2 gas emissions reductions set forth in RCW 70A.45.020(1), allowing for
3 consideration of the emissions reductions achieved through the
4 adoption of statewide programs. The guidelines must prioritize
5 reductions in communities that have experienced disproportionate harm
6 due to air pollution and may draw upon the most recent health
7 disparities data from the department of health to identify high
8 pollution areas and disproportionately burdened communities.

9 (b) The department, in consultation with the department of
10 transportation, shall publish guidelines that specify a set of
11 actions counties and cities may take through updates to their
12 comprehensive plans and development regulations that have a
13 demonstrated ability to reduce per capita vehicle miles traveled,
14 including measures that are designed to be achievable throughout the
15 state, including in small cities and rural cities.

16 (c) The department shall develop, in collaboration with the
17 department of ecology, the department of fish and wildlife, the
18 department of natural resources, the department of health, and the
19 emergency management division of the military department, as well as
20 any federally recognized tribe who chooses to voluntarily
21 participate, guidance that creates a model climate change and
22 resiliency element that may be used by counties, cities, and
23 multiple-county planning regions for developing and implementing
24 climate change and resiliency plans and policies subject to the
25 following provisions:

26 (i) The model element should provide guidance on identifying,
27 designing, and investing in infrastructure that supports community
28 resilience to climate impacts, including the protection, restoration,
29 and enhancement of natural infrastructure as well as traditional
30 infrastructure and protecting natural areas resilient to climate
31 impacts, as well as areas of vital habitat for safe passage and
32 species migration;

33 (ii) The model element should provide guidance on identifying and
34 addressing natural hazards created or aggravated by climate change,
35 including sea level rise, landslides, flooding, drought, heat, smoke,
36 wildfires, and other effects of reasonably anticipated changes to
37 temperature and precipitation patterns;

38 (iii) The model element must recognize and promote as many
39 cobenefits of climate resilience as possible, such as salmon
40 recovery, ecosystem services, and supporting treaty rights; and

1 (iv) The model element must prioritize actions in communities
2 that will disproportionately suffer from compounding environmental
3 impacts and will be most impacted by natural hazards due to climate
4 change and may draw upon the most recent health disparities data from
5 the department of health to identify disproportionately burdened
6 communities.

7 (d) If the department publishes any subsequent updates to the
8 guidelines published pursuant to (a) or (b) of this subsection, the
9 department shall include in any such update a determination of
10 whether adequate progress has been made toward the statewide
11 greenhouse gas and per capita vehicle miles traveled reduction goals.
12 If adequate progress is not being made, the department must identify
13 in any updates to the guidelines what additional measures cities and
14 counties may take in order to make further progress.

15 (e) The department, in the course of implementing this
16 subsection, shall provide and prioritize options that support housing
17 diversity and that assist counties and cities in meeting greenhouse
18 gas emissions reduction and other requirements established under
19 chapter 70A.45 RCW.

14 (i) Explore the benefits and impacts of agrivoltaics to
15 agricultural practices, the energy system, water supply and water
16 quality, and other natural resources;

17 (ii) Explore the potential costs and benefits of installing
18 agrivoltaics at the farm, community, and state level;

4 regulations in order to implement the requirements of the growth
5 management act.

6 (a) In allocating grant funding to local jurisdictions, awards
7 must be based on a formula, determined by the department, to ensure
8 that grants are distributed equitably among cities and counties.
9 Grants will be used primarily to fund the review and update
10 requirements for counties and cities required by RCW 36.70A.130.
11 Funding provided on this formula basis shall cover additional county
12 and city costs, if applicable, to implement chapter 254, Laws of 2021

30 with the greatest health disparities, lower incomes, and communities
31 of color, that are most likely to receive the greatest health
32 benefits from this program through a reduction in greenhouse gas
33 emissions and other pollutants that will result in improved
34 groundwater and stormwater quality, improved air quality, and
35 reductions in noise pollution;

36 (ii) To select appropriate income brackets for program
37 participants that are in greatest need of this assistance in order to
38 reduce the carbon emissions and other environmental impacts of their
39 current mode of transportation in the overburdened community in which

7 vehicle if that vehicle were an internal combustion engine rather
8 than a hybrid or electric vehicle. The cost of an at-home charger may
9 also be considered in this determination; and

10 (C) Any other applicable factors that promote state climate and
11 equity goals.

12 (d) The department shall work with the department of

16 and the appropriate criteria for awarding grants under (a)(ii) of
17 this subsection to maximize program participation and state climate
18 and equity goals, selecting grant partners for the installation and

5 governments to support planning for electric vehicle implementation
6 in selected overburdened communities.

10 reductions on health disparities in the overburdened communities that
11 participate in the program. The program metrics must be tracked and
12 reported on at least a quarterly basis on state agency dashboards
13 available to the public currently or developed by the department for
14 this purpose.

PART II
HUMAN SERVICES

Sec. 201. 2021 c 334 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the

1 federal government, historical utilization, economic data, and
2 clinical input constitute reliable data upon which to determine the
3 payment rates.

4 (4) The department shall to the maximum extent practicable use
5 the same system for delivery of spoken-language interpreter services
6 for social services appointments as the one established for medical
7 appointments in the health care authority. When contracting directly
8 with an individual to deliver spoken language interpreter services,
9 the department shall only contract with language access providers who
10 are working at a location in the state and who are state-certified or
11 state-authorized, except that when such a provider is not available,
12 the department may use a language access provider who meets other
13 certifications or standards deemed to meet state standards, including
14 interpreters in other states.

15 (5) Information technology projects or investments and proposed
16 projects or investments impacting time capture, payroll and payment
17 processes and systems, eligibility, case management, and
18 authorization systems within the department of social and health
19 services are subject to technical oversight by the office of the
20 chief information officer.

21 (6) (a) The department shall facilitate enrollment under the
22 medicaid expansion for clients applying for or receiving state funded
23 services from the department and its contractors. Prior to open
24 enrollment, the department shall coordinate with the health care
25 authority to provide referrals to the Washington health benefit
26 exchange for clients that will be ineligible for medicaid.

27 (b) To facilitate a single point of entry across public and
28 medical assistance programs, and to maximize the use of federal
29 funding, the health care authority, the department of social and
30 health services, and the health benefit exchange will coordinate
31 efforts to expand HealthPlanfinder access to public assistance and
32 medical eligibility staff. The department shall complete medicaid
33 applications in the HealthPlanfinder for households receiving or
34 applying for public assistance benefits.

35 (7) The health care authority, the health benefit exchange, the
36 department of social and health services, the department of health,
37 and the department of children, youth, and families shall work
38 together within existing resources to establish the health and human
39 services enterprise coalition (the coalition). The coalition, led by
40 the health care authority, must be a multi-organization collaborative

1 that provides strategic direction and federal funding guidance for
2 projects that have cross-organizational or enterprise impact,
3 including information technology projects that affect organizations
4 within the coalition. The office of the chief information officer
5 shall maintain a statewide perspective when collaborating with the
6 coalition to ensure that projects are planned for in a manner that
7 ensures the efficient use of state resources, supports the adoption
8 of a cohesive technology and data architecture, and maximizes federal
9 financial participation. The work of the coalition is subject to the
10 conditions, limitations, and review provided in section 701 of this
11 act.

12 (8)(a) The appropriations to the department of social and health
13 services in this act must be expended for the programs and in the
14 amounts specified in this act. However, after May 1, 2022, unless
15 prohibited by this act, the department may transfer general fund—
16 state appropriations for fiscal year 2022 among programs and
17 subprograms after approval by the director of the office of financial
18 management. However, the department may not transfer state
19 appropriations that are provided solely for a specified purpose
20 except as expressly provided in (b) of this subsection.

21 (b) To the extent that transfers under (a) of this subsection are
22 insufficient to fund actual expenditures in excess of fiscal year
23 2022 in response to the COVID-19 pandemic or caseload forecasts and
24 utilization assumptions in the long-term care, developmental
25 disabilities, and public assistance programs, the department may
26 transfer state appropriations that are provided solely for a
27 specified purpose. The department may not transfer funds, and the
28 director of the office of financial management may not approve the
29 transfer, unless the transfer is consistent with the objective of
30 conserving, to the maximum extent possible, the expenditure of state
31 funds. The director of the office of financial management shall
32 notify the appropriate fiscal committees of the legislature in
33 writing seven days prior to approving any allotment modifications or
34 transfers under this subsection. The written notification shall
35 include a narrative explanation and justification of the changes,
36 along with expenditures and allotments by budget unit and
37 appropriation, both before and after any allotment modifications or
38 transfers.

22 these funds to track the following elements related to this
23 requirement: (i) The date on which an individual is determined to no

35 include identification of need for the services and analysis of the
36 effect of community investments in behavioral health services and
37 other types of beds that may reduce the need for long-term civil

24 Washington state's managed care organizations to establish
25 recommendations for clients who live in the community to access the
26 developmental disabilities administration's facility-based
27 professionals to receive care covered under the state plan. If
28 feasible, these recommendations should detail how to enable facility-
29 based professionals to deliver services at mobile or brick-and-mortar
30 clinical settings in the community. The department must submit its
31 recommendations to the appropriate legislative committees no later
32 than December 1, (~~(2021)~~) 2022.

7 these goals, the authority shall: (a) Require the Dr. Robert Bree
8 collaborative and the health technology assessment program to reduce
9 the administrative burden upon providers by only requiring
10 performance measures that are nonduplicative of other nationally
11 established measures. The joint select committee on health care
12 oversight will evaluate the measures chosen by the collaborative and
13 the health technology assessment program for effectiveness and
14 appropriateness; (b) develop a patient satisfaction survey with the
15 goal to gather information about whether it was beneficial for the
16 patient to use the center of excellence location in exchange for
17 additional out-of-pocket savings; (c) ensure patients and health care
18 providers have significant input into the implementation of the
19 demonstration waiver, in order to ensure improved patient health
20 outcomes; and (d) in cooperation with the department of social and
21 health services, consult with and provide notification of work on
22 applications for federal waivers, including details on waiver
23 duration, financial implications, and potential future impacts on the
24 state budget, to the joint select committee on health care oversight
25 prior to submitting waivers for federal approval. The authority shall
26 submit an application to the centers for medicaid and medicare
27 services to extend the duration of the medicaid transformation waiver
28 under healthier Washington as described in subsections (2), (3), and
29 (4) of this section by one year. If not extended, by federal
30 standard, the medicaid transformation demonstration waiver shall not
31 exceed the duration originally granted by the centers for medicare
32 and medicaid services and any programs created or funded by this
33 waiver do not create an entitlement.

34 (2) (a) No more than (~~(\$63,052,000)~~) \$78,409,000 of the general
35 fund—federal appropriation and no more than (~~(\$50,840,000)~~)
36 \$66,264,000 of the general fund—local appropriation may be expended
37 for transformation through accountable communities of health
38 described in initiative 1 of the medicaid transformation
39 demonstration wavier under healthier Washington, including preventing
40 youth drug use, opioid prevention and treatment, and physical and

1 behavioral health integration. Under this initiative, the authority
2 shall take into account local input regarding community needs. In
3 order to ensure transparency to the appropriate fiscal committees of
4 the legislature, the authority shall provide fiscal staff of the
5 legislature query ability into any database of the fiscal
6 intermediary that authority staff would be authorized to access. The
7 authority shall not increase general fund—state expenditures under
8 this initiative. The director shall also report to the fiscal
9 committees of the legislature all of the expenditures under this
10 subsection and shall provide such fiscal data in the time, manner,
11 and form requested by the legislative fiscal committees.

12 (b) No more than (~~(\$243,047,000)~~) \$198,909,000 of the general
13 fund—federal appropriation and no more than (~~(\$99,274,000)~~)
14 \$81,245,000 of the general fund—private/local appropriation may be
15 expended for the medicaid quality improvement program. Under federal
16 regulations, the medicaid quality improvement program is authorized
17 and allows states to design quality improvement programs for the
18 medicaid population in ways that support the state's quality goals.
19 Medicaid quality improvement program payments will not count against
20 the medicaid transformation demonstration waiver spending limits and
21 are excluded from the waiver's budget neutrality calculation. Apple
22 health managed care organizations and their partnering providers will
23 receive medicaid quality improvement program payments as they meet
24 designated milestones. Partnering providers and apple health managed
25 care organizations will work together to achieve medicaid quality
26 improvement program goals according to the performance period
27 timelines and reporting deadlines as set forth by the authority. The
28 authority shall only utilize the medicaid quality improvement program
29 to support the transformation waiver and shall not pursue its use for
30 other purposes. Any programs created or funded by the medicaid
31 quality improvement program does not create an entitlement. The
32 authority shall not increase general fund—state, federal, or private/
33 local expenditures under this program. The director shall report to
34 the joint select committee on health care oversight not less than
35 quarterly on financial and health outcomes. The director shall report
36 to the fiscal committees of the legislature all of the expenditures
37 under this subsection and shall provide such fiscal data in the time,
38 manner, and form requested by the legislative fiscal committees.

1 (3) No more than \$26,837,000 of the general fund—federal
2 appropriation and \$26,839,000 of the general fund—local appropriation
3 may be expended for tailored support for older adults and medicaid
4 alternative care described in initiative 2 of the medicaid
5 transformation demonstration waiver under healthier Washington as
6 well as administrative expenses for initiative 3. The authority shall
7 contract and provide funding to the department of social and health
8 services to administer initiative 2. The director in cooperation with
9 the secretary of the department of social and health services shall
10 report to the office of financial management all of the expenditures
11 of this section and shall provide such fiscal data in the time,
12 manner, and form requested. The authority shall not increase general
13 fund—state expenditures on this initiative.

14 (4) No more than (~~(\$50,389,000)~~) \$28,680,000 of the general fund—
15 federal appropriation and no more than (~~(\$22,862,000)~~) \$12,992,000 of
16 the general fund—local appropriation may be expended for supported
17 housing and employment services described in initiative 3a and 3b of
18 the medicaid transformation demonstration waiver under healthier
19 Washington. Under this initiative, the authority and the department
20 of social and health services shall ensure that allowable and
21 necessary services are provided to eligible clients as identified by
22 the department or its third party administrator. The authority shall
23 not increase general fund—state expenditures under this initiative.
24 The director shall report to the joint select committee on health
25 care oversight no less than quarterly on financial and health
26 outcomes. The director shall also report to the fiscal committees of
27 the legislature all of the expenditures of this subsection and shall
28 provide such fiscal data in the time, manner, and form requested by
29 the legislative fiscal committees.

30 (5) The authority shall submit an application to the centers for
31 medicare and medicaid services to renew the 1115 demonstration waiver
32 for an additional five years as described in subsections (2), (3),
33 and (4) of this section. The authority may not accept or expend any
34 federal funds received under an 1115 demonstration waiver except as
35 described in this section unless the legislature has appropriated the
36 federal funding. To ensure compliance with legislative requirements
37 and terms and conditions of the waiver, the authority shall implement
38 the renewal of the 1115 demonstration waiver and reporting
39 requirements with oversight from the office of financial management.

1 The legislature finds that appropriate management of the renewal of
2 the 1115 demonstration waiver as set forth in subsections (6), (7),
3 and (8) of this section requires sound, consistent, timely, and
4 transparent oversight and analytic review in addition to lack of
5 redundancy with other established measures. The patient must be
6 considered first and foremost in the implementation and execution of
7 the demonstration waiver. To accomplish these goals, the authority
8 shall develop consistent performance measures that focus on
9 population health and health outcomes. The authority shall limit the
10 number of projects that accountable communities of health may
11 participate in both under MQIP and initiative 1 to a maximum of six
12 and shall seek to develop common performance measures when possible.
13 The joint select committee on health care oversight will evaluate the
14 measures chosen: (a) For effectiveness and appropriateness; and (b)
15 to provide patients and health care providers with significant input
16 into the implementation of the demonstration waiver to promote
17 improved population health and patient health outcomes. In
18 cooperation with the department of social and health services, the
19 authority shall consult with and provide notification of work on
20 applications for federal waivers, including details on waiver
21 duration, financial implications, and potential future impacts on the
22 state budget to the joint select committee on health care oversight
23 prior to submitting these waivers for federal approval. Prior to
24 final approval or acceptance of funds by the authority, the authority
25 shall submit the special terms and conditions as submitted to the
26 centers for medicare and medicaid services and the anticipated budget
27 for the duration of the renewed waiver to the governor, the joint
28 select committee on health care, and the fiscal committees of the
29 legislature. By federal standard any programs created or funded by
30 this waiver do not create an entitlement.

31 (6) (a) \$32,432,000 of the general fund—federal appropriation and
32 \$40,296,000 of the general fund—private/local appropriation are
33 provided solely for accountable communities of health described in
34 initiative 1 of the 1115 demonstration waiver and this is the maximum
35 amount that may be expended for this purpose. In renewing this
36 initiative, the authority shall consider local input regarding
37 community needs and shall limit total local projects to no more than
38 six. To provide transparency to the appropriate fiscal committees of
39 the legislature, the authority shall provide fiscal staff of the
40 legislature query ability into any database of the fiscal

1 intermediary that authority staff would be authorized to access. The
2 authority shall not supplement the amounts provided in this
3 subsection with any general fund—state moneys appropriated in this
4 section or any moneys that may be transferred pursuant to subsection
5 (1) of this section. The director shall report to the fiscal
6 committees of the legislature all expenditures under this subsection
7 and provide such fiscal data in the time, manner, and form requested
8 by the legislative fiscal committees.

9 (b) \$110,778,000 of the general fund—federal appropriation and
10 \$45,248,000 of the general fund—private/local appropriation are
11 provided solely for the medicaid quality improvement program, and
12 this is the maximum amount that may be expended for this purpose.
13 Medicaid quality improvement program payments do not count against
14 the 1115 demonstration waiver spending limits and are excluded from
15 the waiver's budget neutrality calculation. The authority may provide
16 medicaid quality improvement program payments to apple health managed
17 care organizations and their partnering providers as they meet
18 designated milestones. Partnering providers and apple health managed
19 care organizations must work together to achieve medicaid quality
20 improvement program goals according to the performance period
21 timelines and reporting deadlines as set forth by the authority. The
22 authority may only use the medicaid quality improvement program to
23 support accountable communities of health, tailored support for older
24 adults and medicaid alternative care, and foundational community
25 supports, also referred to as initiatives 1, 2, and 3, as described
26 in the 1115 demonstration waiver and may not pursue its use for other
27 purposes. Any programs created or funded by the medicaid quality
28 improvement program do not constitute an entitlement for clients or
29 providers. The authority shall not supplement the amounts provided in
30 this subsection with any general fund—state moneys appropriated in
31 this section or any moneys that may be transferred pursuant to
32 subsection (1) of this section. The director shall report to the
33 joint select committee on health care oversight not less than
34 quarterly on financial and health outcomes. The director shall report
35 to the fiscal committees of the legislature all expenditures under
36 this subsection and shall provide such fiscal data in the time,
37 manner, and form requested by the legislative fiscal committees.

38 (c) In collaboration with the accountable communities of health,
39 the authority will submit a report to the governor and the joint

1 select committee on health care oversight describing how each of the
2 accountable community of health's work aligns with the community
3 needs assessment no later than December 1, 2022.

4 (d) Performance measures and payments for accountable communities
5 of health shall reflect accountability measures that demonstrate
6 progress toward transparent, measurable, and meaningful goals that
7 have an impact on improved population health and improved health
8 outcomes, including a path to financial sustainability. While these
9 goals may have variation to account for unique community
10 demographics, measures should be standardized when possible.

11 (7) \$19,902,000 of the general fund—federal appropriation and
12 \$19,903,000 of the general fund—local appropriation are provided
13 solely for tailored support for older adults and medicaid alternative
14 care described in initiative 2 of the 1115 demonstration waiver as
15 well as administrative expenses for initiative 3 and this is the
16 maximum amount that may be expended for this purpose. The authority
17 shall contract with and provide funding to the department of social
18 and health services to administer initiative 2. The director in
19 cooperation with the secretary of the department of social and health
20 services shall report to the office of financial management all of
21 the expenditures of this section and shall provide such fiscal data
22 in the time, manner, and form requested. The authority shall not
23 supplement the amounts provided in this subsection with any general
24 fund—state moneys appropriated in this section or any moneys that may
25 be transferred pursuant to subsection (1) of this section.

26 (8) (a) \$13,235,000 of the general fund—federal appropriation and
27 \$7,318,000 of the general fund—private/local appropriation are
28 provided solely for supported housing and employment services
29 described in initiative 3a and 3b of the 1115 demonstration waiver
30 and this is the maximum amount that may be expended for this purpose.
31 Under this initiative, the authority and the department of social and
32 health services shall ensure that allowable and necessary services
33 are provided to eligible clients as identified by the department or
34 its third-party administrator. The authority and the department in
35 consultation with the medicaid forecast work group, shall ensure that
36 reasonable reimbursements are established for services deemed
37 necessary within an identified limit per individual. The authority
38 shall not supplement the amounts provided in this subsection with any
39 general fund—state moneys appropriated in this section or any moneys

1 that may be transferred pursuant to subsection (1) of this section.
2 The director shall report to the joint select committee on health
3 care oversight no less than quarterly on financial and health
4 outcomes. The director shall also report to the fiscal committees of
5 the legislature all of the expenditures of this subsection and shall
6 provide such fiscal data in the time, manner, and form requested by
7 the legislative fiscal committees.

8 (b) The authority and the department shall seek additional
9 flexibilities for housing supports through the centers for medicare
10 and medicaid services and shall coordinate with the office of
11 financial management and the department of commerce to ensure that
12 services are not duplicated.

13 (c) The director shall report to the joint select committee on
14 health care oversight no less than quarterly on utilization and
15 caseload statistics for both supportive housing and employment
16 services and its progress toward increasing uptake and availability
17 for these services.

18 (9) The authority shall submit a plan to preserve the waiver that
19 allows for the full cost of stays in institutions for mental diseases
20 to be included in managed care rates by November 1, 2021, to the
21 appropriate committees of the legislature.

22 ~~((+6))~~ (10) The authority shall submit a plan to preserve the
23 waiver allowing for full federal financial participation for medical
24 clients in mental health facilities classified as institutions for
25 mental diseases by November 1, 2021, to the appropriate committees of
26 the legislature.

27 ~~((+7))~~ (11) Sufficient amounts are appropriated in this
28 subsection to implement the medicaid expansion as defined in the
29 social security act, section 1902(a)(10)(A)(i)(VIII).

30 ~~((+8))~~ (12) The legislature finds that medicaid payment rates,
31 as calculated by the health care authority pursuant to the
32 appropriations in this act, bear a reasonable relationship to the
33 costs incurred by efficiently and economically operated facilities
34 for providing quality services and will be sufficient to enlist
35 enough providers so that care and services are available to the
36 extent that such care and services are available to the general
37 population in the geographic area. The legislature finds that the
38 cost reports, payment data from the federal government, historical
39 utilization, economic data, and clinical input constitute reliable
40 data upon which to determine the payment rates.

1 ~~((9))~~ (13) Based on quarterly expenditure reports and caseload
2 forecasts, if the health care authority estimates that expenditures
3 for the medical assistance program will exceed the appropriations,
4 the health care authority shall take steps including but not limited
5 to reduction of rates or elimination of optional services to reduce
6 expenditures so that total program costs do not exceed the annual
7 appropriation authority.

8 ~~((10))~~ (14) In determining financial eligibility for medicaid-
9 funded services, the health care authority is authorized to disregard
10 recoveries by Holocaust survivors of insurance proceeds or other
11 assets, as defined in RCW 48.104.030.

12 (15) The legislature affirms that it is in the state's interest
13 for Harborview medical center to remain an economically viable
14 component of the state's health care system.

15 ~~((11))~~ (16) When a person is ineligible for medicaid solely by
16 reason of residence in an institution for mental diseases, the health
17 care authority shall provide the person with the same benefits as he
18 or she would receive if eligible for medicaid, using state-only funds
19 to the extent necessary.

20 ~~((12))~~ (17) \$3,997,000 of the general fund—state appropriation
21 for fiscal year 2022, \$4,261,000 of the general fund—state
22 appropriation for fiscal year 2023, and \$8,786,000 of the general
23 fund—federal appropriation are provided solely for low-income
24 disproportionate share hospital payments.

25 ~~((13))~~ (18) Within the amounts appropriated in this section,
26 the health care authority shall provide disproportionate share
27 hospital payments to hospitals that provide services to children in
28 the children's health program who are not eligible for services under
29 Title XIX or XXI of the federal social security act due to their
30 citizenship status.

31 ~~((14))~~ (19) \$7,000,000 of the general fund—federal
32 appropriation is provided solely for supplemental payments to nursing
33 homes operated by public hospital districts. The public hospital
34 district shall be responsible for providing the required nonfederal
35 match for the supplemental payment, and the payments shall not exceed
36 the maximum allowable under federal rules. It is the legislature's
37 intent that the payments shall be supplemental to and shall not in
38 any way offset or reduce the payments calculated and provided in
39 accordance with part E of chapter 74.46 RCW. It is the legislature's

1 further intent that costs otherwise allowable for rate-setting and
2 settlement against payments under chapter 74.46 RCW shall not be
3 disallowed solely because such costs have been paid by revenues
4 retained by the nursing home from these supplemental payments. The
5 supplemental payments are subject to retrospective interim and final
6 cost settlements based on the nursing homes' as-filed and final
7 medicare cost reports. The timing of the interim and final cost
8 settlements shall be at the health care authority's discretion.
9 During either the interim cost settlement or the final cost
10 settlement, the health care authority shall recoup from the public
11 hospital districts the supplemental payments that exceed the medicaid
12 cost limit and/or the medicare upper payment limit. The health care
13 authority shall apply federal rules for identifying the eligible
14 incurred medicaid costs and the medicare upper payment limit.

15 ~~((15))~~ (20) The health care authority shall continue the
16 inpatient hospital certified public expenditures program for the
17 2021-2023 fiscal biennium. The program shall apply to all public
18 hospitals, including those owned or operated by the state, except
19 those classified as critical access hospitals or state psychiatric
20 institutions. The health care authority shall submit reports to the
21 governor and legislature by November 1, 2021, and by November 1,
22 2022, that evaluate whether savings continue to exceed costs for this
23 program. If the certified public expenditures (CPE) program in its
24 current form is no longer cost-effective to maintain, the health care
25 authority shall submit a report to the governor and legislature
26 detailing cost-effective alternative uses of local, state, and
27 federal resources as a replacement for this program. During fiscal
28 year 2022 and fiscal year 2023, hospitals in the program shall be
29 paid and shall retain one hundred percent of the federal portion of
30 the allowable hospital cost for each medicaid inpatient fee-for-
31 service claim payable by medical assistance and one hundred percent
32 of the federal portion of the maximum disproportionate share hospital
33 payment allowable under federal regulations. Inpatient medicaid
34 payments shall be established using an allowable methodology that
35 approximates the cost of claims submitted by the hospitals. Payments
36 made to each hospital in the program in each fiscal year of the
37 biennium shall be compared to a baseline amount. The baseline amount
38 will be determined by the total of (a) the inpatient claim payment
39 amounts that would have been paid during the fiscal year had the
40 hospital not been in the CPE program based on the reimbursement rates

1 developed, implemented, and consistent with policies approved in the
2 2021-2023 biennial operating appropriations act and in effect on July
3 1, 2015, (b) one-half of the indigent assistance disproportionate
4 share hospital payment amounts paid to and retained by each hospital
5 during fiscal year 2005, and (c) all of the other disproportionate
6 share hospital payment amounts paid to and retained by each hospital
7 during fiscal year 2005 to the extent the same disproportionate share
8 hospital programs exist in the 2019-2021 fiscal biennium. If payments
9 during the fiscal year exceed the hospital's baseline amount, no
10 additional payments will be made to the hospital except the federal
11 portion of allowable disproportionate share hospital payments for
12 which the hospital can certify allowable match. If payments during
13 the fiscal year are less than the baseline amount, the hospital will
14 be paid a state grant equal to the difference between payments during
15 the fiscal year and the applicable baseline amount. Payment of the
16 state grant shall be made in the applicable fiscal year and
17 distributed in monthly payments. The grants will be recalculated and
18 redistributed as the baseline is updated during the fiscal year. The
19 grant payments are subject to an interim settlement within eleven
20 months after the end of the fiscal year. A final settlement shall be
21 performed. To the extent that either settlement determines that a
22 hospital has received funds in excess of what it would have received
23 as described in this subsection, the hospital must repay the excess
24 amounts to the state when requested. (~~(\$702,000)~~) \$423,000 of the
25 general fund—state appropriation for fiscal year 2022 and
26 (~~(\$649,000)~~) \$381,000 of the general fund—state appropriation for
27 fiscal year 2023 are provided solely for state grants for the
28 participating hospitals.

29 (~~(16)~~) (21) The health care authority shall seek public-private
30 partnerships and federal funds that are or may become available to
31 provide on-going support for outreach and education efforts under the
32 federal children's health insurance program reauthorization act of
33 2009.

34 (~~(17)~~) (22) The health care authority shall target funding for
35 maternity support services towards pregnant women with factors that
36 lead to higher rates of poor birth outcomes, including hypertension,
37 a preterm or low birth weight birth in the most recent previous
38 birth, a cognitive deficit or developmental disability, substance
39 abuse, severe mental illness, unhealthy weight or failure to gain
40 weight, tobacco use, or African American or Native American race. The

1 health care authority shall prioritize evidence-based practices for
2 delivery of maternity support services. To the extent practicable,
3 the health care authority shall develop a mechanism to increase
4 federal funding for maternity support services by leveraging local
5 public funding for those services.

6 ~~((18))~~ (23) The authority shall submit reports to the governor
7 and the legislature by September 15, 2021, and no later than
8 September 15, 2022, that delineate the number of individuals in
9 medicaid managed care, by carrier, age, gender, and eligibility
10 category, receiving preventative services and vaccinations. The
11 reports should include baseline and benchmark information from the
12 previous two fiscal years and should be inclusive of, but not limited
13 to, services recommended under the United States preventative
14 services task force, advisory committee on immunization practices,
15 early and periodic screening, diagnostic, and treatment (EPSDT)
16 guidelines, and other relevant preventative and vaccination medicaid
17 guidelines and requirements.

18 ~~((19))~~ (24) Managed care contracts must incorporate
19 accountability measures that monitor patient health and improved
20 health outcomes, and shall include an expectation that each patient
21 receive a wellness examination that documents the baseline health
22 status and allows for monitoring of health improvements and outcome
23 measures.

24 ~~((20))~~ (25) Sufficient amounts are appropriated in this section
25 for the authority to provide an adult dental benefit.

26 ~~((21))~~ (26) The health care authority shall coordinate with the
27 department of social and health services to provide referrals to the
28 Washington health benefit exchange for clients that will be
29 ineligible for medicaid.

30 ~~((22))~~ (27) To facilitate a single point of entry across public
31 and medical assistance programs, and to maximize the use of federal
32 funding, the health care authority, the department of social and
33 health services, and the health benefit exchange will coordinate
34 efforts to expand HealthPlanfinder access to public assistance and
35 medical eligibility staff. The health care authority shall complete
36 medicaid applications in the HealthPlanfinder for households
37 receiving or applying for medical assistance benefits.

38 ~~((23))~~ (28) \$90,000 of the general fund—state appropriation for
39 fiscal year 2022, \$90,000 of the general fund—state appropriation for

1 fiscal year 2023, and \$180,000 of the general fund—federal
2 appropriation are provided solely to continue operation by a
3 nonprofit organization of a toll-free hotline that assists families
4 to learn about and enroll in the apple health for kids program. By
5 November 15, 2022, the authority shall submit a report to the
6 appropriate committees to the legislature that provides, at a
7 minimum, information about the number of calls received by the
8 nonprofit organization in the previous year, the amount of time spent
9 on each call, comparisons to previous years, where available, and
10 information about what data is collected related to this service.

11 ~~((24))~~ (29) Within the amounts appropriated in this section,
12 the authority shall reimburse for primary care services provided by
13 naturopathic physicians.

14 ~~((25))~~ (30) Within the amounts appropriated in this section,
15 the authority shall continue to provide coverage for pregnant teens
16 that qualify under existing pregnancy medical programs, but whose
17 eligibility for pregnancy related services would otherwise end due to
18 the application of the new modified adjusted gross income eligibility
19 standard.

20 ~~((26))~~ (31) Sufficient amounts are appropriated in this section
21 to remove the mental health visit limit and to provide the shingles
22 vaccine and screening, brief intervention, and referral to treatment
23 benefits that are available in the medicaid alternative benefit plan
24 in the classic medicaid benefit plan.

25 ~~((27))~~ (32) The authority shall use revenue appropriated from
26 the dedicated marijuana fund for contracts with community health
27 centers under RCW 69.50.540 in lieu of general fund—state payments to
28 community health centers for services provided to medical assistance
29 clients, and it is the intent of the legislature that this policy
30 will be continued in subsequent fiscal biennia.

31 ~~((28))~~ (33) Beginning no later than January 1, 2018, for any
32 service eligible under the medicaid state plan for encounter
33 payments, managed care organizations at the request of a rural health
34 clinic shall pay the full published encounter rate directly to the
35 clinic. At no time will a managed care organization be at risk for or
36 have any right to the supplemental portion of the claim. Payments
37 will be reconciled on at least an annual basis between the managed
38 care organization and the authority, with final review and approval
39 by the authority.

1 (~~(29)~~) (34) Sufficient amounts are appropriated in this section
2 for the authority to provide a medicaid equivalent adult dental
3 benefit to clients enrolled in the medical care service program.

4 (~~(30)~~) (35) During the 2021-2023 fiscal biennium, sufficient
5 amounts are provided in this section for the authority to provide
6 services identical to those services covered by the Washington state
7 family planning waiver program as of August 2018 to individuals who:

8 (a) Are over nineteen years of age;

9 (b) Are at or below two hundred and sixty percent of the federal
10 poverty level as established in WAC 182-505-0100;

16 section for the authority to incorporate the expected outcomes and
17 criteria to measure the performance of service coordination
18 organizations as provided in chapter 70.320 RCW into contracts with
19 managed care organizations that provide services to clients. The
20 authority is directed to:

21 (a) Contract with an external quality improvement organization to
22 annually analyze the performance of managed care organizations
23 providing services to clients under this chapter based on seven
24 performance measures. The analysis required under this subsection
25 must:

26 (i) Measure managed care performance in four common measures
27 across each managed care organization, including:

28 (A) At least one common measure must be weighted towards having
29 the potential to impact managed care costs; and

30 (B) At least one common measure must be weighted towards
31 population health management, as defined by the measure; and

32 (ii) Measure managed care performance in an additional three
33 quality focus performance measures specific to a managed care
34 organization. Quality focus performance measures chosen by the
35 authority must:

36 (A) Be chosen from the statewide common measure set;

37 (B) Reflect specific measures where a managed care organization

40 status.

1 (b) The authority shall set the four common measures to be
2 analyzed across all managed care organizations.

13 under chapter 70.320 RCW shall be withheld. At least seventy-five
14 percent of the withhold shall be held contingent on each managed care
15 organization's performance on the seven performance measures
16 identified in this section. Each managed care organization may earn
17 back the annual withhold if the external quality improvement
18 organization finds that the managed care organization:

19 (i) Made statistically significant improvement in the seven
20 performance measures as compared to the preceding plan year; or

21 (ii) Scored in the top national medicaid quartile of the
22 performance measures.

23 (f) The amount of withhold annually paid to each managed care
24 organization shall be proportional to findings of statistically
25 significant improvement or top national medicaid quartile scoring by
26 a managed care organization.

27 (g) For no more than two of the four quality focus performance
28 measures, the authority may use an alternate methodology to
29 approximate top national medicaid quartile performance where top
30 quartile performance data is unavailable.

31 (h) For the purposes of this subsection, "external quality
32 improvement organization" means an organization that meets the
33 competence and independence requirements under 42 C.F.R. Sec.

39 focused program integrity review final report. Additionally, the
40 authority shall:

2 plans, including but not limited to, a deconflicting process for
3 audits with and among the managed care plans and the medicaid fraud
4 division at the attorney general's office, to ensure the authority
5 staff perform central audits of cases that appear across multiple
6 managed care plans, versus the audits performed by the individual
7 managed care plans or the fraud division; and

8 (ii) Remain accountable for operating in an effective and
9 efficient manner, including performing program integrity activities
10 that ensure high value in the medical assistance program in general
11 and in medicaid managed care specifically;

12 (A) Work with its contracted actuary and the medicaid forecast
13 work group to develop methods and metrics related to managed care
14 program integrity activity that shall be incorporated into annual
15 rate setting; and

16 (B) Work with the medicaid forecast work group to ensure the
17 results of program integrity activity are incorporated into the rate
18 setting process in a transparent, timely, measurable, quantifiable
19 manner.

20 (b) The authority shall submit a report to the governor and
21 appropriate committees of the legislature by October 1, 2021, that

35 clients preparing for acute care hospital discharge who may need
36 long-term services and supports. The department and the authority
37 shall hold stakeholder discussions, including opportunities for
38 public review and comment, during development of the waiver request.
39 Upon submission of the waiver request, the department and the

25 Additionally, behavioral health entities may use a portion of the

13 administrative service organization reserves do not exceed maximum
14 levels. The authority must monitor revenue and expenditure reports
15 and must require a behavioral health administrative service
16 organization to submit a corrective action plan on how it will spend
17 its excess reserves within a reasonable period of time, when its
18 reported reserves exceed maximum levels established under the
19 contract. The authority must review and approve such plans and
20 monitor to ensure compliance. If the authority determines that a
21 behavioral health administrative service organization has failed to
22 provide an adequate excess reserve corrective action plan or is not

14 offenders. The department of corrections and the authority must
15 develop a memorandum of understanding for department of corrections
16 offenders on active supervision who are medicaid eligible and meet

35 plan to individuals participating in a drug court program as of
36 February 24, 2021, if that individual wishes to continue treatment
37 following dismissal of charges they were facing under RCW
38 69.50.4013(1). Such participation is voluntary and contingent upon
39 substantial compliance with drug court program requirements. The

33 needs of the patient; inability of facilities with available beds to
34 meet the medical needs of the patient; or other specified reasons.

11 developed so it can be adapted and used statewide to decrease
12 stigmatizing beliefs among law enforcement through positive contact
13 with people who use drugs and improve officer well-being and
14 effectiveness by providing skills and techniques to address the drug
15 overdose epidemic. The institute must develop and refine this
16 training, leveraging prior work, and in partnership with a steering
17 committee that includes people with lived or living experience of
18 substance use disorder and criminal legal involvement, researchers,
19 clinicians, law enforcement officers, and others. The training must
20 complement, but not duplicate, existing curricula already provided by

16 accountability programs funded through juvenile court block grant
17 funding provided by the juvenile rehabilitation division of the
18 department of children, youth, and families and the juvenile courts.
19 The committee's recommendations shall include consideration of the

19 The appropriations in this section are subject to the following
20 conditions and limitations:

21 (1) (a) ((~~\$80,273,000~~)) \$82,040,000 of the general fund—state
22 appropriation for fiscal year 2022, ((~~\$119,932,000~~)) \$132,308,000 of

26 appropriation, and \$25,452,000 of the general fund—federal
27 appropriation (CRRSA/GEER) are provided solely for the early
28 childhood education and assistance program. These amounts shall
29 support at least 15,162 slots in fiscal year 2022 and ((~~15,912~~))
30 16,000 slots in fiscal year 2023. Of the total slots in each fiscal
31 year, 100 slots must be reserved for foster children to receive
32 school-year-round enrollment.

33 (b) Of the amounts provided in this subsection, \$14,930,000 of
34 the general fund—state appropriation for fiscal year 2023 and
35 \$14,889,000 of the general fund—federal appropriation (CRRSA/GEER)
36 are for a slot rate increase of ten percent beginning July 1, 2021.
37 The funding provided in this subsection is sufficient for the
38 department to increase rates according to inflation, pursuant to

1 Engrossed Second Substitute Senate Bill No. 5237 (child care & early
2 dev. exp.), beginning in fiscal year 2023 and annually thereafter.

3 (c) Of the amounts provided in this subsection, \$1,358,000 of the
4 general fund—state appropriation for fiscal year 2022 and \$4,612,000
5 of the general fund—state appropriation for fiscal year 2023 are
6 provided solely for the department to provide early childhood
7 education and assistance program services during summer 2022.

8 (d) Of the amounts provided in this subsection, \$409,000 of the
9 general fund—state appropriation for fiscal year 2022 and \$859,000 of
10 the general fund—state appropriation for fiscal year 2023 are
11 provided solely for a quality support rate for the early childhood
12 education and assistance program.

13 (e) The department of children, youth, and families must develop
14 a methodology to identify, at the school district level, the
15 geographic locations of where early childhood education and
16 assistance program slots are needed to meet the entitlement specified
17 in RCW 43.216.556. This methodology must be linked to the caseload
18 forecast produced by the caseload forecast council and must include
19 estimates of the number of slots needed at each school district and
20 the corresponding facility needs required to meet the entitlement in
21 accordance with RCW 43.216.556. This methodology must be included as
22 part of the budget submittal documentation required by RCW 43.88.030.

23 (2) \$200,000 of the general fund—state appropriation for fiscal
24 year 2022 and \$200,000 of the general fund—state appropriation for
25 fiscal year 2023 are provided solely to develop and provide
26 culturally relevant supports for parents, family, and other
27 caregivers.

28 (3) The department is the lead agency for and recipient of the
29 federal child care and development fund grant. Amounts within this
30 grant shall be used to fund child care licensing, quality
31 initiatives, agency administration, and other costs associated with
32 child care subsidies.

33 (4) The legislature recognizes that the federal government has
34 provided substantial additional funding through the coronavirus
35 response and relief supplemental appropriations act, P.L. 116-260,
36 division M. and the American rescue plan act of 2021, P.L. 117-2. The
37 purpose of the additional federal funding is to ensure access to
38 affordable child care and to stabilize and support child care
39 providers from the effects of the COVID-19 pandemic. The legislature

1 intends with the passage of Engrossed Second Substitute Senate Bill
2 No. 5237 (child care & early dev. exp.) to implement these federal
3 purposes by expanding eligibility for subsidized child care, reducing
4 parent copayments, increasing provider base rates to recognize
5 increased costs, and providing other financial support to stabilize
6 the child care sector to remain open or to reopen. The legislature
7 finds that the state lacked the fiscal capacity to make these
8 investments and the additional federal funding has provided the
9 opportunity to supplement state funding to expand and accelerate
10 child care access, affordability, and provider support as the state
11 navigates the COVID-19 pandemic and its aftermath.

12 (5) (~~(\$20,110,000)~~) \$39,723,000 of the general fund—state
13 appropriation in fiscal year 2022, (~~(\$45,757,000)~~) \$82,187,000 of the
14 general fund—state appropriation in fiscal year 2023, \$8,482,000 of
15 the workforce education investment account—state appropriation,
16 \$283,375,000 of the general fund—federal appropriation, \$59,893,000
17 of the general fund—federal appropriation (CARES), (~~(\$65,482,000)~~)
18 \$98,723,000 of the general fund—federal appropriation (CRRSA), and
19 (~~(\$111,252,000)~~) \$153,814,000 of the general fund—federal
20 appropriation (ARPA) are provided solely for the working connections
21 child care program under RCW 43.216.135. Of the amounts provided in
22 this subsection:

23 (a) The department of children, youth, and families shall work in
24 collaboration with the department of social and health services to
25 determine the appropriate amount of state expenditures for the
26 working connections child care program to claim towards the state's
27 maintenance of effort for the temporary assistance for needy families
28 program. The departments will also collaborate to track the average
29 monthly child care subsidy caseload and expenditures by fund type,
30 including child care development fund, general fund—state
31 appropriation, and temporary assistance for needy families for the
32 purpose of estimating the annual temporary assistance for needy
33 families reimbursement from the department of social and health
34 services to the department of children, youth, and families.
35 Effective December 1, 2022, and annually thereafter, the department
36 of children, youth, and families must report to the governor and the
37 appropriate fiscal and policy committees of the legislature the total
38 state contribution for the working connections child care program
39 claimed the previous fiscal year towards the state's maintenance of

3 the department of social and health services for the previous fiscal
4 year.

5 (b) \$6,390,000 is for the compensation components of the
6 2021-2023 collective bargaining agreement covering family child care
7 providers as provided in section 947 of this act. Of the amounts
8 provided in this subsection:

9 (i) \$4,410,000 is for a 35 cent per hour per child rate increase
10 for family, friends, and neighbor providers (FFNs) beginning July 1,
11 2022;

12 (ii) \$854,000 is to increase the rate paid to providers who reach
13 level 3.5 of the state's early achievers quality rating system by two
14 percent beginning July 1, 2021; and

15 (iii) \$1,126,000 is to increase the nonstandard hour care rate by
16 \$10.00 per child per month beginning July 1, 2021.

17 (c) \$42,562,000 of the general fund—federal appropriation (ARPA)
18 and \$2,785,000 of the general fund—federal appropriation (CRRSA) are
19 provided solely for the implementation of an agreement reached
20 between the governor and the service employees international union

22 providers under the provisions of chapter 41.56 RCW for fiscal year
23 2023 as provided in section 939 of this act.

24 (d) \$73,627,000 of the general fund—state appropriation for
25 fiscal year 2023, \$59,893,000 of the general fund—federal
26 appropriation (CARES), \$65,925,000 of the general fund—federal
27 appropriation (CRRSA), and \$99,918,000 of the general fund—federal
28 appropriation (ARPA) are provided solely for enhancements to the
29 working child care connections program, pursuant to Engrossed Second
30 Substitute Senate Bill No. 5237 (child care & early dev. exp.). Of
31 the amounts provided in this subsection:

32 (i) \$28,759,000 of the general fund—federal appropriation
33 (CARES), \$11,993,000 of the general fund—federal appropriation
34 (CRRSA), and \$35,979,000 of the general fund—federal appropriation
35 (ARPA) are provided solely for the implementation of reduced
36 household child care monthly copayments. For households at or below
37 50 percent of the state median income, copayments are capped at \$115
38 through January 1, 2022, and \$90 from January 1, 2022, through fiscal

1 year 2023. For households at or below 60 percent of the state median

7 appropriation (ARPA) are provided solely to increase subsidy base
8 rates to the 85th percentile of market for child care providers based
9 on the 2021 market rate survey beginning January 1, 2023. The state
10 and the representative for family child care providers must enter
11 into bargaining over the implementation of subsidy rate increases,
12 and apply those increases consistent with the terms of this proviso
13 and the agreement reached between the parties.

14 (iii) \$3,930,000 of the general fund—federal appropriation
15 (CRRSA) and \$4,903,000 of the general fund—federal appropriation
16 (ARPA) are provided solely to waive work requirements for student
17 parents utilizing the working connections child care program.

18 (iv) \$6,726,000 of the general fund—federal appropriation (CRRSA)
19 and \$10,633,000 of the general fund—federal appropriation (ARPA) are
20 provided solely to expand eligibility for the working connections
21 child care program to households at or below 60 percent of state
22 median income, beginning October 1, 2021.

23 (v) \$1,549,000 of the general fund—federal appropriation (CRRSA)
24 and \$982,000 of the general fund—federal appropriation (ARPA) are
25 provided solely for the department to implement an infant rate
26 enhancement for child care providers.

27 ~~((d) In order to not exceed the appropriated amount, the~~

14 (e) Funding provided in this subsection is sufficient for the
15 department to pay licensed providers for child care subsidy payments
16 based on a child's enrollment rather than attendance from April 1,
17 2022, through June 30, 2022. Licensed providers may still receive
18 subsidy payment based on enrollment when:

19 (i) The provider temporarily closes their child care setting due

22 provider is authorized care.

23 The department will not make subsidy payments to providers who

39 (6) Within available amounts, the department in consultation with
40 the office of financial management shall report enrollments and

21 (b) Students in approved career and technical education and skill
22 center programs generate certificated school building-level
23 administrator staff units at per student rates that are a multiple of
24 the general education rate in (a) of this subsection by the following
25 factors:

26 Career and Technical Education students.	1.025
27 Skill Center students.	1.198

28 (4) CLASSIFIED STAFF ALLOCATIONS

29 Allocations for classified staff units providing school building-
30 level and district-wide support services for the 2021-22 and 2022-23
31 school years are determined using the formula-generated staff units
32 provided in RCW 28A.150.260 and pursuant to this subsection, and
33 adjusted based on each district's annual average full-time equivalent
34 student enrollment in each grade.

35 (5) CENTRAL OFFICE ALLOCATIONS

1 In addition to classified and administrative staff units
2 allocated in subsections (3) and (4) of this section, classified and
3 administrative staff units are provided for the 2021-22 and 2022-23
4 school years for the central office administrative costs of operating
5 a school district, at the following rates:

6 (a) The total central office staff units provided in this
7 subsection (5) are calculated by first multiplying the total number
8 of eligible certificated instructional, certificated administrative,
9 and classified staff units providing school-based or district-wide
10 support services, as identified in RCW 28A.150.260(6)(b) and the
11 increased allocations provided pursuant to subsections (2) and (4) of
12 this section, by 5.3 percent.

13 (b) Of the central office staff units calculated in (a) of this
14 subsection, 74.53 percent are allocated as classified staff units, as
15 generated in subsection (4) of this section, and 25.48 percent shall
16 be allocated as administrative staff units, as generated in
17 subsection (3) of this section.

18 (c) Staff units generated as enhancements outside the program of
19 basic education to the minimum requirements of RCW 28A.150.260, and
20 staff units generated by skill center and career-technical students,
21 are excluded from the total central office staff units calculation in
22 (a) of this subsection.

23 (d) For students in approved career-technical and skill center
24 programs, central office classified units are allocated at the same
25 staff unit per student rate as those generated for general education
26 students of the same grade in this subsection (5), and central office
27 administrative staff units are allocated at staff unit per student
28 rates that exceed the general education rate established for students
29 in the same grade in this subsection (5) by (~~(12.52)~~) 12.58 percent
30 in the 2021-22 school year and (~~(11.96)~~) 11.91 percent in the 2022-23
31 school year for career and technical education students, and
32 (~~(17.86)~~) 17.92 percent in the 2021-22 school year and (~~(17.26)~~)
33 17.22 percent in the 2022-23 school year for skill center students.

34 (6) FRINGE BENEFIT ALLOCATIONS

35 Fringe benefit allocations shall be calculated at a rate of 22.71
36 percent in the 2021-22 school year and (~~(22.71)~~) 22.98 percent in the
37 2022-23 school year for certificated salary allocations provided
38 under subsections (2), (3), and (5) of this section, and a rate of
39 22.75 percent in the 2021-22 school year and (~~(22.75)~~) 22.80 percent

1 in the 2022-23 school year for classified salary allocations provided
2 under subsections (4) and (5) of this section.

3 (7) INSURANCE BENEFIT ALLOCATIONS

4 Insurance benefit allocations shall be calculated at the rates
5 specified in section 506 of this act, based on the number of benefit
6 units determined as follows: Except for nonrepresented employees of
7 educational service districts, the number of calculated benefit units
8 determined below. Calculated benefit units are staff units multiplied
9 by the benefit allocation factors established in the collective
10 bargaining agreement referenced in (~~section 942 of this act~~)
11 section 933 of this act. These factors are intended to adjust
12 allocations so that, for the purpose of distributing insurance
13 benefits, full-time equivalent employees may be calculated on the
14 basis of 630 hours of work per year, with no individual employee
15 counted as more than one full-time equivalent. The number of benefit
16 units is determined as follows:

17 (a) The number of certificated staff units determined in
18 subsections (2), (3), and (5) of this section multiplied by 1.02; and

19 (b) The number of classified staff units determined in
20 subsections (4) and (5) of this section multiplied by 1.43.

21 (8) MATERIALS, SUPPLIES, AND OPERATING COSTS (MSOC) ALLOCATIONS

22 Funding is allocated per annual average full-time equivalent
23 student for the materials, supplies, and operating costs (MSOC)
24 incurred by school districts, consistent with the requirements of RCW
25 28A.150.260.

26 (a)(i) MSOC funding for general education students are allocated
27 at the following per student rates:

8 of the budget development, hearing, and review process required by
9 chapter 28A.505 RCW, each school district must disclose: (A) The
10 amount of state funding to be received by the district under (a) and
11 (d) of this subsection (8); (B) the amount the district proposes to
12 spend for materials, supplies, and operating costs; (C) the
13 difference between these two amounts; and (D) if (A) of this
14 subsection (8)(a)(ii) exceeds (B) of this subsection (8)(a)(ii), any
15 proposed use of this difference and how this use will improve student
16 achievement.

17 (iii) Within the amount provided in (a)(i) of this subsection
18 (8), allocations for MSOC technology in excess of RCW 28A.150.260 are
19 not part of the state's basic education.

20 (b) Students in approved skill center programs generate per
21 student FTE MSOC allocations of \$1,585.55 for the 2021-22 school year
22 and ((~~\$1,610.92~~)) \$1,672.76 for the 2022-23 school year.

2 (9) SUBSTITUTE TEACHER ALLOCATIONS

3 For the 2021-22 and 2022-23 school years, funding for substitute
4 costs for classroom teachers and classified staff is based on (~~four~~
5 ~~(4)~~):

6 (a) Four funded substitute days per classroom teacher unit
7 generated under subsection (2) of this section, at a daily substitute
8 rate of \$151.86 for the 2021-22 school year.

9 (b) Five funded substitute days per classroom teacher unit
10 generated under subsection (2) of this section at a daily substitute
11 rate of \$151.86 and two funded substitute days per classified staff

13 substitute rate of \$100.

14 (c) \$29,880,000 of the education legacy trust account—state
15 appropriation is provided solely for a one-time allocation to school
16 districts for substitute costs. Allocations must be distributed to
17 school districts proportionate to the substitute allocations provided
18 in (b) of this subsection. To receive increased funding in this
19 subsection, a school district must have a pool of paid leave that is
20 available to staff who become ill or need to quarantine due to
21 COVID-19 and who have limited leave balances, with priority given to
22 those with 10 days or less of available leave.

23 (10) ALTERNATIVE LEARNING EXPERIENCE PROGRAM FUNDING

24 (a) Amounts provided in this section from July 1, 2021, to August
25 31, 2021, are adjusted to reflect provisions of chapter 357, Laws of
26 2020, as amended (allocation of funding for students enrolled in
27 alternative learning experiences).

28 (b) The superintendent of public instruction shall require all
29 districts receiving general apportionment funding for alternative
30 learning experience (ALE) programs as defined in WAC 392-121-182 to
31 provide separate financial accounting of expenditures for the ALE
32 programs offered in district or with a provider, including but not
33 limited to private companies and multidistrict cooperatives, as well
34 as accurate, monthly headcount and FTE enrollment claimed for basic
35 education, including separate counts of resident and nonresident
36 students.

37 (11) DROPOUT REENGAGEMENT PROGRAM

1 The superintendent shall adopt rules to require students claimed
2 for general apportionment funding based on enrollment in dropout
3 reengagement programs authorized under RCW 28A.175.100 through
4 28A.175.115 to meet requirements for at least weekly minimum
5 instructional contact, academic counseling, career counseling, or
6 case management contact. Districts must also provide separate
7 financial accounting of expenditures for the programs offered by the
8 district or under contract with a provider, as well as accurate
9 monthly headcount and full-time equivalent enrollment claimed for
10 basic education, including separate enrollment counts of resident and
11 nonresident students.

12 (12) ALL DAY KINDERGARTEN PROGRAMS

13 (a) Funding in this section is sufficient to fund all day
14 kindergarten programs in all schools in the 2021-22 school year and
15 2022-23 school year, pursuant to RCW 28A.150.220 and 28A.150.315.

16 (b) To generate an allocation under this section, enrollments
17 under uniform entry qualifications for kindergarten admission require
18 an individualized decision by the district that is based upon the
19 ability, or the need, or both, of an individual student as required
20 in RCW 28A.225.160. Due to significant growth in exceptions provided
21 under optional school district transitional kindergarten programs,
22 and to ensure compliance with RCW 28A.225.160, the superintendent of
23 public instruction must adopt rules for allocations under this
24 section regarding exceptions to uniform entry qualifications for
25 kindergarten admission for the 2022-23 school year. Rules established
26 under the subsection must:

27 (i) Limit allocations for exceptions to uniform entry
28 qualifications for kindergarten under this section only to students
29 enrolled as individualized exceptions based upon the ability, or the
30 need, or both, of an individual student;

31 (ii) Define full-time equivalent enrollments under exceptions to
32 uniform entry qualifications for kindergarten that exceed a
33 district's 2021-22 enrollments under exceptions as nonindividualized
34 programmatic exceptions, which do not generate allocations under this
35 section;

36 (iii) Allow school districts to fund nonindividualized
37 programmatic exceptions from local revenues as enrichments of the
38 state's statutory program of basic education; and

1 (iv) Include a review no later than June 30, 2023, based on the
2 Washington state institute for public policy report required in
3 section 606(4)(n) of this act and any applicable statutory changes
4 made subsequent to this act.

5 (13) ADDITIONAL FUNDING FOR SMALL SCHOOL DISTRICTS AND REMOTE AND
6 NECESSARY PLANTS

7 For small school districts and remote and necessary school plants
8 within any district which have been judged to be remote and necessary
9 by the superintendent of public instruction, additional staff units
10 are provided to ensure a minimum level of staffing support.
11 Additional administrative and certificated instructional staff units
12 provided to districts in this subsection shall be reduced by the
13 general education staff units, excluding career and technical
14 education and skills center enhancement units, otherwise provided in
15 subsections (2) through (5) of this section on a per district basis.

16 (a) For districts enrolling not more than twenty-five average
17 annual full-time equivalent students in grades K-8, and for small
18 school plants within any school district which have been judged to be
19 remote and necessary by the superintendent of public instruction and
20 enroll not more than twenty-five average annual full-time equivalent
21 students in grades K-8:

22 (i) For those enrolling no students in grades 7 and 8, 1.76
23 certificated instructional staff units and 0.24 certificated
24 administrative staff units for enrollment of not more than five
25 students, plus one-twentieth of a certificated instructional staff
26 unit for each additional student enrolled; and

27 (ii) For those enrolling students in grades 7 or 8, 1.68
28 certificated instructional staff units and 0.32 certificated
29 administrative staff units for enrollment of not more than five
30 students, plus one-tenth of a certificated instructional staff unit
31 for each additional student enrolled;

32 (b) For specified enrollments in districts enrolling more than
33 twenty-five but not more than one hundred average annual full-time
34 equivalent students in grades K-8, and for small school plants within
35 any school district which enroll more than twenty-five average annual
36 full-time equivalent students in grades K-8 and have been judged to
37 be remote and necessary by the superintendent of public instruction:

1 (i) For enrollment of up to sixty annual average full-time
2 equivalent students in grades K-6, 2.76 certificated instructional
3 staff units and 0.24 certificated administrative staff units; and

4 (ii) For enrollment of up to twenty annual average full-time
5 equivalent students in grades 7 and 8, 0.92 certificated
6 instructional staff units and 0.08 certificated administrative staff
7 units;

8 (c) For districts operating no more than two high schools with
9 enrollments of less than three hundred average annual full-time
10 equivalent students, for enrollment in grades 9-12 in each such
11 school, other than alternative schools, except as noted in this
12 subsection:

13 (i) For remote and necessary schools enrolling students in any
14 grades 9-12 but no more than twenty-five average annual full-time
15 equivalent students in grades K-12, four and one-half certificated
16 instructional staff units and one-quarter of a certificated
17 administrative staff unit;

18 (ii) For all other small high schools under this subsection, nine
19 certificated instructional staff units and one-half of a certificated
20 administrative staff unit for the first sixty average annual full-
21 time equivalent students, and additional staff units based on a ratio
22 of 0.8732 certificated instructional staff units and 0.1268
23 certificated administrative staff units per each additional forty-
24 three and one-half average annual full-time equivalent students;

25 (iii) Districts receiving staff units under this subsection shall
26 add students enrolled in a district alternative high school and any
27 grades nine through twelve alternative learning experience programs
28 with the small high school enrollment for calculations under this
29 subsection;

30 (d) For each nonhigh school district having an enrollment of more
31 than seventy annual average full-time equivalent students and less
32 than one hundred eighty students, operating a grades K-8 program or a
33 grades 1-8 program, an additional one-half of a certificated
34 instructional staff unit;

35 (e) For each nonhigh school district having an enrollment of more
36 than fifty annual average full-time equivalent students and less than
37 one hundred eighty students, operating a grades K-6 program or a
38 grades 1-6 program, an additional one-half of a certificated
39 instructional staff unit;

1 (f) (i) For enrollments generating certificated staff unit
2 allocations under (a) through (e) of this subsection, one classified
3 staff unit for each 2.94 certificated staff units allocated under
4 such subsections;

5 (ii) For each nonhigh school district with an enrollment of more
6 than fifty annual average full-time equivalent students and less than
7 one hundred eighty students, an additional one-half of a classified
8 staff unit; and

9 (g) School districts receiving additional staff units to support
10 small student enrollments and remote and necessary plants under this
11 subsection (13) shall generate additional MSOC allocations consistent
12 with the nonemployee related costs (NERC) allocation formula in place
13 for the 2010-11 school year as provided section 502, chapter 37, Laws
14 of 2010 1st sp. sess. (2010 supplemental budget), adjusted annually
15 for inflation.

16 (14) Any school district board of directors may petition the
17 superintendent of public instruction by submission of a resolution
18 adopted in a public meeting to reduce or delay any portion of its
19 basic education allocation for any school year. The superintendent of
20 public instruction shall approve such reduction or delay if it does
21 not impair the district's financial condition. Any delay shall not be
22 for more than two school years. Any reduction or delay shall have no
23 impact on levy authority pursuant to RCW 84.52.0531 and local effort
24 assistance pursuant to chapter 28A.500 RCW.

25 (15) The superintendent may distribute funding for the following
26 programs outside the basic education formula during fiscal years 2022
27 and 2023 as follows:

28 (a) \$650,000 of the general fund—state appropriation for fiscal
29 year 2022 and \$650,000 of the general fund—state appropriation for
30 fiscal year 2023 are provided solely for fire protection for school
31 districts located in a fire protection district as now or hereafter
32 established pursuant to chapter 52.04 RCW.

33 (b) \$436,000 of the general fund—state appropriation for fiscal
34 year 2022 and \$436,000 of the general fund—state appropriation for
35 fiscal year 2023 are provided solely for programs providing skills
36 training for secondary students who are enrolled in extended day
37 school-to-work programs, as approved by the superintendent of public
38 instruction. The funds shall be allocated at a rate not to exceed
39 \$500 per full-time equivalent student enrolled in those programs.

1 (16) Funding in this section is sufficient to fund a maximum of
2 1.6 FTE enrollment for skills center students pursuant to chapter
3 463, Laws of 2007.

4 (17) Funding in this section is sufficient to fund a maximum of
5 1.2 FTE enrollment for career launch students pursuant to RCW
6 28A.700.130. Expenditures for this purpose must come first from the
7 appropriations provided in section 501(5) of this act; funding for
8 career launch enrollment exceeding those appropriations is provided
9 in this section. The office of the superintendent of public
10 instruction shall provide a summary report to the office of the
11 governor and the appropriate committees of the legislature by January
12 1, 2022. The report must include the total FTE enrollment for career
13 launch students, the FTE enrollment for career launch students that
14 exceeded the appropriations provided in section 501(5) of this act,
15 and the amount expended from this section for those students.

16 (18) Students participating in running start programs may be
17 funded up to a combined maximum enrollment of ~~((1.2))~~ 1.6 FTE
18 including school district and institution of higher education
19 enrollment consistent with the running start course requirements
20 provided in chapter 202, Laws of 2015 (dual credit education
21 opportunities) and Engrossed Second Substitute House Bill No. 1760
22 (dual credit program access). ~~((In calculating the combined 1.2 FTE,~~
23 ~~the office of the superintendent of public instruction may average~~
24 ~~the participating student's September through June enrollment to~~
25 ~~account for differences in the start and end dates for courses~~
26 ~~provided by the high school and higher education institution.~~
27 ~~Additionally, the office of the superintendent of public instruction,~~
28 ~~in consultation with the state board for community and technical~~
29 ~~colleges, the student achievement council, and the education data~~
30 ~~center, shall annually track and report to the fiscal committees of~~
31 ~~the legislature on the combined FTE experience of students~~
32 ~~participating in the running start program, including course load~~
33 ~~analyses at both the high school and community and technical college~~
34 ~~system.))~~

35 (19) If two or more school districts consolidate and each
36 district was receiving additional basic education formula staff units
37 pursuant to subsection (13) of this section, the following apply:

38 (a) For three school years following consolidation, the number of
39 basic education formula staff units shall not be less than the number

1 of basic education formula staff units received by the districts in
2 the school year prior to the consolidation; and

3 (b) For the fourth through eighth school years following
4 consolidation, the difference between the basic education formula
5 staff units received by the districts for the school year prior to
6 consolidation and the basic education formula staff units after
7 consolidation pursuant to subsection (13) of this section shall be
8 reduced in increments of twenty percent per year.

9 (20)(a) Indirect cost charges by a school district to approved
10 career and technical education middle and secondary programs shall
11 not exceed the lesser of five percent or the cap established in
12 federal law of the combined basic education and career and technical
13 education program enhancement allocations of state funds. Middle and
14 secondary career and technical education programs are considered
15 separate programs for funding and financial reporting purposes under
16 this section.

17 (b) Career and technical education program full-time equivalent
18 enrollment shall be reported on the same monthly basis as the
19 enrollment for students eligible for basic support, and payments
20 shall be adjusted for reported career and technical education program
21 enrollments on the same monthly basis as those adjustments for
22 enrollment for students eligible for basic support.

23 (21) Funding in this section is sufficient to provide full
24 general apportionment payments to school districts eligible for
25 federal forest revenues as provided in RCW 28A.520.020. For the
26 2021-2023 biennium, general apportionment payments are not reduced
27 for school districts receiving federal forest revenues.

28 (22) \$16,211,000 of the general fund—state appropriation for
29 fiscal year 2022 is provided solely to ensure that school districts
30 receive at least \$500 per pupil for COVID-19 relief funding when
31 combined with federal relief dollars. These funds are one-time
32 allocations to school districts and may be used according to the
33 allowable uses defined in section 2001(2)(e) of the American rescue
34 plan act of 2021, P.L. 117-2. Prior to receiving funds, a school
35 district must submit an academic and student well-being recovery plan
36 to the office of the superintendent of public instruction as required
37 in section 12(3), chapter 3, Laws of 2021, and must also report
38 progress on implementing the plan in a manner identified by the
39 superintendent.

1 (a) The office of the superintendent of public instruction must
2 calculate a relief per pupil amount for each district defined as: The
3 quotient from dividing the total funding allocated to each district
4 from the federal relief funds, as defined in (b) of this subsection,
5 by a school district's total enrollment as defined in (c) of this
6 subsection. A school district with a relief per pupil amount less
7 than \$500 shall receive the difference between \$500 and the relief
8 per pupil amount, multiplied by the school district's total
9 enrollment.

10 (b) For the purposes of this subsection, federal relief funds
11 allocated to school districts include:

12 (i) Subgrants authorized under section 18003, the coronavirus
13 aid, relief, and economic security act, P.L. 116-136;

14 (ii) Subgrants authorized under section 313, the coronavirus
15 response and relief supplemental appropriations act, P.L. 116-260;
16 and

17 (iii) Subgrants authorized under section 2001, the American
18 rescue plan act of 2021, P.L. 117-2.

19 (c) For the purposes of this subsection, a school district's
20 total enrollment means the district's 2019-20 school year annual
21 average full-time equivalent student enrollment, excluding full-time
22 equivalent student enrollments for which funds are separately
23 calculated and allocated under RCW 28A.232.020, 28A.600.310(4),
24 28A.245.020, and 28A.175.110.

25 (d) For the purposes of this subsection, this subsection applies
26 to state-tribal compact schools established under chapter 28A.715
27 RCW.

28 (23) (~~(\$27,806,000)~~) \$14,859,000 of the general fund—state
29 appropriation for fiscal year 2022 is provided solely for enrollment
30 stabilization allocations required in section 1519 of this act.

31 (\$1,000,000) of the education legacy trust account—state
32 appropriation is provided solely for enrollment stabilization
33 allocations to the national youth challenge academy as defined in RCW
34 28A.150.310 for the 2021-22 school year. Amounts allocated under this
35 subsection are not part of the state's program of basic education but
36 may be used for any allowable cost within any of the programs funded
37 under RCW 28A.150.310.

11 (1) If a local education agency's combined state revenue
12 generated in the 2021-22 school year is less than what its combined
13 state revenue would be using the local education agency's budgeted
14 2021-22 annual average enrollment values used for December 2021
15 apportionment, then the superintendent of public instruction must
16 provide a budgeted enrollment stabilization amount to the local
17 education agency in the 2021-22 school year.

18 (2) The definitions in this subsection apply throughout this
19 section unless the context clearly requires otherwise.

20 (a) "Combined state revenue" means the combined amount from the

15 enrollment values for the 2021-22 school year used for December 2021
16 apportionment minus its combined state revenue generated in the
17 2021-22 school year based on actual annual average enrollment values,
18 if the difference is greater than zero, capped at the local education
19 agency's proportional stabilization amount based on 2019-20
20 enrollment.

21 (c) "Proportional enrollment stabilization amount based on
22 2019-20 enrollment" for a local education agency is equal to the
23 statewide net enrollment impact based on 2019-20 enrollment
24 multiplied by its local education agency low enrollment impact based
25 on 2019-20 enrollment divided by the statewide low enrollment impact
26 based on 2019-20 enrollment.

37 is equal to the combined state revenue that would be generated
38 statewide using 2019-20 annual average enrollment values and formulas
39 in place for the 2021-22 school year minus the combined state revenue
40 generated statewide in the 2021-22 school year.

1 (3) Enrollment stabilization amounts allocated under this section
2 are not part of the state's program of basic education but may be
3 used for any allowable cost within any of the programs.

Amounts in the account are provided solely for the information technology projects shown in LEAP omnibus documents IT-2021, dated April 22, 2021, and IT-2022, dated February 21, 2022, which (is) are hereby incorporated by reference. To facilitate the transfer of moneys from other funds and accounts that are associated with projects contained in LEAP omnibus documents IT-2021, dated April 22, 2021, and IT-2022, dated February 21, 2022, the state treasurer is directed to transfer moneys from other funds and accounts to the information technology investment revolving account in accordance with schedules provided by the office of financial management. Restricted federal funds may be transferred only to the extent permitted by law, and will otherwise remain outside the information technology investment account. The projects affected remain subject to the other provisions of this section.

(2) Agencies must apply to (the office of financial management and) the office of the chief information officer (to receive

1 ~~funding from the information technology investment revolving~~
2 ~~account))~~ for certification and release of funding for each gate of
3 the project. ~~((The))~~ When the office of the chief information officer

12 projects as determined by the technology budget approved by the
13 office of the chief information officer and office of financial
14 management.

15 (b) Fifteen percent of total funding allocated by the office of
16 financial management, or another amount as defined jointly by the
17 office of financial management and the office of the chief
18 information officer, will be retained in the account, but remain

20 the agency only after successful completion of that stage of the
21 project. For the one Washington project, the amount retained is
22 increased to at least twenty percent of total funding allocated for
23 any stage of that project.

24 (4) (a) Each project must have a technology budget. The technology
25 budget must have the detail by fiscal month for the 2021-2023 fiscal
26 biennium. The technology budget must use a method similar to the
27 state capital budget, identifying project costs, each fund source,

29 investment and across fiscal periods and biennia from project onset
30 through implementation and close out, as well as at least five years
31 of maintenance and operations costs.

32 (b) As part of the development of a technology budget and at each

3 that provides the fund sources that were transferred into the account
4 by fiscal year;

5 (B) If the project is by a central service agency, and funds are
6 driven out by the central service model, the technology budget must
7 provide a statewide impact by agency by fund as a worksheet in the
8 technology budget file;

9 (ii) Full time equivalent staffing level to include job
10 classification assumptions;

11 (iii) Discreet financial budget codes to include at least the
12 appropriation index and program index;

17 least five years as a separate worksheet.

18 (c) If a project technology budget changes and a revised
19 technology budget is completed, a comparison of the revised
20 technology budget to the last approved technology budget must be
21 posted to the dashboard, to include a narrative rationale on what
22 changed, why, and how that impacts the project in scope, budget, and
23 schedule.

24 (5) (a) Each project must have an investment plan that includes:

25 (i) An organizational chart of the project management team that
26 identifies team members and their roles and responsibilities;

27 (ii) The office of the chief information officer staff assigned
28 to the project;

29 (iii) An implementation schedule covering activities, critical
30 milestones, and deliverables at each stage of the project for the

32 (iv) Performance measures used to determine that the project is
33 on time, within budget, and meeting expectations for quality of work
34 product;

35 (v) Ongoing maintenance and operations cost of the project post
36 implementation and close out delineated by agency staffing,
37 contracted staffing, and service level agreements; and

38 (vi) Financial budget coding to include at least discrete
39 financial coding for the project.

1 (6) Projects with estimated costs greater than one hundred
2 million dollars from initiation to completion and implementation may
3 be divided into discrete subprojects as determined by the office of
4 the chief information officer, except for the one Washington project
5 which must be divided into the following discrete subprojects: Core
6 financials, expanding financials and procurement, budget, and human
7 resources. Each subproject must have a technology budget and
8 investment plan as provided in this section.

9 (7) (a) The office of the chief information officer shall maintain
10 an information technology project dashboard that provides updated
11 information each fiscal month on projects subject to this section.
12 This includes, at least:

 - 30 (B) Agency project team; and
 - 31 (C) Quality assurance vendor, if applicable to the project.

32 (b) The dashboard must retain a roll up of the entire project
33 cost, including all subprojects, that can display subproject detail.
34 This includes coalition projects that are active.

- 35 (8) If the project affects more than one agency:
- 36 (a) A separate technology budget and investment plan must be
37 prepared for each agency; and
 - 38 (b) The dashboard must contain a statewide project technology
39 budget roll up that includes each affected agency at the subproject
40 level.

1 (9) For any project that exceeds two million dollars in total
2 funds to complete, requires more than one biennium to complete, or is
3 financed through financial contracts, bonds, or other indebtedness:

4 (a) Quality assurance for the project must report independently
5 to the office of the chief information officer;

6 (b) The office of the chief information officer must review, and,
7 if necessary, revise the proposed project to ensure it is flexible
8 and adaptable to advances in technology;

9 (c) The technology budget must specifically identify the uses of
10 any financing proceeds. No more than thirty percent of the financing
11 proceeds may be used for payroll-related costs for state employees
12 assigned to project management, installation, testing, or training;

13 (d) The agency must consult with the office of the state

16 and the responsive bids from a solicitation may be financed; and

17 (e) The agency must consult with the contracting division of the
18 department of enterprise services for a review of all contracts and
19 agreements related to the project's information technology
20 procurements.

21 (10) The office of the chief information officer must evaluate
22 the project at each stage and certify whether the project is planned,
23 managed, and meeting deliverable targets as defined in the project's
24 approved technology budget and investment plan.

25 (11) The office of the chief information officer may suspend or
26 terminate a project at any time if it determines that the project is
27 not meeting or not expected to meet anticipated performance and
28 technology outcomes. Once suspension or termination occurs, the
29 agency shall unallot any unused funding and shall not make any
30 expenditure for the project without the approval of the office of
31 financial management. The office of the chief information officer
32 must report on July 1 and December 1 each calendar year any
33 suspension or termination of a project in the previous six month
34 period to the legislative fiscal committees.

35 (12) The office of the chief information officer, in consultation
36 with the office of financial management, may identify additional
37 projects to be subject to this section, including projects that are
38 not separately identified within an agency budget. The office of the
39 chief information officer must report on July 1 and December 1 each

5 appropriated in this section to individual agencies in the amounts

27 (C) If the director of the office of financial management does

29 feasible financially for the state, the parties shall enter into
30 collective bargaining solely for the purpose of reaching a mutually
31 agreed upon modification of the agreement necessary to address the
32 absence of those requested funds. The legislature may act upon the
33 compensation and fringe benefit provisions of the modified collective
34 bargaining agreement if those provisions are agreed upon and
35 submitted to the office of financial management and legislative
36 budget committees before final legislative action on the biennial or
37 supplemental operating budget by the sitting legislature.

38 (iii) In the case of a bargaining unit of employees of
39 institutions of higher education in which the exclusive bargaining
40 representative is certified during or after the conclusion of a

3 bargaining agreement if those provisions are agreed upon and
4 submitted to the office of financial management and legislative
5 budget committees before final legislative action on the biennial or
6 supplemental operating budget by the sitting legislature.

7 (5) If, after the compensation and fringe benefit provisions of
8 an agreement are approved by the legislature, a significant revenue
9 shortfall occurs resulting in reduced appropriations, as declared by
10 proclamation of the governor or by resolution of the legislature,
11 both parties shall immediately enter into collective bargaining for a
12 mutually agreed upon modification of the agreement.

31 **Sec. 950.** RCW 43.70.715 and 2021 c 334 s 1004 are each amended
32 to read as follows:

33 (1) The COVID-19 public health response account is created in the
34 custody of the state treasurer. The account shall consist of funds
35 appropriated by the legislature and grants received by the department
36 of health for activities in response to the coronavirus pandemic
37 (COVID-19). Only the secretary, or the secretary's designee, may
38 authorize expenditures from the account for costs related to the
39 public health response to COVID-19, subject to any limitations

1 imposed by grant funding deposited into the account. The COVID-19
2 public health response account is subject to allotment procedures
3 under chapter 43.88 RCW, but an appropriation is not required for
4 expenditures.

5 (2) (a) The legislature finds that a safe, efficient, and
6 effective delivery of vaccinations is of the utmost importance for
7 restoring societal and economic functions. As we learn more about the
8 virus, the vaccine, and challenges to vaccine allocation and
9 distribution, it is anticipated that the state's COVID-19 vaccination
10 distribution plan will evolve. To that end, the legislature has
11 provided flexibility by funding expenditures for testing, contact
12 tracing, mitigation activities, vaccine administration and
13 distribution, and other allowable uses for the state, local health
14 jurisdictions, and tribes at the discretion of the secretary and
15 without an appropriation. However, to maintain fiscal control and to
16 ensure spending priorities align, the department is required to
17 collaborate and communicate with the chairs and ranking members of
18 the health care and fiscal committees of the legislature and local
19 health jurisdictions in advance of any significant revision of the
20 state's COVID-19 vaccination plan and to provide regular updates on
21 its implementation and spending.

22 (b) As part of the public health response to COVID-19, the
23 expenditures from the account must be used to effectively administer
24 the vaccine for COVID-19 and conduct testing and contact tracing. The
25 department must ensure that COVID-19 outreach is accessible,
26 culturally and linguistically appropriate, and that it includes
27 community-driven partnerships and strategies.

28 (c) When making expenditures for administering the vaccine for
29 COVID-19, the department must focus on identifying persons for
30 vaccination, prioritizing underserved, underrepresented, and hard-to-
31 reach communities, making the vaccine accessible, and providing
32 support to schools for safe reopening. Strategies for vaccine
33 distribution shall include the establishment and expansion of
34 community vaccination centers, mobile vaccination units, reporting
35 enhancements, in-home visits for vaccinations for the elderly, and
36 transportation of individuals to vaccination sites.

37 (d) When making expenditures regarding testing and contact
38 tracing, the department must provide equitable access, prioritize
39 underserved, underrepresented, and hard-to-reach communities, and

1 provide support and resources to facilitate the safe reopening of
2 schools while minimizing community spread of the virus.

3 (e) The department may also make expenditures from the account
4 related to developing the public health workforce using funds granted
5 by the federal government for that purpose in section 2501, the
6 American rescue plan act of 2021, P.L. 117-2.

7 (3) When making expenditures from the account, the department
8 must include an emphasis on public communication regarding the
9 availability and accessibility of the vaccine and testing, and the
10 importance of vaccine and testing availability to the safe reopening
11 of the state.

12 (4) (a) The department must report to the fiscal and health care
13 committees of the legislature on a monthly basis regarding its
14 COVID-19 response.

15 (~~(b)~~) To the extent that it is available, the report must
16 include data regarding vaccine distribution, testing, and contact
17 tracing, as follows:

18 (i) The number of vaccines administered per day, including
19 regional data regarding the location and age groups of persons
20 receiving the vaccine, specifically identifying hard-to-reach
21 communities in which vaccines were administered; and

22 (ii) The number of tests conducted per week, including data
23 specifically addressing testing conducted in hard-to-reach
24 communities.

25 (b) (i) Beginning with the quarter ending March 31, 2022, the
26 department must report to the fiscal and health care committees of
27 the legislature on a quarterly basis regarding revenues and
28 expenditures related to the COVID-19 response. The reports must
29 include:

30 (A) Quarterly expenditures of funds, by fund source, including
31 the appropriated amounts from the state general fund pursuant to
32 section 222(77) of this act for:

33 (I) Diagnostic testing;

34 (II) Case investigation and contact tracing;

35 (III) Outbreak response;

36 (IV) Care coordination;

37 (V) Community outreach;

38 (VI) Information and technology operations;

39 (VII) Surveillance;

40 (VIII) Vaccines;

1 (IX) Client services;

2 (X) Local health jurisdictions; and

3 (XI) Tribes; and

4 (B) Grant amounts received during the reporting quarter that may
5 be used in the COVID-19 response.

6 (ii) The quarterly reports must reflect the previous quarter, a
7 projection of expected expenditures and revenue for the next quarter,
8 and an accounting of the expenditures and revenue for the 2021-2023
9 fiscal biennium to date. The quarterly reports are due no later than
10 30 days after the end of the applicable quarter.

11 (c) The first monthly report pursuant to (a) of this subsection
12 is due no later than one month from February 19, 2021. Monthly
13 reports are no longer required upon the department's determination
14 that the remaining balance of the COVID-19 (~~{public health}~~) public
15 health response account is less than \$100,000.

16 **Sec. 951.** RCW 43.79.505 and 2019 c 251 s 9 are each amended to

21 and 36.18.020(5) shall be deposited in this account. Moneys in the
22 account may be spent only after appropriation.

23 Expenditures from the account may be used only for the support of
24 judicial branch agencies and, during the 2021-2023 fiscal biennium,

36 Washington internet crimes against children task force and its
37 affiliate agencies for combating internet-facilitated crimes against
38 children, promoting education on internet safety to the public and to

1 minors, and rescuing child victims from abuse and exploitation. Only
2 the criminal justice training commission or the commission's designee
3 may authorize expenditures from the account. The account is subject
4 to allotment procedures under chapter 43.88 RCW, but an appropriation
5 is not required for expenditures. The commission may enter into
6 agreements with the Washington association of sheriffs and police
7 chiefs to administer grants and other activities funded by the

24 and for statewide public awareness programs under RCW 70A.200.150(7).
25 The amount to the department shall also be used to defray the costs
26 of administering the funding, coordination, and oversight of local
27 government programs for waste reduction, litter control, recycling,
28 and composting so that local governments can apply one hundred
29 percent of their funding to achieving program goals. The amount to
30 the department of revenue shall be used to enforce compliance with
31 the litter tax imposed in chapter 82.19 RCW;

32 (b) (i) Twenty percent to the department for local government
33 funding programs for waste reduction, litter control, recycling
34 activities, and composting activities by cities and counties under
35 RCW 70A.200.190, to be administered by the department of ecology;

36 (ii) any unspent funds under (b) (i) of this subsection may be used to
37 create and pay for a matching fund competitive grant program to be
38 used by local governments for the development and implementation of
39 contamination reduction and outreach plans for inclusion in

1 comprehensive solid waste management plans or by local governments
2 and nonprofit organizations for local or statewide education programs
3 designed to help the public with litter control, waste reduction,
4 recycling, and composting of primarily the products taxed under
5 chapter 82.19 RCW. Recipients under this subsection include programs
6 to reduce wasted food and food waste that are designed to achieve the
7 goals established in RCW 70A.205.715(1) and that are consistent with
8 the plan developed in RCW 70A.205.715(3). Grants must adhere to the
9 following requirements: (A) No grant may exceed sixty thousand
10 dollars; (B) grant recipients shall match the grant funding allocated
11 by the department by an amount equal to twenty-five percent of
12 eligible expenses. A local government's share of these costs may be
13 met by cash or contributed services; (C) the obligation of the
14 department to make grant payments is contingent upon the availability
15 of the amount of money appropriated for this subsection (1)(b); and
16 (D) grants are managed under the guidelines for existing grant
17 programs; and

18 (c) Forty percent to the department of ecology to: (i) Implement
19 activities under RCW 70A.200.150 for waste reduction, recycling, and
20 composting efforts; (ii) provide technical assistance to local
21 governments and commercial businesses to increase recycling markets
22 and recycling and composting programs primarily for the products
23 taxed under chapter 82.19 RCW designed to educate citizens about
24 waste reduction, litter control, and recyclable and compostable
25 products and programs; (iii) increase access to waste reduction,
26 composting, and recycling programs, particularly for food packaging
27 and plastic bags and appropriate composting techniques; and (iv) for
28 programs to reduce wasted food and food waste that are designed to
29 achieve the goals established in RCW 70A.205.715(1) and that are
30 consistent with the plan developed in RCW 70A.205.715(3).

31 (2) All taxes imposed in RCW 82.19.010 and fines and bail
32 forfeitures collected or received pursuant to this chapter shall be
33 deposited in the waste reduction, recycling, and litter control
34 account and used for the programs under subsection (1) of this
35 section.

36 (3) Not less than five percent and no more than ten percent of
37 the amount appropriated into the waste reduction, recycling, and
38 litter control account every biennium shall be reserved for capital
39 needs, including the purchase of vehicles for transporting crews and
40 for collecting litter and solid waste. Capital funds shall be

1 distributed among state agencies and local governments according to
2 the same criteria provided in RCW 70A.200.170 for the remainder of
3 the funds, so that the most effective waste reduction, litter
4 control, recycling, and composting programs receive the most funding.
5 The intent of this subsection is to provide funds for the purchase of
6 equipment that will enable the department to account for the greatest
7 return on investment in terms of reaching a zero litter goal.

8 (4) Funds in the waste reduction, recycling, and litter control
9 account, collected under chapter 82.19 RCW, must be prioritized for
10 the products identified under RCW 82.19.020 solely for the purposes
11 of recycling, composting, and litter collection, reduction, and
12 control programs.

13 (5) During the 2021-2023 fiscal biennium, Washington State
14 University may use funds in the waste reduction, recycling, and
15 litter control account, collected under chapter 82.19 RCW, to conduct
16 an organic waste study.

17 (6) During the 2021-2023 fiscal biennium, and as an exception to
18 the distribution of expenditures otherwise required in this section,
19 the department of ecology may use funds in the waste reduction,
20 recycling, and litter control account to continue a series of food
21 waste reduction campaigns and to continue to invest in litter
22 prevention campaigns.

23 **Sec. 955.** RCW 74.13.802 and 2020 c 33 s 7 are each amended to
24 read as follows:

25 (1) Beginning July 1, 2020, the department shall establish a
26 child welfare housing assistance pilot program, which provides
27 housing vouchers, rental assistance, navigation, and other support
28 services to eligible families.

29 (a) The department shall operate or contract for the operation of
30 the child welfare housing assistance pilot program under subsection
31 (3) of this section in one county west of the crest of the Cascade
32 mountain range and one county east of the crest of the Cascade
33 mountain range.

34 (b) The child welfare housing assistance pilot program is
35 intended to shorten the time that children remain in out-of-home
36 care.

37 (2) A parent with a child who is dependent pursuant to chapter
38 13.34 RCW and whose primary remaining barrier to reunification is the

1 lack of appropriate housing is eligible for the child welfare housing
2 assistance pilot program.

3 (3) The department shall contract with an outside entity or
4 entities to operate the child welfare housing assistance pilot
5 program. If no outside entity or entities are available to operate
6 the program or specific parts of the program, the department may
7 operate the program or the specific parts that are not operated by an
8 outside entity.

9 (4) Families may be referred to the child welfare housing
10 assistance pilot program by a caseworker, an attorney, a guardian ad
11 litem as defined in chapter 13.34 RCW, a parent ally as defined in
12 RCW 2.70.060, an office of public defense social worker, or the
13 court.

14 (5) The department shall consult with a stakeholder group that
15 must include, but is not limited to, the following:

- 16 (a) Parent allies;
- 17 (b) Parent attorneys and social workers managed by the office of
18 public defense parent representation program;
- 19 (c) The department of commerce;
- 20 (d) Housing experts;
- 21 (e) Community-based organizations;
- 22 (f) Advocates; and
- 23 (g) Behavioral health providers.

24 (6) The stakeholder group established in subsection (5) of this
25 section shall begin meeting after July 28, 2019, and assist the
26 department in design of the child welfare housing assistance pilot
27 program in areas including, but not limited to:

- 28 (a) Equitable racial, geographic, ethnic, and gender distribution
29 of program support;
- 30 (b) Eligibility criteria;
- 31 (c) Creating a definition of homeless for purposes of eligibility
32 for the program; and
- 33 (d) Options for program design that include outside entities
34 operating the entire program or specific parts of the program.

35 (7) By December 1, 2021, the department shall report outcomes for
36 the child welfare housing assistance pilot program to the oversight
37 board for children, youth, and families established pursuant to RCW
38 43.216.015. The report must include racial, geographic, ethnic, and
39 gender distribution of program support.

1 (8) The child welfare housing assistance pilot program
2 established in this section is subject to the availability of funds
3 appropriated for this purpose.

4 (9) This section expires June 30, (~~(2022)~~) 2023.

5 **Sec. 956.** RCW 74.46.561 and 2021 c 334 s 993 are each amended to
6 read as follows:

7 (1) The legislature adopts a new system for establishing nursing
8 home payment rates beginning July 1, 2016. Any payments to nursing
9 homes for services provided after June 30, 2016, must be based on the
10 new system. The new system must be designed in such a manner as to
11 decrease administrative complexity associated with the payment
12 methodology, reward nursing homes providing care for high acuity
13 residents, incentivize quality care for residents of nursing homes,
14 and establish minimum staffing standards for direct care.

15 (2) The new system must be based primarily on industry-wide
16 costs, and have three main components: Direct care, indirect care,
17 and capital.

18 (3) The direct care component must include the direct care and
19 therapy care components of the previous system, along with food,
20 laundry, and dietary services. Direct care must be paid at a fixed
21 rate, based on one hundred percent or greater of statewide case mix
22 neutral median costs, but for fiscal year 2023 shall be capped so
23 that a nursing home provider's direct care rate does not exceed (~~one~~
24 ~~hundred thirty~~) 165 percent of its base year's direct care allowable
25 costs except if the provider is below the minimum staffing standard
26 established in RCW 74.42.360(2). The legislature intends to remove
27 the cap on direct care rates by June 30, 2027. Direct care must be
28 performance-adjusted for acuity every six months, using case mix
29 principles. Direct care must be regionally adjusted using countywide
30 wage index information available through the United States department
31 of labor's bureau of labor statistics. There is no minimum occupancy
32 for direct care. The direct care component rate allocations
33 calculated in accordance with this section must be adjusted to the
34 extent necessary to comply with RCW 74.46.421.

35 (4) The indirect care component must include the elements of
36 administrative expenses, maintenance costs, and housekeeping services
37 from the previous system. A minimum occupancy assumption of ninety
38 percent must be applied to indirect care, but for fiscal year 2023, a
39 minimum occupancy assumption of 70 percent must be applied to

1 indirect care. Indirect care must be paid at a fixed rate, based on
2 ninety percent or greater of statewide median costs. The indirect
3 care component rate allocations calculated in accordance with this
4 section must be adjusted to the extent necessary to comply with RCW
5 74.46.421.

6 (5) The capital component must use a fair market rental system to
7 set a price per bed. The capital component must be adjusted for the
8 age of the facility, and must use a minimum occupancy assumption of
9 ninety percent.

10 (a) Beginning July 1, 2016, the fair rental rate allocation for
11 each facility must be determined by multiplying the allowable nursing
12 home square footage in (c) of this subsection by the RSMeans rental
13 rate in (d) of this subsection and by the number of licensed beds
14 yielding the gross unadjusted building value. An equipment allowance
15 of ten percent must be added to the unadjusted building value. The
16 sum of the unadjusted building value and equipment allowance must
17 then be reduced by the average age of the facility as determined by
18 (e) of this subsection using a depreciation rate of one and one-half
19 percent. The depreciated building and equipment plus land valued at
20 ten percent of the gross unadjusted building value before
21 depreciation must then be multiplied by the rental rate at seven and
22 one-half percent to yield an allowable fair rental value for the
23 land, building, and equipment.

24 (b) The fair rental value determined in (a) of this subsection
25 must be divided by the greater of the actual total facility census
26 from the prior full calendar year or imputed census based on the
27 number of licensed beds at ninety percent occupancy.

28 (c) For the rate year beginning July 1, 2016, all facilities must
29 be reimbursed using four hundred square feet. For the rate year
30 beginning July 1, 2017, allowable nursing facility square footage
31 must be determined using the total nursing facility square footage as
32 reported on the medicaid cost reports submitted to the department in
33 compliance with this chapter. The maximum allowable square feet per
34 bed may not exceed four hundred fifty.

35 (d) Each facility must be paid at eighty-three percent or greater
36 of the median nursing facility RSMeans construction index value per
37 square foot. The department may use updated RSMeans construction
38 index information when more recent square footage data becomes
39 available. The statewide value per square foot must be indexed based
40 on facility zip code by multiplying the statewide value per square

1 foot times the appropriate zip code based index. For the purpose of
2 implementing this section, the value per square foot effective July
3 1, 2016, must be set so that the weighted average fair rental value
4 rate is not less than ten dollars and eighty cents per patient day.
5 The capital component rate allocations calculated in accordance with
6 this section must be adjusted to the extent necessary to comply with
7 RCW 74.46.421.

8 (e) The average age is the actual facility age reduced for
9 significant renovations. Significant renovations are defined as those
10 renovations that exceed two thousand dollars per bed in a calendar
11 year as reported on the annual cost report submitted in accordance
12 with this chapter. For the rate beginning July 1, 2016, the
13 department shall use renovation data back to 1994 as submitted on
14 facility cost reports. Beginning July 1, 2016, facility ages must be
15 reduced in future years if the value of the renovation completed in
16 any year exceeds two thousand dollars times the number of licensed
17 beds. The cost of the renovation must be divided by the accumulated
18 depreciation per bed in the year of the renovation to determine the
19 equivalent number of new replacement beds. The new age for the
20 facility is a weighted average with the replacement bed equivalents
21 reflecting an age of zero and the existing licensed beds, minus the
22 new bed equivalents, reflecting their age in the year of the
23 renovation. At no time may the depreciated age be less than zero or
24 greater than forty-four years.

25 (f) A nursing facility's capital component rate allocation must
26 be rebased annually, effective July 1, 2016, in accordance with this
27 section and this chapter.

28 (g) For the purposes of this subsection (5), "RSMeans" means
29 building construction costs data as published by Gordian.

30 (6) A quality incentive must be offered as a rate enhancement
31 beginning July 1, 2016.

32 (a) An enhancement no larger than five percent and no less than
33 one percent of the statewide average daily rate must be paid to
34 facilities that meet or exceed the standard established for the
35 quality incentive. All providers must have the opportunity to earn
36 the full quality incentive payment.

37 (b) The quality incentive component must be determined by
38 calculating an overall facility quality score composed of four to six
39 quality measures. For fiscal year 2017 there shall be four quality
40 measures, and for fiscal year 2018 there shall be six quality

1 measures. Initially, the quality incentive component must be based on
2 minimum data set quality measures for the percentage of long-stay
3 residents who self-report moderate to severe pain, the percentage of
4 high-risk long-stay residents with pressure ulcers, the percentage of
5 long-stay residents experiencing one or more falls with major injury,
6 and the percentage of long-stay residents with a urinary tract
7 infection. Quality measures must be reviewed on an annual basis by a
8 stakeholder work group established by the department. Upon review,
9 quality measures may be added or changed. The department may risk
10 adjust individual quality measures as it deems appropriate.

11 (c) The facility quality score must be point based, using at a
12 minimum the facility's most recent available three-quarter average
13 centers for medicare and medicaid services quality data. Point
14 thresholds for each quality measure must be established using the
15 corresponding statistical values for the quality measure point
16 determinants of eighty quality measure points, sixty quality measure
17 points, forty quality measure points, and twenty quality measure
18 points, identified in the most recent available five-star quality
19 rating system technical user's guide published by the centers for
20 medicare and medicaid services.

21 (d) Facilities meeting or exceeding the highest performance
22 threshold (top level) for a quality measure receive twenty-five
23 points. Facilities meeting the second highest performance threshold
24 receive twenty points. Facilities meeting the third level of
25 performance threshold receive fifteen points. Facilities in the
26 bottom performance threshold level receive no points. Points from all
27 quality measures must then be summed into a single aggregate quality
28 score for each facility.

29 (e) Facilities receiving an aggregate quality score of eighty
30 percent of the overall available total score or higher must be placed
31 in the highest tier (tier V), facilities receiving an aggregate score
32 of between seventy and seventy-nine percent of the overall available
33 total score must be placed in the second highest tier (tier IV),
34 facilities receiving an aggregate score of between sixty and sixty-
35 nine percent of the overall available total score must be placed in
36 the third highest tier (tier III), facilities receiving an aggregate
37 score of between fifty and fifty-nine percent of the overall
38 available total score must be placed in the fourth highest tier (tier
39 II), and facilities receiving less than fifty percent of the overall
40 available total score must be placed in the lowest tier (tier I).

1 (f) The tier system must be used to determine the amount of each
2 facility's per patient day quality incentive component. The per
3 patient day quality incentive component for tier IV is seventy-five
4 percent of the per patient day quality incentive component for tier
5 V, the per patient day quality incentive component for tier III is
6 fifty percent of the per patient day quality incentive component for
7 tier V, and the per patient day quality incentive component for tier
8 II is twenty-five percent of the per patient day quality incentive
9 component for tier V. Facilities in tier I receive no quality
10 incentive component.

11 (g) Tier system payments must be set in a manner that ensures
12 that the entire biennial appropriation for the quality incentive
13 program is allocated.

14 (h) Facilities with insufficient three-quarter average centers
15 for medicare and medicaid services quality data must be assigned to
16 the tier corresponding to their five-star quality rating. Facilities
17 with a five-star quality rating must be assigned to the highest tier
18 (tier V) and facilities with a one-star quality rating must be
19 assigned to the lowest tier (tier I). The use of a facility's five-
20 star quality rating shall only occur in the case of insufficient
21 centers for medicare and medicaid services minimum data set
22 information.

23 (i) The quality incentive rates must be adjusted semiannually on
24 July 1 and January 1 of each year using, at a minimum, the most
25 recent available three-quarter average centers for medicare and
26 medicaid services quality data.

27 (j) Beginning July 1, 2017, the percentage of short-stay
28 residents who newly received an antipsychotic medication must be
29 added as a quality measure. The department must determine the quality
30 incentive thresholds for this quality measure in a manner consistent
31 with those outlined in (b) through (h) of this subsection using the
32 centers for medicare and medicaid services quality data.

33 (k) Beginning July 1, 2017, the percentage of direct care staff
34 turnover must be added as a quality measure using the centers for
35 medicare and medicaid services' payroll-based journal and nursing
36 home facility payroll data. Turnover is defined as an employee
37 departure. The department must determine the quality incentive
38 thresholds for this quality measure using data from the centers for
39 medicare and medicaid services' payroll-based journal, unless such
40 data is not available, in which case the department shall use direct

1 care staffing turnover data from the most recent medicaid cost
2 report.

3 (7) Reimbursement of the safety net assessment imposed by chapter
4 74.48 RCW and paid in relation to medicaid residents must be
5 continued.

6 (8)(a) The direct care and indirect care components must be
7 rebased in even-numbered years, beginning with rates paid on July 1,
8 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar
9 year cost report. On a percentage basis, after rebasing, the
10 department must confirm that the statewide average daily rate has
11 increased at least as much as the average rate of inflation, as
12 determined by the skilled nursing facility market basket index
13 published by the centers for medicare and medicaid services, or a
14 comparable index. If after rebasing, the percentage increase to the
15 statewide average daily rate is less than the average rate of
16 inflation for the same time period, the department is authorized to
17 increase rates by the difference between the percentage increase
18 after rebasing and the average rate of inflation.

19 (b) It is the intention of the legislature that direct and
20 indirect care rates paid in fiscal year 2022 will be rebased using
21 the calendar year 2019 cost reports. For fiscal year 2021, in
22 addition to the rates generated by (a) of this subsection, an
23 additional adjustment is provided as established in this subsection
24 (8)(b). Beginning May 1, 2020, and through June 30, 2021, the
25 calendar year costs must be adjusted for inflation by a twenty-four
26 month consumer price index, based on the most recently available
27 monthly index for all urban consumers, as published by the bureau of
28 labor statistics. It is also the intent of the legislature that,
29 starting in fiscal year 2022, a facility-specific rate add-on equal
30 to the inflation adjustment that facilities received solely in fiscal
31 year 2021, must be added to the rate.

32 (c) To determine the necessity of regular inflationary
33 adjustments to the nursing facility rates, by December 1, 2020, the
34 department shall provide the appropriate policy and fiscal committees
35 of the legislature with a report that provides a review of rates paid
36 in 2017, 2018, and 2019 in comparison to costs incurred by nursing
37 facilities.

38 (9) The direct care component provided in subsection (3) of this
39 section is subject to the reconciliation and settlement process
40 provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to

1 rules established by the department, funds that are received through
2 the reconciliation and settlement process provided in RCW
3 74.46.022(6) must be used for technical assistance, specialized
4 training, or an increase to the quality enhancement established in
5 subsection (6) of this section. The legislature intends to review the
6 utility of maintaining the reconciliation and settlement process
7 under a price-based payment methodology, and may discontinue the
8 reconciliation and settlement process after the 2017-2019 fiscal
9 biennium.

10 (10) Compared to the rate in effect June 30, 2016, including all
11 cost components and rate add-ons, no facility may receive a rate
12 reduction of more than one percent on July 1, 2016, more than two
13 percent on July 1, 2017, or more than five percent on July 1, 2018.
14 To ensure that the appropriation for nursing homes remains cost
15 neutral, the department is authorized to cap the rate increase for
16 facilities in fiscal years 2017, 2018, and 2019.

17 **Sec. 957.** RCW 76.04.516 and 2021 c 298 s 3 are each amended to
18 read as follows:

19 (1) By December 1st of each even-numbered year, and in compliance
20 with RCW 43.01.036, the department must report to the governor and
21 legislature on the following:

22 (a) The type and amount of the expenditures made, by fiscal year,
23 and for what purpose, from the wildfire response, forest restoration,
24 and community resilience account created in RCW 76.04.511 and from
25 expenditures made from the general fund for implementation of this
26 act;

27 (b) The amount of unexpended and unobligated funds in the
28 wildfire response, forest restoration, and community resilience
29 account and recommendations for the disbursement to local districts;

30 (c) Progress on implementation of the wildland fire protection
31 10-year strategic plan including, but not limited to, how investments
32 are reducing human-caused wildfire starts, lowering the size and
33 scale and geography of catastrophic wildfires, reducing the
34 communities, landscapes, and population at risk, and creating
35 resilient landscapes and communities;

36 (d) Progress on implementation of the 20-year forest health
37 strategic plan as established through the forest health assessment
38 and treatment framework pursuant to RCW 76.06.200 including, but not
39 limited to: Assessment of fire prone lands and communities that are

1 in need of forest health treatments; forest health treatments
2 prioritized and conducted by landowner type, geography, and risk
3 level; estimated value of any merchantable materials from forest
4 health treatments; and number of acres treated by treatment type,
5 including the use of prescribed fire;

6 (e) Progress on developing markets for forest residuals and
7 biomass generated from forest health treatments.

8 (2) The department must include recommendations on any
9 adjustments that may be necessary or advisable to the mechanism of
10 funding dispensation as created under chapter 298, Laws of 2021.

11 (3) The report required in this section should support existing
12 department assessments pursuant to RCW 79.10.530 and 76.06.200.

13 (4) (a) (i) Prior to the determination of the 2025-2034 sustainable
14 harvest calculation as required by RCW 79.10.320, the department must
15 hire an independent third-party contractor to assist it in updating
16 its forest inventory by increasing the intensity of forest sample
17 plots on all forestlands over the next two biennium. The department's
18 sustainable harvest calculation technical advisory committee must be
19 involved in the design, development, and implementation of this
20 forest inventory update.

21 (ii) For purposes of this subsection, "forest inventory" means
22 the collection of sample data to estimate a range of forest
23 attributes including, but not limited to, standing volume, stored
24 carbon, habitat attributes, age classes, tree species, and other
25 inventory attributes, including information needed to estimate rates
26 of tree growth and associated carbon sequestration on department
27 lands.

28 (iii) The department's sustainable harvest calculation technical
29 advisory committee must bring forward recommendations for regular
30 maintenance and updates to the forest inventory on a ten-year basis.

31 (b) Prior to the determination of the 2025-2034 sustainable
32 harvest calculation as required by RCW 79.10.320, the department must
33 hire a third-party contractor to review, analyze, and advise the
34 department's forest growth and yield modeling, specific to all types
35 of forested acres managed by the department. The department's
36 sustainable harvest calculation technical advisory committee must be
37 involved in the design, review, and analysis of the department's
38 forest growth and yield modeling.

39 (c) Prior to the determination of the 2025-2034 sustainable
40 harvest calculation as required by RCW 79.10.320 and in the absence

1 of any litigation, pending or in progress, against the department's
2 sustainable harvest calculation, the joint legislative audit and
3 review committee established in chapter 44.28 RCW must oversee and
4 conduct an independent review of the methodologies and data being
5 utilized by the department in the development of the sustainable
6 harvest calculation, including the associated forest inventory,
7 forest growth, harvest and yield data, and modeling techniques that
8 impact harvest levels. In carrying out the review, the joint
9 legislative audit and review committee shall:

10 (i) Retain one or more contractors with expertise in forest
11 inventories, forest growth and yield modeling, and operational
12 research modeling in forest harvest scheduling to conduct the
13 technical review;

14 (ii) Be a member of department's sustainable harvest calculation
