32 (iv) For a project located outside the jurisdiction of the
33 applicant local government or federally recognized Indian tribe; or

1 rural county, that encourage, foster, develop, and improve broadband
2 within the state in order to:

6 systems, health care systems, public safety systems, industries and
7 businesses, governmental operations, and citizens; and

8 (iii) Improve accessibility for underserved communities and
9 populations.

10 (c) An application must be approved by the local government and

12 workforce development council or approved by the governing body of
13 the federally recognized Indian tribe.

14 (d) The board may allow de minimis general system improvements to
15 be funded if they are critically linked to the viability of the
16 project.

17 (e) When evaluating and prioritizing projects, the board must
18 give consideration, at a minimum, to the following factors:

19 (i) The project's value to the community, including evidence of
20 support from affected local businesses and government;

21 (ii) The project's feasibility, using standard economic
22 principles;

23 (iii) Commitment of local matching resources and local
24 participation;

25 (iv) The project's inclusion in a capital facilities plan,
26 comprehensive plan, or local economic development plan consistent
27 with applicable state planning requirements; and

28 (v) The project's readiness to proceed.

29 (3) A responsible official of the local government or the
30 federally recognized Indian tribe must be present during community
31 economic revitalization board deliberations and provide information
32 that the board requests.

33 (4) Before any financial assistance application is approved, the
34 local government or the federally recognized Indian tribe seeking the
35 assistance must demonstrate to the community economic revitalization
36 board that no other timely source of funding is available to it at
37 costs reasonably similar to financing available from the board.

38 (5) The appropriations must be used for projects that use a
39 technology-neutral approach in order to expand access at the lowest
40 cost to the most unserved or underserved residents.

1 (6) For purposes of this section:

2 (a) "Broadband" means networks of deployed telecommunications
3 equipment and technologies necessary to provide high-speed internet

11 process must also include an examination of existing assets that
12 applicants propose to apply to projects. Grant assistance under this
13 section may not exceed 50 percent of the total cost of the project.
14 The nonstate portion of the total project cost may include cash, the
15 value of real property when acquired solely for the purpose of the
16 project, and in-kind contributions.

17 (5) The department must submit a prioritized list of recommended
18 projects to the governor and the legislature by October 1, 2022, for
19 inclusion in the department of commerce's 2023-2025 biennial capital

9 follows:

10 **FOR THE DEPARTMENT OF COMMERCE**

11 2021-23 Clean Energy V - Investing in Washington's Clean Energy
12 (40000148)

13 The appropriations in this section are subject to the following
14 conditions and limitations:

15 (1) The appropriations in this section are provided solely for
16 projects that provide a benefit to the public through development,
17 demonstration, and deployment of clean energy technologies that save
18 energy and reduce energy costs, reduce harmful air emissions, or
19 increase energy independence for the state. Priority must be given to
20 projects that benefit vulnerable populations and overburdened
21 communities, including tribes and communities with high environmental
22 or energy burdens.

23 (2) The 2021 state energy strategy must guide the department in
24 the design of programs under this section, using an equity and
25 environmental justice lens for program structure and participation.
26 To the extent practicable, the department must prioritize projects
27 that build upon Washington's existing strengths in communities,
28 aerospace, maritime, information and communications technology
29 (particularly data center infrastructure, artificial intelligence and
30 machine learning), grid modernization, advanced materials, and
31 decarbonizing the built environment.

32 (3) Subject to the availability of funds, the department must
33 reconvene an advisory committee to support involvement of a broad
34 range of stakeholders in the design and implementation of programs
35 implemented under this section to encourage collaboration, leverage
36 partners, and engage communities and organizations in improving the
37 equitable distribution of benefits from the program.

1 (4) In soliciting and evaluating proposals, awarding contracts,
2 and monitoring projects under this section, the department must:

3 (a) Ensure that competitive processes, rather than sole source
4 contracting processes, are used to select all projects, except as
5 otherwise noted in this section; and

6 (b) Conduct due diligence activities associated with the use of
7 public funds including, but not limited to, oversight of the project
8 selection process, project monitoring, and ensuring that all
9 applications and contracts fully comply with all applicable laws
10 including disclosure and conflict of interest statutes.

11 (5) During project solicitation periods for grants funded with
12 this appropriation, the department must maintain a list of applicants
13 by grant program that scored competitively but did not receive a
14 grant award due to lack of available funding. These applicants must
15 be considered for funding during future grant award cycles. If the
16 department submits a 2022 supplemental budget request for this
17 program, the request must include a list of prioritized projects by
18 grant type.

19 (6)(a) Pursuant to chapter 42.52 RCW, the ethics in public
20 service act, the department must require a project applicant to
21 identify in application materials any state of Washington employees
22 or former state employees employed by the firm or on the firm's
23 governing board during the past 24 months. Application materials must
24 identify the individual by name, the agency previously or currently
25 employing the individual, job title or position held, and separation
26 date. If it is determined by the department that a conflict of
27 interest exists, the applicant may be disqualified from further
28 consideration for award of funding.

29 (b) If the department finds, after due notice and examination,
30 that there is a violation of chapter 42.52 RCW, or any similar
31 statute involving a grantee who received funding under this section,
32 either in procuring or performing under the grant, the department in
33 its sole discretion may terminate the funding grant by written
34 notice. If the grant is terminated, the department must reserve its
35 right to pursue all available remedies under law to address the
36 violation.

37 (7) The requirements in subsections (4) and (6) of this section
38 must be specified in funding agreements issued by the department.

16 tribes and communities with high environmental or energy burden; and

17 (B) Projects that demonstrate partnerships between eligible
18 applicants in applying for funding, including utilities, public and
19 private sector research organizations, businesses, tribes, and
20 nonprofit organizations.

21 (iii) The department shall develop a grant application process to
22 competitively select projects for grant awards, to include scoring
23 conducted by a group of qualified experts with application of
24 criteria specified by the department. In development of the
25 application criteria, the department shall, to the extent possible,
26 develop program guidelines that encourage smaller utilities or

25 have other electrification programs, in order to determine to
26 optimally accomplish each agency's respective policy and program
27 goals.

28 (iii) Projects must be related to on-road end-uses and
29 nonmaritime off-road uses.

30 (iv) Eligible technologies for these projects include, but are

25 ((4)) (6) The appropriations in this section are subject to the

27 (a) By June 30, 2023, the department must report on its website
28 the following for every previous funding cycle: The number of

1 as average and median per unit costs, regional cost variation, and

30 individuals. The legislature further finds that reliable, current
31 information about the unmet housing needs of this population will
32 position Washington state to leverage community-based partnerships
33 and funding to establish greater housing choice and increased
34 community integration of individuals with intellectual and
35 developmental disabilities.

11 follows:

12 **FOR THE DEPARTMENT OF COMMERCE**

13 2021-23 Rapid Capital Housing Acquisition (40000222)

14 The appropriations in this section (~~(is)~~) are subject to the
15 following conditions and limitations:

16 (1) Except as provided in subsections (7) through (~~(9)~~) (8) of
17 this section, the appropriations in this section (~~(is)~~) are provided
18 solely for the department to issue competitive financial assistance
19 to eligible organizations under RCW 43.185A.040 to acquire or rent
20 real property for a rapid conversion into enhanced emergency
21 shelters, permanent supportive housing, transitional housing,
22 permanent housing, youth housing, drop-in center, or shelter for
23 extremely low-income people, as well as individuals, families,
24 unaccompanied youth, and young people experiencing sheltered and
25 unsheltered homelessness. Amounts provided in this section may be
26 also used for renovation and building update costs associated with
27 establishment of the acquired or rented facilities. For youth
28 housing, drop-in centers, and shelter projects, renovation of
29 existing properties is an allowable activity. The department may only
30 approve funding for projects resulting in increased shelter or
31 housing capacity. Amounts provided in this section may not be used
32 for operating or maintenance costs associated with providing housing,
33 supportive services, or debt service.

34 (2) Funds may also be used for permanent financing for real
35 estate acquired using other short term acquisition sources. To expand
36 availability of permanent housing, financing of acquisition of
37 unoccupied multifamily housing is a priority. Funds must also be
38 provided specifically for the city of Seattle to move people

1 experiencing unsheltered homelessness into safe spaces, including,
2 but not limited to, tiny homes, hotels, enhanced emergency shelters,
3 or other rapid housing alternatives.

4 (3) While emphasizing the rapid deployment of the amounts
5 appropriated under this section to alleviate the immediate crisis of
6 homelessness throughout the state, the department shall establish
7 criteria for the issuance of the grants, (~~which may include~~
8 ~~provisions that require that capital improvements be held by the~~
9 ~~grantee for a specified period of time appropriate to the amount of~~
10 ~~the grant,~~) during which time the property must be used for the
11 express purpose of the grant. If the grantee is found to be out of
12 compliance with provisions of the contract, the grantee shall repay
13 to the state general fund the principal amount of the grant plus
14 interest calculated at the rate of interest on state of Washington
15 general obligation bonds issued on the date most close in time to the
16 date of authorization of the grant. The criteria must include:

17 (a) The date upon which structural modifications or construction
18 would begin and the anticipated date of completion of the project;

19 (b) A detailed estimate of the costs associated with the
20 acquisition and any updates or improvements necessary to make the
21 property habitable for its intended use;

22 (c) A detailed estimate of the costs associated with opening the
23 beds or units; and

24 (d) A financial plan demonstrating the ability to maintain and
25 operate the property and support its intended tenants throughout the
26 end of the grant contract.

27 (4) The department must provide a progress report on its website
28 by December 1, 2022. The report must include:

29 (a) The total number of applications and amount of funding
30 requested; and

31 (b) A list and description of the projects approved for funding
32 including state funding, total project cost, services anticipated to
33 be provided, housing units, and anticipated completion date.

34 (5) The funding provided under this section is not subject to the
35 90-day application periods in RCW 43.185.070 or 43.185A.050. The
36 department of commerce shall dispense funds to the city of Seattle
37 and other qualifying applicants within 45 days of receipt of
38 documentation from the applicant for qualifying uses and execution of
39 any necessary contracts with the department in order to effect the
40 purpose of rapid deployment of funds under this section.

1 (6) If the department receives simultaneous applications for
2 funding under this program, proposals that reach the greatest public
3 benefit, as defined by the department, must be prioritized. For
4 purposes of this subsection (6), "greatest public benefit" must
5 include, but is not limited to:

6 (a) The greatest number of accommodations or increased shelter
7 capacity that will benefit extremely low-income people, as well as
8 individuals, families, and youth experiencing homelessness.

9 (b) Whether the project has federally funded rental assistance
10 tied to it;

11 (c) The scarcity of the affordable housing or shelter capacity
12 applied for compared to the number of available affordable housing
13 units or shelter capacity in the same geographic location; and

14 (d) The program's established funding priorities under RCW
15 43.185.070(5).

16 ~~(7) ((\$900,000 of the state building construction account state~~

18 ~~building conversion pilot program. The pilot program must be~~
19 ~~implemented in Grays Harbor county in collaboration with Community~~
20 ~~House on Broadway, in partnership with CORE Health.~~

21 ~~(a) The appropriation may be used only for costs related to~~
22 ~~rehabilitation, retrofitting, and conversion of the publicly owned~~
23 ~~building for use as housing for homeless persons.~~

24 ~~(b) The appropriation may not be used for staffing or maintaining~~
25 ~~buildings converted to housing for homeless persons. Costs for~~
26 ~~staffing and maintenance must be borne by the county or the~~
27 ~~contractor.~~

28 ~~(c) In the contract for the pilot program, the department shall~~
29 ~~include provisions that require that capital improvements be held by~~
30 ~~the grantee for a specified period of time appropriate to the amount~~
31 ~~of the grant and that facilities be used for the express purpose of~~
32 ~~the grant. If the grantee is found to be out of compliance with~~
33 ~~provisions of the contract, the grantee shall repay to the state~~
34 ~~general fund the principal amount of the grant plus interest~~
35 ~~calculated at the rate of interest on state of Washington general~~
36 ~~obligation bonds issued most closely to the date of authorization of~~
37 ~~the grant.~~

38 ~~(d) The pilot program should help inform the development of a~~
39 ~~public building conversion grant program to encourage counties to~~
40 ~~convert unused, publicly owned buildings into housing for homeless~~

1 persons. The department must report to the office of financial
2 management and fiscal committees of the legislature by November 1,
3 2022, regarding the establishment of the pilot program and any
4 recommendations related to implementation of a public building
5 conversion grant program.

14 **FOR THE DEPARTMENT OF COMMERCE**

15 2022 Local & Community Projects (40000230)

16 The appropriation in this section is subject to the following
17 conditions and limitations:

18 (1) The department may not expend the appropriation in this
19 section unless and until the nonstate share of project costs have
20 been either expended or firmly committed, or both, in an amount
21 sufficient to complete the project or a distinct phase of the project
22 that is useable to the public for the purpose intended by the
23 legislature. This requirement does not apply to projects where a
24 share of the appropriation is for design costs only.

25 (2) Prior to receiving funds, project recipients must demonstrate
26 that the project site is under control for a minimum of 10 years,
27 either through ownership or a long-term lease. This requirement does
28 not apply to appropriations for preconstruction activities or
29 appropriations in which the sole purpose is to purchase real property
30 that does not include a construction or renovation component.

32 with Washington's high-performance building standards as required by
33 chapter 39.35D RCW.

34 (4) Project funds are available on a reimbursement basis only,

37 department must include provisions that require that capital
38 improvements be held by the grantee for a specified period of time

1 appropriate to the amount of the grant and that facilities be used
2 for the express purpose of the grant. If the grantee is found to be
3 out of compliance with provisions of the contract, the grantee shall
4 repay to the state general fund the principal amount of the grant
5 plus interest calculated at the rate of interest on state of
6 Washington general obligation bonds issued most closely to the date
7 of authorization of the grant.

8 (6) Projects funded in this section, including those that are

7 (b) The funding for the Magnuson Park Historic Hanger 2 (Seattle)
8 project is contingent on the contribution of at least \$6,000,000 for
9 the Magnuson Park Center For Excellence. If the Magnuson Park Center
10 For Excellence has not certified to the department of commerce that
11 the project has secured at least \$6,000,000 in total funding for the
12 capital phase of the project by July 31, 2022, the funds in this
13 subsection (8)(b) shall lapse. The lapse date of July 31, 2022, must
14 be extended to the same extent that the city of Seattle grants an
15 extension, if any, beyond that date for the same project, provided
16 that no further extension may be granted past July 31, 2023. The
17 Magnuson Park Center For Excellence must ensure that the long-term
18 lease with Seattle Parks and Recreation stipulates meaningful public
19 benefits that prioritize low-income, black, indigenous, and people of
20 color youth and families of the Magnuson park and neighborhood and
21 Northeast Seattle. The lease must include provisions to proactively
22 recruit and provide no-cost access to the residents as well as the
23 creation of a scholarship fund dedicated to the residents for the
24 center's events and programming. Additional public benefits to
25 improve accessibility for Magnuson Park residents must be considered
26 in the lease negotiations.

6 (uncodified) to read as follows:

7 **FOR THE DEPARTMENT OF COMMERCE**

8 2022 Rapid Capital Housing Acquisition (40000260)

9 The appropriations in this section are subject to the following
10 conditions and limitations:

11 (1) (a) \$207,628,000 of the capital community assistance account—
12 state appropriation in this section is provided solely for the
13 department to issue competitive financial assistance to eligible
14 organizations under RCW 43.185A.040 to acquire real property for a
15 rapid conversion into enhanced emergency shelters, permanent
16 supportive housing, transitional housing, permanent housing, youth
17 housing, or shelter for extremely low-income people, as well as
18 individuals, families, unaccompanied youth, and young people
19 experiencing sheltered and unsheltered homelessness. The department
20 shall prioritize housing projects that will rapidly move people
21 experiencing unsheltered homelessness into housing, including, but
22 not limited to, individuals living in unsanctioned encampments, the
23 public rights-of-way, or other public spaces. Amounts provided in
24 this section may also be used for renovation and building update
25 costs associated with establishment of the acquired facilities. The
26 department may only approve funding for projects resulting in
27 increased shelter or housing capacity. Amounts provided in this
28 section may not be used for operating or maintenance costs associated
29 with providing housing, supportive services, or debt service.

30 (b) \$20,000,000 of the capital community assistance account—state
31 appropriation in this section is provided solely for housing projects
32 in rural areas as defined by the department under RCW 43.185.050 and
33 underserved communities with the goal of maximizing the investment
34 and increasing the number of supportive housing units in rural,
35 underserved communities.

36 (c) \$2,000,000 of the capital community assistance account—state
37 appropriation in this section is provided solely for the Woodley
38 Place by Bayside Housing and Services project in Port Hadlock.

1 (d) \$172,000 of the capital community assistance account—state
2 appropriation in this section is provided solely for Building
3 Transitional Tiny Homes for the Homeless project in Seattle.

4 (e) \$200,000 of the capital community assistance account—state
5 appropriation in this section is provided solely for the department
6 to contract and work with a professional real estate broker to
7 identify opportunities for rapid acquisition or conversion of
8 properties.

9 (f) \$10,000,000 of the capital community assistance account—state
10 appropriation in this section is provided solely for unexpected cost
11 increases experienced by projects funded by prior rapid capital
12 appropriations. The department must create a process by which
13 providers that received prior rapid capital awards may request
14 additional funding for unexpected costs of affordable housing
15 projects that are under or ready for construction

16 (g) When selecting projects, the department shall balance the
17 state's interest in quickly approving and financing projects, the
18 degree to which the project will leverage other funds, the extent to
19 which the project promotes racial equity, and the extent to which the
20 project will promote priorities on a statewide basis, including in
21 rural areas and in geographically diverse parts of the state.

22 (h) Amounts appropriated under this section may also be used for
23 permanent financing for real estate acquired using other short-term
24 acquisition sources. To expand availability of permanent housing,
25 financing of acquisition of multifamily housing is a priority.

26 (i) While emphasizing the rapid deployment of the amounts
27 appropriated under this section to alleviate the immediate crisis of
28 homelessness throughout the state, the department shall use criteria
29 for the issuance of funds that were developed to administer prior
30 rapid capital appropriations, and which must include:

31 (i) The date upon which the units can be placed in service and
32 occupied by the intended population, or the date any necessary
33 structural modifications would begin and the anticipated date of
34 completion of the project;

35 (ii) A detailed estimate of the costs associated with the
36 acquisition and any updates or improvements necessary to make the
37 property habitable for its intended use;

38 (iii) A detailed estimate of the costs associated with placing
39 the beds or units in service; and

1 (iv) A financial plan demonstrating the ability to maintain and
2 operate the property and support its intended tenants.

3 (j) If the recipient is found to be out of compliance with
4 provisions of the contract, the recipient shall repay to the state
5 general fund the principal amount of the award plus interest
6 calculated at the rate of interest on state of Washington general
7 obligation bonds issued on the date most close in time to the date of
8 authorization of the award.

9 (k) The department must provide a progress report on its website
10 by December 30, 2023. The report must include:

11 (i) The total number of applications and amount of funding
12 requested; and

13 (ii) A list and description of the projects approved for funding
14 including state funding, total project cost, services anticipated to
15 be provided, housing units, and anticipated completion date.

16 (l) The funding provided under this section is not subject to the
17 90-day application periods in RCW 43.185.070 or 43.185A.050.

18 (m) The department shall prioritize proposals that reach the
19 greatest public benefit, as defined by the department. For purposes
20 of this subsection (1)(m), "greatest public benefit" must include,
21 but is not limited to:

22 (i) The rapid transition of people living unsheltered or
23 chronically homeless, into housing;

24 (ii) The greatest number of accommodations or increased shelter
25 capacity that will benefit extremely low-income people, as well as
26 individuals, families, and youth experiencing homelessness;

27 (iii) Whether the project has local funding commitments and
28 rental assistance;

29 (iv) The scarcity of the affordable housing or shelter capacity
30 applied for compared to the number of available affordable housing
31 units or shelter capacity in the same geographic location; and

32 (v) The program's established funding priorities under RCW
33 43.185.070(5).

34 (n) The department must strive to allocate all of the amounts
35 appropriated in this section within the 2021-2023 fiscal biennium in
36 the manner prescribed in this section. However, if upon review of
37 applications the department determines there are not adequate
38 suitable projects in (a) of this subsection, the department may
39 allocate funds to (f) of this subsection or to projects serving other
40 low-income and special needs populations, provided those projects are

1 located in an area with an identified need for the type of housing
2 proposed.

3 (2) \$60,000,000 of the apple health and homes account—state
4 appropriation in this section is provided solely for the rapid
5 permanent supportive housing program created under chapter . . . ,
6 Laws of 2022 (Engrossed Substitute House Bill No. 1866) and the
7 creation of a housing dashboard providing permanent supportive
8 housing need and current capacity data. Of the amounts in this
9 subsection, \$1,500,000 is provided solely for the St. Agnes Haven
10 project in Spokane. If Engrossed Substitute House Bill No. 1866 is
11 not enacted by June 30, 2022, the amount provided in this subsection
12 shall lapse.

13 Appropriation:

14	Capital Community Assistance Account—State.	\$240,000,000
15	Apple Health and Homes Account—State.	\$60,000,000
16	Subtotal Appropriation.	\$300,000,000
17	Prior Biennia (Expenditures).	\$0
18	Future Biennia (Projected Costs).	\$0
19	TOTAL.	\$300,000,000

20 NEW SECTION. **Sec. 1025.** A new section is added to 2021 c 332
21 (uncodified) to read as follows:

22 **FOR THE DEPARTMENT OF COMMERCE**

23 2022 Crisis Stabilization Facilities (92001286)

24 The appropriation in this section is subject to the following
25 conditions and limitations:

26 (1)(a) The appropriation in this section is provided solely for
27 the department to issue grants to expand and establish new capacity
28 for 23-hour crisis triage facilities, crisis stabilization facilities
29 with capacity up to 16 beds, and youth residential crisis triage and
30 stabilization facilities, that are not subject to federal funding
31 restrictions that apply to institutions of mental disease. Eligible
32 grantees are limited to nonprofit or for-profit businesses, public
33 entities, and tribes, that are also community hospitals or other
34 community-based behavioral health providers. Facilities of less than
35 16 beds are permitted, but the department shall consider, as a factor
36 in awards, the economies of scale created by facilities with higher

1 numbers of beds and the operational costs and funding sources
2 available to the applicant.

3 (b) The department shall work with the department of health,
4 health care authority, and other relevant agencies to ensure that
5 there is equitable distribution of these projects across the state,
6 relative to need, and shall work affirmatively with all behavioral
7 health administrative services organizations regions, with the goal
8 that all areas of the state are adequately served.

9 (c) The department shall ascertain the areas of Washington state
10 with the most acute behavioral health crisis needs using emergency
11 department data and other data available including existing and
12 forthcoming committed capacity and shall ensure that these areas
13 receive grants to help facilitate placement and construction of
14 facilities in an expeditious manner.

15 (2) Amounts provided in this section may be used for construction
16 and equipment costs associated with establishment of the facilities.
17 The department may approve funding for the acquisition of a facility
18 if the project will result in increased crisis triage and
19 stabilization capacity. Amounts provided in this section may not be
20 used for operating costs associated with the treatment of patients
21 using these services.

22 (3) \$12,000,000 of the appropriation in this section is provided
23 solely for the department to issue grants for at least two
24 residential crisis triage and stabilization facilities for youth.
25 These facilities must increase behavioral health services and
26 capacity for children and minor youth including, but not limited to,
27 services for substance use disorder treatment, sexual assault and
28 traumatic stress, anxiety, depression, suicidality, and interventions
29 for children exhibiting aggressive or depressive behaviors.

30 (4) (a) \$10,000,000 of the appropriation in this section is
31 provided solely for the King County Crisis Walk-In/Stabilization; and

32 (b) \$12,000,000 of the appropriation in this section is provided
33 solely for the Lynnwood Community Recovery Center.

34 (5) The department must provide a progress report to the fiscal
35 committees of the legislature by March 1, 2023. The report must
36 include:

37 (a) The total number of applications and amount of funding
38 requested; and

(b) A list and description of the projects approved for funding including state funding, total project cost, services anticipated to be provided, bed capacity, and anticipated completion date.

Appropriation:

Capital Community Assistance Account—State.	\$72,000,000
Prior Biennia (Expenditures).	\$0
Future Biennia (Projected Costs).	\$0
TOTAL.	\$72,000,000

NEW SECTION. **Sec. 1026.** A new section is added to 2021 c 332 (uncodified) to read as follows:

FOR THE DEPARTMENT OF COMMERCE

2023 Local and Community Projects (40000266)

The appropriation in this section is subject to the following conditions and limitations:

(1) The department may not expend the appropriation provided in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of 10 years, either through ownership or a long-term lease. 1 repay to the state general fund the principal amount of the grant
2 plus interest calculated at the rate of interest on state of

4 of authorization of the grant.

10 archaeology and historic preservation and affected tribes on the
11 potential effects of these projects on cultural resources and

31 (uncodified) to read as follows:

32 **FOR THE DEPARTMENT OF COMMERCE**

33 Ports Infrastructure (40000278)

34 The appropriation in this section is subject to the following
35 conditions and limitations:

- 36 (1) The department may not expend the appropriation in this
37 section unless and until the nonstate share of project costs have
38 been either expended or firmly committed, or both, in an amount

2 that is useable to the public for the purpose intended by the
3 legislature. This requirement does not apply to projects where a
4 share of the appropriation is for design costs only.

5 (2) Prior to receiving funds, project recipients must demonstrate
6 that the project site is under control for a minimum of 10 years,
7 either through ownership or a long-term lease. This requirement does
8 not apply to appropriations for preconstruction activities or

17 department must include provisions that require that capital
18 improvements be held by the grantee for a specified period of time
19 appropriate to the amount of the grant and that facilities be used
20 for the express purpose of the grant. If the grantee is found to be
21 out of compliance with provisions of the contract, the grantee shall
22 repay to the state general fund the principal amount of the grant
23 plus interest calculated at the rate of interest on state of
24 Washington general obligation bonds issued most closely to the date
25 of authorization of the grant.

26 (6) Projects funded in this section, including those that are
27 owned and operated by nonprofit organizations, are generally required
28 to pay state prevailing wages.

29 (7) The department must comply with the requirements set forth in
30 Executive Order 21-02 and must consult with the department of
31 archaeology and historic preservation and affected tribes on the
32 potential effects of these projects on cultural resources and
33 historic properties. Consultation with the department of archaeology

24 plan must include scenarios based upon a range of state investment in
25 the fund.

26 (4) The department of children, youth, and families must develop
27 methodology to identify, at the school district boundary level, the
28 geographic locations of where early childhood education and

5 these categories, must track the number of slots separately by
6 program for the working connections child care program and the early

10 from a rural county or from extreme child care deserts as defined by
11 the department of children, youth, and families.

12 (8) The department shall, in consultation with the department of

15 regarding the geographical diversity of early learning facilities
16 grants. The report must be submitted by December 1, 2022, and must
17 provide the following information:

18 (a) Geographical disbursement of school district early learning
19 grants, early learning facilities grants to eligible organizations,
20 and early learning loans or grants provided by a nongovernmental
21 private-public partnership contracted by the department, including

33 award, number of early childhood education and assistance program or
34 working connections child care program slots added, and any other
35 information that the department deems relevant.

36 (9) For early learning facilities collocated with affordable or
37 supportive housing developments, the department may remit state
38 funding on a reimbursement basis for 100 percent of eligible project
39 costs, regardless of the project's match amount, once the nonstate
40 share of project costs have been either expended or firmly committed

1 in an amount sufficient to complete the entire project or a distinct
2 phase of the project that is useable to the public as an early
3 learning facility. These projects are not subject to section 7017,
4 chapter 332, Laws of 2021 or RCW 43.88.150.

5 (10) It is the intent of the legislature to reappropriate funding
6 in the 2023-2025 omnibus capital appropriations act for early

6 commitment hearings and proceedings under chapter 71.05 RCW.

7 (3) In awarding funding for projects in subsection (5) of this
8 section, the department, in consultation with the advisory group

2 but not limited to: Providing social services; expanding employment

4 residents; or offering educational or recreational opportunities
5 separate from the public school system or private schools, as long as
6 recreation is not the sole purpose of the facility;

20 (c) (i) The evaluation and ranking process shall also include an
21 examination of existing assets that applicants may apply to projects.
22 Grant assistance under this section shall not exceed (~~twenty-five~~)
23 25 percent of the total cost of the project, except(~~(, under)~~) as
24 provided in (c) (ii) and (iii) of this subsection (2).

25 (ii) For project lists submitted during the 2021-2023 fiscal
26 biennium, grant assistance under this section may not exceed:

27 (A) One hundred percent of the total cost for projects up to
28 \$100,000;

29 (B) Seventy-five percent of the total cost for projects that
30 exceed \$100,000, up to \$250,000;

32 \$250,000, up to \$500,000.

33 (iii) Under exceptional circumstances, the department may reduce
34 the amount of nonstate match required. However, during the 2019-2021
35 biennium, the legislature may waive the match required for the
36 projects specified in section 1009, chapter 413, Laws of 2019. No
37 more than (~~ten~~) 10 percent of the total granted amount may be
38 awarded to qualified eligible projects that meet the definition of
39 exceptional circumstances defined in this subsection. For project
40 lists submitted during the 2021-2023 fiscal biennium, there is no

1 limit to the total granted amount awarded to qualified eligible
2 projects that meet the definition of exceptional circumstances
3 defined in this subsection. For purposes of this subsection,
4 exceptional circumstances include but are not limited to: Natural
5 disasters affecting projects; emergencies beyond an applicant's
6 control, such as a fire or an unanticipated loss of a lease where
7 services are currently provided; or a delay that could result in a
8 threat to public health or safety. The nonstate portion of the total
9 project cost may include cash, the value of real property when
10 acquired solely for the purpose of the project, and in-kind
11 contributions.

12 (d) The department may not set a monetary limit to funding
13 requests.

14 (3) The department shall submit biennially to the governor and
15 the legislature in the department's capital budget request a ranked
16 list of the qualified eligible projects for which applications were
17 received. The list must include a description of each project, its
18 total cost, and the amount of state funding requested. The
19 appropriate fiscal committees of the legislature shall use this list
20 to determine building communities fund projects that may receive
21 funding in the capital budget. The total amount of state capital
22 funding available for all projects on the biennial list shall be
23 determined by the capital budget beginning with the 2009-2011
24 biennium and thereafter. In addition, if cash funds have been
25 appropriated, up to (~~three million dollars~~) \$3,000,000 may be used
26 for technical assistance grants. The department shall not sign
27 contracts or otherwise financially obligate funds under this section
28 until the legislature has approved a specific list of projects.

29 (4) In addition to the list of ranked qualified eligible
30 projects, the department shall submit to the appropriate fiscal
31 committees of the legislature a summary report that describes the
32 solicitation and evaluation processes, including but not limited to
33 the number of applications received, the total amount of funding
34 requested, issues encountered, if any, and any recommendations for
35 process improvements.

36 (5) After the legislature has approved a specific list of
37 projects in law, the department shall develop and manage appropriate
38 contracts with the selected applicants; monitor project expenditures
39 and grantee performance; report project and contract information; and

1 exercise due diligence and other contract management responsibilities
2 as required.

4 department shall include provisions which require that capital
5 improvements shall be held by the grantee for a specified period of
6 time appropriate to the amount of the grant and that facilities shall

8 to be out of compliance with provisions of the contract, the grantee
9 shall repay to the state general fund the principal amount of the
10 grant plus interest calculated at the rate of interest on state of
11 Washington general obligation bonds issued most closely to the date
12 of authorization of the grant.

34 **Sec. 7007.** 2021 c 332 s 7041 (uncodified) is amended to read as
35 follows:

36 (1) The department of enterprise services shall convene a
37 construction industry work group to recommend how to apply successful
38 carbon reduction strategies, incorporate necessary parameters of

1 design and construction considerations, and allow for efficient and
2 cost effective state construction projects. The work group must be
3 comprised of construction industry professionals as recommended by a
4 leading association on Washington business in design, specification,
5 construction, and material supply and construction professionals that
6 have successfully realized real and measurable results. The work
7 group must also include a representative from the department of
8 enterprise services, representatives from environmental groups, and
9 someone of applicable expertise from the Washington academy of
10 sciences.

11 (2) The work group shall identify and recommend carbon reduction
12 strategies and environmental product declaration principles to
13 successfully apply in state construction projects and:

14 (a) Clarify the definition of environmental product declaration
15 to ensure that environmental product declarations (EPD) are applied
16 properly, consistently, and as intended and provide a baseline of
17 understanding based on accepted metrics to obtain measurable results
18 for state construction projects;

19 (b) Suggest a pilot project or project review to apply
20 construction industry recommendations and create an education and
21 standards brief that accompanies the report required under subsection

24 process in functional detail and use existing data gathering
25 resources such as EC3; and

26 (d) Identify measurable outcome criteria to establish a project
27 baseline summary for use during design from estimated project
28 material quantities using industry average environmental product
29 declarations.

30 (3) The work group shall provide their recommendations in a
31 report to the fiscal committees of the legislature by (~~January 1,~~
32 ~~2022~~) June 30, 2022.

33 (d) Identify measurable outcome criteria to establish a project
34 baseline summary for use during design from estimated project
35 material quantities using industry average environmental product
36 declarations; and

37 (e) Identify sustainable and low-carbon emitting building
38 materials, including but not limited to, aggregate and recycled
39 concrete materials, as described in subsection (4) of this section.

1 (3) The work group shall provide their recommendations in a
2 report to the fiscal committees of the legislature by January 1,
3 2022.

4 (4)(a) The legislature continues to prioritize Washington state's
5 sustainability goals and reaffirms its determination that recyclable
6 construction aggregate and recycled concrete materials are too
7 valuable to be wasted and landfilled. The legislature further finds
8 that the reuse of construction aggregate and recycled concrete
9 materials into construction projects is known to:

10 (i) Reduce the need for consumption of new construction aggregate
11 materials and conserves existing aggregate resources;

12 (ii) Encourages reuse and recycling, reduces waste, and
13 discourages landfilling of readily available natural resources;

14 (iii) Reduces truck trips and related transportation emissions;
15 and

16 (iv) Reduces greenhouse gases related to the construction of
17 state funded construction projects, reduce embodied energy, and
18 improve and advance the sustainable principles and practices of
19 Washington state.

20 (b) These recyclable materials have well established markets, are
21 substantially a primary or secondary product of necessary
22 construction processes and production, as a commodity substantially
23 meets widely recognized international, national, and local standards
24 and specifications, and are managed as an item of commercial value.
