3 2025. The department may take into consideration local document  
4 recording fee balances and individual county fluctuations in

28 housing, conducting affordable housing site predevelopment  
29 activities, providing technical assistance on topics related to  
30 affordable housing development, facilitating collaboration and

14 practices, the department may consider implementing process changes  
15 and other approaches, including but not limited to risk-based tiering  
16 of requirements for grant and contract recipients.

17 (21) Within existing resources, the department must consult with  
18 permanent supportive housing providers awarded grants under  
19 subsection (4) of this section or RCW 36.22.250(5) to provide  
20 awardees the opportunity to provide feedback and develop

27 for statewide Microsoft 365 licenses.

28 (13) Washington technology solutions shall maintain an

27 projects that include multiple agencies or subprojects and roll up,  
28 the dashboard must display:

29 (i) A separate technology budget and investment plan for each  
30 impacted agency. If the impacted agency has funding appropriated to

17 of funding provided by fiscal year.

18 (14) Within existing resources, Washington technology solutions  
19 must collaborate with the department of enterprise services on the  
20 annual contract report that provides information technology contract  
21 information. Washington technology solutions will:

22 (a) Provide data to the department of enterprise services  
23 annually by September 1 of each year; and

24 (b) Provide analysis on contract information for all agencies  
25 comparing spending across state fiscal years by, at least, the

39 for transitioning to cloud computing;

1 (b) A cloud retraining program to provide a coordinated approach  
2 to skills development and retraining; and

3 (c) Staffing to define career pathways and core competencies for  
4 the state's information technology workforce.

5 (17) Washington technology solutions must collaborate with the  
6 office of the secretary of state in the evaluation of the office of  
7 the secretary of state's information technology infrastructure and  
8 applications in determining the appropriate candidates for the  
9 location of data and the systems that could be exempt from Washington  
10 technology solutions oversight.

11 (18)(a) Washington technology solutions must include the  
12 enterprise statewide electronic health records program on the  
13 statewide information technology program dashboard for those agencies

34 dates by agency, reporting on all risks to the schedule for the above  
35 milestone go-live dates by agency, include detail on why the schedule  
36 will be missed by agency, how the project mitigated additional  
37 delays, and what the additional time in the schedule is anticipated  
38 to cost by fiscal year by fund source by agency, and in total.

39 (c) Washington technology solutions must:

1 (i) Require that vendors for the statewide electronic health  
2 records solution must use an agile development model holding live

23 will meet the statutory requirements for technology platform  
24 functionality and implementation dates as established in chapter 364,  
25 Laws of 2024, and must report on the progress of both platforms'  
26 budget, scope, schedule, and milestone accomplishments at a  
27 technology services board meeting by October 31, 2025. The update  
28 must include any changes to the scheduled October 1, 2025, request  
29 for proposal issuance and the January 1, 2028, go-live date by

PART II  
HUMAN SERVICES

NEW SECTION.    **Sec. 201.    FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the  
2 payment rates.

3 (4) The department shall to the maximum extent practicable use  
4 the same system for delivery of spoken-language interpreter services  
5 for social services appointments as the one established for medical  
6 appointments in the health care authority. When contracting directly  
7 with an individual to deliver spoken language interpreter services,  
8 the department shall only contract with language access providers who  
9 are working at a location in the state and who are state-certified or  
10 state-authorized, except that when such a provider is not available,  
11 the department may use a language access provider who meets other  
12 certifications or standards deemed to meet state standards, including  
13 interpreters in other states.

14 (5) Information technology projects or investments and proposed  
15 projects or investments impacting time capture, payroll and payment  
16 processes and systems, eligibility, case management, and  
17 authorization systems within the department of social and health  
18 services are subject to technical oversight by Washington technology  
19 solutions.

20 (6)(a) The department shall facilitate enrollment under the  
21 medicaid expansion for clients applying for or receiving state funded  
22 services from the department and its contractors. Prior to open  
23 enrollment, the department shall coordinate with the health care  
24 authority to provide referrals to the Washington health benefit  
25 exchange for clients that will be ineligible for medicaid.

26 (b) To facilitate a single point of entry across public and  
27 medical assistance programs, and to maximize the use of federal  
28 funding, the health care authority, the department of social and  
29 health services, and the health benefit exchange will coordinate  
30 efforts to expand HealthPlanfinder access to public assistance and  
31 medical eligibility staff. The department shall complete medicaid  
32 applications in the HealthPlanfinder for households receiving or  
33 applying for public assistance benefits.

34 (7) The health care authority, the health benefit exchange, the  
35 department of social and health services, the department of health,  
36 the department of corrections, and the department of children, youth,  
37 and families shall work together within existing resources to  
38 establish the health and human services enterprise coalition (the  
39 coalition). The coalition, led by the health care authority, must be  
40 a multi-organization collaborative that provides strategic direction

1 and federal funding guidance for projects that have cross-  
2 organizational or enterprise impact, including information technology  
3 projects that affect organizations within the coalition. Washington  
4 technology solutions shall maintain a statewide perspective when  
5 collaborating with the coalition to ensure that projects are planned  
6 for in a manner that ensures the efficient use of state resources,  
7 support the adoption of a cohesive technology and data architecture,  
8 and maximize federal financial participation. The work of the  
9 coalition is subject to the conditions, limitations, and review  
10 provided in section 701 of this act.

11 (8) The department must report to and coordinate with the  
12 department of ecology to track expenditures from climate commitment  
13 act accounts, as defined and described in RCW 70A.65.300 and chapter  
14 173-446B WAC.

15 (9) The department shall promptly notify the office of the  
16 attorney general upon the receipt of a request from or on behalf of a  
17 federal agency or a federal, state, or local law enforcement  
18 authority for health care information, as defined in RCW 70.02.010,  
19 program eligibility information for individuals, information that may  
20 identify a health care provider's or facility's delivery of health  
21 care services to noncitizens, or the delivery of protected health  
22 care services as defined in RCW 7.115.010 where the request may  
23 impact expenditures for such services. The department shall require  
24 contracted entities to notify the department promptly upon receipt of  
25 a request from a federal agency or law enforcement authority as  
26 described in this subsection.

16 (h) The department may authorize a one-time waiver of all or any

23 department is also granted the authority to waive the required  
24 residential administrator training for a period of 120 days if  
25 necessary to ensure continuity of care during the relicensing

32 including any documented safety concerns, must occur within thirty  
33 days of a client leaving one of the state psychiatric hospitals and  
34 entering one of the community placement options described in (i)(i)  
35 of this subsection. At a minimum, the department must perform two  
36 additional evaluations of each placement during the first year that a  
37 client has lived in the facility.

38 (iv) In developing bed capacity, the department shall consider  
39 the complex needs of individuals waiting for discharge from the state  
40 psychiatric hospitals.

1       (l) Sufficient appropriations are provided for discharge case  
2 managers stationed at the state psychiatric hospitals. Discharge case  
3 managers will transition clients ready for hospital discharge into

6 psychiatric hospitals.

7       (m) The annual certification renewal fee for community  
8 residential service businesses is \$859 per client in fiscal year 2026  
9 and \$859 per client in fiscal year 2027. The annual certification

11 present a hardship to the applicant. In these situations the  
12 department is also granted the authority to waive the required

22 services to meet the unique needs of each client. It is the  
23 expectation that, in most cases, staffing ratios in all community  
24 alternative placement options described in (a) of this subsection  
25 will need to increase to meet the needs of clients leaving the state  
26 psychiatric hospitals. If specialized training is necessary to meet

21 RCW 74.39A.320 and the same methodology from RCW 74.39A.320 shall be  
22 used to determine each facility's medicaid occupancy percentage for

12 (11) The legislature affirms that it is in the state's interest  
13 for Harborview medical center to remain an economically viable  
14 component of the state's health care system.

15 (12) When a person is ineligible for medicaid solely by reason of  
16 residence in an institution for mental diseases, the health care  
17 authority shall provide the person with the same benefits as he or  
18 she would receive if eligible for medicaid, using state-only funds to  
19 the extent necessary.

20 (13) \$4,261,000 of the general fund—state appropriation for  
21 fiscal year 2026, \$4,261,000 of the general fund—state appropriation

23 appropriation are provided solely for low-income disproportionate  
24 share hospital payments.

25 (14) Within the amounts appropriated in this section, the health  
26 care authority shall provide disproportionate share hospital payments  
27 to hospitals that provide services to children in the children's  
28 health program who are not eligible for services under Title XIX or  
29 XXI of the federal social security act due to their citizenship  
30 status.

31 (15) \$7,000,000 of the general fund—federal appropriation is  
32 provided solely for supplemental payments to nursing homes operated  
33 by public hospital districts. The public hospital district shall be  
34 responsible for providing the required nonfederal match for the  
35 supplemental payment, and the payments shall not exceed the maximum  
36 allowable under federal rules. It is the legislature's intent that  
37 the payments shall be supplemental to and shall not in any way offset  
38 or reduce the payments calculated and provided in accordance with  
39 part E of chapter 74.46 RCW. It is the legislature's further intent

1 that costs otherwise allowable for rate-setting and settlement  
2 against payments under chapter 74.46 RCW shall not be disallowed  
3 solely because such costs have been paid by revenues retained by the  
4 nursing home from these supplemental payments. The supplemental  
5 payments are subject to retrospective interim and final cost  
6 settlements based on the nursing homes' as-filed and final medicare  
7 cost reports. The timing of the interim and final cost settlements  
8 shall be at the health care authority's discretion. During either the  
9 interim cost settlement or the final cost settlement, the health care  
10 authority shall recoup from the public hospital districts the  
11 supplemental payments that exceed the medicaid cost limit and/or the  
12 medicare upper payment limit. The health care authority shall apply  
13 federal rules for identifying the eligible incurred medicaid costs  
14 and the medicare upper payment limit.

17 fiscal biennium. The program shall apply to all public hospitals,  
18 including those owned or operated by the state, except those  
19 classified as critical access hospitals or state psychiatric  
20 institutions. The health care authority shall submit reports to the  
21 governor and legislature by November 1st of each fiscal year that  
22 evaluate whether savings continue to exceed costs for this program.  
23 If the certified public expenditures (CPE) program in its current  
24 form is no longer cost-effective to maintain, the health care  
25 authority shall submit a report to the governor and legislature  
26 detailing cost-effective alternative uses of local, state, and  
27 federal resources as a replacement for this program. During fiscal  
28 year 2026 and fiscal year 2027, hospitals in the program shall be  
29 paid and shall retain 100 percent of the federal portion of the  
30 allowable hospital cost for each medicaid inpatient fee-for-service  
31 claim payable by medical assistance and 100 percent of the federal  
32 portion of the maximum disproportionate share hospital payment  
33 allowable under federal regulations. For the purpose of determining  
34 the amount of any state grant under this subsection, payments will  
35 include the federal portion of medicaid program supplemental payments  
36 received by the hospitals. Inpatient medicaid payments shall be  
37 established using an allowable methodology that approximates the cost  
38 of claims submitted by the hospitals. Payments made to each hospital  
39 in the program in each fiscal year of the biennium shall be compared  
40 to a baseline amount. The baseline amount will be determined by the

total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2025-2027 biennial operating appropriations act and in effect on July 1, 2015, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2019-2021 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within 11 months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested.

(17) The health care authority shall seek public-private partnerships and federal funds that are or may become available to provide ongoing support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

The health care authority shall prioritize evidence-based practices for delivery

3 for maternity support services by leveraging local public funding for  
4 those services.

5 (19) The authority shall submit a report to the governor and the  
6 legislature by September 15, 2026, that delineates the number of  
7 individuals in medicaid managed care, by carrier, age, gender, and  
8 eligibility category, receiving preventative services and  
9 vaccinations. The report should include baseline and benchmark  
10 information from the previous two fiscal years and should be  
11 inclusive of, but not limited to, services recommended under the  
12 United States preventative services task force, advisory committee on  
13 immunization practices, early and periodic screening, diagnostic, and  
14 treatment (EPSDT) guidelines, and other relevant preventative and

25 Washington health benefit exchange for clients that will be

30 health services, and the health benefit exchange will coordinate  
31 efforts to expand HealthPlanfinder access to public assistance and  
32 medical eligibility staff. The health care authority shall complete

9 prioritized for the cost of conducting 180-day commitment hearings at  
10 state-operated facilities including facilities operated by the  
11 department of social and health services and the University of  
12 Washington center for behavioral health and learning. Any remaining  
13 amounts may be used to reimburse either King county or other legal  
14 services organizations for the cost of other involuntary treatment  
15 act commitment hearings provided in other facilities within King  
16 county.

17 (10) Behavioral health entities may use local funds to earn  
18 additional federal medicaid match, provided the locally matched rate  
19 does not exceed the upper-bound of their federally allowable rate  
20 range, and provided that the enhanced funding is used only to provide  
21 medicaid state plan or waiver services to medicaid clients.  
22 Additionally, behavioral health entities may use a portion of the  
23 state funds allocated in accordance with subsection (7) of this  
24 section to earn additional medicaid match, but only to the extent  
25 that the application of such funds to medicaid services does not  
26 diminish the level of crisis and commitment, community inpatient,  
27 residential care, and outpatient services presently available to  
28 persons not eligible for medicaid.

29 (11) \$2,062,000 of the general fund—state appropriation for

34 mental health services upon release from confinement. The authority  
35 must collect information from the behavioral health entities on their  
36 plan for using these funds, the numbers of individuals served, and  
37 the types of services provided.

38 (12) Within the amounts appropriated in this section, funding is  
39 provided for the authority to develop and phase in intensive mental

1 health services for high needs youth consistent with the settlement  
2 agreement in *T.R. v. Dreyfus and Porter*.

3 (13)(a) The authority must establish minimum and maximum funding  
4 levels for all reserves allowed under behavioral health  
5 administrative service organization contracts and include contract  
6 language that clearly states the requirements and limitations. The  
7 reserve levels must be informed by the types of risk carried by  
8 behavioral health administrative service organizations for mandatory  
9 services and also consider reasonable levels of operating reserves.  
10 The authority must monitor and ensure that behavioral health  
11 administrative service organization reserves do not exceed maximum  
12 levels. The authority must monitor revenue and expenditure reports  
13 and must require a behavioral health administrative service  
14 organization to submit a corrective action plan on how it will spend  
15 its excess reserves within a reasonable period of time, when its  
16 reported reserves exceed maximum levels established under the  
17 contract. The authority must review and approve such plans and  
18 monitor to ensure compliance. If the authority determines that a  
19 behavioral health administrative service organization has failed to  
20 provide an adequate excess reserve corrective action plan or is not  
21 complying with an approved plan, the authority must reduce payments  
22 to the entity in accordance with remedial actions provisions included  
23 in the contract. These reductions in payments must continue until the  
24 authority determines that the entity has come into substantial  
25 compliance with an approved excess reserve corrective action plan.  
26 The authority must submit to the office of financial management and  
27 the appropriate committees of the legislature, each December of the  
28 biennium, the minimum and maximum reserve levels established in  
29 contract for each of the behavioral health administrative service  
30 organizations for the prior fiscal year and the actual reserve levels  
31 reported at the end of the fiscal year.

32 (b) In contracts effective during the fiscal biennium, the  
33 authority must allow behavioral health administrative services  
34 organizations flexibility in utilizing reserve funding received  
35 pursuant to a specific legislative proviso in a prior contract  
36 period. Funding repurposed under this subsection must be used to  
37 support the duties of the administrative services organization under  
38 RCW 71.24.045 through programs serving individuals with severe and  
39 persistent behavioral health conditions and behavioral health  
40 services that promote stability and recovery within their regional

1 service area. Repurposed funds shall prioritize the core mandated  
2 functions that behavioral health administrative services  
3 organizations must provide for all residents who need the service or,  
4 for residents who are not medicaid enrollees, as described in the  
5 authority's model contract for behavioral health administrative  
6 services organizations. A behavioral health administrative services  
7 organization that wishes to repurpose reserve funding must notify the  
8 authority in advance and the authority may require modification of  
9 the plan if it determines that the behavioral health administrative  
10 services organization has not made a good faith effort to implement  
11 prior funding for the purpose for which it was originally provided.  
12 The authority must capture information related to behavioral health  
13 administrative services organization repurposing of funds under this  
14 subsection, including identification of which specific legislative  
15 provisos it repurposed funding under this subsection and for what  
16 purpose those funds were used, through the revenue and expenditure  
17 reporting process. These reports shall describe by how much the  
18 state's appropriated funding for core mandated functions fell short  
19 of need as determined by the behavioral health administrative  
20 services organization. The authority must update the revenue and  
21 expenditure reporting template and reporting instructions to  
22 behavioral health administrative service organizations by September  
23 1, 2025.

24 (14) Within the amounts provided in this section, behavioral  
25 health entities must provide outpatient chemical dependency treatment  
26 for offenders enrolled in the medicaid program who are supervised by  
27 the department of corrections pursuant to a term of community  
28 supervision. Contracts with behavioral health entities must require  
29 that behavioral health entities include in their provider network  
30 specialized expertise in the provision of manualized, evidence-based  
31 chemical dependency treatment services for offenders. The department  
32 of corrections and the authority must develop a memorandum of  
33 understanding for department of corrections offenders on active  
34 supervision who are medicaid eligible and meet medical necessity for  
35 outpatient substance use disorder treatment. The agreement will  
36 ensure that treatment services provided are coordinated, do not  
37 result in duplication of services, and maintain access and quality of  
38 care for the individuals being served. The authority must provide all  
39 necessary data, access, and reports to the department of corrections

1 for all department of corrections offenders that receive medicaid  
2 paid services.

7 share of the distributions provided for under RCW 71.24.580(5)(a). If  
8 a county is not interested in administering the funds, the authority  
9 shall contract with behavioral health entities to administer these  
10 funds consistent with the plans approved by local panels pursuant to  
11 RCW 71.24.580(5)(b).

24 survey;

25 (iv) Maintaining increased services to pregnant and parenting

**NEW SECTION. Sec. 220. FOR THE DEPARTMENT OF VETERANS AFFAIRS**

(1) The appropriations in this section are subject to the following conditions and limitations:

(a) The department of veterans affairs shall not initiate any services that will require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys that are unrelated to the coronavirus response and not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys that are unrelated to the

1 coronavirus response, those moneys must be spent for services  
2 authorized in this act or in any other legislation that provides  
3 appropriation authority, and an equal amount of appropriated state  
4 moneys shall lapse. Upon the lapsing of any moneys under this  
5 subsection, the office of financial management shall notify the  
6 legislative fiscal committees. As used in this subsection,  
7 "unrestricted federal moneys" includes block grants and other funds  
8 that federal law does not require to be spent on specifically defined  
9 projects or matched on a formula basis by state funds.

10 (b) Each year, there is fluctuation in the revenue collected to  
11 support the operation of the state veteran homes. When the department  
12 has foreknowledge that revenue will decrease, such as from a loss of  
13 census or from the elimination of a program, the legislature expects  
14 the department to make reasonable efforts to reduce expenditures in a  
15 commensurate manner and to demonstrate that it has made such efforts.  
16 In response to any request by the department for general fund—state  
17 appropriation to backfill a loss of revenue, the legislature shall  
18 consider the department's efforts in reducing its expenditures in  
19 light of known or anticipated decreases to revenues.

NEW SECTION.    **Sec. 221.    FOR THE DEPARTMENT OF HEALTH**

(1) The appropriations to the department of health in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of health shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2)(a) The appropriations to the department of health in this act must be expended for the programs and in the amounts specified in this act, except as provided in (i) and (ii) of this subsection (2)(a):

(i) After May 1, 2026, unless prohibited by this act, the department may transfer general fund—state appropriations for fiscal year 2026 among programs and subprograms after approval by the director of the office of financial management. However, the department may not transfer state appropriations that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(ii) After May 1, 2027, unless prohibited by this act, the department may transfer general fund—state appropriations for fiscal year 2027 and appropriations for the 2025-2027 fiscal biennium among programs and subprograms after approval by the director of the office of financial management. However, the department may not transfer appropriations that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures, the department may transfer appropriations that are provided solely for a specified purpose. The department may not transfer funds, and the director of the office of financial management may not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of the office of financial management shall notify the appropriate fiscal committees of the legislature in writing seven days prior to

1 approving any allotment modifications or transfers under this  
2 subsection. The written notification shall include a narrative  
3 explanation and justification of the changes, along with expenditures  
4 and allotments by budget unit and appropriation, both before and  
5 after any allotment modifications or transfers.

6 (c) Within 30 days after the close of fiscal year 2026, the  
7 department must provide the office of financial management and the  
8 fiscal committees of the legislature with an accounting of any  
9 transfers under this subsection. The accounting shall include a  
10 narrative explanation and justification of the changes, along with  
11 expenditures and allotments by subprogram and appropriation, both  
12 before and after any allotment modifications or transfers. The  
13 department must also provide recommendations for revisions to  
14 appropriations to better align funding with the new budget structure  
15 for the department in this act and to eliminate the need for the  
16 transfer authority in future budgets.

17 (3) The department of health shall not initiate any services that  
18 will require expenditure of state general fund moneys unless  
19 expressly authorized in this act or other law. The department of  
20 health and the state board of health shall not implement any new or  
21 amended rules pertaining to primary and secondary school facilities  
22 until the rules and a final cost estimate have been presented to the  
23 legislature, and the legislature has formally funded implementation  
24 of the rules through the omnibus appropriations act or by statute.  
25 The department may seek, receive, and spend, under RCW 43.79.260  
26 through 43.79.282, federal moneys not anticipated in this act as long  
27 as the federal funding does not require expenditure of state moneys  
28 for the program in excess of amounts anticipated in this act. If the  
29 department receives unanticipated unrestricted federal moneys, those  
30 moneys shall be spent for services authorized in this act or in any  
31 other legislation that provides appropriation authority, and an equal  
32 amount of appropriated state moneys shall lapse. Upon the lapsing of  
33 any moneys under this subsection, the office of financial management  
34 shall notify the legislative fiscal committees. As used in this  
35 subsection, "unrestricted federal moneys" includes block grants and  
36 other funds that federal law does not require to be spent on  
37 specifically defined projects or matched on a formula basis by state  
38 funds.

39 (4) In accordance with RCW 43.70.110 and 71.24.037, the  
40 department is authorized to adopt license and certification fees in

1 fiscal years 2026 and 2027 to support the costs of the regulatory  
2 program. The department's fee schedule shall have differential rates  
3 for providers with proof of accreditation from organizations that the  
4 department has determined to have substantially equivalent standards  
5 to those of the department, including but not limited to the joint  
6 commission on accreditation of health care organizations, the  
7 commission on accreditation of rehabilitation facilities, and the  
8 council on accreditation. To reflect the reduced costs associated  
9 with regulation of accredited programs, the department's fees for  
10 organizations with such proof of accreditation must reflect the lower  
11 costs of licensing for these programs than for other organizations  
12 which are not accredited.

13 (5) Within the amounts appropriated in this act, and in  
14 accordance with RCW 70.41.100, the department shall set fees to  
15 include the full costs of the performance of inspections pursuant to  
16 RCW 70.41.080.

17 (6) In accordance with RCW 43.70.110 and 71.24.037, the  
18 department is authorized to adopt fees for the review and approval of  
19 mental health and substance use disorder treatment programs in fiscal  
20 years 2026 and 2027 as necessary to support the costs of the  
21 regulatory program. The department's fee schedule must have  
22 differential rates for providers with proof of accreditation from  
23 organizations that the department has determined to have  
24 substantially equivalent standards to those of the department,  
25 including but not limited to the joint commission on accreditation of  
26 health care organizations, the commission on accreditation of  
27 rehabilitation facilities, and the council on accreditation. To  
28 reflect the reduced costs associated with regulation of accredited  
29 programs, the department's fees for organizations with such proof of  
30 accreditation must reflect the lower cost of licensing for these  
31 programs than for other organizations which are not accredited.

32 (7) The health care authority, the health benefit exchange, the  
33 department of social and health services, the department of health,  
34 the department of corrections, and the department of children, youth,  
35 and families shall work together within existing resources to  
36 establish the health and human services enterprise coalition (the  
37 coalition). The coalition, led by the health care authority, must be  
38 a multi-organization collaborative that provides strategic direction  
39 and federal funding guidance for projects that have cross-  
40 organizational or enterprise impact, including information technology

projects that affect organizations within the coalition. Washington technology solutions shall maintain a statewide perspective when collaborating with the coalition to ensure that projects are planned for in a manner that ensures the efficient use of state resources, supports the adoption of a cohesive technology and data architecture, and maximizes federal financial participation. The work of the coalition and any project identified as a coalition project is subject to the conditions, limitations, and review provided in section 701 of this act.

(8) Within the amounts appropriated in this act, and in accordance with RCW 43.70.110 and 71.12.470, the department shall set fees to include the full costs of the performance of inspections pursuant to RCW 71.12.485.

(9) The department must report to and coordinate with the department of ecology to track expenditures from climate commitment act accounts, as defined and described in RCW 70A.65.300 and chapter 173-446B WAC.

(10) The department shall promptly notify the office of the attorney general upon the receipt of a request from or on behalf of a federal agency or a federal, state, or local law enforcement authority for health care information, as defined in RCW 70.02.010, program eligibility information for individuals, information that may identify a health care provider's or facility's delivery of health care services to noncitizens, or the delivery of protected health care services as defined in RCW 7.115.010 where the request may impact expenditures for such services. The department shall require contracted entities to notify the department promptly upon receipt of a request from a federal agency or law enforcement authority as described in this subsection.

14 to identify culturally relevant and research-informed programs for  
15 prevention and intervention services. These programs will include  
16 principles of positive youth development, healing centered  
17 engagement, or peer centered approaches that holistically benefit  
18 young people, or all three principles. The department may concentrate  
19 delivery of these treatments and therapies at a limited number of  
20 programs to deliver the treatments in a cost-effective manner.

21 (3)(a) \$8,198,000 of the general fund—state appropriation for  
22 fiscal year 2026 and \$8,198,000 of the general fund—state  
23 appropriation for fiscal year 2027 are provided solely to implement  
24 evidence- and research-based programs through community juvenile  
25 accountability grants, administration of the grants, and evaluations  
26 of programs funded by the grants. In addition to funding provided in  
27 this subsection, funding to implement alcohol and substance abuse  
28 treatment programs for locally committed offenders is provided

2 in each approved evidence-based program or disposition alternative:  
3 (i) Thirty-seven and one-half percent for the at-risk population of  
4 youth ten to seventeen years old; (ii) fifteen percent for the  
5 assessment of low, moderate, and high-risk youth; (iii) twenty-five  
6 percent for evidence-based program participation; (iv) seventeen and  
7 one-half percent for minority populations; (v) three percent for the  
8 chemical dependency and mental health disposition alternative; and  
9 (vi) two percent for the suspended dispositional alternatives.  
10 Funding for the special sex offender disposition alternative shall  
11 not be included in the block grant, but allocated on the average  
12 daily population in juvenile courts. Funding for the evidence-based  
13 expansion grants shall be excluded from the block grant formula.  
14 Funds may be used for promising practices when approved by the  
15 department of children, youth, and families and juvenile courts,

24 grant funding formula, utilizing data-driven decision making and the  
25 most current available information. The committee will be co-chaired  
26 by the department of children, youth, and families and the juvenile  
27 courts, who will also have the ability to change members of the  
28 committee as needed to achieve its purpose. The committee may make  
29 changes to the formula categories in (b) of this subsection if it  
30 determines the changes will increase statewide service delivery or  
31 effectiveness of evidence-based program or disposition alternative  
32 resulting in increased cost/benefit savings to the state, including  
33 long-term cost/benefit savings. The committee must also consider  
34 these outcomes in determining when evidence-based expansion or  
35 special sex offender disposition alternative funds should be included  
36 in the block grant or left separate.

37 (d) The juvenile courts and administrative office of the courts  
38 must collect and distribute information and provide access to the  
39 data systems to the department of children, youth, and families and  
40 the Washington state institute for public policy related to program

1 and outcome data. The department of children, youth, and families and  
2 the juvenile courts must work collaboratively to develop program  
3 outcomes that reinforce the greatest cost/benefit to the state in the  
4 implementation of evidence-based practices and disposition  
5 alternatives.

Allocations for classified staff units providing school building-level and district-wide support services for the 2025-26 and 2026-27 school years are determined using the formula-generated staff units provided in RCW 28A.150.260 and pursuant to this subsection, and adjusted based on each district's annual average full-time equivalent student enrollment in each grade.

(5) CENTRAL OFFICE ALLOCATIONS

In addition to classified and administrative staff units allocated in subsections (3) and (4) of this section, classified and administrative staff units are provided for the 2025-26 and 2026-27 school years for the central office administrative costs of operating a school district, at the following rates:

1 (a) The total central office staff units provided in this  
2 subsection (5) are calculated by first multiplying the total number  
3 of eligible certificated instructional, certificated administrative,  
4 and classified staff units providing school-based or district-wide  
5 support services, as identified in RCW 28A.150.260(6)(b) and the  
6 increased allocations provided pursuant to subsections (2) and (4) of  
7 this section, by 5.3 percent.

8 (b) Of the central office staff units calculated in (a) of this  
9 subsection, 74.53 percent are allocated as classified staff units, as  
10 generated in subsection (4) of this section, and 25.48 percent shall  
11 be allocated as administrative staff units, as generated in  
12 subsection (3) of this section.

13 (c) Staff units generated as enhancements outside the program of  
14 basic education to the minimum requirements of RCW 28A.150.260, and  
15 staff units generated by skill center and career-technical students,  
16 are excluded from the total central office staff units calculation in  
17 (a) of this subsection.

18 (d) For students in approved career-technical and skill center  
19 programs, central office classified units are allocated at the same  
20 staff unit per student rate as those generated for general education  
21 students of the same grade in this subsection (5), and central office  
22 administrative staff units are allocated at staff unit per student  
23 rates that exceed the general education rate established for students  
24 in the same grade in this subsection (5) by 12.46 percent in the  
25 2025-26 school year and 12.46 percent in the 2026-27 school year for  
26 career and technical education students, and 17.79 percent in the  
27 2025-26 school year and 17.79 percent in the 2026-27 school year for  
28 skill center students.

39 specified in section 506 of this act, based on the number of benefit

units determined as follows: Except for nonrepresented employees of educational service districts, the number of calculated benefit units determined below. Calculated benefit units are staff units multiplied by the benefit allocation factors established in the collective bargaining agreement referenced in section 910 of this act. These factors are intended to adjust allocations so that, for the purpose of distributing insurance benefits, full-time equivalent employees may be calculated on the basis of 630 hours of work per year, with no individual employee counted as more than one full-time equivalent. The number of benefit units is determined as follows:

(a) The number of certificated staff units determined in subsections (2), (3), and (5) of this section multiplied by 1.02; and

(b) The number of classified staff units determined in subsections (4) and (5) of this section multiplied by 1.43.

PART VII  
SPECIAL APPROPRIATIONS

NEW SECTION.    **Sec. 701.    FOR THE OFFICE OF FINANCIAL MANAGEMENT—  
INFORMATION TECHNOLOGY INVESTMENT POOL**

General Fund—State Appropriation (FY 2026) . . . . .	\$12,049,000
General Fund—State Appropriation (FY 2027) . . . . .	\$6,242,000
State Treasurer's Service Account—State Appropriation. . . . .	\$260,000
TOTAL APPROPRIATION. . . . .	\$18,551,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations are provided solely for expenditure into the information technology investment revolving account created in RCW 43.41.433. Amounts in the account are provided solely for the information technology projects shown in LEAP omnibus document IT-2025, dated April 26, 2025, which is hereby incorporated by reference. To facilitate the transfer of moneys from other funds and accounts that are associated with projects contained in LEAP omnibus document IT-2025, dated April 26, 2025, the state treasurer is directed to transfer moneys from other funds and accounts to the information technology investment revolving account in accordance with schedules provided by the office of financial management. Restricted federal funds may be transferred only to the extent permitted by law, and will otherwise remain outside the information technology investment account. The projects affected remain subject to the other provisions of this section.

(2) Agencies must apply to Washington technology solutions for certification and release of funding for each gate of the project. When Washington technology solutions certifies the key deliverables of the gate have been met, a current technology budget is approved and includes updated milestone deliverables with start dates and estimated completion dates for each deliverable through each stage of the entire project investment through project implementation and close out; and if applicable to the stage or gate of the project, that the project is putting functioning software into production that addresses user needs, is in compliance with the quality assurance plan, and meets a defined set of industry best practices for code quality that Washington technology solutions will post to their

1 website by July 1, 2025, it must notify the office of financial  
2 management and the fiscal committees of the legislature. The office  
3 of financial management may not approve funding for the certified  
4 project gate any earlier than 10 business days from the date of  
5 notification to the fiscal committees of the legislature.

6 (3)(a) Allocations and allotments of information technology  
7 investment revolving account must be made for discrete stages of  
8 projects as determined by the technology budget approved by  
9 Washington technology solutions and the office of financial  
10 management.

11 (b) Fifteen percent of total funding allocated by the office of  
12 financial management, or another amount as defined jointly by the  
13 office of financial management and Washington technology solutions,  
14 will be retained in the account, but remain allocated to that  
15 project. The retained funding will be released to the agency only  
16 after successful completion of that stage of the project and only  
17 after Washington technology solutions certifies the stage as required  
18 in subsection (2) of this section. For the one Washington project,  
19 the amount retained is increased to at least 20 percent of total  
20 funding allocated for any stage of that project. If there is no  
21 significant risk to the project, the holdback does not apply to the  
22 final gate during a biennial close.

23 (4)(a) Each project must have a technology budget. The technology  
24 budget must have the detail by fiscal month for the 2025-2027 fiscal  
25 biennium. The technology budget must use a method similar to the  
26 state capital budget, identifying project costs, each fund source,  
27 and anticipated deliverables through each stage of the entire project  
28 investment and across fiscal periods and biennia from project onset  
29 through implementation and close out, as well as at least five years  
30 of maintenance and operations costs.

31 (b) As part of the development of a technology budget, as key  
32 milestone deliverables change that impact scope, schedule, or budget,  
33 and at each request for funding, the agency shall submit an updated  
34 technology budget, if changes occurred, to include detailed financial  
35 information to the office of financial management and Washington  
36 technology solutions. The technology budget must describe the total  
37 cost of the project, as well as maintenance and operations costs, to  
38 include and identify at least:

39 (i) Fund sources:

1 (A) If the project is funded from the information technology  
2 revolving account, the technology budget must include a worksheet  
3 that provides the fund sources that were transferred into the account  
4 by fiscal year;

5 (B) If the project managed is by a central service agency, and  
6 funds are driven out by the central service model, the technology  
7 budget must provide a statewide impact by agency by fund as a  
8 worksheet in the technology budget file;

9 (ii) Full time equivalent staffing level to include job  
10 classification assumptions. This is to assure that the project has  
11 adequate state staffing and agency support to ensure success, ensure  
12 user acceptance, and adequately test the functionality being  
13 delivered in each sprint before it is accepted by the agency's  
14 contracting officer or their representative. Key project functions  
15 that are deemed "critical" must be retained by state personnel and  
16 not outsourced, to ensure that knowledge is retained within state  
17 government and that the state can self-sufficiently support the  
18 system and make improvements without long-term dependence on a  
19 vendor;

20 (iii) Discrete financial budget codes to include at least the  
21 appropriation index and program index. If the subproject or project  
22 is appropriated funding at more than one agency, as is done with the  
23 statewide electronic health records solution where federal funding is  
24 appropriated to the health care authority, then:

25 (A) The project technology budget and each impacted agency that  
26 receives appropriated funding must use the same program index across  
27 each agency;

28 (B) Each appropriation index from each impacted agency must be  
29 identified on the technology budget input page; and

30 (C) The technology budget must be compiled in the lead agency  
31 technology budget only, referencing any differences in appropriation  
32 index, as described in (b)(iii)(B) of this subsection;

33 (iv) Object and subobject codes of expenditures;

34 (v) Anticipated deliverables that must include a start date and  
35 estimated completion date for each deliverable to include, but not  
36 limited to, requests for proposals release dates, go-live dates, and  
37 software demonstration dates;

38 (vi) Historical budget and expenditure detail by fiscal year; and

39 (vii) Maintenance and operations costs by fiscal year for at  
40 least five years as a separate worksheet.

1 (c) If a project technology budget changes and once a revised  
2 technology budget is completed, a comparison of the revised  
3 technology budget to the last approved technology budget must be  
4 posted to the dashboard, to include a narrative rationale on what  
5 changed, why, and how the changes impact the project scope, budget,  
6 and schedule.

7 (5)(a) Each project must have a project charter. The charter must  
8 include:

9 (i) An organizational chart of the project management team that  
10 identifies team members and their roles and responsibilities, and  
11 shows that the project is adequately staffed by state personnel in  
12 key functions to ensure success;

13 (ii) The Washington technology solutions staff assigned to the  
14 project;

15 (iii) A project roadmap that includes the problems the team is  
16 solving and the sequence in which the team intends to take on those  
17 problems, updated periodically to reflect what has been learned;

18 (iv) Metrics to support the project strategy and vision, to  
19 determine that the project is incrementally meeting user needs;

20 (v) An implementation schedule covering activities, critical  
21 milestones, and deliverables at each stage of the project for the  
22 life of the project at each agency affected by the project;

23 (vi) Performance measures used to determine that the project is  
24 on time, within budget, and meeting expectations for quality of work  
25 product;

26 (vii) Ongoing maintenance and operations cost of the project post  
27 implementation and close out delineated by agency staffing,  
28 contracted staffing, and service level agreements; and

29 (viii) Financial budget coding to include at least discrete  
30 financial coding for the project.

31 (b) If required by Washington technology solutions, a project may  
32 also need to have an investment plan. Washington technology solutions  
33 must:

34 (i) Base the requirement of an agency needing to have an  
35 investment plan on the complexity and risk of the project;

36 (ii) Establish requirements by project risk level in statewide  
37 technology policy, and publish the requirements by September 30,  
38 2025; and

39 (iii) In collaboration with the department of enterprise  
40 services, define the circumstances under which the vendor will be

1 terminated or replaced and establish the process by which the agency  
2 will transition to a new vendor with a minimal reduction in project  
3 productivity.

4 (6)(a) Projects with estimated costs greater than \$100,000,000  
5 from initiation to completion and implementation may be divided into  
6 discrete subprojects as determined by Washington technology  
7 solutions, except for the one Washington project which must be  
8 divided into the following discrete subprojects: Core financials,  
9 expanding financials and procurement, budget, and human resources.  
10 Each subproject must have a technology budget as provided in this  
11 section.

12 (b) If the project affects more than one agency:

13 (i) A separate technology budget and investment plan must be  
14 prepared by each agency; and

15 (ii) There must be a budget roll up that includes each affected  
16 agency at the subproject level.

17 (7) Washington technology solutions shall maintain a statewide  
18 information technology project dashboard that provides updated  
19 information each fiscal month on projects subject to this section.  
20 The statewide dashboard must meet the requirements in section 156 of  
21 this act.

22 (8) For any project that exceeds \$2,000,000 in total funds to  
23 complete, requires more than one biennium to complete, or is financed  
24 through financial contracts, bonds, or other indebtedness:

25 (a) Independent quality assurance services for the project must  
26 report independently to Washington technology solutions;

27 (b) Washington technology solutions, based on project risk  
28 assessments, may require additional quality assurance services and  
29 independent verification and validation services;

30 (c) Washington technology solutions must review, and, if  
31 necessary, revise the proposed project to ensure it is flexible and  
32 adaptable to advances in technology;

33 (d) The technology budget must specifically identify the uses of  
34 any financing proceeds. No more than thirty percent of the financing  
35 proceeds may be used for payroll-related costs for state employees  
36 assigned to project management, installation, testing, or training;

37 (e) The agency must consult with the office of the state  
38 treasurer during the competitive procurement process to evaluate  
39 early in the process whether products and services to be solicited  
40 and the responsive bids from a solicitation may be financed;

1 (f) The agency must consult with the contracting division of the  
2 department of enterprise services for a review of all contracts and  
3 agreements related to the project's information technology  
4 procurements;

5 (g) The agency and project must use an agile development model  
6 holding live demonstrations of functioning software, developed using  
7 incremental user research, held at the end of every two-week sprint,  
8 except for:

9 (i) Hardware or infrastructure projects; and

10 (ii) Projects that have implemented all phases and are now in  
11 maintenance and operations;

12 (h) The project solution must be capable of being continually  
13 updated, as necessary; and

14 (i) The agency and project must deploy usable functionality into  
15 production for users within 180 days from the date of an executed  
16 procurement contract in response to a competitive request for  
17 proposal.

18 (9) Washington technology solutions must evaluate the project at  
19 each stage and certify whether the project is putting functioning  
20 software into production that addresses user needs, is projected to  
21 be completed within budget, is in compliance with the quality  
22 assurance plan, and meets a defined set of industry best practices  
23 for code quality, and whether the project is planned, managed,  
24 meeting deliverable targets as defined in the project's approved  
25 technology budget and investment plan, and that the current  
26 technology budget reflects updated scope, schedule, and budget to  
27 include updated milestone deliverables with start dates and estimated  
28 completion dates through each stage of the entire project investment  
29 through project implementation and close out.

30 (10) Washington technology solutions may suspend or terminate a  
31 project at any time if it determines that the project is not meeting  
32 or not expected to meet anticipated performance and technology  
33 outcomes. Once suspension or termination occurs, the agency shall  
34 unallot any unused funding and shall not make any expenditure for the  
35 project without the approval of the office of financial management.

**MISCELLANEOUS**

**NEW SECTION. Sec. 901. EXPENDITURE AUTHORIZATIONS**

The appropriations contained in this act are maximum expenditure authorizations. Pursuant to RCW 43.88.037, moneys disbursed from the treasury on the basis of a formal loan agreement shall be recorded as loans receivable and not as expenditures for accounting purposes. To the extent that moneys are disbursed on a loan basis, the corresponding appropriation shall be reduced by the amount of loan moneys disbursed from the treasury during the 2023-2025 fiscal biennium.

**NEW SECTION. Sec. 902. EMERGENCY FUND ALLOCATIONS**

Whenever allocations are made from the governor's emergency fund appropriation to an agency that is financed in whole or in part by other than general fund moneys, the director of financial management may direct the repayment of such allocated amount to the general fund from any balance in the fund or funds which finance the agency. An appropriation is not necessary to effect such repayment.

**NEW SECTION. Sec. 903. STATUTORY APPROPRIATIONS**

In addition to the amounts appropriated in this act for revenues for distribution, state contributions to the law enforcement officers' and firefighters' retirement system plan 2 and bond retirement and interest, including ongoing bond registration and transfer charges, transfers, interest on registered warrants, and certificates of indebtedness, there is also appropriated such further amounts as may be required or available for these purposes under any statutory formula or under chapters 39.94, 39.96, and 39.98 RCW or any proper bond covenant made under law.

**NEW SECTION. Sec. 904. BOND EXPENSES**

In addition to such other appropriations as are made by this act, there is hereby appropriated to the state finance committee from legally available bond proceeds in the applicable construction or building funds and accounts such amounts as are necessary to pay the expenses incurred in the issuance and sale of the subject bonds.

**NEW SECTION. Sec. 905. VOLUNTARY RETIREMENT AND SEPARATION**

(1) As a management tool to reduce costs and make more effective use of resources, while improving employee productivity and morale, agencies may implement either a voluntary retirement or separation program, or both, that is cost neutral or results in cost savings, including costs to the state pension systems, over a two-year period following the commencement of the program, provided that such a program is approved by the director of financial management. Agencies participating in this authorization may offer voluntary retirement and/or separation incentives and options according to procedures and guidelines established by the office of financial management in consultation with the department of retirement systems. The options may include, but are not limited to, financial incentives for voluntary separation or retirement. An employee does not have a contractual right to a financial incentive offered under this section. The office of financial management and the department of retirement systems may review and monitor incentive offers. Agencies are required to submit a report by the date established by the office of financial management in the guidelines required in this section to the legislature and the office of financial management on the outcome of their approved incentive program. The report should include information on the details of the program, including the incentive payment amount for each participant, the total cost to the state, and the projected or actual net dollar savings over the two-year period.

(2) The department of retirement systems may collect from employers the actuarial cost of any incentive provided under this program, or any other incentive to retire provided by employers to members of the state's pension systems, for deposit in the appropriate pension account.

28 (a) The department finds the nursing home not in compliance with  
29 the requirements of Title XIX of the social security act, as amended,  
30 and regulations promulgated thereunder, and the facility has not  
31 complied with such requirements within three months; in such case,  
32 the department shall deny payment until correction has been achieved;  
33 or

34 (b) The department finds on three consecutive standard surveys  
35 that the nursing home provided substandard quality of care; in such  
36 case, the department shall deny payment for new admissions until the  
37 facility has demonstrated to the satisfaction of the department that  
38 it is in compliance with medicaid requirements and that it will  
39 remain in compliance with such requirements.

1 (4)(a) Civil penalties collected under this section or under  
2 chapter 74.42 RCW shall be deposited into a special fund administered  
3 by the department to be applied to the protection of the health or  
4 property of residents of nursing homes found to be deficient,  
5 including payment for the costs of relocation of residents to other  
6 facilities, maintenance of operation of a facility pending correction  
7 of deficiencies or closure, and reimbursement of residents for  
8 personal funds lost. During the 2025-2027 fiscal biennium, the fund  
9 may be expended for costs associated with nursing facilities.

10 (b) Civil monetary penalties, if imposed, may be assessed and  
11 collected, with interest, for each day a nursing home is or was out  
12 of compliance. Civil monetary penalties shall not exceed three  
13 thousand dollars per violation. Each day upon which the same or a  
14 substantially similar action occurs is a separate violation subject  
15 to the assessment of a separate penalty.

16 (c) Any civil penalty assessed under this section or chapter  
17 74.46 RCW shall be a nonreimbursable item under chapter 74.46 RCW.

18 (5)(a) The department shall order stop placement on a nursing  
19 home, effective upon oral or written notice, when the department  
20 determines:

21 (i) The nursing home no longer substantially meets the  
22 requirements of chapter 18.51 or 74.42 RCW, or in the case of  
23 medicaid contractors, the requirements of Title XIX of the social  
24 security act, as amended, and any regulations promulgated under such  
25 statutes; and

26 (ii) The deficiency or deficiencies in the nursing home:

27 (A) Jeopardize the health and safety of the residents, or

28 (B) Seriously limit the nursing home's capacity to provide  
29 adequate care.

30 (b) When the department has ordered a stop placement, the  
31 department may approve a readmission to the nursing home from a  
32 hospital when the department determines the readmission would be in  
33 the best interest of the individual seeking readmission.

34 (c) The department shall terminate the stop placement when:

35 (i) The provider states in writing that the deficiencies  
36 necessitating the stop placement action have been corrected; and

37 (ii) The department staff confirms in a timely fashion not to  
38 exceed fifteen working days that:

39 (A) The deficiencies necessitating stop placement action have  
40 been corrected, and

1 (B) The provider exhibits the capacity to maintain adequate care  
2 and service.

3 (d) A nursing home provider shall have the right to an informal  
4 review to present written evidence to refute the deficiencies cited  
5 as the basis for the stop placement. A request for an informal review  
6 must be made in writing within ten days of the effective date of the  
7 stop placement.

8 (e) A stop placement shall not be delayed or suspended because  
9 the nursing home requests a hearing pursuant to chapter 34.05 RCW or  
10 an informal review. The stop placement shall remain in effect until:

11 (i) The department terminates the stop placement; or

12 (ii) The stop placement is terminated by a final agency order,  
13 after a hearing, pursuant to chapter 34.05 RCW.

14 (6) If the department determines that an emergency exists as a  
15 result of a nursing home's failure or refusal to comply with  
16 requirements of this chapter or, in the case of a medicaid  
17 contractor, its failure or refusal to comply with medicaid  
18 requirements of Title XIX of the social security act, as amended, and  
19 rules adopted thereunder, the department may suspend the nursing  
20 home's license and order the immediate closure of the nursing home,  
21 the immediate transfer of residents, or both.

22 (7) If the department determines that the health or safety of  
23 residents is immediately jeopardized as a result of a nursing home's  
24 failure or refusal to comply with requirements of this chapter or, in  
25 the case of a medicaid contractor, its failure or refusal to comply  
26 with medicaid requirements of Title XIX of the social security act,  
27 as amended, and rules adopted thereunder, the department may appoint  
28 temporary management to:

30 (b) Ensure the health and safety of the facilities residents  
31 while:

32 (i) Orderly closure of the facility occurs; or

33 (ii) The deficiencies necessitating temporary management are  
34 corrected.

35 (8) The department shall by rule specify criteria as to when and  
36 how the sanctions specified in this section shall be applied. Such  
37 criteria shall provide for the imposition of incrementally more  
38 severe penalties for deficiencies that are repeated, uncorrected,  
39 pervasive, or present a threat to the health, safety, or welfare of  
40 the residents.

7 services from the member.

8 **Sec. 941.** RCW 41.50.110 and 2015 3rd sp.s. c 4 s 951 are each  
9 amended to read as follows:

10 (1) Except as provided by RCW 41.50.255 and subsection (6) of  
11 this section, all expenses of the administration of the department,  
12 the expenses of administration of the retirement systems, and the  
13 expenses of the administration of the office of the state actuary  
14 created in chapters 2.10, 2.12, 28B.10, 41.26, 41.32, 41.40, 41.34,  
15 41.35, 41.37, 43.43, and 44.44 RCW shall be paid from the department  
16 of retirement systems expense fund.

17 (2) In order to reimburse the department of retirement systems  
18 expense fund on an equitable basis the department shall ascertain and  
19 report to each employer, as defined in RCW 28B.10.400, 41.26.030,  
20 41.32.010, 41.35.010, 41.37.010, or 41.40.010, the sum necessary to  
21 defray its proportional share of the entire expense of the  
22 administration of the retirement system that the employer  
23 participates in during the ensuing biennium or fiscal year whichever  
24 may be required. Such sum is to be computed in an amount directly  
25 proportional to the estimated entire expense of the administration as  
26 the ratio of monthly salaries of the employer's members bears to the  
27 total salaries of all members in the entire system. It shall then be  
28 the duty of all such employers to include in their budgets or  
29 otherwise provide the amounts so required.

30 (3) The department shall compute and bill each employer, as  
31 defined in RCW 28B.10.400, 41.26.030, 41.32.010, 41.35.010,  
32 41.37.010, or 41.40.010, at the end of each month for the amount due  
33 for that month to the department of retirement systems expense fund  
34 and the same shall be paid as are its other obligations. Such  
35 computation as to each employer shall be made on a percentage rate of  
36 salary established by the department. However, the department may at  
37 its discretion establish a system of billing based upon calendar year  
38 quarters in which event the said billing shall be at the end of each  
39 such quarter.

1 (4) The director may adjust the expense fund contribution rate  
2 for each system at any time when necessary to reflect unanticipated  
3 costs or savings in administering the department.

4 (5) An employer who fails to submit timely and accurate reports  
5 to the department may be assessed an additional fee related to the  
6 increased costs incurred by the department in processing the  
7 deficient reports. Fees paid under this subsection shall be deposited  
8 in the retirement system expense fund.

9 (a) Every six months the department shall determine the amount of  
10 an employer's fee by reviewing the timeliness and accuracy of the  
11 reports submitted by the employer in the preceding six months. If  
12 those reports were not both timely and accurate the department may  
13 prospectively assess an additional fee under this subsection.

14 (b) An additional fee assessed by the department under this  
15 subsection shall not exceed fifty percent of the standard fee.

16 (c) The department shall adopt rules implementing this section.

17 (6) Expenses other than those under RCW 41.34.060(4) shall be  
18 paid pursuant to subsection (1) of this section.

19 (7) During the ~~((2009-2011 and 2011-2013 fiscal biennia))~~  
20 2025-2027 fiscal biennium, the legislature may direct the state  
21 treasurer to transfer ((from)) money in the department of retirement  
22 systems' expense fund to the state general fund ~~((such amounts as~~  
23 ~~reflect the excess fund balance of the fund. During the 2015-2017~~  
24 ~~fiscal biennium, state contributions to the judicial retirement~~  
25 ~~system may be made in part by appropriations from the department of~~  
26 ~~retirement systems expense fund))~~).

27 **Sec. 942.** RCW 41.50.150 and 2004 c 242 s 47 are each amended to  
28 read as follows:

29 (1) The employer of any employee whose retirement benefits are  
30 based in part on excess compensation, as defined in this section,  
31 shall, upon receipt of a billing from the department, pay into the  
32 appropriate retirement system the present value at the time of the  
33 employee's retirement of the total estimated cost of all present and  
34 future benefits from the retirement system attributable to the excess  
35 compensation. The state actuary shall determine the estimated cost  
36 using the same method and procedure as is used in preparing fiscal  
37 note costs for the legislature. However, the director may in the  
38 director's discretion decline to bill the employer if the amount due  
39 is less than fifty dollars. Accounts unsettled within thirty days of

1 the receipt of the billing shall be assessed an interest penalty of  
2 one percent of the amount due for each month or fraction thereof  
3 beyond the original thirty-day period.

4 (2) "Excess compensation," as used in this section, includes the  
5 following payments, if used in the calculation of the employee's

12 reduction of annual leave;

13 (b) A cash out of any other form of leave;

14 (c) A payment for, or in lieu of, any personal expense or  
15 transportation allowance to the extent that payment qualifies as  
16 reportable compensation in the member's retirement system;

17 (d) (i) The portion of any payment, including overtime payments,  
18 that exceeds twice the regular daily or hourly rate of pay; and

19 (ii) During the 2025-2027 fiscal biennium, the portion of any  
20 payment, including overtime payments, that exceeds one and one-half  
21 the regular daily or hourly rate of pay; and

22 (e) Any termination or severance payment.

23 (3) This section applies to the retirement systems listed in RCW  
24 41.50.030 and to retirements occurring on or after March 15, 1984.  
25 Nothing in this section is intended to amend or determine the meaning  
26 of any definition in chapter 2.10, 2.12, 41.26, 41.32, 41.40, 41.35,  
27 41.37, or 43.43 RCW or to determine in any manner what payments are  
28 includable in the calculation of a retirement allowance under such  
29 chapters.

30 (4) An employer is not relieved of liability under this section  
31 because of the death of any person either before or after the billing  
32 from the department.

33 (4) This section does not interfere with, impede, or in any way  
34 diminish the right of family child care providers to bargain  
35 collectively with the state through the exclusive bargaining  
36 representatives as provided for under RCW 41.56.028.

12 individuals and entities subject to regulation by the department.

13 (3) The division of securities shall deposit one hundred percent  
14 of all moneys received that are attributable to increases in fees  
15 implemented by rule pursuant to RCW 21.20.340(15).

16 (4) Disbursements from the fund shall be on authorization of the  
17 director of financial institutions or the director's designee. In  
18 order to maintain an effective expenditure and revenue control, the  
19 fund shall be subject in all respects to chapter 43.88 RCW, but no  
20 appropriation is required to permit expenditures and payment of  
21 obligations from the fund.

22 (5) During the 2017-2019 fiscal biennium, the legislature may  
23 transfer from the financial services regulation fund to the state  
24 general fund such amounts as reflect the excess fund balance of the  
25 fund. During the 2017-2019 and 2021-2023 fiscal biennia, moneys from  
26 the financial services regulation fund may be appropriated for the  
27 family prosperity account program at the department of commerce and

35 treasurer regarding the amount of the annual assessment derived from  
36 student education loan servicing.

37 (7) The director's obligations or duties under chapter 62, Laws

4 (9) During the 2021-2023 (~~and~~), 2023-2025, and 2025-2027 fiscal  
5 biennia, the legislature may direct the state treasurer to make  
6 transfers of moneys in the financial services regulation fund to the

8 policy in subsequent biennia.

9 **Sec. 959.** RCW 43.330.184 and 2022 c 216 s 6 are each amended to  
10 read as follows:

11 The apple health and homes account is created in the state  
12 treasury. Moneys in the account may be spent only after  
13 appropriation. Expenditures from the account may be used only for

22 governed by individuals disproportionately impacted by homelessness  
23 and behavioral health conditions, including black, indigenous, and  
24 other people of color, lesbian, gay, bisexual, queer, transgender,  
25 and other gender diverse individuals. When selecting projects  
26 supported by funds from the account, the office shall balance the  
27 state's interest in quickly approving and financing projects, the  
28 degree to which the project will leverage other funds, the extent to  
29 which the project promotes racial equity, and the extent to which the  
30 project will promote priorities of chapter 216, Laws of 2022 on a  
31 statewide basis, including in rural areas and in geographically  
32 diverse parts of the state. During the 2025-2027 fiscal biennium, the  
33 legislature may direct the state treasurer to transfer money in the  
34 apple health and homes account to the state general fund.

35 **Sec. 960.** RCW 43.330.250 and 2019 c 415 s 974 are each amended

6 account.

7 (3) During the 2009-2011 (~~and~~), 2011-2013, and 2025-2027 fiscal

13 a business or facility to the state. Expenditures may be authorized  
14 for:

15 (a) Workforce development;

17 operations of the business or facility;

18 (c) Other lawfully provided assistance including, but not limited  
19 to, technical assistance, environmental analysis, relocation  
20 assistance, and planning assistance. Funding may be provided for such  
21 assistance only when it is in the public interest and may only be  
22 provided under a contractual arrangement ensuring that the state will  
23 receive appropriate consideration, such as an assurance of job  
24 creation or retention; and

25 (d) The joint center for aerospace technology innovation.

26 (5) The funds shall not be expended from the account unless:

27 (a) The circumstances are such that time does not permit the  
28 director of the department of commerce or the business or facility to  
29 secure funding from other state sources;

30 (b) The business or facility produces or will produce significant  
31 long-term economic benefits to the state, a region of the state, or a

34 support;

35 (d) The expenditure will result in new jobs, job retention, or  
36 higher incomes for citizens of the state;

37 (e) The expenditure will not supplant private investment; and

38 (f) The expenditure is accompanied by private investment.

1 (6) No more than three million dollars per year may be expended  
2 from the account for the purpose of assisting an individual business  
3 or facility pursuant to the authority specified in this section.

4 (7) If the account balance in the strategic reserve account  
5 exceeds fifteen million dollars at any time, the amount in excess of  
6 fifteen million dollars shall be transferred to the education  
7 construction account.

8 (8) During the 2017-2019 ~~((and))~~, 2019-2021, and 2025-2027 fiscal  
9 biennia, the legislature may appropriate moneys from the account to  
10 fund programs and grants at the department of commerce. It is the  
11 intent of the legislature that this policy will be continued in  
12 subsequent fiscal biennia.

13 **Sec. 961.** RCW 44.90.070 and 2024 c 333 s 9 are each amended to  
14 read as follows:

15 (1) Collective bargaining negotiations under this chapter must  
16 commence no later than July 1st of each even-numbered year after a  
17 bargaining unit has been certified.

18 (2) The duration of any collective bargaining agreement shall not  
19 exceed one fiscal biennium.

20 (3) (a) (i) The director must submit ratified collective bargaining  
21 agreements, with cost estimates, to the employer by October 1st  
22 before the legislative session at which the request for funds is to  
23 be considered. The transmission by the legislature to the governor  
24 under RCW 43.88.090 must include a request for funds necessary to  
25 implement the provisions of all collective bargaining agreements  
26 covering legislative employees.

27 (ii) For the 2025-2027 fiscal biennium, the legislature may  
28 approve funding for collective bargaining agreements with the  
29 Washington public employees association on behalf of legislative  
30 staff that ratified after October 1, 2024, and before December 31,  
31 2024. Subsequent agreements must be submitted to the employer by  
32 October 1st before the legislative session at which the request for  
33 funds is to be considered in order to be included in the omnibus  
34 operating appropriations act.

35 (b) If the legislature or governor fails to provide the funds for  
36 a collective bargaining agreement for legislative employees, either  
37 party may reopen all or part of the agreement or the exclusive  
38 bargaining representative may seek to implement the procedures  
39 provided for in RCW 44.90.075.

1 (4) Negotiation for economic terms will be by a coalition of all  
2 exclusive bargaining representatives. Any such provisions agreed to  
3 by the employer and the coalition must be included in all collective  
4 bargaining agreements negotiated by the parties. The director and the  
5 exclusive bargaining representative or representatives are authorized  
6 to enter into supplemental bargaining of bargaining unit specific  
7 issues for inclusion in the collective bargaining agreement, subject  
8 to the parties' agreement regarding the issues and procedures for  
9 supplemental bargaining. This subsection does not prohibit  
10 cooperation and coordination of bargaining between two or more  
11 exclusive bargaining representatives.

12 (5) If a significant revenue shortfall occurs resulting in  
13 reduced appropriations, as declared by proclamation of the governor  
14 or by resolution of the legislature, both parties must immediately  
15 enter into collective bargaining for a mutually agreed-upon  
16 modification of the agreement.

17 **Sec. 962.** RCW 46.09.510 and 2007 c 241 s 15 are each amended to  
18 read as follows:

19 The nonhighway and off-road vehicle activities program account is  
20 created in the state treasury. Moneys in this account are subject to  
21 legislative appropriation. The recreation and conservation funding  
22 board shall administer the account for purposes specified in this  
23 chapter and shall hold it separate and apart from all other money,  
24 funds, and accounts of the board. Grants, gifts, or other financial  
25 assistance, proceeds received from public bodies as administrative  
26 cost contributions, and any moneys made available to the state of  
27 Washington by the federal government for outdoor recreation may be  
28 deposited into the account. During the 2025-2027 fiscal biennium,  
29 funds may be used for recreation-based appropriations at the

36 based on: (a) A tax rate of: (i) Nineteen cents per gallon of motor  
37 vehicle fuel from July 1, 2003, through June 30, 2005; (ii) twenty  
38 cents per gallon of motor vehicle fuel from July 1, 2005, through

June 30, 2007; (iii) twenty-one cents per gallon of motor vehicle fuel from July 1, 2007, through June 30, 2009; (iv) twenty-two cents per gallon of motor vehicle fuel from July 1, 2009, through June 30, 2011; (v) twenty-three cents per gallon of motor vehicle fuel from July 1, 2011, through July 31, 2015; (vi) thirty cents per gallon of motor vehicle fuel from August 1, 2015, through June 30, 2016; and (vii) thirty-four and nine-tenths cents per gallon of motor vehicle fuel from July 1, 2016, through June 30, 2031; and (b) beginning July 1, 2031, and thereafter, the state's motor vehicle fuel tax rate in existence at the time of the fuel purchase, less proper deductions for refunds and costs of collection as provided in RCW 46.68.090.

(2) The treasurer must place these funds in the general fund as follows:

(a) Thirty-six percent must be credited to the ORV and nonhighway vehicle account and administered by the department of natural resources solely for acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities, and information programs and maintenance of nonhighway roads;

(b) Three and one-half percent must be credited to the ORV and nonhighway vehicle account and administered by the department of fish and wildlife solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and the maintenance of nonhighway roads;

(c) Two percent must be credited to the ORV and nonhighway vehicle account and administered by the parks and recreation commission solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities; and

(d) Fifty-eight and one-half percent must be credited to the nonhighway and off-road vehicle activities program account to be administered by the board for planning, acquisition, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and for education, information, and law enforcement programs. The funds under this subsection must be expended in accordance with the following limitations:

(i) Not more than thirty percent may be expended for education, information, and law enforcement programs under this chapter;

(ii) Not less than seventy percent may be expended for ORV, nonmotorized, and nonhighway road recreation facilities. Except as provided in (d)(iii) of this subsection, of this amount:

(A) Not less than thirty percent, together with the funds the board receives under RCW 46.68.045, may be expended for ORV recreation facilities;

(B) Not less than thirty percent may be expended for nonmotorized recreation facilities. Funds expended under this subsection (2)(d)(ii)(B) are known as Ira Spring outdoor recreation facilities funds; and

(C) Not less than thirty percent may be expended for nonhighway road recreation facilities;

(iii) The board may waive the minimum percentage cited in (d)(ii) of this subsection due to insufficient requests for funds or projects that score low in the board's project evaluation. Funds remaining after such a waiver must be allocated in accordance with board policy.

(3) On a yearly basis an agency may not, except as provided in RCW 46.68.045, expend more than ten percent of the funds it receives under this chapter for general administration expenses incurred in carrying out this chapter.

(4) During the 2009-2011 fiscal biennium, the legislature may appropriate such amounts as reflect the excess fund balance in the NOVA account to the department of natural resources to install consistent off-road vehicle signage at department-managed recreation sites, and to implement the recreation opportunities on department-managed lands in the Reiter block and Ahtanum state forest, and to the state parks and recreation commission. The legislature finds that the appropriation of funds from the NOVA account during the 2009-2011 fiscal biennium for maintenance and operation of state parks or to improve accessibility for boaters and off-road vehicle users at state parks will benefit boaters and off-road vehicle users and others who use nonhighway and nonmotorized recreational facilities. The appropriations under this subsection are not required to follow the specific distribution specified in subsection (2) of this section.

(5) During the 2021-2023 and 2025-2027 fiscal ~~((biennium))~~ biennia, the legislature may appropriate moneys from the NOVA account to the department of natural resources to support programs that benefit ORV, nonhighway road ~~((+r+))~~, and nonmotorized recreational facilities.

26       (3) The costs of administration shall not exceed 10 percent of

6 in the state treasury. All moneys, except fines and penalties,  
7 received or collected under the terms of chapters 18.27 and 70.87 RCW  
8 and under the terms of RCW 43.22.335 through 43.22.430 and 43.22.432

10 account may only be spent after appropriation. Expenditures from the  
11 account, not including moneys transferred to the general fund, may be  
12 used only to carry out the purposes of chapters 18.27 and 70.87 RCW  
13 and RCW 43.22.335 through 43.22.430 and 43.22.432 through 43.22.495.

14       (2) The department shall set the fees deposited in the account at  
15 a level that generates revenue that is as near as practicable to the  
16 amount of the appropriation to carry out the duties specified in this  
17 section.

18       (3) On the last working day of the first month following each  
19 quarterly period, three and one-half percent of all revenues received  
20 into the account during the previous quarter from licenses, permits,  
21 and registrations, net of refunds paid to customers, must be  
22 transferred into the general fund. During the 2025-2027 fiscal  
23 biennium, the legislature may direct the state treasurer to make  
24 transfers of moneys in the construction registration inspection  
25 account to the general fund such amounts as reflect the excess fund  
26 balance of the account.

27       **Sec. 968.** RCW 67.16.285 and 2004 c 246 s 4 are each amended to

32 from the account may be used only for the purposes provided in RCW  
33 67.16.105(3). Only the secretary of the commission or the secretary's  
34 designee may authorize expenditures from the account. The account is  
35 subject to allotment procedures under chapter 43.88 RCW, but an  
36 appropriation is not required for expenditures. During the 2025-2027  
37 fiscal biennium, the legislature may direct the state treasurer to  
38 make transfers of moneys in the horse racing commission class C purse

1 fund account to the Washington horse racing commission operating  
2 account such amounts as reflect the excess fund balance of the  
3 account.

4 **Sec. 969.** RCW 67.70.044 and 2010 1st sp.s. c 37 s 940 are each

8 known as "The Big Game," that was entered into by party state  
9 lotteries in August 1996 and subsequently amended and a shared game  
10 lottery known as "Powerball."

11 (2) The shared game lottery account is created as a separate  
12 account outside the state treasury. The account is managed,  
13 maintained, and controlled by the commission and consists of all  
14 revenues received from the sale of shared game lottery tickets or  
15 shares, and all other moneys credited or transferred to it from any  
16 other fund or source under law. The account is allotted according to  
17 chapter 43.88 RCW. During the 2009-2011 and 2025-2027 fiscal  
18 (~~(biennium)~~) biennia, the legislature may transfer from the shared  
19 game lottery account to the education legacy trust account such  
20 amounts as reflect the excess fund balance of the account.

21 **Sec. 970.** RCW 70.79.350 and 2003 1st sp.s. c 25 s 931 are each  
22 amended to read as follows:

23 The chief inspector shall give an official receipt for all fees  
24 required by chapter 70.79 RCW and shall transfer all sums so received  
25 to the treasurer of the state of Washington as ex officio custodian  
26 thereof and the treasurer shall place all sums in a special fund  
27 hereby created and designated as the "pressure systems safety fund."  
28 Funds shall be paid out upon vouchers duly and regularly issued  
29 therefor and approved by the director of the department of labor and  
30 industries. The treasurer, as ex officio custodian of the fund, shall  
31 keep an accurate record of any payments into the fund, and of all  
32 disbursements therefrom. The fund shall be used exclusively to defray  
33 only the expenses of administering chapter 70.79 RCW by the chief  
34 inspector as authorized by law and the expenses incident to the  
35 maintenance of the office. The fund shall be charged with its pro  
36 rata share of the cost of administering the fund which is to be  
37 determined by the director of financial management and by the  
38 director of the department of labor and industries.

1 During the 2003-2005 and 2025-2027 fiscal (~~biennium~~) biennia,  
2 the legislature may transfer from the pressure systems safety fund to  
3 the state general fund such amounts as reflect the excess fund  
4 balance of the fund.

5 **Sec. 971.** RCW 70.128.160 and 2016 sp.s. c 36 s 944 are each  
6 amended to read as follows:

7 (1) The department is authorized to take one or more of the  
8 actions listed in subsection (2) of this section in any case in which  
9 the department finds that an adult family home provider has:

10 (a) Failed or refused to comply with the requirements of this  
11 chapter or the rules adopted under this chapter;

12 (b) Operated an adult family home without a license or under a  
13 revoked license;

14 (c) Knowingly or with reason to know made a false statement of  
15 material fact on his or her application for license or any data  
16 attached thereto, or in any matter under investigation by the  
17 department; or

18 (d) Willfully prevented or interfered with any inspection or  
19 investigation by the department.

20 (2) When authorized by subsection (1) of this section, the  
21 department may take one or more of the following actions:

22 (a) Refuse to issue a license;

23 (b) Impose reasonable conditions on a license, such as correction  
24 within a specified time, training, and limits on the type of clients  
25 the provider may admit or serve;

26 (c) Impose civil penalties of at least one hundred dollars per  
27 day per violation;

28 (d) Impose civil penalties of up to three thousand dollars for  
29 each incident that violates adult family home licensing laws and  
30 rules, including, but not limited to, chapters 70.128, 70.129, 74.34,  
31 and 74.39A RCW and related rules. Each day upon which the same or  
32 substantially similar action occurs is a separate violation subject  
33 to the assessment of a separate penalty;

34 (e) Impose civil penalties of up to ten thousand dollars for a  
35 current or former licensed provider who is operating an unlicensed  
36 home;

37 (f) Suspend, revoke, or refuse to renew a license; or

38 (g) Suspend admissions to the adult family home by imposing stop  
39 placement.

1       (3) When the department orders stop placement, the facility shall  
2 not admit any person until the stop placement order is terminated.  
3 The department may approve readmission of a resident to the facility  
4 from a hospital or nursing home during the stop placement. The  
5 department shall terminate the stop placement only after: (a) The  
6 violations necessitating the stop placement have been corrected; and  
7 (b) the provider exhibits the capacity to maintain correction of the  
8 violations previously found deficient. However, if upon the revisit  
9 the department finds new violations that the department reasonably  
10 believes will result in a new stop placement, the previous stop  
11 placement shall remain in effect until the new stop placement is  
12 imposed. In order to protect the home's existing residents from  
13 potential ongoing neglect, when the provider has been cited for a  
14 violation that is repeated, uncorrected, pervasive, or presents a  
15 threat to the health, safety, or welfare of one or more residents,  
16 and the department has imposed a stop placement, the department shall  
17 also impose a condition on license or other remedy to facilitate or  
18 spur prompter compliance if the violation has not been corrected, and  
19 the provider has not exhibited the capacity to maintain correction,  
20 within sixty days of the stop placement.

21       (4) Nothing in subsection (3) of this section is intended to  
22 apply to stop placement imposed in conjunction with a license  
23 revocation or summary suspension or to prevent the department from  
24 imposing a condition on license or other remedy prior to sixty days  
25 after a stop placement, if the department considers it necessary to  
26 protect one or more residents' well-being. After a department finding  
27 of a violation for which a stop placement has been imposed, the  
28 department shall make an on-site revisit of the provider within  
29 fifteen working days from the request for revisit, to ensure  
30 correction of the violation. For violations that are serious or  
31 recurring or uncorrected following a previous citation, and create  
32 actual or threatened harm to one or more residents' well-being,  
33 including violations of residents' rights, the department shall make  
34 an on-site revisit as soon as appropriate to ensure correction of the  
35 violation. Verification of correction of all other violations may be  
36 made by either a department on-site revisit or by written or  
37 photographic documentation found by the department to be credible.  
38 This subsection does not prevent the department from enforcing  
39 license suspensions or revocations. Nothing in this subsection shall  
40 interfere with or diminish the department's authority and duty to

1 ensure that the provider adequately cares for residents, including to  
2 make departmental on-site revisits as needed to ensure that the  
3 provider protects residents, and to enforce compliance with this  
4 chapter.

5 (5) Chapter 34.05 RCW applies to department actions under this  
6 section, except that orders of the department imposing license  
7 suspension, stop placement, or conditions for continuation of a  
8 license are effective immediately upon notice and shall continue in  
9 effect pending a hearing, which must commence no later than sixty  
10 days after receipt of a request for a hearing. The time for  
11 commencement of a hearing may be extended by agreement of the parties  
12 or by the presiding officer for good cause shown by either party, but  
13 must commence no later than one hundred twenty days after receipt of  
14 a request for a hearing.

15 (6) A separate adult family home account is created in the  
16 custody of the state treasurer. All receipts from civil penalties  
17 imposed under this chapter must be deposited into the account. Only  
18 the director or the director's designee may authorize expenditures  
19 from the account. The account is subject to allotment procedures  
20 under chapter 43.88 RCW, but an appropriation is not required for  
21 expenditures. The department shall use the special account only for  
22 promoting the quality of life and care of residents living in adult  
23 family homes. During the ((2015-2017)) 2025-2027 fiscal biennium, the  
24 account may be expended for funding costs associated with the adult  
25 family home program.

26 (7) The department shall by rule specify criteria as to when and  
27 how the sanctions specified in this section must be applied. The  
28 criteria must provide for the imposition of incrementally more severe  
29 penalties for deficiencies that are repeated, uncorrected, pervasive,  
30 or present a threat to the health, safety, or welfare of one or more  
31 residents. The criteria shall be tiered such that those homes  
32 consistently found to have deficiencies will be subjected to  
33 increasingly severe penalties. The department shall implement prompt  
34 and specific enforcement remedies without delay for providers found  
35 to have delivered care or failed to deliver care resulting in  
36 problems that are repeated, uncorrected, pervasive, or present a  
37 threat to the health, safety, or welfare of one or more residents. In  
38 the selection of remedies, the health, safety, and well-being of  
39 residents must be of paramount importance.

**Sec. 972.** RCW 70A.65.030 and 2023 c 475 s 936 and 2023 c 475 s 1902 are each reenacted and amended to read as follows:

13 clean manufacturing capacity in communities across Washington state  
14 including, but not limited to:

15 (i) Programs, activities, or projects that directly improve  
16 energy affordability and reduce the energy burden of people with  
17 lower incomes, as well as the higher transportation fuel burden of  
18 rural residents, such as bill assistance, energy efficiency, and  
19 weatherization programs;

20 (ii) Community renewable energy projects that allow qualifying  
21 participants to own or receive the benefits of those projects at  
22 reduced or no cost;

23 (iii) Programs, activities, or other worker-support projects for

23 or other disturbances caused by climate change. The legislature  
24 intends to dedicate at least \$50,000,000 per biennium from the  
25 account for purposes of this subsection.

26 (2) Moneys in the account may not be used for projects or  
27 activities that would violate tribal treaty rights or result in  
28 significant long-term damage to critical habitat or ecological  
29 functions. Investments from this account must result in long-term  
30 environmental benefits and increased resilience to the impacts of  
31 climate change.

32 (3) During the 2023-2025 and 2025-2027 fiscal (~~biennium~~)  
33 biennia, the legislature may appropriate moneys from the climate  
34 commitment account for activities related to environmental justice,  
35 including implementation of chapter 314, Laws of 2021.

36 **Sec. 975.** RCW 70A.65.300 and 2024 c 376 s 912 are each amended  
37 to read as follows:

38 (1) The department shall prepare, post on the department website,  
39 and submit to the appropriate committees of the legislature an annual

1 report that identifies all distributions of moneys from the accounts  
2 created in RCW 70A.65.240 through 70A.65.280.

3 (2) The report must identify, at a minimum, the recipient of the  
4 funding, the amount of the funding, the purpose of the funding, the  
5 actual end result or use of the funding, whether the project that  
6 received the funding produced any verifiable reduction in greenhouse  
7 gas emissions or other long-term impact to emissions, and if so, the  
8 quantity of reduced greenhouse gas emissions, the cost per carbon  
9 dioxide equivalent metric ton of reduced greenhouse gas emissions,  
10 and a comparison to other greenhouse gas emissions reduction projects  
11 in order to facilitate the development of cost-benefit ratios for  
12 greenhouse gas emissions reduction projects.

13 (3) The department shall require by rule that recipients of funds  
14 from the accounts created in RCW 70A.65.240 through 70A.65.280 report  
15 to the department, in a form and manner prescribed by the department,  
16 the information required for the department to carry out the  
17 department's duties established in this section.

18 (4) The department shall update its website with the information  
19 described in subsection (2) of this section as appropriate but no  
20 less frequently than once per calendar year.

22 committees of the legislature with the information described in  
23 subsection (2) of this section no later than September 30 of each  
24 year. For fiscal year 2025, the report must be submitted no later  
25 than November 30, 2024. During the 2025-2027 fiscal biennium, the  
26 report must be submitted no later than November 30 of each fiscal  
27 year.

28 **Sec. 976.** RCW 70A.200.140 and 2022 c 297 s 963 are each amended  
29 to read as follows:

30 (1) There is hereby created an account within the state treasury  
31 to be known as the waste reduction, recycling, and litter control  
32 account. Moneys in the account may be spent only after appropriation.  
33 Expenditures from the waste reduction, recycling, and litter control  
34 account shall be used as follows:

35 (a) Forty percent to the department of ecology, primarily for use  
36 by the departments of ecology, natural resources, revenue,  
37 transportation, and corrections, and the parks and recreation  
38 commission, for litter collection programs under RCW 70A.200.170. The  
39 amount to the department of ecology shall also be used for a central

1 coordination function for litter control efforts statewide; to  
2 support employment of youth in litter cleanup as intended in RCW  
3 70A.200.020, and for litter pick up using other authorized agencies;  
4 and for statewide public awareness programs under RCW 70A.200.150(7).  
5 The amount to the department shall also be used to defray the costs  
6 of administering the funding, coordination, and oversight of local  
7 government programs for waste reduction, litter control, recycling,  
8 and composting so that local governments can apply one hundred  
9 percent of their funding to achieving program goals. The amount to  
10 the department of revenue shall be used to enforce compliance with  
11 the litter tax imposed in chapter 82.19 RCW;

12 (b)(i) Twenty percent to the department for local government  
13 funding programs for waste reduction, litter control, recycling  
14 activities, and composting activities by cities and counties under  
15 RCW 70A.200.190, to be administered by the department of ecology;  
16 (ii) any unspent funds under (b)(i) of this subsection may be used to  
17 create and pay for a matching fund competitive grant program to be  
18 used by local governments for the development and implementation of  
19 contamination reduction and outreach plans for inclusion in  
20 comprehensive solid waste management plans or by local governments  
21 and nonprofit organizations for local or statewide education programs  
22 designed to help the public with litter control, waste reduction,  
23 recycling, and composting of primarily the products taxed under  
24 chapter 82.19 RCW. Recipients under this subsection include programs  
25 to reduce wasted food and food waste that are designed to achieve the  
26 goals established in RCW 70A.205.715(1) and that are consistent with  
27 the plan developed in RCW 70A.205.715(3). Grants must adhere to the  
28 following requirements: (A) No grant may exceed sixty thousand  
29 dollars; (B) grant recipients shall match the grant funding allocated  
30 by the department by an amount equal to twenty-five percent of  
31 eligible expenses. A local government's share of these costs may be  
32 met by cash or contributed services; (C) the obligation of the  
33 department to make grant payments is contingent upon the availability  
34 of the amount of money appropriated for this subsection (1)(b); and  
35 (D) grants are managed under the guidelines for existing grant  
36 programs; and

37 (c) Forty percent to the department of ecology to: (i) Implement  
38 activities under RCW 70A.200.150 for waste reduction, recycling, and  
39 composting efforts; (ii) provide technical assistance to local  
40 governments and commercial businesses to increase recycling markets

1 and recycling and composting programs primarily for the products  
2 taxed under chapter 82.19 RCW designed to educate citizens about  
3 waste reduction, litter control, and recyclable and compostable  
4 products and programs; (iii) increase access to waste reduction,  
5 composting, and recycling programs, particularly for food packaging  
6 and plastic bags and appropriate composting techniques; and (iv) for  
7 programs to reduce wasted food and food waste that are designed to  
8 achieve the goals established in RCW 70A.205.715(1) and that are  
9 consistent with the plan developed in RCW 70A.205.715(3).

10 (2) All taxes imposed in RCW 82.19.010 and fines and bail  
11 forfeitures collected or received pursuant to this chapter shall be  
12 deposited in the waste reduction, recycling, and litter control  
13 account and used for the programs under subsection (1) of this  
14 section.

15 (3) Not less than five percent and no more than ten percent of  
16 the amount appropriated into the waste reduction, recycling, and  
17 litter control account every biennium shall be reserved for capital  
18 needs, including the purchase of vehicles for transporting crews and  
19 for collecting litter and solid waste. Capital funds shall be  
20 distributed among state agencies and local governments according to  
21 the same criteria provided in RCW 70A.200.170 for the remainder of  
22 the funds, so that the most effective waste reduction, litter  
23 control, recycling, and composting programs receive the most funding.  
24 The intent of this subsection is to provide funds for the purchase of  
25 equipment that will enable the department to account for the greatest  
26 return on investment in terms of reaching a zero litter goal.

27 (4) Funds in the waste reduction, recycling, and litter control  
28 account, collected under chapter 82.19 RCW, must be prioritized for  
29 the products identified under RCW 82.19.020 solely for the purposes  
30 of recycling, composting, and litter collection, reduction, and  
31 control programs.

32 (5) During the 2021-2023 fiscal biennium, Washington State  
33 University may use funds in the waste reduction, recycling, and  
34 litter control account, collected under chapter 82.19 RCW, to conduct  
35 an organic waste study.

36 (6) During the 2021-2023 fiscal biennium, and as an exception to  
37 the distribution of expenditures otherwise required in this section,  
38 the department of ecology may use funds in the waste reduction,  
39 recycling, and litter control account to continue a series of food  
40 waste reduction campaigns, to continue to invest in litter prevention

1 campaigns, to conduct a recycling study, and to increase litter  
2 control on state highways.

3 (7) During the 2025-2027 fiscal biennium the legislature may  
4 appropriate funding for general administrative purposes at the  
5 department of ecology. In addition, during the 2025-2027 fiscal  
6 biennium, subsection (1)(a), (b), and (c) of this section is  
7 suspended.

8 **Sec. 977.** RCW 70A.305.180 and 2023 c 475 s 940 are each amended  
9 to read as follows:

**Sec. 978.** RCW 70A.305.190 and 2024 c 375 s 8009 are each amended to read as follows:

(1) The model toxics control capital account is hereby created in the state treasury.

(2) In addition to the funds deposited into the model toxics control capital account required under RCW 82.21.030, the following

1 moneys must be deposited into the model toxics control capital  
2 account:

6 (c) Any other money appropriated or transferred to the account by  
7 the legislature.

8 (3) Moneys in the model toxics control capital account must be  
9 used for the improvement, rehabilitation, remediation, and cleanup of  
10 toxic sites and other capital-related expenditures for programs and  
11 activities identified in subsection (4) of this section.

12 (4) Moneys in the model toxics control capital account may be  
13 used only for capital projects and activities that carry out the  
14 purposes of this chapter and for financial assistance to local  
15 governments or other persons to carry out those projects or  
16 activities, including but not limited to the following, generally in  
17 descending order of priority:

18 (a) Remedial actions, including the following generally in  
19 descending order of priority:

20 (i) Extended grant agreements entered into under subsection  
21 (5)(a) of this section;

22 (ii) Grants or loans to local governments for remedial actions,  
23 including planning for adaptive reuse of properties as provided for  
24 under subsection (5)(d) of this section. The department must  
25 prioritize funding of remedial actions at:

26 (A) Facilities on the department's hazardous sites list with a  
27 high hazard ranking for which there is an approved remedial action  
28 work plan or an equivalent document under federal cleanup law;

29 (B) Brownfield properties within a redevelopment opportunity zone  
30 if the local government is a prospective purchaser of the property  
31 and there is a department-approved remedial action work plan or  
32 equivalent document under the federal cleanup law;

33 (iii) Department-conducted remedial actions;

34 (iv) Grants to persons intending to remediate contaminated real  
35 property for development of affordable housing;

37 for the costs of remedial action in compliance with clean-up  
38 standards under RCW 70A.305.030(2)(e) if:

39 (A) The amount and terms of the funding are established under a  
40 settlement agreement under RCW 70A.305.040(4); and

1 (B) The director has found that the funding will achieve both a  
2 substantially more expeditious or enhanced cleanup than would  
3 otherwise occur, and the prevention or mitigation of unfair economic  
4 hardship;

5 (vi) Public funding to assist prospective purchasers to pay for  
6 the costs of remedial action in compliance with clean-up standards  
7 under RCW 70A.305.030(2)(e) if:

9 zone designated under RCW 70A.305.150;

10 (B) The amount and terms of the funding are established under a  
11 settlement agreement under RCW 70A.305.040(5); and

12 (C) The director has found the funding will achieve a  
13 substantially more expeditious or enhanced cleanup than would  
14 otherwise occur, provide a public benefit in addition to cleanup  
15 commensurate with the scope of the public funding; and meet any  
16 additional criteria established in rule by the department; and

17 (vii) To expedite multiparty clean-up efforts, purchase of  
18 remedial action cost-cap insurance;

19 (b) Grants, or loans, or contracts to local governments for solid  
20 waste plans and programs under chapters 70A.205, 70A.214, 70A.224,  
21 70A.222, 70A.230, and 70A.300 RCW. Funds must be allocated consistent  
22 with priorities and matching requirements in the respective chapters;

23 (c) Toxic air pollutant reduction programs, including grants or  
24 loans to local governments for woodstoves and diesel;

25 (d) Grants, loans, or contracts to local governments for  
26 hazardous waste plans and programs under chapters 70A.405 and 70A.300  
27 RCW, including chemical action plan implementation. Funds must be  
28 allocated consistent with priorities and matching requirements in the  
29 respective chapters; and

30 (e) Petroleum-based plastic or expanded polystyrene foam debris  
31 clean-up activities in fresh or marine waters.

32 (5) The department may establish and administer a program to  
33 provide grants and loans to local governments for remedial actions,  
34 including planning for adaptive reuse of contaminated properties. To  
35 expedite cleanups throughout the state, the department may use the  
36 following strategies when providing grants to local governments under  
37 this subsection:

38 (a) Enter into an extended grant agreement with a local  
39 government conducting remedial actions at a facility where those  
40 actions extend over multiple biennia and the total eligible cost of

1 those actions exceeds \$20,000,000. The agreement is subject to the  
2 following limitations:

3 (i) The initial duration of such an agreement may not exceed 10  
4 years. The department may extend the duration of such an agreement  
5 upon finding substantial progress has been made on remedial actions  
6 at the facility;

7 (ii) Extended grant agreements may not exceed 50 percent of the  
8 total eligible remedial action costs at the facility; and

9 (iii) The department may not allocate future funding to an  
10 extended grant agreement unless the local government has demonstrated  
11 to the department that funds awarded under the agreement during the  
12 previous biennium have been substantially expended or contracts have  
13 been entered into to substantially expend the funds;

14 (b) Enter into a grant agreement with a local government  
15 conducting a remedial action that provides for periodic reimbursement  
16 of remedial action costs as they are incurred as established in the  
17 agreement;

18 (c) Enter into a grant agreement with a local government prior to  
19 it acquiring a property or obtaining necessary access to conduct  
20 remedial actions, provided the agreement is conditioned upon the  
21 local government acquiring the property or obtaining the access in  
22 accordance with a schedule specified in the agreement;

23 (d) Provide integrated planning grants to local governments to  
24 fund studies necessary to facilitate remedial actions at brownfield  
25 properties and adaptive reuse of properties following remediation.  
26 Eligible activities include, but are not limited to: Environmental  
27 site assessments; remedial investigations; health assessments;  
28 feasibility studies; site planning; community involvement; land use  
29 and regulatory analyses; building and infrastructure assessments;  
30 economic and fiscal analyses; and any environmental analyses under  
31 chapter 43.21C RCW;

32 (e) Provide grants to local governments for remedial actions  
33 related to area-wide groundwater contamination. To receive the  
34 funding, the local government does not need to be a potentially  
35 liable person or be required to seek reimbursement of grant funds  
36 from a potentially liable person;

37 (f) The director may alter grant matching requirements to create  
38 incentives for local governments to expedite cleanups when one of the  
39 following conditions exists:

1 (i) Funding would prevent or mitigate unfair economic hardship  
2 imposed by the clean-up liability;

3 (ii) Funding would create new substantial economic development,  
4 public recreational opportunities, or habitat restoration  
5 opportunities that would not otherwise occur; or

6 (iii) Funding would create an opportunity for acquisition and  
7 redevelopment of brownfield property under RCW 70A.305.040(5) that  
8 would not otherwise occur; and

9 (g) When pending grant applications under subsection (4)(d) and  
10 (e) of this section exceed the amount of funds available, designated  
11 redevelopment opportunity zones must receive priority for  
12 distribution of available funds.

13 (6) Except for unanticipated receipts under RCW 43.79.260 through  
14 43.79.282, moneys in model toxics control capital account may be  
15 spent only after appropriation by statute.

16 (7) The legislature finds that, in 2023, wildfires in Spokane and  
17 Pend Oreille counties resulted in a loss of approximately 366 homes  
18 as well as secondary buildings. The burning of these structures has  
19 resulted in a large toxic debris field containing asbestos, heavy  
20 metals, plastics, and fuel which are at risk of leaching into the  
21 soil and groundwater. During the 2023-2025 fiscal biennium, moneys in  
22 the model toxics control capital account may be used for financial  
23 assistance to local governments for the testing of hazardous  
24 materials, removal of debris, and remediation of soil necessary to  
25 support the rebuilding of communities impacted by these wildfires.

26 (8) During the 2025-2027 fiscal biennium, the legislature may  
27 direct the state treasurer to make transfers of moneys in the model  
28 toxics control capital account to the state general fund.

29 **Sec. 979.** RCW 71.24.580 and 2024 c 179 s 1 are each amended to  
30 read as follows:

31 (1) The criminal justice treatment account is created in the  
32 state treasury. Moneys in the account may be expended solely for: (a)  
33 Substance use disorder treatment and treatment support services for  
34 offenders with a substance use disorder that, if not treated, would  
35 result in addiction, against whom charges are filed by a prosecuting  
36 attorney in Washington state; (b) the provision of substance use  
37 disorder treatment services and treatment support services for  
38 nonviolent offenders within a drug court program and for 180 days  
39 following graduation from the drug court program; and (c) the

1 administrative and overhead costs associated with the operation of a  
2 drug court. Amounts provided in this subsection must be used for  
3 treatment and recovery support services for criminally involved  
4 offenders and authorization of these services shall not be subject to  
5 determinations of medical necessity. Moneys in the account may be  
6 spent only after appropriation.

7 (2) For purposes of this section:

8 (a) "Treatment" means services that are critical to a  
9 participant's successful completion of his or her substance use  
10 disorder treatment program, including but not limited to the recovery  
11 support and other programmatic elements outlined in RCW 2.30.030  
12 authorizing therapeutic courts; and

13 (b) "Treatment support" includes transportation to or from  
14 inpatient or outpatient treatment services when no viable alternative  
15 exists, and child care services that are necessary to ensure a  
16 participant's ability to attend outpatient treatment sessions.

17 (3) Revenues to the criminal justice treatment account consist  
18 of: (a) Funds transferred to the account pursuant to this section;  
19 and (b) any other revenues appropriated to or deposited in the  
20 account.

21 (4)(a) For the fiscal year beginning July 1, 2005, and each  
22 subsequent fiscal year, the state treasurer shall transfer eight  
23 million two hundred fifty thousand dollars from the general fund to  
24 the criminal justice treatment account, divided into four equal  
25 quarterly payments. For the fiscal year beginning July 1, 2006, and  
26 each subsequent fiscal year, the amount transferred shall be  
27 increased on an annual basis by the implicit price deflator as  
28 published by the federal bureau of labor statistics.

29 (b) In each odd-numbered year, the legislature shall appropriate  
30 the amount transferred to the criminal justice treatment account in  
31 (a) of this subsection to the department for the purposes of  
32 subsection (5) of this section.

33 (5) Moneys appropriated to the authority from the criminal  
34 justice treatment account shall be distributed as specified in this  
35 subsection. The authority may retain up to three percent of the  
36 amount appropriated under subsection (4)(b) of this section for its  
37 administrative costs.

38 (a) Seventy percent of amounts appropriated to the authority from  
39 the account shall be distributed to counties pursuant to the  
40 distribution formula adopted under this section. The authority, in

1 consultation with the department of corrections, the Washington state  
2 association of counties, the Washington state association of drug  
3 court professionals, the superior court judges' association, the  
4 Washington association of prosecuting attorneys, representatives of  
5 the criminal defense bar, representatives of substance use disorder  
6 treatment providers, and any other person deemed by the authority to  
7 be necessary, shall establish a fair and reasonable methodology for  
8 distribution to counties of moneys in the criminal justice treatment  
9 account. County or regional plans submitted for the expenditure of  
10 formula funds must be approved by the panel established in (b) of  
11 this subsection.

12 (b) Thirty percent of the amounts appropriated to the authority  
13 from the account shall be distributed as grants for purposes of  
14 treating offenders against whom charges are filed by a county  
15 prosecuting attorney. The authority shall appoint a panel of  
16 representatives from the Washington association of prosecuting  
17 attorneys, the Washington association of sheriffs and police chiefs,  
18 the superior court judges' association, the Washington state  
19 association of counties, the Washington defender's association or the  
20 Washington association of criminal defense lawyers, the department of  
21 corrections, the Washington state association of drug court  
22 professionals, and substance use disorder treatment providers. The  
23 panel shall review county or regional plans for funding under (a) of  
24 this subsection and grants approved under this subsection. The panel  
25 shall attempt to ensure that treatment as funded by the grants is  
26 available to offenders statewide.

27 (6) The county alcohol and drug coordinator, county prosecutor,  
28 county sheriff, county superior court, a substance abuse treatment  
29 provider appointed by the county legislative authority, a member of  
30 the criminal defense bar appointed by the county legislative  
31 authority, and, in counties with a drug court, a representative of  
32 the drug court shall jointly submit a plan, approved by the county  
33 legislative authority or authorities, to the panel established in  
34 subsection (5)(b) of this section, for disposition of all the funds  
35 provided from the criminal justice treatment account within that  
36 county. The submitted plan should incorporate current evidence-based  
37 practices in substance use disorder treatment. The funds shall be  
38 used solely to provide approved alcohol and substance use disorder  
39 treatment pursuant to RCW 71.24.560 and treatment support services.  
40 No more than ten percent of the total moneys received under

subsections (4) and (5) of this section by a county or group of counties participating in a regional agreement shall be spent for treatment support services.

(7) Counties are encouraged to consider regional agreements and submit regional plans for the efficient delivery of treatment under this section.

(8) Moneys allocated under this section shall be used to supplement, not supplant, other federal, state, and local funds used for substance abuse treatment.

(9) If a region or county uses criminal justice treatment account funds to support a therapeutic court, the therapeutic court must allow the use of all medications approved by the federal food and drug administration for the treatment of opioid use disorder as deemed medically appropriate for a participant by a medical professional. If appropriate medication-assisted treatment resources are not available or accessible within the jurisdiction, the health care authority's designee for assistance must assist the court with acquiring the resource.

(10) Counties must meet the criteria established in RCW 2.30.030(3).

(11) The authority shall annually review and monitor the expenditures made by any county or group of counties that receives appropriated funds distributed under this section. Counties shall repay any funds that are not spent in accordance with the requirements of its contract with the authority.

(12) During the 2025-2027 fiscal biennium, the legislature may appropriate moneys from the criminal justice treatment account to provide access to medications for opioid use disorders and alcohol use disorders to individuals in city, county, regional, and tribal jails, and for short-term housing vouchers for individuals with substance use disorders that may also interact with the criminal justice system. Appropriations made under this subsection are not subject to the distribution methodology or other requirements and limitations outlined in subsection (1) through subsection (11) of this section. It is the intent of the legislature to continue this policy in subsequent fiscal biennia.

**Sec. 980.** RCW 71.24.890 and 2024 c 368 s 4 and 2024 c 364 s 1 are each reenacted and amended to read as follows:

1 (1) Establishing the state designated 988 contact hubs and  
2 enhancing the crisis response system will require collaborative work  
3 between the department, the authority, and regional system partners  
4 within their respective roles. The department shall have primary  
5 responsibility for designating 988 contact hubs, and shall seek  
6 recommendations from the behavioral health administrative services  
7 organizations to determine which 988 contact hubs best meet regional  
8 needs. The authority shall have primary responsibility for  
9 developing, implementing, and facilitating coordination of the crisis  
10 response system and services to support the work of the designated  
11 988 contact hubs, regional crisis lines, and other coordinated  
12 regional behavioral health crisis response system partners. In any  
13 instance in which one agency is identified as the lead, the  
14 expectation is that agency will communicate and collaborate with the  
15 other to ensure seamless, continuous, and effective service delivery  
16 within the statewide crisis response system.

17 (2) The department shall provide adequate funding for the state's  
18 crisis call centers to meet an expected increase in the use of the  
19 988 contact hubs based on the implementation of the 988 crisis  
20 hotline. The funding level shall be established at a level  
21 anticipated to achieve an in-state call response rate of at least 90  
22 percent by July 22, 2022. The funding level shall be determined by  
23 considering standards and cost per call predictions provided by the  
24 administrator of the national suicide prevention lifeline, call  
25 volume predictions, guidance on crisis call center performance  
26 metrics, and necessary technology upgrades. Contracts with the 988  
27 contact hubs:

28 (a) May provide funding to support designated 988 contact hubs to  
29 enter into limited partnerships with the public safety answering  
30 point to increase the coordination and transfer of behavioral health  
31 calls received by certified public safety telecommunicators that are  
32 better addressed by clinic interventions provided by the 988 system.  
33 Tax revenue may be used to support partnerships. These partnerships  
34 with 988 and public safety may be expanded to include regional crisis  
35 lines administered by behavioral health administrative services  
36 organizations;

37 (b) Shall require that 988 contact hubs enter into data-sharing  
38 agreements, when appropriate, with the department, the authority,  
39 regional crisis lines, and applicable regional behavioral health  
40 administrative services organizations to provide reports and client

1 level data regarding 988 contact hub calls, as allowed by and in  
2 compliance with existing federal and state law governing the sharing  
3 and use of protected health information. Data-sharing agreements with  
4 regional crisis lines must include real-time information sharing. All  
5 coordinated regional behavioral health crisis response system  
6 partners must share dispatch time, arrival time, and disposition for  
7 behavioral health calls referred for outreach by each region  
8 consistent with any regional protocols developed under RCW 71.24.432.  
9 The department and the authority shall establish requirements for 988  
10 contact hubs to report data to regional behavioral health  
11 administrative services organizations for the purposes of maximizing  
12 medicaid reimbursement, as appropriate, and implementing this chapter  
13 and chapters 71.05 and 71.34 RCW. The behavioral health  
14 administrative services organization may use information received  
15 from the 988 contact hubs in administering crisis services for the  
16 assigned regional service area, contracting with a sufficient number  
17 of licensed or certified providers for crisis services, establishing  
18 and maintaining quality assurance processes, maintaining patient  
19 tracking, and developing and implementing strategies to coordinate  
20 care for individuals with a history of frequent crisis system  
21 utilization.

22 (3) The department shall adopt rules by January 1, 2025, to  
23 establish standards for designation of crisis call centers as  
24 designated 988 contact hubs. The department shall collaborate with  
25 the authority, other agencies, and coordinated regional behavioral  
26 health crisis response system partners to assure coordination and  
27 availability of services, and shall consider national guidelines for  
28 behavioral health crisis care as determined by the federal substance  
29 abuse and mental health services administration, national behavioral  
30 health accrediting bodies, and national behavioral health provider  
31 associations to the extent they are appropriate, and recommendations  
32 from behavioral health administrative services organizations and the  
33 crisis response improvement strategy committee created in RCW  
34 71.24.892.

35 (4) The department shall designate 988 contact hubs considering  
36 the recommendations of behavioral health administrative services  
37 organizations by January 1, 2026. The designated 988 contact hubs  
38 shall provide connections to crisis intervention services, triage,  
39 care coordination, and referrals for individuals contacting the 988  
40 contact hubs from any jurisdiction within Washington 24 hours a day,

1 seven days a week, using the system platform developed under  
2 subsection (5) of this section. The department may not designate more  
3 than a total of four 988 contact hubs without legislative approval.

4 (a) To be designated as a 988 contact hub, the applicant must  
5 demonstrate to the department the ability to comply with the  
6 requirements of this section and to contract to provide 988 contact  
7 hub services. If a 988 contact hub fails to substantially comply with  
8 the contract, data-sharing requirements, or approved regional  
9 protocols developed under RCW 71.24.432, the department may revoke  
10 the designation of the 988 contact hub and, after consulting with the  
11 affected behavioral health administrative services organization, may  
12 designate a 988 contact hub recommended by a behavioral health  
13 administrative services organization which is able to meet necessary  
14 state and federal requirements.

15 (b) The contracts entered shall require designated 988 contact  
16 hubs to:

17 (i) Have an active agreement with the administrator of the  
18 national suicide prevention lifeline for participation within its  
19 network;

20 (ii) Meet the requirements for operational and clinical standards  
21 established by the department and based upon the national suicide  
22 prevention lifeline best practices guidelines and other recognized  
23 best practices;

24 (iii) Employ highly qualified, skilled, and trained clinical  
25 staff who have sufficient training and resources to provide empathy  
26 to callers in acute distress, de-escalate crises, assess behavioral  
27 health disorders and suicide risk, triage to system partners for  
28 callers that need additional clinical interventions, and provide case  
29 management and documentation. Call center staff shall be trained to  
30 make every effort to resolve cases in the least restrictive  
31 environment and without law enforcement involvement whenever  
32 possible. Call center staff shall coordinate with certified peer  
33 counselors to provide follow-up and outreach to callers in distress  
34 as available. It is intended for transition planning to include a  
35 pathway for continued employment and skill advancement as needed for  
36 experienced crisis call center employees;

37 (iv) Train employees on agricultural community cultural  
38 competencies for suicide prevention, which may include sharing  
39 resources with callers that are specific to members from the  
40 agricultural community. The training must prepare staff to provide

1 appropriate assessments, interventions, and resources to members of  
2 the agricultural community. Employees may make warm transfers and  
3 referrals to a crisis hotline that specializes in working with  
4 members from the agricultural community, provided that no person  
5 contacting 988 shall be transferred or referred to another service if  
6 they are currently in crisis and in need of emotional support;

7 (v) Prominently display 988 crisis hotline information on their  
8 websites and social media, including a description of what the caller  
9 should expect when contacting the crisis call center and a  
10 description of the various options available to the caller, including  
11 call lines specialized in the behavioral health needs of veterans,  
12 American Indian and Alaska Native persons, Spanish-speaking persons,  
13 and LGBTQ populations. The website may also include resources for  
14 programs and services related to suicide prevention for the  
15 agricultural community;

16 (vi) Collaborate with the authority, the national suicide  
17 prevention lifeline, and veterans crisis line networks to assure  
18 consistency of public messaging about the 988 crisis hotline;

19 (vii) Collaborate with coordinated regional behavioral health  
20 crisis response system partners within the 988 contact hub's regional  
21 service area to develop protocols under RCW 71.24.432, including  
22 protocols related to the dispatching of mobile rapid response crisis  
23 teams and community-based crisis teams endorsed under RCW 71.24.903;

24 (viii) Provide data and reports and participate in evaluations  
25 and related quality improvement activities, according to standards  
26 established by the department in collaboration with the authority;  
27 and

28 (ix) Enter into data-sharing agreements with the department, the  
29 authority, regional crisis lines, and applicable behavioral health  
30 administrative services organizations to provide reports and client  
31 level data regarding 988 contact hub calls, as allowed by and in  
32 compliance with existing federal and state law governing the sharing  
33 and use of protected health information, which shall include sharing  
34 real-time information with regional crisis lines. The department and  
35 the authority shall establish requirements that the designated 988  
36 contact hubs report data to regional behavioral health administrative  
37 services organizations for the purposes of maximizing medicaid  
38 reimbursement, as appropriate, and implementing this chapter and  
39 chapters 71.05 and 71.34 RCW including, but not limited to,  
40 administering crisis services for the assigned regional service area,

1 contracting with a sufficient number of licensed or certified  
2 providers for crisis services, establishing and maintaining quality  
3 assurance processes, maintaining patient tracking, and developing and  
4 implementing strategies to coordinate care for individuals with a  
5 history of frequent crisis system utilization.

6 (c) The department and the authority shall incorporate  
7 recommendations from the crisis response improvement strategy  
8 committee created under RCW 71.24.892 in its agreements with  
9 designated 988 contact hubs, as appropriate.

10 (5) The department and authority must coordinate to develop the  
11 technology and platforms necessary to manage and operate the  
12 behavioral health crisis response and suicide prevention system. The  
13 department and the authority must include designated 988 contact  
14 hubs, regional crisis lines, and behavioral health administrative  
15 services organizations in the decision-making process for selecting  
16 any technology platforms that will be used to operate the system. No  
17 decisions made by the department or the authority shall interfere  
18 with the routing of the 988 contact hubs calls, texts, or chat as  
19 part of Washington's active agreement with the administrator of the  
20 national suicide prevention lifeline or 988 administrator that routes  
21 988 contacts into Washington's system. The technologies developed  
22 must include:

23 (a) A new technologically advanced behavioral health and suicide  
24 prevention crisis call center system platform for use in 988 contact  
25 hubs designated by the department under subsection (4) of this  
26 section. This platform, which shall be implemented as soon as  
27 possible and fully funded by (~~(January 1, 2026))~~ June 30, 2027, shall  
28 be developed by the department and must include the capacity to  
29 receive crisis assistance requests through phone calls, texts, chats,  
30 and other similar methods of communication that may be developed in  
31 the future that promote access to the behavioral health crisis  
32 system; and

33 (b) A behavioral health integrated client referral system capable  
34 of providing system coordination information to designated 988  
35 contact hubs and the other entities involved in behavioral health  
36 care. This system shall be developed by the authority.

37 (6) In developing the new technologies under subsection (5) of  
38 this section, the department and the authority must coordinate to  
39 designate a primary technology system to provide each of the  
40 following:

1 (a) Access to real-time information relevant to the coordination  
2 of behavioral health crisis response and suicide prevention services,  
3 including:

4 (i) Real-time bed availability for all behavioral health bed  
5 types and recliner chairs, including but not limited to crisis  
6 stabilization services, 23-hour crisis relief centers, psychiatric  
7 inpatient, substance use disorder inpatient, withdrawal management,  
8 peer-run respite centers, and crisis respite services, inclusive of  
9 both voluntary and involuntary beds, for use by crisis response  
10 workers, first responders, health care providers, emergency  
11 departments, and individuals in crisis; and

12 (ii) Real-time information relevant to the coordination of  
13 behavioral health crisis response and suicide prevention services for  
14 a person, including the means to access:

15 (A) Information about any less restrictive alternative treatment  
16 orders or mental health advance directives related to the person; and

17 (B) Information necessary to enable the designated 988 contact  
18 hubs to actively collaborate with regional crisis lines, emergency  
19 departments, primary care providers and behavioral health providers  
20 within managed care organizations, behavioral health administrative  
21 services organizations, and other health care payers to establish a  
22 safety plan for the person in accordance with best practices and  
23 provide the next steps for the person's transition to follow-up  
24 noncrisis care. To establish information-sharing guidelines that  
25 fulfill the intent of this section the authority shall consider input  
26 from the confidential information compliance and coordination  
27 subcommittee established under RCW 71.24.892;

28 (b) The means to track the outcome of the 988 call to enable  
29 appropriate follow-up, cross-system coordination, and accountability,  
30 including as appropriate: (i) Any immediate services dispatched and  
31 reports generated from the encounter; (ii) the validation of a safety  
32 plan established for the caller in accordance with best practices;  
33 (iii) the next steps for the caller to follow in transition to  
34 noncrisis follow-up care, including a next-day appointment for  
35 callers experiencing urgent, symptomatic behavioral health care  
36 needs; and (iv) the means to verify and document whether the caller  
37 was successful in making the transition to appropriate noncrisis  
38 follow-up care indicated in the safety plan for the person, to be  
39 completed either by the care coordinator provided through the  
40 person's managed care organization, health plan, or behavioral health

1 administrative services organization, or if such a care coordinator  
2 is not available or does not follow through, by the staff of the  
3 designated 988 contact hub;

4 (c) A means to facilitate actions to verify and document whether  
5 the person's transition to follow-up noncrisis care was completed and  
6 services offered, to be performed by a care coordinator provided  
7 through the person's managed care organization, health plan, or  
8 behavioral health administrative services organization, or if such a  
9 care coordinator is not available or does not follow through, by the  
10 staff of the designated 988 contact hub;

11 (d) The means to provide geographically, culturally, and  
12 linguistically appropriate services to persons who are part of high-  
13 risk populations or otherwise have need of specialized services or  
14 accommodations, and to document these services or accommodations; and

15 (e) When appropriate, consultation with tribal governments to  
16 ensure coordinated care in government-to-government relationships,  
17 and access to dedicated services to tribal members.

18 (7) The authority shall:

19 (a) Collaborate with county authorities and behavioral health  
20 administrative services organizations to develop procedures to  
21 dispatch behavioral health crisis services in coordination with  
22 designated 988 contact hubs to effectuate the intent of this section;

23 (b) Establish formal agreements with managed care organizations  
24 and behavioral health administrative services organizations by  
25 January 1, 2023, to provide for the services, capacities, and  
26 coordination necessary to effectuate the intent of this section,  
27 which shall include a requirement to arrange next-day appointments  
28 for persons contacting the 988 contact hub or a regional crisis line  
29 experiencing urgent, symptomatic behavioral health care needs with  
30 geographically, culturally, and linguistically appropriate primary  
31 care or behavioral health providers within the person's provider  
32 network, or, if uninsured, through the person's behavioral health  
33 administrative services organization;

34 (c) Create best practices guidelines by July 1, 2023, for  
35 deployment of appropriate and available crisis response services by  
36 behavioral health administrative services organizations in  
37 coordination with designated 988 contact hubs to assist 988 hotline  
38 callers to minimize nonessential reliance on emergency room services  
39 and the use of law enforcement, considering input from relevant

1 stakeholders and recommendations made by the crisis response  
2 improvement strategy committee created under RCW 71.24.892;

3 (d) Develop procedures to allow appropriate information sharing  
4 and communication between and across crisis and emergency response  
5 systems for the purpose of real-time crisis care coordination  
6 including, but not limited to, deployment of crisis and outgoing  
7 services, follow-up care, and linked, flexible services specific to  
8 crisis response; and

9 (e) Establish guidelines to appropriately serve high-risk  
10 populations who request crisis services. The authority shall design  
11 these guidelines to promote behavioral health equity for all  
12 populations with attention to circumstances of race, ethnicity,  
13 gender, socioeconomic status, sexual orientation, and geographic  
14 location, and include components such as training requirements for  
15 call response workers, policies for transferring such callers to an  
16 appropriate specialized center or subnetwork within or external to  
17 the national suicide prevention lifeline network, and procedures for  
18 referring persons who access the 988 contact hubs to linguistically  
19 and culturally competent care.

20 (8) The department shall monitor trends in 988 crisis hotline  
21 caller data, as reported by designated 988 contact hubs under  
22 subsection (4)(b)(ix) of this section, and submit an annual report to  
23 the governor and the appropriate committees of the legislature  
24 summarizing the data and trends beginning December 1, 2027.

25 (9) Subject to authorization by the national 988 administrator  
26 and the availability of amounts appropriated for this specific  
27 purpose, any Washington state subnetwork of the 988 crisis hotline  
28 dedicated to the crisis assistance needs of American Indian and  
29 Alaska Native persons shall offer services by text, chat, and other  
30 similar methods of communication to the same extent as does the  
31 general 988 crisis hotline. The department shall coordinate with the  
32 substance abuse and mental health services administration for the  
33 authorization.

34 **Sec. 981.** RCW 74.31.060 and 2019 c 181 s 2 are each amended to

37 treasury. The fee imposed under RCW 46.63.110(7)(c) must be deposited  
38 into the account. ~~((Moneys))~~ Except for the 2025-2027 fiscal  
39 biennium, when the treasurer shall transfer \$1,111,000 to the general

1 fund—state, moneys in the account may be spent only after  
2 appropriation, and may be used only to support the activities in the  
3 statewide traumatic brain injury comprehensive plan, to provide a  
4 public awareness campaign and services relating to traumatic brain  
5 injury under RCW 74.31.040 and 74.31.050, for information and  
6 referral services, and for costs of required department staff who are  
7 providing support for the council under RCW 74.31.020 and 74.31.030.  
8 The secretary of the department of social and health services has the  
9 authority to administer the funds. The department must make every

11 fee increased under RCW 46.63.110(7)(c) in a diverse manner to  
12 include rural areas of the state.

13 **Sec. 982.** RCW 74.46.581 and 2016 c 131 s 7 are each amended to  
14 read as follows:

15 A separate nursing facility quality enhancement account is  
16 created in the custody of the state treasurer. Beginning July 1,  
17 2015, all net receipts from the reconciliation and settlement process

31 requires deposits and withdrawals to complete both the preliminary  
32 and final settlement net receipt amounts for this account. During the  
33 2025-2027 fiscal biennium, the account may be expended for funding  
34 costs associated with nursing facilities.

**PART XII**  
**HUMAN SERVICES**

**Sec. 1201.** 2024 c 376 s 201 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the

1 federal government, historical utilization, economic data, and  
2 clinical input constitute reliable data upon which to determine the  
3 payment rates.

4 (4) The department shall to the maximum extent practicable use  
5 the same system for delivery of spoken-language interpreter services  
6 for social services appointments as the one established for medical  
7 appointments in the health care authority. When contracting directly  
8 with an individual to deliver spoken language interpreter services,  
9 the department shall only contract with language access providers who  
10 are working at a location in the state and who are state-certified or  
11 state-authorized, except that when such a provider is not available,  
12 the department may use a language access provider who meets other  
13 certifications or standards deemed to meet state standards, including  
14 interpreters in other states.

15 (5) Information technology projects or investments and proposed  
16 projects or investments impacting time capture, payroll and payment  
17 processes and systems, eligibility, case management, and  
18 authorization systems within the department of social and health  
19 services are subject to technical oversight by the office of the  
20 chief information officer.

21 (6)(a) The department shall facilitate enrollment under the  
22 medicaid expansion for clients applying for or receiving state funded  
23 services from the department and its contractors. Prior to open  
24 enrollment, the department shall coordinate with the health care  
25 authority to provide referrals to the Washington health benefit  
26 exchange for clients that will be ineligible for medicaid.

27 (b) To facilitate a single point of entry across public and  
28 medical assistance programs, and to maximize the use of federal  
29 funding, the health care authority, the department of social and  
30 health services, and the health benefit exchange will coordinate  
31 efforts to expand HealthPlanfinder access to public assistance and  
32 medical eligibility staff. The department shall complete medicaid  
33 applications in the HealthPlanfinder for households receiving or  
34 applying for public assistance benefits.

35 (7) The health care authority, the health benefit exchange, the  
36 department of social and health services, the department of health,  
37 the department of corrections, and the department of children, youth,  
38 and families shall work together within existing resources to  
39 establish the health and human services enterprise coalition (the  
40 coalition). The coalition, led by the health care authority, must be

1 a multi-organization collaborative that provides strategic direction  
2 and federal funding guidance for projects that have cross-  
3 organizational or enterprise impact, including information technology  
4 projects that affect organizations within the coalition. The office  
5 of the chief information officer shall maintain a statewide  
6 perspective when collaborating with the coalition to ensure that  
7 projects are planned for in a manner that ensures the efficient use  
8 of state resources, support the adoption of a cohesive technology and  
9 data architecture, and maximize federal financial participation. The  
10 work of the coalition is subject to the conditions, limitations, and  
11 review provided in section 701 of this act.

12 (8)(a) The appropriations to the department of social and health  
13 services in this act must be expended for the programs and in the  
14 amounts specified in this act. However, after May 1, ((2024)) 2025,  
15 unless prohibited by this act, the department may transfer general  
16 fund—state appropriations for fiscal year ((2024)) 2025 among  
17 programs and subprograms after approval by the director of the office  
18 of financial management. However, the department may not transfer  
19 state appropriations that are provided solely for a specified purpose  
20 except as expressly provided in (b) of this subsection.

21 (b) To the extent that transfers under (a) of this subsection are  
22 insufficient to fund actual expenditures in excess of fiscal year  
23 ((2024)) 2025 caseload forecasts and utilization assumptions in the  
24 long-term care, developmental disabilities, and public assistance  
25 programs, the department may transfer state appropriations that are  
26 provided solely for a specified purpose.

27 (c) Within the mental health program, the department may transfer  
28 appropriations that are provided solely for a specified purpose  
29 within and between subprograms as needed to fund actual expenditures  
30 through the end of fiscal year 2025.

31 (d) The department may not transfer funds, and the director of  
32 the office of financial management may not approve the transfer,  
33 unless the transfer is consistent with the objective of conserving,  
34 to the maximum extent possible, the expenditure of state funds. The  
35 director of the office of financial management shall notify the  
36 appropriate fiscal committees of the legislature in writing seven  
37 days prior to approving any allotment modifications or transfers  
38 under this subsection. The written notification shall include a  
39 narrative explanation and justification of the changes, along with

expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(9) The department may not transfer appropriations for the developmental disabilities program to any other program of the department of social and health services(~~(, or between subprograms of the developmental disabilities program itself)~~).

19 (h) The department may authorize a one-time waiver of all or any  
20 portion of the licensing and processing fees required under RCW  
21 70.128.060 in any case in which the department determines that an  
22 adult family home is being relicensed because of exceptional  
23 circumstances, such as death or incapacity of a provider, and that to  
24 require the full payment of the licensing and processing fees would  
25 present a hardship to the applicant. In these situations the  
26 department is also granted the authority to waive the required  
27 residential administrator training for a period of 120 days if  
28 necessary to ensure continuity of care during the relicensing

7 services to meet the unique needs of each client. It is the  
8 expectation that, in most cases, staffing ratios in all community  
9 alternative placement options described in (j)(i) of this subsection  
10 will need to increase to meet the needs of clients leaving the state  
11 psychiatric hospitals. If specialized training is necessary to meet

13 then the person centered service plan must also identify and

15 (iii) When reviewing placement options, the department must

17 staff, in a facility. An initial evaluation of each placement,  
18 including any documented safety concerns, must occur within thirty  
19 days of a client leaving one of the state psychiatric hospitals and

32 psychiatric hospitals.

12 his or her home. The department must provide the legislature with a  
13 respite utilization report in January of each year that provides

18 year 2024 and (~~(\$2,154,000)~~) \$1,836,000 of the general fund—state  
19 appropriation for fiscal year 2025 are provided solely for 13

13 this section or any moneys that may be transferred pursuant to

7 health care oversight no less than quarterly on utilization and

11 (5) \$1,432,000 of the general fund—state appropriation for fiscal  
12 year 2024 and (~~(\$3,008,000)~~) \$250,000 of the general fund—state

23 third-party administrator. Before authorizing services, eligibility  
24 for initiative 3a or 3b of the 1115 demonstration waiver must first  
25 be determined.

26 (6) Sufficient amounts are appropriated in this subsection to  
27 implement the medicaid expansion as defined in the social security  
28 act, section 1902(a)(10)(A)(i)(VIII).

29 (7) The legislature finds that medicaid payment rates, as  
30 calculated by the health care authority pursuant to the  
31 appropriations in this act, bear a reasonable relationship to the  
32 costs incurred by efficiently and economically operated facilities  
33 for providing quality services and will be sufficient to enlist  
34 enough providers so that care and services are available to the  
35 extent that such care and services are available to the general  
36 population in the geographic area. The legislature finds that the  
37 cost reports, payment data from the federal government, historical  
38 utilization, economic data, and clinical input constitute reliable  
39 data upon which to determine the payment rates.

1 (8) Based on quarterly expenditure reports and caseload  
2 forecasts, if the health care authority estimates that expenditures  
3 for the medical assistance program will exceed the appropriations,  
4 the health care authority shall take steps including but not limited  
5 to reduction of rates or elimination of optional services to reduce  
6 expenditures so that total program costs do not exceed the annual  
7 appropriation authority.

8 (9) In determining financial eligibility for medicaid-funded  
9 services, the health care authority is authorized to disregard  
10 recoveries by Holocaust survivors of insurance proceeds or other  
11 assets, as defined in RCW 48.104.030.

12 (10) The legislature affirms that it is in the state's interest  
13 for Harborview medical center to remain an economically viable  
14 component of the state's health care system.

15 (11) When a person is ineligible for medicaid solely by reason of  
16 residence in an institution for mental diseases, the health care  
17 authority shall provide the person with the same benefits as he or  
18 she would receive if eligible for medicaid, using state-only funds to  
19 the extent necessary.

20 (12) \$4,261,000 of the general fund—state appropriation for  
21 fiscal year 2024, \$4,261,000 of the general fund—state appropriation

23 appropriation are provided solely for low-income disproportionate  
24 share hospital payments.

25 (13) Within the amounts appropriated in this section, the health  
26 care authority shall provide disproportionate share hospital payments  
27 to hospitals that provide services to children in the children's  
28 health program who are not eligible for services under Title XIX or  
29 XXI of the federal social security act due to their citizenship  
30 status.

31 (14) \$7,000,000 of the general fund—federal appropriation is  
32 provided solely for supplemental payments to nursing homes operated  
33 by public hospital districts. The public hospital district shall be  
34 responsible for providing the required nonfederal match for the  
35 supplemental payment, and the payments shall not exceed the maximum  
36 allowable under federal rules. It is the legislature's intent that  
37 the payments shall be supplemental to and shall not in any way offset  
38 or reduce the payments calculated and provided in accordance with  
39 part E of chapter 74.46 RCW. It is the legislature's further intent

1 that costs otherwise allowable for rate-setting and settlement  
2 against payments under chapter 74.46 RCW shall not be disallowed  
3 solely because such costs have been paid by revenues retained by the  
4 nursing home from these supplemental payments. The supplemental  
5 payments are subject to retrospective interim and final cost  
6 settlements based on the nursing homes' as-filed and final medicare  
7 cost reports. The timing of the interim and final cost settlements  
8 shall be at the health care authority's discretion. During either the  
9 interim cost settlement or the final cost settlement, the health care  
10 authority shall recoup from the public hospital districts the  
11 supplemental payments that exceed the medicaid cost limit and/or the  
12 medicare upper payment limit. The health care authority shall apply  
13 federal rules for identifying the eligible incurred medicaid costs  
14 and the medicare upper payment limit.

15 (15) The health care authority shall continue the inpatient  
16 hospital certified public expenditures program for the 2023-2025  
17 fiscal biennium. The program shall apply to all public hospitals,  
18 including those owned or operated by the state, except those  
19 classified as critical access hospitals or state psychiatric  
20 institutions. The health care authority shall submit reports to the  
21 governor and legislature by November 1, 2023, and by November 1,  
22 2024, that evaluate whether savings continue to exceed costs for this  
23 program. If the certified public expenditures (CPE) program in its  
24 current form is no longer cost-effective to maintain, the health care  
25 authority shall submit a report to the governor and legislature  
26 detailing cost-effective alternative uses of local, state, and  
27 federal resources as a replacement for this program. During fiscal  
28 year 2024 and fiscal year 2025, hospitals in the program shall be  
29 paid and shall retain 100 percent of the federal portion of the  
30 allowable hospital cost for each medicaid inpatient fee-for-service  
31 claim payable by medical assistance and 100 percent of the federal  
32 portion of the maximum disproportionate share hospital payment  
33 allowable under federal regulations. For the purpose of determining  
34 the amount of any state grant under this subsection, payments will  
35 include the federal portion of medicaid program supplemental payments  
36 received by the hospitals. Inpatient medicaid payments shall be  
37 established using an allowable methodology that approximates the cost  
38 of claims submitted by the hospitals. Payments made to each hospital  
39 in the program in each fiscal year of the biennium shall be compared  
40 to a baseline amount. The baseline amount will be determined by the

total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2023-2025 biennial operating appropriations act and in effect on July 1, 2015, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2019-2021 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within 11 months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested.

(16) The health care authority shall seek public-private partnerships and federal funds that are or may become available to provide ongoing support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

(17) The health care authority shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or African American or Native American race. The health care authority shall prioritize evidence-based practices for delivery

1 of maternity support services. To the extent practicable, the health  
2 care authority shall develop a mechanism to increase federal funding  
3 for maternity support services by leveraging local public funding for  
4 those services.

5 (18) The authority shall submit reports to the governor and the  
6 legislature by September 15, 2023, and no later than September 15,  
7 2024, that delineate the number of individuals in medicaid managed  
8 care, by carrier, age, gender, and eligibility category, receiving  
9 preventative services and vaccinations. The reports should include  
10 baseline and benchmark information from the previous two fiscal years  
11 and should be inclusive of, but not limited to, services recommended  
12 under the United States preventative services task force, advisory  
13 committee on immunization practices, early and periodic screening,  
14 diagnostic, and treatment (EPSDT) guidelines, and other relevant  
15 preventative and vaccination medicaid guidelines and requirements.

16 (19) Managed care contracts must incorporate accountability  
17 measures that monitor patient health and improved health outcomes,

20 monitoring of health improvements and outcome measures.

22 authority to provide an adult dental benefit.

23 (21) The health care authority shall coordinate with the  
24 department of social and health services to provide referrals to the  
25 Washington health benefit exchange for clients that will be  
26 ineligible for medicaid.

27 (22) To facilitate a single point of entry across public and  
28 medical assistance programs, and to maximize the use of federal  
29 funding, the health care authority, the department of social and  
30 health services, and the health benefit exchange will coordinate  
31 efforts to expand HealthPlanfinder access to public assistance and  
32 medical eligibility staff. The health care authority shall complete

4 authority shall reimburse for primary care services provided by  
5 naturopathic physicians.

6 (25) Within the amounts appropriated in this section, the  
7 authority shall continue to provide coverage for pregnant teens that  
8 qualify under existing pregnancy medical programs, but whose  
9 eligibility for pregnancy related services would otherwise end due to  
10 the application of the new modified adjusted gross income eligibility  
11 standard.

12 (26) Sufficient amounts are appropriated in this section to  
13 remove the mental health visit limit and to provide the shingles

5 shall consider the differences between behavioral health entities in  
6 the percentages of services and other costs associated with the teams  
7 that are not reimbursable under medicaid. The authority may allow  
8 behavioral health entities which have nonmedicaid reimbursable costs

28 year 2025 and \$994,000 of the general fund—federal appropriation are  
29 provided solely for a rate increase for existing programs for  
30 assertive community treatment teams. The rate increase must be  
31 implemented to provide the same percentage increase to all providers  
32 and the authority must employ mechanisms such as directed payment or  
33 other options allowable under federal medicaid law to assure funding  
34 provided through managed care organizations must be used to increase  
35 rates for their contracted assertive community treatment team  
36 providers.

26 behavioral health services for individuals with mental illnesses who  
27 also have a personal care need. The 1915(i) state plan shall be  
28 developed to standardize coverage and administration, improve the  
29 current benefit design, and clarify roles in administration of the  
30 behavioral health personal care services benefit.

31 (8) The authority is authorized to continue to contract directly,  
32 rather than through contracts with behavioral health entities for  
33 children's long-term inpatient facility services.

34 (9) \$1,204,000 of the general fund—state appropriation for fiscal  
35 year 2024 and ((~~\$1,204,000~~)) \$1,529,000 of the general fund—state

1 (10) Behavioral health entities may use local funds to earn  
2 additional federal medicaid match, provided the locally matched rate  
3 does not exceed the upper-bound of their federally allowable rate  
4 range, and provided that the enhanced funding is used only to provide  
5 medicaid state plan or waiver services to medicaid clients.  
6 Additionally, behavioral health entities may use a portion of the  
7 state funds allocated in accordance with subsection (7) of this  
8 section to earn additional medicaid match, but only to the extent  
9 that the application of such funds to medicaid services does not  
10 diminish the level of crisis and commitment, community inpatient,  
11 residential care, and outpatient services presently available to  
12 persons not eligible for medicaid.

13 (11) \$2,291,000 of the general fund—state appropriation for  
14 fiscal year 2024 and \$2,291,000 of the general fund—state  
15 appropriation for fiscal year 2025 are provided solely for mental  
16 health services for mentally ill offenders while confined in a county

20 plan for using these funds, the numbers of individuals served, and  
21 the types of services provided.

22 (12) Within the amounts appropriated in this section, funding is

26 (13)(a) The authority must establish minimum and maximum funding  
27 levels for all reserves allowed under behavioral health  
28 administrative service organization contracts and include contract  
29 language that clearly states the requirements and limitations. The  
30 reserve levels must be informed by the types of risk carried by  
31 behavioral health administrative service organizations for mandatory  
32 services and also consider reasonable levels of operating reserves.  
33 The authority must monitor and ensure that behavioral health  
34 administrative service organization reserves do not exceed maximum  
35 levels. The authority must monitor revenue and expenditure reports  
36 and must require a behavioral health administrative service  
37 organization to submit a corrective action plan on how it will spend  
38 its excess reserves within a reasonable period of time, when its  
39 reported reserves exceed maximum levels established under the  
40 contract. The authority must review and approve such plans and

1 monitor to ensure compliance. If the authority determines that a  
2 behavioral health administrative service organization has failed to  
3 provide an adequate excess reserve corrective action plan or is not  
4 complying with an approved plan, the authority must reduce payments  
5 to the entity in accordance with remedial actions provisions included  
6 in the contract. These reductions in payments must continue until the  
7 authority determines that the entity has come into substantial  
8 compliance with an approved excess reserve corrective action plan.  
9 The authority must submit to the office of financial management and  
10 the appropriate committees of the legislature, each December of the  
11 biennium, the minimum and maximum reserve levels established in  
12 contract for each of the behavioral health administrative service  
13 organizations for the prior fiscal year and the actual reserve levels  
14 reported at the end of the fiscal year.

15 (b) In contracts effective during fiscal year 2025, the authority  
16 must allow the north sound behavioral health administrative services  
17 organization to pilot reserve funding flexibility by allowing the  
18 north sound behavioral health administrative services organization to  
19 utilize, for other purposes, 30 percent of funding received prior to  
20 that contract period currently in reserves and that was received  
21 pursuant to a specific legislative proviso. Funding repurposed under  
22 this subsection must be used to support the duties of the  
23 administrative services organization under RCW 71.24.045 through  
24 programs serving individuals with severe and persistent behavioral  
25 health conditions and behavioral health services that promote  
26 stability and recovery within their regional service area.  
27 Expenditures pursuant to this pilot program may include, but are not  
28 limited to, crisis wraparound services, jail transition and diversion  
29 services, court costs, and coresponder programs. The authority, in  
30 partnership with the north sound behavioral health administrative  
31 services organization, must provide a report to the appropriate  
32 committees of the legislature by December 31, 2024, describing the  
33 impacts of this pilot program to the regional crisis continuum of  
34 care. The report must also include information on which specific  
35 legislative provisos north sound behavioral health administrative  
36 services organization repurposed funding from under this subsection  
37 and for what purpose those funds were used.

38 (14) During the 2023-2025 fiscal biennium, any amounts provided  
39 in this section that are used for case management services for

1 pregnant and parenting women must be contracted directly between the  
2 authority and pregnant and parenting women case management providers.

3 (15) \$3,500,000 of the general fund—federal appropriation is  
4 provided solely for the continued funding of existing county drug and

11 For all contractors: (a) Service and other outcome data must be  
12 provided to the authority by request; and (b) indirect charges for  
13 administering the program must not exceed 10 percent of the total  
14 contract amount.

15 (17) Within the amounts provided in this section, behavioral  
16 health entities must provide outpatient chemical dependency treatment  
17 for offenders enrolled in the medicaid program who are supervised by  
18 the department of corrections pursuant to a term of community  
19 supervision. Contracts with behavioral health entities must require  
20 that behavioral health entities include in their provider network  
21 specialized expertise in the provision of manualized, evidence-based  
22 chemical dependency treatment services for offenders. The department  
23 of corrections and the authority must develop a memorandum of  
24 understanding for department of corrections offenders on active  
25 supervision who are medicaid eligible and meet medical necessity for  
26 outpatient substance use disorder treatment. The agreement will  
27 ensure that treatment services provided are coordinated, do not  
28 result in duplication of services, and maintain access and quality of  
29 care for the individuals being served. The authority must provide all  
30 necessary data, access, and reports to the department of corrections  
31 for all department of corrections offenders that receive medicaid  
32 paid services.

34 is provided solely for treatment and treatment support services for  
35 offenders with a substance use disorder pursuant to RCW 71.24.580.  
36 The authority must offer counties the option to administer their  
37 share of the distributions provided for under RCW 71.24.580(5)(a). If  
38 a county is not interested in administering the funds, the authority  
39 shall contract with behavioral health entities to administer these  
40 funds consistent with the plans approved by local panels pursuant to

1 RCW 71.24.580(5)(b). Funding from the criminal justice treatment  
2 account may be used to provide treatment and support services through  
3 the conclusion of an individual's treatment plan to individuals  
4 participating in a drug court program as of February 24, 2021, if  
5 that individual wishes to continue treatment following dismissal of  
6 charges they were facing under RCW 69.50.4013(1). Such participation  
7 is voluntary and contingent upon substantial compliance with drug  
8 court program requirements. The authority must provide a report to

20 center's effectiveness at lowering the rate of state psychiatric  
21 hospital admissions.

23 representatives from medicaid managed care organizations, behavioral  
24 health administrative organizations, private insurance carriers,  
25 self-insured organizations, crisis providers, and the office of the  
26 insurance commissioner to assess gaps in the current funding model  
27 for crisis and co-response services and recommend options for  
28 addressing these gaps including, but not limited to, an alternative  
29 funding model for crisis and co-response services. The assessment  
30 must consider available data to determine to what extent the costs of  
31 crisis and co-response services for clients of private insurance  
32 carriers, medicaid managed care organizations, and individuals  
33 enrolled in medicaid fee-for-service are being subsidized through  
34 state funded behavioral health administrative services organization  
35 contracts. The analysis shall examine crisis and co-response services  
36 provided by mobile crisis teams and co-response teams as well as  
37 facility-based services such as crisis triage and crisis  
38 stabilization units. In the development of an alternative funding  
39 model, the authority and office of the insurance commissioner must

**Sec. 1219.** 2024 c 376 s 221 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF VETERANS AFFAIRS**

(1) The appropriations in this section are subject to the following conditions and limitations:

(a) The department of veterans affairs shall not initiate any services that will require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys that are unrelated to the coronavirus response and not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys that are unrelated to the coronavirus response, those moneys must be spent for services authorized in this act or in any other legislation that provides appropriation authority, and an equal amount of appropriated state moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(b) Each year, there is fluctuation in the revenue collected to support the operation of the state veteran homes. When the department has foreknowledge that revenue will decrease, such as from a loss of census or from the elimination of a program, the legislature expects the department to make reasonable efforts to reduce expenditures in a commensurate manner and to demonstrate that it has made such efforts. In response to any request by the department for general fund—state appropriation to backfill a loss of revenue, the legislature shall consider the department's efforts in reducing its expenditures in light of known or anticipated decreases to revenues.

3 health care organizations, the commission on accreditation of  
4 rehabilitation facilities, and the council on accreditation. To

8 programs than for other organizations which are not accredited.
