1 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

2 NEW SECTION. **Sec. 1.** A supplemental capital budget is hereby
3 adopted and, subject to the provisions set forth in this act, the
4 several dollar amounts hereinafter specified, or so much thereof as
5 shall be sufficient to accomplish the purposes designated, are hereby
6 appropriated and authorized to be incurred for capital projects
7 during the period beginning with the effective date of this act and
8 ending June 30, 2027, out of the several funds specified in this act.

9 **PART 1**

10 **GENERAL GOVERNMENT**

11 NEW SECTION. **Sec. 1001.** A new section is added to 2025 c 414
12 (uncodified) to read as follows:

13 **SPECIAL APPROPRIATION FOR THE GOVERNOR**

14 Point Whitney Appraisal (92000002)

15 The appropriation in this section is subject to the following
16 conditions and limitations:

17 (1) The appropriation in this section is provided solely for
18 expenditure for the costs associated with obtaining an appraisal for
19 the fair market value of the state-owned property managed by the
20 department of fish and wildlife and commonly known as Point Whitney.
21 The appraisal is in anticipation of the sale and transfer of the
22 property to the Jamestown S'Klallam tribe as provided in section 3013
23 of this act. The office of financial management shall approve the
24 expenditure of funds for the appraisal, consistent with the
25 provisions of this section.

26 (2) The department of fish and wildlife must enter into a
27 contract to obtain an appraisal for the fair market value of the
28 parcel no later than June 30, 2026, and provide a copy of the
29 contract to the governor, house capital budget committee, and senate
30 ways and means committee.

31 (3) If the department of fish and wildlife fails to enter into a
32 contract for the appraisal as provided in subsection (2), the
33 department of natural resources must conduct the appraisal of the
34 Point Whitney property. The department of natural resources shall
35 complete and provide a copy of the appraisal to the governor, house

1 capital budget committee, and senate ways and means committee by
2 December 1, 2026.

22 2025-27 High Efficiency Electric Appliance Rebates (HEAR) Program
23 (40000666)

24 The appropriation in this section is subject to the following
25 conditions and limitations:

26 (1)(a) (~~(\$25,000,000)~~) \$42,000,000 of the appropriation is
 27 provided solely for the department to administer grants to eligible
 28 third-party administrators for heat pump and other high-efficiency
 29 electric equipment rebates, with a focus on low and moderate-income
 30 households, renters, nonprofit organizations, and small businesses.
 31 State incentives and rebates for installation of high-efficiency
 32 electric equipment, including electrical panel upgrades, provide a
 33 benefit to the public consistent with the state's energy strategy and
 34 climate mandates by reducing greenhouse gas emissions from the built

1 environment. The department shall administer the grant program in a
2 manner that seeks to maximize greenhouse gas emissions reductions.

3 (b) \$5,000,000 of the appropriation is provided solely for the
4 department to administer grants to eligible third-party
5 administrators for heat pumps for adult family homes.

6 (2) The department shall implement a statewide high-efficiency
7 electric equipment program consistent with the following:

8 (a) Aid the transition of residential and commercial buildings
9 away from fossil fuels by providing education and outreach resources
10 for the installation of high-efficiency electric heat pumps and other
11 high-efficiency electric equipment;

12 (b) Provide grants, coordination, and technical assistance to
13 eligible third-party administrators to promote the adoption of high-
14 efficiency electric heat pump equipment for space and water heating;
15 and

16 (c) Develop strategies to ensure that the program serves low-
17 income households, vulnerable populations, and overburdened
18 communities, including dedicating at least 40 percent of the program
19 funding for this purpose. For the purposes of this subsection (2)(c),
20 "overburdened communities" has the same meaning as in RCW 70A.65.010
21 and "vulnerable populations" has the same meaning as in RCW
22 70A.02.010.

23 (3) For the purposes of this section, "eligible third-party
24 administrators" include, but are not limited to, nonprofits,
25 utilities, housing providers, community action agencies, and
26 community-based organizations.

27 Appropriation:

28	Climate Commitment Account—State.	((\$30,000,000))
29		<u>\$47,000,000</u>
30	Prior Biennia (Expenditures).	\$0
31	Future Biennia (Projected Costs).	((\$120,000,000))
32		<u>\$188,000,000</u>
33	TOTAL.	((\$150,000,000))
34		<u>\$235,000,000</u>

35 **Sec. 1007.** 2025 c 414 s 1013 (uncodified) is amended to read as
36 follows:

37 **FOR THE DEPARTMENT OF COMMERCE**

38 2025-27 Behavioral Health Facilities (40000667)

1 The appropriation in this section is subject to the following
2 conditions and limitations:

3 (1) The appropriation in this section is provided solely for the
4 department to issue grants to community hospitals or other community
5 providers to expand and establish new and preserve existing capacity
6 for behavioral health services in communities. The department must
7 consult an advisory group consisting of representatives from the
8 department of social and health services, the health care authority,
9 one representative from a managed care organization, one
10 representative from an accountable care organization, and one
11 representative from the association of county human services. The
12 amounts provided in this section may be used for construction and
13 equipment costs associated with establishment or preservation of the
14 facilities. The department may approve funding for the acquisition of
15 a facility if the project will result in increased behavioral health
16 capacity. Amounts provided in this section may not be used for
17 operating costs associated with the treatment of patients using these
18 services.

19 (2) The department must establish criteria for the issuance of
20 the grants, which must include:

21 (a) Evidence that the application was developed in collaboration
22 with one or more regional behavioral health entities that administer
23 the purchasing of services;

24 (b) Evidence that the applicant has assessed and would meet gaps
25 in the geographical availability and service needs of behavioral
26 health services in their region;

27 (c) Evidence that the applicant is able to meet applicable
28 licensing and certification requirements in the facility that will be
29 used to provide services;

30 (d) A commitment by applicants to serve persons who are publicly
31 funded and persons detained for involuntary commitment, as applicable
32 by facility type, under chapter 71.05 RCW;

33 (e) A commitment by the applicant to maintain and operate the
34 beds or facility for a time period commensurate to the state
35 investment, but for at least a 10-year period;

36 (f) The date upon which structural modifications or construction
37 would begin and the anticipated date of completion of the project;

38 (g) A detailed estimate of the costs associated with opening the
39 beds;

1 (h) A financial plan demonstrating the applicant's ability to
2 maintain and operate the facility; and

3 (i) The applicant's commitment to work with local courts and
4 prosecutors as applicable to ensure that prosecutors and courts in
5 the area served by the hospital or facility will be available to
6 conduct involuntary commitment hearings and proceedings under chapter
7 71.05 RCW.

8 (3) In awarding funding for projects in subsection (5) of this
9 section, the department, in consultation with the advisory group
10 established in subsection (1) of this section, must strive for
11 geographic distribution and to allocate funding based on population
12 and service needs of an area. The department must consider current
13 services available, anticipated services available based on projects
14 underway, and the service delivery needs of an area.

15 (4) The department must prioritize projects that increase
16 capacity in unserved and underserved areas of the state.

17 (5) (~~(\$70,000,000)~~) \$61,767,000 of the state building
18 construction account—state appropriation in this section is provided
19 solely for competitive community behavioral health grants to address
20 regional needs and noncompetitive closure prevention grants. Closure
21 prevention grants must be awarded on a first-come, first-served
22 basis. For competitive regional needs grants, priority must be given
23 to: Youth and adult bed capacity with consideration given to gaps
24 identified in the 2024 behavioral health capital grant facility
25 funding report; and facilities that serve specialized populations,
26 including, but not limited to, services for individuals with
27 traumatic brain injury, dementia, and cooccurring complex needs of
28 youth. Additional categories of facilities may be funded based on
29 identified needs of a region. Eligible facilities include, but are
30 not limited to:

31 (a) Crisis relief centers and stabilization facilities that offer
32 access to mental health and substance use care for no more than 23
33 hours and 59 minutes per patient, at a time, and are not subject to
34 federal funding restrictions that apply to institutions of mental
35 diseases;

36 (b) Mental health peer respite centers that are not subject to
37 federal funding restrictions that apply to institutions of mental
38 diseases. No more than one mental health peer respite center should
39 be funded in each of the 10 regions;

1 (c) Grants to community providers to increase long-term intensive
2 inpatient psychiatric treatment services and capacity for children
3 and minor youth including, but not limited to, services for substance
4 use disorder treatment, sexual assault and traumatic stress, anxiety,
5 or depression, and interventions for children exhibiting aggressive
6 or depressive behaviors in facilities that are not subject to federal
7 funding restrictions;

8 (d) Grants to community hospitals, freestanding evaluation and
9 treatment providers, or freestanding psychiatric hospitals to develop
10 capacity for beds to serve individuals on 90-day or 180-day civil
11 commitments as an alternative to treatment in the state hospitals. In
12 awarding this funding, the department must coordinate with the
13 department of social and health services, the health care authority,
14 and the department of health and must only select facilities that
15 meet the following conditions:

16 (i) The funding must be used to increase capacity related to
17 serving individuals who will be transitioned from or diverted from
18 the state hospitals;

19 (ii) The facility is not subject to federal funding restrictions
20 that apply to institutions of mental diseases;

21 (iii) The provider has submitted a proposal for operating the
22 facility to the health care authority;

23 (iv) The provider has demonstrated to the department of health
24 and the health care authority that it is able to meet the applicable
25 licensing and certification requirements for the facility that will
26 be used to provide services; and

27 (v) The health care authority has confirmed that it intends to
28 contract with the facility for operating costs within funds provided
29 in the operating budget for these purposes;

30 (e) Enhanced adult residential care facilities for long-term
31 dementia placements discharged or diverted from the state psychiatric
32 hospitals and are not subject to federal funding restrictions that
33 apply to institutions of mental diseases;

34 (f) Facilities that provide substance use disorder intervention,
35 assessment, and treatment services with secure withdrawal management
36 and stabilization treatment beds that are not subject to federal
37 funding restrictions that apply to institutions of mental diseases;
38 and

39 (g) Facilities where behavioral health supportive services, such
40 as harm reduction and physical health services, are offered within

1 the same facility as behavioral health services and that are not
2 subject to federal funding restrictions that apply to institutions of
3 mental diseases.

4 (6) \$10,000,000 of the state building construction account—state
5 appropriation in this section is provided solely for one crisis
6 stabilization facility in the King county region consistent with the
7 settlement agreement in *A.B., by and through Trueblood, et al., v.*
8 *DSHS, et al.*, No. 15-35462, that is not subject to federal funding
9 restrictions that apply to institutions of mental disease. In
10 awarding this funding, the department must coordinate with the health
11 care authority and the King county behavioral health administrative
12 service organization and must only select a facility that has been
13 selected by King county's crisis care centers initiative as the
14 crisis care center for the south King county region.

15 (7) (~~(\$49,847,000)~~) \$58,080,000 of the appropriation in this
16 section is provided solely for the following list of projects:

17	Broadway - Compass Health.	\$5,050,000
18	Cascade Community Health.	\$541,000
19	<u>Compass Health: Friday Harbor Facility.</u>	<u>\$1,850,000</u>
20	<u>Crisis Relief & Sobering Center.</u>	<u>\$773,000</u>
21	<u>Everett Health Engagement Hub Expansion.</u>	<u>\$515,000</u>
22	<u>Frontier Behavioral Health: Wellbeing Clinic.</u>	<u>\$1,500,000</u>
23	Healing Lodge of the Seven Nations.	\$5,050,000
24	ICHS Ron Chew Center.	\$3,050,000
25	Ituha Stabilization Facility.	\$927,000
26	Poulsbo SUD Clinic.	\$18,480,000
27	<u>Recovery Café Building Acquisition.</u>	<u>\$2,050,000</u>
28	Skagit County Crisis Stabilization.	\$549,000
29	Sound Crisis Stabilization Facility.	\$3,050,000
30	Spokane Stabilization Center.	\$3,050,000
31	Trouves Health Care Behavioral Health Facility.	\$5,050,000
32	Yakama Detox Center.	\$5,050,000
33	<u>Yakima Behavioral Health Hub.</u>	<u>\$1,545,000</u>

34 (9) During the 2025-2027 fiscal biennium, where the department
35 has awarded a grant for the operation of a crisis diversion or
36 stabilization facility located in Pierce county that is not subject
37 to federal funding restrictions that apply to institutions of mental
38 diseases, the department may amend the contract associated with the

1 grant in order to authorize the facility to be used for any community
2 development block grant national objective.

3 (10) The department shall notify all applicants that they may be
4 required to have a construction review performed by the department of
5 health.

6 (11) To accommodate the emergent need for behavioral health
7 services, the department and the department of health, in
8 collaboration with the health care authority and the department of
9 social and health services, must establish a concurrent and expedited
10 process to assist grant applicants in meeting any applicable
11 regulatory requirements necessary to operate inpatient psychiatric
12 beds, freestanding evaluation and treatment facilities, enhanced
13 services facilities, triage facilities, crisis stabilization
14 facilities, or secure detoxification/secure withdrawal management and
15 stabilization facilities.

16 (12) In contracts for grants authorized under this section, the
17 department must include provisions that require that the grantee or
18 successor hold the capital improvements for at least a 10-year
19 period. The provisions must require the facility to be used for
20 behavioral health services, but may allow the facility to change
21 ownership or facility type during the commitment period. The
22 department shall monitor the activities of recipients of grants under
23 this program to determine compliance with the terms and conditions
24 set forth in its contract.

25 (13) The department must provide a progress report to the
26 appropriate committees of the legislature by November 1, 2026. The
27 report must include:

28 (a) The total number of applications and amount of funding
29 requested;

30 (b) A list and description of the projects approved for funding
31 including state funding, total project cost, services anticipated to
32 be provided, bed capacity, and anticipated completion date;

33 (c) A statewide map of new capacity since 2018, including
34 projected bed capacity and opening dates;

35 (d) A status report of projects that received funding in prior
36 funding rounds, including details about the project completion and
37 the date the facility began providing services; and

38 (e) Recommendations for statutory language that would codify the
39 grant program on an ongoing basis including:

40 (i) Evaluation and prioritization criteria;

- 1 (ii) Monitoring and compliance requirements;
- 2 (iii) Preconstruction and technical assistance services; and
- 3 (iv) Data needed to determine the service needs by area of the
- 4 state.

5 (14) The department must coordinate with the health care
 6 authority and department of health to submit capital budget requests
 7 to fund behavioral health community capacity grants for the 2027-2029
 8 biennial budget by the due date established by the office of
 9 financial management. Associated state budget operating costs must
 10 also be identified and requested.

11 (15) The appropriation in this section is subject to the
 12 provisions of section 8018 of this act.

13 Appropriation:

14	State Building Construction Account—State.	\$129,847,000
15	Prior Biennia (Expenditures).	\$0
16	Future Biennia (Projected Costs).	\$519,388,000
17	TOTAL.	\$649,235,000

18 **Sec. 1008.** 2025 c 414 s 1018 (uncodified) is amended to read as
 19 follows:

20 **FOR THE DEPARTMENT OF COMMERCE**

21 2025-27 Public Works Board (40000672)

22 The appropriations in this section are subject to the following
 23 conditions and limitations:

 29 the public works board to award new or reimburse previously
 30 authorized grants and loans to local governments for infrastructure
 31 projects in accordance with chapter 43.155 RCW. When reimbursing
 32 projects that are awarded funding by the board under this
 33 appropriation authority, the department and the board must first
 34 spend funding available from the state taxable building construction
 35 account—state appropriation and the state building construction
 36 account—state appropriation in this section. (~~(When the state~~
 37 ~~building construction account—state and state taxable building~~

30 **Sec. 1009.** 2025 c 414 s 1020 (uncodified) is amended to read as
31 follows:

32 **FOR THE DEPARTMENT OF COMMERCE**

33 2025-27 Connecting Housing to Infrastructure Program (40000675)

34 The appropriation in this section is subject to the following
35 conditions and limitations:

36 (1) (a) The appropriation in this section is provided solely for
37 grants or deferred loans to local governments and public utility

1 districts to defray the cost of waiving a portion of or all of the
2 fees normally applied to developers for utility connection charges
3 and related street improvements related to new affordable housing
4 projects for low- and moderate-income households.

5 (b) Where applicable, the utility extension and related street
6 improvements must be consistent with the approved comprehensive plans
7 under the growth management act and must be within the established
8 boundaries of the urban growth area as set forth in the approved
9 comprehensive plans. Street improvements are eligible if the
10 improvements are related directly to the utility extension or
11 connection and are adjacent to the new housing units being
12 constructed.

13 (c) Projects must be located within a jurisdiction that imposes a
14 sales and use tax under RCW 82.14.530(1)(a)(ii) or (b)(i)(B),
15 82.14.540, or 84.52.105.

16 (2)(a) \$30,000,000 of the state building construction account—
17 state appropriation is provided solely for grants or deferred loans
18 for system development charges, utility improvements, and street
19 improvements associated with utility infrastructure for affordable
20 housing projects serving low-income households located within a city
21 or county with a population of 150,000 or fewer persons.

22 (b) \$5,000,000 of the state building construction account—state
23 appropriation in this section is provided for the department for
24 pilot grants for system development charges, utility improvements,
25 and street improvements associated with utility infrastructure for
26 affordable housing projects serving moderate-income households. The
27 pilot program must be offered in three counties located in the north
28 central region of the state. The counties must share borders with one
29 another, be located east of the crest of the Cascade mountains, and
30 each have a population of 85,000 persons or fewer. By June 1, 2027,
31 the department must submit a report to the office of financial
32 management and to the appropriate committees of the legislature that:

33 (i) Summarizes the results of the pilot program, including an
34 analysis of the need for infrastructure assistance for local
35 governments to support the development of housing affordable to
36 moderate-income households, and the benefits to communities that may
37 result from increasing economic diversity in housing that is made
38 more affordable through infrastructure subsidies;

39 (ii) Describes the number and total dollar amount of application
40 requests and funding awards; and

1 (iii) Makes recommendations regarding continuation or expansion
2 of the pilot program and recommended future funding levels.

3 (3) To be eligible for funding under this section, an applicant
4 must demonstrate, at minimum:

5 (a) That affordable housing development will begin construction
6 within 24 months of the grant or loan award; and

7 (b) A strong probability of serving the original target group or
8 income level for a period of at least 25 years.

9 (4) For purposes of this section, the following definitions
10 apply.

11 (a) "Affordable housing" means residential housing that requires
12 payment of monthly housing costs, including utilities other than
13 telephone, of no more than 30 percent of the household's income.

14 (b) "Low-income household" has the same meaning as in RCW
15 43.185A.010.

16 (c) "Moderate-income household" means: For purposes of the pilot
17 program authorized in this section, a single person, family, or
18 unrelated persons living together whose adjusted income is above 80
19 percent of the median household income adjusted for family size, for
20 the county where the affordable housing project is located, but less
21 than the state median income, as reported by the United States
22 department of housing and urban development.

23 (d) "System development charges" means charges for new utility
24 improvements.

25 (e) "Utility improvements" means drinking water, wastewater, or
26 stormwater utility improvements.

27 (5) \$10,000,000 of the appropriation in this section is provided
28 solely for the Fort Lawton redevelopment project. The funding
29 provided in this subsection is not subject to the provisions of
30 subsection (3) of this section. The legislature intends to provide
31 funds in the amount of \$10,000,000 in the 2027-2029 fiscal biennium
32 to the Fort Lawton redevelopment project.

33 (6) \$2,550,000 of the appropriation in this section is provided
34 solely for the Skyway Homeownership project.

35 ~~((+6))~~ (7) The appropriation in this section is subject to the
36 provisions of section 8018 of this act.

37 Appropriation:

38	State Building Construction Account—State.	\$100,000,000
39	Prior Biennia (Expenditures).	\$0

1 subsection for housing that serves individuals who are exiting
2 residential habilitation centers or facilities.

3 (c) (~~(\$100,000,000)~~) \$50,000,000 of the state taxable building
4 construction account—state appropriation is provided solely for
5 permanent supportive housing projects in accordance with the apple
6 health and homes rapid permanent supportive housing program created
7 in RCW 43.330.187. Of the amounts provided in this subsection (1)(c),
8 \$4,250,000 is provided solely for the Maple Court Permanent
9 Supportive Housing project.

10 (d) (~~(\$30,000,000)~~) \$44,311,000 of the state building
11 construction account—state appropriation and (~~(\$45,000,000)~~)
12 \$66,467,000 of the state taxable building construction account—state
13 appropriation in this section are provided solely for the development
14 of homeownership projects affordable to first-time low-income
15 households. Projects serving homebuyers whose income is up to 80
16 percent of the area median income, adjusted for household size for
17 the county where the property is located are eligible to apply,
18 except that projects located in rural areas of the state, as defined
19 by the department, serving homebuyers whose income is up to 100
20 percent of the area median income, adjusted for household size for
21 the county where the property is located are eligible to apply.
22 Eligible activities include, but are not limited to, down payment
23 assistance, closing costs, acquisition, rehabilitation costs, and new
24 construction. The department shall strive to invest at least 20
25 percent of these funds with by and for organizations, as defined by
26 the office of equity, and make efforts to enact the recommendations
27 of the homeownership disparities work group created in section
28 128(100), chapter 297, Laws of 2022.

29 Of the amounts provided in this subsection (1)(d), \$2,500,000 of
30 the state building construction account—state appropriation is
31 provided solely for the Orchard Gardens project.

32 (e)(i)(A) \$17,500,000 of the state taxable building construction
33 account—state appropriation is provided solely for the northwest
34 cooperative development center to provide subgrants for the
35 acquisition and preservation of mobile or manufactured home
36 communities where at least 50 percent of the preserved homes are and
37 will remain occupied by low-income households. Funding provided under
38 this subsection (1)(e)(i) may be used for the purpose of avoiding
39 household displacement due to sale or other transactions and ensuring

1 preservation of housing affordability for low-income households for a
2 minimum of 40 years and may be awarded only to eligible organizations
3 as defined in RCW 59.20.030.

4 (B) \$2,500,000 of the state taxable building construction account
5 —state appropriation is provided solely for the Bayside Housing
6 project.

7 (ii) \$10,000,000 of the state taxable building construction
8 account—state appropriation is provided solely for the northwest
9 cooperative development center to provide subgrants to organizations
10 that are mobile home park cooperatives or manufactured housing
11 cooperatives, as those terms are defined in RCW 59.20.030, for
12 critical improvements, repairs, and infrastructure upgrades to
13 promote the preservation of mobile or manufactured home communities
14 as affordable housing. The grantee must award subgrants based on
15 needs relating to health, safety, and cost for resident-owned
16 manufactured housing community cooperatives in Washington.

17 (f) \$10,000,000 of the state taxable building construction
18 account—state appropriation is provided solely for eligible
19 organizations under RCW 43.185A.040 to acquire, acquire and renovate,
20 or prepare real property for rapid conversion into permanent
21 supportive housing, transitional housing, indoor emergency housing,
22 tiny homes, or indoor emergency shelters, with a primary focus on
23 serving people with extremely low-incomes who are experiencing
24 sheltered and unsheltered homelessness, including families with
25 children, unaccompanied youth and young people, older adults, and
26 people with disabilities. Acquisitions completed with temporary
27 financing are eligible for funding provided in this section. The
28 department may approve funding only for projects that result in
29 increased shelter or housing capacity for extremely low-income people
30 and households. In awarding funding pursuant to this subsection
31 (1)(f), the department shall prioritize the acquisition of
32 multifamily housing units and housing projects that rapidly move
33 people experiencing sheltered or unsheltered homelessness into
34 housing, including, but not limited to, individuals living in
35 unsanctioned encampments, the public rights-of-way, or other public
36 spaces. Amounts provided in this subsection (1)(f) may not be used
37 for operating or maintenance costs, supportive services, or debt
38 service.

1 (g) (~~(\$50,000,000)~~) \$94,978,000 of the state building
2 construction account—state appropriation is provided solely for
3 affordable housing preservation projects, which may include, but are
4 not limited to:

5 (i) Projects preserving and extending the affordability
6 commitment period for projects in the housing trust fund portfolio.
7 The funds may be provided for major building improvements,
8 preservation, and system replacements, necessary for the existing
9 housing trust fund portfolio to maintain its long-term viability. The
10 department must require a capital needs assessment be provided before
11 contract execution. Funds may not be used to add or expand the
12 capacity of the property. When allocating funds, the department must
13 prioritize buildings that are older than 15 years and that serve very
14 low-income and extremely low-income populations.

15 (ii) Projects preserving affordable multifamily housing at risk
16 of losing its affordability due to expiration of use restrictions
17 that otherwise require affordability including, but not limited to,
18 United States department of agriculture funded multifamily housing.
19 The department must prioritize projects that satisfy the goal of
20 long-term preservation of Washington's affordable multifamily housing
21 stock, particularly in rural areas of the state. Funds may be used
22 for acquisition or for acquisition and rehabilitation of properties
23 to preserve the affordable housing units beyond their existing use
24 restrictions and place them in Washington's housing trust fund
25 portfolio for a minimum of 40 years. If a capital needs assessment is
26 required, the department must work with the applicant to ensure that
27 this does not create an unnecessary impediment to rapidly accessing
28 these funds.

29 (iii) Projects rehabilitating affordable multifamily housing
30 impacted by the weather event described in emergency proclamation
31 25-07.

32 (iv) The funding provided under this subsection (g) is not
33 subject to the 60-day application period in RCW 43.185A.150.

34 (h) (~~(\$5,000,000)~~) \$13,300,000 of the state taxable building
35 construction account—state appropriation in this section is provided
36 solely for facilities housing low-income migrant, seasonal, or
37 temporary farmworkers. The department shall prioritize funding of
38 projects to areas of highest need. Funding may also be provided, to
39 the extent qualified projects are submitted, for projects that
40 address health and safety.

1 (i) The department shall strive to invest at least 10 percent of
2 the appropriations provided under (a) and (d) of this subsection (1)
3 for either affordable multifamily rental housing or homeownership
4 projects, or both, benefiting low-income households in federally
5 recognized Indian tribes in the state of Washington. The department
6 must conduct a separate application process and use separate
7 evaluation criteria to solicit tribal housing projects and prioritize
8 projects to tribal communities of highest need.

9 (2) \$3,000,000 of the state building construction account—state
10 appropriation is provided solely for the department to provide
11 preconstruction and technical assistance awards in accordance with
12 RCW 43.185A.170. By January 1, 2027, the department must provide the
13 governor and the appropriate committees of the legislature with a
14 progress report for entities receiving awards made under this
15 subsection (2). The progress report must list which entities applied
16 for, and were successful in securing, additional financing for the
17 construction or preservation of affordable housing.

18 (3) (~~(\$5,000,000)~~) \$10,000,000 of the state building construction
19 account—state appropriation in this section is provided solely for
20 affordable housing urgent repair grants to be provided on an ongoing
21 basis. Funding is not subject to the 60-day notification requirement
22 in RCW 43.185A.150. The funding may be provided to address
23 nonrecurring repair projects including repair of units or buildings,
24 abatement of potentially hazardous materials, and safety-related
25 structural improvements of affordable housing. Grants may be awarded
26 for urgent repairs that are in the planning or construction phase or
27 repairs that have been completed. Funds provided in this section are
28 available on a reimbursement basis only. Each repair grant award may
29 not exceed \$200,000 per award. However, the department may not limit
30 the number of awards or amount received per organization.

31 (a) For purposes of this subsection (3), "affordable housing"
32 means:

33 (i) Permanent supportive housing as defined in RCW 36.70A.030;
34 and

35 (ii) Multifamily affordable housing projects in the housing trust
36 fund portfolio.

37 (b) If the department receives application requests that exceed
38 the appropriation level in this subsection (3), the department must
39 prioritize projects under (a)(i) of this subsection (3).

1 (4) (~~(\$57,738,000)~~) \$103,208,000 of the state taxable building
 2 construction account—state appropriation is provided for the
 3 following list of projects:

4	315 W 9th Seniors.	\$1,500,000
5	35th and Pacific Family Housing.	\$2,050,000

37 (5) \$4,500,000 of the state building construction account—state
 38 appropriation is provided solely for Mary's Place Emergency Family
 39 Shelter.

(6) The department must strive to allocate all of the amounts appropriated in subsections (1) through (3) of this section within the 2025-2027 fiscal biennium in the manner prescribed in each subsection. However, if upon review of applications the department determines there are not adequate suitable projects in a category, the department may allocate funds to other affordable housing projects serving other low-income and special needs populations, provided those projects are located in an area with an identified need for the type of housing proposed.

The (~~reappropriation~~) appropriations in this section (~~is~~) are subject to the following conditions and limitations: (~~The reappropriation is subject to the provisions of section 7032 of this act.~~)

(1) \$23,200,000 of the appropriations in this section is provided solely for grants for cost share agreements regarding anaerobic digester development and maintenance projects at dairies. Grants awarded must have at least a 15 percent nonstate match and be awarded through a competitive process that considers:

(a) The amount of greenhouse gas reduction expected to be achieved by the proposal; and

1 (b) The amount of untreated effluent expected to be reduced by
2 the proposal.

3 (2) \$500,000 of the appropriation in this section is provided
4 solely for the department to contract with the Washington State
5 University energy extension program to provide technical assistance
6 in the administration of the competitive grant process and to provide
7 ongoing support to dairies and digester operators regarding
8 opportunities to enhance digester function, advance nutrient
9 recovery, and improve the economic sustainability of on-farm
10 digesters.

24 The appropriation in this section is subject to the following
25 conditions and limitations:

26 (1) \$5,000,000 of the appropriation in this section is provided
27 solely for low-income home rehabilitation projects impacted by the
28 weather event described in emergency proclamation 25-07. Eligible
29 projects are not limited to rural areas and may be located in any

6 follows:

7 **FOR THE DEPARTMENT OF COMMERCE**

8 2026 Local and Community Projects (40000709)

9 The appropriations in this section are subject to the following
10 conditions and limitations:

11 (1) Except as provided for under subsection (12) of this section,
12 the department may not expend the appropriation in this section
13 unless and until the nonstate share of project costs have been either
14 expended or firmly committed, or both, in an amount sufficient to
15 complete the project or a distinct phase of the project that is
16 useable to the public for the purpose intended by the legislature.
17 This requirement does not apply to projects where a share of the
18 appropriation is for design costs only.

19 (2) Before receiving funds, project recipients must demonstrate
20 that the project site is under control for a minimum of 10 years,
21 either through ownership or a long-term lease. This requirement does
22 not apply to appropriations for preconstruction activities or
23 appropriations in which the sole purpose is to purchase real property
24 that does not include a construction or renovation component.

25 (3) Projects funded in this section may be required to comply
26 with Washington's high performance building standards under chapter
27 39.35D RCW.

28 (4) Project funds are available on a reimbursement basis only and
29 may not be advanced under any circumstances.

30 (5) In contracts for grants authorized under this section, the
31 department shall include provisions that require that capital
32 improvements be held by the grantee for a specified period of time
33 appropriate to the amount of the grant and that facilities be used
34 for the express purpose of the grant. If the grantee is found to be
35 out of compliance with provisions of the contract, the grantee shall
36 repay to the state general fund the principal amount of the grant
37 plus interest calculated at the rate of interest on state of

1 Washington general obligation bonds issued most closely to the date
2 of authorization of the grant.

3 (6) Projects funded in this section, including those that are
4 owned and operated by nonprofit organizations, are generally required
5 to pay state prevailing wages.

6 (7) The department must comply with the requirements set forth in
7 executive order 21-02 and must consult with the department of
8 archaeology and historic preservation and affected tribes on the
9 potential effects of these projects on cultural resources and
10 historic properties. Consultation with the department of archaeology
11 and historic preservation and affected tribes must be initiated
12 before project funds are made available.

12 (uncodified) to read as follows:

13 **FOR THE DEPARTMENT OF COMMERCE**

14 Washington Builds (92002336)

15 The appropriation in this section is subject to the following
16 conditions and limitations: The department may not expend the
17 appropriations in this section unless and until the nonprofit
18 selected as the state green bank pursuant to section 130(19), chapter
19 376, Laws of 2024, changes its name to Washington builds.

20 (1) \$50,000,000 of the appropriation in this section is provided
21 solely to contract with Washington builds to provide accessible and
22 affordable financing for energy efficiency and renewable energy
23 projects for Washington residents and businesses that reduce costs,
24 lower greenhouse gas emissions, and create jobs statewide. Contracts
25 authorized under this section must require Washington builds to
26 remain an independent nonprofit corporation recognized as exempt from
27 federal income taxation for public benefit purposes and to maintain a
28 board of directors that includes members with experience in private
29 sector project finance, banking, and general contracting.

30 (a) \$5,500,000 of the appropriation in this subsection (1) is
31 provided solely for agreements to support a residential credit
32 enhancement model, including partnerships with lenders and
33 contractors, to finance energy efficiency upgrades, solar
34 installations, electrical vehicle chargers, and emergency HVAC
35 replacements. Where feasible, energy efficiency upgrades should
36 provide electric equipment and infrastructure. Funding must
37 prioritize low-income to moderate-income families and households

1 unable to access traditional financing. Families and households above
2 moderate income are eligible but must not be prioritized.

3 (b) \$17,000,000 of the appropriation in this subsection (1) is
4 provided solely for agreements supporting commercial energy
5 efficiency, including, but not limited to, meeting clean buildings
6 performance standard compliance and helping small businesses and
7 tribes in procuring clean energy and pursuing fleet electrification
8 projects, consistent with subsections (3)(a)(iii) and (iv) of this
9 section.

10 (c) \$25,000,000 of the appropriation in this subsection (1) is
11 provided solely for Washington builds for (a) or (b) of this
12 subsection, if Washington builds demonstrates to the department that
13 the funding under (a) of this subsection is obligated and achieves a
14 15:1 leverage ratio and under (b) of this subsection is obligated and
15 achieves a 3:1 leverage ratio.

16 (2) Projects funded by this section must meet one or more of the
17 following objectives:

18 (a) Increase investment in qualified clean energy projects
19 statewide;

20 (b) Improve the standard of living of Washington residents by
21 supporting efficient, lower-cost clean energy development and
22 financing projects that create high-paying, long-term jobs;

23 (c) Foster the development and consistent application of
24 transparent underwriting standards, standard contractual terms, and
25 measurement and verification protocols for qualified clean energy
26 projects;

27 (d) Support the development of performance data to improve
28 effective underwriting, risk management, and financial modeling and
29 to stimulate primary and secondary markets for qualified clean energy
30 projects; and

31 (e) Provide financing support that abates climate change through
32 the deployment of clean energy technologies that save energy, reduce
33 energy costs and harmful air emissions, or increase energy
34 independence. Priority must be given to projects benefiting
35 vulnerable populations, including tribes and communities with high
36 environmental or energy burdens, and that complement other state
37 clean energy and energy efficiency programs.

38 (3)(a) In grants authorized under this section, the department
39 must require Washington builds to establish guidelines, screening
40 processes, and evaluation and selection criteria for lenders

1 participating in the credit enhancement model. For all other
2 applicants and project types, Washington builds shall directly offer
3 financial products, including soliciting, evaluating, and monitoring
4 projects funded under this section. Grant agreements must require
5 Washington builds to:

6 (i) Use competitive selection processes to select lender
7 partners, contractors, and projects, except as otherwise provided in
8 this section;

9 (ii) Conduct appropriate due diligence in the use of public
10 funds, including project selection oversight, project monitoring, and
11 compliance with all applicable laws, and including disclosure and
12 conflict of interest statutes;

13 (iii) Adopt policies and procedures establishing borrower
14 eligibility and the terms and conditions of financial support before
15 providing financing for qualified clean energy projects;

16 (iv) Develop and offer financing structures for qualified clean
17 energy projects, including, but not limited to, loans, credit
18 enhancements, guarantees, warehousing, securitization, and other
19 financial products and structures;

20 (v) Leverage private investment in qualified clean energy
21 projects through financing mechanisms that support, enhance, and
22 complement private investment;

23 (vi) Ensure that financing entities provide funds in a reasonable
24 and transparent manner that is consistent with borrower financial
25 interests and state consumer protection standards; and

26 (vii) Charge reasonable fees for financing support and risk
27 management activities.

28 (4)(a) Consistent with chapter 42.52 RCW, a project applicant
29 must disclose in application materials any current or former state
30 employee employed by the applicant or serving on its governing board
31 within the preceding 24 months, including the individual's name,
32 employing agency, position held, and separation date. If it is
33 determined by the department or Washington builds that there is a
34 conflict of interest or a situation that is likely to constitute a
35 violation of chapter 42.52 RCW, the applicant may be disqualified
36 from further consideration.

37 (b) If, after notice and review, the department or Washington
38 builds determines that a funding recipient is involved in a conflict
39 of interest or likely violation of chapter 42.52 RCW or similar law,

1 the department or Washington builds may terminate the funding
2 agreement by written notice and pursue available legal remedies.

3 (5) Requirements in subsection (4) of this section must be
4 included in all funding agreements issued by the department and
5 Washington builds.

6 (6) \$1,250,000 of the appropriation in this section is provided
7 solely for a grant to Washington builds for program administration.
8 In the grant authorized under this subsection, the department must
9 include provisions that require Washington builds to:

10 (a) Maintain a centralized public website reporting financing
11 rates, terms, and conditions of all financing support transactions,
12 except where disclosure of such information would reveal trade
13 secrets, confidential commercial information, or confidential
14 financial information;

15 (b) Post a third-party financial audit annually to the public
16 website starting June 30, 2026;

17 (c) Coordinate with market and program participants to
18 disseminate best practices for project oversight and consumer
19 protection;

20 (d) Prepare an annual public report on Washington builds'
21 financing activities, including other project funding sources,
22 greenhouse gas emission reductions, estimated job creation, income
23 levels of residential recipients, and the geographic distribution of
24 financed projects. Submit the report to the governor and the
25 appropriate legislative committees by November 1st of each year,
26 beginning in fiscal year 2027;

27 (e) Conduct a market analysis to assess demand and feasibility
28 for Washington builds to offer services in water efficiency
29 technologies, drought mitigation projects, and climate resilience
30 projects; and

31 (f) Perform other activities as are necessary to carry out the

14 The appropriation in this section is subject to the following
15 conditions and limitations:

16 (1) The appropriation in this section is provided solely for the
17 design of an ambient temperature loop project to replace the heating
18 and cooling system on the capitol campus.

19 (2) Upon completion of 90 percent of the project design, or as
20 soon as is feasible, the department must provide a report to the
21 house capital budget and senate ways and means committees that
22 includes:

23 (a) The estimated project timeline, including the estimated funds
24 that will be needed at each step of the project. The department must
25 consider phasing the construction of the project over three to four
26 fiscal biennia;

27 (b) If the total estimated project funds vary from the estimates
28 previously provided to the legislature, an explanation as to the
29 reason for the cost variance;

30 (c) If the design of the system varies from the system details
31 previously provided to the legislature, an explanation as to the
32 reason for the design variance; and

33 (d) Specific steps that will be incorporated in the bid process
34 to ensure the contractor awarded the project:

35 (i) Has experience with projects of this size and with this type
36 of system;

37 (ii) Has a strong relationship with installers and equipment
38 vendors; and

1 (iii) Uses equipment with adequate warranties in the event of
2 mechanical failures.

3 (3) During the course of design and construction, the department
4 must timely notify the capital budget chairs and ranking minority
5 members of any cost overruns. If the department intends to seek
6 additional funding in the next agency budget submittal, the agency
7 must submit reduced cost options together with its budget request.

19 Legislative Campus Modernization (92000020)

20 The appropriations in this section are subject to the following
21 conditions and limitations:

22 (1) The reappropriation is subject to the provisions of section
23 1044, chapter 375, Laws of 2024, as amended by section 7033 of this
24 act.

25 (2) The department must consult with the senate facilities and
26 operations committee or its designees and the house of
27 representatives, executive rules committee or its designees at least
28 every other month.

29 (3) All appropriations must be coded and tracked as separate
30 discrete subprojects in the agency financial reporting system.

31 (4) If the department receives information, after value
32 engineering has been performed, that projected costs for any of the
33 subprojects in subsections (5) or (6) of this section will exceed the
34 amount provided in the respective subsections, including projected
35 costs in future biennia, the department must timely notify and
36 provide that information in writing to the project executive team.
37 Prior to proceeding with design or construction, the department must:

1 (a) Provide at least three options that do not include square
2 footage reduction to reduce the subproject costs to stay within the
3 amount provided for that subproject and the project schedule;

4 (b) Consult with the project executive team on the options
5 offered, before proceeding with a reduced cost option; and

6 (c) Receive majority consensus from the project executive team to
7 either adopt and move forward with reduced cost options that bring
8 the subproject costs within amounts appropriated or adopt a tentative
9 modified budget for the subproject. If a tentative modified budget is
10 adopted, the department must seek additional funding in the next
11 agency budget submittal.

(b) The appropriation in this subsection (1) is provided solely for grant funding to school districts for the purchase of equipment or to make repairs to existing equipment that is related to improving: (i) Children's physical health, and may include, but is not limited to, fitness playground equipment, covered play areas, and physical education equipment or related structures or renovation; and (ii) children's nutrition, and may include, but is not limited to, garden related structures and greenhouses to provide students access to fresh produce, and kitchen equipment or upgrades.

(c) The office of the superintendent of public instruction shall develop criteria for grant funding under this subsection (1) that include, but are not limited to, the following requirements: (i) Districts may apply for grants, but no single district may receive more than \$200,000 of the appropriation for grants awarded under this section; (ii) any district receiving funding provided in this section must demonstrate a consistent commitment to addressing school facilities' needs; and (iii) applicants with a high percentage of students who are eligible and enrolled in the free and reduced-price meals program may be prioritized.

(2) (~~(\$1,000,000)~~) \$2,500,000 of the appropriation in this section is provided solely for grants to school districts, charter schools, and state-tribal education compact schools for the replacement of lead-contaminated pipes, drinking water fixtures, and the purchase of water filters, including the labor costs of remediation design, installation, and construction.

Appropriation:

1 (4) The superintendent of public instruction shall submit a list
2 of small school district modernization projects, as prioritized by
3 the advisory committee under RCW 28A.525.159, to the legislature and
4 the governor by September 15, 2026. The list must include: (a) A
5 description of the project; (b) the proposed state funding level, not
6 to exceed \$6,000,000 per project, adjusted for inflation based on the
7 office of financial management's C-100 form; (c) estimated total
8 project costs; and (d) local funding resources.

9 (5) In the 2025-2027 fiscal biennium, school districts receiving
10 a small district modernization grant under this section may not
11 combine this grant funding either with a school construction
12 assistance program grant or with other grants awarded under this
13 section to fund a single project.

14 (6) The appropriations in this section may be awarded only to
15 projects approved by the legislature, as identified in LEAP Capital
16 Document No. OSPI-1-2025, developed April 26, 2025, and LEAP Capital
17 Document No. OSPI-1-2026 developed February 20, 2026.

 20 follows:

21 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION**

22 SCAPR Transitional Projects (91002551)

23 The appropriations in this section are subject to the following
 24 conditions and limitations:

25 (1) It is the intent of the legislature to work with the office
 26 of the superintendent of public instruction and stakeholders to
 27 revise the school construction assistance program and to holistically
 28 examine the state's programmatic support of K-12 school construction
 29 through the planning process required under section 5011, chapter
 30 375, Laws of 2024. Pursuant to this section, the legislature intends
 31 that this revision and examination will be completed in a manner that
 32 will modify and improve efficiencies within, and access to, the
 33 school construction assistance program, while also identifying cost-
 34 saving measures for awarding state grants for the construction and
 35 modernization of common school facilities. The legislature further
 36 intends that this revision and planning process will result in a
 37 prioritized list of school construction projects that recognizes the
 38 substantial variation between district sizes and financial

1 capacities, and which categorizes reasonably comparable applicants
2 into distinct school district groupings to foster a fair and
3 equitable prioritization of projects. However, the legislature also
4 recognizes that some school district projects will be ready to
5 proceed to construction during this planning and revision period.
6 Therefore, the legislature intends to provide funding to the school
7 district projects listed in this section in recognition of this
8 transitional period.

9 (2) School districts receiving grant funding pursuant to this
10 section may combine this funding with a school construction
11 assistance program grant and must use available local resources to
12 contribute financially to the completion of the project.

13 (3) (~~(\$8,131,000)~~) \$5,304,000 of the common school construction
14 account—state appropriation in this section is provided solely for
15 the Pe Ell school district's K-12 school modernization project.

16 (4) (~~(\$6,000,000)~~) \$4,568,000 of the common school construction
17 account—state appropriation in this section is provided solely for
18 the Bridgeport school district's Bridgeport elementary school
19 modernization project.

20 (5) (~~(\$3,972,000 of the common school construction account—state~~
21 ~~appropriation and)~~) \$6,000,000 of the state building construction
22 account—state appropriation in this section ((are)) is provided
23 solely for the Inchelium school district's K-12 school modernization
24 project.

25 (6) Grant funding provided to each school district in this
26 section is contingent upon each of the applicable districts named in
27 this section relinquishing all unspent construction grant funding
28 previously awarded under section 7063 of this act.

29 (7) The state building construction account—state appropriation
30 in this section is subject to the provisions of section 8018 of this
31 act.

PART 7
ACCOUNT CHANGES

Sec. 7001. 2025 c 414 s 1016 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE

2025-27 Energy Retrofits for Public Buildings Grants (40000670)

The appropriations in this section are subject to the following conditions and limitations:

(1) (~~(\$10,000,000)~~) \$11,000,000 of the (~~(climate commitment account state appropriation and \$1,000,000 of the state building construction account state)~~) appropriation in this section is provided solely for grants to local governments, public higher education institutions, school districts, tribal governments, and state agencies for facility improvements and related projects that result in energy and operational cost savings.

(a) At least 20 percent of each competitive grant round is designated for awards to eligible projects in small cities or towns with a population of 5,000 or fewer residents.

(b) In each competitive round, a higher energy savings to investment ratio must result in a higher project ranking. Priority consideration must be given to applicants that have not received grant awards for this purpose in prior biennia.

(c) The department must determine a minimum match ratio to maximize the leverage of nonstate funds.

(2) \$5,000,000 of the (~~(state building construction account state)~~) appropriation in this section is provided solely for energy efficiency and environmental performance improvements to minor works, stand-alone, and emergency projects at facilities owned by state agencies that repair or replace existing building systems and reduce greenhouse gas emissions from state operations, including, but not limited to, HVAC, lighting, insulation, windows, and other mechanical systems. Eligibility for this funding is dependent on an analysis using the office of financial management's life-cycle cost tool that compares project design alternatives for initial and long-term cost-effectiveness. Assuming a reasonable return on investment, the department shall provide grants in the amount required to improve the project's energy efficiency compared to the original project request.

1 (3) The department shall develop metrics that indicate the
2 performance of energy efficiency efforts.

3 (4) If a grant is provided in subsection (1) or (2) of this
4 section to purchase heating devices or systems, the agency must,
5 whenever possible and most cost effective, select devices and systems
6 that do not use fossil fuels.

7 (5) Grants provided in subsections (1) and (2) of this section to
8 state agencies are exempt from the match requirements in this
9 section.

10 (6) \$4,000,000 of the (~~state building construction account~~
11 ~~state~~) appropriation in this section is provided solely for the
12 Seattle Central College EcoDistrict project.

13 (7) The (~~state building construction account~~
14 ~~state~~) appropriation in this section is subject to the provisions of section
15 8018 of this act.

30 conditions and limitations:

31 (1) \$26,000,000 of the (~~state building construction account~~
32 ~~state~~) appropriation in this section is provided solely for
33 competitive grants to eligible entities for predevelopment, design,
34 and construction of projects that provide a public benefit through
35 research, development, demonstration, or deployment of clean energy
36 technologies that save energy and reduce energy costs, reduce harmful
37 air emissions, or increase energy independence for the state.

1 Priority must be given to projects that benefit vulnerable
2 populations and overburdened communities, including tribes.

3 (2) Entities eligible for grant funding under this section
4 include local governments, federally recognized tribal governments
5 and tribes' contracted service providers, public and private
6 utilities that serve retail customers in the state, for-profit
7 entities, research institutions, nonprofit organizations, and state
8 agencies.

9 (3) To be eligible, a project must be consistent with the state
10 energy strategy adopted under chapter 43.21F RCW and policies under
11 chapter 19.405 RCW. To the extent practicable, the department must
12 prioritize projects that build upon Washington's strengths in
13 aerospace, maritime, information and communications technology, grid
14 modernization, advanced materials, and decarbonizing the built
15 environment.

16 (4) The department must invite stakeholders to participate in the
17 design and implementation of grant programs funded under this
18 section. The department must consider equity and environmental
19 justice when developing the program structure and opportunities for
20 applicant participation.

21 (5) When soliciting and evaluating proposals, awarding contracts,
22 and monitoring projects under this section, the department must:

23 (a) Ensure that competitive processes, rather than sole source
24 contracting processes, are used to select all projects;

25 (b) Ensure that a public benefit results from the use of public
26 funds through due diligence and monitoring of contracted projects,
27 including ensuring compliance with all applicable laws related to the
28 project selection process, project monitoring, and contracting; and

29 (c) Prioritize projects for funding that leverage the greatest
30 amount of matching funds, such as local levy funding.

31 (6)(a) The department must require project applicants to:

32 (i) Disclose all sources of public funding invested in a project;
33 and

34 (ii) Identify by name any former or current state of Washington
35 employees employed by the applicant or its governing body in the 24
36 months preceding the application submittal. The identification must
37 include the person's separation date and job title or position held.
38 If the department determines that a conflict of interest or other
39 violation of chapter 42.52 RCW exists, the application must be
40 disqualified from further consideration.

1 (b) If, after a grant has been awarded, the department finds that
2 a grantee has violated chapter 42.52 RCW, either in procuring or
3 performing under the grant, the department in its sole discretion may
4 terminate the grant funding by written notice. If the grant is
5 terminated, the department must reserve its right to pursue all
6 available remedies under law to address the violation.

7 (7) The department must specify the requirements in subsections
8 (5) and (6) of this section in funding contracts entered into by the
9 department under this section.

10 (8) \$5,000,000 of the (~~state building construction account~~
11 ~~state~~) appropriation in this section is provided solely for grants
12 to tribes for clean energy development projects. Eligible uses of
13 grant funding include planning, predesign, design, construction,
14 project predevelopment, and deployment of clean energy projects that
15 contribute to achieving the state's greenhouse gas emissions
16 reduction goals and related policies. The department must collaborate
17 with tribes in the design and development of this grant program.

18 (9) \$4,000,000 of the climate commitment account—state
19 appropriation in this section is provided solely for the Pacific
20 Northwest national laboratory test bed. The appropriation in this
21 subsection is contingent upon the receipt of federal funding in
22 sufficient amounts to complete the project.

23 (10) The (~~state building construction account~~—~~state~~)
24 appropriation in this section is subject to the provisions of section
25 8018 of this act.

38 2025-27 Solar and Energy Storage Grants (40000682)

1 The appropriations in this section are subject to the following
2 conditions and limitations:

3 (1) (~~(\$15,000,000)~~) \$20,000,000 of the (~~(climate commitment~~
4 ~~account state appropriation and \$5,000,000 of the state building~~
5 ~~construction account state)) appropriation in this section (~~(are)~~) is
6 provided for grants to increase the deployment of distributed solar
7 and battery energy storage systems to enhance grid resilience,
8 provide backup power for critical needs, and reduce energy costs.
9 Projects may be solar energy systems, battery energy storage, or
10 solar paired with battery energy storage. Funding may also be used to
11 enable electric utility demand response programs that include
12 customer-sited solar and battery energy storage systems. Eligible
13 uses of the amounts provided in this section include, but are not
14 limited to, planning and predevelopment work with communities.~~

15 (2) Entities eligible for grant funding under this section
16 include public higher education institutions, school districts,
17 tribal governments and tribal entities, state and local governments,
18 nonprofit organizations, and entities participating in federally
19 funded solar programs administered by the department.

20 (3) (a) For energy storage projects, the department must
21 prioritize facilities that serve community members during power
22 outages or provide critical infrastructure; and

23 (b) Are grid-connected.

24 (4) The department may:

25 (a) Provide information to applicants about available clean
26 energy tax credits and incentives, including elective pay, that may
27 be applicable to the project for which state funding is being sought;

28 (b) Inquire, as part of the application, which tax credits and
29 incentives the applicant plans to seek for the project;

30 (c) Prioritize projects seeking any applicable clean energy tax
31 credits and incentives when developing and applying competitive
32 criteria for selecting recipients under this section; and

33 (d) Consider the availability of any federal tax credits or other
34 federal or nonfederal grants or incentives that the applicant may
35 benefit from in review of the application.

36 (5) Funding awards made under this section may not exceed 100
37 percent of the cost of the project.

1 (6) \$650,000 of the (~~state building construction account~~)
2 appropriation in this section is provided solely for the Northshore
3 Senior Center Battery Storage project.

4 (7) The (~~state building construction account~~)
5 appropriation in this section is subject to the provisions of section
6 8018 of this act.

16 The appropriation((s)) in this section ((are)) is subject to the
17 following conditions and limitations:

18 (1) ((~~\$67,779,000~~)) \$69,779,000 of the ((~~state—building~~
19 ~~construction account—state~~ and ~~\$2,000,000~~ of the natural climate
20 ~~solutions account—state~~)) appropriation in this section ((are)) is
21 provided solely for Chehalis Basin board-approved projects:

22 (a) To protect and restore aquatic species habitat, including:
23 Construction and property acquisition; preconstruction and
24 acquisition planning and project development, feasibility, design,
25 environmental review, and permitting; postconstruction and
26 acquisition monitoring and adaptive management; and engagement of
27 state agencies, tribes, conservation partners, landowners, and other
28 parties;

29 (b) To reduce flood damage, including: Construction and property
30 acquisition; preconstruction and acquisition project planning and
31 development, feasibility, design, environmental review, and
32 permitting; completion of environmental review and endangered species
33 act consultation on the proposed flood protection facility;
34 refinement and evaluation of the local action non-dam alternative;
35 and engagement of state agencies, tribes, project sponsors,
36 landowners, and other parties; and

1 (c) That advance both the habitat restoration and the flood
2 damage reduction goals of the Chehalis Basin strategy using a
3 multibenefit approach, including: Community outreach and education;
4 construction and property acquisition; preconstruction and
5 acquisition planning and project development, feasibility, design,
6 environmental review, and permitting; postconstruction and
7 acquisition monitoring and adaptive management; and engagement of
8 federal, state, and local agencies, tribes, conservation partners,
9 landowners, and other parties.

10 (2) \$5,250,000 of the (~~state building construction account~~
11 ~~state~~) appropriation in this section is provided solely for the
12 staffing and operations of the office of Chehalis Basin and Chehalis
13 Basin board to oversee the development, implementation, and amendment
14 of the Chehalis Basin strategy, and this is the maximum amount the
15 board may expend for this purpose. Oversight operations include, but
16 are not limited to: Providing financial accountability, project
17 management, technical assistance of grants and contracts associated
18 with the subprojects funded through this section, and board meeting
19 administration and facilitation.

20 (3) Specific projects must be approved by at least six of the
21 seven voting members of the Chehalis Basin board. The Chehalis Basin
22 board has the discretion to allocate the funding between subsections
23 (1)(a), (b), and (c) of this section as needed to meet the objectives
24 of this appropriation and if approved by at least six of the seven
25 voting members of the board. However, \$5,250,000 is the maximum
26 amount the department may expend for the purposes of subsection (2)
27 of this section.

23 Capitol Lake-Deschutes Estuary Project (92000226)

24 The appropriation in this section is subject to the following
25 conditions and limitations:

26 (1) The legislature finds that the portion of the capital campus
27 known as Capitol Lake is an important ecological and recreational
28 resource for the State of Washington that was once connected to the
29 Deschutes Estuary. Due to a lack of routine management over the last
30 25 to 50 years, the lake ecosystem is degraded, resulting in poor
31 water quality, excessive algae growth, and invasive species
32 proliferation.

33 The legislature further finds that the department of enterprise
34 services has conducted significant outreach and study by engaging
35 with the Squaxin Island Tribe, local municipal governments, the Port
36 of Olympia, and other local stakeholders towards the goal of a long-
37 term management solution that returns the lake to an estuary. The

1 legislature acknowledges these efforts and partner commitments
2 towards contributing to future maintenance and renewal but recognizes
3 that the substantial investment necessary for the estuary restoration
4 plan as currently proposed is not feasible. In an effort to both
5 address the degraded lake water quality and identify a cost-effective
6 approach to an estuary restoration that the state can responsibly
7 support, the legislature intends to transfer management of this
8 aquatic ecosystem to a state agency with natural resources expertise.
9 Addressing the water quality of the lake will not only provide
10 immediate benefit to the health of Capitol Lake and Budd Inlet, but
11 also serve as a necessary precursor to a future estuary restoration.

12 (2) \$8,000,000 of the appropriation in this section is provided
13 solely for the department, in consultation with the department of
14 enterprise services and office of the governor, for the Deschutes
15 estuary restoration. The department shall use past reports and
16 studies, consider existing stakeholder input, and critically consider
17 elements of the current, but incomplete, department of enterprise
18 services design. The updated design must include a recommended series
19 of projects phased over several biennia with defined deliverable
20 outcomes that move the state forward to a completed estuary. For each
21 project phase, the plan shall identify expected timelines, estimated
22 expenditures, and opportunities for non-state matching fund sources
23 that contribute to the planned restoration and construction costs.
24 The design may include only those elements associated with the
25 construction of the estuary habitat, roadway and bridge improvements
26 necessary to remove the existing 5th avenue bridge and associated
27 necessary infrastructure and must minimize overall project cost.
28 Recreational or pedestrian enhancement elements of the project must
29 be designed as a separate bid package that could be added to the
30 project at a future date, subject to the availability of funding
31 appropriated for these elements.

32 ((+6)) (3) \$750,000 of the appropriation in this section is
33 provided solely for project management costs.

18 follows:

19 **FOR THE RECREATION AND CONSERVATION OFFICE**

20 2025-27 Estuary and Salmon Restoration Program (40000566)

21 (1) The appropriation((s)) in this section ((are)) is subject to
22 the following conditions and limitations: The appropriation((s)) in
23 this section ((are)) is provided solely for projects identified in
24 LEAP Capital Document No. RCO-7-2025, developed April 26, 2025.

25 (2) The recreation and conservation funding board may retain a
26 portion of the funds appropriated in this section for the
27 administration of the grants. The portion of the funds retained for
28 administration may not exceed three percent of the total grant award.

29 (3) The department of fish and wildlife may retain a portion of
30 the funds appropriated in this section for technical assistance in
31 developing projects for consideration. The portion of the funds
32 retained for technical assistance may not exceed 4.12 percent of the
33 total grant award.

34 (4) The ((state—building—construction—account—state))
35 appropriation in this section is subject to the provisions of section
36 8018 of this act.

37 Appropriation:

1 **FOR THE CONSERVATION COMMISSION**

2 2025-2027 Water Resource Conservation Irrigation Efficiencies
3 (40000045)

4 The appropriation in this section is subject to the following
5 conditions and limitations:

6 (1) The appropriation is provided solely for technical assistance
7 and grants to conservation districts for the purpose of implementing
8 water conservation measures and irrigation efficiencies. The state
9 conservation commission shall give preference to projects prioritized
10 locally or regionally through a planning process that includes public
11 and partner input addressing water resource concerns.

12 (2) Conservation districts statewide are eligible for grants
13 listed in subsection (1) of this section. A conservation district
14 receiving funds shall manage each grant to ensure that a portion of
15 the water saved by the water conservation measure or irrigation
16 efficiency will be available for other instream and out-of-stream
17 uses and users. The proportion of saved water made available for
18 other uses and users must be equal to the percentage of the public
19 investment in the conservation measure or irrigation efficiency.

20 (3) The appropriation in this section is subject to the
21 provisions of section 8018 of this act.

22 Appropriation:

23	<u>Natural Climate Solutions Account—State.</u>	<u>\$7,000,000</u>
24	((State Building Construction Account—

30 follows:

31 **FOR THE CONSERVATION COMMISSION**

32 2025-2027 Voluntary Riparian Grant Program (40000049)

33 The appropriation(~~s~~) in this section (~~are~~) is subject to the
34 following conditions and limitations:

35 (1) The appropriation(~~s~~) in this section (~~are~~) is provided
36 solely for the state conservation commission to provide grants for
37 riparian restoration projects with landowners.

1 (2) (a) Within funds appropriated in this section, the commission
2 shall develop and implement the voluntary riparian grant program to
3 fund protection and restoration of critical riparian management
4 zones. The commission is responsible for developing the voluntary
5 grant program criteria to achieve optimal restoration of functioning
6 riparian ecosystems in priority critical riparian management zones.

7 (b) In adopting program criteria, the commission shall:

8 (i) Invite federally recognized tribes to be full participants;

9 (ii) Coordinate with private landowners and other interested
10 stakeholders;

11 (iii) Coordinate with the department of ecology, the department
12 of fish and wildlife, conservation districts, and the department of
13 agriculture; and

14 (iv) Consider the best available, locally applicable science that
15 is specific to each region of the state where the program criteria
16 will be applied.

17 (3) The commission shall prioritize critical riparian management
18 zones at the watershed or subbasin scale where grant funding under
19 the program would be primarily targeted. The prioritization must be
20 informed by, consistent with, and aligned with one or more of the
21 following: Watershed plans developed pursuant to chapter 90.82 RCW;
22 the action agenda developed under RCW 90.71.260; regional recovery
23 plans created under RCW 77.85.090; the habitat project lists
24 developed pursuant to RCW 77.85.050; the prioritization process
25 developed under RCW 77.95.160; and priority projects identified for
26 salmon recovery through agency grant programs.

27 (4) Conditions for awarding funding for projects under this
28 program include, but are not limited to:

29 (a) Consistency with the program criteria established under
30 subsection (2) of this section;

31 (b) Tiered incentive rates tied to improving functionality for
32 riparian areas; and

33 (c) Other requirements as determined by the commission.

34 (5) The commission must distribute riparian grant program funding
35 equitably throughout the state, consistent with received grant
36 applications and benefit to salmon habitat. The legislature intends
37 for funding to be primarily for projects located in salmon recovery
38 regions, as defined in RCW 77.85.010, but funding may also be
39 distributed to a project not located in a salmon recovery region upon

1 a determination by the commission that the project will provide a
2 unique benefit to salmon habitat.

3 (6) Allowable expenses to a grantee receiving funds under this
4 section include, but are not limited to, labor, equipment, fencing,
5 mulch, seed, seedling trees, manual weed control, and yearly
6 maintenance costs for up to 10 years.

7 (7) Any native woody trees and shrubs planted with funding
8 provided under this section must be maintained for a minimum of five
9 years or as otherwise set by the commission for each grantee.
10 Vegetation must be chosen to prevent invasive weed populations and
11 ensure survival and successful establishment of plantings.

12 (8) The commission shall determine appropriate recordkeeping and
13 data collection procedures required for program implementation and
14 shall establish a data management system that allows for coordination
15 between the commission and other state agencies. Any data collected
16 or shared under this section may be used only to assess the success
17 of the riparian grant program in improving the functions of critical
18 riparian habitat.

19 (9) The commission shall develop and implement a framework that
20 includes monitoring, adaptive management, and metrics in order to
21 ensure consistency with the requirements of the riparian grant
22 program. The monitoring and adaptive management framework may
23 include, but is not limited to, consideration of:

24 (a) Acres identified as eligible for restoration within a
25 watershed;

26 (b) Acres planned to be restored;

27 (c) Acres actually planted and maintained;

28 (d) Success in targeting and achieving aggregated project
29 implementation resulting in an increase in linear miles restored;

30 (e) Plan review criteria; and

31 (f) Other similar factors as identified by the commission.

32 (10) The commission may use up to two percent of any amounts
33 appropriated in this section for targeted outreach activities that
34 focus on critically identified geographic locations for listed salmon
35 species.

36 (11) The commission may use up to four percent of amounts
37 appropriated in this section for administrative expenses.

38 (12) For the purposes of this section, "critical riparian
39 management zone" means the area adjacent to freshwaters, wetlands,
40 and marine waters that has been locally or regionally identified as

1 an area where salmon recovery efforts would significantly benefit
2 from enhanced protection or restoration.

3 (13) The (~~state building construction account state~~)
4 appropriation in this section is subject to the provisions of section
5 8018 of this act.

20 follows:

21 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION**

22 2025-27 Classroom Indoor Air Quality Projects (40000144)

23 The appropriations in this section are subject to the following
24 conditions and limitations:

25 (1) (a) ~~(\$5,568,000)~~ \$6,439,000 of the climate commitment
26 account—state appropriation and ~~(\$2,273,000)~~ \$1,402,000 of the
27 state building construction account—state appropriation in this
28 section are provided solely for grants to school districts with
29 enrollments exceeding 3,000 students for indoor air quality
30 assessment, installation, repair, or replacement of HVAC, air
31 filtration enhancements, and general air quality improvements that
32 improve student health and safety.

33 (b) Grantees under this subsection (1) may: (i) Seek technical
34 assistance from state-funded entities, such as the office of the
35 superintendent of public instruction, the department of commerce, and
36 the department of health; (ii) seek technical assistance from other

1 entities, such as local health jurisdiction school safety programs
2 and the smart buildings center's K-12 ventilation and indoor air
3 quality resource team; and (iii) use funding awarded to seek guidance
4 and technical assistance from commercial entities that have
5 specialized knowledge of troubleshooting modern HVAC or smart
6 building systems.

7 (c) Subject to subsection (3) of this section and if applications
8 for assessment grants under this subsection exceed available funding,
9 the office of the superintendent of public instruction must first
10 prioritize grants for school districts: (i) Without existing HVAC
11 systems; (ii) that have documented proof of indoor air quality
12 performance that does not meet current state energy code; (iii) with
13 outdated or underperforming HVAC systems; and (iv) that have the most
14 limited financial capacity. Assessments funded under this subsection
15 (1)(c) must include professional cost estimates for mitigating the
16 indoor air quality deficiencies identified.

17 (2) (a) \$6,932,000 of the climate commitment account—state
18 appropriation and \$2,727,000 of the state building construction
19 account—state appropriation in this section are provided solely for
20 grants to school districts with enrollments that are less than or
21 equal to 3,000 students for assessment, installation, repair, or
22 replacement of HVAC, air filtration enhancements, and general air
23 quality improvements that improve student health and safety.

24 (b) Grantees under this subsection may: (i) Seek technical
25 assistance from state funded entities, such as the office of the
26 superintendent of public instruction, the department of commerce, and
27 the department of health; (ii) seek technical assistance from other
28 entities, such as local health jurisdiction school safety programs
29 and the smart buildings center's K-12 ventilation and indoor air
30 quality resource team; and (iii) use funding awarded to seek guidance
31 and technical assistance from commercial entities that have
32 specialized knowledge of troubleshooting modern HVAC or smart
33 building systems.

34 (c) Subject to subsection (3) of this section and if applications
35 grants under this subsection exceed available funding, the office of
36 the superintendent of public instruction must first prioritize grants
37 for school districts: (i) Without existing HVAC systems; (ii) that
38 have documented proof of indoor air quality performance that does not
39 meet current state energy code; (iii) with outdated or

1 underperforming HVAC systems; and (iv) that have the most limited
2 financial capacity.

3 (3) The office of the superintendent of public instruction must
4 first allocate, to the maximum extent feasible, the funding
5 appropriated under this section to grants prioritized under
6 subsections (1) and (2) of this section. However, as necessary to
7 award grants using the climate commitment account—state appropriation
8 in this section, the superintendent of public instruction may also
9 prioritize grants under this section that will improve compliance
10 with the state's energy-related building standards in chapter 19.27A
11 RCW by reducing energy use intensity.

12 (4) The state building construction account—state appropriation
13 in this section is subject to the provisions of section 8018 of this
14 act.

15 Appropriation:

16	State Building Construction Account—State.	(\$5,000,000)
17		<u>\$4,129,000</u>
18	Climate Commitment Account—State.	(\$12,500,000)
19		<u>\$13,371,000</u>
20	Subtotal Appropriation.	\$17,500,000
21	Prior Biennia (Expenditures).	\$0

MISCELLANEOUS PROVISIONS

1
2
3 **Sec. 8001.** 2025 c 414 s 8001 (uncodified) is amended to read as
4 follows:

5 RCW 43.88.031 requires the disclosure of the estimated debt
6 service costs associated with new capital bond appropriations. The
7 estimated debt service costs for the appropriations contained in this
8 act are (~~(\$73,258,483)~~) \$46,425,516 for the 2025-2027 biennium,
9 (~~(\$410,061,655)~~) \$390,379,123 for the 2027-2029 biennium, and
10 (~~(\$631,176,449)~~) \$584,977,090 for the 2029-2031 biennium.

11 **Sec. 8002.** 2025 c 414 s 8002 (uncodified) is amended to read as
12 follows:

13 (1) The following agencies may enter into financial contracts,
14 paid from any funds of an agency, appropriated or nonappropriated,
15 for the purposes indicated and in not more than the principal amounts
16 indicated, plus financing expenses and required reserves pursuant to
17 chapter 39.94 RCW. When securing properties under this section,
18 agencies shall use the most economical financial contract option
19 available, including long-term leases, lease-purchase agreements,
20 lease-development with option to purchase agreements or financial
21 contracts using certificates of participation. Expenditures made by
22 an agency for one of the indicated purposes before the issue date of
23 the authorized financial contract and any certificates of
24 participation therein are intended to be reimbursed from proceeds of
25 the financial contract and any certificates of participation therein
26 to the extent provided in the agency's financing plan approved by the
27 state finance committee.

28 (2) Those noninstructional facilities of higher education
29 institutions authorized in this section to enter into financial
30 contracts are not eligible for state funded maintenance and
31 operations. Instructional space that is available for regularly
32 scheduled classes for academic transfer, basic skills, and workforce
33 training programs may be eligible for state funded maintenance and
34 operations.

35 (3) Western Washington University: Enter into a financing
36 contract for up to \$3,000,000 plus financing expenses, required
37 reserves, and capitalized interest pursuant to chapter 39.94 RCW to
38 construct a parking lot replacement.

1 (4) Community and technical colleges:

2 (a) Enter into a financing contract on behalf of Columbia Basin
3 College for up to \$18,000,000 plus financing expenses, required
4 reserves, and capitalized interest pursuant to chapter 39.94 RCW to
5 construct student housing.

6 (b) Enter into a financing contract on behalf of Edmonds College
7 for up to \$9,000,000 plus financing expenses, required reserves, and
8 capitalized interest pursuant to chapter 39.94 RCW to acquire student
9 housing.

10 (c) Enter into a financing contract on behalf of Clover Park
11 Technical College for up to \$15,000,000 plus financing expenses,
12 required reserves, and capitalized interest pursuant to chapter 39.94
13 RCW to acquire and renovate an eastside training facility.

14 (d) Enter into a financing contract on behalf of Renton Technical
15 College for up to \$8,000,000 plus financing expenses, required
16 reserves, and capitalized interest pursuant to chapter 39.94 RCW to
17 continue renovations in Building J.

18 (e) Enter into a financing contract on behalf of South Puget
19 Sound Community College for up to \$5,000,000 plus financing expenses,
20 required reserves, and capitalized interest pursuant to chapter 39.94
21 RCW to construct an athletic field and related support amenities.

22 (f) Enter into a financing contract on behalf of Lower Columbia
23 College for up to \$3,000,000 plus financing expenses, required
24 reserves, and capitalized interest pursuant to chapter 39.94 RCW to
25 make necessary targeted improvements to field lighting, grandstands,
26 and support facilities at the David Story field.

27 (g) Enter into a financing contract on behalf of Spokane
28 Community College for up to \$15,000,000 plus financing expenses,
29 required reserves, and capitalized interest pursuant to chapter 39.94
30 RCW to renovate the east wing of the main building.

31 **Sec. 8003.** 2025 c 414 s 8004 (uncodified) is amended to read as
32 follows:

33 (1) The legislature finds that use of life-cycle cost analysis
34 will aid public entities, architects, engineers, and contractors in
35 making design and construction decisions that positively impact both
36 the initial construction cost and the ongoing operating and
37 maintenance cost of a project. To ensure that the total cost of a
38 project is accounted for and the most reasonable and cost efficient
39 design is used, agencies shall develop life-cycle costs for any

1 construction project over \$10,000,000. The life-cycle costs must
2 represent the present value sum of capital costs, installation costs,
3 operating costs, and maintenance costs over the life expectancy of
4 the project. The legislature further finds the most effective
5 approach to the life-cycle cost analysis is to integrate it into the
6 early part of the design process.

7 (2) Agencies must develop a minimum of three project alternatives
8 for use in the life-cycle cost analysis. These alternatives must be
9 both distinctly different and viable solutions to the issue being
10 addressed. Agencies must choose the most reasonable and cost-
11 effective solution, as supported by the life-cycle cost analysis. A
12 brief description of each project alternative and why it was chosen
13 must be included in the life-cycle cost analysis section of the
14 predesign.

15 (3) (~~The office of financial management~~) The department of
16 commerce shall: (a) Make available a life-cycle cost model to be used
17 for analysis; (b) in consultation with the department of enterprise
18 services, provide assistance in using the life-cycle cost model; and
19 (c) update the life-cycle cost model annually including assumptions
20 for inflation rates, discount rates, and energy rates.

21 (4) Agencies shall consider architectural and engineering firms'
22 and general contractors' experience using life-cycle costs, operating
23 costs, and energy efficiency measures when selecting an architectural
24 and engineering firm, or when selecting contractors using alternative
25 contracting methods.

26 **Sec. 8004.** 2025 c 414 s 8016 (uncodified) is amended to read as
27 follows:

28 (1) For the 2025-2027 fiscal biennium, unless otherwise specified
29 for a single purpose in this act or chapter 414, Laws of 2025,
30 agencies are appropriated one lump sum for minor works projects. It
31 is the intent of the legislature that appropriated funds be spent in
32 the biennium for which they are appropriated.

33 (2) Minor works projects may not exceed \$4,000,000 for
34 institutions of higher education and \$2,000,000 for all other
35 agencies. Administrative fees may not exceed four percent for each
36 project.

37 (3) Except as provided by the legislature, agencies are
38 encouraged to prioritize minor works projects based on:

39 (a) Health and safety of employees or clients served;

1 (b) The amount of use of a given facility or system;
2 (c) The avoidance of future increased costs of repair or
3 maintenance; and
4 (d) The avoidance of increased operating costs.
5 (4) Minor works appropriations may not be used for:
6 (a) Projects that are a phase of a larger project, and that if
7 combined over a continuous period of time, would exceed the amounts
8 provided in subsection (2) of this section;
9 (b) Studies, planning, or design, except for technical or
10 engineering reviews or designs that lead directly to and support a
11 minor works project;
12 (c) Movable, temporary, and traditionally funded operating
13 equipment not in compliance with the equipment criteria established
14 by the office of financial management, including rolling stock and
15 computers;
16 (d) Software not dedicated to control of a specialized system;
17 (e) Moving expenses;
18 (f) Land or facility acquisition; or
19 (g) Funding for projects with funding shortfalls unless expressly
20 authorized by the office of financial management for exigent
21 circumstances with notice to the legislative fiscal committees.
22 (5) If a minor works appropriation does not specify it is to be
23 used for preservation or program improvements, up to 25 percent of
24 the appropriation may be used for program improvements. Improvements
25 for accessibility in compliance with the Americans with disabilities
26 act qualify as preservation improvements.
27 (6) Agencies must use reappropriations before newly appropriated
28 amounts without regard to lists or projects that were submitted at
29 the time the funds were appropriated.
30 (7) No later than (~~December 15th~~) October 1st of each even
31 numbered year, agencies must submit to the governor, house capital
32 budget committee, and senate ways and means committee, a list of
33 minor works projects completed or in progress for the current
34 biennium including: Project status, project cost, amount expended,
35 and amount encumbered for projects not yet complete.
36 (8) Requests for minor works appropriations for (~~the next~~
37 ~~biennium~~) the 2027-2029 fiscal biennium and future biennia shall
38 comply with chapter . . . (Substitute Senate Bill No. 6047), Laws of
39 2026 and must take into account minor works amounts to be

1 reappropriated and the amount of minor works projects that can
2 reasonably be completed in the next biennium.

3 **Sec. 8005.** 2025 c 414 s 8018 (uncodified) is amended to read as
4 follows:

5 (1) The legislature intends that appropriations for grant
6 programs and community projects be spent in a timely manner in order
7 to accomplish the goal for which they were appropriated. In
8 furtherance of this goal, the legislature does not intend to
9 reappropriate moneys for projects for which a contract has not been
10 executed within four years from the date of appropriation or for
11 which appropriations have not been spent within six years of
12 appropriation;

13 (a) For grant programs and community projects appropriated from
14 the state building construction account; or

15 (b) For other programs for which this act specifies the
16 appropriation is subject to the provisions of this section.

17 (2) Any request to reappropriate moneys for projects outside of
18 the time limits set out in subsection (1) of this section must comply
19 with chapter . . . (Substitute Senate Bill No. 6047), Laws of 2026.

20 (3) Nothing in this section operates as a guarantee of
21 reappropriation.

22 NEW SECTION. **Sec. 8006.** A new section is added to 2025 c 414
23 (uncodified) to read as follows:

24 (1) Except as otherwise required by statute, grant programs
25 appropriated in this act and administered by the department of
26 commerce must comply with the criteria outlined in this section.

27 (2) Grant funds may solely be used to pay for the following
28 construction related expenses:

29 (a) Design, architectural, and engineering work;

30 (b) Building permits and fees;

31 (c) Archaeological or historical review;

32 (d) Construction labor and materials;

33 (e) Demolition or site preparation;

34 (f) Capitalized equipment with a useful life of no less than 10
35 years;

36 (g) Information technology infrastructure;

37 (h) Landscaping; and

1 (i) Real property when purchased specifically for the project,
2 including associated acquisition costs.

3 (3) Grant funds may not be used for the following:

4 (a) Internal administrative activities;

5 (b) Mortgage or loan payments;

6 (c) Labor, project management, or construction management by
7 internal staff;

8 (d) Fundraising activities;

9 (e) Feasibility studies;

10 (f) Computers, office equipment, or rolling stock;

11 (g) Lease payments for rental of equipment or facilities;

12 (h) Maintenance or operating costs;

13 (i) Property leases; or

14 (j) Moving expenses.

15 (4) The department may not expend the appropriation unless and
16 until the nonstate share of project costs have been either expended
17 or firmly committed, or both, in an amount sufficient to complete the
18 project or a distinct phase of the project that is functional and
19 useable by the public for the purpose intended by the legislature.
20 This requirement does not apply to projects where a share of the
21 appropriation is for design costs only.

22 (5) Before receiving funds, project recipients must demonstrate
23 that the project site is under control for a minimum of 10 years,
24 through ownership or long-term lease.

25 (6) Project funds are available on a reimbursement basis only and
26 may not be advanced under any circumstances.

27 (7) In contracts for grants authorized under this section, the
28 department shall include provisions that require that capital
29 improvements be held by the grantee for a specified period of time
30 appropriate to the amount of the grant and that facilities be used
31 for the express purpose of the grant. If the grantee is found to be
32 out of compliance with provisions of the contract, the grantee shall
33 repay to the state general fund the principal amount of the grant
34 plus interest calculated at the rate of interest on state of
35 Washington general obligation bonds issued most closely to the date
36 of authorization of the grant.

37 (8) (a) Grant projects that are owned and operated by nonprofit
38 organizations are generally required to pay state prevailing wages
39 and may be required to comply with Washington's high performance
40 building standards under chapter 39.35D RCW.

1 (b) The department must comply with the requirements set forth in
2 executive order 21-02 and must consult with the department of
3 archaeology and historic preservation and affected tribes on the
4 potential effects of grant projects on cultural resources and
5 historic properties. Consultation with the department of archaeology
6 and historic preservation and affected tribes must be initiated
7 before project funds are made available.

8 (9) Grant projects must be under contract within four years after
9 the date of appropriation and fully spent within six years of the
10 date of appropriation.

11 **Sec. 8007.** 2025 c 414 s 8019 (uncodified) is amended to read as
12 follows:

13 **FOR THE STATE TREASURER—TRANSFERS**

14 (1) Public Works Assistance Account: For transfer to the water
15 pollution control revolving account—state, up to \$20,500,000 for
16 fiscal year 2026 (~~and up to \$20,500,000 for fiscal year 2027. . . .~~
17 ~~\$41,000,000~~)). . . . \$20,500,000

18 (2) Public Works Assistance Account: For transfer to the drinking
19 water assistance account—state, up to (~~(\$12,500,000)~~) \$15,522,000 for
20 fiscal year 2026 and up to (~~(\$12,500,000)~~) \$16,398,000 for fiscal
21 year 2027. . . . (~~(\$25,000,000)~~) \$31,920,000

22 (3) Model Toxics Control Stormwater Account—State: For transfer
23 to the model toxics control capital account—state, up to \$15,000,000
24 for fiscal year 2026 and up to (~~(\$15,000,000)~~) \$15,000,000 for
25 fiscal year 2027. . . . \$30,000,000

26 **Sec. 8008.** 2025 c 414 s 8023 (uncodified) is amended to read as
27 follows:

28 Any agency receiving appropriations in this act from climate
29 commitment act accounts created in RCW 70A.65.240 through 70A.65.280
30 must report to and coordinate with the department of ecology to track
31 expenditures as described in RCW 70A.65.300 and chapter 173-446B WAC.
32 If an expenditure is expected to result in greenhouse gas emission
33 reductions, the agency must use a department of ecology approved
34 calculator tool or methodology.

35 **Sec. 8009.** RCW 43.330.483 and 2023 c 380 s 3 are each amended to
36 read as follows:

1 (1) Subject to availability of amounts appropriated for this
2 specific purpose, the low-income home rehabilitation grant program is
3 created within the department.

4 (2) The program must include the following elements:

5 (a) Eligible homeowners must be low-income and live in rural
6 areas.

7 (b) Homeowners who are senior citizens, persons with
8 disabilities, families with children five years old and younger, and
9 veterans must receive priority for grants.

10 (c) The cost of the home rehabilitation must be the lesser of:

11 (i) 80 percent of the assessed or appraised value of the property
12 post rehabilitation, whichever is greater; or

13 (ii) \$50,000.

14 (d) The maximum amount that may be granted under this program may
15 not exceed the cost of the home rehabilitation as provided in (c) of
16 this subsection.

17 (3) The department must adopt rules for implementation of this
18 grant program.

19 (4) Notwithstanding RCW 43.330.480(2) and subsection (2)(a) of
20 this section, for the 2025-2027 fiscal biennium, amounts appropriated
21 for low-income home rehabilitation projects impacted by the weather
22 event described in emergency proclamation 25-07 are not limited to
23 homeowners in rural areas.

24 **Sec. 8010.** RCW 77.12.037 and 2025 c 414 s 8037 are each amended
25 to read as follows:

26 The commission may acquire by gift, easement, purchase, lease, or
27 condemnation lands, buildings, water rights, rights-of-way, or other
28 necessary property, and construct and maintain necessary facilities
29 for purposes consistent with this title. The commission may authorize
30 the director to acquire property under this section, but the power of
31 condemnation may only be exercised by the director when an
32 appropriation has been made by the legislature for the acquisition of
33 a specific property, except to clear title and acquire access
34 rights-of-way.

35 The commission may sell, lease, convey, or grant concessions upon
36 real or personal property under the control of the department.

37 During the 2025-2027 fiscal biennium, this section does not apply
38 to the sale of land pursuant to section 3102, chapter 414, Laws of

1 2025 or section 3013 or 3015, chapter . . ., Laws of 2026 (section
2 3013 or 3015 of this act).

3 **Sec. 8011.** RCW 77.12.210 and 2025 c 414 s 8038 are each amended
4 to read as follows:

5 The director shall maintain and manage real or personal property
6 owned, leased, or held by the department and shall control the
7 construction of buildings, structures, and improvements in or on the
8 property. The director may adopt rules for the operation and
9 maintenance of the property.

10 The commission may authorize the director to sell, lease, convey,
11 or grant concessions upon real or personal property under the control
12 of the department. This includes the authority to sell timber,
13 gravel, sand, and other materials or products from real property held
14 by the department, and to sell or lease the department's real or
15 personal property or grant concessions or rights-of-way for roads or
16 utilities in the property. Oil and gas resources owned by the state
17 which lie below lands owned, leased, or held by the department shall
18 be offered for lease by the commissioner of public lands pursuant to
19 chapter 79.14 RCW with the proceeds being deposited in the fish,
20 wildlife, and conservation account created in RCW 77.12.170(3):
21 PROVIDED, That the commissioner of public lands shall condition such
22 leases at the request of the department to protect wildlife and its
23 habitat.

24 If the commission determines that real or personal property held
25 by the department cannot be used advantageously by the department,
26 the director may dispose of that property if it is in the public
27 interest.

28 If the state acquired real property with use limited to specific
29 purposes, the director may negotiate terms for the return of the
30 property to the donor or grantor. Other real property shall be sold
31 to the highest bidder at public auction. After appraisal, notice of
32 the auction shall be published at least once a week for two
33 successive weeks in a newspaper of general circulation within the
34 county where the property is located at least 20 days prior to sale.

35 Proceeds from the sales shall be deposited in the fish, wildlife,
36 and conservation account created in RCW 77.12.170(3).

37 During the 2025-2027 fiscal biennium, this section does not apply
38 to the sale of land pursuant to section 3102, chapter 414, Laws of

1 2025 or section 3013 or 3015, chapter . . ., Laws of 2026 (section
2 3013 or 3015 of this act).

3 **Sec. 8012.** RCW 77.12.220 and 2025 c 414 s 8039 are each amended
4 to read as follows:

5 For purposes of this title, the commission may make agreements to
6 obtain real or personal property or to transfer or convey property
7 held by the state to the United States or its agencies or
8 instrumentalities, units of local government of this state, public
9 service companies, or other persons, if in the judgment of the
10 commission and the attorney general the transfer and conveyance is
11 consistent with public interest. For purposes of this section, "local
12 government" means any city, town, county, special district, municipal
13 corporation, or quasi-municipal corporation.

14 If the commission agrees to a transfer or conveyance under this
15 section or to a sale or return of real property under RCW 77.12.210,
16 the director shall certify, with the attorney general, to the
17 governor that the agreement has been made. The certification shall
18 describe the real property. The governor then may execute and the
19 secretary of state attest and deliver to the appropriate entity or
20 person the instrument necessary to fulfill the agreement.

21 During the 2025-2027 fiscal biennium, this section does not apply
22 to the sale of land pursuant to section 3102, chapter 414, Laws of
23 2025 or section 3013 or 3015, chapter . . ., Laws of 2026 (section
24 3013 or 3015 of this act).

25 NEW SECTION. **Sec. 8013.** 2025 c 414 s 8020 (uncodified) is
26 repealed.

27 NEW SECTION. **Sec. 8014.** If any part of this act is found to be
28 in conflict with federal requirements that are a prescribed condition
29 to the allocation of federal funds to the state, the conflicting part
30 of this act is inoperative solely to the extent of the conflict and
31 with respect to the agencies directly affected, and this finding does
32 not affect the operation of the remainder of this act in its
33 application to the agencies concerned. Rules adopted under this act
34 must meet federal requirements that are a necessary condition to the
35 receipt of federal funds by the state.

1 NEW SECTION. **Sec. 8015.** If any provision of this act or its
2 application to any person or circumstance is held invalid, the
3 remainder of the act or the application of the provision to other
4 persons or circumstances is not affected.

5 NEW SECTION. **Sec. 8016.** This act is necessary for the immediate
6 preservation of the public peace, health, or safety, or support of
7 the state government and its existing public institutions, and takes
8 effect immediately.
