**PART II**  
**HUMAN SERVICES**

NEW SECTION.    **Sec. 201.    FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the  
2 payment rates.

3 (4) The department shall to the maximum extent practicable use  
4 the same system for delivery of spoken-language interpreter services  
5 for social services appointments as the one established for medical  
6 appointments in the health care authority. When contracting directly  
7 with an individual to deliver spoken language interpreter services,  
8 the department shall only contract with language access providers who  
9 are working at a location in the state and who are state-certified or  
10 state-authorized, except that when such a provider is not available,  
11 the department may use a language access provider who meets other  
12 certifications or standards deemed to meet state standards, including  
13 interpreters in other states.

14 (5) Information technology projects or investments and proposed  
15 projects or investments impacting time capture, payroll and payment  
16 processes and systems, eligibility, case management, and  
17 authorization systems within the department of social and health  
18 services are subject to technical oversight by the office of the  
19 chief information officer.

20 (6) (a) The department shall facilitate enrollment under the  
21 medicaid expansion for clients applying for or receiving state funded  
22 services from the department and its contractors. Prior to open  
23 enrollment, the department shall coordinate with the health care  
24 authority to provide referrals to the Washington health benefit  
25 exchange for clients that will be ineligible for medicaid.

26 (b) To facilitate a single point of entry across public and  
27 medical assistance programs, and to maximize the use of federal  
28 funding, the health care authority, the department of social and  
29 health services, and the health benefit exchange will coordinate  
30 efforts to expand HealthPlanfinder access to public assistance and  
31 medical eligibility staff. The department shall complete medicaid  
32 applications in the HealthPlanfinder for households receiving or  
33 applying for public assistance benefits.

34 (7) The health care authority, the health benefit exchange, the  
35 department of social and health services, the department of health,  
36 the department of corrections, and the department of children, youth,  
37 and families shall work together within existing resources to  
38 establish the health and human services enterprise coalition (the  
39 coalition). The coalition, led by the health care authority, must be  
40 a multi-organization collaborative that provides strategic direction

1 and federal funding guidance for projects that have cross-  
2 organizational or enterprise impact, including information technology  
3 projects that affect organizations within the coalition. The office  
4 of the chief information officer shall maintain a statewide  
5 perspective when collaborating with the coalition to ensure that  
6 projects are planned for in a manner that ensures the efficient use  
7 of state resources, support the adoption of a cohesive technology and  
8 data architecture, and maximize federal financial participation. The  
9 work of the coalition is subject to the conditions, limitations, and  
10 review provided in section 701 of this act.

20 year 2024 and \$250,000 of the general fund—state appropriation for  
21 fiscal year 2025 are provided solely for the department, in  
22 collaboration with the health care authority, to develop and

26 state hospital bed needs pursuant to the following requirements.

27 (a) By the first day of each December during the fiscal biennium,  
28 the department, in coordination with the health care authority, must

33 having a high risk of future criminal justice involvement; (ii) the  
34 method and frequency for which the department is providing lists of  
35 high-risk clients to contracted managed care organizations and  
36 behavioral health administrative services organizations; (iii) a  
37 summary of how the managed care organizations and behavioral health  
38 administrative services organizations are utilizing the data to  
39 improve the coordination of care for the identified individuals; and

2 implementation of the tool is resulting in increased access and  
3 service levels and lower recidivism rates for high-risk clients at  
4 the state and regional level.

5 (b) The department must provide staff support for the forensic  
6 and long-term civil commitment bed forecast which must be conducted

12 shall incorporate factors for capacity in state hospitals as well as  
13 contracted facilities, which provide similar levels of care, referral  
14 patterns, wait lists, lengths of stay, and other factors identified  
15 as appropriate for estimating the number of beds needed to meet the  
16 demand for civil and forensic state hospital services. Factors should  
17 include identification of need for the services and analysis of the  
18 effect of community investments in behavioral health services and  
19 other types of beds that may reduce the need for long-term civil  
20 commitment needs. The forecast must be updated each February, June,  
21 and November during the fiscal biennium and the department must

21 be used to maintain increases that were implemented between fiscal  
22 year 2016 and fiscal year 2021, and further increase the number of  
23 forensic beds at western state hospital during the 2023-2025 fiscal  
24 biennium. Pursuant to chapter 7, Laws of 2015 1st sp. sess.  
25 (timeliness of competency treatment and evaluation services), the

36 basis, the clinical acuity on each patient ward and determine the  
37 minimum level of direct care staff by profession to be deployed to  
38 meet the needs of the patients on each ward. The department must  
39 evaluate interrater reliability of the tool within each hospital and

3 labor relations office, the staffing committees, and state labor  
4 unions, an overall state hospital staffing plan that looks at all

6 (a) Within the amounts provided in this section, the department  
7 must establish, monitor, track, and report monthly staffing and  
8 expenditures at the state hospitals, including overtime and use of  
9 locums, to the functional categories identified in the recommended  
10 staffing plan. The allotments and tracking of staffing and  
11 expenditures must include all areas of the state hospitals, must be

30 an increase in monthly staffing levels and expenditures beyond what  
31 is budgeted, notice must be provided to the appropriate committees of  
32 the legislature within 30 days of such approval. The notice must  
33 identify the reason for the authorization to exceed budgeted staffing  
34 levels and the time frame for the authorization. Extensions of  
35 authorizations under this subsection must also be submitted to the  
36 director of the office of financial management for written approval

38 (h) The department may authorize a one-time waiver of all or any  
39 portion of the licensing and processing fees required under RCW

1 70.128.060 in any case in which the department determines that an  
2 adult family home is being relicensed because of exceptional  
3 circumstances, such as death or incapacity of a provider, and that to  
4 require the full payment of the licensing and processing fees would  
5 present a hardship to the applicant. In these situations the  
6 department is also granted the authority to waive the required  
7 residential administrator training for a period of 120 days if  
8 necessary to ensure continuity of care during the relicensing  
9 process.

24 assessment must identify and authorize personal care, nursing care,  
25 behavioral health stabilization, physical therapy, or other necessary  
26 services to meet the unique needs of each client. It is the  
27 expectation that, in most cases, staffing ratios in all community  
28 alternative placement options described in (h)(i) of this subsection  
29 will need to increase to meet the needs of clients leaving the state  
30 psychiatric hospitals. If specialized training is necessary to meet

32 then the person centered service plan must also identify and

34 (iii) When reviewing placement options, the department must

36 staff, in a facility. An initial evaluation of each placement,  
37 including any documented safety concerns, must occur within thirty  
38 days of a client leaving one of the state psychiatric hospitals and

7 managers stationed at the state psychiatric hospitals. Discharge case

11 psychiatric hospitals.

38 fiscal year 2025 are provided solely for 13 community respite beds  
39 across the state for adults. These services are intended to provide

1 families and caregivers with a break in caregiving and the  
2 opportunity for stabilization of the individual in a community-based

4 to provide planned or emergent respite. The department must provide  
5 the legislature with a respite utilization report by January of each

7 and (4) of this section requires sound, consistent, timely, and  
8 transparent oversight and analytic review in addition to lack of  
9 redundancy with other established measures. The patient must be  
10 considered first and foremost in the implementation and execution of  
11 the demonstration waiver. To accomplish these goals, the authority  
12 shall develop consistent performance measures that focus on  
13 population health and health outcomes. The authority shall limit the  
14 number of projects that accountable communities of health may  
15 participate in under initiative 1 to a maximum of six and shall seek

28 acceptance of funds by the authority, the authority shall submit the  
29 special terms and conditions as submitted to the centers for medicare  
30 and medicaid services and the anticipated budget for the duration of  
31 the renewed waiver to the governor, the joint select committee on  
32 health care, and the fiscal committees of the legislature. By federal  
33 standard any programs created or funded by this waiver do not create  
34 an entitlement. The demonstration period for the waiver as described  
35 in subsections (2), (3), and (4) of this section begins July 1, 2023.

36 (2) (a) \$150,219,000 of the general fund—federal appropriation and  
37 \$150,219,000 of the general fund—local appropriation are provided  
38 solely for accountable communities of health described in initiative  
39 1 of the 1115 demonstration waiver and this is the maximum amount  
40 that may be expended for this purpose. In renewing this initiative,

1 the authority shall consider local input regarding community needs  
2 and shall limit total local projects to no more than six. To provide  
3 transparency to the appropriate fiscal committees of the legislature,  
4 the authority shall provide fiscal staff of the legislature query  
5 ability into any database of the fiscal intermediary that authority  
6 staff would be authorized to access. The authority shall not

15 \$179,111,000 of the general fund—private/local appropriation are  
16 provided solely for the medicaid quality improvement program and this  
17 is the maximum amount that may be expended for this purpose. Medicaid  
18 quality improvement program payments do not count against the 1115  
19 demonstration waiver spending limits and are excluded from the  
20 waiver's budget neutrality calculation. The authority may provide  
21 medicaid quality improvement program payments to apple health managed  
22 care organizations and their partnering providers as they meet  
23 designated milestones. Partnering providers and apple health managed  
24 care organizations must work together to achieve medicaid quality  
25 improvement program goals according to the performance period  
26 timelines and reporting deadlines as set forth by the authority. The  
27 authority may only use the medicaid quality improvement program to

29 demonstration waiver and may not pursue its use for other purposes.  
30 Any programs created or funded by the medicaid quality improvement  
31 program do not constitute an entitlement for clients or providers.  
32 The authority shall not supplement the amounts provided in this  
33 subsection with any general fund—state, general fund—federal, or  
34 general fund—local moneys appropriated in this section or any moneys  
35 that may be transferred pursuant to subsection (1) of this section.  
36 The director shall report to the joint select committee on health  
37 care oversight not less than quarterly on financial and health  
38 outcomes. The director shall report to the fiscal committees of the  
39 legislature all expenditures under this subsection and shall provide

1 such fiscal data in the time, manner, and form requested by the  
2 legislative fiscal committees.

3 (c) In collaboration with the accountable communities of health,  
4 the authority will submit a report to the governor and the joint  
5 select committee on health care oversight describing how each of the  
6 accountable community of health's work aligns with the community  
7 needs assessment no later than December 1, 2023.

8 (d) Performance measures and payments for accountable communities  
9 of health shall reflect accountability measures that demonstrate  
10 progress toward transparent, measurable, and meaningful goals that  
11 have an impact on improved population health and improved health  
12 outcomes, including a path to financial sustainability. While these  
13 goals may have variation to account for unique community  
14 demographics, measures should be standardized when possible.

15 (3) \$115,713,000 of the general fund—federal appropriation and  
16 \$115,725,000 of the general fund—local appropriation are provided  
17 solely for long-term support services as described in initiative 2 of  
18 the 1115 demonstration waiver as well as administrative expenses for  
19 initiative 3 and this is the maximum amount that may be expended for  
20 this purpose. The authority shall contract with and provide funding  
21 to the department of social and health services to administer  
22 initiative 2. The director in cooperation with the secretary of the  
23 department of social and health services shall report to the office  
24 of financial management all of the expenditures of this section and  
25 shall provide such fiscal data in the time, manner, and form  
26 requested. The authority shall not supplement the amounts provided in  
27 this subsection with any general fund—state moneys appropriated in  
28 this section or any moneys that may be transferred pursuant to  
29 subsection (1) of this section.

30 (4) (a) \$54,912,000 of the general fund—federal appropriation and  
31 \$30,162,000 of the general fund—local appropriation are provided  
32 solely for supported housing and employment services described in  
33 initiative 3a and 3b of the 1115 demonstration waiver and this is the  
34 maximum amount that may be expended for this purpose. Under this  
35 initiative, the authority and the department of social and health  
36 services shall ensure that allowable and necessary services are  
37 provided to eligible clients as identified by the department or its  
38 third-party administrator. The authority and the department, in  
39 consultation with the medical assistance expenditure forecast work

1 group, shall ensure that reasonable reimbursements are established  
2 for services deemed necessary within an identified limit per  
3 individual. The authority shall not supplement the amounts provided  
4 in this subsection with any general fund—state moneys appropriated in  
5 this section or any moneys that may be transferred pursuant to  
6 subsection (1) of this section. The director shall report to the  
7 joint select committee on health care oversight no less than  
8 quarterly on financial and health outcomes. The director shall also  
9 report to the fiscal committees of the legislature all of the  
10 expenditures of this subsection and shall provide such fiscal data in  
11 the time, manner, and form requested by the legislative fiscal  
12 committees.

13 (b) The authority and the department shall seek additional  
14 flexibilities for housing supports through the centers for medicare  
15 and medicaid services and shall coordinate with the office of  
16 financial management and the department of commerce to ensure that  
17 services are not duplicated.

18 (c) The director shall report to the joint select committee on  
19 health care oversight no less than quarterly on utilization and  
20 caseload statistics for both supportive housing and employment  
21 services and its progress toward increasing uptake and availability  
22 for these services.

23 (5) \$1,432,000 of the general fund—state appropriation for fiscal  
24 year 2024 and \$3,008,000 of the general fund—state appropriation for  
25 fiscal year 2025 are provided solely for supported employment  
26 services and \$1,478,000 of the general fund—state appropriation for  
27 fiscal year 2024 and \$3,162,000 of the general fund—state  
28 appropriation for fiscal year 2025 are provided solely for supported  
29 housing services, similar to the services described in initiatives 3a  
30 and 3b of the 1115 demonstration waiver to individuals who are  
31 ineligible for medicaid. Under these initiatives, the authority and  
32 the department of social and health services shall ensure that  
33 allowable and necessary services are provided to eligible clients as  
34 identified by the authority or its third-party administrator. Before  
35 authorizing services, eligibility for initiative 3a or 3b of the 1115  
36 demonstration waiver must first be determined.

37 (6) Sufficient amounts are appropriated in this subsection to  
38 implement the medicaid expansion as defined in the social security  
39 act, section 1902(a)(10)(A)(i)(VIII).

1 (7) The legislature finds that medicaid payment rates, as  
2 calculated by the health care authority pursuant to the  
3 appropriations in this act, bear a reasonable relationship to the  
4 costs incurred by efficiently and economically operated facilities  
5 for providing quality services and will be sufficient to enlist  
6 enough providers so that care and services are available to the  
7 extent that such care and services are available to the general  
8 population in the geographic area. The legislature finds that the  
9 cost reports, payment data from the federal government, historical  
10 utilization, economic data, and clinical input constitute reliable  
11 data upon which to determine the payment rates.

12 (8) Based on quarterly expenditure reports and caseload  
13 forecasts, if the health care authority estimates that expenditures  
14 for the medical assistance program will exceed the appropriations,  
15 the health care authority shall take steps including but not limited  
16 to reduction of rates or elimination of optional services to reduce  
17 expenditures so that total program costs do not exceed the annual  
18 appropriation authority.

19 (9) In determining financial eligibility for medicaid-funded  
20 services, the health care authority is authorized to disregard  
21 recoveries by Holocaust survivors of insurance proceeds or other  
22 assets, as defined in RCW 48.104.030.

23 (10) The legislature affirms that it is in the state's interest  
24 for Harborview medical center to remain an economically viable  
25 component of the state's health care system.

26 (11) When a person is ineligible for medicaid solely by reason of  
27 residence in an institution for mental diseases, the health care  
28 authority shall provide the person with the same benefits as he or  
29 she would receive if eligible for medicaid, using state-only funds to  
30 the extent necessary.

31 (12) \$4,176,000 of the general fund—state appropriation for  
32 fiscal year 2024, \$4,261,000 of the general fund—state appropriation  
33 for fiscal year 2025, and \$8,607,000 of the general fund—federal  
34 appropriation are provided solely for low-income disproportionate  
35 share hospital payments.

36 (13) Within the amounts appropriated in this section, the health  
37 care authority shall provide disproportionate share hospital payments  
38 to hospitals that provide services to children in the children's  
39 health program who are not eligible for services under Title XIX or

1 XXI of the federal social security act due to their citizenship  
2 status.

3 (14) \$7,000,000 of the general fund—federal appropriation is  
4 provided solely for supplemental payments to nursing homes operated  
5 by public hospital districts. The public hospital district shall be  
6 responsible for providing the required nonfederal match for the  
7 supplemental payment, and the payments shall not exceed the maximum  
8 allowable under federal rules. It is the legislature's intent that  
9 the payments shall be supplemental to and shall not in any way offset  
10 or reduce the payments calculated and provided in accordance with  
11 part E of chapter 74.46 RCW. It is the legislature's further intent  
12 that costs otherwise allowable for rate-setting and settlement  
13 against payments under chapter 74.46 RCW shall not be disallowed  
14 solely because such costs have been paid by revenues retained by the  
15 nursing home from these supplemental payments. The supplemental  
16 payments are subject to retrospective interim and final cost  
17 settlements based on the nursing homes' as-filed and final medicare  
18 cost reports. The timing of the interim and final cost settlements  
19 shall be at the health care authority's discretion. During either the  
20 interim cost settlement or the final cost settlement, the health care  
21 authority shall recoup from the public hospital districts the  
22 supplemental payments that exceed the medicaid cost limit and/or the  
23 medicare upper payment limit. The health care authority shall apply  
24 federal rules for identifying the eligible incurred medicaid costs  
25 and the medicare upper payment limit.

26 (15) The health care authority shall continue the inpatient  
27 hospital certified public expenditures program for the 2023-2025  
28 fiscal biennium. The program shall apply to all public hospitals,  
29 including those owned or operated by the state, except those  
30 classified as critical access hospitals or state psychiatric  
31 institutions. The health care authority shall submit reports to the  
32 governor and legislature by November 1, 2023, and by November 1,  
33 2024, that evaluate whether savings continue to exceed costs for this  
34 program. If the certified public expenditures (CPE) program in its  
35 current form is no longer cost-effective to maintain, the health care  
36 authority shall submit a report to the governor and legislature  
37 detailing cost-effective alternative uses of local, state, and  
38 federal resources as a replacement for this program. During fiscal  
39 year 2024 and fiscal year 2025, hospitals in the program shall be  
40 paid and shall retain one hundred percent of the federal portion of

1 the allowable hospital cost for each medicaid inpatient fee-for-  
2 service claim payable by medical assistance and one hundred percent  
3 of the federal portion of the maximum disproportionate share hospital  
4 payment allowable under federal regulations. For the purpose of  
5 determining the amount of any state grant under this subsection,  
6 payments will include the federal portion of medicaid program  
7 supplemental payments received by the hospitals. Inpatient medicaid  
8 payments shall be established using an allowable methodology that  
9 approximates the cost of claims submitted by the hospitals. Payments  
10 made to each hospital in the program in each fiscal year of the  
11 biennium shall be compared to a baseline amount. The baseline amount  
12 will be determined by the total of (a) the inpatient claim payment  
13 amounts that would have been paid during the fiscal year had the  
14 hospital not been in the CPE program based on the reimbursement rates  
15 developed, implemented, and consistent with policies approved in the  
16 2023-2025 biennial operating appropriations act and in effect on July  
17 1, 2015, (b) one-half of the indigent assistance disproportionate  
18 share hospital payment amounts paid to and retained by each hospital  
19 during fiscal year 2005, and (c) all of the other disproportionate  
20 share hospital payment amounts paid to and retained by each hospital  
21 during fiscal year 2005 to the extent the same disproportionate share  
22 hospital programs exist in the 2019-2021 fiscal biennium. If payments  
23 during the fiscal year exceed the hospital's baseline amount, no  
24 additional payments will be made to the hospital except the federal  
25 portion of allowable disproportionate share hospital payments for  
26 which the hospital can certify allowable match. If payments during  
27 the fiscal year are less than the baseline amount, the hospital will  
28 be paid a state grant equal to the difference between payments during  
29 the fiscal year and the applicable baseline amount. Payment of the  
30 state grant shall be made in the applicable fiscal year and  
31 distributed in monthly payments. The grants will be recalculated and  
32 redistributed as the baseline is updated during the fiscal year. The  
33 grant payments are subject to an interim settlement within eleven  
34 months after the end of the fiscal year. A final settlement shall be  
35 performed. To the extent that either settlement determines that a  
36 hospital has received funds in excess of what it would have received  
37 as described in this subsection, the hospital must repay the excess  
38 amounts to the state when requested. \$237,000 of the general fund—  
39 state appropriation for fiscal year 2024 and \$218,000 of the general

1 fund—state appropriation for fiscal year 2025 are provided solely for  
2 state grants for the participating hospitals.

3 (16) The health care authority shall seek public-private  
4 partnerships and federal funds that are or may become available to  
5 provide ongoing support for outreach and education efforts under the  
6 federal children's health insurance program reauthorization act of  
7 2009.

8 (17) The health care authority shall target funding for maternity  
9 support services towards pregnant women with factors that lead to  
10 higher rates of poor birth outcomes, including hypertension, a  
11 preterm or low birth weight birth in the most recent previous birth,  
12 a cognitive deficit or developmental disability, substance abuse,  
13 severe mental illness, unhealthy weight or failure to gain weight,  
14 tobacco use, or African American or Native American race. The health  
15 care authority shall prioritize evidence-based practices for delivery  
16 of maternity support services. To the extent practicable, the health  
17 care authority shall develop a mechanism to increase federal funding  
18 for maternity support services by leveraging local public funding for  
19 those services.

20 (18) The authority shall submit reports to the governor and the  
21 legislature by September 15, 2023, and no later than September 15,  
22 2024, that delineate the number of individuals in medicaid managed  
23 care, by carrier, age, gender, and eligibility category, receiving  
24 preventative services and vaccinations. The reports should include  
25 baseline and benchmark information from the previous two fiscal years  
26 and should be inclusive of, but not limited to, services recommended  
27 under the United States preventative services task force, advisory  
28 committee on immunization practices, early and periodic screening,  
29 diagnostic, and treatment (EPSDT) guidelines, and other relevant  
30 preventative and vaccination medicaid guidelines and requirements.

31 (19) Managed care contracts must incorporate accountability  
32 measures that monitor patient health and improved health outcomes,  
33 and shall include an expectation that each patient receive a wellness  
34 examination that documents the baseline health status and allows for  
35 monitoring of health improvements and outcome measures.

36 (20) Sufficient amounts are appropriated in this section for the  
37 authority to provide an adult dental benefit.

38 (21) The health care authority shall coordinate with the  
39 department of social and health services to provide referrals to the

1 Washington health benefit exchange for clients that will be  
2 ineligible for medicaid.

3 (22) To facilitate a single point of entry across public and  
4 medical assistance programs, and to maximize the use of federal  
5 funding, the health care authority, the department of social and  
6 health services, and the health benefit exchange will coordinate  
7 efforts to expand HealthPlanfinder access to public assistance and  
8 medical eligibility staff. The health care authority shall complete  
9 medicaid applications in the HealthPlanfinder for households  
10 receiving or applying for medical assistance benefits.

11 (23) \$90,000 of the general fund—state appropriation for fiscal  
12 year 2024, \$90,000 of the general fund—state appropriation for fiscal  
13 year 2025, and \$180,000 of the general fund—federal appropriation are  
14 provided solely to continue operation by a nonprofit organization of  
15 a toll-free hotline that assists families to learn about and enroll  
16 in the apple health for kids program.

17 (24) Within the amounts appropriated in this section, the  
18 authority shall reimburse for primary care services provided by  
19 naturopathic physicians.

20 (25) Within the amounts appropriated in this section, the  
21 authority shall continue to provide coverage for pregnant teens that  
22 qualify under existing pregnancy medical programs, but whose  
23 eligibility for pregnancy related services would otherwise end due to  
24 the application of the new modified adjusted gross income eligibility  
25 standard.

26 (26) Sufficient amounts are appropriated in this section to  
27 remove the mental health visit limit and to provide the shingles  
28 vaccine and screening, brief intervention, and referral to treatment  
29 benefits that are available in the medicaid alternative benefit plan  
30 in the classic medicaid benefit plan.

31 (27) The authority shall use revenue appropriated from the  
32 dedicated cannabis account for contracts with community health  
33 centers under RCW 69.50.540 in lieu of general fund—state payments to  
34 community health centers for services provided to medical assistance  
35 clients, and it is the intent of the legislature that this policy  
36 will be continued in subsequent fiscal biennia.

37 (28) Beginning no later than July 1, 2018, for any service  
38 eligible under the medicaid state plan for encounter payments,  
39 managed care organizations at the request of a rural health clinic

1 shall pay the full published encounter rate directly to the clinic.  
2 At no time will a managed care organization be at risk for or have  
3 any right to the supplemental portion of the claim. Payments will be  
4 reconciled on at least an annual basis between the managed care  
5 organization and the authority, with final review and approval by the  
6 authority.

7 (29) Sufficient amounts are appropriated in this section for the  
8 authority to provide a medicaid equivalent adult dental benefit to  
9 clients enrolled in the medical care service program.

10 (30) During the 2023-2025 fiscal biennium, sufficient amounts are  
11 provided in this section for the authority to provide services  
12 identical to those services covered by the Washington state family  
13 planning waiver program as of August 2018 to individuals who:

14 (a) Are over nineteen years of age;

15 (b) Are at or below two hundred and sixty percent of the federal  
16 poverty level as established in WAC 182-505-0100;

17 (c) Are not covered by other public or private insurance; and

18 (d) Need family planning services and are not currently covered  
19 by or eligible for another medical assistance program for family  
20 planning.

21 (31) Sufficient amounts are appropriated within this section for  
22 the authority to incorporate the expected outcomes and criteria to  
23 measure the performance of managed care organizations that provide  
24 services to clients under chapter 74.09 RCW. The authority must:

25 (a) Contract with an external quality improvement organization to  
26 annually analyze the performance of managed care organizations  
27 providing services to clients under this chapter based on seven  
28 performance measures. The analysis required under this subsection  
29 must:

30 (i) Measure managed care performance in four common measures  
31 across each managed care organization, including:

32 (A) At least one common measure that must be weighted towards  
33 having the potential to impact managed care costs; and

34 (B) At least one common measure that must be weighted towards  
35 population health management, as defined by the measure; and

36 (ii) Measurement of managed care performance in an additional  
37 three quality focus performance measures specific to a managed care  
38 organization. Quality focus performance measures chosen by the  
39 authority must:

40 (A) Be chosen from the statewide common measure set;

1 (B) Reflect specific measures where a managed care organization  
2 has poor performance; and

3 (C) Be substantive and clinically meaningful in promoting health  
4 status.

5 (b) The authority shall set the four common measures to be  
6 analyzed across all managed care organizations.

7 (c) The authority shall set three quality focus performance  
8 measures specific to each managed care organization. The authority  
9 must determine performance measures for each managed care  
10 organization based on the criteria established in (a)(ii) of this  
11 subsection.

12 (d) By September 15, 2023, and annually thereafter, the authority  
13 shall notify each managed care organization of the performance  
14 measures for the organization for the subsequent plan year.

15 (e) Two percent of the total plan year funding appropriated to  
16 each managed care organization that provides services to clients  
17 under chapter 70.320 RCW shall be withheld. At least 75 percent of  
18 the withhold shall be held contingent on each managed care  
19 organization's performance on the seven performance measures  
20 identified in this subsection. Each managed care organization may  
21 earn back the annual withhold if the external quality improvement  
22 organization finds that the managed care organization:

23 (i) Made statistically significant improvement in the seven  
24 performance measures as compared to the preceding plan year; or

25 (ii) Scored in the top national medicaid quartile of the  
26 performance measures.

27 (f) The amount of withhold annually paid to each managed care  
28 organization shall be proportional to findings of statistically  
29 significant improvement or top national medicaid quartile scoring by  
30 a managed care organization.

31 (g) For no more than two of the four quality focus performance  
32 measures, the authority may use an alternate methodology to  
33 approximate top national medicaid quartile performance where top  
34 quartile performance data is unavailable.

35 (h) For the purposes of this subsection, "external quality  
36 improvement organization" means an organization that meets the  
37 competence and independence requirements under 42 C.F.R. Sec.  
38 438.354, as it existed on the effective date of this section.

39 (i) By September 15, 2023, the authority, in collaboration with  
40 the medical assistance expenditure forecast work group, shall develop

1 new performance measures for the 2025 plan year. Quality focus  
2 performance measures chosen by the authority must, at a minimum:

3 (A) Be chosen from the statewide common measure set;

4 (B) Reflect specific measures where a managed care organization  
5 has poor performance;

6 (C) Be substantive and clinically meaningful in promoting health  
7 status;

8 (D) Include ways to improve behavioral health reporting;

9 (E) Be selected with consideration to health equity;

10 (F) Ensure that measures that have an impact on funding have a  
11 direct relationship to the funding plans receive; and

12 (G) Include participation from the authority's actuary to ensure  
13 that the measures and methods chosen meet required tests for  
14 actuarial soundness.

15 (j) By October 15, 2023, the authority shall provide a report to  
16 the governor and fiscal committees of the legislature outlining the  
17 measures it has chosen for the 2025 plan year, including the  
18 information outlined in (i) of this subsection.

19 (32)(a) The authority shall ensure that appropriate resources are  
20 dedicated to implementing the recommendations of the centers for  
21 medicare and medicaid services center for program integrity as  
22 provided to the authority in the January 2019 Washington focused  
23 program integrity review final report. Additionally, the authority  
24 shall:

25 (i) Work to ensure the efficient operations of the managed care  
26 plans, including but not limited to, a deconflicting process for  
27 audits with and among the managed care plans and the medicaid fraud  
28 division at the attorney general's office, to ensure the authority  
29 staff perform central audits of cases that appear across multiple  
30 managed care plans, versus the audits performed by the individual  
31 managed care plans or the fraud division;

32 (ii) Remain accountable for operating in an effective and  
33 efficient manner, including performing program integrity activities  
34 that ensure high value in the medical assistance program in general  
35 and in medicaid managed care specifically;

36 (iii) Work with its contracted actuary and the medical assistance  
37 expenditure forecast work group to develop methods and metrics  
38 related to managed care program integrity activity that shall be  
39 incorporated into annual rate setting; and

1 (iv) Work with the medical assistance expenditure forecast work  
2 group to ensure the results of program integrity activity are  
3 incorporated into the rate setting process in a transparent, timely,  
4 measurable, quantifiable manner.

5 (b) The authority shall consider, as part of its program  
6 integrity activities, whether it is providing economical and  
7 efficient prescription drug services through its administrative  
8 services model and the quantifiable cost and benefit of this service  
9 delivery method. In making this determination, the authority shall  
10 provide at an aggregate level, the following minimum information to  
11 the governor and fiscal committees of the legislature no later than  
12 October 15, 2023:

13 (i) The cost of providing these prescription drug benefits  
14 through a carved-out fee-for-service benefit, both total cost and net  
15 of rebates;

16 (ii) The cost of providing these prescription drug benefits  
17 through a carved-in managed care benefit, both total cost and net of  
18 rebates;

19 (iii) The cost of providing these prescription drug benefits  
20 through the administrative services model, both total and net of  
21 rebates; and

22 (iv) The community benefit attributable to 340B providers as a  
23 result of the administrative services or carved-in model as compared  
24 to each other and as compared to the carved-out model.

25 (c) The authority shall submit a report to the governor and  
26 appropriate committees of the legislature by October 1, 2023, that  
27 includes, but is not limited to:

28 (i) Specific, quantified actions that have been taken, to date,  
29 related to the recommendations of the centers for medicare and  
30 medicaid services center for program integrity as provided to the  
31 authority in the January 2019 Washington focused program integrity  
32 review final report;

33 (ii) Specific, quantified information regarding the work done  
34 with its contracted actuary and the medical assistance expenditure  
35 forecast expenditure work group to develop methods and metrics  
36 related to managed care program integrity activity that shall be  
37 incorporated into annual rate setting;

38 (iii) Specific, quantified information regarding the work done  
39 with the medical assistance expenditure forecast work group to ensure  
40 the results of program integrity activity are incorporated into the

1 rate setting process in a transparent, timely, measurable,  
2 quantifiable manner;

3 (iv) Accounting by fiscal year, medicaid eligibility group, and  
4 service beginning with state fiscal year 2020 to include all program  
5 integrity recoveries attributable to the authority, including how  
6 these recoveries are categorized, to which year they are reported,  
7 how these recoveries are applied against legislative savings  
8 requirements, and what recoveries are attributable to the office of  
9 the attorney general's medicaid fraud control division and how these  
10 recoveries are considered when reporting program integrity activity  
11 and determining managed care rates; and

12 (v) Information detailing when the agency acquired a new fraud  
13 and abuse detection system and to what extent this system is being  
14 utilized.

16 this section to supplement these funds with local dollars or funds

7 wraparound services to medicaid enrolled individuals that are not

17 of social and health services.

18 (c) Pursuant to RCW 41.56.029, during fiscal year 2024, the  
19 authority may work with the office of financial management to  
20 negotiate a tiered rate structure for behavioral health personal care  
21 services for adult family home providers serving medicaid enrollees.  
22 An agreement reached with the adult family home council must be  
23 submitted to the director of financial management by October 1, 2023,  
24 and certified as financially feasible in order to be considered for  
25 funding during the 2024 legislative session. Upon completion of  
26 bargaining, the authority shall coordinate with the department of  
27 social and health services to develop and submit to the centers for  
28 medicare and medicaid services an application to provide a 1915(i)

32 also have a personal care need. The waiver shall be developed to  
33 standardize coverage and administration, improve the current benefit  
34 design, and clarify roles in administration of the behavioral health  
35 personal care services benefit.

36 (8) The authority is authorized to continue to contract directly,  
37 rather than through contracts with behavioral health entities for  
38 children's long-term inpatient facility services.

1 (9) \$1,204,000 of the general fund—state appropriation for fiscal  
2 year 2024 and \$1,204,000 of the general fund—state appropriation for  
3 fiscal year 2025 are provided solely to reimburse Pierce and Spokane  
4 counties for the cost of conducting 180-day commitment hearings at  
5 the state psychiatric hospitals.

6 (10) Behavioral health entities may use local funds to earn  
7 additional federal medicaid match, provided the locally matched rate  
8 does not exceed the upper-bound of their federally allowable rate  
9 range, and provided that the enhanced funding is used only to provide  
10 medicaid state plan or waiver services to medicaid clients.  
11 Additionally, behavioral health entities may use a portion of the  
12 state funds allocated in accordance with subsection (7) of this  
13 section to earn additional medicaid match, but only to the extent  
14 that the application of such funds to medicaid services does not  
15 diminish the level of crisis and commitment, community inpatient,  
16 residential care, and outpatient services presently available to  
17 persons not eligible for medicaid.

18 (11) \$2,291,000 of the general fund—state appropriation for

23 mental health services upon release from confinement. The authority  
24 must collect information from the behavioral health entities on their  
25 plan for using these funds, the numbers of individuals served, and  
26 the types of services provided and submit a report to the office of  
27 financial management and the appropriate fiscal committees of the  
28 legislature by December 1st of each year of the fiscal biennium.

29 (12) Within the amounts appropriated in this section, funding is  
30 provided for the authority to develop and phase in intensive mental  
31 health services for high needs youth consistent with the settlement  
32 agreement in *T.R. v. Dreyfus and Porter*.

33 (13) The authority must work with actuaries responsible for  
34 setting medicaid managed care rates to establish minimum and maximum  
35 reserve levels allowed under behavioral health administrative  
36 services organization contracts informed by the amount of risk  
37 carried by behavioral health administrative service organizations for  
38 mandatory and nondiscretionary services funded by these  
39 organizations. The authority must include contract language that

1 clearly states the requirements and limitations of such reserves. The  
2 authority must monitor and ensure that behavioral health  
3 administrative service organization reserves do not exceed maximum  
4 levels. The authority must monitor revenue and expenditure reports  
5 and must require a behavioral health administrative service  
6 organization to submit a corrective action plan on how it will spend  
7 its excess reserves within a reasonable period of time, when its  
8 reported reserves exceed maximum levels established under the  
9 contract. The authority must review and approve such plans and  
10 monitor to ensure compliance. If the authority determines that a  
11 behavioral health administrative service organization has failed to  
12 provide an adequate excess reserve corrective action plan or is not  
13 complying with an approved plan, the authority must reduce payments  
14 to the entity in accordance with remedial actions provisions included  
15 in the contract. These reductions in payments must continue until the  
16 authority determines that the entity has come into substantial  
17 compliance with an approved excess reserve corrective action plan.

18 (14) During the 2023-2025 fiscal biennium, any amounts provided  
19 in this section that are used for case management services for  
20 pregnant and parenting women must be contracted directly between the  
21 authority and pregnant and parenting women case management providers.

22 (15) Within the amounts appropriated in this section, the  
23 authority may contract with the University of Washington and  
24 community-based providers for the provision of the parent-child  
25 assistance program or other specialized chemical dependency case  
26 management providers for pregnant, post-partum, and parenting women.  
27 For all contractors: (a) Service and other outcome data must be  
28 provided to the authority by request; and (b) indirect charges for  
29 administering the program must not exceed 10 percent of the total  
30 contract amount.

31 (16) \$3,500,000 of the general fund—federal appropriation is  
32 provided solely for the continued funding of existing county drug and  
33 alcohol use prevention programs.

34 (17) Within the amounts provided in this section, behavioral  
35 health entities must provide outpatient chemical dependency treatment  
36 for offenders enrolled in the medicaid program who are supervised by  
37 the department of corrections pursuant to a term of community  
38 supervision. Contracts with behavioral health entities must require  
39 that behavioral health entities include in their provider network  
40 specialized expertise in the provision of manualized, evidence-based

NEW SECTION. Sec. 701. FOR THE OFFICE OF FINANCIAL MANAGEMENT—  
INFORMATION TECHNOLOGY INVESTMENT POOL

General Fund—State Appropriation (FY 2024)	\$29,774,000
General Fund—State Appropriation (FY 2025)	\$14,392,000
Other Appropriated Funds	\$6,438,000
TOTAL APPROPRIATION	\$50,604,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations are provided solely for expenditure into the information technology investment revolving account created in RCW 43.41.433. Amounts in the account are provided solely for the information technology projects shown in LEAP omnibus document IT-2023, dated March 23, 2023, which is hereby incorporated by reference. To facilitate the transfer of moneys from other funds and accounts that are associated with projects contained in LEAP omnibus document IT-2023, dated March 23, 2023, the state treasurer is directed to transfer moneys from other funds and accounts to the information technology investment revolving account in accordance with schedules provided by the office of financial management. Restricted federal funds may be transferred only to the extent permitted by law, and will otherwise remain outside the information technology investment account. The projects affected remain subject to the other provisions of this section.

(2) Agencies must apply to the office of the chief information officer for certification and release of funding for each gate of the project. When the office of the chief information officer certifies the key deliverables of the gate have been met, a current technology budget is approved, and that the project is putting functioning software into production that addresses user needs, if applicable at the stage of the project, is in compliance with the quality assurance plan, and meets a defined set of industry best practices for code quality that the office of the chief information officer will post to their website by July 1, 2023, it must notify the office of financial management and the fiscal committees of the legislature. The office of financial management may not approve funding for the certified

1 project gate any earlier than ten business days from the date of  
2 notification to the fiscal committees of the legislature.

3 (3) (a) Allocations and allotments of information technology  
4 investment revolving account must be made for discrete stages of  
5 projects as determined by the technology budget approved by the  
6 office of the chief information officer and office of financial  
7 management.

8 (b) Fifteen percent of total funding allocated by the office of  
9 financial management, or another amount as defined jointly by the  
10 office of financial management and the office of the chief  
11 information officer, will be retained in the account, but remain  
12 allocated to that project. The retained funding will be released to  
13 the agency only after successful completion of that stage of the  
14 project and only after the office of the chief information officer  
15 certifies the stage as required in subsection (2) of this section.  
16 For the one Washington project, the amount retained is increased to  
17 at least twenty percent of total funding allocated for any stage of  
18 that project.

19 (4) (a) Each project must have a technology budget. The technology  
20 budget must have the detail by fiscal month for the 2023-2025 fiscal  
21 biennium. The technology budget must use a method similar to the  
22 state capital budget, identifying project costs, each fund source,  
23 and anticipated deliverables through each stage of the entire project  
24 investment and across fiscal periods and biennia from project onset  
25 through implementation and close out, as well as at least five years  
26 of maintenance and operations costs.

27 (b) As part of the development of a technology budget and at each  
28 request for funding, the agency shall submit an updated technology  
29 budget, if changes occurred, to include detailed financial  
30 information to the office of financial management and the office of  
31 the chief information officer. The technology budget must describe  
32 the total cost of the project, as well as maintenance and operations  
33 costs, to include and identify at least:

34 (i) Fund sources:

35 (A) If the project is funded from the information technology  
36 revolving account, the technology budget must include a worksheet  
37 that provides the fund sources that were transferred into the account  
38 by fiscal year;

39 (B) If the project is by a central service agency, and funds are  
40 driven out by the central service model, the technology budget must

1 provide a statewide impact by agency by fund as a worksheet in the  
2 technology budget file;

3 (ii) Full time equivalent staffing level to include job  
4 classification assumptions. This is to assure that the project has  
5 adequate state staffing and agency support to ensure success, ensure  
6 user acceptance, and adequately test the functionality being  
7 delivered in each sprint before it is accepted by the agency's  
8 contracting officer or their representative. Key project functions  
9 that are deemed "critical" must be retained by state personnel and  
10 not outsourced, to ensure that knowledge is retained within state  
11 government and that the state can self-sufficiently support the  
12 system and make improvements without long-term dependence on a  
13 vendor;

14 (iii) Discrete financial budget codes to include at least the  
15 appropriation index and program index;

16 (iv) Object and subobject codes of expenditures;

17 (v) Anticipated deliverables to include software demonstration  
18 dates;

19 (vi) Historical budget and expenditure detail by fiscal year; and

20 (vii) Maintenance and operations costs by fiscal year for at  
21 least five years as a separate worksheet.

22 (c) If a project technology budget changes and a revised  
23 technology budget is completed, a comparison of the revised  
24 technology budget to the last approved technology budget must be  
25 posted to the dashboard, to include a narrative rationale on what  
26 changed, why, and how that impacts the project in scope, budget, and  
27 schedule.

28 (5) (a) Each project must have a project charter. The charter must  
29 include:

30 (i) An organizational chart of the project management team that  
31 identifies team members and their roles and responsibilities, and  
32 shows that the project is adequately staffed by state personnel in  
33 key functions to ensure success;

34 (ii) The office of the chief information officer staff assigned  
35 to the project;

36 (iii) A project roadmap that includes the problems the team is  
37 solving and the sequence in which the team intends to take on those  
38 problems, updated periodically to reflect what has been learned;

39 (iv) Metrics to support the project strategy and vision, to  
40 determine that the project is incrementally meeting user needs;

1 (v) An implementation schedule covering activities, critical  
2 milestones, and deliverables at each stage of the project for the  
3 life of the project at each agency affected by the project;

4 (vi) Performance measures used to determine that the project is  
5 on time, within budget, and meeting expectations for quality of work  
6 product;

7 (vii) Ongoing maintenance and operations cost of the project post  
8 implementation and close out delineated by agency staffing,  
9 contracted staffing, and service level agreements; and

10 (viii) Financial budget coding to include at least discrete  
11 financial coding for the project.

12 (b) If required by the office of the chief information officer, a  
13 project may also need to have an investment plan. The office of the  
14 chief information officer must:

15 (i) Base the requirement of an agency to have an investment plan  
16 on the complexity and risk of the project;

17 (ii) Establish requirements by project risk level in statewide  
18 technology policy, and publish the requirements by September 30,  
19 2023; and

20 (iii) In collaboration with the department of enterprise  
21 services, define the circumstances under which the vendor will be  
22 terminated or replaced and establish the process by which the agency  
23 will transition to a new vendor with a minimal reduction in project  
24 productivity.

25 (6) (a) Projects with estimated costs greater than \$100,000,000  
26 from initiation to completion and implementation may be divided into  
27 discrete subprojects as determined by the office of the chief  
28 information officer, except for the one Washington project which must  
29 be divided into the following discrete subprojects: Core financials,  
30 expanding financials and procurement, budget, and human resources.  
31 Each subproject must have a technology budget as provided in this  
32 section.

33 (b) If the project affects more than one agency:

34 (i) A separate technology budget and investment plan must be  
35 prepared by each agency; and

36 (ii) There must be a budget roll up that includes each affected  
37 agency at the subproject level.

38 (7) The office of the chief information officer shall maintain a  
39 statewide information technology project dashboard that provides  
40 updated information each fiscal month on projects subject to this

1 section. The statewide dashboard must meet the requirements in  
2 section 155 of this act.

3 (8) For any project that exceeds \$2,000,000 in total funds to  
4 complete, requires more than one biennium to complete, or is financed  
5 through financial contracts, bonds, or other indebtedness:

6 (a) Independent quality assurance services for the project must  
7 report independently to the office of the chief information officer;

8 (b) The office of the chief information officer, based on project  
9 risk assessments, may require additional quality assurance services  
10 and independent verification and validation services;

11 (c) The office of the chief information officer must review, and,  
12 if necessary, revise the proposed project to ensure it is flexible  
13 and adaptable to advances in technology;

14 (d) The technology budget must specifically identify the uses of  
15 any financing proceeds. No more than thirty percent of the financing  
16 proceeds may be used for payroll-related costs for state employees  
17 assigned to project management, installation, testing, or training;

18 (e) The agency must consult with the office of the state  
19 treasurer during the competitive procurement process to evaluate  
20 early in the process whether products and services to be solicited  
21 and the responsive bids from a solicitation may be financed;

22 (f) The agency must consult with the contracting division of the  
23 department of enterprise services for a review of all contracts and  
24 agreements related to the project's information technology  
25 procurements;

26 (g) The agency and project must use an agile development model  
27 holding live demonstrations of functioning software, developed using  
28 incremental user research, held at the end of every two-week sprint;

29 (h) The project solution must be capable of being continually  
30 updated, as necessary; and

31 (i) The agency and project must deploy usable functionality into  
32 production for users within 180 days from the date of an executed  
33 procurement contract in response to a competitive request for  
34 proposal.

35 (9) The office of the chief information officer must evaluate the  
36 project at each stage and certify whether the project is putting  
37 functioning software into production that addresses user needs, is  
38 projected to be completed within budget, is in compliance with the  
39 quality assurance plan, and meets a defined set of industry best  
40 practices for code quality, and whether the project is planned,

1 managed, and meeting deliverable targets as defined in the project's  
2 approved technology budget and investment plan.

3 (10) The office of the chief information officer may suspend or  
4 terminate a project at any time if it determines that the project is  
5 not meeting or not expected to meet anticipated performance and  
6 technology outcomes. Once suspension or termination occurs, the  
7 agency shall unallot any unused funding and shall not make any  
8 expenditure for the project without the approval of the office of  
9 financial management. The office of the chief information officer  
10 must report on December 1 each calendar year any suspension or  
11 termination of a project in the previous 12-month period to the  
12 legislative fiscal committees.

13 (11) The office of the chief information officer, in consultation  
14 with the office of financial management, may identify additional  
15 projects to be subject to this section, including projects that are  
16 not separately identified within an agency budget. The office of the  
17 chief information officer must report on December 1 each calendar  
18 year any additional projects to be subjected to this section that  
19 were identified in the previous 12-month period to the legislative  
20 fiscal committees.

21 (12) Any cost to administer or implement this section for  
22 projects listed in subsection (1) of this section, must be paid from

11 participation; auction approval status; intent to bid; bidding  
12 strategy; bid price or bid quantity; or information on the bid  
13 guarantee provided to the financial services administrator. The  
14 department may cancel or restrict a previously approved auction  
15 participation application or reject a new application if the  
16 department determines that a registered entity has:

- 17 (a) Provided false or misleading facts;
- 18 (b) Withheld material information that could influence a decision  
19 by the department;
- 20 (c) Violated any part of the auction rules;
- 21 (d) Violated registration requirements; or
- 22 (e) Violated any of the rules regarding the conduct of the  
23 auction.

24 (9) Records containing the following information are confidential  
25 and are exempt from public disclosure in their entirety:

26 (a) Bidding information as identified in subsection (8) of this  
27 section;

28 (b) Information contained in the secure, online electronic  
29 tracking system established by the department pursuant to RCW  
30 70A.65.090(6);

31 (c) Financial, proprietary, and other market sensitive  
32 information as determined by the department that is submitted to the  
33 department pursuant to this chapter;

34 (d) Financial, proprietary, and other market sensitive  
35 information as determined by the department that is submitted to the  
36 independent contractor or the financial services administrator  
37 engaged by the department pursuant to subsection (3) of this section;  
38 and

39 (e) Financial, proprietary, and other market sensitive  
40 information as determined by the department that is submitted to a

1 jurisdiction with which the department has entered into a linkage  
2 agreement pursuant to RCW 70A.65.210, and which is shared with the  
3 department, the independent contractor, or the financial services  
4 administrator pursuant to a linkage agreement.

5 (10) Any cancellation or restriction approved by the department  
6 under subsection (8) of this section may be permanent or for a  
7 specified number of auctions and the cancellation or restriction  
8 imposed is not exclusive and is in addition to the remedies that may  
9 be available pursuant to chapter 19.86 RCW or other state or federal  
10 laws, if applicable.

11 (11) The department shall design allowance auctions so as to  
12 allow, to the maximum extent practicable, linking with external  
13 greenhouse gas emissions trading programs in other jurisdictions and  
14 to facilitate the transfer of allowances when the state's program has  
15 entered into a linkage agreement with other external greenhouse gas  
16 emissions trading programs. The department may conduct auctions  
17 jointly with linked jurisdictions.

18 (12) In setting the number of allowances offered at each auction,  
19 the department shall consider the allowances in the marketplace due  
20 to the marketing of allowances issued as required under RCW  
21 70A.65.110, 70A.65.120, and 70A.65.130 in the department's  
22 determination of the number of allowances to be offered at auction.  
23 The department shall offer only such number of allowances at each  
24 auction as will enhance the likelihood of achieving the goals of RCW  
25 70A.45.020.

26 **Sec. 934.** RCW 70A.65.250 and 2022 c 253 s 2 are each amended to  
27 read as follows:

28 (1)(a) The climate investment account is created in the state  
29 treasury. Except as otherwise provided in chapter 316, Laws of 2021,  
30 all receipts from the auction of allowances authorized in this  
31 chapter must be deposited into the account. Moneys in the account may  
32 be spent only after appropriation.

33 (b) Projects or activities funded from the account must meet high  
34 labor standards, including family sustaining wages, providing  
35 benefits including health care and employer-contributed retirement  
36 plans, career development opportunities, and maximize access to  
37 economic benefits from such projects for local workers and diverse  
38 businesses. Each contracting entity's proposal must be reviewed for  
39 equity and opportunity improvement efforts, including: (i) Employer

1 paid sick leave programs; (ii) pay practices in relation to living  
2 wage indicators such as the federal poverty level; (iii) efforts to  
3 evaluate pay equity based on gender identity, race, and other  
4 protected status under Washington law; (iv) facilitating career  
5 development opportunities, such as apprenticeship programs,  
6 internships, job-shadowing, and on-the-job training; and (v)  
7 employment assistance and employment barriers for justice affected  
8 individuals.

9 (2) Moneys in the account may be used only for projects and  
10 programs that achieve the purposes of the greenhouse gas emissions  
11 cap and invest program established under this chapter and for tribal  
12 capacity grants under RCW 70A.65.305. Moneys in the account as  
13 described in this subsection must first be appropriated for the  
14 administration of the requirements of this chapter, in an amount not  
15 to exceed five percent of the total receipt of funds from allowance  
16 auction proceeds under this chapter. Beginning July 1, (~~2024~~) 2023,  
17 and annually thereafter, the state treasurer shall distribute funds  
18 in the account that exceed the amounts appropriated for the purposes  
19 of this subsection (2) as follows:

20 (a) Seventy-five percent of the moneys to the climate commitment  
21 account created in RCW 70A.65.260; and

22 (b) Twenty-five percent of the moneys to the natural climate  
23 solutions account created in RCW 70A.65.270.

24 (3) The allocations specified in subsection (2)(a) and (b) of  
25 this section must be reviewed by the legislature on a biennial basis  
26 based on the changing needs of the state in meeting its clean economy  
27 and greenhouse gas reduction goals in a timely, economically  
28 advantageous, and equitable manner.

29 **Sec. 935.** RCW 70A.305.180 and 2021 c 334 s 988 are each amended  
30 to read as follows:

31 (1) The model toxics control operating account is hereby created  
32 in the state treasury.

33 (2) Moneys in the model toxics control operating account must be  
34 used only to carry out the purposes of this chapter, including but  
35 not limited to the following:

37 management, regulation, enforcement, technical assistance, and public  
38 education required under chapter 70A.300 RCW;

10 (f) State government programs for the safe reduction, recycling,

21 priorities of RCW 70A.300.260;

22 (l) State agriculture and health programs for the safe use,  
23 reduction, recycling, or disposal of pesticides;

24 (m) Funding requirements to maintain receipt of federal funds  
25 under the federal solid waste disposal act (42 U.S.C. Sec. 6901 et  
26 seq.);

27 (n) Air quality programs and actions for reducing public exposure  
28 to toxic air pollution;

29 (o) Petroleum-based plastic or expanded polystyrene foam debris  
30 clean-up activities in fresh or marine waters; ~~((and))~~

35 programs and operations.

36 (3) Except for unanticipated receipts under RCW 43.79.260 through  
37 43.79.282, moneys in model toxics control operating account may be  
38 spent only after appropriation by statute.

39 (4) One percent of the moneys collected under RCW 82.21.030 must  
40 be allocated only for public participation grants to persons who may

1 be adversely affected by a release or threatened release of a  
2 hazardous substance and to not-for-profit public interest  
3 organizations. The primary purpose of these grants is to facilitate  
4 the participation by persons and organizations in the investigation  
5 and remedying of releases or threatened releases of hazardous  
6 substances and to implement the state's solid and hazardous waste  
7 management priorities. No grant may exceed sixty thousand dollars.  
8 Grants may be renewed annually. Moneys appropriated for public  
9 participation that are not expended at the close of any biennium  
10 revert to the model toxics control operating account.

11 (5) The department must adopt rules for grant or loan issuance  
12 and performance.

13 **Sec. 936.** RCW 71.24.580 and 2022 c 297 s 964 and 2022 c 157 s 18  
14 are each reenacted and amended to read as follows:

15 (1) The criminal justice treatment account is created in the  
16 state treasury. Moneys in the account may be expended solely for: (a)  
17 Substance use disorder treatment and treatment support services for  
18 offenders with a substance use disorder that, if not treated, would  
19 result in addiction, against whom charges are filed by a prosecuting  
20 attorney in Washington state; (b) the provision of substance use  
21 disorder treatment services and treatment support services for  
22 nonviolent offenders within a drug court program and, during the  
23 2021-2023 and 2023-2025 fiscal (~~biennium~~) biennia, for 180 days  
24 following graduation from the drug court program; and (c) the  
25 administrative and overhead costs associated with the operation of a  
26 drug court. Amounts provided in this subsection must be used for  
27 treatment and recovery support services for criminally involved  
28 offenders and authorization of these services shall not be subject to  
29 determinations of medical necessity. During the 2019-2021 and  
30 2021-2023 fiscal biennia, funding from the criminal justice treatment  
31 account may be used to provide treatment and support services through  
32 the conclusion of an individual's treatment plan to individuals  
33 participating in a drug court program as of February 24, 2021, if  
34 that individual wishes to continue treatment following dismissal of  
35 charges they were facing under RCW 69.50.4013(1). Such participation  
36 is voluntary and contingent upon substantial compliance with drug  
37 court program requirements. The legislature may appropriate from the  
38 account for municipal drug courts and increased treatment options.  
39 During the 2019-2021 fiscal biennium, the legislature may direct the

1 state treasurer to make transfers of moneys in the criminal justice  
2 treatment account to the home security fund account created in RCW  
3 43.185C.060. Moneys in the account may be spent only after  
4 appropriation.

5 (2) For purposes of this section:

6 (a) "Treatment" means services that are critical to a  
7 participant's successful completion of his or her substance use  
8 disorder treatment program, including but not limited to the recovery  
9 support and other programmatic elements outlined in RCW 2.30.030  
10 authorizing therapeutic courts; and

11 (b) "Treatment support" includes transportation to or from  
12 inpatient or outpatient treatment services when no viable alternative  
13 exists, and child care services that are necessary to ensure a  
14 participant's ability to attend outpatient treatment sessions.

15 (3) Revenues to the criminal justice treatment account consist  
16 of: (a) Funds transferred to the account pursuant to this section;  
17 and (b) any other revenues appropriated to or deposited in the  
18 account.

19 (4)(a) For the fiscal year beginning July 1, 2005, and each  
20 subsequent fiscal year, the state treasurer shall transfer eight  
21 million two hundred fifty thousand dollars from the general fund to  
22 the criminal justice treatment account, divided into four equal  
23 quarterly payments. For the fiscal year beginning July 1, 2006, and  
24 each subsequent fiscal year, the amount transferred shall be  
25 increased on an annual basis by the implicit price deflator as  
26 published by the federal bureau of labor statistics.

27 (b) In each odd-numbered year, the legislature shall appropriate  
28 the amount transferred to the criminal justice treatment account in  
29 (a) of this subsection to the department for the purposes of  
30 subsection (5) of this section.

31 (5) Moneys appropriated to the authority from the criminal  
32 justice treatment account shall be distributed as specified in this  
33 subsection. The authority may retain up to three percent of the  
34 amount appropriated under subsection (4)(b) of this section for its  
35 administrative costs.

36 (a) Seventy percent of amounts appropriated to the authority from  
37 the account shall be distributed to counties pursuant to the  
38 distribution formula adopted under this section. The authority, in  
39 consultation with the department of corrections, the Washington state  
40 association of counties, the Washington state association of drug

1 court professionals, the superior court judges' association, the  
2 Washington association of prosecuting attorneys, representatives of  
3 the criminal defense bar, representatives of substance use disorder  
4 treatment providers, and any other person deemed by the authority to  
5 be necessary, shall establish a fair and reasonable methodology for  
6 distribution to counties of moneys in the criminal justice treatment  
7 account. County or regional plans submitted for the expenditure of  
8 formula funds must be approved by the panel established in (b) of  
9 this subsection.

10 (b) Thirty percent of the amounts appropriated to the authority  
11 from the account shall be distributed as grants for purposes of  
12 treating offenders against whom charges are filed by a county  
13 prosecuting attorney. The authority shall appoint a panel of  
14 representatives from the Washington association of prosecuting  
15 attorneys, the Washington association of sheriffs and police chiefs,  
16 the superior court judges' association, the Washington state  
17 association of counties, the Washington defender's association or the  
18 Washington association of criminal defense lawyers, the department of  
19 corrections, the Washington state association of drug court  
20 professionals, and substance use disorder treatment providers. The  
21 panel shall review county or regional plans for funding under (a) of  
22 this subsection and grants approved under this subsection. The panel  
23 shall attempt to ensure that treatment as funded by the grants is  
24 available to offenders statewide.

25 (6) The county alcohol and drug coordinator, county prosecutor,  
26 county sheriff, county superior court, a substance abuse treatment  
27 provider appointed by the county legislative authority, a member of  
28 the criminal defense bar appointed by the county legislative  
29 authority, and, in counties with a drug court, a representative of  
30 the drug court shall jointly submit a plan, approved by the county  
31 legislative authority or authorities, to the panel established in  
32 subsection (5)(b) of this section, for disposition of all the funds  
33 provided from the criminal justice treatment account within that  
34 county. The submitted plan should incorporate current evidence-based  
35 practices in substance use disorder treatment. The funds shall be  
36 used solely to provide approved alcohol and substance use disorder  
37 treatment pursuant to RCW 71.24.560 and treatment support services.  
38 No more than ten percent of the total moneys received under  
39 subsections (4) and (5) of this section by a county or group of

1 counties participating in a regional agreement shall be spent for  
2 treatment support services.

3 (7) Counties are encouraged to consider regional agreements and  
4 submit regional plans for the efficient delivery of treatment under  
5 this section.

6 (8) Moneys allocated under this section shall be used to  
7 supplement, not supplant, other federal, state, and local funds used  
8 for substance abuse treatment.

9 (9) If a region or county uses criminal justice treatment account  
10 funds to support a therapeutic court, the therapeutic court must  
11 allow the use of all medications approved by the federal food and  
12 drug administration for the treatment of opioid use disorder as  
13 deemed medically appropriate for a participant by a medical  
14 professional. If appropriate medication-assisted treatment resources  
15 are not available or accessible within the jurisdiction, the health  
16 care authority's designee for assistance must assist the court with  
17 acquiring the resource.

18 (10) Counties must meet the criteria established in RCW  
19 2.30.030(3).

20 (11) The authority shall annually review and monitor the  
21 expenditures made by any county or group of counties that receives  
22 appropriated funds distributed under this section. Counties shall  
23 repay any funds that are not spent in accordance with the  
24 requirements of its contract with the authority.

25 **Sec. 937.** RCW 74.46.561 and 2023 c ... s 1903 (section 1903 of  
26 this act) are each amended to read as follows:

27 (1) The legislature adopts a new system for establishing nursing  
28 home payment rates beginning July 1, 2016. Any payments to nursing  
29 homes for services provided after June 30, 2016, must be based on the  
30 new system. The new system must be designed in such a manner as to  
31 decrease administrative complexity associated with the payment  
32 methodology, reward nursing homes providing care for high acuity  
33 residents, incentivize quality care for residents of nursing homes,  
34 and establish minimum staffing standards for direct care.

35 (2) The new system must be based primarily on industry-wide  
36 costs, and have three main components: Direct care, indirect care,  
37 and capital.

38 (3) (a) The direct care component must include the direct care and  
39 therapy care components of the previous system, along with food,

1 laundry, and dietary services. Except as provided in (b) of this  
2 subsection, direct care must be paid at a fixed rate, based on one  
3 hundred percent or greater of statewide case mix neutral median  
4 costs, but shall be capped so that a nursing home provider's direct  
5 care rate does not exceed 118 percent of its base year's direct care  
6 allowable costs except if the provider is below the minimum staffing  
7 standard established in RCW 74.42.360(2). (~~The legislature intends~~  
8 ~~to remove the cap on direct care rates by June 30, 2027.~~) Direct  
9 care must be performance-adjusted for acuity every six months, using  
10 case mix principles. Direct care must be regionally adjusted using  
11 countywide wage index information available through the United States  
12 department of labor's bureau of labor statistics. There is no minimum  
13 occupancy for direct care. The direct care component rate allocations  
14 calculated in accordance with this section must be adjusted to the  
15 extent necessary to comply with RCW 74.46.421.

16 (b) Unless a nursing home provider is below the minimum staffing  
17 standard established in RCW 74.42.360(2), a provider's direct care  
18 rate relative to its base year's direct care allowable costs must be  
19 capped as follows:

- 20 (i) For fiscal year 2023, the cap must not exceed 165 percent;  
21 (ii) For fiscal year 2024, the cap must not exceed 153 percent;  
22 and  
23 (iii) For fiscal year 2025, the cap must not exceed 142 percent.

24 (4) (a) The indirect care component must include the elements of  
25 administrative expenses, maintenance costs, and housekeeping services  
26 from the previous system. Except as provided in (b) of this  
27 subsection, a minimum occupancy assumption of ninety percent must be  
28 applied to indirect care. Indirect care must be paid at a fixed rate,  
29 based on ninety percent or greater of statewide median costs. The  
30 indirect care component rate allocations calculated in accordance  
31 with this section must be adjusted to the extent necessary to comply  
32 with RCW 74.46.421.

33 (b) A minimum occupancy assumption must be applied to indirect  
34 care as follows:

- 35 (i) For fiscal year 2023, the assumption must be 75 percent;  
36 (ii) For fiscal year 2024, the assumption must be 75 percent; and  
37 (iii) For fiscal year 2025, the assumption must be 80 percent.

38 (5) The capital component must use a fair market rental system to  
39 set a price per bed. The capital component must be adjusted for the

1 age of the facility, and must use a minimum occupancy assumption of  
2 ninety percent.

3 (a) Beginning July 1, 2016, the fair rental rate allocation for  
4 each facility must be determined by multiplying the allowable nursing  
5 home square footage in (c) of this subsection by the RSMeans rental  
6 rate in (d) of this subsection and by the number of licensed beds  
7 yielding the gross unadjusted building value. An equipment allowance  
8 of ten percent must be added to the unadjusted building value. The  
9 sum of the unadjusted building value and equipment allowance must  
10 then be reduced by the average age of the facility as determined by  
11 (e) of this subsection using a depreciation rate of one and one-half  
12 percent. The depreciated building and equipment plus land valued at  
13 ten percent of the gross unadjusted building value before  
14 depreciation must then be multiplied by the rental rate at seven and  
15 one-half percent to yield an allowable fair rental value for the  
16 land, building, and equipment.

17 (b) The fair rental value determined in (a) of this subsection  
18 must be divided by the greater of the actual total facility census  
19 from the prior full calendar year or imputed census based on the  
20 number of licensed beds at ninety percent occupancy.

21 (c) For the rate year beginning July 1, 2016, all facilities must  
22 be reimbursed using four hundred square feet. For the rate year  
23 beginning July 1, 2017, allowable nursing facility square footage  
24 must be determined using the total nursing facility square footage as  
25 reported on the medicaid cost reports submitted to the department in  
26 compliance with this chapter. The maximum allowable square feet per  
27 bed may not exceed four hundred fifty.

28 (d) Each facility must be paid at eighty-three percent or greater  
29 of the median nursing facility RSMeans construction index value per  
30 square foot. The department may use updated RSMeans construction  
31 index information when more recent square footage data becomes  
32 available. The statewide value per square foot must be indexed based  
33 on facility zip code by multiplying the statewide value per square  
34 foot times the appropriate zip code based index. For the purpose of  
35 implementing this section, the value per square foot effective July  
36 1, 2016, must be set so that the weighted average fair rental value  
37 rate is not less than ten dollars and eighty cents per patient day.  
38 The capital component rate allocations calculated in accordance with  
39 this section must be adjusted to the extent necessary to comply with  
40 RCW 74.46.421.

1 (e) The average age is the actual facility age reduced for  
2 significant renovations. Significant renovations are defined as those  
3 renovations that exceed two thousand dollars per bed in a calendar  
4 year as reported on the annual cost report submitted in accordance  
5 with this chapter. For the rate beginning July 1, 2016, the  
6 department shall use renovation data back to 1994 as submitted on  
7 facility cost reports. Beginning July 1, 2016, facility ages must be  
8 reduced in future years if the value of the renovation completed in  
9 any year exceeds two thousand dollars times the number of licensed  
10 beds. The cost of the renovation must be divided by the accumulated  
11 depreciation per bed in the year of the renovation to determine the  
12 equivalent number of new replacement beds. The new age for the  
13 facility is a weighted average with the replacement bed equivalents  
14 reflecting an age of zero and the existing licensed beds, minus the  
15 new bed equivalents, reflecting their age in the year of the  
16 renovation. At no time may the depreciated age be less than zero or  
17 greater than forty-four years.

18 (f) A nursing facility's capital component rate allocation must  
19 be rebased annually, effective July 1, 2016, in accordance with this  
20 section and this chapter.

21 (g) For the purposes of this subsection (5), "RSMeans" means  
22 building construction costs data as published by Gordian.

23 (6) A quality incentive must be offered as a rate enhancement  
24 beginning July 1, 2016.

25 (a) An enhancement no larger than five percent and no less than  
26 one percent of the statewide average daily rate must be paid to  
27 facilities that meet or exceed the standard established for the  
28 quality incentive. All providers must have the opportunity to earn  
29 the full quality incentive payment.

30 (b) The quality incentive component must be determined by  
31 calculating an overall facility quality score composed of four to six  
32 quality measures. For fiscal year 2017 there shall be four quality  
33 measures, and for fiscal year 2018 there shall be six quality  
34 measures. Initially, the quality incentive component must be based on  
35 minimum data set quality measures for the percentage of long-stay  
36 residents who self-report moderate to severe pain, the percentage of  
37 high-risk long-stay residents with pressure ulcers, the percentage of  
38 long-stay residents experiencing one or more falls with major injury,  
39 and the percentage of long-stay residents with a urinary tract  
40 infection. Quality measures must be reviewed on an annual basis by a

1 stakeholder work group established by the department. Upon review,  
2 quality measures may be added or changed. The department may risk  
3 adjust individual quality measures as it deems appropriate.

4 (c) The facility quality score must be point based, using at a  
5 minimum the facility's most recent available three-quarter average  
6 centers for medicare and medicaid services quality data. Point  
7 thresholds for each quality measure must be established using the  
8 corresponding statistical values for the quality measure point  
9 determinants of eighty quality measure points, sixty quality measure  
10 points, forty quality measure points, and twenty quality measure  
11 points, identified in the most recent available five-star quality  
12 rating system technical user's guide published by the centers for  
13 medicare and medicaid services.

14 (d) Facilities meeting or exceeding the highest performance  
15 threshold (top level) for a quality measure receive twenty-five  
16 points. Facilities meeting the second highest performance threshold  
17 receive twenty points. Facilities meeting the third level of  
18 performance threshold receive fifteen points. Facilities in the  
19 bottom performance threshold level receive no points. Points from all  
20 quality measures must then be summed into a single aggregate quality  
21 score for each facility.

22 (e) Facilities receiving an aggregate quality score of eighty  
23 percent of the overall available total score or higher must be placed  
24 in the highest tier (tier V), facilities receiving an aggregate score  
25 of between seventy and seventy-nine percent of the overall available  
26 total score must be placed in the second highest tier (tier IV),  
27 facilities receiving an aggregate score of between sixty and sixty-  
28 nine percent of the overall available total score must be placed in  
29 the third highest tier (tier III), facilities receiving an aggregate  
30 score of between fifty and fifty-nine percent of the overall  
31 available total score must be placed in the fourth highest tier (tier  
32 II), and facilities receiving less than fifty percent of the overall  
33 available total score must be placed in the lowest tier (tier I).

34 (f) The tier system must be used to determine the amount of each  
35 facility's per patient day quality incentive component. The per  
36 patient day quality incentive component for tier IV is seventy-five  
37 percent of the per patient day quality incentive component for tier  
38 V, the per patient day quality incentive component for tier III is  
39 fifty percent of the per patient day quality incentive component for  
40 tier V, and the per patient day quality incentive component for tier

1 II is twenty-five percent of the per patient day quality incentive  
2 component for tier V. Facilities in tier I receive no quality  
3 incentive component.

4 (g) Tier system payments must be set in a manner that ensures  
5 that the entire biennial appropriation for the quality incentive  
6 program is allocated.

7 (h) Facilities with insufficient three-quarter average centers  
8 for medicare and medicaid services quality data must be assigned to  
9 the tier corresponding to their five-star quality rating. Facilities  
10 with a five-star quality rating must be assigned to the highest tier  
11 (tier V) and facilities with a one-star quality rating must be  
12 assigned to the lowest tier (tier I). The use of a facility's five-  
13 star quality rating shall only occur in the case of insufficient  
14 centers for medicare and medicaid services minimum data set  
15 information.

16 (i) The quality incentive rates must be adjusted semiannually on  
17 July 1 and January 1 of each year using, at a minimum, the most  
18 recent available three-quarter average centers for medicare and  
19 medicaid services quality data.

20 (j) Beginning July 1, 2017, the percentage of short-stay  
21 residents who newly received an antipsychotic medication must be  
22 added as a quality measure. The department must determine the quality  
23 incentive thresholds for this quality measure in a manner consistent  
24 with those outlined in (b) through (h) of this subsection using the  
25 centers for medicare and medicaid services quality data.

26 (k) Beginning July 1, 2017, the percentage of direct care staff  
27 turnover must be added as a quality measure using the centers for  
28 medicare and medicaid services' payroll-based journal and nursing  
29 home facility payroll data. Turnover is defined as an employee  
30 departure. The department must determine the quality incentive  
31 thresholds for this quality measure using data from the centers for  
32 medicare and medicaid services' payroll-based journal, unless such  
33 data is not available, in which case the department shall use direct  
34 care staffing turnover data from the most recent medicaid cost  
35 report.

36 (7) Reimbursement of the safety net assessment imposed by chapter  
37 74.48 RCW and paid in relation to medicaid residents must be  
38 continued.

39 (8) (a) The direct care and indirect care components must be  
40 rebased in even-numbered years, beginning with rates paid on July 1,

1 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar  
2 year cost report. On a percentage basis, after rebasing, the  
3 department must confirm that the statewide average daily rate has  
4 increased at least as much as the average rate of inflation, as  
5 determined by the skilled nursing facility market basket index  
6 published by the centers for medicare and medicaid services, or a  
7 comparable index. If after rebasing, the percentage increase to the  
8 statewide average daily rate is less than the average rate of  
9 inflation for the same time period, the department is authorized to  
10 increase rates by the difference between the percentage increase  
11 after rebasing and the average rate of inflation.

12 (b) It is the intention of the legislature that direct and  
13 indirect care rates paid in fiscal year 2022 will be rebased using  
14 the calendar year 2019 cost reports. For fiscal year 2021, in  
15 addition to the rates generated by (a) of this subsection, an  
16 additional adjustment is provided as established in this subsection  
17 (8)(b). Beginning May 1, 2020, and through June 30, 2021, the  
18 calendar year costs must be adjusted for inflation by a twenty-four  
19 month consumer price index, based on the most recently available  
20 monthly index for all urban consumers, as published by the bureau of  
21 labor statistics. It is also the intent of the legislature that,  
22 starting in fiscal year 2022, a facility-specific rate add-on equal  
23 to the inflation adjustment that facilities received solely in fiscal  
24 year 2021, must be added to the rate. For fiscal year 2024, the  
25 direct care and indirect care components shall be rebased to the 2021  
26 calendar year cost report plus a six percent adjustment for  
27 inflation. For fiscal year 2025, the direct and indirect care  
28 components shall be rebased to the 2022 calendar year cost report  
29 plus a five percent adjustment for inflation.

30 (c) To determine the necessity of regular inflationary  
31 adjustments to the nursing facility rates, by December 1, 2020, the  
32 department shall provide the appropriate policy and fiscal committees  
33 of the legislature with a report that provides a review of rates paid  
34 in 2017, 2018, and 2019 in comparison to costs incurred by nursing  
35 facilities.

36 (9) The direct care component provided in subsection (3) of this  
37 section is subject to the reconciliation and settlement process  
38 provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to  
39 rules established by the department, funds that are received through  
40 the reconciliation and settlement process provided in RCW

1 74.46.022(6) must be used for technical assistance, specialized  
2 training, or an increase to the quality enhancement established in  
3 subsection (6) of this section. The legislature intends to review the  
4 utility of maintaining the reconciliation and settlement process  
5 under a price-based payment methodology, and may discontinue the  
6 reconciliation and settlement process after the 2017-2019 fiscal  
7 biennium.

8 (10) Compared to the rate in effect June 30, 2016, including all  
9 cost components and rate add-ons, no facility may receive a rate  
10 reduction of more than one percent on July 1, 2016, more than two  
11 percent on July 1, 2017, or more than five percent on July 1, 2018.  
12 To ensure that the appropriation for nursing homes remains cost  
13 neutral, the department is authorized to cap the rate increase for  
14 facilities in fiscal years 2017, 2018, and 2019.

15 (11) It is the intent of the legislature that a rate add-on be  
16 applied to the weighted average nursing facility payment rate  
17 referenced in the omnibus operating appropriations act in an amount  
18 necessary to ensure that the weighted average nursing facility  
19 payment rate for fiscal year 2026 is equal to the weighted average  
20 nursing facility payment rate for fiscal year 2025.

21 **Sec. 938.** RCW 79.64.040 and 2021 c 334 s 994 are each amended to  
22 read as follows:

23 (1) The board shall determine the amount deemed necessary in  
24 order to achieve the purposes of this chapter and shall provide by  
25 rule for the deduction of this amount from the moneys received from  
26 all leases, sales, contracts, licenses, permits, easements, and  
27 rights-of-way issued by the department and affecting state lands and  
28 aquatic lands, except as provided in RCW 79.64.130, provided that no  
29 deduction shall be made from the proceeds from agricultural college  
30 lands.

31 (2) Moneys received as deposits from successful bidders, advance  
32 payments, and security under RCW 79.15.100, 79.15.080, and 79.11.150  
33 prior to December 1, 1981, which have not been subjected to deduction  
34 under this section are not subject to deduction under this section.

35 (3) Except as otherwise provided in subsection (5) of this  
36 section, the deductions authorized under this section shall not  
37 exceed twenty-five percent of the moneys received by the department  
38 in connection with any one transaction pertaining to state lands and  
39 aquatic lands other than second-class tide and shore lands and the

1 beds of navigable waters, and fifty percent of the moneys received by  
2 the department pertaining to second-class tide and shore lands and  
3 the beds of navigable waters.

4 (4) In the event that the department sells logs using the  
5 contract harvesting process described in RCW 79.15.500 through  
6 79.15.530, the moneys received subject to this section are the net  
7 proceeds from the contract harvesting sale.

8 (5) During the 2015-2017, 2017-2019, 2019-2021, ~~((and))~~  
9 2021-2023, and 2023-2025 fiscal biennia, the board may increase the  
10 twenty-five percent limitation up to thirty-two percent.

11 **Sec. 939.** RCW 79.64.110 and 2021 c 334 s 995 and 2021 c 145 s 3  
12 are each reenacted and amended to read as follows:

13 (1) Any moneys derived from the lease of state forestlands or  
14 from the sale of valuable materials, oils, gases, coal, minerals, or  
15 fossils from those lands, except as provided in RCW 79.64.130, or the  
16 appraised value of these resources when transferred to a public  
17 agency under RCW 79.22.060, except as provided in RCW 79.22.060(4),  
18 must be distributed as follows:

19 (a) For state forestlands acquired through RCW 79.22.040 or by  
20 exchange for lands acquired through RCW 79.22.040:

21 (i) The expense incurred by the state for administration,  
22 reforestation, and protection, not to exceed twenty-five percent,  
23 which rate of percentage shall be determined by the board, must be  
24 returned to the forest development account created in RCW 79.64.100.  
25 During the 2017-2019, 2019-2021, ~~((and))~~ 2021-2023, and 2023-2025  
26 fiscal biennia, the board may increase the twenty-five percent  
27 limitation up to twenty-seven percent.

28 (ii) Any balance remaining must be paid to the county in which  
29 the land is located or, for counties participating in a land pool  
30 created under RCW 79.22.140, to each participating county  
31 proportionate to its contribution of asset value to the land pool as  
32 determined by the board. Payments made under this subsection are to  
33 be paid, distributed, and prorated, except as otherwise provided in  
34 this section, to the various funds in the same manner as general  
35 taxes are paid and distributed during the year of payment. However,  
36 in order to test county flexibility in distributing state forestland  
37 revenue, a county may in its discretion pay, distribute, and prorate  
38 payments made under this subsection of moneys derived from state  
39 forestlands acquired by exchange between July 28, 2019, and June 30,

1 2020, for lands acquired through RCW 79.22.040, within the same  
2 county, in the same manner as general taxes are paid and distributed  
3 during the year of payment for the former state forestlands that were  
4 subject to the exchange.

5 (iii) Any balance remaining, paid to a county with a population  
6 of less than sixteen thousand, must first be applied to the reduction  
7 of any indebtedness existing in the current expense fund of the  
8 county during the year of payment.

9 (iv) With regard to moneys remaining under this subsection  
10 (1)(a), within seven working days of receipt of these moneys, the  
11 department shall certify to the state treasurer the amounts to be  
12 distributed to the counties. The state treasurer shall distribute  
13 funds to the counties four times per month, with no more than ten  
14 days between each payment date.

15 (b) For state forestlands acquired through RCW 79.22.010 or by  
16 exchange for lands acquired through RCW 79.22.010, except as provided  
17 in RCW 79.64.120:

18 (i) Fifty percent shall be placed in the forest development  
19 account.

20 (ii) Fifty percent shall be prorated and distributed to the state  
21 general fund, to be dedicated for the benefit of the public schools,  
22 to the county in which the land is located or, for counties  
23 participating in a land pool created under RCW 79.22.140, to each  
24 participating county proportionate to its contribution of asset value  
25 to the land pool as determined by the board, and according to the  
26 relative proportions of tax levies of all taxing districts in the  
27 county. The portion to be distributed to the state general fund shall  
28 be based on the regular school levy rate under RCW 84.52.065 (1) and  
29 (2) and the levy rate for any school district enrichment levies. With  
30 regard to the portion to be distributed to the counties, the  
31 department shall certify to the state treasurer the amounts to be  
32 distributed within seven working days of receipt of the money. The  
33 state treasurer shall distribute funds to the counties four times per  
34 month, with no more than ten days between each payment date. The  
35 money distributed to the county must be paid, distributed, and  
36 prorated to the various other funds in the same manner as general  
37 taxes are paid and distributed during the year of payment.

38 (2) A school district may transfer amounts deposited in its debt  
39 service fund pursuant to this section into its capital projects fund  
40 as authorized in RCW 28A.320.330.

1       **Sec. 940.** RCW 79A.25.210 and 2021 c 334 s 997 are each amended  
2 to read as follows:

3       The firearms range account is hereby created in the state general  
4 fund. Moneys in the account shall be subject to legislative  
5 appropriation and shall be used for purchase and development of land,  
6 construction or improvement of range facilities, including fixed  
7 structure construction or remodeling, equipment purchase, safety or  
8 environmental improvements, noise abatement, and liability protection  
9 for public and nonprofit firearm range training and practice  
10 facilities.

11       Grant funds shall not be used for expendable shooting supplies,  
12 or normal operating expenses. In making grants, the board shall give  
13 priority to projects for noise abatement or safety improvement. Grant  
14 funds shall not supplant funds for other organization programs.

15       The funds will be available to nonprofit shooting organizations,  
16 school districts, and state, county, or local governments on a match  
17 basis. All entities receiving matching funds must be open on a  
18 regular basis and usable by law enforcement personnel or the general

20 hunting licenses or who are enrolled in a firearm safety class.

21       Applicants for a grant from the firearms range account shall  
22 provide matching funds in either cash or in-kind contributions. The  
23 match must represent one dollar in value for each one dollar of the  
24 grant except that in the case of a grant for noise abatement or  
25 safety improvements the match must represent one dollar in value for  
26 each two dollars of the grant. In-kind contributions include but are  
27 not limited to labor, materials, and new property. Existing assets  
28 and existing development may not apply to the match.

29       Applicants other than school districts or local or state  
30 government must be registered as a nonprofit or not-for-profit  
31 organization with the Washington secretary of state. The  
32 organization's articles of incorporation must contain provisions for  
33 the organization's structure, officers, legal address, and registered  
34 agent.

35       Organizations requesting grants must provide the hours of range  
36 availability for public and law enforcement use. The fee structure  
37 will be submitted with the grant application.

38       Any nonprofit organization or agency accepting a grant under this  
39 program will be required to pay back the entire grant amount to the

1 firearms range account if the use of the range facility is  
2 discontinued less than ten years after the grant is accepted.

3 Entities receiving grants must make the facilities for which  
4 grant funding is received open for hunter safety education classes  
5 and firearm safety classes on a regular basis for no fee.

6 Government units or school districts applying for grants must  
7 open their range facility on a regular basis for hunter safety  
8 education classes and firearm safety classes.

9 The board shall adopt rules to implement chapter 195, Laws of

13 (concealed pistol licenses) and chapter 282, Laws of 2017 (SB 5268)  
14 (concealed pistol license notices). During the 2021-2023 and

3 (i) With respect to the final report of findings and alternatives  
4 submitted by the Washington state tax structure study committee to  
5 the legislature under section 138, chapter 7, Laws of 2001 2nd sp.  
6 sess.:

7 (A) Update the data and research that informed the  
8 recommendations and other analysis contained in the final report;

9 (B) Estimate how much revenue all the revenue replacement  
10 alternatives recommended in the final report would have generated for  
11 the 2017-2019 fiscal biennium if the state had implemented the  
12 alternatives on January 1, 2003;

13 (C) Estimate the tax rates necessary to implement all recommended  
14 revenue replacement alternatives in order to achieve the revenues  
15 generated during the 2017-2019 fiscal biennium as reported by the  
16 economic and revenue forecast council;

17 (D) Estimate the impact on taxpayers, including tax paid as a  
18 share of household income for various income levels, and tax paid as  
19 a share of total business revenue for various business activities,  
20 for (f) (i) (B) and (C) of this subsection; and

21 (E) Estimate how much revenue would have been generated in the  
22 2017-2019 fiscal biennium if the incremental revenue alternatives  
23 recommended in the final report would have been implemented on  
24 January 1, 2003, excluding any recommendations implemented before May  
25 21, 2019;

26 (ii) With respect to the recommendations in the final report of  
27 the 2018 tax structure work group:

28 (A) Conduct economic modeling or comparable analysis of replacing  
29 the business and occupation tax with an alternative, such as  
30 corporate income tax or margins tax, and estimate the impact on  
31 taxpayers, such as tax paid as a share of total business revenue for  
32 various business activities, assuming the same revenues generated by  
33 business and occupation taxes during the 2017-2019 fiscal biennium as  
34 reported by the economic and revenue forecast council; and

35 (B) Estimate how much revenue would have been generated for the  
36 2017-2019 fiscal biennium if the one percent revenue growth limit on  
37 regular property taxes was replaced with a limit based on population  
38 growth and inflation if the state had implemented this policy on  
39 January 1, 2003;

40 (iii) Analyze our economic competitiveness with border states:

1 (A) Estimate the revenues that would have been generated during  
2 the 2017-2019 fiscal biennium, had Washington adopted the tax  
3 structure of those states, assuming the economic tax base for the  
4 2017-2019 fiscal biennium as reported by the economic and revenue  
5 forecast council; and

6 (B) Estimate the impact on taxpayers, including tax paid as a  
7 share of household income for various income levels, and tax paid as  
8 a share of total business revenue for various business activities for  
9 (f)(iii)(A) of this subsection;

10 (iv) Analyze our economic competitiveness in the context of a  
11 national and global economy, provide comparisons of the effective  
12 state and local tax rate of the tax structure during the 2017-2019  
13 fiscal biennium and various alternatives under consideration, as they  
14 compare to other states and the federal government, as well as  
15 consider implications of recent changes to federal tax law;

16 (v) Conduct, to the degree it is practicable, tax incidence  
17 analysis of the various alternatives under consideration to account  
18 for the impacts of tax shifting, such as business taxes passed along  
19 to consumers and property taxes passed along to renters;

20 (vi) Present findings and alternatives, to the degree it is  
21 practicable, by geographic area, in addition to statewide; and

22 (vii) Conduct other analysis as directed by the work group.

17 fund—state appropriations for fiscal year (~~2022~~) 2023 among  
18 programs and subprograms after approval by the director of the office  
19 of financial management. However, the department may not transfer  
20 state appropriations that are provided solely for a specified purpose  
21 except as expressly provided in (b) of this subsection.

22 (b) To the extent that transfers under (a) of this subsection are  
23 insufficient to fund actual expenditures in excess of fiscal year  
24 (~~2022~~) 2023 in response to the COVID-19 pandemic or caseload  
25 forecasts and utilization assumptions in the long-term care,  
26 developmental disabilities, and public assistance programs, the  
27 department may transfer state appropriations that are provided solely  
28 for a specified purpose. The department may not transfer funds, and  
29 the director of the office of financial management may not approve  
30 the transfer, unless the transfer is consistent with the objective of  
31 conserving, to the maximum extent possible, the expenditure of state  
32 funds. The director of the office of financial management shall  
33 notify the appropriate fiscal committees of the legislature in  
34 writing seven days prior to approving any allotment modifications or  
35 transfers under this subsection. The written notification shall  
36 include a narrative explanation and justification of the changes,  
37 along with expenditures and allotments by budget unit and  
38 appropriation, both before and after any allotment modifications or  
39 transfers.

1 (9) The department may not transfer appropriations for the  
2 developmental disabilities program to any other program or  
3 subprograms of the department of social and health services.

27 fiscal year 2023 and \$1,278,000 of the general fund—federal

32 (f) The department may authorize a one-time waiver of all or any  
33 portion of the licensing and processing fees required under RCW  
34 70.128.060 in any case in which the department determines that an  
35 adult family home is being relicensed because of exceptional  
36 circumstances, such as death or incapacity of a provider, and that to  
37 require the full payment of the licensing and processing fees would  
38 present a hardship to the applicant. In these situations the  
39 department is also granted the authority to waive the required

1 residential administrator training for a period of 120 days if  
2 necessary to ensure continuity of care during the relicensing  
3 process.

4 (g) Community residential cost reports that are submitted by or

18 assessment must identify and authorize personal care, nursing care,  
19 behavioral health stabilization, physical therapy, or other necessary  
20 services to meet the unique needs of each client. It is the  
21 expectation that, in most cases, staffing ratios in all community  
22 alternative placement options described in (h)(i) of this subsection  
23 will need to increase to meet the needs of clients leaving the state  
24 psychiatric hospitals. If specialized training is necessary to meet  
25 the needs of a client before he or she enters a community placement,  
26 then the person centered service plan must also identify and  
27 authorize this training.

28 (iii) When reviewing placement options, the department must  
29 consider the safety of other residents, as well as the safety of  
30 staff, in a facility. An initial evaluation of each placement,  
31 including any documented safety concerns, must occur within thirty  
32 days of a client leaving one of the state psychiatric hospitals and  
33 entering one of the community placement options described in (h)(i)  
34 of this subsection. At a minimum, the department must perform two  
35 additional evaluations of each placement during the first year that a

2 managers stationed at the state psychiatric hospitals. Discharge case

11 allowance pursuant to RCW 74.09.340.

12 (k) The department will work with the health care authority and  
13 Washington state's managed care organizations to establish  
14 recommendations for clients who live in the community to access the  
15 developmental disabilities administration's facility-based  
16 professionals to receive care covered under the state plan. If  
17 feasible, these recommendations should detail how to enable facility-  
18 based professionals to deliver services at mobile or brick-and-mortar  
19 clinical settings in the community. The department must submit its  
20 recommendations to the appropriate legislative committees no later  
21 than December 1, 2022.

4 child to remain in his or her family home. The department must  
5 provide the legislature with a respite utilization report in January

7 **Sec. 1210.** 2022 c 297 s 210 (uncodified) is amended to read as  
8 follows:

9 **FOR THE STATE HEALTH CARE AUTHORITY**

10 (1)(a) During the 2021-2023 fiscal biennium, the health care  
11 authority shall provide support and data as required by the office of  
12 the state actuary in providing the legislature with health care  
13 actuarial analysis, including providing any information in the  
14 possession of the health care authority or available to the health  
15 care authority through contracts with providers, plans, insurers,  
16 consultants, or any other entities contracting with the health care  
17 authority.

18 (b) Information technology projects or investments and proposed  
19 projects or investments impacting time capture, payroll and payment  
20 processes and systems, eligibility, case management, and  
21 authorization systems within the health care authority are subject to  
22 technical oversight by the office of the chief information officer.

23 (2) The health care authority shall not initiate any services  
24 that require expenditure of state general fund moneys unless  
25 expressly authorized in this act or other law. The health care  
26 authority may seek, receive, and spend, under RCW 43.79.260 through  
27 43.79.282, federal moneys not anticipated in this act as long as the  
28 federal funding does not require expenditure of state moneys for the  
29 program in excess of amounts anticipated in this act. If the health  
30 care authority receives unanticipated unrestricted federal moneys,  
31 those moneys shall be spent for services authorized in this act or in  
32 any other legislation providing appropriation authority, and an equal  
33 amount of appropriated state general fund moneys shall lapse. Upon  
34 the lapsing of any moneys under this subsection, the office of  
35 financial management shall notify the legislative fiscal committees.  
36 As used in this subsection, "unrestricted federal moneys" includes  
37 block grants and other funds that federal law does not require to be

1 spent on specifically defined projects or matched on a formula basis  
2 by state funds.

3 (3) (a) The health care authority, the health benefit exchange,  
4 the department of social and health services, the department of  
5 health, the department of corrections, and the department of  
6 children, youth, and families shall work together within existing  
7 resources to establish the health and human services enterprise  
8 coalition (the coalition). The coalition, led by the health care  
9 authority, must be a multi-organization collaborative that provides  
10 strategic direction and federal funding guidance for projects that  
11 have cross-organizational or enterprise impact, including information  
12 technology projects that affect organizations within the coalition.  
13 The office of the chief information officer shall maintain a  
14 statewide perspective when collaborating with the coalition to ensure  
15 that projects are planned for in a manner that ensures the efficient  
16 use of state resources, supports the adoption of a cohesive  
17 technology and data architecture, and maximizes federal financial  
18 participation. The work of the coalition and any project identified  
19 as a coalition project is subject to the conditions, limitations, and  
20 review provided in section 701 of this act.

21 (b) The health care authority must submit a report on November 1,  
22 2021, and annually thereafter, to the fiscal committees of the  
23 legislature. The report must include, at a minimum:

24 (i) A list of active coalition projects as of July 1st of the  
25 fiscal year. This must include all current and ongoing coalition  
26 projects, which coalition agencies are involved in these projects,  
27 and the funding being expended on each project, including in-kind  
28 funding. For each project, the report must include which federal  
29 requirements each coalition project is working to satisfy, and when  
30 each project is anticipated to satisfy those requirements; and

31 (ii) A list of coalition projects that are planned in the current  
32 and following fiscal year. This must include which coalition agencies  
33 are involved in these projects, including the anticipated in-kind  
34 funding by agency, and if a budget request will be submitted for  
35 funding. This must reflect all funding required by fiscal year and by  
36 fund source and include the budget outlook period.

37 (4) The appropriations to the health care authority in this act  
38 shall be expended for the programs and in the amounts specified in  
39 this act. However, after May 1, (~~2022~~) 2023, unless prohibited by  
40 this act, the authority may transfer general fund—state

1 appropriations for fiscal year 2022 among programs after approval by  
 2 the director of the office of financial management. The authority  
 3 must notify the fiscal committees of the legislature prior to  
 4 receiving approval from the director of the office of financial  
 5 management. To the extent that appropriations in sections 211 through  
 6 215 of this act are insufficient to fund actual expenditures in  
 7 excess of caseload forecast and utilization assumptions or for  
 8 expenses in response to the COVID-19 pandemic, the authority may  
 9 transfer general fund—state appropriations for fiscal year ((2022))  
 10 2023 that are provided solely for a specified purpose. The authority  
 11 may not transfer funds, including for expenses in response to the  
 12 COVID-19 pandemic in fiscal year ((2022)) 2023, and the director of  
 13 the office of financial management shall not approve the transfer,  
 14 unless the transfer is consistent with the objective of conserving,  
 15 to the maximum extent possible, the expenditure of state funds. The  
 16 director of the office of financial management shall notify the  
 17 appropriate fiscal committees of the legislature in writing seven  
 18 days prior to approving any allotment modifications or transfers  
 19 under this section. The written notification must include a narrative  
 20 explanation and justification of changes, along with expenditures and  
 21 allotments by budget unit and appropriation, both before and after  
 22 any allotment modifications and transfers.

13 The appropriations in this section are subject to the following  
14 conditions and limitations:

15 (1) The authority shall not accept or expend any federal funds  
16 received under a medicaid transformation waiver under healthier  
17 Washington except as described in subsections (2), (3), and (4) of  
18 this section until specifically approved and appropriated by the  
19 legislature. To ensure compliance with legislative directive budget  
20 requirements and terms and conditions of the waiver, the authority  
21 shall implement the waiver and reporting requirements with oversight  
22 from the office of financial management. The legislature finds that  
23 appropriate management of the innovation waiver requires better  
24 analytic capability, transparency, consistency, timeliness, accuracy,  
25 and lack of redundancy with other established measures and that the  
26 patient must be considered first and foremost in the implementation  
27 and execution of the demonstration waiver. In order to effectuate  
28 these goals, the authority shall: (a) Require the Dr. Robert Bree  
29 collaborative and the health technology assessment program to reduce  
30 the administrative burden upon providers by only requiring  
31 performance measures that are nonduplicative of other nationally  
32 established measures. The joint select committee on health care  
33 oversight will evaluate the measures chosen by the collaborative and  
34 the health technology assessment program for effectiveness and  
35 appropriateness; (b) develop a patient satisfaction survey with the  
36 goal to gather information about whether it was beneficial for the  
37 patient to use the center of excellence location in exchange for  
38 additional out-of-pocket savings; (c) ensure patients and health care  
39 providers have significant input into the implementation of the

1 demonstration waiver, in order to ensure improved patient health  
2 outcomes; and (d) in cooperation with the department of social and  
3 health services, consult with and provide notification of work on  
4 applications for federal waivers, including details on waiver  
5 duration, financial implications, and potential future impacts on the  
6 state budget, to the joint select committee on health care oversight  
7 prior to submitting waivers for federal approval. The authority shall  
8 submit an application to the centers for medicaid and medicare  
9 services to extend the duration of the medicaid transformation waiver  
10 under healthier Washington as described in subsections (2), (3), and  
11 (4) of this section by one year. If not extended, by federal  
12 standard, the medicaid transformation demonstration waiver shall not  
13 exceed the duration originally granted by the centers for medicare  
14 and medicaid services and any programs created or funded by this  
15 waiver do not create an entitlement. The demonstration period for the  
16 waiver as described in subsections (2), (3), and (4) of this section  
17 concludes (~~December 31, 2022~~) June 30, 2023.

18 (2) (a) No more than (~~(\$78,409,000)~~) \$93,107,000 of the general  
19 fund—federal appropriation and no more than (~~(\$66,264,000)~~)  
20 \$88,826,000 of the general fund—local appropriation may be expended  
21 for transformation through accountable communities of health  
22 described in initiative 1 of the medicaid transformation  
23 demonstration wavier under healthier Washington, including preventing  
24 youth drug use, opioid prevention and treatment, and physical and  
25 behavioral health integration. Under this initiative, the authority  
26 shall take into account local input regarding community needs. In  
27 order to ensure transparency to the appropriate fiscal committees of  
28 the legislature, the authority shall provide fiscal staff of the  
29 legislature query ability into any database of the fiscal  
30 intermediary that authority staff would be authorized to access. The  
31 authority shall not increase general fund—state expenditures under  
32 this initiative. The director shall also report to the fiscal  
33 committees of the legislature all of the expenditures under this  
34 subsection and shall provide such fiscal data in the time, manner,  
35 and form requested by the legislative fiscal committees.

36 (b) No more than (~~(\$198,909,000)~~) \$315,678,000 of the general  
37 fund—federal appropriation and no more than (~~(\$81,245,000)~~)  
38 \$128,939,000 of the general fund—private/local appropriation may be  
39 expended for the medicaid quality improvement program. Under federal

1 regulations, the medicaid quality improvement program is authorized  
2 and allows states to design quality improvement programs for the  
3 medicaid population in ways that support the state's quality goals.  
4 Medicaid quality improvement program payments will not count against  
5 the medicaid transformation demonstration waiver spending limits and  
6 are excluded from the waiver's budget neutrality calculation. Apple  
7 health managed care organizations and their partnering providers will  
8 receive medicaid quality improvement program payments as they meet  
9 designated milestones. Partnering providers and apple health managed  
10 care organizations will work together to achieve medicaid quality  
11 improvement program goals according to the performance period  
12 timelines and reporting deadlines as set forth by the authority. The  
13 authority shall only utilize the medicaid quality improvement program  
14 to support the transformation waiver and shall not pursue its use for  
15 other purposes. Any programs created or funded by the medicaid  
16 quality improvement program does not create an entitlement. The  
17 authority shall not increase general fund—state, federal, or private/  
18 local expenditures under this program. The director shall report to  
19 the joint select committee on health care oversight not less than  
20 quarterly on financial and health outcomes. The director shall report  
21 to the fiscal committees of the legislature all of the expenditures  
22 under this subsection and shall provide such fiscal data in the time,  
23 manner, and form requested by the legislative fiscal committees.

24 (3) No more than (~~(\$26,837,000)~~) \$46,739,000 of the general fund—  
25 federal appropriation and (~~(\$26,839,000)~~) \$46,742,000 of the general  
26 fund—local appropriation may be expended for tailored support for  
27 older adults and medicaid alternative care described in initiative 2  
28 of the medicaid transformation demonstration waiver under healthier  
29 Washington as well as administrative expenses for initiative 3. The  
30 authority shall contract and provide funding to the department of  
31 social and health services to administer initiative 2. The director  
32 in cooperation with the secretary of the department of social and  
33 health services shall report to the office of financial management  
34 all of the expenditures of this section and shall provide such fiscal  
35 data in the time, manner, and form requested. The authority shall not  
36 increase general fund—state expenditures on this initiative.

37 (4) No more than (~~(\$28,680,000)~~) \$41,915,000 of the general fund—  
38 federal appropriation and no more than (~~(\$12,992,000)~~) \$20,310,000 of  
39 the general fund—local appropriation may be expended for supported

1 housing and employment services described in initiative 3a and 3b of  
2 the medicaid transformation demonstration waiver under healthier  
3 Washington. Under this initiative, the authority and the department  
4 of social and health services shall ensure that allowable and  
5 necessary services are provided to eligible clients as identified by  
6 the department or its third party administrator. The authority shall  
7 not increase general fund—state expenditures under this initiative.  
8 The director shall report to the joint select committee on health  
9 care oversight no less than quarterly on financial and health  
10 outcomes. The director shall also report to the fiscal committees of  
11 the legislature all of the expenditures of this subsection and shall  
12 provide such fiscal data in the time, manner, and form requested by  
13 the legislative fiscal committees.

14 (5) The authority shall submit an application to the centers for  
15 medicare and medicaid services to renew the 1115 demonstration waiver  
16 for an additional five years as described in subsections (2), (3),  
17 and (4) of this section. The authority may not accept or expend any  
18 federal funds received under an 1115 demonstration waiver except as  
19 described in this section unless the legislature has appropriated the  
20 federal funding. To ensure compliance with legislative requirements  
21 and terms and conditions of the waiver, the authority shall implement  
22 the renewal of the 1115 demonstration waiver and reporting  
23 requirements with oversight from the office of financial management.  
24 The legislature finds that appropriate management of the renewal of  
25 the 1115 demonstration waiver (~~(as set forth in subsections (6), (7),~~  
26 ~~and (8) of this section)) requires sound, consistent, timely, and  
27 transparent oversight and analytic review in addition to lack of  
28 redundancy with other established measures. The patient must be  
29 considered first and foremost in the implementation and execution of  
30 the demonstration waiver. To accomplish these goals, the authority  
31 shall develop consistent performance measures that focus on  
32 population health and health outcomes. The authority shall limit the  
33 number of projects that accountable communities of health may  
34 participate in under initiative 1 to a maximum of six and shall seek  
35 to develop common performance measures when possible. The joint  
36 select committee on health care oversight will evaluate the measures  
37 chosen: (a) For effectiveness and appropriateness; and (b) to provide  
38 patients and health care providers with significant input into the  
39 implementation of the demonstration waiver to promote improved  
40 population health and patient health outcomes. In cooperation with~~

1 the department of social and health services, the authority shall  
2 consult with and provide notification of work on applications for  
3 federal waivers, including details on waiver duration, financial  
4 implications, and potential future impacts on the state budget to the  
5 joint select committee on health care oversight prior to submitting  
6 these waivers for federal approval. Prior to final approval or  
7 acceptance of funds by the authority, the authority shall submit the  
8 special terms and conditions as submitted to the centers for medicare  
9 and medicaid services and the anticipated budget for the duration of  
10 the renewed waiver to the governor, the joint select committee on  
11 health care, and the fiscal committees of the legislature. By federal  
12 standard any programs created or funded by this waiver do not create  
13 an entitlement. The demonstration period for the waiver (~~as~~  
14 ~~described in subsections (6), (7), and (8) of this section~~) renewal  
15 begins ((January)) July 1, 2023.

16 (6) (~~((a) \$32,432,000 of the general fund federal appropriation~~  
17 ~~and \$40,296,000 of the general fund local appropriation are provided~~  
18 ~~solely for accountable communities of health described in initiative~~  
19 ~~1 of the 1115 demonstration waiver and this is the maximum amount~~  
20 ~~that may be expended for this purpose. In renewing this initiative,~~  
21 ~~the authority shall consider local input regarding community needs~~  
22 ~~and shall limit total local projects to no more than six. To provide~~  
23 ~~transparency to the appropriate fiscal committees of the legislature,~~  
24 ~~the authority shall provide fiscal staff of the legislature query~~  
25 ~~ability into any database of the fiscal intermediary that authority~~  
26 ~~staff would be authorized to access. The authority shall not~~  
27 ~~supplement the amounts provided in this subsection with any general~~  
28 ~~fund state moneys appropriated in this section or any moneys that may~~  
29 ~~be transferred pursuant to subsection (1) of this section. The~~  
30 ~~director shall report to the fiscal committees of the legislature all~~  
31 ~~expenditures under this subsection and provide such fiscal data in~~  
32 ~~the time, manner, and form requested by the legislative fiscal~~  
33 ~~committees.~~

34 (b) ~~\$110,778,000 of the general fund federal appropriation and~~  
35 ~~\$45,248,000 of the general fund private/local appropriation are~~  
36 ~~provided solely for the medicaid quality improvement program and this~~  
37 ~~is the maximum amount that may be expended for this purpose. Medicaid~~  
38 ~~quality improvement program payments do not count against the 1115~~  
39 ~~demonstration waiver spending limits and are excluded from the~~

1 waiver's budget neutrality calculation. The authority may provide  
2 medicaid quality improvement program payments to apple health managed  
3 care organizations and their partnering providers as they meet  
4 designated milestones. Partnering providers and apple health managed  
5 care organizations must work together to achieve medicaid quality  
6 improvement program goals according to the performance period  
7 timelines and reporting deadlines as set forth by the authority. The  
8 authority may only use the medicaid quality improvement program to  
9 support initiatives 1, 2, and 3 as described in the 1115  
10 demonstration waiver and may not pursue its use for other purposes.  
11 Any programs created or funded by the medicaid quality improvement  
12 program do not constitute an entitlement for clients or providers.  
13 The authority shall not supplement the amounts provided in this  
14 subsection with any general fund state, general fund federal, or  
15 general fund local moneys appropriated in this section or any moneys  
16 that may be transferred pursuant to subsection (1) of this section.  
17 The director shall report to the joint select committee on health  
18 care oversight not less than quarterly on financial and health  
19 outcomes. The director shall report to the fiscal committees of the  
20 legislature all expenditures under this subsection and shall provide  
21 such fiscal data in the time, manner, and form requested by the  
22 legislative fiscal committees.

23 (c) In collaboration with the accountable communities of health,  
24 the authority will submit a report to the governor and the joint  
25 select committee on health care oversight describing how each of the  
26 accountable community of health's work aligns with the community  
27 needs assessment no later than December 1, 2022.

28 (d) Performance measures and payments for accountable communities  
29 of health shall reflect accountability measures that demonstrate  
30 progress toward transparent, measurable, and meaningful goals that  
31 have an impact on improved population health and improved health  
32 outcomes, including a path to financial sustainability. While these  
33 goals may have variation to account for unique community  
34 demographics, measures should be standardized when possible.

35 (7) \$19,902,000 of the general fund federal appropriation and  
36 \$19,903,000 of the general fund local appropriation are provided  
37 solely for long-term support services as described in initiative 2 of  
38 the 1115 demonstration waiver as well as administrative expenses for  
39 initiative 3 and this is the maximum amount that may be expended for

1 ~~this purpose. The authority shall contract with and provide funding~~  
2 ~~to the department of social and health services to administer~~  
3 ~~initiative 2. The director in cooperation with the secretary of the~~  
4 ~~department of social and health services shall report to the office~~  
5 ~~of financial management all of the expenditures of this section and~~  
6 ~~shall provide such fiscal data in the time, manner, and form~~  
7 ~~requested. The authority shall not supplement the amounts provided in~~  
8 ~~this subsection with any general fund state moneys appropriated in~~  
9 ~~this section or any moneys that may be transferred pursuant to~~  
10 ~~subsection (1) of this section.~~

11 ~~(8) (a) \$13,235,000 of the general fund federal appropriation and~~  
12 ~~\$7,318,000 of the general fund local appropriation are provided~~  
13 ~~solely for supported housing and employment services described in~~  
14 ~~initiative 3a and 3b of the 1115 demonstration waiver and this is the~~  
15 ~~maximum amount that may be expended for this purpose. Under this~~  
16 ~~initiative, the authority and the department of social and health~~  
17 ~~services shall ensure that allowable and necessary services are~~  
18 ~~provided to eligible clients as identified by the department or its~~  
19 ~~third-party administrator. The authority and the department, in~~  
20 ~~consultation with the medicaid forecast work group, shall ensure that~~  
21 ~~reasonable reimbursements are established for services deemed~~  
22 ~~necessary within an identified limit per individual. The authority~~  
23 ~~shall not supplement the amounts provided in this subsection with any~~  
24 ~~general fund state moneys appropriated in this section or any moneys~~  
25 ~~that may be transferred pursuant to subsection (1) of this section.~~  
26 ~~The director shall report to the joint select committee on health~~  
27 ~~care oversight no less than quarterly on financial and health~~  
28 ~~outcomes. The director shall also report to the fiscal committees of~~  
29 ~~the legislature all of the expenditures of this subsection and shall~~  
30 ~~provide such fiscal data in the time, manner, and form requested by~~  
31 ~~the legislative fiscal committees.~~

32 ~~(b) The authority and the department shall seek additional~~  
33 ~~flexibilities for housing supports through the centers for medicare~~  
34 ~~and medicaid services and shall coordinate with the office of~~  
35 ~~financial management and the department of commerce to ensure that~~  
36 ~~services are not duplicated.~~

37 ~~(c) The director shall report to the joint select committee on~~  
38 ~~health care oversight no less than quarterly on utilization and~~  
39 ~~caseload statistics for both supportive housing and employment~~

1 ~~services and its progress toward increasing uptake and availability~~  
2 ~~for these services.~~

3 ~~(9))~~ \$202,000 of the general fund—state appropriation for fiscal  
4 year 2023 is provided solely for supported employment services and  
5 \$208,000 of the general fund—state appropriation for fiscal year 2023  
6 is provided solely for supported housing services, similar to the  
7 services described in initiatives 3a and 3b of the 1115 demonstration  
8 waiver to individuals who are ineligible for medicaid. Under these  
9 initiatives, the authority and the department of social and health  
10 services shall ensure that allowable and necessary services are  
11 provided to eligible clients as identified by the authority or its  
12 third-party administrator. Before authorizing services, eligibility  
13 for initiative 3a or 3b of the 1115 demonstration waiver must first  
14 be determined.

15 ~~((10))~~ (7) The authority shall submit a plan to preserve the  
16 waiver that allows for the full cost of stays in institutions for  
17 mental diseases to be included in managed care rates by November 1,  
18 2021, to the appropriate committees of the legislature.

19 ~~((11))~~ (8) The authority shall submit a plan to preserve the  
20 waiver allowing for full federal financial participation for medical  
21 clients in mental health facilities classified as institutions for  
22 mental diseases by November 1, 2021, to the appropriate committees of  
23 the legislature.

24 ~~((12))~~ (9) Sufficient amounts are appropriated in this  
25 subsection to implement the medicaid expansion as defined in the  
26 social security act, section 1902(a)(10)(A)(i)(VIII).

27 ~~((13))~~ (10) The legislature finds that medicaid payment rates,  
28 as calculated by the health care authority pursuant to the  
29 appropriations in this act, bear a reasonable relationship to the  
30 costs incurred by efficiently and economically operated facilities  
31 for providing quality services and will be sufficient to enlist  
32 enough providers so that care and services are available to the  
33 extent that such care and services are available to the general  
34 population in the geographic area. The legislature finds that the  
35 cost reports, payment data from the federal government, historical  
36 utilization, economic data, and clinical input constitute reliable  
37 data upon which to determine the payment rates.

38 ~~((14))~~ (11) Based on quarterly expenditure reports and caseload  
39 forecasts, if the health care authority estimates that expenditures  
40 for the medical assistance program will exceed the appropriations,

1 the health care authority shall take steps including but not limited  
2 to reduction of rates or elimination of optional services to reduce  
3 expenditures so that total program costs do not exceed the annual  
4 appropriation authority.

5 ~~((15))~~ (12) In determining financial eligibility for medicaid-  
6 funded services, the health care authority is authorized to disregard  
7 recoveries by Holocaust survivors of insurance proceeds or other  
8 assets, as defined in RCW 48.104.030.

9 ~~((16))~~ (13) The legislature affirms that it is in the state's  
10 interest for Harborview medical center to remain an economically  
11 viable component of the state's health care system.

12 ~~((17))~~ (14) When a person is ineligible for medicaid solely by  
13 reason of residence in an institution for mental diseases, the health  
14 care authority shall provide the person with the same benefits as he  
15 or she would receive if eligible for medicaid, using state-only funds  
16 to the extent necessary.

17 ~~((18))~~ (15) \$3,733,000 of the general fund—state appropriation  
18 for fiscal year 2022, ~~((\$4,261,000))~~ \$3,785,000 of the general fund—  
19 state appropriation for fiscal year 2023, and ~~((\$9,050,000))~~  
20 \$9,553,000 of the general fund—federal appropriation are provided  
21 solely for low-income disproportionate share hospital payments.

22 ~~((19))~~ (16) Within the amounts appropriated in this section,  
23 the health care authority shall provide disproportionate share  
24 hospital payments to hospitals that provide services to children in  
25 the children's health program who are not eligible for services under  
26 Title XIX or XXI of the federal social security act due to their  
27 citizenship status.

28 ~~((20))~~ (17) \$7,000,000 of the general fund—federal  
29 appropriation is provided solely for supplemental payments to nursing  
30 homes operated by public hospital districts. The public hospital  
31 district shall be responsible for providing the required nonfederal  
32 match for the supplemental payment, and the payments shall not exceed  
33 the maximum allowable under federal rules. It is the legislature's  
34 intent that the payments shall be supplemental to and shall not in  
35 any way offset or reduce the payments calculated and provided in  
36 accordance with part E of chapter 74.46 RCW. It is the legislature's  
37 further intent that costs otherwise allowable for rate-setting and  
38 settlement against payments under chapter 74.46 RCW shall not be  
39 disallowed solely because such costs have been paid by revenues

1 retained by the nursing home from these supplemental payments. The  
2 supplemental payments are subject to retrospective interim and final  
3 cost settlements based on the nursing homes' as-filed and final  
4 medicare cost reports. The timing of the interim and final cost  
5 settlements shall be at the health care authority's discretion.  
6 During either the interim cost settlement or the final cost  
7 settlement, the health care authority shall recoup from the public  
8 hospital districts the supplemental payments that exceed the medicaid  
9 cost limit and/or the medicare upper payment limit. The health care  
10 authority shall apply federal rules for identifying the eligible  
11 incurred medicaid costs and the medicare upper payment limit.

12 ~~((21))~~ (18) The health care authority shall continue the  
13 inpatient hospital certified public expenditures program for the  
14 2021-2023 fiscal biennium. The program shall apply to all public  
15 hospitals, including those owned or operated by the state, except  
16 those classified as critical access hospitals or state psychiatric  
17 institutions. The health care authority shall submit reports to the  
18 governor and legislature by November 1, 2021, and by November 1,  
19 2022, that evaluate whether savings continue to exceed costs for this  
20 program. If the certified public expenditures (CPE) program in its  
21 current form is no longer cost-effective to maintain, the health care  
22 authority shall submit a report to the governor and legislature  
23 detailing cost-effective alternative uses of local, state, and  
24 federal resources as a replacement for this program. During fiscal  
25 year 2022 and fiscal year 2023, hospitals in the program shall be  
26 paid and shall retain one hundred percent of the federal portion of  
27 the allowable hospital cost for each medicaid inpatient fee-for-  
28 service claim payable by medical assistance and one hundred percent  
29 of the federal portion of the maximum disproportionate share hospital  
30 payment allowable under federal regulations. For the purpose of  
31 determining the amount of any state grant under this subsection,  
32 payments will include the federal portion of medicaid program  
33 supplemental payments received by the hospitals. Inpatient medicaid  
34 payments shall be established using an allowable methodology that  
35 approximates the cost of claims submitted by the hospitals. Payments  
36 made to each hospital in the program in each fiscal year of the  
37 biennium shall be compared to a baseline amount. The baseline amount  
38 will be determined by the total of (a) the inpatient claim payment  
39 amounts that would have been paid during the fiscal year had the  
40 hospital not been in the CPE program based on the reimbursement rates

1 developed, implemented, and consistent with policies approved in the  
2 2021-2023 biennial operating appropriations act and in effect on July  
3 1, 2015, (b) one-half of the indigent assistance disproportionate  
4 share hospital payment amounts paid to and retained by each hospital  
5 during fiscal year 2005, and (c) all of the other disproportionate  
6 share hospital payment amounts paid to and retained by each hospital  
7 during fiscal year 2005 to the extent the same disproportionate share  
8 hospital programs exist in the 2019-2021 fiscal biennium. If payments  
9 during the fiscal year exceed the hospital's baseline amount, no  
10 additional payments will be made to the hospital except the federal  
11 portion of allowable disproportionate share hospital payments for  
12 which the hospital can certify allowable match. If payments during  
13 the fiscal year are less than the baseline amount, the hospital will  
14 be paid a state grant equal to the difference between payments during  
15 the fiscal year and the applicable baseline amount. Payment of the  
16 state grant shall be made in the applicable fiscal year and  
17 distributed in monthly payments. The grants will be recalculated and  
18 redistributed as the baseline is updated during the fiscal year. The  
19 grant payments are subject to an interim settlement within eleven  
20 months after the end of the fiscal year. A final settlement shall be  
21 performed. To the extent that either settlement determines that a  
22 hospital has received funds in excess of what it would have received  
23 as described in this subsection, the hospital must repay the excess  
24 amounts to the state when requested. \$425,000 of the general fund—  
25 state appropriation for fiscal year 2022 and (~~(\$391,000)~~) \$273,000 of  
26 the general fund—state appropriation for fiscal year 2023 are  
27 provided solely for state grants for the participating hospitals.

28 (~~((+22))~~) (19) The health care authority shall seek public-private  
29 partnerships and federal funds that are or may become available to  
30 provide on-going support for outreach and education efforts under the  
31 federal children's health insurance program reauthorization act of  
32 2009.

33 (~~((+23))~~) (20) The health care authority shall target funding for  
34 maternity support services towards pregnant women with factors that  
35 lead to higher rates of poor birth outcomes, including hypertension,  
36 a preterm or low birth weight birth in the most recent previous  
37 birth, a cognitive deficit or developmental disability, substance  
38 abuse, severe mental illness, unhealthy weight or failure to gain  
39 weight, tobacco use, or African American or Native American race. The  
40 health care authority shall prioritize evidence-based practices for

1 delivery of maternity support services. To the extent practicable,  
2 the health care authority shall develop a mechanism to increase  
3 federal funding for maternity support services by leveraging local  
4 public funding for those services.

5 ~~((24))~~ (21) The authority shall submit reports to the governor  
6 and the legislature by September 15, 2021, and no later than  
7 September 15, 2022, that delineate the number of individuals in  
8 medicaid managed care, by carrier, age, gender, and eligibility  
9 category, receiving preventative services and vaccinations. The  
10 reports should include baseline and benchmark information from the  
11 previous two fiscal years and should be inclusive of, but not limited  
12 to, services recommended under the United States preventative  
13 services task force, advisory committee on immunization practices,  
14 early and periodic screening, diagnostic, and treatment (EPSDT)  
15 guidelines, and other relevant preventative and vaccination medicaid  
16 guidelines and requirements.

17 ~~((25))~~ (22) Managed care contracts must incorporate  
18 accountability measures that monitor patient health and improved  
19 health outcomes, and shall include an expectation that each patient  
20 receive a wellness examination that documents the baseline health  
21 status and allows for monitoring of health improvements and outcome  
22 measures.

23 ~~((26))~~ (23) Sufficient amounts are appropriated in this section  
24 for the authority to provide an adult dental benefit.

25 ~~((27))~~ (24) The health care authority shall coordinate with the  
26 department of social and health services to provide referrals to the  
27 Washington health benefit exchange for clients that will be  
28 ineligible for medicaid.

29 ~~((28))~~ (25) To facilitate a single point of entry across public  
30 and medical assistance programs, and to maximize the use of federal  
31 funding, the health care authority, the department of social and  
32 health services, and the health benefit exchange will coordinate  
33 efforts to expand HealthPlanfinder access to public assistance and  
34 medical eligibility staff. The health care authority shall complete  
35 medicaid applications in the HealthPlanfinder for households  
36 receiving or applying for medical assistance benefits.

37 ~~((29))~~ (26) \$90,000 of the general fund—state appropriation for  
38 fiscal year 2022, \$90,000 of the general fund—state appropriation for  
39 fiscal year 2023, and \$180,000 of the general fund—federal

1 appropriation are provided solely to continue operation by a  
2 nonprofit organization of a toll-free hotline that assists families  
3 to learn about and enroll in the apple health for kids program. By  
4 November 15, 2022, the authority shall submit a report to the  
5 appropriate committees to the legislature that provides, at a  
6 minimum, information about the number of calls received by the  
7 nonprofit organization in the previous year, the amount of time spent  
8 on each call, comparisons to previous years, where available, and  
9 information about what data is collected related to this service.

10 ~~((30))~~ (27) Within the amounts appropriated in this section,  
11 the authority shall reimburse for primary care services provided by  
12 naturopathic physicians.

13 ~~((31))~~ (28) Within the amounts appropriated in this section,  
14 the authority shall continue to provide coverage for pregnant teens  
15 that qualify under existing pregnancy medical programs, but whose  
16 eligibility for pregnancy related services would otherwise end due to  
17 the application of the new modified adjusted gross income eligibility  
18 standard.

19 ~~((32))~~ (29) Sufficient amounts are appropriated in this section  
20 to remove the mental health visit limit and to provide the shingles  
21 vaccine and screening, brief intervention, and referral to treatment  
22 benefits that are available in the medicaid alternative benefit plan  
23 in the classic medicaid benefit plan.

24 ~~((33))~~ (30) The authority shall use revenue appropriated from  
25 the dedicated ~~((marijuana fund))~~ cannabis account for contracts with  
26 community health centers under RCW 69.50.540 in lieu of general fund—  
27 state payments to community health centers for services provided to  
28 medical assistance clients, and it is the intent of the legislature  
29 that this policy will be continued in subsequent fiscal biennia.

30 ~~((34))~~ (31) Beginning no later than January 1, 2018, for any  
31 service eligible under the medicaid state plan for encounter  
32 payments, managed care organizations at the request of a rural health  
33 clinic shall pay the full published encounter rate directly to the  
34 clinic. At no time will a managed care organization be at risk for or  
35 have any right to the supplemental portion of the claim. Payments  
36 will be reconciled on at least an annual basis between the managed  
37 care organization and the authority, with final review and approval  
38 by the authority.

1       (~~(35)~~) (32) Sufficient amounts are appropriated in this section  
2 for the authority to provide a medicaid equivalent adult dental  
3 benefit to clients enrolled in the medical care service program.

4       (~~(36)~~) (33) During the 2021-2023 fiscal biennium, sufficient  
5 amounts are provided in this section for the authority to provide  
6 services identical to those services covered by the Washington state  
7 family planning waiver program as of August 2018 to individuals who:

8       (a) Are over nineteen years of age;

9       (b) Are at or below two hundred and sixty percent of the federal  
10 poverty level as established in WAC 182-505-0100;

11       (c) Are not covered by other public or private insurance; and

12       (d) Need family planning services and are not currently covered  
13 by or eligible for another medical assistance program for family  
14 planning.

15       (~~(37)~~) (34) Sufficient amounts are appropriated within this  
16 section for the authority to incorporate the expected outcomes and  
17 criteria to measure the performance of service coordination  
18 organizations as provided in chapter 70.320 RCW into contracts with  
19 managed care organizations that provide services to clients. The  
20 authority is directed to:

21       (a) Contract with an external quality improvement organization to  
22 annually analyze the performance of managed care organizations  
23 providing services to clients under this chapter based on seven  
24 performance measures. The analysis required under this subsection  
25 must:

26       (i) Measure managed care performance in four common measures  
27 across each managed care organization, including:

28       (A) At least one common measure must be weighted towards having  
29 the potential to impact managed care costs; and

30       (B) At least one common measure must be weighted towards  
31 population health management, as defined by the measure; and

32       (ii) Measure managed care performance in an additional three  
33 quality focus performance measures specific to a managed care  
34 organization. Quality focus performance measures chosen by the  
35 authority must:

36       (A) Be chosen from the statewide common measure set;

37       (B) Reflect specific measures where a managed care organization  
38 has poor performance; and

39       (C) Be substantive and clinically meaningful in promoting health  
40 status.

1 (b) The authority shall set the four common measures to be  
2 analyzed across all managed care organizations.

3 (c) The authority shall set three quality focus performance  
4 measures specific to each managed care organization. The authority  
5 must determine performance measures for each managed care  
6 organization based on the criteria established in (a)(ii) of this  
7 subsection.

8 (d) By September 15, 2021, and annually thereafter, the authority  
9 shall notify each managed care organization of the performance  
10 measures for the organization for the subsequent plan year.

11 (e) Two percent of the total plan year funding appropriated to  
12 each managed care organization that provides services to clients  
13 under chapter 70.320 RCW shall be withheld. At least seventy-five  
14 percent of the withhold shall be held contingent on each managed care  
15 organization's performance on the seven performance measures  
16 identified in this section. Each managed care organization may earn  
17 back the annual withhold if the external quality improvement

11 term support administration for the general fund—state cost of  
12 exceptional behavioral health personal care services for medicaid  
13 enrolled individuals who require these because of a psychiatric  
14 disability. Funding for the federal share of these services is  
15 separately appropriated to the department of social and health  
16 services.

17 (c) The authority shall coordinate with the department of social  
18 and health services to develop and submit to the centers for medicare

20 (10) Behavioral health entities may use local funds to earn  
21 additional federal medicaid match, provided the locally matched rate  
22 does not exceed the upper-bound of their federally allowable rate  
23 range, and provided that the enhanced funding is used only to provide  
24 medicaid state plan or waiver services to medicaid clients.  
25 Additionally, behavioral health entities may use a portion of the  
26 state funds allocated in accordance with subsection (7) of this  
27 section to earn additional medicaid match, but only to the extent  
28 that the application of such funds to medicaid services does not  
29 diminish the level of crisis and commitment, community inpatient,  
30 residential care, and outpatient services presently available to  
31 persons not eligible for medicaid.

32 (11) \$2,291,000 of the general fund—state appropriation for

12 authority must monitor and ensure that behavioral health  
13 administrative service organization reserves do not exceed maximum  
14 levels. The authority must monitor revenue and expenditure reports  
15 and must require a behavioral health administrative service  
16 organization to submit a corrective action plan on how it will spend  
17 its excess reserves within a reasonable period of time, when its  
18 reported reserves exceed maximum levels established under the  
19 contract. The authority must review and approve such plans and  
20 monitor to ensure compliance. If the authority determines that a  
21 behavioral health administrative service organization has failed to  
22 provide an adequate excess reserve corrective action plan or is not  
23 complying with an approved plan, the authority must reduce payments  
24 to the entity in accordance with remedial actions provisions included  
25 in the contract. These reductions in payments must continue until the  
26 authority determines that the entity has come into substantial  
27 compliance with an approved excess reserve corrective action plan.

5 health entities must provide outpatient chemical dependency treatment  
6 for offenders enrolled in the medicaid program who are supervised by

9 that behavioral health entities include in their provider network  
10 specialized expertise in the provision of manualized, evidence-based  
11 chemical dependency treatment services for offenders. The department  
12 of corrections and the authority must develop a memorandum of  
13 understanding for department of corrections offenders on active  
14 supervision who are medicaid eligible and meet medical necessity for  
15 outpatient substance use disorder treatment. The agreement will

8 needed to address this; and the possibility of creating a specialized  
9 type of involuntary transportation provider. The authority must also  
10 modify the current unavailable detention facilities report to  
11 identify whether the reason a bed was not available was due to:  
12 Transportation issues; all beds being full at the facility; staffing  
13 shortages; inability of facilities with available beds to meet the  
14 behavioral needs of the patient; inability of facilities with

27 interactions with individuals who use drugs. The training must be  
28 developed so it can be adapted and used statewide to decrease  
29 stigmatizing beliefs among law enforcement through positive contact  
30 with people who use drugs and improve officer well-being and  
31 effectiveness by providing skills and techniques to address the drug  
32 overdose epidemic. The institute must develop and refine this  
33 training, leveraging prior work, and in partnership with a steering  
34 committee that includes people with lived or living experience of  
35 substance use disorder and criminal legal involvement, researchers,  
36 clinicians, law enforcement officers, and others. The training must  
37 complement, but not duplicate, existing curricula already provided by

2 this subsection, funding to implement alcohol and substance abuse  
3 treatment programs for locally committed offenders is provided  
4 through an interagency agreement with the health care authority.

5 (b) The department of children, youth, and families shall  
6 administer a block grant to county juvenile courts for the purpose of  
7 serving youth as defined in RCW 13.40.510(4)(a) in the county  
8 juvenile justice system. Funds dedicated to the block grant include:  
9 Consolidated juvenile service (CJS) funds, community juvenile  
10 accountability act (CJAA) grants, chemical dependency/mental health  
11 disposition alternative (CDDA), and suspended disposition alternative  
12 (SDA). The department of children, youth, and families shall follow  
13 the following formula and must prioritize evidence-based programs and  
14 disposition alternatives and take into account juvenile courts  
15 program-eligible youth in conjunction with the number of youth served  
16 in each approved evidence-based program or disposition alternative:  
17 (i) Thirty-seven and one-half percent for the at-risk population of  
18 youth ten to seventeen years old; (ii) fifteen percent for the  
19 assessment of low, moderate, and high-risk youth; (iii) twenty-five  
20 percent for evidence-based program participation; (iv) seventeen and  
21 one-half percent for minority populations; (v) three percent for the

38 grant funding formula, utilizing data-driven decision making and the  
39 most current available information. The committee will be co-chaired  
40 by the department of children, youth, and families and the juvenile

1 courts, who will also have the ability to change members of the  
2 committee as needed to achieve its purpose. The committee may make  
3 changes to the formula categories in (d)(ii) of this subsection if it  
4 determines the changes will increase statewide service delivery or  
5 effectiveness of evidence-based program or disposition alternative  
6 resulting in increased cost/benefit savings to the state, including  
7 long-term cost/benefit savings. The committee must also consider  
8 these outcomes in determining when evidence-based expansion or  
9 special sex offender disposition alternative funds should be included  
10 in the block grant or left separate.

11 (d) The juvenile courts and administrative office of the courts  
12 must collect and distribute information and provide access to the  
13 data systems to the department of children, youth, and families and

33 nongovernmental organizations that have a documented history of  
34 creating and administering effective criminal street gang prevention  
35 and intervention programs may apply for funding under this  
36 subsection. Each entity receiving funds must report to the department

39 the youth and the community.

22 13.40.511, shall work in collaboration with the Washington state

39 of the Naselle youth camp land and facilities to the department of

1 natural resources in the 2023-2025 fiscal biennium and develop the  
2 facilities into an outdoor school. The department must assist the  
3 department of natural resources and the office of the superintendent  
4 of public instruction with the proposal on the use of the Naselle  
5 youth camp for an outdoor school as needed pursuant to section 310 of  
6 this act.

29 The appropriations in this section are subject to the following  
30 conditions and limitations:

31 (1)(a) \$82,040,000 of the general fund—state appropriation for  
32 fiscal year 2022, \$132,776,000 of the general fund—state

38 These amounts shall support at least 15,162 slots in fiscal year 2022

1 and 16,278 slots in fiscal year 2023. Of the total slots in each  
2 fiscal year, 100 slots must be reserved for foster children to  
3 receive school-year-round enrollment.

4 (b) Of the amounts provided in this subsection, \$14,930,000 of  
5 the general fund—state appropriation for fiscal year 2023 and  
6 \$14,889,000 of the general fund—federal appropriation (CRRSA/GEER)  
7 are for a slot rate increase of ten percent beginning July 1, 2021.  
8 The funding provided in this subsection is sufficient for the  
9 department to increase rates according to inflation, pursuant to  
10 Engrossed Second Substitute Senate Bill No. 5237 (child care & early  
11 dev. exp.), beginning in fiscal year 2023 and annually thereafter.

12 (c) Of the amounts provided in this subsection, \$2,664,000 of the  
13 general fund—state appropriation for fiscal year 2023 is provided to  
14 convert 777 part day slots to full day slots in fiscal year 2023.

15 (d) Of the amounts provided in this subsection, \$409,000 of the  
16 general fund—state appropriation for fiscal year 2022 and \$859,000 of  
17 the general fund—state appropriation for fiscal year 2023 are  
18 provided solely for a \$54 per slot quality support rate, which will  
19 increase by 1.5 percent annually beginning in fiscal year 2024.

20 (e) Of the amounts provided in this subsection, \$1,358,000 of the  
21 general fund—state appropriation for fiscal year 2022 and \$4,612,000  
22 of the general fund—state appropriation for fiscal year 2023 are  
23 provided solely for the department to provide early childhood  
24 education and assistance program services during summer 2022 to 2,212  
25 (~~part~~) school day program slots, including 2,011 slots in an in-  
26 person learning program and 201 slots provided other additional  
27 services.

28 (f) The department of children, youth, and families must develop  
29 a methodology to identify, at the school district level, the  
30 geographic locations of where early childhood education and  
31 assistance program slots are needed to meet the entitlement specified  
32 in RCW 43.216.556. This methodology must be linked to the caseload  
33 forecast produced by the caseload forecast council and must include  
34 estimates of the number of slots needed at each school district and  
35 the corresponding facility needs required to meet the entitlement in  
36 accordance with RCW 43.216.556. This methodology must be included as  
37 part of the budget submittal documentation required by RCW 43.88.030.

38 (2) \$200,000 of the general fund—state appropriation for fiscal  
39 year 2022 and \$200,000 of the general fund—state appropriation for

1 fiscal year 2023 are provided solely to develop and provide  
2 culturally relevant supports for parents, family, and other

4 (3) The department is the lead agency for and recipient of the  
5 federal child care and development fund grant. Amounts within this  
6 grant shall be used to fund child care licensing, quality  
7 initiatives, agency administration, and other costs associated with  
8 child care subsidies.

9 (4) The legislature recognizes that the federal government has  
10 provided substantial additional funding through the coronavirus  
11 response and relief supplemental appropriations act, P.L. 116-260,  
12 division M. and the American rescue plan act of 2021, P.L. 117-2. The  
13 purpose of the additional federal funding is to ensure access to  
14 affordable child care and to stabilize and support child care  
15 providers from the effects of the COVID-19 pandemic. The legislature  
16 intends with the passage of Engrossed Second Substitute Senate Bill  
17 No. 5237 (child care & early dev. exp.) to implement these federal  
18 purposes by expanding eligibility for subsidized child care, reducing  
19 parent copayments, increasing provider base rates to recognize  
20 increased costs, and providing other financial support to stabilize  
21 the child care sector to remain open or to reopen. The legislature  
22 finds that the state lacked the fiscal capacity to make these  
23 investments and the additional federal funding has provided the  
24 opportunity to supplement state funding to expand and accelerate  
25 child care access, affordability, and provider support as the state  
26 navigates the COVID-19 pandemic and its aftermath.

27 (5) \$39,723,000 of the general fund—state appropriation in fiscal  
28 year 2022, (~~(\$54,505,000)~~) \$34,062,000 of the general fund—state  
29 appropriation in fiscal year 2023, \$8,482,000 of the workforce  
30 education investment account—state appropriation, (~~(\$283,375,000)~~)  
31 \$242,980,000 of the general fund—federal appropriation, \$59,893,000  
32 of the general fund—federal appropriation (CARES), \$98,723,000 of the  
33 general fund—federal appropriation (CRRSA), and \$153,814,000 of the  
34 general fund—federal appropriation (ARPA) are provided solely for the  
35 working connections child care program under RCW 43.216.135. Of the  
36 amounts provided in this subsection:

37 (a) The department of children, youth, and families shall work in  
38 collaboration with the department of social and health services to  
39 determine the appropriate amount of state expenditures for the

1 working connections child care program to claim towards the state's  
2 maintenance of effort for the temporary assistance for needy families  
3 program. The departments will also collaborate to track the average  
4 monthly child care subsidy caseload and expenditures by fund type,  
5 including child care development fund, general fund—state  
6 appropriation, and temporary assistance for needy families for the  
7 purpose of estimating the annual temporary assistance for needy  
8 families reimbursement from the department of social and health  
9 services to the department of children, youth, and families.  
10 Effective December 1, 2022, and annually thereafter, the department  
11 of children, youth, and families must report to the governor and the  
12 appropriate fiscal and policy committees of the legislature the total  
13 state contribution for the working connections child care program  
14 claimed the previous fiscal year towards the state's maintenance of  
15 effort for the temporary assistance for needy families program and  
16 the total temporary assistance for needy families reimbursement from  
17 the department of social and health services for the previous fiscal  
18 year.

19 (b) \$6,390,000 is for the compensation components of the  
20 2021-2023 collective bargaining agreement covering family child care  
21 providers as provided in section 947 of this act. Of the amounts  
22 provided in this subsection:

23 (i) \$4,410,000 is for a 35 cent per hour per child rate increase  
24 for family, friends, and neighbor providers (FFNs) beginning July 1,  
25 2022;

26 (ii) \$854,000 is to increase the rate paid to providers who reach  
27 level 3.5 of the state's early achievers quality rating system by two  
28 percent beginning July 1, 2021; and

29 (iii) \$1,126,000 is to increase the nonstandard hour care rate by  
30 \$10.00 per child per month beginning July 1, 2021.

32 and \$2,785,000 of the general fund—federal appropriation (CRRSA) are  
33 provided solely for the implementation of an agreement reached  
34 between the governor and the service employees international union  
35 local 925 for a cost of care rate enhancement for family child care  
36 providers under the provisions of chapter 41.56 RCW for fiscal year  
37 2023 as provided in section 940 of this act.

1 (d) \$45,935,000 of the general fund—state appropriation for  
2 fiscal year 2023 is provided solely for a 16 percent subsidy base  
3 rate enhancement for child care centers for fiscal year 2023.

4 (e) It is the intent of the legislature to continue to rebase  
5 child care provider subsidy base rates to the 85th percentile of  
6 market in subsequent fiscal biennia.

7 (f) \$59,893,000 of the general fund—federal appropriation  
8 (CARES), \$65,925,000 of the general fund—federal appropriation  
9 (CRRSA), and \$99,918,000 of the general fund—federal appropriation  
10 (ARPA) are provided solely for enhancements to the working  
11 connections child care (~~(connections)~~) program, pursuant to Engrossed  
12 Second Substitute Senate Bill No. 5237 (child care & early dev.  
13 exp.). Of the amounts provided in this subsection:

14 (i) \$28,759,000 of the general fund—federal appropriation

19 50 percent of the state median income, copayments are capped at \$115  
20 through January 1, 2022, and \$90 from January 1, 2022, through fiscal  
21 year 2023. For households at or below 60 percent of the state median

23 (ii) \$31,134,000 of the general fund—federal appropriation  
24 (CARES), \$40,195,000 of the general fund—federal appropriation  
25 (CRRSA), and \$45,476,000 of the general fund—federal appropriation  
26 (ARPA) are provided solely to increase subsidy base rates to the 85th  
27 percentile of market for child care providers. The state and the  
28 representative for family child care providers must enter into  
29 bargaining over the implementation of subsidy rate increases, and  
30 apply those increases consistent with the terms of this proviso and  
31 the agreement reached between the parties.

32 (iii) \$3,930,000 of the general fund—federal appropriation  
33 (CRRSA) and \$4,903,000 of the general fund—federal appropriation  
34 (ARPA) are provided solely to waive work requirements for student

27 community and technical colleges, the student achievement council,

18 rescue plan act of 2021, P.L. 117-2.

19 (c) For the purposes of this subsection, a school district's  
20 total enrollment means the district's 2019-20 school year annual  
21 average full-time equivalent student enrollment, excluding full-time  
22 equivalent student enrollments for which funds are separately  
23 calculated and allocated under RCW 28A.232.020, 28A.600.310(4),

34	General Fund—State Appropriation (FY 2023). . . . .	(\$3,031,000)
35	TOTAL APPROPRIATION. . . . .	(\$3,031,000)

1 The appropriations in this section are subject to the following  
2 conditions and limitations:

3 (1) In response to the COVID-19 pandemic, Washington state  
4 agencies rapidly implemented telework for employees whose job duties  
5 did not require on-site presence. This shift in state government  
6 operations has led to agencies' reevaluation of the amount of  
7 physical office space they will require as they implement hybrid work  
8 environments and adopt expanded telework opportunities. The  
9 appropriations in this section reflect adjustments in agency  
10 appropriations related to office space reductions to be achieved from  
11 hybrid work, telework, and the strategy provided in this section. The  
12 office of financial management shall adjust allotments in the amounts  
13 specified, and to the state agencies specified, in LEAP omnibus  
14 document LSSV-2023, dated March 23, 2023, and adjust appropriation  
15 schedules accordingly.

16 (2) To meet the goal of efficient use of state funds and office  
17 space, state agencies, institutions of higher education, and  
18 separately elected officials must adhere to the office of financial  
19 management's statewide space use policy, data integrity and system  
20 access policy, inventory policy, and the human resource management  
21 system data validation guide to ensure space use data is complete,  
22 accurate, and consistent for reporting and analysis.

23 (3) State agencies, institutions of higher education, and  
24 separately elected officials with leases expiring in fiscal years  
25 2024 and 2025 must work toward reducing leased office space a minimum  
26 of 20 percent upon lease renewal or when requesting office  
27 relocation. Reductions in lease costs will be reflected in subsequent  
28 budgets.

29 (4) It is the intent of the legislature that state agencies,  
30 institutions of higher education, and separately elected officials  
31 with leases expiring in fiscal years 2026 and 2027 work to reduce  
32 their office space portfolio a minimum of 30 percent upon lease  
33 renewal or when requesting office relocation. The reductions in costs  
34 will be reflected in subsequent budgets.

35 (5) State agencies must:

36 (a) Work with the office of financial management's facilities  
37 oversight and planning program and the department of enterprise  
38 services to backfill office space and reduce full leases;

1           (b) Update monthly the office of financial management's  
2 facilities portfolio management tool to maximize collocation  
3 opportunities and better inform decision making;

4           (c) Update telework and employee location data monthly in the  
5 human resource management system to reflect office space use and  
6 needs; and

7           (d) Maintain a telework policy in accordance with executive order  
8 16-07, building a modern work environment.

**Sec. 1901.** RCW 28B.76.526 and 2020 c 357 s 911 are each amended to read as follows:

The Washington opportunity pathways account is created in the state treasury. Expenditures from the account may be used only for programs in chapter 28A.710 RCW (charter schools), chapter 28B.12 RCW (state work-study), chapter 28B.50 RCW (opportunity grant), RCW 28B.76.660 (Washington scholars award), RCW 28B.76.670 (Washington award for vocational excellence), chapter 28B.92 RCW (Washington college grant program), chapter 28B.105 RCW (GET ready for math and science scholarship), chapter 28B.117 RCW (passport to careers), chapter 28B.118 RCW (college bound scholarship), and chapter 43.216 RCW (early childhood education and assistance program). During the 2019-2021 and 2021-2023 fiscal (~~biennium~~) biennia, the account may also be appropriated for public schools funded under chapters 28A.150 and 28A.715 RCW.

**Sec. 1902.** RCW 70A.65.030 and 2022 c 182 s 104 and 2022 c 181 s 13 are each reenacted and amended to read as follows:

(1) Each year or biennium, as appropriate, when allocating funds from the carbon emissions reduction account created in RCW 70A.65.240, the climate commitment account created in RCW 70A.65.260, the natural climate solutions account created in RCW 70A.65.270, the climate investment account created in RCW 70A.65.250, the air quality and health disparities improvement account created in RCW 70A.65.280, the climate transit programs account created in RCW 46.68.500, or the climate active transportation account created in RCW 46.68.490, or administering grants or programs funded by the accounts, agencies shall conduct an environmental justice assessment consistent with the requirements of RCW 70A.02.060 and establish a minimum of not less than 35 percent and a goal of 40 percent of total investments that provide direct and meaningful benefits to vulnerable populations within the boundaries of overburdened communities through: (a) The direct reduction of environmental burdens in overburdened communities; (b) the reduction of disproportionate, cumulative risk from environmental burdens, including those associated with climate change; (c) the support of community led project development,

1 planning, and participation costs; or (d) meeting a community need  
2 identified by the community that is consistent with the intent of  
3 this chapter or RCW 70A.02.010.

4 (2) The allocation of funding under subsection (1) of this  
5 section must adhere to the following principles, additional to the  
6 requirements of RCW 70A.02.080: (a) Benefits and programs should be  
7 directed to areas and targeted to vulnerable populations and  
8 overburdened communities to reduce statewide disparities; (b)  
9 investments and benefits should be made roughly proportional to the  
10 health disparities that a specific community experiences, with a goal  
11 of eliminating the disparities; (c) investments and programs should  
12 focus on creating environmental benefits, including eliminating  
13 health burdens, creating community and population resilience, and  
14 raising the quality of life of those in the community; and (d)  
15 efforts should be made to balance investments and benefits across the  
16 state and within counties, local jurisdictions, and unincorporated  
17 areas as appropriate to reduce disparities by location and to ensure  
18 efforts contribute to a reduction in disparities that exist based on  
19 race or ethnicity, socioeconomic status, or other factors.

20 (3) State agencies allocating funds or administering grants or  
21 programs from the carbon emissions reduction account created in RCW  
22 70A.65.240, the climate commitment account created in RCW 70A.65.260,  
23 the natural climate solutions account created in RCW 70A.65.270, the  
24 climate investment account created in RCW 70A.65.250, the air quality  
25 and health disparities improvement account created in RCW 70A.65.280,  
26 the climate transit programs account created in RCW 46.68.500, or the  
27 climate active transportation account created in RCW 46.68.490, must:

28 (a) Report annually to the environmental justice council created  
29 in RCW 70A.02.110 regarding progress toward meeting environmental  
30 justice and environmental health goals;

31 (b) Consider recommendations by the environmental justice  
32 council; and

33 (c) (i) If the agency is not a covered agency subject to the  
34 requirements of chapter 70A.02 RCW, create and adopt a community  
35 engagement plan to describe how it will engage with overburdened  
36 communities and vulnerable populations in allocating funds or  
37 administering grants or programs from the climate investment account.  
38 During the 2021-2023 fiscal biennium, the office of financial  
39 management and the environmental and land use hearings office are

1 exempted from the requirement to create and adopt a community  
2 engagement plan.

3 (ii) The plan must include methods for outreach and communication  
4 with those who face barriers, language or otherwise, to  
5 participation.

6 **Sec. 1903.** RCW 74.46.561 and 2022 c 297 s 966 are each amended  
7 to read as follows:

8 (1) The legislature adopts a new system for establishing nursing  
9 home payment rates beginning July 1, 2016. Any payments to nursing  
10 homes for services provided after June 30, 2016, must be based on the  
11 new system. The new system must be designed in such a manner as to  
12 decrease administrative complexity associated with the payment  
13 methodology, reward nursing homes providing care for high acuity  
14 residents, incentivize quality care for residents of nursing homes,  
15 and establish minimum staffing standards for direct care.

16 (2) The new system must be based primarily on industry-wide  
17 costs, and have three main components: Direct care, indirect care,  
18 and capital.

19 (3) (a) The direct care component must include the direct care and  
20 therapy care components of the previous system, along with food,  
21 laundry, and dietary services. ~~((Direct))~~ Except as provided in (b)  
22 of this subsection, direct care must be paid at a fixed rate, based  
23 on one hundred percent or greater of statewide case mix neutral  
24 median costs, but ~~((for fiscal year 2023))~~ shall be capped so that a  
25 nursing home provider's direct care rate does not exceed ~~((165))~~ 118  
26 percent of its base year's direct care allowable costs except if the  
27 provider is below the minimum staffing standard established in RCW  
28 74.42.360(2). The legislature intends to remove the cap on direct  
29 care rates by June 30, 2027. Direct care must be performance-adjusted  
30 for acuity every six months, using case mix principles. Direct care  
31 must be regionally adjusted using countywide wage index information  
32 available through the United States department of labor's bureau of  
33 labor statistics. There is no minimum occupancy for direct care. The  
34 direct care component rate allocations calculated in accordance with  
35 this section must be adjusted to the extent necessary to comply with  
36 RCW 74.46.421.

37 (b) Unless a nursing home provider is below the minimum staffing  
38 standard established in RCW 74.42.360(2), a provider's direct care  
39 rate relative to its base year's direct care allowable costs must be

1 capped as follows: For fiscal year 2023, the cap must not exceed 165  
2 percent.

3 (4) (a) The indirect care component must include the elements of  
4 administrative expenses, maintenance costs, and housekeeping services  
5 from the previous system. ((A)) Except as provided in (b) of this  
6 subsection, a minimum occupancy assumption of ninety percent must be  
7 applied to indirect care(, ~~except during fiscal year 2023 when the~~  
8 minimum occupancy assumption must be 75 percent)). Indirect care must  
9 be paid at a fixed rate, based on ninety percent or greater of  
10 statewide median costs. The indirect care component rate allocations  
11 calculated in accordance with this section must be adjusted to the  
12 extent necessary to comply with RCW 74.46.421.

13 (b) A minimum occupancy assumption must be applied to indirect  
14 care as follows: For fiscal year 2023, the assumption must be 75  
15 percent.

16 (5) The capital component must use a fair market rental system to  
17 set a price per bed. The capital component must be adjusted for the  
18 age of the facility, and must use a minimum occupancy assumption of  
19 ninety percent.

20 (a) Beginning July 1, 2016, the fair rental rate allocation for  
21 each facility must be determined by multiplying the allowable nursing  
22 home square footage in (c) of this subsection by the RSMMeans rental  
23 rate in (d) of this subsection and by the number of licensed beds  
24 yielding the gross unadjusted building value. An equipment allowance  
25 of ten percent must be added to the unadjusted building value. The  
26 sum of the unadjusted building value and equipment allowance must  
27 then be reduced by the average age of the facility as determined by  
28 (e) of this subsection using a depreciation rate of one and one-half  
29 percent. The depreciated building and equipment plus land valued at  
30 ten percent of the gross unadjusted building value before  
31 depreciation must then be multiplied by the rental rate at seven and  
32 one-half percent to yield an allowable fair rental value for the  
33 land, building, and equipment.

34 (b) The fair rental value determined in (a) of this subsection  
35 must be divided by the greater of the actual total facility census  
36 from the prior full calendar year or imputed census based on the  
37 number of licensed beds at ninety percent occupancy.

38 (c) For the rate year beginning July 1, 2016, all facilities must  
39 be reimbursed using four hundred square feet. For the rate year  
40 beginning July 1, 2017, allowable nursing facility square footage

1 must be determined using the total nursing facility square footage as  
2 reported on the medicaid cost reports submitted to the department in  
3 compliance with this chapter. The maximum allowable square feet per  
4 bed may not exceed four hundred fifty.

5 (d) Each facility must be paid at eighty-three percent or greater  
6 of the median nursing facility RSMeans construction index value per  
7 square foot. The department may use updated RSMeans construction  
8 index information when more recent square footage data becomes  
9 available. The statewide value per square foot must be indexed based  
10 on facility zip code by multiplying the statewide value per square  
11 foot times the appropriate zip code based index. For the purpose of  
12 implementing this section, the value per square foot effective July  
13 1, 2016, must be set so that the weighted average fair rental value  
14 rate is not less than ten dollars and eighty cents per patient day.  
15 The capital component rate allocations calculated in accordance with  
16 this section must be adjusted to the extent necessary to comply with  
17 RCW 74.46.421.

18 (e) The average age is the actual facility age reduced for  
19 significant renovations. Significant renovations are defined as those  
20 renovations that exceed two thousand dollars per bed in a calendar  
21 year as reported on the annual cost report submitted in accordance  
22 with this chapter. For the rate beginning July 1, 2016, the  
23 department shall use renovation data back to 1994 as submitted on  
24 facility cost reports. Beginning July 1, 2016, facility ages must be  
25 reduced in future years if the value of the renovation completed in  
26 any year exceeds two thousand dollars times the number of licensed  
27 beds. The cost of the renovation must be divided by the accumulated  
28 depreciation per bed in the year of the renovation to determine the  
29 equivalent number of new replacement beds. The new age for the  
30 facility is a weighted average with the replacement bed equivalents  
31 reflecting an age of zero and the existing licensed beds, minus the  
32 new bed equivalents, reflecting their age in the year of the  
33 renovation. At no time may the depreciated age be less than zero or  
34 greater than forty-four years.

35 (f) A nursing facility's capital component rate allocation must  
36 be rebased annually, effective July 1, 2016, in accordance with this  
37 section and this chapter.

38 (g) For the purposes of this subsection (5), "RSMeans" means  
39 building construction costs data as published by Gordian.

1 (6) A quality incentive must be offered as a rate enhancement  
2 beginning July 1, 2016.

3 (a) An enhancement no larger than five percent and no less than  
4 one percent of the statewide average daily rate must be paid to  
5 facilities that meet or exceed the standard established for the  
6 quality incentive. All providers must have the opportunity to earn  
7 the full quality incentive payment.

8 (b) The quality incentive component must be determined by  
9 calculating an overall facility quality score composed of four to six  
10 quality measures. For fiscal year 2017 there shall be four quality  
11 measures, and for fiscal year 2018 there shall be six quality  
12 measures. Initially, the quality incentive component must be based on  
13 minimum data set quality measures for the percentage of long-stay  
14 residents who self-report moderate to severe pain, the percentage of  
15 high-risk long-stay residents with pressure ulcers, the percentage of  
16 long-stay residents experiencing one or more falls with major injury,  
17 and the percentage of long-stay residents with a urinary tract  
18 infection. Quality measures must be reviewed on an annual basis by a  
19 stakeholder work group established by the department. Upon review,  
20 quality measures may be added or changed. The department may risk  
21 adjust individual quality measures as it deems appropriate.

22 (c) The facility quality score must be point based, using at a  
23 minimum the facility's most recent available three-quarter average  
24 centers for medicare and medicaid services quality data. Point  
25 thresholds for each quality measure must be established using the  
26 corresponding statistical values for the quality measure point  
27 determinants of eighty quality measure points, sixty quality measure  
28 points, forty quality measure points, and twenty quality measure  
29 points, identified in the most recent available five-star quality  
30 rating system technical user's guide published by the centers for  
31 medicare and medicaid services.

32 (d) Facilities meeting or exceeding the highest performance  
33 threshold (top level) for a quality measure receive twenty-five  
34 points. Facilities meeting the second highest performance threshold  
35 receive twenty points. Facilities meeting the third level of  
36 performance threshold receive fifteen points. Facilities in the  
37 bottom performance threshold level receive no points. Points from all  
38 quality measures must then be summed into a single aggregate quality  
39 score for each facility.

1 (e) Facilities receiving an aggregate quality score of eighty  
2 percent of the overall available total score or higher must be placed  
3 in the highest tier (tier V), facilities receiving an aggregate score  
4 of between seventy and seventy-nine percent of the overall available  
5 total score must be placed in the second highest tier (tier IV),  
6 facilities receiving an aggregate score of between sixty and sixty-  
7 nine percent of the overall available total score must be placed in  
8 the third highest tier (tier III), facilities receiving an aggregate  
9 score of between fifty and fifty-nine percent of the overall  
10 available total score must be placed in the fourth highest tier (tier  
11 II), and facilities receiving less than fifty percent of the overall  
12 available total score must be placed in the lowest tier (tier I).

13 (f) The tier system must be used to determine the amount of each  
14 facility's per patient day quality incentive component. The per  
15 patient day quality incentive component for tier IV is seventy-five  
16 percent of the per patient day quality incentive component for tier  
17 V, the per patient day quality incentive component for tier III is  
18 fifty percent of the per patient day quality incentive component for  
19 tier V, and the per patient day quality incentive component for tier  
20 II is twenty-five percent of the per patient day quality incentive  
21 component for tier V. Facilities in tier I receive no quality  
22 incentive component.

23 (g) Tier system payments must be set in a manner that ensures  
24 that the entire biennial appropriation for the quality incentive  
25 program is allocated.

26 (h) Facilities with insufficient three-quarter average centers  
27 for medicare and medicaid services quality data must be assigned to  
28 the tier corresponding to their five-star quality rating. Facilities  
29 with a five-star quality rating must be assigned to the highest tier  
30 (tier V) and facilities with a one-star quality rating must be  
31 assigned to the lowest tier (tier I). The use of a facility's five-  
32 star quality rating shall only occur in the case of insufficient  
33 centers for medicare and medicaid services minimum data set  
34 information.

35 (i) The quality incentive rates must be adjusted semiannually on  
36 July 1 and January 1 of each year using, at a minimum, the most  
37 recent available three-quarter average centers for medicare and  
38 medicaid services quality data.

39 (j) Beginning July 1, 2017, the percentage of short-stay  
40 residents who newly received an antipsychotic medication must be

1 added as a quality measure. The department must determine the quality  
2 incentive thresholds for this quality measure in a manner consistent  
3 with those outlined in (b) through (h) of this subsection using the  
4 centers for medicare and medicaid services quality data.

5 (k) Beginning July 1, 2017, the percentage of direct care staff  
6 turnover must be added as a quality measure using the centers for  
7 medicare and medicaid services' payroll-based journal and nursing  
8 home facility payroll data. Turnover is defined as an employee  
9 departure. The department must determine the quality incentive  
10 thresholds for this quality measure using data from the centers for  
11 medicare and medicaid services' payroll-based journal, unless such  
12 data is not available, in which case the department shall use direct  
13 care staffing turnover data from the most recent medicaid cost  
14 report.

15 (7) Reimbursement of the safety net assessment imposed by chapter  
16 74.48 RCW and paid in relation to medicaid residents must be  
17 continued.

18 (8)(a) The direct care and indirect care components must be  
19 rebased in even-numbered years, beginning with rates paid on July 1,  
20 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar  
21 year cost report. On a percentage basis, after rebasing, the  
22 department must confirm that the statewide average daily rate has  
23 increased at least as much as the average rate of inflation, as  
24 determined by the skilled nursing facility market basket index  
25 published by the centers for medicare and medicaid services, or a  
26 comparable index. If after rebasing, the percentage increase to the  
27 statewide average daily rate is less than the average rate of  
28 inflation for the same time period, the department is authorized to  
29 increase rates by the difference between the percentage increase  
30 after rebasing and the average rate of inflation.

31 (b) It is the intention of the legislature that direct and  
32 indirect care rates paid in fiscal year 2022 will be rebased using  
33 the calendar year 2019 cost reports. For fiscal year 2021, in  
34 addition to the rates generated by (a) of this subsection, an  
35 additional adjustment is provided as established in this subsection  
36 (8)(b). Beginning May 1, 2020, and through June 30, 2021, the  
37 calendar year costs must be adjusted for inflation by a twenty-four  
38 month consumer price index, based on the most recently available  
39 monthly index for all urban consumers, as published by the bureau of  
40 labor statistics. It is also the intent of the legislature that,

1 starting in fiscal year 2022, a facility-specific rate add-on equal  
2 to the inflation adjustment that facilities received solely in fiscal  
3 year 2021, must be added to the rate.

4 (c) To determine the necessity of regular inflationary  
5 adjustments to the nursing facility rates, by December 1, 2020, the  
6 department shall provide the appropriate policy and fiscal committees  
7 of the legislature with a report that provides a review of rates paid  
8 in 2017, 2018, and 2019 in comparison to costs incurred by nursing  
9 facilities.

10 (9) The direct care component provided in subsection (3) of this  
11 section is subject to the reconciliation and settlement process  
12 provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to  
13 rules established by the department, funds that are received through  
14 the reconciliation and settlement process provided in RCW  
15 74.46.022(6) must be used for technical assistance, specialized  
16 training, or an increase to the quality enhancement established in  
17 subsection (6) of this section. The legislature intends to review the  
18 utility of maintaining the reconciliation and settlement process  
19 under a price-based payment methodology, and may discontinue the  
20 reconciliation and settlement process after the 2017-2019 fiscal  
21 biennium.

22 (10) Compared to the rate in effect June 30, 2016, including all  
23 cost components and rate add-ons, no facility may receive a rate  
24 reduction of more than one percent on July 1, 2016, more than two  
25 percent on July 1, 2017, or more than five percent on July 1, 2018.  
26 To ensure that the appropriation for nursing homes remains cost  
27 neutral, the department is authorized to cap the rate increase for  
28 facilities in fiscal years 2017, 2018, and 2019.

29 **Sec. 1904.** 2021 c 334 s 747 (uncodified) is amended to read as  
30 follows:

31 **FOR THE STATE TREASURER—TEACHERS' RETIREMENT SYSTEM PLAN 1 FUND**

32 General Fund—State Appropriation (FY 2023) . . . . .	(( <del>\$800,000,000</del> ))
	<u>\$250,000,000</u>
34 TOTAL APPROPRIATION. . . . .	(( <del>\$800,000,000</del> ))
	<u>\$250,000,000</u>

36 The appropriation in this section is subject to the following  
37 conditions and limitations: The entire general fund—state  
38 appropriation is provided solely for expenditure on June 30, 2023,

1 into the teachers' retirement system plan 1 fund, to be applied to  
2 the unfunded actuarial accrued liability.

3 NEW SECTION. **Sec. 1905.** If any provision of this act or its  
4 application to any person or circumstance is held invalid, the  
5 remainder of the act or the application of the provision to other  
6 persons or circumstances is not affected.

7 NEW SECTION. **Sec. 1906.** This act is necessary for the immediate  
8 preservation of the public peace, health, or safety, or support of  
9 the state government and its existing public institutions, and takes  
10 effect immediately.
