PART II
HUMAN SERVICES

Sec. 201. 2019 c 415 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the

1 federal government, historical utilization, economic data, and
2 clinical input constitute reliable data upon which to determine the
3 payment rates.

4 (4) The department shall to the maximum extent practicable use
5 the same system for delivery of spoken-language interpreter services
6 for social services appointments as the one established for medical
7 appointments in the health care authority. When contracting directly
8 with an individual to deliver spoken language interpreter services,
9 the department shall only contract with language access providers who
10 are working at a location in the state and who are state-certified or
11 state-authorized, except that when such a provider is not available,
12 the department may use a language access provider who meets other
13 certifications or standards deemed to meet state standards, including
14 interpreters in other states.

15 (5) Information technology projects or investments and proposed
16 projects or investments impacting time capture, payroll and payment
17 processes and systems, eligibility, case management, and
18 authorization systems within the department of social and health
19 services are subject to technical oversight by the office of the
20 chief information officer.

21 (6) (a) The department shall facilitate enrollment under the
22 medicaid expansion for clients applying for or receiving state funded
23 services from the department and its contractors. Prior to open
24 enrollment, the department shall coordinate with the health care
25 authority to provide referrals to the Washington health benefit
26 exchange for clients that will be ineligible for medicaid.

27 (b) To facilitate a single point of entry across public and
28 medical assistance programs, and to maximize the use of federal
29 funding, the health care authority, the department of social and
30 health services, and the health benefit exchange will coordinate
31 efforts to expand HealthPlanfinder access to public assistance and
32 medical eligibility staff. The department shall complete medicaid
33 applications in the HealthPlanfinder for households receiving or
34 applying for public assistance benefits.

35 (7) The health care authority, the health benefit exchange, the
36 department of social and health services, the department of health,
37 and the department of children, youth, and families shall work
38 together within existing resources to establish the health and human
39 services enterprise coalition (the coalition). The coalition, led by
40 the health care authority, must be a multi-organization collaborative

1 that provides strategic direction and federal funding guidance for
2 projects that have cross-organizational or enterprise impact,
3 including information technology projects that affect organizations
4 within the coalition. By October 31, 2019, the coalition must submit
5 a report to the governor and the legislature that describes the
6 coalition's plan for projects affecting the coalition organizations.
7 The report must include any information technology projects impacting
8 coalition organizations and, in collaboration with the office of the
9 chief information officer, provide: (a) The status of any information
10 technology projects currently being developed or implemented that
11 affect the coalition; (b) funding needs of these current and future
12 information technology projects; and (c) next steps for the
13 coalition's information technology projects. The office of the chief
14 information officer shall maintain a statewide perspective when
15 collaborating with the coalition to ensure that the development of
16 projects identified in this report are planned for in a manner that
17 ensures the efficient use of state resources and maximizes federal
18 financial participation. The work of the coalition is subject to the
19 conditions, limitations, and review provided in (~~section 719 of this~~
20 ~~act~~) section 701 of this act.

21 (8) (a) The appropriations to the department of social and health
22 services in this act must be expended for the programs and in the
23 amounts specified in this act. However, after May 1, 2020, unless
24 prohibited by this act, the department may transfer general fund—
25 state appropriations for fiscal year 2020 among programs and
26 subprograms after approval by the director of the office of financial
27 management. However, the department may not transfer state
28 appropriations that are provided solely for a specified purpose
29 except as expressly provided in (b) of this subsection.

30 (b) To the extent that transfers under (a) of this subsection are
31 insufficient to fund actual expenditures in excess of fiscal year
32 2020 caseload forecasts and utilization assumptions in the long-term
33 care, developmental disabilities, and public assistance programs, the
34 department may transfer state appropriations that are provided solely
35 for a specified purpose. The department may not transfer funds, and
36 the director of the office of financial management may not approve
37 the transfer, unless the transfer is consistent with the objective of
38 conserving, to the maximum extent possible, the expenditure of state
39 funds. The director of the office of financial management shall
40 notify the appropriate fiscal committees of the legislature in

1 writing seven days prior to approving any allotment modifications or
2 transfers under this subsection. The written notification shall
3 include a narrative explanation and justification of the changes,
4 along with expenditures and allotments by budget unit and
5 appropriation, both before and after any allotment modifications or
6 transfers.

7 (c) The department may not transfer appropriations from any other
8 program or subprogram to the mental health program. Within the mental
9 health program, the department may transfer appropriations that are
10 provided solely for a specified purpose as needed to fund actual
11 expenditures through the end of fiscal year 2020.

12 (d) The department may not transfer appropriations for the
13 developmental disabilities program to any other program or
14 subprograms of the department of social and health services.

37 in excess of caseload forecast and utilization assumptions, the
38 authority may transfer general fund—state appropriations for fiscal
39 year 2020 that are provided solely for a specified purpose. The

1 authority may also transfer general fund—state appropriations for

 10 expenditure of state funds. The director of the office of financial
 11 management shall notify the appropriate fiscal committees of the

24 appropriation may be expended for the medicaid quality improvement
25 program. Under federal regulations, the medicaid quality improvement
26 program is authorized and allows states to design quality improvement
27 programs for the medicaid population in ways that support the state's
28 quality goals. Medicaid quality improvement program payments will not
29 count against initiative 1 of the medicaid transformation
30 demonstration waiver spending limit and are excluded from the
31 waiver's budget neutrality calculation. Apple health managed care
32 organizations and their partnering providers will receive medicaid
33 quality improvement program payments as they meet designated
34 milestones. Partnering providers and apple health managed care
35 organizations will work together to achieve medicaid quality
36 improvement program goals according to the performance period
37 timelines and reporting deadlines as set forth by the authority. The
38 authority shall only utilize the medicaid quality improvement program
39 to support the transformation waiver and shall not pursue its use for

1 other purposes. Any programs created or funded by the medicaid
2 quality improvement program do not create an entitlement. The
3 authority shall not increase general fund—state, federal, or local
4 expenditures under this program. The director shall report to the
5 joint select committee on health care oversight not less than
6 quarterly on financial and health outcomes. The director shall report
7 to the fiscal committees of the legislature all of the expenditures
8 under this subsection and shall provide such fiscal data in the time,
9 manner, and form requested by the legislative fiscal committees.

10 (4) Annually, no later than November 1st, the authority shall
11 report to the governor and appropriate committees of the legislature:
12 (a) Savings attributed to behavioral and physical integration in
13 areas that are scheduled to integrate in the following calendar year,
14 and (b) savings attributed to behavioral and physical health
15 integration and the level of savings achieved in areas that have
16 integrated behavioral and physical health.

17 (5) Sufficient amounts are appropriated in this subsection to
18 implement the medicaid expansion as defined in the social security
19 act, section 1902(a)(10)(A)(i)(VIII).

20 (6) The legislature finds that medicaid payment rates, as
21 calculated by the health care authority pursuant to the
22 appropriations in this act, bear a reasonable relationship to the
23 costs incurred by efficiently and economically operated facilities
24 for providing quality services and will be sufficient to enlist
25 enough providers so that care and services are available to the
26 extent that such care and services are available to the general
27 population in the geographic area. The legislature finds that the
28 cost reports, payment data from the federal government, historical
29 utilization, economic data, and clinical input constitute reliable
30 data upon which to determine the payment rates.

31 (7) Based on quarterly expenditure reports and caseload
32 forecasts, if the health care authority estimates that expenditures
33 for the medical assistance program will exceed the appropriations,
34 the health care authority shall take steps including but not limited
35 to reduction of rates or elimination of optional services to reduce
36 expenditures so that total program costs do not exceed the annual
37 appropriation authority.

38 (8) In determining financial eligibility for medicaid-funded
39 services, the health care authority is authorized to disregard

1 recoveries by Holocaust survivors of insurance proceeds or other
2 assets, as defined in RCW 48.104.030.

3 (9) The legislature affirms that it is in the state's interest
4 for Harborview medical center to remain an economically viable
5 component of the state's health care system.

6 (10) When a person is ineligible for medicaid solely by reason of
7 residence in an institution for mental diseases, the health care
8 authority shall provide the person with the same benefits as he or
9 she would receive if eligible for medicaid, using state-only funds to
10 the extent necessary.

11 (11) \$4,261,000 of the general fund—state appropriation for
12 fiscal year 2020, \$4,261,000 of the general fund—state appropriation
13 for fiscal year 2021, and \$8,522,000 of the general fund—federal
14 appropriation are provided solely for low-income disproportionate
15 share hospital payments.

16 (12) Within the amounts appropriated in this section, the health
17 care authority shall provide disproportionate share hospital payments
18 to hospitals that provide services to children in the children's
19 health program who are not eligible for services under Title XIX or
20 XXI of the federal social security act due to their citizenship
21 status.

22 (13) (~~(\$6,000,000)~~) (a) \$7,000,000 of the general fund—federal
23 appropriation is provided solely for supplemental payments to nursing
24 homes operated by public hospital districts. The public hospital
25 district shall be responsible for providing the required nonfederal
26 match for the supplemental payment, and the payments shall not exceed
27 the maximum allowable under federal rules. It is the legislature's
28 intent that the payments shall be supplemental to and shall not in
29 any way offset or reduce the payments calculated and provided in
30 accordance with part E of chapter 74.46 RCW. It is the legislature's
31 further intent that costs otherwise allowable for rate-setting and
32 settlement against payments under chapter 74.46 RCW shall not be
33 disallowed solely because such costs have been paid by revenues
34 retained by the nursing home from these supplemental payments. The
35 supplemental payments are subject to retrospective interim and final
36 cost settlements based on the nursing homes' as-filed and final
37 medicare cost reports. The timing of the interim and final cost
38 settlements shall be at the health care authority's discretion.
39 During either the interim cost settlement or the final cost

1 settlement, the health care authority shall recoup from the public
2 hospital districts the supplemental payments that exceed the medicaid
3 cost limit and/or the medicare upper payment limit. The health care
4 authority shall apply federal rules for identifying the eligible
5 incurred medicaid costs and the medicare upper payment limit.

6 (b) The authority, in consultation with the department of social
7 and health services and the nursing homes operated by public
8 hospitals in (a) of this subsection, must develop a plan with
9 recommendations for an upper payment limit calculation and the
10 supplemental payment model for nursing homes operated by a public
11 hospital district. The group must consider how to restructure
12 payments under (a) of this subsection, taking into consideration
13 alternate upper payment limit calculation. If upon completion of the
14 plan, the authority determines it can implement the recommendations
15 of the group within the amounts provided in (a) of this subsection,
16 the authority must submit a state plan amendment, if necessary, and
17 submit a report to the fiscal committees of the legislature no later
18 than September 30, 2020.

19 (c) \$193,000 of the general fund—state appropriation for fiscal
20 year 2020 is provided solely for the authority to provide a one-time
21 grant to a standalone skilled nursing facility operated by a public
22 hospital district in Grant county. This grant is provided as a one-
23 time offset to address the impact of the recoupment requirements of
24 this subsection (13).

25 (14) The health care authority shall continue the inpatient
26 hospital certified public expenditures program for the 2019-2021
27 fiscal biennium. The program shall apply to all public hospitals,
28 including those owned or operated by the state, except those
29 classified as critical access hospitals or state psychiatric
30 institutions. The health care authority shall submit reports to the
31 governor and legislature by November 1, 2020, and by November 1,
32 2021, that evaluate whether savings continue to exceed costs for this
33 program. If the certified public expenditures (CPE) program in its
34 current form is no longer cost-effective to maintain, the health care
35 authority shall submit a report to the governor and legislature
36 detailing cost-effective alternative uses of local, state, and
37 federal resources as a replacement for this program. During fiscal
38 year 2020 and fiscal year 2021, hospitals in the program shall be
39 paid and shall retain one hundred percent of the federal portion of
40 the allowable hospital cost for each medicaid inpatient fee-for-

1 service claim payable by medical assistance and one hundred percent
2 of the federal portion of the maximum disproportionate share hospital
3 payment allowable under federal regulations. Inpatient medicaid
4 payments shall be established using an allowable methodology that
5 approximates the cost of claims submitted by the hospitals. Payments
6 made to each hospital in the program in each fiscal year of the
7 biennium shall be compared to a baseline amount. The baseline amount
8 will be determined by the total of (a) the inpatient claim payment
9 amounts that would have been paid during the fiscal year had the
10 hospital not been in the CPE program based on the reimbursement rates
11 developed, implemented, and consistent with policies approved in the
12 2019-2021 biennial operating appropriations act and in effect on July
13 1, 2015, (b) one-half of the indigent assistance disproportionate
14 share hospital payment amounts paid to and retained by each hospital
15 during fiscal year 2005, and (c) all of the other disproportionate
16 share hospital payment amounts paid to and retained by each hospital
17 during fiscal year 2005 to the extent the same disproportionate share
18 hospital programs exist in the 2019-2021 fiscal biennium. If payments
19 during the fiscal year exceed the hospital's baseline amount, no
20 additional payments will be made to the hospital except the federal
21 portion of allowable disproportionate share hospital payments for
22 which the hospital can certify allowable match. If payments during
23 the fiscal year are less than the baseline amount, the hospital will
24 be paid a state grant equal to the difference between payments during
25 the fiscal year and the applicable baseline amount. Payment of the
26 state grant shall be made in the applicable fiscal year and
27 distributed in monthly payments. The grants will be recalculated and
28 redistributed as the baseline is updated during the fiscal year. The
29 grant payments are subject to an interim settlement within eleven
30 months after the end of the fiscal year. A final settlement shall be
31 performed. To the extent that either settlement determines that a
32 hospital has received funds in excess of what it would have received
33 as described in this subsection, the hospital must repay the excess
34 amounts to the state when requested. (~~(\$537,000)~~) \$759,000 of the
35 general fund—state appropriation for fiscal year 2020 and
36 (~~(\$522,000)~~) \$740,000 of the general fund—state appropriation for
37 fiscal year 2021 are provided solely for state grants for the
38 participating hospitals.

39 (15) The health care authority shall seek public-private
40 partnerships and federal funds that are or may become available to

1 provide on-going support for outreach and education efforts under the
2 federal children's health insurance program reauthorization act of
3 2009.

4 (16) The health care authority shall target funding for maternity
5 support services towards pregnant women with factors that lead to
6 higher rates of poor birth outcomes, including hypertension, a
7 preterm or low birth weight birth in the most recent previous birth,
8 a cognitive deficit or developmental disability, substance abuse,
9 severe mental illness, unhealthy weight or failure to gain weight,
10 tobacco use, or African American or Native American race. The health
11 care authority shall prioritize evidence-based practices for delivery
12 of maternity support services. To the extent practicable, the health
13 care authority shall develop a mechanism to increase federal funding
14 for maternity support services by leveraging local public funding for
15 those services.

16 (17) The authority shall submit reports to the governor and the
17 legislature by September 15, 2020, and no later than September 15,
18 2021, that delineate the number of individuals in medicaid managed
19 care, by carrier, age, gender, and eligibility category, receiving
20 preventative services and vaccinations. The reports should include
21 baseline and benchmark information from the previous two fiscal years
22 and should be inclusive of, but not limited to, services recommended
23 under the United States preventative services task force, advisory
24 committee on immunization practices, early and periodic screening,
25 diagnostic, and treatment (EPSDT) guidelines, and other relevant
26 preventative and vaccination medicaid guidelines and requirements.

27 (18) Managed care contracts must incorporate accountability
28 measures that monitor patient health and improved health outcomes,
29 and shall include an expectation that each patient receive a wellness
30 examination that documents the baseline health status and allows for
31 monitoring of health improvements and outcome measures.

32 (19) Sufficient amounts are appropriated in this section for the
33 authority to provide an adult dental benefit.

34 (20) The health care authority shall coordinate with the
35 department of social and health services to provide referrals to the
36 Washington health benefit exchange for clients that will be
37 ineligible for medicaid.

38 (21) To facilitate a single point of entry across public and
39 medical assistance programs, and to maximize the use of federal
40 funding, the health care authority, the department of social and

1 health services, and the health benefit exchange will coordinate
2 efforts to expand HealthPlanfinder access to public assistance and
3 medical eligibility staff. The health care authority shall complete
4 medicaid applications in the HealthPlanfinder for households
5 receiving or applying for medical assistance benefits.

6 (22) \$90,000 of the general fund—state appropriation for fiscal

8 year 2021, and \$180,000 of the general fund—federal appropriation are

14 naturopathic physicians.

15 (24) Within the amounts appropriated in this section, the
16 authority shall continue to provide coverage for pregnant teens that

18 eligibility for pregnancy related services would otherwise end due to
19 the application of the new modified adjusted gross income eligibility
20 standard.

21 (25) Sufficient amounts are appropriated in this section to
22 remove the mental health visit limit and to provide the shingles
23 vaccine and screening, brief intervention, and referral to treatment
24 benefits that are available in the medicaid alternative benefit plan
25 in the classic medicaid benefit plan.

26 (26) The authority shall use revenue appropriated from the
27 dedicated marijuana fund for contracts with community health centers
28 under RCW 69.50.540 in lieu of general fund—state payments to
29 community health centers for services provided to medical assistance
30 clients, and it is the intent of the legislature that this policy
31 will be continued in subsequent fiscal biennia.

32 (27) Beginning no later than January 1, 2018, for any service
33 eligible under the medicaid state plan for encounter payments,
34 managed care organizations at the request of a rural health clinic
35 shall pay the full published encounter rate directly to the clinic.
36 At no time will a managed care organization be at risk for or have
37 any right to the supplemental portion of the claim. Payments will be
38 reconciled on at least an annual basis between the managed care

1 organization and the authority, with final review and approval by the
2 authority.

3 (28) Sufficient funds are provided for the authority to remove
4 payment and billing limitations identified during the review process
5 required for implementation of chapter 226, Laws of 2017 (behavioral

17 years 2014-2017. The authority may not recover the state portion of
18 rural health clinic reconciliations for calendar years 2014-2017 for
19 which no state accrual was made. If the authority determines there
20 are unliquidated prior period accrual balances available to refund
21 the federal government for these years, these amounts must be used
22 prior to the amounts provided under this subsection.

23 (b) By October 15, 2019, the authority shall report to the
24 governor and relevant committees of the legislature the status of

17 (49) \$3,150,000 of the general fund—state appropriation for
18 fiscal year 2020 and \$3,500,000 of the general fund—state
19 appropriation for fiscal year 2021 are provided solely to reimburse
20 dental health aid therapists for services performed in tribal
21 facilities for medicaid clients. The authority must leverage any
22 federal funding that may become available as a result of appeal
23 decisions from the centers for medicare and medicaid services.

24 (50) Sufficient amounts are appropriated within this section for
25 the authority to incorporate the expected outcomes and criteria to
26 measure the performance of service coordination organizations as
27 provided in chapter 70.320 RCW into contracts with managed care
28 organizations that provide services to clients. The authority is
29 directed to:

30 (a) Contract with an external quality improvement organization to
31 annually analyze the performance of managed care organizations
32 providing services to clients under this chapter based on seven
33 performance measures. The analysis required under this subsection
34 must:

35 (i) Measure managed care performance in four common measures
36 across each managed care organization, including:

37 (A) At least one common measure must be weighted towards having
38 the potential to impact managed care costs; and

1 (B) At least one common measure must be weighted towards
2 population health management, as defined by the measure; and

3 (ii) Measure managed care performance in an additional three
4 quality focus performance measures specific to a managed care
5 organization. Quality focus performance measures chosen by the
6 authority must:

7 (A) Be chosen from the statewide common measure set;

8 (B) Reflect specific measures where a managed care organization
9 has poor performance; and

10 (C) Be substantive and clinically meaningful in promoting health
11 status.

12 (b) By September 1, 2019, the authority shall set the four common
13 measures to be analyzed across all managed care organizations.

14 (c) By September 1, 2019, the authority shall set three quality
15 focus performance measures specific to each managed care
16 organization. The authority must determine performance measures for
17 each managed care organization based on the criteria established in
18 (a)(ii) of this subsection.

19 (d) By September 15, 2019, and annually thereafter, the authority
20 shall notify each managed care organization of the performance
21 measures for the organization for the subsequent plan year.

22 (e) Beginning in plan year 2020, two percent of the total plan
23 year funding appropriated to each managed care organization that
24 provides services to clients under chapter 70.320 RCW shall be
25 withheld. At least seventy-five percent of the withhold shall be held
26 contingent on each managed care organization's performance on the
27 seven performance measures identified in this section. Each managed
28 care organization may earn back the annual withhold if the external
29 quality improvement organization finds that the managed care
30 organization:

31 (i) Made statistically significant improvement in the seven
32 performance measures as compared to the preceding plan year; or

33 (ii) Scored in the top national medicaid quartile of the
34 performance measures.

35 (f) The amount of withhold annually paid to each managed care
36 organization shall be proportional to findings of statistically
37 significant improvement or top national medicaid quartile scoring by
38 a managed care organization.

39 (g) For no more than two of the four quality focus performance
40 measures, the authority may use an alternate methodology to

1 approximate top national medicaid quartile performance where top
2 quartile performance data is unavailable.

3 (h) For the purposes of this subsection, "external quality
4 improvement organization" means an organization that meets the
5 competence and independence requirements under 42 C.F.R. Sec.
6 438.354, as it existed on the effective date of this section.

20 authority and at contracted managed care organizations;

16 and base rate increase are spent. The reporting requirements should
17 include, but not be limited to, the percent of the add-on fee and
18 base rate increase used to increase wages; to which category of
19 workers' wages these increases apply, specifically whether wage
20 increases are being used to increase wages for emergency medical
21 technicians whose statewide average dollars-per-hour wage was less
22 than \$25 per hour in calendar year 2020; and, whether the add-on and

29 system changes required in preparation for extending health care
30 coverage for an additional ten months for postpartum persons who are
31 eligible under pregnancy eligibility rules at the end of the sixty

33 coverage. The authority must coordinate system changes with the

21 services that are in addition to those covered under the state plan,
22 although the cost of these services cannot be included when
23 determining payment rates unless including these costs are
24 specifically allowed under federal law or an approved waiver."

25 (8) The authority is authorized to continue to contract directly,
26 rather than through contracts with behavioral health entities for
27 children's long-term inpatient facility services.

28 (9) \$1,204,000 of the general fund—state appropriation for fiscal
29 year 2020 and \$1,204,000 of the general fund—state appropriation for
30 fiscal year 2021 are provided solely to reimburse Pierce and Spokane
31 counties for the cost of conducting one hundred eighty-day commitment
32 hearings at the state psychiatric hospitals.

33 (10) Behavioral health entities may use local funds to earn
34 additional federal medicaid match, provided the locally matched rate
35 does not exceed the upper-bound of their federally allowable rate
36 range, and provided that the enhanced funding is used only to provide
37 medicaid state plan or waiver services to medicaid clients.
38 Additionally, behavioral health entities may use a portion of the
39 state funds allocated in accordance with subsection (7) of this
40 section to earn additional medicaid match, but only to the extent

1 that the application of such funds to medicaid services does not
2 diminish the level of crisis and commitment, community inpatient,
3 residential care, and outpatient services presently available to
4 persons not eligible for medicaid.

5 (11) \$2,291,000 of the general fund—state appropriation for
6 fiscal year 2020 and \$2,291,000 of the general fund—state
7 appropriation for fiscal year 2021 are provided solely for mental
8 health services for mentally ill offenders while confined in a county
9 or city jail and for facilitating access to programs that offer
10 mental health services upon release from confinement. The authority
11 must collect information from the behavioral health entities on their
12 plan for using these funds, the numbers of individuals served, and
13 the types of services provided and submit a report to the office of
14 financial management and the appropriate fiscal committees of the
15 legislature by December 1st of each year of the biennium.

16 (12) Within the amounts appropriated in this section, funding is
17 provided for the authority to develop and phase in intensive mental
18 health services for high needs youth consistent with the settlement
19 agreement in *T.R. v. Dreyfus and Porter*.

20 (13) The authority must establish minimum and maximum funding
21 levels for all reserves allowed under behavioral health organization
22 and administrative services organization contracts and include
23 contract language that clearly states the requirements and
24 limitations. The authority must monitor and ensure that behavioral
25 health organization and administrative services organization reserves
26 do not exceed maximum levels. The authority must monitor revenue and
27 expenditure reports and must require a behavioral health organization
28 or administrative services organization to submit a corrective action
29 plan on how it will spend its excess reserves within a reasonable
30 period of time, when its reported reserves exceed maximum levels
31 established under the contract. The authority must review and approve
32 such plans and monitor to ensure compliance. If the authority
33 determines that a behavioral health organization or administrative
34 services organization has failed to provide an adequate excess
35 reserve corrective action plan or is not complying with an approved
36 plan, the authority must reduce payments to the entity in accordance
37 with remedial actions provisions included in the contract. These
38 reductions in payments must continue until the authority determines
39 that the entity has come into substantial compliance with an approved
40 excess reserve corrective action plan.

1 (14) During the 2019-2021 fiscal biennium, any amounts provided
2 in this section that are used for case management services for
3 pregnant and parenting women must be contracted directly between the
4 authority and providers rather than through contracts with behavioral
5 health organizations.

6 (15) Within the amounts appropriated in this section, the
7 authority may contract with the University of Washington and
8 community-based providers for the provision of the parent-child
9 assistance program or other specialized chemical dependency case
10 management providers for pregnant, post-partum, and parenting women.
11 For all contractors: (a) Service and other outcome data must be
12 provided to the authority by request; and (b) indirect charges for
13 administering the program must not exceed ten percent of the total
14 contract amount.

15 (16) \$3,500,000 of the general fund—federal appropriation (from
16 the substance abuse prevention and treatment federal block grant) is
17 provided solely for the continued funding of existing county drug and
18 alcohol use prevention programs.

19 (17) Within the amounts provided in this section, behavioral
20 health entities must provide outpatient chemical dependency treatment
21 for offenders enrolled in the medicaid program who are supervised by
22 the department of corrections pursuant to a term of community
23 supervision. Contracts with behavioral health entities must require
24 that behavioral health entities include in their provider network
25 specialized expertise in the provision of manualized, evidence-based
26 chemical dependency treatment services for offenders. The department
27 of corrections and the authority must develop a memorandum of
28 understanding for department of corrections offenders on active
29 supervision who are medicaid eligible and meet medical necessity for
30 outpatient substance use disorder treatment. The agreement will
31 ensure that treatment services provided are coordinated, do not
32 result in duplication of services, and maintain access and quality of
33 care for the individuals being served. The authority must provide all
34 necessary data, access, and reports to the department of corrections
35 for all department of corrections offenders that receive medicaid
36 paid services.

37 (18) The criminal justice treatment account—state appropriation
38 is provided solely for treatment and treatment support services for
39 offenders with a substance use disorder pursuant to RCW 71.24.580.
40 The authority must offer counties the option to administer their

1 share of the distributions provided for under RCW 71.24.580(5)(a). If
2 a county is not interested in administering the funds, the authority
3 shall contract with behavioral health entities to administer these
4 funds consistent with the plans approved by local panels pursuant to
5 RCW 71.24.580(5)(b). The authority must provide a report to the
6 office of financial management and the appropriate committees of the
7 legislature which identifies the distribution of criminal justice
8 treatment account funds by September 30, 2019.

9 (19) No more than \$27,844,000 of the general fund—federal
10 appropriation may be expended for supported housing and employment
11 services described in initiative 3a and 3b of the medicaid
12 transformation demonstration waiver under healthier Washington. Under
13 this initiative, the authority and the department of social and
14 health services shall ensure that allowable and necessary services
15 are provided to eligible clients as identified by the authority or
16 its providers or third party administrator. The department and the
17 authority in consultation with the medicaid forecast work group,
18 shall ensure that reasonable reimbursements are established for
19 services deemed necessary within an identified limit per individual.
20 The authority shall not increase general fund—state expenditures
21 under this initiative. The secretary in collaboration with the
22 director of the authority shall report to the joint select committee
23 on health care oversight no less than quarterly on financial and
24 health outcomes. The secretary in cooperation with the director shall
25 also report to the fiscal committees of the legislature all of the
26 expenditures of this subsection and shall provide such fiscal data in
27 the time, manner, and form requested by the legislative fiscal
28 committees.

29 (20) \$6,858,000 of the general fund—state appropriation for
30 fiscal year 2020, \$6,858,000 of the general fund—state appropriation
31 for fiscal year 2021, and \$8,046,000 of the general fund—federal
32 appropriation are provided solely to maintain new crisis triage or
33 stabilization centers. Services in these facilities may include
34 crisis stabilization and intervention, individual counseling, peer
35 support, medication management, education, and referral assistance.
36 The authority shall monitor each center's effectiveness at lowering
37 the rate of state psychiatric hospital admissions.

38 (21) \$1,125,000 of the general fund—federal appropriation is
39 provided solely for the authority to develop a memorandum of

1 understanding with the department of health for implementation of
2 chapter 297, Laws of 2017 (opioid treatment programs). The authority
3 must use these amounts to reimburse the department of health for
4 costs incurred through the implementation of the bill.

5 (22) \$6,655,000 of the general fund—state appropriation for
6 fiscal year 2020, \$10,015,000 of the general fund—state appropriation
7 for fiscal year 2021, and \$12,965,000 of the general fund—federal
8 appropriation are provided solely for the operation of secure
9 withdrawal management and stabilization facilities. The authority may
10 not use any of these amounts for services in facilities that are
11 subject to federal funding restrictions that apply to institutions
12 for mental diseases, unless they have received a waiver that allows
13 for full federal participation in these facilities. Within these
14 amounts, funding is provided to increase the fee for service rate for
15 these facilities up to \$650 per day. The authority must require in
16 contracts with behavioral health entities that, beginning in calendar
17 year 2020, they pay no lower than the fee for service rate. The
18 authority must coordinate with regional behavioral health entities to
19 identify and implement purchasing strategies or regulatory changes
20 that increase access to services for individuals with complex
21 behavioral health needs at secure withdrawal management and
22 stabilization facilities.

23 (23) \$23,090,000 of the general fund—state appropriation for
24 fiscal year 2020, \$23,090,000 of the general fund—state appropriation
25 for fiscal year 2021, and \$92,444,000 of the general fund—federal
26 appropriation are provided solely to maintain the enhancement of
27 community-based behavioral health services that was funded in fiscal
28 year 2019. Twenty percent of the general fund—state appropriation
29 amounts for each regional service area must be contracted to the
30 behavioral health administrative services organizations and used to
31 increase their nonmedicaid funding and the remainder must be used to
32 increase medicaid rates above FY 2018 levels. Effective January 2020,
33 the medicaid funding is intended to increase rates for behavioral
34 health services provided by licensed and certified community
35 behavioral health agencies as defined by the department of health.
36 This funding must be allocated to the managed care organizations
37 proportionate to their medicaid enrollees. The authority must require
38 the managed care organizations to provide a report on their
39 implementation of this funding. The authority must submit a report to

1 the legislature by December 1, 2020, summarizing how this funding was
2 used and provide information for future options of increasing
3 behavioral health provider rates through directed payments. The
4 report must identify different mechanisms for implementing directed
5 payment for behavioral health providers including but not limited to
6 minimum fee schedules, across the board percentage increases, and
7 value-based payments. The report must provide a description of each
8 of the mechanisms considered, the timeline that would be required for
9 implementing the mechanism, and whether and how the mechanism is
10 expected to have a differential impact on different providers. The
11 report must also summarize the information provided by managed care
12 organizations in implementing the funding provided under this
13 section.

14 (24) \$27,917,000 of the general fund—state appropriation for
15 fiscal year 2020, \$36,095,000 of the general fund—state appropriation
16 for fiscal year 2021, and ~~(((\$60,644,000))~~ \$46,889,000 of the general
17 fund—federal appropriation are provided solely for the department to
18 contract with community hospitals or freestanding evaluation and
19 treatment centers to provide long-term inpatient care beds as defined
20 in RCW 71.24.025. Within these amounts, the authority must meet the
21 requirements for reimbursing counties for the judicial services for
22 patients being served in these settings in accordance with RCW
23 71.05.730. The authority must coordinate with the department of
24 social and health services in developing the contract requirements,
25 selecting contractors, and establishing processes for identifying
26 patients that will be admitted to these facilities.

27 (a) Sufficient amounts are provided in fiscal year 2020 for the
28 authority to reimburse community hospitals serving medicaid clients
29 in long-term inpatient care beds as defined in RCW 71.24.025 at a
30 rate of \$1,171 per day, or the hospital's current psychiatric
31 inpatient per diem rate, whichever is higher. ~~((The))~~ In fiscal year
32 2020, the rate paid to hospitals in this subsection cannot exceed
33 one-hundred percent of the hospitals eligible costs based on their
34 most recently completed medicare cost report. ~~((The authority in~~
35 ~~collaboration with the Washington state hospital association must~~
36 ~~convene a work group to develop a methodology for reimbursing~~
37 ~~community hospitals serving these clients. In developing this~~
38 ~~methodology, the authority must account for cost structure~~
39 ~~differences between teaching hospitals and other hospital types. The~~

1 authority must provide a report to the appropriate committees of the
2 legislature by December 1, 2019. The report must:

3 (a) Describe the methodology developed by the work group;

4 (b) Identify cost differences between teaching hospitals and
5 other hospital types;

6 (c) Provide options for incentivizing community hospitals to
7 offer long-term inpatient care beds day beds including a rate
8 recommendation;

9 (d) Identify the cost associated with any recommended changes in
10 rates or rate setting methodology; and

11 (e) Outline an implementation plan.)

12 (b) Sufficient amounts are provided in fiscal year 2021 for the
13 authority to reimburse providers serving medicaid clients in long-
14 term inpatient care beds as defined in RCW 71.24.025 as follows: (i)
15 Community hospitals whose costs exceed their current rates based on
16 their most recently filed medicare cost report at one hundred percent
17 of the hospital's eligible costs documented in the most recently
18 filed medicare cost report; (ii) community hospitals that do not have
19 a filed medicare cost report on file with the authority at the
20 statewide average rate based on the average of provider specific
21 long-term inpatient care rates or the provider's current per diem
22 rate, whichever is higher; (iii) community hospitals whose costs do
23 not exceed their current rates based on their most recently filed
24 medicare cost report at a rate of \$940 per day; and (iv) nonhospital
25 residential treatment centers certified to provide long-term
26 inpatient care beds as defined in RCW 71.24.025 at a rate that
27 reflects a five percent increase from their fiscal year 2020 rate for
28 serving medicaid clients in long-term inpatient care beds as defined
29 in RCW 71.24.025.

30 (c) The authority must provide a report to the office of
31 financial management and the appropriate committees of the
32 legislature by December 1, 2020, on the impact of the rate increases
33 provided in fiscal year 2021 on long-term psychiatric inpatient
34 provider capacity and utilization. The report must also include
35 information on short-term psychiatric inpatient provider capacity and
36 utilization and clearly identify which providers increased overall
37 capacity and which converted short-term to long-term beds.

38 (d) It is the intent of the legislature that future rate
39 increases for long-term inpatient providers be informed by the health
40 care growth benchmark established by the health care cost

1 transparency board pursuant to Second Substitute House Bill No. 2457
2 (health care cost board). The legislature also intends to prioritize
3 future rate increases for providers that increase their overall
4 psychiatric inpatient capacity and utilization.

5 (e) The authority in collaboration with the Washington state
6 hospital association must convene a work group to further refine the
7 methodology for reimbursing community hospitals serving these
8 clients. The authority must provide a report to the appropriate
9 committees of the legislature by December 1, 2020. The report must
10 include options for incorporating additional factors into future rate
11 adjustments and identify where there may be overlap within the
12 different options. The report must include the following areas and
13 provide a description of the option and the methodology and
14 implementation costs associated with each option:

15 (i) Acuity adjustments for providers serving individuals with
16 higher levels of behavioral health or physical health care needs;

17 (ii) Retroactive reconciliation adjustments for providers whose
18 total costs for serving clients under this subsection are higher or
19 lower than payments received by the authority and any additional
20 payers.

21 (25) \$1,455,000 of the general fund—state appropriation for
22 fiscal year 2020, \$1,401,000 of the general fund—state appropriation
23 for fiscal year 2021, and \$3,210,000 of the general fund—federal
24 appropriation are provided solely for the implementation of intensive
25 behavioral health treatment facilities within the community
26 behavioral health service system pursuant to Second Substitute House
27 Bill No. 1394 (behavioral health facilities).

28 (26) \$21,000 of the general fund—state appropriation for fiscal
29 year 2020, \$152,000 of the general fund—state appropriation for
30 fiscal year 2021, and \$173,000 of the general fund—federal
31 appropriation are provided solely to implement chapter 70, Laws of
32 2019 (SHB 1199) (health care/disability).

33 (27)(a) \$12,878,000 of the dedicated marijuana account—state
34 appropriation for fiscal year 2020 and \$12,878,000 of the dedicated
35 marijuana account—state appropriation for fiscal year 2021 are
36 provided for:

37 (i) A memorandum of understanding with the department of
38 children, youth, and families to provide substance abuse treatment
39 programs;

1 (ii) A contract with the Washington state institute for public
2 policy to conduct a cost-benefit evaluation of the implementations of
3 chapter 3, Laws of 2013 (Initiative Measure No. 502);

4 (iii) Designing and administering the Washington state healthy
5 youth survey and the Washington state young adult behavioral health
6 survey;

7 (iv) Maintaining increased services to pregnant and parenting
8 women provided through the parent child assistance program;

9 (v) Grants to the office of the superintendent of public
10 instruction for life skills training to children and youth;

11 (vi) Maintaining increased prevention and treatment service
12 provided by tribes and federally recognized American Indian
13 organization to children and youth;

14 (vii) Maintaining increased residential treatment services for
15 children and youth;

16 (viii) Training and technical assistance for the implementation
17 of evidence-based, research based, and promising programs which
18 prevent or reduce substance use disorder;

19 (ix) Expenditures into the home visiting services account; and

20 (x) Grants to community-based programs that provide prevention
21 services or activities to youth.

22 (b) The authority must allocate the amounts provided in (a) of
23 this subsection amongst the specific activities proportionate to the
24 fiscal year 2019 allocation.

25 (28) (a) \$1,125,000 of the general fund—state appropriation for
26 fiscal year 2020 and \$1,125,000 of the general fund—state
27 appropriation for fiscal year 2021 is provided solely for Spokane
28 behavioral health entities to implement services to reduce
29 utilization and the census at eastern state hospital. Such services
30 must include:

31 (i) High intensity treatment team for persons who are high
32 utilizers of psychiatric inpatient services, including those with co-
33 occurring disorders and other special needs;

34 (ii) Crisis outreach and diversion services to stabilize in the
35 community individuals in crisis who are at risk of requiring
36 inpatient care or jail services;

37 (iii) Mental health services provided in nursing facilities to

7 effectiveness.

8 (29) (~~(\$24,819,000)~~) \$29,288,000 of the general fund—state
9 appropriation for fiscal year 2020 is provided solely to assist
10 behavioral health entities with the costs of providing services to
11 medicaid clients receiving services in psychiatric facilities
12 classified as institutions of mental diseases. The authority must
13 distribute these amounts proportionate to the number of bed days for
14 medicaid clients in institutions for mental diseases that were
15 excluded from behavioral health (~~(organization)~~) entity calendar year
16 2019 capitation rates because they exceeded the amounts allowed under
17 federal regulations. The authority must also use these amounts to
18 directly pay for costs that are ineligible for medicaid reimbursement
19 in institutions of mental disease facilities for American Indian and
20 Alaska Natives who opt to receive behavioral health services on a
21 fee-for-service basis. The amounts used for these individuals must be
22 reduced from the allocation of the behavioral health (~~(organization)~~)
23 entities where the individual resides. If a behavioral health
24 (~~(organization)~~) entity receives more funding through this subsection
25 than is needed to pay for the cost of their medicaid clients in
26 institutions for mental diseases, they must use the remainder of the
27 amounts to provide other services not covered under the medicaid
28 program. The authority must submit an application for a waiver to
29 allow, by July 1, 2020, for full federal participation for medicaid
30 clients in mental health facilities classified as institutions of
31 mental diseases. The authority must submit a report on the status of
32 the waiver to the office of financial management and the appropriate
33 committees of the legislature by December 1, 2019.

34 (30) The authority must require all behavioral health
35 organizations transitioning to full integration to either spend down
36 or return all reserves in accordance with contract requirements and
37 federal and state law. Behavioral health organization reserves may
38 not be used to pay for services to be provided beyond the end of a
39 behavioral health organization's contract or for startup costs in
40 full integration regions except as provided in this subsection. The

1 authority must ensure that any increases in expenditures in
2 behavioral health reserve spend-down plans are required for the
3 operation of services during the contract period and do not result in
4 overpayment to providers. If the nonfederal share of reserves
5 returned during fiscal year 2020 exceeds \$35,000,000, the authority
6 shall use some of the amounts in excess of \$35,000,000 to support the
7 final regions transitioning to full integration of physical and
8 behavioral health care. These amounts must be distributed
9 proportionate to the population of each regional area covered. The
10 maximum amount allowed per region is \$3,175 per 1,000 residents.
11 These amounts must be used to provide a reserve for nonmedicaid
12 services in the region to stabilize the new crisis services system.

13 (31) \$1,850,000 of the general fund—state appropriation for
14 fiscal year 2020, \$1,850,000 of the general fund—state appropriation
15 for fiscal year 2021, and \$13,312,000 of the general fund—federal
16 appropriation are provided solely for the authority to implement a
17 medicaid state plan amendment which provides for substance use
18 disorder peer support services to be included in behavioral health
19 capitation rates beginning in fiscal year 2020 in accordance with
20 section 213(5)(ss), chapter 299, Laws of 2018. The authority shall
21 require managed care organizations to provide access to peer support
22 services for individuals with substance use disorders transitioning
23 from emergency departments, inpatient facilities, or receiving
24 treatment as part of hub and spoke networks.

25 (32) \$1,256,000 of the general fund—state appropriation for
26 fiscal year 2021 and \$1,686,000 of the general fund—federal
27 appropriation are provided solely for the authority to increase the
28 number of residential beds for pregnant and parenting women. These
29 amounts may be used for startup funds and ongoing costs associated
30 with two new sixteen bed pregnant and parenting women residential
31 treatment programs.

32 (33) Within the amounts appropriated in this section, the
33 authority must maintain a rate increase for community hospitals that
34 provide a minimum of 200 medicaid psychiatric inpatient days pursuant
35 to the methodology adopted to implement section 213(5)(n), chapter
36 299, Laws of 2018 (ESSB 6032) (partial veto).

37 (34) \$1,393,000 of the general fund—state appropriation for
38 fiscal year 2020, \$1,423,000 of the general fund—state appropriation
39 for fiscal year 2021, and \$5,938,000 of the general fund—federal

1 appropriation are provided solely for the authority to implement
2 discharge wraparound services for individuals with complex behavioral
3 health conditions transitioning or being diverted from admission to
4 psychiatric inpatient programs. The authority must coordinate with
5 the department of social and health services in establishing the
6 standards for these programs.

7 (35) \$850,000 of the general fund—federal appropriation is
8 provided solely to contract with a nationally recognized recovery
9 residence organization and to create a revolving fund for loans to
10 operators of recovery residences seeking certification in accordance
11 with Second Substitute House Bill No. 1528 (recovery support
12 services). ~~((If the bill is not enacted by June 30, 2019, the amount
13 in this subsection shall lapse.))~~

14 (36) \$212,000 of the general fund—state appropriation for fiscal
15 year 2020, \$212,000 of the general fund—state appropriation for
16 fiscal year 2021, and \$124,000 of the general fund—federal
17 appropriation are provided solely for the implementation of Engrossed
18 Second Substitute House Bill No. 1874 (adolescent behavioral health).
19 Funding is provided specifically for the authority to provide an
20 online training to behavioral health providers related to state law
21 and best practices in family-initiated treatment, adolescent-
22 initiated treatment, and other services and to conduct an annual
23 survey to measure the impacts of implementing policies resulting from
24 the bill. ~~((If the bill is not enacted by June 30, 2019, the amounts
25 in this subsection shall lapse.))~~

26 (37) \$500,000 of the general fund—state appropriation for fiscal
27 year 2020, \$500,000 of the general fund—state appropriation for
28 fiscal year 2021, and \$1,000,000 of the general fund—federal
29 appropriation are provided solely for the authority to implement a
30 memorandum of understanding with the criminal justice training
31 commission to provide funding for community grants pursuant to Second
32 Substitute House Bill No. 1767 (alternatives to arrest). ~~((If the
33 bill is not enacted by June 30, 2019, the amounts provided in this
34 subsection shall lapse.))~~

35 (38) \$500,000 of the general fund—state appropriation for fiscal
36 year 2020 and \$500,000 of the general fund—state appropriation for
37 fiscal year 2021 are provided solely for provision of crisis
38 stabilization services to individuals who are not eligible for
39 medicaid in Whatcom county. The authority must coordinate with crisis

1 stabilization providers, managed care organizations, and behavioral
2 health administrative services organizations throughout the state to
3 identify payment models that reflect the unique needs of crisis
4 stabilization and crisis triage providers. The report must also
5 include an analysis of the estimated gap in nonmedicaid funding for
6 crisis stabilization and triage facilities throughout the state. The
7 authority must provide a report to the office of financial management
8 and the appropriate committees of the legislature on the estimated
9 nonmedicaid funding gap and payment models by December 1, 2019.

10 (39) The authority must conduct an analysis to determine whether
11 there is a gap in fiscal year 2020 behavioral health entity funding
12 for services in institutions for mental diseases and submit a report
13 to the office of financial management and the appropriate committees
14 of the legislature by November 1, 2019. The report must be developed
15 in consultation with the office of financial management and staff
16 from the fiscal committees of the legislature and must include the
17 following elements: (a) The increase in the number of nonmedicaid bed

28 (15) The superintendent may distribute funding for the following
29 programs outside the basic education formula during fiscal years 2020

The appropriations in sections (~~605 through 611 of this act~~) 602 through 608 of this act are subject to the following conditions and limitations:

(1) "Institutions" means the institutions of higher education receiving appropriations under sections (~~605 through 611 of this act~~) 602 through 608 of this act.

(2) The legislature, the office of financial management, and other state agencies need consistent and accurate personnel data from institutions of higher education for policy planning purposes. Institutions of higher education shall report personnel data to the office of financial management for inclusion in the agency's data warehouse. Uniform reporting procedures shall be established by the office of financial management's office of the state human resources director for use by the reporting institutions, including provisions for common job classifications and common definitions of full-time equivalent staff. Annual contract amounts, number of contract months, and funding sources shall be consistently reported for employees under contract.

(3) In addition to waivers granted under the authority of RCW 28B.15.910, the governing boards and the state board may waive all or a portion of operating fees for any student. State general fund appropriations shall not be provided to replace tuition and fee revenue foregone as a result of waivers granted under this subsection.

(4) (a) For employees under the jurisdiction of chapter 41.56 or 41.80 RCW, salary increases will be in accordance with the applicable collective bargaining agreement. However, an increase shall not be provided to any classified employee whose salary is above the approved salary range maximum for the class to which the employee's position is allocated.

12 expenditures by an institution unless the legislature so determines.

13 (iii) Funding for salary increases provided under (b)(ii) of this
14 subsection and RCW 41.76.035 and 28B.52.035 on or after July 1, 2019,

FOR THE OFFICE OF FINANCIAL MANAGEMENT—INFORMATION TECHNOLOGY INVESTMENT POOL

Table with 2 columns: Description and Amount. Rows include General Fund—State Appropriation (FY 2020), General Fund—State Appropriation (FY 2021), General Fund—Federal Appropriation, General Fund—Private/local Appropriation, Other Appropriated Funds, and TOTAL APPROPRIATION.

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for expenditure into the information technology investment revolving account created in RCW 43.41.433. Funds in the account are provided solely for the information technology projects shown in LEAP omnibus documents IT-2019, dated April 25, 2019, and IT-2020, dated March 9, 2020, which is hereby incorporated by reference. To facilitate the transfer of moneys from other funds and accounts that are associated with projects contained in LEAP omnibus documents IT-2019, dated April 25, 2019, and IT-2020, dated March 9, 2020, the state treasurer is directed to transfer moneys from other funds and accounts to the information technology investment revolving account in accordance with schedules provided by the office of financial management. However, restricted federal funds and qualified employee benefit and pension funds may be transferred only to the extent permitted by law, and will otherwise remain outside the information technology investment account. The projects affected remain subject to the other provisions of this section.

(2) Agencies must apply to the office of financial management and the office of the chief information officer to receive funding from

1 the information technology investment revolving account. The office
2 of financial management must notify the fiscal committees of the
3 legislature of the receipt of each application and may not approve a
4 funding request for ten business days from the date of notification.

5 (3) Allocations and allotments of information technology
6 investment revolving account must be made for discrete stages of
7 projects as determined by the technology budget approved by the
8 office of the state chief information officer and office of financial
9 management. Fifteen percent of total funding allocated by the office
10 of financial management, or another amount as defined jointly by the
11 office of financial management and the office of the state chief
12 information officer, will be retained in the account, but remain
13 allocated to that project. The retained funding will be released to
14 the agency only after successful completion of that stage of the
15 project. For the military department enhanced 911 next generation
16 project and the one Washington project, the amount retained is
17 increased to at least twenty percent of total funding allocated for
18 any stage of that project.

19 (4) (a) Each project must have a technology budget. The technology
20 budget must use a method similar to the state capital budget,
21 identifying project costs, each fund source, and anticipated
22 deliverables through each stage of the entire project investment and
23 across fiscal periods and biennia from project onset through
24 implementation and close out.

25 (b) As part of the development of a technology budget and at each
26 request for funding, the agency shall submit detailed financial
27 information to the office of financial management and the office of
28 the state chief information officer. The technology budget must
29 describe the total cost of the project by fiscal month to include and
30 identify:

31 (i) Fund sources;

32 (ii) Full time equivalent staffing level to include job
33 classification assumptions;

34 (iii) A discreet appropriation index and program index;

35 (iv) Object and subobject codes of expenditures; and

36 (v) Anticipated deliverables.

37 (c) If a project technology budget changes and a revised
38 technology budget is completed, a comparison of the revised
39 technology budget to the last approved technology budget must be
40 posted to the dashboard, to include a narrative rationale on what

1 changed, why, and how that impacts the project in scope, budget, and
2 schedule.

3 (5) (a) Each project must have an investment plan that includes:

4 (i) An organizational chart of the project management team that
5 identifies team members and their roles and responsibilities;

6 (ii) The office of the state chief information officer staff
7 assigned to the project;

8 (iii) An implementation schedule covering activities, critical
9 milestones, and deliverables at each stage of the project for the
10 life of the project at each agency affected by the project;

11 (iv) Performance measures used to determine that the project is
12 on time, within budget, and meeting expectations for quality of work
13 product;

14 (v) Ongoing maintenance and operations cost of the project post
15 implementation and close out delineated by agency staffing,
16 contracted staffing, and service level agreements; and

17 (vi) Financial budget coding to include at least discreet program
18 index and subobject codes.

19 (6) Projects with estimated costs greater than one hundred
20 million dollars from initiation to completion and implementation may
21 be divided into discrete subprojects as determined by the office of
22 the state chief information officer, except for the one Washington
23 project which must be divided into the following discrete
24 subprojects: Core financials, expanding financials and procurement,
25 budget, and human resources. Each subproject must have a technology
26 budget and investment plan as provided in this section.

27 (7) (a) The office of the state chief information officer shall
28 maintain an information technology project dashboard that provides
29 updated information each fiscal month on projects subject to this
30 section. This includes, at least:

31 (i) Project changes each fiscal month;

32 (ii) Noting if the project has a completed market requirements
33 document;

34 (iii) Financial status of information technology projects under
35 oversight; (~~and~~)

36 (iv) Coordination with agencies;

37 (v) Monthly quality assurance reports, if applicable;

38 (vi) Monthly office of the state chief information officer status
39 reports;

1 (vii) Historical project budget and expenditures through fiscal
2 year 2019;

3 (viii) Budget and expenditures each fiscal month; and

4 (ix) Estimated annual maintenance and operations costs by fiscal
5 year.

6 (b) The dashboard must retain a roll up of the entire project
7 cost, including all subprojects, that can be displayed the subproject
8 detail.

9 (8) If the project affects more than one agency:

10 (a) A separate technology budget and investment plan must be
11 prepared for each agency; and

12 (b) The dashboard must contain a statewide project technology
13 budget roll up that includes each affected agency at the subproject
14 level.

15 (9) For any project that exceeds two million dollars in total
16 funds to complete, requires more than one biennium to complete, or is
17 financed through financial contracts, bonds, or other indebtedness:

18 (a) Quality assurance for the project must report independently
19 to the office of the chief information officer;

20 (b) The office of the chief information officer must review, and,
21 if necessary, revise the proposed project to ensure it is flexible
22 and adaptable to advances in technology;

23 (c) The technology budget must specifically identify the uses of
24 any financing proceeds. No more than thirty percent of the financing
25 proceeds may be used for payroll-related costs for state employees
26 assigned to project management, installation, testing, or training;

27 (d) The agency must consult with the office of the state
28 treasurer during the competitive procurement process to evaluate
29 early in the process whether products and services to be solicited
30 and the responsive bids from a solicitation may be financed; and

31 (e) The agency must consult with the contracting division of the
32 department of enterprise services for a review of all contracts and
33 agreements related to the project's information technology
34 procurements.

35 (10) The office of the state chief information officer must
36 evaluate the project at each stage and certify whether the project is
37 planned, managed, and meeting deliverable targets as defined in the
38 project's approved technology budget and investment plan.

39 (11) The office of the state chief information officer may
40 suspend or terminate a project at any time if it determines that the

1 project is not meeting or not expected to meet anticipated
2 performance and technology outcomes. Once suspension or termination
3 occurs, the agency shall unallot any unused funding and shall not
4 make any expenditure for the project without the approval of the
5 office of financial management. The office of the state chief
6 information officer must report on July 1 and December 1 each
7 calendar year, beginning July 1, 2020, any suspension or termination
8 of a project in the previous six month period to the legislative
9 fiscal committees.

10 (12) The office of the state chief information officer, in
11 consultation with the office of financial management, may identify
12 additional projects to be subject to this section, including projects
13 that are not separately identified within an agency budget. The
14 office of the state chief information officer must report on July 1
15 and December 1 each calendar year, beginning July 1, 2020, any
16 additional projects to be subjected to this section that were
17 identified in the previous six month period to the legislative fiscal

20 projects listed in subsection (1) of this section, must be paid from
21 the information technology investment revolving account. For any
22 other information technology project made subject to the conditions,
23 limitations, and review of this section, the cost to implement this
24 section must be paid from the funds for that project.

11 "useable marijuana," "marijuana concentrates," and "marijuana-infused
12 products" as those terms are defined in RCW 69.50.101.

13 **Sec. 917.** RCW 71.24.580 and 2019 c 415 s 980, 2019 c 325 s 1040,
14 and 2019 c 314 s 27 are each reenacted and amended to read as
15 follows:

16 (1) The criminal justice treatment account is created in the
17 state treasury. Moneys in the account may be expended solely for: (a)
18 Substance use disorder treatment and treatment support services for
19 offenders with a substance use disorder that, if not treated, would
20 result in addiction, against whom charges are filed by a prosecuting
21 attorney in Washington state; (b) the provision of substance use
22 disorder treatment services and treatment support services for
23 nonviolent offenders within a drug court program; and (c) the
24 administrative and overhead costs associated with the operation of a
25 drug court. Amounts provided in this subsection must be used for
26 treatment and recovery support services for criminally involved
27 offenders and authorization of these services shall not be subject to
28 determinations of medical necessity. During the 2017-2019 fiscal
29 biennium, the legislature may direct the state treasurer to make
30 transfers of moneys in the criminal justice treatment account to the
31 state general fund. During the 2019-2021 fiscal biennium, the
32 legislature may appropriate from the account for municipal drug
33 courts and increased treatment options, and may direct the state
34 treasurer to make transfers of moneys in the criminal justice
35 treatment account to the home security fund account created in RCW
36 43.185C.060. (~~It is the intent of the legislature to continue the~~
37 ~~policy of transferring moneys from the criminal justice treatment~~
38 ~~account to the home security fund account in subsequent biennia.))
39 Moneys in the account may be spent only after appropriation.~~

1 (2) For purposes of this section:

2 (a) "Treatment" means services that are critical to a
3 participant's successful completion of his or her substance use
4 disorder treatment program, including but not limited to the recovery
5 support and other programmatic elements outlined in RCW 2.30.030
6 authorizing therapeutic courts; and

7 (b) "Treatment support" includes transportation to or from
8 inpatient or outpatient treatment services when no viable alternative
9 exists, and child care services that are necessary to ensure a
10 participant's ability to attend outpatient treatment sessions.

11 (3) Revenues to the criminal justice treatment account consist
12 of: (a) Funds transferred to the account pursuant to this section;
13 and (b) any other revenues appropriated to or deposited in the
14 account.

15 (4)(a) For the fiscal year beginning July 1, 2005, and each
16 subsequent fiscal year, the state treasurer shall transfer eight
17 million two hundred fifty thousand dollars from the general fund to
18 the criminal justice treatment account, divided into four equal
19 quarterly payments. For the fiscal year beginning July 1, 2006, and
20 each subsequent fiscal year, the amount transferred shall be
21 increased on an annual basis by the implicit price deflator as
22 published by the federal bureau of labor statistics.

23 (b) In each odd-numbered year, the legislature shall appropriate
24 the amount transferred to the criminal justice treatment account in
25 (a) of this subsection to the department for the purposes of
26 subsection (5) of this section.

27 (5) Moneys appropriated to the authority from the criminal
28 justice treatment account shall be distributed as specified in this
29 subsection. The authority may retain up to three percent of the
30 amount appropriated under subsection (4)(b) of this section for its
31 administrative costs.

32 (a) Seventy percent of amounts appropriated to the authority from
33 the account shall be distributed to counties pursuant to the
34 distribution formula adopted under this section. The authority, in
35 consultation with the department of corrections, the Washington state
36 association of counties, the Washington state association of drug
37 court professionals, the superior court judges' association, the
38 Washington association of prosecuting attorneys, representatives of
39 the criminal defense bar, representatives of substance use disorder
40 treatment providers, and any other person deemed by the authority to

1 be necessary, shall establish a fair and reasonable methodology for
2 distribution to counties of moneys in the criminal justice treatment
3 account. County or regional plans submitted for the expenditure of
4 formula funds must be approved by the panel established in (b) of
5 this subsection.

6 (b) Thirty percent of the amounts appropriated to the authority
7 from the account shall be distributed as grants for purposes of
8 treating offenders against whom charges are filed by a county
9 prosecuting attorney. The authority shall appoint a panel of
10 representatives from the Washington association of prosecuting
11 attorneys, the Washington association of sheriffs and police chiefs,
12 the superior court judges' association, the Washington state
13 association of counties, the Washington defender's association or the
14 Washington association of criminal defense lawyers, the department of
15 corrections, the Washington state association of drug court
16 professionals, and substance use disorder treatment providers. The
17 panel shall review county or regional plans for funding under (a) of
18 this subsection and grants approved under this subsection. The panel
19 shall attempt to ensure that treatment as funded by the grants is
20 available to offenders statewide.

21 (6) The county alcohol and drug coordinator, county prosecutor,
22 county sheriff, county superior court, a substance abuse treatment
23 provider appointed by the county legislative authority, a member of
24 the criminal defense bar appointed by the county legislative
25 authority, and, in counties with a drug court, a representative of
26 the drug court shall jointly submit a plan, approved by the county
27 legislative authority or authorities, to the panel established in
28 subsection (5)(b) of this section, for disposition of all the funds
29 provided from the criminal justice treatment account within that
30 county. The submitted plan should incorporate current evidence-based
31 practices in substance use disorder treatment. The funds shall be
32 used solely to provide approved alcohol and substance use disorder
33 treatment pursuant to RCW 71.24.560 and treatment support services.
34 No more than ten percent of the total moneys received under
35 subsections (4) and (5) of this section by a county or group of
36 counties participating in a regional agreement shall be spent for
37 treatment support services.

38 (7) Counties are encouraged to consider regional agreements and
39 submit regional plans for the efficient delivery of treatment under
40 this section.

1 (8) Moneys allocated under this section shall be used to
2 supplement, not supplant, other federal, state, and local funds used
3 for substance abuse treatment.

4 (9) If a region or county uses criminal justice treatment account
5 funds to support a therapeutic court, the therapeutic court must
6 allow the use of all medications approved by the federal food and
7 drug administration for the treatment of opioid use disorder as
8 deemed medically appropriate for a participant by a medical
9 professional. If appropriate medication-assisted treatment resources
10 are not available or accessible within the jurisdiction, the health
11 care authority's designee for assistance must assist the court with
12 acquiring the resource.

13 (10) Counties must meet the criteria established in RCW
14 2.30.030(3).

15 (11) The authority shall annually review and monitor the
16 expenditures made by any county or group of counties that receives
17 appropriated funds distributed under this section. Counties shall
18 repay any funds that are not spent in accordance with the
19 requirements of its contract with the authority.

20 **Sec. 918.** RCW 74.46.561 and 2019 c 301 s 1 are each amended to
21 read as follows:

22 (1) The legislature adopts a new system for establishing nursing
23 home payment rates beginning July 1, 2016. Any payments to nursing
24 homes for services provided after June 30, 2016, must be based on the
25 new system. The new system must be designed in such a manner as to
26 decrease administrative complexity associated with the payment
27 methodology, reward nursing homes providing care for high acuity
28 residents, incentivize quality care for residents of nursing homes,
29 and establish minimum staffing standards for direct care.

30 (2) The new system must be based primarily on industry-wide
31 costs, and have three main components: Direct care, indirect care,
32 and capital.

33 (3) The direct care component must include the direct care and
34 therapy care components of the previous system, along with food,
35 laundry, and dietary services. Direct care must be paid at a fixed
36 rate, based on one hundred percent or greater of statewide case mix
37 neutral median costs, but shall be set so that a nursing home
38 provider's direct care rate does not exceed one hundred eighteen
39 percent of its base year's direct care allowable costs except if the

1 provider is below the minimum staffing standard established in RCW
2 74.42.360(2). Direct care must be performance-adjusted for acuity
3 every six months, using case mix principles. Direct care must be
4 regionally adjusted using county wide wage index information
5 available through the United States department of labor's bureau of
6 labor statistics. There is no minimum occupancy for direct care. The
7 direct care component rate allocations calculated in accordance with
8 this section must be adjusted to the extent necessary to comply with
9 RCW 74.46.421.

10 (4) The indirect care component must include the elements of
11 administrative expenses, maintenance costs, and housekeeping services
12 from the previous system. A minimum occupancy assumption of ninety
13 percent must be applied to indirect care. Indirect care must be paid
14 at a fixed rate, based on ninety percent or greater of statewide
15 median costs. The indirect care component rate allocations calculated
16 in accordance with this section must be adjusted to the extent
17 necessary to comply with RCW 74.46.421.

18 (5) The capital component must use a fair market rental system to
19 set a price per bed. The capital component must be adjusted for the
20 age of the facility, and must use a minimum occupancy assumption of
21 ninety percent.

22 (a) Beginning July 1, 2016, the fair rental rate allocation for
23 each facility must be determined by multiplying the allowable nursing
24 home square footage in (c) of this subsection by the RSMeans rental
25 rate in (d) of this subsection and by the number of licensed beds
26 yielding the gross unadjusted building value. An equipment allowance
27 of ten percent must be added to the unadjusted building value. The
28 sum of the unadjusted building value and equipment allowance must
29 then be reduced by the average age of the facility as determined by
30 (e) of this subsection using a depreciation rate of one and one-half
31 percent. The depreciated building and equipment plus land valued at
32 ten percent of the gross unadjusted building value before
33 depreciation must then be multiplied by the rental rate at seven and
34 one-half percent to yield an allowable fair rental value for the
35 land, building, and equipment.

36 (b) The fair rental value determined in (a) of this subsection
37 must be divided by the greater of the actual total facility census
38 from the prior full calendar year or imputed census based on the
39 number of licensed beds at ninety percent occupancy.

1 (c) For the rate year beginning July 1, 2016, all facilities must
2 be reimbursed using four hundred square feet. For the rate year
3 beginning July 1, 2017, allowable nursing facility square footage
4 must be determined using the total nursing facility square footage as
5 reported on the medicaid cost reports submitted to the department in
6 compliance with this chapter. The maximum allowable square feet per
7 bed may not exceed four hundred fifty.

8 (d) Each facility must be paid at eighty-three percent or greater
9 of the median nursing facility RSMeans construction index value per
10 square foot. The department may use updated RSMeans construction
11 index information when more recent square footage data becomes
12 available. The statewide value per square foot must be indexed based
13 on facility zip code by multiplying the statewide value per square
14 foot times the appropriate zip code based index. For the purpose of
15 implementing this section, the value per square foot effective July
16 1, 2016, must be set so that the weighted average fair rental value
17 rate is not less than ten dollars and eighty cents per patient day.
18 The capital component rate allocations calculated in accordance with
19 this section must be adjusted to the extent necessary to comply with
20 RCW 74.46.421.

21 (e) The average age is the actual facility age reduced for
22 significant renovations. Significant renovations are defined as those
23 renovations that exceed two thousand dollars per bed in a calendar
24 year as reported on the annual cost report submitted in accordance
25 with this chapter. For the rate beginning July 1, 2016, the
26 department shall use renovation data back to 1994 as submitted on
27 facility cost reports. Beginning July 1, 2016, facility ages must be
28 reduced in future years if the value of the renovation completed in
29 any year exceeds two thousand dollars times the number of licensed
30 beds. The cost of the renovation must be divided by the accumulated
31 depreciation per bed in the year of the renovation to determine the
32 equivalent number of new replacement beds. The new age for the
33 facility is a weighted average with the replacement bed equivalents
34 reflecting an age of zero and the existing licensed beds, minus the
35 new bed equivalents, reflecting their age in the year of the
36 renovation. At no time may the depreciated age be less than zero or
37 greater than forty-four years.

38 (f) A nursing facility's capital component rate allocation must
39 be rebased annually, effective July 1, 2016, in accordance with this
40 section and this chapter.

1 (g) For the purposes of this subsection (5), "RSMeans" means
2 building construction costs data as published by Gordian.

3 (6) A quality incentive must be offered as a rate enhancement
4 beginning July 1, 2016.

5 (a) An enhancement no larger than five percent and no less than
6 one percent of the statewide average daily rate must be paid to
7 facilities that meet or exceed the standard established for the
8 quality incentive. All providers must have the opportunity to earn
9 the full quality incentive payment.

10 (b) The quality incentive component must be determined by
11 calculating an overall facility quality score composed of four to six
12 quality measures. For fiscal year 2017 there shall be four quality
13 measures, and for fiscal year 2018 there shall be six quality
14 measures. Initially, the quality incentive component must be based on
15 minimum data set quality measures for the percentage of long-stay
16 residents who self-report moderate to severe pain, the percentage of
17 high-risk long-stay residents with pressure ulcers, the percentage of
18 long-stay residents experiencing one or more falls with major injury,
19 and the percentage of long-stay residents with a urinary tract
20 infection. Quality measures must be reviewed on an annual basis by a
21 stakeholder work group established by the department. Upon review,
22 quality measures may be added or changed. The department may risk
23 adjust individual quality measures as it deems appropriate.

24 (c) The facility quality score must be point based, using at a
25 minimum the facility's most recent available three-quarter average
26 centers for medicare and medicaid services quality data. Point
27 thresholds for each quality measure must be established using the
28 corresponding statistical values for the quality measure point
29 determinants of eighty quality measure points, sixty quality measure
30 points, forty quality measure points, and twenty quality measure
31 points, identified in the most recent available five-star quality
32 rating system technical user's guide published by the center for
33 medicare and medicaid services.

34 (d) Facilities meeting or exceeding the highest performance
35 threshold (top level) for a quality measure receive twenty-five
36 points. Facilities meeting the second highest performance threshold
37 receive twenty points. Facilities meeting the third level of
38 performance threshold receive fifteen points. Facilities in the
39 bottom performance threshold level receive no points. Points from all

1 quality measures must then be summed into a single aggregate quality
2 score for each facility.

3 (e) Facilities receiving an aggregate quality score of eighty
4 percent of the overall available total score or higher must be placed
5 in the highest tier (tier V), facilities receiving an aggregate score
6 of between seventy and seventy-nine percent of the overall available
7 total score must be placed in the second highest tier (tier IV),
8 facilities receiving an aggregate score of between sixty and sixty-
9 nine percent of the overall available total score must be placed in
10 the third highest tier (tier III), facilities receiving an aggregate
11 score of between fifty and fifty-nine percent of the overall
12 available total score must be placed in the fourth highest tier (tier
13 II), and facilities receiving less than fifty percent of the overall
14 available total score must be placed in the lowest tier (tier I).

15 (f) The tier system must be used to determine the amount of each
16 facility's per patient day quality incentive component. The per
17 patient day quality incentive component for tier IV is seventy-five
18 percent of the per patient day quality incentive component for tier
19 V, the per patient day quality incentive component for tier III is
20 fifty percent of the per patient day quality incentive component for
21 tier V, and the per patient day quality incentive component for tier
22 II is twenty-five percent of the per patient day quality incentive
23 component for tier V. Facilities in tier I receive no quality
24 incentive component.

25 (g) Tier system payments must be set in a manner that ensures
26 that the entire biennial appropriation for the quality incentive
27 program is allocated.

28 (h) Facilities with insufficient three-quarter average centers
29 for medicare and medicaid services quality data must be assigned to
30 the tier corresponding to their five-star quality rating. Facilities
31 with a five-star quality rating must be assigned to the highest tier
32 (tier V) and facilities with a one-star quality rating must be
33 assigned to the lowest tier (tier I). The use of a facility's five-
34 star quality rating shall only occur in the case of insufficient
35 centers for medicare and medicaid services minimum data set
36 information.

37 (i) The quality incentive rates must be adjusted semiannually on
38 July 1 and January 1 of each year using, at a minimum, the most
39 recent available three-quarter average centers for medicare and
40 medicaid services quality data.

1 (j) Beginning July 1, 2017, the percentage of short-stay
2 residents who newly received an antipsychotic medication must be
3 added as a quality measure. The department must determine the quality
4 incentive thresholds for this quality measure in a manner consistent
5 with those outlined in (b) through (h) of this subsection using the
6 centers for medicare and medicaid services quality data.

7 (k) Beginning July 1, 2017, the percentage of direct care staff
8 turnover must be added as a quality measure using the centers for
9 medicare and medicaid services' payroll-based journal and nursing
10 home facility payroll data. Turnover is defined as an employee
11 departure. The department must determine the quality incentive
12 thresholds for this quality measure using data from the centers for
13 medicare and medicaid services' payroll-based journal, unless such
14 data is not available, in which case the department shall use direct
15 care staffing turnover data from the most recent medicaid cost
16 report.

17 (7) Reimbursement of the safety net assessment imposed by chapter
18 74.48 RCW and paid in relation to medicaid residents must be
19 continued.

20 (8) (a) The direct care and indirect care components must be
21 rebased in even-numbered years, beginning with rates paid on July 1,
22 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar
23 year cost report. On a percentage basis, after rebasing, the
24 department must confirm that the statewide average daily rate has
25 increased at least as much as the average rate of inflation, as
26 determined by the skilled nursing facility market basket index
27 published by the centers for medicare and medicaid services, or a
28 comparable index. If after rebasing, the percentage increase to the
29 statewide average daily rate is less than the average rate of
30 inflation for the same time period, the department is authorized to
31 increase rates by the difference between the percentage increase
32 after rebasing and the average rate of inflation.

33 (b) It is the intention of the legislature that direct and
34 indirect care rates paid in fiscal year 2022 will be rebased using
35 the calendar year 2019 cost reports. For fiscal year 2021, in
36 addition to the rates generated by (a) of this subsection, an
37 additional adjustment is provided as established in this subsection
38 (8)(b). Beginning May 1, 2020, and through June 30, 2021, the
39 calendar year costs must be adjusted for inflation by a twenty-four
40 month consumer price index, based on the most recently available

1 monthly index for all urban consumers, as published by the bureau of
2 labor statistics. It is also the intent of the legislature that,
3 starting in fiscal year 2022, a facility-specific rate add-on equal
4 to the inflation adjustment that facilities received solely in fiscal
5 year 2021, must be added to the rate.

6 (c) To determine the necessity of regular inflationary
7 adjustments to the nursing facility rates, by December 1, 2020, the
8 department shall provide the appropriate policy and fiscal committees
9 of the legislature with a report that provides a review of rates paid
10 in 2017, 2018, and 2019 in comparison to costs incurred by nursing
11 facilities.

12 (9) The direct care component provided in subsection (3) of this
13 section is subject to the reconciliation and settlement process
14 provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to
15 rules established by the department, funds that are received through
16 the reconciliation and settlement process provided in RCW
17 74.46.022(6) must be used for technical assistance, specialized
18 training, or an increase to the quality enhancement established in
19 subsection (6) of this section. The legislature intends to review the
20 utility of maintaining the reconciliation and settlement process
21 under a price-based payment methodology, and may discontinue the
22 reconciliation and settlement process after the 2017-2019 fiscal
23 biennium.

24 (10) Compared to the rate in effect June 30, 2016, including all
25 cost components and rate add-ons, no facility may receive a rate
26 reduction of more than one percent on July 1, 2016, more than two
27 percent on July 1, 2017, or more than five percent on July 1, 2018.
28 To ensure that the appropriation for nursing homes remains cost
29 neutral, the department is authorized to cap the rate increase for
30 facilities in fiscal years 2017, 2018, and 2019.

31 **Sec. 919.** RCW 82.08.170 and 2015 3rd sp.s. c 4 s 976 are each
32 amended to read as follows:

33 (1) Except as provided in subsections (4) and (5) of this
34 section, during the months of January, April, July, and October of
35 each year, the state treasurer must make the transfers required under
36 subsections (2) and (3) of this section from the liquor excise tax
37 fund and then the apportionment and distribution of all remaining
38 moneys in the liquor excise tax fund to the counties, cities, and
39 towns in the following proportions: (a) Twenty percent of the moneys

1 in the liquor excise tax fund must be divided among and distributed
2 to the counties of the state in accordance with the provisions of RCW
3 66.08.200; and (b) eighty percent of the moneys in the liquor excise
4 tax fund must be divided among and distributed to the cities and
5 towns of the state in accordance with the provisions of RCW
6 66.08.210.

7 (2) Each fiscal quarter and prior to making the twenty percent
8 distribution to counties under subsection (1)(a) of this section, the
9 treasurer shall transfer to the liquor revolving fund created in RCW
10 66.08.170 sufficient moneys to fund the allotments from any
11 legislative appropriations for county research and services as
12 provided under chapter 43.110 RCW.

13 (3) During the months of January, April, July, and October of
14 each year, the state treasurer must transfer two million five hundred
15 thousand dollars from the liquor excise tax fund to the state general
16 fund.

17 (4) During calendar year 2012, the October distribution under
18 subsection (1) of this section and the July and October transfers
19 under subsections (2) and (3) of this section must not be made.
20 During calendar year 2013, the January, April, and July distributions
21 under subsection (1) of this section and transfers under subsections
22 (2) and (3) of this section must not be made.

23 (5) During the 2015-2017 and 2019-2021 fiscal (~~biennium~~)
24 biennia, the liquor excise tax fund may be appropriated for the local
25 government fiscal note program in the department of commerce. It is
26 the intent of the legislature to continue this policy in the
27 (~~(2017-2019)~~) subsequent fiscal biennium.

28 **Sec. 920.** RCW 82.19.040 and 2019 c 415 s 989 are each amended to
29 read as follows:

30 (1) To the extent applicable, all of the definitions of chapter
31 82.04 RCW and all of the provisions of chapter 82.32 RCW apply to the
32 tax imposed in this chapter.

33 (2) Beginning June 30, 2019, taxes collected under this chapter
34 shall be deposited in the waste reduction, recycling, and litter
35 control account under RCW 70.93.180, except that until June 30,
36 (~~(2021)~~) 2020, one million two hundred fifty thousand dollars (~~(per~~
37 ~~fiscal year)~~) must be deposited in equal monthly amounts in the state
38 parks renewal and stewardship account, with the remainder deposited
39 in the waste reduction, recycling, and litter control account. (~~(F~~

1 ~~is the intent of the legislature to continue this policy in the~~
2 ~~ensuing biennium.))~~

3 **Sec. 921.** RCW 90.56.510 and 2019 c 415 s 994 are each amended to
4 read as follows:

5 (1) The oil spill prevention account is created in the state
6 treasury. All receipts from RCW 82.23B.020(2) shall be deposited in
7 the account. Moneys from the account may be spent only after
8 appropriation. The account is subject to allotment procedures under
9 chapter 43.88 RCW. If, on the first day of any calendar month, the
10 balance of the oil spill response account is greater than nine
11 million dollars and the balance of the oil spill prevention account
12 exceeds the unexpended appropriation for the current biennium, then
13 the tax under RCW 82.23B.020(2) shall be suspended on the first day
14 of the next calendar month until the beginning of the following
15 biennium, provided that the tax shall not be suspended during the
16 last six months of the biennium. If the tax imposed under RCW
17 82.23B.020(2) is suspended during two consecutive biennia, the
18 department shall by November 1st after the end of the second
19 biennium, recommend to the appropriate standing committees an
20 adjustment in the tax rate. For the biennium ending June 30, 1999,
21 and the biennium ending June 30, 2001, the state treasurer may
22 transfer a total of up to one million dollars from the oil spill
23 response account to the oil spill prevention account to support
24 appropriations made from the oil spill prevention account in the
25 omnibus appropriations act adopted not later than June 30, 1999.

26 (2) Expenditures from the oil spill prevention account shall be
27 used exclusively for the administrative costs related to the purposes
28 of this chapter, and chapters 90.48, 88.40, and 88.46 RCW. In
29 addition, until June 30, 2021, expenditures from the oil spill
30 prevention account may be used, subject to amounts appropriated
31 specifically for this purpose, for the development and annual review
32 of local emergency planning committee emergency response plans in RCW
33 38.52.040(3). Starting with the 1995-1997 biennium, the legislature
34 shall give activities of state agencies related to prevention of oil
35 spills priority in funding from the oil spill prevention account.
36 Costs of prevention include the costs of:

- 37 (a) Routine responses not covered under RCW 90.56.500;
38 (b) Management and staff development activities;

29 (c) The contract may be entered into as a sole source contract to
30 facilitate receipt of the business plan by its due date to the
31 legislature.

32 (4) The task force shall assist with scoping the content of the

25 degradation;

26 (3) Activities that restore or improve ecosystem resiliency and

30 NEW SECTION. **Sec. 925.** If any provision of this act or its
