**HUMAN SERVICES**

**Sec. 201.** 2019 c 415 s 201 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the

1 federal government, historical utilization, economic data, and  
2 clinical input constitute reliable data upon which to determine the  
3 payment rates.

4 (4) The department shall to the maximum extent practicable use  
5 the same system for delivery of spoken-language interpreter services  
6 for social services appointments as the one established for medical  
7 appointments in the health care authority. When contracting directly  
8 with an individual to deliver spoken language interpreter services,  
9 the department shall only contract with language access providers who  
10 are working at a location in the state and who are state-certified or  
11 state-authorized, except that when such a provider is not available,  
12 the department may use a language access provider who meets other  
13 certifications or standards deemed to meet state standards, including  
14 interpreters in other states.

15 (5) Information technology projects or investments and proposed  
16 projects or investments impacting time capture, payroll and payment  
17 processes and systems, eligibility, case management, and  
18 authorization systems within the department of social and health  
19 services are subject to technical oversight by the office of the  
20 chief information officer.

21 (6) (a) The department shall facilitate enrollment under the  
22 medicaid expansion for clients applying for or receiving state funded  
23 services from the department and its contractors. Prior to open  
24 enrollment, the department shall coordinate with the health care  
25 authority to provide referrals to the Washington health benefit  
26 exchange for clients that will be ineligible for medicaid.

27 (b) To facilitate a single point of entry across public and  
28 medical assistance programs, and to maximize the use of federal  
29 funding, the health care authority, the department of social and  
30 health services, and the health benefit exchange will coordinate  
31 efforts to expand HealthPlanfinder access to public assistance and  
32 medical eligibility staff. The department shall complete medicaid  
33 applications in the HealthPlanfinder for households receiving or  
34 applying for public assistance benefits.

35 (7) The health care authority, the health benefit exchange, the  
36 department of social and health services, the department of health,  
37 and the department of children, youth, and families shall work  
38 together within existing resources to establish the health and human  
39 services enterprise coalition (the coalition). The coalition, led by  
40 the health care authority, must be a multi-organization collaborative

1 that provides strategic direction and federal funding guidance for  
2 projects that have cross-organizational or enterprise impact,  
3 including information technology projects that affect organizations  
4 within the coalition. By October 31, 2019, the coalition must submit  
5 a report to the governor and the legislature that describes the  
6 coalition's plan for projects affecting the coalition organizations.  
7 The report must include any information technology projects impacting  
8 coalition organizations and, in collaboration with the office of the  
9 chief information officer, provide: (a) The status of any information  
10 technology projects currently being developed or implemented that  
11 affect the coalition; (b) funding needs of these current and future  
12 information technology projects; and (c) next steps for the  
13 coalition's information technology projects. The office of the chief  
14 information officer shall maintain a statewide perspective when  
15 collaborating with the coalition to ensure that the development of  
16 projects identified in this report are planned for in a manner that  
17 ensures the efficient use of state resources and maximizes federal  
18 financial participation. The work of the coalition is subject to the  
19 conditions, limitations, and review provided in (~~section 719 of this~~  
20 ~~act~~) section 701 of this act.

21 (8) (a) The appropriations to the department of social and health  
22 services in this act must be expended for the programs and in the  
23 amounts specified in this act. However, after May 1, 2020, unless  
24 prohibited by this act, the department may transfer general fund—  
25 state appropriations for fiscal year 2020 from sections 202 and 204  
26 through 209 of this act to the developmental disability programs and  
27 subprograms in section 203 of this act after approval by the director  
28 of the office of financial management. However, the department may  
29 not transfer state appropriations that are provided solely for a  
30 specified purpose. The department may not transfer funds, and the  
31 director of the office of financial management may not approve the  
32 transfer, unless the transfer is consistent with the objective of  
33 conserving, to the maximum extent possible, the expenditure of state  
34 funds. The director of the office of financial management shall  
35 notify the appropriate fiscal committees of the legislature in  
36 writing seven days prior to approving any allotment modifications or  
37 transfers under this subsection. The written notification shall  
38 include a narrative explanation and justification of the changes,  
39 along with expenditures and allotments by budget unit and

1 appropriation, both before and after any allotment modifications or  
2 transfers.

26 hospital patients into community settings within fourteen days of the  
27 determination that they no longer require active psychiatric  
28 treatment at an inpatient level of care. The department must use  
29 these funds to track the following elements related to this  
30 requirement: (i) The date on which an individual is determined to no  
31 longer require active psychiatric treatment at an inpatient level of  
32 care; (ii) the date on which the behavioral health entities and other  
33 organizations responsible for resource management services for the  
34 person is notified of this determination; and (iii) the date on which  
35 either the individual is transitioned to the community or has been

5 (g) \$250,000 of the general fund—state appropriation for fiscal  
6 year 2020 and \$250,000 of the general fund—state appropriation for

8 collaboration with the health care authority, to develop and

10 at high risk of future involvement with the criminal justice system  
11 and for developing a model to estimate demand for civil and forensic  
12 state hospital bed needs pursuant to the following requirements.

13 (i) The predictive modeling tool must be developed to leverage  
14 data from a variety of sources and identify factors that are strongly  
15 associated with future criminal justice involvement. The department  
16 must submit a report to the office of financial management and the  
17 appropriate committees of the legislature which describes the  
18 following: (A) The proposed data sources to be used in the predictive  
19 model and how privacy issues will be addressed; (B) modeling results  
20 including a description of measurable factors most strongly  
21 predictive of risk of future criminal justice involvement; (C) an  
22 assessment of the accuracy, timeliness, and potential effectiveness  
23 of the tool; (D) identification of interventions and strategies that  
24 can be effective in reducing future criminal justice involvement of  
25 high risk patients; and (E) the timeline for implementing processes  
26 to provide monthly lists of high-risk client to contracted managed  
27 care organizations and behavioral health entities.

28 (ii) The model for civil and forensic state hospital bed need  
29 must be developed and updated in consultation with staff from the  
30 office of financial management and the appropriate fiscal committees  
31 of the state legislature. The model shall incorporate factors for  
32 capacity in state hospitals as well as contracted facilities, which  
33 provide similar levels of care, referral patterns, wait lists,  
34 lengths of stay, and other factors identified as appropriate for  
35 predicting the number of beds needed to meet the demand for civil and  
36 forensic state hospital services. Factors should include  
37 identification of need for the services and analysis of the effect of  
38 community investments in behavioral health services and other types  
39 of beds that may reduce the need for long-term civil commitment  
40 needs. The department must submit a report to the legislature by

1 October 1, 2019, with an update of the model and the estimated civil  
2 and forensic state hospital bed need by November 1, 2020, and each  
3 November 1st thereafter through the end of fiscal year 2027. The  
4 department must continue to update the model on a calendar quarterly  
5 basis and provide updates to the office of financial management and  
6 the appropriate committees of the legislature accordingly.

22 year 2020 and \$7,147,000 of the general fund—state appropriation for

25 evaluation services for individuals who are in local jails pursuant  
26 to chapter 5, Laws of 2015 (SSB 5889) (timeliness of competency

1 improve the timeliness of competency restoration services pursuant to  
2 chapter 5, Laws of 2015 (SSB 5889) (timeliness of competency  
3 treatment and evaluation services). These amounts must be used to  
4 maintain increases that began in fiscal year 2016 and further

28 department must also continue to update, in collaboration with the  
29 office of financial management's labor relations office, the staffing

18 the office of financial management and the appropriate committees of  
19 the legislature that include monitoring of monthly spending, staffing  
20 levels, overtime and use of locums compared to allotments and to the

17 child to remain in his or her family home. The department must  
18 provide the legislature with a respite utilization report in January  
19 of each year that provides information about the number of children  
20 who have used enhanced respite in the preceding year, as well as the  
21 location and number of days per month that each respite bed was  
22 occupied.

23 (h) \$2,025,000 of the general fund—state appropriation for fiscal  
24 year 2020 and \$2,006,000 of the general fund—state appropriation for  
25 fiscal year 2021 are provided solely for the development and  
26 implementation of thirteen community respite beds across the state  
27 for adults. These services are intended to provide families and  
28 caregivers with a break in caregiving and the opportunity for  
29 stabilization of the individual in a community-based setting as an  
30 alternative to using a residential habilitation center to provide  
31 planned or emergent respite. The department must provide the  
32 legislature with a respite utilization report by January of each year  
33 that provides information about the number of individuals who have  
34 used community respite in the preceding year, as well as the location  
35 and number of days per month that each respite bed was occupied.

6 shared supportive housing beds, state operated living alternative

10 assessment must identify and authorize personal care, nursing care,  
11 behavioral health stabilization, physical therapy, or other necessary  
12 services to meet the unique needs of each client. It is the  
13 expectation that, in most cases, staffing ratios in all community  
14 alternative placement options described in (i)(i) of this subsection  
15 will need to increase to meet the needs of clients leaving the state  
16 psychiatric hospitals. If specialized training is necessary to meet  
17 the needs of a client before he or she enters a community placement,  
18 then the person centered service plan must also identify and  
19 authorize this training.

20 (iii) When reviewing placement options, the department must  
21 consider the safety of other residents, as well as the safety of  
22 staff, in a facility. An initial evaluation of each placement,  
23 including any documented safety concerns, must occur within thirty  
24 days of a client leaving one of the state psychiatric hospitals and  
25 entering one of the community placement options described in (i)(i)  
26 of this subsection. At a minimum, the department must perform two  
27 additional evaluations of each placement during the first year that a  
28 client has lived in the facility.

37 research and assess options to claim federal medicaid funds for

17 The appropriations in this section are subject to the following  
18 conditions and limitations:

19 (1) The authority shall not accept or expend any federal funds  
20 received under a medicaid transformation waiver under healthier  
21 Washington except as described in subsections (2) and (3) of this  
22 section until specifically approved and appropriated by the  
23 legislature. To ensure compliance with legislative directive budget  
24 requirements and terms and conditions of the waiver, the authority  
25 shall implement the waiver and reporting requirements with oversight  
26 from the office of financial management. The legislature finds that  
27 appropriate management of the innovation waiver requires better  
28 analytic capability, transparency, consistency, timeliness, accuracy,  
29 and lack of redundancy with other established measures and that the  
30 patient must be considered first and foremost in the implementation  
31 and execution of the demonstration waiver. In order to effectuate  
32 these goals, the authority shall: (a) Require the Dr. Robert Bree  
33 collaborative and the health technology assessment program to reduce  
34 the administrative burden upon providers by only requiring  
35 performance measures that are nonduplicative of other nationally  
36 established measures. The joint select committee on health care  
37 oversight will evaluate the measures chosen by the collaborative and  
38 the health technology assessment program for effectiveness and  
39 appropriateness; (b) develop a patient satisfaction survey with the

1 goal to gather information about whether it was beneficial for the  
2 patient to use the center of excellence location in exchange for  
3 additional out-of-pocket savings; (c) ensure patients and health care  
4 providers have significant input into the implementation of the  
5 demonstration waiver, in order to ensure improved patient health  
6 outcomes; and (d) in cooperation with the department of social and  
7 health services, consult with and provide notification of work on  
8 applications for federal waivers, including details on waiver  
9 duration, financial implications, and potential future impacts on the  
10 state budget, to the joint select committee on health care oversight  
11 prior to submitting waivers for federal approval. By federal  
12 standard, the medicaid transformation demonstration waiver shall not  
13 exceed the duration originally granted by the centers for medicare  
14 and medicaid services and any programs created or funded by this  
15 waiver do not create an entitlement. Beginning May 15, 2019, and  
16 continuing through December 15, 2019, by the 15th of each month, the  
17 director in consultation with the secretary shall report to the  
18 fiscal chair of the appropriate committees of the legislature in the  
19 manner and form requested the status of the medicaid transformation  
20 waiver, including any anticipated or proposed changes to accruals or  
21 expenditures.

22 (2) No more than (~~(\$305,659,000)~~) \$236,792,000 of the general  
23 fund—federal appropriation and no more than (~~(\$157,284,000)~~)  
24 \$169,627,000 of the general fund—local appropriation may be expended  
25 for transformation through accountable communities of health  
26 described in initiative 1 of the medicaid transformation  
27 demonstration wavier under healthier Washington, including preventing  
28 youth drug use, opioid prevention and treatment, and physical and  
29 behavioral health integration. Under this initiative, the authority  
30 shall take into account local input regarding community needs. In  
31 order to ensure transparency to the appropriate fiscal committees of  
32 the legislature, the authority shall provide fiscal staff of the  
33 legislature query ability into any database of the fiscal  
34 intermediary that authority staff would be authorized to access. The  
35 authority shall not increase general fund—state expenditures under  
36 this initiative. The director shall also report to the fiscal  
37 committees of the legislature all of the expenditures under this  
38 subsection and shall provide such fiscal data in the time, manner,  
39 and form requested by the legislative fiscal committees. By December

1 15, 2019, the authority in collaboration with each accountable  
2 community of health shall demonstrate how it will be self-sustaining  
3 by the end of the demonstration waiver period, including sources of  
4 outside funding, and provide this reporting to the joint select  
5 committee on health care oversight. If by the third year of the  
6 demonstration waiver there are not measurable, improved patient  
7 outcomes and financial returns, the Washington state institute for  
8 public policy will conduct an audit of the accountable communities of  
9 health, in addition to the process set in place through the  
10 independent evaluation required by the agreement with centers for  
11 medicare and medicaid services.

12 (3) (a) No more than \$79,829,000 of the general fund—federal  
13 appropriation may be expended for supported housing and employment  
14 services described in initiative 3a and 3b of the medicaid  
15 transformation demonstration waiver under healthier Washington. Under  
16 this initiative, the authority and the department of social and  
17 health services shall ensure that allowable and necessary services  
18 are provided to eligible clients as identified by the department or  
19 its third party administrator. The authority and the department in  
20 consultation with the medicaid forecast work group, shall ensure that  
21 reasonable reimbursements are established for services deemed  
22 necessary within an identified limit per individual. The authority  
23 shall not increase general fund—state expenditures under this  
24 initiative. The director shall report to the joint select committee  
25 on health care oversight no less than quarterly on financial and  
26 health outcomes. The director shall also report to the fiscal  
27 committees of the legislature all of the expenditures of this  
28 subsection and shall provide such fiscal data in the time, manner,  
29 and form requested by the legislative fiscal committees.

30 (b) No more than \$68,867,000 of the general fund—federal  
31 appropriation may be expended for the medicaid quality improvement  
32 program. Under federal regulations, the medicaid quality improvement  
33 program is authorized and allows states to design quality improvement  
34 programs for the medicaid population in ways that support the state's  
35 quality goals. Medicaid quality improvement program payments will not  
36 count against initiative 1 of the medicaid transformation  
37 demonstration waiver spending limit and are excluded from the  
38 waiver's budget neutrality calculation. Apple health managed care  
39 organizations and their partnering providers will receive medicaid

1 quality improvement program payments as they meet designated  
2 milestones. Partnering providers and apple health managed care  
3 organizations will work together to achieve medicaid quality  
4 improvement program goals according to the performance period  
5 timelines and reporting deadlines as set forth by the authority. The  
6 authority shall only utilize the medicaid quality improvement program  
7 to support the transformation waiver and shall not pursue its use for  
8 other purposes. Any programs created or funded by the medicaid  
9 quality improvement program do not create an entitlement. The  
10 authority shall not increase general fund—state, federal, or local  
11 expenditures under this program. The director shall report to the  
12 joint select committee on health care oversight not less than  
13 quarterly on financial and health outcomes. The director shall report  
14 to the fiscal committees of the legislature all of the expenditures  
15 under this subsection and shall provide such fiscal data in the time,  
16 manner, and form requested by the legislative fiscal committees.

17 (4) Annually, no later than November 1st, the authority shall  
18 report to the governor and appropriate committees of the legislature:  
19 (a) Savings attributed to behavioral and physical integration in  
20 areas that are scheduled to integrate in the following calendar year,  
21 and (b) savings attributed to behavioral and physical health  
22 integration and the level of savings achieved in areas that have  
23 integrated behavioral and physical health.

24 (5) Sufficient amounts are appropriated in this subsection to  
25 implement the medicaid expansion as defined in the social security  
26 act, section 1902(a)(10)(A)(i)(VIII).

27 (6) The legislature finds that medicaid payment rates, as  
28 calculated by the health care authority pursuant to the  
29 appropriations in this act, bear a reasonable relationship to the  
30 costs incurred by efficiently and economically operated facilities  
31 for providing quality services and will be sufficient to enlist  
32 enough providers so that care and services are available to the  
33 extent that such care and services are available to the general  
34 population in the geographic area. The legislature finds that the  
35 cost reports, payment data from the federal government, historical  
36 utilization, economic data, and clinical input constitute reliable  
37 data upon which to determine the payment rates.

38 (7) Based on quarterly expenditure reports and caseload  
39 forecasts, if the health care authority estimates that expenditures  
40 for the medical assistance program will exceed the appropriations,

1 the health care authority shall take steps including but not limited  
2 to reduction of rates or elimination of optional services to reduce  
3 expenditures so that total program costs do not exceed the annual  
4 appropriation authority.

5 (8) In determining financial eligibility for medicaid-funded  
6 services, the health care authority is authorized to disregard  
7 recoveries by Holocaust survivors of insurance proceeds or other  
8 assets, as defined in RCW 48.104.030.

9 (9) The legislature affirms that it is in the state's interest  
10 for Harborview medical center to remain an economically viable  
11 component of the state's health care system.

12 (10) When a person is ineligible for medicaid solely by reason of  
13 residence in an institution for mental diseases, the health care  
14 authority shall provide the person with the same benefits as he or  
15 she would receive if eligible for medicaid, using state-only funds to  
16 the extent necessary.

17 (11) \$4,261,000 of the general fund—state appropriation for  
18 fiscal year 2020, \$4,261,000 of the general fund—state appropriation  
19 for fiscal year 2021, and \$8,522,000 of the general fund—federal  
20 appropriation are provided solely for low-income disproportionate  
21 share hospital payments.

22 (12) Within the amounts appropriated in this section, the health  
23 care authority shall provide disproportionate share hospital payments  
24 to hospitals that provide services to children in the children's  
25 health program who are not eligible for services under Title XIX or  
26 XXI of the federal social security act due to their citizenship  
27 status.

28 (13) (~~(\$6,000,000)~~) (a) \$7,000,000 of the general fund—federal  
29 appropriation is provided solely for supplemental payments to nursing  
30 homes operated by public hospital districts. The public hospital  
31 district shall be responsible for providing the required nonfederal  
32 match for the supplemental payment, and the payments shall not exceed  
33 the maximum allowable under federal rules. It is the legislature's  
34 intent that the payments shall be supplemental to and shall not in  
35 any way offset or reduce the payments calculated and provided in  
36 accordance with part E of chapter 74.46 RCW. It is the legislature's  
37 further intent that costs otherwise allowable for rate-setting and  
38 settlement against payments under chapter 74.46 RCW shall not be  
39 disallowed solely because such costs have been paid by revenues

1 retained by the nursing home from these supplemental payments. The  
2 supplemental payments are subject to retrospective interim and final  
3 cost settlements based on the nursing homes' as-filed and final  
4 medicare cost reports. The timing of the interim and final cost  
5 settlements shall be at the health care authority's discretion.  
6 During either the interim cost settlement or the final cost  
7 settlement, the health care authority shall recoup from the public  
8 hospital districts the supplemental payments that exceed the medicaid  
9 cost limit and/or the medicare upper payment limit. The health care  
10 authority shall apply federal rules for identifying the eligible  
11 incurred medicaid costs and the medicare upper payment limit.

12 (b) The authority, in consultation with the department of social  
13 and health services and the nursing homes operated by public  
14 hospitals in subsection (a), must develop a plan with recommendations  
15 for an upper payment limit calculation and the supplemental payment  
16 model for nursing homes operated by a public hospital district. The  
17 group must consider how to restructure payments under subsection (a),  
18 taking into consideration alternate upper payment limit calculation.  
19 If upon completion of the plan, the authority determines it can  
20 implement the recommendations of the group within the amounts  
21 provided in subsection (a), the authority must submit a state plan  
22 amendment, if necessary, and submit a report to the fiscal committees  
23 of the legislature no later than September 30, 2020.

24 (14) The health care authority shall continue the inpatient  
25 hospital certified public expenditures program for the 2019-2021  
26 fiscal biennium. The program shall apply to all public hospitals,  
27 including those owned or operated by the state, except those  
28 classified as critical access hospitals or state psychiatric  
29 institutions. The health care authority shall submit reports to the  
30 governor and legislature by November 1, 2020, and by November 1,  
31 2021, that evaluate whether savings continue to exceed costs for this  
32 program. If the certified public expenditures (CPE) program in its  
33 current form is no longer cost-effective to maintain, the health care  
34 authority shall submit a report to the governor and legislature  
35 detailing cost-effective alternative uses of local, state, and  
36 federal resources as a replacement for this program. During fiscal  
37 year 2020 and fiscal year 2021, hospitals in the program shall be  
38 paid and shall retain one hundred percent of the federal portion of  
39 the allowable hospital cost for each medicaid inpatient fee-for-  
40 service claim payable by medical assistance and one hundred percent

1 of the federal portion of the maximum disproportionate share hospital  
2 payment allowable under federal regulations. Inpatient medicaid  
3 payments shall be established using an allowable methodology that  
4 approximates the cost of claims submitted by the hospitals. Payments  
5 made to each hospital in the program in each fiscal year of the  
6 biennium shall be compared to a baseline amount. The baseline amount  
7 will be determined by the total of (a) the inpatient claim payment  
8 amounts that would have been paid during the fiscal year had the  
9 hospital not been in the CPE program based on the reimbursement rates  
10 developed, implemented, and consistent with policies approved in the  
11 2019-2021 biennial operating appropriations act and in effect on July  
12 1, 2015, (b) one-half of the indigent assistance disproportionate  
13 share hospital payment amounts paid to and retained by each hospital  
14 during fiscal year 2005, and (c) all of the other disproportionate  
15 share hospital payment amounts paid to and retained by each hospital  
16 during fiscal year 2005 to the extent the same disproportionate share  
17 hospital programs exist in the 2019-2021 fiscal biennium. If payments  
18 during the fiscal year exceed the hospital's baseline amount, no  
19 additional payments will be made to the hospital except the federal  
20 portion of allowable disproportionate share hospital payments for  
21 which the hospital can certify allowable match. If payments during  
22 the fiscal year are less than the baseline amount, the hospital will  
23 be paid a state grant equal to the difference between payments during  
24 the fiscal year and the applicable baseline amount. Payment of the  
25 state grant shall be made in the applicable fiscal year and  
26 distributed in monthly payments. The grants will be recalculated and  
27 redistributed as the baseline is updated during the fiscal year. The  
28 grant payments are subject to an interim settlement within eleven  
29 months after the end of the fiscal year. A final settlement shall be  
30 performed. To the extent that either settlement determines that a  
31 hospital has received funds in excess of what it would have received  
32 as described in this subsection, the hospital must repay the excess  
33 amounts to the state when requested. (~~(\$537,000)~~) \$759,000 of the  
34 general fund—state appropriation for fiscal year 2020 and  
35 (~~(\$522,000)~~) \$38,121,000 of the general fund—state appropriation for  
36 fiscal year 2021 are provided solely for state grants for the  
37 participating hospitals.

38 (15) The health care authority shall seek public-private  
39 partnerships and federal funds that are or may become available to  
40 provide on-going support for outreach and education efforts under the

1 federal children's health insurance program reauthorization act of  
2 2009.

3 (16) The health care authority shall target funding for maternity  
4 support services towards pregnant women with factors that lead to  
5 higher rates of poor birth outcomes, including hypertension, a  
6 preterm or low birth weight birth in the most recent previous birth,  
7 a cognitive deficit or developmental disability, substance abuse,  
8 severe mental illness, unhealthy weight or failure to gain weight,  
9 tobacco use, or African American or Native American race. The health  
10 care authority shall prioritize evidence-based practices for delivery  
11 of maternity support services. To the extent practicable, the health  
12 care authority shall develop a mechanism to increase federal funding  
13 for maternity support services by leveraging local public funding for  
14 those services.

15 (17) The authority shall submit reports to the governor and the  
16 legislature by September 15, 2020, and no later than September 15,  
17 2021, that delineate the number of individuals in medicaid managed  
18 care, by carrier, age, gender, and eligibility category, receiving  
19 preventative services and vaccinations. The reports should include  
20 baseline and benchmark information from the previous two fiscal years  
21 and should be inclusive of, but not limited to, services recommended  
22 under the United States preventative services task force, advisory  
23 committee on immunization practices, early and periodic screening,  
24 diagnostic, and treatment (EPSDT) guidelines, and other relevant  
25 preventative and vaccination medicaid guidelines and requirements.

26 (18) Managed care contracts must incorporate accountability  
27 measures that monitor patient health and improved health outcomes,  
28 and shall include an expectation that each patient receive a wellness  
29 examination that documents the baseline health status and allows for  
30 monitoring of health improvements and outcome measures.

31 (19) Sufficient amounts are appropriated in this section for the  
32 authority to provide an adult dental benefit.

33 (20) The health care authority shall coordinate with the  
34 department of social and health services to provide referrals to the  
35 Washington health benefit exchange for clients that will be  
36 ineligible for medicaid.

37 (21) To facilitate a single point of entry across public and  
38 medical assistance programs, and to maximize the use of federal  
39 funding, the health care authority, the department of social and  
40 health services, and the health benefit exchange will coordinate

1 efforts to expand HealthPlanfinder access to public assistance and  
2 medical eligibility staff. The health care authority shall complete  
3 medicaid applications in the HealthPlanfinder for households  
4 receiving or applying for medical assistance benefits.

5 (22) \$90,000 of the general fund—state appropriation for fiscal  
6 year 2020, \$90,000 of the general fund—state appropriation for fiscal  
7 year 2021, and \$180,000 of the general fund—federal appropriation are  
8 provided solely to continue operation by a nonprofit organization of  
9 a toll-free hotline that assists families to learn about and enroll  
10 in the apple health for kids program.

11 (23) Within the amounts appropriated in this section, the  
12 authority shall reimburse for primary care services provided by  
13 naturopathic physicians.

14 (24) Within the amounts appropriated in this section, the  
15 authority shall continue to provide coverage for pregnant teens that  
16 qualify under existing pregnancy medical programs, but whose  
17 eligibility for pregnancy related services would otherwise end due to  
18 the application of the new modified adjusted gross income eligibility  
19 standard.

20 (25) Sufficient amounts are appropriated in this section to  
21 remove the mental health visit limit and to provide the shingles  
22 vaccine and screening, brief intervention, and referral to treatment  
23 benefits that are available in the medicaid alternative benefit plan  
24 in the classic medicaid benefit plan.

25 (26) The authority shall use revenue appropriated from the  
26 dedicated marijuana fund for contracts with community health centers  
27 under RCW 69.50.540 in lieu of general fund—state payments to  
28 community health centers for services provided to medical assistance  
29 clients, and it is the intent of the legislature that this policy  
30 will be continued in subsequent fiscal biennia.

31 (27) Beginning no later than January 1, 2018, for any service  
32 eligible under the medicaid state plan for encounter payments,  
33 managed care organizations at the request of a rural health clinic  
34 shall pay the full published encounter rate directly to the clinic.  
35 At no time will a managed care organization be at risk for or have  
36 any right to the supplemental portion of the claim. Payments will be  
37 reconciled on at least an annual basis between the managed care  
38 organization and the authority, with final review and approval by the  
39 authority.

1 (28) Sufficient funds are provided for the authority to remove  
2 payment and billing limitations identified during the review process  
3 required for implementation of chapter 226, Laws of 2017 (behavioral  
4 health care - primary care integration) for health and behavior  
5 codes, psychotherapy codes, and to continue to offer face-to-  
6 face tobacco cessation counseling only for pregnant individuals.  
7 Additional funding is provided to increase the rates for the health  
8 and behavior codes and psychotherapy codes identified through the  
9 stakeholder work group process required under chapter 226, Laws of  
10 2017 (SSB 5779) by ten percent.

11 (29) (a) \$34,145,000 of the general fund—state appropriation for  
12 fiscal year 2021 and \$5,898,000 of the general fund—federal  
13 appropriation are provided solely for the compromise of claims in the  
14 reconciliation process for rural health clinics for the calendar  
15 years 2014-2017. The authority may not recover the state portion of  
16 rural health clinic reconciliations for calendar years 2014-2017 for  
17 which no state accrual was made. If the authority determines there  
18 are unliquidated prior period accrual balances available to refund  
19 the federal government for these years, these amounts must be used  
20 prior to the amounts provided in this subsection.

21 (b) By October 15, 2019, the authority shall report to the  
22 governor and relevant committees of the legislature the status of  
23 rural health clinic reconciliations for calendar years 2011-2013,  
24 including any use of available unliquidated prior period accrual  
25 balances to refund the federal government for those calendar years.  
26 Additionally, the report shall include the status of rural health  
27 clinic reconciliations for calendar years 2014-2017, including  
28 anticipated amounts owed to or from rural health clinics from the  
29 reconciliation process for those fiscal years. The authority shall  
30 not recover the state portion of rural health reconciliations for  
31 calendar years 2011-2013 for which no general fund state accrual was  
32 made. The authority shall not pursue recoveries for calendar years  
33 2014-2017 until after the legislature has an opportunity to take  
34 action during the 2020 legislative session. If the legislature does  
35 not take any action on rural health clinic reconciliations for  
36 calendar years 2014-2017, recoveries shall commence per  
37 administrative rule.

38 (c) Beginning with fiscal year 2020, and for each subsequent year  
39 thereafter, the authority shall reconcile on an annual basis with  
40 rural health centers.

1 (d) Beginning with fiscal year 2020, and for each subsequent year  
2 thereafter, the authority shall properly accrue for any anticipated  
3 reconciliations with rural health centers during the fiscal year  
4 close process following generally accepted accounting practices.

5 (30) Sufficient amounts are appropriated in this section for the  
6 authority to provide a medicaid equivalent adult dental benefit to  
7 clients enrolled in the medical care service program.

8 (31) \$300,000 of the general fund—state appropriation for fiscal  
9 year 2020 and \$300,000 of the general fund—state appropriation for  
10 fiscal year 2021 are provided solely for the Bree collaborative to  
11 support collaborative learning and targeted technical assistance for  
12 quality improvement initiatives. The collaborative must use these  
13 amounts to hire one full-time staff person to promote the adoption of  
14 Bree collaborative recommendations and to hold two conferences  
15 focused on the sharing of best implementation practices.

16 (32) Within the amounts appropriated in this section, the  
17 authority shall reimburse for maternity (~~support~~) services provided  
18 by doulas.

19 (33) The authority shall facilitate a home health work group  
20 consisting of home health provider associations, hospital  
21 associations, managed care organizations, the department of social  
22 and health services, and the department of health to develop a new  
23 medicaid payment methodology for home health services. The authority  
24 must submit a report with final recommendations and a proposed  
25 implementation timeline to the appropriate committees of the  
26 legislature by November 30, 2019. The work group must consider the  
27 following when developing the new payment methodology:

28 (a) Reimbursement for telemedicine;

29 (b) Reimbursement for social work for clients with behavioral  
30 health needs;

31 (c) An additional add-on for services in rural or underserved  
32 areas;

33 (d) Quality metrics for home health providers serving medical  
34 assistance clients including reducing hospital readmission;

35 (e) The role of home health in caring for individuals with  
36 complex, physical, and behavioral health needs who are able to  
37 receive care in their own home, but are unable to be discharged from  
38 hospital settings; and

1 (f) Partnerships between home health and other community  
2 resources that enable individuals to be served in a cost-effective  
3 setting that also meets the individual's needs and preferences.

4 (34) \$969,000 of the general fund—state appropriation for fiscal  
5 year 2020, \$2,607,000 of the general fund—state appropriation for  
6 fiscal year 2021, and \$1,268,000 of the general fund—federal  
7 appropriation are provided solely to create and operate a tele-  
8 behavioral health video call center staffed by the University of  
9 Washington's department of psychiatry and behavioral sciences. The  
10 center must provide emergency department providers, primary care  
11 providers, and county and municipal correctional facility providers  
12 with on-demand access to psychiatric and substance use disorder  
13 clinical consultation. When clinically appropriate and technically  
14 feasible, the clinical consultation may also involve direct  
15 assessment of patients using tele-video technology. The center must

10 (13) The authority must establish minimum and maximum funding  
11 levels for all reserves allowed under behavioral health organization  
12 and administrative services organization contracts and include  
13 contract language that clearly states the requirements and  
14 limitations. The authority must monitor and ensure that behavioral  
15 health organization and administrative services organization reserves  
16 do not exceed maximum levels. The authority must monitor revenue and  
17 expenditure reports and must require a behavioral health organization  
18 or administrative services organization to submit a corrective action  
19 plan on how it will spend its excess reserves within a reasonable  
20 period of time, when its reported reserves exceed maximum levels  
21 established under the contract. The authority must review and approve  
22 such plans and monitor to ensure compliance. If the authority  
23 determines that a behavioral health organization or administrative  
24 services organization has failed to provide an adequate excess  
25 reserve corrective action plan or is not complying with an approved  
26 plan, the authority must reduce payments to the entity in accordance  
27 with remedial actions provisions included in the contract. These  
28 reductions in payments must continue until the authority determines  
29 that the entity has come into substantial compliance with an approved  
30 excess reserve corrective action plan.

31 (14) During the 2019-2021 fiscal biennium, any amounts provided  
32 in this section that are used for case management services for  
33 pregnant and parenting women must be contracted directly between the  
34 authority and providers rather than through contracts with behavioral  
35 health organizations.

36 (15) Within the amounts appropriated in this section, the  
37 authority may contract with the University of Washington and  
38 community-based providers for the provision of the parent-child  
39 assistance program or other specialized chemical dependency case  
40 management providers for pregnant, post-partum, and parenting women.

1 For all contractors: (a) Service and other outcome data must be  
2 provided to the authority by request; and (b) indirect charges for  
3 administering the program must not exceed ten percent of the total  
4 contract amount.

5 (16) \$3,500,000 of the general fund—federal appropriation (from  
6 the substance abuse prevention and treatment federal block grant) is  
7 provided solely for the continued funding of existing county drug and  
8 alcohol use prevention programs.

9 (17) Within the amounts provided in this section, behavioral  
10 health entities must provide outpatient chemical dependency treatment  
11 for offenders enrolled in the medicaid program who are supervised by  
12 the department of corrections pursuant to a term of community  
13 supervision. Contracts with behavioral health entities must require  
14 that behavioral health entities include in their provider network  
15 specialized expertise in the provision of manualized, evidence-based  
16 chemical dependency treatment services for offenders. The department  
17 of corrections and the authority must develop a memorandum of  
18 understanding for department of corrections offenders on active  
19 supervision who are medicaid eligible and meet medical necessity for  
20 outpatient substance use disorder treatment. The agreement will  
21 ensure that treatment services provided are coordinated, do not  
22 result in duplication of services, and maintain access and quality of  
23 care for the individuals being served. The authority must provide all  
24 necessary data, access, and reports to the department of corrections  
25 for all department of corrections offenders that receive medicaid  
26 paid services.

27 (18) The criminal justice treatment account—state appropriation  
28 is provided solely for treatment and treatment support services for  
29 offenders with a substance use disorder pursuant to RCW 71.24.580.  
30 The authority must offer counties the option to administer their  
31 share of the distributions provided for under RCW 71.24.580(5)(a). If  
32 a county is not interested in administering the funds, the authority  
33 shall contract with behavioral health entities to administer these  
34 funds consistent with the plans approved by local panels pursuant to  
35 RCW 71.24.580(5)(b). The authority must provide a report to the  
36 office of financial management and the appropriate committees of the  
37 legislature which identifies the distribution of criminal justice  
38 treatment account funds by September 30, 2019.

1 (19) No more than \$27,844,000 of the general fund—federal  
2 appropriation may be expended for supported housing and employment  
3 services described in initiative 3a and 3b of the medicaid  
4 transformation demonstration waiver under healthier Washington. Under  
5 this initiative, the authority and the department of social and  
6 health services shall ensure that allowable and necessary services  
7 are provided to eligible clients as identified by the authority or  
8 its providers or third party administrator. The department and the  
9 authority in consultation with the medicaid forecast work group,  
10 shall ensure that reasonable reimbursements are established for  
11 services deemed necessary within an identified limit per individual.  
12 The authority shall not increase general fund—state expenditures  
13 under this initiative. The secretary in collaboration with the  
14 director of the authority shall report to the joint select committee  
15 on health care oversight no less than quarterly on financial and  
16 health outcomes. The secretary in cooperation with the director shall  
17 also report to the fiscal committees of the legislature all of the  
18 expenditures of this subsection and shall provide such fiscal data in  
19 the time, manner, and form requested by the legislative fiscal  
20 committees.

21 (20) \$6,858,000 of the general fund—state appropriation for  
22 fiscal year 2020, \$6,858,000 of the general fund—state appropriation  
23 for fiscal year 2021, and \$8,046,000 of the general fund—federal  
24 appropriation are provided solely to maintain new crisis triage or  
25 stabilization centers. Services in these facilities may include  
26 crisis stabilization and intervention, individual counseling, peer  
27 support, medication management, education, and referral assistance.  
28 The authority shall monitor each center's effectiveness at lowering  
29 the rate of state psychiatric hospital admissions.

30 (21) \$1,125,000 of the general fund—federal appropriation is  
31 provided solely for the authority to develop a memorandum of  
32 understanding with the department of health for implementation of  
33 chapter 297, Laws of 2017 (opioid treatment programs). The authority  
34 must use these amounts to reimburse the department of health for  
35 costs incurred through the implementation of the bill.

36 (22) \$6,655,000 of the general fund—state appropriation for  
37 fiscal year 2020, \$10,015,000 of the general fund—state appropriation  
38 for fiscal year 2021, and \$12,965,000 of the general fund—federal  
39 appropriation are provided solely for the operation of secure

1 withdrawal management and stabilization facilities. The authority may  
2 not use any of these amounts for services in facilities that are  
3 subject to federal funding restrictions that apply to institutions  
4 for mental diseases, unless they have received a waiver that allows  
5 for full federal participation in these facilities. Within these  
6 amounts, funding is provided to increase the fee for service rate for  
7 these facilities up to \$650 per day. The authority must require in  
8 contracts with behavioral health entities that, beginning in calendar  
9 year 2020, they pay no lower than the fee for service rate. The  
10 authority must coordinate with regional behavioral health entities to  
11 identify and implement purchasing strategies or regulatory changes  
12 that increase access to services for individuals with complex  
13 behavioral health needs at secure withdrawal management and  
14 stabilization facilities.

15 (23) \$23,090,000 of the general fund—state appropriation for  
16 fiscal year 2020, \$23,090,000 of the general fund—state appropriation  
17 for fiscal year 2021, and \$92,444,000 of the general fund—federal  
18 appropriation are provided solely to maintain the enhancement of  
19 community-based behavioral health services that was funded in fiscal  
20 year 2019. Twenty percent of the general fund—state appropriation  
21 amounts for each regional service area must be contracted to the  
22 behavioral health administrative organizations and used to increase  
23 their nonmedicaid funding and the remainder must be used to increase  
24 medicaid rates above FY 2018 levels. Effective January 2020, the  
25 medicaid funding is intended to increase rates for behavioral health  
26 services provided by licensed and certified community behavioral  
27 health agencies as defined by the department of health. Any new  
28 medicaid rate enhancements created under this subsection after  
29 January 1, 2020, shall be developed utilizing the process outlined in  
30 subsection (24) of this section. This funding must be allocated to  
31 the managed care organizations proportionate to their medicaid  
32 enrollees. The authority must require the managed care organizations  
33 to provide a report on their implementation of this funding. The  
34 authority must submit a report to the legislature by December 1,  
35 2020, summarizing how this funding was used and provide information  
36 for future options of increasing behavioral health provider rates  
37 through directed payments. The report must identify different  
38 mechanisms for implementing directed payment for behavioral health  
39 providers including but not limited to minimum fee schedules, across

1 the board percentage increases, and value-based payments. The report  
2 must provide a description of each of the mechanisms considered, the  
3 timeline that would be required for implementing the mechanism, and  
4 whether and how the mechanism is expected to have a differential  
5 impact on different providers. The report must also summarize the  
6 information provided by managed care organizations in implementing  
7 the funding provided under this section.

8 (24)(a) In establishing, re-basing, enhancing, or otherwise  
9 updating medicaid rates for behavioral health services, the authority  
10 and contracted actuaries shall use a transparent process that  
11 provides an opportunity for medicaid managed care organizations,  
12 behavioral health administrative service organizations, and  
13 behavioral health provider agencies, and their representatives, to  
14 review and provide data and feedback on proposed rate changes within  
15 their region or regions of service operation. The authority and  
16 contracted actuaries shall consider the information gained from this  
17 process and make adjustments allowable under federal law when  
18 appropriate.

19 (b) The authority shall seek input from representatives of the  
20 managed care organizations (MCOs), licensed community behavioral  
21 health agencies, and behavioral health administrative service  
22 organizations to develop the format of a report which addresses  
23 revenues and expenditures for the community behavioral health  
24 programs. The report shall include, but not be limited to (i)  
25 revenues and expenditures for community behavioral health programs,  
26 including medicaid and nonmedicaid funding; (ii) access to services,  
27 service denials, and utilization by state plan modality; (iii) claims  
28 denials and record of timely payment to providers; (iv) client  
29 demographics; and (v) social and recovery measures and managed care  
30 organization performance measures. The authority shall submit the  
31 report for the preceding calendar year to the governor and  
32 appropriate committees of the legislature on or before July 1st of  
33 each year.

1 Within these amounts, the authority must meet the requirements for  
2 reimbursing counties for the judicial services for patients being  
3 served in these settings in accordance with RCW 71.05.730. The  
4 authority must coordinate with the department of social and health  
5 services in developing the contract requirements, selecting  
6 contractors, and establishing processes for identifying patients that  
7 will be admitted to these facilities. Sufficient amounts are provided  
8 in fiscal year 2020 for the authority to reimburse community  
9 hospitals serving medicaid clients in long-term inpatient care beds  
10 as defined in RCW 71.24.025 at a rate of \$1,171 per day, or the  
11 hospital's current psychiatric inpatient per diem rate, whichever is  
12 higher. The rate paid to hospitals in this subsection cannot exceed  
13 one-hundred percent of the hospitals eligible costs based on their  
14 most recently completed medicare cost report. Sufficient amounts are  
15 provided in fiscal year 2021 for the authority to reimburse community  
16 hospitals serving medicaid clients in long-term inpatient care beds  
17 as defined in RCW 71.24.025, at rates established under the  
18 recommended methodology outlined in the report to the legislature on  
19 December 1, 2019, entitled "Rate Methodology for 90- and 180-Day  
20 Civil Commitment Beds," beginning January 1, 2021. Rates paid to  
21 acute care community hospitals must reflect one hundred percent of  
22 the hospital's eligible costs as reflected in the most recently  
23 completed medicare cost report. The authority shall reimburse free  
24 standing psychiatric hospitals at a rate of \$995 per day. The  
25 authority shall provide a final implementation plan that identifies  
26 the predicted costs beyond June 30, 2021, to the legislature no later  
27 than December 31, 2020.

28 (b) The authority in collaboration with the Washington state  
29 hospital association must convene a work group to develop a  
30 methodology for reimbursing community hospitals serving these  
31 clients. In developing this methodology, the authority must account  
32 for cost structure differences between teaching hospitals and other  
33 hospital types. The authority must provide a report to the  
34 appropriate committees of the legislature by December 1, 2019. The  
35 report must:

36 ((a)) (i) Describe the methodology developed by the work group;  
37 ((b)) (ii) Identify cost differences between teaching hospitals

8 The amounts used for these individuals must be reduced from the

11 through this subsection than is needed to pay for the cost of their  
12 medicaid clients in institutions for mental diseases, they must use  
13 the remainder of the amounts to provide other services not covered  
14 under the medicaid program. The authority must submit an application

25 not be used to pay for services to be provided beyond the end of a  
26 behavioral health organization's contract or for startup costs in  
27 full integration regions except as provided in this subsection. The  
28 authority must ensure that any increases in expenditures in  
29 behavioral health reserve spend-down plans are required for the  
30 operation of services during the contract period and do not result in  
31 overpayment to providers. If the nonfederal share of reserves  
32 returned during fiscal year 2020 exceeds \$35,000,000, the authority  
33 shall use some of the amounts in excess of \$35,000,000 to support the

37 maximum amount allowed per region is \$3,175 per 1,000 residents.  
38 These amounts must be used to provide a reserve for nonmedicaid  
39 services in the region to stabilize the new crisis services system.

26 The appropriations in this section are subject to the following  
27 conditions and limitations:

28 (1) The department of health shall not initiate any services that  
29 will require expenditure of state general fund moneys unless  
30 expressly authorized in this act or other law. The department of  
31 health and the state board of health shall not implement any new or  
32 amended rules pertaining to primary and secondary school facilities  
33 until the rules and a final cost estimate have been presented to the  
34 legislature, and the legislature has formally funded implementation  
35 of the rules through the omnibus appropriations act or by statute.  
36 The department may seek, receive, and spend, under RCW 43.79.260  
37 through 43.79.282, federal moneys not anticipated in this act as long  
38 as the federal funding does not require expenditure of state moneys  
39 for the program in excess of amounts anticipated in this act. If the

1 department receives unanticipated unrestricted federal moneys, those  
2 moneys shall be spent for services authorized in this act or in any  
3 other legislation that provides appropriation authority, and an equal  
4 amount of appropriated state moneys shall lapse. Upon the lapsing of  
5 any moneys under this subsection, the office of financial management  
6 shall notify the legislative fiscal committees. As used in this  
7 subsection, "unrestricted federal moneys" includes block grants and  
8 other funds that federal law does not require to be spent on  
9 specifically defined projects or matched on a formula basis by state  
10 funds.

11 (2) During the 2019-2021 fiscal biennium, each person subject to  
12 RCW 43.70.110(3)(c) is required to pay only one surcharge of up to  
13 twenty-five dollars annually for the purposes of RCW 43.70.112,  
14 regardless of how many professional licenses the person holds.

15 (3) In accordance with RCW 43.20B.110, 43.135.055, and 71.24.035,  
16 the department is authorized to adopt license and certification fees  
17 in fiscal years 2020 and 2021 to support the costs of the regulatory  
18 program. The department's fee schedule shall have differential rates  
19 for providers with proof of accreditation from organizations that the  
20 department has determined to have substantially equivalent standards  
21 to those of the department, including but not limited to the joint  
22 commission on accreditation of health care organizations, the  
23 commission on accreditation of rehabilitation facilities, and the  
24 council on accreditation. To reflect the reduced costs associated  
25 with regulation of accredited programs, the department's fees for  
26 organizations with such proof of accreditation must reflect the lower  
27 costs of licensing for these programs than for other organizations  
28 which are not accredited.

29 (4) Within the amounts appropriated in this section, and in  
30 accordance with RCW 43.20B.110 and 70.41.100, the department shall  
31 set fees to include the full costs of the performance of inspections  
32 pursuant to RCW 70.41.080.

33 (5) In accordance with RCW 70.96A.090, 71.24.035, 43.20B.110, and  
34 43.135.055, the department is authorized to adopt fees for the review  
35 and approval of mental health and substance use disorder treatment  
36 programs in fiscal years 2020 and 2021 as necessary to support the  
37 costs of the regulatory program. The department's fee schedule must  
38 have differential rates for providers with proof of accreditation  
39 from organizations that the department has determined to have  
40 substantially equivalent standards to those of the department,

1 including but not limited to the joint commission on accreditation of  
2 health care organizations, the commission on accreditation of  
3 rehabilitation facilities, and the council on accreditation. To  
4 reflect the reduced costs associated with regulation of accredited  
5 programs, the department's fees for organizations with such proof of  
6 accreditation must reflect the lower cost of licensing for these  
7 programs than for other organizations which are not accredited.

8 (6) The health care authority, the health benefit exchange, the  
9 department of social and health services, the department of health,  
10 and the department of children, youth, and families shall work  
11 together within existing resources to establish the health and human  
12 services enterprise coalition (the coalition). The coalition, led by  
13 the health care authority, must be a multi-organization collaborative  
14 that provides strategic direction and federal funding guidance for  
15 projects that have cross-organizational or enterprise impact,  
16 including information technology projects that affect organizations  
17 within the coalition. By October 31, 2019, the coalition must submit  
18 a report to the governor and the legislature that describes the  
19 coalition's plan for projects affecting the coalition organizations.  
20 The report must include any information technology projects impacting  
21 coalition organizations and, in collaboration with the office of the  
22 chief information officer, provide: (a) The status of any information  
23 technology projects currently being developed or implemented that  
24 affect the coalition; (b) funding needs of these current and future  
25 information technology projects; and (c) next steps for the  
26 coalition's information technology projects. The office of the chief  
27 information officer shall maintain a statewide perspective when  
28 collaborating with the coalition to ensure that the development of  
29 projects identified in this report are planned for in a manner that  
30 ensures the efficient use of state resources and maximizes federal  
31 financial participation. The work of the coalition is subject to the  
32 conditions, limitations, and review provided in (~~section 719 of this~~  
33 ~~act~~) section 701 of this act.

36 generated staff units calculated pursuant to this subsection.

37 (a) Certificated instructional staff units, as defined in RCW  
38 28A.150.410, shall be allocated to reflect the minimum class size  
39 allocations, requirements, and school prototypes assumptions as

1 provided in RCW 28A.150.260. The superintendent shall make  
2 allocations to school districts based on the district's annual  
3 average full-time equivalent student enrollment in each grade.

4 (b) Additional certificated instructional staff units provided in  
5 this subsection (2) that exceed the minimum requirements in RCW  
6 28A.150.260 are enhancements outside the program of basic education,  
7 except as otherwise provided in this section.

8 (c)(i) The superintendent shall base allocations for each level  
9 of prototypical school, including those at which more than fifty  
10 percent of the students were eligible for free and reduced-price  
11 meals in the prior school year, on the following regular education  
12 average class size of full-time equivalent students per teacher,  
13 except as provided in (c)(ii) of this subsection:

14 General education class size:

27 technical education (CTE) class size of 23.0; and skill center  
28 program class size of 20.0.

29 (ii) Pursuant to RCW 28A.150.260(4)(a), the assumed teacher  
30 planning period, expressed as a percentage of a teacher work day, is

9 superintendent shall allocate additional funding for guidance  
10 counselors for each level of prototypical school as follows:

16 staffing for guidance counselors for its prototypical school level  
17 that meets or exceeds the staffing for guidance counselors in (d)(i)  
18 of this subsection and this subsection (2)(d)(ii)(A) for its  
19 prototypical school level. School districts must distribute the  
20 additional guidance counselors allocation in this subsection to the  
21 schools that generate the allocation. The enhancement within this  
22 subsection is not part of the state's program of basic education.

23 (B) Students in approved career and technical education and skill  
24 center programs generate certificated instructional staff units to

34 (a) Allocations for school building-level certificated  
35 administrative staff salaries for the 2019-20 and 2020-21 school  
36 years for general education students are determined using the formula  
37 generated staff units calculated pursuant to this subsection. The

1 superintendent shall make allocations to school districts based on  
2 the district's annual average full-time equivalent enrollment in each  
3 grade. The following prototypical school values shall determine the  
4 allocation for principals, assistant principals, and other

16 (4) CLASSIFIED STAFF ALLOCATIONS

17 Allocations for classified staff units providing school building-

21 adjusted based on each district's annual average full-time equivalent  
22 student enrollment in each grade.

27 school years for the central office administrative costs of operating  
28 a school district, at the following rates:

29 (a) The total central office staff units provided in this  
30 subsection (5) are calculated by first multiplying the total number  
31 of eligible certificated instructional, certificated administrative,  
32 and classified staff units providing school-based or district-wide  
33 support services, as identified in RCW 28A.150.260(6)(b) and the  
34 increased allocations provided pursuant to subsections (2) and (4) of

10 programs, central office classified units are allocated at the same  
11 staff unit per student rate as those generated for general education  
12 students of the same grade in this subsection (5), and central office  
13 administrative staff units are allocated at staff unit per student  
14 rates that exceed the general education rate established for students  
15 in the same grade in this subsection (5) by ((~~12.51~~)) 12.50 percent  
16 in the 2019-20 school year and ((~~12.53~~)) 12.52 percent in the 2020-21  
17 school year for career and technical education students, and

3 for the 2010-11 school year as provided section 502, chapter 37, Laws  
4 of 2010 1st sp. sess. (2010 supplemental budget), adjusted annually  
5 for inflation.

6 (14) Any school district board of directors may petition the  
7 superintendent of public instruction by submission of a resolution  
8 adopted in a public meeting to reduce or delay any portion of its  
9 basic education allocation for any school year. The superintendent of  
10 public instruction shall approve such reduction or delay if it does  
11 not impair the district's financial condition. Any delay shall not be  
12 for more than two school years. Any reduction or delay shall have no  
13 impact on levy authority pursuant to RCW 84.52.0531 and local effort  
14 assistance pursuant to chapter 28A.500 RCW.

15 (15) The superintendent may distribute funding for the following  
16 programs outside the basic education formula during fiscal years 2020  
17 and 2021 as follows:

18 (a) \$650,000 of the general fund—state appropriation for fiscal  
19 year 2020 and \$650,000 of the general fund—state appropriation for  
20 fiscal year 2021 are provided solely for fire protection for school  
21 districts located in a fire protection district as now or hereafter  
22 established pursuant to chapter 52.04 RCW.

23 (b) \$436,000 of the general fund—state appropriation for fiscal  
24 year 2020 and \$436,000 of the general fund—state appropriation for  
25 fiscal year 2021 are provided solely for programs providing skills  
26 training for secondary students who are enrolled in extended day  
27 school-to-work programs, as approved by the superintendent of public  
28 instruction. The funds shall be allocated at a rate not to exceed  
29 \$500 per full-time equivalent student enrolled in those programs.

30 (16) Funding in this section is sufficient to fund a maximum of  
31 1.6 FTE enrollment for skills center students pursuant to chapter  
32 463, Laws of 2007.

33 (17) Funding in this section is sufficient to fund a maximum of  
34 1.2 FTE enrollment for career launch students pursuant to RCW  
35 28A.700.130. Expenditures for this purpose must come first from the  
36 appropriations provided in section 521 of this act; funding for  
37 career launch enrollment exceeding those appropriations is provided  
38 in this section. The office of the superintendent of public  
39 instruction shall provide a summary report to the office of the

1 governor and the appropriate committees of the legislature by January  
2 1, 2022. The report must include the total FTE enrollment for career  
3 launch students, the FTE enrollment for career launch students that  
4 exceeded the appropriations provided in section 521, and the amount  
5 expended from this section for those students.

6 (18) Students participating in running start programs may be  
7 funded up to a combined maximum enrollment of 1.2 FTE including  
8 school district and institution of higher education enrollment  
9 consistent with the running start course requirements provided in  
10 chapter 202, Laws of 2015 (dual credit education opportunities). In  
11 calculating the combined 1.2 FTE, the office of the superintendent of  
12 public instruction may average the participating student's September  
13 through June enrollment to account for differences in the start and  
14 end dates for courses provided by the high school and higher  
15 education institution. Additionally, the office of the superintendent  
16 of public instruction, in consultation with the state board for  
17 community and technical colleges, the student achievement council,  
18 and the education data center, shall annually track and report to the  
19 fiscal committees of the legislature on the combined FTE experience  
20 of students participating in the running start program, including  
21 course load analyses at both the high school and community and  
22 technical college system.

23 ~~((18))~~ (19) If two or more school districts consolidate and  
24 each district was receiving additional basic education formula staff  
25 units pursuant to subsection (13) of this section, the following  
26 apply:

27 (a) For three school years following consolidation, the number of  
28 basic education formula staff units shall not be less than the number  
29 of basic education formula staff units received by the districts in  
30 the school year prior to the consolidation; and

31 (b) For the fourth through eighth school years following  
32 consolidation, the difference between the basic education formula

36 reduced in increments of twenty percent per year.

37 ~~((19))~~ (20) (a) Indirect cost charges by a school district to  
38 approved career and technical education middle and secondary programs  
39 shall not exceed the lesser of five percent or the cap established in  
40 federal law of the combined basic education and career and technical

1 education program enhancement allocations of state funds. Middle and  
2 secondary career and technical education programs are considered  
3 separate programs for funding and financial reporting purposes under  
4 this section.

5 (b) Career and technical education program full-time equivalent  
6 enrollment shall be reported on the same monthly basis as the  
7 enrollment for students eligible for basic support, and payments  
8 shall be adjusted for reported career and technical education program  
9 enrollments on the same monthly basis as those adjustments for  
10 enrollment for students eligible for basic support.

11 ~~((20))~~ (21) Funding in this section is sufficient to provide  
12 full general apportionment payments to school districts eligible for  
13 federal forest revenues as provided in RCW 28A.520.020. For the  
14 2019-2021 biennium, general apportionment payments are not reduced  
15 for school districts receiving federal forest revenues.

14 (4) The salary allocations established in this section are for

29		<u>\$1,046,530,000</u>

30 The appropriations in this section are subject to the following  
31 conditions and limitations:

32 (1) The salary increases provided in this section are 2.0 percent  
33 for the 2019-20 school year, and (~~(2.1)~~) 1.6 percent for the 2020-21  
34 school year, the annual inflationary adjustments pursuant to RCW  
35 28A.400.205.

36 (2) (a) In addition to salary allocations (~~(specified in this~~

38 ~~includes two days of)~~) section include funding for professional

1 learning as defined in RCW 28A.415.430, 28A.415.432, and 28A.415.434.  
2 Funding for this purpose is calculated as the equivalent of two days

11 section, the equivalent of one day of salary and benefits for each of

19 school year for certificated instructional and certificated  
20 administrative staff and 20.83 percent for the 2019-20 school year  
21 and (~~20.83~~) 20.94 percent for the 2020-21 school year for  
22 classified staff.

23 (b) The appropriations in this section include the increased or  
24 decreased portion of salaries and incremental fringe benefits for all  
25 relevant state-funded school programs in part V of this act. Changes  
26 for general apportionment (basic education) are based on the salary  
27 allocations and methodology in (~~sections 504 and 505 of this act~~)  
28 sections 503 and 504 of this act. Changes for special education  
29 result from changes in each district's basic education allocation per  
30 student. Changes for educational service districts and institutional  
31 education programs are determined by the superintendent of public  
32 instruction using the methodology for general apportionment salaries  
33 and benefits in (~~sections 504 and 505 of this act~~) sections 503 and  
34 504 of this act. Changes for pupil transportation are determined by  
35 the superintendent of public instruction pursuant to RCW 28A.160.192,  
36 and impact compensation factors in sections 504, 505, and 506 of this  
37 act.

38 (c) The appropriations in this section include no salary

6 1, 2019, to December 31, 2019, \$994 per month from January 1, 2020,

8 31, 2020; and

9 (b) For the 2020-21 school year, (~~(\$1,056)~~) \$1,014 per month.

10 (5) When bargaining for funding for school employees health

12 must assume the imposition of a twenty-five dollar per month  
13 surcharge payment from members who use tobacco products and a  
14 surcharge payment of not less than fifty dollars per month from  
15 members who cover a spouse or domestic partner where the spouse or  
16 domestic partner has chosen not to enroll in another employer-based  
17 group health insurance that has benefits and premiums with an  
18 actuarial value of not less than ninety-five percent of the actuarial  
19 value of the public employees' benefits board plan with the largest  
20 enrollment. The surcharge payments shall be collected in addition to  
21 the member premium payment.

22 (6) The rates specified in this section are subject to revision

30 year 2021 is provided solely for changes to the special education  
31 cost multiplier as specified in Second Substitute Senate Bill No.  
32 6117 (special education). If the bill is not enacted by June 30,  
33 2020, the amounts provided in this subsection shall lapse.

34 **Sec. 506.** 2019 c 415 s 507 (uncodified) is amended to read as  
35 follows:

6 The appropriations in this section are subject to the following  
7 conditions and limitations:

8 (1) Each general fund fiscal year appropriation includes such  
9 funds as are necessary to complete the school year ending in the  
10 fiscal year and for prior fiscal year adjustments.

11 (2) (a) For the 2019-20 and 2020-21 school years, the  
12 superintendent shall allocate funding to school district programs for  
13 the transportation of eligible students as provided in RCW  
14 28A.160.192. Funding in this section constitutes full implementation  
15 of RCW 28A.160.192, which enhancement is within the program of basic  
16 education. Students are considered eligible only if meeting the  
17 definitions provided in RCW 28A.160.160.

18 (b) From July 1, 2019, to August 31, 2019, the superintendent  
19 shall allocate funding to school districts programs for the  
20 transportation of students as provided in section 505, chapter 299,

31 (4) A maximum of \$939,000 of this fiscal year 2020 appropriation  
32 and a maximum of \$939,000 of the fiscal year 2021 appropriation may  
33 be expended for regional transportation coordinators and related  
34 activities. The transportation coordinators shall ensure that data  
35 submitted by school districts for state transportation funding shall,  
36 to the greatest extent practical, reflect the actual transportation  
37 activity of each district.

1 (5) Subject to available funds under this section, school  
2 districts may provide student transportation for summer skills center  
3 programs.

4 (6) The office of the superintendent of public instruction shall  
5 provide reimbursement funding to a school district for school bus  
6 purchases only after the superintendent of public instruction  
7 determines that the school bus was purchased from the list  
8 established pursuant to RCW 28A.160.195(2) or a comparable  
9 competitive bid process based on the lowest price quote based on  
10 similar bus categories to those used to establish the list pursuant  
11 to RCW 28A.160.195.

12 (7) The superintendent of public instruction shall base  
13 depreciation payments for school district buses on the presales tax

25 excess allocations to school districts in fiscal year 2019 that  
26 resulted from an erroneous methodology used by the office of  
27 superintendent of public instruction. The amount provided in this  
28 subsection must not be included in the methodology used to calculate  
29 the 2020-21 school year pupil transportation operations allocation.  
30 The amount in this subsection must remain unexpended and in  
31 unallotted status until the report required in section 129(14) of

33 financial management agree that the methodology used to allocate the  
34 funds in this section accurately reflect the components and modeling  
35 approach in RCW 28A.160.192 and will not result in the need for  
36 additional backfill funding.

37 **Sec. 507.** 2019 c 415 s 509 (uncodified) is amended to read as

13 The appropriations in this section are subject to the following  
14 conditions and limitations:

15 (1)(a) Funding for special education programs is provided on an  
16 excess cost basis, pursuant to RCW 28A.150.390. School districts  
17 shall ensure that special education students as a class receive their  
18 full share of the general apportionment allocation accruing through  
19 (~~sections 504 and 506 of this act~~) sections 503 and 505 of this  
20 act. To the extent a school district cannot provide an appropriate  
21 education for special education students under chapter 28A.155 RCW  
22 through the general apportionment allocation, it shall provide  
23 services through the special education excess cost allocation funded  
24 in this section.

25 (b) Funding provided within this section is sufficient for  
26 districts to provide school principals and lead special education  
27 teachers annual professional development on the best-practices for  
28 special education instruction and strategies for implementation.  
29 Districts shall annually provide a summary of professional  
30 development activities to the office of the superintendent of public  
31 instruction.

32 (2)(a) The superintendent of public instruction shall ensure  
33 that:

34 (i) Special education students are basic education students  
35 first;

36 (ii) As a class, special education students are entitled to the  
37 full basic education allocation; and

38 (iii) Special education students are basic education students for  
39 the entire school day.

1 (b) The superintendent of public instruction shall continue to  
2 implement the full cost method of excess cost accounting, as designed  
3 by the committee and recommended by the superintendent, pursuant to  
4 section 501(1)(k), chapter 372, Laws of 2006.

5 (3) Each fiscal year appropriation includes such funds as are  
6 necessary to complete the school year ending in the fiscal year and  
7 for prior fiscal year adjustments.

8 (4)(a) For the 2019-20 and 2020-21 school years, the  
9 superintendent shall allocate funding to school district programs for  
10 special education students as provided in RCW 28A.150.390 as amended  
11 by chapter 266, Laws of 2018 (basic education), except that the  
12 calculation of the base allocation also includes allocations provided  
13 under (~~section 504 (2) and (4) of this act~~) section 503 (2) and (4)  
14 of this act and RCW 28A.150.415, which enhancement is within the  
15 program of basic education.

16 (b) From July 1, 2019, to August 31, 2019, the superintendent  
17 shall allocate funding to school district programs for special  
18 education students as provided in section 507, chapter 299, Laws of  
19 2018.

20 (5) The following applies throughout this section: The  
21 definitions for enrollment and enrollment percent are as specified in  
22 RCW 28A.150.390(3). Each district's general fund—state funded special  
23 education enrollment shall be the lesser of the district's actual  
24 enrollment percent or 13.5 percent.

25 (6) At the request of any interdistrict cooperative of at least  
26 15 districts in which all excess cost services for special education  
27 students of the districts are provided by the cooperative, the  
28 maximum enrollment percent shall be calculated in accordance with RCW  
29 28A.150.390(3) (c) and (d), and shall be calculated in the aggregate  
30 rather than individual district units. For purposes of this  
31 subsection, the average basic education allocation per full-time  
32 equivalent student shall be calculated in the aggregate rather than  
33 individual district units.

34 (7) (~~(\$71,253,000)~~) \$63,609,000 of the general fund—state  
35 appropriation for fiscal year 2020, (~~(\$87,253,000)~~) \$100,655,000 of

38 solely for safety net awards for districts with demonstrated needs  
39 for special education funding beyond the amounts provided in

2 based on the federal eligibility threshold exceed the federal  
3 appropriation in this subsection (7) in any fiscal year, the  
4 superintendent shall expend all available federal discretionary funds  
5 necessary to meet this need. At the conclusion of each school year,  
6 the superintendent shall recover safety net funds that were  
7 distributed prospectively but for which districts were not  
8 subsequently eligible.

9 (a) For the 2019-20 and 2020-21 school years, safety net funds  
10 shall be awarded by the state safety net oversight committee as  
11 provided in section 109(1) chapter 548, Laws of 2009 (education).

12 (b) The office of the superintendent of public instruction shall

Table with 2 columns: Description and Amount. Rows include General Fund—State Appropriation (FY 2020), General Fund—State Appropriation (FY 2021), General Fund—Federal Appropriation, General Fund—Private/local Appropriation, Other Appropriated Funds, and TOTAL APPROPRIATION.

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for expenditure into the information technology investment revolving account created in RCW 43.41.433. Funds in the account are provided solely for the information technology projects shown in LEAP omnibus document IT-2019, dated April 25, 2019, which is hereby incorporated by reference. To facilitate the transfer of moneys from other funds and accounts that are associated with projects contained in LEAP omnibus document IT-2019, dated April 25, 2019, the state treasurer is directed to transfer moneys from other funds and accounts to the information technology investment revolving account in accordance with schedules provided by the office of financial management. However, restricted federal funds and qualified employee benefit and pension funds may be transferred only to the extent permitted by law, and will otherwise remain outside the information technology investment account. The projects affected remain subject to the other provisions of this section.

(2) Agencies must apply to the office of financial management and the office of the chief information officer to receive funding from the information technology investment revolving account. The office

1 of financial management must notify the fiscal committees of the  
2 legislature of the receipt of each application and may not approve a  
3 funding request for ten business days from the date of notification.

4 (3) Allocations and allotments of information technology  
5 investment revolving account must be made for discrete stages of  
6 projects as determined by the technology budget approved by the  
7 office of the state chief information officer and office of financial  
8 management. Fifteen percent of total funding allocated by the office  
9 of financial management, or another amount as defined jointly by the  
10 office of financial management and the office of the state chief  
11 information officer, will be retained in the account, but remain  
12 allocated to that project. The retained funding will be released to  
13 the agency only after successful completion of that stage of the  
14 project. For the military department enhanced 911 next generation  
15 project and the one Washington project, the amount retained is  
16 increased to at least twenty percent of total funding allocated for  
17 any stage of that project.

18 (4) (a) Each project must have a technology budget. The technology  
19 budget must use a method similar to the state capital budget,  
20 identifying project costs, each fund source, and anticipated  
21 deliverables through each stage of the entire project investment and  
22 across fiscal periods and biennia from project onset through  
23 implementation and close out.

24 (b) As part of the development of a technology budget and at each  
25 request for funding, the agency shall submit detailed financial  
26 information to the office of financial management and the office of  
27 the state chief information officer. The technology budget must  
28 describe the total cost of the project by fiscal month to include and  
29 identify:

30 (i) Fund sources;

31 (ii) Full time equivalent staffing level to include job  
32 classification assumptions;

33 (iii) A discreet appropriation index and program index;

34 (iv) Object and subobject codes of expenditures; and

35 (v) Anticipated deliverables.

36 (c) If a project technology budget changes and a revised  
37 technology budget is completed, a comparison of the revised  
38 technology budget to the last approved technology budget must be  
39 posted to the dashboard, to include a narrative rationale on what

1 changed, why, and how that impacts the project in scope, budget, and  
2 schedule.

3 (5) (a) Each project must have an investment plan that includes:

4 (i) An organizational chart of the project management team that  
5 identifies team members and their roles and responsibilities;

6 (ii) The office of the state chief information officer staff  
7 assigned to the project;

8 (iii) An implementation schedule covering activities, critical  
9 milestones, and deliverables at each stage of the project for the  
10 life of the project at each agency affected by the project;

11 (iv) Performance measures used to determine that the project is  
12 on time, within budget, and meeting expectations for quality of work  
13 product;

14 (v) Ongoing maintenance and operations cost of the project post  
15 implementation and close out delineated by agency staffing,  
16 contracted staffing, and service level agreements; and

17 (vi) Financial budget coding to include at least discreet program  
18 index and subobject codes.

19 (6) Projects with estimated costs greater than one hundred  
20 million dollars from initiation to completion and implementation may  
21 be divided into discrete subprojects as determined by the office of  
22 the state chief information officer, except for the one Washington  
23 project which must be divided into the following discrete  
24 subprojects: Core financials, expanding financials and procurement,  
25 budget, and human resources. Each subproject must have a technology  
26 budget and investment plan as provided in this section.

27 (7) (a) The office of the state chief information officer shall  
28 maintain an information technology project dashboard that provides  
29 updated information each fiscal month on projects subject to this  
30 section. This includes, at least:

31 (i) Project changes each fiscal month;

32 (ii) Noting if the project has a completed market requirements  
33 document;

34 (iii) Financial status of information technology projects under  
35 oversight; (~~and~~)

36 (iv) Coordination with agencies;

37 (v) Monthly quality assurance reports, if applicable;

38 (vi) Monthly office of the state chief information officer status  
39 reports;

1 (vii) Historical project budget and expenditures through fiscal  
2 year 2019;

3 (viii) Budget and expenditures each fiscal month; and

5 year.

6 (b) The dashboard must retain a roll up of the entire project  
7 cost, including all subprojects, that can be displayed the subproject  
8 detail.

10 (a) A separate technology budget and investment plan must be  
11 prepared for each agency; and

12 (b) The dashboard must contain a statewide project technology  
13 budget roll up that includes each affected agency at the subproject  
14 level.

15 (9) For any project that exceeds two million dollars in total  
16 funds to complete, requires more than one biennium to complete, or is  
17 financed through financial contracts, bonds, or other indebtedness:

18 (a) Quality assurance for the project must report independently  
19 to the office of the chief information officer;

20 (b) The office of the chief information officer must review, and,  
21 if necessary, revise the proposed project to ensure it is flexible  
22 and adaptable to advances in technology;

23 (c) The technology budget must specifically identify the uses of  
24 any financing proceeds. No more than thirty percent of the financing  
25 proceeds may be used for payroll-related costs for state employees  
26 assigned to project management, installation, testing, or training;

27 (d) The agency must consult with the office of the state  
28 treasurer during the competitive procurement process to evaluate  
29 early in the process whether products and services to be solicited  
30 and the responsive bids from a solicitation may be financed; and

5 **Sec. 921.** RCW 82.33.060 and 2012 1st sp.s. c 8 s 4 are each  
6 amended to read as follows:

7 (1) To facilitate compliance with, and subject to the terms of,  
8 RCW 43.88.055, the state budget outlook work group shall prepare,  
9 subject to the approval of the economic and revenue forecast council  
10 under RCW 82.33.010, an official state budget outlook for state  
11 revenues and expenditures for the general fund and related funds. In  
12 odd-numbered years, the period covered by the November state budget  
13 outlook shall be the current fiscal biennium and the next ensuing  
14 fiscal biennium. In even-numbered years, the period covered by the  
15 November state budget outlook shall be the next two ensuing fiscal  
16 biennia. The revenue and caseload projections used in the outlook  
17 must reflect the most recent official forecasts adopted by the  
18 economic and revenue forecast council and the caseload forecast  
19 council for the years for which those forecasts are available.

20 (2) The outlook must:

21 (a) Estimate revenues to and expenditures from the state general  
22 fund and related funds. The estimate of ensuing biennium expenditures  
23 must include maintenance items including, but not limited to,  
24 continuation of current programs, forecasted growth of current  
25 entitlement programs, and actions required by law, including  
26 legislation with a future implementation date. Estimates of ensuing  
27 biennium expenditures must exclude policy items including, but not  
28 limited to, legislation not yet enacted by the legislature,  
29 collective bargaining agreements not yet approved by the legislature,  
30 and changes to levels of funding for employee salaries and benefits  
31 unless those changes are required by statute. Estimated maintenance  
32 level expenditures must also exclude costs of court rulings issued  
33 during or within fewer than ninety days before the beginning of the  
34 current legislative session;

35 (b) Address major budget and revenue drivers, including trends  
36 and variability in these drivers;

37 (c) Clearly state the assumptions used in the estimates of  
38 baseline and projected expenditures and any adjustments made to those  
39 estimates;

1 (d) Clearly state the assumptions used in the baseline revenue  
2 estimates and any adjustments to those estimates; (~~and~~)

3 (e) Include the impact of previously enacted legislation with a  
4 future implementation date; and

5 (f) During the 2019-2021 fiscal biennium, include an adjustment  
6 to pension rates for the 2021-2023 fiscal biennium that is based on  
7 the actuary's recommended changes to the economic assumption to lower  
8 the assumed rate of return from 7.5 percent to 7.4 percent.

9 (3) The outlook must also separately include projections based on  
10 the revenues and expenditures proposed in the governor's budget  
11 documents submitted to the legislature under RCW 43.88.030.

12 (4) The economic and revenue forecast council shall submit state  
13 budget outlooks prepared under this section to the governor and the  
14 members of the committees on ways and means of the senate and house  
15 of representatives, including one copy to the staff of each of the  
16 committees, as required by this section.

17 (5) Each January, the state budget outlook work group shall also  
18 prepare, subject to the approval of the economic and revenue forecast  
19 council, a state budget outlook for state revenues and expenditures  
20 that reflects the governor's proposed budget document submitted to  
21 the legislature under chapter 43.88 RCW. Within thirty days following  
22 enactment of an operating budget by the legislature, the work group  
23 shall prepare, subject to the approval of the economic and revenue  
24 forecast council, a state budget outlook for state revenues and  
25 expenditures that reflects the enacted budget.

26 (6) All agencies of state government shall provide to the  
27 supervisor immediate access to all information relating to state  
28 budget outlooks.

29 (7) The state budget outlook work group must publish its proposed  
30 methodology on the economic and revenue forecast council web site.  
31 The state budget outlook work group, in consultation with the  
32 economic and revenue forecast work group and outside experts if  
33 necessary, must analyze the extent to which the proposed methodology  
34 for projecting expenditures for the ensuing fiscal biennia may be  
35 reliably used to determine the future impact of appropriations and  
36 make recommendations to change the outlook process to increase  
37 reliability and accuracy. The recommendations are due by December 1,  
38 2013, and every five years thereafter.

1       **Sec. 922.** RCW 90.56.510 and 2019 c 415 s 994 are each amended to  
2 read as follows:

3       (1) The oil spill prevention account is created in the state  
4 treasury. All receipts from RCW 82.23B.020(2) shall be deposited in  
5 the account. Moneys from the account may be spent only after  
6 appropriation. The account is subject to allotment procedures under  
7 chapter 43.88 RCW. If, on the first day of any calendar month, the  
8 balance of the oil spill response account is greater than nine  
9 million dollars and the balance of the oil spill prevention account  
10 exceeds the unexpended appropriation for the current biennium, then  
11 the tax under RCW 82.23B.020(2) shall be suspended on the first day  
12 of the next calendar month until the beginning of the following  
13 biennium, provided that the tax shall not be suspended during the  
14 last six months of the biennium. If the tax imposed under RCW  
15 82.23B.020(2) is suspended during two consecutive biennia, the  
16 department shall by November 1st after the end of the second  
17 biennium, recommend to the appropriate standing committees an  
18 adjustment in the tax rate. For the biennium ending June 30, 1999,  
19 and the biennium ending June 30, 2001, the state treasurer may  
20 transfer a total of up to one million dollars from the oil spill  
21 response account to the oil spill prevention account to support  
22 appropriations made from the oil spill prevention account in the  
23 omnibus appropriations act adopted not later than June 30, 1999.

24       (2) Expenditures from the oil spill prevention account shall be  
25 used exclusively for the administrative costs related to the purposes  
26 of this chapter, and chapters 90.48, 88.40, and 88.46 RCW. In  
27 addition, until June 30, 2021, expenditures from the oil spill  
28 prevention account may be used, subject to amounts appropriated  
29 specifically for this purpose, for the development and annual review  
30 of local emergency planning committee emergency response plans in RCW  
31 38.52.040(3). Starting with the 1995-1997 biennium, the legislature  
32 shall give activities of state agencies related to prevention of oil  
33 spills priority in funding from the oil spill prevention account.  
34 Costs of prevention include the costs of:

- 35       (a) Routine responses not covered under RCW 90.56.500;  
36       (b) Management and staff development activities;  
37       (c) Development of rules and policies and the statewide plan  
38 provided for in RCW 90.56.060;  
39       (d) Facility and vessel plan review and approval, drills,  
40 inspections, investigations, enforcement, and litigation;

- 1 (e) Interagency coordination and public outreach and education;  
2 (f) Collection and administration of the tax provided for in  
3 chapter 82.23B RCW; and  
4 (g) Appropriate travel, goods and services, contracts, and  
5 equipment.

6 (3) Before expending moneys from the account for a response under  
7 subsection (2)(a) of this section, but without delaying response  
8 activities, the director shall make reasonable efforts to obtain  
9 funding for response costs under this section from the person  
10 responsible for the spill and from other sources, including the  
11 federal government.

12 (4) During the 2019-2021 fiscal biennium, the legislature may  
13 direct the state treasurer to make transfers of moneys in the oil  
14 spill prevention account to the oil spill response account.

15 **Sec. 923.** RCW 82.08.170 and 2015 3rd sp.s. c 4 s 976 are each  
16 amended to read as follows:

17 (1) Except as provided in subsections (4) and (5) of this  
18 section, during the months of January, April, July, and October of  
19 each year, the state treasurer must make the transfers required under  
20 subsections (2) and (3) of this section from the liquor excise tax  
21 fund and then the apportionment and distribution of all remaining  
22 moneys in the liquor excise tax fund to the counties, cities, and  
23 towns in the following proportions: (a) Twenty percent of the moneys  
24 in the liquor excise tax fund must be divided among and distributed  
25 to the counties of the state in accordance with the provisions of RCW  
26 66.08.200; and (b) eighty percent of the moneys in the liquor excise  
27 tax fund must be divided among and distributed to the cities and  
28 towns of the state in accordance with the provisions of RCW  
29 66.08.210.

30 (2) Each fiscal quarter and prior to making the twenty percent  
31 distribution to counties under subsection (1)(a) of this section, the  
32 treasurer shall transfer to the liquor revolving fund created in RCW  
33 66.08.170 sufficient moneys to fund the allotments from any  
34 legislative appropriations for county research and services as  
35 provided under chapter 43.110 RCW.

36 (3) During the months of January, April, July, and October of  
37 each year, the state treasurer must transfer two million five hundred  
38 thousand dollars from the liquor excise tax fund to the state general  
39 fund.

1 (4) During calendar year 2012, the October distribution under  
2 subsection (1) of this section and the July and October transfers  
3 under subsections (2) and (3) of this section must not be made.  
4 During calendar year 2013, the January, April, and July distributions  
5 under subsection (1) of this section and transfers under subsections  
6 (2) and (3) of this section must not be made.

7 (5) During the 2015-2017 and 2019-2021 fiscal (~~biennium~~)  
8 biennia, the liquor excise tax fund may be appropriated for the local  
9 government fiscal note program in the department of commerce. It is  
10 the intent of the legislature to continue this policy in the  
11 (~~2017-2019~~) subsequent fiscal biennium.

12 **Sec. 924.** RCW 43.31.502 and 1991 c 248 s 1 are each amended to  
13 read as follows:

14 (1) A child care facility revolving fund is created. Money in the  
15 fund shall be used solely for the purpose of starting or improving a  
16 child care facility pursuant to RCW 43.31.085 and 43.31.502 through  
17 43.31.514. Only moneys from private or federal sources may be  
18 deposited into this fund.

19 (2) Funds provided under this section shall not be subject to  
20 reappropriation. The child care facility fund committee may use loan  
21 and grant repayments and income for the revolving fund program.

22 (3) During the 2019-2021 fiscal biennium, the legislature may  
23 direct the state treasurer to make transfers of moneys in the child  
24 care facility revolving fund to the state general fund.

25 NEW SECTION. **Sec. 925.** If any provision of this act or its  
26 application to any person or circumstance is held invalid, the  
27 remainder of the act or the application of the provision to other  
28 persons or circumstances is not affected.

29 NEW SECTION. **Sec. 926.** This act is necessary for the immediate  
30 preservation of the public peace, health, or safety, or support of  
31 the state government and its existing public institutions, and takes  
32 effect immediately.
