PART II
HUMAN SERVICES

Sec. 201. 2017 3rd sp.s. c 1 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the

1 federal government, historical utilization, economic data, and
2 clinical input constitute reliable data upon which to determine the
3 payment rates.

4 (4) The department shall to the maximum extent practicable use
5 the same system for delivery of spoken-language interpreter services
6 for social services appointments as the one established for medical
7 appointments in the health care authority. When contracting directly
8 with an individual to deliver spoken language interpreter services,
9 the department shall only contract with language access providers who
10 are working at a location in the state and who are state-certified or
11 state-authorized, except that when such a provider is not available,
12 the department may use a language access provider who meets other
13 certifications or standards deemed to meet state standards, including
14 interpreters in other states.

15 (5) Information technology projects or investments and proposed
16 projects or investments impacting time capture, payroll and payment
17 processes and systems, eligibility, case management, and
18 authorization systems within the department of social and health
19 services are subject to technical oversight by the office of the
20 chief information officer.

21 (6)(a) The department shall facilitate enrollment under the
22 medicaid expansion for clients applying for or receiving state funded
23 services from the department and its contractors. Prior to open
24 enrollment, the department shall coordinate with the health care
25 authority to provide referrals to the Washington health benefit
26 exchange for clients that will be ineligible for medicaid.

27 (b) To facilitate a single point of entry across public and
28 medical assistance programs, and to maximize the use of federal
29 funding, the health care authority, the department of social and
30 health services, and the health benefit exchange will coordinate
31 efforts to expand HealthPlanfinder access to public assistance and
32 medical eligibility staff. The department shall complete medicaid
33 applications in the HealthPlanfinder for households receiving or
34 applying for public assistance benefits.

35 (7) In accordance with RCW 71.24.380, the health care authority
36 and the department are authorized to purchase medical and behavioral
37 health services through integrated contracts upon request of all of
38 the county authorities in a regional service area to become an early
39 adopter of fully integrated purchasing of medical and behavioral
40 health services. The department may combine and transfer such amounts

1 appropriated under sections 204, 208, and 213 of this act as may be
2 necessary to fund early adopter contracts. The amount of medicaid
3 funding transferred from each program may not exceed the average per
4 capita cost assumed in this act for individuals covered by that
5 program, actuarially adjusted for the health condition of persons
6 enrolled, times the number of clients enrolled. The amount of non-
7 medicaid funding transferred from sections 204 and 208 may not exceed
8 the amount that would have been contracted with a behavioral health
9 organization if the county authorities had not requested to become an
10 early adopter of fully integrated purchasing. These limits do not
11 apply to the amounts provided in section 204(1)(s) of this act. If
12 any funding that this act provides solely for a specific purpose is
13 transferred under this subsection, that funding must be used
14 consistently with the provisions and conditions for which it was
15 provided.

16 (8) In accordance with RCW 71.24.380, the department is
17 authorized to purchase mental health and substance use disorder
18 services through integrated contracts with behavioral health
19 organizations. The department may combine and transfer such amounts
20 appropriated under sections 204 and 208 of this act as may be
21 necessary to finance these behavioral health organization contracts.
22 If any funding that this act provides solely for a specific purpose
23 is transferred under this subsection, that funding must be used
24 consistently with the provisions and conditions for which it was
25 provided.

26 (9)(a) The appropriations to the department of social and health
27 services in this act must be expended for the programs and in the
28 amounts specified in this act. However, after May 1, 2018, unless
29 prohibited by this act, the department may transfer general fund—
30 state appropriations for fiscal year 2018 among programs and
31 subprograms after approval by the director of the office of financial
32 management. However, the department may not transfer state
33 appropriations that are provided solely for a specified purpose
34 except as expressly provided in (b) through (d) of this subsection.

35 (b) To the extent that transfers under (a) of this subsection are
36 insufficient to fund actual expenditures in excess of fiscal year
37 2018 caseload forecasts and utilization assumptions in the long-term
38 care, developmental disabilities, foster care, adoption support, and
39 public assistance programs, the department may transfer state
40 appropriations that are provided solely for a specified purpose.

1 (c) Within the mental health program, the department may transfer
2 appropriations that are provided solely for a specified purpose
3 within and between subprograms as needed to fund actual expenditures
4 through the end of fiscal year 2018.

5 (d) Within the developmental disabilities program, the department
6 may transfer appropriations that are provided solely for a specified
7 purpose within and between subprograms as needed to fund actual
8 expenditures through the end of fiscal year 2018.

9 (e) The department may not transfer appropriations, and the
10 director of the office of financial management may not approve the
11 transfer, unless the transfer is consistent with the objective of
12 conserving, to the maximum extent possible, the expenditure of state
13 funds. The director of the office of financial management shall
14 notify the appropriate fiscal committees of the senate and house of
15 representatives in writing seven days prior to approving any
16 allotment modifications or transfers under this subsection. The
17 written notification shall include a narrative explanation and
18 justification of the changes, along with expenditures and allotments
19 by budget unit and appropriation, both before and after any allotment
20 modifications or transfers.

33 Juveniles in the Child Welfare, Juvenile Justice, and Mental Health
34 Systems." Additional funding for this purpose is provided through an
35 interagency agreement with the health care authority. County juvenile
36 courts shall apply to the juvenile rehabilitation administration for
37 funding for program-specific participation and the administration
38 shall provide grants to the courts consistent with the per-
39 participant treatment costs identified by the institute.

1 (3) \$1,537,000 of the general fund—state appropriation for fiscal
2 year 2018 and \$1,537,000 of the general fund—state appropriation for
3 fiscal year 2019 are provided solely for expansion of the following

5 administration programs identified by the Washington state institute
6 for public policy in its report: "Inventory of Evidence-based,
7 Research-based, and Promising Practices for Prevention and
8 Intervention Services for Children and Juveniles in the Child
9 Welfare, Juvenile Justice, and Mental Health Systems." The
10 administration may concentrate delivery of these treatments and
11 therapies at a limited number of programs to deliver the treatments
12 in a cost-effective manner.

13 (4)(a) \$6,198,000 of the general fund—state appropriation for
14 fiscal year 2018 and \$6,198,000 of the general fund—state
15 appropriation for fiscal year 2019 are provided solely to implement
16 evidence- and research-based programs through community juvenile
17 accountability grants, administration of the grants, and evaluations
18 of programs funded by the grants. In addition to funding provided in
19 this subsection, funding to implement alcohol and substance abuse
20 treatment programs for locally committed offenders is provided
21 through an interagency agreement with the health care authority.

22 (b) The juvenile rehabilitation administration shall administer a
23 block grant to county juvenile courts for the purpose of serving
24 youth as defined in RCW 13.40.510(4)(a) in the county juvenile
25 justice system. Funds dedicated to the block grant include:
26 Consolidated juvenile service (CJS) funds, community juvenile
27 accountability act (CJAA) grants, chemical dependency/mental health
28 disposition alternative (CDDA), and suspended disposition alternative
29 (SDA). The juvenile rehabilitation administration shall follow the
30 following formula and must prioritize evidence-based programs and
31 disposition alternatives and take into account juvenile courts
32 program-eligible youth in conjunction with the number of youth served
33 in each approved evidence-based program or disposition alternative:
34 (i) Thirty-seven and one-half percent for the at-risk population of
35 youth ten to seventeen years old; (ii) fifteen percent for the
36 assessment of low, moderate, and high-risk youth; (iii) twenty-five
37 percent for evidence-based program participation; (iv) seventeen and
38 one-half percent for minority populations; (v) three percent for the
39 chemical dependency and mental health disposition alternative; and

10 state institute for public policy and the juvenile courts.

11 (c) If Second Substitute House Bill No. 1280 (referred and
12 diverted youth) is enacted, then the administration must implement a
13 stop-loss policy when allocating funding under (b) of this subsection
14 in the 2017-2019 fiscal biennium. Under the stop-loss policy, funding
15 formula changes may not result in a funding loss for any juvenile
16 court of more than two percent from one year to the next. The
17 committee in (d) of this subsection must establish a minimum base
18 level of funding for juvenile courts with lower numbers of at-risk
19 youth age 10 - 17. The administration must report to the legislature
20 by December 1, 2018, about how funding is used for referred youth and
21 the impact of that use on overall use of funding. If the bill is not
22 enacted by July 31, 2017, this subsection is null and void.

23 (d) The juvenile rehabilitation administration and the juvenile
24 courts shall establish a block grant funding formula oversight
25 committee with equal representation from the juvenile rehabilitation
26 administration and the juvenile courts. The purpose of this committee
27 is to assess the ongoing implementation of the block grant funding
28 formula, utilizing data-driven decision making and the most current
29 available information. The committee will be co-chaired by the
30 juvenile rehabilitation administration and the juvenile courts, who
31 will also have the ability to change members of the committee as
32 needed to achieve its purpose. The committee may make changes to the
33 formula categories in (b) of this subsection if it determines the
34 changes will increase statewide service delivery or effectiveness of
35 evidence-based program or disposition alternative resulting in
36 increased cost/benefit savings to the state, including long-term
37 cost/benefit savings. The committee must also consider these outcomes
38 in determining when evidence-based expansion or special sex offender
39 disposition alternative funds should be included in the block grant
40 or left separate.

1 (e) The juvenile courts and administrative office of the courts
2 must collect and distribute information and provide access to the
3 data systems to the juvenile rehabilitation administration and the
4 Washington state institute for public policy related to program and
5 outcome data. The juvenile rehabilitation administration and the
6 juvenile courts must work collaboratively to develop program outcomes
7 that reinforce the greatest cost/benefit to the state in the
8 implementation of evidence-based practices and disposition
9 alternatives.

11 year 2018 and \$98,000 of the general fund—state appropriation for

27 alternatives initiative.

28 (8) \$500,000 of the general fund—state appropriation for fiscal
29 year 2018 and \$500,000 of the general fund—state appropriation for
30 fiscal year 2019 are provided solely for a grant program focused on
31 criminal street gang prevention and intervention. The juvenile
32 rehabilitation administration may award grants under this subsection.
33 The juvenile rehabilitation administration shall give priority to
34 applicants who have demonstrated the greatest problems with criminal
35 street gangs. Applicants composed of, at a minimum, one or more local
36 governmental entities and one or more nonprofit, nongovernmental
37 organizations that have a documented history of creating and
38 administering effective criminal street gang prevention and
39 intervention programs may apply for funding under this subsection.

1 Each entity receiving funds must report to the juvenile
2 rehabilitation administration on the number and types of youth
3 served, the services provided, and the impact of those services on
4 the youth and the community.

5 (9) The juvenile rehabilitation institutions may use funding
6 appropriated in this subsection to purchase goods and supplies
7 through hospital group purchasing organizations when it is cost-
8 effective to do so.

9 (10) \$75,000 of the general fund—state appropriation for fiscal
10 year 2018 is provided solely for the department to coordinate the

12 offenses. The review of data must include information from the
13 administrative office of the courts, the office of the superintendent
14 of public instruction, the office of financial management—education
15 research data center, the Washington association of sheriffs and
16 police chiefs, the caseload forecast council, and the department of
17 corrections. For the purpose of carrying out the data review, named
18 organizations are authorized to share data to include details of
19 criminal arrest and conviction data. The department shall report to
20 the governor and the appropriate legislative committees by February
21 1, 2018, with any recommendations for public policy that increases

15 The appropriations in this subsection are subject to the
16 following conditions and limitations:

17 (a) For the purposes of this subsection, amounts provided for
18 behavioral health organizations shall also be available for the
19 health care authority to contract with entities that assume the

23 71.24.380.

24 (b) \$6,590,000 of the general fund—state appropriation for fiscal

27 —federal appropriation are provided solely for the department and
28 behavioral health organizations to continue to contract for
29 implementation of high-intensity programs for assertive community
30 treatment (PACT) teams. In determining the proportion of medicaid and
31 nonmedicaid funding provided to behavioral health organizations with
32 PACT teams, the department shall consider the differences between
33 behavioral health organizations in the percentages of services and
34 other costs associated with the teams that are not reimbursable under
35 medicaid. The department may allow behavioral health organizations
36 which have nonmedicaid reimbursable costs that are higher than the
37 nonmedicaid allocation they receive under this section to supplement
38 these funds with local dollars or funds received under (~~(g))~~) (f) of
39 this subsection. The department and behavioral health organizations~~

1 shall maintain consistency with all essential elements of the PACT
2 evidence-based practice model in programs funded under this section.

3 (c) From the general fund—state appropriations in this
4 subsection, the department shall assure that behavioral health
5 organizations reimburse the department of social and health services
6 aging and long term support administration for the general fund—state

8 health organization consumers use because of their psychiatric
9 disability.

10 (d) (~~(\$3,520,000)~~) \$1,760,000 of the general fund—federal
11 appropriation is provided solely for the department to maintain a
12 pilot project to put peer bridging staff into each behavioral health

15 communities. The department must collect data and submit a report to
16 the office of financial management and the appropriate committees of
17 the legislature on the impact of peer staff on state hospital
18 discharges and community placements by December 1, 2017.

25 ~~stabilization and intervention, individual counseling, peer support,~~
26 ~~medication management, education, and referral assistance. The~~

30 appropriation for fiscal year 2018 is provided solely to assist
31 behavioral health organizations with the costs of providing services
32 to medicaid clients receiving services in psychiatric facilities

34 distribute these amounts proportionate to the number of bed days for
35 medicaid clients in institutions for mental diseases that were

2 Alaska Natives who opt to receive behavioral health services on a fee
3 for service basis. The amounts used for these individuals must be
4 reduced from the allocation of the behavioral health organization
5 where the individual resides. If a behavioral health organization
6 receives more funding through this subsection than is needed to pay
7 for the cost of their medicaid clients in institutions for mental
8 diseases, they must use the remainder of the amounts to provide other
9 services not covered under the medicaid program. The department must
10 apply for a waiver from the center for medicaid and medicare services
11 to allow for the full cost of stays in institutions of mental
12 diseases to be included in fiscal year 2019 behavioral health

36 under the state plan, although the cost of these services cannot be
37 included when determining payment rates unless including these costs
38 are specifically allowed under federal law or an approved waiver."

1 ~~((+h+))~~ (g) The department is authorized to continue to contract
2 directly, rather than through contracts with behavioral health
3 organizations for children's long-term inpatient facility services.

4 ~~((+i+))~~ (h) \$1,125,000 of the general fund—state appropriation
5 for fiscal year 2018 ~~((and \$1,125,000 of the general fund—state

7 Spokane county behavioral health organization to implement services
8 to reduce utilization and the census at eastern state hospital. Such
9 services shall include:

10 (A) High intensity treatment team for persons who are high
11 utilizers of psychiatric inpatient services, including those with co-
12 occurring disorders and other special needs;

13 (B) Crisis outreach and diversion services to stabilize in the
14 community individuals in crisis who are at risk of requiring
15 inpatient care or jail services;

16 (C) Mental health services provided in nursing facilities to
17 individuals with dementia, and consultation to facility staff
18 treating those individuals; and

19 (D) Services at the sixteen-bed evaluation and treatment
20 facility.

21 At least annually, the Spokane county behavioral health
22 organization shall assess the effectiveness of these services in
23 reducing utilization at eastern state hospital, identify services
24 that are not optimally effective, and modify those services to
25 improve their effectiveness.

26 ~~((+j+))~~ (i) \$1,204,000 of the general fund—state appropriation
27 for fiscal year 2018 ~~((and \$1,204,000 of the general fund—state
28 appropriation for fiscal year 2019 are))~~ is provided solely to
29 reimburse Pierce and Spokane counties for the cost of conducting 180-
30 day commitment hearings at the state psychiatric hospitals.

31 ~~((+k+))~~ (j) Behavioral health organizations may use local funds
32 to earn additional federal medicaid match, provided the locally
33 matched rate does not exceed the upper-bound of their federally
34 allowable rate range, and provided that the enhanced funding is used
35 only to provide medicaid state plan or waiver services to medicaid
36 clients. Additionally, behavioral health organizations may use a
37 portion of the state funds allocated in accordance with ~~((+g+))~~ (f)
38 of this subsection to earn additional medicaid match, but only to the
39 extent that the application of such funds to medicaid services does

1 not diminish the level of crisis and commitment, community inpatient,
2 residential care, and outpatient services presently available to
3 persons not eligible for medicaid.

4 ~~((+l))~~ (k) \$2,291,000 of the general fund—state appropriation
5 for fiscal year 2018 ~~((and \$2,291,000 of the general fund—state
6 appropriation for fiscal year 2019 are))~~ is provided solely for
7 mental health services for mentally ill offenders while confined in a
8 county or city jail and for facilitating access to programs that
9 offer mental health services upon release from confinement. The
10 department must collect information from the behavioral health
11 organizations on their plan for using these funds, the numbers of
12 individuals served, and the types of services provided and submit a
13 report to the office of financial management and the appropriate
14 fiscal committees of the legislature by December 1st of each year of
15 the biennium.

16 ~~((+m))~~ (l) Within the amounts appropriated in this section,
17 funding is provided for the department to develop and phase in
18 intensive mental health services for high needs youth consistent with
19 the settlement agreement in *T.R. v. Dreyfus and Porter*.

20 ~~((+n))~~ (m) The department must establish minimum and maximum
21 funding levels for all reserves allowed under behavioral health
22 organization contracts and insert contract language that clearly
23 states the requirements and limitations. The department must monitor
24 and ensure that behavioral health organization reserves do not exceed
25 maximum levels. The department must monitor behavioral health
26 organization revenue and expenditure reports and must require a
27 behavioral health organization to submit a corrective action plan on
28 how it will spend its excess reserves within a reasonable period of
29 time, when its reported reserves exceed maximum levels established
30 under the contract. The department must review and approve such plans
31 and monitor to ensure compliance. If the department determines that a
32 behavioral health organization has failed to provide an adequate
33 excess reserve corrective action plan or is not complying with an
34 approved plan, the department must reduce payments to the behavioral
35 health organization in accordance with remedial actions provisions
36 included in the contract. These reductions in payments must continue
37 until the department determines that the behavioral health
38 organization has come into substantial compliance with an approved
39 excess reserve corrective action plan.

5 department to increase rates for community hospitals that provide a
6 minimum of 200 medicaid psychiatric inpatient days. The department
7 must increase both medicaid and nonmedicaid psychiatric per-diem
8 reimbursement rates for these providers within these amounts. The
9 amounts in this subsection include funding for additional hold
10 harmless payments resulting from the rate increase. The department
11 shall prioritize increases for hospitals not currently paid based on
12 provider specific costs using a similar methodology used to set rate
13 for existing inpatient facilities and the latest available cost
14 report information. Rate increases for providers must be set so as
15 not to exceed the amounts provided within this subsection. The rate
16 increase related to nonmedicaid clients must be done to maintain the
17 provider at the same percentage as currently required under WAC
18 182-550-4800.

22 department to collaborate with tribal governments and develop a plan

34 department to contract with community hospitals or freestanding
35 evaluation and treatment centers to provide up to forty-eight long-
36 term inpatient care beds as defined in RCW 71.24.025. The department
37 must seek proposals and contract directly for these services rather
38 than contracting through behavioral health organizations. The
39 department must coordinate with the department of social and health

1 services in developing the contract requirements, selecting
2 contractors, and establishing processes for identifying patients that
3 will be admitted to these facilities. The department must not use any
4 of the amounts provided under this subsection for contracts with
5 facilities that are subject to federal funding restrictions that
6 apply to institutions of mental diseases, unless they have received a
7 waiver that allows for full federal participation in these
8 facilities.

9 ~~((r)) \$1,133,000 of the general fund state appropriation for~~

2 fiscal year 2019, the department must reduce the number of beds
3 allocated for use by behavioral health organizations at western state
4 hospital by 30 beds to allow for the repurposing of a civil ward at
5 western state hospital to provide forensic services. The contracted
6 beds provided under ~~((q))~~ (p) of this subsection shall be allocated
7 to the behavioral health organizations in lieu of beds at the state
8 hospitals and be incorporated in their allocation of state hospital
9 patient days of care for the purposes of calculating reimbursements
10 pursuant to RCW 71.24.310. It is the intent of the legislature to
11 continue the policy of expanding community based alternatives for
12 long term civil commitment services that allow for state hospital
13 beds to be prioritized for forensic patients.

14 ~~((u))~~ (s) \$11,405,000 of the general fund—state appropriation

18 maintain enhancements of community mental health services. The
19 department must contract these funds for the operation of community
20 programs in which the department determines there is a need for
21 capacity that allows individuals to be diverted or transitioned from
22 the state hospitals including but not limited to: (i) Community
23 hospital or free standing evaluation and treatment services providing
24 short-term detention and commitment services under the involuntary
25 treatment act to be located in the geographic areas of the King
26 behavioral health organization, the Spokane behavioral health
27 organization outside of Spokane county, and the Thurston Mason
28 behavioral health organization; (ii) one new full program of an
29 assertive community treatment team in the King behavioral health
30 organization and two new half programs of assertive community
31 treatment teams in the Spokane behavioral health organization and the
32 Pierce behavioral health organization; and (iii) three new recovery
33 support services programs in the Great Rivers behavioral health
34 organization, the greater Columbia behavioral health organization,
35 and the north sound behavioral health organization. In contracting
36 for community evaluation and treatment services, the department may
37 not use these resources in facilities that meet the criteria to be
38 classified under federal law as institutions for mental diseases. If
39 the department is unable to come to a contract agreement with a~~

1 designated behavioral health organization for any of the services
2 identified above, it may consider contracting for that service in
3 another region that has the need for such service.

4 ~~((+v))~~ (t) \$200,000 of the general fund—state appropriation for

21 organizations to contract with local government to establish the
22 necessary infrastructure for the programs. The department, in
23 collaboration with the health care authority, shall provide a report
24 by October 15, 2018, to the office of financial management and the
25 appropriate fiscal and policy committees of the legislature to
26 include the number of individuals served, outcomes to include reduced
27 use of inpatient treatment and state hospital stays, and
28 recommendations for further implementation based on lessons learned
29 and best practices identified by the pilot projects.

30 ~~((+x))~~ (v) The department, in collaboration with the health care
31 authority, shall work to ensure that a single platform provider
32 credentialing system is implemented. The authority and department
33 shall ensure that appropriate cost offsets and cost avoidance are
34 assumed for reduced staff time required for provider credentialing
35 activity and reductions in improper billing activity when
36 implementing provider credentialing systems.

37 (w) No more than \$6,464,000 of the general fund—federal
38 appropriation may be expended for supported housing and employment
39 services described in initiative 3a and 3b of the medicaid

1 transformation demonstration waiver under healthier Washington. Under
 2 this initiative, the department and the health care authority shall
 3 ensure that allowable and necessary services are provided to eligible
 4 clients as identified by the department or its providers or third
 5 party administrator. The department and the authority in consultation
 6 with the medicaid forecast work group, shall ensure that reasonable
 7 reimbursements are established for services deemed necessary within

 9 general fund—state expenditures under this initiative. The secretary
 10 in collaboration with the director of the authority shall report to
 11 the joint select committee on health care oversight no less than
 12 quarterly on financial and health outcomes. The secretary in
 13 cooperation with the director shall also report to the fiscal
 14 committees of the legislature all of the expenditures of this
 15 subsection and shall provide such fiscal data in the time, manner,

30 The appropriations in this subsection are subject to the
 31 following conditions and limitations:

32 (a) The state psychiatric hospitals may use funds appropriated in
 33 this subsection to purchase goods and supplies through hospital group
 34 purchasing organizations when it is cost-effective to do so.

35 (b) \$311,000 of the general fund—state appropriation for fiscal
 36 year 2018 and \$310,000 of the general fund—state appropriation for
 37 fiscal year 2019 are provided solely for a community partnership

3 one full-time investigator, one full-time police officer, and one
4 full-time community service officer at the city of Lakewood. The
5 department must collect data from the city of Lakewood on the use of

20 and estimated costs for developing a community policing program in
21 the area surrounding eastern state hospital and submit the proposal
22 to the department by September 30, (~~(2017)~~) 2018. The city must
23 provide current and historical data for police services to eastern
24 state hospital and adjacent areas which justify funding for a
25 community policing program and continued funding for base police
26 services and a community policing program.

34 further increase the number of forensic beds at western state

5 efforts to improve the timeliness of competency evaluation services
6 for individuals who are in local jails pursuant to chapter 5, Laws of
7 2015 (SSB 5889) (timeliness of competency treatment and evaluation
8 services). This funding must be used solely to maintain increases in

19 appropriation for fiscal year 2019 are provided solely to meet the
20 requirements of the systems improvement agreement with the centers
21 for medicare and medicaid services as outlined in seven conditions of

23 specifically account for all spending related to the agreement and
24 reconcile it back to the original funding plan. Changes of more than
25 ten percent in any area of the spending plan must be submitted to the
26 office of financial management for approval. The department must
27 submit a financial analysis to the office of financial management and
28 the appropriate committees of the legislature which compares current
29 staffing levels at eastern and western state hospitals, at the ward
30 level, with the specific staffing levels recommended in the state
31 hospitals' clinical model analysis project report submitted by OTB
32 Solutions in 2016. To the extent that the financial analysis includes
33 any differential in staffing from what was recommended in the report,
34 the department must clearly identify these differences and the
35 associated costs. The department must submit the financial analysis
36 by September 1, 2017.

37 (i) Within these amounts, the department must hire chemical
38 dependency professionals to provide integrated substance use disorder
39 and mental health treatment at the state psychiatric hospitals.

1 (j) \$1,000 of the general fund—state appropriation for fiscal
2 year 2018 and \$2,000 of the general fund—state appropriation for

10 certification and compliance with federal agreements. Throughout the
11 biennium, the department must track state hospital staffing
12 expenditures, including the use of overtime and contracted locums, to
13 allotments and submit monthly reports to the office of financial
14 management. The office of financial management must review these
15 reports and make a determination as to whether the overspending in
16 these areas is required to maintain federal certification and
17 compliance with federal agreements. The office of financial
18 management must notify the department each month whether and to what
19 level the overspending on staffing is approved and may be maintained
20 and whether and to what level the department must reduce such
21 expenditures. By December 2, 2018, the office of financial management
22 must provide a report to the appropriate committees of the
23 legislature on spending beyond appropriations for staffing at the
24 state hospitals and identify the level of overspending that has been
25 approved and any direction provided by the office of financial
26 management to reduce overspending on staffing that was not required
27 to maintain federal certification and compliance with federal
28 agreements.

29 (l) \$100,000 of the general fund—state appropriation for fiscal
30 year 2019 is provided solely for the department to track compliance
31 with RCW 71.05.365 requirements for transition of state hospital
32 patients into community settings within fourteen days of the
33 determination that they no longer require active psychiatric
34 treatment at an inpatient level of care. The department must use
35 these funds to track the following elements related to this
36 requirement: (i) The date on which an individual is determined to no
37 longer require active psychiatric treatment at an inpatient level of
38 care; (ii) the date on which the behavioral health organizations and
39 other organizations responsible for resource management services for

1 the person is notified of this determination; and (iii) the date on
2 which either the individual is transitioned to the community or has
3 been re-evaluated and determined to again require active psychiatric
4 treatment at an inpatient level of care. The department must provide
5 this information in regular intervals to behavioral health
6 organizations and other organizations responsible for resource
7 management services. The department must summarize the information
8 and provide a report to the office of financial management and the
9 appropriate committees of the legislature on progress toward meeting
10 the fourteen day standard by December 1, 2018.

11 (m) \$140,000 of the general fund—state appropriation for fiscal
12 year 2019 is provided solely for the department and the University of
13 Washington to begin implementation the first phase of a collaborative
14 plan for a high-quality forensic teaching service. Indirect charges
15 for amounts contracted to the University of Washington must not
16 exceed ten percent. The department and the University of Washington
17 must research and pursue behavioral health workforce education grants
18 from federal or private foundations that could be used in support of
19 this project. By November 1, 2018, the department, in collaboration
20 with the University of Washington, must submit a report to the office
21 of financial management and the appropriate committees of the
22 legislature with a progress update, readiness to proceed to the
23 second phase of the project, a detailed cost analysis of the second
24 phase, and identification of any federal or private grants identified
25 and the status of those applications.

26 (n) \$12,190,000 of the general fund—state appropriation for
27 fiscal year 2019 is provided solely for the department to develop and
28 implement an acuity based staffing tool at western state hospital and
29 eastern state hospital in collaboration with the hospital staffing
30 committees. The staffing tool must be designed and implemented to
31 identify, on a daily basis, the clinical acuity on each patient ward
32 and determine the minimum level of direct care staff by profession to
33 be deployed to meet the needs of the patients on each ward. The
34 department must also continue to develop, in collaboration with the
35 office of financial management's labor relations office, the staffing
36 committees, and state labor unions, an overall state hospital
37 staffing plan which looks at all positions and functions of the
38 facilities and is informed by a review of the Oregon state hospital
39 staffing model. \$300,000 of the amounts in this subsection are
40 provided solely for and must be used for staff costs required to

1 establish, monitor, track, and report monthly staffing and
2 expenditures at the state hospitals, including overtime and use of
3 locums, to the functional categories identified in the recommended
4 staffing plan. The remainder of the funds must be used for direct
5 care staffing needed in order to implement the acuity based staffing
6 tool. The allotments and tracking of staffing and expenditures must
7 include all areas of the state hospitals, must be done at the ward
8 level, and must include contracted facilities providing forensic
9 restoration services as well as the office of forensic mental health
10 services. By September 1, 2018, the department and hospital staffing
11 committees must submit a report to the office of financial management
12 and the appropriate committees of the legislature that includes the
13 following: (a) Progress in implementing the acuity based staffing
14 tool; (b) a comparison of average daily staffing expenditures to
15 budgeted staffing levels and the recommended state hospital staffing
16 plan by function; and (c) metrics and facility performance for the
17 use of overtime and extra duty pay, patient length of stay, discharge
18 management, active treatment planning, medication administration,
19 patient and staff aggression, and staff recruitment and retention.
20 The department must use information gathered from implementation of
21 the clinical staffing tool and the hospital-wide staffing model to
22 inform and prioritize future budget requests for staffing at the
23 state hospitals. Beginning on January 1, 2019, the department must
24 submit calendar quarterly reports to the office of financial
25 management and the appropriate committees of the legislature which
26 includes monitoring of monthly spending and staffing levels compared
27 to allotments and to the recommended state hospital staffing model.

31 year 2019 is provided solely for the department, in collaboration
32 with the health care authority, to develop and implement a predictive

34 involvement with the criminal justice system and for developing a
35 model to estimate demand for civil and forensic state hospital bed
36 needs pursuant to the following requirements.

37 (i) The predictive modeling tool must be developed to leverage

7 The appropriations in this subsection are subject to the
8 following conditions and limitations:

9 (a) Individuals receiving services as supplemental security
10 income (SSI) state supplemental payments shall not become eligible
11 for medical assistance under RCW 74.09.510 due solely to the receipt
12 of SSI state supplemental payments.

13 (b) In accordance with RCW 18.51.050, 18.20.050, 70.128.060, and
14 43.135.055, the department is authorized to increase nursing
15 facility, assisted living facility, and adult family home fees as
16 necessary to fully support the actual costs of conducting the
17 licensure, inspection, and regulatory programs. The license fees may
18 not exceed the department's annual licensing and oversight activity

20 the amount of the license fee attributed to medicaid clients.

21 (i) The current annual renewal license fee for adult family homes

28 (ii) The current annual renewal license fee for assisted living
29 facilities shall be \$106 per bed beginning in fiscal year 2018 and
30 ((~~\$106~~)) \$116 per bed beginning in fiscal year 2019.

31 (iii) The current annual renewal license fee for nursing
32 facilities shall be \$359 per bed beginning in fiscal year 2018 and

34 (c) \$7,142,000 of the general fund—state appropriation for fiscal
35 year 2018, \$18,249,000 of the general fund—state appropriation for
36 fiscal year 2019, and \$27,336,000 of the general fund—federal
37 appropriation are provided solely for the implementation of the
38 agreement reached between the governor and the service employees
39 international union healthcare 775nw under the provisions of chapters

1 74.39A and 41.56 RCW for the 2017-2019 fiscal biennium. Funding is
2 contingent upon the enactment of Senate Bill No. 5969 (transparency
3 in public employee collective bargaining). If the bill is not enacted
4 by July 31, 2017, the appropriation in this subsection shall lapse.

5 (d) \$787,000 of the general fund—state appropriation for fiscal
6 year 2018, \$2,183,000 of the general fund—state appropriation for
7 fiscal year 2019, and \$3,714,000 of the general fund—federal

11 upon the enactment of Senate Bill No. 5969 (transparency in public
12 employee collective bargaining). If the bill is not enacted by July
13 31, 2017, the appropriation in this subsection shall lapse.

14 (e) The department may authorize a one-time waiver of all or any
15 portion of the licensing and processing fees required under RCW
16 70.128.060 in any case in which the department determines that an
17 adult family home is being relicensed because of exceptional
18 circumstances, such as death or incapacity of a provider, and that to
19 require the full payment of the licensing and processing fees would
20 present a hardship to the applicant. In these situations the
21 department is also granted the authority to waive the required
22 residential administrator training for a period of 120 days if
23 necessary to ensure continuity of care during the relicensing
24 process.

25 (f) Community residential cost reports that are submitted by or
26 on behalf of contracted agency providers are required to include

28 number of positions, and turnover.

29 (g) \$650,000 of the general fund—state appropriation for fiscal
30 year 2018, \$650,000 of the general fund—state appropriation for
31 fiscal year 2019, and \$800,000 of the general fund—federal
32 appropriation are provided solely for the development and
33 implementation of eight enhanced respite beds across the state for
34 children. These services are intended to provide families and
35 caregivers with a break in caregiving, the opportunity for behavioral
36 stabilization of the child, and the ability to partner with the state
37 in the development of an individualized service plan that allows the
38 child to remain in his or her family home. The department must
39 provide the legislature with a respite utilization report in January

1 of each year that provides information about the number of children
2 who have used enhanced respite in the preceding year, as well as the
3 location and number of days per month that each respite bed was
4 occupied.

5 (h) \$900,000 of the general fund—state appropriation for fiscal
6 year 2018 and \$900,000 of the general fund—state appropriation for
7 fiscal year 2019 are provided solely for the development and
8 implementation of eight community respite beds across the state for
9 adults. These services are intended to provide families and
10 caregivers with a break in caregiving and the opportunity for
11 stabilization of the individual in a community-based setting as an
12 alternative to using a residential habilitation center to provide
13 planned or emergent respite. The department must provide the
14 legislature with a respite utilization report by January of each year
15 that provides information about the number of individuals who have
16 used community respite in the preceding year, as well as the location
17 and number of days per month that each respite bed was occupied.

18 (i) \$100,000 of the general fund—state appropriation for fiscal

20 year 2019, and \$195,000 of the general fund—federal appropriation are
21 provided solely for discharge case managers stationed at the state

26 hospitals.

27 (j) \$1,239,000 of the general fund—state appropriation for fiscal
28 year 2018, \$2,055,000 of the general fund—state appropriation for
29 fiscal year 2019, and \$3,218,000 of the general fund—federal

36 shared supportive housing beds, state operated living alternative
37 beds, and assisted living facility beds.

38 (ii) Each client must receive an individualized assessment prior
39 to leaving one of the state psychiatric hospitals. The individualized

1 assessment must identify and authorize personal care, nursing care,
2 behavioral health stabilization, physical therapy, or other necessary
3 services to meet the unique needs of each client. It is the
4 expectation that, in most cases, staffing ratios in all community
5 alternative placement options described in (j)(i) of this subsection
6 will need to increase to meet the needs of clients leaving the state
7 psychiatric hospitals. If specialized training is necessary to meet
8 the needs of a client before he or she enters a community placement,
9 then the person centered service plan must also identify and
10 authorize this training.

11 (iii) When reviewing placement options, the department must
12 consider the safety of other residents, as well as the safety of
13 staff, in a facility. An initial evaluation of each placement,
14 including any documented safety concerns, must occur within thirty
15 days of a client leaving one of the state psychiatric hospitals and
16 entering one of the community placement options described in (j)(i)
17 of this subsection. At a minimum, the department must perform two
18 additional evaluations of each placement during the first year that a
19 client has lived in the facility.

20 (iv) During fiscal year 2018, in a presentation to the select
21 committee on quality improvement in state hospitals, the department
22 must describe the process of fielding and subsequently investigating
23 complaints of abuse, neglect, and exploitation within the community
24 alternative placement options described in (j)(i) of this subsection.
25 At a minimum, the presentation must include data about the number of
26 complaints, and the nature of complaints, over the preceding five
27 fiscal years.

28 (v) During fiscal year 2019, in a presentation to the select
29 committee on quality improvement in state hospitals, the department
30 must provide an update about clients placed out of the state
31 psychiatric hospitals into the community alternative placement
32 options described in (j)(i) of this subsection. At a minimum, for
33 each setting, the presentation must include data about the number of
34 placements, average daily rate, complaints fielded, and complaints
35 investigated. The presentation must also include information about
36 modifications, including the placement of clients into alternate
37 settings, that occurred due to the evaluations required under
38 (j)(iii) of this subsection.

1 In developing bed capacity, the department shall consider the
2 complex needs of individuals waiting for discharge from the state
3 psychiatric hospitals.

4 (k) \$738,000 of the general fund—state appropriation for fiscal
5 year 2018, \$1,963,000 of the general fund—state appropriation for
6 fiscal year 2019, and \$2,701,000 of the general fund—federal
7 appropriation are provided solely for expanding the number of clients
8 receiving services under the basic plus medicaid waiver.
9 Approximately six hundred additional clients are anticipated to
10 graduate from high school during the 2017-2019 fiscal biennium and
11 will receive employment services under this expansion.

13 fiscal year 2018, \$25,428,000 of the general fund—state appropriation
14 for fiscal year 2019, and \$39,554,000 of the general fund—federal
15 appropriation are provided solely to increase the benchmark rate for
16 community residential service providers offering supported living,
17 group home, and licensed staff residential services to individuals
18 with development disabilities. The amounts in this subsection (1)(l)
19 include funding to increase the benchmark rate by the following
20 amounts:

21 (i) \$1.25 per hour effective July 1, 2017, and;

22 (ii) An additional \$1.00 per hour effective July 1, 2018.

23 The amounts provided in this subsection must be used to improve
24 the recruitment and retention of quality direct care staff to better
25 protect the health and safety of clients with developmental
26 disabilities.

27 (m) Respite personal care provided by individual providers to
28 developmental disabilities administration clients, as authorized by
29 the department and accessed by clients through a medicaid waiver,
30 must be funded in maintenance level of the operating budget on the
31 basis of actual and forecasted client utilization.

4 the general fund—state appropriation for fiscal year 2018, \$3,424,000
5 of the general fund—state appropriation for fiscal year 2019, and
6 \$4,126,000 of the general fund—federal appropriation are provided
7 solely for a vendor rate increase of two percent in fiscal year 2018

19 house of representatives executive rules committee, or their
20 successor committees. The joint committee members may be reimbursed
21 for travel expenses as authorized under RCW 43.03.050 and 43.03.060,
22 and chapter 44.04 RCW as appropriate. Advisory committee members may
23 not receive compensation or reimbursement for travel and expenses.

24 (14)(a) The department of social and health services must
25 facilitate a stakeholder work group consisting of assisted living
26 provider associations and the state long-term care ombuds in a
27 collaborative effort to redesign the medicaid payment methodology for
28 contracted assisted living, adult residential care, and enhanced
29 adult residential care. The department must submit a report with the
30 final work group recommendations to the appropriate legislative
31 committees by November 30, 2017. A proposed timeline for
32 implementation of the new methodology must be included in the report.
33 The new methodology must:

34 (i) Adhere to the standards of an acuity-based payment system as
35 originally intended by the legislature, and the department will rely
36 on the time study conducted in 2003 in establishing the acuity scale;

37 (ii) Create a standardized methodology that supports a reasonable
38 medicaid payment that promotes access, choice, and quality;

1 (iii) Incorporate metrics such as medians, lids, floors, and
2 other options that provide flexibility to adjust to economic
3 conditions while maintaining the integrity of the methodology;

4 (iv) Be supported by relevant, reliable, verifiable, and
5 independent data to the extent possible; and

6 (v) To the extent possible, repurpose and streamline data sources
7 and modeling that the aging and long-term support administration uses
8 for other rate-setting processes.

9 (b) In developing payment metrics for medicaid-covered services,
10 staff and service requirements must be reviewed for assisted living,
11 adult residential care, and enhanced adult residential care as
12 described in chapters 74.39A and 18.20 RCW. At a minimum, the
13 proposed rate methodology must include a component that recognizes
14 staffing for intermittent nursing and personal care services. Service
15 area adjustments based on population density must be reviewed and
16 compared with other options to recognize high-cost areas. The most
17 recent and complete wage data available through the bureau of labor
18 statistics must also be included for review and consideration. The
19 methodology work group must consider operational requirements and
20 indirect services in developing the model. The work group must
21 include a rate component that recognizes statutory and regulatory
22 physical plant requirements. The work group must review and consider
23 physical plant requirements for assisted living as described in
24 chapter 51.50 RCW. A fair rental valuation must be reviewed and
25 considered as an option for the capital component. The recognition of
26 food for medicaid residents must also be included in the work group
27 considerations. The department's current methodology to address room
28 and board requirements, and the appropriateness of the continued use
29 of the 2003 time study and whether it can be reasonably adjusted or
30 whether a new time study should be conducted, must be reviewed and
31 considered by the work group.

32 (15) Within amounts appropriated in this section, the department
33 must pay medicaid nursing facility payment rates for public hospital
34 district providers in rural communities as defined under chapter
35 70.44 RCW that are no less than June 30, 2016, reimbursement levels.
36 This action is intended to assure continued access to essential
37 services in rural communities.

38 (16) \$5,370,000 of the general fund—state appropriation for
39 fiscal year 2018, \$10,199,000 of the general fund—state appropriation

1 for fiscal year 2019, and \$18,346,000 of the general fund—federal
2 appropriation are provided solely for a targeted vendor rate increase
3 to contracted client service providers.

4 (a) Within the amounts provided in this subsection, \$2,763,000 of
5 the general fund—state appropriation for fiscal year 2018, \$5,741,000
6 of the general fund—state appropriation for fiscal year 2019, and
7 \$9,775,000 of the general fund—federal appropriation are provided
8 solely for a vendor rate increase of two percent in fiscal year 2018
9 and an additional two percent in fiscal year 2019 for all contracted
10 vendors with the exception of nursing home providers, the program of
11 all-inclusive care for the elderly, nurse delegators, community
12 residential service providers, individual providers, agency
13 providers, and adult family homes.

14 (b) Within the amounts provided in this subsection, \$2,607,000 of
15 the general fund—state appropriation for fiscal year 2018, \$4,458,000
16 of the general fund—state appropriation for fiscal year 2019, and
17 \$8,571,000 of the general fund—federal appropriation are provided
18 solely to increase vendor rates for nursing homes, assisted living
19 facilities including adult residential care and enhanced adult
20 residential care, adult day health and adult day care providers, and
21 home care agency administration in the 2017-2019 fiscal biennium up
22 to the statewide minimum wage established in Initiative Measure No.
23 1433.

24 (17) \$4,815,000 of the general fund—state appropriation for
25 fiscal year 2018, \$8,527,000 of the general fund—state appropriation
26 for fiscal year 2019, and \$12,277,000 of the general fund—federal
27 appropriation are provided solely to create new community alternative
28 placement beds that prioritize the transition of clients who are
29 ready for discharge from the state psychiatric hospitals, but who
30 have additional long-term care or developmental disability needs.

31 (a) Community alternative placement beds include enhanced service
32 facility beds, adult family home beds, skilled nursing facility beds,
33 shared supportive housing beds, state operated living alternative
34 beds, and assisted living facility beds.

35 (b) Each client must receive an individualized assessment prior
36 to leaving one of the state psychiatric hospitals. The individualized
37 assessment must identify and authorize personal care, nursing care,
38 behavioral health stabilization, physical therapy, or other necessary
39 services to meet the unique needs of each client. It is the

1 expectation that, in most cases, staffing ratios in all community
2 alternative placement options described in (a) of this subsection
3 will need to increase to meet the needs of clients leaving the state
4 psychiatric hospitals. If specialized training is necessary to meet
5 the needs of a client before he or she enters a community placement,
6 then the person centered service plan must also identify and
7 authorize this training.

8 (c) When reviewing placement options, the department must
9 consider the safety of other residents, as well as the safety of
10 staff, in a facility. An initial evaluation of each placement,
11 including any documented safety concerns, must occur within thirty
12 days of a client leaving one of the state psychiatric hospitals and
13 entering one of the community placement options described in (a) of
14 this subsection. At a minimum, the department must perform two
15 additional evaluations of each placement during the first year that a
16 client has lived in the facility.

17 (d) During fiscal year 2018, in a presentation to the select
18 committee on quality improvement in state hospitals, the department
19 must describe the process of fielding and subsequently investigating
20 complaints of abuse, neglect, and exploitation within the community
21 alternative placement options described in (a) of this subsection. At
22 a minimum, the presentation must include data about the number of
23 complaints, and the nature of complaints, over the preceding five
24 fiscal years.

25 (e) During fiscal year 2019, in a presentation to the select
26 committee on quality improvement in state hospitals, the department
27 must provide an update about clients placed out of the state
28 psychiatric hospitals into the community alternative placement
29 options described in (a) of this subsection. At a minimum, for each
30 setting, the presentation must include data about the number of
31 placements, average daily rate, complaints fielded, and complaints
32 investigated. The presentation must also include information about
33 modifications, including the placement of clients into alternate
34 settings, that occurred due to the evaluations required under (c) of
35 this subsection.

36 In developing bed capacity, the department shall consider the
37 complex needs of individuals waiting for discharge from the state
38 psychiatric hospitals.

39 (18) \$315,000 of the general fund—state appropriation for fiscal
40 year 2018, \$315,000 of the general fund—state appropriation for

1 fiscal year 2019, and \$630,000 of the general fund—federal
2 appropriation are provided solely for discharge case managers
3 stationed at the state psychiatric hospitals. Discharge case managers
4 will transition clients ready for hospital discharge into less
5 restrictive alternative community placements. The transition of
6 clients ready for discharge will free up bed capacity at the state
7 psychiatric hospitals.

8 (19) \$135,000 of the general fund—state appropriation for fiscal
9 year 2018, \$135,000 of the general fund—state appropriation for
10 fiscal year 2019, and \$270,000 of the general fund—federal
11 appropriation are provided solely for financial service specialists
12 stationed at the state psychiatric hospitals. Financial service
13 specialists will help to transition clients ready for hospital
14 discharge into alternative community placements. The transition of
15 clients ready for discharge will free up bed capacity at the state
16 hospitals.

17 (20) \$5,007,000 of the general fund—state appropriation for
18 fiscal year 2018, \$5,143,000 of the general fund—state appropriation
19 for fiscal year 2019, and \$10,154,000 of the general fund—federal
20 appropriation are provided solely to implement chapter 286, Laws of
21 2017 (SB 5715) (nursing home payments).

22 (21) \$750,000 of the general fund—state appropriation for fiscal
23 year 2018 and \$750,000 of the general fund—state appropriation for

32 the conditions, limitations, and review provided in section 724 of
33 this act.

34 (23) \$229,000 of the general fund—state appropriation for fiscal
35 year 2018, \$229,000 of the general fund—state appropriation for
36 fiscal year 2019, and \$458,000 of the general fund—federal
37 appropriation are provided solely to increase the daily rate for
38 private duty nursing in adult family homes by \$63.77.

1 (24) \$246,000 of the general fund—state appropriation for fiscal
2 year 2018 and \$313,000 of the general fund—federal appropriation are
3 provided solely to implement Senate Bill No. . . . (S-2907.2). If the

8 and medicaid alternative care described in initiative 2 of the
9 medicaid transformation demonstration waiver under healthier
10 Washington. The department shall not increase general fund—state
11 expenditures on this initiative. The secretary in collaboration with
12 the director of the health care authority shall report to the joint

31 in cooperation with the director shall report to the joint select
32 committee on health care oversight no less than quarterly on
33 financial and health outcomes. The secretary in cooperation with the
34 director shall also report to the fiscal committees of the
35 legislature all of the expenditures of this subsection and shall
36 provide such fiscal data in the time, manner, and form requested by

38 (26) \$351,000 of the general fund—state appropriation for fiscal
39 year 2018, \$421,000 of the general fund—state appropriation for

1 fiscal year 2019, and \$1,012,000 of the general fund—federal

19 previously studied public long-term care benefit. The work group
20 shall review options and propose:

21 (a) Minimum qualifications that would allow a family caregiver to

33 that are ineligible for medicaid reimbursement in institutions of
34 mental disease facilities for American Indian and Alaska Natives who
35 opt to receive behavioral health services on a fee-for-service basis.
36 The amounts used for these individuals must be reduced from the
37 allocation of the behavioral health organization where the individual
38 resides. If a behavioral health organization receives more funding
39 through this subsection than is needed to pay for the cost of their
40 medicaid clients in institutions for mental diseases, they must use

1 the remainder of the amounts to provide other services not covered
2 under the medicaid program. The department must apply for a waiver
3 from the center for medicaid and medicare services to allow for the
4 full cost of stays in institutions of mental diseases to be included
5 in fiscal year 2019 behavioral health organization capitation rates.
6 The department may tailor the fiscal year 2019 waiver to specific
7 populations for which the center for medicaid and medicare services
8 has indicated they are likely to approve and work to further expand

Sec. 213. 2017 3rd sp.s. c 1 s 213 (uncodified) is amended to read as follows:

FOR THE STATE HEALTH CARE AUTHORITY

During the 2017-2019 fiscal biennium, the health care authority shall provide support and data as required by the office of the state actuary in providing the legislature with health care actuarial analysis, including providing any information in the possession of the health care authority or available to the health care authority through contracts with providers, plans, insurers, consultants, or any other entities contracting with the health care authority.

Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and

1 authorization systems within the health care authority are subject to
2 technical oversight by the office of the chief information officer.

3 The health care authority shall not initiate any services that
4 require expenditure of state general fund moneys unless expressly
5 authorized in this act or other law. The health care authority may
6 seek, receive, and spend, under RCW 43.79.260 through 43.79.282,
7 federal moneys not anticipated in this act as long as the federal
8 funding does not require expenditure of state moneys for the program
9 in excess of amounts anticipated in this act. If the health care
10 authority receives unanticipated unrestricted federal moneys, those
11 moneys shall be spent for services authorized in this act or in any
12 other legislation providing appropriation authority, and an equal
13 amount of appropriated state general fund moneys shall lapse. Upon
14 the lapsing of any moneys under this subsection, the office of
15 financial management shall notify the legislative fiscal committees.
16 As used in this subsection, "unrestricted federal moneys" includes
17 block grants and other funds that federal law does not require to be
18 spent on specifically defined projects or matched on a formula basis
19 by state funds.

20 The appropriations to the health care authority in this act shall
21 be expended for the programs and in the amounts specified in this
22 act. To the extent that appropriations in this section are
23 insufficient to fund actual expenditures in excess of caseload
24 forecasts and utilization assumptions, the authority, after May 1,
25 2018, may transfer general fund—state appropriations for fiscal year
26 2018 that are provided solely for a specified purpose. The authority
27 may not transfer funds, and the director of the office of financial
28 management shall not approve the transfer, unless the transfer is
29 consistent with the objective of conserving, to the maximum extent
30 possible, the expenditure of state funds. The director of the office
31 of financial management shall notify the appropriate fiscal
32 committees of the senate and house of representatives in writing
33 seven days prior to approving any allotment modifications or
34 transfers under this subsection. The written notification must
35 include a narrative explanation and justification of changes, along
36 with expenditures and allotments by budget unit and appropriation,
37 both before and after any allotment modifications and transfers.

28 The appropriations in this section are subject to the following
29 conditions and limitations:

30 (a) ((~~\$256,645,000~~)) \$268,117,000 of the general fund—state
31 appropriation for fiscal year 2018 and \$264,704,000 of the general
32 fund—state appropriation for fiscal year 2019 are provided solely for
33 the authority to implement a single, standard medicaid preferred drug
34 list to be used by all contracted medicaid managed health care
35 systems, on or before January 1, 2018. The preferred drug list shall
36 be developed in consultation with all contracted managed health care
37 systems and the state pharmacy and therapeutics committee or drug
38 utilization review board and shall further the goals and objectives
39 of the medicaid program. The list shall be designed to maximize

1 federal rebates and supplemental rebates and ensure access to
2 clinically effective and appropriate drug therapies under each class.
3 Entities eligible for 340B drug pricing shall continue to operate
4 under their current pricing agreement, unless otherwise required by
5 federal laws or regulations. The authority may utilize external
6 consultants with expertise in evidence-based drug class reviews,
7 pharmacy benefit management, and purchasing to assist with the
8 completion of this development and implementation. The authority
9 shall require each managed care organization that has contracted with
10 the authority to provide care to medicaid beneficiaries to use the
11 established preferred drug list; and shall prohibit each managed care
12 organization and any of its agents from negotiating or collecting
13 rebates for any medications listed in the state's medicaid single
14 preferred drug list whether preferred or nonpreferred. To assist in
15 the implementation of the single preferred drug list, contracted
16 medicaid managed health care systems shall provide the authority
17 drug-specific financial information in a format and frequency
18 determined by the authority to include the actual amounts paid to
19 pharmacies for prescription drugs dispensed to covered individuals
20 compared to the cost invoiced to the health plan and individual
21 rebates collected for prescription drugs dispensed to medicaid
22 members. Information disclosed to the authority by the manufacturer
23 pursuant to this provision shall only be used for the purposes of
24 developing and implementing a single, standard state preferred drug
25 list in accordance with this provision. The authority, medicaid
26 managed care organizations, and all other parties shall maintain the
27 confidentiality of drug-specific financial and other proprietary
28 information and such information shall not be subject to the
29 Washington public records act. The authority shall provide a report
30 to the governor and appropriate committees of the legislature by
31 November 15, 2018, and by November 15, 2019, including a comparison
32 of the amount spent in the previous two fiscal years to expenditures
33 under the new system by, at a minimum, fund source, total
34 expenditure, drug class, and top twenty-five drugs. The data provided
35 to the authority shall be aggregated in any report by the authority,
36 the legislature, or the office of financial management so as not to
37 disclose the proprietary or confidential drug-specific information,
38 or the proprietary or confidential information that directly or
39 indirectly identifies financial information linked to a single
40 manufacturer. It is the intent of the legislature to revisit this

1 policy in subsequent biennia to determine whether it is in the best
2 interest of the state.

3 (b) (~~(\$118,813,000)~~) \$113,356,000 of the general fund—state
4 appropriation for fiscal year 2018 and (~~(\$120,265,000)~~) \$140,578,000
5 of the general fund—state appropriation for fiscal year 2019 are
6 provided solely for (~~holding~~) managed care capitation (~~rates flat~~
7 ~~at calendar year 2017 levels in state fiscal years and calendar years~~
8 ~~2018 and 2019~~) payments.

9 (c) \$122,244,000 of the general fund—state appropriation for
10 fiscal year 2018 and \$116,038,000 of the general fund—state
11 appropriation for fiscal year 2019 are provided solely for the
12 authority through the competitive procurement process, to contract
13 with licensed dental health plans or managed health care plans on a
14 prepaid or fixed-sum risk basis to provide carved-out managed dental
15 care services on a statewide basis that will result in greater
16 efficiency and will facilitate better access and oral health outcomes
17 for medicaid enrollees. Except in areas where only a single plan is
18 available, the authority must contract with at least two plans. The
19 authority shall include in the contracts: (i) Quarterly reporting
20 requirements to include medicaid utilization and encounter data by
21 current dental technology (CDT) code; (ii) a direction to increase
22 the dental provider network; (iii) a commitment to retain innovative
23 programs that improve access and care such as the access to baby and
24 child dentistry program; (iv) a program to reduce emergency room use
25 for dental purposes; (v) a requirement to ensure that dental care is
26 being coordinated with the primary care provider of the patient to
27 ensure integrated care; (vi) a provision that no less than eighty-
28 five percent of the contracting fee be used to directly offset the
29 cost of providing direct patient care as opposed to administrative
30 costs; and (vii) a provision to ensure the contracting fee shall be
31 sufficient to compensate county health departments and federally
32 qualified health centers for dental patient care. The plan(s) awarded
33 this contract must absorb all start-up costs associated with moving
34 the program from fee-for-service to managed care and shall commit to
35 achieving an overall savings to the program based on 2016 fee-for-
36 service experience. In order to comply with state insurance
37 underwriting standards, the authority shall ensure that savings
38 offered by dental plans are actuarially sound. Starting January 31,
39 2019, and every year thereafter through December 2024, the authority

1 shall submit an annual report to the governor and the appropriate
2 committees of the legislature detailing how the contracted entities
3 have met the requirements of the contract. The report shall include
4 specific information to include utilization, how the contracted
5 entities have increased their dental provider networks, how the
6 emergency room use for dental purposes has been reduced, and how
7 dental care has been integrated with patients' primary care
8 providers. If after the end of five years the data reported does not
9 demonstrate sufficient progress to address the stated contracted
10 goals, the legislature will reevaluate whether carved-out dental
11 managed care needs to be replaced with a different delivery model.
12 The authority is authorized to seek any necessary state plan
13 amendments or federal waivers to implement this subsection.
14 Additional dental program savings achieved by the plans beyond those
15 assumed in the 2017-2019 omnibus appropriations act will be used to
16 increase dental provider reimbursement rates. By October 30, 2018,
17 the authority shall report to the governor and the appropriate
18 committees of the legislature anticipated savings related to
19 reduction in dental emergency department visits and utilization once
20 managed care dental coverage begins.

21 (d) (~~(\$1,540,849,000)~~) \$1,505,087,000 of the general fund—state
22 appropriation for fiscal year 2018 and (~~(\$1,585,513,000)~~)
23 \$1,538,030,000 of the general fund—state appropriation for fiscal
24 year 2019 are provided solely for medicaid services and the medicaid
25 program. However, the authority shall not accept or expend any
26 federal funds received under a medicaid transformation waiver under
27 healthier Washington except as described in (e) and (f) of this
28 subsection until specifically approved and appropriated by the
29 legislature. To ensure compliance with legislative directive budget
30 requirements and terms and conditions of the waiver, the authority
31 shall implement the waiver and reporting requirements with oversight
32 from the office of financial management. The legislature finds that
33 appropriate management of the innovation waiver requires better
34 analytic capability, transparency, consistency, timeliness, accuracy,
35 and lack of redundancy with other established measures and that the
36 patient must be considered first and foremost in the implementation
37 and execution of the demonstration waiver. In order to effectuate
38 these goals, the authority shall: (i) Require the Dr. Robert Bree
39 collaborative and the health technology assessment program to reduce
40 the administrative burden upon providers by only requiring

1 performance measures that are nonduplicative of other nationally
2 established measures. The joint select committee on health care
3 oversight will evaluate the measures chosen by the collaborative and
4 the health technology assessment program for effectiveness and
5 appropriateness; (ii) develop a patient satisfaction survey with the
6 goal to gather information about whether it was beneficial for the
7 patient to use the center of excellence location in exchange for
8 additional out-of-pocket savings; (iii) ensure patients and health
9 care providers have significant input into the implementation of the
10 demonstration waiver, in order to ensure improved patient health
11 outcomes; and (iv) in cooperation with the department of social and
12 health services, consult with and provide notification of work on
13 applications for federal waivers, including details on waiver
14 duration, financial implications, and potential future impacts on the
15 state budget, to the joint select committee on health care oversight
16 prior to submitting waivers for federal approval. By federal
17 standard, the medicaid transformation demonstration waiver shall not
18 exceed the duration originally granted by the centers for medicare
19 and medicaid services and any programs created or funded by this
20 waiver do not create an entitlement.

21 (e) No more than (~~(\$479,600,000)~~) \$486,683,000 of the general
22 fund—federal appropriation and no more than (~~(\$154,289,000)~~)
23 \$129,103,000 of the general fund—local appropriation may be expended
24 for transformation through accountable communities of health
25 described in initiative 1 of the medicaid transformation
26 demonstration wavier under healthier Washington, including preventing
27 youth drug use, opioid prevention and treatment, and physical and
28 behavioral health integration. Under this initiative, the authority
29 shall take into account local input regarding community needs. In
30 order to ensure transparency to the appropriate fiscal committees of
31 the legislature, the authority shall provide fiscal staff of the
32 legislature query ability into any database of the fiscal
33 intermediary that authority staff would be authorized to access. The
34 authority shall not increase general fund—state expenditures under
35 this initiative. The director shall report to the joint select
36 committee on health care oversight no less than quarterly, and
37 include details for each accountable community of health, on the
38 financial status and measurable health outcomes. The director shall
39 also report to the fiscal committees of the legislature all of the

1 expenditures under this subsection and shall provide such fiscal data
2 in the time, manner, and form requested by the legislative fiscal
3 committees. By December 15, 2019, the authority in collaboration with
4 each accountable community of health shall demonstrate how it will be
5 self-sustaining by the end of the demonstration waiver period,
6 including sources of outside funding, and provide this reporting to
7 the joint select committee on health care oversight. If by the third
8 year of the demonstration waiver there are not measurable, improved
9 patient outcomes and financial returns, the Washington state
10 institute for public policy will conduct an audit of the accountable
11 communities of health, in addition to the process set in place
12 through the independent evaluation required by the agreement with
13 centers for medicare and medicaid services. Prior to the 2018
14 legislative session, the human services, health care, and judiciary
15 committees of the legislature will convene a joint work session to
16 review models in the delivery system and the impacts on medical
17 liability. The work sessions should include integrated delivery
18 models with multiple health care providers and medical malpractice
19 insurance carriers.

20 (f) No more than (~~(\$42,584,000)~~) \$38,425,000 of the general fund—
21 federal appropriation may be expended for supported housing and
22 employment services described in initiative 3a and 3b of the medicaid
23 transformation demonstration waiver under healthier Washington. Under
24 this initiative, the authority and the department of social and
25 health services shall ensure that allowable and necessary services
26 are provided to eligible clients as identified by the department or
27 its third party administrator. The authority and the department in
28 consultation with the medicaid forecast work group, shall ensure that
29 reasonable reimbursements are established for services deemed
30 necessary within an identified limit per individual. The authority
31 shall not increase general fund—state expenditures under this
32 initiative. The director shall report to the joint select committee
33 on health care oversight no less than quarterly on financial and
34 health outcomes. The director shall also report to the fiscal
35 committees of the legislature all of the expenditures of this
36 subsection and shall provide such fiscal data in the time, manner,
37 and form requested by the legislative fiscal committees.

38 (g) No later than November 1, 2018, and each year thereafter, the
39 authority shall report to the governor and appropriate committees of
40 the legislature: (i) Savings attributed to behavioral and physical

1 integration in areas that are scheduled to integrate in the following
2 calendar year, and (ii) savings attributed to behavioral and physical
3 health integration and the level of savings achieved in areas that
4 have integrated behavioral and physical health.

5 ~~((g))~~ (h) Sufficient amounts are appropriated in this
6 subsection to implement the medicaid expansion as defined in the
7 social security act, section 1902(a)(10)(A)(i)(VIII).

8 ~~((h))~~ (i) The legislature finds that medicaid payment rates, as
9 calculated by the health care authority pursuant to the
10 appropriations in this act, bear a reasonable relationship to the
11 costs incurred by efficiently and economically operated facilities
12 for providing quality services and will be sufficient to enlist
13 enough providers so that care and services are available to the
14 extent that such care and services are available to the general
15 population in the geographic area. The legislature finds that the
16 cost reports, payment data from the federal government, historical
17 utilization, economic data, and clinical input constitute reliable
18 data upon which to determine the payment rates.

19 ~~((i))~~ (j) Based on quarterly expenditure reports and caseload
20 forecasts, if the health care authority estimates that expenditures
21 for the medical assistance program will exceed the appropriations,
22 the health care authority shall take steps including but not limited
23 to reduction of rates or elimination of optional services to reduce
24 expenditures so that total program costs do not exceed the annual
25 appropriation authority.

26 ~~((j))~~ (k) In determining financial eligibility for medicaid-
27 funded services, the health care authority is authorized to disregard
28 recoveries by Holocaust survivors of insurance proceeds or other
29 assets, as defined in RCW 48.104.030.

30 ~~((k))~~ (l) The legislature affirms that it is in the state's
31 interest for Harborview medical center to remain an economically
32 viable component of the state's health care system.

33 ~~((l))~~ (m) When a person is ineligible for medicaid solely by
34 reason of residence in an institution for mental diseases, the health
35 care authority shall provide the person with the same benefits as he
36 or she would receive if eligible for medicaid, using state-only funds
37 to the extent necessary.

38 ~~((m))~~ (n) \$4,261,000 of the general fund—state appropriation
39 for fiscal year 2018, \$4,261,000 of the general fund—state
40 appropriation for fiscal year 2019, and \$8,522,000 of the general

1 fund—federal appropriation are provided solely for low-income
2 disproportionate share hospital payments.

3 ~~((n))~~ (o) Within the amounts appropriated in this section, the
4 health care authority shall provide disproportionate share hospital
5 payments to hospitals that provide services to children in the
6 children's health program who are not eligible for services under
7 Title XIX or XXI of the federal social security act due to their
8 citizenship status.

9 ~~((e))~~ (p) \$6,000,000 of the general fund—federal appropriation
10 is provided solely for supplemental payments to nursing homes
11 operated by public hospital districts. The public hospital district
12 shall be responsible for providing the required nonfederal match for
13 the supplemental payment, and the payments shall not exceed the
14 maximum allowable under federal rules. It is the legislature's intent
15 that the payments shall be supplemental to and shall not in any way
16 offset or reduce the payments calculated and provided in accordance
17 with part E of chapter 74.46 RCW. It is the legislature's further
18 intent that costs otherwise allowable for rate-setting and settlement
19 against payments under chapter 74.46 RCW shall not be disallowed
20 solely because such costs have been paid by revenues retained by the
21 nursing home from these supplemental payments. The supplemental
22 payments are subject to retrospective interim and final cost
23 settlements based on the nursing homes' as-filed and final medicare
24 cost reports. The timing of the interim and final cost settlements
25 shall be at the health care authority's discretion. During either the
26 interim cost settlement or the final cost settlement, the health care
27 authority shall recoup from the public hospital districts the
28 supplemental payments that exceed the medicaid cost limit and/or the
29 medicare upper payment limit. The health care authority shall apply
30 federal rules for identifying the eligible incurred medicaid costs
31 and the medicare upper payment limit.

32 ~~((p))~~ (q) The health care authority shall continue the
33 inpatient hospital certified public expenditures program for the
34 2017-2019 fiscal biennium. The program shall apply to all public
35 hospitals, including those owned or operated by the state, except
36 those classified as critical access hospitals or state psychiatric
37 institutions. The health care authority shall submit reports to the
38 governor and legislature by November 1, 2017, and by November 1,
39 2018, that evaluate whether savings continue to exceed costs for this
40 program. If the certified public expenditures (CPE) program in its

1 current form is no longer cost-effective to maintain, the health care
2 authority shall submit a report to the governor and legislature
3 detailing cost-effective alternative uses of local, state, and
4 federal resources as a replacement for this program. During fiscal
5 year 2018 and fiscal year 2019, hospitals in the program shall be
6 paid and shall retain one hundred percent of the federal portion of
7 the allowable hospital cost for each medicaid inpatient fee-for-
8 service claim payable by medical assistance and one hundred percent
9 of the federal portion of the maximum disproportionate share hospital
10 payment allowable under federal regulations. Inpatient medicaid
11 payments shall be established using an allowable methodology that
12 approximates the cost of claims submitted by the hospitals. Payments
13 made to each hospital in the program in each fiscal year of the
14 biennium shall be compared to a baseline amount. The baseline amount
15 will be determined by the total of (i) the inpatient claim payment
16 amounts that would have been paid during the fiscal year had the
17 hospital not been in the CPE program based on the reimbursement rates
18 developed, implemented, and consistent with policies approved in the
19 2017-2019 biennial operating appropriations act and in effect on July
20 1, 2015, (ii) one-half of the indigent assistance disproportionate
21 share hospital payment amounts paid to and retained by each hospital
22 during fiscal year 2005, and (iii) all of the other disproportionate
23 share hospital payment amounts paid to and retained by each hospital
24 during fiscal year 2005 to the extent the same disproportionate share
25 hospital programs exist in the 2017-2019 fiscal biennium. If payments
26 during the fiscal year exceed the hospital's baseline amount, no
27 additional payments will be made to the hospital except the federal
28 portion of allowable disproportionate share hospital payments for
29 which the hospital can certify allowable match. If payments during
30 the fiscal year are less than the baseline amount, the hospital will
31 be paid a state grant equal to the difference between payments during
32 the fiscal year and the applicable baseline amount. Payment of the
33 state grant shall be made in the applicable fiscal year and
34 distributed in monthly payments. The grants will be recalculated and
35 redistributed as the baseline is updated during the fiscal year. The
36 grant payments are subject to an interim settlement within eleven
37 months after the end of the fiscal year. A final settlement shall be
38 performed. To the extent that either settlement determines that a
39 hospital has received funds in excess of what it would have received
40 as described in this subsection, the hospital must repay the excess

1 amounts to the state when requested. (~~(\$10,575,000)~~) \$359,000 of the
2 general fund—state appropriation for fiscal year 2018 and

15 birth, a cognitive deficit or developmental disability, substance
16 abuse, severe mental illness, unhealthy weight or failure to gain
17 weight, tobacco use, or African American or Native American race. The
18 health care authority shall prioritize evidence-based practices for
19 delivery of maternity support services. To the extent practicable,
20 the health care authority shall develop a mechanism to increase
21 federal funding for maternity support services by leveraging local
22 public funding for those services.

23 (~~(+s)~~) (t) The authority shall submit reports to the governor
24 and the legislature by September 15, 2018, and no later than
25 September 15, 2019, that delineate the number of individuals in

27 category, receiving preventative services and vaccinations. The
28 reports should include baseline and benchmark information from the
29 previous two fiscal years and should be inclusive of, but not limited
30 to, services recommended under the United States preventative
31 services task force, advisory committee on immunization practices,
32 early and periodic screening, diagnostic, and treatment (EPSDT)

26 authority shall reimburse for primary care services provided by
27 naturopathic physicians.

28 ~~((aa))~~ (bb) Within the amounts appropriated in this section,

11 ~~((jj))~~ (kk) Within the amounts appropriated within this
12 section, the authority shall implement the plan to show how improved

16 private duty nursing, medically intensive care, or home health
17 benefits as described in their report to the legislature dated
18 December 15, 2016, entitled home health nursing. The authority shall
19 report to the governor and appropriate committees of the legislature

13 organizations in the percentages of services and other costs
14 associated with the teams that are not reimbursable under medicaid.
15 The authority may allow behavioral health organizations which have
16 nonmedicaid reimbursable costs that are higher than the nonmedicaid
17 allocation they receive under this section to supplement these funds
18 with local dollars or funds received under (f) of this subsection.
19 The authority and behavioral health organizations shall maintain

8 behavioral health organization spending must be maintained in the
9 following priority order: Crisis and commitment services; community
10 inpatient services; and residential care services, including personal

12 distributed to behavioral health organizations proportionate to the
13 fiscal year 2017 allocation of flexible nonmedicaid funds. The
14 authority must include the following language in medicaid contracts
15 with behavioral health organizations unless they are provided formal
16 notification from the center for medicaid and medicare services that
17 the language will result in the loss of federal medicaid
18 participation: "The contractor may voluntarily provide services that
19 are in addition to those covered under the state plan, although the
20 cost of these services cannot be included when determining payment
21 rates unless including these costs are specifically allowed under

24 rather than through contracts with behavioral health organizations
25 for children's long-term inpatient facility services.

26 (h) \$1,125,000 of the general fund—state appropriation for fiscal
27 year 2019 is provided solely for the Spokane county behavioral health

6 (i) \$1,204,000 of the general fund—state appropriation for fiscal
7 year 2019 is provided solely to reimburse Pierce and Spokane counties
8 for the cost of conducting one hundred eighty-day commitment hearings

10 (j) Behavioral health organizations may use local funds to earn
11 additional federal medicaid match, provided the locally matched rate
12 does not exceed the upper-bound of their federally allowable rate
13 range, and provided that the enhanced funding is used only to provide
14 medicaid state plan or waiver services to medicaid clients.
15 Additionally, behavioral health organizations may use a portion of
16 the state funds allocated in accordance with (f) of this subsection
17 to earn additional medicaid match, but only to the extent that the
18 application of such funds to medicaid services does not diminish the
19 level of crisis and commitment, community inpatient, residential
20 care, and outpatient services presently available to persons not
21 eligible for medicaid.

22 (k) \$2,291,000 of the general fund—state appropriation for fiscal
23 year 2019 is provided solely for mental health services for mentally
24 ill offenders while confined in a county or city jail and for
25 facilitating access to programs that offer mental health services
26 upon release from confinement. The authority must collect information
27 from the behavioral health organizations on their plan for using
28 these funds, the numbers of individuals served, and the types of
29 services provided and submit a report to the office of financial
30 management and the appropriate fiscal committees of the legislature
31 by December 1st of each year of the biennium.

32 (l) Within the amounts appropriated in this section, funding is
33 provided for the authority to develop and phase in intensive mental
34 health services for high needs youth consistent with the settlement
35 agreement in *T.R. v. Dreyfus and Porter*.

36 (m) The authority must establish minimum and maximum funding
37 levels for all reserves allowed under behavioral health organization
38 contracts and insert contract language that clearly states the
39 requirements and limitations. The authority must monitor and ensure
40 that behavioral health organization reserves do not exceed maximum

1 levels. The authority must monitor behavioral health organization
2 revenue and expenditure reports and must require a behavioral health
3 organization to submit a corrective action plan on how it will spend
4 its excess reserves within a reasonable period of time, when its
5 reported reserves exceed maximum levels established under the
6 contract. The authority must review and approve such plans and
7 monitor to ensure compliance. If the authority determines that a
8 behavioral health organization has failed to provide an adequate
9 excess reserve corrective action plan or is not complying with an
10 approved plan, the authority must reduce payments to the behavioral
11 health organization in accordance with remedial actions provisions
12 included in the contract. These reductions in payments must continue
13 until the authority determines that the behavioral health
14 organization has come into substantial compliance with an approved
15 excess reserve corrective action plan.

16 (n) \$3,079,000 of the general fund—state appropriation for fiscal
17 year 2019 and \$2,892,000 of the general fund—federal appropriation
18 are provided solely for the authority to increase rates for community
19 hospitals that provide a minimum of two hundred medicaid psychiatric
20 inpatient days. The authority must increase both medicaid and
21 nonmedicaid psychiatric per-diem reimbursement rates for these
22 providers within these amounts. The amounts in this subsection
23 include funding for additional hold harmless payments resulting from
24 the rate increase. The authority shall prioritize increases for
25 hospitals not currently paid based on provider specific costs using a
26 similar methodology used to set rates for existing inpatient
27 facilities and the latest available cost report information. Rate
28 increases for providers must be set so as not to exceed the amounts
29 provided within this subsection. The rate increase related to
30 nonmedicaid clients must be done to maintain the provider at the same
31 percentage as currently required under WAC 182-550-4800.

32 (o) \$100,000 of the general fund—state appropriation for fiscal
33 year 2019 is provided solely for the authority to collaborate with

6 hospitals or freestanding evaluation and treatment centers to provide
7 up to forty-eight long-term inpatient care beds as defined in RCW
8 71.24.025. The authority must seek proposals and contract directly
9 for these services rather than contracting through behavioral health
10 organizations. The authority must not use any of the amounts provided
11 under this subsection for contracts with facilities that are subject
12 to federal funding restrictions that apply to institutions of mental
13 diseases, unless they have received a waiver that allows for full
14 federal participation in these facilities.

15 (q) \$1,133,000 of the general fund—state appropriation for fiscal
16 year 2019 and \$1,297,000 of the general fund—federal appropriation
17 are provided solely to increase the number of psychiatric residential
18 treatment beds for individuals transitioning from psychiatric
19 inpatient settings. The authority must seek proposals from behavioral
20 health organizations for the use of these amounts and coordinate with
21 the department of social and health services in awarding these funds.
22 The authority must not allow for any of the amounts provided under
23 this subsection to be used for services in facilities that are
24 subject to federal funding restrictions that apply to institutions of
25 mental diseases, unless they have received a waiver that allows for
26 full federal participation in these facilities.

28 year 2019 and \$14,516,000 of the general fund—federal appropriation
29 are provided solely for the authority to increase medicaid capitation
30 payments for behavioral health organizations. The authority must work
31 with the actuaries responsible for certifying behavioral health
32 capitation rates to adjust average salary assumptions in order to
33 implement this increase. In developing further updates for medicaid
34 managed care rates for behavioral health services, the authority must
35 require the contracted actuaries to: (i) Review and consider
36 comparison of salaries paid by government agencies and hospitals that
37 compete with community providers for behavioral health workers in
38 developing salary assumptions; and (ii) review data to see whether a
39 specific travel assumption for high congestion areas is warranted.

1 The authority must include and make available all applicable
2 documents and analysis to legislative staff from the fiscal
3 committees throughout the process. The authority must require the
4 actuaries to develop and submit rate ranges for each behavioral
5 health organization prior to certification of specific rates.

6 (s) The number of beds allocated for use by behavioral health
7 organizations at eastern state hospital shall be one hundred ninety
8 two per day. The number of nonforensic beds allocated for use by

12 organizations at western state hospital by thirty beds to allow for
13 the repurposing of a civil ward at western state hospital to provide
14 forensic services. The contracted beds provided under (p) of this
15 subsection shall be allocated to the behavioral health organizations
16 in lieu of beds at the state hospitals and be incorporated in their
17 allocation of state hospital patient days of care for the purposes of
18 calculating reimbursements pursuant to RCW 71.24.310. It is the
19 intent of the legislature to continue the policy of expanding
20 community based alternatives for long term civil commitment services
21 that allow for state hospital beds to be prioritized for forensic
22 patients.

27 funds for the operation of community programs in which the authority
28 determines there is a need for capacity that allows individuals to be
29 diverted or transitioned from the state hospitals including but not
30 limited to: (i) Community hospital or free standing evaluation and
31 treatment services providing short-term detention and commitment
32 services under the involuntary treatment act to be located in the
33 geographic areas of the King behavioral health organization, the
34 Spokane behavioral health organization outside of Spokane county, and
35 the Thurston Mason behavioral health organization; (ii) one new full
36 program of an assertive community treatment team in the King

39 organization and the Pierce behavioral health organization; and (iii)
40 three new recovery support services programs in the Great Rivers

1 behavioral health organization, the greater Columbia behavioral
2 health organization, and the north sound behavioral health
3 organization. In contracting for community evaluation and treatment
4 services, the authority may not use these resources in facilities
5 that meet the criteria to be classified under federal law as
6 institutions for mental diseases. If the authority is unable to come
7 to a contract agreement with a designated behavioral health
8 organization for any of the services identified above, it may
9 consider contracting for that service in another region that has the
10 need for such service.

11 (u) \$1,296,000 of the general fund—state appropriation for fiscal
12 year 2019 is provided solely for clubhouse programs. The authority
13 shall ensure that \$400,000 is used for the biennium for support of
14 the Spokane clubhouse program and the remaining funds must be used
15 for support of new clubhouse programs. The authority must develop
16 options and cost estimates for implementation of clubhouse programs
17 statewide through a medicaid state plan amendment or a medicaid
18 waiver and submit a report to the office of financial management and
19 the appropriate committees of the legislature by December 1, 2018.

24 two behavioral health organizations to contract with local government
25 to establish the necessary infrastructure for the programs. The
26 authority shall provide a report by October 15, 2018, to the office
27 of financial management and the appropriate fiscal and policy
28 committees of the legislature to include the number of individuals
29 served, outcomes to include reduced use of inpatient treatment and
30 state hospital stays, and recommendations for further implementation
31 based on lessons learned and best practices identified by the pilot
32 projects.

10 (x) During fiscal year 2019, any amounts provided in this section

30 health organizations must provide outpatient chemical dependency
31 treatment for offenders enrolled in the medicaid program who are
32 supervised by the department of corrections pursuant to a term of
33 community supervision. Contracts with behavioral health organizations
34 must require that behavioral health organizations include in their
35 provider network specialized expertise in the provision of
36 manualized, evidence-based chemical dependency treatment services for
37 offenders. The department of corrections and the authority must
38 develop a memorandum of understanding for department of corrections
39 offenders on active supervision who are medicaid eligible and meet

1 medical necessity for outpatient substance use disorder treatment.
2 The agreement will ensure that treatment services provided are
3 coordinated, do not result in duplication of services, and maintain
4 access and quality of care for the individuals being served. The
5 authority must provide all necessary data, access, and reports to the
6 department of corrections for all department of corrections offenders
7 that receive medicaid paid services.

8 (kk) \$562,000 of the general fund—federal appropriation is

10 understanding with the department of health for implementation of
11 chapter 297, Laws of 2017 (ESHB 1427) (opioid treatment programs).
12 The authority must use these amounts to reimburse the department of
13 health for costs incurred through the implementation of the bill.

17 of two secure detoxification facilities. The authority must not use
18 any of these amounts for services in facilities that are subject to
19 federal funding restrictions that apply to institutions for mental
20 diseases, unless they have received a waiver that allows for full
21 federal participation in these facilities.

22 (mm) \$100,000 of the general fund—state appropriation for fiscal
23 year 2019 is provided solely for parenting education services focused
24 on pregnant and parenting women.

25 (nn) Within existing appropriations, the authority shall
26 prioritize the prevention and treatment of intravenous opiate-based
27 drug use.

28 (oo) The criminal justice treatment account—state appropriation
29 is provided solely for treatment and treatment support services for
30 offenders with a substance use disorder pursuant to RCW 71.24.580.
31 The authority must offer counties the option to administer their
32 share of the distributions provided for under RCW 71.24.580(5)(a). If
33 a county is not interested in administering the funds, the authority
34 shall contract with a behavioral health organization or
35 administrative services organization to administer these funds
36 consistent with the plans approved by local panels pursuant to RCW
37 71.24.580(5)(b). The authority must provide a report to the office of
38 financial management and the appropriate committees of the

1 legislature which identifies the distribution of criminal justice
2 treatment account funds by September 30, 2018.

3 (pp) \$23,090,000 of the general fund—state appropriation for
4 fiscal year 2019 and \$46,222,000 of the general fund—federal
5 appropriation are provided solely for the enhancement of community-
6 based behavioral health services. This funding must be allocated to
7 behavioral health organizations proportionate to their regional
8 population. In order to receive these funds, each region must submit
9 a plan to address the following issues: (i) Reduction in their use of
10 long-term commitment beds through community alternatives; (ii)
11 compliance with RCW 71.05.365 requirements for transition of state
12 hospital patients into community settings within fourteen days of the
13 determination that they no longer require active psychiatric
14 treatment at an inpatient level of care; (iii) improvement of staff
15 recruitment and retention in community behavioral health facilities;
16 (iv) diversion of individuals with behavioral health issues from the
17 criminal justice system; and (v) efforts to improve recovery oriented
18 services, including, but not limited to, expansion of clubhouse
19 models. The plans are not limited to the amounts in this subsection
20 and may factor in all resources available for behavioral health. The
21 authority must identify metrics for tracking progress in each of the
22 areas identified. The authority must collect information on the
23 metrics and outcomes and submit a report summarizing the findings to
24 the office of financial management and the appropriate committees of
25 the legislature by June 30, 2020. Twenty percent of the general fund—
26 state appropriation amounts for each behavioral health organization
27 must be used to increase their nonmedicaid funding and the remainder
28 must be used to increase medicaid rates up to but not exceeding the
29 top of each behavioral health organizations medicaid rate range.

30 (qq) \$11,023,000 of the general fund—state appropriation for
31 fiscal year 2019 is provided solely to assist behavioral health
32 organizations with the costs of providing services to medicaid
33 clients receiving services in psychiatric facilities classified as
34 institutions of mental diseases. The authority must distribute these
35 amounts proportionate to the number of bed days for medicaid clients
36 in institutions for mental diseases that were excluded from
37 behavioral health organization fiscal year 2019 capitation rates
38 because they exceeded the amounts allowed under federal regulations.
39 The authority must also use these amounts to directly pay for costs

1 that are ineligible for medicaid reimbursement in institutions of
2 mental disease facilities for American Indian and Alaska Natives who
3 opt to receive behavioral health services on a fee-for-service basis.
4 The amounts used for these individuals must be reduced from the
5 allocation of the behavioral health organization where the individual
6 resides. If a behavioral health organization receives more funding
7 through this subsection than is needed to pay for the cost of their
8 medicaid clients in institutions for mental diseases, they must use
9 the remainder of the amounts to provide other services not covered
10 under the medicaid program. The authority must explore options for
11 continuing to expand waivers which allow for federal matching funds
12 to be used in these facilities. The authority must submit a report on
13 the status of the waiver to the office of financial management and
14 the appropriate committees of the legislature by December 1, 2018.

15 (rr) \$14,500,000 of the general fund—state appropriation for
16 fiscal year 2019 is provided solely to ensure a smooth transition to
17 integrated managed care for behavioral health regions and to maintain
18 the existing level of regional behavioral health crisis and diversion
19 programs, and other required behavioral health administrative service
20 organization services. These amounts must be used to support the
21 regions transitioning to become mid-adopters for full integration of
22 physical and behavioral health care. These amounts must be
23 distributed proportionate to the population of each regional area
24 covered. The maximum amount allowed per region is \$3,175 per 1,000
25 residents. These amounts must be used to provide a reserve for
26 nonmedicaid services in the region and to stabilize the new crisis
27 services system. The authority must require all behavioral health
28 organizations transitioning to full integration to either spend down
29 or return all reserves in accordance with contract requirements and
30 federal and state law. Behavioral health organization reserves may
31 not be used to pay for services to be provided beyond the end of a
32 behavioral health organization's contract or for start-up costs in
33 full integration regions. The authority must ensure that any
34 increases in expenditures in behavioral health reserve spend-down
35 plans are required for the operation of services during the contract
36 period and do not result in overpayment to providers.

37 (ss) \$806,000 of the general fund—federal appropriation is
38 provided solely for the authority to develop a peer support program
39 for individuals with substance use disorders. These amounts must be
40 used for development of training and certification of peers

1 specialists. The authority must submit a state plan amendment which
2 provides for these services to be included in behavioral health
3 capitation rates beginning in fiscal year 2020 and allows for federal
4 matching funds to be leveraged for these services.

5 (tt) \$200,000 of the general fund—state appropriation for fiscal
6 year 2019 is provided solely for the authority, in collaboration with
7 the department of social and health services, to further develop
8 efforts to shift funding and risk for most civil long-term inpatient
9 commitments into fully integrated care contracts beginning in January
10 2020. The funding and risk for patients at the state hospitals who
11 have been committed pursuant to dismissal of felony charges after
12 being determined incompetent to stand trial shall not be incorporated
13 into integrated care contracts.

14 (i) By December 1, 2018, the authority, in coordination with the
15 department of social and health services, must submit a report to the
16 office of financial management and the appropriate committees of the
17 legislature on the following: (A) Actuarial estimates on the impact
18 to per member per month payments and estimated annual state and
19 federal costs for medicaid managed care organizations with fully
20 integrated contracts; (B) actuarial estimates on the estimated annual
21 costs for administrative services organizations; (C) estimates of the
22 per-diem cost at the state hospitals that will be charged to entities
23 with responsibility for paying for long-term civil inpatient
24 commitments once these are incorporated into fully integrated care
25 contracts; and (D) estimates of the amount of funding that can be
26 reduced from direct appropriations for the state hospitals to reflect
27 the shift in financial responsibility.

28 (ii) The authority must also explore and report on options for
29 fully leveraging the state's share of federal medicaid
30 disproportionate share funding allowed for institutions of mental
31 diseases, including but not limited to: (A) Prioritizing the use of
32 this funding for forensic patients and those civilly committed
33 pursuant to dismissal of a felony charge; (B) obtaining an
34 institution for mental diseases—disproportionate share hospital
35 waiver to allow for regular medicaid federal financial participation
36 to be used at the state hospitals; and (C) shifting some of the
37 state's current disproportionate share funding used at the state
38 hospitals to community-based institutions for mental diseases to
39 reduce the state cost of patients for whom regular federal medicaid
40 match is not allowed.

1 (uu) \$2,732,000 of the general fund—state appropriation for
2 fiscal year 2019 and \$9,026,000 of the general fund—federal
3 appropriation are provided solely for the authority to implement
4 strategies to improve access to prevention and treatment of opioid
5 use disorders. The authority may use these funds for the following
6 activities: (i) Expansion of hub and spoke treatment networks; (ii)
7 expansion of pregnant and parenting case management programs; (iii)
8 grants to tribes to prevent opioid use and expand treatment for
9 opioid use disorders; (iv) development and implementation of a tool
10 to track medication assisted treatment provider capacity; (v) support
11 of drug take-back programs which allow individuals to return unused
12 opioids and other drugs for safe disposal; (vi) purchase and
13 distribution of opioid reversal medication; and (vii) maintaining
14 support for youth prevention services. The authority must coordinate
15 these activities with the department of health to avoid duplication
16 of effort and must work to identify additional federal resources that
17 can be used to maintain and expand these efforts. The authority must
18 submit a report to the office of financial management and the
19 appropriate committees of the legislature on the status of these
20 efforts by December 1, 2018. The report must include identification
21 of any increase in behavioral health federal block grants or other
22 federal funding awards received by the authority and the plan for the
23 use of these funds.

24 (vv) \$150,000 of the general fund—state appropriation for fiscal
25 year 2019 is provided solely for the authority to contract with
26 actuaries to develop estimates for the cost of implementing new
27 behavioral health service types in the medicaid state plan. The
28 authority must coordinate with behavioral health organizations to
29 identify: (i) Eligible behavioral health service types that are
30 currently provided to medicaid enrollees without federal funding and
31 are dependent on state, local, or other funds; and (ii) eligible
32 behavioral health service types that are not currently available to
33 medicaid enrollees due to the lack of federal funding. The authority
34 must contract with the actuaries responsible for certifying state
35 behavioral health capitation rates to develop estimates for the cost
36 of implementing each of these services. The estimates must identify
37 the cost of implementing each service statewide, the estimated state
38 and federal medicaid cost, and any estimated offset in state non-
39 medicaid spending. The authority must submit a report to the office

1 of financial management and the appropriate committees of the
2 legislature identifying the services and costs estimates by November
3 1, 2018.

4 (ww) \$446,000 of the general fund—state appropriation for fiscal
5 year 2019 and \$89,000 of the general fund—federal appropriation are
6 provided solely for the University of Washington's evidence-based
7 practice institute which supports the identification, evaluation, and
8 implementation of evidence-based or promising practices. The
9 institute must work with the authority to develop a plan to seek
10 private, federal, or other grant funding in order to reduce the need
11 for state general funds. The authority must collect information from
12 the institute on the use of these funds and submit a report to the
13 office of financial management and the appropriate fiscal committees
14 of the legislature by December 1st of each year of the biennium.

15 (xx) No more than \$13,098,000 of the general fund—federal
16 appropriation may be expended for supported housing and employment
17 services described in initiative 3a and 3b of the medicaid
18 transformation demonstration waiver under healthier Washington. Under
19 this initiative, the department and the health care authority shall
20 ensure that allowable and necessary services are provided to eligible
21 clients as identified by the department or its providers or third
22 party administrator. The department and the authority in consultation
23 with the medicaid forecast work group, shall ensure that reasonable
24 reimbursements are established for services deemed necessary within
25 an identified limit per individual. The department shall not increase
26 general fund—state expenditures under this initiative. The secretary
27 in collaboration with the director of the authority shall report to
28 the joint select committee on health care oversight no less than
29 quarterly on financial and health outcomes. The secretary in
30 cooperation with the director shall also report to the fiscal
31 committees of the legislature all of the expenditures of this
32 subsection and shall provide such fiscal data in the time, manner,
33 and form requested by the legislative fiscal committees.

34 (yy) \$2,000,000 of the general fund—state appropriation for
35 fiscal year 2019 and \$2,000,000 of the general fund—federal
36 appropriation are provided solely for the health care authority to
37 implement a process that increases access to children's long-term

2 year 2019 and \$1,005,000 of the general fund—federal appropriation
3 are provided solely to implement Engrossed Substitute Senate Bill No.

38 ~~with organizations that have at least one veteran on staff in~~
39 ~~implementation of the no child left inside program.~~

1 ~~(5))~~ \$50,000 of the recreation access pass account—state
2 appropriation is provided solely for the commission, using its
3 authority under RCW 79A.05.055(3) and in partnership with the
4 department of fish and wildlife and the department of natural
5 resources, to coordinate a process to develop options and
6 recommendations to improve consistency, equity, and simplicity in
7 recreational access fee systems while accounting for the fiscal
8 health and stability of public land management. The process must be
9 collaborative and include other relevant agencies and appropriate
10 stakeholders. The commission must contract with the William D.
11 Ruckelshaus Center or another neutral third party to facilitate
12 meetings and discussions with parties involved in the process and
13 provide a report to the appropriate committees of the legislature by
14 December 1, 2017. The process must analyze and make recommendations
15 on:

16 (a) Opportunities for federal and state recreational permit fee
17 coordination, including the potential for developing a system that
18 allows a single pass to provide access to federal and state lands;

19 (b) Opportunities to enhance consistency in the way state and
20 federal recreational access fees apply to various types of
21 recreational users, including those that travel to public lands by
22 motor vehicle, boat, bicycle, foot, or another method; and

23 (c) Opportunities to develop a comprehensive and consistent
24 statewide approach to recreational fee discounts and exemptions to
25 social and other groups including, but not limited to, disabled
26 persons, seniors, disabled veterans, foster families, low-income
27 residents, and volunteers. This analysis must examine the cost of
28 such a program, and should consider how recreational fee discounts
29 fit into the broader set of benefits provided by the state to these
30 social groups. This includes a review of the efficacy, purpose, and
31 cost of existing recreational fee discounts and exemptions, as well
32 as opportunities for new or modified social group discounts and
33 exemptions. The department of veterans affairs and the department of
34 social and health services must be included in this portion of the
35 process.

36 (5) \$100,000 of the general fund—state appropriation for fiscal
37 year 2019 is provided solely for the commission to carry out forest
38 health related activities at the Squilchuck state park.

22 plan and goals of the agency and an analysis of the quantified
23 objectives of each program within the agency;

24 (iii) Any available performance measures indicating the
25 effectiveness and efficiency of each program;

27 program and the populations served by each program, and the level of
28 funding and staff required to accomplish the goals of the program if

8 protection when the animals are present, nothing prohibits responses

17 (c) From July 1, 2017, to August 31, 2017, the superintendent
18 shall allocate general apportionment funding to school districts
19 programs as provided in sections 502 and 503, chapter 4, Laws of 2015
20 3rd sp. sess., as amended.

21 (d) The enrollment of any district shall be the annual average
22 number of full-time equivalent students and part-time students as
23 provided in RCW 28A.150.350, enrolled on the fourth day of school in
24 September and on the first school day of each month October through
25 June, including students who are in attendance pursuant to RCW
26 28A.335.160 and 28A.225.250 who do not reside within the servicing
27 school district. Any school district concluding its basic education
28 program in May must report the enrollment of the last school day held
29 in May in lieu of a June enrollment.

30 (e)(i) Funding provided in part V of this act is sufficient to
31 provide each full-time equivalent student with the minimum hours of
32 instruction required under RCW 28A.150.220.

33 (ii) The office of the superintendent of public instruction shall
34 align the agency rules defining a full-time equivalent student with
35 the increase in the minimum instructional hours under RCW
36 28A.150.220, as amended by the legislature in 2014.

37 (f) The superintendent shall adopt rules requiring school
38 districts to report full-time equivalent student enrollment as
39 provided in RCW 28A.655.210.

1 (g) For the 2017-18 and 2018-19 school years, school districts
2 must report to the office of the superintendent of public instruction
3 the monthly actual average district-wide class size across each grade
4 level of kindergarten, first grade, second grade, and third grade
5 classes. The superintendent of public instruction shall report this
6 information to the education and fiscal committees of the house of
7 representatives and the senate by September 30th of each year.

8 (h) For the 2018-19 school year, a school district qualifies for
9 a hold harmless payment if the sum of the school district's state
10 basic education allocations plus its enrichment levy and local effort
11 assistance under chapter 13, Laws of 2017 3rd sp. sess. is less than
12 the sum of state basic education allocations, local maintenance and
13 operation levy, and local effort assistance provided under the law as
14 it existed on January 1, 2017. For the purposes of this section, the
15 local levy is limited to the lesser of the voter-approved levy as of
16 January 1, 2017, or the maximum levy allowed under the law as of
17 January 1, 2017.

18 (2) CERTIFICATED INSTRUCTIONAL STAFF ALLOCATIONS

19 Allocations for certificated instructional staff salaries for the

21 generated staff units calculated pursuant to this subsection.

22 (a) Certificated instructional staff units, as defined in RCW
23 28A.150.410, shall be allocated to reflect the minimum class size
24 allocations, requirements, and school prototypes assumptions as
25 provided in RCW 28A.150.260. The superintendent shall make
26 allocations to school districts based on the district's annual
27 average full-time equivalent student enrollment in each grade.

28 (b) Additional certificated instructional staff units provided in
29 this subsection (2) that exceed the minimum requirements in RCW
30 28A.150.260 are enhancements outside the program of basic education,
31 except as otherwise provided in this section.

32 (c)(i) The superintendent shall base allocations for each level
33 of prototypical school on the following regular education average
34 class size of full-time equivalent students per teacher, except as
35 provided in (c)(ii) of this subsection:

11 technical education (CTE) class size of 23.0; and skill center
12 program class size of 20.0.

13 (ii) For each level of prototypical school at which more than
14 fifty percent of the students were eligible for free and reduced-
15 price meals in the prior school year, the superintendent shall
16 allocate funding based on the following average class size of full-
17 time equivalent students per teacher:

18 General education class size in high poverty schools:

19	Grade	RCW 28A.150.260	2017-18	2018-19

32 (iv) Advanced placement and international baccalaureate courses
33 are funded at the same class size assumptions as general education
34 schools in the same grade; and

 5 (d)(ii) of this subsection.

6 (ii) Students in approved career and technical education and
 7 skill center programs generate certificated instructional staff units
 8 to provide for the services of teacher librarians, school nurses,
 9 social workers, school psychologists, and guidance counselors at the
 10 following combined rate per 1000 student full-time equivalent
 11 enrollment:

	2017-18	2018-19
	School Year	School Year
14 Career and Technical Education	3.07	3.07

16 (3) ADMINISTRATIVE STAFF ALLOCATIONS

17 (a) Allocations for school building-level certificated
 18 administrative staff salaries for the 2017-18 and 2018-19 school
 19 years for general education students are determined using the formula
 20 generated staff units calculated pursuant to this subsection. The
 21 superintendent shall make allocations to school districts based on
 22 the district's annual average full-time equivalent enrollment in each
 23 grade. The following prototypical school values shall determine the
 24 allocation for principals, assistance principals, and other
 25 certificated building level administrators:

26 Prototypical School Building:

27 Elementary School	1.253
28 Middle School	1.353
29 High School	1.880

 34 factors: Career and Technical Education students. 1.025
 35 Skill Center students. 1.198

36 (4) CLASSIFIED STAFF ALLOCATIONS

1 Allocations for classified staff units providing school building-
2 level and district-wide support services for the 2017-18 and 2018-19
3 school years are determined using the formula-generated staff units
4 provided in RCW 28A.150.260 and pursuant to this subsection, and
5 adjusted based on each district's annual average full-time equivalent
6 student enrollment in each grade.

7 (5) CENTRAL OFFICE ALLOCATIONS

8 In addition to classified and administrative staff units
9 allocated in subsections (3) and (4) of this section, classified and
10 administrative staff units are provided for the 2017-18 and 2018-19
11 school years for the central office administrative costs of operating
12 a school district, at the following rates:

13 (a) The total central office staff units provided in this
14 subsection (5) are calculated by first multiplying the total number
15 of eligible certificated instructional, certificated administrative,
16 and classified staff units providing school-based or district-wide
17 support services, as identified in RCW 28A.150.260(6)(b) and the
18 increased allocations provided pursuant to subsections (2) and (4) of
19 this section, by 5.3 percent.

20 (b) Of the central office staff units calculated in (a) of this
21 subsection, 74.53 percent are allocated as classified staff units, as
22 generated in subsection (4) of this section, and 25.47 percent shall
23 be allocated as administrative staff units, as generated in
24 subsection (3) of this section.

25 (c) Staff units generated as enhancements outside the program of
26 basic education to the minimum requirements of RCW 28A.150.260, and
27 staff units generated by skill center and career-technical students,
28 are excluded from the total central office staff units calculation in
29 (a) of this subsection.

30 (d) For students in approved career-technical and skill center
31 programs, central office classified units are allocated at the same
32 staff unit per student rate as those generated for general education
33 students of the same grade in this subsection (5), and central office
34 administrative staff units are allocated at staff unit per student
35 rates that exceed the general education rate established for students
36 in the same grade in this subsection (5) by 12.29 percent in the
37 2017-18 school year and 12.29 percent in the 2018-19 school year for
38 career and technical education students, and 17.61 percent in the

1 2017-18 school year and 17.61 percent in the 2018-19 school year for
2 skill center students.

16 subsections (2), (3), and (5) of this section; and

17 (b) The number of classified staff units determined in
18 subsections (4) and (5) of this section multiplied by 1.152. This
19 factor is intended to adjust allocations so that, for the purpose of
20 distributing insurance benefits, full-time equivalent classified
21 employees may be calculated on the basis of 1,440 hours of work per
22 year, with no individual employee counted as more than one full-time
23 equivalent.

24 (8) MATERIALS, SUPPLIES, AND OPERATING COSTS (MSOC) ALLOCATIONS

25 Funding is allocated per annual average full-time equivalent
26 student for the materials, supplies, and operating costs (MSOC)
27 incurred by school districts, consistent with the requirements of RCW
28 28A.150.260.

10 of the budget development, hearing, and review process required by
11 chapter 28A.505 RCW, each school district must disclose: (A) The
12 amount of state funding to be received by the district under (a) and
13 (d) of this subsection (8); (B) the amount the district proposes to
14 spend for materials, supplies, and operating costs; (C) the
15 difference between these two amounts; and (D) if (A) of this

4 are provided to ensure a minimum level of staffing support.
5 Additional administrative and certificated instructional staff units
6 provided to districts in this subsection shall be reduced by the
7 general education staff units, excluding career and technical
8 education and skills center enhancement units, otherwise provided in
9 subsections (2) through (5) of this section on a per district basis.

10 public instruction shall approve such reduction or delay if it does

15 (15) The superintendent may distribute funding for the following
16 programs outside the basic education formula during fiscal years 2018

16 of public instruction, in consultation with the state board for
17 community and technical colleges, the student achievement council,

32 consolidation, the difference between the basic education formula
33 staff units received by the districts for the school year prior to

22 fiscal year to the treasurer for distribution to counties, cities,
23 and towns as follows:

24 (A) Thirty percent must be distributed to counties, cities, and
25 towns where licensed marijuana retailers are physically located. Each

27 this subsection (2)(g)(i)(A) based on the proportional share of the
28 total revenues generated in the individual jurisdiction from the

39 licensed marijuana producer, processor, or retailer.

1 (ii) Distribution amounts allocated to each county, city, and
2 town must be distributed in four installments by the last day of each
3 fiscal quarter.

4 (iii) By September 15th of each year, the state liquor and

6 distribution amount, if any, for each county and city as determined
7 in (g)(i) of this subsection (2).

8 (iv) The total share of marijuana excise tax revenues distributed
9 to counties and cities in (g)(i) of this subsection (2) may not
10 exceed (~~six~~) fifteen million dollars in fiscal years 2018 and 2019

12 ~~the February 2018 forecast of state revenues for the general fund in~~
13 ~~the 2017-2019 fiscal biennium exceeds the amount estimated in the~~
14 ~~June 2017 revenue forecast by over eighteen million dollars after~~
15 ~~adjusting for changes directly related to legislation adopted in the~~
16 ~~2017 legislative session, the total share of marijuana excise tax~~
17 ~~revenue distributed to counties and cities in (g)(i) of this~~
18 ~~subsection (2) may not exceed fifteen million dollars in fiscal years~~
19 ~~2018 and 2019.)) It is the intent of the legislature that the policy
20 for the maximum distributions in the subsequent fiscal biennia will
21 be no more than (~~\$6~~) fifteen million dollars per fiscal year.~~

22 For the purposes of this section, "marijuana products" means
23 "useable marijuana," "marijuana concentrates," and "marijuana-infused
24 products" as those terms are defined in RCW 69.50.101.

26 otherwise occur, and will provide a public benefit in addition to
27 cleanup commensurate with the scope of the public funding;

28 (r) Petroleum-based plastic or expanded polystyrene foam debris
29 cleanup activities in fresh or marine waters;

30 (s) Appropriations to the local toxics control account or the

14 the following purposes in descending order of priority:

15 (i) Extended grant agreements entered into under ~~((e+))~~ (c)(i)
16 of this subsection;

17 (ii) Remedial actions, including planning for adaptive reuse of
18 properties as provided for under ~~((e+))~~ (c)(iv) of this subsection.
19 The department must prioritize funding of remedial actions at:

21 high hazard ranking for which there is an approved remedial action
22 work plan or an equivalent document under federal cleanup law;

25 and there is a department-approved remedial action work plan or
26 equivalent document under the federal cleanup law;

35 cleanup activities in fresh or marine waters; and

36 (vii) Appropriations to the state toxics control account or the

38 if the legislature determines that priorities for spending exceed
39 available funds in those accounts.

1 (b) Funds for plans and programs must be allocated consistent
2 with the priorities and matching requirements established in chapters
3 70.105, 70.95C, 70.95I, and 70.95 RCW.

4 (c) During the 2013-2015 fiscal biennium, the local toxics
5 control account may also be used for local government stormwater

7 (d) During the 2013-2015 fiscal biennium, the legislature may
8 transfer from the local toxics control account to the state general
9 fund, such amounts as reflect the excess fund balance in the account.

10 (e) To expedite cleanups throughout the state, the department may
11 use the following strategies when providing grants to local
12 governments under this subsection:

13 (i) Enter into an extended grant agreement with a local
14 government conducting remedial actions at a facility where those
15 actions extend over multiple biennia and the total eligible cost of
16 those actions exceeds twenty million dollars. The agreement is
17 subject to the following limitations:

18 (A) The initial duration of such an agreement may not exceed ten
19 years. The department may extend the duration of such an agreement
20 upon finding substantial progress has been made on remedial actions
21 at the facility;

22 (B) Extended grant agreements may not exceed fifty percent of the
23 total eligible remedial action costs at the facility; and

24 (C) The department may not allocate future funding to an extended
25 grant agreement unless the local government has demonstrated to the
26 department that funds awarded under the agreement during the previous
27 biennium have been substantially expended or contracts have been
28 entered into to substantially expend the funds;

29 (ii) Enter into a grant agreement with a local government
30 conducting a remedial action that provides for periodic reimbursement
31 of remedial action costs as they are incurred as established in the
32 agreement;

33 (iii) Enter into a grant agreement with a local government prior
34 to it acquiring a property or obtaining necessary access to conduct
35 remedial actions, provided the agreement is conditioned upon the
36 local government acquiring the property or obtaining the access in
37 accordance with a schedule specified in the agreement;

38 (iv) Provide integrated planning grants to local governments to
39 fund studies necessary to facilitate remedial actions at brownfield
40 properties and adaptive reuse of properties following remediation.

1 Eligible activities include, but are not limited to: Environmental
2 site assessments; remedial investigations; health assessments;
3 feasibility studies; site planning; community involvement; land use
4 and regulatory analyses; building and infrastructure assessments;
5 economic and fiscal analyses; and any environmental analyses under
6 chapter 43.21C RCW;

7 (v) Provide grants to local governments for remedial actions
8 related to area-wide groundwater contamination. To receive the
9 funding, the local government does not need to be a potentially
10 liable person or be required to seek reimbursement of grant funds
11 from a potentially liable person;

12 (vi) The director may alter grant matching requirements to create
13 incentives for local governments to expedite cleanups when one of the
14 following conditions exists:

15 (A) Funding would prevent or mitigate unfair economic hardship
16 imposed by the clean-up liability;

17 (B) Funding would create new substantial economic development,
18 public recreational opportunities, or habitat restoration
19 opportunities that would not otherwise occur; or

20 (C) Funding would create an opportunity for acquisition and
21 redevelopment of brownfield property under RCW 70.105D.040(5) that
22 would not otherwise occur;

23 (vii) When pending grant applications under (e)(iv) and (v) of
24 this subsection (4) exceed the amount of funds available, designated
25 redevelopment opportunity zones must receive priority for
26 distribution of available funds.

27 (f) To expedite multiparty clean-up efforts, the department may
28 purchase remedial action cost-cap insurance. For the 2013-2015 fiscal
29 biennium, moneys in the local toxics control account may be spent on
30 projects in sections 3024, 3035, 3036, and 3059, chapter 19, Laws of
31 2013 2nd sp. sess.

32 (5) Except for unanticipated receipts under RCW 43.79.260 through
33 43.79.282, moneys in the state and local toxics control accounts may
34 be spent only after appropriation by statute.

35 (6) No moneys deposited into either the state or local toxics
36 control account may be used for: Natural disasters where there is no
37 hazardous substance contamination; high performance buildings; solid
38 waste incinerator facility feasibility studies, construction,
39 maintenance, or operation; or (~~after January 1, 2010, for~~) projects
40 designed to address the restoration of Puget Sound, funded in a

1 competitive grant process, that are in conflict with the action
2 agenda developed by the Puget Sound partnership under RCW 90.71.310.
3 However, this subsection does not prevent an appropriation from the
4 state toxics control account to the department of revenue to enforce
5 compliance with the hazardous substance tax imposed in chapter 82.21
6 RCW.

7 (7) Except during the 2011-2013 and the 2015-2017 fiscal biennia,
8 one percent of the moneys collected under RCW 82.21.030 shall be
9 allocated only for public participation grants to persons who may be
10 adversely affected by a release or threatened release of a hazardous
11 substance and to not-for-profit public interest organizations. The
12 primary purpose of these grants is to facilitate the participation by
13 persons and organizations in the investigation and remedying of
14 releases or threatened releases of hazardous substances and to
15 implement the state's solid and hazardous waste management
16 priorities. No grant may exceed sixty thousand dollars. Grants may be
17 renewed annually. Moneys appropriated for public participation that
18 are not expended at the close of any biennium revert to the state
19 toxics control account.

20 (8) The department shall adopt rules for grant or loan issuance
21 and performance. To accelerate both remedial action and economic
22 recovery, the department may expedite the adoption of rules necessary
23 to implement chapter 1, Laws of 2013 2nd sp. sess. using the
24 expedited procedures in RCW 34.05.353. The department shall initiate
25 the award of financial assistance by August 1, 2013. To ensure the
26 adoption of rules will not delay financial assistance, the department
27 may administer the award of financial assistance through interpretive
28 guidance pending the adoption of rules through July 1, 2014.

29 (9) Except as provided under subsection (3)(k) and (q) of this
30 section, nothing in chapter 1, Laws of 2013 2nd sp. sess. affects the
31 ability of a potentially liable person to receive public funding.

32 (10) During the 2015-2017 fiscal biennium the local toxics
33 control account may also be used for the centennial clean water
34 program and for the stormwater financial assistance program
35 administered by the department of ecology.

36 (11) During the 2017-2019 fiscal biennium:

37 (a) The state toxics control account, the local toxics control
38 account, and the environmental legacy stewardship account may be used
39 for interchangeable purposes and funds may be transferred between
40 accounts to accomplish those purposes.

1 (b) The legislature may direct the state treasurer to make
2 transfers of moneys in the state toxics control account to the water
3 pollution control revolving account.

4 **Sec. 912.** RCW 76.04.610 and 2012 2nd sp.s. c 7 s 922 are each
5 amended to read as follows:

6 (1)(a) If any owner of forestland within a forest protection zone
7 neglects or fails to provide adequate fire protection as required by
8 RCW 76.04.600, the department shall provide such protection and shall
9 annually impose the following assessments on each parcel of such
10 land: (i) A flat fee assessment of seventeen dollars and fifty cents;
11 and (ii) twenty-seven cents on each acre exceeding fifty acres.

12 (b) Assessors may, at their option, collect the assessment on tax
13 exempt lands. If the assessor elects not to collect the assessment,
14 the department may bill the landowner directly.

15 (2) An owner who has paid assessments on two or more parcels,
16 each containing fewer than fifty acres and each within the same
17 county, may obtain the following refund:

18 (a) If all the parcels together contain less than fifty acres,
19 then the refund is equal to the flat fee assessments paid, reduced by
20 the total of (i) seventeen dollars and (ii) the total of the amounts
21 retained by the county from such assessments under subsection (5) of
22 this section.

23 (b) If all the parcels together contain fifty or more acres, then
24 the refund is equal to the flat fee assessments paid, reduced by the
25 total of (i) seventeen dollars, (ii) twenty-seven cents for each acre
26 exceeding fifty acres, and (iii) the total of the amounts retained by
27 the county from such assessments under subsection (5) of this
28 section.

29 Applications for refunds shall be submitted to the department on
30 a form prescribed by the department and in the same year in which the
31 assessments were paid. The department may not provide refunds to
32 applicants who do not provide verification that all assessments and
33 property taxes on the property have been paid. Applications may be
34 made by mail.

35 In addition to the procedures under this subsection, property
36 owners with multiple parcels in a single county who qualify for a
37 refund under this section may apply to the department on an
38 application listing all the parcels owned in order to have the
39 assessment computed on all parcels but billed to a single parcel.

1 Property owners with the following number of parcels may apply to the
2 department in the year indicated:

3	Year	Number of Parcels
4	2002	10 or more parcels
5	2003	8 or more parcels
6	2004 and thereafter	6 or more parcels

7 The department must compute the correct assessment and allocate
8 one parcel in the county to use to collect the assessment. The county
9 must then bill the forest fire protection assessment on that one
10 allocated identified parcel. The landowner is responsible for
11 notifying the department of any changes in parcel ownership.

12 (3) Beginning January 1, 1991, under the administration and at
13 the discretion of the department up to two hundred thousand dollars
14 per year of this assessment shall be used in support of those rural
15 fire districts assisting the department in fire protection services
16 on forestlands.

17 (4) For the purpose of this chapter, the department may divide
18 the forestlands of the state, or any part thereof, into districts,
19 for fire protection and assessment purposes, may classify lands
20 according to the character of timber prevailing, and the fire hazard
21 existing, and place unprotected lands under the administration of the
22 proper district. Amounts paid or contracted to be paid by the
23 department for protection of forestlands from funds at its disposal
24 shall be a lien upon the property protected, unless reimbursed by the
25 owner within ten days after October 1st of the year in which they
26 were incurred. The department shall be prepared to make statement
27 thereof, upon request, to a forest owner whose own protection has not
28 been previously approved as to its adequacy, the department shall
29 report the same to the assessor of the county in which the property
30 is situated. The assessor shall extend the amounts upon the tax rolls
31 covering the property, and upon authorization from the department
32 shall levy the forest protection assessment against the amounts of
33 unimproved land as shown in each ownership on the county assessor's
34 records. The assessor may then segregate on the records to provide
35 that the improved land and improvements thereon carry the millage
36 levy designed to support the rural fire protection districts as
37 provided for in RCW 52.16.170.

1 (5) The amounts assessed shall be collected at the time, in the
2 same manner, by the same procedure, and with the same penalties
3 attached that general state and county taxes on the same property are
4 collected, except that errors in assessments may be corrected at any
5 time by the department certifying them to the treasurer of the county
6 in which the land involved is situated. Assessments shall be known
7 and designated as assessments of the year in which the amounts became
8 reimbursable. Upon the collection of assessments the county treasurer
9 shall place fifty cents of the total assessments paid on a parcel for
10 fire protection into the county current expense fund to defray the
11 costs of listing, billing, and collecting these assessments. The
12 treasurer shall then transmit the balance to the department.
13 Collections shall be applied against expenses incurred in carrying
14 out the provisions of this section, including necessary and
15 reasonable administrative costs incurred by the department in the
16 enforcement of these provisions. The department may also expend sums
17 collected from owners of forestlands or received from any other
18 source for necessary administrative costs in connection with the
19 enforcement of RCW 76.04.660. During the 2017-2019 fiscal biennium,
20 the legislature may appropriate moneys from the account for
21 department of natural resources wildfire response and forest health
22 activities.

23 (6) When land against which forest protection assessments are
24 outstanding is acquired for delinquent taxes and sold at public
25 auction, the state shall have a prior lien on the proceeds of sale
26 over and above the amount necessary to satisfy the county's
27 delinquent tax judgment. The county treasurer, in case the proceeds
28 of sale exceed the amount of the delinquent tax judgment, shall
29 immediately remit to the department the amount of the outstanding
30 forest protection assessments.

31 (7) All nonfederal public bodies owning or administering
32 forestland included in a forest protection zone shall pay the forest
33 protection assessments provided in this section and the special
34 forest fire suppression account assessments under RCW 76.04.630. The
35 forest protection assessments and special forest fire suppression
36 account assessments shall be payable by nonfederal public bodies from
37 available funds within thirty days following receipt of the written
38 notice from the department which is given after October 1st of the
39 year in which the protection was provided. Unpaid assessments are not
40 a lien against the nonfederal publicly owned land but shall

1 constitute a debt by the nonfederal public body to the department and
2 are subject to interest charges at the legal rate. During the
3 2011-2013 fiscal biennium, the forest fire protection assessment
4 account may be appropriated to The Evergreen State College for
5 analysis and recommendations to improve the efficiency and
6 effectiveness of the state's mechanisms for funding fire prevention
7 and suppression activities.

8 (8) A public body, having failed to previously pay the forest
9 protection assessments required of it by this section, which fails to
10 suppress a fire on or originating from forestlands owned or
11 administered by it, is liable for the costs of suppression incurred
12 by the department or its agent and is not entitled to reimbursement
13 of costs incurred by the public body in the suppression activities.

14 (9) The department may adopt rules to implement this section,
15 including, but not limited to, rules on levying and collecting forest
16 protection assessments.

17 **Sec. 913.** RCW 77.12.203 and 2017 3rd sp.s. c 1 s 984 are each
18 amended to read as follows:

20 notwithstanding RCW 84.36.010 or other statutes to the contrary, the
21 director must pay by April 30th of each year on game lands,
22 regardless of acreage, in each county, if requested by an election
23 under RCW 77.12.201, an amount in lieu of real property taxes equal
24 to that amount paid on similar parcels of open space land taxable
25 under chapter 84.34 RCW or the greater of seventy cents per acre per

16 amended to read as follows:

24 projects; for the purchase, improvement, or protection of aquatic
25 lands for public purposes; for providing and improving access to the
26 lands; and for volunteer cooperative fish and game projects. During
27 the 2013-2015, 2015-2017, and 2017-2019 fiscal biennia, the aquatic

5 lands enhancement account to the marine resources stewardship trust
6 account.

7 (2) In providing grants for aquatic lands enhancement projects,
8 the recreation and conservation funding board shall:

9 (a) Require grant recipients to incorporate the environmental
10 benefits of the project into their grant applications;

11 (b) Utilize the statement of environmental benefits,
12 consideration, except as provided in RCW 79.105.610, of whether the
13 applicant is a Puget Sound partner, as defined in RCW 90.71.010,
14 whether a project is referenced in the action agenda developed by the
15 Puget Sound partnership under RCW 90.71.310, and except as otherwise
16 provided in RCW 79.105.630, and effective one calendar year following
17 the development and statewide availability of model evergreen
18 community management plans and ordinances under RCW 35.105.050,
19 whether the applicant is an entity that has been recognized, and what

27 or otherwise provided thereafter.

28 Moneys in the death investigations account shall be disbursed by
29 the state treasurer once every year on December 31 and at any other
30 time determined by the treasurer. The treasurer shall make
31 disbursements to: The state toxicology laboratory, counties for the
32 cost of autopsies, the state patrol for providing partial funding for
33 the state dental identification system, the criminal justice training
34 commission for training county coroners, medical examiners and their

3 **Sec. 923.** RCW 39.12.080 and 2006 c 230 s 2 are each amended to
4 read as follows:

5 The public works administration account is created in the state
6 treasury. The department of labor and industries shall deposit in the
7 account all moneys received from fees or civil penalties collected
8 under RCW 39.12.050, 39.12.065, and 39.12.070. Appropriations from
9 the account may be made only for the purposes of administration of
10 this chapter, including, but not limited to, the performance of
11 adequate wage surveys, and for the investigation and enforcement of
12 all alleged violations of this chapter as provided for in this
13 chapter and chapters 49.48 and 49.52 RCW. During the 2017-2019 fiscal
14 biennium the legislature may direct the state treasurer to make
15 transfers of moneys in the public works administration account to the
16 state general fund. It is the intent of the legislature to use the
17 moneys transferred in the 2017-2019 biennium to support
18 apprenticeship programs.

19 **Sec. 924.** RCW 43.350.070 and 2016 sp.s. c 36 s 937 are each
20 amended to read as follows:

21 The life sciences discovery fund is created in the custody of the
22 state treasurer. Only the board or the board's designee may authorize
23 expenditures from the fund. Expenditures from the fund may be made
24 only for purposes of this chapter. Administrative expenses of the
25 authority, including staff support, may be paid only from the fund.
26 Revenues to the fund consist of transfers made by the legislature
27 from strategic contribution payments deposited in the tobacco
28 settlement account under RCW 43.79.480, moneys received pursuant to
29 contribution agreements entered into pursuant to RCW 43.350.030,
30 moneys received from gifts, grants, and bequests, and interest earned
31 on the fund. During the 2015-2017 fiscal biennium, the legislature
32 may transfer to other state funds or accounts such amounts as
33 represent the excess balance of the life sciences discovery fund.
34 During the 2017-2019 fiscal biennium, the legislature may make
35 appropriations from the fund to the department of commerce for
36 providing life sciences research grants.

1 NEW SECTION. **Sec. 925.** A new section is added to 2017 3rd sp.s.
2 c 1 (uncodified) to read as follows:

7 of government.

8 (2) The meetings of the task force must be scheduled and
9 conducted in accordance with the requirements of both the senate and
10 the house of representatives. The expenses of the task force shall be

13 facilities and operations committee and the house of representatives
14 executive rules committee, or their successor committees.

15 (3) Legislative members of the task force may be reimbursed for
16 travel expenses in accordance with RCW 44.04.120. Nonlegislative

30 remainder of the act or the application of the provision to other
31 persons or circumstances is not affected.

32 NEW SECTION. **Sec. 927.** This act is necessary for the immediate
33 preservation of the public peace, health, or safety, or support of
34 the state government and its existing public institutions, and takes
35 effect immediately.

(End of part)

Passed by the Senate March 8, 2018.
Passed by the House March 8, 2018.
Approved by the Governor March 27, 2018, with the exception of certain items that were vetoed.
Filed in Office of Secretary of State March 29, 2018.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to Sections 119(8), 129(21), 135(4), 146(10), 307 lines 14-15, 308(21), 502(1)(h), 504(2), 606(23)(b), 908(3), 103(9), 122(3), 127(56), 135(6), 140(7), 141(4), 146(7), 148(10), 205(1)(w), 206(30), and 501(51), Engrossed Substitute Senate Bill No. 6032 entitled:

"AN ACT Relating to fiscal matters."

Section 119(8), page 19, Secretary of State, Automatic Voter Registration Study

This section includes funding for the Secretary of State to conduct a study related to automatic voter registration. The requirement to do this study was removed from Engrossed Second Substitute House Bill 2595 (automatic voter registration), but the funding proviso remained in the budget. Because the agency will not be doing this study, the funding is not needed. For this reason, I have vetoed Section 119(8).

Section 129(21), page 56, Office of Financial Management, 2020 Census

Funds are provided to the agency for staffing and support to prepare for the 2020 census in two identical provisos: Section 129(19) and Section 129(21). This is clearly a drafting error because funding for the double proviso is not included in the total appropriation authority. For this reason, I have vetoed Section 129(21).

Section 135(4), pages 59-60, Department of Revenue, Tax Database

The budget provides \$150,000 to the department to create a publicly available online searchable database of all taxes and tax rates in the state for each taxing district. This is the same provision that was included in Senate Bill 6590 which had a fiscal note of \$1,219,800 for creation of the database. This project cannot be done for the \$150,000 provided in the budget. For this reason, I have vetoed Section 135(4).

Section 146(10), page 74, Department of Enterprise Services, Capitol Dome Access

This section directs the Department of Enterprise Services to allow individuals to access the top of the Capitol dome "under approved supervision and guidelines developed by the department." The Olympia Fire Department has assessed this space in the past, and, among other issues, reported that it could not use a firemans rescue technique in this space nor could it assist an injured party by using a gurney. The Department of Labor and Industries classifies the area as a "confined space" which means that it has restricted entry/exit and is not primarily designed for human occupancy. Access should be authorized only for individuals needed to do work on the dome. While the view is beautiful from the dome, there are too many risks involved with granting access to the public. For this reason, I have vetoed Section 146(10).

Section 307, page 261, lines 14-15, Department of Fish and Wildlife, FY 2018 General Fund—State Appropriation

The final budget reduces the department's FY 2018 General Fund-State appropriation by \$1,739,000. Although the final budget provides an additional \$1.5 million for Orca whale recovery efforts, it does not fully cover the costs of important work needed to begin the recovery of this iconic species. To support Orca recovery efforts, I am vetoing this reduction in appropriation and directing the department to use \$650,000 of this amount to complete fish screen inventories, conduct public outreach and education, hire a recovery coordinator position, and support facilitation of the Southern Resident Killer Whale Task Force. I also am directing the agency to place the remaining amount in unallotted status. For this reason, I have vetoed Section 307, page 261, lines 14-15.

Section 308(21), page 274, Department of Natural Resources, SAFER Grant Match

One-time funding of \$873,000 General Fund—State is provided to Kittitas County Fire District 7 for matching funds for its Staffing for Adequate Fire and Emergency Response (SAFER) grant from the Federal Emergency Management Agency. Despite the merits of the federal grant funding to provide firefighting staff to the district, the state should not provide the local match for these grants. Operational funding for fire districts is a local decision. Not only would providing the match through the state general fund set a precedent, it would be unfair to the other 19 fire districts across the state that were awarded a similar federal grant and provided their own local match. For these reasons, I have vetoed Section 308(21).

Section 502(1)(h), page 303, Office of Superintendent of Public Instruction for General Apportionment, Net Revenue Hold Harmless

Engrossed Second Substitute Senate Bill 6362 contains a more prescriptive hold harmless calculation than the language in the operating budget. The operating budget will hold districts harmless to a baseline that assumes the levy cliff would go into effect—a decision that the Legislature chose last year not to implement. We must ensure that no school district receives less funding in the 2018-19 school year. For this reason, I have vetoed Section 502(1)(h).

Section 504(2), page 318, Office of Superintendent of Public Instruction for School Employee Compensation Adjustments, Delay Professional Learning Day

The operating budget delays the implementation of state-funded professional learning days by one year. Research shows that time for job embedded professional learning and collaboration is linked to student success. Limiting practices that improve student achievement goes against our goal for a world-class education system. For these reasons, I have vetoed Section 504(2).

Section 606(23)(b), page 372, The Evergreen State College, Funding Options for the Legislature

This proviso allows the Office of Financial Management, State Board for Community and Technical Colleges, and Council of Presidents to use information from a Washington State Institute for Public Policy (WSIPP) study to present funding options to the Legislature. The WSIPP study is related to higher education funding methods in other states. This item directs two separate agencies and the Council of Presidents to perform work that does not naturally fit together with the WSIPP study. For this reason, I have vetoed Section 606(23)(b).

Section 908(3), page 417, Law Enforcement Officers' and Firefighters' Retirement System (LEOFF) Distribution

This language expresses the Legislature's intent that future distributions to the Local Law Enforcement Officers' and Firefighters' Retirement System Benefits Improvement Account may include transfers from the LEOFF 2 pension fund. I have consistently vetoed similar provisions in the past, and I remain concerned about the wisdom of such transfers from a retirement fund. For this reason, I have vetoed Section 908(3).

I am vetoing the following sections related to bills that did not pass the Legislature resulting in the lapse of funding. My veto of these sections will serve to clean up these unnecessary sections of the bill.

Section 103(9), page 5, Joint Legislative Audit & Review Committee, SHB 1154, Fishing and Seafood Processing.

Section 122(3) page 22, State Treasurer's Office, E2SHB 2718, Civil Forfeiture Proceedings.

Section 127(56), page 43, Department of Commerce, ESSB 6081, Net Metering, or SHB 2995 Energy.

Section 135(6), page 61, Department of Revenue, E2SHB 2718, Civil Forfeiture Proceedings.

Section 140(7), page 64, Liquor and Cannabis Board, ESSB 6346, Sale of Wine/Microbrewery.

Section 141(4), page 66, Utilities and Transportation Commission, ESSB 6081, Distributed Generation, or SHB 2995, Energy.

Section 146(7), page 73, Department of Enterprise Services, ESSB 6081, Net Metering, or SHB 2995, Energy.

Section 148(10), page 77, Consolidated Technology Services, E2SSB 5935, Broadband and Telecommunication Service.

Section 205(1)(w), page 116, Department of Social and Health Services - Developmental Disabilities, SHB 1792, Residential Services and Supports.

Section 206(30), page 134, Department of Social and Health Services - Aging and Adult Services, SHB 1792, Residential Services and Supports.

Section 501(51), page 297, Office of Superintendent of Public Instruction, SHB 2748, Learning Assistance Program.

For these reasons I have vetoed Sections 119(8), 129(21), 135(4), 146(10), 307 lines 14-15, 308(21), 502(1)(h), 504(2), 606(23)(b), 908(3), 103(9), 122(3), 127(56), 135(6), 140(7), 141(4), 146(7), 148(10), 205(1)(w), 206(30), and 501(51) of Engrossed Substitute Senate Bill No. 6032.

With the exception of Sections 119(8), 129(21), 135(4), 146(10), 307 lines 14-15, 308(21), 502(1)(h), 504(2), 606(23)(b), 908(3), 103(9), 122(3), 127(56), 135(6), 140(7), 141(4), 146(7), 148(10), 205(1)(w), 206(30), and 501(51), Engrossed Substitute Senate Bill No. 6032 is approved."
