16   6071, and 6088 (uncodified); making appropriations; and declaring an  
17   emergency.

18   BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

19       NEW SECTION.   **Sec. 1.**   (1) A capital budget is hereby adopted  
20   and, subject to the provisions set forth in this act, the several  
21   dollar amounts hereinafter specified, or so much thereof as shall be

sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for capital projects during the period beginning with the effective date of this act and ending June 30, 2027, out of the several funds specified in this act.

(2) The definitions in this subsection apply throughout this act unless the context clearly requires otherwise.

(a) "Fiscal year 2026" or "FY 2026" means the period beginning July 1, 2025, and ending June 30, 2026.

(b) "Fiscal year 2027" or "FY 2027" means the period beginning July 1, 2026, and ending June 30, 2027.

(c) "Lapse" or "revert" means the amount shall return to an unappropriated status.

(d) "Provided solely" means the specified amount may be spent only for the specified purpose.

(3) Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose that is not expended subject to the specified conditions and limitations to fulfill the specified purpose shall lapse.

(4) The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2027-2029 biennium and the following three biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

(5) "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2025, from the 2023-2025 biennial appropriations for each project.

28 NEW SECTION. **Sec. 1003. FOR THE DEPARTMENT OF COMMERCE**

29 2025-27 Early Learning Facilities - Eligible Organizations  
30 (40000656)

31 The appropriations in this section are subject to the following  
32 conditions and limitations:

33 (1)(a) \$51,000,000 of the Ruth LeCocq Kagi early learning  
34 facilities development account—state appropriation in this section is  
35 provided solely for the early learning facility grant and loan

1 program, subject to the provisions of RCW 43.31.565 through  
2 43.31.583, and 43.84.092, to provide state assistance for designing,  
3 constructing, purchasing, expanding, or modernizing public or private  
4 early learning education facilities for eligible organizations. Up to  
5 3.5 percent of the funding in this subsection (1) may be used by the  
6 department of children, youth, and families to provide technical  
7 assistance to early learning providers interested in applying for the  
8 early learning facility grant or loan program.

9 (b) The department is encouraged to leverage private and public  
10 match funds when feasible and may not require match funds for  
11 applicants experiencing financial hardship. The department may not  
12 consider the level of project match funds as a competitive criterion  
13 when selecting or recommending projects for funding.

14 (c) Grants may include awards for construction, renovation, or  
15 facility purchase projects that will increase early childhood  
16 education and assistance program capacity by supporting conversion of  
17 slots from part day programs to full day programs or extended day  
18 programs, or conversion of full day programs to extended day  
19 programs, as defined in RCW 43.216.010.

20 (2) \$9,000,000 of the Ruth LeCocq Kagi early learning facilities  
21 development account—state appropriation in this section is provided  
22 solely for minor renovation grants.

23 (3) \$6,000,000 of the Ruth LeCocq Kagi early learning facilities  
24 revolving account—state appropriation and \$3,000,000 of the Ruth  
25 LeCocq Kagi early learning facilities development account—state  
26 appropriation in this section are provided solely for the Washington  
27 early learning loan fund. Of the funds provided in this subsection  
28 (3), \$3,000,000 of the Ruth LeCocq Kagi early learning facilities  
29 development account—state appropriation is provided solely for  
30 emergency grants pursuant to chapter 21 (House Bill No. 1314), Laws  
31 of 2025. Up to four percent of the funding in this subsection (3) may  
32 be used by the contractor to provide technical assistance to early  
33 learning providers. The department may not use any portion of the  
34 appropriation in this subsection (3) for administrative expenses of  
35 the department.

36 (4) The department of children, youth, and families must develop  
37 methodology to identify, at the school district boundary level, the  
38 geographic locations of where early childhood education and  
39 assistance program slots are needed to meet the entitlement specified

1 in RCW 43.216.556. This methodology must be linked to the caseload  
2 forecast produced by the caseload forecast council and must include  
3 estimates of the number of slots needed at each school district. This  
4 methodology must inform any early learning facilities needs  
5 assessment conducted by the department and the department of  
6 children, youth, and families. This methodology must be included as  
7 part of the budget submittal documentation required by RCW 43.88.030.

8 (5) When prioritizing areas with the highest unmet need for early  
9 childhood education and assistance program slots, the committee of  
10 early learning experts convened by the department pursuant to RCW  
11 43.31.581 must first consider those areas at risk of not meeting the  
12 entitlement specified in RCW 43.216.556.

13 (6) The department must track the number of slots being renovated  
14 separately from the number of slots being constructed and, within  
15 these categories, must track the number of slots separately by  
16 program for the working connections child care program and the early  
17 childhood education and assistance program.

18 (7) When prioritizing applications for projects pursuant to RCW  
19 43.31.581, the department must award priority points to applications  
20 from a rural county or from extreme child care deserts as defined by  
21 the department of children, youth, and families.

22 (8) For early learning facilities collocated with affordable or  
23 supportive housing developments, the department may remit state  
24 funding on a reimbursement basis for 100 percent of eligible project  
25 costs, regardless of the project's match amount, once the nonstate  
26 share of project costs have been either expended or firmly committed  
27 in an amount sufficient to complete the entire project or a distinct  
28 phase of the project that is useable to the public as an early  
29 learning facility.

30 (9) \$18,128,000 of the Ruth LeCocq Kagi early learning facilities  
31 development account—state appropriation in this section is provided  
32 solely for the following list of early learning facility projects:

33	Batey Square Early Learning. . . . .	\$88,000
34	Cora Whitley Family Center. . . . .	\$485,000
35	Hemlock Commons at Play Frontier. . . . .	\$1,036,000
36	Little Wings Early Learning. . . . .	\$3,550,000
37	New Tomorrow's Hope Child Development Center. . . . .	\$3,050,000
38	Port Angeles YMCA Early Learning. . . . .	\$2,050,000
39	Redmond Childcare Expansion. . . . .	\$769,000

Ritzville Childcare Facility. . . . . \$2,050,000  
Willard Early Learning Center. . . . . \$5,050,000

(10) The department may use up to four percent of amounts appropriated in subsections (1) and (2) of this section for administrative expenses. The department may use up to four percent of amounts appropriated in subsection (9) of this section or \$50,000 per project, whichever is less, for administrative expenses.

(11) The appropriations in this section are subject to the provisions of section 8018 of this act.

Appropriation:

Ruth LeCocq Kagi Early Learning Facilities  
Development Account—State. . . . . \$81,128,000  
Ruth LeCocq Kagi Early Learning Facilities  
Revolving Account—State. . . . . \$6,000,000  
Subtotal Appropriation. . . . . \$87,128,000  
Prior Biennia (Expenditures). . . . . \$0  
Future Biennia (Projected Costs). . . . . \$348,512,000  
TOTAL. . . . . \$435,640,000

NEW SECTION.   **Sec. 1004.   FOR THE DEPARTMENT OF COMMERCE**

2025-27 Regional Approaches Program (40000657)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for the department to provide planning, technical assistance, and predevelopment grants to local governments and federally recognized tribal governments for projects that would directly benefit overburdened communities, as defined by RCW 70A.02.010, that have been historically underserved by capital grant programs.

(2) In awarding grants under this section, the department shall prioritize applications that advance community housing, energy, and infrastructure needs. In ranking and sizing grants, the department may consider the financial capacity of the applicant and of the community that the grant would benefit.

(3) The department must provide a report to the appropriate committees of the legislature and the governor by October 1, 2026. The report must include:

(a) A list and description of the projects approved for funding, including state funding and total project cost;

(b) A status report of projects that received funding; and

(c) A description of the solicitation and evaluation process, including, but not limited to, applications received, the total amount of funding requested, and issues encountered.

(4) The department may use up to four percent of the appropriation in this section to administer the program, including, but not limited to, providing technical assistance, managing contracts, providing community outreach and engagement, reporting, and planning and implementation assistance.

(5) The appropriation in this section is subject to the provisions of section 8018 of this act.

Appropriation:

Yakima Central Library Infrastructure Needs for Yakima Valley Library. . . . .	\$611,000
Yakima Sunnyside Library Infrastructure Needs for Yakima Valley Library. . . . .	\$50,000

(2) The department must establish a competitive process to solicit proposals for and prioritize projects whose primary objective is to assist libraries operated by governmental units, as defined in RCW 27.12.010, in acquiring, constructing, repairing, or rehabilitating facilities.

(3) The department must establish a committee to develop the grant program criteria established under subsection (2) of this section and review proposals. The committee must be composed of five members as provided in this subsection. The committee must include:

(a) A representative from the department of commerce; (b) a representative from the department of archaeology and historic preservation; (c) the state librarian; (d) a representative from a library district; and (e) a representative from a municipal library.

(4) The department must conduct a statewide solicitation of project applications. The department must evaluate and rank applications in consultation with the committee established in subsection (3) of this section, using objective criteria. The ranking of projects must prioritize library district facilities listed on a local, state, or federal register of historic places and those

located in distressed or rural counties. The evaluation and ranking process must also include an examination of existing assets that applicants propose to apply to projects. Grant assistance under this section may not exceed 50 percent of the total cost of the project. The nonstate portion of the total project cost may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions.

(5) The department must submit a prioritized list of recommended projects to the governor and the legislature by October 1, 2026, for inclusion in the department of commerce's 2027-2029 biennial capital budget request. The list must include a description of each project, the amount of recommended state funding, and documentation of nonstate funds to be used for the project. Individual grants may not exceed \$2,000,000. The total amount of recommended state funding for the projects on a biennial project list may not exceed \$10,000,000.

(6) In contracts for grants authorized under this section, the department must include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee must repay to the state building construction account—state the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued on the date most close in time to the date of authorization of the grant. Any repayments received pursuant to this subsection must be spent before any other amounts in the building construction account—state.

(7) The department must assist grant recipients under this section to apply for applicable competitive federal grant funding and, upon receipt of any such funding, an equal amount of the state building construction account—state appropriation must be placed in unallotted status.

(8) The appropriation in this section is subject to the provisions of section 8018 of this act.

Appropriation:

State Building Construction Account—State. . . . .	\$6,503,000
Prior Biennia (Expenditures). . . . .	\$0
Future Biennia (Projected Costs). . . . .	\$26,012,000

**NEW SECTION. Sec. 1011. FOR THE DEPARTMENT OF COMMERCE**

2025-27 Clean Energy Community Grants (40000665)

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) The appropriation in this section is provided solely for the department to administer grants to nonprofit organizations, local governments, federally recognized tribal governments and tribal entities, state agencies, housing authorities, ports, transit agencies, and research organizations for planning, design, and implementation of capital projects and clean energy technologies that reduce greenhouse gas emissions in vulnerable, overburdened, and tribal communities identified by the department. The department must

1 prioritize grants providing meaningful benefits to vulnerable  
2 populations in overburdened communities, as defined in RCW  
3 70A.02.010.

4 (b) Eligible uses of grant funds include, but are not limited to,  
5 planning for sustainable communities and predesign work, energy  
6 efficiency improvements, renewable energy generation, increasing the  
7 supply of affordable, energy efficient housing, developing resilient  
8 and sustainable infrastructure systems, zero-emission, active  
9 mobility, and micromobility transportation infrastructure, education  
10 and engagement, and workforce development.

11 (2) Up to three percent of the appropriation in this section is  
12 for the department to administer the grant program. Administration  
13 includes, but is not limited to, identifying eligible communities,  
14 providing technical assistance, managing contracts, reporting, and  
15 providing planning and implementation assistance.

16 Appropriation:

17	Climate Commitment Account—State. . . . .	\$10,000,000
18	Prior Biennia (Expenditures). . . . .	\$0
19	Future Biennia (Projected Costs). . . . .	\$40,000,000

21 NEW SECTION. **Sec. 1012. FOR THE DEPARTMENT OF COMMERCE**

22 2025-27 High Efficiency Electric Appliance Rebates (HEAR) Program  
23 (40000666)

24 The appropriation in this section is subject to the following  
25 conditions and limitations:

26 (1)(a) \$25,000,000 of the appropriation is provided solely for  
27 the department to administer grants to eligible third-party  
28 administrators for heat pump and other high-efficiency electric  
29 equipment rebates, with a focus on low and moderate-income  
30 households, renters, nonprofit organizations, and small businesses.  
31 State incentives and rebates for installation of high-efficiency  
32 electric equipment, including electrical panel upgrades, provide a  
33 benefit to the public consistent with the state's energy strategy and  
34 climate mandates by reducing greenhouse gas emissions from the built  
35 environment. The department shall administer the grant program in a  
36 manner that seeks to maximize greenhouse gas emissions reductions.

(b) \$5,000,000 of the appropriation is provided solely for the department to administer grants to eligible third-party administrators for heat pumps for adult family homes.

(2) The department shall implement a statewide high-efficiency electric equipment program consistent with the following:

(a) Aid the transition of residential and commercial buildings away from fossil fuels by providing education and outreach resources for the installation of high-efficiency electric heat pumps and other high-efficiency electric equipment;

(b) Provide grants, coordination, and technical assistance to eligible third-party administrators to promote the adoption of high-efficiency electric heat pump equipment for space and water heating; and

(c) Develop strategies to ensure that the program serves low-income households, vulnerable populations, and overburdened communities, including dedicating at least 40 percent of the program funding for this purpose. For the purposes of this subsection (2)(c), "overburdened communities" has the same meaning as in RCW 70A.65.010 and "vulnerable populations" has the same meaning as in RCW 70A.02.010.

(3) For the purposes of this section, "eligible third-party administrators" include, but are not limited to, nonprofits, utilities, housing providers, community action agencies, and community-based organizations.

Appropriation:

Climate Commitment Account—State. . . . .	\$30,000,000
Prior Biennia (Expenditures). . . . .	\$0
Future Biennia (Projected Costs). . . . .	\$120,000,000
TOTAL. . . . .	\$150,000,000

**NEW SECTION. Sec. 1013. FOR THE DEPARTMENT OF COMMERCE**

2025-27 Behavioral Health Facilities (40000667)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for the department to issue grants to community hospitals or other community providers to expand and establish new and preserve existing capacity for behavioral health services in communities. The department must consult an advisory group consisting of representatives from the

1 department of social and health services, the health care authority,  
2 one representative from a managed care organization, one  
3 representative from an accountable care organization, and one  
4 representative from the association of county human services. The  
5 amounts provided in this section may be used for construction and  
6 equipment costs associated with establishment or preservation of the  
7 facilities. The department may approve funding for the acquisition of  
8 a facility if the project will result in increased behavioral health  
9 capacity. Amounts provided in this section may not be used for  
10 operating costs associated with the treatment of patients using these  
11 services.

12 (2) The department must establish criteria for the issuance of  
13 the grants, which must include:

14 (a) Evidence that the application was developed in collaboration  
15 with one or more regional behavioral health entities that administer  
16 the purchasing of services;

17 (b) Evidence that the applicant has assessed and would meet gaps  
18 in the geographical availability and service needs of behavioral  
19 health services in their region;

20 (c) Evidence that the applicant is able to meet applicable  
21 licensing and certification requirements in the facility that will be  
22 used to provide services;

23 (d) A commitment by applicants to serve persons who are publicly  
24 funded and persons detained for involuntary commitment, as applicable  
25 by facility type, under chapter 71.05 RCW;

26 (e) A commitment by the applicant to maintain and operate the  
27 beds or facility for a time period commensurate to the state  
28 investment, but for at least a 10-year period;

29 (f) The date upon which structural modifications or construction  
30 would begin and the anticipated date of completion of the project;

31 (g) A detailed estimate of the costs associated with opening the  
32 beds;

33 (h) A financial plan demonstrating the applicant's ability to  
34 maintain and operate the facility; and

35 (i) The applicant's commitment to work with local courts and  
36 prosecutors as applicable to ensure that prosecutors and courts in  
37 the area served by the hospital or facility will be available to  
38 conduct involuntary commitment hearings and proceedings under chapter  
39 71.05 RCW.

1 (3) In awarding funding for projects in subsection (5) of this  
2 section, the department, in consultation with the advisory group  
3 established in subsection (1) of this section, must strive for  
4 geographic distribution and to allocate funding based on population  
5 and service needs of an area. The department must consider current  
6 services available, anticipated services available based on projects  
7 underway, and the service delivery needs of an area.

8 (4) The department must prioritize projects that increase  
9 capacity in unserved and underserved areas of the state.

10 (5) \$70,000,000 of the state building construction account—state  
11 appropriation in this section is provided solely for competitive  
12 community behavioral health grants to address regional needs and  
13 noncompetitive closure prevention grants. Closure prevention grants  
14 must be awarded on a first-come, first-served basis. For competitive  
15 regional needs grants, priority must be given to: Youth and adult bed  
16 capacity with consideration given to gaps identified in the 2024  
17 behavioral health capital grant facility funding report; and  
18 facilities that serve specialized populations, including, but not  
19 limited to, services for individuals with traumatic brain injury,  
20 dementia, and cooccurring complex needs of youth. Additional  
21 categories of facilities may be funded based on identified needs of a  
22 region. Eligible facilities include, but are not limited to:

23 (a) Crisis relief centers and stabilization facilities that offer  
24 access to mental health and substance use care for no more than 23  
25 hours and 59 minutes per patient, at a time, and are not subject to  
26 federal funding restrictions that apply to institutions of mental  
27 diseases;

28 (b) Mental health peer respite centers that are not subject to  
29 federal funding restrictions that apply to institutions of mental  
30 diseases. No more than one mental health peer respite center should  
31 be funded in each of the 10 regions;

32 (c) Grants to community providers to increase long-term intensive  
33 inpatient psychiatric treatment services and capacity for children  
34 and minor youth including, but not limited to, services for substance  
35 use disorder treatment, sexual assault and traumatic stress, anxiety,  
36 or depression, and interventions for children exhibiting aggressive  
37 or depressive behaviors in facilities that are not subject to federal  
38 funding restrictions;

39 (d) Grants to community hospitals, freestanding evaluation and  
40 treatment providers, or freestanding psychiatric hospitals to develop

1 capacity for beds to serve individuals on 90-day or 180-day civil  
2 commitments as an alternative to treatment in the state hospitals. In  
3 awarding this funding, the department must coordinate with the  
4 department of social and health services, the health care authority,  
5 and the department of health and must only select facilities that  
6 meet the following conditions:

7 (i) The funding must be used to increase capacity related to  
8 serving individuals who will be transitioned from or diverted from  
9 the state hospitals;

10 (ii) The facility is not subject to federal funding restrictions  
11 that apply to institutions of mental diseases;

12 (iii) The provider has submitted a proposal for operating the  
13 facility to the health care authority;

14 (iv) The provider has demonstrated to the department of health  
15 and the health care authority that it is able to meet the applicable  
16 licensing and certification requirements for the facility that will  
17 be used to provide services; and

18 (v) The health care authority has confirmed that it intends to  
19 contract with the facility for operating costs within funds provided  
20 in the operating budget for these purposes;

21 (e) Enhanced adult residential care facilities for long-term  
22 dementia placements discharged or diverted from the state psychiatric  
23 hospitals and are not subject to federal funding restrictions that  
24 apply to institutions of mental diseases;

25 (f) Facilities that provide substance use disorder intervention,  
26 assessment, and treatment services with secure withdrawal management  
27 and stabilization treatment beds that are not subject to federal  
28 funding restrictions that apply to institutions of mental diseases;  
29 and

30 (g) Facilities where behavioral health supportive services, such  
31 as harm reduction and physical health services, are offered within  
32 the same facility as behavioral health services and that are not  
33 subject to federal funding restrictions that apply to institutions of  
34 mental diseases.

35 (6) \$10,000,000 of the state building construction account—state  
36 appropriation in this section is provided solely for one crisis  
37 stabilization facility in the King county region consistent with the  
38 settlement agreement in *A.B., by and through Trueblood, et al., v.*  
39 *DSHS, et al.*, No. 15-35462, that is not subject to federal funding  
40 restrictions that apply to institutions of mental disease. In

awarding this funding, the department must coordinate with the health care authority and the King county behavioral health administrative service organization and must only select a facility that has been selected by King county's crisis care centers initiative as the crisis care center for the south King county region.

(7) \$49,847,000 of the appropriation in this section is provided solely for the following list of projects:

Broadway - Compass Health. . . . .	\$5,050,000
Cascade Community Health. . . . .	\$541,000
Healing Lodge of the Seven Nations. . . . .	\$5,050,000
ICHS Ron Chew Center. . . . .	\$3,050,000
Ituha Stabilization Facility. . . . .	\$927,000
Poulsbo SUD Clinic. . . . .	\$18,480,000
Skagit County Crisis Stabilization. . . . .	\$549,000
Sound Crisis Stabilization Facility. . . . .	\$3,050,000
Spokane Stabilization Center. . . . .	\$3,050,000
Trouves Health Care Behavioral Health Facility. . . . .	\$5,050,000
Yakama Detox Center. . . . .	\$5,050,000

(9) During the 2025-2027 fiscal biennium, where the department has awarded a grant for the operation of a crisis diversion or stabilization facility located in Pierce county that is not subject to federal funding restrictions that apply to institutions of mental diseases, the department may amend the contract associated with the grant in order to authorize the facility to be used for any community development block grant national objective.

(10) The department shall notify all applicants that they may be required to have a construction review performed by the department of health.

(11) To accommodate the emergent need for behavioral health services, the department and the department of health, in collaboration with the health care authority and the department of social and health services, must establish a concurrent and expedited process to assist grant applicants in meeting any applicable regulatory requirements necessary to operate inpatient psychiatric beds, freestanding evaluation and treatment facilities, enhanced services facilities, triage facilities, crisis stabilization facilities, or secure detoxification/secure withdrawal management and stabilization facilities.

1       (12) In contracts for grants authorized under this section, the  
2 department must include provisions that require that the grantee or  
3 successor hold the capital improvements for at least a 10-year  
4 period. The provisions must require the facility to be used for  
5 behavioral health services, but may allow the facility to change  
6 ownership or facility type during the commitment period. The  
7 department shall monitor the activities of recipients of grants under  
8 this program to determine compliance with the terms and conditions  
9 set forth in its contract.

10       (13) The department must provide a progress report to the  
11 appropriate committees of the legislature by November 1, 2026. The  
12 report must include:

13       (a) The total number of applications and amount of funding  
14 requested;

15       (b) A list and description of the projects approved for funding  
16 including state funding, total project cost, services anticipated to  
17 be provided, bed capacity, and anticipated completion date;

18       (c) A statewide map of new capacity since 2018, including  
19 projected bed capacity and opening dates;

20       (d) A status report of projects that received funding in prior  
21 funding rounds, including details about the project completion and  
22 the date the facility began providing services; and

23       (e) Recommendations for statutory language that would codify the  
24 grant program on an ongoing basis including:

25       (i) Evaluation and prioritization criteria;

26       (ii) Monitoring and compliance requirements;

27       (iii) Preconstruction and technical assistance services; and

28       (iv) Data needed to determine the service needs by area of the  
29 state.

30       (14) The department must coordinate with the health care  
31 authority to submit capital budget requests to fund behavioral health  
32 community capacity grants for the 2027-2029 biennial budget by the  
33 due date established by the office of financial management.  
34 Associated state budget operating costs must also be identified and  
35 requested.

36       (15) The appropriation in this section is subject to the  
37 provisions of section 8018 of this act.

30 **NEW SECTION. Sec. 1016. FOR THE DEPARTMENT OF COMMERCE**

31 2025-27 Energy Retrofits for Public Buildings Grants (40000670)

32 The appropriations in this section are subject to the following  
33 conditions and limitations:

34 (1) \$10,000,000 of the climate commitment account—state  
35 appropriation and \$1,000,000 of the state building construction  
36 account—state appropriation in this section is provided solely for  
37 grants to local governments, public higher education institutions,

1 school districts, tribal governments, and state agencies for facility  
2 improvements and related projects that result in energy and  
3 operational cost savings.

4 (a) At least 20 percent of each competitive grant round is  
5 designated for awards to eligible projects in small cities or towns  
6 with a population of 5,000 or fewer residents.

7 (b) In each competitive round, a higher energy savings to  
8 investment ratio must result in a higher project ranking. Priority  
9 consideration must be given to applicants that have not received  
10 grant awards for this purpose in prior biennia.

11 (c) The department must determine a minimum match ratio to  
12 maximize the leverage of nonstate funds.

13 (2) \$5,000,000 of the state building construction account—state  
14 appropriation in this section is provided solely for energy  
15 efficiency and environmental performance improvements to minor works,  
16 stand-alone, and emergency projects at facilities owned by state  
17 agencies that repair or replace existing building systems and reduce  
18 greenhouse gas emissions from state operations, including, but not  
19 limited to, HVAC, lighting, insulation, windows, and other mechanical  
20 systems. Eligibility for this funding is dependent on an analysis  
21 using the office of financial management's life-cycle cost tool that  
22 compares project design alternatives for initial and long-term cost-  
23 effectiveness. Assuming a reasonable return on investment, the  
24 department shall provide grants in the amount required to improve the  
25 project's energy efficiency compared to the original project request.

26 (3) The department shall develop metrics that indicate the  
27 performance of energy efficiency efforts.

28 (4) If a grant is provided in subsection (1) or (2) of this  
29 section to purchase heating devices or systems, the agency must,  
30 whenever possible and most cost effective, select devices and systems  
31 that do not use fossil fuels.

32 (5) Grants provided in subsections (1) and (2) of this section to  
33 state agencies are exempt from the match requirements in this  
34 section.

35 (6) \$4,000,000 of the state building construction account—state  
36 appropriation in this section is provided solely for the Seattle  
37 Central College EcoDistrict project.

(7) The state building construction account—state appropriation in this section is subject to the provisions of section 8018 of this act.

2025-27 Weatherization Plus Health Grants (40000671)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$5,000,000 of the state building construction account—state appropriation in this section is provided solely for grants for the Washington State University energy extension community energy efficiency program (CEEP) to support homeowners, tenants, and small business owners in making sound energy efficiency investments by providing consumer education and marketing, workforce support through training and lead generation, and direct consumer incentives for upgrades to existing homes and small commercial buildings. This is the maximum amount the department may expend for this purpose.

(2) The department must, to the extent practicable, implement the recommendations in the weatherization plus health 2022 report.

(3) If funding from these appropriations is used to purchase heating devices or systems, the agency shall, whenever possible and most cost effective, select devices and systems that do not use fossil fuels.

(4) The department must:

(a) Recruit community energy efficiency program sponsors that are community-based organizations located in geographic areas of the state that have not received funding for low-income weatherization programs, targeting hard-to-reach market segments;

(b) Leverage funding from community energy efficiency program sponsors in an amount greater than or equal to the amount provided by the state through the weatherization program;

(c) Ensure that community energy efficiency program utility sponsors work with nonprofit community-based organizations to deliver community energy efficiency program services; and

(d) Identify community energy efficiency program sponsors that support the conversion of space and water heating from fossil fuels to electricity, as part of a set of energy efficiency investments.

(5) The state building construction account—state appropriation in this section is subject to the provisions of section 8018 of this act.

Appropriation:

2025-27 Public Works Board (40000672)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$10,000,000 of the state building construction account—state appropriation, \$90,000,000 of the state taxable building construction account—state appropriation, and \$265,000,000 of the public works assistance account—state appropriation in this section are provided solely for the public works board to award new or reimburse previously authorized grants and loans to local governments for infrastructure projects in accordance with chapter 43.155 RCW. When reimbursing projects that are awarded funding by the board under this appropriation authority, the department and the board must first spend funding available from the state taxable building construction account—state appropriation and the state building construction account—state appropriation in this section. When the state building construction account—state and state taxable building construction account—state appropriations provided in this section are fully spent, the department and the board may then award and reimburse projects using up to \$265,000,000 from the public works assistance account—state appropriation, but only to the extent that there is a

sufficient balance in the public works assistance account—state to support additional project awards and reimbursements.

(2) The state building construction account—state appropriation and the state taxable building construction account—state appropriation in this section are subject to the provisions of section 8018 of this act.

**NEW SECTION. Sec. 1019. FOR THE DEPARTMENT OF COMMERCE**

2025-27 Community EV Charging (40000673)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for grants for the development of community electric vehicle charging infrastructure.

(2) Funding provided in this section must be used for projects that provide a benefit to the public through development, demonstration, and deployment of clean energy technologies that save energy and reduce energy costs, reduce harmful air emissions, or increase energy independence for the state.

(3) Projects that receive funding under this section must be implemented by, or include partners from, one or more of the following: Local governments, federally recognized tribal governments, or public and private electrical utilities that serve retail customers in the state.

(4) Grant funding must be used for level two or higher charging infrastructure and related costs including, but not limited to, construction and site improvements. Projects may include a robust public and private outreach plan that includes engaging with affected parties in conjunction with the new electric vehicle infrastructure.

(5) The department must prioritize funding for projects in the following order:

- (a) Multifamily housing;
- (b) Publicly available charging at any location;
- (c) Schools and school districts;
- (d) State and local government buildings and public hospitals;
- and
- (e) All other eligible projects.

(6) The department must coordinate with other electrification programs, including projects developed by the department of transportation, to determine the most effective distribution of the systems. The department must also collaborate with the interagency electric vehicle coordinating council established in RCW 43.392.030 to implement this section and must work to meet benchmarks established in chapter 182, Laws of 2022.

(7) The department may:

(a) Provide information to applicants about available clean energy tax credits and incentives, including elective pay, that may be applicable to the project for which state funding is being sought;

(b) Inquire, as part of the application, which tax credits and incentives the applicant plans to seek for the project;

(c) Prioritize projects seeking any applicable clean energy tax credits and incentives when developing and applying competitive criteria for selecting recipients under this section; and

(d) Consider the availability of any federal tax credits or other federal or nonfederal grants or incentives that the applicant may benefit from in review of the application.

(8) Funding awards made under this section may not exceed 100 percent of the cost of the project.

(9) Up to three percent of the appropriation in this section is for the department to administer the grant program.

(10) \$3,000,000 of the appropriation in this section is provided solely for the Cowlitz MHD ZEV Depot in Longview.

#### Appropriation:

Climate Commitment Account—State. . . . .	\$23,000,000

1        NEW SECTION.    **Sec. 1020.    FOR THE DEPARTMENT OF COMMERCE**

2        2025-27 Connecting Housing to Infrastructure Program (40000675)

3        The appropriation in this section is subject to the following  
4 conditions and limitations:

5        (1)(a) The appropriation in this section is provided solely for  
6 grants to local governments and public utility districts to defray  
7 the cost of waiving a portion of or all of the fees normally applied  
8 to developers for utility connection charges and related street  
9 improvements related to new affordable housing projects for low- and  
10 moderate-income households.

11        (b) Where applicable, the utility extension and related street  
12 improvements must be consistent with the approved comprehensive plans  
13 under the growth management act and must be within the established  
14 boundaries of the urban growth area as set forth in the approved  
15 comprehensive plans. Street improvements are eligible if the  
16 improvements are related directly to the utility extension or  
17 connection and are adjacent to the new housing units being  
18 constructed.

19        (c) Projects must be located within a jurisdiction that imposes a  
20 sales and use tax under RCW 82.14.530(1)(a)(ii) or (b)(i)(B),  
21 82.14.540, or 84.52.105.

22        (2)(a) \$30,000,000 of the state building construction account—  
23 state appropriation is provided solely for grants for system  
24 development charges, utility improvements, and street improvements  
25 associated with utility infrastructure for affordable housing  
26 projects serving low-income households located within a city or  
27 county with a population of 150,000 or fewer persons.

28        (b) \$5,000,000 of the state building construction account—state  
29 appropriation in this section is provided for the department for  
30 pilot grants for system development charges, utility improvements,  
31 and street improvements associated with utility infrastructure for  
32 affordable housing projects serving moderate-income households. The  
33 pilot program must be offered in three counties located in the north  
34 central region of the state. The counties must share borders with one  
35 another, be located east of the crest of the Cascade mountains, and  
36 each have a population of 85,000 persons or fewer. By June 1, 2027,  
37 the department must submit a report to the office of financial  
38 management and to the appropriate committees of the legislature that:

1 (i) Summarizes the results of the pilot program, including an  
2 analysis of the need for infrastructure assistance for local  
3 governments to support the development of housing affordable to  
4 moderate-income households, and the benefits to communities that may  
5 result from increasing economic diversity in housing that is made  
6 more affordable through infrastructure subsidies;

7 (ii) Describes the number and total dollar amount of application  
8 requests and funding awards; and

9 (iii) Makes recommendations regarding continuation or expansion  
10 of the pilot program and recommended future funding levels.

11 (3) To be eligible for funding under this section, an applicant  
12 must demonstrate, at minimum:

13 (a) That affordable housing development will begin construction  
14 within 24 months of the grant or loan award; and

15 (b) A strong probability of serving the original target group or  
16 income level for a period of at least 25 years.

17 (4) For purposes of this section, the following definitions  
18 apply.

19 (a) "Affordable housing" means residential housing that requires  
20 payment of monthly housing costs, including utilities other than  
21 telephone, of no more than 30 percent of the household's income.

22 (b) "Low-income household" has the same meaning as in RCW  
23 43.185A.010.

24 (c) "Moderate-income household" means: For purposes of the pilot  
25 program authorized in this section, a single person, family, or  
26 unrelated persons living together whose adjusted income is above 80  
27 percent of the median household income adjusted for family size, for  
28 the county where the affordable housing project is located, but less  
29 than the state median income, as reported by the United States  
30 department of housing and urban development.

31 (d) "System development charges" means charges for new utility  
32 improvements.

33 (e) "Utility improvements" means drinking water, wastewater, or  
34 stormwater utility improvements.

35 (5) \$10,000,000 of the appropriation in this section is provided  
36 solely for the Fort Lawton redevelopment project. The funding  
37 provided in this subsection is not subject to the provisions of  
38 subsection (3) of this section. The legislature intends to provide  
39 funds in the amount of \$10,000,000 in the 2027-2029 fiscal biennium  
40 to the Fort Lawton redevelopment project.

(6) The appropriation in this section is subject to the provisions of section 8018 of this act.

Appropriation:

State Building Construction Account—State. . . . .	\$100,000,000

NEW SECTION.    **Sec. 1021.    FOR THE DEPARTMENT OF COMMERCE**

2025-27 Housing Trust Fund (40000677)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$133,000,000 of the state building construction account—state and \$402,000,000 of the state taxable building construction account—state appropriations are provided solely for the new construction, acquisition, or acquisition and rehabilitation of affordable housing projects that serve and benefit low-income and special needs populations including, but not limited to, people with chronic mental illness or behavioral health conditions, farmworkers, people who are homeless, and people in need of permanent supportive housing. The department shall strive to invest at least 20 percent of the appropriation provided under this section with by and for organizations, as defined by the office of equity.

(a) \$53,000,000 of the state building construction account—state and \$162,000,000 of the state taxable building construction account—state appropriations are provided solely for multifamily rental housing projects.

(b) \$50,000,000 of the state taxable building construction account—state appropriation is provided solely for affordable housing projects that serve and benefit low-income people with developmental or intellectual disabilities. The department must use a separate application form and evaluation criteria for applications under this subsection. The department must coordinate with the department of social and health services regarding any needed supportive services and make efforts to enact the recommendations of the housing needs study for individuals with intellectual and developmental disabilities, as provided in section 1068(6), chapter 332, Laws of 2021. The department must consider prioritizing funding under this

1 subsection for housing that serves individuals who are exiting  
2 residential habilitation centers or facilities.

3 (c) \$100,000,000 of the state taxable building construction  
4 account—state appropriation is provided solely for permanent  
5 supportive housing projects in accordance with the apple health and  
6 homes rapid permanent supportive housing program created in RCW  
7 43.330.187. Of the amounts provided in this subsection (1)(c),  
8 \$4,250,000 is provided solely for the Maple Court Permanent  
9 Supportive Housing project.

10 (d) \$30,000,000 of the state building construction account—state  
11 appropriation and \$45,000,000 of the state taxable building  
12 construction account—state appropriation in this section are provided  
13 solely for the development of homeownership projects affordable to  
14 first-time low-income households. Projects serving homebuyers whose  
15 income is up to 80 percent of the area median income, adjusted for  
16 household size for the county where the property is located are  
17 eligible to apply, except that projects located in rural areas of the  
18 state, as defined by the department, serving homebuyers whose income  
19 is up to 100 percent of the area median income, adjusted for  
20 household size for the county where the property is located are  
21 eligible to apply. Eligible activities include, but are not limited  
22 to, down payment assistance, closing costs, acquisition,  
23 rehabilitation costs, and new construction. The department shall  
24 strive to invest at least 20 percent of these funds with by and for  
25 organizations, as defined by the office of equity, and make efforts  
26 to enact the recommendations of the homeownership disparities work  
27 group created in section 128(100), chapter 297, Laws of 2022.

28 Of the amounts provided in this subsection (1)(d), \$2,500,000 of  
29 the state building construction account—state appropriation is  
30 provided solely for the Orchard Gardens project.

31 (e)(i)(A) \$17,500,000 of the state taxable building construction  
32 account—state appropriation is provided solely for the northwest  
33 cooperative development center to provide subgrants for the  
34 acquisition and preservation of mobile or manufactured home  
35 communities where at least 50 percent of the preserved homes are and  
36 will remain occupied by low-income households. Funding provided under  
37 this subsection (1)(e)(i) may be used for the purpose of avoiding  
38 household displacement due to sale or other transactions and ensuring  
39 preservation of housing affordability for low-income households for a

1 minimum of 40 years and may be awarded only to eligible organizations  
2 as defined in RCW 59.20.030.

3 (B) \$2,500,000 of the state taxable building construction account  
4 —state appropriation is provided solely for the Bayside Housing  
5 project.

6 (ii) \$10,000,000 of the state taxable building construction  
7 account—state appropriation is provided solely for the northwest  
8 cooperative development center to provide subgrants to organizations  
9 that are mobile home park cooperatives or manufactured housing  
10 cooperatives, as those terms are defined in RCW 59.20.030, for  
11 critical improvements, repairs, and infrastructure upgrades to  
12 promote the preservation of mobile or manufactured home communities  
13 as affordable housing. The grantee must award subgrants based on  
14 needs relating to health, safety, and cost for resident-owned  
15 manufactured housing community cooperatives in Washington.

16 (f) \$10,000,000 of the state taxable building construction  
17 account—state appropriation is provided solely for eligible  
18 organizations under RCW 43.185A.040 to acquire, acquire and renovate,  
19 or prepare real property for rapid conversion into permanent  
20 supportive housing, transitional housing, indoor emergency housing,  
21 tiny homes, or indoor emergency shelters, with a primary focus on  
22 serving people with extremely low-incomes who are experiencing  
23 sheltered and unsheltered homelessness, including families with  
24 children, unaccompanied youth and young people, older adults, and  
25 people with disabilities. Acquisitions completed with temporary  
26 financing are eligible for funding provided in this section. The  
27 department may approve funding only for projects that result in  
28 increased shelter or housing capacity for extremely low-income people  
29 and households. In awarding funding pursuant to this subsection  
30 (1)(f), the department shall prioritize the acquisition of  
31 multifamily housing units and housing projects that rapidly move  
32 people experiencing sheltered or unsheltered homelessness into  
33 housing, including, but not limited to, individuals living in  
34 unsanctioned encampments, the public rights-of-way, or other public  
35 spaces. Amounts provided in this subsection (1)(f) may not be used  
36 for operating or maintenance costs, supportive services, or debt  
37 service.

1 (g) \$50,000,000 of the state building construction account—state  
2 appropriation is provided solely for affordable housing preservation  
3 projects, which may include, but are not limited to:

4 (i) Projects preserving and extending the affordability  
5 commitment period for projects in the housing trust fund portfolio.  
6 The funds may be provided for major building improvements,  
7 preservation, and system replacements, necessary for the existing  
8 housing trust fund portfolio to maintain its long-term viability. The  
9 department must require a capital needs assessment be provided before  
10 contract execution. Funds may not be used to add or expand the  
11 capacity of the property. When allocating funds, the department must  
12 prioritize buildings that are older than 15 years and that serve very  
13 low-income and extremely low-income populations.

14 (ii) Projects preserving affordable multifamily housing at risk  
15 of losing its affordability due to expiration of use restrictions  
16 that otherwise require affordability including, but not limited to,  
17 United States department of agriculture funded multifamily housing.  
18 The department must prioritize projects that satisfy the goal of  
19 long-term preservation of Washington's affordable multifamily housing  
20 stock, particularly in rural areas of the state. Funds may be used  
21 for acquisition or for acquisition and rehabilitation of properties  
22 to preserve the affordable housing units beyond their existing use  
23 restrictions and place them in Washington's housing trust fund  
24 portfolio for a minimum of 40 years. If a capital needs assessment is  
25 required, the department must work with the applicant to ensure that  
26 this does not create an unnecessary impediment to rapidly accessing  
27 these funds.

28 (iii) The funding provided under this subsection (g) is not  
29 subject to the 60-day application period in RCW 43.185A.150.

30 (h) \$5,000,000 of the state taxable building construction account  
31 —state appropriation in this section is provided solely for  
32 facilities housing low-income migrant, seasonal, or temporary  
33 farmworkers. The department shall prioritize funding of projects to  
34 areas of highest need. Funding may also be provided, to the extent  
35 qualified projects are submitted, for projects that address health  
36 and safety.

37 (i) The department shall strive to invest at least 10 percent of  
38 the appropriations provided under (a) and (d) of this subsection (1)  
39 for either affordable multifamily rental housing or homeownership  
40 projects, or both, benefiting low-income households in federally

1 recognized Indian tribes in the state of Washington. The department  
2 must conduct a separate application process and use separate  
3 evaluation criteria to solicit tribal housing projects and prioritize  
4 projects to tribal communities of highest need.

5 (2) \$3,000,000 of the state building construction account—state  
6 appropriation is provided solely for the department to provide  
7 preconstruction and technical assistance awards in accordance with  
8 RCW 43.185A.170. By January 1, 2027, the department must provide the  
9 governor and the appropriate committees of the legislature with a  
10 progress report for entities receiving awards made under this  
11 subsection (2). The progress report must list which entities applied  
12 for, and were successful in securing, additional financing for the  
13 construction or preservation of affordable housing.

14 (3) \$5,000,000 of the state building construction account—state  
15 appropriation in this section is provided solely for affordable  
16 housing urgent repair grants to be provided on an ongoing basis.  
17 Funding is not subject to the 60-day notification requirement in RCW  
18 43.185A.150. The funding may be provided to address nonrecurring  
19 repair projects including repair of units or buildings, abatement of  
20 potentially hazardous materials, and safety-related structural  
21 improvements of affordable housing. Each repair grant award may not  
22 exceed \$200,000 per award. However, the department may not limit the  
23 number of awards or amount received per organization.

24 (a) For purposes of this subsection (3), "affordable housing"  
25 means:

26 (i) Permanent supportive housing as defined in RCW 36.70A.030;  
27 and

28 (ii) Multifamily affordable housing projects in the housing trust  
29 fund portfolio.

30 (b) If the department receives application requests that exceed  
31 the appropriation level in this subsection (3), the department must  
32 prioritize projects under (a)(i) of this subsection (3).

33 (4) \$57,738,000 of the state taxable building construction  
34 account—state appropriation is provided for the following list of  
35 projects:

36	315 W 9th Seniors. . . . .	\$1,500,000
37	35th and Pacific Family Housing. . . . .	\$2,050,000

14	Affordable Housing. . . . .	\$8,050,000
15	WELD Seattle Recovery Housing. . . . .	\$2,050,000
16	YWCA North Central Washington. . . . .	\$5,000,000
17	(5) \$4,500,000 of the state building construction account—state	
18	appropriation is provided solely for Mary's Place Emergency Family	
19	Shelter.	
20	(6) The department must strive to allocate all of the amounts	
21	appropriated in subsections (1) through (3) of this section within	
22	the 2025-2027 fiscal biennium in the manner prescribed in each	
23	subsection. However, if upon review of applications the department	
24	determines there are not adequate suitable projects in a category,	
25	the department may allocate funds to other affordable housing	
26	projects serving other low-income and special needs populations,	
27	provided those projects are located in an area with an identified	
28	need for the type of housing proposed.

37 NEW SECTION. **Sec. 1022. FOR THE DEPARTMENT OF COMMERCE**

The appropriation in this section is subject to the following conditions and limitations:

(1) \$26,000,000 of the state building construction account—state appropriation in this section is provided solely for competitive grants to eligible entities for predevelopment, design, and construction of projects that provide a public benefit through research, development, demonstration, or deployment of clean energy technologies that save energy and reduce energy costs, reduce harmful air emissions, or increase energy independence for the state. Priority must be given to projects that benefit vulnerable populations and overburdened communities, including tribes.

(2) Entities eligible for grant funding under this section include local governments, federally recognized tribal governments and tribes' contracted service providers, public and private utilities that serve retail customers in the state, for-profit entities, research institutions, nonprofit organizations, and state agencies.

(3) To be eligible, a project must be consistent with the state energy strategy adopted under chapter 43.21F RCW and policies under chapter 19.405 RCW. To the extent practicable, the department must prioritize projects that build upon Washington's strengths in aerospace, maritime, information and communications technology, grid modernization, advanced materials, and decarbonizing the built environment.

(4) The department must invite stakeholders to participate in the design and implementation of grant programs funded under this section. The department must consider equity and environmental justice when developing the program structure and opportunities for applicant participation.

(5) When soliciting and evaluating proposals, awarding contracts, and monitoring projects under this section, the department must:

(a) Ensure that competitive processes, rather than sole source contracting processes, are used to select all projects;

(b) Ensure that a public benefit results from the use of public funds through due diligence and monitoring of contracted projects, including ensuring compliance with all applicable laws related to the project selection process, project monitoring, and contracting; and

(c) Prioritize projects for funding that leverage the greatest amount of matching funds, such as local levy funding.

(6)(a) The department must require project applicants to:

(i) Disclose all sources of public funding invested in a project; and

(ii) Identify by name any former or current state of Washington employees employed by the applicant or its governing body in the 24 months preceding the application submittal. The identification must include the person's separation date and job title or position held. If the department determines that a conflict of interest or other violation of chapter 42.52 RCW exists, the application must be disqualified from further consideration.

(b) If, after a grant has been awarded, the department finds that a grantee has violated chapter 42.52 RCW, either in procuring or performing under the grant, the department in its sole discretion may terminate the grant funding by written notice. If the grant is terminated, the department must reserve its right to pursue all available remedies under law to address the violation.

(7) The department must specify the requirements in subsections (5) and (6) of this section in funding contracts entered into by the department under this section.

(8) \$5,000,000 of the state building construction account—state appropriation in this section is provided solely for grants to tribes for clean energy development projects. Eligible uses of grant funding include planning, predesign, design, construction, project predevelopment, and deployment of clean energy projects that contribute to achieving the state's greenhouse gas emissions reduction goals and related policies. The department must collaborate with tribes in the design and development of this grant program.

(9) \$4,000,000 of the climate commitment account—state appropriation in this section is provided solely for the Pacific Northwest national laboratory test bed. The appropriation in this subsection is contingent upon the receipt of federal funding in sufficient amounts to complete the project.

(10) The state building construction account—state appropriation in this section is subject to the provisions of section 8018 of this act.

Appropriation:

State Building Construction Account—State. . . . . \$31,000,000

Climate Commitment Account—State. . . . .	\$4,000,000
Subtotal Appropriation. . . . .	\$35,000,000
Prior Biennia (Expenditures). . . . .	\$0
Future Biennia (Projected Costs). . . . .	\$140,000,000
TOTAL. . . . .	\$175,000,000

**NEW SECTION. Sec. 1023. FOR THE DEPARTMENT OF COMMERCE**

2025-27 Communities of Concern (40000680)

The appropriation in this section is subject to the following conditions and limitations:

(1) The department may not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Before receiving funds, project recipients must demonstrate that the project site is under control for a minimum of 10 years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high performance building standards under chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only and may not be advanced under any circumstances.

(5) In contracts for grants authorized under this section, the department shall include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The department must comply with the requirements set forth in executive order 21-02 and must consult with the department of archaeology and historic preservation and affected tribes on the potential effects of these projects on cultural resources and historic properties. Consultation with the department of archaeology and historic preservation and affected tribes must be initiated before project funds are made available.

(8) The appropriation in this section is provided solely for the following list of projects:

Skagit Farmworker Led Community Farm project. . . . .	\$750,000
Intramuros Village and Cultural Community Center. . . . .	\$3,271,000

(9) In future budget cycles, it is the intent of the legislature to appropriate grant funds, for the purposes provided in this section, through other ongoing state capital budget grant programs such as the regional approaches or community participatory budgeting programs through the department of commerce. Past and prospective program applicants are encouraged to apply for funding through those programs.

(10) The appropriation in this section is subject to the provisions of section 8018 of this act.

Appropriation:

State Building Construction Account—State. . . . .	\$4,021,000
Prior Biennia (Expenditures). . . . .	\$0
Future Biennia (Projected Costs). . . . .	\$0
TOTAL. . . . .	\$4,021,000

NEW SECTION.    **Sec. 1024.    FOR THE DEPARTMENT OF COMMERCE**

2025-27 Solar and Energy Storage Grants (40000682)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$15,000,000 of the climate commitment account—state appropriation and \$5,000,000 of the state building construction account—state appropriation in this section are provided for grants to increase the deployment of distributed solar and battery energy storage systems to enhance grid resilience, provide backup power for

critical needs, and reduce energy costs. Projects may be solar energy systems, battery energy storage, or solar paired with battery energy storage. Funding may also be used to enable electric utility demand response programs that include customer-sited solar and battery energy storage systems. Eligible uses of the amounts provided in this section include, but are not limited to, planning and predevelopment work with communities.

(2) Entities eligible for grant funding under this section include public higher education institutions, school districts, tribal governments and tribal entities, state and local governments, nonprofit organizations, and entities participating in federally funded solar programs administered by the department.

(3)(a) For energy storage projects, the department must prioritize facilities that serve community members during power outages or provide critical infrastructure; and

(b) Are grid-connected.

(4) The department may:

(a) Provide information to applicants about available clean energy tax credits and incentives, including elective pay, that may be applicable to the project for which state funding is being sought;

(b) Inquire, as part of the application, which tax credits and incentives the applicant plans to seek for the project;

(c) Prioritize projects seeking any applicable clean energy tax credits and incentives when developing and applying competitive criteria for selecting recipients under this section; and

(d) Consider the availability of any federal tax credits or other federal or nonfederal grants or incentives that the applicant may benefit from in review of the application.

(5) Funding awards made under this section may not exceed 100 percent of the cost of the project.

(6) \$650,000 of the state building construction account—state appropriation in this section is provided solely for the Northshore Senior Center Battery Storage project.

(7) The state building construction account—state appropriation in this section is subject to the provisions of section 8018 of this act.

23       2026 Local and Community Projects (40000709)

24       The appropriations in this section are subject to the following  
25 conditions and limitations:

26       (1) Except as provided for under subsection (12) of this section,  
27 the department may not expend the appropriation in this section  
28 unless and until the nonstate share of project costs have been either  
29 expended or firmly committed, or both, in an amount sufficient to  
30 complete the project or a distinct phase of the project that is  
31 useable to the public for the purpose intended by the legislature.  
32 This requirement does not apply to projects where a share of the  
33 appropriation is for design costs only.

1 (2) Before receiving funds, project recipients must demonstrate  
2 that the project site is under control for a minimum of 10 years,  
3 either through ownership or a long-term lease. This requirement does  
4 not apply to appropriations for preconstruction activities or  
5 appropriations in which the sole purpose is to purchase real property  
6 that does not include a construction or renovation component.

7 (3) Projects funded in this section may be required to comply  
8 with Washington's high performance building standards under chapter  
9 39.35D RCW.

10 (4) Project funds are available on a reimbursement basis only and  
11 may not be advanced under any circumstances.

12 (5) In contracts for grants authorized under this section, the  
13 department shall include provisions that require that capital  
14 improvements be held by the grantee for a specified period of time  
15 appropriate to the amount of the grant and that facilities be used  
16 for the express purpose of the grant. If the grantee is found to be  
17 out of compliance with provisions of the contract, the grantee shall  
18 repay to the state general fund the principal amount of the grant  
19 plus interest calculated at the rate of interest on state of  
20 Washington general obligation bonds issued most closely to the date  
21 of authorization of the grant.

22 (6) Projects funded in this section, including those that are  
23 owned and operated by nonprofit organizations, are generally required  
24 to pay state prevailing wages.

25 (7) The department must comply with the requirements set forth in  
26 executive order 21-02 and must consult with the department of  
27 archaeology and historic preservation and affected tribes on the  
28 potential effects of these projects on cultural resources and  
29 historic properties. Consultation with the department of archaeology  
30 and historic preservation and affected tribes must be initiated  
31 before project funds are made available.

9        2025-27 Community Participatory Budgeting (40000829)

10       The appropriation in this section is subject to the following  
11 conditions and limitations:

12       (1) The appropriation in this section is provided solely for the  
13 department to develop and administer a participatory, community-  
14 driven, noncompetitive grant program to identify and fund either  
15 decarbonization or resiliency projects, or both, that benefit  
16 overburdened communities as defined in RCW 70A.02.010.

17       (2) (a) \$2,800,000 of the appropriation is provided solely for the  
18 department, in consultation with the environmental justice council  
19 created in RCW 70A.02.110, to engage with at least two of the six  
20 overburdened communities identified by the department of health under  
21 section 222(124), chapter 376, Laws of 2024.

22       (b) The department must develop a participatory, community-driven  
23 process for identifying projects that mitigate the disproportional  
24 impacts of climate change on overburdened communities. The process  
25 must allow for full community engagement.

26       (3) \$5,500,000 of the appropriation is provided solely for the  
27 department to provide grants for projects identified pursuant to  
28 subsection (2) of this section.

29       (4) The department shall submit a report to the governor and  
30 appropriate committees of the legislature by June 30, 2027, including  
31 the work performed in subsections (2) and (3) of this section and  
32 summarizing its progress in granting funding through the  
33 participatory budgeting process.

34       (5) The department may use up to three percent of amounts  
35 appropriated in this section for administrative expenses.

Legislative Campus Modernization (92000020)

The appropriations in this section are subject to the following conditions and limitations:

(1) The reappropriation is subject to the provisions of section 1044, chapter 375, Laws of 2024, as amended by section 7033 of this act.

(2) The department must consult with the senate facilities and operations committee or its designees and the house of representatives executive rules committee or its designees at least every other month.

(3) All appropriations must be coded and tracked as separate discrete subprojects in the agency financial reporting system.

(4) If the department receives information, after value engineering has been performed, that projected costs for any of the subprojects in subsections (5) or (6) of this section will exceed the amount provided in the respective subsections, including projected costs in future biennia, the department must timely notify and

provide that information in writing to the project executive team.  
Prior to proceeding with design or construction, the department must:

(a) Provide at least three options that do not include square footage reduction to reduce the subproject costs to stay within the amount provided for that subproject and the project schedule;

(b) Consult with the project executive team on the options offered, before proceeding with a reduced cost option; and

(c) Receive majority consensus from the project executive team to either adopt and move forward with reduced cost options that bring the subproject costs within amounts appropriated or adopt a tentative modified budget for the subproject. If a tentative modified budget is adopted, the department must seek additional funding in the next agency budget submittal.

(5) \$135,043,000 of the state building construction account—state appropriation in this section is provided solely for the rehabilitation, design, and construction of the Pritchard building and the renovation of the John L. O'Brien building subproject.

(6) \$10,923,000 of the state building construction account—state appropriation and \$672,000 of the climate commitment act—state reappropriation in this section is provided solely for the legislative campus modernization global subproject that includes, but is not limited to, the capitol lot (opportunity site six east), 15th avenue southwest, the John A. 2025-27 Chehalis Basin Strategy (40000724)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$67,779,000 of the state building construction account—state and \$2,000,000 of the natural climate solutions account—state appropriation in this section are provided solely for Chehalis Basin board-approved projects:

(a) To protect and restore aquatic species habitat, including: Construction and property acquisition; preconstruction and acquisition planning and project development, feasibility, design, environmental review, and permitting; postconstruction and acquisition monitoring and adaptive management; and engagement of state agencies, tribes, conservation partners, landowners, and other parties;

1 (b) To reduce flood damage, including: Construction and property  
2 acquisition; preconstruction and acquisition project planning and  
3 development, feasibility, design, environmental review, and  
4 permitting; completion of environmental review and endangered species  
5 act consultation on the proposed flood protection facility;  
6 refinement and evaluation of the local action non-dam alternative;  
7 and engagement of state agencies, tribes, project sponsors,  
8 landowners, and other parties; and

9 (c) That advance both the habitat restoration and the flood  
10 damage reduction goals of the Chehalis Basin strategy using a  
11 multibenefit approach, including: Community outreach and education;  
12 construction and property acquisition; preconstruction and  
13 acquisition planning and project development, feasibility, design,  
14 environmental review, and permitting; postconstruction and  
15 acquisition monitoring and adaptive management; and engagement of  
16 federal, state, and local agencies, tribes, conservation partners,  
17 landowners, and other parties.

18 (2) \$5,250,000 of the state building construction account—state  
19 appropriation in this section is provided solely for the staffing and  
20 operations of the office of Chehalis Basin and Chehalis Basin board  
21 to oversee the development, implementation, and amendment of the  
22 Chehalis Basin strategy, and this is the maximum amount the board may  
23 expend for this purpose. Oversight operations include, but are not  
24 limited to: Providing financial accountability, project management,  
25 technical assistance of grants and contracts associated with the  
26 subprojects funded through this section, and board meeting  
27 administration and facilitation.

28 (3) Specific projects must be approved by at least six of the  
29 seven voting members of the Chehalis Basin board. The Chehalis Basin  
30 board has the discretion to allocate the funding between subsections  
31 (1)(a), (b), and (c) of this section as needed to meet the objectives  
32 of this appropriation and if approved by at least six of the seven  
33 voting members of the board. However, \$5,250,000 is the maximum  
34 amount the department may expend for the purposes of subsection (2)  
35 of this section.

36 (4) The state building construction account—state appropriation

NEW SECTION.    **Sec. 3031.    FOR THE DEPARTMENT OF ECOLOGY**

Capitol Lake-Deschutes Estuary Project (92000226)

The appropriation in this section is subject to the following conditions and limitations:

(1) The legislature finds that the portion of the capital campus known as Capitol Lake is an important ecological and recreational resource for the State of Washington that was once connected to the Deschutes Estuary. Due to a lack of routine management over the last

1 25 to 50 years, the lake ecosystem is degraded, resulting in poor  
2 water quality, excessive algae growth, and invasive species  
3 proliferation.

4 The legislature further finds that the department of enterprise  
5 services has conducted significant outreach and study by engaging  
6 with the Squaxin Island Tribe, local municipal governments, the Port  
7 of Olympia, and other local stakeholders towards the goal of a long-  
8 term management solution that returns the lake to an estuary. The  
9 legislature acknowledges these efforts and partner commitments  
10 towards contributing to future maintenance and renewal but recognizes  
11 that the substantial investment necessary for the estuary restoration  
12 plan as currently proposed is not feasible. In an effort to both  
13 address the degraded lake water quality and identify a cost-effective  
14 approach to an estuary restoration that the state can responsibly  
15 support, the legislature intends to transfer management of this  
16 aquatic ecosystem to a state agency with natural resources expertise.  
17 Addressing the water quality of the lake will not only provide  
18 immediate benefit to the health of Capitol Lake and Budd Inlet, but  
19 also serve as a necessary precursor to a future estuary restoration.

20 (2) \$8,000,000 of the appropriation in this section is provided  
21 solely for the department, in consultation with the department of  
22 enterprise services and office of the governor, for the Deschutes  
23 estuary restoration. The department shall use past reports and  
24 studies, consider existing stakeholder input, and critically consider  
25 elements of the current, but incomplete, department of enterprise  
26 services design. The updated design must include a recommended series  
27 of projects phased over several biennia with defined deliverable  
28 outcomes that move the state forward to a completed estuary. For each  
29 project phase, the plan shall identify expected timelines, estimated  
30 expenditures, and opportunities for non-state matching fund sources  
31 that contribute to the planned restoration and construction costs.  
32 The design may include only those elements associated with the  
33 construction of the estuary habitat, roadway and bridge improvements  
34 necessary to remove the existing 5th avenue bridge and associated  
35 necessary infrastructure and must minimize overall project cost.  
36 Recreational or pedestrian enhancement elements of the project must  
37 be designed as a separate bid package that could be added to the  
38 project at a future date, subject to the availability of funding  
39 appropriated for these elements.

1       (3) \$4,000,000 of the appropriation in this section is provided  
2 solely for the department to develop and implement a lake management  
3 plan to improve the water quality of Capitol Lake and begin the  
4 plan's implementation.

5       (a) The lake management plan must be developed with the goals of  
6 improving water quality and enhancing ecosystem structure and  
7 function. The plan must include lake management strategies that:  
8 Reduce the presence of algae; remove aquatic invasive species;  
9 mitigate decades of sediment accumulation; manage internal and  
10 external nutrient inputs, including those contributing to the  
11 impairment of dissolved oxygen levels in Budd Inlet; improve sediment  
12 quality by removing the accumulation of toxic contaminants and  
13 bioavailable phosphorous; and increase acreage of freshwater  
14 wetlands, restored shoreline, and native emergent vegetation. The  
15 plan must incorporate water quality data, bathymetric surveys, and  
16 other sampling and modeling data already collected as part of  
17 prior Capitol Lake and Deschutes Estuary studies.

18       (b) Management strategies identified to achieve the goals must be  
19 innovative and may include: The use of thermal treatments and  
20 saltwater backflushing for invasive species removal, direct algae  
21 control methods, circulation and aeration techniques, dredging,  
22 phosphorus sequestration, and other methods determined to be  
23 effective. The plan must also include a detailed implementation  
24 framework with cost estimates and specific milestones to be achieved  
25 over a five-year period.

26       (4) No later than September 1, 2026, the department must submit  
27 to the governor and the capital budget committee chairs and ranking  
28 members of the legislature:

29       (a) A lake management plan in accordance with the provisions of  
30 subsection (3) of this section;

31       (b) An update on the progress of design for the restoration of  
32 the Deschutes Estuary;

33       (c) A description of work performed to date, including any  
34 encountered obstacles or delays;

35       (d) An updated project management plan that includes both the  
36 lake management and estuary restoration components, expected timeline  
37 for each portion of the plan, estimated expenditures for each stage,  
38 and potential funding sources to cover the planned restoration and  
39 construction costs;

(e) A list of necessary transportation and infrastructure enhancements to support the community; and

(f) A request for any additional funds needed in the 2027-2029 biennium to continue implementation.

(5) \$2,000,000 of the appropriation in this section is provided solely for any land acquisition necessary for the project.

(6) \$750,000 of the appropriation in this section is provided solely for project management costs.

Cama Beach State Park Study (91000454)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section must be used solely for an engineering study of both the short and long-term protection of the cabins, boathouse, store, roadways, and other structures in the historic resort area of Cama Beach state park. The study must include:

(a) A determination of the best methods and practices for protecting the resort area from geological processes including, but not limited to, erosion, sea level rise, high tides, wave action, winds, and soil movement, as well as the estimated cost, implementation timeline, and required permits necessary for each method or practice;

(b) An analysis of wastewater management options and cost estimates; and

(c) A proposal for mitigation of any nearshore or estuarine habitat damage or loss resulting from upgrades, replacement, or repairs to the existing seawall for marine shoreline stabilization and wastewater management for the site. The proposal must be developed in consultation with interested local tribes, the department of ecology, the department of natural resources, and the appropriate jurisdictions.

(2) In the performance of the work set forth in subsection (1) of this section, the commission must comply with the requirements in executive order 21-02 and must consult with the department of archaeology and historic preservation and affected tribes on the potential effects of the recommended methods and practices on cultural resources.

(3) The agency must submit a report to the appropriate committees of the legislature by October 1, 2026, that includes the work performed pursuant to subsection (1) of this section, and a summary of recommendations made in the study and proposal for mitigation.

30 The appropriation in this section is subject to the following  
31 conditions and limitations:

32 (1) The appropriation is provided solely for technical assistance  
33 and grants to conservation districts for the purpose of implementing

1 water conservation measures and irrigation efficiencies. The state  
2 conservation commission shall give preference to projects prioritized  
3 locally or regionally through a planning process that includes public  
4 and partner input addressing water resource concerns.

5 (2) Conservation districts statewide are eligible for grants  
6 listed in subsection (1) of this section. A conservation district  
7 receiving funds shall manage each grant to ensure that a portion of  
8 the water saved by the water conservation measure or irrigation  
9 efficiency will be available for other instream and out-of-stream  
10 uses and users. The proportion of saved water made available for  
11 other uses and users must be equal to the percentage of the public

18 2025-2027 Voluntary Riparian Grant Program (40000049)

19 The appropriations in this section are subject to the following  
20 conditions and limitations:

21 (1) The appropriations in this section are provided solely for  
22 the state conservation commission to provide grants for riparian  
23 restoration projects with landowners.

24 (2)(a) Within funds appropriated in this section, the commission  
25 shall develop and implement the voluntary riparian grant program to  
26 fund protection and restoration of critical riparian management  
27 zones. The commission is responsible for developing the voluntary  
28 grant program criteria to achieve optimal restoration of functioning  
29 riparian ecosystems in priority critical riparian management zones.

30 (b) In adopting program criteria, the commission shall:

31 (i) Invite federally recognized tribes to be full participants;

32 (ii) Coordinate with private landowners and other interested  
33 stakeholders;

34 (iii) Coordinate with the department of ecology, the department  
35 of fish and wildlife, conservation districts, and the department of  
36 agriculture; and

1 (iv) Consider the best available, locally applicable science that  
2 is specific to each region of the state where the program criteria  
3 will be applied.

4 (3) The commission shall prioritize critical riparian management  
5 zones at the watershed or subbasin scale where grant funding under  
6 the program would be primarily targeted. The prioritization must be  
7 informed by, consistent with, and aligned with one or more of the  
8 following: Watershed plans developed pursuant to chapter 90.82 RCW;  
9 the action agenda developed under RCW 90.71.260; regional recovery  
10 plans created under RCW 77.85.090; the habitat project lists  
11 developed pursuant to RCW 77.85.050; the prioritization process  
12 developed under RCW 77.95.160; and priority projects identified for  
13 salmon recovery through agency grant programs.

14 (4) Conditions for awarding funding for projects under this  
15 program include, but are not limited to:

16 (a) Consistency with the program criteria established under  
17 subsection (2) of this section;

18 (b) Tiered incentive rates tied to improving functionality for  
19 riparian areas; and

20 (c) Other requirements as determined by the commission.

21 (5) The commission must distribute riparian grant program funding  
22 equitably throughout the state, consistent with received grant  
23 applications and benefit to salmon habitat. The legislature intends  
24 for funding to be primarily for projects located in salmon recovery  
25 regions, as defined in RCW 77.85.010, but funding may also be  
26 distributed to a project not located in a salmon recovery region upon  
27 a determination by the commission that the project will provide a  
28 unique benefit to salmon habitat.

29 (6) Allowable expenses to a grantee receiving funds under this  
30 section include, but are not limited to, labor, equipment, fencing,  
31 mulch, seed, seedling trees, manual weed control, and yearly  
32 maintenance costs for up to 10 years.

33 (7) Any native woody trees and shrubs planted with funding  
34 provided under this section must be maintained for a minimum of five  
35 years or as otherwise set by the commission for each grantee.  
36 Vegetation must be chosen to prevent invasive weed populations and  
37 ensure survival and successful establishment of plantings.

38 (8) The commission shall determine appropriate recordkeeping and  
39 data collection procedures required for program implementation and  
40 shall establish a data management system that allows for coordination

1 between the commission and other state agencies. Any data collected  
2 or shared under this section may be used only to assess the success  
3 of the riparian grant program in improving the functions of critical  
4 riparian habitat.

5 (9) The commission shall develop and implement a framework that  
6 includes monitoring, adaptive management, and metrics in order to  
7 ensure consistency with the requirements of the riparian grant  
8 program. The monitoring and adaptive management framework may  
9 include, but is not limited to, consideration of:

10 (a) Acres identified as eligible for restoration within a  
11 watershed;

12 (b) Acres planned to be restored;

13 (c) Acres actually planted and maintained;

14 (d) Success in targeting and achieving aggregated project  
15 implementation resulting in an increase in linear miles restored;

16 (e) Plan review criteria; and

17 (f) Other similar factors as identified by the commission.

18 (10) The commission may use up to two percent of any amounts  
19 appropriated in this section for targeted outreach activities that  
20 focus on critically identified geographic locations for listed salmon  
21 species.

22 (11) The commission may use up to four percent of amounts  
23 appropriated in this section for administrative expenses.

24 (12) For the purposes of this section, "critical riparian  
25 management zone" means the area adjacent to freshwaters, wetlands,  
26 and marine waters that has been locally or regionally identified as  
27 an area where salmon recovery efforts would significantly benefit  
28 from enhanced protection or restoration.

29 (13) The state building construction account—state appropriation  
30 in this section is subject to the provisions of section 8018 of this  
31 act.

Point Whitney Appraisal and Sale (92001254)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for the appraisal and administrative costs associated with offering for sale the state-owned property at Point Whitney to the Jamestown S'Klallam tribe.

(2) Before the department may offer the property for sale to the Jamestown S'Klallam tribe, the department must, after conferring with the recreation and conservation office, communicate to the Jamestown S'Klallam tribe the nature and extent of any public access elements or other requirements associated with grants that the department has received in connection with the property. The Jamestown S'Klallam tribe may take title to the property only on the conditions that: (a) It does so subject to any conditions, covenants, restrictions, and requirements associated with the property as a result of any grants that the department or the recreation and conservation office have received in connection with the property; (b) it agrees to satisfy any remedy required as a result of its uses of the property that may be in conflict with such conditions, covenants, restrictions, and requirements; and (c) it agrees to waive any claim or assertion of sovereign immunity from suit, including arbitration and enforcement of any decision in any arbitration, to interpret or enforce the provisions of such conditions, covenants, restrictions, and requirements.

(3) Subject to the requirements of subsection (2) of this section, the department shall offer the sale of the property at appraised fair market value to the tribe before June 30, 2026. If the tribe chooses to purchase the property, it must do so at the appraised fair market value and subject to the conditions set forth in subsection (2) of this section.

(4) The department may retain the funds generated by the sale for the primary purpose of satisfying any requirements that may be imposed by the recreation and conservation office as a result of grants received by the department or the recreation and conservation office in connection with the property, and may reinvest any remaining funds in other properties that offer public access to water, fishing, and other equivalent recreational opportunities.

79.70 and 79.71 RCW. The department shall provide a report to the house capital budget committee, senate ways and means committee, and the governor by October 1, 2026, that includes the following:

(a) A Washington natural heritage program site survey to identify rare flora, native ecological communities, structurally complex forests, and scenic or other natural features worthy of consideration for conservation;

(b) Identification of lands within the watershed that may be appropriate for conservation as a state natural area preserve as defined in RCW 79.70.020 or a natural resources conservation area under RCW 79.71.020;

(c) Uses currently occurring in the area, including recreation and cultural practices;

(d) A proposed boundary, if applicable, for any such proposed natural area for review by the natural heritage advisory council; and

(e) An acknowledgment that any applicable proposed natural area boundary will be developed through the site establishment process as described in chapters 79.70 and 79.71 RCW.

**NEW SECTION. Sec. 3121. FOR THE DEPARTMENT OF NATURAL RESOURCES**  
Carbon Sequestration Forests (40000707)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in subsection (2) of this section is provided solely for the department to acquire working forestlands to be managed for increased carbon sequestration and carbon storage through sustainable timber harvests consistent with RCW 79.10.310 and 79.10.320. Pursuant to subsection (2) of this section, it is the intent of the legislature that these lands serve as harvestable replacement lands for structurally complex, carbon-dense forested state trust lands designated for conservation and for existing encumbered state forestlands. Once acquired, these replacement lands must be held in the land bank created in RCW 79.19.020. The replacement lands must be purchased before the transfer of any

existing forested state trust lands pursuant to this section is fully executed. The department must transfer the appropriated amount into the land bank account in accordance with RCW 79.19.120.

(2)(a) If the department acquires replacement lands pursuant to subsection (1) of this section, it must use the replacement lands for the following purposes:

(i) To serve as replacement forested state trust lands to replace structurally complex, carbon-dense forested state trust lands designated for permanent conservation consistent with the process set forth in subsection (3) of this section in counties located to the west of the crest of the Cascade mountains, which may include, but are not limited to, Clallam, Thurston, Whatcom, Snohomish, Jefferson, and Pierce counties; or

(ii) To serve as replacement state forestlands to replace existing encumbered state forestlands in Clallam, Pacific, Skamania, and Wahkiakum counties.

(b) If the department acquires land pursuant to subsection (1) of this section, it must allocate the value of any land acquired as follows:

(i) Up to \$10,000,000 for the purposes specified in subsection (2)(a)(i) of this section; and

(ii) Up to \$10,000,000 for the purposes specified in subsection (2)(a)(ii) of this section.

(c) The department must designate any lands acquired for the purposes specified in subsection (2)(a)(ii) of this section as state forest transfer lands.

(3) The department may not designate for conservation any forested state trust lands pursuant to subsection (2)(a)(i) of this section unless the department has received letters of support from the legislative authority of the counties in which the parcel of forestland proposed for conservation is located, and the board of natural resources has approved the boundaries of the parcel proposed for conservation. County concurrence and board approval pursuant to this process must be finalized before any forested state trust lands may be transferred out of trust status pursuant to this section.

(4) If the department acquires any replacement lands pursuant to this section, the department must ensure that any replacement of structurally complex, carbon-dense forested state trust lands pursuant to subsection (2)(a)(i) of this section be of equal value to the land designated for conservation.

(5)(a) In the 2025-2027 fiscal biennium, the legislative authority of a county seeking to participate in the conservation opportunity described in subsection (2)(a)(i) of this section may, for any state forestlands included within the lands designated for conservation, request that the department distribute to the county a portion of the current market value of the parcel as a one-time payment, subject to the requirement that the department must retain no less than \$12,000 per acre to invest in replacement trust land. Upon such a request in writing, and subject to prior approval by the board, the department shall distribute to the county the requested portion of the market value as provided in RCW 79.64.110. Any amount distributed to a county as a one-time payment must be deducted from the amount available to purchase replacement trust land for that county.

(b) The county treasurer shall distribute any revenues received pursuant to subsection (5)(a) of this section to each appropriate taxing district in which the conserved forested state trust lands are located in the same manner as the revenues would otherwise be distributed if the revenues were received from timber harvest or other revenue-generating activities on such lands.

(6) In the 2025-2027 fiscal biennium, the department may designate the structurally complex, carbon-dense forested state trust lands identified in subsection (2)(a)(i) of this section as a natural area preserve or a natural resource conservation area notwithstanding the requirements of chapters 79.70 and 79.71 RCW.

(7) \$3,000,000 of the appropriation is provided solely for the department to prepare commercial thinning timber sales for the purposes of restoring habitat, increasing carbon storage and sequestration, and facilitating access to more timber volume than is possible under normal operating funding.

(8) For the purposes of this section, "forested state trust lands" includes both "state forestlands" as defined in RCW 79.02.010 and forested "state lands" as defined in RCW 79.02.010.

13        2025-27 Classroom Indoor Air Quality Projects (40000144)

14        The appropriations in this section are subject to the following  
15 conditions and limitations:

16        (1) (a) \$5,568,000 of the climate commitment account—state  
17 appropriation and \$2,273,000 of the state building construction  
18 account—state appropriation in this section are provided solely for  
19 grants to school districts with enrollments exceeding 3,000 students  
20 for indoor air quality assessment, installation, repair, or  
21 replacement of HVAC, air filtration enhancements, and general air  
22 quality improvements that improve student health and safety.

23        (b) Grantees under this subsection (1) may: (i) Seek technical  
24 assistance from state-funded entities, such as the office of the  
25 superintendent of public instruction, the department of commerce, and  
26 the department of health; (ii) seek technical assistance from other  
27 entities, such as local health jurisdiction school safety programs

30 and technical assistance from commercial entities that have  
31 specialized knowledge of troubleshooting modern HVAC or smart  
32 building systems.

33        (c) Subject to subsection (3) of this section and if applications  
34 for assessment grants under this subsection exceed available funding,  
35 the office of the superintendent of public instruction must first  
36 prioritize grants for school districts: (i) Without existing HVAC

1 systems; (ii) that have documented proof of indoor air quality  
2 performance that does not meet current state energy code; (iii) with  
3 outdated or underperforming HVAC systems; and (iv) that have the most  
4 limited financial capacity. Assessments funded under this subsection  
5 (1)(c) must include professional cost estimates for mitigating the  
6 indoor air quality deficiencies identified.

7 (2) (a) \$6,932,000 of the climate commitment account—state  
8 appropriation and \$2,727,000 of the state building construction  
9 account—state appropriation in this section are provided solely for  
10 grants to school districts with enrollments that are less than or  
11 equal to 3,000 students for assessment, installation, repair, or  
12 replacement of HVAC, air filtration enhancements, and general air  
13 quality improvements that improve student health and safety.

14 (b) Grantees under this subsection may: (i) Seek technical  
15 assistance from state funded entities, such as the office of the  
16 superintendent of public instruction, the department of commerce, and  
17 the department of health; (ii) seek technical assistance from other  
18 entities, such as local health jurisdiction school safety programs  
19 and the smart buildings center's K-12 ventilation and indoor air  
20 quality resource team; and (iii) use funding awarded to seek guidance  
21 and technical assistance from commercial entities that have  
22 specialized knowledge of troubleshooting modern HVAC or smart  
23 building systems.

24 (c) Subject to subsection (3) of this section and if applications  
25 grants under this subsection exceed available funding, the office of  
26 the superintendent of public instruction must first prioritize grants  
27 for school districts: (i) Without existing HVAC systems; (ii) that  
28 have documented proof of indoor air quality performance that does not  
29 meet current state energy code; (iii) with outdated or  
30 underperforming HVAC systems; and (iv) that have the most limited  
31 financial capacity.

32 (3) The office of the superintendent of public instruction must  
33 first allocate, to the maximum extent feasible, the funding  
34 appropriated under this section to grants prioritized under  
35 subsections (1) and (2) of this section. However, as necessary to  
36 award grants using the climate commitment account—state appropriation  
37 in this section, the superintendent of public instruction may also  
38 prioritize grants under this section that will improve compliance

with the state's energy-related building standards in chapter 19.27A RCW by reducing energy use intensity.

(4) The state building construction account—state appropriation in this section is subject to the provisions of section 8018 of this act.

Appropriation:

State Building Construction Account—State. . . . .	\$5,000,000

NEW SECTION.      **Sec. 5005.      FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION**

2025-27 School District Health and Safety (40000146)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$11,000,000 of the appropriation in this section is provided solely for emergency repair grants to address unexpected and imminent health and safety hazards at K-12 public schools, including skill centers, that will impact the day-to-day operations of the school facility, and this is the maximum amount that may be spent for this purpose. For emergency repair grants only, an emergency declaration must be signed by the school district board of directors and submitted to the superintendent of public instruction for consideration. The emergency declaration must include a description of the imminent health and safety hazard, the possible cause, the proposed scope of emergency repair work and related cost estimate, and identification of local funding to be applied to the project. Grants of emergency repair moneys must be conditioned upon the written commitment and plan of the school district board of directors to repay the grant with any insurance payments or other judgments that may be awarded, if applicable.

(2) \$20,000,000 of the appropriation in this section is provided solely for health and safety and equal access grants.

(a) \$15,000,000 of the appropriation in this section is provided solely for urgent repair grants to address nonrecurring urgent small

1 repair projects at K-12 public schools, excluding skill centers, that  
2 could impact the health and safety of students and staff if not  
3 completed, and this is the maximum amount that may be spent for this  
4 purpose. The office of the superintendent of public instruction,  
5 after consulting with maintenance and operations administrators of  
6 school districts, shall develop criteria and assurances for providing  
7 funding for specific projects through a competitive grant program.  
8 The criteria and assurances must include, but are not limited to, the  
9 following: (i) Limiting school districts to one grant, not to exceed  
10 \$600,000, per three-year period; (ii) prioritizing applications based  
11 on limited school district financial resources for the project; and  
12 (iii) requiring any district receiving funding provided in this  
13 section to demonstrate a consistent commitment to addressing school  
14 facility needs. The grant applications must include a comprehensive  
15 description of the health and safety issues to be addressed, a  
16 detailed description of the remedy, including a detailed cost  
17 estimate of the repair or replacement work to be performed, and  
18 identification of local funding, if any, which will be applied to the  
19 project. Grants may be used for, but are not limited to: Repair or  
20 replacement of failing building systems, abatement of potentially  
21 hazardous materials, and safety-related structural improvements.

22 (b) \$5,000,000 of the appropriation in this section is provided  
23 solely for equal access grants for facility repairs and alterations  
24 at K-12 public schools, including skills centers, to improve  
25 compliance with the Americans with disabilities act and individuals  
26 with disabilities education act, and this is the maximum amount that  
27 may be spent for this purpose. The office of the superintendent of  
28 public instruction shall develop criteria and assurances for  
29 providing funding for specific projects through a competitive grant  
30 program. The criteria and assurances must include, but are not  
31 limited to, the following: (i) Limiting districts to one grant, not  
32 to exceed \$150,000, per three-year period; (ii) prioritizing  
33 applications based on limited school district financial resources for  
34 the project; and (iii) requiring recipient districts to demonstrate a  
35 consistent commitment to addressing school facility needs. The grant  
36 applications must include a description of the Americans with  
37 disabilities act or individuals with disabilities education act  
38 compliance deficiency, a comprehensive description of the facility  
39 accessibility issues to be addressed, a detailed description of the  
40 remedy including a detailed cost estimate of the repair or

1 replacement work to be performed, and identification of local  
2 funding, if any, which will be applied to the project. Priority for  
3 grant funding must be given to school districts that demonstrate a  
4 lack of capital resources to address the compliance deficiencies  
5 outlined in the grant application.

6 (3) The superintendent of public instruction must notify the  
7 office of financial management, the legislative evaluation and  
8 accountability program committee, the house of representatives  
9 capital budget committee, and the senate ways and means committee as  
10 projects described in subsection (1) of this section are approved for  
11 funding.

12 (4) The appropriation in this section is subject to the  
13 provisions of section 8018 of this act.

14 Appropriation:

15	State Building Construction Account—State. . . . .	\$31,000,000
16	Prior Biennia (Expenditures). . . . .	\$0
17	Future Biennia (Projected Costs). . . . .	\$124,000,000

21 2025-27 Healthy Kids-Healthy Schools (40000147)

22 The appropriation in this section is subject to the following  
23 conditions and limitations:

24 (1)(a) \$12,000,000 of the appropriation in this section is  
25 provided solely for healthy kids and healthy schools grants for  
26 projects that are consistent with the healthiest next generation  
27 priorities.

28 (b) The appropriation in this subsection (1) is provided solely  
29 for grant funding to school districts for the purchase of equipment  
30 or to make repairs to existing equipment that is related to  
31 improving: (i) Children's physical health, and may include, but is  
32 not limited to, fitness playground equipment, covered play areas, and  
33 physical education equipment or related structures or renovation; and  
34 (ii) children's nutrition, and may include, but is not limited to,  
35 garden related structures and greenhouses to provide students access  
36 to fresh produce, and kitchen equipment or upgrades.

37 (c) The office of the superintendent of public instruction shall  
38 develop criteria for grant funding under this subsection (1) that

include, but are not limited to, the following requirements: (i) Districts may apply for grants, but no single district may receive more than \$200,000 of the appropriation for grants awarded under this section; (ii) any district receiving funding provided in this section must demonstrate a consistent commitment to addressing school facilities' needs; and (iii) applicants with a high percentage of students who are eligible and enrolled in the free and reduced-price meals program may be prioritized.

(2) \$1,000,000 of the appropriation in this section is provided solely for grants to school districts, charter schools, and state-tribal education compact schools for the replacement of lead-contaminated pipes, drinking water fixtures, and the purchase of water filters, including the labor costs of remediation design, installation, and construction.

2025-27 Small District and STEC Schools Modernization Program  
(40000150)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$174,450,000 of the state building construction account—state appropriation in this section is provided solely for modernization grants for small school districts authorized under RCW 28A.525.159.

(2) \$530,000 of the common school construction account—state appropriation in this section is provided solely for planning grants for small school districts authorized under RCW 28A.525.159. Planning grants may not exceed \$50,000 per district. Planning grants may only be awarded to school districts with an estimated total project cost of \$6,000,000 or less. In awarding planning grants pursuant to this section, the office of the superintendent of public instruction must follow the list of planning grants submitted to the governor and the legislature for the 2025-2027 fiscal biennium, except that the office shall review the planning grant list for project redundancies and may not award planning grants for any project receiving design or construction funding appropriated in other sections of part 5 of this act.

(3) \$27,371,000 of the state building construction account—state appropriation in this section is provided solely for planning grants

1 and modernization grants to state-tribal compact schools. The  
2 superintendent of public instruction may prioritize planning grants  
3 for state-tribal compact schools with the most serious building  
4 deficiencies and the most limited financial capacity.

5 (4) The superintendent of public instruction shall submit a list  
6 of small school district modernization projects, as prioritized by  
7 the advisory committee under RCW 28A.525.159, to the legislature and  
8 the governor by September 15, 2026. The list must include: (a) A  
9 description of the project; (b) the proposed state funding level, not  
10 to exceed \$6,000,000 per project, adjusted for inflation based on the  
11 office of financial management's C-100 form; (c) estimated total  
12 project costs; and (d) local funding resources.

13 (5) In the 2025-2027 fiscal biennium, school districts receiving  
14 a small district modernization grant under this section may not  
15 combine this grant funding either with a school construction  
16 assistance program grant or with other grants awarded under this  
17 section to fund a single project.

18 (6) The appropriations in this section may be awarded only to  
19 projects approved by the legislature, as identified in LEAP Capital  
20 Document No. OSPI-1-2025, developed April 26, 2025.

21 (7) The state building construction account—state appropriation  
22 in this section is subject to the provisions of section 8018 of this  
23 act.

18 **INSTRUCTION**

19        SCAPR Transitional Projects (91002551)

20        The appropriations in this section are subject to the following  
21       conditions and limitations:

22        (1) It is the intent of the legislature to work with the office  
23       of the superintendent of public instruction and stakeholders to  
24       revise the school construction assistance program and to holistically  
25       examine the state's programmatic support of K-12 school construction  
26       through the planning process required under section 5011, chapter  
27       375, Laws of 2024. Pursuant to this section, the legislature intends  
28       that this revision and examination will be completed in a manner that  
29       will modify and improve efficiencies within, and access to, the  
30       school construction assistance program, while also identifying cost-  
31       saving measures for awarding state grants for the construction and  
32       modernization of common school facilities. The legislature further  
33       intends that this revision and planning process will result in a  
34       prioritized list of school construction projects that recognizes the  
35       substantial variation between district sizes and financial  
36       capacities, and which categorizes reasonably comparable applicants

into distinct school district groupings to foster a fair and equitable prioritization of projects. However, the legislature also recognizes that some school district projects will be ready to proceed to construction during this planning and revision period. Therefore, the legislature intends to provide funding to the school district projects listed in this section in recognition of this transitional period.

(2) School districts receiving grant funding pursuant to this section may combine this funding with a school construction assistance program grant and must use available local resources to contribute financially to the completion of the project.

(3) \$8,131,000 of the common school construction account—state appropriation in this section is provided solely for the Pe Ell school district's K-12 school modernization project.

(4) \$6,000,000 of the common school construction account—state appropriation in this section is provided solely for the Bridgeport school district's Bridgeport elementary school modernization project.

(5) \$3,972,000 of the common school construction account—state appropriation and \$6,000,000 of the state building construction account—state appropriation in this section are provided solely for the Inchelium school district's K-12 school modernization project.

(6) Grant funding provided to each school district in this section is contingent upon each of the applicable districts named in this section relinquishing all unspent construction grant funding previously awarded under section 7063 of this act.

(7) The state building construction account—state appropriation in this section is subject to the provisions of section 8018 of this act.

School Security and Preparedness Infrastructure Grants (92002069)

1       The appropriation in this section is subject to the following  
2 conditions and limitations:

3       (1) \$6,000,000 of the appropriation in this section is provided  
4 solely for school security and preparedness infrastructure grants to  
5 increase the physical security of K-12 public school facilities and  
6 campuses.

7       (2) Public school districts are eligible to apply for the grants.  
8 Eligible projects include:

9       (a) Entrance and door security including panic buttons;

10       (b) Fencing;

11       (c) Perimeter security infrastructure;

12       (d) Construction or infrastructure projects designed to direct  
13 the public entering school grounds through as few entrances as  
14 possible, such as through the main entrance of a school  
15 administrative office;

16       (e) Repair or upgrades of existing physical security  
17 infrastructure;

18       (f) Infrastructure designed to assist with or expedite law  
19 enforcement response to a threat or emergency within the school  
20 grounds; and

21       (g) Planning grants for improved security on campuses.

22       (3) No more than three percent of each grant may be expended by  
23 the grant recipients for management and administration of the grant.

24       (4) The office of the superintendent of public instruction must  
25 develop an application process and project evaluation criteria to  
26 evaluate applications. Priority for awards must be based on physical  
27 security needs and resulting improved safety. No award per school  
28 district may exceed \$500,000 in a biennium.

29       (5) By December 1, 2025, the office of the superintendent of  
30 public instruction must provide a progress report to the relevant  
31 policy and fiscal committees of the legislature. The report must  
32 include:

33       (a) The total number of applications and amount of funding  
34 requested; and

35       (b) A list and description of projects approved for funding.

**Sec. 7002.** 2019 c 413 s 6003 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF COMMERCE**

2018 Local and Community Projects (40000005)

The appropriations in this section are subject to the following conditions and limitations:

(1) The department shall not expend the appropriations in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of ten years,

1 either through ownership or a long-term lease. This requirement does  
2 not apply to appropriations for preconstruction activities or  
3 appropriations in which the sole purpose is to purchase real property  
4 that does not include a construction or renovation component.

5 (3) Projects funded in this section may be required to comply  
6 with Washington's high performance building standards as required by  
7 chapter 39.35D RCW.

8 (4) Project funds are available on a reimbursement basis only,  
9 and shall not be advanced under any circumstances.

10 (5) In contracts for grants authorized under this section the  
11 department shall include provisions which require that capital  
12 improvements be held by the grantee for a specified period of time  
13 appropriate to the amount of the grant and that facilities be used  
14 for the express purpose of the grant. If the grantee is found to be  
15 out of compliance with provisions of the contract, the grantee shall  
16 repay to the state general fund the principal amount of the grant  
17 plus interest calculated at the rate of interest on state of  
18 Washington general obligation bonds issued most closely to the date  
19 of authorization of the grant.

20 (6) Projects funded in this section, including those that are  
21 owned and operated by nonprofit organizations, are generally required  
22 to pay state prevailing wages.

23 (7) The appropriation is provided solely for the following list  
24 of projects:

26 (8) \$26,000 of the appropriation in this section is provided  
27 solely for implementation of the Spanaway lake management plan.

28 (9) \$1,250,000 of the appropriation in this section is provided  
29 solely for the planning, development, acquisition, and other  
30 activities pursing open space conservation strategies for the  
31 historic Federal Way Weyerhaeuser campus. The grant recipient must be  
32 a regional nonprofit nature conservancy that works to conserve  
33 keystone properties selected by the city of Federal Way.

34 (10)(a) \$900,000 of the appropriation in this section is provided  
35 solely for an Interbay public development advisory committee. It is  
36 the intent of the legislature to examine current and future needs of  
37 a state entity that performs an essential public function on state-  
38 owned property located in one of the state's designated manufacturing  
39 industrial centers. The legislature further intends to explore the

1 potential future uses of this state-owned property in the event that  
2 the state entity determines that it must relocate in order to protect  
3 its ability to perform its essential public function.

4 (b) The Interbay public development advisory committee is created  
5 to make recommendations regarding the highest public benefit and  
6 future economic development uses for the Washington army national  
7 guard armory facility in the city of Seattle, pier 91 property,  
8 located at the descriptions referred to in the quit claim deeds for  
9 two parcels of land, 24.75 acres total, dated January 8, 1971, and  
10 December 22, 2009.

11 (c) The Interbay advisory committee consists of seven persons  
12 appointed as follows:

13 (i) One person appointed by the speaker of the house of  
14 representatives;

15 (ii) One person appointed by the president of the senate; and

16 (iii) Five persons appointed by the governor, who must  
17 collectively have experience in forming public-private partnerships  
18 to develop workforce housing or affordable housing; knowledge of  
19 project financing options for public-private partnerships related to  
20 housing; architectural design and development experience related to  
21 industrial lands and mixed-use zoning to include housing; and  
22 experience leading public processes to engage communities and other  
23 stakeholders in public discussions regarding economic development  
24 decisions.

25 (d) The Interbay public development advisory committee must:

26 (i) Work in collaboration with the military department to  
27 determine the needs of the military department if it is relocated  
28 from the land described in subsection (1) of this section, including  
29 identifying:

30 (A) Current uses;

31 (B) Future needs of the units currently at this location;

32 (C) Potential suitable publicly owned sites in Washington for  
33 relocation of current units; and

34 (D) The costs associated with acquisition, construction, and  
35 relocation to another site or sites for these units;

36 (ii) Explore the future economic development opportunities if the  
37 land described in subsection (1) of this section is vacated by the  
38 military department, and make recommendations, including identifying:

39 (A) Suitable and unsuitable future uses for the land;

40 (B) Environmental issues and associated costs;

1 (C) Current public infrastructure availability, future public  
2 infrastructure plans by local or regional entities, and potential  
3 public infrastructure needs;

4 (D) Transportation corridors in the immediate area and any  
5 potential right-of-way needs; and

6 (E) Existing zoning regulations for the land and potential future  
7 zoning needs to evaluate workforce housing, affordable housing, and  
8 other commercial and industrial development compatible with the  
9 Ballard-Interbay manufacturing industrial center designation;

10 (iii) Explore the potential funding sources and partners as well  
11 as any needed transactions, and make recommendations, including:

12 (A) Any potential private partners or investors;

13 (B) Necessary real estate transactions;

14 (C) Federal funding opportunities; and

15 (D) State and local funding sources, including any tax-related  
16 programs; and

17 (iv) Conduct at least three public meetings at a location within  
18 the Ballard-Interbay manufacturing industrial center, where a quorum  
19 of the Interbay public development advisory committee members are  
20 present, at which members of the public are invited to present to the  
21 Interbay advisory committee regarding the future uses of the site and  
22 potential issues such as industrial land use, commercial development,  
23 residential zoning, and public infrastructure needs.

24 (e) Nothing in this section authorizes the solicitation of  
25 interest or bids for work related to the purposes of this section.

26 (f) The department of commerce shall provide staff support to the  
27 Interbay advisory committee. The department may contract with outside  
28 consultants to provide any needed expertise.

29 (g) Legislative members of the Interbay advisory committee are  
30 reimbursed for travel in accordance with RCW 44.04.120.  
31 Nonlegislative members are not entitled to be reimbursed for travel  
32 expenses if they are elected officials or are participating on behalf  
33 of an employer, governmental entity, or other organization. Any  
34 reimbursement for other nonlegislative members is subject to chapter  
35 43.03 RCW.

36 (11) \$2,000,000 of the appropriation in this section is provided  
37 solely to the city of Lakewood for the purchase of property within  
38 the federally designated north clear zone at joint base Lewis-  
39 McChord. Once acquired, the property must be zoned for use compatible  
40 with the mission and activity of McChord airfield. The city may lease

or resell the acquired property for fair market value, but any such lease or sale must include restrictions or covenants ensuring that the use of the property is safely compatible with the mission and activity of McChord airfield. If the city subsequently resells, rezones, develops, or leases the property for commercial or industrial uses contrary to the allowed uses in the north clear zone, the city must repay to the state the amount spent on the purchase of the property in its entirety within ten years.

(12) \$250,000 of the appropriation in this section is provided solely for a grant to the Federal Way chamber of commerce for two economic development projects focused in the south Puget Sound area. The amounts in this section must be used for a business retention and expansion program to conduct economic research in collaboration with stakeholders, develop data-driven economic strategies, and produce a written evaluation; and a tourism enhancement program to develop and inventory the Federal Way area tourism sector, analyze data regarding visitation, and produce a written evaluation.

(13) \$400,000 of the appropriation in this section is provided solely for the Northshore athletic field which shall be named "Andy Hill Sports Complex."

(14) \$1,177,000 of the appropriation in this section is provided solely for the Harmony sports complex infrastructure and safety improvements in Vancouver and is contingent upon the facility being open to the public.

(15) \$250,000 of the appropriation in this section is provided solely for the Asia Pacific cultural center in Tacoma. (~~It is the intent of the legislature that beyond the 2017-2019 fiscal biennium no state funding is provided to the Asia Pacific cultural center in Tacoma.~~)

8 follows:

9       **FOR THE DEPARTMENT OF COMMERCE**

10       2023-25 Behavioral Health Community Capacity Grants (40000299)

11       The appropriation in this section is subject to the following  
12 conditions and limitations:

13       (1) The appropriations in this section (~~(is)~~) are provided solely  
14 for the department to issue grants to community hospitals or other  
15 community providers to expand and establish new capacity for  
16 behavioral health services in communities. The department must  
17 consult an advisory group consisting of representatives from the  
18 department of social and health services, the health care authority,  
19 one representative from a managed care organization, one  
20 representative from an accountable care organization, and one  
21 representative from the association of county human services. Amounts  
22 provided in this section may be used for construction and equipment  
23 costs associated with establishment or preservation of the  
24 facilities. The department may approve funding for the acquisition of  
25 a facility if the project will result in increased behavioral health  
26 capacity. Amounts provided in this section may not be used for  
27 operating costs associated with the treatment of patients using these  
28 services.

29       (2) In awarding funding for projects in subsection (5) of this  
30 section, the department must establish criteria for the issuance of  
31 the grants, which must include:

32       (a) Evidence that the application was developed in collaboration  
33 with one or more regional behavioral health entities that administer  
34 the purchasing of services;

35       (b) Evidence that the applicant has assessed and would meet gaps  
36 in geographical availability of behavioral health services in their  
37 region;

1 (c) Evidence that the applicant is able to meet applicable  
2 licensing and certification requirements in the facility that will be  
3 used to provide services;

4 (d) A commitment by applicants to serve persons who are publicly  
5 funded and persons detained for involuntary commitment under chapter  
6 71.05 RCW;

7 (e) A commitment by the applicant to maintain and operate the  
8 beds or facility for a time period commensurate to the state  
9 investment, but for at least a 10-year period;

10 (f) The date upon which structural modifications or construction  
11 would begin and the anticipated date of completion of the project;

12 (g) A detailed estimate of the costs associated with opening the  
13 beds;

14 (h) A financial plan demonstrating the applicant's ability to  
15 maintain and operate the facility; and

16 (i) The applicant's commitment to work with local courts and  
17 prosecutors to ensure that prosecutors and courts in the area served  
18 by the hospital or facility will be available to conduct involuntary  
19 commitment hearings and proceedings under chapter 71.05 RCW.

20 (3) In awarding funding for projects in subsection (5) of this  
21 section, the department, in consultation with the advisory group  
22 established in subsection (1) of this section, must strive for  
23 geographic distribution and to allocate funding based on population  
24 and service needs of an area. The department must consider current  
25 services available, anticipated services available based on projects  
26 underway, and the service delivery needs of an area.

27 (4) The department must prioritize projects that increase  
28 capacity in unserved and underserved areas of the state.

29 (5) (a) \$29,443,000 of the state building construction account—  
30 state appropriation in this section is provided solely for  
31 competitive community behavioral health grants to address regional  
32 needs. Applicants must provide confirmation that the health care  
33 authority, department of social and health services, or a managed  
34 care organization plans to contract with the facility sufficient to  
35 cover the facility's operating costs. The department must give  
36 priority to facilities that:

37 (i) Serve individuals on 90-day or 180-day civil commitments as  
38 an alternative to treatment in the state hospitals;

39 (ii) Serve individuals who will be transitioned from or diverted  
40 from the state hospitals;

1 (iii) Provide secure withdrawal management and stabilization  
2 treatment beds; or

3 (iv) Provide substance use disorder treatment.

4 (b) In awarding this funding to projects under (a)(i) of this  
5 subsection (5), the department must coordinate with the department of  
6 social and health services, the health care authority, and the  
7 department of health and must only select facilities that meet the  
8 following conditions:

9 (i) The funding must be used to increase capacity related to  
10 serving individuals who will be transitioned from or diverted from  
11 the state hospitals;

12 (ii) The facility is not subject to federal funding restrictions  
13 that apply to institutions of mental diseases;

14 (iii) The provider has submitted a proposal for operating the  
15 facility to the health care authority;

16 (iv) The provider has demonstrated to the department of health  
17 and the health care authority that it is able to meet the applicable  
18 licensing and certification requirements for the facility that will  
19 be used to provide services; and

20 (v) The health care authority has confirmed that it intends to  
21 contract with the facility for operating costs within funds provided  
22 in the operating budget for these purposes.

23 (c) \$24,000,000 of the state building construction account—state  
24 appropriation in this section is provided solely for grants to  
25 intensive behavioral health treatment facilities for long-term  
26 placement of behavioral health patients with complex needs and that  
27 are not subject to federal funding restrictions that apply to  
28 institutions of mental diseases.

29 (d) \$18,000,000 of the state building construction account—state  
30 appropriation in this section is provided solely for grants to  
31 community providers to increase behavioral health services and  
32 capacity for children and minor youth including, but not limited to,  
33 services for youth crisis walk-in intervention, substance use  
34 disorder treatment, sexual assault and traumatic stress, anxiety, or  
35 depression, children with behavioral health and intellectual or  
36 developmental disability needs, and interventions for children  
37 exhibiting aggressive or depressive behaviors in facilities that are  
38 not subject to federal funding restrictions. Consideration must be  
39 given to programs that incorporate outreach and treatment for youth  
40 dealing with behavioral health or social isolation issues.

(e) \$4,250,000 of the state building construction account—state appropriation in this section is provided solely for grants to community providers to increase opioid treatment program services and access.

(6) The amounts provided in this subsection are subject to the criteria in subsection (1) of this section, except the projects are not required to establish new capacity:

(a) \$7,500,000 of the state building construction account—state appropriation in this section is provided solely for grants to community providers to prevent the closure of existing behavioral health facilities. For purposes of this subsection (6)(a), the department must implement necessary procedures to enable rapid commitment of funds on a first-come, first-served basis to qualifying project proposals that satisfy the goal of long-term preservation of behavioral health facilities.

(b) (~~(\$181,476,000)~~) \$179,576,000 of the state building construction account—state appropriation in this section is provided solely for the following list of projects:

23 construction account—state appropriation and \$1,250,000 of the  
24 capital community assistance account—state appropriation in this  
25 section are provided solely for design and construction of the Lummi  
26 Nation Substance Abuse Treatment project. ~~((The legislature intends~~  
27 ~~to provide funds in the amount of \$23,357,000 over the course of the~~  
28 ~~2023-2025 and 2025-2027 fiscal biennia for the Lummi Nation Substance~~  
29 ~~Abuse Treatment project.))~~ Pursuant to RCW 43.88.130, the department  
30 may enter into a multibiennium contract with Lummi Nation for the  
31 design and construction of the project. Nothing in this section  
32 authorizes the department to make an expenditure without an  
33 appropriation.

34 (7)(a) \$10,002,000 of the state building construction account—  
35 state appropriation and \$4,998,000 of the capital community  
36 assistance account—state appropriation in this section are provided  
37 solely for the purchase of the former Daybreak Youth Services  
38 building located in Clark County, Washington. Title of the property

1 must be held in the name of the state under the custody and control  
2 of the department of enterprise services.

3 (b) The department, with the assistance of the department of  
4 enterprise services, shall facilitate a lease agreement with Madrona  
5 Recovery Center, Inc. (Madrona) for a term of no less than 10 years,  
6 at a lease cost of \$1 per year. As a condition of the lease, the  
7 department shall obtain commitments and acknowledgments from Madrona  
8 as follows:

9 (i) The building will be operated for the purpose of providing  
10 substance use disorder treatment and other behavioral health  
11 treatment services to children and minor youth throughout the term of  
12 the lease;

13 (ii) Madrona is able to meet applicable licensing and  
14 certification requirements necessary to operate the facility;

15 (iii) Madrona commits to prioritizing services for persons who  
16 are publicly funded and are residents of the state of Washington;

17 (iv) Madrona has provided a detailed estimate of the costs  
18 associated with opening the beds at the facility;

19 (v) The date upon which structural modifications or construction  
20 would begin and the anticipated date of completion of the project,  
21 with an anticipated opening date of the facility that is no more than  
22 12 months from commencement of the lease; and

23 (vi) Madrona has submitted a financial plan demonstrating its  
24 ability to maintain and operate the facility, including confirmation  
25 that the health care authority, department of social and health  
26 services, or a managed care organization plans to contract with the  
27 facility sufficient to cover the facility's operating costs.

28 (c) \$1,000,000 of the state building construction account—state  
29 appropriation in this section is provided solely to Madrona for the  
30 purpose of tenant improvements necessary to operate the building for  
31 the purposes outlined in (b) of this subsection. The department must  
32 inform Madrona of its obligation to pay prevailing wage in completing  
33 tenant improvements financed by the state. Subsequent maintenance and  
34 repairs during the term of the lease are the responsibility of  
35 Madrona.

36 (d) \$200,000 of the state building construction account—state  
37 appropriation in this section is provided solely for the  
38 administrative costs associated with this project.

1 (8) The department shall notify all applicants that they may be  
2 required to have a construction review performed by the department of  
3 health.

4 (9) To accommodate the emergent need for behavioral health  
5 services, the department and the department of health, in  
6 collaboration with the health care authority and the department of  
7 social and health services, must establish a concurrent and expedited  
8 process to assist grant applicants in meeting any applicable  
9 regulatory requirements necessary to operate inpatient psychiatric  
10 beds, freestanding evaluation and treatment facilities, enhanced  
11 services facilities, triage facilities, crisis stabilization  
12 facilities, or secure detoxification/secure withdrawal management and  
13 stabilization facilities.

14 (10) The department must strive to allocate all of the amounts  
15 provided in this section in the manner prescribed in each subsection.  
16 However, if upon review of applications, the department determines,  
17 in consultation with the advisory group established in subsection (1)  
18 of this section, that there are not adequate suitable projects in a  
19 category, the department may allocate funding to other project  
20 categories listed in this section, prioritizing projects that support  
21 serving individuals who will be transitioned from or diverted from  
22 the state hospitals. Underserved areas of the state may also be  
23 considered.

24 (11) In contracts for grants authorized under this section, the  
25 department must include provisions that require that the grantee or  
26 successor hold the capital improvements for at least a 10-year  
27 period. The provisions must require the facility to be used for  
28 behavioral health services, but may allow the facility to change  
29 ownership or facility type during the commitment period. The  
30 department shall monitor the activities of recipients of grants under  
31 this program to determine compliance with the terms and conditions  
32 set forth in its contract.

33 (12) The department must provide a progress report to the  
34 appropriate committees of the legislature by September 1, 2024. The  
35 report must include:

36 (a) The total number of applications and amount of funding  
37 requested;

38 (b) A list and description of the projects approved for funding  
39 including state funding, total project cost, services anticipated to  
40 be provided, bed capacity, and anticipated completion date;

(c) A statewide map of new capacity since 2018, including projected bed capacity and opening dates;

(d) A status report of projects that received funding in prior funding rounds, including details about the project completion and the date the facility began providing services; and

(e) Recommendations for statutory language that would codify the grant program on an ongoing basis including:

(i) Evaluation and prioritization criteria;

(ii) Monitoring and compliance requirements;

(iii) Preconstruction and technical assistance services; and

(iv) Data needed to determine the service needs by area of the state.

(13) The department must coordinate with the health care authority to submit capital budget requests to fund behavioral health community capacity grants for the 2025-2027 biennial budget by the due date established by the office of financial management. Associated state budget operating costs must also be identified and requested.

**FOR THE DEPARTMENT OF COMMERCE**

2023-25 Energy Retrofits and Solar Power for Public Buildings (40000283)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$14,500,000 of the appropriation in this section is provided solely for grants to local governments, public higher education institutions, school districts, tribal governments, and state agencies for improvements to facilities and related projects that result in energy and operational cost savings.

(a) At least 20 percent of each competitive grant round is designated for award to eligible projects in small cities or towns with a population of 5,000 or fewer residents.

(b) In each competitive round, a higher energy savings to investment ratio must result in a higher project ranking. Priority consideration must be given to applicants that have not received grant awards for this purpose in prior biennia.

(c) The department must determine a minimum match ratio to maximize the leverage of nonstate funds.

(2) \$22,500,000 of the appropriation in this section is provided solely for grants to be awarded in competitive rounds to local governments, public higher education institutions, school districts, tribal governments, and state agencies for projects that involve the purchase and installation of solar energy systems, including solar modules and inverters, with a preference for products manufactured in Washington.

(a) At least 20 percent of each competitive grant round is designated for award to eligible projects in small cities or towns with a population of 5,000 or fewer residents.

(b) In each competitive round, a higher energy savings to investment ratio must result in a higher project ranking. Priority

1 consideration must be given to applicants that have not received  
2 grant awards for this purpose in prior biennia.

3 (c) The department must determine a minimum match ratio to  
4 maximize the leverage of nonstate funds.

5 (3) \$5,000,000 of the appropriation in this section is provided  
6 solely for the energy efficiency and environmental performance  
7 improvements to minor works, stand-alone, and emergency projects at  
8 facilities owned by agencies that repair or replace existing building  
9 systems and reduce greenhouse gas emissions from state operations,  
10 including, but not limited to, HVAC, lighting, insulation, windows,  
11 and other mechanical systems. Eligibility for this funding is  
12 dependent on an analysis using the office of financial management's  
13 life-cycle cost tool that compares project design alternatives for  
14 initial and long-term cost-effectiveness. Assuming a reasonable  
15 return on investment, the department shall provide grants in the  
16 amount required to improve the project's energy efficiency compared  
17 to the original project request.

18 (4) (~~(\$4,000,000)~~) \$5,000,000 of the appropriation in this  
19 section is provided solely for the Washington state association of  
20 counties to provide funding for energy audits on county-owned tier 1  
21 and tier 2 covered buildings and collect and manage data on the costs  
22 for counties to comply with the requirements of RCW 19.27A.210 and  
23 19.27A.250.

24 (a) The Washington state association of counties may award grants  
25 to counties with qualifying buildings to assess current energy  
26 performance and determine the approximate costs of facility and  
27 system upgrades to meet state energy performance standards in chapter  
28 19.27A RCW.

29 (b) The Washington state association of counties shall submit to  
30 the appropriate committees of the legislature no later than December  
31 31, (~~(2025)~~) 2026, a report detailing the current energy performance  
32 of each county-owned tier 1 and tier 2 building for which an energy  
33 audit was completed with the funding provided in this subsection (4),  
34 and an estimate of the costs for bringing each building into  
35 compliance with the state energy performance standards in chapter  
36 19.27 RCW.

37 (c) Up to 12 percent of the amount of the grants awarded in (a)  
38 of this subsection may be retained by the Washington state  
39 association of counties for administrative costs.

(5) \$4,000,000 of the appropriation in this section is provided solely for the association of Washington cities to provide funding for energy audits on city-owned tier 1 and tier 2 covered buildings and collect and manage data on the costs for cities to comply with the requirements of RCW 19.27A.210 and 19.27A.250.

(a) The association of Washington cities may award grants to cities with qualifying buildings to assess current energy performance and determine the approximate costs of facility and system upgrades to meet state energy performance standards in chapter 19.27A RCW.

(b) The association of Washington cities shall submit to the appropriate committees of the legislature no later than December 31, ~~((2025))~~ 2026, a report detailing the current energy performance of each city-owned tier 1 and tier 2 building for which an energy audit was completed with the funding provided in this subsection (5), and an estimate of the costs for bringing each building into compliance with the state energy performance standards in chapter 19.27 RCW.

(c) Up to 12 percent of the amount of the grants awarded in (a) of this subsection may be retained by the association of Washington cities for administrative costs.

(6) The department shall develop metrics that indicate the performance of energy efficiency efforts.

(7) If a grant is provided in subsection (1) or (3) of this section to purchase heating devices or systems, the agency must, whenever possible and most cost effective, select devices and systems that do not use fossil fuels.

(8) Grants provided in subsections (1) through (3) of this section to state agencies are exempt from the match requirements in this section.

**FOR THE DEPARTMENT OF COMMERCE**

2023-25 Housing Trust Fund (40000295)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$180,663,000 of the state taxable building construction account—state appropriation is provided solely for the new construction, acquisition, or rehabilitation of affordable housing projects that serve and benefit low-income and special needs populations including, but not limited to, people with chronic mental illness or behavioral health conditions, farmworkers, people who are homeless, and people in need of permanent supportive housing. The department shall strive to invest at least 20 percent of the appropriation provided under this subsection with by and for organizations, as defined by the office of equity.

(2) \$35,500,000 of the state taxable building construction account—state appropriation and \$8,500,000 of the Washington housing trust fund account—state appropriation are provided solely for affordable housing projects that serve and benefit low-income people with developmental or intellectual disabilities. The department must use a separate application form and evaluation criteria for applications under this subsection. The department must coordinate with the department of social and health services regarding any needed supportive services and make efforts to enact the recommendations of the housing needs study for individuals with intellectual and developmental disabilities, as provided in section 1068(6), chapter 332, Laws of 2021.

(3) (~~(\$100,000,000)~~) \$92,785,000 of the state taxable building construction account—state appropriation is provided solely for the apple health and homes rapid permanent supportive housing program created in chapter 216, Laws of 2022. Of the amounts provided in this subsection(~~(:~~

~~(a))~~), \$5,000,000 is provided solely for the St. Agnes Haven project in Spokane(~~(;~~and

~~(b)~~ ~~\$7,000,000~~ ~~is provided solely for the CoLead Northgate project in Seattle~~)).

(4) (~~(\$60,000,000)~~) \$46,680,000 of the state building construction account—state and \$13,320,000 of the state taxable construction account—state appropriations (~~(is)~~) are provided solely for awards to organizations eligible under RCW 43.185A.040 for the development of homeownership projects affordable to first-time low-income households throughout the state. Projects serving homebuyers whose income is up to 80 percent of the area median income, adjusted for household size, for the county where the property is located are eligible to apply, except that projects located in rural areas of the state, as defined by the department, serving homebuyers whose income is up to 100 percent of the area median income, adjusted for household size, for the county where the property is located are eligible to apply. Eligible activities include, but are not limited to, down payment assistance, closing costs, acquisition, rehabilitation costs, and new construction. Eligible organizations may include those that plan to provide housing to socially disadvantaged communities as defined in 13 C.F.R. Sec. 124.103. The department shall strive to invest at least 50 percent of these funds

1 with by and for organizations, as defined by the office of equity,  
2 and make efforts to enact the recommendations of the homeownership  
3 disparities work group created in section 128(100), chapter 297, Laws  
4 of 2022. Of the amount provided in this subsection:

5 (a) \$1,500,000 of the state building construction account—state  
6 appropriation is provided solely for the Boulevard Townhomes project;  
7 and

8 (b) \$248,000 of the state building construction account—state  
9 appropriation is provided solely for the Crail Cottages project.

10 (5) \$25,000,000 of the state building construction account—state  
11 appropriation is provided solely for affordable housing preservation  
12 projects, which may include, but are not limited to:

13 (a) Projects preserving and extending the affordability  
14 commitment period for projects in the housing trust fund portfolio.  
15 The funds may be provided for major building improvements,  
16 preservation, and system replacements, necessary for the existing  
17 housing trust fund portfolio to maintain long-term viability. The  
18 department must require a capital needs assessment be provided prior  
19 to contract execution. Funds may not be used to add or expand the  
20 capacity of the property. When allocating funds, the department must  
21 prioritize buildings that are older than 15 years and that serve very  
22 low-income and extremely low-income populations.

23 (b) Projects preserving affordable multifamily housing at risk of  
24 losing its affordability due to expiration of use restrictions that  
25 otherwise require affordability including, but not limited to, United  
26 States department of agriculture funded multifamily housing. The  
27 department must prioritize projects that satisfy the goal of long-  
28 term preservation of Washington's affordable multifamily housing  
29 stock, particularly in rural areas of the state. Funds may be used  
30 for acquisition or for acquisition and rehabilitation of properties  
31 to preserve the affordable housing units beyond their existing use  
32 restrictions and keep them in Washington's housing portfolio for a  
33 minimum of 40 years. If a capital needs assessment is required, the  
34 department must work with the applicant to ensure that this does not  
35 create an unnecessary impediment to rapidly accessing these funds.

36 (c) The funding provided under this subsection (5) is not subject  
37 to the 90-day application periods in RCW 43.185.070 or 43.185A.050.

38 (d) The amount awarded under this subsection (5) may not be  
39 calculated in award limitations for other housing trust fund awards.

(6) \$14,000,000 of the state (~~(taxable)~~) building construction account—state appropriation is provided solely for a grant to the northwest cooperative development center to provide subgrants for the acquisition and preservation of mobile or manufactured home communities. Funding provided under this subsection may be used to acquire mobile or manufactured home communities for the purpose of avoiding household displacement due to sale or other transactions and ensuring preservation of housing affordability for low-income households for a minimum of 40 years.

(7) \$7,000,000 of the state (~~(taxable)~~) building construction account—state appropriation is provided solely for capital improvements to mobile home or manufactured home communities and includes the following:

(a) \$5,500,000 is provided solely for a grant to the northwest cooperative development center to provide subgrants to organizations that are "mobile home park cooperatives" or "manufactured housing cooperatives" under RCW 59.20.030 for completing capital improvement processes. Subgrants provided under this subsection may be used solely for critical improvements, repairs, and infrastructure upgrades to promote the preservation of mobile or manufactured home communities as affordable housing. The grantee must award subgrants based on needs relating to health, safety, and cost; and

(b) \$1,500,000 is provided solely for the Alpine Ridge Utility Upgrades project.

(8) (~~(\$71,876,000)~~) (a) \$78,091,000 of the state taxable building construction account—state appropriation is provided solely for the following list of projects:

African Diaspora Cultural Anchor Village (SeaTac). . .	\$4,000,000
Bringing It Home II 24-Hour Domestic Violence Shelter.	\$8,720,000
Broadway Senior Housing. . . . .	\$1,000,000

15	Sky Valley Youth Center. . . . .	\$1,153,000
16	Tacoma/Pierce County Habitat Affordable Housing	
17	(Pierce County). . . . .	\$14,000,000
18	The House of Bethlehem. . . . .	\$424,000
19	West Klickitat Assisted Living Facility. . . . .	\$3,000,000

20 (b) \$6,000,000 of the state building construction account—state  
21 appropriation is provided solely for the following project:

22 Habitat for Humanity (Seattle). . . . . \$6,000,000

23 (9) \$20,000,000 of the state taxable building construction  
24 account—state appropriation in this section is provided solely for  
25 eligible organizations defined under RCW 43.185A.040 to acquire,  
26 renovate, and prepare real property for rapid conversion into  
27 enhanced emergency shelters, permanent supportive housing,  
28 transitional housing, permanent housing, youth housing, tiny homes,  
29 or shelter for extremely low-income people, as well as individuals,  
30 families, unaccompanied youth, and young people experiencing  
31 sheltered and unsheltered homelessness. Acquisitions completed with  
32 temporary financing are eligible for funding provided in this  
33 section. The department may only approve funding for projects that  
34 result in increased shelter or housing capacity.

35 (a) Acquisition of multifamily housing is a priority, and the  
36 department shall prioritize housing projects that rapidly move people  
37 experiencing unsheltered homelessness into housing, including, but  
38 not limited to, individuals living in unsanctioned encampments, the  
39 public rights-of-way, or other public spaces.

1 (b) Amounts provided in this section may not be used for  
2 operating or maintenance costs, supportive services, or debt service.

3 (c) Awards made to tiny homes under this subsection (9) may be  
4 made to noncode compliant structures and may be exempted from the 40-  
5 year affordability requirement under RCW 43.185A.060.

6 (10) \$5,000,000 of the state building construction account—state  
7 appropriation in this section is provided solely for affordable  
8 housing urgent repair grants to be provided on an ongoing basis.  
9 Funding is not subject to the 60-day notification requirement in RCW  
10 43.185A.150. The funding may be provided to address nonreoccurring  
11 repair projects including repair of units or buildings, abatement of  
12 potentially hazardous materials, and safety-related structural  
13 improvements of affordable housing. Each repair grant award may not  
14 exceed \$200,000 per award. However, the department may not limit the  
15 number of awards or amount received per organization.

16 (a) For purposes of this subsection (10), "affordable housing"  
17 means:

18 (i) Permanent supportive housing as defined in RCW 36.70A.030;  
19 and

20 (ii) Multifamily affordable housing projects in the housing trust  
21 fund portfolio.

22 (b) If the department receives application requests that exceed  
23 the appropriation level in this subsection (10), the department must  
24 prioritize projects under (a) (i) of this subsection.

25 (11) In evaluating projects in this section, the department must  
26 give preference for applications based on some or all of the criteria  
27 in RCW 43.185.070 (5).

28 (12) The department shall strive to allocate at least 30 percent  
29 of the funds provided in this section to projects located in rural  
30 areas of the state, as defined by the department.

31 (13) The department must strive to allocate all of the amounts  
32 appropriated in this section within the 2023-2025 fiscal biennium in  
33 the manner prescribed in each subsection. However, if upon review of  
34 applications the department determines there are not adequate  
35 suitable projects in a category, the department may allocate funds to  
36 other affordable housing projects serving other low-income and  
37 special needs populations, provided those projects are located in an  
38 area with an identified need for the type of housing proposed.

14 follows:

15 **FOR THE DEPARTMENT OF COMMERCE**

16       2023-25 Early Learning Facilities Fund Grant Program (40000300)

17       The appropriation in this section is subject to the following  
18 conditions and limitations:

19       (1) \$7,350,000 of the Ruth LeCocq Kagi early learning facilities  
20 development account—state appropriation in this section is provided  
21 solely for minor renovation grants.

22       (2) ((~~\$46,550,000~~)) \$39,830,000 of the Ruth LeCocq Kagi early  
23 learning facilities development account—state and \$6,720,000 of the  
24 Ruth LeCocq Kagi early learning facilities revolving account—state  
25 appropriations in this section ((~~is~~)) are provided solely for the  
26 early learning facility grant and loan program, subject to the  
27 provisions of RCW 43.31.573 through 43.31.583 and 43.84.092, to  
28 provide state assistance for designing, constructing, purchasing,  
29 expanding, or modernizing public or private early learning education  
30 facilities for eligible organizations. Up to four percent of the  
31 funding in this subsection may be used by the department of children,  
32 youth, and families to provide technical assistance to early learning  
33 providers interested in applying for the early learning facility  
34 grant or loan program.

35       (3) The department of children, youth, and families must develop  
36 methodology to identify, at the school district boundary level, the  
37 geographic locations of where early childhood education and  
38 assistance program slots are needed to meet the entitlement specified

1 in RCW 43.216.556. This methodology must be linked to the caseload  
2 forecast produced by the caseload forecast council and must include  
3 estimates of the number of slots needed at each school district. This  
4 methodology must inform any early learning facilities needs  
5 assessment conducted by the department and the department of  
6 children, youth, and families. This methodology must be included as  
7 part of the budget submittal documentation required by RCW 43.88.030.

8 (4) When prioritizing areas with the highest unmet need for early  
9 childhood education and assistance program slots, the committee of  
10 early learning experts convened by the department pursuant to RCW  
11 43.31.581 must first consider those areas at risk of not meeting the  
12 entitlement specified in RCW 43.216.556.

13 (5) The department must track the number of slots being renovated  
14 separately from the number of slots being constructed and, within  
15 these categories, must track the number of slots separately by  
16 program for the working connections child care program and the early  
17 childhood education and assistance program.

18 (6) When prioritizing applications for projects pursuant to RCW  
19 43.31.581, the department must award priority points to applications  
20 from a rural county or from extreme child care deserts as defined by  
21 the department of children, youth, and families.

22 (7) For early learning facilities collocated with affordable or  
23 supportive housing developments, the department may remit state  
24 funding on a reimbursement basis for 100 percent of eligible project  
25 costs, regardless of the project's match amount, once the nonstate  
26 share of project costs have been either expended or firmly committed  
27 in an amount sufficient to complete the entire project or a distinct  
28 phase of the project that is useable to the public as an early  
29 learning facility. These projects are not subject to section 8015 of  
30 this act or RCW 43.88.150.

31 (8) It is the intent of the legislature to reappropriate funding  
32 in the 2023-2025 omnibus capital appropriations act for early  
33 learning facilities appropriated in this section.

34 (9) (~~(\$37,438,000)~~) \$36,138,000 of the Ruth LeCocq Kagi early  
35 learning facilities development account—state appropriation in this  
36 section is provided solely for the following list of early learning

**Sec. 7022.** 2024 c 375 s 1011 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF COMMERCE**

2024 Local and Community Projects (40000301)

The appropriations in this section are subject to the following conditions and limitations:

(1) ~~((The))~~ Except as provided in subsection (10) of this section, the department shall not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of 10 years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high performance building standards under chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only and may not be advanced under any circumstances.

(5) In contracts for grants authorized under this section, the department shall include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used

1 for the express purpose of the grant. If the grantee is found to be  
2 out of compliance with provisions of the contract, the grantee shall  
3 repay to the state general fund the principal amount of the grant  
4 plus interest calculated at the rate of interest on state of  
5 Washington general obligation bonds issued most closely to the date  
6 of authorization of the grant.

7 (6) Projects funded in this section, including those that are  
8 owned and operated by nonprofit organizations, are generally required  
9 to pay state prevailing wages.

10 (7) The department must comply with the requirements set forth in  
11 executive order 21-02 and must consult with the department of  
12 archaeology and historic preservation and affected tribes on the  
13 potential effects of these projects on cultural resources and  
14 historic properties. Consultation with the department of archaeology  
15 and historic preservation and affected tribes must be initiated  
16 before project funds are made available.

11       **Sec. 7023.**   2024 c 375 s 1018 (uncodified) is amended to read as  
12 follows:

13       **FOR THE DEPARTMENT OF COMMERCE**

14       2025 Local and Community Projects (40000614)

15       The appropriations in this section are subject to the following  
16 conditions and limitations:

17       (1) ((The)) Except as provided for under subsection (14) in this  
18 section, the department shall not expend the appropriation in this  
19 section unless and until the nonstate share of project costs have  
20 been either expended or firmly committed, or both, in an amount  
21 sufficient to complete the project or a distinct phase of the project  
22 that is useable to the public for the purpose intended by the  
23 legislature. This requirement does not apply to projects where a  
24 share of the appropriation is for design costs only.

25       (2) Prior to receiving funds, project recipients must demonstrate  
26 that the project site is under control for a minimum of 10 years,  
27 either through ownership or a long-term lease. This requirement does  
28 not apply to appropriations for preconstruction activities or  
29 appropriations in which the sole purpose is to purchase real property  
30 that does not include a construction or renovation component.

31       (3) Projects funded in this section may be required to comply  
32 with Washington's high performance building standards under chapter  
33 39.35D RCW.

34       (4) Project funds are available on a reimbursement basis only and  
35 may not be advanced under any circumstances.

36       (5) In contracts for grants authorized under this section, the  
37 department shall include provisions that require that capital  
38 improvements be held by the grantee for a specified period of time

appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The department must comply with the requirements set forth in executive order 21-02 and must consult with the department of archaeology and historic preservation and affected tribes on the potential effects of these projects on cultural resources and historic properties. Consultation with the department of archaeology and historic preservation and affected tribes must be initiated before project funds are made available.

(8) (~~(\$58,862,000)~~) \$58,162,000 of the state building construction account—state appropriation in this section is provided solely for the following list of projects:

**FOR THE DEPARTMENT OF COMMERCE**

2023-25 Community EV Charging (40000622)

The appropriation in this section is subject to the following conditions and limitations:

(1) Except as provided in subsections (10) and (11) of this section, the appropriation in this section is provided solely for grants for the development of community electric vehicle charging infrastructure.

(2) Funding provided in this section must be used for projects that provide a benefit to the public through development, demonstration, and deployment of clean energy technologies that save

1 energy and reduce energy costs, reduce harmful air emissions, or  
2 increase energy independence for the state.

3 (3) Projects that receive funding under this section must be  
4 implemented by, or include partners from, one or more of the  
5 following: Local governments, federally recognized tribal  
6 governments, or public and private electrical utilities that serve  
7 retail customers in the state.

8 (4) Grant funding must be used for level two or higher charging  
9 infrastructure and related costs including, but not limited to,  
10 construction and site improvements. Projects may include a robust  
11 public and private outreach plan that includes engaging with affected  
12 parties in conjunction with the new electric vehicle infrastructure.

13 (5) The department must prioritize funding for projects in the  
14 following order:

15 (a) Multifamily housing;

16 (b) Publicly available charging at any location;

17 (c) Schools and school districts;

18 (d) State and local government buildings and office buildings;

19 (e) All other eligible projects.

20 (6) The department must coordinate with other electrification  
21 programs, including projects developed by the department of  
22 transportation, to determine the most effective distribution of the  
23 systems. The department must also collaborate with the interagency  
24 electric vehicle coordinating council established in RCW 43.392.030  
25 to implement this section and must work to meet benchmarks  
26 established in chapter 182, Laws of 2022.

27 (7) The department may:

28 (a) Provide information to applicants about available clean  
29 energy tax credits and incentives, including elective pay, that may  
30 be applicable to the project for which state funding is being sought;

31 (b) Inquire, as part of the application, which tax credits and  
32 incentives the applicant plans to seek for the project;

33 (c) Prioritize projects seeking any applicable clean energy tax  
34 credits and incentives when developing and applying competitive  
35 criteria for selecting recipients under this section; and

36 (d) Consider the availability of any federal tax credits or other  
37 federal or nonfederal grants or incentives that the applicant may  
38 benefit from in review of the application.

39 (8) Funding awards made under this section may not exceed 100  
40 percent of the cost of the project.

(9) Up to three percent of the appropriation in this section is for the department to administer the grant program.

(10) (~~(\$412,000)~~) \$1,304,000 of the appropriation in this section is provided solely for the following list of projects:

Town of Steilacoom Electrical Charging Station

Infrastructure. . . . . \$103,000

EV Chargers Federal Way Community Center. . . . . \$309,000

Interim CDA I5 EV Chargers in City of Seattle. . . . . \$892,000

(11) The department may directly reimburse a state agency for costs to review proposed construction on property leased by the state.

**FOR THE DEPARTMENT OF COMMERCE**

Anaerobic Digester Development (92001947)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$13,200,000 of the appropriation in this section is provided solely for grants for cost share agreements regarding anaerobic digester development and maintenance projects at dairies. Grants awarded must have at least a 15 percent nonstate match and be awarded through a competitive process that considers:

(a) The amount of greenhouse gas reduction expected to be achieved by the proposal; and

(b) The amount of untreated effluent expected to be reduced by the proposal.

(2) \$500,000 of the appropriation in this section is provided solely for the department to contract with the Washington State University energy extension program to provide technical assistance in the administration of the competitive grant process and to provide ongoing support to dairies and digester operators regarding opportunities to enhance digester function, advance nutrient recovery, and improve the economic sustainability of on-farm digesters.

NEW SECTION. **Sec. 7033.** A new section is added to 2023 c 474 (uncodified) to read as follows:

**FOR THE DEPARTMENT OF COMMERCE**

Broadband Infrastructure Federal Match Projects (92001948)

The appropriations in this section are subject to the following conditions and limitations:

(1) (a) \$114,034,000 of the state building construction account—state appropriation in this section is provided solely as match for federal authority allocated under this section for the statewide broadband office to administer the broadband equity, access, and deployment state grants program in section 60102 of P.L. 117-58

(infrastructure investment and jobs act), or a substantially similar successor federal program. Expenditure of the amount appropriated in this subsection is contingent on the receipt of this grant funding.

(b) To the extent permitted by federal law, the office shall provide state matching funds only for projects where the lead applicant is a public or tribal government entity. The office must allocate state matching funds in a manner that prioritizes projects based on affordability, fair labor practices, speed to deployment, open access, local and tribal coordination, and the provision of digital navigation services, as outlined in the scoring criteria contained in the plan submitted by the statewide broadband office to the national telecommunications and information administration.

(c) The legislature intends to provide sufficient funds to match federal funds available. To the extent that appropriated state funds are insufficient to satisfy federal matching requirements for federal funds, the department must secure from subgrantees such additional cash, in-kind contributions, or other eligible forms of match as are necessary to provide sufficient funds in order to meet federal matching requirements.

(2) To the extent permitted by federal law, in addition to scoring and weighting criteria established pursuant to the federal broadband equity, access, and deployment program, or a substantially similar successor federal program, the state broadband office must establish additional secondary selection criteria, including, but not limited to, criteria that give weight to projects that:

(a) Provide open-access wholesale last-mile broadband service for the useful life of the subsidized networks on fair, equal, and neutral terms to all potential retail providers; and

(b) Demonstrate support from the local government or any tribal government with oversight over the location or locations to be served.

(3) To the extent permitted by federal law, up to \$300,000 of the federal broadband account—federal appropriation provided in this section is for a staff position dedicated to advising the statewide broadband office on the availability and feasibility of deploying new and emerging technologies in broadband internet service.

11 Washington Building (40000331)

12 The appropriation in this section is subject to the following  
13 conditions and limitations:

14 (1) \$150,000 of the appropriation in this section is provided  
15 solely for the development of a plan and necessary steps to vacate  
16 and dispose of the Washington building and property. No later than  
17 September 15, 2024, the department must submit to the governor and  
18 the capital committees of the legislature a timeline and proposed  
19 budget for each item below that includes:

20 (a) A plan to relocate the current tenants of the building on or  
21 near the capitol campus. In identifying space, the department must  
22 also look to space that may be currently leased but is being  
23 underutilized. The plan must include a statement of the revenue for  
24 each of the current tenants;

25 (b) Improvements and maintenance necessary for the comfort and  
26 safety of the current tenants until the building can be vacated;

27 (c) Preservation of the building pending disposal of either the  
28 building or property, or both; and

29 (d) Recommendations for the most efficient use of the building  
30 and property that minimizes the cost to the state.

31 (2) The department must work with legislative support services to  
32 identify space that meets the long-term needs of the tenants.

33 (3)(a) Once the Washington building has been vacated, the  
34 department, in consultation with the office of financial management,  
35 must sell the Washington building and the Union avenue building along  
36 with its associated property for no less than fair market value. The  
37 price must cover appraisal costs, all debt service, all closing

costs, and the cost of outstanding liabilities necessary to keep the department whole.

(b) Any sale proceeds remaining after the department has satisfied all of the obligations must be deposited into the Thurston county capital facilities account.

**Sec. 7037.** 2024 c 375 s 1044 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF ENTERPRISE SERVICES**

Legislative Campus Modernization (92000020)

The appropriations in this section are subject to the following conditions and limitations:

(1) The reappropriations are subject to the provisions of section ((~~1059, chapter 296, Laws of 2022~~)) 1044, chapter 375, Laws of 2024.

(2) The department must consult with the senate facilities and operations committee or its designees and the house of representatives' executive rules committee or its designees at least every other month.

(3) All appropriations must be coded and tracked as separate discrete subprojects in the agency financial reporting system.

(4) If the department receives information, after value engineering has been performed, that projected costs for any of the subprojects in subsections (5), (6), or (7) of this section will exceed the amount provided in the respective subsections, including projected costs in future biennia, the department must timely notify and provide that information in writing to the project executive team. Prior to proceeding with design or construction, the department must:

(a) Provide at least three options that do not include square footage reduction to reduce the subproject costs to stay within the amount provided for that subproject and the project schedule;

1 (b) Consult with the project executive team on the options  
2 offered, prior to proceeding with a reduced cost option; and

3 (c) Receive majority consensus from the project executive team to  
4 either adopt and move forward with reduced cost options that bring  
5 the subproject costs within amounts appropriated or adopt a tentative  
6 modified budget for the subproject. If a tentative modified budget is  
7 adopted, the department must seek additional funding in the next  
8 agency budget submittal.

9 (5) \$25,651,000 of the state building construction account—state  
10 appropriation in this section is provided solely for the Irv Newhouse  
11 building replacement design and construction subproject on  
12 opportunity site six west. The department must:

13 (a) Start Newhouse building construction by July 1, 2023;

14 (b) Complete Newhouse building construction by October 31, 2024;  
15 and

16 (c) Consult with the leadership of the senate, or their  
17 designees, at least every month, beginning July 1, 2023.

18 (6) (~~(\$84,593,000))~~ \$85,542,000 of the state building  
19 construction account—state appropriation in this section is provided  
20 solely for the rehabilitation, design, and construction of the  
21 Pritchard building and the renovation of the John L. O'Brien building  
22 subproject. The legislature intends to provide funding in the amount  
23 of (~~(\$134,097,000))~~ \$135,043,000 over the course of the 2023-2025 and  
24 the 2025-2027 fiscal biennia for design and construction of this  
25 project. Pursuant to RCW 43.88.130, the department may enter into a  
26 multibiennium contract for the construction of the subproject.  
27 Nothing in this section authorizes the agency to make an expenditure  
28 without an appropriation.

29 (7) (~~(\$11,872,000))~~ \$10,923,000 of the state building  
30 construction account—state appropriation and \$1,000,000 of the  
31 climate commitment act—state appropriation in this section is  
32 provided solely for the legislative campus modernization global  
33 subproject that includes, but is not limited to, the (~~(visitor))~~)  
34 capitol lot (opportunity site six east), 15th avenue southwest, the  
35 John A. Cherberg parking lot on 15th avenue southwest, the John L.  
36 O'Brien parking lot on 15th avenue southwest, Columbia street site  
37 work, the legislative modular building, and Water street site work.

23       2023-25 Small District & Tribal Compact Schools Modernization  
24 (40000065)

25       The appropriations in this section are subject to the following  
26 conditions and limitations:

27       (1)   ((~~\$191,646,000~~))   \$173,543,000   of the common school  
28 construction account—state appropriation in this section is provided  
29 solely for modernization grants for small school districts authorized  
30 under RCW 28A.525.159. Of this amount, ((~~\$86,000,000~~)) \$74,000,000 is  
31 provided solely for small district modernization grants, not to  
32 exceed \$6,000,000 per grant, to school districts that were awarded a  
33 planning grant during the 2023-2025 fiscal biennium pursuant to LEAP  
34 capital document No. OSPI-1.1-2023, developed ((~~April 10, 2023~~))  
35 March 31, 2025. Small districts awarded a planning grant pursuant to  
36 this list that do not receive a modernization grant in the 2023-2025

1 fiscal biennium are eligible for the maximum state funding level of  
2 \$12,000,000 established under subsection (5)(a) of this section. The  
3 office of the superintendent of public instruction shall report the  
4 status and award amounts of all grants awarded pursuant to this  
5 section to the governor and appropriate fiscal committees of the  
6 legislature no later than October 15, 2024.

7 (2) \$2,307,000 of the common school construction account—state  
8 appropriation in this section is provided solely for planning grants  
9 for small school districts authorized under RCW 28A.525.159. Planning  
10 grants may not exceed \$50,000 per district. Planning grants may only  
11 be awarded to school districts with estimated total project costs of  
12 \$6,000,000 or less or \$12,000,000 or less, as applicable under this  
13 section.

14 (3) \$12,145,000 of the state building construction account—state  
15 appropriation in this section is provided solely for planning grants  
16 and modernization grants to state-tribal compact schools. The  
17 superintendent of public instruction may prioritize planning grants  
18 for state-tribal compact schools with the most serious building  
19 deficiencies and the most limited financial capacity.

20 (4) (~~(\$6,800,000)~~) \$3,000,000 of the climate commitment account—  
21 state appropriation in this section is provided solely for energy  
22 assessment grants for small school districts eligible under RCW  
23 28A.525.159. Grant funding awarded may be used to perform facility  
24 energy assessments of instructional buildings.

25 (5)(a) The superintendent of public instruction shall submit a  
26 list of small school district modernization projects, as prioritized  
27 by the advisory committee under RCW 28A.525.159, to the legislature  
28 and the governor by October 15, 2024. The list must include: (i) A  
29 description of the project; (ii) the proposed state funding level,  
30 not to exceed \$12,000,000 per project; (iii) estimated total project  
31 costs; and (iv) local funding resources.

32 (b) In addition to the standard list required in (a) of this  
33 subsection, the superintendent of public instruction shall also  
34 submit an alternative list with the agency's request for capital  
35 appropriations for the 2025-2027 fiscal biennium that includes small  
36 school districts with 3,000 students or less, with a state funding  
37 level not to exceed \$12,000,000 per project. This list must include  
38 the following information: (i) A description of the project; (ii) the

proposed state funding level; (iii) estimated total project costs; and (iv) local funding resources.

(6)(a) Subject to (b) of this subsection (6), the appropriations in this section may be awarded only to projects approved by the legislature, as identified in LEAP capital document No. OSPI-1.1-2023, developed (~~(April 10, 2023)~~) March 31, 2025, and in LEAP capital document No. OSPI-1-2024, developed March 2, 2024.

(b) To the extent that the amounts appropriated for small districts and state-tribal compact schools specified in the LEAP capital documents in (a) of this subsection exceed the actual costs of funding these projects, the department may reallocate excess funding to eligible projects pursuant to RCW 28A.525.159. However, the total funding appropriated to eligible small district projects must remain allocated to eligible small district projects, and the total funding appropriated to eligible state-tribal compact school projects must remain allocated to eligible state-tribal compact school projects.

(7)(a) Except as provided under (b) of this subsection, \$1,982,000 of the common school construction account—state appropriation in this section is provided solely for preconstruction grants and administrative implementation pursuant to Substitute House Bill No. 1044.

(b) If Substitute House Bill No. 1044 (capital assistance/schools) is not enacted by June 30, 2024, the amount provided in this subsection is instead provided solely for small district modernization grants, not to exceed \$6,000,000 per grant, to school districts that were awarded a planning grant during the 2023-2025 fiscal biennium pursuant to LEAP capital document No. OSPI-1.1-2023, developed (~~(April 10, 2023)~~) March 31, 2025.

(8) In the 2023-2025 fiscal biennium, school districts receiving a small district modernization grant under this section may not combine this grant funding with a school construction assistance program grant or combine other grants awarded under this section to fund a single project.

1 **PART 8**

2 **MISCELLANEOUS PROVISIONS**

3 NEW SECTION. **Sec. 8001.** RCW 43.88.031 requires the disclosure  
4 of the estimated debt service costs associated with new capital bond  
5 appropriations. The estimated debt service costs for the  
6 appropriations contained in this act are \$73,258,483 for the  
7 2025-2027 biennium, \$410,061,655 for the 2027-2029 biennium, and  
8 \$631,176,449 for the 2029-2031 biennium.

9 NEW SECTION. **Sec. 8002.** ACQUISITION OF PROPERTIES AND  
10 FACILITIES THROUGH FINANCIAL CONTRACTS. (1) The following agencies  
11 may enter into financial contracts, paid from any funds of an agency,  
12 appropriated or nonappropriated, for the purposes indicated and in  
13 not more than the principal amounts indicated, plus financing  
14 expenses and required reserves pursuant to chapter 39.94 RCW. When  
15 securing properties under this section, agencies shall use the most  
16 economical financial contract option available, including long-term  
17 leases, lease-purchase agreements, lease-development with option to  
18 purchase agreements or financial contracts using certificates of  
19 participation. Expenditures made by an agency for one of the  
20 indicated purposes before the issue date of the authorized financial  
21 contract and any certificates of participation therein are intended  
22 to be reimbursed from proceeds of the financial contract and any  
23 certificates of participation therein to the extent provided in the  
24 agency's financing plan approved by the state finance committee.

25 (2) Those noninstructional facilities of higher education  
26 institutions authorized in this section to enter into financial  
27 contracts are not eligible for state funded maintenance and  
28 operations. Instructional space that is available for regularly  
29 scheduled classes for academic transfer, basic skills, and workforce  
30 training programs may be eligible for state funded maintenance and  
31 operations.

32 (3) Western Washington University: Enter into a financing  
33 contract for up to \$3,000,000 plus financing expenses, required  
34 reserves, and capitalized interest pursuant to chapter 39.94 RCW to  
35 construct a parking lot replacement.

36 (4) Community and technical colleges:

37 (a) Enter into a financing contract on behalf of Columbia Basin  
38 College for up to \$18,000,000 plus financing expenses, required

1 reserves, and capitalized interest pursuant to chapter 39.94 RCW to  
2 construct student housing.

3 (b) Enter into a financing contract on behalf of Edmonds College  
4 for up to \$9,000,000 plus financing expenses, required reserves, and  
5 capitalized interest pursuant to chapter 39.94 RCW to acquire student  
6 housing.

7 (c) Enter into a financing contract on behalf of Clover Park  
8 Technical College for up to \$15,000,000 plus financing expenses,  
9 required reserves, and capitalized interest pursuant to chapter 39.94  
10 RCW to acquire and renovate an eastside training facility.

11 (d) Enter into a financing contract on behalf of Renton Technical  
12 College for up to \$8,000,000 plus financing expenses, required  
13 reserves, and capitalized interest pursuant to chapter 39.94 RCW to  
14 continue renovations in Building J.

15 (e) Enter into a financing contract on behalf of South Puget  
16 Sound Community College for up to \$5,000,000 plus financing expenses,  
17 required reserves, and capitalized interest pursuant to chapter 39.94  
18 RCW to construct an athletic field and related support amenities.

19 NEW SECTION. **Sec. 8003.** (1) To ensure that major construction  
20 projects are carried out in accordance with legislative and executive  
21 intent, agencies must complete a predesign for state construction  
22 projects with a total anticipated cost in excess of \$10,000,000. For  
23 purposes of this section, "total anticipated cost" means the sum of  
24 the anticipated cost of the predesign, design, and construction  
25 phases of the project.

26 (2) Appropriations for design may not be expended or encumbered  
27 until the office of financial management has reviewed and approved  
28 the agency's predesign.

29 (3) The predesign must explore at least three project  
30 alternatives. These alternatives must be both distinctly different  
31 and viable solutions to the issue being addressed. The chosen  
32 alternative should be the most reasonable and cost-effective  
33 solution. The predesign document must include, but not be limited to,  
34 program, site, and cost analysis, and an analysis of the life-cycle  
35 costs of the alternatives explored, in accordance with the predesign  
36 manual adopted by the office of financial management.

37 (4) For projects exceeding the \$10,000,000 predesign threshold  
38 established in this section, the office of financial management may  
39 make an exception to some or all of the predesign requirements in

1 this section. The office of financial management shall report any  
2 exception to the fiscal committees of the legislature:

3 (a) A description of the major capital project for which the  
4 predesign waiver is made;

5 (b) An explanation of the reason for the waiver; and

6 (c) A rough order of magnitude cost estimate for the project's  
7 design and construction.

8 (5) In deliberations related to submitting an exception under  
9 this section, the office of financial management shall consider the  
10 following factors:

11 (a) Whether there is any determination to be made regarding the  
12 site of the project;

13 (b) Whether there is any determination to be made regarding  
14 whether the project will involve renovation, new construction, or  
15 both;

16 (c) Whether, within six years of submitting the request for  
17 funding, the agency has completed, or initiated the construction of,  
18 a substantially similar project;

19 (d) Whether there is any anticipated change to the project's  
20 program or the services to be delivered at the facility;

21 (e) Whether the requesting agency indicates that the project may  
22 not require some or all of the predesign requirements in this section  
23 due to a lack of complexity; and

24 (f) Whether any other factors related to project complexity or  
25 risk, as determined by the office of financial management, could  
26 reduce the need for, or scope of, a predesign.

27 (6) If under this section, some or all predesign requirements are  
28 waived, the office of financial management may instead propose a  
29 professional project cost estimate instead of a request for predesign  
30 funding.

31 NEW SECTION. **Sec. 8004.** (1) The legislature finds that use of  
32 life-cycle cost analysis will aid public entities, architects,  
33 engineers, and contractors in making design and construction  
34 decisions that positively impact both the initial construction cost  
35 and the ongoing operating and maintenance cost of a project. To  
36 ensure that the total cost of a project is accounted for and the most  
37 reasonable and cost efficient design is used, agencies shall develop  
38 life-cycle costs for any construction project over \$10,000,000. The  
39 life-cycle costs must represent the present value sum of capital

1 costs, installation costs, operating costs, and maintenance costs  
2 over the life expectancy of the project. The legislature further  
3 finds the most effective approach to the life-cycle cost analysis is  
4 to integrate it into the early part of the design process.

5 (2) Agencies must develop a minimum of three project alternatives  
6 for use in the life-cycle cost analysis. These alternatives must be  
7 both distinctly different and viable solutions to the issue being  
8 addressed. Agencies must choose the most reasonable and cost-  
9 effective solution, as supported by the life-cycle cost analysis. A  
10 brief description of each project alternative and why it was chosen  
11 must be included in the life-cycle cost analysis section of the  
12 predesign.

13 (3) The office of financial management shall: (a) Make available  
14 a life-cycle cost model to be used for analysis; (b) in consultation  
15 with the department of enterprise services, provide assistance in  
16 using the life-cycle cost model; and (c) update the life-cycle cost  
17 model annually including assumptions for inflation rates, discount  
18 rates, and energy rates.

19 (4) Agencies shall consider architectural and engineering firms'  
20 and general contractors' experience using life-cycle costs, operating  
21 costs, and energy efficiency measures when selecting an architectural  
22 and engineering firm, or when selecting contractors using alternative  
23 contracting methods.

24 NEW SECTION. **Sec. 8005.** Agencies administering construction  
25 projects with a total anticipated cost in excess of \$10,000,000 must  
26 submit progress reports to the office of financial management and to  
27 the fiscal committees of the house of representatives and senate.  
28 "Total anticipated cost" means the sum of the anticipated cost of the  
29 predesign, design, and construction phases of the project. Reports  
30 must be submitted on July 1st and December 31st of each year in a  
31 format determined by the office of financial management. After the  
32 project is completed, agencies must also submit a closeout report  
33 that identifies the total project cost and any unspent  
34 appropriations.

35 NEW SECTION. **Sec. 8006.** (1) Allotments for appropriations in  
36 this act shall be provided in accordance with the capital project  
37 review requirements adopted by the office of financial management and  
38 in compliance with RCW 43.88.110. Projects that will be employing

1 alternative public works construction procedures under chapter 39.10  
2 RCW are subject to the allotment procedures defined in this section  
3 and RCW 43.88.110.

4 (2) Each project is defined as proposed in the legislative budget  
5 notes or in the governor's budget document.

6 NEW SECTION. **Sec. 8007.** (1) The office of financial management  
7 may authorize a transfer of appropriation authority provided for a  
8 capital project that is in excess of the amount required for the  
9 completion of such project to another capital project for which the  
10 appropriation is insufficient. No such transfer may be used to expand  
11 the capacity of any facility beyond that intended in making the  
12 appropriation. Such transfers may be effected only between capital  
13 appropriations to a specific department, commission, agency, or  
14 institution of higher education and only between capital projects  
15 that are funded from the same fund or account. No transfers may occur  
16 between projects to local government agencies except where the grants  
17 are provided within a single omnibus appropriation and where such  
18 transfers are specifically authorized by the implementing statutes  
19 that govern the grants.

20 (2) The office of financial management may find that an amount is  
21 in excess of the amount required for the completion of a project only  
22 if: (a) The project as defined in the notes to the budget document is  
23 substantially complete and there are funds remaining; or (b) bids  
24 have been let on a project and it appears to a substantial certainty  
25 that the project as defined in the notes to the budget document can  
26 be completed within the biennium for less than the amount  
27 appropriated in this act.

28 (3) For the purposes of this section, the intent is that each  
29 project be defined as proposed to the legislature in the governor's  
30 budget document, unless it clearly appears from the legislative  
31 history that the legislature intended to define the scope of a  
32 project in a different way.

33 (4) A report of any transfer effected under this section, except  
34 emergency projects or any transfer under \$250,000, shall be filed  
35 with the fiscal committees of the legislature by the office of  
36 financial management at least 30 days before the date the transfer is  
37 effected. The office of financial management shall report all  
38 emergency or smaller transfers within 30 days from the date of  
39 transfer.

1        NEW SECTION.    **Sec. 8008.**    Any building project that receives over  
2    \$10,000,000 in funding from the capital budget must be built to  
3    sustainable standards. "Sustainable building" means a building that  
4    integrates and optimizes all major high-performance building  
5    attributes, including energy efficiency, durability, life-cycle  
6    performance, and occupant productivity, and minimizes greenhouse gas  
7    emissions. The following design and construction attributes must be  
8    integrated into the building project:

9        (1) Employ integrated design principles: Use a collaborative,  
10    integrated planning and design process that initiates and maintains  
11    an integrated project team in all stages of a project's planning and  
12    delivery. Establish performance goals for siting, energy, water,  
13    materials, and indoor environmental quality along with other  
14    comprehensive design goals and ensures incorporation of these goals  
15    throughout the design and life-cycle of the building. Consider all  
16    stages of the building's life-cycle, including deconstruction.

17        (2) Commissioning: Employ commissioning practices tailored to the  
18    size and complexity of the building and its system components in  
19    order to verify performance of building components and systems and  
20    help ensure that design requirements are met. This should include an  
21    experienced commissioning provider, inclusion of commissioning  
22    requirements in construction documents, a commissioning plan,  
23    verification of the installation and performance of systems to be  
24    commissioned, and a commissioning report.

25        (3) Optimize energy performance: Establish a whole building  
26    performance target that takes into account the intended use,  
27    occupancy, operations, plug loads, other energy demands, and design  
28    to earn the ENERGY STAR targets for new construction and major  
29    renovation where applicable. For new construction target low energy  
30    use index. For major renovations, target reducing energy use by 50  
31    percent below preretrofit baseline.

32        (4) On-site renewable energy: Implement renewable energy  
33    generation projects on agency property for agency use, when life-  
34    cycle cost effective.

35        (5) High-efficiency electric equipment: Use only high-efficiency  
36    electric equipment for water and space heating needs not met through  
37    on-site renewable energy, when life-cycle cost effective.

38        (6) Measurement and verification: For buildings over 50,000  
39    square feet, install building level electricity meters in new major  
40    construction and renovation projects to track and continuously

1 optimize performance. Include equivalent meters for natural gas and  
2 steam, where natural gas and steam are used. Where appropriate,  
3 install dashboards inside buildings to display and incentivize  
4 occupants on energy use.

5 (7) Benchmarking: Compare performance data from the first year of  
6 operation with the energy design target. Verify that the building  
7 performance meets or exceeds the design target. For other building  
8 and space types, use an equivalent benchmarking tool.

9 NEW SECTION. **Sec. 8009.** State agencies, including institutions  
10 of higher education, shall allot and report full-time equivalent  
11 staff for capital projects in a manner comparable to staff reporting  
12 for operating expenditures.

13 NEW SECTION. **Sec. 8010.** Executive Order No. 21-02,  
14 archaeological and cultural resources, was issued effective April 7,  
15 2021. Agencies shall comply with the requirements set forth in this  
16 executive order and must consult with the department of archaeology  
17 and historic preservation and affected tribes on the potential  
18 effects of projects on cultural resources and historic properties  
19 proposed in state-funded construction or acquisition projects,  
20 including grant or pass-through funding that culminates in  
21 construction or land acquisitions. Consultation with the department  
22 of archaeology and historic preservation and affected tribes must be  
23 initiated early in the project planning process, prior to  
24 construction or taking title.

25 NEW SECTION. **Sec. 8011.** FOR THE ARTS COMMISSION—ART WORK  
26 ALLOWANCE. (1) One-half of one percent of the moneys appropriated in  
27 this act for original construction of school plant facilities is  
28 provided solely for the purposes of RCW 28A.335.210.

29 (2) One-half of one percent of the moneys appropriated in this  
30 act for original construction, or any major renovation or remodel  
31 work exceeding \$200,000 by colleges or universities is provided  
32 solely for the purposes of RCW 28B.10.027.

33 (3) One-half of one percent of the moneys appropriated in this  
34 act for original construction of any public building by a state  
35 agency identified in RCW 43.17.200 is provided solely for the  
36 purposes of RCW 43.17.200.

(4) At least 75 percent of the moneys spent by the Washington state arts commission during the 2025-2027 fiscal biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended solely for direct acquisition of works of art; no more than 20 percent may be expended for program administration; and no more than five percent may be expended to conserve or maintain existing pieces in the state art collection.

(5) Beginning with new appropriations made in the 2025-2027 fiscal biennium, art allocations not expended by the end of the second full fiscal biennium from the issuance of a certificate of occupancy shall lapse, except for art allocations made under K-3 class size reduction grants under section 6303 of this act.

NEW SECTION. **Sec. 8012.** To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. **Sec. 8013.** If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate ways and means committee and the house of representatives capital budget committee.

NEW SECTION. **Sec. 8014.** (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

NEW SECTION. **Sec. 8015.** NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the

1 state building construction account, or any other account receiving  
2 bond proceeds, may be transferred to the state taxable building  
3 construction account as deemed necessary by the state treasurer, on  
4 behalf of the state finance committee, to comply with the federal  
5 internal revenue service rules and regulations pertaining to the use  
6 of nontaxable bond proceeds. Portions of the general obligation bond  
7 proceeds authorized by chapter . . ., Laws of 2025 ((H-2390.1/25)  
8 state general obligation bonds and related accounts) for deposit into  
9 the state taxable building construction account that are in excess of  
10 amounts required to comply with the federal internal revenue service  
11 rules and regulations shall be deposited into the state building  
12 construction account. The state treasurer shall submit written  
13 notification to the director of financial management and the  
14 legislative evaluation and accountability program committee if it is  
15 determined that a shift of appropriation authority between the state  
16 building construction account, or any other account receiving bond  
17 proceeds, and the state taxable building construction account is  
18 necessary, or that a shift of appropriation authority from the state  
19 taxable building construction account, or any other account receiving  
20 taxable bond proceeds, to the state building construction account may  
21 be made.

22 NEW SECTION. **Sec. 8016.** (1) For the 2025-2027 fiscal biennium,  
23 unless otherwise specified for a single purpose, agencies are  
24 appropriated one lump sum for minor works projects. It is the intent  
25 of the legislature that appropriated funds be spent in the biennium  
26 for which they are appropriated.

27 (2) Minor works projects may not exceed \$4,000,000 for  
28 institutions of higher education and \$2,000,000 for all other  
29 agencies. Administrative fees may not exceed four percent for each  
30 project.

31 (3) Except as provided by the legislature, agencies are  
32 encouraged to prioritize minor works projects based on:

- 33 (a) Health and safety of employees or clients served;  
34 (b) The amount of use of a given facility or system;  
35 (c) The avoidance of future increased costs of repair or  
36 maintenance; and  
37 (d) The avoidance of increased operating costs.  
38 (4) Minor works appropriations may not be used for:

1 (a) Projects that are a phase of a larger project, and that if  
2 combined over a continuous period of time, would exceed the amounts  
3 provided in subsection (2) of this section;

4 (b) Studies, planning, or design, except for technical or  
5 engineering reviews or designs that lead directly to and support a  
6 minor works project;

7 (c) Movable, temporary, and traditionally funded operating  
8 equipment not in compliance with the equipment criteria established  
9 by the office of financial management, including rolling stock and  
10 computers;

11 (d) Software not dedicated to control of a specialized system;

12 (e) Moving expenses;

13 (f) Land or facility acquisition; or

14 (g) Funding for projects with funding shortfalls unless expressly  
15 authorized by the office of financial management for exigent  
16 circumstances with notice to the legislative fiscal committees.

17 (5) If a minor works appropriation does not specify it is to be  
18 used for preservation or program improvements, up to 25 percent of  
19 the appropriation may be used for program improvements. Improvements  
20 for accessibility in compliance with the Americans with disabilities  
21 act qualify as preservation improvements.

22 (6) Agencies must use reappropriations before newly appropriated  
23 amounts without regard to lists or projects that were submitted at  
24 the time the funds were appropriated.

25 (7) No later than December 15th of each even numbered year,  
26 agencies must submit to the governor, house capital budget committee,  
27 and senate ways and means committee, a list of minor works projects  
28 completed or in progress for the current biennium including: Project  
29 status, project cost, amount expended, and amount encumbered for  
30 projects not yet complete.

31 (8) Requests for minor works appropriations for the next biennium  
32 must take into account minor works amounts to be reappropriated and  
33 the amount of minor works projects that can reasonably be completed  
34 in the next biennium.

35 NEW SECTION. **Sec. 8017.** To the extent that any appropriation  
36 authorizes expenditures of state funds from the state building  
37 construction account, or from any other capital project account in  
38 the state treasury, for a capital project or program that is  
39 specified to be funded with proceeds from the sale of bonds, the

1 legislature declares that any such expenditures for that project or  
2 program made prior to the issue date of the applicable bonds are  
3 intended to be reimbursed from proceeds of those bonds in a maximum  
4 amount equal to the amount of such appropriation.

5 NEW SECTION. **Sec. 8018.** (1) The legislature intends that  
6 appropriations for grant programs and community projects be spent in  
7 a timely manner in order to accomplish the goal for which they were  
8 appropriated. In furtherance of this goal, the legislature does not  
9 intend to reappropriate moneys for projects for which a contract has  
10 not been executed within four years from the date of appropriation or  
11 for which appropriations have not been spent within six years of  
12 appropriation. Nothing in this section operates as a guarantee of  
13 reappropriation.

14 (2)(a) Grant appropriations that are not awarded and under  
15 contract by June 30th of the fourth year following initial  
16 appropriation shall lapse. By January 31st of each odd-numbered year,  
17 the contracting agency must provide to the governor and the  
18 legislative fiscal committees a report of lapsed appropriations from  
19 the previous fiscal biennium.

20 (b) Grant appropriations that are unspent on June 30th of the  
21 sixth year following initial appropriation shall lapse.

22 (3) As used in this section, grant appropriations means grant  
23 programs and local and community projects funded in the 2025-2027  
24 budget cycle and which contain a reference to this section.

25 NEW SECTION. **Sec. 8019. FOR THE STATE TREASURER—TRANSFERS**

26 (1) Public Works Assistance Account: For transfer to the water  
27 pollution control revolving account—state, up to \$20,500,000 for  
28 fiscal year 2026 and up to \$20,500,000 for fiscal year 2027. . . . .  
29 \$41,000,000

30 (2) Public Works Assistance Account: For transfer to the drinking  
31 water assistance account—state, up to \$12,500,000 for fiscal year  
32 2026 and up to \$12,500,000 for fiscal year 2027. . . . . \$25,000,000

33 (3) Model Toxics Control Stormwater Account—State: For transfer  
34 to the model toxics control capital account—state, up to \$15,000,000  
35 for fiscal year 2026 and up to \$15,000,000 for fiscal year 2027. .  
36 \$30,000,000

1        NEW SECTION.    **Sec. 8020.**    On July 1, 2025, the state treasurer  
2 shall transfer \$21,307,000 of federal funding, or as much thereof as  
3 is remaining, from the appropriation in section 7017, chapter 474,  
4 Laws of 2023 to the federal broadband account created in RCW  
5 43.330.400 (section 8036 of this act).

6        NEW SECTION.    **Sec. 8021.**    The department of natural resources  
7 must coordinate with the department of social and health services on  
8 any long-term, revenue-generating opportunities it pursues on the  
9 Fircrest campus to have the least impact on the clients served by the  
10 residential habilitation center and on the center's daily operations  
11 to the greatest extent possible.

12       NEW SECTION.    **Sec. 8022.**    In the 2025-2027 fiscal biennium, in  
13 order to accelerate the reduction of embodied carbon and improve the  
14 environmental performance of construction materials, agencies shall,  
15 whenever possible, consistent with the recommendations of the  
16 workgroup established pursuant to RCW 39.116.050, review and consider  
17 embodied carbon by employing performance requirements at the building  
18 scale through one or more of the following options: (1) The use of  
19 whole building life cycle assessments; (2) the use of environmental  
20 product declarations when evaluating proposed structural materials  
21 for construction projects; or (3) the reuse of existing buildings'  
22 primary structural elements and building envelope.

23       NEW SECTION.    **Sec. 8023.**    Any agency receiving appropriations in  
24 this act from climate commitment act accounts created in RCW  
25 70A.65.240 through 70A.65.280 must report to and coordinate with the  
26 department of ecology to track expenditures as described in RCW  
27 70A.65.300 and chapter 173-446B WAC.

28        **Sec. 8024.**    RCW 79A.25.210 and 2024 c 375 s 8007 are each amended  
29 to read as follows:

30        The firearms range account is hereby created in the state general  
31 fund. Moneys in the account shall be subject to legislative  
32 appropriation and shall be used for purchase and development of land,  
33 construction or improvement of range facilities, including fixed  
34 structure construction or remodeling, equipment purchase, safety or  
35 environmental improvements, noise abatement, and liability protection

1 for public and nonprofit firearm range training and practice  
2 facilities.

3 Grant funds shall not be used for expendable shooting supplies,  
4 or normal operating expenses. In making grants, the board shall give  
5 priority to projects for noise abatement or safety improvement. Grant  
6 funds shall not supplant funds for other organization programs.

7 The funds will be available to nonprofit shooting organizations,  
8 school districts, and state, county, or local governments on a match  
9 basis. All entities receiving matching funds must be open on a  
10 regular basis and usable by law enforcement personnel or the general  
11 public who possess Washington concealed pistol licenses or Washington  
12 hunting licenses or who are enrolled in a firearm safety class.

13 Applicants for a grant from the firearms range account shall  
14 provide matching funds in either cash or in-kind contributions. The  
15 match must represent one dollar in value for each one dollar of the  
16 grant except that in the case of a grant for noise abatement or  
17 safety improvements the match must represent one dollar in value for  
18 each two dollars of the grant. In-kind contributions include but are  
19 not limited to labor, materials, and new property. Existing assets  
20 and existing development may not apply to the match.

21 Applicants other than school districts or local or state  
22 government must be registered as a nonprofit or not-for-profit  
23 organization with the Washington secretary of state. The  
24 organization's articles of incorporation must contain provisions for  
25 the organization's structure, officers, legal address, and registered  
26 agent.

27 Organizations requesting grants must provide the hours of range  
28 availability for public and law enforcement use. The fee structure  
29 will be submitted with the grant application.

30 Any nonprofit organization or agency accepting a grant under this  
31 program will be required to pay back the entire grant amount to the  
32 firearms range account if the use of the range facility is  
33 discontinued less than ten years after the grant is accepted.

34 Entities receiving grants must make the facilities for which  
35 grant funding is received open for hunter safety education classes  
36 and firearm safety classes on a regular basis for no fee.

37 Government units or school districts applying for grants must  
38 open their range facility on a regular basis for hunter safety  
39 education classes and firearm safety classes.

1 The board shall adopt rules to implement chapter 195, Laws of  
2 1990, pursuant to chapter 34.05 RCW. During the 2017-2019 and  
3 2019-2021 fiscal biennia, expenditures from the firearms range  
4 account may be used to implement chapter 74, Laws of 2017 (SHB 1100)  
5 (concealed pistol licenses) and chapter 282, Laws of 2017 (SB 5268)  
6 (concealed pistol license notices). During the 2021-2023 and  
7 2023-2025 fiscal biennia, expenditures from the firearms range  
8 account may be used to implement chapter 74, Laws of 2017 (SHB 1100)  
9 (concealed pistol licenses).

10 During the 2023-2025 and 2025-2027 fiscal ((biennium)) biennia,  
11 the legislature may also appropriate moneys in the firearms range  
12 account to the department of natural resources for recreational  
13 target shooting pilot sites as provided in section 3032, chapter 375,  
14 Laws of 2024.

15 During the 2023-2025 and 2025-2027 fiscal ((biennium)) biennia,  
16 the application and matching funds requirements of this section do  
17 not apply to the recreational target shooting pilot sites in section  
18 3032, chapter 375, Laws of 2024.

19 **Sec. 8025.** RCW 28B.20.725 and 2023 c 474 s 8023 are each amended  
20 to read as follows:

21 The board is hereby empowered:

22 (1) To reserve the right to issue bonds later on a parity with  
23 any bonds being issued;

24 (2) To authorize the investing of moneys in the bond retirement  
25 fund and any reserve account therein;

26 (3) To authorize the transfer of money from the University of  
27 Washington building account to the bond retirement fund when  
28 necessary to prevent a default in the payments required to be made  
29 out of such fund;

30 (4) To create a reserve account or accounts in the bond  
31 retirement fund to secure the payment of the principal of and  
32 interest on any bonds;

33 (5) To authorize the transfer to the University of Washington  
34 building account of any money on deposit in the bond retirement fund  
35 in excess of debt service for a period of three years from the date  
36 of such transfer on all outstanding bonds payable out of such fund.

37 ~~((However, during the 2021-2023 fiscal biennium, the legislature may~~  
38 ~~transfer to the University of Washington building account moneys that~~  
39 ~~are in excess of the debt service due within the 2021-2023 fiscal~~

1 ~~biennium from the date of such transfer on all outstanding bonds~~  
2 ~~payable out of the bond retirement fund.))~~ However, during the  
3 2023-2025 and 2025-2027 fiscal ~~((biennium))~~ biennia, the legislature  
4 may transfer to the University of Washington building account moneys  
5 that are in excess of the debt service due within the ~~((2023-2025))~~  
6 respective fiscal biennium from the date of such transfer on all  
7 outstanding bonds payable out of the bond retirement fund.

8 **Sec. 8026.** RCW 28B.15.210 and 2023 c 474 s 8024 are each amended  
9 to read as follows:

10 Within 35 days from the date of collection thereof, all building  
11 fees at the University of Washington, including building fees to be  
12 charged students registering in the schools of medicine and  
13 dentistry, shall be paid into the state treasury and credited as  
14 follows:

15 One-half or such larger portion as may be necessary to prevent a  
16 default in the payments required to be made out of the bond  
17 retirement fund to the "University of Washington bond retirement  
18 fund" and the remainder thereof to the "University of Washington  
19 building account." The sum so credited to the University of  
20 Washington building account shall be used exclusively for the purpose  
21 of erecting, altering, maintaining, equipping, or furnishing  
22 buildings, and for certificates of participation under chapter 39.94  
23 RCW, except for any sums transferred as authorized in RCW  
24 28B.20.725(3). The sum so credited to the University of Washington  
25 bond retirement fund shall be used for the payment of principal of  
26 and interest on bonds outstanding as provided by chapter 28B.20 RCW  
27 except for any sums transferred as authorized in RCW 28B.20.725(5).  
28 ~~((During the 2021-2023 biennium, sums credited to the University of~~  
29 ~~Washington building account may also be used for routine facility~~  
30 ~~maintenance, utility costs, and facility condition assessments.))~~  
31 During the 2023-2025 ~~((biennium))~~ and 2025-2027 fiscal biennia, sums  
32 credited to the University of Washington building account may also be  
33 used for routine facility maintenance, utility costs, and facility  
34 condition assessments.

35 **Sec. 8027.** RCW 28B.15.310 and 2023 c 474 s 8025 are each amended  
36 to read as follows:

37 Within 35 days from the date of collection thereof, all building  
38 fees shall be paid and credited as follows: To the Washington State

1 University bond retirement fund, one-half or such larger portion as  
2 may be necessary to prevent a default in the payments required to be  
3 made out of such bond retirement fund; and the remainder thereof to  
4 the Washington State University building account.

5 The sum so credited to the Washington State University building  
6 account shall be expended by the board of regents for buildings,  
7 equipment, or maintenance on the campus of Washington State  
8 University as may be deemed most advisable and for the best interests  
9 of the university, and for certificates of participation under  
10 chapter 39.94 RCW, except for any sums transferred as authorized by  
11 law. (~~During the 2021-2023 biennium, sums credited to the Washington~~  
12 ~~State University building account may also be used for routine~~  
13 ~~facility maintenance, utility costs, and facility condition~~  
14 ~~assessments.)) During the 2023-2025 ((biennium)) and 2025-2027 fiscal  
15 biennia, sums credited to the Washington State University building  
16 account may also be used for routine facility maintenance, utility  
17 costs, and facility condition assessments. Expenditures so made shall  
18 be accounted for in accordance with existing law and shall not be  
19 expended until appropriated by the legislature.~~

20 The sum so credited to the Washington State University bond  
21 retirement fund shall be used to pay and secure the payment of the  
22 principal of and interest on building bonds issued by the university,  
23 except for any sums which may be transferred out of such fund as  
24 authorized by law.

25 **Sec. 8028.** RCW 28B.30.750 and 2023 c 474 s 8026 are each amended  
26 to read as follows:

27 The board is hereby empowered:

28 (1) To reserve the right to issue bonds later on a parity with  
29 any bonds being issued;

30 (2) To authorize the investing of moneys in the bond retirement  
31 fund and any reserve account therein;

32 (3) To authorize the transfer of money from the Washington State  
33 University building account to the bond retirement fund when  
34 necessary to prevent a default in the payments required to be made  
35 out of such fund;

36 (4) To create a reserve account or accounts in the bond  
37 retirement fund to secure the payment of the principal of and  
38 interest on any bonds;

1 (5) To authorize the transfer to the Washington State University  
2 building account of any money on deposit in the bond retirement fund  
3 in excess of debt service for a period of three years from the date  
4 of such transfer on all outstanding bonds payable out of such fund.  
5 (~~However, during the 2021-2023 fiscal biennium, the legislature may~~  
6 ~~transfer to the Washington State University building account moneys~~  
7 ~~that are in excess of the debt service due within the 2021-2023~~  
8 ~~fiscal biennium from the date of such transfer on all outstanding~~  
9 ~~bonds payable out of the bond retirement fund.)) However, during the~~  
10 2023-2025 and 2025-2027 fiscal ((~~biennium~~)) biennia, the legislature  
11 may transfer to the Washington State University building account  
12 moneys that are in excess of the debt service due within the  
13 ((~~2023-2025~~)) respective fiscal biennium from the date of such  
14 transfer on all outstanding bonds payable out of the bond retirement  
15 fund.

16 **Sec. 8029.** RCW 28B.35.370 and 2023 c 474 s 8027 are each amended  
17 to read as follows:

18 Within 35 days from the date of collection thereof all building  
19 fees of each regional university and The Evergreen State College  
20 shall be paid into the state treasury and these together with such  
21 normal school fund revenues as provided in RCW 28B.35.751 as are  
22 received by the state treasury shall be credited as follows:

23 (1) On or before June 30th of each year the board of trustees of  
24 each regional university and The Evergreen State College, if issuing  
25 bonds payable out of its building fees and above described normal  
26 school fund revenues, shall certify to the state treasurer the  
27 amounts required in the ensuing 12 months to pay and secure the  
28 payment of the principal of and interest on such bonds. The amounts  
29 so certified by each regional university and The Evergreen State  
30 College shall be a prior lien and charge against all building fees  
31 and above described normal school fund revenues of such institution.  
32 The state treasurer shall thereupon deposit the amounts so certified  
33 in the Eastern Washington University capital projects account, the  
34 Central Washington University capital projects account, the Western  
35 Washington University capital projects account, or The Evergreen  
36 State College capital projects account respectively, which accounts  
37 are hereby created in the state treasury. The amounts deposited in  
38 the respective capital projects accounts shall be used to pay and  
39 secure the payment of the principal of and interest on the building

bonds issued by such regional universities and The Evergreen State College as authorized by law. If in any 12-month period it shall appear that the amount certified by any such board of trustees is insufficient to pay and secure the payment of the principal of and interest on the outstanding building and above described normal school fund revenue bonds of its institution, the state treasurer shall notify the board of trustees and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal of and interest on all such bonds then outstanding shall be fully met at all times.

(2) All normal school fund revenue pursuant to RCW 28B.35.751 shall be deposited in the Eastern Washington University capital projects account, the Central Washington University capital projects account, the Western Washington University capital projects account, or The Evergreen State College capital projects account respectively, which accounts are hereby created in the state treasury. The sums deposited in the respective capital projects accounts shall be appropriated and expended to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and normal school revenue and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto except for any sums transferred therefrom as authorized by law. (~~During the 2021-2023 biennium, sums in the respective capital accounts may also be used for routine facility maintenance, utility costs, and facility condition assessments.~~) During the 2023-2025 (~~biennium~~) and 2025-2027 fiscal biennia, sums in the respective capital accounts may also be used for routine facility maintenance, utility costs, and facility condition assessments.

(3) Funds available in the respective capital projects accounts may also be used for certificates of participation under chapter 39.94 RCW.

**Sec. 8030.** RCW 28B.50.360 and 2023 c 474 s 8028 are each amended to read as follows:

Within 35 days from the date of start of each quarter all collected building fees of each such community and technical college shall be paid into the state treasury, and shall be credited as follows:

1       (1) On or before June 30th of each year the college board, if  
2       issuing bonds payable out of building fees, shall certify to the  
3       state treasurer the amounts required in the ensuing 12-month period  
4       to pay and secure the payment of the principal of and interest on  
5       such bonds. The state treasurer shall thereupon deposit the amounts  
6       so certified in the community and technical college capital projects  
7       account. Such amounts of the funds deposited in the community and  
8       technical college capital projects account as are necessary to pay  
9       and secure the payment of the principal of and interest on the  
10      building bonds issued by the college board as authorized by this  
11      chapter shall be devoted to that purpose. If in any 12-month period  
12      it shall appear that the amount certified by the college board is  
13      insufficient to pay and secure the payment of the principal of and  
14      interest on the outstanding building bonds, the state treasurer shall  
15      notify the college board and such board shall adjust its certificate  
16      so that all requirements of moneys to pay and secure the payment of  
17      the principal and interest on all such bonds then outstanding shall  
18      be fully met at all times.

19      (2) The community and technical college capital projects account  
20      is hereby created in the state treasury. The sums deposited in the  
21      capital projects account shall be appropriated and expended to pay  
22      and secure the payment of the principal of and interest on bonds  
23      payable out of the building fees and for the construction,  
24      reconstruction, erection, equipping, maintenance, demolition and  
25      major alteration of buildings and other capital assets owned by the  
26      state board for community and technical colleges in the name of the  
27      state of Washington, and the acquisition of sites, rights-of-way,  
28      easements, improvements or appurtenances in relation thereto,  
29      engineering and architectural services provided by the department of  
30      enterprise services, and for the payment of principal of and interest  
31      on any bonds issued for such purposes. (~~During the 2021-2023~~  
32      ~~biennium, sums in the capital projects account may also be used for~~  
33      ~~routine facility maintenance and utility costs.)) During the~~  
34      2023-2025 (~~biennium~~) and 2025-2027 fiscal biennia, sums in the  
35      capital projects account may also be used for routine facility  
36      maintenance and utility costs.

37      (3) Funds available in the community and technical college  
38      capital projects account may also be used for certificates of  
39      participation under chapter 39.94 RCW.

1       **Sec. 8031.** RCW 39.35D.030 and 2023 c 474 s 8029 are each amended  
2 to read as follows:

3       (1) All major facility projects of public agencies receiving any  
4 funding in a state capital budget, or projects financed through a  
5 financing contract as defined in RCW 39.94.020, must be designed,  
6 constructed, and certified to at least the LEED silver standard. This  
7 subsection applies to major facility projects that have not entered  
8 the design phase prior to July 24, 2005, and to the extent  
9 appropriate LEED silver standards exist for that type of building or  
10 facility.

11       (2) All major facility projects of any entity other than a public  
12 agency or public school district receiving any funding in a state  
13 capital budget must be designed, constructed, and certified to at  
14 least the LEED silver standard. This subsection applies to major  
15 facility projects that have not entered the grant application process  
16 prior to July 24, 2005, and to the extent appropriate LEED silver  
17 standards exist for that type of building or facility.

18       (3)(a) Public agencies, under this section, shall monitor and  
19 document ongoing operating savings resulting from major facility  
20 projects designed, constructed, and certified as required under this  
21 section.

22       (b) Public agencies, under this section, shall report annually to  
23 the department on major facility projects and operating savings.

24       (4) The department shall consolidate the reports required in  
25 subsection (3) of this section into one report and report to the  
26 governor and legislature by September 1st of each even-numbered year  
27 beginning in 2006 and ending in 2016. In its report, the department  
28 shall also report on the implementation of this chapter, including  
29 reasons why the LEED standard was not used as required by RCW  
30 39.35D.020(5)(b). The department shall make recommendations regarding  
31 the ongoing implementation of this chapter, including a discussion of  
32 incentives and disincentives related to implementing this chapter.

33       (5) For the purposes of determining compliance with the  
34 requirement for a project to be designed, constructed, and certified  
35 to at least the LEED silver standard, the department must credit one  
36 additional point for a project that uses wood products with a  
37 credible third-party sustainable forest certification or from forests  
38 regulated under chapter 76.09 RCW, the Washington forest practices  
39 act. For projects that qualify for this additional point, and for  
40 which an additional point would have resulted in formal certification

1 under the LEED silver standard, the project must be deemed to meet  
2 the standard under this section.

3 (6) During the (~~(2021-2023 and)~~) 2023-2025 and 2025-2027 fiscal  
4 biennia, an alternative high-performance building certification, as  
5 determined by the legislature, may be used instead of the LEED silver  
6 building design, construction, and certification standard required by  
7 this section.

8 **Sec. 8032.** RCW 43.19.125 and 2024 c 375 s 8010 are each amended  
9 to read as follows:

10 (1) The director of enterprise services shall have custody and  
11 control of the capitol buildings and grounds, supervise and direct  
12 proper care, heating, lighting and repairing thereof, and designate  
13 rooms in the capitol buildings to be occupied by various state  
14 officials.

15 (2) During the 2023-2025 and 2025-2027 fiscal (~~(biennium)~~)  
16 biennia, the director must give legislative members reasonable access  
17 to reserve and utilize the reception room in the state legislative  
18 building when not otherwise booked.

19 (3) During the 2025-2027 fiscal biennium, the director must  
20 provide an annual guided tour to the top of the legislative dome for  
21 legislative members. The tour may not include more than 10 people and  
22 may require touring individuals to sign a release of liability form  
23 as a condition of participating in the tour.

24 **Sec. 8033.** RCW 43.88D.010 and 2023 c 474 s 8034 are each amended  
25 to read as follows:

26 (1) By October 1st of each even-numbered year, the office of  
27 financial management shall complete an objective analysis and scoring  
28 of all capital budget projects proposed by the public four-year  
29 institutions of higher education and submit the results of the  
30 scoring process to the legislative fiscal committees and the four-  
31 year institutions. Each project must be reviewed and scored within  
32 one of the following categories, according to the project's principal  
33 purpose. Each project may be scored in only one category. The  
34 categories are:

35 (a) Access-related projects to accommodate enrollment growth at  
36 all campuses, at existing or new university centers, or through  
37 distance learning. Growth projects should provide significant  
38 additional student capacity. Proposed projects must demonstrate that

1 they are based on solid enrollment demand projections, more  
2 cost-effectively provide enrollment access than alternatives such as  
3 university centers and distance learning, and make cost-effective use  
4 of existing and proposed new space;

5 (b) Projects that replace failing permanent buildings. Facilities  
6 that cannot be economically renovated are considered replacement  
7 projects. New space may be programmed for the same or a different use  
8 than the space being replaced and may include additions to improve  
9 access and enhance the relationship of program or support space;

10 (c) Projects that renovate facilities to restore building life  
11 and upgrade space to meet current program requirements. Renovation  
12 projects should represent a complete renovation of a total facility  
13 or an isolated wing of a facility. A reasonable renovation project  
14 should cost between sixty to eighty percent of current replacement  
15 value and restore the renovated area to at least twenty-five years of  
16 useful life. New space may be programmed for the same or a different  
17 use than the space being renovated and may include additions to  
18 improve access and enhance the relationship of program or support  
19 space;

20 (d) Major stand-alone campus infrastructure projects;

21 (e) Projects that promote economic growth and innovation through  
22 expanded research activity. The acquisition and installation of  
23 specialized equipment is authorized under this category; and

24 (f) Other project categories as determined by the office of  
25 financial management in consultation with the legislative fiscal  
26 committees.

27 (2) The office of financial management, in consultation with the  
28 legislative fiscal committees, shall establish a scoring system and  
29 process for each four-year project category that is based on the  
30 framework used in the community and technical college system of  
31 prioritization. Staff from the state board for community and  
32 technical colleges and the four-year institutions shall provide  
33 technical assistance on the development of a scoring system and  
34 process.

35 (3) The office of financial management shall consult with the  
36 legislative fiscal committees in the scoring of four-year institution  
37 project proposals, and may also solicit participation by independent  
38 experts.

39 (a) For each four-year project category, the scoring system must,  
40 at a minimum, include an evaluation of enrollment trends,

1 reasonableness of cost, the ability of the project to enhance  
2 specific strategic master plan goals, age and condition of the  
3 facility if applicable, and impact on space utilization.

4 (b) Each four-year project category may include projects at the  
5 predesign, design, or construction funding phase.

6 (c) To the extent possible, the objective analysis and scoring  
7 system of all capital budget projects shall occur within the context  
8 of any and all performance agreements between the office of financial  
9 management and the governing board of a public, four-year institution  
10 of higher education that aligns goals, priorities, desired outcomes,  
11 flexibility, institutional mission, accountability, and levels of  
12 resources.

13 (4) In evaluating and scoring four-year institution projects, the  
14 office of financial management shall take into consideration project  
15 schedules that result in realistic, balanced, and predictable  
16 expenditure patterns over the ensuing three biennia.

17 (5) The office of financial management shall distribute common  
18 definitions, the scoring system, and other information required for  
19 the project proposal and scoring process as part of its biennial  
20 budget instructions. The office of financial management, in  
21 consultation with the legislative fiscal committees, shall develop  
22 common definitions that four-year institutions must use in developing  
23 their project proposals and lists under this section.

24 (6) In developing any scoring system for capital projects  
25 proposed by the four-year institutions, the office of financial  
26 management:

27 (a) Shall be provided with all required information by the four-  
28 year institutions as deemed necessary by the office of financial  
29 management;

30 (b) May utilize independent services to verify, sample, or  
31 evaluate information provided to the office of financial management  
32 by the four-year institutions; and

33 (c) Shall have full access to all data maintained by the joint  
34 legislative audit and review committee concerning the condition of  
35 higher education facilities.

36 (7) By August 1st of each even-numbered year each public four-  
37 year higher education institution shall prepare and submit  
38 prioritized lists of the individual projects proposed by the  
39 institution for the ensuing six-year period in each category. The  
40 lists must be submitted to the office of financial management and the

1 legislative fiscal committees. The four-year institutions may  
2 aggregate minor works project proposals by primary purpose for  
3 ranking purposes. Proposed minor works projects must be prioritized  
4 within the aggregated proposal, and supporting documentation,  
5 including project descriptions and cost estimates, must be provided  
6 to the office of financial management and the legislative fiscal  
7 committees.

8 (8) For the 2021-2023 fiscal biennium, pursuant to subsection (1)  
9 of this section, by November 1, 2022, the office of financial  
10 management must score higher education capital project criteria with  
11 a rating scale that assesses how well a particular project satisfies  
12 those criteria. The office of financial management may not use a  
13 rating scale that weighs the importance of those criteria.

14 (9) For the 2021-2023 fiscal biennium, pursuant to subsection  
15 (6)(a) of this section and in lieu of the requirements of subsection  
16 (7) of this section, by August 15, 2022, the institutions of higher  
17 education shall prepare and submit or resubmit to the office of  
18 financial management and the legislative fiscal committees:

19 (a) Individual project proposals developed pursuant to subsection  
20 (1) of this section;

21 (b) Individual project proposals scored in prior biennia pursuant  
22 to subsection (1) of this section; and

23 (c) A prioritized list of up to five project proposals submitted  
24 pursuant to (a) and (b) of this subsection.

25 (10) The requirements of this section are suspended during the  
26 2023-2025 and 2025-2027 fiscal ((biennium)) biennia. ((However,

27 ~~instead of these requirements, the public four-year institutions of~~  
28 ~~higher education must submit additional supporting information for~~  
29 ~~major project funding requests for the 2025-2027 fiscal biennium that~~  
30 ~~is equivalent to the information produced for the 2022 higher~~  
31 ~~education scoring process under subsection (9) of this section.~~  
32 ~~Examples of the information required under this subsection include,~~  
33 ~~but are not limited to, measures of: (a) Space efficiency, (b)~~  
34 ~~reasonableness of project cost, (c) facility condition, and (d)~~  
35 ~~anticipated impacts of the requested major projects on projected~~  
36 ~~degree totals. The public four-year institutions of higher education~~  
37 ~~shall consult with the office of financial management and legislative~~  
38 ~~fiscal staff regarding the implementation of this requirement and the~~  
39 ~~content of the additional information.))~~

1       **Sec. 8034.** RCW 43.88.030 and 2023 c 474 s 8035 are each amended  
2 to read as follows:

3       (1) The director of financial management shall provide all  
4 agencies with a complete set of instructions for submitting biennial  
5 budget requests to the director at least three months before agency  
6 budget documents are due into the office of financial management. The  
7 budget document or documents shall consist of the governor's budget  
8 message which shall be explanatory of the budget and shall contain an  
9 outline of the proposed financial policies of the state for the  
10 ensuing fiscal period, as well as an outline of the proposed six-year  
11 financial policies where applicable, and shall describe in connection  
12 therewith the important features of the budget. The biennial budget  
13 document or documents shall also describe performance indicators that  
14 demonstrate measurable progress towards priority results. The message  
15 shall set forth the reasons for salient changes from the previous  
16 fiscal period in expenditure and revenue items and shall explain any  
17 major changes in financial policy. Attached to the budget message  
18 shall be such supporting schedules, exhibits and other explanatory  
19 material in respect to both current operations and capital  
20 improvements as the governor shall deem to be useful to the  
21 legislature. The budget document or documents shall set forth a  
22 proposal for expenditures in the ensuing fiscal period, or six-year  
23 period where applicable, based upon the estimated revenues and  
24 caseloads as approved by the economic and revenue forecast council  
25 and caseload forecast council or upon the estimated revenues and  
26 caseloads of the office of financial management for those funds,  
27 accounts, sources, and programs for which the forecast councils do  
28 not prepare an official forecast. Revenues shall be estimated for  
29 such fiscal period from the source and at the rates existing by law  
30 at the time of submission of the budget document, including the  
31 supplemental budgets submitted in the even-numbered years of a  
32 biennium. However, the estimated revenues and caseloads for use in  
33 the governor's budget document may be adjusted to reflect budgetary  
34 revenue transfers and revenue and caseload estimates dependent upon  
35 budgetary assumptions of enrollments, workloads, and caseloads. All  
36 adjustments to the approved estimated revenues and caseloads must be  
37 set forth in the budget document. The governor may additionally  
38 submit, as an appendix to each supplemental, biennial, or six-year  
39 agency budget or to the budget document or documents, a proposal for

1 expenditures in the ensuing fiscal period from revenue sources  
2 derived from proposed changes in existing statutes.

3 The budget document or documents shall also contain:

4 (a) Revenues classified by fund and source for the immediately  
5 past fiscal period, those received or anticipated for the current  
6 fiscal period, and those anticipated for the ensuing biennium;

7 (b) The undesignated fund balance or deficit, by fund;

8 (c) Such additional information dealing with expenditures,  
9 revenues, workload, performance, and personnel as the legislature may  
10 direct by law or concurrent resolution;

11 (d) Such additional information dealing with revenues and  
12 expenditures as the governor shall deem pertinent and useful to the  
13 legislature;

14 (e) Tabulations showing expenditures classified by fund,  
15 function, and agency;

16 (f) The expenditures that include nonbudgeted, nonappropriated  
17 accounts outside the state treasury;

18 (g) Identification of all proposed direct expenditures to  
19 implement the Puget Sound water quality plan under chapter 90.71 RCW,  
20 shown by agency and in total; and

21 (h) Tabulations showing each postretirement adjustment by  
22 retirement system established after fiscal year 1991, to include, but  
23 not be limited to, estimated total payments made to the end of the  
24 previous biennial period, estimated payments for the present  
25 biennium, and estimated payments for the ensuing biennium.

26 (2) The budget document or documents shall include detailed  
27 estimates of all anticipated revenues applicable to proposed  
28 operating or capital expenditures and shall also include all proposed  
29 operating or capital expenditures. The total of beginning  
30 undesignated fund balance and estimated revenues less working capital  
31 and other reserves shall equal or exceed the total of proposed  
32 applicable expenditures. The budget document or documents shall  
33 further include:

34 (a) Interest, amortization and redemption charges on the state  
35 debt;

36 (b) Payments of all reliefs, judgments, and claims;

37 (c) Other statutory expenditures;

38 (d) Expenditures incident to the operation for each agency;

39 (e) Revenues derived from agency operations;

1 (f) Expenditures and revenues shall be given in comparative form  
2 showing those incurred or received for the immediately past fiscal  
3 period and those anticipated for the current biennium and next  
4 ensuing biennium;

5 (g) A showing and explanation of amounts of general fund and  
6 other funds obligations for debt service and any transfers of moneys  
7 that otherwise would have been available for appropriation;

8 (h) Common school expenditures on a fiscal-year basis;

9 (i) A showing, by agency, of the value and purpose of financing  
10 contracts for the lease/purchase or acquisition of personal or real  
11 property for the current and ensuing fiscal periods; and

12 (j) A showing and explanation of anticipated amounts of general  
13 fund and other funds required to amortize the unfunded actuarial  
14 accrued liability of the retirement system specified under chapter  
15 41.45 RCW, and the contributions to meet such amortization, stated in  
16 total dollars and as a level percentage of total compensation.

17 (3) The governor's operating budget document or documents shall  
18 reflect the statewide priorities as required by RCW 43.88.090.

19 (4) The governor's operating budget document or documents shall  
20 identify activities that are not addressing the statewide priorities.

21 (5)(a) Beginning in the 2021-2023 fiscal biennium, the governor's  
22 operating budget document or documents submitted to the legislature  
23 must leave, in total, a positive ending fund balance in the general  
24 fund and related funds.

25 (b) Beginning in the 2021-2023 fiscal biennium, the projected  
26 maintenance level of the governor's operating budget document or  
27 documents submitted to the legislature must not exceed the available  
28 fiscal resources for the next ensuing fiscal biennium.

29 (c) For purposes of this subsection:

30 (i) "Available fiscal resources" means the beginning general fund  
31 and related funds balances and any fiscal resources estimated for the  
32 general fund and related funds, adjusted for proposed revenue  
33 legislation, and with forecasted revenues adjusted to the greater of  
34 (A) the official general fund and related funds revenue forecast for  
35 the ensuing biennium, or (B) the official general fund and related  
36 funds forecast for the second fiscal year of the current fiscal  
37 biennium, increased by 4.5 percent for each fiscal year of the  
38 ensuing biennium.

39 (ii) "Projected maintenance level" means estimated appropriations  
40 necessary to maintain the continuing costs of program and service

1 levels either funded in the governor's budget document or documents  
2 submitted to the legislature or mandated by other state or federal  
3 law, adjusted by the estimated cost of proposed executive branch  
4 legislation, and the amount of any general fund moneys projected to  
5 be transferred to the budget stabilization account pursuant to  
6 Article VII, section 12 of the state Constitution. Proposed executive  
7 branch legislation does not include proposals by institutions of  
8 higher education, other separately elected officials, or other  
9 boards, commissions, and offices not under the authority of the  
10 governor that are not funded or assumed in the governor's budget  
11 document or documents submitted to the legislature.

12 (iii) "Related funds" has the meaning defined in RCW 43.88.055.

13 (d) (b) of this subsection (5) does not apply:

14 (i) To any governor-proposed legislation submitted to the  
15 legislature that makes net reductions in general fund and related  
16 funds appropriations to prevent the governor from making across-the-  
17 board reductions in allotments for these particular funds as provided  
18 in RCW 43.88.110(10); or

19 (ii) In a fiscal biennium for which the governor proposes  
20 appropriations from the budget stabilization account pursuant to  
21 Article VII, section 12(d)(ii) of the state Constitution.

22 (6) A separate capital budget document or schedule shall be  
23 submitted that will contain the following:

24 (a) A statement setting forth a long-range facilities plan for  
25 the state that identifies and includes the highest priority needs  
26 within affordable spending levels;

27 (b) A capital program consisting of proposed capital projects for  
28 the next biennium and the two biennia succeeding the next biennium  
29 consistent with the long-range facilities plan. Inasmuch as is  
30 practical, and recognizing emergent needs, the capital program shall  
31 reflect the priorities, projects, and spending levels proposed in  
32 previously submitted capital budget documents in order to provide a  
33 reliable long-range planning tool for the legislature and state  
34 agencies;

35 (c) A capital plan consisting of proposed capital spending for at  
36 least four biennia succeeding the next biennium;

37 (d) A strategic plan for reducing backlogs of maintenance and  
38 repair projects. The plan shall include a prioritized list of  
39 specific facility deficiencies and capital projects to address the  
40 deficiencies for each agency, cost estimates for each project, a

1 schedule for completing projects over a reasonable period of time,  
2 and identification of normal maintenance activities to reduce future  
3 backlogs;

4 (e) A statement of the reason or purpose for a project;

5 (f) Verification that a project is consistent with the provisions  
6 set forth in chapter 36.70A RCW;

7 (g) A statement about the proposed site, size, and estimated life  
8 of the project, if applicable;

9 (h) Estimated total project cost;

10 (i) For major projects valued over five million dollars,  
11 estimated costs for the following project components: Acquisition,  
12 consultant services, construction, equipment, project management, and  
13 other costs included as part of the project. Project component costs  
14 shall be displayed in a standard format defined by the office of  
15 financial management to allow comparisons between projects;

16 (j) Estimated total project cost for each phase of the project as  
17 defined by the office of financial management;

18 (k) Estimated ensuing biennium costs;

19 (l) Estimated costs beyond the ensuing biennium;

20 (m) Estimated construction start and completion dates;

21 (n) Source and type of funds proposed;

22 (o) Estimated ongoing operating budget costs or savings resulting  
23 from the project, including staffing and maintenance costs;

24 (p) For any capital appropriation requested for a state agency  
25 for the acquisition of land or the capital improvement of land in  
26 which the primary purpose of the acquisition or improvement is  
27 recreation or wildlife habitat conservation, the capital budget  
28 document, or an omnibus list of recreation and habitat acquisitions  
29 provided with the governor's budget document, shall identify the  
30 projected costs of operation and maintenance for at least the two  
31 biennia succeeding the next biennium. Omnibus lists of habitat and  
32 recreation land acquisitions shall include individual project cost  
33 estimates for operation and maintenance as well as a total for all  
34 state projects included in the list. The document shall identify the  
35 source of funds from which the operation and maintenance costs are  
36 proposed to be funded;

37 (q) For any capital budget request for funding in the ((2023-2025  
38 ~~or~~)) 2025-2027 or 2027-2029 fiscal biennia ((~~by an institution of~~  
39 ~~higher education to address a cost increase for any major project, a~~  
40 ~~statement describing the unexpected project costs, ways the agency~~

1 ~~has mitigated or will mitigate the estimated project costs, and~~  
2 ~~identification of other funding that may be applied to the project))~~  
3 for which the project cost is substantially increased, a statement  
4 detailing the amount and reason for the additional cost. If the  
5 increased cost is the result of a change in design, the agency must  
6 also submit a construction cost estimate for the design as originally  
7 submitted. For purposes of this subsection (6) (q) ((÷

8 ~~(i) "Cost increases"))~~, "substantially increased" means total  
9 estimated project costs ((estimated)) are more than 15 percent above  
10 those listed in the prior agency budget request and for which the  
11 legislature relied in making a funding decision for design or  
12 construction, adjusted for C-100 inflation factors; ((and

13 ~~(ii) "Institution of higher education" has the meaning provided~~  
14 ~~in RCW 28B.10.016;))~~

15 (r) Such other information bearing upon capital projects as the  
16 governor deems to be useful;

17 (s) Standard terms, including a standard and uniform definition  
18 of normal maintenance, for all capital projects; and

19 (t) Such other information as the legislature may direct by law  
20 or concurrent resolution.

21 For purposes of this subsection (6), the term "capital project"  
22 shall be defined subsequent to the analysis, findings, and  
23 recommendations of a joint committee comprised of representatives  
24 from the house capital appropriations committee, senate ways and  
25 means committee, legislative evaluation and accountability program  
26 committee, and office of financial management.

27 (7) No change affecting the comparability of agency or program  
28 information relating to expenditures, revenues, workload, performance  
29 and personnel shall be made in the format of any budget document or  
30 report presented to the legislature under this section or RCW  
31 43.88.160(1) relative to the format of the budget document or report  
32 which was presented to the previous regular session of the  
33 legislature during an odd-numbered year without prior legislative  
34 concurrence. Prior legislative concurrence shall consist of (a) a  
35 favorable majority vote on the proposal by the standing committees on  
36 ways and means of both houses if the legislature is in session or (b)  
37 a favorable majority vote on the proposal by members of the  
38 legislative evaluation and accountability program committee if the  
39 legislature is not in session.

1       **Sec. 8035.** RCW 43.155.070 and 2021 c 65 s 49 are each amended to  
2 read as follows:

3       (1) To qualify for financial assistance under this chapter the  
4 board must determine that a local government meets all of the  
5 following conditions:

6       (a) The city or county must be imposing a tax under chapter 82.46  
7 RCW at a rate of at least one-quarter of one percent;

8       (b) The local government must have developed a capital facility  
9 plan; and

10       (c) The local government must be using all local revenue sources  
11 which are reasonably available for funding public works, taking into  
12 consideration local employment and economic factors.

13       (2) Except where necessary to address a public health need or  
14 substantial environmental degradation, a county, city, or town  
15 planning under RCW 36.70A.040 may not receive financial assistance  
16 under this chapter unless it has adopted a comprehensive plan,  
17 including a capital facilities plan element, and development  
18 regulations as required by RCW 36.70A.040. This subsection does not  
19 require any county, city, or town planning under RCW 36.70A.040 to  
20 adopt a comprehensive plan or development regulations before  
21 requesting or receiving financial assistance under this chapter if  
22 such request is made before the expiration of the time periods  
23 specified in RCW 36.70A.040. A county, city, or town planning under  
24 RCW 36.70A.040 that has not adopted a comprehensive plan and  
25 development regulations within the time periods specified in RCW  
26 36.70A.040 may apply for and receive financial assistance under this  
27 chapter if the comprehensive plan and development regulations are  
28 adopted as required by RCW 36.70A.040 before executing a contractual  
29 agreement for financial assistance with the board.

30       (3) In considering awarding financial assistance for public  
31 facilities to special districts requesting funding for a proposed  
32 facility located in a county, city, or town planning under RCW  
33 36.70A.040, the board must consider whether the county, city, or town  
34 planning under RCW 36.70A.040 in whose planning jurisdiction the  
35 proposed facility is located has adopted a comprehensive plan and  
36 development regulations as required by RCW 36.70A.040.

37       (4)(a) The board must develop a process to prioritize  
38 applications and funding of loans and grants for public works  
39 projects submitted by local governments. The board must consider, at

1 a minimum and in any order, the following factors in prioritizing  
2 projects:

3 (i) Whether the project is critical in nature and would affect  
4 the health and safety of many people;

5 (ii) The extent to which the project leverages other funds;

6 (iii) The extent to which the project is ready to proceed to  
7 construction;

8 (iv) Whether the project is located in an area of high  
9 unemployment, compared to the average state unemployment;

10 (v) Whether the project promotes the sustainable use of resources  
11 and environmental quality, as applicable;

12 (vi) Whether the project consolidates or regionalizes systems;

13 (vii) Whether the project encourages economic development through  
14 mixed-use and mixed income development consistent with chapter 36.70A  
15 RCW;

16 (viii) Whether the system is being well-managed in the present  
17 and for long-term sustainability;

18 (ix) Achieving equitable distribution of funds by geography and  
19 population;

20 (x) The extent to which the project meets the following state  
21 policy objectives:

22 (A) Efficient use of state resources;

23 (B) Preservation and enhancement of health and safety;

24 (C) Abatement of pollution and protection of the environment;

25 (D) Creation of new, family-wage jobs, and avoidance of shifting  
26 existing jobs from one Washington state community to another;

27 (E) Fostering economic development consistent with chapter 36.70A  
28 RCW;

29 (F) Efficiency in delivery of goods and services and  
30 transportation; and

31 (G) Reduction of the overall cost of public infrastructure;

32 (xi) Whether the applicant sought or is seeking funding for the  
33 project from other sources; and

34 (xii) Other criteria that the board considers necessary to  
35 achieve the purposes of this chapter.

36 (b) Before September 1, 2018, and each year thereafter, the board  
37 must develop and submit a report regarding the construction loans and  
38 grants to the office of financial management and appropriate fiscal  
39 committees of the senate and house of representatives. The report  
40 must include:

1 (i) The total number of applications and amount of funding  
2 requested for public works projects;

3 (ii) A list and description of projects approved in the preceding  
4 fiscal year with project scores against the board's prioritization  
5 criteria;

6 (iii) The total amount of loan and grants disbursements made from  
7 the public works assistance account in the preceding fiscal year;

8 (iv) The total amount of loan repayments in the preceding fiscal  
9 year for outstanding loans from the public works assistance account;

10 (v) The total amount of loan repayments due for outstanding loans  
11 for each fiscal year over the following ten-year period; and

12 (vi) The total amount of funds obligated and timing of when the  
13 funds were obligated in the preceding fiscal year.

14 (c) The maximum amount of funding that the board may provide for  
15 any jurisdiction is ten million dollars per biennium, except that  
16 during the 2025-2027 fiscal biennium the maximum amount per  
17 jurisdiction may be exceeded by up to \$2,000,000 for emergency public  
18 works projects awarded pursuant to RCW 43.155.065.

19 (5) Existing debt or financial obligations of local governments  
20 may not be refinanced under this chapter. Each local government  
21 applicant must provide documentation of attempts to secure additional  
22 local or other sources of funding for each public works project for  
23 which financial assistance is sought under this chapter.

24 (6) Before September 1st of each year, the board must develop and  
25 submit to the appropriate fiscal committees of the senate and house  
26 of representatives a description of the loans and grants made under  
27 RCW 43.155.065 and 43.155.068.

28 (7) The board may not sign contracts or otherwise financially  
29 obligate funds from the public works assistance account before the  
30 legislature has appropriated funds to the board for the purpose of  
31 funding public works projects under this chapter.

32 (8) To qualify for loans, grants, or pledges for solid waste or  
33 recycling facilities under this chapter, a city or county must  
34 demonstrate that the solid waste or recycling facility is consistent  
35 with and necessary to implement the comprehensive solid waste  
36 management plan adopted by the city or county under chapter 70A.205  
37 RCW.

38 (9) After January 1, 2010, any project designed to address the  
39 effects of stormwater or wastewater on Puget Sound may be funded  
40 under this section only if the project is not in conflict with the

1 action agenda developed by the Puget Sound partnership under RCW  
2 90.71.310.

3 (10) For projects involving repair, replacement, or improvement  
4 of a wastewater treatment plant or other public works facility for  
5 which an investment grade efficiency audit is reasonably obtainable,  
6 the public works board must require as a contract condition that the  
7 project sponsor undertake an investment grade efficiency audit. The  
8 project sponsor may finance the costs of the audit as part of its  
9 public works assistance account program loan or grant.

10 (11) The board must implement policies and procedures designed to  
11 maximize local government consideration of other funds to finance  
12 local infrastructure.

13 **Sec. 8036.** RCW 43.330.400 and 2011 1st sp.s. c 43 s 603 are each  
14 amended to read as follows:

15 (1) The federal broadband ((mapping)) account is ((established))  
16 created in ((the custody of)) the state ((treasurer. The department  
17 shall deposit into the account such)) treasury. All receipts from  
18 funds received from legislative appropriation or transfer, federal  
19 funding, and ((donated funds from private and public sources)) moneys  
20 directed to the account from any other lawful source, must be  
21 deposited in the account. Moneys in the account may be spent only  
22 after appropriation. Expenditures from the account may be used only  
23 for ((the purposes of RCW 43.330.403 through 43.330.409. Only the  
24 director of the department or the director's designee may authorize  
25 expenditures from the account. The account is subject to the  
26 allotment procedures under chapter 43.88 RCW, but an appropriation is  
27 not required for expenditures)) broadband activities authorized under  
28 federal law and for nonfederal match requirements.

29 (2) ~~((The department is the single eligible entity in the state~~  
30 ~~for purposes of the federal broadband mapping activities.~~

31 ~~(3))~~ Federal funding received by the department from the  
32 broadband equity, access, and deployment state grants program in  
33 section 60102 of P.L. 117-58 (infrastructure investment and jobs act)  
34 or a substantially similar successor federal program, must be  
35 deposited into the account for broadband ((mapping)) activities and  
36 must be used in accordance with any federal requirements and, subject  
37 to those requirements, may be distributed by the department on a  
38 competitive basis to other entities in the state.

1       ~~((4) The department shall consult with the office of financial~~  
2 ~~management and the utilities and transportation commission in~~

8 ~~encompass the consulted agencies.))~~

9       **Sec. 8037.** RCW 77.12.037 and 2000 c 107 s 4 are each amended to  
10 read as follows:

11       The commission may acquire by gift, easement, purchase, lease, or  
12 condemnation lands, buildings, water rights, rights-of-way, or other  
13 necessary property, and construct and maintain necessary facilities  
14 for purposes consistent with this title. The commission may authorize  
15 the director to acquire property under this section, but the power of  
16 condemnation may only be exercised by the director when an  
17 appropriation has been made by the legislature for the acquisition of  
18 a specific property, except to clear title and acquire access  
19 rights-of-way.

20       The commission may sell, lease, convey, or grant concessions upon  
21 real or personal property under the control of the department.

22       During the 2025-2027 fiscal biennium, this section does not apply  
23 to the sale of land pursuant to section 3102, chapter . . ., Laws of  
24 2025 (section 3102 of this act).

25       **Sec. 8038.** RCW 77.12.210 and 2020 c 148 s 9 are each amended to  
26 read as follows:

27       The director shall maintain and manage real or personal property  
28 owned, leased, or held by the department and shall control the  
29 construction of buildings, structures, and improvements in or on the  
30 property. The director may adopt rules for the operation and  
31 maintenance of the property.

32       The commission may authorize the director to sell, lease, convey,  
33 or grant concessions upon real or personal property under the control  
34 of the department. This includes the authority to sell timber,  
35 gravel, sand, and other materials or products from real property held  
36 by the department, and to sell or lease the department's real or  
37 personal property or grant concessions or rights-of-way for roads or  
38 utilities in the property. Oil and gas resources owned by the state

1 which lie below lands owned, leased, or held by the department shall  
2 be offered for lease by the commissioner of public lands pursuant to  
3 chapter 79.14 RCW with the proceeds being deposited in the fish,  
4 wildlife, and conservation account created in RCW 77.12.170(3):  
5 PROVIDED, That the commissioner of public lands shall condition such  
6 leases at the request of the department to protect wildlife and its  
7 habitat.

8 If the commission determines that real or personal property held  
9 by the department cannot be used advantageously by the department,  
10 the director may dispose of that property if it is in the public  
11 interest.

12 If the state acquired real property with use limited to specific  
13 purposes, the director may negotiate terms for the return of the  
14 property to the donor or grantor. Other real property shall be sold  
15 to the highest bidder at public auction. After appraisal, notice of  
16 the auction shall be published at least once a week for two  
17 successive weeks in a newspaper of general circulation within the  
18 county where the property is located at least ((twenty)) 20 days  
19 prior to sale.

20 Proceeds from the sales shall be deposited in the fish, wildlife,  
21 and conservation account created in RCW 77.12.170(3).

22 During the 2025-2027 fiscal biennium, this section does not apply  
23 to the sale of land pursuant to section 3102, chapter . . ., Laws of  
24 2025 (section 3102 of this act).

25 **Sec. 8039.** RCW 77.12.220 and 2000 c 107 s 219 are each amended  
26 to read as follows:

27 For purposes of this title, the commission may make agreements to  
28 obtain real or personal property or to transfer or convey property  
29 held by the state to the United States or its agencies or  
30 instrumentalities, units of local government of this state, public  
31 service companies, or other persons, if in the judgment of the  
32 commission and the attorney general the transfer and conveyance is  
33 consistent with public interest. For purposes of this section, "local  
34 government" means any city, town, county, special district, municipal  
35 corporation, or quasi-municipal corporation.

36 If the commission agrees to a transfer or conveyance under this  
37 section or to a sale or return of real property under RCW 77.12.210,  
38 the director shall certify, with the attorney general, to the  
39 governor that the agreement has been made. The certification shall

1 describe the real property. The governor then may execute and the  
2 secretary of state attest and deliver to the appropriate entity or  
3 person the instrument necessary to fulfill the agreement.

4 During the 2025-2027 fiscal biennium, this section does not apply  
5 to the sale of land pursuant to section 3102, chapter . . ., Laws of  
6 2025 (section 3102 of this act).

7 **Sec. 8040.** RCW 79.70.100 and 2024 c 375 s 8012 are each amended  
8 to read as follows:

9 The department shall hold a public hearing in the county where  
10 the majority of the land in a proposed natural area preserve is  
11 located prior to establishing the boundary. During the 2023-2025  
12 fiscal biennium, this section does not apply to section 3034, chapter  
13 375, Laws of 2024. During the 2025-2027 fiscal biennium, this section  
14 does not apply to section 3121, chapter . . ., Laws of 2025 (section  
15 3121 of this act).

16 **Sec. 8041.** RCW 79.71.060 and 2024 c 375 s 8013 are each amended  
17 to read as follows:

18 The department shall hold a public hearing in the county where  
19 the majority of the land in the proposed natural resources  
20 conservation area is located prior to establishing the boundary. An  
21 area proposed for designation must contain resources consistent with  
22 characteristics identified in RCW 79.71.020. During the 2023-2025  
23 fiscal biennium, this section does not apply to section 3034, chapter  
24 375, Laws of 2024. During the 2025-2027 fiscal biennium, this section  
25 does not apply to section 3121, chapter . . ., Laws of 2025 (section  
26 3121 of this act).

27 **Sec. 8042.** RCW 28A.525.159 and 2020 c 299 s 1 are each amended  
28 to read as follows:

29 (1) School construction assistance program grants for small  
30 school districts and state-tribal education compact schools must be  
31 determined in accordance with this section.

32 (2) Eligibility. School districts and state-tribal education  
33 compact schools with enrollments that are less than or equal to (~~one~~  
34 ~~thousand~~) 1,000 students are eligible for small school district  
35 modernization grants. The advisory committee specified in subsection  
36 (4)(a) of this section may recommend amendments to the eligibility  
37 threshold as they learn more about the characteristics of school

1 districts and state-tribal education compact schools that are unable  
2 to modernize their aging school facilities. Districts with incomplete  
3 information in the inventory and condition of schools data system are  
4 not eligible to apply for construction grants but may apply for  
5 planning grants.

6 (3) The office of the superintendent of public instruction must  
7 assist eligible school districts and state-tribal education compact  
8 schools that are interested in applying for a small school district  
9 modernization grant under this section by providing technical  
10 assistance and planning grants within appropriations for this  
11 purpose. Districts and state-tribal education compact schools seeking  
12 planning grants must provide a brief statement of the school  
13 condition, its deficiencies, student enrollment, student achievement  
14 measures, and financial limitations of the district or state-tribal  
15 education compact school. If applications for planning grants exceed  
16 funds available, the office of the superintendent of public  
17 instruction may prioritize the recipients of planning grants in order  
18 to help districts and state-tribal education compact schools with the  
19 most serious apparent building deficiencies, and the most limited  
20 financial capacity.

21 (4) Prioritized construction grants and advisory committee.

22 (a) The superintendent of public instruction must propose a list  
23 of prioritized grants to the governor by September 1st of even-  
24 numbered years. The superintendent of public instruction must appoint  
25 an advisory committee to prioritize applications from small school  
26 districts and state-tribal education compact schools. Committee  
27 members must have experience in financing, managing, repairing, and  
28 improving school facilities in small school districts or state-tribal  
29 education compact schools but must not be involved in a small school  
30 district modernization program grant request for the biennium under  
31 consideration. The office of the superintendent of public instruction  
32 must provide administrative and staff support to the (~~(advisory)~~)  
33 advisory committee. The office of the superintendent of public  
34 instruction in consultation with the advisory committee must design a  
35 grant application process with specific criteria for prioritizing  
36 grant requests.

37 (b) The advisory committee created in (a) of this subsection must  
38 evaluate final applications from eligible school districts and state-  
39 tribal education compact schools. The advisory committee must submit  
40 a prioritized list of grants to the superintendent of public

1 instruction. The list must prioritize applications to achieve the  
2 greatest improvement of school facilities, in the districts and  
3 state-tribal education compact schools with the most limited  
4 financial capacity, for projects that are likely to improve student  
5 health, safety, and academic performance for the largest number of  
6 students for the amount of state grant support. The advisory  
7 committee must develop specific criteria to achieve the  
8 prioritization. The submitted prioritized list must describe the  
9 project, the proposed state funding level, and the estimated total  
10 project cost including other funding and in-kind resources. The list  
11 must also indicate student achievement measures that will be used to  
12 evaluate the benefits of the project. The superintendent of public  
13 instruction and the governor may determine the level of funding in  
14 their omnibus capital appropriations act requests to support small  
15 school district modernization grants, but their funding requests must  
16 follow the prioritized list prepared by the advisory committee unless  
17 new information determines that a specific project is no longer  
18 viable as proposed.

19 (5) Coordination with the school construction assistance program.

20 (a) The full administrative and procedural process of school  
21 construction assistance program funding under RCW 28A.525.162 through  
22 28A.525.180 may be streamlined by the office of the superintendent of  
23 public instruction in order to coordinate eligible school  
24 construction assistance program funding with the small school  
25 district modernization grants. Such coordination must ensure that  
26 total state funding from both grants does not exceed total project  
27 costs minus available local resources.

28 (b) Projects seeking small school district modernization grants  
29 must meet the requirements for a school construction assistance  
30 program grant except for the following: (i) The estimated cost of the  
31 project may be less than (~~forty~~) 40 percent of the estimated  
32 replacement value of the facility, and (ii) local funding assistance  
33 percentage requirements of the school construction assistance program  
34 do not apply. However, available district and state-tribal education  
35 compact school resources are considered in prioritizing small school  
36 district modernization grants.

37 (6) Disbursement of grant funds and reporting requirements. The  
38 office of the superintendent of public instruction must award grants  
39 to school districts and state-tribal education compact schools. The  
40 grant must not be awarded until the district or state-tribal

1 education compact school has identified available local and other  
2 resources sufficient to complete the approved project considering the  
3 amount of the state grant. The grant must specify reporting  
4 requirements from the district or state-tribal education compact  
5 school, which must include updating all pertinent information in the  
6 inventory and condition of schools data system and submitting a final  
7 project report as specified by the office of the superintendent of  
8 public instruction in consultation with the school facilities  
9 citizen((s-[citizen])) advisory panel specified in RCW 28A.525.025.

10 (7) From the effective date of this section through June 30,  
11 2027, school districts receiving a small district modernization grant  
12 under this section may not combine this grant funding either with a  
13 school construction assistance program grant or with other grants  
14 awarded under this section to fund a single project.

15 NEW SECTION. **Sec. 8043.** (1)(a) The Joel Pritchard State  
16 Library, which is located on the state capitol grounds at 415 15th  
17 Avenue Southwest in Olympia, Washington, and which is currently  
18 undergoing a substantial renovation, is renamed the Joel Pritchard  
19 Building, consistent with the recommendations from the state capitol  
20 committee and the department of enterprise services, and with the  
21 advice of the capitol campus design advisory committee.

22 (b) The department of enterprise services shall affix the name  
23 "Joel Pritchard Building" to the building at or near the completion  
24 of the renovation project.

25 (2) The Irving R. Newhouse Building, which is located on the  
26 state capitol grounds at 215 Sid Snyder Avenue Southwest in Olympia,  
27 Washington, was recently replaced with a new office building and the  
28 name "Irving R. Newhouse Building" was affixed by the department of  
29 enterprise services to the new building.

30 (3) Consistent with the recommendations from the state capitol  
31 committee and the department of enterprise services, and with the  
32 advice of the capitol campus design advisory committee, the  
33 legislature approves the name of the building as the Irving R.  
34 Newhouse Building.

35 **Sec. 8044.** RCW 79.24.720 and 2015 c 225 s 124 are each amended  
36 to read as follows:

37 The department of enterprise services is responsible for the  
38 stewardship, preservation, operation, and maintenance of the public

1 and historic facilities of the state capitol, subject to the policy  
2 direction of the state capitol committee and the guidance of the  
3 capitol campus design advisory committee. In administering this  
4 responsibility, the department shall:

5 (1) Apply the United States secretary of the interior's standards  
6 for the treatment of historic properties;

7 (2) Seek to balance the functional requirements of state  
8 government operations with public access and the long-term  
9 preservation needs of the properties themselves; ~~((and))~~

10 (3) Consult with the capitol furnishings preservation committee,  
11 the state historic preservation officer, the state arts commission,  
12 and the state facilities accessibility advisory committee in  
13 fulfilling the responsibilities provided for in this section; and

14 (4) During the 2025-2027 fiscal biennium, cooperate with the  
15 department of ecology in fulfilling its obligations under section  
16 3031 of this act.

17 **Sec. 8045.** RCW 43.31.574 and 2024 c 230 s 2 are each amended to  
18 read as follows:

19 For early learning facilities collocated with affordable or  
20 supportive housing developments, the department may remit state  
21 funding on a reimbursement basis for 90 percent of eligible project  
22 costs, regardless of the project's match amount, once the nonstate  
23 share of project costs have been either expended or firmly committed  
24 in an amount sufficient to complete the entire project or a distinct  
25 phase of the project that is useable to the public as an early  
26 learning facility. During the 2025-2027 fiscal biennium, the  
27 department may remit state funding on a reimbursement basis for 100  
28 percent of eligible project costs. Eligible housing developments are  
29 projects that have received public funding and have secured enough  
30 funding to complete construction of the project that will result in a  
31 certificate of occupancy to open the affordable housing development,  
32 including the early learning facility.

33 **Sec. 8046.** RCW 43.63A.750 and 2024 c 375 s 8014 are each amended  
34 to read as follows:

35 (1) A competitive grant program to assist nonprofit organizations  
36 in acquiring, constructing, or rehabilitating performing arts, art  
37 museums, and cultural facilities is created.

1       (2)(a) The department shall submit a list of recommended  
2 performing arts, art museum projects, and cultural organization  
3 projects eligible for funding to the governor and the legislature in  
4 the department's biennial capital budget request beginning with the  
5 2001-2003 biennium and thereafter. The list, in priority order, shall  
6 include a description of each project, the amount of recommended  
7 state funding, and documentation of nonstate funds to be used for the  
8 project. The total amount of recommended state funding for projects  
9 on a biennial project list shall not exceed \$18,000,000.

10       (b) The department shall establish a competitive process to  
11 prioritize applications for state assistance as follows:

12       (i) The department shall conduct a statewide solicitation of  
13 project applications from nonprofit organizations, local governments,  
14 and other entities, as determined by the department. For applications  
15 submitted during the 2023-2025 and 2025-2027 fiscal (~~(biennium)~~)  
16 biennia, nonprofit organizations that are certified by the  
17 association of zoos and aquariums and that have long-term operating  
18 or management agreements are eligible to apply. The department shall  
19 evaluate and rank applications in consultation with a citizen  
20 advisory committee, including a representative from the state arts  
21 commission, using objective criteria. The evaluation and ranking  
22 process shall also consider local community support for projects and  
23 an examination of existing assets that applicants may apply to  
24 projects.

25       (ii) The department may establish the amount of state grant  
26 assistance for individual project applications but the amount shall  
27 not exceed (~~(thirty-three and one-third)~~) 33.33 percent of the  
28 estimated total capital cost or actual cost of a project, whichever  
29 is less. The remaining portions of the project capital cost shall be  
30 a match from nonstate sources. The nonstate match may include cash,  
31 the value of real property when acquired solely for the purpose of  
32 the project, and in-kind contributions. The department is authorized  
33 to set matching requirements for individual projects. State  
34 assistance may be used to fund separate definable phases of a project  
35 if the project demonstrates adequate progress and has secured the  
36 necessary match funding.

37       (iii) The department shall not sign contracts or otherwise  
38 financially obligate funds under this section until the legislature  
39 has approved a specific list of projects. In contracts for grants  
40 authorized under this section, the department shall include

1 provisions requiring that capital improvements be held by the grantee  
2 for a specified period of time appropriate to the amount of the grant  
3 and that facilities be used for the express purpose of the grant. If  
4 the grantee is found to be out of compliance with provisions of the  
5 contract, the grantee shall repay to the state general fund the  
6 principal amount of the grant plus interest calculated at the rate of  
7 interest on state of Washington general obligation bonds issued most  
8 closely to the date of authorization of the grant.

9       **Sec. 8047.** RCW 43.83B.430 and 2023 c 474 s 8033 and 2023 c 287 s  
10 2 are each reenacted and amended to read as follows:

11       The state drought preparedness account is created in the state  
12 treasury. All receipts from appropriated funds designated for the  
13 account and all cost recovery revenues collected under RCW  
14 43.83B.410(5) must be deposited into the account. Expenditures from  
15 the account may be used for drought planning and preparedness  
16 activities under this chapter, including grants issued under RCW  
17 43.83B.415. Moneys in the account may be spent only after  
18 appropriation. During the ((2021-2023 and)) 2023-2025 and 2025-2027  
19 fiscal biennia, the legislature may appropriate moneys from the  
20 account for activities related to water banking.

21       **Sec. 8048.** RCW 43.99N.060 and 2023 c 474 s 8036 are each amended  
22 to read as follows:

23       (1) The stadium and exhibition center account is created in the  
24 custody of the state treasurer. All receipts from the taxes imposed  
25 under RCW 82.14.0494 and distributions under RCW 67.70.240(1)(d)  
26 shall be deposited into the account. Only the director of the office  
27 of financial management or the director's designee may authorize  
28 expenditures from the account. The account is subject to allotment  
29 procedures under chapter 43.88 RCW. An appropriation is not required  
30 for expenditures from this account.

31       (2) Until bonds are issued under RCW 43.99N.020, up to \$5,000,000  
32 per year beginning January 1, 1999, shall be used for the purposes of  
33 subsection (3)(b) of this section, all remaining moneys in the  
34 account shall be transferred to the public stadium authority, created  
35 under RCW 36.102.020, to be used for public stadium authority  
36 operations and development of the stadium and exhibition center.

1 (3) After bonds are issued under RCW 43.99N.020, all moneys in  
2 the stadium and exhibition center account shall be used exclusively  
3 for the following purposes in the following priority:

4 (a) On or before June 30th of each year, the office of financial  
5 management shall accumulate in the stadium and exhibition center  
6 account an amount at least equal to the amount required in the next  
7 succeeding twelve months for the payment of principal of and interest  
8 on the bonds issued under RCW 43.99N.020;

9 (b) An additional reserve amount not in excess of the expected  
10 average annual principal and interest requirements of bonds issued  
11 under RCW 43.99N.020 shall be accumulated and maintained in the  
12 account, subject to withdrawal by the state treasurer at any time if  
13 necessary to meet the requirements of (a) of this subsection, and,  
14 following any withdrawal, reaccumulated from the first tax revenues  
15 and other amounts deposited in the account after meeting the  
16 requirements of (a) of this subsection; and

17 (c) The balance, if any, shall be transferred to the youth  
18 athletic facility account under subsection (4) of this section.

19 Any revenues derived from the taxes authorized by RCW  
20 36.38.010(5) and 36.38.040 or other amounts that if used as provided  
21 under (a) and (b) of this subsection would cause the loss of any tax  
22 exemption under federal law for interest on bonds issued under RCW  
23 43.99N.020 shall be deposited in and used exclusively for the  
24 purposes of the youth athletic facility account and shall not be  
25 used, directly or indirectly, as a source of payment of principal of  
26 or interest on bonds issued under RCW 43.99N.020, or to replace or  
27 reimburse other funds used for that purpose.

28 (4) Any moneys in the stadium and exhibition center account not  
29 required or permitted to be used for the purposes described in  
30 subsection (3)(a) and (b) of this section shall be deposited in the  
31 youth athletic facility account hereby created in the state treasury.  
32 Expenditures from the account may be used only for purposes of grants  
33 or loans to cities, counties, and qualified nonprofit organizations  
34 for community outdoor athletic facilities. Only the director of the  
35 recreation and conservation office or the director's designee may  
36 authorize expenditures from the account. The account is subject to  
37 allotment procedures under chapter 43.88 RCW, but an appropriation is  
38 not required for expenditures. The athletic facility grants or loans  
39 may be used for acquiring, developing, equipping, maintaining, and  
40 improving community outdoor athletic facilities. Funds shall be

1 divided equally between the development of new community outdoor  
2 athletic facilities, the improvement of existing community outdoor  
3 athletic facilities, and the maintenance of existing community  
4 outdoor athletic facilities. Cities, counties, and qualified  
5 nonprofit organizations must submit proposals for grants or loans  
6 from the account. To the extent that funds are available, cities,  
7 counties, and qualified nonprofit organizations must meet eligibility  
8 criteria as established by the director of the recreation and  
9 conservation office. The grants and loans shall be awarded on a  
10 competitive application process and the amount of the grant or loan  
11 shall be in proportion to the population of the city or county for  
12 where the community outdoor athletic facility is located. Grants or  
13 loans awarded in any one year need not be distributed in that year.  
14 The director of the recreation and conservation office may expend up  
15 to one and one-half percent of the moneys deposited in the account  
16 created in this subsection for administrative purposes. During the  
17 2021-2023 fiscal biennium, the legislature may appropriate moneys  
18 from the youth athletic facility account to support a task force to  
19 consider ways to improve equitable access to K-12 schools' fields and  
20 athletic facilities and local parks agency facilities with the goal  
21 of increasing physical activity for youth and families. A portion of  
22 the appropriation must be used to inventory K-12 school fields and  
23 athletic facilities and park agency facilities.

24 (5) During the 2023-2025 and 2025-2027 fiscal (~~(biennium)~~)  
25 biennia, subsection (4) of this section applies to expenditures from  
26 the youth athletic facility account except as provided in this  
27 subsection.

28 (a) During the 2023-2025 and 2025-2027 fiscal (~~(biennium)~~)  
29 biennia, the recreation and conservation office may spend  
30 appropriations made from the youth athletic facility account for  
31 grants and loans to political subdivisions of the state other than  
32 cities and counties as well as federally recognized Indian tribes for  
33 community outdoor athletic facilities. The office is not required to  
34 divide the expenditures equally between development, improvement, and  
35 maintenance of facilities. The office's authority to retain 1.5  
36 percent of amounts deposited in the account for administration is  
37 suspended, and the office's administrative overhead is instead  
38 specified in the appropriations for this purpose.

(b) During the 2023-2025 fiscal biennium, the legislature may also appropriate moneys in the youth athletic facility account for the following:

(i) To the department of commerce for the public facility improvement fund as provided in section 1038, chapter 474, Laws of 2023; and

(ii) To the recreation and conservation office for the purpose of the youth athletic facilities program as provided in section 3060, chapter 474, Laws of 2023.

**Sec. 8049.** RCW 70A.305.190 and 2024 c 375 s 8009 are each amended to read as follows:

(1) The model toxics control capital account is hereby created in the state treasury.

(2) In addition to the funds deposited into the model toxics control capital account required under RCW 82.21.030, the following moneys must be deposited into the model toxics control capital account:

(a) The costs of remedial actions recovered under this chapter, except as provided under RCW 70A.305.170(7);

(b) Penalties collected or recovered under this chapter; and

(c) Any other money appropriated or transferred to the account by the legislature.

(3) Moneys in the model toxics control capital account must be used for the improvement, rehabilitation, remediation, and cleanup of toxic sites and other capital-related expenditures for programs and activities identified in subsection (4) of this section.

(4) Moneys in the model toxics control capital account may be used only for capital projects and activities that carry out the purposes of this chapter and for financial assistance to local governments or other persons to carry out those projects or activities, including but not limited to the following, generally in descending order of priority:

(a) Remedial actions, including the following generally in descending order of priority:

(i) Extended grant agreements entered into under subsection (5)(a) of this section;

(ii) Grants or loans to local governments for remedial actions, including planning for adaptive reuse of properties as provided for

1 under subsection (5)(d) of this section. The department must  
2 prioritize funding of remedial actions at:

3 (A) Facilities on the department's hazardous sites list with a  
4 high hazard ranking for which there is an approved remedial action  
5 work plan or an equivalent document under federal cleanup law;

6 (B) Brownfield properties within a redevelopment opportunity zone  
7 if the local government is a prospective purchaser of the property  
8 and there is a department-approved remedial action work plan or  
9 equivalent document under the federal cleanup law;

10 (iii) Department-conducted remedial actions;

11 (iv) Grants to persons intending to remediate contaminated real  
12 property for development of affordable housing;

13 (v) Public funding to assist potentially liable persons to pay  
14 for the costs of remedial action in compliance with clean-up  
15 standards under RCW 70A.305.030(2)(e) if:

16 (A) The amount and terms of the funding are established under a  
17 settlement agreement under RCW 70A.305.040(4); and

18 (B) The director has found that the funding will achieve both a  
19 substantially more expeditious or enhanced cleanup than would  
20 otherwise occur, and the prevention or mitigation of unfair economic  
21 hardship;

22 (vi) Public funding to assist prospective purchasers to pay for  
23 the costs of remedial action in compliance with clean-up standards  
24 under RCW 70A.305.030(2)(e) if:

25 (A) The facility is located within a redevelopment opportunity  
26 zone designated under RCW 70A.305.150;

27 (B) The amount and terms of the funding are established under a  
28 settlement agreement under RCW 70A.305.040(5); and

29 (C) The director has found the funding will achieve a  
30 substantially more expeditious or enhanced cleanup than would  
31 otherwise occur, provide a public benefit in addition to cleanup  
32 commensurate with the scope of the public funding; and meet any  
33 additional criteria established in rule by the department; and

34 (vii) To expedite multiparty clean-up efforts, purchase of  
35 remedial action cost-cap insurance;

36 (b) Grants, or loans, or contracts to local governments for solid  
37 waste plans and programs under chapters 70A.205, 70A.214, 70A.224,  
38 70A.222, 70A.230, and 70A.300 RCW. Funds must be allocated consistent  
39 with priorities and matching requirements in the respective chapters;

1 (c) Toxic air pollutant reduction programs, including grants or  
2 loans to local governments for woodstoves and diesel;

3 (d) Grants, loans, or contracts to local governments for  
4 hazardous waste plans and programs under chapters 70A.405 and 70A.300  
5 RCW, including chemical action plan implementation. Funds must be  
6 allocated consistent with priorities and matching requirements in the  
7 respective chapters; and

8 (e) Petroleum-based plastic or expanded polystyrene foam debris  
9 clean-up activities in fresh or marine waters.

10 (5) The department may establish and administer a program to  
11 provide grants and loans to local governments for remedial actions,  
12 including planning for adaptive reuse of contaminated properties. To  
13 expedite cleanups throughout the state, the department may use the  
14 following strategies when providing grants to local governments under  
15 this subsection:

16 (a) Enter into an extended grant agreement with a local  
17 government conducting remedial actions at a facility where those  
18 actions extend over multiple biennia and the total eligible cost of  
19 those actions exceeds \$20,000,000. The agreement is subject to the  
20 following limitations:

21 (i) The initial duration of such an agreement may not exceed 10  
22 years. The department may extend the duration of such an agreement  
23 upon finding substantial progress has been made on remedial actions  
24 at the facility;

25 (ii) Extended grant agreements may not exceed 50 percent of the  
26 total eligible remedial action costs at the facility; and

27 (iii) The department may not allocate future funding to an  
28 extended grant agreement unless the local government has demonstrated  
29 to the department that funds awarded under the agreement during the  
30 previous biennium have been substantially expended or contracts have  
31 been entered into to substantially expend the funds;

32 (b) Enter into a grant agreement with a local government  
33 conducting a remedial action that provides for periodic reimbursement  
34 of remedial action costs as they are incurred as established in the  
35 agreement;

36 (c) Enter into a grant agreement with a local government prior to  
37 it acquiring a property or obtaining necessary access to conduct  
38 remedial actions, provided the agreement is conditioned upon the  
39 local government acquiring the property or obtaining the access in  
40 accordance with a schedule specified in the agreement;

1 (d) Provide integrated planning grants to local governments to  
2 fund studies necessary to facilitate remedial actions at brownfield  
3 properties and adaptive reuse of properties following remediation.  
4 Eligible activities include, but are not limited to: Environmental  
5 site assessments; remedial investigations; health assessments;  
6 feasibility studies; site planning; community involvement; land use  
7 and regulatory analyses; building and infrastructure assessments;  
8 economic and fiscal analyses; and any environmental analyses under  
9 chapter 43.21C RCW;

10 (e) Provide grants to local governments for remedial actions  
11 related to area-wide groundwater contamination. To receive the  
12 funding, the local government does not need to be a potentially  
13 liable person or be required to seek reimbursement of grant funds  
14 from a potentially liable person;

15 (f) The director may alter grant matching requirements to create  
16 incentives for local governments to expedite cleanups when one of the  
17 following conditions exists:

18 (i) Funding would prevent or mitigate unfair economic hardship  
19 imposed by the clean-up liability;

20 (ii) Funding would create new substantial economic development,  
21 public recreational opportunities, or habitat restoration  
22 opportunities that would not otherwise occur; or

23 (iii) Funding would create an opportunity for acquisition and  
24 redevelopment of brownfield property under RCW 70A.305.040(5) that  
25 would not otherwise occur; and

26 (g) When pending grant applications under subsection (4)(d) and  
27 (e) of this section exceed the amount of funds available, designated  
28 redevelopment opportunity zones must receive priority for  
29 distribution of available funds.

30 (6) Except for unanticipated receipts under RCW 43.79.260 through  
31 43.79.282, moneys in model toxics control capital account may be  
32 spent only after appropriation by statute.

33 (7) The legislature finds that, in 2023, wildfires in Spokane and  
34 Pend Oreille counties resulted in a loss of approximately 366 homes  
35 as well as secondary buildings. The burning of these structures has  
36 resulted in a large toxic debris field containing asbestos, heavy  
37 metals, plastics, and fuel which are at risk of leaching into the  
38 soil and groundwater. During the 2023-2025 and 2025-2027 fiscal  
39 (~~(biennium)~~) biennia, moneys in the model toxics control capital  
40 account may be used for financial assistance to local governments for

1 the testing of hazardous materials, removal of debris, and  
2 remediation of soil necessary to support the rebuilding of  
3 communities impacted by these wildfires.

4 NEW SECTION. **Sec. 8050.** If any provision of this act or its  
5 application to any person or circumstance is held invalid, the  
6 remainder of the act or the application of the provision to other  
7 persons or circumstances is not affected.

8 NEW SECTION. **Sec. 8051.** This act is necessary for the immediate  
9 preservation of the public peace, health, or safety, or support of  
10 the state government and its existing public institutions, and takes  
11 effect immediately.
