) No more than twenty percent of funding provided during the~~
18 ~~2017-2019 biennium for airport ground support equipment;~~

19 ~~(v) No more than twenty percent of funding provided during the~~
20 ~~2017-2019 biennium for ocean-going vessels' shore power;~~

21 ~~(vi) No more than fifteen percent of funding provided during the~~
22 ~~2017-2019 biennium for light duty, zero emission vehicle supply~~
23 ~~equipment;~~

24 ~~(vii) No more than twenty percent of funding provided during the~~
25 ~~2017-2019 biennium for nonfederal matching funds for projects~~
26 ~~eligible under the diesel emission reduction act option; and~~

27 ~~(viii) For each of the other categories of mitigation actions~~
28 ~~that are eligible under the consent decrees but not otherwise~~
29 ~~specified under this subsection (4)(a), no more than ten percent of~~
30 ~~funding provided during the 2017-2019 biennium.~~

31 ~~(b) Projects that receive funding under subsection (4)(a)(ii) and~~
32 ~~(iii) of this section and ocean-going vessels shorepower projects~~
33 ~~that receive funding under subsection (4)(a)(viii) of this section~~
34 ~~must include electric technologies, if practicable.~~

35 ~~(5) To the extent this section conflicts with the consent~~
36 ~~decrees, the consent decrees supersede it.~~

37 ~~(6) The department of ecology may modify the mitigation plan as~~
38 ~~needed to comply with trustee requirements, including to the extent~~
39 ~~these modifications conflict with this section. In making any~~
40 ~~adjustments, the department of ecology shall consult with the~~

1 ~~department of transportation and the office of the superintendent of~~
2 ~~public instruction and provide notice to the steering committee of~~
3 ~~any significant changes to the plan submitted.~~

4 ~~(7) The department of ecology shall provide a report to the~~
5 ~~governor and the appropriate committees of the legislature by January~~
6 ~~1, 2018, and each year thereafter, on any plans or efforts to change~~
7 ~~the mitigation plan, its progress in implementing the mitigation~~
8 ~~plan, and the specific projects funded through these mitigation funds~~
9 ~~for the previous fiscal year.~~

10 ~~(8) For the purposes of this section:~~

11 ~~(a) "Project" means an eligible mitigation action under the terms~~
12 ~~of the consent decrees entered into by the United States, Volkswagen~~
13 ~~AG, and other participating parties that settle emissions related~~
14 ~~claims for 2.0 and 3.0 liter diesel vehicles of certain models and~~
15 ~~years.~~

16 ~~(b) "Trustee" means the entity selected under the terms of the~~
17 ~~consent decrees to administer the disbursement of funds to eligible~~

25 mitigation plan adopted by the department and approved by the
26 Volkswagen settlement trustee; and

27 (c) Help achieve the state's results Washington goal of fifty
28 thousand electric vehicles on the road by 2020.

29 (3) Fifteen percent of this appropriation must be spent on
30 projects for the acquisition, installation, operation, and
31 maintenance of new light duty zero emission vehicle supply equipment
32 and infrastructure. The department of ecology shall work with the
33 department of transportation to select projects and distribute
34 funding contained in this subsection.

35 (4) The remaining eighty-five percent of this appropriation must
36 be spent on projects as defined by the eligible categories in
37 attachment A, appendix D-2 of the Volkswagen settlement and upon
38 approval by the settlement trustee. The department of ecology shall
39 use a competitive process to identify and select projects that
40 maximize total air pollution reduction and health benefits; improve

1 air quality in areas disproportionately affected by air pollution;
2 leverage additional matching funds; achieve substantial emission
3 reductions beyond what would occur absent this funding; accelerate
4 fleet turnover to the cleanest engines, and accelerate adoption of
5 electric vehicles, equipment, and vessels. The department of ecology
